Highlands County Fair Opens Monday

Highlands County Fair Association, hoping for another record-breaking year, is set for the 38th annual "old fashioned" county fair to open at 6 p.m. Monday Feb. 21.

The fair will run through Saturday, Feb. 26, at the

fairgrounds, across the street from the new Sebring High School.

After years of battling uncertain weather in January, the fair, in 1971, shifted to late February. All attendance records were broken with 12,532 paid admissions. Another 8,000-

10,000 persons were admitted under special arrangements for children, especially on the two school days when students were admitted free.

Fair officials say they expect crowds will be even larger for 1972's "old fashioned fair." The fair does have some new

features, but heavy emphasis will be on county fair traditions.

One of the new features in 72 will be the "5 bring News" display of the flagchapel. The News has borrowed this unusual display from Cocoa Today. The flagchapel is acclaimed as an outstanding example of a "wonderful nothing, nothing machine."

More serious "news" will be offered in the Highlands County public schools and the New Prospect School displays about education in Highlands County.

In 1971 the county's Extension Homemakers' Council broke with tradition to present displays and demonstrations on new homemaking skills.

This year the Council is sponsoring an "old-fashioned" fair booth with ribbons for the best cooking, sewing and home crafts. Mrs. F.M. Goff, of Venus, is heading plans for the fair displays and competition.

Members of county 4-H clubs and Girl Scouts will compete for prizes in these traditional skills too.

The 4-H members and Future Farmers of America will again compete in the livestock shows. A new feature of the 72 competition will be a much enlarged swine division. Rabbits, long a small part of the livestock competition, has not drawn any entries this year.

Another tradition will be the special days for school children. Tuesday, Feb. 22, has been designated Avon Park and Lake Placid days. Classes in the schools will be dismissed at 2 o'clock Tuesday afternoon. Wednesday the Sebring schools let out at 2 o'clock. Students will be admitted free between the hours of 2 and 6 p.m. on these special days.

Blue Grass Shows, long the carnival company for the fair midway and sideshow, will again provide those features for the fair.

First big event is the Miss Highlands County beauty contest, scheduled for 7:30 p.m. Monday. The junior livestock show is scheduled for 4 p.m. Feb. 23 and the livestock sale is scheduled for Feb. 23.

Fairgrounds open at 1 p.m. Feb. 22 through 26; use grounds close at 10 each night.

Population Could Rocket To Half-Million In 20 Years

The population of Highlands County could rocket to a half-million within 20 years. Highlands County board of county commissioners was told Tuesday.

County planning and zoning officials, concerned about "the serious implications" of preliminary findings in a current study of growth trends, came to the county commission with a request for some "guidelines."

Frank Blandford, vice president of Candeb, Fleissig and Associates, an engineering and planning firm engaged in the growth study, asked Tuesday whether the county will "continue an open door policy" for growth or attempt "level off growth in line with the resources of the county."

Mrs. G. Franklin Ward, chairman of the county's planning and zoning board, told the commissioners that the zoning board is willing to work toward making recommendations on "alternate solutions" for problems arising out of growth but the board needs to know how much responsibility it should assume.

County Attorney R. P. Duntz, Jr., suggested he prepare for next week's county commission meeting a report on how far Florida law permits delegation of power to the planning and zoning agency.

One Per Cent Developed Blandford told the commissioners that a little more than one per cent of the presently platted sub-division

lots have been built on, but if all 32,000 acres now platted were fully developed the population could soar—even to 500,000.

"What provisions will be required for water and sewer services or will we continue to build up a deficit in public facilities?" Blandford asked the board.

He predicted growing conflict between agricultural interests and the drive toward urbanization.

Commissioner Robert Skipper observed, "It really scared me when I learned we now have about 40,000 acres in citrus and already have 52,000 acres in sub-divisions."

But when Skipper asked whether the new sub-division regulations now being prepared will "take care of" major problems Mrs. Ward replied, "That is the future, we already have large scale developments which, if they sold off quickly, well..." and she raised her eyebrows.

And he hopes to get a rousing welcome here.

Devils Meet Wauchula Monday Night

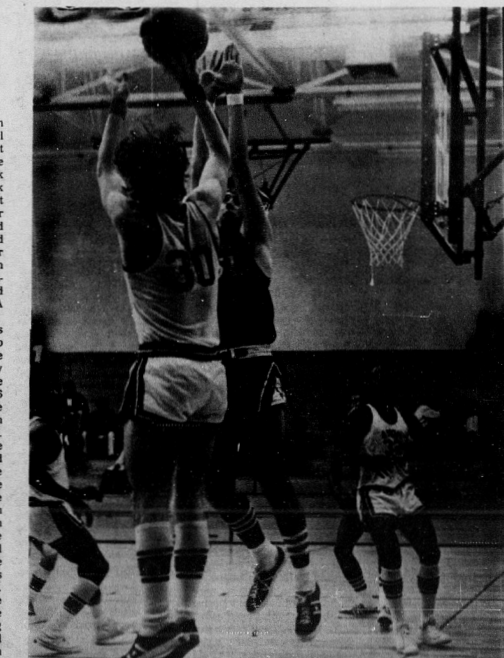

Coach Fred Sandin reclaimed his Red Devil basketball team last week but may have picked up a couple more ulcers as the Avon Park five won three games but took two of them by only one point margins. The three wins over Alva, Palmetto, and Okeechobee moved the Red Devils up to a 15 - 3 record for the season and also moved them back up in the Florida Sportswriters Association sponsored poll to 11th place in the Class A and AA ratings.

Last Tuesday night the Devils were scheduled to go down to Lake Placid for a Lake - Ridge Conference battle that may have given the Devils the championship. Avon Park was 6 - 1 in conference play while Lake Placid was 4 - 1 with Sebring still left on its schedule.

Tonorrow night (Friday) the pressure continues as the Red Devils will travel to Fort Meade for a return match with the Miners in the small Fort Meade gym. The Miners handed Avon Park a 63 - 58 defeat here on Feb. 1 but the Devils seem to be playing better ball so should have a good chance to upset the Fort Meade five which is ranked third in this weeks poll.

Next Monday night will close out the regular season with the Hardee High Wildcats coming over here to the new high school gym for a return game. Avon Park won a 70 - 52 decision over there before Christmas.

The district tournament will start next Thursday night in Arcadia with Lake Placid

New Signal Lights

THE OLD FAMILIAR STOP LIGHTS in the center of town come down next week, when the new traffic lights go up, and going with them will be a favorite nesting place for birds. The cost, estimated around \$12,000, is halved by the State Road Dept. and County. The Signal Construction Company of Jupiter, Fla. is the contractor, who is also doing two

installations of the same type in Sebring. There are eight large new poles for 12 lights, one for each lane of traffic. Avon Park citizens will also have "Walk" and "Don't Walk" signals. Pictured above are some huge concrete poles still on sidewalk, one being lifted by crane and others already in place. Photo by Taylor.

Womans Club Proposes Sale Of Library To County

A proposal to transform the Avon Park Library into a county office building was formally laid before the county commission Tuesday.

Avon Park Woman's Club, the organization owning the building, has set a \$50,000 price tag on the property. Commission Chairman Andy Jackson suggested that the commission tour the library then continue discussion with the Woman's Club. Friday at 8 a.m. was selected as the time to tour the building located next to Avon Park City Hall on Main St. Park City Hall on Main St.

Requests for county facilities in Avon Park have come before the county commission many times in recent years. Frequent complaints have been registered about the city hall basement facilities now used by the county health department for clinic space.

Avon Park area residents complain that such county functions as sale of vehicle tags and homestead tax exemption registration are "scattered all over town."

Mrs. T. H. Maxwell, who served as spokesman for the Avon Park Woman's Club at the county commission meeting

Tuesday, said the club believes that the library building could be used without major remodeling. "A building like

this could not be built for anywhere near \$50,000," she told the board. County Commissioner Cecil

P. Skipper said Tuesday, "I've had two appraisals made and they are not up \$50,000. Mrs. Maxwell has had appraisals up to \$50,000 so we have appraisals from 22,000 to \$50,000. I believe the building would need some remodeling, but I'd like for the board to see the size and condition of the building."

City Councilman Durrah Martin represented Avon Park City Council. He told the county board, "We are badly overcrowded at city hall. When you visit the library, come next door and visit the city hall."

A large delegation from Avon Park was present for the county commission meeting. Mrs. Maxwell said some of the delegation represented the newly formed Friends of the Library organization.

Lt. Donald Mimbs Receives Navy Commendation Medal For Service

Navy Lieutenant Donald Mimbs, son of Mrs. Evelyn Carlisle of Avon Park, was presented the Navy Commendation by Admiral Ballenger at the National Naval Medical Center, Bethesda, Md. His wife, Arzetta was present for the presentation.

He received the award for his exceptional service as a Chaplain on a naval ship off the

coast of Vietnam. His unique ability to develop spiritual values and strength brought peace and comfort to men under the constant threat of enemy attack, and his genuine concern for families of the men gave them comfort and immensely increased their morale.

Band Should Be Appreciated

The many people who attended the second band concert last Sunday cannot help but understand why this fine organization is rated so highly throughout the state, wherever it performs.

The various numbers on the program were executed as only professionals perform. The students were handsomely attired in their red blazers with black skirts and pants, and they conducted themselves with dignity.

Of course Band Director Vic McKunas was real proud of his organization and the manner in which it performed. This is truly evidenced by all the time he puts into the training of his bands.

The community is also proud of this organization by the fact that through personal contribution and support of many projects of the Band Parents Association, the band's expenses for uniforms, traveling trips and new instruments, is borne almost exclusively by donations.

Avon Park could have no better project than the support of "our" famous Avon Park Grenadier Band. Its performance and reputation have brought favorable advertising to our community, thoroughly justifying the liberal support it receives.

The community will be treated to two more free concerts during the season, one on February 20 and one on March 5. If you missed the one last Sunday, plan to attend the next two. This next concert will feature the drum section, color guard and complete marching uniforms in a special program. You will be proud and rewarded in knowing these students are getting musical training they will carry with them through a lifetime, while also keeping Avon Park, "the friendly city," with the "mile long Mall," on the map.

Tuesday afternoon at Head field in Avon Park at 1:30 p.m., South Florida Junior College's Panthers will open their home baseball season against last year's Division 11-champs, Seminole Junior College of Sanford. The Panthers were runners-up in Division V, losing in a sudden death playoff game. The Panthers will return five members of last year's team. ROTARY CLUB NEWS

In the absence of Steve Roberts, David Lanier introduced Mrs. Sherry Statler who spoke to the club about the making of ceramic objects as a hobby.

Coming to Avon Park from Fulton, Missouri with her husband and children, Mrs. Statler told how she had changed from sports as a hobby to making ceramics because she wanted something tangible to show for her efforts.

The making of ceramics is one of man's oldest occupations as pottery estimated at 10,000 years old has been recovered in a still usable condition. Yet making of ceramics is a versatile, modern industrial art with the fabricating of ceramic nose cones for satellites re-entering the earth's atmosphere.

There are several methods of working with ceramics using the wheel, coil or pour techniques. At her hobby center called "The Clay Hut", Mrs. Statler teaches the pour or slip casting method.

Water is added to clay to form a slip pourable mixture called a "slip". After standing 10 to 15 minutes the clay sets around the inside of a mold and the balance of the slip is poured off. The resulting greenware ceramic piece is cleaned with a knife or sand paper and fired in a kiln about seven hours or until the temperature reaches 1900 degrees Fahrenheit then allowed to cool for ten to twelve hours.

The fired ware or "bisque" is prepared for glazing or staining. Glazing requires three coats of glaze material, crystals may be used in the last coat and produce unique color patterns. The average glaze requires a kiln temperature of 1500 degrees F., gold 1200 degrees F. while porcelain glaze requires a 2300 degrees F. kiln temperature. Staining requires no firing but this type finish limits the use of the completed object.

In stressing working with ceramics as a hobby, Mrs. Statler pointed out that it was an old occupation yet new with the improvements in technique and the use of new materials. Best of all one could work at one's own pace.

Last Saturday the Devils hosted the Okeechobee Brahms and defeated them by a score of 60 to 52 in a game that was closer than the final score indicated. Again the Devils started slow and trailed at the end of the first quarter by a score of 21 - 16. By halftime however the Devils had taken over with a 37 - 32 lead but dropped to a 51 - 48 advantage by the end of the third period. In the final period the Tigers scored 14 points to Avon Park's 12 but the Devils took the win with the 63 - 62 squeaker.

Avon Park had three boys scoring in the double figures again as Robert Lanzing put in 8 floor shots and 2 free shots for an 18 point output, and Don Sizemore scored 4 field goals and 9 free shots for 17 points. Nathaniel Packer scored 12 points and Leroy Hicks and Harry Smith both scored 7 each.

meeting either Avon Park or Frostproof in the single game that night. Seedings won't be decided until the end of this week. Arcadia or Fort Meade will be in the top seeding. Both teams have only one loss to date and don't play each other in regular season play.

The Red Devils found the Alva Ramblers an entirely different team down there Tuesday night a week ago from the one they had defeated 83 - 56 here earlier in the season. It took a last second shot by Nathaniel Packer on a rebound of a Sizemore shot to ice down the 64 - 63 victory. Even then the Ramblers got one more shot that rolled around the rim and then out to preserve the Devil win.

Alva jumped off to a 23 - 14 first quarter lead and still had an 8 point lead at halftime with the score 40 - 32. In the third quarter the Ramblers increased the lead by one point as they scored 13 counters to Avon Park's twelve. But in the final period the Avon Park boys got busy and swished 20 points through the nets while they held Alva to only 10 points to take the 64 - 63 win in a real thriller.

Don Sizemore scored 19 points for Avon Park and Robert Lanzing added 16 more. Nathaniel Packer had a total of 13 points including the game winning basket and Felipe Harris put 9 counters in. Leroy Hicks scored 6 points and Harry Smith hit his first free shot of the season to contribute one point.

Last Friday night the thrills continued as the Devils went against the Palmetto Tigers in a real close one. With three seconds left in the game and the score tied 62 - 62 the referee called a jump ball. Alva Palmetto player disagreed with the decision and drew a technical foul. Devil Don Sizemore stepped to the free shot line and coolly sank the shot to put Avon Park ahead 63 - 62 with three seconds left to play and possession of the ball going to the Devils at half court. Avon Park tossed the ball around for the three seconds and took the win.

Although Avon Park led most of the game, it was by slim margins. At the end of the first quarter, the score was 17 - 16 Avon Park. At halftime the Devils had a 37 - 32 lead but dropped to a 51 - 48 advantage by the end of the third period. he can in the remaining minutes—some 15 or 20 more. It will all be pretty informal, the advance people say, and the candidate probably will appear in shirt sleeves.

The front-running Democratic hopeful for the nation's top job will be accompanied by his wife, Jane, along with them on the two-day train trip which starts in Jacksonville, will be television crews from the ABC, NBC, and CBS networks, representatives of every major U. Councilmen Approve Increase In Expense Allowance To \$40 Per Month

The Avon Park City Council Monday night voted unanimously to increase Council Members' expense allowance to \$40 per month effective February 1972.

Malcolm Crews, city clerk, reported to the council that the County had voted to continue the allowance subsidy of \$25.00 per month to the city until each time as the sheriff was able to station an ambulance in Avon Park.

Robert Wilson, Jr., was voted as a member of the Civil Service Board to fill the unexpired term of Councilman Sizemore.

Mary Ellen Ward, Fred Hughes and Charles Watson were appointed to serve at three year term on the Planning Commission. Cleveland Henry and Lee Corbin to a two year term and John Clark and Estelle Dixon to a one year term.

Mayor Robert Barben will serve as the official member and City Clerk Crews to serve as the administration member.

A change in the civil service law was carried unanimously by council members. The change will set employment procedures for employees of the police department to conform with the same procedures as other departments.

Councilman Hermon Sizemore reported that police cars are now on a separate frequency. He and City Clerk Crews had met with Bob Ort and two representatives from Motorola Inc. and had been informed that F.C.C. would not permit two frequencies in the police cars.

Rev. W. O. Ragsdale appeared before the city council and commended several things he likes about the city's operation including the garbage and trash pickups, the Mall, the Christmas decorations and city water. He asked about the necessity for extension of hours for sale of alcoholic beverages to 2 a.m. It was explained that the county now permitted sales to 2 a.m. and this resulted in unfair competition to places which paid city license fees and taxes from those just across the city line, also the city permits sales on Sunday and the city would never permit this.

Mr. Chestnut and Mr. Nolin appeared and requested sewer extension to houses on West Circle Street off north Central Ave. They were advised that the city would lay the pipe if they furnished all materials.

Council gave permission to Mack Flowers, Fire Chief, for the Avon Park Firemen to set up a small carnival on N. Michigan Ave. March 6 - 11 with proper insurance.

Rafford Jones was given permission to move a frame house to Lots 11 and 12, Anoka Heights, providing all city codes are met and \$2,000 bond posted.

The council agreed to study bids for two weeks on repairs to city water tanks. Eberhardt Tank Repair and Welding, Inc. \$14,981.00, Ridge Associated Welders, \$14,750.00 and Odum Tank Co., \$9,900.00.

Council authorized payment to Highlands County for quiet claim deed on seven lots at the airport and \$100.00 to Cody Este and Kitty Weber for two lots at the airport.

Council asked that the police department to notify owners of junk cars to remove them from their premises.

Faculty, Students Will Meet In Basketball Game

Basketball is the by-word at South Florida Junior College with everyone getting into the act. The Avon Park middle school gym will be the scene of this sports event between various representative groups.

The first half of the game will consist of the freshmen girls challenging the sophomore girls for a 20 minute bout. Will history repeat itself or will the sophomores prevail, for once?

Discover the answer to this thought provoking question by attending the big basketball game Friday, Feb. 18, at 7:30 p.m. Once inside the door, stay for the second half of the game which features the ferocious faculty against the male sophomore and freshman team. It ought to prove a thriller, especially since advisory grades come out in a few weeks. Humm.

The public is invited to attend and the admission is free.

The City Attorney, was requested to prepare a contract for the purchase of lots 13, 14 and 15, Wilson's subdivision at a cost of \$5,000.00. The lots are behind the city hall.

Program On Sacred Music To Be Presented At Methodist Church

Rev. and Mrs. Charles Sheppard of Wilmore, Ky., will present a program of sacred music at the First United Methodist Church at both morning services: 8:45 and 10:50 on Sunday, Feb. 20. The Singing Sheppards are known in sacred concert and evangelistic circles across the United States and Europe.

Mr. and Mrs. Sheppard are both graduates of Asbury College, Wilmore, Ky. Mr. Sheppard studied at the American Conservatory of Music, Chicago and taught on the music faculty of Chicago Evangelistic Institute, now Vennard College. Mrs. Sheppard attended the University of Michigan and headed the music department of Malone College. The Sheppards have served as ministers of music in United Methodist Churches in several states.

It has been the privilege of the Sheppards to travel widely in sacred concerts, singing evangelism and mission tours in 36 states, 5 Canadian provinces and 21 foreign countries. Singing in Holland they were presented to the last Dutch queen, Princess Wilhelmina. Singing highlights of the journeys of the Sheppards have been a citywide meeting in Vienna, a Baptist youth conference in Switzerland and in refugee camps in Austria.

The Sheppards are actively engaged through the year in sacred concerts, church conferences, evangelistic meetings, missionary conferences, and camp meetings. Most recent concert trips abroad have been to the British Isles for a fourth tour and a second tour to the Scandinavian countries.

They frequently host Preaching Mission Tours through Europe and to the Holy Land and the Middle East. On these mission tours they provide the music in evangelistic rallies held in the large cities of Europe and the Middle East, direct a choir comprised of those traveling on the Mission, and host the group in cooperation with the well-known preaching evangelist with whom they are associated. RANCE (HOPPY) REWIS

Hoppy Rewis To Pitch For Southern State

Rance (Hoppy) Rewis, former Avon Park High School and South Florida Junior College baseball athlete, made news at Southern State College in Magnolia, Arkansas recently. Excerpts from an Arkansas newspaper, as follows: "It's been a few years since SSC has had a real strong baseball team, but from the looks of things, Riders have several returnees on the infield and outfield and should boost one of the top pitchers in the Arkansas Intercollegiate Conference this year in Rance 'Hoppy' Rewis."

If there are no major surprises, it looks as if Southern State may retain the A.C. All-Sports Trophy for another season.

"Hoppy" is a senior at Southern State College. His son of Mr. and Mrs. Rance Rewis St., 705 W. Ruth Street, Avon Park, and is married to the former Judy Wester, who is also attending SSC. Judy is the daughter of Mr. and Mrs. A.C. Wester Jr., 20 East Winthrop, Avon Park.

Miss Helen Tuten Presents Program On Egg Art

Miss Helen Tuten was guest speaker at the Hibiscus Circle Thursday at Fellowship Hall of the Old Union Congregational Church.

Miss Tuten, who has hobbies of all kinds, opened her most interesting talk on the history of Egg Art. She then demonstrated the different ways of cutting eggs, (using real eggs and pre-empted shells). Also how to decorate the inside and outside of the eggs and about supplies used and where to obtain them.

The elaborate eggs she displayed in this demonstration were chicken, duck, goose, quail, Japanese quail, chukar, ostrich and emu. All of the eggs were displayed on dark blue velvet.

Some of the eggs and handicraft items were loaned to the demonstration by Mrs. Jean Turflier, the lady who taught Miss Tuten the Egg Art. She is a winter resident here in Avon Park from Milford, Pa. She has her own Craft Shop, "The Chelsea Shop" in Apple Valley, Pa., in the summer time. Mrs. Turflier was introduced by Miss Tuten, who also gave a short talk on Egg Art.

Colored slides were presented on all of the Egg Art and some other crafts by Miss Tuten and Mrs. Turflier that were displayed there.

UNUSUAL THINGS

Some of the unusual things made out of the eggs were as follows: A goose egg made into a Cinderella coach, complete with wheels, Cinderella and horses. Eggs cut with doors and hinged, lined with velvet and decorated with braids, beads.

Rhinestones and figurines Most of the rhinestones and figurines used are imported.

Miss Tuten displayed an egg made by her 16 year old son, Miss Pam Tuten of Tallahassee,

bouquets of blue and white chrysanthemums.

Charles Hadnott, brother of the bride, served as best man and Daniel Galloway was an usher.

A RECEPTION followed the ceremony at Cramer Hall, with Susan McFarland in charge of the bride's book.

The three-tiered white wedding cake centered the table adorned with a touch of blue and topped with two large white wedding bells. A single white candle accented with a white chrysanthemum and greenery were on either side of the cake. Punch, nuts and mints were served from crystal appointments. Mixed flowers completed the hall decorations.

The bride attended Northeast High School and is employed at Pinellas Lumber Co. The bridegroom attended Dixie Hollins High School and is employed at Muncy and Bartle Painting Co.

After their wedding trip, the newly weds are at home in St. Petersburg.

MISS HELEN TUTEN was guest speaker at the Hibiscus Circle of Avon Park Garden Club, February 10 at Fellowship Hall. Helen was enthusiastically received and kept the members and guests fascinated with her Egg Art, handicrafts and slides. She is shown above with a large ostrich egg with native scene and a tree decorated with small quail eggs. Sharpe photo.

decorated completely by Pam and given to Helen Tuten as Pam's first achievement of creation in Egg Art and appreciation of being taught handicrafts by her Aunt.

A beautiful pin worn by Miss Tuten made out of a chukar egg, (which is slightly larger than a quail egg) with a snow scene and tiny man and woman figurines.

EGG DECORATION Some eggs were decorated as follows: Jewelry boxes, some eggs cut with two and four openings: A sea thru egg (both ends cut out with a scene inside) and many other ways.

The large ostrich and emu eggs had two doors with a beautiful scene inside (one was the nativity scene). These eggs were on large gold egg stands, purchased purposely for egg displaying. One emu egg was made into a lovely jewelry box.

BOUTIQUE WORK

Some boutique work was also on display of bottles, cane, boxes

Sewing is one of the favorite hobbies of American women (as demonstrated by the increasing sales of sewing machines, fabrics and sewing aids). Most ladies like the creativity of choosing an unusual fabric or adding unique details to simple materials to make a garment which is "original."

Whether you sew mainly for yourself or are busy supplying clothing for growing youngsters, or stitch up new items for the household, your work area should be well organized.

For arrangement, often a "U" shaped or "L" shaped sewing center is the most practical with the sewing machine at the bottom of the "U" or "L" and storage for the supplies on the accessories and the other side. One side of the "U" might be an ironing or cutting surface.

Allow at least three feet of space for the chair in front of the sewing machine and provide a 36" x 72" cutting surface.

The laundry area is one of the best locations for the sewing center since equipment for pressing darts, seams, hems and other parts of the garments is readily available, thus saving steps for the seamstress. Also, quick mending chores can be done easily for clothes or laundry.

Storage areas do not have to be elaborate — just convenient. The backs of doors or empty wall space become excellent storage areas when equipped with peg board, hooks, shelves or bins to hold small supplies beneath counter space in a chest or closet.

Lighting experts recommend at least 150 watts of incandescent or 40 watts of fluorescent lighting for working at a table or sewing machine. This light should be shaded so that it doesn't shine directly in your eyes. Fixtures such as wall or ceiling mounted, pull-down lamps and swing-arm lamps are good. Also, fluorescent lights (shielded by panel) are good under cabinets above sewing areas.

Remember, It's A Woman's World!

covered and artistically decorated, which were all very elegant. A small tree decorated with quail eggs, eggs made into tiny delicate tea-set, complete with cups, Grecian urns, Grecian pitchers and a lamp wit shade made out of eggs.

Mrs. Turflier had on display Christmas tree ornaments made out of plastic hair curlers, covered and decorated, which she had advertised in the latest issue of "Creative Crafts", a magazine published on handicrafts. In her shop, in the summer months, she sells these ornaments made up into kits.

Mrs. Turflier's eggs and crafts have been featured in "Creative Crafts" and other magazines and newspapers. She has also put on many demonstrations in New York and Pennsylvania.

Miss Tuten was born here in Avon Park where she attended and was active in school and civic affairs, helping and demonstrating for scouts and other organizations.

Girl Scout Elect Leaders, Assistants

Recently Junior Girl Scout Troop 49 elected new patrol leaders and assistant patrol leaders. They are: Sunshine Patrol, Cheryl Hamm, Assistant, Cindy Evers; Rosebud Patrol, Sarah Hoke; Assistants, Jean Williams; Pinto Patrol, Cyndee Greenway, Assistant, Tori Griffin. A new scout was elected. She is Maureen Murphy. The International Friendship Fund Chairman remains the same—Cheryl Hamm. Cindy Evers is still the Treasurer.

The troop went on a camping trip February 4, 5, and 6 to Camp Winding Creek in Sebring. It is owned by Tropical Council.

A recent troop meeting a play was put on by the fifth grade girls who are working on the Writer's Badge. The play, "Dangerous Stranger," was written, produced and acted by this group. Mrs. Carlyle Smith is the consultant for this badge.

Mrs. Wilson Smith came in to help on the Home Health and Safety Badge. She is a R. N. (Registered Nurse).

Girl Scouts Will Be Out Selling Cookies

Mrs. Dale Landress, Community Chairman for Girl Scout Cookie Sales, asks the public to mark these dates on their calendar, Feb. 14 through March 14. These are the dates the Girl Scouts will be calling at your doors with delicious cookies, and are asking your help in this annual project.

For those who are concerned about sticky fingers in the cookie jar, forget it. Not a crumb is missed. The cookies are sold once a year by some 3,245,000 Girl Scouts in the United States. A box costs 24 cents and sells for 50 cents. The troop (there are 165,000 of them) receives from four cents to eight cents per box, depending on the quantity it sells. The balance is earmarked for the development of campsites throughout the council, which includes Highlands, Polk, Hardee, Marion, Sumter, Lake and DeSoto.

The cookie sales make it possible for the Girl Scouts to be one of the few American institutions that help to support their own camps. Pretty smart cookies, those Girl Scouts.

The Episcopal Church Women of Avon Park met for their regular monthly meeting on Wednesday, Feb. 9, in the Parish House of the Church of the Redeemer, after the mid-week Communion.

After a short "coffee," Mrs. Eugene Hise, opened the meeting with all members repeating the Church Women's Prayer. The secretary's and treasurer's reports were read and approved. Mrs. Ed Hall announced all plans were complete for Pancake Day, and asked all helpers to be on time for their various commitments.

She thanked the hostesses, Mrs. Brown and Mrs. Johnston for the delicious lunch.

Fr. Cleveland, the new Rector of the Church of the Redeemer, gave a talk on the youth of

today. He hopes to work with the young people and bring them into the church. He said he hoped they would be welcomed and induced to take part in church work. That is where the older members can help. The talk was most interesting and gave the members much food for thought.

The next meeting will be Wednesday, March 8th, in the Parish House, after the mid-week communion.

To all of you who have helped in so many ways Lowell and his family wants to extend their heart felt thanks and appreciation for all you have done to make his return home possible.

For anyone who would like to visit him, his home address is 1110 W. Prairie Street.

"B" Squad Last Game Monday

Last week the Avon Park "B" squad basketball team defeated Alva 46-39 and Okeechobee 75-46 but to Palm Bay 65-64 in an overtime game to move to a very impressive 11-5 record with only three games left on the schedule. Last Tuesday night the Devil "B" team was to go to Lake Placid for the last conference game of the season. Avon Park has lost only to Lake Placid in the conference so a win tonight could give the "B" team at least a share of the Lake-Ridge Conference playoff title. Friday night (tomorrow) the Devil "Bee" will travel to Fort Meade for a return game with the Miners and next Monday night the "B" team will close out the season here at the new gym against the Hardee High "B" squad. Down at Alva Tuesday night, a week ago, the Avon Park team had a tough battle with the vastly improved Rambler jayvee squad. At halftime the score was all tied up 22-22 and things were still knotted at the end of the third period 30-30. But in the final quarter the Devils came through to pump in 16 points while holding the Ramblers to 9 counters to take the victory by a 46-39 score.

Avon Mobile Home Park News

We extend our sympathy to Mr. and Mrs. Lloyd Wyant who received word that his mother, Mrs. Emma Wyant, passed away Feb. 10 at a nursing home in Warsaw, N.Y., where she had resided for the past five years. She observed her 102nd birthday on Feb. 8 when a large cake was shared with residents of the home. She received many birthday cards, a personal letter from the U.S. Commissioner of Social Security and a visit from the District representative of that office as well as visits from the three grandsons and eleven great grandchildren. Though hard of hearing and with failing eyesight, she was up every day and able to get around with the aid of a walker, and lived many hours with her memories of earlier years. Mrs. Wyant was the oldest of five centenarians in the Warsaw area. Another resident of the Nursing Home, who celebrated his 100th birthday last September, is a Mohawk Indian Chief who was born in Alaska.

Our best wishes for the speedy recovery of health to Marjorie Faulkner and Mrs. Arthur Fouty who in Walker Memorial Hospital. The Foutys were happy to have their daughter, Geneva, with them for a visit during her mother's illness, but she returned home on Wednesday from Tampa International Airport to be with her daughter, Linda, who is recuperating from an illness, too.

The Women's Club of our Park had 35 attending the monthly meeting on Friday afternoon for business and fun with refreshments by the ladies of Fifth Ave. as hostesses. Remember the Monthly Pot Luck Dinner on Thursday at noon-12:00. Bring your service and covered dish, with a good appetite and happy spirit!

This was a good mixer for the evening of games and refreshments. Five couples were married more than 50 years, including Mr. and Mrs. Stylis Missey, Mr. and Mrs. Earl Baxter, Mr. and Mrs. Hubert Smith, Mr. and Mrs. Alva Thompson and Mr. and Mrs. James Stark who were married 56 years, the longest time.

Last week Pinchle winners were Albert Keyes with 995 and Mabel Crocker 1014. Euchre scores on Feb. 9th were Edith Stevens with 167 and Alva Derr with 137.

Dinner guests of Welcome and Ula Miller were Mr. and Mrs. Vester Stark of Batavia, Iowa, last Thursday, and they are relatives of Ula. Sunday afternoon callers were Mr. and Mrs. Harold Bates and Mr. and Mrs. Harvey Bates from Bourbon, Ind., and Punta Gorda; and Mr. and Mrs. Fred Wiedeman.

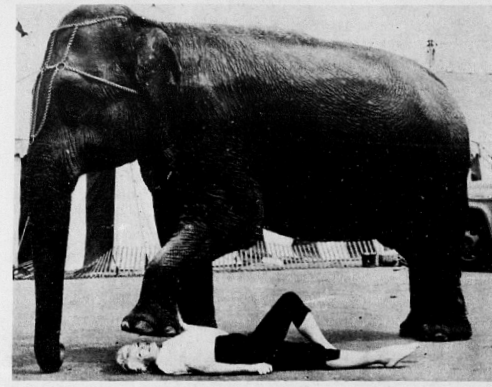

Mr. and Mrs. Edwin Feehan has as guests the past week, their son, Terry and daughter-in-law with granddaughter, Molly. On Wednesday, they all celebrated their 40th Wedding Anniversary with dinner at Griffins Restaurant and a party in their home for 16 relatives and friends.

Notes On Helping The Handicapped

In cooperation with Mrs. Delores Norley, FARC Past President and Mr. Don Fish, Program Director, Police Standards Board; Mrs. Lee Barwick and Mrs. Nomi Davis recently conducted the first two hour training program, "Recognition and Handling of the Mentally Retarded" for the police recruits of Escambia County.

Evaluations indicate this was a very successful operation and much needed to train the police for better understanding of the retarded. Mrs. Norley was instrumental in making this 2 hours of instruction a part of the police training program in Florida.

Florida is the first state to make this course mandatory in the training of police recruits. There has been nationwide interest in this pioneering project and inquiries concerning it have come from as far away as England. (Excerpt part from the Red Wagon News, Pensacola, Florida) With the new Police Training activities progressing in Highlands County the same type of training will be mandatory.

This week the Staff of the Ridge Area Association for Retarded Children's Work Center at Sebring will spend a day at the MacDonald Training Center in Tampa. About every six weeks a Staff Development Day is set aside so new concepts and ideas in training and program development may be studied "on the site".

Mrs. Cathleen Darley, of Lake Placid will spend her day with the Day Care School for young handicapped children and as much time as possible in the Speech and Hearing Clinic. Mrs. Elizabeth Kempton will observe and assist the Work Evaluator as he proceeds through a normal day.

Mr. Bill Pauder of Sebring and Mrs. Charles Kempton's day will be utilized with the operations of the Work Shop including their Contract procurement procedures. It will be a very busy and interesting day. Much information and many

Do you really want your brother-in-law to know how much you earned last year?

Of course not. It's nobody's business but your own. However, annually millions of taxpayers bear this kind of personal information to people who really shouldn't know. For what? Just so they can save a few dollars doing their income tax.

That's some price to pay. You see, for only a few dollars more than it costs to do it with any amateur who might not know that work clothes in some instances are deductible, or that income averaging might save tax dollars, you can have your tax return done by a specially trained member of the H & R Block team with complete confidentiality. There are thousands of them in over 6,000 conveniently located offices. H & R Block's fees start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you a year round tax service for just one low fee a year, with no extra charge for audits and estimates. Yes, we cost a little more than your relatives or friends or neighbors but when you think of what we deliver, you can't afford anything less than H & R Block.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

No score was kept, but instructors and students alike enjoyed the fellowship and students feel they will like the game and may become professors in that line. Sunday Marvin and Hannah Tebo: Raymond and Mrtha Long went to Kapok Tree Restaurant to celebrate Raymond's birthday.

William and Shirley Tebo of Roaring Branch, Pa., came last Sunday to spend several days with the parents, Marvin and Hannah. This visit proved to be a very happy occasion. BEN MCGEE AND CECIL SKIPPER inspect Community Service Van.

Joseph Dalton Candidate For Military School

Senator Ed Gurney (R-Fla.) today issued his list of 40 nominees for the four military academies.

Finalists will be selected by the academies based on individual qualifications of each nominee. Although hundreds of applications were received

from highly qualified high school senior men throughout Florida, each applicant was personally interviewed by a representative of the academies.

Senator Gurney, who has an outstanding record for having a large number of his nominees

selected as cadets, spent many hours finalizing his list of nominees.

Joe, 18 year old, honor student, who will graduate in June, is the son of Colonel and Mrs. Honore G. Dalton of Avon Park.

Community Van To Be At The County Fair

The picture here shows the Adventist Community Service Van when it was parked on the County Court House grounds where it was inspected by the County Commissioners and other County personnel also Red Cross and Civil Defense officials.

At present there are ten of these vans operating in Florida. Each van is stocked with clothing, bedding and first aid supplies and are kept in readiness condition to serve when and where needed in a disaster.

During the periods between disaster use the vans are available for use locally and are used to carry supplies and equipment to serve local residents by qualified personnel to check blood pressure and urine samples for sugar content which services are rendered free to the public.

During the last half of 1971 the van made 10 stands in the area with the following report:

1364 blood pressures taken with about one in seven being recommended to see their Doctor as proper prompt treatment could save them from a heart attack or a stroke.

19 persons took part in this program with over 266 hours of donated labor.

At present it is planned to be at the Highlands County Fair to check blood pressure and make

urinalysis check for sugar for those who desire to take advantage of the service. This service will be available

Monday through Thursday during fair hours. Friday 1 to 5 p.m. Saturday 6:30 to closing of fair gates.

Roe McAdams, Newcomer to the Board is Roe McAdams. He was elected last fall for a three-year term as a fair director. He is in charge of commercial displays at the 1972 fair.

McAdams, who is an oil distributor in this area, is a lifelong resident of Sebring. He has served as president of Sebring Firemen, Inc., has served as

treasurer of Sebring Jaycees and is in his second term as vice president of Jaycees. He is a member of First United Methodist Church.

McAdams is married to the former Marilyn Elizabeth Jardine. They have two children, Michelle Lynn, 4, and Stacy Row, 2. The family lives on Lake Sebring Dr.

Booths compete each year

Community booth competition is a major point of interest in the county fair each year. For the past two years Avon Park's entry has taken first place.

The Avon Park Chamber of Commerce prepared a display on a "treasure chest of citrus" theme for the 1971 booth.

Sebring placed second in 1971 and Lake Placid came in third.

Cash prizes are awarded for the community booths. The first place booth wins \$150, the second, \$100, and the third, \$75. Judges—selected from men who have agriculture experience and including at least one woman (preferably a home economics extension agent)—work independently and do not compare their scores until they are ready to total their findings.

Russ Albritton

President served 10 years

The suggestion that he fits the definition of "Southern Aristocrat" makes Fair President Russ Albritton laugh. The hard-working redhead is more amused than impressed by such descriptions.

Southern philosopher and editor Harry Golden observed that in the South service to community is the primary characteristic and distinguishing mark of the aristocrat. By that definition Russ Albritton's family is very aristocratic.

Albritton himself, who has lived in Sebring 14 years, has found time to serve on the Highlands County Fair Association board for 10 years. This is his fifth year as president.

He also is president of the Highlands County Citrus Advisory Committee and chair-

man of the Sebring Firemen's Race Committee.

He is a member of the agriculture council for South Florida Junior College.

Albritton is citrus production manager for Consolidated-Tomoka Land Co.

Works With Contest

Albritton is married and has two children, Mrs. Albritton, the former Martha Martin, is almost as involved in community service as her husband.

At fair time she works with other members of the Sebring Firemen's Auxiliary on the arrangements for the Miss Highlands County beauty contest.

She is active in the Woodlawn School Parent-Teacher Association, has served as a PTA officer and has taken

major leadership in several of the fall carnivals, the PTA's bid

fund-raising event.

She has worked in key leadership positions in the Highlands County cancer crusade for several years. Mrs. Albritton also works with Fellowship of Sebring Churchwomen.

The family is active in the work of First Baptist Church.

Family involvement in community service reaches beyond the immediate Russ Albritton household. For example, Sebring Mayor Gene Sauls is a distant cousin to the fair president.

The cousins become mixed up in explaining the relationship. They conclude, "There are lots of Albrittons. We are related to some and some we are not, but we don't deny any of them," they laughingly conclude.

County schools to review new programs

The public schools of Highlands County will present a review of some of the new programs in the county school system in an exhibit at the county fair.

The committee asked each school to present some new phase of its work. A schedule has been developed that provides for someone from the school system to be present at the display from 2 p.m. until fair closing each night. The exhibit hosts will assist viewers and answer questions about the displays.

ELEMENTARY SCHOOLS
The elementary schools have chosen to present exhibits of "The Ingenious Classroom Program." This program is designed to work out, for each child, a way for him to improve his work and his study habits, to eliminate behavior which keeps him from learning.

Avon Elementary will present information on its readiness program which helps the immature child adjust to school. This widely copied program helps the first grader who is not ready for first grade.

Fred Wild Elementary will seek to show how time, space and materials are utilized in this new school. The new classrooms allow for small and large group instruction.

Lake Placid Elementary sees its present program as "child-centered...with emphasis on learning." Three facets of this approach are the academic program, guidance and library programs.

Curriculum is individualized. Teachers carefully assess where each student is and what instruction he most needs. Children are grouped for instruction with their particular needs dictating what is taught. Group and individual guidance is offered in a special guidance program. Children who are having difficulties in coping with school or even home situations are offered help. The underachievers the social "rejects," the students with

personalities problems have a chance for help.

A training program for use of the library begins with first grade. As they learn to read the students learn how to use a library, how to select and withdraw books. By the time they reach upper grades of elementary school they have learned to use a card catalog and cross reference materials—skills they can use for self-education through a lifetime.

Middle School
The fair this year offers the citizens of Highlands County a chance to learn more about the new middle school concept which has been placed in use in Sebring and Avon Park this year.

These schools serve grades five through eight. They are housed on the grounds formerly used for junior-senior high schools in Sebring and Avon Park.

Curriculum for the middle school is presented differently from that in the old junior high schools. The number one emphasis is on knowledge and skill development. The student spends the major part of his day in classes aimed at helping him improve his knowledge and his skill in using reading, language arts, science, mathematics and social studies.

But the schedule also provides time for each student to explore new studies—arts, music, band, homemaking, industrial arts and physical arts.

One of the new and popular features of the curriculum is the student interest phase. Each student has time to pursue his own special interest in a hobby, craft, intramural athletics, drama, cooking, shop crafts, art, sewing, leadership classes, school newspaper and other many other-interests.

At the middle school level students with special needs and abilities are given an opportunity to follow a special education program which may include a "learn and earn" program where students are paid wages for work they do under supervision at the school.

The middle schools see themselves as a "slow, steady transition from child-centered primary classroom to the subject matter-center high schools."

High Schools
All three of the county's high schools have new facilities. Sebring and Avon Park have completely new buildings, Lake Placid High is undergoing renovation.

At the fair the high school will feature the new facilities. New programs like ecology and "bachelor know-how" will be given prominence.

Avon Park High is using a "paired plan" in teaching math. Students are paired to tutor each other in math. The APHS math department has had the use of a computer for a week as a result of a student, Paul McAfee, having won a Regional award in math.

Bands from Avon Park Correctional Institution will provide concerts on three nights during the fair.

Each of the bands reflects a distinctive style but they share an interest in "up-beat" music. The band scheduled for the concert at 7:30 p.m. Tuesday specializes in country music. The nine-man group has never chosen a name for the organization.

On Wednesday night George and the Afros will play a soul music concert.

The Thursday night concert will be presented by the Soul Impacts, an eight-man combo that plays both soul and rock music.

Long list of civic booths

Civic groups and businesses will present their displays for Highlands County Fair in the fairgrounds commercial building. Roe McAdams is chairman of the commercial displays.

He listed as early applicants for commercial space South Florida Motor Co., Sebring Lions Club, Sebring Chamber of

Commerce, St. Regis Paper Co., Hollenberg & Wolfe building contractors, Boyd Septic Tank, Hart Memorials, Sebring Tile & Terrazzo, Boyd Furniture and Refinishing, R & W TV-Stereo Center, Tom Suter Trophies, Central Builders, Sebring News, Harold Bartee Marine, Lahr Nursery and radio station WSEB.

Dear Friends:

On behalf of the Board of Directors, may I take this opportunity to welcome each of you to the 1972 Highlands County Fair. To our many exhibitors, may I say "thanks" for your participation in our fair. The time and hard work exerted in booth preparations, can only mean another successful year and to each of you we are deeply grateful.

As in the past, we have continued to improve our fair facilities. This year a new front entrance has been added, along with a new office, improved lighting in our front display area, plus new restroom facilities.

We have been and still are a growing County Fair, and with this growth our Board of Directors pledge to continue to make improvements in order that your participation and visit to the fair will be more enjoyable.

Welcome again to each of you! It's your fair and we hope you enjoy it as much as we enjoyed putting it together for you.

Sincerely,

THESE BEAUTIES WERE THE FINALISTS in the 1971 Miss Highlands County contest: (left to right) Patty Childress, Monica Sauls, Kathy Baker, Debbie Scott, Frankie

title, Miss Scott was first runner-up and Miss Smith, second runner-up.

APCI uses map

The focal point of the booth in the Highlands County Fair for the Avon Park Correctional Institution for 1972 will be a

large papier-mache map of the state of Florida.

Camping is Scout theme

The Girl Scout booth in the education building will emphasize both camping and world friendship—traditional interests of the Girl Scouting movement.

The booth theme will be, "Girl Scouts around the World Love Camping."

The Scouts plan to set up a camping area in the booth with Girl Scout gear for all to see. There will be palm trees and a lake to give the "camp" a Florida atmosphere.

Camping implies singing, so different troops will take turns presenting campfire songs. Displays of arts and crafts and Scout cooking are to be included in the booth. Judges from Sebring, Avon Park and Lake Placid will award the ribbons for this portion of the display.

The camping exhibit will include a display of flags of different nations. Dolls, dressed as Brownie and Girl Scouts, will sit in front of the tent in the "camp." Older Girl Scouts will help sign entries in the competitive displays and help decorate the booth.

Positioned on the map will be places other correctional institutions are located throughout the state and the names of the respective institutions.

In addition, a rear view projection system will be used for the showing of slides of the institution and the entire system of correctional facilities.

"Pictures of many different departments within the institution will also be on display for public viewing," added C. D. Landress, educational supervisor of the Avon Park facility.

To complete the booth, a flower display will be arranged in the center surrounded by a gravel walkway.

USDA has booth

The Plant Protection and Quarantine Programs Department of the United States Department of Agriculture will supply the Highlands County Fair with a booth and display and information concerning various plant protection programs.

Among the information displayed will be news concerning the Burrowing Nematode, a parasite that causes a spreading decline in the citrus industry; the imported Fire Ant, a devastating insect that damages animals, wildlife, people, and the beauty of the land as well.

The Mediterranean Fruit Fly will also be shown. This imported insect infests the fruit with larvae, ruining the fruit and enabling the insect to continue its life cycle.

Also to be presented at the fair are exhibits concerning the Pink Bollworm, a parasite that will destroy cotton; the Giant

African Snail, an infestation that effects many different kinds of plants; the West Indian Sugarcane Root Borer, a small parasite that simply bores into the roots of citrus trees and roots; and the Gypsy Moth, an insect that will completely destroy a tree.

"We hope that by presenting these infestations insects and parasites we can show people just what kind of war is really going on to sustain and better our lives through Agriculture," commented John Thomas, the PPC inspector.

HAPPINESS IS WINNING a ribbon at the fair, and before they left for the 1971 Highlands County Fair Miss Ellen Landfair, Bert Harris, Jr. (center) and Tim Hurner looked

over some of the biggest and brightest awards to be pinned on the outstanding exhibits at the '71 fair. Harris was general chairman for the 1971 fair, a post he holds again this year.

Beauties to top fair

Featured event of the opening night of Highlands County Fair of 1972 will be the crowning of a new Miss Highlands County.

The traditional beauty contest sponsored by Sebring Firemen's Auxiliary, is scheduled to begin at 7:30 p.m., Monday, Feb. 21.

For the second year the Miss Highlands County contest will

depart from the traditional evening gown—bathing suit divisions for a beauty contest. A pantsuit division replaces the bathing suit competition.

At the close of the contest the new Miss Highlands County, selected by a panel of out-of-county judges, will be crowned by Miss Monica Sauls, Miss Highlands County for 1971.

In addition to the crown, the new Miss Highlands County will receive a cash prize—\$125. The first runner-up will receive a \$75 cash prize, and the second runner-up will win \$50.

Mrs. Bob Wolfe, president of the Firemen's Auxiliary, is in charge of contest arrangements. She is being assisted by Mrs. Russ Albritton, and by the Future Homemakers of America chapters at Sebring, Avon Park and Lake Placid High Schools.

Some funds available

Sight conservation funds will receive a boost from money Sebring Lions Club raises in its booth at Highlands County Fair. The club has rented space in the commercial building to set up a stand where light bulbs will be sold and other fund-raising projects promoted.

DAWN MONDAY, FEB. 21 will find Blue Grass Shows' unpacking and setting up the

midway for Highlands County Fair at the fairgrounds off Kenilworth Blvd. The same

company has operated the rides and professional concessions for many years.

Swine show great!

The swine division of the 1972 Highlands County Fair Junior Livestock Show is the largest ever with 13 hogs entered.

In the beef division there is a first for the 1972 fair. A purebred bull has been entered in the beef breeding class.

The swine entries are owned by Vernon Hiotte and Tom Jones of Sebring. Future Farmers of America, Emory Jones, Jimmy Pearce, Bruce Prescott, Dennis Prescott, Donald Spires, Wayne Sullivan,

Calvin Turner, Kenneth Turner and Eddie Youngman of the Lake Placid FFA; Kenny and Humbo Pearce of Venus 4-H.

Bruce Prescott entered a Duroc-Poland China cross in the fair's swine show last year—the only entry in the swine division.

In the 1971 outbreak of hog cholera and low pork prices combined to dampen interest in the swine division. Tim Turner, assistant county agent and chairman of the fair's livestock show, said FFA members were reluctant to spend great time and effort to meet the extra restrictions imposed after the cholera outbreak.

Fat Steers

The 1972 Junior Livestock Show has 17 fat steer entries, five dairy heifer entries and one poultry entry.

The fat steer entries are owned by Lavin Cobb, Del Murphy, Jim Turnbull of Avon Park FFA; Renee Cliney, Henry Lanier and Janice Murphy of Avon Park 4-H; Michael Wood of Lake Placid FFA; Mike Wise, Charles Godwin and Kenny Stuvender of Lake Placid 4-H; Phillip Lee and Susan Ramer of Sebring FFA; Dana Payne, Sarah Ramer, Greg Schock, Dashi and Neil Young of Sebring 4-H.

The dairy entries are owned by Gerald Godbee of the Sebring FFA; Jane O'Neal,

Kelsey Payne, Linda Payne and Paul Spann of Sebring 4-H. The one poultry entry is owned by Kelsey Payne of Sebring 4-H.

Show and Sale

The Junior Livestock Show will be held Wednesday, Feb. 23, at 4 p.m. at the fairgrounds. Judges for the show will be Jim Pace, extension animal husbandman from Gainesville, will judge the beef animals and beef showmanship; Kent Price, Okeechobee County extension director, will judge the dairy animals and dairy showmanship.

Dr. John Foster, professor emeritus, University of Maryland, and retired head of the animal science department of University of Maryland, will judge the swine.

The Junior Livestock Sale will be held Friday, Feb. 25, 3:30 p.m. Bob Cooper of Sarasota will be auctioneer for the sale.

Animals sold at the fat steer sale last year brought an average of 61 cents per pound. Del Murphy's grand champion brought \$1.24 per pound. Public Supermarkets paid \$1,444.60 for the Charolais steer Murphy had raised.

Scarborough & Sons purchased the 1,000 pound Hereford entered by Mike Wise of Lake Placid. Wise's entry was chosen as reserve grand champion.

Scouts do good turn

Girl Scouts will "do a good turn" with their county fair food exhibits. After judging has been completed the goodies will be divided into two units.

Small samples of the entries will be left at the fair to demonstrate the girls' skills in preparing cakes, cookies, breads.

The major portion of each entry will be taken to Youth Care home for the children there to enjoy the homemade foods.

Fluegenhaglen, Monica in News booth

In its booth at the Highlands County Fair The Sebring News will display the original Fluegenhaglen.

This unique invention was the top competitor in a wonderful machines competition held on Florida's East Coast and drawing entries from the top engineers in the Cape Kennedy area.

The Fluegenhaglen has been acclaimed as one of the nation's most outstanding "wonderful nothing, nothing machines." It

has been loaned to The News, for use at the fair, by the owners, Cocoa Today.

Don Caldwell, co-publisher of The News, said today the Fluegenhaglen will "undoubtedly

be one of the great features of the 1972 fair: see it, you'll like it."

What, how and why

The fair booth sponsored by Christian Businessmen and the Child Evangelism groups will have a three-pronged emphasis—what, how, why.

The what is a series of slides showing what is going on in the Good News Clubs of this area. Mrs. Dot Lee's Good News Club will have several pictures in the display.

The how is a demonstration—every afternoon and evening—of

how to prepare flannel backgrounds for use in storytelling with young children. The why is a sound film which will show a Christian movie for youngsters—one way of telling the young fair-goers why the Christian Businessmen and Child Evangelism Fellowship are in existence.

TOURIST AND RETIREMENT AREA

IN SOUTH-CENTRAL FLORIDA

Beautiful green groves; lush, rich farmland; Industrial Air-Park, Air Terminal and industries; an abundance of lakes ideal for fishing and boating; four plush golf courses and the warm Florida sun all combine to make Sebring the ideal place to visit.

Enjoy the friendly, quiet atmosphere; the warm dry climate of Florida's Ridge Area and the convenience of shopping, schools, recreation and the un congested atmosphere.

Education is goal of 1972

Highlands County Fair

Highlands County Fair officials like to stress community education as a primary goal for the annual county fair. General Manager Bert Harris says, "We like to think everyone learns something each time he attends the fair."

The exhibits in the fairgrounds education building offer information—and some entertainment—in many areas of interest. Four of the exhibits are arranged by educational institutions: South Florida Junior College, Highlands County public schools, Ridge Area Association for Retarded Children and New Prospect School.

Christian Businessmen and Child Evangelism Association share a booth where Christian education for adults and children is offered.

Exhibits by 4-H Clubs and Girl Scouts are tuned to still other phases of education, and the Homemakers Council displays keep the county informed on one phase of adult education.

Some governmental agencies use the fair as an opportunity to educate a broader public. Citizens have a chance to see how their tax dollars are spent to serve and protect each citizen. The Florida Forest Service, Highlands County Civil Defense department, Avon Park Correctional Institution, United States Department of Agriculture's plant protection service, have educational exhibits.

The Highlands County Cowbells will teach fair-goers about cooking and serving beef. Highlands County Farm Bureau and Highlands County Citrus Advisory Committee will offer opportunity for fair-goers to become better acquainted with this county's highly successful agribusiness.

Three community booths—prepared by Sebring Jaycees, Avon Park Chamber of Commerce and Sebring Chamber of Commerce—seek to educate the public about the industries and beauties of each of the municipalities. The United States Navy will have a booth this year. Highlands Art League's big art show offers education, recreation and inspiration in one big exhibit.

PANTSUITS ARE IN again this year. Former Miss Highlands County Donna Sue Long models a pantsuit, like that worn for one part of the Miss Highlands County beauty pageant, while Fair President Russ Albritton wistfully recalls the days when beauty queens wore bathing suits. The 1972 Miss Highlands County beauty contest is set for Monday night, Feb. 21.

'Government In Action'

"Civil Defense-Government in Action" will be the theme of the booth supplied by the office of Civil Defense in Highlands County.

The booth will be made up of members of the office of Civil Defense, Radio Station WSEB, the only emergency broadcast station in the area, and other individual members of the Civil Defense.

The idea of the booth is to relay to people of the area the many ways each person is protected against disaster and make them aware of what is being done for them.

Communications equipment and information will be in the booth, and pictures and stories of activities of the office of Civil Defense in Highlands County will be open for viewing.

"Many people do not even know what Civil Defense is or means," commented Jim Lawson, director for the Highlands County office noted. "This will give anyone who is not familiar with the Civil Defense to come by and see just what is going on that they don't even realize. All too often people fail to realize what is being done to help them till they need the help."

... MORE FOR EVERYONE

IN THE PAGES OF YOUR NEWSPAPER!

To inform, to entertain, to bring you news of the best buys, there's no medium coming into your home that provides so much for every member of the family. It's all there, in tangible print and photos for you to refer to later, to save or pass along.

...WORLD'S BEST BARGAIN

The first rule of advertising is to get their attention.

It's like the farmer who clattered the mule before starting to harness him--you've got to get the attention before doing anything else. Without it, the most elaborate program and the biggest bargains in the world will go for nothing.

The second rule is sustained, repeated advertising. The buying public is being bombarded today as never before with advertising and promotional materials. The man who can offer a simplified but saturated message is most likely to be the one who is remembered when it's time to buy.
