Avon Park's Community Booth Wins Top Honors

For the fifth consecutive year the Avon Park exhibit has taken top honors in the Community Booth competition at the Highlands County Fair. The Lake Placid display was awarded the second place, with Sebring third.

The colorful Avon Park display named the community as "Sun Country", depicting a typical patio scene in Florida. A large and colorful citrus display was used as a focal point in the rear of the booth.

Surrounding the patio on either side was a mass planting of ornamental plants which might be found in any Avon Park garden - several varieties of chrysanthemums, easter lilies, azaleas, ferns, statice and several kinds of junipers and other shrubs. Ornamental iron furniture completed the placid setting.

Featured business firms in this years exhibit were Coles Nursery, which supplied most of the ornamentals, and Coles Monuments and Services, a new

venture in manufacturing for owner Claude Cole. This firm supplied all the patio stones, blocks and a number of ornamental concrete planters which helped to display the colorful flowers.

Members of the committee

who worked on the booth are: Mrs. Alma Hooper, chairwoman, her husband Larry Hooper, Jimmy Johnson, local manager of Kerns Furniture Co. and his wife Anne. The committee worked under the sponsorship of the Avon Park

Chamber of Commerce.

Other individuals and businesses contributing to the winning exhibit were Ridge Florist, Ben Hill Griffin, Inc., Badcock Furniture, Wards Nursery, Robert J. Barben, Mrs. Ruby Monroe and Mrs. Eileen Swearingen.

Firemen To Meet Here

The Avon Park Fire Department will host a meeting of District Four, Florida State Firemen's Association, Saturday, Feb. 26, 1972. This will be a joint meeting of the Firemen and Firemen's Auxiliary.

District Four has 700 members and consists of the following Counties: Highlands, Okeechobee, St. Lucie, Osceola, Brevard, and Indian River. Registration will begin at 2 p.m. at the Fire Station and during the afternoon the State

Association's new Office Building and Headquarters will be open for inspection. The building is nearly completed and will be occupied in June of this year.

About 100 out of town members are expected for this meeting including most of the State Association and Auxiliary Officers. Avon Park Fire Chief, Mack Flowers, who is also a State Director of the Florida State Firemen's Association, and his wife, Roberta, president of the

Florida State Firemen's Auxiliary, are local co-ordinators for the day's activities.

The program will be concluded with a steak dinner and business meeting Saturday night.

Final Link On 4-Laning US 27 Approved

Preliminary work is underway on the final link on the four-laning of US 27 to the Glades County line. At the county commission Tuesday the commission formally approved a Department of Transportation request to spend \$34,000 from the county's share of secondary road funds for additional right-of-way needed. The county has owned most of the right-of-way for many years.

County Engineer Gordon Hays said DOT has the right-of-way acquisition scheduled for the 1971-72 budget. The budget year ends in July. The same budget year has \$10,000 of primary road funds earmarked for preliminary engineering on the 6.7 mile link immediately north of the Glades County line.

DOT has budgeted \$1,650,000 of its 1972-73 budget for construction of the two new lanes.

Venire Drawn For Jury Duty

The venire has been drawn for jury duty in the March term of criminal trials. Judge Clifton M. Kelly will be presiding for the trials the first week in the month.

Those called for jury duty are as follows:

Edna G. Dixon, James L. Casey, James C. Coleman, Barbara Batts, Herbert M. Bryant, Jr., Donald Barker, Francis Berigton, Chester A. Brojek, Jr., Norman Cook, Linda M. Bojan, Gerald W.

Board Agrees To 47% Hike In Indigent Bills

Highlands County commissioners will agree to a 47 percent hike in indigent patient payments to Highlands General Hospital-if the hospital can obtain federal approval for the hike.

The hospital board has asked the county to boost its pay for welfare cases from \$28.80 per day to \$80. At Tuesday's meeting County Attorney R. P. Dunty, Jr., reported that under the President's wage-price program the hospital board must seek approval for the proposed fee hike.

The commissioners indicated they would approve a boost to \$42.40. "I'll vote for pay equal to what we pay Walker Memorial Hospital and not one penny more," Commissioner Nor-

man Heston said, repeating sentiment Commissioners Ben McGee and Robert Skipper had voiced at earlier meetings.

Engineer Reports Reports from the County Engineer filled a major chunk of a shorter-than-usual (two hour) commission meeting.

Engineer Gordon Hays said about 10.62 miles of roads in Sebring Hills subdivision should be sealed at this time to preserve the base "but would not take out the rough places. If we were in a position to re-pave those roads now is the time to do it, but when we consider some other needs we forego any paving there at this time."

The Sebring Hills Association

had requested county installation of street lights at the Sparrow ave and Whatley blvd. entrances to the subdivision. Research revealed that the county does not pay for such lights in any other subdivision so the board declined to assume responsibility for the Sebring Hills lights.

A debate within the board developed when bids on new equipment for road and bridge department were opened. Cecil P. Skipper objected that purchase of a new tractor-for a little more than \$10,000-would wreck the department's equipment budget.

Engineer Hays had recommended purchase of a big tractor for use in maintaining watershed canal banks and

road shoulders. The debate ended with a motion by Robert Skipper to buy the tractor from Peace River Tractor Co.

The board also accepted bids for a harrow and power skids.

Other Business

In other business Tuesday the commission told Avon Park City Clerk Malcolm Crews that a decision on possible purchase of the Avon Park Library building will be delayed until a survey on county office needs is completed. Dr. Glenn Hough, county health director, is expected to submit a report on the library's suitability for clinic space. Crews was told.

-Told Florida residents that County Prosecutor Hayward Davis has a Feb. 28 appointment to confer with legal counsel for Red Smith, operator of a Florida auto parts business.

-Accepted an offer from Robert Ort that he purchase, for county Civil Defense, some back-up communications equipment.

-Approved the City of Sebring's purchase, through civil defense, two emergency generators and emergency search lights.

-Told Sebring Hills residents the board has not approved a zoning ordinance change to permit installation of septic tanks on lots of 5,000 square feet.

-Advised the humane society that continued county support is contingent upon the animal pound being operated according to the written agreement between the society and county. The board had received complaints that dogs are being destroyed within three days rather than holding them six days.

Red Devils Meet Miners In District Tournament Friday

Avon Park's Red Devil basketball varsity team will take on the Fort Meade Miners in the first game of the Class AA District 13 tournament tomorrow night (Friday) starting at 7:00 o'clock in Arcadia. The Devils were seeded number three in the five team meet with the DeSoto High Bulldogs drawing the top seeding and the Miners grabbing the number two seeding.

Frostproof was ranked fourth and is set to play fifth seeded Lake Placid tonight (Thursday) at 8:00 o'clock at the Arcadia gym. DeSoto High will play the winner of the Frostproof vs Lake Placid game on Friday night after the Avon Park - Ft. Meade game. The finals of the tournament will be played at 8:00 o'clock on Saturday night.

The Red Devils, coached by Fred Sandlin, set the best record ever by Avon Park basketball team this year finishing the regular season with a 17 - 6 record. But the Class AA District 13 is generally agreed to be the toughest district in Class AA in the state with Arcadia ranked number two in the state, Fort Meade

ranked fifth or sixth, Frostproof ranked 13th and Avon Park ranked nineteenth as the final poll was tallied.

Avon Park lost to Arcadia in a single meeting this year by a score of 87 - 70 and lost twice to Fort Meade by scores of 63 - 58 and 61 - 54. The Devils also split with Frostproof taking the game up there 89 - 83 and losing here at home 87 - 76. So the Devils have their work cut out for them as they start out in the tourney that leads to the state meet.

Coach Sandlin plans to run his team against the taller Fort Meade boys and hopes to use a

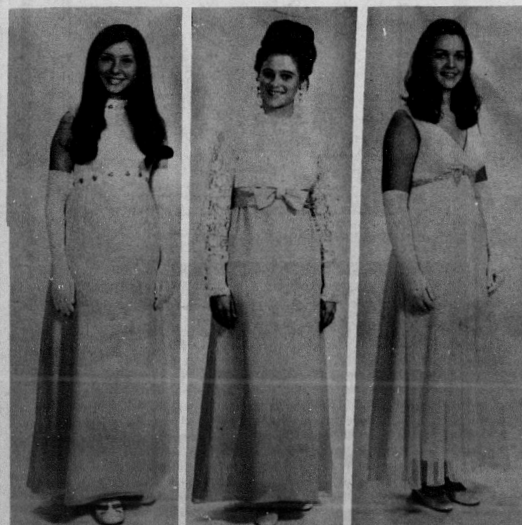

full-court press effectively to aid in defeating the Miners who have lost only two games this season - to Sebring and Frostproof.

The winner of the district meet will move on to a regional tournament in which Imokalee will be expected to dominate along with the winner of the District 13 meet.

Avon Park fans are urged to back the Red Devils in this important game Friday night (tomorrow) in Arcadia starting at 7:30 p.m. It is a single elimination tournament and any loss finishes the season for a team.

County Needs Library Building

The need has been of long standing. The answer seems close at hand.

When the Woman's Club offered to sell the present library building on East Main Street to the County Commissioners for the use of a County building in Avon Park, it seemed to be the ideal spot for this purpose.

A brief look at the County Health Department location in the basement of the City Hall in plain evidence of the need for a better place for this department. They are crowded, dark and cold offices with no place for expansion, and the public rest rooms are connected to their offices, with only the long hallway for patients to sit and wait for seeing the county health nurse or doctor.

The Social Security office is upstairs and this makes a great hardship on the old people who have to climb the steps to see the Social Security representative. The Social Security representative did occupy a tiny office downstairs until the State Highway Patrol moved from the upstairs space.

The City of Avon Park needs all of this floor space to expand their offices. The Building Inspector and the Civil Service Board has no space except to share the use of the County Room.

As for the voting facilities for the City and the County's Precinct One, which is the largest Precinct in Highlands County, the Tourist Club House has been used for the voting for a number of years. This means that on each voting date the Winter Guests are not allowed the use of their building for a day or two each time. This is an inconvenience to these people and often an annoyance to those who are holding the election.

If the County owned the present site of the Avon Park Library, it would be a perfect location for the voting headquarters because there would be no need to change the boundaries of the Precincts, which would necessitate rearranging all of the precinct books in the Registrar's office, if the voting building were located away from the downtown area, or outside of Precinct One.

The Library Building offers better housing for the County Health Department. It also offers a possibility for a Tag Office space, and any other temporary facilities for the County's needs in Avon Park.

The fact that the Women have plans to use the money from the sale of the Library to build a larger library with more adequate facilities for the library and women's clubs of the City, makes this sale more interesting to all concerned, and we believe the County should buy this building.

Ward Being Held

A hunch led to a quick arrest in a Lake Placid breaking and entering case. Jessie Roy Ward, 35, is being held without bond in Highlands County jail, charged with breaking and entering with intent to commit a misdemeanor.

He was arrested in Haines City Feb. 18, a short time after Frank Collins had discovered that the office at Collins used car lot had been broken into. Thursday night Deputy Sheriff Mike Mercer and Sgt. Charles Sogelgrove observed a stranger looking around

businesses in downtown Lake Placid. When they stopped him for a chat he identified himself and said he was waiting around Lake Placid for money which was to be wired to him.

The lawmen gave him a lift to the truck stop where the man took a room for the night. When the break-in was discovered early Friday the deputies checked out a hunch and found Ward had left but they traced him to Haines City where city police assisted in the arrest later the same day.

Former Councilman Opposes Raise In Monthly Expense Allowance

The City Council of Avon Park just doubled the monthly expense allowance. This is an action that in my opinion, is completely unjustified. I doubt very seriously if they should even be paid the \$200.00 per month, which was the payment when I served on the council. During my term I asked once that a cost system be used for expense payments and got nowhere. I still feel that the expenses paid to the Mayor, Councilmen, and the City Clerk should be on a Voucher basis with fixed limits. The people of this city should demand that the council set up the system in this manner.

The present pay system for the officials of this city is one

reason why we end up with unqualified individuals running for the offices. The money paid for two meetings a month, plus a small amount of incidental time, now amounts to \$700.00 per month. This is sometimes the greatest reason people run, not because they feel that they can be of service to their community but because they need, or want, a part time job with very little work involved. This is a situation which needs to be corrected immediately. If the people of Avon Park, allow the city council to get by with this unjustified action, then they will allow anything.

Why Believe?

Then they said, "Weren't our hearts burning within us while He was speaking on the road, while He was explaining the Scriptures to us?" Immediately they returned to Jerusalem to tell the others.

Why were these skeptics convinced? The testimony of the women didn't move them. The witness of the Old Testament Scriptures didn't move them. Their emotional response to Jesus' teaching didn't move them.

But when they recognized Jesus alive, they moved. Then they believed that the burning in their hearts, the ancient prophecies, the experiences of the women all verified the truth. People are the same today. They are gullible because it seems they base their belief on unreliable evidence. Like the experiences of other people. After all, you can find people who will claim anything. "Like old documents." (Some scholars think they are invalid.) Like emotional appeals. "Like old documents." (Some scholars think they are invalid.)

But the truth is, most Christians are normal people. They are skeptical. They don't believe except when forced. Yet, when they see Jesus alive and changing people's lives and demonstrating himself as the supernatural gift of the Holy Spirit, sensible people cannot do otherwise than believe.

After faith comes the confirmation: "You shall receive power when the Holy Spirit comes upon you." Copyright Dave Llewellyn 1972

Jews Leave Russia

When the Communist rulers of Russia let anybody get out of the countries that they control, it is news. At places like the Berlin wall, where many have tried to escape, extreme measures have been taken to prevent the departure of any of those who are unwillingly held in the Communist "worker's paradise."

Yet at this very time thousands of Jews are being permitted to leave Russia. And they are going by the plane-load. About 45,000 are expected to emigrate from Russia to Israel this year.

What is the explanation? Time magazine reports that 12 years ago David Ben-Gurion, who was Israel's prime minister at that time, told the Israelis that they should prepare for the "great day" when Jews would be allowed to leave Russia and go to live in Israel.

Time then adds this comment, "Ben-Gurion's prophecy is now coming true."

Actually Ben-Gurion was only repeating a prophecy that had been given to the people of Israel more than 25 centuries before.

Ezekiel said, "The word of the Lord came to me, saying, 'When the house of Israel dwelt in their own land, they defiled it by their own sins. . . They had polluted it and I scattered them among the nations and they were dispersed through the countries. . . According to their doings I judged them.'"

Ezekiel continued with this message: "Say to the house of Israel, Thus saith the Lord God: 'I will take you from among the nations and gather you out

Five Arrested On DWI Charges

Florida Highway Patrolmen have made five driving while intoxicated arrests in Highlands County within a week. One of the drivers, Dabbi Lopez of Raymondville, Tex., was charged in connection with a three-vehicle accident on US 27.

"Five dwi's within a week is too many," Patrolmen complained, "fortunately no one was seriously injured by these drivers."

One man was hospitalized following the pile-up in which Lopez was charged. Leonard Lopez of Lake Placid was admitted to Highlands General Hospital following the accident on Feb. 18 and was released Monday. He was a passenger in the auto driven by Dabbi Lopez. The Lopez car collided with the rear of a car driven by Connie Thomas of Avon Park, pushing the Thomas car into the side of a semi driven by Daniel Howell of Travers. Damage to the Thomas car was estimated at \$300, to the Lopez car, \$200 and to the tractor-trailer at \$2,000. Trooper Ralph Hough investigated for Highway Patrol.

Perkins-Tidey Cars driven by John Perkins of Avon Park and Ethel Hough of Benton Harbor, Mich., were damaged in a Feb. 19 crash 2 miles south of Avon Park.

Trooper P.D. Gettings, who investigated for FHP, said Perkins was backing out of a drive on South Florida Ave. He was charged with improper start.

Carter-Martin Autos driven by Danny Carter of Missouri and Lee Roy Martin of Avon Park were both headed north on US 27 in the right hand lane of the highway. According to Trooper Hough, Carter overtook Martin five miles north of Sebring and pushed the Martin car 200 feet. Time of the mishap was set at 10:30 p.m. on Feb. 19.

Damage to the Carter vehicle was set at \$2,000 and to the Martin car at \$500. Carter was charged with failure to use due care.

Health Maintenance Organizations

Last week the Florida Legislature heard discussions of Health Maintenance Organizations—the Senate Health, Welfare and Institutions Committee, and the House Joint Committee (Insurance and Health and Rehabilitative Service). Some witnesses appeared before both groups. In applying the bill definition to be introduced to serve as a "vehicle," and in the House a committee bill is being developed.

First, there are problems in defining an HMO, although most bill drafts, are about the same. The problems come in applying the bill definition to anything existing. The special clinics used largely by the Cuban population in Miami are called HMO's, yet they certainly don't fit the definition. The "success" of existing group practice payment program is usually cited as a basis to suggest the HMO's will be successful, yet nobody can really testify to the success of these organizations, other than that they provide fewer hospital days than ordinary Blue Cross, Blue Shield or commercial insurance arrangements.

In other words, there is no real prototype which can be used to "sell" HMO's-only the general statement that a reordering of incentives will reduce cost. The incentive to keep people well would replace the incentives derived from individual services with a fee attached to each.

All this makes it difficult for legislators to sift through the maze of claims, statistics, and downgrading of the present situation in health care and come up with an appropriate legislative action to protect the people. If HMO's are over emphasized by the legislature, and they don't "pan out," who's to blame? If one or two are successful, yet so highly regulated that nobody else wants to try one, then who's to blame?

Another of the problems, is that HMO's are trying to get started as "full-blown" entities. In other areas, group practices evolved over a period of years. Yet the zealous want HMO's established right now in Florida! If they could evolve through a series of steps it would be much easier and safer for the public.

The major barrier to HMO's in Florida is that they must qualify as an insurance company and that takes money—big money.

Still another issue is the question of whether the organization should be profit or non-profit. Obviously there is an insurance component to accepting money and then guaranteeing health services without regard to cost or patient need. There are risks involved. Furthermore, when such risks are assumed, the question of the quality of care, and the ability of the organization to deliver care as "advertised" become even more important. It appears that the major role may go to the insurance department, as most of the health care components of an HMO are already licensed or regulated in some way.

Now, why is all this of interest to hospitals? Gordon K. McLeod, M.D., Director of the HEW's health maintenance organization service (HMO's) says, "Personally, I feel that the HMO in the form of a hospital-based group practice is an ideal model." (Washington Developments-AHA)—FHA Newsletter.

Those who are advocating the establishment of HMO's do so attempting to reduce the cost of medical care. They say hospital costs are too high and there is too much incentive to be hospitalized as compared to being treated on an out-patient basis. They are saying health care should emphasize keeping people well rather than getting them well after they have become ill. Sometimes it sounds as if the health care industry

has done nothing in the past to keep people well in that all we do is try to get people into hospitals. As we all know, this is certainly not the case. In the past several decades there have been tremendous strides made in keeping individuals well by keeping them from becoming ill. Research has come up with vaccine after vaccine which means there are individuals today who are walking around who 50 years ago would have been hospitalized or sick at home. The objective of the HMO's are good. Everyone wants more for the health care dollar and the realignment of priorities.

So what is an HMO? At this point in time, no one really knows for sure.

Anglers To Get 366 Fishing Days In 1972

Florida's fresh water anglers will get an extra day of fishing and an opportunity to add an additional fish to their annual catch during 1972.

Under ordinary circumstances a Florida fisherman may fish 365 days a year and 24 hours a day. However, in 1972 this angling opportunity will be increased by one day and 75 fish on February 29, and anglers will be allowed to fish 366 days this year.

With an extra day of fishing in the offering, Dr. O.E. Frye, director of the Game and Fresh Water Fish Commission, suggest a review of rules and regulations before fishing fever reaches a peak.

Copies of fresh water fishing laws may be obtained from the office of all county judges and license agents, or from the commission offices at Panama City, Lake City, Ocala, Lakeland, West Palm Beach or Tallahassee.

There is no closed season or size limit on fresh water fish. The daily bag limit allows a catch of 10 black bass, 15 chain pickerel, 50 panfish and 50 tilapia.

Special bag limits have been established for certain areas and waters, and for fish management areas. Information on special limits is outlined in the summary of fishing laws.

Florida fresh water fishermen, except 65 years of age and over, children under 15, and residents who possess documentation of eligibility for receiving public welfare assistance must have fishing licenses. Servicemen home on military leave are also exempt from license purchase.

A resident fresh water fishing license costs \$3.00, and is available from all county judges or license agents.

IT WAS PEARL SPINK NIGHT at Eleanor Seaverns Rebekah meeting Monday night, Feb. 21. Pearl the only "Charter Member" of the lodge was escorted to a special rocking chair and presented with gifts. Pearl is shown with the "Charter" Sharpe photo.

Rebekahs Honor Pearl Spink At Regular Meeting Monday Night

The regular meeting of the Eleanor Seaverns Rebekah Lodge No. 65 was held Monday evening, Feb. 21st, at the Lions Hall with N.G. Lillian Seeger presiding.

There were visitors from New York, Mass, Ontario and Sebring.

Sarah Kerr from Michigan was admitted to membership by transfer.

After the short business meeting the lodge was closed in regular form and Bessie Decker was in charge of the program.

Pearl Spink our only Charter Member was escorted to a small decorated rocking chair placed in the center of the hall and presented a Scrap book from the lodge in which to keep mementos from the evening.

Bessie read from her notes a most interesting story of Pearl's life beginning back in Michigan many long years ago. She came to Florida as a young bride in 1912 and what hardships existed in those times! Lucy Sykes told of her experience of being out with her two small children when Pearl and her husband went tearing up the road in their Model T Ford. Such speed!

Glady's Hagan gave an account of when Pearl was initiated into the Professional Business Women's Club. Over

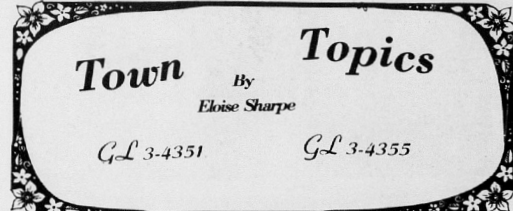

the years Pearl has made many friendships and still has a host of friends. She is just a perfect sweet lady and loved by all. When "This is your Life Pearl" was finished she was surrounded with gifts from her many friends and was assisted in opening them by Ethel Harrison and Nancy Shay.

While the gifts were being opened the Committee was putting the finishing touches on the refreshment table which carried out the theme of George Washington's Birthday with cherries in abundance. A red, white and blue centerpiece held honors with a decorated Red Velvet cake made special for Pearl.

Pearl was escorted to the table by Louise Clarke. Assorted ice creams, cakes and coffee were served.

Pearl was so pleased and happy in fact twice she said she was going to cry, but she didn't. This is a night that will be long remembered by all. A table in the rear of the hall held an exhibit of some of the special articles that Pearl has acquired during her life, including pictures and a special hand made dress that was over 40 years old.

The next meeting will be Monday, March 6, which will be initiatory preceded by a covered dish supper.

"Happy Birthday" to Spencer Oberle who will be celebrating his 6th birthday on Tuesday, Feb. 29th. (of course everyone can multiply 4x5). Watch out for the ladies Spencer, it's "Leap Year".

Book Review Feature To Start Next Week In Avon Park Sun

A weekly book review will begin its regular appearance next week in the Avon Park Sun.

The public service feature will be written by Fred Wheelahan, owner of the Lake Byrd Book Store, U.S. 27 north. Mr. Wheelahan recently was elected president of the local Friends of the Library, a group dedicated to raising funds for the city's new library.

As a book store owner, Mr. Wheelahan feels it is a most pleasant duty to keep up with current books.

His reviews will cover a wide range of subjects, including both fiction and non-fiction. If there is a particular book a reader would like to have reviewed, requests may be directed to the office of The Avon Park Sun.

Also appearing each week will be listings of the top ten fiction and non-fiction books as compiled by the Publishers Weekly Magazine.

Library Charter Memberships Being Offered

The newest organization in Avon Park, Friends of the Library, is off to a good start according to reports from the president, Fred Wheelahan. Charter Memberships are being offered until April 15th. All these people will have their names inscribed on a scroll to be hung in the library. Life members will also be given special recognition. The Secretary, Dan Davis, reports that two life memberships have already been accepted and also a number of Charter Memberships have been received. Mrs. Charles (Pat) Smith is Membership Chairman. She has a committee working with her on securing memberships. See ad in this issue of Sun.

The newly elected officers and committee chairmen will hold the regular board meeting on the third Thursday of March, at which time all members are invited to attend.

Solicitors Should Be Registered

Several calls were made to the Chamber of Commerce office last week concerning door to door solicitors. Mrs. Anna Belle Worden, Executive Manager of the Chamber, pointed out the one way of discouraging some undesirable solicitor would be for the housewife or head of the household to merely ask the solicitor if he had registered at the City Hall. Then a call to the City Hall or Police Department will verify this information. The City of Avon Park keeps on record the names, addresses and company represented whenever anyone registers.

Homemakers Meet Monday

The Avon Park Homemakers Club met Monday at the Florida Power Lounge. Due to the illness of Mrs. Bessie Johnson, president, and Emily McAllister, vice-president, the meeting was conducted by Mrs. Edith Martensen, sec-treas. The meeting was opened by the salute to the flag, and a prayer by Mrs. Louise Kent, who also read a poem written by Jackie Douglas's son.

Mrs. Jackie Douglas resigned from the club as she is moving to Palatka. She was council delegate.

Guests at the meeting were Mrs. Mildred Cook and Beatrice Reese from Sebring.

Plans for the booth at the county fair at Sebring were discussed.

On March 8th the club will send a representative to Sebring to attend a council meeting on work planning for the coming year.

Mrs. Louise Kent presented a very interesting program pertaining to Japanese religion and politics.

A lovely covered dish luncheon was served, guest was Faye Gordon.

The next meeting will be held March 13th at Florida Power Lounge. The club will then make plans for the County Council meeting which will be held March 29.

Avon Park Band Day On The Mall Saturday

The Avon Park Sun, Avon Park, Florida, Feb. 24, 1972

Avon Park High School Grenadier Band

Where's That Band From

Have you ever seen a band in a parade and not wondered where it was from? You're just like the hundreds of thousands of people that have lined the streets to "See A Parade". When you hear the drums coming down the street — long before you can see the band the thought runs through your mind, "I wonder where they're from?" And after they've passed, and the drum beat grows dim in your ear, if they looked sharp and sounded good — the thought lingered on, must be a nice little place, have a nice band — maybe I'll go there some day.

Just think of all the people, over the years, that would have never heard of Avon Park if they hadn't seen our band in some of these places; The Mardi Gras in New Orleans, Gasparilla Parade in Tampa, Edison Pageant of Light Parade in Ft. Myers, The Cherry Blossom Festival in Washington, D.C., Governor's Inaugural Parade in

Tallahassee, Festival of States in St. Petersburg, Strawberry Festival in Plant City, The Sebring Races, University of Florida Band Day, Sarasota Sara-De-Sota Pageant.

Then there have been concerts and contests in Pompano Beach, Miami Beach, Tampa, Lakeland and many other cities throughout the state. Also the football half-time shows that always make you proud you're from Avon Park.

Let's not forget how many times we see our band around town in the course of a year, winter concerts, Pep Rallies, Halloween, Christmas, Veterans Day Parades, Graduation and Easter Sunrise Services.

The Band helps boost the town, now they need the town's support. Won't you come to "BAND DAY IN THE MALL" this Saturday? You won't be sorry you did when you go home with a bargain.

Red Devil "B" Team Finishes With 13-6 Record

An outstanding 13 - 6 season record was set by the Avon Park Red Devil "B" basketball team with a final 68 - 48 victory over the Wauchula jayvee team last Monday night here at the new high school gym. The Devil team had won over Fort Meade by a 53 - 48 score last Friday night after dropping its sixth loss of the season to Lake Placid the Tuesday night before. The Green Dragons slipped by the junior Devils 60 - 57 in a hard played conference game in Lake Placid.

The Avon Park "B" team was coached for the second straight year by Tom Lund. The twelve man squad played aggressive, fast basketball all season losing only to the Dragons twice, Frostproof twice, Cypress Lake and Palmetto by one point in an overtime game. Playing for the Devil jayvee team this year were: William Ayers, Mickey Claitt, Rickey Claitt, Jim Caldwell, Bud Wester, Leon McRae, Albert Mellinger, Josh King, Randy Percy, Don Perry, James Walker, and Curtis

Foster. Ayers led the team in rebounds and McRae was the leading scorer for the team. Against Wauchula last Monday night it was the sharp shooting of Leon McRae and Mickey Claitt with 16 points each that paced the victory. In Ft. Meade last Friday night Mickey Claitt hit for 12 points and a vastly improved Bud Wester scored 11 in the winning effort of the Devils against the Miners. Down in Lake Placid Tuesday night a week ago Jim Caldwell pumped in 14 points

and William Ayers and Mickey Claitt both had 10 points each for Avon Park as the boys lost the close game to the Dragons.

Mark Saturday on your calendar, it's Band Day on the Mall.

Another "first" for the famous Avon Park Grenadier Band. The first of what is to be an annual "support your local band day." According to Bud

Word, publicity chairman of the Avon Park Band Parents Association, "this year we've put it all together—band auc-

tion, rummage sale, hamburger stand, cotton candy, barbecue chicken, new—a toy sale, and much more—including a

drawing for a color TV set, shotgun, and a cassette player. "Something for everyone and so much at once you'll think you're back in the old 3-ring circus days. Just a big—gala—

all day happening.

"Instead of stretching it out all year long this year it's going to be a Saturday you won't want

to miss—young or old—mark it on your calendar now—February 26—is Band Day '72.

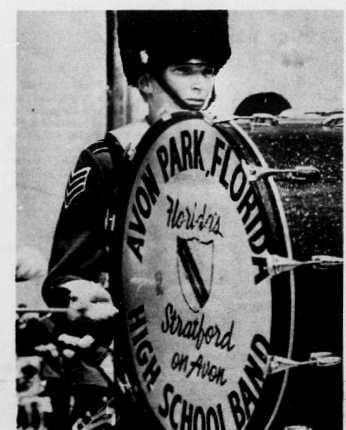

"It cost money to keep a band like our band operating, many more dollars than the county school system can afford to spend. This year we needed four new tubas at \$600 apiece. The county bought one and the BP's (band parents) bought three. And the scoreboard keeps going

up, we need new uniforms—\$1,900, four new tenor drums—\$400, a new strabatuner—\$175, up, up, and up till the band parents' budget for this year hit \$6,000.

"Where are the BP's going to get that much money?" We are counting on getting it from your old discards, and your donations. Anything around the house or store that's in your way—give it to the band. Then next time you see that sharper looking, award winning, high stepping Famous Avon Park Grenadier Band, you'll feel you helped them look so good.

Band Director Vic Mickunas does a terrific job in the way of music, marching, and training these fine young folks but they need your help keeping them as snappy looking as their music sounds.

"Let me tell you again how you can help. If it's in your way and you think we can auction it off, call Bobby Henderson at 453-4897—or Marva Turner at Turner's Furniture—and they will see that a truck comes by to pick it up. If it's something for the Rummage Sale—drop it by Mrs. Willie Williams house on South Lake Ave. right across from the Middle School.

Base Drum Carries The Words Avon Park, Fla. To Millions Of People

This base drum has probably put the words — Avon Park, Florida — before more people than any other single thing you can think of: From Washington, D.C. to New Orleans — From scores of Florida cities from Miami to Tallahassee — where millions of eyes have seen it as the T.V. cameras zoom in for close ups of the lettering on the big base drum.

The announcers voice says "From the heart of Florida — wearing the uniform of the Grenadier Guards, is 'The Famous Avon Park Grenadier Band' playing the 'Rule Britannia'. Then the fanfare of the Herald Trumpets and the

City of Avon Park's best advertisers are on center stage for all to see.

On this base drum, as well as on both the marching and concert band uniforms you will wear the coat of arms of William Shakespeare.

The UIP news service carried the above picture nation-wide on their wire service last year following the band's appearance in the Cherry Blossom Festival in Washington, D.C. Now don't you agree that the BOOM of this drum more than just beat time to the music? — It's Avon Park's best advertiser.

Music Is Not All They Learn

Learning to play a musical instrument instills at least five qualities in the youngster. Concentration, you can't take your mind off the notes and what others are playing.

Mental discipline, you have to have to the line of music, the director, the timing of the group. There is no thing as "almost right" in music.

Mathematical precision, music is a form of math in notation, timing, arrangement. The person who gets a deep understanding of music has improved his mathematical judgment.

Persistence, in an age when more things are easy, music requires application and practice. There is no way of "getting by". It is a challenge that requires to conquer it.

Teamwork and cooperation, as a member of a musical organization a youngster learns that he must fit in; subordinating the urge to show off yet holding up his own assignment.

How many students are learning these things in Avon Park through the band program? This year's Avon Park Senior Band has 103 bandmen, a color guard of

seven, three Herald Trumpets, nine majorettes, and a Drum Major — all six feet of him. The Junior Band consists of 100 members, and the sixth grade band has 70 members in it.

Knights of Columbus Join Religious Groups In Opposing Abortion

"Abortion is murder!" say the Knights of Columbus. The Knights are joining ranks with all like-minded religious and humanitarian groups to stem the rising demand for permissive abortion legislation throughout the U.S. All of the Judeo-Christian, and even much pagan tradition, is utterly opposed to abortion.

The Hebrew Law decreed in Exodus 21:22: "If a man strike, and hurt a woman with child, he shall be punished." Our own Declaration of Independence speaks of the God-given rights to "LIFE, Liberty, and the pursuit of happiness." Without life, there can be no liberty or happiness!

There is something downright sinister in the development of the abortion case over the past decade. It was just about ten years ago that Mrs. Cheri Finkbine took Thalidomide, and went to Sweden after failing to obtain her goal; her plight was tragic, but look at the mileage she got in terms of nation-wide publicity. It is difficult to follow all the pro-abortion arguments, ranging from helping victims of rape and incest, preventing birth of deformed babies to preserving the mother's mental and physical health. In fact, all these arguments have been ably answered by others, so there really isn't any need to repeat these answers here. In fact, the pro-abortionists admit all these objections. They only advocate abortion on demand, a privilege

now available in New York, where there are almost as many abortions as live births. Obviously, such abortions can't be defensible morally. If a woman can choose to destroy a living child she has conceived, shouldn't she have the same privilege after the child is born, or to get rid of any one else who is troubling her?

Here in Florida, the citizens through their elected representatives have consistently resisted abortion legislation for several years, but the clamor continues to sound. So we must once more resort to morality. If a woman is scheduled for February 20th, the First Sunday in Lent, the Shrine of Notre de Dics, in St. Augustine. The Shrine of where Spanish explorers landed, offered Mass, and established the first settlement in Florida over 400 years ago. Our opposition to abortion is based on a deep-rooted belief of man's creation in the image and likeness of God. Therefore, we must affirm with Longfellow in his "Psalm of Life":

"Tell me not in mournful numbers
Life is but an empty dream.
That the soul is dead that slumbers
And things are not what they seem.
Life is earnest, life is real
And the grave is not the goal.
Dust thou art, to dust thou return
Was not spoken of the soul."

ROTARY CLUB NEWS

Steve Roberts introduced John Perry as our speaker today. The topic he chose to speak on was "Youth Services."

Mr. Perry came to Sebring in May 1970. He is currently under State Government instead of the County. He stated under the old plan one counselor was responsible for 120 cases. Now one is responsible for only 35 which means doing a better job for the delinquent children.

They are now able to have closer supervision. Mr. Perry stated they like to use preventative measures when and where possible.

He stated they now have a program by the name of IN-TAKE. This has been of tremendous help.

We were asked to call anytime we saw a child in need. The need might be physical or personal but they would handle accordingly or get the proper authorities.

The proceedings of Juveniles are being expedited. First of all not all are required to go to court. His philosophy is "Don't lock up a kid!" Of course, sometimes it is necessary. He stated that he wants facts to act on.

A juvenile court record can keep an individual out of our U.S. armed forces, therefore, if possible, they like to prevent this.

Mr. and Mrs. Karl Hart. They will leave on March 3rd for a seven days Caribbean cruise. Mr. and Mrs. Hart will accompany them on the cruise.

Mr. and Mrs. Floyd Huntington returned to the lakes recently after an absence of 15 months. They spent a year in Hawaii, and on their return to the states they visited in Calif., Iowa and Ohio. They celebrated their 50th wedding anniversary while in Ohio last fall.

Mr. and Mrs. Arthur Fuller from Babylon, N.Y., arrived last week to spend several weeks with Mrs. Edward Dowd.

Mr. and Mrs. Edward Edwards visited friends in Frostproof last Friday.

Mr. and Mrs. William Rathkamp from Garden City, N.Y., arrived by plane in Tampa on Sunday and will be the guests of her sister, Mrs. Edward Dowd for one week.

Mr. and Mrs. Edward Edwards entertained at their home with a dessert card party for Mr. and Mrs. Archie Leigh, Mr. and Mrs. Thomas J. Moroney, Mr. and Mrs. Wayne Welker and Mr. and Mrs. Jack Savaris.

Mrs. Jane Kiddoo of Peoria, Ill. and Miss Margaret McClaugh of LaSalle, Ill. have been visiting for the past two weeks with Mr. and Mrs. Kiddoo. Her aunt is here for an extended stay. Miss McClaugh left Saturday for a visit with friends in Cape Coral.

Thirty-eight people attended the monthly pot luck dinner at noon Wednesday. Ormer Snyder returned thanks calling attention to all good things we have in life and ever be thankful to our Heavenly Father. Attractive decorations of cherry trees which caught the eye of the guests were made by Ann Condit to remind us of George Washington's birthday. Ann is our chairman for dinners this year. She and her helpers did a good job making us comfortable.

There were six tables of aggravation at the hall Monday night. Raymond Long, Esther Breister and Gen. Couls were high. Some got lost again, but finally found themselves with a new partner at a different table. Their getting lost resembles the old game of fruit basket upside down, played some sixty years ago. Delicious refreshments were served in celebration of St. Valentine's Day.

Bingo Friday night is still a favorite pastime. Thirty-three expectant people came drifting in to pick a lucky card. Leo Perli and John Ferrelli in charge had a hard time to keep order for some reason. Bob Elethorp and Mildred Joseph tried for the cover all. What fun for a bunch of senior citizens!

Sheila Wurster who formerly lived in the park was a caller Monday afternoon.

Grace and Zeno Warner and Laura Wareham were guests of Alta Robinson for Sunday dinner.

Mr. and Mrs. George James of Marquette, Mich., wintering in Breeding Breezes on the east coast were overnight guests of Goldia Daun Sunday night.

Remember our hobby show Wednesday, March 1st. Don't forget to "do-up" those fancy pieces and have ready to bring the hall Tuesday.

Mr. and Mrs. Herb McNulty and daughter of Rockford, Ill., have returned home after spending ten days with their parents, the McNultys.

Christine and Leslie Snyder have returned home after spending twelve delightful days on the west coast in their camper. They met their young grandson, age 8, at Tampa Airport who came by plane these days with his grandparents. They visited many points of interest and the grandson returned home by plane Friday.

Mr. and Mrs. Karl Storie of Hammond, N.Y., were Sunday dinner guests of the Elethorps. Monday morning they came to say "goodbye" on their way to the west coast for a few days before returning home.

Mr. and Mrs. John Forsythe, Mr. and Mrs. Henry Hanson, Jr., wintering in Ft. Lauderdale and all from N.Y. were callers at the Elethorp home Monday.

Mrs. Gertrude Whitmore of Des Moines, Iowa, came Wednesday for a visit with her sister, Marie Stroobant for ten days.

Twenty were out for coffee Tuesday morning at 9 sharp. Florida always needs rain. But it sometimes does come on Friday at 2 p.m. Eight came out to shuffle when two games were completed, but rain came in big drops on the players of the third game and they forgot who was leading. No score.

Welcome home Elwood Stroup. Nice sun and the ceasing of wind brought him home Monday morning. He is

feeling good, is enjoying his own four walls, and busy catching up on reading the stack of accumulated papers, receiving guests and taking the routine rest periods.

Panthers Will Play Here Today

The South Florida Junior College Panthers will open their baseball conference play today (Thursday) at Head Field in Avon Park against Polk Junior College.

The game will start at 3 p.m. and will be nine inner.

Jack Miller will be on the mound, Martin Crawford or Ken Martin will be behind the plate.

Scouts Will Distribute Goodwill Bags

Good Turn Day by Boy Scouts on behalf of handicapped men and women at Goodwill will start on Saturday, March 4 at 9:00 a.m., according to Jack Eckerd, general chairman of this year's clothing collection campaign.

Scouts from the Gulf Ridge Council headed by Robert Rousch distributed special Good Turn bags to homes on Saturday, Feb. 26. They will return to pick up the filled bags on the 4th of March, Good Turn Day. Many leading business firms have donated the use of trucks and drivers for this massive collection activity.

Over 1,000 Scout Troops and Packs will be involved in Good Turn Day to help several thousand handicapped individuals at Goodwill's Rehabilitation Centers in St. Petersburg, Manassas, Fort Myers and Tallahassee.

Scouts will bring their filled bags to several hundred pickup points where Scout leaders will immediately award them a special badge for their uniforms.

"I believe grown-ups should

encourage awareness by young persons in our communities as they are our great hope for the future of our nation," Eckerd declared. "Boypower soon becomes manpower. The desire by Scouts and their leaders to help persons less fortunate than themselves is a most important part of good citizenship."

Congratulations. You just saved \$5 by doing your own income tax. And all it cost you was three long, sleepless nights. And a slight case of heartburn.

If you had gone to H & R Block, on the other hand, you could have relaxed while someone else figured out your return. Quickly and confidentially. Probably unlike any way you've ever done it before.

And, when you figure your own, you may be entitled to deductions you're not taking and taking deductions for child care or casualty losses? Or that if your income increased over the last few years, you may save tax dollars by "income averaging." And even if you did, would you know how to go about "income averaging" to begin with? Probably not. And there's no reason why you should. After all, you're an amateur when it comes to doing income tax.

your income tax that you might never have known.

Furthermore, if your return is audited, we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you year "round" tax service for just one low fee a year, with no extra charge for audits and estimates.

H & R Block's charges start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Which is somewhat less than what you paid.

Not to mention the fact that aggravation isn't tax deductible.

And we are.

THE FISHERMEN

Founder Of Religious TV Program To Be At Sebring

FORD PHILPOT AND HIS MUSICAL TEAM, "THE FISHERMEN" to be at First United Methodist Church, Sebring, March 3, 1972 - 7:30 p.m.

Ford Philpot is the host and founder of "THE STORY", America's first and longest continuing religious color television program. The program is still in production and is syndicated on stations across the nation.

The evangelist has been in the ministry for the past 23 years since his conversion at Auburn College in Kentucky. Prior to that time, he was an alcoholic, considered hopelessly by nearly all of his associates. In his biography, "I Took A Miracle", by Herbert Bowdoin, the story is told of his complete change and dynamic ministry which followed.

Since that time, Dr. Philpot has preached in virtually every state in the union and in many foreign countries. In his recent crusade in Congo, a crowd of over 85,000 persons gathered at the soccer stadium in Kinshasa for the final service, and over 15,000 came forward for salvation at the invitation. As a result of that crusade, a number of churches were established throughout that entire area.

The evangelist has authored a number of books, among them: "Wit's End", "Truth In The Morning", and "So You Want A Mountain". A new book, "Truth In The Evening", will be released next year.

Traveling here with Mr. Philpot will be his television musical team: Winston Pike, who is the music director for the Philpot Evangelistic Association, Dan Betzer, the Associate Evangelist and director of "The Story", and Jimmy Smith, soloist and accompanist for the team. Singing solos, duets, and trios, the three call themselves "The Fishermen" following the Association logo of a fishhook and the scriptural directive, "Follow me, and I will make you fishers of men."

Winston Pike has worked extensively in Youth for Christ prior to joining the team. He has pastored several churches in Ohio. His baritone voice is always a highlight of each

crusade and TV program. Dan Betzer has served in radio and TV news for nearly fifteen years. Before joining the team, he pastored three churches in the mid-west. In addition to his ministry in the services, he writes much of the material for "The Storyteller", the bi-monthly news magazine of the Philpot Association, as well as other printed matter produced by the organization.

Jimmy Smith recently returned from a singing tour of the Mid-East and Europe. His musical career began at age three and has continued non-stop since that time. His education has been at some of the most outstanding conservatories in the eastern part of the nation.

"The Fishermen" will present music in the sacred, gospel and contemporary class. Following their music, Dr. Philpot will speak.

A nursery for pre-school children will be provided.

Josephine Edwards Will Be Guest Speaker At Adventist Church

Josephine Cunningham Edwards, well known and widely read author, will be the guest speaker at the Walker Memorial Seventh-day Adventist Church this weekend. Mrs. Edwards will speak at a special meeting on Friday evening at 7:30. She will also speak at the 8:15 and 11:00 worship services on Saturday morning.

Mrs. Edwards has traveled throughout the world and her books are sold world-wide. She is also a very powerful speaker who has been appreciated for her timely messages.

Some of the recent books written by Mrs. Edwards are: "Kamwendo, containing heart-warming stories of what the gospel of Jesus Christ has done in far off places. Swift Arrow is the thrilling story of a young boy captured by and reared by the Indians. A Light Shining in Cornwall is the fascinating story of Billy Bray, the Cornish evangelist whose name was a household word among the Bible Christian Methodists of southwest England during the middle years of the nineteenth century.

Mrs. Edwards appearance is being sponsored by the "Adventist Youth Association". Mrs. J. Wesley Osborne, leader of the AYA, invites all church members and the public to hear Mrs. Edwards.

96 Attend Sweetheart Banquet

The Women's Council of the First Christian Church sponsored a "Sweetheart Dinner", which was held in the cafeteria of the Elementary School Monday evening, Feb. 14.

96 members and friends were seated at tables, which were beautifully decorated with carnations, greenery, red candles and cupids. Mrs. Gayle Harman played selections on the piano while the guests were being served. The young people of the church assisted in the serving.

Mr. Clifford Dancy acted as Master of Ceremonies and led in the singing of familiar songs. Old-time Valentine verses were recited. Hearts had been placed on the tables with scripture verses of love on the back of each. These were read by those seated near them.

Mr. and Mrs. Edward Simon sang a duet "Let Me Call You Sweetheart." The most enjoyable evening ended with all singing "Good-night Ladies."
