AVON PARK Mayor, Robert Barben tosses the first ball of the 1971 Little League season to Avon Citrus Bank's catcher before the first game last Saturday afternoon at the Avon Park Little League Field.

Mayor Pitches First Ball, Opens Little League Season

The Avon Park Little League season opened with a flourish last Saturday afternoon with a parade along the downtown mall and four games at the Little League Field on the corner of Anoka Avenue and La-Grande Street. Winners of the opening games were I. H. Ford 9-8 over Bagwell Lumber, First Baptist 7-4 over Rotary, Leon's 4-3 over Lions, and Kiwanis 13-3 over Avon Citrus Bank.

The season continued last Monday night with Ford racking up its second win with a 13-0 shut-out of the First Baptist nine and the Lions and Rotary playing to a 3-3 dead-lock that will have to be played off this Saturday.

Last Tuesday night the Bank was to play Leon's and Bagwell was set to take on Kiwanis in the second game. Tonight at six o'clock Ford will play the Lions and Rotary will tangle with the Bank team. Tomorrow night (Friday) Leon's will play Bagwell and Kiwanis will challenge Baptist. Games are played each Monday, Tuesday, Thursday and Friday nights at 6 P.M. and around 7 P.M. with make-up games on the Saturday of each week.

Saturday's Games

The I. H. Ford team needed seven innings to defeat Bagwell 9-8 in the season opener last Saturday at 2 P.M. Both teams scored two runs in the first inning and another in the second. Then Bagwell pushed over two runs in the third to go ahead but I. H. Ford scored five runs in the last of the fourth to move ahead 8-5. In the top of the fifth Bagwell scored another run and then scored two more in the top of the sixth inning to tie the game up 8-8.

Tommy Lewis scored the winning run in the last of the seventh as he walked and was driven home by Gary Curlee's single. Lewis had knocked a homerun in the first frame. Lewis and Alan Curlee shared pitching duties for I. H. Ford giving up three singles and Dale Sisemore and Mort Jackson hurled for Bagwell giving up the homerun and four single to the winners.

In the second game last Saturday afternoon First Baptist took an official 7-4 win from the Rotary nine. The game was called because of the time rule in the top of the sixth inning and First Baptist was ahead 13-4 but the game reverted to the last complete inning and the score stood 7-4. The First Baptist scored their seven runs on just two hits—a single by Ray LaFlam and a double by Danny Choate—off two Rotary hurlers—David Mellinger and Mark Gaines.

Antonio Walker went the five innings on the mound for First Baptist allowing six hits including a double by Billy King. The other hits were single by Keith Cobb, John Starling, Mike Cobb, David Mellinger and Ronnie Brock.

In the third game of the opening afternoon and evening, the Leon's nine scored a run in the last of the fourth to take a 4-3 win from the Lions. Eddie Garner came across with the winning run after walking. Billy Young was the winning pitcher limiting the Lions to two singles by Fred Moore and Ralph Hartt. John Mickunas and Fred Moore shared the pitching duties for the Lions and gave up five hits between them. William Sellers got a double and a single, Terry Lanzing hit a single, and Charles Pugh and Billy Young both added a single for Leon's.

In the final game last Saturday evening, the Kiwanis team swamped the Avon Citrus Bank nine by a score of 13-3. Eugene Haywood pitched for the winning Kiwanis team and gave up only one hit—a single by Charles Luke. Ricky Anderton and Stephen Ford combined to pitch for ACB giving up eight hits to the Kiwanis batters. Bryan Ilmer hit a double and two singles, Eric Wilson hit a triple and a single, Eugene Haywood hit a double and a single, and Dennis Hulon added a single for the Kiwanis winning effort at the plate.

Last Monday night the I. H. Ford boys really turned on the power and slammed out 11 hits to take the 13-0 shut-out over First Baptist boys. Danny Choate's double was the only hit given up by Ford hurler Larry Pough in the four inning affair. But the I. H. Ford batters blasted starter Danny Choate and relief pitcher Ray LaFlam. David Reynolds hit a double and a single, Larry Pough got two singles, and Alan Curlee, Franklin Batson, Tommy Lewis, Cary Curlee, James High, Jeff Williams and Carl High all hit singles for the winners.

In the second game last Monday night the Lions and Rotary played to a 3-3 tie which will have to be played off. Both teams were held to two hits. For Rotary Mark Gaines had a double and Mike Cobb had a single. For Lions Johnny Barker hit a double and Keith Crews hit a single. Edward Dorsey started for Rotary on the mound and was relieved by David Mellenger. Johnny Barker started pitching for the Lions and was relieved by John Mickunas in the third inning. The game went seven full innings before being called because of the time.

Avon Park Policemen Attend Computer Speed Control Course

"Computers are smart" said Chief Police Ferlan Cribb, when he and Sergeant Presley Selph, returned from their basic course in computer speed control at the Time, Distance and Speed School (T.D.S.) at Orlando.

Cribb and Selph attended a basic course on the 28th and 29th of April. They will now practice the teaching of the course and clock 500 cars, then return to the school later to take the test to qualify for the two week course offered to enforcement officers not only to learn the complicated system, but also to be able to instruct others on how to use the equipment that is installed into one police car.

The chief explained the five-way reference points of suspected violators. It works to establish the speed that a suspect may be traveling by clocking. If a suspect is spotted and speeding is suspected the officers establish a first reference point of the suspect and then flips a switch until the suspect is at a second reference point when the switch is flipped off and the distance switch is then activated with the police car then proceeding to the first reference point, thus establishing both speed and the distance in the computer.

Golf Association Plans Tourney To Aid Local Cancer Fund

The Avon Park Golf Association and the local Cancer Fund are jointly sponsoring a benefit tournament on May 8 and 9 at the City's Pinecrest course. The entry fee is set at $2.50 of which $2.00 will go to the Cancer Fund and 50c will defray the cost of prizes. The Calloway system of scoring will be followed, thus making the duffer and low handicapper play on equal terms for prizes.

Anyone, with or without a handicap is qualified and welcome to play. Play and give and achieve enjoyment two ways.

Pro Alex Ogilvie announced that any lady interested in golf or improvement of her game is welcome at a golf clinic to begin Thursday, May 13 at 9 A.M. This is your chance, ladies, to get pro counsel at group rates.

A new schedule has been set for the duration of daylight savings time. The Tuesday mixed foursome events will start at 5:30 P.M. and the Wednesday pro-am will start at 2 P.M. If you haven't tried the Tuesday mixed foursome event you have missed a real treat. Ladies bring covered dishes for the dinner which follows the golf, making some of the most scrumptious varieties of eating you have ever seen.

Six couples, representing three teams tied for low net at last Tuesday's event, proving that fairness is the name of the game in the handicap system applied by Pro Ogilvie.

$300,000 Building Program Approved By Commission

A county building program to cost in the neighborhood of $300,000 was approved at the Highlands County commission meeting on Tuesday.

Design for the new agriculture-civic center was accepted and architect Jim Heim instructed to proceed with preparation of specifications.

Heim estimated construction costs would be near $250,000 for the center to be built, on US 27 just North of the 27-State 66-US 98 intersection, South of Sebring.

The approved design calls for a building containing 13,551 square feet. It includes an auditoarium 89 by 60 feet. Its seating capacity will be 800 to 1,000 persons.

The smaller projects approved Tuesday were for the Voting and Comunity Building at Venus and the voting machine warehouse.

The Venus building bids are to be opened on June 14. Cost on this building has been estimated at $30,000. It will be a 34 by 74 foot structure, and is to be located on Clubhouse Rd. on State Road 731.

The voting machine warehouse had been authorized at earlier commission meetings, but at meeting this week the board set Monday, May 17, for opening bids. This metal building will cost between $13,000 and $18,000, the commissioners estimate.

The building program will be financed from the construction trust fund set up when bonds, backed by state race track taxes, were sold.

Other buildings which have been mentioned as possible projects to be financed from this fund are an addition to the county jail, addition to the courthouse annex, county office building in the Avon Park area and new headquarters for the county road and bridge department. None of these projects were discussed at this week's meeting.

Coral Ridge Properties

A delegation from Coral Ridge Properties, a subsidiary of Westinghouse, Inc., presented a master plan for the housing and shopping area the company is developing off US 98, near Arbuckle Creek.

In response to questioning, members of the delegation said the developers plan to leave every tree in place and the commission was assured that no sewage will be dumped into Arbuckle Creek.

Prisoner Work

In ther action Sheriff O. L. Raulerson, Jr. appeared before the board and received approval for looking into the use of the county jail prisoners as trusty labor to help in county projects.

Road foremen or other county personnel would be deputized to take prisoners from the jail in the morning and return them to their quarters at night.

The Sheriff would select the prisoners for this work.

The commissioners also agreed to look into a request by Charles R. Mitchell to improve a county road which leads to his property.

Scholarship Recognition Dinner Held

The ninth annual Scholarship Recognition dinner was held May 1 at Holiday Motel. The dinner honors graduating seniors from Sebring, Avon Park and Lake Placid High Schools who have maintained at least a 2.0 average (out of a possible 4) in all four years of high school study.

Miss Valda Long was guest speaker for the dinner, and Scholarship Recognition, Inc., Chairman Jack Hancock was master of ceremonies.

Honor Your Mother Every Day

A mother is a unique mixture of love and understanding, kindness and patience, dedication and hard work. When asked which child she loves most, the answer is instinctive: the one that is ill until he gets well, or the one that is away until he gets home. At any particular time the one she loves the most is the one who needs her love the most. Like the father of the Prodigal Son, the one that's in trouble is the one she loves best.

A mother can cry when she is happy, laugh when she is heartbroken, and work when she is ill. She can be almost everywhere at once, squeezing an enormous amount of living into a 12-hour day.

All our lives she has been our companion and our counselor. If your mother is still living, be mindful while you have her. She loves you as ever, neglectful though you may be. If she is still on earth, keep in touch with her more regularly. If she has passed to her reward, that was the only thing she ever did that caused you to suffer. Whether she is with you or whether she has passed on, honor her in the best way possible, by imitating her example.

WORKMEN ARE finishing up the bandstand, being readied for the re-dedication which will be soon. Note the man painting the flag pole. In foreground, watching the progress are (l. to r.) Mrs. T. Hayes Maxwell and Mrs. Cora Wray, members of the Old Settlers Association.

City Agrees To Wire Bandstand; Exterior Is Nearly Completed

With the exterior of the bandstand expected to be finished this week all that remains to be done now is the electric wiring. The city agreed to bring the electricity to the bandstand and wire it for the lights that are to be installed. All of the labor and materials will be furnished by the city.

Upon completion of all the work a date will be set for the rededication of the bandstand. These plans will be completed by the Old Settlers Club at the next meeting.

Cliff Thomas of the Old Settlers Club wishes to express his thanks to all of those that has contributed and helped to make this project a success.

Other donors added to the list are Father Knapp, P. G. Gearing, City Clerk Malcolm Crews, Irene Hudson, Fred Jahna, Fredric G. Kinyon, Bill and Sue Bennett, Jim McWilliams, E. Ray Wells, Guy A. Adams, Leroy Starling and G. O. Roberts.

Letter To The Editor

Dear Editor:

Thank you for showing the 1924 APHS graduation picture a few weeks ago. I was a member of that LARGE group and although my name was the only one mis-spelled (should have been Nona Mae Crews) I enjoyed seeing the picture and reminiscing a bit. We did subscribe to the "Sun" during my mother's lifetime; she was Mrs. G. L. Crews, who died in Orlando in 1963.

Now I would like to receive the paper again. Mrs. L. D. McGiboney sent me the picture and several others had mentioned it to me.

Cordially Yours,
Mrs. Howard C. Porter

SFJC Teacher Speaks To Kiwanis Club

By JIM WILLIAMS

Al Marrow, Instructor of History and Geography at South Florida Junior College, gave a very interesting as well as informative program to the Kiwanis Club Luncheon, April 27. Wil Beumel, Dean of the College and a member of the Club's Program Committee, introduced the guest speaker as holding an M.A. degree from the Florida State University Graduate School and a B.S. from the United States Military Academy at West Point.

Speaking on a subject that he knew well, Mr. Marrow told the Club members and their guests of the "war" between Russia and China. He was referring to the Sino-Soviet border disputes of which he gave a historical background. The S.F.J.C. instructor explained how he thought the United States could diplomatically influence the present situation. Realizing that a major conflict between Russia and China would involve nuclear weapons, the speaker presented an analysis of the thesis of a book entitled, The War Between Russia and China, 1970, written by Harrison Salisbury, Assistant Managing Editor of the New York Times. The speech and the speaker were well received. A question and answer session followed.

ROTARY CLUB NEWS

Reported by John Knapp

Art Olsen of Sebring took us, last week, on a world tour via color slides! In retirement he and his wife have followed their interest in geology, especially that portion devoted to precious stones. This has taken them thousands of miles to the far-away places, many little known, in search of costly metals and stones.

Art's talk was divided into the subjects of his quest: Gold, silver, precious stones, climaxing with diamonds. Interesting shots of old gold mines of our Southwest and Mexico actually made you taste the ancient dust and heat. But there were visits to Thailand, South Africa, New Zealand, too! Silver was sought in some of the same places, but with the Indian country of Arizona adding interest to us tourists who have seen the beautiful jewelry sold there.

Art's camera caught the mystery of Grand Canyon, mountainous Arkansas and the Painted Desert. The latter where petrified wood is carved into stone articles of great beauty.

Turning to the Orient, we saw the story of cultured pearls in Japan, attractive shells in Fiji. Many pictures showed the use of precious metals and stones in the palaces of the far East, as well as in Latin America. Rubys from the mountains of Kenya and black opals from Australia were included in the tour.

The final stage centered on the diamond mines of South Africa and Rhodesia. Here, as in other areas where the natives work for the white management, workers receive 90¢ a day and work for six months at a stretch and are off for a similar period.

A lavish display of precious stones and metal objects was available on a table at the rear of the dining room. We thank Bob Gay for another fine program.

Seven Members of Track Team Qualify For State Meet

An unexpected, thrilling first place finish by the Avon Park mile relay team in the Class B District 7 track meet held in Fort Meade last Friday evening gave the Red Devils third place in the meet and helped qualify seven boys for the state meet that will be held in Winter Park tomorrow (Friday).

Red Devil junior distance runner Joe Dalton continued to break the Avon Park school record in the two-mile run as he took first place in that event with a time of 10:55.7, and freshman Eugene Sneed also qualified for the state completition with second place in the two-mile run with a time of 11:02.2.

Also taking a second place finish to qualify was Walter Nunnallee with a time of 16.0 seconds in the 120-yard high hurdles behind Mark Wilson of Frostproof. Nunnallee is senior captain of the Red Devil squad and he also was a member of the winning mile relay team.

The other qualifyer for the state meet was Joe Franza who placed second in the 880-yard (half mile) run with a time of 2.07.1. Joe finished behind Ming of Fort Meade.

The Devil mile relay team which surprised the entire field of nine teams, was made-up of Arnold Davis, Walter Nunnallee, Winky Hall and Sam Dasher. The boys just were determined to qualify and turned in an outstanding effort to take first place in the final event of the meet to score 53½ points and take third place behind Fort Meade who had 116½ points and Frostproof which scored 82 points.

Finishing fourth in the meet, which is mainly concerned with individual qualification, was Mulberry with 35 points. Zephyrhills took fifth place with 21 points, Riverdale of Ft. Myers was sixth with 27 points, Santa Fe was seventh with 22 points, Lake Placid finished eighth with nine points, and Alva was ninth with three points.

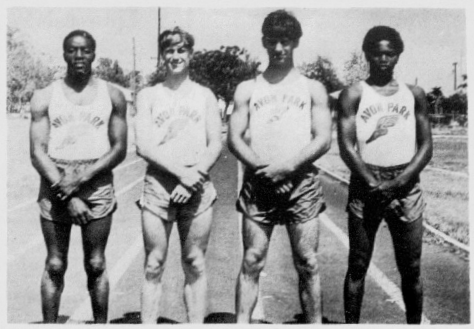

Other Red Devils scoring points for Avon Park but not qualifying for state competition were Jim Magenheimer who tied with two other boys for third place in the high jump with a 5' 6" effort; Winkie Hall with an 11' pole vault which was good for third place; Sam Dasher with a 52.9 second running of the 440-yard dash and a third place ribbon; and Walter Nunnallee with third place in the 180-yard low hurdles with a time of 21.5 seconds.

Scotty Gust added three more points with a fourth place finish in the mile run which he ran in an even five minutes.

Coach Chet Brojek will take eight boys to Winter Park to the Class B state meet leaving Thursday night for the Friday meet. Along with Nunnallee, Davis, Dasher and Hall will be alternate Jim Magenheimer for the mile relay team and then Dalton and Sneed for the two-mile run, Nunnallee in the high hurdles, and Joe Franza in the 880-yard run. Hopefully some of the Red Devils will bring home a first from the meet tomorrow.

Much credit is due to the boys on this years track team for the individual effort expended to make the mark the team has made under the enthusiastic coaching of Chet Brojek. Coach Brojek says it is the best group of boys he has coached and praised the ability of the boys to work out on their own this season.

Avon Park is one of the few schools which does not permit boys to participate in both track and baseball, so the track team is somewhat smaller than other schools but has made up for that with just plain hard work and enthusiasm. Congratulations to the Red Devil track team and its coach for a fine season.

ARNOLD DAVIS, Walter Nunnallee, Winky Hall, and Sam Dasher will represent Avon Park at the Class B state track meet in Winter Park tomorrow (Friday) as the mile relay team. These four boys finished first in the Class B District 7 meet in Fort Meade last Friday. Jimmy Magenheimer will go as alternate for the team.

Zeno Warner reported that his grandson near Orlando picked up two well-dressed hitch-hikers a week ago. They demanded his money and beat him until he was unconscious, threw him into a lake and drove away with his car. Some man happened to see them throw him into the lake and rescued him immediately and took him to a hospital. He may lose the sight of one eye. WARNING — Do NOT pick up hitch-hikers.

The program was as follows: Song — America The Beautiful; a talk on rescue from drowning and rescue from fallen power lines by Nancy Shay; member of Women's Activities Committee; Forests and what they mean to Florida by J. What Is Cause Of Pollution?

America is not the first country to suffer from pollution — from the decay and destruction of its natural resources and wild life. This scourge, in fact, is far from a product of the 20th century. Indeed, civilizations prior to the Industrial Revolution by over 2000 years also encountered the environmental dilemma.

Here is a quotation from an ancient document: "Therefore shall the land mourn, and everyone that dwells therein shall languish, with the beasts of the field and the birds of the heavens; yea, the fishes of the sea shall also be taken away."

This prediction of ecological disaster was made by the prophet Hosea (Hosea 4:3) around 725 B.C. Anyone interested in his environment will profit from a study of the causes of this ancient crisis. The same factors are present today in the United States.

The causes indicated by Hosea's "therefore" are these: "There is naught but swearing and breaking faith, and killing, and stealing, and committing adultery; they break out, and blood touches blood."

Simplistic? Not at all. Hosea it not moralizing; he is giving the hard facts.

Interdependent Factors

We all recognize that the successful functioning of a nation, state, or town depends on the strength and stability of these factors: government, business, and natural resources — also labeled politics, economics, and ecology. These three exist in an interdependency, like a triangle. No one factor can remain strong without the other two. Hosea is explaining that this three-part interrelationship is incomplete.

A better conception might be a pyramid with a triangular base. Government, business, and ecology are indeed interdependent but, above them all and influencing each one is, according to Hosea, moral law. As moral laws are ignored, all aspects of society weaken. Isn't proof of this abundant?

False promises have been made by industries to repair environmental damage — and by governments to enforce legal restrictions. People who consider themselves upright citizens daily demonstrate their lack of concern for personal commitments and responsibility by littering. Perhaps I seem "picky," but Hosea charges that we all show the same immoral attitudes that cause murders and thefts.

Basic Cause

Our national problems result from these immoral attitudes. These are, Hosea indicates, the cause of rioting — when "blood touches blood." The immorality of Israel came about, according to the words of Hosea, because "there is no truth, no goodness, no knowledge of God in the land." The "credibility gap," segregation, crime, are only symptoms of more basic weaknesses.

Failure to resolve our basic problem of immoral attitudes will ultimately lead to political, economic, and ecological death.

Listen to these words of the Lord, spoken through Hosea: "My people are destroyed for lack of knowledge. Because you have rejected knowledge, I will also reject you. . . . seeing you have forgotten the law of your God."

The unit of living matter called a cell was discovered by Robert Hooke, who saw the walls of plant cells. He called each unit a "cell" because many of them looked like tiny prison cells.

Mrs. Hemphill Retiring After 40 Years Teaching: Is Honored

The Leon Garner home on Lake Verona was the setting for a dinner given Sunday, May 2, to honor Mrs. H. C. Hemphill, who is retiring after 40 years of teaching. She has taught first grade at Avon Elementary School for the last 16 years. Cohosts for the dinner were Mr. and Mrs. Devan Reddick, Mrs. Hemphill's niece.

Special guests to help make the occasion a memorable one were Mr. Hemphill, their daughter, Ouida Gambrell, her husband John, and son Randy of Arcadia.

Other fellow Mississippians attending were Mr. and Mrs. Robert Watts, Miss Joy Criner, Miss Sharon Bowie, Miss Lexie Harper and Miss Marion Foster.

Mrs. Hemphill was presented trivets an a Bone China cup to add to her collection.

An afternoon of visiting, swimming, and skiing followed the buffet dinner served on the spacious patio.

Mr. and Mrs. Hemphill have known Mrs. Garner since she was in the third grade at Summit, Miss., where Mr. Hemphill was superintendent of the school there. Mr. Garner was a student as East Mississippi Junior College, Scooba, Miss., when Mr. Hemphill was Dean of Instruction.

Avon Mobile Home Park News

By RUTH E. ROBINSON

We are getting to the end of the departures of our Winter guests and we bid goodbye to the following: Mr. and Mrs. Raymond Fries who left on Tuesday with their son, David, who paid them a surprise visit last week. They picked him up at Orlando airport on the previous Sunday as he arrived from Pattersonville, New York.

Mr. and Mrs. Albert Keyes will be going to their home in Coldwater, Mich. ond Wednesday. Mr. and Mrs. Forrest Wiederman are hoping to leave here on Tuesday A.M. also. Then on Thursday Mr. and Mrs. Earl Baxter leave for New York State.

John Wolfe and Lawrence Robinson have been busy bees, installing the new rubber backstops on the shuffle courts and also repaired the rubber squeegie, in preparation for next season.

A speedy recovery is wished to Mr. Alva Thompson from his recent surgery, and we are happy to hear that Hasel is now able to eat at the table with her family. Keep up the good work dear friends.

It was a relief to friends of the Harry Burnetts to hear of their safe arrival home in spite of the burning of their car on the way North. They were able to save their luggage, and the car was replaced.

Our sympathy goes to Mr. and Mrs. Walter Douglas who arrived home safely, but soon learned of his mother's illness; which was followed by her passing away on April 12.

Through correspondence, we learn that Mr. and Mrs. Louie Shoemaker are home; Mr. and Mrs. Floyd Stevens are back in Michigan; Mr. and Mrs. Harry Brown stopped to see his son for a visit, but they, too, are home in New York State. Mr. and Mrs. Basil Krontz said they had cold weather and rain with hail, which was big enough to shovel! The trip up to Butler, Ind. was a good one for them. Mr. and Mrs. George Bearrs report that they have some corn planted on their farm in Rochester, Ind., but are now waiting for more good weather after snow and sleet. Merceda and George visited with the Murphys, Goodmans, Byrers, Millers, Thompsons and Margaret and Bill Belcher.

Dr. and Mrs. N. H. Davis write that they are home after one of their Airstream Rallys to South Boston, and they had a grand time. The next rally will be in May to Ashland, Va. for three days; Roanoke, Va. in June for a week, and then they go to Salem, Ore. for the rest of the Summer, enjoying every minute of it.

Mrs. LaRue Longanecker spent the weekend with her nephew and son and wife; all from the Longanecker family. Don and Martha live in Ocoee and they visited with her nephew in Homosassa Springs. A delightful day was spent with boats, fish and just enjoying the beautiful scenery of that area. Her nephew, Carroll Longanecker with his wife and son, Jerry are planning a long trailer trip to Canada, across the King's Highway to the West Coast and South, then back East to their home in Homosassa Springs, by Autumn.

A very good way to correspond is by tape recordings; Ham and Nita Byrer sent one to Emmette and Sallie Wright this week, and we had the privilege of hearing the Byrers at work on their tractors, with sound effects,, as they told of their activities: plowing all their ground, family get-togethers, church progress and of course, glad to be home but missing all their good friends in Avon Park.

Walker Memorial Hospital Holds Disaster Drill Last Wednesday

Wednesday afternoon, April 28 the boiler room of Walker Memorial Hospital became the scene of a make believe disaster. Six students from Highlands Lake Junior Academy were the supposed victims with multiple bruises, burns and broken bones.

At approximately 2 o'clock Herb Carithers, Chief Engineer for the hospital, telephoned the switchboard and reported that there had been an explosion in the boiler room and he needed help immediately. Almost instantly employees from all areas of the hospital rushed to the boiler room to assist the simulated disaster victims. Within a matter of a few minutes the victims were removed from the boiler room to the emergency room where Doctor C. J. Larsen attended their injuries.

All that participated in the disaster drill were treated to punch and cookies in the hospital cafeteria after the drill was over.

The hospital is required by the Joint Commission on Accreditation of Hospitals to stage at least two disaster drills during each year. The purpose of the drills are to familarize the employees and staff with the disaster plans of the hospital in the event there is an actual disaster in Highlands County.

Thinking about building?

Here's a GOOD DEAL!

It's not the kind of deal you'll find with just any builder . . . it's completely out of the ordinary. But it's the kind of deal that will allow you to afford the home you think you can't afford . . . to build on your property that home with all the room you've always wanted . . . and to build it NOW.

If you are an economy-minded person who is handy with tools . . . if you know how to drive a nail, paint a room, and have an ordinary, common-sense ability to work with tools, you can save many, many dollars by letting Jim Walter build the hard part of your new home . . . build the outside completely . . . then as much of the inside as you say. Then you take over and finish the rest yourself. Do as much as you can. The more you can do, the more money you can save.

OVER 20 MODELS • HIGH QUALITY • LOW COST

The purchase price is LOW but this doesn't mean you'll sacrifice quality. Jim Walter-built homes incorporate high quality construction methods and low maintenance materials. Our heavy duty roofing, hardboard "wood made better" siding, and all aluminum windows are "rugged" materials whose quality cannot be questioned. You can pay more for your home, but you'll have a hard time getting more for your money than with Jim Walter Homes.

INSTANT MORTGAGE FINANCING to qualified property owners

We finance the homes we build, so get complete facts and the cost of any of our models built on your property right away. Fill in the coupon and mail today.

Members Urged To Attend C of C Meetings

At the last meeting of the Chamber of Commerce a letter was read from the County Commissioners asking the Chamber to submit a budget request by May 17. This will enable the Commission to include it in the proposed budget for the fiscal year of 1971-72.

A half page ad was agreed upon for the Winter Guest Club shuffleboard magazine. The Chamber takes an ad in this magazine each year.

It was voted on to have meetings just once a month for the months of June, July and August. This will be the first Thursday of each month at 8 P.M. and for the Summer months only. The Board of Directors meetings are open to Chamber members and all are urged to attend.

A discussion was held on the membership dues to the Chamber and it was noted by the directors that some of the members have not sent in tehir yearly dues.

GRADUATES OF South Florida Junior College received their AA and AS degrees during the Spring graduation ceremony held at the South Florida Junior College Amphitheater. First row, left to right: Marty Simmons, LaBelle; Diana Youmans, Wauchula; Nancy Payne, Sebring; Deborah Brines, Albion, Ill.; Carla Rice, Sebring; Mary Ruth Knight, Sebring; Robert Holt, Ona; Yvonne Smith, Clewiston; Linda DeLaney, Avon Park. Not shown, Emily Rowland, Avon Park. Second row: Robert Germaine, Sebring; Pedro Cifuentes, Bogata, Columbia, S. Athletic Association To Hold Free Barbecue for Parents, Fans

The Avon Park High School Athletic Association's annual Spring sports supper will be held tomorrow night (Friday) at Horse Hammock at 6:30 P.M. and will honor all members of the basketball, baseball, track, and golf teams.

The supper will be a barbecue and the association will furnish the meat, drink, and eating utensils for all parents, team members and friends if each person or couple attending will bring one covered dish. There will be no charge for the meal except the one covered dish.

Everyone interested in honoring these fine Avon Park athletes is invited to come to the affair. There will be music furnished by a group, and after the meal there will be square dancing and round dancing for those who care to participate. Come on out and join the young folks in an evening of food and fun at Horse Hammock off the Bombing Range Road.

National Guardsmen Will Return Home Saturday

National Guardsmen from this area are expected to return home Saturday. Battery B of Second Battalion, 116th Howitzer, left the armory in Avon Park early on May 1 and are due back at the armory by midday Saturday.

The annual field training for Battery B is being carried on at Ft. Stewart, Ga. The first week was scheduled for bivouac with the unit in intensive service practice for the Army Training Test.

Traditional inspection in ranks was set for Saturday morning. During this week the National Guardsmen will go to the field each day, but they will be quartered in barracks on the base.

A 26-hour tactical field problem was scheduled to begin on Tuesday and by late today (Thursday) the trainees will begin preparations to start home.

They will leave Ft. Stewart early Friday and arrive back in Florida by Friday night, then home on Saturday.

At the close of the 1970 field training perior Battery B earned a citation as Florida's best National Guard unit.

Paul Gentry Wins Cancer Tournament

Winner of the Avon Park Cancer Fund Tourney at the city's Pinecrest course on May 8 and 9 was Paul Gentry. Paul had an all time personal low of 80 with a net of 71. Pete Peterson and John Giddens tied for second with a net low of 72. The real winner, however, was the Avon Park Cancer Fund. Harry Hood, president of the Avon Park Golf Association presented the fund's director, Art Wilhite with a check for the aggregate of donations made by participants in the tourney.

Last Tuesday's scotch two-some event was taken by Eloise and J. C. Walker with a net low of 27 for nine holes. Wednesday's pro-am event best ball winners comprised a team of Al Sanders, Carl Utz, Don Serdinski and Jim Fann. Their winning score was a remarkable low net of 54 or one stroke per hole under par for 18 holes.

City Faces Loss of Ambulance Service

"As of Tuesday night I am discontinuing my ambulance service," Claude Lee told the council at Monday's meetings.

This will leave the city without any service for emergencies. The council will try to convince some other party to take over the service. It was suggested that the police and fire departments take over and serve the city with an ambulance. This was not considered due to the men that would be needed to be on 24 hour duty and also that there are not trained men to man the ambulance.

Lee reported that the service was running at a loss and quoted figures for an eight week period. It cost $1,200 for labor and gas, with a total of $620, as the money for the service of this only $304 had been paid. Lee also said that most of the fees that were owed to him were not collectable. The cost of the service is so much greater than the renumerations that it is impossible to continue the service.

Lee went along with the council to hold open the service for a few weeks with the council agreeing to compensate Lee for those that do not pay for the service until they could find some other arrangements to continue the ambulance service in the community. This however, will be limited to the city limits. The fees for any other use of the service will not be paid out of taxpayers money.

It seems that in a community the size of Avon Park that the citizens of the community could not support through subscription an ambulance service. This has worked in other cities and it can work here. It will take the backing of the entire population of the city for the funds necessary to keep such a service in activity.

It could be run through the fire or police departments, and run through a board of some type. Why not make this a community project and all get together to help serve our community with the ambulance service that is needed here.

Developers Tell Council About Attraction

Talbot Lewis, speaking to the Avon Park City Council Monday night, said he expected to start development on the proposed Desert Gardens Natural Park, in hopes that it will be finished by late Summer.

The proposed park will be located on the Avon Park cut off road just South of Frostproof. It is planned to erect a tobogganing slide, flying saucers, and sand climbs and other facilities. A panarama of Winter sports in Florida with the sugar sand being used as a snow feature.

There will be 120 acres turned into a wonderland of beauty with its natural beauties being enhanced by man-made islands and floral gardens but yet preserving all of the natural beauties of the area. Lewis and his associates Gen. Henry Wolfinberger of Winter Haven and Henry Nafziger, of Davenport, incorporated Desert Gardens and were the developers of Orchid Springs, near Winter Haven.

There was some opposition to the proposed site and neighbors spoke out against the development and wanted the area left as it was and not changed in any way. Lewis asked for a hearing and the zoning change was granted to Lewis, with the promise to residents in the area that they would continue to use their property in the manner that they are using it at present. There will be no infringement on the agriculture that is prevalent in the area. It was assured that there would only be the 120 acres used for the recreation facilities that was in the plans that Lewis submitted to the board.

CITY OF AVON PARK

New Postal Rates Will Go Into Effect Sunday, May 16

New, higher postal rates go into effect Sunday, May 16 Avon Park Postmaster Robert Young today released the new rate schedule which boosts the cost of first class mail from six to eight cents for the first ounce.

Air mail charges for first class will go up to 11 cents, and post cards will cost six cents. Air mail postals will go up nine cents.

Other rates increases too. Special delivery, for example, will jump to 60 cents.

Substantial increases go into effect for second and third class mail. The only increase in fourth class mail is for the book rate. Parcel post rates are unchanged.

A group of publishers had sought an injunction to halt the raises. Federal Judge William B. Bryant refused to issue that injunction Tuesday. The publishers have stated that they will appeal the ruling but their actions will not interfer with the new rates going into effect on Sunday.

The rate increase has been authorized on a temporary basis until the newly created Postal Rate Commission can make recommendations to the governors of the Postal Service on permanent changes.

STAMP SALES SOAR

Documentary stamp receipts in Highlands County during the month of March were $23,080 and the sur tax collections were $4,432. The collections for the whole state were $3,866,576

HUD Officials To Meet With Councilmen

At the Avon Park City Council meeting Monday night it was unanimously agreed to purchase a E-Z Pack refuse body for garbage and truck at a cost of $6,995. The purchase will be subject to a six month warranty.

A report on a meeting in Atlanta, with Duan Zussy and other HUD officials was given by Don Serdynski, who with Mayor Barben and Emory Dawkins attended the meeting. He reported that they emphasized the importance of planning and an announcement of a conference in connection with HUD is planned for May 21 when George Gould would be here and meet with city officials.

A motion was made by Jack Duggan and seconded by Durrah Martin and unanimously carried that the city file application for federal grant for the sewage treatment works.

A 24,000 BTU air conditioner will be purchased from Long and Sensenig at the cost of $359.95, to be installed in City Hall and the one used in that room now will be transferred to the fire dept.

Permission was granted to Mr. and Mrs. W. E. McCullough to open their furniture store in the building on W. Main St.

A check will be made with Florida Power Company concerning the electric bill that was presented to the council by the Highlands County School. The bill was for $425.13 accumulated since June of 1967. This bill is for the electricity of the golf shed at the city golf course and was mistakenly billed to the school.

Wayne Bass, sewer plant operator was granted a raise which brings his salary up to other salaries of $99 per week. Until now he has been on a probationary period.

Approval of the one cent gas tax increase and the two percent increase in resort tax but against collective bargaining will be voiced to legislatures with a telegram.

The Kelly lot on S. Verona Ave., which is littered with cars and brush on it was referred to the police department to be warned of clearing this lot or arrest will follow. Also the parking of cars on the railroad right away by Mid-State Printing is under investigation.

Council Raises Garbage Rates To $2.00

With the reading of ordinance 533, for the third time, the rates for garbage collection will be increased as of June 1. The increase was voted on by the Council on April 12 and the first and second reading of the ordinance was read on April 26.

The increase in rates will be in effect for residential only however their will be included in the increase the apartments and trailers who until now received special rates. The increase will be from the current rate of $1.25 to a flat rate of $2 per month.

This increase was a necessity in order to keep up with the increase in expenses that have incurred with the department. The garbage removal has been operating in the red for some time. With the purchase of a much needed truck for this service the additional rate increase will help to defray the cost and operating expense of the department.

Along with this increase the reading of the ordinance 534 was read for the third reading and the change in water meter service will also take effect on June 1. The rates here will effect the reconnection of meters following a disconnection for nonpayment of bills the fee will now be $3 for the first time and $5 for subsequent trips, and $5 for after hour service. There will also be a $5 charge to replace a meter. There will be a increase in the deposit connection of new meters or meters that are turned off for non-payment this increase will be from the present $10 to a deposit of $15.

These increases in both cases were discussed and were only set when it was found that the City was losing on both the garbage and the water meters. All consideration was presented and it was only then that the council agreed to increase the fees for the services.

College To Offer Law Course

South Florida Junior College is offering to the law enforcement officials in Highlands, Hardee and neighboring counties a course in the operation of the Breathalizer machine.

The Breathalizer machine is an integral part of the State's Implied Consent Law. This machine allows testing of a person who is suspected of driving while drinking without any pain or embarrassment as might be expected through a blood test or urinalysis.

Trooper Robert P. DeLaney is the instructor. The class will be offered from 8:00 A.M., to 12 noon daily for two weeks. An identical class will also be taught from 6 to 10:00 P.M. This will allow law enforcement men to perform their normal functions and if a day in court or other is required, they will be able to make up the class at that time.

This course is another in the pursuit of a cooperative effort between South Florida Junior College and local criminal justice officials to provide proper training at times of need.

Local Schools Receive $35,252 From State

Highlands County has received $35,252 as its share of the final state school recalculation fund. State Comptroller Fred O. Dickinson, Jr., said the state has distributed $7.5 million to the counties with increases in school attendance this year.

Highlands County school finance officer Robert H. Stowell said the recalculation payments received during the 1970-71 year are "about 70 per cent of what we had expected to receive from this source."

Armed Forces Day

Saturday, May 15, is Armed Forces Day. No matter how we may regard the military service, we cannot disregard the fact that there are nearly three million young Americans who are in it. They are there because their fellow countrymen passed the laws requiring them to serve. Apart from our colleges, these young men and women make up the largest concentration of young adults in the nation.

They are doing a difficult job, and a job that has become increasingly unpopular. We all agreed that it was right a generation ago to fight the Nazis, but when we started fighting Communists in Korea and Vietnam, a lot of people, particularly in the media, had mixed feelings.

America is not the leader of the Free World because we volunteered for it. The job was thrust upon us by historical events. All over the United States, in dozens of foreign countries, on the oceans of the world, our young men and women are serving. More than 50,000 have lost their lives in recent years. Countless thousands more have suffered injuries. The loneliness and danger, the hardships and temptations they must live with are difficult to visualize.

We pray for the day when our military might will no longer be such a necessity. We work and hope for the time when we will have an honorable ceasefire in South Vietnam, as we have had for 18 years in South Korea. Meanwhile, we reach out in spirit and understanding to our young servicemen who must bear our nation's burden.

Avon Park Track Team Places Sixth In State Meet Friday

Avon Park's senior half-miler Joe Franza and the Red Devil mile relay team of Arnold Davis, Walter Nunnallee, Winky Hall, and Sam Dasher brought home medals from the state track meet held in Winter Park last Friday with sixth place finishes in both events.

Franza won his medal with a time of 2:08.5 for sixth place in the 880-yard run against a field of 16 of the best Class B halfmilers in the state.

The Devil mile relay team ran its best time of the year—3:33.2—but that was only good enough for a sixth place finish in the Class B competition which set some sizzling times this year.

Other Red Devil runners who competed in the state meet were Joe Dalton who finished seventh in the two-mile run with his best time and another school record—10:54.2; Eugene Sneed, a freshman, who came in eighth in the two mile run with his best time of the year—11:00.2; and Walter Nunnallee who was disqualified in the high hurdle race because he allowed his trailing leg to sweep the side of the hurdles.

The Red Devil track team turned in an excellent performance this season and Avon Park fans may well be proud of the boys who represented this community in the state meet as well as in area competition. Two new school records were set this year as Joe Dalton cut the two-mile time down to 10:54.2 and Harold (Winky) Hall broke the pole vault record with an 11 foot jump.

Coach Chet Brojek announced this week that Winky Hall will receive the "most improved" trophy this year and captain Walter Nunnallee, who scored a total of 96 points, will receive the "most valuable" trophy.

The track squad will lose eight members by graduation this season but has a good group of boys returning to build on for next year.

County Citrus OK But Needs Rain

Tim Hurner, assistant Highlands County agriculture extension agent, said this week that dry weather continues to be the major problem to citrus growers here.

He noted that 40,000 acres of groveland is located in this county and that more than 65 per cent are equipped with irrigating systems.

The citrus agent said that the county is luckier than most in this respect and the biggest danger thus far comes from what he called "mid-afternoon wilt" of citrus tree leaves.

As yet, despite the county's desperate need for rain, he said, there is no evidence of leaf droppage.

He said there was very little cold damage along the Ridge and there is a good deal of bloom reported on young and old trees.

"But we desperately need rain," he said, "or the situation could be in for a drastic change."

Growers are hedging and topping and some are in the process of putting on nutritional or post bloom spray.

ROTARY CLUB NEWS

By BOB GAY

Rev. Robert Russell of Zephyrhills and formerly of Frostproof, talked to our club about Citizens Band Radio. All C B operators are licensed to use any one of 23 frequencies by " Uncle Charlie." Naturally this results in 23 party line conversations. Normally the range of a C B is 100 to 150 miles. Freak cloud formations caused by sun spots cause ship conditions and many times C B'ers find themselves talking to another C B at a point much further away. This leads to the use of "ship names" rather than call letters. Adding to the confusion to Uncle Charlie and lessening the probability of getting caught.

From Bob's stories it is apparent that the complex and meaningless rules and regulations surrounding the use of C B radio makes law breakers of anyone attempting to use C B channels. Apparently the rules pertaining to the use of C B radio are as hard to interpret as rules and regulations of the I.R.S.

In any case we enjoyed being told of the vastness of participation by C B'ers from farmers to doctors and preachers. C B radio is to be used for business only and we guess it takes the fun out when the law says no foolishness or pleasure—strictly business.

Tressell Says Verona Unsafe To Swim In

"Lake Verona, should not be swam in as the lake is not safe for swimming," was the report that Rev. Paul Tissell brought back to the council following his personel inspection of the facilities available at the lake.

Being very concerned about the safety of the lake for the swimming and children that use it, Rev. Trissell, spoke to the council at the last meeting and outlined a possible safety program, the council asked him at that time to submit plans for the beach area to which he complied.

The suggestion was that the beach be changed slightly to a better incline, that the area should be having the barrels filled with a substance that would keep them afloat and to anchor the corners. He also suggested that the lifeguards that are hired to work be on the alert at all times and that those that don't do the work they are hired for be let go immediately, for the lifeguards his suggestion was that a double seat be put in and a umbrella or some type of sun shield be put up to shield the sun. A 15 foot pole with a shepards hook for rescue work was also suggested.

In his concern for the safety of children and all swimmers, Rev. Trissell said that "if he had his way the whole beach should be put on off limits and no swimming at all but this cannot be done so let us make is as safe as possible for those that use the lake. In closing he also suggested that signs be put up to warn the boats and water skiers to keep far enough away from the bathing area.

City Donates $289.30 To Help Finance Summer Day Camp

A request from the Ridge Area Association of Retarded Children for the sum of $289.30 was granted by the Avon Park City Council when Charles Kempton and Mary Ellen Ward and asked assistance for their Summer day-camp program.

The Association is well known throughout the area for its fine work with the retarded and handicapped children and adults. Although they were granted $2,500 from the Highlands County Commissioners for these services they have expanded to the adult work activity and training and used these funds to further their work and must now seek funds from other sources to continue with their day camp.

For a county the size of Highlands they have shown a strong contribution to the recreational needs of the retarded. Their programs do require a strong staff and their need for directors and counselors is great. The Volunteers and staff need more help because the retarded require the personal guidance more than an average child.

The cost for the seven weeks have been approximately $160 per camper based on average attendance. State institutional care is approximately $550 per child for a similar period. In 1970 they served 22 retarded children, six of whom are residents of Avon Park, six from Lake Placid, and 10 from Sebring.

Since 1967 with only 12 handicapped children for Summer camp the gain up to 1971 is 26-30. The camp will be held at the St. Agnes Episcopal Church, Sebring and sponsored by the Ridge Area Association for Retarded Children. This is a seven week camp from 8 A.M. to about 2:30 P.M. There are 10 to 12 Junior counselors who have volunteered their services. The program will start in late June and run through August.

Fire Damages House On Verona Ave.

Evidence of children playing with matches was the cause of a bedroom fire in the home of Estella Manning of 1214 S. Verone Ave., Saturday. There were matches burned and unburned on the floor and it is believed that the children set the fire. The mother was not at home at the time the fire was reported. It is estimated that the damage was about $100.

Mrs. Nellis Joins Mental Health Center

Long-time state mental health worker in Highlands County, Mrs. Elizabeth Nellis, has joined the staff of Highlands Mental Health Center.

When the center opened on South Commerce Street last November, Mrs. Nellis was on sick leave, but she is back at her office in the county courthouse annex.

Dr. Brian Jordan, director of clinical services for the Mental Health Center, said Mrs. Nellis has assumed responsibility for many field services such as home visits to patients unable to come to the Mental Health Center because of transportation problems or sickness. She makes arrangements for living accommodations for patients who are about to be discharged from psychiatric hospitals.

Mrs. Nellis gathers social and family background information for competency hearings in court. Some of these cases are now being referred to Highlands Mental Health Center for further evaluation and treatment with the patients receiving care through the outpatient program of the Mental Health Center rather than being hospitalized in a psychiatric hospital.

Lions Club News

Judge Kelly, Speaker

The total membership was well represented at the May 4 meeting of the local Lions club. A fine dinner of escalloped potatoes, ham and rolls, topped off with generous helpings of ginger bread was a good starter for a fine evening.

President Acri noted an appeal from the local Boy Scout District for financial assistance. The Board of Directors authorized a contribution be made. The Board also took action to obtain a new stove for the Lion's den.

Four Lions were named to go to Miami on Saturday, May 15 to vote in the statewide election of officers. Those selected were Lions Dick Thayer, Dick Enoch, Walter Nierstheimer and Fred Hughes. Installation of new officers in the club will be held on Tuesday, June 1.

It is hoped that the new District Governor can be available to participate in the ceremonies.

Lion George Kelsey presented the distinguished Lion Judge Clifton Kelly as guest speaker for the evening. Judge Kelly gave a fine presentation on the subject of law enforcement and the role of various parties in the fight to reduce crime as a major concern factor in today's environment. He observed first that the job of the judge is to assure that the rights of every man brought before the court are protected during the whole process of indictment, trial and sentence. He also noted that law enforcement is a local problem in the sense that the public is providing treatment for a local occurrence.

Judge Kelly said he was convinced there was no one cure-all answer to the problem. He did say, however, that a definite potential existed for early recognition and treatment of persons with criminal tendencies. This lies mainly in non-formal court attached methods of reaching the individual, improvement of the environment by the family, the church and private organizations and, by a concentrated program in our public schools to teach respect for our system of justice.

Bill Owens Family Returns From Trip To Hawaii

Bill Owens, owner of Bill Owens Ford, Inc., won a trip to Hawaii for his family through outstanding car sales for the Ford Motor Company. Bill and his family would like to share their trip with you. To join other Ford dealers from all over the country, Bill, Carole and Mike flew from Tampa to Oakland, Calif., on April 24. The following day they boarded a World Airways chartered plane and flew to the island of Maui where they stayed at the Maui Hilton Hotel for five days.

There was planned entertainment for both the adult and youth groups, which included sailing, beach parties, ukelele and scuba diving lessons. Mike won first prize in a sand crab catching contest. A car was furnished for two days in order to tour the island. One of their most interesting tours was driving to the mountains to view the Haleakala Volcano. It is 10,000 feet above sea level and has been dormat since 1790.

On Thursday they took a small plane and toured other islands including Lanai, Molokia and Oahu. Lanai is owned by the Dole pineapple company and is approximately 15,500 acres in pineapples. Molokia, is known as the Leper Island where there are 150 lepers colonized at the present time. While visiting the island of Oahu, they were welcomed at the airport in Honolulu by Bill's cousin, Margaret Mock and daughter. Mrs. Mock's husband is stationed at Hickam Air Force Base.

She drove them to many places of interest including Wikiki Beach and Pearl Harbor. They saw the Arizona over which a concrete podium slab has been built and the United States flag still waves. There is also a monument there showing all the names of the men who were lost on the ship and the oil still leaks from the sunken ship.

They also visited the largest shopping center in the world which is located in Honolulu and has three different levels. On Thursday afternoon they returned to Maui. There they attended a banquet which featured a singing group of Hawaiian children from 10 to 18 years of age. The most impressive thing about the Owens' trip was a singing group showing how proud these youngsters were to be Americans. At the beginning of the program these youngsters announced that this group had gotten together because they felt they wanted to show people that there was still good kids in America who did not want to smoke pot or riot or demonstrate, but in their own way do their own thing to set a good example to others.

Some of the entertainment throughout their visit included guitar and ukelele playing hula dancing and many dances and chants depicating the history of Hawaii. They also attended a Hawaiian wedding which was held on the patio grounds of the Maui Hilton Hotel.

On Friday they boarded a charter plane with serenades, leis and pineapples, took off for Oakland. They then spent the night at the Hyatt House Hotel. A helicopter flew them to San Francisco the next morning and they boarded a plane for home.

One of the highlights of Mike's trip was obtaining the autographs of two players on the Detroit Tigers baseball team. Another interesting fact was that the island of Maui in certain regions gets from 300 to 400 inches of rain per year.

Kiwanis Hear Program On Drugs Tuesday

Reported by Jim Williams

At the Kiwanis Club Meeting on May 11th, Guy Adams, a member of the Avon Park Kiwanis Club, and his wife Mary Jean presented an unusually interesting program describing Smart Set/SmarTeen, International, Inc., an organization which began in California in 1967 with 15 young people leading the fight against drugs. Smart Set/SmarTeen now has 300,000 members in 1,200 public schools.

Guy introduced Mary Jean who took over the meeting with her presentation. She had a poster panorama on the walls of the meeting room. After the introduction a tape was played that told how the youth groups were organized in schools in an effort to make taking no drugs at all the "in" or smart thing on the campus. Art Linkletter of radio and television made a recorded presentation along with others who helped get the organization underway. Mrs. Adams told how Kiwanis Clubs through their main emphasis program, Operation Drug Alert, had acted as sponsors to many of these organizations in schools throughout the country. Copies of "Scene" newspaper, put out by Smart Set International, Inc. were passed to persons in attendance. Special guests of the Club were the newly elected officers of the Key Club from Avon Park High School. The Kiwanis Club of Avon Park sponsors the Key Club.

DAVE LLEWELLYN

God Is a Real Person

Is God human?

Of course not. Nobody believes that any more—if, indeed, anyone ever did. Some anthropologists are now claiming that even the ancient Greeks, whose deities like Zeus and Apollo were presented by Homer as human (all too human) beings with colossal powers—even the Greeks did not really believe their gods were anything but spiritual.

Christians have the clear teaching of John 4:24, "God is spirit," to confirm that God is not human.

But is it really that simple? What kind of being does Jehovah God appear to be in these words of His? "When Israel was a child, I loved him as a son and I brought him out of Egypt. . . . I trained him from infancy; I taught him to walk, I held him in My arms. But he doesn't know or even care that it was I who raised him. My heart cries out within Me; how I long to help you! No, I will not punish you as much as My fierce anger tells me to. . . . For I am God and not man; I am the Holy One living among you, and I did not come to destroy." (Hosea 11)

Human Traits

The concluding verse unmistakably states, "I am God and not man," but the remainder of God's proclamation seems to indicate differently. Jehovah says He has lived as a father to His people, raising them with personal care, even to the extent of holding them in His arms.

Also, Jehovah has felt emotion for His people as a personally concerned guardian, demonstrating compassion.

In these ways, is Jehovah not like a man? Yes and no. Applying these human traits to God is called anthropomorphism, and anthropomorphism is any expression which pictures God with a body like a man's. The Bible uses these poetic metaphors, all theologians agree, to make God and His power seem closer to our limited human reality. This is so; yet actually there is far more reason than that to picture God with human qualities.

Jehovah is a person. Jehovah does not have a human body, no, but He has the qualities of mind, emotion, and value that make Him a person. In this sense, a man is like God and God is like a man.

Showing Love

When Jehovah says He loved Israel as a father, metaphor is being used, certainly—the nation of Israel was never literally an infant—but Jehovah is not saying merely that He controls history or causes plants and animals to grow. Jehovah is explaining He influenced the life of Israel personally.

In specific historical events such as the crossing of the Red Sea or the giving of the law on Mount Sinai God attended to Israel personally. God further showed His superiority as a divine Person, and not merely a man, by responding to Israel's rejection with not wrath but compassion.

In the person of Jesus Christ, and in the specific historical events of His birth, death, resurrection, and presence in heaven, God is telling us today that he has a personal interest not only in Israel but in each human being on earth.

It is no mere metaphor: God personally loves you.

Four Attend Exceptional Child Meeting

Highlands County had four representatives at the International Convention of the Council for Exceptional Children held in Miami Beach.

Miss Lillian Depp, Mrs. Jean Moore and Mrs. Marie Anderson of the county school instructional staff and Mrs. Betty Carlisle of the state's vocational rehabilitation staff in this area attended the sessions.

A primary interest at the convention this year was ways to help a child with learning disabilities to learn. Miss Depp pointed out these children often are mistakenly labeled retarded.

She said Highlands County schools are improving way of dealing with these children to help them overcome their handicaps.

Avon Mobile Home Park News

By RUTH E. ROBINSON

Honoring their wedding of 55 years ago on May 7, 1916, Mr. and Mrs. Arthur Fouty entertained at dinner on Friday, May 7, 1971, the Rev. Clifford Dance and Mrs. Dance. Rev. Dance is the minister of the First Christian Church of Avon Park and close friends of the Foutys.

A cake and beautiful flowers were sent to Jennie and Art by their daughter and husband, Mr. and Mrs. Walter Hood, with loving wishes for their parents to have a very Happy Anniversary with their friends in Avon Park, as they couldn't be here. A generous thought entered Jenny's mind as she started the ball to rolling for an "open house" on Saturday from 2:00 P.M. to 5:00 P.M. Mr. Emmett Wright made an announcement on the P.A. system regarding the happy event. Visitors and well wishers to the Arthur Foutys included: Mrs. Gladys Gieb, Mrs. Mildred Shearer, Dr. N. W. Field, Harry Jordan, Rosa Bennington, Hazel Clemens, Charles Clemens, Florence Young, Sallie Wright, Emmett Wright, Walter and Fleurdina Coady, Lula Maddrell, Bernice Tingler, Mr. and Mrs. Roy McCutcheon, Martha and Bob McBeth, Nellie and Lewis Becker, Edna and John Wolfe, LaRue Longanecker, R. Ella Boenneburg, Mr. and Mrs. Charles Brush, Bob and Lucille Duthie, Maude Nieukirk, Ora and Ruby Myers and Lawrence and Ruth Robinson.

A delightful dinner, in the evening, was shared with friends, Saundra J. Alderson and Bernice Alderson, who have adopted Jennie and Art as "Grandmom and Grandpop." This was an eventful and memorable day for all of those who participated in this Happy Day!

Mr. and Mrs. Wm. Tingler of Palm Harbor visited his mother, Bee Tingler for Mother's Day, then left for a trip to the Keys for a week. A letter from Mrs. Orval Marshall to Bee states that he is about the same; in a very nice nursing home, and they miss their friends in Avon Park.

We hear by mail that Ginnie Roth is feeling a little better since her stay in the hospital of over two weeks for tests and observation, but she still feels better in bed. We do want you to take it easy, and get well quick, Ginny. We appreciate your wishes to us "lonesome" people as we miss you, too.

Mrs. Hickey had a pleasant visit on Thursday with her son-in-law, Merrill Friend of Bayville, Long Island, who came down for the Florida Newspapermen's Convention.

Word from Bess Raas states she is feeling much better. She plans to spend the Summer at her cottage in Northern Wisconsin and said she has her arm pointed toward Florida for next Fall. That is good news, Bess!

Mrs. Lois Kalb reports that she arrived in Elkhart, safe but the weather is not so good as she is used to in Florida!

Visiting the Herman Youngs during the past week were: Kathryn Young of Grand Rapids, Mich., who is Herman's daughter; Marcia Young, granddaughter of Paw Paw, Mich.; Joan Possett and her daughter, Theresa, also of Grand Rapids. They spent four days at Sanibel Island and visited Busch Gardens, Cypress Gardens, Bok Tower, The Bounty, and Kapok Tree Inn. Herman and Florence left on Sunday for their home in Allegan, Mich., with Paul Clark, Florence's grandson. They are stopping enroute in Gainesville area to visit Paul's parents, Mr. and Mrs. Norman Clark and Flo's son, Dean Powers.

Shopping days are starting, again! Bertha Brush, LaRue Longanecker, Bea Tingler, Francis Blesser and Lula Maddrell spent the day in Winter Haven for that purpose.

Mrs. Bland Nieukirk, Mrs. Mildred Tingler and Mr. and Mrs. Lewis Bigger celebrated Mr. Bigger's birthday with dinner at Winter Haven on Sunday.

Mrs. Geraldine Nichols of De-Land, arrived on Friday to spend a few days with her parents, Mr. and Mrs. Louis Becker.

LaRue Longanecker enjoyed Mother's Day weekend with her son, Don and his wife, Martha Longanecker from Ocoee.

Mrs. Mildred Shearer and Mrs. Gladys Gieb are leaving this week for North Canton with Gladys' daughter-in-law, Mrs. Jack Gieb, who arrived Monday to take her mother home.

A safe trip is wished for all our traveling friends who are going home, Mr. and Mrs. Robert McBeth will be leaving Tuesday morning for Upper Sandusky, Ohio.

A letter from Gladie and Forrest Wiedeman tells us they had a good trip with restful nights and arrived home safetly on Thursday. They were welcomed home with the house all clean and in order by their two granddaughters; also a prettily decorated 12x15 cake from dear friends with a time of warm and genial fellowship.

A card from the Vatican's Gardens in Rome, where Elizabeth Clarke and Beulah Winkler are now enjoying the experience of viewing historical sites of our Christian faith, was very much appreciated by the Lawrence Robinsons.

Mr. and Mrs. Robert Allwood spent the Mother's Day weekend with his mother, Roberta. John Allwood also visited his mother on Tuesday.

Mr. and Mrs. Charles Brush entertained their son and his wife, Mr. and Mrs. Albert Brush from Virginia Beach, Va.

Mr. and Mrs. Floyd Stevens arrived home in Allegan, Mich., on Friday afternoon after a visit with their daughter in Mobile, Ala., and a stop in Rochester, Ind., for a chat with George Bearss. They learned that Hazel and Alva Thompson are both doing nicely, and Alva should be home by now.

County Receives Honors For Seal Drive

Highlands County has taken top honors for its contributions to the 1970 Christmas Seal drive. The award for first place among Florida counties with population of 25,000 to 50,000 was presented at the annual meeting of the Mid-State Tuberculosis and Respiratory Disease Association.

The meeting was held in Bartow last week. Mrs. Mabel Thompson of Sebring accepted the Highlands County award.

Total giving from Highlands to the Christmas Seal campaign exceeded the goal set for the county. For several years this county has surpassed its goal. Mrs. Thompson also pointed out that 3,519 persons had been served by the mobile X-ray unit in the continuing program of respiratory disease discovery.

During the Mid-State Association's business meeting Ted J. Ward of Avon Park was elected president of the association which includes Polk, Hardee, DeSoto counties as well as Highlands.

Mrs. O. K. Stringer of Wauchula was elected first vice president; Bruce Crawford of Bartow, second vice president; Mrs. Sam McCollum of Sebring, secretary, and Edward C. Till of Bartow, treasurer.

Highlands County residents attending were Mr. and Mrs. Ward and Mrs. Hazel Bolton of Avon Park; Mrs. Thompson and Miss Frances Stevens of Sebring; Mr. and Mrs. Marshall S. P. Pollard of Lake Placid.

Social Security Questions And Answers

Question—I have been drawing social security retirement benefits since I was 62 and I am now 68. I have recently had a stroke and am confined to my home. Will my checks be increased now because I am disabled?

Answer—No. The amount of your checks will remain the same. Anyone over 65 can only receive retirement benefits, since disability benefits are only for those under age 65.

Question—I have a child who has been totally disabled since he was injured at age 17. Will he be eligible for benefits when I retire, even though he will be over age 18 and not in school at that time?

Answer—Yes, children whose total disability begins before their 18th birthday are eligible for benefits when their parents retire, as long as their total disability continues and they are not married. Be sure to mention your child's disability when you phone your social security office to file your claim for retirement benefits.

Avon Youth Draws A Two Year Sentence

A two-year prison sentence was meted out to an Avon Park youth when he appeared in circuit court last week. Henry Clay Moore, 17, had pleaded guilty to auto larceny.

When he appeared in circuit court in April, Moore broke away from sheriff's deputies as he was being moved from the courthouse to the jail. He was caught a short distance from the jail.

George Lawson, who had been charged with escape, was also sentenced to state prison. His term is for one year.

In other proceedings before Judge Clifton M. Kelly last week, Stanley Smith and William Watson of Avon Park were each fined $251 or 60 days in jail for petit larceny. They had originally been charged with grand larceny in theft of a boat belonging to Roy Spires.

G. W. Campbell of Ft. Pierce, charged with possession of stolen property, was placed on probation for one year.

James Wilson of Avon Park, charged with aggravated assault, was fined $251 or 60 days in jail on the lesser charge of assault and battery.

John Littles was granted a new trial on a robbery charge. He had been sentenced to 15 years in prison after he pleaded guilty.

Ask About Our 1-Year Used Car Warranty

Two ridiculous gimmicks of the 1940's.

Everyone laughed when they came out with the television.

A box that could show pictures from 3,000 miles away? Absurd.

But everyone really cracked up when we came out with the Volkswagen.

A car with its engine in the back? Its trunk in the front? And its radiator in neither the front nor the back?

It even looked like a joke.

But time marched on.

The television clicked.

The Volkswagen accelerated.

People liked the idea of a car that didn't drink gas like water. Or oil like water. Or, for that matter, didn't even drink water.

Some strange people even liked the idea that it was strange looking.

In fact, Detroit car makers now like the idea of a Volkswagen so much that they decided to make their own.

And even with all those new small cars around, the fate of the bug is still secure.

This is the first year for all of the others.

We've had 23 years of re-runs.

POTTER Volkswagen, Inc.

First Grade Students Will Go To Hopewell In September

When school resumes again in September, all first grade students will attend Hopewell School for the 1971-72 school year. This past year, the fifth grades attended Hopewell.

School officials stated some of the reasons for this choice is as follows:

Since the first grade doesn't need specialized library services, we thought it best to let the fourth grade stay at this school so library service would be available for them.

Special education teachers are not used with first grade students and could remain on this campus and work with 2, 3 and 4 grades.

Since our largest grade will be the first grade it will be better to have them away from the other grades due to the noise and interruptions by the other grades.

First grade students are easier to discipline on school busses and while in school.

Since we have 40 preschool children at Hopewell already it will be easier to prepare meals for this age group.

The cafetorium is air-conditioned and will be readily available for use of this grade including the stage for programs, etc.

The school is completely inclosed with a wire fence and students will be confined to this area. Bus service from Avon Elementary to Hopewell will be provided.

School officials think this will be an ideal situation and hopes all parents will agree. They stated they would be glad to answer any questions you might have.

Allison Will Enter Medical School

Earl J. (Jack) Allison, Jr., a 1961 graduate of Avon Park High School and the first editor of "The Trident," will enter medical school at the University of North Carolina at Chapel Hill in September. Presently Allison is completing work toward a master's degree in Mental Health at UNC.

While attending APHS, Allison was instrumental in abolishing the childish "Devil's Chatter," and initiating "The Trident," a school newspaper based on high journalistic standards. He was also active in the band, the yearbook staff, and the FTA.

After graduating from APHS in 1961, Allison attended Warren Wilson College in Swannanoa, N. C. Two years later he transferred to the University of North Carolina, where he was awarded the AB degree in chemistry in 1966.

For the next three years Allison was stationed in Malawi, Central Africa, with the U. S. Peace Corps in a malnutrition/immunization project. He and the former Gail Lynn Manasi of Denver, Colo., were married in an African village ceremony on July 17, 1969.

Allison is the son of Mr. and Mrs. A. J. Peacock of 1644 Sunset Place, Ft. Myers.

Complaints About Workmanship Prompts Board To Inspect Schools

Complaints about workmanship on Sebring's new high school buildings gave birth to a day-long inspection by Highlands County School Board.

All five members of the school board and Supt. George Douglass set aside all day Tuesday for inspections at both Sebring and Avon Park's new high schools. The same architect and contractor are responsible for the two schools.

Plans for the inspection were developed at the school board's May 13 meeting, after Douglass reported that complaints had been received about cracks in some interior walls, installation of carpeting before interior painting had been finished.

Douglass said the inspector for the buildings' architect, Watson and Company, had not approved the interior work where problems have arisen, so to date the school board has not paid for this work.

Early this week Douglass reported that general contractor, H. J. High Construction Company, had "straightened out" problems on interior finishings and "work continues to progress."

All interior work on the new high schools is due to be completed by June 15. At the meeting last week school board members expressed the opinion that no permanent equipment should be placed in the new buildings until the interior work is done.

Seek Federal Grant

The Board approved an application for federal funds for special programs for migrant education. If approved, new trailer units would be added at Carver, Hopewell and E. O. Douglas schools.

The program, presently serving four and five-year-olds would cover three-year-olds.

Education for Retardates

Ridge Area Association for Retarded Children requested use of some facilities at E. O. Douglas School to expand two of its programs.

The association proposes to move the work activity center, which serves retardates over 16 years of age, from Hopewell and the developmental training program, for the severely retarded pre-school children, from First Christian Church.

Action on the request was deferred until later this month.

In other action an Avon Civic League spokesman said Superintendent Douglass and the board had met with the League April 22. Some headway in black staffing for the schools was reported by Douglass.

The League will meet again with the board to resubmit plans regarding the placement of more black employees.

A request from a biology teacher at Lake Placid High to take his class on an overnight trip to the Miami area to study the area's marine and animal life was turned down. However, the board did approve a request for a one-day Saturday trip with chaperones if student and parent-teacher interest was sufficient.

SAVINGS BONDS

State Savings Bond Chairman A. Clewis Howell reported this week that March Savings Bond sales in Highlands County were $57,468. The county, he said, attained 40.9 per cent of its 1971 sales goal March 31.

Athletes, Fans Gather For Bar-B-Que

Members of the Red Devil Spring sports teams and cheerleaders were guests at the Avon Park Athletic Association's annual get-together held at Horse Hammock last Friday night. About one hundred and fifty parents, friends, and athletes gathered there for a meal of Bar-B-Que pork and chicken furnished by George Heatherly and a delicious selection of dishes brought by the group.

Honored guests were members of the Avon Park High School basketball teams, baseball teams, golf team and the track team. The two squads of cheerleaders were also on hand to add a little beauty to the scene. Both the basketball and the baseball varsity teams were district runners-up this season with excellent records and seven members of the track team represented the Red Devils at the state track meet.

The Athletic Association expressed its appreciation to Mr. Eugene Flint for use of the facilities at Horse Hammock and also to Mr. Harold Barker who helped prepare the bar-b-que.

Music was furnished by Delmas Newsome, Leroy Brock, and Buddy Rogers for square dancing and listening pleasure after the meal.

CINDY McCLELLAND attired in this daring bikini holds the flag on the first green at River Greens Golf Course for Mike Bagwell as he practices for the 2nd Annual Bagwell Lumber Youth Golf Tournament that will be held June 11, 12 and 13. Looking on is Alesia McClelland and Winky Hall. Boys are urged to register early for entry.

GRADUATING SENIOR band students were honored at the annual band banquet Thursday, May 13 at Avon Elementary Cafeteria. Left to right: Ila MacKintosh, Mike Rihner, Julie Kangeter, Pia Dellelo, Jonathan Wright, Cindy Williams, Martha Moseley, Lia Blackston, Laura Camp, Suzanne Skipper, Teresa Laurie, Barbara Miller, Gail Metheney, band director, Vic MicKunas, Sue Ferguson and Barbara Flowers.

Judge Says Sale of Nursing Home Did Not Comply with City Codes

Each week on the agenda of the City Council is a report on the E.D.C.E. property by the City Attorney, Jack Hancock. Last week the Attorney reported on the status of lawsuit that is pending at the present time. A meeting of the attorneys of all parties had been held, it was suggested that payment of taxes and attorney fees, with them to give the deed to Avon Park Investment Co. for 26 feet of land and the City to issue a quit claim deed.

A previous agreement with the Council was in accordance with a payment of $1,750.00 to the city and the payment of all taxes. This was affirmed by the council and they will settle for no less. There has been some talk of a suit in accordance with the tax assessment for 1969-70 and that the taxes were too high. Jack Duggan, councilman, said "that we have bent backwards to do everything to settle this suit and I am all for not giving them anything."

This suit has been in litigation since last November, 1970. When the property was purchased there was no reverter clause in the original deed and it was not advertised for bid as provided for by the city code. The city council unanimously agrees that this suit must be settled and they will do anything within reason to settle, but they will not agree to just give up the property on the terms that the owners have constantly suggested.

Judge Love, had commented on this by saying "that the sale was evidently improper and did not conform to the city codes. To this he added that the alternative would be for some citizen to intercede in a suit. This would require for him to file a petition with the judge on the grounds of no reverter clause and no bids taken. This would have the whole transaction thrown out and the property would then revert back to the city, as if there was never any sale at all.

Rededication Of Bandstand Planned May 28

A rededication of the Band Stand is now being planned to take place on May 28. A program is being planned and all are busy with the planning of a program that will be fitting for the occasion.

The construction has been completed and all that remains to be done now is the electrical wiring. This will be done in the next week. The bandstand which has had a complete renovation stands very proud and looks spanking new. The renovation was done by the men from the A.P.C.I. Funds for the materials was donated by the people, civic clubs, businesses, and many more. Much of the materials was donated by local construction and builder supply houses in Avon Park. A task that had been undertaken by the Old Settlers Club and Cliff Thomas, with many concerned citizens has been completed in six months. The result is evident with the bandstand looking beautiful in the Mall.

Added to the list of so many contributors are Kenny Long, Mack Flowers, City of Avon Park, Frieda M. Clark, H. C. Duboice, A.P.C.I., H. Kelly and Ed and Ann Carter. Thanks to everyone for making a dream come true.

Allen Gets Hole-In-One Saturday

A. E. (Al) Allen of The Avon Park Golf Association had the dream of all golfers come true on Saturday with a hole-in-one on the second hole at Pinecrest. His feat was witnessed by his wife, Ida.

Tuesday's mixed scramble was won by Harry and Sue Hood and Bob and Helen Young. A covered dish supper was enjoyed by the winners and five other foursomes.

Wednesday's pro-am was taken by the team of Jack Hughes, Bob Young, Jim Fann and Tom Anderton with a point score of ten better than their aggregate average.

Ice House Burns Sunday

At 12 o'clock Sunday night the Fire Department was called to extinguish a fire on Route 27, the old ice house which was being razed. Six paid firemen and eight volunteers worked for eight hours to put the fire out.

The building was built in 1943 and not being able to get insulation, sawdust was used for this purpose. As an icehouse it has seen many days of being the busiest place in town as it once serviced all trucks with the much needed ice to transport fruit and vegetables to the North. With the era of refrigeration in full swing, as always the old had to give way to the new. In the following years the icehouse deteriorated to such a state that it had to be demolished.

The owner agreed to have it torn down and this was in progress with Maurice Albritton doing the demolition work. However on Monday morning it burned to the ground. The cause of the fire is unknown. No property was involved and there is no estimated loss.

I. H. Ford Goes Undefeated For Third Week of Play

The Avon Park Little League teams went into the third week of play this week and the I. H. Ford team remained undefeated through last Monday night with six consecutive wins for the young season. The I. H. Ford boys took a 21-5 win from Kiwanis last Thursday night and then slipped by Leon's last Monday night 5-2 in an extra inning game.

Bagwell Lumber remained in second place with a 3-1 record although they didn't play a game between writings due to the fact that both Friday night games were rained out and the attempted make-up games on Saturday night were also rained out. Leon's stayed in third place with two wins and the loss for a 4-2 record and the Lions moved up to fourth place with a 2-2 record. The First Baptists had a record of 1-3, Kiwanis and Rotary both had 2-4 records, and Avon Citrus Bank also didn't get in a game between writings and remained 0-4 in the cellar.

Last Tuesday night the Lions were to play Bagwell in the first game and A. C. B. was scheduled to take on the First Baptists in the night-cap. Tonight (Thursday) there will not be any games because of a PTA meeting scheduled at the Avon Elementary Cafetorium. Tomorrow night (Friday) I. H. Ford will tangle with Rotary at 6 o'clock and Leon's will play Kiwanis in the second game. Next Monday night Bagwell Lumber will play Avon Citrus Bank at 6 and First Baptist will host the Lions in the 8 o'clock game. In the first game Tuesday night a week azo Leon's jumped on the First Baptists for a 13-3 win in five innings. Billy Young and Charles Pugh teamed up to pitch the six hitter against the Baptists. Pugh also led the 7 hit attack against Baptist hurler Ray LaPlam with a triple, a double and two singles for a perfect night at the plate. Also hitting for the winning Leon's team were Harold Sellers and Reginald Barker with a single each and Billy Young with a double. Travis Smith rapped out two singles and Danny Chaote, John Barker, and Larry Jackson hit a single each for the First Baptists.

The Lions won 13-8 over Kiwanis in the second game May 11. Two Lion batters hit homeruns — John MicKunas who also had a single and John Barker who also had a double. Ralph Harris hit a triple and a single, Fred Moore had two singles, and Robert Packer and Jimmy Massey had a single each for the Lions. Mike Coleman and Gene Haywood shared pitching duties for the Kiwanis team, John MicKunas went the distance for the Lions giving up 5 hits to the Kiwanis batters. Gene Haywood had a double, Mike Coleman had two singles, and Bryan Rimer and Claude Dennis had a single each for the Kiwanis team.

Last Thursday night I. H. Ford swamped Kiwanis by a score of 21-5 in a four inning game. Tommy Lewis pitched for Ford giving up 6 hits including two doubles by David Cloud. Eric Wilson had two singles, and Mike Coleman and Claude Dennis had a single apiece to account for the Kiwanis hits. The I. H. Ford batters rapped out 13 hits off four Kiwanis pitchers with Tommy Lewis slamming out two homeruns in one inning and also getting a double. One of Tommy's homeruns was a grand slam. David Reynolds hit a double and a single and Larry Pough, Gary Curlee, James High, and Robbie Dennis all hit two singles each for the I. H. Ford total.

In the second game last Thursday night, Leon's held off a last minute rally to defeat Rotary 13-11. Billy Young hit a homerun for Leon's and Mike Cobb hit one for Rotary during the six inning game. Hitting safely for Leon's were Charles Pugh with a triple and two singles, Chip Carter with a triple, Harold Sellers with two doubles and Terry Lanzing and Reggie Baker with a single each. Getting hits for Rotary were Billy King with four singles, Mike Cobb with a double and a single in addition to his homerun, Edward Dorsey with a double and a single, Mark Gaines with two singles and Keith Cobb with a lone single. Rotary used three pitchers—Mark Gaines and David Mellinger who tossed in three innings each and Ronnie Brock who came on in the last inning.

Both of last Friday nights games were rained out with Bagwell and First Baptist just finishing two innings which will have to be replayed and the Lions and A. C. B. not even getting started.

Last Monday night I. H. Ford held on to its undefeated status by winning over Lion's in the seventh inning by a score of 5-2. Leon's tied the game up in the bottom of the fourth 2-2 but I. H. Ford came back and got three runs off relief hurler Charles Pugh in the top of the seventh and Tommy Lewis came on in relief in the last of the seventh to shut out the Leon batters with two strikeouts and a fly to the second baseman. Billy Young hurled the first six innings for Leon's and Larry Pough went the first six innings for I. H. Ford on the mound. Larry Pough's double and singles by Alan Curlee and Gary Curlee accounted for I. H. Ford's three hits and Charles Pugh had a double and a single along with singles by Billy Young and Reggie Baker for the Leon batters.

In the second game last Monday night Rotary chalked up its second win with a 10-8 victory over Kiwanis. Rotary won with four hits off losing pitcher Dennis Hulon. Edward Dorsey, Ronnie Brock, Mike Cobb, and Billy King all got singles for the winners, Kiwanis got six hits off winning pitcher Mark Gaines. Eric Wilson had a double and a single, Mike Coleman hit a double and Bryan had three singles for the Kiwanis team.

Plumber Questions Vents At Field

An objection to the vents in bathrooms at the Avon Park Little League Field was voiced at the last Council meeting by J. A. Wise. Wise objected to the vents not vented through the ceiling and that the code required a three-inch pipe and in some houses there was only a two-inch pipe being used. To this the council said they would have the building and plumbing inspector look into.

A heated discussion was in progress between Wise and Durrah Martin on the Little League Field rest rooms. These had been constructed in a hurry and were temporary with the pipes not through the roof. Plans were to build a bleacher over the present building and then complete the restrooms according to the code. This however will now be redone and the vent pipes will be installed through the ceiling and roof. The home that was referred to was not at the inspection stage however Spurlock, did make an inspection of the construction site and halted all work until the correction was made.

In the meantime Spurlock, upon investigation has sworn out a warrant for Wise, for doing plumbing work on the property of the Jones house on 1510 South Highlands. Wise has been doing the work on the house without a permit. Wise did say that he was under the impression that Jones had acquired a permit. This permit was issued on Monday.

All types of work in building must comply with the City code of building and plumbing. The inspector must inspect all work and pass before the permit is issued to continue with the construction.

Avon Park Gets Some Rain

Although Avon Park received a nice rainfall last Friday and Saturday, it did not bring the average rain to date, nowhere near the needed rain for this area. There was 1.96 inches recorded for the two days. Earlier in May there was a .20 inch rainfall reported. By the end of May there will be 13 inches of rain needed to even bring the average up to normal.

In 1970 there was only 48.85 inches recorded making this one of the driest years to date. In 1967 we had 49.95 inches of rain which made that year a dry season. In 1965 there was 63.44 and 1966 it was 63.26 inches. Since that time the Ridge Area has had a notable decrease in rainfall. The average rainfall is quoted as 55 inches per year.

From January to the present there has been 6.14 inches of rainfall here.

Webelos Tour Cape Kennedy Space Center

The Webelos Den of Pack 156 completed a very successful tour on Sunday, May 16. Thirteen Webelos and 18 cub scouts, along with eight boy scouts from troop 156 were accompanied by 14 adults on their 12 hour journey that covered over 277 miles round trip from Avon Park to Cape Kennedy Space Center.

The Webelos have been working since March 18, getting information and permits to complete this activity. This tour held the scouts' interest in the wondrous conquest of space and what our country is doing in the space program.

The boys visited many displays and set in on a movie and lecture. Points of interest were the mobile launch pads, where the boys saw Apollo 15 resting for its blast off in July. A two hour bus tour through the space center and NASA sights, where the driver pointed out different points of interest, were unbelievable.

Sights seen were, the Assembly Building, the third largest in the United States. The Air Force Space Museum and the many types of rockets which were on display.

Other items of interest that were brought to the scouts attention were by-products of the space program and how NASA and the space center are working together to protect our wild life.

The group all brought bag lunches and orange juice furnished through Home Juice Co. The Webelos wish to thank all the people who helped the den with this event. They will receive credit towards their traveler badge.

The following boys received their awards for outdoorsman, athlete, and sportsman on Wednesday, May 5; David Starr, Joseph Gray, Peter DuPriest, Cary Faught, Brent Beumel, Fred Cantrell and Tim Behal.

The Webelos award, "Arrow of Light" was awarded to David Starr and Brent Beumel.

ROTARY CLUB NEWS

By HANZEL DOLITTLE

Ray Wells, Program Chairman, introduced Darrel Davis, Chrysler representative, who spoke on Drag Racing.

Mr. Davis, who served 3 years with the Army, including one year in Vietnam is a Captain in the U. S. Army Reserve. He has been with the Chrysler Company for five years.

Mr. Davis emphasized that the Drag Racing he was talking about is not the type done on streets and highways. He pointed out that this type racing is extremely dangerous and that the people who engaged in it were not capable of getting on a "Drag Track" and engaging in competitive racing.

Track Drag Racing is serious business with high safety standards and strick requirements for qualifications of drivers by the "National Hot Rod Association." Their safety record is excellent. He noted that there were more hunters killed in 1970 hunting season in Michigan than has been killed in all auto racing in the United States.

The tracks which are used are a minimum of 60 feet wide with 3,820 feet long. The car is timed over the first 1,320 feet and it has a 2,500 feet over-run to get stopped in.

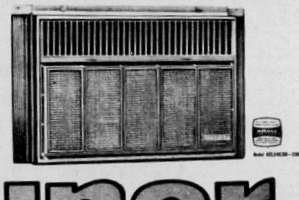

Time of each car is measured electronically to one-thousandth of a second. Most of the cars will reach a speed in excess of 200 m.p.h. in the 1,320 feet.

The average drag race driver is 30 years old, married, and has two children. He is a superior auto mechanic and engineer, either self taught or formally trained.

In the professional driver catagory there are four divisions. The first division is "Top Fuel," in which the car engines burn exotic fuels, specially mixed, in place of gasoline. Mr. Davis described these cars as running on liquid dynamite.

Drag Racing is open to anyone who can pass the physical, will obtain the proper licenses, and who will conform to the strict safety regulations.

County Education Association Honors Retiring Teachers

Last Thursday, May 13, was the occasion for recognition of retiring teachers by the Highlands County Education Association. Norris Brooks, principal of Avon Elementary School and President of the Highlands County Education Association, made the presentation of certificates of service and gifts for the association to the Avon Park Retiring Teachers.

The recipients receiving the honors were Miss Mildred C. Myers, with 48 years of service in Avon Park, Miss Sarah G. Sellers with 42 years of service, and Mrs. Gladys S. Hemphill, with 40 years of service. In his presentation, Mr. Brooks reflected that these four dedicated teachers had influenced a grand total of more than 5,000 students during their teaching careers.

A bit of humor was added to the occasion as Mr. Brooks read portions of Miss Sarah Sellers first school contract in which she practically had "to sign her life away" in order to become a part of the teaching profession. She had to promise to go to bed early, attend Sunday School and church regularly, and numerous other stipulations. Miss Sarah Sellers came to Highlands County after teaching in Hardee County for 19 years.

Mrs. Madeline Cooper came to Florida from Old Town, Me., where she taught for 23 years. Then she added another 20 years in work with boys and girls in Avon Elementary School.

Mrs. Hemphill came to our school system after 24 years in Mississippi, bringing her southern hospitality with her. She also influenced several other teachers to become a part of our community.

Miss Mildred Myers has been a part of the history of the town of Avon Park and as such has seen many of the families grow up, marry, and become prominent citizens. She has seen Highlands County grow from its infancy after it became separated from Old Desota County.

Mr. Douglass, Superintendent of Schools in Highlands County, concluded the recognition ceremony by expressing appreciation to all the retiring teachers for their devoted years of service and by wishing them a happy retirement.

Kiwanis Club Meet At Hospital

Reported by Jim Williams

Due to the one week closing of Griffin's Restaurant on May 11, the Kiwanis Club held its noon meeting in the North Wing of Walker Memorial Hospital. The temporary meeting place was arranged by Carl Selby, Chairman of the Club's House Committee.

The program following the luncheon was introduced by Tom Tataris, Chairman of the Program Committee. Our speaker was Frances Stevens, R.N., P.H.N., Supervisor of Public Health Nurses, Highlands County Health Department. She told the audience about the varied activities of the Department Health Unit. It consists of 10 employees, including 4 public health nurses, 3 sanitarians, and 3 clerks. Highlands County, at the present time, has no health officer. As Mrs. Stevens pointed out, the wide range of activities they cover run all the way from Well-Baby Clinics, school health services, chronic diseases including problems of the aging, through venereal diseases to problems of mental health. The latter involves collaboration with Dr. Jordan, Director of the Mental Health Clinic in Sebring. These are only a few of the services provided by the Health Department of Highlands County.

The Kiwanis Club of Avon Park meets Tuesday, May 18 at its usual place, Griffin's Restaurant.

Boat Races To Be Held In Lake Placid

Highlands County will play host to national competition for American Power Boat Association. At the Highlands County commission meeting Tuesday Jack Weisser of Sun 'n Lakes Estates said races on August 16-17, 21-22, would draw entries from as far away as the Pacific Northwest and spectator crowds of 40 to 50,000.

Such a crowd would place the big boating event as second only to the Sebring Grand Prix Auto Race in spectator interest.

Eliminations for the races for the hydroplanes would be held on August 16 and 17 with finals scheduled for August 21 and 22. All races will be run on Lake Grassy, South of Lake Placid.

The commission appointed Andrew Jackson, Norman 'Jug' Heston and R. P. Dunty, Jr., to work with Sun 'n Lakes management in promoting the races.

Special Service At Episcopal Church Thursday

The Episcopal Church Women met for their regular monthly meeting on Wednesday, May 12 in the Parish House of the Church of the Redeemer, after the mid-week Communion Service.

After a short "coffee," Mrs. Eugene Hise brought the meeting to order. The Church women's Prayer was recited in unison, Mrs. Hise read a poem, "The Years Don't Matter." This poem was taken from a collection of poems, "Harvest of the Years," written by the late Horace Fenton, Avon Park Historian.

The secretary's and treasurer's reports were read and approved.

A discussion as to whether to continue the Sunday "Coffee Hour," followed. It was decided to dispense with coffee, serve only juice. Hostesses will serve cookies at their own discretion. This will be in effect for the Summer months only. Regular "coffee hour" will resume in September.

It was suggested the Annual Family Picnic be held in the church Memorial Garden, instead of Camp Wingman. After discussion, the idea was approved. Date is not yet set.

Father Knapp thanked the members for the unexpected gift of a tape recorder. He said, he and Mrs. Knapp appreciated the gift and would get a lot of enjoyment from it.

The program was a film of the "Consecration and Installation" of William Hopkins Folwell to the Bishopric of Central Florida. For an hour, the beauty and ceremony held the members spellbound. It was a picture not soon forgotten.

A delicious covered dish luncheon followed and members enjoyed a social time. Hostesses for this were, Mrs. Ed Hall, Mrs. Francis Peffer and Mrs. Louise Watterson.

Mrs. Eugene Hise thanked all members who attended and the hostesses for their work in decorating the tables so tastefully.

DAVE LLEWELLYN

"It's a Song About Love"

My well-beloved had a vineyard
On a very fruitful hill.
And he harrowed it
And gather out the stones,
And planted his vineyard
With the choicest vines.
And he built a watch-tower
In the middle
And carved a winepress
In the rock.
My well-beloved raised grapes,
But his vines produced
Not sweet grapes, but wild.

This beautiful and ancient song was first performed by an Israeli prophet over 2,600 years ago. Though translated into English and slightly paraphrased, the force and pathos of its message should be felt little less now, and in a newspaper, than when read at the head of the fifth chapter of Isaiah's prophecy.

Few of us, it is true, have vineyards. But almost everyone has grown something or seen something grow. And all of us have invested imagination, expense, and effort to produce something from which we expect special pleasure. So we can understand the experience of a person expending himself to cultivate a superior vineyard.

The Symbol

Grapes have always been a particularly important product in the Middle East. Since raising grapes has been a significant economic factor in Israel, and since proper care of vineyards often requires much personal attention — occasionally to the point of scrubbing each individual vine with lye soap! — the vineyard has been in song and literature an important symbol.

Jesus used it in John 15: "I am the Vine; you are the branches . . ."; and earlier, in Matthew 21, "Hear another parable: there was a man who was a householder who planted a vineyard. . . ."

Hosea, in the 10th chapter of his prophecy, used this symbol to discuss Israel: "Israel is a luxuriant vine, that puts forth its fruit. . . ."

In Isaiah's song, too, the vineyard represents people, God's people. "For the vineyard of Jehovah of Hosts is the house of Israel, and the men of Judah His pleasant land."

The Significance

God gives additional interpretation of this song: the vine which was so carefully cultivated brought forth sour, wild grapes. His people produced worthless fruit. "He looked for justice but, behold, bloodshed, for righteousness but, behold, a cry" of oppression.

The purpose of using the vineyard symbol should now be getting clear. Just as you have every reason to expect a properly tended garden to produce good crops, God had every reason to expect that His protection and provision for Israel would produce fruitful and happy lives. Instead, it had produced injustice and suffering.

It is unnatural that a nation materially comfortable and provided with a knowledge of God should produce wild fruit.

Yet in America the history of ancient Israel is repeating itself. Where is justice? Where is righteousness?

"America, America, God shed His grace on thee/And crown thy good with brotherhood from sea to shining sea."

New Book 'How to Parent' At Library

Here is one of the most interesting of the new books on the Library shelves. It is called, "How To Parent." It is written by Dr. Fitzhugh Dodson who is himself a parent in addition to being the founder of the famous La Primera Preschool in Torrance, Calif.

If you have children, this is a book to read. How to Parent, signals a revolution in child raising. It marks the ending of the permissive era of Dr. Spock and the beginning of a new era called "The Rights of Parents." This is the combining of Psychology and common sense, written by an eminent psychologist, educator and parent. It puts joy in parenthood and common sense back in child raising. Read it, you will find it an exciting new idea.

Another new book is, The Marcel Marcian Alphabet Book with photography by Milton H. Greene. This book will surely delight anyone who sees the world as the central area of the imagination.

This is a pleasant one you will like — Gervase by Ann Moray. Set in the Maine of the last century, this is the story of a girl child considered strange in the head and the abandoned fawn that she nurtures to maturity. Miss Moray, who is a born story teller, has created here a world rich in wonder and tinged with joyousness that will appeal to you, if you are seven or seventy or any of those ages in between. This book will give you a pleasant afternoon or evening.

Are you interested in witchcraft? Here is a new book by Peter Haining, called the Witchcraft Reader. This is a collection of eight tales of witchcraft, sorcery and black magic. Well written and interesting if this sort of thing is for you.

Next week we will be telling you about a new group of newly arrived books, here just in time for a Summer of reading fun by the small fry. Your library has many wonders for you. A whole world of entertainment and its yours for the asking. Just help yourself to the enjoyment it affords.

Smiths Honored At House Warming Friday

Mrs. Bonnie Smith was honoree at a house-warming party Friday evening in her new home on South Cherokee Ave., with many new and old friends sharing an evening of gaiety.

Petunias and nasturtiums encircled by a lazy susan, holding mints and nuts, decorated the center of the living room table. The serving table, covered by a lace cloth, was enhanced by a mixed bouquet of colorful flowers in the center, with the punch bowl to one side.

A large beautifully decorated cake was baked by Mrs. Linda Bailey with "Home Sweet Home" imprinted on the top and a small replica of Mrs. Smith's house in one corner. Mrs. Donna Ruley also baked a cake, decorated in lovely floral designs with "Happy House Warming" across the top.

Hostesses, Mrs. Billy Smith and daughters, Mrs. Linda Bailey and Miss Sherry Smith, served lime punch and coffee with the home baked cakes, mints and nuts, to the guests attending. Fun games were played and Mrs. Smith was the recipient of many attractive and useful gifts.

Guests included Cheryl Smith, Sherry Smith, Mr. and Mrs. Lee Smith, Mr. and Mrs. Raymond Elliott, Mr. and Mrs. Ralph Ruley and son, Doug, Mr. and Mrs. Earl Rich, Mrs. Bette Parnell, Mrs. Sadie Whitehurst, Mrs. Sara Harrison, Mrs. Lenora Woodfield, Mrs. Nan Pruitt, Mrs. Viola O'Hern, Mrs. Ruby (Scott) Landress, Mrs. Ruby (Robert) Landress, Mrs. Beatrice Landress, Miss Cheryl Watson, Mrs. Hazel Watson, Mrs. L. E. Morgan.

Those attending from out-of-town were Mrs. Louise McGriff, Tampa and Mrs. Linda Bailey and son, Craig of Lakeland.

Mrs. Smith moved from Avon Park in 1943 and returned to make her home here again in January of this year. Her two sons, Malcolm and Wayne, live in Hialeah and Miami with their families.

ORLANDO (SNS) — A new cremator will travel over 5,000 miles from Florida to Hawaii to come to rest in Homelani Memorial Park of Hilo. Industrial Equipment and Engineering Co. of Orlando is shipping one of their standard units to the faraway cemetary.

King's Discount Store Is Going Out Of Business

The King's Discount store will close its doors after six years of serving the Avon Park community. Following a 15 to 50 percent discount sale, Clarence King, owner and operator of the business will close and hopefully retire to only taking care of his rentals.

At the present time the store is selling all the merchandise at a drastic reduction and all fixtures are for sale. The sale starts Thursday morning, with hopes that within 30 days all merchandise will be sold.

King, who is now a councilman and has served for ten years in that capacity, came to Avon Park from Miami in 1945. He once owned and operated a grocery and butcher shop on Main Street.

King expressed his thanks to all the people who gave him the opportunity to serve them. Clarence King made many friends who will be sorry that he will no longer be there to serve them.

King expressed his reluctance to go out of business but with the insurance problems that he has had to encounter, it forces him to close for the safety of the customers and as protection to himself. He said, "he could not get adequate insurance due to a frame building."

EARL DUNAVENT, of 402 Oak Street, who was 75 on May 6th, celebrated the week by catching a 5 lb. 2 oz. bass from Lake Verona.

Sidney Trude Dies Suddenly Friday

Sidney Smith Trude, age 70, passed away suddenly Friday night, May 14.

Born in Chicago, Ill., he had been a railroad man and then went into the transportation business as a bus operator. He had been a resident of Avon Park about a year, coming here from Chicago. He was a member of the Methodist Church.

Survivors include his widow, Mrs. Bessie Trude of Avon Park and his mother, Mrs. Annie L. Trude of Houston, Texas.

Funeral services were held Tuesday, May 18 at 10 A.M. in the chapel of Stephenson-Smith Funeral Home, with Rev. Duane Zoller officiating. He was laid to rest in Bougainvillea Cemetery.

Pallbearers: Edgar Smoot, Ray Taylor, Ray Coburn, Clifford Smith and Dick Enoch.

Physicians Send Two To Convention

Highlands County physicians were officially represented at the Florida Medical Association convention by Dr. Robert Rengarts, president of Highlands County Medical Association, and by Dr. Donald Hartwell.

The convention fell into two parts: scientific and organizational. One of the big issues the physicians faced on the organizational side was the relation of government to medical programs, both in individual practice and in hospitals.

Dr. Rengarts reported that the cutback in government spending had forced decreased in research programs, and he pointed out that University of Florida has had to reduce its work in the field of heart surgery. This results in growing waiting lists for those patients awaiting surgery.

On the medical side, Dr. Rengarts thought the reports on Australia antigen were among the most important. Research in this can pave the way to spotting hepatitis carriers who may spread hepatitis through blood transfusions, while the carrier himself has not fallen victim to the disease.

Just prior to going to the Florida medical convention, at Bal Harbour, Dr. and Mrs. Rengarts were in Denver, Colo., for the annual meeting of the American College of Physicians. While in Colorado they visited with Mrs. Rengarts' sister, Mrs. Joe Wiltsie.

Antique Auto Club Meets Here May 11

The Antique Automobile Association Club of America met at the Florida Power offices on May 11. Plans are being formulated on the picnic on July 4 or 5 at Zolfo Springs. The picnic will feature the antique cars and those participating are asked to drive to the picnic in their cars and if possible dress in the fashion that was prevelent for that era. Others are also invited and anyone may come dressed as you want.

The meeting featured an autobiography of the automobile, starting with the horse drawn vehicle and then went to the bicycle, the first release in transportation of their own. From this was the carriages with the motor attached. The first automobile was the Duryea, built in the 1892-93 period, this was the beginning of the motorized automobile. There were a few at this time in Europe.

The films shown at this meeting was furnished by the AAC of America, who have a complete line in the automobile history and transportation of man.

The next meeting will be held at 8 P.M. on June 8 at the Florida Power offices. Due to the director of the club being in the hospital the elections that were to take place at the last meeting were postponed and will take place at the June meeting.

No Decision On Building Site

No decision has been made on the new site for the county annex building to be built in Avon Park. Several sites have been under consideration and the commission is still looking for possible sites. Cecil Skipper, chairman of the County Commission appeared at the council meeting on Monday and said that they had secured a price on the suggested four lots that the council had suggested to either purchase or take a long term lease on.

The four lots directly in the rear of the City Hall, was considered by the council to be the perfect spot for the proposed building. Cecil Skipper said that the lots were 200 feet and this may tend to crowd the building and the traffic activity that would be expected in the building. He also said that to build the building there may mean that in four or five years they would find that the same mistake would be made as was made in the present building that it would not be sufficient to hold all the business that is transacted in a county building.

Skipper did not say that this site was abandoned in their considerations however he did say that they have another lead on some property on Main Street which they are now looking into. All considerations will be taken before a decision will be made.

Panthers Fnds Season With 13-13 Record

South Florida Junior College's Panthers just completed its best ever baseball season, winding up with a 13 win, 13 loss record.

A technicality cost the Panthers a playoff in the State Tournament. After having won Division 5 in a playoff with Daytona Beach, a late eligibility report by Tallahassee forced the Panthers to return to Division and play Lake Sumter, a team that had lost to Tallahassee and had stowed their uniforms, but gained another chance by virtue of the forfeit win from Tallahassee. The Panthers lost this game, 5-4.

The Panthers have shown steady improvement since the school opened in 1966. They won one game the first year, three the second year, five games the third year, seven games the fourth year, and 13 the fifth year.

A fine crop of Freshmen added to six holdovers gave the Panthers a solid ball club. Of their 13 losses, eight were by the one run margin. Graduating this year are George Hines, Glen Sizemore, Rex Smith, Cecil Walley, Derrel Bryan and Bill Whitener.

The Panthers success next year will rest heavily on the number of Freshmen returning. Should all return, Coach Terrell would have three of his top pitchers back along with the entire infield and centerfield. Expected back are Murray Wilson, Dodd Williams and Buddie Collie, pitchers. Infielders Keith Carter, Renold Edwards, Dale Morris, and outfielder Larry Mobley and catcher John Freeland.

Commission Refuses To Change Zoning

At the Zoning Commission hearing on Tuesday a change in the Lakeside Heights R-2 zoning to a Mobile Home Residential Zone was denied to Raymond Roy. Roy, asked approval to have 16 lots changed to accommodate mobile homes in the Lakeside Heights area. These were proposed to be lots for mobile homes and not a park. However their were objections from the present residents to have a zone change. After much consideration the Commission did not approve the application of Roy.

Thinking about building?

Here's a GOOD DEAL!

It's not the kind of deal you'll find with just any builder . . . it's completely out of the ordinary. But it's the kind of deal that will allow you to afford the home you think you can't afford . . . to build on your property that home with all the room you've always wanted . . . and to build it NOW.

If you are an economy-minded person who is handy with tools . . . if you know how to drive a nail, paint a room, and have an ordinary, common-sense ability to work with tools, you can save many, many dollars by letting Jim Walter build the hard part of your new home . . . build the outside completely . . . then as much of the inside as you say. Then you take over and finish the rest yourself. Do as much as you can. The more you can do, the more money you can save.

OVER 20 MODELS • HIGH QUALITY • LOW COST

The purchase price is LOW but this doesn't mean you'll sacrifice quality. Jim Walter-built homes incorporate high quality construction methods and low maintenance materials. Our heavy duty roofing, hardboard "wood made better" siding, and all aluminum windows are "rugged" materials whose quality cannot be questioned. You can pay more for your home, but you'll have a hard time getting more for your money than with Jim Walter Homes.

INSTANT MORTGAGE FINANCING to qualified property owners

We finance the homes we build, so get complete facts and the cost of any of our models built on your property right away. Fill in the coupon and mail today.

The honeybee vibrates its wings 250 times per second—the bumblebee, 225; the wasp, some 110, the housefly, 190; the ladybird beetle, a mere 90.

Rulers, presidents, and congressmen who claim they have the people behind them, find reasons to reverse that order during war time.

All play and no work makes Jack scarce.

The main difference between stumbling and stepping stones is the use we make of them.

Knocking may be caused by either of two things — an excess of carbon, or an excess of envy.

Mayor Barben Refuses To Sign Application For More Housing

Mayor Robert Barben expressed his views on the Low Cost Housing Agreement that has been pending since last July for the lack of the mayor's signature. As to his signing the application agreement to build more low housing development homes in Avon Park, Mayor Barben said, "if you are waiting for me to sign it you will wait a long time."

Elaborating on his views the mayor said, "it is a question of how much of this type of development you want in the city. Advising the city council to look into this federal housing and stating that it is costing the taxpayers a lot of money, the mayor made it clear that he is not against helping anyone that needs help, but is against giving too much to ruin the incentive for a family to own their own home. With a comparison he pointed out that a three bedroom CBS under the low housing plan costs around $60 monthly to rent, including utilities, while the same home would cost a person $180 per month to maintain. This he contends constitutes a person to lose the incentive to buy and establish a home of his own. He stated that with the availability of low cost housing, home owners have been known to sell their homes and rent the homes that are built for the purpose of housing the people of a lower income.

The council agreed last July to the proposed development suggested by the City Housing Authority, and Cecil Skipper, Executive Secretary of the Housing Authority asked the council at a prior meeting about the agreement. At this time he suggested that the president of the council, Don Serdynski, could sign the agreement and it would be acceptable to the housing authority. Serdynski at Mondays meeting declined to sign until he could study the agreement before making his decision.

DR. JAMES H. SHOCKLEY

James Shockley Receives Degree In Optometry

James Hubert Shockley of Avon Park was a candidate for an OD degree from the College of Optometry, at the Spring Commencement exercises on Saturday, May 15, at 3 P.M. in Hofheinz Pavilion, at the University of Houston.

The President of Rice University, Dr. Norman Hackerman, delivered the commencement address to some 2,800 students who were candidates for degrees or diplomas.

Dr. Philip G. Hoffman, UH president, conferred the degrees and diplomas and recognized the honor graduates. Graduates, parents and friends were invited to the college convocations and receptions, which immediately followed the commencement exercises.

The Commencement ceremony was telecast live on Channel 8, KUHT-TV, the University's television facilities.

Jim is the son of Mrs. Lou Shockley of Avon Park and is married to the former Cynthia Warren of Houston and Florida.

He is a member of Phi Theta Kappa with a grade average of over 3.5 for eight years.

Tempers Flair Over Building Inspector

Earl Spurlock, building and plumbing inspector, reported to the Avon Park City Council on some inspections of substandard properties and recommended that a dwelling, owned by Lonnie Ward, be demolished. Bids on the demolition will be taken. Upon recommendation of Spurlock, the council gave Sam McKenzie 60 days to clean up and fill in the dump on this property.

Spurlock also recommended that Clarence King close his trailers. King objected to this report and said that he had cleaned up the rental property and would like to move one old trailer that he had previously discussed with the council. King also said that he was aware of the need for other improvements and was planning to do this when he is finished his going out of business sale that is now in progress. He was also given 60 days to clean up his property.

In some of the plumbing violations that was reported by J. A. Wise, at the last meeting, Spurlock reported that the vent pipes at the Little League field had been corrected and a stop order on the house on S. Highlands Ave. had been issued. In further investigation he found that there was no plumbing permit for the work on the Paul Jones property on S. Highlands Ave. and a city warrant had been issued against J. A. Wise who was doing the work. A permit was subsequently purchased by Jones.

Following this report it was noted by Clarence King, that he felt as though Spurlock was lax in his inspections in plumbing and cited other troubles that was evident with a sewer connection. Mayor Barben said that it was impossible for the inspector to see all the construction on a house.

CITY OF AVON PARK

Board Ok Health Dept. Director

Highlands County commissioners have agreed to a compromise that could result in filling of the long-vacant county health director position.

At a special meeting on Monday the commissioners voted to request the State Board of Health to appoint Dr. Glenn V. Hough director of the Highlands County Health Department. The board agreed to share the director with Glades County.

According to the terms of the request to the state health officials, Dr. Hough will spend four days a week in Highlands County and one day in Glades.

Dr. J. D. Workman, who resigned the county health post in 1969, and the county commissioners had sought division of a Highlands, Glades, Hendry tie-up that had existed for many years. The county commissioners indicated Monday they will continue to campaign for Highlands to be a single county health unit.

In Private Practice

Dr. Hough was in Highlands County last week and was interviewed by the county commissioners. The 56-year-old physician is a general practitioner in private practice in Akron, Ohio.

His undergraduate work and medical college studies were both at Marquette University in Wisconsin. He interned at St. Mary's Hospital in Milwaukee.

From 1940 to 1943 he was employed by the Wisconsin State Board of Health as district health officer and director of a county health department.

For four years he was on the staff of the medical center for B. F. Goodrich Co. in Akron, and for the past 20 years he has been in private practice.

Dr. Hough had originally indicated he would need four to six months to close his practice and get moved to Florida. The commissioners are urging him to reduce the delay.

Action On Ambulance Delayed

Ambulance Service for Avon Park is still in the limbo stage. With many inquiries into the possibility of one of the funeral homes taking over this service was not accepted. This was the report that was given at the Council meeting by Malcolm Crews, City Clerk

It was agreed by the Council to continue with the agreement that was made two weeks ago with the Ridge Ambulance Service for three more weeks. The city agreed to pay any uncollectible fees for the service to Claude Lee, owner of the ambulance service if he would continue the service until a suitable arrangement could be made.

There was a slight hope that with a possibility of a new funeral home to open in Avon Park they may be interested in establishing the ambulance service. A call from Freddie Dinkins, who has recently received his Funeral Directors license, revealed that there was some interest in the service with his connection and with a possibility of the new funeral home. They ask that nothing be done until a decision on their part could be made.

In other cities it was noted that they faced the same problems as Avon Park. In Haines City the Fire Dept. and the Police agreed to cooperate and serve their city with an ambulance service. They based their service from the fire station and used both the fire and police department to man the ambulance when called. Some of the police and firemen took a two-hour first aid course to prepare for the emergencies that they would encounter.

In the discussion at the council meeting it was suggested that some type of public co-operation be considered by either subscription to an ambulance service by the sale of membership cards at possibly a five dollar fee to finance the service, or by adding a service fee to the water bills and establish a set amount to fund the service that is needed in the community. It was agreed that each councilman would look into possibilities and come up with some workable plan by the next meeting. By this time it is expected that the problem will have been solved and the service to the people of the City will continue.

Re-Dedication of Bandstand Scheduled Friday 7:30 P.M.

Members of the bandstand committee met Monday, May 24, at the Chamber of Commerce building to make final plans for the re-dedication of the bandstand, to be held this Friday, May 28, at 7:30 P.M.

Present for meeting were Rev Herbert D. Graetz, Cliff Thomas, Leona Maxwell, Jack Delaney, Mel Bass, Grace Boney and Eloise Sharpe.

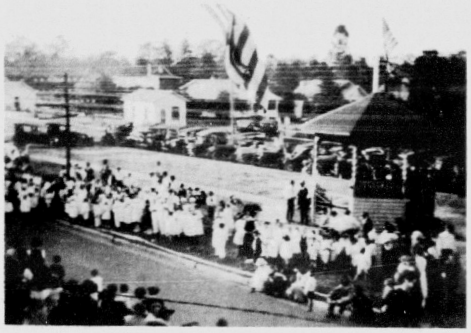

Mr. Thomas proudly reported that the bandstand was completed, except for the wiring, which will be completed by Mack Flowers and the floor inside the building, to be finished this week by Mel Bass. An interesting discussion on the inside plans for the museum was held and Mr. Thomas agreed to continue working until the inside is completed for the exhibits. Pictures and data are needed for the museum and anyone wishing to donate, may contact Eloise Sharpe, Chairman, or others of the committee. Proper recognition will be included in the museum to those who donate items. Mrs. Boney will work with the garden clubs on the landscaping. Jack Delaney made suggestion for permanent arrangements to be made for closing the streets with chains on each side of mall (bandstand section) during the programs or ceremonies, which will be held at the bandstand in the future. Plans for 4th July and various other celebrations are in the making, which will revolve around the bandstand.

The re-dedication of the bandstand, which will get underway at 7:30 P.M. this Friday, May 28, will have Cliff Thomas as Master of Ceremonies. The committee insisted that Mr. Thomas be named M.C. because he is primarily responsible for the successful completion of this building. Rev. Herbert D. Graetz, Mayor Barben, Gene Gorman, Charlie Lanier and Rev. John L. Knapp will participate in the program.

Band director, Vic MicKunas will present the APHS Grenadier Band in a program of appropriate music, featuring Mrs. Donald F. Jones as soloist.

The committe invites all residents of the city to attend this ceremony of re-dedication, which will establish a historical marker here for future generations to enjoy.

Seats will be provided and a P.A. system installed so all who attend can enjoy the program.

We will re-live this scene which took place 60 years ago. The bandstand was being dedicated.

Sarah Sellers Is Retiring After 42 Years

Miss Sarah Gladys Sellers is planning to retire this year, bringing to a conclusion a successful and honored 40-year career in the field of education.

Miss Sellers began her teaching career in 1923 at the age of 18. She has taught 19 years in Hardee County and 23 years in Highlands County, of which 22 of these years have been at Avon Elementary School. During her professional career, Miss Sellers has proven her versatility by teaching at different times the first, second, third, fifth and sixth grades and in the field of social studies in the seventh and eighth grades.

Graduating in 1923 from Wauchula High School, now Hardee County High School, Miss Seller's first teaching certificate was obtained by passing the Florida State Teachers' Examination. She then earned a two year certificate from Florida Southern College in 1931 and later her B.S. degree from this college. Miss Sellers did additional work at the University of Florida during several Summer sessions and in 1956 completed her work for a Master's degree from Florida State University with a major in Elementary Supervision and Administration. By taking additional courses at Florida Southern College during the Summer of 1965, the title of "Reading Specialist" was added to her teaching certificate.

From 1942 to 1948, Miss Sellers varied her professional career by working with the Federal Government in clerical work with the Army Air Force at Hendricks Field in Sebring and at the United States Navy's Submarine Base Key West.

Miss Sellers has achieved recognition as a person dedicated to the teaching profession. Mr. Norris Brooks, principal of Avon Elementary School and president of the Highlands County Education Association complimented Miss Sellers when he remarked, "Some people are born to be teachers and Miss Sellers is such a person. Her students, lay people in the community, and fellow educators marvel at her ability to control children under her supervision. She believes that when a child is in the classroom, it is her duty to teach him the fundamentals that he will need throughout life."

Recognition as a professional educator has come to Miss Sellers in many ways. She was selected to appear in the 1970 edition of "Community Leaders of America." Biographees chosen for this publication have contributed to the lives of their community by professional and civic activities. The biography tells of her service on the Governor's Committee on Conservation, as a past president of the Business Woman's Club of Avon Park, first classroom teacher from Avon Park to be president of the Highlands County Education Association, a member of Kappa Delta Society and Kappa Delta Pi.

MISS SARAH GLADYS SELLERS

Among her county responsibilities were service on the county's Salary Committee, Insurance Committee, Public Relations Committee, Fair Committee, Legislative Committee and on the Advisory Board of Highlands County. On numbers of these committees she served as chairman for several years.

At the dinner on Thursday, May 27, which will honor all of Avon Park's retiring teachers, Miss Sellers will have as her guests her mother, Mrs. D. P. Sellers, with whom she resides, her sister, Linda Frances Sellers of St. Petersburg, and her cousins, Mrs. Alice Pearce, Media Specialist of Hardee County High School and Dr. E. G. Sellers, Instructor and Consultant for Off-Campus Extension Courses at the University of South Florida in Tampa.

Sarah remarked that she and her cousin, Guy, have had the unique distinction of having taught each other. She taught him in the fifth grade, while he taught her in a Modern Math course offered in Avon Park as extension work from the University of South Florida.

Sarah Sellers will be missed in the classroom and in the professional organizations that she was in active in. Highlands County's best wishes go with her.

THE HONOR ROLL on the Mall stands erect and proud with the names of those we honor on Memorial Day, with services befitting the war heros who have died for freedom and victory. The symbol of our country, the eagle stands guard over the plaque, while a wreath and flag for rememberance is placed at its base.

Nation Will Honor Veterans On Monday—Memorial Day

Memorial Day 1971, again we honor our war dead with flowers, flags and memorial services while a war still rages in Viet Nam. In other parts of the world our men are serving their country. They have died so that we may live in peace and that we may again pay homage to them.

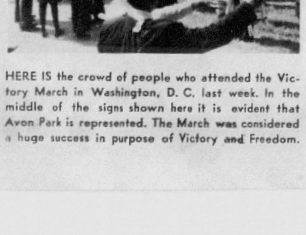

Each war has been the last war according to saying "this is the last war and we are fighting to achieve the peace," but it seems that one ends and another starts. Will the day ever come when we as Americans will be able to say, "We have won a peace" or will it always be a plague to the world to be forever in a state of war for some reason or another. How long can mothers, families and loved ones give their sons and daughters to fight for a right.

As each in their own way mourns the heroes that this day is in memory of, it all ends the same way each year, some go to cemeteries and to memorials set on greens and say prayers and salute those that have died. This is befitting that we do this so that we don't forget what sacrifices have been made. For here is no price that one can set on a life that has been given in the name of peace.

So let us all not only honor our heroes but let us all pray that this will all end, that our boys may return to their homes and families soon and that all hostility will cease throughout the world. That all may live in a better land and that all men shall be free.

Services will take place at the Memorial Gardens Cemetery on Monday.

Teachers Begin Preparing For Opening of Middle School

At a meeting of the Lay Advisory Committee, Elmo Roberts made the following comments concerning the middle school which will be put into operation next Fall:

The faculty is now complete and there will be 42 teaching units. All of these teachers have visited at least one middle school in operation in the state and are very interested in the program. A large number of this new faculty will meet for one week after school closes for additional planning sessions.

It is to be particularly noted that there will be a special emphasis on the basic fundamentals of education, with a minimum of five hours to be spent on academic work daily. The students within each grade will be grouped according to their abilities. There will be a reading specialist at the school.

In addition to the five hours of academic work, there will be time provided for related arts such as physical education, music, homemaking, industrial arts and basic art. All students will be exposed to several of these related arts—in nine weeks' periods each.

There will be band for both seventh and eighth grades and a beginner band program for the sixth grade. There will also be a seventh and eighth grade chorus.

Physical education will be offered to each student every other day. There will be an intramural athletic program. Eighth grade boys who want to play on the junior varsity team, may do so, but they will be playing only with ninth grade boys and supervised by the high school coaches.

There will be interest groups meeting after lunch for 30 minutes of educational games; also offered will be advanced math, advanced science, sewing, cooking, homemaking, drama, photography, woodworking, leather working and study of plants and grounds keeping. Each child will work on four different units of interest during the year.

Little League Concessions Need Help

The concession stand at the Little League Field is having trouble finding help and parents are reminded that each team is responsible for four nights during the season.

Some mothers are agreeing to work and not showing up and others are not even offering to help when called. Please feel your responsibility for this small part of helping contribute to the total effort it takes to make the program possible for your son.

Most of the money that supports the Little League program comes from the money made at this stand. If you don't take your turn, some other parent has to take double or triple duty for your son.

Please contact Mrs. Dot Wright if you will help but have not been contacted.

Avon Park Man Escapes Death After Being Buried Alive

Tragedy was narrowly averted last week when a 23-year-old Avon Park man, Louis B. Nance, II, escaped death after being buried for nearly an hour in a sand mixing hopper operated by Jahna Concrete Co. in Sebring.

Nance, 23, was rescued from the bottom of a large mixing hopper after frantic work by the City Police Department and the Fire Department and their auxiliary crews.

The company is located at 701 Pomegranate Ave., Sebring. According to city police reports Nance's plight was discovered when a fellow employe, McRae Bateman, saw the young man's leg protruding from a gate at the bottom of the hopper.

The discovery was made at about 1:15 P.M.

Sebring police and fire fighters, volunteers and auxiliary men and members of the Sheriff's Rescue Unit joined forces to rescue the victim. Nance was conscious throughout most of the ordeal but was said by Highlands General to be in a state of shock when admitted.

Police said the opening of a chute at the bottom of the hopper to load a truck apparently provided an air pocket that kept Nance alive.

Six volunteers lowered themselves into the chute and dug to keep the sand spilling out of the open chute when Nance was buried.

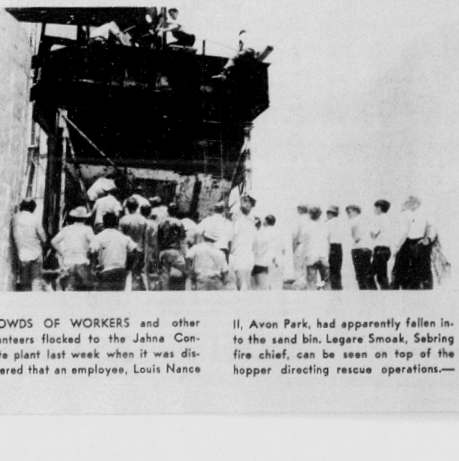

Chief Lonnie Curl said the man was completely covered when the men first started digging. There was said to be 20 to 30 cubic feet of sand in the chute at the time of the accident. While all the other work was carried out Charlie Fritz of the Sebring Welding Tank Co. cut a hole through the bottom of the tank from which Nance was removed and placed on a stretcher for the emergency ride to the hospital.

A crowd of about 100 people flocked to the accident scene.

Among those singled out for responding to the emergency were six men who worked inside the hopper to remove the sand from the lower opening. They were L. R. Carter, E. C. Culverhouse, Don Hamlin, Brad Bowen, Jr., David Sparks and Dean Bengtson.

Working under the hopper were Austin Hasler, Jr., and Hansel Oliver.

"There were many other volunteers on the scene ready to volunteer if they were needed, Chief Curl said.

CROWDS OF WORKERS and other volunteers flocked to the Jahna Concrete plant last week when it was discovered that an employee, Louis Nance II, Avon Park, had apparently fallen into the sand bin. Legare Smoak, Sebring fire chief, can be seen on top of the hopper directing rescue operations.—

Social Security Questions And Answers

Question—What proofs does a young widow with minor children have to furnish when filing for benefits?

Answer—In general, she must furnish her marriage certificate, birth certificates of her minor children, her late husband's social number, proof of his death, her social security number, and her children's social security numbers, if any.

Question—What is the best proof of age?

Answer—An original birth certificate or baptismal certificate made before age 5.

Question—What is the earliest age that a person can get protection under Medicare?

Answer—The month that the person reaches age 65.

Question—I am 62 years old and my wife will be 65 in about three months. I am going to work until I am 65. She has never worked under Social Security. Is there any way my wife can become entitled to Medicare hospital benefits?

Answer — The only way your wife could become entitled is for you to file a claim. If you continue to work, you will not receive any benefits but your wife could file on your record for Medicare benefits. At age 62 your benefit will be reduced by 20%. However, at age 65, it would be refigured, and if you did not receive any checks between age 62-65, you will receive a full benefit when you do retire.

Question—I have a lady come in once each week for one-half day to do ironing for me and I pay her $4 per week. I was talking to a neighbor and she said I had to pay social security tax on this. I don't have to pay social security tax on this small amount, do I?

Answer—If you pay her $50 in cash wages in a quarter, the wages must be reported. There are four quarters in a year. Each quarter has 13 weeks. If your maid worked each week during the quarter at $4 a week, that would be $52 and this would have to be reported.

Question—How old do I have to be to get a social security card?

Answer—There is no minimum age requirement.

Question—When I signed up for social security checks, I had to give a lot of information that I consider confidential. Is there a chance my friends will find out about these things?

Answer—Social security records are confidential.

Little League Action Continues As First Round Is Completed

Rain foiled an attempt last Tuesday night to close out the first half of the Avon Park Little League schedule as the second game of a made-up night was rained out leaving only a match between Avon Citrus and Lions to be played to finish the 28 game first half schedule.

In the first game played to make up one rained out on May 14, First Baptist took a 12-2 victory over Bagwell Lumber to keep the Bagwell boys from moving into a tie for first place with I. H. Ford.

The standings at the end of the first half had I. H. Ford in first place with a 6-1 record, Bagwell tied with Leon's for second place with 5-2 marks, Lions in fourth with 3-3, Baptists tied with Rotary for fifth place with 3-4 records, and Avon Citrus Bank in eighth place with an 0-6 record; but of course ACB still has the game to make up with Lions which could change the first half standings around from third place down. The make-up game will probably be played tonight.

The second half schedule has been changed to allow the teams a break between halves and time to get all games made up. The new schedule is printed in this week's paper and will start next Monday night with Baptist playing Rotary first and then Bagwell hosting I. H. Ford in a real show-down game. There will be no games played on June 7 due to high school graduation. The games scheduled for that night will be played at the end of the season on June 24.

In action last week Bagwell Lumber defeated Lions 8-7 in the early game Tuesday night a week ago. Dale Sisemore and Mort Jackson shared pitching duties for Bagwell giving up five hits to the Lion batters. John Barker hit a single and a double and Ralph Hartt, John MicKunas, and Ike Eldridge all hit a single for the Lions. John MicKunas and Fred Moore pitched for the Lions, also giving up five hits—a double and two singles by Joel Wright, a double by Dale Sisemore and a single by Don Pearl.

In the second game that night the First Baptists beat Avon Citrus Bank by a score of 9-4 behind the three hit pitching of Danny Choate. Getting those singles for A C B were Ricky Anderton, Kenny Light, and Mike Owens. The First Baptists got six hits off A C B pitchers Ricky Anderton and Stephen Ford. Antonio Walker hit a homerun, Smokey Hill got a double and two singles, and Danny Choate and Ray LaFlam both got a single each.

Last Friday night in the early game Rotary pulled the big upset by clobbering previously undefeated I. H. Ford 16-5 in four innings. Edward Dorsey pitched a four hitter for the Rotary nine. Getting those hits for Ford were Tommy Lewis with a homerun, Alan Curlee with a double and a single, and James High with a single. Rotary got 11 hits off four different Ford pitchers. Billy King and Mark Gaines both hit a double and a single. Keith Cobb and Ronnie Brock hit two singles each and Edward Dorsey, David Mellinger, and Bill Cravey all hit a single.

In the second game Friday night Leons continued to win over a 15-5 victory over Kiwanis. Harold Sellers pitched the whole game for Leons and Eugene Haywood went the distance on the mound for Kiwanis. Leons got 7 hits—a triple by Reggie Baker, a double and a single by Harold Sellers, two singles by Terry Lanzing, and a single each by Charles Pugh and Chip Carter. Kiwanis managed 10 hits but couldn't score but 5 runs. Bryan Rimer had a homerun and a single, Claude Dennis hit a double and two singles, Gene Haywood had a double, and Eric Wilson and Brent Beumel hit two sineles each.

Last Monday night Bagwell beat Avon Citrus 7-2 as Bagwell got three hits—all singles by Dale Sisemore, off A C B pitcher Ricky Anderton. A C B batters got 4 hits off Joel Wright—two singles by Stephen Ford, and a homerun by Kenny Light and a single by Mike Owens.

The Lions battered the First Baptists 16-5 in the second game last Monday night. The Lions got 9 hits—three singles each by John Barker and Keith Crews, a double and a single by Fred Moore, and a double by John MicKunas. Jimmy Massey pitched for the Lions and gave up 7 hits to the Baptists. Ray LaFlam hit a homerun and two singles, Danny Choate hit three singles, and Antonio Walker hit a double. Walker and Choate both pitched for First Baptist.

Fire Truck Damaged In Auto Accident

An Avon Park fire truck sustained $500 damages in a truck-car collision at the intersection of South Verona Ave. and East Cornell.

The fire truck, driven by Chief Wilbur Giddens, was headed East on Cornell. An auto driven by Benjamin West, of Avon Park, was southbound on Verona. It sustained $850 damages.

Cpl. N. H. Duttenhaver investigated for Florida Highway Patrol. No charges were filed in the May 19 mishap.

Clarence King said at the council meeting when the accident report was read that "something should be done to slow down the truck on its way to a fire at the intersections at it is very dangerous at the speed that the truck is traveling." A discussion followed to the point of who had the right of way at the intersection, a car or a emergency vehicle. Mayor Barben "he was under the impression that when the siren was on and with flashing red lights all motorists were to clear the way for the emergency vehicle." The city council is responsible for the fire dept. and its equipment.

Scouts Will Observe Keep America Beautiful Day

One very important group among the younger generation, the Boy Scouts of America, all six million of them will be out in force on June 5, in observation of "Scouting Keep America Beautiful Day." The Boy Scouts will engage in a gigantic litter clean-up operation to focus public attention on the tremendous proportions of the problem. People in other organizations in industrial, conservation and governmental agencies have pledged their support. They will make an effort in their litter collection of separating from the trash such items as glass, aluminum, steel and newsprint that can be recycled for use in some other form.

This litter clean up is called, "Save Our American Resources" S.O.A.R. In Avon Park, Boy Scout Troop 156 will participate under the direction of Scoutmaster Larry Hooper, in a clean up program that will take in over three miles from the intersection of Route 64 and 27, west to the area of the city dump. Litter will be picked up and the materials that can be reused will be separated and saved. As plans for this National Anti-Litter Day progress, other announcements will be made to inform all those that are interested in helping in this project may be aware of the plans of the Scouts.

They are asking everyone to join in the program, and to help them make this effort a success. It is cheering to know that what fines and laws were unable to prevent littering, the Boy Scouts may accomplish through their example and education.

Avon Park Library Receives New Children's Books

You know a long list of books usually make dull reading, so we were going to review some of the new children books this week that the list of new book titles is so interesting that we want to list just a few.

How about the "Twins and Trusty," this is about the Parker twins, Peter and Penny and their dog Trusty on a Summer vacation at Nantucket.

This will be pure enjoyment for your 3rd and 4th graders.

Picture books with a story for the younger fry? Well, there's "The Runaway Sardine" or "Somebody's Pup," or "Skippy the Skunk."

Then you could try "Sing, Song, Sung, and Willie," a picture story of jolly Panda bears and the beautifully done "Nobody's Birthday". Here is one you will like, "The Mouse Palace," an adventure picture book story about seven year old Pow Yai in ancient Siam. The gold and red oriental drawings which illustrate this book will intrigue the youngsters.

Then there is one called "Even Tiny Ants Must Sleep," it's all about the birds and the animals and their strange sleeping habits. Here is one every little girl will love, "Janey and the Summer Dance Lamp." And now we see one called "I Want To Be an Orange Grower." How about a story from darkest Africa? We have a good one called "Hello Irina," this is a famous story translated from the German about a little Russian girl and her marvelous adventures on trip to France.

Now we see one called "Reptiles Do the Strangest Things." If you want to know about dinosaurs and crocodiles and alligators and snakes and turtles maybe this is your dish.

We have hardly scattered the surface on our report of new books at your library, but we hope we have told you about a book you'll like. Come down to the library and pick out some reading fun for your Summer. You'll enjoy yourself.

Avon Park Flying Notes

By ELEANOR TRESCOTT

The 2nd Annual Fly-In breakfast held last Sunday at the Avon Park Flying Service was a huge success. About 60 planes flew in during the morning for breakfast.

They came from Miami, Vero Beach, Zephyrhills, St. Petersburg, Clewiston, Tampa, Venice, Pompano Beach, Titusville, Cocoa, Lantana, West Palm Beach, St. Cloud, Bartow and others.

The spot landing contest was won by Bill Slaughter of Sarasota. Nancy Hopkins of Tampa was the first lady to fly-in. The oldest pilot was J. C. Gallatin, 76, of St. Cloud. The youngest pilot was Tom Glendenning, 20, of Miami.

Richard Shaffer won the prize for coming the farthest—Miami Lakes. Rodney Lane and Smokey Welborn took care of the registration. Carl Claridau and Joe Ziesenheim judged the spot landing contest. Jim Renfro was kept busy on the Intercom. The Avon Park Park Flying Service wishes to thank all who came out to help and to eat.

Paul Sheffield and Jim Davis each made a dual cross-country flight to Sarasota and Venice this past week. Then later Paul made a solo cross-country flight to Lakeland and Lake Wales.

Tom Hallam of Avon Park who is a commercial helicopter pilot is now working toward his aircraft rating.

Dave Robinson of Lake Placid has started taking flying lessons.

Walt and Sandi Pierce are leaving Avon Park this week to start their Summer tour of aerobatic shows. They open this weekend in Memphis, Tenn. They will be stationed at Ottumwa, Iowa while touring the midwest and the east. We look forward to their return to Avon Park in the Fall.

Ted Fells of Avon Park made a solo cross-country to Sarasota and Venice last week.

The scope of general aviation is far larger and more inclusive than most persons realize. General aviation represents about 98 percent of the total civil aircraft in use. Commercial aircraft account for only 2500 aircraft compared with 130,000 general aviation aircraft. Every day in this country there are more than 65,000 general aviation flights. These airplanes land at 11,000 airports while airliners use about 600 airports, or about 5 percent of the total. Without general aviation, air travel in many places would be nonexistent. The above statistics are taken from the Spring 1971 National Aeronautics.

All this proves the worth of the Avon Park Flying Service which serves a segment of general aviation in this area. We feel that more attention should be given to those in general aviation.

Mr. C. L. Van Inwagen (Dutch) of Sebring was recommended for and received his multi-engine rating last week.

Mr. and Mrs. Woody Metcalfe of Youngstown, Ohio while here on vacation flew to Vero Beach to visit the Piper Company.

Jim Davis, Wauchula made a dual cross-country flight to Lakeland and Winter Haven last week. Paul Sheffield of Avon Park, also made the dual cross-country flight to Lakeland and Winter Haven.

Ed Black of Peru, S.A. went on a dual cross-country flight to Sarasota and Venice while visiting here.

There are some new shirttails on the office wall. "Trip" Warren of Sebring soloed May 14 and Kenny Ziesenheim of Sebring soloed May 15.

Three new students have started their flying instruction—George Bell of Ft. Meade, Rick Jones of Sebring and John Costello of the Air Force at Avon Park.

Summer Day Camp Set For June 7-11

Summer Day Camp for the area Girl Scouts will be held June 7 through June 11 at the Florida Power Club House.

A full program is scheduled for each day, from 9:30 A.M. to 3:30 P.M. There will be canoeing for girls who have completed the 6th grade.

Registrations, accompanied by the $5 fee should be mailed to Lani Newton at 313 South Lotela Ave., Avon Park.

It should be noted that all girls who have completed the first grade are welcome to attend day camp. It presents an opportunity for those not yet in scouting to learn about the program at firsthand.

The 1970 Day Camp was an outstanding success and the Jacaranda Neighborhood is confident that 1971 will be a repeat of that success.

Nazarene Pastor Entertains New Board Members Monday Night

Rev. and Mrs. Paul J. Trissel, pastor of the Church of the Nazarene, entertained the newly elected official church board members and spouses at their home Monday evening at a dinner party. The parsonage was elaborately decorated in a luau theme and all the delicious food was prepared Hawaiian style.

Tiki lights and a four-tier waterfall filled with floating gardenias graced the entranceway. Two lovely mu mu clad girls, Debbie Scott and Barbara Miller presented each guest with a lei, fruit punch and banana hors d'oeuvre upon arrival. The centerpiece was bougainvillea and tapers encircling a huge bowl of melon balls.

This was the second annual dinner party the Tresslis have given for the board members, as the first meeting of the new fiscal church year.

The official board for the Avon Park Church of The Nazarene are as follows: Trustees, Emmette Wright, Ken Filppula, and Doris Elliott; Stewards: Geraldine Dailey, Sallie Wright and Pearl Cox; Education: Jackie Scott and Mary Batson; Sunday School Supt., Emmette Wright; Youth Pres. Miriam Filpula; Missions Pres., Mabel Corwin.

THESE MEMBERS of the Church of The Nazarene enjoyed a luau at the home of their pastor, Rev. and Mrs. Paul J. Trissel Monday. May 24. Decorations and the delicious food all carried out the Hawaiian theme.

Avon Park Couple Attends Victory March

A personal report of the Victory march that took place in Washington, D.C. last week was given by Emilie Sherertz and Dorthy Baldwin of Avon Park who attended the march. This was the second time that they attended these marches in Washington, and have attended many others in other cities.

The Patriots March for Victory brought people from all 50 states with a crowd that braved the rain to march for victory. It was covered by T.V. works and was written up in all the newspapers.

The development of the march was a great impact on the nation as a whole. A call to Vice President Ky of South Vietnam was heard by all at the mall. A roar of approval from the crowd demanded a military victory in Southeast Asia.

After many speeches and talks which had been conducted in an orderly manner was dispersed around 4 P.M. following a rain storm which had plagued the attendance throughout the entire march.

This march was so different than the other marchers that had invaded Washington in both their dress and actions, but one thing in common was very prevelant, the language of the speakers was as strong as that of the young anti-war militants. A message was adopted by the group to present to the President. The parade was attended by many who carried signs and banners but the most noticeable that many carried their Bibles and the flag of our country. Floats were on the liberty theme and all that attended were enthusiastic and presented their concern for freedom and liberty for all.

Other marches are being planned for the near future and they will be announced when they are complete and the dates set.

Mercer Speaks To Seniors At Banquet

Seniors of The Highlands School were reminded by Jesse Mercer, head of the English department, that graduation is a time to "put away childish things" and to exercise thought and will more precisely than ever before. Mr. Mercer was the chief speaker at the Junior-Senior banquet held Thursday, May 20, at Holiday Inn, Lake Placid.

"You have achieved the beginning of life no longer as a child," Mr. Mercer said, "but your beginning as an adult. Our guidance and teaching can only aid you in making the transition, not tell you how to cope."

Other speakers were Roxanne Sanders and Susan Foster, presidents of the Senior and Junior classes. On the lighter side were the Juniors' pantomimes of the Seniors, ending with the singing of the Senior class song, "Try to Remember."

Special guests at the banquet were president and Mrs. Raymond H. Stokes and Mrs. Elizabeth Covington, counselor. President Stokes spoke last, commenting on the superior academic work of the Senior class and their cooperation during the past year.

Seniors Honored with Covered Dish Dinner at Congregational Church

Members of the Union Congregational Church honored their graduating seniors at a covered dish dinner Sunday, May 23. Rev. and Mrs. Bruce Mosher, Miss Mildred Myers and Mr. David Lanier joined the seniors at the speakers table.

Mrs. Lorraine Hasson and Mrs. Lyda Brown decorated the table which was centered by an attractive centerpiece of tiny pink flowers and miniature boy and girl graduates. Each senior place was marked by a black mortarboard with his or her name on it.

Mr. David Lanier served as master of ceremonies and introduced the speaker Miss Mildred Myers. Miss Myers, who is retiring this year after 48 years as a teacher in Avon Park school system, entertained the audience with many stories of her students over the years, all of whom were known by the group. Miss Myers ended her talk with warm and wise words of advice for the graduating seniors.

Mrs. Phil Weber representing the Women's Fellowship presented New Testaments to each graduate and also to Miss Myers. Miss Myers has been a member of the Congregational Church for 53 years. The program was closed in prayer by Rev. Mosher.

Seniors honored by the church were Susan Skipper, Walter Donnalley, Danny Albritton, Joe Franza, Susan Franza, Fred Jahna, Nancy Pearl and Joanie Seims.

Mrs. David Lanier and Mrs. Bob Barben were the hostesses for the occasion.

Congregational Church Honors New Minister

Sunday, May 16, a reception at the Congregational Church in honor of the new pastor, Rev. Bruce Mosher and family. More than 150 guests arrived between the hours of three and five.

They were greeted by Mr. and Mrs. Andrew Miracle who introduced the guests to Bruce and Ruth, and children Claire, Maria and Glenn. The fellowship hall was lovely with arrangements of roses placed around the room. The refreshment table sparkled with the glow of candlelight upon silver and crystal.

Refreshing mocha frape', tiny sandwiches, cookies, nuts and mints were enjoyed by the guests. Mrs. Robert Barben was in charge of the reception and was ably assisted by Mrs. E. W. Hartt and Mrs. David Lanier.

For young marrieds who furnish their new home on the installment plan, the billing comes after the cooing.

Members of the Avon Park Church of The Nazarene who have just attended the Annual District Assembly held this year in Miami Beach, were: The Ken Filppulas, the Paul Trissels, the Emmette Wrights, Mabel Corwin, Doris Elliott, Yvonne Smith, Larry Trescott and Nancy Scott.

This year's highlights included: In the N.Y.P.S., Jonathon Wright being chosen as one of the teens of the year in the District; the local youth society reaching the highest goal of superior Honor Society.

This being gained by participation in all areas of the church. The N.W.M.S. was chosen as a Star Missionary Society because they reached or exceeded all goals set by the denominational headquarters. The church in Avon Park was awarded certificates for reaching or exceeding all goals on the zone, district and general church levels.

This Assembly was held from May 14-18 and was climaxed by the Ordination Service in which Rev. Trissel was elevated to Elder's Orders.

Peace Now?

I observed personally some of the anti-war demonstrations in Washington, D. C., at the end of last month. Many good and many bad people and causes were muddled together in the masses of people with banners, marching. One central demand, however, asserted almost universal: "Peace Now!"

The desire for peace is not limited to three or four hundred thousand Americans; all 200 millions of us want peace. Don't you?

The problem is the "Now." Do we want peace now if the necessary cost of it is slavery? If the cost is injustice? If the cost is another war?

But would slavery, injustice, or another war actually be the result of peace now? The resolution of these questions involves not only facts but also your perspective on those facts. To get at your perspective, I ask this question:

What does history mean?

This question may seem very abstract and far from the question of "Peace Now," but it isn't. A close study of history should make evident one of the crucial principles concerning peace.

Three Perspectives

Some people think history is random. Events occur by the operation of myriads of complicated and interdependent forces and consequently are very difficult to control. Progress, if any exists, may perhaps be propagated by men, but eventually unforeseeable events will dominate man's best efforts. I presume that anyone who believes history is random and unpredictable would encourage people to try to make peace now, everywhere, at almost any price. Since we can't learn from the past or significantly influence the future, we ought to affect the present as best we can.

Some people think history is cyclical. Events tend to repeat themselves. Whether the pattern follows a simple circle or spirals through many circles, what has happened before will happen again. Perpetual peace is, of course, impossible, but perhaps a temporary peace could be made. Most people who have not really thought about it imagine history essentially in this way, and so they argue whether we have had enough war in an area to allow a reasonably stable peace.

Some people think history is linear. Some kinds of events may indeed repeat often, but the whole of history does not. History is progressing toward an objective. A particular event may, indeed, be part of a cycle, but it also has the possibility of producing something basically new. Each event, including making peace, must be responded to on the basis of known issues, with consideration given to the future.

Three Values

The Bible presents a linear view of history, in which God influences the actions of men and nations according to a perfect set of values. Some of these values are: (1) to glorify God; (2) to give every man a chance to know God; and (3) to create proper harmony among God, man, and nature. What do these add up to but peace?

For a peace that is not only for now but forever, and for everyone, let us all demonstrate. Let us demonstrate, through the eternal power of Jesus Christ, these perfect values of God.

Zoning Board To Decide Fate Of Proposed Mobile Home Subdivision

Application has been made to rezone the property at Route US 27 North and the truck route 17-A. William Briscoe of Avon Park has requested the change to construct a Mobile Home Subdivision.

Twenty acres of property is proposed to be developed into lots 50 foot by 100 foot. Plans have been revealed for approximately 140 mobile homes.

Briscoe, a well known business man in Avon Park, is presently the owner of the Briscoe New and Used Car Sales and Mobile Home Sales. He is also a former president of the Avon Park Citrus Bank.

The proposed site would have the facilities of city water and utilities, however, there will be constructed on the site a disposal plant for sewage to service the residents of the area. Plans submitted for the development of this property reflect a modern and beautiful area for mobile home dwellers.

A preliminary hearing with the Zoning Board was held and it was decided that other legal work would have to be completed and a new hearing will be set up to go over all prospectives before a final decision will be made. The property at the present is zoned for commercial and a R-2 zoning. There is at present no classification on zoning for the proposed subdivision.

THE FLYING PIERCE'S are shown here in action in one of their many airshow activities, Sandy on the wing of the plane and her husband Walt is at the controls. They will compete in airshows all across America, Canada and Mexico in the Continental Air Show, and at the same time act as the Goodwill Ambassadors of Avon Park.

Flying Pierces Commissioned Avon Park Goodwill Ambassadors

The Chamber of Commerce at its last meeting commissioned the Flying Pierce's as the goodwill ambassadors for Avon Park.

The Pierce's will take off for the Continennal Air Show, appearing in air shows all over the USA, Canada and Mexico. Along with their van and their two planes they will take along a bountiful supply of brochures to leave with the people all over the area that they will cover. Sandy's plane will have to be refueled every 150 to 200 miles and at these refuelings she will leave the brochures that will advertise Avon Park.

The planes will have Avon Park painted on them and at each meet when the announcement is made, Avon Park will be mentioned by the announcer. As goodwill ambassadors they will make all aware of the advantages of this area and thus possibly create a desire to more people to either visit or settle in our area.

The Flying Pierces, (Walt and Sandy) are the only husband and wife team in aerobatics that is currently appearing in the United States. Walt flies a Stearman 450 and Sandy flies in a clip wing Taylorcraft. They are well known for aerobatic flying. They donated their time and talents at the air show at the Avon Park airport February held to build the fund for the restoration of the bandstand.

In other business the Chamber heard a talk on drugs and their use by Sgt. Glenn Hartsfield of the Highlands County Sheriff's office. He displayed different types of drugs and the way that they are packaged. In his discussion he enlightened members on the use and effects of the drugs that are prevalent in the drug world.

City Purchases Ice Machine For $658

The Avon Park City Council unanimously agreed to purchase a new ice machine at its regular meeting Monday night. After bids were opened, it was decided to purchase a 250 pound capacity Whirlpool from Long and Sensenig at the cost of $658.

In Other Business

The Council decided to let Mayor Barben try to work out the difference in the electric bill that was charged to the Highlands Girl School instead of the city. The bill would be different in cost because of the city being billed at a lower rate.

Norris Brooks, principal of Avon Elementary School requested $300 funds for materials to be used in the Summer enrichment program. The request was rejected with the opinion that the school project should be funded by the county.

An announcement of the change in the city elections had been passed by the House and the Senate. The new election date will be the first Tuesday in December.

It was agreed that the city would send telegrams relative to the increase in cigarette tax and gasoline tax that is now being considered in the Senate.

The vacancy in the street department will be filled. According to doctors reports, Able Dover will be unable to return to the position, therefore creating the vacancy.

Two rejections were recorded in the minutes with the one on modular homes for a suggestion on reprocity among city builders for inspections of the homes, the other was a request for $100, for the Highlands Art Festival.

Upon an inquiry of the National Guard vacated the Armory, when new quarters are ready for the guard to move in. It was revealed that the city has plans for a civic center in the old armory building.

Property Owners Seeking Hearings On Zoning

Property owners seeking public hearings on county zoning classifications will, after June 1, be charged a $15 fee. Highlands County commissioners, at a special meeting Monday, broke with its "no charges" policy and approved a request for the fee. It will be charged for hearings on zoning changes, variances and special exceptions.

Zoning Director Jack Short said the fee is needed "in order to help cover the ever-rising costs encountered by the board in mailing notices, advertising and other expenses in petitions for hearings.

In the first five months of operation the number of zoning petitions has been rising, Short said, and advertising costs alone have been approximately $100 per month.

According to the policy approved by the commissioners the petitioner's fee will be payable in advance of the petition's being heard.

At an earlier meeting the commission had approved switching the responsibility for legal advertising to the petitioners.

Councilmen In Roe Over Garbage Bill

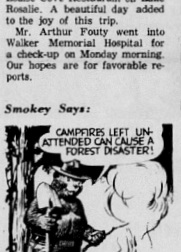

Tempers flared between councilmen Clarence King and Durrah Martin at Monday's City Council meeting Martin accused King of owing the city for garbage collection on a prior business of King's that included two stores in the building and also stated that King was on sewer for many months without paying and also questioned the tap-in fee.

King answered these accusations by saying that he had paid all the fees for garbage that he was billed for. To the sewer accusations he stated that there was no tap-in fee but that he had paid for all the material used to tap-in on the sewer. The city clerk was asked to check into the garbage charge and if there was any money owned to the city King would be billed for same.

King then said that Martin had accused Mr. Wise of not doing any charitable work in the city and stated that he had letters to disapprove this allegation and wished to read them.

At this point Don Serdynski, president of the city council, halted the discussion and said that this was not city business and that the council was not to settle personalities but to conduct city business only. With the statement "that personal business was ... order the meeting was journed.

Lions Club News

Tuesday, May 18 was the occasion for local Lions to greet president Acri following his attendance at the state-wide Lions convention in Miami. All who came enjoyed a fine meal of beef stroganoff and good trimmings before hearing President Acri's report. Four other Lions of Avon Park motored to Miami on Saturday the 15th to provide the maximum number of votes allowed the local club.

President Acri announced that the effort to get to Miami and vote for the club's choice helped to give the Ridge area its long sought district governor. Lion Howard Townes of Lake Wales was elected to the governorship.

Installation night is set for June 1. All local Lions and their ladies are asked to attend and help make the evening a gala affair.

Following a presentation by Chuck Shane of WAPR, the Board of Directors agreed to cooperate with other civic clubs in the city in sponsoring an old fashioned Fourth of July celebration. The Lions will also participate in providing food for the public during the afternoon and evening of the celebration. The local club plans to serve its specialty of barbecued chicken dinners. More details will be available later as July the 3rd, Saturday draws near.

The evening was topped off by Lion George Kelsey showing a film entitled "The Story of Old Glory." The film depicted all of the various designs of the flags flown during this country's development. It had an obvious patriotic pattern to support a drive for public buying of U. S. Savings Bonds. Lion George did a professional job of pointing out the advantages of individual holdings in these bonds. He also covered many of the details on maturity and earnings that buyers would want to know.

WAITING FOR the go ahead to finish rebuilding the 8N Ford Tractor are Agricultural Mechanic students at South Florida Junior College. The complete rebuilding and repair of the tractor included the engine, hydraulic system, transmission, brakes and refinishing.

Shuffling

The courts have a new look with their recent relining and all the painting that has been going on. Benches, and everything paintable has been painted a fresh green, thanks to Howard Long and his helpers, Fred Hughes and Herman Wurster.

In the main event in Wednesday's tournament, Dorothy Wilde and Judy Kerr came in first with Lois Johnson and Merrill Wilmot a close second. There was a tie at the end of the eight frames, minus 10. Playing down the board they came up with a score of -3, -10.

Winners in consolation were Chris Steen and Herman Wurster, with Herb Shauger and Art Jordan the runners-up.

On Saturday evening with eight courts in play the winners were Art Jordan and Bernice Long over Howard Long and Toney Kerr. It was an up and down struggle. Consolation winners were Gertrude Fensterman and Burdette Howard with Jim Chamberlain and Elizabeth Clarke coming in second.

Card Games

Scores won in pinochle on Monday and Friday afternoons were Fred Hughes 746, Bill Johnson 692, Loretta Simpson 667 and William Benson 626.

Supper

The suppers on Saturday evenings continue and will if enough folks turn out to make it worth while. It is always fun to eat together and review the week's news. So says Arlene Lane, who has charge of the suppers in the Summer.

News of the Week

The Ray Johnsons entertained Mr. and Mrs. Win White from Whittier, Calif., for several days this past week. Mr. White is Lois' brother.

Margaret Trapp is resting comfortably after her surgery this past week.

Two Scouts Will Receive Eagle Rank

Two Highlands District youths will be awarded Eagle rank when Boy Scout units of the district have their annual appreciation program here tonight (Thursday).

The program — which involves Cub, Boy Scout and Explorer units from Highlands, Hardee and a part of Polk counties — will attract about 1,000 BSA members and friends. A picnic, set for 6 P.M. at Highlands Hammock State Park, begins the event.

David Brooks, member of Explorer Post 163, Sebring, and Danny Collins, member of Troop 813 of Wauchula, will receive the Eagle rank, the highest in Boy Scouting.

A series of awards for adults working with Boy Scout units will be presented. Donald Brooks, BSA executive for Highlands District, said six Scouters are to be inducted into the Royal Order of Knights of the Round Table.

Ernest M. Breed of Sebring will conduct installation of new district committee officers.

Ben Foster, Sebring, will lead the opening ceremonies, and the Rev. Duane Zoller, Avon Park, retiring chairman of the district committee, will be master of ceremonies.

County Agent Speaks To Kiwanis Club

By JIM WILLIAMS

The Kiwanis Club of Avon Park at its luncheon meeting on May 18 had as guest speaker, Bert Harris, Highlands County Agricultural Agent. Bert, who was no stranger to the club members, nevertheless, was introduced by John Church, chairman of the Agriculture and Conservation Committee.

The County Agent gave his topic as: "Pollution Confusion." He indicated that his views in relation to the agricultural use of pesticides came out of his background of training in an agricultural college and his years of experience in seeking the practical application of an applied science to making agricultural production more efficient. He questioned the notion that everyone who speaks on the subject of ecology today is an "expert." Do all those who speak or write on this type of pollution know all sides of the question? A more realistic approach would be to weigh the risks taken against the benefits derived.

Since man is the major polluter of the natural environment is not population control an important element? Nevertheless, there are many efforts underway to assure better control over the harmful or indiscriminate use of element that add to the pollution problem. He mentioned re-cycling or use of by products, biological means of pests control by using another harmless organism, and better techniques for filtering out, for example carbon.

Mrs. Clarke Is Impressed By First Trip To Europe

Impressions from my first trip to Europe:

Italy, I found more different than any other country. As we drove from the airport to our hotel in Rome, there were the apartment buildings, as everyone in the European cities live in apartments, with balconies, and all had their pots of flowers, flowers everywhere.

The next thing to impress me was the high walls in the older parts of the cities in Italy. We walked down one narrow street, just wide enough for two small cars to pass, and two foot wide sidewalks, with high walls on either side, with high wide wooden doors, and small garden gate type doors, each with a number indicating someone lived behind each door. One door we found open and we looked at a neglected garden with fruit trees. This street was about 200 yards long so our guide told us, more like a mile. At the end we came to an old fort that overlooked all of Florence.

Rome is the ancient city, Florence a medieval, as was Venice. When we drove out of Italy we came to open country with low wire fences. England was beautiful with its low rock fences and low hedge fences.

Each country was interesting in its own way. Switzerland had the high Alps, beautiful beyond description; Holland had its canals with the ducks, swans and tulips.

We flew into France and out, so did not see any of the countryside. But we did enjoy Paris, ate on the second level of the Eiffel Tower, took a boat ride on the Seine, drove to Versaille, was in a traffic jam on the way back. Shopped in beautiful Lafayette Galleries, a department store comparable to Marshall Fields in Chicago.

But I'm glade to be home, Elizabeth Clarke.

AARP PICNIC

Members and friends of Highlands County American Association of Retired Persons Chapter 222, will hold their annual picnic at the Highlands Hammock Park, Wednesday, June 2. This will be potluck—each one to bring a covered dish and his or her table service. Coffee will be furnished. Festivities will start promptly at 12 noon. Members have been requested to bring games to play in the afternoon.

Stamp Machines At Post Office To Be Changed

Postmaster Young said today the vending machine at the Avon Park Post Office will be adjusted to dispense the new stamps required under the new postal rate increase in the near future.

The new rates have been placed into effect temporarily, pending completed action on a permanent rate increase proposal being considered by the Postal Rate Commission. Temporary rate increases are authorized under the Postal Reorganization Act of 1970.

Postmaster Young said the Postal Service intends to make the transition to the new rates in an orderly fashion, with a minimum of inconvenience to the public.

Under the new rate increase the price of a first-class stamp will be eight cents. The air mail stamp goes to 11 cents. Thus, the six-cent first-class and 10-cent air mail stamps will be discontinued.

Postmaster Young said there will be no noticeable disruption in automated stamp dispensing services at Avon Park. Postal technicians will make the necessary mechanical changes in the machine as soon as parts are available, in the meantime 5-cent and 6-cent stamps are available.

There's nothing wrong with the postal service that heeding its legendary slogan wouldn't cure.

The chances are you will be using more electricity during the hot summer months.
Here's how to avoid wasting electricity when running your air conditioning!

Don't use more electricity than necessary by setting your air conditioning thermostat too low. For economy, set the thermostat at the highest comfortable temperature (usually about 78°).

THERMOSTAT SETTINGS	HOW MUCH YOUR USAGE INCREASES WHEN YOUR THERMOSTAT IS BELOW 78°
NORMAL SETTING 78°	
At 77°	You use 8% more
At 76°	You use 18% more
At 75°	You use 28% more
At 74°	You use 39% more
At 73°	You use 50% more
At 72°	You use 63% more

For economical air conditioning —

Fan setting: Operate as you like best. "Auto" gives better humidity control and economy. "On" gives more uniform air motion, sound level and temperature.

Away from home: Set unit at 5° to 10° above normal setting with fan on "Auto" for mildew protection and quick comfort when you return.

Filters: Replace frequently. Clogged filters make unit work harder.

Outdoor section: Keep clear of plants and obstructions.

Return air grill: Don't block air flow with furniture or drapes.

Windows and doors: Shut out heat from the sun with drapes or outside shading.

Insulation: Adequate insulation and proper attic ventilation will result in lower operating costs.

JOINED OUR NEW EQUAL PAYMENT PLAN?
Now you can eliminate higher seasonal electric bills . . . pay the same amount each month, summer and winter. At the end of twelve months, any difference will be figured into your payments for the following year. Just contact our office to find out what your monthly payments would be.

Ripe olives are abundant. They lend menu appeal to a variety of tempting dishes. Use whole, pitted, chopped, sliced or cut into meaty bits — olives naturally contrast with all other foods in an appetizing manner.

Pitted whole ripe olives are bite-sized delights in cole slaws and tossed salads. Or, add chopped ripe olives to the salad dressing.

Scatter sliced olives atop creamed soups and over sauce-covered main dishes.
