A Christmas Tree Buffet dinner was enjoyed by the young adult department of the First Baptist Church on Friday evening, Dec. 10. Various types of Christmas trees were used to decorate the social hall. A "Jesus" tree and a "Christmas tree" provided special interest. Other types of trees used on the tables and the walls were a paper tree, holly tree, ceramic tree, net tree, feather tree, pine cone tree and flower tree. A giant Christmas Card decorated with red lighted bells was placed over one serving table. The Christmas tree theme was also carried out in the food with each table having a hot d'ouves tree and a candy tree.

A delicious ham dinner was served to the guests, and an interesting program followed. Jerry Wicker was master of ceremonies. Sharon Wicker had an enlightening devotional talk on the various trees connected with Christmas and explained their symbolic meaning.

A humorous song, a parody on "The Twelve Days of Christmas", was sung by Janice Barefield, Betty Sue Albright and Diane Lerner with Debbie Vanderbilt pianist. Malcolm Crews, as Mr. Santa, read several amusing letters from Santa Claus. A musical game guessing gifts under and on the Christmas tree was led by Mrs. Aden D. Childress with Debbie Vanderbilt at the piano.

To close out the enjoyable evening, Willie Beatty led the group in singing several favorite Christmas carols. There was no exchange of gifts, but presents were brought to be used as a Christmas ministry.

Those attending were: Malcolm and Betty Crews, Sue and Larry Albright, Sharon and Larry Taylor, Tommie and Willie Beatty, Mary and Milton Bass, Nancy and Eddie Shay, Clara and Kenneth Grice, Ann and Aden Childress, Tiny Johnson, Jean Barwick, Diane

## Women Voters Met Thursday In Sebring

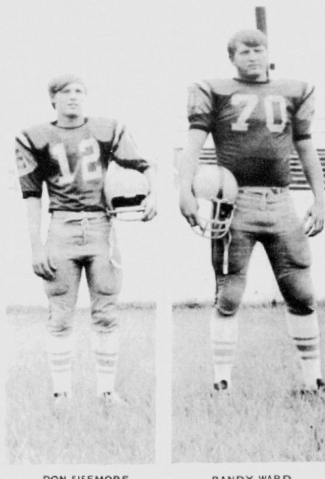

The Provisional League of Women Voters of Highlands County met Thursday evening, Dec. 9, in the Woodlawn Elementary Library in Sebring. The meeting was called to order by Mrs. John M. Richardson, president.

Mrs. Ann McLaughlin, Polk County League of Women Voters, presented a summary of the proposed amendment on court reform. The current legislature has presented an amendment to simplify the present Florida court system into a two-tier system with definite areas covered by each court.

The two-tier system of county court and circuit court will be in all counties and may eliminate much confusion. This proposal will be on the ballot in March and all voters will have a chance to accept or refuse it then.

Hayward Davis, county prosecutor, presented the plan of the Highlands County Courts. While this county is much less complicated than man in Florida, he showed us by using several problems how varied the jurisdiction of our local system can be and in how many places we could enter just one case.

A meeting in the latter part of January will discuss the proposed legislation further. In February a dinner meeting is planned to debate both the advantages and disadvantages of the proposed amendment.

## Ridge Area Fund Drive Moves Slowly

First report of the annual fund drive of Ridge Area Association for Retarded Children, made by Dr. William A. Stallard, honorary chairman, shows returns of \$2,365 with a goal of \$10,000.

A number of factors influenced the lag between goal and returns including the late date at which appeal letters were posted.

Clients of the Work Center stuffed the envelopes for this year's mailing as their contribution to the effort. Their time schedule did slow the efforts of the Association to coincide the request of the community with that of national television publicity.

However, many members of the community have been participating in other ways. Materials for the Resale Store, which are processed by clients at the Work Center, have been donated in increasing quantities and quality. Mrs. Ethel G. Shupe contributed a sewing machine for the Work Center. South Florida Junior College contributed a saw which is being powered by another gift and placed in useful service by still another gift of labor. Some hand tools have been contributed by the Sebring Rotary Club and by Dean Don Farness of South Florida Junior College.

Mr. Los Gasaway of Tili-County Wholesale Beer Distributors has indicated his organization is again interested in contributing equipment to help the retarded as they have done at Christmas time for the past seven years.

People of the community are reminded that financial contributions, which are tax deductible, may be mailed to the Ridge Area Association for Retarded Children, P. O. Box 731, Avon Park. Contributions of equipment, tools or materials for resale are also tax deductible upon declaration of value and may be left at the Resale Store, Avon Park, or at the Work Center, Sebring.

The loss set Avon Park at a 3-1 mark for season. Nathaniel Packer was second high scorer with 16 points and Tony Williams pumped in six field goals for a total of 12 points. The Devils leading scorer, Don Sisemore, was held to 8 points.

Four game totals for the Avon Park squad show Sisemore leading the scoring with a total of 79 points and a 19.5 average per game. Robert Lanzing has 76 points for the four games for an even 19 points per game average. Lanzing also has a total of 28 rebounds for the early season.

Nathaniel Packer is third high scorer with an 11.3 points per game average and Tony Williams has hit for a 7 point average. Williams is the leading rebounder with 48 in four games. Don Sisemore has hit 69.3 percent on his free shots and Leroy Hicks and Robert Lanzing are close behind in percentage at the line with 66.7 percent.

The team will be at home again the first week of the new year when they will host Lake Placid on January 4 (Tuesday) and then the SEBing Blue Streaks on January 7 (Friday). Both games will be conference games and the Devils are out to take the first Lake Ridge basketball championship. Other teams in the conference are Clewiston and Okeechobee.

Coach Tom Lund's junior varsity moved to its second straight win with a 55-44 victory over the DeSoto High "B" team in the first game of the doubleheader last week.

The Red Devil varsity remained in the top 10 rankings in the state A and AA classifications with the sixth spot with 90 votes while Arcadia remained unranked in the top 20. Leading the AA and A rankings was Ponce DeLeon and in second place was Havana. Clermont and Fort Lauderdale St. Thomas tied for the third spot and Key West Immaculate ranked fifth just ahead of Avon Park.

## Court News

The state's attorney's office is adopting a tougher stance on criminal hearings as a result of discharge of a grand larceny case last week.

Assistant State Attorney J. O. Macbeth, who handles most of the prosecutor work in Highlands County, said, "From now on any attorney who wishes to request a continuance must put it in writing. We are not going to take these requests by phone."

Macbeth's comments came after Circuit Judge Clifton Kelly had granted a motion for discharge of Warren Bruce Maples of Lake Placid.

Maples had been charged with grand larceny in connection with theft of a boat motor in late April. He was arrested by Highlands County Sheriff's Department on June 1. He was scheduled for jury trial on Dec. 8, but on that day defense attorney Orville Johnson asked that the case be dismissed because the state had failed to bring Maples to trial as required under Florida's "speedy trial" rule.

Macbeth explained that the only written records in the case were those from Clerk Earl Rich notifying the defendant about various hearing dates. There were no written records to show why the case had been continued.

Macbeth, noting that lawyers sometimes telephone him or the judge to ask for a case to be continued, said this is not an unusual happening, especially when an out-of-town attorney is involved.

Other Cases  
Plea cases were entered in two last week. Myron Arthur Cleveland of Venice pleaded not contumacious to a burglary by breaking and entering. He was accused of breaking into Lake Placid Drug Store, Sept. 11.

Jerry Worth Teal of Atlanta, charged with escape from Avon Park Correctional Institution, pleaded guilty. A pre-sentence investigation was ordered.

## Highlands Girls School Win In Volley Ball Game

The volley ball game played Friday, Dec. 10, between The Highlands School and the Lakeland Christian School teams was a close one, with the final score resulting in a victory for Highlands School.

The Highlands varsity team won the first game, 15-4. In the second game the junior varsity team was not briefly in but the varsity team was reinstated before the game ended.

It was in this second game that the competitive spirit and athletic abilities of both teams came to a head. With the help of Laura Tobler, of Lake Placid, a steady server, the Highlands School team came out on top with a 16-4 win.

It was the third game that proved most exciting. Having already won the first two games, with stiff opposition provided by the Lakeland Christian School team, the Highlands team went on to victory, although their opponents showed real sportsmanship and athletic prowess throughout the contest.

Miss Carol Anderson, head of the physical education department at the Highlands School, trained the team.

## Boy Scout Troop 156 Selling Christmas Trees At City Park

December is a busy time for members of local Boy Scout Troop 156. With the Christmas season in full swing, the Scouts are engaged in the Christmas tree business. Money raised by these sales helps to support the many activities for the Troop during the year.

Scouts and their fathers make trips to the Avon Park Bombing Range, where, with the cooperation of the Air Force, a supply of trees are harvested.

Noting that there is becoming a shortage of good native trees,

the Scouts have started their own Christmas tree farm. Recently some 25 Scouts and seven adults spent a two-day camping trip and planted some 1,000 young Christmas trees. Now they must wait some three to five years till the trees are large enough to harvest for sale.

The Scouts will continue the sale of trees at Donaldson Park until Christmas. The lot is manned after school and on weekends by the Scouts and other volunteers.

## Notes On Helping The Handicapped

Facts from the Fact Sheet of the National Association for Retarded Children, Inc. Mental Retardation can be caused by a condition that hinders or interferes with prenatal, perinatal or postnatal development. In only about one-quarter of all cases of Mental Retardation can the cause be attributed to a specific disease or other factor that can be identified.

These diseases are numerous. They include German measles during the first three months of pregnancy, meningitis and

syphilis. Retardation can also be caused by an Rh blood factor of incompatibility, lead poisoning, lack of oxygen or by an accident which damages the head. A number of metabolic disorders also cause mental retardation. Best known among these is PKU (phenylketonuria), in addition, mental retardation is found in certain medical syndromes such as Down's Syndrome (mongolism), hydrocephaly and microcephaly.

In the other three-quarters of cases, a clear diagnosis of cause cannot be made. Lack of adequate opportunities to learn and a depressing environment can often adversely influence intellectual development. In addition, many persons in the low socio-economic groupings do not obtain adequate prenatal and perinatal care and among such families, the incidence of mental retardation is known to be higher than for other segments of the population.

Three quarters of those diagnosed as retarded do not show any type of brain damage. They are retarded by virtue of unfavorable social surroundings as well as psychological and cultural deprivation. Without stimulus to the intelligence, a child develops more slowly and lacks the normal intellect which he might otherwise have had. Most of the children so handicapped fall within the classification of "mildly retarded."

## Girl Scout Troop 45 Plans Projects

Girl Scout Troop 45 met December 7, with plans for upcoming projects to help the community taking up much of the meeting.

Such things as, giving money to the juvenile home to take them to a show; giving an Easter party for a rest home or some needy small children, were some of the projects discussed.

Aid bars (things you do for the community to help certain people: teachers, needy people, librarian, hospital, ect and get a bar for it) were also discussed.

The budget was discussed and approved. With extra money in the treasurer, a trip was planned for the future, to the beach or Disney World.

Highlight of the meeting was the taking up of toys to be given to the junior college to give to needy children. The toys included stuffed dog, frog and bean bags, made in different shapes.

The troop invites all to attend the "Girl Scout Christmas Sing" which will be December 17.

Now that the 7% excise tax is repealed, you'll save money on all of our cars. But that's nothing new from us.

For the past 24 years, Volkswagens have had the justified reputation of saving people money.

And now that the 7% federal excise tax has been repealed, you can save even more. In fact, even if you happened to have bought one of our cars before now but after Aug. 15, the 7% will still be refunded to you at your Volkswagen dealer.

If you bought one before Aug. 15, don't feel deprived.

You're still saving over the average car about \$1500 on the car itself, over \$100 a year on gas, and \$400-knows-how-much on repairs.
