Griffin To Transfer Cannery From Bartow To Frostproof

FROSTPROOF - The Cannery Division of Ben Hill Griffin, Inc. will be transferred from Bartow to Frostproof at the end of the current packing season. The Cannery Division will begin operation for the 1972-73 season in new plant facilities being constructed in Frostproof.

Announcement of the transfer was made by R. H. Griffin, Jr., chairman of the board and chief operating officer of the firm which bears his name.

Ben Hill Griffin, Inc. has operated the cannery at Bartow for the past 18 seasons.

Continuing, Griffin said "We feel the time is right for consolidating our production divisions in Frostproof. This is a necessary change, one which will be of benefit to both our growers and customers."

Griffin commended the "loyalty and dedication" of the Cannery Division employees, many of whom have been with us in Bartow during the full 18 seasons we have operated there. "He further stated that "every effort will be made to find employment for those Cannery Division employees

who wish to stay with our company." Griffin indicated his company had no plans to continue a citrus operation in Bartow beyond the current season.

The Cannery Division, under division manager Preston Troutman, will continue to produce a full line of single strength juices, canned sections, and chilled citrus salads. Completion of a new plant of modern design is expected by the time the 1972-73 citrus season begins in the fall.

Grange Report

by
LaVerne M. Fulmer

The members of Avon Park Grange were saddened by the death of one of their highly esteemed officers only a short time before the meeting. Zeno Warner entered the hospital for tests about two weeks previously, and passed away at

4:30 on Tuesday, May 23. There was viewing at the Mizelle Funeral Home on Wednesday and the funeral scheduled for Saturday at Clyde, Ohio. Grace Warner will not return to her home on East Main St. until in September.

The Grange session was in charge of Alfred R. Haviland because of the absence of the Master, Louise Clarke. Only important business was transacted and the Grange adjourned to meet on June 13 at 8 p.m. in the Men's Bible Class Room of the First United Methodist Church. This will be the Memorial Program.

It's A Woman's World

After months of short supply and high prices, supermarket shoppers can look forward to a lettuce bonanza in their produce departments. The weather was to blame for the prolonged shortage, but it's back to normal now and the gal behind the shopping cart can benefit from resulting low prices. To help you to use lettuce in many ways, I have included some quick salad ideas and serving tips. Here's to great salad eating!

HOW TO CORE

Core lettuce by holding head, core-end down. Then, whack it onto a counter, lift or twist out the core with fingers. Rinse to restore moisture by holding head core-end up under stream of cold tap water. Drain, core-end down. Store in refrigerator in a tightly closed plastic bag or crisper.

SIMPLE SHREDDING TIPS
 Cut a head of lettuce in half with sharp knife. Place cut side down on chopping board and

shred finely across the heart. It's ready, then, for lettuce slaw, to toss with vegetables, or to fill lettuce cups before bagging them with seafood or fruit salad.

LETTUCE-BACON WEDGES

If it's a fast-to-fix salad you're looking for, cut a chilled head of lettuce into man-size wedges, drizzle with vinaigrette or French dressing and sprinkle with crumbled, cooked bacon or imitation bacon bits. Crunchy and good!

SLIMMER'S SALAD

Arrange cooked shrimp and grapefruit sections on shredded lettuce. Serve with your favorite low-calorie French dressing. Garnish with parsley.

BUILD-A-RAFT SALAD

Use versatile "rafts" of crisp lettuce as a base for many different salad combinations. To prepare rafts, core, rinse, and drain lettuce; chill in

plastic bag. Cut lettuce crosswise with sharp knife into 1-inch thick slices and place on individual salad plates. Now, use your imagination and artistry to top rafts into any combination of either canned or fresh fruits, cottage cheese, fresh vegetables, thin meat slices, or seafood. Serve with suitable dressing.

MEXICAN LETTUCE

For a zippy dressing, combine 1/4 teaspoon chili powder with 1/4 cup dairy sour cream, 1/4 tablespoon salt, 1/4 teaspoon lemon juice, 1/2 teaspoon prepared mustard. Mix well and serve on crisp wedges or chunks of lettuce. Pass the corn chips and your family will shout "ole!"

SALAD SANDWICH

Put crisp leaves of lettuce, sliced cucumber and onion in one sandwich bag; wrap a simple cold cut sandwich in a separate bag. At lunchtime, the "salad" is slipped into the sandwich for "all-in-one" eating.

PREVENT SEPTIC TANK CLOGGING!
 ONE TREATMENT LASTS FULL YEAR!
 Avoid waste accumulation and dangerous slow-ups. One safe, easy-to-use application will prevent the problems, mess and expense of clogging. **ANTI-CLOGGERS!**

APCI Nursery

"How We Grow Them"

by Jim Kiser, inmate

I'll give you some guides for the general pruning you may find necessary throughout the year. Spring is the proper time for most major pruning, but there is still quite a bit of maintenance pruning through the summer.

Winter is the slowest growing period for our plants - any severe pruning done at that time will make it hard for the plant to produce new growth.

Never should you prune without a good reason, nor without some knowledge of the results. Do use tree-wound paints after removing large branches. Also there are some plants that will bloom from the old wood only; and if you prune at the wrong time you will prevent their blooming.

Some species of Hydrangeas, Climbing Roses, Spiraea, and Forsythia are a few. If you find that your are pruning some plants because they keep getting too large for a particular area, you probably have the plants misplaced and might consider moving them to a better location.

Pruning is recommended for: (1) maintaining or developing a particular shape, (2) inducing a plant to have many branches (usually performed on flowering species), (3) removing dead or damaged branches.

ALLAMANDA: A. nerifolia is a very handsome evergreen

shrub found in our area. We have a great many of these here at the Nursery and they are planted in the less cared for areas, in both full sun and full shade. Even in the heat we have been enjoying, they are still giving quite a few blooms.

This may be a rather common plant locally, yet it is one that can be counted on for above average color. They are noted for their winter flowering of yellow trumpet-shaped blossoms and they will help to color your garden for the winter months. They also make a very pretty hedge, and they can be planted in ordinary soil, but care should be taken to protect them from the cold winds. They are easy to propagate from cuttings and can be kept as a tub specimen if so desired.

There are many varieties of Allamanda, but A. nerifolia is the one most common to our area.

BRUNFELSIA: B. americana, "Lady-of-the-Night," grows rapidly to a large shrub that sends forth a beautiful fragrance at night. It will bear a profusion of long, slender, trumpet-shaped flowers. The flowers are first white, and in a few days turn to a pale yellow. They do require part day shade, or full-filtered light to do their best.

I have had the best results when they are potted or planted in a rich heavy soil. This shrub is from the West Indies and well adapted to our climate.

Howard Long and Ora Myers won in consolation over Judy Kerr and Sarah Kerr. Bernice Long and Gertrude Fensterman won on Saturday evening with Grace Romilly and Charles Buckley coming in second. Charles Romilly and Eva Chamberlain won in consolation with Harry Gibson and Chris Steen the runners-up.

Card Games

Pinochle on Monday had 4 tables in play with the following results: Charles Lawrence 740, Allene Howard 730, Fanny Klink 698, Frieda Steen 672.

Dance

Just one square danced the light fantastic on Friday evening. They did as much visiting as they did dancing.

Supper

There were just 10 at the supper on Saturday evening with one guest, Mrs. Vivian Kelly, a sister of Mr. Abel. Edith Martensen and Bessie

Trude were the hostesses. Visiting was much enjoyed, which was much enjoyed.

News of the Week

George and Ellen Coombe were honored May 21 on their 50th wedding anniversary with a reception at the Methodist Church given by their children. There were over 75 guests, delicious refreshments, and many gifts.

They also had a very delightful trip home stopping many places on the way. First in College Park, Georgia to visit a daughter, another daughter in Fairfield, Maine, where they celebrated Ellen's birthday with a dinner, cake and guests.

They also stopped in Lancaster, Pa. to visit son, then to Vermont to visit a son and family. They found all well at home in Solon, Maine. They expect to spend a happy summer and be back in Avon Park in the Fall.

Olive Kerwin's daughter Carolyn and a friend, Gretchen Rueter, of Detroit are visiting here for a few weeks. They and Ileen Kull took several interesting trips to entertain the guests. They visited Miami, Key West, Sanibel Island, after that they spent two days at Disneyworld. It was like Fairyland. Perfectly gorgeous. The Club members have been saddened by the death of Zeno Warner this past week. Grace has gone north to be with her family for the summer.

Dorothy Wilde spent three days in the Winter Haven Hospital for surgery on her thumb. It is still painful, but doing well.

Hermann Wurster is in the Walker Hospital for surgery and is doing fine now. Their son, Howard from Kingsley, Iowa, came for a few days.

Art Jordan is in Walker Hospital for tests. They seem to have found his trouble and he will be home shortly.

Highlands County Has 12,547 Housing Units

The 1970 Census of Housing counted 12,547 housing units in Highlands County, and 10,222 households had at least one television set (4,262 UHF-equipped), the Bureau of the Census, U.S. Department of Commerce, announced today. The figures are from the first report for Florida which presents detailed statistics on housing for each county.

The report shows that in the county: There were 4,301 housing units with air conditioning (2,754 with room units and 1,547 with a central system), 6,778 units with a clothes washing machine, 1,885 with a clothes dryer, and 1,082 with a dishwasher.

The 1970 population was 29,507, with an average of 2.8 persons per housing unit. A total of 4,127 housing units were built before 1949, 2,859 during the 1950's, 2,786 during 1960-64, and 2,535 within the five years preceding the April 1970 census.

Utility gas was used to cook the meals in 411 households, electricity in another 5,708, and bottled, tank, or L.P. gas in yet another 1,536.

There were 11,880 occupied housing units with complete kitchen facilities and 11,160 with complete bathrooms, both for the exclusive use of the households. The number of bedrooms in all housing units ranged from none (in 377 units) and one (in 2,584 units) to four or more (in 1,039 units).

Owners occupied 7,515 units, renters 2,953 units, and a total of 1,841 units were vacant year

round with 211 for sale and 603 for rent. Owners occupied 7,515 units, renters 2,953 units, and a total of 1,841 units were vacant year round with 211 for sale and 603 for rent.

Residents Oppose Rezoning Request

Residents of Highlands Towers subdivision turned out in force at the County Commissioner's meeting Tuesday to defeat a rezoning request by Murray Shaw.

Shaw's plan to have his property developed as a mobile home park adjacent to the subdivision was the only one out of 19 rezoning requests denied by the commissioners.

A spokesman for the Highlands Towers residents, Mike Simpler, told the Board that the area has drainage problems and any development would intensify the problem.

As trustee for an unnamed developer, Murray Shaw said that he had offered to leave a buffer zone between the two areas and questioned why the residents have not pushed for construction of a drainage ditch.

Gene Scheck, developer of Highlands Towers, claimed that the County already had 12,000 lots zoned for mobile homes and there was no justification presently for Shaw's proposal.

Housing, Florida, HC 11-B11, are available for \$2.50 each from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, or from U.S. Department of Commerce field offices located in major cities.

Before the unanimous vote to reject Shaw's request, Commissioner Cecil Skipper told the landowner that detailed plans for any development must be submitted for the Board to give serious consideration to a zoning request.

The other rezoning requests approved collectively by the Board of County Commissioners were:

Bill Haynes - rezoning property north of Dinner Lake from agricultural to one and two family residential.

Edgar Todd - rezoning property behind Sebring Oak subdivision from general use to agriculture.

Highlands County Planning and Zoning Commission - rezoning of Hill Crest Heights from single family residential to mobile home and residential subdivision; rezoning Highway Park from single family residential to mobile home and residential subdivision.

Edgar Nelson - rezoning property directly behind Tower of Peace in Lake Placid from single family to one and two family residential.

L. S. and Grace E. Pickett - rezoning of property north of Avon Park from neighborhood retail to general retail and wholesale, heavy equipment.

Alwidda C. Dartt - rezoning of property south of Surplus City on U.S. 27 from general use to general retail.

Mary E. DeNeen - rezoning of property south of Sun 'n' Lakes from agricultural to mobile home and residential subdivision.

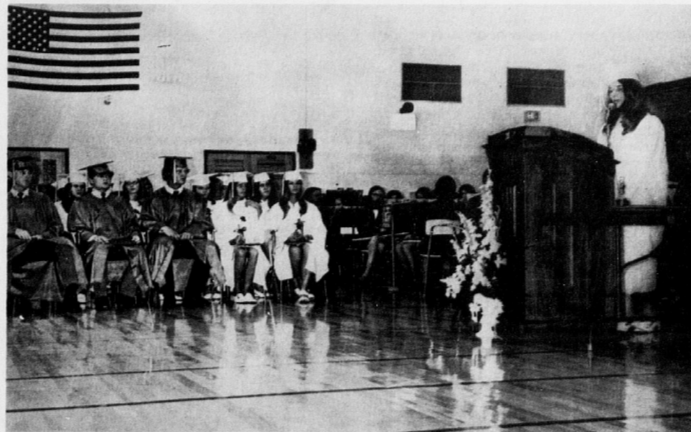

Benjamin E. and Betty J. Hendley - rezoning of property in the Florida area from agricultural to general retail and wholesale, heavy equipment.

Jack H. Orreder - rezoning of property on the east side of Lake Istokpoga from agricultural to single family residential.

M. E. and Nancy Stephens; J. K. and Betty Enzor - rezoning of property south of the airfield in Avon Park from agricultural to mobile home subdivision.

Camper's Hide-away Resort, Inc. - rezoning from general use to mobile home park.

Whispering Pines KOA, Inc. - rezoning from agricultural to camping use, public or private and mobile home park.

held in the new High School Gym, Monday night, June 5.

Seniors Bid APHS Farewell

Monday night, June 5, 109 red and white robed seniors marched down an aisle at the new Avon Park High School gymnasium to receive their diplomas and awards from the Highlands County and A.P.H.S. administrators. Each senior girl carried a long-stemmed red rose.

The Avon Park High School Band, under the direction of Mr. Victor Mickunas, ushered in the seniors with "Pomp and Circumstance" as Junior Marshals LaAnne Johnston and Jan Goodwin, subbing for Sara Nunnallee, led the way down the aisle from the front of the gym to their seats at the west end.

Laurie Burch gave the invocation which was followed by the Salutatory Address given by Elizabeth King. Angela Leon White then gave a history of the Class of '72.

Special music - Highlights from "Jesus Christ Superstar" by Webber - was presented by the Avon Park High School band featuring the graduating senior

band students playing with the band for the final time. Mr. Leon Garner, assistant principal, made the presentation of the Col. Bailey Award, which annually goes to the boy and girl voted by the faculty to be the most thoughtful of others. The winners of the awards this year were Joyce Wade and Eddie Ezell.

Mr. Garner also announced the winners of the American Legion and the American Legion Auxiliary Awards. These awards are based on courage, leadership honor, scholarship and service for the boy and girl, scholarship, companionship, character, and service for the girl. Laurie Burch was the senior girl recipient and Jake Allen was the senior boy award.

Don Sisemore was named the winner of the Senior Honor Award, the highest award given by the faculty of Avon Park High School. This award is based on five qualities -

leadership, scholarship, dependability, loyalty, and sportsmanship. Mr. Aaron Cravens, principal of A.P.H.S. made this presentation.

Mr. Cravens also presented the Valedictory Award to Candace Reddick, representing the valedictorian award. Candy set a perfect 4.0 scholastic record for the four high school years. The salutatory award was presented to Elizabeth King.

E. Ray Wells, Vice Chairman of the Highlands County School Board, made two scholarship presentations. The two First Federal Scholarships to S.F.J.C. went to Lillian Jones and Debra Barber. The Trustee Scholarship to S.F.J.C. was presented to Daniel Brines.

G. Franklin Ward, member of the Highlands County School Board, presented each of the 109 seniors with a diploma.

After the presentation of diplomas, Mary Candace Reddick gave a nostalgic and challenging valedictory address. Miss Reddick followed her sister, Holly, and her cousin, Deborah, as a valedictorian at A.P.H.S.

Before the recessional "Music for a Ceremony" was played by the band, the senior class sang the Avon Park High School Alma Mater accompanied by the band.

A reception honoring the seniors was held at the Avon Park High School Cafeteria following the graduation exercises.

Davis To Participate In Science Program

Dan T. Davis son of Mr. and Mrs. Dan A. Davis of 1104 Lakeside Drive, Avon Park, has been informed that he has been selected to participate in the 14th Science Summer Research Participation Program at the University of Florida, from June 14 until August 5.

Mr. L. A. Arnold, Executive Director of Florida Foundation for Future Scientists, stated, "Dan's selection was based upon his demonstrated outstanding achievement and interest in science and upon the very fine references from his school." Arnold further stated, "Dan, his parents and his school are to be congratulated for this distinction."

This Summer Research Program for High School Students is made possible by grants to the Florida Foundation for Future Scientists from American Cancer Society, Florida Heart Association and Volusia Heart Association.

The objectives of the program are to give qualified high school students an opportunity to observe and participate in active research programs with the research professors on the University campus. They will have contact with scientists at their individual interests and choosing. They will have opportunity to discover the requirements and rewards of health related and other

scientific careers. They will receive an introduction to the various disciplines of science which will aid them to choose the field of greatest interest. This first hand information about the different sciences, they in turn, may take back to their high schools and share with their fellow students.

Special grants to the Florida Foundation for Future Scientists

the program make it possible to provide scholarships to cover the entire cost for 30 participants. To be considered, the student (boy or girl) must be enrolled in a public or private high school as a Junior.

In some cases a Sophomore may be considered, which is true in Dan's case, as he will be a Junior in the Fall. With his award, a grant was provided by Dr. Frank Vickers of the University of Florida, which covers all costs for the summer program.

The program will consist of two parts: Laboratory research participation and Orientation to the health related and other science fields. The students will be housed in the dormitories on the campus of the University of Florida.

Dan is a member of the Key Club, Latin Club, Annual Staff, and a High-Q team member. His hobbies are: Photography, Water Skiing, Bowling and reading.

Dan's father stated, "this selection is evidence of the outstanding educational opportunities available in Highlands County." He also gives credit to the many well qualified teachers and the county math-science coordinator, whose efforts made this possible.

Summer Comes Again

Summertime holds a special place in the hearts of most of us, and it comes again on June 21. It is a season of movement and change. Vacations will be coming up; there will be new places to see. Families will get together, and we will have another season's memories of picnics and swimming, grandmother's house, the seashore or Disney World.

As we seek a respite from the routines and pressures of our jobs and responsibilities, we should always keep with us certain essential behavioral

equipment. As we pursue our vacation-time activities, an ever present sense of caution, forethought and consideration for others in all we do are the first prerequisites for a safe and happy experience in the Summer of '72. Pack these attitudes with your tent, put them in your boat, carry them in your car. If you do this, the chances will be immeasurably enhanced that you and others whom you meet will remember this Summer with the nostalgic pleasure that will put a warm spot in your heart for years to come.

All entries participated in the Special Olympic ceremonies and were identifying bright blue weasels with the Highlands County Special Olympics patches. They marched in the parade and were presented to the honor guests. Rena Moore was awarded her gold medal and blue ribbons by Mrs. Eunice Kennedy Shriver, who has spearheaded the Special Olympics project.

Field and Track events were held at Jesuit High School, swimming events at SFU's indoor pool, and bowling at Dale Matry Lanes. Each setting was a new experience for the handicapped but each entry participated and made a strong effort to compete. Entries were housed in the private dormitory facilities of DeSoto Hall at SFU. They enjoyed supper and dancing to a live band at Fort Homer Hesterly as the final event of the meet.

Highlands county entries were treated to a tour of Tampa International Airport as a special opportunity. Mrs. Lorraine Howard has served as county coordinator and coach of Track and Field; Miss Gail Whitehead coached swimming; and Mrs. Danny Johnson, coached bowling. Mr. and Mrs. Steve Marine, Miss Val Marie Terrell and Mrs. G. F. Ward accompanied the group and handled the various transportation problems. Steve Marine substituted for Mrs. Johnson with the bowling entries.

Sinking, west China, is the world's most remote-from-the-sea country. Its closest seaport is on the Bay of Bengal, 1,000 miles away, and across a lot of mighty rough mountains.

The crowned pigeon secretes a supply of milk in its stomach, which it pumps up into the mouth of its young.

PICTURED ABOVE is one of the weasels worn by each Highlands County entry in the State Special Olympics. The eleven medals displayed were won by the participants. Four gold medals, first place blue ribbons; Two silver medals, second place red ribbons; and five bronze medals, third place white ribbons, all won in bowling, swimming, track and field.

Mrs. William Ray Marovich

Local Couple Weds In Episcopal Church Saturday

The Episcopal Church of the Redeemer was the scene on Saturday, May 27, of the wedding of Miss Bonnie Lou Fisher and William Ray Marovich at three o'clock in the afternoon.

The bride is the daughter of Mr. and Mrs. Kenneth Fisher of Naples and Avon Park, and the bridegroom is the son of Mr. and Mrs. Peter Marovich Sr. of Zolfo Springs.

Father Frank Cleveland performed the double ring ceremony before the altar with large candles in brass holders lending a soft glow, for the afternoon ceremony. Twin bouquets of yellow chrysanthemums graced the altar, with candelabras with white burning tapers and palms completing the background for the candlelight service.

Mrs. Helen Field, organist, rendered a program of nuptial music, which included "Love Story," "O Promise Me" and the traditional wedding marches by Lohengrin and Mendelssohn.

BRIDE WEARS ORGANZA AND LACE

The lovely bride given in marriage by her father, wore a gown of ivory silk organza. The empire style gown featured a high neckline with applied lace and seed pearls on the bodice and long sheer sleeves. The bride's Mantilla type veil of sheer illusion was attached to a lace and beaded cap and swept past the train. Edging the veil was the same type lace as on the gown. She carried a colonial bouquet of yellow roses with white daisy pompons and babies breath.

The bride's only attendant was Miss Marcia Ward of Avon Park and Tallahassee. She was striking in a yellow crepe princess gown with short puffed sleeves and high rolled collar. She wore a small pillbox in the same shade of yellow as her gown, with matching slippers. She carried a colonial style bouquet of yellow roses with white daisy pompons and babies breath.

Little Stacy Still, daughter of Mr. and Mrs. Max Still, was flower girl. She carried a white basket with yellow rose petals, scattering them in the pathway of the bride.

William chose for his best man, Mike Arts of Wauchula. For her daughter's wedding, Mr. Fisher wore a beige and cocoa ensemble with beige accessories. Her corsage was yellow rosebuds.

Mrs. Marovich chose for her son's wedding, a belted sheath of pink polyester crepe with long sheer sleeves. She wore matching accessories and a yellow rosette corsage.

RECEPTION

Immediately following the ceremony, Mr. and Mrs. Kenneth Fisher entertained at a

reception in the Parish House. Mrs. Anna Dee Shaw was hostess, with Miss Emily Rowland of Gainesville in charge of the guest book.

The serving tables were covered with white lace trimmed cloths, with silver coffee service at one end, and antique cut-glass punch bowl on the opposite end. A cherub candelabra with white tapers, and nosegay of pink and yellow daisies, accented the three-tiered white wedding cake, adorned with a cascade of yellow roses. The cake was topped with the traditional bride and bridegroom beneath an archway. Silver bonbon dishes held assorted nuts and mints. Dainty napkins were inscribed in gold, with "Bonnie and William" and their wedding date.

Assisting with the serving were, Mrs. Leota Fussell of Arcadia; Mrs. Connie Williams, sister of the bride, from North Ft. Myers; and Miss Emily Rowland of Gainesville.

HONEYMOON TO VERO BEACH

When the new Mr. and Mrs. Marovich left on their honeymoon to Vero Beach, the bride was wearing a blue and white polyester ensemble with white accessories. She wore a corsage of yellow rosebuds. After their wedding trip, the newlyweds will reside in Leesburg.

Bonnie graduated from Avon Park High School, with the class of 1968 and graduated from South Florida Jr. College and Florida State University, Tallahassee. She is teaching at Umass Elementary School.

REHEARSAL DINNER

Mr. and Mrs. Peter Marovich entertained their son, William and his fiancée Bonnie Fisher and their wedding party at a dinner, before rehearsal on Friday evening, May 26, at Griffin's Restaurant.

The "T" shaped tables where the guests were seated were centered with an elegant arrangement of yellow chrysanthemums, carrying out the bride's chosen color.

The 20 guests enjoyed a delicious dinner with lots of reminiscing, before all went to the Episcopal Church for rehearsal.

Among out of town guests for the dinner were, Ethel Collier, aunt of the bridegroom from St. Petersburg and Peter Marovich, Jr., brother of the bridegroom from Indianwood.

Steve Beardsley Home From Vietnam

When Steve Beardsley, 20, was sent by the army to Vietnam about a year ago, he must have carried a rabbit's foot with him. He said he would come back and he did - in a miraculous fashion.

The son of Mrs. Pat Karl, 1011 W. Beach, Calif., (the former Marjorie Hetherington of Avon Park) and James Beardsley, Clamath Falls, Ore., was stationed with other Americans in a hot spot, surrounded and helled from all directions. Doctors were evacuating the Americans. Steve was aboard one of these, but found he had left some papers behind, and an hawk into his quarters to get them.

When he came back out, the helicopter had taken off without him. It was soon hit and all aboard perished. Steve then caught the next - and last - ship and was flown out safely. He arrived home in California early in May.

The news was contained in a letter from Marjorie to her parents, Mr. and Mrs. W. M. Hetherington of Avon Park.

Sisemore Receives Senior Honor Award

Donald Wayne Sisemore, son of Mr. and Mrs. Jim Sisemore and grandson of Mr. and Mrs. Durrain Martin of Avon Park and Mrs. Willie Sisemore of Ranger, Texas, was the 1972 recipient of the Senior Honor Award - the highest award given by the faculty of Avon Park High School. He also was the winner of the coveted Outstanding Senior Athlete Award given annually by the Avon Park Athletic Department.

The Senior Honor Award is based on five qualities - leadership, scholarship, dependability, loyalty, and sportsmanship. A.P.H.S. principal Aaron Cravens presented the award, a band of

gold which encircles a globe with names of winners inscribed. To Don at the graduation exercises held at the new high school gym last Monday night.

Don has excelled as a member of the football, basketball, and baseball teams for four years, has served as president of his class since the eighth grade, was a Scholarship Recognition Winner, and was a member of the National Honor Society.

The Outstanding Senior Athlete Award was presented to Don by Athletic Director Joe Franza at the high school awards program last week. The versatile lefthanded athlete has excelled in three major sports: lettering in football, basketball, and baseball for the past four years.

This past year Don won the outstanding player trophy in football, basketball, and baseball and finished out a brilliant career at Avon Park High School by leading the Red Devils to a state Class AA title in baseball.

Don was "Mr. Everything" on the Red Devil football team. He has played quarterback for four seasons, taken care of the kick-off chores, played halfback on defense, punted, and kicked extra points and field goals. Although only 5'8" tall and weighing only 150 pounds his senior year, Don made second

team All-State Class AA in football. He led the Red Devils to a district championship his sophomore year and won an award from A.P.H.S. as the "most versatile" football player that year. He was selected the "most valuable" football player in both his junior and senior years. Don also made Lake-Ridge All Conference in all three sports.

In basketball Don broke all kinds of records at A.P.H.S. He played guard and lettered four consecutive years for the Red Devil cage squad. This year he made the Class AA All-State second team - quite an honor for a player on a team that didn't get past its district tournament. All four years Don won the best free shot

percentage award finishing with an 80 per cent average for his career. He scored a total of 1,967 points in the 93 games for a 21.2 point average for the four years. He won the most valuable basketball player award his last three years.

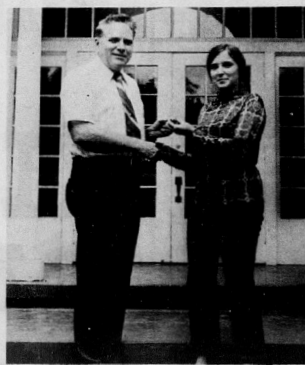

He also made third-team all-state his junior year and set the all-time single game high points scored with 44 points against Sebring. Don won the outstanding tournament player award in the Palmetto Invitational Tournament this year. Don didn't miss a single game during the four years he played basketball for Avon Park, playing in all 93 of them, and his coach thinks he probably never missed a practice.

As a lefthanded pitcher, a

right fielder, and firstbaseman, Don also lettered four years in the Red Devil baseball team. In 1969, as a freshman, he had a 4-3 mound record with the team that had a 9-7 record. As a sophomore Don had a 3-4 mound record as the team went 9-4 for the season. Then as a junior Don was 3-1 pitching but the Devils went 13-7 and were district runners-up. This past season as a senior, Don pitched 11 wins and 4 losses, batted .494 for the season, and helped the Devils capture the Class AA state championship.

Avon Park athletes are not permitted to compete in but one sport each season but Don has won several trophies on the golf course and is also an excellent bowler and tennis player. No doubt any track coach would have welcomed him with his spirit, determination, self discipline and above all his desire to win.

Don will attend Florida Tech University in Orlando next fall on a partial basketball scholarship.

"TEACHER OF THE YEAR" award was presented by Mr. Elmo Roberts to Mrs. Nancy Larson, fifth grade teacher, for her outstanding service rendered to the Avon Park Middle School this year. Mrs. Larson sponsors the Safety Patrol, a softball and basketball team. Photo by Sharpe.

ROBERT S. (BOBBY) TALLEY, a student at the Florida School for the Blind, surprised himself and his parents, by winning this trophy at South Gate Bowling Lanes in St. Augustine on Thursday night, May 18. He will be visiting his parents, Mr. and Mrs. W. M. Talley until September. Photo by Sharpe.

Roberta Flowers Completes Year As Auxiliary President

In May of 1971, Roberta Flowers, wife of Fire Chief Mack Flowers, was elected and installed as President of the Florida State Firemen's Auxiliary at the Annual Convention in Jacksonville, Fla. During the week of May 24 through May 27, 1972, she presided over the Annual Convention at Sarasota and then joined the ranks of other "has-beens" in the honored position of Past President.

The job of being a President of a State organization is an active and demanding job. She must answer all questions, give out correct information about firemen's auxiliaries, answer all correspondence directed to her, sign all checks and vouchers, travel wherever and whenever she is asked, carry out the business of the auxiliary and preside over district meetings when there is not a district vice president available, plan, direct, and preside over the annual auxiliary convention, appoint all convention committees, give a speech before the joint assembly of the Firemen's Auxiliary and the Firemen's Association at the annual convention and conduct all Board meetings.

The Avon Park Sun, Avon Park, Fla. June 8, 1972 SA

Gamma Alpha Chapter Meet Sat.

Gamma Alpha Chapter of Delta Kappa Gamma met at Holiday Cafeteria in Sebring on Saturday, June 3, at 11:00 a.m.

Initiated into the society for active membership were Mrs. Green Hill, teacher at Avon Elementary, Mrs. Zoritha Blandin, Sebring High School, Mrs. Josephine Haley and Mrs. Dorothy Griffin, teachers at Lake Placid Elementary. The two initiated for associate members were Mrs. Marion McAdams and Mrs. Bernice Henderson from Sebring.

Mrs. Dorothy Clark presided during the business meeting. At 12:30 the 39 members present were served a delicious luncheon. The Sebring members were hostesses. After the luncheon Mrs.

Jamie Edge introduced Mr. George Douglass, County Superintendent, who gave a most challenging and informative talk.

Members from Avon Park attending were Mrs. Violet Moseley, Mrs. Maryanne Hedrick, Mrs. Betty Burch, Mrs. Deltheta Lanier, Mrs. Jamie Edge, Mrs. Shirley Furr, Mrs. Charlotte Smith, Mrs. Sadie Brown, Mrs. Sarah Sellers, and Mrs. Mary Jean Reddick.

Maybe babies are angels, as some people say—but, as they grow up, their wings grow shorter and their arms and legs get longer.

Miss Jeanne Ruth Summerson

Local Group Attends Meeting

"Christian Healing: The Demand on Everyone" was the theme of a meeting in Boston attended by Christian Scientists from around the world, including a number from Highlands County.

In a special message to the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, on June 3, Arthur P. Wuth, the new Chairman of The Christian Science Board of Directors, called on the members to dedicate themselves anew to the practice of Christian healing.

"Each one heal one is the imperative of today," Mr. Wuth declared, specifically noting the "great need of healing" drug addiction and the problems of poverty and materialism.

Sunday services held each Sunday morning at 11 o'clock in the office of Christian Science Society, located in the Avon Park Lakes area of Avon Park, present a Lesson-Sermon showing the immense practicality of Christian healing.

Fulfillment of the Church's purpose depends upon nothing less than Christian healing, enlightenment and regeneration, Mr. Wuth told the gathering.

Relating this to the new Christian Science Center, he described its purpose in terms of preparing "for the second century of Christian Science healing by unifying our heads, providing for the much needed room, and by symbolizing the spiritual building that's taking place in the hearts and minds of all members."
