Avon Park Grange Report

BY LAVERNE M. FULLMER

Avon Park Grange met Tuesday evening, January 25 with Master, Louise Clarke in the chair. It was announced that Lake Placid will have their Annual Fair all day on February 5.

During the Lecture Hour, reports on the State Grange Session at Daytona Beach were given by Louise Clarke and Lorena Wyant. Thirty-two Subordinate Granges and nine Pomona Granges sent delegates.

National Grange Master, John W. Scott and his wife attended the session. Mrs. Scott, First Lady of the Grange, gave a talk about their life in Washington, D.C. The National Grange headquarters building is located on block north of the White House and is the only non-government building in that square. The Grange occupies the 11th floor and the basement and rents the other floors. The United States Department of Agriculture is housed there. The Grange is a prestige organization and the Scotts are on an equal status with other Government Officials. The President and Mrs. Nixon address them as John and Dorothy.

Florida State Grange voted to change the name of the Women's Activities Committee to Home Economics Committee. The National Health Project for the Deaf and Hard-of-hearing is under the sponsorship of this committee. Their safety project for 1972 is on Burn Prevention. The volume and variety of work accomplished each year by Home Economics Committees of the various Granges across the Nation is almost beyond belief. The money they earn by various projects is used for charity causes of many types.

The women were reminded to get non-members to enter the National Grange Sewing Contest, which is making of garments, and the National Grange Needlework Contest, which is fancy-work, knitting, crocheting, etc. Many of these non-members have won valuable prizes. To enter these contests an interested person must be sponsored by a Grange member. (For information, call Miriam Debo, Chairman of the Home Economics Committee.)

Food Stamps Scheduled For Highlands County

The Division of Family Services is scheduled to start selling food stamps May 1 in Highlands County to eligible needy persons, according to Douglas Endsley, director, Division of Family Services, providing that office space and staff to administer the Food Stamp Program are available.

The food stamp program is a State-Federal plan administered in Florida by the Division of Family Services, Department of Health and Rehabilitative Services, to help low-income families buy more food. The total amount of stamps which a family may buy is dependent upon the size of the family and amount which the family must pay is based upon its income.

In Highlands County, it is estimated that when the commodity stamp program is phased out and the food stamp program is in operation, over 3,612 persons monthly will benefit.

In addition, the local grocer in Highlands County is expected to benefit as an estimated \$90,810 is spent monthly in buying food through the Food Stamp Program.

Eligibility for food stamps is based upon income, resources, residence within the county, availability of cooking facilities, requirement that unemployed members of a household who can work must register with Florida Employment act that generally all members of a household must be related.

In that Food Stamps are available to the working poor," said Endsley, "we see that it will help to keep them out of the welfare rolls." "Another advantage," he said, "is that food stamps permit purchasing a greater variety of nutritious foods."

Items which may not be purchased with food stamps include alcoholic beverages, tobacco, animal foods, paper products and imported foods. The average family par-

ticipating in the food stamp program, consisting of 3.46 persons spends \$24.47 monthly of their own money for food stamps and receives coupons with a purchasing power of \$88.00.

Currently food stamps are being distributed in 20 counties while commodity foods are being distributed in the remaining counties to needy households.

10th Anniversary Special Services At Presbyterian Church Feb. 6-10

The Reverend Jack Heinsohn will lead the Tenth Anniversary Special Services, February 6-10, at the First Presbyterian Church of Avon Park.

The services will begin Sunday morning at 11 o'clock and continue each night at 7:30 o'clock through Thursday.

Heinsohn is the pastor of the Clyn Moore United Presbyterian Church, Newcastle, Pa. He has been given unusual abilities to communicate the Word of God not only to youth, but to every age group. He excels as an interesting expositor of the scriptures.

Heinsohn was born in Long Beach, Calif. His parents who were vaudeville performers, took him on the stage for his first bow when he was six years old. His father trained him to be a trapeze performer. By age of 14 he had been in every stage in the union.

He was connected with such outstanding churches as Wallace Brothers, Sello Brothers, Hamid and Morton Shrine Circus, and the Barnes Brothers Inner Circle in Chicago and Detroit. He turned down an offer from Ringling Brothers, Barnum and Bailey Circus to finish high school.

During a winter vacation he started Florida on his way to Florida he was stopped at Erskine College, Due West, S.C., to visit a friend who was attending Erskine. The friend persuaded him to enroll at Erskine. He was in a group of Erskine students who were attending a meeting considering a life vocation. The meeting was led by the late Dr. J. Alvin Orr.

In this meeting Heinsohn was confronted with the claims of Christ upon his life. He accepted Christ as his Saviour and Lord and answered a call to the Gospel ministry. Upon graduation from Erskine College, he entered Erskine Theological Seminary from

which he graduated.

Heinsohn served as pastor of the Hickory Grove Associate Reformed Presbyterian Church, Hickory Grove, S.C. He was the denominational wide New Life Preacher for six years. He served as the Mission organizer for a suburban church outside of Philadelphia, the Lenape Valley United Presbyterian Church, and as Chaplain at Grove City College, Grove City, Pa. Several years ago, Heinsohn conducted Community Wide Service on the Athletic Field at Lake Placid. The services were sponsored by the churches of Lake Placid.

The First Presbyterian Church extends a cordial invitation to all in the community to attend the Tenth Anniversary Special Services.

The Walker Memorial Seventh Day Adventist Church will hold its regular fellowship dinner this Saturday, Feb. 5, at the Highland Lakes Jr. Academy. The dinner will begin at 1 p.m. The dinner will be potluck. Members of the church are cordially invited to attend and the public is welcome.

Meeting Held By Women Voters

The Provisional League of Women Voters of Highlands County held an open meeting Tuesday evening, Jan. 25, at the Sebring City Building.

Mrs. Mamie Arnold, the vice president, called the meeting to order. She introduced Mrs. Malchon from St. Petersburg, one of the past presidents of the Florida League of Women Voters.

Mrs. Malchon discussed the part the League plays in influencing the state legislative processes. She explained how League representatives learned how legislation develops into bills.

She showed how the League in a non-partisan role lobbies for legislation they believe helpful to Florida. The proposed judicial reform amendment was a bill they believe most important.

A short business meeting followed with the announcement of the resignation of the president, Mrs. Barbara Richardson, who is leaving Highlands County. A nominating committee will be set up to present new candidates to the board.

Mrs. Bernice Henderson announced a proposed folder for voter education to be ready for

public distribution before the March voting on the amendments.

Your best buddy Lenny might have told you to itemize your deductions because it would save you money. But your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way.

Notes On Helping The Handicapped

Mrs. Wilford J. Beunel of Lake Angelo, Avon Park, has joined the administrative staff at secretary to the coordinator at the Ridge Area Work Center in Sebring. Mrs. Beunel received her secretarial training at South Florida Junior College and will continue her studies while employed by the Association. We are very pleased to have Mrs. Beunel as a member of our staff.

Mrs. Betty Crews, who has been our regular substitute at both the Work Center and the Development Training Program, has resigned to accept a position with the pre-school migrant program. We are very sorry to lose Mrs. Crews as she certainly had a way with our clients—they will miss her. Applications are being accepted at the center for this now vacant position of substitute.

The first recyclable processed aluminum cans have been sold to the Work Center. It is a very worthy project and benefits all concerned. We need more cans so kindly do not dispose of yours but put them in a bag, box or whatever and leave them at the Resale Shop for pickup.

Have you seen the "New Look" at our Resale Shop in the "Lacuranda Hotel"? If not its worth a special trip downtown just to see it. We are indeed indebted to the APTC Jaycees for not only the lured shelves in the window but for the attractive sign that also hangs there. Many an off duty hour went into the creation of these pieces by numerous Jaycees. Our most gracious thanks goes out to them.

ROTARY CLUB NEWS

By: Aaron Cravens

Program chairman, Don Farrens, introduced Dr. George E. Wolfe, professor of political science at the University of Florida, who discussed the growth and progress of the University.

Living up to the old "absent minded professor theory" Dr. Wolfe admitted that he had forgotten the exact date of his promise to Don and arrived a day early. This was the only evidence of his absent-mindedness, however, as he traced the growth of the University from an enrollment of 3,000 to that of 23,000.

He admitted that there have been times of unpleasant developments but said that these were far and fewer than the more pleasant ones. He expressed sorrow that the honor system has suffered with the tremendous increase in enrollment.

The University attempts to limit the enrollment of the freshman class to three thousand. The sophomore class averages approximately four thousand. The remainder of the 23,000 is divided among the many colleges—liberal arts, arts and sciences, agriculture, engineering, medicine, dentistry, etc., plus many graduate students engaged in research. The emphasis on science and math graduate study is lessening with more emphasis on the undergraduate fields. He stated that although there is a dearth of veterinary medicine, there is no faculty and no students but there are hopes that this college will be developed soon.

Avon Mobile Home Park News

Many of our park residents will be saddened by the report of illness and death of Mrs. Frank Fisher, New Carlisle, Ind. Mrs. Fisher was a former resident of our park for many years and left only when her husband passed away several years ago.

A group of park residents spent a very enjoyable day this past week at Highlands Hammock State Park. Twenty-six persons were served at a beautiful potluck picnic dinner. The afternoon was spent in various ways. Some rode bicycles, took the nature tour, walked the trails and some just relaxed and played games. All enjoyed a real nice day.

Pinchole scores on Jan. 24th, were Marguerite Freetan with 960 and Noble Fields with 982. Eachers scores on Jan. 25th were very close with Dr. Field 128 and Dorothy Keyes 127.

The Hymn Sing on Saturday evening, conducted by "Hani" Byrnes was attended by 45 good singers and following this at 7:30 there was another interesting event. We had installation of new officers for our own park Fed. of Mobile Home Unit by the District No. 6 president, Mr. Raymond Peters of Leisure Acres Mobile Home Park in Sebring. 29 members witnessed the taking of office by President Harry Jordan; Vice President Earl Baxter and Secretary-Treasurer Mrs. Sylvan Baker.

Mr. Peters informed us once again of the responsibility of these officers, as well as those of us who are members, to keep our dues paid on time, read your Fed. Mobile Home newspapers when they come to learn what our representatives are doing about proposed legislation which might affect mobile homes, and you. This way you will also learn about your fringe benefits, which include a blood bank, cancer insurance and other important items. There will be an election of Delegates to the State convention at the District Meeting at Leisure Acres, Sebring on Feb. 3, Thursday at 1:30 p.m. Mr. Peters also informed us that there have been 4 more Mobile Home Parkers organized in our District and the State Officers will be at the District Meeting next Thursday for election of District Officers which are very responsible positions.

Our new secretary, Catherine Baker would appreciate all the members who are now delinquent in their dues to see her as soon as possible. If you aren't sure about you due date, check with her, and she will be happy to serve you. Let's make 100 per cent membership.

Harry Lee Trailer Village Hold Dinner

The shuffle board group at the Harry Lee Trailer Village on Route 17, held a dinner honoring guests who had birthdays or anniversaries in January. Those honored with birthdays were: Mrs. Elita Campbell, Mrs. Mary Clifton, Tommy Ayers, Mrs. Jake Milder, Mrs. Clarabelle Corn and Earl Whitlaine. Those with an anniversary were Mr. and Mrs. Matthew Rodgers. This enjoyable affair was attended by 72 members and guests. Hostesses in charge were Mrs. Clarabelle Corn, Mrs. Olga Potts, Mrs. Marion Adel and Mrs. Babe Laman. In charge of the shuffle board tournament were Elmore J. Laman and Russell Corn. Later euchre was enjoyed by some. The next dinner to honor birthdays and anniversaries will be held sometime in February.

City May Face Lease Problems At Golf Course

After rebuilding, clearing fairways, installing underground sprinkler system and other improvements on the city-operated golf course, located on Lake Letta, about 2½ miles south of Avon Park, the city may be in danger of losing their lease on the beautiful 18 hole course.

The has been leasing the golf course since 1967 from the Highlands Girls School at \$200 per month, in an agreement with the mortgage holders, First National Bank of Sebring, First Federal Savings and Loan Association of Highlands County and Clearwater Federal Savings and Loan Assn.

Because of financial difficulties the girls school closed January 24.

The city has a 10-year lease on the course, but it provides for a rent increase after five years. This clause could mean that the city will be faced with a monthly increase of rent in May of this year. It could mean that the rent will go up as much as \$300 per month—a whopping \$3000 per year!

But, according to Malcolm Crows, city clerk of Avon Park, there was a verbal agreement reached about the time the lease was signed, stating the increase in rental would be effective only if the city showed

a profit.

According to audited accounts, the city collected \$25,322.30 in memberships and greens fees from the course in the past fiscal year, but at the same time the city spent \$40,238.64 in maintenance of the course, a loss of \$14,916.34.

The city has a considerable investment in reconditioning the course prior to its reopening in the fall of 1967, but much of this is in equipment which would remain as city property. The city has five full time golf course employees.

Membership Fees
The annual membership fees the city charges for play on the

course is \$130, with the city getting \$100 and the other \$30 plus social fees going to the Avon Park Golf Association. The golf association also has the pro shop and club house at the course. There are approximately 160 paying members that belong to the association.

Good For The City
Robert J. Barben, mayor of Avon Park and a supporter of the course, remarked, "The community needs a golf course the same as they need a baseball diamond, football field, fishing lakes, hunting grounds, etc., there should be something for everyone."

"There are several families that have moved to Avon Park because of the course, and in membership fees alone during the months of October, November and December of 1971 showed an increase of \$1500 over the same period a year ago."

Coming Into Own
Harry Hood, president of the golf association, said, "We are now coming into our own at the course. Of the money that has been invested at the course by the city, we have equipment, underground water system, etc., that will not have to be replaced for a long time. I personally know of at least 20

members of the association that have moved to the area because of the course, and several golfers living in Sebring and other cities, play at our course."

A Solution??
Clarence King, a member of Avon Park City Council, said, "I supported the golf course when it was first organized, but I think \$15,000 is too much for the city to subsidize for operation of the course. I think the golf course is a good thing for the city if operated right."

"I've tried on two occasions to get the city council to meet with the golf association to discuss the operation financially and to

get on a business basis that we can afford, but my colleagues have not seen fit to back me up on the meetings, therefore, I do not know what is going on at the golf course, and I am not sure if any member of the city council is much more aware of what is going on than I am."

"What I think we should do, if the lease comes available again, is to operate on a different basis than the past. The successful operation of the course might be accomplished if a committee of citizens, both professional and businessmen, as a group, form a golf course authority."

County Commissioners To Buy Ten More Voting Machines

Highlands County is going to have 10 new voting machines—but not from the controversial company currently under investigation by a federal grand jury.

At its meeting Tuesday morning the county commission voted to accept a bid from Automatic Voting Machine of Jamestown, N.Y. The successful bid is for 10 new machines at \$2,009 per machine. The purchase of these 10 machines will bring to 33 the total number of voting machines the county owns. Deputy Supervisor of Registration Jim my Whitehouse said all the machines are from the same Jamestown, N.Y., firm.

Whitehouse and other county officials have been quick to say that Highlands County has not

purchased any voting equipment from the Tennessee company whose officials have pleaded guilty to participating

in schemes to defraud governmental purchasers. Whitehouse said the large purchase of new voting

machines was indicated after the 18-year-old vote was approved last year. Florida law requires the county's providing

in each precinct one voting machine for every 350 registered voters or major fraction.

Registered

In addition to the 18-year-olds, the county is registering many new residents who have lived here long enough to qualify as voters. "In January we registered 350 'people,'" Whitehouse said. "If that continued we could register 4,000 new voters in a year."

Monday Whitehouse took to the road to register new voters. He took registration books to South Florida Junior College and to Southgate Shopping Center. He had not counted the new registration obtained Monday but said the "response was good."

The Deputy Supervisor said he has not made a breakdown on registrations by party but his impression is that the new voters fall into the existing pattern for Highlands County—"about 60 per cent Democratic, almost 40 per cent Republican and the rest are no party or smaller political parties."

Registration is open through Saturday, Feb. 12. Whitehouse said registration in the courthouse annex will be conducted 9 a.m. to 5 p.m. Saturday. After Saturday the books will be closed until after the March 14 Presidential preference primary and constitutional amendment referendums.

Devils Will Host Palmetto, 'Chobee Friday, Saturday

The Avon Park Red Devils finally broke a four game losing streak with a poorly-played 49-46 victory over the Clewiston Tigers last Saturday night here at the high school gym. Over a two week period the Devils lost to Ft. Myers, Cypress Lake, Frostproof, Fort Meade and Sebring to drop to 15th in the state rating polls for Class A and AA and to also drop to a 12-5 record over-all.

Last Tuesday night the Red Devils traveled to Alva for a return match with the Ramblers. In the first regular season game Avon Park defeated Alva 51-56 in their highest scoring game. Tomorrow night (Friday) the Red Devils will be home to the Palmetto five and Saturday night they will host the Okeechobee Brahmins in a conference game.

In a Christmas tournament the Devils beat Palmetto by two points, 74-72 in a real come-from-behind game and they also have a win over Okeechobee by a score of 68-57.

Next Tuesday night the Devils will go to Lake Placid for the final conference game of the season. Wins over both Okeechobee and Lake Placid would give the conference championships to Avon Park and a win over Okeechobee would assure the Devils of at least a part of the title.

The district tournament will be played in Arcadia this year it was announced last week. The dates are Thursday, Friday, and Saturday, February 24, 25, and 26. The two teams with the poorest records will meet on Thursday night and the other three teams will join in the action on Friday night. Seedings won't be settled until next week but both Arcadia and Fort Meade are fighting for the number one spot with only one loss on their records. Frostproof and Lake Placid are the other two teams in the meet other than Avon Park.

FORT MEADE GAME

Against Fort Meade Tuesday night a week ago, the Red Devils couldn't seem to get any spark and managed only 38 points as the Miners hit for 63 to take the district win here at the high school gym. Don Sizemore managed 29 points to pace the Devils followed by Nathaniel Packer who scored 13 points.

SEBRING GAME

Last Friday night the Devils

went to Sebring and came out on the short end of the score 65-61 in a real upsetting game which saw the Strazaks hitting 21 free shots to the Devils 9 points scored from the line. Three technical fouls were called on Avon Park during the evening to put a damper on the Devil fire.

Don Sizemore started out hot as a firecracker but drew three fouls in the first period so Coach Sandlin pulled the sharp-shooting guard out for the entire second quarter. So in spite of

sitting out almost two quarters of play, the spunky senior scored 37 points in the losing effort. Robert Lanning was out of action due to illness.

CLEWISTON GAME
Last Saturday night the Devils finally won number 16 for Coach Sandlin but it wasn't much of a victory to celebrate as the boys seemed to barely play well enough to take the 69-66 win. Nathaniel Packer managed only one point during the game. Sizemore again carried the team with a 24 point effort.

Civil Rights Violation Charges Against Avon Park Dropped

Charges of civil rights violation by an Avon Park business and city police have been dropped, Avon Park City Attorney Jack Hancock said Tuesday.

A Mexican-American woman who had made the charges had asked for hearing in federal court. She charged she purchased a sandwich at Griffin's restaurant but told she could not eat inside the restaurant. She said Avon Park police were called and they treated her rudely. She charged that Highlands County sheriff

deputies had been called but offered her no assistance. Sheriff O. L. Raulerson, Jr., said he had not heard of the case, his official records do not reflect a call.

Hancock said Avon Park City police had arrested the woman on a disorderly conduct charge and she was freed after posting a \$27 bond. The bond was later returned in a session of Avon Park City Court.

Hancock said the Mexican-American woman's lawyer had conferred with him and indicated that charges might be dropped.

Henry Hartman Named Receiver For Girls School

In response to a suit by mortgage holders, Circuit Court has appointed a receiver for Highlands School for Girls. Judge Clifton Kelly named Henry Hartman, vice president of First National Bank.

Highlands School for Girls, a private preparatory school located south of Avon Park, closed abruptly Jan. 24. Trustees declared there was no money to operate the school this spring. Approximately 60 girls who had already arrived for second semester were asked to leave the campus immediately.

A private school for boys located on the former resort hotel grounds closed in the mid-1960's because of financial difficulties.

On Feb. 1, new foreclosure proceedings were started by First Federal Savings and Loan Association of Highlands County, First National Bank and Clearwater Federal Savings and Loan Association.

These three institutions had sold to Highlands School in 1966. The original note was for \$448,000.

According to the suit filed last week \$393,456 is still outstanding on that note. The last payment was made on Oct. 10, 1971. Interest on this debt is 10 per cent.

In addition to this debt, First National Bank has on three

occasions made advances which have not been repaid. The total of these is \$83,183. Interest, at eight per cent, has been paid in part.

Owes Others
According to the suit the beleaguered school owes other debts too. The estate of Dr. Paul Lindsay holds a \$250,000 second mortgage, and Lathan C. Smith of Smith Upholstery and Trim Shop holds a judgment of \$26.16. A few days prior to the closing of the school a catering company filed suit for \$63,413 outstanding on food services bill. Defendants in the mortgage

foreclosure suit are listed as Highlands Properties, Inc., The Highlands School, Inc., estate of John Paul Lindsay, Lathan C. Smith and the City of Avon Park.

Dr. Lindsay, an Atlanta physician, was serving as chairman of the school's board of trustees at the time of his death in early January. Other trustees cited the loss of Dr. Lindsay as a major factor in the decision to close the school.

The City of Avon Park holds a lease on the golf course which is part of the property where the school is located.

The area is an important part of Keyette service. In addition to

sponsoring a Christmas party at the Sebring Youth Care Home, they have decided to continue their work by making monthly visitations to the home.

The Keyettes have not limited their efforts to community affairs, but have also undertaken a project to install shrubbery in the planter boxes west of the media center at the new high school.

Plans For Landfills Being Made

Against the advice of the county engineer Highlands County commissioners moved Tuesday toward establishment of district sanitary landfills.

The board voted to accept an offer from Coca-Cola foods division for use of an 18-acre tract near DeSoTo City. Commission Cecil Skipper announced plans for developing a landfill project on county-owned land in the Avon Park region. County Engineer Gordon Hays told the commission that for easy accessibility the county needs four landfills, but "trying to maintain them is impossible."

He said "a feasible operation" would be one landfill for the county with a county-wide trash collection program. Commissioner Norman "Jug" Heston said the city of Sebring and the Sebring area are in desperate need of dump facilities now.

"The areas we have cleaned up are staying clean, but they won't continue that way without a place to dump," Heston worried.

Unauthorized Dump

The Coca-Cola land at DeSoTo City has been used as a dump for several years, but since the land is privately owned the county cannot use public equipment or manpower to maintain it. Negotiations for purchase or lease of the Coke land have been underway for approximately two years.

According to a letter from the company read at the Tuesday commission meeting, the county may use the land for a sanitary landfill so long as it maintains "satisfactory conditions."

Boy Scouts' Anniversary

The anniversary of the founding of the Boy Scouts of America falls on February 8, and this February the Scouting organization will be 62 years young. The nation has good reason to cherish its Boy Scouts as never before. As they pursue their anniversary observation, adults will be reminded that such things as self-reliance and good citizenship remain very much in vogue where it counts most—amidst a major segment of the youth into whose hands the reins of community leadership and business will fall a few years hence.

One of the most important aspects of Scouting is an appreciation of the outdoors and ability to live with the most rudimentary tools of survival. Under the patient guidance of volunteer Scout leaders, young boys from every walk of life come to that amphitheater of nature where all are equal—the Boy Scout camp. They return a little wiser, a little more humble and with a little more understanding of the great land in which they are privileged to live. The entire nation benefits from the Scouting experience, thus the entire nation should extend best wishes to the Scouts on their 62nd birthday.

Avon Park has four Boy Scout troops and two Cub Scout packs.

Boy Scout Troop 136, sponsored by the Congregational Church, has 35 boys. Larry Hooper is the Scoutmaster.

Pack 136, also sponsored by the Congregational Church, has 75 boys, with Joe Johnson the Cubmaster.

Troop 137, sponsored by Rotary Club, has 12 boys. Jerry Colquett the Scoutmaster.

Troop 84, sponsored by Catholic Church, has eight boys. Dave Brown the Scoutmaster.

Troop 160 has 75 boys. Leroy Gifford Scoutmaster. Pack 160 has 10 boys. Avon Park should appreciate the fine Boy Scout organization we have.

Letter To the Editor

To the Editor:

Having been a trial lawyer for many years and a former Highlands County and Circuit Court Judge, I feel compelled to comment on the proposed "Judicial Reform Amendment," that evidently will be ratified in the March 14th election.

My comment will be limited to the Office of County Judge. The duties and responsibilities will be drastically reduced and until 1977 our County Judge will be little more than a glorified Justice of the Peace, with very little responsibility or work.

The job will not require the services of an attorney, but any resident voter may serve as judge. The most important qualifications being honesty, good common sense and the wisdom to determine right from wrong.

It seems that a salary of not more than \$10,000 should attract a member of well qualified seekers for the position.

In any event both questions are premature until after the March referendum, at which time we will know the size of the job and we can cut the pattern to fit the cloth.

An Open Letter To The Public

The People of the Tri-City Area:

I would like to express my sincere regrets to the people of the Tri-City area for the discomfort caused by the artillery firing at the Avon Park Air Force Range on Saturday and Sunday last.

I received several phone calls from citizens early Sunday morning complaining that the firing of artillery at Avon Park Range was rattling their glassware and windows as far away as Indian Lake Estates.

I must agree that the noise, or concussion was unusually severe this weekend, much worse, apparently, than in previous years. To this, I can offer only a layman's guess that the colder, more dense air caused the sound of the explosions to carry farther.

I hasten to add, however, that artillery firing such as this has been in progress at the Avon Park Range for a number of years. In that time there has been no report of structural damage to buildings or broken glassware on china, as many of the people seemed to fear.

As a matter of fact, the old, wooden World War II building on the base, and my own mobile home have weathered this experience quite admirably for some time.

To people new to the area, I would like to explain that the noise emanated from the Florida Army National Guards M-109 Self Propelled Howitzer's. This is an artillery weapon which is mounted on a tracked vehicle much like a tank. It fires an explosive shell which is 155 millimeters in diameter (slightly over 6").

Several Florida Army National Guard Artillery units utilize the Avon Park Range through special agreements with the Department of the Air Force. Some 8 to 10 week-end of live firing are required each year to re-qualify personnel on the weapons system so that the unit can maintain combat ready status. Normally this training is conducted during daylight hours only, but some night operations are required.

There will be a live fire exercise again next week-end, after which all should be quiet until mid-April.

I speak for all the men of the Avon Park Air Force Range and for the Florida Army National Guard, and all the others using this facility when I say that we seek and appreciate the good will of our neighbors in the Tri-City area.

I sincerely hope that future range operations will not subject you to the discomfort experienced this past week-end.

Sincerely,
JAMES W. HAERER,
Lt. Col., USAF
1st Combat Support Squadron.

Landfills

(Continued from Page One)

A five acre site adjoining the Coke property has been considered for landfill. Commissioner Robert Skipper said the lease conditions asked by the property's owner are impractical and the board took no action to acquire that land.

Commissioner Cecil Skipper said Avon Park, like Sebring, is very much in need of a sanitary landfill immediately and "fortunately the county has some land and we can use it."

He asked Hays to work with him in preparing a report on an Avon Park area dump to present to the commission next week.

Other Business

Other business Tuesday the commissioners approved lists of surplus county property to be sold at auction.

Authorized purchase of a new mattress for the houseparents apartment at Youth Care home. Approved a cooperative road work agreement with Istokopa Shores Association. Approximately 2.75 miles of road will be repaved and improved.

Approved County Building Official Bill Young's request to attend a building officials' short course at Orlando.

Approved Hays' request to attend the National Association of County Engineers meeting at Wichita, Kas., March 8-10.

Scheduled for next week a review of the county road priority list, including a determination of the work to be scheduled for Anderson St. in Highlands County.

Received a letter from Florida Department of Transportation that Ewell Construction is the low bidder for \$238,196 of repaving on roads in Highlands County.

Franklin's Inn Still Undeclared With 8-0 Record

With just two more weeks of play, the Avon Park junior basketball league remained in just about the same order of standings with Franklin's Inn, coached by Chef Brojek, still holding the lead with 8 wins and 0 losses. Palmer Electric, coached by Joe Sismore, is in second place with a 7-1 record having lost only to Franklin's. Maryland Fried Chicken is in third place with an even 4-4 record. Starling's City Market is in fourth place with a record of 3 wins and 5 losses. Smitty's is in fifth place with 2 wins and 6 losses, and Critchfield has had trouble fielding a team and is 0 and 8 for the season.

Last Monday night game one saw Bob Lanzing's Starling's Market team win a forfeit game when only three Critchfield Marine players showed up. The boys played anyway and Starling's scored 21 to Critchfield's 12. John McKunas hit for 8 for the winners and David Mellinger scored 6 for Starling's also.

In the second game Palmer Electric poured it on in its victory over Smitty's for a 47-28 final score. Robert Nelson paced the Palmer team with 19 points and was aided by Tommy Lewis's 9 points and Dale Sismore's 7 points. Tommy Taylor led Smitty's point production with 15. Next week Palmer plays the league-leading Franklin's Inn.

Game three had Melvin Collins leading his Franklin's Inn team again with 21 points as the league-leaders went on to a 42-22 victory over Maryland Fried Chicken. High scoring Sam King was held to just 7 points for Maryland. Gerald Watson and Mike Makenzie hit for 12 and 8 and Louis Lee added 2 to the winners total. Reggie Baker and John Barben both scored 6 for Maryland.

Next Monday night will be the big test as Franklin's Inn and Palmer's fight it out for first place as they meet again. Melvin Collins still leads the top ten scorers with 158 points and an average of 19.7 points per game. Sam King is second with 151, Reggie Baker is third with 86, and Tommy Taylor is fourth with a total of 81. In fifth place is John McKunas with 79, Robert Nelson holds down sixth place with 74, and Dale Sismore is right behind in seventh place with 73 points.

In eighth place is Gerald Watson with 70, Tommy Lewis is in ninth with 64, and Mike Makenzie held on to tenth place with a total of 58 points.

Remember the boys play three games each Monday night at 6 o'clock, 7 o'clock and 8 o'clock so come on out to the new high school gym and watch these fifth, sixth and seventh graders play basketball.

These Junior Woman's Club members will have lots of aches and pains before they have through with the basketball game they have challenged the Lions Club with on Saturday, Feb. 19. Junior Woman's Club Getting In Shape For The Big Game

The Junior Woman's Club has been hard at practice getting themselves in shape for the coming basketball game against the Lions Club. There will be a lot of sore muscles and a pain in getting ready for this big event.

Some of the players to look for will be Four Eyes' Ellerbe, Awkward Albright, Little Bit Lawhorn, YoYo Yarbrough, Goody Guerdit, Loony Bird Landress, Hook Shot Hart, Wobbly Willis and Dinosaur Dunning.

Several attempts to ring the basket failed, so these girls must do anything they can to get a member close enough to ring the basket and make some points.

Some of the players from both teams have never played

professional ball, like this game will be, so you may see many things going on that have never been introduced into the game before.

The game will take place at 8 p.m. on February 19, at the Avon Park High School Gym. Make your plans now to attend this great sporting event that may even put us on the sport page, of all papers over the world.

Watch next week's paper for the information on the Barrel Beauty Contest. This is a first of its kind in Avon Park, and it should prove to be of great interest and enjoyment to all. Tickets can be obtained from Lion's Club members and Junior Woman's Club members. Prices are \$1. for adults and 50 cents for students.

I had the pleasure of meeting a former Avonite and wonderful lady Wednesday, Feb. 2, when Mamie Lander was in town and honored with a luncheon at Masonic Temple by Leigh Chapter No. 550.F.S. One of the first things Mamie noticed and was pleased with when she arrived in town, was our bandstand.

Upon learning she had taken notice of our bandstand, I immediately started asking questions. Mamie's husband was the late Doc Lander, who designed the bandstand and was one of the early musicians, who played there. Mamie was president of the Fortnightly Club of long ago, with approximately 25 members who raised funds to build the original bandstand.

I might also add, Mamie designed the Red School House, long ago, which is the Middle School now. She is also a member of President Nixon's "Conquest of Cancer" Committee. The talk I had with this wonderful and gracious lady was all too short.

Her address for friends who would like to write to her is: International Temple, O.E.S.—1618 New Hampshire Ave. N.W.—Washington, D.C.

Mr. and Mrs. C. L. Sutherland and children, Tracey, Parke and Cam, of Lake Worth, were weekend guests at the home of Mrs. Sutherland's mother, Mrs. C. Parke Anderson.

With all the talk of controlling pollution and improving our environment, home owners have become more aware of their interior environment than ever before. Everyone wants a clean and healthful atmosphere in their home as possible.

For instance, vented range hoods can remove grease, smoke, odors, excess heat and moisture before they fill the interior environment than ever before. Everyone wants a clean and healthful atmosphere in their home as possible. Garbage disposers rid the home of another source of pollution, as do trash compactors. Garbage disposers are becoming a standard item in new homes and apartments. Trash compactors, though newer, are appealing to today's highly "pollution conscious" home-owners. Compactors can reduce a week's worth of trash for the average family to a single small bag. A built in spray deodorizer helps to eliminate odor.

A central vacuum cleaning system also helps in controlling "home pollution". Such a system eliminates recirculation of dust and removes noise from living areas — two common types of indoor pollution.

Outside noise, or noise from adjoining apartments, can be reduced considerably through soundproofing. Insulated walls and double-layer insulating windows and sliding doors can keep out noise, as well as heat and cold. Doors can be weatherstripped and acoustical tiles installed on the ceiling.

Electric heat contributes to cleaner home environment. The absence of combustion within the home means the absence of combustion products which pollute both the interior of the home and the neighborhood.

Special electronic filters can remove most of the airborne dirt, pollen and dust. Electrostatic cleaning units are available that fit in an air conditioner's return duct and remove dirt and pollen from the air before returning it, cooled and comfortable. This is especially important for allergy sufferers.

Home owners can now do much more than just control the temperature of their home — they can clean their (humidity or dehumidify, if desired), control odors and control noise — all of which makes the home more comfortable for those who dwell there.

Paul Kuentz Chamber Orchestra of Paris

Kuentz Chamber Orchestra Will Appear In Sebring

"Our best chamber orchestra," according to the Paris Journal Musical Français, is the Paul Kuentz Chamber Orchestra of Paris, and ensemble of 15 talented and attractive French artists which

will appear in Sebring at the Middle School on Monday, Feb. 14, at 8 p.m., under the auspices of the Highlands Community Concert Association.

This outstanding group made its first appearance in the 1961-62 season with an 80 city tour of Canada. The instrumentation of the group normally consists of seven violins, two violas, two cellos, one double bass, and either piano, clavi chord or organ.

To this basic unit may be added wind instruments (flute, oboe, bassoon, trumpet, horn) to achieve the combinations desired to the presentation of more complex scores, such as the Bach Brandenburg Concertos. Thus the ensemble

maintains a flexibility and virtuosity that enables it to perform works of all styles and periods.

This year the group is touring with a soprano soloist, Barbara Schlick, and an old friend from previous seasons, Adolf Scherbaum, the renowned trumpet soloist. Thus, the programs will be given a new twist with selections including either a Bach Cantata for soprano and trumpet, or a Scarlatti Cantata for soprano and trumpet, together with either a Torelli concerto for trumpet, or a Gabrieli concerto for trumpet.

The Paul Kuentz Chamber Orchestra of Paris lives up to its name by playing the full range of chamber works of orchestral scale. It also comes rightfully by its designation as a "Paris" orchestra for Mr. Juente and all of his young players are Parisians. Moreover, the lovely and talented young ladies of the group display the charm and chic that are inevitable associated with the City of Paris.

Abe Lincoln and Jeff Davis fought side by side in the Black Hawk War, 1832.

Bacon's niece. They are spending two or three weeks sightseeing in Florida.

Mr. and Mrs. Russell Chamberlain from Sunrise Beach, Mo., were guest of Mr. and Mrs. Harry Burnett on Friday afternoon, and are spending the winter at Lake Istokpoga. Lake Placid, Mr. and Mrs. Harry Burnett spent this week end visiting their daughter, Mrs. Clara Jones while her husband Charles was away on business. They have bought a new home at Pompano Beach and this was the first time Olive and Harry had seen it. Sunday afternoon brought friends, Mr. and Mrs. Elmer Eason of Auburndale, to see Mr. and Mrs. Harry Burnett, too.

Mr. and Mrs. Ora Myers attended the 21st Annual International Harvester Retiree's Reunion at the Fort Harrison Hotel in Clearwater on Feb. 2. There were about 1100 in attendance with 239 from the Fort Wayne, Ind., plant where Ora retired from. Visiting with former coworkers made an enjoyable day. Mr. and Mrs. Paul Stinson of Fort Wayne called on the Myers last week.

Mr. and Mrs. John Evans and Mr. and Mrs. Basil Kretz spent last Thursday on a trip to Tampa, exploring the new International Airport, shopping, and topping the day off with dinner at the Kapok Tree Inn in Clearwater, guests of the John Evans were Mr. and Mrs. Charles Hanley of Weirton, W. Va., on this day, also and they all enjoyed the spacious airport and interesting Kapok Tree Inn.

Just found a misplaced bit of news—This past month visitors to Mr. and Mrs. Forrest Wiedeman's home were their son and wife, John and Delores Wiedeman from Bourbon, Ind., who stopped to see Disney World on their way home. Gladie's brother, Paul Joseph, who dropped in for dinner two weeks ago on Sunday; he is living in Winter Haven. They visited him at his home the previous Thursday.

Recently, Mr. and Mrs. Wayne Sellers from Plymouth, Ind., stopped to see the Wiedemans, and Mr. and Mrs. Roscoe Metheny were among their guests. A trip to Florida was enjoyable for the Wiedemans and their friends, Mr. and Mrs. Lavinia Myers as they participated in consuming a delicious fish fry, with Mr. and Mrs. Owen Faught, also.

Notes On Helping The Handicapped

The rat-a-tat of hammer on iron is a constant reminder at the Ridge Area Work Center, Sebring, that work is in full swing on the metal nursery stakes for young citrus trees. Work adjustment training is a part of every day and every operation.

Each client is a definite personality with special needs and requirements of training. The staff attempts to meet these needs by careful instruction and structured support on an individualized basis. The young men on the nursery stake project are developing muscle and mind and are happy doing it.

One young man, when deprived of his usual motorized transportation, walked four miles to the Work Center on four consecutive mornings. This voluntary action on his own initiative is encouraging to the staff for we know it indicates a need for what we are offering him and a strong and positive response to our efforts.

The following notes of interest comes from a meeting of Illinois Optometric Association. While

Pre-hunt Meeting

The Game and Fresh Water Commission will hold a public pre-hunt meeting in Avon Park, March 8, 7:30 p.m. at the Florida Power Corporation Lounge.

relatively few babies are born near-sighted and fewer than 3 per cent become near-sighted before the age of 10, near-sightedness in adulthood often stems from the early childhood period.

Babies develop the ability to see by creeping and crawling. The freedom to crawl over to a fascinating toy or object gives a baby a chance to develop coordination of his visual skills with his auditory, tactile and manual abilities. Instead of heaping a baby's toys in the playpen with him, take him out of the pen and allow him to get himself to any playing he wants any way he can. Separate the toys, placing them here and there instead of together.

Word has been received from Ethel and Max Putman saying that they have arrived in Mexico. Ethel says that Max and the boys were out at Vera Cruz stiring up the Senoritas! They are getting along very well with the help of a dictionary and using sign language. Also wondered if "Brownie" was King of the shuffle court! They want to be remembered to all their friends here at Bonnie Brae.

The District 6 meeting of the Federation of Mobile Home Owners of Florida was held at Leisure Acres Park in Sebring on Thursday, Feb. 3. The Bonnie Brae unit was represented by John and Lena Sinatra, Steve and Sallie Bohachyck, Douglas Campbell, Tom and Evie Chockley and Ellen Hunt. Bahamas Cruise Enjoyed By 45 Pleasure Seekers

On Monday, Jan. 31, 45 pleasure seeking passengers boarded a special Greyhound Tour Bus at the Jacarana Hotel and departed for the Dodge Island Piers in Miami. On arrival, all went on board the S.S. New Bahamas Star which sailed for Nassau, Bahamas at 4:45 p.m.

Two full days were spent in Nassau shopping, sightseeing, and visiting the Casino on Paradise Island. Several took the half-day cruise on the Catamaran "Tropic Bird" and enjoyed the half hour stop over on one of the beaches. Many who were on their first visit to the Bahamas chose the City Tour of Nassau, or the circle tour of New Providence Island. Leaving Nassau at 6 a.m., Thursday, the New Bahamas Star cruised north to Freeport, the new and fast growing resort city on Grand Bahama Island. Some members of the group spent the evening at the Freeport Casino, said to be the largest in the Western Hemisphere. The Captain's gala dinner was held Thursday evening and this, along with the delicious meals and between meal snacks, caused many to complain about their clothes shrinking in the salt air!

The group returned to the Jacarana Hotel about 2 p.m. Friday, after a cruise made enjoyable by beautiful weather. The following residents of Avon Park and vicinity comprised the passenger list: Mr. and Mrs. Carl T. Wardick; Mrs. Laura Brewer; Mrs. Mary Freeman; Mrs. Luella Pinney; Mrs. Matilda Pomeroy; Mr. and Mrs. Zoe Walters; Mrs. Naomi Black; Mrs. Edith Sargent; Mr. and Mrs. Albert Junge; Mr. and Mrs. E. H. Thibelen; Mr. and Mrs. Ira Shuler; Mr. and Mrs. J. Melvin Moore; Mr. and Mrs. Charles Perkins; Mr. and Mrs. Ray Johnson; Mr. and Mrs. Henry Samuel; Mrs. Viola Vorisek; Mrs. Clara D. Toppert; Mr. and Mrs. E. Burdette Williams; Mrs. Maude Delmer; Mrs. Mary Thomas; Mr. and Mrs. Ernest Kirbach; Mr. and Mrs. Layton Thompson; Mrs. Ada Scull; Mrs. Emma Brown; Mr. and Mrs. Stiles Brown; Mr. Arthur Loveland; Mrs. Gary trade Culver; Mrs. Ella Elliott; Nita and Jim Ritchie, tour directors.

This was the third cruise to the Bahamas region, planned, and conducted by Nita and Jim Ritchie Tours of Avon Park, in association with the Ridge Travel Agency of Sebring. Next year's plans call for two Bahamas cruises - one for five days, and the other a four day long week-end cruise.

Nita and Jim have a very busy February planned. After a one day Disney World Tour on February 8, they will leave February 10 for their "Happy Hawaiian Holidays" Tour. Then another Disney World Tour on February 24. March will also be very busy with one day tours on March 2, 16, 21 and 30, along with two days, one night tour to the Florida Gold Coast leaving March 7.

Two State Officers of the Federation of Mobile Home Owners of Florida, J.J. Johnston of Largo, president and Elmo V. Swanson of Bradenton, vice-president, addressed members of the 6th District of the Federation at Leisure Acres, Sebring, Thursday, Feb. 3.

Johnston stressed the responsibility of all mobile home owners to support the organization. The goal in membership is now 60,000. At the present there are 32,000 members with 14 districts over the state. He also pointed out the need for qualified workers to help with promotional work.

Swanson spoke on promotional work and his talk was addressed mostly to those doing that work. He told in detail how to proceed when invited to come to a park unit to tell the work to be done. This is very important.

Membership and legislation are the two most important phases of the work, although there are other advantages offered by the federation. A number of bills affecting the mobile home owner and the park owner will be brought before the legislature soon and we are asked to keep ourselves informed of these proceedings through the monthly publication and be ready to voice our views on bills we feel are unfair to the mobile home owner.

At the hall Wednesday night one table of bridge was played with Leo Perli high, with a score of 2220; also one table of pinocle with Emily and Herb Retard tying with a score of 533 each.

Two of Mr. Overholt's compositions were played at Union Congregational Church Sunday morning. It must be a real joy to Mr. Overholt to bring to mind again the nice things he has accomplished.

The hobby shop committee has set the date of Wednesday, March 1, for the annual show, starting at 10 a.m. and until 5 p.m. Park members are asked to bring entries to the hall the day before to be arranged by the committee. Your entries

will be protected overnight. Refreshments will be served during the afternoon.

Mrs. Letha Wolcott from Warsaw, N.Y., is spending a few days with Hetta Cook and Harriet Meisel. Also Mr. and Mrs. Vernon Griffen of Warsaw were pleasant callers of Hetta and Harriet.

At the shuffle court Friday afternoon eight were out to play. Omer Snyder and Leo Breister scored 106 to 74 over Marvin Tebo and Glen Ruffner. Ann and Harry Barth have company for the week. Their granddaughter, Joyce Wiedrick from Pittsford, N.Y., had a long trip in a short while by jetting to Tampa to spend a happy week in the Florida sunshine with her grandparents; and out of the New York snowstorms.

Joyce was really thrilled by her first plane ride, finding it smooth and exciting, and her proud grandfather at the airport with Mr. Zargable to meet her and bring her to Avon Park. Joyce plans to see Disney World during her stay.

The weather so far has been warm and sunny and she hopes to have a good tan. She has been having fun being with her grandparents and her week will really get fast down here. Joyce is a nursing student at a Rochester hospital. She enjoys her work very much, but is fortunate and glad to have a vacation in Florida after mid year test.

Five tables played aggravation at the hall Monday night. Folks are still scrambling around, getting lost and have to be coached to their "promotion table." Hannah is our coach and does a good job getting us located. Hetta Cook managed the high score.

Twenty-nine played bingo at the hall Friday night. Rosetta Hall won for her first time. Everyone was well repaid for going whether they won or not to see Rosetta's happy smile which is so characteristic of Rosetta.

Twenty came for coffee Tuesday morning. Same old crowd, same brand of coffee, same coffee maker and same ladies to serve, but always new.

"SHOOT OUT"

Bingo Tuesday

Our Lady of Grace Catholic Church at 596 East Main St., Avon Park, will sponsor Bingo every Tuesday at 7:30 p.m. at the church social hall. The church is located across the street from the new high school.

Unwilling at first to accept responsibility for orphaned Dawn Lyn, Gregory Peck becomes highly protective of the child as they travel together in the Hal Wallis production for Universal, "Shoot Out," photographed in Technicolor. A western action drama, it was directed by Henry Hathaway from a screenplay by Marguerite Roberts.

And now a word about H&R Block's competition.

Because we think our competition represents more of a threat to you than it does to us, we're going to help you sort them out.

Your Family

The greatest people in the world. Most of the time. Unfortunately, most of the time doesn't include income tax time. Because the last thing you need when you're doing your taxes is an aunt who took an accounting course just before she dropped out of college. Or a father who thinks how much money you make and what you do with it is something the rest of the family should know about.

Your Neighbors

You know the type. The mild-mannered shoe salesman next door who suddenly turns into a mathematical genius just about the time income tax is due. He knows all the angles. Some of which even the Internal Revenue Service doesn't know about yet. And he's willing to share them with you, "just to be neighborly."

You

Your own worst enemy. All year long you can't balance your check book, but that doesn't stop you. Armed with your W-2s, a few reams of paper and a couple of gallons of coffee you bravely attack that stack of forms. You may be taking deductions you're not entitled to, and entitled to deductions you're not taking. So, should you be doing your own taxes?

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

And everyone is eligible to receive our year-round service which is covered by our one time fee. No extra charge for help with audits, estimates, or tax questions.

We know the people we've just told you about will do your income tax return for less than we can but we don't think you can afford them.

Monthly Electric Meter Reading Dates Vary

Question: Why isn't my electric meter read on the same day each month?

Answer: Our monthly meter reading schedule varies because of weekends, holidays, etc. This means that the number of days for which you are billed can vary from 29 to 33 each month.

Question: How many employees does Florida Power have?

Answer: The company has 2,779 regular employees. They are located throughout our 32-county service area so chances are that one or more of them are friends or neighbors of yours.

Question: When I take my dishes and glassware out of my dishwasher, they are spotted. Is this the fault of the dishwasher?

Answer: No. Your dishwasher is not causing the spotting. Dishwasher detergents are made from different formulas, and they react dif-

ferently depending on how hard the water is in your area. Keep trying different brands until you find the one that works best. If your dishwasher has a rinse agent ejector, this will help, too.

Question: Does Florida Power have films that they will lend out?

Answer: Yes. The company maintains a film library, and schools, civic clubs and other groups may borrow films from this library. The titles of the films available may be obtained at our district offices.

Question: We have an electric range, and I need some instructions on how to operate it. Will Florida Power home economists help?

Answer: We will be happy to help. Just call our local office.

92 Feted At WSCS Birthday Luncheon

The salad-bar luncheon and birthday party for members and guests of the WSCS was held in Wesley Hall Tuesday noon, Feb. 1, when 92 ladies gathered for the annual event.

The variety of salads were delicious and beautifully arranged. Each table was centered with a decorated birthday cake and red candles. With lighted candles and the singing of Happy Birthday the party got off to a good start.

Mrs. Edgar P. Smoot, president of the WSCS, was chairman of arrangements. Assisting her were Mrs. T. Hayes Maxwell, Mrs. Clifford Smith, Mrs. John L. Bridges and Mrs. Alva Smith. The birthday offering is used for a special fund for the WSCS and Wesleyan Service Guild.

A unique and entertaining program was presented by seven ladies who vividly read a play written by Alan Lemman Hall, entitled The Second Coming of S. C. Humorous characters included four men and three women with Mrs. H. Otto Krieger directing as a TV camera and newsman. Mrs. H. Deboe was portrayed by Miriam Deboe.

The lawyer, minister, doctor-surgeon and members of Mrs. C's family were portrayed by Mrs. Wayne Cribb, Mrs. Don Sedykins, Mrs. Anthony M. Butz, John Morris and Mrs. Duane Zoller. The play attempted to show the futility of human efforts to restore life and to define death.

Even though the play was heavy with humor, it had many serious moments to challenge the audience's attention.

Rebekah Lodge Holds Regular Monthly Meeting

Eleanor Seaverns Rebekah Lodge No. 45 held its regular meeting Monday night, Feb. 7, with Lillian Seeger, Noble Grand presiding.

Two petitions were voted on and the Lodge will soon be doing initiation work. Gussie Massey and Louise Edmondson were reported as being on the sick list. Visitors were welcomed from Michigan and Ontario.

It was announced that there would be a Triple Link meeting February 28 at the home of Louise Clarke, 1112 West Pleasant Street.

Preceding the meeting, there was a covered dish supper.

The next meeting on Feb. 21, will be special, as the oldest member, Pearl Spink, who is also one of the original charter members, will be honored.

There will be a supper at 6:30, which will be open to the public, with regular meeting at 8 p.m., to which all visiting Rebekahs are cordially invited.

Pictured above are members of WSCS. First United Methodist Church, at the buffet table in Wesley Hall Tuesday noon, joining in the

Charles Smith Gives Talk On Jordon To Senior Woman's Club

Charles Smith gave a comprehensive talk to the Avon Park Woman's Club about Jordan, what he saw, and heard, what the people were like, their history. The people were courteous and tough at the same time.

The women, mostly do not wear the veil, while in some parts they are very strict, they might get on a plane covered from head to toe, but before leaving the plane be in the most modern dress.

Mr. Smith was invited to lunch with several other men into a Jordanian home. To one side in the dining room was a bowl, soap and towel for every one to wash their hands. In the middle of the room was a round

table with a large low bowl filled with rice and nuts topped with boiled mutton.

Broth was poured on the rice in front of each man, so he could make little balls to eat with his fingers. No silverware, no plates, no chairs. The host served each with the meat. Mr. Smith said, "if the others could eat that way so could he." It was a most delicious meal.

The glee club from the Avon Mobile Home Park sang two pleasing numbers.

Mrs. Walter Ost, in her devotion, used the Leap Year as her theme to bring out how reliable God's laws are.

The president, Elizabeth Couch, presided at the brief business session. The day in Court was announced for Feb. 10 at 9:30 at the court house in Sebring. Judge Rehner conducts it and much will be learned about the Juvenile Court. Anyons interested is welcome to go.

March 8 will be the Tour of Homes. Get your tickets from any member.

Leona Maxwell and Pat Smith reported on the newly formed "Friends of the Library." Charter memberships are \$5. So join and help with the building of the new library.

Lions Club News

A near full house of Lions at their first February meeting enjoyed a fine dinner of ham or meat loaf, mashed potatoes, green beans, salad and hot biscuits prepared and served by ladies of the Rebekahs in their usual commendable style.

The club sang, a typically loud and enthusiastic one, was topped off by a "happy birthday" to Lion Billy Martin. Lion Billy admitted to celebrating his "not less than" 30th birthday.

A preliminary report on the chicken barbecue held on January 29 showed a total of 676 tickets turned in or paid for at the door. This was the most dinners served at any event sponsored by the Lions of Avon Park. They thank one and all who came to dinner and hope they will return at the next opportunity.

Lion Mark L. Brown, past district governor and recently of Illinois, presented details of a successful state-wide fund raising program there. The local club's board of directors is to consider the program for possible adaptation to its use and ultimate recommendations to district officers.

Catholic Church Annual Bazaar February 12

An invitation is extended to all to come and meet friends and neighbors for an afternoon of fun. There will be a variety of games and booths for the enjoyment of all ages. Ranging from flipboard and ring-a-bottle to white elephant sale and needlework, just to name a few. Bring the entire family and join in the fun. Hamburgers and hotdogs, with all the trimmings, will be served all afternoon and a delicious meal, for \$1.00, will be available for the supper hour from 4:30 till 6 p.m.

More About Puppies and Life Span

People considering the pur-
chase of a puppy sometimes
ask if there is any difference
in the expected life span be-
tween a dog of mixed breeds
and a purebred dog. Also,
which of the pure breeds have
roughly the longest life span
and which the shortest?

On the other hand, the
mixed breed is a mongrel
state of the purebred. Many
turn out to be quite satisfac-
tory pets. However, one tends
to luck in selecting a mixed
breed puppy.

Each purebred dog is bred
for particular traits for the
betterment of the breed. These
traits have been continued for
many generations.
