Woof, Woof In Welfare

A brief item in a news service of the National Association of Manufacturers reports that "Mason Lastig" recently received his Medicaid identification card number 5,663,601 and is entitled to visits to a doctor or dentist, as well as such items as prescription drugs, eyeglasses, false teeth and money for transportation.

Mason Lastig happens to be a Great Dane dog belonging to a woman attorney, Evelyn Lastig. The dog was enrolled with New York City's Department of Social Services to test the efficiency of the department. Not only did the welfare workers qualify Mason, the dog, for free health care, but they wrote him a letter advising him of his eligibility for free grants, too. Perhaps it was unfair to deliberately lay a trap for the New York City welfare system. But, this does in no way lessen the moral of the story. When a computerized welfare state turns people into numbers, a system is created in which there is little room for personalized treatment based on the importance of the individual.

Banquet Tickets on Sale

Tickets went on sale this week for the Avon Park Chamber of Commerce annual membership dinner. This event will be held Thursday, March 15 in the High Cafeteria which will seat 400 people.

Joe Fann, Ticket Committee Chairman, announced that tickets may be secured at the Chamber of Commerce office, Jack DeFaney will also have tickets for sale.

Estelle Fann, Insurance, Chamber Directors, Steve Roberts, Tommy Bagwell, Art Turner, Jack Duggan, George Haynie, Charles Hoke James, Heim, Robert Lee, Bill Owens, tickets for sale.

Pay record price for Fair animals

Record prices were paid for steers at the Highlands County Fair auction Friday with Del Murphy's grand champion Angus-Brahman cross commanding a whopping \$1.50 per pound.

Murphy received \$1,567.50 from First National Bank of Sebring. His sister, Janice, who had the reserve champion, received \$1.35 per pound and \$1,201.50 from Publix Markets in Sebring.

The \$1.50 price compares to \$1.25 Murphy got for his grand champion Charolais last year. The average price paid for the animals was 78 cents per pound this year, a new record, and exceeding last year's record 61 cents per pound.

There were no heifers exhibited last year, but there were four this year. The average price paid was \$184.50. Paul Spurn had his animal judged grand champion, Jane O'Neal, reserve champion.

There were 10 swine entries, largest number in fair history. Average price paid was 48 cents about 10 cents more than last year. Jimmy Pearce had the grand champion, and Wayne Sullivan the reserve champion.

permits on three radio towers in the city and a license from the contractor who erected them, Hendry Communications Service. The motion was seconded by Martin and passed council unanimously.

In other action, bids for a new roof on the City Hall were opened with the contract going to C and M Roofing with the low bid of \$1,850.00.

A request was made from Samuel Stewart for the city to open streets in the Tulane Subdivision. Mayor Barben was against the idea and discussed it with the council and Slover Coward, speaking for Stewart.

Dugan stated the city's equipment was to small to clear the right of way because of the trees. He suggested Stewart get a building contractor to open the streets and the city would run the water lines. A motion by Martin, seconded by Sizemore, to deny the request was carried unanimously.

Florida Gas Co. reported that the allocation of gas for Frostproof and Avon Park had been approved in Washington. They met with city representatives Tuesday morning, further details were unavailable at this time.

The city is planning to renovate the old Nation Guard Armory as soon as it is turned over to the city. Also, a slot car track was donated to the city by the First Baptist Church.

A letter from the Department of Transportation was read to the council concerning a new five year plan. The idea was referred to the airport committee, for study.

A bid was accepted from Burroughs Corp. in the amount of \$99.50, with trade, for a new validating-receiving machine.

Councilman Sizemore suggested to the council the present form of city government should be changed to a City Manager or Superintendent form. "Avon Park is a big city," said Sizemore and will be suffering more and more serious growing pains, he felt it may be time for a change. "I'm not expecting you to say yes or no tonight, about it," said Sizemore. "Until we've had a little more growing pains" Dugan answered, the idea is something to be considered in the future.

A letter of resignation from the city Building Inspector, S.I. Patterson, due to his health. A motion was made by Howard to employ Spencer Pickett as temporary building inspector effective March 3 and take applications for a permanent inspector. The motion was passed unanimously.

The council also voted last Monday night to pay the base rent on the Fire Chief's telephone. It was mentioned that the city now pays for the Police Chief's, Water Superintendent, and the Street Foreman's. These men are sometimes needed at night, explaining why their base bill is paid.

The city agreed to supply a truck for the boys at the First Baptist Church to fill with trash on Saturday, March 11. The city stipulated that only a city driver be allowed to operate the truck.

Finally, just before the meeting was called for a close, Martin made a motion for the city to install a street light at the corner of Woodland and Maple St. The motion was carried unanimously.

Panthers To

Host Two

Games

On back to back days South Florida Junior College Panthers will face the pre-season

pick of Divisions 111's one and two teams as they host Manatee in an afternoon game Wednesday at 3:00 p.m. and on

Thursday they host Polk Junior College at 1:30 p.m. Polk was last year's Division 111 champion.

Polk topped the Panthers last week by scoring three runs in the fifth and two in the 9th to take a hard earned 7 to 4 win. Panthers played good ball but

were rough at the edges in a couple of spots to let Polk pick up two unearned runs in the 3th to go ahead 5 to 3.

Jack Miller pitched creditable ball for the entire nine innings with Ken Martin behind the plate. Bill Stratton and Larry Mobley each had two hits.

Stratton had two doubles while Mobley had a single and a double. Ken Martin scored two runs for the Panthers.

Miller will hurt the Manatee game and either Tony Argiz or Ken Martin or Robert Belflower will face Polk. Martin,

Crawford, or Reynolds will be behind the plate. Reynolds Edwards will also see some spot pitching.

Nursing home care under Medicare

There is some confusion about how Medicare applies to nursing home care. Perhaps it would be helpful to both the patients and the staff of Walker Memorial Hospital to review the requirements.

The Medicare law does not cover the Medicare law does not cover nursing home care as such. Nor does it cover the care of everyone who must go to a nursing home or extended care facility directly from a hospital.

What it does cover is relatively short-term care in a skilled-care institution meeting the law's definition of an extended care facility) transferred from a hospital. They must have been hospitalized for at least three days and must require continuing skilled services for a condition that was treated in the hospital. The idea behind this coverage of "extended care service" was to provide an economical substitute for continued hospitalization. Thus, the level of care covered by Medicare as "extended care" involved hospital type care but not the costly medical services and equipment provided by hospitals. Many conditions are covered by Medicare even if it is furnished in an extended care facility.

This means that in many cases beneficiaries who go from a hospital to an extended care facility to pay for their care in that facility. The Congress, in setting up the extended care coverage of the Medicare Law, recognized that it would have limited application, but the task decide what could and should be covered within acceptable cost limits.

Due to the newness of the "extended care" concept when Medicare began, two developments in particular began to be apparent to us. The first was that all too often beneficiaries (and even some physicians and extended care

facility operators) were under the impression that the law covered virtually every case in which a hospitalized beneficiary was transferred to an extended care facility with his physicians' approval. The second was that some of the Medicare intermediaries, who actually decided which cases constituted covered "extended care" were themselves interpreting the law and inaccurately. Accordingly, there were new and more detailed guidelines issued to the intermediaries.

Many individuals feel they have a given number of days of care available to them, but in practice it is hard to be certified for those days, depending, of course, on the condition. Because of the uncertainty with regard to retroactive denials and other problems, many nursing homes have dropped their approval for Medicare under the extended care program.

The arrangement was in a lovely container, made by Dorothy Hart. You will be surprised what the container is. Come to the Hobby Show and find out. The craft class is full of surprises. Last Thursday Inora Werner demonstrated how to make a pair of long pants easily. Real pretty too.

Steve Roberts introduced Wayne Hickey to discuss the March of Dimes drive and the upcoming 25 mile "Walk".

Mr. Hickey reviewed sources March of Dimes funds for the past few years. Last year the county brought in \$4,240. Of this money 25 percent goes to the Salk institute in Calif., 37.5 percent goes to the national foundation in N.Y. and 37.5 percent stays in Highlands county for use in local birth defect cases. The 37.5 percent going to the national foundation is either lent or granted to hospitals doing research in birth defects.

For the current year over \$5,000 has already been collected. Plans are in the works for a charity ball to be held at the Holiday Inn in Lake Placid. The big event of the year will be the county's first try at a 25 mile walk, an event that has been doing well nationwide.

The idea of the walk is to have young people make the walk in return for pledges by individuals and businesses for a specified amount per mile completed. A short film describing the organization of other "Walks" around the country was shown. The Walk will be held March 4 in Sebring, starting at the airport, going around Lake Jackson and the crossing the finish line back at the airport.

County To Help Pave Streets

A self-help program for subdivision street improvement was given a boost at Highlands County commission meeting Tuesday. The board authorized its attorney to draft a local ordinance to provide for the county's cooperating in paving projects done under private contract.

County Engineer Gordon Hays had recommended that the county set up procedures for receiving paving petitions from groups of property owners. The petitioners would agree to assess themselves the costs of the road work; the county would provide engineering services and collect the assessments.

Commissioners observed that the process is similar to that now used, except that the provision for an election is eliminated.

Commissioner Norman Heston commented that since "elections cost money" the county ordinance could reduce overall costs to the property owners who want road work immediately.

Street Closed
Public hearings on petitions to close streets seldom produce controversy. Tuesday was one of the exceptions. In spite of opposition from some property owners in the region, county commission voted to close the east 240 feet of Prairie st at the edge of Avon Park. The street

had been platted but never opened, Attorney Hue Nunalle told the commissioners. The board also voted to close two streets in the Seaside Estates subdivision. These closings were uncontested.

Other Business
In other business Tuesday the board adopted a formal resolution in recognition of years of public service rendered the county by Roland X. Drott who, on Tuesday, retired as supervisor of elections and tag agent.

—Adopted a policy for county-property owners cooperation on installation of culverts along county-maintained roads and state secondary roads.

—Approved hiring an additional motor vehicle inspector.

—Received a letter from Avon Park Chamber of Commerce requesting a county office building in Avon Park. Administrative Assistant Cullens is compiling data on office needs which may be presented next week.

—Scheduled for next week a review of secondary road budget request to be presented to the state Department of Transportation in a hearing at Bartow on Mar. 23.

During the Civil War, the Confederates built a double-barreled cannon, with the barrels angling outward a bit. The idea was to put a cannonball in each gun, look them together with a 50 or 75 foot chain, and fire them together, and let the chain mow down enemy soldiers. It didn't work. It is now on display on the courthouse lawn at Athens, Georgia.

Senator Lawton Childs Will Head, Society For Crippled Children

U.S. Senator Lawton Childs has been appointed the 1972 Easter Seal Chairman for the South Central Florida Society for crippled children and adults according to John W. Stone, M.D., President of the Central Florida Speech and Hearing Center. Senator Childs joins Easter Seal Chairman, Jack Nicklaus, in leading volunteers in this year's appeal for funds to support the Easter Seal Rehabilitative Programs.

Serving with Senator Childs as Regional Treasurer will be Mr. Rex Bond, President First National Bank of Sebring.

The primary emphasis of the Easter Seal Society in South Central Florida is in providing expanded services in the Polk, Highlands, Hardee, DeSoto and Counties for the speech and hearing handicapped. Last year

the center provided services to 773 children and adults needing speech and or hearing assistance.

Daniels Cows

A consent order for the testing of cows owned by Charles W. Daniel has been approved by Circuit Judge Clifton Kelly. Under the order signed by Judge Kelly Saturday, Daniel will present his cattle for testing at 9 a.m. on Mar. 1.

State agriculture department attorneys had sought an injunction ordering Daniel to participate in a testing program for brucellosis. Daniel's failure to cooperate with the testing was threatening the cattlemen of the entire county with an embargo.

County Residents Buys 43,721 In Savings Bonds

January sales of Series E and H United States Savings Bonds in Florida were \$11.8 million — up \$2.4 million, which is a 25.5 percent increase over the same month last year. The state attained 10.7 percent of its 1972 sales goal of \$110.8 million in January.

Mr. A. Clewis Howell, State Volunteer Savings Bonds Chairman, reported January Savings Bonds sales in Highlands county were \$43,721. The county achieved 8.6 percent of its 1972 sales goal of \$510,000.

The State Chairman commented that the continuing sales of Savings Bonds reflects the increasing popularity of the Payroll Savings Plan. He stated that over two-thirds of all Savings Bonds purchases are derived from this automatic savings program. He noted that nationally 10 million employees save an average of \$28 per month by means of the Payroll Savings Plan.

Track Team To Open Season Today

This afternoon (Thursday) the Red Devil track team will open the 1972 season here at the high school track with a dual meet with Lake Placid starting around 3:30 o'clock.

The Red Devil track team, coached by Chet Brojek and assistant coach Harry Williams, are the defending Highlands County champions. Having won the county meet four of the five times it has been run.

However, Avon Park lost several key men from the squad by graduation last year. Walter Nunnallee, Jim Magenheimer, Doyle Cook, Winkie Hall, Freddy Jahna, and Joe Franz will be missed from the squad.

Several boys have come along well in pre-season practice and Coach Brojek is hoping for another fine season. Sprinters this year will be Arnold Davis, James Coleman, Frank Moss, Glen Gray, Curtis Foster, and Jim Caldwell.

Running the distances races this year will be Eugene Sneed, Scott Gust, Joe Dalton, Bruce Trescott, James Brown, Jackie Roberts, and Eddie Culbertson.

In the field events will be James Coleman, Barry Tate, Jimmy Carter, and Richard Perry who will high jump and pole vault.

An added attraction this year will be some competition for girls. Six running events and three field events will be set up for the girls for some after school activities.

Track fans and interested Avon Park visitors are invited out to the track just east of the football field (Memorial Field) today to watch these high school boys and girls compete in the sprints, distance, relays, and field events.

Devil Golf Team Tied For First Place

The Red Devil golf team tied Hernando High for first place in a three-team meet at the Pebble Creek Course near Tampa last week with a score of 182 and Zephyrhills came in third with a 202 score.

Greg Hartt shot low for Avon Park turning in a 43 and Wayne Ladd was right behind with a 44. Then Gary Bagwell came in with a 47 and Bud Wester, playing his first round of the season, had a 48.

This week the varsity golfers will go to Lake Placid for a meet at Placid Lakes this afternoon (Thursday) and tomorrow (Friday) will be at home hosting a three-team meet with Zephyrhills and Kathleen. The Devils play their home matches at Pinecrest Course.

Next Tuesday afternoon Lake Placid's team will come here for a return match.

Last Tuesday afternoon the Devil "B" golf team took on the Frostproof reserves at the Rivergreen Golf Course. The boys who were set to play were Tommy Wester, Ricky Lanier, Greg Burch, Richard Birt, Dean DuBoise, and Jim Woods.

MR. AND MRS. SAMUEL LEE CAPUA

Sharon Zoller-Samuel Lee Capua Weds In Methodist Church Friday

In an impressive candlelight ceremony on Friday evening at the First United Methodist Church, Miss Sharon Lynn Zoller became the bride of Samuel Lee Capua. The bride is the daughter of Rev. and Mrs. Duane Zoller, and the bridegroom is the son of Joseph Capua of Ft. Lauderdale and Mrs. Frank Holtzclaw of Avon Park. He is also the grandson of Mr. and Mrs. Bill Lucas.

The brides father, assisted by Rev. Caxton Doggett, pastor of Melrose Park United Methodist Church of Ft. Lauderdale, performed the double ring ceremony.

White wicker baskets holding arrangements of white wicker baskets holding arrangements of daisy mums, daffodils and carnations in shades of white, yellow and peach, decorated the Church. A brass arched candelabra, flanked on either side by a pair of white tapers, provided the illumination for the scene.

BRIDE WEARS OWN ORIGINAL DESIGN.

Given in marriage by her father, the bride wore an original design of cotton brocade, designed by the bride and made by her mother. The floor length dress featured a scoop neckline and fitted bodice, with the long sleeves gathered at the tightly fitted, buttoned cuff at the wrist. Bands of daffodil fabric at the midriff and just above the ruffle at the hemline complemented the simplicity of the design. For her wedding flowers the bride chose a white basket which had been her mother's Easter basket as a child, filled with white and yellow daisy mums, yellow daffodils and baby's breath. She wore white daisy mums and baby's breath in her hair.

The maid of honor, Miss Debbie Craddock, cousin of the groom, wore a dress similar to the brides in a yellow dimity print. Her dress was also designed and made by the bride and her mother. She carried a basket filled with daisy mums, daffodils and peach colored carnations. She wore a crown of daisies in her hair.

John Carroll served the groom as best man.

For her daughters wedding, Mrs. Zoller chose a mint green dress. She wore a corsage of orange carnations. Mrs. Lucas, grandmother of the groom, chose a beige and brown brocade dress, with an orange carnation corsage.

RECEPTION.

A reception was held, immediately following the ceremony, in the social hall of the Church. Flowers in the brides chosen colors of yellow, white and peach were throughout the room. A white lace cloth covered the table holding the brides book, which was kept by Mrs. Roger Steele.

The three tiered wedding cake was topped with a nosegay of daffodils and daisy mums, and was placed on a lace covered table, decorated with spring flowers and lighted candles. Tables were covered with lace cloths and decorated with greenery held the crystal punch bowls and the cake which was

served to the guests by Mrs. Caxton Doggett, Mrs. Grace Krenkerich, Miss Carol Rutherford, and Mrs. Sylvia Laye. Others assisting with the hospitalities were Mrs. Clifford Smith, Mrs. Ben Stewart and Mrs. Allen Kindell.

For her wedding trip to an undisclosed destination, the bride chose a maxi dress of a brightly flowered print material.

Guests attending the wedding were Rev. and Mrs. Caxton Doggett, Ft. Lauderdale; Mrs. Linda Blevins and Crystal of Anderson, Ind.; Miss Terri McKimney, Hollywood; Mr. and Mrs. Jon Luce, Mr. and Mrs. Jeff Guilford, Mr. and Mrs. William Saari, Mr. and Mrs. Wendell Cannon, all of Lakeland; and Mrs. P.W. Kouwenhoven and son Billy Myers; and the grooms father, Joseph Capua and Mrs. Capua, of Ft. Lauderdale.

Faye Gordon Speaks To Avon Park Grange

Avon Park Grange met Tuesday, Feb. 22, with Master Louise Clarke in the chair. Plans were made to practice the Third and Fourth Degree work for the next meeting.

One of the projects of the Home Economics Committee is Burn Prevention. Miriam Debo, Chairman of the committee, invited Florida Power Home Economist, Faye Gordon, to speak on this subject. The National Health, Education and Welfare Dept. is testing fabrics and carpets, and the Home Dept. of the National Safety Council is urging fabric manufacturers to cease producing material which burns in a flash if a spark touches it, and also to discontinue other fabrics which cause the death of many children each year.

Tightly woven fabrics burn slower and close fitting garments are less liable to catch fire. If your clothing does catch fire, DO NOT RUN. Grab a throw rug and wrap around you to smother the flames, being careful not to inhale the fumes. If scalded or burned while cooking, immerse the burn in cold water and hold there until the pain stops. Do not use lighter fluid to speed up the charcoal fire in the grill.

First rule of the Power Co. — "If you don't think it is safe — don't do it."

The Lecturer's program followed. Saying of George Washington; Health of George Washington; by Marvin Tebo; Valentine Day by Florence Mason; a Skit, The Fish Story, by Lois and Hazel Truesdell, exhibition of hobbies by Joseph Hodge, a pencil drawing of young George with his hatchet; crocheted cape by Miriam Debo; Stenciling by Harriet Meisel. She had renewed the original design on a tray over 100 years old and brought several other "dark horse" — drawing of a donkey, an elephant and a lot of fish.

Refreshments were served by Joseph and Ellen Blomquist and Royal and Eureka Meyer.

The next meeting will be held in Wesley Hall of the First United Methodist Church on Tuesday, March 14. A potluck supper will be served at 6:30 p.m. and the Third and Fourth Degrees will be exemplified in full form.

Church Women To Observe World Day Of Prayer

The church women in Avon Park will observe World Day of Prayer, the international celebration of faith and unity among Christian women on Friday, March 3, at the First United Methodist Church at 7:30 p.m. The theme, to be used in similar gatherings in 169 countries is, "All Joy Be Yours."

Since the first small gatherings in the United States 85 years ago, the idea of united prayer by women around the world from sun to sun has been increasingly captured the imagination of community groups. Today, World Day of Prayer can be described as the most important ecumenical occasion during the year. The goal of the church women is to form a visible fellowship of believers in Christ, and move in every community and nation as instruments of reconciling love.

An International Committee complies the material which is then developed into a service for the celebration. As the women met to choose what should be included in this year's worldwide prayers, they were aware of three problems affecting the whole world: The plight of displaced peoples, the strained relationships between the generations, and the unsettling effect of the technological revolution.

The World day of Prayer offering goes into a fund called Intercontinental Mission—the process by which church women participate in a ministry over the world. The people and places to whom funds are granted include women and children in need of education and better nutrition, minority women in new careers, American Indians and Span-

speaking people, migrants, refugees.

Mrs. Solveigh Gerrard is this year's general chairman, and has planned a son service by children from various churches in Avon Park. Mrs. Ost, Mrs. Shrope and Mrs. Krenenick will lead in the prayer service. Mrs. Beverly Mann will be at the organ.

PRAYER

Prayer that communion with God
Which releases or sets in motion in us;
The irresistible forces of God,
That the fruition of Christ be in us,
That virtue might flow from us to others;
For either our good, or for the good of others;
Even that others might find God!
To be forgiven and freed from their sins,
And that through us they might be healed of
their illness, Mental, Physical, or Spiritual.

13-Year-Old Held On Bomb Report

A 13-year-old middle school student is being held in Youth Care Home in connection with a false bomb report. The boy was taken into custody by Sebring police on Feb. 23, a day and a

half after Sebring Middle School office received a call reporting that a bomb had been placed in the school.

The school buildings were evacuated for about 30 minutes Feb. 21, while a search was made for the bomb which was reportedly said to explode at 2 p.m. A second bomb report came later in the afternoon, but since the caller gave an ex-

plosion time which had passed before the call came, school officials concluded the second call was also a hoax.

Sebring Police Chief Lennie (url) said his department had followed leads supplied by the school and early on Feb. 23

Assistant Chief Craig Graybill took into the custody the boy who is now being held. The case has been turned over to Division of Youth Services for investigation.

False reporting a bomb explosion is a felony under both state and federal law, but unless Juvenile Judge Mervin Rehner waives jurisdiction, a 13-year-old would appear in juvenile court.

Band Day Huge Success

Band Day in the Mall was a huge success. The people of Avon Park ate many juicy hamburgers, had lots of ice cold cokes, consumed 500 plates of B.B.Q. chicken (sorry to those of you that were inconvenienced by our running out of chicken) general filled up on good eats. Everyone in attendance was entertained for the day with all the goings on. Hundreds went home with bargains from either the auction or the rummage sale. And try to think back to the old days when Saturday meant standing around the Mall and visiting with your friends, (nice to use the Mall that way again wasn't it?).

And then there were three lucky people in town that went home with the prizes - Wayne Renner, 710 W. Windup St. with a new color T.V. - Wendell Smith, Lake Angelo, with the Browning shotgun - and F.W. Pope, with a cassette player.

The Famous Avon Park Grenadier Band and The Junior Band has \$3,000 more to help them look sharp and sound - (in tune) - as they entertain you and advertise Avon Park.

Mrs. Gladys Smith, second from right, President of the Business Women's Club of Avon Park is presenting \$300 check to Wilford J. Beumel, Dean of Instruction, South Florida Junior College, as a donation for making short

Dennis Crews, left Avon Park High School Grenadier Band Drum Major poses with Drum Major Brian Althell of "Her Majesty's Scot Guards", during intermission at Bayfront Center on Feb. 14, when the Avon Park Band attended the performance in St. Petersburg. The Regimental Band, pipes, drums and dancers' performance was breathtaking for the A.P. band (from which it is fashioned) and they learned many things. It was indeed an exciting and tremendous experience for the band students.

The good life is just a few miles away from Sebring. On U.S. Highway 98 at Lakeview Blvd. That's where Spring Lake, a planned, total community, is taking shape. "How to hold retail food prices in line", was the topic of discussion in a special meeting of key personnel for Winn-Dixie Stores, Inc. Seated 2nd from the left in the far right hand

row is G. H. Deriso, Vice President and Division Manager of the Tampa Division who attended the two-day session.

Food Chain Looks For Ways To Reduce Food Cost

The nine Divisional Managers responsible for the operation of 865 Winn-Dixie Food Stores located throughout the southeastern part of the United States met this week in Jacksonville to search for ways to hold expenses in line and stabilize their retail food prices.

The management of the Jacksonville-headquartered firm called the meeting in an effort to put the combined experience of Winn-Dixie's key personnel toward the task of expense reduction.

Joe A. Adams, Executive Vice President, told the group, "We must make every effort to hold the line on retail food prices even in the face of in-

creased product cost and higher operating expense." He stated that often times during an election year, the food industry is made the "whipping boy" for an inflationary economy. Yet, food consumed at home takes a lower percentage of spendable income than ever before.

Adams reiterated Winn-Dixie's pledge to fully comply with Phase II of the current Economic Stabilization Program. George H. Deriso, Vice President and Division Manager of the Tampa Division was optimistic about the positive results the two-day session could bring about in holding food prices in line.

Every category of expense was studied from the receiving of merchandise in the company's warehouses to the customers' purchases and checkout at the cash registers. Adams said, "According to a Cornell University study, the average net profit of the retail food industry is less than 1 percent. This makes it essential

for us to exert maximum control over our business expenses."

Miller of Leisure Acres, Mrs. Glenna Kessler of New Port Howard Romboke of Port Wayne, Ind., Mrs. Clara Alldorfer of Toledo, Ohio Saturday, Ora and Ruby with Mr. and Mrs. Carlus Miller attended the Fort Wayne get-together at the Sarasota Motor Hotel in Sarasota. There were two hundred and seventy-five Fort Waynites present and an enjoyable day was had by all.

The Yankee Picnic held at the Nickerson Farm was attended by Audrey Near, Mr. and Mrs. Maurice Fero, Mr. and Mrs. Emory Burgeson, Mr. and Mrs. Phelps Buttons and Mr. and Mrs. Lloyd Wyant and a good time was had by all.

Mr. and Mrs. Harry Burnett visited Disney World on Thursday. Their friends, the Chamberlains, who are staying near Lake Placid were their guests for a delightful day.

Mr. and Mrs. Maurice E. Jones and son, Brian, 9 years daughter and husband of Mr. and Mrs. Styrl Macion, from spent their vacation of 10 days with her parents. Greatly impressed with our park and all of Fla. they were while visiting friends, Mr. and Mrs. Joe Squire, owners of an orange grove, Bok Tower, Disney World and a trip to the coast for a day. The Mishey's grandson, Brian, was thrilled to see a real live alligator at Highlands Hammock Park and the sugar cane fields and plants at Clewiston on Friday. Mr. Jones was quite impressed also with the High School at Sebring, also the Elementary School at Lake Placid, since he is Superintendent of Schools at Canfield, Ohio. They left for home on Sunday when Mary and Styrl took them to the Tampa International Airport, after 10 wonderful days.

The McBeths are looking forward to visiting with Martha's sister, Miss Edith and Miss Muechie Castanion, who are arriving on Monday from Englewood, Fort Lauderdale and Cape Coral where they have spent the winter. They will be here for a while before returning to their home in Upper Sandusky, Ohio.

A doctor who operates on himself has a fool for a patient.

It's an old saying, but it's never made more sense. There are some jobs in life that you just don't tackle by yourself. The preparation of your income tax should be one of them.

And that's where H & R Block, The Income Tax People, come in. H & R Block is America's largest tax service with more than 6,000 conveniently located offices to serve you. Your H & R Block representative is specially trained and can provide information on legitimate income tax benefits and opportunities that the average man on the street doesn't even know exists.

For instance, do you know all about deductions for child care or casualty losses? Or, that if your income increased over the last few years, you may save tax dollars by "income averaging"? And even if you did, would you know how to go about "income averaging" to begin with? Probably not. And there's no reason why you should. After all, you're an amateur when it comes to doing income tax.

H & R Block's charges start at \$5 and last year averaged under \$12.50 for over 7 million returns we prepared.

And, if we make any error in the preparation of your tax return that costs you any interest or penalty on additional taxes due, while we do not assume the liability for the additional taxes, we will pay that interest and penalty. Our one time fee entitles you to year round tax service and assistance.

Come to the company that more than 7 million Americans placed their confidence in last year. Come to the people who will fill out your next income tax return efficiently, quickly, confidentially. Come to H & R Block.

DON'T LET AN AMATEUR DO HAR BLOCK'S JOB.

H&R Block.

The income tax people.

At last, a quality encyclopedia you can afford! The brand new Funk & Wagnalls costs only \$1.99 a volume. Try the first volume for only 49¢.

For a limited time only, we're offering the complete 25-volume set of the Funk & Wagnalls New Encyclopedia—so new it's never been sold before.

Don't let the price fool you. Funk & Wagnalls is one of the most recognized names in encyclopedia publishing. Only because they sell millions of volumes this way—direct to you through supermarkets—can this quality encyclopedia be offered to you at this price.

Funk & Wagnalls New Encyclopedia is also easy to buy. Instead of buying the complete set all at once, you buy a volume or two a week when you shop.

Of course, selling an encyclopedia volume by volume also makes it easy *not* to buy. So it had better be good enough to keep people coming back for more.

It is. The Funk & Wagnalls New Encyclopedia contains over 100,000 indexed subjects, as many as encyclopedias costing hundreds of dollars more.

It has over 7,000,000 words in 12,016 pages with over 7,000 illustrations—many in full color.

It was written and edited by over 500 scholars, including Nobel and Pulitzer Prize winners.

Still, it's written in clear, simple English. (The Funk & Wagnalls is a family encyclopedia. It's written so both children and parents can understand it.)

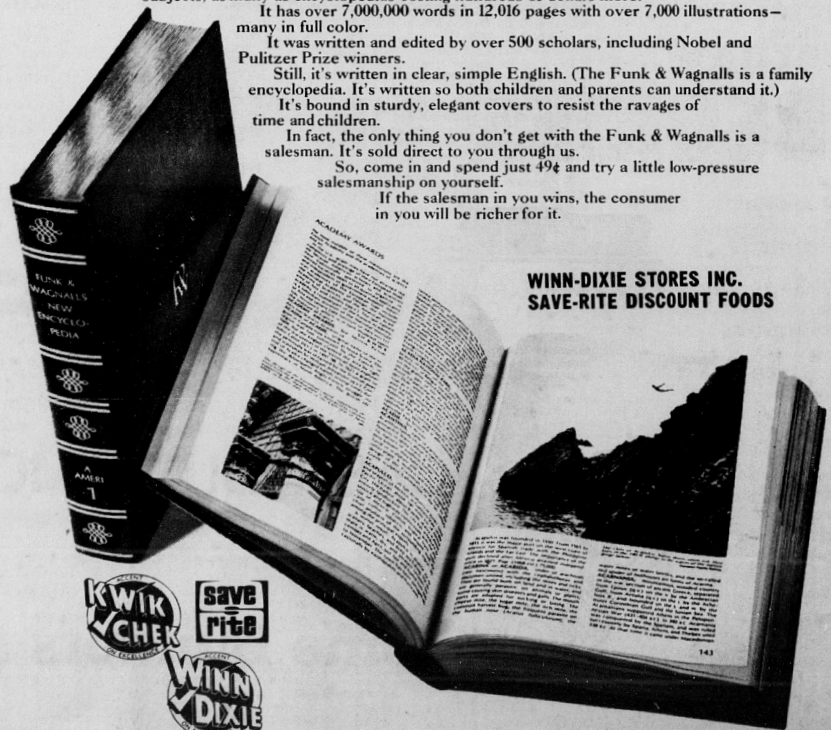

It's bound in sturdy, elegant covers to resist the ravages of time and children.

In fact, the only thing you don't get with the Funk & Wagnalls is a salesman. It's sold direct to you through us.

So, come in and spend just 49¢ and try a little low-pressure salesmanship on yourself.

If the salesman in you wins, the consumer in you will be richer for it.

County Ambulances Serve Less Than 2% Indigents

Under two per cent of the calls made by Highlands County emergency ambulance service in its first two months of operation served indigents unable to pay for the service. At its meeting Tuesday morning, Highlands County Commission approved writing off three ambulance calls as indigent services. Thurman Haywood, supervisor of the emergency ambulance service operated by the sheriff's department, said a total of 165 calls had been answered since the service began operation on Jan. 1.

Clark of Circuit Court Earl Rich's office handles the money coming in for the ambulance services. Incomplete reports from Rich's office show that \$1,660 have been collected for ambulance runs.

Reports on debts outstanding are more incomplete than the collections tally, but at least \$2,999 remains unpaid by the ambulance companies. Deputy Clerk Jim Pyle pointed out that some of the outstanding debts involves billing to insurance companies as well as bills to individuals.

Ambulance service supervisor Haywood said that in addition to the emergency runs with the ambulances the emergency medical crewmen have been making property checks and have served 476 civil papers on behalf of the sheriff's department.

"We have been busy; we haven't been just riding around," Haywood commented.

Preliminary work on a road priority list and budget to present to the state Department of Transportation at a hearing on Mar. 23, claimed most of the County Commission's meeting time Tuesday.

High on the list of subjects to be reviewed with DOT on Mar. 23 is the status of a dredge permit for a Lake Jackson-Little Lake Jackson link. The board meeting room was filled to overflowing Tuesday with a delegation from the Little Lake Jackson neighborhood.

Rodolph Leaphart, who served as spokesman for the delegation, said a permit has been issued for dredging out the sand which washes around the Lake Jackson bridge and blocks passage between big and little Lake Jackson. Leaphart said DOT had informed him the state would dredge out the sand if the county would move it.

Commissioner Norman Heston said dredging would be a waste of time unless a bulkhead is built to stop the sand which north winds blow back under the bridge.

Engineer Gordon Hays was instructed to make a study of possible plans for halting the sand drifts, and at the Mar. 23 budget hearing with DOT the county will work out with the

state a plan for restoring an open passage between the lakes.

Other Business
In other business Tuesday the board received without comment a request from Del Preston Jones of DeSoto City that "subdivision of Highlands County lands under present (subdivision) regulations be brought to a halt at once." Jones, a proponent of stricter subdivision regulations proposed a minimum of 15,900 square feet for a residential lot.

Installation of central water and sewer systems for all subdivisions. He proposed a minimum of 7,500 square feet for each mobile home lot.

—Promised a speed limit study for the streets in Highway Park.

—Received a protest from Bob Brooks of Mustang Mobile Homes on a building code requirement that only licensed plumbers be permitted to install mobile home plumbing.

—Received permission from Secretary of State Robert

Shavin to advertise by title only a proposed ordinance on paving of streets by private contract.

—Accepted bids from Sebring Utilities Commission, \$300 for installation of a street light on Courthouse property near the Fernleaf drive and \$3 for maintenance.

—Authorized construction of a fruit loading ramp off the eastern edge of US 27 south of State road 70.

—Approved advertising a change in polling place for Sebring precinct 8.

TAKING TIME OUT from their regular meeting, members of the South Florida Junior College District Board of Trustees pause for a group picture. Seated left to right are: Dr. William Gordon Kirk, Wauchula; Dr. Stanley N. Reeves, Bowling Green; Daniel R. Evers, Avon Park; Chairman Rex E. Bond, Sebring; Dr. William A. Stallard, president, Avon Park; Mrs. Charles Schumacher (Aida) secretary to the president, Sebring; Dr. E. M. Hodges, vice-chairman, Ona. Standing left to right: Dr. Ernest P. Palmer, Wauchula; Ted J. Ward, Avon Park; Charles D. Stidham, Lake Placid; and Walter E. Harshman, Sebring. The board of trustees meets the second Monday of each month at 7:30 p.m. in the conference room of the Junior College administration building. Photo by Lew Miller

Pedestrian Killed On US 27

A pedestrian death on US 27 Friday night near Highlands County's 1972 traffic toll to four and climaxed a hectic crash-filled week on the county's highways.

Florida Highway Patrol investigated 24 accidents during the county last week. In addition to the man who was killed, 20 other persons were injured.

Florida Highway Patrol is withholding the dead man's name while attempts are made to notify his next of kin, but the Patrol does identify him as a 51-year-old migrant worker of Puerto Rican descent. He had been living at Spike's Labor Camp in Avon Park.

According to FHP Trooper J. E. Vann, the migrant worker, wearing dark clothing, was walking north on Route 27 about 9:35 o'clock Friday night.

He was walking in a southbound traffic lane 3 mile south of Avon Park when he was struck by a car driven by Richard Robinson, 17, of Sebring.

According to Trooper Vann the pedestrian was hurled 265 feet, to a point where he was struck by a car driven by William Bryan, Jr., 29, of Sebring.

After the second impact the walker was dragged 37 feet. Both drivers were southbound; neither was injured in Friday's accident. Damage to Robinson's small car was estimated at \$600. Bryan's car was not damaged.

No charges were filed against the drivers. The pedestrian's body was taken to Smith-Stephenson Funeral Home in Avon Park. This is the first traffic fatality of 1972 outside city limits.

Two deaths have been recorded inside Sebring city limits and one inside Avon Park. At this time last year Highlands County total highway death toll had reached nine.

Bely-Change

Four children and their adult driver escaped injury in a truck-car collision early Saturday morning near Sebring Airport. Charles Chance, 61, of Avon Park was placed in Highlands County jail, charged with driving while intoxicated after the truck he was driving collided with a car driven by Mrs. Nancy Boley, 34, of Sebring.

According to Trooper F. D. Williams, who investigated for FHP, the Chance truck was two feet left of the center line of the road. Children who were passengers in the Boley car were Beth and Mike Boley, Chris Sebring and Mark Gose. Damage to the Boley car was set at \$600 and to the Chance

truck at \$450.

The Highway Patrolmen made one other Saturday while intoxicated arrest last week. They charged 46 drivers with speeding and 31 other drivers were arrested on other charges.

Gentry-Clark

No one was injured in a truck-car accident on Mar. 2, 27.1 miles east of Lake Placid on State Road 70.

According to FHP Trooper, J. E. Vann, Charles Gentry, 23, of Sebring, driving a dump truck was starting a left turn when he

noticed he was being overtaken by a car driven by Eugenia Clark, 43, Dublin, O. He swerved but too late to avoid the accident. No charges were filed.

Damage to the truck were estimated at \$25 and to the car \$500.

ARTIE BASS, SOPHOMORE Red Devil hurler, warms up before the game in Arcadia last Saturday afternoon. The Red Devils won the game 5-3. Bass started on the mound for Avon Park and pitched two third innings before being relieved by veteran left-hander Don Sisemore.

Devils Defeat Arcadia 5-3, Play Here Saturday

The Avon Park Red Devils scored two runs in the top of the seventh inning to break a 3-3 tie and go on to win over Arcadia 5-3 last Saturday afternoon in the first baseball game of the season for Avon Park.

Tomorrow night (Friday, March 10) the Red Devil varsity will go to Lakeland to take on the Santa Fe Crimson Hawks at Henley Field at 7:30 o'clock and Saturday night the Avon Park nine will open the 1972 season at home playing Fort Meade here at Head Field starting at 7:30 p.m. Next Tuesday, March 14, the Red Devils will go to Sebring to play the Blue Streaks at Fireman's Field in Lake-Ridge Conference game.

Young right-handed sophomore Artie Bass started on the mound for Avon Park against Arcadia last Saturday. He tossed two third innings before he was relieved by senior lefty Don Sisemore in the third frame. Bass gave up two hits — a double and a single in the second inning when Arcadia scored its three runs.

Bass also struck out four Arcadia batters but gave up six bases on balls while on the mound.

Sisemore gave up a single to the first man he faced as he came off firstbase to the mound with one man down and two men on base. Then the veteran left-hander settled down and retired the Bulldogs in order in the seventh frame when one Arcadia batter reached second on a throwing error by a Devil infielder. Sisemore fanned six batters and gave up no hits during his 4 and two thirds innings of pitching.

The Red Devil batters got eight hits off two Arcadia pitchers including a double by Eddie Ezell who also got a single. Don Sisemore got two singles and Keith Richards, Tim Underwood, Artie Bass, and Del Murphy all got a single to all the Devil cases.

Coach Ralph Hill was forced to do some position switching in his infield last week before the first game when catcher prospect Jarvis Hart broke his

thumb and Nathaniel Packer was forced to drop out for the season because of responsibilities at home. Hill moved Leon McKee from shortstop to catcher, put Rick Minard at short, and gave rookies Tim Underwood and Johnny Todd a shot at second and third. He put Don Sisemore on first to give the infield some experience at varsity play. In the outfield Keith Richards, Eddie Ezell and Howard Sizemore played all of the first game.

Coach Hill will probably be doing considerable switching around at positions in the first few games before settling on a starting nine. On the bench in Arcadia after rookie Del Murphy came on to take over the first when Sisemore went to the mound were seniors Robert Lanzing, Ray Culpepper, and Roy Lamb.

Lanzing will pitch some this season and Culpepper and Lamb are working for an outfield slot. Juniors waiting to see action were Tony Williams, Joe Murphy, and Charles Snelgrove. Sophomores who will be pushing for starting positions are Buddy DeWitt, Buddy Gordon, and Nate Williams.

Coach Eddie Lewis is assisting Coach Hill this year with the young squad which has only three starting seniors. Season tickets for the nine home games which will start Saturday night are now on sale for \$6.00. This represents a savings of \$3.00 over the gate price of \$1.00 per game for adults. The season tickets will be on sale at the gate Saturday night. Get one and follow the Red Devils this year as they play a sixteen game schedule hoping for the Lake-Ridge Conference championship to go with the Devil basketball championship trophy in the newly formed conference which will be in existence only this one year.

The Red Devils were runners-up in the district last year losing to Turkey Creek in the best of three game play-off. This year the Devils will be competing against Fort Meade, Santa Fe, Mulberry, St. Petersburg, Admiral Farragut, Zephyrhills, and Pinecrest in district play.

Vote Tuesday

Highlands county voters along with voters throughout the state will go to the polls Tuesday to indicate their choice for President of the United States.

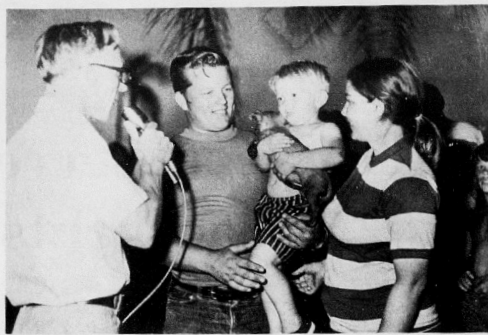

This is the first time voters in this state will indicate their direct preference for nominees via the ballot box. They also will say "yes" or "no" to two amendments to the state constitution and indicate through a straw vote their preferences on three other matters including school busing and prayer in the schools.

One of the proposed constitutional amendments is a revision of the judiciary. The board of governors of the Florida Bar association has recommended a vote for this amendment. The League of Municipalities recommends a vote against it.

The other amendment permits issuance of revenue bonds to establish student loan funds.

The straw ballot is another first in the state. Voters are asked to indicate if they (1) favor an amendment to the U. S. Constitution which would prohibit forced busing (2) would they favor an amendment opposing a return to a dual system of public schools and (3) would they favor an amendment

Men's Bible Class Hold Steak Supper

One of the Men's Bible Classes from the First Baptist Church with E. Ray Wells as teacher, A. B. Whitte and David Sechrist as presiding officers, L. W. Wicker and C. M. Reynolds as secretaries had a LEAP YEAR banquet at the home of Mr. and Mrs. W. C. Thomas, 6 miles out on Boring Range Road, 51 men and women attended.

Fellowship was wonderful - food was too good for our own good. The setting in bright moonlight, dry night among many large trees and beautiful landscaping made a most ideal place for fellowship, fun, feast and devotion. David Sechrist played several appropriate numbers on his cello, and the committee planned and presented some hilarious entertainment and this was followed by an inspiring devotion by the pastor Rev. Aden D. Childress.

Leap year is usually associated with LOVE and unusual love making, so pastor Childress took the greatest LOVE verse from the Bible, John 3:16 and told us of the greatest love the world has ever known. An inspiring climax to an evening that will long be remembered and already plans are in process for repeating the

Little League Meeting Called By Heatherly

Newly elected president of the Avon Park Little League, George Heatherly, has called a meeting of all managers, coaches, and umpires of Minor League and Little League, at the Little League Field to make plans for the coming season. Mr. Heatherly also asked any men interested in coaching or working with a minor league team to be at the meeting Monday night.

The schedule for action in the little league program this year calls for Minor League practice to start March 27 and run for two weeks and then two weeks of games will be played. April 14, the all-star minor league game will be played and the player-draft take place for Little League teams. On April 17 Little League practice will start and on April 29 the season will open for play among the Avon Park Little League teams.

The Little League Field on the corner of north Anoka and west LaGrande has been revamped with two sets of new bleachers installed and the concession stand remodeled to add two new serving windows on the south side. The work was done by A.P.C.I. inmates under the supervision of president George Heatherly and vice-president Sgt. Paul Sheffield.

Further notice of the meeting of parents and boys interested in playing Minor League will be forthcoming but all boys from age nine through thirteen should get out their gloves and start getting in shape for the coming season.

Growers Attend Citrus Demonstration

Over 60 growers from Highlands and surrounding counties attended a citrus demonstration east of Sebring Thursday afternoon.

The demonstration included the use of two relatively new concepts in irrigation and grove heating equipment.

The irrigation equipment was a "drip" concept whereby water is applied underneath the canopy of the tree by two drip emitters. The theory is to apply a low volume of water to the trees for a long period of time. This method is both efficient and is less expensive and conserves the use of water by overcoming the large evaporation loss in overhead systems.

The heating equipment was a new centralized heating system whereby fuel is fed to the groves spread throughout the grove via a distribution line from a central fuel tank. The system also had an automatic ignition system.

Using this system one man could light a 10 acre block in 15 minutes. All that needs to be done when critical temperatures are reached is start the fuel pump and open the fuel valves. This system is sophisticated enough to allow sufficient heat regulating to accomplish pollution free efficient grove heating.

The demonstration was sponsored by the Highlands County Citrus Advisory Committee and directed by the Highlands County Extension Service. Cooperation in the demonstration included: Grady Sweet, Grady Sweet Irrigation Service, Balm, Fla.; Tom Kimmel, Spot Heater Systems, Winter Park; and three Highlands County citrus growers, Everett Lillyquist, Milton Ramer and Marvin Kahn representing Frank Love.

Florida Council Of Churches Supports Busing

The following statement was prepared by the Florida Council of Churches in order that the church people of Florida might be aware of some of the moral issues involved, when they go to the polls on March 14 to vote on the highly emotional anti-busing amendment.

Rev. Herbert D. Gratz says, "this statement ought to be read carefully, for there are two sides to the problem. Read it and think it over. Gov.

said in part, "We sincerely appreciate the cordial and pleasant atmosphere that we receive when we are guests in your gymnasium. We appreciate the manner in which you try to go out of your way to make our officials feel at home and this atmosphere and attitude is greatly respected by each and every official in our association."

This was the second letter Avon Park received during the basketball season praising the team and the school for the fine attitude during the games at home and away. The other letter was from an official who worked the Frostproof game in Frostproof. Both schools received praise from this official for the fine control of the teams and crowd in a small area at a game that was badly contested.

The Avon Park varsity basketball team set a record of 17 wins and 7 losses this year under Coach Sandlin. The team finished the season, ranked number 19 in the state AA-A prep polls.

Asked has asked the church people of Florida to join him in voting against the amendment.

A plea from concerned clergy in behalf of quality education for all Florida children. Once again the busing of children to achieve school desegregation has emerged as the predominant question facing the public. On March 14 Florida voters will be asked to answer whether or not they favor a constitutional amendment which would "prohibit forced busing and guarantee the right of each student to attend the appropriate public school nearest his home."

As clergymen, many of whom are native southerners with children in the public schools, we are concerned that we do not act expediently at the cost of responsibility.

The fact is that we in the South could not have achieved the degree of desegregation now accomplished without busing. It has been demonstrated that a dual school system, with the assignment of children to schools based on racial identity and residence, has not achieved quality education for all children.

We must also remember that busing to achieve school desegregation did not occur in an historical vacuum. It has come as an attempted corrective in the wake of generations of inferior education for black children. The present inconvenience caused by busing is a case of the sins of the fathers being visited upon the third and fourth generations. We often have said that other sections of the country do not understand the depth of the racial problem in America. We should not be surprised with the difficulty of achieving quality education for all of our children.

Often in the past we have claimed that we would solve our racial problems before other sections of the country. It will not be a demonstration of national leadership if we turn back now.

There is great wisdom in not complicating our Constitution with special amendments which reflect the issues of each succeeding decade. It is our task now to continue to do what is right even if it requires sacrifice and discomfort. The response we make in this historic moment will be judged in years to come. Our hand has been set to the plow. Let us not turn back.

The teachings of our common religious traditions agree that there cannot finally be quality educational opportunity for any of our children so long as some are denied their opportunity for educational fulfillment. Private good cannot indefinitely be viewed separately from the common good with out creating social conflict. Let us continue our march toward the inclusion of more and more of our children into the realization of the American dream of both educational and occupational equality of opportunity.

Mr. May, addressing the letter to Coach Fred Sandlin,

Know Your Hospital

by John McClellan
Administrator
Walker Memorial Hospital

There is a very important organization in the hospital which, I feel, should be mentioned. This is the organization of the volunteers or sometimes called the hospital Auxiliary commonly referred to as the Pink Ladies here at Walker Memorial Hospital.

These ladies contribute much to the betterment of patient care. The hospital auxiliary is organized solely to serve the hospital and the patients who are admitted here. Its function is determined and dependent somewhat upon the basic needs of the hospital and may differ from one hospital to another. Here at Walker Memorial Hospital there are several objectives the pink ladies work toward. One of the main objectives is the raising of money for needed equipment and they have certainly done an outstanding job in this area.

During the last year they have raised over \$7,000.00 for the purchase of needed equipment in several different departments. The ladies of the auxiliary do many other things for the hospital, such as sewing, making of stuffed toys, crocheted items, artificial flower arrangements, hand bags and T.V. rentals plus many other miscellaneous services which are part of the hospital function. These ladies provide a very essential service for the hospital—they staff the information desk giving visitors information, directing people to the proper areas of the hospital distributing patient mail, taking flowers to patients, sometimes assisting the nursing staff in feeding patients and many other niceties which so often go unnoticed by the general public, but, yet so essential to good patient care.

These ladies contribute an invaluable service to the hospital and bring many smiles to troubled faces who enter this hospital. The auxiliary is a very essential part of the hospital and perhaps no one realizes their value more keenly than the administrator. Many times he must rely upon these ladies as a bridge between the hospital and the community. There is no better public relation media for the hospital than the auxiliary as volunteer services. I believe the motivating factors that cause these ladies to volunteer their services could best be stated as follows:

1. To provide desirable service supplemental to essential service which contributes to total patient care.
2. To help create or promote in the community an understanding of the hospital and its services through the volunteers who become a part of the hospital family.
3. Last, but not least, to provide the community a means of meeting the human need to give service.

Walker Memorial Hospital is very proud of the auxiliary and valuable asset they are to the hospital team. Though they sometimes receive less publicity than they deserve, I feel all the citizens of the community owe them their gratitude and thanks for the services they have rendered in the past and, for what I am confident, they will be doing in the future.

May I take this opportunity to say a great big personal thank you to each volunteer at Walker Memorial Hospital.

Elmo Roberts,

DEAR EDITOR:

I hope every voter will feel the importance of voting on March 14. There are three important issues to be decided. We will be helping decide the one that will have much to do with spending many millions of dollars of our money. As president he will also have much to do with making decisions that will influence our way of life.

We will also have the opportunity to express our opinion if we wish to continue busing school children for racial balance. I believe we all have a very strong opinion on this issue.

The 3rd issue is one that will change our judicial system. There seems to be some good points to this and some bad. The one I don't like is changing our local court system and everyone having to go to Sebring for trial.

There may be some of us that think that our vote is not important. This kind of thinking makes it very easy for special interest groups to control our elections. Let's all turn out and make our choice on who will lead our country.

Sincerely,
George W. Haynie

Istokpoga Project Ahead Of Schedule

The Istokpoga Watershed Project is running slightly ahead of schedule and the last phase is now due for completion in June.

This water control project for 26,000 acres of organic land southeast of Lake Istokpoga is one of the largest of the county's water control projects.

It is being constructed on a cost sharing basis under the small watershed program of the Soil Conservation Service and the landowners, with the county providing operation and maintenance.

In addition to its work on watershed projects, the Highlands Soil and Water Conservation District has been working on plans for several farmers and ranchers of the county.

Miss Elizabeth Mackey, Frank Goff, Norris Brooks, C.F. Howerton, Robert Felber, Paul Luciano, Frank Pellicone, A.C. Heacock, Ben Eastman, J. C. Pearce and Buck Island Ranch were assisted with preparing farm plans including maps showing detailed drawing of the respective farm. These long range conservation plans include surface and sub-surface irrigation systems, drainage systems and overhead irrigation.

Included are plans for improving pasture lands, development of wildlife areas and swamp areas as wildlife refuge areas, plans for multi-purpose farm ponds which can be used to provide water for livestock or for irrigation for family recreation. The fish and game department will stock such ponds with fish.

The soil conservation service is presently assisting Wilbur Durrance, Larry Jordan, Bruce Blount, Carion Ranch and the McJunkin Ranches with water control problems.

Group Forming Society To Help Children With Learning Problems

A group of Highlands County parents is spearheading efforts to improve community services for children with learning problems. Within the past decade specialists in working with children have learned to identify and treat the causes of erratic learning performance by children.

Mr. and Mrs. Ray Beasley of Sebring, who are temporarily heading efforts to organize a Highlands County chapter of this association, explain that the child who cannot settle down in school, who constantly makes poor grades when parents and teachers agree "he can do better," very often is a victim of a learning disability.

This association specializes in work with children of average or above average intelligence.

Miss Ann McNeer, a member of the Polk County junior college faculty, was principal speaker for a meeting of Highlands County parents and interested citizens held last week. She listed some characteristics of a child with learning disabilities.

"These children are often hyperactive. They move constantly, must touch everything. They are impulsive, must talk, talk, and go to great lengths to get your attention. They often have poor muscle control and seem clumsy. They have short attention spans, are emotionally high strung, often are stutters, panic easily, may have trouble with depth perception, judging distances," Miss McNeer explained.

Learning to read is frequently an extremely difficult task for a child with a learning disability and even after the reading problem is conquered, spelling

New York State Picnic Held At State Park

On March 20th the annual installation of officers and luncheon will be held at 10:30 a.m. at the Congregational Church, Mrs. John G. Wood, District 9 Director of Florida Federation of Garden Clubs will be the speaker.

Group Forming Society To Help Children With Learning Problems

The national association estimates that five per cent of school age children may be victims of learning disabilities. In Highlands County that would be approximately 225 children.

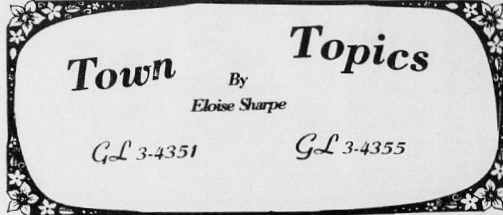

Mrs. James C. Rowan and Mrs. Owen W. Bissett, both active in the Polk County chapter of ACLD, attended the organizational meeting held in Sebring, Feb. 29, at First Christian Church.

They suggested that a county unit of ACLD can be helpful in several ways—to help establish greater understanding of the learning disability problem, be a source of information about this handicap, provide workshops for parents and teachers, help parents find adequate diagnostic help, help teachers in the school system keep abreast of the new discoveries in this rapidly changing area of education.

Mrs. Mary Ann Reddick, who has worked with several pilot programs for Highlands County public schools, said first grade screening now used in Avon Park and Lake Placid offers one way of spotting a child with learning disabilities early in his school career and starting special helps for the child before he experiences repeated failures in school.

At the organizational meeting Eugene Sauls of Sebring, Mr. and Mrs. Charles Plack of Sebring and Avon Park were named to work on a by-laws committee. Mrs. Steve Roberts of Avon Park and Mrs. Harry L. Whaley of Lake Placid are working on contacting interested persons.

Mr. and Mrs. Beasley said they or other committee members will answer further questions on ACLD and plans for a local chapter. Eventually the chapter here may include

Rebekahs Hold Regular Meeting Monday

Eleanor Seaverns Rebekah Lodge No. 65 held its regular meeting in the Lions Club Hall on Monday, March 6, 1972, with Noble Grand Lillian Seeger presiding. Preceding the meeting, the covered dish supper was well attended.

An initiation was put on by the officers and Eloise Sharpe was admitted as a member of the Lodge.

It was reported that three members went to Ft. Myers Lodge No. 68 recently and attended a very nice banquet.

They thoroughly enjoyed the evening, especially the entertainment.

A "Temple News" had been received from the Rebekah Lodge near Austin, Texas, where Rena Smith visits. It had printed a very good picture of Rena and her walker. The caption read in part, "when she walks, she picks up the walker and carries it!" This is so true, Rena is the same Rena, as she was when she left Avon Park.

Noble Grand Lillian Seeger read a very appropriate poem to commemorate the birth of Schuyler Colfax, the founder of the Rebekah Degree.

Members were reminded to be sure to bring dishes filled with food for the next covered dish supper on March 20th at 6:30 p.m.

Woman's Club Hear Early Florida History

The Woman's Club met Friday afternoon at their regular meeting in the Club House.

Mr. Mabry Carlton of Wauchula, 6th generation of Carltons in Florida, talked about the early history of Florida.

There was a colony of Huguenots here 56 years before the Pilgrims landed on Plymouth Rock. The early Indians, he thought, were the Aztecs from Mexico, coming here to escape the Cruelties of their fellow Aztecs.

Mr. Carlton feels we should encourage more history of Florida in our schools. We have a great heritage from the early pioneers, who had a deep seated belief in God and came here to establish homes.

One thing we all can do is to visit the Historical Museum in Zolfo Springs, where if you go on Sunday afternoons, you would probably find Mr. Carlton, who would be delighted to tell you more about our history.

Judge Rehner talked about the amendment, the Judicial Reform Bill, that we are to vote on on March the 14th.

The beautiful devotions on happiness were given by Ivanette Hoppes.

Ethel Swearingin introduced the musical trio, Elizabeth Hyatt, Curtis Hawkins and Albert Cushing, who played several numbers on the piano, saxophone and violin.

Elizabeth Couch, president, presided at the business session.

Betty Sparks reported on the Fine Arts Festival at Bartow. Several of our members attended. Mrs. J. M. O'Hern modeled her dress, and was awarded fourth place. Mildred Sparks won a blue ribbon for her lovely toilet copper picture. We are very proud of Mrs. O'Hern and Mrs. Sparks, and hope more ladies will participate in the fine arts program and year.

Leona Maxwell reported on the "Friends of the Library." Many have responded with the \$5 charter membership, and Mrs. Maxwell is hoping more will follow. The deadline is April 15th, and this will help in the building of the new library.

The following officers were elected for the coming year of 1972-73: President, Mrs. W. C. Smith, First Vice-President, Mrs. Jacob Wagner, Second Vice-President, Mrs. Thos. R. Clarke, Recording Secretary, Mr. N. H. Booth, Corresponding Secretary, Mrs. Robert Gay, Treasurer, Mrs. Talamague Sparks, Registrar, Mrs. William A. Stallard.

Refreshments of cake and iced tea were served by the committee: Mildred Gay, Bernice Brown, Lorene Acri, Mildred Wadell, and Agnes Dowling.

points. White wedding bells adorned the tables. Mrs. Patty Nalke helped with the opening of her many gifts. The hostesses, Mrs. A. Bennett, presented the bride-elect with a white floor length negligee with silver slippers.

Sweethearts In Disney World Is Theme Of Banquet

"Sweethearts in Disney World" was the theme of the Youth Banquet at First Baptist Church on Saturday night, March 4. The guests, as they entered the social hall, truly entered a fantasyland with a life-size Snow White and the Seven Dwarfs in a woodland scene in one corner and Cinderella's Castle complete with towers from which came music came. The many banquet tables were decorated in a riot of color and centered with burning candles surrounded by greenery. Many of those present came dressed as Disney characters and paraded for all to see and admire.

The delicious dinner was prepared by several mothers and a committee of the youth assisted with the serving.

Guests were members, and their dates, of the Youth Departments in the Sunday School and Training Union, along with their teachers and leaders and several other invited guests.

H. C. (Bud) Worden, Jr. was Mighty Mickey Mouse, the master of ceremonies. The program included slides of Disney World, cartoon comic films, magic tricks and group singing. It closed with a devotion in which several balloons of different colors were used to point out the symbolism and meaning of the colors as applied to daily living.

Before we get into the book review, let me remind you that the Friends of the Library need both your financial and moral support. There is much work to be done in order to bring our library up to the standards which our fast paced world demand. If we and our children are to continue to grow mentally as well as physically, we must have a first-rate library in community.

Charter membership in the Friends of the Library group is still open and membership cards are available at the library.

This week's review concerns a novel by Arthur Hailey called *Wheels*. Mr. Hailey, you may remember, is the author who airport and HOTEL are two of his most recent one word titles which you may have read and his newest, *WHEELS*, is written in the same exciting style.

While the book is a novel, Mr. Hailey has researched the automobile industry very well and his descriptions of the various parts of the high-powered world of automobile things such as shady auto dealerships, union problems, advertising campaigns, and the Mafia's evil fingers in the auto world, it becomes very evident that much of what the master story-teller writes about is well documented by him and much of it confirms suspicions which you may have had about the industry for a long time.

Whether you read Mr. Hailey's book as a novel or as a documentary, it is a very absorbing story.

One last word of caution... I repeat, EVER, buy a car which was made on a Monday or a Friday. Read *WHEELS* and find out why. It's available at the library. So are many other fine books.

Remember, a page thoroughly digested is better than a volume hurriedly read. BEST-SELLER LIST FOR THE WEEK OF Mar. 6, 1972 are as follows:

 2. *The Winds of War*, Herman Wouk.

MALCOLM CREWS, City Clerk of Avon Park, speaking before the Rotary Club, tells how the city has grown in the last few years and how its problems and their solutions have changed with the increasing population.

ROTARY CLUB NEWS

Program chairman and Avon Park Mayor Bob Barben presented Malcolm Crews, city clerk who and how Avon Park was founded in 1886 by Oliver Crosby of England after he had purchased the land for \$2.50 per acre. He advertised the land area as "No swamp, no malaria, no frost, no mosquitoes, no negroes, no liquor and all the people are busy northeners."

William King and his wife were the first settlers in 1886 and by 1895 there were over 400 settlers, most of whom left after the big freeze. In 1913 the state legislature granted a charter and in 1927 with a population of 2000 a new charter was granted to Avon Park. Between 1941-44 the city grew rapidly with the establishment of the Bombing Range and Lockheed Aviation field for training aviation cadets.

The 1970 census figures show Avon Park having 6712 people for a 10.5 per cent growth in the last 10 years while surrounding area increased 31.1 per cent to reach 10,929 people. There has been an increase in water meters, building permits and increasing numbers of winter visitors, plus a marked increase in use of the city golf course.

"What about the future?" asked Malcolm. The old armory will be remodeled as a community center, improvements are to be made at the airport, resurfacing of the Bombing Range Road and city streets plus purchase of new equipment. The City Council and Mayor have recently appointed a seven man planning board whose job will be to plan for the future orderly growth of Avon Park. This to include improvements and expansion in water and sewer facilities.

In conclusion Malcolm stated that your local government is closest to the people and is therefore the most responsive. Big government continues to make tin roads upon local government and we see signs that this trend is not only increasing but is actually being accelerated by:

1. Voter registration by the county.
2. Tax assessment and collection by the county.
3. Millage limitation by the state.
4. Lack of local representation due to reapportionment.
5. The court system under article V.
6. Law enforcement.

Monday at 1:30 p.m. South Florida Junior College Panthers will host Valencia of Orlando in a double header baseball game at Head Field in Avon Park - the first game is

slated for 1:30 p.m. and the second one following immediately. This week the Panthers will be on the road playing a double header in Melbourne against

Brevard Junior College and will play their fourth game against last year's Division III winner, Polk Junior College in Winter Haven.

The Panthers are currently 0 and 6 in the win column after meeting Polk three times. Manatee once, Seminole once and Edison in the seasons opener. "We have played four of our games against last year's Division III champions and Division II champions. The games have been respectable but we haven't won. Our pitching is pretty good but will have to continue to improve for us to win. A few timely hits could have won at least three of the six games and we're hoping that we soon get it all together," reports Coach Dunning Terrell.

Jack Miller, Tony Argiz, Ken Martin and Reynolds Edwards have been the ones hurling for the Panthers. Martin, Crawford, and Reynolds have been sharing the catching chores. Leading the hitters are Larry Mobley, Reynolds Edwards, Martin Crawford, and Ken Martin.

A good crowd enjoyed coffee and donuts Tuesday morning at 9. Several visitors were present. Mrs. O. D. Barclay of Minneapolis, Minn. is a visitor of Leo and Esther Perli. Also Mr. and Mrs. Harold Lyne of Minneapolis were visitors last week.

Sixteen people played aggravation at four tables Monday evening at the Hall. Five games were played and Hannah Tebo was high.

Nine people came out to shuffle Friday afternoon. In the play-off game Glen Ruffner and Leo Breister won over Raevon Wandover and Francis Hutchins; score 33 to 29.

Mr. and Mrs. Franklin Ellsworth of Akron, Ohio were here last week for a visit with his mother, Martha Ayres.

Mr. and Mrs. Byron Bills of Canandaigua Lake N.Y. called on Marie Stroobant recently. Louise Ruffner entered Walker Memorial Hospital Wednesday for a check up and x-rays. We hope she will be returning home in a few days. Harriett Meissel and Hetta Cook had supper with friends. Mr. and Mrs. Harold Flanagan of Brooklyn, N.Y. who are living at Sunny Ridge for a short time.

THIRTY-ONE people enjoyed a pot luck dinner at 12 Noon Monday at the Hall with Winnie and Russell Lumpkin, who formerly lived in the park and now living at Tavares, as special guests. Winnie wrote they were coming in the morning so friends thought it was a good time for a get-together with them.

Russell is feeling very good at this time and did the driving coming over. They report that Barbara's arm, after three weeks being in a cast is far from being good, but are hoping therapy will improve the condition. We are glad they came and gave us the opportunity of planning this dinner and be with them. Another pleasant feature was the privilege of singing "Happy Birthday" to Bee Jeremy. Today is her birthday. Harriett Meissel offered a hand and made a beautiful chocolate cake, everyone hoping to surprise Bee, but the grape vine gave it away and Bee was not surprised. She was asked to cut the cake and everyone topped off the meal with a piece of cake. Thanks to Harriett. Also thanks to the ladies who arranged the tables, made the coffee and other things necessary. Evelyn Fritz, who formerly lived here and has just returned with a stay with her daughter, was also a guest. Fifty-one were out for bingo Friday night. It is astonishing how much noise fifty-one people can make, but when you consider this period in life - second childhood, noise is to be expected.

KIRKLAND HONORED.
The United States Flag is Flying this week at Lakeview Memorial Gardens in honor of Willie Kirkland, who was killed in Vietnam. Sgt. Kirkland was from Avon Park.

Steve and Sallie Bohachyk spent a couple of days with relatives at Lake Placid during the week. Steve was disappointed in the fishing luck he had—waves too rough, and "the big ones got away," he said. Better luck next time!

George Curry flew from Tampa to Rockford, Ill. on Saturday to attend the funeral of his brother. All of us extend our sympathy to George. The folks who play Bingo on Mon. and Thurs. nights are most grateful to Mr. Border, from Borders Service station for the donation of 50 additional Bingo cards. Many thanks, Mr. Border. Mr. and Mrs. Arthur Bonsall called on Lill and Ed Wehr Monday afternoon. Fred Wetmore attended a field trail for pure bred dogs at Brookfield on Friday. Max McIntyre and son Jim of

Michigan called on Lucille and Art Smalley one evening during the week.

Thelma Chalmers and Mrs. Jeanette Black of Sarasota and Peg and Bill Chalmers returned on Saturday from their trip to the Caribbean on the S.S. Boheme. Dorothy and Bill Hall stopped enroute back to Avon Park at Lake Worth to spend the weekend with Mr. and Mrs. Robert Bell. All report a marvelous trip with smooth sailing and excellent weather.

The first stop was at Puerto Plata in the Dominican Republic where a bouncy trip of 14 miles showed much of the country and its poverty. Amber was the item to be purchased there. At St. Thomas in the Virgin Islands Bill and Dorothy enjoyed a sea safari and went snorkeling while the others shopped. At San Juan they were entertained by Dr. and Mrs. Isales to a Puerto Rican lunch. Mrs. Isales is Bill's cousin and married to one of the head surgeons at San Juan. At Hatal another tour was enjoyed to the surrounding countryside, where more poverty was evident than at the Dominican Republic. The tour of the city market was unbelievable. Mahogany objects of all descriptions were purchased there. When the ship docked Saturday morning it was hard to believe there could be a piece of mahogany left in Haiti. It is a trip well worth making and the Boheme has been voted for the third time as the best cruise ship on the Caribbean. TRUE.

Helen Dyce received word Friday of the death of her stepson, Robert Dyce in Redford, Michigan. We all extend our sympathy to Helen. Mr. and Mrs. Dominic Gaeda have purchased the Pierson mobile home. The Piersons are moving to a home in Selmer. Best wishes to them. New arrivals during the week in the over-nights section are Mr. and Mrs. Arthur Carnahan of Adrian, who visited Ruth Smith; Mr. and Mrs. C. M. Bishop of Akron, Ohio and Mr. and Mrs. Nelson Beardsley of

Monlieu, New York.

Lorene and Douglas Campbell, Margaret and Wilbur Whitney and Ed and Victoria Dunkel called on Jack and Eloise Dysart in Lakeland on Sunday afternoon. We are all sorry to learn that Jack is having cobalt treatments and facing further surgery, and hope for the very best for him.

Bonnie Brae Mobile Home News

Mrs. Gerald Smith from Concord, N.H. and Mrs. David Bean from Burlington, Vermont, daughters of Mr. and Mrs. Merritt "Bing" Jones have returned to their homes after spending a week with their parents. Wade Singer of N. Canton, Ohio visited his parents, Harry and Ruth Singer for a week.

Mr. and Mrs. John Orme of Woodruff, Wisc. called on Harry and Ellen Hunt on Monday afternoon. The two couples met while parked next to one another on the "strip" several years ago, and have enjoyed keeping in touch since. Tom and Evelyn Chockley spent Tues. and Wed. in Ft. Myers visiting Mr. and Mrs. Fred Schaeffer at Laurel Mobile Village. On Wed. noon Marjorie and Frank Duquette, former Bonnie Brae residents now living in Ft. Myers had dinner with them.

On Friday a steering committee met at the recreation hall in Bonnie Brae to discuss plans for forming a "Michigan Club" for residents of Highlands County. Another meeting will be held on Mar. 11, time and place to be announced by radio and press, and former Michigan residents are invited to attend and help get the organization underway.

Steve and Sallie Bohachyk spent a couple of days with relatives at Lake Placid during the week. Steve was disappointed in the fishing luck he had—waves too rough, and "the big ones got away," he said. Better luck next time!

There will be tables where members will be working on projects showing the public how it is done. This should be most interesting. Refreshments will be served from 2 until 4 p.m.

A large attendance is expected. Show starts at 10 a.m. and closes at 3 p.m. This is an event to which both residents and Winter Guest look forward. Each year the show proves to be a little better than the last one. No visitor goes away disappointed. Also, it is free, and inducement in these days of high prices.

Blue, Gold Banquet Held at APCI

The annual Blue and Gold Banquet of the Cub Scouts of Pack 156 was held on February 16 at APCI. The program was opened with a flag ceremony by Den 3 and the blessing was given by Rev. Lawhon.

A delicious chicken dinner was enjoyed by the more than 225 persons attending. Following the dinner Cubmaster Joe Johnston thanked Chief Cribb and the staff and men in the kitchen at APCI for the planning and preparing of the banquet.

Thanks also to Mr. Charles Williams representative from Ben Hill Griffin for arranging for the donation of the orange juice, and to Jimmy's Florists for the beautiful flower arrangement and corsages.

During the program the Den Mothers were presented their Den Mother patches and the program was closed with a very enjoyable half hour of cartoons.

A large attendance is expected. Show starts at 10 a.m. and closes at 3 p.m. This is an event to which both residents and Winter Guest look forward. Each year the show proves to be a little better than the last one. No visitor goes away disappointed. Also, it is free, and inducement in these days of high prices.

A very special treat, Mrs. Alberta Mitchell will set up her loom and show how one can weave one's own dress material. She has some beautiful pieces. She will be happy to demonstrate the working of the loom. Maybe someone will want to go out and buy a loom and start weaving her own goods, after seeing Mrs. Mitchell's work.

Come one, come all and see the lovely things which have been made and are being shown for your pleasure and approval.

If you had gone to H & R Block, on the other hand, you could have relaxed while someone else figured out your return, quickly and confidentially.

You see, when it comes to income taxes, amateurs should depend on H & R Block. We have over 6,000 conveniently located offices manned by thousands of specially trained personnel.

H & R Block's charges start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

FPC Construction Delay Could Cause Reliability Problem

Question: Will Florida Power have enough electricity for all its customers?

Answer: Yes. We have the generating capability necessary to meet the electrical needs of customers in our 32-county service area. However, any extended delays in completion of the new generating facilities we now have under construction at our Anclote and Crystal River plant sites could cause a serious problem in the years just ahead.

Question: Does Florida Power charge for trouble calls?

Answer: The company does not charge when the source of the trouble is located in equipment owned by the company. When the trouble is in equipment owned by the customer, however, there is a service charge.

Question: Should I leave my electric heating turned on if I am going to be away from home?

Answer: Leave the heat on, but turned down 5° to 10° below the normal setting. You'll reduce heating costs and enjoy quick comfort when you return. You'll also be assured of freeze protection.

Question: Are Florida Power home service centers open to public groups for use as monthly meeting places?

Answer: Our home service centers are available for special meetings of social clubs, community organizations and other such groups. Because of the number of requests we receive, however, we cannot reserve these rooms on a regular monthly basis. To make a reservation, call your Florida Power office.

Question: Are electric, self-cleaning ovens safe?

Answer: Yes. A safety lock keeps the oven door from being opened while the high heat is being used during the cleaning cycle. The door remains locked until the oven cools to normal cooking temperature.

If you have any questions concerning your electric service or our company in general, please write Mr. A. P. Perez, president, at our general headquarters, P.O. Box 14042, St. Petersburg, Florida 33733.

OXTAIL SOUP

Day before:
In medium Dutch oven, in solid oil, brown oxtail on all sides - about 10 minutes. Add leeks, onion, and celery; cook until well browned - about 10 minutes, turning occasionally. Add 1 1/2 quarts water, bay leaf, thyme, cloves, peppercorns, and salt. Simmer, covered, 1 hour and 15 minutes.
Add carrots; simmer 30 minutes; strain soup; let cool; refrigerate.
About 10 Minutes Before Serving:
Skim fat from soup; pour soup into medium saucepan. Blend cornstarch with thyme; add to soup with meat, carrots, and pepper. Bring to a boil. Serve in cups, sprinkled with parsley. Makes 5 servings.

Spring Lake: Good things are worth waiting for.

The good things at Spring Lake include three furnished mobile homes starting at \$17,000 and all on half-acre lots. Street lighting. All underground utilities. And lakefront privileges.

The good things include the people developing Spring Lake - Good Ridge Properties. We're the same people who built the beautiful city of Coral Springs and developed the famous Galt Ocean Mile at Fort Lauderdale. Coral Ridge is a subsidiary of the Westinghouse Electric Corporation.

The good things also include the peace and quiet of Spring Lake. And the same natural beauty which is and will be retained. Spring Lake offers you the opportunity to enjoy the benefits of a better place to live.

Come out to Spring Lake today. Visit some of the model homes. Like the Huntington, a three bedroom, two bath home featuring Westinghouse appliances and wall-to-wall carpeting. Or the Beau Rivage, another two bedroom, two bath home. Also featuring Westinghouse appliances, self-cleaning oven, dishwasher, disposal and central air conditioning and heat. See how convenient it is to have with all the comforts of electrical convenience a home in Spring Lake is only 5.5 miles from Lakeview Blvd. If you can't visit, call for more information immediately at 385-4111. Call for Mr. Ireland Sanders, our Resident Manager.
