Spring Lake: You don't have to go far to get away from it all.

Feel like getting away from it all? Feel like living where the pace is slow and relaxed? Feel like being surrounded by natural beauty and friendly people? Well, you don't have to go far or leave the friends you presently have... because now there's Spring Lake on U.S. Highway 90 at Lakeview Blvd.

Spring Lake is a total community being developed by Coral Ridge Properties, a subsidiary of the Westinghouse Electric Corporation. We're people who have planned and are building the beautiful new city of Coral Springs, west of Fort Lauderdale.

Currently at Spring Lake, we have three furnished model homes for you to look through. All on half-acre lots and priced from \$17,400. There's street lighting, all underground utilities, and you get lake front privileges, too. Drive out to Spring Lake... it's only a few miles from downtown Sebring. See what we have to offer. Like the Hillcrest, a two bedroom, two bath home that features the split bedroom concept for total sleeping privacy. Or the Oakdale, a three bedroom, two bath house with its warm wood paneling and excellent floor plan. Both of these quality built homes feature central air conditioning and heating for your year-round comfort.

If you can't get out to Spring Lake soon, call 385-6113 for immediate information. Mr. Ireland Saunders, our Resident Manager, will be happy to answer all your questions. Maybe it's time you planned to move to Spring Lake.

Spring Lake Florida... the way it should be.

County Geared For 12-Hour Race

Three blood red Ferraris will go after Sebring's 22nd Grand Prix of Endurance kumquat wreath Saturday with three prototypes and six of the world's top drivers piloting them.

And it will be a hood to hood battle with Alfa Romeo, but the powerful Ferrari's with the edge. However, Alfa is counting on the durability of their cars to win out in the 12-hour grind.

The three-car Ferrari team appears to overshadow what is the biggest field ever to enter the Grand Prix. But Alfa is fielding four quick cars - and they are tough competitors.

The Andretti Ferrari on test

weekend was clocked unofficially at a time better than the course record which he now holds. The unofficial speed was 2:29.6 minutes or an average speed of 125.3, curves and all.

Ferrari took the six hours of Daytona with ease - and Andretti-lex - but the grueling 12 hours may be something else again. Whether he will drive the winning Daytona car could not be learned.

However, with three cars entered - chances for Ferrari look bright. Andretti won in 1970 in Ford by jumping into the driver's seat of the second Ford team car in the last hour to push over the finish line just 22

seconds ahead of Steve McQueen and Peter Revson. Driving for Ferrari will be the teams of Mario Andretti-Jackie Ickx, Ronnie Peterson-Tim Schenken and Clay Regazzoni-Brian Redman.

The four Alfas will feature the teams of Rolf Stommelen-Peter Revson; Vic Elford-Helmut Marko; Tony DeAdamich-Tony Hezemans; Nino Galli and Tony Vaccarella.

Another top threat will be the Lola T-280, piloted by Jo Bonnier, Reine Wisell and Gerard Larrousse. Larrousse won last year with Elford.

Gov. Reubin Askew will be on hand to drop the green flag at 11

a.m. for the rolling start. The cars will circle the track once, having qualified for positions Thursday and Friday, before being waved on to their 12-hour grind.

Preceding the race Sebring High School band will play and various celebrities will be introduced. Celebrities will drive past the grandstand and pits and around the track.

Alec Ullmann, president of the sponsoring Automobile Racing Club of Florida will wish the drivers "happy racing, safe driving."

Famous Bridge Renamed Goodyear

They have re-painted the famed Martini and Rossi bridge at the race track - and it now is the Goodyear bridge.

Carpenters are putting the finishing touches to the booths. The area around the famed Jag tower has been painted a deep green.

Mobile homes are being parked for many purposes - a press office, ARCF headquarters, Red Cross, drivers, crews, lots of things. All it takes is money to arrange for a mobile home and some folks do every year.

The VIP tent is being put up. You need connections or \$100 to spend the day there being wind and dined.

Signs are going up around the field for area parking. The big signs over the pits are in place - STP, Dunlop - Firestone - King Free.

Marking cones are being placed along the winding 5.2 mile raceway. Drift fences are being put up to separate areas. Boxes along the "stretch" in front of the bleachers and pits are being marked and readied.

Local people intent on helping their favorite charities are getting ready to serve hot dogs, hamburgers, coffee, and you will find military brass like colonels, even generals, millionaires, very important people who call Sebring their home, pounding hamburgers, getting ready to spend a day at the track doing K.P.

Famous drivers and their famous exotics, unbelievably expensive shiny race cars have been going through inspections across from Barnett Bank - medical for the drivers - technical for the lusty racing machines.

Police Arrest Suspect In Tire Slashing

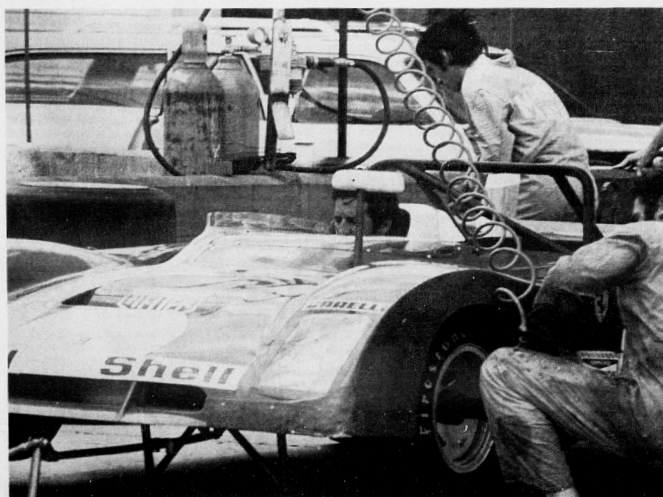

Avon Park Police Chief Ferland Cribb has reported the arrest of one individual concerning the recent outbreak of tire slashing in and around the Avon Park area.

Last Friday night, Betty Fowler of Avon Park reported that three tires on her car had been slashed while it was parked in the parking lot beside the Hians Theatre.

Cribb and his department aroused by the frequent occurrences of this crime stepped up their investigation. After the questioning of individuals, leads led to the apprehension of Ronnie Cobb, of Avon Park, last Friday night. Cribb and Patrolman Hartsfield were the two officers picking Cobb up for questioning.

Saturday charges of injuring and destroying property of another were filed against Cobb.

Cobb is accused of his participation in the slashing of Frostdrop's Police car tires on the parking lot of South Florida Junior College, and also the cutting of Ben Hill Griffins

'I CAN'T BELIEVE I ate the whole thing!' appears to be the expression of Mario Andretti as his pit crew change the tires on the fast Ferrari at the pit area during the pre-race test

weekend. Andretti broke all records unofficially during the practice runs, giving one the idea that this could be the race to beat all races. (Photo by Richard Dodge)

Red Devils Will Host Clewiston

The off-again, on-again Red Devil varsity baseball team lost two wild games and won a shut-out, one-hitter last week to even out at a 3-3 record before taking on Lake Placid down there last Tuesday night in a conference game. Sebring humiliated the Devils by taking a 12-2 win in a five inning affair at Fiume's Field Tuesday night a week ago.

Then Don Sisemore turned around and tossed a one-hitter at Okeechobee as the Devils won here at home 5-0 last Friday night. On Saturday night Hardee held on for an 11-0 victory after leading the Avon Park team 10-2 at the end of the fourth inning.

Tomorrow night (Friday) the Devils will host Clewiston in another conference game here at Head Field and next Tuesday night, March 28, the Santa Fe Hawks will come over here from Lakeland for another game. Santa Fe defeated the Devils 5-1 in Lakeland early in the month. Then next Thursday, March 30, Sebring will come up here to try and take another win from the Devils in the last game before the Easter Holidays.

Sebring blasted out 11 hits of three Avon Park pitchers in the bombardment in Sebring last week. Don Sisemore started the

game and went an inning and two-thirds giving up 5 runs, 7 hits, and 1 walk. Then Artie Bass came on and lasted 2 and one third innings allowing 3 hits and 5 more runs. Sophomore Buddy DeWitt then made his first appearance of the season on the mound for the Devils and allowed two runs on two hits in one-third of an inning as Sebring won by the 10-run lead rule in the bottom of the fifth. Avon Park scored its two runs

in the top of the first frame on a single by catcher Leon McRae and a couple of errors by the Streak infield. McRae also got a single in the fourth inning and Artie Bass and Tim Underwood both hit singles in the fifth for the four hits the Devils got off Streak hurler Craig Johnson. The Devils committed eight errors.

On a happier note for Devil fans, the Devils managed to take the 5-0 win from

Okeechobee last Friday night as Sisemore went the distance of seven innings striking out eleven batters as he gave up only one hit, a single in the fifth frame, and allowed only two walks. The Red Devils still continued to make too many errors as the infield committed four miscues.

The Avon Park team scored its five runs on 7 hits. Keith Richards had two singles, Leon McRae had a double; and Del Murphy, Don Sisemore, Johnny Todd, and Rick Minard all singled once.

At Head Field last Saturday night was another evening of battling practice for the Wildcats from Wauchula as they slammed out 10 hits off three Avon Park hurlers. Robert Lanning started on the mound for Avon Park. He tossed two innings giving up four hits and three runs before he was relieved at the start of the third inning by Artie Bass. Bass gave up four more hits including a triple and a double and seven runs. Then Buddy DeWitt came on to start the fifth inning with the score 10-2 in favor of the Wildcats. DeWitt retired the side allowing no runs (please turn to page seven)

Prisoner Captured After 5 Hours

Escaping twice within a week's time from Avon Park Correctional Institution, a 27-year-old prisoner held lawmen at bay for five hours Monday in an Avon Park trailer home before surrendering.

Raford Sailor threatened to kill his wife and their three-week-old child when lawmen closed in on the mobile home on Porter's Trailer Park.

According to reports, Sailor originally escaped from APCI about a week ago and was captured a day later at a local bar. He then was sent to Polk County jail. While in police

custody and undergoing medical treatment Sunday at Polk County Hospital, he fled again, reportedly stealing a vehicle to come to Avon Park to see his wife.

Shortly before 8 a.m. Monday he was spotted in a taxi, headed for the trailer park.

Avon Park police called for help from the sheriff's office and APCI. They talked with Sailor repeatedly during the five-hour holdout, principally by telephone. They were reluctant to use tear gas, fearing to damage the lungs of the baby.

Charles R. Watson Receives Man Of The Year Award

An all time record crowd attended the Avon Park Chamber of Commerce Membership Dinner held this past Thursday evening at the new High School Cafeteria.

Harold Worden, Jr., Master of Ceremonies, kept the ball rolling with his clever stories and remarks. A delightful program of music was presented by the well known musicians, Mrs. Evelyn Jones and Mrs. Evelyn Metcalfe who were as lovely as their music, attired in red suits with white ruffled blouses.

Charles Watson, Past President of the Chamber, gave a review of past accomplishments of the Chamber. President Ari Turner told of the Program of Work outlined for the coming year and presented awards to Mr. and Mrs. Larry

Hooper and Mr. and Mrs. Jimmy Johnson for creating the Avon Park Fair Booth that took first prize for the fifth straight year.

City Asks For Cooperation

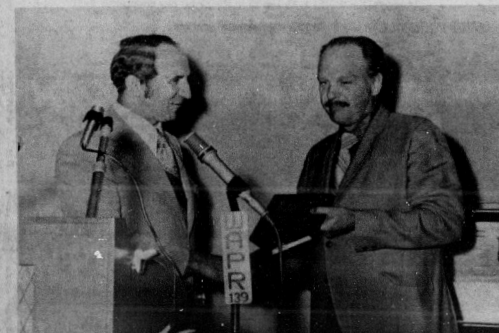

All citizens of Avon Park are urged to cooperate with city collection crews by putting their garbage cans or bags out early on the date of collection for their area.

Due to the heavy collections this time of the day cannot be maintained on a regular basis. Trucks cannot return to an area once they have made a pickup that day so please try to have all cans by the curbside not later than 8:00 a.m.

Mr. Turner also presented Mr. Watson with the Plaque for Outstanding Man of the Year in Chamber work and Steve Roberts was presented the Outstanding Committee Chairman plaque.

Andrew Jackson, Chairman of the Highlands County Commissioners, gave an inspiring address on the future growth of Highlands County and the problems and rewards that would come from this projected growth.

The dinner meeting drew representatives from the Sebring and Lake Placid Chambers of Commerce, City and County officials, Florida Power officials and was covered by the Avon Park Sun, Tampa Tribune as well as Radio Stations WJCM and WAPR.

Re-districting

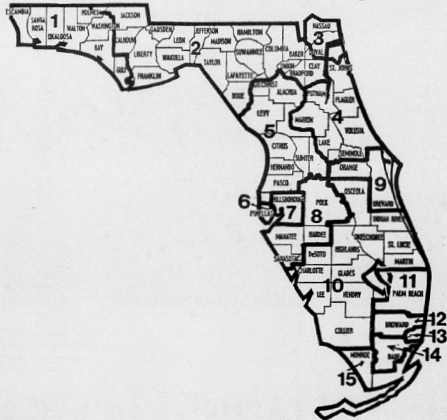

A "mathematically precise" re-districting plan for Florida's congressmen has been produced by a legislative committee.

It puts Highlands county into the state's biggest district - with nine other counties - and divorces us from big Sarasota and Manatee. With Highlands would be Indian River, St. Lucie and Martin on the Atlantic side; Charlotte, Lee and Collier on the Gulf of Mexico side. And in central Florida we would have Osceola, the southeastern tip of Polk, Okeechobee, DeSoto, Glades, Henry, plus the Belle Glade vicinity of Palm Beach.

The Highlands County Democratic committee has been working for a district of central Florida counties with similar interests of citrus and cattle. Demo chairman Edna Pearce Lockett took a look at the new dividing plan and commented: "It looks like we are better off" but promptly called a community-wide meeting to see how others felt.

Of course the plan has not been approved yet. And there probably is not too much we can do to influence the ultimate re-districting. But we believe our legislators should have an idea of how this community cottons to the new district.

Proposed re-districting

'B' Team To Meet Wauchula Here

A win over Sebring and a loss to Wauchula last week gave the Avon Park "B" squad baseball team a record of 3 wins and 1 loss with a game scheduled here at Head Field set for last Tuesday afternoon against Lake Placid. The Sebring win

was a 3-2 eight inning game and the loss to Wauchula over there was a 7-6 score in a nine inning game.

Tomorrow afternoon at 4:00 o'clock the Devil "Bees" will play the game Wauchula team here at Head Field and next

Thursday, March 30, the Avon Park boys will travel to Sebring for a return match with the Blue Streak jayvee squad.

The Avon Park boys get 8 hits to come from behind Tuesday afternoon a week ago and defeat Sebring 3-2. Sebring scored two runs in the top of the first inning and held on to that lead until the bottom of the sixth when Avon Park tied the game up scoring two runs on singles by Mike Poole, Ricky Runner, and Jimmy Elder. The junior Devils won the game in the last of the eighth on a suicide squeeze play. Brad Beumel drew a walk, advanced to third on Ricky Runner's double and then scored on a squeeze bunt by Albert Mellinger to give Avon Park the 3-2 win.

Mike Poole pitched the first three innings and was relieved by Gary Helms in fourth.

Homestead Exemption Deadline

Highlands County Tax Assessor J. W. "Billy" Martin announced today that March 31 will be the deadline for filing homestead exemption.

Some 600 homeowners in the county are being mailed reminders this week warning them of the danger of losing their exemption unless homestead renewal cards are returned by March 31.

New home owners, or those applying for the first time, are required to make application in person.

In order to be eligible a person must have moved into his home before January 1, 1972. His deed, or contract, must be dated prior to January 1, 1972. Deeds, or contracts, must be recorded in the County Clerk's office. The owner must qualify as a permanent legal resident of Highlands County, Florida.

Methods of qualifying as a legal resident will be gladly explained by your County Assessor.

Anyone in doubt should call the Assessor's office at Sebring, phone 385-4918.

NUMBER 46 IN Sebring's Grand Prix auto race will be the oldest car in the SCCA class "A" sedan. The 1967 Ford Mustang with a 289 engine is owned by Neil Potter (at the wheel) of Sebring who is discussing the mechanical condition of the racing vehicle with William

(Bill) Hood, Automotive Mechanics instructor at South Florida Junior College. The Flashy blue racing vehicle driven by Potter, Hood, and Tony Amsley of Miami with a change of drivers at each fuel stop or approximately every 100 miles.

Keep up the good work you are doing for the Friends of the Library group. Our membership swells day by day and this means that soon we will be in a position to do some good work for the Avon Park Library. There are several projects which we will be starting on soon and as they are initiated we'll keep you informed thru this weekly report.

How is your knowledge of Florida History? If it's not quite what it might be, I'd like to recommend to you the best book on Florida HISTORY I have ever read. It's entitled, "A History of Florida."

The book was written by one of our states outstanding historians, Charlton W. Tebeau. Dr. Tebeau is chairman of the history department at the University of Miami and has taught history since 1935.

The book reads like a novel and in a smooth flowing fashion it leads you from days of the prehistoric Indian inhabitants right up to the front door of Disney World. Just under 500 pages long, The History of Florida is so varied in its scope, it's almost impossible to condense it enough to write about it in this short space.

Subject matter ranges from the natural endowments and the first inhabitants to the Civil War era and on to the boom or bust days of the hurricane twenties and contemporary Florida as we see it today in the space age. The book also features more than 100 pictures, maps, and drawings to go along with the highly interesting and informative text.

There is a great deal of attention given to the state's modern day problems of water management, pollution control, and conservation.

I for one find this book very interesting to use as an introduction to Florida to friends from the North who know very little about the state except the tourist oriented brochures. I'm sure long time residents will enjoy it too. A History of Florida should be on your "must read list".

Know Your Hospital

by John McCellan
Administrator
Walker Memorial Hospital

A new hospital meal distribution system that delivers meals far more efficiently than any existing method while maintaining kitchen-fresh food has been installed by Walker Memorial Hospital.

The new Temp Rite System consists of a comprehensive equipment package built around a uniquely insulated tray-like server that keeps hot foods hot and cold foods cold for 2 hours or more, even though the hot and cold foods are side by side on a single server.

Appetizer or soup, hot entree, side dishes and desserts are assembled on individual servers in the hospital kitchen. Each part of the meal is contained in disposable dishes shaped to fit compartments in the server. The servers are then stacked and the top server covered with a light-weight plastic cover. Once stacked, there is absolutely no need to protect the temperature of the hot or cold foods with additional heat or refrigeration or place the servers in any type of thermo retention equipment. Food in the servers also retain proper moisture content, fresh flavor and aroma. It is not affected by odor and taste transfer and is protected from

bacterial contamination. Even meals that must be held for serving until long after the normal mealtime can be assembled with others, stacked and served when desired without lessening the thermal quality and full flavor of the food.

The servers are transported from the hospital kitchen to patients on specially designed carts which weigh only about one tenth as much as the bulky hot and cold cart commonly used in hospitals today. Each cart holds 25 servers and can be easily maneuvered by one female aide.

The aide delivers a server to each patient directly from the cart. There is no need to assemble any part of the meal in the corridor or at the bedside. Even when it contains a full meal, the server is light weight and easy for both patient and aide to maneuver.

The hospital chose this system because it provides a better meal to the patient at lower capital costs with no initial investment and it will be a much more efficient meal distribution system than we have worked with in the past.

When served, the patient finds every part of the meal moist, flavorful and as hot or cold as it should be.

Sorority Elects Officers At Recent Meeting

Dorothy Clark was re-elected president of Gamma Alpha Chapter of Delta Kappa Gamma, national honorary educational society for women, at a meeting Saturday afternoon at the Florida Power Lounge in Avon Park. Other officers chosen for the coming year are Jamie Edge, first vice president; Annie Laurie Hunt, second vice president; De Rhonda Lanier, recording secretary; and Willodean Rafferty, corresponding secretary. Mary Rehig and Mary Roberts were appointed treasurer and parliamentarian, respectively. These are the same officers which guided the group during its first year since being separated from the mother chapter, Alpha Gamma, which included De Soto County and Hardee County, as well as Highlands.

Avon Park members of the group were hostesses at the meeting and presented a program on "Challenge or Dilemma." Those taking part in a skit showing the various roles of women of today were Charlotte Smith, the militant; Sadie Brown, the apathetic; Alice Sherman, the defeatist; and Betty Burch, the agent of change. Three speakers told how women have effected change in their communities by becoming agents of change. They were Mary Willen Ward, who spoke on help for the retarded child; Ruth Handley, representing the Sebring Library; and Shirley Furr, representing the Day Care centers in Avon Park. New members will be voted on at the next meeting, which will be a covered dish dinner in Sebring in May.

Sgt. Royce C. Rouse Awarded Army Commendation Medals

Sergeant First Class Royce C. Rouse, former Avon Park resident, has been awarded "The Army Commendation Medal," by Secretary of the Army, Robert J. J. Roche, for Meritorious Service from April 15, 1969, to July 30, 1971.

The Citation for the award read as follows: During the period cited, Sergeant, First Class Rouse distinguished himself by meritorious service while a member of the 2nd Squadron, 4th Cavalry, 1st Armored Division. A superb non-commissioned officer, Sergeant Rouse was responsible for the intricate operations of Squadron intelligence from April 69 to July 71. SFC Rouse's excellent efficiency, and proficient accomplishments of tasks assigned, characterized his tenure as squadron intelligence sergeant.

He displayed a thorough knowledge of his job responsibilities, and maintained excellent training and intelligence records. Scores the squadron received on intelligence and training materials during the 1970 AGT's reflect his constant efforts for providing a superior intelligence training program for the squadron.

SFC Rouse was also the individual who assisted and advised the squadron intelligence officer with a valuable assessment of many difficult problems during the 1971 ORT. His overall knowledge in the areas of intelligence and training greatly aided the squadron intelligence officer, as he provided excellent information on the situation at hand.

It was through SFC Rouse's valiant efforts that the information provided by the combat elements was correctly processed and formulated into good combat intelligence. The high degree of physical security the squadron now enjoys is also due mostly to the diligent effort of SFC Rouse in this area.

SFC Rouse has always maintained an outstanding personal appearance, and expected the same high standards from his subordinates. His military bearing and complete devotion to duty, SFC Rouse was respected by his superiors and subordinates alike. He put forth many hours of hard work and tireless performance to the squadron. Sergeant First Class Rouse's exemplary performance of duty was in the best tradition of the military service and reflects great credit upon himself, the 1st Armored Division and the United States Army.

Rouse is the son of Mr. and Mrs. Perry Rouse, 916 W. Ruth Street, Avon Park. He graduated from Avon Park High School in June 1964 and went into service in July, 1964. He and his wife, Helga, were married in Germany and have a 13 year old son, Michael. They are now residing in Salinas, Calif., where SFC Rouse is stationed at Ft. Ord.

on no hits and then Avon Park pushed over two runs in the bottom of the fifth to put the score 10-4. In the sixth frame Wauchula added one more run on a double and a single but the Red Devils edged close with six runs scored in the bottom of the sixth. Ezzi led off with a single, Underwood was safe on an infield error on a bunted ball and Richards beat out about to load the bases. Then Don Sizemore singled down the third base line before McRae fled out to the right fielder. Johnny Todd then struck out but was safe when the catcher dropped the ball. Richards and Sizemore scored on a passed ball and then Todd and Nate Williams scored on a double by Buddy DeWitt before the inning ended with Avon Park trailing by just one run.

The Devils retired Wauchula

in the top of the seventh with no runs as DeWitt fanned the first batter and the third and fourth batters fled out after one man reached first on an error.

But Avon Park's rally had run out and in the bottom of the seventh, needing only two runs to pull the game out of the bag, relief hurler Joel Tew put down Underwood on a grounder out from second to first, and Richards and Sizemore on strike-outs to preserve the 11-10 victory for Wauchula.

Minor League Registration Is March 27

All parents of boys (age 8-12, who registered to play Minor League Baseball) are urged to attend a meeting at the Avon Elementary Cafeteria at 7:30 p.m. on Monday, March 27.

The team assignment for each boy will be announced at the meeting, and schedules giving dates and times of particular games will be distributed. The meeting also will afford parents the opportunity to meet coaches and managers.

REMINDER: Absolute deadline for registering to play Minor League is at close of school on Friday, March 24.

New stands and reconditioning of existing facilities at the field have been completed, and a great season is anticipated. The list of those to whom the league is indebted for the work at the field and team sponsorship is too long to print here, but you are appreciated.

Gun Handling Safety Course Being Taught

A gun handling and safety course is being taught this month to the girls in the five physical education classes taught by Miss Phyllis Love at Avon Park High School.

To kick off the course, the girls made targets to use drawing interesting objects on cardboard boxes in a contest with classmates. The top two targets in each of the five classes were awarded prizes for neatness, originality, and practical use.

The girls will be given instruction in safety rules for gun use according to National Shooting and Sports Foundation information. They will also have an opportunity to practice gun use by shooting BB guns at the colorful targets they created.

The NSSF stresses six important gun safety rules which the girls will learn during the course. 1. Treat every gun with the respect due a loaded gun. 2. Never point a gun at anything you do not intend to shoot. 3. Make yourself seen by the other hunters. Wear hunter orange in the field. 4. Watch that muzzle! Carry your gun safely; always keep the safety on until ready to shoot. 5. Never shoot at a flat, hard surface or at water. 6. Unattended guns should be unloaded - guns and ammunition should be stored separately beyond the reach of children and inexperienced shooters.

Miss Nancy Durrance

Nancy Durrance Named Star Student In Monroe Schools

Miss Nancy Durrance, former Avon Park High School student, daughter of Brents Durrance, and granddaughter of Mrs. Nellie Durrance of Lake Denton, Avon Park and Mrs. Louise Abernathy Durrance of Forsyth, Ga., has been named the 1972 STAR Student for the Monroe County School System, by the Monroe County Chamber of Commerce, sponsor of the Student Teacher Achievement Recognition program.

Selection of the STAR Student is made on the basis of scores made on the November or December College Board Scholastic Aptitude Test and on the student's scholastic averages.

Nancy and her mother moved to Forsyth when Nancy was a freshman and Nancy has had an outstanding high school career in almost every field. Her ability on tests has brought her two NEAT awards as well as the STAR award; her excellent scholarship has brought her Honors Day awards in physical science, French, English and chemistry, as well as awards

from Woodmen of the World, the University of Georgia and Presbyterian College; her musical ability has allowed her to represent her school in solo and trio at district competitions and to be an outstanding member of the band for four years; and her popularity with

students has made her a homecoming representative and an active participant in clubs such as the National Honor Society, Beta Club, French Club, Tri-Hi-Y and Forensic Society.

She is a member of the Empress of the South and loves debating in which she recently helped bring regional second to her school. Nancy attended the Governor's Honors Program in 1971.

Nancy is very active in church and religious groups. She is a member of the choir at the First Presbyterian Church and assists with the Sunday evening youth group there as well as other groups, such as Young Life. Last year Presbyterian College recognized Nancy by naming her a Junior Fellow. This year Presbyterian College has awarded her an excellent scholarship and she plans to study there in the medical field in 1973.

17-year old Nancy, lives with her mother, Mrs. Louise Durrance on Tift College Drive in Forsyth, Ga. She will be remembered here as one of our French horn players, starting with Band Director Vic McKunas in the Junior Band, which played a large role with her musical ability. Nancy is also the niece of Mrs. Mayne Durrance Walters, of Avon Park.

Spring Lake: a beautiful new idea in community living.

Beautiful countryside still unspoiled by man and his machines. Peace and quiet still unbroken by swarms of tourists and motorists. Charming, modern homes priced within the reach of most people. That's Florida the way it used to be... Florida the way it should be... Spring Lake, the way it is.

Spring Lake is being developed as a total community by Coral Ridge... we're the people who built the new, popular city of Coral Springs and the Galt Ocean Mile. Coral Ridge is a subsidiary of the Westinghouse Electric Corporation.

There are already three furnished model homes to visit at Spring Lake. All half-acre lots and priced from \$17,400. The community has the benefits of street lighting and all underground utilities. Residents will also be able to enjoy lakefront privileges.

Drive on out to Spring Lake... it's only a few miles from downtown Sebring. See what we have to offer: Like the two bedroom, two bath home called Something Special II. This fine residence features terrazzo floors throughout, ponding in the living and dining rooms and Westinghouse appliances, including range and central air conditioning and heat. See this exciting home and the eight other completed models.

If you can't get out there today call 385-6113 for immediate information. Our Resident Manager, Mr. Ireland Sanders, will be able to answer all your questions.

GRINNING HAPPILY, MARIO Andretti, left, and Jackie Ickx arrived in Victory Circle at the track Saturday night to accept congratulations and be greeted by Miss Grand Prix, Miss April Playboy. This was Mario's third time to win the

Grand Prix while for Ickx it was the second. They won in a Ferrari plagued with mechanical trouble for 10 of the 12 hours. photo by Dodge

Andretti Wins Grand Prix

The last race on the old, bumpy, pockmarked 5.2 mile winding circuit after 22 exciting years...

A great race—the biggest crowd—40,000—a Florida sun beating down in 88 degree, dusty, windy weather...

Ferraris roared into the lead in Saturday's Grand Prix of Endurance and speed. The race was marked by more than the usual number of wrecked cars, and serious mechanical troubles for even the winners. Pre-race favors the fastest qualifiers, Italian born Mario Andretti of Nazareth, Pa., and Jackie Ickx of Belgium won. But three hours into the 12-hour grand, it was predicted that their smoking car, beset with a broken block and leaking oil, would never finish. Trouble dogged them for 10 hours.

It was the third win at Sebring for Mario, the second for Jackie.

Peterson Schenken second. Taking second place was the Ronnie Peterson-Tim Schenken Ferrari. Peterson is from Sweden. Schenken from England. Third spot went to Andrea DeAdamich of Italy and Toine Hezemans of Holland in an Alfa Romeo Spyder. The Alfa offered the only competition for the Ferraris.

One of the drivers of the Alfa leading car (at the time) in the race, handsome bachelor Peter Revson, of the cosmetic family, was ordered from the race two hours after the start for un-sportsmanlike behavior. In an argument over whether he ignored a caution flag, Revson did a little arm waving, knocking off the hat of clerk of one course, Charles Earwood. There was a quick meeting of the stewards. There was talk the gesture was obscene—he said it was not—but he was given the black flag.

The Andretti-Ickx Ferrari was set up for the win when the Clay Regazzoni-Brian Redman Ferrari, which had snatched their early lead from them, broke an axle and went up in flames at 10 minutes of nine far out on the course. Firemen tried in vain to save it. Driver Regazzoni walked away unhurt.

In a surprising fourth place was the Stingray Corvette of Tampa foreign car dealer Dave Heinz, driving with Bob Johnson. Heinz can now lay claim to being the fastest Corvette driver in the United States.

Ferrari wanted to win this 22nd Sebring race. Their cars have won more than any other make in the years of the race. So they sent three of their roaring red beauties to do the job and they got it done. Alfa Romeo, feeling they might out-

Nunnallee Awarded Silver Wings

Second Lieutenant Thomas L. Nunnallee, son of Mr. and Mrs. Hue E. Nunnallee of 98 Lake Blvd., Avon Park, has been awarded his silver wings upon graduation from U. S. Air Force navigator training at Mather AFB, Calif.

Lieutenant Nunnallee is remaining at Mather for further training.

A 1966 graduate of Avon Park High School, he received his B. A. degree in history in 1971 from Wake Forest University, Winston-Salem, N.C. The lieutenant is a member of Theta Chi.

He was commissioned in 1971 upon completion of Officer Training School at Lackland AFB, Tex. His wife, JoAnn, is the daughter of Mrs. Charles E. Stanfield, 513 Silver St., Reidsville, N.C.

College Officials Discuss Locating In Girl School

During last Monday night's meeting of the Avon Park city council the greatly disputed topic of the city's involvement at the Pinecrest golf course was once again brought to life.

Representatives from a new college, presently operating in Lakeland, were in our city speaking to various city officials concerning the golf course. It seems the college is interested in relocating in Avon Park, utilizing the present facilities of the now defunct Highlands Girls School.

The representatives asked the city council the approximate cost of maintaining the course. Mayor Robert Barben, at one point, told them it would cost at least \$60,000 a year for full operations.

The city presently has a lease on the course for approximately five more years. Under this lease the city pays \$200 a month, which will advance to \$500 a month next June, for the use of the course. The city receives a percentage from the green fees.

The golf course reports the month of February was its best compared to the preceding twenty-four, with 752 green fees being paid. Out of this the city made \$2550. Barben mentioned the city averages a loss of twelve to fourteen thousand dollars a year.

At this point councilman Clarence King stated the course was "costing the city too much now." Council President J.R. Duggan replied by saying "The mail is for the general public, the golf course benefits only a few of the actual citizens of Avon Park. Duggan, apparently becoming quite upset with the discussion stated, he would not support a city football, baseball or lake docks, if King couldn't support the course.

Barben then emphasized the fact the course, as well as the airport are two assets to our community, both being attractive to businessmen.

The representatives of the college stated they believed their relocation here would also be an asset to Avon Park. At this point the council agreed wholeheartedly.

In other actions taken by the city council, they tabled an idea for a maintenance contract on the two city water towers. They said it would be a good idea to investigate into all aspects of

the contract before going into such a deal.

A special meeting will take place April 10 with representatives from Motorola concerning the mixup with our recently acquired police radios.

The First Baptist Church of Avon Park notified the city they would be interested in doing away with their parking lot beside the old army building. The city plans a Youth Center there, and was quite interested in the idea. The council asked City Clerk, Malcolm Crews to investigate the matter and find

out just what measures could be taken.

The city council decided to delay full payment to the roofing contractor for the work on city hall until his bond is received by the city. Until such time the city only paid for the extra expenses incurred during the work.

Finally, Councilman Durrall Martin requested the city supply six more outfield lights at the Little League Baseball field. He requested two extra ones be placed on each of the outfield posts. The motion was carried unanimously.

Cancer Crusade Drive Set For April In County

Cancer in children is rare, but it is a parent's duty to be informed so that early symptoms aren't ignored.

This April the American Cancer Society of Highlands County is conducting its annual fund-raising and educational Crusade in our community. As part of the educational effort, Mrs. Harry Hood, local Crusade chairman gave The Avon Park Sun the facts about childhood cancer.

"Cancer strikes about one out of every 7,000 American children. Nonetheless, with the great advances in the treatment of other childhood diseases, cancer deaths among school children exceed those from any other disease.

"Practically everyone knows about the threat leukemia presents to the young. Today, thanks to great laboratory advances, the lives of young leukemia patients are greatly extended although a cure has not yet been achieved," she said.

But, she added leukemia is not the only cancer threat to the young. Bone cancer, cancer of the nervous system, lymph nodes, eye and kidney are diagnosed each year. For many of these cancers there are excellent forms of treatment.

Cancer in childhood is as difficult to detect as cancer in adults because the symptoms are so often vague. Should a parent be afraid of bothering a busy pediatrician or be afraid of being labelled "cancer hysteric"? Absolutely not.

As one specialist in childhood cancer said, "Regular examinations and prompt investigation by a doctor of any suspicious conditions - these constitute the cornerstone of detecting and treating cancer in children."

Here is a list of conditions that require a prompt call on the doctor:

Swellings, lumps or masses in any part of the body. Pains, or the persistent crying of a baby or child, for which no reason can be found.

Any change in the size or appearance of outward growths, such as moles or birthmarks.

Nausea and vomiting, for which there is no apparent cause.

A marked change in bowel or bladder habits.

Bloody discharge of any sort; blood in the urine; heavy spontaneous nosebleeds; or other type of hemorrhage; failure of bleeding to stop in the usual time or after a cut or injury.

Unexplained stumbling in a child who has been walking well.

A general "run-down" condition.

MARGARET COLLINS, local Public Education Chairman and David Beely Jr., Unit Executive Director from the Tampa Office of the American Cancer Society are pictured discussing the film which was shown to the school children on "Childhood Cancer." Photo by Sharpe.

490 New Telephones Installed In County

An unprecedented 90-day gain in telephone installations throughout its operating territory was reported today by the United Telephone Company. And Highlands County's gain was substantial.

A high volume of activity for the period December through February, said company officials, produced a net gain of 9,112 telephones compared to 4,951 for the same period one year ago—an increase of some 84 percent.

So far this year, the company said that its growth rate in telephones was running 85 percent ahead of 1971. A net gain of 5,063 telephones was reported for January and February compared to a year earlier figure of 3,061.

Gordon Smith, northern district commercial manager, said that Highlands County had gained 445 phones during the first two months of this year—nearly half of a 932 phone gain reported for the company's northern district. Counties included in the district are Highlands, Hardee, DeSoto, Okeechobee and the city of Fort Meade in Polk County.

The January—February gain for cities in Highlands county are as follows (with comparable 1971 totals in parentheses): Avon Park—120 (102), Lake Placid—134 (77) and Sebring—191 (120).

The company, said Smith, expects an overall growth rate of 12 percent for 1972. This would result in a net gain of some 18,000 telephones throughout its 13—county service area.

Installation of its 2,500,000th telephone occurred within the United Telephone System Mar. 20, it was announced by R.M. Alden, executive vice-president-operations for United Utilities, Inc. at Kansas City, Missouri.

United Utilities is a holding company whose properties include United of Florida and 19 other telephone companies which make up the United Telephone System. Their service areas include parts of 21 states.

The United System had 2,465,275 telephones in service at year-end 1971, and has been recording a net gain of more than 3,000 telephones each week since that time. United of Florida, with some 153,000 telephones in service, has averaged a gain of 600 telephones per week thus far in 1972.

The United System acquired the former Inter-County Telephone Company here in October 1967 and provides telephone service in a 13-county service area in south central and southwest Florida.

Board Postpone Action To Purchase Library

The Board of County Commissioners agreed Tuesday to devote part of its special meeting on zoning actions, Apr. 12, to consideration of building code provisions affecting mobile homes.

The meeting will be open to the public. Bob Brooks of Mustang Mobile Homes, who has been openly critical of the county code as well as its interpretation by county officials, agreed to hold his formal complaints for presentation at the Apr. 12 meeting.

In another action, the Board postponed making a decision on buying a building belonging to the Avon Park Woman's Club. Mrs. Leona Maxwell, representing the Woman's Club, pressed the Commissioners for a decision, pleading that the building would be ideal for use

by the Avon Park health clinic and for a voting location.

Commissioner Cecil Skipper pointed out that the county recognizes its need to move the health clinic and has been active in seeking such new quarters.

He told the Board members that the Woman's Club was asking \$50,000 for the building and said that it would cost an additional \$15,000 to rehabilitate it for county use.

The county must look carefully to its future requirements in Avon Park Skipper said. In addition to finding a new home for the health clinic, the county may need a place to locate a branch office of the building department and must consider future youth center needs, Skipper said.

The major advantage to be

realized from the county in buying from the Woman's Club would be the immediate availability of the building and the certain knowledge that proceeds of the sale would be used to benefit the residents of Avon Park.

"The health department's office in the city hall is a disgrace," Mrs. Maxwell told the Commissioners. "In fact," she continued, "one mother told me that she wouldn't take her children to the clinic for immunization shots because the place is so bad."

Despite Mrs. Maxwell's arguments, the Commissioners stood firm in their resolve that the interests of county taxpayers required their considering alternatives to purchasing the Avon Park building

Easter Sunday

It is time to color those Easter Eggs again. The new Spring season will usher in Easter Sunday on April 2 this year. Once again, Christians will commemorate the resurrection of Christ. In the muted festival atmosphere, Easter parades and Easter bunnies will lend their enchantment to the occasion. In all but the frigid regions, nature will also add her magic touch of springtime flowers and fair breezes.

In Avon Park we will start the season with Good Friday Service this Friday night, March 31 at 7:30 p.m. in the first United Methodist Church. The Rev. R. L. O'Quinn, pastor of the Fellowship Baptist Church will be the speaker. Music will be provided by the host church. Rev. Duane Zoller, pastor of the church, is chairman of the Good Friday Service Committee.

The Easter Sunrise Service will be conducted in the northwest corner of Donaldson Park, on April 2 at 6:15 a.m. Willie Beatty, chairman of the Sunrise Service Committee, announced that the Rev. Frank C. Cleveland, new rector of the Episcopal Church of the Redeemer, will give the

message. Vic MicKunas, director of the Avon Park High School Grenadier Band, will provide music with the brass sextet.

Over 100 chairs will be provided by Stephenson-Smith and Mizelle Funeral Homes for the comfort of those in attendance. These services are sponsored by the Ministerial Association and have been planned for total community involvement. It is hoped the community will respond well with a good attendance at each of these services.

The freshness and fragrance of the new season somehow symbolize the bright hope and faith that came into being with the birth of Christianity. Oddly, or perhaps not so oddly, the sounds of Spring on Easter Sunday are accentuated. The birds sing a little more pleasantly—or so it seems. And in between those April showers, the sun has a special warmth. What it all adds up to is the Easter is an exceptionally good day which is meant to celebrate the coming of new hope and salvation to all mankind. Let it be so this year.

Andretti Wins

(from front page)

last the quicker Italian cars, sent four factory entries, but the effort was in vain.

The team of Reven and Rolf Stommelen ran fourth behind the three for a long time.

The Italian cars occupied the first six places in the lineup for the first five hours, with the Ferraris swapping the first three places among themselves while making pit stops. Andretti set the early pace, sailing away from the pack.

Race five minutes late. The race got under way five minutes late when the crowd tore down a metal fence along the border of the track at the vehicle bridge and spectators surged onto the track. The racers had to be waved on to another two laps around the course and another start.

The earliest casualty was at 11:29 a.m. when the No. 55 car, an orange Lola driven by Roger McCaig, of Ontario, Canada, flipped out about 100 yards north of the straightaway bleachers, ending in a ditch. McCaig climbed out in a cloud of black smoke, unscathed,

and smiling, as track people hurried up with fire extinguishers.

Within the first two hours, an Alfa Romeo went out when a blown rear tire exploded the left rear of the car suspension, frame and fiberglass body. Nanni Galli was at the wheel, but was unhurt.

The Camaro of Mexico's Roberto Quintanilla climbed a fence and overturned on the track. Quintanilla escaped with minor injuries.

The winning Ferrari finished 250 laps at an average speed of 111.508 miles an hour, covering one less lap than the winning Porsche last year. The car was deliberately slowed in the late hours to make it last.

There was an oil leak. And there is a race rule a car can pit for oil and fuel only after 27 laps. The problem was to make the supply in the engine last for the next stop each time. Said Andretti: "27 laps was almost too much for it."

The Heinz-Johnson Corvette lost third gear late in the race, making it difficult to get away from pit stops and accelerate coming out of the hairpin turn.

at the price quoted. Demonstrating that their rejection of Mrs. Maxwell's request was in no way personal, the commissioners approved, as their next item of business, hiring Leona Maxwell's son, Steve Maxwell, as deputy supervisor of elections and voting machine custodian.

In other actions taken Tuesday, the Commissioners: — Accepted bids for road maintenance and construction materials submitted for their approval by Gene Hamlin, county purchasing agent and property clerk.

Accepted Gene Hamlin's report which stated that \$2,769.75 had been received from Monday's surplus property sale.

Approved hiring Rene Henderscheid, clerk-typist, for use, until Aug. 30, in the purchasing department. Miss Henderscheid will be paid with federal funds supplied under the Emergency Employment Act.

Authorized the Director of Civil Defense to purchase a water cooler, pump and filter for \$333 on condition that well water flow tests confirm the need for the new equipment. Federally supplied funds will be used to pay for half of such costs.

Accepted an easement to property on N. Lakeview Dr. near Lake Jackson, the site of a new storm drain, so that the county can maintain the drain.

Heard County Engineer, Gordon Hays, describe dealer's claims for a new ground stabilizing chemical which, if successful, might greatly reduce the cost of highway sub-surface construction. The Commissioners told Hays that they could not consider changing the existing road base specification until Hays had studied the new process carefully and presents his recommendation.

Received two reports from the county engineer containing proposals for dealing with the county's trash collection and land fill problems. The report proposed two alternative solutions, one based on a five year plan and the other covering 15 years. Hays based his 15 year plan on estimates that each county resident would generate 5 1/2 pounds of solid wastes per day and that county population would increase in that period by about 10,000.

The Commissioners took no action on the report but did take the opportunity to express their serious concern over the county's growing sanitary fill problems and reaffirmed their determination to do something about it.

Approved the expenditure of \$301.56 to maintain an Addressograph machine used by the supervisor of elections.

Agreed to continue the practice of paying poll workers at the rate of \$25 per day.

Approved bonds for three unassigned deputy sheriffs.

Authorized Board Chairman Jackson to enter into a one year lease arrangement with the town of Lake Placid in which responsibility for operation of the Lake Placid dump would pass to the county. Under terms of the lease agreement, Lake Placid would contribute \$2,000 toward the salaries of dump attendants. It was understood that the county would operate the dump six days per week.

Accepted the resignation of Austin Heacock and Raab Skipper so that both might accept positions with the state in the food stamp program.

On the recommendation of Commissioner Norman Heston, authorized the Florida Power Corp. to install 13 overhead lights at the Agri-Civic Center at a monthly cost of \$24.30.

Reviewed a film entitled "The Green Box" that recounted experiences gained in Chilton County, Ala., where large, portable containers were used successfully to collect trash which was then disposed of through application of a well managed land fill program.

Thursday is circus day. The promised arrival of a real three ring European style circus will take place in Avon Park when Sells and Gray Circus arrives at daybreak for performances at 4 p.m. and 8 p.m. The circus will set up at the Avon Park Airport under the sponsorship of the Avon Park Kiwanis Club.

The circus is scheduled to arrive on three colorful convoys at daybreak. The always interesting spectacle watching a tented circus city arise on circus morning is expected to start approximately at 8:00 a.m. at the circus grounds.

Some of the youngsters will probably be seeing their first traditional circus under the "Big Top" with all of its nostalgic excitement for the first time. Many of the oldsters on hand will be re-living some golden memories.

The usual swift unloading of animals and equipment will be handled by the circus workmen aided by the circus performing elephants. Out of apparent chaos, will come orderly precision as the tented city is erected.

The Sells & Gray Circus, currently on its annual tour of the U.S. and Canada, is considered in circusdom to be one of the major tent circuses.

It is reported that several of the performers will be making their first appearance in America this year, having been secured from European and Asian countries. Included in the performance will be acrobatic and tumbling champions, tightwire wizards, spectacular trapeze dare-devils, juggling artists, and a clown band.

Letters To the Editor

To The Editor:

The above picture speaks for itself. This garbage was dumped on the curve on Bombing Range Road sometime last week. I hope the real fine citizen that is responsible for this pretty picture, realizes it has to be cleaned up! If he's lucky enough to be a tax payer of our great County and fine County, "He", "She" or "It", will have to share. By the way we have a city dump closer to town than where you dumped this mess.

Sincerely,

Eugene Flint
Major Retired
U.S.A.F.

Dear Mr. Carter:

I wish to write this letter to The People of Avon Park to express our appreciation for the response we have had in our effort to enroll Charter Members for the Friends of the Library. We still need a few hundred more to make our goal by April 15th, but it has been encouraging to have so many people show their interest in supporting the library, by joining the Friends organization.

We have not put forth much effort in making contacts with people so far, but many have responded to our invitation through the coupon that appeared in the Sun last week. There will be another ad and coupon this week and also the Keyettes Club of the High School and the Girl Scout Seniors and Cadet Scouts have all promised to assist with getting these coupons in the hands of people this week.

To all who send in their \$5.00 for a Charter Membership, we appreciate it, and we are looking forward to the day when we can help to furnish a new library building in Avon Park.

Grocers To Be Briefed On Food Stamp Program

A special meeting—arranged by the U. S. Department of Agriculture's Food and Nutrition Service—will be held here to acquaint Highlands County grocers with the new Food Stamp Program.

This meeting is scheduled at 2 p.m. Monday, April 3, in Room 202 of the Courthouse, Sebring. FNS officials are urging all Highlands County grocers to attend this meeting to find out how they may apply for authorization to handle USDA food coupons.

Only authorized grocers will

be able to accept food coupons from eligible families. Authorization is open to any bona fide food retailer in Highlands County, regardless of the size of his store, FNS officials emphasized.

The Food and Nutrition Service is responsible for grocer authorizations, while certification of eligible families and issuance of food coupons to them is handled by local units of the Florida Department of Health and Rehabilitation Services.

Families Needed To Host Teachers

Avon Park area families are needed to entertain English-speaking European teachers in their homes for one or two weeks this summer. It was announced by the American Host Program today.

According to Stuart Perkins, Board Chairman of the Host Program, who is President of Volkswagen of America, American Host is one of the few non-governmental programs designed to show the American way of life to foreign teachers by arranging hospitality with American families for them. Now in its tenth year of operation, American Host has opened doors to understanding for more than 3,500 European teachers who have passed on their new view of America to their students.

Mr. Perkins said that being a "Host Family" is open to anyone who has the desire to increase understanding and friendship between Americans and Europeans. All American Host asks for is hospitality—a private room for a guest and free time for one or two weeks to introduce the guest to friends and neighbors and perhaps to fellow teachers.

American Host arranges all transportation. Host Families are asked to meet their guest upon arrival in their community. Teachers and Host Families have an opportunity to correspond for at least a month before meeting. Arrangements for participating as a Host Family can be made through:

Mr. Tom Murphy, Director, The American Host Program, Hotel Commodore, Suite 2100, Park Avenue at 42nd Street, New York, New York 10017.
Deadline for information: April 6, 1972.

Todd came in with a 46 to give the Devils the 6 stroke win. Lewis of Bartow also had a 40 to share medalists honors with Bud.

Saturday afternoon, March 18th, 26 of the 32 members of the recent "Happy Hawaiian Holidays" tour, conducted by Nita and Jim Ritchie of Avon Park, met at Highland Hammock State Park for an informal get-together and picnic. Police Report 2 Accidents In City

The Avon Park Police Department investigated two automobile accidents on Monday, March 13.

The first one occurred at 2:56 p.m. at the intersection of West Canfield and South Anoka Avenue.

A 1965 Ford Mustang, operated by Robert J. Stokes of Avon Park, was traveling west on West Canfield when he apparently ran a stop sign,

causing him to hit a 1962 Rambler, driven by Boyd Rutledge, of Avon Park.

Both automobiles were reported to have been totally demolished in the mishap.

Patrolman Leroy Prevatt investigated the accident and charged Stokes with disobeying a stop sign. There were no injuries reported.

The other accident took place at 8:17 p.m. at the intersection of U.S. 27 and WestCastle Street, with Sgt. Presley Selph of the Avon Park Police Department responding to the call.

According to the police report, a 1967 Volk Wagon driven by Beverly Mann of Sanford, Florida was traveling north on U.S. 27 approaching the intersection at WestCastle. Edward Jackson of Miami was traveling South on 27 in his 1971 Mercury and attempted to make a U turn at the Castle Street intersection, striking the Mann vehicle in the left side. The VW was totally demolished with \$650.00 damage to the Mercury.

Mrs. Mann was taken to Walker Memorial Hospital by the city ambulance.

Arrests are pending due to further investigation of the accident by the Avon Park Police Department.

Bonnie Brae Mobile Home News

Mr. and Mrs. Lyman Burch of Webb City called on Marie and Clarence Gerard last Wednesday. Marie and Clarence's daughter, Lucille, was a classmate of the Burch's when they all attended school in South Bend, Indiana.

Ruth and Harry Singer who are on the over-night trip attended the Red Sox-Yankee baseball game in Winter Haven last Thursday.

Peg and Bill Chalmers spent the weekend visiting her brother and wife, John and Noreen Wickles in Ocala.

Annie and Charlie Williamson left on Saturday to spend the weekend in Sarasota visiting Mr. and Mrs. Harold Hall and other friends. They returned on Tuesday.

The B. C. - D's (Flo and Jerry Brophy, Lela and Vernon See and Fay and Leland Durling) enjoyed a trip to Myakka City to attend the Lipizzan Horse Show on Saturday. All reported a fine show and a lovely dinner at Arcadia on the return trip back.

"Shirley" and Cecil Thomson left on Saturday with their travel trailer for Lake Okechobee where they planned on meeting their daughter and husband. A weekend of fishing was planned.

Ellen McGonagle was so pleased on Sunday morning when she received a phone call from her son David that they were at Jekyll Island in Georgia and would arrive on Monday to spend two days with Ellen and Neil. David, his wife Elizabeth and their five children, Lori, Lynn, Stefan, Kim and Jan are from Media, Pennsylvania and are spending their Easter vacation seeing so many lovely places here in the South.

Welcome back to Lee Henline who returned from Walker Memorial Hospital where she was confined for over a week after undergoing surgery. Best of health to you, Lee!

On Sunday Roy Podewels invited Flo and Jerry Brophy and Thelma Chalmers to dinner at the Tower Restaurant as a farewell dinner before they returned to Jacksonville, Wisconsin on Wednesday. We all hope that Roy won't work too hard during the summer and will return next Fall feeling better than he did this past Fall. It's that Florida sunshine that did the job!

We are all sorry to hear that Mr. and Mrs. Everett Keister on Lot 45 was called away suddenly to Westfield, New York. Mrs. Keister received word that her mother had suffered a stroke. Best wishes for a speedy recovery from all at Bonnie Brae.

On the overnight strip this week we saw new comers are Mr. and Mrs. Fulford of Lanark, Illinois who will be here for a month and Mr. and Mrs. McFarland of Leicester, Mass.

Dorothy and Percy Begal left last Tuesday to visit Mr. and Mrs. William W. Smith at Jupiter. Mr. and Mrs. Lambrecht are friends from Endicott, N.Y. While there Percy and Bill went fishing on his lovely boat but had no luck catching fish. They also spent a day in Hollywood shopping and returned to Bonnie Brae on Thursday.

Mr. and Mrs. James Ray and son Jimmie of Anderson, Indiana are visiting Rozzie and Lester Parkhurst. Mr. Ray is Rozzie's brother.

Douglas and Lorene Campbell and Victoria and Edward Dunkel drove to Sarasota on Sunday and called on friends from Dayton, Ohio whom they had not seen in 36 years. They Tuesday they drove to New Port Ritchey and called on relatives, Mr. and Mrs. Joe Daly. Ed and Vicky have now returned to their home in Haubstadt, Indiana.

Mrs. Alberta Mitchell of Benton Harbor, Michigan called on Catherine and George Curry. Ellen and Harry Hunt and Margaret and Harry Young on Sunday afternoon.

Sallie and Steve Boyachyk and Beattie and Raymond spent Tuesday at Disney World and had a great time being "green mouseteaters."

The "farewell to snowbirds" potluck which was held in the recreation hall on Friday evening was very successful. 78 people were "squeezed" into the hall and the only complaint about the food was that there

was too much of it. After dinner everyone was asked to introduce themselves and tell where they live in the park and where their Northern home was and also what they plan to do this summer. It was a toss-up as to whether Ohio or Michigan could have carried off the banner for the most people from their state here at Bonnie Brae during the winter. Many other states as well as Canada are represented among our park residents. We really enjoy everyone of them.

On Sunday evening, Mr. Marvin Draper again showed another group of travel pictures to an appreciative audience. Pictures were shown of Niagara Falls, Seattle World's Fair, Colorado and so many other places of interest. Mr. Draper is a wonderful photographer and his description of the places almost makes you think you are there. Our thanks to Tom Choke for loaning his screen and setting up the chairs for the evening. Again a big thanks to Mr. Draper.

Ellen and Harry Hunt and Ruth Smith spent Tuesday in Lakeland shopping.

Mr. and Mrs. Jim Suydan of Ft. Lauderdale and his mother Mrs. Viola Suydan of Long Island, New York called on Lee Hoffman Sunday afternoon.

Nazarene Church Women Honor Winter Guest

At the monthly meeting of the Nazarene World Missionary Society (NWMs) held Wednesday, March 15, the winter residents who will be heading back to the cold Northland, were the guests of honor at a foreign dish dinner. There were 35 people present for the meeting.

Women of the NWMs prepared food for the supper. There were dishes of food from many different countries. Chicken and rice for the American "Old South," Spanish chicken from Peru, sweet and sour meat balls from Japan, Indios calzados from Guatemala, majordura (this is a type of porridge believed Jacob served Esau) from Jordan, cabbage rolls from Syria, and Easter shoes from Sweden, Mazambique, Malawi, Cape Verde, Gravel, and Cape Verde Islands. The desserts were apple and pumpkin pie from America, and Hawaiian Banana pie.

After a word of prayer, everyone went home after having a good time of fun, food, and worship.

Anybody who wants fun, food and fellowship with other people and other Christians, then come to the NWMs meeting on the first Wednesday of next month, in the Fellowship Hall of the Church of the Nazarene.

The women making the food was Rev. Paul Trissel, who prepared the Monkey nuts gravy from Switzerland. Many thanks to the women and Rev. Trissel for working to prepare the food.

After everybody had eaten what they wanted, there was a song.

All youngsters of the church and all of their invited friends will have the fun of an Easter Egg Hunt on the spacious grounds of the Smith home.

The eggs are being colored by the combined young peoples group of the Methodist and the Congregational churches and will be hidden by them in likely and unlikely spots. Then, too, picnic tables and chairs for everyone are being brought over from the church, so there will be seating for folks of all ages.

After the hunt, then comes the picnic supper. Hot-dogs, baked beans, cole slaw, hot and cold drinks. Just bring yourselves, everything is furnished by the church. This will be a Sunday School. This will be a Congregational Sunday School happening and these Sunday School happenings are really something. You'll sure want to be there, come, don't miss this one.

Important Notice

AN INDEPENDENT BAPTIST MISSION is to begin April 2, 1972. To meet at the American Legion Building, Time 10 A.M. Following is a "Declaration of those things most surely believed among us"

—Luke 1:1

We believe in the infallible verbal inspiration of the whole Bible. II Timothy 3:16, 17.

We hold that true Baptists have ever held: That the Great Commission was given to the churches only; that in kingdom activities the church is the only unit in associated work; that each church should exercise equal authority; and that the churches should meet their responsibilities according to their several abilities.

All co-operating bodies, such as Associations, Conventions, boards, committees, etc., are subject to the church. The servants of the churches. Matthew 20:25-28. Scriptural Baptism is immersion of believers, administered by a New Testament church; the Lord's Supper is a memorial ordinance, restricted to faithful church members.

Course For Women To Be Offered At SFJC

Ladies, do you want to know more about that machine that you sit behind the wheel of an average of two hours per day? Do you want to really learn how to change a flat tire? Do you want to know when a mechanic is describing something faulty with your automobile what he is really talking about? If the answer to these questions is "Yes" then you probably should consider a course that South Florida Junior College will be offering for the next eight weeks on its campus.

The course title will be "Car Care for Women". It will cover all of the basic aspects of care and maintenance and the hows and whys of such. There will also be time for the ladies to raise questions of their own as they pertain to their immediate background.

Mr. Bill Hood, a master mechanic and regular instructor of Automotive Mechanics at South Florida Junior College, will be the teacher. The class will meet from 7 to 10 p.m. each Tuesday evening in the Automotive Classroom. The course is limited to 24 enrollees on a first come-first served basis.

Registrations will be accepted any time after March 24 from 8:30 a.m. until 4:00 p.m. The Registration Desk will be open

in the evening from 6:30 to 9:30 on Wednesday, March 29, and Tuesday, April 4. The class will be restricted to women only, 18 years of age and over.

Any person desiring further information about this class should call the Vocational-Technical office at South Florida Junior College - 453-6661.

SEPTIC TANK CARE

SEPTIC TANK CARE

Most of the water used in our homes only carries off wastes. Drinking, cooking, running the garbage grinder, and washing the family car use less water than doing the dishes, bathing, and flushing the toilet. Wastes carried away by water from kitchens, bathrooms, and laundry rooms should be collected in sewers and carried away to a community sewage treatment plant or central disposal point operated and maintained by trained operators to insure proper control.

Individual septic tank soil absorption systems are most frequently used in rural areas and in some unsewered suburban residential areas. A septic tank system will serve a home satisfactorily only if it is properly designed, installed, and adequately maintained. Even a good system which does not have proper care and attention may become a nuisance, and a burdensome expense.

Remember, a septic tank-soil absorption system which does not function properly frequently becomes a neighborhood health hazard. To obtain satisfactory service, the homeowner must know something about the design, operation and maintenance of his own septic tank system.

Where it is impossible to connect to a community sewer, the home buyer should satisfy himself that his septic tank soil absorption system is properly designed and installed to serve the anticipated number of occupants of the house. He should also be sure that the system is located where it is not likely to endanger water supply systems, and that the absorption system is capable of disposing of liquid wastes under year-round weather conditions. This information is usually available at your local health department.

When septic tank systems are improperly designed or maintained, liquid wastes may overflow to the ground surface or the plumbing in the home may often be stopped up. These overflows not only create offensive odors but are also a health hazard. Sewage may contain dysentery, infectious hepatitis, typhoid and paratyphoid or other infectious disease organisms. Ponded sewage creates breeding places for some kinds of mosquitoes and other insects.

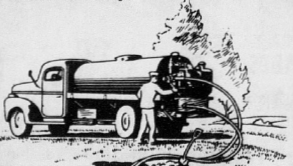

The purpose of a septic tank is primarily to condition household wastes, including water from the laundry and the bath, discarded food scraps, and body wastes so that it may be more readily percolated into the subsoil of the ground. The normal use of bleaches, detergents, soaps and drain cleaners does not harm or interfere with the operation of the system.

A septic tank is a water tight structure in which organic solids are decomposed by natural bacterial

processes. The flow of sewage is slowed in its passage through the tank so that larger solids settle to the bottom and accumulate as sludge. Grease and lighter particles rise to the surface and form scum. The partially treated sewage, or effluent, flowing from the tank still contains large numbers of harmful bacteria and organic matter in a finely divided state or in solution. Foul odors, unsightly conditions and health hazards will develop if this effluent is ponded on the surface of the ground or carried away in open ditches. Final disposal of the effluent in a subsurface soil absorption system is necessary to avoid these problems.

The bacteria present in a tank are able to thrive in the absence of oxygen. Such decomposition in the absence of air is called "septic," which led to the naming of the tank. Solids and scum are digested and reduced to a smaller volume by the bacteria in the tank. However, a residue of inert solid material remains which must be stored during the interval between tank cleanings.

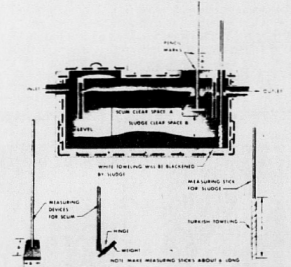

The frequency of cleaning depends on the size of the septic tank and the number of people it serves. When a garbage grinder is used, more frequent cleaning will be required. With ordinary use and care, a septic

tank usually requires cleaning every 2 or 3 years. However, in many cases septic tanks can be satisfactorily operated even longer. The homeowner can make measurements and decide for himself when his tank needs cleaning. When the bottom of the scum is within 3" of the bottom of the outlet device or the top of the sludge is within the limits of the following table the tank should be cleaned. The accumulated solids are ordinarily pumped out by companies that make a business of cleaning septic tanks. Your neighbors or your local health department usually know which local companies do this work satisfactorily. The solids removed should be disposed of in a manner approved by your local health department to avoid obnoxious odors and health hazards.

Liquid Capacity of Tank, Gallons (a)	ALLOWABLE SLUDGE ACCUMULATION			
	2 1/2 feet	3 feet	4 feet	5 feet
750	5	6	7	10
900	4	5	6	10
1,000	4	4	6	8

(a) Tanks smaller than listed will require more frequent cleaning.

DEVICES FOR MEASURING SLUDGE AND SCUM

There are no known chemicals, yeasts, bacteria, enzymes or other substances capable of eliminating or reducing the solids and scum in a septic tank so that periodic cleaning is unnecessary. The addition of such products is not necessary for the proper functioning of a septic tank soil absorption system.

To facilitate cleaning and maintenance, the homeowner should have a diagram of his septic tank system, showing the location of the house, the septic tank manholes, the piping, and the soil absorption system. The last page of this leaflet contains space for keeping a tank cleaning record. This information should be kept on the premises, regardless of a change in occupancy.

Septic tanks and soil absorption systems frequently are damaged when heavy trucks or other equipment drive over them. An accurate diagram of the system enables the homeowner to keep heavy vehicles away from the critical area. A line of cast iron pipe instead of tile should be installed under any necessary crossings for heavy vehicles.

Neglect of the septic tank, however, is the most frequent cause of damage to soil absorption systems. When the tank is not cleaned, solids build up until they are carried into the underground soil absorption system, where they block the flow of the liquid into the soil. When this happens, the soil absorption system must be rebuilt—a costly undertaking. The precautions of periodic inspection and cleaning of the tank prevent this needless expense and work.

This leaflet is a guide for the individual homeowner's care and maintenance of his septic tank-soil absorption system. For more detailed information concerning special conditions in your area, consult your local or State health department. Public Health Service Publication No. 526, "Manual of Septic Tank Practice" may also be helpful in providing additional information, including cleaning procedures for septic tank systems designed in accordance with this manual. It can be secured from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402 at a cost of 40 cents a copy.

Mr. and Mrs. Joe Zienzenhof of Sebring flew to Lanham, Florida, last week.

Several made cross-country flights last week. Ron Cockman made two dual flights, one to Lakeland and Winter Haven; the other to St. Petersburg and Zephyrhills. Terry McClellan made a solo flight to Immokalee and Clewiston. Charlie Williams made a cross-country flight to Immokalee and Naples.

Don and Evelyn Jones and son Tim flew down the East Coast and out to the Keys.

Bill Rackley reported a beautiful flight when he flew Earl Green of Green's Surplus to Miami and Key West.

Doug Mitten flew his Cessna 310 down from Canada to visit relatives.

Former Air Force pilots, who trained here during the war, are always welcome at the Avon Park Flying Service. Several have stopped in recently. Kenneth of Essex Center, Vt. was here in 1944. Chester Freeman of Ithaca, N.Y., who is now a Cornell University professor, was here in 1944. James A. Cole of Binghamton, N.Y. was here in 1943.

Be sure to set aside the date April 18th. This is the date for the Air Show and Penny-a-Pound rides for the benefit of the Ridge Area Youth Association. Walt and Sandi Pierce will be giving a preview performance of their Air Show which they will be flying around the country beginning in May.

Garden Clubs To Meet Today

The Federated Garden Clubs of Avon Park will meet on Thursday (today), March 30 at 10:30 a.m. in the social hall of the Congregational Church. New officers for the coming year, 1972-73, will be installed at this meeting. Mrs. John G. Wood, Director from Dist. 9, will be installing officer and speaker. Following the installation, a luncheon will be held at 12:30 noon, in the social hall of the Congregational Church. Ladies of the church will be in charge of the luncheon. You must have reservations for the luncheon.

Lions Club News

As usual, the evening meal catered by the Rebekahs was one of the highlights of the second March meeting of the Avon Park Lions Club. Their 'way to a Lion's heart' consisted of iceberg lettuce and tomato salad, smothered chicken, mashed potatoes, creamed peas and carrots, hot biscuits, tea or coffee, all topped off with raisin custard with whipped icing. The after dinner clean-up noted relief of long time Lion bus boys Fred Hughes and Dick Enoch by the voluntary action of Lions J. O. Allen and Bill Sachsenmeyer. Happy retirement Lions Fred and Dick.

Farm Bureau Head Disagrees With NFO

William Cannon, president of the Highlands County Farm Bureau described as "incredible" the National Farmers Organization (NFO) endorsement of Cesar Chavez' attempts to organize farm labor.

Cannon, leader of the 960 member organization said the NFO's national first vice president's statement that his organization applauds United Farm Workers Organizing Committee efforts in California are completely incomprehensible.

"Now Chavez is in Florida using the same tactics and I assume that NFO is endorsing this also," Cannon asserted. "Farm Bureau is not opposed to farm labor organizing by choice, but to endorse the work

of a group that used unscrupulous secondary boycotts against grape and lettuce workers to force unionism is repulsive to us," Cannon said. The strife and divisiveness caused by Chavez and his organization in California dealt a serious blow to agriculture. Similar actions in Florida would threaten to wreck the very foundation upon which our agricultural economy is based," he concluded.

Cosmetology Class Hear Top Educator

Cosmetology students at South Florida Junior College were able to watch and hear one of the top educators in the field of hair styling when Woody Ringler, Secretary of the Florida Cosmetology School Association, lectured on and demonstrated modern trends, and techniques of hair styling at the Cosmetology clinic.

Ringler in addition to owning and operating three up-to-date salons, serves as guest stylist and instructor at schools and seminars as a platform artist at trade beauty shows. In demonstrating modern trends and techniques he emphasized the importance of recognizing and understanding the natural hair direction to construct finger waves, pin curls, and roller curls which conform to this direction.

A good foundation in the theory and basic skills, Mr. Ringler told the students, would enable them to keep up with the changing styles and trends after their graduation and when working in salons. Besides teaching advanced classes for hair stylists in his Orlando school, Mr. Ringler studies in Europe where many of the styling trends and techniques originate.

As part of the platform demonstration, Mr. Ringler created three different hair styles, each with a different length and silhouette and each with that soft curly up-the-minute look. During the afternoon a workshop was held for the students where they worked with live models cutting, setting and combing out. The live models, who work in Sebring business offices were brought by Mr. Steve Heffner, Chairman of the Cosmetology Advisory Board.

According to Donald Farrens, Dean of the Vocational Division at South Florida Junior College, the Junior College hopes to bring Mr. Ringler back to the Cosmetology school each year. An advanced seminar for licensed cosmetologists in the area is also a possibility under consideration for a three-day period during the summer.

Anyone interested in taking the two semester Cosmetology course at South Florida Junior College can contact Mr. Gene Statler, Vocational Guidance Counselor at the Junior College by calling 455-6661. Licensed cosmetologists interested in an advanced seminar should also make their desires known to Mr. Statler.

Girl Scouts Celebrate 60th Anniversary With Covered Dish Supper At APCI

The Girl Scouts in Avon Park celebrated the 60th anniversary of their founding in the United States with a covered dish dinner at the Avon Park Correctional Institute. Over 300 people attended, including Girl Scouts, families and sponsors.

Before going into the dining hall, an impressive flag ceremony planned by the Senior Girl Scouts, using flags from 40 of the countries that have Girl Scout Troops, were used as a background, for the American flag and color guard. Invocation was given by Janice Turnbull.

The guests were welcomed by Mrs. Welch Fisher, Neighborhood Chairman, who commented on how Girl Scouting has changed with the times. For example: uniforms; there was a short fashion show of uniforms worn in years 1918, 1929, 1950 and 1970. Mr. Robert Barben was Master of Ceremonies. Sponsors were presented with certificates showing appreciation for their support.

Girls dressed in the native costume of the country they represented, presented their troop's International Friendship Fund. This fund was collected throughout the year by the girls and goes into a fund to promote international friendship throughout the world. (There are Girl Scout Troops in 80 countries now.)

Thank you Certificates were presented to Mr. James Whitehurst, Miss Fay Gordon and Mr. Donald Serdyski by Mrs. George Costell, Executive Director of the Heart of Florida Girl Scout Council. These people have given generously of their time, talents, and possessions, so that Girl Scouting may mean more to more girls.

Mrs. Preston Troutman, of Bartow, for many years a Girl Scout and now a leader, was the speaker. Her subject was "How Much Girl Scouting Can Mean." This enjoyable affair closed with a Friendship Circle and Taps.

MRS. ROBERT BARBEN, Troop Organizer and Scout Leader, listens intently as Scout Janice Turnbull gives talk and makes Taps.

International Friendship Fund Presentation, at the Girl Scouts 60th Anniversary Dinner, last Thursday night at A.P.C.I.

New City C Directory Released According To Chamber Secretary

Anna Bell Worden Secretary of the Avon Park Chamber of Commerce, reports that the new 1972 edition of the Avon Park, Sebring and Lake Placid Directory has been released.

This reference work, published by R. L. Pulk & Company of Richmond, Virginia, is now being delivered to subscribers.

The directory, a wealth of factual information that is almost indispensable to business and professional people. "With the directory in your possession you have at your fingertips a record of every adult resident and business concern in the area," she said.

"This information is valuable in verifying information, contacting customers, locating sources of supply, improving collections and planning delivery routes."

The Directory is unique in that it is actually several directories in one volume. The introduction explains in detail the sections of the book and is

followed by an illustrated, statistical and historical story of the buyers.

The Buyers' Guide and Classified Business Directory is followed by the Alphabetical Directory containing 13,822 listings of business concerns and private citizens. Next is the Street and Avenue Guide including telephone numbers,

homeowner symbols and zip codes followed by the Numerical Telephone Directory.

This section lists telephone subscribers by numerical progression, which helps to identify an anonymous caller when only the telephone number is given. There is also a Rural Route Directory listing 2,603 rural route residents with their route and box number.

The Directory is a true record of Sebring, Lake Placid and Avon Park and their growth and progress. The Sebring Chamber of Commerce has this Directory, plus those of the surrounding areas, and some of the largest cities in Florida.

THE HOMES IN Dunwood Park have sodded lawns and are attractively landscaped.

New Housing Development

Ed Winter, president of Mar Nav Builders, Inc. of Palmetto,

has announced the development of a residential housing project in Avon Park to be called Dunwood Park.

Six homes have already been completed at the site located one block north of the State Road 17 near the corner of Grand View Terrace and State Street in Southeast Avon Park. Eventually, 20 homes will be constructed in the area and five of the units have been sold to date.

The homes in Dunwood Park start at \$16,000. Both two and three bedroom models are available.

The homes qualify for financing through the Farmer's Home Administration, Federal Housing Administration, and conventional lending institutions. Homes may be purchased for as little as \$100 down.

Carl Weeks, formerly with the Farmer's Home Administration is supervising the construction of Dunwood Park.

Weeks said that persons interested in homes may call Mar Nav Builders in Palmetto at 723-1302 for more information.

Mar Nav, with home offices in Palmetto, Florida, at 705 8th Avenue, currently has over 50 homes under construction in Manatee County and sells both factory-built and conventionally constructed houses.

Winter also commented that a new company, Gem Home, has been formed and has purchased 75 building sites within the city limits of Sebring. Land clearing is in progress at the Sebring Site.

Children With Learning Disabilities Organization Seeking New Members

The preparation of by-laws for the Highlands County chapter of the Association for Children with Learning Disabilities, Inc., is progressing on schedule according to Mrs. Ray Beasley, temporary head of the local group.

The Highlands County chapter held its organizational meeting in Sebring Feb. 29 and is now actively seeking members who wish to help promote the ACLD objectives.

The ACLD aims its program at children of average, or above average, intelligence who often become frustrated over their disabilities and who give up to become "dropouts."

These handicapped youngsters can be helped, Mrs. Beasley stresses.

Indicators of child learning difficulties include: receiving poor grades in reading, spelling, writing or arithmetic; faulty physical coordination; overactivity; failure to comprehend instructions; anxiety

over an inability to cope with school or social demands; and fearfulness.

Help to the child is provided by discovering that a handicap exists, identifying the specific difficulty involved, and providing appropriate training, medication or psychological and social assistance. ACLD seeks to help school teachers and administrators to understand the special needs of pupils who, although intelligent, do not easily acquire their knowledge through the written word.

Parents, it is felt, need to learn about handicap problems because it is the parent's sympathetic understanding that will help the child most in overcoming his difficulties.

Mrs. Beasley asks that teachers, school administrators, parents and others who want to help, call for additional information on the ACLD program. Sebring residents should call Mrs. Ray Beasley, Thosin Avon Park, call Mrs. Steve Roberts, and Lake Placid residents call Mrs. Harry Whaley.

Scottish Rite To Celebrate Thursday

League of Women Voters Reorganizing

The Provisional League of Women Voters of Highlands County held a luncheon meeting Saturday, March 18, at the Holiday Inn in Lake Placid. Mrs. Betty Metcalf, the State Vice President in charge of membership, came from Miami to join the local group. With her inspiration and advice, a reorganization was planned for the League here.

Mrs. Esther McConihe, from Avon Park, was chosen as the new president. Some committee chairmen were appointed to work with her.

The local League still extends an invitation to all women interested in promoting non-partisan political education to join and work in areas of their particular interests.

"How We Grow Them"

by Jim Kiser, inmate

As our winter annuals kept adding on, we worried over a non-existent cold arriving. Here it is spring-like weather and we're caught with our 'annuals' own. If you were a double-thought, join us in the rush or color.

ANNUALS: I have started 20 seed flats of marigold, pansy, elosia, nasturtium, globe maranth, portulaca, and will allow these with a complete supply of the many zinnia available. Those of you who do use seed and prefer prepared flats can find a fair selection at your local nursery. I am sure to treat yourself to fairgolds 'Aquarius' (orange) and 'Lemon Drop' (yellow), as these are both dwarf doubles that blend nicely for bordering.

Use heavy plantings of ortulaca (moss-rose) in neglected, sunny areas. They'll really brighten those sad corners all summer.

AZALEAS: Mr. Williams, our supervisor, has planted vast areas of our gardens and atures Trail with Azaleas. As osoming decreases, we are ipidly propagating these new ools that pop-out. If you want to increase your number of ants, fit a bread box with ind and Perlite (2 inches deep) sert some cuttings, replace e lid, and you have a iniature propagating house. u do not propagate these ps, then be sure that you pinch em back as usual.

Apply a liberal amount of ixes-camella plant food iture as soon as azaleas have ished blooming. Also include 10-10-10 top dressing for your ses after each flush of blooms. awns can take about 20 pounds er 1,000 square feet of 6-6-4 rtiller.

Poinsettias: this is the time to u back your poinsettias. Give em a feeding of any balanced ertilizer after you do the cuting. You will have 2 more eedings necessary before they bloom again. Do these in June, nd September, and follow each peration with fertilizing. After ou have your final foliage, round October, feed them with 4-4 or 6-8-10 fertilizer to arden off the promote rich olor. Do keep them well

watered. This is a perfect time of the year to start with unusual plant projects that will give you the 'Personalized Touch' around your home. I have several of these special projects underway here and they are already drawing much favorable attention.

Look for our next week when I will tell you about some of the projects that have 'Garden-unique'.

Know Your Hospital

by John McClellan
Administrator
Walker Memorial Hospital

This is the first report of the construction on the new hospital building for which the contract was signed August 5, 1972, with Peacock Construction Company and work began in early September. At this date, all the structural steel has been delivered and installation will be completed in about two more weeks. Last week, as a safety factor, patients were moved from their rooms on the south wing while the construction company lifted into place several 37 ft., 9-ton trusses. Everyone's cheerful cooperation during this part of the structural installation was certainly appreciated.

The air conditioning duct work on the first floor and the first phase of the rough-in plumbing is complete. The mechanical floor is complete except for tying in of some equipment. A new cooling tower has arrived and will be installed in the next week or two and the concrete work on the north end of the building is complete.

Our work-in-progress account shows that we have paid the contractor about \$31,000 to the present time, plus about \$92,000 to the architect for his service. Next month he will be making our first application for partial payment of the \$850,000 Hill-Burton funds allotted this job.

The contractor's schedule calls for the construction to be completed by February 1, 1973, at which time we will be moving out of the old building into the new. Soon afterward, demolition will begin on the old buildings and the final phases of the contractor's job will be completed by May 17, 1973.

I certainly appreciate the attitude of the patients, visitors and employees as we work to operate a hospital at the same time one is being constructed practically all around us.

Easter time is Happiness Time and Springtime. Everything seems to be bright and fresh. It brings back memories of school and church plays and the hunting of eggs, and how happy it made us feel, if we were lucky enough to find the prize egg. Each year, at this time, when we commemorate the resurrection of Christ, it brings back memories to the old and a new experience for the young. It seems only yesterday, that I was hunting eggs. Then the pleasure of hiding eggs and seeing the happiness of four sweet youngsters as they experienced their first Easter. Now I have two grandchildren to enjoy the excitement and happiness of Easter time. Yes, History and Happiness does repeat itself, even if with different people and in different ways. May all of you, near and far, have a wonderful and happy Easter.

BY FAYE GORDON

There are many ways to save money as you fill your cart on shopping days. Thrifty meal planning doesn't just happen—it requires time, effort, planning and thinking ahead. Here is a suggested guide to follow:

1. Plan menus for the week. This will enable you to provide nutritious meals as well as making successful use of all leftovers.
2. Take advantage of foods that are in season and those that are advertised as specials in your favorite super market.
3. Provide contrast in color, texture and flavor of foods. Remember the eyes eat first.
4. Check kitchen shelves for missing items, especially staples.
5. Learn to read labels. Labels help you compare price in terms of quality and tell the required facts required by law for your protection.
6. Shop for frozen foods last so they will have less chance of defrosting.
7. Use only tested reliable recipes.

Every community has its own pattern of living. The wise shopper makes a private survey of when her super market is quietest, in some places, it's in the morning, others it's evening or mid-afternoon. A simple question asked of the store manager will set you on the right track for more leisurely shopping.

A step in time to save nine steps, that is—if you learn where the different departments or sections of your super market are located. Learning the layout is simple. If you have been patronizing a store for some time, you probably have the layout pretty well memorized. (To test yourself, try closing your eyes right now. Ask yourself where you find the soap, coffee, milk and vegetables. Probably you can mentally go to the right shelf.) Markets vary, of course, but you can soon learn yours.

Suit the list to the store, not the store to the list. Using a diagram of your super market as a guide, get into the habit of writing out your shopping list according to where merchandise is shelved. Five minutes at home, putting pickles, ketchup and mayonnaise together because they're in one aisle in your store, can save many weary moments of shopping; also prevents overlooking some item on the list or in the store. The well organized list would do much to keep your husband or other family member happy—especially when you ask them to do the shopping for you.

Remember, it's A Woman's World!
