Each of us, on occasion, has a tendency to "forget".

In a hospital, "forgetting" can cause serious problems. Lapse of memory on our part can result in patient discomfort, anxiety, and some times irritation. Sometimes our memory failure is interrupted as an unwillingness or incompetence.

In a hospital, "forgetting" can cause serious problems. Lapse of memory on our part can result in patient discomfort, anxiety, and some times irritation. Sometimes our memory failure is interrupted as an unwillingness or incompetence.

Everyone can improve his memory. A new study has been made concerning the ability to remember.

It has been found that repetition, though helpful, is not the only way to develop memory efficiency.

First, we must have a good strong reason for remembering. For hospital people, the best reason to improve memory is the fact that it will help us to do a better job.

Next, to improve memory, we should give meaning to things. We should take a few seconds to think about the importance of the things we should remember. For instance, if a patient asks for a pillow to relieve his back ache, think of the discomfort of the back ache.

Finally, we should try to put out of mind what isn't important to the job. We should try to leave personal worries at home. Forgetting the unimportant helps us to remember the important.

John Koger

Braswell stepped from the rear room and confronted Koger. Knowing he had been seen, Koger went into a back room and replaced some keys on a hook.

Braswell followed Koger and informed him he was under arrest for petit larceny and suspicion of grand larceny and informed him of his rights.

Braswell escorted Koger to the Avon Park Police station, where he confessed to taking \$600 from the store over a number of days.

The police found \$585 of the stolen money in the glove compartment of Koger's automobile, \$9, the amount he had taken on this occasion, on his person, leaving only \$15 unaccounted for.

Koger is presently being held in the Avon Park jail under the charges of grand larceny.

Crusade Against Drugs - One In A Series

DRUG ADDICTION HITS

HOME

**There's an Organized Conspiracy...**

against our children, our families, our community... a conspiracy that profits only the criminal elements... that threatens all of us. This conspiracy begins with a deliberate, diabolical drive to make our children drug addicts. It can end in deepest tragedy... for them, for us.

What Can YOU Do about It?

When we talk about drugs, we talk about the erosion of everything we hold dear. In the parlance of the young, just talking won't get it any more. It's time for personal and also concerted community action... to wipe out the criminal conspiracy before it is too late.

Participate in Community Efforts...

to understand and control drug problems. Work with your schools and your local law enforcement agencies. Inform yourself... inform your children. Knowledge is our weapon... knowledge of the facts and fallacies about drugs can help. Will the criminal elements profit... or will we win? In the conspiracy against our children, the answer is *no* to us.

*A Message from the Guidance Clinic***DEAR CITIZEN:**

The Guidance Clinic of the Florida Keys is establishing a new program under a Federal grant (LEAA) to provide outpatient mental health services to individuals and families with problems of alcoholism and other drug abuse, such as heroin addiction or dependency upon psychedelic drugs. This program is in compliance with Title VI of the 1964 Civil Rights Act which states that, "No person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied benefits of, or be subjected to discrimination under any program of activity receiving Federal financial assistance."

By contacting as many alcohol and drug abusing individuals as possible, the Guidance Clinic is conducting an extensive campaign to combat local drug and alcohol abuse. Through referrals, the Drug and Alcohol Treatment Center is coordinated with the courts, law enforcement agencies,

public health workers, school counselors, the Military and other community agencies.

Care is offered to anyone genuinely seeking help, including those arrested and jailed. The Center provides drug detoxification; individual, group and family therapy; community information and education; also formal and informal professional consultation with agencies that are less informed about or able to handle the medical and psychological aspects of the problem. Whenever necessary, the Center refers clients to agencies which provide residential care, such as the Spectrum Program (for drug addicts) or Avon Park (for alcoholics).

Although the center requests fees for service, the fees are based upon a sliding scale and an individual's ability to pay. However, help will never be refused simply because a client is unable to pay a token gratification fee. Furthermore, all conversation with those who seek help is deemed privileged and confidential in accordance with State Senate Bill No. 438.

Local Group To Present Rock Opera Musical Sunday

"The Young Highlanders" a young peoples' vocal group from Avon Park will present JUBILATION, a Rock Opera Musical by Lani Smith, at the First United Methodist Church, Avon Park, Sunday, May 21, at 7:30 p.m. under the direction of Mrs. Evelyn Jones.

Soloist for the program will be Vic McKunas, Jr., Warren Hason, Dennis Crews, Beth Ferguson, and Cheryl Dukes. Accompanists are - Pianist, Sherwin Mackintosh; Bass, Guitars, Tom Lawrence, and Drums, Nick Fells.

"The Young Highlanders" originated in January 1972 with sixteen enthusiastic young musicians interested in forming a vocal group for further study in music, voice, performing, musicianship, and mainly for their enjoyment and pleasure for others. What a wonderful and concrete way to spend those few precious minutes of the week! All of these young people are very active in school and civic affairs, which leaves them very little free time of their own. This is their own group and a way to express themselves in their own way. Their thing... The group is made up of all four vocal parts, Soprano, alto, tenor and bass, along with the instruments such as the piano, bass guitar, drums, or flute. All of these members can play an instrument so this means there is a great opportunity for variety in any program. In fact there are three piano players in the group that can accompany for our programs, which consist of popular ballads, show tunes, sacred, and this new rock opera musical.

The "Young Highlanders" have performed for several groups in this area and in hopes of taking the JUBILATION to many other churches and schools this summer and fall.

This is one of the most beautiful times of seasons in Avon Park - "Jacaranda Time." Our Mile Long Mall (one of the things for which Avon Park is famous), has a profusion of lavender-blue blossoms covering the blossoms. They can also be seen scattered around town in private yards.

When you look up, it at first seems like a purple cloud, then you realize it's the beautiful Jacaranda Trees, meshed in between other trees. In times past, I can remember when the May Queen and King were crowned during festivals on the Mall, underneath the blooming Jacaranda, with a carpet of purple blossoms underneath.

We all know the famous old song which starts - "M' is for the million things you gave me" - and goes on to remember all of the fine things for which we remember Mother. Space doesn't permit repeating the entire lyric here, but this week I DO want to pay tribute to my own Dear Mother and to the Mothers of all of you folks, also.

Mildred Gaster and her two daughters, Guelinda Gaster and Torista Howard of Atlanta, Ga., were invited guests of Mildred's sister, Lucy Allen of Allen Amusement Co. of Cocoa, on a trip to Freeport, Grand Bahama, for five days by jet. Sponsored by Joe Fitzpatrick of Atlanta, Ga., Seaburg South Atlantic Distributing Co., with about 237 people from five states: Fla., Ga., Ala., N.C., S.C. and Jamaica staying at Lucayan Hotel.

On arrival all women were given a bag of silver dollars for one night in the casino. At the "Lau," a drawing was held with each lady winning from \$20 to \$100 for shopping money. Lucy Allen was the first lady to win \$100. Then later in the evening Torista Howard also won \$100, Mildred and Guelinda both won \$30 each.

There were prizes given for Sports and Drift Fishing. One for the largest fish and one for the most, \$250 for each win. Sports fishing prize by Howard Hamilton of Tampa, a Wahoo, weighing 41 1/2 pounds. The most fish was caught by Mildred Gaster of Avon Park. Both catches were made from Miss Oceana, with Captain Jerry. The six people fishing aboard were June and Walton Duckett, Ted Low and Lucy Allen and the two winners.

The group spent hours shopping at the World Bazaar shops from all over the world; took an afternoon touring the island, and went to West End and saw the beautiful Jack Tar Hotel. The last evening was a blast, with a floor show at the hotel, then at 12 midnight, they viewed an exceptional Native floor show.

Some of the immediate group were Ted and Emily Low; Bob and Shirley Means; Arnold and Arlene Rogan, all of Miami; Albert and Selma Lee from Kingston, Jamaica; and Peter and Zanita DeGregory of West End Grand Bahamas.

The refreshment table, covered with alencon lace cloth, was centered with a crystal punch bowl. Nuts, mints, and cake squares decorated in the bride's chosen colors of blue and white were served. A bride did dressed in the traditional satin and lace completed the decoration.

Susan enjoyed opening her many gifts and greeting the guests. Her hostesses for the evening were: Allie Cain, Lorene Ladwig, Jannie Williams, Charlene Ladwig, Betty Jordan and Eloise Sharpe. Their gift to the honoree was a complete service for eight in stainless steel flatware.

Wagner, Second Vice-President, Mrs. Thomas R. Clark, Recording Secretary, Mrs. N. H. Booth, Corresponding Secretary, Mrs. Robert M. Gay, Treasurer, Mrs. Talmadge Sparks, Registrar, Mrs. William Stallard.

Mrs. Elizabeth Couch, outgoing president has had a fine year. We are going to miss her as she is leaving Avon Park to make her home in Somers, Conn.

Mrs. Couch presided at the business session, at which time Leona Maxwell gave her report about relinquishing the Club's responsibilities in the Library, and turning it over to the City, and making it a Public Library, funded by public money. The Club gave their unanimous approval to the report.

At a special called meeting of the club last week to discuss the selling of the library, and the building of the new library and club house combination, a committee was appointed to investigate this matter in detail. Members of the committee were Mrs. T. H. Maxwell, Mrs. E. G. Todd, Mrs. W. C. Touchton, Mrs. E. P. Smoot, Mrs. Art A. Turner, Mrs. J. F. Wagner and Mrs. George S. Couch, retiring president of the club, and Mrs. W. Carlisle Smith, incoming president.

The committee's report was read at the annual meeting of the club, Friday, and Unanimously adopted as being the favored opinion of all the club members. A motion was made, seconded and unanimously approved that the Woman's Club of Avon Park relinquish their control over operating the Avon Park Library.

This is an historic decision because the Woman's Club has operated a library in Avon Park from the beginning of the city. First as only a book exchange, later as a small shelf in the Jacaranda Hotel, and later in a room in the new City Hall. Until the present library was built in the late 40s the library was operated with volunteer help, and perhaps a small money gift to the first regular librarians, who were Mrs. John D. Raab and Miss Avis Slaghter.

The committee was authorized to meet with the City officials and work out the details of the transfer. Club members were urged to continue their support of the Library in every way possible.

The pre-nuptial festivities continued for bride-elect, Susan Gore this week. Susan, who will become the bride of Roger Gurganus, later this month was honored with a bridal shower at the home of Mrs. Dale Jordan, Tuesday evening, May 9th.

The refreshment table, covered with alencon lace cloth, was centered with a crystal punch bowl. Nuts, mints, and cake squares decorated in the bride's chosen colors of blue and white were served. A bride did dressed in the traditional satin and lace completed the decoration.

Bagwell And Lions Undefeated

Bagwell and Lions emerged undefeated after one week of play in the Avon Park Little League action as both won three games for 3-0 records. In third place after each team had played three games at the end of last week, was Avon Citrus Bank with a 2-1 mark and four teams were tied for fourth place with 1-2 records. First Baptists, Kiwanis, I.H. Ford, and Lions all managed one win while losing two times during the opening week of play. Rotary finished the week in the cellar with an 0-3 mark. Most of the teams are still in the adjusting stage trying to fit new players into the right slot and work out the kinks of pitching and fielding the ball. The quality of play should improve with all teams this week as the boys get over the opening season jitters.

On Monday night, May 1, Ford defeated First Baptist 13-4 behind the one hit pitching of Franklin Batson. Horace Moore got the lone hit for the Baptists - a double. Ford batters slammed out 9 hits off three Baptist pitchers with Larry Pough getting two doubles and a single to set the pace. Jamie Dennis, Carl High, Jeff Williams, Robbie Minard, and Bobby Williams all hit a single and Franklin Batson doubled for the winners.

In the second game on May 1 the Lions defeated Rotary 8-2. Rotary got only 1 hit off two Lion pitchers - Jimmy Massey

and Allen Roberts. Keith Cobb rapped out the single off Roberts in the Fourth frame. The Lions got 7 hits off David Mellinger, Rotary pitcher. John McKunas hit two doubles, Ralph Hartt had one double, Allen Roberts hit two singles, and Jimmy Massey and Wayne Roberts had a single each for the Lions.

On Tuesday, May 2, Lions came from behind to take a 9-5 win from Avon Citrus Bank. Lions scored the nine runs on four hits off Bank hurler Mike Owens who struck out 11 Leon batters during the 6 inning game. Billy Young had 2 singles, and Andy Laning and Chip Carter singled for Lions. Mark Palmer, Leon pitcher, allowed 6 scattered singles as he went the distance. Ricky Anderton and Danny Luke both had two singles, and Mike Owens and Dennis Tondie had a single each for the Bank team.

In the second game on May 2 Bagwell took its second straight win with a 12-4 victory over Kiwanis. David Sizemore and Joel Wright teamed up to hold Kiwanis to 5 hits. Eric Wilson got two doubles and Brent Beumel, Decaris Jones and Gerald Jones got a single each for Kiwanis. Bagwell got seven hits off Erick Wilson who hurled the six innings for Kiwanis. Larry Jackson hit a triple and a single, Jim Spulock got two singles and David Sizemore,

Billy Boyer and Joel Wright hit singles for the winners.

Last Thursday evening the Lions racked up their third win with a 14-2 victory over Ford. Rotary Report

Don Gossick introduced Dan Davis who spoke about the need for a new library in Avon Park.

Dan is a native of Wauchula, a school teacher, a retired Navy Commander, and an author. Dan's book, A Teacher For All Seasons, is about one of his professors in the Graduate School of Education at Stetson University. The book deals with the experiences in teaching that the professor had during his thirty plus years of service.

Dan said that we need a new library in Avon Park for the following reasons:

A new library would open new worlds of recreational opportunities in reading for all ages.

Mr. Davis closed by saying that the fund drives for the library will be successful only if a good library is seen as important to each of us in Avon Park.

Here's everything you need to know about efficient, economical electric AIR CONDITIONING

FOR YOU WHO ALREADY HAVE IT

Thermostat setting:

Don't use more electricity than necessary by setting your air conditioning thermostat too low. For economy, set the thermostat at the highest comfortable temperature (usually about 78°).

Fan setting:

Operate as you like best. "Auto" gives better humidity control and economy. "On" gives more uniform air motion, sound level and temperature.

Away from home:

Set unit at 5° to 10° above normal setting with fan on "Auto" for mildew protection and quick comfort when you return.

Filters:

Replace frequently. Clogged filters make unit work harder.

Outdoor section:

Keep clear of plants and obstructions.

Return air grill:

Don't block air flow with furniture or drapes.

Windows and doors:

Shut out heat from the sun with drapes or outside shading.

Insulation:

Adequate insulation and proper attic ventilation will result in lower operating costs.

FOR YOU WHO PLAN TO INSTALL IT

Type of equipment to install:

This depends on whether you intend to air condition the entire house, a major portion of the house or just one room. For one room, you will use a room unit. For larger areas, you have your choice of room units or a central system.

Size of unit to install:

The size depends on the physical characteristics of the area to be air conditioned. Well-shaded, well-insulated areas require minimum cooling—as low as 20 Btu's per square foot. Unshaded windows and poor insulation can double the amount of cooling required. A reputable air conditioning dealer will check your home and recommend the proper size and type of air conditioning equipment for you. If you are unable to obtain this information, our application specialists will be happy to assist you.

Economical units:

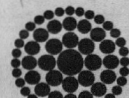

THE HIGHER THE EFFICIENCY OF AN AIR CONDITIONING UNIT, THE LOWER THE OPERATING COST WILL BE! Here's how to determine the efficiency of a unit:

All air conditioning manufacturers rate the cooling capacity of their units in British Thermal Units (Btu's) and the electricity required for the unit in watts. To determine the efficiency of a unit, divide the Btu's by the watts. The unit that delivers the most Btu's per watt is the most efficient and therefore the most economical to operate. The most efficient units manufactured today produce from 7 to 10 Btu's per watt so make certain that the unit you are considering falls as high in this range as possible.

Other factors to consider:

It's important that the system be properly installed. Also check the following:

1. Make certain that walls, ceilings and floors are properly insulated.
2. Close openings and cracks around doors and windows as well as openings into attics and fireplaces.
3. Use properly sized wiring.
4. Place the condenser where it can get free air flow. Avoid putting it in garages or improperly ventilated areas.

If you have any questions on the maintenance, purchase, or installation of electric air conditioning, contact the application specialists at your local Florida Power Office.

APCI Nursery

"How We Grow Them"

by Jim Kiser, inmate

On April 22nd, forty-five members of the Walker Memorial Nature Club paid a visit. Mrs. John Palsgrove had this group of nature lovers well organized, so that they could be

toured in three groups and have the opportunity of asking questions and observe without being rushed. I recently had the pleasure of speaking to this group on Saturday. I offered another chance to share in their enthusiasm for plants. They even brought thermos jugs of a tropical fruit punch, which was most welcome after walking through the Nursery and gardens in the head of a perfect day. Just before leaving, Mrs. Palsgrove informed us that the Club had taken a collection toward our educational needs. We have been in need of Bailey's Standard Encyclopedia of Horticulture, but \$60.00 had us stopped. Now we are almost halfway to our goal. This group goes further than being just nature-lovers, they are also people-lovers, and they welcomed us with their generosity.

BOUGAINVILLEA: This beauty from Brazil is not given enough TLC in our area. Few plants can match it for abundant color and dramatic effect in the garden. I have seen too many that are lacking blossoms, but have good foliage. Nitrogen, in excess, is the most common cause of blossoms not being produced on a healthy plant. Buy a blooming fertilizer, such as 2-12-12 formula to increase flowering. If your plant is over three years old, it may be suffering from an excessive root system. Use a

sharpe spade and drive it straight down into the ground, staying about 34 to 30 inches out from the trunk of the plant. Reducing the root system in this manner will encourage flowering.

HOUSE PLANTS: All house plants can benefit from a summer vacation outdoors. You can put them out anytime that the danger of frost is past. I will never place mine into direct sunlight, but I have known it to be done. Into sunlight would be too extreme a change for most plants. You can plunge the pot into the soil up to the rim of the pot. You must give the plants the same care and attention that your other plants receive. If you keep these house plants in a group under a shade tree, it will be easier to fertilize, water, and spray them as a group. Protection from wind, rain, or sun are the prime considerations.

If you are keeping your plants inside all summer and have too low a humidity, try these basic rules:

Keep plants where the humidity is highest; the kitchen, over the sink is normally more humid, and so is the bathroom. Group plants together. There will be more humidity in the air around a group of plants than around a single plant. Set your plants on top of a tray of gravel, sand, or peat moss that is kept moist. A room humidifier would be ideal, but it does entail an expense. If you plant a terrarium, they retain their own humidity and offer the unusual with very little effort.

Mr. John Evans is driving north to Sainsville, West Virginia to attend his son's graduation, while staying with Pearl's mother, Mrs. Olive Johnson, returning next week.

Mr. and Mrs. Earl Baxter left this week for their home, but planned to visit in Williamsburg, Virginia with their daughter for a while before completing the trip.

Mrs. Gladys Gieb and Mr. Earl and Mrs. Doris Johnston also left this week for the north.

News from the north: Mr. and Mrs. Mishey safely home, Hugo and Lisa Plaag are missing Florida already; they found everything in good shape when they arrived home. Helen and Hubert Smith arrived home after driving through heavy traffic, but a nice trip. Hubert had a minor operation and is now getting along fine. Helen is feeling much better. They visited with their grandson, Rodney at Ohio State Univ. for his Fraternity Alpha Zeta open house, enjoyed a delicious dinner and the getting acquainted with his friends and others. They are also anticipating attending many horse shows which their granddaughter, Patty Ann participates in.

Harmon and Gladys Heffner and their regards to us folks still left in the Park as they report all the Terre Haute tribe have arrived home safely and are about their usual activities. Harmon has his garden planted and now looking forward to

fresh strawberries very soon. We miss all of you, too.

Mr. and Mrs. Edwin Marguerite made it home to Bowling Green, Ohio in two days and found the weather very nice.

Mr. and Mrs. Harold Wolcott saw several accidents on the way home, but they had no trouble, and now in the process of getting oriented back home, again.

Mr. and Mrs. William Belcher are busy and entertained Ham and Nita Byer and George and Mercedes Bearrs recently. George is feeling good again and glad for that.

Mr. and Mrs. Cecil Hale enjoyed the past winter, calling it "wonderful" - and thanks to all the people of the park, as well as Sally and Emmette.

Sylvan and Catherine Baker are ready to roll with their camper, as soon as the northern weather clears up; for them it has been a very long month with cold and rain, and missing the Florida sunshine and friendly folks of Avon Park.

Very best wishes and Good Luck to Margaret and Raymond Fries in their new home on Rt. 2 - Box 674, Avon Park Lakes. Last week found them moving furniture and belongings after some repainting and fixing up. Now the yard work will keep them busy for a while. Margaret will fill her leisure time now, practicing and directing the choir at the Presbyterian church, which is very enthusiastic. They will be missed here, they are close enough to visit their friends and their family will enjoy the wide open spaces in their new area.

1962 Class Reunion To Be Held At Griffin's May 2

The 1962 Class Reunion Committee met at Griffin's Restaurant last Tuesday, May 2, 1972. Those attending the meeting were David Barefield, Ingrid Mcasters Hall, Steve Maxwell, Linda McClure Newsome, and Nancy Lane Thomas, chairman. The Committee decided upon a semi-formal dinner to be held at 7:30 p.m. at Griffin's Restaurant and a dance afterwards to be held at the new Avon Park High School Cafeteria on Saturday evening, JUN 17, 1972. PLEASE NOTE THAT THIS DATE IS A CHANGE FROM THAT PREVIOUSLY PUBLISHED, as it was necessary to move the reunion date by one week. A letter will be going in the mail to all members of the class this week, and members will be asked to make their reservations immediately so that they might be confirmed and arrangements can be completed.

Out of the 66 graduates, six have not been located and it would be appreciated if anyone knowing whereabouts of these graduates would contact any member of the Committee or Nancy Thomas at G13-5987. Those members are: Bill Bell, Kathy Dasher, George Louison, Carl Onkka, Alton Smith and Jimmy Thompson. The Committee hopes to have a good attendance at the reunion dinner. A majority of

the class members are still in Florida and many have already expressed an interest in attending. For any of those who are unable to attend, an absentee scrapbook has been proposed and members will be asked to forward a letter telling their friends where they are, what they are doing, and a little about their families. Photographs are also being requested if they can be spared. The Committee has also planned a very informal get-together the following afternoon at Highlands Hammock State Park for a picnic at noon. This get-together is to be on a personal basis, with each member and family bringing their own food and supplies, and being responsible for their entry fee and clean up. Anyone interested in attending is being requested to bring their families and arrive in the picnic area at noon or as soon as possible after church.

"How beautiful you are Earth, and how sublime!"

How perfect is your obedience to the light, and

How noble is your submission to the sun."

These are words from a poem entitled "Earth," written by Kahlil Gibran, a mystic poet who had a deep sense of the beauty and wonder of the earth. This appropriate poem was used in an address by Susan Gibson, top honor student at South Florida Junior College. This scene was captured by honored guests, family and

friends of the graduating class, and faculty and staff of South Florida Junior College who participated in and observed the Sixth Annual South Florida Junior College graduation ceremonies on Tuesday, May 2, at 7:00 p.m. at the Junior College Amphitheatre.

The Junior College chorus sang "Once to Every Man and Nation," an arrangement by Ohl as the processional of graduates, members of the District Board of Trustees and faculty of South Florida Junior College, Reverend Robert D. Askren, Craig W. Crowder (President of the Student Government Association), Steven M. Huffman and Susan M. Gibson (honor students),

Dean Wilford J. Beumel, and Dr. William A. Stallard proceeded from the Lecture Center into the Amphitheatre. The invocation was given by the Reverend Robert D. Askren, Rector from the St. Agnes Episcopal Church of Sebring. The music, under the direction of Professor Buford G. Jasper, was provided by Soloist Ann Mickunas and the South Florida Junior College chorus. They chose for their selection, "Peace Prayer of St. Francis," an arrangement by Christy.

Dr. William A. Stallard welcomed everyone to the Sixth Annual graduation ceremonies. He remarked that South Florida Junior College has had a substantial increase in enrollment

since 1965, and is anticipating another increase in the Fall. Dr. Stallard added that the first year we professed to be the smallest and best junior college in the State. "At present," he remarked, "we are certainly not the smallest but we like to think that we are the best."

The commencement speakers, graduating students of South Florida Junior College, were introduced in turn by Dr. Stallard. Craig Crowder, President of the Student Government Association, explained the purpose and goals of this active student organization of the Junior College Campus. Steven Huffman, honor student, in his address showed why all students in every Florida

junior college and university should be required to take a course in ecology. Susan Gibson, honor student, in her address also expressed her thoughts about the earth and our debt to it.

The presentation of candidates was made by Dean Beumel followed by the conferring of the Associate of Arts Degrees by Dr. Stallard. The 41 graduates were: Daryl Wesley Bennett, Thomas Carl Capell, Susan Moye Gibson, Karen Ann Johnson, T. J. Kinyon, Michael Allen Landress, Patricia Dianne Meeks, Glenn M. Mimms, Diane Elizabeth Murphy, John Daniel Campbell Newton, II, Michael Wesley

Slear, Willie Bruce Strenth, and Orion Joseph Weber from Avon Park; Craig Woodburn Crowder, Steven Michael Huffman, William Gerald Jackson, Rebecca Tomek Johnson, Valerie Jane McGee, Elizabeth Rae Peebles, Roy Allen Pollard, Roger Dale Polston, John Bennett Rittenhouse, Jr., and Barbara Kay Travers from Sebring;

Naomi M. Pearson, Kenneth Wayne Sasser, Dinah Maria Sellers, Barbara Ross Starratt, Odell C. Taylor, Jr., and Paul Whitaker from Wauchula; Mary Carlton Cloud, Joan Catherine Daum, and Joseph Albert Dionne from Lake Placid; Reynold Earl Edwards, Darrell Odell Harrison, and

Robert William Heine, Jr. from Arcadia; Cynthia Lee McFarland and Becky Lynn Reeves from Bowling Green; Dale Wayne Morris from Pahokee; Edna Cheryl Smith from Lake Harbor; John Wyman Stephenson from Frostproof; and Juanita Polk Waters from Ft. Meade.

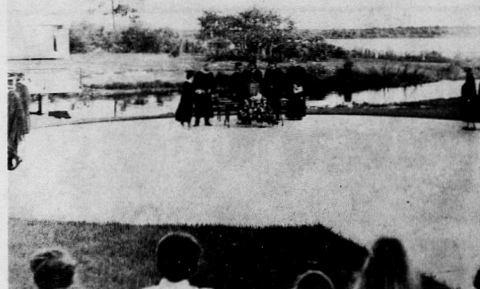

Reverend Askren gave the benediction which was followed by the singing of the Alma Mater by the graduates and the assembly.

After the recessional everyone enjoyed refreshments of punch, cookies, and dainty sandwiches provided by the Student Government Association of South Florida Junior College.

THE SHORT WALK from the Lecture Center to the Amphitheatre by these cap and gown clad graduating South Florida Junior College students during the graduation ceremonies indicates their successful completion of the requirements of their educational goals.

Right to left are: Patricia Dianne Meeks, Avon Park; Glenn M. Mimms, Avon Park; Dale Wayne Morris, Pahokee; Diane Elizabeth Murphy, Avon Park; John Daniel Campbell Newton II, Avon Park; and Naomi M. Pearson, Wauchula.

THE PRESIDENT OF THE Student Government Association of South Florida Junior College, Craig Crowder, delivers his commencement address during graduation

ceremonies in the Amphitheatre, stressing the cooperation of students, faculty and administration.

Craig Crowder, President of SGA

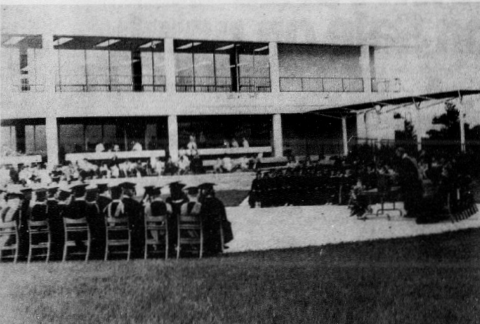

In presenting Craig Crowder, President of the Student Government Association of South Florida Junior College as the first speaker during the graduation ceremonies at the Junior College, Dr. William A. Stallard stated that Craig graduated from the Shortridge High School in Indianapolis, Indiana in 1966, and has served two years in the U.S. Army with service in Viet Nam.

Craig is a member of Phi Theta Kappa National Honor Fraternity of South Florida Junior College and is presently living in Sebring with his parents.

Craig explained the purpose of the Student Government Association and its goal. He gave a brief description of the SGA sponsored activities and concluded with a recognition of faculty and administrative

members, graduate members, and hard-working members of the Student Government Association who all helped to make this a very successful year.

Craig was the recipient of the following awards at SFJC: Outstanding Citizen, Mr. South Florida Junior College, Recognition Award from the Student Government Association, and the Newspaper Award.

CONCLUDING REMARKS ARE made by Dr. William Stallard following the conferring of the Associate of Arts Degree on 41 graduates

South Florida Junior College students in the quiet serene atmosphere of the Amphitheatre setting.

South Florida Junior College

Commencement Exercises

DURING GRADUATING CEREMONIES in the Amphitheatre at South Florida Junior College, Susan Moye Gibson, honor student, tells students, faculty, families, and friends a need for understanding of the earth, its beauty and our debt to it.

Susan Gibson, Honor Student

Susan Gibson, as the third commencement speaker during the graduation ceremonies at South Florida Junior College, was introduced by Dr. William A. Stallard who stated that Susan was a member of the National Honor Society at Hardee High School where she graduated in 1969. He added that she is a member of Phi Theta Kappa National Honor Fraternity and is presently living in Avon Park with her husband and daughter.

Susan has achieved the scholastic average of 3.8 out of a possible 4.0 points. Susan felt that Kahlil Gibran's poem entitled "Earth" captured her own thoughts and feelings about the earth and our debt to it so well that she felt it appropriate to present his words rather than

her own. In the concluding portion of the poem, Kahlil writes:

Who are you, Earth, and what are you?
You are "I," Earth!
You are my sight and my discernment.
You are my knowledge and my dream.
You are my hunger and my thirst.
You are my sorrow and my joy.
You are my inadvertence and my wakefulness.
You are the beauty that lives in my eyes,
the longing in my heart, and the everlasting life in my soul.

You are "I," Earth.
Had it not been for my being,
You would not have been.

THE SOUTH FLORIDA Junior College chorus, under the direction of Professor Buford Jasper, rendered the "Peace Prayer

of St. Francis" with Ann Mickunas, soloist, during graduating ceremonies in the Junior College Amphitheatre.

HONOR STUDENT, Steven Huffman, in his commencement address during graduation ceremonies in the Amphitheatre at South Florida Junior College cited the need for a greater understanding of the problems involving the ecology of our earth. Left to right

are: Dr. William A. Stallard, Dean Wilford Beumel, honor student Susan Gibson, Steven, Craig Crowder, President of the Student Government Association, and Reverend Robert Askren.

Steven Huffman, Honor Student

The second commencement speaker, honor student Steven Huffman of Sebring, was introduced by Dr. William A. Stallard during the graduation ceremonies in the amphitheatre at South Florida Junior College.

Steven graduated from Chesterfield High School at Lyons, Ohio in 1966 and served in the U.S. Army in the Viet Nam theatre of operations. At SFJC, Steven achieved a

scholastic average of 3.75 out of a possible 4.0 points. He is a member of Phi Theta Kappa National Honor Fraternity and is married.

Steven spoke about the required subjects for an AA degree and concluded with his feelings about having a required course of ecology in every junior college and university in Florida. People for the most part are not acutely

aware that ecological problems exist. When they become aware of the pollution problems, such as dumping raw sewage into streams, lakes, and oceans like Cleveland, New York, and Miami, it may sometimes be too late to correct the damage. Overpopulation was another problem mentioned by Steve, for which some form of birth control may be needed.

FOLLOWING THE GRADUATION ceremonies at South Florida Junior College, refreshments were served to attending relatives and friends by the Student Govern-

ment Association. At the serving table (center) are Lisa Sellers, Wauchula; and Barbara Flowers, Avon Park; members of the SGA.
