

Campaign Questions

of the new county zoning plan. I think it gives the outline of the proper growth of this county. However, I am sure there will be some modifications to be made as we go along.

It is hard to determine the amount of roads to be inspected. However, whatever amount of miles involved per month, that would be what I would expect to be paid for.

I do not think developers should be made to put in roads comparable in quality to Route 27, because you do not have the commercial traffic in subdivisions that you do on Highway 27.

I feel we would have to work with our fish and game department, but I favor spending money to improve the boat ramps because the public owns the lakes and I think they should have access to them and utilize them.

Ken Wilkinson (R) I would rather wait for the county attorney's opinion on whether the commission on rescinding the purchase of the Masonic Home. If it were possible to rescind it I would be in favor of that.

I am in favor of the new county zoning plan because I believe you have to start somewhere. However, I do believe that the differences between the opponents and those who are for it can be ironed out in a satisfactory manner such as has been going on between the land developers and the county commission on subdivision regulations.

I would do whatever road inspection I felt necessary. However, I do not feel that it would require anywhere near 1,600 miles per month.

I do not think developers should be required to put in roads comparable in quality to Route 27 because they do not

get that much use. I believe this can be worked out between the developers and the county commission satisfactory to all. I am in favor of improving the boat ramps, provided the different departments in the state would allow this. I am for more recreation facilities for everybody.

Jean Whitaker (R) If the matter of purchase of the Masonic Home comes up again, I will study the matter before making a decision. If I had been sitting on the board at the time the commission voted to buy the home, I would have previously made a study as to the need and cost of renovating, compared with a new building, on property already owned comparable in size, and would have made my decision on which was best for the taxpayers of this county.

I am not completely in favor of the development plan, as this would stay with us for many years and certainly would be up for many changes. But as far as a guideline, it seems fair.

I would only expect to be paid for the mileage that I actually traveled in the course of county business.

I think developers should meet the county specifications for secondary roads and subdivision roads, which is not as stringent as US27, because there is not near the traffic in these subdivisions as there is on Route 27.

I think the ramps should have been built to take care of the low water times such as we have today and we certainly need the recreation on the lakes so I am in favor of this.

C. J. "Buddy" Wise (D) I don't know if sale of the Masonic Home can be

rescinded, but if it can I would have to think about it. I don't know if this is the best course to take or not. I need to study this a little more.

I think we definitely need some good sound planning and zoning in this county. I need to study this plan a little more to be sure it is workable, that it is not discriminatory, and that it is what the majority of people want.

The only monies I expect to be paid are the expenses of the actual miles that I travel on county business.

The roads in a subdivision certainly should not have to be of the quality of Route 27 because they do not have that much traffic. The cost would be prohibitive to the developers. However, they should build roads that the taxpayers do not have to rebuild and which should last for many years under normal use.

I think boat ramps should be fun at all times because our lakes are the main source of recreation for many of our citizens.

DISTRICTS

James "Jim" Dale (R) I am definitely against purchase of the Masonic Home.

I think it is foolish. They have a building at the vehicle inspection station which could have been renovated for one third the money it will cost to fix up the Masonic place, and with plenty of parking space. I believe the development plan as a plan is good but I should be for the long range development of Highlands County. They are trying to put it in as an ordinance now and it is no good as an ordinance.

Road inspections and other business for the county a commissioner must look at, in my opinion, can be done with no more than 600 or 700 miles a month at the outside.

I do not think developers should be made to meet the standards under which the main highways are constructed. But it should be to a standard that would last 20 years or longer without the property owner having to pay for them to be repaired again.

I wholeheartedly favor spending money on the ramps. That is the area's main recreation area for the majority of people in Florida. I know I moved to Florida because of the beauty of Lake Jackson. The way it is now you can not get your boat in. The ramps are too short.

Robert Skipper (D) I feel that with construction prices today, the Masonic Home at Avon Park was the cheapest thing we could have gotten anywhere in Avon Park and that it definitely should not

be rescinded. We were offered the library at Avon Park for \$50,000 and it is not as big as one floor of the Masonic Home which we can have for \$40,000.

Why would anybody want to rescind a deal like this? I would like to see the Highlands County General Development plan used as a guideline, not a law, not as an ordinance to be enforced down to the last detail. I feel the commissioners should accept it, not adopt it, but let the County Planning and Zoning Board adopt it and use it as a guideline. If this plan were enforced to the letter it would deprive many people of the best use of their land.

From my past experience I believe my mileage would run about 1,000 miles per month. When I have a phone call about people's problems, I usually go check them and most of the time it can be settled without having to go before the board, thus saving everybody time and money.

I do not believe developers should have to put in roads comparable to Route 27 because there is less traffic on subdivision roads and fewer heavy trucks and trailers and it would be an unnecessary hardship on developers. I think the roads should be comparable to county secondary road specifications.

I very much approve spending money to improve the boat ramps on the lakes so that people can enjoy recreation in low water as well as high water times. As few boat ramps as we have, it is necessary that we make them usable to the people. You can not condemn land for recreational purposes and we have trouble acquiring land for boat ramps.

Red Devil

(continued from page one)

Packer took in the pass and advanced 23 yards before he was brought down and fumbled. Arcadia recovered at their own 15 to kill the threat. The Bulldogs then went quickly to the Avon Park 12 on five punting plays and a 15 yarder against the Devils for grabbing a face mask. But things turned Avon Park's way at that point and a 15 yard holding penalty plus two big losses by the Bulldogs quarterback attempting to pass drove the Arcadia team back to their own 45 and they had to punt again.

The punt was downed at the Devil 10 but a 15 yarder against Arcadia put Avon Park on its own 25 yard line and from there the Devils marched against the Bulldogs and the clock to score on the last play of the first half. First Keith Richards picked up five yards on the ground and then DeWitt connected with end Bud Wester for a 13 yard gain. Wester made a perfect catch high in the air for the first down yardage.

Next halfback Danny Lewis shot through for 19 yards to the Bulldog 38 yard line. Richards added three more yards again and then DeWitt connected with end Bud Wester for a 22 yard pass pick-up to the Arcadia 11. With first down on the 11, DeWitt went to Wester again and picked up six yards to the four. Then Leon McPherson added a yard on the ground. DeWitt kept and went on to the two. A penalty against Arcadia put the ball very close to the goal line but only two seconds remained on the clock. For some reason, Arcadia called a time out and gave the Devils time for one more play.

Avon Park took over on its own 20 and again couldn't move the ball on three running plays so Keith Richards got off a booming punt that rolled to the Arcadia 24 yard line for a 30 yard punt.

From the 24, Arcadia started the winning touchdown drive. Late in the third quarter the Bulldogs moved slowly on the

ground to the 45 before the fourth quarter began. A third down pass play was good for a first down at the Devil 40 and then it was just a matter of grinding out the yards with big Anderson and his teammates taking turns. Anderson took the ball in for the score from the three yard line around left end. Blandin's kick for the extra point was no good.

Twice Avon Park had the ball but couldn't move for the score. Late in the game the Devils did move from their own 10 to the Arcadia 47 yard line but a penalty and a fumble ended the last hopes of Avon Park for the win. Time ran out with Arcadia on the Avon Park 15.

One of the bright spots in the game was the pass receiving of Bud Wester. Bud pulled in four catches for a total of 50 yards against the Bulldogs. Buddy DeWitt looked sharp on his throws to Wester and to Packer, Richards, and Davis as he completed 7 of 9 passes. Richards hit Danny Lewis with a 44 yard pass also to give the Devils an 8-10 pass completion for the game.

The running yardage came grudgingly in the second half as Arcadia held the Devil runners to 14 yards net. But Avon Park managed 13 first downs to 16 for Arcadia and had a total rushing yardage of 88 yards to the 175 for the Bulldogs. The Devils gained 95 yards through the air and held Arcadia to 33 yards, on two for two completion. Neither team had a pass interception, but Avon Park lost two fumbles while the Bulldogs never lost possession. Avon Park passed four times for a 30 yard average and Arcadia booted three times for a 42 yard average. The Devils drew 35 yards of penalties and Arcadia had 45 yards assessed against them.

Danny Lewis picked up 32 yards in nine carries to lead the Devil's ground game. The Devil defense held Arcadia to

the smallest number of points they have scored this year. The Bulldogs put 47 points on the board against Naples and scored 35 against Bartow. Even in the lone loss, the Bulldogs scored 21 points against North Ft. Myers.

Hundreds Turn Out For Parade

On Saturday, Oct. 28, the best Halloween parade and carnival ever to take place, even though the rain was bad in Avon Park. The streets were lined with young and old alike to watch all the spoofs, goblins, and floats raised by the bewitching music of our High School and Jr. Bands.

Following the parade, with everything from clowns to horses, the crowds went to the P.T.A. carnival at Donaldson Park. There was something for everyone at the carnival. It had the atmosphere of an old-fashioned town picnic, with a cake and pie walk, which was in progress continually; balloons to throw; darts at, pony rides that never stopped; bean bag throwing; loss the ring; hot the swimming baskets, and even a country store. The band booth had cotton candy, popcorn and hamburgers. The Lions sold their famous chicken, selling out early because it was so good.

The Junior Women and Elementary P.T.A. deserve lots of credit for their effort and time in sponsoring the Halloween parade and carnival which was enjoyed by so many.

Avon Mobile Home News

by Larry Robinson

Just a note from the Robinsons, then we will get along to the important news. Ruth sends her regards to all of you and thanks you for your interest and prayers. Carol is improving slowly.

What a great joy it is to see our friends returning from their northern homes. Nineteen resident families of our park have returned since our last news copy. What a great joy it is for us to welcome them back. On First Avenue Howard and Louise Bell of Milford, Ohio; Alva and Margaret Derr, Urbana, Ohio; Glenn and Mildred Long, Plantsville, Conn.; Elliott and Mae Purvis, Peru, Ind.

Then on Second Avenue, Merrill and Iva Murphy, Rochester Ind.; Edwin and Marguerite Feehan, Bowling Green, Ohio; Hubert and Helen Smith, Paris, Ohio; Harmon and Gladys Heffner, Urbana, Ohio; Mrs. Mildred Shearer, Canton, Ohio.

Third Avenue Phelps and Josephine Button, Sharon Springs, N.Y.; Kellie and Edna Larrew, Windsor, Ill.; Mrs. Thebus South, Urbana, Ohio. Fourth Avenue Mr. Smith Webb who is a permanent resident; Earl and Dorothy Baxter, Broadalbin, N.Y., but who are now also permanent residents.

Fifth Avenue Rose and Basil Krantz, Butler, Ind.; Louis and Lucille Shoemaker, La Porte, Ind.; Floyd and Edith Stevens, Allegan, Mich.; Dr. and Mrs. Nathaniel Davis, Richmond, Va.; Harold and Margery Faulkner, Urbana, Ohio.

Smith Webb has joined us for the winter after the death of his wife, Mary. Before returning, he visited with his daughter

and nephew in Greenbrier County, W. Va. The scenery was beautiful. While there, he took a group of boys on a fishing trip. While fishing one of the boy's hooks became entangled and Smith tried to free the hook, fell and broke a bone in his leg and sprained his ankle. That was his summer vacation. Hope all of us can help make your winter a bit more pleasant, Smith!

Harold and Margery Faulkner had a beautiful trip south, everything so green and beautiful then found Florida very dry, but glad to be where it is warm and among friends.

Glenn and Mildred Long in their 1930 mile trip south from their home in Connecticut found the autumn foliage through Pennsylvania beautiful and well worth seeing, but quite a temperature change - north 40 degree weather and south 90 degrees!

Visitors at the Thrushes home were Charlie's son and daughter-in-law from Columbus, Ohio. Also Mr. and Mrs. Robert Bruah, Mr. and Mrs. Mitchell and Mr. Oakes of Homasassa Springs, Fla. Charlie entered Walker Memorial Hospital last week for a check up. He is doing well.

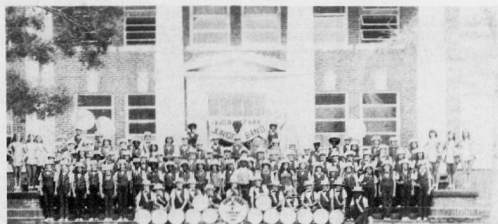

Phelps and Josephine Button arrived from New York on Thursday. They stopped in Gettysburg, Va., to visit their daughter and family.

The Heffners, Gladys and Harmon, arrived in the park last Thursday and are surely glad to be where it is warm and sunny. They have been having rainy and cold weather at home in Ohio. On their way down, they found the trees with their fall colors just beautiful. They are so happy to be in Avon Park and to see all their friends again.

Margaret and Alva Derr arrived at their mobile home Wednesday at 10:30 a.m., after spending the summer at their home in Ohio. The temperature was in the 30's when they left so the 85 degrees they found here seemed real good. They are enjoying seeing all their friends again.

Let's keep a SMILE on our faces!!!

Lovely Linda Is Really No. 1

In the hustle and bustle of last Tuesday's deadline hours, we're sorry to say "We Goodie!" We reported Donna Marsh as first runner-up in the "Miss Flame" contest - and Linda Bonnett as second runner-up. It should have been just the opposite...So-o-o we're running Linda's picture again this week, and telling one and all that Linda Bonnett is truly the first runner-up.

FOR STARTERS:

OUR HISTORIC FLORIDA STATE CAPITOL IN TALLAHASSEE SLATED FOR DESTRUCTION

This action will cost Florida taxpayers at least \$25,000,000 and we will lose a part of Old Florida which can never be replaced.

This historic structure built in 1845 is slated for destruction and will be replaced with a modernistic condominium type office building.

ANDY JACKSON'S OPPONENT....

TOM GALEN voted for this unnecessary expense. TOM GALEN voted to destroy a part of Florida's heritage. (HJ 628 - March 9, 1972)

ANDREW JACKSON will support legislative action to stop the destruction of our capital.

ANDREW JACKSON would use this \$25,000,000 for 25 new schools in Florida...which we really need.

IN ADDITION: FINANCIAL CONSERVATIVE

ANDREW JACKSON: "No new taxes on Florida residents until careful assessment of present spending."

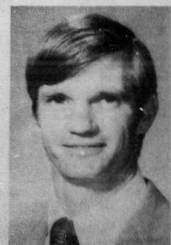

TOM GALEN: Supported every appropriation bill since going to Tallahassee. Increased cost of state government from 1/2 bill to 3 billion (600 per cent increase) from 1966-72. Also supported legislative pay increase (HJ 177, April 17, 1969). Supported Liberal retirement program for legislators which would give them \$240 per month retirement after 8 years service and upon reaching age 65.

TAXES

ANDREW JACKSON: Against any new taxes until we accomplish a "spending reform". (1) Favors ad valorem tax relief (2) Opposes personal income tax (3) Favors repeal of intangible tax.

TOM GALEN: (1) Voted against amendment to HB 181 which would have given ad valorem tax relief. (2) Voted against the repeal of intangible tax (HJ 707, May 25, 1971). (3) Stated in writing that any tax assessor who fails to assess property at 100 per cent should be removed from office. If Gallen gets what he wants, all tax assessors in Florida would be removed. (4) Campaigned for and supported corporate income tax. (5) Voted for tax on groceries but against tax on cigarettes.

Just For Fun

Just for fun! An Avon Park resident has donated \$25 toward a reward to any church, business, school or civic organization who can put together a volleyball team and beat the First Baptist Church's three man team.

First Baptist's team members are Lawler Wells, Allen Duhram and Donald Batts. They have not lost a game since they started playing the first of September. The unidentified donor said just because there is only three on the team don't think they are push-overs, they're tough. Last week only two members of the Baptist team defeated APCI's five-man team three straight games!

Anyone interested in a team can contact Lawler Wells.

Cross Country Team Will Host Tri-County Conference Championship

The Avon Park Red Devil Cross-Country team will host the first Tri-County Conference Cross-Country Championship Meet here this evening starting at 6 p.m. at the high school 2 1/2 mile course. Ft. Meade, Mulberry, Frostproof and Avon Park will compete for the title. The winning team will receive a trophy and ribbons will be awarded the top 20 finishers.

The Red Devil Harriers continued their winning ways last week as they won the Avon Park Rotary Invitational Meet with a score of 24 points. Seven of the first ten finishers were Red Devil runners. Coming in second in the big meet was Clewiston with 67 points followed by Kathleen with 77 counters. Wauchula was fourth with 121 points, Palmetto was fifth with 123 points, Ft. Meade came in sixth with 124 points, and Sebring finished seventh with 166 points.

Avon Park's James Brown remained undefeated in dual meets with a first place time

which set a new school and course record. The time was also the best ever for James—a 12:29 time which was good enough to beat Robert Blount of Clewiston, the state mile record holder. Blount came in second with a 12:37 timing. Eugene Sneed finished third with a 13:01 time which is his personal best of the year. Reid Wall also set his best time with a 13:27 running of the 2 1/2 mile course for a fifth place finish.

Other Avon Park finishers in the top ten were: Malakiah Fogel in seventh place with a 13:35 time; Hezekiah Fogel in eighth place with a time of 13:44; Lonnie McMillan in ninth place with a 13:45 time; and Curtis Foster in tenth place with a time of 13:48. All Avon Park runners set their best ever time in this meet.

Coach Chet Brojek beamed as he said, "Without a doubt my team did its best ever in this meet. Our first seven are a closely knit and highly competitive group. Their desire to excel makes my job as a coach

a most pleasant one." Then he added, "I would like to thank the Avon Park Rotary Club for sponsoring our first Invitational. I hope it can grow to become an annual event."

Tomorrow afternoon (Friday, Nov. 3) the Red Devil Cross-Country boys will compete in the Lakeland Invitational with about ten teams taking part. This meet should be good preparation for next week's District 6 AA Meet that will be held in Avon Park on Nov. 11, at 10 a.m.

Contract Let

Bids totaling \$18,615,030.83 on 31 road and bridge construction projects were let Thursday by the Florida Department of Transportation. Only contract for Highlands was 12.479 miles of leveling and surfacing selected roads and streets county wide.

Mel Bass

Candidate for
COUNTY COMMISSION

Dear Highlands County voter,

On Tuesday, November 7 the voters of this county will decide who will represent our citizens on the County Commission from District 1.

It is very important to Highlands County that we have a man serving in this position who is dedicated to the principles of conservatism and ethical government.

During the past few months I have tried to speak to each of you personally and to give you an opportunity to ask me questions about my candidacy. It is important to you as our interested voters to know all you can about the man who is seeking this Commission post.

This is my native county and I desire to do all I can to help our citizens to keep this a beautiful and progressive area. We have problems that need to be solved now so that our future generations do not have even greater problems.

I sincerely feel that I can do the job for you as your County Commissioner. If you have any questions about my candidacy, please phone me at 453-4353 (office) or 453-5132 (home). I will give you a sincere and honest answer to your question.

I solicit your vote but more than that I ask you to study the qualifications of the two candidates and then exercise your hard won right to vote for the candidate of your choice.

Sincerely,

Mel Bass

Shuttling

On Wednesday evening there were 16 courts of players to shuffle. The winners were Alton Wetmore and Marion Prindle with Ed Edwards and Frank Fread coming in second. Consolation winners were Louise Bell and Grace Romilly over Mabel Crocker and Elizabeth Clarke.

Saturday's game was at 1 p.m. with 13 courts in play. They played three games when it started to rain. In half an hour the courts were dry enough to resume playing, but then it really rained.

Card Games

Twenty-four folks played pinocle last Monday afternoon. High scores were by Sarah Kerr 802 and J. Mack 894. On Friday afternoon, Sarah Kerr again won high score of 752, with Juanita Carr coming in second with 704.

Bridge was played on Tuesday afternoon with Lillian Brevoort winning the highest score of 480, and V. Lexa 3850. Duplicate bridge is played on Thursday afternoons with Jean Ludington the director. This past week Mrs. Ludington reports that with 4 1/2 tables in play they were able to play the "Mitchell Movement" most desired by members.

Eleanor and Joe Nickerson led the north-south players with 39 match points. Second was Herman Wurster and Maurice Brevoort with 29 MP's leading Marion Todd and Harry Lyons by only one point.

The east-west players were led by Bertha Bruah and Martha McBeth with a tie score made by Anna Rumpas and Laura Glasen. Both pairs having a 26 top. Mabel and Chris Cabezas being third, just one half point behind.

"May I explain," says Jean, "for Non-Duplicate players that no comparison in points made and listed are related to other groups as, where there is a half table, east-west plays less boards each."

Crafts

Don't forget, Thursday at 9 a.m., there will be an interesting craft taught to all the ladies who come.

Dance

Dances are on Monday evenings for the time being. Last Monday there was a nice turn-out. Cliff Seifert directed and all had a good time. Ina Seifert had a birthday, so she was honored with the birthday song.

Supper

Fourteen turned out for the supper on Saturday evening, two for the first time this year. The Salute to the flag was given, followed by the Club Prayer.

Two readings were given, one "On The Wings of Prayer" by Arlene Lane, and the other by Hetty Cook, "I Know Something Good About You". Harriet Meissel was the hostess, and next Saturday evening, Mrs. Kelley and Mrs. Able will be the hostesses.

Shrine Plan To Have Country Store At Festival

The old fashioned Shrine tradition of joviality, fun and friendliness was the feeling at the October twenty-fifth "Fozzettes" dinner meeting held at the Sebring Elks Club.

The festive air was sparked by a golden cornucopia, filled to overflowing, that decorated the officers table.

After a delightful dinner, dessert was topped off with a piece of the delicious gaily decorated rum birthday cake,

made by Mrs. Jay Erdman. The members were honored, whose birthdays fell in the months of October, November and December.

Plans were formulated for the "Fozzettes" Country Store at the Art League Festival, Nov. 18. A display and demonstration of lovely and unique craft items by Mrs. James Dale, held the interest of the "Fozzettes". Many of the items will be available at the Country Store.

The Highlands Shrine Club will have plenty of assistance on Dec. 9 at the annual Christmas Party to be held at the Sebring Elks Club. It will be the first opportunity for the newly organized "Fozzettes" to help their Nobles.

Seven members were recipients of useful door prizes. The "Fozzettes" will not meet in the months of November and December because of the many holiday activities. The next meeting will be January twenty-fourth.

A beautiful white satin scroll with the names of the fifty-four Charter Members names in gold was presented by Mrs. Jay Erdman to the "Fozzettes" and accepted by President Mrs. Henry Hartman.

Seven members were recipients of useful door prizes. The "Fozzettes" will not meet in the months of November and December because of the many holiday activities. The next meeting will be January twenty-fourth.

BERT CROSS, Arcadia, Livestock Inspector in charge of the Federal State Screwworm Eradication program at the Sebring Air Terminal shows members of the Livestock Production Class of South Florida Junior College how the Livestock Inspection Service "gets on top" of a screwworm outbreak. When the screwworm was found and positively identified, 57 top Federal State inspectors from Florida, Kansas, Louisiana, and Arkansas were rushed into Highlands county concentrating on the dark central

area surrounding the site where the larva was found and spreading outwards. Over 14 million sterile male screwworm flies have been released. To control and eradicate an outbreak of this type costs about \$150,000 but livestock losses before "Eradication of the Screwworm" in Florida cost the farmers and ranchers over \$10 million annually and this didn't count the loss of wildlife, deer, hogs, turkey, quail, rabbits, and other game.

Another Case Of Screwworms Found

Another case of screwworms has been found, Dr. Clarence L. Campbell, state veterinarian, reported.

Larvae of the screwworm fly were found today in a cow on a ranch near Oxford, north of Wildwood in Sumter county, he said. Only one animal in a herd of 70 was affected.

This discovery is about 100 miles from the discovery of screwworm larvae north of Sebring Sept. 28. There have been no more screwworms found in the Sebring area.

Inspection crews moved into the Oxford area Friday morning to begin inspections of all cattle and spraying to kill screwworm flies where indicated. An air drop of sterile flies, possibly four million, will be made in a zone around the ranch, Dr. Campbell said.

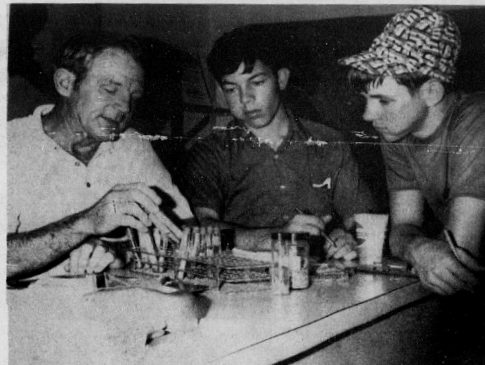

The owner of the ranch is known to have brought quite a few cattle into Florida from Texas, and it is suspected that

is the source. However, a railroad and a major highway, Interstate 75, run through the area and this fly find might have been another hitchhiker.

Cattle brought in from Texas must be accompanied by health certificates attesting that they are screwworm-free. Four air drops of sterile flies have been made at Sebring and another is planned for Friday. Screwworm flies were eradicated in Florida in 1959 using the sterile male biological control technique.

There was one case in 1961 involving animals brought in for show, but no more until last month.

If screwworm flies are present in the Oxford area and not killed, they will probably over-winter and become a serious livestock pest again. During the 1950's, screwworms caused \$10 million a year in damage to livestock.

CY NICKOLSON, Entomologist with the Federal State Screwworm Eradication Program at the Sebring Air Terminal shows members of the Animal Production class of South Florida Junior College, tubes and vials of preserved screwworm larva, *Cachliomyia*

haminmorax and other fly larva. These preserved larva help in the identification of any new larva that are found. Left to right are: Nickolson, Brad Giddens, Avon Park, and Calvin Roberts, Ona.

New Manager Named At Hilans Theatre

A new manager, and the transfer of another, has been announced by Fred E. Pennell, District Manager for Floyd Enterprises, Inc. Mrs. Monica Conkey has moved to Avon Park, and is now the new manager of the Hilans Rocking Chair Theatre.

Mrs. Mona Dupree, who had been the manager for several years, has been transferred to the Seven Drive-in, where she has taken over as manager of that theatre, located midway between Avon Park and Sebring.

Mrs. Conkey comes to Avon Park from the M-C-M Theatre circuit in North Central Florida, where she has been managing theatres for the past eight years. Mr. Pennell advises that her former employers have given her a good recommendation and is well qualified in theatre management. He further stated that both the Hilans and the Seven, with these well-experienced managers, will continue to present a wide variety in movie programs for the entertainment of Highlands county movie-goers.

Mr. Walter McClendon, former manager of the Seven has returned to Avon Park's radio station WAPR.

This United cable splicer is a "trouble shooter" ...working for you

Because a pair of wires from each telephone must be connected to a central switching center, the man who connects these wires—a cable splicer—plays a key role in your telephone service. Our cable splicers are also trouble shooters to restore disrupted service.

Splicing a couple wires sounds simple... until you consider a 3000-pair cable like the one shown below and the complexity of matching up the correct wires. But connecting wires is only part of the job. Often it means locating a break or short using electronic testing equipment and then digging a hole to get to it.

Electrical storms and water cause cable damage that must be repaired. Accidents, probing and excavation also cause cable cuts, resulting in telephone service disruption and the need for cable splicers to restore connections... regardless of the hour or the day.

In addition to all the emergency repairs and all the new connections required by the new areas being developed in Southwest Florida, growth and expansion in areas already served constantly calls for enlarging, upgrading and reworking the existing cable network. Next year United splicers plan to put in almost 1,000 miles of cable. Being copper, it's pretty costly, too.

Whenever you see one of United's splicers hunched over his maze of wires, remember... he's working for you to keep your telephone service improving.

Large Crowd Attends Old Settlers Meeting

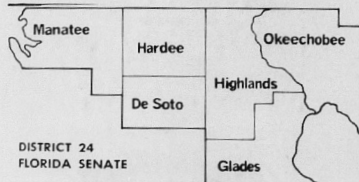

The 27th annual meeting of the Old Settlers Association of Avon Park drew a crowd of 60 old timers to an old fashioned basket dinner held in Wesley Hall last Thursday. Coming from as far away as Ocala and Tampa the group enjoyed sharing stories of the early days of Avon Park. Some were attending for the first time, and they agreed that they would never miss another meeting.

Mr. and Mrs. Poli Smith of Tampa were here to celebrate their 48th wedding anniversary. Mrs. Smith is the former Lutrelle Martin whose family lived on Lake Anoka. They were married Oct. 26, 1924, in Avon Park.

Avon Park Red Devils vs Lake Placid

FOOTBALL

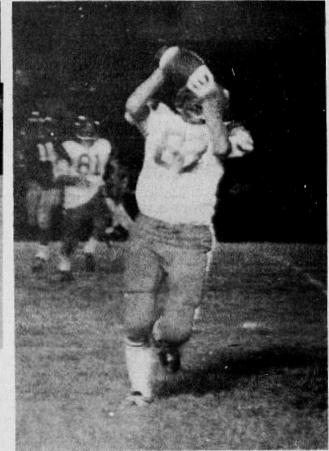

WITH BACKS TO THE CAMERA, Coach Ralph Hill and Coach Joe Franza talk to the Red Devils before the game against Arcadia last week in the dressing room. Bending over

is quarterback Buddy DeWitt and number 74, Alcus Snell, and number 72, Virgil McInvale, listening on the right.

BUD WESTER HAULS in one of four passes he caught in the Arcadia game and heads downfield for a key gain for Avon Park. Big Bud will be a favorite target of quarterback

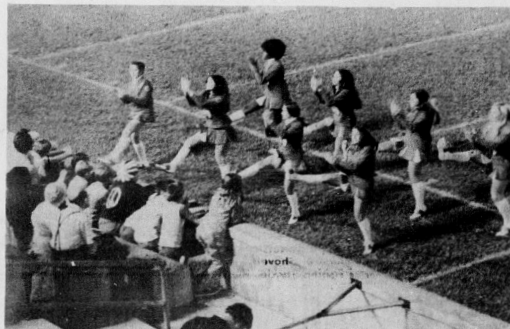

Buddy DeWitt tomorrow night (Friday) when the Devils go against Lake Placid in the homecoming game of the season.

RED DEVIL END. Bud Wester, reaches high to grab a pass from Buddy DeWitt midway in a scoring drive against Arcadia last week. Bud caught four passes for a total of 50 yards last week.

THE MIDDLE OF THE Devil line stops an Arcadia runner for no gain in the game last week which Avon Park lost by a score of 13-8. Del Murphy (53) and Virgil McInvale (72) were in on the stop. The Devils are wearing their new white jerseys and red pants.

THE RED DEVIL cheerleaders kick high to music from the Avon Park band during the Arcadia last week. Several of these cheerleaders will be queen candidates this week in the homecoming festivities.

Girl Scout Fund Drive Over Top

Response to the annual Fund Drive for the Heart of Florida Council, Girl Scouts of America, had been encouraging but as of last Friday morning the total contributed stood at \$1,864, short of the \$2,000 goal. Then John Townsend, Job Placement Officer, APCI, and chairman of the drive for that institution, walked up to Lee Corbin's desk at the Avon Citrus Bank and handed him a check for \$182.24.

This amount had been contributed by individual APCI inmates to a three man team consisting of Bill Reddick, Bill Albritton, and Bill Baker. This hard-hitting team had shown their interest by attending preliminary planning sessions of the Fund Drive and had vowed to raise over \$150. The amount from the inmates was swelled by contributions of over \$125 from the APCI staff,

bringing the total contributions from APCI to over \$300.

Lee Corbin, General Chairman of the Avon Park area, expressed his pleasure at reaching the goal and made a public expression of gratitude to those who devoted their time and efforts in contacting the public for their contributions. The drive has set a high mark for Avon Park area since the Heart of Florida Girl Scout Council was formed.

The Council is comprised of seven counties in Central Florida, running from Highlands on the south to Marion on the north. It provides skilled professional field executives who aid local troops in setting up leadership training sessions and designing troop programs for girls of ages seven to 17. It operates a service center in Haines City and provides wilderness camping experiences at its

Hi Neighbor!!!

I am your Republican candidate for County Commissioner for District 5.

The choice is yours - do you want a man who will be conservative with your tax dollar or a man who will spend your money like my opponent did by voting for the purchase of the Masonic home in Avon Park

for the sum of \$40,000 and it will take 10 or 15 thousand dollars more to complete it?

I am not supported by any special organizations or groups so I can devote my full time to the betterment of the government of Highlands County.

I would appreciate your vote on Tuesday, Nov. 7. Pull lever 22A.

Thank You,

Jim Dale

Four More Candidates Qualify For Avon Park City Council Election

Four additional men threw their hats into the circle for political office last week, for the three seats up for grabs on the Avon Park City Council.

Incumbents, J. R. "Jack" Duggan, Jr., Clarence King, and Durrah Martin have already nodded their heads for their own seats.

Jerry Traverse, a resident of Avon Park for the past 13 years, qualified last week. He is married, and has three children and is employed at Florida Home Juice as an administrative assistant.

Traverse took night courses at South Florida Junior College, and also some additional training courses and attended Business Seminars. Jerry has served his country as a member of the U.S. Army, and was stationed in Germany for three years. He is a member of the First Baptist Church, the Highlands County Sheriff's Rescue Unit, and the Avon Park Lay-Advisory Committee.

Another to qualify, this one on Oct. 30, was Robert A. "Bob" Woodruff.

Woodruff, a resident of Avon Park for the past 28 years, has been employed at Florida Power for the past 27 years. Bob, who is married to the former Gladys "Tom" Moore, has one daughter, Norma Schaefer who is Deputy Clerk at the Circuit Court in Arcadia.

Woodruff, who is an Episcopalian is a member of the Masonic Lodge of which he is a Past Master. He is a former Director of the Military Affiliate Radio System of which he is a Co-ordinator now. He is also a member of the Highlands County Civil Defense.

Woodruff stated, if elected, he will give the city an "independent voice on the city council speaking only for the public without any bias or control of any special interests, groups or persons."

Qualifying last Friday just before the deadline, was Robert G. Dick.

Dick, who is President of Highlands Building Supplies, has been a resident of Avon Park for the past 12 years. Dick is married to the former Carolyn Faye Kytte and they have six children. He is a member of the Baptist Church and a member of the Masons. He is also a past member of the Lions, Jaycees, and served as president of the Athletic Association of Avon Park.

James W. Strenth, who is a lifetime resident of Avon Park also decided to run on the last day.

James, is married to the former Brenda Hackle Douglas, and they have one daughter Michelle, age 13 months.

Strenth has served in the National Guard for the past nine years as service to his

country. Strenth stated that he decided to run after much careful thought and consideration. He said he decided to run with the sincere interest for the growth and prosperity of Avon Park in mind. He told

the SUN that he has attended many of the Avon Park City Council meetings, and promised to serve the people to the best of his ability. He is presently employed as a salesman at I. H. Ford Motor

Company. So there you have it, the seven men running for only three vacant seats on the Avon Park City Council. The election will be held on December 5, when the voters will decide.

Devils Defeat Dragons In Homecoming Game

The Avon Park Red Devils varsity capped off a week of homecoming activities with a 28-0 victory over the Lake Placid Green Dragons last Friday night here at Memorial Field. The win gave Avon Park a 5-3 record for the season.

This Friday (tomorrow) the Red Devils will host the Okeechobee Brahmins in a non-conference game. Okeechobee has had a bad year losing the last five games after winning over Jupiter and Lake Placid in the first two games of the season. The Brahmins lost to Martin County 40-0, Sebring

25-7, Palmetto 25-7, Venice 24-0, and last week to Cypress Lake 16-14 in a heart breaker.

Lake Placid Game

The Red Devils simply overpowered the Green Dragons last week as they ground out 303 yards and scored once in each quarter to shut out the visitors from the southern end of the county 28-0.

Halfbacks Danny Lewis and Ricky Claitt, who returned to action after sitting out six games with a broken wrist, really ripped through the Dragon defense on the

ground. Lewis gained 120 yards in ten carries, scored two touchdowns, and caught a pass for a two point conversion.

Danny scored one of his 17 TD's on a 75-yard run as he broke through the middle and then cut to the south side-line and outran the Dragon secondary.

Claitt showed the same form he had in the opening game of the season before he broke his wrist. The strong running

Group Seeks Facilities For Halfway House In Avon Park- Sebring

After nearly two years of consultation, study and determination of "basis of need", the dream of a number of Highlands County residents may become a reality ...and the big "if" today is based on the availability of a house in Avon Park or Sebring which in its most true sense may become a home.

For several years, professional and non-professional individuals in Highlands County have pondered the need for what is commonly referred to as a halfway house designed to provide supportive residential care for certain individuals found in Highlands County.

Chamber Seeks Bus Service To Disney

The Avon Park Chamber of Commerce with the cooperation of Rose Chaney, local Greyhound Lines Agent, is attempting to secure direct one-day service to Orlando and return trip. This would mean passenger and freight with early morning service to Winter Haven, Lakeland and Orlando.

This schedule has been tentatively approved by the Cleveland Headquarters of Greyhound, but has to go before the Public Service Commission and the deadline for filing is Nov. 16. Evidence will have to be presented by the public, the merchants and business people. All interested parties that desire this service kindly write to Greyhound Lines East, P.O. Box 887 Avon Park, or deliver your written request to the Chamber office.

The "basis of need" was found to be a reality.

The availability of a residential facility to fill that need has not become a reality.

On Nov. 16, under statewide plans for the rehabilitation of alcoholics and three special projects established in the state, the supportive residential program in Highlands and Hardee Counties can become a reality.

Through special appropriations of federal and state funds, a model emergency receiving center and residential facility can be established to serve residents of Highlands and Hardee

Bass, Wise And Wilkinson Elected To Commission

While Highlands county voters were proving that over 80 percent of the local citizens approve of President Richard M. Nixon, only one local Republican was elected to a County Commission post.

The local Republican party made its strongest effort to date on behalf of all GOP candidates, but only Ken Wilkinson overcame the predominantly Democratic registration to gain a seat on the Commission.

Disappointing the coattail theory quoted frequently on

national television, Democrats Mel Bass, C. J. "Buddy" Wise and Robert Skipper defeated their GOP opponents.

However, it was a horse race all the way in the quest for the four commission posts.

Incumbent Robert Skipper made the strongest showing of any Democrat, carrying 17 of the 19 precincts in the county.

Skipper amassed 54 percent of the vote in beating his opponent, Jim Dale. Voting machine tallies showed Skipper receiving a 5,551 total

vote, to 4,650 for Dale. Lake Placid barber J. C. "Buddy" Wise shaved his opponent Jean Whitaker by a margin of 847 votes. Whitaker, a former County Commissioner, trailed through the entire voting tally at Election headquarters in the court house annex. Final figures showed Wise with 5,642 and Whitaker 4,795.

Wilkinson, making his first county-wide bid for public office, trailed in early balloting but gained steadily through the

vote. His best margins came in the areas of Republican strength. Only 300 votes separated Wilkinson and Democratic challenger Woodrow Waldron at the end of the voting machine tallies but it was not expected that the 588 absentee ballots would alter the outcome.

However, Waldron carried 13 of the precincts in the county. Wilkinson carried the Sebring Hills precinct by almost a 2 to 1 margin and showed strong support at the Sebring Tourist Club, Avon Lakes area and the American Legion building voting precincts.

Wilkinson and Waldron both campaigned heavily during the last month and experts on the local political scene had rated Wilkinson the underdog. Waldron easily defeated his first primary opponent Allan Collier and was rated a solid favorite.

Wilkinson conducted an aggressive grass roots campaign and was evidently assisted by a door to door campaign of Republicans prior to the election. Republicans also conducted a massive phone campaign election day.

Mel Bass witnessed a surprisingly strong bid from Republican challenger Jim Rimer to narrowly win the hotly contested District 1 seat from Avon Park.

Both Bass and Rimer were political newcomers but Bass had been rated a favorite due to his strong showing in a lopsided victory over second primary opponent Wendell Williams. He was high man on the ticket Oct. 12.

Bass carried 13 precincts but defeated his GOP opposition by only 230 machine votes. The absentee ballots were not expected to change the final outcome in this race.

Bass, an Avon Park businessman, received 5,322 votes and Rimer was close behind with 5,056. Bass scored heavily in the Avon Park precincts and Rimer narrowed the margin with key sweeps of precincts in the Sebring area.

Legislative

In the race for three state legislative seats in Highlands county, the victors were James Lorenzo Walker in District 89, of which the Florida area is a part; Larry Libertore in District 91 and C. Fred Jones in District 92. All are Democrats.

Losers were Virginia Miller in No. 88, Rex Taylor in 91 and Glenn Anderson in 92. Avon Park precincts are in Districts 91 and 92.

The votes on legislators in Highlands county was: Libertore 982, Taylor 930; Jones 886, Anderson 951; Walker 303, Miller 194.

Hunters will head for the woods and fields Saturday as the season on quail, deer, bear, turkey and squirrel opens.

Avon Park bombing range will be open Saturdays and Sundays during the season.

Sales of hunting licenses have been going briskly and Bob Wolfe said his sales have been better than usual.

Wolfe pointed out that the price for hunting at the bombing range is \$10, compared to \$5 last year. And that the \$2 Highlands county license permits hunting in only a small part of the range, since most of the range is in Polk county.

The Game and Fresh Water Fish commission has urged all hunters who plan to hunt beginning the first day to obtain their hunt permits well in advance.

Hunters who hunt on the 100,000 acre bombing range wildlife management area are urged to exercise extreme caution. There are unexploded bombs and rockets scattered about. The unexploded ordnance are not duds and may be set off by a minor disturbance.

Bafalis Will Represent 10th District In Congress

Highlands county, which for many years was represented by Democratic Congressman, moved to the Republican side of the aisle Tuesday as the new 10th Congressional district went to L. A. "Skip" Bafalis.

But Highlands county Republican Andy Jackson's bid for a state Senate seat went down under an avalanche of Manatee county votes for former State Rep. Tom Gallen, a Bradenton Democrat.

Bafalis trailed Democrat Bill Sikes, of Cleveland, 5,258-4,911 in Highlands county and Gallen trailed home-county-boy Jackson here 7,018-5,430. But this had been expected.

District-wide, with most votes counted, it was Bafalis 102,634, Sikes 66,294 and Gallen 33,049, Jackson 24,843.

With Bafalis, it had been a matter in Highlands county of how much of the vote he would get here, with Sikes campaigning strongly on a Wallace-slanted platform. This is Wallace country.

The tall, handsome and polished Palm Beach county candidate had predicted that if he got 40 percent of this county's vote, he would be doing just fine. He got 48.2 percent.

Jackson loses

Jackson knew early Tuesday evening he had lost the race. He said at an election night gathering at Holiday Inn that the 10,000 vote lead Gallen rolled up in Manatee county turned the election tide for his opponent and he could not overcome it.

As the smoke of victory - and defeat - settled Wednesday morning, local Republicans were talking about a "secret weapon" they had used in the county campaign. It can now be told, one of the top Republicans revealed, that on Oct. 21 Republican campaign workers, armed with litter bags of Republican campaign material, knocked on every door in Highlands county urging householders to get out and vote Republican.

Sikes had campaigned on a George Wallace style platform, while Bafalis tied himself closely to President Nixon and talked about taxes, ecology, senior citizens and gun control.

The amendments

All five amendments passed in Highlands county and in the state. The vote in Highlands county was (without absences): No. 1 - 5,290 - 1,804; No. 2 - 5,349 - 1,733; No. 3 - 3,854

-2,500; No. 4 - 4,816 - 2,056; No. 5 - 5,109 - 1,999.

Public Service Commission

Republican Paula Hawkins beat out Attorney Jerry Lewis of Miami in the race for a Public Service Commission seat, both in Highlands county and in the state. Her victory in the county was 4,853-4,499 and without absentee count held a state-wide lead of 68,000 early Wednesday.

Legislative

In the race for three state legislative seats in Highlands county, the victors were James Lorenzo Walker in District 89, of which the Florida area is a part; Larry Libertore in District 91 and C. Fred Jones in District 92. All are Democrats.

Losers were Virginia Miller in No. 88, Rex Taylor in 91 and Glenn Anderson in 92. Avon Park precincts are in Districts 91 and 92.

The votes on legislators in Highlands county was: Libertore 982, Taylor 930; Jones 886, Anderson 951; Walker 303, Miller 194.

THESE 16 LOVELY homecoming queen candidates and their escorts face the Avon Park fans anxiously awaiting the announcement of the 1972 winner in pre-game ceremonies before the Avon Park-Lake Placid game last Friday night at Memorial Stadium. Miss Gwen Claitt was later crowned queen with Miss Sabrina Mont-

deoca elected first runner-up and Miss Dee Dee Jahna chosen second runner-up. From left to right are: Fernald Davis and Larry Smith, Sylvia Tombs and Rick Minard, Lynn Camp and Jimmy Douberty, Jane Braswell and Laverie Cobb, Mary Anderson and Kent Phipps, Jan Stevens and Gene Albritton, Beth Ferguson and Howard Dennis, Sabrina

Montdeoca and Mark Howard, Gwen Claitt and Donald Dorsey, Janice Turnbull and George Heatherly, Janice Murphy and Hal Worden, Dee Dee Jahna and Tim Massey, Kathy Whitmore and Mike Eberle, Lindy Barber and Dennis Green, Sara Nunnallee and Doyle Gaines, and Darlene Veits and Fred Ferguson.
