Public Notice

Notice Is Hereby Given That The Regular Meeting Of The Board Of County Commissioners, Highlands County Scheduled For November 14, 1972 Has Been Cancelled.

Andrew B. Jackson, Chairman

Board Of County Commissioners
Highlands County

This is a very important election
PLEASE VOTE
Please Return Me

to the Avon Park City Council

I'm a strict business man. I have, and will always handle the business of Avon Park with the same care about decisions as if it was my very own. Many very important business decisions will have to be made during next year. These decisions will have a great bearing on our future in Avon Park. Among the important decisions to be made is the financing and construction of the new additions to our water and sewer systems. The newly expansion program makes services available to most of Avon Park.

This program will be financed with grants from the various Federal and State Agencies. The grants will be somewhere around two-thirds of the cost. The City will finance the balance with sewer and water revenue bonds. We will be able to keep service charges for sewer and water at a very reasonable amount, because of the small amount the city will have to pay for the program. Many cities over the country have been ordered to stop new construction by the pollution and environmental control agencies. We definitely do not want this to happen to Avon Park.

A library has been approved by the voters back in September. The mechanics of this is being worked up and construction should start within a reasonable time. The City has received title to the old Armory Building. This will be remodeled for a meeting place for various organizations and a place for youth programs.

I propose the upstairs be remodeled and used for revenue producing programs. I expect all our sidewalks needing repairs to receive them during the next year. This was budgeted for the fiscal year just passed. The shortage of labor forced a postponement. I've retired from retail business after 25 years in Avon Park.

I have been elected by my fellow citizens three times to be president of the City Council.
My wife, Mary Lee and I, live at 211 S. Verona Ave. If you have any questions drop by or give me a ring.
Pd. Pol. Adv.

THANK YOU

This note of thanks is being written before the results of the election are known. The outcome of the election cannot increase or decrease my deep feeling of appreciation to all of my many supporters or my determination to continue to work for all the best interests of all the people in District 24

Letter To The Editor

Editor

Court action against the city of Avon Park by taxpayers, voters and citizens of the city of Avon Park in connection with the 30 acres of land owned by the city on which Critchfield Marine, a corporation, holds a purported lease for approximately 45 years.

The main point involved in the litigation involves a constitutional question as to whether the city had a right to execute a mortgage on said public land, which the city did on Dec. 17, 1968, to General American Life Ins. Co., a

Missouri corporation, in the sum of \$225,000 which, subjected or gave a first lien to the insurance company for the \$225,000 on 30 acres of land that the city owns.

The mortgage is recorded in the Clerk of Highlands county official record book 329, page 31.

Florida, the Constitution of Florida or the Supreme Court and highest law of the State of Florida on the date of the execution of said mortgage on Dec. 17, 1968, Article IX, Sec. 10 provided in part: The Legislature shall not authorize any City to loan its credit to any Corporation.

Former Circuit Court Judge Joe D. Kinsey, Jr., who represents the voters and taxpayers of the city of Avon Park, says "that it is his view and opinion that the purported \$225,000 mortgage was unconstitutional, null and void, from the beginning and also that he is of the opinion that at the final hearing which because of crowded Court Dockets will probably not be held until February or March of 1973, that the Court Judge with proper jurisdiction, to whom the case is assigned, will decree, that the mortgage is unconstitutional, null and void and should be stricken from the public or official records of Highlands county."

If any citizen has any further questions regarding this litigation, please send such questions to Judge Kinsey and he will answer them direct, without charge or cost for his views. He has assured me that any questions will be answered with dispatch and courtesy.

This letter is to inform you of the details of the suit.

Faithfully and Sincerely yours,

A Taxpayer,

Clarence F. King

Chamber

Meeting

The Avon Park Chamber of Commerce Membership Buzz Session was held for members and their wives this past Thursday evening was very successful, according to Art Turner, President. The meeting was held in the High School Cafeteria and about forty took part in the Buzz Session which was set up to "feel the pulse" of the members as to their ideas of what they felt should be top priority in the Chamber of Commerce Program of Work and other functions that they felt the Chamber should take active leadership in accomplishing.

There were also reports from John Morris, Chairman of the Zoning Committee, Steve Roberts, Chairman of the Christmas Parade and Jack Delaney, Membership Committee, and Robert Elgin, of the Beautification Committee.

In addition to these reports, Mr. Turner, President gave a brief review of the past year's activities and Mrs. Anna Belle Worken, Executive Manager, worked on the new street decorations that had been purchased for Avon Park.

Malcom Crews, City Clerk, gave a very interesting and informative report on the progress of Avon Park.

A social hour followed the meeting and Mr. and Mrs. John Morris and Mr. and Mrs. Chuck Metcalfe served on the Refreshment Committee.

This meeting was the fourth general membership meeting that has been held for the Chamber members and their wives this year.

LONNIE McMILLAN, on the right, is a sophomore in his first season of competition in cross-country running with a season best time of 13:40 for the 2.6 mile course here in Avon Park. Lonnie is a rapidly improving runner. He placed ninth out of 50 runners in the Robby Invitational Meet held here two weeks ago. Devils Will Host District 6

Cross Country Meet

The Red Devil cross-country team won two big meets last week and will host the Class AA and AAA District 6 meets here this Saturday morning, Nov. 11. The Class AA meet in which the Red Devils will run will start at 10 o'clock and will be followed by the Class AAA meet which will start at 10:30 o'clock.

Last Thursday the Avon Park team, coached by Chet Brojek, won the first annual Tri-County Athletic Conference Cross-Country championship with 18 points over Fort Meade (56), Mulberry (60), and Frostproof (114) on the Avon Park course. Seven Avon Park boys placed in the top ten finishers with Devil runner James Brown coping first with a new conference record setting time of 12:55 minutes. Avon Park's Eugene Sneed, Curtis Foster, and Reid Wall finished second, third and fourth respectively. Foster with a 13:32 time set new personal low times for themselves on the home course.

Also finishing in the top ten were Malakiah Fogel with a 13:50, Hezekiah Fogel with a 14:30 and Raleigh Turnbull with a time of 14:39. All seven Avon Park boys won spots on the All-Conference team along with Stanford of Fort Meade, fifth place finisher, and Stewart and Severance of Mulberry, sixth and seventh place finishers.

Other Avon Park boys making a good showing in the conference meet were Bruce Tresscott (11), Doug Fletcher (12), Frank Anderson (14), McArthur Rouse (17), Roger Barnes (19), Walter Newton (21), Jackie Roberts (25), Eddie Moses (27), and Eric Simpson (30). Ten of the Avon Park boys ran their best time of the year in the conference meet.

Chet Brojek also pointed out that the seven Avon Park All-Conference team members will all return to the squad next season.

Then, last Saturday, November 4, the Red Devil squad traveled over to Lakeland and surprised several schools by winning the Lakeland High School Invitational. The Avon Park team

turned in 33 points beating out a strong Haines City squad which finished with 48 points. Kathleen came in with 69 points, Lakeland had 93, Wauchula scored 151, Bartow had 152, and Fort Meade finished with 189 points.

Again it was James Brown taking first place with a time of 12:44 (a new Lakeland course record). Eugene Sneed took fourth place, Curtis Foster finished seventh, Reid Wall came in eighth, Malakiah Fogel was thirteenth, Hezekiah Fogel was sixteenth, and Frank Anderson took 32nd place in the large field of distance runners. Doug Fletcher also ran well with a time of 16:05 and Raleigh Turnbull came in with a time of 16:20.

The win was a big upset of the favored Haines City which is the only team to defeat the Devils this year in dual meet with a 13:22 time set new personal low times for themselves on the home course.

The two class meets of District 6 will get underway at 10 a.m. and 10:30 a.m. this coming Saturday morning. One team from each class will represent the district in state competition in Lake Worth, Florida on November 18.

The Class AA competition includes Fort Meade, Mulberry, and Avon Park with the Devils rated as heavy favorites. The top team and top five individual finishers will qualify for state competition.

The Class AAA competition includes Sebring, Bartow, Auburndale, Haines City, Riverdale, Hernando, Auburndale, and Lake Wales. Haines City is favored in this class and the top team and top five individual finishers will go to the state meet the following week.

The Avon Park course record is held by Devil James Brown with a 12:20 clocking. Brown is undefeated in his first 8 meets of the season.

Red Devils

penalty came when a Dragon back signaled improperly for a fair catch and the Devils retained possession and picked up fifteen yards on the penalty. The second fifteen yarder moved the Devils to the Dragon twenty when a Lake Placid coach got a little too verbal over the other penalty. Hurling senior back, Leon McEneaney, back, Leon McEneaney scored the first T D for Avon Park as he took a pitch-out from Buddy DeWitt and scampered around his right end for the nine yards and the score. Senior end Bud Wester kicked the extra point and Avon Park had a 7-0 lead.

Then after some ground play in the middle of the field for the rest of the first period, Lake Placid was forced to punt from their own 48-yard line on the first play of the second period. The punt went out of bounds on the Devil 25-yard marker and Avon Park took over there. On the very first play, DeWitt handed off to Danny Lewis and the junior halfback shot through the line, cut to his left, and simply outran the opposition into the end zone. It was a 75-yard scoring run by the versatile Devil back. Again Bud Wester was sure-footed and booted the point after for the fourteenth point.

Lake Placid mounted its only scoring threat on the next drive. The Dragons went to the air and hit on a 36-yard pass gain and a 22-yard pass advance to move to Avon Park's 73-yard line. Then on third down, Devil defensive back Leon McEneaney intercepted a Dragon pass in the end zone for a touchback that gave Avon Park the ball on its own twenty.

As the first half time ran out,

Rotary Report

by Franklyn Ward

Program Chairman John Morris introduced the opposing candidates for County Commission, District 1, Mel Bass and James Rimer. Each was allotted seven minutes, but used only about three, in giving his personal history and answering the following questions.

Q - What do you consider the most pressing problem facing the county and what is your solution?

A - Bass - The lack of recreational facilities. If elected I shall see that an adequate number of boat ramps are installed at each lake in the county so our citizens can take advantage of them.

A - Rimer - Taxation. We must seek out an equitable solution to the tax problem so as not to burden our property owners and yet maintain a high standard of services to the public.

Q - Do you favor or oppose the acceptance of the General Development Plan as promulgated by the Zoning Commission?
A - Both - Favor the acceptance of the Plan but provisions made to allow it to eliminate hardships. Bass stated that he thought some of the Zoning restrictions were too stringent and would seek to have them eased.

Q - Do you favor or oppose the subdivision regulations presented by the Zoning Commission?
A - Both - We are in favor since the dispute with the developers have been worked out.

The opponents fielded several questions from the floor but none of too controversial a nature. By the time you read this you will know the winner. How did your guess come out?

Mr. and Mrs. Ray Cobun Celebrates 60th Wedding Anniversary

Mr. and Mrs. Ray Cobun celebrated their 60th Wedding Anniversary at their home, 533 Avocado Rd., Avon Park, on Monday, Nov. 6 with open house between the hours of 2-5 and 7-9 p.m.

The Cobuns were married in Morgantown, W. Va. on Nov. 6, 1912. Ray was born and raised in Morgantown, and Hazel was born in New Geneva, Pa.

They had two children, Lawrence and Doris, who both died very young. Lawrence, when he was 12 years old, and Doris was killed in an automobile accident when 23 years old, leaving one child, Jim Hugas, when he was six months old, which the Cobuns raised. He is married and lives in Munster, Ind. They also raised another boy, their nephew, Ralph Knott, who lives in Scottsdale, Ariz., with his wife and son.

Ray worked as an ac-

countant for U.S. Steel in Gary, Ind., until his retirement. They moved to Avon Park in 1950.

Guests dropping in to wish them happiness were served from a table covered with a white linen cloth and gaily decorated with a centerpiece of yellow roses, white mums and carnations. The center of attraction was a large three-tiered cake decorated with pink roses, accented with green, topped with '60' which was baked by Anna Dee Shaw. Dainty sandwiches, nuts and punch were served with the cake. Many beautiful floral gifts were at focal point in the home.

Assisting in the hospitalities were: Mrs. T.O. Martin, Mrs. Otto Krieger, Mrs. Edgar Smoot, Mrs. Anthony Rutz, Mrs. Duane Zoller, Mrs. Clarence Smith, Mrs. Richard Enoch, Mrs. Solweig Gerrard and Mrs. Florence Thayer.

Mickey Mouse Leads Band At Homecoming

On Homecoming Night, the Famous Avon Park High Band's Drum Major, Dennis Crews, gave up the reins of the band to the Legendary folk hero of everyone—Mickey Mouse.

The theme of the show was a trip to the Magic Kingdom, Disney World. After a fanfare to introduce the most popular and best loved Mouse—the band came onto the field playing the "Mickey Mouse March", splitting up into four Company Fronts, as Mickey's friends, Donald Duck, Pluto, Porky Pig, Peter Pan, Tinker Bell, Dumbo and Pinocchio joined him on the field.

Afterwards, the band performed the double zipper, as they played Super-califragilisticexpialidocious from the Disney Movie, "Mary

Poppins".

Next the band played "A Spoonful of Sugar" from the same movie, as they marched into contrasting figures of a diamond, diagonals, rectangle and a long diagonal line while Mickey and his friends paraded through the band.

The highlight of the show came as the lights were turned off and the band formed a Star with their hat lights, as they played "When You Wish Upon A Star". The climax came as a 15 foot fireworks display of the Undersea Castle was lit and rockets shot over the castle. This weeks show, (Friday night) will feature the Majorettes in a pop tune as they give about 20 kisses to the audience. Tis best that you come early and get a front row seat.

Mrs. Walker Returns From European Trip

Mrs. John L. Walker has returned home from a trip to London, Venice and a cruise on the Mediterranean to Greece, Grecian Isles, Turkey, Israel, Cyprus and Yugoslavia.

She visited Olympia where the ancient games were held, Athens and the Acropolis, Jerusalem, Bethlehem, Nazareth, Sea of Galilee and Jordan River, Haifa and Tel Aviv. On Crete she visited the excavations of the largest Minoan city built in the 17th century, B.C. It was amazing to see the complex architecture, the baths with their drainage system. The jewels, paintings and statues were beautiful. Dubrovnik, Yugoslavia has an old walled city with no wheeled traffic allowed. The streets going up the hillside are very steep and narrow. It was all wonderful to see and a wonderful trip.

DON GOSSICK and WIFE, SHIRLEY (left) of Avon Park Flying Service, welcome one of their students, Robbie Delaney, as she arrived with the news that she is now a Private pilot. - Photo by Sharpe.

Mrs. Delaney Receives Pilot's Licenses

Robbie Delaney has just recently fulfilled one of her life long ambitions. Last Friday she received her Private Pilot certificate after completing all of the necessary requirements. Robbie began flying in June of this year at Avon Park Flying Service, under the instruction of Don Gossick.

Her first few hours were in a Cessna 150 and then she bought a Cessna 172 and the rest of her training was in that airplane. She soloed June 8, 1972 at Avon Park. After logging a few hours

of solo time, the dual cross-country part was begun.

The next step in the program was going from one airport to another in the solo cross-country phase. Some of the towns visited during this time were: Punta Gorda, Lakeland, Ocala, Okeechobee, Winter Haven, Bartow and Zephyrhills. When all of the time requirements had been made, a written exam passed, the check ride was taken with an FAA designee and Robbie passed with flying colors. She is the second member of

her family to obtain a private pilot certificate, her son Del received his certificate in May of this year.

Mrs. Delaney makes number three of active lady pilots in Highlands county. Sani Pierce, who has a commercial ticket and Shirley Gossick, who holds a private ticket are the other two lady flyers.

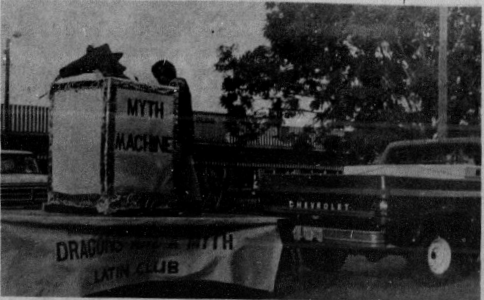

There have been seven women enrolled in the flying courses at Avon Park Flying Service and are in various stages of the program for private pilots.

Rules For

School

AARON W. CRAVENS
PRINCIPAL
AVON PARK
HIGH SCHOOL

Attendance

The state law requires that all boys and girls attend school full time until age 16. Regular attendance is essential to successful school work. Every absence decreases the average daily attendance of the school and therefore causes a loss of school money to the county, adding to the burden upon local taxpayers.

Attendance Rules

An excuse written by the parent or guardian must be presented at least two days following an absence. This excuse must be dated and state the days and periods the student was absent and the cause of absence.

The only excused absences are those caused by illness of pupil, death in the family, pre-arranged work, pre-arranged out of town and pre-arranged needed at home. Students who have excused absence will be given the privilege of making up work missed. The teacher is responsible for setting the date the work is due.

Unexcused absences include truancy, absences without prior knowledge and approval of the parent and school, or absences unacceptable to the school. If the absence is unexcused, three percent is taken off the students grade average during the nine weeks grading period.

Check-out

All students are to remain on campus for the school day. Students who must leave the campus may do so with parental permission and approval of the principal.

Before leaving the campus all students must check out in the school office and must have approval by the principal. On their return all students are to check in to the office if they return while school is still in session.

No pupil shall check out for the purpose of transporting another pupil unless approved by the principal.

Check-in

All students who come in late have to sign in at the office.

Mobile Home Park

by Ruth E. Robinson

The very first order of business is: The Woman's Club of our park will hold their first meeting of the season on Friday, Nov. 10 at 1:30 p.m. in the Recreation Hall.

The ladies of Second Ave. will be hostesses and ALL ladies of our Mobile Home Park are invited. Plans will be made for our annual Thanksgiving Dinner, followed by a social hour after the business meeting. Officers for this year are: President, Verna Fero; vice-president, Marjorie Feehan; secretary-treasurer, Jennie Becker (by) D. Baxter.

Let us make this the best turnout ever, so we can all get reacquainted and welcome the newcomers!

Now - Hi Folks! I am back home again and reunited with "No Longer Lonesome Larry". It is great to be back with my husband and good friends of Avon Park. Thank you for the many cards and prayers for the health of our daughter, Carol, who is on her way to a complete recovery.

Charles Brush will be at the Hillcrest Nursing home indefinitely, until he is improved enough so his wife can again care for him. He was admitted on Nov. 3. Let us remember him in our prayers as well as Mrs. Maude Niekirk who was admitted to Walker Memorial on Friday morning with difficulty in breathing, and is now being treated for pneumonia.

Recent callers at the Charles Brush home were Bertha's grandson and granddaughter, Mr. and Mrs. Larry Ireland from Englewood, Fla., with their children, and Mr. and Mrs. Homer Evans from Urbana, Ohio.

We are pleased to have Mr. and Mrs. Joseph Kulick (Rose) from Crown Point, Ind., with us for a while as they tour Florida. May they have a happy vacation and decide to locate in our area, when they are ready.

Mr. and Mrs. Hugh Flaag (Risa) from Carlisle, N.Y., arrived on Monday after driving through snow and cold weather, with the good news of becoming permanent residents on Ct. 22 here in sunny Florida. Mr. and Mrs. Forrest Wiedeman arrived on Tuesday, happy to be back with their park friends.

Mr. and Mrs. Harold Wolcott from Rolling Prairie, Ind., reached here on Thursday. Susie and Joe Bacon left

their home in Townsend, Wis., and cold weather on Oct. 11, for the trip south. They visited in Milwaukee, Wis., Lowell, Ind., and Terre Haute Ind., arriving here on Wednesday, Nov. 1.

Many winter residents arrived on Friday, including Mr. and Mrs. Roy Girtlen from Hendersonville, N. C., finding it a bit too warm. Mr. and Mrs. Harry Burnett from Sunrise Beach, Mo., after driving through rain, every day except one. Mr. and Mrs. Albert Keyes from Coldwater, Mich., Mr. and Mrs. Verne Goodman from Rochester, Ind.; Mr. and Mrs. Alva Thompson from Bourbon, Ind., who drove in rain all the way until the Florida State Line. We are so glad they could make it, after all the illness. We wish them a healthy winter down here.

Mrs. Audrey Near also arrived on Friday night with her niece, Ann St. John, then on Sunday, Audrey drove her to Tampa International Airport for her flight home to Sherman, N.Y. Mr. and Mrs. Ula Miller arrived on Friday afternoon from Bourbon, Ind., and on Sunday visited long time friends, Mr. and Mrs. Galen Trump on Lake Letta. Visitors from Bremen, Ind., Mr. and Mrs. Gump also came to see Mr. and Mrs. Forrest Wiedeman, who they missed, but they talked to Ula and left a message for them. Another friend for the Millers to add to their many others from Indiana.

Mr. and Mrs. John Evans on Ct. 61, returned on Saturday from a 6000 mile trip west and back. The last visit was in Chapel, N.C., to see John's son, Robert, who was injured recently playing Rugby football. His leg is in a cast to help heal the torn ligaments and will be for some weeks.

When John and Pearl left here in October, they encountered very heavy rains from a Pacific Hurricane in Phoenix, Ariz., causing a six to eight inch flooding of the streets. They visited friends Mr. and Mrs. Raymond Totten in Yucca, Calif.; Long Beach, Vista and San Diego where they enjoyed a dinner at the Admiral Kiddier Officers Club while reminiscing of their wedding meal almost 15 years ago in the same place.

Oak Creek Canyon in Sedona, Ariz., was a beautiful place to stop for taking pictures, and they crossed the London Bridge, once the famed cross-over on the Thames River in

London which is now spanning a man-made river in the Arizona desert at Lake Havasu City, Ariz. The 130,000 lbs. granite was transported block by block from London, England, and reassembled in its original form, as the most strange landmark in a planned international resort complex, completed in 1971.

The Evans stopped on the way back to Florida in Phoenix, Ariz., to visit John's brother, Dwight; Tucson, Ariz., where his cousin Mrs. Lewis Fisher was seen, and also took a trip to Nogales, Mexico for a day. Pearl and John are now tired, happy to be home in Florida with beautiful pictures to enjoy, and a few pounds heavier. Welcome home, folks!

Floyd and Edith Stevens arrived a week ago Wednesday from Allegan, Mich., with a stop at Mobile, Ala., of five days, before returning here. This Sunday they had dinner at the Circle Cafeteria with Susie and Joe Bacon, and Mr. and Mrs. George Toussaint (Laurel) from Allegan, Mich., and will be settling here in Avon Park, too. On Friday, the Stevens took a short trip to Ft. Meade and Frostproof, finding no one home, but enjoyed the ride.

Mrs. Roberta Allwood drove to Zephyrhills for a visit with her son Robert and family as well as her son, John, on Sunday.

Mr. and Mrs. Walter Coady had guests, Mr. and Mrs. Hay Compton from Lake Okeechobee on Sunday.

The Lawrence Robinsons, Robert and Martha McKeith, Alice and Ira Shader, and Ethelyn and Maynard Hard had Sunday dinner together, enjoying renewal of friendship and good food.

Dr. and Mrs. N. L. Davis went to St. Augustine in their trailer for an airstream rally for this week.

Since Mr. Robert Gibb is now wearing a heavy overcoat in New Jersey weather, he is thinking of returning to Florida very soon. It will be good to see him, again.

Mr. and Mrs. Donald Longenecker visited their mother, LaRue Longenecker, for this past Saturday, as usual making her very happy.

Please-put your news in the news box on Sunday or before, so there is enough time to get it to the Avon Sun on Monday morning. Thanks a million!

RED DEVIL SENIOR tackle Jarvis Hartt breaks through the homecoming Red Devil held by cheerleaders Linda Hill and Dee Dee Jahna as the Avon Park team takes the field for the game against Lake Placid last week. The Devils won 28-0 for their fifth win of the season.

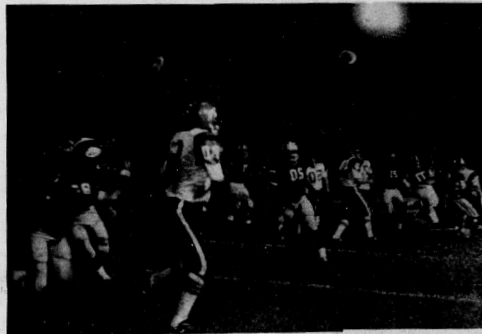

THE RED DEVILS and the Green Dragons really mix it up in the middle of the line as Keith Richards (20) slashes off tackle for a gain for Avon Park. The Devil offense picked up 343 yards against the Dragons last week as they won 28-0.

DANNY LEWIS, leading ground gainer for Avon Park in the 28-0 win over Lake Placid last week, drives into two Dragon defenders for a gain at mid-field. Lewis picked up 120 yards in ten carries and scored two TD's and a two-point conversion for the Devils.

DEVIL QUARTERBACK Buddy DeWitt (27) signals a touchdown as Ricky Claitt (25) runs in for the T D in the fourth quarter of the homecoming game against Lake Placid last Friday night.

THIS PASS FROM DEVIL quarterback Buddy DeWitt to end Nate Packer looks like a sure thing but Dragon Mike Lewis got a hand on it at the last minute to break it up. The Devils completed only two passes last week in the win over the Lake Placid squad.

Democratic Rally Sat. Was Huge Success

Featured speaker Cong. Bob Sikes, of Crestview, had the flu and couldn't come and there was lots of good BBQ beef left over, but Saturday's Democratic rally turned out to be a huge success anyway.

The army in Avon Park provided plenty of seating and tables for the more than 500 persons attending. All the candidates for county commission, Congressional candidate Bill Sikes and State Senate candidate Tom Gallen had their say.

There was music by the "Interludes," a country music band. And there was a lot of politician and just plain visiting all afternoon.

The rally began at 2 p.m. and by 5 p.m. the free meal had been served. Some people were still coming for dinner until almost 7 p.m. And then there was a square dance, which attracted a lot of newcomers beginning at 8:30 p.m.

Jon Moyle, state Democratic chairman, filled in for the Congressman, and commented on the high quality of the Democratic candidates in this election.

Sikes pointed out that "I come from a small county just like you folks, and we are always forgotten by the big

politicians. We in agriculture are taking a tax soaking while the Republicans have been on a spending binge."

Florida's agriculture industry, citrus and dairy farmers, cattlemen, vegetable and flower growers, he said, "are receiving the same price as 20 years ago. When I am elected, I will seek a seat on the agriculture committee and I will not be a rubber stamp for any president."

Gallen pointed out he was in the Legislature (state representatives eight years) which repealed \$50,000,000 in taxes "which saved \$9 per person in the state. I am proud to be a part of the session which resulted in tax reform."

He refuted his opponent's campaign advertising which had pointed to his record.

"I supported the corporate income tax and my amendment was the one part of the law which exempted the small business man," he said. "I never voted for a grocery tax, never voted for every appropriation bill and I voted against the increase in sales tax to 5 percent."

He also pointed out that he will NOT get a \$220 million pension under the legislative pension plan.

"In eight years I have contributed \$7,000," he said. "At age 65 I would start collecting \$84.80 per month because of this, not \$220."

He said he had spent 48 hours going through records to prove his denials of charges in his opponent's campaign advertising. He said he was told Republicans in Tallahassee had done the research which led to the advertising.

Highlands county office holders and elected officials served the barbecue. County Democratic chairman Edna Pearce Lockett conducted the meeting.

Assisting Mel Bass, barbecue chairman were Leroy Hinoite, John Hinoite, Coy

Kiwanis Club

Involved In New Program

A new program of personal involvement on the part of Kiwanis members called "Share Your Life" will get underway immediately in Avon Park according to John Clark, President of the Kiwanis Club of Avon Park. The program will call specifically for personal action of Kiwanis members in the fields of Service, Home, Association with others, Recreation, and Exploration which are aspects of life suggested by the first letters of each word composing the word "Share," a part of the program's name.

John Clark pointed out that "mutual effort on the part of all segments of society-sharing is absolutely essential in a world like ours." He said that "the 'Share Your Life' concept is not confined to Kiwanian or Kiwanis Clubs alone. Rather," he said, "it is the hope of Kiwanis that the idea of sharing will extend to everyone within the community."

The new program was adopted by Kiwanis International members at the organization's fifty-seventh annual convention in Atlantic City last June. It envisions Kiwanians working with young and old alike to the mutual benefit of all, according to Kiwanis President.

"The first order of business on the 'Share Your Life' program," the president said, "will be the kick off of our first fund raising project of the year which is the sale of Pecans. The proceeds will go to make up funds for our many projects. Some of which are Scholarships for needy persons, Little League, K. Club, Salvation Army, Red Cross, etc."

Remember the Kiwanian who asks you to purchase a bag of Pecans is sharing his time and energy to build a better community. You too, can help with your purchase.

Murphy, Emmett Richards, Bob Burns, Brad and Judy Bowen and Robert Sordel.

A 20-car motorcade of Democrats wound through the county, hoisted by a banner flying Friday and another motorcade aimed at getting out the vote again on Monday. Candidates appeared briefly in Sebring and Avon Park shopping centers.

"B" Squads

Mistakes Is Costly

Penalties, mistakes, and fumbles proved very costly for the Avon Park "B" squad last week as they lost in Arcadia to the Blue Streak jayvee team by a score of 8-6 and fell from the ranks of the undefeated to a 1-1 record. The Devil "Bees" had defeated Arcadia here 18-0 in an earlier game.

This week the Avon Park junior varsity will travel to Sebring for a return match with the Blue Streak "B" team. The Devils won over the Streaks here by a score of 20-7 in a hard fought game and are expecting another tough game down at Fireman's Field tonight (Thursday, Nov. 2). Next Thursday the Avon Park "B" squad returns home for its final game of the season against Lake Placid.

Against Arcadia the Devils had all kinds of trouble. First the lights went out and the game was held up for an hour or so. Then Avon Park finally got on the scoreboard with a touchdown but couldn't put the extra points over so had a slim 6-0 lead.

That lead held up until the final two minutes of the game when Arcadia recovered and for a touchdown to tie the game up 6-6. Then with a pass over the middle, the Bulldog "B" offense scored the two-point conversion and took the victory from the Devils. The 8-6 loss was the first of the season for Avon Park. The Devils and Ft. Meade Miners played to a scoreless tie in the first game of the season but since then Avon Park had won over four opponents.

B Team Wins Over Sebring

The Avon Park "B" team came from behind down in Sebring last Thursday night to take a 14-7 victory from the Blue Streak jayvee squad to move to a 5-1 record with only one game left on the schedule.

Tonight (Thursday) the Devil "B" squad will close out the 1972 season here at Memorial Field against the Lake Placid Green Dragon junior varsity. Game time is set for 7:30 p.m.

The late Avon Park loss came week before last in Arcadia when the Bulldog "Bees" scored in the final two minutes of play to take an 8-6 win to the Devils undefeated season.

In Sebring last week the two Highlands County junior varsity squads really put on an exciting show for fans. Sebring scored first in the first quarter as a speedy halfback broke through the middle of the line and dashed some thirty-five yards for the touchdown. A kick for the extra point was good and the Blue Streaks took a 7-0 lead.

In the second quarter the Red Devils put some points on the scoreboard. On fourth down with the ball on the Streak 44-yard line, Mark Lewis faked a punt and passed out in the left flat to Lawrence McBae who gathered the ball in and streaked for the TD. However, the pass try for the two-point conversion was no good and the teams went to the halftime break with Sebring leading 7-6.

The two defenses took over in the second half but late in the third period, Lawrence McBae took a Sebring punt on his own forty-five yard line and tried to go around his right end. Seeing a host of Sebring players there, he reversed his field and ran all the way back to the other side before he turned the corner and broke free to go all the way for an Avon Park go-ahead TD. It was an exciting run by the flashy Devil halfback. On the

extra point attempt, McBae tossed a pass to halfback Tim Massey in the end zone and Avon Park took over 14-7.

But the game wasn't over yet. Sebring got a drive going in the fourth quarter and moved to Avon Park's four yard line with a first and goal to situation. The Red Devil defense held on three successive downs giving up little yardage and then on fourth down the Streaks seemed to score. However, an off-side penalty against the Sebring team moved them back to the six-yard line and on the next play, Devil defensive back James Ross barely tipped a pass from the hands of a Sebring receiver in the end zone to end the threat. The junior Devils ran out the clock and preserved the victory.

It was a hard fought game all the way with the Avon Park defense deserving plenty of credit for the win. The defensive line was handled by ends Tommy Wester, Harry Stokes, Charles Glenn and Edward Jones; tackles Mike Pool, George Heatherly, and Mark Howard; noseman Jamie Tomlinson, Ben Wright, and Mark Howard at times; linebackers Tim Massey, Lawrence McBae, Mark Lewis, Marvin Williams, and Moses Anderson; and halfbacks James Ross, Ricky Turner, and Jerry Robinson. Williams and Wright saw the first extensive action in this game.

The offense had trouble at times moving the ball against the tough Sebring line but had a couple of good drives. The backs were halfback Mark Howard, halfbacks Tim Massey and Lawrence McBae, and quarterback Jerry Robinson. On the line Ross, Wester and Jones alternated at ends; Pool, Heatherly, and Bill Murphy took turns at tackle; Lewis, Turner, and Roger Kilburn alternated at guards;

Know Your Hospital

Walker Memorial Hospital

HOW FAMILIAR ARE YOU WITH YOUR LOCAL HOSPITAL'S LABORATORY? Chances are you probably didn't know they have a new electronic testing machine, which looks more like a science-fiction display than medical equipment, that has reduced the cost of diagnostic testing 71 percent.

The electronic life-saver is the S.M.A. 12, which performs tests for glucose, cholesterol, calcium and nine other less common tests.

Requiring less than a tenth of an ounce of the patient's blood to determine twelve biochemical tests, the S.M.A. 12 can perform laboratory procedures at the rate of one each two minutes.

Roberto Casso, M.D., Director of Walker Memorial Hospital's Laboratory, says the S.M.A. 12 greatly reduces the possibility of human error, since the entire process is mechanically synchronized.

We now charge \$20 for the battery of tests, formerly when done by hand the charge was \$70.

In addition the speed of the S.M.A. 12 permits immediate treatment and the pace of recuperation is speeded up. This cuts the length of longer hospital stays and prevents higher hospital bills.

The S.M.A. 12 in operation is an impressive display of multicolored tubes, fluids, and numbers.

With our laboratory equipment now, daily if not almost hourly service is available to the entire community and we believe it is providing the best health care for the most people with the greatest efficiency and economy.

Rev. Cleveland Speaks To

Womans Club

The Woman's Club met for their regular meeting last Friday. The Rev. Frank Cleveland, pastor of the Episcopal Church of the Redeemer, gave a most interesting and informative talk about the kind of people the Vietnamese are. They are mainly a family unit, the family from the grandparents down to the smallest child are the most important thing in their lives. They grow their own food, mostly rice, and are satisfied to live very simply. Rev. Cleveland spent some time in Viet Nam as chaplain in the Marine Corps.

Mrs. Walter Ost, for her devotions, read a Psalm from "The Living Bible" with its modern words. Mrs. T. Hayes Maxwell gave the prayer. Mrs. W. C. Smith, president, presided at the business session.

Mrs. Maxwell, chairman of the Building Committee, talked about the various ways we might use to raise money, for you can't build without that. Any money given for the building program is tax deductible. She set a goal of \$10,000 for this year.

The Hurnmase Sale will be Nov. 9-11 at the Club House. They will also sell new things, and things on consignment.

The next meeting will be The Christmas Tea on Dec. 1 at 8 p.m. at the Congregational Church. A fine program has been planned, and you will not want to miss it. Guests are invited. A social hour will follow the program.

Red Cross To Continue Fund Drive

The decision to continue the Fund Drive was an important order of business at the regular monthly meeting of the Highlands County Chapter of the American Red Cross, which was held on Wednesday, November 1 in the newly-occupied quarters of the Civil Defense Building on South Lakeview Drive in Sebring.

Reports of the Red Cross Day observed throughout the county on September 30, indicated favorable participation and support by the news media as well as many civic and business groups and individual citizens. Mrs. Jackie Dunn, chairman, announced that some of the objects won in the auction have not been picked up. "We would like anyone who won a donation to contact the office either in person or by telephone at 385-8143 and pick up his verification in order that we may complete our records at once."

It was decided that further financial support of the chapter is essential if the various

programs for which the Red Cross is known are to continue. The consensus of the meeting was that both personal solicitation and letters should be the method of informing the community of the funding required and of making the requests for contributions. Plans were laid for implementing the Drive Mrs. Helen Britt will be in charge of the house-to-house campaign in Avon Park.

The monthly report of the executive secretary, Mrs. Amanda Sharp, included the fact that Project Find under Mrs. Marshall Pollard, supervisor of volunteers, is nearing completion. This project is a campaign to locate all persons eligible for food stamps and is being conducted by the Social Security Administration with the National Red Cross through its local chapters acting as implementing agent. Chairman for Avon Park is Mrs. W. Carlyle Smith.

Mrs. Amanda Sharp was elected to the position of executive secretary to succeed Mrs. Anne Griffin who resigned on Oct. 1. Mrs. Sharp has been the acting secretary since Mrs. Griffin's departure. Thurman Haywood, First Aid chairman, announced that his staff is available for additional first aid classes and urged anyone interested in attending or in forming such a class to contact him at the Sheriff's office. Groups may be formed at the convenience of the members, the only requirement being that there

be a minimum of at least six persons per class. William J. Calhoun, division representative from the Miami office, was in attendance at the meeting. The meeting was adjourned by Archie Wolfe, chapter chairman.

Master Rocket, owned by Mr. and Mrs. J. R. Lennon of Lake Placid, trained by G. C. Wheeler Jr., of Avon Park, qualified for the Blue Grass Championship at Latoria Race Track in Cincinnati, Ohio over the weekend. It's A Woman's World

By Faye Gordon

The Avon Park Sun, Avon Park, Fla. Nov. 9, 1972

More and more consumers want to know about unusual foods available in the super market. Mushrooms are in the "unusual" category for they are not a common vegetable grown in every garden. About 70 per cent of the mushrooms grown in the United States are packed in cans with the balance of the annual production sold as fresh. Imported canned mushrooms come mostly from Taiwan and Korea and a small quantity of dried mushrooms are imported from Japan.

Mushrooms are cultivated with as much care as a delicate orchid and canned under the most controlled conditions. Mushrooms need cool temperatures, about 55 degrees to 65 degrees F., in order to grow. As more growing houses are air conditioned, fresh mushrooms become more available. They can be purchased in small baskets or sold by the pound.

Canned mushrooms are available year around. Because of the different types of mushrooms and the various ways of processing them, the story of canned mushrooms is more complicated. Both brown and white mushrooms are grown for canning and are handled the same way up to a point. They are handpicked, inspected, cut, trimmed, washed and sorted. From here on the process differs.

Most of the brown mushrooms, which are quite flavorful, are broiled in butter before canning. The broth from the mushrooms including the butter is placed in the cans with the mushrooms. Following further inspection, the cans are then sealed and retorted. These butter-packed mushrooms are readily available nationally. The remaining brown mushrooms are canned in a brine solution.

The white mushrooms which are more bland, are also packed in cans with a brine solution. The brine pack mushrooms are likewise inspected and then processed. There also are differences in styles between the two types of canned mushrooms. The broiled mushroom is packed as "crowns" which is the whole top of the mushroom plus a specified amount of stem. The sliced broiled mushroom is the whole mushroom which has been sliced. The chopped style is the whole mushroom chopped with some extra pieces of stem included. The brine packed whole mushroom is button or cap and the sliced mushroom is the whole mushroom sliced. Stems and pieces is the remaining style.

Nutritionally speaking, canned mushrooms have a lot to offer. They are low in calories—about 20 to 25 calories for a 3-oz. can. They are a good source of phosphorus, iron, thiamine, riboflavin and niacin. Because some of the nutrients which cook the mushrooms are in the broth, it should be used in cooking instead of being thrown away.

DOJARS & GOOD SENSE

by WILLIAM J. MARTIN
Senior Consultant to
Auto Finance Services

I'll continue with my discussions from two previous columns of the budget problems of the newly married. One item I mentioned in talking about fixed expenses was insurance payments.

Insurance is expensive to a young couple, and it takes some pretty good budgeting to include some premiums. Usually, the only insurance a couple has when starting out is a policy on the family car.

For young drivers, this is a big expense. But how about life insurance, accident insurance, or household insurance? These are all very important to a sound financial plan.

Life insurance never gets any cheaper as one grows older, so the young married couple should not delay in establishing a life insurance policy.

As for renters insurance (since most young couples usually start out as renters), it's important right away. Even for couples in furnished apartments, there is too much to be lost to avoid the fairly small annual premiums, from clothes to stereos.

APCI Nursery "How We Grow Them"

by Jim Kiser, inmate

I doubt we will be lucky enough to enjoy another winter as mild as the last. Early cold years for best results. The has started in the north and we can only hope they keep it where it belongs.

The principle labor will be in keeping the weeds under control. I am partial to pulling these by hand that I remove the roots, but the hoe still serves for general clean-up. Background areas that are planted with a ground cover can help to discourage weeds and will often add a more finished look too. Many pleasing borders can be created at the edge of beds with the use of gravel. If you place strips of tar paper or plastic before placing the gravel you can prevent weeds growing for several years. The same method can be used when making a gravel or stepping stone path.

With perennials divided, eight seed packs in flats, and our pansies to be delivered early this month, we will be having some fresh color before long. Hope you are not going to miss out on this wonderful season of color.

GERBERA: Gerbera Daisies are one of the easiest to grow perennials in our area. A couple of thoughtful Garden Club ladies gave us some divisions and they have continued to multiply. I have not given them any special attention, yet they have flourished. They have been on their own long enough and I will divide them this month, giving them a place of importance they deserve. Gerberas will thrive in full sun or partial shade. The ones in full sun will probably have sturdier but shorter stems and more brilliantly colored blossoms, while those grown in partial shade may have larger flowers and longer stems. Either way they do well, and flower to some extent the year around. They do multiply rapidly into

Ronald Moseley Celebrates Birthday

Master Ronald William Moseley celebrated his first birthday last Thursday evening, Nov. 2, at the home of his parents, Mr. and Mrs. S. Y. Moseley, Jr. His birthday was Friday, Nov. 3.

He received many wonderful and fun-filled gifts from family and friends. After opening his gifts, he demonstrated the art of eating birthday cake. Among his many surprises was a telegram from his aunt Martha Ann Moseley of Atlanta, Ga., on Friday, Nov. 3. Those helping him celebrate his first birthday were: Mr. and Mrs. Sol Y. Moseley, sr. (paternal grandparents); Mr. and Mrs. W. P. O'Steen (maternal grandparents); Mr. and Mrs. Jim Cook (aunt and uncle); Claudia and Gregg Cook (cousins); Miss Juanita O'Steen (great aunt); Mr. and Mrs. Jeff Tanner and Mr. and Mrs. Dennis Sides.

Wells Motor Co. Come See and Enjoy the Finest Auto Dealership in the State of Florida

Avon Park, Florida

Invites all of You

After 42 Years a Main Street Landmark Becomes All New and Beautiful

After 41 years selling cars from a filling station, NOW Wells Motor Co. has finally realized a dream of many years standing. A proper place to do business that does credit to our customers, then to our dealership and also credit to our area of the state.

There is not another dealership like it in the world. Some unique features are:

(1) The Sales manager's desk is so positioned that he can see 5 car display areas without leaving his desk.

(2) The nicest customers waiting room any dealer offers their customers. It includes 65 feet by 10 feet wall to wall carpeting. A color T.V., convenient tables and 6 different colors in chairs that makes waiting on car service, auto parts, or waiting your turn to talk cars or trucks with a salesman or any other business you want to discuss with management or bookkeeping, or just cooling off from outside heat a comfortable pleasure.

(3) Six offices are surrounded by glass walls, allowing any personnel to see who is in and at what station when they are needed. Also from all offices the service department can be viewed to see how full it is and beautiful cars can always be seen from all offices, cars to suit your taste in color, size, style, price and any transportation need.

(4) We have ELEVEN telephones and FOUR different communication systems for the best possible contacts with all different departments and personnel. Our telephone system has the Roll-Over system whereby you dial 452-6444 and if that number is busy it automatically rolls your call over to another number and you don't even know you did not get the number you called. If both those numbers are busy it automatically rolls over to another number and your call still goes through without any hesitation or confusion in reaching Wells Motor Co. On the same 11 telephones we have an intercom system whereby we can talk from any one of the 11 phones to any other of them and this without tying up any phone service that you may wish to use in calling in town.

We also have a loud bell system with our own code system so if certain personnel are not in reach of a phone they can hear their BELL code and it signals to them to get to a phone that someone wants to talk to them.

Then we have THIRTY inter-office intercommunication systems so that all areas of our operation can be talked to from central stations. The personnel called on this system can answer back without stopping whatever they are doing. They may be under a car or across the shop but their voice will be picked up and sent back to the center without their touching a button or even getting close to the speaker. The parts manager can talk the same way with each mechanic to get and give information about parts needed and about cars being repaired. This saves many hours and many steps for both mechanics and customers and parts men. The parts manager can also talk to the Wholesale parts house on Butler Ave. the same way. They can answer our questions without putting down whatever they are doing. This eliminates time on phones.

We have weather protected cover for 86 cars at one time, new, used and customers cars.

Our parts department has been increased 400 per cent in the remodeling program. This will allow better and faster service to our customers.

We are reversing the SERVICE DEPT. EXIT and ENTRANCE. This will MUCH, MUCH improve the log jam of getting into the Service Dept. All service customers will now ENTER from MAIN ST. and they have a 96 foot drive before getting to the Service Manager to write up the repairs desired. This 96 foot entrance allows several cars in line before street congestion.

We have put in TWO new hydraulic car hoists to better serve customers and speed up the work of the mechanics.

Our building will have a 3 foot high Red Plaid FACIA band all across the south and east side where the white paneling is now. Our name will be in the Facia and the color contrast will greatly improve the appearance of the building. This Facia is furnished by Chrysler Corp. and may be a few more weeks getting here.

Our building is set off by a liberal supply of North Carolina River Boulder Stone panels. Colorful stones from North Carolina rivers to Avon Park building walls has caused a lot of favorable comment. We are happy to convert a run down service station to a modern building on Main St. and downtown Avon Park. This improving Avon Park, Wells Motor Co. and all Highlands County.

NOW WHAT MAKES IT TICK

F. Ray Wells (President and Dealer) has been on this corner 42 years. Eleven years working for his brother Mr. J. Lawler Wells, who was killed in an accident in 1941. Since that date he has owned the Wells Motor Co., purchasing it from his brother's estate.

In 1960, Wells Motor Co. was incorporated and at the present time there are four officers and four stock holders. Jane H. Wells is First Vice-President and a stock holder, Kenneth R. Wells is also a Vice-President and a stock holder. Stanley H. Wells is Secretary and Treasurer and also a stock holder. The latter two are sons of the president and first vice-president. They are purchasing corporation stock as fast as they can make arrangements for it.

SALES MANAGER - J. HARMON ATKINS

Mr. Atkins has worked as hard as any one man could work for 24 years. He sells cars all day and his wife says he keeps on selling cars half the night in his sleep. He has won a host of friends by showing a real interest in over 2,000 customers since he has been with us and they like the way he TELLS IT LIKE IT IS. No high pressure, no tricks, but real interest in the customer getting just what they need and what they want.

SERVICE MANAGER - KENNETH R. WELLS

Kenneth graduated from Nashville Area Diesel College in Nashville, Tenn. There he got his degree and a lovely wife, too! He has a great host of friends as he meets problems and customers with a sincere smile. He has an unusual knowledge of advance Auto Technology and loves to solve the difficult auto problems. He is serving his 12th year at Wells Motor Co.

SHOP FOREMAN - DONALD (Donkey) ARNOLD

Donald has near 15 years service here and started as a school boy after school and Saturdays. With only on the job training, he is recognized as one of the best mechanics in the state.

BODY SHOP - JAMES LYONS

James has worked here 18 years, most of that time working with his brother, Joe Lyons who worked here 34 years and was forced to retire after several strokes. You can count on James!

OFFICE MANAGER - MOZELLE ARNOLD
Mrs. Arnold has worked in the accounting department 16 years making our debts and credits balance. She is also an on the job trained department head. Her work is one of the most complicated you can imagine with all the factory requirements, government red tape and a growing business, too. She has won many awards from Chrysler Corp. for her promptness and accuracy in doing her job. TAIN'T EASY!

PARTS MANAGER - MICHAEL HOBBS

Mike is moving into 400 per cent larger parts space than formerly and is learning fast why Mr. A. Milford Dilley wanted to retire after only 27 years on this same job. Call Mike. He'll help you!

BUSINESS MANAGER - STANLEY H. WELLS

Stanley after 6 years and also a graduate of Nashville Area Diesel College, is the youngest Department head possibly in the state. He handles his job most efficiently and can fill in for any department head when sick or on vacation except the office manager. Stanley took bookkeeping but it took too long for him to figure out the 100 different forms and reports required now. He has never been known to sit down on the job even for free coffee.

SALES ASSISTANT - HAROLD (Bud) WORDEN

Bud may be just a part time worker BUT you better not drop him a hint that a new or newer car would be nice to own or you will find he will prove to you that you can NOT AFFORD NOT to trade NOW. Selling most of the last 18 years.

AUTO INVENTORY MANAGER - ROGER LA BLANC

(4 years)
Have you noticed the tip-top appearance of the cars you get at Wells Motor Co.? Clean in every detail and ready to enjoy. Roger "Take a bow". He is not happy unless you are happy with a car he gets ready for you. Roger does it right!

PART TIME BOOKKEEPER - MRS. MARY BASS

The most excited member of our gang about the beauty of our new offices, displays and equipment is Mary Bass. She is new, she is part time, BUT Wells Motor Co. is a better place to do business because she is here. Come meet her.

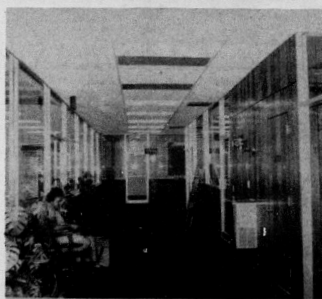

Many more with shorter periods of employment all help make this place tick. We are sure you will enjoy doing your auto business with Wells Motor Co. more than ever now.

Also a BIG THANKS to J. Lawler Wells and his BIG "T" Tire business who moved across U.S. 27 (still on Main St.) to make all this remodeling possible. Remember Big "T" also.

Please listen to Radio Station WSEB every weekday at 8:35 am for inspirational religious music. We get many thanks from all over the county for bringing people what they want to hear and regularly. Please enjoy the Religious Music daily 8:35 am on WSEB Radio.
