CAPS, PINS, and corsages were presented to five local women for their outstanding work with The Walker Memorial Hospital Auxiliary Monday night. Left to right: Mrs. Helen Good, Mrs. Virginia Church, Mrs. Allene Howard, Mrs. Dorothy Shelton, Mrs. Alice Murch and John McClelland, Hospital Administrator.

BY STAYING OUT of the hard hat or working areas, Avon Park Rotarians, under the leadership of John McClellan (center) Hospital Administrator, were taken on a tour of the new addition to Walker Memorial Hospital. They paused to look at uncompleted rooms and overhead con ducts for air conditioning, electrical, water and heating.

Rotary Club Tours Hospital

Following the regular Avon Park Rotary Wednesday Noon luncheon meeting, which was held at Walker Memorial Hospital, John McClellan, Hospital Administrator, explained safety precautions necessary for taking a group of visitors through the construction area.

John started the club member tour at the north entrance of the new building staying in the corriders out of the hard-hat work area. This new two story wing will have room for an additional 120 beds while the present south wing has 96 beds.

Other facilities to be housed and used in this new wing are: three new operating rooms, with an intensive coronary care recovery area, physical therapy area, central service or supply, pharmacy, kitchen and cafeteria, and a new administrative area and records office.

The south half of the new wing has been designed to accommodate an additional four stories as sufficient pilings have been driven to support this extra construction when needed. The work or mechanical area for air conditioning equipment, electrical and water lines is located between the first and second floors for each access.

Funds for building were obtained under the Hill-Burton Act and from other sources. It is estimated that an additional $80,000 is needed to equip the rooms with beds, furniture, drapes, communication systems and other items. By payroll deductions the hospital emplovees have contributed $7700. Volunteer Pink Ladies have secured $10,000 in pledges, while another $20,000 has been pledged from other sources. Anyone wishing to fully equip a room will have his name placed on the door of the room.

Tag team action fills the semifinal spot with Bob Orton and Joe Nova going against the team of Hiro Matsuda and Bob Griffin.

From Aukland, New Zealand, Tony Garea wrestles the biggest man on the card, Redbeard, who scales 275-pounds.

Action opens at 8:30 with a match between Bob Orton Jr., and Black Bart.

Red Cross Fund Drive Underway

Extensive plans for the September Fund Drive was the subject for discussion at the Monday, Sept. 11 meeting of the Highlands County Chapter of the American Red Cross. Mrs. William Dunn of the Fund Committee outlined the plans underway which begin with a $15,000-goal to underwrite the year's work in Highlands County. Mrs. Dunn stated, "If every man, woman and child in the county gave only fifty cents toward the Drive, our extensive county-wide work program would be amply financed. We air to involve the entire county in the Drive as well as in the program of the Red Cross."

Among the activities planned for the September Drive are a blockade of strategic points around the county, a barbeque and an all-day telethon to be held in the gymnasium of Sebring Middle School on Sept. 30. The telethon will be sponsored by radio stations WAPR and WSEB and will be enlivened by bands, orchestras, special combos as well as other live entertainment. An auction of merchandise donated by merchants in Avon Park, Lake Placid and Sebring will be conducted throughout the day.

The Barbecue is planned for the same date, Saturday, Sept. 30 and will be held in the Avon Park Armory, all proceeds to go to the Fund Drive. Mr. Guy Adams, Avon Park, a member of the Finance Committee which is organizing the Fund Campaign, stated, "The barbecue, held in the Armory here, will afford the people of Avon Park a handy place to show their interest in success of the Fund Drive."

Fred Conner Retires From Police Force

After almost eighteen years of service with the Avon Park Police Department Sgt. Fred Conner has retired from this position. He will continue with his work with the United Telephone Company.

Sgt. Conner was sworn in by City Clerk Malcolm Crews in April, 1955, as Avon Park's first colored policeman, possibly the first in any small town of this area. He has served with distinction through the years, winning honors for himself and his department by his conduct and ability. Interestingly Mayor Barben who is over the police department was serving as a member of the City Council when Sgt. Conner was employed.

Sgt. Conner served under four police chiefs, L. F. Harrison, Claude Carroll, Earl Gordon and Ferland Cribb. He is a graduate of the 200 hours Florida Police Standards Course and has varied experience with all types of police work. In recognition of his ability he was promoted from Patrolman to Sergeant in 1968. He has been an active supporter of all youth programs, particularly in athletics.

Sgt. Conner's resignation was accepted with regret by Chief Cribb who expressed his disappointment at losing a man of his caliber from the force. The good wishes of his many friends go with him at this time.

This remarkable plan is designed to offer a completely new and simple concept of reading the Bible for personal or family participation. A beautiful white-bound, Red Letter Edition of the King James version of the Bible will be presented without charge to any person over 14 years of age, who wishes to participate in this program.

In addition to a complete Bible, (with every word Jesus spoke printed in red), this edition also contains a Concordance, and an entire list of special helps on Biblical gegography, plants, weights and measures and many more subjects necessary to a clear understanding of the meaning of what is read.

With this valuable edition of the Bible, the reader will receive the first two in a series of short study guides which will teach the simple and easy way to quickly find the subject desired. Two guides will be sent each week until the series is complete. These study guides are the means to a new experience in reading the Bible.

When the course is completed, you not only own this truly beautiful edition of the Bible, but possess the keys to the comfort, inspiration, and answers that the Bible offers. No previous familiarity with the Scriptures is required in order to participate in this program, it costs nothing, but a few moments of time each week for a short period and the rewards are beyond estimation.

To receive your free edition of the Bible, please write Gift Bible, P.O. Box 1313, Orlando, Florida 32802.

Cross Country Track Meet Today

Coach Chet Brojek's Avon Park Red Devil Cross Country team opens its season this afternoon (Thursday, Sept. 21) with a six-team home meet. Haines City, Mulberry, Sebring, Kathleen, and Ft. Meade will run against the host Devils starting at 6:15 p.m. The cross country course, which is 2½ miles long, is located just east of the new high school on Canfield St.

The Red Devils are led by co-captains James Brown and Eugene Sneed, both juniors. Brown is the school two-mile record holder and Sneed is the cross country record holder at 2½ miles. Sneed is also the district individual champion from last season.

The two captains are backed up by a host of newcomers to this fall sport. Reid Wall, Curtis Foster and Bruce Trescott round out the top five. Wall is a junior, Foster is a sophomore and Trescott is a senior. Promising newcomers in positions six through ten are Doug Fletcher, Jonnie McMillian, Roger Barnes, Frank Anderson and Raleigh Turnbull. The squad is completed by more fast improving young harriers including: Scottie Thompson, Walter Newton, Noel Braithwaite, Robert Padelford, Ronald Hicks, Eric Simpson, and Fred Starr. Several others, who have just reported out and who will be ready in a week or so, include Scott Smith, Jackie Roberts and Eddie Williams.

The Devils will also run on Saturday as they take part in the Second Annual Cypress Gardens Invitational in Winter Haven. Coach Chet Brojek has been pleased with early workouts and the goodly number out for the team. "I would say that with twenty boys out at present for the team, cross country has come into its own at Avon Park," stated Coach Brojek.

Next week on Thursday the Devils will run in Sebring against the Blue Streaks and will be home again the following week, Oct. 5.

All "old settlers" are invited to bring a basket lunch to be spread at noon on Oct. 26, in Wesley Hall at the First United Methodist Church.

BRUCE HUNT'S first period seventh grade Social Studies Class at Avon Park Middle School is eagerly working on its class project. The forty students are building models of cities they have planned. In order to make the plans and models, the students must use much of the knowledge they have learned in class about cities. The projects, plus papers written about the city, will be put on display in the school trophy case on Oct. 2. The public is invited to view the projects. Mr. Hunt is looking over the models being assembled by Patricia Andrews and Kim Wynn. (left to right). - Photo by Sharpe

Local Resident Electrocuted In Accident

Mrs. Minnie D. (Estelle) Bundy, age 40, was accidentally electrocuted in her home on Rt. 2 in Avon Park last Tuesday, Sept. 12, during the afternoon hours.

According to spokesmen from both Highlands County and Hardee County Sheriff's offices the accident was caused by an apparent short circuit in an electric buffer.

Chief Deputy Earl Smith of the Hardee County Sheriff's Office told the Avon Park Sun that he received the call at approximately 3:41 p.m. and responded to the report. He stated that the victim was in her bare feet, buffing the living room floor with water and cleaner on the surface. She apparently was stepping through the water as the electric machine short circuited causing her to be electrocuted.

The Highlands County Sheriff's officers were on the scene first at the request of Hardee County officers who had no ambulance near the scene.

Thurman Haywood told the Sun that they responded to the scene and found the subject had been moved from the floor to a couch.

He stated the husband had been taking a nap and when he awoke he found his wife on the floor. He touched her and was also shocked. He apparently fell backwards and pulled the plug from the wall socket, which saved him from the same fate.

The woman was dressed in a blouse tied at the breasts and shorts. The body was burnt on the lower left portion of the chest to the right hip bone. Thurman stated "We did everything we could."

She was taken to Walker Memorial Hospital where she was pronounced dead on arrival by attending physicians.

Chief Deputy Smith stated that Dr. G. W. Buntz was the first to examine the body as it arrived at Walker Memorial Hospital. Also at the hospital, Dr. R. Caso performed an autopsy and stated the victim had a cardiac arrest due to an electrical shock.

The Hardee County Sheriff's office, after investigation, ruled the incident as accidental death.

Minnie Bundy is survived by her husband, Richard L. Bundy who is employed at Carlton-Melear Dairy, which was formerly Walter Mandis Dairy, and six children three boys and three girls.

Mrs Bundy Buried In Pike Co., Ala.

Mrs. Minnie D. (Estelle) Bundy, age 40, passed away suddenly Tuesday, Sept. 12, around 2 p.m., following an accident at her home.

Mrs. Bundy was born at Kinston, Ala., and had been living in Highlands and Hardee Counties for about 11 years. She was a fruit packer, house wife and mother. The Bundeys have been employed by the Carlton-Melear Dairy, which was formerly the Walter Mandis Dairy.

She is survived by her husband, Richard L. Bundy, Avon Park; three daughters, Bessie, Linda and Oma Lee; and three sons, James, Danny and Tommy, all at home. Her mother, Mrs. Ruby Lee Duffell of Graceville, Ala.; five brothers, Charles of Bonifay, Cecil and Calvin of Graceville, Leon and Robert of Tarpon Springs; four sisters, Juna Dawkins and Viola Flowers of Tarpon Springs, Sarah Frances Bush of Bonifay, and Wynell Prescott of Lake Placid.

Funeral services were held at Hayes Funeral Home, Elba, Ala., on Saturday, Sept. 16. She was laid to rest in Center Ridge Cemetery, Pike Co., Ala. Stephenson-Smith Funeral Home in charge of local arrangements.

Shop Equipment Arrives

James Sickles head of the Avon Park Middle School Industrial Arts Department proudly announced last week that all of his new major shop equipment has arrived. Among the machinery purchased from County School Board Funds and last year's candy sales profits were a scroll saw and a table saw. Because of the additional equipment, more effective instruction can now be offered in Industrial Arts courses such as woodworking, leather craft, printing, and furniture refinishing as well as general shop.

Since the equipping of the new high school Industrial Arts Shop stripped the old facilities at the Middle School, it has taken some time to replace an adequate inventory of machinery, tools, and materials. There are still some items in desperately short supply. Sickles has stated that community response to these needs would be greatly appreciated. Items which local citizens may wish to contribute are new or used hammers, screw drivers, nails and screws of any description, saws, planers, paint, varnish, brushes of any size and any type of portable power tool. If anyone would like to contribute some of the above items, they may be left in the main office at Avon Park Middle School or arrangements can be made for picking them up by calling 453-3182.

Avon Park Middle School Has 822 Students Enrolled

We are over two weeks into September and school is well under way. This year Avon Park Middle School has an enrollment of 822 students in grades 5-8, making it the second largest school in Highlands County. With classes assigned and textbooks issued, students are settling into new habits and routines of learning. Elmo Roberts, Principal of AVON PARK MIDDLE SCHOOL has stated that student attitudes and discipline have been superior to date and he expects no change. Students this year are occupied with academic subjects such as language arts, mathematics, social studies, science, reading and health. All students spend about five hours per day studying in these areas. In addition, each child must take art, music, physical education, home economics and industrial arts.

Since the middle school philosophy is based on the individuality of each student and the self-expression of his personality, 50 minutes each day are allotted to what is called Interest and Enrichment. This is the time when each child chooses some non-academic activity in which he can explore new hobbies, interests, or sports. Offerings for the first nine weeks of this year include typing, girls softball, intramurals, band, journalism, arts and crafts, recreational games, bicycle, Bible study, modeling, basketball, golf, cooking, photography, girl talk, leather crafts, volleyball, geography and travel, current events, chess, Black History, French, Spanish, ham radio, chorus, rhythm band, nature study and also directed independent study.

With the addition of new teachers and new programs of study as well as the extension of successful old ones such as Special Education and the Learn and Earn program, Mr. Elmo Roberts and Mr. Ernest Sims, Assistant Principal, along with the Faculty and Staff are looking forward to an exciting and highly successful year. They wish to urge anyone having questions pertaining to the middle school and its program to call or visit the main office at any time. The school and its employees always have time for interested parents and citizens.

A notice was received from the Department President, Adeline Steiger, stating that the Mid-Winter Conference would be held Jan. 5, 6, 7, at Daytona Beach. Obstetrician Speaks To Junior Women On Sex

The Junior Women's Club of Avon Park started its new year with the first meeting, Tuesday, Sept 12, 1972. Eilene Martin, president, called the meeting to order and introduced the guest speaker, Dr. William M. Hardman. Dr. Hardman is a Gynecologist, Obstetrician from Lake Wales. He spoke on Sex Education in the schools.

This was a most interesting program and a good many questions were asked.

The business meeting was held following the guest speaker Lois Sachsenmaier gave a short devotional and lead the group in the flag salute.

Roll call was taken with each member presenting their gift to Nancy Lawhon to be sent, one or two each month, to the girl the club sponsors at the Sunland Training Center in Ft. Myers. The club also sends her canteen money for postage to send these gifts, a homemade cake drawing was held. Mrs. Betty Hart was the winner and she will be responsible for the goodies to be sold next month.

Halloween was discussed and the club was told the Elementary P.T.A. will be in charge of the carnival with the club still having the parade, coke wagon and cake walk. Mrs. Myrtis Guerndt will be heading up the floats, cars, clubs, etc. Watch the paper for more on the parade.

Club members will be selling two-year purse calendars and note stationery. These each make very nice teacher gifts, or office gifts for the coming Christmas season. Any member may be contacted to place your order with or you may contact Mrs. Freddie Sachsenmaier, chairman of this sale.

The fast approaching Follies were discussed and a planning meeting was set to start the real worek and to ready the Junior Women and all of Highlands County for these follies.

Arlene Tanner gave a report on Junior Night, which was held in Haines City on Aug. 24. Several members attended from the Avon Park Club. A great time was had by all and we hope someday to be able to hold Junior Night here in Avon Park.

The Executive Board Members were the hostess for the evening, with homemade ice cream and cookies being served.

It's A Woman's World

By Faye Gordon

During these hot summer months, even if you don't have air conditioning, there are measures you can take to help make your home a little more comfortable.

Take advantage of the cool night air. It can keep your house cool well into the day if you close windows and draw blinds or curtains in the morning. This prevents the warmer air from entering and the cooler air from escaping or being heated by the sun's rays. Later, as the house heats up, you can open the windows for circulation.

Try to shade windows from direct sunlight because considerable heat passes through windows that are so exposed. The use of awnings, curtains, draperies, and blinds will reduce this heat gain. Awnings offer the additional advantage of not cutting off the air flow when you open windows. Trees help too in offering shade.

Utilize window and other fans. When a window fan is being used to bring air into the house, it should be placed in a window on the coolest side of the house. When it is used as an exhaust mode with an open window on the other side of the room to create cross ventilation, the intake window should be on the cool side of the huuse. Small fans also can be used to keep air circulating.

When cooking, use the appliance that heats up your kitchen less. Depending on the food to be cooked and the length of cooking time needed, determine if your insulated oven, covered electric frypan, or range surface unit is most advisable. When doing surface cooking, be sure to use the size pan that fits the unit and doesn't allow heat to escape into the room around the edges. When the boiling point of liquid is reached, switch to the lowest heat possible to maintain boiling. Use lids on saucepans to keep steam from escaping into the room. Vented hood fans should be turned on to remove excess steam or heat from the cooking area. After completing oven cooking, do not leave over door ajar. This adds an excessive amount of heat to the room (however, in the winter you may wish to leave the door ajar in order to make use of the heat).

Check the rubber seal on the door of your refrigerator or freezer to make sure it is in good condition. If it is not, the refrigerator or freezer may not be airtight, and this can force the compressor to work more often and generate additional heat. Turn off lights, especially high wattage lights, when they are not in use. Also, be sure to turn off appliances, radios, television sets and record or tape players when they are not being used.

Finally, if you are planning to paint your house, consider a light colored paint. This will reflect the sunlight better than a dark colored one. Similarly, if you are going to have your home roofed, choose the lightest colored material available.

Here we are again with a few news items for our loyal readers. Mr. and Mrs. Walter Coady have as their guests for a few days, their niece and nephew, Mr. and Mrs. Ulderic Lucier from Ruthland, Vermont. They are enjoying touring Florida and plan to go to Disney World this week, then head back to Vermont.

We are glad to see Mrs. Gladys Geib back in the park. She says she had a most wonderful summer but is so happy to get back home. We are very proud of her because she made the long trip from Ohio to Florida alone in her car.

Also, Mr. and Mrs. Harry Jordan arrived at their home this week from Hendersonville, N. C. They both look fine and Harry had the job this summer of distributing mail among the folk in the park where he lives in N. C. They had lovely weather during the summer. Their plans are now to stay at Avon Mobile Home Park the year around. We're all for that.

Mrs. Jennie Fouty is back home from the hospital in Gainesville and is feeling much better. We want to say "Happy Birthday" to her as today, Sept. 17, is her birthday." We hope she has many more, and that her health will steadily improve. One thing for sure - she has a fine nurse - Arthur!

Rosa Bennington is still in Walker Memorial Hospital but we hear she is better and hope to see her home very soon.

Lawrence and Ruth Robinson should be pulling in the park around Sept. 21. Larry has to stop over in Gainesville for an eye examination. Also, they plan an overnight stop in Nashville, Tenn. to see the "Upper Room".

Activities center around the shuffle court each evening. As soon as the sun recedes a little and the breeze starts up, the men and women gather for a few games. We have had beautiful and pleasant evenings all summer, for which we are thankful, outside of a few gnats, that is.

Mr. and Mrs. Charles Brush had as guests over the weekend, the son and daughter-in-law of Mr. Brush, Mr. and Mrs.

Albert Brush from Virginia Beach, Va. Also, Mr. amd Mrs. Don Longanecker from Orlando.

Register For Punt, Pass and Kick

There are just five days remaining for boys in Avon Park to register for the local Punt, Pass and Kick Competition, Bill Owens, local Ford dealer sponsoring the popular youth activity in this area, said that registrations will be taken through Monday, Sept. 25. The PP&K Competition in Avon Park will be scheduled very soon, with the actual date and place to be announced shortly.

"Although time is growing short", said Owens, "any boy 8 to 13 years of age can still compete. All he needs to do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition up to and including the National Finals."

The Ford Dealer pointed out that 1st, 2nd and 3rd place trophies will be awarded in the local competition in each of the six age groups. Increasing the boys' chances of winning one of the 18 trophies is the fact that each boy competes against other boys his own age. And since there is no body contact, a boy's size is not as important as his ability to punt, pass and place kick for distance with accuracy.

"Winners can keep right on going up through the Zone, District, Area and Division contests to the National Finals," Bill Owens added. "It's possible that one or more of our Local winners could wind up in the Finals, which this year will be held at the Pro Bowl Game in Dallas on Jan 21. That means an all-expense-paid trip for the contestant and his parents, a special tour of fabulous Dallas, Texas, a Banquet of Champions celebration, and the chance to meet some of the top professional players and coaches.

"Registering for PP&K right now in our dealership could mean all of that for some youngster or youngsters here in Avon Park, but they should register right now," the dealer concluded.

When he registers, each boy gets a free PP&K Tips Book. It contains helpful pointers from the pros on punting, passing and kicking. In the '72 edition are suggestions from NFL stars Dave Lewis, Roger Staubach and Garo Yepremian, plus Coaches of the Year Don Shula and Tom Landry. Complete PP&K rules and suggested conditioning exercises for contestants are also included.

This is the 12th anniversary year for PP&K. From its inception, the youth activity has been sponsored by the Ford Dealers of America and the National Football League. In that time more than 8,000,000 boys have taken part in PP&K, making it the largest and fastest growing activity of its kind in America.

APCI Nursery

"How We Grow Them"

by Jim Kiser, inmate

September is giving promise of adequate rain. With such a water shortage in the area, we are fortunate in having artesion wells for our water supply. We use a great quantity of water here at the Nursery and any shortage would create a serious problem. Ten acres is a large area to water when it is so fully planted.

The gladiolus bulbs will all be removed this month. They will be cleaned and then dried for six to eight weeks. Before replanting, I will place them in refrigeration for 30 days. I want an earlier start this year and I hope for a better blooming season before the weather becomes too warm. It is not necessary to remove gladioli every year, but I would recommend that you lift them into a freshly prepared bed or remove them long enough to renew their present bed.

PALM SEED: Many palm seeds are now ripe and ready for planting. These can be planted in individual pots, or in flats. Cover the seeds with 1 inch of soil. They may germinate in a few weeks or a few months, depending on the variety. If they are slow, be sure to protect them from any cold weather. When they are 1 inch to 2 inches high, pot them in any good soil that has been mixed with 50 per cent manure. Let them grow to about 10 inches, then plant them out to their final location. Or they can be enjoyed as house plants until they become too large or until they seem to be in need of outdoors. Around existing palm trees you will often find young plantlets coming up; and these, too, can be potted by lifting them gently and placing them in pots.

ROSES: Speed up repeat-flowering of roses by cutting off the old blooms. Do this as soon as the blooms start to fade. November through January is the time to plant new varieties of roses, and the time for moving existing plants. If there is excess shade because of a large tree, change the location of the roses. They should have half-day or full-day sun. Morning sun is preferred.

CALADIUMS: Tubers should be dug in the next few weeks. Store them in dry peat, or sand, in a frost-free location for the winter. We have many caladiums that have been in pots all summer and I start drying these by turning the pot on its side for a few weeks. You can leave tubers in the ground through winter; but, if you want to increase the number of plants, remove the larger tubers and cut them into pieces like a potato. Be sure that each piece has one good bud. Our caladiums have been a source of pleasure this past year, and they've required no special attention.
