The Keyettes of the Avon Park High School have set April 30 as the beginning of Keyette week, which ends on May 4.

Monday begins with "Poster Day" announcements and devotions. Tuesday is "Baby Day", when the Keyettes will dress as infants or small children and waddle or toddle to class. On Wednesday the Keyettes have planned a Fashion Show for all the girls, with fashions from the Indians to suits of the future. Also on Wednesday the Keyettes will ride bicycles to school—so those of you who drive—beware! An after-school social for the teachers is the activity for Thursday, before the week ends on Friday. The Keyettes have an assembly planned for the students on the last day of "Keyette Week". This week should be really exciting, so keep your eyes open for these busy Keyettes.

The most recent service project of the Keyettes was taking Easter baskets, filled with candy and eggs, to elderly people in Sebring and to the Youth Care Home. The Keyettes will be doing several more projects before this school year ends.

TOWN TOPICS

by Eloise Sharpe

453-4351 453-4355

This is the most beautiful time of year, in Avon Park, as our "Mile Long Mall" is blossomed out in the pretty lavendar blooms of the Jacaranda trees, from which we derive our name, "The Jacaranda City". These picturesque trees stand out all over town like a mass of purple haze. Before the blooming season is over for these magnificent trees, the tree and the area beneath, will be covered with the soft lavender blooms. In years past, many beautiful Queens and handsome Kings were crowned in ceremonies beneath these trees, with the blossoms cushioning their footsteps. Local residents will be seeing, and gasping, at the beauty of the Jacaranda on the Mall and in yards throughout the city, but thought I would remind and share the beauty of these trees with old timers and former residents of our wonderful "Jacaranda City".

Queen For A Day

Last Tuesday night, April 17, a bridal shower was given in honor of Martha Brooker of Sebring, who is now Mrs. Michael Lewis of Xenia, O., at the home of Mrs. Marjorie Cook of Avon Park.

The theme was nicely set as the past TV program, "Queen For a Day". The four hostesses, Miss Dorothy Williams, Mrs. Marjorie Cook, Mrs. Pauline Bigbie, and Mrs. Angie Miller, did a lovely job in making the re-lived program a success. Everyone was to write out their reason for why they thought they should be queen. There were some pretty sad tales, but the final winner's reason was "Because Michael is a King." It wasn't hard to figure out that this was Martha's so naturally she became the "queen for a day". A robe, crown, and bouquet of roses were given to her as she was made ready for the special throne and then given all the gifts she rightfully won. The main type of gifts received were linen. The hostesses all gave her a complete bedroom linen set, including blankets.

The refreshments were appropriately done with the nut cups as crowns, and the small cupcakes each topped with a crown. The centerpiece was a beautiful castle made of marshmellows, put together with icing and ice cream cones iced over with frosting for the towers of the castle.

Martha is the daughter of the Rev. and Mrs. Leland Brooker, 842 Eucalyptus, Sebring. He is the pastor of the Southside Baptist Church, Sebring. Some of the out-of-town guests at the shower were: Mrs. Herman Lewis, mother of the bridegroom, and Mrs. Kent Harbison, sister of the groom, both from Xenia, O.

For another exciting event on the way to becoming Mrs. Michael Lewis, Martha will surely not forget being "Queen for a Day!"

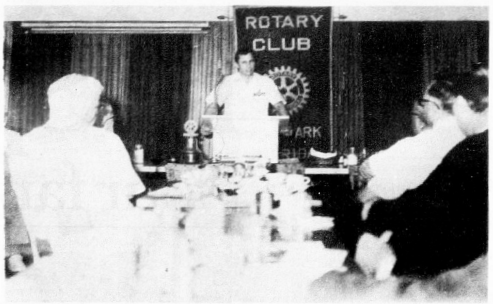
Former POW Speaks At Rotary



PRISONER OF THE North Vietnamese Communists for six and one-half years, Lt. Col. Louis Makowski, a native of Hardee County, told the Avon Park Rotary Club how it was, with solitary confinement, torture, poor food and propaganda. Lt. Makowski stated that the only thing the Communists understand is FORCE and that the heavy bombing with B-52's was an important factor in obtaining the release of prisoners. - Photo by Sharpe

Norris Brooks introduced Lt. Col. Louis Makowski, a native of Hardee county and in the introduction Mr. Brooks told the club that he had been a friend of Louis and his family for many years and that it was a pleasure to have him speak to the club.

Colonel Madowski started his speech by telling the club that he had called Mr. Brooks and asked if the club was serving cabbage or pumpkin soup with pig fat and if they were he couldn't come since this was what the communist fed him while a prisoner for six and one-half years. He paid tribute to the Rotary Clubs all over the world and praised them for trying to foster peace and understanding in other countries all around the world. He stated that it was most important that we learn to get along with people, not only in this country but in other countries throughout the world. His speech covered two areas "How are we going to establish peace and understanding with a country like North Vietnam, controlled by the Communists" and "The importance of Fostering Good Citizenship".

Makowski entered the Vietnam War on Sept. 1, 1966, and his plane was shot down on Oct. 6, just north of the Demilitarized Zone. The pilot was rescued, but Makowski was captured. It took the North Vietnamese 30 days to get him from where he was captured to Hanoi, a distance of a little over 300 miles. He walked over half of the way and rode on the back of a truck the rest of the way. In every village they went through he was placed on exhibition and the people were told that he was their enemy. He was tortured by the villagers and they would have executed him on two occasions if it hadn't been for the guards. The North Vietnamese peasants have nothing and never will as long as they are under the Communist rule. They tortured him upon his arrival in Hanoi for military information and put him in solitary confinement for almost two years. During the time he was in prison the communist party gave them all kinds of propaganda and piped this information into their cells. He stated that they are dedicated to overthrow the world and that they could never be trusted. Makowski stated that what he had to say was not dictated by the military or the government and he could speak on any part of his imprisonment.

He stated that once the United States started heavy bombing with B-52's that the Communist realized that it wouldn't be too long before they would have to release the prisoners and at this time they started feeding the prisoners better and started getting them ready for their release. He said the only thing that the Communists understand is force and the bombings were the most important factor in their release.

He stated that the only thing that kept him going was his faith in God and the United States.

After his speech he answered questions from the floor. One question that was asked him was his opinion of Jane Fonda and other people like her. He said that these people did not help them and if anything made matters worse.

Another question asked him was what he thought of giving money to North Vietnam. He stated that if the money could be used to rebuild schools, churches and other such activities then he would be for it but not to give the money to the North Vietnam because the Communists would only use this money to foster Communism.

After his speech the club stood and gave him a wonderful ovation for coming over to tell us first hand what happened while he was a prisoner.

I just wish everyone in Avon Park could have heard this speech. I am sure that it would help them to renew their faith in God and Country.

Mr. Brooks introduced his son Captain Robert Brooks who will leave with his family for England to be stationed for four years. Captain Brooks is a pharmacy officer in the Air Force and will be in charge of a clinic pharmacy while in England.

HAPPINESS IS—Living a full contented life, as Arthur G. Fisher does as he flashes a happy smile while celebrating his "91st" birthday. - Photo by Sharpe

Fisher Honored On 91st Birthday

Arthur G. Fisher, who lives at 20 N. Summit, Avon Park, was honored on his "91st" birthday, Wednesday, April 18, with a party at his home. Friends and neighbors brought a birthday cake (complete with one candle, representing his 91 years), which was inscribed with "Happy Birthday Arthur". Ice cream was served along with the cake.

Mr. Fisher came to Avon Park from Ohio in 1959. He has a daughter, Dorothy Keller, who lives in Baltimore, O., also two granddaughters, who live in Baltimore and Lancaster, O. His wife, Lulu Fisher passed away Oct. 17 of last year.

This silver-haired man was so appreciative of the friendship and thoughtfulness of his friends, for remembering him on his birthday.

When I asked this gentle man, to what he contributes his good health and long years, he said, "The Lord's Will, working hard and the nice Florida weather." He was a dairyman, and said he worked many days 16-hours a day, proving the old adage, "work never hurt anyone".

Mr. Fisher spends quite a bit of time reading (which he enjoys) and doesn't wear eyeglasses, (and never has) being blessed with good eye sight. Even at the advanced age of 91, Mr. Fisher's hearing remains keen. Asked about this, he said: "I have no hearing aid, and I'm thankful that I've never needed one."

He still walks down town several times a week, enjoying lunch at the drug store. At other times he cooks for himself at home. We would like to add our congratulations to the many Mr. Fisher has received on this important milestone in his life.

Letter To The Editor

Editor Sun:

In reply to letter in your newspaper from Luke T. Sellers as printed last week, permit me to pass on the answers to questions raised in his comments.

First of all, the City Hall is 43 years old and I believe a few minor alterations to make it more servicable to the public are in order. City Council meeting room is being changed to a room 60 percent larger which will accomodate adequately those wishing to attend Council meetings. The main item of cost is air conditioning this room. Air conditioning seems to be a modern day necessity for any business.

Secondly, Mr. Sellers lives on a paved street. What he really wants is a paved drive or parking area in front of his apartment. The post office regulations do not permit the mail truck to turn off busy N. Lake Ave. onto a dirt area. In compliance with a request from the Postmaster, the City has paved an area adjacent ot the several rows of apartments for location of mail boxes. Carrier delivery is not yet available in this area. The city does not pave parking lots or driveways at taxpayer's expense for anyone. Mr. Sellers is welcome to have this work done at his expense.

Thirdly, the City is definitely making improvements to our street system. The same budget which included the modest amount for City Hall remodeling included an item of $60,000 for street paving. This is in addition to $25,000 budgeted in our regular annual budget.

We trust the above information will be helpful and suggest any further questions be directed to this office or to any city official.

Little League Season Starts May 5

The Avon Park Little League has started practice for the 1973 season which will open on Saturday, May 5, with a parade and four games at the Little League Field. New players have been chosen to fill out the roster of each of the eight teams. A total of 41 boys were picked from the 161 boys who completed the minor league program.

The Kiwanis team picked up only three boys to fill out the 12 player squad. Greg Kelley, Chauncy Smith, and Randy Hudson were chosen for the Kiwanis team. I. H. Ford also need only three boys to complete its roster. They picked up Jody Dennis, Darwin Ford, and Todd Bennett.

Leon's Sporting Goods chose Jeff Heckard, Jeffery Brock, Darryl Watford, and Leroy Starling. First Baptist Church's team picked up Christopher Collins, James and Michael Knight, Frank Brown, and Eddie Roper. The Avon Citrus Bank squad added Dwight DuBoice, Joey Heatherly, James W. Brown, Anthony Carter, Jim Casey, and David Johnson. The Lion's Club team chose Ronnie Barnes, Michael Barker, Courtney and Carlton Weathers, Tim Salter, and Richard Ward.

Bagwell Lumber needed seven players to fill out its 12 player squad so they picked up David Jackson, Alvin Conner, Bart Murphy, Bill Porter, Keith Porter, Ronnie Jones and Jerry Jones. Rotary also needed seven players. They chose Kenny Cribb, Ben Casey, Kenny Jones, Steve Grice, Arnold Wilson, Dwayne Council, and Radford Jones.

The minor league teams finished up the season on April 17 with the final standings according to actual scores showing the Braves on top with a 5-0 record. The Angels finished second with a 4-1 record tied with the Cards who also finished up 4-1. The Phillies had a 3-2 mark followed by the Astros who were 3-1. The Colts and the Mets were both 2-3 and the Giants and the Pirates both had a win, two losses, and a tie. The Indians finished up 1-3, the Dodgers were 1-4, and the Cubs were 0-5 for the abbreviated season. Actual final standings are not official because some teams played more games than others due to the last two nights of play being cancelled because of the high school team hosting a sub-district tourney. Also there was an ineligible player on one team for a few games before the error was discovered.

However, the 161 boys who finished out the minor league season had plenty of action and learned a lot about playing baseball which is what minor league is all about. Thanks are extended from the parents and the Avon Park Little League Association to all who helped with this volunteer program.

Gas Shortage

time on the situation. We are doing our best to get supplies. We have some indication it will last through September."

Ed Koch, distributor for Phillips 66: "We are on quota but it has been no problem since it is the same as last year. However, it does not allow for increases and we are in a growth state. There have been price increases. As we see it here, the quotas currently are adequate. We understand there will be shortages and some people say it will be a year, two, three years, maybe even five years. You really do not know. There may be some effect from President Nixon's letting down the bars on imports, but it takes time to get things back in the mainstream."

BP Oil Corp. spokesman: "No price increases but we are on quota and we expect more shortages. Our quota is approximately that of our last year's sales."

Gulf Oil Co., Wayne Taylor distributor: "We have not been put on quota yet and there has been no price increase. All I know is what I read in the newspaper. We have had no difficulties whatsoever."

Highlands Amoco station, Cecil Hayes proprietor: "We have been put on quota but there is no problem. The quota was based on our first three months this year and we pumped more gas in that period than ever before.

Watson Texaco, Jesse Watson, owner: "My distributor told me that since I had been in business here 12 years there was no problem for me."

Kel-lee Sunoco station, Lee Leversee, proprietor: "I understand we will be on quota in a week or so."

SuperTest station, Bill Young, assistant manager: "We have run out of regular gas a couple of times, but we have a 24,000 gallon storage tank. When it gets down 8,000 gallons, they bring another 8,000. I have been told we may have problems, however."

Buckeye station, Frank Celentano, proprietor: "The situation really has not affected us. There has been an increase in the wholesale price, but we have no problem getting the product. All we have to do is pay."

Hardest hit by shortages in other areas of the state are independent dealers who are being squeezed out of the middleman's spot in the gas distribution channel as the major oil companies hoard depleted supplies for their own outlets.

His further education includes courses in bookkeeping, typing, finance and business law. He worked for 10 years in three different State and National Banks, holding positions of bookkeeper, teller, cashier and executive vice president. don't waste your energy

Buy the most efficient air conditioning and you'll not only conserve energy. You'll save money.

Hardly anything's more valuable these days than the money and electrical energy it takes to run your home.

Here's how to save both when buying air conditioning.

What type do you need? This depends on whether you intend to air condition your whole house, a major portion of it, or one room.

For one room, you can use a room unit. For larger areas you can choose between a room unit and a central system.

What size unit do you need? This depends on several things. Well shaded, well insulated areas require minimum cooling. As low as 20 BTU's per square foot. (More about BTU's in a minute.)

Unshaded windows and poor insulation can double the amount of cooling needed. A reputable air conditioning dealer will check your home and recommend the proper size and type of equipment for you. Or Florida Power will be glad to help you if you are unable to get the information.

Which air conditioning units are the most economical to operate? Just remember, the higher the efficiency of a unit, the lower the operating cost. There's a simple formula for this.

All air conditioning manufacturers rate their units in terms of British Thermal Units (BTU's). And the electricity required for the unit in terms of watts.

To find out the efficiency of a unit, just divide the BTU's by the watts. The unit that gives the most BTU's per watt has the highest efficiency ratio (EER) and is the most economical to operate.

The more efficient units today produce from 7 to 10 BTU's per watt, so make sure the unit you're considering falls as high in this range as possible.

Take this form with you to your air conditioning dealer.

To determine the efficiency of any air conditioning unit, divide watts _____ into BTU's _____
The higher the result, the more efficient the unit. The more efficient units will produce between 7 and 10 BTU's per watt.

What else should you consider to get the most economical cooling?

First, be sure the system is properly installed.

Also be sure that walls, ceilings and floors are properly insulated. And that air conditioning ducts are tight and well insulated.

Close openings and seal cracks around doors and windows as well as openings into attics and fireplaces.

Use properly sized wiring.

Place the condenser where it can get free air flow. And avoid putting it in your garage or other improperly ventilated areas.

Do these things and you'll have the most efficient and most comfortable air conditioning you can buy, without spending needless money or wasting valuable power.

We want to do everything we can to help, so if you've any questions at all, call or come in to any Florida Power office.

Team Wins Fourth Consecutive Meet

Coach Chet Brojek's Red Devil track team won the Highlands County track meet for the fourth consecutive time last Wednesday afternoon in Sebring. Avon Park scored 83½ points, Sebring took second place with 51½ points, and Lake Placid finished third with 50 points.

Today (Thursday) the Devils will travel to Fort Meade to compete in the Fort Meade - Invitational and next Thursday Avon Park will also be in Fort Meade to take part in the district meet.

Three Red Devils set new county records at the meet in Sebring last week. Reid Wall turned in a 4:44.5 running of the mile for a new county mark in that race. Bruce Trescott tied his own school record and set the new county record in the 330-yard Intermediate Hurdles with a time of 43.0 seconds. James Brown set a new county mark in the two-mile with a 10.45 minute time. Brown also defeated Mike Lewis of Lake Placid in the ½ mile in a duel of the county's top distance men.

The members of the team enjoyed the annual event of tossing Coach Brojek and Coach Harry Williams into Lake Verona to celebrate the winning of the county title for the fourth straight time. Coach Brojek said, "We found it a chilling experience, but one I look forward to each year!"

Trescott was the leading scorer with 12 points. Bruce took first in the intermediate hurdles, second in the pole vault, tied for third in the low hurdles, and ran a leg of the mile relay for a first place.

James Brown won both the half mile and the two-mile for 10 points for Avon Park. Richard Percy scored nine points with a first in the high jump and a second in the discus toss.

Reid Wall added eight points to the Devil total with his first in the mile and a second in the two-mile.

Glen Gray contributed seven points with a leg on the first place mile relay team, a leg on the second place 880-yard relay team, and second place in the long jump. Mike Hagan scored 6½ points as he took second in the 220-yard dash, third place in the 100-yard dash, and ran on the mile relay team.

Arnold Davis finished second in the quarter mile race and ran the last leg of the mile relay for the Devils. Eugene Sneed took second in the mile and third in the half mile. Curtis Foster took third in the 440-yard run, fourth place in the 100-yard dash, and ran a leg on the mile relay team.

Matakiah Fogle and James Walker both turned in four points. Walker won third place in the shot put and fourth in the discus toss. Fogle came in third in the two-mile and the one mile.

Gary Gust finished third in the intermediate hurdles and ran the first leg of the 880-yard relay. Mearl Robinson also ran on the 880-yard relay team. Doug Fletcher, Raliegh Turnbull, and Barry Tate added a point each with fourth place finishes in the 220-yard dash, the mile run, and the shot put.

No Restrictions Seen On Water Here

The possibility that resitrictions on the use of fresh water between now and the beginning of the wet season in South Florida in June "are practically nil," officials of the Central and Southern Florida Flood Control District said today. In its latest report on water conditions, FCD officials noted that rainfall has been above normal since the previous report issued March 12.

Lutheran Church Women Holds April Meeting

The Resurrection Lutheran Church Women held their monthly meeting at the church at 12 noon on Wednesday, April 11, with Vi Thompson as hostess. After a covered dish dinner, the business meeting was opened by singing of a hymn and a short welcome by President Dorothy Shrope.

The minutes of the last meeting were read by Mildred Genson and approved. Inez West gave the treasurer's report, which was also approved. Reports of committee chairmen were then given. Motion was given and carried to give $100 from the treasury to be applied to the church debt.

It was decided to send a dish garden to Wiley Sprinkle, who is a patient at Walker Memorial Hospital.

After a drawing of members to have "secret pals", the president thanked the hostess and announced the next meeting to be held at the home of Mildred Genson, May 9, at 12 noon, for a covered dish dinner.

IT'S BEEN A LONG YEAR

EVERYONE IN THE CHURCH — THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Just a little longer . . . and homework, and exams will be over and then VACATION TIME. It is so good to have something to look forward to . . . swimming, fishing, ball, all of those wonderful activities.

Yes, it is good to have something to look forward to. I look forward each week to an opportunity to worship with others in the House of the Lord. I look forward to the hymns of praise, to the time of Bible study, and to the message brought by God's servant. Why don't you join me this week at church and participate in these joyful moments.

It has a 3-way tailgate, carpeting, special storage bins plus 9 important features most other wagons don't have. We'll stack it against any full-size wagons.

Satellite Wagon.

It beats other mid-size wagons where it counts: in cargo room. Yet it's small enough to maneuver easily. Compare it.

Devils Will Meet Ocoee For AA-3 Championship

The Avon Park Red Devil varsity baseball team, coached by rookie Coach Rennie Jackson, will travel to Ocoee tomorrow afternoon for a 3:30 p.m. game with the Class AA District 5 champion Cardinals to decide the Regional AA-3 championship. The Red Devils wrapped up the AA-4 title with two wins over Santa Fe last weekend.

Ocoee moved into the regional one-game meet again this year with wins over Eustis and Melbourne Central Catholic last weekend. Avon Park and Ocoee met here at Head Field last year for the regional title with the Red Devils winning 3-0 and going on to become state AA champions.

Ocoee has both pitchers back from last year. Jerry Peterson, who hurled five innings against the Devils last year, is back with another excellent record this season. Darrell Wayne Turner, who came on in the sixth inning last year to finish the game against Avon Park, is also back and has a record of 11-2 this season. Turner pitched a no hit, no run game against Eustis in the district meet last week striking out 18 batters. He will probably start against the Devils tomorrow.

But Avon Park will counter this year with a team that has lost only three games while winning 21. Senior righthander Tim Underwood will go into the regional game with an 11-1 mound record. Junior hurler Buddy DeWitt will be in the bull-pen with an 8-2 record on the mound for the season. Tony Williams and Lawrence McRae both hold a mound win for the Devils from earlier in the season.

And the Red Devil team has a .24 game batting average of .301 with Leon McRae leading the batters with a .403 average. McRae has 31 hits in 77 tries to the plate. Leon also leads the Devils in runs scored with 33 and in RBIs with 26. Firstsacker Tony Williams has moved into the second highest batting average position with a .342 mark. Tony also leads the team in extra base hits with 7 doubles, 4 triples, and 3 homeruns. The lanky firstsacker has stolen 18 bases this year and has also batted in 19 runs.

Tim Underwood is batting at a .341 clip, has scored 24 runs and has 17 RBIs to his credit. On the mound Tim has pitched 83 and one-third innings, giving up only 29 hits and 11 runs while striking out 109 batters. He has walked only 12 men in the 12 games he hurled.

Buddy DeWitt has a .360 batting average with 9 hits for 25 appearances at the plate as a pitcher and a couple of times as a left fielder. DeWitt has tossed the ball 61 and one-third innings, giving up 29 hits, 19 runs and striking out 74 batters. The junior hurler has allowed 21 men on base with walks and has hit 5 batters during the season.

Lawrence (Poncho) McRae has moved into the starting lineup for Avon Park as a utility man. Lawrence has played third base, shortstop, secondbase, and now seems to have settled into left field. The firey sophomore has jumped up to a .327 batting average, scored 12 runs and has batted in 10 runs. In tournament play Lawrence has hit 6 for 15 for a .400 tourney average at the plate.

Thirdsacker Johnny Todd is rapping the ball at a .316 clip with 18 hits for 57 times at bat. Johnny has scored 12 runs and has 10 RBIs in the season play. The senior infielder went three for three against Santa Fe here last Friday night.

Devil catcher Nate Williams is batting just over .300 with a .301 mark. The hustling junior receiver has scored 24 runs for the Devils and has batted in 13 runs while turning in a great catching job behind the plate.

Senior centerfielder Bud Wester, a newcomer this year to the Red Devil varsity, has a .255 batting average and has scored 24 runs. Bud has 11 RBIs to his credit. Another senior outfielder, Del Murphy, has turned in a .230 batting average for the 24 games. The big rightfielder has scored 15 runs and batted in 12 runs at the plate this season as he came up with key hits in several clutch games.

The tenth "regular" on the team is secondbaseman Timmy Massey. When Tim Underwood takes the mound, freshman Massey takes over at second. He has come through in the late part of the season with some clutch hits and has a .214 average through the district play. Timmy will probably start at second against Ocoee tomorrow.

Others on the 1973 Class AA District 6 championship team are Nate Packer, Mark Howard, Joe Murphy, Ken Collingsworth, and Donald Dorsey.

The Red Devil team has scored 190 runs this year and rapped out 195 hits off the 24 opponents. The Devil opponents have scored only 36 runs on 65 hits.

Chamber Updating Club List

The Avon Park Chamber of Commerce is currently revising its list of organizations and clubs. There are many requests for information, according to Chamber Executive Manger, Anna Belle Worden, concerning organizations, officers, dates of meetings, location of meetings along with special activities.

Without the assistance of these organizations, the chamber is unable to compile this list which will aid everyone concerned. There is no charge for listing. The chamber is currently trying to update all information that will benefit the area.

Club presidents are asked to call the chamber office, Phone 453-3350 or write to P. O. Box 1330 giving the name of the club, officers, telephone number to contact and mailing address of club, alo location of meeting room and date of regular meetings.

Members of organizations are urged to check to make sure their club's information has been submitted. It is further suggested by Mrs. Worden that all organizations notify the Chamber in advance of any special events throughout the year in order to prevent conflict of other local affairs whenever possible. A Calendar of Events is kept at the Chamber and dates are recorded months ahead. This is an additional service to the community that the Chamber provides under the heading of PEOPLE HELPERS.

Masons Buy Lodge Back From Commissioners

Roy Peoples learned Tuesday that the County Commissioners exercise no control over the county's Board of Adjustments.

Peoples asked the commissioners to override the Board of Adjustment's recent decision to permit construction of a barracks-type labor camp in the Hicoria area south of Lake Placid.

"It's a residential area," Peoples claimed. "Such a labor camp will lower the value of nearby property and homesites and make the area unfit for rearing children."

Bill Stephenson, Planning and Zoning director, corrected Peoples by informing the commissioners that the property in question was zoned for agricultural use. County ordinances permit migrant farm laborers to be housed on such land, he added.

County Attorney Robert Dunty advised the commissioners that they lack jurisdiction in the matter. Actions of the Board of Adjustment are subject to judicial review, he explained. If Peoples and his neighbors feel that the board has acted in an arbitrary manner or that other safeguards have been overlooked by the Board, they should take their case to court for resolution, Dunty said.

Several of Peoples' neighbors complained that legal notices published to announce public hearings on zoning changes are so precise as to be unintelligible. The published notice fails to tell interested readers where the property to be rezoned is located, at least not in terms used by the average person, they stated.

Stephenson reported that seven people who reside within 200 feet of the proposed labor camp were notified by letter of the hearing to be conducted by the Board of Adjustments. Only two of the seven so notified attended the hearing. Only one written objection to the labor camp was received, he said.

In other actions, the county commissioners (Melville Bass, District 1, absent):

–Accepted a bid of $40,000, submitted by the Masonic Lodge, for sale of the county office building located on Main Street in Avon Park. This purchase returns the building to the Masons from whom it was purchased in 1972. Funds derived from the sale will be held in a special account to be used for a replacement county office building to be located in Avon Park.

–Rejected a request submitted by the Florida Division of Health for county assistance in enforcing state regulations pertaining to migrant labor camps. Reason: insufficient county resources available to do the job.

–Authorized the signing of a project agreement with the

Little League Parade Saturday

Another season of Avon Park Little League baseball will get underway Saturday, May 5, when the eight teams parade through downtown Avon Park at 1 p.m. and then start off the schedule with four games following the parade at the Little League Field on the corner of Onoka and LaGrande.

The first game Saturday is set for 2 p.m. and will be between the Kiwanis team and the Avon Citrus Bank squad. The second game will follow at 3:30 p.m. with I..H. Ford taking on Bagwell Lumber. At 5 p.m. the Lions will play Leon's Sporting Goods and in the final game of the day, the First Baptist will take on Rotary starting at 6:30 p.m.

All members of the eight teams, their coaches, and managers, are to meet at Donaldson Park at 12:15 on Saturday for team pictures before lining up for the parade. The teams will then proceed to the Little League Field for opening ceremonies of the 1973 season.

There have been some changes in the coaching and managing staff of the teams. Horace King has taken over the coaching duties of Leon's. Virgil Tondee will assist Herman DeBoice with the Avon Citrus Bank team this year. Jim Wisdom is managing the Kiwanis team with coach Tom Tataris. Jim Sisemore will change to coach of the Bagwell team and Densby Jackson switches to manager this year. I. H. Ford will have Harley Methony and Wendell Williams again and the Lions will still have Johnny Barnes and Billy Hodge. Ferland Cribb returns as coach of the Rotary with Charles Jordon as manager. Clyde Smith will coach the Baptist team again with a new assistant.

The schedule for next week has I. H. Ford playing First Baptist at 6 p.m. next Monday, May 7, and Rotary taking on the Lions at 7:30 p.m. On Tuesday it will be Leon's vs. Bank at 6 p.m., and Kiwanis against Bagwell in the second game. On May 10, Thursday, the Lions and Ford will go in the first game and the Bank will take on Rotary in the 7:30 p.m. game. Next Friday, May 11, it will be Bagwell vs. Leon's at six and the Baptist against Kiwanis at 7:30 p.m.

Parents are urged to accept the responsibility of children fans at the games and also are asked to work in the concession stand when called or find a substitute.

Let's get this 1973 Little League season off to a safe start with an attitude of good sportsmanship demonstrated in the stands as well as on the field. These 96 boys, between the ages of 9 and 13, are learning to play ball and they need the good will of all the spectators as they compete against each other in this national Little League program.

Henry Dennis, president of the Avon Park Little League Association, has expressed his appreciation to the A.P.C.I. personnel and to the inmates who will serve as umpires this season. These four men have gone to considerable trouble to prepare themselves for this thankless job. All adult help is on a volunteer basis in the Little League program—so thanks are due all workers—from the parents, whose boys participate in the action.

Mr. Dennis would also like to remind all players and fans that all Scott Paper Product Seals of Quality, turned in, will go toward bats and balls contributed to our local program. It takes only a minute to cut out the Seal of Quality and turn it in at Kwik Chek or Pantry Pride—so start now to collect for our boys.

Commission Agrees On Mobile Home Proposal

A proposal that on non-conforming mobile home use, the owner be allowed to replace or add on to an existing mobile home for the owner's lifetime, was well received by both County Commission and mobile home representatives.

The question came up at a meeting Tuesday between the commission and mobile home owners. The proposal was advanced by Chairman Robert Skipper. C. S. Pardee, representing the Highlands Mobile Home Association, endorsed the proposal.

Skipper announced that at next Tuesday's regular commission meeting the proposed changes will be discussed and a time and place advertised for Public Hearing to consider the change.

MORE SCHOOL MONEY

Highlands County schools during April received minimum foundation funds totaling $212,142. This compares to $201,565 for the same month a year ago. The money is distributed for use in teacher Salaries, student transportation and other current expenses and is based on enrollment.
