To the staff and doctors at WALKER MEMORIAL HOSPITAL who were so thoughtful and so helpful during the long illness and death of my beloved husband and father—my deepest appreciation.

Mrs. Oliver B. Hardin and son Lester

WE SHOULD like to take this opportunity to express our thanks and appreciation to the wonderful people of the town and community—our friends, neighbors, and customers who, through the years, have contributed to a pleasant life and successful business. Lunches Increased 6c

Highlands County School Board just a few weeks ago had hoped to hold the line and keep the price of the schools Type A student lunch the same as it was when school ended in June.

But rapidly escalating costs of food forced the board to announce this week a price raise of 10 cents per lunch over last year. A total of \$54,000 lunches was served last year.

Prices this year will be 60 cents at all high schools, 50 cents at the middle schools, 45 cents at Sebring and Avon Park elementary schools, 45 cents for seventh and eighth graders lunching at Lake Placid high school.

All adult lunches will be 70 cents. These ranged between 55 cents and 60 cents last year.

The new prices were set preparatory to schools opening Sept. 4 although the board does not know yet how much the schools will receive in federal commodities. And it is hoped the price rise can be kept to 10 cents. Several schools in other counties have gone up 20 cents on each lunch; Duval County went up 11 cents and eliminated desserts.

The way things are going on the costs from first were indicated at Thursday night's board meeting. Board members were handed charts showing how bids on food this

year compared with prices being paid last year. Biggest rises were in tinned beef, eggs and chicken.

Six six-pound cans of corned beef rose from \$36.72 to \$54.10, a rise of \$17.38. Six three-pound cans of eggs rose \$20.95, going from \$26.85 to \$47.80. Twelve 32-ounce cans of chicken rose \$8.30, going from \$38.95 to \$47.25.

Ravioli, six 10-pound cans, went up 50 cents to \$9.95; tuna fish, six 66½-ounce cans \$1.50 to \$24.95. These were the bids of Florida Foods. Troy Lamb bid \$12.15 on the ravioli, \$28 on the tuna fish.

Apple jelly, six 16-pound cans, went up \$2 to \$9.60. Apple slices advanced \$1.90 to \$8.50 for six 16-pound cans; six 10-pound cans of cherries went up \$2.50 to \$13.50. Advancing more than \$1 were six 10-pound cans of apple sauce, fruit cocktail, peach halves, pie peaches, pear halves.

Of 84 items on a list of miscellaneous food items, less than a dozen showed a drop in price. A 10-pound tin of baking powder dropped \$1.56 to \$9.40, one pound chili powder seven cents to \$1; one pound cinnamon, five cents to \$1.50; four gallons lemon juice, 60 cents to \$1.50; spaghetti sauce the same; a five-pound box of graham crackers up 50 cents to \$7.10 for four gallons. Of 35 items of frozen foods,

only seven were the same price as a few months ago—one, potato rounds, was less. The bid on six five-pound boxes of the rounds was 19 cents per pound compared to 20 cents a year ago.

Perch fillets, five pound pack, were 89, compared to 49 a year ago; cod fish squares, 81½ cents, compared to 48 cents a year ago. Mixed vegetables were only pennies higher. Okra, broccoli, potatoes, spinach, were the same.

A 100-pound bag of light brown sugar was up 60 cents to \$15.50; spaghetti sauce the same; a five-pound box of graham crackers up 50 cents to \$7.10 for four gallons. Of 35 items of frozen foods,

Contractor Given Notice To Complete Tee Hanger

The new tee hanger at the Avon Park Airport was the subject of lengthy discussion by City Council at the regular meeting on Monday.

Extended delay in construction was a general theme. It was reported that exposed steel work had already rusted, necessitating brushing and protective coating.

City Attorney Hancock was asked for his opinion on the proper steps necessary to bring about the completion of the hanger. Mr. Hancock stated that the city must give written notice of a date to commence and a date to complete the building. If the building is not started by the specified date, it would constitute abandonment by the contractor. The city could then hire another contractor to complete the

building and assess any extra cost against the first contractor.

Mr. Hancock was instructed to prepare and send proper legal notice to complete the tee hanger to the contractor handling the construction.

Even though the strict legality of the move may be obscure, City Council voted Monday evening to pave North Railroad Ave.

Twenty-eight residents of the North Butler Ave. neighborhood signed the petition requesting the action.

The Rev. Herbert D. Graetz and E. H. Green, representing the petitioners, gave council members a graphic picture of the dirt and dust pollution the area suffers from the unpaved street.

Sole obstacle to the paving project was the fact that part of the street is on railroad property.

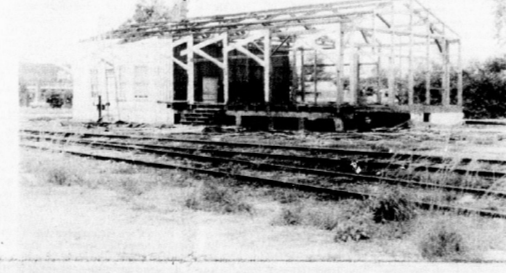

Asked for an opinion, City Attorney Hancock stated that the street had been maintained by the city for so many years that he believed the city had the right to pave it.

Several council members expressed the belief that the railroad company could not possibly object to this improvement and the notion to pave the street was passed unanimously.

Welcome news for tennis enthusiasts in Avon Park was the action of City Council Monday evening. In a unanimous motion, the members accepted the bid of Robert E. Annett, in amount of \$6,600 for construction of two new tennis courts adjacent to the present courts on N. Verona Ave.

Other steps toward community improvement are in the planning stage. Included is improved landscaping around City Hall and the library.

For immediate action, in response to local requests, the City will begin spraying for mosquitoes.

ANOTHER OLD LANDMARK "BITES THE DUST": As we go to press this week, wrecking crews are busy tearing away at the sides of one of Avon Park's oldest buildings—the Atlantic Coast Line Railroad Station. It is very easy to get conflicting information when talking to different people about early history, but Mrs. A. W. (Bertha) Cade Conoley, widow of the first ACL Agent in Avon Park, told us she and her husband and two children came here in 1912 from Lumber Bridge, N.C., and Mr. Conoley opened the ACL office there when the building was completed in May of that year. Service then

consisted of a combination freight and passenger train with only two trains coming through. Nothing before or since has done so much for a small community as the arrival of a railroad. Many a happy (or weary) traveler has alighted from a train pulling into this Avon Park station, which soon will be "no more." The land remains "railroad property," we suppose—but, if we may make a suggestion, wouldn't it make a dandy "City Park" with green grass, lovely shade trees, perhaps a picnic table or two beside our beautiful mile-long Mall. - Photo by Sharpe

Time Running Out For Retired Personnel To Register For Benefits

In 1972 Congress passed legislation to permit retired military personnel to obtain survivor benefits.

The legislation, known as the widow's equity act, allows a military retiree to leave up to 50 percent of his military retirement pay, at the time of his death, to his surviving dependents. And he can do it at a nominal cost to himself.

However, the deadline for signing up for the program is fast approaching.

All servicemen and women who retired prior to Sept. 21, 1972, have just a few more weeks to sign up for the survivors' benefit plan. The absolute deadline is Sept. 20.

Unfortunately, according to Pentagon officials, less than one third of all eligible retirees have taken advantage of the plan so far.

And this program is too important to be missed, simply because a former serviceman let the deadline slip by

noticed. This new program is open to all retirement military personnel now receiving retirement pay, whether it is disability retirement or reserve retirement.

The cost, to bring a spouse into the program, is a nominal 2.5 percent of the first \$300 gross monthly retirement pay, plus 10 percent of any designated retirement in excess of \$300.

To add your children, the additional cost will be approximately one-half of one percent of your monthly retirement check, depending on your age, your wife's age and the age of your youngest child.

The children will remain in the program until age 18—or age 22, if they are enrolled full-time in school. And, if they are handicapped, the benefits will continue as long as they remain handicapped.

Pilcher Is New Line Coach

The Red Devil football coaching staff will have a big look this year, with the addition of offensive and defensive line varsity coach John Pilcher.

The young mathematics and physical education teacher will move into the coaching spot vacated by Coach Ralph Hill who advanced to head football mentor this season. The top Devil football coaching job had been held by athletic director Joe Franz for many years but after last season Franz retired from active coaching to remain athletic director for the Red Devil sports programs.

Coach Pilcher comes to Avon Park from Hilliard where he taught last year and coached as an assistant in football and the head man in track. He is a graduate of Appalachian State

College in North Carolina where he played on the 1968 team which was ranked second

in small colleges. Pilcher also attended West Virginia Institute of Technology his freshman year before transferring to Appalachian.

The new Red Devil mentor comes from a family of coaches. His father, Bill Pilcher, was head football coach at Cocoa Beach for many years before retiring recently to just keep the athletic director's job. John played his high school football and baseball at Cocoa Beach. He played tackle on the football squad and was a first baseman on the baseball nine.

John's brother, Ed Pilcher, has accepted an assistant football coaching job in Okeechobee for this season, so the two brothers will face each other from the sidelines on Nov. 9 in Okeechobee.

Broker Offers County

175 Acres In Central

Location For Landfill

A real estate broker has offered to sell the county 175 acres for use as a sanitary landfill site, County Administrator Charles Cullens told the board of county commissioners Tuesday.

The site, identified only as being in a "central location," and zoned for general use, will serve the county's landfill needs for 30-35 years, Cullens reported.

Cullens asked for the commissioners' approval to advertise for bids, a formality that is required by law to protect the taxpayers' interests.

However, Commissioner Ken Wilkinson objected to advertising for bids until the commissioners have had time to determine how they would finance such a land purchase.

Deputy Clerk Jim Pyle reported that the fiscal year 1973-74 budget contained \$325,000 for the county's landfill operation, \$120,000 of which was earmarked for the purchase of an 80-acre site.

Wilkinson voiced concern that revenue sharing funds might not be available in the future to pay for a tract as large as 175 acres and that county ad valorem taxes might have to be raised to pay for the land.

Chairman Robert Skipper replied that the county needed a sanitary landfill site and that if ad valorem taxes had to be raised to purchase it, he was ready to vote for it.

County Attorney Robert Duntz proposed that the commissioners advertise for bids on a 175-acre tract calling for payment to be made over a three-year period and acceptance predicated on the site being approved by the department of pollution control and other appropriate governmental agencies. In addition, all bids would be subject to rejection by the county commissioners, at their option.

The commissioners accepted Duntz's proposal and established Aug. 31 as the due date for bids.

In other business, the commissioners (Melville Bass, Dist. 1, absent):

—Approved 50-foot wide road right-of-ways for entrances to Hillsdale Lake Estates annex in lieu of 66-foot-wide easements suggested by the county engineer. A plot of the annex site which is located south of Josephine Creek off U.S. 27 is being reviewed now for acceptance and recording by the county.

—Decided to do nothing to correct a water drainage condition in the area lying adjacent to the borders of Highlands, Hardee and DeSoto Counties. The county attorney advised that high water levels existing between Two Mile Pond and Oak Creek Marsh affect private property not subject to county commissioners' jurisdiction.

—Instructed the county engineer to assist the 34 families being served by Lake Francis Drive in Franksville, Lake Placid area, by rolling or grading that road and asked their administrator to send Earl Pickett of Franksville instructions for establishing a road district under which residents can tax themselves to pay for the paving of their subdivision roads.

—Agreed to refund \$1,836.75 to an owner whose land was sold for \$2,000 five years ago to pay delinquent taxes amounting to about \$136.

—Instructed their administrator to "post" the county portion of a map put in Avon Park which is being used illegally as a motorcycle racetrack. This action was ordered to reduce the county's liability for accidents that cyclists might suffer while using the map.

—Declared surplus and available for re-sale a used flatbed truck body belonging to the road and bridge department.

—Referred to building director Bill Young for action a complaint by Robert G. Hargrove that a county building contractor constructed his \$40,000 home in a manner that violated numerous provisions of the county building code.

—Heard Charles Cullens report that the State Department of Transportation now estimates that widening and resurfacing two miles of old SR-4 (SR-517) will cost \$139,000 in lieu of \$70,000—the February '73 estimate. The commissioners must decide next week between the paving of old SR-4 or Presbyterian Conference Road in Lake Placid—one of which appears destined to be postponed one year for lack of funds.

—Asked the county attorney to contact high railroad officials to get price action on the commissioners' three-year-old request for a safety gate installation at the Main Street crossing in Avon Park.

—Agreed to have Highlands Blvd., in the Lake Placid area, graded by the Road and Bridge Department on a one-time basis.

—Asked the school board to provide room on the third floor of the county courthouse for a state attorney's office and asked their administrator to request use of Sebring's former post office building for temporary use by school system administrators.

Contractor Given Notice To Complete Tee Hanger

The new tee hanger at the Avon Park Airport was the subject of lengthy discussion by City Council at the regular meeting on Monday.

Extended delay in construction was the general theme. It was reported that exposed steel work had already rusted, necessitating brushing and protective coating. City Attorney Hancock was

asked for his opinion on the proper steps necessary to bring about the completion of the hanger. Mr. Hancock stated that the city must give written notice of a date to commence and a date to complete the building. If the building is not started by the specified date, it would constitute abandonment by the contractor. The city could then hire another contractor to complete the

building and assess any extra cost against the first contractor.

Mr. Hancock was instructed to prepare and send proper legal notice to complete the tee hanger to the contractor handling the construction. Even though the strict legality of the move may be obscure, City Council voted Monday evening to pass North Railroad Ave.

Twenty-eight residents of the North Butler Ave. neighborhood signed the petition requesting the action.

The Rev. Herbert D. Graetz, D. H. Green, representing the petitioners, gave council members a graphic picture of the dirt and dust pollution the area suffers from the unpaved street.

Soe obstacle to the paving project was the fact that part of the street is on railroad property.

Asked for an opinion, City Attorney Hancock stated that the street had been maintained by the city for so many years that he believed the city had the right to pave it.

Several council members expressed the belief that the railroad company could not possibly object to this improvement and the notion to pave the street was passed unanimously.

Welcome news for tennis enthusiasts in Avon Park was the action of City Council Monday evening. In a unanimous motion, the members accepted the bid of Robert E. Annett, in amount of \$8,000 for construction of two new tennis courts adjacent to the present courts on N. Verona Ave.

Other steps toward community improvement are in the planning stage. Included is improved landscaping around City Hall and the Library.

For immediate action, in response to local requests, the City will begin spraying for mosquitoes.

Lunches Increased 10c

Highlands County School Board paid a few weeks ago had hoped to hold the line and keep the price of the schools' Type A student lunch the same as it was when school ended in June.

But rapidly escalating costs of food forced the board to announce this week a price raise of 10 cents per lunch over last year. A total of 89,000 lunches was served last year.

Prices this year will be 60 cents at all high schools, 50 cents at the middle schools, 45 cents at Sebring and Avon Park elementary schools, 35 cents for seventh and eighth graders lunching at Lake Placid high school.

The way things are going on the costs first were indicated at Thursday night's board meeting. Board members were handed charts showing how bids on food this

All adult lunches will be 70 cents. These ranged between 55 cents and 60 cents last year.

The new prices were set preparatory to schools opening Sept. 4 although the board does not know yet how much the schools will receive in federal commodities. And it is hoped the price rise can be kept to 10 cents. Several schools in other counties have gone up 20 cents on each lunch; Duval County went up 11 cents and eliminated deserts.

Some of the items going up in price are: beef, eggs, chicken, tuna fish, six 60-ounce cans of corned beef rose from \$36.72 to \$54.10, a rise of \$17.38. Six six-ounce cans of beef and gravy rose \$12, going from \$35.30 to \$47.30. Six three-ounce cans of eggs rose \$20.95, going from \$26.85 to \$47.80. Twelve 32-ounce cans of chicken rose \$2.30, going from \$38.95 to \$41.25.

Havoli, six 10-pound cans, went up 50 cents to \$9.95; tuna fish, six 60-ounce cans \$1.50 to \$2.95. These were the bids of Florida Foods. Troy Lamb bid \$12.15 on the ravioli, \$28 on the tuna fish.

Apple jelly, six 10-pound cans, went up \$2 to \$9.50. Apple slices advanced \$1.90 to \$8.90 for six 10-pound cans; six 10-pound cans of cherries went up \$2.50 to \$13.50. Advancing more than \$1 were six 10-pound cans of apple sauce, fruit cocktail, peach halves, pie peaches, pear halves.

Of 84 items on a list of miscellaneous food items, less than a dozen showed a drop in price. A 10-pound tin of baking powder dropped \$1.56 to \$9.40, one pound chili powder seven cents to \$1; one pound cinnamon, five cents to \$1.56; four gallons lemon juice, 60 cents to \$9; sweet pickles 40 cents to \$7.10 for four gallons. Of 35 items of frozen foods,

only seven were the same price as a few months ago—one, potato rounds, was less. The bid on six five-pound boxes of the rounds was 19 cents per pound compared to 20 cents a year ago.

Perch fillets, five pound pack, were 85, compared to 49 a year ago; cod fish squares, 81½ cents, compared to 48 cents a year ago. Mixed vegetables were only pennies higher. Okra, broccoli, potatoes, spinach, were the same.

A 100-pound bag of light brown sugar was up 60 cents to \$15.50; spaghetti sauce the same; a five-pound box of graham crackers up 50 cents to \$2.90.

Broker Offers County 175 Acres In Central Location For Landfill

A real estate broker has offered to sell the county 175 acres for use as a sanitary landfill site, County Administrator Charles Cullens told the board of county commissioners Tuesday.

The site, identified only as being in a "central location," and zoned for general use, will serve the county's landfill needs for 30-35 years, Cullens reported.

Cullens asked for the commissioners' approval to advertise for bids, a formality that is required by law to protect the taxpayers' interests.

However, Commissioner Ken Wilkinson objected to advertising for bids until the commissioners have had time to determine how they would finance such a land purchase.

Deputy Clerk Jim Fyfe reported that the fiscal year 1973-74 budget contained \$325,000 for the county's landfill operation, \$120,000 of which was earmarked for the purchase of an 80-acre site.

Wilkinson voiced concern that revenue sharing funds might not be available in the future to pay for a tract as large as 175 acres and that county ad valorem taxes might have to be raised to pay for the land.

Chairman Robert Skipper replied that the county needed a sanitary landfill site and that if ad valorem taxes had to be raised to purchase it, he was ready to vote for it.

County Attorney Robert Duntz proposed that the commissioners advertise for bids on a 175-acre tract calling for payment to be made over a three-year period and acceptance predicated on the site being approved by the department of pollution control and other appropriate governmental agencies. In addition, all bids would be subject to rejection by the county commissioners, at their option.

The commissioners accepted Duntz's proposal and established Aug. 31 as the due date for bids.

In other business, the commissioners (Melville Bass, Dist. 1, absent):

—Approved 36-foot wide road right-of-ways for entrances to Hillside Lake Estates annex in lieu of 66-foot-wide annexes suggested by the county engineer. A plot of the annex site which is located south of Josephine Creek off U.S. 27 is being reviewed now for acceptance and recording by the county.

—Decided to do nothing to correct a water drainage condition in the area lying adjacent to the borders of Highlands, Hardee and DeSoto Counties. The county attorney advised that high water levels existing between Two Mile Pond and Oak Creek Marsh could be head private property not subject to county commissioners' jurisdiction.

—Instructed the county engineer to assist the 34 families being served by Lake Francis Drive in Franksville, Lake Placid area, by rolling or grading that road and asked their administrator to send Earl Pickett of Franksville instructions for establishing a road district under which residents can tax themselves to pay for the paving of their subdivision roads.

—Agreed to refund \$1,836.75 to an owner whose land was sold for \$2,000 five years ago to pay delinquent taxes amounting to about \$136.

—Instructed their administrator to "post" the county portion of a marl pit in Avon Park which is being used illegally as a motorcycle racetrack. This action was ordered to reduce the county's liability for accidents that cyclists might suffer while using the marl pit.

—Declared surplus and available for re-sale a used flatbed truck body belonging to the road and bridge department.

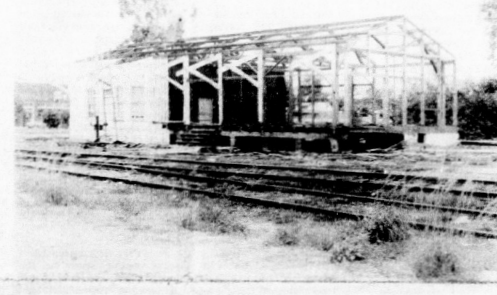

—Referred to building director Bill Young for action a complaint by Robert G. Hargrove that a county building contractor constructed his \$40,000 home in a manner that violated numerous provisions of the county building code.

—Heard Charles Cullens report that the State Department of Transportation now estimates that widening and resurfacing two miles of old SR-17 will cost \$139,000 in lieu of \$70,000—the February 73 estimate. The commissioners must decide next week between the paving of old SR-4 or Presbyterian Conference Road in Lake Placid—one of which appears destined to be postponed one year for lack of funds.

—Asked the county attorney to contact high railroad officials to get priority action on the commissioners' three-year-old request for a safety gate installation at the Main Street crossing in Avon Park.

—Agreed to have Highlands Blvd., in the Lake Placid area, graded by the Road and Bridge Department on a one-time basis.

—Asked the school board to provide room on the third floor of the county courthouse for a state attorney's office and asked their administrator to request use of Sebring's former post office building for temporary use by school system administrators.

ANOTHER OLD LANDMARK "BITES THE DUST." As we go to press this week, wrecking crews are busy tearing away at the sides of one of Avon Park's oldest buildings—the Atlantic Coast Line Railway Station. It is very easy to get conflicting information when talking to different people about early history, but Mrs. A. W. (Berla) Cade Conoley, widow of the first ACL Agent in Avon Park, told us she and her husband and two children came here in 1912, from Lumber Bridge, N.C., and Mr. Conoley opened the ACL office there when the building was completed in May of that year. Service then

consisted of a combination freight and passenger train with only two trains coming through. Nothing before or since has done so much for a small community as the arrival of a railroad. Many a happy (or weary) traveler has alighted from a train pulling into this Avon Park station, which soon will be "no more." The land remains "railroad property," we suppose, but if we may make a suggestion, wouldn't it make a dandy "City Park" with green grass, lovely shade trees, perhaps a picnic table or two beside our beautiful mile-long Mall. - Photo by Sharpe

Pilcher Is New Line Coach

The Red Devil football coaching staff will have a new look this year as the addition of offensive and defensive line varsity coach John Pilcher.

The young mathematics and physical education teacher will move into the coaching spot vacated by Coach Ralph Hill who advanced to head football mentor this season. The top Devil football coaching job had been held by athletic director Joe Franz for many years but after last season Franz retired from active coaching to remain athletic director for the Red Devil sports programs.

Coach Pilcher comes to Avon Park from Hilliard where he taught last year and coached as an assistant in football and the head man in track. He is a graduate of Appalachian State

College in North Carolina where he played on the 1968 team which was ranked second

in small colleges. Pilcher also attended West Virginia Institute of Technology his freshman year before transferring to Appalachian.

The new Red Devil mentor comes from a family of coaches. His father, Bill Pilcher, was head football coach at Cocoa Beach for many years before retiring recently to just keep the athletic director's job. John played his high school football and baseball at Cocoa Beach. He played tackle on the football squad and was a first baseman on the baseball nine.

John's brother, Ed Pilcher, has accepted an assistant football coaching job in Okaloosa for this season, so the two brothers will face each other from the sidelines on Nov. 9 in Okaloosa.

Devils Start Football Practice Wednesday

The Red Devil football squad held its first practice under new head coach Ralph Hill last Wednesday afternoon to start preparing for the 1973 season. Around 40 boys reported out for the first session yesterday and will be working out until next Wednesday in shorts at two-day practices. Next Wednesday the boys will don pads and get down to the fundamentals to try to shape up a team for the opening game here at Memorial Field on Sept. 14 against old foe Santa Fe of Lakeland.

The revamped football coaching staff will have Coach Hill and new line coach John Picher handling the varsity squad. Dwayne Lemler will again be head junior varsity coach with Ronnie Jackson and Barry Williams assisting him. The 1973 Red Devil hopefuls will be working out at 8 a.m. and at 6 p.m. at Memorial Field with both varsity and junior varsity boys practicing together at first. After school drills on Sept. 4, the squads will drop to just one practice per day.

Coach Hill said the jamboree date and site will be set at a meeting today (Thursday, Aug. 16). The Red Devils participate in a jamboree with Sebring, Arcadia, and Wauchula each year. The probable date will be either Friday, Aug. 31, or Thursday, Aug. 30. The annual Red Devil intersquad soap scrimmage would then take place on Sept. 2, with the first game of the season taking place on Sept. 14

here at Memorial Field. Last year's varsity Red Devil team set a disappointing 6-4 record to close out Coach Joe Franz's 21 years as head coach. Injuries to many players kept the squad from ever reaching its potential. This year the prospects are fair in spite of losing 17 players by graduation. Last year's senior players included ends Bud Wester, Wayne Todd, Glenn Gray and Philip Thomas; tackles James Walker, Ricky Lanier, Jarvis Hartt, Virgil McInvalle and Mike Archer; guards Andy Prescott, Barry Tate, and Del Murphy; and backs Leon McRae, Keith Richards, Arnold Davis and Tom Williams. Lineman Alcus Snell was also lost since he was playing with senior eligibility last year. Leon McKee has recently signed as a baseball player with Florida A. and M. at Tallahassee.

Returning senior lettermen this season will be backs Danny Lewis, Buddy DeWitt, Mearl Robinson and Marvin Jackson; end Nate Packer; and linemen Hayward Battle, Tim DuFree, Ronnie Dick, Nate Williams, and possibly Greg Hartt. Junior lettermen will be backs Josh King and Ricky Claitt and linemen Jim Carter and William Burley. Burley also plays in the backfield. Season tickets are on sale at the high school to the four scheduled home games. The search for a fifth home game is still under way.

Youth Conference

The Southeastern States Grange Youth Conference was held at the Lake Byrd Conference Center, Avon Park, Aug. 10-12. About 65 were in attendance from New Jersey, Washington, D.C., Tennessee, Virginia, North and South Carolina and Florida.

A few of the dignitaries present were the National Grange Princess, Joan Hartung from New Jersey; National Grange Youth Director, William Steele from National Grange Headquarters, Washington, D.C.; Florida State Grange Master, Vincent Andrews, who was chosen Florida Granger of the Year in 1971; Florida State Grange Secretary, Madeline Andrews, who was chosen Florida Granger of the year in 1972; their son, Jack Andrews, who was Florida State Grange Prince in 1970; Florida State Grange Youth Director, Dorothy Putnam, who was recently chosen the new Florida Granger of the Year; and John and Ruth Rock, Past Master and Past Secretary of the Florida State Grange.

The techniques to be used in

setting Grange Policy was the subject of several workshop periods at the conference. The young people wrote resolutions, acted upon them as committees, then voted upon the committee recommendations.

Resolutions adopted included a request for standard traffic regulations throughout the Nation, and a plea that all agricultural programs established and funded by Congress be carried to the full extent of the law.

Recognizing the wide variance in school dress code, the youth recommended that each school establish a committee of faculty and student council representatives to set dress code requirements. The delegates also asked that each school board consider the 45-15 plan for the year-round use of school facilities. Such program should be offered on an optional basis.

Avon Park Grange furnished punch and cookies for the Friday night snack. This was delivered by Ralph and Ione Fulmer and LaVerne Fullmer, who sat in on part of the evening session.

An Act Of Brotherly Love

By ELOISE SHARPE
In the first interview with Brenda Fanning Hagedorn since her kidney transplant, when her brother, J. Wayne Fanning, donated one of his kidneys to her sister's life, Brenda said, "I have love and gratitude in her voice." "I've always thought my brother was

precious, even before this, and now, I just can't say enough. I owe my life to God and Wayne." As passages in the Bible read, "for love is strong as death" and "Greater love has no man than this that he lay down his life."

Brenda is home now in Avon Park with her husband, Glenn D. Hugard, a mechanic with Bon Hill Griffin, Shop 16, after having a kidney transplant on Feb. 12 at Shands Teaching Hospital, a part of the University of Florida Medical School, in Gainesville. Her parents, Mr. and Mrs. Frank Fanning who came down from Brenard, N.C., to be with her after learning of her illness, will be here as long as they are needed.

Both Brenda and her brother, Wayne, are feeling fine and the results of the transplant appear to be favorable. Wayne is back at work at the Olin Chemical Corporation in Brevard, N.C., after his courageous act of "brotherly love." His family has also moved back to Brevard, after moving down to Gainesville to live in a trailer, to help with the care of Brenda and Wayne before and after the transplant. Also Brenda's sister, Norma Fanning, is back at work at Olin, after coming to Florida to help in anyway she could with the operations. Brenda has nothing but praise for her sister, who she said was just wonderful through the whole ordeal, giving her moral support and helping her learn to walk again after the operation. She also has high praise for her sister-in-law, Wayne's wife, Sandra Chapman Fanning, whom she terms just great.

Sandra made Brenda a potato salad cake when Brenda celebrated her 25th birthday while in the hospital on March 5. Brenda could not eat regular cake, because she is diabetic. Brenda would never have seen this birthday, if it had not been for the love of her brother, who volunteered to

"AN ACT OF BROTHERLY LOVE" is what J. tests to see if she was eligible to have a transplant, she came home for Christmas. She was back and forth to Gainesville, becoming progressively worse, not being able to eat or keep water on her stomach. She had weighed 138 and had gotten down to 104 pounds.

She was put on the kidney machine and family members were summoned to see which one would match best for the transplant. Shunts had to be put in before she could go on the machine which cost \$150 each time she was on it. After three weeks of tests, she was found to be a match. She had to go on the machine for three days and three nights. After this unfortunate turn of events, the transplant had to be stepped up.

Brenda said all her family were wonderful, in fact it was really a family affair. The family is so close knit, all volunteering including one brother from Houston, Tex., who from Jacksonville, her sister, Norma and Wayne, her middle brother, whose tissue type matched. He was given several physicals to determine his condition for the operation.

After the surgery in which Wayne's left kidney was transplanted to Brenda's right side, and Wayne's convalescent stay in the hospital, he and his family moved back to Brevard.

A white lace cloth covered the bride-elect's book table which was adorned by a single large orchid. This orchid and the lavender cluster orchid corsage, worn by Lia and her mother, were given by Mrs. R. McCabe of Avon Park.

The guests were served refreshments of cake and punch from a table covered with a white daisies and lace cloth, accented with a five-branched wrought iron candelabra. Fern and red mums held red candles. Red mums

also circled the punch bowl.

The gift table was covered in a gold lace cloth, accented by a gold and ivory cupid holding a vase of red mums.

Games were enjoyed by all the guests, after which Lia opened her many lovely gifts. The hostesses, Mrs. Nancy Singletary and Mrs. Maxine Skinner, presented Lia with a blanket.

The bride-elect, daughter of Mr. and Mrs. Joseph Blackston of Avon Park, was lovely in a floor-length dress of lavender and white. Robert is a son of Mr. and Mrs. Burton Nodoff of Plattesville, Wis.

Reds Win Senior Baseball League With 12-4 Record

The Avon Park senior league baseball season came to a close last Thursday night with a seven-inning game pitting the Reds and the Mets, the first and last place teams, against the Cubs and the Braves, the second and third place teams. The combination team of Reds and Mets won the final game of the season by a score of 5-3.

The schedule was not completed due to rain but the standings at the close of the season left the Reds on top with a 12-4 record, the Cubs in second place with a 9-7 record, the Braves in third place with a 7-9 mark, and the Mets in fourth place with 4 wins and 12 losses.

Sponsors of the four teams in this, the first season of play for the boys from ages 13 through 15, were Johnson's Sporting Goods (formerly Leon's) for the Mets, Avon Citrus Bank for the Cubs, J. A. Wise Plumbing for the Reds, and Bill Owens Ford for the Braves.

In the last Thursday night's play-off game, the Red-Met team jumped off to a three-run lead in the bottom of the first inning on one single, a throwing error, and two walks. The Brave-Cub team scored a run in the top of the fourth on a single and two errors but the Red-Mets came right back and put two more runs on the board in the bottom of the fifth to take the 5-1 lead. The Braves-Cubs scored two runs in the top of the last inning to set the final score at 5-3.

Timmy Massey was the winning pitcher, going all the way for the Red-Met team. Massey struck out 14 batters in the seven-inning affair. Smokey Hill and Dale Sizemore got the only hits off Massey—both singles. David Cantrell, the losing pitcher, hurled the first two innings for the Cub-Braves team. Butch Farless took over to start the third inning and pitched until the beginning of the sixth when Tommy Lewis came on in relief. The Red-Met team got four hits off the three Cub-Brave pitchers. Mort Jackson tied off with a single. Terry Lanzing hit a single in the second inning and Dennis Fulin and Ray LaPlam both

singled in the fifth frames.

The senior league officers expressed their appreciation to all the fans who contributed their time and efforts to make this first season a success. Winkle Williams, one of the organizers of the league, said that he felt the league had accomplished what it had set out to do and had better player participation than it had expected. Almost 60 boys were involved in the four-team league playing at least two nights a week, and sometimes three nights.

Ronnie Jackson, president of the league, singled out Mr. and Mrs. Donald Arnold for special thanks for running the concession stand for the convenience of the players and fans, and to help with the financing of the program. Many other people were mentioned by Jackson for their help with the umpiring, the scorekeeping, the announcing and the city's assistance with lights and groundskeeping.

Mr. Jackson also expressed his appreciation to the A.P.C.I. inmates who gave a money contribution to the new league. Jackson and Mr. Williams both added that anyone wishing to donate money to the league may do so by contacting them or Mrs. Donald Ford, secretary-treasurer of the organization. It takes more money to run the program than the sponsor's contribution and all help will be appreciated.

Although the uniforms for the four teams were ordered during the season, they did not arrive for use this season, except for the caps. But by next spring the boys should be all dressed out in brand new uniforms for the second season of play in Avon Park—thanks to the efforts of many interested adults.

The coaches donated perhaps the most time of anyone other than the officers as they practiced the boys and then were there at Head Field each Tuesday and Thursday nights for the games. The champion Reds were coached by Virgil Sizemore. The Cubs, by Johnny Elder—Johnny

Starting coached the Braves; Jimmy and Dennis Hart—coaches of the Mets.

Next spring when the call comes for volunteers for the senior baseball league, let's hope parents and friends respond for an even better season.

Modern Horse Arena Slated For Lake Placid

The Lake Placid area will soon have one of the most modern adequate Horse Training, Riding Arena, and Rodeo Complex in all central Florida. The new complex will be known as Harold's Horse Show and Rodeo Arena, and is located on Route 70, one-half mile east of U.S. 27, south of Lake Placid.

Harold Ekhoff of Harold's Restaurant, Lake Placid, is the owner.

A large rodeo arena and Horse Show Ring has already been constructed, and in the very near future construction will begin on a modern stable that will house 100 horses.

The site will be used for rodeo shows, horse shows, riding clinic, riding lessons and for the training of horses and riders.

Boarding of horses will also be available. Riding lessons will be given for beginners and advanced riders, in Western and English and jumping classes—plus Dressage Training and lessons in trick training. Horses also will be taken in training. Harold Ekhoff says the complex will employ two expert and renowned trainers and instructors. Colonel Miller, famed equestrian, has already inked a contract. Colonel Miller has been an expert horseman for 30 years and studied under such greats as Vee Powers, Don Leadly, Ray Thompson and the eminent dressage trainer and rider, Capt. William Heyer.

Miller has been head barn trainer of Cole Bros. King Bros., combined Circus, Hager Bros. Circus and United Nations Circus.

Colonel Miller was riding instructor at the famous Heyer Stables for more than a decade.

He also was chief riding instructor of the U. S. School of Horsemanship and recently announced and trainer with the Wonderful World of Horses starring the Royal Lipizzan Stallions of Vienna, Austria.

Miller is considered by experts as the leading exponent of Dressage training—the type of training made famous by the Spanish Imperial Riding School of Vienna, Austria.

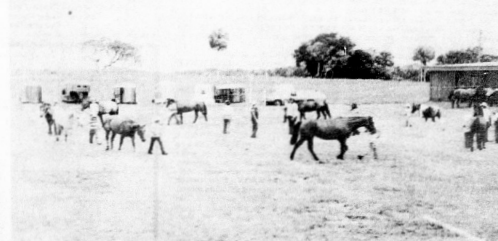

Another equally famous trainer and instructor will be announced at a later date. Mr. Ekhoff feels that the new complex will offer boarding, training and instructors' facilities second to none.

Aug. 24 and 25, at 8 p.m., rodeo shows will be held. First prize \$100; second, \$60 and third \$40, in each event. Bull riding, barrel racing, bronc riding, steer wrestling and calf roping events plus pole bending, barrel racing and games will also be featured. Admission is just \$1. Entries will be taken at Harold's Restaurant.

Aug. 24, from 9 a.m. to 5 p.m., a riding clinic will be held in grooming, lunging, suppling, bending, reining, equitation and dressage. Charge is \$10 per person, and those wishing to enroll must do so at Harold's Restaurant or call 465-2102, Lake Placid.

Aug. 25, at 9 a.m., an open Horse Show will be held, with admission to the public. Classes will include—First Year Green 26" Second Year Green 28" Working Hunter 30"; English Pleasure open;

Western Horsemanship 17 and under; Western Pleasure adult; Western Pleasure 17 and under; Western Horsemanship adult; Open Reining; Open Jumper Hunt Seat Equitation over Jumps; high Jump Open; Handy Working Hunter Jumps 3'; Hunter Hack Two Jumps 26"; Relay Race; Barrel Race; Pole Bending; Flag Race; Keyhole Race; Buddy Pickup Race; and Boot Race. The judge will be Mrs. Margo Phelps of Miami.

A SHOWMANSHIP Class at Halter finds Highlands, Hardee and Polk County 4-Hers, at the Highlands County 4-H Horse Camp, circling Ruth Handley and Sharon Gisson, Sebring (center), acting as both judges and

teachers in giving instructions and pointers on how to lead and show their horse to its best advantage when in the showing. Photo by Miller

Gospel Sing Janice Murphy Attends National Horse Congress

There will be a free Gospel Sing next Saturday night, Aug. 18, at the Eastside Baptist Church in Wauchula, on East Bay St., at 7:30. Sing Moderator will be Bryan Driggers. The "Jubilee Trio" from Haines City will be featured on the program, along with local talent.

The Rev. Harrison Conley, pastor of the church, invites everyone to attend.

The Avon Park Rebel Riders 4-H Horse Club will have no meetings in August. The election of officers for the 1973-74 4-H year will be held in September.

The 4-H Record Books (for the 1972-73 year) must be turned in by September, if you

haven't already done so, or you will not be eligible to be in 4-H this coming year. Janice Murphy and her registered Quarter Horse gelding, Le'Jet, left Monday, Aug. 13, for the National 4-H Horse Congress in Dallas, Texas, which will be held Aug. 15-18.
