Klan Holds Rally At Avon Park

"It's time we get out of the welfare state and stand up as God-fearing men and women with pride and integrity," said Robert Shelton, Imperial Wizard of the Ku Klux Klan, as he addressed some 300 persons gathered on the outskirts of Avon Park Friday night.

"Instead of shuffling your feet and looking at your toes, ashamed that you're a white man, you should be proud of the fact that you're white."

"I teach my children racial integrity, separation of the races. We have some rights, too, you know," the Tuscaloosa, Ala., white supremacist said.

He charged that "You working men might have a union, you might have a government in Washington, but it's all controlled." He named off several corporations whom he said had agreed to replace the numbers of white people with blacks, to satisfy government requests.

An earlier speaker, Mrs. Shirley Correll of Lakeland, who identified herself as a former PIA Council president, said that "Every avenue of life is being restructured through the regionalization of areas into federal districts. She said Florida is part of Region Four in the government's super plan to control the populace. She said Atlanta is now our capital.

"President Nixon is replacing the elective form of government with an appointive form and we are finding ourselves ruled more by regulation than by laws enacted by our elected representatives. This constitutes, in my opinion, the overthrow of the Constitution."

Mrs. Correll said "When I hear President Nixon speak of this country going through a revolution during these times, I believe he means just that—Revolution."

Mrs. Correll said she is not

identified with the Klan, but just took advantage of the opportunity to speak to the audience.

Also on the program with some patriotic remarks was

the Klan's Florida Grand Dragon, John Paul Rogers of Lake Wales.

About 50 robed and masked Klansmen participated in the burning of a giant, kerosene-

soaked cross following the speaking, while a recording of "The Old Rugged Cross" hymn played over the loudspeakers which had been set up in the field across the street from the Avon Park airport.

Fans Honor Athletes At Annual Banquet Thursday

A large number of Avon Park sports fans were on hand last Thursday night to honor the high school cheerleaders, cross-country runners, and the varsity and junior varsity football teams at the annual Avon Park Athletic Association ball sports banquet.

Former University of Miami Coach Charlie Tate was the guest speaker for the evening and the now-retiring resident kept both adults and students fascinated with his talk which was both entertaining and challenging. At one point in his comments he said, "Don't worry about your size. If you're good enough, you're big enough." He closed with this advice to the young athletes: "Play hard, study when you are supposed to, respect your friends, respect the adults who try to help you and you'll go a long way in life."

The big surprise on the evening came when head coach Ralph Hill announced that this season the coaches would not send just four trophies to

outstanding members of the 1973 football team but that all 23 members of the squad would receive a trophy for the fine efforts in setting the 7-2 record. In the past trophies have been given to the best all round player, the best offensive and best defensive players and the most improved player. But Coach Hill and line coach John Pilcher emphasized the fact that team effort was the contributing factor in the 7-2 season and honored each player with a trophy and appropriate remarks about each individual's play during the year.

It was no surprise to the group to hear Coach Chet Brojek present Red Devil Cross-Country ace runner James Brown with the 1973 Outstanding runner trophy. Coach Brojek reminded the fans that James was a three time state individual title holder in cross country and track with a possibility of a fourth in the two-mile run this spring. Brown won the state

Class A and AA title last month in cross-country and last year had won the two-mile and the cross-country individual title in state AA. Reid Wall was awarded the most improved runner award. Wall came in sixth in the state meet.

Avon Park athletic director Joe Franz served as master of ceremonies for the annual event. David Johnson, president of the Boosters Club, welcomed the group before the coaches were introduced. Coach Joe Baker was introduced as coach of the eighth grade football team which set a 2-4 record this year. Coach Dewayne Lemler, head junior varsity coach, introduced his assistant coaches Harry Williams and Rommie Jackson and also had the members of the 1973 Devil junior varsity stand up.

Miss Jeannie Cox, high school physical education instructor, introduced the two cheerleader squads and complimented them on a fine football season.

Davis Elected Mayor; Britt, Howard Get Council Seats

By MELL WILLIAMS
Almost half of Avon Park's registered voters turned out to place a new mayor and council on the ballot office during Avon Park's municipal election last Tuesday, and to keep Civil Service in the city.

J. Marshall Davis ran away with the popular vote, defeating incumbent Robert J. Barben by almost a two to one vote. With only thirty absentee votes remaining to be counted, Davis received 1009 votes to Barben's 543.

In the council race, incumbent Milton Howard led the way with 891 votes, with Robert Britt coming in second with 804 votes.

Placing fourth in the popular votes for city councilman was Leslie R. Norris with 613,

finally Wilson W. Smith with 596.

Last year's election went down to the wire, depending on the absentee vote, however this year the results cannot be changed.

On the referendum question,

the voters made it clear that they are definitely in favor of Civil Service by casting 85 votes against abolishing it and only 231 for abolishment.

By precinct the voting went as follows:

Precinct One, for the referendum, 202, against 733; in the mayoral contest, 496 for Barben with 766 for Davis; in the council race Howard received 746, Smith 571, Norris 566, and Britt 475.

In Precinct Two, 29 votes were cast for the referendum with 82 against; Barben received 48 popular votes while Davis received 245; Britt took 529 votes followed by Howard with 445, Norris with 47 and Smith with 19.

A total of 1649 of the approximately 3400 registered voters turned out for this election, surprising almost everyone.

"This is a good turnout for a municipal election," Jimmy Whitehouse stated just prior to the closing of the polls.

Milton Howard, on hand during the counting of the ballots stated after the count, "I'd really like to thank all of the voters for the fine turnout and especially for their showing confidence in me by placing me high man in the council seats election." "I will do all that's in my power to keep the people's confidence during the next two years."

Robert Britt was also on hand and said he was "very happy" with the turnout and is appreciative for the chance to serve the people of Avon Park.

Council President Clarence King, outside during the count, was asked his opinion on the referendum turnout. King was instrumental in having the question placed before the people for its third time.

With the popular vote going almost four to one in favor of keeping Civil Service in the city, King said, "I still don't think the people know what they've voted for."

THIS CHRISTMAS FLOAT didn't make it to the parade. The float, carrying 14 cosmetology students from SFJC, was hit on Hwy. 27, on route to the Mall by a tractor-trailer truck. One student was killed and all others injured, some seriously. (Photo by Miller)

Drivers Get Photos On Licenses

Eighty-eight Highlands County drivers on Monday got the first laminated color photo driver's licenses which went on sale here that day.

And all through December, drivers born in odd-numbered years in December, will be getting the licenses. Effective January 1, drivers born in even numbered years in January will get the new licenses.

From now on, persons being re-examined or renewing licenses, will go to the local license agency on Route 27 North to get licenses, instead of mailing to Tallahassee, as says Larry Melendy, who is in charge of the license office.

Although the license now will be obtained from the local examining office instead of Tallahassee, a computer tie to Tallahassee will bring instant information as to whether the applicant has too many points or for some other reason is not qualified for a license.

It takes only 70 seconds from the time the applicant smiles into the camera until the photo license is ready.

The new photo license will cost 50 cents more. This means the two-year renewal license fee will be \$3.50 and a four-year license \$5.50, which includes a re-examination fee.

Main benefits of the new license, said Melendy, will be better identification for cashing checks—or better identification to police officers—and "absolute assurance against counterfeiting a driver's license."

Drivers will be switched to the new licenses as their current licenses expire.

Thirteen cosmetology students from South Florida Junior College were injured, one fatally, five seriously, Monday when the Christmas float on which they were riding was struck by a lumber truck on Route 27.

Dead is Patricia Medley, 34, of Bowling Green who died in Walker Memorial Hospital about two hours after the accident.

Also injured was the teacher of the class, Mrs. Bernice Walker, 37, of Avon Park, who was treated at Walker and released. The only Sebring student involved was Wanda Iris, 36, who was treated at Highlands General Hospital and released.

David Stalvey, 23, of Homerville, Ga., driver of the truck which hit the float, was uninjured.

The class had just finished decorating the float at the college and, at 6:29 p.m., had turned onto Route 27. The float was being pulled by a pickup truck driven by Sandra Willis, 22, of Arcadia, and Mrs. Walker was in the cab with her.

About 2 miles north of the SFJC entrance Stalvey, who was heading back to Georgia

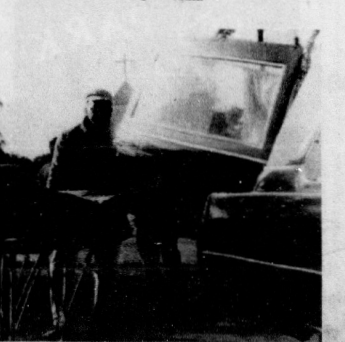

after delivering a load of fence posts in Arcadia, hit the left rear of the trailer with the right front of his truck, causing the pickup to jackknife to the left.

The terrified girls on the flat bed float either were thrown or jumped at impact. The truck then struck the left fender of the pickup, pushing it 65 feet ahead, traveled 387 feet from point of impact to the left, crossed the median and the southbound lane of traffic, plunged 16 feet off the highway and burst into flame. It did not overturn.

Meanwhile the pickup and float, which had been on route to the annual Christmas parade in Avon Park, were strung across the northbound lane, and northbound traffic began to back up. At one time it was backed up for three miles.

First on the scene was the Avon Park ambulance crew of Edgell Moore and Quillen Trooper Percy Goetting, who had just sat down to dinner, raced from his home in Placid Lakes.

The students riding the float were in their red uniforms and one of them wore a Santa Claus outfit.

her home at 945 Woodrow Ave. Fire Chief Mack Flowers said that a kerosene heater is believed to have exploded, starting the fire.

1 Killed, 13 Injured On Christmas Float Monday

Salvey said he did not see a light on the back of the float, but Trooper Goetting said his investigation and talking to witnesses disclosed that there was a rear light.

Those more seriously injured were Odessa Jowers, 36, of Florida, admitted to Highlands General hospital with possible kidney damage, abrasions and contusions.

Jill R. Driggers 18, of Lake Placid, transferred from Walker to Winter Haven hospital, critical condition, in intensive care.

Sandra Willis 22, of Arcadia, possible fractured neck vertebra, abrasions and contusions, transferred from Highlands General to Winter Haven.

Grace Youmans 43, Arcadia, back injuries and possible head injuries, transferred from Highlands General to Winter Haven.

Sherrie Elder, 18, of Avon Park, is in fair condition at Walker after surgery.

Trooper Goetting said charges are pending until he completes his investigation.

Toys For Tots Drive Launched In Avon Park

The annual "Toys for Tots" drive sponsored by the United States Marine Corps Reserve has been launched locally. Co-ordinator for the Avon Park area is Lieutenant Commander Frank Cleveland, Chaplain for the 4th Marine Amphibian Tractor Battalion, headquartered in Tampa. This unit is one of 18 in the United States which participate in the yearly program. The project had its beginning in Los Angeles in 1947 and now spreads throughout the country.

The purpose of the program is to collect toys for needy children in the area. This is accomplished by the placement of collection bins throughout the community marked with a sign saying, "Toys for Tots." Toys which are placed in the bins will be collected on a daily basis. Collection bins will be placed at the following locations: Win-

Diez, Panty Pride, Metcalfe Hardware, Delaney Hardware and the Episcopal Church Parish House. Once the toys are collected and sorted they will be distributed in the Avon Park area.

Lieutenant Commander Cleveland is asking for any new or used "usable" toys for children of all ages.

Mail Will Be Delivered

Postmaster R. D. Young of the Avon Park Post Office wants to assure our customers that we are moving Christmas, mail with dispatch and that we fully expect to complete every delivery by Christmas Eve. The energy crisis may impose some added unforeseen burdens. Nonetheless, with broad public cooperation, we expect to make this the best mailing Christmas in recent memory. To help us meet this goal, we are urging our customers to mail first class Christmas cards, letters and packages earlier than usual, by no later than Dec. 8. Air mail letters and packages should be posted by Dec. 15.

We are concerned with fuel shortages for both inter and intracity mail transport. To date, trucks and trains, and most planes, are moving with our mail. But shortages do and will occur. We are also aware that airlines cannot add their usual complement of extra Christmas flights, flights which traditionally help carry the extra volume of Christmas mail.

Your Post Office will be open for the next two Saturdays, Dec. 8 and Dec. 15, from 8:30 a.m. to 5:00 p.m. So, please

help the Postal Service bring Christmas a little earlier than usual - mail earlier, by Dec. 8, or Dec. 15, if by airmail.

Lions List

Contributions

To The Blind

As you may have been aware, the Avon Park Lions are busy throughout much of the year earning funds for sight conservation and other community benefit programs. The Club's Board of Directors wants all those in the community who believe in their work and support their fund raising efforts to know what is done with these funds.

First - such expenses as International and State dues, meals, club house maintenance and operations, convention attendance and the like are classified as administrative budget items funded through membership dues and assessments.

Secondly, and of more interest to you, such programs as local school eye care, Florida Foundation for the Blind, Florida Eye Bank, Leader Dog and community projects like Little League, Scouts, Boys State, Christmas Cheer and others are funded through public fund raising efforts. The Lions contribute both time and energy as well as money to the latter programs. It should be of more than passing interest to know that the current year budget for sight conservation and community benefit programs exceeds \$2,500.

The Club's directors extend a sincere expression of thanks to all of you who have and will hopefully continue to support their programs and make such a contribution to the public welfare possible.

Organization Meet For Sweet Adelines

Barbershop Harmony and Sweet Adelines are two of the most enjoyable and relaxing hobbies for the woman who likes to sing. Sweet Adelines was organized over 25 years ago and is the women's counterpart of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, better known as S.P.E.B.Q.S.A. Sweet Adelines is an international organization and as of April of this year there were 23,575 members in 367 chapters. Two of the major events in the Sweet Adeline year are regional competition and a show put on by the local chapter to raise money to attend competition.

There has been some interest expressed in forming a Sweet Adeline Chapter in the Avon Park area. You do not have to have musical training or be able to read music to become a member. The only requirement is that you must be able to carry a tune and sing your part. Barbershop harmony consists of four parts, lead (or melody) tenor, baritone and bass. It is the bass voice that makes a women's club into a Sweet Adeline chorus. Most of the music that is sung barbershop style, falls into two categories, toe tapper and tear jerker. The majority of the songs used are the "oldies" but arrangements have been made of the newer songs also.

Mrs. Evelyn Jones, director of the "Young Highlanders," and very active in the music field in central Florida, has agreed to direct a chorus if enough interest is shown. Anyone who is interested is invited to meet at the First

Methodist Church, Thursday, Dec. 6 at 7:30 p.m. If you have any questions that you would like to have answered contact Shirley Gossick, 483-5046 at anytime. If there are any former Sweet Adelines in the area please try and be at the meeting, we will do some singing - "barbershop style".

Methodist Women Hold Meeting

The United Methodist Women held their regular monthly meeting Tuesday morning, Dec. 4 in Wesley Hall. Mrs. Otto Kreiger was in charge of the program and introduced Mrs. Evelyn Jones and the Junior Highlanders, comprised of Ricky Derman, Tim Jones, Mark Garner, Phil Cribb, and Craig and Diane Schupp. The presented a lovely Christmas program, "The Story of Music." A short business meeting followed. It was announced that the officers of the Methodist Women will be installed at the morning church service Sunday, Dec. 9. The Call to Prayer and Self-Denial will be observed Jan. 25 at 9:30 a.m. in the Sanctuary. Refreshments were served during a social hour enjoyed preceding the meeting.

VFW TO MEET
The VFW (Veterans of Foreign Wars) will meet Thursday, Dec. 6, at 7:30 p.m. at the Avon Citrus Bank Building. Members are urged to attend.

Fortieth Anniversary Celebrated By Cooks

Mr. and Mrs. Allan P. Cook were honored on their "40th Wedding Anniversary" on Thursday, Nov. 22, at Cook's Brentwood Place on Lake Brentwood. Forty guests, including brothers, sisters and their families, children and grandchildren attended the pot-luck dinner, complete from turkey to pie.

Mr. and Mrs. Cook were presented with many lovely gifts, and Mrs. Cook was presented with an orchid corsage.

Norman's mobile home at the lake was decorated in keeping with the Fall and Thanksgiving spirit. The coffee

table held a floral arrangement of dried flowers. After the delicious meal, the anniversary cake, a replica of a "beehive" was served along with punch and other party snacks. The red velvet cake was symbolic of the 40th Anniversary, the Ruby Anniversary. The cake was in the shape of a white beehive resting on a green lawn. A white and gold filigree "40" designated the entrance to the hive. A spray of mums in Fall yellow, gold, orange and bronze decorated the side of the cake and clusters of mums decorated the four corners of the lawn, while honey bees circled the hive and rested on the flowers.

Vivian Iris MacCanon and Allan P. Cook were married on Nov. 30, 1933, on Thanksgiving Day, at the Methodist parsonage in Alva, Fla. They lived seven-and-a-half years in LaBelle before moving to Avon Park in the spring of 1941. Among those attending were the Cook's children, Robert and wife, Virginia Myrtle and children, Sharon and Joey from Hollywood, Fla.; Marilyn and Malcolm Miller and daughters, Leslie and Laura

from Louisville, Ky.; and Norman and son, Walter, Avon Park.

Brothers and sisters: Mrs. Ruth Drawdy, Avon Park; Edward Cook, North Carolina; Mr. and Mrs. Paul Reynolds (Ethel), LaBelle; Mrs. Nellie McMillan, Belle Glade; Mr. and Mrs. James Cook, and Miss Margaret Cook, Fort Myers; and Mr. and Mrs. George Markham (Betty) from Jacksonville. One brother, David Cook, who lives in New Jersey, had plane reservations to attend but died in his sleep a few days before Thanksgiving.

Also attending were Mr. and Mrs. Felix Uzell of Sebring.

Letters

To The Editor

Lions Club

Thanks

Citizens

Editor Sun:

As president of the Avon Park Lions Club I wish to extend a heartfelt thank you to the fine citizens and merchants of Avon Park who supported our Lions Club auction. Many, many persons contributed generously of their time and their merchandise to help us make this a great success. Thanks also to the Band Parents Association for providing the concession stand to help take care of the crowd. We feel that this project was mutually successful.

Please be assured that all of the funds raised by the Lions at this auction will be used in the great work of Sight Conservation. Under direction of Senior Auctioneer Lion Ben Stewart all merchandise was sold for a substantial sum to take care of the eyesight needs of our children and other needy citizens.

Avon Park's people are just the finest. God bless you all. May the Lord take a liking to you all.

Float Work

Appreciated

Editor Sun:

I would like to publicly express my gratitude to the many fine participants, who took their valuable time to design and build a float for our annual Christmas parade.

I should also like to thank the bands from our neighboring communities of Sebring, Lake Placid and Frostproof, also the magnificent Navy band from Orlando and, of course, our Avon Park Junior and High School bands.

Without the participation of our community, we would not have had such a successful parade—thank you.

Steve W. Roberts Jr.
Parade chairman

Be Friendly With Everyone

Editor Sun:

We live in a land of freedom, but often times we people do not exercise our rights. What do you think about it? When you the people have problems which effects each of us, let us try to solve these and thus improve ourselves as good citizens. When we see dishonesty, story telling, etc., don't walk away, stop it before it gets started, and this will be one less problem that's not a reality. Let us bring back kindness, love, peace and hope. Be more friendly and help each other. What do you think?

Between The Book Ends

By MRS. R.D. MOORE
Librarian

Jane Aiken Hodge, daughter of Conrad Aiken and author of numerous novels which have received enthusiastic response from readers everywhere, will undoubtedly receive yet more praise with her latest book "Shadow of a Lady". It is a story set in the era of Napoleon and is alive with all the turbulence and tragedy of that intensely romantic period.

How much do you know about the Appalachian Trail? It is likely that you are not as knowledgeable as author Ronald Fisher and his photographer friend Dick Durrance and his wife since they have had the delightful experience of hiking the Appalachian Trail - setting out from its southern terminus on Springer Mountain, Georgia and exploring all the way to its northern end at Mount Katahdin, Maine. In their book, "The Appalachian Trail", you will hike with them through the Great Smoky Mountains, you will visit an Indian arts and crafts center, a stoneware factory in the Tennessee highlands and enjoy the Jefferson national forest among other delights. Illustrated with more than 125 photographs, this book is truly a splendid addition to the shelves of the Avon Park Public library.

If you ever need to know anything about a character in one of Shakespeare's plays you should be able to find what you need in "Who's Who in Shakespeare" - a new addition to the Reference Shelf at the Library. "In this fascinating book, the reader is presented with a complete guide to all the characters which throng Shakespeare's plays. Not only are all the leading figures portrayed in depth but the role and significance of everyone of

the minor figures - however brief their appearance - are also discussed."

Mystery fans will be happy to hear that we have added another Inspector West book by John Creasey to our collection. "Inspector West at Home" was revised by the author just before his death in June, 1973 and this is the first time it has been published in the U.S. This time around Inspector West is accused of taking a bribe and his Scotland Yard career is in peril. He is given a month to clear himself. Does he do it? READ.

Erskine Caldwell - whom you know as the author of "God's Little Acre" and "Tobacco Road" - has a new novel out entitled "Annette". It is the story of a young woman in the urban South and the book has an ending that will surprise you.

"The Victorian Album" by Evelyn Berkman has arrived at the library. It is a tale of contact with powers beyond the physical world - a fine novel of suspense. A superb reference volume is now available for browsing - "The Random House Encyclopedia of Antiques". It is considered by many to be the most authoritative antiques reference work ever to appear. There are over 5,000 entries which cover everything that might turn up in an antique shop. Full coverage is given to each entry and is based entirely on fact. This book provides a wealth of fascinating knowledge on all forms of antiques found in Europe, America, and the Orient. Stop by the library and take this home for several hours of enjoyable "window shopping".

EIGHT YEARS AGO Anthony Rutz and his family came to Avon Park after having lost every possession in Cuba. In working with his hobby of growing fruits and vegetables in his backyard, Anthony is showing Ann LaVoie, Sebring, of the Horticulture Class of South Florida Junior College, where he had cleft grafted an egg plant to a pendiciera plant. The pendiciera, a member of the egg

plant family, grows wild on newly cleared land, in Cuba, to a height of eight or 10 feet with a two-inch diameter trunk. Tomatoes, egg plant and peppers on the pendiciera rootstock grow larger plants than on their own roots. Unfortunately, the tropical rootstock, grown from seed, is killed by frost. (photo-Miller)

4-H Meet Centers On Showmanship

The Avon Park Rebel Riders 4-H Horse Club held a meeting at the home of Mr. and Mrs. Glenn Murphy on Dec. 1, from 2 until 4 p.m. The meeting was centered on equitation and showmanship. Mrs. Joy Murphy and Mrs. Roberta Elder helped with English equitation. All three gave demonstrations and helped with showmanship at halter, both English and Western. At the meeting, Kara Elder officially asked to be excused from the office of reporter. Her resignation was accepted and Stacey Sharpe will be the reporter for the rest of the year.

The Rebel Riders also met at the home of the Murphys for a hot dog roast on Oct. 6. Members present were Tammy Ostling, Kim Taylor, Terri Helvey, Vesta Hall, Kara Lunsford, Janet Filippula (secretary), Laurie Peterson (treasurer), Janice Murphy (vice president), and Stacey Sharpe (president).

Several things of interest were announced at the Dec. 1 meeting. The New Deadline for Coggins Test Certificates is Jan. 1, 1974. You must have a negative test certificate to bring your horse to any meeting, show, playday, etc., after this date.

The Nov. 24 and Dec. 22 Hood Dusters 4-H Horse Show are being combined into one show, which will be held on Dec. 13, because of the Christmas and Thanksgiving holidays. Entries must be in by Dec. 8 (this Saturday, one week before the show).

100 members also elected a phone committee to inform and remind members of meetings, and to make sure, who will be attending what. The members of the committee are Janet Filippula, Vesta Hall and Kara Lunsford. If, and when, members will not be attending meetings, they must call an officer or leader to be excused ahead of time. Unexcused absences will count against a member, and they may be dropped from the club.

The Rebel Riders had several members competing in the Oct. 13 Hood Dusters Playday; they were Janet Filippula, on her pony Silk, winning; third in the Walk and Lead Race; third in the Sack Race; fourth in the Egg and Spoon Race; fourth in the Boot Race, and fifth in Ride-A-Bigby; won third place in the Old Clothes Race, and sixth in the Sack Race.

Farmers Needing Diesel Should Apply Immediately To Supplier

Farmers and ranchers needing diesel to plant, cultivate, or harvest their crops should apply immediately to their supplier. This word came today from Otis Everett, County Executive Director, for the Agricultural Stabilization and Conservation Service (ASCS), whose agency plays a role in helping farmers obtain needed fuel.

Everett explains that on Nov. 9 the Office of Petroleum Allocation issued Advisory Notice No. 2 which outlined allocation preferences of Middle Distillate Fuels. This advisory requires that for a period of sixty days, suppliers shall give the following preference in the allocation of diesel:

1. Prime movers or power units necessary for the exploration, production, refining, and distribution of fossil fuels;
2. Operation of mobile and fixed farm and ranch equipment essential to the planting, growth or harvesting of crops and/or livestock; and
3. Operations of public mass transportation systems within metropolitan areas.

The purpose of this advisory is to insure that adequate supplies of diesel fuel be delivered to preference category customers in an expeditious and effective manner, with no delays stemming from pre-delivery documentation. Everett said, "This the law of the land and suppliers are obligated to give farmers and ranchers preference in supplying their needs of diesel fuel."

It is intended by the advisory that the diesel fuel needs of customers in each of the three categories be met in full by the appropriate supplier to the customer, and such supply be delivered without formal petition to or approval by the Office of Petroleum Allocation. That is, suppliers at each level are expected to meet the indicated essential needs of customers in the most expeditious manner possible. The Director cautioned that preference category customers must limit their requests to the

amount essential to their immediate need. It is necessary that customers receiving diesel fuel under these preference categories furnish a written statement certifying to their supplier that volumes requested constitute essential requirements during the period covered by Advisory Notice No. 2. It is not intended that this preference allocation be used as a device for stocking fuels against potential future needs," Everett said.

Records, including customer certification statements, will be kept at each level of supply and shall be available for inspection by the Office of Petroleum Allocation.

Everett stressed that farmers and fuel distributors having questions about Advisory Notice No. 2 should direct them to their local ASCS Office.

There is a reward at the top of . . .

THE CLIMB

EVERYONE IN THE CHURCH
HAS A CLIMB IN FRONT OF HIM

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even on a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Even when you know the proper way to climb with skis and the way up becomes easier, it still exerts you. However, the way is made even less of an effort when you think of the rewarding ride down.

The reward of an eternal life with God is easier still because it is a gift.

"For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord."

Attend church . . . learn more of this wonderful gift.

GOING A LONG WAY TO BRING YOU MORE TELEPHONE SERVICE

This year, United Telephone of Florida will add 30,000

new telephones to help meet the unprecedented

demand for service in our territory. By the end of 1973,

fifteen percent of all the telephones in use in this area

will have been installed within the last twelve months.

To help keep pace with the population explosion in

this part of Florida, we have called upon our affiliated

United Telephone Companies in Pennsylvania,

New Jersey, Tennessee, Indiana and North Carolina.

So don't be surprised if you see United trucks from

far away places on our streets and highways.

And when you see telephone installation crews without

a familiar Florida suntan, welcome them. They're

helping us bring you more and better telephone service!

SEJFC Broadens Aid To Students

Dr. William A. Stallard, president of South Florida Junior College, said this week the higher education amendments of 1972 will allow SEJFC to broaden its financial aid program for students. The intent of the 1972 Amendments is that every eligible student is entitled to federal grant assistance as a matter of right. However, those who have attended a post high school educational institution prior to July 1, 1972, will not be eligible for aid under this new program.

Persons who are interested in obtaining financial assistance to attend college should immediately contact the director of student personnel at SEJFC. The telephone number is 453-6661.

In addition to the basic educational opportunity grants, there are a number of other financial aid programs available through the college.

WE ARE very thankful for your letters, cards and expressions of good will during our father's operation. It was quite a difficult time and it is only the knowledge that there was a Savior of mankind and your prayers that made it possible to sustain the family through the tribulations. Words can not express our gratitude for your help and concern. The road to recovery is still long and arduous, but thanks to the will of the Supreme Physician, aided by your words of encouragement, Howard is well on the way to recovery. With our thanks to all.

WE EXTEND our deepest appreciation to the dear folks who have been so generous in helping us get re-established after the fire.
