# Cure For 'Smelly' Water Is Still Being Researched

The cost of taking the bad odor of sulphur out of the city water in Avon Park may be a little more costly than was first anticipated. Dick Thompson, an engineer for Dawkins and Associates, the city's engineering firm, told the City Council Monday night of the difficulties that were being encountered in their

preparation of plans for water system improvements. Thompson said that the initial plan of "pumping all the water to a central location for aeration and chlorination and then pumping it back out to the extremities of the city" would not work without reworking the existing system with larger pipes. "This would

be expensive," he said. "We're going to run tests on the water with chlorination to see how that affects the smell," Thompson said. He said that the chlorine would have some effect on the sulphur but he did not know to what extent. If the chlorination doesn't work effectively enough, then the water will have to be

aerated, according to the engineer. In other action the Council adopted an ordinance requiring that persons living within a specified distance of a sewer line, when the lines are installed, will be compelled to merge with the city sewer. A letter of commendation from Sheriff O. L. Raulerson Jr., to the Avon Park Fire Department for their help at the accident of the Christmas parade float was read to the Council.

The Council was advised by the office of Federal Revenue Sharing that funds for Avon Park had been reduced due to the fact that the city has not increased taxes while Sebring and Highlands County had initiated substantial increases.

Melvin Beane was voted unanimously to fill a vacancy on the Civil Service Board. The Council discussed the productivity of various committees and voted to suspend any member of a committee if that member misses three consecutive meetings without just cause.

City employees will observe Dec. 24 and 25 as holidays this year. The Council also voted to cancel its Dec. 24 meeting.

# Citizens Air Complaints On Telephone Service

By ALBERTA JONES  
Declaring she could "do better yelling than calling" via telephone, a Venus woman sounded a theme often repeated in a three-hour hearing here Tuesday before Florida Public Service Commissioners.

The hearing, called to inquire into the service of United Telephone Company of Florida in the area, was held at the Ag Center. It was the first of three PSC's holding this week into the quality of UTP's service.

Members of the audience of approximately 100 persons chuckled often as Mrs. Van T. Oxer, Venus housewife and clubwoman, described her complaints about United Telephone service. She explained that her children and grandchildren "all over the country are calling constantly. I just guess at what they're saying, and that cable shipment are very late."

Mrs. Bradshaw, who is president of Sebring Hills Association, said there had been delays in obtaining service "in 1970 or '71" because of equipment shortage and the area is in the same plight again. "This is one of the boom areas—we have experienced 100 per cent growth in three years."

United Attorney Edwin Mason explained that expansion for Sebring Hills had been held up because of the necessity to treat the ground for nematodes before cable needs could be determined, and that cable shipments are very late.

Mrs. Bradshaw suggested that telephone lines might be strung from the poles already up rather than "wait for Utopia" of buried cable.

**Some Praise**  
Some witnesses said they had found service good. Steve Roberts Jr., Florist, told the commissioners that service has improved since United Telephone bought out Inter-County Tel and Tel some years ago. "When people say service is bad I say, 'compared to what?' When you call a plumber or electrician you get put on a waiting list."

Don Card, who operates retail and real estate businesses in Orlando and

complained about delays in obtaining service because of inadequate planning on the part of the telephone company.

Short testified he had applied for service in mid-September and is still waiting because the company "does not have equipment in the Sebring Hills area where I live." Williams applied in August for service to an Okeechobee subdivision.

Mrs. Bradshaw, who is president of Sebring Hills Association, said there had been delays in obtaining service "in 1970 or '71" because of equipment shortage and the area is in the same plight again. "This is one of the boom areas—we have experienced 100 per cent growth in three years."

"When people say service is bad I say, 'compared to what?' When you call a plumber or electrician you get put on a waiting list."

Don Card, who operates retail and real estate businesses in Orlando and

Sebring, said, "Demand for telephone service has soared beyond anyone's dreams. I came here from Niagara Falls, N.Y., and telephone service here was wonderful, but the population is decreasing. In the face of all the expansion going on here, the telephone company is doing one heck of a job."

Larry W. Durrance of Bowling Green said, "We have excellent service. After listening here today I'm glad I live in Hardee County; we evidently have better service than over this way."

**Expanded Area**  
The question of toll free expanded area service within counties came up several times. I. E. Trotter of Ft. Meade made a strong protest against it for his area. Francis J. Matrangola of Spring Lake and Mrs. Mack Cole of Lake Highlands County, Mrs. Cole pointed out that people seeking to conserve gasoline will be trying to conduct business by telephone more often.

Keith Pafford of Tallahassee conducted much of the examination of witnesses, assisted by Prentiss Pruitt, who is chief legal counsel for the Public Service Commission.

The hearing, which ran through lunchtime, concluded just before 2 p.m. with brief appearances by two telephone company witnesses.

Edward P. Kittinger, president of United Telephone Co. of Florida, I. J. Boher, vice president for operations for UTP were sworn in as witnesses. Their lengthy statements were distributed but not read at the Sebring

hearing.

Each said he would be available for cross examination at the hearing in Ft. Myers on Dec. 13. A hearing was booked for Naples Dec. 12.

The company statements emphasize difficulties being encountered because of rapid rate of growth and shortages of labor and materials.

Most of the hearing, even when testimony was critical, was conducted in a friendly atmosphere. One of the few tense moments arose when Charles Esposito (also known as Chuck Shane) attempted to introduce testimony about telephone company pressures and threats. Bevis upheld objections from the telephone company counsel and ordered the testimony stricken, but Esposito was permitted to enter both oral and written testimony about troubles with radio network equipment.

Esposito, who owns radio station WAPR in Avon Park, said his station has had the teletype equipment "for two years and not two cents worth of service."

Over the objections of telephone counsel Esposito was allowed to testify that Avon Park fire department had been without use of its telephone lines.

Sebring Realtor Virginia Roman complained that the telephone company had, without her permission, removed a telephone from her apartment. She had reported the loss to Sebring police as a breaking and entering before she learned that telephone men had made the removal "and I am unwilling to pay the \$10 charge to have it put back," she complained.

THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS, more commonly known as the Mormons, or Latter Day Saints, have sent four of their best books to the Avon Park High School. These books are "Book of Mormon", "Articles of Faith", "A Mar-

velous Work and a Wonder", and "Essentials in Church History." Elder and Sister James H. Lee, Missionaries of the Church, are shown above presenting the books to Helen Britt, Media Specialist at the High School. Photo by Sharpe.

## Mormon Church Group Gives Local Library Four Free Books

The Church of Jesus Christ of Latter-day Saints, more commonly known as the "Mormons" or "Latter-day Saints", have sent the fourth of the four books they will give to any public or school library.

This book is the "Essentials in Church History," which was written by the late President Joseph Fielding Smith, ninth president. Prophet, Seer and Revelator of the church, beginning with the Prophet Joseph Smith, who was the first Prophet, Seer and Revelator when it was restored to the earth by Jesus Christ Himself, on April 6, 1830, through the Prophet Joseph Smith.

President Joseph Fielding Smith was church Historian for 50 years, from March 1, 1921, to Feb. 1, 1973, when he became

president of the church, which office he held until his death on July 2, 1972. He was the logical person to prepare such a book as "Essentials in Church History" for Latter-day Saints. Furthermore beginning with his call as a member of the Council of the Twelve in 1910, and as president of that quorum from 1951 to 1970, and as president of the Church, he became foremost authority in his time on Church Doctrine and the importance of revelation, in the founding of the Church of Jesus Christ of Latter-day Saints and carrying it forward.

This is the 26th edition, and has been brought right up to date by the Church Historian, Leonard J. Arrington. This is a marvelous book for anyone as a reference book to the student of Church History, or a clear-cut guide for the newest Church Member. It has the information about the present President Prophet, Seer and Revelator, President Harold B. Lee, president of the Church since July 7, 1972.

The other three books are "Book of Mormon," "A Marvelous Work and a Wonder," and the "Articles of Faith." These four books have all been given to the South Florida Junior College and the Avon Park Public Library by Elder and Sister James H. Lee, missionaries of the Church in this area, who have been here since June, knocking on doors and contacting people of Highlands County, to acquaint

them with their teachings and beliefs, and the restoration of Jesus Christ's true church to the earth in 1820, thru the prophet Joseph Smith and that they have been sent here by the Lord to declare repentance unto the people, for the hour of his coming is at hand, even at our doors.

These books have been given by the First Presidency of the Church so that anyone who would like to know about the Church may do so thru these libraries. They have also placed Book of Mormon in the Lake Byrd Book store on U.S. 27.

Elder and Sister Lee spent last Wednesday in Orlando where they attended a Zone conference for the Missionaries of northern part of the Florida South Mission, where they mingled with over 100 other missionaries along with President and Sister Arden Hutchings. The Headquarters of the Mission is at Fort Lauderdale. The Church have over 18,000 missionaries all over the world teaching the Gospel of Jesus Christ. Most of these missionaries are young elders and sisters between 19 and 21.

Two of these young elders have been sent here to the Sebring area to assist in this area. They are Elder Linton of Phoenix, Ariz., and Elder Anderson of Westminster, Calif. Elder Linton was transferred here from Norway, and Elder Anderson has been working in the Tampa area. They are going around on bikes, knocking on doors and contacting as many as possible telling them of the wonderful Family Home Evening program and teachings of the church.

## The Police Docket

by Officer  
Gene Hancock

In a minor accident that occurred in the Winn Dixie parking lot, Sgt. Presley Seip stated that Sophie Tataris backed her '73 Chevrolet from a parking space and was struck by Priscilla Seims, operating a '66 Lincoln. Damage to the Tataris vehicle was listed at \$80, while the Seims car was reported to have no damage. This accident occurred at approximately 5:30 p.m. Saturday.

Patrolman Frank Cratty reported that Jimmy Dozier was operating a '63 Ford truck on W. Bell St. Dozier observed another vehicle being driven by Robert Dick, traveling south on S. Anoka Ave. Dozier stated he did not think the other vehicle was going to stop for the sign, and he started to slow down, causing a 3500-pound crusher weight to slide off the truck and striking the '71 Ford on the left front, causing approximately \$450 damage.

No charges were filed in a minor accident that occurred at the intersection of Hwy. 27 and 64 Wednesday at 3:45 p.m. Patrolman Gene Hancock reported that Helen Schaidt, Sebring, was traveling south of Hwy. 27 in a '73 Volkswagen, and Jutta Frye, 19, operating a '72 Pinto, attempted to make a turn from the northbound lane into the southbound lane and turned too wide, causing the right front fender of her vehicle to strike the left rear of the Schaidt vehicle. Damage to the Schaidt vehicle was listed at \$150, to that of the Pinto, \$25. No injuries were reported.

In a report filed by Patrolman Frank Cratty, he stated that Cynthia Green was driving a '72 Mazda truck and stopped for a stop sign at the intersection of W. Pleasant and N. Anoka Ave. She then started and saw another vehicle, driven by Shirley Furr, coming east on W. Pleasant St. Both drivers applied the brakes, but the pavement was wet, and neither could avoid collision. Both vehicles received damage estimated at \$75. No injuries were reported.

Patrolman Gene Hancock reported that at approximately 4:22 p.m. Friday James Farrand, Sebring, was traveling east on W. Church St. and apparently did not see the stop sign at the intersection of Church and N. Prospect, and did not stop, causing his '72 Ford truck to strike a '72 Chevrolet that was proceeding north of Prospect, operated by Sarah Crunkleton, Avon Park. After impact, the truck continued for about 35 feet before striking a concrete cornerpost of a carport before coming to rest. Damage to the truck was listed at \$450; an estimated \$1400 to the Chevrolet; and approximately \$200 to the house. Both drivers and a passenger in the Crunkleton vehicle have possible minor injuries. Farrand was cited for violation of right-of-way.

## Woman's Club Hear Christmas Program

The Avon Park Woman's Club lived up to its promise with a beautiful program last Friday afternoon at the First Baptist Church.

"What is Christmas?" was the story told in narration and song of the prophecies of the Old Testament and the fulfillment in the New Testament of the birth of Christ.

Narrators were Joyce Wagner and Ann Robbins; Jerrold Perkins played a medley of Christmas carols, Marva Turner played "Come O Come Emmanuel" on the piano. Grace Marman of Sebring played arrangements from Handel and Bach on her violin. Little Kim Griffin sang "Away In The Manger"; Judy and Jim Crabtree sang, with Jim accompanying on the guitar. Ann Childress played a 12th Century Medley on the organ. The program ended with all joining in singing "Joy to the World". The sanctuary was decorated by Jimmie's Flower Shop.

The ladies adjourned to the Social Hall for tea and happy talk. Presiding at the coffee table and punch table were Leoma Maxwell, Alma Smoot and Ruth Brandstedt. Hostesses were Wilma Smith, Mae Langman, Viola O'Hearn and Emma Suard. Arranging the program were Katie Rehner, Ann Childress and Alice Smith.

## Sweet Adelines Meet, Organize

The first organization meeting for a Sweet Adelines Chapter in the Highlands County area was held last Thursday. There were a number in attendance from

Avon Park and Sebring. After a brief explanation of barbershop harmony, the evening was spent singing the old songs that were typically barbershop.

Anyone in the community that would like to sing is invited to meet at the First Methodist Church in Avon Park, Dec. 13, at 7:30 p.m. For further information contact Shirley Gossick, 453-5646, Avon Park.

## Women Hold Christmas Bonanza

The "Christmas Bonanza" held on Thursday, Dec. 6, in the Parish House of the Church of the Redeemer, sponsored by the Episcopal Church Women of Avon Park, proved to be a successful event. A steady stream of visitors kept the members busy. The variety of goods offered, drew words of appreciation from one and all. The tables, loaded at 10 a.m., were greatly depleted by 5 p.m., and the many satisfied buyers were gone.

The hall was decorated in Christmas colors, and gave a holiday feeling as one entered the door. While some members were busy selling in the hall, others were in the kitchen keeping a supply of the good food, which was displayed cafeteria style, for those who took advice from last week, bringing their family and friends, to snack or lunch, on the delicious sandwiches, pies and cakes, all homemade by the Redeemer members.

Mrs. Sanford Hartt, chairman of the event, wishes to thank all members who participated in the planning and work that went into the

Neisners Hold

Employe Party

The employees of Neisner Brothers held their annual Christmas party on Sunday, Dec. 9, at the home of Mr. and Mrs. Kenneth Tate, Willow Avenue. Hosting the affair were Mr. and Mrs. Alva Jackson and Mr. and Mrs. Tate. Holiday decorations, including a Christmas tree, were used throughout the home.

The affair was attended by 30 people, including employees, their families and invited guests. Punch and Christmas goodies were served after the meal, while Santa Claus gave gifts to the children, and the adults exchanged gifts.

The employees presented the store manager and his wife, Mr. and Mrs. C. L. DeWitt, with a set of lamps.

"Bonanza." They are too numerous to mention by name, but she greatly appreciates the help they gave her—and the time they spent on the project. Without the help and cooperation, it would have been impossible to hold the affair.

Fellowship Tea Marks Holiday

The Union Congregational Women's Fellowship tea, on Wednesday afternoon, Dec. 5, ushered in the Christmas season. Mrs. Charles Ginn and her committee served sweets from a point-setta centered table. Mrs. Keith Debo, president, poured. The program, "Christmas Thoughts," was coordinated by Mrs. Richard Dickinson. Several women gave readings. The happy surprise of the afternoon was the first appearance of the newly formed Hand Bell Choir directed by Mrs. Paul Zuck. Their Christmas music was applauded.

It was good at this early date to have a spiritual tone set to guide us through this busy time. In the true spirit of Christmas giving, over 100 items of children's underwear were collected which will be placed in the Cheer Baskets given by the city.

The next Women's Fellowship general meeting will be a covered dish luncheon at 12:30 on Wednesday, Jan. 2. The program topic is "The Earth is the Lord's." It will be developed as a study in ecology by Mrs. Walter Beach. Each one present will participate. The devotions "Choose Life for Planet Earth," will be led by Mrs. M. G. Whitcomb. Other members of the committee are Mesdames Shepherd, Morris and Castine. We are asked to bring discarded eye glasses to this meeting. All women are welcome.

## Between The Book Ends

By MRS. R. D. MOORE  
Librarian

Would you know what to do in case an adult in your family suddenly developed chest pain? Suppose your child swallows a house-hold cleanser? Or what would you do if someone is badly burned at home? The first things to do in meeting these and many other emergencies can be found in a book new to the shelves of the Avon Park Public Library entitled "In Case of Emergency; What to Do Until the Doctor Arrives." When sudden illness or an accident occurs this will help you be prepared with the recommended steps for proper emergency aid. Prompt care for emergencies can make the difference between life and death and this is a basic and indispensable book that families will want to read.

Joseph Wambaugh—does that name sound familiar to you? If not, I'm sure his books "The New Centurions" and "The Blue Knight" bring instant recognition for months and major movie and television productions.

Wambaugh is a detective sergeant with the Los Angeles Police Department and he now has written his first work of fiction, "The Onion Field."

It is the vivid story of an incredible murder and its equally incredible aftermath—

a murder that led to the longest and most intricate court case in California's history. It is the story of four men—two of them criminals, two of them policemen—who were forced to let someone be killed in a California onion field. It is a non-fiction that flows as smoothly as a novel but the chilling fact will remain with you after reading that this was a true story.

A master of the American mystery story, John MacDonal, has a new book out called "The Turquoise Lament." MacDonal is considered to be a creative and reliable writer—a crime writer who never lets his fans down. This latest addition should simply add to his considerable reputation.

The sixth edition of the "Comparative Guide to American Colleges" is now on the library shelves. This edition has been completely revised and analyses every accredited four-year college in the U.S. It provides a sound basis for college selection.

Are you aware that as a patron of the Avon Park Public Library you have ready access to the collections of the Florida State Library, the Tampa, Jacksonville, Orlando and the Miami Public Libraries? Anytime we do not have a book in our collection that you want we can get it for you through inter-library loan with these participating libraries. On occasion, if you require something highly specialized or technical which is not usually housed in a public library collection, we may also borrow from the state university libraries. We check these books out to you just as we do our own—there is no charge to you—just this extra service available. It is a good thing to keep in mind.

## Local Group Tours Through Everglades

A lovely day in the Everglades was enjoyed by 35 persons last Thursday the 29th as they traveled by Greyhound with Southland Tours.

There were eight departing from Avon Park and 27 from Sebring. A stop was made at the Holiday Cafeteria in Sebring for those persons living in Sebring. Leaving from Avon Park were Mrs. Virginia Williams, Mrs. Elsie Tibbs, Gerald and June Swallen, Fred and Evelyn Bates, Thomas and Helen Bason. Leaving from Sebring were Ernest and Freda Schaefer, Roy and Eva Zilech, Alta Preston, Fern Hunsinger, Mrs. Farn Seeling, Bertha Kalling, John and Mae Kirkland, Edwin and Marge Burkhardt, Irv Clark and Hazel Hiltchcock, Phillip and Ruth Hunsinger, Mrs. Farn Seeling, Evelyn Furgusson, Viola Cramer, Wayne and Ethel Wallick, Charles and Nell Hamilton, Lowell and Kathleen Brown. The tour was escorted by Toby and Bette Chapel—and daughter, Melissa.

After leaving Sebring the bus drove the group to Everglade City. Their first stop was at the Golden Lion Motor Inn for lunch. A lovely menu had been prearranged to expedite efficiency and service. After the leisurely one hour lunch stop the group boarded the bus again to continue on to their Everglade Boat Tour. The boat took the group out into the Mangrove Trees and delighted them with a one-and-one-half-hour view of live oyster beds, numerous native birds and the star of the show an American Bald Eagle, fish of a size to entice even an amateur fisherman jumped from the water to greet the boat and its passengers in a regular ballet. Several alligators lazily sunbathed as well as turtles for the folks to view.

Returning to the marina and taking a few minutes to walk around the gift shop the folks reboarded the bus and headed for Palmadale, Fla., for a stop at the Tom Gaskins Cypress Knee Museum. Here they enjoyed looking at the 38-year collection of unusual knee formations, the walk over the 2,000 foot catwalk and time to browse through the gift shop. After again reboarding the bus the folks settled down for the remainder of the trip home while listening to Christmas music over the speaker system on the bus and talking over the days events.

Any day you are interested in a one day tour or a relaxing cruise call Southland Tours in Avon Park, 433-6258.

## Dr. Don Jones Describes His Trip Through Russia

Dr. Don Jones, former Rotary member, was introduced by David Lanier, December program chairman. First Don told us of his trip to Russia which naturally was medically oriented. If we understood him correctly the purpose of the trip was an exchange of ideas. From Dr. Jones' talk we should fervently sing "God Bless America" at the end of every meeting.

Photography is restricted—no pictures of railways, castles, military installations, factories, etc. The DC8 landed at Leningrad in the middle of the airport. All 130 passengers were marched under guard into the air terminal. The baggage was unloaded by three men with a hand cart, some three hours being consumed in this operation. Since none of the passengers could read Russian the rest rooms were located by sense of smell—no problem here.

While the revolution began in Leningrad, the second largest city in Russia, all points of interest shown to tourists were built prior to the revolution.

They toured the winter and summer palaces of Catherine the Great and the palaces she built for her different lovers. Her private art gallery consisting of some 1200 rooms is also viewed with pride.

All churches in Leningrad have been turned into museums—the authorities state there is simply no need for places of worship. Moscow, however, has three churches, one Jewish, one Catholic and one Baptist. It is our feeling that attendance is rather scattered (who wants his name on a list?).

On a trip from Leningrad to Moscow all boarding passes were handed to the first of three stewards. The passengers were marched under guard to the plane. The stewardess then counted the passengers and the passes and discovered a difference. The second stewardess then counted the passengers and the passes and arrived at a different figure, likewise the third stewardess with a totally different set of figures. All this operation took place in the snow in temperatures in the 20's. (This was such a hilarious organized confusion that even the writer got lost in the outcome.)

Flight meals consist of a piece of candy, about one ounce in weight. On food, Don stated that if you like raw cabbage you could do ok, but if not you were in trouble. In the grocery stores food was available but high priced. A chicken costs the equivalent of \$4.

Transportation in Moscow is

terrific, a train leaves the subway station every 60 seconds and one can ride over Moscow for seven cents. Don stated buses, subways and taxis were good but private cars were bad and far between.

Clothing is in short supply, of poor quality and extremely expensive. Men's shoes, similar to our hush puppies sell for \$50 a pair.

Entertainment is terrific—Russian ballet and plays subsidized by the state. What few movies there are, are politically correct.

Housing seems to be a huge problem with three to five families sharing a kitchen in the student run apartment complexes.

Finally, as to medicine, which we know is run by the state, doctors are assigned 200 to 400 families. Patients may change doctors but not clinics. Medicine is free with most of the doctors being women. The Russians give as reasons they lost so many males killed in WW II and engineering offers a higher wage rate. Doctors make \$400 to \$500 per month.

No disposable products are used in the hospitals—Russian doctors say too expensive and wasteful. A 900-bed hospital does eight operations per day.

A simple gall bladder operation consuming one and one half hours (the average in this country is 45 minutes.)

Remember only 10 to 15 percent of the total population communiting, they control the remaining 85 to 90 percent of the population.

Worried about an energy crisis? Turning over a shortage of plywood and 2 x 4's? Tired of paying \$1.79 for a pound of sirloin steak? Sick of Watergate and campaign contributions? Think a little on the many advantages we have, then let's have Thanksgiving give all over again.

### Apply Now For Academy Nomination

Young men who are Juniors in Pk, Highlands, Hardee, DeSoto, and Okeechobee County high schools and are interested in applying for a nomination for the U.S. Air Force Academy should contact the USAFA liaison officer in their area before the Christmas break.

The LO in this area is Major Carl P. Arant Jr., P.O. Box 1003, Sebring.

A counseling program will be held at the Groveland Motor Inn, Lake Wales, Dec. 27 and detailed information will be given when the prospect contacts his liaison officer before that time.

## Home Extension Agent Outlines Ways For Homemakers To Conserve Energy

"All Americans have taken energy for granted. We have used it abundantly to light, heat, and cool our homes; to cook our meals; and to bring us all the conveniences we are accustomed to. But we are now faced with a severe energy shortage which is demanding the cooperation of every man, woman and child." Jo Marilyn Townsend, home extension agent, said this week.

Since the homemaker controls the use of most of the energy in the home, she must take the lead in using all available energy efficiently and train her family to join in the energy conservation, she said. "Efficient use, in itself, will not solve America's energy problems, but it will help."

The homemaker may start her energy conservation with the suggestions below:

1. Avoid wasting hot water while showering. Use the cold and warm water settings. The water level control will use less hot water for small loads.
2. Clean the lint filter on your clothes dryer after each load to keep your machine running efficiently.
3. Vent your dryer and keep it clear of lint.
4. Iron large amounts of clothing at a time. Turn off your iron just before you have finished ironing.
5. Clean your dishwasher screen often. Built-up food or detergent waste energy.
6. Clean all light bulbs and

fixtures. Collected dust cuts down on light.

7. Use bulbs of lower wattage except when studying or performing specific work tasks.

8. Keep windows clean to let natural light inside.

9. Defrost your freezer often to increase your refrigerator's efficiency.

10. Put your pots and pans on the range before the heat is turned on.

11. Match your pots and pans to the size of your burners. A burner that is too small for a pot that's too small for a burner will allow extra heat to escape.

12. Thaw frozen foods before cooking.

13. By using glass or ceramic pots on a conventional range you may reduce the heat by 25 degrees.

14. Use small appliances in place of major appliances. Electric skillets, toasters, etc., use less electricity than a range does.

15. Clean or replace filters in heating system regularly.

16. Open your shades and awnings and let the sun help heat your home.

17. Check the thermostat on your water heater. If you do not have a dishwasher, the thermostat can be set at 138 degrees or less.

18. Load your dishwasher completely each time to cut down on water and electricity.

Persons may contact Highlands County Extension office for more information on energy conservation.

## Residents Corporating With Mail Early Plea

Indications are that Avon Park is going to cooperate with the Postal Service in its plea to mail early. The volume of parcels leaving the Post Office this week was gratifying as this is the week set by the Postal Service for mailing of Christmas parcels within the United States.

These early deadlines are a matter of critical urgency with the restrictions which have been set on speeds and gas usage in all Government owned and operated vehicles and reduced schedules in air lines.

We also would like to remind you to pay special attention to the wrappings and addressing of your parcels. Fragile items can damage each other within the same package if they are not individually cushioned and separated. Make certain your mail box is sturdy and has plenty of cushioning material such as crumpled newspaper

packed around the contents. Put a supplemental address card inside your package so that it can be delivered even if the address on the outside should become removed or marred.

Zip Code will reduce the handling of your parcels and cards so there will be less chance of damage or delay. Again we urgently request that everyone make every effort to mail your parcels by this week. Please give us this extra time to get your gifts there by Christmas.

## Devil Basketball Team Bounces Back For Win

The Red Devil varsity basketball team came back from a disappointing season opener loss to DeSoto High to take a 76-69 win from the Palmetto five last Friday night. Palmetto is a AAA school and were 3-0 before losing to the Devils.

Last Tuesday night the Devil varsity traveled to Wauchula to play the Hardee High team in the first away game of the season. Tomorrow (Friday) the Devils will host the Charlotte High team from Punta Gorda in the last home

game before the Christmas Holidays.

Next week Avon Park will take part in the DeSoto Invitational Tournament in Arcadia on Tuesday, Dec. 18, and Thursday and Friday, Dec. 20 and 21. The Red Devils drew a bye in the journey and will meet the winner of the Arcadia-Frostproof game on Thursday at 8:30 p.m. Other teams in the meet are Fort Meade, Lake Placid, and Santa Fe of Lakeland.

Poor shooting at the free shot line cost the Red Devils a win

in the opening game against Arcadia on Tuesday, Dec. 4, here at the high school gym. Avon Park pumped in 28 field goals to Arcadia's 24 but managed only one basket from the line out of ten tries while the Bulldogs sank 19 of 30 free shots to take the 67-57 victory.

Avon Park's Phil Harris was high scorer for the game with 23 points as he hit 11 baskets from the floor and made the only free shot for the Devils. Mearl Robinson added 10 points to the Devil effort and Nathaniel Packer hit for eight points. Jimmy Caldwell came in off the bench in the final quarter and scored six points. Melvin Collins had four as did Ricky Claitt in the losing effort. Mickey Claitt scored only two points but played a good defensive game. Also seeing action against the Bulldogs were Marvin Jackson, Lawrence McFae, and Craig Presley.

Three Arcadia players hit in the double figures. Morgan scored 16 points, McKenzie and Carter both hit for 14 points each.

Last Friday night the Avon Park five looked like a different team as they outscored the Palmetto team 76-69 in a hard fought game. The Devils jumped off to a 22-16 first quarter lead and went on to hold a 27-30 advantage at halftime. Then the Palmetto boys had a hot third quarter and tied things up at the close of the third period 48-48. The Red Devils forged ahead in the final period and took the 76-69 victory sinking 14 of 21 free shots in that last quarter.

Mickey Claitt, six foot junior, led the Red Devils with 17 points and also accounted for 13 rebounds. Melvin (Rootman) Collins, 6'4" freshman, had a good night scoring 16 points and pulling down 16 rebounds against the aggressive Palmetto team. Phil Harris scored 15 points on five field goals and five free shots. Nate Packer had 10 rebounds and 10 points although he fouled out of the game early in the fourth quarter. Mearl Robinson and Craig Presley both scored nine points to even out the Avon Park scoring.

COACH JIM SISEMORE accepts the championship trophy for the 1973 Avon Park Junior Basketball League from Avon Park Recreation Director Dennis Guenther for the Palmer Electric team which won the title with a 10-0 record. Kneeling in front: Darwin

Ford and Jerry Jones. Kneeling second row: David Sismore, Ricky Berkman, Tim Minard, Tammy Higgs, and Kelly Graham. Standing in back: Andy Lanzing, James Wilburn, Bill Moreland, Coach Sismore, and Mr. Guenther.

## Rehabilitation Centers Get Frowns From Local Citizens

"Yeah, I believe in rehabilitation" those people, but not here."

"We're all for helping those poor unfortunate souls, but why at this location?"

"You mean you gotta take in those Hardee County drunks?" They're the worst kind."

"You mean to tell me that you're gonna put all them criminals in this community? Why don't you find another location in the Everglades?"

As the health care and people care agencies and interested and concerned individuals of Florida take giant steps in the field of rehabilitation, more and more citizens are voicing unwarranted objections to several segments of health care planning.

Could it be that John Q. Citizen of Florida is really thwarting attempts at rehabilitation? Is it possible that many citizens, professing to be "true Christians" and "my brother's keeper", are doing much more harm than good in their attitudes toward rehabilitation units, recovery centers, halfway houses or correctional centers being established "in my block"?

The Florida Association of Halfway Houses, Inc. has expressed deep concern for these attitudes which have been instrumental in delaying and literally thwarting attempts to establish residential care units for the disabled and the disadvantaged.

William J. McCabe, Ph.D., association president, Tallahassee, and Harve E. Olsen, Avon Park, secretary of FAHWH, have had personal experiences with "the good neighbors". Countless rehabilitative agencies and individuals from Pensacola to Key West have experienced the frustrations of trying to work out differences between John Q. Public and health care agencies and individuals. Similar problems have been experienced by the Division of Corrections and their plans to establish Community Corrections Centers; the Parole and Probation Commission in its attempts to establish halfway houses for parolees and probationers; mental health associations and centers attempting to establish halfway houses for the mentally ill.

Olsen believes the dilemma will not be resolved until the citizenry of Florida becomes willing to understand and accept the name of the game: That people who are afflicted are human beings who can be helped and most of whom wish to be helped;

That true rehabilitation takes place in the community of other human beings, and not in isolation;

That each citizen, whether Christian or not, is truly his brother's keeper and is responsible for his brother;

That the 60-odd halfway houses in Florida communities are really little different from thousands of other homes;

That in many, many of these homes the residents are more neighborly than the neighbors;

That most residents of the halfway houses are gainfully employed in the community and are accepting their responsibilities;

That rehabilitation can occur only in proportion to the ac-

ceptance of and attitudes toward the afflicted by John Q. Citizen.

Olsen said there are thousands of recovered alcoholics, drug addicts, ex-convicts, mentally disturbed people, and other afflicted human beings in Florida who hold responsible positions in government, in the business

world and in the communities of this state.

The plea of the Florida Association of Halfway Houses is simple: Learn to understand that some people, due to no fault of their own, do suffer emotional and physical disorders which temporarily makes it difficult for them to function in our society.

These unfortunate human beings, Olsen said, can be rehabilitated and deserve to be treated as human beings.

The halfway houses of this state provide a desperately needed continuum of care, and desperately need the understanding and the support of other human beings in our communities.

On recommendation of the County Engineer, Gordon Hays, county commissioners accepted the following proposals Tuesday for erection of speed limit signs:

-Sebring Hills, main thoroughfares, 35 mph; feeder streets, 25 mph.

-Mary Jane Manor off Twitty Road; three streets, all 25 mph.

-Placid Lakes Estates, Lake Placid; 35 mph on all roads maintained by the county.

-North Lake Ave., Avon Park; 45 mph from city limits to the truck route.

-Highlands Ave. and Kendallworth Blvd., Sebring; no change in speed limits, except that school zones will be posted.

-Sports Road, Sebring; 35 mph from U.S. 27 to Sudan Mission Road; 45 mph from Sudan Mission Road to last curve heading south; and no speed limit posted from last turn to SR-66. A "step ahead" sign will be erected to warn drivers as they approach SR-66.

## Jaycee Hoopers Win Second Straight Game

Coach Tom Lund's Red Devil junior varsity basketball team jumped off to a 2-0 record with opening season wins over DeSoto High and Palmetto. The Jaycee Devils beat Arcadia 60-52 and handed Palmetto a 56-50 defeat last Friday night.

Last Tuesday night the Devil "Bees" were to play in Wauchula and tomorrow night (Friday) they will host the Charlotte High junior varsity with action starting at 6:30 p.m. at the high school gym. The "B" team will be out of action next week and until Jan. 4 when they will host the Sebring "B" team.

Sam King with 18 points and James Ross with 11 counters paced the win over Arcadia in the season opener Tuesday, Dec. 4. Mark Perry had 9 points also for Avon Park with Terry Hicks scoring six. ## Christmas Concert Set For December 17

The girls ensemble of Avon Park High School is working hard these days to get its Christmas Concert ready to present on Dec. 17, at the High School auditorium. The program will consist of all Christmas music—some old tunes and some new ones. There will also be solos, duets and trios.

The girls have been working very hard this year to have a real good group. So far they have won second place with their float in the Homecoming Parade, and the Homecoming Queen, Debbie Minard, came from the girls ensemble. They are singing again for the Guest

Club at Avon Park Lakes on Dec. 20.

The girls have different types of programs ready for any organization. If anyone is interested, please contact

Kenneth Eberle, the director, at Avon Park High School. A large crowd is expected at the concert. Admission is FREE, and the public is invited to attend.

News

By LORENA WYANT

Mr. and Mrs. Floyd Stevens returned last Monday night from a trip to the West Coast. They visited Edith's sister in Leisure World, Calif., for a few days, then went to Reedport, Ore., to spend two weeks with their daughter and her family. Reedport is about three miles from the Pacific Ocean on the Oumpqua River and surrounded by low mountains. There is a heavy growth of timber surrounding the city. They took many scenic drives into the deer and elk hunting area. The weather was very rainy there for November so they were glad to get back to the Florida sunshine.

Mrs. Eleanor Anderson, new owner of the Harry Brown Mobile Home on First Avenue, moved in last week and is welcomed as a permanent resident of the park.

Bonnie Burgeson flew out to Concord, Calif., to be with her son and family for the Thanksgiving holiday.

Another son, living in New York City, was also able to get out for a two-day visit. There were ten at the Thanksgiving table, including four grandchildren.

Mr. and Mrs. Lloyd Wyant attended a meeting of Ridge Pomonas Grange Saturday night in Lake Placid, along with 12 other members of Avon Park Grange.

A large group of Park residents attended the Christmas Festival musical program by the "Young Highlanders" Sunday at the Presbyterian Church.

Harold and Ruth Wolcott were called to Winter Haven Monday for the funeral of Mrs. Wolcott's aunt, Mrs. Mary Smith, who died Saturday. Mrs. Smith was 100 years old last September.

Among residents recently returned to the Park are Roy and Margaret St. Louis; Forrest Wiedeman, Claron and Marie Monroe, Gordon and Jean Clark, George and Mercedes Beards.

## Labeled for PROTECTION

Some medicines may be taken internally; others are for external use only; therefore labels caution us as to their proper use. These precautions are for our own protection and good.

All things in life are not so clearly marked as to their proper use. The Bible is our source and guide, our label.

*Thy word is a lamp unto my feet, and a light unto my path.*

Psalm 119, 105

**ATTEND CHURCH, STUDY GOD'S WORD**

**THE CHURCH IN THE CHURCH**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Avon Park Lakes

By CYNTHIA CALVERT  
453-4532

Mrs. Charles Coburn has returned home from a four-week visit in New York, where she attended the wedding of her granddaughter, Miss Susan Henderson, to Douglas Boule on Nov. 17.

Mr. and Mrs. Maurice Bush and Mr. and Mrs. Paul Olsen attended the Homemakers Christmas Luncheon last Thursday at the Groveland Motor Inn in Lake Wales.

Please notice correction: the Christmas Party will be held at the club house on Thursday, Dec. 20 at 7:30 p.m.

Twenty-two ladies attended the Woman's Group Salad Bar Luncheon held at the club house last Thursday. New officers for the coming year are: President, Mrs. William Robbins; vice-presidents, Mrs. Joseph Stark and Mrs. Scott W. Starr; secretary, Mrs. Elmer Hurst; treasurer, Mrs. Thomas W. Hardy. After the business meeting the ladies decorated the club house for Christmas. Hostesses for the luncheon were Mrs. Ray Walker and Mrs. George Burroughs.

Mr. and Mrs. Charles Keys were visitors in Winter Haven last Wednesday.

Mr. and Mrs. Albert Schutt spent several days last week with her sister and husband, Mr. and Mrs. E. W. Powers, and her older sister, Mrs. Ralph Doak, in Seminole.

Anyone interested in square dancing here at the lakes are asked to come to the club house on Dec. 14 (Friday) at 7:30 p.m. and they will be taught.

Mr. and Mrs. George E. Hurst and Mr. and Mrs. Maurice Bush were visitors in Winter Haven Tuesday.

Twenty-two ladies from Avon Park Lakes attended the Woman's Club Christmas program last Friday at the Baptist Church. Mrs. William Robbins participated in the program.

Last Friday Dorothy Ellen Hart, Bernice Wilder, Ethel Barnard, Trudi Lenhart and Virginia Williams were all day Friday in Bradenton. They visited the DeSoto Shopping Center, Florida Supply Craft Store and dined at the Kissin' Cusins' before returning home.

Mr. and Mrs. Eugene Cottrell were in Lakeland on Wednesday and visited their daughter and family, Mr. and Mrs. Milton Brasch.

Mrs. Walter Basedow is still in Lakeland General Hospital to undergo more surgery.

AVON PARK'S MAYOR Robert J. Barben is shown here with scout Marc Hooper, as he purchases the first Christmas tree at the Troop 134 sales lot. The troops' annual Christmas tree sale will continue at their Scout House, 105 N. Butler Ave., through Dec. 22. Proceeds are used to purchase troop equipment and for various activities. Scoutmaster Larry Hooper urges all residents to help, by buying your tree from a scout. Photo by Sharpe.

## Winter Guest Club News

Phone 453-4733

There were two outside tournaments this week, at which we had winners in the Tri-City at Sebring, Helen Gaut and Mr. Burnside of Sebring came in first place. Third place was won by Henrietta Kroeger and Fred Frye. Alton Wetmore and Ed Healey won first place at the District Amateur Tournament at Kissimmee.

At our local tournament on Wednesday winners were Frank Mills and Ellen Combs over Dave Dickerson and Otto Kroeger. Consolation winners were Otilie Retter and Chris Cabezas with Clay Kull and Geraldine Long the runners-up. This was the "A" group with 14 courts in play.

"B" winners were Ken Holzapfel and Edward Ed-

ward. Karl Hart and James Rigg were the runners-up. William Olson and Theresa Bayes won in consolation over Nora Werner and Dick Meyer. Twelve courts in play.

No tournament on Saturday—we had a much needed rain all day.

Forty folks played pinocle on Monday afternoon and on Friday there were 28. High scores went to William Benson 802; Howard Long 781; Fred Hughes 710; and Lillie Meadows 686.

No bridge on Tuesday, it was Election Day. Six tables were in play on Thursday afternoon in duplicate bridge so the Mitchell Movement was used. North-south winners were Bertha Brush and Martha McBeth, 2; Juanita Carr and Sarah Spindler, 3; Jean Ladington and Maurice Brevort. East winners, Aloye Bidstrup and Anna Wesa, 2; Will and Stella Moon, 3; Gerry Warren and Genevieve Moran.

About 50 ladies were very busy in crafts on Thursday morning with Hallie Wetmore directing. Mostly they were making poinsettia pins, Christmas trees, owls and wreaths. This was all done in the ancient art of Quilling. This is done with very narrow strips of colored paper. Instructors were Mildred Long, Alda Peter, Louise Bell and Marie Lazotte—It's fascinating work! Next week will be more of same with other Christmas decorations added.

Everybody turns out for Paul Swearingen's parties. Last Thursday evening was the party to welcome new members. About 40 of the group were new members. The Shufflers in their white coats and black ties entertained the group with some of the old songs we love so well. This was led by Lloyd Wyant and the pianist was Helen Bason.

President William Baxter welcomed the group and introduced the Board members: Hallie Wetmore, vice president; Grace Staley, secretary; Walter Swyers, treasurer; and Howard Long, William Bayes, Herman Wurster and Don Mason.

Then old and new members mingled while having refreshments. The hostesses were Mr. and Mrs. William Bayes, Mr. and Mrs. Howard Smith and Mr. and Mrs. Evan Crump.

The next party will be the Christmas party. All come and bring instead of a gift, some cans of food to be given in the City distribution baskets. This will be on Dec. 20 at 7:30 in the Club House.

Now, Paul Swearingen would like to know who had their 50th wedding anniversary in 1973. Please contact him at 453-3457, Avon Park.

Monday and Friday evening are dance nights. We always have a good time either square dancing, pattern dancing and round dancing—no matter, it's fun. Mostly we have three squares on the floor with some sitting out. On Monday evening

Emil Korcek, a former member, paid us a visit.

There was a good turnout for the supper on Saturday evening with 89 present. Mr. and Mrs. Oliver Colson and Mr. and Mrs. Elmer Keller were the hosts. Guests were Marian H. Harper of Kopperston, W. Va.

For the program there were two solos—one by Tom Bason and the other by Helen Bason. Fanny Schilling gave a few short readings. It was too cold to shuffle, so most played cards afterwards.

Leslie Hildreth is in the hospital—hopefully not for long. Our membership is now 47. Recently returned are Gertrude Culver of Stratburg, Ont.; Ruth Watkins of Sebring; and Gordon and Jean Clark of Green Bay, Wis.

## Mrs. Sherman Tells Of Trip To Orient

When Mrs. Alice O. Sherman left home early in September, she had no intention of going abroad, although she had been invited to join a University of Rochester group for a tour of the Orient. A visit with her son Charles and family was her intention, but after being told "The opportunity to travel with someone you know while you are physically able to travel, may not come again," she decided to go.

After flying from Rochester to Kennedy Airport, they boarded a Japan Air Liner bound for Tokyo via Anchorage. After a 17-hour flight they landed in Anchorage for refueling and change of crew, requiring about an hour. Some sports fans learned at Anchorage that Muhammad Ali, his mother and entourage were aboard bound for Jakarta, and there was quite a flurry, but Ali remained very quiet and thoughtful of his mother. Mrs. Sherman said he is a big man with the largest hands she had ever seen.

After losing a day crossing the International Date Line, they arrived in Tokyo on Sunday, went through customs, and checked in at their hotel, The Pacific, one of the luxury hotels. With Tokyo as their base, they toured the surrounding area for five days. A tour of the city included the Imperial Palace Plaza, Kamon Temple, and attended an all girl revue, beautifully done. The trees in parks were pruned and thinned to resemble Bonsai, except for their size, and the flowers Mrs. Sherman had expected to see, were lacking.

Mrs. Sherman said most stores in Japan were closed on Monday, but open on Sunday. All businesses and schools are open six days a week. School is compulsory through the ninth grade, and English and art are required subjects. Ninety

percent can read and write English, but not speak it. Most schools are government controlled and students wear uniforms. Twice a year, students are taken on bus tours of their country. Mrs. Sherman said the temples and shrines are their show places, and Japanese touring agencies always include one or more on every sightseeing tour. A trip to Sapporo where the 1972 Winter Olympics were held included a Genghis Khan barbecue where mutton, bean sprouts and shredded cabbage was cooked by guests on a hibachi at the table. The only utensils for eating were chopsticks and the only drink was beer. Mrs. Sherman said that was one meal she had to pass up.

A visit to an Aizu village was rather interesting to Mrs. Sherman and her group. The Aizus are the aborigines of Japan, who only leave their villages for the outside world. A motor trip down the coast through the summer resort area was also interesting. There are no public or municipal golf courses, they are owned by clubs and only club members play. A member may sell his share at an enormous profit and buy into another. They saw only girl caddies. They traveled by air, motor coach, boat and the Bullet Train. Their farms are very small, but intensively cultivated. Houses unattractive, with a few small trees and shrubs, not many flowers.

In an apartment building they counted the windows to see how many apartments there were. Sizes are described as three or more tatami wide. A tatami is the sleeping mat. The housewife washes every day, with the laundry hanging out the windows, referred to as "internal flags." Several people may live in a one-room flat.

Mrs. Sherman said one outstanding trip they took was to Mount Fujiyama, and to Lake Hakoni, where they had to use every form of travel, making quite a climb to view a sulphur geyser where some of the natives cooked eggs in the boiling mud.

Other cities the group visited in Japan were Osaka and Kyoto, and Mrs. Sherman said she preferred Kyoto to Tokyo. All the hotels were Western types and rather luxurious. The personnel, all Japanese, were scrupulously courteous and helpful.

In Taiwan they found the same courteous attention. One of the highlights there was dinner at the Grand Hotel, Chinese style. Round tables seating ten to twelve people were set with soup bowls. Waiters brought a tureen of soup and served it, spilling quite a lot. They were served one thing at a time on one small plate with chopsticks. They thought they might have the chopsticks for souvenirs, but not so. The waiter not only gathered them up, but also counted them. From Taiwan they went to Hongkong where they had five days. The first night they had a boat trip around the harbor past the remains of the Queen Elizabeth which burned there a couple of years ago (it is now a tourist attraction). They had

dinner (Chinese) on one of the floating restaurants which was surrounded by junk and sampans, on which people spend their entire lives. The children are taken by boat every day to the island to attend school. As guests of the restaurant were going to and from their boat, they were surrounded by children begging; but the authorities discourage it.

Hongkong is supposed to be a shoppers paradise, and Mrs. Sherman said there were about 60 shops in the hotel where they stayed. One street was dubbed "Thieves Market," and it is said that anything lost or stolen there is sure to show up in one of the shops there, the next day.

Mrs. Sherman's last stop was Honolulu, where she said "everyone looked as if he or she were on their way to a party." The clerks in the shops all wore long dresses of gorgeous colors and fabrics. A boat trip to the graveyard of the ships sunk at Pearl Harbor was most interesting but saddening, stated Mrs. Sherman. She said, "It was hard to conceive that the people of the country I had just left, could be guilty of such infamy. But I had to remember, they are not the same people who raided Pearl Harbor." Mrs. Sherman finished by saying, "Everyone should take advantage of any opportunity to visit Hawaii."

## First Baptist No. 2 Win Volleyball Game

The Men's Volleyball League of the Avon Park Recreation Department, had some very fine games last week.

On Tuesday evening, the only game played was the First Baptist Church No. 1, against First Baptist Church No. 2, on court No. 2. The No. 2 team took the win by the scores of 2-6 and 2-18.

On Thursday evening, there were two games played. On court No. 1, (recreation center)

The Seventh-day Adventist church team almost lost their first match at the hands of the fine play of the Avon Park Correctional Institute No. 2 team. But they pulled it out by the scores of 2-9 and 2-18. In another close match, the Heights this winter, Tuesday afternoon brought nine ladies back to the hall for hobbies and crafts. More of those lovely wool flowers blossomed into being and the Christmas articles were started. Tuesday evening there were 24 present to play aggregation. We are real happy to have such a good turn out for this game. It really

Has the energy crisis affected you and your home? I have not heard any serious complaints but I do know of some thoughtful people who are trying to do their share in cooperating with conserving energy. Our committee ladies have rearranged their activities this season to have more activities in one day so that the heater in the hall does not have to run so much or lights burn so often. It makes me stop to think that all of us will find that when you get right down to it, we can do with less and maybe enjoy it more if we have to. It's all in the spirit of the thing!

Tuesday coffee hour had 28 folks out to share friendship and goodies. Among the folks were the Perdis who have just joined us from the north. One fellow the Rose's and a real treat to have the McWens, Clara and Fenton, who wintered in Southland Court last year and are in Woodruff Heights this winter. Tuesday afternoon brought nine ladies back to the hall for hobbies and crafts. More of those lovely wool flowers blossomed into being and the Christmas articles were started. Tuesday evening there were 24 present to play aggregation. We are real happy to have such a good turn out for this game. It really

is a lot of fun. Wednesday and Thursday seem to have filled themselves with those usual routine chores and unexpected things that pop up to keep one busy.

But Friday, the shuffle courts hosted three games of shuffle with eight enthusiasts behind their cues and one party in the cheering section. Players were Leo Perdi, Leo Breister, Nevee Wandaver, Marvin Tebo, Raymond Long, Everett Paxton, Runar and Clara Engard. Gladys Perdi was in the cheering section. Friday evening there were 32 out for bingo. Five games of regular bingo were played. Winners of each game were Ann Condit, Chuck Learned, Charles McNulty and Hannah Tebo, Hannah Tebo (again), and Sylvia Carlson. One game of "T" bingo was played with Leo Perdi and Mildred Hindley as winners. One game of Red Cross was won by Herb Renshaw. The Picture Frame was won by Golda Dahn, Martha Ayers and Mildred Abel. The R R Cross was won by Gladys Perdi, Small Frame by Everett Paxton and Cover All by Helen Joseph. Watch these Joseph girls, they're getting tough!! Mrs. Penney is here to stay with Mrs. Heffernan. Mrs. Heffernan had to be admitted

to the hospital Friday night. Mrs. Penney was pleased to report that Sunday night there was an improvement in Mrs. Heffernan's condition. Also on Friday, Mrs. Culver arrived from Ontario as well as Mr. and Mrs. Sinclair of Ontario, Canada.

During the week, Doris Hutchins went to Frostproof to visit friends. They all spent a day in Lakeland shopping and Doris spent one night with them. The Trompicks have had their home painted and it does look so neat and pretty. Park Ernsharber is enjoying occasional pleasure flights again this year and is always glad to go company. So, if you want a birds eye view of your community, check with Park. Mr. Stroup was surprised with a visit from his grandson and wife from Ohio on Sunday. Don't forget the Flea Market to be held Friday Dec. 7 at the gate by the court laundry. Come to sell or to buy. Everyone is welcome.

### LEGION BINGO

Legion Bingo this Thursday night, Dec. 13, at 7:30, at the hall on West Bell Street. Two jackpots going, free refreshments. Come and bring a friend.
