

Environmental Council Discuss County Problems

On Nov. 15, the Environmental Council of Highlands County chapter of the League of Women Voters held a joint meeting to discuss the critical environmental problems of Highlands County.

NOTICE TO CALL FOR REBID
Sealed bids will be received by the District Board of Trustees of South Florida Junior College at the office of the President until 2:00 p.m., December 11, 1973, at which time all bids will be publicly opened, for furnishing labor and materials and performing all work necessary and incidental to the construction of a pre-engineered metal building on the campus of South Florida Junior College at Avon Park, Florida. All work shall be done in accordance with the drawings and specifications available in the President's Office at South Florida Junior College, 600 West College Drive, Avon Park, Florida 33823.

Each bid must be accompanied by a Bid Bond in form satisfactory to the District Board of Trustees of South Florida Junior College. Certified check or Cashier's Check in an amount not less than five (5) per cent of the total amount of the Bid as a guarantee that the Bidder will, if awarded the Contract, enter into a written Contract with said Board, satisfactory in form to said Board, containing the penalty and wage rate clauses as required by Florida Law and requiring Workmen's Compensation and Public Liability Insurance and approval of subcontractors by the Board in accordance with the accepted Bid and will give a Performance and Payment Bond satisfactory in form to said Board in the full amount of the Contract price within ten (10) days after the meeting of said Board at which said Contract is awarded.

Documents, including complete drawings and specifications, may be examined at the office of the President. Two sets of the same may be obtained by a Bidder upon a \$5.00 deposit. This deposit will be refunded upon return of the documents in first-class condition. No Bidder may withdraw his bid for a period of thirty (30) days after the date of bid opening.

Said Board reserves the right to reject any and all bids received and to waive any and all formalities in regard thereto.

District Board of Trustees of South Florida Junior College
By: E. M. Hodges, Chairman
District Board of Trustees of South Florida Junior College

ATTEST:
W. A. Stallard, President
South Florida Junior College
Nov. 22, 29, Dec. 6, 1973

Many of the items of environmental concern are directly related to the population growth of the county. For example, it was mentioned that many of the county roads are in poor condition and in need of repair, but the county does not have enough money to repair them all. "We should concentrate on maintaining the roads we have now instead of building new ones," was one comment. The present road problem is only the tip of a huge iceberg. In 1971 the county had more than 140,000 plated lots and only 1.2 per cent of them were occupied. If

80 per cent of these lots are occupied at an average density of five people per acre, the county population would increase by 120,000. Yet studies have shown that rarely do the taxes paid by new residents pay for all the services, including roads, these new residents need.

Several persons expressed concern about the recent increase in aquatic plants in several Avon Park lakes, and what is being done to avert the problem of eutrophication that has plagued other lakes in rapidly developing areas of Florida. Disappointment was expressed that the County Commissioners didn't use some of the federal revenue

sharing funds to support a much needed study of lake quality in Highlands County. It was mentioned that the number of parks in Highlands County communities are inadequate for today's population, and that governmental officials should be acquiring land now before land values become more inflated.

A discussion centered about the problem of setting an optimum population density for Highlands County. "An upper limit should be set now before we get overcrowded," and "the County Commissioners should not allow any more rezoning (for subdivisions and mobile

home parks) until the General Development Plan for Highlands County is implemented" were two ideas expressed.

Questions were asked about the status of the Lake June-Jack Creek Dam, the exact cost to the county of the wash-out, and what plans were being made to avert another such crisis.

Several persons inquired about the possibility of designating a canoe trail on some of the remaining natural waterways of the area, such as Jack Creek, Arbuckle Creek, and Josephine Creek east of Route 27.

There was a long discussion on the complex causes of noise from trucks moving through the county on Route 27. Tire construction, muffler placement on the trucks, and excess speed are all possible causes. Strict enforcement of legal speed limit for trucks and a corridor of trees along Route 27 to shield residential areas would help reduce the noise. From the discussion of these problems it was evident that the county was facing complex environmental problems as a result of our population growth. Also evident was a determination not to let the

quality of life in Highlands County deteriorate as a result of unplanned growth as has happened in other parts of Florida.

Thanksgiving

Dinner Held

For Briggs

On Saturday, Nov. 24, a belated Thanksgiving dinner was held for the family of Mr. and Mrs. Phil Briggs at their home at Avon Park Lakes.

Those present were Mr. and Mrs. William Staubach and children, Patsy, Therese and Billy from Daleville, Ala.; Mr. and Mrs. Glen Twaddle and son, Jim and friend, Miss Sara Edwards; Mr. and Mrs. Howard Mulligan and little son, Donnie, all from Orlando; Mr. and Mrs. Eugene Johnson and Mr. and Mrs. Douglass Johanson from New Smyrna Beach; and Mr. and Mrs. Ray Patraza from Osteen, Fla. A tired but happy group left in the evening after an afternoon of games and lots of family "chit-chat."

Dunning Receives BS Degree

John A. Dunning Jr., recently received his Bachelor of Science Degree at the Long Island University, Brooklyn Center, Brooklyn, N.Y.

John and wife Cheryl live at the Richard Conolly Residence Hall, Long Island University, Brooklyn, N.Y. Cheryl is the daughter of Mr. and Mrs. Harold Guerdnt, Lake Lillian, Avon Park.
