Nature Enthusiats Spend Weekend At Myakka State Park

Over 75 camping and nature enthusiasts from the Walker Memorial Seventh-day Adventist Church attended the annual church campout at Myakka State Park over the weekend. The overall arrangements for the weekend were under the direction of Mrs. John McClellan.

Sabbath school was held in the park at 9:30, and was under the direction of Mrs. W. C. Merritt. Those on the program included Mr. and Mrs. C. R. Keppler, Mrs. Charles Smith, and Mrs. M. Oft. Worship service was conducted by Pastor D. R. Castonia, and special music was furnished by Mr. and Mrs. Jim Crabtree.

A vesper service under the direction of Mrs. McClellan was held at 5:45, followed by a talent show under the direction of Mrs. J. Wesley Osborne. Many of the group attended the park nature slides presented by the park rangers at 8 p.m. Over 50 members participated in the ride which was very much enjoyed by each one.

The Walker Memorial Church sponsors an active nature program with an active nature club which meets once a month. This month the regular meeting will be held this Thursday evening with a covered dish supper at 6:30, and an informative seminar on "Citrus Growing for Homeowners", by nursery expert John Washington. Colored films will also be shown. The public is invited to participate in this program.

SOME OF THE MORE than fifty Walker Memorial Seventh-Day Adventist nature enthusiasts waiting for the train to take them on the late ride through Myakka State Park. Pictured from left are Mrs. Charles Smith, Charles Smith, Mr. Rayborn, Joy McClellan, Mrs. David Reams, David Reams, Mrs. John McClellan, and John McClellan.

Three great institutions for distributing wealth are taxes, wives, and children.

IDEA EXCHANGE

Miss Lora Kiser, Extension Home Economist-Professional Development, gave the Highlands County Council Extension Homemakers instructions on becoming better officers through learning more about other club members' interests as well as their own. Ideas were exchanged on how to be good efficient officers. Miss Kiser also discussed the duties of officers and chairmen. A sack lunch followed with all present exchanging favorite recipes.

Spring Lake, in Central Florida, is more than just another new community. It's a totally new and different lifestyle. This community is nestled amidst the quiet and beauty of scenic woods. There are orange groves and rolling hills. There are lakes and creeks for fishing, swimming and boating. Including picturesque Arbuckle Creek with its age-old trees and hanging Spanish moss. Our community adjoins Lake Istokpoga, one of Florida's largest lakes and one of the best fishing spots in the state.

And though we offer all that natural beauty and seclusion, Spring Lake is only eight miles from the charming town of Sebring. And just 75 miles from the excitement of Disney World and Orlando.

Quality is a key word at Spring Lake, being developed by Coral Ridge Properties and Westinghouse through a subsidiary, Florida National Properties, Inc. This combination of experience and reputability assures you a fine place to live. Five of the best-selling model homes by the Deltona Corporation are on display along with others by highly qualified custom builders.

Take a drive to Spring Lake with your family. See our homes. Talk with our people. Enjoy the country scenery and fresh air. Commissioners

problems arising under the new laws and their impact on the sheriff's department.

In other business conducted Tuesday, the commissioners:

--Agreed to meet with Bob Barben on Feb. 6 to discuss the Soil Conservation District's request for new office furnishings.

--Approved the Board's chairman signing an agreement with the Soil Conservation Service calling for the construction of a 2,000 feet long, lateral canal in the Istokpoga Marsh. The canal had been included in the original watershed plan but had, in error, not been constructed at the time other approved work had been accomplished.

--Approved the request of Mrs. Irma McCullough that her Say-A-Step Grocery's beer license be expanded to include the sale of wine.

--Reappointed Ken Caulfield and Dan Wirick to four year terms on the Board of Adjustment and on the Board of Appeals and Examiners.

--Instructed the county engineer Gordon Hays to proceed with the paving of a 3,500 square yard parking lot on National Guard Armory property and to enlist the services of Avon Park road equipment to the maximum in completing the project. The action was agreed upon when a National Guard Headquarters' representative informed the county engineer that he had no funds available to help finance such a parking area.

--Received notification from the Department of Administration that Highlands county is now officially entered in District 7 Planning Region with DeSoto, Hardee, Okeechobee and Polk counties.

--Heard administrative assistant Charles Cullens report that members of the Department of Transportation will attend the commissioners meeting on Feb. 6 to discuss the state's secondary road construction program.

--Reaffirmed its policy that a drainage plan must be submitted by subdividers when they present their plat plans for county approval.

--Approved the county engineer's request that two trucks, previously scheduled for sale, be retained by the Road and Bridge Dept. One of the trucks is to be used to support a newly formed patching crew that will operate in the Lake Placid area.

--Disallowed a request submitted by sponsors of a March of Dimes student hike scheduled for Mar. 10, for use of 200 luminous lane marker cones which were to have been used to block one lane of Route 27 during the hike period.

--Instructed Engineer Hays to inform Henry Prillwitz of Lake Placid that he must assume responsibility for removing five utility poles that are now in the right-of-way along so-called "Prillwitz Road" before the county can proceed with its agreement to lay and grade the roadbed.

--Approved advertising for a public hearing to be held in the Board's meeting room on Feb. 20 to consider amending county ordnance 72-2 to delete reference to county subdivision regulations and to include a statement that interest rates cannot exceed the rate established by law.

--Agreed to have the concession stand now located in the courthouse lobby moved to the first floor corridor to make room for an office door to be installed in its place.

--Instructed Cullens to expedite the repair of a hot water heater in the Agri-Civic Center.

--Asked Engineer Hays to install warning signs on a curve along Placid View rd., to place street signs at both ends of Lake Mirror drive, and to patch Lincoln st. in Highlands Park, Kerry Drive in Avon Park and Catfish Creek rd. in Lake Placid.

Lake Bonnet Village News

Amy Lippitt

The Lake Bonnet Village Fun Club started the season with a peppy meeting Jan. 9 under the leadership of our new officers: Hugh Smiley, Pres.; Henry Maeder, vice-president, and Margaret Travis, secretary and treasurer. The crowd participated well during the lively discussions, and many helpful suggestions and resolutions were adopted which will contribute to the Club's spirit of harmony and friendliness.

Our activities are well on the way to making it an interesting season. The men's horseshoe tournament is already in progress, and the shuffleboard contest is about to begin. There is also a women's horseshoe court available for those who are interested.

Bingo nights, Monday and Thursday, are crowded to capacity and filled with good fellowship and fun. The first Tuesday of the month is the highlight - Potluck Day. It is always well attended, and will be held outdoors whenever the weather permits. The next potluck is Feb. 6 at 12:30.

The women enjoy the Wednesday morning coffee-craft times from 10 to 11. Meeting new friends, welcoming the arrival of past ones, and exchanging interesting patterns or projects, always seems to make the time seem too short. We welcome all who aren't coming to come and see what they are missing. If handwork isn't for you, just bring your cup and come to visit. We would like to meet you!

During the holidays the Village was really alive with all the friends and relatives that came to visit. But some prefer to come later, so recently we have had many.

Mr. and Mrs. William D. Conn returned home to New Castle, Ind., after spending the week with their parents the Theodore Conns.

Mr. Orlon Taft, Melrose Parsons and Aleze Ives arrived Jan. 12. Orlon will spend the rest of the winter with Mr. and Mrs. Ivan Taft. Mrs. Parsons and Mrs. Ives have rented an apartment here.

Mr. and Mrs. Reg. Lippitt were happily surprised when her sister and brother-in-law, Mr. and Mrs. Donald Meyer of Beaver Dam, Wis., came to spend a few days.

Mr. and Mrs. Clifton Ewing recently had as their guests their daughter and her family, the Rev. and Mrs. Ted Snider, Teddy, Kim and Trent of Clinton, Ill. The Rev. Snider is pastor of the First Methodist Church at Clinton.

The Sniders spent the week here, leaving baby Trent, five months, with the grandparents while they went to Disney World and other points of interest.

Mr. and Mrs. Clifton Ewing had unexpected visitors from their home town of Paris, Ill. The Arthur Camps were on their way to Miami and stopped by to spend some time with the Ewings.

Many thanks to Hugh Smiley and Bob McDonald for the bulletin cabinet which they made and installed at the entrance to the Village. It will be a great help in keeping us posted as to what's going on.

Mr. and Mrs. George Lavenski, Moundsville, W.Va., visited his parents, Mr. and Mrs. Chester Lavenski, this past week.

A smile is a curved line that sets things straight.

The Escapades Of Mike And Anne Furr

by Eloise Sharpe

Mike and Anne Furr of Lakeland had quite a time the weekend of the 20th in Avon Park. They, with friends, Steve and Jerrie Waldron, students from Gainesville, decided to take a trip down Arbuckle Creek, (after their horseback riding plans didn't work out) to pass the afternoon before a dinner engagemnt at the home of Anne's Grandmother, Mrs. E. W. Hartt and to attend the Follies Saturday night, to watch Anne's father perform.

They put in at Hartt's Ranch; Mike and Anne in an inflated Canoe, friends in an aluminum canoe, planning to cover the distance in plenty of time for the dinner and follies. It seems at first they left the paddles in the car at debarkation point, with sister Lindy spending quite some time back and forth on the road for them. After taking several wrong turns in the creek, and fighting water hyacinth, darkness fell upon them, they being caught without a flashlight. After spotting several large alligators, Mike and Anne joined Steve and Jerrie in the aluminum canoe. Jerrie already having been scarred by something black from shore. In the meantime, back at the follies, Mayor Barben was caught using the phone, each time he got through jogging across the stage, trying to find out if the foursome had arrived home safely. They arrived at debarkation point, at Lorida, below Sebring, around 9 p.m. Saturday night, needless to say, they missed out on the dinner party at Anne's grandmother's home, (Mrs. E. W. Hartt) and also the debut of Anne's father, Mayor Barben in the follies.

Young Men Must Still Register For The Draft

Claude Cole, Chairman of Local Board No. 39, Selective Service, in Sebring, advised today that there is growing concern locally that many young men have the mistaken idea that they no longer have to register at a Selective Service Local Board.

He stated, "The law provides that young men must register within 30 days before or 30 days after their 18th birthday."

"Young men should also be aware," Mr. Cole stated, "that when the President is no longer authorized to induct men into the armed forces they must, under existing law, continue to register at age 18".

Those required to register can do so at any local board or with anyone designated as a registrar of the Selective Service System.

Persons requiring additional information should call Local Board No. 39, telephone No. 385-7146 or visit the office located at 204 S. Commerce, Sebring.

Scouts Hike 17 Miles Over Weekend

Twenty members and three leaders of the Trailblazing Troop 156 hiked some 17 miles on the Florida Trail last weekend. Leaving early Friday afternoon they proceeded by car to the Central Florida Council Boy Scout Camp La No Che near the southern boundary of the Ocala National Forest. After camping there on Friday night, they had a quick breakfast, then donned their packs and started the first leg of their two-day journey.

Spring was in evidence as the boys hiked through the forest. Wild plum and violets were in full bloom along much of the trail. The weather was mild and pleasant, and the scouts made good time, arriving at Alexander Springs in time to set up camp and have a swim in the ice-cold spring. A total of 13 miles was covered.

Sunday morning found the elements a lot less favorable as the group experienced heavy rain and high winds as a weak cold front moved through the area. The last four miles of the trek were completed in the rain, dampening the gear, but cetainly not the spirits of the boys.

Members of the troop making the hike were the Leadership Corps, Darrell Zoller, Eddie Williams, Scottie Thompson and Billy Tharp; the Green Hornet Patrol, with Charles Goodwin, Charles Luke, Danny Luke, Wendell Parnell, Steve Thompson, Steve Grice and Ricky Lee; the Timberline Patrol with Marc Hooper, Eddie Garner, Gregg Batty, Mike Brantley and Kenny Shields; the Panther Patrol with Walter Newton, James Goodwin, David Batty and Decaris Jones. Adult leaders were Larry Hooper, Scoutmaster; Jim Rice Asst. Scoutmaster, and Dave Batty, Troop Committeeman.

From the State Grange sewing contest, she gave Mary Haviland a red ribbon for her tatting. From the National Grange Lecturer's Art Contest, a red ribbon went to Ellen Blomquist for placing second in the state for an oil painting, and Miriam Debo won a white ribbon forthird inthe state on a close-up photograph. Mrs. Fullmer sold homemade bread. In 1972 the Florida State Grange initiated a contest which was won by LaVerne Fullmer. This was a beautiful plaque bearing the Grange Insignia and a plate engraved: "Florida State Grange Lecturer of the Year, LaVerne Fullmer, 1972."

During the program, slides of Mexico were shown by Lloyd Wyant, who won a free trip by selling DeKalb seed-corn in New York State. He also showed slides of the devastation caused on his farm and others by the passing of "Agnes" thru New York State.

Nazarene Youth Eisits Disney World

On Monday a group of the Nazarene youth visited Disney World. This was the first of a series of programs and entertainment to observe Youth Week, which is a yearly observance for the entire Nazarene Denomination. Those enjoying the day were Kent, Julie, Jani and Dean Filppula, Stacey Sharpe, Cindy Stokes, Mark Clifford, Mike Poole, Mark Howard, Paula and Tony Rogers. They were accompanied by Miriam Filppula and Nancy Scott.

While wandering, one of Disney's bears began to chase Cindy. She outran him far enough to get a picture of him hugging Julie. This started a picture-taking spree for a large group of spectators, much to Julie's embarrassment.

Next week many things are being planned for the youth, which started Tuesday with a birthday party for their president, Gerri Dailey. To make this a bigger surprise, the kids helped her celebrate a week early at the Filppula home. It was a come-as-you-are party, with 12 attending. They all still hope Gerri has a "Happy Birthday" on her day, Jan. 30.

Commissioners To Use Gasoline Tax To Resurface County Roads

Highlands county will get enough money from its portion of the state gasoline tax to fund the resurfacing of all county roads listed on its secondary road priority list.

That was the message delivered to the Board of County Commissioners Tuesday by William Cochran, district design engineer, representing the Department of Transportation in Bartow.

Cochran appeared before the commissioners to explain how the secondary road trust fund operates.

A portion of the gasoline tax collected by the state is credited to each county. This refund amount is the "budget" available to county governments for resurfacing secondary roads which pass through their territory, Cochran said.

The commissioners told Cochran that they were confused by a letter they had received two weeks ago from the Department of Transportation which stated that the low bid for resurfacing projects in Highlands county appeared to have exceeded their secondary road fund budget by about $50,000.

Cochran assured the commissioners that they had sufficient monies available in the Department of Transportation's budget to accomplish all resurfacing work shown on their May 9, 1972, priority list. In fact, Cochran said, the county has an uncommitted balance in the Secondary Road Trust Fund which presently amounts to $10,161.

Highlands county receives gasoline tax refunds of approximately $675,000 of a million dollars annually of which about $250,000 is earmarked to service the county's road building dept.

The Department of Transportation spends the county's secondary road fund money in three distinct phases, Cochran explained. The first call for money is made to perform preliminary engineering studies on resurfacing projects designated by the county. Next, county money is spent to acquire rights-of-way required to perform the desired work. Finally, the actual construction work costs are charged to the county when bids for the work are accepted and approval to proceed is given.

The commissioners expressed their desire to have frequent and regular financial statements sent to them to inform them of their account balance.

County roads for which resurfacing funds have been approved are as follows: 1.25 miles of Cowhouse road south from Route 98; 3.5 miles of streets in Avon Park City; 1.25 miles of Downing avenue west from SR-17; 1.28 miles of Lake McCoy drive starting at Route 27; 0.9 miles of W. Josephine road from the bridge to Sentinel Pt.; 1.96 miles of Shop 16 road from Route 27 to SR-64; 1.94 miles of Cloverleaf rd. from Route 27 to SR-621; 0.25 miles of Lakeview drive from SR-29 to Holmes rd.; 0.15 miles of Medical Center road from Highlands ave. to its end; and 0.5 miles of Interlake blvd. from Route 27 to the circle.

Fair Booths Needs Sitters

The 1973 Highlands County Fair begins on Monday, Feb. 19, at 5 p.m. and runs through Saturday, Feb. 24. It is held at the county fair-grounds in Sebring. The Avon Park Community Booth is located in Building no. 3, the Educational Building.

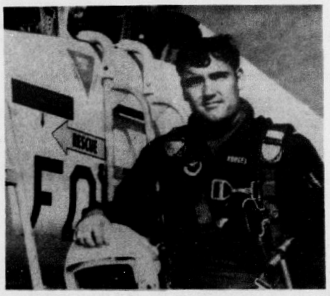

A committee representing the local Chamber of Commerce constructs the booth each year, but they also have to find people who are willing to devote a few hours during the week to "baby-sit" with the booth.

All you have to do is be at the booth at ALL times during your assigned period. There will be chairs available. If anyone asks a question about Avon Park that you can't answer, refer them to the Chamber of Commerce.

The days are divided into three shifts: 1 to 4 p.m.; 4 to 7 p.m.; and 7 to 10 p.m.

The Fair Association gives us tickets for people to sit with the community booths, so you would be admitted to the fair free, and AFTER your time for staying at the Avon Park Community Booth is up, you are free to see all the other exhibits or do whatever you wish (at YOUR expense) before leaving the grounds.

We try to assign two people for each shift, so that ONE can remain at the booth AT ALL TIMES. So, if you and your spouse, or a friend, would like to do a good turn for the community, please call the Chamber of Commerce, 453-3350, RIGHT AWAY, and leave your name, address, and phone number and a member of the fair committee will contact you.

Gallen Opens District Office In Lake Placid

Senator Tom Gallen, has announced the opening this week of a District Office at 1250 Interlake Blvd., in Lake Placid, fulfilling one of the early promises he made to the voters of the 24th District during his campaign.

Lake Placid was selected because of its central location between major population centers of the District, Gallen said. The office is located within a few minutes drive of Okeechobee, Moore Haven, Arcadia, Avon Park and Sebring.

Hardee County residents will find it more convenient to continue using Senator Gallen's home office in Bradenton, he said.

The District Office, is thought to be the first in the Florida Legislature's history. Gallen, pledged to establish the office to make the services of the State more accessible to the people.

A full time permanent staff will be appointed to manage the District Office and to assist him in handling the problems of constituents.

Gallen, said he hopes the new District Office concept will "return to the people the proper representation they are entitled to, representation which has been dismissed by the Supreme Court redistricting plan".

The telephone number of his Lake Placid Office is, 465-2904.

Road Blocks Will Benefit Ridge Area Association

American Legionnaires on a county-wide basis will again man road blocks for benefit of the retarded of Highlands county. The veterans have made this contribution to the annual fund drive of the Ridge Area Association for Retarded Children for 15 consecutive years.

Members of Post No. 69, with Sgt. Ken Tate as Commander, will be working in Avon Park. Post Commander Phil Briggs, Al Haad, Mike Janik, Fred Kinyon and Chaplain Hubert Deal will be among those stopping traffic on the Main and Lake intersection.

In Sebring Commander Roger Swift will head up the road block with as many Legionnaires as can spare an hour, blocking cars to toss coins or bills in the collection buckets. Commander Alvah Prince of Post No. 25, Lake Placid has called upon a well-established crew to assist in the project. Ed Dionne has participated in the Lake Placid road block each year the Legionnaires have made their contribution.

Funds collected by the members of the three posts will be used in the programs of the Ridge Area Association for Retarded Children to support the adult Work Center for the handicapped; Developmental Training Program for preschool retarded children; overnight and residential camping services as well as the Association's Summer Fun Day Camp. Members of the American Legion Posts of Highlands county and their auxiliaries have supported the work of the Association for Retarded Children in an effort to meet the needs of the handicapped.

Junior Varsity Wins 12 Games

The Avon Park junior varsity basketball team went 12 games without a defeat but fell victim to the Frostproff Bullpups on Jan. 26 up in Frostproof and then lost at home 66-46 to Fort Meade the following Tuesday night. The jayvee boys rallied to defeat Sebring 81-45 last Friday night but lost their third game of the season to Santa Fe in Lakeland last Saturday night by a score of 44-42. The twelvth straight win was over Mulberry 63-53. The "B" squad record is now a very impressive 13-3 with five games left on the schedule.

Next Friday (tomorrow) the Devil "Bees" will travel to Zephyrhills for a return match with the Bulldogs and on Saturday they will go to Okeechobee to play the Brahmans again. Next Tuesday night they will be at home to the Lake Placid jayvee squad.

The Frostproof "B" squad knocked the Devils from the undefeated ranks with a 77-56 upset as three Devils fouled out of the rough game. Jimmy Caldwell led the Avon Park scoring with 18 points.

The Red Devil "B" team had won its twelvth consecutive game in Mulberry the Tuesday before as Mickey Claitt hit for 22 points to pace the Avon Park scoring. The final score was 63-53 over the Panther jayvees.

After the Frostproof loss, the jayvee squad had a little discipline problem and three starters sat on the bench the entire first half of the Ft. Meade game which the baby Miners won by a score of 66-46 for Avon Park's second loss of the season.

Then against Sebring, the Avon Park boys seemed to pull themselves together and really outclassed the Blue Streak "Bees" winning by a score of 81-45 as Jim Caldwell scored 21 points. James Ross moved up from the ninth grade team and hit for 15 points behind Rickey Claitt who scored 18. Mickey Claitt and Curtis Foster both had 10 points.

Avon Park Host Grasshoppers

A swarm of GRASSHOPPERS invaded the Avon Park Municipal Airport Wednesday, Jan. 31. These Grasshoppers were part of a group of Women pilots in Florida. This group meets monthly at various locations around the State.

The Flying Pierces, Walt and Sandi, and Don and Shirley Gossick of Avon Park Flying Service were the sponsors of this meeting. The Avon Park Chamber of Commerce greeted each aircraft and welcomed each Grasshopper with donuts, coffee, and orange juice. The official chamber hostesses were: Mrs. John Morris, Anna Belle Worden, John Clark and Mrs. Morris Adams, III.

Over sixteen aircraft arrived carrying forty-five people from around the state. One Grasshopper came from Lexington, Kentucky to participate in this meeting.

Chuck Gossick, son of Don and Shirley Gossick, was kept busy picking up arrivals, and ferrying them to the hanger. He along with Park Ernsberger of Avon Park, furnished transportation to Griffin's Restaurant, where a luncheon was held.

The theme of the day's activites was aerobatics. An aerobatic film and talk was given by Walt Pierce. Then Don Gossick, Dick Smith, and Walt Pierce gave aerobatic demonstrations.

Aerobatic rides were also offered in Mr. Gossick's Stearman. Over eleven rides were given. The meeting was concluded with a luncheon at Griffin's restaurant.

Many of the townspeople turned out to watch the activities at the airport. They, like the Grasshoppers, seemed to feel the meeting was a tremendous success.

Southland Mobile Home Park

by Bette Chapel 453-6258

Sunday was a rather rainy stay-in-the-house type day. But company helped brighten the Chapel home with Bette's parents paying a visit from Orlando. Mrs. Hindsley also received company - the Browns from Ohio.

Monday Byron Jeremy came home from Walker Memorial and Bessie's cold proved to be better. The Elethorpe's had an overnight guest, Mr. Elethorpe's daughter, Arvilla Long.

Tuesday "ice" was the guest of everyone in the park. Bird baths and cars were covered with the quiet intruder. Mr. and Mrs. Ritchie were pleased to have their daughter-in-law, Ramona, of Fort Myers, spend the day with them. Rebecca Hostetter's sister, Elizabeth, left to return to Calif. Mr. and Mrs. Fletcher of Ontario, Canada, arrived to spend a few weeks in the Mitten trailer. Mrs. Fletcher is sister to Doug Mitten. Mrs. Erndt and her sister-in-law, Eva Russel, drove to Coral Gables to visit friends of Eva's and spend the night there. They had Ooh's and Ahh's for the lovely homes and sights they saw there. The hall welcomed 26 friends for morning coffee and pastry. Mrs. Hindsley's guests also attended the gathering.

Wednesday morning Mrs. Simmons lot 101 started out to pay Nita Ritchie a visit, to see how she was doing after her fall, and Mrs. Simmons herself took a fall in front of the Long's home. Assisted by Mr. and Mrs. Long she had to simply return home but is all right. Nita too is much improved. The Barr's drove Byron Jeremy and Bessie to Bay Pines where Byron spent Wednesday through Thursday for tests and was released Friday with a good report. We are all glad for the Jeremy's. Wednesday afternoon eight ladies came to sewing. They are still welcoming articles and ideas for the hobby show. Bal and Glenn Cool were visited by the Conways of Lima, O., for the day. There were no cards played Wednesday evening.

The Newcombs were pleased with a return visit from their daughter and her husband on Thursday. Rosie Hall also entertained guests - from Warsaw, N.Y., Mrs. Walcott, and from Frostproof, Mrs. Hicks. More company at the Elethorpe's, Mr. and Mrs. Arthur Howie of Hammond, now staying in Sanford.

At the hall in the evening there were 12 out for "Aggravation". Louise Davidson and Ann Condit tied for high. Elwood Stroup treated the crowd with candy.

The Paxtons were pleasantly surprised Friday morning when Mr. and Mrs. Faye Paxton of Crawfordsville, Ind., were callers to their home. They were returning from Ft. Myers where they visited their daughter. It was a treat to the Paxtons to get the hometown news. The Rev. and Mrs. Hutchens welcomed their son, Bishop Warren Hutchens and his wife, of Hartford, Conn. The Bishop and his wife planned to stay til the weekend then go on to Palm Beach for a visit and later on to the Virgin Islands.

There was good weather again for shuffle. Three games were played. N. Trompics and R. Engard won all three games. However, R. Wandover and F. Hutchins won two out of three and E. Paxton and L. Breister won one game out of three. In the evening 29 gathered to play bingo. John Ferrelli called and Charles Learned helped. Martha Ayers won grand prize. Helen Erndt brought her housegeust and Mrs. Hindsley brought her two guests.

It has been observed that fishermen are not entirely without feelings. One of the park fishermen was recently seen tenderly keeping his bait (worms) warm in the living room until the time for them to go into action arrived.

Lois Johnson Wins First Place In Fashion Show Held Friday

It was a gala afternoon at the Woman's Club regular meeting last Friday with the Arts and Crafts display and the Fashion Show. There were 14 entrants in the fashion show including the Spadea Contest, and the two, who showed their garments under construction, as they lacked time to get them finished.

Lois Johnson won first place with with her coat and dress of a gold beige double knit. The coat was a print and well matched at the seams. She will model her outfit at the District meeting in Lakeland Feb. 19.

Betty Sparks won second place with her aqua and navy polyester print dress. Third place was won by Evelyn Bengel in her blue linen embroidery trimmed dress.

Others in the showing were Leoma Maxwell and Katie Rehrer with the unfinished dresses. Mrs. O'Hern, in a blue double knit, Elizabeth Clarke, in a black and white sheath dress and jacket, Grayce Garrison, in a yellow print ripple crepe, Edith Martensen in a long orange and silver gold trimmed polyester. She carried a matching bag.

Mrs. Elmer Gregg wore a patchwork skirt with a black blouse. She put all the patches together with black rick-rack.

The Spadea entrants were Joyce Wagner in a blue linen suit, and Ann Childress in a white china silk suit. Joyce Wagner was chosen to model her suit in Lakeland.

Joyce Wagner was the narrator and Edna Jackson played background music. Judges were: Mrs. Moseley, Mrs. Crews and Miss Criner.

During the business session Leoma Maxwell displayed a picture that had been hanging on the club house walls for many years. It is a Winsler Homer print, that was given to the Club several years ago.

After the fashion show, the balloting for recognition awards by the Woman's Club Members of Avon Park showed the following results:

Best of Crafts: Margaret Bush who had made a lovely intricately-designed quilt. The next in total votes in crafts was for a soft, pink, hand-knitted cardigan made by Elizabeth Clarke.

Best of the art calss was a picture entitled, "PINE LODGE"by Ann Olsen. Next recognition was received by Margaret Bush for her picture entitled,"A SWAMP SCENE". These arts and crafts, as well as a few selected items, will be taken to the Lakeland Fine Arts Festival. Pearl Castine received Honorable mention for her work of art with tile which was fashioned to depict an Indian maiden.

Of interest is that several things that were entered at the Club were shown at the Lake Placid Country Fair Feb. 3. It was noted that Hallie Wetmore showed her work with macrame' in the form of a beautiful, silk-lined white purse. This received the Blue Ribbon Award there. In the art line it was Margaret Bush's Pastels, "SWAMP SCENE" and "A DOG NAMED PITIFUL" that received two white ribbons. Ann Olsen received a Blue Ribbon for pastel of floral arrangement of grape hyacinths and a Red Ribbon for portrait of "GIRL WITH FAN", done in copper embossing. (This had previously received a blue ribbon award in portrait class at the Sebring Festival held not too long ago.)

It was a pleasure to see that Avon Park business firms e.g.: Avon Citrus Bank, Babcock Furniture Co. and Florida Power Corp. were supporters as Patrons of the Lake Placid Country Fair.

CRUISE IN THE OFF-SEASON

Although most people prefer to take their cruise during the peak of the season for all the glamour, excitement, and crowds it offers, others enjoy the quiet and restfulness of the off season cruise. Tourists are not present in such great numbers; interesting places can be visited more leisurely and at greater length.

Some people prefer to pray only when they are in church or at some great public gathering where the prayers are led for them. But our Lord said to pray in the "off-season." He said, *"But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."* The real joys of prayer are truly found when you are praying alone with God. The scripture says to be instant in season and out of season.

The church would encourage you to pray both in church and at home. Prayer can uphold, support, and strengthen our churches, ourselves, and our country.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Devils To Host Class AA Basketball Tournament

The Avon Park Red Devils will host the Class AA District 13 basketball tournament here at the new high school gym starting Feb. 22 (Thursday) with the fourth and fifth seeded teams playing a single game on that night.

The five teams involved in the district 13 meet are Arcadia, Lake Placid, Avon Park, Frostproof, and Fort Meade. Arcadia is currently ranked number one in the state Class AA polls and will be favored to win this district. The tournament has been set up so that on Friday, Feb. 23, the number one seeded team after win-loss records are turned in on Feb. 17, will play the winner of the Thursday night game at 7 p.m. and the second and third seeded teams will meet at 8:30 p.m. on Friday night. Then the finals will be played on Saturday night, Feb. 24, starting at 8 p.m.

The Thursday night game to determine the fourth place team will start at 8 p.m. on Thursday.

Seedings will be decided by the win-loss records of the five schools against Class AA competition only. Avon Park at present has an over-all record of 10-7 and is 4-5 in conference play.

This will be the first tournament the Red Devils have hosted in the new gym and all Avon Park basketball fans are urged to come out and see these five Ridge area teams in action.

Shuffling as a favorite activity in the Park keeps the four courts occupied most of the time. Tuesday is tournament day when the men are out at 9 a.m. and the women at 1 p.m. to help boost the points for their respective teams. The latest recording shows the men running close competition, with the blackbirds in the lead. The women report that the yellowbirds are well in the lead. There are several weeks yet to play so this can change. A trophy will be given, also a dinner to the winning teams at the close of the season.

On Thursday at 1 p.m. men and women's singles are held, which are much enjoyed. The courts are occupied the rest of the time for friendly games, as well as by those who desire to improve their skills and practice the tactics taught by Louise Bell in a series of lessons just completed.

The Womans Club will meet Friday Feb. 9, at 1:30 p.m. in the recreation hall. Faye Gordon, Florida Power Home Economist will demonstrate the use of small electric appliances. There will be a door prize given. All women of the Park are invited to attend.

Retired Teachers Hear DouglassSpeak

The Highlands County Retired Teachers Assn. met at the Circle Cafeteria, Sebring for a luncheon meeting Thursday, Feb. 1, with Mrs. Alice Munson, President, presiding.

The speaker of the day was Supt. George Douglass, who outlined the present status of Highlands County schools and some ideas of what could be expected in the immediate future. It was interesting to note that Lake Placid is the fastest growing school system in the county.

The retired teachers present numbered 48, with the largest representation coming from Avon Park. Because of the steadily increasing number of members and visitors attending, it was decided to hold the next meeting at Clayton's Restaurant.

Devil Cagers To Host Lake Placid Tuesday

The Red Devil basket ball team came out on the short end of the score in three out of five games played the last two weeks. Weakened by the flu, the Avon Park team lost two on the road bowing to Mulberry on January 23 by a score of 65-48 and losing to Frostproff on January 26 by a score of 60-56. Then last week the Devils recovered and romped on Fort Meade 80-48 and Sebring 75-48 here at home. But last Saturday night the Santa Fe Hawks swept to a 71-65 victory on their home court leaving Avon Park with an 11-7 over-all record and 4-5 conference mark.

Last Tuesday night the Avon Park team had an open date. Tomorrow (Friday) the boys will travel to Zephyrhills to take on the Bulldogs in a conference tilt. On Saturday night the Devils will go to Okeechobee for a return match with the Brahmans and next Tuesday they will be at home to the Lake Placid Green Dragons.

In Mulberry, Jan. 23, the varsity took the Panthers in an important loop game without forward Nate Packer and guard Leon McRae and were just no match for the healthier Panther five losing by a score of 65-48. The Mulberry team pressed almost the entire game and with several Devil players weak from the flu, the game was just no contest.

The varsity game in Frostproof was a good one except for the final score as far as Avon Park was concered. Frostproof took the game 60-56 after the Devils led most of the game. Avon Park jumped off to an early lead and had a 30-23 halftime advantage. But in the third period the Bulldogs cut that lead to 2 points and then went on in the fourth quarter to pump in 21 points while holding Avon Park to 15 to take the 60-56 victory. Harry Smith led the Devils with 21 points and 14 rebounds. Leon McRae turned in a hustling performance for Avon Park scoring 14 points and Phil Harris hit for 12 counters.

Last week here at home the Red Devils looked like the early-season squad as they completely outclassed the Fort Meade Miners who were forced to play without Greg Brinson. The Devils trailed at the end of the first quarter 16-11 but had a hot 31 point second period and went on to win the game 80-48 as three boys hit in the twenties - Harry Smith had 26 points, Filipde Harris scored 23, and Nate Packer hit for 21 points.

Against Sebring last Friday night the Devils were hot again and all ten members of the varsity got in the scoring column as Avon Park took a 75-48 victory from the winless Streaks. Avon Park led all the way. Smith sank 22 points. Harris had 14 points, Leon McRae scored 10 points, and Nate Packer hit for 9 points. Mearl Robinson had 6, Hicks had 5, Bud Wester scored 4, Ayers and Green had 2 points each, and Tony Williams added a free shot. Sebring's Sanguily hit for 14 for Sebring to lead the Blue Streaks.

Last Saturday night the Devils went to Lakeland and lost to the Santa Fe Hawks in another Tri-County Conference battle. The final score was 71-65 but the Hawks led most of the game and had a 19 point lead late in the fourth quarter before the Devils closed the gap to the 6 point edge at the finish of the game. It was Avon Park's second loss to the Santa Fe team. Filipde Harris was the top scorer in the game with 24 points and Harry Smith had 19 for the Devils but four Santa Fe boys scored in the double figures. Nate Packer was held to 9 points, Leon McRae had only 7, and Leroy Hicks managed 6 for Avon Park.

The Red Devils will close out the season in Fort Meade Feb. 16, Clewiston on Feb. 17, and in Wauchula the afternoon of Feb. 19 in a 1 p.m. game for the student body over at Hardee High.

Then the Class AA District 13 tournament will be held here starting Feb. 22 with the state's number one rated team in Class AA--Arcadia--competiting against Avon Park, Frostproof, Lake Placid, and Fort Meade.

Dr. Orr Will Lead Evangelistic Services At PresbyterianChurch

Dr. Will W. Orr will lead the Key '73 Evangelistic Services at the First Presbyterian Church of Avon Park. The services will start Sunday night, Feb. 11, and continue each night through Thursday at 7:30 p.m. The Rev. Eno Moore of Warner Southern College, Lake Wales, will direct the Music of the Key '73 Evangelistic Services.

Dr. Orr is an outstanding Bible teacher, preacher, and pastor. He served eight years as pastor of the First United Presbyterian Church of Beaver Falls, Pa. During his pastorate at the Westminster United Presbyterian Church of Des Moines, Iowa, the church grew from an active membership of 400 to a membership of 2400.

While in Des Moines, the Orrs developed the "Youth Club Plan", a week-day Religious Education program providing Bible study, choir music and recreation for youth between the ages of 10 and 15. The program was especially designed to introduce youth and adults to the church and orient them to her mission. The program was adopted by 42 other churches in Des Moines.

Hundreds of clubs are now in existence across the country.

Shortly after Dr. Orr's arrival as the president of Westminster College, New Wilmington, Pa., plans were made for the 1952 Centennial Anniversary. A campaign for funds (without the aid of professional money raisers) raised over $14,000,000. Fifteen new buildings were erected, among them a $2,600,000 auditorium, Arts and Science building.

Dr. Orr is now serving as pastor of the Community Chapel by the Sea at Melbourne Beach. The activities of this congregation are like a chapter out of the New Testament.

Dr. Orr assisted in organizing the Western Pennsylvania Intercollegiate Athletic Association and served for two years as its first president. He served two years as chairman of the President's Advisory Committee of the 500 college National Association of Intercollegiate Athletics.

Dr. Orr is a graduate of Erskine College, Due West, S.C., and Pittsburgh Theological Seminary, Pittsburgh, Pa. He holds three honorary degrees: the Doctor of Literature from Sterling College, Sterling, Kans.; the Doctor of Literature from Carroll College, Waukesha, Wis.; and the Doctor of Laws from Waynesburg College, Waynesburg, Pa.

Dr. Orr is a native of Charlotte, N.C., the son of Dr. W. W. Orr, a minister of the Associate Reformed Presbyterian Church, and Lula Hunter Orr. He is married to the former Eloise Reid of Charlotte, N.C. The Orrs have three children.

The public has an invitation to attend the Key '73 Evangelistic Services.

They planted a magnolia tree in the Congregational Church yard to show their appreciation for the church providing them with a meeting place for the last three years. The ceremony, planned by the Mickey Mouse Patrol, was held as a part of the flag ceremony. The conservation pledge was taken and as each girl threw in a spadeful of dirt, she made a wish for the tree. The ceremony was closed with a prayer and by singing "America". - Photo by Sharpe

"We want to become good citizens of Avon Park and Frostproof . . . and help keep your air clean, too"

Dist. Supervisor Armin J. Longoria, Highlands Division, Florida Gas Company
Florida Gas Company, serving over 100 Florida communities, is now proud to bring natural gas to Avon Park and Frostproof.
This natural gas is delivered to you through our underground and out-of-sight mainline that begins more than 4,000 miles away...in the cactus country of south Texas. This clean energy pipeline to Florida has fingers reaching into the rich gas deposits of the Texas plains and the Louisana bayous. Continuing eastward across the mighty Mississippi River and through that state into Alabama, this silent subway straddles the rich, recently-found oil and gas fields of Jay in the Florida panhandle. The pipeland ends just south of Miami. Everyday it brings over 700 million cubic feet of clean natural gas to Florida. And we're glad that Avon Park and Frostproof are included.
Natural gas has become the ecology fuel. It's used in your home and business. Cleanly. The only by-products of natural gas are water vapor and harmless carbon dioxide (that's the fizz in soda pop). Carbon dioxide is also absorbed by trees and plants to help them grow. And trees and plants give off clean oxygen for us to breathe.
Yes...Florida Gas is proud of the role it plays in keeping "Florida clean...Florida beautiful and green."

Mrs. Roberts Speaks To Sorority On Teaching

Mrs. Mary B. Roberts, assistant elementary principal at Avon Park, was the speaker at the Jan. 30 meeting of Gamma Alpha Chapter of Delta Kappa Gamma, an honorary society for women teachers, which was held in the Florida Power and Light Corp. building at Avon Park.

Speaking on the topic "Intangibles that fuse a culture", Mrs. Roberts gave first-hand insight into the problems of educators when teaching children from differing cultures. Her graduate study showed that close cooperation between home and school, and a sympathetic approach toward the problem were imperative. Communication proved to be the leading factor in helping parents and students to identify with a new culture.

Avon Park members served refreshments of coconut and pecan pie and coffee during the social break.

Chapter president, Mrs. Dorothy Clark, presided over the business session. Thirty-six members answered roll call, and three visitors, Mrs. Millie Pearson, Mrs. Margaret Jones, and Mrs. Teresa Swan, were welcomed by the group.

Members were urged to make plans to attend the state convention to be held in Jacksonville Apr. 13 - 15. Mrs. Clark announced that $200 scholarships, to pay expenses to a seminar to be held at Kent State University this summer, are available to Delta Kappa Gamma members.

The organization will be kept posted on legislative action which will concern teachers. Members were asked to become involved in some phase of the tutoring programs carried on in Highlands county and surrounding areas.

The luncheon meeting at Sebring, which was scheduled for Mar. 17, has been changed to Mar. 10.

If you haven't found the right house yet, maybe you've been looking in the wrong places.

Finding the right house isn't easy. And trying to find that dream house in a dream location is even harder.

The new community of Spring Lake, in Central Florida, is in an ideal location and has a wide selection of dream houses at prices everyone can afford. The Deltona Corporation has five handsome models on display, each on a half-acre. There are additional model homes on view by other highly qualified custom builders.

The community of Spring Lake is being developed by Coral Ridge Properties and Westinghouse through a subsidiary, Florida National Properties, Inc. The countryside surrounding Spring Lake is beautifully wooded. There are numerous lakes and creeks, including Arbuckle Creek with its age-old trees and graceful Spanish moss. Lake Istokpoga adjoins our community and it's one of the best fishing spots in the state.

And, although Spring Lake is away from the noise and congestion, it's close enough to major attractions to offer a diversified lifestyle. It's only 75 miles to Disney World and Orlando.

Take a drive out to Spring Lake with your family. We're just 8 miles from Sebring. See our model homes. Talk with the residents. Or, if you can't visit now, fill in and mail the coupon for additional information. Or, call collect, area code 813-385-6113 or 6114.

Board Gets Details On Operating Kindergartens

Highlands County School Board Thursday night was given the findings of a detailed study of costs on operating kindergartens in the county beginning next Fall.

And one way of doing things could cost the county as much as $209,334. The state would pick up an additional $168,000.

For the first time, state law requires the schools to set up the kindergartens, but attendance by students is not compulsory.

Board members were told to look over the study, compiled by a committee headed by Mrs. Mary Roberts, and be deciding what action to take.

The most expensive way of setting up the kindergartens would be to have a full day program, provide transportation and lunch at three centers - Hopewell in Avon Park, E. O. Douglas in Sebring, and Lake Placid elementary.

A total of 592 students is expected to attend, 180 at Hopewell, 267 at E. O. Douglas and 145 at Lake Placid elementary.

Another plan would provide four sites, with Carver in Lake Placid being added. There would be a saving here on transportation, bringing the cost to $281,959. The state, incidentally, would pay $168,000 in addition to this.

A cheaper plan would be to operate half day kindergartens, with the county furnishing transportation one way, no lunch and using only three centers. Parents would have to provide transportation one way. This would cost the county $94,152, the state $84,000.

Food costs where lunch would be provided would run an estimated $53,280. Transportation both ways for the children, at three centers, is estimated at $26,250.

Supt. of Schools George Douglass suggested that a combination of plans might be the answer, and perhaps food trucks carrying hot lunches might be used instead of cafeterias.

However, when the kindergarten system does get in operation here, "you can be sure it is going to be a good one," he declared.

Mrs. Roberts declared that "if we have a program that really makes a difference in the kids' lives we'd have it made." She said her committee would recommend a full day kindergarten "if we had our druthers."

She said a survey sent through the schools to the families "was not very successful." People do not want to transport the children.

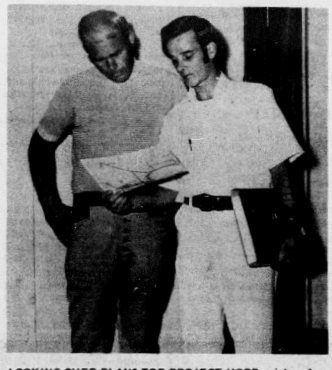

Research shows that about 50 percent of an individual's measurable intelligence is developed in his first four years and another 30 percent by the age of eight.

"On the basis of this evidence, we realize that it is a mistake to leave the intellectural development of young children to chance," the study stated.

Council Votes To Suspend Band Auction On Mall

The Avon Park City Council with only one vote carring the motion, voted to suspend the annual Avon Park Band Auction from taking place in the downtown Mall.

Appearing before the council which met Monday night was Phillip Wooten, chairman of the auction this year. Wooten asked the council for use of the old armory building to store objects which will be collected for the auction. This request was unanimously granted by the council. They also offered the upstairs section for the auction in case the weather turns bad on auction day.

LOOKING OVER PLANS FOR PROJECT HOPE - pictured above is A.P.C.I. Jaycee President Ken Dix, along with project HOPE committee chairman Louis Cameron. Project H.O.P.E. aids the elderly in entertainment.

Operation HOPE Gets Underway

Operation H.O.P.E., "Helping Older People Everyday", sponsored by the A.P.C.I. Jaycees, officially got under way last night, Wednesday, at Hilcrest Nursing Home, in Avon Park.

HOPE, as it is called by its founder, Louis Cameron, said the project is aimed at giving elderly persons who are imprisoned, as the HOPE volunteers are, and have nothing to look forward too, a reason to live.

"One type of prisoner helping another type of prisoner, the prisoner of age and loneliness" is their motto.

The group consisting of 13 Jaycee members on the committee, will sponsor bingo games, conduct sing alongs, and bring in the APCI Chapel Choir and Country Western Band on various nights for entertainment.

Cameron became concerned with the elderly after the death of his grandfather back in 1957. He told the SUN his grandmother, then living alone, became depressed and went into a shell speaking to no one and having nothing to live for.

Candy Stripers came to her Vermont home and began to

Then the question as to whether the mall could be used again this year as the site.

"From a safety standpoint", stated Council President Clarence King, "I think what the council si considering is the traffic has increased two fold."

"I'm opposed to it" newly elected Councilman Bob Woodruff put in.

Councilman Durrah Martin told the members of the Band Parents Association present that he and the rest of the council would like the band to receive all the money they could, however "if one child was hurt there, it wouldn't be worth it," he concluded.

John Clark, president of the Chamber of Commerce said "children are going to run no matter where it's held."

King reminded everyone that "It's very hazardous with all the trucks" traveling down the mall this season.

Carolyn Tomlinson, President of Band Parents Association told the council that the mall is a great spot because passers by stop and the band collects an "unusually large amount of money up there".

"I'm for letting them hold it there". Councilman Milton Howard informed the other members.

The council suggested the area next to the train depot as a possible alternative. They said that area could be blocked off from traffic, has a large parking area, and it would be less hazardous to pedestrians.

"I would feel partly responsible," Wooten told the council "if anybody were hurt. I, myself, am against the mall."

Donaldson park was also mentioned by the council as a place to hold the annual affair.

Upon the vote as to whether the auction could be held the motion was made by Woodruff it be allowed to be held at either Donaldson Park or on N. Michigan ave. Roll call revealed the split ideas of the council as Howard and Councilmen Hermon Sizemore voted no while Martin, Woodruff, and King voted yes.

After the vote, Mayor Robert J. Barben was asked his opinion of the situation:

"I'm scared of the mall." he said. "This traffic problem is geting to be something. We can't block it off for the whole day."

It was later reported by Wooten the band association has decided to use Donaldson Park as the site of the annual event because it is close to the armory for transporting the items to be sold, and would be close by in case of rain.

In other matters taken before the board, Dan Davis, representing the newly formed Recreational Council, said the committee is ready to begin "anytime." When talking to the youths of Avon Park, Davis said they are asking "When are we going to have it?"

"The committee is of the opinion we start right now"

Subdivision Regulations Ready For County Commission Action

The Board of County Commissioners, all members except Commissioner Bass present, confirmed Tuesday that they will have to handle not one but two politically "hot" items of business within the next month.

Engineer Gordon Hays reported that his committee had met with various developers in the county and had updated its recommendations for regulating subdivisions established in Highlands county.

Hays furnished the commissioners with a set of drawings that clarified the regulations he had proposed for adoption by the previous Board of County Commissioners.

Harry Schwebke, representing the county's developers, requested that the board delay its acceptance of Hays' committee's latest proposal until the developers can review them in their final form.

Board Chairman Skipper agreed to give the developers two weeks to complete their review before he called for board action on the proposed subdivision regulations.

The other controversial item came to light as a result of a request made by Betty Bolin, representing the Mobile Home and Recreational Vehicle Assn., for a status report on the county's program to revise its building and zoning regulations.

Skipper reported that the proposed changes to these regulations had been submitted to the county builders' organization for review and comment. The revised set of regulations should be ready for board action some time after mid-March, Skipper said.

In other actions taken Tuesday, the commissioners:

--Instructed their administrative assistant, Charles Cullens, to inform the county's Chambers of Commerce that their ad in the county fair issue of the .Sun is to be paid for from advertising monies previously allocated to the Chamber association.

--Approved the hiring of George F. Nicholson as a custodian at the Agri-Civic Center, effective February 14.

--Agreed to advertise that their meeting of Mar. 6 will be cancelled to enable them to attend the meeting in Jacksonville of the State Association of County Commissioners.

--Heard S. C. Pardee request that a road on which he has a trailer park be included on the county's secondary road priority resurfacing list. The marl topped road runs westward through Avon Park Lakes subdivision and connects Route 27 with Polk county.

Hartt Wins Best All Round Football Trophy

Jarvis Hartt won the coveted "best all-round" football player trophy for the 1972 season and was presented the award at the annual Avon Park Athletic Association fall sports banquet held at the A.P.C.I. dining room last Thursday night.

Members of the varsity, junior varsity, and junior high football teams, cheerleaders, members of the state champion cross-country team, coaches, parents, and friends were on hand to enjoy a fine meal and see the outstanding players on the varsity team awarded trophies. In addition to Hartt, Leon McRae, James Walker, and Buddy DeWitt won trophies. McRae was presented the trophy for being the "the best defensive" player on the 1972 squad. Walker carried off the "best offensive"player award, the first lineman to receive the trophy in many a year. DeWitt, who stepped into the starting quarterback job early in the season, won the "most improved" player trophy. George Heatherly, president of the A.P.H.S.A.A. presented the awards to the four boys announcing that they were chosen by a vote of the players themselves and the coaches.

Coach Chet Brojek honored the members of the Avon Park Cross-Country team which won the state championship this fall by presenting them with plaques for their efforts. The ten boys receiving the state championship plaques were James Brown, Eugene Sneed, Reid Wall, Curtis Foster, Matakiah Fogel, Hezakiah Fogel, Lennie McMillian, Raliegh Turnbull, Bruce Trescott, and Doug Fletcher. Coach Brojak praised the members of his team and announced that he had set a goal for next season of not only winning the state title again but of setting the best time in all classes at the state meet.

Coach Joe Franza, retiring head football coach, introduced all members of the varsity team and commented on the 6-4 season record and also mentioned the number of injuries to members of the squad this year. Franza also expressed his appreciation to the Avon Park fans for the excellent cooperation he had received over the past 24 years as Red Devil foot ball coach.

Coach DeWayne Lemler introduced members of the Avon Park Junior Varsity team which set a 6-1-1 record this year scoring 128 points to the opponent's 28.

Coach Ken Shackelford, who has coached three Red Devil junior high teams to undefeated seasons, presnted the members of the 1972 junior high team.

The varsity and junior varsity cheerleader squads were introduced by their sponser, Miss Phyllis Love.

Avon Park high school principal Aaron Cravens closed out the program by presenting Coach Franza with a big cowboy hat and a pair of boots from friends who wished to show their appreciation to the vertan coach. The athletes, parents and friends then gave the retiring coach a standing ovation as the banquet came to a close.

Police Thwarts Breaking And Entering At Store

The Avon Park Police Department proved they are on their toes during the early morning hours of Saturday, Feb. 10, as they thwarted a breaking and entering at Tuchton's Drugs.

According to the report filed by Sgt. Presley Selph and Patrolman Gene Hancock, the police department received a call from some boys around 12:45 a.m. and reported seeing a suspicious person behind Leon's Sporting Goods.

Officers responded to the scene and found nothing. A short time later while on routine patrol, they found the described man behind Eatons Department Store. He had no identification on him and was telling various stories to the officers.

He was taken into custody and transported to the Police Department for further questioning and to secure his proper identification.

The officers found some boxes outside Touchton's Drugs which contained several hundred packages of cigarettes, several radios and eight track tape players, and an undisclosed amount of money.

According to the report, all the merchandise taken was recovered.

The subject, later identified as William Tyrone Frierson, a black male aged 41 from Miami, was linked to the crime by several tools found inside the drug store and other items left behind.

Frierson was out on bond on a felony charge in Miami.

$200 Collected At Annual Road Block

In spite of biting cold winds American Legionnaires of Avon Park and Sebring manned their annual road blocks for benefit of the retarded of Highlands county.

Collections at Avon Park were over $200 and totaled $100.85 for Sebring.

MRS. PEARL HALE (left), playing in the "Snow Birds" Tournament at the Avon Park Golf Course, hit a hole-in-one on the No. 2 green last Tuesday. Mrs. Hale, who was over 50 years young before starting golf recently, won the Avon Park Golf Course Ladies' Invitational tournament. She was playing in a foursome with Mike and Rena Covell of Sebring and her husband, Cecil, shown above eyeing the lucky ball along with Bela Wright of Sebring. Project Hope

bring some life back into his beloved grandmother. "After a little while she began to call everyone up and ask them over to dinner" Cameron said.

With this act in mind, he carried project HOPE before the 73 members of the APCI Jaycees.

"We plan to go only to nyursing homes in this area" he said. Wednesday, the Chapel Choir entertained the residents of Hilcrest Nursing Home. "We're working for another night for bingo and another for sing-a-longs" he said.

Also included in the list of possible places for his committee to go is the Jacaranda Hotel. Jerry Strickland responded to Cameron's initial request and a meeting of the minds will take place later.

On Tuesday nights, he will be kept busy in Sebring at the Cottrell Nursing Home and the Florida Bretheren Retirement Home. Possibly Smith's Convalescent Home will be added to the list in the near future.

Cameron, along with heading up the HOPE Committee, keeps busy with other projects.

He is chairman of public relations for the Jaycees, the assistant director of the Chapel Choir, he attends regular group counseling, courses in positive thinking, Sunday Church services which he plays music for.

On Saturdays he keeps busy writing letters for other inmates at A.P.C.I. who are unable to read or write. He also finds time to work in the library part-time.

"These nursing homes are understaffed" he said " and our group can give the elderly a meaning in life".

"There are so many people who need somebody just to talk with".

Cameron hopes this project will be a lasting one.

Hoping to be paroled in the near future, Cameron plans to attend Junior College and become a male nurse.

"This is what I like to do," he said. "Too few people take time to remember the elderly, twice a child, once an adult" he concluded.

"However without the support of H. C. Kelly, Superintendent of A.P.C.I., Mr. Moody, the assistant superintendent, and E. Odell Carlton, sponsor of the Jaycees and classification supervisor at APCI this program and many others would not have been possible. The Jaycees are greatly indebted to them."

Cameron noted anytime a group travels away from the institute a volunteer staff member accompanies them. He wishes to thank all the staff for their support also.

Coming soon, Cameron said, will be a radio forum on WAPR in Avon Park and WJCM of Sebring. "We're just waiting for clearance from Tallahassee now" he said. This forum will enable area residents to place telephone calls to the men and ask questions which Cameron hopes they will be able to answer. He also said there is a possibility some tp

Coming soon, Cameron said, will be a radio forum on WAPR in Avon Park and WYCM in Sebring. "We're just waiting for clearance from Tallahassee now" he said. This forum will enable area residents to place telephone calls to the men and ask questions which Cameron hopes they will be able to answer. He also said there is a possibility some type of program will be placed on cable TV at a later date.

City Council

Davis told the council. "Amen" stated Howard.

The recreational council, meeting with youths representing the seventh through twelfth grades, have come up with three recommendations for the council to vote on.

First they recommend the city employ a full time recreation director as soon as possible.

Second, they suggest wrestling matches be done away with, and third hold a "dance as soon as possible upstairs to kick the program off". Davis concluded.

Councilman Durrah Martin moved, and the motion was seconded by Woodruff, to permit the dance to be held and to cancel wrestling matches effective immediately.

Panther's Baseball Team Rounding In Shape

South Florida Junior College Panther baseball team has been at work for three weeks and is beginning to take some shape. The flu and cold weather has curtailed some of the activity as evidenced by the touch of sore arms that prevailed last week.

Pitching has been receiving much of the attention as six young men have categorized themselves as candidates, and three others have indicated an interest. As yet, not one of nine candidates have shown the ability of Sandy Kofax or Bob Gibson, but all have shown some potential as pitchers. We have been slow to start throwing curves because of the cool air, but if the weather warms up next week, we will begin.

Right now we have seven right handers and one left hander. The right handers are Ted Crabtree, 6'2" and 185 pounds from Mobile, Ala.; Clark Jackson, 6'1" and 205 pounds from Avon Park; James Bray, 6'3" and 195 pounds from Brooksville; Lamar Gilliard, 5'11" and 165 pounds from Zolfo Springs; Mike McGee, 5'8" and 150 pounds from Covenington, Ky.; and David Hines of Sebring at 6'0" and 170 pounds. The lone lefty is Craig Johnson, 5'10" and 170 pounds from Sebring.

None of these boys are the overpowering type, and we are working toward consistency of control and spot pitching and hoping our defense will be adequate.

Our offense has been slow to come about, but looked better on Thursday as a total of seven runs were scored in a four inning intrasquad game.

Our overall speed is not exceptional, but seems to be improving.

Catching is improving as three sophomores are battling for the starting berth, two returnees Ken Martin and Jim Reynolds, and a first year baseballer, David Hines. It will boil down to who can get the job done of preventing the steal, offensive hitting, and defensive catching.

The Panthers open their baseball season at home for the first time ever in a double header against Edison Junior College at Head Field in Avon Park at 2 p.m., Thesday, Feb. 27.

Mr. And Mrs. James Williams Honored At Reception

Mr. and Mrs. James M. Williams were honored guests at a reception Sunday afternoon Feb. 11, marking their "50th. wedding anniversary". Hosts were their daughter and son-in-law, Mr. and Mrs. Virgil Smith from Akron, O.

The Williams were married by Reverend Hasselbander in the parsonage of the First Christian Church, Blue Field, W. Va., on Feb. 7, 1923. They are the parents of four children: Lt. Col. James L. Williams, now stationed with the Air Force in Okinawa; Ralph E. Williams of Greensburg, Pa.; Dr. Raymond B. Williams, Cambridge, England; and Mrs. Virgil Smith, Akron, O.; 12 grandchildren and 2 great grantchildren.

The Lounge was beautifully decorated by Mr. and Mrs. Robert Howell of Akron, O., carrying out the gold theme, with a five-branched candelabra centerpiece surrounded with gold and white mums. The gift table was centered with a gold money tree. Both tables were covered with floor-length gold cloths. The color theme was carried out with variegated ribbon bows caught up at intervals along the tables, with beautiful gold bells and ribbon hanging around the Lounge. Gold punch was served from a crystal bowl, along with gold and green mints, and the delicious cake, a three-tiered white cake with gold and yellow accents.

Pictures of the family, starting back in 1922, before the Williams were married, were on display.

Out-of-town relatives attending were Mr. and Mrs. Walker Williams from Orlando, and Mrs. Elisa Tibbs from Port Clinton, O.

A health card is required and can be obtained at Highlands County Health Center, Sebring, on Tuesday or Thursdays between the hours of 9 to 11:30 a.m. and 1 to 4 p.m. Band parents who can help or interested friends of the band should call Mr. Stephens at 453-5681 to volunteer their help.

Band Day committees are meeting and making arrangements for a big day on Mar. 17. Events scheduled for that day include the annual auction, a barbequed chicken dinner prepared by Avon Park Lions, hamburgers, hot dogs, prizes for lucky winners and much more.

Mr. Wavro has observed that people everywhere have desires that are common to all--the desire to be healthy and to experience an abundant life. He says that the answer to this search is found in the life of Christ Jesus, quoting Jesus' saying, "I am come that they might have life, and that they might have it more abundantly". This is the heart of the lecture.

This Christian Science lecture is being sponsored in this community by Christian Science Society, Avon Park, and will be given at 3 p.m. In his lecture, Mr. Wavro will relate some actual cases of healing, based on awakening to a spiritual sense of life through prayer.

So there it is the right way, and our apologies to Cindy, Don and the parents.

The Crippled Children's fund will bear the expense which will run about $120 per day.

It is no Secret...

One of the great joys that children have is in telling a secret. This is one way that secrets have of becoming known.

However IT IS NO SECRET what God can do for you. This was never intended to be a secret, for God wants all to know the good news.

Isaiah said: *"The Lord hath anointed me to preach good tidings ... to proclaim the acceptable year of the Lord."*

Attend church regularly and hear God's word preached.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

Building Travel Bus Is Big Hobby

By Joe Johnston

John McClellan, program chairman for the month of Jan., presented the program himself. His subject was a hobby of his and his brother, building a travel bus. John and his brother looked over the construction of many types of busbusses before they made their decision to buy a bus which was being retired by the Trailways Bus Company. The reason they selected this 1947 bus is that its construction is of aluminum.

John said that they purchased the bus several years ago for around $3,000. The $3,000 was the purchase price, however, a little bit had to be added to this figure. The total investment monetarily is now around $10,000 and with about $10,000 worth of labor, bringing the grand total to around $20,000. John explained that his brother provided the monetary investment, and that he provided the labor.

Further John said that he had to strip down all of the paneling and all of the flooring and rebuild the bus. In addition to the structural changes and repairs that John had to make, he also had to add all of the facilities, such as beds, furniture, bathroom facilities, water tanks, stove, refrigerator, air conditioner, and generator with a Mercedes Benz power plant to provide the necessary electricity for the all-electric travel bus.

After talking about the bus, John took us outside to see it. He has done a wonderful job of converting the bus to a beautiful, luxurious, vacation vehicle and home. After we all had a tour of the bus, he took members of the Rotary Club for a ride in the bus down to Sebring. We wish to thank John for a month of exciting programs.

How can you bring out the best in yourself?

Come to this Christian Science Lecture

"The Way of Abundant Life" by Paul K. Wavro, C. S. B. Sunday Feb. 25 at 3 p.m. Christian Science Society, Avon Park, Avon Park Lakes area.

Club To Hold Campout This Weekend

The newly formed "Hi-Dee" Chapter of The Good Sam Club will hold their monthly Campout at Camp-N-Comfort Trailer Park on St. Rd. No. 17, between Sebring and Avon Park.

All owners of recreation vehicles who are interested in fun and good fellowship are invited. The camp-out starts Friday, Feb. 17, and ends Sunday, Feb. 19.

LEON McRAE is the senior guard who has come on strong this season to move into a starting position on the Red Devil basketball team and become the play maker of the squad. Coach Sandlin says McRae is the most improved player on the team. The spunky guard is averaging around seven points per game and is a real sparkplug for the Devils.

FILIPE HARRIS, a 5'9" forward who weighs only 130 pounds, is probably the most consistent player on the Avon Park basketball team this season. The smooth, quick moving forward is averaging around 14 points per game and has an average of 10 rebounds each game.

Varsity Team Split Games With Okeechobee And Zephyrhills

The Avon Park varsity basketball team split games with Zephyrhills and Okeechobee last week winning in Zephyrhills by a score of 95-62 and then losing to the Brahmans in Okeechobee last Saturday night by a score of 65-54 in a highly contested game.

Last Tuesday the Devils were scheduled to play Lake Placid here and tomorrow night (Friday) they will go to Fort Meade for the last conference game of the season. That game was originally scheduled to be played here but was moved to the Miner's court in a schedule change earlier in the season. Then on Saturday night, the Devils will play their last regularly scheduled home game against the Clewisten Tigers here at the high school gym. Next Monday afternoon the Avon Park boys will close out the regular schedule with a game in Wauchula at 1 p.m. against Hardee High before the Hardee High student body. There will not be a junior varsity game in Wauchula.

In Zephyrhills last Friday night, the Avon Park team set a season high in scoring putting 95 points through the nets against the Bulldogs who have not had a good season. Phil Harris led the Devil scoring but all the boys got to play in the high scoring affair including newcomer Craig Pressley who was just made eligible last week.

It was a different story in Okeechobee last Saturday night when the Devils lost to the Brahamans by a score of 65-54. The loss gave Avon Park on over-all record of 12-8. Harris was again high scorer by hit for only 15 points in the rough, loosely called game. Nate Packer scored 12, Harry Smith had only 9. Hicks and Wester hit for 6 points, and Ayers had 3 counters. Leon McRae scored only 2 points and Craig Pressley hit for 1 point.

The Class AA District 13 basketball tournament will start here at the Avon Park high school gym on Thursday, Feb. 22. The fourth and fifth seeded teams will meet on Thursday night at 7 p.m. The third and second seeded teams will meet in the second game on Friday night and then the finals will be played on Saturday night, Feb. 24, starting at 8 p.m.

ChristianChurchCancelValentine Party

On Thursday evening, Feb. 8, the Women's Council of the First Christian Church held a meeting in the Fellowship Hall of the Church. Mrs. H. J. Rutherford was the hostess, assisted by Mrs. Anna Westberry and Mrs. Glen Ruffner.

Mrs. Byron Harwood conducted the lesson study, using the 14th Chapter of Acts, as the subject. Officers reports were read and some business matters discussed. The Valentine dinner, scheduled for Feb. 14, was cancelled, due to the illness of the minister. It was decided to assist the Youth Bible Class, by buying some tapes for their use in taping services for shut-ins.

At the close of the meeting, refreshments were served by the committee.

Spring Lake, in Central Florida, is more than just another new community. It's a totally new and different lifestyle. This community is nestled amidst the quiet and beauty of scenic woods. There are orange groves and rolling hills. There are lakes and creeks for fishing, swimming and boating. Including picturesque Arbuckle Creek with its age-old trees and hanging Spanish moss. Our community adjoins Lake Istokpoga, one of Florida's largest lakes and one of the best fishing spots in the state.

And though we offer all that natural beauty and seclusion, Spring Lake is only eight miles from the charming town of Sebring. And just 75 miles from the excitement of Disney World and Orlando.

Quality is a key word at Spring Lake, being developed by Coral Ridge Properties and Westinghouse through a subsidiary, Florida National Properties, Inc. This combination of experience and reputability assures you a fine place to live. Five of the best-selling model homes by the Deltona Corporation are on display along with others by highly qualified custom builders.

Take a drive to Spring Lake with your family. See our homes. Talk with our people. Enjoy the country scenery and fresh air. Or, if you can't visit now, either write for additional information to Mr. Ireland Sanders, resident home sales manager, 6133 Candler Terrace, Spring Lake (Sebring), Florida 33870, or call collect, area code 813-385-6113 or 6114.

Those foreign oil tankers in Florida's ports are earning a lot more than our gratitude.

They're earning very high prices for their oil, as well.

You see, environmental considerations have forced us to abandon coal as a fuel to produce electricity.

And the supply of natural gas is inadequate.

Which leaves us fuel oil. And since domestic supplies of fuel oil are dwindling too, power companies must now rely on foreign sources.

Prices from these sources are not regulated except by the natural conditions of the market, which happen to be driving prices up.

As of January 1 of this year the cost of oil to Florida Power increased by nearly 50 percent.

This means 17 or 18 million dollars more than last year, just to produce last year's supply of electricity.

We desperately need fuel oil to continue supplying you with electricity. And we're grateful to have been able to negotiate a long term contract that assures us a supply even if we have to pay the rapidly changing market price.

We need the oil.

Because you need the power.

Highlands County Fair to be a 'Week of Wins'

"A Week of Wins" might be one designation for Highlands County Fair, according to fair executives who this week put final touches to plans for the Feb. 19-24 events.

The fair board, headed by Russ Albritton, and the county agriculture extension staff (Bert Harris, Tim Hurner and Mrs. Jo Townsend) pointed out that the 1973 edition of the annual fair has more areas of competition and more types of exhibits than ever before, so more chances for more people to win honors.

Hurner, who is the fair's livestock superintendent, said every 4-H Future Farmer or Future Homemaker who enters fair competition "learns a lot regardless of whether a prize is earned."

"Just to be eligible to enter the livestock show is an honor," Hurner said. "High standards of quality are set to qualify so every student who has an animal in the show is already a winner."

Harris, who has been the county agriculture agent for 21 years, always points out a fair's educational values. "Everyone who comes to the fair can and should learn at least one new thing before he leaves," is Harris' view.

Mrs. Townsend, the county's home economics agent, is participating in her first fair here. Under her guidance the fair has instituted competition in sewing, cooking, food preservation, many kinds of crafts--"the old fashioned kind of fair contests," is the way Mrs. Townsend describes this section of the fair.

"This is wide-open competition open to anyone who wishes to enter," Mrs. Townsend said.

Highlands Art League is expecting a record turnout for the art exhibit it is sponsoring at the fair, and the number of entries in the livestock show is at an all-time high.

Many "Firsts"

This year's fair includes many "firsts", on Wednesday night the Forestry Service will crown a king and queen of Highlands County Forestry Service. On Saturday afternoon there will be a junior horse show. Thursday will be observed as the first Merchants Day.

Traditional features are back too--crowning of a new Miss Highlands County, selection of the best community booth, the special days for Highlands county school children.

The community booth judging is held Monday, prior to the formal opening of the fair at 6 p.m. on Feb. 19. Tuesday is the school day for Avon Park and Lake Placid, and Tuesday afternoon is the time for poultry judging and the junior livestock judging contest.

Wednesday is children's day for Sebring school students, and the junior livestock show and junior showmanship contest. The Forestry Service program is at 7 Wednesday night.

Fair planners expect larger than usual crowds on Merchants Day, Thursday, Feb. 22.

Fair admissions and mid-way ride prices will be cut for those patrons holding coupons from area merchants.

Friday's program is highlighted by the annual livestock sale. The sale is scheduled for 3:30 p.m.

The horse show is set for Saturday afternoon, 2 p.m. All fair buildings close at 10 p.m. each night.

Commercial exhibits division of the fair are under the direction of Roe McAdams, and the outside exhibits committee is headed by George Crist.

Miss Highlands County crowned Monday night

A new Miss Highlands County will be crowned as the climax of opening night events at Highlands County Fair, Feb. 19.

The traditional beauty contest is scheduled to begin at 7:30 p.m. on Feb. 24 with competition in two parts--evening gowns and pants suits.

Miss Terry Sauls, the reigning queen, will crown her successor.

In addition to the title and crown the new Miss Highlands County will receive a $125 cash prize. First runner-up receives $75; a second runner-up, $50.

The contest is sponsored by the Sebring Firemen's Auxiliary. Mrs. Bob Wolfe is the Auxiliary president, and other officers are Mrs. Thomas Logan and Mrs. Russ Albritton.

The Auxiliary has been assisted by home economics teachers in the county's high schools-Mrs. Dorothy Clark at Sebring High, Mrs. Violet Moseley at Avon Park and Mrs. Louise Tompkins at Lake Placid.

Dress rehearsal for the beauty contest is scheduled for 6:30 p.m., Feb. 17, at the fairgrounds grandstand.

RECORD ATTENDANCE

Attendance records for the county fair were set in 1972. Total attendance for the week was 13,742. The biggest day was Friday when paid admissions reached a new high of 4,182. This is approximately 10 percent above the record 1971 attendance.

FAIR PRESIDENT RUSS ALBRITTON helps the reigning Miss Highlands County, Terry Sauls, don her crown one more time. February, 1972-February, 1973, has been a busy year for Miss Sauls but on opening night of the county fair she will pass the title and crown to a new Miss Highlands County. Miss Sauls is a daughter of Sebring Mayor and Mrs. Eugene Sauls, and is a younger sister of Miss Monica Sauls, who was Miss Highlands County 1971-72.

The 1973 fair marks the beginning of the second year of service for T. Gene Crawford as a member of the fair's board of directors.

He has been a member of Sebring Firemen, Inc., for several years, working on various committees of that organization. He is active in the work of First Baptist Church where he is a deacon and teaches a Sunday school class of nine-year-old boys and girls.

Crawford is married, resides at 102 Emerson drive. Mrs. Crawford works at Sebring Middle school. The Crawfords have two sons, Gene David, who is a student at South Florida Junior College; Don, who is in sixth grade; one daughter, Patty Crawford, a senior at Sebring High School.

LIVING TRIBUTE

The large Cuban laurel tree which stands on the northeast corner of the county courthouse grounds has been designated as a living tribute to Louis Alsmeyer, first agriculture extension agent for Highlands county and co-founder of the county fair. Alsmeyer is now retired but operates a grove-care business, lives on N.E. Lakeview drive.

Cooking and sewing competition new emphasis at 1973 fair

Competition for awards in cooking and sewing is a traditional part of county fairs, but a new emphasis for Highlands County Fair. In other years competition in these skills has been limited to members of specific groups such as Extension Homemakers, 4-H or Girl Scouts. This year a special county-wide committee is working to promote wide open participation.

A special junior section has been set up for youth grades seven through 12. This section has three divisions--foods, clothing and crafts--with several categories in each division.

The adult section has four divisions: clothing, needle work, crafts and food and several categories in each division.

Competition is limited to amateurs and all entries must have been made within the past 12 months. All entries must be at the fairgrounds by 9:30 a.m. on Feb. 19.

Broad Categories

Mrs. Jo M. Townsend, extension home economics agent who is heading plans for this part of the fair, said categories are purposely very broad "so they will include almost everything," she explains. She is hopeful that many, many people will enter items to be judged.

In clothing five categories have been established: sports wear, dress, tailoring (men's or women's clothing), lingerie, accessories (bags, hats, gloves).

Categories under needle work are knitted items, crochet, needlepoint, embroidery-crewel, tatting, quilting, pillows.

Under crafts the categories will be ceramic, candle making, bead work, leather craft, macrame' and a miscellaneous grouping.

Food entries will be six categories: canned food (jam, jellies and marmalades; fruit, vegetable, pickles and relishes); cakes, quick bread and yeast bread (rye, whole wheat or white); dinner rolls or sweet rolls; cookies, pie.

Cake Mixes

Only in the cake category will prepared mixes be permitted, and within that category cakes made from scratch will be judged separately from those made with a mix.

In the youth section judging will be for cookies, cakes and breads with no provision for prepared mixes to be used. Under the clothing category judging will be for dress and for sportas wear.

The crafts category will have competition for ceramic, candle making, bead work, leather craft, macrame', weaving and in a miscellaneous grouping.

FAIR--CARNIVAL MERGE

In the late 1920's Sebring Firemen sponsored carnivals in downtown Sebring on the site where First National Bank building is being erected. Later this Firemens' carnival was merged with the county fair and the Sebring Firemen assumed direction of the present day fair.

RESERVE GRAND CHAMPION steer in the 1972 show was this Hereford cross raised by Janice Murphy (right), sister of Del Murphy owner of the Grand Champion. Shown here with Janice and her champion steer are (left to right) Jim Gilliam, market manager for Publix; Miss Highlands County Terry Sauls, Danny Sapp, store manager for Publix. The steer sold to Publix for $1.35 per pound, a total of $1,201.50. For the 1973 show Janice has raised another Hereford cross wich will weigh in at approximately 700 pounds.

GRAND CHAMPION STEER in the 1972 fair was this Angus-Brahman cross raised by Del Murphy of Avon Park. Shown with Murphy and his champion steer are Roger Taylor, president of First National Bank of Sebring, and Miss Highlands County Terry Sauls. The bank paid a record $1.50 per pound for the steer, a total of $1,567.50. Murphy raised the 1971 champion steer, a Charolais. He had planned to enter a Charolais this year but the steer proved to be too temperamental for showing so Murphy willl not have an entry in the 1973 livestock show.

52 animals in big livestock show

The livestock show at the 1973 Highlands County Fair will be the largest ever. Although half-a-dozen temperamental steers have had to be eliminated from the show, the total of 52 animals is still an all-time high.

The Junior Livestock Show is set for 4 p.m. on Feb. 21, and the annual livestock sale is scheduled to begin at 3:30 p.m. on Feb. 23.

Last year the prices at the livestock sale jumped to new records--an average of 70.8 cents per pound for the beef cattle, 43 cents per pound for the swine and an average of $194.50 per dairy animal.

The grand champion steer, owned by Del Murphy of Avon Park, sold for $1.50 per pound to bring the youthful cattleman $1,567.50 for his Angus-Brahman cross.

As usual beef cattle make up, by far, the largest section in the livestock show. Twenty-seven steers have been approved for entry in the show. Entries have been received from Future Farmer units in Avon Park, Sebring, Lake Placid, Lorida and Venus.

Dairy entries are up from four to six this year, all from Sebring. The swine section, which all but disappeared from the show in the mid-60's, continues its comeback and this year has 15 entries.

Rabbits and poultry continue to be the smallest parts of the show. This year there are two rabbits entered; one duck, one chicken.

Brad Oxer of Lake Placid will show a Santa Gertrudis bull but the big animal will not be sold in the sale on Feb. 23.

Apart from the showing of farm animals will be showing for horses. This year, for the first time, there will be a fair horse show. It is set for Feb. 24.

AVON PARK FAIR contestants, L. to R. - Cindy Luke, Linda Bonnett, Lynn Camp, Alice Lee, and Gloria Fogle.

Handicapped show their work at fair

Exhibits on opportunities for the handicapped in Highlands county will be featured in a booth sponsored by Ridge Area Association for Retarded Children.

The youth division of the association (RAY-ARC'S) will have primary responsibility for arranging and manning the display.

The exhibits will include work from the Ridge Area Day schools and the Work Center. The day schools provide educational opportunities for school age children who are handicapped to the degree that they need special classrooms.

The Work Center provides work training for older teenagers and handicapped adults.

First horse show booked Feb. 24

The 1973 Highlands County Fair includes, for the first time, a horse show. Tim Hurner, livestock superintendent for the fair, said the show, slated for 2 p.m. on Feb. 24, will be a halter show only, no riding competition.

Hurner said the show is open to members of 4-H, Future Homemakers of America (FHA) and Future Farmers of America (FFA), between the ages of 9 and 19.

Awards will be made to mares and geldings in classes according to age and height of the horses.

Awards will be made for the grand champion and reserve champion mares, for grand champion and reserve champion geldings.

Awards will be made for showmanship and grooming. Novice awards will be made in each of these classes for the exhibitors who have not won one of the top three ribbons in previous competition.

Dr. Bill Jackson, extension horse specialist with the University of Florida extension service, will be the judge.

Entries for the horse show will be received until 1 p.m. on Feb. 24. The show will be held between the livestock and stage buildings at the fairgrounds.

Hurner said Sebring dominates the early entries for the show. Of the eight early entries, seven are from Sebring and one from Lorida. Hurner said he expects entries from all parts of the county by athe time this Highlands County Fair first is staged.

L.P. Chamber fair booth to feature flowers

The Greater Lake Placid Chamber of Commerce will make extensive use of flowers and ornamental plants in its 1973 fair booth.

In a bid to retain first place in the community booth competition, Lake Placid plans to use Easter lilies, daisies and other flowers grown in the Lake Placid area to form background of its booth.

Sebring booth all new for '73

"Combine Highlands county's basic assets with some new entries, add the feminine touch and we think we have an exhibit which will make the Sebring booth a first place winner," says Dick Proffitt, chairman of the Sebring community booth committee.

The Sebring booth is prepared each year by the Sebring chapter of Jaycees. This year the Jayceettes will assist in the task. Proffitt said the exhibit will be based on county-wide enterprises "such as citrus, cattle and tourism." He promises that the Jaycees and Jayceettes will take "a totally new approach" to the exhibit.

The Avon Park booth will be prepared by the Avon Park Chamber of Commerce and the Lake Placid booth by the Greater Lake Placid Chamber of Commerce.

IN THE COMMUNITY BOOTH competition at the 1972 fair, the Avon Park booth, prepared by the Avon Park Chamber of Commerce, won first place. The winning booth featured fresh chrysanthemums, azaleas, lilies and philodendron. The fresh fruits in the display are different varieties of Highlands county citrus.

SEBRING COMMUNITY BOOTH at the 1972 fair accented cattle and citrus as the basis of the county's thriving agri-business. The booth prepared by Sebring Jaycees, won third in the community booth competition.

A SHIMMERING PYRAMID of Highlands county oranges and grapefruit highlighted the Lake Placid community booth at the 1972 county fair. A revolving salad bowl arrangement of fresh vegetables and citrus was featured. The booth, prepared by the Greater Lake Placid Chamber of Commerce, won second place in the community booth competition.

3 vie for honors in community booths

The three-way battle for community booth honors is one of the top competitions at the annual Highlands County Fair. The Avon Park booth, prepared by the Avon Park Chamber of Commerce, has dominated the top ratings in recent years. It has come in first for three consecutive years.

The first place winner receives a cash prize of $150; second, $100; and third, $75.

The Sebring booth, which is a project of the Sebring Jaycees, placed second in 1971 and third in 1972. This year the Jaycees have enlisted the aid of the Jayceettes.

The Lake Placid booth, which came in second last year is a project of the Greater Lake Placid Chamber of Commerce.

Judges--selected from men who have agriculture experience and including at least one woman (preferably a home economics extension agent)--work independently and do not compare scores until they are ready to total their findings.

Points are awarded on seven criteria--on general appearance a maximum of 250 points are allowed; originality counts for up to 100 points; number of varieties of citrus used, maximum of 200 points; quality of marketability of citrus, up to 200 points; 50 to 100 points are awarded for presentation of industries other than citrus.

30% commercial exhibitors are new this year

Returnees to the commercial building displays will be Central Builders, Ridge Florist, Mark Brown soap products, World Book, Dickenson hobby shop, Young Sign Co., R & W television and stereo, Butler and Still, St. Regis Paper, Coker Fuel, Inc.; Hollenberg and Wolfe, contractors; and Built-Rite Cabinets; Gene Boyd Sanitary Equipment, Lane's Records, Hart Memorials.

Roe McAdams is the fair board's commercial exhibits chairman.

Thirty percent of the commercial exhibits at the 1973 fair are first time exhibitors. Their variety demonstrates Highlands county's growth on all fronts.

The new exhibitors range from League of Women Voters to a plastic hand crafts firm (Esther Libby of Lake Placid the local distributor for Tri-Chem, Inc.).

Other newcomers to the fair are Orange Blossom Estates, Woodlawn Nursery and Sod, Joe Cotton flight support, Yarbrough Tire Service.

Traveling pests USDA theme

Inspect problems--with emphasis on the dangers of moving pests from one place to another--will be theme for the fair booth sponsored by plant Protection and Quarantine programs of the Animal and Plant Health Inspection service of the United States Department of Agriculture.

John W. Thomas PPC inspector, said "In this time of jet age and vast travels the dissemination of all insects and diseases would be disastrous to our food supply and standard of living."

He explains that the plant protection program is "dedicated to preventing the movement of foreign insects and eradicating the ones we already have. We hope our exhibit will help people understand some of the insect problems we have in Sebring and other parts of the United States, and in return they will help us maintain the best supply of food and the highest standard of living in the world."

The display will include information about the burrowing nematode, the imported fire ant, Mediterranean and Mexican fruit flies, giant African snail, West Indian sugar cane root bore, Gypsy moth, Kapra beetle, witchweed, cereal leaf beetle and Japanese beetle.

THE ART SHOW is a very popular part of the county fair. Highlands Art League sponsors competition for amateur and professional artisits, student and adult artists.

Accent is on reading, schools display machines, materials

"Reading" is the theme for the Highlands county schools display at the county fair this year.

Highlands county chapter of the Reading Council is taking the lead in planning for the booth which will seek to show the public how public schools, kindergarten through junior college, are seeking to teach and improve skills in reading.

Modern teaching machines used in developing reading will be on display. Fair-goers will have a chance to test themselves for reading speed.

Graphs depicting progress Highlands county school students are making in reading will be on display. One of the exhibits will feature the reading criteria program which shows ways in which the schools seek to measure the skills a student has mastered.

A Highlands county teacher, Mrs. Mary Roberts, of Lake Placid Elementary, helped develop the reading ctiteria now used in reading programs throughout the nation.

Teachers from Highlands county schools will be on hand to explain parts of the exhibit and to present an audio-visual program on the schools.

Particular attention will be given the middle grades in each community—grades five through eight in Avon Park; grades six through eight in Sebring; and grades seven through nine in Lake Placid.

Mrs. Jimmy Garner, of Avon Park Middle school, is president of the Highlands county chapter of the Reading Council. The council has worked with county curriculum coordinator J. F. Smith in planning the fair exhibits.

SOME SEBRING ENTRIES in the contest for Miss Highlands County, 1972, are shown here. They are sitting in the grandstand at the fairgrounds band stand and stage, the site for the Miss Highlands County contest. Shown (not in order) are Glynda Ivey, Terry Sauls, Laura Gray, Pauline Orr, Faye Walker, Belinda Owens, Linda Johnson, Linda McConahey, Nancy Vosper, Teresa Street. Miss Sauls won the crown and Miss Conahey was first runner-up.

PACKING UP TO GO TO THE FAIR Rob Ward (left) and Ina Sue Culberson prepare a box of the big pillows which will be a part of the display for Ridge Area Association for Retarded Children. The pillows are made by clients at the RAARC Work Center.

VETERAN EXECUTIVES Tim Hurner (left) and Bert Harris (right) explain the fair schedule to Mrs. Jo Townsend, extension home economics agent who is serving on the Highlands County Fair staff for the first time. Hurner, assistant county agriculture agent is livestock superintendent for the fair, and County Agent Harris is the fair's agriculture superintendent.

King, queen to be picked by Forrestry

Yoothful royalty will be crowned at Highlands County Fair on Feb. 21.

A King and Queen of Highlands County Forestry service will be crowned in ceremonies scheduled to begin at 7 p.m. at the fairgrounds grandstand.

More than 300 Highlands county students in grades one through four have entered competition for the king and queen titles. Entrance was made by submitting an essay based on three questions the Forestry service asked: How would you represent the Forestry service? What does the Forestry service mean to you? What can you do to prevent forest fires?

The Foresters have read all entries and made first cuts in the large field, but for the final stages of the competition ahey expect to call in a larger, community committee.

A king and queen and first runner-up for each of these titles will be named at the fair program. The foresters have built thrones for the young royalty. The thrones have been covered with gold corduroy.

The royal attire will include red satin capes and green velvet crowns trimmed in gold.

The king and queen will reign for a year and represent the forestry service at many public events and parades.

CANDIDATES FROM LAKE PLACID who entered the Miss Highlands County contest in 1972 included the quintet shown here (not in order) Patty Davies, Joyce Goggans, Brenda Munnings, Sharon Randolph. Kathy Baker (not shown here) was second runner-up in the annual beauty contest.

Civil defense display has roulette wheel

The Highlands County Civil Defense department booth theme will be "Don't Gamble with Your Future." The booth is in the fair's education building.

James R. Lawson, director of the civil defense department, said the displays will emphasize "the wisdom of preparing for all types of disasters instead of gambling on the chance that disaster will not strike."

People attending the fair will have a chance to play "emergency roulette." The roulette wheel will be used to illustrate the gambling aspect of not being prepared.

As in the past, the booth will be shared with radio station WSEB. The radio station will use as its fair theme, "Don't Gamble on the Wrong Bulletins Affecting You—Listen to Your Emergency Broadcasting Station for Local Emergency Bulletins."

Art league

For the sixth year the Highlands Art League will sponsor an art exhibit at the county fair.

Mrs. May Wiltse, publicity chairman for the Art League, observed "Interest in art has grown amazingly in these six years."

A children's section is included in competition this year.

Entries will be divided into six categories: landscape, seascape, still life, portrait, modern, three dimensional (woodcarving, sculpture, crafts, etc.).

There are no cash prizes for the fair art show but competition for ribbons has always been high.

Top award is Best of Show. In each category ribbons are to awarded for first, second, third, and honorable mention.

Garden club

The Garden Club of Sebring could entitle its booth at the county fair "The Bad and the Beautiful."

Primary emphasis in the booth will be acquainting the public with poisonous plants that grow in this area.

Part of the booth will be given to displays of flower arrangements made by club members, but the Garden Clubbers say that educating the public to recognize and deal wisely with Florida's poisonous plants is the primary purpose of the booth in the education building.

Allie Cassel to judge art exhibits at county fair

Allie Cassel will be the judge for the art exhibit for the Highlands County Fair. Mrs. Cassels major studies have been with Helen Van Wyk in Jersey and Rockport, Mass. She has also studies with Ralph Entwistle and Howard Piatt in New Jersey; D. H. Driesbach in Pa.; and A. Gurney Miller in Fla. She holds a diploma from the Washington School of Art.

Mrs. Cassel has held membership in art guilds in New Jersey and Florida and won honors in various exhibitions in both states. She has held classes in oils in the Timberlane development on Lake Pierce since moving there in 1960.

Her canvases are in the realistic manner, and she used acrylics mainly as underpainting for oils. Although primarily an indoor painter, Mrs. Cassel has found Florida very conducive to outdoor expeditions.

"Although less comfortable than working indoors, Florida autumns and springs are a splendid time to try to capture the tropical landscape, and it is especially pleasant if one has a fine companion painter," Mrs. Cassel explains. She spends her winters in Lake Wales.

Avon Park Booth Takes First Place At County Fair

Avon Park Community Booth Wins First Place For Sixth Straight Year

For the sixth year in a row, the Avon Park booth has won in community booth competition at the Highlands County Fair in Sebring coming in third.

The Avon Park booth this year depicts SIGNS OF THE GOOD LIFE, with all sign work in the booth done by Carver Plastics, an Avon Park industry. The booth is reminisant of a WELCOME TO AVON PARK scene as may be seen coming into the city by main highways - you can see the welcome sign, with a background of citrus groves and a clear blue sky; with evidence of the citrus having been picked and placed in picking tubs and small baskets at the front of the booth. Further signs of the good life in Avon Park are the lovely arrangements of plants and flowers from Cole's Nursery and Jimmy's Flower Shop. Plants used so effectively include ardisia, red wing and Alaska white azaleas, chrysanthemums, ligustrum, viburnum, and even a lowly sunflower added to the tranquil setting.

Citrus trees making up the "grove" included Thompson Red Grapefruit, Blood Orange, Sweet Orange, & Pineapple Sweet Orange. They are from Cole's Nursery. The picking tubs contained fruit donated by Ben Hill Griffin, T. H. Maxwell, and Ward's Nursery. The pineapple sweet oranges and the marsh seedless grapefruit are from Ben Hill Griffin, the Minneola Tangelos came from T. H. Maxwell, and Ward's Nursery donated the Persian Limes. Many individuals from the community donated different varities of citrus to make up the one hundred one varities displayed at the front of the Avon Park booth this year.

Mr. and Mrs. J. E. Johnson and Weyman Carver are to be congratulated for their hard work on behalf of the community on bringing home the blue ribbon this year. The booth is a committee of the local Chamber of Commerce.

Board Suggest Department Heads Investigate City Property Accidents

The Avon Park City Council members heard a letter from the Civil Service Board during its first meeting, concerning recent actions taken against Patrolman Jeff Holland.

According to the letter, Holland resigned from the police force, while actions toward him were pending an appeal concerning a traffic acident he had with a police vehicle.

Mayor Robert Barben stated, "Up to the evening of the hearing, Holland led me to believe he was going to appear." Barben stated Holland told him he didn't appear before the appeal board because he was "appearing before a Grand Jury in Tampa."

"My objections on this matter is this is the only accident which was investigated," Barben continued. "You picked out one accident" he told the council members. "It's getting difficult to obtain qualified men on the police force."

He told the board members Holland has gone to work for the DeSota County Sheriff's office with more pay than he was receiving here.

In reference to the accident Holland was involved in Councilman Milton Howard stated, "If he's just driving down the street and hits another car, I believe he should get a ticket just like me." City attorney Jonathan Hancock said there's no difference in the eyes of the law." However Holland received no ticket from the investigating highway patrolman.

"Obviously we have had accidents in which city employees were at fault and police officers did not make charges," put in City Clerk Malcolm Crews.

The civil service board suggested the need to the city for a policy of investigating accidents which involved city property. If fault is found by the investigatin committee, the board could levy penalties set up by some type of rulings. "Some standards should be set up as to investigations," City Councilman and civil service board member Hermon Sizemore said.

"I think you're getting down to one point," said Barben, "who's more qualified to investigate an accident, the Civil Service Board or the Highway Patrol." Referring to the investigation held on Holland the mayor said he felt there was a "hell of a lot of prejudice against this boy when he went in" and the ruling of the board "didn't do a lot for morale at the police department."

"I believe the Civil Service Board has the right to govern the conduct of city employees," said Hancock.

"Anybody that works anybody today knows you have a problem," Barben put in. He continued, "first you have to have somebody who wants to work, if the civil service board lays off for a few days, they're going to work someplace else."

Council president Clarence King, told the council that he felt the law enforcement investigation and city court should apply to accidents involving city employees as it does to other drivers.

Councilman Sizemore stated the civil service board had suggested all department heads form a committee to investigate all city accidents. Hancock told the board the civil service board presently has the authority to investigate, discipline and control the workers of the city.

The council decided to postpone any action until a date in the future.

In other actions taken by the council, a letter was heard from Fred Hughes, chaiman of the Planning Commission. The commission recommended adoption of standards for street and drainage construction in the city. Copies of the regulation were made available for the council members to study before the next meeting.

The poor condition of the pickup truck used at the sewer plant was called to the attention of the council members. It was suggested a new truck be purchased with money received by the city under the Revenue Sharing fund. A public meeting has been scheduled for Mar. 1 at 7:30 p.m. at the city hall to plan a budget for the expenditure of the funds of the Revenue

Board Asked To Build Bridge

Edna Nutton and Nola Banks Triplett joined forces Tuesday to pressure the County Commissioners into agreeing not to abandon plans made years ago to construct a bridge across a creek on Skipper rd.

Edna Nutton attended Tuesday's session armed with a set of official minutes from a 1969 meeting of the County Commissioners at which they had decided to construct the bridge. Commissioners Robert Skipper, Norman Heston, Ken Wilkinson and Buddy Wise were present.

Nola Triplett got Board Chairman Skipper's undivided attention by stating: "I talked to you just before you were reelected and you promised me that the bridge project would go ahead."

Both women characterized the present bridge structure as

Ralph Hill Recommended For Football Coach Here

Ralph Hill will be recommended to the Highlands County school board for the position of head football coach of the Avon Park Red Devils according to Aaron Cravens, principal of Avon Park high school.

The selection of Hill to succeed Joe Franza as head coach comes as a surprise only because the Avon Park alumni had previously resigned from the coaching profession along with Franza. But a change of heart was brought about by the urging of many friends in Avon Park according to the popular former assistant football and head baseball mentor.

"Coach Hill has always been my first choice for the job," stated Mr. Cravens this week as he released the news of Hill's recommendation. "Ralph knows the boys, knows the community, and knows football. I don't see how we could have made a better choice."

Naming of assistant coaches will come later. Cravens went on to say, "It has been and will be difficult to add additional coaches because of the lack of positions on the teaching staff. I anticipate very few faculty changes next year."

Hill graduated from Avon Park high school in 1950. During his high school days he lettered in football, basketball, and baseball. After graduation he attended Erskine College for three years and then served in the armed forces for two years. He returned to Erskine after the service and finished his schooling before coming to Avon Park. For three years Coach Hill taught elementary physical education and then moved to the high school faculty as a mathematics instructor. Coach Hill has served as a junior varsity football coach, head jayvee coach, and for the past seven years has assisted Coach Franza as varsity back coach.

In the spring of 1965 Hill took over the head baseball coaching job and his teams won two state championship titles during the eight years he served as head coach.

With the naming of Hill as head football coach for next season, plans for spring practice will now go ahead. The schedule for next season will be the same as last year with the exception of the Clewiston game. Clewiston has been dropped from the schedule and will be replaced by some other team on next years schedule.

dangerous, amounting to little more than two planks across the creek.

They said that they must drive a distance of six miles to buy a daily paper because the newspaper man refuses to cross the existing bridge to deliver the paper to their homes.

Commissioner Wise stated his support for committing the present Board of County Commissioners to proceed with the construction project at once, using the $75,000 that is in the present county budget to finance the job.

Clerk of the Courts, Earl Rich, reported that Architects Reynolds, Smith and Hill, had plans for the Skipper road bridge that they still wished to sell to the county. Attorney Dunty explained that these plans were previously rejected by the board because they were submitted later than the agreed date.

Commissioner Skipper asked Rich to contact Reynolds, Smith and Hill to obtain from them a current estimate of the cost to complete the bridge.

Promising that the commissioners would make their decision on the bridge project within a month, Chairman Skipper assured both women that the $75,000 now budgeted for the project would not be diverted to another program until the Board reaches a decision.

In other actions taken Tuesday, the commissioners:

–Adopted two changes to Ordinance 72-2 concerning paving of streets through use of petitions. References in the ordinance to "subdivisions" were deleted and interest rates permitted to be paid to lenders of monies used to pave streets was changed from a maximum of six percent to "...the maximum interest rate specified by statute."

–Authorized Administrative Assistant Cullens to enter into an agreement to permit the use of state commodities at the county juvenile home.

–Approved the application of Ted Morris to construct an outlet channel to drain his property behind Grayce's Mobile Estates No. 1 into an adjacent flood control canal.

–Rejected applia

–Rejected applications requesting the county to assume maintenance responsibility for Holmes rd., off Sparta Rd., and Seventh ave., off Hicks rd. Specific reasons given for the rejections will be provided each requestor by the county engineer.

–Approved the hiring of an operator for the D-7 bulldozer for which bids have been requested. Denied a request made by the county engineer for funds needed to purchase a pickup truck for the bulldozer operator's use.

–Agreed to hold a special meeting at 3 p.m. Feb. 27 to discuss changes made to proposed subdivision regulations by the county's developers and to hear the county engineer's evaluation of the changes.

–Approved the appointment of Mr. and Mrs. Earnest Bowyer as custodians of the $50 petty cash fund at the juvenile home.

–Agreed to grant the City of Sebring and the Sebring Utilities Commission "permissive use" of the county's bids for fuel oil and lubricants. This will provide a greater volume requirement which may reduce the unit price paid by each organization included in the bid. Quotations will be requested for fuels and lubricants based on a 90-day contract commitment as well as on a one-year basis.

–Reviewed Reynolds, Smith and Hill's latest floor plan for rearranging the county courthouse. Agreed to inform the architectural firm whether or not they will proceed with the plan to add a second floor to the courthouse annex (estimated to cost $250,000) after they complete the preparation of a priority list for all current county projects.

–Approved the hiring of Linda Gilliard as a clerk-typist by the county purchasing department.

–Heard an announcement that state Senator Tom Gallen will hold a Legislative hearing at 2 p.m., Feb. 27, to hear arguments for and against incorporating Highway Park.

–Heard County Attorney Robert Dunty explain state statutes pertaining to special road tax districts to Avon Park Lakes resident, John Schoen.

Hoke To Head Hospital Board

Charles Hoke, Avon Park banker, is the new chairman of the board of Highlands General hospital. He succeeds Van Howell, of Sebring. Charles Schumacher was elected treasurer, replacing Charles Swank. Mrs. W. J. Scarborough continues as secretary.

At the meeting, held Thursday, bids were opened on the new X-ray equipment and now are being reviewed by a disinterested radiologist to determine if they comply with specifications. The board will make the decision on the winning bid.

Bids ranged from $72,000 to $85,000 and Administrator T. S. Yeager commented that "I thought they were little high. But things have gone up since we started discussing this program three years ago."

FLORIDA CITRUS WEEK

More than 40 Florida banks in all areas of the state will be decorating their lobbies and setting up displays as a part of Citrus Week Feb. 19-25 which emphasizes the importance of Florida citrus and citrus products to the economy. The bank preparing the best display will be recognized with the Golden Orange Trophy Award.

Many of the participating banks will also be visited by Miss O.J. Break and the "big orange."

FARM INCOME UP

Florida farm income continued to climb in 1971-72—to a total of almost $1.5 billion in on-farm sales with retail sales of over $4.5 million of agricultural products. Figures come from a revised edition of "Summarizing Florida Agriculture," published by Commissioner of Agriculture Doyle Conner. Citrus production led the way.

Douglass Praises Officials For No Disturbances

School Superintendent George Douglass Monday paid tribute to the cooperation of teachers, administrators, students and parents for the fact that there have been no disturbances in Highlands county schools.

Speaking before the Delta Rotary Club, Douglas praised each group for "their ability to communicate"–the single most important factor, he said, in preserving human relationships.

"I'm extremely proud of our record," he declared.

"Communication is not just a one-way thing. It means listening, too," he said.

Douglass alerted Rotarians to the "Public Employees Negotiation Law," which he said will probably be introduced in the state legislature this year.

According to his information, Douglass said, the National Education Association (NEA) has singled out Florida as one of two states to press for the passage of collective negotiation measures.

The NEA's proposed bill will apparently seek to establish compulsory arbitration in settling wage disputes with all public employees, including school teachers.

"I agree there should be a law covering procedures in wage negotiations," Douglass said, "but it should not bind boards of education to compulsory arbitration."

Douglass stated: "When you realize that about 85 percent of our school district budget goes for salaries of all personnel, including bus drivers, lunch room and maintenance personnel, plus fringe benefits, and another five percent for fixed charges such as social security, retirement and hospitalization insurance, then I think you'll agree we don't have much room left for negotiation."

Starting faculty salaries here are already among the top five counties in the state, he added.

Douglass expressed his gratitude for the help of many Rotarians in working for the bond issue which passed in 1969, resulting in the construction of new high schools in Avon Park and Sebring, a new elementary school in Lake Placid, plus some additions to other schools.

"If that bond issue had failed, we'd be on double sessions," he said, noting that now the county has an educational program "we can point to with pride."

But with continued population growth, Douglass said, county taxpayers should be thinking now about future building needs.

The Sebring and Avon Park middle schools, he pointed out, are both nearing 50 years old, and the Verona avenue School in Avon Park has now been in use for about 60 years.

"We're eventually going to have to come to a year-around instructional program in our schools," Douglas said, adding that while this would more efficiently utilize the capital investment in buildings, operating expenses would be higher.

Additional financial assistance for schools must come from the federal and state governments, Douglass said. "We've got to find sources other than ad valorem taxes on property."

Of the Highlands County School Board's 1972-73 operating budget of $5.3 million, 47.5 percent is from property taxes and 52.5 percent from state and federal sources.

Based on a total enrollment of 6,352, the current budget represents an anticipated expenditure of about $812 per pupil—an amount which is right in between what the wealthiest school district in the nation spends, and what the poorest spends.

The school district's total levy of 10.82 mills includes 9.1 mills for operations and 1.72 for debt retirement on outstanding indebtedness of $6.2 million.

John Clark and Estelle Dixon were reappointed to three year terms to the Planning Commission. Their new terms will expire Feb. 24, 1976.

A discussion was made by various council members of damage caused by the installation of the pipelines and of the repairs being made by the Gas company. Street Foreman John Ziegler was asked to check all city streets and notice any cuts and patching needed and report to the city council.

A request from the Freedom Assembly for a Gospel Sing to be held at the bandstand was heard. The council denied the request.

Local Residents Attend Conference In Tampa

A conference of the Church of Jeses Christ of Latter-Day Saints (Mormon) was held at the Steak House, 4106 East Fletcher ave., in Tampa on Sunday, Feb. 4, from 10 a.m. until 12 noon. Those attending from Avon Park were Sisters Mary Hoover and Joy Anderson, Mr. and Mrs. Claude J. Cornell, Mr. and Mrs. Senter and Mr. and Mrs. Ralph W. Prescott.

The conference was under the direction of Henry D Taylor, an assistant to the Council of The Twelve, a general authority of the Church, from Salt Lake City, headquarters for the church.

The State President Clifton B. Edwards stressed in his talk of the strengthening of the home (family). A Protestant Minister said the Church of Jesus Christ of Latter-Day Saints is one of the fastest growing churches because it does not compromise its principles. He admonished the youth to be examples and be worthy of the goals they have set for themselves.

There were three youth speakers. The young ladies spoke about the freedom one has to choose; what will be done with their lives; how to conduct oneself; and how this can be accomplished by staying close to God. They also spoke on the family unit and how exaltation and eternal life; living in the celestial kingdom are accomplished by Family Home Evening, held by each individual family together sharing time, talents, love and harmony and family prayer.

The young gentleman (about 13 years of age) spoke about his great desire to be a missionary. The organization of the Church (Primary MIA) scouting Priesthood, family seminary, have increased his desire and ability to serve as a missionary. He is saving his money, learning foreign language and studying the scriptures, corresponding with missionaries, because his heart is set upon serving the Lord as a missionary, in the not too distant future.

Henry D. Taylor spoke on the Church's belief in continuous revelation, which is God's Communication to man. The Lord communicates with man through prayer; The Prophet Joseph Smith through prayer received a visitation of the Father and the Son and saw that his body was created in the image and likeness of God. Divine messengers, John the Baptist, Peter James and John, brought back the Priesthood to Joseph Smith, so that he could restore the church in the very same way in which Christ established it. He also spoke on Urim and Thummin, by which the Book of Mormon was translated by Joseph Smith with the help of God.

As Moses, Abraham and Joseph Smith were, so is Harold B. Lee today, the mouthpiece for the Lord and receives current revelation.

For further information, please feel free to call on the Missionaries from the Avon Park, Sebring, Lake Placid and Lorida areas, Sisters, Mary Hoover and Joy Anderson.

Local services of the Church of Jesus Christ of Latter Day Saint (Mormon) are held at the American Legion Hall in Sebring: Sunday School, 10:30 a.m., and at the Wauchula Hotel in Wauchula at 5 p.m. All are welcome to attend.

At the recent district meeting held in Lakeland, the ladies auxiliary to the Veterans of W.W.I., the local auxiliary had Citation of Honor presented them for having 100 percent in membership as of Jan. 1, 1973.

There was a large attendance at the regular meeting held on Feb. 13, at the Delaney Heights Social Center. A former member of the auxiliary, Mrs. Louise Dowden now of Antioch, Ill. was a visitor.

Two new members were received in the auxiliary. It was announced that Benj. Lee, husband of Mamie Lee, a member of the auxiliary had expired and the members extended their deepest sympathy to her family.

To Be Needed..... It's A Good Feeling

Just about the greatest feeling in the world is that of being needed. We know.

In good times and bad, we have found that the services of a trained insurance planning consultant are always in demand. And in the daily pursuit of our profession, we have come to realize that there is noting which gives greater satisfaction than being able to provide our kind of essential, custom-fitted insurance services where they are vitally needed.

Here, then, is Ernest Norris whose service record as a member of this agency has been particularly outstanding. On behalf of his policyowners, The Bankers Life extends to him a sincere "congratulations and well done." Over 1½ million dollars in life insurance in 1972.

Mrs. Lamb Attends Celebration

Elizabeth Lamb returned home Tuesday, Feb. 20, from Charlotte Harbor, where she attended the Centennial Celebration of the Methodist Church. Elizabeth was born and grew up in Charlotte Harbor, and it was here where she first joined the church. She attended services on Saturday night and Sunday, which was followed by dinner-on-the-ground, fellowship and gospel singing. Sunday service was preached by Rev. Joel D. McDavid, Bishop of the State of Florida. Lots of old-timers attended, with Elizabeth meeting lots of her old friends. Former pastors of that church were honored, among them, were Rev. M. E. Myer, former Avon Park Methodist pastor; and Elizabeth's present pastor, Rev. Duane R. Zoller, who was there with Mrs. Zoller. The Church at Charlotte Harbor, was Rev. Zoller's first pastorate.

We have a whole booklet of helpful hints on using your electricity more efficiently. We'd like you to have a copy of this booklet.

Just stop by our Florida Power office in your area.

And if you're interested in budgeting your electric bills each month, consider our Equal Payment Plan.

It eliminates the inconvenience of higher seasonal bills by letting you pay the same amount each month, summer and winter.

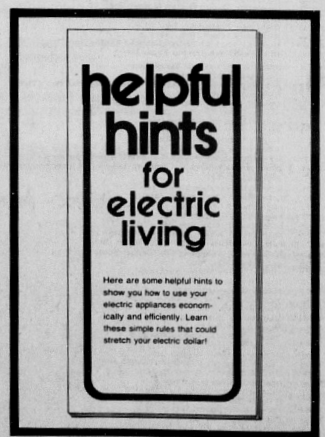

If you're a year 'round residential customer, we add your electric bills for the past 12 months to determine what your total will be for the next 12 months.

Then, we divide by 12 and bill you for that amount each month.

At the end of the year, any difference between what you paid and what you actually used will be figured into your payments for the following year.

If you'd like to know what your monthly payments would be under our Equal Payment Plan, just call our office.

Education Courses To Be Offered

Any person in Highlands county who dropped out of school before finishing the eighth grade can now resume their education at no cost.

This can be achieved by enrolling in Adult Basic Education courses through the Vocational-Technical Division of South Florida Junior College.

These courses will be offered at Avon Park Middle School, Hopewell School, Sebring Middle School, and Lake Placid High School.

They will meet from 7:30 p.m. until 9:30 p.m. on Monday nights in all four school centers. Registration will be held at each center on Monday, Feb. 26 and each Monday night through the month of March. There is no cost to the students for the courses.

Each person enrolling in the course will be taught largely on an individualized basis with emphasis in reading and mathematics. Once a student has reached a designated level of achievement, he will then choose between taking the G. E. D. or entering the SFJC High School Completion program. Either choice eventually leads to a high school diploma recognized by other schools, colleges, and employers.

Baseball Season Will Begin Tuesday With Okeechobee

The Avon Park Red Devil baseball team will take to the field next Tuesday night against Okeechobee in the season opener at Head Field under new coach Ronnie Jackson. It will be the first of 19 games scheduled for the Red Devils, the defending Class AA state champions. Eleven of the games will be played at home on Head Field this season.

There will be nine boys returning this year from the state champion team of last season. Seniors Tim Underwood, Keith Richards, Del Murphy, Rick Minard, Leon McRae, Joe Murphy, and Johnny Todd will be back along with juniors Nate Williams and Buddy DeWitt. Others out this year hoping to grab a starting position are Tony Williams, Tim Massey, Mark Howard, Ken Collingsworth, and Donald Dorsey. Expected out as soon as basketball season is over are Leon McRae, Bud Wester, Lawrence McRae, and Nathaniel Packer.

Coach Jackson has been working with five boys for mound duty the past few weeks. Buddy DeWitt is the returning junior pitcher and seniors Tim Underwood, Tony Williams, and Del Murphy have all been working out on the mound along with freshman Timmy Massey.

Nate Williams, who moved into the catchers box midway in the season last year and went on to turn in an excellent performance there, will be back in that position. At first base Tony Williams and Del Murphy have been taking turns. Tim Underwood is at his old position at second with Timmy Massey and perhaps Lawrence McRae assisting there. Johnny Todd looks much improved at third base according to Coach Jackson and Rick Minard has been working at shortstop. He will be joined there by Leon McRae next week. In the outfield is veteran Keith Richards with Mark Howard, Donald Dorsey, Joe Murphy and Ken Collingsworth. Wester and Packer will try out for the outfield when they get out.

Coach Jackson expects to start Buddy DeWitt on the mound for the opening game with Tim Underwood taking over for the second half of the game if possible. Nate Williams will be behind the plate. Tony Williams will start at First, Tim Underwood at second, Rick Minard at shortstop, Johnny Todd at third, Keith Richards in left field, Mark Howard in center, and Del Murphy in right field.

Capt. Holland Helping With Space Surveillance Equipment

U. S. Air Force Captain James D. Holland, son of Mrs. Mamie Lancaster of 470 Mueller ave., Ferguson, Mo., is helping introduce more sophisticated space surveillance at an Aerospace Defense Command (ADC) radar site at Eglin AFB, Fla.

Captain Holland is a data systems analyst with ADC's 20th Surveillance Squadron. He is one of a team of computer scientists and technicians who have monitored and coordinated development of new computer programs or "software" called the "Adaptive Mission Oriented Software System" (AMOSS).

AMOSS will operate in the manner of its predecessor, but will perform assigned tasks faster and more efficiently and will accept changes in mission with relative ease. Acting as the "brain" of a new $85 million SPACETRACK Phased Array Radar or "sensor" now in place at Eglin, AMOSS will tell the radar when and where known orbiting space objects are located. It will order the sensor to track the objects as they pass over the radar's assigned geographic coverage area.

Subsequent radar-tracking and related computer functions will produce data "updates" on each known object and instantaneous relay of the products to SPACETRACK headquarters-ADC's Space Defense Center inside Cheyenne Mountain at Ent AFB, Colo., where a "catalog" of space objects is maintained.

The captain's team has worked closely with the civilian contractor in the development of the system. Final testing is scheduled in May and initial operation in June 1973.

Captain Holland, a 1955 graduate of Roosevelt High School, St. Louis, received his B.S. degree in 1965 from Arizona State University.

His wife, Barbara, is the daughter of Mr. and Mrs. James E. Bentley of 4336 Hunt ave., St. Louis.

The captain's father, Herman Holland, resides in Avon Park.

Junior Varsity Finishes With 17-4 Record

Coach Tom Lund's Red Devil junior varsity won two of its last three games to finish up with an outstanding 17 - 4 season record.

The Devil "B" team dropped a 69-66 decision to Lake Placid here Tuesday a week ago but finished out with a 72 - 61 victory over Fort Meade and a 59 - 47 win over Clewiston in the last game of the season here last Saturday night.

Carver Plastics Featured In Booth

Featured industry for the 1973 Avon Park Community Booth is Carver Plastics Corporation. There are really three different operations under one roof in the building on the corner of U.S. Hwy. 27 n., and West Wolf Street. The three operations are: engraving, laminating, and fabrication of plexiglas signs.

The company began nineteen years ago when R. A. Carver's physical condition forced him to sell his citrus preserving company to escape the pressures of business. Mr. Carver cleaned out a 6 by 10 foot parakeet house in his backyard, installed a window on each side, and began "playing with plastics to see what could be made from the different kinds."

After founding and guiding the company for eleven years, R. A. Carver had a fatal heart attack, and in 1965, his son, Weyman, was elected president. Weyman is still with the company, in that same capacity.

The company moved from the parakeet house in 1963, and has now expanded into a building that stretches 105 feet along Highway 27. There is paved, reserved parking for each of the eighteen employees. Sixteen of them are women.

Growth continued not only in building size and number of employees, but in machinery as well. The company operates eight engraving machines, a specialized computer monitored eight thousand pound cutting machines. It has the capability, with overhead projectors and fabricating equipment, to rapidly change an artist's small drawing into a 4 by 8 foot, multi-colored plexiglas sign!

Daily production is approximately eight hundred pins and signs.

Besides the home office and plant in Avon Park, Carver Plastics has a store in Orlando and one in Lakeland. Carver is also a distributor for Florida Plastics, Inc., one of the largest manufacturers of molded plastic letters in the world.

Examples of Carver's signs have been used throughout the Avon Park Booth for 1973.

There were 59 out for the Thursday pot luck dinner. Lawrence Robinson, as master of ceremonies for the occasion, led in the Pledge of Allegiance to the flag. Joe Bacon offered prayer in thankful recognition of the returning prisoners of war, concluding with grace. For a novel way of selecting the first table to surround the food supply, one person was chosen at each, then the one whose middle name came nearest the beginning of the alphabet led his line, followed by the others as indicated by their names. Tables were decorated with red, white and blue streamers, and the flag placed on the piano was at a point of streamers, all of which were reminders of the patriots we have special privilege to honor in the month of February. Credit for the docorations goes to the committee, Olive Burnett, Mary Mishey and Josephine Button. Following the usual announcements the newly elected committee members were installed by Lloyd Wyant, in a brief but impressive ceremony. The term of office is Nov. 1, 1973 to Oct. 31, 1974, for the following: Steering committee: Earl Patten, Hugo Plaag, Dr. N. W. Field; nominating: Floyd Stevens, Earl Baxter, Hazel Thompson; womans club: Thelma South, Verno Fero, Ula Miller; special events: Susie Bacon, Catherine Baker, Lorena Wyant; shuffle for women: Margaret Belcher, Margery Faulkner, Gladys Heffner; shuffle for men: Charles Buckley, William Belcher, Hubert Smith.

The talent night on Saturday attracted 55 people to participate in or enjoy the program as presented by Ham Byrer. For an opening number all joined in singing "America The Beautiful". This was followed by a piano solo "When Yuba Played the Tuba Down in Cuba" by Harold Wolcott; readings by Ula Miller "The Optomistic Frog" and "Popping Corn"; a specialty number by Harold Patten, who brought memories of singing with a ukulele. Mildred Long and Catherine Baker sang "Beautiful Dreamer"; Susie Bacon gave a reading "Faith, Hope and Hilarity" and shared some jokes with the group. Lorena Wyant played, as a piano solo, "The Red, White and Blue March". The ladies chorus sang "Hey, Look Me Over" and "Its So Nice to Have a Man Around The House". Emmette Wright sang "His Eye is on The Sparrow". Ham and Nita Byrer sang as duets "Happiness" and "The King is Coming", concluding with "Amazing Grace". Sallie Wright was piano accompanist for the vocal numbers. "Today's Chuckle" given by Lorena Wyant was: George Washington was the only fellow who didn't blame his troubles on the previous administration.

Interesting and colorful movies shown Thursday night were: "World's Winter Strawberry Capital", which featured Hillsborough County Fair and the Florida Strawberry Festival at Plant City; "Naples Rediscovered" was a story of a family of four who took their boat-camper to Naples, Fla "Floating Lodge on Rainy Lake" presented a vacation on a houseboat in wilderness waters along the Minnesota-Ontario border.

Not everyone who plays golf makes headlines or gets her picture on the front page. But Pearl Hale had double honors to deserve such publicity recently. She made a hole-in-one, which is quite a fete, also won the Ladies Invitational Tournament at the Avon Park Golf Course. Congratulations are in order for this member of our Park.

Mr. and Mrs. Carl Williams of Tiffin, Ohio, visited her parents Boyd and Vera Dager for a week. On the way home they got in the snow storm in Georgia and had to stay two nights.

We welcome to the Park, Richard and Mary Murray of Somerset, Pa., who are spending a couple months on Court 41.

Mr. and Mrs. Lewis Becker called on Mr. and Mrs. Robert Duthie in their new home at Sebring, Thursday. The Duthies were residents of the Park until recently.

Mr. and Mrs. Ralph Gunning of Arcadia, Ind., were Sunday evening guests of Lloyd and Lorena Wyant.

Mr. and Mrs. Crist Anderson of Sunrise Beach, Mo., were callers on Monday at Mr. and Mrs. Rosell Chamberlain of Sunrise Beach, who are spending the winter at Lake Placid. Others were Mr. and Mrs. Foster DuBuque from Lansing, Mich., who are visiting and sightseeing here.

Mr. and Mrs. Mickey Belcher and family of Rochester, Ind., also Mrs. Muriel Jones of Danville, Ill., are guests of William and Margaret Belcher.

Mr. and Mrs. George Bearss made a trip to Ocala and Tampa for a couple days last week.

Mr. and Mrs. Rollie Hendrix, with Mr. and Mrs. Harry Burnett, went to Winter Haven Saturday morning to see the Citrus parade. They report that it was very nice even though the weather was rather cool.

Rollie and Cleta Hendricks, recent residents of our park, are now settled in their new home at "The Manors". Being in watching distance we hope they keep track of friends here.

Pinnochle winners for the week were: Ralph Crocker (1045) and Margaret Derr (1025).

Episcopal Women Plan Pancake Day

The Episcopal Church Women of Avon Park met for their regular monthly meeting on Wednesday, Feb. 14, in the Parish House of the Church of the Redeemer, after the mid-week Communion.

After a short "coffee" served at a table tastefully decorated with Valentine favors, Mrs. Eugene Hise, opened the meeting with all members repeating the Church Women's Prayer, The secretary's and treasurer's reports were read and approved.

Mrs. Sherman Francisco, thanked all the members who had helped to make the recent rummage sale such a success. The hard work which went into the planning and running the sale, proved worth while.

Mrs. Hise announced that the World Day of Prayer, would be held on Friday, March 2, at 7:30 p.m., at the Presbyterian Church, on E. Circle. It is hoped all members will make an effort to attend.

Mrs. Ed Hall reported her plans were almost completed for the Pancake Day event, and her chairmen were all working hard to make this an outstanding success. It will be held on Shrove Tuesday, March 6. Serving will start at 9 a.m. and continue until the last customer has been served. Tickets are $1.50 adults; .75 for children. The usual excellent menu will be served, featuring the delicious pan cakes made from an old family recipe. Copeland's famous sausage, grapefruit and coffee, all one can eat or drink. This is one event no one will want to miss. There will also be a food sale.

It was decided to hold a pre-Christmas sale featuring Christmas ornaments and gifts, a snack bar, and food sale. Mrs. Hise hoped members would be able to get together during the summer, to prepare for the event. Tentative date, Thursday, Nov. 15, 11 a.m.-5 p.m.

Mrs. E. G. Todd introduced the speaker, Fred Wheelehan, from the Lake Byrd Book Store. Mr. Wheelehan is well known in Avon Park, for his very interesting book reviews. He brought three books to review, although he said he did not review books, he just talked about them. Whatever it was, it was delightful. The three books were, "Two From Galilee" by Majori Holmes; "Florida", by Norris Smiley, and "How I Found Freedom in an Unfree World", by Harry Browne. The talk was so enjoyable, members are hoping to have him come back to review some more books.

Mrs. Hise thanked the hostesses, Mrs. S. Francisco and Mrs. M. Hill, for their delicious refreshments.

Southland Mobile Home Park News

Sunday hummed with activity at some homes in the park. The Learned's entertained local family guests. The Breister's had a visit from their son Karl Breister and his four children from Wisconsin. Mr. and Mrs. Ritchie happily welcomed their granddaughter and her husband from Ft. Myers, Arlene and Donnie May. Mrs. Hindsley and her guest, the Brown's took advantage of good weather and toured Cypress Gardens. They reported everything beautiful and they really enjoyed the day. Mr. and Mrs. McEwen's daughter, Mrs. Gene Thomas and husband of Brokenbow, Neb., arrived to visit. The activities did not stop until Thur. Monday they all visited Cypress Gardens, Tuesday a visit to Disney World, Wednesday, a trip to the Citrus Tower - Cypress Knee Museum and Alligator Rama. Thursday morning the Thomas' left to return to Neb. Mr. and Mrs. Barr entertained some mutual antique fanciers, Mr. and Mrs. J. Cramer and a friend of the Cramer's from Mich. The guests were trying out Mr. Barrs three wheeler - it is absolutely uncanny how difficult these vehicles can be to navigate if you try to resist their better nature. It was fun though and the humor of the situation was enjoyed by all who took part. The Wandover's and Long's enjoyed a ride and nice meal at the Bok-Tower Restaurant.

Monday, Mr. and Mrs. Sinclair were paid a visit from Mrs. Sinclair's nephew and wife, Mr. and Mrs. Jim Thompson of Toronto. Mr. and Mrs. N. Trompics had a house guest from Southfield, Mich., Hue Daly. Mrs. Daly stayed with the Trompics through to Wednesday and went on to Dade City.

Tuesday started off with 23 attending the coffee hour with C. Engard, H. Tebo and C. McEwen and hostesses. In the afternoon, Mr. and Mrs. Bourgea of New Hampshire and Whitey Clay of Florida arrived at the Ernsburgers. A recent check with Park as to his number of flights this year totaled more than 73 times up since Oct. 10, 1972. In the evening 26 enjoyed films shown by Loyal Condit of his fishing trips in Canada. Boys! That's fishing!! Louise Garrison has at long last been released from the hospital and is happy and doing well at a home on Lake Isis. The home is owned by Mrs. Williams and the address can be obtained from the Barths who visit regularly.

There were eight at the sewing session Wednesday afternoon. The hobby show is still the main center of concentration. (I personally have a few projects to enter and one is in the stages of completion so hope all of you are planning on an entry!!) This is always a pleasurable and rewarding project and like everything else is always more fun when you take an active part in it. Mr. and Mrs. Ritchie were really pleased with a visit from their son Larry, his wife Helga and two grandchildren Jimmy and Nita. Mr. and Mrs. Engard received into their home some life time friends of Mrs. Engards, Mr. and Mrs. Michell Miller and Mr. and Mrs. Robert Wentz, who are staying at Highlands Hammock. (Hope they don't get snowed in) The Miller's and Wentz's are from Duluth, Minn., so I guess they already know about snow. Small groups can be fun too as proved Wednesday evening when six gathered in the hall for cards and played a few games of Yahtzee.

Thursday morning blew in Dick and Norma Barth, son and daughter-in-law of Harry and Anna Barth. Dick and wife are from Gainsville, Ga. They left Avon Park right after lunch and in time to go into that beautiful Ga. weather of late. Mr. and Mrs. Sinclair covered every inch of Bush Gardens with Mrs. Sinclair's brother and wife the Thompsons and report-they were "bushed". Thursday evening there were three tables of aggravation. R. Wandover, H. Tebo and L. Breister tied for high.

Friday found 8 at the shuffle courts. L. Breister and F. Hutchins won 2 games out of 3. N. Trompics and E. Paxton won 2 out of 3. M. Tebo and R. Engard won 1 out of 3 and R. Wandover and R. Perkins won 1 out of 3 games. Bingo brought 29 out in the evening. Martha Long won the grand prize. It was Martha's lucky night as she won 3 times. Mrs. Hidsleys guests left to return home. Rev. and Mrs. Hutchins went to Palm Beach for a reunion with their children and grandchildren for the week-end.

Across the calendar to another Sunday found the hall hosting a group preparing for a trip to Hawaii with the Ritchie's next week-end. 18 will be in the group and all excited about 14 days in Hawaii!!!!

Lake Bonnet News

Amy Lippitt

Tuesday, Feb. 6, was a beautiful day for our first outdoor potluck. The sky was blue, the air was warm, and the sunshine turned our lovely Lake into a myriad of shimmering diamonds. "How sweet it was" after the cold, windy weather of the previous ten days.

About 75 hungry Villagers enjoyed the variety of attractive foods which filled the tables inside. Our congenial hostesses: Alice Maeder, Helen Moody, Iola Smiley, Ruth McDonald, and Marge Roffo, dispensed warm hospitality along with the food, and well deserved the big hand they received. After the usual friendly banter, exchanges of favorite recipes, and extended visiting, everyone left filled with food and fellowship--both good!

These past two weeks have been full of excitement for the Lake Bonnet Village Fun Club with both horseshoe and shuffleboard tournaments in full swing. The horseshoe contest is approaching the semi-finals; but the shuffleboard tournament ended Monday with each game as exciting as the last.

Shuffleboard Tournament

Forty-eight Club members participated, with the 24 teams starting the tournament on Feb. 2. The 12 remaining teams had the play-off on Feb. 5. The last two games were "humdingers" with the final contestants being Kate Augustine and Herb Schlarb against Cliff Lyons and Charley Wallace. After a real cliff-hanger, Charley Wallace and Cliff Lyons emerged as the winners! Congratulations! A plaque honoring the winners will be made by George Augustine and placed in the recreation hall.

Getting the courts ready were Bill Bacon and Joe Roffo. Bill Bacon was in charge of rules and regulations.

Ed. Slade, Shorty Pritchard, and Dave Archibald acted as referees; and the scorekeepers were: George MacDonald, Horace Nowell, Ted Conn, Ralph Littlefield, and Dave Archibald.

Ralph and Teta Littlefield, and Dick and Bernie Grose were in charge of the tournament and wish to thank everyone who helped to make it a success.

A good park requires good management and we think ours is tops! Our manager, Jack Whitaker, stands tall, both in stature and in the attributes required for the position. He and his assistant-manager, Warren Prescott, are capable, knowledgeable and efficient. Both reflect a sincere, personal concern for us through their friendly and helpful attitudes which we appreciate very much. In these times, it is refreshing to be treated as a welcome friend instead of a statistic! Many thanks to both of you.

We also would like to thank the owner of the Village, Frank Gergen, for his numerous visits and friendly conversations with many of us. He has recently furnished four new tables and sixteen more chairs for our gatherings, along with many other needed items; and has assured us that we will be having a larger, more adequate recreation hall in the near future. We are indeed grateful for the improvements he is making in the Village.

Right now, we are experiencing "growing pains" due to the expansion project in progress. This naturally entails many frustrations and disappointments and requires much patience and understanding. The heavy rains have delayed the much needed sod-laying which will be a tremendous improvement; but we are confident that when everything is completed, it will have been worth waiting for. Quite a few Villagers, including our manager, have been ill during the past few weeks and we want to take this opportunity to extend our best wishes for a speedy recovery to each of them.

Mr. and Mrs. Charles Winters of Anerson, Ind., visited with Shorty and Zoah Pritchard last weekend. On Monday they all went to Disney World after which the Winters returned to their home.

Joe and Carol Golding entertained Mr. and Mrs. Wally Morton the past weekend.

Rose and Roy Wilson recently had as their guests, Mr. and Mrs. Paul Hess, their two daughters and grandson of Parkersburg, W. Va. Mrs. Hess is Roy's sister.

Mr. and Mrs. John Wayt and Mr. and Mrs. Chester Lavenski visited Mrs. Wayt's sister and husband, Mr. and Mrs. Alton Carman, in Sarasota, on Tuesday.

The lone mailbox standing near the end of the East Section of the Village has created quite a stir the past few days. Now, due to the artistic talents of Larry Senter, (Thanks, Larry) everyone knows it is their box--for the Park News--which will be printed in the Avon Park Sun each Thursday. Friday is the deadline--So, if you have any visitors; do, see, or hear anything of interest, please share these items with us by placing them in this box.

Golf Team Looses Round To Kathleen

The Red Devil golf team has been off and on this season and was very much off last Friday afternoon when they lost to Kathleen here at the Avon Park Golf Course by a score of 186-197 to set a 2-7 record.

This week the Avon Park golfers were out-of-town playing in Mulberry last Tuesday afternoon and scheduled to play Zephyrhills away tomorrow (Friday). Next Tuesday afternoon they will also be on the road playing in Fort Meade.

Last Friday all four top Devil shooters were off as John Wright came in low with a 44 stroke total, Jarvis Hartt shot a 49, Greg Burch came in with a 50, and Gary Bagwell had a 54 for the 197 total.

On Feb. 6, the Red Devil team split with Lake Placid and Bartow on the Avon Park course. Bagwell turned in a 40, Jarvis Hartt had a 43, and John Wright and David Hicks both came in with 45's to give the Avon Park team a 174 total which beat Lake Placid. The Green Dragon golfers shot a four team total of 198. But Bartow's team won over the Devils by one stroke as they carried a 173 total.

Then on Feb. 9, the Avon Park team again lost by just one stroke to Santa Fe of Lakeland. Bagwell again led the Devils with the low score of 43 strokes. Jarvis Hartt had a 45, John Wright hit for a 47, and Greg Hartt finished out the foursome with a 53 stroke effort. The Devils lost 177-178.

On Monday, Feb. 12, the Avon Park team went to Frostproof and had a good day shooting a 175 total to beat the Bulldogs who shot a 192 total. Jarvis Hartt paced the Red Devils with a hot 38 for the nine holes. Gary Bagwell had a 43, Greg Hartt, playing his last match before a knee operation, shot a 44, and John Wright had a little trouble turning in a 50 stroke total.

BOLLINGER RETIRES

The retirement of Harold R. Bollinger, board chairman of United Telephone of Florida, was officially announced Feb. 14 following an annual meeting of the company's directors and shareowners here.

Jarvis Hartt, with a low 37 stroke total, led the Red Devil golfers to a 160-162 win over the Mulberry Panthers last Tuesday afternoon on the Mulberry course. John Wright carded a 39 for the nine holes, Gary Bagwell turned in a 41 stroke effort and Rickey Lanier finished with a 43 to give Avon Park the conference victory.

It was a new low total for the Avon Park boys this season. Their record is now 3-7 for the season. Other scores by Red Devil golfers against the Mulberry boys were Greg Burch's 44 and Bobby Young's 67.

Wills-King

Arthur Wills, 68, of Avon Park was charged with violation of right of way by Trooper Williams after an accident at 11 a.m. Feb. 17, .5 miles north of Avon Park on Route 27. Williams estimated damage to the Wills car at $300 and to the car of Patricia King of Avon Park at $700.

CONFERRING ON THE impending survey of health conditions in Highlands county are Mrs. James Livingston, who will head the interviewing team, and Dr. Roger Bell, of Winter Haven. - News photo by Wells

Health survey starts in county this week

Beginning in Sebring this week some 230 households in Highlands county are being surveyed to determine the state of health in the county.

This survey is part of a tri-county study including Polk, Hardee and Highlands to determine the state of health of the area. It will assess the needs for programs to improve the health situation in the area of physical, mental, and family-group health.

Members of the household will be contacted in person by a trained interviewer and a date set for the interview. In Highlands county, Mrs. James Livingston will be in charge of the study. Assisting her in the interviewing will be Louise Schumacher, Mrs. Don Mitchell, and Mrs. Eric Johansen.

Directed by Dr. Roger Bell in Winter Haven, Southern Health and Family Life Studies is handling the project. The study is modeled after a similar project at the University of Florida, but is the largest health assessment ever undertaken in a clinical setting. When completed, this study may become a pilot project upon which studies all over the United States will be modeled.

Covering an area of approximately 3,700 square miles, a master list of all the households in the three-county area had to be compiled.

From this list, which numbered more than 100,000 households, 2,000 were chosen at random for the study. 230 of these are in Highlands county.

Each of the residences will be sent a letter from Dr. Bell explaining who and what Southern Health and Family Life is, why the study is being taken, and why it is important for each household contacted to cooperate in the study if possible.

According to Dr. Bell, when an interviewer arrives he lists all the adults 18 years or older in the household. A special table then tells the interviewer which adult he should interview in that home. The system is called the Kish system of Social Research. Dr. Bell said it was designed to provide a cross-section of all adults over 18.

Although some of the questions are of a personal nature, Dr. Bell assures complete confidentiality of the answers. "Although the people are individually involved, their answers are all put together and actually become group answers," Bell said. "This maintains total confidentiality."

Once the interviewing is completed Dr. Bell, who is a sociologist, will begin compiling all the data. He will write computer programs that will generate the information based on whatever criteria is desired, such as age and health. Health and family life problems of the retired, for instance, can be looked at separately from those of the young married with children or the disabled or the unemployed. These programs will be available for each county and eventually for each town.

With such information clearly tabulated, Dr. Bell will make recommendations as to where health services are needed, or where health services need to be improved. New programs can be designed, and existing programs can be evaluated.

"A follow up study is planned to determine whether our study has helped to improve conditions," Dr. Bell said.

Mrs. James (Pat) Livingston, who will be the Highlands county coordinator of the program, expressed her enthusiasm for the project. "It is exciting and gratifying to be working with a project sponsored by federal, state, and local funds to actually contact people personally and determine their feelings, needs, and opinions concerning such a vital matter as personal health and family needs. Working in this way to improve available services that can help enhance the quality of life is an important thing. I hope the people chosen in the random sample will share this enthusiasm and realize how important the contribution of their interview can be in de-personalizing the administration of crucial services. I think it is well worth the time involved for each one in view of the good it can do for our county and town."

Interviewing in Sebring will begin this week. Avon Park and Lake Placid areas will follow the Sebring survey work.

COURT TRIAL

Monte Delaney, of Lake Placid, was tried before County Judge Mark H. Richardson jr., Thursday on a charge of assault and battery. Judge Richardson found him guilty and fined him $251.

FIRE AT HOSPITAL

Sebring fire department answered a call to Highlands General hospital Wednesday afternoon. A short in a dishwasher had melted plastics inside and smoke was billowing into the dining room.

Dropouts can go back to school free

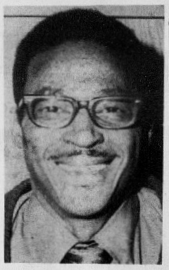

Any person in Highlands county who dropped out of school before finishing the eighth grade can now resume their education at no cost.

This can be achieved by enrolling in Adult Basic Education courses through the Vocational-Technical Division of South Florida Junior College.

These courses will be offered at Avon Park Middle School, Hopewell School, Sebring Middle School, and Lake Placid High School.

They will meet from 7:30 p.m. until 9:30 p.m. on Monday nights in all four school centers. Registration will be held at each center on Monday, Feb. 26 and each Monday night through the month of March. There is no cost to the students for the courses.

Each person enrolling in the course will be taught largely on an individualized basis with emphasis in reading and mathematics. Once a student has reached a designated level of achievement, he will then choose between taking the G. E. D. or entering the SFJC High School Completion program. Either choice eventually leads to a high school diploma recognized by other schools, colleges, and employers.

BILL BLANDING, Dean of students at Sebring High School, is the recipient of the 33rd Masonic degree that is presented for outstanding service. Blanding is a member of Sunshine City Consistory No. 147 in St. Petersburg. The degree was conferred upon him and 10 other Florida men at a ceremony in Memphis, Tenn. - (Photo by Askren)

Redl to speak

Dr. Fritz Redl, one of America's most distinguished child psychologists and behavioral scientists, will present a workshop on Saturday, Feb. 24, 9:30 a.m. - 3:30 p.m., in the Educational building auditorium, Community Mental Health Center, Winter Haven Hospital.

A part of the educational program of the community mental health center, the workshop is an annual event, which offers residents of Polk and Highlands counties an opportunity to hear nationally-known authorities in the field of mental health. The registration fee is $10.

Hazel Scarborough new assistant to Senator Gallen

Mrs. W. J. (Hazel) Scarborough of Lake Placid has been appointed Administrative Assistant by Senator Tom Gallen, and assigned to the District Office opened by Gallen in Lake Placid.

Mrs. Scarborough will perform the vital function of communicating the needs and desires of the people of the 24th district to Senator Gallen.

Her duties will include regular visits to Okeechobee, Glades, Hardee, and DeSoto counties, as well as regular office hours in the District Senate Office.

Mrs. Scarborough comes to the office of Senator with 14

HAZEL SCARBOROUGH

years experience in the Florida Legislature. She was on the staff of the two senators who formerly served the area: Sen. Hayward Davis of the 40th District, and Sen. Wilbur H. Boyd of the 31st District.

Mrs. Scarborough has lived most of her life in Lake Placid, graduating from Lake Placid High School. She has completed extension courses from both Florida State University and Florida Southern. She and her husband, W. J., live on Highway 70 Southeast of Lake Placid where, with their two sons, they are engaged in ranching. They also have ranches and citrus groves in Hardee and DeSoto counties. The two sons, Jack and Bobby, live with their families on the ranch in Highlands county.

Hazel is a past president and charter member of the Lake Placid Junior Woman's club; also a past president of the Lake Placid Parents Association, the Sebring Womens Golf Association, and the Polk County Womens Golf Association, She is an honorary member of the Lake Placid Chapter of Future Farmers of America, charter and present member of the Lake Placid High School Athletic Association, president of the Lake Placid Arts and Crafts Association and an active member of the First Baptist Church of Lake Placid.

At present she is a member of the Democratic Committee of Highlands county. She is serving her fifth year as a member of the Board of Visitors for the Juvenile Council. She is a member of the Board of Commissioners of Highlands General Hospital and serves on the Governor's Advisory Board.

In addition to her legislative duties she has been a substitute teacher in the Lake Placid schools and works as office manager and bookkeeper for the family business.

Mrs. Scarborough invites the public to visit with her in the Lake Placid office, or should they be unable to get to the office, they can give her a call and she or Senator Gallen, or both, will go visit them. The office is located in Lake Placid at 250 Interlake blvd. The mailing address is P.O. Box 1250, Lake Placid, Florida 33852. The telephone number is Area Code 813 - 465-2904.

"I should like to remind you, the people of the State, and especially the constituents of District 24," she said, "that this office belongs to you and that you are welcomed at all times."

The 24th Senatorial District is made up of the counties of Manatee, DeSoto, Hardee, Glades, Okeechobee and Highlands. Senator Gallen stated that he chose Lake Placid as the location due to this city being more centrally located to all the counties that the office will serve. This office will be available to all constituents, but will give special attention to the counties of DeSoto, Glades, Hardee, Okeechobee and Highlands.

You will be given the same courteous service from Senator Gallen and his office staff in the Lake Placid office as given from his Manatee county or Tallahassee office," she said.

HOUSEMOVING

EVERYONE IN THE CHURCH — THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

This house was moved to make way for a new super freeway. A city in progress creates many changes. The owners, no doubt, hated to change their location, and dreaded pulling up life-long roots. St. Paul would help in situations like these when he said, "*For I have learned, in whatsoever state I am, therewith to be content.*" Phillipians 4:11. The Lord will help us in new situations and new surroundings. He has promised to be with us in all things.

After getting settled, it is good to find a church home with people of like faith. No new neighborhood seems lonely if you can be with people who have the love of God in their hearts.

"*Not forsaking the assembling of ourselves together,*" (Hebrews 10:25a) is a wise saying. We invite you to attend the church in your community this week.

10,000 HAMBURGERS ON THE HOOF is a sign pointing to this eight-year-old Holstein steer that is on exhibit at the Highlands County Fair. The steer weighs 3,300 lbs.; is 6 ft. in height; is 11 ft. long; and has a girth of 11 ft. He has appeared in magazine and newspapers and is thought to be the largest Holstein in the United States. The animal is owned by Mr. and Mrs. Wayne Pies of Bradenton. - (Photo by Askren)

Booths and Mid-way entice fair-goers at annual Fair

The wide-eyed little boy was toting an orange elephant with green plaid ears almost as big as he was.

"How did you win it" he was asked. His proud dad volunteered "tossing nickels" - and it cost $2.25 in nickels tossed.

A pretty teenager, whose boyfriend jaunty in plum-colored corduroy pants, was proving a whiz at throwing balls into baskets and through tires, had three of the big, colorful stuffed animals in her arms.

A tour of the midway of Blue Grass shows at the Highlands County Fair Monday night found most of the booths offering colorful plushy animals as prizes. And the screams of thrilled young people seemed mostly concentrated on a tumbling, fast-moving aerial ride called the Zipper. Then there was the toboggan - and snowmobiling was never like this!

Getting a lot of attention was a Holstein steer billed as one of the world's largest - 3,300 pounds. The average steer is about 1,000 pounds.

Booths in the fair buildings this year had an unusual number of beautiful displays of plants and flowers. Even a peek into a religious exhibit showed gorgeous red and white blossoms in profusion.

There were many handsome new cars on display. One booth advertised flying lessons. New Prospect school had a fascinating display and lived up to one of the signs "I created some wonderful things."

The Highlands County schools booth had one of the most swinging and colorful displays. One sign noted "swinging into education." Woman's World booth, showing handwork and sewing, was an eye-catcher.

Scouting had a display of cooking and handmade articles. A prize winning cake actually was red in color, frosted in white. Another was pink frosted, with candies dotted on it.

Avon Park Correctional Institute had a handsome display of flowers and offered a puppet show at regular intervals.

At the Art display, Col. G. A. Stephan had fashioned a plaque from his "front door" he said - a flamingo - pink on a green base.

A clown was wandering about the grounds with a board on his back lettered "Eat Avon Park band stand."

The Midway appeared to have more interesting attractions than usual and loud groans issued from the Dungeon of Horrors. Then there is the "world's largest alligator, 1,000 pounds, 14 feet - the human pincushion - "no-middle Myrtle" (a girl) and the world's smallest horse.

There are the usual rides, ferris wheel, merry-go-round, dodgems, and others aimed at giving the visitor a thrill.

Eat places are everywhere - candy apples, popcorn, hot buttered corn on the cob, cotton candy foot-long hot dogs.

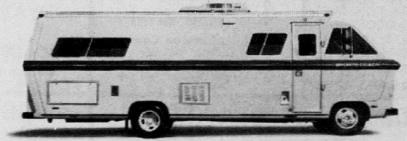

The only booth not doing too much business opening night was one selling ice cream. The temperature at the Fairgrounds was around 43 degrees late in the evening.

Give a pint-sized gift. Give Blood.

City Council Votes To Build Street Accross Mall

Will Ask Wells Motor Company To Move Cars Off City Property

The Avon Park City Council voted to add one more street crossing to the Mall during its regular meeting held last Monday night at city hall.

With Bob Woodruff casting the only nay vote, the other four members decided to place the crossing at the east end of I. H. Ford Motor Company, to aid trucks belonging to Jahna Concrete easier access across the main street of Avon Park.

Beginning the meeting, Council President Clarence King said he wanted to settle the question of this "controversial street on the mall". "As you already know it has been approved" he informed the council members. "I make a motion to write the railroad," stated councilman Hermon Sizemore, "and ask permission to place a road across the mall."

The property the city intends to use belongs to the railroad.

"I'll go along with the motion" Council vice-president Durrah Martin added, "if we ask them for easement on their property on North Railroad ave.".

"I have no objection to putting it in there" Sizemore answered.

However, negative opinions were in the air.

Mayor Robert J. Barben stated, "I want to state publicly I can see no reason for adding another corner to the mall, and I can see no reason for taking one persons problems and giving them to everyone...We're a growing city and we're going to see traffic problems, but I can't see how putting another street 50 to 60 feet from another one is going to help the problem."

"I think your're going to find a lot of people against it" he concluded.

Councilman Milton Howard stated Jahna will supply the concrete for the sidding of the new street which will aid in getting his trucks across the mall quickly.

"Yes, but that's just a little of the expense," Barben said. "You don't cut across a mall cheap."

"Last week we passed an ordinance not to cut down trees, now you're going to move a tree for the benefit of one person" Barben continued.

"I think it'll benefit everyone" Sizemore said.

With the discussion ending, the roll call vote found Woodruff casting the only negative vote among the council members, Barben, as mayor, does not have voting priveleges on the council.

In other problems taken before the council for discussion, the problem of traffic downtown.

"Gentlemen, we're very rapidly approaching a traffic problem in Avon Park," King told the board.

"I know some of you don't want to hear this" stated Barben, "but up at Wells he's taking away a lot of parking places." "He's been extremely fortunate nobody's come down Forrest ave. and wiped out that stream of cars".

"There's an ordinance against advertising on city property," stated King, "and he's been allowed to do this 24 hours a day for a long time."

"Ya'll want to notify Ray?" asked Sizemore.

City Clerk Malcolm Crews said, "I think all we need to do is put up two hour parking signs and have the police check it."

"I think he should be notified" said King.

"You're permitting," said Barben, "one merchant to tie up 25 to 30 parking spaces."

"You don't have another car dealer in town doing this," he continued. "He bought all that additional land and filled that and didn't take any off the streets" he concluded.

"Take the merchandise off the street like all the rest of 'em do" Woodruff added.

With a unanimous vote, the council decided to notify Wells to remove company owned cars from public parking spaces on North Forest ave., "within 30 days."

Dan Davis, representing the recreational council appeared before the board and presented its members a five page report on the recreational council's recommendations for programs in the near future.

"A dance has been scheduled for April 14," he said.

"After the dance we plan more fund raising activities to get the people of Avon Park interested in the center," Davis told the council members.

He also said the recreational council strongly suggests that by April 16 the city either have a full-time director and, if not, at least a part-time one.

The recreational council also asked the city to go ahead with plans to air condition the lower part of the old armory.

King mentioned it would be nice to have a part-time recreational director which lives in Avon Park.

"I think we should get a well qualified man who wants to stay here for awhile" Davis said. "With the hours he's going to have during the summer time, he's going to have a full time job." he contunued.

The board members decided to advertise for a director of recreation and to list him as a department head.

Enveronmental Council Ask For Moratorium

A moratorium on all future decisions to subdivide until the pending county land subdivision regulations are acted upon by the County Commission was reported Tuesday by the Environmental Council of Highlands county.

The request was part of a five page statement, of suggestions and recommendations, submitted Tuesday to the commission by the environmentalists.

The statement was prepared by Dr. James Layne of the Archbold experiment station and Fred Lohrer, secretary of the Environmental Council, and presented by Marsha Weingarner, teacher of biology at Lake Placid high school.

"We are in favor of the subdivision regulations in principle because they represent a much needed improvement in existing regulations," the statement began and "we are opposed to any dilution of the regulations which would jeopardize this protection."

They noted a "lack of specific mention of concern for environmental protection and we feel this is a serious oversight."

They suggest that another member, who will consider the environmental impact of subdivisions, be added to the Subdivision Advisory Committee (SAC).

They recommend that the pre-application conference be made mandatory to insure that developers' interests be protected. It was pointed out that without such a conference, a developer might waste time and money on poor plans. And once the money is spent, he might try to pressure the board or commission to accept plans not up to specifications

Devil, Arcadia Baseball Game Time Change

The two baseball games scheduled between the Avon Park Red Devils and the Arcadia Bulldogs have had time changes due to the Arcadia basketball team hosting the regional tournament there this week-end. The baseball game set to be played in Arcadia Friday night, Mar. 2, will be played there at 4 p.m. instead and the game set to be played here at Head Field Saturday night will be played here at 2 p.m. instead. So both games this week-end will be afternoon affairs.

Next Tuesday night the Red Devils will go to Mulberry for the first Tri-County Conference game of the season. The Devils will play 12 conference games.

Rookie coach Ronnie Jackson has taken over the Class AA defending state champion Red Devils this season from Ralph Hill and will be trying to repeat with a team that has 10 seniors and 10 returning lettermen. Five players did not return from the state championship team – Eddie Ezell, Don Sisemore, Howard Sizemore, Ray Culpepper, and Robert Lanzing.

Three seniors, a junior and a freshman are working out on the mound so far this season. Tim Underwood, Tony Williams, and Del Murphy are the senior members of the pitching staff with junior Buddy DeWitt and freshman Timmy Massey filling out the hurling crew.

Nate Williams is currently the only catcher on the squad with thirdsacker Johnny Todd backing him up. At firstbase Tony Williams seems to have the edge for the starting job unless he is on the mound and then Del Murphy will take over at first. At secondbase it will be Tim Underwood with Timmy Massey and Lawrence McRae ready to take over when Tim takes the mound. Johnny Todd is the only thirdbaseman and with Rick Minard benched with an ankle injury,Leon McRae will be at the shortstop position although he just finished up with basketball last Friday night. Keith Richards will probably get the starting nod for left field with Nate Packer backing him up. In center field it will be Mark Howard or Ken Collingsworth or Del Murphy if he's not pitching or on first. Donald Dorsey, Joe Murphy, and Bud Wester will battle for the field position.

Police Charge Juveniles With Armed Robbery

Avon Park City Police apprehended two juveniles recently and charged them on two counts of armed robbery, one breaking and entering and possession of illegal weapons.

According to the report on file at the police department, two black juveniles broke into the home of Stanley Wilson located on First Street on Feb. 16. They went in and knocked off a lock on a foot locker and apparently took a Polaroid camera, which the police have recovered.

On the next evening, according to reports, the same two juveniles robbed two men, one Mark Robinson who was walking alone and also David Cheatman, who was also walking alone. An undisclosed sum of money was taken from each victim.

Deligent investigation by Police Chief Ferland Cribb and Patrolman Archie Hancock, along with aid from confidential informers, the two juveniles were apprehended by Hancock on the 19th of Feb. The two were charged with the

Minister's Association Meet

The Avon Park Ministerial Association entertained with a buffet dinner on Monday evening at the home of the Rev. and Mrs. Aden D. Childress on East Walnut st. Invited guests were the pastors of the local churches and their wives.

Individual place settings were arranged at tables in the living room and Florida room. The buffet table was covered with a deep pink linen cloth, and the roses, carnations, and camellias used in a candle arrangement in silver candelabra formed the attractive background for serving.

A delicious buffet dinner was served the guests. The Rev. Warren Wall, president, was assisted in planning the dinner by Alice Zoller, Ann Childress and Flo Wall.

This enjoyable evening spent in getting better acquainted was attended by the following: the Rev. and Mrs. Warren Wall, Chaplain APCI; the Rev. and Mrs. Jimmy J. Norred, Union Congregational Church of Christ; the Rev. and Mrs. Willie R. Beaty, First Baptist Church; the Rev. and Mrs. Duane R. Zoller, First United Methodist Church; The Rev. W. O. Ragsdale, First Presbyterian church; the Rev. and Mrs. Jesse F. Ray, First Baptist Church; the Rev. and Mrs. Aden D. Childress, First Baptist Church.

Saturday Is Band Auction Pick-Up Day

Remember that Saturday, Mar. 3, is the big pick up day for the annual auction benefiting the Avon Park High School Grenadier Band. Auction chairman, Phil Wooten, told the Sun today that he will have trucks covering every section of Avon Park, each carrying members of the band who will be glad to pick up your unwanted, but usable or repairable articles to be auctioned off on Band Day, Mar. 17.

Please have your articles ready. If you do not plan to be home Saturday you may leave your articles in your driveway clearly marked for pick up by the band. Your help will be appreciated.

Laymen plan revival services in Avon Park

The Avon Park United Methodist Church is planning a revival to run from Mar. 4, through Mar. 8. Does that sound like news to you? But, you see it is news, for the revival is different. It is a layed revival which means that the idea originated with the laity of the church. They have planned and secured lay speakers and are continuing to plan and make preparations for the event.

The Rev. Duane Zoller, pastor of the Avon Park church, said "It has been a wonderful experience to see the lay members involved in this outstanding evangelistic effort."

The story goes like this. Last fall the laymen of the church began to talk about what could be done to interest more people in the claims of Christ upon their lives. Remembering their experiences at the Laymen's Retreat at Leesburg, they felt that dedicated laymen could "tell the story" in a way that would have great impact. So, why not a similar type effort in their own church, such as they had experienced at the Leesburg retreat?

John Giddens, jr., lay leader of the church, at that time, began to follow up on the idea and contacted some outstanding Christian laymen about participating in the Avon Park effort.

A steering committee was organized by what they call the "Leesburg Alumni" and the newly-elected lay leader, John Barberee, was appointed as chair-person. Serving with him on the committee are Dan Evers, Harold Nute, John Giddens, jr., Gene Statler and the pastor.

In charge of the music for the revival, will be Evelyn Jones and Paul Gentry.

Lay speakers who will participate in the five-day effort, include Judge Hal Dekle of the Florida Supreme Court; John A. Grant, jr., associate conference lay leader and a lawyer in Tampa; Russell K. Peaveyhouse, a lawyer from Brandon; Judge William A. Meadows, jr., also an attorney and the former lay leader of the Florida Annual Conference; and Alton Bowers, Clearwater. Completing the distinguished list of speakers will be Bishop Joel D. McDavid, who will speak on Thursday evening.

Judge Dekle will lead off the revival at the Sunday morning service, Mar. 4. Born in Marianna, Fla., he graduated from Jackson County High School, Stetson University and Stetson Law School. Justice Dekle was a practicing attorney and trial judge before his election to the Florida Supreme Court. He is past chairman of the official board, lay leader, and lay speaker of the First United Methodist Church of Coral Gables. Past

Get Children Immunized

The drive is on to get all school age - and younger - children entering school for the first time next Fall immunized - and parents are being urged to get it done now since some immunizations require several months.

Since the law was passed in 1971, there were mild outbreaks of measles and German measles in junior and senior high schools - but none in elementary schools. A great record.

After the law has been in effect long enough to cover students admitted to elementary grades through high school, there should be no outbreaks.

Parents who wait until the last minute to get their children immunized may face having the child being denied admission. Actually, the younger a child the more severe the disease, say health officers and waiting until school entrance to have a child immunized may be too late.

Health officials are urging parents not to wait until children are ready to go to kindergarten or school, but to have their babies immunized as soon after birth as possible.

Most of us have seen, right in this community, the ravages of polio on somebody - or a deformed or retarded child whose mother had measles during her pregnancy. The importance of these immunizations cannot be emphasized too much.

Juveniles Charged

two robberies, the breaking and entering, and the possession of a sawed off shotgun and a sawed off .22 rifle.

Another note from the police department, on Feb. 8, Hancock and Cribb, acting once again from information they received, made two arrests at the Avon Park High School. Two white male juveniles, aged 16, were charged with the possession of marijuana. Both were released to their parents.

Enveronmental Council

because of his investment in planning.

When a developer meets with the SAC, it is recommended he should have a prepared environmental impact statement, mentioning drainage, fills, etc. Soils and percolation tests are recommended for all soil types within the subdivision.

It is recommended that the county commission not consider a subdivider's plans until a public hearing has been held and the section on preliminary approval should not be omitted or diluted.

It was noted that the developer maintenance period of only one year is "too short. Developers should be responsible for maintenance for at least 10 years or until 75 percent of the lots on the street are developed."

It is recommended street name markers be installed at all street intersections at time of road construction.

Greenbelts are a "must" said the statement.

It is noted that in the regulations there are "no statements about land being set aside for schools, rescue services and health facilities by the subdivider. There is no mention about the developer installing fire hydrants. There is no mention about lot size or sewers. It is recommended receipt of state permits be mandatory before final approval."

JAIL ON TRAFFIC OFFENSES

Jerry Vineyard, of Sebring, was given five days in jail for leaving the scene of an accident, failing to report accident, and careless driving, when he appeared Feb. 15 before County Judge Mark Richardson jr.

Robber Gets Large Sum Of Money

Penny Hill, an employee of the Village Lounge in Avon Park, reported to police she was forceably robbed on Feb. 16, of a large sum of money.

According to Police Chief Ferland Cribb, the report read Hill was leaving the Avon Citrus Bank after making a deposit and obtaining an undisclosed amount of cash for cashing payroll checks around 6:45 p.m. She was then abducted by what she thought was at knife point, and forced to drive to an orange grove east of town. There she was forceably robbed.

During the scuffle, she lost the keys to her car. The robber apparently had another vehicle waiting for him and made his escape by this means. Hill began to walk towards the truck route. There she obtained a ride to town from a passing motorist who brought her to the police department. She then notified the authorities at 7:15 p.m., thirty minutes after she left the bank.

Cribb said the case is still under investigation by his department.

MEMBERS OF THE Avon Park "Junior Dixieland Band", pictured above, entertained fair-goers and patrons with their jivey tunes as they visited the Avon Park Band Food Booth at the Highlands County Fair last week. Standing from left above Chip Carter, Mike Owens, Jeffery Flagg (seated with drums, background), and O. C. Stephens jr. Others playing but not shown are Robbie Alsabrook and Barry Richardson.

THE CLOWNS, pictured above, helped make patron's visit to the Avon Park Grenadier Band Booth, at the Highlands County Fair, a jolly occasion.

Dixieland Band Plays At Fair

Gypsies, clowns, and the floating sounds of a Dixie Land Band enticed Highlands County Fair visitors to eat at the Avon Park Band Association's booth making it a huge success according to the project chairman, O. C. Stephens, jr.

The gypsie, Della Stephens, thrilled the kiddies with her fortune telling, while the clowns, Wally and Jeanette White, Carol Owens, Roy McHenry with his baby daughter Tina, danced gaily to the tunes supplied by the Dixie Land Band.

The booth offered delicious home made cake, and cupcakes, along with home made chile.

Hot dogs, hamburgers, french fries, pizzas, cokes, hot chocolate, candied apples, and other delicious appealing delights were supplied for the hungry fair guests.

O. C. Stephens III's band consists fo himself on the trumpet, Jeff Flagg on drums, Robbie Alsalbrook and Kenny Light on trombones, and Chip Carter with Mike Owens on baratone.

Stephens stated he wished to thank all the band mothers who contributed much time cooking and baking which enabled this project to become a great success. "I'd like to thank everybody also who contributed time labor and money to this project. Expecially the candy apple maker." he said.

The Avon Park Bank Day comes up in the near future, another money making project the band association puts on annually. It will be held at Donaldson Park and is headed up by Phillip Wooten.

Stephens askes anyone who was unable to aid in the fair booth success to call on Wooten and aid him in making Band Day another success for the band.

Bulldogs Defeat Devils

The DeSoto High Bulldogs won the Class AA District 13 basketball tournament held here last week-end with victories over Lake Placid and Frostproof. The Arcadia five will now host the Regional tournament this week-end.

Last Thursday night Lake Placid defeated Fort Meade by a score of 69-62 in the first game of the meet. Then on Friday night Arcadia eleminated Lake Placid after a hard fight winning by a score of 71-66 in the best game of the tourney. In the second game on Friday night Frostproof ran away with the score defeating Avon Park 85-60. The Red Devils were never in the game as they made numerous turnovers and couldn't hit the basket until the fourth quarter when the Frostproof coach cleared his bench.

On Saturday night the Frostproof team gave Arcadia a run for the money for three quarters but the DeSoto High Bulldogs pulled away late in the third period and went on to win the district title by a score of 62-52.

The Arcadia team has ranked number one in Class AA press polls most of the season but will have to get by some tough teams to advance on to the state meet.

The Avon Park Red Devils finished the season with a very respectable 16-9 record but disappointed fans with the poor showing in the district meet.

The appointment by the YMCA directors became effective in January. Martin replaced Donald Hague, who retired in November. He has been executive director of the Orange County YMCA for the past six and one half years and was Youth Program director for the Clearwater YMCA before that.

Dr. Allen said that while serving the YMCA in Orange County, Martin developed the south branch into the second largest YMCA in Central Florida. The membership exceeded 7,000 when he left Orlando to take the Lee County post.

Lowell is now looking forward to August when he might be able to get rid of his new cast and swim again in our beautiful lakes.

204 Golfers Entered In Annual Ben Hill Griffin Citrus Tournament

A record field of 204 golfers will tee off Mar. 9 for the fifth annual Ben Hill Griffin Citrus Invitational Golf Tournament. The tournament is set for Mar. 9 - 11 at the Lake Wales Golf and Country Club.

"We studied the situation carefully and found a way to add eight more golfers than last year without slowing play," said tournament director Teddy Phillips.

The popular tournament is one of the state's top amateur golf attractions. Now in its fifth year, the Griffin Invitational attracts entrants from throughout Florida and from other states.

Phillips talked about why golfers compete for a spot in the BHG tourney: "The golfers have a good time, that's the key. Our volunteers--more than 100 of them--began working to achieve this several months ago. They set up the social events, act as marshalls, serve as hosts, and do everything necessary to make our tournament a memorable one."

Lake Wales Golf pro, Bob Lee, said his grounds crew has been concentrating on preparing the course for the Griffin Invitational. "And it shows," said Lee. "We have had some good rains, we've irrigated and fertilized, and the course has responded well to these attentions. I'm confident our tournament players will like what they find here."

The tournament is a 54-hole event. The 1972 winner was Bruce Scamehorn of Winter Haven who carded a record low score of 214. Scamehorn will be on hand Mar. 9 to defend his title.

The tournament is sponsored by Ben Hill Griffin, Inc. of Frostproof, one of Florida's largest independent producers of citrus products.

"What we have tried to do," said Chief Executive Officer, B. H. Griffin, jr., "is organize a tournament in which people enjoy good golf-and enjoy themselves. It has worked extremely well so far and we are going to have another great tournament this year."

AN ORDINANCE AMENDING THE CODE TO DEFINE THE CAUSES FOR WHICH THE CITY MAY REVOKE A BUSINESS LICENSE

The City Council of the City of Avon Park having been advised that Section 12-3 of the Code of Ordinances of said City is vague because it does not define what causes are adequate to revoke a business license, and said City Council being of the opinion that it is necessary and in the best interests of the citizens of the City of Avon Park that the conduct of business be regulated;

THEREFORE, BE IT ORDAINED by the City Council of the City of Avon Park, Florida:

For the purposes of this Section, the act, in the conduct of the licensed business, of any employee or agent not the license holder of any such business or profession shall be considered the act of the business or profession."

Section 2. All ordinances or parts of ordinances in conflict herewith are to the extent of such conflict hereby repealed.

Adventist Youth Sponsor Baby Bawl

Saturday At HighlandsLakes Academy

The Walker Memorial Seventh-day Adventist "Adventist Youth Association" sponsored a "Baby Bawl" Saturday evening at the Highland Lakes Academy gym. The evening proved to be a great deal of enjoyment for all who attended.

First was the Baby Contest with a number of young people, each dressed as a baby. The costumes were complete with diapers, suckers, dolls and pacifiers. Baby pictures of various members were then projected on the screen as the audience tried to guess who they were.

The social evening continued with a Burping Contest consisting of boys being fed bottles of 7-up with nipples. Then followed a Baby Buggy Relay, Baby Feeding Contest and Diaper Hanging Contest. The very enjoyable evening was climaxed with the Sharing Song by a number of the very young children and Baby Songs played by Mrs. Walter Ost and guessed by the audience.

Refreshments for the evening consisted of Teething Biscuits and Bottle which in reality were freshly fried doughnuts and punch.

KEITH DEBO is pictured above at one of the wells on the Mall filled with colorful petunias. Mr. Debo is the "green thumb" of the Avon Park Grange, which has taken "Beautification of the Mall", as one of its projects. Note the pretty flowering cabbage around the base of the well. Mr. Debo was also the "Mystery Man", that was discovered walking the length of the Mall scattering ant poison. - Photo by Sharpe

'68 Graduates Plan Five Year Class Reunion

Plans for the five year reunion of the Avon Park High School 1968 graduates have been altered. The reunion was originally planned to be held in March, but because of the races in Sebring, the reunion date has been changed to June 16 and 17.

The Holiday Inn in Lake Placid will host a banquet on Saturday night, the 16th. Reservations must be made in advance to insure enough food for everyone in attendance. Therefore, it is important that everyone in the class be notified of the activities so that they can convey their wish to attend the reunion and guarantee that proper arrangements be made with Holiday Inn. Word has been received that some members are merely planning to "show up" and give no reservation notice. It is advised that this not be done.

There follows a list of class members whose addresses are not known. If you know where any of these people are, please notify: Pam Maness, 15263 E. Colonial Drive, Orlando, Fla.; or 824 S. Highlands ave., Avon Park.

Addresses are needed for: John Alwood, Ellen Sue Bass, Carl Michael Bedgood, Chester Roy Bennett, Donna Buettell Whitaker, James Anthony Burrescia, Tully Smith Callaway, Buford Joel Carpenter, Nathaniel Crumedy, Charles E. Deering, Ilene Rae Elkhill, Walter Frank George, Toni Gibson Ford, Sylvia Goubourne, Barbara Ann Gregory, Gary Steven Griffin, Joan Jackson, Brenda Johns, Samuel Lee Jones, Leota Knight Fussell, Linda Gayle Luc . Clara Lyons, Leotis McNeil, Yerditha Mae McRae, Mary Murry and Dennis Raczkowski, Vicki Louise Rowland, Frank Walter Sherertz, Brenda Stansberry, Valerie Stripling, Lucius Talylor, jr., Geraldine Todd, Susan Todd, Johnny Varnes, Robert Lee Walton, James R. Williams, jr., Robin A. Williams, Arthur (Buddy) Randolph Winegard, jr., Rose Mary Newby, Charles Peebles.

Families Needed To Entertain Teachers

Avon Park area families are needed to entertain English-speaking European teachers in their homes for one or two weeks this summer, it was announced today by the American Host Program.

According to J. Stuart Perkins, board chairman of the Host Program, who is president of Volkswagen of America, American Host is one of the few non-governmental programs designed to show the American way-of-life to foreign teachers by pairing them with American families.

Now in its 11th year, American Host has opened doors to better understanding for more than 3,000 European teachers who have passed on their new understanding of America to their students.

Mr. Perkins said that being a "host family" is open to anyone who has the desire to increase understanding and friendship between Americans and Europeans. All American Host requires, he said, is hospitality--a private room for a guest and free time for one or two weeks to introduce the guest to friends, neighbors and perhaps fellow teachers.

American Host arranges all transportation. Host families are asked to meet their guest upon arrival in their community. Teachers and host families have an opportunity to correspond for at least a month before meeting.

Arrangements for participating as a host family can be made by writing to: Tom Murphy, The American Host Program, Hotel Commodore, Suite 2100, New York, N. Y. 10017

Deadline for information is Mar. 15.

Grange Serves Community Makes Others Lives Better

Grange members for over 100 years have been known far and wide for their unselfish practical community service which has made the lives of others happier and better--and has improved the appearance, supplied added conveniences, and advanced in a hundred or a thousand ways their communities as better places in which to live.

Ever since the Grange was founded in 1867, the practical projects of its patrons are tangible evidence of community spirit among its young and old. Thousands of volunteers have put countless hours and immeasurable personal resources into this work, and have done it with pleasure and a spirit of friendliness, dedication, and regard for others.

Because the subordinate Granges are made up of people who have common interests in their local community and area, and because the Grange is truly a family organization, it is well fitted to perform this community service. No other fa... organization and few community groups have the assets in people, in knowledge, and in spirit, as well as declared organization purpose, to carry on this type of work.

The methods of community improvement, betterment, and neighbor-serving projects are literally unlimited, and vary from community to community as Grange members work together to "provide leadership for community improvement where leadership is lacking, to support other leadership where such suppo... is the greater need."

One concept is built on the idea that the entire community should be involved in establishing goals and carrying out the projects. Grange leadership in uniting the organizations and agencies then becomes a major criteria.

The members of Avon Park Grange hope that other organizations will see what the Grange is doing to beautif... .e Mall and will want to ... into the project

The Nation... ange Lecturer is sponso...ng a "Beautification" project and Keith Debo is the "green thumb" man and head of that committee, under the direction of the Lecturer, Laverne M. Fulmer.

Mr. Keith Debo came to the Avon Park Chamber of Commerce, a year ago, with the Mall Beautification thought in mind. It was through this contact, that the Chamber Board adopted as one of their projects, Mall Beautification.

DEPENDENCY EXEMPTION

The Internal Revenue Service today reminded Florida taxpayers that in order to claim the recently increased $750 personal exemption for a dependent, they must meet all the dependency tests.

The basic requirement to claim a child as a dependent is that the parent must provide more than half the child's support for the entire year.

Bette Chapel 453-6258

Saturday, Feb. 17, a one time tenant of our park, Ed Nisbett, passed away. The daughter and son of the Nisbett's came and immediately took Mrs. Nisbett back to New York where the funeral was. Nisbett's northern address is: 10 Fourth ave., Whitehall, N. Y. 12887. Helen Erndt's son and daughter-in-law stopped for a visit in route to a Bahamas cruise. The Ritchies left for a Hawaii tour and Nita was doing well with her walker. We have received two letters from them and Nita is using a wheelchair and enjoying the sights very much. Condit's entertained Loyal's sister and husband, Mr. and Mrs. Keerr of Dallas, Texas. The folks were able to spend five days here. The Learned's and some family had a birthday dinner for Chuck. Other birthdays for the month of February were celebrated at our pot luck dinner on Wednesday, Feb. 14. There were 45 for the dinner and the birthday guessts were the Perths, Emily Renaud, Grace Roman, Raymond Long, Mrs. Fletcher (Doug Mitten's sister). Emily and Raymond blew out the candles. The cake was baked and decorated by Ann Condit.

Ed and Edna Wilbur arrived Sunday to occupy the trailer where Perkins were staying. Perkins are now at an apartment directly at the end of DeSota ave. north. Mr. and Mrs. Barr were visited by their daughter, son-in-law and two grandchildren for two days.

On Monday the McEwens went to Bradenton to visit Clara's sister Lela Driscoll. Mr. and Mrs. Driscoll are leaving for Europe for two months, a treat from their son who is the Director of the Berlin Metropolitan Opera and occasionally appears in the states. Guests also arrived at the Tebo's home with the arrival of their son William, wife Shirley and Shirley's mother.

Tuesday, the Breister's were visited by a nephew and his wife, Mr. and Mrs. Roland Griuder of Fon du Lac, Wis. Het and Hat spent Tuesday with Mr. and Mrs. Stanley Shilling. The coffee hour hosted 24. Mary Strickland's daughter Jerry and husband Glen Zeizert were guests also at coffee while here for a visit. The Tebo's guests also joined the group for coffee.

Mrs. Hindsley left Wednesday for Sanibel Island with her son Buddy and his wife Carol after Buddy and Carol returned from a Bahamas Cruise. They returned Saturday and Buddy and Carol went on to return to Ohio. The afternoon sewing and crafts meeting found three busy ladies giving final touches to articles they are making for the hobby show.

I received a phone call from Louise Garrison Thursday and she is doing well and feeling much stronger. She sends her regards to all her friends in the park. The Engards entertained guests from Duluth, Mr. and Mrs. Robert Wentz and Mr. and Mrs. Jim Overlies. The evening aggravation games consisted of four tables and six games with Marvin Tebo winning all six games. Ann Condit and Anna Barth furnished refreshments. Also in the evening Elwood Stroup and Bill Zurgable attended a meeting of the Florida Game and Fresh Water Commission in Sebring. Explained were the many problems they face and their efforts to better sportsmanship in Florida in general but this territory in particular. An interesting question and answer period followed.

Visiting the Ernsburgers Friday, was Abe and Burnise Laramie of Milan, O., and arriving later in the afternoon, Mr. and Mrs. Claude Stewart of Palmetto, Fla. A flying treat was provided for the guests by Park and much enjoyed by all. The Renauds were visited by old friends of the park, the Keisters. Come any time folks!

The afternoon shuffling was cancelled due to uncertain weather. A good crowd turned out for Bingo in the evening. Thirty were present with Harry Barth doing the calling in place of John Ferrelli. The Ferrelli's are in their new home now and we hope to get an occasional visit from them as they will be missed very much here. Mr. and Mrs. Thompson now residing as permanent winter guests on lot 127 won the grand prize.

We want to welcome a visiting guest of Marie Stroobant, her sister Mrs. Whitmore of DesMoines. These two gals will stay busy you may be sure.

I am very pleased to report that Mr. Bittle who entered the hospital Thursday morning is doing real well and responding to treatment.

Rebekahs Observe 50th Anniversary

Eleanor Seaverns Rebekah Lodge No. 65, held a special meeting on Feb. 12, at the Lions' Hall on West Bell st., to celebrate the "50th Anniversary" of the Lodge.

The meeting was called to order by Noble Grand Nancy Shay, who welcomed all who were present.

The 'Pledge to the Flag' was given, followed by one verse of the "Star Spangled Banner". The Chaplain, Lucy Sykes, P. N. G., led in prayer.

Sister Ellen Syfrett, president of the Rebekah Assembly of Florida, and Lady Mabel Wagner, First V.P.-Dept. Assn. L.A.P.M., were escorted to the Noble Grand's station.

Visitors were present from many parts of the state, from other states and from Canada. There were a large group of prominent Odd Fellows present.

Lillian Seeger, P.N.G., was in charge of the program, and introduced the Shuffle Aires, who lead the group in song, "God Bless America", in honor of the returning P.O.W's.

The Shuffle Aires then sang, "Happy Days Are Here Again", and "The Sunshine of Your Smile". They were accompanied on the piano by Lillian Seeger.

A letter was read from Grand Master of Florida, William C. Culbertson, congratulating the Lodge and saying he was sorry that he would be unable to be at the celebration. Other letters of congratulations were also read by the secretary. A very pretty floral arrangement was asknowledged from Sebring Rebekah Lodge No 28.

Sybel Watson, who is in charge of music, at the First Baptist Church, sang "Lonley People", which was very inspiring.

Bessie Decker, P.N.G., read the History of the Lodge, which she had been working on for some time, and which proved very interesting and informative.

It was on Feb. 12, 1923, that Eleanor Seaverns Rebekah Lodge No 65, was instituted. It was named to honor Eleanor Seaverns, who worked very hard in getting the Lodge started, but didn't live to see her dream come true.

The only remaining charter member, Pearl Spink, P.N.G., was unable to be present, as she is confined to a nursing home and not able even to see visitors.

One item in the history, was a notice that appeared in the Avon Park Sun, sometime in the 1930's, quote, "The Eleanor Seaverns Rebekah Lodge No 65, will serve a cream chicken supper, Saturday, beginning at 5 p.m., until all are served-- Price of Supper, 25 cents."

Many of the Lodge's P.N.G.'s have served as district deputy presidents. In 1931, the Grand Lodge and Rebekah Assembly of Florida, met here in Avon Park, at the Pine Crest Hotel.

These were just a few of the highlights. Bessie was given a big hand for her historic write-up. The Shuffle Aires then sang, "May The Good Lord Bless and Keep You".

Ellen P. Syfrett, president of the R. A., introduced two members of her official family, Eva Alice Lamb from Arcadia, D.D.P., and Bessie Decker, ass't. musician of the assembly. Many guests spoke and congratulated the Lodge.

The hall was very attractively decorated with floral arrangements, with gold and purple predominating. The tables were especially attractive. The crystal punch bowl was on a gold base and surrounded by greenery and flowers. At the punch service was Ethel Harrison, P. N. G.

Gold and crystal trays held dainty sandwiches and other goodies. Lillian Seeger, P. N. G., presided at the coffee table, which had crystal and gold appointments.

A most beautiful three-tiered anniversary cake decorated in the Rebekah colors of pink and green, and topped with a big gold "50", was the center of attraction. The first piece of cake was cut by Nancy Shay, P.N.G., and Ellen Syfrett, president of the R. A. Bertha Barker P. N. G., was in charge of refreshments.

A social hour was enjoyed by all, with members and guests viewing the old-time pictures and articles about the Lodge.

☐ Lots of congestion. ☐ No swimming, fishing.

☐ Far from a country atmosphere. ☐ No parking.

☐ Too many people. ☐ House too old.

☐ House too small or too large.

We found out what many people don't like about their present lifestyles. And we designed Spring Lake with those facts in mind. After all, we want it to be what you want it to be.

The result is a new, total community, peaceful and quiet, nestled among the scenic woods and lakes of Central Florida. It adjoins Lake Istokpoga, one of Florida's largest lakes and one of the best fishing spots in the state. And Spring Lake is just eight miles from the charming town of Sebring, which offers you excellent restaurants, theatres, golf, a hospital, banks and schools.

Spring Lake itself is a collection of fine homes with quiet wooded locations. Highly qualified builders have models on exhibit, including five of the best-selling homes by the Deltona Corporation. All the homes feature spacious living and many electrical conveniences. The range of prices is designed to fit all budgets.

This new, total community of Spring Lake is being developed in Central Florida by Coral Ridge Properties and Westinghouse through a subsidiary, Florida National Properties, Inc. Mabel Stocker

The February birthday dinner was held on Wednesday, Feb. 14, at the shelter. At 1 p.m., a covered dish dinner was enjoyed by 72 residents and their guests. In the afternoon, a shuffleboard tournament was held. Winners were, Harold Ayers and May Graper. Birthdays celebrated were: Alice Maxwell, Alta Campbell, and U. T. Ellenberger. Hosts and hostesses were: Mr. and Mrs. Fred Graper, Mr. and Mrs. Everett Tribbett, Mrs. and Mrs. Art Parker and Mr. and Mrs. Glen Coakly, who did a very nice job decorating and organizing the dinner.

Robert Edinborough of Elmira, Ontario, spent a few days visiting his parents, who have now returned to their home in Lucknow, Ontario.

Mr. and Mrs. Ron Karagitz and son, Kevin of Wyandotte, Mich., have returned to their home after visiting with friends in the village.

The Tuesday afternoon craft meetings have been well attended, with broomstick crocheting being the new craft being done by many.

John Kalash of Gibraltor, Mich., has returned to his home after visiting with his mother and friends in the village.

William Ray of the village is a patient in Walker Memorial Hospital. We wish him a speedy recovery and return to his home. Mrs. John Grunden is recovering nicely in her home too.

Dwight McDonel of Camden, O., spent the week-end visiting in the home of his brother-in-law, Ed Stocker. Mr. McDonel's wife was a sister to Mr. Stocker and Mrs. Winona McBeth, who is a guest in the Stocker home.

Mr. and Mrs. Phillip Barrello of Cherry Hill, N. J., visited for a couple of weeks with her sister, Mr. and Mrs. Michael Curley and Mrs. Doris Rodgers.

Shrove Tuesday is March 6, which is also called Pancake Day. This is the day, when the Episcopal Church Women will sponsor the Annual Pancake Day. The event will be held in the Parish House of the Church of the Redeemer. Serving will start at 9 a.m. and continue until the last customer is served.

The menu will include, grapefruit, coffee, Copeland's tasty sausage, and the delicious "Redeemer Pancakes". These pancakes, made from an 'old family recipe', have become famous in the Avon Park vicinity. Having once tasted these cakes, people can hardly wait, until they are again available. Mrs. Rae Wester's delicious syrup, is one more treat, that should not be missed.

Mrs. Ed Hall's committees are all working and the same excellent service is promised, which has made "Pancake Day", so successful in past years.

Mrs. Louise Watterson, is in charge of the baked goods sale, and will offer a variety of delectable goods.

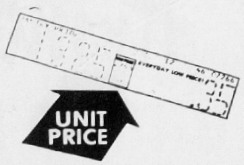

Tickets for the pancakes, $1.50, adults; children, .75, all one can eat or drink. Come one, come all and enjoy the good food offered on this day. This is the last time of asking.

Put on the Full Armour

"Wherefore take unto you the whole armour of God" . . .

In Paul's letter to the Ephesians, he makes a comparison of the children of God and warriors. He says that our loins should be girt about with truth, and having on the breastplate of righteousness. He makes many more comparisons that exhort us to a proper life. Another thing that Paul urges is that we gather together and worship the Lord. No part of our armour is greater than regular church attendance. Much strength for the week is derived from worshiping with others.

Complete your suit of armour . . . attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

EVERYONE IN THE CHURCH . . . THE CHURCH IN EVERYONE
