United To Spend \$2 Million Here

United Telephone will spend more than \$2,000,000 in construction outlay in Highlands county next year, Charles Bryan, northern district commerce manager, announced this week.

An additional \$1.5 million is scheduled for later, DeSoto and Okeechobee counties. United will spend \$300,000,000 in 1973 throughout the fast-growing 15-county operating territory. This is a 40 percent increase over the past year's budget.

The company's Avon Park switching facilities will receive more than \$25,000 in equipment addition Bryan said. New cable projects will be added in the area and to serve the Sebring area.

"Several cable projects in the Sebring area will primarily provide relief for rural subscribers," said Bryan. "Major attention will be given to the Sebring, Hills and Hammock road areas."

Sebring projects total \$1.2 million, including a \$350,000 expenditure to add equipment for 1,680 more lines in the local switching center during the last quarter of the year.

Bryan said that three cable projects are scheduled for the Lake Placid area during the second and third quarters. A new \$750,000 switching center was placed in service in mid-December. The new part of the exchange will receive additional facilities as well as the Leisure Lake and Placid Lakes area.

Over the past year, Bryan said, the district has gained 4,000 telephone lines with more than 37,000 new service. He said the company expects a net gain of 4,800 telephones in the district during 1973.

In Highlands county, United currently serves some 17,500 telephones, had them in the Greater Sebring area. Avon Park has 5,500 telephones and Lake Placid approximately 3,550.

President Ford P. Kininger of United said that 60 percent of the construction outlay in the district will be invested in new outside plant projects, including cable in newly-developing areas and in locations where existing facilities have usually been outgrown or threaten to become inadequate.

The remainder of the budget, he said, would be applied to providing equipment additions at local and long distance switching centers some land purchases and building additions.

Since United took over the Sebring Telephone Company telephone system this area about five years ago, much money has been spent expanding service to replacing out-dated, malfunctioning service.

Skull found Here By Teenager

The Highlands county sheriff's office is investigating the discovery of a human skull and a femur in a vacant lot along the 27.

Lenn Brumley, assistant to Sheriff O. L. Ramsey, Jr., said search is being made for more bones. Brumley said sometimes bones as old as 100 years old but lab tests being made will give further information.

He said there are reports of a missing person, not accounted for, bones were discovered by teenager, George Tomel.

FIRST AIRPLANE RIDE AT 93 YEARS OF AGE, is what Mary Jane Myers, (pictured above with Bill Thompson), had in December. Mrs. Myers and Bill are pictured at the Avon Park Airport, which is managed by Don and Shirley Gossick, after a ride in Bill's Piper Cherokee 140 B. Mrs. Myers was Bill's first grade teacher, so this event was a thrill for both. Mrs. Myers said she didn't realize Avon Park was so big and beautiful

and there were so many lakes around. She also said the ride was nice and smooth, and she wasn't afraid at all, with Bill as the pilot. Mrs. Myers is real proud of her former first grade student, saying he knows how to handle a plane and she is ready to go back again. Bill spoke highly of Mrs. Myers, saying she was a dedicated teacher to her children, loving them and loving to teach them, regardless of pay.

DOT Estimates County Will Need \$60 Million For Roads By 1990

Highlands county will need \$60,761,000 before 1990 to meet the most critical highway needs of the next 18 years, according to a report released last week by the Florida Department of Transportation, division of planning and program.

The critical needs, as listed by the report, include construction of new facilities and improvements and expansions of existing facilities. The figure includes only the right of way and construction costs for identified needs during the next 18 years and does not include maintenance costs necessary to preserve existing highways and related structures.

The breakdown for Highlands county shows \$21,117,000 needed for its state roads system, \$19,546,000 for county roads and \$20,098,000 for roads within the municipalities.

Standards to judge deficiency used in the study to determine highway needs were standards of the American Association of State Highway Officials, used by all 50 states in determining highway standards.

Roads were classed as deficient on six factors: (1) volume-capacity ratios higher than minimum; tolerable conditions; (2) lane widths narrower than minimum tolerable widths; (3) curves, grades and/or stopping sight distance restrictions not meeting the minimum tolerable safety conditions; (4) structural condition of pavements below the minimum tolerable conditions; (5) railroad crossing protection below minimum standards; and (6) safe loading, with or without clearance of a structure below minimum standards.

The report lists all highway needs in a county-by-county breakdown with strip maps depicting needs for new lanes and new roads in each of DOT's five districts.

King Named President Of City Council At Meeting

Clarence King was sworn in as the new Council President of the Avon Park City Council, Tuesday Jan. 2, during the organizational meeting held at 9 a.m. King replaces outgoing president J. R. Duigan who was defeated at the polls by Bob Woodruff who was also sworn as a councilman during this meeting.

Durrah Martin, who gained re-election last month, retained his seat as Council Vice-President during this short meeting, which lasted only 15 minutes.

The council now consists of the three already mentioned along with Herman Sizemore and Milton Howard. The new council voted to retain Jonathan Hancock as City Attorney and David Lanier as city judge. They also voted to promote N. G. Davenport from assistant water works supervisor to the head post to fill the unexpired term of Willie Willis who retired the first of this year after forty years of service to the city.

At the last city council meeting, before the Woodruff took office, Duggan held the chair for the last time. During this meeting the council heard a letter from the Civil Service Board stating that in accordance with the request of the City Council they would conduct a hearing into the alleged involvement of Patrolman Jeff Holland and into his conduct as a police officer. This investigation would begin sometime after the Christmas holiday season. Another letter from the board stated that they

had declined any action upon the request of D. L. Jackson for credit for prior service with the city. The council noted that if they would start doing such, they would have to do it for all past employees of the city who might return to work for them.

Fire Chief Mack Flowers was on hand to present a report on the Civil Defense Exercise held in Avon Park, Dec. 12. Flowers stated that his department received "outstanding co-operation from the police department" during this drill. "I don't think it could have been handled any better if it had been the real thing," continued Flowers.

He said that his department was on the scene four minutes after the call was received, with six paid and 15 volunteer firemen, six policemen, two

Traffic Fatalities Reach 17 During 1972 In County

Traffic fatalities in Highlands county for the year were 17, seven under the 1971 figure of 24 and nine under the 1970 figure of 26.

Florida Highway Patrol troopers attribute this to the more vigorous enforcement of traffic laws since troopers now are paid to work overtime. There has been a concerted effort in the county by FHP to crack down on traffic offenders.

The year wound up with a flurry of accidents, but no serious injuries to those involved.

Powell - Sullivan
There were no charges as the result of a rear end collision at 7:30 a.m. Dec. 27, 7 miles north of Avon Park on Route 27. Trooper J. E. Vann estimated damage to the pickup truck of Elton Powell, 36, of Frostproof at \$150 and to the car of Eugene Sullivan, 52, of Avon Park, \$100.

White - Bennett
Audrey Bennett, 42, of Avon Park, in backing from a private drive, hit the car of Bill White, 41, of Avon Park, at 1 p.m. Dec. 28, 1 miles west of Avon Park, damaging it an

estimated \$20. Trooper Vann estimated damage to the Bennett car at \$500. There were no charges.

Oberst - Gregory
Fred Oberst, 78, of Maryland, and Erastus Gregory, 77, of Sebring, were waiting for traffic to clear on Route 27, 2 miles south of Sebring at 10:40 a.m. Dec. 30. And when traffic cleared, the Oberst car, in turning, struck the Gregory car. Trooper Vann filed no charges, estimated damages to the Oberst car at \$100, the Gregory car, \$75.

Judith Peoples, of Lake Placid, driving along a private drive 15 miles south of Lake Placid at 7 p.m. Dec. 30, noticed flames coming out of the hood of her car. She got out from the car, and it went up in flames. Trooper Ralph Hough investigated. There were no charges.

White - Harrison
There were no charges in a freak accident at 11:20 a.m. Dec. 29, 6 1/2 miles east of Sebring on Airport road. A metal standard fell from the tractor trailer being driven by David White, 28, of Tampa,

onto the van of Perry Harrison, 78, of Sebring. Izzetta Harrison was a passenger.

Rich
Eddie Rich, 61, of Lake Placid, and the five passengers in his car were injured in an accident at 6:15 p.m. Dec. 26 five miles south of Lake Placid on Route 27, but not seriously enough to be taken to a hospital.

Rich lost control of his car and rolled the vehicle one-half times. Trooper Frank Williams charged him with willful and wanton reckless driving and estimated damage to his car at \$800.

Passengers in the car were Linda Burger, C. L. Morhollen, Rosemary Burger, Belinda Rich and Jennie Burger.

Schneider - Vanderley
William Schneider, 78, of Sebring, was charged with careless driving after an accident at 3:30 p.m. Dec. 26 at the intersection of Wren and Harris avenues in Sebring Hills. Elfreida Schneider, 79, was a passenger. Damage to their car was estimated at \$150. The other driver, Jonas Vanderley, 34, of Florida, also was charged.

Policeman Demonstrate Tape Recorder

David Lanier, program chairman for this month, introduced a representative from the Avon Park Police Department, Archie Hancock, who demonstrated the new video tape recorder and how it is used in police work. The video recorder is used for such purposes as filming drunk drivers on the road and at the station which could be used as evidence in court. Also, the recorder can be used to record testimony of witnesses in a trial to be played back for the jury if they wish to review portions of the testimony.

SPEAKING AT THE Avon Park Rotary Club meeting Avon Park Policeman Archie Hancock (right) showed the Rotarians how the new police department video equipment worked. A portion of the meeting was taped

and played back, such as the instant replays of televised football games. Watching the demonstration are Charles Sargent and Art Turner.

Taxes On Phone Bills Decreased

It is not often the American public hears the delightful phrase, "your taxes are being reduced." But a current message from United Telephone to its subscribers carries such news.

On a \$15 per month bill, for instance, tolls included, the saving would be 15 cents.

Beginning Jan. 1, all bills rendered for telephone service will reflect a one per cent decrease in the assessment of federal excise tax.

It is the first of 10 steps being taken toward the eventual elimination of the 10 percent excise tax which has been collected on communications services since it was levied as an "emergency measure" during World War II.

Other similar "emergency" wartime excise taxes have long since been eliminated.

Many attempts to reduce or eliminate the tax on communications services have been made since that time—and for a brief period in 1966, the tax was actually reduced from 10 percent to 3 percent.

Telephone users had only a three-month respite, however. Another "emergency" situation, the war in Vietnam, prompted a hasty return to the 10 percent levy.

In 1973, the excise tax on communications services will be collected at the rate of 9 percent. Subsequent reductions of one percent each year are scheduled in the effective rate, leading to elimination of the tax on Jan. 1, 1982.

The long-endured 10 percent tax has been in the eyes of the government—a productive tax. Telephone companies make the collections and handle the paperwork for the tax which, over the years, has pumped billions of dollars into the federal coffers. In fiscal 1971 alone, the federal government realized over \$1.6 billion from the tax on communications services.

"Telephone companies have long been opposed to this regressive tax, but have been unsuccessful in repeated efforts to have the tax removed," says R. C. Ridinger, United's general commercial manager.

Although the reduction schedule now going into effect does not eliminate the tax as quickly as we would like, it is a positive step."

Ridinger adds that United Telephone of Florida customers paid \$2.2 million in federal excise taxes in 1971 and more than \$2.7 million for the year just ended.

Corbin Family Sees Their First White

Christmas While In Wisconsin

The Corbin Family, Lee, Pat, Sherrye and Terri left Friday before Christmas on a trip, which took them to Wisconsin and their first "White Christmas".

They first drove to Atlanta, where they visited with Lee's mother, Mrs. Marnie Corbin, and his sister's and brother's families, Mrs. Clara Wilderson, and Mr. and Mrs. C. D. Corbin and girls.

They left Atlanta Christmas Eve morning and flew into Milwaukee, Wisconsin. They said it was a beautiful sight from the air, snow everywhere.

It snowed the night of their arrival, which was quite a treat for Pat, Sherrye and Terri, as they had never seen snow. The snow was a mix of ice and snow on the ground, and they had a good time throwing snow balls. They also

visited several tourist attractions, while away. It was also another first for Pat, Sherrye and Terri, their first time to fly, which was quite a thrill for them. The Corbins said they will like Florida weather best, although they did not have one "White Christmas".

Prior to leaving on their trip, the Corbins took Pat's parents, Mr. and Mrs. Marvin Jones out to dinner at Branch's Ranch in Plant City. They also joined in a Christmas party at the Jones' home in Pinedale. Refreshments were served and gifts exchanged.

Gates And Beginnings

As you know, January was the first month of the ancient Roman year and it was named for Janus, the Roman god of gates and beginnings. Janus was always pictured with two faces—looking in opposite directions.

Isn't this the way we approach January, the first month of our year? Like Janus we find ourselves looking backwards and forwards. But Janus of the two faces was also the god of gates and beginnings.

One of the loveliest writings about the new year was by M. Louise Haskins. These lines from it have stirred and inspired many persons:

"And I said to the man who stood at the gate of the year: Give me a light that I may tread safely into the unknown."

And he replied: "Go out into the darkness and put your hand into the Hand of God. That shall be to you better than light and safer than a known way."

"So I went forth, and finding the Hand of God, I trod gladly into the night. And He led me towards the hills and the breaking of day in the line East."

January—the month of gates and beginnings. There are many, many references to gates in the Bible. The gates were an important part of the ancient city, for they were the

only means of passing through the wall.

A gate is a way in. It is also a way out. As we enter into this new year, we are entering the gate of 1973 but we are also exiting from the gate of 1972.

We are entering into a new year; we are leaving the old behind. In theory, at least, this is what we do. But sometimes we make the gate to the new year an access through which we enter laden with the things of the past that we should have laid aside or left behind. This is where our conscious thought about the new year is important. For the mere turning of a page on the calendar from December 31 to January 1 does not make us a new person. The turning is an inner turning, a turning from the doubts or fears or failures of the past, a deliberate turning of our face away from the shadows to the light. We cannot face two directions at the same time, nor do we want to. The god Janus may have been depicted as facing in two directions at the same time but we see how unrealistic a position that is. So we face forward; we enter the gate marked New Year. We see it as a new beginning and we place our hand in the hand of God, certain of guidance, certain of wonderful things ahead for us in the new year." (From UNITY Daily Word-January 1973.)

Meeting Set On Revenue Sharing Funds

Highlands county commission has invited the public to help formulate a long-range plan for expenditure of federal revenue-sharing funds. At its meeting Dec. 19 the county board set an opening meeting for Feb. 6, 7:30 p.m., at the Agri-Civic Center. Commissioners "off the top of the head" offered some suggestions for possible uses of the money but quickly agreed with Commissioner Norman "Jug" Heston's observation that a decision should not be rushed.

The county has received \$12,182 as the first installment on what may amount to more than \$1 million over a five-year period. The first installment is on three months time deposit. In a short id-sharing discussion Commissioner Buddy Fise, who hails from southern Highlands county, pointed out that Lake Placid has received a very small share of a federal windfall (a little more than \$2,600) but in many ways seeks to provide service to approximately 14,000 of the

county's residents (almost half the county's population). He feels special consideration should be given to Lake Placid's needs.

Wise also suggested that the federal funds might provide "a \$50,000 for a traffic light" (which is the difference between the budget and contract prices for a traffic light at

Sebring High school intersection). Freshman Commissioner Ken Wilkinson said the three cities should not have to bear "sole responsibility to provide recreation for our young people." He said 40 percent of the public school children in Highlands county live outside any city limits.

Skipper repeated a plea he had sounded earlier for allocating funds to provide more space for public offices. Heston said, "We need to start thinking about a county-wide fire department."

The public meeting for sharing ideas on the best use of federal revenue funds was first set for the courthouse but

changed to a night session at the Agri-Civic Center to provide time and space for more participation, the board members said.

Montreal is 1,000 miles from the Atlantic, yet is 300 miles nearer Europe than New York City.

Board Requested To Deny

Lights At Intersection

--Dan Durrance, representing the Highlands County Environmental Council, requested Tuesday that Highlands County Commission deny the use of lights at the Bair's Den (Hwy. 27 and 70) intersection.

Durrance noted: "I don't see how this can benefit the county. Most accidents in that area occur in the daytime. I feel that this is a money-making project for the Florida Power Corp. I'm speaking not only for ecology but also for economy."

Commissioner "Jug" Heston agreed with Durrance and said, "I feel that most accidents happen there in the daytime also."

Skinner said that the lighting plan which was suggested by the Commission last year was still "not settled" and that the matter was being studied by the Department of Transportation.

--Later in the meeting representatives of Florida Power Corp. presented a detailed analysis of the plan for lighting several intersections in the county. Included was the Bair's Den intersection.

ing Florida Power, told the Commission that each light would cost "about \$8.50" each month for electricity. Tentative plans call for 53 lights at the Bair's Den, Hwy. 27 and 70 and Hwy. 27 and 821 (Lake June rd.) intersections. This adds up to \$450.50 per month cost.

Skinner requested that the company tell the county the exact costs of the lights at the individual intersections, including the cost of underground cable. The matter was tabled for further study pending the cost estimates for the lighting.

PARENT-TEEN CONFLICT: ADV TO PARENT

Q. Dr. Miles, will you write a column on teenager conflicts problems related to Please direct some parents. (S.N.)

A. Yes, I understand that my next week will direct advice to teenagers on teenager courtship. Attention parents of teenagers. (Fool here who fears fear)

So your child has reached dating age. What? Many parents can't believe that Johnny or little growing up. It's very let go of your child, let them to gradually independent where the conflict "generation gap" is during the teen courtship years. Now is the time to face it can you do to keep and friendly relation your child and dating difficult years?

First, the under should start with should have started by teaching your child values with which function as a well stable person. You child's model, to have perfect. If you fail to as a model, you fail and yourself as well.

Ok, so you're a type of typical child. You're not perfect in your child's actions and take seriously. He needs someone about love, and he's understanding and path to help him in roads. Above all, direct or ridicule his behavior. He's living his life as it is. It's real. If you are his changing behavior, attitudes during court, why are you suspicious you are looking for bad signs? PARENT-TEENAG CONFLICT: ADVICE TO PARENTS

Q. Dr. Miles, will you please write a column on parent-teenager conflicts, including problems related to co-sleeping. Please direct some advice to parents. (S.N.)

A. Yes, with the understanding that my column next week will direct advice to teenagers on parent-teenager courtship conflicts. Attention parents of teenagers! Here we go. (Foolishness in where angels fear to tread.)

So your child has finally reached dating age now what? Many parents just can't believe that their Johnny or little girl is growing up. It's weird to let go of your child and allow them to become gradually independent. This is where the conflict and "generation gap" lie in during the teen and courtship years. No parents, it is time to face facts. When you do to keep relaxed and friendly relationship with your child during this "difficult" years?

First, the understanding should start with you. You should have started infancy by teaching your child set of values with which could function at a well-adjusted stable person. Your child's model, to him or her, is perfect. If you fail your role as a model, you fail your child and yourself as well.

Ok, so you're a typical parent with typical child who are typically perfect right? Wrong! Don't kid yourself. You're not perfect neither is your child. Be realistic about your child's act (and about your react to his actions) and face feelings seriously. He needs to know someone about "new love" and needs understanding and sympathy to help him (bumpy roads, above all, drive) or ridicule him in his behavior. He's "in" or "out" of his life at least feeling is real. If you are proud of his changing behavior, attitudes during courtship, know why you are proud. It is possible you are looking for bad signs? Be realistic and listen to his problems. He will give you a clear accurate view into his feelings and attitudes and caution both sides. Remember, times do change even though rules about morality and taste don't change!

It is true that an act may be a "buddy" or "f" to his child; however, it is times and situation this approach is not recommended. Sometimes you misread your child. Remember, you are the symbol of it. However, even such commanding (no kidding) is necessary, be to give legitimate reason for your actions, and then be field open for discussion. This is what the wanted the entire time child wants complete independence from his parents.

Even though the times when you must put foot down, remember, remain fair minded. Children should have voice in making family about such things as family car, curfew, dating privileges. When he is set in a family he is sure they are defined and explained. Child understands the rules. These rules should be should be just as strict, and your child (and your child) should be informed of the penalty. Punishment should fit the crime. Above all, be fair to your teenager. As mature as you, you say "no" know it!

Support your child. He needs to know behind him one hundred percent! Always keep in communication never threatening. These ideas or views are inferior to yourself you want your child to solve his problems with should not pressure him to feel ill-at-ease (for his friends, too) he is around you or to you. Keep in mind that to grow up, and you

wants, seeks, and needs your approval. You have been the child's teacher and model - right? So what if you can't trust him? Could you have failed or fallen down in some area? You must trust your child's judgement and good taste. Unless he shows it clearly to you, he is not a look at yourself! (However, if he shows, beyond a shadow of a doubt that he cannot be trusted you must let him take over with authority, yet with wisdom.)

Along with this trust also comes respect. You expect your child to respect you; so you should respect him equally. His privacy is just as important to him as yours is to you; his ideas and opinions are also equally important. Praying and eavesdropping are strictly out. It's dreadful when parents have to stoop to such tactics. Face it, you must let him make some decisions on his own. You do want him to grow up, don't you? You'll merely have to wait for him to make the first move. He'll open his heart to you if you trust him and listen to him. This can't be over-emphasized; trust and respect your child!

Finally, try to understand and there will be a lot to understand! First, you must separate your world from his world; they are not the same! Try to understand his society, friends, problems, and pressures. Second, remember you were once a teenager, and you also liked to be with people your own age and included in their activities. Failing to try to understand your teenager may sometimes result in his rejection of you.

Finally, be able to laugh with your child, not at him, and to enjoy all the pleasures and beauties of being a beloved and cherished parent.

Avon Mobile Home Park News

By Ruth E. Robinson

There were 90 who attended the annual Christmas party sharing warm fellowship and the Christmas spirit last Saturday night, Dec. 22 at a beautifully decorated recreation hall. A film of the season was shown by our Emcee, Emmette Wright, entitled "Three Wise Boys." The true meaning of Christmas unfolded in the three boys watched event that happened on the day before. Many hearts were touched as they remembered their own families back home.

Emmette led in a couple of favorite carols, sung by all present, then the Ladies Choir sang many carols. At the season, accompanied in the piano by Sallie Wright. Under the direction of Lloyd Bryant, the Men's Chorus sang to a few songs, with Harold Wolcott at the piano.

Hugo and Risa Plaug were in charge of the Christmas presents which were enjoyed and appreciated by all receiving them. Delicious punch and cookies were served by Dorothy Baxter and Ruth They were not all consumed at our New Year's party well supplied with these goodies. Mr. and Mrs. Lloyd Bryant has charge of this night, in date Dec. 30 at 7 p.m.

The Christmas dinner on Dec. 25 was tasty and wide variety of delicious food were served. The turkey and ham were furnished by Sale and Emmette and baked by the ladies of our park. Wear all thankful to the Wrights for this contribution of excellent meats, as well as the "abor of love" by Louise Bell Verna Ferro, Lorena Wyatt, and Olive Burnett, as they prepared them for the holiday. William Belcher led forayer. Mrs. Lorena Wyatt rose for her reading, "Just a little bit of Christmas."

Mildred Long sang "Holy Night," a solo, she doing a fine job leading the "Mobileers" our Ladies Choir, and we think she is great as they are doing very well.

Howard Bell treated us to a modern reading of "Mile Red Riding Hood" which was a true story of today's certain situations.

The Ladies Club, responsible for most of the events in our park, Margaret Belcher arranged and planned the program for Christmas, and expresses "thanks" to all her helpers.

We welcomed our new neighbors, Mr. and Mrs. Gordon (Jean) Clark on Dec. 23, and wish them a pleasant and happy winter as the make new friends here.

He is presently in his sophomore year at Bethany Nazarene College in Bethany, Okla. Jonathan will be home until Jan. 15 when he returns to college.

Other holiday guests of the Wrights included their daughter Janice of Guesville, their son David and wife Kathy, also Sean of Winter Haven, Sallie's mother, Mrs. Nina Miller, from Hillcrest Nursing Home in Avon Park joined them for dinner.

They went to Disney World on Thursday, accompanied by Margaret Derr and Margery Faulkner. On Sunday afternoon they went to Cypress Gardens. Robert liked Florida very much and was especially appreciative of the friendliness of the residents of the park. He will return to Columbus, O., on Dec. 29.

Mr. and Mrs. Joseph Bacon went to St. Petersburg Christmas morning to spend a few days with their nephew, James Doolittle and family of Terre Haute, Ind., who are spending a week's vacation at Treasure Island.

Williams Is Member Of Group Studing In Japan

James Howard Williams, Jr., son of Dr. and Mrs. James H. Williams, Avon Park, who is presently studying in Tokyo, Japan, as a member of the Farham College Japan Study Group, was able to see at first hand how the Japanese combine elements of an American Christmas season with their traditional Buddhist observance of the New Year.

In these weeks Tokyo stores outside American ones in lavish displays to promote sale of their merchandise and because this season coincides with the annual end-of-the-year bonus to all workers, sales are high. However, shortly the age-old decorations made of pine bamboo and plum branches will also appear outside stores and public buildings. These signify the beginning of a more serious religious season of oshogatsu or the New Year. Thus, once again there is evidence of the co-existence in Japan of western influence and traditional native customs.

Bruce and Audrey Pettit of Walkerville, Mich. spent over Christmas on the "over-nights" and visited with Harry and Ellen Hunt.

Twenty-eight people ate Christmas dinner together in the Rec Hall on Monday. Lorena Campbell and Ellen Hunt were in charge and roasted the ham.

TIME...

As the old year passes and the new begins, we are more conscious of time itself than we are at any other time of the year.

These are days when most everything is geared to a higher speed. Automobiles are faster, aircraft set new records. Production is speeded up to make the best possible product in the shortest time... but this is a good time to slow down and re-view the past and to make plans for the future. Think of the past, but only of how you can improve on it. Plan now for the future. Make sure that you will have time for the Lord this New Year. Start now to attend church, make it a regular habit.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THE NEW AVON PARK CITY COUNCIL, pictured above, met for its first meeting of the New Year Monday night. Seated above from left: Mayor Robert J. Barben, Clarence King, elected Council President; Malcolm Crews, City

Clerk; Bob Woodruff, only new Councilman; Standing from left: Jonathan Hancock, re-appointed City Attorney; Herman Sizemore, Milton Howard and Durrah Martin, re-elected Council Vice President. Photo by Sharpe.

Ordinance On Sale Of Beverages Changed By City

Avon Park City officials were surprised by way of the mail last Monday as they received the city's final 1972 share of funds from the Federal Revenue Sharing Bill. City Clerk Malcolm Crews informed the council that the

city had received only \$66,500 for the period of July 1 through Dec. 1972, compared to their last check of \$69,384. The council was under the assumption that this second check would be equal to the first. However, since many of

the cities across the nation have complained of their share, the federal government has taken five percent from all checks, hoping to use these funds to quiet the rumble.

The council told Crews to take the money and invest it

into a 90 day certificate of deposit at the bank paying the highest rate of interest. This meeting was the first attended by newly elected councilman Bob Woodruff. The council is now composed of Councilmen Herman Sizemore, Milton Howard, Woodruff, Council president Clarence King, and Council vice president Durrah Martin.

Robert J. Barben is still serving his term as Mayor, and Jonathan Hancock was re-appointed to his position as city attorney.

The council passed Ordinance No. 564 last Monday. This ordinance establishes the proper way of measuring the distance between a church or school and a business selling alcoholic beverages. The way of measuring will be from main entrance to main entrance.

The council also chose 10 people to serve on the Recreation Council. 20 names were submitted to the board for them to choose from by the various civic clubs and church organizations. Of these 20 the council chose 10 who are the Rev. Paul Trissel, Fred Connor, Eileen Martin, Fred Sandlin, Gene Brenner, W. S. "Steve" Maxwell, Clifton Crews, Cylla Rimer, Dan Davis, and Ernest Sims.

The council voted to have the first Recreation Council meeting at 5 p.m. on Jan. 15, and also decided to have the Library Council hold its first meeting on the same date but at 4 p.m.

Crews reported to the council of conversations arising which have hampered airport expansion. Last November Council Attorney Hancock contacted a people owning property at the end of the runways at the city airport. He expressed the city's wishes and needs of expanding the runways. Of October the land had been sold to developers and named Avon Park Estates. They had planned this area into 1 1/4 acre lots. The developers are selling the lots for \$4995. Crews told the council that approximately three years ago the city had acquired some land in that vicinity for only \$300 per acre.

In other actions taken by the council it was decided to allow Duane Kopta to continue in the erection of the Thangars at the airport. Kopta had to submit another bid higher than his first because of the rise in the cost of materials. The council, noting that a time lag had been created because of the trouble they had in locating some more materials for the construction, okayed the increase in price. Kopta stated that he hoped to begin on the work this week.

The council placed \$30,155.45 of cigarette money into a one year certificate of deposit to gain interest. This money had been saved in case it would have been needed to be placed into the general fund before other revenue came on hand. Now the city is in a financial position to invest money.

A discussion was held by council members on the subject of lowering taxes. It was noted that the city is now on its feet yet many many needed repairs are still in the future and at a high cost. For example, a new sewage system and water works system is needed, which will cost over three million dollars. Even with money from grants, the city will need to keep its present property taxes for revenue. It was noted that taxes have not increased in the city for over 12 years.

The council voted to pay bills for the month of December, which totaled \$7,639.85 from the general fund and \$2,861.77 from the water system.

Bob Woodruff, serving on his first council meeting since his election, showed that he would not sit back and wait by asking the council to do something to

Hill Announces His Retirement; Ronnie Jackson Named Coach

Ralph Hill, Red Devil head baseball coach and assistant football coach, has announced his retirement from coaching duties after eight years as top Devil baseball coach. He will be replaced as baseball coach this spring by Ronnie Jackson. Hill is a graduate of Avon Park High School and now an Avon Park high school faculty member.

RALPH HILL

RONNIE JACKSON

Last season Coach Hill's Red Devils won the Class AA state baseball championship and Hill was named state state Class AA coach of the year.

Hill is a graduate of Avon Park High School and was a star athlete during his high school days here. He is also a graduate of Erskine College. In 1957 Coach Hill came to Avon Park from Erskine and taught physical education at Avon Park Elementary School for three years. During those three years, Hill coached junior high and "B" squad football and baseball teams. Later when he moved to the high school as a mathematics teacher, he became head "B" squad coach, and then moved up as a varsity assistant in football and head baseball coach in the spring of 1965 and the fall of 1966.

During his eight years as head baseball coach, Hill's teams won 103 games, lost 40, and tied 1. He won the state championship in 1965 and again in 1972 and lost in the state tournament in 1968. His teams were district runner-up two years, won the district title three times, the region three times, and took the two state

titles. Coach Hill's teams never had a losing season.

Avon Park students and fans will miss Coach Hill as a football coach and a baseball coach for Avon Park. He has always taught the highest ideals of sportsmanship on the athletic field and elsewhere. Avon Park is fortunate to have Ralph Hill remain in the school system.

Ronnie Jackson will be following four very successful Avon Park High School baseball coaches. Coach Ed Carter had the Devil teams from 1945 until 1951. Franza coached the 1952 team and then Guy Garrett coached from 1952 through 1964. Hill had the Devils from 1965 through 1972. Jackson played centerfield and pitched for both Coach

Joe Franza Retires After 21 Years As Head Coach For High School

After 21 years as head football coach and athletic director at Avon Park High School, Coach Joe Franza has announced that he will step down from all coaching duties next season to remain at the school as a physical education instructor and athletic director. Franza has been on the Avon Park High School faculty since the fall of 1949 and is in his twenty-fourth year of coaching the Red Devils.

Avon Park is the only school in which Coach Franza has coached and coached. He came to A. P. H. S. straight from Erskine College in the fall of 1949 and started off as physical education teacher and assistant coach in football and basketball and as head basketball coach. After the 1951 football season, Coach Franza moved up to head coach and athletic director. He coached the 1952 baseball team to an 18-3 record saying they were beaten only by Mulberry that year—three times. It was the only year he served as head baseball coach but he did manage the Legion baseball team several years.

In 1953 he was joined by Guy Garrett as assistant football coach and went on to set some very impressive records with Red Devil football teams over the past 21 years. His total record over the past 21 years in football shows his teams won 133 games, lost 68, and tied 9. Three times he took the Devils to the state playoffs. In 1965 the Red Devils lost to East in the state semi-finals, in 1966 Avon Park defeated East in the semi-finals and then lost to Monticello in the state finals, and in 1969 Avon Park lost to Delray Carver in the first round of the state play-off. Franza coached teams have won 12 and lost 9 to Sebring in the past 21 years.

During the past 21 years as head coach, Franza's teams have only had three losing seasons. In 1952 the Devils went 7-4, in 1953 they were 2-8-0, and in 1968 Avon Park went 3-7-0. Other than that Avon Park has won over half of the games each season. In 1956 the Red Devils had a perfect 10-0 record but lost to Barrow in the Sertoma Bowl at the close of the year. That year Franza was chosen as a State Coach of the Year and coached the south team in the annual state all-star game in Gainesville.

Joe Franza has spearheaded many improvements at Memorial Field during his years as athletic director and head coach. Some \$35,000 worth of building and improvement has been taken place. The south concrete stadium and press box, the two buildings which house dressing rooms and equipment rooms, new lighting for the field, and the new track are some of the things added to the field under Franza's direction.

For some 10 years Franza

also headed up the Avon Park Red Devil Circus. The student circus started out as a demonstration of gymnastic skills for the P. T. A. and grew to a full-sized outdoor production with two or more shows annually. It involved hundreds of students and many adult workers but was all coordinated and taught by Joe Franza.

Coach Franza and Avon Park's number one fan, his wife Shirley, saw their three children go through the Avon

Park school system. Georgianne, the oldest, was a varsity cheerleader. Joe played football and basketball and ran track and was named the outstanding senior athlete his senior year at A.P.H.S. and youngest, Susie, was captain of the varsity cheerleader squad her senior year and received the outstanding cheerleader award the same year as her brother received his award.

Joe Franza has been more than a coach and athletic

director during his years here in Avon Park. He has been an

Mrs. Murphy was presented two awards, one a sterling silver bowl with the inscription "1972 FQHA Champion 2 yr. old Race Horse". The other award, a trophy for high points in racing was inscribed "Fla. Champion Race Horse, Dept. of Agriculture, Doyle Connor, Commissioner". This award was presented to Mrs. Murphy by Gary Simpson, a staff member of the Commission.

The two-year old champion, Kool Moon, won the \$31,400 America's Playland Futurity at Pompano Park in Pompano last August.

Those attending the event at the Golden Hills Country club with Mrs. Murphy were her husband, Oakley, and Mr. and Mrs. Henry Corbett of DeSoto City.

Mr. Clark was installed at the regular Board of Directors meeting held last Thursday evening. Mr. Turner, outgoing president, also installed the following as newly elected officers: Joe Fann, first vice president; John Morris, second vice president; Glenn Welch, treasurer; and Robert E. Lee as

assistant treasurer. Attending the first meeting as a director were Mrs. Mildred Head, first woman to be elected to serve on the Board; J. T. Gibbs and Morris Adams (11). Milton Howard, City Councilman, was also recently appointed to the city to serve as representative to attend Chamber Board meetings. Photo by Sharpe.

Rash Of Vandalism Hits City

The City Council of Avon Park has asked the Avon Park Sun to request the Avon Park citizens to aid the Police Department in cracking down on the rash of vandalism inside the city limits.

Also hit on New Year's Eve, this time outside the city limits, was the Shamrock Station on U.S. 27 North.

Morehouse Will Direct Junior Women Folies

Along this line, vandals struck three businesses on New Year's Eve, throwing rocks through the windows.

Patrolman Jeff Holland reported that two business establishments inside the city limits had been hit, Turner Furniture and Lanes Records and TV.

At Lanes vandals threw a piece of asphalt through the window causing an estimated \$150 worth of damage.

At Turners, a person or persons, apparently driving in an auto, threw a rock through the window next to the front door.

Art Turner, owner of Turner Furniture Co., informed the Avon Park Sun that they will give a \$100 reward for information leading to the arrest and conviction of the person or persons who broke their store window New Year's Eve, Dec. 31, 1972. All information will be kept in strict confidence. Anyone with this information should call or see Art Turner or the Avon Park Police Department.

Frank Morehouse arrived in Avon Park Tuesday to direct the forthcoming production of "Folies Berg'ere" being

FRANK MOREHOUSE

sponsored by the Avon Park Junior Women's Club. Mr. Morehouse is from Atlanta, Ga., and represents the Cargill Corporation. Frank Morehouse has designed and staged shows for the Jerome H. Cargill

Producing Organization throughout the East, South and Midwest. A native of Columbus, O., he attended Ohio State University, the Far East Division of the University of Maryland in Tokyo, and Troy State College in Alabama. He is a graduate of Centaur's School of Design. Having begun his career while still in school, he has designed sets and directed numerous productions, among them "Guys and Dolls", for the U.S.O., "Outward Bound", and "Barfoot in the Park". His experience is not restricted to the stage, however; his movie credits include "The Great Robbery" which he produced and directed for Ohio State University.

During the welcoming party given for him at the Episcopal Parish House, Mr. Morehouse explained the basics of the show he intends to produce. He particularly stressed the need for quantity in some of the larger musical numbers, and requested that all those interested in show business please turn out to the Parish House the next few nights.
