On Wednesday evening with 22 folks playing shuffleboard the winners were Allene Howard and Twyla Wurster with Herman Wurster and Zola Smolen the runners-up. Ernie Thomas and Chris Steen won in consolation over John Wolfe and Gene Olson.

It started to rain on Saturday evening just as 16 folks started to line up. Not much rain just enough to wet the courts good. A few went into the Club House to play cards.

On both June 11th and June 15th there were five tables of pinocle players. High scores were Chris Cabezas 803, Mazie Sarnes 740, Fred Hughes 779 and William Benson 743.

There were eight for supper on Saturday evening with Arlene Lane as hostess. Bill and Gene Olson will be leaving this week to visit their son in Virginia Beach, Va., their daughter in Mt. Holly, N.J., and another son in Jamestown, N.Y. They won't be gone long as they will be moving into a new home here they recently purchased.

Olive Kervin is home from a month's vacation in Detroit, Mich. While there she attended a Golden Wedding anniversary and a 25th Wedding anniversary. She took her daughter Sister Carolyn and three friends to a very nice restaurant, The Gandy Dancers, in Ann Arbor in the old Michigan Central Depot. She

accompanied her daughter to Atlanta, Ga., where the daughter will be taking a three-day work shop at Georgia Tech. Olive flew home from there andileen Kull and Helen Floyd met her in Tampa.

We have one new member this week, Lucy Gray. She is from Michigan. Alta Robinson is again in the Hospital, but she is better now. Mayon Hoard is also in the hospital. They were on their way to Lake Wales to have dinner, when he became dizzy.

License Tags Go On Sale Tuesday

New vehicle license tags in Highlands County go on sale Tuesday, July 2, in the main tag office in Sebring. The office has been moved from the court house to the county building, 27 miles south of Sebring.

The tag office in Avon Park remains at Wells Motor Co. and the office in Lake Placid is at the old building. Lake Placid and Avon Park are branch offices and for tag renewal only. No title changes will be made at the branch offices.

Purchasers of tags are cautioned to be certain to bring their 1972-73 registrations with them. All offices will be closed

July 4.

Tag offices regularly are open week days from 9 a.m. to 5 p.m. Branch offices may close between noon and 1 p.m. for lunch hour when only one person is working there.

Tag Agency Supervisor Jimmy Whitehouse advised: "If you do not like to wait in line, then you should plan to purchase your tag after the first two weeks but certainly before the last two weeks. There is seldom much of a line between these two rushes. Please don't forget that Aug. 20 is the deadline. If you wait until after the 10th of August there may be a long line."

JIMMY WHITEHOUSE, supervisor of registration, stands at the entrance of the new license tag office in Avon Park, located at the northeast corner of the shop at Wells Motor Company. Patrons can reach the office from Forest Ave. The new license tags will go on sale Monday, July 2. The office will be closed July 4.

Board Approves Salary Increases

Pay increases for Highlands County schools personnel which will add about \$400,000 to the overall cost of salaries were tentatively approved June 25 by the school board.

Preliminary figures prepared by the school finance office indicate the budget can be initiated without any increase in millage, according to George Douglas, superintendent of schools.

The increases generally were more generous toward lower paid persons. Beginning teachers will receive \$7,800 instead of \$7,000 per year "to make us more competitive" while the built-in pay raises for continuing contract teachers were reduced by \$100 per step. The continuing contract raises are in four steps, at the end of fourth, seventh, tenth and 15th years. The new pay scale means that people on continuing contract at the end of their 15th year will receive a \$300 instead of \$800 increase.

Non-instructional personnel receives from eight to 12 percent pay raises across the board.

The budget this year is in excess of \$6 million. And the salary increases, Douglas said, can be made as a result of increased monies from the state under the new financing law.

Also, the anticipated increase in the value of the Highlands County millage from \$250,000 to \$285,000 will help. The present millage is 9.1 and the projection indicates it will remain the same, Douglas said.

Also helping with this year's budget, Douglas pointed out,

Sheriff Wants

40 Percent

Budget Increase

Sheriff O.L. Raulerson Jr. presented a budget figure a whopping 40 percent over last year's at his budget review hearing Thursday night before the county commission.

The commission, tentatively cut it about nine percent - and will do more thinking on it.

The Sheriff received \$588,022 to operate his department in fiscal 1973 and says he needs \$817,182 to do the job next year. He explained that the big jump in costs results from his recommendation for employ pay raises plus adding 12 new employees to the present staff of 46. Department morale will suffer, he predicted, unless the working hours of his deputies are reduced from 34 to 45 hours per week. To make up for this reduction in working hours, the

(Turn to page two)

was a \$300,000 carryover from last year's budget, compared to \$45,000 the previous year. In other action, the board tentatively approved air conditioning classrooms of Avon Park Elementary School, Woodlawn Elementary School, remaining classrooms at Hopewell and the E. O. Douglas kindergarten. This is expected to cost \$148,400, all of which will come from capital outlay funds, which are state

monies.

Douglas pointed out that to replace the old windows in Avon Park and Woodlawn elementary schools would cost \$30,000 and by air conditioning and sealing the windows, this money will be saved.

In other action, the board: -Purchased a 3/4 ton truck for \$3,485 and a one-ton truck for \$3,146 from I. H. Ford and two heavy duty cargo vans from Jim Blackman Ford for \$6,596.

-Tentatively approved five new jobs, those of building and maintenance supervisors for Fred Wild, Woodlawn and Avon Elementary schools, Sebring Middle and Avon Park Middle schools. The salaries and persons chosen will be determined at the July 12 meeting.

The final budget approval also will be made at the July 12 meeting and the public budget hearing is July 30.

Long Range Plans For Pinecrest Announced

The former Pinecrest Lakes resort and Pinecrest school and surrounding golf course has been purchased by a group of Avon Park and other businessmen and now is a private country club.

The property was sold by

First Federal Savings and Loan Association of Highlands County and First National Bank of Sebring for \$560,000. When Pinecrest school went under the property, located between Sebring and Avon Park, reverted to the financial

institutions. The club actually has been operating since May 1 and offers golf, tennis, swimming pool, a lounge where cocktails are served, and some food. Two large parties have been held—one catered.

The founding group is E. G. Touchton, president; Bob Young, Bob King Jr., R. L. Padgett, Dr. Burton Ostling, Carlton McLean, Rick Dressel, Elton Crews and Charley Williams, all of Avon Park; A. W. Goolsby, Sebring; and W. C. Fulton, Frostproof.

Cecil Skipper will be general manager. According to member Bob Young, the membership has been growing fast and already about 100 have signed up. A family can join for \$250 a year for all privileges and for \$150 per year without golf. Young will direct the golf operation.

There presently is no initiation fee. Plans are to set up an initiation fee after the charter membership drive.

The long range plan is to develop the wings of the hotel into condominium town houses, which will be sold. Motel units on the lake and former classrooms will be remodeled into condominium apartments.

Eventually it is hoped to build a restaurant, a swimming pool, and for \$150 per year without golf. Young will direct the golf operation.

There are no plans for evening entertainment at present. There will be programs of tennis, swimming and golf for children.

"We hope to have one of the nicest country clubs in the area," said Young. He said the Home Juice state institutional

planned. With the formation of a private club there no longer are daily greens fees, except for guests of members. The lounge is open seven days a week until 8 p.m.

City Engineers To Submit Proposa For Water Rates

Twin elements - water and sewer - figured prominently at the Avon Park City Council meeting on Monday evening. Emory Dawkins, on Dawkins Associates, was present to speak on the proposed water system improvements. He was informed that his new agreement for engineering services, including field tests and surveys, amounting to top fees of \$28,300, had been executed by Mayor Barben and mailed to him.

City Clerk Crews presented a projection of cash available from Federal Revenue Sharing Funds for this program over the next 2½ years, which met with Mr. Dawkins' approval. He stated, however, that an increase in both water and sewer rates would be mandatory, since the sewer rates have been in effect since 1965 and are not realistic. The Council agreed that there would be no increase in sewer rates until the sewer program was assured but asked Dawkins to submit a proposal for revision of water rates.

Dawkins presented a new contract for consulting engineering services, including an annual report on water and sewer facilities. The modified contract, for consulting engineering services with Dawkins and Associates at the rate of \$100 per month plus \$1,000 for the annual report, was approved by the Council, subject to approval by Mayor Barben.

A letter from the Department of Transportation informed the city regarding the installation of a traffic signal at E. Main St. and Highlands Ave. This installation has been given priority by the county and is included in the 1973-74 budget.

Council was requested by Buddy McKenzie to assume the cost of electricity to operate proposed lights for the new Army parking lot, which they agreed to do.

At Councilman Sizemore's suggestion, the city decided to erect two additional quartz lights at the airport as a deterrent to theft.

Councilman Martin, reporting on street lighting requests, stated that some of these are just lights which are burned out. Various methods of checking for burned out lights were discussed. Sizemore asked the Avon Park Sun reporter to make special note of the fact that such lights should be reported immediately to the Florida Power Corporation.

A motion to install new street lights on S. Lotela Ave. between State Road 12 and E. Green St. and on S. Verona Ave. between Eli St. and E. Thomas St. between N. Verona and N. Delaney Ave. was carried unanimously. Suburban type lights will be installed.

Dennis Guenther, new city recreation director, attended the meeting and

spoke of needs to get the recreation center in shape to begin a program of planned recreation. He will meet with Fire Chief Flowers and City Clerk Crews to study the wiring needs at the building.

A proposal to improve the existing tennis courts and the construction of two new courts plus two handball courts came under discussion. Mayor Barben recommended the new courts be built to the north of the existing courts, with handball courts to be constructed east of the present courts. Proposed specifications for construction will be submitted at the next meeting.

It was reported that some Sebring citizens had requested funds from their city council

to take from the county commissioners for construction of swimming pools to be located at the Sebring High

School. Mayor Barben stated that he had no objection to Sebring putting money into pools but he did object to any county funds going for construction of maintenance. Copies of letters previously directed to Avon Park mem-

bers of the school board were read and also a letter to the county commission informing them that any grant of funds for a swimming pool would lead to a similar request for funds from Avon Park.

In a discussion of a letter from Candeb, Fleissig and Associates listing changes in the General Plan for Avon Park, it was noted that the suggested remarks by Council about the local Middle School were not included. These suggestions, made at a previous meeting, included renovation and improved maintenance. It was moved that Candeb, Fleissig and Associates be instructed to proceed with the General Plan including these recommendations.

EASILY CLEANED white file line the walls of this new double 12 unit milking parlor at the V and W Dairy on the Wauchula Road. Herdman Ted Fells (left) explaining to Perry Douglas (Lake Placid) Dairy Science student of South Florida Junior College how the semi-automatic milking system with electronic sensors start the milking cycle at nine pounds vacuum pressure and 30 pulsations, when the milk let down comes because of hormone action on the cow's mammary system the milking unit operates

at 15 pounds vacuum and 60 pulsations and during the final milking action the vacuum pressure being reduced to nine pounds and the pulsations returned to 30 per minute thereby reducing the danger of injury to the cow. The milk from each cow is collected in a large bell jar before being piped to the bulk cold storage tank. The recessed pit eliminates the necessity of stooping or bending over that is associated with other style milking facilities.

Highlands Dairymen Hit By Price Freeze

Dairymen in Highlands

County are beginning to butcher marginal cows in the wake of the latest price freeze as they attempt to cut losses.

And the end result may be less milk on the shelves of the supermarkets, County Agent Bert Harris Jr. predicted.

"It is not a pretty picture," said Harris, who said the dairymen are caught in a price squeeze. Just six months ago soy bean meal, regularly fed to dairy cows was \$80 a ton, now it is \$400 a ton; mixed feed was \$65 - now \$125 a ton.

"The dairy and chicken and egg people are hurting," said Harris, who added that in one district in the state he knows of nine dairy farms for sale.

"This is the first time I have known of dairies for sale," he said.

There are 11 dairy farms in Highlands County and about 8,000 cows are milked every day. This county is the second largest supplier of milk to the Miami milk shed.

More of the milk is being sold for Class 1, or milk for drinking which brings a better price, but with marginal cows which eat as much but which do not produce as much as others being butchered, it is bound to cut down on the amount of milk produced.

Dairymen in butchering cows and changing to cheaper feeds, said Harris, are taking the practical view that if what

they are doing will save money, they are going to do it.

"Some day the housewife may go into the supermarket and find no milk on the shelves," said Harris.

Putting a price freeze on does not guarantee cheap food - it cuts down on production and with less available for sale, the price will go higher, Harris pointed out.

Cattlemen in the area have not been hurt to the degree the dairy people have, Harris said, noting that their price freeze was at a fairly high price and local cattle "eat that nice green grass you see."

However, if the feed lot has problems, it might seriously affect the market for feeder calves, Harris pointed out, since feeder lots feed grains and bulk feed.

construction, plumbing and electrical work.

Those presently engaged in such mobile home activities will be licensed to continue without examination if they apply within 30 days of the resolution's acceptance by the secretary of state's office in Tallahassee.

Ordinance 733, Highlands County Land Subdivision Regulations and Ordinance 73-1, Mobile Home Code, were adopted without change.

Section 9 of the new Mobile Home Code (Ord. 73-1) requires that all trailer and mobile home park owners must notify all current park occupants, and all future occupants, of the regulations and must post a copy of the regulations in a conspicuous location within their parks.

Amendments to the Comprehensive Zoning Resolution Relating to Mobile Homes were adopted without opposition.

Carmelita L. Wright, a mobile park owner in Avon Park, requested that the definition of a "non-permanent mobile home park" be clarified.

County Attorney Robert Duntz satisfied Wright's concern by adding words to the code that would exempt mobile home parks now licensed and operating, including those zoned M-2, from compliance with certain setback requirements specified in the ordinance.

Betty Jolin, secretary of the Florida Mobile Home and Recreational Vehicle Association, submitted the

names of Bob Jolin and Elias R. Edris to be nominated by the commissioners as representatives of the mobile home industry on the seven member Board of Adjustments, Appeals and Examiners.

The commissioners asked that a list of nominees for the mobile home positions be submitted from which they might select two on a geographical basis as well as on a qualification basis.

Public Letter

Dear Parents:

Now that summer is here your children have an ideal time to develop and to refine their reading skills. The Avon Park Middle School Library is open each afternoon from 2 to 4 p.m. for directed, individual reading.

The librarian believes reading to be of prime importance to children and young people during the middle school years. Therefore, he and the Principal, Elmo Roberts, invite parents and students to come to the library and, with the librarian's assistance, plan an individual reading program for the next three weeks.

Yours,
M. Mosley Jr.

Sheriff Wants 40 Percent

Budget Increase

sheriff proposed hiring eight more deputies.

The commissioners were surprised to hear Raulerson ask that the deputies' starting pay figure be raised from \$550 to \$725 per month at the same time their hours on the job were being reduced.

The sheriff explained that the pay raise was required to "remain competitive" with state troopers whose pay is scheduled to go up starting in July.

Four more female radio operators

Four more female radio operators, who would double as outposts in the women's section of the county jail, are also to be hired by the sheriff.

The budget contained a request for money with which to buy eight new cars for the eight deputies to be hired as well as for purchasing seven additional new cars through funds received in 1971 and 1972 vehicles.

Clerk of Courts Earl Rich and Deputy Clerk Jim Pyle informed the commissioners that Florida statutes would not permit them to dictate how many employees the sheriff could hire or how he might manage them.

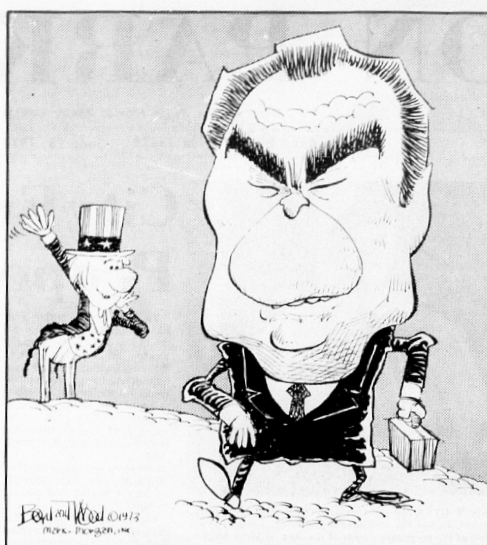

All the law permits the commissioners to do is to determine how much money the sheriff will get in each of his seven budget line items, Rich explained.

"If the sheriff is dissatisfied with the amount you give him," Rich said, "he can appeal your decision to the budget department" in Tallahassee and ask to have his allocation adjusted.

Since the state legislature had just raised the sheriff's salary from \$14,025 to \$15,840, the commissioners could not touch the "Sheriff's salary" budget line item.

After hours of deliberation, the commissioners reduced the "sheriff's employees' salaries" item from \$484,764 to \$451,764, cut the "Equipment" line from \$80,500 to \$66,700 and made other small adjustments to bring the total budget down to \$772,263, a reduction of about nine per cent.

The commissioners told Raulerson that the above budget figure was tentative and would be subject to further review and adjustment, either upward or downward.

Reds Leading After Third Of Play

The Avon Park Senior Baseball league play moved into its third week this week and after two complete weeks of play the Reds were at the top of the standings with a 3-1 record. The Mets had a 2-1 record with the tie game to be played off on Tuesday, July 3, before the regular game scheduled between these two teams takes place that night.

The Braves were 1-2-1 and the Cubs were 1-3 after the first four games.

Last Tuesday night the Braves were scheduled to take on the Cubs and the Reds were to face the Mets. Tonight (Thursday, June 28) the first game at 6:00 p.m. at Head Field will be the Braves

against the Reds and at 8 p.m. the Cubs will meet the Mets. Next Tuesday night, July 3, the Braves and the Mets will meet to play off the tie game and play another regular game at 6 p.m. and then the Cubs will meet the Reds in the second game.

Next week the Sun hopes to run a list of players on each of the four teams along with the coaches and sponsors of these teams for boys from the ages of 13 through 15.

Red Devil baseball coach Ronnie Jackson is serving as president of the newly formed league with Virgil Sizemore acting as vice-president and Clarence Ford serving as secretary-treasurer. Wendell

Williams has agreed to run the concession stand with profits going into the senior league fund.

At a meeting held last Monday night, the coaches evened up the number of players on each team at 14 and set some ground rules for play. Each game will go six innings or one hour and 45 minutes in order to keep the boys from being out too late in case of ties and slow play.

Fans are invited to attend these exciting games at Head Field each Tuesday and Thursday night to support this program to give this group of boys something to do to keep their interest in baseball alive and also to provide wholesome recreation, directed by volunteers. Parents in particular are urged to support the program with their presence.

Officials To Meet Federal Planners

At a conference in Tallahassee today (June 28) Highlands General Hospital officials will seek to unwind the red tape which has frustrated plans to enlarge the hospital.

Highlands General Administrator T. S. Yeager said he and members of the hospital board are to meet with state and federal hospital planning officials.

At the June meeting of the Highlands General board, Yeager said his office is continuing to rush to Tallahassee reports and reports—each supposedly the last obstacle to the plans being approved.

Standings after last Monday night's play were unofficially as follows: Bagwell Lumber 11-1 (with make-up games to be played with I. H. Ford and Lions); Lions 11-3; Kiwanis 9-5; Lions 7-6 (with a make-up game with Bagwell); First Baptist 5-7 (with a make-up game to be played with I. H. Ford); Rotary 3-9 (with games to be played with Ford and Bank); and Avon Citrus Bank 1-2 (with a game net coming when neither Rotary or A.C.B. had enough players to play).

Bank and Rotary both had to forfeit two other games each when they were unable to run nine players for a scheduled game.

In action last week the Lions chalked up a win against Avon Citrus Bank on June 19 in the first game of the evening and Bagwell Lumber took First Baptist 9-2. On Thursday evening, June 21, Kiwanis won by forfeit from Rotary in the first game and then Lions squeaked by I. H. Ford 12-11. On Friday, June 22, Bank forfeited to First Baptist and the Lions and Bagwell game was rained out.

Last Monday night the games were rescheduled slightly for play at A.P.C.I. First Baptist and Lions were scheduled to play last Tuesday but were moved up to Monday to replace the Ford vs Rotary game. Lions and Rotary were switched from the first game to the second game.

A large crowd of inmates and parents of the Little League players enjoyed the two games and the players on the four teams were treated to free drinks and other refreshments during the evening. Jimmy Massey was the winning pitcher for the Lions as he hurled two innings giving up only one hit and no runs. Then Wayne Roberts came in to relieve for three innings allowing one run on no hits. Mrs. Philip Lewis Barker

Mandis-Barker Wed In Episcopal Church

The Episcopal Church of the Redeemer, Avon Park, was the scene of the wedding of Miss Ann Elizabeth Mandis to Philip Lewis Barker on Saturday, June 23, at 7:30 p.m. The Rev. John Knapp, Tampa, formerly of Avon Park, performed the candlelight service.

The bride is the daughter of Mrs. Walter Stephen Mandis, Lake Lotela Drive, and the late Walter S. Mandis. She is the granddaughter of Mrs. Fred McHaffey, Avon Park, and Mrs. Demos S. Mandis, Lake Letta, Avon Park. Mr. Barker is the son of the late Mr. and Mrs. William Barker, Sebring. The double ring ceremony was performed before a backdrop of arrangements of summer white flowers and burning tapers. Alter vases were filled with mums, pompons, miniature carnations and German statuettes. Tall white candles flanked the candelabras on each side of the altar. A pair of seven-branch candelabras clustered with mums, greenery and white satin bows stood on each side of the altar. The altar rail was covered with arrangements of white mums and pompons using hanging specimens fern for the background. Aisle candelabras cast a soft glow throughout the church. White miniature pompons, Stephanotis and English ivy filled the window.

A program of nuptial music featuring favorite selections of the bride from Bach, Brahms, Handel and Mozart was presented by Miss Marian Turner.

The bride, who was met in mid-aisle and escorted to the altar by the bridegroom, wore a gown of candlelight silk organza with bodice and short Renaissance sleeves of pearl embroidery peat and angure with the lace appliqued in a pyramidal design on the empire train skirt. A drift of beaded lace accented the tubular train that swept to a full chapel length. The chapel-length veil of Brussels lace fell from an Elizabethan cap. The veil was brought to her from Belgium by her mother. She wore an old coin in her shoe and carried a traditional cascade bouquet of delicate Phalaenopsis orchids, white butterfly roses softened with Stephanotis, with streamers of English ivy accented with green foliage.

Mrs. Donald Skipper served as matron of honor. Her gown was of Nile green chiffon with a fleated bodice accented by a deep yoke of ivory em-

bedded to form cap sleeves. The soft lines of the skirt formed a demi-belle silhouette. Her Camelot cap of green, trimmed in the lace of her dress, featured short layers of matching net.

Miss Karla Henson, Tampa; Mrs. Richard Goddard and Mrs. Richard Goddard, both of Lakeland, were bridesmaids. They each wore white butterfly robes, softened with Stephanotis and ivy. Dave Chambers of Sebring attended Mr. Barker as best man. Other groomsmen were Dr. Mike Scher, Tampa; D. J. Reeves, Avon Park; and Ken Dixon, Winter Park. Serving as ushers were: John Carabaris, Trumbull, Conn., cousin of the bride; Dennis Privara and Larry Privara, Sebring, cousins of the groom. For her daughter's wedding, Mrs. Mandis chose a beige and ivory chiffon and silk, full-length, gown with the bodice and short sleeves of hand applied silk roses featuring pearls and crystals. She wore matching accessories and carried an heirloom handkerchief.

The bride's grandmother, Mrs. Fred McHaffey, wore an ensemble of a pale pink dress with matching lace coat and accessories. Her corsage was of Phalaenopsis orchids softened with Stephanotis trimmed with pink satin ribbon.

The bridegroom's aunt, Mrs. Sam Privara of Sebring, selected a formal gown in pale pink and white complemented with white accessories. She wore a corsage of Phalaenopsis orchids trimmed in pale pink.

Reception at Pinecrest
Immediately following the ceremony, Mrs. Mandis entertained at a reception held at Pinecrest Country Club in the lobby upon their arrival to await the receiving line.

Arrangements on white mums, pompons and carnations, with the bride's table as the focal point. The table overlaid with a beautiful linen and lace cut-work cloth, held the tiered wedding cake decorated in white with pale green. Dainty clusters of babybreath and white roses bedecked each tier. The top was crowned with a miniature bridal arrangement. Tall antique silver candelabras with clusters of miniature white flowers and greenery for-

lovely accent, as the bride and bridegroom cut and served their first slice of wedding cake. They gave their toast to each other from silver wedding goblets, a special gift for the occasion. Mrs. Earl Hartt, assisted by Mrs. Robert Barben, godmother of the bride, cut and served the bride's cake.

The guests were then invited to sign the bride's book which was placed on a table overlaid with a linen cut-work cloth, adorned with a beautiful arrangement of white carnations and babybreath, in a white luster with crystal prisms. Miss Nancy Jane and Ann McDaniels of Fort Pierce, cousins of the bride, were in charge of the guest book. They each wore wrist corsages in pastel flowers to complement their formal dresses.

Mrs. Mandis with Mrs. John Carabaris, aunt of the bride, greeted the guests at the door of the party room and presented them to the receiving line.

Tall Dresden candelabras centered with graceful arrangements of pastel flowers formed the centerpiece for the refreshment tables overlaid with white damask. Champagne punch was served from silver punch bowls and silver appointments held sandwiches, relishes, nuts and mints. The coffee service was presided over by Mrs. J. T. Gibbs and punch was served by Mrs. Tom Hallam, and in Miss Peg and Elizabeth Carabaris, cousins of the bride.

The bridegroom's table was covered with an ecru linen cloth of embroidery, cutwork and lace, and was centered with an antique silver candelabra. The bridegroom's cake was chocolate and heavily decorated with frosted grapes. Mrs. Dave Chambers Sebring, cut and served the cake. Placed on the wall, directly behind the table, was a full length portrait of the bride in her wedding gown.

Guests enjoyed dancing throughout the evening to the music of Jack Golly's orchestra, Miss Dawn Crawford, Lakeland; Miss Candy Rhynolds, Auburndale; and Miss Doreen Jones, Fort Pierce, cousins of the bride, dressed in long summer pastels with matching wrist corsages, carried dainty decorated baskets of tinted green rice to present to each guest to shower on the couple as they left.

Maid of Honor was Miss Jan Stevens, sister of the bride, who was gowned in blue polyester crepe, with Empire styling, featuring a bow in the back. She carried a single white mum trimmed with blue tulle, carrying out the color scheme of the bride.

Matron of Honor was Mrs. Roy Green, sister of the bride, from Orlando, and bridesmaid was Miss Connie Welles, sister of the bridegroom, from Arcadia. They each were gowned the same as the honor attendant, and carried a large single white mum, trimmed with blue tulle.

Mr. Welles chose for his best man, Dan Shaburn of Fort Oden. Groomsmen were Hal Bevis and Bushrod Duncan, Arcadia. Ushers were Buddy Mansfield and Danny McKordale, also from Arcadia.

Mrs. Stevens chose for her daughter's wedding a yellow polyester shantung dress with beige accessories. She wore a white orchid corsage.

For her son's wedding Mrs. Welles wore a green polyester shantung coat ensemble with matching accessories and a white orchid corsage.

Reception Mr. and Mrs. Stevens entertained at a reception in Fellowship Hall, immediately following the ceremony. Janet Partin, cousin of the bride, from Bronson kept the bride's book.

Bouquets of mums, gladioli and baby's breath interspersed with greenery were at focal points in the hall.

The three-tier white wedding cake with accents of blue, crowned with wedding bells, centered the refreshment table covered with a linen work cloth. Punch was served from crystal bowls at each end of the table, with silver candelabras with blue burning tapers flanking the wedding cake. Crystal compotes held mums and pastel mints. The bride's bouquet lay in front of the cake, completing the table decorations.

Assisting in serving were: Mrs. Dan Shaburn, Miss Vickie Cini, Mrs. Joe Franza, Miss Susan Lee, Miss Charlotte Johnson, Mrs. John Barbers, Mrs. Donald Holmes, Miss Vona Horne and Mrs. Calvin Partin.

Honeymoon to New Orleans When the new Mr. and Mrs. Welles left on their wedding trip to New Orleans, La., and Biloxi, Miss. the bride was wearing a mint-green pants-suit with white accessories and a white corsage. After their return they will reside in Nocatee.

Rehearsal Dinner The rehearsal dinner for the Stevens-Welles wedding party was held on Thursday, June 14, at Clayton's Restaurant in Sebring.

Mr. and Mrs. Richard D. Welles, parents of the bridegroom, were hosts at the roast beef dinner for the 25 guests attending, following rehearsal.

The guests were seated at white linen covered tables forming a U-shape. Each place was marked with cards in the bride's colors of white and blue. A beautiful arrangement of carnations and baby's breath in colors of blue and white decorated the table.

Mary Ann and Donald presented gifts to each of their attendants.

Nine members of Trailblazing Troop 156 are spending this week at Flaming Arrow Scout Reservation in Lake Wales, according to Scoutmaster Larry Hooper.

During this first week of the camps operation the Scouts will participate in cooking, swimming, boating, rifle instruction, nature and conservation projects and instruction in archery. Camp

director Jim Hall, program director Dave Denault, along with 30 staff members make sure that all Scouts have a busy and fun-filled week while at Flaming Arrow.

Members of the Troop who are attending are David Batty, Bobby Batson, Frank Batson, Ken McLeod, Philip Statler, James Goodwin, Jacques Thomas, Decaris Jones and Danny Luke.

3 From Here Are Serving On Staff Of Reservation

Larry Hooper, Scoutmaster of Trailblazing Troop 156, and Scouts Bill Sharp and Marc Hooper, are currently serving as staff members at Flaming Arrow Scout Reservation in Lake Wales.

Young Sharp, a Life Scout, is a member of the waterfront staff, while Marc Hooper, also a Life Scout, is a program aide. Larry Hooper is serving as assistant camp director, having served previously as field sports director and program director at the camp.

Gordon Holds Class On Making Summer Salads

The class on Slimming Summer Salads, by Faye Gordon, consumer advisor for Florida Power Corporation, held at the Hospitality Room on Tuesday, June 19, included Smart Shopper Tips for the week and a comparison shopping "taste and test" of canned items used in the demonstration.

Miss Gordon pointed out that by this comparison shopping, one can actually save from one to nine cents per item without sacrificing taste or results. On grocery orders, this will amount to quite a saving.

There was an opportunity for those present to discuss the ways to save electric energy while using air conditioning this summer.

In shuffling on Wednesday evening the winners were: Betty Barnett and Al Ross against Herbert Woolcott and Bloon Kull. Seven and a half points were in play.

When the rains came on Saturday evening in the finals those playing were Judy Kerr and Charles Romilly, ahead of Herman Wurster and Chris Steen. Those ahead in consolation were Jim Charnberlain and Floyd Stevens with Henry Barnett and Fred Romilly trailing. Now you figure out who would have won.

Pinchle scores were won on Monday and Friday afternoons by Bill Klenk 648, Fanny Klenk 644, Bill Klenk 703 and Marie Seering 648. There were four games in play.

There came to the supper on Saturday, Arlene Lane, Earl and Irene Asling. So there will be no more Saturday evening suppers until such time as there is a demand. There may be a supper to celebrate July 4.

Alta Holman is home from the hospital, our best wishes for her.

Mayon Baird is also home from the hospital recuperating from his recent illness. Many of you will remember G. F. Hickey from three weeks, (June 25-July 13) for enrichment activities.

The Tom Hances of Castle, N.Y., write they are busy getting a cottage they own on Lake Ontario moved to higher ground on account of the high water. They have seen the Carl Witneys, the Gus Swyers, and the Lloyd Wyatts, because all live close by.

The Maynard McKinnons are planning a trip to California. They also write they have seen Alberta Mitchell of Benton Harbor, Mich. She is selling her home and has bought a mobile home in a park just south of St. Joseph, Mich., sister city of Benton Harbor. Mrs. McKinnon also has seen Lucile Easton who lived in Avon Park for many years and now lives with her daughter in South Bend, Ind.

Louis and Ray Johnson had quite a trip on their way to Ft. Sheridan, Ill., to visit their daughter and family. Second day out they ran into quite a bit of fog in the mountains. Their third day in northern Indiana they had a cracked wheel, which delayed them some time. After that they had a downpour on rain going into Chicago. But they made it.

Visiting the Charles Romilly's for the weekend was Maude Ann Fred of Warren.

The Joe Gauts write from Hamilton, N.Y., they finally got their garden planted, but lost their strawberries—the raspberries are fine. The flowers, iris, peonies, painted daisies, oriental poppies and rose tree are all just beautiful. Spring is a beautiful time of the year.

Mrs. Alice Kinsey Named Executive Secretary Of Highlands Red Cross

Highlands County Chapter of the American Red Cross has selected Mrs. Alice Kinsey, R.N., as executive secretary to

Fords-Dilleys Return Home From Cruise

Mr. and Mrs. I.H. Ford and Mr. and Mrs. Raymond Dille returned Saturday from a seven-day holiday Caribbean cruise which took them to San Juan, Puerto Rico, the island of St. Thomas, Virgin Islands, where they visited the capital, Charlotte Amalie, and on to Montego Bay, Jamaica. The ship passed within a few miles of Cuba and the passengers had a clear view of the coastline.

The cruise was made on the ship Federico C, an Italian ship with a crew of three hundred fifty. The two couples report a wonderful trip.

Parties Honors Bride

A kitchen shower was held at the Avon Pines home of Mrs. Betty Barker, with Mrs. Jim Sizemore and Mrs. Virgil Sizemore as co-hostesses, to honor recent bride, Mary Ann Stevens, who was wed to Donald Welles Jr. on June 16.

The bride-elect was presented with a corsage of white daisies and her mother, Mrs. James A. Stevens, was presented with a carnation corsage. Green linen covered the refreshment table from which punch was served from a crystal bowl surrounded with greenery. Cake in colors of white and blue, the bride's colors, was served along with the punch, nuts and mints from crystal appointments.

Two amusing games were played, with Mrs. H.R. Doubler winning both and presenting the prizes to the bride-elect to add to her kitchen gadgets. Jan Stevens, sister of the bride-elect, helped with the opening other many useful gifts.

The hostesses presented Mary Ann with a steam and dry iron.

Mary Ann was also honored with a linen shower held at the Robert E. Lee home on Oak Street, with Laura Franza, Vicki Cini and Susan Lee as hostesses. Home-made cookies and ice cream were served to those attending. Mary Ann was presented with a corsage which complimented her yellow pants-suit. The hostess gift was a matched bathroom set in the bride-elect's chosen colors.

Among the many lovely parties honoring Mary Ann was a miscellaneous bridal shower held at the Fellowship Hall of Congregational Church. Helping with the hostesses were Mesdames Robert Barben, Rex Furr, Andrew Miracle, J. Carson Murphy, Hue E. Nunnallee, and Cecil Skipper.

The bride-elect, her mother, Mrs. James A. Stevens, and mother of the bridegroom-elect, Mrs. Richard D. Welles of Arcadia, were each presented with corsages of pink rosebuds by the cordial hostesses.

Punch, party sandwiches, nuts and mints were served from a refreshment table covered with a white lace trimmed cloth. A silver candelabra with lighted tapers in a circle of rosebuds accented the serving table. Gorgeous arrangements of roses from the Murphy rose garden were at focal points in the hall.

Jan Stevens, sister of the bride-elect, helped with the recording of her many useful gifts. Mary Ann was presented with an electric appliance for her new home, by the hostesses.

Hazel Howell Retires With 26 Years Services

Mrs. Hazel Howell retired on June 8, after 26 years of service in the Avon Park School lunch program.

Mrs. Howell started her career in the School Lunch Program, working with Mrs. Wever in the High School for eight years. Following that she was appointed Avon Elementary Lunch Manager, which she has managed for the past 18 years.

During this time Mr. Kelsey was principal for 15 years and Mr. Brooks for three years.

Mrs. Howell spent eight summers at Florida State University, studying foundations, nutrition, management, bookkeeping; and she had Highlands County courses in use and care of

equipment and in quantity cooking.

Mrs. Howell was known by everyone in the school system as an outstanding manager, efficient in her work and personable in her manner. Her co-workers knew and appreciated her best. This was demonstrated by the party given her in the cafeteria on May 31. The lunch personnel presented her with a silver bowl on which was engraved her name and 1947-1973, indicating her years of service.

The Avon Elementary School faculty gave her a matched set of Collectors' Crystal. Mrs. Howell in retrospect feels that her years of service have been rewarding.

Clothing Allowance

A \$150 clothing allowance will automatically go this year to service disabled veterans who have qualified previously for the annual payment. The Veterans Administration pointed out these are veterans whose clothing is subject to extra wear and tear from

artificial limbs and other prostheses.

VA urged eligible veterans who may not have received application forms to contact the nearest VA office if they are interested in receiving the allowance.

Food for Thought

By Jane Nickerson

Dave Baillie barbecued more than 900 pounds of beef for 1,200 guests at Southeastern Fat Stock Show in Ocala not too long ago. He and five assistants cooked all day on a rack set on cement blocks, with hot charcoal on the ground underneath. In his backyard Dave has stacked the blocks 32 inches high in a rectangle about 3x3 feet. Apparently you don't need fancy equipment to turn out delicious victuals for a multitude.

Built big for big parties, Dave's grill substitutes, he says, for the barbecue pit of yesteryear. For the show, he fired boneless round roasts, about five pounds each, cut from whole rounds of 75 pounds. The men turned them six or more times during the three hours it took each roast to cook.

"Allow about a pound of boneless round for a serving," Dave advised me. "Count on losing 25 per cent when you remove the fat and another 15 per cent in shrinkage."

"Baste with barbecue sauce once or twice during the final hour of cooking. Keep the meat rare. Slice it across the grain in pieces not more than a four-inch thick. Well done beef, cut with the grain, falls in nothing but strings."

"Dressings made with egg can cause indigestive upsets unless they're kept cold, so we mix the shredded cabbage with the dressing as near serving time as possible. In hot weather, the safest dressing is simply white vinegar sweetened with sugar and flavored with celery seed."

Dave's great-grandfather, a civil engineer, came from Scotland to Florida, by way of Georgia, about 135 years ago. He settled on the coast of Pasco County north of Tarpon Springs, where Dave's grandfather, his father and he himself were born. As a boy Dave shot game in the Gulf Hammock, no longer, unhappily, the wild life habitat it was. He shot and also cooked gray squirrel, which he calls cat squirrel, boar, wild turkey, venison.

"On the way to the hammock," Dave said, "we'd go by Crystal River and buy a gallon or two of oysters. We'd cut down some sabal palms and extract the cores or hearts, which we called swamp cabbage. When we made camp, we'd simmer the cabbage with white bacon till it had just about fallen apart. Then we'd add milk and the oysters."

That stew Dave recreated for community parties in Ocala, what he calls windings. An acquaintance told me that after he had eaten his second plateful, he had decided that dish was the nearest thing to the food-of-heaven he would taste in this life.

"I came to Ocala about 30 years ago," Dave said, "I became the Marion County Agent and started to help at barbecues. I was in the Navy a couple of years during World War II and later, after I'd returned, I was appointed sheriff."

"Now I'm a bail-bondsman and a pawn-

broker. I also operate a grocery store and a second-hand shop. And I'm still cookin' and barbecuin'. Each time when a group asks me, I say, 'Look, I shouldn't. The rheumatism has got me.' But I end up saying yes."

An eavesdropper during the interview interjected:

"Don't forget to tell her about your corn on the cob, Dave. It's delicious, but you need to wear a bikini when you eat it."

Dave explained that he boils corn for 15 to 20 minutes just as it comes from the field. With protective gloves he pulls back the steaming-hot shucks and silk, which later serve as a handle in eating the ear, and brushes the kernels with melted butter. The dripping butter makes a mess, but fails to discourage diners from putting away three and four ears at a sitting.

"I use a bottled barbecue sauce nowadays," Dave said. "If there are men in the group who want something lively, I add a little hot pepper sauce. If there are children, I make it blander with water or vinegar. Not long ago Dave cooked for the Committee of 100 of the Ocala Chamber of Commerce at a spot on the Oklawaha River called Heather Island. One of the dishes was inspired by that Old South specialty, Brunswick stew. It wasn't an authentic stew containing squirrel and chicken, but a simplified combination of pork, beef and vegetables."

I tried it and decided it was just the thing for a backyard supper—easy, substantial, appetizing. My interpretation of Dave's recipe:

- DAVE BAILLIE'S STEW**
- 1 tablespoon cooking oil
 - 1/2 cup chopped onion
 - 1 pound lean, coarsely ground beef (the "chili grind")
 - 1 pound lean, coarsely ground pork (the "chili grind")
 - 1/2 pound lean, coarsely ground lamb, if available
 - 1 1/4-ounce can solid-pack, plum tomatoes, with their juice
 - 1/2 teaspoon salt
 - 1/4 teaspoon black pepper
 - Hot pepper sauce to taste
 - 2 cups liquid (water plus broth drained from canned peas)
 - 1 1/2 cups diced potatoes
 - 3/4 cup diced carrots
 - 1 cup canned peas
 - 1 cup canned cream-style corn
 - 1. Heat the oil in a wide, 2 to 3-quart kettle till hot but not smoking over moderately high heat. Cook the onion in it, stirring, till it turns yellow. Add the meats and cook, stirring, till they brown. Add the tomatoes, salt, pepper and hot sauce. Bring to a boil, cover, reduce heat and simmer 30 minutes.
 - 2. Add the liquid, potatoes and carrots. Cover and simmer about 25 minutes, or until the vegetables are very tender. Add the peas and corn. Reheat, stirring gently. Taste for seasoning; add more, if desired. Serve in bread, heated soup plates.
 - Yield: 8 servings.

BULLIT THE "DOG ABOUT TOWN"

Well Known Dog About Town Dies

By Eloise Sharpe

Bullit, the "dog about town" that everyone loved, won't be with us any more....he died June 10, 1973.

The most unusual thing of all—is that he never lived at all, as he was born (July 1966) of a pure-bred bird-dog mother "Lady," and a traveling father, (name unknown). The litter that he was a part of was destroyed. That is—all but one little white and black liver colored male, which was given to the Padelford family.

Living in town at the Poinsettia Hotel, Bullit has had such an exciting and dangerous life. He loved to chase cars and was hit three times, soon becoming an expert at this game, for him. He was also stolen, missing from the scene for six weeks, being located at the dairy west of town. He was also missing for three days, at one time, returning home nearly dead, full of birdshot and bleeding, with someone finding out that he was no hunter.

Bullit also liked to chase butterflies and possums, although Chuck Metcalfe would have to lend a hand with those possums. He passed up coons, because they looked too much like George and Eunice Haynie's black cat, "Princess," which caused Bullit no end of worry. (All the poor cat had to do, was to look at him and he would put his tail between his legs and start yelping like a wild cat had attacked him.)

He started spending his days at Metcalfe's Hardware store when Robert and Allen Padelford were working there and before long became a permanent fixture. He became close friends with Chuck and soon became his constant companion—Chuck kept pretzels at the store and Bullit would dance for them.

Living in town, Bullit made many friends. Retired guests at the Jacaranda Hotel saved little lunch for him and when the 12 o'clock whistle blew, regardless where he was, he would head for the Jacaranda for lunch. He would sit on the porch there and take walks with the guests. When he didn't show up there for several days, (for some reason) some of the guests would come from the hotel to see what was wrong with Bullit.

Whatever the time of day or night, when Chuck's truck or jeep would pass by the Poinsettia, Bullit would have to be let out so he could go with him.

He loved to ride in the back of Chuck's jeep.

He liked to sleep in the window at the Hardware Store; on cold days, so that the sun could warm him and passers-by often thought he was a part of the make-up in the window.

On hot days, sometimes he would go to the Avon Citrus Bank and enjoy visiting with the president, Mr. Hoke, in his air-conditioned office, being smart enough to learn to open the door, as people do. He also visited in the Employees Lounge of the bank. Bullit really had an "in" at the bank.

Some people called him "the Mayor," because you could always see Bullit when there was a crowd such as a fire or traffic accident with firemen and police around. He had to check everything out.

When a certain tractor came to town on Thursdays, you could hear Bullit bark from the time he heard the tractor, until it left. You always knew when that tractor was coming to town.

His home "The Poinsettia" was sold and everyone worried about what Bullit would do when he saw the hotel empty and later torn down. He would not stay at the new home the Padelford's moved to, it was too far from town and Chuck and his everyday routine.

Chuck and Evelyn Metcalfe took Bullit down to their Carter Creek Ranch on Sunday, June 10 and when they got ready to leave, Bullit didn't show up. Even the start of the jeep didn't bring him. As it was late and dark, the Metcalfes had to go home without Bullit.

Chuck went back early Monday morning and found Bullit lying near the barn, an apparent victim of a snake bite. So—Bullit won't be around to visit with Mr. Hoke and get cooled off this summer, or to oversee the accidents and fires in town; or for that daily handout at the Jacaranda when the whistle blows at noon, or to decorate the show windows at Metcalfe's Hardware, (a place he loved to be) come Winter time, but who knows, what Bullit would have thought, if he were still here, to see his home, the Poinsettia Hotel, come tumbling down in the near future. This lovable "dog about town" will be missed by so many people, whose lives he helped to brighten.

1. Card of Thanks

THE HUSBAND and family of
Johnnie K. Clark would
like to thank the Drs.
Rogers, Foster, and staff,
and the personnel of
Highlands General Hospital
for the excellent care and
many favors extended to all
of us during the past several
months. We are deeply grateful to all.

THE FAMILY of Mrs. Joy
Bell Snyder wishes to thank
the many friends who sent
flowers and sympathy cards
and contributed to the
Highlands General Hospital
"Tree of Life" following the
death of Mrs. Snyder.

I SHOULD like to express my
sincere thanks to my many
friends for the flowers, food
and many acts of kindness
during the illness and
death of my loved one, Mrs.
Joy Bell Snyder. Special thanks
go to Mr. T. S. Yeager and his
staff of the Highlands General
Hospital for their wonderful
care.

Highlands County farmers were reminded again this week they should report immediately any critical farm fuel shortages to the ASCS county office.

Otis Everett, executive director of the Highlands Agricultural Stabilization and Conservation service, said that one distributor began to run out here in the middle of the month, it was reported to Washington through his office, and the distributor "got his fuel." He said the distributor is a "little short on gas but has plenty of diesel." He pointed out it helps to report the problem.

Everett said he had been told from sources in Washington that "it looks as though it is going to get worse. The Department of Commerce says it will take about five years to get things straightened out."

Meanwhile a check with local service stations showed little change in this area in the past few weeks and one station operator said he had been

promised "plenty of fuel, and is getting it."

Everett cautioned vacationers who plan to drive, however, that many stations in the nation are closing early and some of them run out early. He said it is not wise to drive late because of early closings. And some motorists now are starting to carry cans of gas in their cars for emergency use.

Bill Rouse Named Head Of Institution

W.F. (Bill) Rouse, former Avon Park resident, has been appointed superintendent of the new Lake Correctional Institution.

Bachelor of Science degree in education. He also received a Master of Arts degree in education at the University of South Florida, Tampa, in 1971.

Upon graduation in 1963, Mr. Rouse was employed by the Division of Corrections as an academic instructor at Avon Park Correctional Institution. In October of 1969 he was promoted to Classification Officer and later to Education Supervisor at the Institution.

Mr. Rouse was transferred to Education Supervisor at Florida State Prison and Union Correctional Institution (which is a part of the State Prison) for three and one-half years. In 1972 he assumed the position of Assistant Superintendent at Florida State Prison in Starke. On March 23 of this year he was promoted to his present position as Superintendent of Lake Correctional Institution.

Bill and his wife, the former Frankie Thorpe, have two daughters, Dale, 11, and Diana, nine years old. They have been living at the Florida State Prison at Starke, but now that school is out they will be moving to Clermont.

County Employees To Get Pay Increase

Chairman Skipper vowed that he would push through construction of the Skipper Road bridge that had appeared in past budgets but had never been started.

Charles Cullen, administrative assistant, was asked to prepare a budget figure for the new county office building to include landscaping, parking area, lights, fences, etc.

Commissioner Buddy Wise informed his colleagues that a new state law required that ramps be installed at entrances to all new and renovated public buildings to aid elderly and incapacitated citizens.

There will be a cost-of-living pay increase for all county employees in this year's budget, the board of county commissioners decided Monday night.

The commissioners postponed until later this week making a decision on just how large the raises will be.

Commissioner Robert Skipper said he favored granting five per cent cost-of-living plus five per cent incentive pay increases.

Commissioner Melville Bass paid his opposition to a one per cent across-the-board raise for all employees because it would widen the spread between the county's lowest and highest pay grades.

Clerk of the Courts, Earl Rich, recommended that \$6,000 be budgeted for a county-wide salary survey to be conducted by a professional study team. Rich contended that the results of such a survey would reduce public criticism of present county pay scales.

No action was taken on Rich's proposal.

Deputy Clerk Jim Pyle told the commissioners that federal revenue sharing funds amounting to \$788,000 will be available to the county during its 1973-74 fiscal year.

The commissioners decided to use about \$200,000 of these federal monies was earmarked for acquiring land and equipment needed to start a county sanitary landfill. Pyle revealed that the landfill operation would yield income from cities and commercial that the landfill operation would yield income from cities and commercial users in the amount of \$20,000 per year.

John Gercken, director of the motor vehicle inspection department, explained his \$23,748 budget to the commissioners and won their approval.

Gercken's plan to hire a secretary and purchase a new car received the green light when it became clear that his department would return about \$60,000 in inspection fee revenues next year.

Reds Lead League 5 to 1

The Reds took a stronger hold on first place in the Avon Park senior baseball league last week with wins over the Braves and the Mets. The Reds are 5-1 after three weeks of play. The Cubs are now in second place with a 3-3 record. The Mets are 2-3-1 and the Braves have a 1-4-1 mark after last week's play. The tie game between the Mets and the Braves was to be played off last Tuesday evening.

THE SOFT DULL patter of rain on the roof, about 4 p.m. Sunday, was suddenly split by the sharp crackling of lightning striking close to the house. The sound was enough to almost catapult Sam Skinner to the window. The first crack glance showed kicking cattle lying on the ground between a lightning scarred oak tree and a barbed wire fence. While he watched a second bolt hit the 11-inch diameter oak, snapping off the top. The Skinner family saw a streak of lightning

cross the ceiling with the lights going out as the ten circuit breakers were demolished. Sam, manager of the Pete Ragdale Ranch on the Bombing Range Road, reported that the six cows and two calves, killed by lightning, and owned by Ragdale, had an estimated value of \$1,800 and, for want of a better term, people call a naturally occurring phenomenon "An Act of God." - Photo by Miller

"There's heavy traffic on our 'highways', too..."

If you are a resident of our Florida service area, you've no doubt noticed that our roads and highways are carrying more vehicles than ever before.

At United Telephone, too, we're confronted with a heavy traffic situation created by area growth. It's the increasing number of telephone calls that are traveling the communication highways (circuits) of Southwest Florida ... for both business and pleasure.

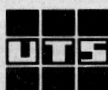

Not only are we adding tens of thousands more telephone users within our large service area, but our average subscriber of today is making more local and long distance calls than ever before! Some 20 million total calls last month, for example.

Fortunately, your calling routes are 'multi-lane' highways. There are, for instance, a total of 268 available lanes between Fort Myers and Chicago ... plus alternate routes along the way, in case of traffic detours. A similar situation applies for traffic to other major cities ... not unlike our Interstate highway system.

Nonetheless, we still need more connecting telephone "streets" and "roads" right here at home for present and future customers to call each other, as well as places like Chicago. That's why we are investing many millions of dollars to improve and enlarge our operating network this year ... to keep your telephone traffic moving at the speed you wish to travel.

Like vehicular streets and highways, however, it takes a lot of planning, engineering and time-consuming construction work to keep our telephone cables and other systems adequate to the growing traffic. But, despite all these requirements, we are certain that your voice will have 'traveled' over many thousands of miles of our new telephone routes, long before you'll have the opportunity of driving your car on Interstate 75 in Southwest Florida.

And, we're mapping out even more plans for the future ... to serve you better in other ways ... to help you communicate with your world.

Protection

The signal light is man's guide to safer travel. However, they protect only as they are obeyed.

The Bible is God's Signal Light and guide for man's path through life.

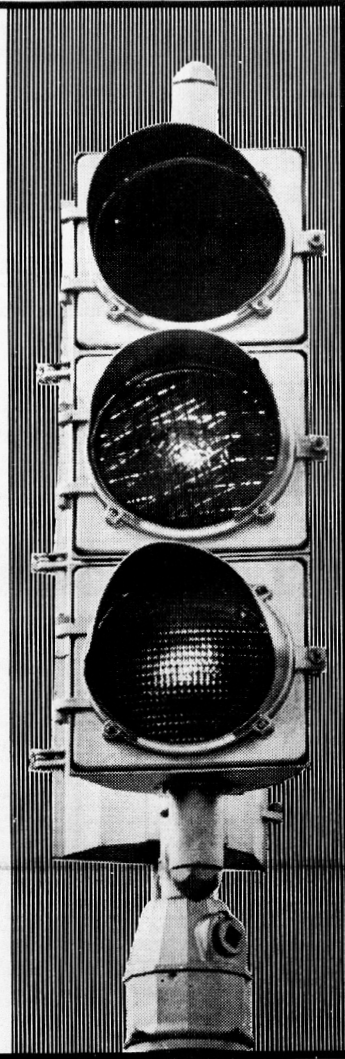

"Thy word is a lamp unto my feet, and a light unto my path."

Through study of God's word, we learn His will for our life, and He will lead in paths of righteousness. ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Wednesday with 6 courts in play. The shuffling tournament winners were John Harp and Herb Wooliscroft over Ed Edwards and Al Ross. Consolation winners were Leonard Porter and Paul Manegold with Steve Brown and Edith Stevens the runners-up.

On Saturday 42 courts just started to play when it poured for a few minutes, just enough to send them all home.

High scores were won in pinocle on Monday and Friday afternoons by Fannie Klenk 721, Sadie Benson 719, Wm. Benson 610 and Theresa Jank 542. There were three tables in play.

Next week I will tell you about the fourth of July supper. Theon Kull is managing it.

Via the grapevine I hear that Ethel Parker has been in the hospital in Chataqua, N.Y.

The George Coombs write from Solon, Maine, that they have been having entirely too much rain. And also George has been having a bout with the dentist.

Blaine and Judy Kerr have been entertaining their daughter and children these past two weeks. Mildred Wallace and sons, Robert and Dennis, and daughter Elaine from Kingston, R.I. David Wallace the son-in-law is home in Antarctica and will be down in October.

We, at the Club, are so sorry that Sarah Kerr had a bad fall and broke her hip this past Wednesday. She is in the Memorial Hospital.

Also via the grapevine, we hear that a former member of our Club has passed away in Nashua, Ind. Ralph Labdell. He and his wife, Melba, spent many winters here.

Youth

Attend

Picnic

Nazarene young people from Avon Park traveled to Zolfo Springs last Saturday, June 30, to participate in the first summer picnic of their new Bradenton zone.

The gathering took place at Zolfo Springs' Pioneer Park. It was the first organized event held by the Bradenton Zone Nazarene Young People's Society after the Florida District was divided three ways in May. The new zone, which is a sub-division of the new South Florida District, comprises Churches of the Nazarene in Palmetto, Sarasota, Bradenton, Venice, Arcadia, Wauchula, Sebring and Avon Park.

A Christ-centered fellowship of volleyball, football, baseball, and hikes occupied the afternoon, along with a meal of varied foods prepared by the different young people's groups.

Tomorrow evening, July 6, the Avon Park Nazarene youth plan to travel to Lakeland to hear a concert featuring "The Trevellores," an outstanding quartet of young men from Nashville's Trevecca Nazarene College.

If you choose the Marines, maybe you'll choose Administration, too.

There's also aviation technology, combat support, food services, electronics, and many other directions you can go. Come in and look over the list. You tell us what you're interested in. We'll tell you if we can get you there.

We're looking for a few good men...to choose their own directions.

Eula and Welcome Miller of Bourbon, Ind., spent two weeks in Birmingham, Ind. Their grandson graduated from high school. Also the daughter and her husband went to Spain for a vacation while Grandma and Grandpa could stay with the family. Welcome had very minor surgery, but is ok from that.

In a letter from Charles and Irene Pearce of Royal Oak, Mich., they tell of visiting Lansing, Mich., to see the legislature in session. They went with some senior citizens called the "Gay Sixties," an interesting trip.

Rebekahs Hold Meeting

The last Rebekah lodge meeting for the summer months was held in the Lions Club on Monday evening, June 18, with N.G. Nancy Shay in the chair.

Several dignitaries arrived from Fort Myers, expecting this to be the night of the state president's visit. However, they remained and enjoyed the evening complimenting N.G. Nancy on conducting such a fine meeting, and also praising the Flag Ceremony presented by N.G. Nancy Shay, D.D.P. Louise Clarke, Cond. Ethel Harrison, secretary Lillian Seeger and treasurer Florence Richards.

Any member who has not donated a wrapped gift for the home residents in St. Petersburg, please leave with evening complimenting N.G. Nancy on conducting such a fine meeting, and also praising the Flag Ceremony presented by N.G. Nancy Shay, D.D.P. Louise Clarke, Cond. Ethel Harrison, secretary Lillian Seeger and treasurer Florence Richards.

Shower Honors Mrs. Barnes

Mary Lou Barnes, bride-elect of John Messall of Miami, was honored with a miscellaneous bridal shower on Monday evening, June 23, at the Florida Power Lounge.

Hostesses for the evening were Mrs. Frances Gurganus, Mary Lucille Worden, Syble Watson, Mrs. E. A. Martin, Ophelia Rihner, Diane Lemler and Debbie Vanderbilt.

Diane registered the guests as they arrived, and Debbie helped the bride-elect with the recording and opening of her many useful gifts. A white vase adorned by "C. Cupids" holding a gorgeous arrangement of roses in shades of pink and deep rose, centered the gift table.

The refreshments table was covered with a white lace-trimmed cloth. The crystal

punch bowl was surrounded with pink callaliums and fern. A delicate white candelabra held nine yellow tapers bedecked with a floral arrangement in the bride-elect's chosen colors. Party sandwiches, cookies, candy and assorted nuts were served with the tasty punch to the many guests present.

The hostesses presented Mary Lou with a lovely corsage and a gift of a beautiful quilted bed spread.

Bridal Shower Honors Miss Linda DeLaney June 27

Miss Linda DeLaney, daughter of Mr. and Mrs. Leon DeLaney of Lake Damon, and bride-elect of Robert Alexander of Sebring, was honored at a bridal shower at the Florida Power Lounge, Wednesday evening, June 27.

63 guests were present to help Linda enjoy opening her many beautifully wrapped gifts. Assisting her were Mrs. Kathy Border and Mrs. Sharon Pollard, while her mother, Mrs. Leon DeLaney, and her fiancée's mother, Mrs. Roy P. Alexander, looked on.

Both mothers, as well as Linda, wore corsages of white mums tied with bows of blue, the hue selected by Linda as her bridal color.

Blue and white was also the keynote of the refreshment table, which was dominated by tall blue tapers and a crystal punch bowl, surrounded by blue larkspur and golden hibiscus. The cake, with its icy white icing and tiny blue flowers completed the theme.

Serving at the punch bowl was Mrs. Lois Bagwell; the bride's book was presided over by Miss Laurie Burch.

Hostesses for the occasion were Mesdames Estelle Fann, Ruby Heim, Gladys Young, Lois Bagwell, Betty Burch, Kathy Border, Sharon Pollard and Miss Laurie Burch. The hostesses presented Linda with a GE deep fat fryer in harvest gold, the color she has selected for her kitchen appliances.

Food for Thought

By Jane Nickerson

Key lime pie—three words symbolizing summer to many a Floridian. That pie is as much a part of hot weather here as drenching afternoon rains, crepe myrtle blooming pink in the backyard, tea poured over ice crammed in tall glasses.

"I cannot think of summer back home," a native daughter wrote me the other day from her present residence in Illinois, "without tasting again those frosty lime pies—faintly tart, delicately rich, with that mound of meringue that spelled invitation. No wonder I was always overweight."

Florida's most famous dessert dates to the last century when the introduction of canned milk benefited cooks harassed by the problem of storing food. Temperatures climbed into the 90s daily in summer and refrigeration was inadequate, if existent. Women found that by adding egg yolks and fresh lime juice to a tin of sweetened condensed milk, they could create a delicious pie filling. What's more, it did not even require cooking.

The egg whites, left after the yolks were used, furnished a meringue, though sometimes cream was whipped and employed instead. Originally, pastry provided the crust. But later when it became possible to chill the pie, it was found the pastry softened and so a more durable graham-cracker crust was substituted on occasion.

The limes that gave juice for the celebrated pie were called Key limes. As their name suggested, they grew along the Keys south of Miami, small, round to oval, seedy, thin-skinned, yellow when ripe and despite a nondescript look, gloriously aromatic. When cut, their perfume was, and is, as haunting as that of wild strawberries.

Those Key limes were the true lime, not a hybrid. The conquistadores brought the seeds and planted them in the Caribbean islands and Mexico. The climate favored a crop that of all citrus fruits, is most sensitive to cold. Mexico now leads the world, along with Egypt, in lime production.

But along the Keys the true lime gave way to a hybrid, the Tahiti or Persian lime, familiar to all of us nowadays. It had first appeared in Florida about 1875; no one is sure of its origin.

At present it dominates in Dade County, which grows 90 per cent of the limes harvested in this county. The bulk travels to market in summer. Key limes, also called Mexican and West Indian limes, have become a dooryard crop, though you may still find a few in stores now and again.

Why did such a delicacy fade? Seymour Goldweber, Florida State Agricultural Extension agent at Homestead, in the middle of lime country, pointed out that the Tahiti lime was bigger, seedless and showier. Because Tahiti lime trees do not thorn so easily as Key lime trees, he said, they are easier to pick. I wanted to know if he thought

they tasted better. He laughed and declined to say.

Tahiti limes are that beautiful color we associate with the fruit, though were they left on the trees to ripen fully, they would yellow and no longer be lime-green. Then they might well be confused with lemons, which they resemble in size and shape. That may be why growers pick them before they mature completely.

"Limes are not lemons," Mr. Goldweber emphasized. "They are the acid fruit of the tropics, whereas lemons are the acid fruit of the temperate zone. They have a quality that is their own. In my opinion they are more versatile."

"They go in drinks and desserts, yes, but I also serve lime quarters with avocados, melons, steak, chicken and, of course, fish. Throughout the islands you find limes in any course at any meal." They are as much a part of the Caribbean experience, Mr. Goldweber seemed to think, as the sun and sea.

Around Key West, Old Sour is a lime-juice specialty introduced by the Bahama islanders who settled there in the last century. It's a make-your-hair-curl condiment, sprinkled on fish and shellfish. Bart Moore of Key West said the formula varied from one household to another. This is a version he approved:

OLD SOUR

To a pint of fresh lime juice, traditionally Key lime juice, add a tablespoon salt. Stir till dissolved. Cover tightly and store at room temperature, preferably three weeks before using. Keep at that temperature, or cooler, as long as you wish. If fermentation should start, so much the better. Add Red Bird peppers to taste, if you like.

And now back to Key lime pie. In a delightful recipe collection, printed in 1949 and unfortunately out of print, the Woman's Club of Key West presented some fascinating regional dishes. There are no less than four lime pies besides the celebrated one prepared with condensed milk. One is a chiffon type; others have cooked fillings.

I have edited the recipe for the traditional pie, as follows:

KEY LIME PIE

3 large eggs
1 14-ounce can sweetened condensed milk
1/2 cup fresh, strained lime juice (preferably Key limes)
Grated lime rind, to taste
1 8-inch graham cracker or pastry shell, baked and cooled
1/4 teaspoon cream of tartar
6 tablespoons superfine sugar
1. Separate the eggs. Let the whites warm to room temperature.
2. Beat the yolks till pale yellow. Blend in the milk. Slowly add the juice. Blend till smooth. Taste and if you think the flavor needs intensification, add a pinch or two of grated lime rind. Remember that the taste

City Council To Meet Federal, State Officials To Discuss Airport

The Avon Park City Council announced Monday night at its regular meeting that they were to meet with representatives of the engineering firm of Bristol and Associates, the Department of Transportation and the Federal Aviation Administration to discuss plans for future development of the airport.

City Attorney Jack Hancock said he had done some work about a year ago on clearing approaches to the airport runways but had not been successful in getting the necessary information from the surveyor. However, City Clerk Malcolm Crews said that the DOT had made this study and as a result they had painted all runway markings including displaced thresholds

where obstructions existed in the normal glide path approaching the runways.

At the present a boat company leases the old hangar at the airport and Avon Park Flying Service leases the new hangar. Interest at the airport has grown to the point now where the city is having another tee hangar and its expected to be completed this week.

The meeting will be at the airport at 1 p.m. Thursday. In other action:

—The council discussed at

length the possibility of constructing tennis courts in the city. Various specifications have been assembled from contractors, manufacturers of finish materials, from South Florida Junior College, and the City of Sebring. Hancock recommended that the city contact Eric Annett, tennis coach in Sebring, who has recently built a private tennis court, and is well-qualified in this field. Crews is going to schedule a conference with Mayor Harben and Annett to discuss the courts. In the

meantime, the recreation director is to request permission from the Junior College for Avon Park citizens to use their tennis courts. The city officials gave the go-ahead to Jim Andrews to build 12 more buildings for duplexes at Lotels Park apartments on E. Canfield St. George Hoffman, representing Andrews, said they should like to start construction on the buildings while working out the details on the sewers. They plan to present a plan for sewer construction along with

estimated costs at the next council meeting. The stipulated that all the apartments must be on city sewer before final approval for occupancy.

Mayor Harben said he would like the sewer plan to be studied by city engineers, Dawkins and Associates, and a report given as to how many buildings can be connected and the proper financial participation by the city and the contractor.

John Clark, president of the Avon Park Chamber of Commerce, and Anna Belle Worden, executive secretary, appeared before the council and asked for an increase in their annual allotment from the city to \$2,000.

Hearing Held On Pollution Violations

The Florida Department of Pollution Control conducted a public hearing in Avon Park July 11 to consider air pollution violations against the City of Avon Park and Highlands County.

Hearing examiner Leonard Wolf, a Miami attorney, conducted the hearing in a jointly-operated, dump and ordered to institute a solid waste disposal program. The dump is located west of the city on SR 64.

Named as respondents in the May citation were Malcolm Crews, city clerk; Jonathan H. Hancock, city attorney; Robert Skipper, county commissioner chairman; and Robert Dunty, county attorney.

DPC attorney Terry Cole represented the department at Wednesday's hearing.

Hearing examiner Wolf will submit his findings of fact, recommendations and a proposed order to the Florida Pollution Control Board, which will make the final determination in the matter.

YOUNG SCIENTISTS from Avon Park shown with University of Florida President Stephen C. O'Connell are, from left, Grant

Stallard and Bryan Davis, who are working with Faculty Researchers at the University this summer.

Young Scientists At UF

Fifty young scientists are working shoulder to shoulder with top faculty researchers at the University of Florida this summer.

Avon Park High School baseball player Grant Stallard is studying environmental aspects of nuclear power.

"This project is fantastic," he said. Grant is working with environmental engineering scientist Dr. W.E. Bolch, "I am learning to locate radiations in plants and animals," he said.

"I have learned an immense amount about radiation." His research involves the nuclear plant that is being built near Crystal River.

Grant is the son of Mr. and Mrs. W.A. Stallard. He is a member of the High-Q team and the Key Club.

Bryan Davis, who also is a member of the High-Q team and the Key Club at Avon Park High School, is doing his summer research in the University's Space Sciences Research Building. Bryan is

the son of Mr. and Mrs. Dan Allen Davis, 1104 Lakeview Drive.

"I record and analyze the light changes as the stars eclipse," he said of his work with photoelectric photometry of binary variable 42. His research professor is Dr. Kwan Chen of the astronomy and physical sciences department.

"This has been a great experience for me and I hope it can continue that way," Bryan said.

This marks the 15th year the University has operated the program. It enables students to participate in the most recent research projects, using the newest equipment and techniques.

"It is through such contact with scientists at work in laboratories according to their individual interests that students have an opportunity to discover the requirements and rewards of a scientific career."

Explained Dr. Luther A. Arnold, director of the Summer Research Participation Program for Secondary School students.

"It has helped them develop a personal relationship with research professors that normally would not be obtained until the graduate level in college," Dr. Arnold, professor of education at the University, said.

Dr. Arnold serves as executive director of the Florida Foundation for Future Scientists, organized to discover and promote science talent. The summer program is made possible by grants to the Foundation.

Sponsors include the University, Florida Heart Association, Volusia Heart Association, Volusia Area Medical Auxiliary and Florida Chapter of the American Cancer Society.

County Votes To Close Juvenile Home August 1

Upon learning that the county's juvenile home houseparents planned to resign at the end of July, the county commissioners voted Tuesday to close the home effective Aug. 1.

Administrative Assistant Charles Cullens explained that the juvenile home operation

will be taken over by the state in January 1974.

Cullens said that it would be difficult to hire replacement house parents between now and the time the state assumed responsibility for the home. He recommended that delinquent children now being cared for at the youth care facility be sent

to a juvenile home located in another county.

By closing the home and paying another county \$15 per day to care for each child for the remainder of the calendar year, the county will save several thousand dollars, Cullens said.

County Attorney Dunty reminded the commissioners that Highlands County is obligated for eight years to pay Youth Care, Inc., \$4,000 per year for lease of the juvenile home.

Cullens said that state representatives had inspected the county's juvenile home and had indicated that they wanted to acquire it.

The commissioners instructed Cullens to request the state to take over the county's lease agreement on the juvenile home as soon as possible.

In other actions, the commissioners (all members present):

—Appointed Daniel Wirick, Sol Mosley, Ken Caudfield, Neil Rice, A. E. Austin, Bob Bolin and H. L. McNorton to serve as members of its board of adjustments, appeals and examiners, a board recently established by the commissioners to regulate the priority list of streets being paved in Lake Placid by the Ewell Construction Co.

—Authorized Commissioner Bud Wise and their administrative assistant to seek Department of Transportation approval to revise the priority list of streets being paved in Lake Placid by the Ewell Construction Co.

—Decided to participate with commissioners of Polk, DeSoto and Hardee Counties to create a regional impact planning council as required by a law passed recently by the state legislature.

—Authorized Commissioner Bud Wise and their administrative assistant to seek Department of Transportation approval to revise the priority list of streets being paved in Lake Placid by the Ewell Construction Co.

—Asked Allen Wagner, secretary of the Istokopka Marsh Watershed Committee to provide them with the names of property owners who have violated their agreement by building fences and closing gates across watershed canals.

—Denied a pistol permit requested by Joe Catamaro.

—Accepted a bid of \$1,850 by Ray Underwood of Avon Park to chip, caulk and paint exterior trim on the county courthouse.

—Accepted the offer of Carper Oil Co. of Avon Park to continue supplying the county with diesel fuel, at no increase

Two Promoted At Avon Citrus Bank

Charles H. Hoke, president of the Avon Citrus Bank, announces that two promotions were designated at the monthly Board of Directors Meeting, held July 5, 1973.

C. Edwin Bailey, assistant vice president has been promoted to vice president, and Frances Whidden from assistant cashier to assistant vice president.

In making the announcement Mr. Hoke stated "Bailey will continue in development of the lending process at the Avon Citrus Bank to better fulfill the needs and conveniences of our expanding community. Mr. Hoke also stated, "Mrs. Whidden has become one of the most knowledgeable women lending officers in this area of Florida."

Bailey has been in the consumer finance business for over 23 years. Before coming to Avon Citrus in June of 1970, Bailey had been a partner in Bailey-Haughton Motors, Inc. of Sebring. Prior to that, he was associated with the General Finance Corporation for 13 years. He operated General Finance's Office in Ft. Pierce and also had worked in West Palm Beach and Miami for the corporation. Bailey acted as a supervisor over 11 states for Household Finance for eight years prior to his duties with General Finance. He served for four and one-half years with the Army in the

ordinance and intelligence divisions during World War II. Bailey and his wife live in Neil Manor in Sebring and attend the First United Methodist Church of Sebring. He is president of the Rotary Club of Avon Park and treasurer of Highlands Shrine Club. He is also past president of the Shrine Club, and on the Board of Directors of the Elks Club, and a member of the Masonic Lodge.

Mrs. Whidden is a native Floridian, and started to work at the Avon Citrus Bank in May of 1962, as Proof Operator. Prior to that, she worked at the First National in Wauchula. She has worked in various departments of the bank since employment. She was promoted to Assistant Cashier in January of 1969, and since October of 1971, has been working in the Loan Department as a loan officer. Frances is a member of the Business Woman's Club of Avon Park, and a member of the N.A.B.W. (National Assoc. of Banking Women).

Frances and her husband, Gene, live at 622 N.W. Lakeview Drive in Sebring. Gene is self-employed as a harvester and contractor. They have two teen-age sons, Mason and Michael. Mason plays varsity football for Sebring High School, and Michael is an avid motocyclist.

Irene Awaits Transfer To Prison

Irene Maxcy O'Mara, 50, was in Miami city jail today awaiting transfer to the women's prison at Lowell, near Raiford, to begin serving a life sentence for perjury.

Judge Alfonso Sepe, who commented "somehow justice is being done" when he sentenced her in 1971, refused Friday to grant another extension of 30 days. Her attorney, Angelo Ali, had argued "she still has a few loose ends to tie up."

The five times married widow of murdered Charles W. Maxcy probably will be transferred to Lowell some time this week. There is not the wait to get in there that is in the men's prison in Raiford.

Although she is sentenced to spend the rest of her natural life in prison, life terms in Florida usually last an average of seven to 10 years, court observers say.

The appeal from the life sentence has taken 20 months. The murder Oct. 3, 1966, of citrus and cattle baron Maxcy is almost seven years past.

A one-time farm worker in Alabama and an employee in the Maxcy packinghouse

before her marriage, Mrs. O'Mara, now the wife of Henry O'Mara, Deerfield Beach postal worker, had been out of jail on a \$75,000 bond.

Mrs. O'Mara felt her final plea for a stay might be denied, and on Friday brought several yellow suitcases with her to court in Miami. She took Sepe's order straight-faced and without comment.

As jail guards made out her booking papers, Mrs. O'Mara sat calmly in Sepe's court while her daughter, Marivon, 12, hugged her around the shoulders.

Then she walked off to jail while the guard tucked her into suitcases under his arm and followed her out of court.

The murder of Maxcy was unsolved for many months, then investigators finally convinced the widow she should talk. She was given immunity to testify against her lover, John Sweet, bailing, fitfully real estate salesman.

Sweet's first trial, held in Bartow after his attorneys contended he could not get a fair trial here, ended in a mistrial. When Mrs. O'Mara

was called to the stand in the second trial, she had resumed her affair with Sweet and was living with him. She changed her testimony.

Sweet eventually was convicted of the murder and sentenced to life, but when he was not brought to re-trial as ordered within 180 days, he went free. State's Attorney Glen Darty said at the time he had a difficult decision to make—take Sweet to a third trial or try to get a conviction of perjury for the widow. He chose the latter.

For telling two different stories under oath, the widow was found guilty of perjury by a jury of six husbands. Commented Sepe: "She committed perjury in a trial for the very murder she set up."

She was sentenced to life one month later and Sepe refused to set bail for 65 days until he was ordered by an appeals court. Until Friday, that was the only time the much-married widow served in jail.

Sweet is believed to be back in Boston, his northern home. In the sensational trial in Bartow, Mrs. O'Mara admitted she paid \$20,000 to have her

husband killed. Testimony disclosed that two Boston hoodlums were involved in the fatal stabbing and shooting of Maxcy in the bedroom of their luxurious ranch home off Sparta Road. One of the hoodlums was found dead in the trunk of his car before Sweet's first trial, apparently a victim of Boston's disorganized underworld. The other was serving time in jail for a robbery at the time of Sweet's first trial.

County Population To Reach 43,800 By 1980

Highlands County will attain a population of 43,800 by 1980, 63,800 by 1995 and 83,000 by 2010, according to a projection prepared at the University of Florida.

The Highlands County projection was based on the 1970 census figure of 29,507, which is way below the present 34,800 which the county

officially now has and on which its state revenue sharing funds are distributed.

The new population figure was established for the county from building permit data after Administrative Assistant Charles Cullens asked and received approval of the new figure on this basis.

Local Boy Injured In Auto Accident

Donald Clark, 17, of Avon Park was badly injured in an accident at 1:30 a.m. July 4, 1.4 miles north of Avon Park on Gaster Road when he ran off the road and hit an orange tree. FHP Trooper Dunn charged him with careless driving. He was taken to Walker Memorial Hospital then transferred to Orange Memorial Hospital in Orlando. Damage to the car was estimated at \$600.

Investigation by patrolman Gene Hancock disclosed that at approximately 10:10 p.m.

Wednesday, July 4, Terry Lee Newgent, age 19, of Sebring, was traveling west on Hwy 17, and while attempting to make a right turn on to the truck route, he turned wide causing the left front of his 1968 Plymouth to strike a telephone pole. The force of impact caused the pole to break in two. No injuries were reported in the accident.

Glynda Faye Ivey, age 19, Sebring, was charged with failure to use due care as a result of a traffic accident at approximately 8:40 p.m. Thursday, July 5. The accident

occurred when her vehicle, a 1971 Pinto, ran off the roadway and knocked down a street sign. Damage to the vehicle was estimated at \$125 by Assistant Chief Grady Campbell.

Kerney Seigler, James W. Kerney, age 19, Avon Park, was charged with violation on right of way following a traffic accident at the intersection of S.W. Tulane Circle and Edgewater Drive. The accident occurred at approximately 8:26 p.m. Sunday, July 8. Kerney, operating a 1966 Oldsmobile, stopped for a stop sign on Edgewater St., then pulled into the path of a 1973 Ford, driven by Willie Joe Seigler, age 21, also of Avon Park. No injuries were reported in the accident. Sergeant Presley Seigler estimated damages for both vehicles at \$450 each.

At approximately 7:21 p.m. Thursday, July 5, David G. Jetmore, age 25, St. Peter-

sbury, was travelling south on Tulane Circle and lost control of his vehicle, a 1970 Oldsmobile, and struck a tree. Assistant Chief Grady Campbell issued Jetmore a citation for careless driving. No injuries were reported in the accident. Damage to the vehicle was estimated at approximately \$975.

No charges were filed as the result of a parking lot accident at 12:05 p.m. Thursday, July 5. Mrs. Claudia W. Hettel, Avon Park, stated she was backing out of a parking space and the brakes apparently failed, causing her vehicle to roll backward down a slight grade and strike a concrete trash bin. Damage to the car, a 1968 Javelin, was estimated at \$125 by patrolman Gene Hancock.

At approximately 7:21 p.m. Thursday, July 5, David G. Jetmore, age 25, St. Peter-

Ladwig-Johnson Wedding Held In Church Of Christ

Miss Kathleen Ladwig and Donald Ray Johnson were united in marriage at the Church of Christ on Saturday, June 30, at 8 p.m. in the evening. Everett Bean, Minister, performed the double ring ceremony.

The bride is a daughter of Mr. and Mrs. Roy F. Ladwig and the bridegroom is a son of Mr. and Mrs. Paul Johnson, all of Avon Park.

The candlelight ceremony was performed before a brass arch clustered with greenery (and a three-branch candelabra on each side). From clusters were used to soften the background. A pair of brass tree candelabras was used on either side, with a large white wedding bell centering the archway. A background of palms, with two urns of mixed colors of flowers, using glads and pompons, completed the decorations. The couple knelt at the altar on a brass kneeling bench as the "Marriage Prayer" was sung by an Acappella Chorus.

At the entrance of the church, was a white lattice screen decorated with clusters of foliage, featuring two white doves, banked on either side with palms. The family pews were marked with satin bows.

The Bride

Given in marriage by her father, the bride was lovely in a gown of white silk organza. The portrait neckline was enhanced by a peau d'ange bodice. A matching lace front panel flowed from the empire waistline to the hemline. A wide border of peau d'ange lace encircled the hem and chapel length train. The long, tapered lace train gathered gently at the wrists were enhanced with a white satin ribbon and bow, from which extended a wide ruffle edged with lace. The bride carried a formal bouquet of cascading crisp, ruffled white butterfly roses laced with ivory beaded with baby's breath and stephanotis.

Miss Charlene Ladwig, sister of the bride, served as maid of honor. Her gown was lavender satin overlaid with silk organza, featuring a scoop neckline. The empire waist was accented with matching satin ribbon, with long streamer. Tiny covered buttons dotted the front center of the bodice.

Bridesmaids were Miss Wendy Jordan, gowned in turquoise; Miss Brenda Ladwig, sister of the bride, was gowned in yellow; Miss Sharon Reed, cousin of the bride, from Delavan, Wis., wore a pink gown. Miss Karen Johnson, sister of the bridegroom, was gowned in mint green. All the bridesmaids' gowns were styled identically to that of the maid of honor. Her attendants carried delicate pastel bouquets of pink roses, with roses, stephanotis, miniature carnations and baby's breath.

Ronald Johnson attended his brother as best man. Groomsman were Billy Richards, Avon Park; Paul D. Landrum of Miami; Joel Johnson and Kenneth Miller from Tuscaloosa, Ala.

Miss Melanie Ward, cousin of the bride from Wauchula, was flower girl. She wore a long yellow gown identical to the bridesmaids. She carried a wicker basket of mixed colors with miniature carnations and baby's breath and with petals to strew.

Master Roy Ladwig Jr., brother of the bride, was ring bearer.

For her daughter's wedding, Mrs. Ladwig chose a rose chiffon floor-length gown with full sheer sleeves cuffed at the wrist. She wore matching accessories. Her corsage was of pink rose buds and stephanotis enriched with satin leaves.

Mrs. Johnson wore, for her wedding, a floor-length gown of blue knit with long sleeves and empire waist. She wore matching accessories and a corsage of white rose buds and stephanotis accented with satin leaves.

The bride's grandmother, Mrs. J. V. Ward, chose a full-length gown of blue knit with long sleeves and empire waist. She wore matching accessories and a corsage of white rose buds and stephanotis accented with satin leaves.

Immediately following the wedding ceremony, Mr. and Mrs. Ladwig entertained at a reception which was held at the Florida Power Lounge. Miss

Mr. and Mrs. Donald Ray Johnson

Tammy Welch was in charge of the guest book. Placed on the bride's book table was a long stem crystal vase with a single rose bud.

Floor-length cloths of pink lace and white satin were used on the bride's cake table. Long white tapers burned from single candle holders with crystal globes on either side. A white lattice screen decorated with white wedding bells and clusters of various foliage and banked with shefflera palms formed a background behind the table. The bride's rainbow color scheme was carried out in the three-tiered wedding cake assembled with angel columns. Tiny blossoms in pink, yellow, aqua, and lavender were arranged in clusters on the cake and were added to the top ornament, which was a flourish of flowers and leaves curved around the traditional bridal couple. White tulle trimmed sugar lace bells, accented with the same rainbow blossoms, garnished the cake between the tiers. The bride's bouquet completed the table arrangement.

A matching table held the silver punch bowl with a silver candelabra with prisms on either side. The bridesmaids' bouquets were used to ornament the table. Assorted nuts and mints were served from crystal bon bon dishes.

Assisting with the serving were Mrs. James Bennett and Mrs. Charles Moseley at the cake table, with Mrs. Earnest Childress at the punch service.

Honeymoon to

Southern States When the newlyweds left on a honeymoon to points of interest in Alabama, Georgia and Tennessee, the bride was wearing a long crepe floral print gown with a white rose corsage lifted from her bridal bouquet. After their return they will reside in Avon Park, where Donald is employed by Palmer Electric.

Kathleen graduated from Avon Park High School this past June, and Donald graduated from APHS with the Class of 1971.

Couple Help

Build Church In

Far North

An Avon Park couple are working to create an "instant church" in the far north.

R. H. Sanborn and his wife, Grace, are helping to build a complete church complex in only two weeks. Local townspeople of Yellowknife can hardly believe their eyes. Where one week ago there was only a foundation there is now a Seventh-Day Adventist church building well along toward completion. The first services in the chapel are scheduled for less than two weeks after the first floor joists were placed.

The speedy construction of the building, valued at \$50,000, was made possible by approximately 145 volunteer workers from all parts of North America, most of whom flew to Yellowknife in private planes. The fly-in was organized by Maranatha Flights International, whose purpose is to organize volunteer labor and arrange transportation to such projects as this. The average distance traveled by each volunteer to Yellowknife will be more than 5,000 miles, round trip.

The total project includes a 120-seat chapel, a manse, gymnasium, special activity rooms and facilities where clothing and food can be stockpiled for emergency use in time of community disasters. The building is made largely of wood.

Construction workers include professional builders who are supervising the work, as well as skilled carpenters, plumbers and electricians. Coming from 23 states and Canada, the participants represent a variety of professions and occupations, ranging from a high school co-ed to a psychiatrist.

From now on, farm workers must register for work with the state employment service when making application for food stamps. The state will study fraudulent use of the stamps in college areas by both students and those posing as students.

Florida will be a pilot state to computerize the program. And the citrus industry has agreed to set up a clearing house to mail current information on its workers.

Rotarians Hear Program On Russian Trip Wednesday

By DALE LANDRESS

Program Chairman Art Turner introduced guest speaker Otto Buxbaum, manager of the Holiday Motel in Sebring. Mr. Buxbaum gave details of a recent trip he made to Russia. Mr. Buxbaum went to Russia to take his mother to visit a sister she had not seen in 54 years. The trip lasted four weeks and the Buxbaums were able to see many Russian landmarks. Mr. Buxbaum was surprised at the number of foreign visitors. He indicated that Russia has acute domestic problems and they are anxious to get the tourist's dollar. Mr. Buxbaum was appalled at the quality and the cost of Russian merchandise. He commented that all goods

appeared to be second hand and the cost was about treble what Americans pay. The high cost of goods is a result of a severe distribution problem caused by a lack of adequate transportation.

Mr. Buxbaum said the trip made him happy that he lives in America. He concluded his program by showing some excellent slides of the Russian countryside, its people and attractions.

No Abuses Of Food Stamps Found Here

Although abuses of food stamps have been reported elsewhere in the state, there have been no instances here so far as the local office is aware.

Austin Heacock, in charge of the office, says there of course is a possibility of hidden fraud, but "no way we can find out. If a person wants to come in and tell us a bald faced lie, he can do it."

Because of abuses in Florida, U.S. Sen. Lawton Chiles has come up with a plan of action designed to combat fraud and misuse of the stamps.

From now on, farm workers must register for work with the state employment service when making application for food stamps. The state will study fraudulent use of the stamps in college areas by both students and those posing as students.

Florida will be a pilot state to computerize the program. And the citrus industry has agreed to set up a clearing house to mail current information on its workers.
