

Punch Party

Honors Miss

Linda DeLaney

A punch party honoring Miss Linda DeLaney, bride-elect of Robert Alexander, was held on the morning of June 30, at the lovely home of the Mervin Rehners. Hostesses were Mrs. Dale Durden, Mrs. Tay Manske, Mrs. Loyd Wells and Mrs. Mervin Rehner.

Miss DeLaney received her guests with her mother, Mrs. Leon DeLaney, and the bridegroom's mother, Mrs. Roy Alexander, from the patio, where the guests were served from a beautifully appointed table in silver and crystal.

Centering the table was a white milkdass compote with an arrangement of pink mums and white daisies. Cake, home baked cookies, Petite Fours and nuts were served along with the punch.

Presiding over the punch bowl were Miss Laurie Burch and Mrs. Robert Bender. Laurie Rehner greeted the guests and directed them to the guest of honor, and Mrs. Rodney Davis kept the guest book.

Linda and Robert will be wed this Saturday, July 14, at the Episcopal Church of The Redeemer, at 7:30 p.m. Episcopal Church of The Redeemer, at 7:30 p.m.

Local Scouts Tapped For

Order On The Arrow

Scouts Chuck Behal and Tom Johnston on Troop No. 814 were among those tapped for the coveted Order of the Arrow this past week at BSA Camp Flaming Arrow in Lake Wales. These Scouts will return to Flaming Arrow in August to complete requirements for induction into the order.

During the week at Flaming Arrow, Scouts of the Calusa District worked on requirements for merit badges and other advancements. Badges earned by Troop 814 were First Aid, Jan Johnston

and Tom Johnston; Small Boats, Walter Newton; and Nature, Walter Newton. Two Scouts, Mark Brown and Tom Johnston, completed the mile swim.

Other members of Troop 814 attending were John Margot and Dan Colham. This troop is sponsored by Knights of Columbus of Our Lady of Grace Catholic Church.

Larry Hooper of Avon Park is Assistant Director of the Flaming Arrow summer camp for this year.

Miss Robinson

Honored With

Coffee June 30

Miss Debbie Robinson, bride-elect of Kim Malcolm, was honored with a "coffee" on Saturday morning, June 30, at the lovely Lake Lotela home of Mrs. Jim Turnbull. The guests were greeted at the door by Debbie, her mother, Mrs. Willis Robinson, and Mrs. Bill

Willis Robinson. The coffee, refreshing pink lemonade, dainty sandwiches, petits fours and nuts were served from a beautifully appointed table, centered with an arrangement of gorgeous roses in a silver bowl. The hostesses for the occasion were Mrs. Fred Guerndt, Mrs. Charlie Collins, Mrs. Bill Owens and Mrs. Jim Turnbull. At the silver coffee service was Mrs. Miriam Lawhon. The Misses Selma Monts De Oca and Janice Murphy assisted with the serving of the other refreshments.

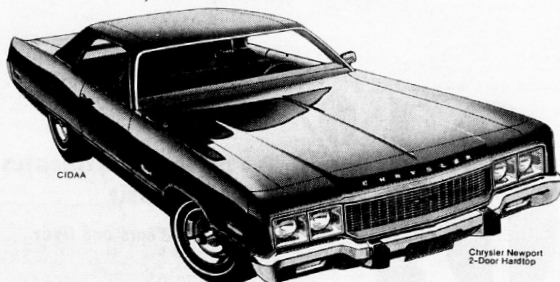

Approximately 50 guests called to visit with Debbie and wish her happiness. The wedding will be this Saturday, July 14, at 8 p.m., at the First Baptist Church.

ON FRIDAY, June 15, an award was presented to a patient in Walker Memorial Hospital—George Phelps. The award represents the highest honor bestowed to anyone in the McCrory Corporation. It was a

highlight in his 31 year career, in spite of a tragic situation which began almost a year ago. George is shown above with his wife, Allene, as they look at the award. Photo by Sharpe

A Happy Occasion In Spite Of A Tragic Situation

BY ELOISE SHARPE

When I was asked to go to the hospital to take a photo of a sick man receiving an award, I was so appalled at what I saw and heard, I thought I would share it with all of you.

A pleasant talking lady, Mrs. George Phelps (Allene), wife of the sick man, and a male nurse were lifting this man, George, into a wheel-chair for the picture. Pain and disfigurement were written over this frail man. I glanced at a picture on the bedside table of a healthy robust executive type looking man, and this astonishing lady looked at me and shook her head yes, at the puzzled look I had on my face, wondering if these two were the same person. She said yes, the picture was taken just a year ago. I just had to know more, so this is what I was told.

Last July 7, this healthy executive, George Phelps, locked the door of the new McCrory Store in the Winter Haven Mall and started home to Orlando, in his Cougar, around 10 p.m. He had come to Winter Haven a few months earlier to create this new concept store. He was chosen for this store because of his training and experience in his 21 years of District Supervision for the company. He had created many stores in shopping centers, such as this across the southeastern United States, from the Mississippi River to the eastern coast. He was widely known by his competitors, as well as his peers, for being a hard working, capable leader, dedicated to getting the job done. He was one who believed in his work and took great pride in working with people in creating a new establishment and laying a good foundation which they, the local citizens and the company, could take in, and share in the rewards. He was public relations minded and as usual, was quickly recognized in Winter Haven, being elected president of the Winter Haven Mall Merchants Association and active in the Kiwanis Club.

Little did he realize as he closed the store this night that he was closing the door on his 31 year illustrious career, and that he would not be able to share the pride and enjoyment of this recent accomplishment...because fate had ordained the greatest struggle of his life for him, and the past 11 months have been a struggle to survive an indescribable auto accident.

As he headed east out of Lake Alfred, and was rounding a long sweeping curve, proceeding east on Highway 17 and 92, there loomed a car (proceeding west) at a high rate of speed (excess of 100 MPH) out of control, and it came crashing into him. There wasn't time or any way for him to get out of the path of the zooming machine.

The driver of the car who hit him had pulled out of a bar down the highway and a state trooper, knowing there were four warrants out for this man, was chasing him. It was rumored that the man had not had a sober breath in the four years since his wife committed suicide. It was also rumored

that the man had also been terminated with Seaboard Railroad prior to her death for psychiatric reasons. This person also owned a house in Plant City, and has a retirement fund, but Mrs. Phelps could not attach either according to the Florida law. This man was also without insurance on his car, and without a driver's license. He received a brutal nose and was kept in the hospital overnight for observation. Mrs. Phelps was told that he was fined \$500 but couldn't pay it fine, so was confined to jail for 60 days, then released (possibly because a menace on the highways and destroy anyone who gets in his path). During this ordeal, Mrs. Phelps said she finds the apathy of law officials the hardest thing to accept. She went to the police station to discuss it with an officer and was told that she was just upset because it was her husband. She was told that they see this type of thing every day, and didn't think much about it.

After the accident Mr. Phelps was taken back to the hospital in Winter Haven, and there his life hung by a thread for 32 days in intensive care and afterwards he lay in a deep coma for six months, with serious head injuries and compound fractures of the left leg which became seriously infected. Then it was decided to transfer him to Orlando to an orthopedic specialist, who performed four major operations on this leg to get it under control. He was in intensive care at the hospital for two months, then transferred to another hospital for therapy. He was there for one month, but it was soon evident that he wasn't going to come out of the coma. His general condition was not good, so it was decided to transfer him to a nursing home to see if his condition would stabilize, and perhaps nature and time would bring him out of the coma. When after four months he was still in a semi-conscious state the neuro-surgeon decided to readmit him for re-evaluation. At this time the tests revealed massive fluids pressing the brain, so it was decided that surgery was necessary to relieve this. (A tube was inserted into the head and extended through the jugular vein, under the skin, and emptied into the stomach. This is a permanent part of his body now.)

After surgery he had begun to move his right leg and arm, which were paralyzed by the blow to the head. He also began to make a feeble effort to talk (his speech area was injured when his head was thrown against the door frame of the car). He was hospitalized for a month in an Orlando Hospital after his brain surgery, then it was decided, after he was out of danger from surgery, that emphasis should be physiotherapy to get the left leg straightened down, due to his leg being in a cast for 5 months, in an angular position).

But next came the problem of where to find a hospital with facilities to care for him and give the physiotherapy he

needed. It would have to be one that would give him individual attention and have the patience and a positive approach, for this would be a long, tedious and trying procedure to get him back on his feet again.

Mrs. Phelps' experience with hospitals thus far had been that doctors expect a quick recovery and take scientific judgments by professionals and a general attitude of indifference to a prolonged illness such as George has. (All doctors but one - and his devoted wife - had given up hope for Mr. Phelps.) A friend of Mrs. Phelps from this area suggested that she talk with a local doctor for advice, and he recommended the therapist at Walker Memorial Hospital. Under the attentive care and patient work of the nurses and skilled therapist, George is beginning to walk a little, and his speech is slowly returning. Mrs. Phelps said: "These people truly care and put their faith into action. My faith in people and the medical profession has truly been restored by this group of dedicated people, who work and pray. I have found so much indifference this past year from people in general, who have an apathy about such an unfortunate and serious injury such as George has, which has made my load heavier to bear. It's hard to accept such an unfortunate, unnecessary tragedy dealt to us by such a worthless person, but when you're rooted in something beyond yourself, you look for meaning to life even in the face of all this tragedy; we accept things as they are and go on from there. After all, success to us has been finding the strength within us to cope with whatever difficulties we are dealt and somehow keep on struggling. To find people such as we have here helps us to keep on struggling."

Mrs. Phelps has kept a constant vigil by her husband's bedside for 11 months. She has been the only link to reality for him, after his becoming comatose three months ago. Since his speech was impaired in the accident, he is having to learn to talk again like a child, and Mrs. Phelps is his interpreter. At the time of the accident, Mrs. Phelps was also a career woman, having come to Orlando four years ago from Atlanta, where she created and co-owned and managed Pier I Imports in Orlando. Prior to this, she was personnel manager for Davison's Department Stores in Atlanta, owned by Macy's in New York. Finding it important to be with her husband constantly, to benefit his progress, it became necessary for her to give up her store and home in Orlando. Also their dream home in Atlanta, a Southern plantation type home they had worked hard for and planned to return to and retire to in two years.

The Phelps have two children, one son, Bill Phelps of Atlanta, who is a pilot for Delta Life Insurance Co., and a daughter Joye Nance, who lives in Hickory, N.C., and one granddaughter, Kimberley. The Phelps celebrated their 31st Wedding Anniversary on June 8.

Reds Lead League As Season Reaches Halfway Mark

The Avon Park youth baseball schedule reached its halfway mark last Saturday night as the Reds defeated the Braves 12-0 to remain at the top of the league standings with an 84 record. The Cubs, coached by Johnny Elder, moved into second place with a record of four wins and five losses while the Mets and the Braves were all tied up at 3-6 after the first half of play.

Tonight, Thursday, July 12, the Braves will meet the Cubs in the 6 p.m. game at Head Field, and the Reds will take on the Mets in the second game which will start around 8 p.m. Next Tuesday night, July 17, the Cubs and the Mets will play the early game and the Braves and the Reds will go at each other in the second game.

In action last week the Reds won all three games, beating the Cubs 8-2 on July 3, defeating the Mets 10-2 last Thursday and then taking the 12-0 shutout from the Braves last Saturday night. In the 8-2 win over the Cubs, Dennis Hulon was the winning pitcher, giving up only one hit in the six-inning game. Hulon struck out eight Cub batters. David Cantrell and Charles Puch shared mound duties for the losing Cubs, allowing four hits to the Reds, including a triple by Mort Jackson in the first inning.

Last Thursday evening Timmy Massey hurled the Reds to the 10-2 win over the

Mets who connected for only one hit in the five inning affair. John McKinnas singled in the first frame for the Mets lone hit. The Red batters rapped out six hits off starter Stephen Ford and Freddy Moore who came on in relief in the first inning. Mort Jackson led the Reds at the plate with two singles while Terry Lanzing, Timmy Massey, Dennis Hulon, and Matt Edmondson all got a single each.

The third Red win of the week was the 12-0 shut-out over the Braves last Saturday night. Dennis Hulon hurled three innings for the winning Reds before he was relieved by Jessie Arriano who tossed the final two frames of the five inning game. Hulon gave up two singles to Smokey Hill and Butch Farless got a single off Arriano for the only hits by the Braves. The Reds got eight hits off Butch Farless and Larry Jackson. Timmy Massey boomed out two doubles, Jessie Arriano hit two singles, and Mort Jackson, Dennis Hulon, James High, and Matt Edmondson all got one single each.

On July 3 the Mets squeezed by the Braves with a 9-8 score in a single in the last of the Braves won a tie breaker from the Mets by scoring one run in the ninth inning for an 11-10 victory before the regular game started. The tie game had been called on June 21 with the score 10-8, after seven innings of play. In the regular game Freddy Moore drove in the winning run in the last of the sixth inning with a single off Tommy Lewis to give the Mets the 9-8 victory. John McKinnas hurled the win for the Mets, allowing six hits in the six-inning game. Melvin Britt doubled for the Braves. Smokey Hill had three singles, and Frank Anderson and Larry

Jackson both had a single in the losing effort off McKinnas. The Mets got seven hits off Larry Jackson, Butch Farless and Timmy Lewis. McKinnas hit a double, Freddy Moore had three singles, Horace Moore hit two singles, and Verner Tanger singled for the Mets.

Last Thursday night the Braves defeated the Cubs 8-3 behind the two-hit pitching of Tommy Lewis and Larry Jackson. Lewis pitched all but one out of the game. Johnny Barker and Rocky Underwood were the only two Cubs able to get a hit off Lewis. Both singled. Frank Anderson led the Braves' seven-hit attack with two singles while Smokey Hill, Tommy Lewis, Larry Jackson, Ken Light and Mike Owens all hit a single each off losing pitcher Jeff Jackson. Dale Sisemore came on the mound for the final out for the Cubs.

The game between the Cubs and the Mets last Saturday was a good one which ended with the Cubs taking a 13-12 victory from the Mets by scoring five runs in the bottom of the last inning. Johnny Barker drove in Charles Pugh with the winning run with a single in the last of the sixth. The Cubs got 12 hits off three Met pitchers with the ninth inning for an 11-10 victory before the regular game started. The tie game had been called on June 21 with the score 10-8, after seven innings of play. In the regular game Freddy Moore drove in the winning run in the last of the sixth inning with a single off Tommy Lewis to give the Mets the 9-8 victory. John McKinnas hurled the win for the Mets, allowing six hits in the six-inning game. Melvin Britt doubled for the Braves. Smokey Hill had three singles, and Frank Anderson and Larry

Restricted Drivers Must Have Adult Driver

Too many people with restricted drivers licenses are appearing at the testing stations in the county to take the driving test without an adult licensed driver with them.

And the practice, if continued, will result in the issuance of a summons and/or warrant for arrest, County Judge Mark Richardson warned this week.

"Presently, I am told, they are being refused the right to take the test," said the judge.

Consideration is being given by the examiners, he said, to detain such persons, and a call for a Florida Highway Patrol trooper to issue a summons for the violation of restriction. Barring this, the examiner can make an affidavit in the state's attorney's office in which case a warrant for arrest is issued.

Local Firm Changes Ownership

The Steel Products Welding and Machine Shop located at 200 W. Canfield St., Avon Park, is now under new management, after being owned and operated by W.E. (Bill) McCullough since April, 1961. He will be succeeded by Jerry Wright, who is a former employee of the business.

Bill and wife, Irma, have been residents of Avon Park since an early age. They also own SAVA-STEP grocery store on Sparta Road in Sebring, and Ride Discount here in Avon Park, which their son, Dolton, has taken over, as owner and manager, as of July 1. Jerry Wright came to Avon Park from Wauchula seven years ago, and is married to the former Ann Wilson. They have a six-year-old son, Randy.

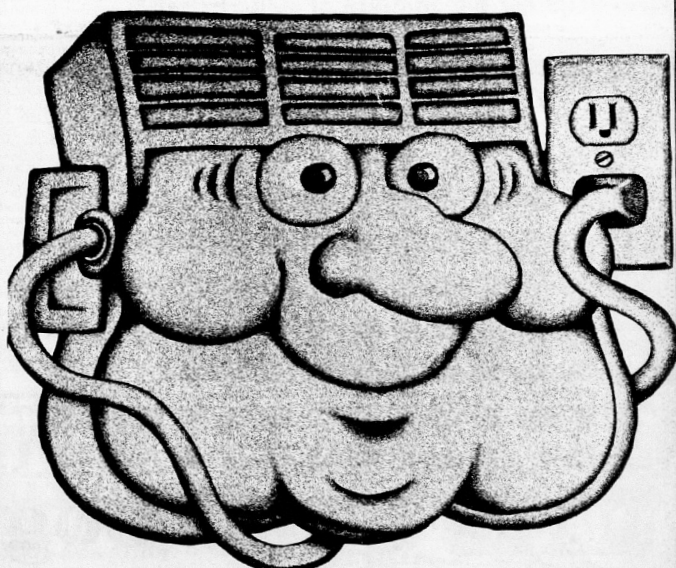

Bill wishes to express his thanks and appreciation to his fine patrons which have supported this business and helped to make it a success. To these, he will always feel grateful. When turning the business over to Jerry, on July 1, Bill remarked, "I hope that everyone will continue to patronize The Steel Products and Mr. Wright, and that he will have continued success in this most vital work in the community, as I have had in the past."

Bill's first plans are for his first vacation in over 12 years. After that, he may continue to do steel work, but if so, it will be on a minor scale.

How to put a curb on your air conditioner's appetite.

Let's face it, air conditioners that work in Florida really have to put out. And that takes energy.

But they don't have to eat you out of house and home.

How can you curb your air conditioner's appetite and still keep cool?

Set your thermostat up to the highest possible temperature you find comfortable. (You don't want to sweat. But you don't have to freeze.)

Replace filters frequently. Clogged filters make air conditioners work overtime.

Keep outdoor vents clear of plants and obstructions.

Don't block air grills with furniture or drapes.

And make sure your house is adequately insulated. (You'd be surprised how many Florida homes aren't.)

Follow these simple suggestions and you'll not only curb your air conditioner's intake, you'll cut your cash outgo.

And you'll have all the comfort you need.

John Childers has returned from MDA Camp, which was held in New Port Richey at the Lake Moon Camp. There was over a hundred MD Campers from all over the state.

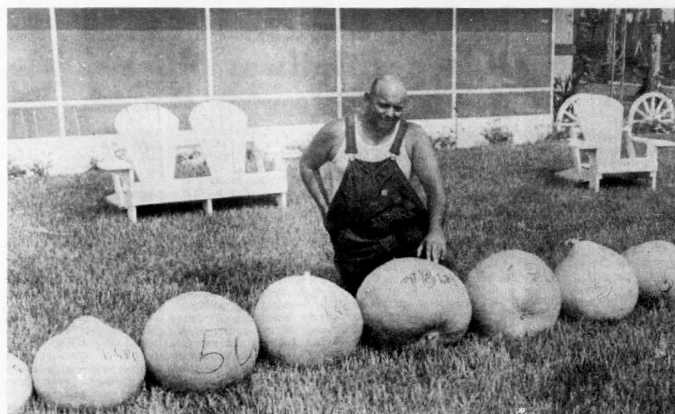

Each camper had a counselor who helped them with wheelchair or anything necessary. They went swimming, bowling, played hockey, and softball, all from wheel chairs. They were also treated by a gospel group from Miami, and different entertainers from around the state.

This camp is sponsored through the Jerry Lewis Telethon, which will be seen on WDBC-TV Labor Day. This

Swimming Instructor For Handicapped Certified

Highlands County Chapter of the American Red Cross has its first certificate in swimming instruction for the handicapped in the person of Gayle Whitehead, Sebring, who recently completed the course at the Regional Red Cross Aquatic School, Camp Ocala.

When asked what she had learned during the ten-day

session, Gayle replied: "I'd expected to learn more of what I'd already been doing here with the mentally retarded, but I found myself learning how to instruct the blind, deaf and paraplegic, as well as learning facts about the construction and equipment of pools for use by the handicapped. It is surprising what help can be given all these swimmers and how much they can learn about water safety and aquatic activities when they are properly taught."

Gayle is no novice at teaching the handicapped. Though only 21 years old she has worked in the Ridge Area Youth Association for Retarded Children for five years. She coached Melvin Barber, formerly of Sebring, who became a National Special Olympics Qualifier in 1972. She is presently working in the Ridge Area Summer Fun Camp.

"We're very proud of Gayle's work and pleased with her interest in helping the handicapped," said Mrs. Jackie Dunn, associate chairman of the local Red Cross Water Safety program. "The Red Cross is happy to be able to extend its water safety training to this group of young swimmers and encourages them to enroll in the current summer program. A call to the Red Cross office, 385-6143, will give all the details for enrollment."

The local office is open from 9 to 12 Mondays through Fridays.

The Avon Park Sun, Avon Park, Fla. July 12, 1973 38

Muzzle Stuffers

The Highlands Muzzle Stuffers will hold their monthly muzzle loaders shoot beginning at 9 a.m. Sunday at Horse Hammock.

Highlands Gun Club

There will be a meeting of Highlands Gun Club July 19 at the Sheriff's pistol range. It will be a pistol match.

George and Lockie Geisler arrived home safely in Menominee, Mich. George is now busy with his garden. George and Mildred Wilson had a safe journey to their home in Cabot, Penn. Otto and Henrietta Kroeger

have been busy since getting home in Marion, Wis. First there was the wedding of their grandson. Then they celebrated their 50th wedding anniversary with an Open House ending with a buffet supper. The following Sunday at church they renewed their

vows after the morning services. Grace Warner is enjoying her visit with her families in Clyde, Ohio. Since the weather is as hot as in Florida, she is quite well. The Keith Debos spent a few days with the Edwin Swansons

in La Porte, Ind. The Debos have also been attending several Grange meetings and meeting old friends as well as making new ones. You know Keith and his gardening! Well now he is raising Burpless cucumbers. How about that?

The Ray Johnsons are now at their cottage in Nobel, Canada. They are situated Georgian Bay. Most folks when they write me say they enjoy reading the Sun and keeping up with the news of their friends they have met in Avon Park.

A NEW BIBLE . . .

for ME!

She really is delighted because her church is presenting her with a new Bible. She understands and appreciates this gift, because in earning it she has committed many verses to memory, and thus learned to value God's word. The churches desire that all would study and learn to love God. Plan to attend church and share in this knowledge and joy.

Class Of '53

MEMBERS OF THE AVON PARK HIGH SCHOOL graduating "Class of '53", who held their reunion Saturday, June 16, at River Greens Golf and Country Club are pictured above. After 20 years all but 12 were present. There were letters and cards read from some who were unable to attend. Some attended from Texas, Ohio, La., S.C., and all over Florida, with a wonderful time enjoyed by all the reminiscing. Seated, from left, Helen (Mott) Hulen, Del (Renfro) Stokes, Annvay Jean (Bass) Kinbrough, Sheila

(Mott) Mullins, Betty (Childers) Heckard, Aylene (Reed) Metcalfe, Martha Jo (Little) Horne, Lillian (Culpepper) Ashurst. Standing, first row, from left, Carl Spurlock, Tom Jenkins, Bill Elliott, Charles Marshall, Charlene (Delegal) Scurry, Annie (Stewart) Collier, Hermie (Myers) Harvey, Pat (Knowles) Lamb, Jack Smith, Jerry Childs, Louis Lagoni, Roger Owens, Bowz, Lawrence Pate, Duane Kopla, Marvin Farless, Larry Hooper, Quinton Varnes, Robert Cook, Wayne Hock and Bennie Harvey.

Palsgroves Back Home After 18-Day Vacation

The Palsgroves - John and Carol and children, Michael and Diane - left Avon Park on Thursday, June 21, in their truck camper, for an 18-day trip, which took them to Washington, D.C., and back down the Outer Banks of North Carolina.

En Route they spent a day at Six Flags Over Georgia, riding most of the rides and seeing the interesting things there. They camped at Red Top Mountain State Park in Georgia. In Colgate, Tenn., they

visited former Avon Park residents, the Cliff Myers family. The Myers were ready to leave on vacation the next day, so they all left together and camped at Deep Creek National Park in the Smokies. The next day they rode inner tubes down a portion of Deep Creek.

They entered the Blue Ridge Parkway at Asheville, N.C., camping at night on the Parkway at National Parks and during the days they hiked to waterfalls, visited restored

mountain houses and viewed the beautiful sights. They detoured off the Parkway to Grandfather Mountain in North Carolina, and to Natural Bridge, Virginia. They also drove along Virginia's Skyline Drive and went to Luray Caverns.

From there, they camped near Washington, D.C., going into the city for two days. They camped one night in West Potomac Park, right on the Potomac River and within sight of the Lincoln Memorial. They also spent some time at the Lincoln Memorial, Jefferson Memorial, going up to the Washington Monument ice, during the daytime and night. They also took a tour the White House and Capitol. They saw stamps and money printed at the Bureau of Engraving; spent some time at the Smithsonian Institution, where they were particularly interested in the Wright Brothers' plane, the space capsules and a piece of moon rock. While in Washington they also visited Arlington Cemetery and saw the Tomb of the Unknown Soldier and the "Changing of the Guard"; John and Robert Kennedy's tombs and the Curtiss-Lea mansion.

Then on to Jamestown, and Williamsburg, Virginia. At Jamestown they saw the ruins of the first permanent English settlement in the United States, and they visited many of the restored homes and buildings in Williamsburg. They visited Kitty Hawk, N.C., and saw where the Wright Brothers flew the first plane; also stopped at Cape Hatteras and climbed the lighthouse.

While in the Washington area they also visited the General Conference Headquarters of Seventh-Day Adventists in Takoma Park and went to the National Zoological Gardens, where they saw the two panda bears presented to President Nixon by the People's Republic of China, and the original "Smoky the Bear" and "Little Smokey", who was rescued from a fire a couple of years ago, and will eventually take the place of Smokey who is now in his 30's.

They also rode on an automobile ferry for two hours from the Outer Banks at Hatteras to the mainland, and stopped over for one day at Myrtle Beach, S.C., en route home. The Palsgroves visited many places and enjoyed a host of interesting sights, but they were happy to be back home.

Highlands County Residents Attend Homemakers Council

The 49th Annual Extension Homemakers Council meeting at the University of Florida, July 9-13. The theme for this year's conference is, "Today's Emerging Woman."

More than 300 Extension Homemakers and Extension Home Economists from throughout Florida will attend this week of educational

sessions for improving leadership skills. The homemakers are trained in various home economics areas and then return to their respective counties to teach others.

Highlands County will be represented by Margaret Bush, club president, Avon Park; Jo Townsend, home economics agent, Sebring;

Betty Bolin, club president, Sebring; Jan Cole, club president, Lake Placid; Shirley Pryor, council secretary, Lake Placid; Faye Nelson, cultural arts chairman, Lake Placid; Jackie Jenkins, council president, Lake Placid; and Maymie Ozer, council vice president, Venus.

"We Service Our Own"

Methodist Youth To Hold Ice Cream Social

The youth of the First United Methodist Church will hold an old fashioned "ice cream social" at Wesley Hall this Saturday evening from 5 p.m. until 7 p.m.

Many varieties of home made ice cream will be for sale. The young people will serve customers at tables in Wesley Hall or orders may be

called in for home delivery. Prices will be thirty-five cents per dish or seventy-five cents a pint.

The project is under the direction of the new choir youth director at First United Methodist Church, Miss Margaret Jones.

MANAGEMENT

CAREERS IN RETAILING

Major Advantages Include:

- Attractive starting salary.
- Pride in being associated with a nationally respected retail chain.
- Profit sharing bonus.
- Liberal retirement plan.
- Hospitalization and major medical plan.
- Paid vacation, holiday and sickness benefits.
- Promotion from within policy.

Neisner's, a rapidly growing national retail chain offers a formal management training program leading to store manager and positions of eventual greater responsibility.

Company operates 191 stores in 17 states and the District of Columbia. Major concentrations are in the northeast, midwest and Florida. College training desirable, but not necessary. Candidates must have the drive and flexibility to succeed in the dynamic chain store industry. Willingness to relocate is essential.

Public Hearing

FLORIDA DEPARTMENT of Pollution Control conducted a public hearing Wednesday, July 18, after the city was charged with violating pollution control laws at the city dump. Some officials shown at the hearing are Mrs. Hazel Scarborough, State

Senator Tom Gallen, City Attorney Jack Hancock, County Attorney Bob Dwyer Jr., County Commissioner (Dist. 1) Mel Bass, Thevenow DeLaney, Highlands County Sanitarian; Commissioner Robert Skipper, and Mayor Robert Barben.

Hearing On Pollution

City Closes Dump On State Road 64 County To Aid In Clean Up Of Dump

An all-day hearing on pollution problems at the dump on SR64 wound up July 11 when Highlands County and Avon Park city officials offered to clean it up and close it.

Representatives of both bodies went back to their boards with the recommendation.

The City Council of Avon Park, at the July 12 meeting, agreed to aid in the cleanup and operation of the Avon Park dump on Northside and to clean up the State Road 64 dump and then close it.

County Commissioners Friday morning in special session agreed to this and to start operating only in the dump north of Avon Park.

Among those attending the meeting Wednesday in Avon Park, presided over by hearing Examiner Leonard Wolf of Miami, were Sen. Tom Gallen, County Commission

Chairman Robert Skipper, Commissioner Mel Bass, County Engineer Gordon Hayes, Administration Assistant to the County Commission Charles Culbert, Thevenow DeLaney, county health department, Mayor Bob Barben, Clerk Malcolm Crews, Fire Chief Mac Flowers and Jack Hancock, attorney for the City of Avon Park.

By order of the Florida Department of Pollution Control the City Dump on State Road No. 64, approximately 1 1/2 miles West of Avon Park will be closed immediately.

Beginning Monday Morning, July 16, the Northside dump located just off the old Frostproof road will be open seven days a week from 8 a.m. to 5 p.m. and persons previously using the State Road No. 64 dump are directed to that location. Further information can be secured by calling city hall, 453-3558.

Commissioner Ken Wilkinson started his colleagues Tuesday when he called on them to authorize their administrative assistant to find a sanitary landfill site and institute condemnation proceedings immediately to acquire it.

Last week's successful confrontation with the Florida Pollution Control Department, over conditions at a dump in Avon Park, had led several commissioners to believe that rushing to procure a central landfill site for the county would be unwarranted.

Wilkinson refused to see it that way and said so. "Looking at interim solutions is just sticking your heads in the sand," he said. "That's not solving the problem."

Commissioner Norman "Jug" Heston, in a rare display of impatience, allowed that Wilkinson did not understand the problem since he was not present at last week's special meeting to discuss the dump situation.

The special meeting referred to by Heston was called to obtain approval for the use of county assistance in solving a problem that had developed at a dump located on SR-64 in Avon Park.

Several commissioners had committed themselves to the Pollution Control Department to recommend that the dump on SR-64 be closed, so that county equipment could cover and remove refuse there with dirt hauled in from the vicinity of the Avon Park airport.

They had also agreed to support the operation of the Pioneer Lake dumpsite located on the east side of SR-627 about one-half mile north of the Avon Park truck route.

All commissioners agreed that this action was considered as an interim, not a final, answer to the county's solid refuse disposal problems.

Ward of Highlands County, had been formed to prepare a proposal for establishing a District Seven Planning Region with representation by DeSoto, Hardee, Colk and Highlands Counties.

Board Lowers Millage To 9.405, Budget \$6.4 Million

Highlands County School Board not only held the line on taxes this year—they lowered them.

In a meeting Thursday night, the board approved a record budget of \$6,416,869 compared to \$5,336,668.32 a year ago—the millage this year dropped from 10.82 to 9.405.

Finance officer Robert Stowell explained they were able to do this because of "more state funds and a big cash carryover."

The operating millage this year is 8.8 and the interest and sinking fund for bonds 1.505 compared to 9.1 last year for operating and 1.72 for sinking fund.

Public hearing on the budget will be at 9:30 a.m. July 30, millage at 9:25 a.m.

At a previous meeting it had been decided to cut the yearly salary increases on a graduating scale for teachers

with longer service and to increase only beginning teacher salaries from \$7,200 to \$7,800. However, the planned cuts were restored in the final passage, making the annual increases the same as last year.

Betty Phillips, president of the teachers' group, said of the salary schedules finally decided upon:

"This is very important and we discussed it at length and we feel we can live with this."

In the discussions also was incoming president Mr. Peavy.

Board Member Ruth Davis had questioned paying \$7,800 to beginning teachers after ascertaining that Highlands was 12th in the state in pay for the beginning teachers.

She pointed out that Polk County has a beginning salary of \$7,200 and "I question our being this competitive with beginning salaries."

Schools Superintendent George Douglas said "I do not make my recommendations with neighboring counties in view but in regard to the 67 counties in the state, I think they will flow to us much more rapidly for the \$600 difference."

Board Member John Wirick recalled that when we were low we had one fine time getting teachers. "The \$7,800 stood."

Ward Elected Lieutenant Governor Of Kiwanis

The Avon Park Kiwanis Club proudly congratulates Ted J. Ward on his recent election to the office of Lieutenant Governor of the Tenth District which includes the following clubs: Avon Park, Bartow, Citrus Center, Haines City, Lakeland, Lake Wales, Lake Placid, Mulberry, Sebring, Wauchula, Winter Haven, and Cypress Gardens.

Ted is a Charter Member of the Avon Park Kiwanis Club with a perfect attendance record of eleven years since the club was founded by the Sebring Kiwanis Club in 1962. He served as its first President, held the office of

Division Chairman of the Spiritual Aims Committee for five years, and served as Treasurer of the Avon Park Kiwanis Club for five years. He is current Zone Chairman of the Spiritual Aims Committee.

He and his wife, Thelma, have just returned from Montreal, Canada where they attended their seventh Kiwanis International Convention. Ted was a voting delegate. They have also attended nine State Conventions.

The office of Lieutenant Governor is a very time consuming and demanding position. Ted has a very busy year to look forward to.

Marcia Ward Enrolled In Sea Program

Marcia Ward of Avon Park is one of 16 graduate students enrolled in the unique Scientist-in-the-Sea program at Panama City.

A graduate student at Florida State University, Marcia, 22, along with the other SITs students, will become a more effective and useful member of the scientific community upon completion of the course on August 22.

Marcia is a daughter of Mr. and Mrs. Franklin Ward.

Scientist-in-the-Sea is an unusual program designed to provide its students with a wide range of scientific diving information and skills to meet the growing demands of the marine science community.

Through SITs, young scientists and engineers could cover and remove refuse there with dirt hauled in from the vicinity of the Avon Park airport.

They had also agreed to support the operation of the Pioneer Lake dumpsite located on the east side of SR-627 about one-half mile north of the Avon Park truck route.

All commissioners agreed that this action was considered as an interim, not a final, answer to the county's solid refuse disposal problems.

Commissioner Melville Bass reported that he had discussed the county's sanitary landfill problems with state Senator Tom Gallen who had recommended the acquisition of a site near Highlands Hammock State Park.

ment of Biological Sciences of the University of West Florida and a recent participant in the HYDRO-LAB Program.

The 16-week curriculum is designed to include underwater photography, swimmer navigation, search and recovery methods, underwater communications, closed, semi-

closed and open circuit scuba, advanced umbilical diving techniques, underwater vehicles (towed and self propelled), planning and implementation of diving programs, exposure to saturation diving techniques and equipment. The SEALAB I habitat, located in 60 feet of

seawater adjacent to one of the Laboratory's off-shore research platforms will be utilized in a non-saturation mode and the newest and largest hyperbaric chamber complex, the Ocean Simulation Facility, is nearing completion at the Laboratory.

Also included are relevant scientific principles and methods from oceanography, engineering science, biological sciences, diving physiology and medicine.

In order for an applicant to qualify for the program, he must be enrolled in a relevant graduate training program (12 graduate hours of graduate credit credit will be given upon completion of the course) or have suitable career interests, and possess some form of SCUBA diving certification.

The Selection Committee recognizes the existence of the woman diver-scientist and does not discriminate against women. The previous SITs class was composed of 12 male and four female students. This year's class includes 14 men and two women. Students enrolled are: Charles Bigger, Raymond Runyan, John Hales, Michael Redig, and Marcia Ward, all of Florida State University; Ken Humiston, Alan Smith, Charles Robin Morehouse, and James Wattenbarger, all from the University of Florida; Bill Fabie and Robert Flynn, from University of South Florida; Robert Mattlin and Edward Meyer from University of West Florida; Charles Brown from Florida Atlantic University; Greg Francis from Bucknell University; Charly Wertz from the University of Massachusetts.

Time Running OUT For Child Immunization

Time is running out. Each child who enters school for the first time this fall in Florida must be immunized against polio, diphtheria, tetanus, whooping cough, rubella and measles. The series takes months to complete.

Begin your child's immunization series now.

Immunization to save lives and health is a project of the Florida Department of Health and Rehabilitative Services, Division of Health and your county health department.

Winners Of Opinion Survey Announced

Contest judges today announced that Toby Chapel, 139 Southland Court, Avon Park, is the grand prize winner in the Opinion Survey and Contest recently sponsored by The Avon Park Sun.

The survey consisted of a lengthy questionnaire of more than 100 questions on subjects selected to reflect attitudes and opinion of the public on a variety of subjects, such as shopping, education, service, politics and communications.

A large number of Avon Park and Highlands County residents completed and returned the survey according to Edward Carter, Publisher of the Avon Park Sun.

Carter said that the return is far above the average for this type of survey and should enable the newspaper to come up with a good representative picture of how the general public views the city and county regarding attitudes toward business, education and government.

Readers were also asked to write a short paragraph stating how Highlands County could be made a better place to live. The survey returns contained many suggestions and thought provoking comments which can be helpful in planning the future of the county, Carter said.

Chapel's comments were selected as best by the judges, and he will be awarded the cash prize of \$100.

Selected as winner of the

second place award of \$50 was Mrs. Eugene C. Hise, 114 N. Prospect Ave., Avon Park.

The 20 winners of \$5 each were Sara R. Harrison, Galen Lamphier, J.R. Elgin, Sara G. Sellers, Walter Raczkowski, Mrs. Dorothy G. de Silva, Mrs. Jesse F. Ray, George Haynie, Mrs. Marjorie C. McCully, T. Woodruff, Mrs. Ruth V. Stoddard, Phoebe D. Chase, Mrs. Joseph O. Bucche, Mrs. George F. Kelly, Mrs. Russell P. James, Mrs. Dale Jordan, Mrs. Chester Seeger, James Vollette, Mrs. J.A. Johnson and Fred Kinyon.

Carter thanked the readers of the Avon Park Sun who took the time to answer the many questions on the survey form and said some statistical information on the results will be released from time to time. He said the information will show segments of the county's business, educational and governmental bodies where the citizens think a good job is being done and where improvement is needed.

Winners may be stepped by the Sun Office and pick up their prizes.

Land-And Taxes

Scarcely an issue of The Avon Park Sun goes out but what it carries the account of a sale of land, many of them big, big sales. Quite a few in the million dollar bracket.

And with each story, the amount the land is valued at on the tax rolls, is noted.

Like a parcel of land, less than 30 acres, very choice, recently sold for \$165,000. It was on the tax rolls at \$3,500, valued as agricultural land, which it was.

Two sections of land which sold for \$343,000 were on the tax rolls for \$57,650.

Of course, many of these sales are to subdividers, to whom the land is far more valuable than it was, as agricultural land, to the sellers.

Billy Martin, tax assessor, spoke the other night to the county Democratic committee, pointing out that agricultural land is assessed at a very low rate under Florida's Green Belt law. And does he change the valuations in these sales?

In the case of the big land sales, where the use of the land is changed, such as to a subdivision, Martin and his crew are reassessing upwards that particular piece of property.

But not with most smaller ones, Martin explained. And probably not until a whole area has followed the pattern

of an inflated sale. Like parts of Route 27 shortly are going to have to be generally reassessed because of the sales activity.

It is well known that real estate prices in Highlands County are up, up, and up, and going higher. Have you tried to buy any lately? If you have, you have found this out.

The higher prices of real estate, the Green Belt law for agricultural lands, which most of the big tracts are, and the fact that subdividers and builders are eyeing this area in ever-increasing numbers are making our present tax roll valuations look a little under-priced, sometimes considerably under-priced.

And this despite the fact that less than a decade ago, the entire county was completely re-assessed by an outside firm at 100 per cent of valuation. The considerable real estate activity poses a very considerable problem for the Highlands County tax assessor. There is the problem of those who see the prices paid—and raise eyebrows at the price the land is valued.

And again, there are farmers and other taxpayers here who have not received these inflated prices for their land. And are having all they can do to make a profit without higher taxes on their property.

County Holds

Line On Millage

County millage will stay the same as last year despite a bigger budget.

County commissioners did a double take when deputy clerk Jim Pyle announced Tuesday that their ad valorem tax millage for next budget year would remain at 5.436, the same as last year, but that county residents would have to be told taxes had actually been increased.

Perplexed, the commissioners asked how it was possible that no increase in millage could be interpreted as a tax increase.

Pyle explained that last year each mill of tax brought in \$272,000; this year, however, each mill is worth \$286,170. Thus, tax revenues will go up despite the fact that the levy rate has remained unchanged.

Stated another way, Pyle said that 5.440 mills this year would bring in the same amount of money that 5.436 mills produced last year. Therefore, taxes have been raised by 0.004 mills, he said.

A new state law requires that this fact, no matter how technical it might appear to be, must be made known to county taxpayers.

Earl Rich, county clerk, told the commissioners that an increase of \$156,000 in anticipated state revenue sharing funds would allow next year's budget to be balanced without any increase in tax rate.

During their final budget review last week, the commissioners had been told that a tax increase of 0.635 mills would be required to balance their budget.

To say that the commissioners were pleased to hear that no tax millage increase would be needed would have to rank as the understatement of the year.

By resolution, the commissioners agreed to advertise their proposed 1974 budget during the weeks of July 28 and Aug. 2 and to accept the budget after reviewing it at a public hearing scheduled for 10 a.m. Aug. 7, 1973.

Stay Order

Issued On

Pesticide Law

A Fifth Federal District Court of Appeals in New Orleans has ordered a stay of regulations issued last week governing re-entry of workers into citrus groves following the use of organo-phosphate pesticides.

—Approved \$160 per month travel expenses for the superintendent.

—Approved the Burke Pest Control proposal.

Bradberry Performs At Disney World

Walt Disney World began a unique college workshop this summer which not only trains talented young student professionals but adds extra entertainment for millions of guests in the Magic Kingdom's Castle.

Students representing colleges all across America are taking part.

The program is an extension of the All-American College Marching Band program which proved highly successful at Walt Disney World and at Disneyland last summer.

Among the college students working at Walt Disney World in the program is Michael Bradberry, son of Mr. and Mrs. J. H. Bradberry of Camden Road, Avon Park. Mike was an honor student with the Avon Park Grenadier Band, before graduating from Avon Park High School with the Class of 1970. He will return to the University of Florida, Gainesville, at the end of the summer.

The workshop produces a new All-American college Marching Band and an exciting new "Kids of the Kingdom" performing program, plus a 10-week program in music, dance and other fine arts for full college credit.

Called the Disney Fine Arts Workshop Experience program, it teaches through lectures by working professionals and by practical experience in actual entertainment situations. It teaches fundamental elements of showmanship, including musical proficiency, arranging, choreography, lighting, show development and make-up. The program is tuition free, and offers college credit plus payment as entertainers.

Students were accepted for the honors program on the basis of talent auditions and recommendation of individual college or university instructors. Students from colleges throughout the country were eligible, but only one student per school was selected.

Comparable to a normal summer-school session, the workshop includes a lecture series, a lab rehearsal series and a term project assigned by the Walt Disney World entertainment division. Lecture and rehearsal sessions are supplemented by actual on-stage performance sessions in the Magic Kingdom each afternoon and evening.

The students form two show units, the All-American College Marching Band and the Kids of the Kingdom. The band is a 20-piece marching unit which performs in parades and concerts in the Magic

Kingdom. The Kids of the Kingdom in an up-tempo 24-member dance and vocal group performing daily in the forecourt of Cinderella's Castle.

During the course of the workshop the students write, direct and produce their own show as a special project to be presented at the end of the honors program.

The workshop, from June 17 through August 31, is fully supervised by show coordinators and production managers in the Walt Disney World entertainment division.

MAGIC KINGDOM PERFORMANCE—Michael Bradberry of Avon Park performs with the All-American College Marching Band at Walt Disney World. All-American Band marches through Magic Kingdom's six themed "lands," performs in concert and participates in daily Disney character

parade. Mike is a son of Mr. and Mrs. J. H. Bradberry of Avon Park, and was an honor student with the Avon Park Grenadier Band before graduating with the class of 1970. He now attends the University of Florida, Gainesville.

County Fire Department Outlined By Jim Lawson

The outline of a plan to develop a county fire department was drawn for the county commissioners Tuesday by Civil Defense Director Jim Lawson.

Lawson presented information he obtained from the State Fire College in Ocala that specified manpower and equipment that would be required to establish a firefighting capability in the county.

A properly manned station would need 19 people to run it, most or all of whom would be volunteers.

The station would have available to it a minimum of one fire truck equipped with a water tank and booster pump. The truck would have the usual complement of hoses, nozzles, ladders, rope, lanterns, etc.

Lawson said that each fire station should be assigned coverage of a circular area whose diameter measured from six to 10 miles, depending on the condition of roads in the area. Travel time from the station to a fire occurring on the periphery of the coverage area should be six minutes, maximum, he said.

Commissioner Ken Wilkinson said he favored hiring a nucleus of full-time firemen augmented by volunteers to operate the department. He also favored assessing homeowners and businesses receiving fire protection services a fee to defray county costs. Wilkinson estimated that the maximum annual assessment would be \$36, an amount that might be

\$37,367,540

Real Estate

Exempt

A total of \$37,367,540 in property in Highlands County is wholly exempt from ad valorem taxes, Billy Martin, county tax assessor told Highlands County Democratic Committee Tuesday night.

Martin said this property includes that owned by the cities, city utilities, schools, churches, all government properties, civic organizations, fraternal organizations, etc.

The retirement home complex which is scheduled to be built east of Sebring, Fla. is probably will fall in the non-taxable category he said if they meet the legal requirements for the exemption. Cottrell Nursing Home falls in this category.

The assessor said the amount of wholly exempt property is not unusual for a county of this size whose total taxable roll is \$721,208,972. Homestead exemption also takes \$39,154,260 off the tax rolls.

Martin answered questions about whether properties in the area are taxed fairly. Many land sales now being made show high prices paid and are on the rolls for a fraction of their valuation.

Martin pointed out the big land sales are mostly agricultural and carry the low Green Belt law rate of taxation. He said that as these sales come through and a use other than agricultural is set for the land, the taxes are being changed.

He also said that one sale of property in an area, or two or three, at prices far above their valuation, do not warrant changing all neighboring property—not until there is a considerable number of such sales in a given area.

\$300,000

Earmarked

For Landfill

The much discussed county sanitary landfill moved a step closer to reality when County Commissioners in a budget session last week earmarked over \$300,000 of federal revenue sharing funds to purchase an 80-acre landfill site and equipment.

The site was not disclosed if they have one. Patrol cars for the sheriff's department and pickups, dump trucks, a bulldozer and a diesel tractor for the road and bridge department also will be purchased using these federal funds.

In more budget decisions, it appeared that cost of living and incentive pay increases for county employees will add almost \$55,000 to the salary budget which now runs close to \$1 million annually.

Almost \$200,000 will be available next year to build a new 9,000-square-foot county office building across the street from the court house in Sebring. In addition, a satellite office building will be built in Avon Park to handle county business in that city.

The largest single consumer of county funds will be the road and bridge department which will spend about \$1.25 million next year.

Next comes the sheriff's department which will be budgeted at about \$750,000. Anticipating soaring welfare medical service costs, commissioners allocated \$40,000 for this budget item, up more than 200 per cent over last year.

Mrs. Varnes Is Honored With Shower

Mrs. Johnny Varnes was honored with a stork shower on Thursday evening, July 12, at the Florida Power Lounge. Hostesses for the event were Mrs. Delores Reppress, Mrs. Jo Reynolds and Mrs. Frances Batson.

Assisting Mrs. Varnes, in opening and recording her many useful gifts for the little one, was her mother, Mrs. Mae Roberts and Mrs. Delores Reppress.

The refreshment table was covered with a white linen cloth with a baby pink net overlay. It was centered with a floral arrangement and decorated by Mrs. Jo Reynolds. The guests were served punch, nuts and mints, along with the cake.

Miss Linda Kathryn Bonnett

Couple Announce Their Engagement

Mr. and Mrs. Charles M. Bonnett of Avon Park, are proud to announce the engagement of their daughter, Linda Kathryn, to Kim Eugene Shaw, son of Mrs. Julia Shaw and Mr. Charles Shaw, both of Avon Park.

Miss Bonnett is a graduate of

Avon Park High School, with the class of 1973. Mr. Shaw graduated in 1972 from Avon Park High School, and is employed by Charlie's Outboard, Avon Park.

Plans are being made for a September 8 wedding, at the First United Methodist Church in Avon Park.

Gibbs Attending Merchandise Mart

Jean and J.T. Gibbs of the Biggs Gifts & Office Supplies store on South Lake Avenue, left on Tuesday for Atlanta, where they will attend the big Gifts & Decorative Accessories Show being held in the Georgia city July 18-23, in the famous Merchandise Mart.

"It's sort of a business holiday," said Jean Gibbs "and certainly not a vacation, but we wouldn't miss this Show for any reason. We know from years of experience that the showing in Atlanta is a huge

gathering of all that's new - not only in gift items, but also in decorative accessories for the home and office. . . things from all over the world gathered for showing in one location. Again, this year, we'll be bringing back many of the finest of these new items for 'Gibbs Gift Gallery', our large new store opening soon just four doors South of our present location on Lake Avenue."

Good Luck to Jean and J.T. on their trip - and "Happy Hunting".

Barnes-Missall Wedding Saturday

The marriage of Mary Lou Barnes and John Missall will be solemnized this Saturday afternoon, July 21, at the First Baptist Church Chapel, Avon Park. The Rev. Paul Trissel will officiate at the 3 p.m. ceremony.

Parents of the bride couple are Mr. and Mrs. Chester P. Cramer of Avon Park, and Mr. and Mrs. Lee Missall of Miami.

A reception will be held at the Florida Power Lounge immediately following the ceremony. All friends and relatives of the couple are cordially invited to attend the wedding and reception.

Sensenig Wedding Friday

The marriage of Miss Brenda L. Sensenig, daughter of Mr. and Mrs. Clayton A. Sensenig, Avon Park, to Roy "Bubba" Lyles, son of Mr. and Mrs. Ed Brantley Jr., also of Avon Park, will be solemnized at the First Baptist Church Chapel this Friday, July 20.

The Rev. Aden D. Childress will perform the ceremony at 8 p.m. All friends and relatives are invited to attend the ceremony and the reception following immediately at the Florida Power Lounge.

Bride Elect Feted With Bridal Shower

Miss Brenda Sensenig, bride-elect of Roy Lyles, Jr., was honored with a miscellaneous bridal shower at the Florida Power Lounge on Wednesday evening.

The bride-to-be was presented a corsage of yellow carnations and orange blossoms to complement her green print dress. Mrs. Clayton Sensenig and Mrs. Ed Brantley, mothers of Brenda and "Bubba", were also presented yellow carnation corsages.

Miss Toni Cason assisted the bride-elect in opening the many lovely and useful gifts. The punch table was covered with white, lace-trimmed cloth and had a beautiful arrangement of Peace roses opposite the punch bowl, which was circled with roses and variegated hibiscus. Mrs. Johnny Elder and Miss Carol Retherford served punch and cake squares, and were decorated in the brides chosen colors of yellow and green.

Centering the gift table was an arrangement of Royal Highness roses. All the roses were from the gardens of Messrs. J. C. Murphy and Tony Mitchell. Out-of-town guests included Mrs. Edward Sharpe from Brandon, sister of the bridegroom-elect. Hostesses were Mrs. Albert Wester, Jr., Mrs. Clarence Smith, Mrs. Johnny Elder and Miss Carol Retherford. Brenda and "Bubba" will be wed this Friday, July 20, at the First Baptist Church Chapel, at 8 p.m.

MISS BRENDA SENSENIG, who will be wed to Roy "Bubba" Lyles this Friday, July 20, flashes a pretty smile while opening gift at bridal shower honoring her on July 19 at the Florida Power Lounge. Sharing this happy occasion with Brenda are mothers

Guests of the Lake Verona home of Mrs. L. D. McGibony on Saturday, July 14, were her niece, Miss Susan Skipper of Gainesville, and her fiancé, Thomas Cromley of Panama City. Susan is a daughter of Col. and Mrs. Francis H. Skipper of Gainesville. Tom is a graduate of the University of Florida, Gainesville, and Susan will be a senior at the university this Fall.

Jim Lanier, son of Mr. and Mrs. David Lanier of Lake Lotela, left last Tuesday for Brevard, N.C., where he will attend Camp Carolina for six weeks.

The Steve Maxwell family have returned from a short vacation trip to Birmingham, Ala. En route they spent a day in Atlanta, enjoying the sights at "Six Flags Over Georgia". They went to meet Steve's sister, Dr. Jane Maxwell and her family from Menlo Park, Calif., who were visiting Mr. Day's parents, Mr. and Mrs. Walter Day Sr., and Mrs. Bonnie Day returned with the Maxwells to spend several weeks with them and her grandparents, Mr. and Mrs. T. Hayes Maxwell.

Friends of Mrs. Mildred Myers are delighted to have her back at her home in Avon Park after spending the past several weeks in Augusta, Ga., with her sister, Mrs. L. S. Moody.

Mrs. Edith Martensen left Saturday for a four-month stay in LaPorte, Ind., and the surrounding area, where she will visit with her six children. Her son, Harold Bennett, and son Harold Jr., flew down to drive back with her to LaPorte.

Mrs. Ethel McKelvin returned home Monday following surgery at Walker Memorial Hospital. We understand that she is progressing satisfactorily.

Richard Snyder, Composer, Musician and Singer, is here from New York to spend summer vacation with his parents, Mr. and Mrs. Edward Snyder.

Jeff Todd left Tuesday for his home in Tucson, Ariz., after spending a month with his uncle and aunt, Mr. and Mrs. Joe Franza.

Mrs. Sara Harrison is reported to be recovering nicely after her surgery at Walker Memorial Hospital this past week.

Recent Sunday guests of Mrs. L. D. McGibony were Mr. and Mrs. Ferguson Jones of Punta Gorda.

Al Vabrough Jr., a member of T.B.A., was in Tampa on Saturday bowling in a tournament at the Dale Mabry Lanes. Accompanying him to watch him bowl were his wife

Lorrie, and John and Gwen Harford. The four stayed overnight in Tampa, returning home on Sunday. Little A. G. III visited with his grandparents, Mr. and Mrs. A. G. Vabrough over the weekend.

Mrs. Edward (Lisbeth) Sharpe Jr. was in town from Brandon on Tuesday to attend a luncheon honoring Miss Brenda Sensenig and her bride attendants, at the Lake Anoka. Mrs. Billy Martin was hostess for the lovely affair.

Mr. and Mrs. Phillip Frye and daughter, Michelle of Charlotte, N.C., have been guests of Phillip's brother Warren and wife, Elaine Frye, for three days. While here they all enjoyed trips to Bok Tower, Lake Wales; Tampa and Disney World.

Mail for Pearl Spinks. The mail box at Kay Dunnaway's home, Rt. 2, Box 244, Avon Park Lakes, has received a lot of mail in the last three and one-half weeks, but none so distinguished as three letters that came recently from Mrs. Pearl Spinks, who is in residence at Miss Dunnaway's for Nursing Care. Senator Tom Gallen, Governor Askew and President and Mrs. Nixon all sent letters to Mrs. Spinks congratulating her on her "birth" anniversary. Our politicians are often criticized, but isn't it nice to know, they are more thoughtful than given credit for.

It's a girl! Mr. and Mrs. Gayle Murdock of Avon Park announce the arrival of a baby daughter, Heather Christine, born on Tuesday, July 10, at Walker Memorial Hospital. The little lady weighed 8 pounds, 8 ounces.

Proud grandparents are, paternal, Mr. and Mrs. Ed Murdock of Statesville, N.C., and maternal, Mr. and Mrs. Joe Franza of Avon Park. The Franza's first grandchild.

Maternal great-grandparents are Mr. and Mrs. George W. Temple, also of Avon Park. Little Heather's paternal grandmother, Mrs. Ed Murdock, is here from Statesville for two weeks, visiting the family at their Avon Park Lakes home.

The Briggs are back from 6,000-mile vacation.

Mr. and Mrs. Phil Briggs returned Sunday to their home in Avon Park Lakes after an enjoyable trip through the Middle West and New York State, visiting friends and relatives. In Mobile, Ala., they saw the USS Alabama war ship, then on to Eureka Springs, Ark., where they saw the Statue of Jesus on a Mountain Top, which had a hand spread of 65 feet and was 135 feet high. From there they visited friends and relatives in Edville, Iowa, where Mr. Briggs attended high school.

Mrs. Stienner Entertains Church Class

Mrs. Myrtle Stienner entertained the Berean Sunday School Class of the First Baptist Church, Tuesday, July 10, at 7:30 p.m., with a lovely party at her home on North Anoka Avenue.

The devotion was given by Mrs. Fern Woods, regarding the power of prayer and importance of Thanksgiving. Several responded with their own experiences of answered prayer. Afterwards, games were played and enjoyed under the direction of Mrs. Mildred Gay and Mrs. Stienner. Following the games, Mrs. Stienner played the organ while her refreshments were being served from a pretty table decked with a bouquet of roses, and goodies of cookies, cake, brownies, punch and tea.

Former Resident's Marriage Announced

The First United Methodist Church in Pierson was the scene of the July 27 wedding of Antoinette Bush and Hubbard Biggs of Lake Wales at 4 p.m. The Reverend Dana Hamrick officiated at the ceremony, which took place in the presence of family and friends.

Mrs. Ruth Hallinan, pianist, presented a program of nuptial music. Attending the bridal couple were Mrs. Renee Mouguel of Winter Park, and Bill Biggs, cousin of the bridegroom from Georgetown.

The bride is a daughter of Mr. and Mrs. Donald C. Bailey Sr. of Longwood, and Mr. Biggs is the son of Mrs. M.V. Biggs of Barberville. Mr. Bailey gave his daughter in marriage.

Mr. and Mrs. Bailey entertained at a reception, immediately following the ceremony in the church social hall, a bridal motif was used throughout the hall in decorations.

Among wedding guests were the bride's children, Denise, Lisa, Amy and Patrick Bush; and the bridegroom's daughters, Miss Sandy Biggs of Jacksonville and Susie Biggs of Gainesville. Patricia Renner of Port Orange and Barbara Bakalla, Casselberry, sisters of the bride; Edmund and Belinda Bakalla, Casselberry, niece and nephew of the bride; Mr. and Mrs. Robert F. Sawyer of Maitland and Mr. and Mrs. George Mouguel, Winter Park, aunts and uncles of the bride; Mrs. Margaret Dobson of Orlando, sister of the bridegroom; and Joel Dobson, nephew of the bridegroom from Gainesville.

The bride is a native of New York, where she moved to Florida in 1949, where she graduated from Gainesville High School and worked as a legal secretary for eight years. She is an associate of the Real Estate firm of

Roberts and Gilman, Inc. in Orlando; and is active in the Orlando-Winter Park Board of Realtors, holding membership in the residential and commercial investment divisions. She is currently serving as a member of the vigilance committee of the Board.

Native Floridian

Mr. Biggs is a native Floridian and a graduate of the University of Florida, Gainesville. He is a Realtor, an insurance agent and an appraiser with SRA. He has offices in Lake Wales, where he is an active member of the Board of Realtors, presently serving as vice president. He is also a member of the Lake Wales Kiwanis Club. Mr. Biggs served in the Armed Forces during World War II.

Mr. and Mrs. Biggs are residing at 1105 North Lakeshore Blvd., Lake Wales.

"MICKIE" DOING WHAT HE DOES BEST: Just about everyone around town knows Mickie—but do you know Paul Shady Heath, the artist and sculptor who made and laid the first perimeter block in Avon Park? Mickie has a long and interesting life (which we shall delve into later), but I caught him putting the finishing touches on this work of art and thought I would share the photo with all of you. Mickie also made the famous "Red Devil" mascot which stood over the high school (until the new building) since he made it back in 1927 or '28, and now stands guard over the Middle School entrance. Men Stationed In Thailand

Three Avon Park men were stationed together in South East Asia, at the same time. They were at Korat RTAFB Thailand.

Mike Coleman was in a movie and saw someone going down the aisle, who looked familiar. Upon closer inspection, sure enough it was, someone from home (Avon Park), Miles Smith. Sometime later, after their reunion, Mike and Miles were in downtown Korat, and spotted another home-towner. He turned out to be Jim Rogers, also from Avon Park. Miles is assigned to the 388

SPS; Mike now home on leave and assigned to the 483 EIS, and Jim is assigned to the 7th ABCCS.

Mike is home on a 30-day leave visiting with his sister, Mrs. Ann Jackson. Since being home, Mike

accompanied by Mrs. Jackson and son, Greg, spent a week in Pikeville, Ky., visiting their parents, Mr. and Mrs. Jimmy

Coleman. After his leave, he will be stationed at Bergstrom Air Force Base, Austin, Tex.

Cubs Move Into First

Place With 6-5 Record

In Avon Park Senior League baseball last week the Thursday night games were moved up and last Tuesday night game was moved up to Monday night because of the Avon Park Little League All-Stars game in the District 4 tourney in Lake Wales. But the Cubs moved up in the standings after a 6-3 record with a 2-1 win over the league-leading Reds on July 10 and a 3-1 victory over the Mets last Monday night.

The Reds dropped two games but still remained at the top of the standings with an 8-3 record going into the sixth week of action in the new league for thirteen through their year old boys. The Cubs strengthened their second place standing with the two wins moving to the 6-3 mark and the Cubs will take on the Reds in the second game at Head Field. Next Tuesday evening the Cubs will host the Mets in the first game and the Braves will host the Cubs in the second game.

Neither team managed to get a hit in the close 3-1 win by the Cubs over the Reds in a game played Tuesday, July 10. David Cantrell tossed the no-hitter for the Cubs while Dennis Hulon and Timmy Massey teamed up to toss the no-hitter for the Reds in the losing effort. Timmy Massey scored the Reds' lone run in the top of the fourth frame to put the visitors out front. But Joel Wright came back to tie the game up with a run for the Cubs in the bottom of the fourth inning. The winning run was scored for the Cubs in the bottom of the fifth inning by Ron Rogers who drew a walk, stole second and scored and scored on an error.

Another close game was won by the Mets 7-6 over the Braves on July 10 in the second game of the evening. The Mets got seven hits off two Braves pitchers. Stephen Ford hit three singles. John McKuana had a double and a single and Freddie Moore and Steve Brock both added a single to the winning cause. Ford, McKuana, and Moore teamed up to haul the Mets to the win giving up four hits to the Braves. Butch Farless slammed out a homerun in the first inn and had a single in the fourth.

Tommy Lewis and Larry Jackson got the other hits, both singles.

Last Monday night the Cubs defeated the Mets 9-1 in a four inning game called because of time. Cubs hurler James Jackson held the Mets to a lone hit—a single by Met catcher Ray LaPlante. The Cubs picked up five hits off two Met hurlers. Reggie Baker had a double and a single and Dale Sisemore, David Cantrell, and Joel Wright all hit a single each.

The Braves, headed by Johnny Starnling, upset the Reds in the second game last Monday night by a score of 11-9. It was a game of walks as a total of 25 batters reached first on walks. The Braves walked 13 Reds and the Red pitchers gave up 11 walks. Butch Farless was the winning pitcher going three full innings before he needed help from Larry Jackson. Gene Hayward, and Tommy Lewis to retire the Reds in the final fourth inning. Dennis Hulon's single in the first inning was the only hit off the five Brave pitchers. Hulon and Timmy Massey tossed the three-hitter at the Braves. Smokey Hill rapped out a double in the second inning and Kenny Light and Gene Hayward both singled in the third frame off Massey.

Lunch Prices

To Be Same

When Highlands County schools begin the 1973-74 school year next month, they hope to start out with the same food prices as last year.

"We may have to change on 30 days' notice," Schools Superintendent George Douglas said the school board in a July 12 meeting. "And there may be increases in December, but we will try to hold prices until then."

Garland Boggs reported on food bids and said that milk has gone up from \$0.60 to \$0.67, "there were only two bids and both were high—and escalating too."

He said that the price "can go up, but hopefully will go down." The "g" down" was greeted with unbelieving laughter by the crowd attending the meeting and the board.

It seems like the best time to shuffle now when it showers nearly every day, is the first thing in the morning before it rains and before it gets so hot. Seven men do every morning. Wednesday and Saturday evenings no tournament because it rained just in time.

Senator Gallen Gets Look At County From T-33

Highlands County State Senator Tom Gallen, trying to learn everything there is to know about his county went through a simulated bombing run over the Avon Park Bombing Range, in an Air Force Jet Fighter (T-33 Shooting Star) from MacDill Field in Tampa, as a guest passenger of the 21st Tactical Fighter Wing.

Maj. George Harrison, piloted the aircraft through the same course and maneuvers followed in training on the range. Maj. Harrison, also demonstrated the procedure followed by the fighters to enter and exit the restricted area so as not to limit noise pollution and reduce hazards to private planes in the non-

restricted area. Senator Gallen said he was very impressed at their efforts and success in this area.

The Senator who holds a private pilot's license and has 50 parachute jumps to his credit while he was a member of the famed Green Berets, did not get nauseous with the fast maneuvering of the plane, but he acknowledged, "I wish I hadn't eaten such a large lunch."

Senator Gallen, said he was very pleased with the fact that the Air Force's only forerunner, Capt. John B. Taylor, is assigned to the range and the Air Force is busy protecting the ecology through its forestry program.

Senator Gallen, said the

trees that the Air Force is planting on the range not only contribute to the county's vital canopy coverage but is also helpful in noise abatement.

Senator Gallen said he hopes that the 21st Tactical Fighter Wing remains as a permanent resident.

Four Weeks Left To Buy Tags

August 20 may seem very far away—but it is only four weeks. And Tag Agency Supervisor Jimmy Whitehouse warned this week that motorists should get tags now to avoid waiting hours in line.

"The deadline for getting the new tags is Aug. 20," said Whitehouse. "If people come in the next two weeks they will be served promptly. If they wait another two weeks, they probably face an hour's wait in line."

Any time after Aug. 5 there will be big lines, Whitehouse said, and added "Come and get 'em—now!"

THESE THREE cute girls, Patty Barben, Vesta Lee Hall and LaDawn Long (left to right), departed Tuesday for Camp Wildwood where they will spend two weeks taking

part in the Western division activities at the camp. This camp is owned and operated by the Heart of Florida Girl Scout Council. Photo by Sharpe

Recent Interpretations Broaden Government In Sunshine Law

During the past year, Florida courts have been publishing some significant interpretations of the state's sunshine law, including "reasonable notice" of all meetings must be given.

Officially known as Florida Statute 286.011, the Sunshine Law requires that business conducted by state, county or municipal officials and records that pertain to such business must be open to public examination.

Legislators hoped that the law would somehow change forever the popular concept of government business being conducted by politicians huddling at night in smoke-filled rooms.

On last May 30, the Fourth District Court of Appeals ruled that a citizens' group appointed by the Palm Beach Town Council, to help prepare a comprehensive zoning plan, had illegally operated "in the shade" by not opening its meetings to the public.

The court held that failure to invite the public to be present during every step of the decision-making process and during all phases of enactment, violated the law and invalidated the zoning ordinance that the appointed group had produced.

On May 22 the Circuit Court for Dade County ruled that individuals just elected to public office could not meet in private to discuss govern-

mental matters even though they had not yet been sworn into office.

The court also ruled that in order for a public meeting to be, in essence "public", reasonable notice of the meeting had to be given.

In April 1973 the First District Court of Appeals ruled that the Alachua County School Board had violated provisions of the Sunshine Law when it recessed a disciplinary hearing to reach its decision in private. The court said that school boards are not judicial bodies exempt from the Sunshine Law.

Earlier, in October 1972, the 17th Circuit Court in Broward County ordered the manager of the City of Pompano Beach to

Avon Park Sun Second Section B

Avon Park, Fla. July 19, 1973 18

permit a Miami Herald reporter to inspect certain documents prepared by a planning technician hired by the city manager.

In the Pompano Beach case, the judges referred to Section 119.01, Florida Statutes, which directs that "all state, county and municipal records shall be open for a personal inspection by any citizen of Florida."

The court explained that one test to determine whether the records are "public" is to

ascertain whether they were produced through the expenditure of public monies.

The court warned: "While some public officials may prefer citizens to have access to records and documents only when they are official, sterile and final, only dishonest governments have anything to fear from an informed citizenry. The divine right of kings and governments has been replaced by a government of laws."

Country Music Show To Benefit Johnny Thomas Fund

Last April 2, Johnny Thomas, an up-and-coming youngster from Wauchula, then only 20 years old, was the relief driver on a citrus-hauling truck away out in the mountains of Idaho—and suddenly: A smashing accident that sent Johnny to the hospital with heart-fatal injuries that resulted in paralysis from his waist down. And the driver at fault, HAD NO INSURANCE.

Johnny is home once more in Wauchula, and thankfully able to get around on crutches. But the bills for hospitalization, surgery, and all the attendant items connected with the four-months of troubles, still pursue. And they're pursuing hard and fast, not to say per-

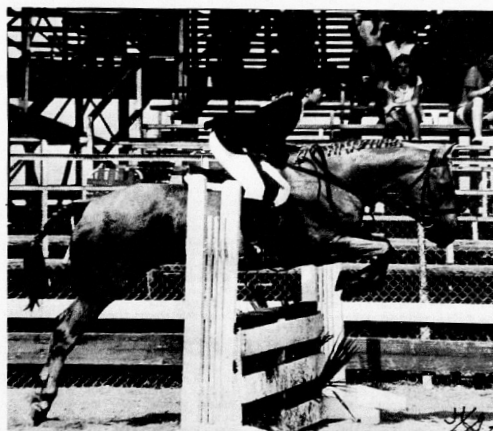

sistently.

The Wauchula Volunteer Fire Department and the Thunder Productions of Wauchula are coming to Johnny's rescue by staging a Grand Ole Opry Jamboree at the Hardee High School Football Stadium in Wauchula, on Friday evening, July 27. It will be a two-hour program of heart-warming, hand-clapping entertainment, from 7 to 9 p.m., featuring Sammi Smith, Kenny Price, Buddy Moody, the Journeymen, and many other.

and most of the entertainers are devoting their time and talents for the good of the cause—and to help Johnny with his ever-pressing mountain of bills.

Tickets for the affair are \$4 each—available at the gate in Wauchula, or here in Avon Park at the office of the Avon Park Fire Department. Come on over to Wauchula for this big gala show. You'll enjoy yourself doubly! First with two hours of solid entertainment—second because you'll be helping in a cause well worth while and so important to a worthy family of neighbors.

If you can't be here to enjoy the show, you can still help this young victim of some driver who didn't bother with insurance. Donations can be sent to: The Johnny Thomas Fund, PO Box 1389, Wauchula, Florida, 33873

Willis Family Home From Mexico Vacation

Mr. and Mrs. Danny Joe Willis were recent winners in the Fortiac Regional Raffle. This entitled them to an all expense trip to Acapulco, Mexico.

The trip started by flying from Orlando to Miami then right across the Gulf of Mexico to Mexico City. They report the weather was quite surprising as it was real cool here. After a two hour wait they finally boarded the plane to Acapulco. Acapulco is strung like a fabulous necklace along a seven-mile crescent of breathtaking beaches. They arrived at the Plan de los Amates Airport and taken by bus to their hotel, the Plaza International. The drive from the airport took them through the Mexican Countryside and up into the mountains that hide Acapulco Bay. At the top they got their first glimpse of the breath-taking bay.

They arrived at the hotel just in time to enjoy an evening of

entertainment at the top of the Plaza International in the Numero Uno. The show was very outstanding.

Their second day was well planned with a Yacht cruise around the bay of Acapulco. They saw many famous person's homes, such as John Wayne, and Frank Sinatra. Then a fun trip through the flea markets. Here they had fun showing their ability to out-talk the Mexican merchants.

The evening entertainment, after a sumptuous buffet by the pool, was a trip to the Jacaranda Nightclub for a show called the Amazing Flying Atec Show.

On their last day they enjoyed a bus tour of Acapulco, seeing the many lovely sights and homes. They also stopped at one of the nicer silver shops.

That night was the climax of their trip and the one thing everyone told them to be sure and see. They were taken by bus to the LaPerla Night Club where they viewed the special high dive show, from LaQuebrada. Three young boys made the dive, each having their own special show. One diver used only the light of a small fire built on the side of the mountain, another had a white cape that trailed behind him when he made his dive and the last carried two small torches during his dive. They were told these young men cannot see the water from where they stand to make their jump. They have to listen to the waves to know when to jump. This was very exciting.

The Willis arrived back in Orlando and drove home to find chicken pox but it is a trip they will long remember.

GOVERNMENT FUNDS

More than \$2 million in revenue sharing checks are on the way to counties and cities in the 10th Congressional District. Highlands County government will receive \$90,321. The city governments will receive monies as follows: Sebring, \$30,335; Avon Park, \$41,030 and Lake Placid, \$4,020.

"We Service Our Own"

Local Residents Take Trip Around The World

Mr. and Mrs. William F. Robbins, accompanied by his sister, Mrs. W. W. Radcliffe of Woodruff Heights, sailed Sunday, January 28, 1973, on the M.V. Oriental Esmeralda on a trip around the world. This was to have been a four month trip but took five months to complete. We had over 300 passengers aboard. 23 ports were visited and tours taken both shipside and overland. Over 30,000 miles were covered and good weather was enjoyed most all the way. Stops were made in Rio de Janeiro, Santos, Sao Paulo and Buenos Aires in South America then across the Atlantic to Capetown, South Africa also Port Elizabeth and Durban where an overland trip to Kruger National Park through Zulu country and Swaziland were a source of wonder and delight, seeing so many animals in their natural state. Herds of elephant, giraffe, cape buffalo, impalla, rhino and many other species including some lion also many birds.

Stays were made at camps Hluhluwe, Umfolozi and Mbabane in the interior. Rejoining the ship in Lorenzo Marques, Mozambique and on to Nacala, Mozambique, where we enjoyed swimming in the Indian Ocean and eating huge prawn caught right at the door of the inn, also the shelling was excellent.

On to Singapore and touring the Malaysian peninsula, taking many walking trips and shopping in the native markets, Hong Kong came next with the ship at anchor in Hong Kong bay, while it was being loaded by sampan with entire families living and working thereon. This harbor is a veritable fairland at night with the colored lights of the hi-rise buildings dotting the hillsides. From our ship we had a wonderful vantage point. Touring Kowloon and Hong Kong will not be soon forgotten, also the excellent shopping. Eating at Chinese restaurants with chopsticks was the highlight of many an afternoon, then back to the ship by ladder on the choppy bay made this stay outstanding in our memory book.

Our next port of call was Kaohsiung, Taiwan, a typical Chinese village or rather city since its population is much greater than the word village would describe, but by nature this place is a "village." There too we had to take a tender across the bay, and rubbing shoulders with the "people" made this stop memorable, interesting and informative, also the shopping was great. Then to Keelung, Taiwan and a cross country trip to Taipei. Here in this capital city we visited the National Museum with many, many art treasures that had been brought out of Communist China. This is a slight worth seeing, there being so much of this treasure that the show cases can be changed for new display for ten years and never a piece shown twice. This treasure is stored deep in the mountain behind the museum and heavily guarded day and night by armed guards.

Leaving Keelung we arrived at Kobe, Japan, a lovely city of wide avenues and underground shopping center called Santica Town that would rival any here on our shores. We took a train to Kyoto, Japan's oldest city and former capital, visited many shrines and temples with beautiful religious figures in gold and lacquer etc., gorgeous gardens tended by monks, and took pleasure in an old world tea ceremony. From Kobe we sailed to Yokohama, this port owes its importance to the silk industry, and we visited the silk museum also the beautiful dockside gardens with their simplicity, charm and gorgeous blooms, using many stones and rocks to accent the whole. We took another train to Tokyo and to our delight many folk enjoyed speaking with us and using their few words of English to show us our way or just to greet us. We also revelled in a trip to the Takarazuka all-girl theater; this is like our Follies but more spectacular and much larger cast and truly great. We had the added pleasure of visiting a Japanese family in their home, sitting on the floor and having tea with them, learning of their way of life and they of ours. We then invited them to come to our "home away from home" on the Esmeralda. A true time of "hands across the seas" making this the highlight of our stay in Japan.

Now to cross the Pacific,

colder but still good sailing on a very sturdy and well stabilized ship. Much activity both on deck and in the public rooms aboard. There were Spanish and Chinese lessons, also learned to play Mah Jong, dancing in various forms and many learned new handicrafts from one another.

Our entertainment, much of

it audience participation, was augmented by an excellent three piece orchestra of Philipines. We square danced, had card and shuffleboard tournaments, also swimming and sunbathing and exercise classes. Dancing nightly and many dinner parties and Chinese banquets added to our enjoyment.

Our next stop was Vancouver, B.C., where we visited Stanley Park and Elizabeth Park, botanical gardens of outstanding loveliness, went to Gastown and Chinatown, the second largest on this continent, San Francisco being the largest. On to Port Alberni on Vancouver Island and loaded paper for foreign ports. There

we went to Victoria to view Butchart's Gardens, a botanical marvel that far surpassed any we had seen to date. After visiting several paper and plywood mills we understood better what went into the making of these materials that we take so much for granted. Then on to San Francisco to leave off our west

coast passengers. We rode the cable cars and ate dinner at Fishermans Wharf and toured this great city. On to Astoria, Ore., and more paper aboard, a friendly little city many of us understood better what went into the making of these materials that we take so much for granted. Then on to San Francisco to leave off our west

loved it here. A day's stop at Los Angeles to take on the next cruise passengers, and we had dinner at Knotts Berry Farm for a fun day. Now on to the canal. What an engineering feat and with what aplomb one goes through the many locks. Stayed up till the wee hours to see us through to the east coast

RIGHT
LIGHT

THE PROFESSIONAL PHOTOGRAPHER

gives careful thought and study to lighting his subject. Contrasts must be right and reflections must be right to achieve the best effects.

Individuals' lives reflect how they think and what they believe. Our lives count most, when we attend church regularly and walk in the light of the Lord.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

1. Card of Thanks

EDWARD SINGLETON wishes to express his grateful appreciation for the many kindnesses shown him and his wife by friends, nurses, and doctors during his recent illness and stay at the Walker Memorial Hospital.

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement. Husband, children and Mother of Bernice Renig.

I SHOULD like to thank all my friends and neighbors for the cards, flowers, calls and prayers I received during my illness. Louise McLean

Real Estate LICENSEES How Big is BIG MONEY?

To some people it is making \$1,000 a Month. To others \$5,000 a month, right in their own home town. We have both kinds - selling just village & country property our specialty.

So it's Opportunity if you qualify for the STROUT Team. Not everybody does. But ask yourself if you are ready for your real estate license to start bringing you Important Money. Ask too, do you really like People? And do you have Common Sense?

If yes, then ask for information on the "People-Business." It's mailed without obligation. Could be the start to Something Big with the World's Largest.

Last year, all John Benson saved was \$54.32.

This year, he joined the Payroll Savings Plan.

Poor John. Money just seemed to slip right through his fingers. Every time he planned to stash something away, there wasn't anything left. Then John decided to join the Payroll Savings Plan where he works. Now, an amount he specifies is automatically set aside from his check before he gets it. And invested in U.S. Savings Bonds.

Because John has become such a systematic saver, he's almost forgotten about it. When he gets around to remembering, he's going to have quite a nest egg laid away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5 1/2%, when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970...

If you keep forgetting to save something out of your check, join the Payroll Savings Plan and let someone else do the remembering for you.

Drag racing costs youths \$101 each

Clinton Edward Howerton of Sebring and Reggie Derrel Cooper of Zolfo Springs pleaded guilty to drag racing when they appeared June 19 before County Judge Mark H. Richardson Jr. and both were fined \$101.

Other fines and forfeitures at the session of court involving Highlands County persons were:

Joseph Edwin Battles, Avon Park, unlawful speed, \$46.
Archie Davis, Sebring, driving to left of center of highway, accident, \$26.
Kenneth John Yoh, Sebring, improper backing, accident, \$26.
Melvin Gene Corman, Sebring, unlawful speed, failed

to appear. Records sent to Tallahassee.

Clarence Herlon Richerson, Sebring, unlawful speed, \$36, forfeited.

Anthony Jose White, Sebring, unlawful speed, \$36, forfeited.

Daniel Irvin Lewis, Avon Park, no valid inspection certificate, \$26.

Williw Shannon, Sebring, no valid inspection certificate, \$26, forfeited.

Ann Idella Gill, Sebring, unlawful speed, \$36, forfeited.

Nicholas John Arehart, Sebring, no valid inspection certificate, \$26, forfeited.

Thomas William Reynolds, Avon Park, unlawful speed, \$26, forfeited.

McDONALD'S HAMBURGER place is now open for business. This latest addition to the famed national chain is located on U.S. 27 South, just beyond the Southgate area. There

are uniformed deputy sheriffs on duty in the lot seven nights a week. The establishment caters to families. — News photo by Dean Waite

FBI announces many jobs now open in capital

The Federal Bureau of Investigation (FBI) is seeking young men and women who are high school graduates to fill job openings within the FBI at its headquarters in Washington, D.C. There are numerous openings immediately available at the FBI headquarters, Washington, D.C., for clerks and typists,

with starting salaries of \$5,432 and rapid pay raises as well as attractive leave benefits.

It was pointed out that for the high school graduate who feels he cannot attend college full time, the FBI provides an excellent opportunity for income and continued education. The Washington area offers the

facilities of 14 colleges and universities which are attended by many FBI employees.

Interested persons should contact the Ft. Pierce FBI office, telephone number 461-6142, or visit the office at 1600 S. Federal Highway, Citizens Federal Savings and Loan Building, second floor, between the hours of 9 a.m. and 4 p.m.

Personnel for county schools approved at July 12 meeting

Instructional and non-instructional personnel for Highlands County Schools were approved at the school board meeting of July 12.

James E. Hendry was approved for continuing contract at Lake Placid High School. Approved for annual contracts were Leanda Boyd Gagnet, Lake Placid High; Frank Leach, Sebring High; Antoinette Lu Robbins, Avon Elementary; William Johnston Plucher and Jeanie R. Cox, Avon Park High; Patricia Sebring High and Robert L. Brown, Lake Placid High.

Esther C. Wolfe was transferred from Fred Wild to Woodlawn and Joyce Henry from Avon Park Middle to Avon Elementary.

Mary Vaughn of Sebring

Middle School was given maternity leave. Royce Evans, bus garage, resigned (did not report for work).

Non-instructional personnel approved were: Lee Gurganus, county office, property records clerk; Eddie Lewis, Avon Park High, summer program bus driver; Andrew Jenkins, Lake Placid Elementary, regular bus driver; Clifton M. Austin, Avon Park Middle, custodian; Mrs. Frankie Rufus and Mrs. Jean Murphy, Woodlawn Elementary, teacher aide, kindergarten program.

Marion Kane, superintendent's office, voucher clerk-machine operator; James Fountain, county office, property records clerk; George Crist, bus garage, route and bus safety officer; James A. Barwick, Lake Placid High, custodian; Paul Hostetter, Avon Park High, custodian, resignation.

The position of food service secretary, a new post, was recommended.

Assault sentence totals six months

Joe Turner of Avon Park was judged guilty of aggravated assault on Johnola Brown of Avon Park when he appeared July 10 before Circuit Judge Thomas Langston. He was sentenced to six months in county jail.

John Graham of Lake Placid was sentenced to six months in county jail with credit for jail time on a charge of carrying a concealed weapon.

Samuel Wynn Hrabal of Bowling Green, charged with possession of narcotic drug, was put on probation for a period of one year.

AVON PARK SUN

ONLY THE FRONT wall stands on this old landmark, and that piece of the building came tumbling down minutes after this picture was made, as the wreckers demolished the historic Poinsettia Hotel last week. The building had stood at the corner of Waycross Street and Lake Avenue since the late 1890's, but in a few more weeks the site will be an additional parking area for customers of the Avon Citrus Bank. Landmark Hotel Bows To Progress

By ELOISE SHARPE
An old familiar landmark, the Poinsettia Hotel, which has stood on the corner of Waycross and 24 N. Lake Ave., since before 1890, came down last week. The property was purchased recently by the Avon Citrus Bank (to make way for further expansion) from the latest owners of this landmark, the Padelord family. The Padelord family moved there in 1968, after Mrs. Padelord inherited it from her family, the H.C. Biggles, who bought it in 1947.

sold the store along about 1922 to Grover Langford. From 1922 through the "boom" years until 1947, the building was owned by various town-people, including John David Raab, Harry Winters, C.E. Lanier, and Mrs. John Taylor who sold it to H.C. Biggles in 1947. And now, another "old landmark" turns into a parking lot, that's progress.

A large number of townfolks stood watching as the Morris Albritton Construction Co. leveled the building. The "landmark" came down a little at a time, as the large crane chewed at its sides, with the building seeming not to want to give up. It was overhead at the site, "things sure were built good back then, and look, the lumber is still good, after all these years."

It is reported by "old timers" that this building was erected in the late 1890's by early settlers, George Wray and J.C. Burleigh. Mr. Burleigh operated a General Mercantile store there, living in the back part, with rooms for rent upstairs.

In 1912, Mr. Burleigh sold the property to M.D. Holt, who operated the first furniture store in Avon Park. Mr. Holt

TWO PERSONS were taken to the hospital as a result of a train-car accident at the E. Bell St. railroad crossing at approximately 1:22 p.m. Sunday July 21. Preliminary investigation by Assistant Chief Grady Campbell, disclosed that S.M. Tidwell, age 47, Interprie, Ala. did not hear the train, belonging to Seaboard Coast Line, blow the whistle until his '72 Ford Pinto was already on the tracks. The vehicle allegedly stopped due to engine trouble, and the driver Tidwell and a passenger, Billy Ray Baxley, age 14, Avon Park did not have time to clear the vehicle before it was struck in the rear by the train. Both occupants sustained possible injury and were taken to Walker Memorial Hospital. Mr. Tidwell was later transferred to Winter Haven Hospital.

Jackson's Team Leads Softball League With Perfect Record

Jackson's Masonry softball team finished the first half of the Avon Park Softball League season with a perfect 9-0 record to take a firm hold on first place in the league standings. Avon Body Shop and First Baptist were battling for second place this week as the first half of play comes to a close tonight. Avon Body Shop won 7-1 after last Monday night's play and First Baptist had a 7-2 record. Avon Body Shop plays the "Godfathers" tonight for its final first half game.

Three teams were tied up for fourth place with 4-4 records and one more game each this week in the first half of play. The Episcopal Church "Godfathers", the Air Force team and the A.P.C.I. team all had four and lost four in the slow-pitch softball action. Coca-Cola was in seventh place with a 3-4 record needing two more games to finish out the first half, Blackman Ford of Sebring had a 2-6 record, and Sebring was 1-7, and Jahna Concrete finished up

with an 0-9 record. The ten team league got started on June 18. There are two games played each Monday, Tuesday, Thursday and Friday nights at 7 and 8:30 p.m. at the softball field on the corner of Anoka and Winthrop. The second half of the season will start tomorrow (Friday, July 27) night with A.P.C.I. playing Air Force at 7 p.m. and First Baptist challenging the league-leaders Jackson's in the 8:30 p.m. game.

Jackson's has the league's leading hitter on its team. Shortstop Ronnie Jackson, Red Devil baseball coach, hit the ball at a .928 clip up until the last two games. Stats for those games were not available. The "Godfathers", the Air Force team and the A.P.C.I. team all had four and lost four in the slow-pitch softball action. Coca-Cola was in seventh place with a 3-4 record needing two more games to finish out the first half, Blackman Ford of Sebring had a 2-6 record, and Sebring was 1-7, and Jahna Concrete finished up

13, A.P.C.I. 19-12, Air Force 6-4, Coca-Cola 4-1, First Baptist 9-2 and still must play the Godfathers. First Baptist lost to Jackson's and Avon Park Shop and won over Air Force 19-11, Coca-Cola 8-6, Sears 16-4, Godfathers 12-4, Blackman 8-7, A.P.C.I. 9-0, and Jahna 19-13. The Godfathers defeated Blackman 11-4, Coca-Cola 6-1, Sears 12-6, and Jahna 13-4. The Air Force team won over A.P.C.I. 13-8, Blackman Ford 13-12, Jahna Concrete 29-4, and Godfathers 11-9. A.P.C.I. took its four wins from Jahna 30-0, Sears 12-10, Godfathers 5-4, and Blackman Ford 11-10. Coca-Cola won over Jahna 21-0, Sears 8-7, and Air Force 11-5. Blackman Ford won its two games from Jahna 37-0 and Sears 15-5. Sears won its lone game from Jahna 22-6. Blackman Ford has lost six games by 3 or less runs. Three of the losses were by one run only.

City To Annex Property

Ramada Inn To Be Built Here

Much local rumor and speculation regarding new developments for Avon Park was confirmed at the City Council meeting on Monday. Appearing at the meeting were James H. Andrews, his attorney William H. Johnson and Robert Kent, contractor, all of Tampa.

Johnson, in behalf of Andrews, presented a petition for annexation to the city of the property on the petition of

Range 28 East. The land involved is on Highway 27 S., approximately 28 acres, with about 9.2 acres in land and the balance in Lake Anoka.

Kent reported that additional engineering plans on sewers for the East Canfield duplexes were being prepared and would be presented for the approval of the city engineers.

Special Meeting Set For Budget Work

J.T. Landress, president of the Avon Park Library Board, appeared before the City Council on Monday evening to report on the progress of that board since taking over the operation of the library on July 1.

He stated that many hours of diligent and enthusiastic effort had gone into their work. "We are determined to give Avon Park a fine library which will serve as a pride in the community," he said.

In response to his recommendation, Council voted to employ Mrs. R.D. Moore, of Sebring, as librarian, effective August 1. Mr. Landress also commented on the fine work of Mrs. Eugene Hise and Mrs. Estelle Fisher, who have served as part-time librarians for a number of years. Also on his recommendation, Council voted to retain their services at a monthly salary of \$125 each.

Discussion of problems at the northside city dump brought out the fact that some people have been dropping trash and garbage at roadside or in the adjoining grow land. The man on duty will be instructed to watch for such offenders and give them directions for proper disposal.

President King said, "A few citations, with court fines, should get the cooperation of the public." To further insure proper use of the facility, a light warden, chairman will be installed at the northside dump. At the request of the Rev. Collis Fogle, Council voted to have South Delaney Ave. surveyed to the south boundary of the UHI Subdivision, with a view to providing access to a number of lots in this subdivision.

Mr. King set August 16 as the date for a special meeting to work on the 1973-74 budget. Mr. Sizemore suggested that council consider hiring a city superintendent with an engineering degree as part of the new budget. City Clerk Crews concurred with him, citing the increasing work load of city affairs and noting that such a move could not only improve efficiency but prove economical.

In further action: Council will advertise for bids on a 5 year lease for 2 northside city dump brought out the fact that some people have been dropping trash and garbage at roadside or in the adjoining grow land. The man on duty will be instructed to watch for such offenders and give them directions for proper disposal.

DAVID L. MCCLAY, National Extension Officer from Kansas City, Mo., presents the gavel to acting Commander Ben Hitson of the newly formed VFW Post 767.

Sgt. Hitson To Head New VFW Post Here

A new Veterans of Foreign Wars Post has been organized Avon Park. At the first organization meeting held at the Avon Citrus Bank last Thursday night, David L. McClay, National Extension Officer from Kansas City, Mo., announced that 31 ex-combat Veterans has already submitted applications for membership. This more than exceeds the 25 needed for charter approval.

Temporary officers appointed by McClay were Ben Hitson, Commander and Dave Brown, Quartermaster. Permanent officers will be elected after the charter application has been approved. Membership is open to all men who served outside the U.S. and have earned a combat ribbon. Members who join prior to Nov. 1, 1973 will have their names on the original charter. Eligible veterans may contact Hitson at 453-5631, or Brown at 453-5377 for more information.

The next meeting will be held on Thursday, Aug. 2, at 7:30 p.m. in the Avon Citrus Board Room.

Whitcomb advised that Sebring and Lake Placid residents can pick up tags in the office on U.S. 27 South.

Youth Care Home Closes July 23

Highlands County's \$125,000 Youth Care home for delinquent and dependent children closed its doors July 23 and nobody at this point seems to know what its future use will be. The board of Youth Care Inc. is scheduled to meet some time in the next fortnight with representatives from the Bureau of Protective Services to try to plan what to do with the constantly accumulating children who have need of the facility.

Charles Cullen, the county's administrative assistant, says he has been in touch with the state's division of youth services and "they want to talk to us" about using the facility. But John Perry, district supervisor of the Division of Youth Services said "the state is definitely not taking it over from our point of view."

Resignation of the house parents triggered the closing, which was ordered by Judge Clifton Kelly. And hopes are that the state of Florida through one of its agencies with a sufficient budget might take it over.

At the home when the order came for the closing. Four of the dependent youngsters were assigned to foster homes in Highlands County, three to foster homes in DeSoto, one to Lee and one to Glades County. A 15-year-old delinquent boy with numerous offenses on his record went to Highlands County jail Monday; a 13-year-old boy was sent to the training school at Okeechobee and a 14-year-old girl to the Sheriff's Girls Villa at Bartow. The real crunch will be between now and Jan. 1, according to Perry. As of Jan. 1, 1974, the state will be responsible for the delinquent boys and girls, but until then, it still lies to the county to provide detention. And as of now, the only place is Highlands County jail.

THE JACKSON MASONRY softball team finished out the first half of the Avon Park Slow Pitch Softball League season last Monday night with a 7-5 win over Blackman Ford to set a perfect 9-0 record. The Jackson team is now in its third year without being defeated. Pictured above, kneeling,

Reserved Seat Tickets On Sale

Reserved seat tickets for the 1973 Red Devil football games will go on sale to persons who held tickets from last season on July 30 at the Avon Park high school office. From July 30 until August 24 these reserved seat tickets may be renewed for a price of \$3 each. From August 27 until September 7 tickets may be exchanged for any available tickets and then from September 10 through September 14 all remaining tickets will go on sale on a first-come, first-served basis.

Avon Park athletic director Joe Franza announced this week that presently there are only 4 home games on the schedule but he feels confident that by fall the open date on Oct. 19 will be filled.

Season tickets are also going on sale next Monday at the high school office. These season tickets will sell for \$8 each and admit the holder to all home football games—varsity, "B" squad, and junior high games. They are not good for any post season games.

The Red Devil football team, under new head coach Ralph Hill, will open its schedule at home on Sept. 14 against Fort County fee Santa Fe. Remainder of the schedule: Mulberry, Sept. 21, away; Fort Meade, Sept. 28, home; Wauchula, Oct. 5, home; Frostproof, Oct. 12, home; Oct. 19, OPEN; Arcadia, Oct. 26, away; Lake Placid, Nov. 2, away; Nov. 9, OPEN; and Sebring, Nov. 21, away.

Youth Care Home

Protective Services, who with Regional Supervisor Mildred Kelly of Ft. Myers will meet with the Youth Care board, said "we badly need foster homes," and appealed to persons in the county to get in touch with their agency.

One of the big problems here, she said, is that when it is necessary to immediately take a child out of an environment, there is no place to put the youngster. An average of 11 dependent and five delinquent children were placed in the home in July and this is a fairly constant figure, Cullens said.

Manatee or Polk counties could be placed in Manatee or Polk counties until

the state takes over that problem Jan. 1.

Suggestions as to the future use of the home include the state taking it over and continuing it as a home for juveniles. Another suggested use is to create a recreational area with a swimming pool. The city donated the land to Youth Care, a volunteer non-profit group which raised money and turned it over to the county.

The county by contract with Youth Care Inc. has been paying the principal on the mortgage about for four years. The payments, which started in 1969, run for eight years and are \$4,800 per year.

Commissioners Hold Nine

Sessions On Budget

It took nine special sessions, one held on a Sunday night, for the Commissioners to put the county's fiscal year 1974 budget to bed.

Commissioners Melville Bass, Ken Wilkinson and "Buddy" Wise had never before been through a county budget review and said they found the experience educational, if not pleasurable. And they learned the importance of compromising diverse points of view.

Twice when their hearings stalled over conflicting approaches to the county employee pay raise problem, experienced Commissioner "Jax" Heston proposed acceptable formulas that got things moving again.

They heard Commission Chairman Robert Skipper, also an experienced hand in budget reviews, remind them continually that they must use federal revenue sharing funds as intended, that is, to reduce ad valorem taxes.

In addition, the commissioners learned that county employee problems that are usually not revealed during their weekly meetings.

They learned also that several county employees have not been paying personal bills owed to local merchants. Several commissioners reported having received complaints of such non-payment and were unhappy about it.

Wilkinson said he took a dim view of employees who receive their pay from county taxpayers and then refuse to pay their just debts.

Wise observed that such acts of irresponsibility on the part of county employees reflect unfavorably on the Board of County Commissioners and he vowed to seek the dismissal of any employees who are unwilling to meet their personal financial obligations.

While they were finding fault with a few county employees, they were also recognizing that other employees were performing their duties in an excellent fashion. They singled out their administrative assistant, Charles Cullens, and their deputy clerk, Jim Pyle, for special recognition and voted unanimously to give each a merit pay raise.

People And Politics
Are Changing

ANNISTON, ALA.—Ten years ago North Alabama wouldn't have had as much fun at Point Mallard as they did last week. The park and its unique feature—a giant pool with man-made waves—hadn't been developed yet.

And, politics! speeches like the holiday crowd heard there might have started fights instead of being enjoyed the way most Southerners like their politics—as part of the day's entertainment.

But it is later now; we have all cooled down.

So, on July 4, at the Decatur amusement park, they gave Gov. Wallace an award for courage and patriotism. He was accompanied by the chairman of the National Democratic Party and the speech was made by, of all people, Edward Brooke.

What are we to make of these events which 10 years ago would have produced controversy and conflict but now seem so conventional?

For one thing, there has been a lot of change. Ten years ago Martin Luther King was alive and had written his famous letter from a Birmingham jail. Selma and Pettus Bridge were unknown to most of the country. Since then the country has changed; the South has changed; the civil rights movement has changed.

Most Southerners now know it was wrong to deny blacks even the simplest convenience of stopping at the nearest restaurant or motel when they got tired of driving. Most Northerners have come to the stunning realization that they have lost both their innocence and their favored position as exporters of moral concern.

The senator from Massachusetts did not come to Alabama in the role of a Yankee preacher. God's appointed agent commissioned the trample out immorality in other lands and among other peoples. He came as one who shares with us an equal inheritance of sin and virtue.

"Indeed," he said, "Southerners may know even better than we do the need for a white and black, from hatred and the consequences of hatred."

He could say such things in the South not only because it is the nation's most integrated

region but because the nature of the civil rights movement has been altered by the passage of time. Denial of the right to vote was a wrong that could be easily demonstrated, clearly seen on television and for which the remedies were close at hand.

Today, civil rights issues don't have the same clarity, don't yield to the same tactics and, therefore, are not as visible. As civil rights became less of a monolithic, all-absorbing concern, other issues which had been there all along came back into perspective.

We can see now that the white proprietor of a small grocery store thinks crime is a more important issue than a racist, not because he is a racist, but because he is a realist. He has been robbed at gunpoint three times in the last six months.

We can understand the priority that middle-aged parents assign health care, not because they would deny the rightful aspirations of black people, but because they witnessed the financial destruction of a neighbor whose wife was hospitalized for six months before she died.

These are things that Democrats in Ala. and Mass. do not want to get into a fight. They are becoming unified by concern with a plurality of issues—including civil rights—and by sharing mutual disgust at the criminal misuse of power and trust by a Republican administration.

What our reporter detected as he mingled with the crowds at Point Mallard Wednesday was an air of forgiveness. They were glad to see Ted Kennedy and George Wallace together. Chappaquiddick? "So, he made a mistake; we're all human."

It is later now; we have all cooled down. Southerners are getting reacquainted with the Democratic Party, and seem to be enjoying it. After Wednesday there can be little doubt that the Democratic leadership wants to move back to the old neighborhood.

Prices Started
Rising This Week

Prices on a few items in Avon Park area grocery stores started rising this week in the wake of the end of the price freeze on all items except beef, poultry, and peanut products.

County women, faced for some time with the shrinking food dollar, have been partially solving the problem with food stretchers.

"People are buying less meat and using macaroni, oatmeal, rice and such to go with it," said Jo Marilyn Townsend, county home extension agent. "Some are using substitutes for meat entirely with dried beans, peanut butter and peanut products."

Mrs. Townsend said the Homemakers club has discussed the problem of the rising cost of food in their meetings and that low income groups are concerned about how they are going to get any protein, what with the prices of meat.

In the poultry line, said Mrs. Townsend, "there is no substitute. If there are sales, people should stock up on poultry. And fish still is a good buy. It has not gone up like poultry and beef have."

For awhile, she said, turkey was a good buy and a large whole turkey which sells for less than \$1 a pound still is a good buy.

"If you buy a large one, you get a lot of meat, so small one, you are paying for the bone."

Cheeses have advanced in price, but these products such as Velveeta are not so high and also come in slices.

"The cheese products come in a cheaper form, made of cheese and a small amount of dried milk."

She said it is milder than cheese "and just as nutritious, although some find they do not like the flavor as well as cheese."

Fruit juices are much more nutritious and less expensive than cola drinks she pointed

out, and "here in our area people could eat a lot more citrus right from the grove."

Eggs have taken a big jump and while they were about 55 cents a couple weeks ago, they were 79 cents for a medium grade a dozen last week.

She advised that people take advantage of canned goods sales and beef sales. "You will notice beef sales are not as frequent," she said.

Frozen are cheaper? She feels that frozen vegetables are cheaper than fresh ones these days, "particularly in the large bags."

People generally are requesting more information on canning and freezing and she has had several requests on how to dress poultry.

Inquiries have mounted "with the elderly who are on fixed incomes the more concerned."

4-H Trail Ride

Set For

Saturday

On Saturday, July 28, there will be a 4-H Trail Ride, starting at Dr. Handley's Animal Hospital. To go on the trail ride, you must have signed up at the Agricultural Center prior to July 20. The ride will start at 9 a.m., and members will ride to Lake Denton, eat lunch and swim, and then ride back to the Animal Hospital, arriving there around 3:30 p.m.

Those going on the trail ride need to bring a lunch, bathing suit, and a halter and lead shank to tie your horse. For any information call Mary Anne Handley, Secretary of the Hood Dusters 4-H Horse Club in Sebring, at 385-6531.

On July 34, the Highlands County 4-H Horse Clinic will be held in Lake Placid. A full day program is planned. The horses will be stalled at Sun 'n Lake, and the 4-Hers will stay at Camp Cloverleaf, just North of Lake Placid.

A good crop of instructors will be there to teach various phases of horsemanship. You must be a Sun 'n Lake at 9 a.m., on the third and may leave at 4:30 p.m. on the sixth. The camp fee of \$25 must be paid by August 1, to reserve your space. Make Checks payable to "Highlands County 4-H". This clinic will be an educational, (horsemanship-wise) and fun experience.

Local Girl Passes Certified Professional Secretary Exams

TYPING IS MORE than just striking the keys as Kathryn Fortner, Sebring, follows a suggestion of Vivian Permenter, left, Business Education Instructor at South Florida Junior College, while Diane Taylor, Sebring, watches the effect of the change in technique. Mary Anne Handley, Sebring, is practicing her typing exercises in the background.

country at Evans, Harlan County, Kentucky. Vivian moved with her parents to several states before graduating from high school at McAlester, Okla. Receiving her B.S. Degree at East Central State College, Ada, Okla., Vivian majored in Business Education and earned her M.S. Degree in the same field from Oklahoma State University. Stillwater, before joining the instructional staff at South Florida Junior College.

The mother of three children, Debra, David, and Deana, Vivian is married to Nelson Permenter who will graduate from the University of South Florida in August with a B.A.

Degree and will teach science courses in the Avon Park Middle School. Along with her highly organized teaching schedule, Vivian manages to find time to help with a car pool, Girl Scouts, P.T.O., and Church. To avoid driving and being near their teaching assignments, the Permenters decided to leave Lake Wales and move to Avon Park.

From 1951 to 1972, only 6,188 secretaries had completed all part of the examination to receive the coveted Certified Professional Secretary rating. But, as a well wishing colleague, on hearing the news, stated "6,188 and Vivian."

Cubs Lead League By One Game

Only two games were played in Avon Park Senior League baseball last week. The Braves defeated the Mets 7-4 in the first game on Thursday, July 19 and then the Cubs gained a full game on the Reds by taking a 14-5 victory from them in the second game that night.

The Reds still led the league standings after last Thursday nights action with a record of 4-4 but the Cubs pulled close with a 7-5 mark. The Reds are coached by Virgil Sizemore and Sam Elder and the Cubs are coached by Johnny Elder. In third place were the Braves with a 5-7 record as the Mets dropped into fourth place with a 4-8 mark after the loss last Thursday night.

Tonight, Thursday, July 26, the Mets meet the Cubs at 6 p.m. and the Reds take the Braves in the second game around 8:30 p.m. These games will probably be played at A.P.C.I. Then on Saturday night, July 28, the Reds and the Cubs meet again at six and the Mets and the Braves play the second game. Next Tuesday night, July 31, the Reds and the Mets play first and the Cubs and the Braves play second. The final two games of the regular season are scheduled for next Thursday night with the Cubs and Mets meeting at 6 p.m. and the Braves and the Reds playing the second game.

Last Thursday night the Braves beat the Mets 7-4 on 8 hits. Tommy Lewis led the Braves at the plate with two doubles, Kenny Light and Larry Jackson hit two singles each and Frank Anderson and Butch Farless both hit a single for the winners. Tommy Lewis and Larry Jackson shared mound duties for the Braves giving up only three hits to the Mets. These three hits were all singles by John McCann, Steve Breck, and Raleigh Turnbull. Jeff Jackson Cadd Stephen Ford both hurried for the Mets in the losing effort.

In the second game last Thursday night, the Cubs scored 14 runs on 7 hits off three Reds pitchers to take the 14-5 victory. David Cantrell tossed a three hitter as the Reds striking out 9 batters in the six innings. For the Cubs Dale Sizemore and Joel Wright both hit two singles each, Charles Pugh rapped out a double and Reggie Baker and Cantrell had a single each. Timmy Massey, Billy Young, and James High hit a single each for the Reds only hits. Billy Young, Dennis Hulen and Jessie Arellane all pitched for the Reds.

Deadline Near

For Entering

Livestock Show

The deadline for entering fat steers, dairy animals, and purebred beef-breeding animals in the 1974 Junior Livestock Show is Aug. 15.

The 1974 Junior Livestock Show will be held at the Highlands County Fair in February 1974. The Show is open to all bonifide Highlands County 4-H and FFA members. Copies of the rules and regulations for the show and entry blanks are available from the county agent's office in the agricultural center in Sebring and from the vocational agriculture teachers in the high schools in the county.

Sherry Watson

Celebrates

1st Birthday

Miss Sherry Watson, daughter of Mr. and Mrs. Michael Watson celebrated her first birthday with a party on July 22, at the home of her grandparents, Mr. and Mrs. Woodrow Watson.

Sherry received several birthday gifts and all enjoyed watching her with her first birthday cake. Colorful balloons were blown up and floated through the party room while movies were being taken of her on this important occasion.

Among those present to help Sherry celebrate were Mr. and Mrs. Boyd Seymour Jr., Mr. and Mrs. Terry Watson of Miami, and Wesley, Lesley and Reggie Watson, Aunts and Uncles of Sherry.

Mr. and Mrs. Robert M. Alexander

DeLaney-Alexander

Wedding Held Saturday

The Episcopal Church of the Redeemer, Avon Park, was the scene of the wedding of Miss Linda Gayle DeLaney to Robert M. Alexander on Saturday, July 14, at 7:30 p.m.

The Rev. John L. Knapp, Tampa, formerly of Avon Park, performed the candlelight service.

The bride is the daughter of Mr. and Mrs. Leon L. DeLaney, and the granddaughter of Mr. and Mrs. E.A. DeLaney Sr., all of Avon Park.

The bridegroom is the son of Mr. and Mrs. Roy P. Alexander of Sebring.

A program of nuptial music was presented by Roy Cox, organist, Sebring and vocalist, David Brooker of Avon Park.

The double ring ceremony was performed before a background arrangement of summer white flowers and burning tapers. The altar was decorated with two white altar bouquets of white gladioli, carnations and daisies, softened with baby breath. A pair of seven-branched brass candelabras stood on each side of the altar. Two clusters of mixed foliage and palms also enhanced the altar rails. Each pew was decorated with clusters of mixed foliage and white satin. The mothers' pews were marked with aisle candelabras decorated with mixed foliage and white satin.

Given in marriage by her father, the bride was lovely in a gown of white silk organza with empire waist accented with white satin ribbon. The bodice featured a high mandarin collar of scalloped lace. Panels of Chantilly lace were applique, and jeweled on the shoulders and extended down the front of the skirt. A white satin bow and tiny tulle buttons and loops gave back interest. Her full sheer sleeves were yoked and extended down the front of the skirt. A white satin bow and tiny tulle buttons and loops gave back interest. The bride's grandmother wore a floor-length pink gown of double-knit with matching accessories. Her tailored corsage was of white rose buds trimmed to match her dress.

Mrs. Alexander wore for her son's wedding, a floor-length gown featuring a lace bodice with long sleeves and a knife pleated skirt of beige crepe. Her shoulder corsage was of dainty yellow rose buds with trim to match her dress.

Immediately following the ceremony, Mr. and Mrs. DeLaney entertained at a reception held at Pinecrest Country Club. Guest were invited into the lobby upon their arrival to await the receiving line.

The bride's cake table was covered with a floor length high empire gown with a pair of silver candelabras featuring twin bouquets of white star-burst pompons, baby's breath and blue and pink carnations, accenting the four-tiered wedding cake. The cake was trimmed with pastel roses and was crowned with a miniature bride and groom.

After the bride and bridegroom had cut their first slice of cake and toasted each other with silver trimmed glasses, the guests were invited to sign the bride's book which was placed on a table featuring an old-fashioned round bouquet with candles of pink and blue. Mrs. Thomas Bagwell was in charge of the guest book.

of honor. They carried old-fashioned charm nosegays of yellow and white daisies featuring blue miniature carnations softened with baby breath and stephanotis. They were identical flowers in their hair, as the matron of honor.

Kathy Weibe, niece of the bride from San Juan Puerto Rico, was flower girl. She wore a blue dotted-swing gown with empire waistline, and long sleeves cuffed with lace. She carried a white wicker basket of white and yellow daisies with baby's breath and blue miniature carnations, from which she drew petals down the aisle.

Ringbearer was David Weibe, nephew of the bride from San Juan, P.R.

Roy P. Alexander Jr., brother of the bridegroom from Killingsworth, Conn., attended Mr. Alexander as his best man. Usher-groomsmen were, Donald DeLaney, brother of the bride from Hilton Head, S.C.; Roger Holbrook of Avon Park, and Michael Tubbs of Sebring.

For her daughter's wedding, Mrs. DeLaney wore a floor-length gown of aqua chiffon with long sheer sleeves, featuring a jeweled buckle at the waistline. She wore matching accessories, and a shoulder corsage of dainty white rose buds and stephanotis trimmed to match her dress.

Miss Sensenig Honored At Bridemaid's Luncheon

Mrs. Billy Martin honored Miss Brenda Sensenig at a bridesmaid's luncheon at the Bill Sachsenmaier home on Lake Anoka on Tuesday, July 17.

Guests were welcomed into the lovely spacious living room where they were served refreshing glasses of chilled juice by Miss Tami Cason.

The guests then gathered in the dining room where the table was overlaid with Belgian linen, cutwork tablecloth, the centerpiece of yellow daisies and glads, featured yellow ribbon streamers going to each table, reflecting when a delicate china rosette held the place card.

They were served from a buffet of chicken bake, buttered La Seur peas, and a brightly colored frozen fruit salad with spicy dressing.

Hostesses for this lovely party for Debbie and her friends were Mrs. Robert Barben and Mrs. Hue Nunnallee.

Miss Sherry Watson, daughter of Mr. and Mrs. Michael Watson celebrated her first birthday with a party on July 22, at the home of her grandparents, Mr. and Mrs. Woodrow Watson.

Sherry received several birthday gifts and all enjoyed watching her with her first birthday cake. Colorful balloons were blown up and floated through the party room while movies were being taken of her on this important occasion.

Among those present to help Sherry celebrate were Mr. and Mrs. Boyd Seymour Jr., Mr. and Mrs. Terry Watson of Miami, and Wesley, Lesley and Reggie Watson, Aunts and Uncles of Sherry.

Spencer and Grace Pickett left last week to spend several weeks at the University of Florida in Gainesville, N.C. Their daughter and family, Pat and John Starling and children, Gayla, Gina, Carla and John Spencer, "Bubba", left Sunday to go up and visit for a week.

While there, highlight of their visit will be the "Folk Festival", which is an annual event in Gainesville. Madie and Dale Landress and family, who are vacationing in Franklin, N.C., will also visit with Grace and Spencer and all will attend the Folk Festival.

Mrs. Hue Nunnallee and daughter, Sara have returned from Tallahassee where Sara attended orientation and early registration at Florida State University. While there Mrs. Nunnallee visited with her son, Jim.

Dennis Tataris, son of Thomas Tataris is visiting in Avon Park for five weeks during his summer vacation. The Tatarises, Tom, Sophie, Danny and Dennis, have just returned from Siesta Key in Sarasota, where they stayed while on vacation.

Spending an enjoyable weekend at Clearwater Beach and the surrounding area were Mr. and Mrs. J.L. McWilliams, accompanied by Miss Rebecca Hostetter and Miss Emma Snyder of Sebring. They dined at the Red Lobster on Saturday, then on Sunday, while Miss Snyder visited with friends in Clearwater, the McWilliams and Miss Hostetter motored to Tarpon Springs, enjoying points of interest which included the sponge docks, and dinner at the famous "Pappas" Restaurant. En route home on Sunday, the group came by Lakeland, where they left Miss Hostetter, who visited with her sister-in-law, until Wednesday. On Wednesday night, Miss Hostetter and Carl and Reba McWilliams joined the J. L. McWilliams at their home for a fish supper, enjoying the fish which J. L. had caught on Friday while deep-sea fishing out of Clearwater.

Mrs. Lucille Lemler returned home July 17, after being away for three months. She first visited friends and relatives in Pennsylvania, before going to their farm in Tippecanoe, Ind. She flew back home with her son, DeWayne, who had flown up to attend the wedding of his brother, Dean, on July 14, in Plymouth, Ind. Dean is a teacher and coach at Dorman High School in Spartanburg, S. C.

Glenn D. Moulton, accompanied by Mrs. J. Bengel returned Sunday afternoon from a three-day trip to Pine Island with the Highlands Trailer Club. The group spent their time fishing and enjoying

social activities. The next meeting will be at the same place, Pine Island Trailer Park.

Recent visitors at the Lake Angelo home of Mr. and Mrs. James Cravey have been Mrs. Cravey's parents, Mr. and Mrs. W. W. Carpenter from Millry, Ala.; Mrs. Rossie Willard, from Mobile, Ala.; Mr. and Mrs. W. J. Bush from Troy, Ala., (both sisters of Mrs. Cravey) and Glenda, Alline and Janet Carpenter, all nieces of Mrs. Cravey from Mobile, Mrs. Cravey and daughter, Patricia met the group in Orlando on Tuesday, where they all enjoyed Disney World, with the group returning home with them. On Wednesday afternoon they all were in Tampa, enjoying a tour of Busch Gardens. En route home they visited with the Cravey's son and daughter-in-law, Mr. and Mrs. Jim Cravey in Bartow.

Mr. and Mrs. Phil Briggs were in Orlando on Sunday visiting with Mrs. Briggs' daughter, Mr. and Mrs. Glen Twaite. They also visited with Mrs. Eugene Johanson, of Lake Mary, also a daughter of Mrs. Briggs.

Mr. and Mrs. Frank Waddell and mother, Mrs. Cora Wray returned home on Saturday, after a vacation in Alabama and Montana. They first visited Mrs. Wray's son, Mr. and Mrs. F. E. Wray in Montgomery, and her grandson, Mr. and Mrs. Earl Wray and great-grandchild, Tressa Ray in Auburn, Ala. Mrs. Wray stayed in Alabama for a longer visit while the Waddells motored on to Stanford, Montana to visit with Mr. Waddell's sister, Mr. and Mrs. Albert Aarnold and other relatives. While there, they took an interesting trip through Glacier National Park.

The Waddells had a short visit in Alabama, on their return trip, before Mrs. Wray joined the group for the trip back home.

Saturday visitors at the home of Mr. and Mrs. James Cravey were Charles Johnson and son, Chuck from Mobile, Ala., accompanied by friend, David Stone from Fort Walton Beach. Mr. Johnson and Mr. Cravey were former shipmates when they sailed with the Alcoa S. S. Company. The group enjoyed swimming and a fishing trip to Arbuckle.

Mr. and Mrs. Reggie Butler and sons, Reggie Jr. and Scott were in Avon Park Friday through Monday. They were here to attend the funeral services on Saturday, of Reggie's grandmother, Mrs. Minnie Butler. Mrs. Reggie Butler will be remembered here as the former James Wells.

Daryl on Dean's List
Daryl W. Bennett, son of Mr. and Mrs. Ray H. Bennett, has been named to the Dean's List at the University of Florida, for the past quarter. Daryl is a History Major.

Buzzy Roberts, Ralph and Fred Hart and Nancy Cain left last Friday from Orlando to fly to Black Mountain, N. C., where they will attend Camp Rockmont for five weeks.

Mrs. Emma Herrin accompanied by her daughter, Mrs. Elizabeth Smith, were guests at the home of Mrs. Bettie Ellis in Plant City, over the weekend.

Mr. and Mrs. Willis G. Robinson, accompanied by Mrs. Fred Glaser, returned Monday after spending several days in the Smoky Mountains. Highlight of their trip was attending the drama, "The Sons of the Hills", in Cherokee, N. C., a story about the Cherokee Indian Nation.

Mr. and Mrs. Malcolm Crews and sons, Dennis and Keith, and Mrs. Gladys Shank attended the Weed Family Reunion on Sunday, which was held at Pioneer Park in Zolfo Springs.

Mr. and Mrs. W. Carlyle Smith, of West Canfield, Pa., returned on Sunday from a motor trip. They spent three weeks visiting family and friends in N.J., N.Y., and Pa.

Linda Mellinger, former resident of Avon Park and now living in Stroudsburg, Pa. visited friends in Avon Park for two weeks recently. While in town she stayed in the homes of Mary Linda Derkman, Kim Kempton and Lisa Clifford. Linda will be in Vero Beach at the home of her grandparents, with her youngest brother, Robert, until Aug. 6, when she will return to Stroudsburg with her father to pick up her brothers, Albert and David and come back to Florida for a few weeks.

Mr. and Mrs. Mark Smith accompanied by Mrs. C. C. Skipper left Tuesday for a visit in Jacksonville with Mr. and Mrs. Charles Lewis and baby daughter, Jennifer. Mrs. Lewis is the former Nancy Clin.

The First Assembly of God, 114 S. Central, Avon Park, announces a "Kids' For Christ" crusade, beginning this Sunday night, July 29 at 7:30 p.m., with The Rev. and Mrs. Shelby Lanier and "Andy", the life-size dummy.

Sherry Parrish

Named To

Dean's List

Sherry Kay Parrish, daughter of Mr. and Mrs. Leo Smith, Cherokee Hgts., Avon Park, is among the 462 students named to the Dean's List at Valdosta State College for the Spring Quarter, according to Dr. W. Ray Cleere, vice president and dean of faculties.

Freshmen and sophomores are required to have a 3.3 grade point average out of a possible 4.0 and upperclassmen must attain a 3.5 average in order to be named to the academic honor list.

The Rev. Lanier and wife, Connie, are experienced and qualified children's workers and evangelists. They graduated from South-Eastern Bible College in Lakeland and have two children. He is the principal of Calvary Christian School in Tampa.

The crusade begins this Sunday evening at 7 p.m., and will continue Monday through Friday nights at 7:30 p.m., through Aug. 3.

There will be Bible stories, Scripture verses, songs,

quizzes, games, treasure chests, prizes and lots of fun! There will be prizes each night and at the end of the week, there will be special gifts for the boy and girl who bring the most visitors. There will also be a life-size dummy, who will talk to the children each night.

The Bible will be taught on their own level. All children and adults are cordially invited to attend. If transportation is needed, call The Rev. Postell at 453-4451.

Federal Grant Program

Offered To Graduates

June high school graduates who need financial assistance to further their education might take the time to explore the new federal Basic Educational Opportunity Grant program.

It could be the answer.

This expanded program is not just for those graduates who hope to go on to college. Those who plan on attending a vocational school, technical institution or hospital school of nursing—then this program can help.

This new program is in addition to four earlier adopted programs of financial aid—supplemental educational opportunity grant, the college-work study program, the National Direct Student Loan Program and the guaranteed student loan program.

The supplemental educational opportunity grant is for undergraduate students of exceptional financial need

who would be unable to continue beyond high school without such help. The grants range from \$200 to \$1,500 a year, with a maximum of \$4,000 for four years of study or \$5,000 for certain special five-year programs. And when a student receives such a grant, the educational institution will provide additional help to at least equal it.

The college-work study program is designed to provide jobs for students with financial need who must earn a part of their educational expenses. Participating schools arrange jobs on or off campus with public or nonprofit organizations, with students eligible for up to 40 hours work a week.

Application forms to determine family contributions may be obtained at most high school guidance offices, post offices, state employment offices, and through the student financial aid offices at most post-secondary educational institutions.

Use what you need, save what you can.

That's good air conditioning advice this summer.

It's good for you, for us, and for all the customers we serve.

Because, in addition to saving yourself some money, you'll be helping us all save valuable energy.

So here's what you do:

Set your thermostat up.
Set it up to the highest possible temperature comfortable to you.

Fan setting?
Operate for your individual comfort. "Auto" gives better humidity control and economy. "On" provides more uniform air motion, sound level and temperature. Of course, to conserve money and energy, we recommend "Auto."

When you're away.
Set your unit at 5 to 10 degrees above normal setting with fan on "Auto" for midweek protection and quick comfort when you return.

Filters.
Replace frequently. Clogged filters make units work overtime.

Outdoor section.
Keep clear of plants and obstructions. Anything that interferes with air flow increases operating costs.

Air grills.

Don't block air flow with furniture or drapes. Anything that gets in the way of delivery or air return gets in the way of proper cooling.

Windows and doors?

Shut out heat from the sun with drapes or outside shading.

Insulation.

It's amazing how many Florida homes were built without adequate insulation. And insulation is important. It'll give you lower operating costs, so make sure you have it.

Just follow these 8 simple suggestions and you'll conserve money and energy this summer and still be comfortable.

And if you'd like a whole booklet of ways to get more out of your electricity, for less, stop by any Florida Power office and ask for our "Helpful Hints" pamphlet.

Let's all conserve together this summer.

Watson

Butler

John H. Watson Sr., 63, died suddenly Monday morning, July 23. He was a member of the First United Methodist Church. He and Mrs. Watson came to Avon Park from Bristol, N.H., in 1963, and he was employed at the AHC as a caregiver.

He is survived by his widow, Florence, who lives at 206 N. Lela Ave.; two daughters, Barbara (Mrs. Russell Carson) of Derry, N.H., and Mrs. Nancy Morgan of Lawrence, Mass.; two sons, Chester Watson of Melrose, Mass., and John Watson, Jr. of Lawrence, Mass.; 13 grandchildren and one great-grandchild.

The body was flown by plane to Derry, N.H., for services at the Peabody Funeral Home and he will be laid to rest in Forest Hills Cemetery at Derry.

Mr. and Mrs. Carson, Chester and John Watson, Jr. came to Avon Park to accompany their mother back to N.H. by plane on Tuesday. Mrs. Watson will be with her daughter at 22 Crescent St., Derry, N.H. 03038, for the present, if her friends wish to contact her.

Mrs. Minnie D. Butler, age 87, passed away Thursday, July 19, at Hillcrest Nursing Home, Avon Park.

Mrs. Butler was born in Baker County Georgia, coming to Avon Park in 1928. She was a member of the First Baptist Church, Sebring.

She is survived by a son, Carl Butler, Avon Park; 13 grandchildren, and several great-grandchildren.

Funeral services were held Saturday, July 21 in the Stephenson-Smith Chapel with the Rev. Charles Davis officiating. She was laid to rest in Boushville Cemetery, Stephenson-Smith. Funeral Home in charge of arrangements.

Homecoming

At Assembly

Of God

The First Assembly of God Church, 114 S. Central, Avon Park, announces a "homecoming services" this Sunday, July 29.

Sunday school will begin a 10 a.m., and at 11 a.m., "The Chosen Generation" youth choir, composed of 25 young people from Winter Haven First Assembly of God Church will be in charge of the service. Following the hour of inspired singing and testimony, dinner will be served in the church social hall. At 2 p.m., "The Chosen Generation" will again be featured in a special inspiration.

In the evening service beginning at 7 p.m., the Rev. Shelby Lanier, principal of Calvary Christian School Tampa, will be in charge of "Kids for Christ" Crusade.

The Rev. Postell, pastor of the church, cordially invites everyone to attend these special services. If transportation is needed please call the church office, 453-4453.

Study May Save Pollution Danger

A new two-year multi-agency study of the Kissimmee River - Lake Okechobee basin hopefully may prove the salvation of the pollution endangered lake.

The Central and Southern Florida Flood Control District on July 20 authorized contracts with the Department of Administration and the Department of Pollution Control to take part in the massive state-mandated data-gathering project.

Purpose is to retard further deterioration. The lake is

widely assumed by experts to eutrophication, a decaying be in the early stages of process.

BEN HILL GRIFFIN

Griffin honored for efforts

Each year the Florida Parole and Probation Commission honors a citizen who has played the most vital role in the rehabilitation of criminal offenders. The unanimous choice of the five commissioners for the award in 1973 was Ben Hill Griffin.

He was presented the award at the recent Florida Council on Crime and Delinquency conference at Miami Beach. Commission Chairman Armond Cross pointed out that Griffin's achievements in this area are a culmination of experience over the past 20 years. The various business firms headed by Mr. Griffin have consistently hired ex-offenders and parolees and as a result, hundreds of men and women today can point to that opportunity and open door as being an important turning point in their life. Additionally, as a member of the State Legislature for over 10 years, Griffin consistently supported efforts to upgrade the criminal justice system and the reintegration of offenders into community life.

Time is now to buy tags

Persons who have not yet purchased car tags are urged to consider doing so this week. So many people forget and wait until the last two weeks when people are talking about buying tags. Then they must stand in line for an hour or more when a week earlier, there were no lines at all. Tag Agency Supervisor Jimmy Whitehouse warned.

This is definitely the best time of year to take care of this duty, he said. There is no way the tag offices of any county can handle all the renewals at one time. Be smart and get your tag before the rush starts. You will be glad you did and there is less chance of a mistake being made on your registration.

One more thing. The registrations for Avon Park residents are prepared in advance and sent to the Tag Office at Wells Motor Company. If an Avon Park resident buys his tag in the Sebring Office, the work has to be done all over again and takes much more time. Please get your tag in the Avon Park office if the address on your registration read Avon Park.

Whitehouse advised that Sebring and Lake Placid residents can pick up tags in the office on U.S. 27 South.

Mr. and Mrs. George E. Harrietha returned recently from a vacation trip after spending five and a half weeks in Michigan. They visited their daughter and family, Mr. and Mrs. Allen Pearson in Nor- thville and their son and family, Mr. and Mrs. Ross Hurst in Howell, her sister and husband, Mr. and Mrs. John Folsinski in Clawson, his brother and wife, Mr. and Mrs. Harry Hurst in Lima, Ohio, also were over- night guests of Mr. and Mrs. E. J. Rice in Caswell, Michigan. Their grandson, Michael Pearson returned with them to spend a month at the lakes.

Thirty-two members and guests attended the pot luck dinner at the club house last Thursday and enjoyed all the delicious food. Hostesses for the dinner were Mrs. Fannie A. Pepper, Mrs. William F. Robbins and Mrs. Joseph Stark.

Mr. Lowell T. Robinson arrived in Tampa by plane recently and was guest of Mr. and Mrs. Thomas W. Hardy for four days. His mother Mrs. Pearl Robinson who was here visiting, left with him to return home. Mrs. Ruth Hartman came up from Miami to see Mrs. Robinson and left for home the same day. She was a guest of Mr. and Mrs. Hardy while she was here. Mr. Robinson was in Tampa on business.

Mrs. Mildred Armour of Lake Placid visited Mr. and Mrs. W.T. Haines recently.

Mrs. Maurice Bush returned from Gainesville last Friday with a group of ladies from the Highlands County Homemakers Council to attend the State Council. Classes were held each morning and afternoon, with a speaker each evening. They were gone five days.

Mrs. Dale Warner, Mrs. Fred Bowman, Mrs. Dayle Schoenleeb and two grandsons of Mrs. Warner, Scott and Terry from Delaware, Ohio were guests of Mr. and Mrs. Scott W. Starr for a week. They left to return home Saturday morning.

Mr. and Mrs. Sheldon Buttrif, Mr. George Buttrif, Mrs. Gena Bragg and Mr. Victor Smith from Sebring and Mrs. Pat Jones and daughter Corlan from Houston, Texas were dinner guests of Mr. and Mrs. Charles Keys last Friday night.

Mr. P.K. Moore from Durham, N.C. left Thursday after spending Tuesday and Wednesday visiting at the lakes.

Congratulations to Mrs. Orville Castine who celebrated

her birthday on July 4 and to Mr. W.T. Haines who will celebrate his birthday on Aug. 3.

The regular monthly salad bar luncheon will be held at the club house on Thursday, Aug. 2 at 12:30 p.m.

Mr. and Mrs. Russell Seifert from Aurora, Ill. left Saturday for their home after spending a week at the lakes with his brother and wife, Mr. and Mrs. Blair Seifert.

SHOWN ABOVE is Sgt. Presley Selph with two Bell and Howell tape recorders and numerous tapes that were discovered in an orange grove on W. Winthrop Street. At approximately 5:30 p.m. Saturday a local mother turned over to police two tape recorders and several tapes that her son and

another youth had found discarded in an orange grove on W. Winthrop Street. The tape players were identified by police as four of the original nine tape players taken after the elementary school was vandalized July 6-8. The investigation is still continuing by the police.

Food for Thought

By Jane Nickerson

In a front yard in Micanopy, outside Gainesville, a water oak grows tall and spreading, not the biggest tree you've ever seen but large enough to have cast a comfortable shade one recent Saturday afternoon on a couple of picnic tables that had been set underneath.

White linen cloths covered them. But you could see only a narrow edge hanging over the sides, for pots and platters and pans and bowls had been carried out from the house and set rim to rim on top. Their contents offered everything savory a Floridian of Southern strain remembers eating—and more besides.

There were black-eyed and purple hull peas just picked from the garden a few yards away and boiled with ham knuckles, chicken purloo lively with black pepper, a baby pig crisply barbecued, Spanish rice, fresh shrimp salad with shredded carrots and celery and a touch of chopped sweet pickle, collard greens with hog jowl, cornbread, green beans with white bacon, a baked ham and a baked hen and a roast turkey, cornbread stuffing, three kinds of potato salad, macaroni and cheese, and oh, those desserts—sweet potato pie, pumpkin layer cake, carrot layer cake, coconut layer cake and coconut pound cake.

The Batts family reunion occasioned those groaning boards. Mrs. Rosa Batts, a large black woman whose vigor belies her 78 years, had welcomed back seven of the 13 children who had grown up in the house she and Cap Batts, her late husband, had bought in 1919. It was a one-room pinewood building then; six rooms and a porch have since been added.

The Batts sons and daughters had brought their children and Rosa's sister, Mrs. Ruby Martin, had come from up the road. There were Morgans and Howards and Jenkins, Batts-related, too. Did the throng number 50 or 60? No one knew—was it important?

And how many grandchildren did Rosa have? She laughed and said she'd have to sit down with a pencil and add them up. You can say 35, she told me, and there are five great-grandchildren, too.

Robert Batts, 53, oldest of Rosa's sons, had driven over from St. Augustine with his four children, the youngest 4 years old. He said they were waiting on cousins to arrive from Detroit. But most of the clan had come from Florida—Key West, Fort Lauderdale, Goulds, Ocala.

"Mamma prepared about 60 per cent of the food," Robert told me. "Oneda, my oldest sister, is the only one at home now, and she baked some of the cakes. And most of the families brought a pan along with them." I gathered that a pan was the equivalent of a

covered dish at a community supper.

Robert continued:

"One of my brothers plants the garden over there for Mamma, but she tends it. It's nearly an acre, I guess. Right now there are peas, cucumbers, cabbage, tomatoes and over in that corner a little sugar cane you can cut and split and chew. In the winter Mamma grows lots of greens."

Rosa took my arm and led me around the tables, identifying the dishes and discussing their preparation. There were two kinds of cornbread stuffing along the turkey. She nudged my elbow and advised me to try the one she had made because, she said, it contained giblets. It was delicious, I thought, herby, peppery and zesty.

Oneda, the daughter still at home, a strong-looking woman in white shorts and blue shirt, said that even when she and her mother were alone she did a good deal of baking, because she enjoyed it. Her coconut pound cake was sumptuous. She had prepared it in a tube pan, according to a recipe that she said she had found in a collection assembled by an African Methodist Episcopal Church.

I adapted Oneda's recipe to produce a cake somewhat smaller and a shade less rich. This is what I came up with:

OLD FASHIONED POUND
CAKE WITH COCONUT

5 eggs
2 1/4 cups sifted cake flour
1/2 teaspoon salt
1 cup butter (at room temperature)
1 cup sugar, preferably superfine
1 teaspoon vanilla
1/4 teaspoon almond flavoring, optional
1 cup flaked coconut
1. Separate the eggs. Let the whites and yolks warm to room temperature.
2. Grease and flour a tube pan 9 inches in diameter and about 3 inches in height. Preheat the oven to 300 degrees.

3. Sift the flour with the salt.
4. Cream the butter in the small bowl of the electric mixer. Gradually add the sugar, continuing to beat. Beat till mixture looks light and is fluffy in texture. Thoroughly beat in the egg yolks, the vanilla and the almond flavoring. Stir in the coconut. Transfer the mixture, using a rubber spatula, to a large mixing bowl.

5. Wash and dry the beaters and the small mixer bowl. Put the egg whites in that bowl and beat at highest speed till soft peaks form when you withdraw the beaters. Gently fold the egg whites into the butter and egg-yolk mixture.

6. Gently fold the dry ingredients into the batter, adding them a fourth-cup at a time. Pour the batter into the pan.

7. Bake in the center of the preheated oven 1 hour and 15 minutes, or till the top is light brown, the cake shrinks slightly from the sides of the pan and a cake tester, inserted in the center, comes out clean. Set the pan on a rack for 10 minutes. Turn out the cake and cool thoroughly before cutting. Store in an airtight container.

Yield: 36 half-inch slices.

This might be called a half-pound, instead of a (one) pound, cake, because the amounts specified of eggs, butter, flour and sugar each weigh about a half-pound. More than a century ago, cooks used a pound each of those ingredients to make big cakes for bigger households. Milk or other liquid was omitted.

Baking powder had yet to be developed, and pound cakes were leavened by the air beaten into the eggs, as indeed they still are. That's why, to retain such air, gentle handling of the batter is necessary.

You may, if you wish, omit the coconut from this recipe and still produce an excellent cake.

We wish a "Happy Birthday" to the following people, who will be celebrating their birthdays this coming week:

July 27—Mrs. Walter Baxter, Laura Heiring.

July 28—Beulah Stewart, Bill McDaniel, Roger Tomblin, Linda Spurlock, Judy Welch.

Follow The Signs

Imagine yourself in a train depot in a foreign country, and the signs are in a language unfamiliar to you. You know that the signs are there to direct you, and you try to figure them out, but despite your best efforts you are not sure of your interpretation. The natural thing to do then, is to check with an attendant and have him explain things to you.

The Bible is a sign given to us, and directs us in a pathway of living. Interpreting these directions is not always easy, so the natural thing to do, should be to seek someone to help us. Our churches have many trained personnel who are familiar with the language of the Bible. Attend Church this week and follow God's way of life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Real Estate LICENSEES

How Big is BIG MONEY?

To some people it is making \$1,000 a month. To others \$5,000 a month, right in their own home town. We have both kinds... selling just village & country property our specialty.

So it's Opportunity if you qualify for the STROUT Team. Not everybody does. But ask yourself if you are ready for your real estate license to start bringing you Important Money. Ask too, do you really like People? And do you have Common Sense?

If yes, then ask for information on the "People-Business." It's mailed without obligation. Could be the start to Something Big... with the World's Largest.

Doctors Told To Expect

More Insecticide Poisonings

Doctors have been warned of a possible sharp increase in insecticide poisonings as the result of the recent ban on DDT.

The warning came in the Journal of the American Medical Association which noted that the new organophosphates to be used in place of DDT are highly toxic to humans and are easily absorbed through the skin. DDT was not.

Although the substitute insecticides are less persistent in the environment than DDT, the medical journal points out that, "Many deaths have been reported from parathion exposure, but few if any from DDT."

School Millage

Decreased From

10.82 To 9.405

Highlands County School Board in special meeting July 30 conducted a public hearing on millage for the coming year, had no opposition and passed it.

The millage this year will be 9.405 down from last year's 10.82.

It was voted to seal rather than tent for termites at Avon Park Middle School and the bid was awarded to Orkin provided the bid contains a five year guarantee as it appears to do. Initial cost would be \$3,800.

Superintendent George Douglass was instructed to screen engineering proposals for air conditioning classrooms and to come back to the board with a list of qualified firms. Sebring Paint with a bid of \$5,918 was awarded the contract on a seamless floor covering for Avon Elementary and Woodawn lunchrooms.

A comprehensive school plan as now required by state school law was submitted by Tom Johnson, supervisor of pupil personnel services. The plan will be updated yearly. Johnson explained that "hundreds of man hours of planning" had gone into the plan and that "some said act of planning, had revolutionizing thinking in some areas."

Board member Ruth Davis advanced the idea that meetings be held of all teachers, old and new in the county, so that board and teachers might get to know each other.

Board member Franklin Ward said he thought there should be individual school receptions for the general public.

Superintendent George Douglass suggested that "as a board we should schedule individual meetings with individual schools so teachers can see the board visiting their facilities at the time they are doing their work."

The idea was advanced that regular board meetings should be held in various places, but Ward said he could not see what could be accomplished by having the school board hold one session, for instance, at Avon Park High School.

The matter was dropped with no decision being made.

THE AVON PARK LIBRARY Board held a special session on Thursday afternoon, July 26, to welcome the new head Librarian, Mrs. R.D. Moore (seated center). To continue as assistant librarians will be Mrs. Billie Hise (Right) and Mrs. Fisher, shown seated above along with Mrs. Moore. This session of July 26 was a general get-acquainted meeting for everyone concerned. The Library Board and the Librarians went over

together to look at the present Library Building to share ideas on what could be done, or what should be done immediately to the existing establishment. Mrs. Moore is eager to get started and is already talking about things that she wants to do, especially for the children. She officially began as Librarian on Aug. 1. Shown standing are Mrs. Mae Langman, Mr. J.T. Landress, and Mr. Paul Gentry. (Photo by Sharpe)

Greenwood May Locate Racing Operations Here

John Greenwood, who put up money needed to help run the 1973 Grand Prix of Endurance in Highlands County and who entered three cars in the race, may locate his operation here.

In a story in the Tampa Tribune by sportswriter Bob Smith, Greenwood is quoted as saying from his headquarters in Michigan that he is not only interested in next year's race but is interested in moving his entire operation here. He currently is headquartered at Michigan International Raceway.

Greenwood said he expects to get together with Reggie Smith, the race promoter, in the next week or so to see what can be done about the 1974 race.

Roger Penske recently purchased the Michigan race plant and sent Greenwood on an immediate search for a new location.

Loy Samuels

"If we locate in Highlands County, we would establish facilities on the airport authority property somewhere," he said. "We have need of a place to do some year-round testing. We are in research and development basically and we need a test facility."

Greenwood said he saw no difficulties in financing both the relocation of his test facilities or the building of a new race course at the airport site.

"I don't consider that finances are any problem at all," he said.

The present plan, he said, is to use the pit straightaway and the back straight behind the pits. Then the course would go straight out behind the pits.

We would end up with a 3.3 or 3.5 mile course with room for grandstands that would give a view of seven or eight turns. It

would be a real spectator course."

If Greenwood goes all the way with races here, he said, he would like to have three or four races a year, including the FIA sanctioned world manufacturers race as it was under Alex Ulmann and a Can-Am race, running on a new race track.

"We would definitely like to have the manufacturers race back," he said. "It is a happening of the Sebring area. I would imagine that with that race and two or three other big races like the Can-Am would be all you would want a year."

Greenwood is interested in developing his own talents as a driver and intends to devote more of his time to driving now that he has developed a good management team to run the business end of the operation.

Population Predicted To Reach 51,000 By 1980

Population in Highlands County by 1980 will jump from 36,000 to 51,000, an increase of more than 40 per cent, engineers representing Russell and Axon of Daytona Beach told the county commissioners Tuesday.

Furthermore, the planners predicted that by 1995 the county's population will be nearly 100,000 almost double the expected 1980 figure.

Those predictions could spell disaster for county residents unless adequate plans to accommodate anticipated growth are made soon, they warned.

The engineers concluded that providing for drinking water and sewage disposal are the two main problems that have to be solved.

The commission, on questioning by the engineering representatives, agreed that the information presented coincided with what they had in mind and told Russell and Axon to proceed into the next phase of their study, detailing the supply locations of drinking water and location and methods of effluent disposal after treatment.

Water supplies in Highlands County are good now, the planners reported. But grave troubles could lay ahead if some form of water conservation program isn't instituted.

Because Highlands has such a high percentage of its land area supporting agriculture (half a million acres) a way must be found to irrigate crops with treated sewage rather than with good drinking water.

"Land spreading techniques" are known today by which treated water, having a high organic content, can be applied to crops and thereby be made to re-enter the "life cycle," the planners said. "They claimed that Manatee County, to the west, is already applying its limited supply of drinking water by using too much of it to irrigate crops."

Russell and Axon's study of county water and sewage problems is being paid for by a federal grant offered by the Farmers Home Administration and accepted last year by the county commissioners. Parts one and two of the study, accepted by the commissioners Tuesday, provide basic data concerning population growth, economic conditions, public utilities requirements, land development patterns and water resource availability.

The next phase of the study will use the basic data already developed as a basis for recommending specific actions the commissioners might take

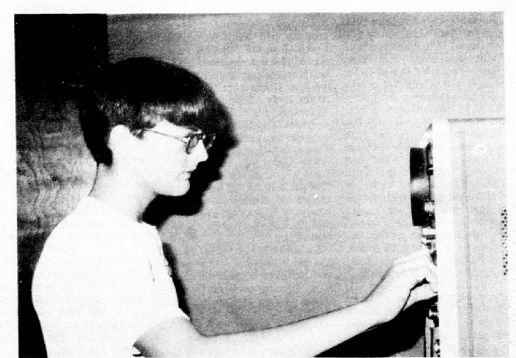

to avert future problems.

In response to a question raised by Commissioner Ken Wilkinson, the study engineers admitted that there was not much the commissioners could do to restrict or regulate water and sewage use by owners of the 145,000 residential lots

already approved for platting in the county.

How fast the county is permitted to grow is a political question to be solved by the commissioners, the planners said and warned that their study will not answer that question.

But before angry citizens descend on the commissioners to complain that their water supplies have dried up or that their septic tanks no longer work, the study results will have provided a proposal that, if followed, could avert such a tragedy, it was pointed out.

YOUNG GRANT STALLARD, an Avon Park High School youth is shown in the laboratory of Dr. W. E. Bolch, University of Florida, using a multi-channel analyzer to determine the level of radioactivity in a

piece of tree bark gathered at the controversial Crystal River Nuclear Power Plant. He is on an eight-week summer research participation scholarship funded by Florida Heart Association.

Stallard Receives Scholarship From Fla. Heart Association

Grant Stallard, a senior at Avon Park High School, was awarded one of twenty-three scholarships from Florida Heart Association and its chapters to attend the 15th Annual Summer Research Participation Program at the University of Florida, June 11 through August 4, according to Len Paul, field consultant.

The program, primarily health and medicine-oriented, is designed to give students the opportunity to observe and participate in a variety of original research projects, lectures and field trips, to present the broadest possible spectrum of available careers. Stallard is part of a class of 50 students from around the state who competed with hundreds of applicants for the honor. The Heart Association has committed \$11,300 to the program this year as part of its continuing effort to stimulate

interest in health careers.

Stallard, whose father is president of South Florida Junior College, is interested in pursuing a career which utilizes mathematics or computer technology. At the University, he was assigned to Dr. W. E. Bolch, an extremely interesting and controversial subject - measuring the radiation contamination of fish, sea life, plants and trees at the Crystal River Nuclear Power Plant, which is due to be in full operation next year. He said he had never seen anything so fool-proof in his life, which was welcome news to the writer. Through osmosis rather than actual experience, Grant Stallard has developed a more than healthy interest in science, since the opportunities for local clubs and school facilities are small. His father, a science major in college, worked on the Educational

Advisory Committee to the National Science Foundation, and Grant was frequent visitor in Washington talking to large numbers of scientists. Since there are over 200 careers in health and medicine, it may be possible, eventually via Grant Stallard over to a career which would utilize his very-needed talents.

VFW Sets Meeting Tonight At Local Bank

The Veterans of Foreign Wars, Post 7672, will meet Thursday (tonight) at 7:30 p.m. at the Avon Citrus Bank board room.

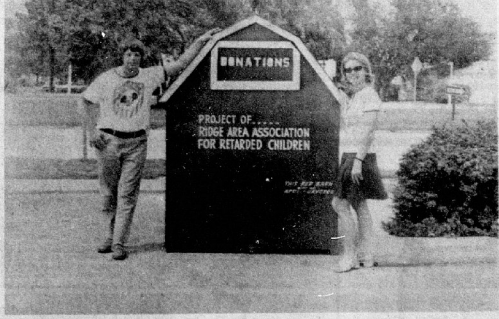

This is an organizational meeting and all interested veterans are urged to attend.

First Pick-Up Station Installed For Handicapped

The first of a number of pick-up stations for resales for the handicapped was installed at the Pantry Pride parking lot on West Main Street in Avon Park on July 28.

Donated materials to be sold at the resale store may be deposited in the drop-off barn. Identified as "the little red barn" the receiving station was constructed by Orville Warren, volunteer at Ridge Area ARC's Work Center. He was assisted in preparatory and finishing chores by clients of the Work Center.

Lumber and materials for the "little red barn" were contributed by the APJC Jaycees. Lettering was done by Bob Hollingsworth of Sebring. Installation was a joint family project of the Howard Thomas of Sebring and the G. F. Wards of Avon Park. Pictured above are Mrs. Nancy D. Thomas, executive director of Ridge Area Association for Retarded Children, and Bob Ward, client of Ridge Area ARC's Work Center. Photo by Sharpe

Man Shot In Argument

Alfred Williams, 71, was shot Saturday following an argument with Connie Thomas, 70, both of Avon Park. According to reports the two had been arguing at Christ's Parlor on south Delaney Ave. Witnesses said Williams pulled a knife and then Thomas using a .38 pistol shot Williams in the hand and chest. Thomas is charged with second degree murder. Patrolmen Bob Oberher and Earnest Brown investigated the incident.

Finlayson Ready No charges were filed as a result of a traffic accident which occurred at approximately 4 p.m. Thursday, July 26. The accident resulted when Winborn W. Finlayson, 85, of 22 N. Summit Ave., Avon Park, attempted to make a left turn from N. Summit onto West Main Street and pulled into the path of Ella Jackson Ready, 37, also of Avon Park.

Ms. Ready was travelling west on Main Street at the time of the accident. The right front of Finlayson's 1970 Chevrolet struck the left side of Ms. Ready's 1965 Chevrolet, causing approximately \$150 damage to her vehicle. Finlayson's vehicle had damage estimated at approximately \$25. No injuries were reported in the accident investigated by Patrolman Gene Hancock.

In an accident which occurred at approximately 10 a.m. Friday, July 27, a 1969 Rambler, was parked in front of the Jacaranda Hotel, and was struck by an unidentified vehicle, causing approximately \$50 damage to the left rear side. The vehicle had been parked by Mrs. May Kreigh, 2901 Woodruff Hgts. When she returned to the car she discovered the damage. Patrolman Gene Hancock investigated the accident.

Sgt. Presley Selp and Patrolman Gene Hancock investigated a minor traffic accident at Phillips Corner on East Main Street at approximately 7:35 p.m. Friday. The accident occurred when Joseph Samuels, 916 Grand Ave., Sebring was entering a parking space and struck the right door of another vehicle that had been parked, as a passenger was attempting to open the right door. Samuels 1969 Ford sustained damage of approximately \$25, while the other vehicle, belonging to James Thomas Loy, of 42 N. Tropical Ave., Avon Park, received only minor damage. No charges were filed in the accident.

Booth Kelly Booth, 20, of Avon Park, complained of injury after he hit a puddle at 4:25 p.m. July 27, 4.7 miles east of Avon Park on SR4 and slid

across the road into a parked car in the rear. Booth was taken to Walker Memorial Hospital. Trooper Sheppard charged him with speed too fast for conditions and estimated damage to the car at \$500.

Semi-Truck Owners Must Register At Tag Office

Owners of semi-trucks and semi-trailer vehicles were warned today that the manner of registering these vehicles - and the prices of the license plate have been drastically changed.

The changes apply only to trucks and trailers commonly called a semi-truck or a semi-trailer coupled together by a fifth wheel arrangement whereby part of the weight of the semi-trailer and load rests upon the truck-tractor.

Tag Agency Supervisor Jimmy Whitehouse warned the tag price of the tractor has risen as much as \$150 to \$400 and the trailer \$150 to \$10.75. Passenger car license plates have also been changed.

tag office on Route 27 South, Sebring.

The new tags just arrived July 26 and are in 10 different classifications. The new class tractor tag will be determined by the total combined gross weight of the tractor trailer and heaviest load to be carried. For example, a 10,000 pound tractor pulling a 10,000 pound trailer with a net load of 40,000 pounds would be classed as a 60,000 pound gross weight vehicle.

Said Whitehouse: "Please do not send someone to purchase your truck tags if they do not know what the gross weight of the tractor is or do not know if the trailer is coupled together by a fifth wheel arrangement." The new law does have provisions for an immediate fine plus the purchase of the higher class tag before release

Taxes Going Down

It is pretty well set that taxes overall in Highlands County will be lower this year than last—and how many counties in the state can boast of this!

For many years, this county has had a low per capita tax rate, just about the lowest in the state.

And to have taxes go DOWN in this time of inflation is mighty good news. Most of us

would have been grateful if they had just held the line! Because lines aren't being held much anywhere these days.

Again this points up that this county has good government on many fronts and our governing bodies, some of them working without pay, are very conscious of the taxpayer's shrinking pocketbook.

Second Half Of Slow Softball Season Begins

Standings remained almost the same as play moved into the second half of the schedule in the Avon Park Slow-Pitch Softball League last week. Jackson's stayed on top with a perfect 10-0 record with a 17-1 win over First Baptist. Avon Paint and Body and First Baptist remained all tied up for second place with 7-3 marks after last Monday night's play. A.P.C.I. moved into fourth place with a 6-4 record. The "Godfathers" were in fifth place with a 5-4 mark but were to play Blackman Ford last Tuesday night for the tenth game of the season. Air Force and Coca Cola both had records of four wins and six losses. Blackman Ford had a 3-6 record. Sears won its last two games to move to a 9-7 mark and Jahna Concrete remained winless with an 0-10 record.

Tonight (Thursday, Aug. 2), the "Godfathers" take on Coca Cola at 7 p.m. and Air Force plays First Baptist in the second game around 8:30 p.m. All games are played at the softball field at the corner of Anoka and Winthrop. Tomorrow night (Friday, Aug. 3), Avon Body Shop plays Jahna Concrete early and Sears plays Blackman Ford in the second game. Next Sunday night (Aug. 6), it will be Coca Cola against First Baptist at seven and Jackson vs. Air Force at 8:30. Next Tuesday night (Aug. 7), the "Godfathers" play Sears and A.P.C.I. takes on Jahna Concrete. Fans are invited out

to these games.

A.P.C.I. won both of its games last week with a 5-3 victory over Coca Cola on July 24 and an 11-3 win over Air Force last Friday night. Sears took its two wins from Air Force 7-6 on the 24th and from second place Avon Body Shop last Monday night by a score of 8-7. The "Godfathers" defeated Avon Body Shop 11-4 last Thursday night. Blackman Ford defeated Coca Cola 9-8 in a make-up game last week. Coca Cola took an 11-3 win from Jahna Concrete last Monday night to round out the action through July 30. All teams had played 10 games with the exception of Blackman Ford and the Episcopal Church "Godfathers".

Games will continue each Monday, Tuesday, Thursday and Friday nights through Sept. 4, with each of the 10 teams playing 18 games.

UNEMPLOYMENT RATE

Florida's unemployment rate held constant at 2.8 percent in June, unchanged from May and down from 3.2 percent in June 1972.

The Florida Department of Commerce (F.D.C.) said the actual number of unemployed Floridians was up 31.5 percent, reflecting the seasonal influx of students into the job market.

Actual employment in Florida declined by 10,300 jobs.

International

June 27, 1973 . . . William M. Eagles, a Richmond, Va. neurosurgeon, was elected President of Kiwanis International today at the organization's Fifty-Fifth Annual Convention in Montreal, Quebec, according to John Clark, President of the Kiwanis Club of Avon Park, Fla.

As leader of the international service organization, Dr. Eagles will be spokesman for its 272,000 members in 6,000 clubs throughout the United States, Canada, Mexico, Europe, Central and South America, the Caribbean, the Far East, and the Southwest Pacific Area. He succeeds Lorin J. Badskov, a North Webster, Ind. industrialist who held the position since Oct. 1, 1972.

of the truck, so it is wise to get the tag right the first time, said Whitehouse.

"Also remember we are going to try to give you the most courteous service we can," said Whitehouse. "But if you wait until we have long lines of people waiting to buy tags, we will have difficulty explaining the new law properly to you. Please come in as soon as possible so we can have plenty of time to help you get the proper tag."

CATTLE RUSTLING

Cattle rustlers stole fewer cattle during the first half of this year than last, but the value of the cattle stolen this year was higher, according to the Florida Department of Agriculture and Consumer Services. Thieves stole 206 head in the January-June period this year compared with 273 head during the same period last year.

Auto Tags

Tag Agency Supervisor Jimmy Whitehouse reminds again this week that Aug. 20 is the deadline to get the new orange and white vehicle tags for the coming year. Don't wait until the lines are long.

Local Scouts

Attending

Jamboree

Three Avon Park Scouts, all members of Trailblazing Troop 156, along with their scoutmaster, Larry Hooper, left Tuesday to attend the Eighth National Scout Jamboree at Moraine State Park, Butler, Penn. James Goodwin, Marc Hooper and Eddie Williams left by Trailways bus from Tampa at 6 a.m. Tuesday, along with some 40 others from the Gulf Ridge Council. Art Wiggins of Tampa, is Scoutmaster for the entire contingent, while Larry Hooper and John Bringle are serving as Assistant Scoutmasters. The Council Troop has been assigned No. 86-1 while the Jamboree is in session Aug. 3-10.

While the excitement is high awaiting the arrival in Pennsylvania, the trip enroute to the Jamboree site is a fun-filled experience for all. Tuesday evening was spent at Fort Belvoir, Va., and Wednesday morning the boys had an opportunity to attend the movies on base and bowl, along with other planned activities. Wednesday night was spent at Fort Belvoir, Va., and Thursday (today) the entire group was treated to a tour of the nation's capital, Washington, D.C. The White House, Lincoln Memorial and the Marine Memorial will always be remembered by the boys, many of whom were on their first visit to Washington.

Upon arrival at the Jamboree site the boys will join some 35,000 other boys and adult leaders from all sections of the United States and foreign countries. The weeks activities will include exhibits and competition in archery, aquatic sports, rifle and shotgun, field sports, fishing, and many other Scout oriented skills. Campfires will be held every night during the Jamboree, with all 35,000 participants attending the closing campfire. Several well known film and television stars are expected to attend at least part of the festivities.

The return trip will follow much the same route, with overnight stops at Fort Belvoir, Va., and Fort Parker, S.C. Arrival in Tampa will be

Deborah Robinson And Kim Malcolm Speak Vows In First Baptist Church

On Saturday, July 14, Miss Deborah Lynn Robinson became the bride of Kim Scott Malcolm at the First Baptist Church, Avon Park. The Rev. Aden D. Childress performed the double-ring ceremony at 8 p.m.

The bride is a daughter of Mr. and Mrs. Willis Robinson, Avon Park, and the bridegroom is a son of Mr. and Mrs. James Malcolm of Naples.

A program of nuptial music was presented by Jerrold Perkins at the organ, and Laurie Longshore, vocalist, selections included "I Believe", "In the Garden" and "The Wedding Prayer", as the bride and groom knelt at a brass profile kneeling bench decorated with a white satin bow and greenery.

The bridegroom spoke their vows before a background of palms and schefflera, accented with three white wedding urns on white Victorian columns holding arrangements of white and pink gladioli, white and yellow pompons, blue carnations and pink satin bows. A garland of greenery graced the altar. Single brass candelabras decorated with white satin bows and greenery marked the family pews.

Mr. and Mrs. Kim Scott Malcolm

Given in marriage by her father, the bride was lovely in a Chantrelle gown designed with a fitted basque bodice, featuring long cuffed bishop sleeves. An apron of lace accented the scalloped lace edge sheer ruffles of the bouffant skirt. She wore a matching crystal headpiece of lace and pearls, which held a three-tiered veil edged with imported English illusion. She carried a delicate collage bouquet of white roses, stephanotis, white daisies, starburst and dottie pompons softened with baby's breath.

Miss Thea Tomlinson was maid of honor. Bridesmaids were Miss Anne Malcolm, sister of the bridegroom, from Naples; Miss Melinda Barben and Miss Sara Nunaldi, both from Avon Park. The bridesmaids wore daisies and sheer gowns in pastel shades of pink (Thea), aqua (Anne), Nile green (Sara) and maize (Melinda). Narrow ruffling circled the neckline and formed the cap sleeves. A band of satin with streamers accented the empire waistline. The brides carried bouquets of white and yellow daisies, starburst pompons, pink miniature carnations, white dottie pompons and stephanotis accented with pink, blue, yellow and green satin streamers to match their dresses. They wore wreaths of flowers in their hair.

Flower girl was Karla Guernit, daughter of Mr. and Mrs. Fred Guernit. She wore a long gown of polyester accented with all the colors of the attendants' gowns, with pink predominating. The princess style gown featured a high neckline, puffy sleeves, and a ruffle at the hemline. She carried a white wicker basket of white and yellow daisies softened with baby's breath. Ringbearer was Clinton Collins, son of Mr. and Mrs. Charles Collins of Lake Wales. Mr. Malcolm chose for his best man his brother, Carl Malcolm, from Tangerine. Usher-groomsman were Bob Perrone and Rick Jaeger, both from Naples, and Jerry Robinson, brother of the bride from Avon Park.

For her daughter's wedding, Mrs. Robinson wore a pale turquoise gown accented with silver embroidery. She wore white accessories and a tailored corsage of white rosebuds, miniature carnations and stephanotis trimmed in ribbon to match her gown. Mrs. Malcolm wore her son's wedding formal gown of beige with accents of gold embroidery. Her accessories were beige, and she wore a tailored corsage of white rosebuds, miniature carnations and stephanotis trimmed in yellow ribbon. Immediately following the wedding ceremony, Mr. and Mrs. Robinson entertained at a reception held at the Church Social Hall. Miss Denise Carlisle from Crystal River was in charge of the guest book. The bride's cake table was draped with a floor-length cloth of white satin overlaid with pink lace. The four-tiered wedding cake centered the table and was accented with twin silver candelabras with burning tapers on either side. Behind the table was a white lattice screen ornamented with greenery. The cake was festooned with flowers and sparkled with a splashing fountain. The bottom two tiers were separated from the top two tiers by 12 inch filigree columns, between which the fountain was placed. All four tiers were draped with clusters of pink roses and lily-of-the-valley. The top was crowned with a little loving couple stealing a kiss in a dainty gazebo of lattice-work. The punch table was covered with a matching pink lace cloth from which a tasty punch was served from a silver punch bowl. Pastel colored mints and assorted nuts were served from silver compotes. A brass arbor stood behind the punch table, accented with palms and candelabras with burning tapers. The attendants' nosegays were placed on the lower. Palms and baskets of flowers completed the decorations in the reception hall. Cutting the cake were Mrs. Ray Wells and Mrs. Ophelia Rhiner; at the punch service were Mrs. Danny Willis and Mrs. Maurice Tomlinson, Wauchoa. Others assisting in the serving were Sabrina

Religious Drama Will Be Presented At First Baptist

A religious drama will be given at First Baptist Church on Sunday night, Aug. 5, starting at 7:45 p.m. The drama, written by Carl Mays and entitled, "Celebration, A Writer in Search of a Play", has as its theme the meaning of Christianity. Bruce Hunter, the writer, finds that writing such a play does not come easily. Even while thinking about it, he is caught in the crossfires of good and evil. In his dreaming, samples of church hypocrisy and religious loyalty are played within the play. Ultimately, the vibrant meaning of Christianity becomes so real that Hunter can hardly wait to finish his writing.

Film To Be

Shown At

First Baptist

A Thief in the Night, a new color film will be shown at the First Baptist Church of Avon Park on Wed., Aug. 8, 1973 at 7:45 p.m.

A Thief in the Night is a mighty motion picture about Bible prophecy. It shows what can happen when Jesus Christ returns. This exciting story centers around Patty, an average girl caught up in living for the present, with little concern about the future. What happens when this thinking finally catches up with her, provides an action-packed, unforgettable drama.

The fast moving pace includes a young man conformed by a deadly Asian cobra, a young girl's daring escape from jail, and a take-over by "The Imperium" that regards all who are not properly identified as enemies of the system.

Filed on location in Iowa, this picture portrays with devastating reality the biblical prediction, "There will be no place to hide." One does not merely view this film, he experiences it. Every thinking person will seriously consider its impact.

First Baptist Church invites all to attend this free film presentation.

are presenting this drama and those taking part are as follows: narrator, Dennis Crews; Bruce Hunter, the writer; Mark Smith; Kathy, Hunter's wife, Becky Bass; Jimmy, the son, Lee Snider; the Devil, Don Bochno; the Devil's assistant, David Methany; Black, who personifies evil, Nelda Strenth; white, who personifies good, Mike Eberley; Judy, a teenager, Patty Bass; Helen, a middle-aged housewife, Phyllis Johnson; Mildred's young daughter, Patricia Cravey; three teenage girls, Sheila Snider, Marcia Collins, and Donna Wright; a young church member, Donald Batts; choral speaking group, Gini Beth Henderson, Cindy Bass, Carol Wicker, Jackie Collins; and voices who speak to Job, John Michunas and Vic Michunas. This drama is under the direction of Mrs. Aden D. Childress, and all those who enjoy worship presented through drama are invited to attend.

Oft-Bishop Wedding Will Be August 22

Mr. and Mrs. Mel Off of Highlands Lakes announce the engagement of their daughter, Krystal Lyn, to Charles E. Bishop Jr. of Asheville, N.C., son of Mrs. Joan Bishop of Fletcher, N.C., and Mr. Charles Bishop of Jacksonville. The bride-to-be and her

LATEST ADDITION to the ever-growing shops along our Mall is the new and larger home of THE MUSHROOM, which opened last Monday morning at 121 W. Main St., just one door west of their former location. The new store—almost double the size of their former location—is lovely and inviting, with

a delightful tropical decor. Pictured here are Mrs. Sidney Faust (far right), owner of the boutique, and Mrs. Sherron Faust, her daughter-in-law, (behind counter), and Gayle Runner, daughter of Mrs. Faust and manager of the establishment. - Photo by Sharpe

Couple Weds In Brooksville Church

On Friday, July 20, Barbara Jean Bigbie Preston and William Murray Lineberger IV, were united in marriage at the First Baptist Church in Brooksville. The Rev. James T. Mashburn performed the double ring ceremony at 7 p.m.

The bride's only attendant was her mother, Mrs. G.T. Bigbie of Avon Park. Mr. Lineberger chose John E. Simmons for his best man.

The bridal couple will reside in Brooksville.

Called To Rest

Mandis

Mrs. Margaret Mandis, age 82, passed away Tuesday, Aug. 21, at the Winter Haven Hospital in Winter Haven.

Mrs. Mandis was the widow of Demos Mandis, a pioneer dairyman in Avon Park. She was a long time resident of Highlands County, coming here in 1923 from Chicago, Ill. She was a member of the Episcopal Church of the Redeemer, American Legion Auxiliary, the 8 and 40, the D.A.R., and O.E.S.

She is survived by one daughter, Margaret (Peggy) Carabris, Trumbull, Conn.; one son, Mr. and Mrs. Phillip Boardman, Avon Park; one daughter-in-law, Rebecca Mandis, Avon Park; and seven grandchildren: Margaret, Priscilla, Elizabeth Carabris, and John Carabris Jr., Trumbull, Conn.; Mrs. Ann M. Barker, Tampa; Robert Boardman, Avon Park; and Mrs. Phyllis Williams and daughter, a great-grandchild, Avon Park.

Funeral services will be held today, Thursday, Aug. 23, at 10:30 a.m., at the Episcopal Church of the Redeemer, Avon Park, with Father Frank Cleveland officiating. She will be laid to rest in Bougainville Cemetery, Avon Park.

Stephenson-Smith Funeral Home in charge of arrangements.

Ritchie

Mr. James F. Ritchie, age 67, of 102 Southland Court, passed away Monday, July 30, at an Avon Park Hospital.

Born in Erie, Pa., Mr. Ritchie has been a resident here for the past four years, moving here from Alexandria, Va. He was retired from the Washington and Old Dominion Railroad Co., where he was a freight agent. Since coming to Avon Park, Mr. and Mrs. Ritchie have conducted many tours and cruises. He was a member of the Christian Science Society.

Survivors include his widow, Mrs. Waretta Ritchie; two sons, Howard L. and Lawrence F. Ritchie, and four grandchildren, all of Fort Myers.

Funeral services were held Wednesday, Aug. 1, at 10 a.m. in the Avon Park Chapel, with Miss Evelyn Holman, Reader, officiating. Interment was in Lee Memorial Park, Lehigh Acres. Avon Park Chapel in charge of arrangements.

Grose

Mrs. Shirley Ruth Grose, 48, passed away Thursday, July 26, around 4:30 p.m., a victim of drowning while swimming in Lake Verona.

Mrs. Grose was a Catholic, coming here from Oshkosh, Wis., about three months ago with her husband Willard Grose.

She is survived by her husband, Willard, Avon Park; daughter, Charlotte Tyson, Oshkosh, Wis.; two sons, Gary R. Grose, Adak, Alaska; and Edward G. Grose, Oshkosh, Wis.; four grandchildren; mother, Mrs. Leona Brisco, Oshkosh; three brothers, Doane, Thomas and James of Wisconsin; two sisters, Joyce Nett and Bernice Frost, all of Wisconsin.

Funeral services were held from the Konrad Funeral Home, Oshkosh, with burial in Lakeview Memorial, Catholic Section, Oshkosh, Wis.

Food for Thought

By Jane Nickerson

The sign said, "Boiled peanuts." The children said, "Stop the car." The parents said, "Gladly." Everyone joyously fell to breaking shells, munching kernels. Were they eating a food or indulging an addiction? "You have to be born to them," Keith Pettoway told me. "You taste them the first time as an adult and you push them away. But when you're raised up on them, as I was, you're hooked from the age of 2."

Boiled peanuts are green peanuts, picked a month before maturity, dumped in generously salted water and simmered till tender. The result is blah to a Yankee, but wetish, soft, zesty and irresistible to one bred in or near peanut country. Whoever said willpower was the ability to eat a single peanut was thinking, of course, of boiled peanuts.

Pettoway directs a peanut-processing plant in Williston in Levy County, which, along with Marion, Alachua, Gilchrist, Jefferson and Suwannee Counties, forms the state's major peanut-growing area. You go to Pettoway's plant to learn what a green peanut is not. Despite his addiction, "he finds them too specialized to handle."

Need I interrupt here to say a peanut of any kind is not a tree nut? Rather it's a highly nutritious vegetable, rich in protein, belonging to the legume family and another gift of the Indians to the white man. Peanuts, which originated in what is now Peru, are indeed pea like. But the delicate stalks bearing tiny yellow flowers turn downward rather than up when the blossom dies, penetrate the soil and develop pods underground.

Like many fresh vegetables, peanuts are high in moisture when picked. Pettoway explained, so trailers leaving the fields, each holding about four tons, stop first at his drying plant. Blowers remove all but 8 percent of the moisture. Then on to a second plant, where cleaning and sometimes roasting follow. Harvesting starts the end of month (August) and lasts about five weeks.

But green peanuts, a sliver of the total crop, are never dried and roasted. J.L. McMullen emphasized. We've moved now from Williston 65 miles north to Live Oak, where McMullen heads the only company in the state to boil and can the delicacy.

Live Oak, the seat of Suwannee County, is a country town settled before the Civil War, off the tourist track. The State Division of Archives and History calls its City Hall, built in 1906, "architecturally outstanding and expressive of its time." So is the old Bath House at White Spring, 12 miles away.

McMullen grew up near there a half-century ago, worked in the tobacco fields for \$2.25 a day, became Clerk of the Circuit Court at 22 and the youngest county official in the nation, and a dozen years afterwards entered the food business with a freezer-locker plant.

Later he canned cream peas, another regional delicacy, also called conch peas. He'd been interested in food since boyhood when he won a 4-H Club prize for corn he'd grown.

McMullen has served as state president of the Jaycees, is treasurer of the Florida Sheriff Boys Ranch and three years ago ran for Secretary of State. More relevant to this column are the 1,700 billion green peanuts his company has handled since it started canning them eight years ago. There are less than a half dozen green peanut canners in the

nation, he told me.

"Once those young, tender, immature peanuts are dug," McMullen explained, as we sat in his office nibbling the boiled product, "they start to lose moisture and flavor. You can hold them raw for a week or two under refrigeration and after boiling you can keep them a short interval. But they're seasonal, available fresh only around the harvest."

"Fresh boiled peanuts at other seasons are something to question. Some one may have taken raw peanuts that had been dried but not roasted, soaked them in water to try to restore the moisture and then cooked them. You can tell the difference."

Without question you can. The flavor is not pleasing, the texture not so mealy and the kernels not so large. The kernels in green, boiled peanuts are so plump, because they haven't been dried, that they just about touch the shell. No machine has been developed that can remove that snug shell successfully, which is why you find them in cans still in their pods.

McMullen has 150 to 200 acres of peanuts under contract within a 12-mile radius of Live Oak, about half of which are planted in Florapspan, a delicious new variety developed by the University of Florida. He likes to can them the day they are dug. The brine in which they're tinned is highly salty—a 200 grain salt tablet to about five ounces of water. So those on salt-free diets had better munch carrot sticks.

Mabel C. Dorsey, an extension home economics agent in Alachua County, told me that when she boils green peanuts she covers them with water and then "I just start pouring the salt." She uses about a fourth-cup to a pound, lets the unshelled peanuts simmer 50 minutes, drains and refrigerates them. To freeze, you simply dry the pods and package in moisture-vapor-proof material.

What's more inviting with the season's boiled peanuts than a cool drink? It quenches the thirst they create and then you're ready for just one more peanut, possibly two or three, four at the most. High in calories? I'll leave that gloomy question till tomorrow when I'm going on a diet anyway.

VERY DRESSY ICED TEA

1 cup freshly boiling water
1 tablespoon loose tea
½ cup sugar

1 cup cold water
1 cup fresh orange juice
1 cup unswetened, canned pineapple juice
½ cup fresh lime juice
1 cup gingerale
1 cup carbonated water
Fresh lime slices

1. Pour boiling water over tea in any non-metal container. Steep five minutes. Strain, add sugar and stir till dissolved. Add the cold water, orange, pineapple and lime juices. Chill.

2. At serving time, add the gingerale and carbonated water, which should be freshly opened. Pour over ice cubes in tall glasses. For tippers, add about an ounce of light rum per serving. Garnish with lime slices.

Yield: 6 eight-ounce servings.
For clear ice cubes, boil water before freezing it.

83 Year Old Grandmother Carves Figures Of Birds

BY ELOISE SHARPE

This grandmother, Mrs. Mae B. Morris, age 83, of Avon Park, doesn't have time to be lonely. If she does, she just starts to whittling, and turns out a magnificent bird, a hobby which has brought her endless enjoyment. She has been interested in nature and birds since early childhood, but carved her first bird, a Cardinal, three years ago, at the age of 80. This fascinating hobby occupies much of her time, and she has numerous specimens all over her home, which speaks well of her activities.

Mrs. Morris has just recently completed a collection of all the state birds, including the American Eagle, the National Bird. Her collection of 30 birds, include all the fifty states and our national bird, which is designed and was made by her son-in-law, George Sheppard. The reason for only 29 birds, is that several states have the same state bird. The birds are coded according to the state they represent, and the type they are.

Mrs. Morris' work has recently been on display at the Garden and Flower Show in Chicago at the McCormick Place, which 740,000 people went through in 1970. One of her Meadow Larks is on permanent display at the National Carver's Museum in Monument, Colo.

The Cardinal had the distinction of being the first bird made by Mrs. Morris because it is the state bird of Illinois where she was born. The birds were all over their yard, being regular visitors there, because the yard was landscaped with special shrubs that would attract them. She saw a piece of wood in (Dorothy's) her daughter's yard while visiting there three years ago—picked it up and started whittling—and has been doing it ever since. Her goal was to make all the state birds.

Mrs. Morris designs and makes all her templates. The birds are whittled from Balsawood, the lightest of commercial woods, which comes from the Rain Forest of Peru, S.A. She has special sets of knives and miniature saws, which she sharpens herself. She said she works with very sharp tools, I asked if she ever cut herself, and she said, "Heavens, yes." Mrs. Morris is probably the only grandmother, who practices such unusual things like Stanley tools and clamps for birthday presents.

After carving the bird out of the Balsawood, she makes the feet, legs and claws out of four different wires, and then finishes them by winding with fine wire. A coat of white paint is put on the carved bird, for highlights, then she finishes with acrylic paints to make each bird true to his own colors.

When I asked this energetic lady, who doesn't look or act her 83 years, what time she works best, she replied, "If you like to do something, time means nothing to anyone." She said she gets so engrossed in her work, that sometimes she forgets when it's time to eat, and also what time of day it is. She also stated "more people need to get busy and forget about themselves and do unto others as they would have them do unto you."

This hobby has brought enjoyment to Mrs. Morris in so many different ways, including health-wise, the strengthening and exercise of her hands, and a growing knowledge of our feathered friends. She has so much love and respect for birds, and she believes more people would have appreciation of them if they knew the part they play in the Ecology of this day. They eat worms and their eggs, tree lice, and borers in the trees. One bird that is a permanent Florida bird and never leaves the state, is the Scrub Jay, and the Flicker eats 5,000 ants in a single meal, while the tiny Wren has been checked at eating 500 insects a day.

This silver haired lady with blue-green eyes, which change with each color she wears, still walks downtown twice on some days. Her philosophy in life seems to be what I read on a plaque as I entered her home: "If you intend to be happy, do not be so foolish as to wait for a just cause."

When I asked Mrs. Morris what her plans are, now that she has reached her goal of carving all the state birds and the national bird, she said, "I can go on endlessly, there are thousands of species."

We all thrill to a... FAMILIAR TUNE

It is so soothing, comforting, and pleasing to listen to our favorite tunes when played by capable artists. These tunes can make our minds wander back to pleasant memories of days gone by, and also awake us to new joys. Each Sunday we have the opportunity to be thrilled by the preaching of God's word, and the story of God's great love for us. Attend church Sunday and enjoy worshipping God with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

LICENSEESHow Big Is
BIG MONEY?

To some people it is making \$1,000 a Month. To others \$5,000 a Month, right in their own home town. - We have both kinds.

So it's Opportunity if you qualify for the **STROUT** Team. Not everybody does. But ask yourself if you are ready for your real estate license to start bringing you Important Money. Ask too, do you really Like People? And do you have Common Sense?

If yes, then ask for information on the "People-Business." It's mailed without obligation. Could be the start to Something Big... with the World's Largest.

\$550,000 Addition Approved for College

Two new buildings on the campus of South Florida Junior College shortly will get under construction.

The board of trustees of the college opened bids Aug. 2 on the buildings, part of Phase II of the college construction program and Ellis Construction Co. of Tampa was low at \$550,000.

One of the new structures will house the electronics and refrigeration-air conditioning programs which will occupy the building to be erected north of the present auto mechanics laboratory.

The health related and home economics programs will occupy the building to be constructed east of the cosmetology unit.

The electronics and refrigeration-air conditioning facility will be completely equipped with the most modern equipment available and will permit a substantial expansion of the present program. The building currently occupied by these two programs will be refurbished and converted into space for a soon-to-be instituted program in the building trades.

The home economics building will provide facilities for a modern clothing construction laboratory, a child day-care laboratory, and a laboratory for a licensed practical nursing program. The new facilities are expected to be completed by the beginning of the 1974-75 school year.

Preliminary plans are being developed for a fine arts center for the college parallel program. This center would include a small multi-purpose auditorium, facilities for art, ceramics, and music and perhaps several classrooms. A physical education center will also be developed as time and finances permit.

While most colleges across the nation are undergoing a readjustment brought about by declining enrollment and, though fall enrollment figures are uncertain, South Florida Junior College had the largest Term II of Summer School in its history.

Declared Dr. William Stallard, president: "We hope for, and expect, a good enrollment for fall and urge all prospective students, who have not done so, to file immediate applications."

Increased Cattle Rustling Prompts Board To Okay Additional Sheriff's Deputy

The rising cost of beef is producing a higher rate of cattle thefts in the county, Sheriff O. L. Raulerson Jr. told the county commissioners Tuesday.

Some rustlers are even using air boats to haul off stolen cattle, the Sheriff reported.

Supported by Sanford Harit, chairman of the theft committee of Highlands County Cattlemen's Association, Raulerson asked the commissioners to amend their fiscal year 1973-74 budget to provide money to hire a special deputy whose job it would be to protect county agriculture interests.

In addition to cattle rustling, the Sheriff cited slaughter of calves in the field, theft of gasoline and tires and willful destruction of farm property as reasons for hiring a special agriculture investigator.

"There's no way for a regular patrol deputy to do the job," Raulerson said. The special investigator will have to be familiar with procedures used by county cattlemen, farmers and citrus growers so he can spot likely trouble areas, Raulerson said.

The commissioners, determined to fight what appears to be a growing threat, promised to supplement the Sheriff's budget by \$10,000 if he should need it and approved his hiring the special deputy for agriculture as soon as possible.

They also agreed to increase the Sheriff's salary according to a formula based on county population, as required by a recently passed state law.

Both of the above requests by the Sheriff were accommodated by item-to-item transfers within the new county budget.

Adopt budget
Without opposition by county residents, the commissioners adopted the \$1,604,999.21 operating budget which represents a tax levy during fiscal year 1973-74 of 5.436 mills, the same as last year.

In other actions, the commissioners (Melville Bass, Dist. 1, absent):
—Approved a resolution setting aside the period August 12-13 as Highlands County Civil Defense Week and agreed to participate in a simulated emergency exercise to be conducted Aug. 14.

—Heard Jack Dugan and Melvin Beane, both of Avon Park, complain that their licensed dogs were picked up by the county impounding officer while unlicensed, stray dogs were not. Dugan and Beane were informed by Commissioner Robert Skipper that a telephone complaint had been registered against their pets resulting in their being

taken to the humane society's pound.
—Approved issuance of gun permits to three Kaufman & Bond, Inc., employees who will be acting as security officers

guarding company property located at the Sebring airport.

—Approved construction of a shell and marl road to serve 14 families located on presently impassable Lake Road.

Lorida.
—Instructed the county engineer to have two loads of shell delivered to Cypress Drive off Boatramp Road.

—Asked D. P. Jones to seek board of adjustment assistance in issuing an emergency permit to B. W. Bateman whose residence on Fairmont Drive was destroyed by fire.

The permit will permit Bateman to live in a trailer in Avon Park until the board of adjustment can hear his request for a waiver of zoning restrictions.

—Postponed until next month action on Sebring Mayor Eugene Saul's request that a 35 mph speed limit be established for that section of northwest Lakeview Drive known as SR-434.

—Adopted a resolution approving refunding of certificates of indebtedness in the amount of \$1,240,000 as agreed to previously at their June 19 meeting with Arch W. Roberts & Co. of Gainesville.

—Received notification that the Department of Pollution Control will conduct a hearing Aug. 13 in Tallahassee to review its special examiner's report on open burning complaints at the Avon Park dump.

The examiner will present a solution he agreed to at an earlier meeting. Chairman Robert Skipper ruled that no one will be needed in Tallahassee to represent the county's interests.

—Issued an invitation to members of the school board to meet with him on Aug. 14 to discuss the school board's desire to use county property adjacent to the Agri-Civic Center.

—Instructed Administrative Assistant Charles Cullens to meet with the county agent to discuss incentives needed to retain the services of the home extension agent.

William James McRay, age 62, was charged with leaving the scene of an accident and no valid driver's license as the result of an accident reported to Police at 3:30 p.m. Monday, July 30.

McRay was traveling south on Carolina Ave. and while making a right turn onto E. 4th st., struck a vehicle being driven by Richard Lee McAdams, age 44, of Winter Haven. McAdams' '72 Oldsmobile sustained damage estimated at \$175. No damage was reported to McRay's '64 Chrysler. Patrolman Archie Hancock arrested McRay at his residence and made the charges.

David Louis Smith, age 30, 960 W. Pleasant St., was taken to Walker Memorial for treatment of possible injuries sustained in a traffic accident Tuesday evening, July 31. (Please turn to page two)

nothing was missing. It is believed that same person (s) entered both buildings.

Vernon Lanier reported to Police that person (s) unknown had taken a tape-player radio from a car that had been parked near the railroad depot the night of July 14. The car had been parked by George Heatherly, and when he returned to the car he discovered the tape-player, valued at \$109, to be missing.

Patrolman George Champant is investigating the incident. Waters - Turner

In a two-car accident Tuesday, July 31, Lee Roy Waters, 210 DeSoto Ave., sustained damage to the rear of the car at the intersection of W. Main and S. Florida Ave. The accident occurred in a heavy rain when Waters, driving a '67 Chevrolet, struck the rear of a truck belonging to Turner Furniture Co. The '67 Ford truck, which was parked at the time of the accident, sustained damage to the left rear estimated at \$450. Patrolman LeRoy Prevatt estimated damage to Waters' vehicle at \$500.

Johnston Dorsey In an accident which occurred at approximately 7:40 a.m. Wednesday, Aug. 1, Emily M. Dorsey's vehicle sustained damage estimated at \$450, while Richard Henry Johnston's Chevrolet truck received minor damage estimated at \$25. The accident occurred when Johnston attempted to make a left turn from the southbound lane on Hwy. 27 onto W. Bell St. and struck the Dorsey car which was northbound on 27. No injuries were reported in the accident which was investigated by Patrolman Gene Hancock and LeRoy Prevatt.

Outstanding Airman At Bombing Range Selected

The Merchants Committee of the Avon Park Chamber of Commerce honored Sgt. Waymon Ward of the Avon Park Air Force Range, who was selected as "Outstanding Airman" for this quarter, by presenting him with \$25 in trade at the Chamber Merchant Member of his choice.

Sgt. Ward is from Manchester, Tenn., and has been in the Air Force since July 1971. He is a qualified Automatic Tracking Radar Repairman and presently performs duty in the Maintenance Control Division. In addition to his

other accomplishments he plays lead guitar for a three-man combo called "Faz Americana".
