The Children and the Teachers, Wilma Smith and Martha Wester, cordially invite the public to attend.

Five Week Summer Program Approved

The summer enrichment program for Highlands County students will run five instead of six weeks this year, starting June 25, and there will be more academic and remedial programs than last year.

The program was approved Thursday by Highlands County School Board. But not before at least one member had assurance that it will be an

improvement over last year. "There has been criticism from parents it is nothing more than a baby-sitting service," said Board Member Ruth Davis. "I do not know whether the criticism is valid. I want it to offer enough to warrant taking a person's time."

Told that there will be changes, she said that "I am glad we are beefing it up with

\$3.5 Million Set For Sewer

The Avon Park City Council were advised at their regular meeting Monday night by city engineers Emory Dawkins and Bill Simpson of Dawkins and Associates that the Farmer's Home Administration has temporarily set aside sufficient funds for the \$3.5 million sewer program.

Dawkins said they must present an up-date report to FHA by May 18, and to borrow the funds at five per cent interest the city must have letters from two area banks declining to make the loan.

Simpson said the estimated cost of the project was now \$3.4 million but it was better to ask

for the \$3.5 million because construction cost continue to rise at the rate of one per cent per month. The value in obtaining the funds would probably offset the difference. Dawkins' study showed that the proposed program could be financed with the minimum rate of \$10 per month charge covering both water and sewer. The water portion of the project amounts to \$400,000, sewer pipes \$2.9 million and a treatment plant \$29,000.

Building Permits
City building inspector, C.W. Ellerbe told the council that \$259,000 in building permits were issued in April. With his

Water Project Amounts To \$400,000

report Ellerbe filed a letter requesting that members of the council make an on site inspection of a number of condemned properties.

Such an inspection, said Ellerbe would avoid any controversy on which buildings to condemn. A group of property owners were present

to support the move to eliminate the condemned buildings. Elder C.M. Fogle, spokesman for the group asked for prompt action by the council. He cited the group's desire to up grade the area and pointed out the health hazards involved, since the buildings are breeding ground for rats and roaches.

Other Action

Council agreed to sell the golf course equipment to Highlands Country Club for the appraised price of \$5,050 with an eighth down payment and quarterly payments over a two year period at six per cent interest. Ricky Dressel represented the country club at the meeting.

Accepted to pay \$25 monthly salary bonus to all firemen who had completed their approved training and been certified by the state. The pay will be retroactive to April 1.

Accepted bid of \$1200 net cost after trade-in from Clear Communication, Inc. for a radio base station at city hall. Councilman Bob Woodruff explained the specifications on the radio bid. He had overlooked the remote unit at city hall and suggested the city get away from using telephone lines for transmission by installing a limited power base station. Woodruff pointed out that the unit from Clear Com. was all solid state while bids called for a combination of solid state and tubes. Company representatives said the unit was backed up with a one-year warranty.

Accepted the resignations of Alton Elder and George Hayne from the zoning board after Councilman King reported that the state law provides for a five man board and the city has seven.

Instructed attorney Jack Hancock to file a formal response with the Florida Department of Pollution Control requesting a conference after receiving notice of violation for burning at the city dump. Then the council agreed to advertise for bids on a bulldozer to be used at the dump for land fill.

Agreed to participate in the summer work program for 15 underprivileged youths.

Agreed to transfer Totsie Haywood full time to the police department and to create a position of secretary and to authorize the bookkeeper as deputy clerk to sign city checks in the absence or disability of the city clerk.

Approved the use of Head Field for the Sebring-Avon Park Junior Baseball team.

Board Delays Action On Teachers Salaries

Because of pending legislation, affecting the money Highlands and other counties' schools will receive from the state, the problem of teacher salaries may have to wait.

"I am hesitant to enter into discussions about salaries until I know what the bill is going to be," Superintendent of Schools George Douglass told Highlands County School Board Thursday night.

He added that under the new funding, there is a "very dismal picture" for Highlands County and "it would be close to a miracle if we get the help we need from the state."

Under the legislation, big counties would be favored over small counties because of a new formula for paying per student. Money, under one version of the bill, actually would be deducted from what this county would receive because the cost of living is lower here than in many counties, and for instance is 26 per cent below Dade.

Douglass advised that if the cost of living provision is included that the board should consider going to court to test the validity of the new law.

Another financial problem came to light when bids were taken on LP gas. Garland Boggus reported that every LP gas firm in the county had been invited to bid but only Coker Fuel, which has the present contract, responded.

When the bid was opened it was for 90 days only instead of one or two years and was for 26 cents per gallon. This contract would run to Nov. 15. The old contract gallon price was 17.9 cents per gallon.

Boggus received permission to seek bids on typewriters and adding machines, mop and rug service and paint supplies for the maintenance department.

On suggestion of Board Member Ruth Davis, the board will have a special meeting May 25. Noting that "I just wanted to voice my discontent," Mrs. Davis said she would like a policy review session.

"I have made notes on policies I do not understand," said Mrs. Davis, member only a few months. "Others will have a special meeting, I believe some policies need to be clarified or updated."

One of the policies she questioned, she said, is the "concept of an assistant superintendent."

Ferrell Smith was appointed to the position last month. Superintendent Douglass explained later that Smith will continue in his present duties

as curriculum supervisor, but also will be responsible for negotiating with teachers.

Mrs. Davis had said she felt the position should be defined before the appointment was made.

In other actions, the board—Heard that vandals on April 16 broke into Avon Park Middle School, destroying the Coke machine, attempting unsuccessfully on the safe and wrecking doors and safe handles; that also on April 16 they entered Fred Wild school in Sebring, breaking windows, and took two radios belonging to teachers and three flags belonging to the school.

Approved out-of-county bus use for Avon Park, Sebring and Lake Placid senior trips to Disney World; earn and learn class, Sebring Middle School, Disney World, May 19; Avon Park Middle School, eighth grade, Disney World, May 26.

The group enjoyed a barbecue, phone stories, dinner, music was provided by the Avon Park High School Stage Band.

Mayor Robert Barben, of Avon Park, welcomed the guests and introduced the speaker, Jerry Thomas, former president of the Florida Senate.

The guests included Mrs. Thomas, Gordon Gaster, West Palm Beach, Robert Skipper, Chairman of County Commissioners, Commissioner and Mrs. Buddy Wise, Commissioner and Mrs. Jug Heston, County Administrator and Mrs. Charles Cullens, County Engineer and Mrs. Gordon Hays, Tax Assessor and Mrs. Billy Martin.

Elected officers for the coming year are Carl Cuthbert, city manager of Lake Wales, president and Nettie Draughon, acting city manager of Plant City as secretary-treasurer.

Highlands County Golf Tourney May 25, 26, 27

The Fourth Annual Highlands County Golf Tournament will be held May 25, 26 and 27 at Pinecrest Country Club, Avon Park. The tournament is sponsored by Touchton Drugs.

The 34 hole tournament will be played each day with shotgun starts at 9 a.m. and 2 p.m. 170 golfers from Avon Park, Sebring, Lake Placid, Frostproof, and Wauchula have signed up to play.

Trophies will be awarded Sunday, May 27 after the final.

A special feature of the tournament this year will be the Paul Bumann Show, sponsored by the Spalding Company, to be held Friday, May 25 at 6:30 p.m.

Bumann is a trick shot artist known as the "Crown Prince of Golf."

The public is invited to see the show free of charge and also to watch the golf tournament each day.

Dial-A-Friend Will Be Open To Business

Dial-A-Friend, Inc., the recently formed Highlands County "rap line" will be opening its doors for business according to Bill Fine, chairman of this new community service, on Friday evening, May 18, starting at 7 p.m.

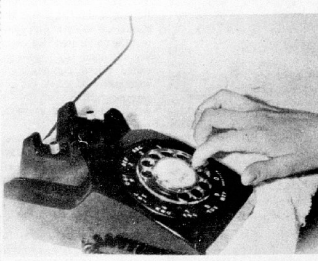

At the monthly corporation meeting Tuesday, Fine announced that the phone lines will then be in service with trained personnel on duty to answer crisis calls, make referrals to sources of help or just listen to anyone who may have a problem.

This infant corporation, born by five youths and nurtured by concerned adults, children of all ages and a large donation by the Highlands County Sertoma Club has hopes of filling a vacuum in the community by offering a toll-free calling service to all persons in the county who may need information on problems relating to drugs, abortions, child abuse, alcoholism, birth control, etc., as well as suicide prevention.

Dial-A-Friend, Inc. is unique, Fine stressed, in that it is the only "hot-line" of its type in the state that is wholly supported by donations and volunteers rather than by government money and paid personnel. Gordon MacCalla, who is in charge of recruiting and training, stated that only one out of three volunteers have passed the rigorous screening and testing required by all who will actually man the phones. Anonymous by necessity, these volunteers are required by law to have completed 20 hours of training before they are certified in the program.

To be eligible, one must be at least 16 years old and successfully pass the aptitude test. Those interested in joining this effort should contact Fine or MacCalla at Dial-A-Friend headquarters. The toll-free numbers for Lake Placid, Sebring and Avon Park are 453-3342, 385-1397 and 453-3306, respectively.

Dial-A-Friend lines will be open for calls from 7 to 11 p.m. Sunday through Thursday, and from 7 p.m. to 1 a.m. on Friday and Saturday nights.

New Program Will Aid Children

With Visual Disabilities

Children with visual disabilities in Highlands County will get special attention this coming year under a new program for exceptional children.

Highlands County School Board Thursday night approved participation with Hardee and DeSoto counties this next school year, with a "reasonable cost" to be borne by the county. "The price was not specified."

Request for participation was made by Jean Moore, Highlands County coordinator of special education, who said the program will mean very little in cost since the state government funds much of it.

Another new program for the exceptional child is one for those with specific learning disabilities, with Highlands, Jackson and Putnam cooperating, Mrs. Moore said.

Total project cost will be \$231,870 and is funded by the United States Office of Education. There will be educational assessment and diagnosis for each student.

In a program for the socially maladjusted, a teacher will be hired to teach a half day at the Youth Care home for students adjudicated by the courts and will work the other half day with students suspended from school for serious offenses.

Another project to train teachers for work with exceptional children, funded at \$74,000 for the next year for Highlands, Polk and Pasco Counties, is directed toward mentally retarded and learning disabled children in Highlands County. A program will be developed for parental involvement.

Four Players Named To All-Conference

Four Avon Park Red Devil baseball players were chosen for the 18 player All-Conference honor squad at a meeting of the Tri-County Conference last Monday night. Seniors Tim Underwood, Leon McRae, and Tony Williams and junior Nate Williams were picked from Avon Park for the honor.

Santa Fe had five representatives on the all-conference team. Chosen from the team that won the conference title this year were John Taylor, Bobby McQueen, Stuart Hicks, Charlie Delatorre and Ernie Delatorre.

Others chosen for the honor were Mike Nobles, Randy Wilson, and Keith McCarter from Frostproof; Lindsey Aycock and Joe Nelson of Fort Meade; David Bailey and Rodney Peeples of Zephyrhills; Ronald Hardee of Mulberry; and Keith Ketch of Lake Placid.

Special Tags Will Resume This Month

This is the month the Highlands County tag office will resume those special tag numbers for an extra \$1 charge above the license cost.

"We sell about 1,500 of these tags a year," said Tag Agency Supervisor Jimmy Whitehouse. He added that a total of about 35,000 car and truck license tags are sold yearly in the county.

Judging from licenses sold here, there currently are 4,596 mobile homes and recreational vehicles in the county. A total of 2,630 MH, which are regular mobile tags; 867 recreational vehicle, RV tags; and 1,099 RP, which are real property tags and the vehicles are carried on the tax rolls.

Board Approves Zoning

During a Public Hearing held May 15 the Board of County Commissioners approved the following requests for rezoning:

—Clifton E. Crews Jr., property located east of Highway 27, south of the Avon Park city line, rezoned from agricultural to multiple family residential, motel-hotel-apartment.

—Arthur R. Knust, property located at Fairmont Drive and Grand Prix Drive, rezoned from single family residential and general use to multiple family residential, motel-hotel-apartment.

—Highlands County Land and Title Co., property located north of Henscratch Road in Leisure Lakes subdivision, rezoned from single family residential to general retail and general retail and wholesale, heavy equipment.

No one appeared before the commissioners to oppose the above rezoning applications. The three requests had been approved previously by the county's Planning and Zoning Commission.

Congratulations to head umpire Richard Powers who has been congratulated on the "excellent job in conducting clinics and organizing a charter umpire group at A.P.C.I." This letter of commendation came from Mr. Larry Davis, president of the National Baseball Congress in Wichita, Kansas. Mr. Davis also invited Mr. Powers to umpire at the National Tournament in Wichita in August.

Also our apologies to Frank Brown. Frank hit a homerun for First Baptist on the opening day of play and it was mistakenly given to Billy Nalker.

When we envy others, it is the result of their labors we envy, not the sweat and heartaches and headaches it took to get these results.

THE AVON ELEMENTARY P.T.A. will hold its final meeting for the 1972-73 school year on Thursday, May 17, at 8 p.m. in the school cafeteria. Mrs. Brooks' and Mrs.

Metheny's second grade children will present a program about Florida. Everyone is invited to attend. Photo by Sharpe.

Former Residents Will Live In Jordan For One Year

Former Avon Park residents, James and Mildred Runkle left January 12, from Ives Court, St. James, to spend approximately one year in Amman, Jordan. Mr. Runkle, manager of the Mid-east and African area for Teleconalt, Inc. of Washington, D.C., will be employed by the Royal Hashemite Kingdom of Jordan.

Mr. Runkle, assisted by 2, third Country Nationals, will re-organize the government owned telephone system, into a service and profit oriented

By tradition, The Hashemite Kingdom, was founded by Hussein ibn Ali, King of Hejaz, a descendant of Mohammed. The Hashemite family has been traditional custodians of the sacred Mohammedan Shrine, The Kaaba, at Mecca.

The Runkles were exhilarated to be visiting a place they had studied about most of their life. They

said, "Amman, the land of Moab (read Numbers) is very mountainous, North and West of them, with a desert in one direction toward Saudi Arabia." Amman is a Modern City, but the Bedouins are primitive people, who live in sheep-skin tents and still have the camel caravans. The Runkles have visited many interesting places, being near Jericho and the Jordan River, and about 30 miles from the Dead Sea.

If the Middle East situation is settled by the time the Runkles leave for home, they plan to drive back through Turkey, Greece, Italy, and France. En route over, the Runkles spent a week in Madrid, Spain, celebrating their 30th. Wedding Anniversary, before flying on to the Middle-east.

Mr. and Mrs. Runkle said they had just received the news, of their Son, Jim, being accepted with the Florida Highway Patrol. They plan to be back in Fort Myers by next Winter.

Accident Claims

Life Of

Young Child

The life of 21-month-old Darrien Lamar Fleming was taken early Friday afternoon, May 11, as he was struck by a delivery truck not far from his home.

Avon Park Police Chief Ferland Cribb investigated the accident and charged the operator of the vehicle for improper backing.

According to his report Robert Charles Rowland of Lakeland had parked on East Metcalfe Drive, a clay road, to make a delivery to the local tavern located there. When he finished, he began backing his truck onto South Verona Avenue, just as the child began to cross the street. Unable to see the child, Rowland struck him down and ran over him with the left inside rear tires of the vehicle.

Cribb estimated the truck was traveling only five miles per hour at the time of the accident.

Fleming, the son of Thelma Lee Griffin of Rainbow Park in Avon Park, was rushed by city ambulance to Walker Memorial Hospital where he was pronounced dead on arrival.

TOWN TOPICS

453-4355

There is a man around town that I know and admire quite a bit. He always has something new or interesting to say when you meet him, and carries a "little black book" around that I never had thought much about, until last week, when he came in to say hello. I was pondering to myself (aloud) about a certain matter, and he gets up and says, "Maybe I have that in my book." Sure enough, he went to his car, came back with his "little black book" thumbed through it, and answered my question. I asked, "May I look at your little black book?" (and was given permission). I was really amazed at the information he had in his "little black book." Everything from the weather on any given date, to their visitors, or anything important happening. Everyone needs a "little black book" like my friend carries.

Circle Tour State Park Thursday

The Founders Circle of the Garden Club enjoyed a Field Trip to Highlands Hammock Park last Thursday. They took the bus trip around to see the wild life of the park, alligators including baby ones, armadillos and gopher turtles. These turtles burrow like a gopher.

The driver told about the trees and shrubbery. The birds flew with the spires on the trunk, which becomes smooth when it reaches the age of 35. Did you know there is coffee growing out there? Seeds have been dropped by migrating birds from South America. A most interesting trip.

Mrs. Hise asked for nominations from the floor. There being none, the slate was accepted as read. Mrs. Hise thanked the members for their faith in her abilities and said she would do her utmost to deserve it.

Mr. Victor McKunas, director of the Avon Park High School Band introduced thirteen members of the band, the brass quartet of three lute trios. Brass section: Mike Eberle, trumpet; Tommy Lawrence, trombone; Eddy J. Albertson, baritone; Vic McKunas Jr., horn. First trio: Cathy McKunas, Lynn Greenway and Sabrina Crow. A covered dish luncheon was served by the competent waitresses, Mrs. W. Mandis and Mrs. W. N. Kluberg. The flexible dishes brought by members made one and all regret rules. This was the last meeting of the year, with a next meeting being on Wednesday, October 10, after a decision to omit the September meeting.

God Bless...

God bless Mommie, Daddie, and all my friends at church...

"Hearken unto the voice of my cry, my King, and my God."

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Building In Highlands County Doubles In 1972

Building in Highlands County, including the cities, roughly doubled in 1972 over 1971, figures compiled from the various building departments indicate.

During 1971, 1,441 permits were issued throughout the county totaling \$11,639,809, but in 1972, 3,070 permits, with an estimated valuation of \$21,723,500, were issued.

The 1971 and 1972 figures are not broken down as to commercial and residential.

However, the county building department has figures available as to commercial,

mobile homes, and conventional residential permits for the first four months of 1973 which indicate growth is continuing.

On the residential front, the demand for mobile homes in this area is far outstripping that for conventional. Permits for 246 conventional homes, including apartment and duplex units, were issued while 380 permits were issued for mobile homes.

Total valuation for building during the four months, including residential, mobile home, commercial and all

other building, totaled \$7,654,283.

This compares to a total of \$5,581,000 for building permit valuation, all structures, during the first four months of 1972.

Value of the conventional residential building permits during the first four months of this year was estimated at \$3,985,162, mobile homes, \$2,454,584.

During the first four months of 1973 permits for three commercial structures were issued for an approximate value of \$42,500 compared to one commercial structure valued at \$45,000 for the same period of 1972.

A total of 51 permits for residences in the city, valuation \$1,096,000, were issued during the first four months of this year, compared to 15 permits valued at \$235,000 for the same period a year ago.

Judge Orders Bass To Treatment In Hospital

Circuit Court Judge Clifton Kelly on May 11 ordered County Commissioner Melville Bass to Winter Haven for emergency evaluation and treatment in the mental health facility.

The order followed hearing on a complaint filed by his mother, Ruby Bass Carlton. The hearing was held ex parte before the judge.

The order noted that the commissioner "apparently meets the criteria for emergency admittance for treatment for mental illness. He appears to be mentally ill and because of such illness likely to physically injure himself or others unless immediately detained."

The commissioner was taken to Winter Haven by Highlands County Deputy Sheriff Charles Snelgrove.

Bass, high man on the ticket in the primary, has been frequently absent from commission meetings since he took office last Nov. 21. His record is 14 times present, 11 times absent.

City Observe Memorial Day

Memorial Day will be observed here Monday with closings of city, county, state and federal offices for the day and memorial services at Bougainvillea cemetery.

All financial institutions will be closed for the day and Avon Park post office service will be on holiday schedule. The post office flag will fly at half mast to honor the dead. The motor vehicle inspection station will be closed.

This is the second time the nation has observed Memorial Day on the last Monday in May.

County Needs Consultant To Up-Date Zoning Regulations

The Board of County Commissioners and the Planning and Zoning Commission discussed Tuesday that they

have at least one point on which they can agree.

Both feel the need to employ a professional consultant to

help up-date the county's zoning regulations. Planning and Zoning Director Bill Stephenson told

the commissioners that the desired consulting service could be hired for less than \$5,000.

He estimated that the present zoning regulations could be reviewed and that public hearings could be held to discuss any recommended changes, all within a six-month period.

Betty Bolin, secretary of the Florida Mobile Home and Recreational Vehicle Association, sought and received commissioners' assurances that the study described by Stephenson would not postpone county adoption of mobile home regulations which have been undergoing revision for more than a year.

The commissioners approved the hiring of a consultant but stipulated that competitive bids be solicited from those qualified to perform the zoning review study.

In other actions, the commissioners (Melville Bass, District 1, absent):

-Received a request from Russell Francis, president of the local chapter of the Florida Mobile Home and Recreational Vehicle Association that Grave McCoy and Emmette Wright be considered as candidates for the next opening that occurs on the county's Planning and Zoning Commission.

-Informed Emmette Wright of Avon Mobile Home Park that Section 5 of the county's Mobile Home Regulations permits owners of coaches manufactured before July 1967 to relocate their vehicles in Highlands County. However, the mobile home will be subject to Building Department inspection at its new location to protect its owners against dangers caused by undersized electrical services and improper sewage vent installations.

-Authorized the Planning and Zoning Director to send notices of public hearings on rezoning requests to C. Wesley Ward, owner-manager of radio station WJCM, who will broadcast the notices as county news items. Ward requested, and the commissioners ordered, that these notices describe the locations of proposed rezoned property in layman's terms as well as in

16 Year Old Crowned Florida Miss Flame

Miss Della L. Burke, 16-year-old Junior at Colonial High School, Orlando, was crowned the new Florida State Miss Flame, during convention week of the Florida State Firemen's Auxiliary from Boynton Beach, with Mrs. Lathan Smith of Avon Park the

local chairman. Robert Henderson lent his artistic hand in the decoration of the Orlando and stage, where the contest was held. Band director, Vic McKunas and the Avon Park Stage Band pleased

the crowd as well as the contestants with their usual, superb numbers. Others taking part in the ceremonies were Mrs. Nell Bellamy, president of the Florida State Firemen's Auxiliary; Ralph Lazar, President of the Florida State Firemen's Assoc.; Holland Mangum, first vice president of FSSA, and Tommy Orr, who presented the perpetual Thomas W. Orr trophy.

The Avon Park Police Department reported a six year old child, along with her father, drowned late Monday evening in Lake Lotela at the Florida Power Corporation's Discharge Canal located near the Avon Park City Boat Ramp at the end of East Third St.

Police Sergeant Presley Selph responded to the scene after the station received the call at approximately 7:39 p.m. May 21.

According to the report filed by Selph, as he arrived on the scene he found Jessie Mae Wessels holding her crying child, Edward Wessels, Jr. The boy told Selph his six year old sister, Theresa Lettra Flemmings, had gone into the water chasing a floating toy, and had accidentally gotten into deep waters. The father, 29 year old Edward Wessels Sr., saw his child in trouble and dove in after her.

After a length of time, the boy saw neither of them rise to the surface and became scared and ran for help.

After hearing this, Selph immediately radioed the police station asking for assistance from the Avon Park Rescue Unit. He found they had been

notified and were already on their way to the scene, arriving just a few minutes after Selph.

Fire Chief Mack Flowers, along with other members of the Rescue Unit, launched their boat and began dragging the area where the two were

last seen. The two bodies were brought up approximately one hour later.

Also on the scene was Sergeant Glen Hartsfield of the Highlands County Sheriff's Office.

Mayor Barben Will Speak On Zoning Panel

Mayor Robert Barben is scheduled to speak on a five-man zoning panel at a meeting to be held at the Barnett Bank of Sebring today, Thursday, May 24 at 7:30 p.m. The League of Women Voters of Highlands County (Provisional) is sponsoring the meeting which is open to the public. Other speakers will be Lionel LaGrone, Lake Placid; James N. Lane, Lake Placid; Robert Pollard, Sebring; and William S. Stephenson, Highlands County Zoning Board.

"This meeting will inform and explain the present state of zoning and planning Highlands County," explained Mrs. David Batty, League vice-president.

Trick Shot Golfer To Present Show Here

Spalding's internationally known "Clown Prince of Golf," trick shot artist Paul Bumann brings his bag of laughs and joke-minute golf show to the Pinecrest Country Club on Friday, May 25, 6:30 p.m. Bumann's appearance is

being sponsored locally by Touchton Drugs.

Hailed throughout the world as one of golf's foremost ambassadors of goodwill, Bumann utilizes a myriad of "wired" golfing tools in his routine including rubber-

shafted drivers with the flex of a garden hose, smoking golf balls and three-foot tees. His "bag of laughs," an oversized "relaxed" Staff creation of mammoth proportions, also contains a driver sporting an eight foot shaft which Bumann uses to drive a ball almost 300 yards; a "matched set" of four Top-Flite drivers which simultaneously drive four balls and the world's largest pair of glasses.

Equipment is not the only highlight of the Paul Bumann Show. The flexible PGA professional will demonstrate how to hit a ball from a "relaxed" position while sitting in a chair and how to "get on top of your game" by hitting a ball from an elevated tee while standing one-legged on a stool.

Audience participation is also a big part of Bumann's act. The veteran instructor not only permits people to attempt duplication of his trickery, but offers timely golf tips as well. Bumann's antics have taken him from Europe and the Caribbean to Hawaii and the Far East in recent years, in addition to numerous appearances in the United States.

Whether low handicapper or duffer, all are sure to enjoy his wizardry.

SIX SWINGS at six elevated Top Flite balls result in six perfect drives when Spalding's Clown Prince of Golf is doing the swinging. Bumann, a member of the Spalding consultant staff, will be in this area soon. Watch for him!

Veterans To Be Honored

Veterans of all wars will be honored on Memorial Day next Monday, the second time the observance is on the last Monday of May.

For the first time in many years, this nation finds itself almost devoid of war involvement, although the Cambodian situation is a worry.

Our prisoners of war are home after long years of fighting in Vietnam. And Major Kenneth Fisher is one of them.

We will honor the living as well as the dead next Monday and those honored include 17 men from Highlands County who gave their lives in Vietnam, 10 of them from Avon Park.

We hope that in the years ahead these men who died in the service of their country and the prisoners who were tortured because they fought

for this country will never be forgotten. And that this nation turn toward peace.

It is only fitting that we recall the honored dead of that war in this column. The Sebring men and the date of death were: Pfc. Bruce Simpson, 10-18-66; Capt. John E. King, 12-64; Cpl. Edwin C. Hill, 1-14-67; Capt. Dennis Smith Jr., 11-30-69.

Lake Placid: Sgt. Charles Jenkins, 3-19-69; Pfc. Sidney G. Pollard, 10-17-68; Sgt. Robert Lee Walker, 7-24-67.

Avon Park: Cpl. William G. Bates, 9-2-69; Lt. Charles Lee Best, 6-4-68; A2c Archie S. Bowen, 8-18-63; Pfc. Edward E. Cannon, 3-30-67; S.Sgt. Roy W. Cobb, 2-13-70; Spec. 4 Curtis E. Cothran, 9-8-67; Sgt. Lowell Ferguson, Jr., 4-24-71; Sgt. James Green, 10-13-67; Sgt. Willie Kirkland, 5-20-69; S. Sgt. Nathan E. Peacock, Jr., 4-9-67.

Lest we forget.

Commissioners Continued

the required legal terms.

Authorized Jimmy Whitehouse, Supervisor of Elections, to hire Robbie Watson and Mary Gaul (the latter replacing Whitehouse's secretary Evelyn DeVane who has resigned to accept a position with the state).

Learned from Commissioner Norman "Jug" Heston that he will reveal the

location of a potentially suitable county sanitary landfill site within a week or two.

Heard a request by Betty Bolin that the county enforce its anti-litter ordinance against citrus pickers who scatter bottles, papers and cans indiscriminately over county roadsides.

Instructed Jimmy

Whitehouse to postpone any plans he might have to close his automobile tag office in the Creel Building, Lake Placid.

Authorized County Engineer Gordon Hays to hire truck drivers and laborers, pay grades 18 and lower, and request hiring approval after-the-fact.

Agreed to notify the Florida Department of Transportation whenever they are considering abandonment of dedicated property in the county. Oftentimes, they learned, DOT uses recorded public rights-of-way for drainage purposes in lieu of acquiring adjacent private property through condemnation proceedings.

Instructed the county attorney to inform Gerald Springer that DOT does not wish to return the two-acre borrow pit and haul road it purchased years ago from Springer. The state agency offered to trade a suitable substitute pit and road for the one it now owns it split after condemnation.

Asked the county engineer to investigate and report his findings on a petition filed by Avon Park residents requesting that the speed limit along the Avon Park truck route be reduced.

Over the objection of Attorney Jim Livingston (representing Gordon Spaulding), accepted plat plans for Clearview Terrace subdivision, located on Bruns Road west of Harder Hall, Sebring area.

Agreed to write off an uncollectible \$700 in charges for use of county ambulance services.

Piper Charged With DWI

Leslie Piper, 48, of Avon Park, was charged with driving while intoxicated, no driver's license and leaving the scene of an accident at 9:30 p.m. May 15.

The accident occurred 1.1 miles north of SR64 west of Avon Park. Patrolman Rhodes estimated damage to his car at \$100 and to that of Rickey Eugene Cox, 16, of Sebring, \$50.

Brown Sets State Mile Run Record

James Brown, Red Devil distance runner, set a new state record in the mile run as he took first place in that event at the Class AA State Championship meet held at Shwalter Field in Winter Park last Friday.

The new state and, of course, new school record is 4:36.2 which broke the mark of Bobby Davis of Zephyrhills set in 1970 with a time of 4:38.5. Brown, a junior, accomplished his state mark despite being knocked off the track by Alexander of Monticello's Jefferson County High.

In the two mile, Brown broke the old state mark of 9:51.4 with his 9:48 (school record) but finished second to Robert Blount of Clewiston. Brown and Blount were locked in a duel in the final lap until a runner being larger broke James' stride which allowed Blount to move to a margin Brown was unable to close before the finish. Blount's time of 9:44.8 was also a new state record for the two-mile run.

Coach Chet Brojek said after the meet, "James and I were disappointed at the outcome of the two-mile but he has set his goal at breaking Blount's record in next year's state meet. I feel that the mishap prevented one of the greatest finishes of the meet from ever materializing." Brojek went on to say, "James ran just super in both races and scored 12 of the team's 13 points in the state meet."

Brown finished the mile undefeated by anyone in the state of Florida and was beaten twice in the two-mile—both times in narrow victories by Blount, the state champion. His 127 points scored in his two events throughout the season make him the highest track scorer in the school's history.

Commenting on Brown's performance this year, Brojek said, "James is the finest distanceman I've had the chance to coach. He works hard and has that extra something called 'heart' which will not let him surrender to defeat. Brown will receive the 'most outstanding' track trophy this year."

Brown also led his Cross-Country teammates to the State Championship this year. He became only the second Avon Park runner to capture a state individual championship in track. Tom LaFlam set that state mark in 1966 with his record setting 3:00.4 time in the 880-yard run.

Arnold Davis finished sixth in the 440 with his 51.6 time to score Avon Park's other point in the state meet. Arnold's time was his best of the year and established the senior tri-captain as the fastest 440-yard man. Coach Brojek has never coached.

Curtis Foster had a 52.6 clocking in the 440 at state and placed second in his heat behind Davis. Curtis' time was a personal best. Curtis is only a sophomore and will get two more years to try and crack the scoring column at the state meet.

Reid Wall placed eighth in the mile run with his 4:39 clocking. Only a junior, he will get a chance next year to get in the top six at the state meet. Davis and Foster teamed up with Glenn Gray and Bruce Trescott to lead the Devil's in an eighth place finish in the mile relay with their 3:37.4 time. Trescott placed sixth in his preliminary heat in the 330-intermediate hurdles and did not qualify for the finals with his 43.5 time. Mike Hagan placed sixth in his heat of the 220-yard dash but did not qualify for the finals despite a fine 24.0 clocking. Coach Brojek commented on the boys who went to state with this, "I feel that all these young men represented themselves, their school, and community very well at our State Track Championships. I hope the town is as proud of them as I am."

Bruce Trescott will receive the "most improved" trophy this year. He was the team's second leading scorer with 86 points. He set a school record in the 330-intermediate hurdles with his 43.0 time. He ran a time 15.4 in the 130-yard hurdles and pole vaulted 10' 8" besides running a solid third leg of the district runner-up mile relay team.

Congratulations to Coach Chet Brojek and the Red Devil track team on a fine season.

Mr. and Mrs. John Franklin Welch

Welch's Celebrate Their Wedding Anniversaries

Mr. and Mrs. John Franklin Welch were honored on their "50th Wedding Anniversary" at their home, 17 East Circle St. Avon Park, on Sunday, May 6. Hosting the event were their six children, Mrs. Dorothy Childers, Mae Welch, Mrs. Helen Albright, J. Franklin Welch Jr., and Glenn Welch, all of Avon Park, and Charibel Welch of Spring Hill, Tenn.

Mr. and Mrs. Welch were married in Nancey Chapel, Tenn., while sitting in a Model-T Ford in front on the church building, on May 6, 1923. Mr. Welch brought his bride back to Florida, to 17 E. Circle, where they have resided since. Besides their six children, they have also been blessed with eight grandchildren.

Many relatives, friends and neighbors came by to wish them a very happy anniversary. Some of the out-of-town guests were: Mrs. Glenda Howard, their granddaughter from Lakeland; Jeff Childers, grandson from Jacksonville; Mrs. Mary Thomas, and Mrs. Verla Fielding and children and Mr. and Mrs. James Bullard and son, all from Palmetto; Mrs. Mary Ann Andrews and Mr. and Mrs. C. M. Temple and children, Lakeland; Mr. and Mrs. Clarence Papell and family, Clermont; Mr. and Mrs. Marcus Pietry, Sebring; Mr.

and Mrs. Bob Faneuf, Lake Wales; Mr. and Mrs. Paul Jordan, and Mr. and Mrs. Gene Deik, Bartow; Mr. and Mrs. A. Summers Jr., Mr. and Mrs. Cecil Langford and Mrs. Myra Terrell, Winter Haven; Mrs. L. Y. Dubose, Mrs. Margaret Phillips and Mrs. Jasper Frostproof; Mr. and Mrs. Tom Garrard, Temple Terrace; Mr. and Mrs. James Beville, Daytona Beach; Ralph Carlson, Wabulala; Mr. and Mrs. Herman Hinton and Mrs. Georgia Ellis, Bradenton; Mrs. Christine Reeder, Tampa; and Mrs. Joe Wright, Nashville, Tenn.

The refreshment table was overlaid with a hand crocheted cloth with a gold underlay. The white three-tiered cake, with accents of gold and green was topped with the numbers, "50th," and a bridal couple in gold. A golden punch was served along with nuts and mints. The party rooms were a garden of flowers, with flower arrangements, gifts from friends and relatives. Mrs. Welch wore a yellow rose corsage with gold accents and Mr. Welch wore a yellow gold carnation.

Mr. Welch started the Greens Fuel Gas Service (Ridge Fuel Co.) in 1935 with his brother, the late Ed Welch, managing it until his retirement. The business is now managed by sons, Glenn and Franklin Welch.

First Baptist Church Honors Graduating Class

Space helmets, landing crafts, and moon rocks were used throughout the social ball of the First Baptist Church Sunday morning when members of the high school graduating class were honored guests for breakfast.

After an official welcome by Aden D. Childress, pastor, a hearty breakfast was served by mothers of the honored guests.

The program, planned around a space flight was under the direction of Mrs. Gerald Wicker, general chairman. Moon Melodies and a quiz concerning past moon flights led the group to a time in the future when predictions (10 years later) were revealed by Malcolm Crews, Chairman of the Deacons.

Graduates honored include: Sandra Allen, Judy Allison, Gary Bassell, Becky Bassell, Tommy Beane, Richard Birt, Lynn Camp, Mike Eberle, Lorna Elyea, Janet Ewell, Fred Ferguson, Richard Ferguson, Virgil McInnis, Sabrina MontDeBoca, Karen Reeves, Tommy Reynolds, David Roberts, Debbie Robinson, Charlene Seligrove, Linda Strenth, Barry Tate, John Todd, Wayne Todd, James Turnbull, Kathy Whitire, Carol Wicker and Jim Wood.

MUTUAL TO ELECT
Annual election for 21 Florida Citrus Mutual Directors will be held throughout the citrus belt on May 16 and June 5.

Directors will be elected at central balloting sites at 2:30 p.m. on May 16 in all Mutual districts. District 6, which is Sarasota, Hardee, Highlands, Glades, DeSoto, Charlotte, Lee, Hendry, Collier and Monroe Counties elects at the Vo-Ag building, DeSoto County High School, Arcadia.

My day was brightened considerably by the following letter from Debbie (Ward) Hileman-Ex Avon Parkite and presently a snow-bound resident of Colorado. It speaks so eloquently of our lovely Jacarana City, I do believe I should share it with you-all. Debbie's letter, in entirety, says:

"Dear Mrs. Sharpe: Between you and my mother, you're making me homesick for Florida. It really is unfair that ya'll should be having such beautiful weather, while out here, we're still praying it won't snow anymore for this season.

Two weeks ago, I turned green with envy as I read a letter from mother while ya'll were enjoying the intoxicating smell of orange blossoms, etc., and the lusciousness of green grass, I was watching eight inches of snow fall on my still brown back yard. Then, last week, as I read your section on the "Jacarana Trees," we were hoping that the South Platte River would flood the Denver area as badly as the Mississippi has St. Louis. But, maybe there's hope in sight after all. The weatherman is keeping telling us that Spring is coming yet, and the tulips outside are trying to agree with him. Who knows? Maybe the roses will bloom by September.

In case you haven't guessed, it's the AVON PARK SUN and those letters from Mother, that have kept me the "Maybe" around. I haven't given up on Spring (I just can't figure out when they're going to squeeze in Summer). I know there are lots of other people living away from Avon Park, who read the SUN, and I'm sure they enjoy it as much as I do. Thank you for my weekly "face-lifter."

Sincerely,
Debbie (Ward) Hileman

Carson Murphy. While here they attended a coffee on Saturday morning at Florida Power Lounge, honoring Emily's sister, Charlene, who will be wed to John Giddens III on June 22.

Sunday guests at the home of Mr. and Mrs. Hugh Booth, Highlands Lakes, were Mrs. C. E. Johnson, Mrs. Charles White and Mrs. Jeannette Daley, all residents of Tampa.

Received a note from Carroll O. Belin, in his subscription renewal, to his "former hometown paper" stating, "It is good to know what is happening where I lived as a child. Through the paper, I see many changes, progress and the passing of several old-time close friends." He wishes happiness and continued helpful progress for Avon Park.

United Church Of Christ Celebrates Ninty Years

Ninty years of Christian witness in Florida by the United Church of Christ was celebrated in the three-day annual meeting of the Florida Conference, concluded here this noon in Plymouth Congregational Church, Coconut Grove.

Some 300 lay and clergy delegates, from 50 congregations scattered from Key West to Jacksonville, gave a farewell party to the Rev. Robbins Ralph of Avon Park, who is retiring this summer after 16 years as the chief executive officer, and elected the Rev. Charles L. Burns Jr., of Columbus, Ohio, as his successor.

Other actions included the approval of a quarter million dollar budget and a reaffirmation of the conviction that the mission of the church is to "bring good news to the poor, to proclaim the release of captives, and to work for the liberation of the oppressed by personal, institutional, and political processes."

Other social action resolutions urge the Administration and Congress to "place a lower priority on spending for weapons development and stock-piling, and higher priority on programs aimed at reducing the gap between rich and poor Americans," and urge the Florida Legislature to defeat Senate Bill 1008 "and similar legislation which discriminates against farm workers."

The principal speaker was Gabriel Fackre, professor at Andover-Newton Theological School in Massachusetts, who gave three addresses on "New Life within the Church," each address being followed by small group discussion.

Presiding over all the sessions was a lay Moderator, otonetrist Dr. Almond Edwards of Miami. Elected to succeed him was the Rev. Leonard Sponser of Cocoa Beach.

All agreed that the Florida State Firemen's Convention was a huge success, with many thanks going to the local firemen, and everyone needing a time to catch their breath, after a busy week. A date for the June meeting will be announced later.

Old Settlers Holds Board Meeting

The Rev. H. D. Graetz, president of the Old Settlers Association, called a meeting of the Board last Thursday morning. The main subject for discussion was finishing the interior of the Band Stand and also making plans to begin a systematic collection of materials for a scrap book which will tell the story of the Birth and Growth of Avon Park.

The History Committee is asking the cooperation of everyone who has pictures to please lend them for reproduction or give them to the project. People will be asked to meet in small groups to share stories and information about the early history of the City. If you have anything that is of interest and the Committee fails to contact you, they ask that you please get in touch with one of them. Their plan is to begin a year by year file of all of the information they can collect, and after the material is assembled, they will make a permanent scrap book. Proper recognition will be given to all donors of pictures or information.

The History Committee is composed of Mrs. Corn Wray, Mrs. T. H. Maxwell, Mrs. Eloise Sharpe and Mr. and Mrs. George W. Haynie.

Over 100 Attends Pubic Hearing On Phone Rate Increase

6A The Avon Park Sun, Avon Park, Fla. May 24, 1973

About 100 persons were present and 12 testified to poor service on long distance phone calls at a public hearing Friday in the Avon Center.

One telephone customer said he dialed so many times, trying vainly to get his parties, that he actually got blisters on his fingers.

And WJCM radio station lost the astronauts right in the middle of liftoff two years ago when the long distance lines went off.

And so it went for more than two hours as complaints against long distance service poured into the ears of Florida Public Service Commission Chairman Bill Bevis, here with Commission Counsel Robert Christ.

At stake was the raise sought by Southern Bell. It would go on all long distance toll calls within the state. And if Bell were what they want, a three-minute direct dial call from Sebring to Avon Park will go up 30 cents from the present 10 cents; from Sebring to Lake Placid, from 20 cents to 25 cents. And so on through the state, depending on time talked and distance between calls. It will affect all types of long distance phone service, including Watts line and teletype.

Although the raise is sought by Southern Bell, it also would benefit United Telephone Company of Florida, which serves this area. And complaints seemed to be directed more to UTEF than to Bell.

Bevis made it plain, after an complimentary remark on UTEF at the start that "this will not be a town hall type of meeting. We are after facts." And he emphasized "your local service is not an issue," although the phone does nothing "30 per cent of the time."

Schering Chamber of Commerce, in a strongly worded resolution presented by director C. Wesley Ward, urged that there actually be a decrease in rates because of the "inadequate, inefficient and sub-standard" service of UTEF on whose lines all long distance calls from this area must travel.

Ward, owner-manager of radio station WJCM, also testified to his own problems. "You get chopped off a great deal of the time. I spend far too much time sitting there trying to dial."

William B. Love of Sebring, general manager of Thun-

derbird aircraft, said he blistered his fingers dialing and re-dialing.

"The phone service is so bad it would put you in tears," he declared. And when he moved recently, "instead of giving the new number to people who called the old number, a recording came on that 'this is no longer a working number' and people thought he was out of business."

Robert Mason of Mason's Mister Orange declared that 95 per cent of the time he dials Miami or Jacksonville he usually gets a busy signal. Then he tries the operator. "In five to eight minutes she answers," he said, "and she invariably goes right straight through."

Charles Esposito, owner of WAPR radio station in Avon Park, said UTEF is using equipment "outdated and junked as far back as 1961." He said they call Okeechobee daily and cannot understand persons on the other end and that "we call Okeechobee daily and lose service periodically because of weather conditions."

Other witnesses went on to tell of charges for calls on bills they did not make, of hearing strange voices on lines that are supposedly one-party; of calling home at night and having the family report the phone did not ring all evening.

They cited charges for daytime rates for calls made in the evening; of overcharging on overtime; of slow action by the repair service; of getting a busy signal or no ring.

Harold Moreland Jr. of Lake Placid said he recorded 22 delays of various kinds in 39 days and said he gets a busy signal when he calls home from out of town, although the phone does nothing "30 per cent of the time."

Sylvia Wheeler, Lake Placid Furniture, Frank Spangler, Lake Placid; Roy Jones, Sebring; Judy Fewell, Okeechobee, representing the Okeechobee County Farm Bureau; and Mrs. Paul Miller, corroborated the statements of other witnesses on the poor service.

Philip McMasters, Lake Placid, said the "new modern system" put into Lake Placid is a crossbar "which is obsolete." McMasters, a former engineer with the Bell system had several complaints.

Virginia Hubbell of Sebring

said her sons in the service have chided her "Mom, why weren't you home when I called?" when in fact the phone had not rung all evening the night they called.

She said she has not com-

plained to UTEF in a couple of years "because it didn't seem to do any good."

Attorney Keith Pafford put witnesses' testimony in the record. Walt Offord was the counsel representing Southern

Bell. Ken Jaekel of the FPSC tariff department was present.

Ed Mason, former FPSC commissioner, now an attorney for UTEF, was present in the audience.

Pafford advised witnesses to

list their complaints and "we will try to see that they are taken care of." Persons with complaints were advised to see Charles Bryan of Avon Park, District Commercial Manager for UTEF.

Presbyterian Church To Honor Seniors Sunday

Graduates of the 1973 Avon Park Senior High School who attend the First Presbyterian Church will be recognized at

the eleven o'clock service on Sunday morning. Parents will also be recognized. The Clerk of the Session of the Church will present each graduate with a Bible given by the church.

After Morning Worship, the congregation will be invited to the Fellowship Hall to see a service project of the Woman's Society of the Church. Approximately one hundred homemade articles ranging from a painting to knitted sweaters will be on display. The articles have been made and given by members and friends of the Woman's Society.

The articles are being exhibited at the request of a member of the Woman's Society to see the things that have been made and given over the past months. This is the only day, the articles will be on display, as they will soon be packed and sent to the Bonclarken Hotel, Flat Rock, N.C. Proceeds from the sale of the gifts goes for Church Extension, Conference Center, and other church projects.

Culbertson And Lawrence Receive Sousa Award

The Avon Park Grendier Band held its annual banquet and dance for band members and their parents on Tuesday evening at the new armory.

The armory was beautifully decorated by the majorettes with souvenirs from the Bahamas. The dinner was a covered dish affair with the band mothers supplying their favorite recipes of green beans, potatoes, salads and desserts. The Association provided the meat and drinks. Master of Ceremonies was Band Captain, Eddie Culbertson, who introduced the Association's Officers and special guests, Mayor and Mrs. Robert Barben and Mr. Paul Chaffin Music Center in Lake Worth.

Mrs. Carolyn Tomlinson, outgoing President of the Association presented awards of appreciation from the Association to Mrs. Eloise Sharpe and the Avon Park Sun and to Mr. Chuck Shane and W.A.P.R. for the fine support they have given the band.

Vic McKunas presented 28 band letters to students who have been in the high school band for two years. He then presented each senior band member with a medal thanking them for their years of service to the band.

The Royal Grendier Trophies were awarded to four outstanding band members. Miss Lynn Camp received a trophy for outstanding leadership in twirling. Richard Ferguson was awarded the director's appreciation award for outstanding service as student assistant with the Avon Park Middle School Bands. David Flowers won the award for outstanding achievement in instrumental music. Mike Eberle walked away with top honors in receiving the award for outstanding achievement on a solo instrument in the Stage Band and concert and Marching Bands.

For the first time in the Band's history, the coveted John Phillip Sousa Award was presented to two deserving

young men. Only in very special circumstances the Sousa Award may be presented to more than one band member.

In this instance both Eddie Culbertson and Thom Lawrence equally met the rigid requirements in scholarship, leadership and musicianship. Both boys' names, along with winners of past years, were inscribed on the Sousa Award Plaque that will hang in a special place of honor in the band room. They received lapel pins and inscribed paper weights.

Eddie Culbertson, outgoing Captain of the Band, announced that Vic McKunas Jr., was elected Band Captain for next year.

After the banquet, the band members danced to the music of a fine rock group, "Paradise Lost."

Nobody needs to tell you that Florida, in the summertime, is one of America's air conditioning hot spots.

We use a tremendous amount of energy to keep us cool.

That's why none of us can afford to waste it. And that's why we ask that you set your

thermostat at the highest possible temperature you find comfortable. Just as we do at Florida Power.

You'd be surprised what a big difference a few degrees can make in your electric bill. And how much energy it can save.

These savings alone should make you feel more comfortable.

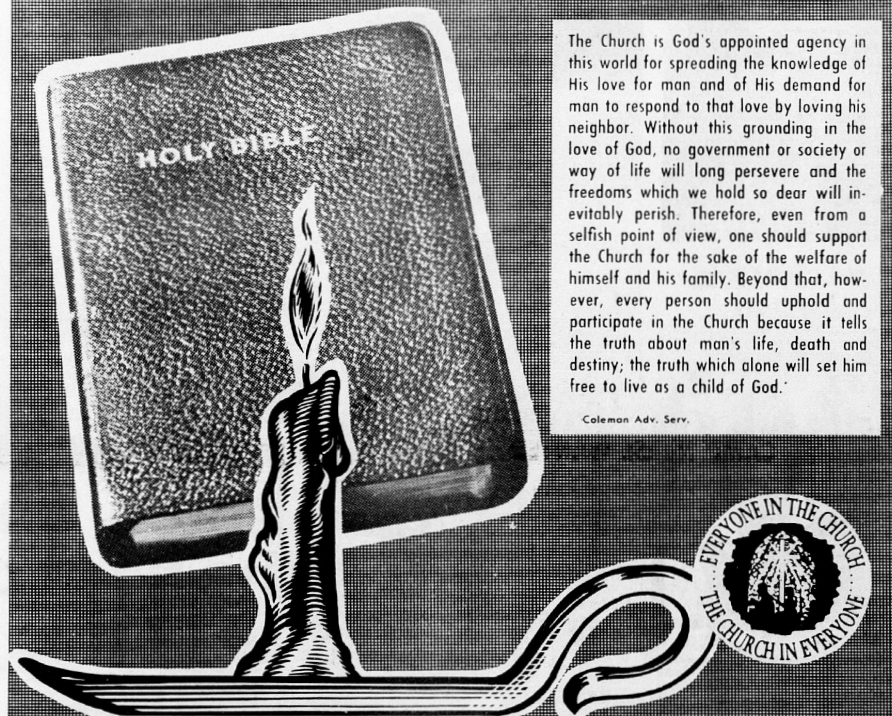

THE LIGHT

"Thy word is a lamp unto my feet, and a light unto my path."

The bible, God's word, has often been compared to a light, for it penetrates the darkness and reveals God to man. It is the light that leads man down life's pathway. For those who study it, it reveals not only the past, but also the future.

"The entrance of thy words giveth light; it giveth understanding..."

Attend church and hear God's leaders expound on His word.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

152 Seniors To Graduate From A.P.H.S.

The largest senior class in the history of Avon Park High School will graduate Monday night, June 4, at eight o'clock at the Avon Park High School Gymnasium. One hundred and fifty-two seniors will receive diplomas from Principal A. W. Cravens.

Baccalaureate Service
The Baccalaureate Service honoring the Avon Park High School Class of 1973 will be held at the First Baptist Church, this Sunday, June 3, at eight o'clock in the evening. Ministers and congregations of all the Avon Park churches are invited to attend this service.

The traditional "Pomp and Circumstance" (Elgar), played by Miss Chrissy Jones at the piano, will accompany the processional of the 1973 seniors. Junior honor marshals Dan Davis and Susan Simerone will lead the processional. The participating ministers

TWO MEMBERS OF OUR '73 GRADUATING CLASS pause beside Lake Verona as the sunset marks the close of yet another Graduation Day. Their thoughts, one may be sure, are also on tomorrow's Sunrise and on their plans for the future. Our Congratulations to these two - and to every one of their classmates - plus our Best Wishes for the years ahead. Photo by Sharpe.

will be: the Rev. Paul Triebel, The Church of the Nazarene, who will give the invocation; Minister Sam Jones, city-wide evangelist, the scripture; Father Frank C. Cleveland, The Episcopal Church of the Redeemer, who will give the sermon; and Elder C. M. Fogle, Church of God by Faith, the benediction.

Following the invocation a solo, "Let There Be Peace on Earth" by Sy Miller and Jill Jackson, will be sung by Miss Debbie Minard with Miss Chrissy Jones at the piano. After the sermon the Avon Park High School Girls' Chorus will sing "Cherubim Song No. 7" by Bortniansky. Matterling, with Miss Elaine Woodard at the piano and Mr. Kenneth Eberle directing. The recessional music will be "Military March," by Elgar, with Miss Chrissy Jones at the piano.

Users at both services will be junior honor students: Christine Jones, Laurie Behal, Linda Dance, Victor Mickunas, Laurie Rehner, Conna Ford, Debbie Woodard, Loretta Longshore, Marcia Collins, Susan McAfee, Linda Trescott, Kenneth Collingsworth, Doris Eldridge, Nick Fells, Roberta Newton, William Ayers, Greg Burch, Laura Clark, Wanda Williams, Deborah Flowers, and Sandra Capell.

Graduation Night

County's Zoning Ordinance To Be Tested In Court Today

Highlands County's comprehensive zoning ordinance faces its first court test today, in a hearing set for 8:30 a.m., May 31, Circuit Judge Clifton Kelly will be asked to issue an order restraining Robert L. Williams from constructing a labor camp south of Lake Placid.

A group of property owners and neighbors near the proposed camp site are asking the court to issue an injunction to prevent the county's issuing a building permit for the

barracks type camp or to revoke the permit if it has been issued.

The suit further asks that the court formally declare a special exception granted to Williams by the county's board

of adjustment be declared void.

The Highlands County Board of County Commissioners and Williams are co-defendants in the suit.

The plaintiffs are Roy J. and

Beverly Peoples, Robert W. and Virginia Kaphing, James and Penny Todd, Mr. and Mrs. W. F. Thompson, Chester E. and Marcia Winegarner, Vincent G. and Noal Durranne, Donald Durranne, H. H. and Agnes Pope, Theodore and Aurore Daigneau, Richard Archbold, Archbold Expeditions, Tyler and Judy Daigneau, Frank and Darlene Collins.

In the suit this group is described as owning, purchasing, selling, and having an interest in land near the Williams property or living near it.

Some, but not all, of the plaintiffs were among the group of adjacent property holders officially notified by the county when Williams, early in March, sought the special exception ruling.

Williams, at the public hearing on this application, said he plans to erect housing for 24 workers (fruit pickers) on a 10-acre parcel lying south of State Road 17, between Kelly and Hicoria Roads. The land is zoned A-1 agriculture.

He said the housing would be for year round occupancy and since he plans to live on the property himself, the units would be supervised.

The board of adjustment unanimously granted the exception, after stipulating that a green belt buffer was to be erected around the camp.

The board received no letters in support of Williams' application, one against. Two

opponents spoke at the April 24 hearing and two, in addition to Williams, spoke on Williams' behalf.

Bass Home Attends Meeting

It was reported in this newspaper last week that County Commissioner Melville Bass had been ordered to emergency evaluation and treatment at the mental health facility in Winter Haven.

His mother, Mrs. Ruby C. Carlson, reported Tuesday that he is much improved and is home and she brought him to Sebring Tuesday to attend the regular County Commission meeting.

She asked, however, that we publish the following letter: To the publisher of the Avon Park Sun and Sebring News:

Editor Sun

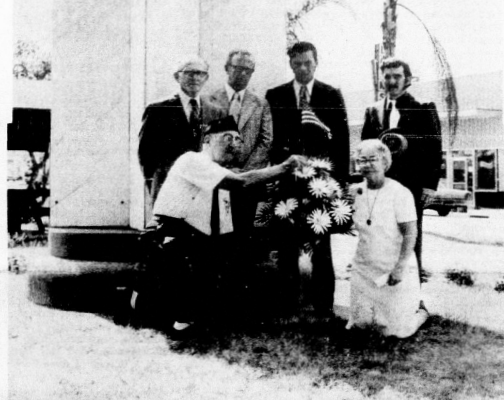

An article was published in the Avon Park Sun and the Sebring News, May 24, 1973 entitled "Judge Orders Bass To Treatment In Hospital," which has caused widespread indignation among the friends and family of Melville Bass.

But the import of the article may well bring about tragedy, as a consequence. It certainly will at the very least retard the recovery of Melville Bass.

Here is a sensitive man who has sustained several personal misfortunes within a short period of time, any one of which would be disastrous to most men, a man whose family and friends, knowing his great hurt, physical illness and mental anguish, have tried to obtain professional help for him.

The writer of these articles in the above mentioned newspapers has literally destroyed Melville Bass with a stroke of the pen. The writer should have consulted the doctor and family of Melville Bass before publishing such a damaging article - an article which will destroy the life of a fellow human being, a life that held great potential for the betterment of mankind. May God help the perpetrator of this dastardly deed.

Local Bank To Join First Bancshares Of Florida

First Bancshares of Florida, Inc., based in Boca Raton, made its first expansion move into central Florida with the announcement today that two banks with resources totaling \$51 million have agreed to join the group, subject to approval by stockholders and regulatory authorities.

This should increase First Bancshares' current count of six member banks to at least 15 by the end of 1973, with approved new charters and is constructing a new three-story bank building in downtown Sebring across from its present site.

The agreement was announced today by Rex E. Bond, chairman of both First National Bank of Sebring and Avon Citrus Bank, Avon Park, jointly with Thomas F. Fleming, Jr., chairman of First Bancshares.

The Sebring bank, established in 1962, has total resources of \$29 million and is constructing a new three-story bank building in downtown Sebring across from its present site.

Avon Citrus Bank, organized in 1930, has total resources of \$22 million.

The proposed exchange ratios will give Sebring

stockholders two shares and Avon stockholders 1.8 shares of the holding company for each of their present shares.

"After considering the various groups," Bond said, "we decided to affiliate with First Bancshares because of their aggressive young

management team with an impressive record and much growth still ahead of them. Although I have been a strong advocate of independent banking, I feel the holding company trend makes it

Smith Withdraws From Assistant Superintendent

Ferrel Smith, appointed assistant superintendent of schools last month with power to negotiate with teachers, has withdrawn from the newly created post.

Superintendent of Schools George Douglass told a special meeting of the Highlands County School Board Tuesday night that the "discussion that has taken place has placed the whole concept (of assistant superintendent) in jeopardy.

This was unfortunate, it was a sound concept. Mr. Smith asked to be withdrawn from consideration for the post." Smith, curriculum supervisor, will remain in his present post.

The board, however, went on

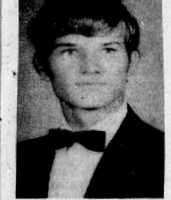

record in a motion approving the concept of an assistant superintendent and a development of a job description for the post.

Board member G. Franklin Ward noted of Smith that "I did not realize he was going to turn this down."

At a previous board meeting, board member Ruth Davis had raised the question of getting a job description for the post before an appointment be made.

The problem of obtaining someone else to fill the post of assistant superintendent was raised and Douglass noted that

Underwood Holds Perfect Record

Avon Park High School senior Tim Underwood is just about to set a very commendable record as the 1973 school year draws to a close. If Tim can make it to school on time for the next week, he will have attended school for twelve years without being absent or tardy.

Tim is the son of Mr. and Mrs. G. T. Underwood. He has attended school in Avon Park nine of his twelve years. Tim started school here and went through the second grade. Then he attended Okeechobee Elementary School his third year and half of his fourth year. Tim's second half of his fourth year and his fifth year were in Lake Placid before he came back to Avon Park to enter the sixth grade and finish out his schooling.

Tim has been a member of the Red Devil baseball team for two years playing on the state championship team of 1972 and helping the squad win the Class AA District 6 title this year.

Here's hoping Tim will successfully complete his perfect attendance record for twelve years of schooling. Tim will enter the Navy after graduation this summer.

City Adopts Resolution On Use Of Revenue Funds

The City Council met in regular session Monday evening at City Hall and dealt with a full agenda of city business.

Councilmen King, Martin, Howard and Woodruff, City Clerk Crews and City Attorney Hancock were present.

Noteworthy among more routine matters, was a motion by Howard, seconded by Martin to adopt a resolution on planned use of Revenue Sharing funds in the amount of \$82,000 for improvements to the water system. The motion was carried unanimously.

Building Official C. W. Ellerbe reported that he had posted condemned notices on several houses in Rainbow Park and mailed certified notices on 10 houses, giving 30 days notice to repair or demolish substandard dwellings. The City Council agreed to follow through on this; also on other houses which do not meet minimum living requirements.

Ellerbe said the city has a zoning board of adjustment for zoning matters, but the Southern Standard Code requires an appeals board also.

He also stated that the council had previously instructed him not to permit power to be turned on in a residence until the final inspection had been completed with one contractor on this and requested the council to pass a resolution requiring all work to be completed before power could be turned on. Mr. King requested an opinion from the city attorney on the possibility of amending the code.

City Attorney Hancock informed the council that he had filed an answer, denying charges made by the Florida Department of Pollution Control, of city burning at the dump. He also stated that he had conferred with County Attorney R. P. Duntz on this, but Mr. Duntz did not sign the answer.

A request for the extra \$20 monthly provided for an additional 80 hours of training in police work was submitted on behalf of Chief Cribb. This was tabled for further study.

Howe moved and Woodruff seconded to accept the low bid on draperies for the second floor of City Hall made by Smith Upholstery and the low bid of Turner Furniture for carpeting and first floor draperies. The motion carried unanimously.

Charles Fount was present and requested permission to move an office building from his present used car lot to a new location. Permission was granted to move the building from N. U. S. 27 to S. U. S. 27 at W. Canfield St. on condition of improvements amounting to approximately \$7,564.10 to the site, posting of \$2,000 bond and compliance with all city codes.

Mr. Martin spoke on im-

provements needed at the softball field, requesting that the outfield fence be increased to 12 feet in height. Council agreed to purchase the necessary posts and wire.

Council also took the following actions:

Granted the request of the Kiwanis Club to use one room at the Armory for use in connection with Kiwanis Radio Day on June 16.

Approved the sum of \$57.60 to the American Legion for purchase of grave markers. Moved to pay \$500 to the Ridge Area Association for Retarded Children, towards the cost of Summer Day Camp for retarded children.

Legislator May Have Created Monster Says Tillman

Responding to County Attorney Robert Duntz's appeal for help Thursday night, Rep. J. K. "Jim" Tillman, 75th District, said that members of the state legislature recognize the possibility that in establishing the Department of Pollution Control they may have "created a monster."

Duntz took advantage of a visit to Sebring by the Highlands County legislative delegation to bring to their attention a problem he characterized as being "very serious."

He told Tillman, Rep. Larry Liberto (51st District) and Hazel Scarborough, representing Senator Tom Gallen, that the Florida Department of Pollution Control was guilty of usurping the state's legislative functions.

"They're not content to administer," Duntz claimed. "They are engaged in legislating through the reams of regulations they publish."

Duntz stated that the Board of County Commissioners had received rude and abrupt citations issued by the Department of Pollution Control, ordering compliance with the department's dump burning regulations.

"They even threatened to fine the Commissioners \$5,000 per day for fires started at a dump the county doesn't even own," Duntz said, referring to a recent citation issued against burning at a dump located in Avon Park.

Duntz told the legislators that the commissioners had been active in seeking solutions to the county's open dump burning problems.

Commissioners should not be summoned to Tallahassee like common criminals, Duntz said. As elected officials of the county, the commissioners are entitled to a degree of respect that the Department of Pollution Control is not now showing.

Tillman told Duntz that he and Senator Gallen had discussed previously the need to set up legislative controls over members of the Department of Pollution Control and other "bureaucrats."

Tillman and Liberto \$2,000 by state law. Boggs explained it has been increasingly difficult to purchase advantageously because of increased prices and the \$1,000 limit on many items that have to be obtained through split purchase orders.

Superintendent George Douglass says it appears that legislation will pass to permit location of such an office outside the limits of the county seat to which such a structure now is restricted.

Commissioners Do Not Lend Enough Support To Zoning

Mayor Bob Barben of Avon Park charged that the county commissioners do not lend enough support to the county planning and zoning board in a League of Women Voters' meeting held Thursday at Barnett Bank.

A small attendance of 30 people listened to comments from Mayor Barben, Mayor Lionel LaGow of Lake Placid, Bill Pollard, chairman of the city planning board and Dr. James Layne of the Archbold biological station concerning planning and zoning in the county.

Mayor LaGow stated that Lake Placid was strip-zoned, allowing two commercial streets in the one square mile town. He termed this inefficient and that he was present at the meeting to learn more about zoning.

Pollard mentioned that Sebring's planning was done by individuals who have been long-time residents of the city and he felt they were a very responsible group. He stressed the "ownership" of the land is somewhat misleading as ownership simply allows the use of land while the owner is alive. "To make sure that neighbors' rights are not

violated, zoning must be enacted as a tool of planners," he said.

Turning to LaGow, Pollard advised that planning should now be as wide-ranged as possible so that problems do not become grandfathered in. He referred to certain acts of spot zoning that were previously condoned in Sebring but noted spot zoning has been curtailed in recent years.

Bill Stephens, county zoning director, gave a brief history of the county planning and zoning board which came into being in January of 1971.

He said the overall comprehensive plan his agency was working under had "have more teeth in it. Right now the comprehensive plan is too loose fitting and can be changed daily."

These comments led Pollard and Barben to emphasize the importance of community activism in letting their county commissioners and local officials know where they stand on zoning issues.

"The county commissioners meet the second Tuesday of every month in the commissioners office in the courthouse," said Pollard.

"We have to make sure that growth pays its way," he said. "Local and county officials tend to skirt the main issue which is establishing an optimal population level for the county. The idea that bigger is better, no longer applies. We must plan now to preserve the values represented in our county's environment."

Lane also presented that they are heading for more property right restrictions analogous to automobile traffic and emission controls.

Two Local Banks necessary to join a group that will give us added strength and the approach of First Bancshares seems to be most compatible with independence."

The Sebring and Avon banks will continue to operate autonomously as local institutions serving their respective areas.

"We are pleased at the prospect of adding to our group these two banks in a part of Florida that is beginning to assume new importance," commented Fleming. "Both are well managed and contribute to our earnings growth in 1973."

Current member banks are First Bank and Trust Company of Boca Raton, N.A., First National Bank and Trust Company of Riviera Beach, Citizens Bank of Palm Beach County, University National Bank of Fort Lauderdale, First National Bank of Palm Beach Gardens.

Other pending acquisitions, subject to regulatory approval, are Fidelity National Bank of South Miami, First National Bank of Fort Pierce, and three national banks in Fort Lauderdale: American Sunrise American, and Southport American.

First Bancshares also has a mortgage subsidiary and agreement to acquire a leasing company. Two additional new charter applications are awaiting approval.

In a letter to stockholders of the local banks, Chairman Bond said:

"It is obvious that a strong bank holding company trend is isolating the independent bank which, because of costs, will not be able to provide the consumer with the many banking innovations that are appearing on the horizon."

"The advantages of this affiliation will enable us to keep pace with competition and the many innovations to which the banking customer is becoming accustomed. It will enable your bank to make larger loans and to make them in an expanded area. We will be able to solicit national accounts and to take advantage of backup services only a larger organization can afford."

In addition, a very considerable advantage to our stockholders is the much greater marketability of the First Bancshares stock, one of the Florida bank holding company stocks receiving national investment interest."

First Bancshares stock is listed over the counter in The Miami Herald and West Palm Beach newspapers. Closing quotation as of May 21 was 28 1/2 bid, 29 1/4 asked.

PROUDLY DISPLAYING HIS DIPLOMA - Pictured above is Police Chief Ferland Cribb showing his recently earned diploma from Tallahassee Junior College and the Florida Board of Police Standards. Cribb spent last week, May 14-18, in Tallahassee, receiving forty hours of instruction in executive development courses, the career development course. The classes were held at the Ramada Inn, with various instructors on hand to offer their knowledge to all. This course aids Police chiefs by giving them extra knowledge and understanding in handling the pressing matters of today's police business. - Photo by Mel Williams.

Consolidated Sells Groves For \$6.6 Million

The board of directors of Consolidated-Tornoka Land Co. has agreed to accept an offer from Citrus World, Inc. to purchase a portion of Consolidated's youngest citrus groves for \$6,635,000.

Included in the sale are 3,311 acres of groves, improvements on the property such as irrigation systems, storage sheds, etc. and 710 acres of borderlands, most of which are unplanted areas within the grove boundaries. The property is located approximately 10 miles south of the Town of Lake Placid.

Citrus World, Inc. is one of the larger citrus processors in the state of Florida. It is a cooperative of which Consolidated has been a member for many years. All Consolidated fruit not sold on the fresh market is delivered to Citrus World to be processed.

The sale is contingent upon ratification of a final contract by a majority of the members of Citrus World other than Consolidated and the organization of a cooperative, acceptable to Consolidated, to take over the operation of the Company's fresh fruit packing house at Lake Placid.

The cooperative, in which Consolidated would have approximately one-third equity, would acquire the packing house. The present net book value of the facility is approximately \$2,000,000. This amount in addition to the \$6,635,000 to be paid for the grove lands.

An initial payment of 15 per cent of the purchase price will be made at the closing with the balance payable over 15 years with interest on the unpaid balance at floating prime annually.

After the sale, Consolidated will still be operating nearly 2,000 acres of citrus groves, of which a large portion is located on valuable lakefront property. The majority of Consolidated's present fruit production is harvested from these fully mature groves.

James Pentress, president of Consolidated, said: "It is felt that this move will considerably diminish our dependency upon citrus which, like other agricultural products, is highly cyclical in nature. It is not expected that the proceeds from the sale will be used to further development of other company-owned lands."

Carolyn plans to major in art and has completed a three-year course from the famous artist school in West Port, Conn., and has received a certificate of recognition from that school. She is making plans to enter Delta State College in Cleveland, Miss., in the Fall. Carolyn, formerly of Lakeland, attended the Avon Park Schools, until three years ago. She is the daughter of Mr. and Mrs. Harvey Woodard of Avon Park.

Teachers Honored By Sorority

Mrs. Barbara Heilig, Speech Clinician in the Highlands County Schools, and Mrs. Wanda Wilson, Guidance Counselor and Occupational Specialist at Avon Park High School, were honored for their contributions to education Saturday evening, May 26, when they were initiated into Delta Kappa Gamma, a society for key women educators. Also inducted and honored at the dinner following the ceremony, were Mrs. Nona Allen, Business, and Mrs. Connie Rankin, English instructor, Sebring High School, and Mrs. Mary Lou Dryburgh, fourth grade teacher at Fred Wild Elementary.

Mrs. Heilig, who transferred to Highlands County from the Jacksonville Schools in 1960, received her B. A. in Speech from Grinnell College in Iowa and her M. A. from the University of South Florida. From 1970 to 1972, she was associated with Mrs. Jean Moore of the county staff in developing a Language Program for Disadvantaged Children of the area. The pilot project involved testing of students, creating new techniques for arousing pupil interest in improving language patterns, as well as training teachers of the students involved to adapt and use these techniques in their own classrooms. Results of the project, which were videotaped, were presented not only to various local troupes, but also to the Florida and Georgia Speech and Hearing Associations, to educators in Sarasota County in an all day workshop conducted by Mrs. Heilig and Mrs. Moore, as well as to several other groups around the state.

Mrs. Robert Wilson, who was recently honored for outstanding leadership in this community, is a graduate of Bethune Cookman College in Daytona and has done graduate work at Florida Atlantic University and the University of Miami. Her experience as a former teacher at Hopefield Elementary and Guidance Counselor at Avon Park High School since 1967, as well as specialized training, have helped prepare her for her present position of Occupational Specialist. Working

with students in conferences and small groups, she seeks to motivate them to finish school and to make realistic educational choices during their high school careers. In addition, she endeavors to help students demonstrate a positive attitude towards work and gain a respect for occupations at ALA levels.

Besides belonging to several professional organizations, both Mrs. Heilig and Mrs. Wilson have found time for community service, as well; Mrs. Heilig with the Ridge Area Association for Retarded Children, and Mrs. Wilson as an active member of the Avon Progressive Civic Club and Avon Youth Group.

In concluding the evening's ceremonies, President Dorothy Clark of Sebring cut the society's 44th birthday cake and asked both old and new members to replenish themselves "to promote improved education for all children...to make excellence their goal...and to know the satisfaction of putting others first."

Club Members Model Dresses At Meeting

Mrs. Albin Jenkins, Highlands County Extension Homemakers Council president, conducted a fashion show with club members modeling dresses, lingerie, and pant suits they had made. The style show took place during the meeting at the Agri-Civic Center on May 22. Lake Placid members served as hostesses for the event.

The Council executive board filled the vacancy of first vice president by naming Mrs. Maymie K. Oxer to the office. It was announced that Leadership Camp will be attended by 14 counties with the Highlands County Extension Homemakers acting as hostesses May 28-June 1 at Camp Cloverleaf at Lake Placid. The next meeting will be a picnic July 24 at the home of Mrs. Jan Cole on Lake Grass. Visitors are welcome to attend.

MRS. BARBARA HEILIG, (right) Speech Clinician in the Highlands County Schools, and Mrs. Wanda Wilson, Guidance Counselor and Occupational Specialist at Avon Park High School, were honored for their contributions to education Saturday, May 26, when they were initiated into Delta Kappa Gamma, a society for key women educators. Food for Thought

Many Lou Dyer came into my kitchen the other day to cook hockeas and cornpone. Age, origin and experience fitted her to demonstrate those primitive cornbreads.

She was born in Georgia 73 years ago, has lived in Florida half a century and has been fixing soul food almost since she learned to hold a spoon. Her mother was born a slave.

"Soul food," Mary Lou said doubtfully. "That's something young folks say. It's just home cooking - the kind I was raised up on and the kind I still do. Greens with fatback, ham with speckled quail, chicken parlow, Brunswick stew, hoppin' john, souse - you know what I mean."

Floridians of Southern strain, white or black, would know - and to Mary Lou's list would lack cornbreads, of which the simplest as well as the oldest are hockeas and pone. So old are they you may find them only in kitchens like Mary Lou's where tradition is queen. Hockeas, it's said, are baked on the hot coals of open fires even before the Civil War.

Mary Lou shook white cornmeal from bag to bowl. She is a large woman with cookery in her hands and a treasury of Old South recipes in her head that do away with a need for printed recipes.

"You take about that much meal," she said, "pointing to a mound, "and add a pinch of salt and some boiling water. You bake the mixture in cakes on a griddle on the topstone. And that's about it. That's hockeas."

The cakes came out more rigid than pancakes, thin and crumbly, plain-flavored, best when so hot the butter melted almost immediately on them. Few things could be better, I decided, with breakfast bacon and eggs. And they might intrigue guests at a dinner party, offering a tidbit from Florida's culinary past.

Unthinkable, Mary Lou told me, to use yellow cornmeal in hockeas and pone - white was essential. And how had that tradition developed? She wasn't sure. Was corn before it did yellow? Or because white meal gave a more delicate-tasting product?

Many years ago a water-driven, stone mill stuck in almost every settlement in Florida. Many people used your corn to be ground; the miller took a share for himself in payment. Water-ground meal still has the edge, some Floridians claim, over that produced by electric, steel machines. It's a finer, better-tasting granulation, they insist. But could they really tell the difference in a blindfold test between pones prepared with water-ground and machine-ground meal?

Which brings us back to Mary Lou's pone. It developed, as her hands moved among cups and bowls and spoons, that cornpone was a fancier edition of hockeas, but really not that fancy either. She said, "You use milk instead of water, mix in some white flour, add a little baking powder for lightness, some shortnin' for richness and just a touch of sugar to make it brown pretty."

She wet her hands, formed the mixture into balls and then flattened them a little in the pan. They came out of the oven as oval patties, perhaps three-fourths inch thick. She served them with a side of greens. Serve immediately with plenty of butter.

Yield: Five individual pones. Pone is a classic with greens and the liquid in which they have been cooked, called "pot likker." The initiated dunk a bit of pone in the likker.

As I sipped coffee and nibbled pone, Mary Lou explained that back in the old days when you had eggs, you added them to the pone batter, put it in the oven and created egg bread - the cornbread of today. At bag killing time, bits of connective tissue left after pork fat had been melted were put into a cornmeal dough to give crackling bread.

And but Mary Lou remembered she had to leave. She was on her way to buy fresh corn peas and would return to talk about hockeas. You won't believe it, she said, but there are more.

Meantime you might like to try my version of Mary Lou's recipes. The hockeas are especially good if you're roughing it this summer on a camping trip, cheap, easy and relatively quick. But don't try to store these breads from one meal to another before they harden quickly. On second thought you might enjoy some leftovers for that classic South snack - cornbread crumbled in butter milk.

HOCKEAS

1 cup sifted, white cornmeal
1/2 to 3/4 cup boiling water
1 to 2 tablespoons bacon fat or butter.

1. Combine the meal and salt in a small, deep bowl. Add the water bit by bit, stirring constantly with a fork. Add just enough water to dampen all the meal and make a stiff dough - stiffer than you might think desirable if you are making hockeas for the first time.

2. Wet your hands from tablespoons of the dough into thin, flat, round cakes about two inches in diameter. Arrange them as you work on wax paper. Or, if you prefer, put two tablespoons of the dough on wax paper and flatten with a spatula to a circle four inches in diameter. The dough must be stiff enough to hold its shape when lifted from the paper with a spatula. If it seems soft, return it to the bowl and work in more meal.

3. Over a medium high heat, heat a tablespoon of the fat till hot but not smoking in a heavy 10-inch fry pan. Adjust the heat at moderately low. Put eight small cakes or four large ones in the pan. Cook three to four minutes on each side, turning once, or until they are golden brown on both sides. Remove and keep warm. Heat remaining fat and finish cooking the remaining half of the dough. Serve as hot as possible with butter. Some Floridians like hockeas with cane syrup, too.

Yield: Four servings.

CORN PONE

3 tablespoons shortening
1 cup sifted white cornmeal
1-3 cup flour
2 teaspoons baking powder
1 teaspoon sugar
1/2 cup milk
1/2 cup milk

1. Put the shortening in a heavy, iron, 10-inch fry pan. Set the pan in the oven and let it heat to 400 degrees F.

2. In a small, deep bowl combine the cornmeal, flour, baking powder, sugar and salt. Add the milk and the shortening, which will have melted. Stir till a soft dough forms. 3. Wet your hands and using about a third cup of the mixture, form it in balls. Set them in the preheated fry pan and slightly flatten into oval patties. Bake in the preheated oven about 20 minutes, or till a delicious brown. Serve immediately with plenty of butter.

Yield: Five individual pones. Pone is a classic with greens and the liquid in which they have been cooked, called "pot likker." The initiated dunk a bit of pone in the likker.

Avon Park Grange Report

By LAVERNE A. FULLMER
Avon Park Grange met Tuesday, May 22 with Past-Master, Alfred Haviland presiding. Harriet Higgs was reported. Alf Higgs, Ralph Fullmer reported that the zinnias at the west end of the Mall are in full bloom, and the flowers standing the heat fairly well, having been mulched and kept watered by Ralph and Elmer Fullmer.

Some people do not understand that the animals on the Mall were planted by members of Avon Park Grange and are being cared for by members of the Grange as community property for the enjoyment of the public.

The program was in charge of the Lecturer, LaVerne Palmer, who wrote a letter to the National Grange Contest. The talk, "Talk Up The Grange," was presented by Lillian Seeger LaVerne Palmer, Alfred Haviland, Bessie Trude and Grace Warner. Other numbers on the program were: Vocal Solo, "I'm Glad We Belong To The Grange, Maggie" by Edith Martensen; Ten Thoughts To Ponder by the Lecturer; You need Birds in Your Garden by Gertrude Slocum; Gardens for Birds by Ralph Fullmer; Imported Grass Menaces Florida by Loyd Slocum and Patriotism by Leona Smith.

Two thoughts for the day - "No two of us are alike and we are both glad of it."

During the social hour, refreshments were served by Mary and Alfred Haviland. The next meeting will be held in the Men's Bible Classroom of the First United Methodist Church on Tuesday, June 12, at 8 p.m.

Letter To The Editor

An Open Letter to the Citizens of Avon Park:

As an extensive world traveler and recent newcomer to the "Ridge" of Central Florida, I should like to take this opportunity to thank you all for the wonderful "Southern Hospitality" that has been shown our family since our arrival in your city.

The friendly, courteous and Christian attitude exemplified by all local business men in their dealings with us has been gratifying. I realize that communities want to grow, but growth entails change, and to lose the unique friendly charm characterized in Avon Park today would be a calamity of the "nth" degree. I know nothing stands still, so I want to publicly thank today's citizens for today's wonderful feeling of cooperation - your wonderful High School band, your wonderful Chamber of Commerce, Winter Tourist Club, your great Churches that thank God, your scenic lakes, your Mayor, even your car dealers are of a high moral caliber. God Bless you all.

We are soon to leave this fine Community but will treasure our memories and friends acquired while here. We shall remember you just as you are today. Again, God Bless you Avon Park residents.

The Wrights,
Will, Sue and Cheri Lyn

YES ABBY. THIS PHOTO is by Sharpe. It seems we really have one avid reader of "The Avon Park Sun" in the Eugene Swearingin family. It was reported that Abby was drawing pictures in the Language

Arts class of Mrs. Shirley Furr, (pictured above with Abby Land captioned) the drawing. PHOTO BY SHARPE. So, thanks Abby for a face lifter, and this Photo is by Sharpe.

THE PHYSICAL EDUCATION Department at Avon Park Middle School has just acquired a new piece of equipment - a brand new trampoline! What's so great about a trampoline? Well, if you'd come watch the students taking turns, while the rest of the class acts as spotters, you'd understand. A stop watch is used to be sure every one has equal time. Very few schools with grades five through eight, have a gymnasium of their own for P.E. classes, so the students

and teachers at A. P. Middle School feel very fortunate in having a gym. Mrs. Andy Miracle, P.E. teacher for the girls, and Ken Shackelford, coach and teacher of P.E. for boys, are very happy to acquire pieces of larger equipment, the trampoline and two new ping pong tables, a good beginning they feel. Mrs. Miracle is shown above with part of the sixth grade P.E. class. Photo by Sharpe.

"TAKE YOUR PLACES, PLEASE"

Many of our young Americans are soon to hear this phrase as they wait to receive their diplomas. They have earned this symbol of their education and should now be prepared to take their place in society.

It is our fervent hope as Americans that our young people will be willing and able to share the responsibilities which are a necessary part of our system. Let us blend our experience with their idealism and dedication to form a stronger national unity. Together we can form new policies and choose new leaders to ensure the continuance of our freedom.

Young Americans, take your places, please, and let's make it a joint effort to **KEEP AMERICA STRONG!**

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours — ours because we are Americans.

Real Estate Licensees

How Big is BIG MONEY?

To some people it is making \$1,000 a month. To others \$5,000 a month, right in their own home town. We have both kinds.

Sell Your Opportunity if you qualify for the STROUT Team. Not everybody does. But ask yourself if you are ready for your real estate license to start bringing you important money. Ask too, do you really like people? And do you have common sense?

If yes, then ask for information on the "People-Business." It's mailed without obligation. Come to the start to Something Big... with the World's Largest.
