The Rev. Ernest G. Wood

Wood

The Rev. Ernest Glen Wood, 101-year-old resident of DeLand, passed away May 4 at Fish Memorial Hospital. He would have been 102 years old on June 16. The Rev. Wood had many friends in Avon Park, having visited here many times, first coming around 1890 as a young man. He was a brother of the late Mrs. Robert Mayasack who resided on North Lake Avenue, and a close friend of the late Col. and Mrs. Davidson of Hollyhurst. He has attended Avon Park's "Old Settlers" picnic many times.

Born in Chicago, Ill., June 16, 1871, the Rev. Wood was a retired Presbyterian minister and had been active in church work in DeLand until recent years. He was a graduate of Lake Forest Academy, near Chicago, and Williams College in Massachusetts. His study for the ministry began at McCormick Theological Seminary in Chicago (1894), and was graduated from Princeton Theological Seminary in 1906, and ordained the same year. The Rev. Wood has held pastorates at the Presbyterian Church in Hillsdale, N.Y.; St. Peter's Presbyterian Church in Spencertown, Second Presbyterian Church, Chicago, (assistant pastor); Immanuel Chapel of the First Presbyterian Church in Yonkers, N.Y.; and the South Salem Presbyterian Church in New York. He was pastor emeritus of St. Peter's Presbyterian Church in Spencertown, N.Y., a title he had held since his retirement

from the active ministry over 30 years ago.

Before beginning his career as a minister, the Rev. Mr. Wood was a teacher at Hill School for Boys; assistant secretary of the Chicago Children's Aid Society; a high school teacher at Harvey, Ill., and a member of the faculty at Northwestern Military Academy of Highland Park, Ill. During his tour at the military school he was commissioned captain in the Illinois National Guard.

Survivors include his widow, Eva, 101 N. Amelia Ave., and children, George Currey, Macon, Ga.; Russell Currey, DeLand; Mrs. Sniley Merry, Mt. Dora; Miss Alice Haines, Lockport, N.Y.; several grandchildren and great grandchildren.

Funeral services were held at 11 a.m. on Monday, May 7, in the First Presbyterian Church, DeLand, with Dr. Hugh Ash, pastor, officiating. Burial was in DeLand Memorial Gardens. Donations were made to the previously established Ernest Glen Wood Scholarship Fund at First Presbyterian Church. The fund was established for the purpose of assisting young persons who want to enter Christian service so that they could carry on the work loved so much by the Rev. Wood.

The Allen-Summerhill Funeral Home was in charge of arrangements.

Garrison

Mrs. Doris P. Garrison, age 58, passed away suddenly at her home Saturday, June 2.

Mrs. Garrison was a Clerk, coming here about 20 years ago. She was preceded in death by her mother, Mrs. Lucy I. Powers, July 1972.

Survivors include: Son, Gary S. Garrison, Springfield, Mass.; and one sister, Mrs. Alden W. (Florence) Smith, Cos Cob, Conn.

Funeral services were held from the Dickerson-Streeter Funeral Home, Springfield, Mass., with burial in Oak Grove Cemetery, Springfield. Stephenson-Smith in charge of local arrangements.

Hollingshead

Leonard M. Hollingshead, age 78, passed away at Walker Memorial Hospital, Sunday, June 3.

Mr. Hollingshead was a Veteran of World War I, and retired from North American Air Planes, Columbus, Ohio; and member of Eagles Lodge. He came here 15 years ago.

Survivors include his widow, Helen, Avon Park; Daughters, Bonnie Toothman, Anna Griffith, Mildred Baker, Teletha Triplett and Alvie Salyer, all of Columbus, Ohio; Sons, Verne and Walter of Ohio and Norman of Avon Park; two brothers and five sisters; 22 grandchildren and two great-grandchildren.

Burial in Radcliffe, Venton County, Ohio, from the Strong and Son Funeral Home; Stephenson-Smith Funeral Home in charge of local arrangements.

64 Golfers Play In River Green Third Invitational

The third annual Ladies Invitational was held at River Green Golf Course on Tuesday, May 29. Sixty-four enthusiastic ladies braved the hot sun and humid weather to play 18-holes of golf.

Many people with excellent ideas on how to run the Ship of State can't even paddle their own canoe.

When a gal finds she's the only pebble on the beach, she quickly becomes a little bolder.

The luncheon that followed was attended by 75 guests, with door prizes, booty prizes and trophies being awarded after the delicious meal. The luncheon table was covered with yellow linen and centered an arrangement of spring flowers. Focal point on the table was a large melon fashioned as a basket, filled with assorted melon balls. African violets centered the yellow linen covered tables net, first place, Ethel Hough, where the guests were seated, Placid Lakes; and low net, with each place marked with second place, Lorraine Tucker, golf balls and flags on the No. River Greens.

Ross Hendrick, Golf Pro at River Green, was assisted by Bernice Yester, president of the River Green Golfettes, in the presentation of prizes. Trophies were presented to the following: low gross, first place, Nell Redd, Pinecrest and Frostproof; low gross, second place, Margie Bodenham, Sun 'n Lake; low yellow linen covered tables net, first place, Ethel Hough, where the guests were seated, Placid Lakes; and low net, with each place marked with second place, Lorraine Tucker, golf balls and flags on the No. River Greens.

Growth Causes Need For Water, Sewer Improvements

Avon Park's growth through the past years has necessitated major improvements to the water and sewer systems.

The City recognized this fact nine years ago and employed Dawkins & Associates as city engineers in September, 1964. This was the first step on what proved to be the extremely rocky road of progress.

In May, 1965, a program amounting to \$891,000 was approved by Council; in August that year, Council voted the issuance of \$755,000 in bonds to pay for the project, eliminating water improvements from the plan since \$46,000 were anticipated in grants.

Petitions were circulated against the project and City Council decided to build only the treatment plant portion of the plans. County and State health department personnel warned that this was the minimum needed to improve the sewer system according to requirements of law.

In September, 1966, a contract in the amount of \$151,400 was let for construction of a sewer treatment plant with a capacity of 300,000 gallons per day. Bonds were sold in the amount of \$130,000 and the plant was put in operation in July of 1967.

With the need for additional sewers becoming more pressing, two years later the City Council authorized Dawkins & Associates to prepare an up-to-date engineering report to cover sewers for approximately 94 per cent of the city, rather than the smaller area covered in 1965. Their report was submitted in April 1970.

In the fall of 1970, Mayor Robert Barben, Council President Don Serdynski and city engineer Emory Dawkins made a trip to the office of HUD (Department of Housing and Urban Development) in Atlanta and submitted an application for a grant to implement the sewer and water improvements. They were well received and hopes were high that the program could soon be started. However, a few weeks later the City was notified by HUD that they could not make any grants until the City had completed a comprehensive Planning Study.

Several planning consultants were interviewed and eventually the firm of Cardeau, Fleissner and Associates was employed to prepare a master plan which would satisfy the requirements of HUD. This same firm had completed a master plan study for Sebring and was then engaged in a master plan study for Highlands County.

Due to cutbacks in Federal programs by President Nixon, funds for grants on water and sewer improvements were severely curtailed. In March of this year, HUD returned to the city all applications and engineering documents which had been submitted.

Then, on March 14, city hopes for financing were high again when city officials met with representatives of the Department of Pollution Control and the Farmer's Home Administration. Recent changes in law made cities of

less than 10,000 population eligible for aid where the previous limit was 5,000 population. Mr. Wallace McCormick of the Okeechobee office of FHA said they could offer the city a \$85,000,000 loan for 40 years at 5 per cent interest rate. This was confirmed by Mr. Robert Jones of the Fort Myers office of FHA. Mr. Thomas Ard from the Punta Gorda office of the Department of Pollution Control reported that the city could borrow funds from the state \$100,000 revolving fund for the actual construction and this loan would then be repaid from the permanent loan from FHA.

The City Council authorized Dawkins and Associates to complete the necessary work to file an application with FHA. Two days later a message was received from FHA that the state office in Gainesville had committed all funds for this fiscal year prior to the meeting of their district officials in Avon Park, and optimism took another plunge.

However, when the Council met on May 14, Mr. Dawkins was present to inform them that a large project which was to have been financed by FHA had been cancelled and funds were again available for Avon Park. The dead line for filing an application was May 18, since all paper work must be completed and funds granted prior to the June 30 deadline.

The City Council authorized filing of an application for an FTIA loan in the amount of \$3,500,000 and this application was submitted on May 18. The final amount borrowed will depend on what grants, if any, are forthcoming from the government in the form of Environmental Protection Agency grants. Certain parts of the proposed construction are eligible for EPA grants up to 75 per cent of cost. However, the engineers warned that construction costs are increasing at the rate of 1 per cent per month and the extra delay might mean that benefits of any grant could be eroded by the increased construction costs.

The proposed improvements provide for sewer lines to cover an area which would provide service for 94 per cent of the city's land area. Included are improvements to the water system covering 1/2 million gallon ground storage tank, aeration and chlorination of the water supply and high speed pumps, plus additional large size water line extensions.

City officials are now awaiting word that the requested funds have been definitely committed. Much work and planning has gone into this year effort toward the betterment of Avon Park. Perhaps the road of progress for the city will be a smoother one in the future.

THREE OF THE Fifth Grade Social Studies Classes were assigned a "Build a City Project." These projects were judged impartially by Mrs. Betty Barber and Mrs. Gladys Hemphill. They awarded first, second and third place ribbons and five honorable mention ribbons in each class. The winners are pictured above, from left, first row, Jamie Casey, third place; Farris Jahna, first; Shellie Maxwell, first; Farris Farless, first. Second row Cindy Spire.

"We Service Our Own"

Art Class Introduced To Poetry Unit

Mrs. Furr's language arts class recently enjoyed a poetry unit, introduced to them by Mrs. Edge during several library periods.

As an outgrowth of the unit, the pupils began to create their own poems. They also used several more periods to browse, read and copy some poems they especially liked.

Following are some of the poems and things the fourth graders were thinking about during the last days of school.

BOYS
Black, white, rotten rats, stinky skunks, loud mouths, I can't stand noisy boys, Males. (Linda C.)
MICE
Small, squeaky, eats, chews, sleeps, That Mouse is too squeaky, Rat. (Darby E.)
CLOCK
Black, white, Ticks, tocks and alarms. Tells time and is a noisy Machine. (Renée F.)
CAT
Black, white, Meows, purrs, yawns. Gives a nice soft feeling. Animal. (Emily S.)

JODY
Freckled, blue-eyed, Fast double-jointed, Noddy, I like Mrs. Furr. Me. (Jody J.)
PENCIL
Mark, jot, Write scribble, draw. A pencil writes with love. Tool. (Billy T.)
HORSES
Black, brown, Kicking, running, jumping, I like wild horses. Morgan. (Darlene S.)
GIRL
A nice thing to be. Can do almost everything. Someone to love. Lady. (Rejan)
COACH
Handsome, king, Talks, yells, paddles. I like the coach, Mr. Herndon. (Dolores B.)
TEACHERS
Mean, horrible. Yelling at kids. I hate mean, horrible teachers, Instructor. (Frank)
AND I'LL BET they were also thinking about summer, vacation, sleeping late, watermelon, swimming, fun, traveling, seashore, mountains, cool breeze, ice cream, reading, loafing and making a chauffeur out of mom.

Dr. Luyben Promoted To Professor At Lehigh University

Dr. William L. Luyben, son of Mrs. Beatrice D. Luyben, and the late A. M. Luyben of Zieglerville, Pa., (and former Avon Park residents), has been promoted to the rank of full professor in Lehigh University's department of chemical engineering, effective Aug. 30. The announcement was made by Lehigh provost and vice president, Dr. Albert C. Zetlemoyer.

Dr. Luyben earned his B. S. Degree at Pennsylvania State University, his M. B. A. at Rutgers University, and his Ph. D. at the University of Delaware. He is a member of the American Institute of Chemical Engineering, and is the author of one book, and of 37 articles published in journals relative to his field. The Luybens were former

residents of Avon Park Lakes and have since been made while living here in Avon Park.

Committee Meets At Clarke Home

The Program Committee of the Avon Park Woman's Club met at the home of Mrs. Thos. R. Clarke last Friday morning and planned what they consider a real good program for the 1973-74 club year. The chairman of the various departments attending were: Mrs. Art Turner, Home Dept.; Mrs. Wendell Smith, Education Dept.; Mrs. Harold Garrison, Fine Arts Dept.; Mrs. Mervin Rehner, Civic and Foreign Affairs. Also attending was the club president, Mrs. W. Carlyle Smith.

Food for Thought

By Jane Nickerson

Peck Smith has just driven back to Perry from Tallahassee where he cooked swamp cabbage, fried mullet and stirred up cheese grits for a party planned for 100 but attended by 300. A state legislator who represents his district in Taylor County gave the fish fry for some of his colleagues.

Peck got into the act not because he is tax collector of that northeast Florida county, of which Perry is the seat, but because he is among the brilliant kitchen stars of the Panhandle. He is a amateur who cooks like a professional, whose melt-in-the-mouth sweet-potato biscuits are the kind Juno might have served Jupiter-had they lost their Latin accents and become Southerners.

But it was of that regional Florida delicacy, swamp cabbage, and not of biscuits, that we chatted recently. As every native son can tell you, swamp cabbage is no kin to cabbage at all. Rather it's the pale, tender, delicately flavored core of the sabal palm, our state tree and the commonest variety of palm in Florida, growing 50 to 80 feet tall from the Keys to the Apalachicola River. Hearts of palm is another more elegant, and to my mind more descriptive, name for this - well, what shall we call it, a vegetable?

Wooded Taylor County, the self-styled "tre capital of the South," boasts more trees than people, supplying lumber for the paper mills in the region. Peck said the sabal or cabbage palms sprout in plant-pine areas there, producing "vintage cures" that taste superior to those grown elsewhere. The region is a kind of Burgundy for sabal palms.

Though telling one of those trees and cooking its cabbage are not things I plan to do this summer, I was curious about the preparation. Peck told me:

"Don't trim the bud too close to the base, which can be bitter. Slice it across in rings about a fourth-inch thick. Fry out some

bacon, even better some country-cured meat. Add the cabbage. A lot of folks put in water and sugar. But you don't need either. The cabbage gives up juice of its own. Just cover the pot tightly and simmer till tender, 30 or 40 minutes. Season with salt and pepper, of course, and maybe a mite of onion."

As the choice for a fish fry, Peck reminded me, mullet has two or three things to recommend it. A high fat content keeps it from drying out in cooking. And because it's among the most plentiful fish in Florida waters, it's more available than many species and cheaper, too. Peck thinks the skin must be retained in filleting, because it helps the mullet hold its shape in cooking. Some of his other suggestions are written into this recipe, which I worked out from directions he gave me, scaling down his quantities for household use.

PECK SMITH'S FRIED MULLET
3 pounds mullet, filleted but not skinned
2 teaspoons salt
Peanut oil
Yellow cornmeal
1. Salt the fish an hour or so in advance of cooking and let stand at room temperature. Chilled fish excessively lowers the temperature of deep fat.

2. Choose a heavy iron fry pan or an automatic deep-fat fryer. Add peanut oil to a depth that will cover the fish completely. Heat the oil till it is very hot but not smoking (375 degrees F.). Peanut oil is excellent for the purpose because it can be heated to a high degree before it starts smoking. Smoking signals decomposition of fats and oils, injurious to both flavor and digestions.
3. Dip the salted fillets in cornmeal, shake off any excess and drop them in the heated oil. Do not overcook. Cook three to five minutes; the shorter time may prove preferable. Drain on paper. Keep hot. Serve as soon as possible.

Yield: Four servings.

Christain Scientists Asked To Do More For Humanity

Do more to "help humanity through spiritual means." This was an appeal heard in Boston, Monday (June 4), by some 12,000 Christian Scientists from around the world, including a number from Florida.

David E. Sleeper, the new Chairman of The Christian Science Board of Directors, said at the Annual Meeting of the denomination that interest in Christian healing is growing in various countries but much more remains to be done. "The whole human race," he said, "needs the ministering, healing, saving support of the Christ. And we can serve that Christian purpose better than we're doing."

According to Roy K. Bottorff, the Committee on Publication for Florida, the five-year goal of the denomination - increased emphasis on spiritual healing - is being vigorously emphasized at the local level. A milestone in the history of The First Church of Christ, Scientist, in Boston, Mass., the Annual Meeting was the first to be held after occupancy of the new Christian Science Center by the headquarters of the denomination. The theme of the meeting was "Every Church Activity a Healing Activity."

Mr. Sleeper in his keynote address said that right in the middle of a "problem-prone, trouble-ridden society God's everpresent love and care can be known and experienced." The world needs a "more spiritually enlightened sense of brotherhood and unity," he said. "This calls upon us all to progress in expressing the Christian qualities of love (God) throughout our churches - more patience, gentleness, compassion, understanding. It is not enough that we talk love and equality. We must show it."

Mr. Sleeper, the new Board Chairman, was brought up in Texas. In 1954 he left the oil exploration business in Dallas to enter the public practice of Christian Science.

He became a teacher of Christian Science in 1961. Prior to joining the five-member Board of Directors in 1969, he served as Executive Administrator of The Mother Church and as Manager of Committees on Publication.

A. the meeting, Marc Engeler, a former bank executive in Geneva, Switzerland, was named Treasurer of the Church, the first from outside the United States to hold the position.

Albert Bankart Critchlow of Trinidad, West Indies, was recently named to The Christian Science Board of Lectureship. Mr. Critchlow is the first black to serve as a Christian Science lecturer.

The Church organization began in 1879 with the formation of the Church of Christ, Scientist, in Boston, Mass., four years after publication of the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy. Today there are some 3,200 churches throughout the world, including 98 in Florida.

Christian Science Society of Avon Park, located in the Avon Park Lakes area, is a branch of

The First Church of Christ, Scientist, in Boston, Mass. The public is cordially invited to attend their church services held every Sunday morning at 11 a.m.; also pupils up to the age of twenty years will be lovingly welcomed in

the Sunday School which convenes at 11 a.m. The church also maintains a Reading Room in their Sunday School building which is open every Friday afternoon from 1:30 to 3 p.m.

Dr. And Mrs. King Attends Son's Graduation

Dr. and Mrs. Sam King attended graduation at the University of Wyoming in Laramie on May 20, where

their son, Bruce, received the Master of Science Degree in Chemistry, and a friend, Barbara Uria, received the Bachelor of Science degree in Home Economics.

Savings Bonds Sold In County Is \$67,492

Sales of Series E & H United States Savings Bonds in Florida during April were \$13.2 million-up 3.8 per cent over April 1972. Florida residents purchased \$54.6 million in Bonds the first four months of this year—an increase of \$6.6 million over the same period last year. The state attained 41.2 per cent of its 1973 sales goal April 30.

A. Clewis Howell, State Volunteer Savings Bonds Chairman reported Bond sales in Highlands County during April were \$67,492. The county reached 39.4 per cent of its 1973 sales goal the end of April.

Mr. Howell noted that as of April 30 Americans held \$59.3 billion in U. S. Savings Bonds, which is an increase of \$3.4 billion over April of last year.

The following week they were the guests in the home of Barbara's parents, Mr. and Mrs. Kaz Urir, of Worland, Wyoming. Much enjoyed were the features of the Big Horn basin and the near-by Grand Tetons and Yellowstone National Parks.

Upon return to Florida, Dr. and Mrs. King visited in Orlando and he attended a Masters course in Electrophysiology, sponsored by the University of Miami School of Medicine.

June 3, their daughter and son-in-law, Sally Beth and Michael White, arrived from Pittsburgh for a 3-day visit. Michael is a candidate for the degree of master of Philosophy at Du-Queene University, and Sally Beth is on the staff of the Allegheny Valley home for exceptional children.

Adams And Watson Wins Tennis Open

Last Sunday, June 3, the Avon Park Sun Tennis Open came to a victorious halt for Barbara Adams and Marcia Watson as they downed Pat James and Cheryl Mincey, 7-6 and 6-0. Spectators watched excitedly as James and Mincey fought for each point, but good

teamwork along with overwhelming heat finally overcame the tennis couple.

On June 2 with the beginning of the tournament there were some exciting upsets. The semi-finals saw Roby Sizemore defeated by Adams

and Watson, 6-3, 3-6, 6-4, and Carlisle Ferguson downed by James-Mincey, 7-6, 6-4.

The tournament is considered to have been a great success for Highlands County with nine women's doubles teams competing. Good sportsmanship and enthusiasm were evident throughout the tournament. Based on the success of this tournament the Highlands County Tennis Association will be planning other tournaments in the near future.

Thank you!

For a few days, recently, we lived with the definite threat of a power shortage. It didn't happen. One reason it didn't was because you helped. You turned off air conditioners — or raised the temperature to 80 degrees. You prepared the evening meal in the morning. Did the laundry when you might have been watching the late show.

When the need was greatest — particularly between 4 and 8 p.m. — you came through by cutting back on the use of electricity in hundreds of ways.

You helped save the day. And the lights.

We would like to be able to say that we won't need your help in this way again. If the weather is reasonable and there is no major power plant breakdown, perhaps we won't. But if we do, it is comforting to know that we can count on you. And that you can count on each other.

Our sincere gratitude is one thing. But, beyond that, there's the pride that you can share in knowing that you helped avert a power failure.

Thank you.

The Board of County Commissioners agreed May 29 to schedule hearings for June 26, to obtain public reaction to its revised mobile home code, subdivision regulations and rules governing building industry contractors.

Roy Alexander, secretary of the Highlands County Builders Assoc., informed the commissioners that his organization had approved the revised ordinance that regulates, certifies and registers building contractors operating in the county.

Building Official, Bill Young explained a new clause in the ordinance that would give mobile home dealers and park owners 30 days in which to be certified for specific construction and repair work they perform in the furtherance of their businesses.

Young said that mobile home park owners and dealers would be permitted to register under a "grandfather" provision of the ordinance and obtain authorization to lay concrete pads, build carports and utility sheds, and connect mobile homes to electrical and sewage service outlets.

Young also introduced a provision in the ordinance that establishes certain subcontractor exemptions.

According to Young, this would permit licensed employees of subcontractors certified for specialty work (electrical, plumbing, etc.), to be used on jobs supervised by general contractors. However, these same unlicensed employees, no matter how experienced, would not be authorized to work for an owner-builder until they obtained specialty licenses.

On June 26, public hearings will follow this schedule: 9:30 a.m., regulation, certification or registration of contractors; 10 a.m., subdivision regulations; 10:30 a.m., mobile home regulations.

In other actions, the commissioners (all members present):

- Centralized all billing and collection functions associated with the county's ambulance service in the office of the Clerk of the Courts.
- Postponed a decision on paving streets in Sebring Country Estates until it prepares the next Road and Bridge Department priority list in April 1974.
- Denied the request of Mrs. C. L. Bailey, Lake McCoy Drive, Lake Placid, for reimbursement in the amount

of \$10 for the expense of priming a water pump used by the Road and Bridge Department. County engineer Gordon Hays informed the commissioners that county work crews had spent upwards of \$1000 installing two catch basins, 250 feet of pipe and curbs to reduce the effects of a local flooding conditions on Mrs. Bailey's property.

Authorized Sheriff O. L. Raulerson Jr. to spend \$800 to replace two 1,000 gallon gas tanks at the county jail with a single 3000 gallon tank.

Agreed to print 50 copies of the county's revised subdivision regulations, to provide free copies to county officials and to sell the remaining copies to the public at \$7.50 each.

Instructed Administrative Assistant Charles Cullens to decline Attorney Harry Lee's offer to sell the county his 200x190 foot tract of land on S. Commerce Ave. opposite the courthouse for \$100,000.

Heard Charles L. Boun report that he had received a letter from Florida's Attorney General stating that prisoners could be used to remove trash from county roads.

Authorized the Civil Defense Director to employ Nancy Graf for one week.

Approved a deputy sheriff's bond for Leonard Hardy.

Auto mechanics, typing courses being offered

The vocational, technical and adult division of South Florida Junior College will offer typing and auto mechanics as their summer offerings for 1973.

Both of these classes will give high school completion credit and the auto mechanics will apply, if desired, to an automotive mechanics certificate that may be earned at South Florida Junior College. High school students from Highlands and Hardee counties may participate in these programs for credit with permission of their high school principals. Registration by mail forms are available at South Florida Junior College and in the guidance departments of all local high schools. Fees for both classes will be \$10 plus books.

Both programs will begin at 8:30 a.m. June 14. The typing class will terminate at 11:30 a.m. each day and the auto mechanics class will finish at 3 p.m.

Any person desiring further information about these classes should contact the vocational and adult education office at 453-6661 in Avon Park.

Burger Queen to sponsor free movies for kids

Burger Queen will sponsor a series of summer kids movies at Southgate Rocking Chair theater, running each Saturday at 10 a.m. through July 7.

All children will be admitted free and each youngster will receive a burger check good for one hamburger and will be eligible to register for a 10 speed bike.

SCIENCE and GOD

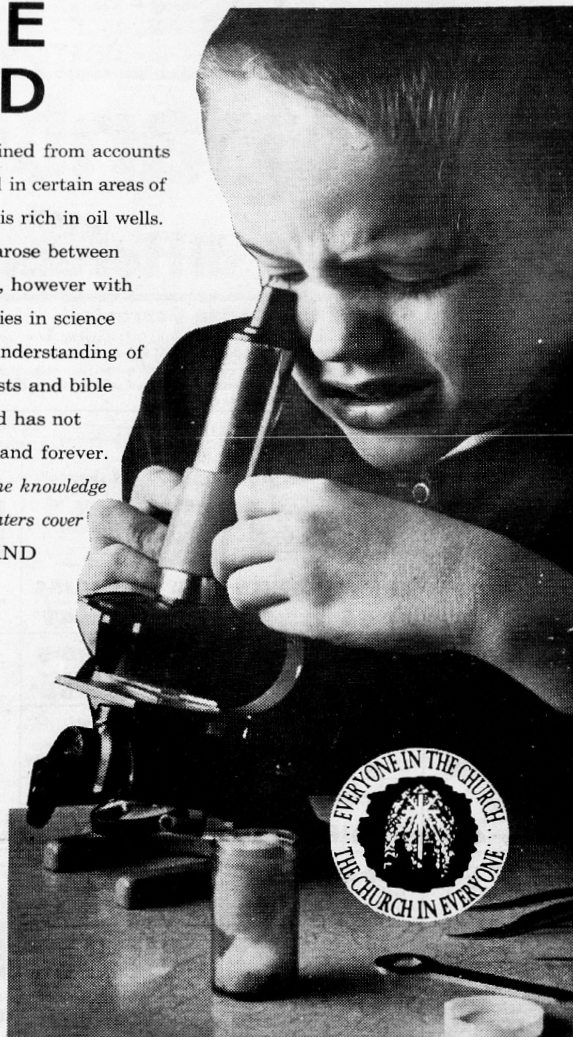

Not too long ago, a man determined from accounts in the bible that oil could be found in certain areas of bible lands . . . now this country is rich in oil wells.

In the past, vigorous arguments arose between some scientists and bible scholars, however with the passing of time, new discoveries in science have helped us to have a better understanding of God's word and now most scientists and bible scholars are in accord. God's word has not needed to be proved, for it will stand forever.

"For the earth shall be filled with the knowledge of the glory of the LORD, as the waters cover the sea." ATTEND CHURCH AND STUDY GOD'S WORD.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

City Council Hires Full Time Recreation Director At Meeting

The long-time aim of many interested citizens of Avon Park is nearing realization.

The City Council, on Monday evening, unanimously approved the recommendation of the Recreation Council to employ Dennis Guenther for the position of City Recreation Director, at a yearly salary of \$8,000.

Mrs. Ophelia Ribner, of the Recreation Council, stated that the choice was based on the fact that, in addition to being trained, Mr. Guenther was married and would settle in Avon Park; also, he will be available immediately.

Mrs. Eileen Martin extended an invitation from the Recreation Council to a dance which will be held at the Armory on June 18. Two bands will play for the occasion.

Six young men from the black community were present and inquired as to plans for recreation in the south end of town and as to who represented them on the Recreation Council and the City Council. They were informed that Fred Conner and Ernest Sims represented them, as well as a mixed group of young people from the high school, who served as advisors to the Recreation Council. Mr. King explained the process of filing for candidacy in city elections. He also stated that any group is welcome to appear before the council by requesting a place on the agenda for their spokesman. The request must be made by noon on the Friday preceding the regular meeting on Monday.

Since no one appeared to protest, Ordinance No. 537 was placed on first reading. Ordinance No. 537 classifies Edgewood Street from U.S. 27 South, one block to the west, Edgewood Street will be relocated 100 feet to the south. City Attorney Hancock announced that a hearing for Avon Park on the burning at city dump had been set for Wednesday, July 11 in Tallahassee. Mr. Hancock, City Clerk Malcolm Crews and Fire Chief Flowers will attend.

The report of the Zoning Commission, Council appointed James Heim and Kenny Long to a one year term, Ray Roy and Duane Kopta to two year terms and B. Alvis Cox to a three year term on such a board.

Mr. King requested information on purchasing of supplies and feeding prisoners at the city jail. In the ensuing discussion, Chief Cribb and Mayor Barben commented on the problem. They had learned that the cost of feeding prisoners in Sebring averaged \$1.35 per day per man. Both men felt that quantity buying, which would entail adequate storage and freezer space, could cut costs in Avon Park.

In accordance with the regulations of the Department of Community Affairs Police Standards Board, Police Chief Cribb was granted \$30 per month for completion of 80 hours of additional training. The appearance of Kernal Cobb in regard to city requirement for permits on roofing work gave rise to a spirited discussion. Mr. Cobb felt that waiting for inspection could hinder his work when weather made speed necessary.

Building Inspector Elberbe replied that advance notice insured his appearance in 30 minutes.

Attorney Hancock stated that the code was quite clear that a permit was required. The general feeling seemed to be that permits and inspection served as protection for the consumer against un-

scrupulous non-local operators.

The problem was resolved when Mr. Cobb agreed to work under inspection for 90 days to see how the system operated.

Mr. Hancock reported that the National Electrical Code made it unlawful to supply power until the electrical work was approved and that the Building Code provides for a

Certificate of Occupancy. The attorney was asked to prepare an ordinance amending the code to specify that permanent electrical service was not to be connected until the final inspection of the building—and the National Electrical Code made it unlawful to supply power until the electrical work was approved and that the Building Code provides for a

Certificate of Occupancy. Council approved the purchase of a bulldozer with hydraulic blade at a net cost of

12,916 from Fields Equipment Co., and a check protector from Burroughs Corp. for a net cost of \$800.

City Clerk Crews reported that the County Commission had agreed to take bids on a site for the proposed County building in Avon Park. He also informed the Council that he had letters from the Department of Transportation

relative to signal lights in Avon Park. DOT stated that the county budget on signal lights was overspent by \$84,000 and something would have to be deleted from the 1973-74 budget if lights at State Road 64 and Highlands Ave. were to be included. Also, DOT has written the Seaboard Coast Line Railroad to expedite the work for signals at the rail crossing on Main Street.

In a final unanimous motion, Council voted to establish a pay scale of up to \$7,200 annually for the city librarian with the proviso that any non-resident be required to establish residence within 90 days of employment.

Senator Gallen Is Outstanding Freshman

Sen. Tom Gallen of District 24, which includes Highlands County, received honorable mention as "outstanding freshman" in the Florida Senate in a poll conducted by the Pensacola News-Journal.

Senator Gallen is the only senator serving on four substantive committees. Senator Gallen successfully introduced two major bills and a number of amendments to legislation. Prior to serving in the Senate he was in the Legislature for several years.

\$500,000 Have To Be Chopped Or Raise Taxes

Highlands County commissioners face chopping more than half a million dollars out of budget requests if the county is to hold the line on ad valorem taxes.

In a work session June 12, the commissioners took their first look at the requests for the 1973-74 fiscal year. Clerk Earl Rich pointed out that the \$2,857,397 asked for general, fine and forfeiture and for road and bridge funds are completely tentative, passed on to the commissioners without any preliminary evaluations and often with incomplete information from Tallahassee.

The current county levy is 5.43 mills with each mill producing \$270,000 income. Tax Assessor J. W. (Bilby) Martin estimates that in the coming year a mill will yield \$285,000. Rich and Deputy Clerk Jim Pyle told the commissioners that a levy of 8.046 mills would be needed to fund the next budget if all proposals were granted as they stood this week. At the initial work

session the commissioners began penciling in new, lower figures on some general funds requests.

Some higher figures were penciled in too. The 1973 Legislature provided new salary schedules for elected county officials. Commissioners salaries, listed in the preliminary budget at \$5,000 each, will go up at least 20 per cent.

New salaries
Commissioner Buddy Wise pointed out that since the new law provides for additional pay for larger populations, the pay in Highlands County might be as much as \$7,850. Pay for other elected county officials also goes up too but details on the new salaries are coming from Tallahassee piecemeal. Salaries for all judges and for some other court staff are paid by the state. Clerk Rich said legislation had been proposed for the state to assume even more of the court

costs, particularly in the juvenile court section. To date the county has not been notified whether these proposals were voted, so the budget proposals were drawn under the 1972-73 regulations.

The commissioners debated briefly on continuing county employee salary policies with provisions for merit pay and cost of living increases. No decision was reached on this or on most of the other items on the agenda for the work session.

The only portion of the budget on which the commission was ready to make a firm commitment was from the Highlands County office of the state auditor general. A request for \$280 for new equipment was approved.

Chairman Robert Skipper presided over the work session. Other commissioners present were Buddy Wise, Norman Heston and Ken Wilkinson, Melville Bass absent.

Water Plans On Drawing Boards

The much discussed water systems improvement for Avon Park are finally being placed on the drawing boards by a unanimous vote of the city council last Monday evening, as Bill Simpson, representing Dawkins and Associates, appeared before the city representatives.

"I don't think there's anything more important in Avon Park," stated Council President Clarence King, "than an adequate water supply."

Simpson appeared before the council in reply to a request from the city on an engineering proposal which would encompass approximately one-half of the planned water system program.

The city is presently trying to

push this much needed work to comply with state regulations of chlorinating the city's water supply.

"I'm in favor of doing it all at one time," said King.

"We should place the money into the fund so that we aren't tempted to use it elsewhere," Council Vice-President Durrah Martin asked Simpson how long it would take to make plans for the entire plan instead of only half, and if it would be any savings to the city.

"If we planned a \$400,000 project, based on our 1964 contract with the city, you would come out a little cheaper," Simpson answered. "Then I'm in favor of having them start right now," replied Martin.

"In compliance with FHA regulations," Simpson told the body, "you must write a letter to your bonds people, Pierce, Wilbern, and Murphy and request the necessary money for this project." FHA regulations

state that if that body will loan the necessary money for the program at a reasonable interest rate, the money must be

Sarasota Youth Wins Tourney

On Saturday and Sunday, June 9 and the Fourth Annual Youth Golf Tournament, sponsored by Tommy and Lois Bagwell and Bagwell Lumber Co. was held at beautiful River Greens Golf Club.

This years tournament drew

a record 69 young golfers from all parts of central Florida. The field this year included many fine young low handicap golfers, and the golf rounds were as hot as the weather they played in.

Because of many area

schools not being closed on Friday, this years 54-hole tourney was played in two days. 27 Twenty seven holes each day on Saturday and Sunday, with shotgun starts each day at 9 a.m.

Following Sundays final

dinner was served to all tournament golfers, their families and club members that helped with the tournament, by the Bagwells. A total of more than 125 were served.

The program following dinner consisted of the introduction of the Bagwells, followed by brief remarks by Club Professional Ross Hendrick, and special guests, Attorney Mervin Rehner and Ben Hill Griffin Jr. All three praised the boys for their fine golf, good manners and outstanding sportsmanship. Special recognition was also given to the three sons of the Bagwells, Mike, Gary and Keith.

Prizes and trophies were then awarded to the winners as follows: Driving Contest No. 9 fairway, Kelly Towne of Lakeland, drive of 288 yards, awarded 288 yards, awarded 12 golf balls; Jay Williams of Sarasota, runner-up drive of 284 yards awarded six golf balls.

Close to pin on No. 8 contest—164 yards—David Weight, Lakeland, 1 ft. 5 1/2 inches, awarded new golf bag; David Abell, Fort Pierce, 2 ft. 10 inches, awarded six golf balls.

Flag Day

Next Sunday, June 17, is Flag Day and flags will be flown generally in the community, but otherwise this day of patriotism will not get much attention.

However, the flying of the flag at this time of national crisis will hopefully remind many of us that despite skulduggery in high places, this nation has survived as the land of the free and the home of the brave for a couple of centuries.

Can anybody deny the thrill and the surge of pride we feel as we stand amid the beauty of this great country and watch our flag flying in the breeze?

We are reminded to be forever grateful that ours is not the land of a dictator, of a Gestapo. The people, despite what some may feel, rule this land and the flag is their symbol of the freedom which permits this.

Some of us wear the flag in little pins; make considerable out of how it is flown, when, etc. Others, less demonstrative of their feelings of patriotism, go quietly on their way. They revere their flag in their own way.

Whichever you may be, may we point out patriotism

may be demonstrated in many ways beside flag-waving. One minor but important way to show respect for country and community is to help stop the polluting and destruction of the environment.

It should be a patriotic duty of everyone to keep his premises clean; to plant trees; and to pick up the litter from the public parkway bordering his property. Is it not highly unpatriotic to toss litter out of a car or beer cans from a boat?

Since Lake Jackson has acquired a beach, it has acquired something else too—empty beer cans along the shore.

A consideration of your community's environment is an elementary thing in patriotism.

Patriotism means different things to different people. And it was with considerable irritation we recently noted a careful of folks tossing out sandwich wrappings, etc., as they drove along eating.

As we got closer, we were able to read the bumper sticker: "America, love it or leave it."

Helpful Legislation

Rep. Lou Frey (R-Fla.) has introduced a series of bills in the House of Representatives aimed at helping our senior citizens.

One bill would eliminate the outside earnings limitations for Social Security recipients and increase the lump sum death benefit payment from the present \$255 to a more realistic \$750.

Another bill reduces the qualifying age at which homes may be sold with a reduction in capital gains tax from 65 to 60 years. The exemption rate from capital gains tax for home sales for senior citizens would be increased to \$30,000 from \$20,000.

Another provision of Frey's tax reform legislation would

grant a \$5,000 income tax exemption for all retired taxpayers at age 60. His Medicare reform legislation would require Medicare to pay for all prescription drugs and eyeglasses.

There are at least 2,000 persons within the City of Avon Park, about 27 per cent of the population, aged 65 years and over—and this legislation vitally affects them.

Senator Lawton Chiles and Rep. L. A. "Skip" Bafalis also are solidly behind the Golden Age group with recommendations for abolishing the limitation on earnings of Social Security recipients.

Bully for all of them.

Water System

borrowed from them instead of the FHA grant.

If they decline to loan this money to the city, then the letter must be sent to FHA before they will proceed. The possibility of securing the money from FHA is outstanding, according to Simpson.

With a unanimous vote, the council gave Simpson the authority to begin work on the entire project, at an estimated cost of \$32,000 from the engineering alone.

In other matters taken before the council.

A letter from Candeb, Fleising and Associates was read, requesting comments from the council on the proposed planning maps. King suggested the council ask

Candeb to supply the body with a list of all the changes in preliminary reports. The suggestion was carried unanimously.

"Gentlemen," Martin began, "Our children are growing up, and I've talked to a lot of people about this, and I suggest we take one of those ten acres by the airport and build two little league fields and two soft ball fields and build a concession stand between them to serve them all. You could also put some tennis courts out there," Martin continued.

Crews informed the council that the city could receive a grant from the Department of Natural Resources of up to \$50,000 on the project. Crews and Barben were asked to investigate the idea.

Fire Chief Flowers requested the council to allow him to have only one man on duty at night to ease the overtime his department hands are having to put in.

"We've got three new men up there and if it's alright with the council, I'd like to cut to one man at night. We've done it before during the vacation time, and it worked out alright."

"There'd be a regular man on call all night in case the man at the station has to be sent on an ambulance run," Flowers finished.

The council granted his request unanimously.

MEMBERS OF THE Recreational Council are shown above making plans for the upcoming dance to be held at the Civic Center (old armory) on Monday, June 18 from 8:30 to 12 noon. The two bands playing will be:

"Teacher Of The Year" Williams Promoted In Patrol Ranks

Florida Highway Patrolman Frank Williams has recently been promoted to the rank of Corporal, however, this promotion will be sending Frank away from our fair city and even into another county.

After being a familiar face in and around Avon Park for the past nine and a half years, Williams will take his new position in Pahokee, a place known as the "Glades area" in Palm Beach County, on June 20.

Leaving his family behind temporarily, Frank will take on the responsibility of helping to the supervising of 12 men, seeing to having them properly supplied, "and a lot of paper work." He said he hopes to be reassigned to a surrounding county in the near future.

Williams began his career in law enforcement as a Deputy Sheriff in Levy. Serving there

for one and a half years, he became a trooper and immediately transferred to Highlands County. He first lived in Lake Placid, but for only one year, then moved to our city.

In order to obtain the rank of corporal, he went into state-wide competition, testing his skills at law enforcement, manual operations, and supervision techniques. Taking this test last November of 1972, Frank placed 13 with a score of 97.75.

After serving in this position for a year, he will be eligible to take a similar test to move on to the rank of sergeant.

Replacing Williams, will be a veteran of seven years, Charlie Wells, who is presently stationed in Bradenton. Wells will take on his duties July 1.

Bagwell

Towns, Lakeland, golf balls, (214). The remaining 13 golfers in the championship flight, all received three golf balls and a golf glove.

The Hugh E. Dowling Sportsmanship trophy was awarded to 13-year-old Gary Tanner of Sarasota. The award was made in behalf of Mr. Dowling by Ben Hill Griffin Jr.

Two tournament highlights were—the course record of 31 being tied by tourney winner Jeff Tanner of the final nine-hole round Sunday; and the hole in one, on the 134 yard par 3, by 12-year-old Alex Piacock of Wauchula on Saturday's round. A special "hole-in-one" trophy and a beautiful new golf bag was awarded to Alex by River Greens members, Leon Delaney and Dale Durden.

The tournament was again considered a huge success and plans are already being made for number five coming up next June.

The Bagwells and the management of River Greens wish to thank all who helped in any way in making the tournament a success. A special thanks to the club members that helped with the officiating of the tourney and the contests connected with it, and also with the dinner on Sunday evening.

Senior Little League Starts Play Tonight

The newly formed Avon Park Senior Little League will start play tonight (Thursday) at Head Field with all four teams seeing action. The first game will be at 6 p.m. between the Reds and the Cubs and the second game will be at 8 p.m. between the Mets and the Braves.

Ronnie Jackson, the president of the new league, also announced that the four teams will also play on Saturday at 3 and 5 p.m. The Cubs will take on the Braves at three on Saturday and the Reds and the Mets will meet at five. The Mets are sponsored by Johnson Sporting Center (formerly Leon's) and are coached by Jimmy and Dennis

Hart. The Braves are sponsored by Bill Owens Ford and will be coached by Johnny Starling. The Reds have J. A. Wise Plumbing as a sponsor and will be coached by Sam Elder and Virgil Sizemore. The Cubs are sponsored by Avon Citrus Bank and will be coached by Johnny Elder and Warren Cornell.

Virgil Sizemore will serve as vice-president of the senior league this year and Mrs. Donald Ford is the secretary-treasurer of the organization. The four teams have boys between the ages of 13 and 15 on the rosters. A schedule for the rest of the season will be announced next week.

Summer Enrichment Program

Avon Elementary School will have registration for Summer Enrichment Program, June 25. Classes will be from June 26 thru July 20, from 8:30-11:45 a.m. and 1-3 p.m. (Fourth of July will be a Holiday). The Avon Elementary School Library will be open each morning during the first three weeks, (June 25-July 13) for enrichment activities.

A pre-school program for students entering first grade will be offered at the Avon Elementary School each morning during the four week program. Students who have attended Public or Migrant Kindergarten during the 1972-73 school year may attend.

Remedial Reading and Math will be taught each afternoon for those students identified by their teachers as being one or two grade levels below their assigned grade. Parents will be notified. The library will be open each afternoon for additional help for students with reading problems. Films will also be scheduled at designated times throughout the four week period.

Physical Education Activities will be scheduled in the morning and afternoon and will be at Avon Elementary School. Swimming will be offered sometime during the summer. A school bus will bring students from Hopewell in the morning and return them at noon and pick them up in the afternoon, beginning June 26.

Financial Aid

For Pool

County Commissioners listened and appointed one of their number to serve on a special committee for the community swimming pool project, but did not commit themselves to help financially today.

Commissioner Ken Wilkinson volunteered to serve on the committee and was appointed by Chairman Robert Skipper after a request for \$25,000 was presented. Archie Wolfe, speaking for a committee interested in obtaining the pool, asked commissioners to contribute the money. The pool complex would be built adjacent to the Sebring High School gymnasium.

Wolfe also asked Skipper to appoint a committee to serve on the special pool committee and it was then that Wilkinson was appointed.

Wolfe, aided by Sebring City Attorney Joe Macbeth, presented the swimming pool committee's plan. He explained that a group of three heated pools, costing \$100,000, was planned for construction at the high school. Half of the total program cost would be financed through private donations. Wolfe suggested that the City of Sebring and the county government fund the remaining half of the cost.

In response to questions raised by Commissioners Skipper and Wise, Wolfe explained that the proposed pool would be for the use of all county residents, not just for those living in the Sebring area.

A so-called "scheduling committee", which would report to the school board, would be responsible for the efficient use of the pool facility. Groups, such as high school swimming teams and American Red Cross lifesaving classes would be scheduled to use the pools at specific times, Wolfe explained.

Weekend and evening use of the pools by the admission-paying public would provide funds with which to maintain and operate the facility.

Without making any definite commitment, the commissioners agreed to keep in mind the swimming pool committee's request for \$25,000 as they review the county's 1973-74 operating budget.

In other business, the commissioners (Melville Bass, District 1, absent):

—Declined to surface Ted Hill Road which runs south from U.S. 98 on the basis that the road does not meet county acceptance criteria.

—Instructed the county engineer to post 35 mph speed limit signs on portions of Schumacher Road and Abilition Road.

—Authorized the re-advertising for bids to furnish diesel oil to meet the county needs during the coming year.

—Instructed the county attorney to investigate the impact of a recent federal directive that purports to require that diesel oil dealers must service last year's regular customers.

—Approved the installation of two overhead lights at the Lake Placid Motor Vehicle Station.

—Approved a \$465.18 change order to the county jail construction contract to include an additional 100 feet of protective fencing.

—Authorized the Motor Vehicle Inspection Department to hire a clerk to serve during the summer months.

As this Sunday, June 17, is set aside for honoring Fathers, I recall fond memories of my father, who passed away while still a young man. He was a good, hard-working father, who we dearly love and miss. It takes so long to get accustomed to the loss of a loved one, but we always remember the happy things about them. Now I want to think about another good, hard-working father—the Father of my four children (Edward Jr., Tom, Gwen and Stacey) and my husband, Ed. There are lots of good fathers and husbands, and in them we see a provider for the home, a companion for all; a fixer-upper; a gardener; a chauffeur; a cook at times; a vacation guide; someone to lean on when you're down and out; someone to listen to your gripes; someone to snuggle-up to, and just be there when you need them most. We could go on-and-on listing things fathers are good for, but we better stop, they might get the big-head.

Mr. and Mrs. Arlin King and daughter and son-in-law, Mr. and Mrs. Jeff Tanner returned Friday, after attending June week at the U. S. Naval Academy in Annapolis, Maryland, to see their son and brother Larry (Bud) graduate. Also attending the week's activities were Mrs. King's brother and family, Mr. and Mrs. Joe Lee Goodbread and daughter Sheryl from Fort Lauderdale. Larry arrived home on Monday for a 30-day leave with his parents.

Susie Biggs was here from Gainesville, visiting her mother, Mrs. Billy Biggs for several days last week.

Mr. and Mrs. Harvey Dixon and daughter Lisa and Mrs. Lucy Gravitt, attended the commencement exercises at Florida Technological University in Orlando on Friday, June 8 to see their son, Harvey Jr. (Lucky) graduate. President Richard M. Nixon delivered the Commencement Address. Also attending were Mr. and Mrs. James Chestnut and son, Marty. The Chestnuts stayed until Sunday, helping their daughter and son-in-law, Gail and Lucky, move to Tallahassee, where they will live while he attends school there.

Miss Janie Barben has arrived home from the University of Florida to spend the summer with her parents, Mayor and Mrs. Robert J. Barben.

Charles H. and Pat Smith of 204 E. Winthrop St., spent some baby-sitting-enjoyable days with their three grandchildren in Atlanta last week. The Smiths' son and daughter-in-law gave them this opportunity by his being awarded a week in Acapulco, Mexico, by his employer, the IBM Co.

Miss Diane Murphy is home for a week with her parents, Mr. and Mrs. J. Carson Murphy, before returning to the University of Florida, Gainesville.

CELEBRATES 50TH ANNIVERSARY

Mr. and Mrs. Charles Balding celebrated their 50th Wedding Anniversary Wednesday, June 6, visiting their daughter, Mrs. Norma Riley at Cape Canaveral, returning Thursday afternoon. They were married at Lawrenceville, Ill. June 6, 1923, where

they resided until coming to Avon Park Lakes in June of 1966.

Happy Birthday to three VIP's (GSH, JSH, TJS), who celebrated their birthdays this week.

Dr. and Mrs. Greg Adkins, of West Palm Beach, were in Avon Park Friday to bring their daughter, Christy for a weekend visit with Shellie Maxwell. Susan Maxwell returned home with them to West Palm to be the guest of Angela Adkins.

On Saturday, June 9, Mrs. B. W. Walker and daughter and son-in-law, Hazel and Warren Stevens motored to Tallahassee to visit with Mrs. Walker's sister.

Mr. and Mrs. Jesse Taylor and Major and Elizean Dowell and children, Paula, Bully and baby DeWayne. On Sunday morning they traveled to Perry, Fla. to attend a family reunion at the home of Mrs. Walker's brother and family. Mr. and Mrs. Ira Smith, and daughter, Kay. Among the 60 attending were three of Mrs. Walker's sisters and one of her brothers. They returned home Sunday night.

Mr. and Mrs. Steve Brown arrived in Avon Park on Tuesday morning from Sherman, N. Y., leaving 54 degree weather on Sunday. We are happy to have them as permanent residents, of Avon Park.

Last Wednesday, Mr. and Mrs. Earnest Miller from Bradenton, called on Mrs. Cora Wray. Mrs. Miller will be remembered as a Winter Guest, who loved to shuffle, and had an apartment at Mrs. Wray's home. She was formerly Mrs. Fanny Scott from Perry, N. Y. They were on their way to see her son, Walter Scott in Frostproof. She has always been an active worker.

HAPPINESS IS—ALITTLE BABY. Mary Margaret Bueche was born to Mr. and Mrs. Joseph Bueche Jr. May 29, at Walker Memorial Hospital. Her appearance has made her grandparents, Mr. and Mrs. Joseph Bueche Sr., Elmhurst, N. Y.; and Mr. and Mrs. Ben T. Stewart of Avon Park very happy. The little lady lets it be known how glad she is to be here, often selecting the most unwanted items of the night. Her parents are hopeful they will survive the storm.

Cora Wray had a letter from Mrs. Mary Smedley of Wauchula, former resident, who has been in the hospital there, but is now home, and still very weak. Mrs. Floyd Oldham and Mrs. Larry Albright brought four of little children to Avon Park to attend Bible School at First Baptist Church, and also to visit Cora.

While on a camping trip from Galt, Ontario, Canada, Mr. and Mrs. Barry Kerrigan and two children, Carl Ann and Desmond, visited their Uncle and Aunt, Mr. and Mrs. Robert McCallum at Lake Chilton, last Monday. Barry is a nephew of Mr. McCallum.

Marcia Ward, daughter of Mr. and Mrs. G. F. Ward was home this weekend to visit her parents before "reporting for duty" at the U. S. Naval Coastal Systems Laboratory in Panama City on Tuesday. Marcia was selected along with

one other young woman and 14 men to participate in the Scientists-in-the-Sea, a ten week graduate program sponsored by the U. S. Navy jointly with the University System of Florida.

Miss Tracy McG. Helach arrived Wednesday from Pontiac, Michigan to spend the summer with her aunt and uncle Mr. and Mrs. G. F. Ward. Tracy was graduated from Waterford Center High School, last Thursday, the same school from which her grandfather was graduated in 1903.

Miller-Earnest

To Wed June 15

Miss Pat Miller and Don Earnest will be wed this Friday, June 15, at 6 p.m. in Garden of Roses in Columbus, Ohio. A reception will be held immediately following the ceremony. Mr. and Mrs. Lewis R. Miller and daughter, Barbara Rice from Lakeland will fly to Ohio this week to take part in the wedding activities.

Stevens-Welles

To Wed Saturday

The wedding of Mary Ann Steven and Richard Donald Welles Jr., will be solemnized this Saturday, June 16, at the Union Congregational Church, Avon Park, at 4 p.m. A reception will be held in Fellowship Hall, immediately following the ceremony. All friends and relatives are invited to attend.

Miss Adkins Honored At Maxwell's

Miss Christy Adkins of West Palm Beach, a former Avon Park resident, was honored with a tea Saturday morning at the home of Shellie Maxwell on North Lotelia Ave. Attending guests were former teachers and classmates of Christy, Mrs. Charlotte Smith, Mrs. Charles Shepherd, Vesta Hall, Gigi Swearingen, LeDawn Long, Patti Barben, Tracy Serdynski, Cindy D-Witt, Genser Williams and Shellie Maxwell. Mrs. Denis Hood assisted Mrs. Maxwell with the serving.

Ann Mandis Honored At The Turner Home

Miss Ann Mandis, bride-elect of Phil Barker, was honored at a brunch and kitchen shower on Saturday, June 10. Mrs. Art Turner and daughter Marian were hostesses for the occasion held at the Turner's Lake Lillian Home.

Guests, along with Ann's mother, Mrs. Walter Mandis, were: Miss Karla Henson, Miss Susan Booth, Mrs. Julie Selph,

Mrs. Melanie Ramer, Mrs. Nina Parnell, Mrs. Pat Landress and Mrs. Marcia Thompkins.

The guests were served a delicious brunch on the screened patio. Three tables were covered with pink or green silk tablecloths, with overlays of lace. Each table was centered with an arrangement of delicate yellow

carriages and fern. After the brunch, the guests retired to the living room, where Ann opened her lovely shower gifts. Each guest brought her favorite recipe and these were placed in a recipe book, which was a gift from the hostesses. Ann and Phil will be wed on Saturday, June 23, at the Episcopal Church of the Redeemer, at 7:30 p.m.

Miss Susan Booth Feted With Bridal Shower

Miss Susan Booth, bride-elect of Joe Twombly, was honored at a miscellaneous bridal shower on Friday, June 8, at the Lake Byrd Home of Mr. and Mrs. Rex Furr. Hostesses for the event were Mrs. Ray Ramer, Mrs. Buddy Parnell and Mrs. Gene Landress.

The lace covered refreshment table held a cut-glass punch bowl surrounded with spring flowers and greenery. Party sandwiches, home baked cookies, nuts and mints were served along with the punch to those attending which included the bride-elect's mother, Mrs. Hild Booth.

Since the guests were friends who had attended high school together, the evening was spent recalling many past memories. Mrs. Marcia McDougal Thompkins came from Orlando to enjoy the evening

with old friends. The bride-elect received many useful gifts from those enjoying this pleasant affair.

Susan and Joe will be wed on Saturday, June 30, at 2 p.m. at First United Methodist Church, Avon Park.

Firemen Attends Convention

The 46th annual convention of the Florida State Firemen's Association and the 40th annual convention of the Florida State Firemen's Auxiliary was held in Avon Park May 16, 17, 18 and 19.

Three hundred delegates from throughout the State registered for the Convention which was held at the new National Guard Armory and the new firemen's headquarters next door to the Armory.

The Convention was preceded by the President's dinner held at Griffin's Restaurant Wednesday night. The President's dinner is in honor of past presidents of the Firemen's Association and the Firemen's Auxiliary. Also present were the present officers of both associations as well as local officials and guests.

At the opening of the three day convention on Thursday morning, Avon Park Mayor Bob Barben gave the welcome address. Responding to the welcome address was Chief Gene Wright of Boynton Beach.

The keynote address was given by Dr. William A. Stallard, President, South Florida Junior College, Avon Park. Following the keynote speech, a memorial service was conducted by Auxiliary Chaplain Ruby Greer assisted by the Dr. J. D. Hamel, Chaplain for the State Association, Captain Alan Ball and Fred Cook of the Avon Park Fire Department, in memory of the firemen and auxiliary members who had departed from this life in the past year.

Work sessions were started by both the firemen and auxiliary discussing and taking

action on various business pertaining to the respective groups. These sessions continued until noon Saturday.

On Friday night a Bar-B-Que chicken dinner was held with annual Firemen's Ball starting at 9 p.m. Music was furnished by Phil Eddings and the River Ranch Boys.

At the conclusion of the convention Saturday night, the Annual Firemen's Banquet was held with the installation of officers for the Firemen and Firemen's Auxiliary.

The convention host was Avon Park Fire Chief Mack Flowers and the convention chairman was Captain Alan Ball of the Avon Park Fire Department. The members of the Avon Park Fire Department, both Paid and Volunteer and the members of the Firemen's Auxiliary did an outstanding job and a tremendous amount of work to make the convention a success. The Sebring Fire Department also had several of their members working during the convention.

From the reports received from all over the State, everyone says it was one of the best conventions ever held.

IT'S A GIRL

Mr. and Mrs. Romie White announce the arrival of a baby girl on Friday, June 8, at Walker Memorial Hospital.

The young lady has been named Lisa Nicole and birth weight was 6 pounds, 8 ounces. She joins a 2½ year-old brother, Mike at home.

Proud grandparents are: Mr. and Mrs. Joe D. Kins Jr., Avon Park; and Mr. and Mrs. J.H. White, Okeechobee. Great-grandparents are: Mr. and Mrs. Milford Dilley, Avon Park; Mrs. Maybelle Kinsey, Arcadia; Mr. Joe D. Kinsey, Avon Park; and Mrs. Belle Godwin, Okeechobee.

Jack Duggan Will Head Avon Park Lions Club

Ladies night combined with installation of officers marked the first June meeting of the Avon Park Lions Club as one to remember. Place mats depicting Lions Goals and Code of Ethics made clear to all the responsibilities assumed by our Lions. The Rebekahs served eight tables of eight plus officials at the head table with a tasty dinner of steak, baked potatoes, tossed salad, green-up rolls and apple pie. Lion Milton Giddens gave the ladies a boost by barbecuing the steak and what a nice job he did it.

After a warm up song fest accompanied by Mrs. Seeger on the piano, Lion President Richard Thayer presented annual awards to various Lions. Lion President Thayer then introduced the guest speaker and installation officer

for the evening, Past District Governor Duane L. Perkins of Lakeland. PDG Perkins first noted the immensity of the International Convention to be held in Miami Beach June 27 through 30. He also gave a brief story on the trials and tribulations of getting a Florida hospitality room organized. We sympathize with him in preparing for an influx of sixty thousand visitors from over one hundred forty countries.

On the serious side, PDG Perkins installed each officer elected to serve the club for the ensuing year. As always, he did a fine job of installing in the incoming staff the extent of their assignments, the value of their contribution and the consequences of failure. Officers installed included: Lion President Jack Duggan; First

Vice President Fred Guendert; Second Vice President R. G. MacDougall; Third Vice President Charles Smith; Tail Twister J. T. Landress; Lion Tamer Calvin Mason; Secretary J. Marshall Davis; Treasurer Charles Smith; Chaplin Malcolm Crews; and Song Leader Billy Martin. Directors elected included Lions Mark Brown, J. T. Gibbs, McKinley Cook Jr. and Lou Nicoley.

Summer Fun At The Library

The Avon Park Library is expecting an invasion of children this summer when "Mysterious Readers and Company," makes its debut next Wednesday, June 20. That is the title of this year's summer reading program for children throughout Florida.

The purpose of "Mysterious Readers and Company," title of the program, is to encourage growth through reading, to reach different age groups of both sexes, to cross ethnic and economic lines and to attract the non-reader as well as the avid reader.

"There is no competition, no program designed to reward the child who reads the most books," Rather, the emphasis will be on reading for fun.

In addition to the summer reading program, which will include puzzles, certificates, buttons, and identification cards, the library will again be the scene of a Story Hour, on Wednesday mornings, through August from 10:30 a.m. until 11:30 a.m. The Story Hour is under the direction of Mrs. Eileen Swearingen and Mrs. Anne Johnson, and is open to any child from kindergarten through sixth grade. Each week something different will be utilized to capture the interest and imagination of the young readers and listeners, with lots of MYSTERY!

Special Services At Nazarene

The Church of the Nazarene is having a special service Sunday, Father's Day, to honor all the fathers in the community. All fathers present in the Sunday School at 10 a.m. will receive a special gift.

The Smith family of Avon Park will be presenting a special program at 11 a.m. There will be a pot luck dinner on the grounds following the 11 a.m. service. Everyone is invited to bring a dish of food and enjoy the fellowship at the Church of the Nazarene.

Scouts, Parents Hold Discussion With A.P.C.I. Inmates

Parent Night for Boy Scout Troop 814 was climaxed by an open discussion by guests from the Avon Park Correctional Institution M. Wall, Protestant Minister to inmates and Fr. Pina, Pastor of Our Lady of Grace Catholic Church, were instrumental in bringing to the

scouts and their families what Fr. Pina described as "...together in the warmth of friendship."

Mr. Frank Brundage explained to the audience, that in essence, this was a "study in two kinds of uniform." The discussion was directed to the

scouts and how much more difficult it is today to remain good, but each day they remain faithful to their scout law is another point in their behalf, and the greater their chances are of avoiding the problems that can arise if life.

The question and answer

session gave both scouts and their families the opportunity to ask questions which were frankly answered by different inmates.

Boy Scout Troop No. 814 was presented with its Charter at Parent Night, Monday, June 11. Presenting the Charter was

MRS. ADDIE LEE SANDERS Dies Monday In Miami Hospital

Mrs. Addie Lee Sanders of 5 East Pleasant Street, passed away at the Jackson Memorial Hospital in Miami on Monday, June 11, after a brief illness.

Mrs. Sanders was born in Alabama and has resided in Avon Park for the past 40 years. She has just retired from the Avon Park School system, after thirty years of service as both a teacher and librarian. She began her lifetime career of teaching in the Avon Park Schools in 1942, under the administration of Mr. A. B. Wilhite. She began teaching first grade in the old elementary classroom building, which is now the sixth grade classroom building on the Avon Park Middle School Campus. Mrs. Sanders returned to school, attending Appalachian State Teachers College to receive a degree in Library Science, becoming the librarian in 1954, continuing in the capacity in the high school until two years ago when she decided to stay at the Middle School as their librarian. Mrs. Sanders' friendly personality enabled her to make many friends while in the teaching profession.

She was a member of the First United Methodist Church; The National Education Association; The Florida Education Association; and the Highlands County Education Association. Survivors are her husband, Col. Edgar S. Sanders (ret.), Mrs. Sue Best, widow of her son, Charles, and one grandson, Charles Scott Best. Funeral services will be held from the First United Methodist Church, today, (Thursday) June 14, at 10 a.m., with the Rev. G. W. Miley officiating. She will be laid to rest in Bougainville Cemetery, Avon Park Chapel, Russell Mizelle Funeral Director in charge of arrangements.

George Rankens Dies In Michigan

Mr. George Rankens Sr., passed away Monday, June 4, at Kent Community Hospital, Grand Rapids, Mich. Mr. Rankens was born March 16, 1901 in Hamilton, Mich., and had spent many winters here in Avon Park, making many friends here.

A resident of Martin, Mich. for the past 30 years, he was a retired farmer. He was a member of Martin United Methodist Church. His wife, Mae, preceded him in death in July of 1971.

He is survived by one son, George Rankens Jr., of Martin; two granddaughters, one brother, John Rankens, Allegan, Mich.

Funeral services were held Thursday, June 7, at 1 p.m., from Marshall and Green Chapel, Plainville. The Rev. Norman Vander Hart and the Rev. Thurian Meredith officiated. Interment was in East Martin Cemetery.

the only difference is the price!

Read this Daring Guarantee!
When you buy a product with a Pantry Pride label, you're not getting a "substitute" or a "second best store brand"—you are getting a superior product formulated to the highest national brand standards. Pantry Pride products cost less because there are no national advertising and promotion costs hidden in the price...not because we put less into them. If you don't agree that the "only difference is the price" return the unused portion of any Pantry Pride Product and we'll give you the same size package of the leading national brand—FREE!

MRS. FRANK KOPTA presents gifts to Mrs. Reddick at dinner honoring him on June 1, upon his retirement after 21 1/2 years

of driving a school bus without an accident. Set the table with Mrs. Reddick, Mrs. Garland Boggus and Mr. Boggus.

Reddicks Retire From School System

Mrs. Mary Jean Reddick was the guest of honor at the annual end-of-the-year luncheon of the

Avon Park High School faculty and staff held in the cafeteria, Tuesday, June 5. Mrs. Reddick

is retiring from the teaching profession after 23 years as a classroom teacher.

She was born in Mississippi and attended schools there, receiving her BA degree from Blue Mountain College, Blue Mountain, Miss. She taught in the public school of that state for five years before coming to Avon Park. Her aunt and uncle, Mr. and Mrs. H. C. Hemphill had moved here from Mississippi and had extolled the many advantages of living in Avon Park and Florida. Mary Jean taught junior high English at the old Avon Park High School for 16 years and has been teaching freshman and junior English at the new APHS for the last two years. During her 18 years in Avon Park, Mrs. Reddick has been active in civic, school and church work. She is married to Devon Reddick and has two children, Dick and Deborah, both graduates from Avon Park High School. Devon and Mary Jean plan to spend part of their time in North Carolina at their home there as well as do some traveling.

Other guests at the covered dish luncheon were former principal A. B. Wilhite and Mrs. Wilhite, Superintendent of Schools George Douglass, Mr. Reddick, Al Lovelace and several teachers from Avon Park Middle School who had formerly taught with Mrs. Reddick.

Principal Aaron W. Cravens presented a pin to the honoree from the faculty and staff. The initialed pin had inscribed on the back "APHS-1954-73".

Devon Reddick was honored on June 1 upon his retirement after driving a school bus 21 and one half years without an accident. The Avon Park Bus Drivers were hosts at the buffet supper honoring him, which was held at the Florida

Power Hospitality room.

After the delicious meal, consisting of turkey and dressing, ham, baked beans, green beans, potato salad, cole slaw, sweet potatoes, rolls, cake, tea and coffee, Mr. Reddick recalled old experiences while driving the bus over the years, and told of his plans after retirement.

Bagwell Meets Rotary Tonight

Two games were postponed in Avon Park Little League action last week due to graduation exercises at the high school and rain and as a result Lions fared out front in the standings with an 8-1 record. Bagwell Lumber dropped to second place with a 7-1 mark by virtue of not playing as many games as Lions. Kiwanis remained in third place with a 5-4 record and First Baptist moved up to fourth place with a 4-4 record. The Lions won a game and lost a game to set a 4-5 record. Rotary dropped two games and dropped down to a 3-6 mark. Avon Citrus Bank also lost two games and remained winless with an 0-9 record, and I. H. Ford didn't play so stayed at a 3-4 mark.

On Monday night, June 4, the First Baptist team won its third straight game by thrashing Rotary 21-12 in the early game. But the game between I. H. Ford and Bagwell was postponed so parents could go to high school graduation.

On Tuesday night, June 5, Kiwanis defeated Bank 4-1 in the first game and Leon's came from behind to win over Lions 9-4 in a good game.

Last Thursday night the Lions won over Rotary 9-1 in the first game but the second game was called because of rain. It was between First Baptist and I. H. Ford.

Last Friday night Bagwell slipped by Kiwanis 3-0 and Lions jumped into first place with a 12-2 victory over Avon Citrus Bank.

The First Baptist got 10 hits off Rotary pitcher Kenny Jones on June 4 in the big 21-12 win. Gary Farless had a double and a single. Billy Nalker had two singles. Eddie Roper hit a double, and Gregg Gray, James Knight, Frank Brown, Chuck Smith, and Tim Sheffield all singled for the winners. Rotary batters got six hits off Baptist hurler Gary Farless and relief pitcher Billy Nalker. Radford Jones doubled and Kenny Jones, Keith Cobb, John Starling, Dewayne Council, and Steve Grice all had one single each.

Kiwanis batters got only three singles off Bank hurler Anthony Carter to win 4-1 last week. Gary Roberts, James Taylor, and Gerald Jones hit the singles for Kiwanis. Avon Citrus Bank hitters also rapped out three hits off Jeffery Adams the winning pitcher. Tom Parry had a double and Danny Luke and Anthony Carter both had a single in the losing effort.

The 5-4 win by Lions over Lions last week went 5-1 in innings. Jimmy Massey gave up only 4 hits to the winners as he struck out 14 Leon batters. Steve Thompson hit two singles and Mark Palmer and Johnny Harrison had a single each for Lions. The Lion batters rapped

out 7 hits off Mark Palmer, the winning pitcher. Wayne Roberts hit three singles. Fred Hartt had a double and a single, and Jimmy Massey and Sam Barnes both hit a single.

Then the Lions turned around and last Tuesday night took a 9-1 win from Rotary. Lion pitcher, Wayne Roberts, held the Rotary team to two

hits—a homerun by Keith Cobb and a single by Tommy Cribb. The Lions got 7 hits off Tommy Cribb. Sam Barnes hit a double and a single, Jimmy Massey had two singles, and Tim Salter, Fred Hartt, and Donald Barker all had a single.

Last Friday night Bagwell defeated Kiwanis 3-0 in a 3½ inning game. David Sisemore

held Kiwanis to two singles—both by Decaris Jones—as he struck out 11 batters. James Taylor and Gerald Jones shared the mound for Kiwanis giving up two hits—a single by Bo Skinner and one by Charlie Elder.

In the last game last week Lions won over Avon Citrus Bank by a score of 12-2 in four innings. Chip Carter hurled a

two-hitter for Lions as the Bank batters got only two doubles—one each by Danny Luke and James Brown. The Leon batters rapped out 11 hits off Dennis Tomdee. Mark Palmer had a three run homer in the second inning a double in the fourth frame. Butch Helvey hit a double and a single. Steve Thompson hit two singles, and Jeff Heckard all singled. Jeffery Brock hit two singles for the leading Leon team.

On Tonight, June 14, Bagwell will play Rotary in the 6 p.m. game and Bank will take on I. H. Ford in the 7:30 p.m. game. Tomorrow night it will be Lions against Kiwanis early and Baptist against Lions in the second game.

An error in last week's statistics gave Chris Luke a batting average of 1.000. Chris hasn't yet been to bat so the two hits he's credited with probably belong to Chris's brother Danny.

Two Men Promoted In Griffin Organization

Steve Johnson has been named manager of single strength sales for Ben Hill Griffin, Inc. of Frostproof. The appointment was announced by Ben Hill Griffin, III, president of the Frostproof-based citrus firm. Griffin also announced that Lance Padgett has been promoted to sales representative.

Johnson has been with us for a number of years and has experience in all phases of our

citrus sales. He is well equipped to direct the marketing of our single strength products," said Griffin. The Griffin company markets canned citrus juices and citrus sections in a variety of sizes and packages for the retail trade.

Johnson is a graduate of Florida Southern College. He and his family live in Frostproof.

As sales representative

Padgett will be active in the marketing of citrus concentrates and will assist Johnson in single strength sales. Padgett, a graduate of Parsons College, joined Griffin in 1972. He and his family are residents of Avon Park.

Nazarene Missionary Society Meets

The first meeting of the annual Church year was held last Wednesday by the Nazarene World Missionary Society. Mrs. Mabel Corwin was in charge. She spoke of the informative, enjoyable, and inspiring time she and the delegates had at the annual Church Convention in Clearwater and the awards the Avon Park Church received.

The newly elected officers for the year are: Mabel Corwin, President; Miriam Filippula, Vice-President and Reading Book Chairman; Nancy Scott, Secretary-Treasurer; Elsie Scott, Membership; The Rev. Trissel, study book chairman; Pam Trissel, Prayer and Self-Denial; and Jacque Jayne, Publicity.

This year's study book is entitled "Mexico and the American Indian." Members chose a missionary's name and picture to put on an individual prayer chart, and are to write and collect information about this missionary during the year. Each is to make a scrapbook to be judged in April and an award given.

The program, "A Service of

Communion," was presented by Pam Trissel followed by Communion served by the Rev. Trissel.

A new budget payment plan, "Faith Promise for World Evangelism," was introduced to cover most of the Missionary giving. By giving weekly or monthly systematically, the plan is to eliminate special offering emphasis during the year.

Copies of a unique dessert, "Scripture Cake" were distributed by Yvonne Germaine who also baked and served the cake. Each ingredient was listed with its Scripture reference and was a lovely closing conversational piece.

Graduates Honored By Nazarenes

Four graduating high school seniors, Mark Clifford, Kent Filippula, Jane Barber, and Bruce Trescott, were honored last weekend by the Avon Park Church of the Nazarene.

On Friday evening, June 8, the church youth group met at the Holiday Cafeteria in Sebring for the 1973 Graduate's Banquet. Sixty-five Nazarene young people from Sebring, Winter Haven, and Avon Park, attended along with their pastors, friends, and relatives. The program featured recognition of seniors from Avon Park High, Sebring High, Trevecca Nazarene College, and Nazarene Theological Seminary. Musical selections were provided by Winter Haven's Becky Rowan and Avon Park's Paul Trissel.

Special guest speaker for the evening was the Rev. Eugene Bengston of the Lorida Church of the Brethren, who spoke to the seniors of the need as Christian young people to "flee from worldly lusts, pursue godliness, and flight the good fight."

The Brethren pastor related his personal testimony of how he found Jesus Christ as his Savior and emphasized the fact, from God's word, that the Christian can definitely know that he has eternal life and needs to feel no doubt in his heart if he is sincerely living for God and pursuing to grow in Christ.

Afterwards, the young people were led in singing the 1972-76 quadrennial song of the Nazarene Young People's Society, "Jesus the Hope." Gifts were then presented to the graduates from the Sebring Church of the Nazarene by the Rev. Joe Benson, pastor. The banquet was closed in prayer by the Rev. Earl Rowan of the Winter Haven church.

On Sunday, the Avon Park graduates were honored by their church the morning worship service with gifts presented to them by the pastor and Sunday School superintendent.

Nobody needs to tell you that Florida, in the summertime, is one of America's air conditioning hot spots.

We use a tremendous amount of energy to keep us cool.

That's why none of us can afford to waste it. And that's why we ask that you set your

thermostat at the highest possible temperature you find comfortable. Just as we do at Florida Power.

You'd be surprised what a big difference a few degrees can make in your electric bill. And how much energy it can save.

These savings alone should make you feel more comfortable.

If you choose the Marines, maybe you'll choose Administration, too.

There's also aviation technology, combat support, food services, electronics, and many other directions you can go. Come in and look over the list. You tell us what you're interested in. We'll tell you if we can get you there.

We're looking for a few good men to choose their own directions.

Registration Is Open For Auto Mechanics

Summer courses in Auto Mechanics and Clothing Production at South Florida Junior College are still accepting registrations. The Auto Mechanics course meets daily from 8:30 a.m. to 3 p.m. and gives one credit towards high school or high school completion. Mr. Bill Hood, the full time instructor of Auto Mechanics at South Florida Junior College, will be instructor for this class. A variety of skills, including automotive air conditioning, will be covered by the class. The cost is \$10.00 for the program with any books required being extra.

Intermediate clothing construction will be held on Thursday evenings from 7 until 10. Basic clothing construction classes will be held on Tuesday nights at the same hour. The first intermediate class will meet on Thursday, June 14, with the first beginning class meeting being June 19. Mrs. Peggy Meux, a certified home

economics instructor will be teaching both classes in the clothing production room at South Florida Junior College. The cost is \$2. Any person having questions about any of the above programs should contact the vocational office at 433-6661, Avon Park.

Facts About Fishing Licenses

Florida fishing licenses go on sale June 1, 1973, at the offices of all County Tax Collectors and their authorized agents.

Young anglers should remember their birthday. In Florida, a fishing license is required when you're fifteen.

"I left my license at home", is no excuse. Anglers are required to have their license in their possession while fishing.

A fishing license is more than a piece of paper. A license is a fisherman's investment in the future of fishing fun.

Florida wildlife officers pay their own way. Employees of the Game and Fresh Water Fish Commission are not exempt from purchasing fishing licenses as required by law.

Non-resident anglers have a three-way choice of fishing licenses. The fisherman may select a five-day, a fourteen-day or an annual license.

Don't wait until the last minute to obtain a fishing license. Most Tax Collectors will be closed on Saturday, June 30, and Sunday, July 1. Fishermen must have new licenses on July 1.

The safe name to go with

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Man's first reactions to another is based on outward appearances, and only time will help him to know the heart of another. God knows, immediately, every attitude of the heart, whether it is good or bad.

"Blessed are the pure in heart: for they shall see God."

There are many rewards for those that follow the Lord. *"Let the heart of them rejoice that seek the Lord."*

Real Estate LICENSEES

How Big Is BIG MONEY? To some people it is making \$1,000 a Month. To others \$5,000 a Month, right in their own home town. We have both kinds.

So it's opportunity if you qualify for the **STROUT** Team. Not everybody does. But ask yourself if you are ready for your real estate license to start bringing you Important Money. Ask too, do you really Like People? And do you have Common Sense?

If yes, then ask for information on the "People-Business." It's metalled with information. Could be the start to Something Big... with the World's Largest.

MEMBERS OF EMERGENCY Medical Technicians class of Highlands and Hardee County Sheriff's Departments at South Florida Junior College watched as instructors Capt. William H. Conrad, Jr., Ft. Myers, and Gilbert J. Haas, LaBelle, demonstrated how to free an accident victim pinned between the front seat and the steering wheel in an automobile accident. The wrecker's bumper was placed against

the car bumper while the windshield was removed intact with a hand bar. A cable from the wrecker was placed around the steering column and the steering wheel was pulled up and away from a supposed victim. Kenneth Wells, donated the use of and operated the wrecker for these demonstrations. Time for this method was about two and one half minutes as compared to 12 minutes for a portapower tool. Two Local Men Will Head State Associations

Postmaster Bob Young was elected president of the Florida State Postmasters Organization of the National Association of Postmasters of the United States whose membership numbers - approximately 130,000. The annual state convention was held in Tallahassee, June 8 through 12 at the Tallahassee Hilton Hotel.

Mr. Young was appointed Postmaster of the Avon Park Post Office by President John F. Kennedy in April 1960 and confirmed by the United States Senate on July 16, 1961. He has served as district director and vice president of the State Postmasters Organization and is the only member of the organization to have been appointed legislative chairman for nine continuous years. The legislative committee deals directly with both House and Senate Post Office and Civil Service committee members on postal operations.

Avon Park. Other officers installed for the coming year were First vice-president, Charles Robinette of Tallahassee; second vice-president, Woodrow Fish of Jacksonville;

secretary-treasurer, Sam Heister of Fountain; director, Robert McKinley of Plantation; director, Walter McGraw of Gainesville and immediate past president, Ralph Lazar of Ruskin.

Mack Flowers

Flowers

At the conclusion of the 46 annual convention of the Florida State Firemen's Association held in Avon Park May 16-19, Avon Park Fire Chief Mack Flowers was elected president of the 7,000 member organization.

Flowers was installed by Dick Seitzer of Eau Gallie, and also a past president of the Firemen's Association. During the installation ceremonies, Seitzer cited Flowers for his outstanding work in the Florida State Firemen's Association and also his civic work with local organizations. It was through Flowers' efforts that the Florida State Firemen's Association constructed their new headquarters and office building in Avon Park, through which an average of 18,000 pieces of mail goes through each month.

Flowers has held the office of District vice-president, director, and second vice-president of the Association. He also served as the Association's building coordinator during the construction of the new \$50,000 headquarters and office building located on U. S. 27 next door to the new National Guard Armory in

Labor Causes Big Problems

The temporary price freeze on citrus caught Florida with its wholesale and retail prices down - but the big problem in Highlands County is the labor shortage.

Picking this year is behind schedule. "We have recruited a lot of labor from the mid-West - we use no foreign labor - and many of these people are now going to Georgia and on further North to harvest watermelons and vegetable crops," said Assistant County Agent - citrus - Tim Hurner.

It is getting late in the season to pick citrus and "if we are hit by a dry spell, fruit will be lost," said Hurner. However, "if we continue to have rains we will not lose fruit."

Asked if students freshly out of school might find jobs picking fruit, Hurner said this is possible. The pay is 40 cents a box and the average wage is \$20 to \$30 per day.

"I am sure that kids looking for summer jobs would be welcomed with open arms," Hurner said. He added that picking fruit, however, is "hard work."

As to the price freeze on citrus, ordered by the White House:

"The prices have been down all season," said Hurner. "They have not been up to

where they should be because of the reluctance of the industry to increase the price of citrus in the face of price raises for other food products.

"Citrus decided to hold the line," said Hurner. One of the more recent worries and one which last week had citrus men here worried was the law passed by the Florida legislature preventing persons from entering a grove from two to 21 days after spraying with certain chemicals, including ethion and triphen. These are commonly used here.

"This law was suspended Monday until they can get better information to back up the law," said Hurner.

A delay in entering the groves now would seriously affect picking, there is spraying every 45 days, and summer spraying starts now and will continue through mid-August. Picking currently is behind in Highlands County because of the labor shortage. The crop is about the same size as last year, Hurner said, about 10 million boxes, and the size and quality are about the same as last year.

Revenue Funds For Water Systems

Avon Park City Council President Clarence King stated last week that the city will not go deeply into debt with the proposed water systems improvements.

"Our intentions are to use quite a bit of the revenue sharing money," King said, "possibly \$100,000 per year, and maybe raise the water rates approximately \$1 or \$1.50 a month. This will enable us to completely pay for the water system in three or four years."

The proposed sewer systems for Avon Park is currently projected to cost \$3.5 million dollars. Financing for this project is expected to come from Farmer's Home Administration.

At the last regular city council meeting, Bill Simpson representing Dawkins and Associates the city's engineers, told the board that the funds are now available and the prospects are looking very favorable.

"If we raise the water rates now or in the near future," King told the SUN, "it would help cut down on sewer charges in the future." It is estimated the minimum charge would run between \$10 and \$12 per month.

"Of course we won't be going into the sewer system until later," King continued, "but this way the city won't be going into a big debt."

Al Burnett, president of Critchfield Marine announced Tuesday at a buffet luncheon for employees that arrangements have been completed for the sale of the boat company facilities located at the airport to A and O Industries of Coral Gables. The facilities will be used as part of an expansion program for Wellcraft Marine Corporation of Sarasota, an A and

O subsidiary. Mr. Burnett advised the employees that Wellcraft Marine's decision to purchase the facilities was due in part to the trained personnel already employed and that they expect to increase full time employment to 100 - 120 people. The Avon Park plant will be used to manufacture Wellcraft's boats under 20 feet. Burnett further announced that Critchfield Marine would

To Employ

100-200 Persons

return to the Orlando area and would continue in the boat building industries at new facilities to be announced after all arrangements have been completed. The move was necessitated by the trend

during the past couple of years to the larger Critchfield boats.

Plans to introduce three new models to the line in the area of 20 feet presented testing and transportation problems that can not be met in the Avon Park Area. It is anticipated that Critchfield Marine will cease operations in Avon Park and complete the move by August first and Wellcraft will

begin to occupy part of the buildings after the first of July.

After thanking his employees for their assistance and loyalty in the past two successful years, Burnett expressed his hopes that he may continue to receive this cooperation during the next few weeks and that the same would carry over to the new owners.

Board Approves Plan To Use Douglas For Voc. Education

A plan to use the old E. O. Douglas school facility for vocational education for the handicapped was tentatively approved June 14 by Highlands County School Board, subject to obtaining monies from a federal grant.

Gary Bennett, speaking for the program, said it has cost \$100,000 this past year, but has been handicapped because of lack of facilities. It is expected to cost \$135,000 next year.

Bennett said the program would develop a garden on a full school year, plus ornamental nursery plantings which "could involve the students in landscaping." He pointed out that the program would provide maintenance for the area and ornamentals for other school properties as well. The garden site is only 30 feet away from the old library, which Bennett said could be used as a classroom. Where they have operated in the county's three cities, he said, there has been no running water, no tool storage, no electricity, no outlets, no suitable classroom.

One of the plans he has is establishment of a citrus nursery. Some of the things needed would be rainbirds, thousands of feet of pipe, a

tractor, chain link fence. George Douglass, Superintendent of Schools, said he endorsed the plan, said the chain link fence would cost

less than the glass windows in the abandoned school which is constantly hit by vandals. Purpose of the program is to train the handicapped in jobs

from which they can make a living. In other actions, the board - Heard a report on the innovative program at Avon

Park Middle School which diagnoses the children individually, pinpointing the slow learners, pushing ahead the gifted ones.

-Award paint supplies bids to Senkarik and Celanese Coating Devco Paint Division; typewriter and adding machine repair to Bell Typewriter, dust control to National Linen.

-Gave Heating and Air of Nocatee, low bidder at \$3,688, the job of replacing the air conditioning in the library and audio-visual classroom at Lake Placid High School.

-Announced that the kindergarten through sixth grades will participate next school year in the WEIOU program. -Authorized request for placement of one aide for each kindergarten unit and approval of aide position for existing programs and visually handicapped program.

-Approved 4-H use of a bus to transport students from Camp Cloverleaf to Sun 'n Lake for four days.

-Approved use of Kenilworth pool for the summer recreation program.

-Approved a request of Victor Jacobson, Harder Hall, on participation in a summer driver education program for his campers.

-Approved request of First Assembly of God Church for use of Sebring High School auditorium Nov. 16-18 for an area-wide youth crusade.

-Approved request of two students living out of county to attend Highlands County Schools.

-Set down June 25 for a special school board meeting and July 12 for presentation of the tentative budget.

Summer Band Program Begins Monday

The Summer Band Program will begin June (Monday) 25, and run for three weeks, ending Friday, July 13, at the Avon Park High School Band room. There is no registration day-bring your instrument Monday, rehearsals start Monday.

Rehearsals for the Middle School students, sixth, seventh, and eighth grades are planned in the mornings (Mon-Fri.) with sectionals at 8:30; each grade band at 9:10 a.m.; seventh and eighth grade band at 10:11 a.m. From 11-12, a choice of soft ball, games, twirling, marching techniques and private lessons.

An all day trip is planned to Vero Beach; bowling twice a week; watermelon feasts and a finale for band students the final week. All students not on vacation are expected to be at rehearsals. The afternoons will be set aside for high school students wishing extra help on technique or sightreading and contest solo and ensemble playing.

County Students Win First Place Medals

Nineteen Highlands County Special Olympic contestants, in competition with 2200 participants from throughout Florida won eight first place medals. Highlands County entries also earned two second, three third and nine participant medals at the state meet in Gainesville, June 16. Those attending the state contests had earned their opportunities through county and regional elimination competition.

Swimmer Wayne Saffold of Avon Park was top winner with a first in the 25-yard free style and the 100-yard relay. Rob Ward, Avon Park, placed third in the 25-yard back stroke and first along with Eugene Pugh, Avon Park and Ivory Hunter, Sebring as the other three members of the 100-yard relay swim team.

Annie Boone, Avon Park, won a gold medal in the 50-yard dash and a bronze medal in the 300 yard run. Two Lake Placid residents won honors in track events. Douglas McCray and Rena Moore each won a first in the 300 yard. For Rena this was a repeat performance. She won a first in the 300 yard dash at the 1972 Florida Special Olympics and went on to represent Florida in the National Special Olympics at Los Angeles.

Larry Lewis, Avon Park and Alfonso Peterson, Sebring, placed second winning silver medals for their silver-ball

throws. Robert Davis, Avon Park, won a bronze medal for his softball throw.

Participant medals in track and field events went to Roger Jenkins, Shelia Shuler and Bobby Byrd, Lake Placid; Anthony Jones, Rosie Weatherspoon and Margaret Luann Caraway, Avon Park; Arnold Kidd and Margaret Ann Barnes, Sebring and to Celest Woods, Sebring, the lone representative of the county bowlers.

Highlands County Special Olympics have been sponsored by the Ridge Area Association for Retarded Children with the help of county special education personnel, volunteer swimming coach, Gayle Whitehead using the Frank Bryant pool. Some financial

assistance has come from Avon Park and Lake Placid Junior Woman's Clubs.

Member of RAY-ARCS have assisted in the training programs and worked as chaperones and counselors for the meet.

Those from the county who helped with the state meet at the University of Florida were Russ Johnson, Bob McSparrin, Mike Smith, Susan James, Steve and Carole Marine, Russ Benschoter, Mrs. Lorraine Howard, Mrs. Lorraine Howard, physical education instructor; Mrs. Nancy D. Thomas, executive director; RAY-ARCS and Mrs. G. F. Ward, Special Olympics county coordinator.

Citrus

Senators Edward J. Gurney and Lawton Chiles urging price control relief, pointing out that for the week ending May 26 Department of Citrus reports showed the average cost of a 6 oz. can of frozen concentrate orange juice was 1.5 cents less than a year ago at retail.

McGehee said that while raw agricultural products were temporarily exempt from controls nevertheless nearly all growers would be hurt because most fruit is in a participation plan or pool where the grower's ultimate dollar return is related to the wholesale-retail price levels.

"We cannot afford to continue giving away our uncertain frozen concentrate orange juice supply at a wholesale price of \$1.38 a dozen

6 oz. can equivalents in view of rising and unchecked production and processing costs. A price of \$2 or more is vital," McGehee said.

The United States said a recent incomplete survey showed:

—A 10-12 per cent cost increase in fertilizers "with more ahead."

—A 25 per cent cost jump for ordinary grove care labor.

—A 15 per cent increase in cost of oil for sprays with fuel and energy costs for operation mounting if growers are lucky enough to have dealers who will guarantee continuing supply.

"As for pick and haul costs, the least I can say is that any grower who got by this season with only a 10 per cent increase has got to be the luckiest kid in his citrus block," McGehee said.

Rescue Training Program At S.F.J.C.

Miss Mandis

June 14

"Pinned in the wreckage" are chilling words to the frustrated rescuer. But to the trapped victim it is a situation akin to and even worse than that of the furbearing wild animal caught in the trappers snare. It may be long, excruciatingly painful minutes or hours before special equipment arrives to extract the victim from the wreckage and there is also the possibility of cremation should a ruptured fuel tank burst into flames.

Perhaps with these thoughts in mind the Sheriffs Departments of Hardee and Highlands requested an "Emergency Medical Technicians Training Program" which was sponsored by South Florida Junior College.

The basic purpose of the course being to teach and learn efficient methods of extracting trapped or pinned victims from vehicular type accidents. For the 13 Emergency Medical Technicians of the two counties it was a series of classroom lectures, demonstrations, and work on actual automobiles. Instructors for the 180 hour course are specialists in Auto extraction, Captain William H. Conrad, Jr. of the Ft. Myers Rescue Service and Gilbert J. Haas, LaBelle, retired from the Miami Fire Service. Assisting with the instruction of first aid and handling techniques were community physicians who volunteered their services. Emergency

Medical Technicians also assisted in the instruction process.

Tools used in the demonstrations ranged from ordinary hand tools such as hawksaw and crow bar to the come-a-long and the porta-power plus a power wrecker truck donated for use by the Wells Motor Company and manned by Kenneth Wells, Service Manager.

The time spent in learning efficient techniques to free trapped vehicular accident will be especially well spent should you be the unwilling victim "pinned in the wreckage."

The last day of the recreation program will be set aside for a picnic—plus there will be monthly trips.

Bridal Shower

Honors Joyce

Eldridge

The Florida Power lounge was the setting on Wednesday, June 6, for a bridal shower for Joyce Eldridge, bride-elect of Don Raczkowski.

Joyce was presented with a white carnation corsage which complemented her floor length gown of orchid.

The gift table held a centerpiece of white wedding bells and lily-of-the-valley. The cake which was served with the punch, nuts and mints, also carried out the bridal theme with white wedding bells and blue roses.

Along with many other gifts, towel set and alarm clock from the hostesses, Karen Tomblin and Doris Eldridge.

Among the guests attending were the mother and grandmother of the bridegroom-to-be, Mrs. Wally Raczkowski and Mrs. J. J. Porter.

Lutheran

Mets Lead

In Senior

Little League

The Mets jumped off to a 2-0 lead in Avon Park Senior Little League action last week with a 1-4-6 win over the Braves last Thursday night and a 1-6-9 victory over the Reds last Saturday.

In other games the Reds took the Cubs 6-5 and the Braves beat the Cubs 6-5. Last Tuesday night the Mets were to play the Cubs and the Reds were scheduled to the Braves.

Tonight (Thursday, June 21) the Mets will tackle the Braves at 6 p.m. and the Reds will play the Cubs at 6 p.m. Next Tuesday, June 26, the Braves and the Cubs will play at 6 p.m. and the Reds and the Mets will meet at 8 p.m.

Timmy Massey pitched and batted the Reds to the win over the Cubs in the season opener. John McKunas pitched and was the big gun at the plate for the Mets in the win over the Braves opening night.

John McKunas also pitched the Mets to their second victory last Saturday with Freddy Moore and Ray LaFlam leading the batters at the plate for the Mets. Tommy Lewis was the winning pitcher for the Braves in the second game last Saturday. Reggie Baker hit an inside-the-park home for the losing Cubs.

All games are at 6 and 8 p.m. on Tuesday and Thursday nights at Head Field.

Mysterious

Happenings

At Library

Mysterious Readers and Company made its debut at the Avon Park Library on Wednesday, June 20, amidst strange, eerie sounds that greeted children to the first "Story Hour" for this summer. Not only were the children greeted with such mysterious sounds, but also some very mysterious books have taken their places on the shelves, included in the twenty-seven.

(27) new children's books now at the library for your pleasure: THE HARDY BOYS and THE HOBSEY TWINS mystery series also are there, still remaining favorites of boys and girls.

Boys and girls, if you missed first of the reading program, or the Story Hour, there is still time. Grab your book and meet at the Avon Park Library, 116 E. Main Street, next Wednesday morning at 10:30 a.m. for the Story Hour, and GET INVOLVED IN MYSTERY!

Local Man Selected To Help Design Manufacturing Plant in Colombia

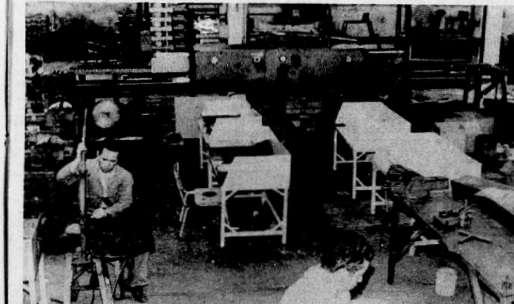

By Eloise Sharpe
Mr. and Mrs. Robert H. Sanborn of Avon Park have just returned from a three-month stay in Manizales, Colombia, where Mr. Sanborn served under the International Executive Service Corps, on a volunteer and engineering capacity, at a Spring Manufacturing Plant. The assignment was so rewarding and challenging, they are already planning for another trip.

R. H. SANBORN (left), Avon Park, an IESC Volunteer Executive, showing one of the tote pans designed and produced by Industrias Metalicas Idena, while he was in Manizales, Colombia, S.A. With him, from left, George Eduardo Arango (interpreter); Pablo Rivas, engineer, and Jamie Mejia, general manager.

SHOWN ABOVE in picture No. 1 is the machine shop of Industrias Metalicas Idena, Colombia, S.A., where eight machinists worked at one bench with only two vises.

IN PICTURE No. 2 (above) is the same area after Mr. Sanborn had built four large work benches, each with large vise and furnished each machinist with a tool box and a complete set of needed tools.

On short-term assignments abroad to counsel companies which have requested assistance on management problems. These advisers may be either retired men or executives who are able to arrange leaves for a few months. They serve without salary (all volunteers) receiving only travel and living expenses for themselves and their wives while away. The IESC is supported by contributions from U. S. corporations, grants from the U. S. Agency for International Development and the overseas client firm.

IESC seeks out the executive in the U. S. who can best help. He must be an experienced businessman with a record of real achievement in the field of the overseas client's problem. career he will have spent his career in the same business as the client's, as in the case of Mr. Sanborn, who has been associated with the manufacturing of springs most of his life.

Mr. Sanborn started with the American Spring and Manufacturing Company in Holly, Mich. in 1922. From there he owned and operated Sanborn Wire Products in Ohio, selling this business in 1966. He also owned Sanborn Springs in Olean, Tenn. until his retirement and move to Florida in 1968.

The IESC sent out requests to several Spring Plants, asking help for a plant in Colombia, with Mr. Sanborn being selected.

After Mr. and Mrs. Sanborn arrived in Manizales, Colombia, where he was to assist in an advisory and engineering capacity with the spring manufacturing plant of Industrias Metal Manufacturing Plant, he was introduced to the President, Management and an Interpreter. After some discussion of materials and processing he was taken for a tour of the spring department, for which assistance was requested. Mr. Sanborn had expected to spend several days studying their problems before making suggestions, however one coiler was running so slowly the problem was so apparent, he made suggestions within the first two hours after his arrival. When his suggestions were followed, production was more than doubled and quality improved.

Continuing the tour of the plant, several suggestions were made regarding both the methods and process of manufacturing springs and also properly normalizing the finished product, with many of the suggestions being followed through immediately. Many special tools and jigs for finishing springs were designed and produced in the machine shop, and put into immediate operation. One such jig increased production from 25 to 50 per hour, to an average of 1000 per hour. In the painting of the springs, which they did two at a time, Mr. Sanborn designed a rack which would hold and paint 32 at a time.

He had to be careful not to let new products, plans and procedures detract from the going day to day operation. In recommending the purchase of new machinery, he had to bear in mind that, generally speaking, labor is cheaper than machinery in Colombia. Mr. Sanborn had to turn in "Project completion reports" to IESC and his Client, summarizing his entire work, conclusions and all important recommendations. With all the improvements and recommendations made by Mr. Sanborn, the efficiency and morale of the shop was greatly improved, increasing production and improving quality.

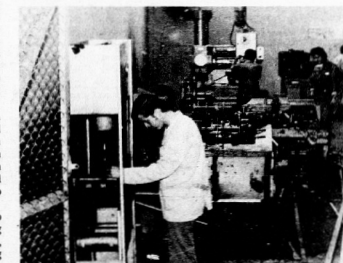

While in Colombia, The Sanborns had to maintain close contact with IESC at all times, advising them of any change of residence, significant developments in his work, as well as any temporary absences from his working headquarters. Their travel in Colombia had to be on weekends or holiday periods when the Client's office or plant was shut down. IESC Wives had their own opportunities for extra curricular work also. Mrs. Sanborn did

lots of sewing, crocheting, attending meetings and clubs, and exchanged views and ideas with other Executive Wives. She also took a Spanish Course while there.

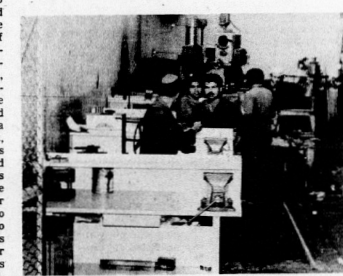

The IESC has a firm policy against letting the same Executive go back and work for a competitive company, except with the consent of the earlier Client.

During Mr. Sanborn's three-month project, he tackled key technical and production problems, with a rewarding feeling, the people were so appreciative. The IESC and its Volunteers are made to reflect credit on the United States and its people, while helping to influence the lives of many.

Upon completion of his work, Mr. Sanborn was presented an Honorary Certificate from the Management of Industrias Metalicas Idena S. A. It read — WHEREAS, Mr. Robert H. Sanborn, Executive of IESC has provided valuable and disinterested services to our enterprise and WHEREAS, we WISH to WXPRESS our sincere appreciation to the aforesaid distinguished Executive and WHEREAS, it is well known that the title of Doctor is an honorable and highly esteemed distinction in Colombia, Be it RESOLVED, that we solemnly award to him, by means of this symbolic diploma, the most honorary title of DOCTOR OF BUSINESS COUNSEL, for COLOMBIA "Dr. B. C." together with all of the rights and privileges appertaining thereto. (See pictures accompanying story, the before and after, improvements of the plant).

PICTURE No. 3 shows the coil spring winding and heat treating department area.

PICTURE No. 4 shows the same area after Mr. Sanborn had work benches built and equipped with proper tools and all equipment cleaned and painted. There are just some of the improvements and accomplishments while Mr. Sanborn was with the IESC in South America which improved the quality and production of the Spring Manufacturing Plant.

Mr. and Mrs. Douglas E. Bash

Couple Wed In Candlelight Ceremony

The First United Methodist Church, Avon Park, was the scene of the marriage of Miss Sharon Mary Moseley, Avon Park, and Douglas E. Bash, of Sebring, on Friday, June 8. The Rev. Duane R. Zoller performed the candlelight ceremony at 6 p.m.

Parents of the bride couple are Mr. and Mrs. Charles F. Moseley, Lake Wales, Avon Park, and Douglas E. Bash, of Sebring. The bride wore a white gown with a full skirt and a long train, and the groom wore a white suit. The ceremony was held in a room decorated with white flowers and candles.

THE BRIDE

The bride, given in marriage by her father, was lovely in a gown of silk organza with empire waist, featuring an open neckline outlined with pearl-trimmed Chantilly lace, and long full sleeves ending in a cuff of lace. A white skirt was trimmed with lace and satin bows. Her pure silk French illusion chapel veil outlined with Chantilly lace was held in place by a hat trimmed with lace and seed pearls. She carried a cascade bouquet of pink roses, white daisies, stephanotis and baby's breath.

Maid of honor was Kay Stock of Sebring, who wore a gown with aqua bodice and a full skirt with matching bolero jacket. She wore an aqua hat with tole veil and carried an organza cluster of blue miniature carnations, white daisies and baby's breath trimmed with hot pink.

Matron of honor was Mrs. Ronald Lay of Avon Park, and bridesmaids were Miss Susie Franza of Avon Park, and Mrs. Steve Stephens IV of Sebring. They each wore gowns and carried bouquets which matched that of the maid of honor.

Flower girl was Jan Carlton, daughter of Mr. and Mrs. James Carlton, cousin of the bride, from Zolfo Springs. She was gownned the same as the honor attendants and carried a pink and blue trimmed wicker basket of white daisies.

Best man was Neil Potoff of Sebring, Usher-croonsmen

were Greg Bash, brother of the bride; Dennis Payne and Jack York, all from Sebring.

For her daughter's wedding, Mrs. Moseley chose an aqua knit dress with matching accessories and wore a white rosebud corsage.

Immediately following the ceremony, Mr. and Mrs. Moseley entertained at a reception held in Wesley Hall at the church. Miss Thea Tomlinson was in charge of the bride's guest book.

Candelabras clustered with bouquets of white and pink gladiolus, daisies and blue carnations were at focal points in the reception hall. White satin covered the refreshment tables, accented with burning taper in silver candelabras. Guests were served punch from two silver bowls, along with the wedding cake, which was three-tiered with accents of pink and aqua, and crowned with a miniature bride couple and wedding bells. Each wedding guest took home a piece of the groom's cake in a bag inscribed with the names of Sharon and Doug.

Assisting with the serving were Mrs. Glenn Tomlinson and Miss Janice Murphy of Avon Park, and Miss Ginger Carlton and Miss Carla Conerly, both cousins of the bride from Wauchula.

HONEYMOON DISNEYWORLD
After a wedding trip to Walt Disney World in Orlando and then on to Indiana, the new Mr. and Mrs. Bash will reside in Avon Park.

REHEARSAL
The Moseley-Bash wedding party were entertained at a buffet supper on Thursday evening, June 7, following rehearsal. Mr. and Mrs. Lee Moseley, Bash, of Sebring, parents of the bridegroom, hosted the supper at the Florida Power hospitality lounge.

Pink lace covered the buffet table, which held a gorgeous arrangement of roses. Candles with flowers in the bride's colors of aqua and pink, and lace place mats were at the tables where the 24 guests were seated.

Assisting with the hospitality were Mrs. Leslie Crews and daughter Susie of Avon Park, and Birt Ross and daughter, Birtie of Sebring.

Whitmire Home Scene Of Shower

Miss Charlene Rowland, bride-elect of John Giddens III, was honored with a miscellaneous bridal shower on Monday evening, June 18, at the S. W. Whitmire home on North Florida Avenue.

Hostesses were Miss Renee Stewart, Miss Janet Ewell and Miss Kathy Whitmire. After Charlene had opened her gifts, assorted dips and chips, lime sherbert punch, wedding cookies and a red velvet cake were served.

Those sharing this lovely evening with Charlene and the hostesses were: Emily Rowland, sister of the bride-elect, Barbara Ewell, Susan Kerrick and Jill Stone.

Susan Booth

Honored With Bridal Shower

Miss Susan Booth received many beautiful and useful gifts at the bridal shower given in her honor last Friday evening, June 15, in the Florida Power Lounge. Susan will be married June 30 to Joseph Twombly of Cocoa Beach. The wedding will take place in the evening at the First United Methodist Church.

Hostesses for the occasion were Miss Mary Lea Kindel, Otto Krueger, T. Hayes Maxwell, Charles A. Sargent, William Stallard and J. F. Wagner. They presented the honoree with a corsage of pink roses, to compliment her pink outfit. The mother of the bride, Mrs. N. H. Booth Jr., and also her aunt, Mrs. Matilee Booth of Sebring, were each presented with corsages of roses.

Julie Jordan Selph kept the guest book and Nina Cini Parnell assisted Susan with opening the gift packages.

A pink color scheme dominated all of the decorations. A large arrangement of flowers under a pink umbrella centered the gift table, and several vases of roses were placed at vantage points around the room.

The refreshment table was covered with a pink lace cloth that came to the floor, with an overlaid piece of lace gracefully draped from the four corners and caught with small bouquets of roses. A low

arrangement of roses were placed at one end of the table and the punch bowl stood at the opposite end. Trays of fancy sandwiches, cheese straws and dainty cookies were served with the punch.

Avon Park Grange News

by LaVerne M. Fullmer

Avon Park Grange met Tuesday, June 12, with Past Master Louise Clarke in the chair. She said that her father had passed away in Pembroke, Mass., at the age of 94.

The hot sunshine has about finished the petunias on the Mall, but the zinnias and the flowers around the fountain are still bright and pretty.

The secretary, Mary Haviland, read a letter from the State Youth Director, Dorothy Putnam, stating that the Grange Youth will hold a conference at the Lake Byrd Conference Center Aug. 10 to 12. Avon Park Grange will furnish the regalia for them to use.

Chairman of the Home Economics Committee, Edith Martensen is sending used glasses to Eyes for the Needy. She has four entries for the National Grange Needlework contest.

The lecturer, LaVerne Fullmer, turned in \$10 for the Student Loan Fund which she raised by making and selling surnam cherry jelly.

The chaplain, Gertrude Slocum, assisted by the three Graces, Edith Martensen, Grace Warner and Elizabeth Mizelle, conducted the Memorial Service, honoring especially - the 10 service men from Avon Park who paid the supreme sacrifice during the Viet Nam War.

The lecturer's program consisted of an article on Flag Day by Louise Clarke; an item about Florida watermelons by Alfred Haviland; and several numbers for the Home Economics committee: The money we donated to CARE this year was used to train nurses in Honduras by Bessie Trude; Invest in Yourself for Health by Lillian Seeger; Annual Check-Up by Loyd Slocum; Cancer Warning Signals quiz by LaVerne Fullmer and a Father's Day contest won by Clarence Higgs who was crowned "Father of the Evening." Remembering that June is the month of weddings, the Thought for the Day was - "A lot of newlyweds are able to feather their nests because they do a good job of plucking their parents."

During the social hour refreshments were served by Louise Clarke.

The next meeting will be held in the Men's Bible Class Room of the First United Methodist Church at 8 p.m. on Tuesday, Sept. 14.

Nancy Shay Presides At Rebekah Meeting

Eleanor Seaverns Rebekah Lodge No. 65 held its regular meeting in the Lions Club building, on Monday, May 21, with N.G. Nancy Shay presiding.

Louise Clarke's district deputy president's commission form the state Rebekah Assembly's President Margaret Land was read. Sister Louise was conducted to the altar where P.D.D.P. Eva Alice Lamb of Arcadia Lodge pinned the D.D.P. jewel on her and the N.G., (her daughter) congratulated her. The honors due her were given.

This seemed to be a night of "pinning", as sister Bessie Decker pinned P.D.D.P. pin on Eva Alice Lamb, P.D.D.P.

Two assembly officers were conducted to the altar given the honors and jewels of their office. Bessie Decker, P. Appl. musician, and Gladys Hess, Assistant I. guardian.

A memorial service, written by Chaplain Lucy Sykes was beautifully performed by six sisters. The lodge lost only member by death last year, sister Lula Fisher, whose loving memory was revered. Sisters Louise Clarke, D.D.P. and V.G. Flo Wells were presented with a pin as

members of the "Go Getter Club" 1972-73. Sister Bessie Jewel Howard was absent, but is eligible for one also, as each of these have brought at least two new members into the lodge this past year.

Sisters Bessie Decker, P. A. musician, Rebekah Assembly and Mildred Waddell, P.D.D.P. were presented with certificates of perfection by the P.D.D.P. Eva Alice Lamb.

Sister Ethel Harrison presented N.G. Nancy Shay with a Rebekah book mark, which she had purchased while attending the state Rebekah Assembly in Fort Myers. Three other members from Eleanor Seaverns Lodge attended: Louise Clarke, Nancy Shay and Bessie Decker.

The new D.D.P. Louise Clarke, outlined the state assembly president Margaret Land's projects, aims and plans for the year and thanked the lodge for the honor bestowed on her.

Delicious refreshments were served to members and guests from Sebring and Arcadia Lodges by the refreshment committee, Nancy Shay, Lucy Sykes and Lillian Seeger.

DOWNTOWN AVON PARK

AT TABLE No. 135 are area residents who attended the WWI Barracks and Auxiliary State Convention held at Galt Ocean Mile Hotel in Fort Lauderdale June 7-10. Pictured above, around the table clockwise, Mr. and Mrs. Russell Kirkpatrick, (she is president

of Sebring Auxiliary); Mrs. Wallace Kaiser, Mr. Kaiser, Mrs. Louise Welsh—all from Sebring 587; and Mrs. Edward A. Teppert of Avon Park who brought back awards for Auxiliary No. 1150.

Teppert Attends WWI Convention

The members of the Auxiliary to the Veterans of World War I of the USA met on June 12 for their regular meeting with 14 members present. President Olive Grose presided.

The meeting was called to order and regular business in accordance with the ritual adhered to.

A report was given by Clara Teppert, who attended the State Convention in Fort Lauderdale. It was revealed in her report that the Auxiliary 1150 in Avon Park had received the following honors, which were accepted on behalf of the Auxiliary:

1. Award for obtaining 100 per cent membership

2. Award for more than 10 per cent gain in membership over last year

3. Award with check for \$5.00 attached for 100 per cent membership gain

She also reported and displayed a personal award she received for her interest and work for VAVS (Veterans Service).

Mrs. Teppert also had a picture of table 135 at which she sat at the banquet and noted that she had received a personal award for her work.

President Grose brought up the matter of the summer meetings and it was the consensus of opinion of the members present that it would be advantageous to have the summer meetings at 2 p.m., followed by cards, at which the public could be invited during July and August. The first such meeting is to be held at the home of Clara Teppert and the August meeting at the home of Olive Grose. Refreshments will be served and there will be more publicity about these parties later.

Twelfth Annual Piano Recital Held At Church Of God

The 12th Annual Piano Recital by the pupils of Mrs. Lillian Johnson was held at the Church of God, North Florida Ave., Avon Park, on Tuesday evening, June 5, with around 40 students performing before a large audience of parents, friends and invited guests.

The building was decorated with large vases of spring flowers consisting of irises, gladioli, and mums in spring colors of purples, blues, yellows and pinks.

Mrs. Alexis Hamlin entertained the audience before the recital with several organ selections.

Mrs. Johnson introduced each student and the selection they were to play. Their musical numbers included a wide variety, ranging from traditional, folk, popular, classic, to modern. Also included in the program were several duets. After their performance Linda Johnson assisted her mother by presenting each student with a statuette of Johann Strauss Jr.

Special highlight came at the close of the recital when Mrs. Lillian Johnson, accompanied by Mrs. Alexis Hamlin played a special rendition of "How Great Thou Art." The audience was thrilled and moved by this selection and her students were inspired.

The Rev. Alex Day, pastor of the Church of God gave the benediction.

A reception was held following the recital in the church social hall under the direction of Mrs. John Starling, assisted by Mrs. Dale Landress, Mrs. David McDaniel and Mrs. Alex Day. Many other mothers helped to make the reception and recital a huge success.

The hall was decorated very appropriately with the focal point on the refreshment table being a cake in the shape of a baby-grand piano. Each participant and their guests were served punch and cake, along with nuts and mints.

Students performing for their parents and friends were Susan, Sally and Cheryl Woodley of Arcadia; Sylvia and Randy Proctor and Montene Smith of Lake Placid; Tonia and Darrell Fletcher, Vero Beach; and Ronnie Watson of Sebring.

Participants from Avon Park were Tammy Welch, Theresa Wittman, Gloria Clark, Rhonda Landress, Terrie Landress, Alice Johnson, Tarcy Hill, Aimee Day, Earlene Cobb, Barry Metheny, Janet McIvrae, Laurie Welch, Roy Ladwig Jr., Joy McCullough, Nancy Cain, Pam Rewis, Lori Ellis, Gina Starling, Cindy Williams, Barbara Ewell, Lawrin Ellis, Gayla Starling, Laura Crews, Sherry Cobb, Ann McDaniel, Tyina Gilliard, Lisa Johnson, Elaine Woodard, and Suzanne Williams.

Usherettes for the evening were Phyllis Johnson and Pam Williams.

Local Girls Participate In Program

Three Avon Park girls participated in a performance given by Taylor Studio of Dance Arts. "Highlights of 73" was presented June 13 at Nora Mayo Auditorium in Winter Haven.

Jonie Morris, daughter of Mr. and Mrs. John Morris; Kim Kempton, daughter of Mr. and Mrs. Charles Kempton performed in aerobics representing the month of December; and Laurie Rehner, daughter of Mr. and Mrs. M. Rehner performed in a Ballet representing the month of June.

These girls have been pupils at the Taylor Studio this past year.

Reception Planned To Honor New Minister

This Sunday, June 24, from 3-5 p.m. at Wesley Hall, First United Methodist Church a reception will be held in honor of the new minister and family, Ben, Helen and Marcia Williamson. The public is invited to attend.

Smith, Sun Ray, the Rev. Basil Kustodowicz, Fort Meade, the Rev. David Kelly, Bowling

The Rev. Ben Williamson Green, the Rev. Paul J. Dickinson, and Wauchula, the Rev. William C. Swygert.

Bixby Selected For Career Training Course

William Bixby, Jr., Manager of Home Credit Company, 120 West Main Street, Avon Park, has been selected as one of twelve managers to attend the Company's third Advanced Career Training Program, according to an announcement made today by C. H. Kuebler, President. This one-week comprehensive course, being held at the executive headquarters in Charlotte during the week of June 11, is designed to enable the participant to return to his community with advanced management knowledge to better serve the people of the Avon Park area. The course consists primarily of budget counseling, office management, and community involvement.

Home Credit Company specializes in making consumer loans to individuals. It is a subsidiary of American Credit Corporation, a diversified financial institution based in Charlotte, N.C.

If you choose the Marines, maybe you'll choose Administration, too.

There's also aviation technology, combat support, food services, electronics, and many other directions you can go. Come in and look over the list. You tell us what you're interested in. We'll tell you if we can get you there.

We're looking for a few good men...to choose their own directions.

Food for Thought

By Jane Nickerson

CATHERINE'S WEDDING COOKIES (Kourambides)

1/2 pound unsalted, sweet butter (2 sticks)
1/4 cup confectioners' sugar
1 egg
1 teaspoon baking powder
Two and one-third cups sifted flour

1. Melt the butter and then let it heat till it starts to turn pale brown. Remove from the heat, let stand 5 minutes, then pour slowly into a bowl. There will be a brown sediment in the pan (particles of milk that separate from the butter). Do not transfer it to the bowl. Cool and chill the butter till it has again solidified.

2. Cream the butter till very fluffy. Add the sugar in thirds, creaming well after each addition. Add the egg, continuing to cream the mixture. It should look like a light face cream.

3. Preheat the oven to 350 degrees F.

4. Mix in the baking powder and gradually add the flour, mixing constantly. Roll the dough with your hands into pieces about 5 inches in length and 1/2 inch in diameter. Cut each one in thirds and arrange on an ungreased baking sheet.

5. Bake in the preheated oven about 20 minutes—till the cookies take on a sand color. They must not brown. Remove to cooling racks. When barely cool, sprinkle heavily with additional confectioners' sugar. Store in a tightly covered container.

Yield: About a dozen.

Note: Browning the butter slightly gives it a nutty flavor, discernible in the cookies. Some recipes do not require this step; you simply cream the unbrowned butter. As a consequence the cookies are more delicate and the dough may be flavored, if desired, with a tablespoon or so of brandy. Some Greek cooks may stick a whole clove in each cookie, which imparts a faint spiciness.

Mrs. Catherine Stergeos told me on the phone she did not speak English well but that if I would stop by her kitchen in St. Petersburg she would show me how she made the kourambides. I concluded she was a minor authority on the Greek wedding cookies. She had just finished baking 3,000, she said.

Nor was that all. The 66-year-old pastry-maker, standing scarcely five feet, also had prepared 2,300 baklava. That luscious masterpiece of the Middle East has become almost as familiar as shish kebab, but it's a hundred times harder to make. Layers of papery pastry are stacked bottom and top, separated in the middle by chopped walnuts, the whole bathed in a faintly spicy sugar syrup. Catherine cuts her baklava into small pieces shaped like diamonds.

Her industry continues year round, but intensified about three months ago when she began to produce the desserts for the Hellenic Festival held the end of May at the Bayfront Center in St. Petersburg. That splashing party benefited St. Stefanos Greek Orthodox Church in the same city. More than 1,000 attended. They dined, danced and listened to the eric music of the Green instrument, the bouzouki, played by the Trio Bel Canto of New York.

Mrs. Helyn Thrapstis headed a corps of 40 women in the parish who, with professional chefs, assembled a beautiful buffet. It included stuffed grape leaves, macaroni baked with beef in a creamy sauce, red snapper with vegetables and chicken roasted with lemon and oregano.

Catherine explained that she used the church's kitchen to prepare the wedding cookies and the baklava that wound up the dinner. She said she found it easier to work alone than assisted and that if left in a cool place, the delicacies stayed fresh several weeks. And how, I asked, did you become so expert? She replied by outlining her life.

Catherine said she had been born in Turkey, but that she had grown up in Athens, where she was orphaned. Relatives in Kentucky brought her to this country when she was 16.

"I didn't know cooking or English or anything much at all when I arrived," she told me. Food had been too scarce in Greece for her to have done much in the kitchen.

At 19, she married a man who had been born in Turkey, too, and went to live in Canton, Ohio, where he operated a lunch stand. He lost \$10,000 in the depression, then took up shoe repair. He died in 1949. Life was hard most of the time and Catherine was forced to learn to cook, which she did by observing others.

"A friend, a lady who'd come over from Greece, used to make filo," Catherine said. "And I watched her. And then she would help me when I would try it."

Filo is the thin straw-like dough that goes into baklava and other things as well—like tiny cheese turnovers, for example. It takes so much time and skill that many cooks of Mid-East background buy it, packaged, in specialty shops. Catherine gave me a demonstration.

You combine flour and oil, knead them together with your hands 30 minutes, chill the dough and then place a small portion of it on a table. Catherine used her dining room table, covered with a white cloth. With your fingers you gently flatten and pull the dough, teasing it out. It stretches reluctantly, gradually becoming transparent. Under Catherine's capable hands it finally covered the table like a bedsheet, hanging down on all sides a foot or more. You let it hang and dry about 15 minutes, then cut it in pieces, layer and chill it.

"It takes practice," Catherine admitted. "Most everyone likes to eat it. But the younger women don't have time to learn how to do it."

By contrast, Catherine's wedding cookies proved a cinch. To eat one at a marriage brings you good luck, she said. But they are served at any festive. You may have seen them in bakeries, half a finger in length and snowy with confectioners' sugar. I have never tasted any as good as hers—buttery and delicate in both flavor and texture. This is her recipe, which I tried after returning home.

**Jobs Easier
To Find For
Teenagers**

Sixteen and 17-year-olds looking for summer jobs this year will find it easier under Florida's new child labor regulations.

According to the Child Labor Section of the Florida Department of Commerce (PDC), recent action by the State Board of Education allows 16- and 17-year-old minors to obtain age certificates, permitting them to work, without the promise of a job.

Once a minor receives a certificate from the local superintendent of public instruction, he or she may be employed by any employer in occupations not prohibited by Florida law.

Under the old regulations, the minor had to obtain the promise of a job, have the employer complete an application form and then apply for an age certificate that was valid only for the named employer.

Now the certificate may be issued to the minor on his 16th birthday. No job is necessary. The certificate is valid for any legal employment anywhere in the state.

Minors under 16 years of age are still required to obtain promise of a job before they can receive an age certificate.

Percy

Enters DEP

Program

Richard L. Percy, son of Mr. and Mrs. Russell Percy, Route 1, Avon Park, has entered the Air Force's Delayed Enlistment Program (DEP).

As a member of the DEP, he has already begun accruing time in the Air Force for pay purposes, although he will not enter active duty status until Sept. 21.

At that time, he will board a jet airliner to Lackland Air Force Base, Tex., where he will undergo six weeks of basic training. He successfully completed a series of tests which qualified him to enter the electronics field of training. He will attend the Aircraft Control and Warning Radar Repair School at Keesler AFB, Biloxi, Miss.

He is a senior at Avon Park High School where he is a member of the track team.

He was enlisted in the Air Force by Sergeant Ray J. Gutzler of the Sebring Recruiting office located at 3000 SE Lakeview Drive.

A PLACE TO PRAY

Man can, and should, pray anywhere. God has placed no limitations on his communing with him.

Our Lord has said, "... Ask and ye shall receive." God listens when we seek him, no matter where, however he desires that we gather together in prayer too. "... mine house shall be called an house of prayer for all people."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
