Flood Control Denies Reports Of Launch Fee

An interpretation of a recent government edict that all persons launching boats in public waters would be charged a fee is incorrect, a Central and South Florida Flood Control District man said this week.

Thomas E. Huser, assistant to the director, said there will be no user fees or boat launching fees charged at Lake Okeechobee. There will only be a fee of \$1 to \$2 per night for overnight camping at the St. Lucie Lock and the Orona Lock.

Huser said all federal agencies with recreation areas will charge up to \$5 for rental of boats and motors, but no fee for launching. For rental of a non-powered boat the fee will be \$15.

Three small campsites are operated by the U. S. Army Corps of Engineers will start charging minimum overnight user fees July 1. They are Rodman Reservoir, southern end of Palatka, St. Lucie Lock and Dam near Stuart and Orona Lock and Spillway on Okeechobee between LaBelle and Moore Haven.

Col. Emmet Lee Jr., district engineer, said reports that the engineers planned to charge boat launch fees and fees for use of picnic facilities at the Florida recreation areas are incorrect.

He said the new federal law requires fees for use of some highly developed recreational areas, such as picnic pavilions and swimming beaches, but that none of the facilities operated by the Jacksonville District in Florida are developed to the point that fees will be charged in the immediate future.

As Corps operated recreational facilities are expanded in the future, Colonel Lee said, fees may be added to some rustic areas where no charge will be levied initially. He also noted that as improvements are added in the future to the above three camping areas (where fees will be charged initially) that the fees for their use may be increased.

Funds derived from the user fees will be deposited in a special account to be used entirely for operation and maintenance of existing recreational areas and to provide more and better recreational facilities.

Nationwide, at all federal recreation facilities, the fees range from \$1 per night to \$4.50 per night, based on the degree of development at each site. The three peninsular Florida sites are small and are not fully developed, so a fee range of \$1 to \$2 per night is planned to be

charged initially.

The Corps official said the three sites operated by the Jacksonville District of the Corps will be operated on an

honor system. A sign will be erected at access points to explain the fee system. Envelopes will be provided for the camper to deposit his daily

camping fee in a locked container at the entrance to the campground. A portion of the money deposit envelope will include a receipt, which the camper must post at his campsite.

Colonel Lee said a Corps of Engineers personnel or lock tender personnel will make periodic inspection of the campsites to insure that all campers are complying with the fee honor system. Daily collections will also be made from the locked containers at each campsite entrance.

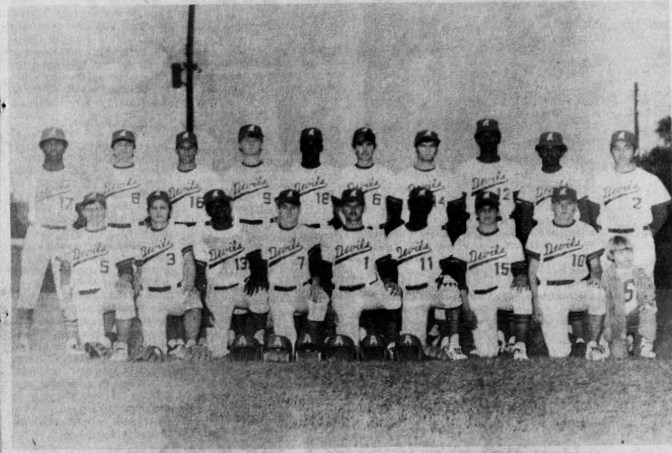

Chamber Opposes Plans To Institute Use Fees

The Avon Park Chamber of Commerce Board of Directors went on record as opposing the Army Corps of Engineers plans to institute use fees on all waters and associated facilities it controls. Under this proposal which has been placed in the Federal Register, at the top of the proposed fee schedule is a \$5 DAILY charge for each power boat using controlled waters. This fee is at the top of the list of other daily fees for boat launching, bath houses, and camping. The local waters that could be affected by this

proposal include Lake Okeechobee, Lake Arbuckle, Arbuckle Creek and the Kissimmee River. Anna Belle Worden, Executive Manager of the Chamber, stated letters were going out to all of the state and national representatives voicing the chambers objections to this proposal. John Clark, Chamber President, urged all interested citizens to take action on this proposal also. The County Commissioners have also passed a resolution opposing such measures.

Devils Defeat Okeechobee With 3-0 Record; Play Here Saturday

The Red Devil varsity got off to a good start last week under rookie coach Ronnie Jackson with a victory over Okeechobee and two wins over Arcadia. The Devils took their 3-0 record to Mulberry this Saturday night for the first conference game of the season. They will be idle tomorrow night (Friday) but will host the Hardee High Wildcats at Wauchula here Saturday night, Mar. 10. Next Tuesday night the Devil nine will go up to Frostproof for the second Tri-County Conference game of the season.

The opening game of the year played here at Head Field on Tuesday, Mar. 27, was a tight one with the Devils winning 4-1 over the tough Okeechobee Brahmins. Junior righthander Buddy DeWitt went the distance for his first win of the season. DeWitt struck out 10 Brahmins in the seven inning affair and gave up only three hits. The young hurler gave up only two free tickets to first in the game and the Devils committed only two errors.

Devil firstbaseman Tony Williams slammed out two triples and righthander Del Murphy rapped out two singles for the only hits Avon Park got off two Brahman pitchers. The Devils four runs came in the second and sixth frames. Both times catcher Nate Williams got to first free and then Tony Williams followed with his triples. Then Murphy came along and singled Tony Williams in for the Devil scoring.

Okeechobee scored its lone run in the top of the fourth on a single and a double. It was the first game for both teams. Then last Friday afternoon in Arcadia, the Red Devils went on a hitting rampage getting 14 hits off three sophomore pitchers to win 14-0 in a five inning game. Coach Jackson called his bench during the abbreviated game giving 16 boys a chance to get into the action. Only pitcher Buddy DeWitt remained on the bench.

Senior righthander and secondbaseman Tim Underwood was the winning pitcher as he held the DeSoto High batters to only two hits in the five inning affair. Tim struck out eight batters and walked only one as he posted his first win of the season.

Devil shortstop Leon McRae and catcher Nate Williams both went three for three at bat in Arcadia. McRae had a double along with two singles while Nate's had five RBIs

in the game. Del Murphy and Bud Wester both rapped out two hits—one of Murphy's was a double. Hitting singles were Tim Underwood, Keith Richards, Tim Massey, and Lawrence (Poncho) McRae. The Red Devils scored four runs in the second inning and 10 in the third to wrap the game up.

Last Saturday afternoon the DeSoto High boys came over to Head Field for a return game and for three innings it was a

tight ball game. Then the Devils broke it wide open and went on to win 14-3 in six innings. Tony Williams started on the mound for Avon Park. He gave up a run and a single in the first inning and then another run on two singles in the second frame. In the top of the third Buddy DeWitt went in for Avon Park after another run had scored tying the game up 3-3. DeWitt quickly put the Bulldogs down as he caught a

bunt and doubled the runner off and then forced the next batter to ground out to the second baseman. He pitched only two balls for the three outs in the third inning. DeWitt took the mound win as he went on to shut out the Bulldogs giving up only a double in the four innings he hurled. The Arcadia batters scored their three runs on five hits and made seven errors.

The Red Devils connected for 12 hits off two senior Bulldog hurlers. Again Leon McRae and Nate Williams were the big bats for the Devils. Leon went three for four at bat scoring four runs and getting a triple and two singles. Nate slammed out a triple, a double, and a single for four R. B. I's. Tim Underwood hit a double and a single and Tony Williams, Bud Wester, and Buddy DeWitt all singled in the big win.

After the first three games Leon McRae was leading the Devil batters with an .875 average with seven hits for eight at bats. Nate Williams was six for 10 for .600 at the plate. Tony Williams had four for seven for a .570 average and Del Murphy was in second place with four for six and a .667 average. Bud Wester was three for six and Lawrence McRae and Timmy Massey were both one for two for .500 averages.

Registration For Minor League Is Underway

Registration for the 1973 Avon Park Minor League Baseball season is underway this week and all boys between the ages of eight and 12 who wish to participate in the Little League program this season must turn in the official registration form by Friday, Mar. 9. No player will be registered after this date. Forms may be obtained from the Avon Elementary School office or the Middle School office.

Henry Dennis, president of the Avon Park Little League Association, advises parents to check and see if all boys eligible to play minor league ball this spring are registered by tomorrow. Little League players already assigned to a team cannot play Minor League baseball. But boys who played Minor League last year and did not go on to Little League must register again this year. Both parents must sign the permission form. Boys will be notified of team assignment and will be given a schedule of all games. There will be at least ten teams and every boy who practices regularly will play.

There will be a meeting of all boys, along with their parents, on Friday, Mar. 16, at 7:30 p.m. at the Avon Elementary Cafeteria. On Saturday, Apr. 7, the Minor League season will get underway with a parade from Donaldson Park at 2 p.m. Boys on the teams will meet at the park at 1 p.m. for team pictures before the parade. After the parade, eight of the teams will play in four games at the Little League Field.

The Minor League season will end on Apr. 20, and the Little League draft will be held that night. The first official Little League practice day will be Apr. 21, and the Avon Park

Little League season will get underway on Saturday, May 5, after a parade.

Mr. Dennis announced that the Avon Park Little League will collect Scott Paper products Seals of Quality this year to participate in a program set up by the National Little League and the Scott Paper Co. The local league can receive bats and balls for Seals of Quality turned in and parents and friends are urged to start saving these wrappers of Scott Products now to help the Minor and Little League program. Scott displays will be in Winn Dixie and Pantry Pride with sever-mail-in envelopes to help with this program in the near future.

Final Plans For 12 Hour Race Announced

Sebring's famed 12-hour endurance race, with a new name and a new sponsor will be run just two weeks from Saturday - and there is a fewish hurry on its heels to get the race and its activities finalized.

After all, it has been only a few weeks since the final decision was made to run a race, with former race secretary Reg Smith in charge.

One of the more hectic days of Race Week will be Thursday, Mar. 22, which starts off with the fifth annual parade. Again this week it will be liberally sprinkled with floats, bands, pretty girls, handsome cowboys and cowgirls, antique cars - and sponsored by the Automobile Hall of Fame.

It will move through downtown Sebring starting at

4 p.m. Immediately afterwards, at 5:30 p.m., there will be a buffet to honor Shriners who, again this year, are taking a large part in the parade, and others. And at 8 p.m., the Sebring Junior Woman's club will hold its annual ball at Harder Hall. The following day, the smaller Formula Ford cars will kick off the racing

Conflict Of Interest

Attorney General Robert L. Shevin and State Senator Richard Pettigrew plan to present two bills to the Florida Legislature when it convenes April 2.

All of us should get behind these men and these bills.

One bill requires complete disclosure of financial interests by public officials and candidates for public office. In addition to requiring that federal tax returns and net worth statements be made public, the bill calls for disclosure of all income, sources of income, and creditors not reflected on the tax return.

The second bill would prohibit public officials and employees from engaging in business transactions with public agencies or representing people before public agencies at the same level of government.

Also, it would prohibit public officials from voting on matters affecting them or their families and from serving on regulatory boards which regulate business in which they have an interest.

Should they become law, violation of either of these proposals could subject the offender to fine and imprisonment as well as

possible removal from office, impeachment, dismissal from employment or expulsion from the Legislature.

Bills such as these, which can only protect the public interest, are long overdue. We hope you will write your legislators and tell them so.

The need for bills such as these is brought home to us in the recent disclosures of what appear to be flagrant conflicts of interest on the part of Lieutenant Governor Tom Adams and Agriculture Secretary Doyle Conner.

Both men are using employees on their farms who are on state payrolls. Both men have had excusers that the employees worked weekends - or after state-paid hours. We find this very hard to believe. It sounds to us as if they were getting work done for free on their personally owned properties from men who were being paid for their time by the taxpayer - you and me.

Again, we urge you to write the men who represent you in Tallahassee and tell them to get with it. Our State Senator is Tom Gallen. Our representatives in Highlands County are Jim Tillman, Lorenzo Walker, Larry Libertore and C. Fred Jones.

Dairies Hurting

Highlands county has become a county with considerable dairy interests in recent years, with 13 big dairies milking anywhere from 800 to 1,000 cows each daily.

And the dairymen are hurting, caught between the squeeze of the soaring cost of feed (about doubled) and the price of milk. The government sets the price of milk.

Looking at what has happened to other foodstuffs in the past 20 years - the cost of bread, for instance - milk still is a great bargain. Florida dairy farmers are seeking an increase which their top people say would encourage most of them to stay in business rather than sell their cows for beef and turn their

farms into residential and commercial developments.

The alternative to the price increase, they say, is a diminished supply of milk, and with the economic law of price and demand in effect, skyrocketing prices for whatever milk might be available.

Grocery stores, whose prices on milk are not government controlled - have already raised milk prices a penny or so. But our farmers cannot do this.

Nobody wants to pay more for things in the grocery store, but we believe it would be better to pay a little more now to our farmers than have many of them go out of the business - and have the prices really go sky high.

Orange Juice-Few Bites

There is a possibility that mosquitoes do not like the taste of a man who has eaten an orange, says a writer for the Toronto (Canada) Star. The writer reported that during an outdoors trip, the writer ate four oranges and drank lime and lemonade in the course of one day when he sustained only two mosquito bites.

The following day bananas were substituted in the diet and he suffered 47 painful bites.

"There seemed to be just as many mosquitoes both days," he wrote.

Now that the Canadian mosquitoes have found out about orange juice, we hope the Florida ones get the message.

Barnett Banks

Elects

Officers

The board of directors of Barnett Banks of Florida, Inc., on Feb. 21 elected Guy W. Botts chairman of the board and chief executive officer, and Charles E. Rice president and chief operating officer.

Rice is a former president of Barnett Bank of Winter Park. He participated in the opening of the late Barnett Bank's new drive-in facilities in 1971 and met a great many local people at that time.

LES WARD, of Radio Station WJCM Sebring, explains to the Avon Park Rotary Club how the District Corps of Engineers had placed a \$5 per day boat launching fee, effective Mar. 1, for all boats using the Kissimmee River, Arbuckle Lake, Arbuckle Creek, and adjacent waterways. This boat launching charge was first brought to the

attention of fishermen and boaters by Ron Wilson, WJCM's early morning sports caster, who found it in the back pages of a news release. The Avon Park Rotary Club, along with many other civic and sports organizations, have sent letters of protest to this improper charge to Florida Congressmen. - Photo by Miller

Southland Mobile Home Park News

Well, if you want to know what the West Coast looks like, ask the Tobos. Their son, his wife, and mother-in-law, left Saturday, Feb. 24 and returned Sunday, after touring up and down the west coast and seeing just about everything there is to see. They climaxed their trip with dinner at the Kapok Tree Inn, then drove on to Avon Park. Het and Hat had weekend guests also, Mr. and Mrs. Willard Crawford of Warsaw, N.Y., and Mr. and Mrs. Rena Thoma of Tallahassee.

Sunday, Mr. Elethorp and Maxine played a visit to Mr. Elethorp's daughter in Orlando, Mrs. Arvilla Long. The folks returned home Monday after a very pleasant visit.

Wednesday was the big day of the week for Southland. The day of the Hobby Show. Just as I told you - all the effort was well worth it. There were beautiful displays. Handwork of all kinds, crocheting - in the form of capes, afghans, beaded jewelry, pot holders in all kinds of clever designs and patterns. Knitting - oh, the knitting slippers, sweaters, doll clothes, capes. There were beautiful pillows to add to the decor of anyone's home, dresses one would be proud of; woodcraft that made you stop and think of how wonderful a given talent each person uses the talent he possesses. There were some beautiful patch quilts also on display, representing many hours of patient work. To me, and I'm sure to you too, it gives me satisfaction to know we can still use our minds and hands for something besides pushing buttons in this age of modern machines and conveniences.

Thanks to Harriet Wandover and all her helpers, Esther Breister, Bessie Paxton, Reavoe Wandover, Stephanie Ferrell, Bessie Jeremy, Doris Hutchins, Hannah Tego, Golda Daun, Ann Antony. It was a marvelous job, well done on everyone's part, and enjoyed by 120 visitors.

Speaking of visitors, the Grants were here and they, too, viewed the displays. They are well and staying in Lake Wales.

There were two other happy occasions on Wednesday (1) Springs. It was indeed interesting and I wish they would need to say, he and Mrs. Bittle were both relieved at the recovery (2) was the Ritches and Edith Sargent celebrating of Mrs. Pert's arrival safe from their birthday at the Lake Placid

Citrus Tower Restaurant. Helping with the celebrations were the Engards, Snyders and Wilbur.

On Thursday the Engards hosted some company from Duluth, Minn. - their daughter's in-laws, Mr. and Mrs. Eino Maki, who are visiting in Florida. The Romans were visited by Mrs. Roman's cousin, Mr. and Mrs. Bunard Force of Port Charlotte.

Friday created a hum in the park, too. The Wandovers entertained a cousin of Harriet's, Howard and Margaret Holmes of Piford, Pa.

Helen Erdt made a trip to Winter Haven to be fitted for a back brace. She's wondering now how the ladies of long ago ever survived all the lacing, etc. of that time but we hope relief will be the end result for Helen.

There were nine out for the shuffle match in the afternoon. M. Tebo, L. Pert took two games out of three on the east court over R. Engard and F. Hutchins. On the west court L. Greister and F. McEwen took two games out of three over R. Wandover and R. Long.

Next to the Hobby Show, Bingo seemed to be in the spotlight this week. Forty were present and a grand time was truly enjoyed by all who attended.

Harry Barth and Charles Learned were callers and we thank these folks for making Friday Bingo a fun time of the week.

Our new guests of the park, the Heilicks, were in attendance and we want to welcome them to the park and its activities.

Through the week to another Saturday brought Rebecca Hostetter home again and rested after a week at a Bible conference in St. Pete.

Saturday also brought guests from Hartford, Mich. - to the Learned. Two nieces and their parents are visiting and staying in Avon Park with Marion's dad while here.

Not quite so pleasant news - Mrs. Myrle Hefferman entered Walker Memorial with walking trouble.

Sunday several folks visited the display of engines at Zolfo Springs. It was indeed interesting and I wish they would need to say, he and Mrs. Bittle were both relieved at the recovery (2) was the Ritches and Edith Sargent celebrating of Mrs. Pert's arrival safe from their birthday at the Lake Placid

hours to catch their breath and then hosted a large group for their Bahama tour in the rec hall, serving punch and cookies, and giving details of the coming event.

New York State Picnic Big Success

The eleventh annual New York State picnic drew a record crowd of 265 to Highlands Hammock State Park on March 2. While most are located in the Highlands County area for the winter, they were from many cities and towns over the length and breadth of the Empire State.

Following a bountiful dinner a group from the Wheeler Estates Park entertained with songs and music on guitar and banjo, also led group singing. Many acquaintances were renewed and it was learned that two people met for the first time since graduating from high school in 1921.

A very helpful program is planned for the consumer. The speaker will be Mrs. Katie Pratt, Consumers Research Division, Dept. of Agriculture. Mrs. Pratt will discuss consumer research and problems.

Mr. and Mrs. Anthony Reiter and family, of Clearwater, were Sunday guests of Max and Ethel Putnam and Andrew and Winifred Quick. A picnic was enjoyed at Highlands Hammock. Anthony, his family, Max and Andrew, played for many years in the Esperance Volunteer Fire Dept. Band, of which Andrew is the leader. Andrew and Winifred Quick, of Delanson, N.Y., have been visiting Max and Ethel Putnam. Winifred is Max's sister. They have visited friends in Nokomis and Avon Park - shopping at Sarasota, Winter Haven and Tampa. They took in the Flea Market at Webster, and the old machinery exhibit at Zolfo Springs. We hope they have enjoyed their visit to Bonnie Brae and will come back another year.

Lester Parkhurst came home Monday, Feb. 25, after a 13 day stay at the hospital where he underwent surgery. Lester is doing fine - we're glad.

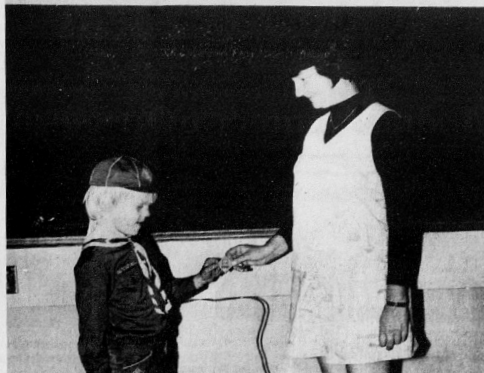

you are home, Lester. We, the Parkhursts want to thank all of you for the many prayers, cards and visits while Lester was in the hospital. Argus and Bernice Sheridan, of Jamestown, N.Y., are living in the Stewart mobile home, on Lot 2, for a couple of months. Bernice is a sister of Margaret Young's brother-in-law.

It seems that nearly everyone in the park were out on Monday afternoon to watch Lee Hoffman's old mobile home being moved out and the new one moved in. They had quite a party with popcorn and peanuts being enjoyed by the group gathered around. Everyone admired the skill of the driver in putting the new one in place with so little room to manipulate his tractor with so long a home to spot. Everyone breathed a sigh of relief when it was in place, with no damage to anyone's property. She wishes to say "thanks a million" to everyone who helped to move her personal possessions out and then back into her new home. All kinds of good luck with this new mobile home, Lee.

The March meeting of the Federation of Mobile Home Owners was held on Friday morning, and John Sinatra, the new District 6 president, installed the officers for the year, which had been done previously. Several from our park will be attending sessions of the State Assembly at the Ramada Inn in St. Petersburg on Mar. 15 and 16, and will report what they learned at the April meeting.

Since it seems that many people have weekend plans, it was decided to have the April meeting on the first Tuesday of April, which is the 3rd, hoping that more of the members will be able to attend.

Report On Pennsylvania Earthquake

Last week many of us heard on television that a minor earthquake was felt in the eastern part of the nation. Alice Johnston, of Lotela Terrace, got this first-hand report from her sister, Ruth Beebe, of West Chester, Pa.

"I was one of the few persons who was still up at that hour (approximately 3 a.m.), as I had just come off my tour at 11 p.m. (Bell of Pennsylvania). As is my habit, I listened to the late, late show which was over and I had just been in the process of giving myself a manicure. Suddenly there was a terrific explosion that

sounded as if it had come from within the building. After the explosion, the house shook violently, awakening many people, some of which ran into the street and some clutching small children hastily wrapped in blankets. I ran to the kitchen

responsibility of the burner is hers). Then the violent shaking stopped as suddenly as it had started. I was afraid it would start again and I knew the building could not take much more.

When I stopped shaking, I went to the phone and called Speer Brothers, who service my burner, as they have 24-hour service. The girl at the phone assured me immediately that I picked up the phone that my burner had not blown up and that she had already received numerous frantic calls prior to mine. I talked to her a short time and we

decided that a factory somewhere had exploded. It was not until the following morning that I learned the truth. The police had had so many calls that they had to summons extra help to handle them. My only damage was plaster in the basement, but I have not made a thorough investigation yet.

The paper said that this quake registered a mere three on the scale for measuring quakes and that it was classed as a minor tremor. If this was a minor tremor, I would certainly hate to be caught in a major one. It was a frightening experience."

Land Judging Contest

March 14

The Highlands soil conservation district will sponsor the Tri-County Land Judging Contest, Mar. 14, at the Highlands County Ag Center. About 100 4-H and FFA boys from Highlands, Hardee and DeSoto counties will participate in the land judging activity.

The Soil Conservation Service soil scientist will select the soil sites to be judged and John Herbert, extension conservationist of the University of Florida will give instruction during the morning on land judging procedures.

Land capabilities depend on many things, such as slope, erosion, fertility, drainage, etc. A 4-H and FFA team from each of the three counties will be eligible to participate in the state land judging contest to be held in Tavares Mar. 30.

Several landowners in the Highlands soil conservation district were assisted with water control work this past week. With the coming of spring the need for irrigation is on the increase.

Among those assisted with pasture irrigation were Bruce Blount, Dan Childs and Bob Ozer, Lake Placid; Faye Henderson and Jim Hendrix of Venus; Harold Young and Ike Hart of Sebring and Harley Metheny of Avon Park. Marvin Kahn and William R. Eaton of Sebring, were both assisted with the design of sprinkler irrigation systems for citrus.

The Highlands soil conservation district received applications for assistance in developing conservation farm plans from James Livingston, Kahn Groves, and Ted Morris of Sebring. Bill Gardner of Lorida was assisted with design and layout of a water control system for 30 acres of grove at Lorida.

Golf Team Will Host Bulldogs Here Friday

Last week the Avon Park high school golf team moved to a 4-0 record with a win over Fort Meade over there by a score of 183-213 and a loss to Lake Placid down there by a score of 179-189.

Last Tuesday afternoon the Devil golfers traveled to Lakeland to play Santa Fe a return match and tomorrow (Friday) afternoon the Avon Park team will return home to host the Frostproof Bulldogs here at the Avon Park Golf Course.

Next Tuesday afternoon the Red Devils will take on Sebring and Clewiston here.

Jarvis Hart was low man for the Devils in the Fort Meade win with a 3 stroke effort followed by Gary Bagwell who shot a 46, Tommy Wester who came in with a 46, and Ricky Lanier who was fourth with a 47 for the nine holes. John Wright carded a 48 and David Hicks shot a 57.

Against Lake Placid, Gary Bagwell led the Devils with a 46. Jarvis Hart had a 47, Tommy Wester also had a 47, and Greg Burch and David Hicks both shot 49's. Jim Wood shot a 51 against a girl opponent the first the Devils have played against. Greg Hart was back and shot a 53, Ricky Lanier came in with a 55, and John Wright finished with a 59 stroke effort.

Coach Dewayne Lemler's Red Devil junior varsity baseball team opened the season with a 1-0 win over Hardie High last Thursday afternoon but lost to the Frostproof Bulldog jayvee squad last Friday afternoon in a 6 inning game here at Head Field. The score was 9-1.

Last Tuesday afternoon the Devil junior varsity was scheduled to take on Sebring here at Head Field and tomorrow afternoon they will also be at home hosting Lake

Placid. That's Friday, Mar. 9, at 4 p.m. Next Tuesday afternoon the Devil "B" team will be at home to Lake Wales.

Gary Helms was the winning pitcher against Hardie High last Thursday afternoon. He came within one batter of hurling a perfect game as he struck out 10 Wildcat batters. Helms went 2 for 3 at the plate also. Mike Pool hit a double to drive in two runs early in the game and Smokey Hill singled for Avon Park.

Against Frostproof Jerry Robinson started for Avon Park on the mound and went four innings. He gave up three runs. Then Jimmy Douberley came on in relief and had control problems walking three batters in the fifth. Gary Helms relieved Douberley in the fifth and finished the game. Avon Park got seven hits off the Frostproof pitcher but scored only the one run.

Track Team Opens Season Today

Coach Chet Brojek's Red Devil track team will open the season today (Thursday) down in Okeechobee against the Brahmins and the Clewiston Tigers. Next Thursday, Mar. 15, the Red Devil track-clubs will be at home for the first of two home meets this year.

Okeechobee, Moore Haven and Lake Placid will compete with the Devils here next week. The Avon Park distance runners will be led by James Brown and Reid Wall with Eugene Sneed, Edward Jones, Matakiah Fogel, Larry Sneed, Raleigh Turnbull, and Ken Marden hoping to put some points in the book at this first meet.

The Devil sprinters will be Mike Hagan, Arnold Davis, Bernard Jackson, Doug Fletcher, Phillip Thomas, Glenn Gray, Edward Moses, and Curtis Foster.

Running the hurdles this year will be Bruce Trescott, Gary Gust, and Tom Lawrence. There will be a new event added this year to

replace the 180-yard low hurdles—the 330-yard intermediate hurdles.

Representing the Devils in Field events will be Richard Percy, James Walker, Barry Tate, Elijah Pough, and Jimmy Carter. Percy has looked good in pre-season practice. He has tossed the shot put 40 feet, thrown the discus 130 feet, has high jumped 5' 8", and has long jumped 18' 6". Percy also pole vaults.

Others out for the track team are Eddie Simon, Edward Culbertson, Mike Eberle, and Walter Newton.

Best bets on the team so far are James Brown in the mile, the two-mile and the 800-yard run; Reid Wall in the mile and the 800-yard run; Mike Hagan in the 1000-yard dash, the 220-yard dash, and the 440-yard run; and Arnold Davis in the 440-yard run and the 220-yard dash. Arnold should be one of the best in the district in the 440-yard run this season.

Smith Tells Women Of Trip To Ethiopia

Charles Smith gave a most interesting travelogue about his recent trip to Ethiopia at the regular meeting of the Women's Club last Friday.

It is an old country with an Orthodox Religion dating back over 2000 years. Haile Selassie is a blood descendant of Solomon of Bible times.

A musical treat was provided by the trio Mr. and Mrs. Calvin Rodgers and Mrs. Randall. Mrs. Rodgers with her beautiful voice, Mr. Rodgers with his saxophone and Mrs. Randall at the piano.

Alice Smith, president, presided at the meeting. Among the business items a Fall Festival in November was announced.

Refreshments were served by the committee: Bessie Trade, Thelma Hartwell, Alma Smoot and Dorothy Shreve.

The country is beautiful, and mountainous. It is a backward country. There are the nomads, the rural and the business type. The beast of burden are the burros and the women.

The devotions were given by Mrs. Aden Childress. She used Colossians 3:12-14 as a guide to our Spiritual Clothing.

AN OPEN LETTER TO OUR HONORABLE MAYOR AND CITY COUNCIL

Dear Sirs:

Last week I was charged, tried, convicted and sentenced without any contact by the Judge, prosecutor or jury.

The charge USING PUBLIC PROPERTY FOR PRIVATE USE

No one can deny this is true. But the disturbing part of this SPECTACLE is that Judge nor Jury made any effort to ascertain the motive for the crime, nor any contributing reasons for the crime. And made no contact with the criminal until after the sentence was published on the front page as a headline in our local newspaper.

The implication is that Ray Wells is a selfish unfair hog of parking spaces on city property. The facts are that Ray Wells with oral permission and appreciation by the mayor and councilman in charge of streets at the four different off street parking projects over a period of years provided parking completely off the paved streets for 51 cars that could not have provided any on street parking because of the narrow streets. Ray Wells paying the total cost except in the case of the 22 car spaces near the telephone building. The City agreed to remove the concrete curbing because they said they might need them in the future at some other location. Also the city was so grateful for the relieving of congestion when people stopped to load or unload employees of the Telephone Co. on Forrest Ave. that they agreed that if I would pay the cost of grading and paving the off street area that the city would replace the sidewalk in that area which was approximately 50 years old and dangerous. This they did but beyond our agreement and in the public interest, because the public was parking up on the new sidewalk Ray Wells for the benefit of the public pedestrian using the sidewalk, bought and installed at his personal expense 10 concrete parking bumpers to keep cars off the sidewalk. All this was beyond the property he owned at that time. In each case Wells agreed to share with the public the use of the badly needed parking places and in each case Wells was promised partial use of them also. These parking spaces cost Ray Wells \$4,700.00 to grade and pave, which should be refunded to him if the city council does not wish to live up to the commitment of previous councilmen and mayors.

It might be of interest to note that Wells has personally paid \$36,000.00 in CITY TAXES in the last 20 years and a large sum in the years previous to 20 years ago. Also as a public and private service to the public, in our remodeling program we moved our service entrance from crowded Forrest Ave. to Main St. and moved the Service Managers desk 100 feet off of main st. so that 3 times as many cars can back up for service before being in the street and bothering public traffic. (These cars are waiting for service in the service Dept.)

The paper said our mayor said he feared a whole row of cars might be sideswiped at considerable cost to Wells. For his information there is never a Wells Motor Co. car parked on a public street in the area he mentioned. (public property yes but for anyone to touch a Wells Motor Co. car they would have to leave the street.

Also many employees from the offices on main street park inside the Wells MotorCo. storage area back of the building which is open to the public 7:00 A.M. to 6:00 P.M.

To further emphasize Ray Wells interest and help to the public it can be pointed out that he has been taxed 30 years and pays taxes annually on a much used driveway on his property that connects Forrest and Lake Ave. City vehicles have damaged his electric sign about \$100.00 worth but he makes no claim for damage but did urge the drivers to be more careful.

Wells is happy to help provide parking for Telephone employees because there are over 200 of them and they give Avon Park a real boost in it's economy. Wells has also been very much involved in helping to provide space for the Telephone Co. to expand in the next few years and this will provide 100 more jobs.

In the 42 years Wells has been on Main St. he has tried very hard to cooperate with every mayor, Councilman, Police, Firemen, Street Dept., City Hall staff, and even Garbage men.

Further illustrating Wells' interest in improving Avon Park for the good of all Avon Park he recently spent \$4,000.00 modernizing the front of the Main St. Block west of Wells Motor Co. For this expenditure he pays more taxes but does not collect 1/2 more rent. But many say it surely makes Avon Park look much better. Mr. Wells recently spent a small fortune rebuilding the Dealership on Main st. building the most modern dealership in this part of the state. This improved Avon Park tremendously.

To illustrate Mr. Wells public spirit he served 22 years as a director of the local Chamber of Commerce and also served a term as it's president. He has served as a director and President of the Rotary Club of AVON PARK. He was most active in two fund drives to make possible a GOOD local hospital that is not tax supported. He served 16 years as local bank director under 3 different ownerships. He has been an elected School Board member for the last 12 1/2 years. When first elected there was no pay connected with this position and before that he served for several years as School Trustee (at no pay) Also without taking public credit for it he purchased and gave to a local church TWO plots of ground for off street parking. One on Lake Ave. 60 cars and is used by the public 5 times as much as it is for the church. One on Verona Ave. 60 cars and is also used by the public more than it is by the church.

All this is said to demonstrate that Mr. Wells is interested in Avon Park AND in parking problems that the city had not taken care of.

Wells Motor Co. receives calls all hours of the night bring in wrecked cars, junk cars, abandoned cars that broke down and the law requires us to hold even the worst junk for 90 days before we can let the junk man haul it off. We average losing \$100.00 each on about 35% of these cars in wrecker charges and storage until we can let the junk man have them for \$10.00. We collect wrecker charges and storage on about 65% of these calls. (We always go when asked even though we know it is costing us money a lot of times)

This is not my method of dealing with people but since my first notice came by the news paper and because so many citizens have expressed anger that a public spirited citizen would be treated this way, I am answering by the news paper also.

Under the circumstances you have a legal right to take action against Ray Wells or Wells Motor Co. But it is hard to see how Business men, Elected officials if they know the facts could feel they had a MORAL right to take such action.

Mr. Wells is a public servant, contributing much to Avon Park's welfare as evidenced above.

Your letter received a day after the paper was all over town would go beyond reason in that our service truck, all company furnished vehicles to employees (8 in all) could not use public parking spaces that were payed for at Wells' expense and no other citizen or business is refused the use of these same parking spaces.

Clarification would be appreciated.

Panthers Lose Opening Games

Last Tuesday at Head Field in Avon Park, South Florida Junior College Panthers lost an opening doubleheader to Edison, dropping the first game 9-0 and the second 3-1. The Edison team showed their having played ten games already as they played endless ball while the Panthers were struggling to get their feet on the ground as it was their opening game. The Panthers were shaky at bat and afraid.

"We did so much, so good, and a little bad that it proves that against our league opponents you can't make mistakes and win. There wasn't anything we did or didn't do that can't be corrected," said Coach Terrell.

Ted Crabtree started on the mound and gave up one earned run in three innings. Craig Johnson pitched one inning and gave up three runs in the fourth and two in the fifth. Lamar Gilliard gave up one run in the sixth and seventh innings. David Hines caught the entire game. Guy Maxcy with a double and Lamar Gilliard led the Panther hitters.

In the second game, Mike McGee started and gave up three runs in three innings, both unearned. James Bray worked four innings and gave up one run and James Reynolds caught the entire game.

At Valencia, the Panthers jumped to a quick 2-0 lead as Maxcy walked, Hansen singled, and Crabtree plated both boys with a single up the middle. David Hines stopped Valencia in the first and the Panthers led 2-0. In the second inning, Hines gave up four bases on balls, two doubles and a single and four runs before being relieved by Clark Jackson. Crucial errors that allowed four runs to score after two outs kept Jackson in trouble. Ken Martin caught all the way.

In the second, Craig Johnson started and gave up two runs in two and two-thirds innings. Bray pitched one inning and gave up one run. Valencia maintained this 3-1 lead although Crabtree did a fine job of relief as he came in with the bases loaded and no outs and pitched out of the jam and finished without allowing Valencia to score over the last three innings.

By Alice G. Mitchell

Suddenly it's almost spring—up North! Mr. and Mrs. Joseph Sinatra received a spray of pussywillows, in full bloom, from their granddaughter, in Jamestown, N.Y., heralding the coming of spring. Mr. and Mrs. Sinatra were dinner host and hostess to Mr. Sinatra's sister and her husband, Mr. and Mrs. Frank Cetola, of Buffalo, N.Y., and Mr. and Mrs. Morris Mistrretta, Jamestown, N.Y.

Mr. and Mrs. John Kuhn and Janet are leaving this week for their home in Dunlap, Illinois after wintering at Sunnyridge. Mrs. Kuhn is the author of the book, "Kathy and the Cornish Doll," which is in the Avon Park Library, as is her sheet music for the Thanksgiving song, "Gobble, Gobble, Gobble." The elementary school also has the music to use in their music classes in November. Mrs. Kuhn is a retired teacher, having taught 25 years in the schools of Peoria County.

The Michigan picnic was held recently with a pot luck dinner at Highlands Hammock State Park. Those attending from Sunnyridge were Mr. and Mrs. Albert Harrison, Mr. and Mrs. John Lucas, Mr. and Mrs. James O'Connor.

Mr. and Mrs. John Mitchell had as their guests: Mr. Mitchell's cousin, Mrs. Garrett Mitchell, Stow, N.Y., and Walter Ulrich, Jamestown, N.Y.

Mr. and Mrs. Mitchell attended the Chautauque County picnic at the Casino in Gulf Breeze, Fla., where they were greeted by many old friends and making several new ones.

Mr. and Mrs. Edgar Johnson spent the weekend at Hollywood Beach and Hollywood-by-the-Sea, visiting Mrs. Mary Kubiak of Niles, Mich., who is wintering there.

Mr. and Mrs. Ralph Myers hosted with a dinner party, Mr. and Mrs. Otto Harbaugh of West Unity, O., followed by a fishing trip to Boca Grande.

Mr. and Mrs. Jack Baldwin of Tulare Lake were guests of Mr. and Mrs. Elvin Phillips.

Recent guests of the Ayling's were: Mr. and Mrs. Walter Best and Mr. and Mrs. Harlow Gage, Gerry, N.Y., and Mrs. Philip Helfenstein, Buffalo, N.Y., Mrs. Melva Mitchell, Stow, N.Y.

Band Members Ready For Auction March 17

Band pick-up day for the coming auction was a great success and a lot of fun for those taking part as well as a lot of work.

The day started early with everyone meeting at 8:30 a.m. at the old armory. All school children were asked to dress crazily so as to draw attention to themselves and Band Day. Many good and usable items

were collected, but many, many more items are needed. This is one of the largest money-making projects that the Band and Band Parents have each year, so your help is needed to make this year the biggest and best.

If you have an item of furniture, tools, yard equipment or anything good, collecting dust at your home or office,

and you would like to donate it to the band, you may call 453-3755, leaving your name and address.

Make your plans now to attend the Band Day on Mar. 17, at Donaldson Park. There will be food, music, fun and the greatest Auction Avon Park has ever had. Watch the paper next week for the Auction time.

Those foreign oil tankers in Florida's ports are earning a lot more than our gratitude.

They're earning very high prices for their oil, as well.

You see, environmental considerations have forced us to abandon coal as a fuel to produce electricity.

And the supply of natural gas is inadequate.

Which leaves us fuel oil. And since domestic supplies of fuel oil are dwindling too, power companies must now rely on foreign sources.

Prices from these sources are not regulated except by the natural conditions of the market, which happen to be driving prices up.

As of January 1 of this year the cost of oil to Florida Power increased by nearly 50 percent.

This means 17 or 18 million dollars more than last year, just to produce last year's supply of electricity.

We desperately need fuel oil to continue supplying you with electricity. And we're grateful to have been able to negotiate a long term contract that assures us a supply even if we have to pay the rapidly changing market price.

We need the oil. Because you need the power.

Police Chief Presents Rotary Program

The program last week was presented by Chief Ferland Cribb, program chairman for the month of February. This program was one of particular interest to all and one which could be repeated for everyone's benefit.

The program consisted of a film and slides prepared by The Governor's Crime Prevention Committee, a program designed to fight crime in Florida. This film and slide presentation was a part of "Phase Two" of Governor Askew's Crime Prevention program, a broad, long-term program of education, teaching the citizen specific ways in which he can help prevent crimes against his own property or person. This particular film dealt with "residential burglary", how it happens and what the average citizen can do to prevent it. This, and all parts of the educational phase of the program, are important from the citizen's point of view because no matter how quickly a crime can be solved, it is far better to prevent the crime in the first place.

How some interesting proposals led to a date... with our new computer.

A lot of businesses use computers these days. After all, they're no longer in the "gee whiz" category.

At United Telephone, our data processing people have, for a long time, been preparing such things as customer bills, payrolls and inventories with the help of a computer. So what's new?

Well, as it turned out, our old computer was running day and night doing routine work and we also had a hat full of new ideas... proposals to use the computer in helping provide better communications service for our burgeoning list of customers.

The result? On a recent date... January 20 to be exact... we put a bigger and better computer to work for you... in bigger and better ways.

Some of our newer computer programs involve:

- A Trouble Reporting System to detect trends in malfunctioning equipment or materials... so that timely corrections can be applied.

- Traffic Analysis Studies to provide detailed information on subscriber use of lines, switching equipment and long distance circuits... to aid us in planning facilities improvements faster and better.
- Cost Studies on operating our large fleet of vehicles — to permit better utilization, maintenance and timely replacement.

These are just some of the ways our data people have "geared up" to serve today's requirements in our company's various operating departments.

Of course, our new computer can't produce any miracles. Properly used, however, it can help us explore new approaches to improved service and operating economy. And, in these days of constantly rising costs, we need all the help we can get.

Progress in data processing is still another aspect of service at United... where some 1,700 employees are working for you.

25 Years In The Onward & Upward Story Of Walker Memorial Hospital

by

John McClellan,

Administrator

We are pleased to announce the opening of our new \$1.8 million addition to Walker Memorial Hospital.

It is our hope that as many as possible will attend this Open House ceremony. The guest speaker will be Earl Treadway, President of the Florida Hospital Association.

On behalf of the Board of Trustees I should like to take this opportunity to especially thank those individuals who have donated funds and thus made the purchase of new equipment possible.

At this point I should like to trace the history of medical care in Avon Park, beginning with Dr. Touchton, who arrived in 1900 to care for flu victims.

In 1925 Highlands Lakes Hotel was built and was operated for several years until the depression.

In 1936 a sun and diet health resort was opened in the hotel, which lasted for only a few months.

From 1940-1945 thousands of cadets were trained in flying, using the hotel as their quarters.

In 1945 the hotel was operated by a man from Palm Beach and was open for approximately one year. During this time Sinclair Lewis, famous novelist and playwright, stayed at the hotel.

In the first part of 1946, the property reverted back to the government. During this same year Dr. Coleman came and set up his practice in Avon Park.

There was a growing realization by some of the local citizenry, during 1947, for the need of a hospital. A study was conducted of various methods and organizations to determine how to establish a hospital. A group of local businessmen arranged a meeting between themselves and the representatives of the Florida Conference of Seventh-day Adventists in Orlando.

Some of the individuals, prominent in this meeting, were S. C. Paez, Dr. Coleman, Walter Betts and Mayor Delaney. It was determined by those at the meeting that \$400,000 would be needed to begin operation of the old hotel as a hospital. It was decided that Florida Conference of Seventh-day Adventists would provide \$250,000 and the community, along with surrounding communities, would raise \$150,000.

The funds were raised as follows:

Highlands Lakes Hotel was acquired from the War Assets Administration, commonly known as the Surplus Property Program.

In November of 1947 the first group of hospital workers came and began cleaning and arranging the building for patients. Some of these included Dr. and Mrs. C. J. Larsen, Mr. and Mrs. Harold Brown, Miss T. Mr. and Mrs. C. F. Boyd, and Mr. and Mrs. H. M. Baldwin.

On January 6, 1948, the Highlands Lakes Hotel was officially dedicated as Walker Memorial Hospital in honor of Charles Walker who had been instrumental in the raising of funds for the establishment of the hospital.

The first patient was admitted the next day, January 7, 1948. There were no elevators in the building and patients were placed on chairs and carried up the stairs.

During the 25 years which have elapsed since 1948, Walker Memorial Hospital has had four administrators. From 1948-1959, H. M. Baldwin; 1959-1963, A. L. Lynd; 1963-1971, George Walper; and from 1971 to the present, John McClellan.

A hospital auxiliary was organized in 1962, commonly known as the Pink Ladies.

On November 25, 1963, the first patient was admitted to the 55-bed South Wing, which included new medical-surgical and obstetrical beds, with Emergency Room and X-ray ancillary facilities.

On September 30, 1964, Walker Memorial Credit Union was organized for its employees - the first credit union in Highlands County.

1965 saw the organization of the Candy Strippers who are part of the hospital auxiliary.

JOHN MCCLELLAN, Administrator of Walker Memorial Hospital.

The present clinical laboratory and chapel were completed and dedicated on the 10th of January, 1968.

Today your Hospital is approved by the Joint Commission on Accreditation of Hospitals and the American Association of Blood Banks, and is licensed by the Florida Board of Health, and is a member of the American Hospital Association, Florida Hospital Association, Seventh-day Adventist Hospital Association, and the West Central Florida Hospital Council.

Since its opening, we have cared for over 55,000 patients. More than 8,000 babies have been born here. One hundred seventy individuals are employed by the hospital, making it one of the largest year-round employment organizations in the county.

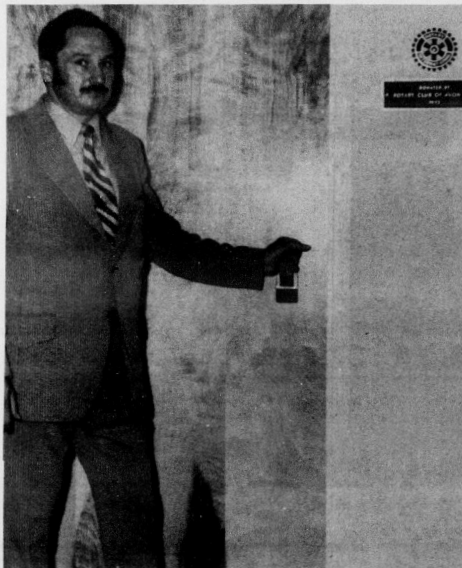

In the new structure on the first floor is a new Physical Therapy Department, Medical Records Office, Administrative and Accounting offices, new Cafeteria and Kitchen.

On the second floor there are 56 new beds with a central corridor which includes a large nursing station and service areas. Also a new Pharmacy and Intensive Care Unit, along with a Recovery Room. Three new Operating Rooms and a large Central Supply area.

This now is Walker Memorial Hospital - a community hospital - operated by the Seventh-day Adventist church as a community service.

I am looking forward to seeing each of you Sunday, March 11, at 2 p.m.

Prayer For Hospital Auxiliaries

Almighty God and Heavenly Father of Mankind, Bless we pray Thee, our endeavors in those hospitals in which we strive to bring comfort and hope to all who are in distress of mind and body.

Guide us so that we may use the privilege given us to help the aged and ill, the young with generosity, with discretion and with gentleness.

Give us the strength to labor diligently: the courage to think and to speak with conviction; but without prejudice or pride.

Grant us, we beseech Thee, both wisdom and humility in directing our united efforts, to do for others as Thou would have us do.

Amen

Area residents are in for a treat when they view the new addition to Walker Memorial Hospital this Sunday, Mar. 11. The invocation will be given by the Rev. Aden D. Childress, pastor of the First Baptist Church, Avon Park. The platform guests will be introduced by John McClellan, Administrator of Walker Memorial Hospital.

The \$1,800,000 contract for this new addition, (including architect fees), started the middle of 1971. The funds for construction came from a million dollar bond issue, plus \$850,000 from the federal government - Hill-Burton program. Walker Memorial, one of the finest in these parts, is approved by the joint commission on Accreditation of Hospitals and the American Association of Blood Banks; is licensed by the Florida Board of Health, and is a member of

the American Hospital Association, Florida Hospital Association, Seventh-day Adventist Hospital Association, and the West Central Florida Hospital Council.

Since its opening, 55,000 patients have been cared for, and over 8,000 babies have been born there.

In the new structure, on the first floor, is a new Physical Therapy Department, Medical Records office, Administrative and Accounting offices, new Cafeteria and Kitchen.

These, with the 33-bed South Wing, which includes medical-surgical and obstetrical beds, Emergency Room, Lab and X-ray ancillary facilities, makes for one of the best hospitals in the area.

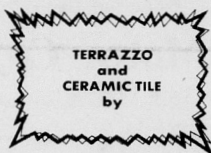

The Highlands Lakes Hotel, which was officially dedicated as Walker Memorial Hospital on January 6, 1948, in honor of Charles Walker, who was instrumental in the raising of funds for the establishment of this much needed hospital, now employs 170 individuals, making it one of the largest year 'round employment organizations in the county.

Pink Ladies Started In 1962

The Walker Memorial Hospital Auxiliary, (most frequently referred to as "Pink Ladies"), began September 25, 1962, with the approval of the American Medical Association and American Hospital Association. There was a membership of 15 under the direction of Mrs. Mildred Meade.

The purpose of the organization is to serve and further the interest of the Walker Memorial Hospital through ways which are approved by the administrator and governing board of the hospital.

The officers of the organization include a president, vice president, secretary and treasurer, and various other committee chairmen who are elected at the annual meeting in November. The Auxiliary meets the third Monday, every other month, at 7:30 p.m.

There are two types of membership - active and non-active. The total membership for 1972 was 67 members, with 55 active and 12 inactive.

Any woman of good character and recognized talent, who desires to become actively interested in the hospital, may become a member of the Women's Auxiliary.

The first money raising project of the organization was the selling of cookies in June, 1963. During the year 1963, on November 25, the Auxiliary broadened its services to include the newly completed 30-bed addition known as the South Wing.

They purchased their Memorial Plaque in May 1964. Mrs. Pauline Tondee became the Auxiliary Director on

July 1, 1964.

In September of 1964, Capping Ceremonies were started for members earning 100 hours of volunteer service.

In June 1965, another very important organization started under the Auxiliary's direction - the Candy Strippers. This Junior Volunteer program for girls in the 10th through the 12th grades started out with an enrollment of 10 girls, with Mrs. Katie Rehner as chairman. This most active and helpful group derived its name from their crisp neat "peppermint" striped pinafores. The purpose of this unselfish group is to give service to the hospital and to learn early in life of giving one's self in volunteer service. To qualify one must have a scholastic average of "C" or better and a good record in citizenship, health and responsibility, and also their parent's consent. This group in pink and white is under adult supervision, and must serve a minimum of 35 hours a year to stay a member.

Following Mrs. Rehner as chairman of the "Strippers" have been Mrs. Pauline Chance, Mrs. Josie McDaniell, and Mrs. Susan Jordan, who is the present chairman.

Some of the volunteer services the Auxiliary help with are: Bulletin Board, T.V. Service, Accounting Department, Out-Patient Department, Records Office, Maintenance Department, Patient's Flowers, and many others. They also operate a well-stocked gift shop.

The following is a list of gifts to the hospital from the Auxiliary, with cost and year given: 1964 - wheelchair (donation); 1964 - Auxiliary Memorial Plaque, \$2.43; 1965 - wheelchair, \$60; 1965, Gift Shop showcase, \$106.86; 1965 - patio furniture, \$300; 1966 - Two Wagonettes, \$158.14; 1966 - Installed 26 T.V. sets, \$3,978.80; 1966 - Child's wagon, South

Wing (by Candy Strippers), \$21; 1966 - 600 coat hangers (covered); 1967 - Laboratory Equipment and furniture for lounge, \$2,103.20; 1967 - Child's wagon, North Wing (by

and ECG oscilloscope, \$2,500; 1970, Tutor 202 (audio visual training system and four sets Tutor cartridges), \$975; 1970 - Microscope for Laboratory, \$1,000; 1970 - Beckman (electrophoresis machine for laboratory), \$3,465; 1970 - Teaching material (sound filmstrip on books, five programs on "The stroke patient"), \$225; 1971 - DuKane (slide projector by Candy Strippers), \$265; 1972, "Tanni" Cardiopulmonary resuscitation model, full size, \$234; 1972 - Ventilation-compression monitor, \$29; 1972 - Bassett resuscitator for O. B. Dept., \$20; 1973 - Lanier E-disette, \$2,572; 1973 - Lazyboy rocker-recliner, \$139.

The present officers of the Auxiliary are as follows: president, Mrs. Mae Langman; vice president, Mrs. Ruth Walker; secretary, Mrs. Dorothy Shelton.

The present officers of the Auxiliary are as follows: president, Mrs. Mae Langman; vice president, Mrs. Ruth Walker; secretary, Mrs. Dorothy Shelton; treasurer, Mrs. Helen Good; publicity, Mrs. Emma Coburn; Gift Shop, Mrs. Margaret Slocum; Sewing room, Mrs. Virginia Church; flowers, Mrs. Virginia Church; Scrap book, Mrs. Delores Whitmore; Candy Strippers, Mrs. Susan Jordan.

Part of the Volunteer Pledge is as follows: "I will conduct myself with dignity, courtesy and consideration. I will consider as confidential all information which I may hear directly or indirectly concerning a patient, doctor, or any member of the personnel, and will not seek information regarding a patient. I shall be conscientious and uphold the traditions and standards of this hospital, and shall interpret them to the community at large."

After all this - we wonder what hospitals ever did without the Auxiliary - or "Pink Ladies".

GETTING OUT... *the* Vote

Mrs. Jones is active in all types of community work. She is active in politics at the local level. From a list of voters at her elbow she telephones to see if any local residents need the services of the various car pools. Because of this service many who could not otherwise do so, get to the polls and vote.

But more than this, Mrs. Jones is a friend and servant of God. She supports her church and its services because she knows it is the center of all that is good and worthwhile in the Community. It is a place where the souls of men are uplifted and saved.

We, ourselves, would do well to emulate Mrs. Jones. May we urge that you, also, not only vote, but help get out the vote — that you not only attend church, but support it actively with your service.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
