NOTICE OF PROPOSED ORDINANCE
Notice is hereby given that in response to petition for annexation the City Council proposes to adopt the following Ordinance. Final reading will be held at the regular meeting of the City Council of the City of Avon Park, Florida, on Monday, August 27, 1972.

ORDINANCE NO. 308
AN ORDINANCE TO ANNEX WITHIN THE CITY THE WEST HALF OF THE SOUTHWEST QUARTER OF THE NORTHWEST QUARTER OF SECTION 27, TOWNSHIP 33 SOUTH, RANGE 28 EAST, WHEREAS, the Council of the City of Avon Park having been petitioned by James H. Reher, the sole owner of approximately twenty acres contiguous in the southwest corner of said City, for inclusion of that tract within the City, as particularly described below, and it appearing the best interest of the City would be served by extending the area of the City to include this parcel of land because it would tend to square up the southwest corner of the City, and would include a newly planned development within the City's regulation before development begins.

NOW, THEREFORE BE IT ORDAINED by the Council of the City of Avon Park as follows:
Section 1. The limits of the City of Avon Park are extended to include the following described tract of land, to-wit:
The West half of Government Lot 4, Section 27, Township 33 South, Range 28 East, said Government Lot 4 being the southwest quarter of the northwest quarter of Section 27, Township 33 South, Range 28 East situated in Highlands County, Florida.
Section 2. The limits of the City of Avon Park, Florida, are hereby re-defined as follows:
(a) Beginning at the south west corner of lot 11, block 4, Section 23, Township 33 South, Range 28 East, and run north to the south west corner of lot 6, block 4, section 23, thence north to the southeast corner of Lot 6, block 4, section 23, thence north to the northeast corner of Lot 3, block 4, section 23, thence west to the southwest corner of Lot 3, block 4, thence north to the southwest corner of Lot 11, block 1, Section 23, thence west to the south west corner of lot 12, block 1, Section 23; thence north to the south west corner of lot 3, block 10, Section 14; thence west to the south west corner of block 12, Section 14; thence north along the west line of block 12, Section 14, to a point midway between the north west and the south west corners thereof, thence west to the south west corner of lot 2, block 8, Section 15; thence north along the west boundary of blocks 8, 7, and 1, Section 15 to a point twenty feet north of the north line of Section 15; thence west along a line twenty feet north of the north boundary line of Section 15 and parallel thereto, to a point where a line dividing lots 149 and 150, 173 and 174, 197 and 198, Section 16, being projected north and south, crosses this line; thence south along the division line between lots 149 and 150, 173 and 174, 197 and 198 to the north line of lot 12, Section 14; thence west along the north line of lot 12 to the north west corner thereof, thence south along the division line between lots 12 and 13, 11 and 17, 19 and 20, and 13, 8 and 14, and 13, to the south side of Windy Street; thence along the east line of block 2, 3, 10, 11, 18, 20 and 27, Section 21, to the south side of Cornell Street; thence south along the east side of lot 2, block 1, Section 20, to the north side of block 8, Section 20; thence east along the north line of block 8, Section 20, to the south west corner of Government Lot 4, Section 27; thence south along the west line of Government Lot 4 to the south west corner of Government Lot 4; thence east along the south line of Government Lot 4 to the south east corner of the west one-half of Government Lot 4; thence north to the north east corner of the west one-half of Government Lot 4, Section 27; thence south to the north east corner of lot 1, block 1, Section 27; thence east to the north east corner of lot 8, block 4, Section 27; thence south to the south line of Section 27; thence east along the south line of the south east corner of the south west quarter of the south west quarter of Section 25; thence north to the south east corner of the south west quarter of the south west quarter of Section 25; thence west to the point of beginning; all of the above described property being and lying within Twp. 33 south, Range 28 east, Highlands County, Florida.
Section 3. The Clerk of the City of Avon Park is directed to amend the maps of the City to reflect this extension.
PASSED AND ADOPTED by the City Council of the City of Avon Park, Florida, this 23rd day of July, 1972.

Winter Guest Club News

For a change—it didn't rain on Wednesday evening—so the folks could shuffle. There were four courts in play. Anna Manegold and John Wolfe won over Paul Manegold and Leonard H. Porter. Consolation winners were Allene Howard

By ELIZABETH CLARKE

and Blaine Kerr with Chris Steen and Edward Edwards the runners-up.
Saturday evening enough folks turned up to fill seven courts, but just as they were about to line up the rains came—we need the rain!

Charlotte Dickson left Friday for California to be with her son and family. We shall surely miss the Dicksons—they have been members of the club for so many years. If any of you care to write, Mrs. Dickson's address will be 15023 Encanta Drive, Sherman Oaks, Calif. 91403.

Taylla Wurster writes from Bedford, Iowa, that she and her mother and father are having a fine time visiting friends and relatives, and they will be home very shortly.

Allene Howard has been doing a fine job of reporting the news for Elizabeth Clark who has been on a three-week vacation trip to visit a niece in Chicago, a brother-in-law in St. Joseph, Mich., who is now living in a retirement home. The Whitcomb Tower. She also visited cousins, the Charles Finches in Hanna, Ind. The Finches have visited in Avon Park several winters. Last—but not least—Elizabeth attended the wedding of her granddaughter, Diane West, in Kansas City, Mo. Now I'm very happy to be home and back on the job—keep your letters coming, please!

NOTICE UNDER PETITIONER'S NAME LAW
Notice is hereby given that the undersigned, pursuant to the "Petitioner's Name Statute," under Section 86.09 of the Florida Statutes as amended, will register with the Clerk of Circuit Court, in and for Highlands County, Florida, upon receipt of proof of the publication of this notice the Florida name to-wit: THE LOOKING GLASS under which name I am engaged in business at Route 3, box 70, in Avon Park, Florida, and that the owner of said business is: Janet Phillips.
Dated at 5-173, Highlands County, Florida, this 1st day of August, A.D., 1972.

The RESPECTED WORD

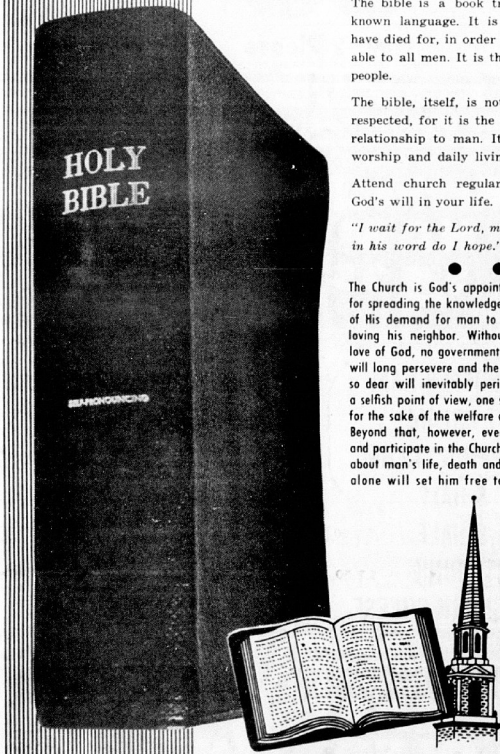

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

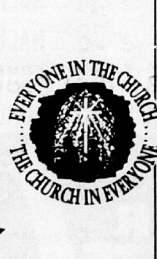

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Food for Thought

By Jane Nickerson

Jane Zoller, a young Sarasota matron, is a French cook with a Southern accent. Or is it vice versa?

She told me she had grown up in Bradenton as a flay related to Campbells which, I gathered, was like being a Cabot connected with Saltonstalls in Boston. Later, she said, she had lived in New York where she had attended the Parsons School of Design, viewed Julia Child's French Chef series on television and tried to cook likewise. Two years followed in Europe, mostly Brussels, where her flirtation with fine cuisine ripened into steady affection.

Young chickens poached in bouillion (boiled to the vulgar) and served with a sauce made from the broth, plus cream and curry powder, is Janice's choice for a dressy dinner party for six. Rice and Broccoli are the accompaniments.

A chilled ham mousse with toast points (comes first and crepe Suzette afterwards). Janice follows Mrs. Child's recipes. Those for the mousse and the dessert are in volume one of her "Mastering the Art of French Cooking" (Knopf, 1971).

For a less formal gathering, Janice has stuffed a cabbage with ham and sausage and served it with a fresh tomato sauce. The recipes take three pages in volume two of the same work.

Does this hostess do anything else except cook? Janice cares for her three children, 2, 3 and 8 years old; is a part-time interior decorator and told me she had laid 3,000 bricks around her new house of cypress and glass, set in a field 10 miles east of Sarasota.

She becomes involved with a cabbage and Mrs. Child only when she entertains, less than once weekly. For her family she ex-peditions fries chicken or pork chops.

Wasn't something said about cooking with a Southern accent?

It's easy to be expeditious in Janice's kitchen. William Zoller, her husband, is an architect, also dedicated to la bonne cuisine, and the two cooperated in designing the neatest of kitchens, a very model of function. Even a measuring spoon has its hidden storage space—nothing shows.

An herb garden grows just outside the kitchen window, reaching to the floor. Inside there's an island with two work surfaces—a butcher's block for chopping and cutting on one side and a marble slab for puff paste and confections on the other. A small sink completes that ensemble. Janice and her husband can work simultaneously, when he has time to cook, without tripping each other up.

She is like the house they built—a good design with no facade. Her directness strikes you even before her looks; she's yellow-haired, long-legged, attractive. She told me how she fed her family:

The \$56 check I cash on Fridays does for gas for the car and food and household supplies for a week. I skip one week if we're planning a party for the next.

"We all like meat. I plan chopped beef for

two menus and make things like hamburgers, spaghetti with meat sauce, pizza (with a mix) or lasagne. I buy chicken for two meals, and roast it with butter, try it or give it a Julia Child sauce. For the other dinners, we may have something like beef with vegetables Chinese style or barbecued ribs."

Zoller, a native Floridian, was the boy across the street when he and Janice were growing up. He's related to the Curry family of Key West. William Curry built a ship chandlery, facing the sea, more than a century ago. It's become a fascinating memento of other days in Key West.

Zoller's roots show up when he dresses lettuce with fresh Key lime juice (no salad oil) and more salt than you'd think necessary. This is the Old Sour of Key West, originated by Bahama settlers as a condiment for fish.

He enjoys fresh, cooked vegetables; what native son doesn't? Janice remarked that "I serve as many as I like, but not nearly so many as my husband likes." He votes for such delicacies as conch with fatback and black-eyed peas with hog jowl. She does green beans as Mrs. Child advocates—in quarts of salt water in an uncovered pot. (See "Master The Art"—volume one.)

Janice likes her new house and the freedom of Florida. But she misses the diversity in people you encounter in New York and wishes she had more friends here who gladly would spend hours over a fine dinner.

Her recipe for spaghetti sauce is neither French nor Southern—her favorite cooking styles. Though once Italian in origin, it's

become as much an American family classic as pork and beans. Her oldest child told me it was great, and I agreed when I tried it.

JANICE'S SPAGHETTI SAUCE

- 1 teaspoon salt
 - 1 pound very lean, ground beef
 - 2 tablespoons oil
 - 1 large onion, diced
 - 1 medium branch celery, diced
 - 1 medium green pepper, seeded and diced
 - 2 garlic cloves, chopped
 - 1 twelve ounce can tomato paste
 - 1 eight ounce can tomato sauce
 - 1 1-pound can tomatoes with their juice
 - 1/2 cup beef bouillon or water
 - 1/2 cup dry Vermouth
 - 1 teaspoon Worcestershire sauce
 - 1 1/2 teaspoons oregano
 - 1/4 teaspoon marjoram
 - 1/4 teaspoon basil
- Powdered hot sauce
- Freshly ground black pepper to taste
1. Sprinkle a half-teaspoon salt in a broad four-quart saucepan. Add the meat and cook, stirring till brown. Turn into a colander—drain off the fat.

2. Add the oil to the same pan. Heat till hot but not smoking. Add onion, celery, green pepper and garlic. Cook, stirring often, till onion turns yellow. Return meat to the pan—add all the other ingredients.

3. Simmer, covered, two and a half to three hours. Add more salt to taste, if desired. Yield: About 2 1/2 quarts. Tightly cover and refrigerate left-overs.

Consumer Classes Start Tuesday

The Consumer Education classes, presented each month by Faye Gordon, consumer advisor for Florida Power, will be held on Tuesday, Aug. 21, from 10 to 11 a.m., at the Home

Service Center of Florida Power. The public is invited to this program, which is free. We are all interested in saving money, energy, time

and effort. These classes are aimed at helping you do this—so come and share your ideas with us and hear about some new ones.

Q. I understand a retired worker getting social security checks can now earn \$2,100 in a year without losing any of his monthly benefits. Was any change made in the number of hours a retired, self-employed person can work in a month?

A. No, there was no change made in the definition of "substantial services" in self-employment. Generally, you are allowed to work up to 45 hours in a month without loss of any benefits for that month; however, if you are a highly skilled profession, you could be considered to be working substantially with even fewer hours.

Q. I'm 39 and working regularly, but each weekend I have to get kidney dialysis. My doctor told me that as of July 1 Medicare helps pay for this treatment. How do I apply for this Medicare coverage?

A. To see if you are eligible for this Medicare coverage, call, write, or visit any social security office.

Q. My 35-year-old sister, who has been totally disabled since birth, has been getting monthly social security payments for over two years on my retired father's work record; will she

be able to get Medicare coverage?

A. Yes, beginning this July your sister can get Medicare coverage. Hospital insurance coverage will cost her nothing, but medical insurance coverage will cost her \$6.30 a month. She can decline the medical insurance; but if she takes it, the \$6.30 will be deducted from her monthly social security checks starting in July.

Some Helpful Hints For Good Fishing

TALLAHASSEE - "Fishing just ain't what it used to be," is a recurring lament among fishermen, and not just Florida fishermen either. All across our country, sportsmen

are feeling the crunch of growth. Each season finds more fishermen competing for less fishing water. Water deterioration, pollution, development, and stricter trespass laws afford less and less fishing opportunity.

Still, the fishing is what it used to be, and in some cases it can be even better. The catch is that the fisherman must look a little harder and perhaps go a little farther afield to find his fishing. But it is there. Fisheries biologists estimate that Florida anglers are taking only five percent of its catchable bream and other panfish, and no more than 20 to 30 per cent of its standing bass crop.

As with many other resources nowadays, they are there, but you have to be willing to work for them. Work, in this case, means investing some time in checking maps and riding the back roads to find those "hidey holes" that the average angler doesn't know about.

It means studying the fish to find when they're biting and what they are biting on. By following these two basic premises, and the following hints and tips, there's no reason Florida fishing shouldn't be "good as it used to be" or better!

For example, find a day-in and day-out good late summer fisherman, who almost always has good success, and you'll most likely discover:

He'll already be on the water at grey dawn, not getting ready to hit the road. And he'll be back on a likely fishing spot with an hour of daylight left. He may even stay there well into the night.

He'll spend the middle of the day along shorelines, fishing under overhangs. In lakes, he'll be fishing where the bottom drops off sharply from shallow to deep.

He won't quit by the clock, unless he's successful beforehand. But he might take a nap at noontime, or look over surroundings for a good hunting site come November.

His gear and baits will be matched to hot weather fishing, also to the grass, weeds or under water weeds or under water obstructions where he plans to fish. Springtime baits likely will be left at home for spoons, popping bugs, spinners, jigs and plastic worms, and crickets

and wooly boogers will replace earthworms.

He'll either have a map of the lake showing drop offs and deep holes, or they are already known where they are.

Also, other things he does will show that "he's been around" a long time, such as:

Keeping an eye on the weather, and leaving the water until a lightning display passes. But he'll get back fishing quickly when a shower starts.

Or, carrying spare shear pins for the outboard in case of a mishap.

Or, if fishing is slow, he may open a fish or two to learn on what they're feeding, and then try to match his bait to their liking.

These suggestions for successful fishing in late summer could go on and on. But there's enough here to assure you a good catch almost anywhere you may go. Actually, it's experience that you need. Because there are plenty of fish to be caught.

You can easily cut you "learning time" to a short period by watching the old pros. Learn from them. They're catching fish almost any time, sometimes better than "in the good ole days", only today they fish more wisely. Secret is, they "think" like a fish, and outwit it at it's own hot weather game.

Individual Performance Connected To Thoughts?

TALLAHASSEE (AFNS) — Think about this: can what you are thinking influence your performance?

The ability to persist in a task when fatigue, pain, or both become present is highly important to such people as astronauts, athletes, military personnel and dance performers who may encounter such situations.

"An individual who is capable of controlling or improving physical functions by thought regulation would appear to have a distinct advantage in numerous endeavors," said Dr. Robert Singer of Florida State University.

A professor of physical education, Dr. Singer tested 36 volunteer subjects, all of whom were male college students, to

see if what they were thinking made a difference in their performance output.

Surprisingly, the tests failed to show a relationship between conscious mental behavior and task performance.

The task was simple: hang from a bar for as long as possible with the use of the hands only. Each student, according to Dr. Singer, was test-

ed in four experimental sessions with a two-day interval between the sessions.

"They were asked to keep their eyes closed during the hang," Dr. Singer said, "and each was given one activity to think about during each session. They were: (a) thinking of anything, (b) solving arithmetical problems continuously, (c) picturing crisis situations (choking, drawing), and (d) picturing pleasant situations."

A rating scale was used to measure each individual since each could only indicate the percentage of time he felt he

was able to concentrate on one of the mental activities," Dr. Singer said.

"Most athletes, such as distance runners, state that they try to think of anything but the task they are trying to perform," Dr. Singer said. "Most try to think of something pleasant."

In the study, he pointed out, the subjects were not trained, nor were they athletes. "It is possible that the person who excels by overcoming exhaustion and pain in endurance activities has trained his mind as well as his body," he said. "Perhaps this is what singles out a champion among outstanding performers in grueling events but may not be nearly as important in distinguishing among non-trained performers."

Drug Penalties Far Reaching

(FPR) — It is fairly common knowledge that the misuse or abuse of drugs is illegal, but what is not so commonly known is exactly what the penalties are for drug abuse offenses.

Florida law makes the unauthorized use of barbiturates, hallucinogenic or central nervous system affective drugs a felony. These drugs include LSD, marijuana, amphetamines, hashish, mescaline and many others. It is also a felony to possess a narcotic drug such as opium, heroin, or morphine without a valid prescription. Possible penalties under this law vary according to the number of previous offenses. For a first offense on possession or sale, imprisonment of up to five years and/or a maximum fine of \$5,000 is possible. Second offenses raise the possible imprisonment time to fifteen years and/or the maximum fine to \$10,000. Third offenses may mean imprisonment for up to thirty years and/or a maximum fine of \$15,000. The only exception to this law is for a first conviction on

possession of marijuana in an amount of five grams or less. In this case, the crime was a misdemeanor, punishable by imprisonment in the county jail for up to one year and a fine of up to \$1,000. In all other cases of marijuana possession and use, the penalties are the same as those for other classes of drugs.

A related law makes the sale or transfer of drugs to a person under the age of twenty-one a felony, punishable by up to thirty years imprisonment and a fine of up to \$10,000. If narcotic drugs are involved, the penalty may be life imprisonment.

Another related law makes possession, sale or transfer of instruments or paraphernalia for injecting, smoking or using these prohibited drugs a felony punishable by up to five years imprisonment and a fine of up to \$5,000. Finally, violating Florida drug laws may mean forfeiture to the state of the automobile, boat or aircraft used in violating or in attempting to violate these laws.

Deltona Buys 15,745 Acres Here

Deltona of Miami, a Mackie Brothers company, has contracted to acquire 15,745 acres of land in south Polk county, just north of Avon Park. The firm already has eight communities under development in the state including fabled Marco Island.

The property was purchased from Allico Land Development Co. of LaBelle and fronts on US 27 about mid-way between Avon Park and Frostproof. It

extends eastward to Arbruckle Lake and borders 4.5 miles along that lake. A northeast boundary is along about 4,000 feet of Lake Livingston shore.

Purchase price was \$11.8 million or about \$750 per acre with a down payment of \$1 million.

In Miami a spokesman for Deltona said specific plans can not be announced but "we are obviously in the planned

community business and this prime tract in rolling citrus country is ideally suited for a planned community.

The size of the purchased tract compares to the eight Deltona communities the firm has under development. Marco Island development, along the southwest coast of the state, covers 15,500 acres; Citrus Springs near Inverness is 15,000 acres; Spring Hill near Weeki Wachee is 15,000 acres; Sunny Hills near Tallahassee is

26,000 acres; Deltona near Sanford is 16,200 acres; Marion Oaks near Ocala is 15,000 acres; Pine Ridge near Dunnellon is 11,000 acres; and St. Augustine Shores is a smaller, 2,000 acre project being developed by Deltona.

A Deltona spokesman noted the Polk tract is all contiguous, but there is about a mile-square piece near the center still owned by a farmer which the firm has not been able to acquire.

In LaBelle, a spokesman for Allico said the acreage sold to Deltona was part of about 45,000 acres Allico owns in the Frostproof-Avon Park area. "We have no plans to sell any more of the tract," said the Allico spokesman.

Deltona's relatively new "housing factory" near Bradenton, which makes "modular homes" for all of the firm's communities, will also probably be utilized in the Polk development.

Board Asked To Maintain Beaches At Avon Lakes

Speaking for the Avon Park Lakes Association, John Schoen asked the county commissioners Tuesday to assume responsibility for maintaining lakeside beaches in the subdivision.

Schoen claimed that the beaches were being used more by county residents than by subdivision members and, therefore, maintenance costs should be borne by the county government.

Park areas in Avon Park Lakes had been dedicated to the public and, years ago, had been accepted by the county.

Schoen claimed. County Attorney Robert Dunty explained that a dedication is a unilateral contract—an offer—that does not convey ownership. It merely authorizes use of the property by the public, Dunty said.

Board Chairman Robert Skipper asked the county engineer to review the Avon Park Lakes Association's request and ascertain how much beach frontage would be involved.

Attorney Dunty cautioned that the county would have no right to enter private beachfront property to maintain it. He suggested that if Schoen's organization wants the county to assume responsibility for parks in its subdivision, they should offer the park property to the county.

The first step in transferring subdivision parks to the county would be to have title searches made for each plot to be offered, Dunty said. The county can then accept or reject the offer.

In other business, the commissioners (Norman "Jag" Heston, Dist. 2, absent):

—Agreed to offer the Standard Oil Co. \$855 for eleven 1,000-gallon fuel tanks now buried in the ground at road and bridge department barns located in Sebring, Avon Park and Lake Placid.

—Awarded a \$960 contract to Maurice Albritton Construction, Avon Park, to demolish and remove a frame house now located on county property near the corner of S. Commerce Ave. and Euclalyptus St., Sebring. Clearing is to be completed by Oct. 1.

—Accepted an offer submitted by the Gulf Oil Co. to sell five used pumps, now located at the Sebring road and bridge barn, to the county for \$100 each.

—Heard Chuck Shane, manager of Avon Park's radio station WAPR, object to disparaging statements alleged to have originated with the county's civil defense director. The civil defense director then informed Shane that statements attributed to him had been misconstrued.

City To Reduce Millage On Bond Indebtedness

October first will mark the beginning of Avon Park's 1973-74 fiscal year. Last week members of the city council met in an initial work session to plan the financial budget for the city during the coming year.

While other meetings will be necessary before the budget is completed, one decision of interest to many property owners was reached.

Tax millage in Territory A will be reduced from 4 to 3 1/2 mills; in Territory B and C, from 3 to 2 1/2 mills. Revenue from this tax goes into a special fund which is applied to the city's long-standing bonded indebtedness.

Of interest to newer residents of Avon Park is the story of the city's quixotic

determination to pay its honest debts, when many Florida communities in the early thirties, declared bankruptcy and paid off their creditors ten cents on the dollar.

Dating back to the period from 1927 to 1929, money was borrowed for a number of civic improvements, which included the present sewer system and Donaldson Park. City Clerk Crews says the debt will be wiped out in 1983, with a bond-burning and civic celebration such as Avon Park has never seen before.

Councilman Sizemore presented strong and valid arguments for hiring a city superintendent with an engineering degree. A move,

he stated, which would be in the interests of both economy and increased efficiency.

Police Chief Cribb indicated the need for two additional men and equipment for his department.

Both of these matters will be under consideration at future meetings, along with percent salary schedules.

Persons with questions are invited to call the college at 453-6661 and ask for the Adult Education Office. Students who wish to earn a high school completion diploma are urged to call the college for a counseling session.

Details pertaining to the new REP-43 (3 x 3) Enlistment Options may be obtained from the National Guard Armory located just south of Avon Park on Highway 27.

There will be an important meeting of the Avon Park High School Athletic Association next Monday night (Aug. 27) at the Avon Park High School Auditorium at 8 p.m.

President David Johnson has called the meeting for all interested Red Devil fans. There will be election of officers for the 1973-74 athletic season and plans for the upcoming football season will be discussed. Mr. Johnson asked that fans pass the word of the meeting to friends as time will prevent cards being mailed out to past and prospective members before this meeting.

Two Youths Charged With Theft

Two Avon Park youths have been arrested and charged with theft of news vending machines in that city. Investigation is continuing as to their possible involvement in similar thefts in Sebring and Lake Placid.

About a dozen machines in the county's three cities have been taken and rifled of the money in them in the last two weeks, then tossed away in various spots in the Lake Denton road area. The machines belonged to Sebring News, Tampa Tribune and Orlando Sentinel.

Arrested were Robert Duane Tillman, 21, of 109 S. Central Ave., Avon Park, and a 16-year-old boy. Tillman was charged not only with grand larceny but contributing to the delinquency of a minor.

Tillman and the juvenile, according to the sheriff's office, admitted breaking in the vending machine at Hess Service Station on Route 27 at Avon Park after a tool was found in the trunk of their car scarred with orange paint believed from the boxes. About a dozen machines in the three cities were taken and rifled of their money.

Chet Brojekt Named Coach-of-The-Year

Coach Chet Brojekt, Avon Park Red Devil Cross Country and Track coach, has been awarded a plaque honoring him as State Class AA and A Coach-of-the-Year in Cross Country. Coach Brojekt's Red Devil squad won the Florida State Class AA and A Cross Country Championship last fall. The Red Devils are expected to be top contenders to retain the title this fall.

The award to Coach Brojekt was made at the Florida State Coaches Clinic in Gainesville the first of the month.

Red Devils Will Host Football Jamboree

The Avon Park Red Devils will host the 1973 football jamboree here at Memorial Field probably on Saturday, Sept. 1, at 7:30 p.m. according to new head football coach Ralph Hill.

The four schools involved in the jamboree; Wauchula, Arcadia, Sebring, and Avon Park, have requested permission to play the jamboree on Friday, Aug. 31, but will have to await word on this before the date is set.

Coach Hill said this week that the first quarter of play will be between Wauchula and Sebring, the second quarter Avon Park will play Arcadia, Arcadia and Wauchula will play the third quarter, and Avon Park and Sebring will play the fourth quarter. Admission will be \$2 for adults and \$1 for students.

The Red Devils have been working out for a week now under Coach Hill and new line coach John Pitcher. Yesterday, Wednesday, the squad went into pads and starting hitting. About 29 boys are out for the varsity squad with several others expected out when school starts or soon.

Thirteen seniors are working out already—Buddy DeWitt, 160 pound senior quarterback; Danny Lewis, 132 pound halfback and safety; Mearl Robinson, 155 pound end and back; Jimmy Carter, 215 pound tackle; Sean Murphy, 196 pound tackle; Nathaniel Packer, 190 pound end; Greg Hart, 160 pound offensive guard; Marvin Jackson, 165

The Spirit Of Labor Day

It seems as though it was only yesterday that our nation's schools let out for summer vacation, and families began summertime activities. But now the season's last three-day holiday—Labor Day weekend—is almost upon us, and youngsters will soon be returning to the classroom.

The good times of the Labor Day weekend for all America mark a time of change. Suddenly the Fall season is upon us and the pace quickens. Family attention shifts from plans for play to preparation for work. Youngsters will be trading in their water skis and swim fins

for textbooks and pencils, and parents will be exchanging their camping gear and barbecue sets for a renewed dedication to career or school—at least, that's the way it should be. In closing the book on Summer, we all should dedicate ourselves to earning the fruits of labor and study by which we hope to be better able to provide for the support of ourselves and loved ones while contributing to our country's well-being.

This reeducation should be the real significance of Labor Day. It should lend greater enjoyment as well as meaning to this season's last chance for a Summer family outing.

School Lunches Go Up

Families with several children who have been watching their shrinking dollars at the supermarkets as prices escalated, rocked to another punch in the solar plexus this week.

The price of school lunches advanced 10 cents per lunch. And when you figure the increase for several children for the 180 school days of the school year, it mounts up.

And if the local school board is able to hold the increase at 10 cents they will be doing very well indeed. Polk County has announced a 20-cent increase. Duval County 11 cents and no desserts.

Probably more and more children will start carrying

lunches to school - brown bagging it - or some parents may buy some of those pretty lunch boxes to glamorize (is that the word?) lunch brought from home.

And there seems to be no end in sight for food price increases. Now we read that vegetable growers in nearby counties cannot get their crops picked because workers are so well off with food stamps. Which indicates more shortages and attendant higher prices.

Things seem to be in pretty much of a mess on many fronts these days - and it's the average guy that's taking the licking via his pocketbook.

We Get Letters

Editor Sun:

The last election was amusing, confusing and to some degree educational. We learned for instance that a demagogue is an opponent that gets four times as many votes as you do and that the people that vote for him are fools.

We also learned that the method our President has chosen is very poor. When we saw a group of hippies select one of the candidates, this should have been cause for worry.

There may be some that can remember when we wondered if a candidate was good enough for the office. Now we wonder if he is bad enough. In the last election we seemed to have done an excellent job.

It doesn't seem to be any secret now that our President and Vice-President are in trouble. Not to be out done, our L. Governor got into the act. However, let's get close to home.

We have a law-enforcement officer that has been involved in three accidents and alleged to have been drunk two of the times and drinking the other. Our Highway Patrol was called to each accident. No charges were made!

We have a county official that has been arrested for DWI at least two times, hit a parked car and everyone but the City Officer that investigated the accident thought he was drunk! A request was made by the owner of the parked vehicle he damaged, that an alcohol test be given this County Official. One was promised, but NEVER made.

Before we get too harsh on these officials let's check and see how they got in office. Each one won his race by a wide margin. One might say that those that voted used bad judgement, but the worst judgement of all was by the over 15 per cent that decided it was not important enough for them to take the time to vote.

We will have a City election in December of this year. I hope we do better this time! If we call a young man a deserter that fails to fight for his country, why should we call those who fail to vote for C.J.

Editor Sun:

On the second Monday of August, at the last regular meeting of the American Legion Post 69 located at the West end of Bell Street, an interesting question was brought up.

What would a membership in the American Legion mean to me as a Korean or Vietnam veteran? The answer is, the \$7 per year dues include a subscription to the National American Legion Magazine, also a subscription to the Florida Legionnaire. The right to vote and hold office, a voice at deciding issues and activities, and the right to use the air-conditioned Hall with its ample parking space.

For the past few years the hall has for the main part been used for regular meetings and Bingo parties once a week on Thursday nights. These Bingo parties are fine for the WWI and WW2 vets as well as many winter visitors and has provided the money to improve and maintain the hall, and should be continued at all costs.

However, many younger members might like to hold dances that might be preferred by them and their wives, or by their friends. There is no reason that this could not be done if enough of you younger Veterans would join and get in there and go after it.

It was decided that an invitation be extended to all veterans interested in having dances and other activities to visit our next regular meeting Monday, Sept. 10, at 8 p.m. to consider joining and becoming active members.

Korean and Vietnam veterans, we need you!

The other night I was stranded at the postoffice with a dead battery.

A young man, driving down the street, noticed my raised hood, backed up and jumped my vehicle off.

We older folks seem to just get the best of the generation, but if we will look back truthfully, they are not so much different from the kids of 30 or 40 years ago.

Thanks again, Young Man, I.S. Pickett

Principles Of Horticulture To Be Offered

Principles of Horticulture will be offered on the campus of South Florida Junior College on Wednesday nights during the Fall Semester. Lewis H. Miller will be the instructor for this course which is the study of home and commercial production of flowers, fruits and vegetables. The course will also cover plant propagation and plant relationships.

Principles of Horticulture is a three hour college credit course and can be used as an elective towards the Associate of Arts degree. The class will meet from 7 until 9:30 p.m. beginning Aug. 22. Anyone wishing to enroll may register at the campus on Tuesday, Aug. 21, from 9:30 to 11:30 a.m. or 2 to 4 p.m. and 6:30 to 8:30 p.m. Registrations will be accepted during regular office hours thereafter until Aug. 28. Anyone desiring further information on this course may contact the Director of Admissions at South Florida Junior College. The telephone number is 433-6661; Avon Park.

On Aug. 10 Officer George Champion arrested David C. Leavore of 1203 S. Florida Ave. The arrest stems from an investigation in which Leavore is alleged to have forged or uttered a forged instrument, by passing two checks at the Hess Oil station. The two checks, one for \$30 and one for \$3.15, were drawn on the account of Walter J. or Anne Garrison, which had been closed. Leavore was identified from a photograph by an employee at the station who cashed the checks.

Patrolman Clifford Godfrey is investigating the larceny of a Tampa Tribune coin machine which was taken from the Jiffy Food Store between 1 and 2 a.m. Aug. 12. This machine was one of several that were taken from the Avon Park and Sebring areas. Deputy Earl Gordon recovered one of the vending machines in an orange grove near the Lake Denton area. The coin box had been

broken and the money inside taken. Again, during the night of Aug. 14, persons (s) unknown took a paper machine belonging to the Tampa Tribune, from the Shop-and-Go-Store on S. Verona Blvd.

According to the report by Officer Bob Oberber, a search of the Lake Denton area met with negative results.

Investigation by Patrolman Bob Oberber disclosed that Franklin R. Speakman of Sebring had parked his vehicle on E. Main St., near Delancy Hardware, and as he opened the left front door, it was struck by a '64 Chevrolet being driven by Sammie Weeks who was traveling east on E. Main St.

Weeks' vehicle sustained approximately \$75 damage and Speakman's '73 Mustang had damage estimated at \$550. No charges were filed in the accident; also no injuries were reported.

Newsome - Jordan

No charges were filed as the result of an accident which occurred in the Post Office parking lot at 9:55 a.m. Monday, Aug. 13. The accident happened when Linda Newsome, operating a '73 Datsun, struck the rear of a '69 Simca being driven by Robert Jordan who had stopped at the stop sign before pulling out on S. Verona Ave. Patrolman Archie Hancock stated that no damage was done. After a search of the immediate area Delancy was apprehended by Patrolman Ernest Brown. Delancy was booked at the Police Station on a charge of auto theft, after admitting to Brown that he had earlier stolen the vehicle. Dispatcher Frank Cratty sent a telephone to Bartow. Sheriff's Department inquiring about the registration of the Buick. Within a short time Bartow confirmed that the car had been reported stolen to the Frostproof Police Department.

In a report filed by Police Chief Ferland Cribb, Mrs. Clyde Stirling stated that as she had just finished checking a few items of groceries, she momentarily turned away from the cash register to get something for a customer.

Mrs. Stirling closed the cash register drawer but failed to lock it. As she turned back toward the register, she realized that an unidentified colored male had reached into the cash drawer and took an estimated \$750 in cash and food stamps from it.

On Saturday evening, Thomas Delancy, 19, of Frostproof, is alleged to have stolen a 1966 Buick and to have

SFJC To Offer Courses In Salesmanship-Business Law

South Florida Junior College Adult Education Division, in the effort to broaden the scope of education courses offered in the business community, will this fall offer two classes—one in salesmanship, the other in business law—that seek to meet this end.

The salesmanship class will be conducted on Thursday from 7 to 10 p.m. at the campus of South Florida Junior College.

The Business Law class will be held on Tuesday evenings at the same time and place. Bob Talbott who is the DCT

Coordinator at Sebring High School will be the instructor for both programs. Cost of these two classes is \$3 each plus books. Any person with an interest in sales or in the business area that would be assisted by classes in business law is invited to enroll during the regular registration period at S.F.J.C. from Aug. 27 through Aug. 30, or in the evenings on Aug. 27 and 28 from 6:30 to 9 p.m.

Any person desiring further information should call the Adult Education Division at 433-6661 in Avon Park.

Betts Visit English Relatives Of Pioneer Avon Park Resident

A trip to England by Avon Park residents was like a nostalgic visit for one of our older Avon Park residents.

Mr. and Mrs. Walter Betts, with two of their grandsons, John Kluberg and Walter Nunnallee flew to London on June 18. After a few days in London, they toured England, Wales and Scotland in a rented motor caravan.

While touring they stopped in Carlisle, England and called on two sisters of Bill Rowland, Mrs. Emily Garrigan and Miss Amelia Rowland. When Bill found out the Betts were going to England he gave them the addresses of his sisters and brother, and asked them to stop by and see them. The Betts had a very pleasant visit with them, and they were delighted to hear from him in 62 years.

Bill had come to America, leaving Liverpool on St. Patrick's Day in 1911 as a young man of 15, and has never

returned. He met and married Jessie Thomas in 1928. They have three children, William Okeehobee, Charles and Mrs. Ann Carier, both of Avon Park, seven grandchildren and one great-grandchild.

Bill's sisters have a charming English style home in Scotch Carlisle with rose gardens in both the front and back yards, with huge beautiful roses. The roses were in full bloom and it was a beautiful sight. The sisters gave the Americans a wonderful welcome and were most gracious. Bill has enjoyed reminiscing about his relatives and former home with the Betts since their return, which was almost like a trip home for him.

The Betts and their grandsons attended the British Open Golf Tournament in Tron Scotland, which they enjoyed very much.

After the tour in the Caravan, they made a tour of two weeks in Norway, Sweden

and Denmark.

Bill said the pictures taken and talks with the Betts, since their return, was almost like a visit back to his homeplace, Carlisle, Cumberland County, England, on the border of Scotland.

G.E.D. Classes Scheduled At Junior College

South Florida Junior College will conduct a class for persons who want to prepare for the G.E.D. or high school equivalency test. This course will meet on Monday night in the electronics building on campus.

This course will cover the five areas of English, mathematics, literature, science and social studies and will be tied in with the television series, "Your Future Is Now", which will be televised over Channel 3. The class will meet for 15 weeks which will cost \$10. Registration will be Aug. 27 and 28 from 9 until 4 p.m. and 6:30 until 9 p.m. and Aug. 29 from 9 a.m. until 4 p.m.

For additional information call the Director of Vocational Guidance at 433-6661.

Nurses' Aide Classes Set

South Florida Junior College will host an adult class for nurse aide and orderly preparation in classroom 102 on the campus in Avon Park. This program is open to all persons 18 years of age and older who are interested in becoming nurse aides or orderlies.

The program will be taught by Mrs. Anna Newbott, a registered nurse. Persons wishing to register for this class should plan to come to the campus of S.F.J.C. Aug. 27 or 28 between the hours of 9 a.m. and 4 p.m. or 6:30 and 9 p.m. Cost of the program is \$20 plus required uniforms and text books.

ON THEIR RECENT trip to England, Mr. and Mrs. Walter Betts stopped for a visit with their sisters, Mrs. Emily Garrigan (left) and Miss Amelia Rowland, in their beautiful rose garden.

MISS AMELIA ROWLAND (left) and Mr. W. J. (Bill) Rowland of Avon Park are shown above in their rose garden in front of their home in Carlisle, Cumberland County, England, on the border of Scotland. Mr. Rowland (since he left England at an early age) hasn't seen Emily and Amelia in 62 years.

Winter Guest Club News

EBEL also had lunch with Henry and Aretta Troutfetter in New Buffalo, Mich.

Paul Swearingen gives this report of the Avon Park Picnic in Palmyra, Mich. There were 44 attending with lots of good food, and everyone in a picnic mood. Louise Prellip gave a memorial reading for those of the Winter Guest Club who have passed away this past year. Lynville and Trede Myers sang a duet. Alde Peter in her mimical way read a paper about Wood's Chapel, hereafter referred to by W.C. This proved to be both confusing and amusing and everyone had a good laugh. After much visiting, all joined hands singing "Till we meet again". Saying goodbye till they meet in Avon Park this winter.

George and Ellen Coombs write from Solon, Me. about their summer activities, which included the painting of their house by their grandson. They spent two weeks in July at Embden Lake having as their guests, their daughter and granddaughter from College Park, Ga. On July 22 of their five children were together for the first time in three years. That was a grand vacation.

They see the Clyde Getchells and the Leslie Hildreths often. They will be glad to see all their Avon Park friends in the fall. They also enjoy the Winter Guest Club news in the Sun.

This week the Blaine Kerrs are entertaining their son and family, James and Sue and two children, Scott and Laura, from Youngstown, Ohio.

Mrs. Spensler Limbaugh gives this report of the Avon Park picnic in Mayville, N.Y. — Mayville, N.Y. — The sixth annual Avon Park picnic was held here Wednesday, Aug. 1, at the Grange Hall. There were 63 members and guests present at the dinner served at 12:30.

Persons attending were from Bear Lake, Corry, Warren and Fairview, Pa.; Castle, Warsaw and Pike, N.Y.; Avon Park, and many from neighboring towns in Chautauque County.

Mrs. Caroline Webber, Mrs. George Loomis and Mrs. Hazel Prindle were in charge of kitchen and dining room. And Audrey Near was in charge of

registration and Mrs. John Mitchell of publicity.

A business meeting was held with Mrs. Harris Steward presiding. Elected to serve for the coming year were Spensler Limbaugh as president and Harris Steward as secretary-treasurer.

Mr. and Mrs. Everett Keister were congratulated on their 50th wedding anniversary celebrated this summer.

Group singing led by Lloyd Wyant, accompanied by Mrs. Wyant at the piano was enjoyed. George Loomis and Earl Ayling were responsible for the entertainment, which consisted of contests, games, riddles and jokes and everyone had a good time participating.

After much reminiscing the group adjourned to their homes with the promise to meet in Avon Park this winter and for another picnic at the same place the first Wednesday in August next year.

Civic clubs and other groups of the Highlands County area made it possible for 22 children to spend a week at Camp Wingmann in Avon Park.

The children attended the one non-denominational camp session, Camp St. Francis, the Episcopal camp runs each year for underprivileged children. Highlands County children spent the week of Aug. 12 at Camp Wingmann, where they enjoyed a variety of activities that included all water sports, horseback riding, baseball.

Children that participated in the week-long camping session were recommended for scholarships by the Division of Youth Services.

Groups furnishing scholarships were the Police Department and Rotary Club in Avon Park; Rotary, Jaycees, Jayceettes, Kiwanis, and Lions Clubs in Sebring; and Lions, Kiwanis, and Rotary Clubs of Lake Placid.

HAPPY BIRTHDAY!—Miss Daisy Smith (center) celebrating her 90th at a dinner party at Griffin's Restaurant—with the help of Harold Smith and Mrs. Lou Grose.

Daisy Smith Celebrates 90th Birthday

Mrs. Lou Grose, Mr. and Mrs. Harold Smith and Mr. and Mrs. Earl Tower hosted a birthday party honoring Miss Daisy Smith, their aunt, on her 90th birthday. An open house was held at her home at 50 N. Highlands in Avon Park, followed by a dinner at Griffin's Restaurant.

Out-of-town guests included Mr. and Mrs. Earl Tower and Mrs. Kathryn Squires, of St. Petersburg, Mr. and Mrs. Harold Smith of Largo, Mr. and Mrs. Charles Lawton of Jacksonville, Gary Gehar and Wendy Schaefer of Oshkosh, Wis.

The guests were entertained with singing and guitar playing by Craig, Diane and Eileen Schomp. These children are all under 10 years of age and have an amazing repertoire.

Mrs. Edna Jackson accompanied the guests in singing old familiar songs led by Charles Ginn.

Many lovely flowers decorated the home and a beautiful birthday cake was served at Griffin's. Many greeting cards and long distance telephone calls were received by Miss Daisy. Miss Daisy and her late brother Herbert Smith, moved to Avon Park in 1937 from Green Bay, Wis.

Beverly Mann

Attends

Workshop

Beverly Mann, organist at the First United Methodist Church of Avon Park, was one of approximately 900 persons attending the biennial convocation of the Fellowship of United Methodist Musicians, Aug. 5 to 11 on the campus of Florida Southern College in Lakeland, Fla.

Highlight of the week included an organ recital and fully organ workshops led by Alex Wytton, organist and choirmaster of New York's Cathedral of St. John the Divine.

Other highlights were: a musical workshop by Richard Avery and a well-known organist, and a workshop by John Lloyd Wright. The program includes the largest collection of Wright architecture in the world.

Special music sessions for youth sponsored by the Florida Conference of the United Methodist Church, were held. More than 200 youth participated. Workshops for children and adults were held as well as special seminars on such topics as "Solo Music," "How to be Married By," "Advent in August" and "Friends in Worship."

Mrs. Sockalosky

Receives

Appointment

Mrs. Sharon Sockalosky, dancing instructor for the Avon Park area, has recently been appointed secretary for the Florida chapter of Dance Masters of America. The announcement was made by the Florida Board of Directors. The Florida chapter of Dance Masters of America is the second largest chapter in the nation.

Mrs. Sockalosky represented the Florida chapter of Dance Masters at the national convention of Dance Masters of America at the Statler-Hilton Hotel in New York City recently. She also attended the Teachers Training School, held annually by the national organization of Dance Masters, and studied dance under such notable instructors as Gus Giordano, David Howard, Beverly Fletcher, El Warner, and Rudy Bachus. All are noted authorities in their respective fields of dance.

Couple Completes Course

For Welcome Wagon

Mrs. Pat Smith and Mrs. Kay Murray have just completed a course of training in Sebring preparing them for the position of Avon Park's Welcome Wagon hostesses.

Mrs. Smith and Mrs. Murray are two of 8,000 Welcome Wagon hostesses who make more than a million calls annually on families in more than 4,000 cities throughout the United States, Canada, Puerto Rico, and the United Kingdom. On behalf of more than 100,000 business sponsors, Welcome Wagon calls on families on such important occasions as when they move into a new home.

Often referred to as the service "in the business of building friendships", Welcome Wagon's basic policy is service to the family, and service to the community. A most important part of the Welcome Wagon call deals with civic and religious information, especially designed to be of help to the family.

Indicative of Welcome Wagon's volunteer services and civic achievements are citations from organizations such as the American Red Cross, the American Heart

Anyone desiring further information about the Community Chorus may call South Florida Junior College at 453-6961.

Anna Wright

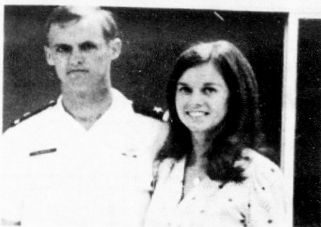

Dies Sunday In

Nursing Home

Mrs. Anna L. Wright, born in England, on March 30, 1887, passed away at Hillcrest Nursing Home, Avon Park, on Sunday, Aug. 18, 1973. Mrs. Wright came to Avon Park thirteen years ago from Akron, Ohio. She leaves her daughter Mrs. Flora Bernice Scott and son-in-law Lawrence Scott, one sister, Ethel Kime; three grandsons; four great-grandchildren; Louise and Bernice Hurt, niece and nephew, all of Avon Park.

Funeral services were held Wednesday, Aug. 22 at 11 a.m. in the Stephenson-Smith Chapel with the Rev. Joe Benson and the Rev. Paul Trissel officiating. She was laid to rest in Bougainvillea Cemetery, Avon Park.

Stephenson-Smith Funeral Home in charge.

NAVY ENSIGN DONALD W. SKIPPER, husband of the former Miss Patricia L. Hallam of Avon Park, was designated a Naval Aviator and received his "Wings of Gold" during ceremonies here. He completed more than a year of intensive ground and inflight training and will now be assigned to specialized advanced training.

Avon Mobile Home Park News

The Avon Mobile Home Park picnic was held on Aug. 8 at the Bourbon Indiana Park with 60 present. After prayer by Ula Miller, all enjoyed a bountiful dinner which was served at noon - Indiana time.

The president, George Bears, conducted the short business meeting. It was decided to hold the next year's picnic at the same time and place, the second Wednesday in August at the Bourbon Park. Election of officers was conducted by the vice president, Bill Belcher and the results were: president, William Belcher; vice president, Warren "Ham" Byrer; and secretary-treasurer, Rosa Krantz.

Correspondence was read from several who were unable to attend. An invitation was read from the family of Mr. and Mrs. Ralph Heit, to an open house for their Golden Wedding Anniversary on Sunday, Sept. 30, from 2 until 4 p.m. at the Burton United Methodist Church at Rochester, Ind.

It was reported that Lewis Becker is improving well from recent surgery.

The group was saddened by

the passing of one of the park neighbors, Mrs. Marguerite Feehan and the sudden death of the park owner, Emmette Wright. There was a time of silence in memory, and prayer was led by William Belcher.

This was followed by a recording made quite some time ago of Emmette singing, "When They Ring Those Golden Bells for You and Me", with his wife Sallie accompanying him on the piano.

Ham and Nita Byrer sang two duets, then Ham accompanied on the guitar for group singing. Readings were given by Ula Miller, Ruby Goodman and Margaret Belcher. After adjournment, the balance of the afternoon was spent visiting and reminiscing with winter neighbors. Some also played shuffle games.

Those attending were Mr. and Mrs. Belcher; Mr. and Mrs. Wolcott; Mr. and Mrs. Bears; Mr. and Mrs. Wendy; Mr. and Mrs. Murphy; Mr. and Mrs. Goodman; Mr. Roth; Mr. and Mrs. O. Myers; Mr. and Mrs. Robinson; Mr. and Mrs. Shoemaker; Mr. and Mrs. L. Myers; Mr. and Mrs. Purvis; Mrs. Cripe; Mr. and Mrs. Thompson; Mr. and Mrs. Monroe; Mr. and Mrs. Evans; Mr. and Mrs. Byrer; Mr. and Mrs. Rowley Ghaster; Mrs. R. Ghaster and daughter, Denise; Mr. and Mrs. Wiedeman; Mr. and Mrs. Miller; Mrs. DePoy; Mr. and Mrs. Hanley; Mr. and Mrs. Van Pelt; Mrs. Williams; Mrs. King and daughter, Sheri; Mr. and Mrs. Mishey; Mr. and Mrs. Baker; Mr. and Mrs. Smith; Mr. and Mrs. Krantz; Mr. and Mrs. Keyes; and Mr. and Mrs. Heit.

Food for Thought

By Jane Nickerson

Not only is a picnic a meal eaten outdoors but "a carefree, happy occasion," one dictionary tells us. What likelier time than the Labor Day week-end to cast aside toil, don pleasure and feast under a blue sky, typically splashed white at this season with puffs of cumulus clouds?

Smaller meat supplies and dismayingly prices suggest a bacon hamburger and hot dogs. So much the better. They have become tired perennials, more expeditious than epicurean. Dr. J.H. Salisbury, the American who 70 years ago recommended ground steak three meals a day for a long list of ailments, might have preferred to eat his words, were he alive, than those compact beef patties frequent at picnics and, alas, too many other places as well.

Southern field peas jump into the breach - not as irrelevantly as you may think. Those legumes are high in protein, nutritionists insist, and occasionally can substitute for meat or stretch it. Their names are like a song in the ears of a Floridian of Deep South strain.

Paul Smith, in the Tallahassee office of the Florida Department of Agriculture, rattled them off the other day in an appropriate Southern accent: Black-eyed peas, Pink-Eyed peas, Purple Hulls, Lady Fingers, Dixie Queens, Florida Creams, Conch, White Acres, Purple Tip Crowders. And there are more.

One seed catalogue lists 16 varieties, all, Smith reminded me, a prime regional delicacy of the Southeast, not savored much elsewhere and, as he put it, "versatile produce items, grown and marketed much of the year." "Pity the poor Yankee, who thinks peas are of one kind, what he calls 'green peas' and the home folks term 'English peas'."

Back now to that banquet from a picnic basket - or biodegradable bag. Unfold the picnic cloth under a tree or beach umbrella and serve forth a salad of field peas with homemade Cuban bread.

PICNIC SALAD FLORIDA STYLE

- 2 cups salad field peas
- 1/2 c. ham strips, cut thin
- 1/4 cup minced parsley
- 2 tablespoons each minced onion and celery
- 2 tablespoons minced green pepper
- 1/4 cup salad oil
- 1/4 teaspoon dried marjoram
- 1/4 teaspoon dried oregano
- 4 teaspoons wine vinegar
- Salt and freshly ground pepper to taste
- 1. You may use fresh, canned or frozen field peas (sold as cream peas, conchis, White Acres, etc.). Simmer the fresh or frozen till tender in salted water; rinse the canned in cold water. Drain thoroughly.
- 2. Combine peas with the ham, parsley, onion, celery and green pepper. Add the oil

and toss lightly with two forks. Add the marjoram, oregano, salt and pepper. Toss again. Lightly mix in the vinegar, being careful not to mash or break the peas. Cover; refrigerate three hours. Keep cool till serving time. Garnish as desired, with quartered tomatoes and hard-cooked eggs.

Yield: Four servings.

Nine hundred years ago in Persia, Omar Khayyam sketched a romantic picnic: "A Jug of Wine, a Loaf of Bread - and Thou - Beside me singing in the Wilderness." Had that poet been writing in Florida today, surely home-baked Cuban bread would have been his reference.

Commercial varieties of that loaf so typical of Florida fare are excellent. But the homemade can be even better, made with unleached flour, if you like, and without those additives that slow staling.

CUBAN BREAD

- 6 to 6 1/2 cups flour
- 2 packages dry yeast
- 2 cups water
- 2 tablespoons sugar
- 2 teaspoons salt
- Yellow cornmeal

1. Spoon flour into a dry measure; do not scoop and do not sift it. Level by cutting a knife across the top of the measure. Stir together two cups and the yeast in the large bowl of the electric mixer.

2. Heat water, sugar and salt, stirring, till very warm to the touch (120-130 degrees). Add to the flour-yeast blend. Beat about three minutes at high speed or till smooth.

3. Stir in enough additional flour to make a stiff dough. Turn out on a lightly floured surface. Knead 12 to 15 minutes, or until the dough becomes "bouncy" and elastic and springs back when pressed lightly with two fingers.

4. Cover dough with a large bowl and let it rest 40 minutes. Meantime grease a baking sheet and sprinkle lightly with cornmeal.

5. Divide dough in thirds. Using a floured rolling pin, roll each third on a floured surface into a rectangle about 10 x 13 inches. Starting from the wide side and using your hands, roll each rectangle jelly-roll fashion. Pinch the ends together with your fingers and then fold them slightly under the loaf. Place seam-side down on the baking sheet. Make small diagonal cuts across the top of each loaf with a sharp knife. Brush all over with water.

6. Let rise in a warm place (about 80 degrees) till doubles in size, about 20 minutes.

7. Adjust oven temperature to 400 degrees. Start the loaves in the cold oven, without letting it preheat. Bake them 45 to 54 minutes. Cover lightly with foil if they brown too rapidly. Cool on racks before cutting.

Yield: Three loaves.

Note: For a crustier, French-type loaf, brush the tops with hot water.

Carolyn Henderson Enters College In Pennsylvania

Former Avon Park resident, Carolyn Henderson of Ocala, will be among the 597 students entering the freshmen class at Franklin and Marshall College in Lancaster, Pa., in September.

Miss Henderson, who was graduated from Forest High

Capt. Holland's Squadron Earns Trophy

U.S. Air Force Captain James D. Holland, son of Mrs. Mamie O. Lancaster of 470 Mueller Ave., Ferguson, Mo., is a member of the 20th Surveillance Squadron at Eglin AFB, which has earned the Chennault Memorial Trophy. The award—a tribute to General Claire Lee Chennault, the founder and wartime leader of the famed Flying Tigers who flew in China during World War II—is presented annually to the most outstanding unit in the Aerospace Defense Command's Fourteenth Aerospace Force.

Captain Holland is a systems analyst officer with the 20th, which operates the giant phased array radar system designed specifically for space surveillance. The system can completely scan its area of coverage in a few microseconds and is capable of tracking hundreds of objects simultaneously.

The captain was commissioned in 1965 upon completion of Officer Training School at Lackland AFB, Tex. A 1965 graduate of Roosevelt High School in St. Louis, he received his B.S. degree in 1965 from Arizona State University.

Captain Holland's wife, Barbara, is the daughter of Mr. and Mrs. James E. Bentley, 4336 Hunt Ave., St. Louis. His father, Herman Holland, resides in Avon Park.

Expenditures Of City Revenue Sharing Outlined By City Clerk This Week

For some months, a popular subject for discussion among citizens of Avon Park has been "What are we doing with all that federal revenue sharing money?"

To answer the question, City Clerk Malcolm Crews granted a special interview to the Avon Park Sun last week, spelling out facts and figures concisely.

During the fiscal year 1972-73, Avon Park received a total

of \$135,964 as its share of these federal funds.

Roughly \$35,000 has been used to purchase needed equipment for the city—a tractor and bush haul mower, three pickup trucks and a station wagon for the fire department. This figure also includes park benches and play ground equipment for Donaldson Park and the remodeling at City Hall.

Sixty thousand dollars has been earmarked for street paving and side walks. The street paving is now in progress and the side walks program is scheduled for the near future. Bids have been accepted for two new tennis courts at a cost of \$8,500.

A new bulldozer is on order for the street department and use at the city dump.

Stadium seats will be installed at Head Field baseball park.

Revenue sharing funds anticipated for fiscal 1973-74 and 1974-75 are mainly committed for pay-as-you-go major improvements to the city water system.

Dawkins and Associates, city consulting engineers, have estimated the total cost of these improvements at \$385,500.

Improvements to the water system are intended to correct such items as insufficient storage capacity, low pressure, taste and odor of sulphur, iron content that causes rust.

To accomplish this, another well will be drilled, a 500,000 gallon storage tank will be constructed at the well field location at W. Walnut Street. Provision will be made for aeration of water and chlorination facilities provided. Possible fluoridation of water is under consideration.

The city is under order from the Florida State Health and Rehabilitation Services to treat the water with chlorine; at the present time, Avon Park is the largest city in Florida where water is not chlorinated.

On May 28, 1973, city council passed a resolution designating \$82,059 to this project. This represents federal revenue receipts for the first six months

of 1973. It is anticipated that at least \$100,000 each year for the next three years will be designated for payment on improvements on the city water system.

A short term bank loan will be obtained to pay for construction as work is completed with Federal funds being used to repay this loan.

These major improvements to the water system were originally planned as part of a program of improvements to the sewer system. By paying for the work on water system for revenue sharing funds, the amount of money to be borrowed from Farmer's Home Administration can be reduced by almost half a million dollars, resulting in large savings on interest payments.

An other feature—monthly charges for water and sewer service can be held to the lowest possible figure necessary to repay the FHA loan. Application for such a loan has been filed with FHIA to cover the cost of sewer construction.

Scoutmaster, Three Scouts Attend National Jamboree In Pennsylvania

Mr. and Mrs. James O. Beall from Landover, Md., arrived Friday for a visit with Mr. and Mrs. Francis A. Deffer. They had been visiting on the east coast and will visit the west coast after leaving here.

George E. Hurst and grandson Michael Pearson visited the Lion Country Safari near Palm Beach last Thursday.

Mr. and Mrs. Edward Edwards and Mr. and Mrs. Edward Woltman visited in Merritt Island last Wednesday, lunched there and visited Mrs. Lucille Bass, sister of Mrs. Edwards.

Mr. and Mrs. Charles Keys visited Mr. and Mrs. Matthews Sutter and Mrs. Loretta Hale in Palmtolet last Sunday. Mrs. Hale is the sister of Mrs. Sutter and is from Paris, Ill.

Mrs. Dan Boedeker returned to Miami Sunday after a ten-day visit with her father Frank Alley and Mrs. Alley.

Mr. and Mrs. W.G. Whitehead from St. Cloud visited Joseph J. Lynch in Walker Memorial Hospital last Tuesday.

Mr. and Mrs. James Messico left for their home in Allison, Pa., after a ten-day visit with her aunt, Mrs. Orville Castine.

Mr. and Mrs. Earl Burns and Mr. and Mrs. Edward Edwards visited in Clearwater last Friday and dined at the Kapoti Tree Inn before returning home.

Mrs. Thomas W. Hardy entered the Winter Haven

Hospital last Tuesday for more observation after spending a week in Walker Memorial Hospital. She is in room 107.

Michael Pearson left by plane from Tampa for his home in Northville, Mich., after spending five weeks with his grandparents, Mr. and Mrs. George E. Hurst. Mr. and Mrs. Hurst took him to the airport and then spent the day with Mr. and Mrs. Frank Bellew later.

Walter O. Rion, Mrs. Perry and Mrs. Rion are sisters. Mr. and Mrs. Blair Seifert returned to the lakes last Thursday after a two-week visit with their daughter, Mrs. Julie Lewis at the University of Loma Linda, near San Bernardino, Calif., and their son, Mr. and Mrs. Thomas Seifert and two children in Phoenix, Ariz. They also took in the Laguna Art Festival in Laguna, Calif., and stopped in New Orleans, La., before returning home.

Mr. Joseph J. Lynch left Walker Memorial Hospital last Wednesday after spending a week there, having to undergo surgery.

Mr. and Mrs. Joseph Stark entertained at their home last Saturday evening at a desert card party for Mr. and Mrs. Frank Haskin. Mr. and Mrs. Wayne Welker and Mr. and Mrs. Edward Edwards.

Mrs. Mary Tilton returned by plane in Tampa Tuesday

after visiting her daughters in Jacksonville, Ark., and Sun Valley Idaho. Mr. and Mrs. Walter G. Rion drove to Tampa and to bring her home.

Mr. and Mrs. Edward Edwards visited in Tampa and St. Petersburg last Tuesday. Mr. and Mrs. Paul J. Calvert returned home last Tuesday, with Mr. Calvert spending a week with his son and family.

Mr. and Mrs. Jack M. Calvert and daughter Kathy visited his parents, Mr. and Mrs. Paul J. Calvert Saturday afternoon. Kathy will remain with her grandparents for a few days.

Twenty-five members and guests attended the pot luck dinner at the club house last week with Mrs. Wayne Welker, Mrs. Charles Keys, Mrs. Frank Haskin and Mrs. Leonard H. Porter acting as hostesses.

Mr. and Mrs. Howard Merhing from Miami Springs arrived at the lakes Saturday to spend several days.

The regular monthly salad bar luncheon will be held at the club house on Thursday, Sept. 6 at 12:30.

A special pot luck dinner will be held at the club house on Monday, Labor Day Sept. 3 at 6 p.m. Mrs. Wayne Welker entertained at her home with a morning coffee for Mrs. Harry Taylor, Mrs. Elizabeth Winkler, Mrs. H.L. Anderson and Mrs. Harold Lechman.

Three members of Avon Park's Trailblazing Troop 156, and their Scoutmaster returned home Aug. 12 after attending the National Scout Jamboree at Moraine State Park, Pennsylvania. Leader Larry Hooper, along with Marc Hooper, Eddie Williams and James Goodwin, arrived via the Trailways bus at the Gulf Ridge Council Headquarters in Tampa, following a fun-filled 12-day excursion.

Camping at military bases in South Carolina and Virginia enroute, the boys arrived at the Jamboree site in time for the opening ceremonies on Friday, Aug. 3. Highlight of the day was a speech by television star Danny Thomas, as well as a massive fire works display.

In the following days, the Scouts had a busy schedule, taking part in athletic competitions, boat races, sailing, canoeing, Scout skill demonstrations, ecology and nature hikes. Other events included an Arts and Science Expo, Rap sessions with personalities such as Joe Garagiola, a sports figure; Col. Sanders, of Kentucky Fried Chicken; Astronaut Charles Fullerton; and former Miss America, Vonda VanDyke.

For the first time in Jamboree history, scouts were able to get expert training in more than 50 merit badges on the Merit Badge Midway. The midway was not set up to completely fulfill a badge requirement, but offered partial completion that can be

finished at the Scouts home council. An example of the expertise available was Ross Allen, who conducted the Reptile Study Merit Badge; other subject and sponsors included Bird Study by the National Audubon society; First Aid by Johnson and Johnson; Hiking by the Appalachian Trail Conference; Motor boating by Evinrude Motors and the U.S. Coast Guard; Stamp Collecting by the U.S. Postal Service; and Photography by Eastman Kodak Company.

All too soon, the Jamboree came to an end on Aug. 9, with some 45,000 Scouts and leaders attending the closing campfire.

Color slides of the Jamboree trip will be shown at the Troop 156 Parents Night at 8 p.m. on September 17 at the Fellowship Hall of the Congregational Church. The public is invited to attend.

THIS ATTRACTIVE gateway marked the entrance to the Gulf Ridge Council's Troop 84-1, campsite at the Jamboree. More than 45,000 scouts and leaders attended the Jamboree. East held at Moraine State Park in Pennsylvania.

Girls Villa To Be Dedicated August 26

The Florida Sheriffs Girls Villa on Aug. 26 will dedicate a new residence building that will double its capacity and cut down the long list of needy and homeless girls who are waiting for admission.

Built at a cost of over \$100,000, Buena Vista Villa is a gift of the Peebles Foundation, of Vero Beach. A.R. Jones, president, and his wife Betty, secretary, not only provided financing for the building itself, but also established a \$25,000 maintenance fund to keep it in tip-top shape.

Planned as a kick-off event for Bartow's Third Annual Girls Villa Week, the dedication ceremonies will be held at 3:30 p.m. and will be preceded by an "open house" at the new building from 2 to 3:30 p.m. The public is invited.

Supported entirely by voluntary contributions, Girls Villa is the "little sister" of the nationally famous Florida Sheriffs Boys Ranch, it was founded in 1967 by the Sunshine State Women's Chamber of Commerce, and chartered by the Florida Sheriffs Association in 1970.

Ground was broken for the first building in 1971, and the first girls were admitted in 1972.

JUICE FOR NEEDY
Florida Citrus Mutual officials revealed this week the U.S. Department of Agriculture has purchased 568,000 cases of canned grapefruit juice from state processors for distribution to needy families and child nutrition programs.

EDDIE WILLIAMS of Trailblazing Troop 156 is shown helping to consume his part of the 140,000 hamburgers served to those attending the National Scout Jamboree at Moraine State Park in Pennsylvania last week. Shopping lists included some 23,000 pounds of steak, 288,000 eggs, 500,000 quarts of milk, 349,000 boxes of cereal, all of which were served on some quarter of a million paper plates.

Two reasons why now is the best time to move up to a '73 Chrysler.

1. '74 prices will probably go up.
2. Right now, we're offering year-end prices.

And there are more.

1. Chrysler runs on regular fuel.
2. Standard Electronic Ignition System. No points or condenser to wear out. You can get up to 18,000 miles before spark plugs need replacement.
3. Up to 35% more voltage than conventional starting systems for faster starts in any weather.
4. No recommended maintenance for the standard Torque-Flite transmission under normal driving conditions.
5. Chrysler Newport has more front and rear hip room and trunk space than any car in its class.
6. The luxury of Torsion-Quiet Ride.
7. The strength of unibody construction.
8. Standard safety items including: extra-protection bumper system, fuel-tank impact protection, padded dashboard, energy-absorbing steering column, locking steering wheel.
9. Elegant Chrysler styling and beauty.
10. For all its room, comfort and luxury, Chrysler is still surprisingly affordable.

Norris Brooks Tells Rotarians About Family Trip To England

July Program Chairman, Suffolk. Leaving Washington, D.C., on a Boeing 707 they were served a continental breakfast and later dinner during the seven-hour flight to London. Landing at Luton Airport, they were met by their son who is stationed at Soxmundham, driving a left-hand drive

Hillman car. The 80-mile trip to where their son was stationed at Soxmundham took four hours over narrow English roads and through numerous small towns and villages with their turn-arounds. Ninety-five per cent of the cars on the road were small compact models, and gasoline cost 90 cents a gallon.

Attending a Rotary Meeting at the hotel in Soxmundham, Norris found that the English Hotels all have a bar or pub. The Rotarians carried their stein of drink to the table where on three occasions during the meeting they raised their steins in salute to the Queen.

Norris reported that they saw no screens in the house windows and only two flies during their whole trip. The houses were close together with small yards with a fence or hedge in front. Some roses had blooms as large as saucers. The overall impressions was that people had a great deal of pride in their homes.

On a trip to Scotland, Norris was impressed by the low, green, rolling hills with a mountainous background similar to some areas through Tennessee, Kentucky and Ohio. They visited the Edinburgh Castle where Mary, Queen of Scots gave birth to James I in a birth chamber located 500 feet above the ground. Other castles visited were built

IN DESCRIBING his visit to England, Norris Brooks showed a "brass rubbing" of a 16th century Knight named Benet, whose statue was in the Parish Church of St. Peter and Paul in Alesburgh, Suffolk, England. This knight represents the military army of that time in battle armour around 1190 A.D. At Epwiche they viewed roads built in 53 B.C. by the invading Roman Legions. There were miles of stone fences that were laid up without mortar. The grocery stores visited carried fruits and vegetables in season with some cucumbers 18 inches long. These were the only items placed in bags, for other groceries one had to bring his own basket. Norris displayed a kilt, cape and tie with other items, books and papers from Scotland and England.

WHILE VISITING in Stratford-on-Avon, England, Walter Belts (right) attended their Rotary meeting and explained to the club how Avon Park was named after the town of Stratford-on-Avon by the kings and other

English settlers from that area. Walter was presented with one of their club banners, which he in turn presented to Ed Bailey, president of the Avon Park Rotary Club.

Senior Band

To Practice

August 28, 30

Two very important pre-school Senior Band rehearsals will be held on Tuesday, Aug. 28, and Thursday, Aug. 30, from 7 until 9:30 p.m. at the Avon Park High School.

Vic Mickunas, band director, states it is imperative that all senior band students be present at both rehearsals as time is very short this year before the first home football game. Work will start immediately on the first half-time show, to be performed at the Santa Fe Avon Park football game Sept. 14.

The band will march as well as play both nights at the pre-school rehearsals and all students are requested to have their instruments and equipment in good condition for the rehearsals.

Seating auditions will be held at the high school bandroom as follows at 2 p.m.

Monday, Aug. 27—Trumpets and clarinets
Tuesday, Aug. 28—
Trombones
Wednesday, Aug. 29—Flutes
Thursday, Aug. 30—Saxes

At 9:30 A.M. on August 28 Florida Power will ask for help.

At that time, a hearing will be held in St. Petersburg, Florida Power will ask for a change in the way customers pay for the cost of the fuel oil the company burns to make electricity.

Today, the cost that the customer pays is based on an average of what oil cost over the past six months. An average is fine when costs go up and down. But when they just keep on going up, it's another story.

Here is what has happened to oil prices so far this year:

December 31, 1972	\$1.68 per barrel
January 3, 1973	\$2.56 per barrel
March 24, 1973	\$2.75 per barrel
July 1, 1973	\$2.86 per barrel
August 5, 1973	\$3.07 per barrel

The average cost per barrel over the past six months is

considerably less than the actual cost today. Florida Power cannot continue to buy oil at a high price while receiving payment at a much lower average price.

The company will ask the Public Service Commission for a change that will reduce to 60 days the lag between the time the company pays for the oil and it is reflected in the customer's bill.

We don't like these rising costs any more than you do. However, the spread between the time we must pay for oil and the time this cost is reflected in your bill is too great. We simply cannot buy oil without the money to pay for it. And we must have oil, if you are to have electricity. That's why we're asking for help.

Where to...?

Did you ever look down railroad tracks and wonder where they went... or put your ear to the track, listen to the hum, and try to guess when the train would reach you? These questions we may have asked when we were children, but as adults it is time to ask... Are we headed in the right direction? Are we prepared for things in the future regardless of when they will arrive? Choose now the path you will take. Let the church help guide you.

'Oh that my ways were directed to keep thy statutes!'

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny: the truth which alone will set him free to live as a child of God.

rch Your Bible Questions Answered

Dear friends throughout these United States, there are hundreds of people searching for answers to many religious questions. We are inaugurating a question and answer series in this area, and are sure it will be as popular, as it has been in other sections of the country. We will endeavor to answer your religious questions each week, from the pages of your Bible. Just write your question on a postal card, with your name and address, and mail it to Avon Park Bible Study, P.O. Box 39, Avon Park, Fla. 33825. Only your initials will be used.

As a starter, Mrs. J. R. writes, "Where Are the dead?" With this type question, to answer it fully, would require more space than is allotted to us. So we will give you a few of the high spots to this question, but will mail to you under separate cover, a booklet that will cover the subject in its entirety.

Where are our loved ones, our neighbors; the holy, the unholy; the civilized, the vile? The proper answer to this question stands related to our own destiny, colors and influences our theology and the entire trend of our lives. The correct answer gives strength, confidence, courage and assists towards the spirit of a sound mind. For man to declare himself uninterested in this subject would be to proclaim himself idiotic - thoughtless. If the ordinary affairs of this present life - food, raiment, finances, politics, etc. - which concern us but for a few years, are deemed worthy of thought, study how much more concern should we have in respect to the Eternal future of ourselves, our neighbors and mankind in general? Acts 2:29, 34 states, "Men and brethren, let me freely speak unto you of the patriarch David, that he is both dead and buried, and his sepulchre is with us unto this day. For David is not ascended into the heavens." John 3:13, "And no man hath ascended up to heaven but He that came down from heaven, even the Son of Man?"

We shall surprise you, we feel sure, when we bring to your attention now the clear, plain, reasonable, just, loving and wise program of our Heavenly Father. It has been so long overlooked, so long buried under the rubbish of human tradition of the Dark Ages, that today, "Truth is stranger than fiction." Well did our Lord, through the Prophet declare: "As the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts." (Isa 55:9) And what else should we expect than this - that God would be better than ourselves?

It is the scriptures, my friends, that tell us where the dead are and that they are there; that they are experiencing neither joy nor sorrow, pleasure nor suffering; that they will have no knowledge of anything under the earth, until their awakening in the Resurrection. "Whatsoever thy hand findeth to do, do it with thy might; for there is no work, nor device, nor knowledge, nor wisdom in the grave (sheol), whither thou goest" (Eccl. 9:10).

Again, (1 Peter 3:18) "And God sent forth His Son to redeem the race, by meeting Father Adam's penalty, by dying, the just for the unjust, that He might bring us to God!" Again (Rom. 6:23) "The wages of sin is death" - not eternal torment. And repeating it again for the second time, the Lord said, in (Gen. 3:19) "Dust thou art, and unto dust shalt thou return." But He did not say one word respecting devil, fire and torment. And He shall come forth (John 11:23,24, Jesus told Martha, "Thy brother shall rise again." And Martha said unto Him, "I know he shall rise again in the resurrection at the last day". Please note dear friends, the Lord did not say to Martha, "Thy brother is not dead, he is in Purgatory." Nothing of the kind. Purgatory had not yet been invented, and He knew nothing of it.

What Jesus did for Lazarus, He intended, He would ultimately do for Adam and his entire race. Please note His words, "The hour is coming in which all that are in the graves shall hear His voice and shall come forth" (John 5:28,29). Does this astonish us? If so, the reason is not far to seek. It is because we have gotten so far away from the teachings of the Bible, so fully immersed in the

"doctrine of devils", we have come to believe in the serpent's lie, "Ye shall not surely die", so blinded to Lord's declaration, "Ye SHALL surely die," and "The wages of sin is death" (Rom. 6:23).

Dear friends, we have touched some of the high spots of the testimony of God's Word - The Divine declaration as to "Where Are The Dead?" We will mail you the booklet mentioned above that covers this subject in full, free of charge. May the grace of the Lord aid His blessings.

Florida Needs More Gas, Oil

TALLAHASSEE, AFNS — Quoting from a recently published Florida Petroleum Council booklet, "The Sun Below", Chris Jensen, Executive Director for the Council, said today that Florida is 60 percent dependent on oil and gas for its energy requirements; whereas, the nation's dependency on these natural resources is only 77 percent. He stated that for this reason Florida is more dependent on a stable domestic supply of oil and gas.

In an interview regarding the upcoming environmental im-

pact bearing to be held in Tallahassee on August 21-22, Jensen said, "Florida, however, with additional onshore and offshore discovery, may well be in a position to help itself and the nation increase domestic oil and gas production and reduce undue reliance on potentially unreliable foreign sources. Much of the oil consumed in Florida, besides that used in transportation and some industrial purposes, is used to generate electricity. An estimated 80 percent of all electricity used in the state is

generated from oil and gas fired boilers."

Jensen stated, "More domestic oil and gas must be found and Florida and its adjacent waters have potential for future discoveries." It is reported that the Northeast Gulf of Mexico may contain as much as 16 billion barrels of oil and 39 trillion cubic feet of natural gas.

Jensen continued by saying that the booklet was compiled as a coordinated industry effort to supply current industry information and statistics to Florida citizens. Jensen said he realized that the proposed drilling in the Outer Continental

Shelf off the coast of Florida might create numerous questions concerning the petroleum industry by Floridians who are unfamiliar with the oil industry and its operations.

Adventures in Salad Making
by Lillian Pfeiffer

Here's a fish story you can really believe. Once you prepare Fresh Fish Salad as suggested below, you, your family and your guests will really be hooked on it. It will net you compliments all around. So catch on to this new school of thought about making fish, and diners will scale up their requests for more. Here are the ingredients:

FRESH FISH SALAD

1 lb. lean fish (cod, turbot, flounder, sole or other) baked or poached, boned, skinned and flaked, or 3/4 lb. (2 cups) precooked, lean file broken into chunks
1 tablespoon finely chopped parsley
1/3 cup Pfeiffer Russian Dressing
paprika
lettuce

With light hand, mix fish, parsley and dressing together until well combined. Arrange in lettuce lined bowl, or individual lettuce cups. Duet with paprika. Makes four servings as a main dish; six as an appetizer.
