City Employees To Get 5 Percent Raise

Avon Park city employees will receive a five percent cost of living increase effective Mar. 30, as voted almost unanimously by the city council Monday evening.

The only "nay" vote came from Council President Clarence King, stating he did not think it was "proper" in the middle of a budget year, and he would prefer to make a study and list jobs in each department according to category.

The idea for a pay raise originated and was sponsored by Councilman Hermon Simms, and seconded by Bob Woodruff. The Civil Service Board was requested to meet with department heads and set up employees by category and a graduated wage scale. This motion was passed unanimously.

During this meeting the council members also decided to pass a resolution adopting a budget for the money the city has received through the Federal Revenue Sharing Program.

Expenditures will amount to approximately \$135,964, including the purchase of three four cylinder pickup trucks and one station wagon, to air condition the east room upstairs of city hall, and a tractor and mower.

In other business, a letter from the Seaboard Coast Line Railroad was heard, stating they had recommended - engageage to the city of the parcel of park land and a narrow triangle along the East side of the right of way. They also requested further information concerning the easement the city had requested.

Bids were opened on the 100 acres of land at the airport which the city has decided to lease out for a two year period. The high bidder was Wilbur Gene Selph at \$21.50 per year for each acre. A unanimous vote allocated the land to Selph.

Alton LaPlam appeared before the council members requesting them to continue building a curb across his property. He stated drainage was not a big problem, however water washes sand and trash into his yard. He said he believes the water would drain across the street from him if the curbing was installed, to the corner of North Florida ave. His request was granted by a unanimous vote of the council.

the council.

Collis Fogle also appeared before the board concerning the proposed park in the south side of town, extending from Castle st. to First st. on property belonging to Mrs. W. T. Connell. He wanted to know the feeling of the council on this proposal.

The council requested Fogle meet with others interested in the park, and report to the council their ideas on improvements and costs.

Fogle also requested a drain between South Delaney ave.

and Lake Tulane be unstopped by the city. John Ziegler, street foreman for the city of Avon Park, was asked to take care of the matter.

The Rev. Paul Trissel reported to the board, representing the Recreational Council. Presently, the Recreational Council is planning a big dance for April 14. Trissel stated they request the rest rooms at the old armory building be cleaned and repaired, and the wrestling ring be removed.

Trissel reported he had

visited the Park and Recreation Department in St. Petersburg and conferred with Mr. Puryear as well as Mayor Elett Wedding.

Trissel said some of the people involved with the St. Petersburg department have agreed to visit Avon Park, at no charge to us, to see if they could offer some helpful advice. The city council decided to arrange a supper meeting for this group and the city officials.

Over 25,000 See 12 Hour Race

Reg Smith was a happy 57 going on 30 years old Saturday night as the first of the New 12 hours of Sebring, the Camel GT Challenge championship race, took the checkered flag.

"Mark March 23, 1974, on your calendar," said the jubilant, bone-weary, paunchy little man in the brown suit, his clipped British accent weary after a grueling six weeks of "putting the race together."

Later he was to say the race is "almost assured for next year. We will make a few dollars, no fortune, what with the terrific high cost of the establishment. But we will be able to pay our bills. We are hoping to run again next year but we have to change around on some of the basic costs."

He mentioned \$1,500 for use of the track, a police bill of \$18,000.

GREGG-HAYWOOD WIN
A first new race, Sebring, a first for Smith as the Big Man to put the race together, it was a first overall win here Saturday for the team of Peter Gregg, Hurley Haywood, of Jacksonville, and owner Dr. Dave Helmick of Miami in a durable German built Porsche.

The yellow No. 43 roared to an easy victory after the threatening and faster Corvettes dropped out with engine trouble in mid-afternoon of a sunny 80 degree day.

A crowd estimated at in excess of 25,000 saw the fast yellow Porsche outdistance its pursuers with an average speed of 97.854 miles per hour. The car turned 228 laps, some 1,017 miles and was almost 10 miles ahead of the only other race challenger, another yellow Porsche, No. 1. It was driven by Mike Koyser, 34, of Townsend, Md., and veteran Mill Minter, 35, of Santa Susana, Calif.

Almost 25 miles behind the two front runners was the third place No. 50 car, a John Greenwood Corvette driven by Ron Grable and John Greenwood of Troy, Mich., and Mike Brockman of Los Angeles.

Greenwood underwrote this first of the new Sebring races and had three entries in the race. The win was worth at least \$5,000 to the winning Porsche in money from the sanctioning International Motor Sports Association (IMSA) plus contingency money from spark plug, motor oil, etc., companies. John Bishop, president of IMSA, said "we hope we'll be a part of next year's plans. We're counting on it."

Sebring entries finish

The Sebring Racing Inc. entries, both Corvettes, finished the race. The No. 81 car, driven by Scott Chapman and John McLaren, came in 21st, the Terry Keller, Bob Gray, Neil Potter No. 47 car, 24th, despite the fact it caught

fire, causing a precious time loss.

Gregg and Haywood have raced in the Sebring 12-hour several times - have raced as a team and won their class several times. This was about Gregg's 10th appearance at the local track.

Gregg and Haywood, favorites with sportswriters before the race to take the 12 hour, just two months ago put the 24 hours of Daytona in their pockets with the same Porsche. Haywood was at the

wheel of the snub-nosed Porsche when it whipped across the finish line at 11 p.m.

The Porsches had it all their own way after two of the more powerful Corvette entries in the 72 car field broke down, including that of pole-sitter Tony Delorenzo. Delorenzo led the first two hours and was in and out of the lead the next four hours before being sidelined with a broken engine.

Another Corvette, one of Greenwood's, gave up the chase after six hours with

engine failure.

Car markers kaput
Some drivers found it difficult to find the course on the airport section of the track because marker cones had been destroyed or batted around.

"The loss of course markers was to our benefit," Haywood said. "Without the course markers we could cut the corners and add it to our advantage."

Haywood said he almost ran into one of the Greenwood Corvettes driving across the straightaway.

"You know, cars were all over the place, going in different directions. Also there were planes landing, which was confusing. They had bright lights and you would think that it was a race car coming at you."

The Jacksonville bachelor said he liked the Sebring race, however, "it's challenging. It is really quite fun to drive here."

Helmick said the winning team will break up now. Helmick to go on with the IMSA Camel Challenge series, Gregg to LeMans and Haywood to take on the TransAm series.

Helmick chose to allow Gregg and Haywood to do the night driving and let Haywood finish the race and drive into Victory Lane.

Bishop Will Head Group On Stock Exchange

James J. Needham, chairman of the New York Stock Exchange, today announced a major reorganization of the Exchange to increase its services to the investing public, member firms and listed companies, and to prepare for the Exchange's role in the central market system.

"As the industry undergoes a restructuring and moves toward the central market system of the future, the Exchange must be organized effectively for the important role it must play in these developments. We must be prepared to serve new and changing needs of the investing public. We must expand our services to listed companies and member firms. We need rules and procedures that meet the needs of a changing marketplace, and we need regulatory and surveillance capabilities second to none," Chairman Needham said.

Among other things, the new plan consolidates all the Exchange's regulatory and surveillance activities, now divided among five different departments, into a new Surveillance and Regulation Group. It also separates all membership services into a second unit, the Market Operations and Membership Services Group, Mr. Needham said. The plan also puts major emphasis on developing programs for Exchange services to investors and listed companies. A new group, Marketing and Investor Services, will be responsible for developing investor programs. The Exchange's administrative and financial activities will be handled by an Administration Group.

Each of the four major operating groups will be headed by a senior vice president reporting to Francis J. Palamara, Executive Vice President. Mr. Palamara, 47, of New York, has been in the firm, along with several key

staff officers, will report to Mr. Needham, who is Chief Executive Officer of the Exchange.

Robert M. Bishop, Chairman of the senior vice presidents is Robert M. Bishop. (Please turn to page 2)

Court Orders SFJC To Pay Contractor

A suit filed in Circuit Court by Jones Mahoney Corp. which built South Florida Junior College has ended in a victory for the contractor.

Only one request for payment of a small electric bill was denied in the order filed by Judge J. H. Wilston.

The college had delayed payment for repairs and extras. The contractor claimed the extras and repairs were necessary and that the errors were architect errors.

Total ordered paid the contractor including interest was \$29,782.45. The suit had been filed against the trustees of SFJC.

Devils Undefeated After 9 Games, Here Friday

The Red Devil varsity baseball team picked up two more victories last week to set a perfect 9-0 record with wins over Fort Meade 3-1 and Sarasota's Cardinal Mooney 10-0.

Last Tuesday night the red-hot Red Devils were set to host the Lake Placid Green Dragons here at Head Field in another Tri-County Conference game and tomorrow (Friday) the Mulberry Panthers will be here at Head Field for a conference game. Then Saturday night, Mar. 31, the Devils will go down to Sebring to challenge the Class AAA Blue Streaks in an important Highlands County game. Next Tuesday, Apr. 3, the Sebring nine will be up here for a return match. After that the Red Devils close out the season with five straight conference games.

The Fort Meade Miners gave the Red Devils the toughest

game since the evening game against Okeechobee. Miner hurler Tommy Sharp held the Devil batters to three singles and struck out 13 of the Avon Park batters in the losing effort. Devil pitcher Tim Underwood was also sharp as he allowed only one unearned run in the seven inning game. The Miners did get five hits including two triples off the senior righthander but Underwood struck out 11 Fort Meade batters in the process.

Avon Park started off the

scoring in the first inning when catcher Nate Williams drew a walk with two men down. Bud Wester, the second leading batter on the team, singled Williams on to second. Then Del Murphy was safe on a throwing error by the Miner pitcher and Williams and Wester both scored on the overthrow. The Devils added another run in the bottom of the fifth inning when Leon McNeal led off with a single and then

Fire At Dump Cost Over \$700

The Avon Park Fire Department, aided by the Forestry Service and Highlands Lakes Volunteer Department, responded to a fire at the city dump Mar. 20. The city department received the call at 4:50 p.m. Tuesday and responded with one booster truck, then at 5:05 p.m. another truck was sent to the scene. The Forestry department and the Highlands Lakes Department responded at approximately 6 p.m.

The fire, burning for almost three complete days, required approximately one million gallons of water to be poured over the trash. A total of 431 man hours was put into fighting the blaze, which at one time lit up the sky able to be seen from downtown Avon Park.

The local department placed one 750 gal. pump and two booster trucks at the scene while the Highlands Lakes Department placed one 1,000 tank truck and one booster at the dump with the Forestry

Service's two boosters and one plough.

The three units fighting together used 3,000 feet of 2 1/2 inch hose and 1,550 feet of 1 1/2 inch hose.

This fire cost the city, along with the million gallons of water, \$711.11 for man hours, gas and oil, volunteers, food and drinks.

The hydrant used to supply the fire departments with water is located on the Wauchula Road by Phillip's West End Market. This situation prompted Councilman Hermon Sizemore to request the city council last Monday evening to lay a six inch water main to the city dump.

This motion died because no second was made by the other councilmen. A discussion was held concerning the proposal of a county dump, control of dumping at the city dump and the need of a bulldozer. The costly fire was said to have started from spontaneous combustion.

JAMES BROWN, Red Devil distance runner, shows how he broke two Avon Park track records last week at the meet held here at the high school track. The speedy junior ran the mile in 4:27.7 minutes. Brown broke Clyde Sumbry's 1969 record time of 4:40.1 minutes. Brown also broke his own record in the two-mile with a time of 10:12 minutes. The old record was set last year and was 10:20.7 minutes.

Special Olympics Scheduled

Special Olympics participants will be competing in county games on Thursday, Friday and Saturday of this week. Students of special education classes and RA-ARC Work Center, 8 years and older and not members of an organized team sport, are eligible. At least 60 have completed physical exams and been enrolled for the county games.

Bowlers of the Work Center will have a regular match on Thursday at Ridge Lanes. Ed Cole, Celeste Woods and Debbie Gallimore have entered to represent Highlands County. Last year Rocky Nickolas, Avon Park, won first in his class at the state meet but Rocky is in Lakeland and not a member of the '73 team.

Swimmers Eugene Pugh, Ivory Hunter, Wayne Saffold and Rob Ward, will race the 50 yard backstroke. The four will make up the 100 yard relay team. Saffold and Hunter are new to the team. Pugh and Ward placed second and third in their events last year at the state meet. The team has lost Melvin Barber, a national contestant in '72, who moved to Wauchula.

At least 50 other participants will meet Saturday, Mar. 31 at 9 a.m. at the Avon Park High School track field. Boys and girls will race in the 50 yard dash, the 300 yard run and compete in 5 ball throwing, standing long jump (broad jump) and teams will be formed for tug-of-war. Girls compete separately from boys. Each is grouped in age and ability divisions. Overall there are 10 students from Lake Placid, 25 from Sebring and 25 from Avon Park.

Petition On Hospital Is Incorrect - McMahan

John A. McMahan, president of the American Hospital Assn., charged Feb. 24, that petition submitted to the Coast of Living Council by the Health Research Group, an arm of the Ralph Nader Public Citizens Incorporated, is filled with misinformation and, if adopted, would pose a dangerous threat to the quality of patient care.

The petition, which proposes a 6 percent ceiling on each item of service and a similar limit on hospital per diem rates, would "prevent continuation of advances in quality of care".

would "eliminate any chance" for hospitals purchasing new equipment and hiring needed personnel; and would "place a freeze on new technology," Mr. McMahan said.

He charged that the petitioners statement that hospital rates have increased by 11.6 percent, in 1972 is "grossly inaccurate". "The truth of the matter is that our statistics show that the daily rate, per adjusted patient day, has dropped from 12.4 percent in 1971 to 10.5 percent in 1972 - a decrease of about 15 percent."

Southland Mobile Home Park News

Bette Chapel
453-4258

The park was busy with a variety of things this week. There were folks here to visit friends and family and its that time of year again when the preparation begins for trips back north. Suitcases come out, furniture is being moved out and cleaned behind and it all makes for busy days.

Sunday the 18, Mr. and Mrs. Dandlin were pleased to welcome their granddaughter, Maisha Moore and her husband, Franklin. The Moore's will be spending two weeks here. They spent Wed. and Thurs. touring Disney World and are sporting nice sun burns now but thoroughly enjoyed all the sights and rides.

Monday was a fairly full day. Helen Erndt's son Dick arrived and was able to visit her at the Winter Haven hospital. Rev. and Mrs. Huthens had welcome guests. Their daughter, Ruth, Ruth's two girls and a great granddaughter. The Longs went on a sight seeing trip and sight seeing they did. They visited friends in Le Hi Acres, went to Punta Gorda, went to Fort Myers and also visited the shell factory. How's that for a days adventure? We also received our newest residents into the park, Mr. and Mrs. Cornell. The Cornell's have purchased the Ruder home. Mrs. Cornell

is the sister of Marion Learned. The coffee hour Tues. found several out for conversation and pastry. Also on Tues. Marie Stroobants sister Getrude left to return to Iowa after a months visit here. Louise Garrison returned home but was only able to stay two days and had to return to the care of Kay Dunnaway at Rt. 2 Box 244 Avon Park, Fla. 33925

Wed. found 11 ladies sharing ideas and talents in the recreation hall and founded another day of travel for the Long's and Mrs. Long's sister. This time it was an over night visit to the Keys: a visit with friends and a return trip home Thursday night. The reported very cool, windy weather.

The Newcombs entertained a home town guest Thursday. Mr. Frank Newton was a neighbor in the north and has sold and moved here now. Speaking of Newcombs reminds me, if you haven't been to their end of the park lately you should take a walk over there. All three of the homes there are now all landscaped and really do look lovely. The folks and the management want to thank in advance Mr. Joe Sandin who has volunteered to maintain the lawn and planters during the summer for that area. Thank you very much!

Good food and heaps of fun filled the morning for the McEwens Friday as Clara prepared breakfast for Mr. and Mrs. Bob Lowery and Mr. and Mrs. Rolly Hendrick and of course, Fenton and herself. In the afternoon with beautiful weather in the center of the foot table at board. Final winners on the East court were: R. Engard and G. Helbrick over R. Wandover and I. Helbrick. On the West court it was our good friend Omar Snyder and M. Tebo to win over L. Breister and R. Long. The evening Bingo game brought 35 together for fun and excitement. Several of our newest park members were there and that is always nice to

see. Chuck and Marion Learned were host and hostess and M. Tebo helped in the absence of Harry Barth. The grand prize winner of the evening was Beatie Paxton.

Sat. several of us were visited by our friends, the Keisters. They will be heading home next week and come to bid farewells. We wish them a safe and pleasant journey home and leave them an open invitation to Southland Court next season upon their return to Avon Park. Mrs. Long's sister, Elizabeth Dyer, left to return home. The Long's drove her to the Orlando airport. The good news of the week - Millie Joseph rode with me and Melissa to get Helen Erndt from the hospital and the reports Helen received there were much to her relief. She is responding well to medication and though the back brace is still cause for a little discomfort we are all happy for her.

Paul Teal Surprised At Party

Wednesday, Mar. 21, was a day for celebrations at the Cornell Apartments on North Lake as when 44 of the winter residents, including a few visitors, gathered in the spacious living and dining rooms for a "pitch in" supper before the weekly sing.

It was a surprise party for Paul Teal who was 83 years young. A birthday cake in the center of the foot table announced the occasion, and all sang "Happy Birthday" to him, following the grace by Ralph Gunning.

Lively music during the meal by Mrs. Walter Golf and daughter Connie of Canada, on guitar and piano, added enjoyment to the occasion. Several familiar numbers were sung by the group, with Mrs. Ralph Gunning at the piano.

Another surprised person was Mrs. Ernest Rouget, when Paul Teal made a presentation to her in appreciation of her help and leadership in activities around the apartments. Mrs. Gunning had received recognition for her part with music, at the anniversary party given her and Ralph last month.

Lloyd Wyant showed pictures of Mexico City, which he visited last summer; and some of the flood damage on his farm and in the Letchworth State Park area of New York State, caused by hurricane Agnes.

He also showed views taken in Ohio and Indiana where he and Mrs. Wyant last summer visited some of the winter guests of Mrs. Cornell's.

Who's The Blame For Rising Food Prices

Who's to blame for rising food prices? Farmer? Middleman? Supermarket?

If you answered "none of the above," you'd be right, according to the Agribusiness Institute of Florida.

The Institute, a non-profit organization of farm and agriculture related businesses, has launched a campaign to tell the "real facts" behind the current jump in food prices, according to Fred Y. Montsdeca, its president.

Montsdeca, who heads Florida Lime and Dolomite Co. of Ocala, said the Institute has from a mass of accumulated data on all phases of agriculture in Florida.

"Although we don't believe there is a real villain in the matter of rising prices," he said, "most economists agree that consumer demand is increasing at a faster rate than the supply of many types of food. If blame must be pinpointed, then the consumer himself must accept the role of culprit—as well as victim. As a result of the fantastic jump in disposable income (62 percent in the past ten years), and increased demand for more and better goods, the consumer actually has contributed to driving up prices of many food items."

Oddly, Montsdeca said, many consumers have reacted with surprise to the increase in food prices—up some 33 percent since the middle 1960's—but for some reason consumers fail to realize spendable income has nearly doubled during that same time."

The real surprise, the Institute president said, is that food costs have not shot up even higher "when you consider the fierce competition those increased personal income dollars have created in the market place."

The only reason food prices haven't gone even higher, he

said, is because of this nation's tremendous food producing capacity.

Montsdeca said that recent government actions to remove some production restrictions will have an ultimate effect on the availability of more and cheaper foods.

The Agribusiness Institute spokesman said there are other significant factors affecting food prices including a tremendous rise in food exports, particularly feed grain. World competition for grain has increased the cost of this vital staple to the American cattle, dairy and poultry farmers. This in turn means a higher cost of beef, milk, chicken, and eggs.

"But," he said, "there is a bright side to the picture—this nation's consumers are still the best fed, for the least cost in terms of earning power, of any country in the world."

Montsdeca pointed out that in 1972 the U. S. consumer spent only 15.8 percent of his income for food, compared to 26 percent in England; 31 percent in France; 40 percent in Japan; 50 percent in Russia and 70 percent in India.

Commenting briefly on the Institute's role, he said it is especially qualified to speak on the issues concerning the food industry because of its diverse membership, which includes a cross section of all agricultural interests and associated industries in the state.

"The Institute's primary goal is to be the clearing house for information on all matters related to agribusiness," Montsdeca said, pointing out that agribusiness is the state's leading industry, pumping some \$3.5 billion annually into Florida's economy.

SALES INCREASE
An increase of 11.58 percent in sales was registered by Winn-Dixie supermarkets during the four weeks ended Mar. 3 compared with the same period last year. The volume totaled \$165,729,200.

Dr. Young Will Lead Missions Weekend

Dr. E. Reynolds Young, M. D. of Sahiwal, Pakistan will lead a special "Missions Weekend", March 31 - April 1, at the First Presbyterian Church of Avon Park.

The Missions Weekend will start with a "Missions Breakfast" for the men of the church and the boys on Saturday morning at eight a.m. Men of the church will prepare the meal. Dr. Young will speak. The young adults of the church and their friends will have a cook-out at the home of

Howard and Betty Hart on Saturday night. After the cook out, there will be a rap session

with Dr. Young. Sunday morning at 9:45 a.m., Dr. Young will meet with the high school class. At the eleven a.m. hour of morning worship he will speak.

In Pakistan, Dr. Young served as Medical Supt. of Nancy Fulwood Hospital in Sahiwal, a town of 45,000 in the Punjab. Sahiwal is equidistant from Lahore and Multan on the Grand Trunk Road, 700 miles inland from Karachi. The hospital is a 100-bed general hospital. It has a School of Nursing, training Christian girls to be nurse-midwives. The School of Nursing is Grade A, according to the standards of Nursing Education of the Government of Pakistan. There are about 60 students

and the length of the course is three years of Nursing and one year of Midwifery. Dr. Young was born and raised in Due West, S. C. He attended the public schools there and graduated from Erskine College. He is a graduate of the Vanderbilt University School of Medicine. He interned at the Philadelphia General Hospital. He had one year of general practice residency at the University of

Colorado, and three years of general practice in the U. S. Then in 1959 he went to Pakistan with the Associate Reformed Presbyterian Board of Foreign Missions. During his first furlough in 1964, he entered Urology Residency at the University of Miami's Jackson Memorial Hospital in Florida, doing the first year there and shifting to Chatham County Memorial Hospital in Savannah, Ga., for the last two years.

He returned to Pakistan in the Fall of 1967. He returned to the U. S. in April of 1972 and entered practice with Bowie-Walker Clinic, Anderson, S. C. He is married to the former Cecil McEachern of Jacksonville, Fla. The Youngs have six children. A cordial invitation is extended to friends in the community to share in any part of the "Missions Weekend."

Library Needs Some Volunteers

The Avon Park City Library Board is sending out an urgent cry for help. Volunteers are needed to take inventory at the library. If you are willing to lend a helping hand to a worthy cause, please call 433-3761 or 433-5778 after 4 p.m. and offer your services for a few hours. There is also a position open for a qualified librarian at a good salary.

FOOD STAMP BILL
 Senator Tom Gallen, D-Bradenton, has filed a bill providing for a penalty if food stamps are purchased or sold or false information is given by an applicant in order to obtain food stamps. A person convicted of third degree felony would be subject to a sentence of up to five years in prison and a fine of \$5,000.

final night of the fair.

Special thanks also to Mrs. Shirley Sneed, and to Gene Swearingen for their help with the 1973 booth.

The community booth at the fair is the result of many hours of hard work by the committee members before the fair takes place, as well as the hours that local citizens "sit" with the booth during fair week. More people should come forth and volunteer their time and talents to the Chamber of Commerce for such efforts that focus so much favorable attention on the city, so that Avon Park can continue to be the Number One City in Highlands County Community Booth Competition, as it has been for the past six years.

It adjoins Lake Istokpoga, one of Florida's largest lakes and one of the best fishing spots in the state. And Spring Lake is just eight miles from the charming town of Sebring, which offers you excellent restaurants, theatres, golf, a hospital, banks and schools.

Spring Lake itself is a collection of fine homes with quiet wooded locations. Highly qualified builders have models on exhibit, including five of the best-selling homes by the Deltona Corporation. All the homes feature spacious living and many electrical conveniences. The range of prices is designed to fit all budgets.

This new, total community of Spring Lake is being developed in Central Florida by

PIRATES NEAR?

The jolly roger, the ancient flag of the pirates, threw fear into every ship that sailed the high seas. These armed robbers sought to raid every ship they came across. None was safe when they were near.

The Bible teaches that there is a devil called Satan who is a robber and a thief, who "goes about like a roaring lion seeking whom he may devour." (1 Peter 5:8) But when the pirate threatens, we need not be afraid. We are encouraged by Romans 8:38 & 39: "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come; nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Our faith in Christ can overcome Satan's fiery darts. Through Him we can overcome all. We invite you to attend the Church of our Lord this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MARCH OF DIMES volunteers, from the Avon Park area, get firsthand introduction to some of the research funded by their campaign dollars during a recent visit to the March of Dimes Birth Defects Center at the University of Florida's J. Hillis Miller Health Center. In laboratories, devoted to the study of birth defects, Dr. Richard L. Julius, left, an assistant professor of pediatrics with the University's College of Medicine, explains the basic defect which causes diabetes and how researchers are trying to find means of

defecting the disorder before a person requires insulin. Assisting Dr. Julius at right is a student trainee in the laboratory, Ken Sharp. The Avon Park visitors in the front row are Mrs. Virginia Crews, second from left, a media specialist at Avon Park High School, and Agnes Champion, Back row from left: Gloria Sumpter, Ida Grant and Vicki Murphy. M.O.D. contributions around the state help support birth defects centers devoted to treatment and research, at Gainesville and Miami.

temple building in Avon Park which the county purchased in 1972.

Heard Building Director Young report that from Oct. 1972 through Mar. 1973, the Avon Park building department's substitution had served a maximum of 150 permit applications and had accumulated fee receipts totaling \$4,170.90. Young characterized this Avon Park office as "financially unproductive at the present time."

Commissioner Wilkinson's motion to close the Avon Park substitution died for lack of a second.

Decided to discuss future needs for office space in the county courthouse with interested agencies at 2 p.m. April 10.

Postponed their decision on a request submitted by the Supervisor of Education for additional employee parking space to be located adjacent to the county's voting machine warehouse.

Accepted a 60-foot wide right-of-way offered by the developer of Spring Lake Village IV.

Rejected requests that the county accept for maintenance La Grande Blvd. and Craig Ave., both in Lake Sebring Estates subdivision. At present neither road meets county construction standards.

Approved the use of county equipment to grade a Little League park in Lake Placid after title to the park has been transferred to the Town of Lake Placid.

Requested the county engineer to investigate a request made by Lewis Pollard that the county install a pipe to drain water now flowing across his property on Boat Ramp rd. near Lake Istokopga.

Received an invitation to attend a briefing at the county's Emergency Operations Center on April 5, to prepare them for parts they are to play in a future civil defense exercise.

Approved hiring R. N. Tuck to work at the Lake Placid dump.

Approved increasing, by \$18.88, the monthly charge paid Otis Elevator Co. to service county equipment.

Devils

Continued From Page One

Devils committed five errors and Mulberry had three miscues.

The Avon Park batters rapped out nine hits off two Mulberry hurlers. Tim Underwood slashed out a triple and two singles. Lawrence McRae hit two singles, Tony Williams hit a double, and Leon McRae, Del Murphy, and Nate Williams all hit a single each.

The Red Devils scored two runs in the first inning and five runs in the fourth frame while Mulberry scored a run in the first and two more in the top of the seventh.

In Sebring last Saturday night Avon Park scored two runs in the first and two more in the third to best the Blue Streaks 4-0 in a seven inning game. Tim Underwood pitched a brilliant one-hitter against the strong Streak nine. Charlie Hansen, Sebring's catcher, got the lone hit when he rapped out a double in the fourth inning with two men down.

Underwood struck out 11 Sebring batters as he allowed only two Streaks on base all evening.

Sebring's Charlie Lanier took the mound loss as Avon Park jumped on him for five hits in the first three innings. That's all the Red Devils got as Lanier went to his curve ball for the last four innings and shut the gate on the scoring.

Tony Williams drove in the

first two Devil runs with a single after Leon McRae drew a base on balls and Nate Williams also was walked. Keith Richards singled in the second frame. Then Nate Williams singled to lead off the third inning and scored when the right fielder couldn't pick up Tony Williams' second single on the evening. Lawrence McRae drove in Bud Wester for the fourth run with a single after Wester was hit by a pitched ball.

The Red Devils played without regular third baseman Johnny Todd against Mulberry and Sebring. Todd injured his right arm off the baseball field last week.

Planning Commission Sees Need For Upgrading Zoning

The Avon Park Planning Commission reported to the city council the need for the city to upgrade its zoning regulations.

"The subdivision regulations should be relatively standard with the county's," stated Jack Blandford, vice president of Candeub, Fleissig, and Associates.

The preliminary report, consisting of 31 pages of technical descriptions and other regulations was prepared through November of 1972.

The Commission suggests the area on Lake Lotela and west of U. S. 27 be zoned R1A, this the highest of all residential classifications.

"Our suggestion is to try and hold a tight line along the high-

way," Blandford said. He said the council could later grant variances to certain projects. This would allow the city to keep a major shopping complex out of reach of shoppers, keeping most transactions in the downtown sector.

In the KIA area, only single-family structures could be built, or public parks.

The bulk of the city would be zoned R-1, also single family dwellings. In this area, along with the one family dwellings, churches, public and private schools could be erected. Also, mobile home parks could be granted a special variance in this area.

R-2 would be considered the area north and south of main street, between the rail road

tracks and U. S. 27 and south around Lake Tule. In this zone, any uses permitted in R-1, two family dwellings, public buildings, including libraries, community centers, and public offices. Also, multi-family dwellings may be granted by the city council to be built in these areas.

"This classification would encourage the filling in of the more vacant lots" Blandford informed the council.

R-3 is the close in area around the business district, south and west of Lake Verona. This area would permit multiple-family dwellings, and possibly boarding houses.

C-1 will remain to be the central business district with C-2 designated to also include hotels, motels, lumber yards, garden nurseries, used car lots, trailer sales, automobile filling stations, and possibly mobile home parks.

R-1 would be along the rail road tracks, the high industrial area for junk yards, automobile repair and wrecking shops, and used car lots.

One point which was discussed most at the special meeting, the possibility of a new road connecting Avon Park directly with the downtown district of Sebring. This proposed highway, currently named the Eucalyptus Highway, would permit inter-urban traffic to move more smoothly between the two cities.

It was mentioned that probably in the future the two cities would probably merge into one.

"I don't know how many of you have noticed how difficult it is to cross main street now" council president Clarence King told the group, "this may be the answer."

There is virtually no market rental housing available at any price in Avon Park, and there is none being built, however, the demand for rentals continues to multiply. As mentioned before, the Housing Authority has waiting lists of applicants, and has actually stopped taking applications.

Again, quoting from the report, "there is strong official and private opposition to additional units of public housing to meet local needs in spite of the considerable surplus of Avon Park with public housing for both black households and white elderly residents."

Also, government funds for housing projects have been canceled, however state funds may become available in the future.

The Planning Council states as its objectives: to strengthen the recently formed commission by publicizing its planning efforts, particularly in the area of housing. They also plan to strengthen the Housing Authority of Avon Park by giving publicity to the excellent public housing and its well-maintained residential environment.

They wish to voice the need for housing to the public, and to build more units to provide housing for blacks currently living in substandard homes.

They wish to significantly improve the residential area south of Green Street between Lake Boulevard and Highlands Ave., and identify areas prone to flooding.

They suggest the provisions for at least two mobile home parks for families, and rental units with at least two bedrooms and a considerable number of units with four or five bedrooms.

They plan to create nonprofit housing, sponsors to get moderate-income subsidized housing units built for families and the elderly, stimulate private developers, extend water and sewerage lines, and aim to have all dilapidated units removed and rehabilitate all those capable of doing so.

The city government has not been standing still on these matters.

They have adopted the Southern Standard Building Code, one and two family dwelling code, Southern Standard Housing Code, the Fire Prevention Code, the National Electrical Code, Southern Standard Gas Code, Southern Standard Plumbing Code, Mobile Home Ordinance and City of Avon Park Code of Ordinances as applicable.

I must back track to Sunday, the 25th. Mr. and Mrs. Engard were visited by Clara's brother and his wife, Mr. and Mrs. Henry Hanson, of Duluth, Minn. The Hanson's went on to Homestead to visit their son and wife, the Andersons.

Well, it has started. Someone leaves everyday now. Monday, the 26th, McEwens and Coles headed home. We wish them a safe journey and return trip this fall. The Ritchie's are off on another adventure. This time it is a deep south trip leading to New Orleans. A seven day trip all together. Rebecca Hostetter entertained

friends from Lancaster, Pa. Mr. and Mrs. Benjamin Goff and Emma Snyder.

Thursday the Newcomers left for New York. The coffee break boasted 25 for its last session of the season. However, if a few of you folks would still like to meet for a little chatter Tuesday mornings, feel free to bring a cup for coffee and a pastry of your choice and instant coffee and hot water will be available. The Eliehorp's made a trip to Lake Wales to visit the Grants. The Grants son came to take them home and they will head back Saturday, Mar. 31.

Elwood Stroups sister and husband, Mr. and Mrs. Elmer Zimmerman of Defiance, O. arrived Wednesday to spend some time here.

Doris Hutchins and her son, Harold, arrived Thursday from Canada. Doris is fine, except for a light cold. They finished up what had to be done here and drove back in the car Saturday. We hope very much to see Doris next season. Also, on Thursday Rebecca played hostess again. She prepared a luncheon for the Longs, Tebos and Mrs. Simmons. I have enjoyed Rebecca cooking myself so I have no doubts that everyone had plenty to eat and that it was scrumptious. The last aggravation game of the season was held in the evening. There were six tables. Score was not kept but awards were given for the total high and low scores during the season. Marvin Tebo took high prize and Leo Breister took the booty prize. Several ladies contributed sandwiches, cookies, punch and coffee to make it a real special last night. There is an open invitation to anyone who would still like to play a game or two on Thursday nights. So, if you don't see a notice on the board, don't be discouraged.

The Engards ventured out Friday to Cape Coral. They are going to visit a relative of Rumar's and return Sunday. The Eliehorp's visited friends in Zephyrhills. In the afternoon there were five to play shuffle board. There was a good game between L. Breister - R. Long and R. Wandover - Omar Snyder. Reavee and Omar were the winners. The evening Bingo game also the last game of the season had a good send off with 73 folks to join in the fun. Chuck Learned has not been up to par so Harry Barth

and Marvin Tebo filled in. As to do a little something different on the final game of the year, a cover all game was played the night, Mrs. Edna Wilbur won the first cover all and Mrs. Esther Breister the last.

Sunday, the Helricks will be leaving the park and we have enjoyed having them and hope to see them on a return visit next season.

The in thing to do Saturday, Mar. 31, was clean, clean, clean. The streets were swept (which at this time of year with the pine trees dropping their pollen is a thankless and endless job), vacuum cleaners could be heard humming as you walk along the walkways, gardening was going on, ice chests where being cleaned and freshened for travel and suit cases also being aired. Friendly groups gathered on driveways to exchange friendship and conversation and plans for the summer months which most times will begin with the same routine as was just left, cleaning - freshening up - gardening and then settling down to enjoy the summer wherever you might be. I will try to get a few more news items out before the season ends, but want to take this opportunity while some of you are still here, to say we enjoyed the season with you, wish all of you a safe return home and will plan on seeing all of you again next season in good health and ready to get the activity board filled again. Have a good summer!

A.P.H.S. Band Leaves For Nassau Friday

As the big day approaches for our famous Grandstand Band, there is a noticeable mounting air of excitement, not only at the high school, but all over town. Friday is that BIG day. Our band will step aboard the four buses chartered especially for them at 9:30 in the morning and head for Miami where they will board the FLAVIA for Nassau. Once in Nassau, they will present a concert at the Athletic Field at 11 a.m. Saturday. Sunday another concert will be given after dinner aboard the FLAVIA. They will arrive back in Avon Park Monday. It is expected that they will get here about 4 p.m.

Plans for this trip were started a year ago. The students have worked very hard with their candy and doughnut sales. Most ended their own portion of the fare themselves. Boys bagged groceries, mowed lawns or helped in service stations while girls baby-sat or wrapped packages for the various stores during Christmas. Spare time was spent sewing pants and long skirts. The biggest point, however, came from the people of Avon Park themselves when they supported wholeheartedly the various efforts of this outstanding band. Our annual Band Day was a great success and what better promotion for our city than this group of young folks who will represent us in their performances this weekend?

Since Mother Nature was threatening to rain when the folks arrived, they were ushered to a pole barn, which had been prepared just in case. At 11 a.m., a worship service was led by the State Chaplain William Ross. And during this time, Mother Nature decided to put on a show too, with a bad thunderstorm. But in spite of the noise Brother Ross did a good job leading the group in worship.

After a bountiful dinner the young people entertained the group with stunts and songs. The State Lecturer Lola Gell gave an interesting and entertaining program. The rain did not dampen the spirits of the crowd at all and as they left, there were many words of praise for a good time and thanks to the Andrews for the bother.

It's A Boy

Captain and Mrs. Edward E. Sharpe Jr. of Ft. Knox, Ky., did not dampen the spirits of the crowd at all and as they left, there were many words of praise for a good time and thanks to the Andrews for the bother.

The young man has been named Kenneth Edward, and birth weight was eight pounds and 14 ounces. He joins a happy three-year-old sister, Carrie, at home.

Proud grandparents are: Maternal, Mr. and Mrs. Ed Brantley, Jr., and Paternal, Mr. and Mrs. Edward Sharpe, all of Avon Park.

THE MARCH COOKING CAROUSEL featured recipes prepared in the Micro Wave oven. Shown here is the time as those present learn to sample the foods: Chicken Double (15 mins.); Peachy Yams (4 mins.); Spinach Delish (6 mins.); One-step German Chocolate Cake (6 mins.); Quickie Fudge (2 mins.); and Party Cereal Snax (45 seconds).

The next program, presented by Florida Power Home Economists, Faye Gordon, will be on Tuesday, Apr. 24, at the Florida Power Home Service Center, at 10 a.m. Everyone is invited to attend. - Photo by Sharpe

County Economy On Stamp Tax Up \$22,658.70

Highlands county's economy took a large leap upward during February, documentary and sur tax collections indicate.

Stamp tax collections in the county rose to \$22,658.70 for the month, up from \$15,717.75 for February of 1972.

Citizenship Committee Completes Study

The citizenship committee has just completed nine weeks of study in the following areas:

1. Honesty, 2. Courtesy, 3. Patriotism, 4. Student Behavior, 5. Responsibility, 6. Health and 7. Cleanliness.

Already, accrued dividends are beginning to show on the part of our students. Film, film strips, records and human resources to make the program a successful one were brought in.

Some of the human resources were: The Rev. Dwayne Zoller, County Nurse, Mrs. Richardson; Mr. Thevenon Delaney, Judge Rehner, Mr. Dan Davis, Mr. Edgar Sanders and Mrs. Donna Kittrell.

The committee consisted of: Mr. David McDaniel, Mrs. Mary Rushing, Mr. Chester Poff, and Mr. Edward Simon. Mr. Ernest E. Sims, Sue Nunnallee, Brian Murphy, Pam Williams, Johnny Barker, Rhonda Landress, Jim Casey, Tim Cribb, and Jeff Adams.

Sur tax collections in the county for the same month, 1973 were \$5,177.60, compared to \$3,806.50 for February of 1972.

Chief factors in the rise are booming land sales and construction in the county. Documentary stamps are added to all transactions involving the sales of stocks, bonds, promissory notes or any obligation to pay. These are affixed on each document at a tax return of 15 cents for every \$100 of value.

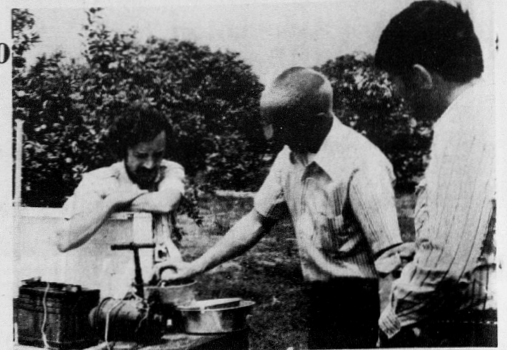

Sur tax is charged for all real estate transactions and brings in a tax of 50 cents per \$500 value.

Sales tax collections, which are a barometer of business activity, have gone up steadily in the county for many months.

David Lanier To Speak To Federated Women

Rotary Club and the Florida Bar Association. For music we will have a young lady from Lake Wales, who is a very accomplished singer and a high school student, Miss Joyce Jones.

Mr. Lanier a native of Avon Park, has practiced law here since 1951, having graduated from the University of Florida Law School. He has been the Judge of Small Claims Court for the past 10 years, and City Judge for two years. He is an active member of the Union Congregational Church.

Joy Christmas Finalist In Miss Dance Of Florida Pageant

Miss Joy Marie Christmas, dance student of Sharon Sokolovsky Studios of Avon Park, won acclaim as a finalist in the "Miss Dance of Florida

Pageant" held at the Langford Hotel in Winter Park.

The pageant, sponsored by the Florida chapter of Dance Masters of America, Inc., presented 25 contestants who competed for the coveted title of "Miss Dance of Florida." Contestants were judged in the following categories: Personal interviews, leotard, and evening gown appearances and talent presentation. Competition was extremely keen in the talent competition, which had to be a form of dance.

Miss Christmas was from the beginning a favorite of the audience because of her beauty, grace and charming smile. Her presentation of a modern jazz routine, in the talent competition, assured her a place among the finalists.

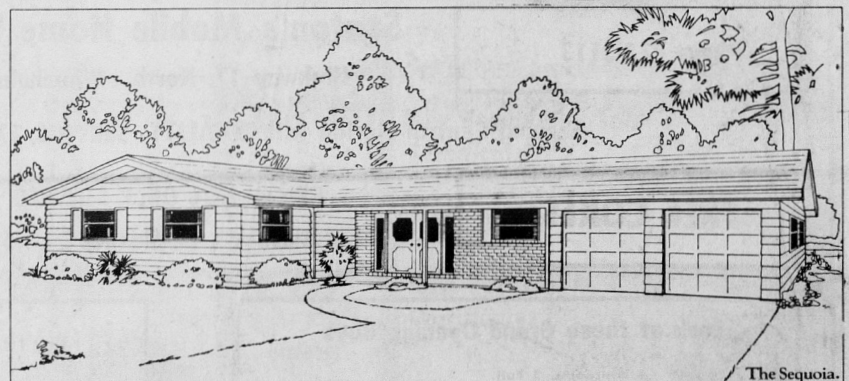

"The Miss Dance of Florida" pageant is a preliminary for the "Miss Dance of America" pageant which will be held at the national dance convention in New York City this summer.

Judges for the event were Marie-Jeanne, ballerina and former protegee of George Balanchine; Ron Daniels, nationally known choreographer and performer; and Del Schilling, director of entertainment at Disney World in Orlando.

A home away from homes.

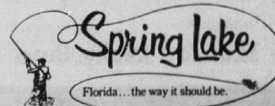

How many times have you told yourself that one of these days you're going to have a home in the country? A home away from the crowds and noise of the city. A home with exciting views and lots of woods and fresh air.

Homes in Spring Lake give you all that and more. Spring Lake is a new, total community being built in central Florida by Coral Ridge Properties and the Westinghouse Electric Corporation.

Spring Lake is just eight miles from the charming, quiet town of Sebring and is on Lake Istokpoga, one of the largest, most beautiful lakes in Florida. That means you'll be able to enjoy swimming, fishing and boating. And the countryside around is as breathtaking as the lake itself. Gently rolling hills. Orange groves. Woods. Fresh air.

There are numerous homes on view in Spring Lake, including five handsome

models by the Deltona Corporation. Take a drive to Spring Lake with your family. See our homes. Talk with our people. Enjoy the country and fresh air. Or, if you can't drive out now, write to Mr. Ireland Sanders, resident home sales manager, 6133 Candler Terrace, Spring Lake, Sebring, Florida 33870, or call collect, area code 813-385-6113 or 6114.

SFJC Blasts St. Pete 3-2-Play Here Today

Monday evening at Head Field in Avon Park, Dennis Dyal, Arcadia's contribution to SFJC baseball team, hit a solo homer to beat St. Pete 3-2. Dyal's blast came as the first batter to face St. Pete hurler Sawyer in the first extra inning. The Panthers had tied the game in the fifth inning.

Lamar Gillard started on the mound for the Panthers and gave up two runs and four hits in the first two innings but settled down and was breezing when his four innings were up.

Ted Crabtree came on and pitched scoreless ball for four innings. The win kept South Florida ahead of Florida College and in seventh place. Polk leads with Manatee second; St. Pete third; Hillsborough fourth; Brevard fifth; Lake Sumter sixth; South Florida seventh; and Florida College eighth.

In the second game, Craig Johnson started on the mound and was throwing well until he failed to cover first on a ground ball to Crabtree. A pick off attempt went away and the runner scored. Johnson went two and one-third innings and gave way to Jim Bray. The Panther defense intervened and committed seven errors to hand St. Pete an easy 11-4 win in the night cap. The Panthers played excellent ball in the first game.

Craig Johnson and Mike McGee garnered all four hits with two each in the second game.

In the first, Dyal with two, Hansen, McGee, Gillard, Gill, and Albritton each had one hit each.

Thursday the Panthers meet Brevard, in a double header, at 4 p.m. at Head Field in Avon Park.

P

ROTECTION FROM THE ELEMENTS

It has been said in the Lone Star State that there is nothing between Texas and the North Pole but a barbed wire fence. That certainly gives you the idea that in Texas you're not given much protection from the cold North wind.

There are times when you might think there is no protection and comfort afforded from the hardness and cruelty of the world. But there is a buffer between you and the world. This help and protection is the church. As members of the church, you are with good people of like minds who love you, pray with you, comfort you and assist you. They are the ones who "by love serve one another." (Gal. 5:13)

We invite you to attend the church of your choice this week. You will find a warm welcome there.

"And this commandment we have from him, that he who loveth God love his brother also."

I John 4:21

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Bonnie Brae Mobile News

by Margaret W. Young

About 45 people turned out Friday evening to hear Mrs. Grace Krenierick of Avon Park tell about her recent trip to Nicaragua. She went as a volunteer, paying all her own expenses, and assisted the Rev. Gerrardo Martinez, who had gone there from Zolfo Springs to work in the Alpha-lit program, teaching people to read, as well as teaching various other skills. She also spent some time in Costa Rica and Guatemala. It was interesting to hear about shopping for native foods and how they are prepared, and her three-month stay was certainly an interesting time. Thank you so much, Mrs. Krenierick, for sharing your trip with us. Ice cream and cookies and coffee were served after the talk.

Don't forget the April birthday Pot-luck dinner on Friday evening, Apr. 6, at 6 p.m. We look forward to all the good cooking which our ladies are famous for.

The April meeting of the Federation of Mobile Home Owners was held in the recreation hall on Tuesday morning, and John Sinatra gave a report of things he learned at the recent State

Assembly of the Federation held at St. Petersburg.

It is good to see Joe Marino riding around the park again. He was really missed while he was in the hospital. Stay with us, Joe; the park isn't the same without you.

Tom and Evie Chockley have their daughter, Margaret Leean and Allan from South Haven, Mich. visiting them. Their son-in-law and oldest grandson were not able to come because of having to work.

"Snowbirds" leaving over the weekend were the Keisters, going to Westfield, N. Y.; the Chester Richardsons heading for Wisconsin; and the Whitneys going to Carrollton, Mich. Happy motoring and hurry back.

NOTICE

The public is cordially invited to a Farewell Party in honor of the original hospital building of Walker Memorial Hospital that is soon to be demolished. The time is 7 p.m., Thursday evening, April 5, 1973, in the North Lobby of the building.

MR. AND MRS. BYRON GRAY are pictured above with a "Century Plant", (or Agave), which reaches about 35 feet tall at their home, 218 N. Verona Ave. The name came from the mistaken idea that the American Century plant blooms only once in a hundred years. Some kinds of Century plants flower every year, other kinds bloom less often. The plant has thick, fleshy leaves with sharp-spined edges. The white or greenish flowers grow in an open cluster on the upper portion of the stalk, which grows approximately three feet each day after starting. The leaves die after the plant has bloomed. The roots remain alive and produce a new plant. The Mexicans use the sap of certain Agaves to make intoxicating drinks called pulque. Other kinds are used to make the Mexican drink Mescal. Their long, tough fibers are formed into thread, cord and ropes. The green leaves are used as fodder. - Photo by Sharpe

Avon Park Grange News

By
LAVERN E. FULLMER

Avon Park Grange met Tuesday, Mar. 27, with Master Miriam Debo in the chair. Edith Martensen, chairman of the Home Economics Committee, reported that six ladies are making dresses to enter the National Grange Sewing contest. Donations were given to Care and the Ann Sullivan Fund for the deaf. The Care donations this year are being used to send nurses to Honduras to teach the mothers Home Care of the Sick. Old eyeglasses and used batteries from hearing-aids are being collected.

Keith Debo, chairman of the Beautification committee, reported that 24 benches from the Mall have been repaired and painted. Some of the winter flowers have been removed and replaced by marigolds and petunias. The Grange gave him a rising vote of thanks. "Thank you" notes were received from Mrs. F. Ward and Malcolm F. Crews, City Clerk. "We certainly do appreciate the fine work Mr. Debo is doing to make our City a more beautiful place. The Grange is to be congratulated on sponsoring this."

Leaflets were passed out concerning U.S. Savings Bonds. The lecturer's program featured a "World Understanding Discussion" by Keith Debo, Loyd Sloum, Alfred Haviland, Gertrude Sloum and Louise Clarke. They commented on a very informative and interesting report by the National Grange Overseer who was in a group of 18 members of the International Federation of 4:30 p.m., Apr. 14, at the Agricultural Producers who

had been invited to Japan to study the methods of farming in that country. Other numbers on the program were a song "Yankee Doodle" led by Edith Martensen, an April Fool joke and a guessing game. Thought for the day: "Don't regret growing old. A great many people are denied this privilege."

Four members attended the District meeting at Oneco on Mar. 24.

During the social hour refreshments were served by Grace Warner and Miriam Debo.

Ridge Pomona Grange No. 10 will meet in the Wesley Hall of the First United Methodist Church on Saturday, Apr. 7, at 8 p.m.

The next meeting of Avon Park Grange will be in the Wesley Hall of the First United Methodist Church on Tuesday, Apr. 10. A pot-luck supper will be served promptly at 6:30 p.m. Following this will be a "Discussion on Community Projects." Several organizations have been invited to participate. If others are interested in attending, please bring own table service and a dish to share - and come join the crowd.

CONTRACTORS EXAMS

The Highlands County Building Department will give examinations to contractors seeking licenses from 9 a.m. to 4:30 p.m., Apr. 14, at the Agricultural Producers who

RAYMOND DOWNING proudly displays the "big mouth bass" he caught Mar. 28, in a lake near Walker Memorial Hospital. The 6 1/2 pound, 24 inch long bass was the largest one he has ever caught. He caught the bass on a plastic worm.

Rebekahs Discontinue Suppers

Eleanor Seaverns Rebekah Lodge No. 65 met at the Lions Club Hall for their regular meeting on Mar. 19, with Noble Grand Nancy Shay presiding.

District Deputy President Eva Alice Lamb from Arcadia Lodge No. 67, was introduced and she and visitors from Arcadia, Virginia and Ontario were welcomed by the Noble Grand.

Bunraku - Puppet Theater Unique to Japan

Bunraku, the time-honored tradition of puppetry of Japan, combines the elements of narration, music and puppetry in a unique form of theatrical art. Accompanied by the *samisen*, a three-stringed instrument similar to a guitar, the *ayari* (or narrator) chants the story which is enacted by half life-sized puppets. Each puppet is manipulated by three men who work in perfect unison according to specified rules and forms. Since its origin in the seventh century, Bunraku has been transformed through numerous refinements to become what a major American drama critic has called "one of the artistic wonders of the world." The tradition of Japan's puppet theater has been carried to many areas of the world by the Bunraku troupe which regularly appears at the National Theater in Tokyo. During a rare tour abroad, the troupe will perform in Seattle, San Francisco, Los Angeles and Midland, Mich., in March, and in Washington D.C. and New York City in April.

City Council Overrides Mayor's Veto For Employees' Raise

The Avon Park City Council firmly stood against the Mayor, Robert J. Barben concerning the already passed five percent pay raise to city employees, during their regularly scheduled meeting last Monday evening.

Councilman Robert Woodruff, quoting from the city charter, reminded the other councilmen that the council could, by law raise salaries from time to time.

Before the meeting began, Councilman Milton Howard stated, "the cost of living went up and we're short a half dozen men, and this five percent wouldn't upset the budget. Yes, I'm voting for it."

Also, in a statement before the meeting began, Councilman Durrah Martin said, "It's alright with me, unless they had it put over the radio that they were going to force us, then it'd be different."

As the discussion began, Barben stood before the councilmen and a council room overflowing with visitors, men employed by the city on hand to hear the mayor tell why he had refused to sign their pay checks.

"I don't want you to blame any of the council members," he said, "blame me."

"I want to bring it to your attention that last October this council granted a ten percent across the board pay raise," he continued, "and at that time the President of the United States asked for only five and one half percent raises for employees."

The mayor also pointed out that the city has a pension plan for its employees, and a "new policy on sick leave as liberal as any."

"Also, if my memory serves me correctly," the mayor continued before the packed crowd, "hospital benefits have been raised from \$25 a day for rooms to \$40."

"Another thing, I'd like to mention, is that the head of the department is the boss."

Here, the mayor was inferring, he believed the employees should have gone first to the respective department heads instead of straight to the councilmen.

He said, "Nobody makes enough money, and I do believe that we have done good for this fiscal year. Remember it's not our money we're spending, it's the taxpayers'."

"This is true, Bob," Councilman Hermon Sizemore said,

"but nobody knew the cost of living would go so high."

"Some of these men live on \$71 a week," said Howard.

"They draw less money than anyone I know of in Avon Park."

"We have considerable turnover," said Woodruff, "and you're going to have it and keep on having it when they find they can't make ends meet, they're going to leave...the cost of living has

gone sky high since last October. I know it affected them more than me and it did affect me."

"I still think we should come up with categories," council president Clarence King said. Sizemore answered him, "I came up with a graduated pay scale last year and got nowhere with it."

"Isn't there a better solution than just a five percent pay raise across the board?" said King.

"They need the raise now, and I'm for it now," said Howard. "If we didn't have the money it'd be something else, but we have it."

"I don't think it was done right and I sure didn't like it," concluded Barben.

"John went to Crews a month ago before it came before the council," answered Sizemore.

Ziegler, who Sizemore was referring to was in the audience and said, "Malcolm told me the council wouldn't be for it."

"These people not only work for the city," cut in Woodruff, "they are also citizens and they can vote as a councilman at any time."

Woodruff continued, "If he's not going to sign the checks, what's the use of us sitting around this table, if it's going to be a one man rule, let the one man rule."

Finally, King informed the crowd and councilmen that the mayor had agreed to sign the checks.

Sizemore concluded the discussion by saying, "this isn't the solution but it's a beginning."

In other good news coming to the city, as Malcolm Crews, City Clerk of Avon Park, sat at his desk before the meeting, Howard noticed an envelope with a check inside from the Federal Government.

Crews opened it and said, "Something's wrong, they've cut us \$28,000."

"They're paying quarterly now," said Howard.

As Crews began to read, "Yes" he said, "it is for only the first quarter."

He checked from the Federal Revenue Sharing Program, was for \$41,029, making the city's share this year to total \$164,116, over last year's total of \$135,000.

During the council meeting, Crews was instructed by the council to invest the funds in a 90 day certificate of deposit at the bank with the highest interest.

surveillance at the motel while Cribb went before Frank Obenhausen, State Attorney in Sebring. There, a search warrant for possession of stolen property and drugs was prepared and taken before County Judge Mark Richardson. He signed the warrant which allowed the officers to proceed with the investigation.

As Cribb and Obenhausen arrived at the motel, they found that Hancock and Johnson had detained the two suspects from entering their motel room. The officers then entered the room and began an intensive search.

The officers found various items belonging to the Air Force Base, including cups, spoons, parachutes, and a dummy bomb used in training programs. Also found were various instruments used in taking drugs, including syringes, and hand made bamboo pipes and metal pipes which are used in smoking marijuana.

Arrested were 39 year old Thomas S. Mimerich for possession of drugs, marijuana, drug paraphernalia, and possession of stolen property. Also arrested was 20 year old John M. Bain for possession of marijuana, possession of drug paraphernalia, and possession of stolen property.

The two were arraigned before Judge Richardson and waived a preliminary hearing and were bound over for Circuit Court.

Undeclared Devils Host Hawks Friday

A 7-2 win over Sebring and two shut-outs over conference foes last week set the amazing Red Devil varsity baseball team's record at 15-0 going into the final week of play.

Last Tuesday afternoon the Devils were scheduled to take on the Miners in Fort Meade. Tomorrow (Friday, April 13) the Avon Park team will host the Santa Fe Crimson Hawks here at Head Field in an important Tri-County Conference game and Saturday, April 14, the Red Devils will go down to Lake Placid for another game with the Green Dragons. Next Monday Avon Park will probably go to Lakeland for the second game with Santa Fe. That game had been postponed from March 23. At present Santa Fe is in second place in conference standings.

The sub-district meets are set to start on Thursday, April 19, at two different sites within the district. The Red Devils look like a sure pick for one of the sites.

Tuesday night a week ago the Red Devils handed Sebring its second loss in a row as Buddy DeWitt pitched the Avon Park team to a 7-2 victory. The Devils had shut out Sebring the Saturday before 4-0. It was the first time an Avon Park team had beaten Sebring twice in regular season play in some years.

Sebring scored its two runs on three singles as Avon Park committed three errors. DeWitt struck out nine Blue Streak batters in the seven inning game but didn't walk a single Sebring player.

The Red Devils rapped out eight hits off losing hurler Buddy Yarbrough but Yarbrough fanned 11 Avon Park batters. Leading Avon Park at the plate was catcher Nathaniel Williams who had a double and a triple. Tim Underwood hit two singles. Lawrence (Poncho) McRae slammed out a double, and Johnny Todd, Tony Williams, and Bud Wester all added a single to the Red Devil total hits.

Last Friday night Frostproof fell 9-0 to the Avon Park team here at Head Field. The Devils got 10 hits off three Bulldog pitchers. Leon McRae had a double and a single. Tim Underwood, Nate Williams, and Lawrence McRae all had two singles. Bud Wester hit a double to drive in a run in the first and Tony Williams had a single.

Tim Underwood held the Frostproof batters to two singles and struck out 10 of the Bulldog players in the seven inning affair. It was Underwood's sixth win of the season from the mound.

In Zephyrhills last Saturday night Avon Park took a 4-0 victory in an abbreviated game. Rain cancelled out the top of the seventh inning during which the Devils had scored

two more runs but since Zephyrhills didn't bat in the bottom of the seventh the score reverted to the 4-0 total.

Buddy DeWitt, the junior right handed pitcher, racked up his seventh straight mound win with a one-hitter against the

City To Vacate Golf Course Property May 1

The City of Avon Park has been forced by the new owners of the Pinecrest golf course and buildings (which formerly housed the Highlands School for Girls) to go out of the golf course business.

During the regular meeting of the City Council Monday evening City Clerk, Malcolm Crews, read a letter from the First National Bank informing

the City they must "vacate" the property by May 1.

The City had budgeted \$49,560, for this fiscal year, for the golf course, and of these (Please turn to page 2)

Two young men from the Avon Park Bowling Range were apprehended April 4 at the Southernaire Motel for possession of narcotics, and

Cecil Skipper Resigns From Housing Authority

Harold C. Worden, Chairman of the Avon Park Housing Authority announced this week, the resignation of Cecil Skipper, executive director of the Authority.

Mr. Skipper has resigned to accept another position, effective May 1. He has served in this capacity for the past five years, starting in 1968, while the housing units were still in the construction phase.

Mr. Worden stated "Mr. Skipper has served the board well, and they accept his resignation with regret." Worden also stated, applications are now being accepted to fill this position. Send resume to: Harold C. Worden, chairman of Avon Park Housing Authority, Box 1327, Avon Park.

This announcement follows on the heels of a report in last week's Sun, from the Planning Council stating its objectives, to strengthen the recently formed commission by publicizing its planning efforts, particularly in the area of housing. The construction of 30 units for the elderly under the Federal Housing Program did alleviate the problem to a certain extent, and to preliminary findings, the 30 units built at Lakeside Heights, was found to be highly successful and well-maintained.

conference foes. DeWitt fanned eight batters in the six innings.

The Devil batters jumped on the Zephyr pitcher for seven hits as firstsacker Tony Williams rapped out two doubles. Singles were hit by Tim Underwood, Bud Wester, Nate Williams, Buddy DeWitt, and Johnny Todd, pinning DeWitt in the sixth. Lawrence McRae had a double in the seventh and Tony Williams had a single in the final frame but both were wiped off the records by the rain.

funds, approximately \$15,000 has been spent.

During a council meeting last month, it was agreed they would spend up to \$2,000 on fertilizing the greens. To date \$1,200 has already gone out and the council voted last Monday to deny the course the use of the remaining \$800.

"I sat here that night and I agreed to the \$2,000. I heard we were behind time on fertilizing," said Councilman Bog Woodruff, "and I thought we should protect our interest."

Referring to Cecil Skipper, who requested the fertilizing, "If I had known they were closing us out when they were here, I don't think I'd have voted for it," Woodruff concluded.

Skipper recently resigned from the Avon Park Housing Authority, and there is no definite report as to whether he will run the new golf course for the 12 men.

It was reported that the building, which formerly housed the girls school, will be transformed into a country club. However, no definite plans have been announced by a specified spokesman.

Calvin Bryant
... jogged for health

Word was received this week of the death of Calvin S. Bryant, age 50, of 47 NW 94 St., Miami Shores, (former Avon Park resident) after being struck by a hit-and-run car.

Bryant jogged every day because he believed it would prolong his life, so this past Monday morning, April 2, he arose, dressed and started his keep - trim jog around the block, just as he's done each morning for the past several years. His wife, Mary Jane was preparing breakfast when he left about 6:30 for his usual morning run. When he didn't return at his customary time, she went to the corner to see if Bryant was coming. She noticed that a crowd and police had gathered in the middle of the block on NW 86th st. between Miami Ave. and First Ave. She crawled under the roped off area to tell the police she couldn't find her husband, who had been jogging, only to identify her husband's body.

He had hardly been gone a minute when a hit-and-run car glanced off two palm trees, jumped the curb and onto the sidewalk, striking Bryant from behind, killing him. The driver then tried to run down an eyewitness before speeding off. Two other motorists forced the speeding car off the road at NW 91st St., but the two young men in the car jumped from it and ran away. Police located the owner of the hit-and-run car, a 1972 Ford Torino, but have not determined if he was the driver. Police said Bryant was carried about 200 yards on the hood of the car, before the driver stopped momentarily.

Bryant had worked with the Federal Aviation Administration since 1951, rising from a maintenance position to electrical engineer and finally chief of the field communications office at Tamiami Airport. He had been a resident of Dade County since 1947; a Veteran of WW II; a member of the Miami Shores Community Church, chairman of the Missions Committee. He also served as Church Trustee and assistant chairman of the board. He served on the Board of Directors for the Florida Conference Church of Christ;

Mr. and Mrs. Walter R. Walker of Gregory, Mich., announce the engagement of their daughter, Sharon Valerie, to William James Strenth, son of Mr. and Mrs. Cecil Paterson of Avon Park.

Teachers Need Housing In Host Family Program

More Avon Park area families are still needed to entertain English-speaking European teachers in their homes for one or two weeks this summer, it was announced today by The American Host Program.

According to J. Stuart Perkins, Board Chairman of the Host Program, who is President of Volkswagens of America, American Host is one of the few non-governmental programs designed to show the American way-of-life to foreign teachers by pairing them with American families.

Now in its eleventh year, American Host has opened doors to better understanding for more than 1,000 European teachers who have passed on their new understanding of America to their students.

Mr. Perkins said that being a "host family" is open to anyone who has the desire to increase understanding and friendship between Americans and Europeans. All American Host requires, he said, is hospitality—a private room for a guest and free time for one or two weeks to introduce the guest to friends, neighbors and perhaps fellow teachers.

American Host arranges all transportation. Host families are asked to meet their guest upon arrival in their community. Teachers and host families have an opportunity to correspond for at least a month before meeting.

Arrangements for participating as a host family can be made by writing to: The American Host Program, Hotel Commodore, Suite 2100, New York, N. Y. 10017 or call (212) 685-5067.

Deadline for information: April 20, 1973.

The Avon Park High School Grenadier Marching Band has just returned from a fabulous cruise aboard the T. S. Flavia. The band left Avon Park Friday morning aboard four conditioned Greyhounds. They stopped in route for lunch at the Ole South Bar B-Q in Clewiston. They boarded the beautiful Italian ship T. S. Flavia at 3:30 and sailed for the Bahamas at 5:00 p.m. Because of an easterly wind the ship had a definite pitch and many of the students and chaperones began to feel a little queasy. However, when the ship changed course, the pitching stopped and everybody was soon back to normal.

At 8 a.m. Saturday, the Flavia docked at the Nassau Harbour. The band assembled on the dock in their Grenadier uniforms and were led by Bahamian Police Escort and the Bahamian Minister of Public Relations, Athama Rowe, to Rawson Square and through downtown Nassau to the Athletic Field of St. Joseph School. They were followed there by the streets by hundreds of Bahamians who then gathered to hear the short concert. After the concert, the band again followed by much of the town, marched back to the Flavia.

Saturday afternoon was spent shopping at the famous straw market in downtown Nassau. Saturday evening the students visited the game room aboard the ship and danced to the rock music of an Italian rock band, "The Shakers." Many danced to 2 a.m. (if you don't believe it, ask the chaperones who waited up for them).

Sunday morning began with a short prayer service at breakfast, led by the band members and Leon Garner. After breakfast, many went to beautiful Paradise Beach aboard glass bottom boats. Some of the chaperones attended church services at a local Bahamian Missionary Baptist Church.

Other remained on board ship for swimming in the pool, games, movies or dancing. Everybody reported on board at 3 p.m. for roll call in preparation for sailing time at 5 p.m. Sunday evening the band enjoyed a party atmosphere, complete with party hats and noise makers at the Captains dinner. After dinner the band marched into the beautiful Riviera Lounge for a large audience of crew and passengers (about 700 people) and gave them an enthusiastic welcome. Mr. McKunas introduced the band and told the audience about Avon Park. The band played very well and made a beautiful appearance in their red and black grenadier uniforms. The audience from all over the U. S. and many other countries gave the band a standing ovation calling out "Bravo".

Mr. McKunas dedicated one number to Captain Zonka and he in turn saluted the band. The majorettes all repayed him for the smoothness of the sailing with a big kiss. The chaperones gave out Avon Park Chamber of Commerce brochures and band post cards to the enthusiastic

guests. In his introduction Jim Snowden, recreational director of the Flavia, complimented the students on their exemplary behavior. Many others echoed this sentiment. One man stated that the band was "even better than the food" aboard ship and that was great! Three wonderful Italian meals were served each day with a mid-night buffet also available. The crew, the waiters, and the stewards were Italian and many students came home with an Italian accent. The band enjoyed meeting the young crew members and many addresses were exchanged. The students were so well treated and waited upon that going back to making their own bed is going to be a shock!

The band made such a favorable impression that many of the crew and staff asked for the buttons that the bandmembers wore and became "honorary" members of the Avon Park High School Grenadier Band.

The Flavia docked in Miami Monday morning and the band went through customs. This was quite an educational experience for the chaperones as well as the students.

After stopping at the Ole South Bar B-Q again for lunch the band arrived home at 4:15 p.m. tired, happy and with the happy phrase "Clao, baby, Clao!" ("Chow Baby"), on their lips!

Avon Park can be proud of its Grenadier ambassadors. The students were well behaved and were highly praised for their clean cut and wholesome appearance and attitude. They were a credit to their parents, town, state and country.

PICTURED ABOVE, from left, are Mr. and Mrs. Leon Garner (he's assistant principal of APHS, and Band Director and Mrs. Vic H. McKunas, being served on board the Italian

Ship T. S. FLAVIA, while on the cruise with the Avon Park High School Band to Nassau over the weekend of April 6, 7, 8 and 9.

WHY IS GRANDMA in the sandbox? Why is a musician playing a song? Do mommy and daddy really know why they are sitting on the chairs? Why is the Angel of Death looking at grandma? These are questions put to the audience as the members of the Drama Department at South Florida Junior College rehearse for Edward Albee's play **THE SANDBOX**. Grandma is played by Sylvia Woodley from Arcadia; the musician is Laurie Askeland; Sebring: Mommy, Christie Knight, Wauchula; Daddy, Dave Hendrix, Avon Park; and the "Angel of Death", Gary Shakerford, Wauchula. The play is on April 15, at 3 p.m. in the S.F.J.C. Amphitheatre. The public is invited and there will be no admission charge.

THE COLORLESS dreary walls of the Snack Bar at South Florida Junior College look on a bright new cheery look over the weekend as students from the Student Government Association changed the character and brightened up the Snack Bar with a mural on one wall having a hypothetical S.F.J.C. student striding over rolling green grassy hills with the Stars and Stripes in the background under a two-toned blue sky and a flight of birds winging toward an orange sun. Two other walls were painted yellow. Jimmy Walker, Wauchula, S.G.A. president is painting the mural; other students contributing their time to painting were Linda Renegarts and Debbie Sperry, Sebring; Lisa Sellers, Johnnie Hodges and Ann Sell, of Wauchula.

don't waste your energy

Buy the most efficient air conditioning and you'll not only conserve energy. You'll save money.

Hardly anything's more valuable these days than the money and electrical energy it takes to run your home. Here's how to save both when buying air conditioning.

What type do you need? This depends on whether you intend to air condition your whole house, a major portion of it, or one room.

For one room, you can use a room unit. For larger areas you can choose between a room unit and a central system.

What size unit do you need? This depends on several things. Well shaded, well insulated areas require minimum cooling. As low as 20 BTU's per square foot. (More about BTU's in a minute.) Unshaded windows and poor insulation can double the amount of cooling needed. A reputable air conditioning dealer will check your home and recommend the proper size and type of equipment for you. Or Florida Power will be glad to help you if you are unable to get the information.

Which air conditioning units are the most economical to operate? Just remember, the higher the efficiency of a unit, the lower the operating cost. There's a simple formula for this.

All air conditioning manufacturers rate their units in terms of British Thermal Units (BTU's). And the electricity required for the unit in terms of watts.

To find out the efficiency of a unit, just divide the BTU's by the watts. The unit that gives the most BTU's per watt has the highest efficiency ratio (EER) and is the most economical to operate.

The more efficient units today produce from 7 to 10 BTU's per watt, so make sure the unit you're considering falls as high in this range as possible.

Take this form with you to your air conditioning dealer.

To determine the efficiency of any air conditioning unit, divide _____ into BTU's _____
The higher the result, the more efficient the unit. The more efficient units will produce between 7 and 10 BTU's per watt.

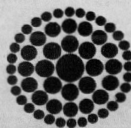

What else should you consider to get the most economical cooling?

First, be sure the system is properly installed. Also be sure that walls, ceilings and floors are properly insulated. And that air conditioning ducts are tight and well insulated.

Close openings and seal cracks around doors and windows as well as openings into attics and fireplaces.

Use properly sized wiring. Place the condenser where it can get free air flow. And avoid putting it in your garage or other improperly ventilated areas.

Do these things and you'll have the most efficient and most comfortable air conditioning you can buy, without spending needless money or wasting valuable power. We want to do everything we can to help, so if you've any questions at all, call or come in to any Florida Power office.

Mabel Stocker

Helen Turner and Agnes Nicholson spent several days last week visiting in St. Petersburg and Punta Gorda. The final Craft meeting was held on Tuesday afternoon. The April birthday dinner was held on Friday, April 6, at 1 p.m. A covered dish dinner was enjoyed by 48 residents and guests. After dinner shuffleboard was played. Winners were Opal Abraham and Lyda Glenn. Birthdays

honored were: Doris Rodgers, Elmore Laman, May Graper and Bill Ray. Hosts and hostesses were: Mr. and Mrs. Art Parker, Mr. and Mrs. Fred Graper, Mr. and Mrs. Charlie Goodwin and Mr. and Mrs. Everett Tribbett. After the shuffleboard was over the afternoon festivities closed by the group joining in singing many of the old songs. An enjoyable time was had by all.

They are stopping in Tennessee to visit their brother and then on to attend the graduation of Mary's grandson from Ft. Knox, Ky. Later they will go on to their homes in Wyandotte, Mich. Mr. and Mrs. Snow of Connecticut are visiting Mr. and Mrs. Roger Comfort.

Likeness

The artist is capturing the physical likeness of this lovely girl on her paper. The likeness is amazing. But her inward beauty, her wonderful Christian heart and soul, can only be captured fully on God's canvas. The Bible says that "Man looketh on the outward appearance but God looketh on the heart."

How would God's painting picture you and me?

One good way to improve your heart condition is to attend church and hear God's word proclaimed from the pulpit. Learn God's plan for your life by listening to His word. We invite you to attend the church of your choice this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Mr. and Mrs. R. H. Enoch and Mr. and Mrs. Orley True spent Saturday in St. Petersburg witnessing the Parade of States parade.

Mr. and Mrs. Harry Tyson and Mr. and Mrs. Gus LaFleur drove to Tampa Sunday to see Holiday On Ice at Curtis Hixon Hall. On the way home they stopped at John's Restaurant at Bartow for dinner.

Marie and Bill Good visited their friends the Ednund

Scobies at Fairmont Estates on Sunday—they had lunch with the Scobies and in the evening the four played Euchre. We are very happy Bill Good is feeling better—we wish him at the Shuffle Court and card parties when he was ill.

Thirty folks attended the Coffee Hour on Wednesday morning which was hosted by Helen Straka and Arveda Lewis. In two weeks our hosts

will be Margaret Van Buskirk and Roxie Enoch—we hope for another good crowd. The Coffee Hour has been very popular this winter.

The Shuffle Court is still busy with activity during the afternoons and often in the evening.

Helen and Frank Straka and Arveda and Dave Lewis spent Wednesday in Sarasota with their friends the Fred Clarksons in celebration of the Strakas wedding anniversary. A lovely luncheon was served at noon for the honored couple and guests.

GOSPEL SING
On Sunday, April 15, at the Church of God, in Avon Park, there will be a gospel sing - featuring The Pate Family from Bradford, Fla., and 14-year-old Rodney from Lake City. Everyone is invited for both Sunday School and Church. The sing will take place at 9:45 and 11 a.m.

Bert Harris Speaks At DAR Meeting Monday

Members of Patriots Chapter, Daughters of American Revolution, attended a luncheon meeting on Monday, April 2, at Booram Hall. St. Agnes Church, Sebring, Mrs. W. J. Atkinson, regent, presided.

Bert Harris, Highlands County Agriculture Agent was guest speaker. He presented interesting and informative information and facts on conservation, environment and food.

Mrs. Atkinson reported on DAR state meeting held in Tampa on March 25-28. She accepted, for the chapter, the National Tricolor award for

"Outstanding Year Book and Program" for 1972. Patriots Chapter was one of five Florida chapters to receive this honor. The chapter also received the blue ribbon state award for Year Book and Program. She thanked Mrs. Charles L. Reynolds Jr., program chairman, and Mrs. Thelma L. Merrill, Year Book chairman for their efforts.

Hostesses were Mesdames L. M. Quillen, C. R. Disher, James P. Drane, J. K. Enzor, William J. Lockett, M. F. McGee, W. H. Mather, and W. J. Post.

Sunday, April 1, a pot luck was held in the hall. There were 19 in attendance and a lot of good food.

More folks have headed north. Mr. and Mrs. Al Thompson left to return to Toronto, Canada; Mr. and Mrs. Alex Sinclair returning to Toronto, Canada; Mr. and Mrs. Wilbur Romans returning to Cincinnati, O.; Mrs. Gurtude Culver and A. Loveland returning to Ontario, Canada; Mr. and Mrs. Barr returning to Muskegon, Mich.; Mr. and Mrs. R. Long returning to Muncy, Pa.; Mr. and Mrs. N. Trompkins returning to Detroit, Mich.; and Mr. and Mrs. H. Renaud returning to Victor, N. Y. We received word from the Renauds that their first night out brought misfortune to Emily. They had stopped in a motel in Virginia and Emily caught her foot, fell and dislocated her shoulder. They took her to the emergency room of the nearest hospital where the shoulder was painfully put back into place and Emily weathered the rest of the trip rather un-comfortably. Our sympathy is with you Emily and wishes for a fast recovery.

There were some visitors

Bette Chapel

during the week. Mr. and Mrs. Carlson had a guest on Tuesday. Mrs. Carlson's cousin, Mrs. Steiner and a friend Mrs. Elmer of Gulf Port. The folks all took a pleasant trip to the Bok Tower. Later in the week on Saturday, neighbors from Michigan, the Rootes, also paid the Carlson's a visit.

Thursday Rebecca Hostetter left for St. Pete for two weeks to attend a Bible conference.

Friday Rosie Hall entertained a surprise guest Reka Manning. Mrs. Manning is a retired school teacher and old school mate of Rosie's. The two ladies had not seen each other for 20 years and the visit was an unannounced and delightfully complete surprise to Rosie. Mrs. Manning is from Auburndale.

Het and Hat enjoyed the company of Mrs. Grace Stamp. Mrs. Stamp spent two weeks with the ladies and is now visiting in Cape Kennedy then on to Jacksonville, Fla. Our gals took two deep breaths and a little later in the week were off again to attend a birthday dinner at Lake Placid for Mrs. Stanley Shilline of Sebring.

There were nine present.

A real chain of events has taken place in the park in the past two weeks. First the Rev. and Mrs. Hutchens made the decision to sell their home and move to Aldersgate in Kissimmee. The Engards who have had their eye open for a larger place purchased the Hutchens home. Next season Engards old lot 118 will be occupied by Wilbur and Grace Romans in their new 12 wide home. The Romans sold their home to Mr. and Mrs. Rody of Tuxford, Quebec, Canada. We wish happiness to everyone in their new situations.

Special wishes go to the Rev. and Mrs. Hutchens who have been residents of Southland before it ever became Southland. The Hutchens came here 20 years ago and that is a long time to call a place home and leave it. A dinner was held in their honor Sunday, April 8, in the recreation hall. The dinner was arranged by Mrs. Anna Barth. The Barths furnished baked ham and covered dishes were brought by all those attending. Mrs. Barth was assisted by Ann Condit, Goldia Daun, Harriet Wadover and Mildred Hindsley. Beautiful flower arrangements were on each table made up of flowers growing in the park. They were arranged and placed there by Harry Barth who also did a lot to make the dinner a success. Mrs. Barth presented the Hutchens with a card signed by all who attended and a lovely Peace Rose bush which was a gift from the park. Also, Anna promised complete instructions about its care from Harry. The Reverend gave a humorous and sincere thank you speech and Mrs. Hutchens graciously walked around to each table to offer her gratitude. Our thanks to the Barths for their lovely gesture and our very best wishes to the Hutchens who we were told by the Reverend will celebrate their 66th wedding anniversary this October.

Look around the real estate section.

Then come back to Spring Lake.

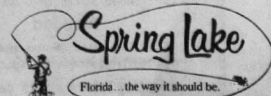

We don't blame you for shopping around the real estate section. Lots of developers are offering lots of houses for you to buy. But, unfortunately, lots of houses doesn't mean lots of choice.

At Spring Lake, in Central Florida, no matter which house you select, you can be certain you're getting lots of choice. There are many varied models from which to choose, including five of the most popular models by the Deltona Corporation. Prices include a half-acre homestead. But if you're planning to make a move, there's more to look at than the house. You're interested in what's around the house. The neighbors you'll be having. The facilities of the community.

Spring Lake is being developed as a total community by Coral Ridge Properties and Westinghouse through a subsidiary, Florida National Properties, Inc. The community borders on Lake Isakopaga, one of Florida's largest lakes and excellent for fishing, swimming and boating. The countryside around Spring Lake is peacefully

wooded. There are numerous other lakes plus orange groves. Eight miles away is the quiet town of Sebring. This friendly town offers golf, theatre, restaurants, a hospital, banks and excellent schools.

Take a drive out to Spring Lake with your family. See our homes. Listen to our quietness. Breathe the fresh air. Or, if you can't visit now, fill in the coupon and mail it for additional information. Or, call collect to area code 813-385-6113 or 6114.
