

Pop Warren's Skills Will Be Missed In Day School

By NORMA GOBBLE
Regardless of what brought Orville "Pop" Warren to Highlands County, he's going to be missed by many people when he leaves here Tuesday. Pop is being paroled from the Avon Park Correctional Institution and will be going to the Washington, D.C. area, where his daughter lives.

"But, I'll be back," he declared. "But, this time I hope it will be under different circumstances."

By being back, Pop didn't mean to APCL where he has been since 1969. He meant back working with the Ridge Area Association for Retarded Citizens in the rehabilitation program where his contribution is one of joy and assistance to the handicapped.

"I am sure your daily mail brings many greetings from me," he said. "I would like to tell you another kind of story," Mrs. Mary Ellen Ward, president of the Ridge Area Association, recently wrote Louise Wainwright, director of the Division of Corrections.

"You may know of Mr. Orville Warren, an inmate at APCL who has used his skills to construct toys for children," Mrs. Ward's letter continued. "He has been working with the Ridge Area Association for Retarded Children on a volunteer work release basis."

"Mr. Warren's services have meant a great deal to many parts of our programs and to our clients. If you could see Buster B. moving up and down the hallway in the walker built by Pop Warren, I am sure you would recognize the kind of service Pop is giving us. Buster did not learn to use a walker until he was well past eight years old. The rocker type toys built to fit different sized youngsters have provided opportunities for the handicapped to improve their motor skills and balance," Mrs. Ward continues.

At APCL, Pop is up and waiting for the 4:30 a.m. count to clear every morning, then begins and ends his working day in the tool room for various organizations within the compound as well as other organizations in free society.

At 5:45 a.m. he leaves APCL for the Ridge Area Association school and workshops in Sebring where he spends eight hours each day helping the association with the rehabilitative program.

Everywhere at the school is Pop's handiwork. Pop, at age 83, is really creative with wood and tools. A steel worker by trade, "He's also a darned good carpenter," says Joe Stephenson, executive director of the association organization.

Around the school are brightly colored cabinets, shelves, chairs, and toys designed to aid children in learning new skills. There is a walking beam which helps teach balance. Stephenson said it was not an original design "but a new one would cost about \$75. Pop made this one and not only was the materials cost us anything."

Pop said the rehabilitation program needs more publicity. "People think they don't need donations," he said, pointing out that donations of articles for the resale shop located on East Main Street in Avon Park and other donations is the backbone of financing the program.

"Joe's doing a wonderful job," Pop said referring to Stephenson. "He has to get paid for his work." Pop doesn't get paid for his services.

He said the program wouldn't go without Mr. and Mrs. Ward. But Pop's undaunted efforts in helping the retarded citizens of Highlands County and the many other children he has brought happiness to is a great example of the philosophy, "Love thy neighbor."

His role in the program will not be replaced when he is gone and we hope he is right when he says, "I'll be back."

"Not only has Pop Warren contributed useful equipment, he has brought a spirit to the work center that has helped us all. We thank you for Pop Warren," Mrs. Ward's letter to Wainwright concluded.

Pop's role in the program will not be replaced when he is gone and we hope he is right when he says, "I'll be back."

Photo-Gobble.

RIDGE AREA ASSOCIATION for Retarded Citizens staff and clients at the association's school and work center in Sebring will sorely miss Orville "Pop" Warren as he leaves Avon Park Correctional Institution Tuesday on parole. Pop has been a great help in building toys designed to help the children learn basic skills most of us take for granted. Photo-Gobble.

Forest Service Respond To Call

An automobile belonging to Danny Albritton was extensively damaged in a fire Aug. 24, Florida Forest Service responded to the call from Highlands Avenue in Avon Park.

Rangers said the roof of the car was destroyed and the interior of the vehicle demolished. On Aug. 23 Forest Service

fire fighters responded to a call in Sebring Hills. Residents of the area had extinguished the fire by the time rangers arrived.

Parents Without Partners Meet In Lake Placid

Parents Without Partners, Chapter 873, of Highlands County met at Florida Power Lounge in Lake Placid on Aug. 19.

Natalie Patton presented her formal report from the 18th annual PWP convention held at the Washington Hilton in Washington, DC in July. Around 1,500 single parents and over 200 children attended the convention.

Ralph Nader spoke at the president banquet while David Cohen, president of Common Cause, and Phyllis Shafly debated the Equal Rights Amendment at another session.

Workshops, discussions and "gals dance" each night kept the convention moving at a fast pace. The children toured Washington spots of interest on tour buses each day and had movies or dances of their own at night.

Local plans were presented for September including a family game night, a moonlight beach party for adults, a discussion meeting and a family swim party.

The general meeting will be held on Sept. 16 at 8 p.m. at the Florida Power Lounge in Avon Park.

All single parents, whether widowed, divorced or separated are invited to attend. Custody of children is not necessary for membership. For further information, write P. O. Box 796, Sebring, or call 385-0352.

Notice Of Election

City election of mayor and two councilmen will be held Tuesday, December 2, 1975. Qualifying for office will begin on Tuesday, September 2, 1975 and continue through Friday, October 31, 1975.

Books Now Open For Registration

You may register to vote anytime during office hours through Thursday, October 16, 1975. Books must close 45 days prior to any election.

Davis Gives Rotarians Update On Sewer System

Mayor Marshall Davis gave Rotarians an update on current plans to bring 90 per cent of the residential areas of Avon Park into the sewerage system.

Faced with the possibility of a cutoff of building permits unless the city provided necessary sewerage facilities, a plan was developed over the last few years and is now just before implementation. Costs have increased greatly over the past decade and voters turned down this program several years ago when it would have cost only a fraction of the present proposal but environmental pressures and government regulations made it imperative that this project now be completed.

Some good news was the large number of firms which bid on the contract. No doubt a better deal was struck than would have been managed eighteen months ago - possibly saving as much as half million dollars on this three million dollar expenditure.

A new disposal plant will be built expanding the capacity from the present 300,000 gallons to 800,000 gallons. It is anticipated that this will handle the needs of the area for many years to come.

The program will take approximately one year to complete. There will be some inconvenience with streets torn up and utility service disrupted but city officials and construction personnel are

determined to minimize the problems and put all property back in its original condition. Mayor Davis stated that most of the easements have been obtained and that he is confident that all will be in the near future and that work is already underway. Farmers Home Administration will finance the project over a forty year period at 5 1/2 per cent. Hookup fee for the 90 days will be \$50 and at the present time the anticipated minimum fee for water and sewerage will be \$9.50 per month - a much more favorable rate than some of our sister cities. (Editor's note - Minimum fees were suggested by FHA as a condition for securing the loan and repayment.)

REOPENING DAY FOR First Federal Savings and Loan Association of Hardee County in their new offices at the Avon Square Shopping Center has a discussion going with a cup of orange juice between David Spears Jr. of the Wauchula office,

Malcolm Crews, Director, George Gillette, Branch Manager for the Avon Park Office, Gerb Perin, Vice President from Wauchula and Avon Park Mayor Marshall Davis. Photo-Miller.

First Federal Of Hardee Completes Move To Center

Relocating and moving to their new office space in the Avon Square Shopping Center was practically completed last week by the First Federal Savings and Loan Association of Hardee County.

Located on the south end of the center next to the Eagle Family Store, the new offices are finished in stained pine panelling. Workspace

includes: Entrance and receptionist area, the main receiving and tellers space, housing the computer installation; managers office, a closing and loan office and an employee's lounge.

A feature of the new office is a scanning camera that can get pictures of activities or people in the front offices, thereby making it easier to identify any

hold-up suspects.

The computer section is tied in with a computer service corporation center in Orlando which has 70 other savings and loan associations in Florida on line. 'This computer is the workhorse of the savings and loans as it does the figuring of the daily interest on savings, mortgage payments and the computer check writing.

County May Send Representative To Gainesville For Hurner

The county may send a representative to Gainesville Wednesday for a public hearing on 115 rules governing the qualification and method of appointment of university system employees, if it finds extension agents are involved.

County Attorney Robert P. Danty Jr. told the board he was seeking a copy of the proposed rules to determine if local agent G. Tim Hurner's case would be involved.

Danty said the board should review the proposals with an eye toward "getting involved" if the University of Florida - where the hearing will be held at 9 a.m. - is refining or revising its methods affecting the extension service.

It is operated by the university through its extension division headed by Dr. Joe N. Busby, with whom the county has been arguing since January over the master's degree qualification.

Dr. Busby has refused to confirm the county's promotion of Hurner to the extension agent's post vacated 1. by retiring Bert J. Harris. Neither has a master's degree, which Dr. Busby says has been required by its faculty for the past three years.

The county contends Hurner was "grandfathered-in" and promised the promotion when hired nine years ago. Busby claims failing to enforce the qualifications will place all the extension staff in the state in legal jeopardy.

The county is presently

seeking the Board of Regents to review the Hurner case in hopes of getting enough support to change Busby's mind, thus clearing the way for hiring an assistant agent.

The University of Florida claims the agent's post is still vacant; the county is seeking to fill the assistant agent's post to relieve Hurner, who has been doing both jobs for the past eight months.

In other action Tuesday, the board:

— Heard a report from the Florida Association of Extension Home Economics Agents that Miss Joan Hoffman has been elected director of District Three.

— Voted to refund Norman Starcher's building fee.

Agreed to attend the annual meeting of the Florida Association of County Commissioners, Sept. 21-23 at Kissimmee, with department heads involved also permitted to attend.

County Fair Set For February 16-21

The 1976 Highlands County Fair will be staged Feb. 16-21, instead of the last week in February, the board of directors decided at a meeting Thursday.

Because of a conflict in the schedule of midway operators, the board's plan to have a permanent date the last week of February each year was thwarted - at least for 1976 - because of the calendar difficulty Russell Albritton, reelected president, said.

The remaining six directors - named from the ranks of the Sebring Fire Department membership - are Roe McAdams, Terry Wolfe, Ray Gerling, L. R. (Red) Gerling, Floyd Taylor and Malcolm Waters.

In addition, the board elected

directors at large to serve from the area. Named were Mrs. Evelyn Jones of Avon Park; B. J. Harris Jr. and Orion Wilkins of Lake Placid; George Crist, Sebring and ex-officio members Miss Joan Hoffman, Highlands County home economics agent and Tim Hurner, county extension agent.

A discussion of possible capital improvements such as bath and shower facilities in the midway area will be tabled until the next meeting, Albritton said, but termite treatment and roof coating has been completed at the fair grounds building.

Sept. 3 is the tentative date for a meeting of the board, with wives, husbands and other guests, he added.

Toastmasters 4th Meeting Tonight

Organization of a Highlands County chapter of Toastmasters International is progressing with several firm members. Bob Panzarella, chairman of the steering committee, said this week.

The fourth meeting will be held today (Thursday) at 6:30 p.m. at the Steakout Restaurant in Avon Park and anyone, man or woman, 18 or over, is invited to attend without obligation to join.

Toastmasters is a non-profit educational organization founded in 1924 and has

members in 47 countries of the free world.

Every member participates in each meeting with four to six giving prepared speeches, a "Table Topics" session during which members not on the speaking program are asked to speak briefly on subjects of

general interest, with individual members serving as evaluators.

The Toastmasters program provides members a means of improving their abilities in communications and conducting meetings and develop their leadership and

executive potential.

Toastmasters help each other learn by doing in an atmosphere of fellowship and enjoyment. Constructive evaluation is a vital part of Toastmasters training.

There are no occupational, educational, racial or religious

barriers to Toastmasters membership. Anyone interested in self improvement can make good use of the communications and leadership opportunities offered by Toastmasters.

The local Toastmasters chapter is being guided by experienced Toastmasters from the Imperial Polk Toastmasters and State Farm Toastmasters in Winter Haven.

Dr. Mohamed Ismail, a representative of the District 47 governor, and Area 13 Governor Lou Funk is working closely with the new group.

Tonight's program includes speech competition between Larry Saucier, James Fountain, J. T. Gibbs and Jim Prevatt. Individual evaluators will be Ralph Walden, Robert Panzarella, a guest evaluator from State Farm Toastmasters and a mystery evaluator.

The general evaluator will be an Imperial Polk Toastmaster and the Toastmaster of the evening will be James Richo.

In last Thursday's meeting Dr. Mohamed Ismail was voted best speaker. Lou Funk was best evaluator and Mike Burns gave the best Table Topic response.

GIVING HER ICEBREAKER. The first speech which is about the speaker, at Thursday's meeting of the Charles S. Swan Memorial Toastmasters meeting at the Steakout Restaurant in Avon Park is Mrs. Norma Gobble. Others shown, left to right, include Mrs. Jim Prevatt, Ralph Walden, Mike Burns, Sidney Crawford, Jim Prevatt, Judge Mark Richardson Jr. and Dr. Mohamed Ismail. Photo — del Pino.

13 Accidents Reported In County

Although traffic has been relatively light, Florida Highway Patrol reported a total of 13 accidents in Highlands County last week.

Between Aug. 18 and 25, three drivers were charged with driving while intoxicated, 23 with speeding, 19 booked on other charges. Nine persons were injured in highway accidents, but there were no fatalities.

WITH SCHOOL DAYS and school activities just around the corner, the Flag Corps go through their paces despite a rainy stormy day getting ready for the football season.

Abuse Of Library Services Triple Last Years Record

Abuse of library services has resulted in the loss of 227 books by the Avon Park City Library with a monetary loss of almost \$2,000 as reflected in an annual library statistical report released recently.

The report prepared by Mrs. Carolyn Moore, librarian, is submitted annually to the Library Board who in turn presents it to the Avon Park City Council. The report covers the year's period of

August, 1974 to August, 1975. The record reflects a "lost in circulation" notation for the 227 books and the figure is almost triple that of the previous year. The books have been checked out by patrons and never returned.

Mrs. Moore sends overdue notices and tries to contact patrons with long overdue books by telephone but has been unable to recover these books.

Reasons listed by Mrs. Moore are that the patron has moved and left no forwarding address or patron refuses to respond to telephone calls and notices.

No more books are loaned to these offending patrons but it does not help in getting the

books back.

"Lost in Circulation books represent a major problem at the library and cuts into the financial ability to stock additional books for patrons who do not abuse this vital community service.

The report reveals that 26,869 books were circulated during the year, an increase of 9,001 over the year before. Of these, 80 per cent were adult level books and 20 per cent were juvenile. Of the 80 per cent adult level books, 40 per cent were paperbacks.

The report lists a total of 8,196 books in the library collection. Of these, 2,291 are adult non fiction, 2,559 are adult fiction, 683 are adult paperbacks, 654 are "easies,"

926 are juvenile non-fiction and 1,073 are juvenile fiction.

Of the total circulation during the one-year period, 322 were borrowed from various libraries throughout the state through the Inter-Library Loan system to satisfy the needs of Avon Park patrons.

The library has subscriptions to 45 periodicals and seven newspapers which are available for local patrons. At the beginning of August this year the library had 1,799 registered patrons an increase of 70 during the one-year period covered by the report.

The library provided a variety of activities and programs during the year

which were well received by patrons.

Among these were the spring pre school story hour series for nine weeks. This program for children ages 3-5 and consisted of stories, songs, fingerplays and games and allowed readers to browse through the book shelves and check out books while the children participated. An average of 42 children participated each week with a total of 373 children in the entire series.

During the school year of 1974-75, 26 classes visited the library with a total of 728 children attending. The program consisted of the librarian giving a tour of the library, instructions on the use of the library, a story and song

to the classes from the elementary school with time for the students to select and check out books.

A film program during the past summer accomplished a new film presentations of one hour each paid for by the

Friends of the Library. There was a total of 547 children attending during the series.

A nine-week summer reading club, also paid for by Friends of the Library, had a total of 31 youngsters participating.

Adult Registration Begins Today

Registration for the adult division fall semester classes at South Florida Junior College will begin Aug. 28. Persons may register today 6 a.m. to 6 p.m. There will be no registration during regular office hours.

On Friday, Aug. 29, persons may register from 9 a.m. to 5 p.m. On Tuesday, Sept. 2, registration is scheduled from 9 a.m. to 5 p.m. and persons may register the following day from 9 a.m. to 5 p.m.

Evening classes are offered in the Adult Division in high school academic courses for persons who are working for a high school diploma, and GED preparation courses are scheduled for persons wishing to take the General Equivalency Diploma tests.

Vocational courses in air conditioning and refrigeration, electronics, welding, auto mechanics, nurse aide,

emergency medical technician and clothing construction; business education courses in shorthand, typing, bookkeeping, secretarial procedures and introduction to data processing are also scheduled.

Classes in GED preparation, American history II, basic sewing and intermediate sewing will be offered at Sebring High School.

Classes at Lake Placid High School will be English, GED preparation, American history II, general math, business math, basic & intermediate sewing and typing I & II. There will be a special registration at Lake Placid High School on Tuesday, Sept. 2, from 7-8:30 p.m.

For additional information, contact Gene Staller at South Florida Junior College or call 433-6661, Extension 137, in Avon Park.

Survey Shows Level Of Income In County Rising

According to a new survey of business activity in communities across the country, Highlands County turned in a better performance than most in the past year.

The local trading area displayed a greater economic strength, reflecting a rising level of income and a freer spending attitude on the part of consumers.

The facts and figures bearing this out are contained in the new "Survey of Buying Power," released by Sales Management, the marketing publication. It presents comparable data on income and spending for all parts of the country.

Highlands County's market strength reflects the greater purchasing potential of its population. Because local people were earning more they were able to spend more, although not all of them did so.

Their net disposable income in the year, after payment of personal taxes, came to \$12,907,000, topping the previous year's \$104,225,000.

Just what this represented, in terms of the individual family, is indicated by the median income locally, which amounted to \$6,647 per household, half the families earned more than this and half earned less.

The rise in total income, 17.5 per cent, compares with 11.0 per cent in the United States and with 15.5 per cent in the State of Florida.

With that much money available to them for discretionary spending, many local families, who had been holding themselves under a spending restraint, waiting for prices to come down, returned to the marketplace to replenish their needs.

Others, less fortunate, who have been having a hard time making both ends meet, continued to keep a tight rein

on their spending. In general however, it was a better year for retail stores in Highlands County than for those in many areas of the country.

Local retail establishments were able to report gross sales of \$94,767,000, as against the prior year's \$82,960,000.

Currently, according to the Conference Board, "consumer optimism about the economy is improving and now stands at the highest level in all of a year."

"Buying intentions are better than they have been for more than a year and a half. Interest in cars has improved significantly as have plans to buy homes and appliances."

Plans For Judicial Seminar Announced

A seminar on the Florida criminal code will be held Sept. 12 in the main conference room of the Bartow Civic Center. Clifton M. Kelly, chief judge of the 10th judicial circuit, has announced plans for the day-long session which will be devoted to study of the criminal code enacted during the 1974 session of the Legislature. The code becomes effective on Oct. 1.

"Important and extensive changes to the criminal statutes of Florida are contained in the code," Judge Kelly said in issuing the seminar invitations. "It is incumbent on all of us in the criminal justice system to be cognizant of and familiar with these new statutes prior to Oct. 1. With the cooperation and assistance of Glen Darty, our state attorney, and his assistant James Horrell, we have scheduled seminars on the code," the judge said.

An alternate session has been scheduled for those persons who will not be able to attend the Sept. 12 seminar. This make-up session is set for Sept. 24, Polk County Courthouse.

Turner's Car Burns

A car owned by Richard E. Turner, 604 S. Delaney Street, Avon Park, caught fire and burned Sunday at 1:35 a.m. when he attempted to restart it after stalling on Albritton Road near Highlands Ave.

The Florida Forestry Division extinguished the fire, Sgt. E. J. Gordon of the sheriff's department reported.

Mort Jackson Will Direct Red Devils This Season

The Avon Park varsity squad was cut down to 26 players this week as junior varsity boys split off to start practice under new head coach Allen Duhm and assistant coach Bruce

Wyse. The Devil varsity boys are now holding twice-a-day practices in hopes of getting ready to take part in the new Heartland Conference fall jamboree to be held in Sebring this Saturday night, August 30.

Coach Joe Strickler and his assistants Dwayne Lemier and Ronnie Jackson were unable to hold morning practices last week because of compulsory attendance at an Avon Park High School in-training course so the Red Devils are behind the other schools in the conference as far as preparation for the early jamboree is concerned. Coach Strickler indicated the Devils might not take part in the jamboree this fall for that reason and fear of injury to his players who are not yet physically in shape for the two quarters of play.

If Avon Park does take part in the jamboree, the Devils will play the Okeechobee Brahmins the third quarter and will take on the Sebring Blue Streaks in the sixth period. Action is scheduled to start at 7 p.m. with six teams participating. Along with the three teams mentioned will be Lake Placid, Arcadia and Wauchula.

Candidates for starting positions on the Red Devil squad this year are working hard under the three Avon Park coaches. Coach Joe Strickler, head coach, is in charge of the offensive and defensive linemen. He has been working Jim Stewart, Harry

Stukes, David Barber and Dennis Kelley at the tackle slots. Mike Swindall, Mike Cobb, Rufus Wilson and James Anderson are trying out for guard positions; Joe Gallimore and Claude Dennis have been practicing for the center position and John McKunas, Keith Cobb and Brent Beumel are working at the tight end slot.

Coach Dwayne Lemier is in charge of the running backs and the defensive halfbacks. He has been putting the following boys through their paces: James Ross, Ken Droe and Jimmy Massey at running back; Freddy Moore, Timmy Massey and Bret Hoyer at full back; Anthony Gaines, Ricky Stevenson and Ronnie Brock at halfback and Mort Jackson and Charles Anderson at quarterback.

Coach Ronnie Jackson is in charge of the offensive receivers and the defensive linebackers and also has been given the job of getting the boys in condition and handling the discipline problems. Coach Jackson will have Reggie Tolbert and Marvin Williams working at wide receiver and John McKunas, Keith Cobb and Brent Beumel trying out at tight end. Defensive positions are also up for grabs by the twenty-six boys who will come into the 1975 season without much previous experience in most of the positions.

Red Devil quarterback Mort Jackson hands off the ball to a running back at an Avon Park practice. Jackson moved into the Devil quarterback slot last spring and is expected

to handle the signal-calling duties for the new wishbone offense that Coach Joe Strickler is installing this season.

Tournament Trophy Goes To Soul Children

The Soul Children captured the first place trophy in the Avon Park Women's Slow-Pitch Softball Invitational Tournament with four straight victories last week-end. The teen-age team defeated the Brighton Indians 24-6, won over the Older Sisters 17-4 and then beat Jahna Concrete 14-2 and 18-2 in the semi-finals and the finals.

Jahna Concrete won the second place trophy with wins over the Highlands County Sheriff's Department (7-2), Red Lantern of Florida (13-2), Cox Plumbing (9-5) and Brighton Indians (7-6). The trophy for the individual with the best batting average for the tourney was won by Geneva Hayes, second baseman for the Soul Children, with a .647 average.

Nine women's slow-pitch softball teams competed in the week-end tournament held at the Avon Park Little League Field and sponsored by the Avon Park Women's Softball Association. Action started last Friday night with Jahna defeating the Sheriff's Dept. 7-2. Cox Plumbing won over the Patriots in the second game by a score of 8-1. In the third game Friday night the Soul Children trounced the Brighton Indians 24-6 with four home-runs being hit during that game. Mary Ann Jackson of the Soul Children hit two home-runs and one was a grand-slam.

There were nine games played last Saturday. The Older Sisters won over Beane's Sports Center 11-4. Jahna beat Red Lantern 13-2. Sheriff's Department defeated the Patriots 8-5. Brighton Indians beat Beane's 12-11. Jahna defeated Cox Plumbing 9-5 in eight innings. Soul Children knocked off the Older Sisters 17-4. Red Lantern eliminated Sheriff's Department 6-2. Brighton eliminated Cox Plumbing 12-4 and Red Lantern won over Older Sisters 21-9.

Last Sunday afternoon the Soul Children dropped Jahna into the loser's bracket with a 14-2 defeat in the 1 p.m. game. Brighton eliminated Red Lantern in the second game Sunday with a 14-2 win and then Jahna knocked out Brighton 7-6 in the finals of the loser's bracket. The Soul Children wrapped up the tournament with an 18-2 win over Jahna in the fourth game played Sunday afternoon.

Umpires for the first women's tournament held here were Ronnie Jackson, Ernie Freytag, Johnnie Jones and Sam Elder. The Avon Park Women's Softball Association expressed its appreciation to the City of Avon Park for care of the field and to the Avon Park Little League for use of the facilities during the season.

It looks like these Avon Park Red Devil football players are taking a break but John McKunas in front and center will tell you quickly that the moving forward and backward on hands and feet is no cool-aid.

break. These Devil prospects are getting in shape for Saturday night's jamboree in Sebring when Avon Park will meet Okeechobee and Sebring in the third and sixth quarters.

Red Devil varsity assistant coach Dwayne Lemier puts a group of football players through an agility drill getting the Avon Park squad in shape for their first appearance at

the season Saturday night in Sebring in the six-team fall jamboree. The Red Devils are working out in twice-a-day drills this week.

Athletic Boosters Plan Barbeque Supper Sept. 5

The Avon Park Athletic Boosters Association will hold a membership-drive chicken bar-b-q supper on September 5 for all members, prospective members and their families. The supper is tentatively planned to be held at the Florida Power Clubhouse on Lake Lotula.

According to Lew Mundt, president of the A.P.A.B.A., the bar-b-q will cost only the price of a membership card

in the association which is \$4.00. This year the association is urging women to join as members and to become active in the business of the boosters club. All sports in the high school athletic program are to be boosted by the association in the future and fans of football, basketball, baseball, track, cross-country, tennis, and golf are urged to join the Avon Park Athletic Boosters' Association this year. Mundt reminds the

women that girls are now participating in tennis and track and other interscholastic sports for girls will be added in the near future. The membership cards for the association may be purchased at the Bar-B-Q supper on Sept. 5 or from the high school office before that time. Included in the benefits of a membership card is reserved parking at football games.

Happiness is an unexpected win by the Cox Plumbing softball team over the Patriots in the Avon Park Women's Softball League.

The Cox team members congratulate themselves after taking a 14-7 win from the Patriots on Wednesday night of last week.

It's an easy out at home as Umpire John Ziegler calls the tag to call out runner in action in Church League softball play. The

regular season has finished in league play but some play-off games will be on tap this week to break ties in the standings.

Jacksons Win Slowpitch Softball For Eighth Year

The Jackson Masonry slow-pitch softball team won its eighth straight title in the Avon Park Commercial Softball League last week with a perfect 14-0 record. It was the seventh out of eight years that Jackson's has finished the season undefeated according to Ronnie Jackson.

Jackson's defeated the Air Force team 14-3 and Avon Paint and Body 15-2 in two

make-up games last week to finish out the season. The Air Force team came in second with an 11-3 record losing only to Jackson's twice and Coca Cola once. Coca Cola finished in third place with a 9-5 record and Crew's Equipment came in fourth with a record of 8 wins and 6 losses. A.P.C.I. Avon Citrus Bank and Avon Paint and Body all three closed out the season with 4-10 records

and Jahna Concrete had a 1-13 mark for the year. In the final regular season games Coca Cola defeated Crews Equipment 14-6 and Avon Paint and Body won over A.P.C.I. by a score of 15-9. In make up games A.P.C.I. lost to Air Force in a close 6-5 game and Air Force defeated Avon Citrus Bank 12-5. Coca Cola also downed Jahna 25-0 and Jackson's won its two tied-out games as mentioned above.

Relay Marathon Planned To Benefit Miracle Fund

The Avon Park Cross Country team is tentatively planning a 24-hour relay marathon to raise money for the Andrew W. Miracle Memorial Fund and for team expenses. The run has been set for Sept. 6 and 7 with the action starting Friday afternoon and ending on Saturday afternoon. Proceeds from the run will be split fifty-fifty between the Memorial Fund and the Cross

Country team. "We will be seeking sponsors for so much a mile for our total miles run during the 24-hours," said Coach Chet Brojek. "We estimate we can cover 200 miles so at 2 cents a mile, a sponsorship would net a \$4.00 donation." Brojek went on to say that all donations would be tax deductible. He explained that several Highlands County Runners Club members will maintain the round the clock

running. More details on the run will be published in next week's Avon Park Sun. Anyone who cares to make a donation through a sponsorship may call 433-4604 (Avon Park High School) and leave name, address and amount per mile with one of the secretaries. A team member will contact each donor following the run to pick up the pledges.

Furthering Education Made Easy By SFJC

It has been said that one never gets too old to learn and a program of vocational, technical and adult education at South Florida Junior College makes furthering education easy for adults.

The program which serves all of Highlands and Hardee Counties provides the most basic of education up through high school level and technical training for job skills which provide a competitive basis for available jobs.

There are four types of classes in the program of adult education provided at strategic locations throughout the two-county area.

A basic education for adults with little or no schooling is provided at all extension centers and on the college campus. Extension centers include the Avon Park Middle School, Sebring Middle School, Lake Placid High School, Wauchula Middle School, Bowling Green Elementary School, Zolfo Springs Elementary School and at the Ridge Area Retarded Association School in Sebring.

The elementary school for adults includes basic reading and writing, to understand and be able to work simple math, understanding English as a second language for foreign born residents, and the American system of democracy and government.

This program is entirely free to anyone and is paid for by a federal grant.

In addition there is a special class on the college campus each Wednesday night with an emphasis on reading. The adult high school program operated by the authority of the State Department of Education is similar to regular high school. Individuals can transfer credits from regular high school experience and two credits are allowed if the adult student is a veteran.

Students under this program must have 16 credits to earn a high school diploma. Three of these credits must be in English, three in a combination of math and science with at least one in math and at least one in science, one full credit in American history with at least one in some other social studies program. No credits are allowed for physical education under the program.

Students in this program must have 30 hours of Americanism versus Communism.

The third period for adults is in the area of general education development (GED). Under the GED program, a person can receive a certificate of high school equivalence.

This method is preferred by many because not so much time is required to complete the program. Donald Parnes, dean of adult education, said, "American history is the only requirement in this program. GED preparation classes meet two evenings a week at all centers. The classes are intended to assist students learn material and pass examinations. If a student is weak in one subject they can attend three nights a week.

This program takes 15 weeks as opposed to five days for four years.

The adult education programs include adult vocational classes with emphasis on introduction to assist individuals to see if they want to go into the occupation and to develop new skills.

Business education includes bookkeeping at Avon Park High School, an introduction to data processing, shorthand and typing I and II at the college, Lake Placid High School and Hardee High School. There is a special class in secretarial procedures especially for legal secretaries.

Health education includes two classes for nurse aides at Walker Memorial Hospital and Hardee Memorial Hospital. Both classes are on Tuesday and Thursday. The total program is 15 weeks with working nurses as teachers. The trend now is to lump nurse aids and orderlies into one category termed nurse assistants.

Emergency medical technician classes are also held on Tuesdays and Thursdays in two locations. Mrs. Elsie Scanlan of the intensive care

unit at Walker Memorial teaches the local class.

The home economics encompasses three different sewing courses but no cooking. There is a basic clothing for beginners on Thursdays, and intermediate for those who have had some sewing experience or instruction and advanced clothing to learn tailoring of pantsuits and more sophisticated garments.

Air conditioning and refrigeration is another course available.

Automotive mechanics is taught Thursday nights at the college auto shop and on Mondays at the Hardee High School.

Basic and intermediate electronics and communications, is offered under the electrical field along with welding including arc welding an Oxy-acetylene welding.

Registration is open at the junior college today (Thursday) 9:30 to 9 p.m. tomorrow (Friday) 9 a.m. to 4 p.m. Tuesday, Sept. 2 from 9 a.m. to 4 p.m. and 6:30 to 9 p.m., and Sept. 2-5 from 9 a.m. to 4 p.m.

There will be special registration at the Lake Placid Library Tuesday, Sept. 2 7 to 8:30 p.m. and at the Hardee School Library during the same time.

More information may be obtained by calling the Vocational, technical and adult education office at 433-6661 extension 123 in Avon Park.

O'Connell Plans First In Runners Club 3.7 Mile Race

Daryl P. O'Connell of the Winter Haven Cross Country team captured first place in the Highlands County Runners Club 3.7 mile race here last Sunday, Aug. 24. O'Connell finished the run with a time of 21 minutes and 25 seconds. Jeff Sutton finished second just behind the winner with a time of 21 minutes and 26 seconds. Third place went to Rich McCormick with a time of 21 minutes and 39 seconds. All three top finishers were in the 13-20 year old age group.

Avon Park's Chet Brojek came in fourth over-all and first in the 20 years old and up class with a time of 23 minutes and 13 seconds. Pep Hutchinson was second in that group and David Batty came in third in the over twenty class. Greg Batty, a thirteen year old finished thirteenth with a time of 31:58. Greg and David Batty are from Sebring. Winter Haven runners took all positions except for Brojek's fourth, Hutchinson's eleventh, and the Batty's in the thirteenth and fourteenth places.

The next race scheduled by the Highlands County Runners Club will be Sept. 14. It will be a 5.2 mile run with five classes. Age grouping will be 12 and under, 13-19, 20-29, 30-39 and 40-up. Anyone interested should contact Chet Brojek to enter. Coach Chet Brojek will run in a two-man 10-mile relay with Jon Sheldon of Lake Alfred at Lakeland High School track on Saturday, August 30, at 7:30 p.m. Each man will run a 440-yard stretch and then pass the baton to the partner for a total of 40 laps. Trophies will be awarded to the top teams in each age group. About thirty teams are expected to participate.

Dalbee Wins \$50 Certificate

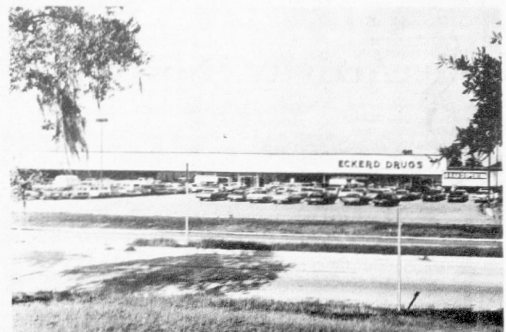

Romero Dalbee, 1213 W. Bell, Avon Park was the winner of a \$50 gift certificate in the recent Badcock Home Furnishing Centers Spring Value Spectacular drawing.

The gift certificate is redeemable on the home furnishings of Dalbee's choice. There were a total of 160 winners, including 16 overall prizes and one for each of the 144 Badcock stores in the \$11,000 drawing.

A GRADUATE OF THE Adult Education, Aquila Moore, sits at a typewriter in the typing room at South Florida Junior College. Miss Moore worked part time at the college

while in training and is now a full time secretary there. With her is Mrs. Barbara Cordou, an instructor in general office courses. Photo-Gobble.

Avon Mobile Home Park News

By DOROTHY KEYES

The annual Avon Mobile Home Park picnic was held Aug. 13 at the Bourbon (Indian) Community Park with 54 persons attending.

Following the bountiful dinner, a short business meeting was conducted by president Bill Belcher. It was decided to hold the picnic next year at the same time and place - the second Wednesday

in August at 12 noon Indiana time - at the Bourbon Community Park.

Hazel and Alva Thompson and Ula Miller thanked everyone for remembrances and prayers during their recent illness.

We were saddened to learn of the recent death of Kenneth Crandell and of an ex-neighbor, Maude Niekirk. Also the past year we lost from our park

family by death Robert Lingo and Helen Hickey.

Vice-president Ham Byers conducted the election of officers with results as follows: President, John Evans; Vice-president, Claron Monroe; and Secretary - treasurer, Nita Byers.

Then 35 letters were read by the secretary from friends unable to attend, each saying they wished they could have

joined the group.

The group was then entertained by the usual good singing of Ham and Nita Byers with Harri accompanying themselves on the guitar.

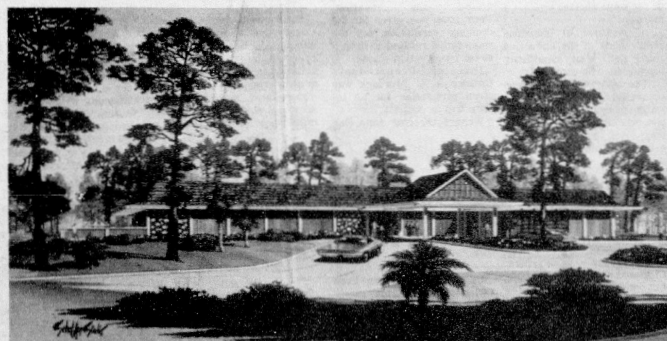

The remainder of the afternoon was spent visiting and everyone returned to their separate homes knowing we will soon meet in Florida. Those attending were: Mr.

and Mrs. Baker, Mr. and Mrs. Bears, Mr. and Mrs. Belcher, Mr. and Mrs. Byers, Mr. and Mrs. Douglas and their family Gem and Clare Cody and Thelma Wise, Mr. and Mrs. Evans, Mr. and Mrs. Feehan, Mr. and Mrs. Goodman, Mr. and Mrs. Hanley, Mr. and Mrs. Husband, Mr. and Mrs. Keyes, Mr. and Mrs. Krantz, Also Mr. and Mrs. Limbaugh, Mr. and Mrs.

Lowry, Ula Miller and family, Susan and Jean Barrett and Mary Beth Egan, Mr. and Mrs. Monroe, Mr. and Mrs. Myers, Mr. and Mrs. Purvis and daughter Helen Cripe, Mr. and Mrs. Hubert Smith, Mr. and Mrs. Thomas, Mr. and Mrs. Thompson and daughter Jane Thacker, Mr. and Mrs. Tripp, Mr. and Mrs. Vande Polder, Mr. and Mrs. Weidy, and Mr. Weidman.

Police Activity Dips In July

The criminal charges by the Avon Park Police Department took a slight dip in July with traffic citations increasing slightly over June, according to the monthly report issued by Chief of Police Grady Campbell.

The criminal record showed a total of 18 cases with only three cases of a violent nature in July as compared with a total of 31 cases with four of violent type.

There were three more traffic citations in July than June which showed a total of 39 citations.

Total charges issued by the police department in July were 56, 10 cases less than June's 66.

Disorderly conduct led the list as the most prevalent charge with seven cases in July. There were two cases each of disturbing the peace and shoplifting. Other offenses were one each of profanity, assault on a police officer, destroying city property, damaging private property, assault and battery, assault by threatening and resisting arrest.

Murder Has Increased In Highlands

Highlands County's Sheriff's Department cleared 30.4 per cent of its indexed crime cases in the first half of 1975 as opposed to 35.7 per cent in the first half of 1974, a report compiled by the state reveals. But case loads have increased in nearly every classification, the report shows.

Total indexed crimes for 1974's first half were 669 as compared to 828 in the first half of this year. Last year one murder was recorded; this year four were indexed.

Six rapes this year topped last year's zero in that category. There were 13 robberies in the 1974 period, 14 this year; 98 aggravated assaults which dropped to 89 this year.

Burglaries totaled 214 in the '74 period, and are 265 this year; larcenies were 316 last year totaled 407 this year and motor vehicle thefts (which includes cycles, etc.) went from 35 in '74 half to 43 in the first six months of '75.

Highlands is ranked with rural type counties which are considered "non-metropolitan" areas in the statistical report.

Wanted
CLEAN USED CARS
CASH PAID
Chuck's Car Mart
300 Hwy. 27, South
Avon Park 433-3255

Unlawful speed topped the list of traffic citations with nine offenses. No valid driver's ran a close second with eight violations. There were four incidents of careless driving and four of violation of right of way.

The report included three offenses of driving with unlawful blood alcohol content and two cases each of running a stop sign, parking violations and no valid inspection sticker. The remainder of the listed violations included one case each of operating a motorcycle without a helmet, allowing an unauthorized minor to drive, violation of driver's license restriction and improper change of lane or course.

A total of 11,264 miles were put on all police cars compared to 13,473 in June. Total complaints answered and services rendered for July was 397 more than 100 less than in June with 498.

There were 259 meals served at the city jail at a total cost of \$96.24 compared to June's 150 meals at a total cost of \$84.89. The most surprising factor in light of today's prices is that the approximate cost per meal dropped from June's \$57 cents to 58 cents in July.

Total fines collected in July amounted to \$2,245 more than a thousand dollars drop from June's \$3,256.

Renew Your Season Football Tickets

Persons who held reserved seat tickets for home Avon Park Red Devil football games are urged to renew those tickets for the 1975 season by September 4. The tickets are now on sale for \$3.00 each at the Avon Park High School office. In order to renew reserved seat tickets, a season ticket for the five home games must also be purchased for each reserved seat. Season tickets sell for \$8.00 for adults and \$4.00 for students.

Starting Sept. 8 persons who have bought the 1975 reserved

seat tickets may exchange them for other available seats in the reserved seat section located in the south stands between the forty yard lines. This exchange period will last until Sept. 19.

Then starting September 22 all tickets not picked up by last year's holders will go on sale to those who wish to purchase them for the first time. A waiting list for persons wanting reserved seat tickets is at the high school office and names may be placed on this list by calling the office.

Body Found In Kissimmee River Still Unidentified

A body and a report of a kidnapping — two parts of a puzzle and no one knows for sure whether the two parts fit together.

Investigators for Highlands, Okechobee, DeSoto and Charlotte counties and Florida Department of Criminal Law Enforcement are still at work this week, trying to establish identity of a body found in the Kissimmee River Aug. 14.

Highlands Sheriff O. L. Raulerson said Tuesday he hoped to provide the data needed to establish identity.

In the meantime, DeSoto County sheriff's office is investigating a kidnapping case. On Aug. 11 Mrs. Michael Roger Chitwood reported that two men had forcibly removed her husband from the Chitwood home at 101 S. Rogers Ave., in Arcadia.

On Aug. 14 two young boys discovered a body floating in the Kissimmee River south of Fort Bassinger, where the river separates Highlands and Okechobee counties.

The initial report on discovery of the body went to the Okechobee sheriff's office, then to Highlands. With the report of the Chitwood

disappearance, the investigation fanned out to include DeSoto and Charlotte counties (the latter being an area where Chitwood, a mechanic, often participated in auto races). Crime lab is now working on the identification problem.

Tuesday, Sgt. Frank West of the DeSoto County sheriff's staff said, "We are investigating an abduction. Until the body is identified, we do not know whether we have a murder."

In response to questions about leads in the abduction case, Sgt. West steadfastly responded, "No comment."

The body which has been recovered had been in the water three or four days. A concrete block had been tied to one arm, and there was evidence of three gunshots in the head.

The left arm below the elbow was missing and has not been found. Highlands Sheriff Raulerson said the medical examiner reported the arm had been severed.

Raulerson said Mrs. Chitwood had viewed the body but was unable to make positive identification.

Fruit Stand On The Mall Must Move By October 1

"You've got me whipped," Howard Davis, operator of the fruit stand on West Main Street, said Monday night during discussion of the problem at the Avon Park City Council meeting.

One thing is definite, the fruit stand will not be operated there after Oct. 1 because the council made it clear the city would not issue an occupational license when Davis' current license expires. Davis first asked for a three to six months extension to find another location and move. When the council refused, he asked for 90 days saying, "I need 90 days bad."

Although a fruit stand has been operated there some 18 years, the last six years by Davis, the matter just recently came to a head. The question was before the city council July 28.

At that time Council President Wendell W. "Winkie" Williams said "I believe we can come up with a solution." During that meeting Williams said "I do not anticipate you being closed up by this council."

No one has said he has to

close up, only move. Since that meeting Building Official C. W. Ellerbee contacted Bryant L. Coker in Wauchula who owns the property where the fruit stand is located. It is not clear what Ellerbee told Coker, but Coker has given Davis notice to move.

"Thank you for informing us of the new law regarding the fruit stand on the mall property that has belonged to us for a number of years," Coker said in a letter to Ellerbee dated Aug. 11.

But the law is not new. It has been in effect 27 or 28 years. As Williams said Monday night, "The law was there to begin with."

Coker continued in his letter to Ellerbee to say that Davis had been notified he had to find another site.

Davis told the council he had two sites in mind but needed time to finalize agreements and set them up for business. City attorney Jack Hancock said it would not be legal to issue Davis a license in view of the zoning ordinance violation.

Councilman Robert Britt commented "We have no other alternative," in refusing to

renew the license. "Is a license issued for one location?" Mrs. Annabell Worden asked from the audience. When told it was but the address could be changed if the party changed locations, Mrs. Worden said, "I don't see how another license if he locates somewhere else if that license would be legal."

It was not clear if she was speaking as a private citizen or in her capacity as manager of the Avon Park Chamber of

Commerce although the chamber stresses beautification of the mall. But, the problem of the fruit stand should not come up again since no license will be issued by the city for one in that location.

The council passed a motion requiring all fruit and vegetable stands to conform to all existing regulations by Oct. 1 or licenses will not be renewed.

Kackley And Givens Appointed To Office

A pair of former Sebring High classmates return home next week to head the public defender's staff in Highlands County.

Steve D. Kackley, 26, has been named assistant public defender, and Michael Givens, 25, has been appointed investigator for the public defender's office.

The two appointments were announced today by Jack O. Johnson, public defender for the 10th judicial circuit. He said both appointees will begin work Sept. 2.

Cliff Ables, who is now serving as assistant public defender, will continue in the office for several weeks. He is leaving public service to devote full time to private practice of law.

Ables is a partner in the firm of Hancock and Ables. The firm recently began operating an office in Wauchula in addition to the office in Sebring. Ables said the pressure of his private practice coupled with the rising demands in the public defender work made it necessary for him to resign.

Johnson lauded Ables for his "dedicated service, diligently putting in many more hours than he was actually paid for." Kackley will be devoting his full time to the public defender duties. This is the first time

Reynolds Truck To Return In September

During the first half of 1975, over 63,320 pounds of aluminum were recycled by Sebring area residents participating in the Reynolds Aluminum Recycling Program. For their six-month recycling efforts, Reynolds Aluminum Recycling Company paid \$9,496.15, for the equivalent of 1,456,383 aluminum cans.

The Reynolds schedule for Sebring during September is Wednesdays, Sept. 10 and 24, from 11 a.m. to 1 p.m. at St. Agnes Episcopal Church, 6670 NW Lakeview, where the public will receive 15 cents a pound for recycled aluminum.

Paul Hayden, regional recycling manager for Reynolds pointed out that aluminum recycling helps solve the litter problem while conserving natural resources. "Production of new products from recycled aluminum conserves the world's deposits of bauxite, which is mined for the production of virgin aluminum," Hayden said.

Highlands County has had a full time public defender, Johnson said Kackley will be handling motions, first appearances and misdemeanor cases.

Kingswood Sprott Jr. of Lakeland will continue on the public defender's staff as trial specialist for felony trials.

Kackley, son of Mr. and Mrs. Charles Kackley of Sebring, graduated from Sebring High School and South Florida Junior College. He earned a bachelor of science degree at Florida State University and his law degree at Stetson University College of Law.

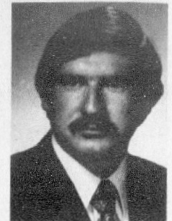

For three years he has worked part time for Public Defender Robert Jager of the sixth judicial circuit.

Givens graduated from Sebring High School and South Florida Junior College. He has earned his degree in criminology from Florida State. In connection with his FSU studies he served an internship in the public defender's office here.

His duties will include "harder as well as Highlands County cases."

Givens replaces Charles Cody, a retired New York policeman who had accepted an interim appointment to the investigator post here.

In announcing the appointments of Kackley and Givens, Johnson said, "Both of these young men come with the highest recommendations. They have given excellent service in their work."

Jeff Stokey
Receives BS Degree

Jeffrey W. Stokey, son of Mr. and Mrs. Milton Stokey, participated in the annual commencement of the University of West Florida, Pensacola, June 14, 1975.

Jeffrey received a Bachelor of Science in Management from Omega College. He was Honor Student and listed on the Proust Honor Roll.

Jeffrey was an active member of the Eta Pi Chapter, of Pi Kappa Alpha Fraternity and served as treasurer and finance chairman. He was also an active participant in the University's Internal Sports program.

He is employed with Gold Kien Inc., Postal Division of Atlanta, Ga., working in the Sales and Food Brokerage Department.

Currently Jeffrey is residing in West Oak, Fla. while in the management Training Program, after which he will be located in Central Florida.

Lower Hot Water Temperature Saves Fuel

In visiting the Avon Park Office of the Florida Power Corporation Ann Maynard, Public Information Coordinator from the Winter Park Office, suggested that home makers could reduce their electric water heater consumption of electricity up to 40 per cent or a saving of up to 1400 kilowatt hours per year or the equivalent of 100 gallons of fuel oil at the generating plant.

Electric water heaters are shipped from the factory set to maintain approximately 150 degrees. To make this change use a simple step by step procedure.

— Turn off the electricity to the water heater at the fuse or circuit breaker.

— Remove access panel (a) marked 'A' and carefully put insulation so you can see the thermostat. (Some "Quick Recovery" water heaters have two thermostats to change.)

— Use small screwdriver to turn thermostat pointer back to 120 degrees.

— Carefully put insulation back together as it was originally and replace access panel (a).

— Turn on the electricity at the fuse or circuit breaker. By lowering your water heater to 120 degrees, you not only conserve energy and dollars but you reduce the possibility that someone could be scalded.

Accident Victims Treated At Hospital

Four of the five traffic accident victims treated at Highlands General Hospital last week came in the same day, Aug. 25.

Howard LaMar, 51, Sebring, was injured when struck by an auto. He was released from the hospital following emergency treatment.

Arthur Freeman, 49, of Lake Placid, injured in an auto accident, was treated and released.

Diane Stubbs, 22, of Avon Park and Annette Wiley, 19, of Cleveland, Ohio, were injured in auto accidents. They left the hospital against medical advice.

On Aug. 24 Donald Bentley, 20, was treated and released. He had been injured in a motorcycle accident.

Parents input
Early this year a parent survey was made using a cross section of the population of Avon Park, Sebring, and Lake Placid. Around 60 parents were polled from each elementary

Here's how to do it!

Floyd Clark, coordinator of science and math for Highlands County, instructs teachers and lay persons how to evaluate science and math textbooks. The instruction took

place Aug. 21 at the county office. Evaluators will spend all day Aug. 28 listening to textbook company representatives present what their company has to offer.

On the Consumer's Side

By Mrs. Lee F. Rumbley

Consumer Services Coordinator. The Department of Agriculture and Consumer Services, The Division of Consumer Services, The Capitol, Tallahassee, Florida 32304

QUESTION: I want to buy a refrigerator and need to purchase it on credit; where's the best place to get low interest rates?

ANSWER: As an agency of state government, we cannot recommend one establishment over another, but there are some things you should consider when buying on credit.

First, make sure you know the terms of the arrangement. Not every lender charges the same amount. So, credit for the same item can cost you a little — or a lot.

The Government advises that Shopping for Credit Can Save You Cash. If you are signing a credit contract, the key to finding the best credit deal is comparing the ANNUAL PERCENTAGE RATES.

Under the 1969 Truth in Lending Law, all merchants and lenders are required to state the cost of lending in

terms of an annual percentage rate. This rate shows the cost of buying an item or service on time; it is a percentage figured on the unpaid balance of your bill.

The comparison works this way: Each lender can offer you a different loan amount, for a different time period, with a different sized payment. The lender will work out the finance charge for you. The finance charge is the dollar cost for the credit including interest and any incidental charges. The lender will then convert the finance charge into the annual percentage rate he can offer you for the whole transaction. You can quickly tell which deal offers you most credit for your money — it's the one with the lowest annual percentage rate.

Be sure to ask the lender specifically for the annual percentage rate. Some lenders might try to make loan rates sound lower by quoting some other rate.

If you would like more information on annual percentage rates and other types of credit shopping, you may want to send for a free copy of Shopping For Credit Can Save You Cash from Consumer Information, Pueblo, Colo. 81009.

Why the shortage of canning lids?

By VIRGINIA KNAUER
Special Assistant to the President and Director Office of Consumer Affairs, Department of Health, Education and Welfare

Many of you have written to me about the shortage of replacement lids and caps for home canning equipment. I know how frustrating it is to work hard in the garden from spring to harvest and then not find lids.

Readers have asked basically three questions: When can I get lids? Why is there a shortage? What do I do if I can't get any lids?

I cannot tell any one person precisely when lids will be in short supply. I can tell you that lids are being manufactured in record numbers and they are being shipped to the states in record numbers. But they are also being purchased in record numbers and that is the crux of the problem.

There are in the marketplace three critical factors causing the shortage. First, a growth in real demand. This means that with 12 million new gardeners in the past two years and with canning plans by veteran gardeners increased substantially, there are more people wanting more products than ever before.

The second critical factor is called exaggerated demand. This means that a number of people are buying far more than they need. Some buy more than they need as a hedge

against future shortages or higher costs. Some buyers are hoarding. Because of this exaggerated demand, many gardeners with real needs cannot buy lids.

Last, because of both real and exaggerated demand, it is impossible for all the manufacturers to make enough products even though most are working 24 hours a day, seven days a week.

What can you do if you can't get any lids?

The worst that can happen of course is that your fruits and vegetables may spoil. You can't let this happen. You do have several alternatives.

First, if you have freezer, use it to preserve your crops. Second, if you are fortunate enough to have a nearby canning center, you may be able to use that. Call your state department of agriculture or your agriculture extension agent for information. Third, you may want to look into dehydration. Visit your local library for a book on the subject and see what you think. I am beginning to think that the best answer lies in some form of a farmers market.

You may want to get together with a few of your fellow gardeners and set up your own market — either in front of your garage or at a vacant lot. Check with your local county or municipal authorities to see if you need a special license. Explain your problem; I am sure they will cooperate with you.

Enjoy the Scotty's® Do It Yourself Feeling and Save in the Bargain...

Here's the easiest do-it-yourself project since tinkler toys! This sturdy redwood picnic table is pre-cut and pre-drilled... ready for easy assembly and the benches come completely assembled.

Take advantage of this great offer while current supplies last, so you can plan lots of summer outings. Remember, this set is made from real western red cedar to resist all of the elements for years of service.

MICHIGAN AVON PARK PICNIC
The 24th Annual Avon Park picnic was held at the Community Room in Palmyra, Mich., with 38 folks present. There were 15 from Ohio and 23 from Michigan.

Fern Haas, who has not missed a picnic, led the group in asking God's blessing. Louise Prielp, the Secretary, was reported to be ill and so was Ralph Gunning from Indiana, who had hoped to be present. Much to everyone's surprise and pleasure Alton and Hallie Wetmore were present. She had broken her hip on July 4th and is getting around so well. Mrs. Clyde Peter gave a short memorial poem and prayer.

thinking of Leonard Warner and Mr. and Mrs. Earl Haas who had died during this past year. After the business meeting, at which time Fred Frye was again elected President, and Raymond Downing, Vice President and Mrs. Keith Debo, Secretary, they had the pleasure of seeing and hearing the Senior Citizens Kitchen Band, made up of 25 men and women. After much visiting the group adjourned until the second Sunday in August of 1976 at the same place.

The following were present: Mrs. M. E. Smith, Irene Rouget, Lucille Beagle, Mr. and Mrs. Douglas Campbell, Mr. and Mrs. George Curry, Mr. and Mrs. Henry Rether, Wesley and Juanita Bruce, Mrs. Leonard Warner and son Seymour, Ferne Haas, Frieda Wagner, Ada Hise, Clyde and Alda Peter, Grace Warner, Alton and Hallie Wetmore, Bill and Fanny Hatch, Viola Buehrer, Bruce and Leola Kline, Seymour and Bernice Brown, Orren and Lorena Loar, Doris Uphill, Paul Swearingin, Raymond and Florence Downing, Fred and Mildred Frye, and Keith and Miriam Debo. The above was supplied by Miriam Debo who is planning to leave for Avon Park about Sept. 15th.

Horse Killed

In Accident

An ambulance en route to a call was involved in an accident at 2:25 a.m. on Aug. 21. According to the Florida Highway Patrol, the ambulance, driven by Grover Johnson, was traveling at 55 miles per hour when a horse galloped into its path 2.5 miles west of Lorida on U.S. 96. Damage to the vehicle was set at \$150, and the driver escaped injury. The quarter horse, belonging to Gene Tomlinson of Lorida, was killed. The animal was valued at \$2,000.

Trooper J. C. Sheppard investigated the accident. No charges were filed.

Rubi — Pollard
Five out-of-country visitors escaped with only a shakeup when their station wagon was involved in an accident with a car driven by a Sebring man.

At 1:30 a.m. on Aug. 23 the wagon, driven by Antonio Rubi of Bogota, Columbia, and a car driven by Roy Allen Pollard of Sebring tangled 1.6 miles south of Sebring on U.S. 27.

Pollard was not injured. Three of the men traveling with Rubi complained of being shaken but no one required medical treatment. Three of the occupants of the Rubi car listed homes in Peru and two were from Columbia.

Damage to the Pollard car was estimated at \$900 and to Rubi's car at \$950. Damage to a chain link fence was set at \$250 and to some canoes, belonging to J. A. Morrow, \$1,140.

Trooper C. J. Hart, who investigated for FHP, charged Pollard with driving while intoxicated.

SAFE AND SECURE

How confidently he sleeps. Mother and Daddy are in the next room. Teddy Bear is right beside him.

We, also, desire a feeling of confident security. We want to do good and live with honor in this life, free of the fear of falling into sin. God wants this for us, too. And He sees and knows how hard we try.

In the New Testament, Jude writes, "God is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy."

Pledge yourself to Him and attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Colman Adv. Ser.

CLASSIFIED ADVERTISING INFORMATION

All copy must be in by Monday 5 p.m. of the week ad is to run.
Rate in 10 words or less, \$2.00. Each word over 10 is charged at 15 cents per word.

Spain Retires FROM Florida. OR HOW AMERICA picked up FLORIDA for \$5 million.

No luxury hotels. No drinks served at the pool. Just sand and palms and alligators. And a lot of fighting for it that destroyed property throughout Florida.
Americans in Florida figured Spain owed them \$5,000,000 in property damages.
Our government offered to pick up the tab for Spain. \$5 million would return Florida, Spain accepted.
And wait out.
You know, money from our citizens helped pay for things back then. And it still does.
Today, you can help with U.S. Savings Bonds. And at the same time, they let you build savings.
This happens when you join the Payroll Savings Plan, or buy Bonds where you bank. Year after year, you accumulate more and more savings. And it can add up to a bundle.
So maybe you'd better start this week.
Because, someday, you'll have to retire, too.
New U.S. Bonds pay 4 1/2% interest which hold to maturity of 1 year to 15 years. The first year, interest is not subject to income tax. And interest is paid monthly. And interest is paid monthly.

Sales Reps — Men and Women! Trainees - Experienced Xerox needs INNOVATORS. We hire them as SALES REPS

Because of the kind of company we are — and the kind of business we're in — innovations in every phase of our operations are vitally important to our growth. Which is why we look for creative people in every area, from accounting to R&D. But because we're in a service business, we especially value innovation in marketing... and look to our sales reps to provide much of it.

To qualify to join the team of Xerox Sales Innovators, a degree is preferred along with some sales experience that has called heavily upon product knowledge and professional selling skills. However if you are a recent or pending college grad — male or female — we welcome an opportunity to discuss a career in sales with you.

Your earnings potential will be excellent — based on a salary plus an incentive program. In addition, we offer a liberal program of fringe benefits including profit sharing. And the future is just as promising — whether you stay in sales or move into a related marketing area.

For an interview appointment
Call Ann Shoch at (813) 683-0358
9 A.M. to 4 P.M.
Thurs. & Fri. (Aug. 28-29)

If not convenient to call, send resume to Ann Shoch, Xerox Corporation, Tampa International Airport, Office Level, Suite 65, Tampa, Fla. 33607.
