

AFTER THE CONGREGATION sang "O Come, O Come, Emmanuel" during the lighting of the Prophecy Candle by Shannon Davis, Tammy Warner asked, "Why do we light one candle?" The congregation replied, "This candle reminds us of the light of hope that the prophets had in their expectation of a Messiah who would bring peace and love to the world." Photo-Miller.

Calvin's Column

BY
CALVIN GIBBS

Hi Friends,

December is the twelfth and last month of the year. It was the tenth month in the ancient Roman calendar. The first part of its name, decem, means ten in Latin. December once had 29 days, but Julius Caesar added two more, making it one of the longest months.

Winter begins in December in the northern half of the world. Some people call it "the frosty month." But winter does not begin until December 21, or 22. On the first day of winter, the sun reaches the solstice, when it appears to have gone farthest south. In the Northern Hemisphere, it is the shortest day of the year. But it is the longest day in the southern half of the world.The latter part of December has long been a holiday season. The Romans honored Saturn, the god of harvest, with a festival called Saturnalia. Today, Christmas is the chief holiday of the month in many countries. Christians celebrate it as the birthday of Jesus Christ, and its color and good feeling shed a glow of good will over the rest of the month.

People celebrate many holidays in December. They prepare for New Year's Eve parties on the last day of December. Some people in New England observe December 21 at Forefather's Day in honor of the landing of the Pilgrims at Plymouth on December 21, 1620.

Holly, narcissus, and poinsettia are regarded as special December flowers. People in many parts of the world use holly at Christmas celebrations. The turquoise and the zircon are the birthstones for December.

Church Activities:

The Church of God by Faith of Avon Park is again about to embark on a celebration of our pastor's anniversary. We feel that this man Elder C. M. Fogle, has not only been a service and inspiration to our church but to the entire black and white community. For the past 25 years we have known him to be a man who sought to bring peace where there was confusion and love where there was hatred, joy where there was sorrow. He has served on our city Bi-Racial Committee and given many other services with our city for years, trying to help make our community and city a better place for all. Many of your leaders know him as a man who has been flavorous in your behalf. The public is invited to come share with us in the celebration of our pastor's 25th anniversary beginning Monday, Dec. 1, 1975 through Sunday, Dec. 7, 1975. There will be Bar-B-Q ribs, chicken and other goodies sold in our annex for anniversary purpose. But on Sunday, Dec. 7, all of our guests are invited to dine with the pastor and his family, following our mid-day service. Our service will be rendered in this order.

Monday — Dec. 1, 1975 - the choirs from our city churches plus the Highlands Community Choir.

Tuesday — Dec. 2, 1975 - Church of God by Faith of Winter Haven, Fla. pastor Elder Sammual Steucson.

Wednesday — Dec. 3, 1975 - Church of God by Faith of Clearmont, Fla. pastor Elder R. L. Evans.

Thursday — Dec. 4, 1975 - Church of God by Faith Lake Wales and Apopka, Fla. Pastor Elder C. M. Fogle.

Humor of the Week:

Ignorance of the law and lawmakers is no excuse.

English Lesson for the week:

Wrong: We saw bears driving through the woods.

Right: Driving through the woods, we saw bears.

Explanation: Redundant, unless the bears were driving.

Hospitalized at Press Time:

Rev. J. W. Daughtry, Carrie Thomas, Debra Leverson, Geneva Evans, Michael Gammage (children's ward)

Thought Conditioner for the week:

This is one of the most comforting passages in all literature. It teaches that our loved ones are in a place of peace and beauty. They are under the watchful care of God and regularly experience His tenderness. The deep hunger and thirst of their souls has been satisfied. God, like a loving mother, puts His protection over them and with kindly hand wipes every tear from their eyes. This He has done for your dear ones who have crossed over to the other side.

If you learn to love this passage and meditate upon it, He will wipe away every tear from your eyes also.

They shall hunger no more, neither thirst any more; neither shall the sun light on them, nor any heat.

For the lamb which is in the midst of the throne shall feed them, and shall lead them unto living Fountains of water: and God shall wipe away all tears from their eyes.

Revelations 7:16-17.

Yours truly,
Calvin C. Gibbs

PET KILLED

The death of an Avon Park girl's pet may be linked to a pair of prowlers seen at the Riverdale Road home. Frank Shaffer reported prowlers on Sunday night, Nov. 23. Two nights later he called the sheriff's department to report he had found his daughter's horse, its neck broken and the horse's halter missing. He set value of the horse at $150.

STOLEN CAR ABANDONED

A car found parked beside Arbuckle Creek Road has been identified as a stolen vehicle. Deputy Bob Hopton spotted the parked car Nov. 18 and check of the tag number revealed it had been stolen. The car was taken to Jim Blackman Ford to be held until an out-of-state owner can arrange to claim it.

Gunmen Leave Shot Cattle In Pasture

Gunmen who either don't know or don't care about what they are shooting at are giving eastern Highlands County cattlemen trouble.

A few days before Thanksgiving Hartt and Son of Avon Park reported a three-year-old heifer had been shot. The cow was pastured a quarter mile off Wild Cat Branch.

About the same time a cow pastured at the southwest corner of the Santa Fe Ranch, off Arbuckle Creek Road, was shot. This cow was the property or Overstreet Brothers of Kissimmee.

The Overstreet cow had been hit by eight shots. The Hartt heifer was felled by a single shot. Both shotgun and rifle had been used in the shootings.

In both cases the animals were left in the pastures. Sheriff investigators Lt. Thurman Haywood and Deputy Bob Hopton said they could find no evidence that the gunmen had tried to move the slain animals.

Drama Class To Present Play

The Drama Department at South Florida Junior College will be presenting three one-act plays on Dec. 5, at 8 p.m., in the Lecture building at SFJC. The plays are all light comedy and appropriate for entire families.

The students in the one-acters are all enrolled in acting and oral interpretation and present these plays as partial fulfillment of the class.

The plays: Antic Spring, I Love You Forever Tomorrow, and Pappa Never Done Nothing Much, will last approximately one and one-half hour and there will be no admission charged.

CHILDREN OF THE Baha'i faith learn to sing a mealtime prayer while their parents attend other conference meetings at Lake Byrd Lodge during the Thanksgiving weekend. The teachers are Dahlia Shaw, Largo, (left, center) and Kerry McCord with guitar of St. Petersburg. Photo-Miller.

Community Concert Opens Season Dec. 11

Highlands Community Concert Association will present Barbara Blegen, an exceptionally gifted young pianist, on Thursday, Dec. 11 at 8 p.m. at the Avon Park Middle School.

Born and raised in Missoula, Mont., Miss Blegen gave her first recital at the age of 11, and at age 12 played Mendelssohn's "Capriccio Brilliante" with orchestra. The pianist studied at Curtis Institute with Rudolf Serkin and was graduated in 1965. She received apprentice scholarships to study and perform at the Festival of Two Worlds in Spoleto, Italy; the Casals Festival in Puerto Rico; and the Marlboro Festival in Vermont.

Barbara Blegen made her debut with the New York Philharmonic when she and Thomas Schippers played the Concerto in F for two pianos by Bach. The work was subsequently recorded by Columbia Records.

A recipient of many awards, Miss Blegen was first prize winner in the Jewish Professional Competition in Baltimore, a winner in the National Merriweather Post Contest for piano and strings.

She has performed throughout the United States and Europe and with leading orchestras, including the Baltimore Symphony with Arthur Fiedler conducting. Miss Blegen has also joined her sister, Metropolitan Opera soparno, Judith Blegen, for many joint recitals.

Two Charged With Shooting At Autos

A prank to frighten motorists has turned into six months of probation and a $100 fine for each of two young Avon Park women.

Jean Dorene Beerbower and Lindy Sue Trescott were charged with aggravated assault after a number of motorists had reported someone shooting at them from an auto. A deputy sheriff was driver of one of the cars "shot" at, and when he arrested the women he found they had using

In circuit court Monday, Dec. 1, Judge Clifton Kelly withheld adjudication and ordered probation for the women.

Prizes Given For Window Painting

The Thanksgiving window painting contest was held last week sponsored by the Avon Park Recreation Department. It was open to all children and young adults in grades 3-12. The purpose of the contest was three fold: (1) generate interest in art work to the kids participating (2) to get the young people involved in community-wide project (3) to decorate Avon Park for Thanksgiving.

The number of classes participating in the contest dropped considerably from last year, but those involved did an outstanding job. They all are to be congratulated.

The winners of the awards are as follows:

Trophy-(1) First place (3-4 grade) Mrs. Morse's 4th grade.

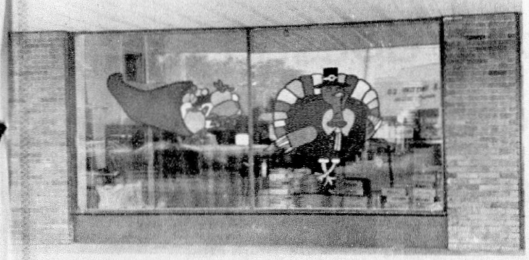

Ribbon-(2) Second place (3-4) Mrs. Albritton's 4th grade.

Ribbon-(3) Third place (3-4) Mrs. Hood's 4th grade.

Trophy-First place (7-8 grade) Mrs. Smith's 8th grade.

Ribbon-(5) Honorable Mention (3-4) Mrs. Davidson's 3rd grade.

Hopefully next year we will have enough entries to really decorate Avon Park beautifully.

THIRD AND FOURTH graders teamed up to take the top prize for their painting of the Thanksgiving turkey and a horn of plenty on a Lake Ave. window of the Metcalf Hardware store last week. Photo-Miller

HCTA To Hold Draw -Double Tourney

The Highlands County Tennis Association will sponsor its first tournament of the year this week-end, Dec. 6 and 7, at the Avon Park City Courts, E. Verona Ave., starting at 9 a.m. The tournament will be a Draw-Double affair for men and women.

Entries must be turned in by today (Thursday, Dec. 4) along with an entry fee of $1.50 for members and $2 for non-members of the club. A draw for partners for women's and men's doubles will then take place and the newly-chosen teams will compete in a single elimination tournament this week-end.

Contact Miss Jeannie Cox at Avon Park High School before 5 p.m. Thursday in order to qualify for the meet. There are still plenty of available places in both the men's and women's brackets. Trophies will be awarded to the winners of both the male and female tourneys. Tennis balls will be furnished.

IN 22 HOURS time the Rev. Bentley Williamston (left) and Dr. Ronald Sevigny were in the deer country around Llano, Tex. Their party of four saw about 80 to 100 white tailed deer during their hunting trip. Photo Miller.

Deer Could Not Be Saved On Hunting Trip

About 150 pounds of white tailed deer on the hoof was an impressive sight for Rev. Bentley Williamston but it didn't give him 'buck fever' as he lined up the crosshairs of his scope on the greyish colored six-point buck in the canyon country near Llano, about 75 miles northwest of Austin, Tex.

On leaving Avon Park Williamston and Dr. Ronald Sevigny were joined by Fred Bartell or Orange Lake and Tommy Rooks of Alachua. They headed west withtheir guns and camping gear in two pickup trucks, stopping only when necessary, with one person driving while the other slept.

They camped out overnight in below freezing weather on leased ranchland near Llano. The rough canyon country had a few cedars, cypress and pinetrees, mesquite and other brush, plus cactus. It was not uncommon to see six to eight does and fawns in a herd of deer.

It was after sighting such a herd that Ben was alerted, by a doe, to a six-point buck in a small canyon nearby. After getting to where he could see, one shot from his 30-30 at about 75 yards and Ben had his deer, a week ago last Friday, the first dayout.

On Saturday Ron using a 30-06 zeroed in on an eight-point buck at 125 yards, while it was feeding on a tree. Sunday was another good day for Ron as a buck with spikes dropped when he fired his rifle.

The hardest part of the hunting trip for Ben and Ron was lugging the deer up and down the steep canyon walls back to the truck which wasn't too close.

Altogether the four hunters bagged seven bucks and one doe, after having seen approximately 80 to 100 deer. Each had a special doe permit (for $25 extra), with their license, which would have permitted each to take two bucks and one doe for the season.

They had expected to bag their doe near the end of their stay but by that time the does were skittish and moved off quickly when approched. On Thursday they celebrated Thanksgiving with Rev. Williamston's daughter Marsh Chess at Abilene, where Ben had a nice long visit with his new granddaughter.

Returning to Florida the group came back through Shreveport, La., Montgomery, Ala. and Tallahassee, instead of by way of New Orleans as they did on their way out to Texas. Ben and Ron arrived hom early last Saturday afternoon.

Three Red Devil Players On Conference Team

The Avon Park Red Devils placed three players on the All-Heartland Conference football team for the 1975 season. Senior fullback and linebacker Timmy Massey, senior halfback-linebacker James Ross and senior tackle Jim Stewart represented the Avon Park team on the twenty-two man all-conference squad.

Three other Avon Park players were picked for honorable mention on the all-conference team. Guard Mike Cobb, fullback-linebacker Rufus Wilson and fullback-defensive back Freddie Moore qualified for the eighteen-man honorable-mention squad.

The conference championship was shared this year by Sebring and Hardee High and both teams received trophies for finishing at the top of the new six-team league.

Football Coaches Asked To Resign As Coaches

The entire Avon Park Red Devil football coaching staff was asked to turn in resignations as football coaches last week by principal Les Watson. The purpose of the request was to completely reorganize the football program at APHS.

Mr. Watson commented with a wry grin, "After the past two seasons, we felt a complete change was in order." Watson went on to explain that plans are to find a new head coach and give him some choice in staffing the varsity and junior varsity programs.

Joe Strickler, head varsity coach for the past two years, indicated he may get out of coaching altogether. Strickler took over the Devil job in the spring of 1974 coming from Tallahassee where he had played offensive tackle for the Florida State Seminoles and had coached at Florida High. Under Coach Strickler the Red Devils won only two games in two years.

Other coaches involved in the program the past year were assistant varsity coaches Dewayne Lemler and Ronnie Jackson and junior varsity coaches Allan Duhm and Bruce Wyse. Jackson is head varsity baseball coach at the high school, Duhm is junior varsity basketball coach and Wyse will serve as boys tennis coach this spring. Lemler has assisted in the varsity football program for two seasons and handled the Devil junior varsity program seven years. Strickler, Jackson and Lemler are all Avon Park High School alumni.

Athletic director Joe Franza and Watson will be accepting applications for the varsity coaching position immediately and will consider each applicant carefully before making a decision. Franza explained that in Highlands County the recent policy has been that a head coach may not serve as athletic director so that position will not be open to applicants for the Devil football job. Watson also pointed out that available teaching positions are very scarce. Any outside applicant will have to fit into the high school teaching program. A high school coach must be a member of the high school faculty.

Ducks Added To Game Take

The Florida Game and Fresh Water Fish Commission reported the opening of the duck season with 14 ducks being taken by hunters at the opening of the duck season with 14 ducks being taken by hunters at the Avon Park Bombing Range hunt area.

Other game taken by hunters included: 12 deer, 1 turkey, 29 hogs, 147 quail, 14 squirrel, 9 dove and 130 snipe.

The game commission reports that because of aircraft exercises there is no hunting scheduled for Saturday. Campers will have access to camping areas on Saturday, but from State Road 64 only.

For further information the Bombing Range game commission office can be reached by calling 453-3527.

River Greens Hosts Tourney

The River Greens Golf Club will be the scene of the December tourney of the Highlands County Women's Golf Association Friday, Dec. 5. There will b a shotgun start at 9:30 a.m.

This is the first time this new member of the association will be the host club. There will be gross and net prizes in all flights.

Air Force Takes Volley Ball Tourney

The Avon Park Men's Volleyball league wrapped up their league by playing a four-team double elimination tournament last week.

The Air Force Recruiting team took both the league's first place trophy and the tournaments' top honors. Their well-drilled team consisting of Ray Gutzler, Paul Talbert, Jim Marcum, Jim Parks, Barrett Luketie, Greg Webster and Dan Henson, only lost one match throughout the season and the tournament. Their season record was 7-1 and they defeated Seventh Day Adventist, First Baptist-Blue, and Wells Motor Company to take the first place in the tournament.

The First Baptist-Blue squad (Lawler Wells, Jerry Wicker, Curtis Nelson, David Flowers, Ben Hitson, Tommy Beane and Virgil McInvale) captured the runner-up trophy in league play with a 7-1 record. The runner-up in the tournament was Wells Motor Co. They defeated the Seventh Day Adventist and First Baptist-Blue to reach the finals, but lost to the Air Force squad.

If enough interest is generated a winter-spring league will be started after the new year has begun. Contact the Recreation Department at 453-6881 if you are interested.

"SUPPORT THE RED DEVILS"

IT SOUNDS EASY for one dollar roll six balls between the pinochle split and win a free turkey. The odds are about 8 to 1 that the psychological pressure and tension builds up to the place where the bowler collects cold turkey (hits a pin) instead of a turkey at the Ridge Lanes where the turkey shoot ended Monday night. Dogs Kill Guinea Hens

MANGLED BY DOGS the guinea hen on the right is dead while the hen on the left died later. It had large chunks of skin and feathers torn off its body. Feed dropped out of a gaping hole in the exposed crop. The rest of Mrs. Kilgore's guinea hens flew to safety in a tree. Photo - Miller

Mrs. Kilgore reported Tuesday morning that the county dog catcher was called twice by Mayor Davis who had seen the guinea hens that were killed by the dogs. The dog catcher arrived Tuesday morning saying he couldn't find the place on Monday although he had stopped two houses down the street.

Between 9:00 and 9:30 a.m. Monday, Kathryn Kilgore of 423 E. Second St. heard a commotion in her backyard and looking out saw two dogs pulling on a duck they had gotten out of her poultry pen.

When she got to the backyard the both dogs were in the pen chasing ducks and guinea hens. Mrs. Thomas fired a .38 police special revolver and a bullet hit one dog in the front leg. This reddish colored dog enlarged a hole in the fence in getting out of the pen and was hit in the hips by another bullet as it raced away. The second dog, Brindle colored, went inside the shed and was locked in by Mrs. Kilgore. She said she would have shot this dog but was afraid a bullet might bounce back from the concrete floor and block walls.

Mayor Marshall Davis told Mrs. Kilgore he called the county dog catcher to come pick up the dog from her shed.

This was the second time in about a year that dogs have killed poultry from the Kilgore's poultry pens. Last year the county dog catcher and local police told Mrs. Kilgore they couldn't do anything about the dogs unless she caught them and locked them up.

Across the fence on a neighbor's lawn lay two mangled guinea hens. One with most of the feathers stripped off was dead. The second hen with large patches of skin and feathers jerked off its body was slowly raising and lowering its eyes-closed head. Feed eaten that morning dropped out of a gaping hole in its crop as it slowly—painfully — moved. Shortly — it too would be dead.

Other guinea hens had found safety by flying to the top of a nearby tree.

Bonnie Brae Mobile News

By MARGIE WELLS

The picture at the head of this column shows the float which will be entered by Bonnie Brae in the Christmas parade on Thursday evening, Dec. 4, at 7 p.m. Also pictured are the men of the park who have worked so long and diligently to complete the float. These men are Dan Bohland (sypoervusor?), Steve Bohaychyk, Ed Cook, Ford Griffin, Ray Jones, Max Putman, Argus Sheridan and Sam Thrush. Thanks fellows for a job well done and we'll all be cheering as our float goes by in the parade.

Bonnie Brae Christmas Float

Approximately 60 people gathered in the recreation hall on Thanksgiving for a big turkey dinner with all the trimmings. The food was delicious and there was so much of it that many of us went back in the evening for the second turkey dinner. The recreation hall was decorated with the appropriate Thanksgiving decorations which were donated by Gertrude Bohlyn. Helen Dyce and Margie Wells were co-chairwomen of the dinner and the committee working with them was composed of Dessie Jones, Rozzie Parkhurst, Alice Pixley and Ruth Smith. A big thank you to all of you who worked so hard to make it a very nice occasion and also thanks to all those who stayed to help clean up the hall afterwards.

Dan Bohland's brother, Rudy Bohland, and his wife, Mary, are visiting Bonnie Brae. They are from Hickory Hills, Ill., and they plan to be here for a short visit.

We offer our sincere sympathy to Lorene and Douglas Campbell on the death of her borther-in-law, Mr. Edward Dunkle, of Haubstadt, Ind. The Dunkels spent several months at different times here in Bonnie Brae.

Rev. and Mrs. C. D. Harsh of Winter Haven, Fla., visited with their daughter, Margie, and son-in-law, P.D., on Thanksgiving.

Dorothy and Karl Hart spent Thanksgiving with their son, Dr. Thomas L. Hart, and his family of Tallahassee, Florida.

While on their trip, Dorothy and Karl also visited Waculla Springs and Homassassa Springs which they enjoyed very much.

Connie and Kenneth Drake and their children, Jennifer and Michael, of Waterloo, N.Y., visited their parents for a week during the Thanksgiving vacation. They spent a day at Masterpiece Gardens and Bok Tower and also visited Highlands Hammock State Park.

Mr. and Mrs. Earl Stuhldreher of Lake Placid had Thanksgiving dinner with their sister and husband, Sallie and Steve Bohaychyk.

Luella Pinney, Thelma Miler, George Chalmers, Roy Podewels and Myrtle and Earl Montgomery had dinner at the Cat House Restaurant in Sebring on Thanksgiving followed by a rider through Highlands Hammock State Park.

Margaret and Harry Young spent the Thanksgiving weekend with friends in Stuart, Fla.

Clara and Francis Steels of Deerfield, Ohio, were Friday evening guests of Margie and P.D. Wells. On Sunday, Margie and P.D. were guests of the Steeles at the KOA campground in Sebring and had dinner at the Holiday cafeteria in Sebring.

Michigan Club To Meet

Members not familiar with the location are advised to proceed east on Main from Highway 27 to the location at the intersection with Summit Avenue.

Mrs. Everet Foster will present a Christmas program. Each person is asked to bring an exchange gift marked "His" or "Hers" with values not to exceed 50 cents.

Mrs. Pearl Robertson reports that she plans a buffet lunch to follow the program.

Free Health Fair Slated For Ag-Center

How many persons have put off having medical diagnostic tests because they cost too much, or the time involved was inconvenient?

Local residents will have the chance to attend a free Health Fair, that will be coordinated by the Highlands County Health Department. The fair will be held from 9 a.m. to 5 p.m. on Thursday, Dec. 11, at the Ag-Civic Center in Sebring.

Various community organizations will be offering the following services at the Health Fair.

Highlands County Health Department - Blood testing for diabetes detection.

American Cancer Society - Free pap smears for detection of uterine cancer. Local private physicians and nurses will be donating their time to staff the mobile cancer detection clinic. Physicians staffing the van will be Faustina Perera, M.D., Donald Jones, M.D., Amada Sarnate, M.D., and Culpepper Brooks, M.D. The van nursing staff includes Mrs. Judy Rice, R.N., Mrs. Louise Hardy, RN., Mrs. Jean Nielsen, R.N., and Mrs. Althea Satterwhite, R.N.

Kiwanis Clubs of Highlands County - Taking blood pressures for detection of hypertension. South Florida Junior College L.P.N. students will be assisting.

Lions Clubs of Highlands County - Testing for glaucoma. Assisting will be Helen Birch of the Polk County Eye Clinic.

Mid-Florida Lung Association - Doing plumonary function tests.

Highlands General Hospital - Blood typing.

Tri-County Mental Health Center - Presenting outpatient programs for the alcoholic.

Walker Memorial Hospital - Information regarding classes for people wishing to quit smoking.

Council for Community Dental Health - Facts and figures related to the benefits of fluoridation.

Joan Endicott, supervisor of nurses at the Highlands County Health Department, urges all residents to take advantage of the free Health Fair. She mentioned that early detection reduces the effects of the major illnesses, that can be discovered through use of the diagnostic tests.

Assistance from L.P.N.'s

Licensed Practical Nursing students at South Florida Junior College will be taking blood pressures for the detection of hypertension at the booth operated by the Kiwanis Clubs of Highlands County at the Dec. 11 Health Fair. L.P.N. students demonstrating how blood pressure is taken, are from left, Janice Matthews, Wilma Kline (the "patient") and Janice Delaney.

Jerry McKenzie

Recovering From Accident

Jerry McKenzie was moved to the general care section of Winter Haven hospital Dec. 1, 12 days after he had been admitted to the hospital critically injured, barely hanging onto life.

Staff at the hospital has constantly expressed amazement at the toughness and recovery rate of Jerry McKenzie.

McKenzie, who lives in Sebring and operates a land clearing business out of Avon Park was working on a front end loader at the Avon Park shop Nov. 19. A jack slipped allowing a boom section to fall and pin McKenzie in the machines.

A corner of the falling boom struck Billy Hill, a McKenzie employe working with McKenzie. Hill suffered a scalp wound but he and another employe, Radford Jones, worked for 20 minutes to free their employer.

rescue operation as two tractors were used to break loose the boom frozen in place imprisoning McKenzie.

When McKenzie was free, Hill drove him to Walker Memorial Hospital but Emergency Medical Services ambulance was summoned to transport McKenzie to Winter Haven.

Problems were not over, however. The EMS ambulance developed engine trouble, but driver Edgel Moore was able to "nurse" the ailing vehicle into the hospital.

The still-conscious McKenzie won the admiration of the Winter Haven emergency room staff by calming answering questions, giving information helpful in preparing him for surgery.

A specialist needed three and a half hours to make repairs along the man's crushed right side. A half-day later it was back into surgery for a second emergency operation.

That was Nov. 20, by Nov. 22, physicians were cautiously voicing hopes that McKenzie "might live" and a few days later, "perhaps save his right arm."

Hospital staff say McKenzie has exhibited a "fantastic" spirit, and the intensive care unit nurses named him Superman.

Monday of this week he advanced to regular care section and is able to see company. Dismissal within a week is now forecast.

Mrs. McKenzie said Hill, who eventually was treated for the scalp wound (six to eight stitches were needed), is still having some trouble with headaches but hopes to return to work by next week.

Other members of the land clearing staff are carrying on the McKenzie business, looking forward to the boss's return — "in six months" the doctors say, but McKenzie thinks sooner.

G.E.D. Test Set

The G.E.D. (High School Equivalency) Test will be offered at South Florida Junior College Dec. 18, 19, 20, and 22. Tests will be administered from 6 to 10 p.m. on the 18th., from 1-10 p.m. on the 19th., from 8 a.m. to 4 p.m. on the 20th., and from 6-10 p.m. on the 22nd.

Persons interested in taking the G.E.D. Test must meet the following requirements: Be at least 18 years of age; be a resident of Florida; have completed courses in American history & government or take an end of the course test, which can be taken at the junior college by appointment.

Persons planning to take the GED Test must file their applications at SFJC by 4 p.m. Friday, Dec. 5. Applications are available at the college. There is a $7.50 fee for taking the test

Local Lions Club Increases Membership By Seventeen

The Avon Park Lions Club has increased its membership by seventeen since Jan. 1, 1975.

The initiation ceremonies for new members were in charge of Past District Governor, Mark Brown. The program presented to the Lions and their ladies was unusual and most interesting.

Since the Lions' main concern is with eyesight and projects for the blind, one part of the program is traditionally carried out year after year. This has the new members eating their meal wearing white canvas gloves and being blind-folded while eating their dessert.

The initiation committee was headed by Lion Ben Williamston and included: J. T. Landress, Ron Sachsenmaier, Bud McKenzie, Ron Sevigny, Bob Frier and Eddie DeLaney.

The membership committee included: Mark Brown, chairman; John Porter, Milton Giddens, Ben Williamston, J.T. Landress and Joe Buechc.

The new members joining and initiated into the club this year were: Arthur Blair, Joe Buechc, Bob Pearl, Albert Carey, Lew Mundt, Don Singletary, Norm Langston, Jeff Tanner, Freddie Jahna, Jr., Tony Accorsi, Gary Bagwell, Steve Ball , Sid Crawford, John Gross, Lyle Michener, Ed Touchton Jr. and John O'Neal .

There were 98 Lions and Ladies present at the banquet and initiation ceremonies for the new members.

Cancer Society To Meet

The Highlands County Unit of the American Cancer Society will hold the annual meeting of the board of directors and the Awards Banquet at Harder Hall Hotel today, Dec. 4, at 7:30 p.m. The Board of Directors will recognize the invaluable assistance provided by volunteer Highlands residents throughout the past year.

"Awards will not be limited to those who did so much work in raising funds for the society, but will also include those in the areas of pulic education and service to cancer patients", said Michael Wesson, O.D., president of the local unit.

"We have been extremely fortunate in obtaining C. H. Amar Inalsingh, M.D., as guest speaker. Doctor Inalsingh specializes in radiology and oncology in Bradenton, and is medical advisor to the Manatee County unit of the American Cancer Society.

John Doe ?

During the last war Kilroy was the name of the man who had been there. John Doe, the encyclopedia tells us, is the name used in legal documents to describe a person whose real name is unknown.

You do not know the name of this darling baby, and his name may be unknown to us, but in his eyes dwell love and trust. His eyes are like doe-eyes. Yet the male deer is a young buck, rather than a doe, and he is known for his swift running and his ability to jump to high places.

Our prayer for this young man is this:

May the Lord *strengthen and stablish you.* Then as Isaiah says in the 6th verse of the 33rd Chapter, *wisdom and knowledge shall be the stability of thy times, and strength of salvation: the fear of the Lord is his treasure."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Buyer Protection Plan to Be Outlined At Meeting Tonight

The Home Owners Warranty Corp. of Highlands County is now licensed to handle the 10-year buyer protection plan according to an announcement from the parent company in Washington.

Richard S. Craighill, director of the parent company, will be in Sebring Dec. 4 to present the charter to the local corporation at a special dinner meeting at Sebring Sun 'n Lakes Country Club.

The dinner is being paid for by First Federal Savings and Loan Association of Highlands County. While there will be no charge, admission will be by ticket only due to limited eating accommodations.

Therefore, tickets will only be given to active builders until Dec. 1; thereafter to others important to the local building industry.

Tickets may be secured from Alexanders and Associates at Southgate. Persons interested may phone Betty Anderson at 385-0147.

According to Marvin Wood, president of the local Home Builders Association, the 10-year buyer protection plan is backed by the American Bankers Insurance Corp.

Although the Home Owners Warranty Corp. of Highlands County was established by the local builders association, Wood said, builders who are not members of the association may also participate in the home owners warranty (HOW) program.

HOW, Wood said, has proved to be a strong marketing tool throughout the country, providing many benefits to both builder and public.

Builders wishing to participate must be licensed by the local HOW corporation, and thus meet stringent requirements for competency, financial stability and reputation for fair dealing.

Public Seminar On Handicapped

The residents of Highlands County, especially anyone who is physcially disabled or interested in a better understanding of the handicapped, are invited to a public seminar of informative discussions and special equipment displays being staged on Thursday afternoon, Dec. 4, in the Hibiscus Building on East Orange Street, Lakeland.

Endorsed by the Sebring office of the Florida Vocational Rehabiliation services, this event is jointly sponsored by the Polk County Community Service Council, the Lakeland Physically Handicapped Club and the Committee on Employment of the Handicapped.

Besides the professionals and trained counselors who appear on the diversified program, several persons from the Avon Park and Sebring area including quadriplegics, John Childers and Mel Oft, will present a humorous skit entitled "Hard Luck Harry," which is intended to emphasize the very real and serious aspects of handicapped persons such as attitudes, architectural barriers, mobility, employability, techniques of their challenging life style.

Both John and Mel have benefited considerably by the Florida Vocational Rehabilitation program and presently participate on a volunteer basis in various public relations projects for this and related agencies. Each not only drive electric wheelchairs but their cars also.

John, a talented innovator, has honed his independence to the ultimate by recently designing and building a very practical device being much publicized by the news media lately.

A special carrier for his Power-Drive wheelchair is mounted to the rear of his auto so that John can slide into the driver's seat and then by a unique device guide his wheelchair by remote control back to the motorized ramps of the carrier. Quickly and deftly he aligns his empty wheelchair and neatly backs it up on to the platform.

A press of a switch button on the dash raises the ramps to lock everything firmly into place. This is the ultimate in self-help, and now John can go nearly anywhere and reverse the process to retrieve his motorized wheelchair.

Patent rights are being sought to protect John's future should he decide to produce and market this exceptionally clever and helpful system to aid the handicapped, which proves again that disabilities never need dim the joy of living.

Attend the seminar to see a live demonstration of this invention in the parking area at 4:30, weather permitting.

Building In County Increases

Almost every phase of the building industry in Highlands County showed some gains in the month of October. A total of 138 building permits, covering construction costing more than $1.6 million, were issued in October.

Two large commercial buildings, each costing more than $300,000, boosted the month's total. The Avon Park sewage plant and the United Telephone Co. building at Avon Park were issued permits in October.

Home building — a total of 29 permits were issued for one-family units — was at a healthy $667,140 level. The number of home permits in September was slightly higher — 32 total — but the cost of construction was lower, $647,955.

The big jump in permits in October was in mobile home installations, up from September's 20 to 45 in October. Value of the homes installed in October was $326,862.

The total number of permits issued in September was 115 or 16.6 per cent lower than in October.

In October electrical permits went up, from September, from 70 to 77; mechanical from 47 to 57, certificates of occupancy from 54 to 88.

An area which did not show an increase was plumbing; permits were down from 49 to 36 in October.

Another area showing a decline is in the number of builders' registrations. Since the occupational licenses for builders go on sale in October, September and October are the big months for builders to register with the building department.

The two months combined in 1974 showed a total of 801 registrations. The corresponding period in 1975 shows 759 registrations.

Hundreds Of Books Arrive At Library

BY MRS. R. D. MOORE

Several hundred new books have arrived at the City Library this week and with this article I want to begin to share these titles with you.

Many of you have been reading about and waiting for **Behind A Mask** by Louisa May Alcott. Miss Alcott wrote under a pseudonym some "blood and thunder" tales that have just recently been discovered. She wrote these mystery stories to pay family debts and also perhaps to give vent to emotions not expressed in her more sedate novels that have become classics.

These stories disclose another and unfamiliar side of the author of **Little Women**. Writing behind the name A. M. Barnard, Alcott was able to let loose her passion for dramatics.

She herself says in the introduction that she indulged in gorgeous fancies and thought she had a natural flair for the lurid style. These thrillers were written and published in various weeklies over a century ago and before she authored **Little Women**.

Now for the first time they appear in book form with proper credit given to Alcott and readers must now recognize the multi-faceted talent behind this literary genius.

Anyone Can Sculpt by Arthur Zaidenberg is a book of established and new methods and techniques for amateurs and students of sculpting. It is designed to teach the rudiments of making simple sculptured figures, animal and designs.

Anyone Can Sculpt cove thoroughly all the class methods of sculpture in all th various media. It contains long section on welded met sculpture and contains a list materials, tools, etc.

Lizzie Borden - did she didn't she? In 1892 in old Fa River, Massachusetts Lizzi Borden was accused of hackin to death her parents. A jur said she didn't do it. But eve since what really did happe has nagged at the public an crime buffs alike and th enigma of Lizzie's guilt ha become rooted in our nationa folklore. Now Judge Rober Sullivan, an outstanding scholar, has written **Goodby Lizzie Borden** in which he examines the total record sheds new light on old facts and places in context issues so long clouded by myth, hysteria, and mis-representation. While this is a factual dissection it is infinitely readable and fascinating.

The Killing Gift, by Bari Wood is the winner of the Putnam $15,000 award for books of outstanding merit-books meeting extremely high standards of worth. It is the chilling tale of a lonely woman with a deadly power who becomes the quarry of an obsessed detective. It is a psychic suspense story that holds the reader right down to the last sentence. It explores the question that many people find fascinating—what would I do if I had the power to kill just by thinking about it?

Philippa Carr has a new Gothic just released. **The Witch From The Sea** is a novel of love, betrayal, murder and witchcraft in Elizabethan England by one of the most popular writers of English history. The story is set against a background of the glorious days of the reign of Elizabeth I. It was a time when a few adventurous Englishmen were beginning to reach out to establish trading bases around the world and building the foundation on which centuries of English power and wealth would rest. If you read and enjoyed **The Miracle At St. Bruno** and **The Lion Triumphant** then this will be for you also.

The ever popular Faith Baldwin has a new book entitled **New Girl In Town** certain to please her vast audience of readers. It is the story of Maggie Knox who moves from Hawaii to live in the old New England house she inherits from her great aunt.

Hortense Calisher is a writer in the grand manner. She is one of the masters of the short story. The talent is stupendous, the writing powerful, with vividly drawn characters. **Collected Stories** has just been added to the City Library and this brings together the stories from three previous collections of Calisher and those first published in the **New Yorker**. If you are not aware of Calisher get to know her with **Collected Stories**.

Students May Swing Impact Funds

Federal funding for "impacted" students is being sought by the Highlands County School Board, in an effort to ease the slings and arrows of a tight budget. Tuesday night Aubrey Morris, supervisor of federal and vocational rograms, was authorized to prepare an application for the funds.

"Impacted" students are those whose parents live on government property or work for the federal government and are not paying taxes because of that affiliation. This includes the children of servicemen here or abroad, civil servants, civilians working on federal projects and so forth, said Morris. Postal employes are excluded.

If the application is approved, and Morris said there is a very good chance that it will be, the federal government furnishes dollars to make up for what is not paid into the local economy.

The main chance for acceptance lies in Avon Park, said Morris, where the Bombing Range and the federal housing project can possibly produce about 250 eligible children. An additional 50 are expected on a countywide basis.

In recent years impact funds have been hard to get (non for low-in come housing) he told the board, but this year the goverrment has loosened up on monies for impact students and for the handicapped.

Morris was also called to the fore when Smith reported that a vocational grant of $23,289 had been awarded for a vocational reading program at Avon Park High School. Morris said the APHS program had been one of many in a package of proposals suggested by the late superintendent, George Douglass.

"We sent out a great number of applications for grants each year. There is always one or two you can get approved."

"What if we refused a federal grant?" asked Steve Roberts. "I've heard a lot of talk in Touchton's, and people say that if it weren't for all these grants our taxes wouldn't be so high. So, what would happen if we decided not to accept the grants?"

"The state would reallocate it to another district," replied Morris.

"You mean it would be spent anyway?"

"It would be spent."

Another board member suggested that every school district in the state could refuse the grant. The superintendent said that if enough districts refused the federal grant for vocational items, the money would only be moved around to another kind of program.

Bill Gene Smith conjectured that each of the states might also refuse the grant, but he did not seem to think that was probable.

In other business of the meeting board members:

Annexation Petition Delayed For Lack Of Information

The petition by the owner of Bonnie Brae Mobile Park for voluntary annexation to the city of Avon Park was referred by the city council to the Zoning Board of Adjustment, which also deferred action on a recommendation to the council, pending obtaining additional information before their next meeting.

The mobile park, between the Avon Suqare Shopping Center and the Ball park complex, contains 10 acres with an adjoining seven acres of vacant land. At the Monday night council meeting owner of the park, Daniel Bohland, was represented by attorney Hue Nunnallee who stated nine previous owners are involved in the title and all have signed the two original petitions.

Securing city sewer service is the main reason for seeking annexation to the city. Bonnie Brae's owner has been informed by the Pollution Board that the park will have to build a new sewerage disposal plant or tie into the city sewerage system by annexation to the city or other means. Of the 80 homesites in the park, 22 are too low for connecting to the sewer lines and a lift station will be needed for these.

In the park the residents own their own home and place it on park property.

Annexation to the city, of the park, would make it possible for the city to annex the ball park complex and the airport property (city owned since 1947) as these properties cannot be annexed to the city unless they are contiguous with the city.

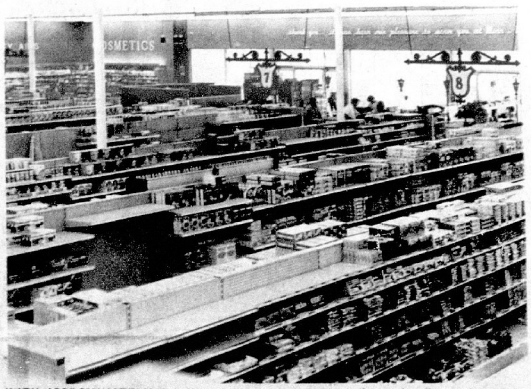

Nunnallee in discussing the petition, stated a condition for voluntary annexation, that is, the owner needs assurance that the present use of the property can continue.

One difficulty to overcome is that the city has no zoning classification or trailer ordinance that fits the park property or other mobile home or trailer park. More than a year ago all Florida cities were told by the state that a trailer ordinance was required as of Jan. 1, 1975.

Other questions unresolved at the council meeting were those of sewer and water rates, garbage disposal and tax millage.

Spectators Line Mile Long Mall To View Yule Parade

The largest crowd ever attracted to a parade in Highlands County viewed the Mile Long Spectacular Christmas Parade sponsored and directed by the Avon Park Chamber of Commerce this past Thursday evening. For a solid mile of the entire main avenue, over 25,000 spectators gathered from Highlands and neighboring counties to view the largest and most outstanding parade in the history of the county.

Six large bands totaling over 500 music makers, in their colorful uniforms thrilled the spectators with their professional performance.

The parade marshals, Chuck Shane, Stanley Wells, Les Jurch, Anna Belle Worden and Kenneth Wells, plus a number of Citizen's Band Radio Operators (Central Florida Rinky Dink C B'ers) were all kept busy getting the 65 unit parade off on the exact time published.

A brilliant burst of firework flares announced to everyone the parade was starting to roll. The bands were not the only music making units as over half of the many, many beautiful floats were featuring Christmas bells, carol singers and pipe organ music.

Many Beauty Queens in their lovely crowns graced the parade and dignified officials rode in decorated cars. In keeping with the parade theme "An Old Fashioned American Christmas" a score of old fashioned cars complete with costumed passengers added much interest and delight.

Santa was last to arrive in the Avon Park Fire Department Cherry Picker and held court in the gaily decorated blue and green bandstand where over 500 bags of sweets were given out to tiny tots.

As Santa was busy greeting the young citizens, The Sweet Adeline's lead the crowd in Christmas caroling.

Executive Secretary, Anne Belle Worden of the Chamber of Commerce reported receiving a letter from County Commissioner Norman Jug Heston stating it was one of the biggest and best parades I have ever participated in and I thoroughly enjoyed it. Heston commended everyone who had a hand in organizing the parade and wish to thank Anna Belle again for being permitted to be a participant.

New Winn Dixie Store Will Open In Shopping Center Monday

When a customer walks out of the new Winn Dixie Store with a cart of groceries at the Avon Square Shopping Center next Monday, Dec. 15, they will have only a small part of the more than 15,000 cases of merchandise necessary to stock the store for business.

The 7 p.m. Saturday night closing of the Winn Dixie on S. Lake Ave. will be its last closing as w-D will open store No. 616 of the Tampa Division at 9 a.m. Monday Dec. 15 at the shopping center stated Henry Dennis, store manager.

With approximately a half acre of floor space the store will have 11 departments plus dairy, frozen foods and a wine cellar. On Tuesday over half of the new stock was on the shelves with more semi-trailer loads of stock arriving daily.

The starter of the grocery chain W. M. Davis operated a typical small town department store with groceries in Burley, Idaho, in 1914. A competitor operating a cash and carry store obtained the "cash" while Davis had the "carry".

The Davis's taking their family of one daughter and four sons, A. D., James E., M. Austin and Tine W. moved to Miami, Fla. Using borrowed money Davis purchased a grocery store with the whole family pitching in to make it a success.

The company grew steadily and by 1934, 34 Table Supply stores were operating in South Florida. After the death of W. M. Davis in 1934, A.D. became president and the other three brothers became vice-presidents.

In 1939 the brothers purchased control of the 78 store Winn & Lovett Grocery Company and moved their headquarters to Jacksonville. More store chains were added to the company and in 1955 they became the Winn-Dixie Stores, Inc. after consolidation with Dixie Home Stores.

Besides its over 1,000 stores Winn-Dixie operates many food processing plants and a testing laboratory. In sales volume it is one of the top ten in the U. S. with 24,000 full time employes the company follows the policy of promoting from within—assuring each employe unlimited opportunity for advancement.

Toastmasters Club Chartered

Sherley Dunn, District 47, Toastmasters International, presented the new club's charter during the Charter Banquet Friday night at the Holiday Restaurant in Sebring.

Jim Prevatt, president of the newly formed club, accepted the charter on behalf of the charter members.

Lou Funk, governor of Area 13, which includes Highlands and Polk Counties formally installed the club officers who will serve one year. The officers, in addition to Prevatt, who is a classification officer at APCI, are Lynn Ingraham, Charter Builders accountant, educational vice president; Norma Gobble, Avon Park Sun reporter-photographer, administrative vice president; Larry Saucier, APCI drug counsellor, treasurer; Natalie Patton, pharmacist, secretary; J. T. Gibbs, Gibbs Gifts and Office Supply, sergeant-at-arms; and Jim Richo, APCI teacher, sergeant-at-arms.

During Dunn's remarks to the group, he pointed out that toastmastering teaches better communications and continued participation keeps speaking and thinking skills sharp.

"No one ever graduates from Toastmasters," he said pointing out that certificates are given upon completion of each manual. "They may drop out," he said. Dunn noted that "dropouts usually fall back into undesirable habits of speaking as is illustrated by many I know who have been out a few years."

Highlands County Judge Mark Richardson, Jr. was the Table Topics Master and Dr. Mohamed Ismail, plant physiologist at the Lake Alfred citrus experimental station, was the Toastmaster of the evening.

Speakers for the evening were Norma Gobble with a speech entitled "Here Lies the United States of America"; Ben Eastman, Sebring citrus grower, on a topic of "Tools of Talk;"; and Ralph Walden, APCI librarian, speaking on "Little Things."

Other charter members include Capt. Craig Alldredge, chief of electronic warfare operations at Avon Park Bombing Range; Mrs. Carol Boley, president of Highlands County Lakes Protection Association; William R. Cleland, retired winter resident of Avon Park; Bill Cooley, reporter for the Tampa Tribune; James Fountain, owner of Fountain Funeral Home; David Langford, assistant state's attorney for Highlands County; Jack Mozley, assistant innkeeper at Holiday Inn in Lake Placid; Robert Panzarella, correctional counsellor at Orlando Community Correctional Institution; Eloise Sharp, reporter for the Tampa Tribune; Alan Toor, president of Hollywood Toastmasters; Elizabeth Walker, manager for Tupperware Home Parties; Jim Ziegler, dairyman from Lake Placid; and Don Lynn Card, owner of Surplus City.

The Charles S. Swan Toastmasters will meet today (Thursday) at 7 p.m. for their regular second Thursday meeting at the Steakout Restaurant in Avon Park. The meeting scheduled for the fourth Thursday has been canceled due to falling on Christmas Day. Meetings will resume on the regularly scheduled second and fourth Thursday in January.

A TIME LOOKED FORWARD to by the group who formed the Charles S. Swan Memorial Toastmasters arrived Friday night when they held their Charter Banquet and formal installation of officers at the Holiday Restaurant in Sebring. District 47 Governor Sherley Dunn, left, presented the charter to Jim Prevatt, president of the local club, along with the official gavel. Photo — Gobble.

County Continues To Support Council

Highlands County will continue its support of the Central Florida Comprehensive Health Planning Council, Inc. through 1976, commissioners decided Tuesday.

By a split vote, with Commissioner Robert Skipper opposed, board members agreed to continue backing the five-county health planning organization at its 1974 funding level — $4,027.40.

Olin Mason, a former Highlands County representative on the planning council, supported by present council staff members Stanley Wagy and John Brede, urged commissioners to maintain their financial interest in the organization.

Only through its continued active participation in the work of the regional health planning agency can Highlands County influence the organization's program, they said.

Commissioners would probably have supported regional health planning for next year — as they have in years past — if they had not received a copy of a proposed budget prepared by the council's present director, Charles I. Titus.

Titus' budget was prepared to justify the allocation of federal funds under Public Law 93-641 which is administered by the U.S. Department of Health, Education and Welfare (HEW).

Commissioners were shocked by the size of the budget proposed for 1976 ($615,15) and by the 20 per cent growth figure that was factored into subsequent year budgets.

They were annoyed further by Titus' request that Highlands County contribute $8,000 per year to help fund the health planning program.

Mason explained Tuesday

County HOW Council 61st In Nation

HOW did Highlands County become the 9th area in the state, the 61st in the nation, to be approved for a HOW council?

By fulfilling three major requirements demanded of all HOW (Home Owners Warranty) builders . . . technical competence, financial stability and a reputation for fair dealing with customers.

At a charter night banquet held in the Granada Room of Sun 'n Lake of Sebring, the local council had its official kick-off Thursday.

Presenting the charter was Richard Craighill of Washington, D.C., field director of the program, who will be guiding the local group as it feels its way into what promises to be the greatest boon to builders in their history.

Craighill said his organization "had misgivings" about Highlands County's ability to administer the HOW program. "But we now feel you can run a successful program, perhaps the most successful in Florida."

He traced the history of HOW from its inception. Based on England's Buyer Protection Program, America's first HOW council began in Miami in August of 1974 and now, over a year later, it has 61 councils across the country, with 2,600 builders enrolled.

HOW is subsidized by the National Association of Homebuilders and has received the backing of national insurance, leading lending institutions, and draws preferential interest rates on HOW homes.

"Support from all over the country has been phenomenal!" said Craighill, pointing out that the program is an aid in selling new houses when the public can be confident that its largest major investment is protected.

"It's good for the builder, good for the consumer, and good for business."

Not all builders are accepted into a HOW council. After volunteering to join they must go through strict screening and demonstrate their records of fair dealing, technical knowledge and financial stability. The national board then makes an objective determination of eligibility.

Craighill presented HOW certificates to the seven charter members of the local council: Marvin Wood, president; Roy Alexander, vice president; Bob Alexander, secretary-treasurer; directors John Borgemeister, Marvin McPhate and Bob Siegle, and member Jim Cook.

Thursday's ceremony, sponsored by First Federal Savings and Loan of Highlands County and under the direction of Roy Alexander, included the installation of new officers of the Highlands County Builders Association. Sworn into office were:

Bob Siegle, president; Tom Dustin and Marvin Wood, vice presidents; Bob Alexander, secretary; Gary McGehee, treasurer; and directors Marvin McPhate, John Borgemeister, Jim Cook and Dave Anderson.

In his address Siegle predicted a good year for builders in the Highlands, particularly since joining with the HOW program.

Roy Alexander told the audience, "Highlands County is going to be the largest HOW council in the country before we're done. We have too much going for us not to be."

He pointed to recent progress made in construction at Spring Lake, Placid Lakes, Deltona near Avon Park, Sun 'n Lake.

"We've got the space, good water, a minimum of pollution. This is where it's going to happen."

4-H Clubs Sponsoring Tree Sale

Ecology-minded people in Highlands County will have an opportunity to help clean up the air. A healthy growing tree while producing a pound of wood, will remove the from atmosphere 1 to 1½ pounds of carbon dioxide (and other toxic gases) and release to the atmosphere one pound of oxygen . You can do your part to have clean air.

The 4-H Clubs of Highlands County are sponsoring a tree sale at the Ag Center on U.S. 27, south of Sebring. The sale will be held Dec. 11 and 12 from 3 - 5 p.m.

Barefoot seedlings will be sold in packets of four, each containing one each of red cedar, sweet gum, live oak and Indian rosewood seedlings. There will be approximately 1,000 packets for sale at $1 each.

This is Bicentennial year. Much of our woodlands have been used up. Celebrate this 200th birthday by helping make a cleaner America.

ASC Election Results Given

Results of the Dec. 1 election of ASC County Committeemen for 1976 were announced by R. B. Oxer, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

Newly named to committee posts in the mail balloting were:

Malcolm C. Watters Sr.-regular member citrusman-Lake Placid; Everett Boney-first alternate cattleman-Lorida; Edgar Stokes-second alternate cattleman-Lorida.

Oxer said farmer committees are in charge of local administration of national farm programs.

Property Sale Nets $1000

Over $1,000 was realized from Saturday's sale of unusable school district property, Superintendent J. Ferrell Smith told board members Tuesday night.

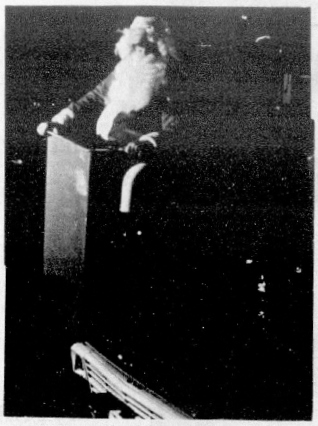

Not everything was sold. Items with salvageable parts or which may have some future function have been kept, he said, and may wind up in next year's property sale. Smith added that all equipment not sold or kept was taken to the DeSoto City landfill and dumped.

Asked what items had been disposed of, Smith listed an old phonograph cabinet without phonograph, a homemade lawn chair, another chair, four old BFM record players, two mercury tape recorders. All goods dumped at DeSoto City had been certified as completely useless by Piere Posse, property records officer, he said.

"All of those items had been cannibalized for parts, stripped of anything of value."

However, Smith said that at future sales they will have a group, perhaps the Salvation Army, look over materials headed for destruction, to see if they or the Goodwill might have a use for them.

Hospital Records Must Be Confidential By HEW

The lawsuit filed May 30, 1975, in U.S. District Court by the Joint Commission on Accreditation of Hospitals (JCAH) against the Secretary of Health, Education and Welfare, seeking to half HEW's public disclosure of JCAH survey reports, has been dismissed by stipulation, John McClellan, administrator at Walker Memorial Hospital, said. The stipulation, agreed upon by both parties, provides that all JCAH hospital accreditation letters and accompanying recommendations and for its "validating" of JCAH accreditation decisions, must be kept confidential by HEW.

It was further stipulated that the JCAH, upon the receipt of written authorization from the hospital and at the request of HEW, will resume providing HEW with accreditation letters, and the accompanying recommendations and comments, resulting from its most recent hospital survey, as long as HEW continues to hold these confidential as provided by law.

The Medicare Act of 1965 provided that hospitals accredited by JCAH are automatically "deemed" to be in compliance with Medicare conditions of participation. Amendments to the Act, in 1972, provided for validation of JCAH decisions to assure public accountability for the expenditure of public funds. State agencies, under arrangements with HEW, conducted the validation surveys of JCAH-surveyed hospitals on a random sample basis. In cooperating with HEW in the validation program, JCAH provided the Secretary, "on a confidential basis" and with the hospital's permission, its "most current survey" of those hospitals selected for the validation survey process. In April, former HEW Secretary, Caspar Weinberger, released to a private consumer organization in New York JCAH survey material on 105 of the JCAH hospitals undergoing validation.

The JCAH complaint sought to enjoin any further disclosures by the Secretary. Concurrently, the Jont Commission discontinued furnishing its materials to HEW.

The Joint Commission on Accreditation of Hospitals, formed in 1951, is a not-for-profit, nongovernmental organization promoting services of quality in health and related fields. In addition to its Hospital Accreditation Program, the JCAH has accreditation councils for psychiatric facilities, long term care facilities, facilities for the mentally retarded, and ambulatory health care facilities. The JCAH is sponsored by the American College of Physicians, the American College of Surgeons, the American Hospital Association, and the American Medical Association.

Annexation

Adjustment in their discussion of the annexation petition late Tuesday afternoon found that they did not have enough information on which to base a recommendation to the city council and drew up a list of items on which information was needed for their next meeting.

The items were: How much itemized income will the city receive from water, sewer, garbage collection and taxes? What other avenue of annexation could the park owner take? What about other property in the area, city owned and private? How many buildings on the airport property would be built that would require a county building permit? What is the advantage or value of having the airport in the city? Will there be any advantage of annexing additional property into the city? What would be the disadvantages of not annexing the properties into the city? Would park owner Bohland be willing to meet the total requirements of a city trailer ordinance and state regulations for a permit? What is the city's expense of installing the sewer?

In discussion it was pointed out that estimates of the cost to the city of the sewer work to the mobile home park would be approximately $17,000. It was also pointed out that a new sewerage disposal plant for the park would cost between $35,000 and $50,000 to install and put into operation. In the past years city councils has usually worked with developers on a 50-50 arrangement on the cost of sewer installation to the property site.

In other action the board granted a variance to Jerry Houpe for the installation of a car wash and wax operation.

School Board

Sam Nixon on his placement and follow-up studies. Ruth Davis complimented Nixon on the thoroughness of his report and the work involved. The human relations director will have to follow the transcripts of each placed student for a year, according to state mandate.

.... Approved use of five school buses by the Sebring Jaycees to transport underprivileged children to the annual Christmas party. In the past the board had waived mileage (now up to 30 cents a mile), but that was before the present straightened circumstances.

Garland Boggus said that a number of drivers had volunteered, promising to sign over their payments to use for the children. Franklyn Ward moved that although they couldn't let the bus be used at no charge, the bill for mileage should be sent to the chairman of the school board. It was so agreed.

.... Set dates for a visitation to each of the county's schools. They will visit Lake Placid on Jan. 28, with lunch at the elementary school; Avon Park on Jan. 27, with lunch at the high school and Sebring on Jan. 29, lunch to be held at the middle school.

.... Awarded bids for gasoline to Morris Adams Oil Co., Avon Park, with a firm bid price as required. Morris Adams also was awarded bids on all but one motor oil and gear lubricant items. Davis Oil Co. of Tampa, representing Quaker Motor Oil, won low bid on bulk detergent.

Purchasing director Garland Boggus expressed himself as very happy with the gasoline bid.

.... Agreed to seek bids on reroofing 11 federal portable classrooms.

.... Awarded $67,000 in time deposits to Barnett Bank of Lake Placid.

.... Accepted all recommendations for School advisory councils, the district comprehensive planning committee, instructional and non-instructional personnel.

.... Approved Mrs. Linda Compton of Lake Placid to serve on the Language Arts Study Committee.

.... Gave permission to seek bids on non-food items for the remainder of the school year.

Commissioners

that the budget prepared by Titus bore little relation to reality.

"The budget that you gentlemen had in your hands was really more of a model -- or a working document -- that was being used to try to produce for the record a typical budget that might be operative under the new HSA (Health Services Area) assuming certain funding at certain levels," Mason reported.

"That could in no way be considered a working budget."

Mason asked that commissioners forget the hypothetical budget that so upset them and consider only the one that had been prepared for the existing, five-county, Central Florida Comprehensive Health Planning Council.

Brede reiterated Mason's plea, stressing that the planning councils' primary task was directed at containing the ever-rising cost of health care through the reasoned allocation of health service resources -- trained personnel and specialized equipment.

Wagy added to Brede's comment: "We as an agency . . . exist to fight the bureaucracy."

"You're saying, 'fight fire with fire' then?" Skipper asked Wagy facetiously, greatly relieving tensions that were building.

Wagy laughed, and responded with a potent argument.

"If we go out of existence, you know that decisions are going to be made either in Tallahassee, or in Atlanta, or in Washington," he said.

Skipper recommended that Highlands County drop its support of the regional full-time health planning staff and support, instead, specific planning of special health problems that may arise from time to time.

But at Mason's urging, the remaining commissioners voted approval of funding support at the 1975 level.

Commissioner Norman "Jug" Heston warned that his vote should not be viewed as signifying his unquestioned support for the health planners.

"I'm going to do a lot of hard thinking next year when we work on our budget," he promised.

In other business, commissioners:

— Approved a request submitted by the Sebring Utilities Commission for permission to cut 14 streets in the Sebring Shores subdivision required to install new water mains. Streets must be patched to satisfy county standards, they insisted.

— Reappointed Lionel LaGrow as Highlands County's municipal representative to the Central Florida Regional Planning Council.

— Disclaimed county interest in two streets shown on an old plat of Lake Denton Shores subdivision, thereby clearing the way for United Telephone Co. to continue construction of its Lake Denton plant. Shores subdivision required to install new water mains. Streets must be patched to satisfy county standards, they insisted.

— Heard Edna Pearce Lockett request that commissioners enforce the county's access rights to canals in the Istokpoga Marsh Watershed Project, by removing gates and fences that now prevent adequate hyacinth control maintenance.

— Instructed County Engineer Gordon Hays Jr. to write letters to landowners who are not cooperating with the county's watershed maintenance program, asking them to appear at next Tuesday's meeting.

— Directed the county engineer to reposition a school caution sign and flashing light on Highlands Ave., Sebring, to a point south of Youth Care Road.

— Approved the clearing and mowing of a drainage ditch that connects Lake Sebring with Lake Jackson.

— Scheduled for 2 p.m., Dec. 16, a special workshop discussion of the county landfill operation.
