Hi Friends,
Know Your Teachers

Hometown Boy Returns Home:

Citizens of the Week: Citizens of the Week:

ELBRIDGE O. HOLMAN

Elbridge is a native of Kentucky. He graduated from Glasgow High School and attended Southeastern Bible College, University of South Florida and Florida A. & M. University from which he received the Bachelor of Arts degree in Bible and Christian Education. His teaching experience includes eight years in the Highlands District. He currently teaches Science, Health, and Reading at Avon Park Middle School and makes his home at 2704 Dixie Road, Lakeland, Florida. Black History in the Making:

GWENDOLYN BROOKS

Won the Pulitzer Prize, a very high award in literature, for her poetry.

Miss Brooks has written more than four books of poetry and one novel.

In technique and interpretation, she is virtually unsurpassed in portraying the mood of the black American.

NOTICE UNDER FICTITIOUS NAME LAW

Noted in heretofore given that the undersigned, pursuant to the "Fictitious Name Statute," under Section 862.08 of the Florida Statutes as amended, will register with the Clerk of Circuit Court, in and for Highlands County, Florida, upon receipt of proof of the publication of this notice (the fictitious name to wit) The Wear-House under which name I engaged in business at 1811 W. La Grande Ave. in Avon Park, Florida and that the owner of said business is: Robert D. Young.

Dated at Avon Park, Highlands County, Florida, this 18th day of Nov., A.D., 1973.

SAM JONES

Sam Jones, a product of the local high school and community has returned to the Avon Park area from Miami where he had established residence. Sam continues his work in the ministry and shares many interesting views upon interview. Sam was very well known for his social activities prior to the ministry and discusses it freely. Sam was also an athlete and extremely popular among his peers. Although his plans for permanent residence are only tentative, it's good just to see him home and may his presence be a source of hope and inspiration for many in times like these.

JOSEPH HILTON IV

This special honor goes to Mr. and Mrs. Joseph Hilton III, who live at 1206 Delaney Avenue and who are the parents of Joseph Hilton IV, for the superb upkeep of their home ad surroundings which help make Eastside Park beautiful.

Thought Conditioner for the Week:

A cure for fear that will absolutely work is to get close to God in your thoughts. He is the only certain, unchanging fact in the world. He will never let you down nor forget you. If plagued by fear, do what this text says: "Seek the Lord." That may be done by spending fifteen minutes every day just thinking about God. You can split this up into five minute periods, but never let a day pass without spending fifteen minutes thinking about God.

Each day make the following statement, "I surrender myself and all my problems, my loved ones, my future into the hands of God and I trust Him."

Three times every day thank God for all His goodness. Soon your life will be filled with God, and emptied of apprehensions. I sought the Lord, and He heard me, and delivered me from all my tears. Psalm 34:4.

Yours truly,

Calvin C. Gibbs

Goodwill Boxes

In New Location

James Leach, facility director for the Goodwill-Highlands County, announces the following convenient new locations for collection boxes in Highlands County:

Avon Park - 21 S. Verona at Pine; 1499 N. Lake Highland Lake - C & H Grocery, Hwy. 27.

Discarded clothing and house hold items are especially needed to support Goodwill's non-profit programs to help the handicapped. Goodwill can be called for home pick-up of larger or valuable items, or haul the truck when you see it in your neighborhood. The goal is to "fill the warehouse" prior to the opening December 9 of the new total-service Goodwill facility in Lakeland.

Brentwood Mobile Court News

Those having returned already to enjoy the beauty of Avon Park and the South with its countless attractions are - Gus and Mary LaPorte, Indiana; Wesley and Juanita Bruce, Harold and Mary Rimes and Walter and Ruth

Rogers of Michigan; Gene and Hazel Deubner and Ward and Bessie Bowers of Ohio; Hubert and Irene Johnson of Pennsylvania and William and Lidie Thorne of New Jersey. We welcome Gerald and Dorothy Woods of Ashland,

Ohio, and Vera Dampier of Sebring as new residents in our court.

To open the winter season get-together we had our first pot luck last Friday noon with 32 in attendance. Every one enjoyed the delicious dinner with visiting and catching up on the news and activities of each during their summer absence.

Recent guests of Mrs. Emil Holiday were her granddaughter, Mr. and Mrs. Don White and family of Melbourne who drove over to help Lucy celebrate her birthday.

Harry and Grace Van Buskirk of North Glenwood Ave. were visitors of Mr. and Mrs. Leon Van Buskirk Thursday afternoon. The Van Buskirks are not related but get acquainted through a mixup in their mail.

Every one loves a parade, and we all certainly enjoyed both the one for Halloween and the other for Veteran's Day. The bands were great and all those young people are to be commended for their efforts and we congratulate Avon Park for its civic pride. Many of us also attended the "Great American Air Show" with our local "Flying Pioneers" and marveled at the daring stunts they executed with ease.

Frank Bowers, who accompanied his parents down from Clyde, Ohio, spent several days with us before returning home.

The Hubert Johnsons and their guest, Miss Ruth Isker of Minneapolis, Minn., spent Friday at Disney World. They especially enjoyed the Bicentennial parade depicting the history of the United States.

Turkey Tips For Thanksgiving

The Thanksgiving turkey will eat up a bigger part of the family food budget than it did last year stated poultry experts, who blame the higher prices on smaller supplies.

The U.S. Department of Agriculture reports that turkey producers who lost money last year cut back their flocks and did not hold as many breeders.

The overall supply is expected to be about 4 or 5 per cent below that of last year.

Note: As Thanksgiving approaches, many stores offer specials on turkey and retail prices do not always accurately reflect wholesale levels and turkey buyers are urged to shop around before buying.

Most turkeys are marketed as frozen whole birds although boneless turkey breasts and rolls are available in some areas. Whole, ready-to-cook birds can range anywhere from 4 to 24 pounds or more.

Whole turkeys usually cost less per pound than boneless breasts or roasts and turkey pieces, but they provide fewer servings per pound.

All poultry is inspected by either the state or federal

government. The inspection circle probably will appear on either the wrapper, wing tip, giblet wrap, package insert or label. Some poultry also carries a grade stamp. The USDA Grade A, in the form of a shield, indicates the bird is of the highest quality available.

How big a turkey to buy depends on how many people you plan to serve and whether you want leftovers. You can usually figure on a little more than two three-ounce servings per pound of whole turkey.

According to the USDA you can keep chilled raw poultry for one or two days in the coldest part of the refrigerator without it spoiling.

The USDA also recommends warns that salmonella bacteria may be present in the turkey and could be transferred to the stuffing. The bacteria in the turkey will be killed by cooking, but it may take longer to destroy the salmonella in the stuffing. If you cook them together, you could wind up with underdone stuffing or overdone turkey.

If you do prepare the stuffing inside the bird, allow plenty of time for it to cook through and pack loosely so heat can penetrate more quickly. The stuffing in the turkey cavity should reach a temperature of at least 165 degrees during roasting.

Window Painting

Contest To

Start Saturday

The Avon Park Recreation Department will sponsor a Thanksgiving Window Painting Contest for any group of young people in grades 3-12. Any group of the same class not exceeding 10 people will be assigned a merchant's window to decorate with any appropriate painting for the Thanksgiving season.

Painting will begin Nov. 22 and will be finished before 5 p.m. on Nov. 25. The Avon Park Recreation Committee will judge the windows at this time. Prizes will be awarded to the top three places in each grade category 3-4, 5-6, 7-8, 9-10, 11-12, with the first place prize being a trophy with all the participants names on it.

Last Thanksgiving 13 classes from Avon Park Elementary and the Middle School joined in the fall event. The youngsters had a great time competing for the prizes, while at the same time, the Merchants of Avon Park received a wonderful "decoration" for the display windows.

This year, with the addition of the high school in the competition, it is hoped that there will be bigger and better decorations for the citizens of Avon Park to enjoy.

If you make butter the first ingredient on sandwiches, it will add to the moisture and flavor and help keep the filling from soaking into the bread.

A HUNTER'S DREAM—To find turkeys leaves hiding them, in one of Highlands County's hammocks.

Game Commission Reports On Hunter's Bag

The Florida Game and Fresh Water Fish Commission reported the following game take at the Avon Park Bombing Range hunt area for the week of Nov. 10 through 16: Deer, 19; 5 turkey, 214 quail, 180 squirrel, 6 dove, 30 hogs and 134 snipe. There were 1,343 hunters using

the area during the time period.

The game take for the same time period for the Fishbearing Creek game management area is as follows: Deer, 6; no turkeys, 299 quail, 180 squirrel, 32 hogs and 122 snipe. There were 2,262 hunters in the area

during this week of hunting.

According to the Game Commission there will be no quota on the number of hunters able to use the Avon Park Bombing Range game management area this weekend.

Bonnie Brae Mobile Park News

By Margie Wells

It's wonderful to be back in Bonnie Brae again and the majority of our residents have returned. Our weekly coffee hour at 9:30 on Wednesday mornings is in full swing and the bingo games on Monday and Thursday nights started this week. Slides will be shown at the recreation hall on Friday night, November 21st, and don't forget our Thanksgiving dinner to be held on Thanksgiving at 1 p.m.

Mrs. Edna Clark and Mrs. Henrietta Nordholt of Indianapolis were recent guests of Rozzie and Lester Parkhurst. Mrs. Clark is a sister and Mrs. Nordholt a niece of Rozzie Parkhurst.

Margaret and Gene Brown and Ethel and Max Putnam, returned on Tuesday and were dinner guests at the home of Thelma Miller along with Thelma's son, George (Thaimers). It was seven years ago that the Putnams and the Browns arrived the same day for the first time.

Bonnie Brae residents were saddened at the sudden death of Dorothy Begeal. Percy and the family wish to express their sincere thanks for the kindness shown to them by their friends, relatives and the staff of Walker Memorial Hospital during Dorothy's illness and death.

We were also saddened by the news of Ralph Carroll's death on September 22 at his home in Cory, Pennsylvania. Ralph had been elected President of our Association.

SFJC STUDENT GOVERNMENT ASSOCIATION DANCE

The Student Government Association of South Florida Junior College will hold a dance from 8 p.m. to 12 midnight on Saturday, Nov. 29, at the Ag-Civic Center in Sebring.

"Cinderblock" will be the featured band. The dance is free for all S.F.J.C. students and \$1.50 each to the general public.

Emergency Number To Cost Taxpayers \$54,000

By Sept. 1978 residents of Highlands County should be able to dial a single telephone number, 911, to summon police, fire or ambulance assistance, County Commissioner Robert Skipper announced Tuesday.

Skipper, chairman of the "911 Committee", declared that the one-number emergency dialing system is a requirement set by the federal government.

Explaining details of Highlands County's response to the federal program, Administrative Assistant Charles Cullens reported that salary costs for six operators would be \$46,000 per year. An additional \$8,000 would be needed for leasing telephone lines.

The county has until Sept. 1978 to order its equipment and until Sept. 1978 to implement the 911 emergency call system, Cullens said.

Since about 85 per cent of emergency calls in the county are for law enforcement assistance, the nerve center of the 911 program will be located at the Sheriff's Department.

Persons needing help need only dial 911 to reach the answering service. An operator will respond immediately, Cullens explained, to correct the caller with city or county police, fire stations or ambulances.

The Florida Highway Patrol, and the Division of

Forestry will be connected into the system also.

Telephone circuits operated by United Telephone Co. present a slight problem, Cullens said, in that not all persons in Highlands County will be able to reach the county's 911 operator directly.

Some 1240 county residents will get Okeechobee County operators when they dial 911; about 350 people living in Polk County will get the Highlands County operator, not Polk's when they call the emergency service number.

Additional details concerning the 911 system will be provided as the target date for its implementation approaches, Cullens promised.

School Board Discusses Naming Superintendent

An appointed superintendent of schools or an elected one, as is the present system in Highlands County?

The question was placed before the school board at its reorganizational meeting Tuesday morning when board member Franklin Ward broached the subject.

Ward said he "feels strongly" that an appointed superintendent is preferable and suggested that now would be the ideal time to make a change, should others agree.

He was referring to the fact the county now has an interim superintendent, James Ferrel Smith, filling out the unexpired term of the late George Douglass and another election will not be due until next November.

Solicitor James McCollum advised that in order to alter its present arrangement the board must first submit a request to county commissioners, asking that the matter be placed before the general public through a referendum in a special election.

The commissioners would have no choice but to agree to the request, he said, but the final decision would be up to the voters.

Board Chairman Jack Wirick, who was re-elected to his position earlier, said he holds mixed emotions on the idea and pointed out that some counties which had gone the appointive route have returned to an elected administrator.

Ferrel Smith added the thought that only 10 of the state's 67 counties have appointed superintendents. From the audience Mrs. Ruth Handley backed Ward's feelings and noted that at this time, with no permanent administrator, the push for a change could not be considered a witch hunt. "No one's career is at stake," she suggested that a committee be formed to study the feasibility of the idea.

"This is too big a decision for the board to make without input from the community. A lot of people are not sure which method is best and a committee could look into all aspects. I am concerned about the number of qualified people who cannot run under the present system."

Board member Bill Gene Smith said that right now he could debate the question either way, but he agreed that if the people wanted to make a change, this would be the time.

"A referendum might be hard to pass. A lot of people don't want their vote taken away."

Vice chairman Ruth Davis, (also re-elected), expressed a leaning toward the appointed superintendent, on the basis that there is sometimes friction between a board and its

administrator, particularly if a board is passive and the superintendent, not.

Ward expressed his concern in that there are no legal requirements for a school superintendent other than that he be a citizen and a registered voter. He pointed out that many candidates for the position might not be qualified to handle educational, business and administrative fields.

"George Douglass

combined the best of everything, but someone else with lesser knowledge of education or poor administrative ability could get elected.

"We have some good men in the county, but are they the best? At least with an appointed superintendent the board would have a chance to go out and find the best, even if he's at the other end of the country."

William Van Baalen, executive secretary of the Highlands County Property Owners Association, reported a conversation with George Douglass this past year in which the late superintendent told him he favored an elective office.

"He said it gave him the independence to take stands in opposition to the school board when necessary. He told me that if he had been an

appointed position, there were many times in which he would in all conscience, have had to resign," Van Baalen said.

Mrs. Handley said, "I think we should make the county aware that the superintendent has no policy-setting power; that he is limited by the state and by the board which sets the policies that he administers. A committee study would show a lot that most people don't know."

"For instance, can anyone sue the school board?" Wirick said they could, either the board or its individual members.

Mrs. Handley pressed for a committee study and Wirick asked whom she suggested to comprise the committee. She recommended two members of the school board, representatives of the lay advisory committees and of the teaching staffs and parents.

A member of the audience disagreed, saying that most such groups are heavily weighted with school-oriented personnel, which tends to dissociate the public. It was suggested that more of the public be involved in the study, which stand was backed by board member Steve Roberts.

Ferrel Smith pointed out that it could be a highly emotional issue, and Mrs. Davis advised that persons be appointed who would attack the study unemotionally in order to seek out the most feasible system. He be put on the agenda for further discussion at the next meeting.

Pre-Registration To Open At Junior College

Wilford J. Beumel, dean of administration at South Florida Junior College, has announced the schedule of pre-registration for students intending to enroll in the spring term.

All presently enrolled full-time students who intend to take at least 12 semester hours of college classes during the spring semester are eligible to pre-register during the Nov. 24-26 and December 1-3.

Eligible students who plan to pre-register must contact the director of student personnel and counseling services and make an appointment during that period to draw up their schedules. All registration fees must be paid at the time of the student's appointment.

Because of the large increase in enrollment at SFJC, several

classes may be filled before open registration begins Jan. 2. Therefore, it is to the benefit of eligible students to pre-register. This gives them priority for classes with limited enrollment. Spring

schedules are available at the college.

Students planning to pre-register should make their appointments at the college or call 453-6661, Extension 131, in Avon Park.

Medical Service Activity Slow During Week

The increasing tempo of work for Highlands County's Emergency Medical Services dropped a little last week.

EMS handled 27 emergencies last week compared to 30 the week before. Last week there were eight transfers, four fewer than the preceding week.

Sebring's high of 20

emergencies was down to 13 last week, but Avon Park, which had recorded six emergencies two weeks ago jumped to 12 last week. Lake Placid's calls were down from four to two.

Last week's transfers were all in Sebring. Five were in-county and three out-of-county.

Thanksgiving Services

"For all things are for your sakes, that the abundant grace might through them reach the thanksgiving of many resound to the glory of God."

This passage from 11 Corinthians is included in readings scheduled for Thanksgiving services at branches of the Church of Christ, Scientist.

The 10-30 a.m. service at Christian Science Society located in Avon Park Lakes, on Nov. 27, 1973, will include reading of the Thanksgiving Proclamation of Gerald R. Ford, the President of the United States and a Lesson Sermon on Thanksgiving. No collection will be taken.

Mr. Herbert H. Woolser, First Reader, and Mrs. Ruth E. Nickoley, Second Reader, will conduct the worship service, which also includes testimonies of gratitude.

BEACHED... and forgotten!

This old forgotten boat is almost buried in the reeds. Can this boat in any way be compared to our talents? What of these talents that God has given us? Have they been beached, forgotten, buried?

Heaven expects us to help in this matter of creating a better world where brother helps brother by using to the fullest extent the talents He has bestowed upon us. God always provokes and prods mankind to do good works, and accomplish great things. And He says that if we dedicate ourselves to this matter He will help. But the decision to use our talents and develop them is our choice.

"Messiah" To Be Presented At First Baptist Church December 5

George Frederic Handel's famous oratorio, "Messiah," will be presented this year on three evenings in different locations in Highlands County. On Friday, Dec. 5, it will be given at the Avon Park Baptist Church; on Saturday, Dec. 6 in Sebring; and on Sunday, Dec. 7, in Lake Placid at the Placid Temple Church of God. All performances will be at 7:30 p.m.

Bob deWitt, president of the Messiah Society of Lake Placid, a countywide group of singers which presents the oratorio each year, said, "The response to the presentations in Sebring and Lake Placid last year was so good that we are extending the performances further north in the county, so that 'Messiah' friends won't have to travel so far. The presentation will be

different this year. We will be doing fewer solos and adding several new choruses, since the main reason for the popularity of the oratorio through the ages lies in its glorious choruses."

Handel, a German-born composer famous in his youth for his operas, chamber music and harpsichord compositions, dedicated the latter portion of his life to writing oratorios. The oratorio developed in Italy as a musical drama to be played in the oratory, the meeting room of a religious association. Singers represented characters in a Biblical story or in the life of a saint. A chorus usually represented groups of people or crowds reacting to the events in the story.

The Messiah is an exception. Containing no dramatic action, the Messiah illustrates the foundations of Christianity in a

series of musical numbers telling of the prophecy of Christ's coming, His birth, life, death and resurrection.

Some of the choruses David Rinald, musical director of the Messiah Society, has chosen for the 1973 presentation show Handel's great versatility. One is a happy dance-like chorus in triple time, another recalls earlier English music in its melody, lightness, and good cheer, still another portrays grief with solemn rhythms and thick harmony.

The thrilling "Hallelujah" chorus shows Handel a master of choral effects, particularly in dividing a chorus into two groups singing different themes.

Handel wrote the "Messiah" in 1741, at age 35, and presented it in the new Music Hall in Dublin in 1742. It was the first of his oratorios and destined to become one of the most popular works in music.

Damage Suit

Filed In

Circuit Court

A damage suit filed in circuit court is asking damages in connection with an accident between a vehicle driven by Deborah Patrick Pickner and a La Paz Packing Co. truck.

The truck driver, Walter McClelland Belford, Hartford Accident and Indemnity Co., and Lykes Pasco are defendants in the suit filed by Pickner.

The accident occurred at the intersection of U.S. 27 and State Road 64, west of Avon Park, Feb. 4, 1974.

New Builder In County

The newest single family home builder in Highlands County, Sun Dial Homes, is destined to attract a lot of

attention in the single family market because of its introduction of a two bedroom, one bath CBS constructed home that sells for \$17,900.

Money talks for both the buyer and the seller. "We haven't stripped down this home, like the auto makers do, and then ask for more money on a lot of options," said Lou Rowley, vice president in charge of construction.

"This two bedroom model includes a number of outstanding features all included in the price tag. All our homes are centrally air conditioned and heated and all come with a choice of plush shag carpeting or high-low carpeting in every room," he added.

Rowley, who has constructed hundreds of homes in the South Florida area for sister corporations to Sun Dial Homes, is completing three distinctive homes in a special model center located at the corner of Jasmine Street and Wistaria Place, Orange Blossom Country Club Community just south of Sebring.

Sun Dial will duplicate any of these three model homes on a home site anywhere in Highlands County.

In addition to the model mentioned, the company is introducing a two bedroom, two bath home in three different elevations: Spanish, Colonial or contemporary — for \$22,990, including the

magnificent Roman master bathroom. The three bedroom, two bath model carries a special introductory price of \$24,990.

While Sun Dial Homes is just now planting its roots in Highlands County, the firm has built more than 2,900 single family homes in Broward and Palm Beach counties in recent years.

"We've satisfied a lot of folks so far," Rowley added. "When you know what we want in a home, you've got a solid head start on any other builder. We've got those answers and the proof's in the pudding."

Car Found Burned

A smoldering red Mustang is providing Highlands County sheriff's department with its newest mystery.

The ruins of the car were found Nov. 12, south of the Kahn groves on Grove Road between Lake Denton and Red Water.

Investigators said the car had been stripped and set on fire. No tag or vehicle identification of any kind could be located, and remains of the car do not fit any recently stolen cars, deputies said.

Southland Court News

By Marion Learned

We would like to welcome back all winter residents. Most had a good summer and we know they will enjoy their winter here in sunny Avon Park. We would like to extend a warm welcome and the right hand of fellowship to our newcomers: R. J. and Bea Carter, Alan and Marty Hill, Jack and Dol Lavery, Abbe and Ruth Abendhous, Gordon Stichter, Angus Cameron, Ann Miller, Mr. and Mrs. Aelschlagel and Mr. and Mrs. George Davis. All residents are urged to attend the social events.

Ann Condit, our park chairman will appreciate the cooperation and acceptance of

individuals for various committee positions when asked to serve. She will appoint the nominating committee shortly.

The first coffee hour was held on Tuesday at 9:00 in the Rec. Hall. There were 30 present and one guest, Earl Lowing, son-in-law of Golda Daun. In the evening 11 were present for Aggravation.

Shuffle board matches will be held on Friday at 1:30 and Bingo at 7:15 p.m.

Everyone is glad to see George Sennett back from the hospital and hope for a speedy recovery.

All for this week. Good health and happiness to all.

Avon Park Grange Report

By LaVerne M. Fulmer

Avon Park Grange met Nov. 11 with Master Miriam Debo in the chair. Three applications for membership were received and two candidates were balloted upon and elected. Installation of officers was postponed until the next meeting when Deputy Walter Wood and suite of Venice Grange will be here.

Phoebe Chase, Chairman of "Women's Activities," reported that Miriam Debo won first in the state on crocheted edgings in the National Grange Needlework Contest.

Keith Debo, Leston Goodrich and Ralph Fulmer will donate tomato and flower plants for the Plant Sale at the Woman's Club on Nov. 14. Leston Goodrich, Donald Mason and Louise Clarke were named to make plans to enter the Christmas Parade on Dec. 4.

The Lecturer, Evelyn Goodrich, presented an Armistice Day program. Lloyd Slocum told about a Veteran's Day; Chester and Lillian Seeger gave a skit, "The Two American Citizens; Song - Old Glory; Miriam Debo had a reading, "The American; The lecturer gave the Horoscope for five members who had birthdays recently; a telegram from; solo by Edith Martensen - Onward Christian Soldiers.

The next meeting will be held in the Woman's Club Hall on Tuesday, Nov. 25, starting with a pot-luck supper at 6:30. Bring own table service and a dish to share. This will be an open meeting with visitors welcome. Come and learn what the Grange is all about. Installation of officers will begin at 7:30.

Editorial I

MS. TRUTH

TRUTH: All driving can be dangerous. Low speeds and short trips are potentially as hazardous as high speed and long trips. More than half of the accidents causing injury or death occur at speeds less than 40 mph. Fatalities involving non-belted occupants have been recorded as low as 12 mph. (That's about the speed you'd be driving in a parking lot.)

MR. MYTH

MYTH: I don't need a safety belt when I'm traveling at a low speed or going on a short trip.

Safety is a family affair.

*Our invitation
to you...*

first federal savings
and Loan Association of Highlands County

November 20, 1975

In behalf of the board of directors, officers and staff of First Federal Savings and Loan Association of Highlands County, I take this opportunity to invite you to attend our Open House Thursday, Nov. 20, 1975 from 6 p.m. until 9 p.m. at our new building located at 126 W. Center St. in downtown Sebring.

Our expansion has been made possible by the progressive and friendly people of Highlands County, with whom we have enjoyed doing business and whom we count as friends. We are happy to be part of such a community and to be instrumental in furthering its promising future.

Our directors, officers and staff greatly appreciate the support given us and our endeavors. We pledge to continue serving the people of our community, in a spirit of cooperation and dedication.

Sincerely,

Stanley H. Davis
President

As we were

This aerial photo shows N. Ridgewood Drive as it was about the time First Federal Savings and Loan Association opened its doors. To the right of the photo notice the old News building with opposite lot, now

the Sebring Tourist Club, providing parking space for a few cars; an old brick building (formerly an auto agency) standing where the city parking lot now is. Mid-way on the left the old Sebring Tourist

Club can be seen on the site now used by First National Bank. The lot used by the original First National building was vacant. First Federal's original site was on N. Ridgewood, a block north of the

Circle. The tallest building at the right of the Circle was the home of Tropical State Bank (earlier name of Barnett Bank at Sebring). Highlands County News photo.

First Federal chartered in 1955

In the years following World War II many of the former GI's who had trained at Florida military installations returned to Sunshine State to become permanent residents. Former trainees at Hendricks Field (now Sebring Airport) flocked back to the Ridge, joined a growing stream of senior citizens. Together they produced a housing "crunch" in Highlands County.

To meet the needs for financing for homes and businesses, First Federal Savings and Loan Association was born, chartered in December 1955.

The founding meeting for the association was held in the Chamber of Commerce building (the southern end of the old Sebring Tourist Club building, now the site of First National Bank.) That meeting was held Jan. 30, 1956.

Five directors were elected: Frank Bryant, Stanley Davis, William Schaeffer, Sadie Kahn and Henry Crutchfield. Later, when officers were chosen, Bryant was named president, Davis, vice president and secretary.

In April 1956, Dr. W. S. Coon and Ed Hainz were added to the board completing the administration for the association which opened for business May 19, 1956.

On that opening day total assets were \$350,000. Stanley Davis and Mrs. Vera Helm were the only full-time staff in those early days.

In 1957 Davis became executive vice president and

treasurer. Schaeffer was named vice president and Haywood O. Taylor, secretary.

First Federal was at opening day in 1956, capitalized at \$350,000. Assets are now in excess of \$50,000,000.

Within that first year assets climbed to \$615,601. At the close of 1960 the assets were up to \$5,094,395; by 1964 to \$9,943,947.

This has grown to \$14,462,386 by Dec. 31, 1968, and at the close of 1971, the record was up to \$21,626,827.

Mid-way in 1973, even the usually conservative Davis was terming First Federal's rate of growth as "fantastic." Within the first six months of 1973 the assets jumped by \$5,838,000 — almost equally within half a year the growth of all of 1972.

While drop in home-building is reflected in the slower rate of growth for First Federal, it has, nevertheless, continued to grow and has crossed the \$50,000,000.

Leadership has been stable. Bryant, the first president, moved to chairman of the board in 1961 and Davis became president.

The first offices for First Federal Savings and Loan were on N. Ridgewood, in the Kahn building, facing the foot of Mango. Some years earlier the arcade portion of the building had been enclosed to provide additional business space fronting directly on N. Ridgewood.

This was the space taken over by First Federal and later

it was remodeled to provide more efficient offices.

However, the N. Ridgewood space was not large enough for the rapidly expanding business of First Federal.

Soon plans were on the drawing board for a whole new building — a short block off the Circle on E. Center. That building was opened Feb. 19, 1960.

Within less than two years, that building too was inadequate and an addition was constructed which approximately doubled the available space. That addition was placed in use in 1962.

The next move was to wheels. A mobile unit went on the road in June 1967, taking services to Lake Placid and Avon Park. In July 1970 a

Southgate stop was added to the mobile unit schedule.

The next step to meet demand for services was opening of a branch office at Lake Placid, providing service five days a week rather than the two days offered by the mobile branch.

Lake Placid branch opened on Jan. 3, 1972. Avon Park branch office was opened July 12, 1973, and Oct. 14, 1974, a full service branch was opened at Southgate.

Branch offices took the pressure off the downtown location, but did not meet all the needs. So, in 1972 First Federal purchased land for a new building site — the area by Pomegranate, Wall, Commerce and W. Center Street.

The W. Center street building was designed — by architect Stephen Davis of Miami — to be built in two stages. The first three stories, providing 25,000 square feet of floor space has been occupied since late September.

There is provision for addition of four more floors as the institution grows.

At the present time First Federal is using only two floors of the new building. The third floor has been reserved for the next round of expansion.

While the construction and additions have been a highly visible form of growth of First Federal, the more dramatic growth has been in services and assets.

First home

When First Federal and Savings Loan Association of Highlands County opened in May 1956, it occupied this N. Ridgewood site, opposite

Mango Street. In 1960 the small staff pitched in to move the firm into its new E. Center Street home.

Main office adds new services

Along with the move to its new building, First Federal has been able to add new services at the headquarters site in downtown Sebring. These will be added to the branch offices as fast as personnel is trained.

Recently-passed laws and tax rulings paved the way for individuals not participating in company retirement programs to set up individual retirement plans.

First Federal Savings and Loan of Highlands County is now providing individual retirement accounts.

These tax-sheltered accounts are growing in popularity, especially among the business and professional workers who have faced problems arising from high income taxes during their most productive years and little in retirement benefits for later.

A second new service is in a related field, the Keough accounts. These are special accounts for the self-employed person who has a few employees working with him.

Keough accounts pave the way for the small businessman to provide retirement benefits for himself and his workers.

A "mini-Keough" is

available for the worker who may be earning some wages on a second job or in a part-time job. The mini-Keough must be tied to money that is earned as wages; this tax-sheltered program is not available for income earned on rents and investments.

First Federal officials point out that it is a type of account popular with persons who may sell insurance or autos or real estate, in addition to holding another job.

A third new service now available at First Federal is designed especially for those persons who hate to keep track of a savings book. The trend is for financial institutions to treat savings accounts in much the same way banks handle checking accounts.

Both deposits and withdrawals are recorded on statements that are mailed out each month during which the account shows any activity. Instead of the often-elusive passbook, the depositor is issued a small - usually plastic - card much like a credit card.

The depositor keeps track of deposits and withdrawals, just as the individual does with a checking account, then balances his bookkeeping with

the statements mailed from First Federal.

First Federal calls this new approach Prestige statement accounts.

In the near future First Federal will offer personal money orders for sale. Work is already under way to provide this service.

Another service to be offered soon is safety deposit boxes at Avon Park. Construction for

the safety box area is almost finished at the Avon Park branch and is due for completion within a few weeks.

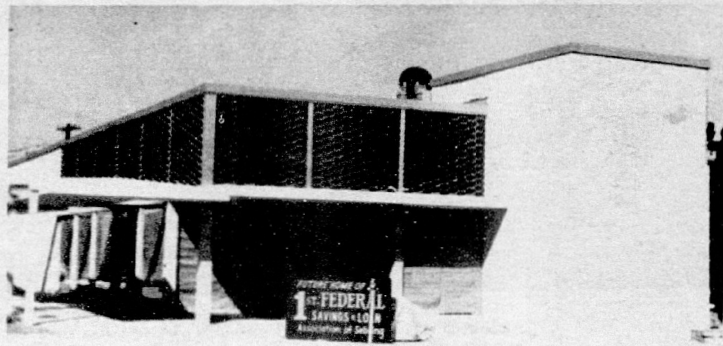

Safety deposit boxes have been available at the main offices of First Federal Savings and Loan for some time.

Other services available at the downtown Sebring site and at all branches are insured passbook savings, certificates of deposit, direct deposit of

Social Security checks, travelers' checks, series E of United States Savings Bonds.

A variety of loans are handled by First Federal: home loans, construction, condominium, improvement, commercial property loans are all available.

In addition there is a notary public service and the downtown office has drive-up facilities. All the locations provide free customer parking.

Second home

The second home for First Federal Savings and Loan Association of Highlands County and the first building built especially for the firm

was finished in the first days of 1960 and opened for business at its E. Center Street location Feb. 19, 1960.

Tops \$5 million

When Mrs. Christine Adcox of Sebring made a deposit in her First Federal Savings account in January 1961, that deposit sent the total deposits

for First Federal over the \$5 million mark. Haywood O. Taylor, then association secretary, received that deposit.

Staff expands with growth

As First Federal Savings and Loan Association of Highlands County has grown and added branches, its staff has expanded.

Ten years ago the First Federal officers' list held seven names.

Today three branch managers have been added to the staff, along with two assistant vice presidents, an assistant vice president assistant secretary, and an assistant treasurer.

Correspondingly, the general staff has increased with the total number climbing from 15 to 32.

Officers now serving with

First Federal are Stanley H. Davis, president; Frank E. Bryant, chairman of the board; William C. Schaeffer, vice president; Haywood O. Taylor, vice president and secretary; Bob M. Terrell, assistant vice president - assistant secretary; Sara L. Holifield, assistant vice president; Jack Frey, assistant vice president; Donna J. Crawford, treasurer; John D. Lighty, assistant treasurer; Mary Alice Martin, assistant secretary; Ruth W. Cook, assistant secretary.

The branch managers are Sherlie L. Porter, Lake Placid; Ruth D. Tew, Southgate; Shirley Dittmar, Avon Park.

Other staff are Vanessa Godwin, Gail Kirchman, Howard Teeple, Donna Sue Stanley, Robert Kinchen, Clarence Lowe, Susan Deck, Mary Stringer, Mary Summers, Dorothy Trevelyan, Kay Street, Teresa Newgent.

Debra Witten, Wanda Lackey, Yvonne Money, Alma Bridge, Linda Riddling, Sandra Albury, Claire Payne, Cheryl Hawkey, Linda Taylor, Patti Heacock.

Sue Belflower, Jacque Maxcy, Rebecca Pollard, Alice Faye Williams, Terry McCullough, Gloria Grady, Rita Rich, Susie Hill, Rick Hurley and Anne Flagg.

Then it grew

Before First Federal building on E. Center was two years old it was too small, so in

1962, an addition was constructed, increasing the

building space approximately 100 per cent.

Little change in leaders for last two decades

In the two decades of its life First Federal Savings and Loan Association of Highlands County has had remarkably little change in leadership.

Ed L. Hainz and Mrs. Sadie Kahn, who were chosen in 1956,

ED L. HAINZ

SADIE KAHN

are the only directors who have left the board. Hainz died in 1961; Mrs. Kahn retired in 1971.

Hainz was one of the earliest residents of the town of Sebring and one of the early members of the staff of Sebring Real

Estate Company. (Sebring Real Estate Company, founded by the town's progenitors George E. and H.O. Sebring, was one of the first businesses established in Sebring).

In addition to his work in real estate, Hainz also established a drug store located at the corner at W. Center and the Circle.

When the first city elections were held Ed Hainz was one of the top vote-getters. His record of 14 votes swept him into office for an 18-month term.

Councilman Hainz was appointed, along with Mayor J.H. Lopp and Councilman J. C. Rice, on a committee to draw up a Code of Ordinance. Three meetings later city council relieved the committee of its task and a short time later named a second ordinance committee.

Councilman Hainz took on new responsibilities. At the suggestion of George Sebring, he went to Arcadia and opened conversations with Ed Scott, owner of the telephone company then serving in DeSoto County, which included what is now Highlands County).

Among Scott's requirements was a minimum of 10 customers. Although the rate was only \$1.50 a month, selling the service was hard, so finally Hainz filled out the contract by paying for two or three telephones which were hung on trees in the Circle for public use.

Over the years Hainz was a builder, banker, jeweler, but the final years of his life were devoted to the savings and loan association he helped to found.

Sadie Shear Kahn, the first and only woman to serve on First Federal's board of directors, retired from the board in 1971.

Her association with the

highly successful financial institution was only part of her business achievement.

From her marriage in 1921 until the sudden death of her husband, in 1943, she had placed her primary energy into being a housewife and rearing four children.

When Michael Kahn died, Mrs. Kahn and her children all pitched in to keep the family's various business interests afloat.

Mrs. Kahn took over management of the Kahn groves. Today she declares she made lots of mistakes — but probably not so many as she thinks she did, for the groves prospered.

In 1956, when the family became involved in launching the First Federal Savings and Loan Association of Highlands County, Sadie Kahn was elected to the board of directors.

She has retained her position as chairman of the board of Kahn Groves, but decided to retire from the First Federal board — to take life a little easier, she said.

While her business responsibilities are lighter, the ever-involved, tireless worker has not retired so much as she has shifted energy, giving more time to volunteer work.

Two of her children have moved away from Sebring: Dr. Leon Kahn, a physician, and A.J. "Bucky" Kahn, an east coast businessman. Two Kahns have made their homes in Sebring.

Ruth Kahn Davis is associated with a real estate firm and is a member of the Highlands County School Board. Marvin, who helped found First National Bank, manages the Kahn citrus interests and serves as a member of the Florida Citrus Commission.

Youngest branch

Youngest of the branch offices is the one in south Sebring. A full service office was opened in Southgate Shopping Center in October 1974.

FIRST FEDERAL

Two going on three

A full service branch office was opened in Avon Park two and a half years ago.

Construction is now in progress for a safety deposit box section at this branch.

Early mobile offices

Before there were branch offices, First Federal Savings and Loan Association of Highlands County took service to the people via a mobile office.

First Federal "hit the road" June 12, 1967, with a vehicle looking much like an oversized motor home. One staff member—usually Mary Alice Martin, and sometimes Sara Holfield — would drive the big van to Lake Placid two days a week and to Avon Park two days.

In July 1970 permission was granted for the mobile unit to operate at Sebring's Southgate Shopping Center. Wednesday was the day at Southgate and rounded out a full week on the road.

Mondays and Tuesdays were the Lake Placid days,

Thursdays and Fridays in Avon Park.

In each of these locations the office hours were 9 a.m. to 1 p.m.

After regular branch offices were opened at each location, providing five days-a-week service, the mobile unit was terminated.

On July 17, 1973, the Savings and Loan Association of Lake County purchased the unit.

Last week Mrs. Holfield reminisced about the van. "You know it had no hood, so you felt as though you were sitting so high and running over everything else. It was kind of scary, but you got used to it."

She admits it was not easy to park the big vehicle. However, neither she nor Mrs. Martin ever had an accident with it.

Oldest branch

In January 1972 First Federal opened a full service branch office in Lake Placid,

the first of the three branch offices to be opened by the association.

Introducing . . .

The First Federal Directors

Dr. W. S. Coon

Dr. W. S. Coon was named to the board of directors of First Federal a month before the firm opened in 1956. He is a native of Indiana, an alumnus of Indiana University, a veteran of World War II.

In the post World War II years he and Mrs. Coon moved to Sebring and he opened dental practice here.

Dr. and Mrs. Coon are parents of two daughters and a son. During the years the children were growing up, the Coons were active in leadership of many youth-oriented programs. Dr. Coon served as an officer of Sebring-Highlands Little League and the high school athletic association.

Dr. and Mrs. Coon share an

avid interest in golf and fishing, and he plays tennis and more recently became interested in gardening.

All three of the Coon children are now married and living out of town: Janie Gross in Brandon, Ann Scott in Cincinnati, Ohio; Philip in Denver, Colo. Dr. and Mrs. Coon have four grandchildren.

Frank E. Bryant is chairman

The first president of First Federal Savings and Loan Association of Highlands County, Frank E. Bryant, came to Sebring 28 years ago.

The Miami native entered law practice here and became a partner of the widely known Sebring pioneer, Fax Haskins. Although Haskins died in 1954, the law firm continues under the name Haskins and Bryant.

In 1961 Bryant moved from Presidency of First Federal to chairman of the board.

Bryant attended school, up through college, in Miami. He earned his law degree at University of Florida.

When he came to Sebring he immediately became involved in civic life and has been active in several groups, including Sebring Lions Club and Sebring Firemen.

He was active on the Firemen's Race Committee and in the negotiation of some of the early contracts the Firemen held as the local sponsoring agency for the Race.

For many years Bryant was attorney for Highlands County School Board, in the late 60's and early 70's representing the school board in its negotiations with the federal government on implementation of the federal civil rights legislation.

These negotiations concluded with Highlands being one of the six Florida counties never under a court order to meet civil rights requirements.

Bryant is married to the former Mary Brigham of Winter Haven. Mr. and Mrs. Bryant have two daughters and a son. Polly is a Sebring High senior; Nancy works at South Ridge Title and Abstract Company; Frank "Clipper", is taking time out from law studies at Tulane University to travel in Europe this year.

Henry Crutchfield

The history of citrus in Highlands County is linked to the Crutchfield family history.

In 1920 Henry Crutchfield moved to the Sebring area. He is a native of Jackson County, Fla. In his first years here he worked for F. A. Sebring, and planted many of the older groves in the days when the grove work was done more by mule and manpower than

machines. The groves still standing around Basket Lake were all planted by Crutchfield.

In 1939 Crutchfield founded the company now known as Henry Crutchfield Inc. When First Federal was launched Henry Crutchfield was a member of the first board of directors.

In more recent years two

sons, Earl and Tom, have joined the citrus business, but Crutchfield remains active in the firm serving as chairman of the board.

The Crutchfields are also identified with golfing in this area and for several years have sponsored the Crutchfield Junior Citrus Championship match.

Stanley Davis, president

First full-time employee for First Federal Savings and Loan Association of Highlands County was Stanley Davis. He and Verna Heim were the only full-time staff when the association opened in May 1956.

Davis came to Sebring in 1950. He is a native of Miami

and attended school in Miami.

He earned a college degree at University of Florida. When he first came to Sebring he was engaged in grove business, acquiring some first hand knowledge of the agribusiness which for so long has been the backbone of Highlands County economy.

In the mid-50's he began working on the organization of the first savings and loan association in the county.

When the First Federal opened Davis was vice president, and the next year was made executive vice president. In 1961 he moved up to his present post as president.

Hue E. Nunnallee

The "newcomer" to the First Federal Savings and Loan Association board is Hue E. Nunnallee, Avon Park lawyer and agribusinessman. He was elected to the First Federal board in 1972.

Nunnallee, a native of Holland, Tex., came to this

area 18 years ago. He holds a liberal arts and law degrees and attended Baylor University, University of Texas and Stetson University.

Nunnallee for several years was county prosecutor, later attorney for the county commission. He is a member of

the South Florida Junior College board of trustees.

He is a member of the county, state and national bar associations, and in Avon Park belongs to the Union Congregational Church. He is married and has six children.

William C. Schaeffer, vice president

Vice president of First Federal Savings and Loan William C. Schaeffer is one of those "retired" businessmen who moved to Sebring to "take life easy" and actually began a whole new career.

Schaeffer, a native of Henderson, Ky., came here in 1946, moving from

Spartanburg, S.C. He had been engaged in insurance and in broom manufacturing prior to his retirement.

After his move to Sebring he became active in Sebring Chamber of Commerce, served as a director, president and for a time as secretary of the chamber. He has been a

member of Rotary Club for many years.

Schaeffer was a member of the founding board of directors for First Federal and has served as vice president throughout the firm's history.

In recent years his failing health has prevented Schaeffer's active participation in business.

Commissioners Approves Plans

For County Building

Highlands County Commissioners approved preliminary plans for the \$40,000 Avon Park County Building at their meeting last week. James Heim, well known local architect, and Anna Belle Worden, Executive Manager of the chamber appeared before the commissioners for their review approval.

The Avon Park Chamber of Commerce started working on this project in February 1972. A site committee of Anna Belle Worden, Malcolm Crews and John Morris was appointed. In January of this year the purchase of the site by the county was finalized. At that time the County Commissioners appointed a building committee, Kelly Phillips, Gordon Hayes, Anna Belle Worden, Charles Cullen, Bob Dunty and Bill Stephenson.

The building committee worked on tentative plans for several months and James Heim was secured as architect. Heim has been conferring with

the building committee for several weeks before the plans were ready to be presented to the County Commissioners.

The site located on the corner of South Lake Avenue and West Bell Street was secured through the efforts and work of

David Lanier, Attorney and Mrs. John Townsend, former President of the Avon Park Youth Center Development Association.

The building facing South Lake Avenue calls for 2500 square feet of floor space

exclusive of a porch, with a large assembly room, small conference room, tag office and will house the Health Department offices and facilities. There will be approximately 25 off street parking places.

Local Man Killed In Plane Crash

An Avon Park man was killed in a light plane crash at Pompano Beach early Friday after he had started to Avon Park and apparently turned back due to fog.

Earl N. Maloy Jr., 46, a mechanic for Avon Park Flying Service, left the Ft. Lauderdale airport at 5:15 a.m. Friday and crashed 30 minutes later near the approach to the Pompano Beach Airport, according to

Donald Gossick, owner of Avon Park Flying Service.

The light plane hit high tension wires going down and caught fire crashing in the yard of a home where a family of five were asleep, Gossick said.

Gossick said Maloy was a commercial pilot and an aircraft inspector, the highest rating for an aircraft mechanic. Maloy owned the plane in partnership with

Arnon Longoria.

Maloy had flown to Ft. Lauderdale Thursday evening to see his father who was ill and had started back in time to get to work at 7 a.m.

Funeral services were held Monday at 11 a.m. in the Assembly of God Church, Avon Park, of which he was a member. Burial followed in Bogalville Cemetery under the direction of Stephenson-Smith Funeral Home.

He had lived in Avon Park two years, coming here from Cleveland. Survivors include his wife, Joyce, who is a teacher at Avon Park Elementary School; three daughters, Lori and Patti, both of Avon Park; Judith, Eagle River, Alaska; two sons, Michael, Avon Park, and Earl N. III, of Eagle River, Alaska; his father, Earl N. Maloy Sr., Ft. Lauderdale; his mother, Mrs. Juanita Trimmer, Ft. Lauderdale; and a sister, Susan, of Michigan.

Church Named Man Of Year At Farm-City Banquet

John Church, of Avon Park, an employee of the Florida Alcoholic Rehabilitation Center, was named Man of the Year Monday night at the ninth annual Farm-City Week Banquet in the Highlands County Agri-Civic Center.

Following presentation of the award by last year's man of the year, Marvin Kahn, who acted as toastmaster, an audience of 200 heard an address by State Senator Curtis Peterson, chairman of the Florida Senate Agriculture Committee.

Church was presented the coveted award for his leadership and support of Farm-City Week programs ever since their inception nine years ago.

Originally from Tennessee, Church spent 22 years in the Air Force, the last five in Highlands County. He retired from the service in 1956, and has been living in Avon Park ever since.

A member of the Avon Park Kiwanis Club, he has been a key member of the Farm-City Week Committee.

Sen. Peterson, a Democrat representing Florida's 13th Senatorial District, emphasized the historical importance of a free enterprise system, both to agriculture and business.

Peterson, a nurseryman from Lakeland, traced the start of farming in this country back to a Spanish colony at St. Augustine in 1565.

The governor at that time, he said, wanted to make the colony self-sufficient. But in order to succeed he had to develop agriculture. After failing to convert the soldiers, Franciscan scholars and civilians to do agricultural work, the colony finally ran out of food and the governor decided to turn the land over to the people.

"He made them individual land owners - and it worked," recalled Peterson, stressing that this was the first example of free enterprise in the New World.

Peterson said the U. S. Revolution actually started 10 or 15 years prior to 1776 - in the minds of the common people, including the farmer, who were losing their economic freedom.

"They were being told who they could sell to and who they had to buy from. They were losing many freedoms, but the economic problems were the most serious," Peterson said.

"The same thing could happen to us today. A few of our freedoms are being nibbled away, too," he explained. "We

need to protect these freedoms as long we have strength."

Peterson cited the problems of agriculture: "In the past 20 years we have given away \$25 billion in food - \$12,000 for every man, woman and child in this country."

"Twenty years ago 71 per cent of the world's population went hungry. Today there are still 71 per cent who are hungry," he said.

"No one but farmers can produce food, and we have the finest, most efficient farmers in the world," Peterson continued.

He said this past year U.S. farmers produced so abundantly that our country exported \$24 billion in food, enabling the U.S. to have a positive balance of payments for the first time in recent years.

"That's what it means to have a strong, viable, energetic and free agriculture. That's why it's so important to maintain a free enterprise system in this country," Peterson stressed.

He concluded by urging his audience to "join the 16-cent lobby - send a letter to your legislators telling them how you think about issues that concern you."

Santa Claus made a sneak appearance in Avon Park last night for his annual appearance in the Avon Park Christmas Parade next Thursday night (Dec. 4th).

He parked his sleigh in a secret place and called a Chamber official to transport him to Virginia's Beauty Salon for his appointment to have his beard styled.

When Santa was asked what he would like for Christmas he said, "A real live baby doll - like Virginia."

Santa also requested that he get to ride on the "Cherry Picker" again this year in the parade. He thinks that is "far out." So all arrangements are made for the "Cherry Picker" to transport Santa down the Mile Long Mall at 7 p.m. Thursday, Dec. 4th. "What Santa wants Santa Gets," you'd better believe it!

\$45,000 Earmarked For City

Red Tape Delays Grant

Public hearings on Dec. 8, 11 and 15 were scheduled by the Avon Park City Council for the preparation of the 1976 Housing and Urban Development (HUD) program in a grant application at the regular Monday night meeting of the council.

This grant application would be for the second year of HUD funds for community development and rehabilitation. HUD funds for the first year's program will be available for the city to use on Jan. 8, 1976. The delay in release of \$45,000 HUD rehabilitation funds to the city is caused by the necessary red tape of environmental reports, advertisements and other HUD certification requirements.

Scraphim Leal of Canabed and Flesing reported on the variations of the rehabilitation program which can be used for community development, with three major categories:

1. Direct loans (and possibly grants) of community development funds for rehabilitation in community development target areas (Fewest number of cases, maximum staff requirements, fastest to initiate, grants are not recaptured).
2. Various forms of matching community development funds with lending institution funds to reduce lending institution rates to the borrower, with all funds repaid. (Good number of cases, minimum staff requirements, slower to initiate, funds recaptured).
3. Direct grants of community development money to the borrower to reduce interest rates of private lending institution loans, in which case the community development money is not recaptured. (Maximum number of cases, minimum staff requirements, slower to initiate, no funds are

recaptured).

It was moved by the council to select the second method of a combination of loans and grants with the maximum grant being \$2500. The first method was second choice.

On the rehabilitation program deal is to prepare an outline for the use of lending institutions. The final administrative procedures would be drafted for city council approval and sent to HUD.

The city cannot enter into any loan contracts until the designated money has been received from HUD.

Work Areas Named

Work on the city sewer improvement project will continue with contractors scheduling the following streets as being work areas during the week of Dec. 1 through Dec. 5.

Gator Utilities lists the following locations: Feagin between Bell and Canfield.

Streets: Canfield between Feagin and Central Aves.; Camphor between Florida and Anoka Aves.; Walnut between Florida Ave. and U. S. 27.; Florida between Edgewood and Cornell Streets.

McCullum Construction has scheduled the following streets as work areas for the week

Dec. 1 through Dec. 5.

First Street between Carolina Ave. and Delaney Ave.; Carolina Ave. between First St. and Canfield St.; Washington St. between Highlands Ave. and Woodrow St.; Cornell St. between Cherokee Ave. and Willow Ave.

IN AN EARLY visit to Avon Park Santa stopped at Virginia's to get a few last minute touch-ups for his curly locks and whiskers before the Dec. 4 parade. Santa said Virginia

Bruce Smathers Urges

Citizens To Vote

In one of the least publicized campaigns in many years the Avon Park City Council election on Tuesday, Dec. 2, 1975 has only three candidates running for two council seats.

Incumbent Councilmen Robert Britt and Milton Howard vice-president are seeking to return to their

council seats while newcomer Eddie DeLaney is hoping to gain one of the seats. His first try for office.

As only Mayor Marshall Davis has filed papers for the Mayors race his name was not placed on the ballot.

On Tuesday, Dec. 2 early

voters will find the polls open at 7 a.m. while the working people can vote until 7 p.m.

The precinct 1 polling place is the Winter Guest Club across from City Hall. Precinct 2 is located in the County voting building on Eola Street and South Delaney Avenue.

Esterbee Explains Permit Regulations

With the many questions and comments about obtaining building permits and building contracts, C. W. Esterbee, Avon Park Building Inspector stated that ever since coming to the Avon Park Building Department he has been confused with the need of the general public to know what is necessary to obtain a building permit which is of vital interest to all citizens of Avon Park.

With the placing of sewer lines throughout the city and starting in several months the requirement that all homes be connected to the sewer lines, where they are available, many inquiries have been received by city officials from residents about the home owner doing the work themselves.

The regulations of the City Code are not intended to restrict anyone in the building of their own home or any of its additions or alterations, stated Esterbee.

A permit is required under Sec. 105.1 (a) of the Southern Standard Building Code

(adopted by the Avon Park City Council in 1965) "Any owner, authorized agent, or contractor who desires to construct, enlarge, alter, move, demolish, or change the occupancy of a building or structure" shall make application to the building official and obtain the required permit therefore.

A licensed contractor is not needed when a property owner wishes to build a structure for his own use and is exempted from the necessity of having a valid building contractors license under chapter 468.14 (8) Part II, Florida Statutes.

owners of property, building or improving - residences on such property for the occupancy or use of such owners and not offered for sale or lease, or building or improving commercial building at a cost of under \$25,000 on such property for the occupancy or use of such owners and not offered for sale or lease."

Commercial buildings may be built by property owners not to exceed \$25,000 building for self proprietary uses; except schools, institutional or assembly buildings. These must have plans prepared by a certified architect or engineer and must be constructed by a class A or B building contractor. If the property owner is building for sale or lease of the property and the structure, he is required to have a valid contractors license. This also holds true for residential property or structure.

Toastmasters Will Install Officers at Banquet

Sherley Dunn, District 47 Governor, Toastmasters International, of Jacksonville, will be on hand to present the charter to the recently formed Charles S. Swan Memorial Toastmasters at their charter banquet and formal installation of officers Friday Dec. 5 at 7:30 p.m. at the Holiday Restaurant on U.S. Highway 27 in Sebring.

Other Toastmasters from all points in the state are expected to attend and non Toastmasters interested in the program are welcome. Reservations must be made by Tuesday, Dec. 2 and may be made by calling any Toastmasters officers. The dinner is \$5 per person and may be paid at the door.

Officers of the local club to be installed by Area 13 Governor Lou Funk are Jim Prevatt, president, 453-3174; Lynn Ingraham, educational vice president, 453-2228; Norma Gobbie, administrative

vice president, 453-4351; Larry Saucier, treasurer, 453-3174; Natalie Patton, secretary, 386-7794; J. T. Gibbs, sergeant at arms, 453-4252; James Richo, 453-3174.

Mrs. Jo Swan, of Sarasota, widow of Charles S. Swan, for whom the local club was named, will be a special guest at the banquet.

At Thursday night's meeting the best speaker, chosen by vote of members present, was

Bill Cooley, the best Table Topics response was by Natalie Patton and the best evaluator was Lynn Ingraham.

The executive committee, composed of the elected officers, met Monday evening at the home of Norma Gobbie to finalize plans for the banquet program which will feature a speech contest and special speakers. The program will be announced next week.

City Producers Annexation

Appearing before the Avon Park City Council Mr. Bohland of Bonnie Brae Mobile Estates inquired about the annexation of the park to the city.

At the present time only one signature of a park resident is required to have all owners signatures on a petition of annexation to the city. All owners must consent to the annexation.

Residents of the park hope to take advantage of the new city sewer system which has a sewer line serving the adjoining Avon Square Shopping Center. The proposed sewer line to serve the park would go to the present park sewerage plant. A contributing factor, Bonnie Brae's residents wishing to be annexed to the city is a requirement by the Pollution Board that the park get a new sewerage plant or be annexed to the city and use the city sewerage system.

After much discussion about boundary locations and desires of people living outside of the mobile estates location, the matter was referred to a later meeting.

Continued From Page One Building Permits

said Ellerbe, is not to prevent progressive building by the owner and contractors but to up-grade the quality of construction and keep the public from being fleeced by fly-by-night contractors who may move into the city and then move on...

In Avon Park permits are required for the following type of work: Building, roofing, plumbing, electrical, air conditioning, heating, well drilling, fences, dog pens, etc. When asked what is needed to obtain a permit, Ellerbe replied, "First, A set of building plans that can be understood (the owner can draw these plans himself).

"Second, Plot or plat diagram of the building site to be used showing all of the present buildings, if any, or proposed building locations. "Third, The fee for the building permit

varies with the value of the structure, and or of the work to be done. Normally there is no delay in the issuing of any permit if the building plans and the plot diagram are understandable. However, in some complex applications a 24 hour time period may be required.

Copies of all codes, Florida State Statutes on licensed contractors and the Southern Standard Building Codes are available at the building department at city hall and can be purchased.

Rotary Talent Night Nets \$740

Dr. Tom Siefert headed the program last week for the Rotary Club of Avon Park. Tom spoke on "Progressive Dentistry," revealing some of the developments in dentistry in the past 50 years.

The presentation moved from the technical advances to the most common denominator

of dentistry... pain. Dr. Siefert explained the various anesthetics that are available today, and their applications. Few, according to Tom, brightens one's pain threshold and magnifies the actual pain that is present, if any. Part of "Progressive Dentistry" is now concerned with the

psychological control of pain. Dr. Siefert stressed the importance of a proper diet to help prevent decay and periodontal disease. A few rather alarming facts are: 98 percent of all Americans have had cavities, 10 per cent are missing all of their teeth, and about 90 per cent have

periodontal disease to some degree. One very contributing factor to these figures is the fact that we as individuals consume an average of 120 lbs. of sugar a year.

Regular visits to the dentist, proper nutrition, and general common sense, can lead to a much healthier mouth. Proper dental care is most important with children to help them keep their natural teeth their whole life.

The final tally is in on the Rotary Talent Night. The Club netted \$740 for the handicapped. We thank you all once again for your participation. The Rotary Club is continuing this effort and is selling Fruit Cakes, proceeds of which are also earmarked for handicapped individuals. Besides being for a worthy cause, the fruit cakes are quite delicious. They are available from any Rotarian.

This week's Outstanding Rotarian is this month's Program Chairman, John McClellan. Very informative programs John, we appreciate your fine efforts. The Avon Park Rotary Club wishes everyone a fruitful Thanksgiving. Remember this holiday as it is intended and give thanks for the many blessings we all share as Americans.

Town Topics
Mr. and Mrs. Eugene Deubler of Brentwood Mobile Court returned Saturday from an exciting Caribbean, four-island cruise aboard the MS Boheme, the Happy Ship.

They toured Puerto Plata, the Amber Capital of the world, the Port of Silver, St. Thomas with its Bluebeard Castle and its multiple forts and pirate's dens, San Juan with its cobblestone streets, and explored Morro Castle, the Latin-style club and casino, and last, but not least, Cap

Haitian, still very primitive, where you step back in time as the little native children, unclothed, dart to and fro, very shy with the biggest smiles imaginable.

Many new friendships were formed amid the island music and native dancing and memories will ever linger.

Gray and Baker Plan December Wedding
Mr. and Mrs. John C. Gray announce the engagement of their daughter, Terri Ann, to Larry Wayne Baker, son of Mr. and Mrs. Sherman Baker, Littleton, N.C.

Celebration Of Advent Begins Sunday

The celebration of Advent will begin Sunday at the First Presbyterian Church in Avon Park.

The celebration will continue through the Christmas Eve Communion Service. The Advent program has been planned to encourage members to have a meaningful preparation for the coming of the Son of God.

A letter from the church was mailed Wednesday to the members and friends of the congregation which stated: "The worship of God is at the heart of Advent." The letter then quoted the statement of the late William Temple, "For worship is the submission of all our nature to God, it is the quickening of conscience by His holiness; the nourishment of mind with His truth; the purifying of imagination by His beauty; the opening of the heart to His love; the surrender of will to His purpose; and all this gathered up in adoration, the most selfless emotion of which our nature is capable and therefore the chief remedy for self-centeredness which is its original sin and the source of all our actual sin. Yes, worship in spirit and truth is the way to the solution of perplexity and to the liberation from sin."

At Sunday morning worship the proclamation of the Word will be from Advent through Scripture. There will be two special music selections each Sunday including anthems, solos, and duets. Selections include, "Prepare Ye the Way of the Lord," "O Holy Night," "Behold a Virgin Shall Conceive," "Nazareth," "No Room," and "Jesus, Jesus, Rest Your Head."

John Wright is the church choir director and Mrs. Joseph Sanders is the organist. The congregation will sing "O Come, O Come, Emmanuel." One verse will be added each

Sunday. One candle will be lighted each Sunday on the Advent wreath in the church sanctuary. There will be a dialogue between the congregation and a child at the Advent wreath as to why the candle is being lighted.

Community Christmas Cheer will be received at the church beginning Nov. 30.

The Young Adults had a Pre-Advent celebration at the Manse last Sunday night. The theme was "Doing Your Christmas Thinking Early". Dennie and Jackie Welsh of Cocoa led the discussion centering around the preparation for the birthday of the Saviour. Dennie Welsh is manager of the J Pad Shuttle Launch Systems design and development at Kennedy Space Center, Florida.

The Children's and Parents Advent Banquet will be held at the church on Saturday, Nov. 29 at 6 p.m. The banquet will emphasize the preparation for Christ in the home. The movie "Christmas Is" will be shown. There will be an Advent program for each family to be in their home during the Advent Season. Plenty of good food, fun, and entertainment is planned.

On Sunday afternoon, Dec. 7, there will be the final practice of the Children's Christmas program. There will also be the decoration and lighting of the Christmas Tree. This annual occasion is hosted by the Young Adults of the church.

Refreshments will be furnished by the Youth Class. On Sunday night, Missionary Night, will be observed. Pam and Ronnie Brunson of Mexico will speak at 7:30 p.m. The church choir and a brass ensemble will present "The Night of Miracles" on Monday, Dec. 8 at 7:30 p.m. Rehearsals have been in progress for months for "The Night of Miracles." The

offering at this service will go for the work of Joe and Sara Blevins as they are ministering to desert nomads at Gode, Ethiopia.

Members of the congregation and friends will gather for a Christmas meal at the church at 4:30 p.m. on Wednesday, Dec. 10. After the meal, the children of the church will present the Christmas program.

On Sunday afternoon, Dec. 21, the young adults and their families will meet at the church at 3 p.m. to go caroling. After the caroling all are invited to the home of Steve and Margo Maxwell.

The Christmas Eve Communion Service will be held at the church on Wednesday, Dec. 24 at 7 p.m.

The fifth and last of the Advent Candles will be lighted. The Christmas Eve Communion offering will go for retired or disabled workers in the church, who have given many years of faithful service with very meager incomes. Members and friends are encouraged to come from their work and activities as they are to the communion service.

Hi Friends,

Thanksgiving Day
In the United States and Canada, a day is set aside each year as Thanksgiving Day. On this day people give thanks with feasting and prayer for the blessings they may have received during the year. The first Thanksgiving Days were harvest festivals, or days for thanking God for plentiful crops. For this reason the holiday still takes place late in the fall, after crops have been gathered.

In the United States, Thanksgiving is usually a family day, celebrated with big dinners and joyous reunions. The very mention of Thanksgiving often calls up memories of kitchens and pantries crowded with good things to eat. Thanksgiving is also a time for serious religious thinking, church services, and prayer.

One of the first Thanksgiving observances in America was entirely religious and did not involve feasting. On Dec. 4, 1619, 39 English settlers arrived at Berkeley Plantation, on James River near what is now Charles City, Va. The group's charter required that the day of arrival be observed yearly as a day of Thanksgiving to God.

The first New England Thanksgiving was celebrated less than a year after the Plymouth colonies had settled in the new land. Governor William Bradford decreed that July 30, 1623, be a day of thanksgiving for the many hardships the colonies had overcome.

Thanksgiving Day is celebrated on the fourth Thursday of November and is a legal federal holiday.

May I share with you this Thanksgiving Prayer:
We thank you, God, for everything . . . That we possess today

Our happiness and comfort and . . . Our democratic way

The freedom of our country that . . . We struggle to defend . . . Against whatever enemy . . . That tyranny may end . . . We thank You, for the turkey

and . . . Delicious dressing too . . .
And for our sweet potatoes we . . .
Are grateful unto you . . .
We thank You God, for life on earth . . . And for security . . .
As you have been The Guardian . . . Of every family . . .

We thank You, God, with all hearts . . . On this Thanksgiving Day . . .
And with Your blessings may we live . . . According to Your way . . .

Wendy Lowara
Wendy is the daughter of the Citizen of the Week, Mrs. Slover D. Coward.
English Lesson for the Week:
Wrong: Us boys did not play as well as them.
Right: We boys did not play as well as they.
Explanation: "us" and "them" are objective pronouns and cannot be used as the subject of the sentence nor subject of the understood verb "played".
Thought Conditioner for the Week:

Never be discouraged about yourself. You may have tried all your life long to rid yourself of your weakness, your obsessions, jealousies, sins, inferiorities, without success. Your failure is probably that you have been trying to make yourself over. That is a long, tedious, and essentially impossible project.

But it can be done in no time at all by Christ. All you need do is to say to Him simply, "Lord I do not want to be this way any more," and mean it. He will do for you what you cannot do for yourself — effect a lasting change in you. Ask Him to change you.

If any man be in Christ, he is a new creature: old things are passed away; behold all things are become new. II Corinthians 5:17

Yours truly,

Red Devils

Close Out 1975 Season !!!

The Avon Park Red Devil football team closed out the 1975 season with a 40-12 loss to the Sebring Blue Streaks last Friday night and not before they drove the ball right down the Streaks' throat on a game-opening 77-yard scoring drive to take a 6-0 lead in the big Highlands County game. The loss gave the Avon Park team a 24 record for the season while the Streaks finished with a fine 8-2 mark.

The Red Devils took the game-opening kick-off at their own seven yard line and Charles Anderson ran it back to the 23-yard marker. Timmy Massey, playing perhaps his finest game of the year, picked up the first down on two carries right through the

middle. Then a three yard gain by James Ross, two more by Massey and a six-yard advance by Mort Jackson gave the Devils another first down. From the Avon Park 46-yard line, Charles Anderson broke around the end and scampered twenty-six yards to the Sebring twenty-eight. It took Avon Park nine more plays in the end zone and Timmy Massey did that with a one-yard burst up the middle. The attempted run for the two-point conversion was not good but the Devils had an unexpected 6-0 lead.

The Streaks scored again early in the second quarter driving from their thirty-yard line. Crumity had a 42-yard

run that put the ball on the Devil two and then Crumity took it in from the one for the score. Again Dunn's kick was good. Late in the second quarter the Streaks went to the air on the arm of Mario Sanguly. It took just four pass completions to put it in the end zone. Alan Arnes caught a fourteen yarder and a thirty-three yarder but John Gose caught the T D pass thrown by Sanguly from twelve yards out. Dunn's kick made it 21-6 at halftime.

Midway in the third quarter, Sebring put together another scoring drive with the aid of a questionable pass-interference call on a Devil defender. The touchdown was scored on a

two-yard pass play from Sanguly to Sergio Sandina and Dunn kicked another extra point.

A short punt by Avon Park gave Sebring good field position late in the third period and the Streaks took advantage of it to score again. Three pass completions and a six-yard run drove over but a motion penalty put the ball back on the six-yard line. Devil quarterback Mort Jackson handed the ball off to fullback Timmy Massey and the senior back just lowered his head and busted players out of his way and ploughed into the end zone for his second T D of the game.

His run for the two points was stopped just barely short of the goal line to hold the score at 40-12. The game ended with Sebring's second string offense moving the ball down the field in its second striding defense and that's all the Red Devils needed to put together another scoring drive. Anderson, Ross and Massey took turns picking up good

yardage as the Devils moved the ball almost sixty yards for a touchdown. When Avon Park got to the Streak five-yard line, Sebring sent its first string defense back in but Avon Park moved on to the one in three plays. Then the Streaks sent the second string defense back into the game. The Devils drove over but a motion penalty put the ball back on the six-yard line. Devil quarterback Mort Jackson handed the ball off to fullback Timmy Massey and the senior back just lowered his head and busted players out of his way and ploughed into the end zone for his second T D of the game.

Statistics: First downs, Sebring 20, Avon Park 15; Rushing yardage, Sebring 282, Avon Park 208; Passing yardage, Sebring 158, Avon Park 0; Sebring completed 10 of 12 passes and Avon Park completed 0 of 1; no interceptions; Avon Park punted 4 times for a 31 yard average and Sebring never punted. The Devils were penalized 35 yards and Sebring drew 20 yards in penalties.

Basketball Season To Begin

Coches Tom Lund's Red Devil varsity basketball team will open the 1975-1976 season next Tuesday, Dec. 2, at the Avon Park High School Gym against the Arcadia Bulldogs. The junior varsity will play the first game of the evening starting at 6:30 p.m. against the DeSoto High Bulldog "B" team and then the varsity will take on the always tough Bulldog cagers at 8 p.m.

The Red Devil team has been hard at work preparing for the eighteen game schedule. Ten of the games will be against Class AA schools, seven games will be against Class AAA schools and one will be against Class AAAA Lakeland High School. Avon Park is classified as a Class AA school. The Devil varsity will also participate in two tournaments during the Christmas Holidays. December 19 and 20 they will be in Arcadia for the DeSoto High Bulldog "B" team and they will also take part in the Ft. Myers Christmas Invitational the week of December 22 through 26. The Devils will play Lake Placid at 6 p.m. on Dec. 22 in that tourney. There will be sixteen teams in the Ft. Myers tournament.

This year's team looks to be one of the tallest teams Coach Lund has coached during his two years as head varsity coach at Avon Park High. Topping off the team at a towering 6' 6 1/2" is forward Anthony Conner, up from the "B" squad. Center Melvin Collins measures in at 6' 5" this year and senior Clifford Coleman standard 6' 7 1/2" tall. Two other team members are over six feet. Kenneth Burley and Mike Ryan are both 6' 1"

giving Coach Lund a team of five boys over six feet tall. Of course guards James Ross, Reggie Tolbert, Dale Sisemore and Reggie Baker along with Freddie Moore, Edward Dorsey and Leonard Green will see plenty of action providing the speed and ball-handling necessary. Returning lettermen from last year's varsity are Collins, Ross, Tolbert and Coleman.

According to Coach Lund, this year's team is a well disciplined squad and is working harder and harder to become a better team. To try and win the Class AA state championship is the goal of all the members of the team and the boys say they are willing to spend the time and effort necessary to achieve that goal.

However, the Red Devils face a tough schedule this year against such opponents as the DeSoto High Bulldogs, Palmetto Tigers, Lake Placid Green Dragons and the Lakeland Dreadnaughts who are regarded by many as the best team in Central Florida. In spite of this the pre-season look at the Red Devils indicates that the squad should be a contender in both the district and conference races and should have an outside shot at a state title.

The Red Devils look strong at all positions and have enough depth to substitute when needed. The team's major problem will be filling the shoes of last year's offensive sensation, Craig Presley, who averaged 27 points a game. Coach Lund says that he will try to have a more balanced scoring attack this year with

all players on the court contributing to the total effort. Also lost off last year's team which set a 12-9 record were Mickey and Rickey Claitt, Ben Wright and Mark Perry.

Coach Allen Duhm will field a "B" squad dominated by sophomores. Only Randy Burroughs and Kenneth Caldwell, juniors, are not sophomores on the squad. Returning for another year with the Devil jayvee team will be Mike Coleman, Edward Irwin, Horace Moore, Charlie Pugh, Larry Pugh, David Williams and Freddy Williams. Newcomers to the team are Ricky Jones, George Loyd and Casey Stukes along with Burroughs and Caldwell.

The "B" squad will play all games starting at 6:30 p.m. except the two Mulberry games which will be played in the afternoon. The varsity games will start following the jayvee games.

The schedule: Dec. 2, Arcadia, home; Dec. 5, Okeechobee, home; Dec. 12, Palmetto, home; Dec. 13, Sebring, away; Dec. 16, Arcadia, away; Dec. 19-20, Arcadia Christmas Tournament; Dec. 22-26, Ft. Myers Christmas Tournament; Jan. 6, Ft. Meade, home; Jan. 9, Frostproof, away; Jan. 16, Lake Placid, home; Jan. 20, Mulberry, there; Jan. 23, Frostproof, home; Jan. 30, Sebring, home; Feb. 3, Ft. Meade, away; Feb. 6, Okeechobee, there; Feb. 10, Lake Placid, there; Feb. 12, Mulberry, home (1 p.m.); Feb. 13, Palmetto, there; Feb. 20, Bradenton S.E., there; and Lakeland on Feb. 23, there.

IN SPITE OF A 40-12 Sebring victory the Red Devil cheerleaders never quit cheering as they tried to fire-up the fans. From the left: Mary Linda Dekman, cheerleader captain; Kim Smith, Debbie Collier, Margaret

Bad Weather Protects Game

The Florida Game and Fresh Water Fish Commission reported the following game take for the single day of hunting (Sunday) Nov. 23, on the Avon Park Bombing Range.

Hunters checked out of the gate with 6 deer, 11 hogs, 8 turkey, 137 quail, 21 squirrel, 124 snipe and 37 doves. There were 628 hunters taking part in the hunting. Light rain and cool winds kept the game close. The next scheduled hunting dates on the Bombing Range hunt area are for Saturday and Sunday, Nov. 29 and 30.

Tennis Players Continue To Climb Ladders

Richard Rucker defeated Larry Johnson 6-2, 6-2 last week to move to the top of the men's "B" singles ladder sponsored by the Highlands County Tennis Association. Danny Dubose took over the second rung on the "B" ladder with a 6-2, 6-3 win over Howard Teple and a 6-4, 5-6, 6-0 victory over Bobby Brooks. Other challenge matches on the men's "B" ladder: Teple won over Rafferty 6-4, 6-3; Frank Whitehead won over Jerry Westberg 6-1, 6-3; Ed Lynch beat Julio Sanguly 6-1, 6-1 and also won over Jim Hayes 6-4, 6-0; and Brooks defeated Mercer 6-3, 6-2.

Eric Annett held on to the number one position on the men's "A" ladder with a 6-3, 6-3 win over challenger Al Marrow. Grant Stallard moved up with a 6-4, 6-1, 6-3 victory over Kevin Rean 6-1, 6-3. Chip Whitehead advanced with a 6-2, 6-4 win over Billy Page and Eugene Bengtson held off Read McLean with a 6-2, 6-0 win.

On the men's doubles ladder the Whitehead brothers defeated Gots and McLean 6-1, 6-2; Hines and Thomas moved up to the number two rung with a 5-7, 6-3, 6-1 victory over Delaney and Jordan; and Page and Johnson turned back a

challenge from the Whitehead brothers with a 6-2, 6-1 win. There was less action on the women's ladders. Vi Marrow held off Jeannie Cox's challenge with an 8-1 win; Susan Franz defeated Janet Magee who had moved up from the "B" ladder with an 8-3 score; Magee beat Sandra Beck 8-4; and Peggy Sisemore won over Judy Lewis 8-1 on the "A" singles ladder.

On the women's "B" ladder it was Dot Teple taking a forfeit win from Elsa Kahn; Dot Teple defeating Yetta Bengtson 8-3; Delores Cox winning over Melba Sims 8-2 and Anna Vilkaits holding off Judy Mercer with an 8-4 win. There were no doubles matches played last week on the women's ladder and no challenge mixed-doubles match scores turned in to Jeannie Cox.

Members are reminded that there will be a meeting of the H.C.T.A. on Wednesday, Dec. 3, at the Avon Park Middle School Library at 7:30 p.m. The newly formed tennis program will be announced with the twenty-eight players drafted into four different teams.

The club will sponsor a draw-doubles tournament at the Avon Park City Courts on Dec. 6 and 7.

First Annual Highlands Bowl

To Be Played In Sebring

BY RICK MOYER

The First Annual Highlands Bowl football game promises to be an offensive affair with footballs flying all over Firemen's Field.

The contest is set for 7:30 this Saturday night and will feature the St. Cloud Bulldogs and the host Sebring Blue Streaks.

St. Cloud enters the contest with a 7-3 record, including a 40-12 loss to the Kissimmee Cowboys last Friday. Sebring comes in with an 8-2 mark, including a 40-12 win over arch-rival Avon Park last Friday.

The Bulldogs have an explosive passing attack which is the best in the State. Through nine games quarterback Kerry King had thrown for 1,987 yards and 23 touchdowns and receiver Carmon Prince had caught 71 passes good for 1,384 yards and 16 touchdowns. His 100 points scored led Central Florida. So back Jeff Martin had also caught 29 passes good for 431 yards and six scores.

Blue Streak quarterback Mario Sanguily has completed 56 of 118 passes for 833 yards and 13 touchdowns. He has had just six passes intercepted all season. Taylor is Sebring's

leading receiver with 17 catches for 147 yards. Split end Sergio Sardina has caught 15 passes for 230 yards, while tight end Alan Ames has latched onto 11 throws for 171 yards. Crumity is averaging 23 yards on nine catches.

Tickets to the Firemen's Field contest are \$2 for adults

and \$1 for students. The game is being sponsored by the Sebring Firemen, Inc., and much of the proceeds will go towards upgrading the condition of the football field. A special Highlands Bowl program will be distributed free of charge. Trophies will go to both the

winning and losing school as well as to the top offensive and defensive players on both squads.

Homecoming queens from both schools will preside over the game and Cecil Heston is the overall bowl chairman.

SENIORS PLAYING THEIR last game for Avon Park High School were given time out by referees for a picture before the traditional end of the season game with the

Surplus School Property To Be Sold Dec. 6

The Highlands County School Board sale of used and surplus property will be held Saturday, Dec. 6, from 8 a.m. until 3 p.m. at the Fair Grounds Skating Rink Building, Sebring.

Among items being featured are: chairs, student desks, record players, cassette recorders, filmstrip projectors; other items will be on display the day of the sale. No prior sale inspection is possible due to space and manpower. Conditions of the sale are on a first-come first-served basis. All items will be sold "as is" and purchases must be removed the day of the sale before 3 p.m. All sales must be cash, as the school board is not authorized to accept checks for purchases.

All items included are priced at what is considered below market value. Starting at 2 p.m. for the last hour of the sale, all remaining items will be considered "distress" and prices reduced for complete liquidation of the total inventory.

**A Look at the Cross
on THANKSGIVING**

"Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted."

"But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed."

"All we like sheep have gone astray; we have turned every one to his own way; and the Lord hath laid on him the iniquity of us all." Isaiah 53:4-6

Our prayer this Thanksgiving Season is that everyone will attend the house of God, giving thanks unto him for his great gift, which is eternal life through his son.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for men to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

In the Spirit of Thankfulness . . .

let us pause, this Thanksgiving Day, to reflect on the many blessings that the Almighty has showered upon this country. Let us consider how we have used these gifts, and endeavor to utilize them for the good of all of His creatures. We have much to be grateful for in 1975 . . . we have much to achieve in years to come. We thank the Creator for providing us with the resources and the will to work for prosperity for all Americans.

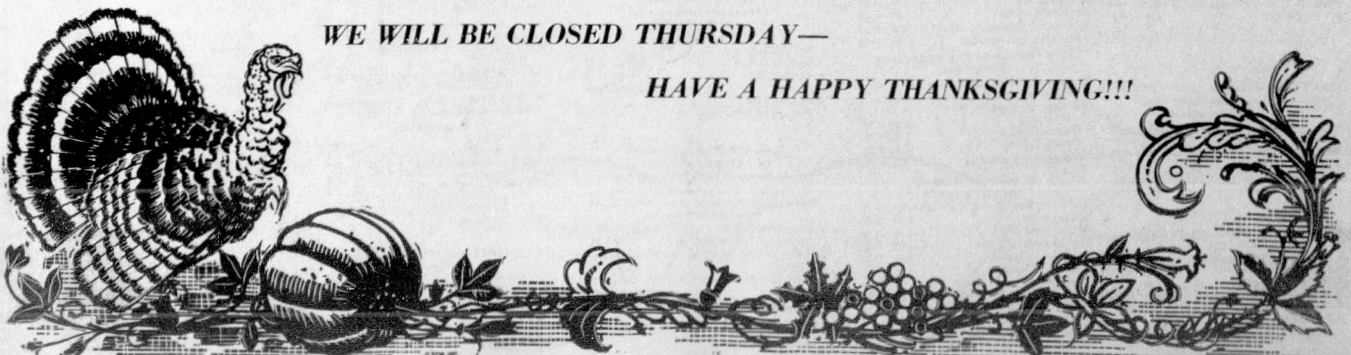

THIS THANKSGIVING MESSAGE IS PRESENTED BY THE FOLLOWING FINANCIAL INSTITUTIONS :

Avon Citrus Bank	Highlands County Bank of Avon Park
Barnett Bank At Sebring	First National Bank Of Sebring
First Federal Savings & Loan Association of Highlands County	First Federal Savings & Loan Association of Hardee County

WE WILL BE CLOSED THURSDAY—

HAVE A HAPPY THANKSGIVING!!!

Gordon Hays

State Rulings Are Biased

Procedures for conducting an appeal on an unemployment compensation ruling are "biased", county engineer Gordon Hays said in a report submitted to Highlands County board of county commissioners.

The Hays protest is a part of the county road and bridge department report to the commission.

Earlier in the year Hays had reported—and later was sustained by the board—in firing a county truck driver, accused of excessive drinking.

Hays reported to the board that Mrs. A.B. Osburn, appeals referee of the Florida department of commerce, conducted a hearing at the courthouse. The discharged employee did not appear at the hearing, Hays reports, but Mrs. Osburn read a statement from the employee.

Hays said, "The statement contained several fallacies such as dates that he was sick and procedures that led to his discharge. The statement was neither notarized nor witnessed."

Hays, Jim Pyle, deputy clerk of the circuit court, Charles Cullen, administrative assistant for the county; John Gercken, superintendent of maintenance of county equipment and Hays gave sworn testimony at the appeals hearing.

Hays told the county commissioners, "I told Mrs. Osburn I felt the procedures were biased... a disgruntled former employee can make any statement he wishes to make without fear of reprisal, while representatives of the employer are sworn to tell the truth and are liable, if perjury is committed, intentionally or unintentionally."

"It appears to me that the employer must bear the brunt of the appeal... If the appellant could be fined for perjury, I would feel the hearings were fair," Hays concluded.

He added that if the employer solicits a resignation

STICKY MESS

Vandalism at the Melba Moran property in River Ridge was more messy than costly. According to a Nov. 17 report made to Highlands County Sheriff's department, vandals let the oil out of a water pump then removed the plug from a drum of molasses. Total cost was listed at \$30.

from an employee in lieu of discharging him, the employee can collect unemployment compensation.

In other parts of his reports Hays said an existing timber

bridge over Palmetto Creek on Riverdale Road has been removed. Concrete abutments have been poured and stripped. Concrete T-beams are to be installed at this site.

At present the road is closed.

Hays said a drainage pipe has been installed and backfilled adjacent to the main railroad line at Sebring

Airport. Projects on Lake Sirena Drive, Lake Drive West have been completed and these roads are open to traffic. Work on 1.4 miles of Highlands Lake Drive is partly completed.

Local Post Office Among Most Efficient In District

The Avon Park Post Office has been named one of the most efficient post offices in the Tampa Sectional Center, which comprises 127 offices in this area.

According to a letter received by Postmaster R.D. Young from the manager of the Tampa Sectional Center, an evaluation was made of all city delivery post offices for the postal fiscal year of 1975 which has recently ended. The letter to Postmaster Young States, in part: (Quote) "In your particular office I am extremely pleased to advise you that, due to your efforts and the efforts of your associates, during FY (Fiscal Year) '75 your office saved 1112 total clerk-mail handler hours and 183 total carrier hours, for an approximate savings of \$10, 143.00. You are congratulated

for that fine achievement and urged to continue the good work" (End Quote)

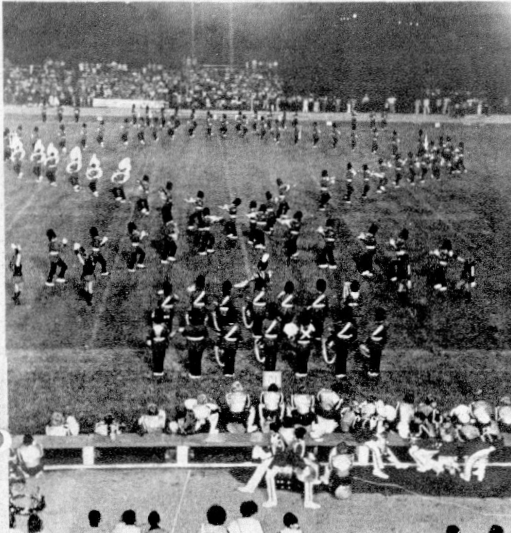

Postmaster Young expressed his thanks to his staff and the citizens and businesses in Avon Park for their cooperation and understanding of the changes which have enabled us to accomplish this. It is a good feeling to know that, in spite of the rapid inflationary cost advances which took place during the past year, we were

able to absorb our growth and still save money. "The Postmaster stated.

Postmaster Young continued by saying that during his past 15 years as Postmaster here, he has developed a well trained staff that Avon Park citizens can be proud of. He said that he considers our office and its present staff among the best in the Nation.

Postmaster Young ended by saying, "I would like to thank each citizen in advance for his

and her continuing cooperation. We now face a bigger than ever Christmas season and are confident that we will meet this challenge as in the past with your help. We again ask that you wrap parcels securely, use Zip Codes and mail early. With just three things in mind, you can make this our best holiday mailing season ever. Remember to call us for any information which you need regarding your parcel of other Christmas mailings."

ONE HUNDRED THIRTY Avon Park High School Marching Grenadiers marched to a straight superior performance in the Florida Bandmasters Association District 10 contests at Ft. Myers, Saturday night, Nov. 22. The judges rated the Grenadiers as tops

in the three categories of marching, playing and showmanship as they used their Friday night Sebring game halftime routine for the contest. The happy bandman and chaperones returned to Avon Park about 2 a.m. Photo—Miller.

County Equipment Worth \$1,877,809

An inventory made in October showed Highlands County owning \$1,877,809 worth of equipment and goods.

The inventory was made by the county purchasing department and reported to

Highlands County commissioners as a part of a summary of activities given to the board. John J. Gercken, purchasing agent, told the board that during the month of October 343 purchase orders were issued for a total of \$22,640.

\$107,513.25.

This is an increase of \$12,126 over October 1964 purchases. The largest number of purchases—164—were for the county road and bridge department, and these purchases accounted for expenditure of \$46,806.

Twenty-six purchases were charged against federal revenue sharing funds. Total spent was \$37,991. In the general fund 155 purchase orders were issued for a total of \$22,640.

Only three purchases were made from the construction trust account. These cost the county \$196.

Gercken reported that a public auction of surplus property brought in \$4,160 for the 512 items sold.

he may enroll at the college either as a full-time or part-time student during registration for any term, even though he may never have attended SFJC or may not have attended for several years.

It is a good idea for returning students to check with the admissions office, before Jan. 2, to see if their files are in order.

SFJC In Accepting Spring Applications

South Florida Junior College is accepting applications for admission to the 1976 spring term. Prospective first-time students are urged to submit their applications now in order to save time when they come to register.

Early filing permits the admissions office personnel to prepare the student file prior to registration.

Anyone who has taken a college level course at SFJC has already filed an application for admission. Once a person files application for admission

Applications and spring schedules may be obtained from the admissions office SFJC, or by calling 453-6661 in Avon Park.

MR MYTH

MYTH: With my lap belt fastened, I don't need to fasten my shoulder belt.

MS. TRUTH

TRUTH: A shoulder belt can prevent your head and chest from striking the steering wheel, dash and windshield, in the event of a crash. The lap belt will protect you from serious injury, but you are still subject to possible facial and chest injury unless you wear your shoulder belt. Together, the lap and shoulder belts offer you the best possible protection.

Safety is a family affair.
