To Take Oath Of Office In City Hall Ceremony Today

Avon Park residents are invited to come to the taking of the oath of office ceremony at 9:00 a.m., Thursday morning, Jan. 2, 1975 when three City Council members will retire from office and three newly elected City Council members will take the oath of office of City Council member for the next two years.

Council members retiring

from office are Council President Clarence King who has served on the Avon Park City Council for 13 of the past 16 years. Durrah Martin, Vice-President of the Council has served continuously on the Council for the past ten years. Also retiring after a two year term is Robert Woodruff who had often needed the Council with his attention to details.

Incoming Council members elected in the December 3 City election are Larry Albritton, Ed Touchton, Jr. and Wendell "Winkie" Williams. For all three men this was their first try for a seat on the Avon Park town council.

After taking the oath of office the new council members with the incumbent members,

Robert Britt and Milton Howard, will elect a president and vice-president from their group.

Their first official business as a new council is the employment of a city attorney and city judge with these positions presently being filled by Attorney Jack Hancock and Judge David Lamer. There will be no changes in the heads of various departments as these men were appointed last year for a two year term.

The administration of the oath of office will take place in the City Hall Council Chambers with City Clerk Malcom Crews, a licensed Notary Public, giving the oath. The first regular meeting of the new City Council will take place at 7:30 p.m., Monday January 6, 1975.

IRS Will Not Let '74 Taxes Be Deducted

No matter how precisely Highlands County taxpayers estimate their taxes for 1974, their checks will not be accepted by W. H. Prescott, county collector. Which means that taxpayers cannot deduct payment of county taxes from their federal returns.

There are only two situations in which Prescott is empowered to accept 1974 payments according to Florida law, and one is highly unlikely. That, as outlined by the Tax Assessor's Guide, is where a

tax-exempt governmental unit is acquiring property from a private taxpayer. The taxpayer is required to place in escrow with the collector an amount equal to 120 per cent of his previous year's tax bill.

One other recourse is available to Highlands County. If a taxpayer wishes to contest an assessment and files a complaint before the tax roll has been properly certified, the collector is required to accept payment "in the amount the taxpayer admits in good faith

to be owing." The collector will also issue a receipt for same. Otherwise, and in spite of many efforts in their behalf, county taxpayers are out of luck.

Back in November when it appeared certain that Highlands' tax roll would not be approved in time to receive bills this year, Prescott wrote the director of Internal Revenue Service asking if there were a system whereby the taxpayer might estimate his 1974 taxes...then, before the

end of the year, purchase a money order, certified check, or cashier's check made out to the tax collector and use the deductions on his IRS return. On Nov. 27 the answer came back from Patrick Scussell, chief of the Taxpayer Service Division... "No."

Scussell wrote that "The law permits a cash basis taxpayer to deduct real estate taxes only in the year paid. If you, as collector of Highlands County taxes were authorized by state law to accept payment of taxes

in 1974, they would be deductible. However, quoting from the Florida Tax Assessor's Guide: "The collector is not authorized to collect taxes until the roll is completed, equalized, millages set, the roll corrected, taxes extended and certified to collector."

Therefore, Scussell wrote, payment of taxes is not authorized because the taxes have not been officially determined, "pursuant to law."

MRS. J. PAXTON HILL explains to George Haynie how their 27 year old solar water heater operates. During the last seven years they used an auxiliary propane gas water heater only twice. A 500 gallon hot water storage tank is located in the lower on top of the concrete block foundation with the cold water pipe connection in front of the tank and the hot water pipe at the side. (see George Haynie's letter to the editor on page 2)

Local Man Recommends Change To Solar Heaters

"A solar heater is the most efficient heater we have for heating water while an electric water heater is very inefficient," stated J. Paxton Hill, as he explained how a solar water heater operates. While he was chief engineer at the Cape in 1947, Mr. Hill built the four by twelve foot solar heater base at the employees workshop and brought it back to his S. Highlands Ave. home on a boat trailer.

The base has a galvanized sheet metal floor with a two inch cellulose insulation or top of which there is a one-sixteenth inch copper plate to absorb the Sun's heat and transfer it to the copper water tubing. Copper tubing is used throughout the solar heating

unit. The tubing is installed at an angle so one end of each tube is higher than the other end setting up conditions for the thermal siphoning of the heated water up into a 500 gallon storage tank.

The copper tubing is connected by standard copper u-connections sweated to the tubing. Each tube is soldered to the copper plate in several places for heat transfer from the plate. The plate and tubing are painted with a flat black paint to absorb all the heat possible from the Sun's solar energy.

The top of the solar heater is covered with single strength window glass to allow as much of the sun's heat energy as possible to pass through the

glass and be utilized in heating water.

Cut off valves are located at several different places between the solar heater and the storage tank thereby allowing the heater to be drained as Hill had to do during the 1962 freeze. The 500 gallon storage tank was placed atop a four foot square concrete block hollow pillar to obtain the necessary height above the heating unit. The tank housed in a wooden structure is thoroughly insulated. The tank was placed on the block foundation by a wrecker and was the only part of the construction of the unit where Hill employed outside help.

The New Year

By Rev. Agen Childress

The New Year comes to us like a cross-eyed youngster, with the secret of the unfolding days in his clasped hand. It means another year has been given to us to use or to misuse. We can choose to make it a noble adventure or we can make it a miserable failure. Abraham Lincoln said, "Most people are just about as happy as they make up their minds to be."

New Year's Day, when our thoughts turn toward a future cloaked in mystery and uncertainty, should be a time of sober reflections, sane calculations, serious resolutions, and sincere anticipation.

Living each day at one's best is the important thing, so often we become so involved worrying about the past or dreaming about the future that we forget the all-important today. Pear McGinnis said: "I have no yesterday, Time took them away; Tomorrow may not be, But I have today."

Opening our lives to Him who said, "I am the Way, the Truth and the Life," is the only way to make this New Year a truly successful one.

A well known quote is applicable: "I said to the man who stood at the gate, 'Give me a light that I may safely tread into the unknown.' And he said to me, 'place your hand in the hand of God for it is safer than any man-known way.'"

Lane - Simpson

In a report filed by Sgt. Frank Cratty, he stated that Ralph Lane, of Prosser, was stopped for the red light on Highway 27 and that Robert Simpson, Ohio, attempted to make a right turn onto W. Main St. and while doing so struck the '72 VW Van being operated by Lane. Cratty stated the van sustained approximately \$250 damage to the right rear and that the Simpson vehicle a '73 Olds had damage estimated at \$150. No injuries were reported in this accident.

Hill Has Heater 27 Years

Cont From P. One

always have plenty of hot water regardless of how cold the outside temperature gets. However, Hill incorporated his compressed gas heater into the hot water system should there be three or four days of cloudy weather. The hot water storage tank can then be closed off and only water needed is heated.

In the entire time since 1947, Hill has replaced some broken panes of glass, repainted the interior with a half can of flat black spray paint and recaulked the glass to seal the heating area.

In discussing the heater Hill stated he had no idea how much the solar heater had saved them in electricity costs over the 27 year period. He felt that Florida and the southern part of the U.S. could profitably use solar heaters because of the long hours of sunshine available throughout the year. He also felt that if demand were great enough some manufacture might offer solar heater kits for the do-it-yourself home owner to construct his own solar water heater.

Letter To The Editor

Dear Editor:

The three problems of today seem to be the conservation of energy, inflation and recession. I do not have the answers to these problems but do have some ideas.

It seems our energy problem came about because of the high cost of foreign oil. Since much of this oil is being used in power plants, if we reduced the amount of electricity we used it would help reduce the consumption of oil. I have been told by someone in a position to know, the second largest user of electricity in our homes is the hot water heater. The answer to this problem is a solar heating system. To encourage homeowners to go this method

of water heating I suggest two plans. First, if someone is building or willing to replace their present electric system he be given the cost off his income tax. Second, anyone who didn't wish to pay cash could get a government loan and pay it back for approximately the amount they were paying for electricity to heat water. In a few years they would be getting hot water for free with no cost to our government. The installing of these systems would also help our unemployment problem.

Also to conserve gas the Post Office could go to electric cars, and probably save some expense money in the process. If anyone that reads this feel this idea has any merit please write a letter to Congressman Skip Ruffalo, 1713 Longworth House Office Bldg., Washington, D.C. 20515.

Signed,
George Haynie

Chiles Reports

On Thursday of this week I joined with a small group of Senators, Democratic and Republican, in an effort to cut an additional \$2.2 billion in federal spending as a means of helping curb inflation. This would have been in the form of an across-the-board reduction of each federal agency's budget.

Unfortunately, this attempt was not successful. Still, I am sending you an excerpt of my remarks on the Senate floor during debate as a means of clarifying for you my feeling and position on federal spending and its relationship to our economic problems.

I thought this might be helpful to you since obviously we will be faced by the same problems next year that have been developing all this year.

THE BIBLE QUESTION BOX

For Bible Answer To Bible Questions Write To Pastor A. W. Orner Rt. 2 Box X405 Avon Park, Florida 33825

Question: What is the strongest evidence which proves that the Bible is inspired?

Answer: The fulfillment of Bible Prophecy. The passion experience of Christ is one example of the many Bible prophecies which were given hundreds of years before they were fulfilled. In the 53rd chapter of Isaiah, the passion experience of Christ was described in detail 700 years before it was fulfilled. Note the details of Christ's experience on the cross which were given 500 years before they were fulfilled.

Prediction, Psalms 22:1, the words which Christ spoke on the cross; fulfillment, Matthew 27:46, "My God, my God, why hast thou forsaken me?" Prediction, Psalms 22:7,8; the derision of his enemies fulfillment, Matthew 27:43, He trusted in God; let him deliver him now. Prediction, Psalms 22:16, prediction; casting lots for his garments, fulfillment, Matthew 27:35.

Christ repeatedly referred to the events of his life as being fulfillments of Old Testament Scriptures. The following

scriptures attest this fact: Matt. 1:22; Matt. 2:15; Matt. 8:17; Matt. 26:56; Luke 21:22; Luke 24:44; John 17:12; John 19:29. He said to his disciples; And now I have told you before come to pass, that when it comes to pass, ye might believe. John 14:29. The scriptures are replete with predictions regarding future events. These predictions have all been fulfilled and therefore we should believe the Bible. God points to His foreknowledge as evidence that he is the only true God. Remember the former things of old: for I am God, and there is none like me, declaring the end from the beginning, and from ancient times the things that are not yet done, saying, my counsel shall stand, and I will do all my pleasure. Isaiah 6:9,10.

TRUCK DISAPPEARS Sheriff's department is investigating the disappearance of a workman and truck. The truck, owned by Hall Roofers, had customarily been driven home at night.

The worker and truck disappeared Dec. 12 and to date efforts to locate either have been futile.

Empty Purses

Found After Robbery

Purses and wallets, lifted by the armed robbers who held up an Avon Park bar, have been recovered, but lawmen have been unable to come with any arrests.

A pair of armed bandits robbed patrons at Avon Park's Back Door Lounge. On Dec. 17 two men, using similar methods and with descriptions matching those from the Back Door stickup, robbed Triangle package store and lounge, between Sebring and Avon Park.

It was on Dec. 17 that the sheriff's department recovered the purses and wallets which had been taken in the Back Door robbery. Cash and credit cards were gone, but many personal papers were still in the items which were found in Kingdom Groves on State Road 627.

At 9 p.m. on Dec. 24 two men grabbed Alice Ruth Brown as she approached the rear door of the Super Liquor Lounge at Lake Placid. The men failed in their efforts to drag the woman from the lounge area, but they did succeed in making away with her purse.

Dogs, borrowed from Avon Park Correctional Institution, tracked the men south of town. By 2 a.m., Dec. 25, handlers concluded the dogs had lost the trail and ended the search.

Investigators said the descriptions given by Mrs. Brown vary considerably from those given by witnesses at the earlier robberies.

Woman's Club

To Hear Dr. Pakk

The Woman's Club will meet January 3 at 2 p.m. at the clubhouse.

A board meeting will be held at 1 p.m. preceding the meeting.

Speaker for the day will be Dr. Kye C. Pakk, his topic being Korea "Land of the Morning Calm". The Civic and Foreign Affairs Department will be in charge with Mrs. Frank Waddell as chairman.

Garbage Dump

THERE APPEARS TO be no place sacred or safe from being a depository for someone's garbage as at this orange tree on McClure Road. In case the garbage dropper didn't know it the grove caretaker or owner doesn't want the garbage either as it ultimately increases the cost of Florida's oranges and orange juice to the consumer.

The scenery was interesting places all over the United States. The trains with the sounds made one think they were out on Main St. as many of the sounds were made by trains actually going thru Avon Park. Albert Cushing played several violin solos. Everyone enjoyed this evening.

THE WEATHER WAS so balmy on Christmas Eve and Christmas Day that two of Santa's helpers stayed over to watch and help the children play in the park. Santa, Dennis Fleming and his assistant Patti Shaffer seemed to have as much fun as the children. Tiny Angie Smith (in front of Santa), Avon Park, Lisa Wilder of Columbia City, Ind. and Paul Smith of Avon Park take a ride down the slide. The 80 degree temperature had Santa ready to go home and get out of his warm red velvet suit that Patti had learned how to make after talking with another Santa a few days earlier.

Red Devils — Runner-Up In Christmas Tourney

The Avon Park Red Devil varsity basketball team took second place in Palmetto Christmas tournament last

weekend with a 65-44 win over Bradenton Southeast in the semi-finals and losing to Palmetto 103-73 in the finals. Last Friday night the Devils knocked off Bradenton

Southeast behind the 30 point shooting of Craig Pressley and the rebounding of Mickey Claitt. Pressley and Melvin Collins. Claitt pulled down 14 rebounds. The Devils trailed

15-14 at the end of the first quarter, but pumped in 15 points to Bradenton's 3 in the second period to take a 29-18 first half lead. It was all Avon Park after that as the Devils

scored 22 points in the third quarter and finished out with 15 points in the final period. Mickey Claitt scored 10 points to aid Pressley's effort and James Ross hit for 8

points. Kenneth Burley had 7 counters. Clifford Coleman scored 3 points and Collins, Tolbert and Ricky Claitt all added 2 points to the total score.

Avon Park's 22 turnovers in the final game against Palmetto kept the Devils in the hole as they lost by the 103 to 73 score. Craig Pressley was the leading scorer for Avon Park with 23 points but Mickey Claitt was close behind with 21 points and 14 rebounds. Melvin Collins hit for 18 points and had 11 rebounds in the losing effort. Other scorers for Avon Park were Clifford Coleman with 4, Thbert, Ross, and Ricky Claitt with 2 each and Kenneth Burley with 1 point. The Red Devils trailed all the way outscoring the Palmetto team only in the final period when the game was out of reach.

The Avon Park teams will resume play on January against Frostproof here at the high school gym. The junior varsity game will begin at 6:30 p.m. with the varsity game following about 8:00 o'clock.

Bill Page had knocked off top "B" man Larry Johnson with a 6-2, 3-6, 6-3 victory earlier in the month.

Youngsters Treated As Kings And Queens

Kings and Queens for a day were some 300 underprivileged youngsters treated to the annual Christmas Party at Lake Placid Holiday Inn.

The Jaycees of Sebring and Lake Placid played Santa Claus to the youngsters with gifts, candy, and visits from St. Nicholas himself and Snokey the Bear.

At 2 p.m. last Saturday party chairman Dick Reiser was faced with what looked an

unmountable problem. He had planned for 200 youngsters and about 300 showed up.

"Everyone we invited came," exclaimed Reiser, who said past chairmen had told to expect about two thirds of those asked.

Youngsters varied in age from three to 12 and came from Avon Park, Sebring and Lake Placid. Invitations had gone out to children recommended by school teachers. Reiser said some had brought along their

little brothers and sisters, "and we were not about to turn them away."

"This is about the only Christmas these youngsters would see and our gifts the only ones they would receive for the most part."

Children arrived at Sun 'n Lake Holiday Inn in Highlands County school buses and filed into the dining room. Innkeeper, Tim Medlin and staff hurriedly set up extra tables and chairs went back for additional food.

The Jaycees had planned well, quickly juggling their gifts to accommodate the extra youngsters. Boys received footballs, trucks, baseballs; for some girls, it was a doll or a stuffed animal. Each was also presented with a toothbrush, candy and an assortment of other items.

Funds for the Christmas gifts are provided by Jaycees, collected through their various projects throughout the year. Reiser estimated that the total value of the gifts amounted to over \$2000. About an equal amount was spent by Sun 'n Lakes for food.

The Christmas party started five years ago, the idea coming from C. Wesley Ward and the late Eric James. At that time, Ward was a local radio broadcaster and James was public relations director for Sun 'n Lakes, a job now held by Ward. The first party hosted only 100 youngsters. The following year the Jaycees took over and the project has grown steadily.

When it was over, an astounded Dick Reiser, Al Kates, Rick Hunt and Mike Ryder of the Jaycees discussed what they would next year, with the number of children growing.

Openings for veterans for the most important part-time job in America.

I understand that the Army National Guard has a part-time job for me and I am a veteran. With plenty of benefits, too. That I can start at home pay grade I had in the Army up to E-7. Like an E-7 with 400 can earn over \$600.00 for one week a month. The retirement credit — the way to lead — the life insurance — all important to me. So I am serving my country as a civilian-soldier. New Snows!

©Coleman Adv. Ser.

You can see by the car tracks that people are going places despite the heavy snows. Others, like you and me, perhaps, are going places because of it—because the new-fallen snow is beautiful and we want to enjoy it and look at the pictures it makes on the landscape. Also, that frosty, crackly wind that comes with the first snow blows roses in our cheeks and new energy and expectations into our hearts. We can't wait to get out and do things and be with people.

A New Year is upon us. What wonderful things this year can bring. Does the New Year lying before you, with its promise, fill you with new life and excited expectations like the new snow mentioned above?

May your New Year be a happy and prosperous one, and may you find great peace every day through worship and spiritual blessings each week through attending church.

Helen Bason played as a piano number "A Christmas Medley". A skit "The Christmas Cake" was portrayed by Maurice Ferro, Earl and Dorothy Baxter. The Mobil-Aires sang "Mr. Santa" and two other numbers, directed by Mildred Leung with Helen Bason at the piano. A reading "The Day after Christmas" was given by Verna Ferro. "A Modern Christmas Carol" was presented as a play by the following cast: Dorothy and Albert Keyes, Spangler Limbaugh, Robert Lowry, Rosa Krontz, Catherine Baker and Joe Bacon. The program was arranged by Susie Bacon and refreshments were served by Ruth Wolcott, Irene Limbaugh and Ruth VanPelt. Rather than an exchange of gifts this year

food and money were contributed to Christmas Cheer Inc. of Avon Park.

Christmas Day found 81 gathered about attractive tables for a holiday meal and fellowship. A Santa in his sleigh at the end of each table held the secret as to who would head the line to partake of the bounteous repast. Several meals were taken to those who were unable to come to the hall. Grace was said by Harry Jordan. Lawrence Robinson, as Master of Ceremonies welcomed Floy and Edith Stevens who were out for the first time since his fall. Guests were introduced by Spangler Limbaugh, Mrs. Cecil Hale, Kellie Larrew, Delbert Husband, Alva Derr, Virgil Weldy. Welcomed to the Park were Fay and Kay Grandell, also Chris and Vi Anderson. Greetings were read from Ralph and Mildred Helt. A gift was presented to the Park Managers Mr. and Mrs. David Boyer. The jovial M. C. was doing very well until caught on Ruth had a time keeping him away from it. Thelma South, Woman's Club President, thanked the Boyers for furnishing turkeys and

decorating, preparing and serving the meal. The program consisted of stories by Howard Bell. Definition of Grandparents by Verna Ferro, reading "If Jesus Came to Your House" by Ula Miller; Legend of the Christmas Candle by Lorena Wyant, the story of how Clement Moore wrote "The Night Before Christmas", given by Dorothy Baxter. Medley of Christmas Songs by Helen Bason and singing of carols by all.
