City Council

Engineers Complete Sewer Plans

The Avon Park City Council Monday night heard Tom Kelly Chief engineer for Dawkins and Associates explain the present status of work on the sewage disposal system in the city. There was an addition to the sewage plant and effluent disposal project

because of the location of the percolation pond next to Lake Glenada, thus a second site along Highway 27 has been selected and approved for construction.

The Council was told there are a few areas of the city where there are only a few

homes and would involve high expense to serve these homes. In the completed sewer system there will be approximately 35 miles of gravity flow lines and force mains with five pumping stations.

Finished copies of the plans

are to be hand carried to the Farm Home Administration in Gainesville by Jan. 27. After their approval construction bids may be taken. If the price of construction is above cost estimates the Department of Pollution and FHA will have to give approval to proceed with the work.

At present the city does not have all of the land needed for the system. The City Attorney Jack Hancock asked for legal descriptions of land needed and was told these would be forthcoming in two weeks. Work on soil testing has been completed and exceeded costs estimates by \$1000 to \$2000. A hearing has been set for Jan. 30 in Tallahassee by the Dept. of Pollution Control. Another problem encountered was that the force main may not be located where plotted.

Progress on the water system improvements was broken down into projects. Project No. 1, the chlorination facilities was almost completed. The structures were built and some components were installed but no chlorine has arrived.

One of the problems of introducing chlorine into a water system Mr. Kelly stated is notifying the people about the dirty water caused by the chlorine loosening the scale and other built-up materials within the water lines. There will be considerable dirty water for the first day or two after the introduction of chlorine into the system. The Water Department will attempt to hold this dirty water to a minimum by flushing of lines. Residents may want to save a supply of clean water for drinking and cooking purposes during the first day or two of chlorine in the water lines.

Project 2, the well—has been drilled, cased and the foundation installed. The pump house is 60 percent completed and the pump ordered with no delivery date set, thus it is unknown when the well will go on line.

Project No. 3—the new water lines are completed. The Dept. of Health has accepted the bacteriological report and has approved the additions and the contractors have been paid.

The State and U.S. has been divided into planning areas with a 201 facilities plan required before anyone in an area can receive sewer grant money. EPA pays 75 percent of the planning cost with costs being shared on a population basis. A projection of the 1970 population census figures shows that sometime this year Avon Park will have 7,296 people, Sebring, 7,851 and the county area around the two cities will have 7,809. It is estimated the plan will cost \$75,000 with Avon Park's share being about \$7,000.

The EPA holds somewhat of a threat to any community that does not go along with the 201 facilities planning in that the plan would be prepared anyway with the city being limited to handling only waste water from within the city limits yet the county could use the city's disposal facilities. Thus to have some say about planning the city must participate in the 201 planning.

Grange Gets Award For Mall Beautification

Delegates from Avon Park Grange No. 203 attending the Florida State Grange Convention at Ft. Myers, Jan. 8-11 brought home awards and trophies for their work in community service projects, talent contests and scholarship fund raising projects.

A convention report will be given at the regular Grange meeting, January 14 at the Women's Club House. The delegates reports will be included in this program.

Avon Park also had entries in the photography contest. Minnie Swanson won a certificate for her entry. Ralph Fulmer placed second with a color photo of seagulls by the shore and third place in the color photo close-up division. Keith Debo presented a reading, "Freedom," in the Talent Contest and won a third place ribbon.

A certificate was presented to the Committee for Women's Action (CWA) for their contribution to CARE.

Delegates from Avon Park Grange No. 203 were Mr. and Mrs. Keith Debo. Mr. and Mrs. Lester Goodrich of Avon Park Grange represented the Ridge Pomona Grange No. 10. Others attending the convention at Ft. Myers, Jan. 8, 9, 10 and 11 were Mr. and Mrs. Donald Mason, Mr. and Mrs. Lloyd Wyant, Mr. and Mrs. Edwin Swanson, Edith Martensen and Ralph Fulmer.

A convention report will be given at the regular Grange meeting, January 14 at the Women's Club House. The delegates reports will be included in this program.

Water Resources Concern Board

County commissioners expressed concern Tuesday that commercial developers might someday drain scarce water resources from Highlands County, and distribute them to highly populated regions of the state.

Planning and zoning director Bill Stephenson introduced the potential problem, when he reported that an emergency meeting of the District 7 Regional Planning Council had been convened last Friday to consider a specific case involving DeSoto County.

Stephenson said the regional planning body, of which Highlands is a member, learned that a developer who had purchased 600 acres of land in DeSoto County intended to drill 11 sixty-inch wells from which he planned to pump 30 million gallons of water into nearby Sarasota County.

He said the county decided to send county representatives to attend a Jan. 27 public hearing in Tallahassee at which modification of chapter 222 (1) of the Florida Administrative Code will be discussed.

The council would like the administrative code amended to give regional groups greater

control over developers who are planning water distribution projects within their area. Commissioners authorized Stephenson to attend the meeting.

County attorney R.P. Dunty Jr. reminded commissioners that state legislation had passed the Florida Water Resources Act establishing specific agencies to allocate water supplies.

"You can't drill a well in Highlands County in excess of two inches without getting a permit from the Central and Southern Flood Control District," Dunty said.

He questioned the wisdom of authorizing regional planning councils to have a voice in water resources management.

"Do you want to create two agencies to do the same thing?" he asked.

State Senator Tom Gallen (24th congressional district) who attended Tuesday's meeting, told commissioners that he was familiar with the DeSoto County problem.

According to Gallen, General Acceptance Corp. (GAC) is the firm that purchased DeSoto County land, from which it planned to pump water to its

development at Port Charlotte in Charlotte County.

The Southwest Florida Water Management District is responsible for water allocation in DeSoto and Charlotte counties, Gallen said.

He indicated that DeSoto might be able to thwart the GAC plan by using its zoning

ordinances to prohibit the piping of water.

Dunty repeated his previous contention that water management was already tightly controlled and did not need additional supervision by regional groups.

"If you've ever read the rules and regulations of the Central and Southern Florida Flood Control District," Dunty said, "you'll wonder whether you can get a good full of water in 12 months—or not."

"I think it behooves all of us to stay alert," Wise admonished. "Stay on top of this as much as possible."

The Avon Park High School Grenadier Band will present their first winter season concert this Sunday, Jan. 19, 1975 at the Middle School auditorium at 3:30 p.m.

The band under the direction of Vic H. McKuske will play a variety program which will include the following numbers: *Loyal American March*, *Jesus Christ Superstar*, *Haskell's Rascals*, featuring instrumentalists, Kevin Murphy, David Prevatt and Mike Ryan.

Other band members featured are *Baich Farless* as the student conductor of *Norland Overture*; Mike Ryan as soloist in *Timpat* and the *Camptown Races* will draw upon the skills of the *Tuba Section*.

Other numbers by the band are *Overture in B flat*, *TSOP* and *Here's Chicago*.

Volunteer Fireman

Volunteer fireman of the Highland Lakes Volunteer Fire and Rescue Association, Inc. are requested to attend the annual meeting of the association to be held at 7 p.m., Thursday, Jan. 23 at the Highland Lakes Junior Academy Auditorium on Avon Blvd., across the lake from Walker Memorial Hospital.

Purpose of the meeting is the election of board members, hearing 1974 progress reports and the pending program for 1975.

SFJC Schedules Adult Registration For Jan. 20

Recreation will be one of the hallmarks of the development. Weisser said, with a \$1 million budget including an 18-hole, championship golf course, lighted tennis courts,

shuffleboards, volleyball courts, barbecue areas, thickly wooded parks and Granada Lake, with its extensive white sand beaches.

"We're not just making promises on recreation,"

Weisser said, noting that the golf course will be ready to play in May. It has been built on 260 acres with ground-breaking on the clubhouse this week.

Utilities will all be

underground, and 12 miles of sewer and water lines are already installed, along with six miles of paved roads.

Weisser announced that he has arranged for a federal mortgage commitment of \$1 million for financing construction and sale of homes in the subdivision.

"We have available 97 percent FHA loans to builders and 8 1/2 percent, 25 year conventional mortgages to home buyers." In addition, he said, "we also have second home money available."

Rex Bond, chairman of the board of First National Bank of Sebring and Avon Citrus Bank, presided at the welcome station.

George Gillette, Avon Park branch manager of First Federal Savings and Loan Association of Hardee County, supervised ground breaking for six more homes which that firm is financing. He said "We at Hardee First Federal share Jack Weisser's confidence and enthusiasm in this area."

Chamber Sponsors "Your Face Is Your Future"

The Avon Park Chamber of Commerce is sponsoring a program entitled "Your Face Is Your Future" to be presented Thursday, January 16th in the city recreation building on North Verona Avenue at 8 p.m.

This interesting event will feature a talk and screen presentation by Jim Brahe of Niles, Mich. who has traveled to all 50 states and all the Canadian Provinces to present this program. The program will be free of charge and open to the public with chamber members and all merchants being especially urged to attend.

Mary Lee King, recently elected Chamber of Commerce president, pointed out that this program has been scheduled since last September, in view of Mr. Brahe's heavy speaking schedule. Mr. Brahe is associated with Kawneer

Early Trail Promised For Defendants In Drug Case

Defendants arrested in a big marijuana haul on Circle 5 (Jan. 13) may go to trial as early as Feb. 10.

Written pleas of not guilty have been entered by defense counsel on behalf of Ward Lettner, 36, and Sam Altman, 40, both of Okeechobee, and Darryl "Buddy" Williams, 28, Sebring. Jose Ramon Cerezo of Miami, entered his plea in circuit court Jan. 13. All are charged with possession of marijuana.

Not guilty pleas for Williams, Altman and Lettner had been entered by Hayward Davis and David H. Best of Orlando. Davis said Tuesday he had filed a series of motions on behalf of the same three.

The first arrests in the case were made late Jan. 5 in connection with seizure of 1,500 pounds of marijuana loaded in a pickup camper and van at circuit court Jan. 13. All are charged with possession of marijuana.

Camejo, only one of the defendants still in jail, was in court Jan. 13 seeking a reduction in bond. At time of arrest bond had been at \$100,000 for each, but Jan. 8 was lowered to \$50,000 each. On Monday Judge John H. Dewell refused to make further reductions for Camejo.

After Camejo had entered his not guilty plea and requested trial by jury, Judge Dewell set the trial for Feb. 10. Defense counsel, Joel D. Robbush of Coconut Grove, indicated he plans to file a series of motions and may not be able to complete preparation for trial by that date.

Crews Appointed Reader's Digest Study Counsellor

Mrs. Virginia N. Crews has been appointed counsellor for the Reader's Digest Foreign Study League's summer time in Europe program for students of Highlands County.

Mrs. Crews is a Media Specialist at Avon Park High School. She has been in the field of education for 20 years. She will direct the enrollment of students from the Highlands County schools who wish to travel with the program this summer.

Students from Highlands County schools will fly from Miami on June 24 with their first stop in Madrid, Spain. They will spend 4 weeks in travel and study in Spain, Italy, Austria, Amsterdam, and London.

While overseas, they will take part in organized discussion and study of comparative cultures in each country.

The group is scheduled to return July 20 on a flight from London to Miami. The Foreign Study League is the oldest and largest overseas travel study organization in the world and is a subsidiary of Reader's Digest.

There will be a meeting of interested parents and students at the Avon Park High School Media Center, January 20, at 7:30 p.m. Further information may be had by contacting Mrs. Crews at the High School or calling 433-4715.

City Exchanges Property With Renfro

The Avon Park City Council, Monday night, granted permission to Hart's Auto Parts and Hart's Salvage to erect a professional painted direction sign on the right of way of Prairie Street on the east side of Highway 27 until such time as this right of way is opened.

The council authorized Mayor Davis to accept and execute a deed of release from the FAA on airport property that had been received by Attorney Renfro. This property is to be exchanged with Jim Renfro for their property.

Police Chief Grady Campbell requested permission to replace one policeman who had quit and to employ an additional man. Inasmuch as this is the busy time of the year it was moved that the vacancy be filled. Mayor Davis is to investigate possible LEA grant funds for additional men on the Police force.

Two resolutions were passed authorizing Council President Wendell Williams, Council Vice

President Milton Howard and Mayor Marshall Davis to sign a deed of release from the Citrus Bank and the Highlands County Bank for withdrawing funds by checks countersigned by City Clerk Malcolm Crews.

Avon Park officials were invited to participate in a noon parade on Jan. 17 in connection with the dedication of the new Mulberry Civic Center on Jan. 17-19.

No action was taken on a letter from Dutch Transit, Inc., which was in reply to complaints aired by Mr. Long of a Taxi Cab at an earlier Council meeting. The schedule of the bus was such that extended parking was not allowable and that a printed bus schedule would be available soon.

The Council Board Mr. Fish request permission to hold square dances in the recreation center from 5 to 9 or 10 p.m., Sunday nights as the group had outgrown the Legion Hall where they now meet. This was the only night the caller from Port Charlotte had open. The Council felt that there would be a conflict with church services next door and suggested trying to exchange with another group for a night that would not be in conflict with any regularly scheduled recreational activities.

Councilman Ed Touchton inquired about the lights at the recreation center for the proper functioning of recreational activities to which Fire Chief Mack Flowers replied that it would cost about \$500 to finish the work. Inasmuch as tax money had not been received the work was not finished and the Council decided that the work should be delayed until tax money is received from the county.

In another recreation matter Mayor Davis inquired about a fenced area on S. Carolina Ave. as a possible play area for the councilman Robert Britt designated to find out the details. Several other possible areas were also mentioned in an effort to provide a place for children to play so they would not have to play on the streets.

The Competency Board recommended a change in Ordinance No. 569 pertaining to contractors experience and insurance coverage, requiring \$100,000 liability and \$25,000 property damage insurance. This passed.

Bills were paid as listed. Councilman Touchton requested that the city do business with another drug store because of his interest in the Avon Drug store.

In a split vote the council decided to allow smoking in the council chambers. Fags were immediately lighted and ash trays appeared without anyone leaving the room. Co-incidental or collusion?

Inquires were made about old buildings partially destroyed by fire as they were an eyesore to the city. Building Inspector C.W. Ellerbee told the council he would have a report for the next council meeting as the 30 day notice would have expired by that time.

Councilman Larry Albright inquired about the city placing a pickup along the curb for a resident to move a boat trailer over the curb but the city has a no-work policy on turn-ins or driveways and residents can

secure a permit to knock out the curb and pave a driveway to prevent washouts.

Before the meeting adjourned, Council President Williams called for a special meeting at 7 p.m. Monday, Jan. 20 to allow councilmen to familiarize themselves with other city business.

Brentwood Mobile Court News

Since this column last appeared in this paper we have said a fond farewell to the Bill Bennetts who formerly owned this Court, and welcomed the new owners, Richard and Kay Rider and their three sons, Rodney, Randy and Ricky. We wish the Bennetts the best of luck in their new home, and our best wishes to the Rider's for their success as owners of this Court.

At our Coffee Hour Wednesday morning, we were surprised and excited to have the news that William and Lillian Thorne would celebrate their fifty-ninth wedding anniversary on Thursday.

We received the congratulations and best wishes of all present at the time. The Thorne's say 'they appreciate their friends' in Brentwood for sending the beautiful cards and the good wishes for our 59th anniversary. It made our day happier.' The Thorne's make their home in New Jersey but spend the winters here with Mrs. Thorne's parents, Bill and Marie Good.

Mr. and Mrs. George Beck of Toledo spent several days with the Good's.

The Louts Nickoley's enjoyed a holiday visit from their son, Bill, and his fiancée, Miss Wendy Gordon of Kankakee, Illinois. Bill is back at the University of Missouri at Rolla to complete his final semester after being employed for the past 7 months at Springfield, Missouri.

The Walling's enjoyed a holiday visit from their daughter and her husband. While they were here they showed us the slides their daughter took while she and her mother were on a European trip last summer. The pictures were beautiful and enjoyed by all.

On Sunday this week, the Good's were pleasantly surprised by a visit from Bill's niece and family, Mr. and Mrs. Kenney Johnson and daughters, Cindy and Lisa, from Napoleon, Ohio.

Mr. and Mrs. Race of Toledo called on the Good's one day last week.

There is a tale going around here that a certain dignified matron from our Court attended the Cal Sale at Arcadia recently

Council Involved With Barking Dogs

The first regular Monday night meeting of the 1975 City Council was called to order by Council President Wendell "Winkie" Williams and proceeded so quietly that several people in the audience suggested that the Council members speak a little louder.

In their first item of business the Council filled vacancies on various city boards, with Ralph Fulmer appointed to the Zoning Board of Adjustments. Councilman Robert Britt was appointed to the Competency Board as an Ex-Officio member and Council Vice-President Millor Howard was appointed to the Civil Service Board. Rev. Edwin Tharpe of the Florida Avenue Baptist Church was recommended and appointed to the Bi-Racial committee which will have their next meeting in April.

Other old business involved barking dogs on Grandview Terrace. Mrs. Fred Winstead and several neighbors said they had been disturbed for two years by barking dogs owned by Walter Respres. The dogs were kept in what appeared to be a four foot by eight foot pen and would go into orbit when a child or a dog passed by. They had talked with the owner, had him into court three times and the Chief of Police was out twice and the problem still prevailed.

In court City Judge David Lanier had told Mr. Respres to get rid of one to five dogs, one by one, until the barking stopped, but apparently this had not been done.

City Attorney Jack Hancock stated Mr. Respres could be arrested, fined or confined to jail every day the dogs continued barking until the nuisance stopped. The people of the neighborhood could also get a mandatory injunction to have the barking dogs removed. The Councilmen were of the opinion that something needed to be done. In their meantime Mayor Marshall Davis will confer with Judge Lanier on means of solving the problem.

THE BIBLE QUESTION BOX

For Bible Answer To Bible Questions Write To: Pastor A. W. Ortnor Rt. 2 Box X405 Avon Park, Florida 33825

Answer: In the beginning was the word, and the word was with God, and the word was God. The same was in the beginning with God. All things were made by Him and without Him was not anything made that was made, John 1:1-3.

Christ is the creative agent through whom God created all things. For by Him (Christ) where all things created, that are in heaven and are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers, all things were created by Him and for Him and He is before all things and by Him all things consist: Colossians 1:16,17. God who at sundry times and in divers manners spoke in times past unto the fathers by the prophets, hath in these last days spoken unto us by His Son, whom he hath appointed heir of all things, by whom also he

made the worlds; Hebrews 1:12. These scriptures indicate that Christ is the creator and sustainer, not only of our world, but of the whole universe, the wonderful things which exist in our world attest that there must be a creator. The universe is governed by marvelous laws. Science is discovering the secrets of creation. It is evident that a being of infinite wisdom must have created all things. The heavens declare the glory of God; and the firmament sheweth his handwork. Day unto day uttereth, and night unto night sheweth knowledge. There is no speech or language, where their voice is not heard; Psalms 19:1-3. For the invisible things of him from the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so they are without excuse; Romans 1:20.

Letter To The Editor

Dear Editor: Re: Gun Control The Constitution says we have the right to bear arms and they can't take that away from us. What's the trouble with the United States laws? Our Supreme Court threw out capital punishment, which it had no right to do. They are there to see that the laws are kept and the Congress is the one to make the laws. The murderers are put in jail for a

few years then they are let out on parole and then a lot of them murder some more. If we had capital punishment a person would think twice before he pulled the trigger. I have heard a lot of people say lately that our laws of today have got to be changed against the criminal, not for him.

Gasoline And Trees Stolen From Groves

Two of the county's largest agribusiness firms were losers in recent larcenies.

About the first of the year 20 gallons of gasoline were taken from the wind machine tank at

Letta Groves, Lake Placid. Ben Hill Griffin is the owner of this grove.

Eleven newly set orange trees were stolen from a Lykes Brothers grove a half-mile south of Josephine Creek. A toilet stool and tank were taken from a Lykes labor camp on State Road 17.

Another type of loss was sustained at the Dressel Dairy on Bombing Range Road. A hit-and-run destroyed about \$100 worth of fencing.

Project Hope got off to a modest start Monday noon with thirteen hot meals delivered by volunteer workers to incapacitated elderly people who for some reason or other were unable to prepare their own hot lunch according to Rosemary Deck of the Project Staff.

In Sunday Accident

By GENE HANCOCK

Two young bicyclists were seriously injured in a traffic accident here Sunday afternoon. In a report filed by Sgt. LeRoy Prevatt, he stated that Harry Clay Moore, age 31, was traveling north on S. Delaney Ave. near the intersection of E. Green St. when suddenly two young boys on bicycles, coming from Moore's right side, apparently failed to stop for a stop sign and were struck by Moore's vehicle. Measurements made at the scene by Ptl. Gene Hancock, indicated the boys were thrown approximately 32 feet by the impact of the impact and that Moore's vehicle left 71 feet of skid marks.

The two victims identified as Terry Jackson, age 10, and Daniel Smith, age 10, were taken to Walker Memorial Hospital by the Sheriff's ambulance and later transported to Winter Haven Hospital.

A check with Winter Haven Monday revealed both to be in "fair condition." Prevatt "her stated that charges of 'driving while intoxicated' were filed against Moore after alcohol tests were performed.

Coleman-Massey In a minor accident that occurred at approximately 1:30 p.m. Wednesday, Sgt. LeRoy Prevatt stated that Eulasee Coleman was proceeding east on W. Bell St. and had stopped for the stop sign on Bell St. and Highway 27. Coleman then attempted to back up and struck a vehicle being operated by Linda Massey, who had stopped behind Coleman. The Massey vehicle, a Pinto station wagon received damage estimated at \$150, while damage to Coleman's Buick was listed at \$35. Coleman was cited for "Improper backing" and "No drivers license."

He was introduced by Ruth Nickoley, first reader at Avon Park Society.

Club Plans

For "Key"

Club Week

The Key Club is starting to make plans for "Key Club Week" which will come sometime in February.

Finalized plans have not been made yet, but tentative plans call for a day when all Key Club members will dress like the average teenager at a home.

Also, other possibilities are a day when club members will become teachers for a day and actually run the classes.

Either a basketball or volleyball game will be set up so they can play the faculty. I wonder who will win?

Mrs. Ann I. Thayer age 89, of 11 Forest Hills Court, Avon Park, died at Walker Memorial Hospital, January 9.

She was former owner and dietitian of the cafeteria at New England Mutual Life Insurance Co. of Boston for 18 years. She joined her husband in New Hampshire for 11 years.

She was a resident of Avon Park for 23 years and a member of the Union Congregational church and Hibiscus Garden Club.

Survivors include her husband Richard H. Thayer, Avon Park. Two sisters Mrs. Barbara George, Jacksonville, Florida and Mrs. Phyllis Black, Duluth, Minn. Two nieces Mrs. J. H. Shaffer, Jacksonville and Mrs. Mary Swanson, Duluth, Minn.

Services were held in the Union Congregational Church Saturday, January 11, at 2 p.m. with Rev. John Picken and Rev. H. D. Graetz officiating.

Lutherans Have

Christian Women

Program

The January meeting of the Lutheran Church Women began with a covered dish luncheon at the church with 27 members and guests present.

An interesting program followed and was conducted by Mrs. Louise Gregg entitled "Christian Women Around the World". Readers for the program were Mrs. Alda Peters, Mrs. Edna Holton, and Mrs. Irene Kleinhaus.

The business meeting was opened by President Mrs. Dorothy Shrope who welcomed the guests.

The minutes and treasurers' reports were given and approved.

Louise Gregg reported the new church sign had been shipped.

Plans were made for church picnic to be held at 12:30 p.m. on February 16.

Correspondence was read on Lutheran World Relief clothing pick up and was tabled until a later date.

Mrs. Mary Potten reported on sick calls and Mrs. Mildred Genson informed the group she had heard from Mrs. Emma Terp who is in a convalescent home in Tampa and she is improving.

The meeting was adjourned with the Missionary benediction and "The Lord's Prayer."

The hostess for the next meeting will be Mrs. Mildred Abel.

Church Women Plan Rummage Sale

The Episcopal Church Women of Avon Park met for their regular monthly meeting on Wednesday, January 8 in the Parish House of the Church of the Redeemer after mid-week communion. After a short coffee, the president, Mrs. Earl Freeman opened the meeting with prayer. The Secretary Treasurer reports were approved as read.

Mrs. Sherman Francisco announced that she was gathering material for the "Rummage Sale". The three day event will start at noon on Thursday, February 6 and continue to 5 p.m. on Friday, February 7 and 8 a.m. to noon Saturday February 8. She asks members to bring their offerings to the Parish House by February 4 to give her and her assistants time to sort and price the material. She welcomes all material. Clothes, china, books and furniture always find ready buyers.

The next event on the calendar is the annual "Pancake Day", Tuesday, February 11. This event is always welcomed by both Winter Guests and year round residents. The pancakes made from scratch from an old family recipe are out of this world for flavor and lightness.

Home grown grapefruit, pancakes, sausages and coffee make up the menu. All this for \$2 a person; \$1 for children under 12. Mark the date, February 11 and come and eat. You won't be sorry!

Mrs. John Morris, Program chairwoman, introduced Dr. James Layne, speaker for the day. Dr. Layne is Director of Research at the "Arch Board Expeditions Museum of Natural History". His talk on the problems caused by the population growth was most interesting and instructive. Strange as it may seem, as population grows, taxes go up. In the next 20 years the population of Highlands County is expected to increase by at least 75,000 and plans are being formulated for education, health and homes for the well being of these expected new comers. A short question and answer period followed his most interesting talk. The president expressed her appreciation to the hostesses, Mrs. W. Smith and Mrs. E. Freeman, for the delicious cookies, cake and coffee.

Meeting adjourned with prayer. Next meeting will be held in the Parish House on Wednesday February 12.

Woman's Club Hear March Of Dimes Program

The January meeting of the Junior Woman's Club was held on Tuesday, January 14, in the Woman's Club Building at 8:00 p.m.

Steve Roberts and Tom Leithan, representing the Highlands County Chapter of the National Foundation of the March of Dimes, presented a very informative program on Birth Defects. Each member was given a booklet explaining the facts about birth defects.

Roberts showed the Club a short film on the importance of pre-natal care and Leithan followed with a talk emphasizing pre-natal care and public education as a help in combating birth defects plus a few remarks about the financial structure of the Foundation. He informed the club that the Highlands County Chapter had purchased a Fetal Monitor for Walker Memorial Hospital which will be in use in about three weeks and they hope to start a pre-natal counseling center.

The Highlands County Chapter also hopes to be able to institute a public education program on V.D. through the schools. Venereal Disease has increased 32 per cent over the whole nation with an increase of 33 per cent in Junior High Schools and 13 per cent in Elementary Schools. This is considered epidemic proportion.

Leithan announced that the Highlands County Chapter has received an award for the most money raised per capita for any county in the entire United States. More than \$1.00 per capita was raised. A great part of the money was raised through the annual Walk-a-thon. This is indeed a great achievement!

By ILEON KULL
50TH WEDDING ANNIVERSARY COUPLES HONORED SUNDAY
 Six couples who celebrated their 50th wedding anniversaries during 1974 were honored by club members Sunday afternoon Jan. 12. They were Clay and Ileon Kull, married April 26, in Detroit, Mich.; Kellie and Etha Larrew, Jan. 24, Decatur, Ill.; Lloyd and Euphama Lofland, July 27, Shelbyville, Ill.; Glenn and Mildred Long, April 26, Meriden, Conn.; Herman and

Sheila Wurster, Aug. 20, Bedford, Iowa; Lloyd and Lorena Wyant, June 28, Caledonia, N.Y.
 The club house was very festive with its golden decor, the stage backdrop of blue drapes trimmed with gold, two large golden arrangements of flowers and two large lighted candles, together with a large red heart, with the names of the six couples in gold, decorated the stage.
 Albert Cushing accompanied by Jerrold Perkins played "Because" and "I Love you

Truly". A trio of young entertainers, David Flowers, guitar, Frank Kule, soloist, and Kay Bash at the piano, rendered several old and new selections.
 Each couple was introduced by Paul Swearingen as they marched down the aisle to the strains of the wedding march, played by Helen Basen. The Rev. Mr. Bentley Williamson, of the United Methodist Church, then gave an interesting talk and prayer.
 Two couples in the audience who had been married 60

years, Harold and Ruth Wolcott, and Everett and Bessie Paxton, were given chrysanthemum plants.
 After many pictures were taken, a receiving line was formed so all could greet the honored couples.
 The wedding cake, decorated with gold roses, and golden punch were served from a refreshment table covered with a lovely golden cloth, by Caroline Crump, Catherine Baker, Hazel Brevoort, Audrey Near and Hazel Prindle. Paul Swearingen was in charge of the program.

Avon Mobile Home Park News

By: LORENA WYANT

We welcome Roy and Blanche VandePolder of Battle Creek, Michigan, who are residing at Court 11. The owners Paul and Pauline Thomas of Athens, Michigan, attended the coffee hour with them on Monday. They have a travel trailer at Holiday Ranch north of the City at present.

Sylvan and Catherine Baker visited the Sea World on Sunday with Mr. and Mrs. John Deere from the Connell Apartments.

Mr. and Mrs. Ralph Heit spent several days at Ft. Myers Beach with their son Donald Heit and family who were vacationing there.

Mr. and Mrs. Harold Chaffee of Angelica, New York, called on Mr. and Mrs. Lloyd Wyant on Saturday. They are spending a few months at Lakeview Mobile Home Park near Sebring.

Ham and Nita Byrer arrived Jan. 5th from the cold Indiana weather and are happy to settle down after battling heavy traffic.

Mrs. Mildred Shearer has returned from a two week visit with her daughter and family Mr. and Mrs. Homer Hevior.

In their new home at Hollywood Hills, Florida.

Sunday evening guests of Mr. and Mrs. Ralph Heit were her brother and wife Mr. and Mrs. Lester Janery of Chicago Heights, Illinois.

Mr. and Mrs. Donald Brown of Freeport, New York, called on Maurice and Verna Pero, when in this area. Donald is a son of Harry and Eva Brown who were former residents in the park. He said that Harry is much improved and they are spending the winter in their apartment in Cobleskill, New York.

Guests of Mr. and Mrs. Harry Burnett on Tuesday were Mr. and Mrs. Charles Jones of Pompano Beach, Florida.

Mr. and Mrs. Jesse Icmogley of Casey, Illinois, spent a week over New Years with her parents Mr. and Mrs. Kellie Larvee.

Guests of Mr. and Mrs. Edwin Feehan for several days were his grandson Roger Stein of Custer, Ohio, also Jet Sheffer and Kevin Askerman of McComb, Ohio.

Mrs. Lavina Weller has arrived from her home in Oil City, Pennsylvania, for the rest of the winter in the Park.

It is good to have Claron and Marie Monroe back from the snow country - New England that is - where they attended the wedding of a granddaughter in Boston.

There will be a pot luck dinner at the hall Thursday

Don't Be Misled By Higher Prices!

FACT:

Back in the "good old days," 1954 for example, the average buyer spent 5.1 months of his income to pay for a standard size car.

Today the same comparable car takes only 4.4 months' pay and the buyer gets a lot more automobile in the bargain.

Inflation has increased the value of your present car. It's worth more in trade than you might think. Get a FREE appraisal from the well-known, conscious local dealer - WELLS MOTOR CO.

DID YOU KNOW...

- 1 DID YOU KNOW...the value of your trade-in at a 15-year high?
- 2 DID YOU KNOW...the 1975 models average up to 35% better gas mileage than older models?
- 3 DID YOU KNOW...maintenance costs are lower on 1975 models because of solid state ignition, engine improvements, and sealed bearings?
- 4 DID YOU KNOW...the 1975's are better values? Most are equipped with steel ball-bearing ball joints guaranteed for 40,000 miles of trouble-free driving.
- 5 DID YOU KNOW...extended 36-month credit is available?
- 6 DID YOU KNOW...the 1975's have cleaner, more efficient engines with exhaust cleaning by the new catalytic converter?
- 7 DID YOU KNOW...the costs of parts and labor to refurbish your present car, tire, tune-up, etc., make the 1975 models an even better buy?
- 8 DID YOU KNOW...WELLS MOTOR CO. is ready to make some of the most attractive offers on 1975 models that you have seen in years?

By MABEL STOCKER

The village welcomes Mr. and Mrs. Wayne Brown of near Richmond, Indiana, who have become residents in their new home. Mrs. Brown is the daughter of Mr. and Mrs. Cleatus Abraham of the village. Also Cleatus' brother Rev. and Mrs. Abraham of Indiana are guests of Cleatus and Opal. On Friday evening the Rev. and Mrs. Abraham showed pictures they had taken on a trip to the Holy Land which they had visited early last year. Most of the residents of the village enjoyed the pictures and they would like to express their appreciation to the Abraham's for showing the pictures.

The weekly sewing and craft meeting was held on Wednesday and attended by 12 ladies. A variety of sewing and

fancy work was being done. Refreshments were served by Alta Campbell and Anna B. Rotz.

Mr. and Mrs. Merlin Derringer and daughter Brenda have returned to their home in Lima, Ohio after having spent a few weeks in their home in the village.

Mr. and Mrs. Roy Hoskins who are spending the winter at Zolfo Springs visited with Roy's sister and husband Mr. and Mrs. Art Parker and other relatives and friends in the village.

Mr. and Mrs. William from California visited last week with his mother Lyda Glen.

Medical Technician

Class Starts Jan. 28

A program designed for training emergency medical technicians will begin Jan. 28 at South Florida Junior College. The program is for men who plan to enter the emergency medical service operated by the sheriff's department.

supervised by certified emergency medical technicians from the Highlands County service. All men in the program will take the state emergency medical technician examination in June to complete certification.

Registration will be Jan. 20-24, 9 a.m.-4 p.m., and evening registration Jan. 20 6:30-9 p.m. at SFJC.

Library Offers Improved Services To Users

The Avon Park City Library, under the direction of Mrs. R. D. Moore, has greatly improved its services in the past months. Assisted by a well qualified staff consisting of Mrs. Estelle Fisher and Mrs. Eugene Hise she has been able to expand the services in order to meet the needs of our growing community.

Some of the services provided include ordering books from State and National sources, conducting summer reading programs, special film presentations, and providing an atmosphere for learning, enjoyment and relaxation for the citizens of the community.

The walls of the Library are presently decorated by the beautiful paintings of Mr. William Luscombe. The citizens of the community are encouraged to come in and view these paintings and the

newly acquired books.

The library staff encourages visits from individual school classes. Since the Middle School is within walking distance from the Library, many such visits are expected in the Spring. These visits can be scheduled by contacting Mrs. Moore by phone.

The Friends of the Library headed by Paul Genry, president and Mrs. Leona Maxwell, vice-president give support to the library in many areas of need.

The Library Board appointed by the City Council consisting of Dr. Dan A. Davis Chairman, Mrs. Mae Langmon, vice-chairman, Mr. Paul Genry secretary, Mrs. Annabell Worden and Mrs. Helen Britt provide overall direction and guidance in matters concerning the operation of the Library.

USDA Proposes Stamp

Recipients Pay 30Percent

Food Stamp recipients would pay a standard 30 percent of net income for their food stamp allotment, effective March 1, under an amendment to food stamp regulations proposed by the U.S. Department of Agriculture (USDA).

The proposal would mean an increased purchase requirement for all households except (1) certain households of eight or more persons, which have been paying 30 percent of income and (2) those entitled to free food stamps under the law (one and two person households with net monthly income of less than \$20 and all other households with income less than \$30).

For example, a four person household with a monthly net income of \$150 after allowable deductions (e.g. taxes withheld, shelter cost over 30 percent of income, medical expense over \$10 and child care expense) now pays \$45 for \$150 in food stamps. Under the proposed formula, that

household would pay \$45 for its food stamp allotment.

The proposal is in line with the provision of the Food Stamp Act specifying that the amount a household pays for its food stamps should represent a reasonable investment on the part of the household, not to exceed 30 percent of the household's income. Current purchase requirements vary widely in percentage of income. The proposal is designed to remove the differentials in percentage of income paid for the food stamp allotment by providing that every household with the same income pay the same purchase requirement.

Written comments should be mailed or delivered to P. Royal Ship, Director, Food Stamp Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D. C. 20250. Comments received will be open to public inspection.

THE PUBLIC BOAT launching ramp on South Lake Letta gets a cleaning out as Roy Bennett Highlands County Maintenance Supervisor for this area brought his crew and equipment to make it easier for boaters to

get to useable water. Operating the articulate end loader is Emmitt Richards with Jerry Massey in the motorized road patrol.

THE GRASSY WATER covered second shore line of Lake Letta makes a smooth working surface for Emmitt Richards as he leads the yard and a half bucket of the Highlands County's articulate end loader with sand and grass last Friday. A channel had to be cut through the washed in second

shore line to enable boats to be easily launched. County Maintenance Supervisor Roy Bennett stated several more loads of soil were needed to finish work at the Highway 17 Ramp on Lake Letta to make it a more ideal location for picnics parking and boat launching.

Developers Reveal Plans For New Community

A special luncheon was held Jan. 8 at the Sun 'n Lake Holiday Inn of Lake Placid, to introduce Florida developers, builders and realtors to the new Sun 'n Lake Estate of Sebring residential and recreational community.

The event included an informative presentation, displays, slide show and several speakers discussing the 7,000-acre Central Florida development, which fronts Highway 27 in Highlands County, between Avon Park and Sebring.

According to L. N. (Jack) Weisser, President of Sun 'n Lake Estates, the community is being developed in phases and will ultimately be the home of 100,000 people. The Sun 'n Lake Estates will feature private homes, high-rise and garden condominiums, villas, golf course, extensive recreational facilities, commercial areas, schools, houses of worship and a 150 room Holiday Inn.

Phase I contains 500 acres, with 241 single family lots, 183

multi-family tracts and 127 commercial sites. Sun 'n Lake Estates has central water and sewage treatment, underground electricity and telephone.

Work is nearing completion on over \$5 million in improvements, including a \$250,000 model home center; five and one-half miles of roads and over \$1 million in recreational facilities. Leisure activities will be highlighted by a clubhouse with proshop, 18 hole championship golf course, lighted tennis and shuffleboard courts, which will be ready for use this winter. Fresh water Lake Granada is being expanded and stocked with fish, beach recreation areas are being created and boat docks are being built. Construction of a 150 room Sun 'n Lake Holiday Inn is expected to begin shortly.

The success of the Sun 'n Lake community, where over \$120 million in land sales alone are predicted for the next five years, is indicated in the previous venture, Sun 'n Lake

Estates of Lake Placid of which 85 percent of the 5000 acres has been sold, thus confirming the demand for this type of total community environment for permanent, vacation and retirement homes in Central Florida.

Both of Florida's coasts are within an 80 mile radius of the

property along with other major attractions, as Disney World.

The developing area enjoys a high and dry elevation, moderate climate with fertile soil in the lush citrus belt of Central Florida.

The grand opening of Sun 'n Lake Estates was held the weekend of Jan. 10, 11 and 12.

Coast Guard Warns Boaters To Be Careful

The Coast Guard maintains buoys to assist boaters in determining their position and safest course, and to warn them of dangers and obstructions. Most of the time buoys and other aids stay in position and operate properly. But, boaters should not rely completely upon the position or operation of floating aids for several reasons.

First, buoys are represented as dots and circles on charts,

and only approximate positions. Also, the physical make-up and maintenance of buoys can cause discrepancies in positions. Buoys are moored to anchors with varying lengths of chain, causing some variance with the changing tides. Buoys occasionally shift location during storms or unusually strong currents. They also may be damaged or sunk by vandals or collisions. The prudent boater double-checks his position by using bearings or angles from fixed objects on shore, checks his charts, makes soundings, looks for other more permanent aids, considers all the data, then calculates his position. Buoys mark an approximate position, so other means also be used to assure a more accurate location.

The Coast Guard cautions boaters about navigational aids. One, boats passing too near buoys, especially in rough water, run the risk of collision with a yawning buoy, or with the obstruction it marks. Two, it is illegal to secure a vessel to a navigational aid. A boat tied to the buoy obstructs it from the sight of other boaters.

Remember a buoy is a moving thing, riding with the movement of the wind and current, and although weighted to the bottom, can be shifted in position for a number of reasons.

Employment Survey To Be Taken In This County

Local representatives of the Bureau of the Census will conduct a survey of employment in this area Jan. 20-24.

The survey is conducted monthly for the U. S. Department of Labor in a scientifically designed sample of households throughout the United States. Employment

and unemployment statistics which are based on results of this survey are used to provide a continuing measure of the economic health of the nation. Total employment, as measured by the monthly sample survey of households, declined by nearly 800,000 in November to 85.7 million — a level approximating that of a year earlier. Until this decline, employment had been advancing slowly and unevenly throughout the year.

Facts supplied by individuals participating in the survey are kept strictly confidential by law and the results are used only to compile statistical totals.

Interviewers who will visit households in this area are: Mrs. Christine Oates and Mrs. Elizabeth Swenson.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.

THE CHURCH IN EVANON

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Between The Bookends

By Mrs. R. D. Moore, Librarian

Mistress of the modern psychological suspense is what many have called author Jane Aiken Hodge. Her latest book is *One Way To Venice* and is full of winding canals and shadowy piazzas as well as old enemies and unknown terrors. If you are a Mary Stewart fan this one is for you also.

C. P. Snow has an international reputation for the eleven *Strangers and Brothers* novels. His new novel is *In Their Wisdom* and is the story of an epic struggle in and out of court over a contested will.

We have several new suspense and-or mystery stories. Ethel Edson Gordon's *The Freebody Heiress*. Good Girls Don't Get Murdered by Percy Parker. The Shadow Knows by Diane Johnson, and Great Stories of Suspense edited by Ross Macdonald.

How Many Miles To Babylon is a moving new novel by British author Jennifer Johnston. It deals with Alexander Moore, an upper-class Irish boy who is all but ignored by his father and devoured by his mother. He is alone, lonely, and bored. On his family's majestic and glorious farm, there is a young peasant boy, Jerry Crowe, equally alone. The friendship is born. It deepens, in spite of class difference, amid the beauty and freedom of the Irish countryside. And then World War I breaks out. The boys

enlist; Alex is to become an officer, Jerry an enlisted man. Ultimately in a dramatic and tragic scene at the front in Flanders, the fate of the two becomes locked together.

Orenthal James Simpson ran his way into pro football's record books as the 1st running back in NFL history to gain more than 2,000 yards in a single season. But some say O. J.'s greatest runs were not accomplished on the gridiron but in the ghettos of San Francisco. *Born to Run* by Larry Fox is the Simpson story of overcoming obstacles of big-city ghetto living to become one of the highest paid rookies of all time in pro ball.

Marcia Freedman had a 21 year old son Joshua who died after a 13 month struggle against an incurable tumor of the brain. She felt her son showed such an incredible demonstration of dignity, grace, courage, and personal control that an account of his struggle must be told to others thus she has written *The Story of Josh*. Mrs. Freedman feels that if Josh's story can serve as an example and be of help to others who must face untimely death, then it will have been of inestimable value. It is perhaps not a book for everyone to read since it is so very painful and heart-breaking, but it will be helpful to many others.

Insects Never Take
Vacation Says Grower

Insects never take a vacation says the Florida Nursery and Growers Association (FNGA). They are always attacking the plants which we try and grow. Cool weather merely slows down insect activity. One of the insects which seems to adapt rapidly to winter weather is the aphid. They may not multiply as rapidly but they are always present. If you have a vegetable garden and grow any of the leafy vegetables it is almost certain that aphids will give you a problem. Aphids can be controlled by using Malathion. Precaution should be observed if the crop is near harvest as there is a specified

waiting period after spraying.

Caterpillars like aphids are plentiful during the winter. They become slower in their movement but can still eat large quantities of vegetables and ornamentals. The group that is most prominent or vegetables is the looper or measuring worm. Most loopers can be controlled by applying Thruicide says Florida Nurserymen and Growers Association. You may need to make frequent applications to preserve the wholeness of the leafy vegetable.

For a little more information on how to operate your garden you might wish to purchase the small booklet entitled "Your Living Garden." Mail thirty-five cents to Florida Nurserymen and Growers Association, P. O. Box 769, Brandon, Florida 33511. In some areas, your local nurseryman may carry this publication. If he does not, request him to secure copies.

As you are driving around the countryside you may notice that a number of commercial citrus producers are beginning to fertilize. This is an excellent time to apply fertilizer in case we have rains a little later. Use only a special citrus fertilizer says Florida Nurserymen and Growers Association. It will contain the right ratio of nitrogen, phosphorus, and potassium, along with some trace elements needed by the tree. If you have not applied Dolomite to your trees do so at the same time as fertilizing. In order to produce fruit your citrus trees must have an adequate amount of fertilizer.

SFJC To Conduct
GED Test

South Florida Junior College will conduct a class for persons who want to prepare for the G.E.D. or high school equivalency test. The course will meet Monday nights on campus at Sebring Middle School.

The course covers the five areas of English, science, literature, social studies, and math and concluding with the administration of the G.E.D. The cost will be \$3 registration fee plus books for \$10. Registration will be Jan. 20-24 from 9 a.m.-4 p.m. Evening registration Jan. 20 from 6:30 until 9 at SFJC.

For additional information call the director of vocational guidance at 453-6661.

Southland Court

By MARION LEARNED

Shuffleboard action on Friday, Jan. 3rd. Nine men were out to play. Leo Breister agreed to drop out on the first game, then he would play after someone lost the first game. On the East Court, winners were Tebo and Gifford 26 to minus 9 over Condit and Gifford.

Second game it was Breister and Engard 100 to 33 over Condit and Gifford and the final game, it was Condit and Gifford 41 to 18 over Ross and Wallace. West court action, it was Ross and Wallace 102 to 33 over McEwen and Engard. Second game it was Tebo and Long 63 to 53 over Ross and Wallace and the final game was taken by Breister and Engard 48 to minus 1 over Tebo and Long.

We had a record breaking attendance for bingo on Friday Jan. 3rd. It was a good night for Charlie McNulty, he won two games and the cover-all. Also Elwood Stroup finally won a game, we all were delighted over this, so keep up the good work men. Other winners were: Anna Barth, Martha Long, Al Thompson, Emily Renard, Everett Paxton, Alvin Tropics, Hannah Tebo, Harriet Meissel, Minnie Joseph, Loyal Condit, Martha Ayres, Marion Learned, Golda Dean, and Glenn Carr.

Tues. Jan. 7th. There were 25 in attendance for the coffee hour at 9:00 a.m. and 9 ladies met for Sewing and Crafts in the afternoon. At 7:15 p.m. there were 16 for Aggravation. The monthly pot-luck dinner will be held on Wednesday, Jan. 10th at 5:00 p.m. at the Recreation Hall. All park residents are invited to attend. Guests at the home of Mildred Hindsley were her son and daughter-in-law, Rex and Vivian Eschhofen and their sons Bruce and Kevin from North Canton, Ohio. Also her friends Mr. and Mrs. Clyde McKay and Ruth Churchill.

Sunday callers at the Tebo home, on Jan. 5th were Mrs. Bert McEwen of Roaring Branch, Pennsylvania and Mrs. Edris Croft of Big Sun Ray, Frostproof, Fla. Other guests were Rev. and Mrs. Frank Donaldson of Roaring Branch, Mr. and Mrs. Walter Brown and Mrs. Janet Neal of Canton, Pennsylvania and Harry Myers of Elmira, New York.

Wednesday evening, January 8th was a fun night for a group of 17 from the park, they enjoyed a lovely dinner at the Steak Out Family Restaurant on U. S. 27 here in Avon Park.

Dead line on news has been changed and we want to cooperate with the Avon Park Sun, to insure our news being printed. Some news is a week behind, we know everyone will understand and cooperate. All for this week. Good health and happiness.

1. Card of Thanks

We wish to express our heartfelt thanks to all our friends and neighbors for their many acts of sympathy during the sad bereavement of the family of Eura C. Bottoms.

The recent bereavement which has visited our home has brought to us a greater appreciation of our friends. Such kindnesses and neighborly thoughtfulness can never be forgotten. Jessie, Fred, Montseida Jr., Dr. Gary Montseida, Cherrie Holland, Judy Brunson.

I wish to express my heartfelt thanks to all who in many ways helped me through my wife's long illness and passing away. My special appreciation to Rev. Herbert Graetz and Rev. John Pickens and Dr. Burd Osting. Also, the nurses, aides and staff of the Walker Memorial Hospital who so many times took care of her.

Richard Thayer

The family of Mrs. MAURICE J. BREVORT would like to express their appreciation to friends and Winter Guest Club members for the library memorial and other acts of kindness during the illness and death of their loved one.

New '74 Datsuns

at '74 prices!

Datsun brings back deflation. Choose from 13 gas-saving models.

With inflation the way it is, why buy a new car at '75 prices when you can buy a new car at '74 prices? Datsun makes it possible for you to save a bundle. Since we won't be introducing our '75 models for a while, we're selling brand new '74 Datsuns at low '74 prices. Every model from the B-210 economy champ up to the fabulous 280-2Z. Because they're all Datsuns, they're all easy on gasoline, loaded with no-cost extras and inexpensive to maintain. Also keep in mind that Datsuns have high resale value. Compared to the new inflated '75 prices, there are no better values on the road today. See your Datsun Dealer and get one while the getting's good.

Persons wishing to register for Adult Education Classes in Highlands County may still do so at South Florida Jr. College or at the class on a space available basis.

Classes of interest include emergency medical technician, nurse aid, typing, sewing, drawing and painting, Spanish, high school completion, G. E. D. preparation, Bookkeeping I and II, secretarial procedures, shorthand, air conditioning, auto mechanics, drafting, electronics, and carpentry.

The cost of courses ranges from \$3 to \$20 depending on length and material required. Persons wishing to register may call 453-6661 for information as to time and location of classes.

Davis Makes Report On Lodge

The kick-off of the annual Salvation Army campaign was held at the Citadel Tuesday morning. Chairman Elmer Sherwood welcomed a capacity attendance.

"Our goal this year is \$25,000, which is 25 per cent more than any goal every set before," said Sherwood. "We will exceed our goal. If so we will pave the way for the Bicentennial next year when we will aim for the building of an adequate facility to fit the growing needs of our County."

Mayor Marshall Davis of Avon Park made a progress report on the purchase by the Salvation Army of a Red Shield Lodge, to be used to house transients. Volunteers are at work bringing this facility into efficient condition.

County-Wide Fire Plan To Be Revealed

Robert Byrus, a fire protection engineer, has been invited to appear before the board of county commissioners on Jan. 28 to describe his program for developing a comprehensive county-wide fire fighting plan.

A committee led by commissioner Len Wilkinson and county administrator Charles Culens met Monday evening to hear Byrus describe his qualifications for conducting the survey.

Byrus said he was in charge of fire services program at a State College from 1945 to 1951.

He then went to the University of Maryland where he headed the fire service extension program until 1967.

He has served also as a fire services consultant to the National Aeronautics and Space Administration, the National Bureau of Standards and the Federal Aviation Agency.

Representatives of the Florida, Lake Josephine and Highlands Lakes volunteer fire departments attended the meeting to question Byrus about his recommendations for organizing a coordinated fire-fighting service in Highlands County.

Byrus said that major categories to be considered by his survey will be: manpower, equipment, knowledge (training), availability of men and equipment, and authority to coordinate firefighting in the county.

Wilkinson stressed the importance of the survey's providing a number of alternative solutions to the county's fire protection needs rather than a single, optimum solution.

"You can't fight a fire with a committee," Byrus said. He followed that statement with a recommendation that a county fire administrator be appointed to coordinate all fire service activities.

A special meeting of the Avon Park City Council was called by Council President Wendell "Winkie" Williams for the purpose of allowing the new Council members to become more familiar with the functioning and operation of the city and its business.

The council spent considerable time in a discussion of the number of personnel in various city departments in connection with the request of John Zeigler of the Street Department for an assistant department head.

The question was raised why all the departments had assistants except the street department. The Fire and Police Departments had assistant department heads who were captains and the water department with five men had an assistant but the street department with 22 men had no assistant department head.

It was moved to establish the position of assistant department head of the street department. The Civil Service Board would certify as eligible for employment applicants who were qualified for the position.

Some Police Department problems were aired in the personnel discussion, such as: Higher pay of Sheriff's Department Deputies in attracting policemen to the Sheriff's Department. The matter of Sheriff's Deputies writing up felony tickets which left the city policemen apparently only acting as traffic cops. Then there was the matter of some people wanting policemen walking the streets during the daytime.

Conciliations were of the opinion that Avon Park is on the move thus they felt that this discussion should be continued at further meeting.

They heard a request for the operation of a portable go-kart track in the city with the Police Department receiving a percentage of the admissions.

The hours of operation would be from 3:30 to 8:30 p.m. with the go-karts moving at 13 to 18 miles per hour. Council moved that the track be tentatively allowed to operate on the vacant lot across from

Starling's Market, however, if neighbors complained of noise or nuisances the go-kart track would have to leave the area.

A suggestion was made that the council look for a piece of city property that is centrally located.

All apparently quiet Monday morning, Jan. 20, until a girl was found in a restroom where she had been beaten by two other girls. When her grandmother came to take her home she protested that she wanted to stay in school but her

grandmother. However, she was back in school on Tuesday.

What action has been taken to punish the offenders? Some students were suspended from school for ten days. While some students were placed on probation indefinitely, subject to a review of their behavior. And pending identification others may be suspended or placed on probation.

Some people have asked where were the Police and the Sheriff's Deputies during this time? School authorities felt that more could be accomplished in quieting the situation if police were not

present. However, Avon Park Police and Sheriff's Deputies were on stand-by alert on Friday, Monday, and Tuesday. During this time the Avon Park Police continued their routine morning check of the vehicular traffic at the school facilities.

Basketball Coach Tom Lund in crossing the office lobby reported that the Varsity Basketball Squad players had the intestinal fortitude and self-discipline to not get involved with any of the disturbances. For further comments on the school situation Dr. Crittenden referred to the news release prepared by the County School Superintendent's.

City Hall gets many requests for action from its citizens, some routine, some interesting and some requiring a bit of thought to solve, but City Clerk Malcolm Crews received a request that was out of the ordinary.

A city employee on one of the trash trucks asked Mr. Crews what could be done about the problem caused by some mother's (maybe fathers too) who were putting their baby's soiled and dirty pampers in paper bags and putting them on trash piles.

That the paper bags broke open because of the wet pampers wasn't so bad, they could still be handled, but even in our winter season the human waste in the pampers caused a strong odor which would get worse in the warmer months ahead.

The city employee was told that the trash crews should secure the addresses where pampers are found on trash piles and bring them into the city clerk's office. The city sanitation inspector would then call at the reported address or addresses to see if other means could be found to handle the soiled pampers.

Commissioners spent a great deal of time Tuesday discussing the elimination of some county employee positions—many of which are presently unfilled.

Chairman C. J. "Buddy" Wilkins agreed to contact Barbara Monahan, director of the regional council's manpower planning staff, to see whether \$157,000 in emergency employment program funds earmarked for Highlands, might be used to pay county workers. If so, funds now intended to pay salaries could be released to meet other budgeted expenses.

Commissioners are reasonably confident that they can find federal revenue sharing funds with which to purchase and operate a central landfill site.

Wise said he would call another budget review meeting as soon as he has talked to Monahan.

Meanwhile, he asked Pyle to calculate personnel costs that might be saved through a hiring freeze as discussed during the meeting. Pyle will also review the budget and suggest other savings.

Bi-Racial Committee

To Meet

Mayor Marshall Davis announced at the Monday night special Council meeting that there would be a meeting of the Bi-Racial committee at 7:30 p.m., Thursday, Jan. 23 at the City Hall to consider the recent events at the Avon Park High School.

Commissioners Must Find

\$\$\$\$ To Balance Budget

Deputy clerk Jim Pyle

presented the commission Tuesday during their budget review session that they must

find almost \$204,500 if they are going to balance their 1974-1975 budget.

The national recession has reduced anticipated revenues, Pyle explained.

During June and July of 1974, when the current budget was being prepared, the state predicted that the seventh cent on gasoline taxes would produce revenue for Highlands County amounting to \$431,000, Pyle said.

The state has revised its estimate, predicting now that the yield will be about \$375,000, a reduction of \$56,000.

Similarly, the state predicted that the county's revenue sharing portion would be \$304,000; recent estimates, however, for revenue sharing are \$277,000, a drop of \$27,000.

In the same period, income expected from county agencies has dropped too.

The problem facing commissioners is not necessarily one of a total shortage of funds, rather it is the lack of funds of the right type.

The county has federal revenue sharing funds that could spell success for commissioners' get-well program.

But federal revenue sharing funds can be used only for certain purposes, most of which do not satisfy commissioners' current needs.

Right now, the county's overriding need is for funds with which to pay employees salaries. Most of the need for such money is in budget categories not authorized by federal regulation.

Commissioners spent a great deal of time Tuesday discussing the elimination of some county employee positions—many of which are presently unfilled.
