When competition is tough, and you want to tip the scales in your favor...

USE CLASSIFIED ADS

They carry a lot of weight. Classified Ads mean increased sales because they head straight for the best prospects any business has — the people who have already decided they want a product or service and are now trying to decide where to get it. These are the people who **voluntarily** seek out your ad in the Classified columns. The audience you want for your "salestalk in print" is ready and waiting for you.

You need never miss a prospect as he comes into the market either — because, by taking advantage of Classified's low commercial rates, you can easily afford to advertise every day. Classified Ads are flexible, easily changed to meet new selling opportunities as they arise — and, teamed with your display advertising, they give a potent extra push to special promotions.

There's more . . . but why not do yourself and your business a favor . . . call the number below today for an experienced account representative who will help you plan the Classified Advertising program that makes it so easy for you to tip the profit scale in your favor.

Residents Petition Council To Move Pump Station

By NORMA GOBBLE

Lake Isis residents are highly concerned about pollution to Lake Isis if the sewer system and pumping station project is put in according to the present plans mapped out by the Avon City Council.

Residents in the area met Monday night at the residence of Phil Wooten and mapped plans for a petition to the city council to find other locations for the pumping station.

Another meeting will be held by the residents Thursday (today) at 7:30 p.m. in the council room at city hall.

The chief concern of residents on the lake is that neither the engineers nor the city council can give any guarantee that there won't be a breakdown of equipment with resultant spillage of raw sewage into Lake Isis.

Both the council and engineers have assured the residents that every precaution against such a possibility will be taken and plans for the project have been approved by the Department of Pollution Control but Lake Isis residents cite instances of raw sewage spilling into Lake Verona and Lake Jackson and Dinner Lake in Sebring because of similar problems.

"The engineers sold them (the council) a bill of goods," Wooten said. "The engineers said the project could only be built one way but that way puts the lake in jeopardy of pollution."

"It's a matter of when it will happen, not will it happen," Wooten continued.

"I'm for progress but is it worth it at the sacrifice of the lake?"

Wooten said, "In this day of pollution and environmental consciousness with a lot of money being spent to clean up the atmosphere, the council could spend a little more money and not endanger the lake."

The pumping station is planned to be situated on a slope of the lake to handle the entire northwest section of the city. The council and engineers have promised every safeguard to prevent any malfunction of equipment causing pollution to the lake.

The station would have a pump capable of handling any peak load with a second standby pump, according to city officials. In the event of a power failure a portable generator could be plugged into the control panel for pump operation.

Should both pumps fail there would be a built in high water alarm with a light and an audible signal that would alert nearby residents. At that point there would be four hours water storage capacity left in the system.

"No doubt the engineers proposed the cheapest plan," Wooten said, "but are we going to sacrifice quality for quantity?"

Lake Isis is probably the cleanest lake in the entire immediate area of Avon Park, despite a drain that empties runoff with its accompanying oil films from U.S. Highway into the lake.

Any afternoon especially when school is out and on weekends the beach areas are crowded with young people and students. It is perhaps the most popular swimming lake in the area.

"The young people can always watch the sewage come into the treatment plant if the lake is polluted and the State Health Department closes it to swimming," Wooten stated.

City officials say the Lake Isis residents are unduly concerned. They say there is no way to relocate the pumping station and even if plans for the sewer pipe to serve the houses along there are scrapped, the pumping station is there to stay.

Pipe for the sewer system would cross some property lines between homes and the lake according to the city plan for the sewer addition. The homes are now served by septic tanks.

There has been talk of seepage from those septic tanks during rains being as detremental to the lake as any possibilities of sewer pollution. However, residents feel the sewer system would present much more danger than the present situation.

"Seepage from the septic tanks is not that much," Mrs. Koss Bigbie said. "We're very much against the sewer system as planned," she said.

Mrs. Bigbie said the septic tanks are a long way from the lake and were installed at a time when the water was much higher. "The danger of pollution to the lake can't be measured in money," she said.

"We don't believe it would cost that much more," Mrs. Raymond Cook said, of alternate possibilities. "We don't want anything that would endanger the lake."

Mrs. George Haynie said the lake is a wonderful asset to the community and at no cost to the taxpayers. "It should be preserved," she said.

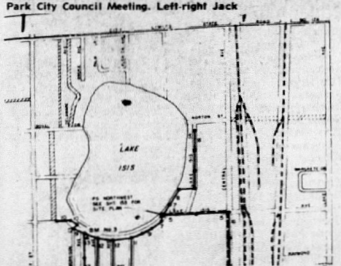
George Haynie told of raw sewage bubbled out of manholes and seeped into Lake Verona earlier this year due to failure of sewer equipment or stoppage of sewer lines.

A resident adjacent to Lake Verona appeared at a city council meeting in May to complain of sewage backup in that area in April.

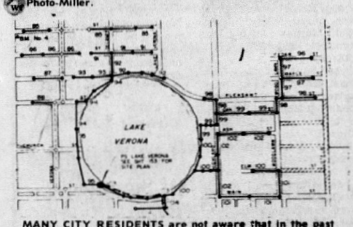
Haynie said similar problems had been observed in the area of Lake Avenue and Pleasant Street.

"It's a beautiful lake and we would hate to see a valuable resource like this ruined," Mrs. Jack E. Collins said.

HOMEOWNERS FROM THE Lake Isis area look over a map of the city streets and sewer lines as Ken Baill, Dawkins and Associates Engineer (second from left) points out a possible alternate route during a recent Avon Park City Council Meeting. Left-right Jack Hancock, City Attorney; Phil Wooten, Mrs. Charles Kempton, Phil May and Wendell Williams Council President. Seated Ed Touchton, Milton Howard and Robert Britt. Photo-Miller.



RESIDENTS OF THE Lake Isis area object to the location of a sewage lift pump station on the lake at the corner of Lake Isis Ave. and Lake Isis Dr. because engineers cannot guarantee that raw sewage will not overflow and pollute Lake Isis in the event of a complete pumping station failure. Photo-Miller.



MANY CITY RESIDENTS are not aware that in the past raw sewage has flowed into Lake Verona from the present city sewer system. According to George Haynie and others this has happened several times within the past ten years. A lift pump station is to be located on Lake Verona. Photo — Miller

Ellerbee Recommends Ordinance On Sub-Divisions

A discussion and review of a proposed new zoning ordinance did not bring out detailed points at a meeting Tuesday afternoon of the Avon Park Zoning Board of Adjustment.

A meeting solely for the discussion of the ordinance will be held June 17 at 5 p.m. with the regularly scheduled meeting of the board slated for the first Tuesday in July at 5 p.m.

C. W. Ellerbee, city building official and secretary to the Zoning Board, said there is an urgent need for the new ordinances to keep builders from chopping up property with no regulations on requirements for sub divisions in the present codes.

An item on the agenda which provided for a request for a variance by W. B. Shelton, 116 N. De Sota, was discussed by the board but no action taken because Shelton did not attend the meeting.

Shelton erected an accessory building on his property in violation to the building codes and non conforming with the building permit issued by the building department.

The permit specified the building must be attached to the house but was placed three

Federal Revenue Funds

City To Get $138,849

Federal Revenue Sharing Funds to be received by the city for July 1, 1975 to June 30, 1976, were authorized to be expended by the City Council in a special Monday night meeting.

In a resolution the city council authorized that the $138,849 be expended for the following: One half of the purchase price of the telephone work center - $32,500; reserve towards new civic center - $75,000; addition to the airport hangar - $6,500; the rebuilding of baseball park lights - $15,000, and new handball and tennis courts - $9,849.

It was moved by the council to purchase the telephone work center on Highway 27 S from the telephone company following a report on the inspection of the facilities and discussion of the growing needs of the city for larger sewer and water department facilities.

The purchase price of the center was $65,000 with half ($32,500) payable now and half on October 10, with half of the funds coming from the Federal Revenue sharing funds and half from the water department funds.

Rental of $5,200 per year would be asked of the telephone company on payment of the purchase price in full or payment for the facility would be deferred until occupancy was given to the city.

Seventy-five thousand dollars of the revenue sharing funds were earmarked for a new civic center, which had been discussed on several occasions when repairing of the Winter Guest Club was brought before the city council.

The allocation of $6,500 for an addition to the airport hangar would entail the building of a leanto structure for additional office space at the airport hangar which had been recommended by the airport committee.

Replacement of the light poles and rebuilding of the lighting system at Head Stadium was estimated at $15,000. In preparing the stadium lights for the spring high school baseball season it was reported that some of the wooden poles were considered relatively unsafe for working on.

The remaining $9,849 was approved for new handball and tennis courts with the handball courts also being available as tennis warmup practice courts.

Collins To Attend Rotary Conference

President-elect Charles Collins of the Avon Park Rotary Club will represent the Avon Park Club as a voting delegate at the annual Rotary International Conference at Montreal, Quebec, Canada on June 7-12.

Charles and Margaret Collins will leave Tampa International Airport on Sunday June 7 and have stops at Philadephia and Boston before reaching Montreal for the assembly of Rotarians from more than 125 countries.

After the conference ends the Collins plan to visit Quebec City and other points of historical interest before returning home on Saturday, June 14.

Clerk Of Courts Earl Rich Wants Interest Funds To Stay In County

Only a last-minute lunge could sweep through the Florida Legislature new laws which would clarify some murky regulations about the Highlands County clerk of courts handling some funds.

Highlands Clerk Earl Rich, who pioneered legislation on use of registry of the court funds, found himself criticized by the state auditor general in an audit report.

The dispute over handling of registry funds was a major criticism in a generally complimentary audit report which covered portions of two budget years. The report for Jan. 1 to Sept. 30, 1973 and Oct. 1, 1973 through March 31, 1974, covered only part of the clerk's office duties.

In a letter of response to the audit, Clerk Rich wrote to Auditor General Ernest Ellison, "As you know the duties and responsibilities of this office are of a greater variety than any other elected official and as a result there are many individual decisions to be made without benefit of previously established criteria to follow."

In 1967 Rich had asked for and received a special law authorizing the clerk to invest court registry monies with the bank offering the highest rate of interest.

Prior to that time, there was no authorization for investment of these monies held by the county in connection with road right-of-way purchases.

The special law provided that income earned by investing the registry money may be used in the clerk's general office account.

The audit points out that a general statute amendment in 1970 provided for "interest earned for eminent domain

secondary road fund of the county."

In his response Rich explained that new legislation is "being introduced pertaining to registry of court funds." The clerk told The Sun he plans to "continue efforts to keep this money for use by this county."

He estimates that the interest income amounts to about $4,000 per year.

The auditor was critical of Rich's not seeking interest rate bids more frequently and the use of passbook savings accounts without pledges of securities over the federal insurance limits.

Rich, in his response, said the passbook accounts were used when the length of time the money would be on deposit was uncertain. When the money would be available for a definite time span, interest bids were sought, he reported.

Total balances on deposit varied from a low of $4,500 on Jan. 1, 1973, to a high of $140,000 on Sept. 10, 1973.

A recent audit of Highlands County sheriff's department had included a criticism of the practice of using deputies for personal service of some court papers. The same criticism bobbed up in Rich's audit.

Rich says the Highlands County practice deals with realities: witnesses, jurors, defendants show up in court when they are summoned through personally delivered papers, certified mail does not work so well.

Another area of confusion which the 1975 Legislature was

Are You Concerned

Can it be that Avon Park residents are not concerned about the present state of the economy? Could it be that the local people don't see anything wrong with the economy and no changes necessary to remedy the situation?

The people are seldom or never asked for their opinion is a complaint often heard about problems in the government and problems in this complex society.

But, the SUN asked for readers opinion about what is wrong with the economy and what needs to be done about it.

There was only one response. The SUN is still interested in your opinions. Perhaps you intended to write and, being busy, just put it off. Don't put it off this time. Let your voice be heard.

The SUN invites readers to write in with their ideas on what is wrong with the economy and what steps should be taken to remedy the situation, get people back on jobs and bring prices back within reason.

All letters will be published. They must be signed but the name will be withheld, if requested.

Let your voice be heard on this vital subject which affects us all. Write today.

New Bank

Celebrates First Year Anniversary

The Highlands County Bank of Avon Park marked its first anniversary May 30 and Bob Daubach, executive vice president and cashier, said the bank directors and officers were appreciative of the citizens and merchants of Avon Park and the surrounding area "for what we consider a tremendous acceptance."

"Our growth in Avon Park has been very good considering we opened at a time when a slowdown in the economy was beginning," Daubach said.

Highlands County Bank opened for business May 30, 1974 and at the close of business that day deposits totaled $53,495.47. At the close of business this year on May 30, the bank's deposits had reached $3,185,259.96.

The bank's total assets when it opened stood at $1,250,000. Within the one year of operation, total assets have grown to $4,573,127.30.

In addition to Daubach, officers of the bank include Ben Hill Griffin, Jr., widely known area citrus grower, processor and cattleman, as president and chairman of the board of directors; Lewis S. Stidham, vice president; and Verita S. Bentley, assistant cashier.

Daubach said with the tremendous acceptance by the citizens of Avon Park the board of directors decided to go ahead with the building of a permanent banking facility.

Construction was started on April 24 and should be completed by the end of the year. Daubach said they expect to be in the new building early in 1976.

He said the new building will provide a convenient and adequate banking facility offering full service banking to the entire community.

Turkey Talk

By NORMA GOBBLE

Someone asked me this week if I was the woman who had started the gossip column in the SUN. I don't consider it a gossip column and hope it will be a real contribution to informing the community of important things.

Anyway, I'm like the guy on the record, "Phone Call From Heaven," I hear a lot on the radio these days, "I don't gossip, everything I say about my neighbors is true."

Which reminds me of a good definition on gossip I once heard. If you're not a part of the problem or part of the solution, it's gossip to talk about it.

An important matter is being brought out locally which affects the entire nation and one of our important freedoms. Leaflets are being distributed asking citizens to write the National Aeronautics and Space Administration in a "Stop Madalyn Murray O'Hair" movement.

Mrs. O'Hair, an atheist, brought the suit which led the Supreme Court to rule prayers in public schools are unconstitutional.

She has obtained 27,000 signed letters protesting the astronauts reading of the Bible as a Christmas message to the world while orbiting the moon in December, 1968.

Mrs. O'Hair, who has waged a long "crusade for the rights of atheists" is presently protesting FBI and CIA files, she says those agencies have been compiling on her for 10 years.

She says these agencies are trying to tag her with a Communist label. Well, I won't say she is a Communist, but Mrs. O'Hair, by her actions sure is helping them out a great deal. I won't say an atheist is always a Communist but a Communist is always an atheist.

And what rights of atheists are being infringed on, anyway? Does anyone hold a gun to their back and march them to church? Does anyone make them listen to the astronauts' reading of the Bible.

She has the freedom not to listen. She wants to take away my freedom to hear it?

Her present campaign is to present these signed letters she has to NASA with a demand that the astronauts be publicly censored for their act and a demand to prohibit further demonstration of religion by public leaders.

If she succeeds in this, will she then try to get churches closed? Where does it all end? Are we going to let one person take away our freedom as guaranteed under the constitution?

For those who don't want to see this happen, write to NASA in support of the astronauts Bible reading to: National Aeronautic and Space Administration, Manned Spacecraft Center, Astronaut's Office, Houston, Tex. 77058.

Be sure to date and sign it and include your address.

It was Abraham Lincoln who said, "I can see how it might be possible for a man to look down on the earth and be an atheist, but I cannot conceive how he could look up into the heavens and say there is no God."

Gun Control Not The Answer

By REP. SKIP BAFALIS

When Congress adopted the Federal Hazardous Substance Act, its avowed purpose was to require cautionary labels on products deemed dangerous to human health.

It was not — nor could it, by some wild stretch of the imagination — be considered a sub rosa vehicle for gun control.

Yet that is just what has happened, and not because the U. S. Consumer Product Safety Commission wanted it to happen.

Last June, a group called the Committee for Hand Gun Control Inc. petitioned the Consumer Product Safety Commission for adoption of a rule banning the sale of bullets for hand guns as hazardous substances.

The Commission denied the petition, saying it doubted whether Congress had intended to grant it any such power.

Unfortunately, the Committee for Hand Gun Control Inc. took the Commission to court. Last December, U.S. District Judge Thomas Flannery overruled the Commission and ordered it to consider the ban on hand gun bullets. The Commission is now doing so.

It is an extensive ban. It would prohibit the sale of ammunition to anyone and everyone except police, licensed security guards, the military and licensed pistol clubs.

This affair has prompted dismay in the Congress. In fact, there are now 20 bills before the House and Senate to prohibit the Consumer Product Safety Commission from acting in this matter.

And rightly so.

While I can sympathize with those Americans alarmed at the growing incidence of violence in our country, I am by no means convinced gun control is the answer.

Banning hand guns would have no great deterrent effect on the criminal.

Letters To The Editor

America Needs Help

Dear Editor,

Every American should be concerned about the many EVILS that are destroying our LIFE and LIBERTY in AMERICA.

Yes, IT can HAPPEN HERE and is happening. Can anyone take the time or Will they take the time to go or help send some others who will go to represent them.

AMERICA is in trouble and needs help from its people. Our Freedom won't be taken away if we care enough to do something about it NOW.

Dr. Carl McIntire with his mighty FORCES is calling for TWO MILLION PEOPLE to come to the great "SAVE AMERICA RALLY" in CHICAGO on SATURDAY JUNE 7, at 12 NOON on MICHIGAN AVE.

Carry your BIBLES, BANNERS and FLAGS. (Banners are usually available but you can design and take your own to be sure).

Get ready and go hear the truth you have been waiting for. Highly informed people who know and understand our problems in Washington and around the world will address the rally.

Know the TRUTH and the TRUTH will set you FREE.

The time is late but still time for the Churches, Schools and other organizations to get together, form groups and go in their busses, vans, cars or a charter bus, but go if you possibly can some way.

If TWO MILLION people in "SEOUL, KOREA" can rally against communism on May 10th, surely we in America can Rally that many and more. Police protection is provided for this event.

Student Asks Respect For Laws

Editor:

As a student at S.F.J.C. I find myself wondering if certain rules govern all, or just a few.

If I'm late and cannot find a parking space near my class room, I get to jog from the front lot, only to find after class our local law enforcement officers park wherever they please.

It's usually in a restricted area, but today it was the grass and sidewalk. Come on guys, that really looks like you only enforce the laws, not respect them. And you know a little exercise never hurts anyone.

Writer Wants Honor For Dead

Editor:

I have lived here only a year. I rode around Avon Park on Memorial Day and was more than surprised to notice that hardly anyone displayed an American Flag to honor their dead that fought and died for their freedom and peace.

I think it would be a good idea for your newspaper to remind the residence of Avon Park of this and other National holidays when the American Flag should be flown.

scheduled to consider is the state funding of county employes. The clerk's audit had been critical of using an employe classified as an administrative assistant in the court office for some county duties and receiving some county pay.

This is the first state audit of the clerk's office since the reorganization of the court system under Article V. Some of the procedures are still being worked out. Physical control of cash handled in the office has been strengthened by installation of a new cash register with a separate key assigned to each operator.

One continuing area of argument between the auditor's office and the clerk is the clerk's extension of credit. Rich defends the efficiency of allowing local abstract companies and a newspaper to pay for copies of public records on a monthly basis rather than a copy-by-copy cash transaction.

Law requires the clerk to prepare a two part budget. One part relates to the court system and includes recording. This is filed with the state courts administrator.

The other part of the budget relates to the clerk as clerk of the county commissioners, county auditor, custodian of all county funds and some other county duties (which in Highlands County includes collection of fees for and operation of the county law library).

Rich observed that he does not now have a budgetary accounting system for the many-faceted office, but as work load and staff grow, a more detailed system will be implemented.

Zoning

to five feet from the house which does not leave the necessary 15 feet setback from the property line.

Several notices have been sent to Shelton advising him of his non compliance with regulations, Ellerbee said. The board directed Ellerbee to proceed according to city ordinances governing such a situation.

George Collins was denied a variance to remodel a non conforming structure on his property in the 300 block of Third Street due to several points in violation to the city building codes.

Collins had requested a variance to allow adding one story and redoing the roof of a six-unit rental building on the back of his lot on the basis of three or four points of non conformance to present codes.

The lot is 135 feet deep by 55 feet wide and already has two buildings with less than the required setbacks.

Ellerbee pointed out that Collins may be in violation of the State Hotel and Restuarant Commission regulations which governs rental property with over three rentals units or the State Labor Department rules.

Collins said he was unaware of breaking the law and this was not his intention. "I can't read or write," Collins said. He told the board he was agreeable to their ruling.

County Commissioners

$110,000 Price Stops Building Of Station

County commissioners almost ordered construction of a solid waste transfer station in Lake Placid Tuesday, but the $111,000 price tag that went with it raised other questions that caused them to postpone decision.

Assistant county engineer Carl Cool presented a revised plan for the Lake Placid transfer station. The latest design centered around use of a compactor trailer capable of transporting to the DeSoto City landfill about nine times more refuse than present trailers can accommodate.

Chairman C. J. "Buddy" Wise, has been pressing for a solution to waste disposal problems in the south end of the county since the Lake Placid landfill reached its saturation point months ago.

For the past several months, Lake Placid area residents have been able to carry small amounts of garbage and trash to the old landfill site off SR-621, where trailers haul the refuse to DeSoto City.

Wise said that concrete work needed to construct a ramp and a 50x100 foot dumping platform could be funded with available federal revenue sharing money, using county employes.

When Commissioner Robert Skipper moved to proceed with the project, Bill Van Baalen questioned whether the outlay of $111,000 would be consistent with the county engineer's proposal to operate a self-sustaining central landfill.

After much discussion, Skipper withdrew his motion and Wise called a special work session for 2:15 p.m., June 10, to consider the Lake Placid transfer station.

Young Life To Have Beginning Of Summer Event

Swimming, boating, tennis, pool, horseshoe pitching and relay races all will be part of the Young Life "Beginning of Summer" event to be held on Saturday, June 7, at Lakeside Inn at Orange Blossom Country Club.

The activities will take place from 2-5:30 p.m. A banquet will be served at 5:30 p.m. All events are free except for the dinner.

The special day is open to all Highlands County Young Life teens, their dates and friends. Young Life alumni, past graduates, past Young Life Workers and interested adults and parents are also included. Those attending are asked to bring dinner clothes for the banquet.

Lakeside Inn is located on highway 66, 3½ miles off U.S. 27.

Kidnap Case Baffles Sheriff

She walked outside and didn't come back — not to get her shoes, her purse, a change of clothes, not to turn off lights, lock doors, tell a guest goodbye — and that was how Highlands County sheriff's department wound up with a kidnapping charge that collapsed.

Sheriff O. L. Raulerson Jr. returned from a trip to Arkansas to report that the so-called McMunn kidnapping is a unique case, "I've never run across anything like this."

Raulerson and Lt. Mike Mercer drove to Harrisburg, Ark., to fetch Johnny R. McMunn.

They returned without him.

McMunn, who formerly resided in the Sebring area, had been arrested and jailed in the little northeast Arkansas community late May 24. He was released May 29 when the state attorney here dropped kidnapping charges.

Raulerson sketched the case history which opened Sunday night, May 18.

The McMunn marriage had foundered and legal dissolution was scheduled to become final late in May or early June, as Raulerson recalled.

In the family break-up one son had gone to Arkansas to live with relatives. Two sons were living with their mother and attending Fred Wild School. The weekend of May 18 the children were with their father, and the three of them were in and out of Mrs. McMunn's residence.

About 8:15 Sunday night the children came inside and asked their mother to step out to the car to speak to their father.

Mrs. McMunn complied, the children accompanying her. Her fiance was left inside, finishing supper clean-up chores in the kitchen.

Mrs. McMunn and the children did not reappear. The children did not attend school the next day nor the next. By Wednesday the troubled fiance started telephoning relatives — brothers, sisters, parents of Mrs. McMunn had not heard from her and they were worried.

Family and fiance then voiced their worries to the sheriff's department and the hunt began. After a multi-state search, the McMunns turned up at her old home in Arkansas — where he was arrested.

Mrs. McMunn told the Poinsett County sheriff she had accompanied McMunn willingly. When Raulerson and Mercer appeared, she assured them her traveling had been voluntary; "No force or any threats," Raulerson reports.

The long journey was not a total loss of time and money for the sheriff's department, however. The two lawmen drove northward from Arkansas to Lexington, Ky., where they picked up Richard Brown.

Brown, who was being held at the federal prison in Lexington, was returned here to face forgery charges.

Tornado Hits River Ridge Sunday

Last Sunday afternoon about 6 p.m. a small tornado hit the home of Mr. and Mrs. Homer Gordon at River Ridge.

It damaged the roof of their home, took off the back of their barn, blew down two large trees in the yard and part of the tin siding off the barn struck their year old colt leaving four gashes in his side.

Fortunately none of the family was injured.

Mrs. Gordon stated "It sounded like a big airplane. The wind and rain was so heavy you could not see a thing."

Estimated cost of the damage done by the tornado had not been determined Tuesday morning.

Clark Hits Telephone Pole Sunday

Donald J. Clark was treated at Walker Memorial Hospital for undetermined injuries Sunday evening after he ran into a telephone pole and totaled out his car.

Clark was traveling north in his 1965 Buick when he apparently lost control of the vehicle and ran off the roadway striking the telephone pole and breaking in two. The vehicle traveled a short distance and then flipped over completely demolishing it.

He was transported to the hospital in a County ambulance. Clark was cited by Avon Police officers for careless driving with alcohol involved.

Hurricane Season

Is This The Year For Florida?

If one is a believer in the law of averages, then this might be the year to latch the stormshutters, take cover in a high area and buy a few bottles of cheer for a "hurricane party."

According to Richard Slyfield, director of operations for the Central and Southern Florida Flood Control District (FCD) hurricanes hit South Florida on an average of once every ten years. The last major hurricane to thrash the east coast occurred in September 1965.

June 1 is the historical beginning of the hurricane season. It seems impossible to be thinking of hurricanes and flooding when just a few weeks ago the southern portion of the state was steeped in a severe dry spell.

Agricultural interests in the Lake Istokpoga region, Glades and Highlands counties, are still being asked to pump water only three days a week to maintain the minimum 37-foot level of the lake established at public hearings.

Other areas that suffered were South Dade, St. Lucie and Martin counties, as there are no FCD facilities to carry needed water to those sections of the state.

Dade would have suffered severe pangs if it weren't for emergency measures taken. Three large pumps were installed to connect with the Tamiami Canal to protect two major Dade wellfields from salt intrusion due to very low water stages.

During April and May, North Dade was supplied water directly from Lake Okeechobee. In addition, FCD released more than 42,000 acre feet of water since the first of the year to Everglades National Park to protect the wildlife and vegetation.

FCD has now turned its attention to the hurricane season. Orders were issued this week to Field Services crews explaining the procedure each man is to follow in case of an approaching hurricane.

Not all tropical storms turn into hurricanes. Of the 150 tropical storms that have hit South Florida, 60 were of hurricane intensity. The FCD was formed in 1949 by an act of Florida Legislature after the 1947 storms that saw 90 per cent of South Florida under water for weeks and agricultural land flooded for months.

Although hurricanes seem to occur on an average of once every 10 years, as many as three hurricanes in one year have been recorded.

The intricate FCD canal and levee system serves double duty as a water supply source during the dry season and as a flood protection mechanism during the wet season.

Although the men operating the pumps and flood gates are well-trained as to their duties during a storm, the real action begins when a hurricane is approaching. Each man is stationed at a control structure, so that upon receiving word from FCD headquarters by radio, he can operate the structure to take water in or let it out, whichever is necessary in a given situation.

According to Slyfield, the FCD canal system has the capability of pumping 14 million gallons a minute into storage areas, such as those in the Everglades and Lake Okeechobee. Levels in these bodies of water are reduced when a storm is predicted to hit the state.

All bodies of water within the District have minimum and maximum schedules that insure plenty of water during the dry season and safe levels during the rainy season. Via the canal system, the FCD is able to maintain these levels to best serve the people of Florida.

Constant maintenance of the waterways is also a year-in, year-out process with the District. Without mechanical, chemical and biological methods of weed control, aquatic vegetation would overtake the canals and make the passage of water through the streams virtually impossible.

All of the control structures and pumping stations are kept in A-1 operating condition so that they can be activated at a moment's notice.

"For most urban areas, the canal system is designed for a one in 100 year storm," explained Slyfield. "That is a storm of such intensity that it is likely to hit only once in 100 years. Agricultural areas have structures designed for storms of less intensity.

DOING WHAT COMES naturally . . . With no shelter to get under these cattle turned their backs to Sunday afternoon's wind and rain.

Mr. and Mrs. Julius A. Collins

Couple Married In Garden Ceremony

Peggy Ann Singer of Oklawaha, Fla. became the bride of Julius A. Collins of Summerfield, on Saturday May 24, at 8 p.m. in a beautiful garden setting at the home of the brides parents, with Rev. Edwin Albright of the First Presbyterian Church of Ocala, performing the ceremony.

The bride is the daughter of Mr. and Mrs. R. L. Mixon of Oklawaha and the groom is the son of Jack E. Collins of Avon Park, Fla.

The bride wore a formal gown of mint green organza. The fitted bodice with long full sleeves and moat collar was of mint green lace, all trimmed with tiny clusters of seed pearls. Her shoulder length veil of mint green illusion was attached to a head piece trimmed with clusters of seed pearls.

She carried a cascade of sweetheart roses with sprays of babys breath, daisies, and greenery, centered with pink and white orchids.

Mrs. Mary Lee Monroe of Jacksonville, cousin of the bride was matron of honor and wore a formal gown of soft pink.

The brides mother wore an ensemble of red, white and blue floral design.

William LaVern Singer, son of the bride, was best man. The bridal march and recessional was played, by Mildred Canova.

Kandi Woodard was in charge of the brides book.

Immediately following the ceremony the brides parents entertained with a garden reception at their home. Assisting in serving were Kandi Woodard, Lillian Catalano, Thelma Curd, Marvis Prince, Mary Lee Monroe and Ruffus Mixon.

Peggy is employed by Silver Springs Inc. and Julius is owner of Florida State Engineering Inc. of Ocala.

After a wedding trip to the Virgin Islands the couple will reside in Summerfield, Fla.

Out of town guests attending were Lee and Mary Lee Monroe and family of Jacksonville, Fla.; Mr. and Mrs. Jack E. Collins, Jack Jr. and Marcy Collins, Charles and Margaret Collins, Mr. and Mrs. Kelly McClure, Jim, Tim, Kim, and Mack Wynn all of Avon Park; Opal and Rupurt Spiull of St. Petersburg, Fla. and George Beiderwell of Paducah, Ky.

John-John Celebrates Birthday

John-John Coulliette son of Mr. and Mrs. Jerry Coulliette celebrated his 3rd birthday at his home near Horse Hammock on Saturday, May 31, with a birthday party.

As the little guests arrived they were given party hats. The carport was decorated with hanging balloons and the gift table.

The birthday cake was decorated with flags and motorcycles, "Happy Birthday" and a large 3 on it with three candles. Cup cakes were served to the guests with flags on them, also ice cream, punch, and suckers.

Those helping John-John celebrate were, Danny and Anna Tataris, Holly and Geri Hollingshead, Ricky and Tommy Angelo, Stephanie and Robbie Young, Franis Massey, Randy Wright, Neva and Nova McClelland, Missi and Stacy Smith, also John-John's cousins Julianne and Jeannine Poole Rangely, Col, and his brother Jason.

Those adults attending were Mrs. Jerry Wright, Mrs. Willie Massey, Mrs. Leroy Benton, Mrs. Robyn Young, Mr. and Mrs. Bob Angelo, Mrs. Thomas Ft Tataris and John's parents Mr. and Mrs. Jerry Coulliette and his grandmother Mrs. Merle Coulliette.

John-John was a very excited 3 year old when he received many nice gifts from everyone. All guests were given rings and balloons as party favors.

Dinner Party Honors Sue Ferguson

Sue Ferguson bride-elect of Julian Davenport, was honored with a Dinner Party at the home of Mr. and Mrs. Mac Flowers on Friday evening, May 30.

Those attending were high school friends of Sue's. They were served a buffet supper of ham, beans, potato salad, and deviled eggs.

The cake made in honor of Sue resembled a piano and represented "Life Time Duet Together".

The hostesses Julie Kinyon, Susan Gurganus and Barbie Walker presented the bride-to-be with a white lingerie set.

Legion Elects 75-76 Officers

At their last meeting the American Legion elected officers for the year 1975-76. They are as follows:

Maxwell-Peace Calls For Action

The United Methodist Women held their regular meeting, Tuesday morning, June 3, in Wesley Hall. This was their last meeting until September.

It was decided at the short business meeting to hold a bazaar, Dec. 6, in conjunction with a soup sale and to send two delegates to the School of Missions in Lakeland.

Mrs. Hayes Maxwell presented an interesting program with audience participation. She read an article, "I Am Your Flag".

Mrs. Maxwell's topic was "Peace Calls For Action". She pointed out the evils of socialism and of how the socialistic countries depend on the help of the Capitalistic Countries for their survival.

She also pointed out, what we sometimes tend to forget, that the reason our country has so much prosperity and has accomplished so much in two hundred years, is that we are "A Nation Under God".

A social hour was enjoyed preceding the meeting with refreshments.

HOME BURGLARIZED

Homemakers Interested In Community Market

The Lemon Grove Homemaker's Club met at the home of Grace Boney, in Avon Park, on Monday, May 26.

The meeting was called to order by the President, Musee Bonine.

Plans were made for the June meeting at the home of Ouida Roberts. All are invited to bring crafts to share ideas with others which will be our program.

A discussion about a possible outing to visit some interesting point was held and everyone was asked to bring ideas to the June meeting.

The president asked if our Club would be interested in a community Market and it was a unanimous vote of yes.

Plans for the National Extension Homemakers Convention to be held in September at the Sherritan Hotel, near Disney World are being made. At the June meeting, we would like to have an idea how many plan to attend. Either all or part of the time.

The program on Voting Rights and Privileges was given by Virginia Waldron and Muree Bonine.

It was started with the Pledge to the flag. A quiz on things we should know about our State and National Government followed.

Some very informative books on Florida House of Representatives and Florida Senate were given each member present.

There were eleven members in attendance.

Board Halts Sale Of Land

Two branches of Florida State government have moved to put a Highlands County real estate developer "out of business at least for the time being".

An order issued by Florida Land Sales Board on Friday, May 30, halted sale of land in Highlands Park Estates. State Comptroller Gerald Lewis used the subpoena powers of his office to order Highlands Park Estates parent company, Equitable Development Corp., to turn over all business and financial records for examination by state investigators.

These records must be made available by June 9.

The orders apply to Equitable's operations in three Florida developments — Highlands Park Estates in Highlands County, Paradise Lakes in Putnam County and Paradise Acres in Lafayette County.

An informal hearing on the order halting land sales was scheduled for Wednesday at the Land Sales office in Tampa. It would be possible for Land Sales to lift the sales ban following an informal hearing.

Equitable was the first company named by Lewis when his office in mid-May broke the story of a gigantic, possibly $1 billion, swindle involving mortgages in Florida land developments.

Equitable president Bernard H. Horowitz has denied illegal activity by the firm. Last week he launched a counter-offensive. He sought the informal hearing aimed at an immediate end to the sales ban.

His attorneys filed, in the 11th circuit court (Dade County) a libel suit asking $45 million damages. State Comptroller Lewis, two members of his staff — A. G. "Buz" Rummel and Gary Zwickel — personally and the office of state comptroller are named defendants in the suit.

Lewis said Tuesday that he had used the subpoena powers of his office to obtain the financial records because of the "legal stalling tactics employed by Equitable" in hampering investigation of the company. The new orders "effectively puts Equitable out of business at least for the time being."

Calvin's Column

By CALVIN GIBBS

Hi Friends,

Monday, June 9 is Children's Day. However, Children's Day is celebrated in many Protestant Churches on the second Sunday in June (June 8 this year). On this day, churches often promote boys and girls from one Sunday school class to another. The church is usually decorated with flowers and young people present or participate in the program. The Methodist Episcopal Church started Children's Day in 1868.

For Children's Day, 1975, I'm extending greetings and best wishes to all of our children in behalf of all parents, guardians and friends. I'm also reminding parents to express an extraordinary kindness to you, our children on your special day. Afterall, most of you will have just gotten promoted, and those who didn't will next year, so the ocassion now is twofold. Happy Children's Day, 1975.

Famous Quote:

"Children have more need of models than critics."

Joubert

Humor of the Week:

"First you teach a child to talk; then you teach him to shut up."

English Lesson of the Week:

Wrong: One of the children were there.

Right: One of the children was there.

Explanation: A verb must agree with its subject. The subject is "One" (singular) "was" is also singular.

Church News:

Mrs. Lossie Longstreet

Mrs. Lossie M. Longstreet has just returned from San Francisco, Calif., where she served as the official delegate of The Church of God in Christ of which Elder C. Black is pastor at the Women's International Convention. Sister Longstreet was tremendously impressed at the convention and had an ocassion to visit the former Audrey Robinson who graduated from the local high school.

Necrology:

Mother Ezella Williams, a native of Tallahassee, Florida and a resident of Avon Park for the past fifty years will be eulogized on Saturday, June 7, at 2 p.m. at Saint Mark Baptist Church. She leaves to mourn one daughter, Mrs. Ella Mae Snowden; three granddaughters, Melinda Harrington, Doris Peterson, and Addie Evans; one adopted daughter, Mrs. Florence Stanford, one foster daughter, Mrs. Mary McRae and one cousin, Mr. James Hinson of Lake Wales, Florida.

Mother Williams served as past matron of Heroines of Jerico, past past mastron of Eastern Stars, a member of Lily White and Household of Ruth.

Color them American:

Group from Avon Elementary

Our children are of many races, creeds and colors, but there is one thing you can color all of them and that is "American." The group pictured is a section of 4th grade at Avon Park Elementary of which Mr. Alphonso Battle is homeroom teacher, and to me it is a classic example of Americanism.

Citizens of the Week:

Mrs. Juanita Brown

This honor goes to Mr. and Mrs. Leroy Brown who live at 412 Lacey Street, for the superb upkeep of their home and surroundings.

Mr. and Mrs. Lewis Nelson

Sharing the honor of citizens of the week are Mr. and Mrs. Lewis Nelson of 412 W. Hood Street for their beautiful home and surroundings.

Know your Teachers:

Mrs. Margaret M. Allen

Mrs. Margaret Allen was born in Sebring, Florida where she attended school K-12. Mrs. Allen is a graduate of Florida State University, Tallahassee, Florida. There she was awarded the Bachelor of Science degree. Mrs. Allen's teaching experience covers a period of 22 years, of which 3½ years were spent at Sebring High School, 15½ years at Avon ementary, and 3 years at Avon Middle where she presently teaches 6th grade science and serves as chairman for her department. She is married to J. O. Allen, plant foreman at United Telephone. They are the proud parents of two sons; Jim - 24 unmarried and an employe of Long's Air Conditioning, and Steven - 12, a 6th grader at APMS, and one daughter, Paula - 20 and married to Gary A. Nicholas (teacher aide).

Mrs. Allen's hobby is sewing and she and her family make their home at 412 E. Oak Street; Avon Park.

New Law Enforcement Officer:

Mr. Neal Caswell III

Neal Caswell III was a member of the graduating class at Avon Park High School in 1970. He has served as custodian at the Avon Park Middle School for the past two years. On Monday June 2, Neal will assume the duties of City deputy for Avon Park. Neal is married to the former Patricia Clack and live at 45 Palm Circle.

Best wishes to you Neal in your new assignment. I'm sure this wish voices the sentiment of all of the gang at Avon Middle School and from many others as well.

Election of Eastern Stars:

On May 26, 1975, Purity Chapter number 81, O.E.S., with its motto "Friendship chapter and love," held its election, with Lonnie Dean, patron of Maggie Cooper lodge, number 62, Sebring, Florida presiding. The following were elected: Mrs. Maggie Lawrence, Worthy Matron, Mrs. Mary McRae, Associate Matron; Mrs. Lula Bly, Conductress; Mrs. Hattie Rich, Associate Conductress; Mrs. Mildred Burns, Treasurer; Mrs. Estelle Dickson, Asst. secretary.

The chapter welcomes its two new affiliates, Mrs. Blanche Jeremiah and Mrs. Norma Hawk.

Observation or Comment:

In a statement made last week by Senate Democratic leader Mike Mansfield he said that if North Korea attacks South Korea, the United States will be forced by its treaty commitments to intervene militarily. This statement bothers me because I have great respect for Senator Mansfield and again because I don't know the sense in which he's using intervene. I wonder if he means 500,000 troops, 56,000 fatalities, 320,000 wounded, x number missing in action, $150,000,000,000 dollars as was in South Vietnam or what did he mean? Maybe, he meant to train the South Koreans for combat, but surely they can fight by now. If not, I recommend strongly, that they start learning today.

Maybe he meant provide ammunition and other warfare where-ever they find shortages, hoping it too won't fall to the communist as the case was also in Vietnam, or maybe he meant intervention in the sense of good moral support. No, he couldn't have meant that.

Again, I don't know what he meant, but what I do know is that I shall request of the Honorable Senator to please tell me more.

I considered it fitting and proper that the Senator urged us to shun against isolation but I think he could have urged us not to shun against preservation either. (Regardless to the tone of this article, Senator Mansfield is still one whom I personally admire and respect.)

Harold MacRae: Will He play?

If you want Harold McRae (local pride and joy) to participate in the World Series, please secure a ballot at the local drug store and Vote! Vote! Vote!

Though Conditioner of the Week:

How many times have you done all you could do about a problem or given matter, and found no solution or satisfaction? Then you worry because there's nothing else you know to do. It is time then to stop worrying and leave the results to God.

Wherefore take unto you the whole armor of God, that ye may be able to withstand in the evil day, and having done all, to stand. Ephesians 6:13

Bicentennial Committee Plans Bang-Up 4th

Plans are in the making for Avon Park to have an out of the ordinary Fourth of July weekend with an old fashion family picnic, a fish fry and hydro boat racing on Lake Tulane.

This course of action was announced at the Bicentennial meeting in the city council room Tuesday night with Leona Maxwell of the Old Settlers Historical Association Committee as chairman.

The meeting was attended by representatives from clubs, organizations, churches and schools with a discussion of many things that could be done to contribute to Avon Park's part in the Bicentennial Celebration from July 4, 1975 to July 4, 1976.

It was stressed that this nation was founded under God with the Mayflower Compact and that the socialistic trend of the present government would bring about the fall of this great country.

There was no need to be ashamed to be patriotic — As citizens we should find the good things about our country instead of continually looking for bad things. Our schools should teach Americanism and what it stands for in the great heritage of our land.

A committee of Evelyn Jones, Richard "Dick" Hamm, Francis LaFlam and Bob Dauback was appointed to make all arrangements for an Old Fashion Fouth of July Family Picnic at Donaldson Park with each family bringing food for the 12 noon to 2 p.m. meal. People would be encouraged to wear appropriate Bicentennial Celebration customs.

On Saturday July 5, a fish fry would be held at Donaldson park for the benefit of the Recreation Department.

The city council at their special meeting Monday, June 2, approved the holding of Hydro boat races on Lake Tulane on July 5 and 6. The committee also discussed the possibility of other attractions in keeping with the Bicentennial Celebration.

A COMMITTEE APPOINTED by Leona Maxwell, (left) President of The Old Settlers Association Historical committee were: Bob Daubach, Evelyn Jones, Richard "Dick" Hamm and Francis LaFlam. They will coordinate the Fourth of July Old Fashion Family Picnic at Donaldson Park from 12:00 noon to 2:00 p.m. with other Fourth of July activities of the Bicentennial Celebration. The 76 Bicentennial Flag can be flown by anyone. Photo—Miller.

300 Tax Certificates Unsold At Annual Sale

A goodly crowd came; interest rates were good, but the sale of tax certificates May 30 concluded with 300 certificates still unsold. It is most unusual for Highlands County to be left holding the bag after an annual tax sale.

Tax Collector W. H. Prescott is holding the sale open throughout this week in a bid to dispose of the certificates which represent $15,000 in outstanding county taxes.

Prescott said 87 persons registered for the sale held at the county courthouse. The tax collector said there appeared to be "a lot of interest in the sale," and there was "very little zero bidding."

There was, however, a "little less competitive bidding" than had been seen in other recent years. He said generally the interest rates were good — 10 to 20 per cent.

Many, but not all, the unsold certificates are for blocks of lots in the troubled Highlands Park Estates subdivision in southeastern Highlands County. A few of the certificates are for Spring Lake property, Prescott said.

Highlands Park's parent company has been named in the land swindle investigation now going forward in Tallahassee, but Prescott observed, that the tax certificates still seem "to be a good investment."

Another block of Highlands County land on which taxes are outstanding is Mohawk Groves. This land, however, is tied up in court at the time and could not be involved in the tax sale this week.

Police Investigating Robbery

Several persons are being questioned by Avon Park Police officers in the investigation of a breaking and entering of Avon Texaco on U.S. Highway 27 South and Patrolman Gene Hancock said charges may be filed by the end of this week.

The robbery which was reported to police about 7:20 a.m. on May 26 by station owner Bruce Burton was effected by breaking glass from a window on the west side of the building.

The culprits took 20 new tires, 25 recapped tires and miscellaneous office equipment and mechanical tools.

Weathers Charged

Clyde Weathers has been charged with aggrevated assault steming from a cutting incident on South Delaney Saturday about 3:30 a.m.

Willie Charles Ervin underwent surgery Sunday morning at Walker Memorial Hospital for injuries inflicted with an eight inch hunting knife.

Out Standing Teachers Named

Three Highlands County teachers have been selected as Outstanding Elementary Teachers of America for 1975. They were selected on the basis of their professional, personal and academic achievements.

Those so honored are Marjorie Watson Brown, 1128 Fernvale, Sebring; Anna Fleming Hargett, 5875 Wilson Terrace, Spring Lake, and Charlene B. Padgett, 905 Palm Drive, Avon Park.

Outstanding Elementary Teachers of America is an annual awards program honoring distinguished men and women in the field of elementary education. Each year, the complete biography and record of achievements of each outstanding teacher are presented in the awards volume.

These educators are now in competition for one of the five national Outstanding Elementary Teachers of the Year Awards. Each national winner will receive a $500 unrestricted grant and an award commemorating his or her selection. Judging will be done by the Board of Advisors which guides the program.

The men and women chosen for this high honor have explored new paths, developed new insights and effectively communicated their knowledge to students and colleagues. They are exceptional teachers.

Guidelines for selection include an educator's talents in the classroom, contributions to research, administrative abilities, civic service, and professional recognition.

CONGREGATION BETH ISRAEL

Congregation Beth Israel religious services will be held Friday at 8 p.m. at the Leisure Lakes Clubhouse, Lake Placid. Oneg Shabbat to follow. Guests are welcome.

Lightning Strikes Keep RangersRunning

Lightning strikes have kept the rangers of the Florida Forest Service "on the run" during the past week. About the same time the mobile home was burning lightning struck a gasoline pump at Rollison's Country Store.

Diane Rollison used a fire extinguisher and by the time the forest service rangers had arrived at the store on U.S. 98, at DeSoto City, the blaze was out.

On Saturday a small grass fire swept over two acres off Sparta Road.

The storms of the past week have not only kindled fires, but the rain has helped extinguish them. However, not enough rain has fallen to drown the stubborn muck fire on the Minute Maid property north of Avon Park.

Rangers are still checking "hot pockets" in the 500 to 600 acre fire area which has smoldered and smoked for more than a month.

Avon Park Grange Report

By LAVERNE M. FULLMER

Avon Park Grange met May 27, with Overseer Ralph Fullmer in the chair. Most of the members have gone North and they are missed.

Phoebe Chase, Edith Martensen and Bessie Trude attended a Women's Activities Committee meeting at Venice on May 24, when garments in the National Grange Sewing Contest were judged at the State level. A man's Sport Jacket and Slacks took first prize.

Ralph Fullmer reported that he has jobs for two or three boys each Saturday and those who have hired them say they are well-mannered and good workers.

A letter was read from the Bi-Centennial Committee of Avon Park and two members volunteered to attend the meeting at the City Hall on June 3 at 7:30.

Edith Martensen and Bessie Trude told about how delighted the Retarded children were to receive the May baskets.

It was reported that work has been started on the Mall to install the sprinkling system. The zinnias, marigolds and other flowers have been beautiful.

The first part of the Lecturer's Program was Patriotic with Loyd Slocum telling about the 53 signers of the Declaration of Independence and Lillian Seeger told what happened to them.

Chaplain Bessie Trude conducted the Memorial Services in honor of Louis Truesdell, John Stenard and Fern Wood.

Beautiful roses were donated by Mr. and Mrs. J. B. Wainright to be placed at the foot of the Cross on the Altar as a tribute to the deceased Grange Members and the War Dead.

The next meeting will be held in the Woman's Clubhouse on June 10 at 7:30 p.m.

NEWS FROM OUR NORTHERN FRIENDS

We were all glad to hear that Paul Swearingen arrived home in Michigan. He writes that he visited cousins in Illinois and then called called on Tony Kerr who resides in an I.O.O.F. home. He says that Tony looks real well and is happy there. He wants to be remembered to all his friends here.

A letter from Grace Staley says that they are so glad to be home at this time of year as the flowers are gorgeous now. The fruit trees and the flowering trees are now in full bloom as well as the daffodils, hyacinths and narcissus. And the tulips, lilacs and iris will soon be in bloom. After getting settled at home they took a short trip to New York State to visit their daughters. They say Hello to everybody.

New Hunting And Fishing Licences Go On Sale

Sportsmen should take note that new 1975-76 hunting and fishing licenses will be available Monday, June 2 at the offices of all tax collectors and license agents. The new license will be honored by the Game and Fresh Water Fish Commission from date of purchase.

Dr. O. E. Frye, Commission director pointed out a fishing license is a bargain but the angler who purchases his new license on June 2 will receive 13 months of fishing for the regular price of a 12 month license.

In addition to the new fishing license, sportsmen may also obtain their hunting licenses and wildlife management area permit stamp at the same time. Sportsmen planning to hunt on wildlife management areas should pick up an application for the new quota hunt permit that will allow them to hunt on the popular wildlife areas during the opening days of the season.

According to the commission director, all hunting and fishing licenses expire at midnight, June 30 and new licenses will be required effective July 1.

Commercial fishermen who previously were required to obtain their retail fish dealers licenses from the commission office at Tallahassee will be able to renew their licenses through the regional Commission offices located at Panama City, Lake City, Ocala, Lakeland and West Palm Beach.

Hunting and fishing licenses and permits available to Florida sportsman are as follows: Resident Hunting and Fishing Combination License, $10.50; Resident Fishing, $3.00; Resident Statewide Hunting, $7.50; Resident Hunting, Home County, $2.00; Resident Hunting other than Home County, $4.50; Wildlife Management Area Permit Stamp, $10.00; Underage Wildlife Management Area Permit, $2.50; Archery Season Permit, $5.00; Hunting Preserve, $5.50; Senior Citizen Certificate, No Charge; and Application for Quota Hunt Permit, No Charge.

WARRANT ISSUED

A warrant has been issued for a former Sebring resident accused in theft of almost $3,800 from an Avon Park business. Henry C. Williams, who operates a water conditioning business, told sheriff's investigators that a company credit card had been used to make charges of $454.36 and company checks for $3,270 cashed since the Sebring man disappeared earlier this spring.

Between The Bookends

Bead an authentic Indian necklace — build a line for line replica of an ancient tipi in your backyard — prepare a traditional tribal feast in your own kitchen — American Indian culture is a treasure trove of beauties and pleasures and now you can be part of this unique and wonderful world without leaving your home.

All you need is imagination and the new **American Indian Craft Book** by Marz Nono Minor. This new book just added to the Avon Park City Library is a "how you can do it" guide to Indian crafts, games, and customs.

Kent State: What Happened and Why by James A. Michener is a superbly documented book that fives a minute by minute account of the three days of disorder that proceeded the shotting at Kent State.

Inevitably this book bristles with dramatic incident and anecdote. It is an excellent job of reporting and bringing into human terms an enormously complicated event that will be discussed and analyzed for decades.

How To Interpret Your Own Dreams by Tom Chetwynd is a home encyclopedia of dreams with over 1,000 authoritative interpretations. Do you wonder why you dream about flying? About water? About food? Now you can look up every dream you ever had and attempt to find out exactly what it means.

John D. MacDonald has written more than 60 books and 500 short stories. **The Dreadful Lemon Sky** is his sixteenth book in the famous Travis McGee series. A finely wrought plot, multi-dimensional characters, adn plenty of action seasoned with humor and wisdom are all part of the style that made John MacDonald one of America's most widely read authors and Travis McGee one of America's favorite fictional heroes.

Frederic Storaska, one of the nations leading experts on rape prevention presents a concrete, detailed program on how women can protect themselves from rape and violence in his book **How to Say No to A Rapist And Survive.** The book emphasizes not what to do after a rape has occurred, but how to avoid — and survive — severe assaults.

The author of **Airport**, Arthur Hailey has a new novel just published, **The Moneychangers.** This is the inside story of banking — fast paced and exciting and as timely as today's headlines.

Due to great demand, we have added several titles to our collection dealing with organic gardening. **The Basic Book of Organically Grown Foods** is published by the Rodale Press. It tells exactly what organic foods of every kind are, how you can grow them and where you can buy them, how you should cook them, and what each specifically does for you.

The Basic Book of Organic Gardening is also a Rodale publication. It tells you how to create good soil, the fundamental rules about mulching and composting, why you need birds and insects — it is a veritable cornucopia of facts, notes, suggestions, ideas — everything, as a seasoned gardener, or as a complete beginner, that you need to know to move toward a better way of gardening organically.

300 Of The Most Asked Questions AL**out Organic Gardening** is yet another title added to the collection as well as **Organic Gardening Without Poisons** and the Sunset Books **Guide To Organic Gardening.**

Question: What is the unpardonable sin?

Answer: Wherefore I say unto you, All manner of sin and blasphemy shall be forgiven unto men: but the blasphemy against the Holy Ghost shall not be forgiven unto men. And whosoever speaketh a word against the Son of man, it shall be forgiven him; but whosoever speaketh against the Holy Ghost, it shall not be forgiven him, neither in this world, neither in the world to come; Matthew 12:31, 32.

This scripture indicates that the unpardonable sin is a sin against the Holy Spirit. This sin consists of progressive resistance to truth, which eventually results in a final decision against the truth.

One of the functions of the Holy Spirit is to guide those who desire to be saved into all truth. Howbeit when he, the spirit of truth is come, he will guide you into all, truth; John 16:13.

The truth referred to is the word of God. Jesus emphasized the importance of truth again and again during his ministry. And ye shall know the truth, and the truth shall make you free; John 8:32. Sanctify them through thy truth; they word is truth; John 17:17.

Since the word of God constitutes the blue print of salvation, and the christian life, it is the purpose of the Holy Spirit to lead man into harmony with this truth. The person who persistently refuses the effort of the Holy Spirit to guide him into the truth, thereby rejects the means of salvation, and thus commits the sin which can not be pardoned.

This sin which can not be forgiven comes as a result of a man's deliberate and irrevocable decision, not to accept the salvation which God offers to him. The conscience of such a person becomes seared by his repeated refusal to yield to the pleas of the Holy Spirit. Such a person does not seek forgiveness, and therefore can have no forgiveness.

This sin can not be forgiven, not because God is not willing to forgive, but because such a person does not desire to be forgiven. Thus a person who has a feeling of guilt and desires to be forgiven, has not committed this sin.

It is the blood of Jesus Christ and the power of his sanctifying Spirit, who leads into all truth, which saves man. Those who deliberately turn from this course of salvation, and continue to do so, have rejected that which alone can save them.

God gave his Son to save lost man. He does not want anyone to be lost. Therefore I will judge you, O house of Israel, everyone according to his ways, saith the Lord God, repent and turn yourselves from all of your transgressions, whereby ye have transgressed: and make you a new heart and a new Spirit; for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: Wherefore turn yourselves, and live ye; Ezekiel 18:30-32.

There is always hope for every person who allows the Holy Spirit to convict him of committed sin, and lead him to repentence and confession. Those who refuse the pleas of the Holy Spirit, and continue to do so, will eventually become insensative to the voice of the Spirit, and thus can no longer hear the still small voice. When this has happened, the unpardonable sin has been committed.

Morrow, Rewis, Annett And Wyse Clinch Top Of Ladder

Vi Marrow and Judy Rewis took top honors on the Highlands County Tennis Association's women's "A" and "B" singles ladders and Eric Annett and Bruce Wyse topped off the men's "A" and "B" men's singles ladders as the year ended for challenge play last Sunday night.

Peggy Sisemore and Lucy Derkman again came in at the top of the women's doubles ladder and Eric Annett and Eugene Bengston were the number one men's doubles team for the 1975 season. Vi and Al Marrow finished out the season at the top of the mixed doubles ladder knocking off Pam Rose and Brad Beumel in a three set affair late in the season.

There were only nine matches on the four singles ladders last week as time ran out. Bruce Wyse defeated Larry Johnson 6-4, 6-0 to move to the top of the men's "B" singles ladder. The top spots on that ladder had rotated between Wyse, Johnson and Bill Page all year until Ricky Helms moved in to take over the number three spot late in the year.

On the men's "A" ladder Grant Stallard fought off Brad Beumel 6-3, 6-3. Kris Delaney took a forfeit win from Victor Fernandez and then defeated Al Miller 6-4, 6-4 to finish up in the ninth position.

The only two matches on the women's "A" ladder were a forfeit win by Evelyn Reeder over Kim Paul and a forfeit win by Lucy Derkman over Evelyn Jones. In women's "B" ladder competition Debra Cox finished number two with a forfeit win over Elsa Kahn. Mary Sherertz lost to Becky Crittenden 8-7. Betsy McLean won over Janet Magee 8-6 and Dielores Cox beat Nancy Crittenden 8-6.

The final standings on the men's "A" ladder: Eric Annett, Al Marrow, Ken Haysley, Eugene Bengston, Grant Stallard, Bill Baker, Bill Johnson, Brad Beumel, Kris Delaney, Charles Jordan, Al Miller, Victor Fernandez, Brian Fassler, Read McLean, Carroll Lloyd, Jim Sabo, Todd Thomas, Robert Tuegel and Kevin Murphy.

The women's "A" ladder in singles finished in this order: Vi Marrow, Mary Jane Lloyd, Peggy Sisemore, Lucy Derkman, Evelyn Jones, Cherri Lee, Pat James, Evelyn Reeder, Betty Carlisle, Marilyn Smith, Trudy Wyatt, Kim Paul, Karla Rettstatt, Pat Lagoni, Jeannie Cox, Cindy McAulay, Mary Jo Schubert, Jean Rosser and Nancy Bryant.

The men's "B" singles ladder standings: Bruce Wyse, Larry Johnson, Ricky Helms, Bill Page, Mike Chandler, Tom Hines, Ronnie Brock, Allan Duhm, Chet Brojek, Dale Sisemore, Mike Kirk, Jeff Sawyer, Wesley Mercer, Bill Cravey, Randy Chancey, Cliff Ables, Matt Richardson, Bill Rousseau, Scott Mills and Mike Wauhop.

The women's "B" single ladder standings: Judy Rewis, Debra Cox, Elsa Kahn, Becky Crittenden, Deloris Cox, Mary Sherertz, Nancy Crittenden, Betsy McLean, Sandra Beck, Janet Magee, Anna Vilkaitis, Yetta Bengston, Margaret Collins, Melba Sims, Margaret Haysley, Marge O'Hern, Tracy Jones, Judy Mercer, Caroline Martin and Diane King.

H.C.T.A. members are reminded of the June 11 meeting which will be held at the South Florida Junior College courts from 5:00 to 10:00 p.m. Courts will be available for informal play and then after a picnic (bring your own) supper, there will be a meeting to present awards for the 1975 season. The meeting is for all members and their families.

Big Leaguers Win Over Auburndale Monday

Jamie Tomlinson pitched a two-hitter and Reggie Baker and Charlie Pugh knocked homeruns to lead the Avon Park entry into the district Big League, the Highlands County Bank of Avon Park, to an 8-0 victory over Auburndale last Monday night. It was the opening game for both teams and was played at Head Field.

The Highlands County Bank team will host the First National Bank nine from Lake Wales here at Head Field tomorrow (Friday) night starting at 7:30 p.m. The Avon Park squad is coached by Ronnie Jackson and Hoppy Rewis again in their second season of play in the five-team league.

Avon Park's Reggie Baker singled and then scored in the first inning on a sacrifice bunt by Mort Jackson, the catcher. Then Charlie Pugh knocked the ball over the centerfielders head and raced all the way home for an in-the-park homerun as the ball rolled to the flagpole.

There were two runners on as Smokey Hill had singled and Jamie Tomlinson had drawn a walk. Avon Park fifth run came in the third frame when Mort Jackson singled and came home on an error. In the fourth inning Reggie Baker lined a homer over the leftfield fence with no one on base. Avon Park's final two runs came in the bottom of the sixth inning. Gerald Barefield and Reggie Baker both drew walks and scored on errors.

Jamie Tomlinson struck out 13 Auburndale batters as he posted his first win in league play. Keith Hobbs singled off Tomlinson in the top of the fourth and Larry Lundy beat out a bunt but both runners were caught off base to hold the new league entry in check.

Fans are invited out Friday night to watch these sixteen to eighteen year olds play in an exciting baseball league which is a part of the Little League program.

THE SENIOR DIVISION of the American Junior Bowling Congress (A.J.B.C.) first place team sponsored by Barnett Bank at Sebring received their trophies at the end of the season picnic at Horse Hammock. Dowling Sportsmanship Award Top Trophy Of Golf Tourney

Interest and registrations for the fifth annual Bagwell Lumber Company Youth Golf Tournament at River Greens Golf Course on June 13-15 are moving along steadily according to Tommy Bagwell sponsor of the event.

The coveted award of the youth tourney is the Hugh E. Dowling Sportsmanship Award which was won in 1972 by Tommy Wester of Avon Park and by Alex Peacock of Wauchula in 1974.

The winner of this award is chosen by the officials committee who observe the youthful golfers during the entire three day tournament.

Last year's defending champion John DuPriest, Avon Park, won on a nine hole course, with a score of 218, but this year he expects to defend his title on the new 18 hole par 70 River Greens course.

Registration for the Bagwell Youth Golf Tournament will continue until Wednesday night, June 11. Tournament play starts at 10 a.m. on Friday and Saturday and at 12 p.m. Sunday. Thursday the golfing entrants can get in a free practice round on the course.

GOOD SPORTSMANSHIP IS an essential part of every sport and is emphasized by the Avon Park High School Fellowship of Christian Athletes which made awards to the following athletes: Ronnie Brock, Tennis, Jimmy Douberley, Baseball; Nancy Crittenden, tennis; James Ross, basketball; Margie Taylor, Track; Charlie Glenn, track; Dale Sisemore, Golf. Not shown Mike Poole, Football. Photo—Miller.

Sportsmanship Awards Given At School

Each year the Avon Park High School Fellowship of Christian Athletes present sportsmanship awards to an athlete in each sport who demonstrated the following characteristics:

Dependability, reliability, is a person who contributes toward a good team attitude, a person who makes personal sacrifices to help his team, a person who has the will to improve himself, a person who practices good health habits and a person who has pride in school and community.

This years winners of the different awards are the following: Football, Mike Poole; Basketball, James Ross; Baseball, Jimmy Douberly; Boys track, Charlie Glenn; Girls track, Margie Taylor; Boys tennis, Robbie Brock; Girls tennis, Nancy Crittenden and Golf, Dale Sisemore.

IN THE 'SEASON end' picnic at Horse Hammock last Saturday the three divisions of the A.J.B.C. were represented by High Average winners; Renee Crocker, Avon Park, Senior Division and Jackie Thompson, Avon Park, Bantam Division. Absent were: Larry Barwick, Wauchula, Senior Division, Russell Ward, Sebring, Junior Divison; and Danny Behal, Avon Park, Bantam Division. Photo—Miller.

Rec Department Lists Summer Hours And Program

The Avon Park Recreation Department announces its summer hours and tentative programs. There will be a bigger and better variety of activities at the Center this summer to entertain a wider range of ages of participants. Besides the activities started last summer, such as; Arts and Crafts for kids, special weekly events, weekly tournaments, tennis lessons, Women's softball, mother-daughter softball game and an "end of Summer Field Day", there will be several new programs, which are in the plans for this summer's activities. They are:

1. Beginning swimming lesson for children.
2. Slimnastics for ladies
3. Slimnastics for men
4. Mini-sports clinics for younger children 7-10 yrs.
5. Baton twirling lessons
6. Tennis league (18 and younger) to compete against other cities in the area
7. Karate Club
8. Arts and Crafts for adults

As soon as the plans are finalized for these programs, the exact days, times and more details about each will be announced. Volunteers are needed for all of these programs mentioned. If you feel you may like to help in any of these, please contact the Recreation Department at 453-6881 after 3 p.m.

The department is in search, at the pressent time, for a qualified swimming instructor to teach beginning swimming lessons for children. This program would begin at the end of June. The swimming program is a much requested activity in this area. There will be a charge for these lessons, so the instructor (s) will be paid for their services.

Also, the department is interested in volunteers working in several sports clinics this summer. These clinics would be the younger children (7-10 yrs.) and would basically teach them the fundamentals of each sport (baseball, football, basketball). If you are interested, please contact the Recreation Department.

The Recreation Centers hours for this summer are as follows:

Monday, Tuesday, Thursday, and Friday — 12-5 p.m. and 7-10 p.m.
Wednesday — 12-5 p.m.
Saturday — 9 a.m. to 1 p.m.

The center will be closed June 9-11 for repairs! It will reopen for Summer hours June 12 at 12:00.

Bagwell Lumber Top Team In League

Bagwell Lumber emerged as the number one team in Avon Park Little League play after nine games of the fourteen game season. The defending champion Bagwell team, coached by Densby and Clark Jackson, defeated I. H. Ford Motor 12 - 1 and Kiwanis 4 - 0 last week to set the 7 - 2 record which was good enough for the top spot in the standings of the eight team league.

Rotary, coached by David Brooker and Roger Gurganus, dropped into a three-way tie for second place with I. H. Ford Motor and Lions. All three teams had 6 -3 records after last week's action. Tied for fifth place were Johnson's sports Center and Kiwanis with 4 - 5 records. First Baptist was in seventh place with a 3 - 6 mark and Avon Citrus Bank remained in the cellar in spite of a close game with Johnson's with an 6-9 record.

Five homeruns were hit last week. Chris Collins hit his third of the season with none on base on May 26. In the same game Timmy Cribb boomed one over with one man on base for his first. In the second game played on May 26, Ricky Derkman hit his first of the year with one man on and Alvin Conner followed his teammate in the next inning with a grand slam homer for Bagwell. Gerald Jones connected for his third homerun of the year on May 27. Twenty-one homeruns have been hit so far this yerar.

Rotary 12 1st Baptist 5

Dwayne Council pitched a five-hitter for Rotary last week to lead them to a 12 - 5 win over First Baptist. The Rotary batters got eight hits off two Baptist pitchers. Timmy Cribb hit a home run and a single, Dwayne Council had a double and a single, Jock Thomas hit two singles and Dennis Barefield also had two singles for Rotary. For Baptist Chris Collins had the homerun and a single, Troy Brown hit a double and John Marcum and Kenneth Houpe both added a single in the losing effort.

Bagwell 12 I.H. Ford Motor 1

Alvin Conner and Jerry Jones teamed to toss a one-hitter against Ford to give Bagwell a 12 - 1 victory last week. Conner pitched three innings giving up one hit, a double by Bobby Williams, and striking out 8 of the 11 batters he faced. Jerry Jones tossed the last three frames allowing no hits and fanning 7 of the 14 batters he took on. The Bagwell batters rapped out 8 hits off two Ford pitchers. Alvin Conner hit the grand slam homer and also had a double. Ricky Derkman lined one over the left field fence and also had a single. Jerry Jones doubled and singled and Greg Jackson and Tim Mossey both added a single for Bagwell.

Kiwanis 13 Avon Citrus Bank 4

Kiwanis scored 13 runs on six hits to take a 13 - 4 win from Bank last week. Three Kiwanis pitchers gave up only two hits to the Bank batters. Ricky Johnson and Dwight DuBoice had a single each for Bank. Gerald Jones paced the Kiwanis batters with a homerun and a single. Tommy Turnbull hit two singles, Joe May hit a double and Edwin Boons had a single for Kiwanis. Kiwanis had a big nine run inning in the top of the third inning after scoring four runs in the second. Bank scored a run in the first and third and added two more in the fourth frame.

Lions 12 Johnson's Sports Center 6

The Lions defeated Johnson's 12 - 6 last Tuesday a week ago as they continued to knock off all opponents for four straight wins. The Lion batters jumped on pitcher Curtis Taylor for 12 hits. George Wyche hit a double and two singles. Ronnie Barnes had a double and a single. Donald Barker and Craig Schomp hit two singles each. Sam Barnes had a double and Stephen Antley and Courtney Weathers had a single each for the Lions. Darrly Lewis, Jeff Heckard, Curtis Taylor and Duane Young each hit a s ngle off the Lion pitchers.

Bagwell 4 Kiwanis 0

Both games were rained out last Thursday night but Bagwell and Kiwanis managed to play a Friday night game with Bagwell taking a 4 - 0 win. Again Alvin Conner and Jerry Jones shared the mound win for Bagwell with each pitching three innings. Conner gave up one hit and struck out five of the nine batters he faced. Jones also pitched to nine batters allowing no hits and striking out six of the Kiwanis batters. Tommy Turnbull got the only Kiwanis hit. Gerald Jones gave up only two singles to Bagwell as he struck out 10 batters. Alvin Conner and David Jackson were the only Bagwell batters to get a hit.

Lions 6 Rotary 5

Rotary continued to have the Saturday jinx as the Lions squeeked by them 6 - 5 for the third consecutive Saturday loss of the year. It was the fifth straight win for the surging Lion nine. Rotary was leading 5 - 4 going into the bottom of the fifth inning but the Lions scored two runs on a hit, a walk and two errors. Both teams got six hits. Ronnie Barnes hit a double and a single as did Allen Liskey for Lions. Donald Barker had a triple and Stephen Antley contributed a single for the winners. Tim Cribb led Rotary at bat with two singles and Dwayne Council, Ricky Oates, Alvin Hardy and Larry King all hit one single each for the losers.

I.H. Ford Motor 6 1st Baptist 0

Ford took a 6 - 0 forfeit win from First Baptist last Saturday morning when Baptist was unable to field a team for the game. All games rained out during the week have to be played the following Saturday.

John's Sports Center 6 Avon Citrus Bank 5

Avon Citrus Bank almost broke its losing streak last Saturday afternoon when they lost to Johnson's 6 - 5 in a seven inning game. The game was tied up 4 - 4 at the end of six innings. Then Johnson's scored two runs in the top of the seventh inning as Jeff Brock and Darryl Watford singled and scored. Ricky Johnson scored one run for the Bank in the last inning but the Bank couldn't come up with another run as Jeff Brock set down the next three batters in order to take the mound win. Also getting hits for Johnson's were Jeff Heckard with a double and Duane Young and Jody Johnston with a single each. Ricky Johnson hit two singles and Rich Macklin had a single for the Bank.

Rain Upsets Schedule But Reds In First

Rain upset the schedule of the Avon Park Senior Baseball League last week but three of the four games were worked in between the showers. The Reds remained in first place with an 8-0 record with an 8-4 win over the Cubs. The Braves stayed in second place with a 12-1 win over the Mets to set a 5-3 record.

The Cubs won over the Mets 8-5 but lost to the Reds so now have a 4-5 record good for third place in the four-team league. The Mets lost both games last week and remain winless with a 9-0 record as the first half of the season ended for them last Saturday night.

Cubs 8 Mets 5

The Cubs scored four runs in the top of the sixth inning last week to break a 4-4 tie and to go on to beat the Mets 8-5. Mark Palmer and Ronnie Brock teamed up to hold the Mets to five five runs on three singles.

David Jahna rapped out two singles off Palmer and Steve Thompson hit a single off Brock for the Mets only hits. The Cubs were held to four singles by Met hurlers John MicKunas and Terry Lanzing. Ronnie Brock, Joel Wright, Jeff Williams and Mark Kelley all hit a single for the Cubs.

Braves 12 Mets 1

Dale Sisemore tossed a no-hitter against the Mets last Saturday night as the Braves took a 12-1 victory. David Jahna scored the lone run for the Mets. He reached first on a fielder's choice, went to second on a infield error on Tim Salter's ground ball, took third when John MicKunas drew a walk to load the bases and scored on Jimmy Spurlock's sacrifice fly out to right field.

The Braves scored their 12 runs on five hits off Terry Lanzing and John MicKunas. Eric Wilson hit a triple and a single and Dale Sisemore, Charlie Elder and Bo Skinner all had a single each.

Reds 8 Cubs 4

The Reds racked up their eighth straight win last Saturday night with an 8-4 victory over the Cubs. Billy Young and Steve Arnold teamed up to take the mound win for the Reds giving up 4 hits to the Cubs.

The Reds slammed out 9 hits off losing hurler Jimmy Massey. Steve Arnold led the Reds at bat with three singles. Horace Moore had a double and a single and Keith Cobb, Allen Roberts, Dennis Tondee and Decaris Jones all hit one single each. For the Cubs Bush had two singles and Randy Williamson and Oits Ford had a single each.

DevilsMakeGoodShowing In Jamboree

Coach Joe Strickler's Red Devil football team made a good showing at the spring football jamboree played in Fort Meade last Friday night. The Red Devils played to a scoreless tie against Santa Fe in their first quarter of action and then won over Ft. Meade 8-6 in the second quarter of play.

Anthony Gaines scored Avon Park's only touchdown on a short run after James Ross had made two long runs to set up the T.D. Freddy Moore ran in the two point conversion which proved the difference which gave the devils the win.

Offensively James Ross led the Devils as he picked up 83 yards with six carries for a 14 yard average per carry. Anthony Gaines was the workhorse of the Devil backfield with 11 carries. He picked up 59 yards of rushing yardage.

New quarterback Mort Jackson was praised by Strickler for his handling of the ball in his first game as signal caller. Mort picked up five yards on one carry.

Freddy Moore, running from the fullback position, ran the ball four times for nine yards. Gerald Barefield also saw some action at the fulback position. Reggie Tolbert was the other running back.

Anthony Gaines and Freddy Moore both had one good punt return each. Gaines ran one back for 23 yards and Moore galloped 40 yards on a return. Mike Swindall took care of the punting chores for the Devils. He punted only once but that one went 30 yards and stopped on the one yard line.

James Ross also led the Devils on defense as he made five tackles and two assists. Marvin Williams had three tackles and two assists and Freddy Moore and Mort Jackson both had a couple of tackles and several assists. Jim Stewart recovered a fumble for Avon Park and the Devils lost one fumble during the two quarters of play.

Captains of the spring football team were Harry Stukes, Joe Gallimore and Anthony Gaines.

Lee Enters Pleas Of Guilty

An Avon Park youth will face charges in Polk County before disposition of charges in Highlands are settled. In circuit court David Marvin Lee, 19, entered a plea of guilty to violation of probation. He had been booked in 1973 for breaking and entering with intent to commit a misdemeanor.

This spring he was arrested in Lakeland charged with possession of a stolen car and a series of traffic charges.

Judge Clifton M. Kelly delayed disposition of the violation of probation charge, ordered Lee returned to Polk county and held without bond.

Shriners Schedule Ceremonial At Lakeland

The Shrine Clubs of Egypt Temple, covering Shriners in Highlands County, have chosen Lakeland as the site for the upcoming Shrine Ceremonial.

The ceremonial is scheduled for June 14 at the new Lakeland Civic Center, and is being held to initiate some 150 new members into the Shrine Clubs of Egypt Temple. Activities include luncheons, a band concert, a banquet, a dance and a Shriners parade through Lakeland.

The Shrine Clubs of Winter Haven, Zephyrhills, Plant City and Highlands County are co-hosting the event with Lakeland.

Egypt Temple has approximately 8000 members in Central Florida.

MoreeGetsTime In Prison On Charges

Breaking and entering, grand larceny and escape charges have pyramided into time in state prison for Alfred Jack Moree, 20, of Avon Park.

Moree had pleaded guilty to breaking into the Jim Wood home in Lake Placid on May 3. In 1973 Moree had been booked on breaking and entering and grand larceny charges. He was placed on probation.

Following the 1975 charges he was adjudged guilty on the earlier charges plus violation of probation. Sentence on these charges is two years in prison.

On the 1975 charges he was found guilty of breaking and entering and escape and sentenced to one year on each of these. All sentences are consecutive with credit for time served.

Dodge Coronet... the practical alternative to driving a car that's either too big or too small.

● A V8 engine that uses regular gas. All Coronets require only regular gasoline. And you'll notice the saving every time you pull away from a gas pump.

● Electronic Ignition System. It's standard on all Dodge Coronets. It eliminates the trouble some points and condenser. And it helps cut the frequency and cost of ignition tune-ups.

● Big 19-cubic-foot trunk. If you're a man who needs a four-door car that seats six comfortably and has plenty of trunk space, then, Mister, Dodge Coronet is for you. Coronet's trunk will help take the "pinch" out of your family vacation!

Codes Designed To Protect Public

Avon Park's building and zoning codes are expressly and specifically designed for the health and welfare of the public, C. W. Ellerbee, city building official, told the SUN.

Ellerbee gets complaints from people who object to the ordinances governing building, but he goes strictly "by the book." "If the law is on the book, that's the way it is," he said.

The minimum standard building codes enacted by the Avon Park City Council are identical to those of Highlands County and Ellerbee advocates a uniform state building code which the state legislature is now working on.

Ellerbee advises anyone contemplating any work on their property to check with the building department at city hall to avoid any problems of non compliance with the city ordinances.

Ellerbee said the whole point of the ordinance is summed up in the first paragraph of the code book and that beyond that is technical regulations which are based on individual situations.

The paragraph states "Any owner, authorized agent, or contractor who desires to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structure" must obtain a building permit.

This includes the building of a fence, swimming pool or any improvement to the outside area surrounding a structure, as well.

If the value of the work exceeds $100, a building permit is required.

While the SUN reporter was talking to Ellerbee, he handled two cases which present good examples.

A man planned to do building valued at $500. He was under the impression he could do so a little at a time and avoid getting a building permit. Not so, Ellerbee told him.

When the man continued his objections, Ellerbee advised him that he could take his objections to the Board of Competency which is the final authority on any building code question.

The other case in point was a woman who wanted a permit to set up a gospel tent. Ellerbee advised the woman the tent canvass must be fire treated, a licenced electrician must put in electric service and portable sanitary facilities must be provided. The permit would be $5.

Ellerbee said charges for building permits in Avon Park is the lowest he knows of with a set charge of $5 up to $1,000 valuation.

A separate permit is required on electrical, plumbing, air conditioning, roofing, sheet metal work and all work requires inspection after being completed.

If construction is commenced before a permit is obtained the ordinance provides for doubling of the permit fee. For flagrant violations, a violator can be taken before the city court with heavy fines levied at the discretion of the court.

The zoning codes are designed for the best use of land and to keep commercial building separate from residential.

The zoning and building codes require a plat, or outer perimeter of the land showing all existing buildings, must be furnished to obtain a building permit.

Ellerbee, who has been building official for the city two and a half years, is a retired Army major and trained to go by the book. The growth of building permits during his tenure with the city points up the need for strictness of the codes.

Total value of building in Avon Park hit the $1 million mark in 1970 and hovered at that point in 1971. In 1972, building reached $1,765,657 and went to almost two and a half million in 1973 with $2,491,578.

Last year saw building valuation figures almost double when they reached a whopping $4,339,230.

And even with a building slump across the state and nation, Avon Park has issued $999,962 worth of building permits through the end of April this year.

With volume like that strict controls are not only desirable but essential if the orderly growth of the city is to be maintained.

And as long as an ordinance is on the books, Ellerbee will enforce the law to the letter, he said. He pointed out the city council can change the ordinance at any time.

Ellerbee said "I don't make the law, I only enforce it."

Rumor has had it that building in the new shopping shopping center on U.S. Hwy 27 South were not safe because some of the walls feel after crews had stopped work for the day.

Ellerbee said subsequent inspection revealed the crews had quit just before installing a reinforcing structure. At one point Ellerbee stopped work on the construction until the builders' engineers made a thorough inspection and report to him.

He said the shopping center does in fact meet the city's minimum standard building codes which is the only thing the city ordinance requires.

The minimum standard safety codes does protect the public against all normal foreseeable hazards Ellerbee said.

26 Hike-Bike Riders Collect $935

The winners of the girls and boys bicycles for pledges collected on the May 3 Hike-Bike will be announced at 4 p.m., Thursday at White's Auto Store in Sebring according to Franklyn Ward, President of the Ridge Area Association.

The 26 Hike-Biker riders from Avon Park have turned in about $935 while Sebring's 99 riders have turned in about $2000 in pledges.

As there are some pledges still outstanding the last day that pledge money can be turned in to the count towards winning one of the bikes is Tuesday June 10.

Joe's Music Shop Moves To Main Street

Joe's Music Shop has moved from 29 N. Butler Ave. to the Mall at 101 W. Main Street.

Owned and operated by Joe and Erie Townsel, the store was opened at the Butler Ave. location in January, however, due to rapid growth and expansion it has moved to the more convenient Mall location with more room for musical instruments and supplies.

A feature of the musical supply store is the selection of brand names such as: Fender, Gibson, Peavey and Univox. They have the best in Gospel and Spiritual tapes and also Rock, Soul and Country Music. They stock school supplies and sheet music. Their policy also includes buying and trading instruments.

Joe and Erie grew up in Avon Park. Joe spent several years with the Avon Park Police Department and five years with Florida Power Corp. before entering the music business at the encouragement of a friend.

Couple Here During WWII Returns

By NORMA GOBBLE

A couple who has been around the world and all over the United States leading an eventful and exciting life plan to spend their retirement years in Avon Park.

Visiting here last week, Robert and Bernice Seabourne, now "camping" in Fremont, Calif., said they hoped to spend their 37th wedding anniversary here June 6.

The Seabournes spent several years in Florida and lived in Avon Park from October, 1941 until November, 1942.

Mrs. Seabourne recalls that she was watching a movie in the old Avalon Theatre, located on the site of the Avon Citrus Bank parking lot, when the news of the Japanese attack on Pearl Harbor Dec. 7, 1941 reached here.

She said theatre patrons rushed out in shock that the war was coming so close to the American shores.

Seabourne, while in Avon Park, was with the Lodwick Aviation Military Academy in the civilian service pilot training program, flying and packing parachutes for the aviation cadets, a job which played a major role in bringing about American victory in World War II.

Mrs. Seabourne kept busy as a civilian observer identifying and reporting aircraft in the area.

In addition to flying and packing chutes, Seabourne was executive officer of the Barstow Squadron of the Civil Air Patrol, teaching students and flying rescue and training missions in a 40 horsepower J2 Cub which was too small to be of benefit to the defense command.

Before taking the job with Lodwick, The Seabournes operated an air show for 22 weeks out of the year during the depression years preceding World War II.

The Miami All American Air Races always brought them to Florida for the winter and a one-week trip to Havana where nearly all the performers went following the races at Miami.

MR. AND MRS. Robert A. Seabourne returned to Avon Park to visit and look for a place to retire after they had toured the world. The Seabourne's were especially impressed with the Memorial on the Mall dedicated to the men of Highlands County who served and died in World War II. Photo-Cornell

They did a lot of parachute jumping. Seabourne has 687 parachute jumps and a little over 15,000 flying hours to his credit. He sent 106 cadets into combat and reports that all but two came through safely.

Seabourne told of a time during the air show years when an entertainer didn't show up. He was to crash an automobile through a flaming board wall.

The show had to go on, and Mrs. Seabourne, then a new bride, was the gallant trouper. Having had a little experience in driving performance, her foot slipped off the accelerator just before she reached the flaming wall and her quick thinking enabled her to detour from the wall. She proceeded to make a figure eight and go through the wall the wrong way, completely demolishing the new Dodge used in the act.

Seaborne retired from United Airlines Jan. 30, 1971. United's fringe benefits enabled the couple to take a trip around the world. The trip took one year, seven months and 11 days and covered 29 countries.

"Now that we are back in the greatest country in the world, the good old USA, we are having fun just traveling around and looking for a place to retire."

They have recently visited Kansas City, Mo., Cleveland, Ohio, Miami, Fort Lauderdale, West Palm Beach, and Lake Okeechobee.

The couple remembers Avon Park with fondness and in searching for an ideal retirement area, they are pretty certain it will be Avon Park.

World Famous

Miracle Tribe To Reunite

The world-famous crew of a B-17 bomber, the "Miracle Tribe", which flew missions from England over enemy occupied Europe during World War II, will reunite June 5, 6 and 7 at Harlingen, Tex., headquarters of the Confederate Air Force.

Members of the 96th Bomb Group of the Eighth Air Force, the "Miracle Tribe" crew became internationally famous for its escapades.

Andrew "Andy" Miracle, first pilot, a retired lieutenant colonel, died at his home in Avon Park March 3, 1974. Mrs. Andrew Miracle and their daughter, Margaret, still live here.

Mrs. Miracle is a home economics teacher at Avon Park High School and Margaret is a ninth grade student here.

Mrs. Miracle said she won't attend the reunion. She and the colonel attended the first reunion of the group three years ago.

Co-pilot Jim Harris, owner of a Lubbock, Tex. insurance agency, is spearheading the reunion. Harris is author of "Tail End Charlie," a novel based on the group's exploits, which is being scripted for a movie.

The group served at a U. S. base in Snetterton Heath, England.

Their first introduction to aerial warfare was a mission flown June 13, 1943, over Kiel, Germany. The Air Force sent 56 B-17s over and the Germans shot down half of them. The "Miracle Tribe" dropped out of formation and landed at a deserted airfield with about ten minutes of gas supply left. The crew counted more than 100 bullet holes in the airplane.

Following a raid on Kassel, Germany, 90 miles from Berlin, on July 30, 1943, all four engines were shot out, and the crew was forced to ditch in the North Sea. Previously, sceptics had believed that an airplane would fall out of the sky with all engines gone. However, the pilot was able to set it down "dead stick" on the water.

A human cannot live more than about 15 minutes in the frigid waters, but the B-17 floated 28 minutes before sinking, because all its gas tanks were empty. The crew was picked up by a Royal Air Force Air-Sea rescue team.

The Miracle Tribe's most publicized raid was over Regensberg, Germany, the first shuttle raid flown out of the 8th Air Force, to show the Germans that the 8th Air Force was no longer a "baby", but a force to be reckoned with.

On August 17, 1943, the planes bombed an ME-109 factory and flew on across Switzerland, off the coast of Italy, and landed in Africa.

On their return they brought back an African burro, "Lady Mo", who became mascot of the group.

Time Magazine (Dec. 31, 1943), Stars and Stripes, and every major newspaper in the United States carried a picture of "Lady Mo and Louis Klimchak, the ball turret gunner, now in the trucking business in Josephine, Pa.

"We tried to get a camel into the plane, but were unsuccessful, so had to settle for a burro," one of the crew recalls.

The book, "Black Thursday," was written about a raid over Schweinfurt, Germany, in which the "Miracle Tribe" participated along with 227 other B-17s on October 14, 1943.

The crew accumulated many decorations, including the Distinguished Flying Cross, the Air Medal, and several oak leaf clusters. Miracle and Harris each received two.

Two of the crew received Purple Hearts for their service. They were Jack Amacker, top turret gunner and engineer, now superintendent for Crown-Zellerbach Paper Co., Bogalusa, La., and Ed "Coots" Matthews, who was a waist gunner. Matthews is a fire-fighter for Red Adair oil well fire fighters, and served as technical advisor for the movie, "Hell fighters".

For flying five missions, an air Medal was awarded, and for each additional five, clusters were in order. Twenty-five missions earned a flyer the Distinguished Flying Cross.

Lt. Col. and Mrs. Andrew "Andy" Miracle

The men were initiated into the exclusive RAF Goldfish Club, an organization of fliers who had to ditch over water, and who had been "dunked in the drink" and rescued by the RAF. Their names are inscribed in the Royal Air Force Museum in London.

Other members of the crew expected to attend the reunion are Ronald W. Baileys, bombardier, now a retired Air Force officer living in Chicago; Crew chief Phil Bosch, Charleston, S.C. boat distributor, and Carl Bullock, Little Rock, Ark. insurance man, who was a waist gunner.

Marshall Lord, Providence, R.I., former tail gunner, is employed by IBM. George Gray, the crew's radio operator, is in the radio and TV repair business in Newburyport, Mass.

The navigator, Jerry Boland, Scranton, Pa., and the original tail gunner, Stanley Lukowitz, Hillside, N.J., were killed in action while flying with another crew.

The group held its first reunion three years ago in St. Louis.

Maj. Gen. Archie Old, USAF Retd., Riverside, Calif., was the commanding officer of the 96th Bomb Group.

The 8th Air Force, considered the greatest and biggest Air Force the world has ever known, flew its first mission Aug. 17, 1942. The first year, more than 100,000 men were lost, killed or wounded in action, and only one out of ten crews finished their missions. It was indeed a "miracle" their group survived, the men believe.

A lot of "war stories" will be traded when the "Miracle Tribe" crew starts reminiscing in a B-17 owned by the Confederate Air Force in Harlingen, now undergoing maintenance to be readied for the occasion.

34 Students Can Be Hired By County Commissioners

Thirty-four students from middle or upper income families can be hired by Highlands County under the Summer Training and Employment Program commissioners learned Tuesday.

County administrator Charles Cullens announced the following criteria for the ten-week program which begins June 9.

Applicants must be students, ages 16 to 22 years, who plan to return to school in the fall. Pay will be $2.10 per hour for a maximum of 40 hours. No pay deductions for social security, retirement or insurance will be made.

Each applicant must provide, at his own expense, a physical examination report.

Applicants, ages 16 or 17 must obtain "work permits" issued by officials at their respective schools.

Cullens told commissioners that to qualify for a job under the new program, a student must be unemployed for at least one week. This means, he said, that applicants must have been registered for at least seven days with the Florida State Employment Service whose office is located on South Hidgewood Drive, Sebring.

Commissioners authorized Cullens to contact city officials in Avon Park, Sebring and Lake Placid and to offer the services of as many as ten student employes to each city.

SFJC Accepting B Term Applications

The Director of Admissions at South Florida Junior College is now accepting applications for persons planning to enroll in the Summer "B" Term. All first time students are required to file an application for admission to the College. Anyone who has ever submitted one had already fulfilled this requirement and is eligible to register for college credit courses.

Registration for the Summer "B" Term will begin on June 16. If applications are submitted prior to this date, registration time is greatly reduced because the Admissions Office will have an opportunity to prepare the student file in advance.

Further information may be obtained at the Admissions Office or by calling 453-6661 in Avon Park.

County Schools Have Regular Safty Check

Highlands County schools had their regular check-up last week, by representatives of the Department of Health. Aim of the survey was to check on safety and sanitation and make recommendations for improvements.

Howard Short, of the county department, said that among those features studied were cafeterias, rest rooms, safety on the playgrounds, lighting in the libraries and classrooms, fire hazards and so forth.

Recommendations will be made about each school in a written report to Superintendent George Douglass and repairs and changes can be effected during the summer, when the rooms are emptied.

In addition to county schools, New Prospect was also surveyed and the day care centers will receive their going-over starting July 1. No plans have been made yet for South Florida Junior College, Short said.

A Note of Thanks

To all my friends and customers who have traded with me since .. I have been in Avon Park - 28 years. I have purchased Johnson's Sports Center, which will be known as

Beane's Sports Center
19 S. Lake Ave.

I want to serve you and all the communities, cities, and counties with your sports needs...

Watch for our grand opening...If we don't have it, we will get it. Come in and see Tommy and I for all your sporting goods.

Thanks
Melvin Beane

GOD'S WILL

The greatest commandment is that we should love our God. This is a free choice that man has, but it is God's desire that all would seek Him. He is our heavenly Father, and desires only the best for us.

ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

To the thousands of employers who have signed the Statement of Support for the Guard and Reserve, our sincerest thanks. To those who haven't, please think it over. It's one of the best investments you can make. And a commitment to your own conscience.

Today, this vital volunteer force represents almost 30% of our entire military personnel—at a cost of only 5% of our entire defense budget. You, as an employer, can help keep the Guard and Reserve trained and ready. This means *all* employers—the large, small, and those in between. Everyone who knows and values the freedom we live in.

Your signature on the Statement of Support is a pledge to back your employees who serve in the Guard and Reserve. It's an assurance that a couple of weeks on military duty won't limit their job opportunities. And for you, it means more productive, more responsible employees.

To receive your Statement of Support, or more information, write: EMPLOYER SUPPORT, Arlington, VA 22202.
