Juvenile Shoplifting Increases

By NORMA GOBBLE

Staff

Lack of discipline at home was blamed for the tremendous problem of juvenile shoplifting by Avon Park Police Chief Grady Campbell and Bill Pevles, District Supervisor, Division of Youth Services, Detention Bureau, of Sebring.

Some Avon Park store managers say juvenile shoplifting is one of their biggest headaches while others report little or no problem. Still other managers agree they have a shoplifting problem but say adults, not minors, are the culprits.

Don Cochran, co-owner of Jiffy in Avon Park, said juvenile shoplifting constitutes the major problem in losses by that store. Mrs. Jeanette Ham, manager of

Shop and Go on South Verona, said they have caught an average of one youngster a day during the past two weeks trying to conceal merchandise.

Shop and Go on North Lake Ave., located in a residential area, has "no problem with the kids," says Mrs. Ruby Clemmons, manager. Mrs. Clemmons said "They're real good kids around here."

C & H Grocery on U.S. 27 North caters to fruit pickers, according to co-owner Ernest Corsiglia. He attributes the lack of problems to "being nice to people." Corsiglia said, "There's a right way of handling people."

Art Trammell, general manager of the three Touchton Drug stores, said they have an overall shoplifting problem and they do prosecute apprehended offenders. He said many offenders are in their late 60s and early 70s.

Eddie Delaney, manager of Delaney's Hardware, agreed that there is a big problem with shoplifting in the Avon Park area and said it is "mostly teenagers" in his store.

Metcalfe Hardware co-owner Chuck Metcalfe said "We've always had a shoplifting problem." He said the major offenses are committed by children.

What is behind the tremendous problem of juvenile shoplifting? Everyone

agrees that the crime rate is constantly going up on all levels. There is an increase of misdemeanors as well as felonies. Crimes among minors has risen comparatively along with those committed by adults.

What are the reasons behind the rise in offenses, especially among minors? Most of those interviewed say it is the leniency of the courts or lack of supervision by parents or both.

When juveniles are caught in the act of shoplifting, what action is taken? Individual store managers have different policies. Some contact the youngster's parents, others talk to the youngsters themselves and some call the police.

Campbell said the Avon Park Police Department gets quite a few calls about shoplifting. He said police policy is to talk to them and contact the parents.

Disposition of the case on that level is made according to individual circumstances. Some are released to the

Two Resign Posts Before Deadline

Two members of the Civil Service Board sent their letters of resignation to the Avon Park City Council. This is prior to the state law requiring the filing of financial disclosure statements by noon, May 15, 1975.

In his letter Charles H. Smith stated he declined to sign the financial disclosure statement form and understood that because of this he could no longer serve on the board after May 15.

No reason for resigning was given by Melvin Beane, secretary of the board, in his letter to the council. His resignation was effective as of May 14, 1975.

Financial disclosure statements were not received from several other members of the Civil Service Board by Tuesday.

The disclosure forms are due for filing at noon Wednesday, May 15 with the Clerk of Courts, Earl Rich, who has indicated he has received no instructions as to what should

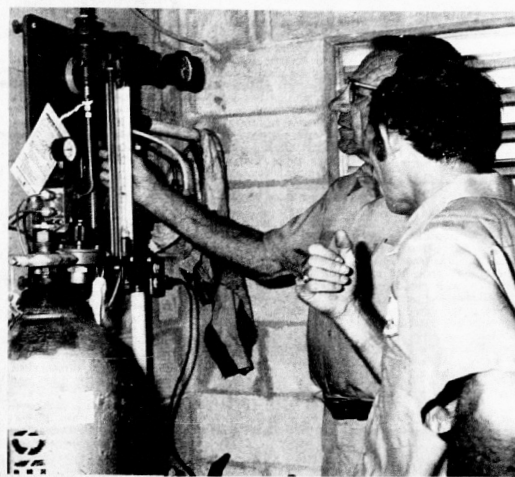

be done with the completed forms.

Even though the form contains six pages it does not require that the amount of income be listed unless one chooses to file Federal Reserve form CB-110a with one's latest federal income tax return.

Besides the usual name, address, title of position and the dates of the term of office, there are six items to answer on the form: Source of income (includes money or things of value producing 10 percent or more of gross income for the preceding tax year); sources of business entity income; interest in a specified business entities; debts at preferential interest rates; debts greater than net worth and assets plus one's signature.

However the Avon Park City Council voted to go on record as opposing the financial disclosure act in conjunction with the action taken by the Ridge League of Municipalities at their meeting in Auburndale May 8.

Chlorination

Progressing Smoothly As Hydrants Opened

Chlorination of the City's water supply was progressing smoothly with all equipment working satisfactorily, was reported to the city council at their regular Monday night meeting. During the day many fire hydrants had been opened in various parts of the city to create a demand for water to keep the pumps running thereby hastening the movement of chlorine throughout the water system.

City employees were able to detect the odor of chlorine in the water in some parts of the

city, but not in other locations particularly the areas having the odor of sulphur in the water. However, the odor of sulphur was no longer detected in these waters as the chlorine was neutralizing the hydrogen sulfide (H₂S) in the water.

City Clerk Malcolm Crews announced that the Housing and Urban Development (HUD) application for discretionary funds would be filed Tuesday, May 13. It was pointed out that a review board in Tallahassee had given the city's application a good rating.

Local Air Force Personnel Are Participating In Solid Shield '75

It may have looked a little like the old days of World War II early this week around Avon Park as men and equipment of the Avon Park Bombing Range prepared to go to war — simulated war, that is.

Some 45 men and numerous pieces of military equipment from the local Air Force facility began wending their way to the Jacksonville, N. C. area to participate in an all-service maneuver dubbed Solid Shield '75.

Much of the equipment is being shipped by rail and personnel from the bombing range began loading it at the Avon Park depot early Monday morning.

There will be a convoy of five big trucks, jeeps and accompanying vehicles trekking the 720 miles. The trip is expected to take four days. Other personnel will travel by private car. These modes of transport are expected to save the government nearly half the cost of military air transport.

Solid Shield '75 will involve the Air Force, Army, Navy and Marines. Most of the men participating will live under field conditions during the two week war game.

The actual maneuver will take place May 25 through June 6. In order to transport the equipment, set it up and check it out prior to the exercise dates, then take it down and transport it back to Avon Park, the men are expected to be gone until June 10, Capt. Craig Aldredge, chief

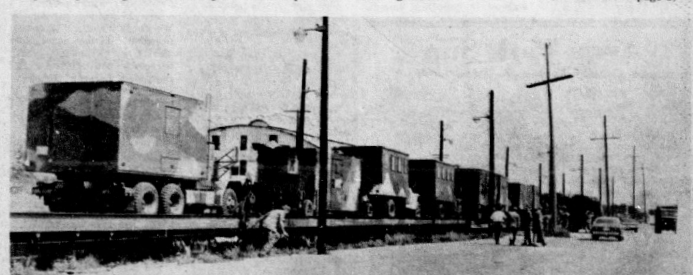

of electronic warfare operations, said. Many weeks of planning and coordinations among the four services have gone into the deployment. Equipment has been overhauled and prepared for the trip. Selected personnel have had preparations for family and personal

responsibilities to make while being away for a month.

The equipment involved from the local facility is either electronic warfare simulators or support equipment for them. They are designed to make personnel operating aircraft think they're being shot at, Aldredge said.

The radar indications allow them to experience war conditions without the danger of actually being under fire. The Avon Park contingent will support the electronic warfare portion of the exercise by sending the enemy threat

City Council

Opposes Fire Protection Report To Offer Counter Proposal

A consultant's 25 page report on the proposed county fire protection plan was explained to the Avon Park City Council at their regular Monday night meeting by Fire Chief Mack Flowers.

The planner's report had three proposals—leave things as they are; the cities should turn over their fire fighting equipment to the county for operation and lastly utilize the present city fire fighting units and backing it up with a county wide volunteer system.

The report also proposed that in place of the present Avon Park Lake Placid and Sebring fire stations, four new ones be built. A station serving Avon

Park under the plan would be built on Highway 27 and be staffed by 24 men with an annual payroll of \$240,000. This does not include officers or their salaries.

The Avon Park City Fire Department has eight men and officers—with a total budget of \$91,000 which includes salaries, telephone, uniforms, pensions, equipment and pay for volunteers.

The Avon Park Fire Department was criticized by the report as loosely organized and referred to the ten man Sebring Fire Department as a volunteer fire department. However the report was not backed by research data or

national statistics.

In the past councilmen have been approached by residents from outside of the city who were willing to pay extra taxes for fire protection from the city fire department. Chief Flowers stated it left a bad feeling to tell someone they could not but by state law go out of the city to fight a fire, even the State Fireman's building on Highway 27S.

After a vigorous discussion the council moved unanimously to oppose the proposed county fire protection report and to offer a counter-proposal for fire protection of the area surrounding Avon Park with Fire Chief Mack Flowers and City Clerk Malcolm Crews to present the Counter-proposal to the County Commissioners.

The proposed fire protection report was presented to the Highlands County Commission at their Tuesday morning meeting, where after some discussion, action was deferred to a county wide special meeting to be held at the Agri-Civic Center, south of Sebring, at 7:30 p.m. Monday May 19. At this time the counter-proposal for fire protection for the northern portion of Highlands County will be presented to the Highlands County Commission by Fire Chief Flowers and City Clerk Crews.

Fire Chief Flowers stated it would be to the interest of every home owner outside of the city to attend the Monday night meeting in an attempt to obtain adequate fire protection for their respective homes.

Maturity Cases To Cost More

The American Flag, Lincoln, apple pie and Motherhood may be inspiring words to most persons, but Mother dropped out of the line-up Tuesday night at the Highlands County School board meeting.

A recent opinion by Florida's Attorney General Robert Shevin put Mother in the same category as a black widow spider when it comes to the high cost of maternity leave. In fact, there is no such thing as maternity leave, said Shevin; it is sick leave.

Sick leave can be accrued over a period of time up to 90 fully-paid days, after which time a teacher can go on personal leave at no cost to the school save inconvenience.

Superintendent George Douglas informed board members of Shevin's opinion, along with his calculations that whereas Highlands County formerly budgeted \$25,000 for maternity leave, it will now have to set aside \$150,000 for a sick leave that adds another member to the family.

He pointed out that in the evening's list of recommendations for

Funds Needed For Victim's Medical Care

Orville Rayford "Buckie" Jackson remains in very critical condition at the Burn Center of Jackson Memorial Hospital in Miami where he was taken following the fire which destroyed his trailer home at 1208 W. Pine St., Avon Park, April 20.

Buckie received third degree burns over about 90 per cent of his body. In critical condition since the fire, Buckie's condition took a turn for the worse Monday night after he developed an infection, according to Jerry Jackson, the youth's brother.

Doctors at the Miami burn center want to send Buckie to a Dallas, Tex. hospital if his condition improves sufficiently that he can be moved. The hospital in Miami can make all medical arrangements, but the Dallas hospital requires some guarantee of payment of expenses, Jerry said.

Buckie had no insurance and the astronomical cost of round-the-clock medical care is mounting daily. The family is receiving some assistance from an official agency but it falls far short of present medical expenses.

Civic organizations looking for a charitable project might want to consider a fund drive to raise the necessary money to guarantee Buckie receiving the best possible chance for recovery.

Buckie, 18, was scheduled to graduate from Avon Park High School next month.

Anyone wishing to make a donation or contribution to the Buckie Jackson medical fund may do so by sending a check or money order to the Buckie Jackson medical fund, care of Bob Daubach, Highlands County Bank of Avon Park, Avon Park, Fla. 33825.

Bass Case Expected To Go To County Court

Ousted Highlands County commissioner Mel Bass is due to appear in Avon Park Municipal Court May 22, on a charge of driving while intoxicated (DWI) arising from an arrest on that charge March 7. Since that time he has been free on a \$210 bond.

Bass reportedly will ask that jurisdiction be transferred to the Highlands County Court in Sebring, but no official petition had been filed Tuesday afternoon.

Bass was elected District 1 commissioner in 1972 but was

later suspended by Gov. Reubin Askew and replaced by the governor's appointment of Kelley Phillips.

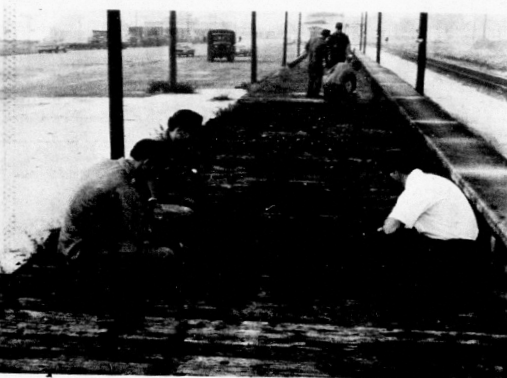

Bass appealed the suspension to the 1974 Legislature, which failed to take action. Bass has contended that failure of the Legislature to confirm the Governor's action, amounts to dropping charges and he, therefore, should be — legally — the commissioner for District 1.

According to official records, Bass has at least three convictions involving DWI. He was on probation for two one-year terms running consecutively, which would have put the probation end in August, 1973.

However, the probation was revoked June 26, 1974 and he was ordered to serve a 30 day sentence, according to records at the probation-parole office.

School Board

instructional and non-instructional personnel one teacher has asked for "sick leave," followed by personal leave to last from the opening of school to Nov. 3. Another is leaving her period of malaise from August until after the Christmas holidays.

Douglas emphasized that neither has accrued enough time for the full 60 days, so they will be on their own financially for the remainder of their recesses.

"A person is entitled to sick leave," said Douglas. "I just wish they wouldn't take it. It costs us money."

Board member Mrs. Ruth Davis exclaimed, "This will bring on a rash of pregnancies!"

"I don't think that will be because of the attorney general's opinion," Douglas remarked.

One teacher had asked for reinstatement in her present position when she returns to school. The superintendent said that although sick leave

requires returning a teacher to the same classes, personal leave does not.

Teachers on continuing contract will be permitted to maintain their status through substitute teaching, but no insurance can be given that they will have the same classes.

"If no position is available when they return, we are not required to out someone who has taken their place," said Douglas. "I don't want to hire

two persons for the same position and have each feel it is rightfully hers."

A voice from the audience offered a solution . . . "Stop hiring women."

A female teacher told the voice angrily, "Then you are REALLY in trouble."

With tongue in cheek Douglass called the school board to take a hard line against permitting teachers to become mothers.

One-Man Crime Wave

Sentenced To 10 Years

Andrew McMillan was bound over to circuit court to face charges of breaking and entering and larceny of a firearm.

McMillan had been arrested early in February in connection with a break-in at the Robert Crews home on Lake Lotelsa southeast of Avon Park.

Division of Youth Services last year had sought transfer of McMillan to circuit court in connection with other criminal charges, but it was not until his arrest following the Crews break-in that he faced trial as an adult.

The prison sentence, passed by Circuit Judge Clifton M. Kelly, is for the breaking and entering charge. Disposition of the larceny of a firearm charge is deferred.

The firearm charge grew out of the Crews break-in. That case also involved theft of a piggy bank.

The bank was found and counting the recovered funds — which included \$19.34 in pennies — earned for Deputy Sheriff Annie Welsh her moniker, Penny Annie.

USDA Funds Available

The U.S. Department of Agriculture (USDA) has \$3.5 million available this fiscal year to assist rural communities with their fire protection programs.

W. L. "Roy" Williams, district coordinator for the state Division of Forestry, told county commissioners Tuesday that \$72,000 of this USDA allocation will be made available to fire units in Florida.

Funds are to be dispensed on a 50-50 matching basis, Williams reported.

Applications for these federal funds must be submitted through local government channels to the state by May 23 for consideration. Charles Callahan, county administrator, has copies of application forms.

Williams said that pumps, slip-on units and fire department radio equipment are the prime items that can be purchased with the matching funds.

Although applications must be submitted immediately, purchases made under the program need not be paid for until Jan. 1, 1976.

Shoplifting

Cochran charges that the leniency of the courts encourages the kids to commit these offenses. Peebles blames the lack of discipline at home and little time spent with youngsters by parents.

Campbell agrees with both theories. He cited one case where a youth was charged on three different occasions with shoplifting. Each time the teenager was back in school and on the street the following day. The charges involved the writing of bad checks, releasing the child entering a house, and the theft of three cars.

Cochran said "when he catches a youngster shoplifting he has a general policy of releasing the child under 12 and calling the police if he is over 12."

Mrs. Ham said she attempts to contact parents. She thinks most parents are not aware that their children commit these offenses. She said in some instances the children resist to give parents names or phone numbers when she resorts to calling the police.

Some parents become angry when contacted and say "You must have the child. If my child wouldn't do a thing like this," according to Mrs. Ham. She believes many children are tempted to try shoplifting due to influence of other youngsters who have gotten away with it.

And most are not from poor families who are forced to do without, Mrs. Ham said. She cited one instance where a girl bought about 50 cents worth of merchandise. She was observed concealing about 75 cents worth. Mrs. Ham said the girl had some \$2 in change, ample money to pay for the merchandise.

Jerome Antley, manager of Pentry's, said shoplifting is quite a problem but his company minimizes the problem with mirrors which open up hidden corners.

That store averages catching one shoplifter a week and it has been two to three months since an arrest for shoplifting has been made upon their complaint. Most of these have been adults, Antley said.

Lewis Dettig of Neisner Brothers, Inc. said his store has "quite a few shoplifters."

Dettig said there are all types people involved. "There used to be a definite pattern," he said, "but not any more."

"Terrible," he was hailed given by Henry Dennis, manager of Winn Dixie, when queried about the store's shoplifting problem. But it's not "terrible," he said.

Dennis attributed his store's

entire shopping center is scheduled to be completed in August. L. V. Scott, superintendent of construction for the center, said this week.

"It's one of the best grand openings we've had," Eagle assistant manager Bradley N. Smith said of the store's April 9 grand opening.

Eckerd's Drugs expects to begin adding fixtures to their store in Avon Square about June 1 with an eye to opening July 1, a secretary in Burton C. (Bud) Perfit's office in Sebring said.

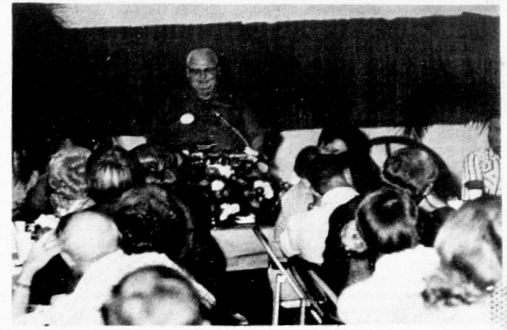

Perfit is vice president-director of sales and merchandising for the Eckerd Corporation.

Winn Dixie is eyeing a July or August opening of their new store in the shopping center, Don Zahn, construction manager for Winn Dixie, said from his Tampa office Tuesday.

Zahn declined to say whether or not the downtown Winn Dixie would close upon opening of the new store.

Rumors that the W. T. Grant store would not be opened here and, that if it did, the Sebring store would be closed were denied by Walker Cox, manager of the Sebring Grant store. Cox said opening date of the local store depended entirely on completion of construction.

Besides the four large chain stores, there will be 12 assorted smaller shops in Avon Square, Scott said. Eastman Construction of Atlanta is building the shopping center.

Malcolm Crews

Elected President Of Ridge League Of Municipalities

City Clerk Malcolm Crews of Avon Park was unanimously elected president of the Ridge League of Municipalities last Thursday evening during their May meeting at the Municipal building in Auburndale.

In a resume of the past year's activities outgoing president Joseph McD. Mitchell of City Manager, Haines City, stated that the league by resolution and other activities had helped prevent the state department from abolishing the police departments of small towns. It also had taken action to establish a permanent representative of the Ridge

league of Municipalities at legislative sessions in Tallahassee.

Elected to office with Crews were: Robert L. King, Jr., City Councilman, Lake Alfred and Nettle Draughon, City Manager, Plant City, was re-elected secretary. Gene Strickland, assistant city manager Lakeland was appointed as representative of the league to the legislature.

A resolution was passed suggesting that the financial disclosure law be modified because of the resignations of people and difficulty of obtaining good people to serve on committees, etc. A copy of the resolution is to be sent to the governor and others. Lake Alfred and Winter Haven have already passed such resolutions.

The league also went on record of opposing Senate Bill 415 as usurping and superseding the inherent rights of self-determination of citizens within cities of Florida.

and further usurps the Home Rule Act passed by the legislature.

Senate Bill 415 would permit group-living of four to 12 mentally retarded or developmentally disabled persons in a single family dwelling in a residential area.

A third resolution was passed whereby the league oppose any and all legislation giving the state the authority to take over the home rules duties and functions of cities.

City officials attending the meeting from Avon Park were Mayor and Mrs. Marshall Davis, Council President and Mrs. Wendell Williams and Councilmen Robert and Mrs. Britt, Milton and Mrs. Howard, and City Clerk and Mrs. Malcolm Crews.

The next meeting of the Ridge League of Municipalities is in October at Winter Haven. Avon Park will be the host city to the league meeting in May of 1976.

Sheriff Breaks Theft Operation

Highlands County sheriff's department has made a major break into costly agriculture theft operation. One Hillsborough County man is in jail here and more suspects may be arrested by Hillsborough officers soon.

Melvin Joseph Rehby, 26, of Gibsonton will be charged with grand larceny in connection with theft of tires from fruit trailers.

Highlands County investigators have been working throughout west central Florida and so far recovered goods valued at \$6,450.

Theft of fruit trailer tires had plagued citrusmen for many months. Loss of a tire and rim

is estimated at \$100 — and often that is the smaller part of the cost. Highlands County's citrus theft committee report that "down time," while they search for the hard-to-obtain heavy duty trailer tires, has been extremely costly.

Rehby was taken into custody in Highlands County on April 30, charged originally with driving without a valid license. He was arrested by Florida Highway Patrol Trooper M. R. Dunn, near the old asphalt plant off U.S. 27, north of Lake Placid. This area had been the scene of tire thefts earlier.

Later investigation turned up the information that Rehby is a convicted felon and at the time of his arrest here was on bond facing new felony charges in Hillsborough and Polk Counties.

Shortly after Trooper Dunn arrested Rehby, Trooper J. C. Sheppard of FHP, Deputies Jerry Pendarvis, Keith Lennon, Bruce Bennett, Lt. Richard Cooper and Sgt. Len Askeland of the sheriff's department arrived and continued the investigation.

Since the April 30 arrest Sgt.

Askeland and Lt. Cooper and Deputy Bob Hopton worked on leads linking Rehby to the tire theft operations. Rehby was taken to Polk County to face charges there and on May 13 was returned to Highlands County jail. His bond here totals \$20,500.

Lt. Cooper said 43 tires — some of them the property of John Smoak, Ripper and Waverly Fruit, all with operations in Highlands County — have been recovered.

Consultant

Suggests County

Take Over City

Fire Departments

Consulting engineer Robert C. Byruss called on the Board of County Commissioners Tuesday to establish a Department of Emergency Service to coordinate activities of Highlands County's fire departments, ambulance services and rescue squads.

Byruss also recommended that the Department of Emergency Services be responsible for the county's civil defense program, even though existing laws require that for some functions, the disaster preparedness program must remain autonomous.

Byruss suggested that the county negotiate with Avon Park and Sebring officials to bring those cities' fire

departments under county jurisdiction.

He also recommended that paid city firefighters be transferred to the county at no loss in pay and the county should offer assistance (to include funds) to county volunteer fire departments.

By 1977 the state will require that counties provide a central alarm office to handle emergency calls. After 1977 any needing emergency service need only dial 911 for assistance. Cooperation by all agencies providing emergency services will be required, Byruss pointed out.

The Florida Division of Forestry said that county is responsible for fighting grass fires. However, forest rangers should be able to count on receiving assistance from local fire departments, he said.

Byruss' 25-page report recommended that three multiple-service emergency centers be established along U.S. 27, one near the south boundary of Avon Park, a second just south of Sebring near SR-17 and a third in Lake Placid near SR-481.

Commissioners scheduled a special meeting for 7:30 p.m. May 19, at the Agri-Civic Center, at which Byruss' recommendations will be discussed with city officials and interested members of county volunteer fire departments.

The public is invited to attend.

Range Wives See Sugar Molding

The Bombing Range Wives Club met on May 6 at 7:30 at the N.C.O. Club.

The meeting was called to order by the president and the following new members were introduced: Lorna Genducel, Kacky Williams, and Mary Ann Guyda.

Bingo was discussed and some of the members wished to change the date to a Friday or a Saturday evening instead of Thursday. The President said it could not be changed because Friday and Saturdays were reserved for bands.

Sue Harris and Mary Jane Kanady volunteered to talk to the Base Commander about the change and will attend the next meeting Friday, May 9 to give their report.

Cheryl Sanders, program chairman introduced Dee Fish. Mrs. Fish has many

accomplishments, and some of them are: Chairman of the Area Girl Scouts, a member of the Jr. Woman's Club, and an adult arts instructor.

Mrs. Fish has a most interesting hobby, sugar molding. She explained the process of sugar molding and the tools needed to complete the finished mold. She showed us numerous molds: a house, train, baby shoes, a cradle, a duck, piano and a fish.

She also told of the durability of these molds. Some had lasted for several years. The only things that could cause the molds to deteriorate were ants and an excessive amount of moisture.

Several members asked questions about her hobby and placed orders with her for future special occasions.

All the members enjoyed the presentation Mrs. Fish gave.

Prison Term Reduced

An Avon Park man has been released from jail after entering a plea on a sexual battery charge. Russell Jack Sluder pleaded nolo contendere to the charge and was sentenced to two years in state prison, but given credit for the

132 days he had already served in jail.

By terms of the negotiated plea, Sluder was sentenced to jail for the length of time he had already served, and he is to spend the rest of the two year term on probation.

Representative Fred Burrall

Speaks To Property Owners

State Representative Fred Burrall of Fort Charlotte flew down from Tallahassee Saturday to address the annual meeting of the Highlands County Property Owners Association, Inc.

His talk was the feature attraction of the evening meeting and covered dish supper held at Highlands Hammock State Park.

Burrall described his position on legislative subjects being handled in this, his first session as a state legislator. He emphasized his conservative position on most issues, a stance which appeared pleasing to most persons in the audience.

His district, the 75th, includes the central part of Highlands County and a majority of voters in this county.

He stated his opposition to the Equal Rights Amendment which passed the House and lost in the Senate and pledged his continued opposition.

While supporting most of the pending package of bills on malpractice insurance, he voiced opposition to limiting the term of liability as he feels that careless action by a surgeon in some cases might not show up for several years and the patient would be denied recourse if the statute of limitations is reduced.

In supporting legislation to separate the prison facilities from the Department of Health and Rehabilitation, he favors less coddling of prisoners. His stand is that most convicted criminals should be held where they cannot do damage to the public and that very few can be rehabilitated.

"Plea bargaining should be eliminated, he feels, because it is a device that permits serious offenders to get off with light

terms and return to prey on the public. He promised to oppose any kind of gun control laws. He voiced opposition to changes in the green belt law which would penalize agricultural land owners if they sold land for nonagricultural use by assessing retroactive taxes on the land.

He announced that Highlands County will gain \$120,000 in school aid next year, but was unhappy that his home district will lose money under the same program.

Considering Highlands County's difficulties with the 1974 tax roll and the problem of satisfying the Department of Revenue that the county reached 100 per cent valuation, Burrall made a rather startling statement... that 37 counties including some of the biggest, were not required to reach 100 per cent valuation last year.

During a short question and answer session, Bruce Blount, former president of the Property Owners, urged Burrall to support legislation to exempt members of unpaid public boards from the financial disclosure rules enacted last year.

A short business meeting of the organization preceded the program. Re-elected to the board of directors were Guy L. Campbell and Floyd M. Schumacher of Sebring; Charles D. Metcalfe of Avon Park and A. M. Wagener of Lake Placid.

New members elected to the board are Henry G. Bailey of Sebring, and Hock Dressel and Charles C. Ruck of Avon Park. Retiring from the board were Fred Jahns and Franklin Ward of Avon Park, and Gene Schneck of Sebring.

New Society Members

Four Highlands County teachers became members of Gamma Alpha Chapter of Delta Kappa Gamma, an international honorary society for women in education, on May 2 at Fred Wild School.

The new members are Virginia Crews, Avon Park High School; Lois Smith, Avon Elementary; Eleanor

Trescott, Sebring High School; and Nancy Wild, Woodlawn Elementary.

The initiation was conducted by Jamie Edge, president. She was assisted by Violet Mosley, first vice president; Nona Allen, recording secretary; Gwen Hill, corresponding secretary; Mary Rarie, treasurer; and

A TRAGIC AUTO MISHAP interrupted the honeymoon of Mr. and Mrs. Maurice Kaman of Pittsburg, Pa., when their 1975 Cadillac was totaled and Kaman was seriously injured on Bloody 27 at Frostproof resulting in numerous operations and a five week stay at

Walker Memorial Hospital. He was flown to a Pittsburg hospital Tuesday, accompanied by hospital Chaplain Harry Bennett, shown at his side, for another three weeks to a month hospital confinement. Photo—Gobbie.

Honeymooner

Goes Home On Stretcher

Mr. and Mrs. Maurice Kaman's honeymoon trip motoring through Florida was interrupted by a tragic auto mishap five weeks ago as they drove south on bloody U.S. 27 near the 27 Truck Stop at Frostproof.

They were taken to Walker Memorial Hospital in Avon Park. Both were injured and their 1975 Cadillac was totaled in the wreck. Mrs. Kaman was able to return to Pittsburg, Pa., where the couple lives, within a few days. But Kaman was not so fortunate.

Kaman left Walker Memorial Tuesday morning for the arduous trip to another hospital in Pittsburg. Arduous, because he had to be transported on a stretcher. He is expected to remain in the Pittsburg hospital three weeks to one month.

He was taken to Tampa International Airport by a Highlands County ambulance and placed aboard a United Airlines plane for the journey home. He was accompanied by

hospital Chaplain Harry Bennett.

As Kaman was being prepared to leave, Chaplain Bennett extended best wishes to him on behalf of the hospital staff and the Avon Park community.

Grad Nite At Disney World

Approximately 103 Avon Park High School seniors and their dates will attend Grad Nite at Walt Disney World in Orlando Saturday, May 17.

A bus will leave from Avon Park High School with the couples aboard about 8 p.m. and return the next morning about 8 a.m.

There is a \$9 fee for admission to the Magic Kingdom (good for all attractions except the shooting gallery), transportation, \$ x 7 color portrait of senior and date and souvenir program.

They also have a special dress code for Grad Nite:

Gentlemen: Long or short-sleeved dress shirts with neck tie or bow tie; dress trousers and dress shoes. Optional suit coat or sport jacket.

(Prohibited: Jeans, turtleneck and letter sweaters, tank tops; sandals and canvas shoes).

Ladies: Party dresses - length optional. Pantsuits - jacket and pants must be coordinated; high or low heels, boots and dress sandals.

(Prohibited: Jeans and hot pants; slacks and blouse combinations; halter tops without jackets; flat sandals including thongs.)

The park will be closed at 6 p.m. to the general public. They will reopen again at 9 p.m. for the graduates and will close at 5 a.m. Graduates and their dates may not leave the theme park before 5 a.m. without written permission from an Official Chaperone.

Walt Disney World does not allow alcoholic beverages to be sold in or permitted to be brought into the Magic Kingdom. Any student caught with alcoholic beverages will be thrown out and not admitted into the Kingdom for the night.

More than 250 high schools from throughout Florida, Alabama, Georgia, Maryland, South Carolina, New Jersey and Wisconsin will participate in the special parties set for the evenings of May 16 and 17.

Entertainers highlighting both Grad Nite parties are Hues Corporation, Kool and the Gang, Flash Cadillac and the Continental Kids, Liberation, Sister Sledge and Nick Russo and Gabriel's Brass.

The chaperones for Avon Park High School will be Mr. and Mrs. Chet Brojek, Mr. and Mrs. Allan Duhon, Mr. and Mrs. William Wynn and Mr. and Mrs. Ed Culberson (Culberson is the Senior Class sponsor).

Shriners Use Clubhouse

Highland Shrine Club held their first Bar-B-Q in their new clubhouse on 17A, Sat. night, May 10th.

Two hundred and fifty hungry Shriners and Masons, their wives, Pezetzets and invited guests sat down and really enjoyed the evening.

Several Nobles of the Divan of Egypt Temple along with their wives drove over from Tampa to participate, also Nobles from Lakeland and Winter Haven Shrine Clubs.

After the dinner, dancing was enjoyed until 7. Although the clubhouse is not completed it is now possible to hold the meetings and other activities in the new building.

Only three of the Shrine Clubs under the jurisdiction of Egypt Temple own their own buildings. Highlands is fortunate to have the newest and most spacious.

How fortunate indeed to have a president Rodney Durrance, a chef (extraordinary) along with his Bar-B-Q Shells from Lake Placid and the ever loving Pezetzets (God Love 'em) to assist and make the gala evening possible.

The club has really grown from a humble beginning, when the property was purchased from the county in 1971, until the present time.

Vacation Bible School In June

The Women's Council of the First Christian Church held a meeting Thursday evening, May 8, in the Fellowship Hall of the Church, with Mrs. Alfred Haveland the hostess.

A short business meeting was held and it was announced that Vacation Bible School is to be held the third week in June.

The guest speaker was Mrs. Robert Miller of Lake Wales. Her husband is at present the Minister of the First Christian Church of Lake Wales, but he and his family are planning to go to New Zealand in the near future.

There they will be ministering to a small church in Hokitika, Western New Zealand and doing missionary work. Mrs. Miller also showed slides of the New Zealand country.

Senator Chiles' Aide Visits Avon Park

The Avon Park Sun, Avon Park, Fla., May 15, 1975 7A

Getting Social Security checks and reimbursement of medicare benefits on time seemed to be the primary concern of constituents in Avon Park, Tom Hayes, aid to U. S. Senator Lawton Chiles, said during his visit to Avon Park Wednesday of last week.

Hayes spent the morning at Avon Park Mayor Marshall Davis' office in the City Hall talking with those in the area with problems originating on the federal level and listening to comments on current issues.

The visit by Hayes is part of a program established in September by Chiles in carrying out his 1970 campaign vow to stay in close contact with the people of Florida, Hayes said.

Hayes, based at the senator's Lakeland office, travels South Florida on Chiles' behalf while Congress is in session in Washington.

Hayes said Chiles has already spurred a full scale investigation through the Federal General Accounts Office (GAO) into why Florida residents are having so many

problems receiving Social Security payments and Medicare reimbursements.

He said those living on fixed incomes were often forced into a financial bind by delayed receipt of Social Security checks and many times did not receive them at all.

In response to a question regarding the new direct deposit of Social Security checks to the recipients bank, Hayes said he was not sure whether this program would affect the problem of late checks.

"I'm not that familiar with the program," he said.

The direct deposit is a program instituted by the U.S. Treasury Department and the Social Security Administration April 1 whereby Social Security and other federal government checks can be sent directly to the recipient's bank or savings and loan institution.

Hayes said the people he talked to in Avon Park "were generally complimentary of the senator," and his work in the Senate.

Calvin's Column

CALVIN GIBBS

Hi Friends,
Armed Forces Day, which honors all branches of the Military Services, will be observed on Saturday, May 17, throughout the United States. This day was proclaimed by Harry S. Truman, and was first celebrated in 1950.

It's very timely that this day comes this year at a time when we have just ended America's most tragic war, and when we are paying homage to those brave men, who were so actively involved in that conflict.

It is from these circumstances, that we, the citizens of Avon Park continue to salute those youths who participated from this community.

Leotis McNeil (Class of 69) 12 mos. Various locations

We offer a special tribute to the others who are not shown.

Critics of the week:

This very special honor goes to all of our Military personnel irrespective of race, creed or color.

Observation or comment:

(Calvin C. Gibbs) I do not believe that any well thinking American is opposed to every refugee who has taken refuge in the United States. Our heritage could not afford this. Neither do I believe that anyone has the right to question those who have differed with the manner in which so many have come. Not even Gerald Ford. Anyone who claims any foresight, should have seen the hand writing on the wall with the fall of Da Nang and Hue. Wasn't that about time to begin screening those deemed necessary to evacuate from Saigon. No we waited until the eleventh hour, when we would be compelled to evacuate the deserving along with the non deserving, if the price was right.

So, here among the refugees, we have the deserving, the corrupted, the thieves, the deserters, the innocent and those who have capitalized on the whole war and when I hope will hire some of us to work in order to reduce unemployment. For the innocent and deserving whom we left behind, I have this remark in which I know they will find no hope nor comfort. "Better luck next time".

It has been suggested that we put the war behind us, and plan for the future. Fine, so long as we plan to combat some of those (many billions) in planes, tanks, guns, etc., which we left behind.

Otherwise, Karl Marx, (communist) who predicted that a Capitalistic society will inevitably destroy itself, may have provided momentum to his pronounced but supposedly unaccepted theory.

Ernest Hemingway:

"They wrote in the old days that it was sweet and fitting to die for one's country. But in modern war there is nothing sweet nor fitting in your dying. You will die like a dog for no good reason".

Winston Churchill:

"War is mainly a catalogue of blunders".

Franklin D. Roosevelt:

"The American people will not relish the idea of any American growing rich and fat in an emergency of blood, and slaughter and human suffering".

(Calvin C. Gibbs):

It's about time that we reflect on the thoughts of the masters.

Day Care Center:

The Community Day Care Center, located at the Saint Mark Annex on Pineland Avenue is now open and receiving children, irrespective to race or color. The center is operated by trained and experienced workers and is open Monday through Friday from 6:30 a.m. to 6:00 p.m.

Academic Achievement:

Phinetha J. Wade

Phinetha, daughter of Mr. and Mrs. G. A. Wade, was a graduate A.P.H.S. in 1969. Phinetha was a recipient of the Associates of Sociology degree from Polk Junior College on Sunday, May 4, 1973, finishing with a 2.96 average.

Phinetha, who lives at 216 Lakeside Park plans to enter the University of South Florida, Tampa, for the 1975-76 school year.

Congratulations.

English lesson for the week: Wrong. If I was president, I would do differently.

Right: If I was president, I would do differently.

Explanation: "If" is subjunctive. Use "were," contrary to fact.

Church News:

Mrs. Essie Boone

is in charge of a special program to be presented at Saint Mark Baptist Church on Sunday morning, May 18, at 11 a.m.

Everyone is especially invited to attend this service.

Give it a name:

What is the name of the section of town where we live? This question has gone unanswered through the years. We have been called many names including "the quarters". As part of the bicentennial celebration, we should find an appropriate name for ourselves.

Please submit your suggested name to Mr. C. C. Gibbs or Mr. E. E. Sims. Names will be turned over to the committee to judge the best one.

Also, pictures of black citizens and their connections with the institutions of education, religion and labor should be given to this same committee.

Neurology:

The family of the late Samuel Fleming wishes to express its gratitude for courtesies received during its bereavement.

Hospital:

Patricia Lyons wishes to express a sincere appreciation for flowers, cards, visitations and other courtesies during her hospitalization.

Hospitalized at Press time:

Eldia Crumbley, Jimmy Dozier, Mary Collier, Cora Madis and Carlton Lewis.

Thought Conditioner for the week:

It's natural that we are often filled with self doubt, and our economy has added no assurance, but you must believe in yourself and whatever strength you have will be released.

"The kingdom of God is within you." Luke 17:21.

Yours truly,

Calvin C. Gibbs

REPRESENTATIVES OF THE top 25 percent of students on the Florida Statewide assessment program given to all sixth graders in February 1975 are the following from Avon Park Middle School. Top row: Mary Danny Behal, Relane Brazeeau, Mary Carmichael, Mark Davis, Frank Flowers.

Second row, Terry Landress, Jody Johnston, Teresa McKenzie, Daren O'Steen, Brenda Shipman. Bottom row, Denise Stevenson, Doris Stukes, Charlton Weathers, Gregory Wilhite, Henry Williams. Test results of individual pupils are made available to all parents.

WITH A BENCHFULL of trophies these Avon Park Middle School students were winners in the Knights of Columbus county through state free throw championship contests. Seated, left: Charlton Weathers, placed third in the state in the 11 year old

free throw Group while Jeff Adams was second in the state 12 year old bracket. Standing are county winners: Steve Jones, Darling Tyndall, Trenda Hicks, Della Bell and Annie Rushing. Photo - Miller

Middle Schoolers State Two Arrested Winners In Free Throw In Shooting Incidents

State winners in the Knights of Columbus Free Throw Championships Charlton Weathers and Jeff Adams received trophies for their accomplishments, during a Middle School assembly program, while Della Bell, Trenda Hicks, Steve Jones, Annie Rushing and Darlene Tyndall received trophies as county winners.

The Middle School received a trophy in sportsmanship for having the largest number of entries in the county for the free throw championship event.

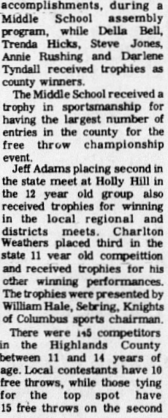

Jeff Adams placing second in the state meet at Holly Hill in the 12 year old group also received trophies for winning in the local regional and district meets.

Charlton Weathers placed third in the state 11 year old competition and received trophies for his other winning performances. The trophies were presented by William Hale, Sebring, Knights of Columbus sports chairman.

There were 140 competitors in the Highlands County between 11 and 14 years of age. Local contestants have 10 free throws, while those tying for the top spot have 15 free throws on the second

round with each round increasing by five extra free throws. The district match

starts with 20 free throws while the regional and state events start with 25 free throws.

Board Will Move To New Offices

The same old subjects will be presented in a new locale when the Highlands County School Board holds a special meeting Tuesday, in the nearly-completed administration building.

The new edifice to education is expected to be finished in time for the regular June meeting, but it will give its trial by fire next week.

Over from this week's regular meeting will be the tabled topics of approving the 1975-76 school calendar and a proposed summer trip sponsored by James Taveniere, Sebring High School teacher.

The calendar was postponed after one submitted by Dr. Dan Davis, with the school year starting after Labor Day, was opposed by another outlining a Aug. 25 start, as submitted by Richard Farnum.

greater flexibility in accommodating in-service days, pre-school days and an opportunity to get report cards to parents faster. Both men indicated that teachers would prefer the August kick-off.

Board Chairman Jack Wrick said county schools used to start before Labor Day, but would play to partial classes as the stragglers wandered in.

Also to be discussed again is Taveniere's trip, which Douglas called "worthwhile, but where do we draw the line?" He explained that the board would be setting a precedent for other bids to use school buses.

"We couldn't stop future requests. Do we decide which has the most educational value, or who is involved?" Bill Gene Smith suggested that the board might budget a sum like \$10,000 for school bus

use, allow requests on a first come-first served basis, then stop when the budget is reached.

It was established that FTE funds would have covered the trip if there were no charge to students. However, the approximate \$100 charge per student that Taveniere plans constitutes "selectivity," and would be inequitable for funding.

Board members questioned liability insurance coverage on bus, employees and students; a matter that will be investigated by Solicitor James McCollum.

Taveniere said he hopes to involve the whole county in his project, not restrict involvement to Sebring. He hopes to take 25 students in an 66 passenger bus and said that several board members had expressed interest in their own children participating. The group would pay its own gas.

Allison Receives Doctor Of Medicine Degree

E. Jackson Allison Jr. of Bynum, N. C., received the Doctor of Medicine (M.D.) degree Sunday (May 11) from the University of North Carolina School of Medicine at Chapel Hill.

The son of Mr. and Mrs. A. J. Peacock of Ft. Myers, Dr. Allison will begin a three-year residency in family practice at the Medical University of South Carolina in Charleston this summer. Upon completion of the residency program, he will serve with the National Health Service Corps for two years.

While in medical school, he served as administrative assistant and student coordinator of the Appalachian Rural Health Extension Program. He also presented a speech to the President's Commission on Health Education in the Seventies.

A recipient of two foreign

study fellowships, he has examined health care systems in Great Britain and Yugoslavia. Before entering medical school, he served for three years in the U.S. Peace Corps in Malawi, Central Africa.

A graduate of Avon Park High School, he attended Warren, Richmond College in Swannanoa, N. C., and received the Bachelor of Arts (A.B.) and Master of Public Health (M.P.H.) degrees from the University of North Carolina at Chapel Hill.

He is married to the former Gail Mansall, daughter of Mr. and Mrs. Leonard Mansall of Denver, Colo. They have two children, Ginger, 13 and Tammy, 12. Mrs. Allison has completed work toward the Doctor in Public Health (D.P.H.) degree from the University of North Carolina School of Public Health.

Jamboree Set For May 30

Head Red Devil football coach Joe Stricker has had to alter his rule that all boys must play spring football to qualify for next year's team. He says that the conflict between Senior League Baseball and Spring Football Practice is too much and has excused all

senior league baseball players from spring practice. The Red Devil football squad is planning to participate in the Spring Jamboree to be held at Fort Meade on May 30. Taking part in that jamboree will be Fort Meade, Avon Park, Santa Fe, Frostproof and Mulberry.

Devilettes Set 43 School Record In 1975

The Red Devil girls 880 and 440 relay teams took part in the first Florida State Track and Field Championships held at Lake Brantley High last Saturday, May 10. Both relays were composed of Hattie Rich, Linda McRae, Renee Crocker and Sharon McRae. Despite fine performances of 1:49.5 in the 880-yard relay and 32.5 in the 440 relay, the Devilettes were unable to crack the top six finish spots. Avon Park was the only AA school to qualify a team for the running events. According to Coach Oet Brojek, "Most of the schools were AAAA and AAA and simply had more speed than we could cope with this year."

Brojek went on to add, "I could not have been prouder of these kids even if they had won the state. They moved their 1974 record in the 880 relay of 1:58 down to the 1975 1:48.7 school record mark. In the 440 the drop was from 36.0 to 31.5."

The Devilettes set or broke a phenomenal 43 school records during the 1975 season. No record was safe from the onslaught as all previous marks were shattered time and again.

Two of the relay members, Hattie Rich and senior Renee Crocker, have been named winners of the 1975 girls "most outstanding track girl" award. Rich was the leading Devil long jumper, took part in the two relays and ran the 220. She was the leading scorer with points.

Renee Crocker was a top performer in five events: the 100 yard dash, long jump, softball throw and the 880 and 440 relays. Renee was the second leading scorer in points and is the leading Devil track scorer in Avon Park school history in a career which has covered four seasons.

Both of these young ladies are credits to their school and families, stated Coach Brojek. "We are hopeful that Hattie will provide the spirited team leadership needed for next years squad. I know Renee will be successful in her wish to become a physical education teacher because she's been a winner ever since I've known her."

THE RED DEVIL "Soul Patrol Plus One" hang on to the baton they tried to give the State Track meet at Lake Brantley High School. Their record time in the 880 relay was 1:48.07 minutes and in the 440 relay 31.5 seconds. The speedsters in order of running the 880 are: Hattie Rich, followed by Linda McRae, Renee Crocker with Sharon McRae anchoring the team. Photo—Miller.

Annett And Marrow Keep Top Rungs

The Highlands County Tennis Association's challenge singles ladders are expected to be changing rapidly this month as action will close out at midnight, Sunday, June 1. Medals will be awarded to the players in the top three positions on the four singles ladders and to the top two players in doubles and mixed-doubles play after June.

At the last monthly meeting, the H.C.T.A. voted to close the challenge date on Monday, May 26 and to freeze standings on all seven ladders after June 1 play. Ladder play will resume in September with all players in the same positions they held when play closed on June 1.

Eric Annett held on to his number one position on the men's "A" singles ladder last week with a 6-0, 6-2 victory over challenger Ken Haylesley, the current number two player. Eugene Bengtson holds down the number three spot on the men's "A" ladder with Al Marrow in spot five.

Following in order on the "A" ladder are Bill Baker, Bill Johnson, Grant Stallard, Brad Beumel, Al Miller, Charles Jordan, Victor Fernandez, Brian Fausler, Kris Delaney, Carroll Lloyd, Jim Sabo, Read McLean, Todd Thomas, Robert Tugel and Kevin Murphy.

Two challenge matches on the women's "A" ladder last week were won by Lucy Derkman and Peggy Sisemore over Cheri Lee. Miss Lee challenged third place

Derkman and lost 6-4 then was challenged by Peggy Sisemore from position number seven and lost 8-4 again.

VI Marrow is at the top of the women's "A" singles and Mary Jane Lloyd is number two. Then follows Lucy Derkman, Evelyn Jones, Peggy Sisemore, Pat James, Cheri Lee, Betty Carlisle, Marilyn Smith, Trudy Wyatt, Kim Paul, Karla Rottstadt, Pat Lagoni, Jeannie Cox, Mary Jo Schubert, Cindy McAulay, Jeanne Rosser, Nancy Bryant and Evelyn Reeder.

Only one match was played on the men's "B" ladder. Larry Johnson held off Bill Page 6-4, 6-3 to remain at number three. Ricky Helms leads the men's "B" singles ladder followed by Bruce Wyse, Larry Johnson, Bill Page, Mike Chandler, Tom Hines, Ronnie Brock, Allen Duham, Chet Brojek, Dale Sisemore, Mike Kirk, Jeff Sawyer, Wesley Mercer, Bill Gravelly, Randy Chancey, Cliff Ables, Matt Richardson, Bill Rousseau, Scott Mills and Mike Wauhop.

The most action occurred last week on the women's "B" singles ladder. Debra Cox moved up to the number nine position with an 8-4 win over Melba Sims and a forfeit win over Margaret Collins. Debra Cox took over the tenth spot with a forfeit win over Margaret Haylesley and an 8-3 victory over Yetta Bengtson. Becky Crittenden defended her number four position with an 8-2 win over Janet Magee

Touchton Wins Golf Cart

Ed Touchton Sr. won the electric golf cart at River Greens Golf Course in a two-man best ball tournament for being the closest to the pin in one shot last Sunday.

Touchton drove the ball 170 yards to within six feet 10 inches on the 17th hole.

Chip Neptune and John Brumhall, both of Sebring, were first place in the field of 14 participants with a 66. Avon Park's John Depriest and Gary Tomsick were second with a 67.

In third place with a 68 was Ted Huff and Jack Varnhart of Winter Haven. Joe Craig of Lake Placid and Elgin Bayless of Sebring placed fourth with a 69.

There was a four way tie for fifth place with a 71. They were Fred Govechick and Tom Sherman of Avon Park, Jess Dees and Richard Foldoe of Clearwater, Griff Fountain and Thomas Sweet of Winter Haven and Jim Stone and Steve Owens of Winter Haven.

Participants shooting a 78 through 72 received gift certificates, Rodney Davis, operator of River Greens, said.

The next tournament at the local golf course will be the club championship May 24-25 for members only followed by the Sixth Annual Bagwell Lumber Company Youth Golf Tournament for all area boys ages 12 through 17 June 13-15.

KENNETH BURLEY BROUGHT home the only state championship in the State Track meet at Winter Park last Friday. Kenneth Burley Captures State High Jump Trophy

The 1975 state championship in the Class AA high jump belongs to Kenneth Burley, a Red Devil trackman, after his victory in Winter Park last Friday, May 9. Burley set a school record in the high jump with his winning leap of 6'2".

Kenneth, only a sophomore brought home a state championship for the Avon Park squad for the third year in a row. In 1973 and 1974 former Devil distance ace James Brown gained titles in the mile and two mile events.

Alphonso Williams ran the mile in a good 4:53 minute effort but was unable to crack

the top six in that event at the state meet. Both Burley and Williams will get two more cracks at state championships since both are sophomores.

Burley was named "most outstanding" and Williams "most improved" trackmen by Devil coaches Harry Williams and Chet Brojek.

"We were extremely proud of Kenneth's efforts," beamed Brojek. "It is all the more remarkable when you consider that he hasn't had a pit to jump in for over a month. As you recall, our high jump pit was burned up by vandals earlier in the season."

"I feel that Kenneth has the ability to jump 6'8" or 6'9" before his high school career is over," stated Brojek. I couldn't be happier than I am with our newest state champion."

County Jr. Tourney Set

The fourth annual Highlands County Junior Tennis Championship Tournament will be held Saturday and Sunday, May 24 and 25 on available courts throughout the county.

Those boys and girls who will compete will be divided into four age groups - 12 and under, 14 and under, 16 and under and 18 and under. The event is sponsored by the First National Bank of Sebring and the Eric Annett Tennis Equipment Co.

Entry blanks may be obtained in Avon Park from Cheri Lee at the Avon Park Middle School or Jeanne Cox at Avon Park High School and the entry fee of \$1.00 per player may be turned in to the same two with the completed entry blank.

Besides his state effort, Burley was the leading point maker with 85 for the 1975 Red Devil track team. Kenneth was the top performer in the 120 high hurdles (16.4), the 300 intermediate hurdles (44.9), the long jump (20'9") and the high jump (6'2").

Alphonso Williams had personal bests of 2:12 in the 800 run and 4:39.4 in the mile for the 1975 season. He also was the second leading scorer for the Devils with over 40 points.

These two trackmen plus talented underclassmen Darrell Davis in the shot, Edward Dorsey in the discus, James Hamilton in the 700, Charles Anderson in the 100, 200, and 440 and Jack Collins in the two mile run will provide the backbone of next years Red Devil squad.

County Loses 3,000 Acres To Nematodes

During the past eight years Highlands County has lost almost 3,000 acres of commercial citrus groves to nematode infestation. R. R. Snell of the Florida Division of Plant Industry, told commissioners Tuesday.

The groves have been "pushed" and fumigated and then used for purposes other than growing fruit, Snell said. Commissioner Robert Skipper had asked earlier for an expert to lay his hands that the hauling of clay from nematode-infested areas might spread the microscopic parasite to other groves in the county.

Snell reported that Florida has already spent \$20 million on nematode control and the end is nowhere in sight.

His agency uses a fumicide, "EDB," to fumigate infested land.

Using the Division of Plant Industry's figures, Commissioner Ken Wilkison calculated that it would cost about \$282 per acre to treat infested land owned by the county.

"We operate under a law that says: Soil roots shall not be moved from areas found to be infested with nematodes or exposed to infestation," Snell said.

Skipper expressed belief that land purchased by the county for clay should be inspected for nematodes and if found to be infested should be treated before being hauled.

Snell held out little hope that the spread of nematodes might be controlled effectively anytime soon.

"People are the greatest spreader of nematodes," he said, "and women with their potted plants are the worst."

In other actions, commissioners: Authorized administrator Charles Cullens to investigate the possibility of forming a credit union for county employees.

— Heard Don Pate, Florida Combined Insurance representative, report that county employee group hospitalization premium rates will be increased by at least 27 per cent.

— Heard Clerk of Courts Earl Rich report that the

county would receive \$447,780 in federal revenue sharing funds during 1975-1976. That amount is \$3,000 more than was received last fiscal year.

— Approved the request for an alcoholic beverage license submitted by Wilton Mikell for use at the Mikell Industrial Center, U.S. 27 S.

— Instructed county attorney R. P. Dunty Jr. to institute condemnation proceedings on a five-acre parcel adjoining the DeSoto City landfill site.

— Accepted, with "great reluctance," Del Preston Jones' resignation from the Board of Adjustment, effective May 13. Jones explained that his resignation represents a protest against the state's financial disclosure law.

— Agreed to advertise for the

purchase of 40 acres of land in the northern section of the county on which good quality clay can be extracted.

— Instructed Planning and Zoning Director William Stephenson to provide information to the state attorney necessary to prosecute E. Bloomberg for alleged violations of numerous county ordinances.

— Tabled, for two weeks, acceptance of bids to resurface roads in Sebring Manor subdivision.

— Tabled, for consideration next week, a design proposal submitted by assistant county engineer Carl Cool, for construction of garbage transfer station in Lake Placid.

— Discontinued county maintenance of Atkins Road from U.S. 27 to Rosemary Ave., Lake Josephine Heights.

Claitt Gets Scholarship

Ricky Claitt, Avon Park High School senior athlete, has received a full scholarship to Bethune-Cookman in Daytona Beach as a football player. Ricky started at A.P.H.S. throughout his high school years as a running back and a linebacker for the Red Devils. During his junior year, Ricky averaged almost 100 yards per game and led the Devils scoring. Last season he received the trophy as the best offensive player on the Devil squad. The stocky athlete also lettered in basketball and track at Avon Park.

Bagwell Lumber And Rotary Tied For First

MANAGERS AND COACHES of the Little League teams pause as it were or the field of battle before they transmit their knowledge and skills along with their desire to win to their Little League players. Kneeling, (left to right): Richard Lewis, Johnson's Sport Center; Clyde Smith, First Baptist; Clark Jackson, Bagwell Lumber; Johnny Barnes, Lions Club; and Billy Hodge, I. H. Ford Motor Co. Standing: Wes Odum, Avon Citrus.

After one full week of play in the Avon Park Little League, Bagwell Lumber and Rotary were the only undefeated teams and were tied for first place with 3-0 records. The two teams were scheduled to meet last Monday night, however, so only one team will be left without a loss today.

The First Baptist team was in third place with a 2-1 record. Kiwanis, Lions, Johnson's and I. H. Ford Motor were all tied up for fourth place with 1-2 records and Avon Citrus Bank was eighth with an 0-3 mark.

There were 12 home runs hit during the first twelve games of the season. Gerald Jones, Reggie Moore, and Horie Barnes all hit two each and Chris Collins, Ricky Oates, Bobby Williams, Jerry Jones, David Jackson, and Craig Schorn hit one each in the first week of play.

1st Bap. 13 I. H. Ford Mo. 9
Jim Marcum and Troy Brown teamed up to pitch the Baptist to a 13-9 win over I. H. Ford Motor on Monday last week. Bobby Williams slammed a bases loaded homerun in the fifth inning for Ford along with singles by Tim Skelton, David Hodge and David Bennett.

Greg Kelley, David Bennett and Tod Bennett all pitched for Ford giving up five hits to Baptist batters. Chris Collins hit a homerun in the third with no one on base. Eddie Roper hit two singles and Jim Marcum and Walt Touchton both hit a single for the winners.

Rotary 9 Lions 2
George Wyche struck out 12 Rotary batters and Tim Cribb fanned 10 Lions batters but Rotary took a 9-2 victory although held to two singles.

Reggie Moore and Tim Cribb were the only two Rotary batters to get a hit off Wyche but 10 walks hurt the Lion cause. Ronnie Barnes, Charlton Weathers and Courtney

Weathers all had a single off Cribb.

Johnson's 5po. Cen. 5
A.C. Bank 3

Ricky Johnson pitched a one-hitter for Avon Citrus Bank against Johnson's on Tuesday of last week but Johnson's won the game 5-3. Johnson's pitcher, Darrell Watford, got a double for the only hit by the winners.

Bank batters rapped off six hits off winning pitcher Watford. Rick Macklin and Bobby Smith both hit two singles and Dwight DuBoise and Richard Dick had a single each for Bank. Watford struck out 10 Bank batters and Johnson struck out nine Johnson batters.

Bagwell Lum. 10 Kiwanis 0
Bagwell's Alvin Conner almost pitched a perfect game against Kiwanis last Thursday. The eleven year old right hander walked only one batter and struck out the other twelve before he faced in a four inning game that Bagwell won 10-0.

Bagwell batters connected for six hits off Kiwanis pitcher Gerald Jones. James Cunniff hit two singles and Alvin Conner, Jerry Jones, Ricky Derkman and Greg Jackson added a single each for the winners.

I. H. Ford Mo. 13 Lions 5
Ronnie Barnes, Lion pitcher and first baseman, boomed out two home runs and a single to do more than his share but the Lions lost to Ford 13-5 last Thursday night. Also getting hits for the Lions off winning pitcher Darwin Ford were Charlton Weathers with two singles and Sam Barnes, George Wyche and Steven Antley with a single each.

Ford batters got eleven hits off two Lion hurlers. Bobby Williams had three singles; Jeff Caldwell hit a triple and a single; Desmond Albritton and Darwin Ford hit two singles each and Todd Bennett and Tim Skelton both had a single.

Rotary 12 Bank 3
Rotary scored 12 runs on 11 hits last Thursday night to defeat Avon Citrus Bank 12-3 as Dennis Barefield held Bank to two doubles.

Ricky Johnson hit the two doubles off winning pitcher Dennis Barefield, who struck out 12 Bank batters.

Rotary got its eleven hits off two Bank hurlers. Ricky Oates homered in the first inning. Dennis Barefield hit a double and a triple, Dwayne Council hit a double and a single and Larry King hit a triple. Jacques Thomas and Tim Cribb both had two singles and Tony Moore had one single for the winning Rotary nine.

Bagwell 10 Johnson's 2
Jerry Jones, Bagwell's twelve year old left hander, gave up only one hit and fanned 15 batters last Friday night to lead Bagwell to a 10-2 victory over Johnson's Sports Center. Darrell Watford singled in the fifth for the only hit off Jones.

The Bagwell batters rapped out nine hits off losing pitcher Curtis Taylor. David Jackson, Darrell Watford singled in the third with one man on base and also had a single in the fourth. Ricky Derkman hit two doubles and a single, Alvin Conner rapped out two singles and Jerry Jones and Greg Jackson both hit a single for Bagwell.

1st Baptist 7 Kiwanis 4
It took ten innings for First Baptist to defeat Kiwanis 7-4 last Friday night and Saturday morning as the game was continued due to time running out Friday night.

The game was tied up 2-2 after three innings and both teams scored four more runs in the fifth. No scoring occurred in the sixth, seventh and eighth innings so the game was called after 9:30 p.m. Friday night.

Saturday morning First Baptist finally took the win by scoring a run in the bottom of the tenth frame. Three Baptist pitchers struck out 23 Kiwanis batters in the ten innings while three Kiwanis pitchers fanned 13 Baptist batters.

Reggie Moore hit a homerun in the fifth inning to tie the game up and keep Baptist alive. Eldrick Presley hit a double and a single, Troy Brown hit a double and Chris Collins hit a single for Baptist's five hits. Gerald Jones hit a homerun for Kiwanis. Tommy Hipps had a double and a single, Randy Hudson hit two singles, Tommy Turnbull had a double and Eldrick Presley and Bill Porter both hit a single for the losing team. The ten inning game was possibly a record in length for Avon Park Little League.

Reds Lead In Senior League Baseball
The Reds jumped out to a 3-0 lead in the Avon Park Senior League standings last week with wins over the Braves and the Cubs. The Braves are now 2-1, the Cubs 1-2 and the Mets were 0-3 after the first week of play.

Tonight (Thursday) night the Braves will play the Reds early and the Cubs and the Mets will meet in the second game. Next Tuesday it will be the Cubs and the Reds at 6:00 p.m. at Head Field and the Mets and the Braves at 8:00 o'clock.

Cubs 22 Mets 3
The Cubs rapped out 13 hits off two Met hurlers last week to take a 23-3 victory behind the four-hit pitching of Mark Palmer. Only John McKunas, Ralph Hart, Wayne Lewis and Red Hart got a single off Palmer in the six inning game. Ronnie Brock hit a double and a single for the Cubs. Joel Wright had two singles and Randy Williamson, Jimmy Massey, Jeff Williams, Mark Palmer, Larry Pough, Bubba Starling, Johnny Harrison, Mark Kelley and Otis Ford all had a single each in the winning cause.

Reds 5 Braves 2
The Reds pushed over five runs in the first two innings on two singles and a double and then held on for a 5-2 win over the Braves last week. Billy Young was the winning pitcher giving up four singles and striking out 15 Brave batters. Larry Jackson took the loss for the Braves.

for the Braves but allowed only six hits in the seven inning game. Allan Roberts hit two singles, Steve Arnold slammed out a double and Horace Moore, John Barben and Billy Young all singled for the Reds. Dale Sizemore, Larry Jackson, Eric Wilson and Gary Roberts managed a single each off Young.

Braves 7 Mets 0
Dale Sizemore tossed a two-hitter at the Mets to lead the Braves to a 7-0 shutout win last Thursday night. David Johns and Jimmy Spurlock both rapped out a single off Sizemore but to no avail.

The Braves connected for seven hits off losing pitcher Wayne Lewis. Dale Sizemore helped his cause with a triple, Jimmy Brown had a double and a single, Victor Roberts had two singles and Anthony Carter and James Taylor both had a single for the winning Braves.

Reds 4 Cubs 4
Steve Arnold pitched the Reds to a 4-4 win over the Cubs last Thursday night as his teammates collected eight hits off losing hurler Jimmy Massey. Arnold and Allen Roberts both doubled, Horace Moore and Dennis Tondie hit two singles each and Keith Cobb and DeCaris Jones had one single each for the winners.

For the Cubs Ricky Jones hit a double and Randy Williamson, Jeff Williams, Joel Wright, and Ronnie Brock all hit one single each.

Shari Hoke And Stephen May, Jr. Band Queen And King

Saturday, May 3, at the Recreation Center the annual Junior Band Dance was held. A May Day theme was used featuring crepe paper streamers and multi colored balloons.

The Stage Band played an assortment of old and new songs getting everyone in the dancing mood.

At 10:00 p.m. Mr. Vic McKunas, band director,

announced the Jr. Band King and Queen—Stephen May and Shari Hoke. King Stephen was presented a rose boutonniere and Queen Shari was presented a bouquet of roses. The King and Queen are chosen by the Junior Band members before the dance.

Certifications of recognition for the most improved members were also presented: 8th grade — woodwinds,

Suzanne Gourlie and Tammy Welch; Brass, John Morgret; Percussion, Stephen May, 7th grade — Woodwinds, Debra Heiring; Brass, Daphne Wall; Percussion, Mary Myers. Chaperones for the evening were Mr. and Mrs. John Barbaree, Mrs. Leslie Crews, Mr. and Mrs. Dan Evers, Mrs. Richard Hamm, Mr. and Mrs. Charles Hoke, Mr. and Mrs. Phil May, and Dan McLain.

Last Friday, May 9th, the Avon Park High School Concert Band attended Florida State Contest in Lakeland.

The Band under the direction of Victor H. Mickunas played Pentland Hills by Howe, Folk Legend by Hunsberger and March and Procession of Bacchus by Delibes.

The judges for this event were Richard W. Bowles of the University of Florida, Gainesville, Fla., Warren S. Mercer Jr. of North Hills School, Pittsburgh, Pa. and Ward Moore of Montclair State College, Upper Montclair, N.J. All three judges rated the Avon Park High School Concert Band Superior.

Next the band went to Sight Reading where they played two numbers that they had never seen or played before.

The Judge Charles Minelli of the Ohio University, Athens, Ohio also rated the Avon Park High School Concert Band as Superior. Butch Farless, student conductor, directed Shannon Sulte and again Butch and the band received a Superior.

Also at State Contest several solo and ensemble numbers were judged. But only one earned a Superior rating, the Trumpet Trio with Renee Stewart, Eric Longshore and Cindy Williams.

Other Ensembles were Flute Quartet with Kathy McKunas, Tracy Sutherland, Donna Langston and Tami Cason.

Drum Trio with Kevin Murphy, David Prevett and Mike Ryan, Drum Trio Craig Skipper and Jeff Flagg.

Solos were Tom Macklin on tuba, Butch Farless on trombone, Mike Ryan on Tympani, Cindy Williams on Trumpet, Eric Longshore on Trumpet and O. C. Stephens on trumpet.

Out of 46 bands at Florida State Contest only five received straight Superior ratings. This is the first year in about 20 the Avon Park High School Band has earned straight superior.

Other activities that the Avon Park High School Band has participated in this year were the football half-time shows, four winter concerts, a trip to St. Augustine and Daytona Beach. Several parades in Avon Park and Sebring, King Neptune Parade in Sarasota and the Festival of States Parade in St. Petersburg.

They also played in a 2,000 piece mass band that played at the Grand Opening of Space Mountain at Walt Disney World and later returned to march in one of their parades.

The band went to District Marching Contest, (Nov. 23, 1971 in Naples, Fla.) in which they earned a Superior Rating. They also received a Superior Rating at District Concert Contest (March 21, 1973, in Bradenton).

City Council

Takes Action On Items

In their first order of business the city council in their regular Monday night meeting acted on a number of items of old business.

— expressed a preference for a new ditch digger for the water department versus a second hand digger and since funds could be drawn from reserves the council moved to advertise for bids on a new ditch digger.

— A report by Mayor Marshall Davis that he and contractors Dan Bennett and Duane Kopka had inspected the Winter Guest Club building and recommended the city buy materials for repair work to be done by the club members. Council approved.

Deferred action on possible pay for Keith Debo and Ralph Fullmer for work with flower gardens on the Mall. Any possible compensation for the two volunteer workers was discussed as a gift or honorarium versus the costs and complications of wages or salaries.

— It was moved to pay \$2500, in lieu of labor for installing sewers, to Scott's Builders for building a sewer line extension on North Lake Ave. However, the council would have appreciated knowing about the sewer extension project before it was started.

— Reappointed Queen Esther Cowart and Latham C. Smith to terms on the Zoning and Planning Commission.

— Received a letter from the airport committee concerning a master plan for the airport as required by the Federal Aviation Administration.

Council President Wendell Williams requested that City Clerk Malcolm Crews arrange a joint council-airport committee meeting to discuss such items as: Taxiways, lights, trees, safety, wind

comes, the relocation of the airport office for better field visibility and future buildings.

— Heard Kwanis members Jim Fountaine and George Haynie tell how trash receptacles on Main Street were purchased and installed by local merchants. Some of the receptacles need repair which the city agreed to do. It was suggested that the original purchasers be given the opportunity to repaint their business name on the receptacle-also agreed.

Resolution Gets Action From DOT

County commissioners received a letter from the Florida Department of Transportation (DOT) Tuesday responding to their April 15 resolution calling for action to reduce accidents at the intersection of U.S. 27 and SR-70 (Bair's Den).

The letter disclosed DOT's newfound readiness to address itself to the rising Bair's Den accident rate.

Commissioner C.J. "Buddy" Wise's mid-April discussion of the dangerous intersection with the director of the Division of Road Operations produced an estimate that construction of an overpass could not be considered for at least five years.

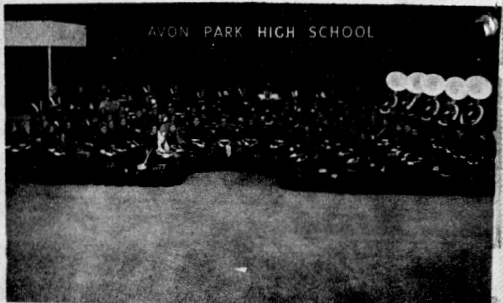

The latest letter announced that the interchange might be started as early as 1977 if the county would agree to purchase land needed for the construction project.

Charles Cullens, administrative assistant, reported that DOT estimates land acquisition costs could run as high as \$250,000.

Childes Says Refugees Must Be Helped

U. S. Sen. Lawton Childes is receiving a lot of mail from the Avon Park and Highlands County area as well as throughout the state regarding the influx of refugees from war-torn South Vietnam, the senator's press secretary Jack Fridgen told the Sun in a telephone call from Washington last week.

Fridgen said most constituents seemed concerned about the refugees taking jobs that unemployed Americans should get or of the emigrants being a burden on welfare rolls.

Before transportation of the refugees into this country began, Childes was advocating resettlement of the displaced persons in other areas of Southeast Asia in an environment more compatible with their way of life, Fridgen said.

Since that was not done and the refugees are here the senator feels we have no choice but to provide the funds to aid in their start in this country," Fridgen said.

"The senator feels that it would be a shame to turn our backs on them now after this nation has sacrificed 58,000 lives and some \$84 billion to help them achieve freedom from tyranny," he continued.

Fridgen said this country has a reputation for helping people whose lives are in danger and while Childes is dedicated to holding the line on spending he feels we must provide the means of relocating the refugees.

He said the burden would not fall on the state of Florida and localities as it did with the influx of Cuban refugees when the communists took over Cuba.

Young Highlanders To Present Musical Sunday

The Young Highlanders, Inc., a non-profit organization with manager-director Evelyn Jones, Avon Park, Fla., will present one of their groups "The Junior Highlanders" in the musical "Cool in the Furnace" by Red and Hawthorne, for the listening enjoyment of the public at 3 p.m. Sunday, May 18 at the Avon Park Middle School Auditorium.

Donations to cover expenses of the group will be 50 cents for children 12 years of age and \$1 for adults.

Directing "The Junior Highlanders" in the musical performance is Mrs. Ann McKinnas with Mrs. Evelyn Dolk, piano accompanist. They will be assisted by an instrument group of Kathy McKinnas, flute; John McKinnas, guitar; Steve May, drums; and Mark Smith on the bass.

In "Cool in the Furnace" Chuck Smith will be King Nebuchadnezzar with Lawrin Ellis playing the role of Daniel.

"The Junior Highlanders" is made up of children of elementary and middle-school age. They practice and sing together for the purpose of learning more about the performing arts and through actual experience. Now in their third year they are in great demand for program performances. This is "their

group — their thing," and financed through programming. A special thanks goes to Mrs. L. Ellis as assistant director

Highlands County

Delinquent Tax List Triples

The largest delinquent tax roll ever in the history of Highlands County is being blamed on the county's delayed 1974 tax roll coupled with so many persons moving without leaving notice of their new locations, according to W. H. Prescott, Highlands County tax collector.

The county sold certificates on 565 parcels of land last year and Prescott believes that figure will be tripled this year.

The delinquent tax list is being published in the Sebring News through May. The present figure of 2,970 delinquent parcels is expected to drop before the May 30 sale of tax certificates as final notices have been sent and payments are being made every day.

Prescott said the value of the sales as well as the volume is expected to be tripled.

"We still lack some \$300,000 over the tax roll," he said, "although there are some bankruptcy suits in progress. The sale could possibly go that high."

There is little doubt the tardy tax roll of 1974 caused the upswing in delinquent taxes, the tax collector said. Normally the second notice is sent in March, but "there wasn't time this year."

There were only 30 days in which to receive the four per cent discount, then for 13 days in March there was no discount. Starting April 1, the three per cent penalty was added.

Many of the names listed are of those who have moved without leaving forwarding addresses and could not be contacted, Prescott said.

In the published listing, the prices after each name includes the original tax plus five per cent of the cost of sale, the three per cent penalty, 15 cents for handling and the cost of advertising.

Prescott said many people do not understand how the tax certificate sale operates. They think that buying the certificate at listed price enables them to take over the property, he said. He stressed

that a two year grace is allowed before the property is transferable.

The owner can pay the delinquent taxes and charges and redeem the property at any time within the two years. The certificate is only a lien and no one can apply for a tax deed until two years from April 1.

Prescott said many persons buy tax certificates as an investment. Interest on the certificates draws five per cent if the owner redeems the property and after five months one per cent a month up to 12 per cent.

An investor can retain the property for its interest if the

owner defaults, but if nothing else has been done with it after seven years the deed is cancelled.

The tax sale will begin at 9 a.m. on the 30th, probably in the courtroom of the Highlands County Courthouse in Sebring.

Cash-Food Stamps Stolen

Approximately \$300 cash and \$100 worth of food stamps were stolen in a larceny at Phillips West End Grocery, early the afternoon of May 8.

Mrs. Lucille Phillips, who was working in the store on State Road 64, told investigators that three men entered the store about 12:45 p.m. She recognized the men as customers she had waited on other times, but she could not supply names.

Mrs. Phillips reported she left the counter where the money and stamps were kept. At that time one of the men was by the bait box and two were by the soft drink box. When she returned, the men and a cigar box containing

cash and stamps had all disappeared.

Lt. Richard Cooper and

Deputy Glenn Bass of the sheriff's department investigated the larceny.

Question: If a person feels that he or she is right in that which they believe, will not such a person be saved?

Answer: True faith is not based on a good feeling. Our feelings can and will lead us astray, if they are not harmonized with God's word. The word of God is the criterion of salvation. All feelings which are not in accord with the word of God, will lead to deception, regardless of how wonderful a person may feel.

But if we walk in the light, as He is in the light, we have fellowship one with another, and the blood of Christ His Son cleanseth us from all sin; John 1:7. To partake of Christ's salvation, a person must walk in the light as Christ is in the light. In other words we must follow Christ's example.

The religious experience of too many people is based on emotions rather than simple obedience to God's infallible word. Therefore all emotions and feelings must be subject to God's word. If they are not in harmony, then feelings are wrong and therefore should not be yielded to.

Intelligent faith as to what God will do for us touching any matter, must be gained by what God's word says concerning that point. No one can constantly hope for that which God has not promised, regardless of how a person feels.

To expect that God will do that which He has not promised to do is presumption. To have

abiding confidence in the promises of God is a genuine faith, but presumption may rest entirely on feeling or desire. Feeling therefore can not be relied on in the matter of faith.

Faith is pure belief, an abiding trust, in the promises of God, regardless of feeling. This perfect trust enables one to surmount difficulties under the most trying circumstance, even when the feelings are depressed or well-nigh crushed.

The difference between faith and feeling is illustrated in the experience of the Apostle Peter. When he saw Christ walking on the water he wanted to do likewise. Christ invited Peter to come to Him, and Peter did so at the beginning. He had faith in Christ, but when he looked at the boisterous waves, he became fearful. His faith wavered and he began to sink. His feelings of fear became greater than his faith, and consequently he began to sink.

True faith instead of feeling, is man's greatest need. People who have such a faith can stand firm under all circumstance of life. For whatever is born of God overcometh the world; and this is the victory that overcometh the world, even our faith: 1 John 5:4. But without faith it is impossible to please him: for he that cometh to God must believe that he is, and he is a rewarder of them that diligently seek him; Hebrews 11:6.

29 Degrees Awarded At SFJC Graduation

Degrees were awarded to 29 students during commencement exercises at South Florida Junior College Monday night in the college amphitheater.

Ceremonies were heralded with a flourish by trumpets played by Sue Horton and Robert Graddy. The pianist, Mrs. Sylvia Bateman of Avon Park, played for the processional of graduates, members of the district board of trustees, faculty of SFJC, the Rev. George Stulting, LaAnne Johnston and Gladys Rhoden (honorary graduates), Dean Wilford, Beumel, Dean Donald H. Farrens and Dr. William A. Stallard.

The invocation was given by Rev. Stulting, pastor of First Presbyterian Church of Sebring, after which pianist Patricia Melendreras played a selection.

Dr. Stallard welcomed everyone to the ninth annual graduation and introduced the commencement speakers — Miss Johnson of Avon Park and Mrs. Rhoden of Fort Meade — the two outstanding scholars in this year's graduating class.

Presentation of candidates for Associate of Arts degrees was made by Dean Beumel followed by conferring degrees to Rebecca Lynn Bass, Thomas Lamar Bell, Marjorie Lynn Camp, Mary Margaret

Delaney, Cathy Grantham, Susan Harris, Tracy McGuire, Heitsch, LaAnne Johnston, Rachelle Marie Marquart, Pamela Jo Melendreras, Joseph Stephen Murphy, III, Judy A. Nugent, Dennis Dean Privara, Gladys Baldwin Rhoden, William

Francis Rousseau, Jean K. Sebring, Mary Jo Schubert, Douglas Edward Stebbins, Deborah Jeanne Stevens, Neida Kay Strenth, Richard Samuel Taylor, Deborah Carole Vollbracht and Cheryl Marie Woodley.

For Associate of Science degrees was made by Dean Farrens, to Betty Ann Anderson, Joe Franklin Chaste Jr., Robert L. Gill, Carl Rodney Harn, Patrick Henry McAndrews and Lenora C. McElroy.

Rev. Stulting pronounced the benediction which was followed by the Alma Mater song by the graduates and assembly.

After the recessional, everyone enjoyed refreshments provided by the Phi Theta Kappa Scholastic Fraternity of SFJC.

Members of the graduating class are bottom row (l to r): Deborah Jeanne Stevens, Sebring; Pamela Jo Melendreras, Wauchula; Cheryl Marie Woodley, Arcadia; Judy Nugent, Sebring; and Mary Jo Schubert, Lake Placid. Second row, Gladys Baldwin Rhoden, Fort Meade; Marjorie Lynn Camp, Avon Park; Neida Kay Strenth, Avon Park; Lenora C. McElroy, Frostproof; LaAnne Johnston, Avon Park; Mary Margaret Delaney, Lake Placid; and Jean K. Sebring, Rosser, Lake Placid. Third row, Susan Harris, Lake Placid; Cathy Anita Grantham, Bowling Green; Rebecca Lynn Bass, Avon

Park; Rachelle Marie Marquart, Sebring; Deborah Carole Vollbracht, Sebring; Tracy Heitsch, Avon Park; Betty Ann Anderson, Fort Meade; and Richard Samuel Taylor, Sebring. Top row, Patrick Henry McAndrews, Frostproof; Joe Franklin Chaste Jr., Bowling Green; Joseph Stephen Murphy, III, Avon Park; William Francis Rousseau, Lake Placid; Douglas Edward Stebbins, Sebring; Dennis Dean Privara, Sebring; Carl Rodney Harn, Ona; and Thomas Lamar Bell, Wauchula.

Six Avon Park residents were awarded Associate in Arts Degrees at the annual graduation ceremonies at South Florida Junior College on May 5. They are (front row l to r) Marjorie Lynn Camp, Neida Kay

Strenth, and LaAnne Johnston, (second row) Rebecca Lynn Bass, Joseph Stephen Murphy, III, and Tracy McGuire Heitsch. Miss Johnston received her Degree Magna Cum Laude and Mr. Murphy received his Cum Laude.

BAROMETER for the FUTURE

Webster says that a barometer is an instrument measuring the weight or pressure of the atmosphere, foretelling and measuring changes of weather and altitude.

If God were to place a barometer on our lives, would we be cold, lukewarm, or on fire for the Lord. The past we can not change... the future is up to us.

"... what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all His ways, and to love Him, and to serve the Lord thy God with all thy heart and with all thy soul." ATTEND CHURCH REGULARLY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Students of Allen Duhm's fifth period Biology I class are shown watching while Paul Richardson takes a blood sample from Alphonso Williams to demonstrate how to type a person's blood during the unit at APHS last week on Health and First Aid. Alphonso is on the left in the foreground and Richardson is on the right.

Biology Class Studying First Aid And Health

The Biology Department at Avon Park High School, staffed by Ed Culbertson and Allen Duhm, has just finished a week's study of First Aid and Health with emphasis on mouth to mouth resuscitation, blood typing, heart problems and blood pressure. Guest speakers from the area spoke on four different topics during the week and films were shown one day on heart problems and blood pressure.

Grover Johnson, Emergency Medical Technician from the Highlands County Sheriff's Department Ambulance Service, spoke to the combined Biology I classes the first day of the week's unit on First Aid. Bobbi Newton, certified First Aid Instructor, brought the Highlands County Red Cross model, Resusci-Anne, the second day for actual mouth-to-mouth resuscitation practice by the students.

Mrs. Paul Richardson, Laboratory Technician from Walker Memorial Hospital,

talked to the classes the third day on blood typing and then typed each student's blood. It was the eleventh year that Mr. Richardson has given up his day off to instruct students at APHS concerning blood typing and blood diseases.

On the fourth day of the unit, two films on heart problems and blood pressure were shown to the predominately tenth grade students. Chet Garner, a student in the nursing program at Polk Junior College and an Emergency Medical Technician, closed out the unit on the fifth day with a discussion of heart problems and blood pressure. He checked the blood pressure of students in the classes at the close of his lecture.

Several follow-up First Aid films were shown the following week to finish up the unit on Health and First Aid. Mr. Culbertson expressed his appreciation to the speakers and said he felt the unit had been very successful.

Are People Supplementing Pay With Second Job?

How many people are supplementing their regular pay check with a second job? How many people are enrolled in adult educational courses or are taking vocational training? Mrs. Christine Oates and Mrs. Elizabeth Swenson will be finding out the answers to these questions in Highlands County next week, as they canvass for the U. S. Department of Commerce.

Thomas W. McWhirter, director of the Bureau of the Census Regional Office in Atlanta, announced that information on these subjects will be collected from a sample of households in this area. The questions are in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau of the Census for the U.S. Department of Labor.

Results of the monthly survey provide a continuing measure of economic conditions in the country. In March, total employment (as measured by the monthly survey of households) declined by nearly 200,000 to 83.8 million. This marked the sixth consecutive month of employment reductions, which have totaled 2.6 million since

last September. Households in this survey are among the 50,000 nationwide that have been scientifically selected to represent a cross section of all U. S. households. All information they supply is held confidential by law and is used only to compile statistical totals.

Accident Rate Takes Dip

The accident rate in Highlands County dipped to a 1975 low the week of May 5-11. During that week Florida Highway Patrol investigated only five accidents.

Seven persons were injured, but no fatalities were recorded.

The FHP troopers arrested two drivers for driving while intoxicated, 30 for speeding, 12 for other infractions. An even dozen truckers were issued tickets last week.

1. Card of Thanks

I WOULD like to give a personal thank you to the men in the Sheriff's ambulance who drove my husband Harold Goerke from Highlands General Hospital to Lakeview Memorial Hospital, for such an outstanding staff, and especially Dr. Brown. A sincere thanks to Dr. and Mrs. Brooks, Dr. Park, Dr. Bahar and Dr. Sanguly of Sebring, Florida for their untiring efforts on his behalf. Mrs. Goerke.

The family of Ethel Anderson would like to express appreciation to friends for cards, food, flowers, prayers and other acts of kindness. Special thanks to Doctors Ostling and Carmichael and the staff of Walker Memorial during the illness and death of our loved one, Francis Anderson. Charles Anderson and Marie LaFlam and family.

Seeing habits are important
to a driver. He should look
far enough out in front of the
vehicle to observe potentially
dangerous situations. At
night, if traveling at a high
rate of speed, you can outrun
your headlights.

War On Fleas And Ticks Declared

Hate to see your pet bothered
by annoying fleas and
ticks? Hartz Mountain, maker
of fine pet products, is coming
to the rescue with the
effective new Hartz "2-in-1"
collar for dogs, puppies and cats.

Tested for five years in all
climatic conditions, the "2-in-1"
collar has been proven re-
markably effective against all
life forms of fleas. In addition,
the collar offers protection
against the three major
groups of ticks which attach
themselves to pets.

This new Boeing 747B in the colors of Air Canada set a new world distance record for wide-body aircraft recently, flying nonstop from Seattle, Washington, to Amman, Jordan. The 8,369 statute miles were covered in 14 hours 24 minutes. The jetliner, a "Combi" version of the superjet, was enroute for a Boeing sales tour of 10 Middle East and North Africa countries during which it flew 28,429 miles. The Combi (for Combination) features a cargo door on the left side and can be operated with half-passenger/half-cargo arrangements to give airlines an airplane to match changing traffic volumes. The 747, the most widely sold wide-body jetliner, is presently operated by 40 of the world's leading airlines.
