Heavy Smog Causes School Bus Accident

Three traffic accidents Monday morning, one including an Avon Park school bus, were reported by the Highway Patrol as being caused by the heavy dense muck smoke that blanketed the Bombing Range Road between Dressels Dairy and the track route and portions of Highway 17 and extended across Highway 27.

Heavy fog and smoke blanketed some roads so completely shrouding Winthrop Road that two and a half miles east of Avon Park an almost empty school bus collided with a fruit trailer.

The empty trailer, owned by Chain of Lakes, Inc. of Winter Haven, had been parked on the wrong side of the road, part of it still on the roadway.

The bus, driven by Willie Williams of Avon Park, had only four passengers — one first grader and three third graders — at the time of the accident at 7 a.m. The driver and students were taken to Walker Memorial Hospital and

released after examinations had determined there were no injuries.

Damage to the 1974 model bus is estimated at \$3,000. The accident was investigated by Florida Highway Patrol Trooper C. B. Wells. No charges have been filed.

At several points Highway Patrolmen and the Sheriff's Department Deputies set up road blocks to stop traffic from proceeding through the extremely low visibility smog.

The acid smoke originated from muck fires burning in swampland owned by Ben Hill Griffin, Inc., and Minute Maid

Groves. The Griffin muck fires south of the Old Bombing Range Road were started on May 8 when two pre-school age children were playing with matches while the Minute Maid fires starting on May 14 were reported to have started in the center of a 500 or more acre swampy tract between the Old Bombing Range Road and the Oak Island Road. Land owners, Ray Bennett and Joe Franza, adjoining this tract successfully put out the fires that spread onto their property.

The Forestry Service according to Ed Conrad Jr. had (please turn to page 2)

Thief Steals Belted Tires

Len Patterson, station

attendant, reported the theft to police at the end of the day. The tires disappeared sometime during a 12-hour period the station was open.

Police officers are continuing investigation into the accident.

Appeals For Help In Celebration

Help! Help! Help! celebrate our country's 200th birthday. Mrs. T. H. Maxwell, Chairman of the Bicentennial Committee for Avon Park, has called a meeting to plan for a year's activities in Avon Park.

She has mailed letters to people and is making this public invitation to anyone who is interested and patriotic, to attend a meeting Tuesday, June 3 at the city hall at 7:30 p.m. to make plans for an overall patriotic observance in the city.

Mrs. Maxwell stresses the fact that everyone should become involved in showing a deeper appreciation for our country's heritage.

New officers will be installed on the final evening with Miami Fire Chief Don Hickman as speaker. Entertainment will follow with Mom and the Boys and the Jolly Dollys from Rainbow Lakes Estates.

Lake Isis Residents

Object To Sewer Plans

Residents of the Lake Isis area met with the city council and Dawkins and Associates engineers in two special meetings over the proposed locations of the sewer lines and the pumping station at Lake Isis because plans called for part of the sewer line to be placed between the houses and the shore line of the lake along with the pumping station being close to the lake.

As a group the Lake Isis residents disapproved of the location of the sewer lines and of the pumping station with their main concern being the possible pollution of the lake in the event that something should happen to either the lines or the pumping station.

The design and operation of the pumping station was explained by engineers along with the safe guards to prevent the overflow of sewage into the lake. The station would have a pump capable of handling any peak load with a second standby pump. In the case of a power failure a portable generator could be plugged into the control panel for pump operation.

Should both pumps fail there is a built in high water alarm of a light and an audible signal that could be heard by nearby residents. At this point there would also be four hours water storage capacity in the system.

HAVE YOU GONE by Avon Elementary School lately? If not... stop by and see all the improvements Thomas Holmes, plant supervisor, has made. Remember how bare the school looked, no plants just a bunch of sand spurs. Now, almost all of the sand spurs beds are gone and have been replaced by flower gardens. Thanks to Tom we can be

proud of the way our Elementary School looks. If you were a student there 17 or even 5 years ago and remember the bare grounds, you're in for a big surprise. You are looking down the long corridor of the school which is teaching approximately 550 students this year. Photo — Cornell.

mean placing the sewer line approximately 21 feet deep at an increased cost of \$17,000.

City Attorney Jack Hancock pointed out to the area residents that if they wished they could decide not to have the sewer collecting line for their area but the pump station would remain as it was the collecting point for other parts of Avon Park, thus the danger would still exist.

Dawkins had designed sewer systems in nine cities and have had very few people with pumping stations with most of these problems caused by poor supervision and maintenance.

Councilmen stressed that reliable men would be selected for duty on the pump stations. But it was also pointed out that the help of local people in the area of the pump stations would be needed to report any malfunction they may notice at the pumping station.

Police Checking Speedsters

Particularly because of an increase in the number of cars passing through school zones at excessive speeds above the posted speed limits Mayor Marshall Davis and Police Chief Grady Campbell have started what they call a crackdown on speeders by enforcing posted speed limits in Avon Park.

Their chief weapon will not be the pursuing patrol car but an activated electronic impulses bounce back from the car to the speedgun and are converted

into miles per hour rate of speed figures which register on a screen similar to that of an electronic calculator.

This toy-like appearing speedgun gives six speed readings per second and registers an immediate change in speed whether increasing or decreasing speed.

Thief Gets Exercise But No Money

A would-be thief gained little but exercise in an attempted larceny at L & L Grocery, west of Avon Park on Route 64. Keith L. Sanders was working on the store's safe when a man approached the open safe and grabbed a money bag.

When the man realized he had an empty bag in hand, he threw the bag to the floor and departed.

Deputy Jerry Carter of the sheriff's office made a search in the area but was unable to come up with any clues about the identity or location of the short-changed larcenist.

Tell Of Fear, Horror In Homeland

By NORMA GOBBLE
Imagine, if you can, being 20 or 25 years old and never knowing anything but war around you throughout the entire country. Think how it would be with a Communist takeover, enduring thirst, hunger and death all around trying to escape the tyranny and oppression and possible death at the hands of a triumphant Communist enemy.

Imagine the fear for family and loved ones left behind to face possible reprisal for your own escape and not being able to communicate with them to learn if they are safe or dead. And, if it happened in this country, where would you escape to? In this nation, the last bulwark of freedom and liberty, war is still a far off remote possibility even though we have watched our men go to fight in distant lands some of them never to return.

"We've never known peace in our country. We've always been at war," pretty, petite Nho Nguyen, a 20-year-old expectant mother who grew up in Vietnam as the Communists took over the country, said at Walker Memorial Hospital in Avon Park Monday.

She told of an arduous trip by boat from Da Nang to join other fleeing Vietnamese in a journey to this country and freedom. "We were so thirsty and hungry and children were dying all around us," she said in halting but understandable English.

Nho, who worked at the Saigon Adventist Hospital, said babies were born on the boat without aid of medical supplies and most of them died. Other, older children, unable to tolerate the extreme hardship succumbed to hunger and disease.

Nho's husband, Phong, was a senior high school teacher in Da Nang. With the help of American doctors at the hospital, Nho made her way to Da Nang to join her husband where they proceeded on a

tortuous journey to freedom. They left behind both sets of parents, Nho's two brothers and one sister, and Phong's three brothers and one sister to an unknown fate.

The Nguyens feel safe here in this country but they live daily

with the awful fear for their families' safety.

The Nguyens plan to stay in Avon Park permanently. Of the 14 refugees originally brought to Avon Park, they are the only two definitely planning a permanent stay here. Five

other adults and seven children have or will return to Loma Linda University Medical Center, Loma Linda, Calif. for training before being placed in hospitals across the country. Some may return to Walker Memorial, but as Walker Memorial Chaplain Harry Bennett said, "They are free to settle where they wish."

The university at Loma Linda has developed a three-month crash course for the refugees with intensive English and medical studies to enable the Vietnamese to pass state boards and qualify for registration as nurses and medical technicians.

Nho is working in the hospital here while her husband is working on the hospital grounds. The couple expects their first child in October.

Nho said "the poor people don't get out of the country." She said those with money were able to buy passage out before the Communist takeover. Some like her and her husband were helped by Americans. "The doctors helped us get out," she said.

Nho said some of the South Vietnamese people believe in the Communist cause but thinks the majority of the people will rebel against the oppressors.

"We think there will be another war," Nho declared. The Nguyens can't remember a time when their country was not at war.

"We would like to see our country at peace one time before we die," Nho said sadly.

She spoke of how helpful people here in Avon Park have been. The couple has been in this country one month, most at Avon Park for two weeks. "The people have helped us so much," she said.

Both the Nguyens are Seventh Day Adventists and were found in the hospital chapel in meditation, perhaps praying for the realization of that dream of seeing their country at peace.

"We hope to go home some day," Nho said.

Vietnamese refugees Phong and Nho Nguyen sit in the chapel at Walker Memorial Hospital where they have found refuge from their war-torn homeland. The couple, 25 and 20, respectively, have never known a time their country was not at war. They expect their first child in October. The couple dreams of going home to a country at peace some day. "We would like to see our country at peace one time before we die," Nho said sadly. Photo-Gobble.

Williams Draws Five Year Prison Term

A five-year prison term has been imposed on Alfred Alexander Williams. The 23-year-old Avon Park man was adjudged guilty of robbery in connection with theft of approximately \$753 from Nioey's grocery.

Williams and a companion, who is still at large, entered the

store; one held a clerk while the money was taken. Later the same day — Nov. 28, 1974 — Williams was arrested and booked for the robbery. This was the first felony charge against Williams.

In imposing sentence Judge Clinton Kelly gave credit for 150 days in jail already served.

Library Announces Summer Activities

Mrs. R. D. Moore, Avon Park City Librarian, has announced the summer schedule of activities for young people at the library. There will be a Summer Film Festival for school-age children beginning June 11th. Every Wednesday afternoon at 2:00 p.m. there will be an hour of films — FREE OF CHARGE — presented at the City Library, 116 E. Main Street.

These movies have been chosen from a list of outstanding films for children and are presented with the support of the Avon Park "Friends of the Library." There will be refreshments served after the film and all school-age children are invited to attend this program which will continue throughout the summer months.

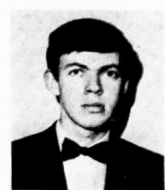

There will be a Summer Reading Club entitled RAZZLE DAZZLE READING CIRCUS which will be open to all children who can read. Children may sign up for the Club as soon as school is out simply by coming to the library and receiving a reading record card and placing their names on the roster.

"This is an individualized reading program," said Mrs. Moore. "The children read books of their choice at their own speed and we sit down and talk about each book when they return to the library." A record is kept of the books each child reads during the summer and the young people receive puzzles, pins, certificates, etc. during the summer to help make the club entertaining and enjoyable.

"This is not a contest of any sort," continued Mrs. Moore. "We are not interested in the number of books a child reads, we are simply interested in encouraging them to read and we hope to make it fun for them."

Calvin's Column

By
CALVIN GIBBS

6A The Avon Park Sun, Avon Park, Fla., May 29, 1975

Hi Friends:
In light of the highlights of June, which include Father's Day, Children's Day, Flag Day, graduation, mass weddings, and the beginning of summer, I offer the following original poem, which I consider simple but appropriate.

JUNE

June, the sixth month of the year,
Is when we honor Father Dear,
Children who love to run and play
Are also given a special day.
The right time for a familiar tune,
To usher in the bride and groom,
Also time to strike up the band,
To the tune of "Pomp and Circumstance!"

Summer roses, ending never, "Stars and Stripes" play on "Forever."
Observation or comment: (Calvin Gibbs)
I breathed a sigh of relief in our rescue of the Mayaguez, and its crew. I trust and have no reason to doubt that the American people were given anything less than the truth about this ship and its mission.

God forbid deliberate false reporting to the American people as was later implied in connection with the Pueblo and Tonkin incident.

She also coached one year of basketball and two years of tennis in Wilmington. Judy has lived in Sebring since 1971 and has taught at A.P.M.S. since February, 1972. Currently, she's a student in Advanced Transactional Analysis. (Added note) I, Calvin Gibbs, have worked with Mrs. Banta one year, and have found her a delightful person, with whom to work. Neurology: Daisy M. Speakman and family wish to express their sincere appreciation for courtesies during the bereavement of Daisy's father, the late R. J. Robinson, who was eulogized Wednesday, May 21, at 3:00 p.m. at Bethesda Baptist Church.

Thought of the Week: "Perhaps you have a problem which has baffled you. Try allowing this text to permeate your mind until it becomes a dominating conception, and it will do some important things for you."

That will make you understand that there is an answer to every problem, and that God is thinking along with you, and if you put every problem in God's hands, and ask him to give you the right answer, your decisions will turn out right." That shall guide me with Thy counsel and afterward receive me to glory. Psalm 73:24.

THE BIBLE QUESTION BOX

Pastor A. W. Ortnor

For Bible Answer To Bible Questions Write To: Pastor A. W. Ortnor, R. 2 Box X405, Avon Park, Florida 33825

Question: Does science disprove the Bible?

Answer: True science is based on verified facts. The science which contradicts the Bible is speculative in nature. The most popular of these speculative theories is evolution.

Despite all claims, evolution is still a hypothesis which is not verified by scientific research. It is unfortunate that evolution is taught as being truth in our educational system.

Mechanistic evolution holds that all living forms in the world, plant and animal, including man, are descendants of one or a few simple organisms, which in turn arose by chance from non-living matter. It is held that the present level of development has been accomplished by the cumulative effect of small changes from generation to generation over a vast period of time, possibly 2 billion years or more.

The position that life began by chance or by spontaneous generation, is not verified by scientific evidence. Some time ago there was much excitement relative to claims that scientists had discovered the secret of life.

However, the fact remains that scientists have not been able to create life, but have made real progress in the study of life. According to Joshua Lederberg, of Stanford University, life requires at least seven substances:

1. Deoxyribonucleic acid (DNA); 2. Four nitrogenous bases in abundance; 3. DNA polymerase; 4. Ribulose phosphate; 5. RNA polymerase; 6. A supply of 20 aminoacyl nucleotides; 7. Aminoacyl-RNA polymerase.

The only one of these seven which scientists have synthesized is the first (DNA).

Scientist did not create this DNA molecule, they merely synthesized it. So far man has only copied the existing living DNA molecule. The scriptures declare that God is the creator of all life. There is no scientific evidence which nullifies this truth.

True science has certainly accomplished many wonderful things, which have brought great blessings to mankind. However, science falsely so called has destroyed the faith of many people. The story of creation as recorded in the Bible is but an old fable according to these scientists.

However, there are many eminent scientists who believe that God did create all things.

The Bible predicts that in the last days there would be much scoffing regarding the teachings of the Bible. Preach

Nazarenes Hold Daylong Anniversary Celebration

The first Church of the Nazarenes celebrated its 50th Anniversary this past Sunday, May 25th. Rev. Byron E. F. Schortinghouse was host Pastor to seven returning ministers, and many guests from out of town who attended Avon Park First Church in years past.

Former pastors who attended were Rev. L. C. Poe of Zephyr Hills, Fla.; Rev. N. M. Israelson, of Orlando, Fla.; Rev. Joseph D. Benson, of Sebring; Rev. W. Earl Spurlock, of Avon Park; Rev. Walter C. Mann, of Swainsboro, Ga.; and Rev. Paul J. Trissel, of West Palm Beach, Fla. Mrs. Griffin, wife of the late Rev. W. W. Gillett, former Pastor, was also present. Mr. John Lighty represented his father, Rev. James Lighty, of Avon Park. The guest ministers each had a part in the services of the day.

The District Superintendent of the Southern Florida Church of the Nazarene, Rev. Robert H. Spear, Jr., also attended the anniversary celebrations. His father, Rev. Robert H. Spear, Sr., pastored this church in 1928 and 1929.

The Mayor of Avon Park, the Honorable Marshall Davis, was present in the afternoon service. He extended best wishes to the membership, and brought greetings from the City of Avon Park.

A dinner-on-the-grounds was

served after the morning service in the Annex and under a large tent. Guests were served fried chicken, hot potatoes, beans, corn, tossed salad, iced tea, coffee and dessert furnished by the church families.

The church was decorated with golden flowers and candles, and each of the former pastors was presented a golden boutonniere. The host pastor's wife, Mrs. Sunnie Schortinghouse, was presented a golden corsage.

The Pastor and church members would like to extend their appreciation to all who had a part in this special day: Mrs. Miriam Filippa, Co-ordinator; Rev. W. Earl Spurlock and the Historical Committee; Mr. John Lighty and the Music Committee; Mr. Bob Germaine and the Usher Committee; Mrs. Nancy Scott and the Accommodations Committee; Mrs. Yvonne Germaine and the Dinner Committee; Mrs. Pauline Jackson, "Old-Fashioned Day" Chairman; our Parking Attendants, Darrell Scott and Allen Spurlock; our Nurse Chairman, Mrs. Geraldine Bailey, and to all our guests and friends who came to help us celebrate our 50th year in Avon Park.

Hospital

Has Disaster Drill

Walker Memorial Hospital participated in a Highlands County Emergency preparedness exercise on May 14, 1975, coordinated by Mr. John E. Buchanan of the State Division of Disaster Preparedness out of the Jupiter, Florida, office. The following emergency agencies in the county participated in the exercise: Sheriff's Department, Sebring Fire Department, Civil Defense, Florida Highway Patrol, Cottrell Nursing Home, Hillcrest Nursing Home, Citizens Hand Club, Highlands General Hospital, and Walker Memorial.

This disaster drill was centered around a 5 p.m. tornado strike in the vicinity of the old Sebring City Barn. Over thirty victims had been made up with various injuries that could normally occur in a similar tornado strike. The "victims" were volunteers from the Sebring High School.

These victims were transported from the disaster scene to various medical institutions by the Highlands County ambulance for emergency care. Walker Memorial Hospital received 14 victims of which two were

Pink Ladies Purchase Hospital Paging System

The Auxiliary (Pink Ladies) of Walker Memorial Hospital has recently purchased a Motorola radio pager system for the use of the hospital.

possible for the hospital to maintain constant contact with key administrative employees, all on call personnel, and the physicians that have purchased the pagecom pagers.

If the on call surgery crew or a physician is needed in an emergency they can be "beeped" instantly. The "beep" includes a distinctive tone as well as a voice message such as "Report to the hospital immediately."

These pagers operate within a 30 to 35 mile radius of the hospital. This operating radio makes it possible for the

individuals using the beeper to do various things while on call such as, shopping, recreation, attend various meetings, etc. yet they are in immediate contact with the hospital in case of an emergency.

The system consists of a 110 watt transmitter encoder, 100 watt transmitting tower and 20 pagercom pagers. The total cost was \$7,322.00.

This purchase is another indication of the outstanding contribution the Auxiliary makes to the operation of Walker Memorial Hospital.

MADE UP TO resemble a May 14, 5:00 p.m. tornado casualty this victim receives emergency treatment at Walker Memorial

Hospital as part of the Highlands County Emergency preparedness day exercises.

Hospital employees were called in to augment the on duty personnel.

Walker Memorial received notification at 5:30 p.m. from the Highlands County Sheriff's Department that a disaster had occurred and the first ambulance arrived at 5:47 p.m. with the last ambulance arriving at 6:42 p.m. The first physician was on the scene at 5:34 p.m. with additional physicians arriving momentarily with the last physician arriving at 6:21 p.m. After the disaster exercise was completed, all participants went to the hospital dining room for refreshments and a critique.

To Place Centennial Flag In Shadow Box

The American Legion Auxiliary Unit held its regular meeting Tuesday, May 20, with President Minnie Eisenmenger presiding.

Huby Heim gave out to all members 74-75 Constitution and By-Laws. Then members stood in silence for one minute in honor of the dead.

President Minnie and Chaplain Clara Teppert attended a conference in Venice. The Centennial Flag was shown and will be placed in a shadow box.

Girl's Staters Stephanie Taylor of Sebring and Tara Young of Avon Park attended a picnic and meeting in Bradenton Saturday, May 17. This was to give the girls a general idea of what they will be doing during their week stay at the Capital starting June 20.

Grace Honey reported that

the Old Settlers will work with the schools for a permanent Centennial marker.

Minnie was elected delegate to Convention with Huby and Clara. Alternates will be appointed later.

Margaret Stewart read from the National Legislative Bulletin and asked all who believed in the use of the Bible when desired, to send a letter to Manned Space Center to allow astronauts to read the Bible as they choose.

The Legion presented the Auxiliary with a \$100 check for the Girl's State.

Hospital Report

Connie Kehoe, Edna Williams and Charlotte Dickson are all in Walker Memorial Hospital this week.

News from our northern friends.

Wm. and Stella Moon write that they enjoyed a few days in the Smokies on their way north but found them very crowded. When they reached home they had guests from California.

Stella says she is planning a

trip to Bermuda this summer with friends.

Harry and Dorothy Wilde had a nice visit with son in Hicksville, Ohio where they will remain until business there is settled and then return to their home in Wisconsin.

The Blaine Kerns have their grandsons, P.C. Robert Wallace from Ft. Benning, Ga., with them over holiday weekend.

A letter to the club from Mary and Russell Smith from Tiro, Ohio, tell how much they enjoy the club news and that they miss all their Avon Park friends. They spent this winter in Ohio. On June 22 they will celebrate their fiftieth wedding anniversary at the Crouse Memorial Lutheran Church and would be happy to have any of the Guest Club friends who might be in that vicinity join them.

The club extends their sympathy to the family of Errol Alexander, who passed away May 15, in Cumberland, Ky.

GOD'S WILL

The greatest commandment is that we should love our God. This is a free choice that man has, but it is God's desire that all would seek Him. He is our heavenly Father, and desires only the best for us.

ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Runners Club Sponsors Race For Beginners

Three members of the Highlands Runners Club turned in good performances in races in Lakeland and St. Petersburg recently. In a five mile race in Lakeland on May 11, Chet Brojek, Red Devil track coach, captured top spot in the 30-39 age group. His 30:36 effort brought home the only trophy of the day for the area runners.

The 20-29 age group runner saw Jesus Garcia of Sebring come in fourth in 31:30 and Joe Baker, coach at Avon Park Middle School, take fifth place with a 32:36 time.

The three club members traveled to St. Petersburg for the third annual Bay to Bay run. The race covered the distance from Boca Ceiga Bay to the Tampa Pier area on Tampa Bay. The race drew over 170 runners for its third annual Memorial Day run.

Brojek again led Highlands Runners' Club finishers with a third place finish in the 30-39 age group with a time of 46:29 for the 7 1/2 mile course. His time was good for 33rd overall out of the 170 runners.

Fellow club members Joe Baker took high honors in the 20-29 age group with his 48:22 time good for 52nd place overall. Jesus Garcia rounded out the club finishers with a 49:54 effort for 69th place overall.

Brojek brought home his second trophy of recent weeks with his third place age group finish.

The next race sponsored by the club will be held on

Saturday, June 7, at 9:00 o'clock in the morning and will cover three miles. Brojek is also planning a novice mile run for boys and girls who may be just starting out on a running career. Members of Avon Park's Red Devil Cross Country team will be taking part in the summer meets on an individual basis.

Awards for the Highlands Runners Club meet in the three mile run will be a trophy for first place and ribbons to the second and third place finishers in each group. Age groups will be: boys, 12 and under, 13-20, 21-35, and 36 and over.

Girls divisions will be open and there will be a novice mile for boys and a novice mile for girls. The club plans races in July and August and dates for these races will be announced soon. Why not come out and try your hand at a Run For Fun?

Bass Case Headed For County Court

Deposed county commissioner Mel Bass will be arraigned in county court June 9 on a driving while intoxicated charge.

Bass had been scheduled to go to trial May 21, but Avon Park City Judge David Lanier granted a defense motion for transfer to court.

The petition for change included a request for trial by jury. Assistant State Attorney Al Smith said the next session of jury trials for county court is scheduled for July.

The petition for transfer was filed with the Avon Park city court by Jack Brandon of a well-known Lake Wales law firm, Woolfolk, Myers, Curtis, Craig and Crews.

Bass was arrested by Avon Park police on March 7, 1975, and booked for dwi. Bass has two dwi convictions against him in county court and has served a jail sentence in connection with these charges.

In 1972 Bass was elected county commissioner from District 1. As his troubles with dwi charges mounted, Bass was suspended from office. For more than a year he has been fighting that suspension.

Resolution To Limit Corps Of Engineer

In a follow-up move from their last regular meeting the Avon Park City Council passed a resolution opposing the extension of the U.S. Corps of

President Wendell William's statement that we keep the authority local over our lakes, streams and bodies of water met with the approval of all council members.

Engineers control over waterways and local bodies of water citing the destruction of the Kissimmee River as an example of their workmanship.

The council moved to accept the resolution and send copies to Congressmen in Washington and to representatives in Tallahassee. Copies were also to be sent to all member cities in the Ridge League of Municipalities.

It was also suggested that each councilman write to both Washington and Tallahassee representatives. Council

The Lions were in fourth place with a 4-3 record at the end of the first half and then three teams were tied for fifth place. First Baptist, Johnson's Sports Center and Kiwanis all had 3-4 records and Avon Citrus Bank finished out the standings with an 0-7 mark.

Gerald Jones and Tommy Hips learned up to toss a one-hitter at Rotary but also had control problems walking a total of 15 during the six inning game. Only Dennis Barefield, Rotary first baseman, got a hit in the entire game and it was a single in the third frame.

Lions 5 Bagwell's 3
The Lions jumped on three Bagwell pitchers for three singles and took advantage of four walks to score five runs and upset Bagwell Lumber 5-2 on Tuesday of last week. Pitchers George Wyche and Ronnie Barnes held the Bagwell batters to just two singles by Greg Jackson and James Crum as they took the big win.

Stephen Antley, George Wyche and Ronnie Barnes all got a single each off Bagwell's pitchers. Good defensive play by the Lions held the Bagwell team in check during the six inning game.

First Baptist 6
Avon Citrus Bank 2
Greg McDonnell, Bank pitcher, held the Baptist batters to five hits and struck out ten batters but First Baptist took the 5-2 win anyway. Jim Marcum was the winning pitcher going all the way for Baptist. He gave up seven hits and also struck out ten batters.

Ricky Johnson hit two doubles, Dwight Duboise had two singles and Rich Macklin, Dennis Myers and Greg McDonnell all had a single for the losing Bank team. Robbie Kopp hit a double and a single for Baptist. Walton Touchton hit a double and Troy Brown and Jim Marcum had a single each for the winning Baptist team.

I. H. Ford Motor 12
Rotary 9

In a game that started last Thursday night and ended up last Saturday night, Ford defeated Rotary 12-9 to earn a spot in the three way tie for first place in the league. At the end of six innings of play and with the hour and a half time limit up, the two teams were tied up 8-8 last Thursday night. The game was to be finished up Saturday at 6:00 p.m.

Ford had led Rotary 8-0 going into the bottom of the fifth inning when Rotary scored one run. Then the Rotary team came back in the bottom of the sixth and scored seven more runs to tie the game up 8-8. In the seventh inning no runs were scored although Dwayne Council singled for Rotary.

In the top of the eighth inning, Ford pushed over four runs on a double by Darwin Ford and a single by Scott Edwards. Rotary scored one run in the bottom of the eighth frame but the game ended with the score 12-9 in favor of Ford.

Getting hits for Ford were Bobby Williams and Jeff Caldwell with a double each in addition to Darwin Ford's double and single. David Bennett, Tim Skelton, Kevin Caldwell and Greg Kelley all had a single along with Scott Edwards for Ford's nine hits off four Rotary pitchers.

Getting hits for Rotary were Dwayne Council and Dennis Barefield with two singles each and Tony Moore, Jack Thomas and Alvin Hardy with a single each. Greg Kelley and Todd Bennett pitched for Ford. In spite of the loss, Rotary pitchers combined to strike out 19 Ford batters.

Kiwanis 10
Johnson's Sports Center 4
Kiwanis scored 10 runs on four hits last Thursday night to take Johnson's 10-4. Tommy Hips, Gerald Jones and Bradley Bent all doubled and Randy Hudson hit a single in the winning effort off Johnson pitcher Darryl Watford.

SPECIAL GUESTS AT the Avon Park High School Grenadier Band Banquet were James Huey (left) and Gilbert Graham (right) who paused with Band Director Vic Mickunas in front of one of the wall

Mini-Bagpipe Band

Selects Tartan For Kilts

Since the start of the Mini-bagpipe Band several months ago Gilbert Graham and James Huey of Dunedin have been coming to Avon Park High School every two weeks to

work with the Grenadier Mini-bagpipe Band members as they continue practicing for their first appearance next fall.

In their last visit James Huey brought along swatches and materials from which the band member's kilts or kilties could be made. To help in selecting the tartan or particular plaid material for the kilts the colors were compared with those of the Grenadier Band uniforms and it was decided to use the McDuff dress tartan. It was felt that the colors of the McDuff dress tartan and the kilts will be a real surprise for football and band fans when the Mini-bagpipe Band comes out on the football field with the Grenadier Marching Band during the halftime shows.

As guests at the Grenadier Band Banquet, Graham and Huey expressed admiration for the organization, discipline and closeness of the band members. The Mini-bagpipe Band will have a drum major, five bagpipers, two snare drums, along with a tenor and bass drum. All of the players in the Mini-band will wear the kilts. Since the McDuff tartan has to come from Scotland it will be several weeks before the material will be available for making into the kilts at Dunedin. Band parents and donors, who made it financially possible to have the Mini-band bagpipe band will be the first to see the uniformed bagpipe band in action during the latter part of August.

Ball Park Complex

Council Hears Of Work

Due to the illness of Ball Park Complex committee chairman Durrah Martin, Council President Wendell Williams told the city council that Virgil Sizemore had been appointed temporary chairman of the committee. John Ziegler was also

appointed as a member of the committee.

The council was informed of the progress on the ball park complex - How Roy Bennett using a county bulldozer had cleared the land, Coach Ronnie Jackson with a number of helpers had picked up roots

and trash. While over the Memorial Day weekend Roy and Jackie Bennett had reshaped and graded the land on their own time.

Pipe has arrived for starting work on the installation of the irrigation system. The first construction to be done will be the placing of an electric service pole so lights will be available for much of the volunteer work that will take place at night in the building and completion of the ball park facilities.

Residents of the nearby mobile who were concerned about the removal of all the trees from the ball park will find a new look about the ball park when the trees are planted in certain designated areas for the landscaping of the complex.

Lake Verona Beach Safer

Grading and reshaping of the Lake Verona swimming beach at Donaldson Park has served a two fold purpose for swimmers and their families, that of safety and beautification.

The cutting of grass and brush along the Main Street bank of Lake Verona was requested by the beautification committee of the Chamber of Commerce at the Avon Park City Council meeting of April 28.

City employees quickly mowed the grass and some of the brush with power mowers. The city plans to mow additional grass and weed areas around the lake. In the past the city has mowed homeowners lots around the lake for a charge. According to Mayor Marshall Davis the city will continue this practice with home owners paying for the mowing service.

Smitherman

On Probation

A former Highlands County resident has been placed on probation for unauthorized use of a motor vehicle. Franklin Smitherman, 20, was taken into custody in Jackson County on Jan. 5 and charged with theft of a truck belonging to his former employer, G.C. Hall.

In circuit here the charge was reduced to a misdemeanor charge and Smitherman placed on probation for two years.

SAFETY OF THE smaller swimmers was uppermost in mind when city employee Jack Elder started pushing this little hump between the picnic tables and the waters

edge. With the low water level parents stated they could not see the smaller children in the water while they were busy at the picnic tables. Photo-Miller.

Restitution

An Avon Park man charged with breaking and entering and grand larceny has been placed on probation for two years and ordered to make restitution. Richard E. Walizer Jr., 20, was one of three persons accused in a burglary which involved theft of some guns. The stolen firearms included some antique pieces and a partial recovery has been made.

Circuit Judge Clifton Kelly directed that Walizer is to make restitution of \$650, payable at the rate of \$50 per month.

Youth Draws Sentence For Robbery

An 18-year-old youth has been sentenced to prison for his part in a strong-arm robbery at the L & L grocery on SR 64 west of Avon Park.

Bruce Gravley of Eastman, Ga., had been arrested Dec. 31, 1974, charged with participating in a robbery on Dec. 30. Rufus Cook told investigators two men had hit him on the head and stolen his wallet.

When Gravley appeared in circuit court for sentencing, Judge Clifton Kelly imposed a state prison sentence for six months to five years with credit for 126 days served.

We here at Walker Memorial are dedicated to saving lives and restoring health. In this process we see much needless suffering. Fortunately we also see much happiness. You can avoid most illness and minimize the need for hospitalization by treating your body for what it is — a living temple of God... Don't endanger or dishonor it by harmful drugs or harmful habits. Cigarette smoking is not only hazardous to your health but only slightly less hazardous to the health of those around you. For each of you we wish a long, happy, healthy life...
