Veteran's Day Ceremonies

Freedom Has Meaning

"These are strange times with strange sights and strange things happening," Robert F. Culpepper told the audience assembled at the Bandstand on the Mall for the Veterans Day Ceremonies at 11:00 a.m. Tuesday, Nov. 11.

A member of the American Legion Post at Jupiter, Fla., Culpepper is a member of the Palm Beach County Board of County Commissioners. He spoke of the great past of the United States and of the greater future we could have. The fruits of freedom that we enjoy are the results of our forefathers' planning well. Culpepper urged his listeners not to take your liberties for

granted. The seeds of freedom must be continually sowed for "whatsoever a man soweth, that shall he reap."

To Culpepper the word "Freedom" had a special meaning for our country. "F" he stated stands for Faith. Our nation was founded on faith. Faith and spirit go hand in hand and spirit is liberty.

"R" is for Responsibility. If we are to remain free we must accept personal and social responsibility for our acts. It is a two way street and we must plant the seeds of responsibility in our children. The first "E" is for

Education. That the people know all the issues on the national level before making decisions. Culpepper referred to Thomas Jefferson's saying there is no safe depository for democracy but the people.

"D" stands for Dedication. Our nation was founded by dedicated people who gave their time, their sweat, their blood and their lives. Be true to your heritage, to those who gave their last full measure for their country.

"O" is for Opportunity. The opportunity for a man being born in a log cabin to become the president of the White

House as resident of the United States.

The last letter "M" is for Morality. America was settled by good men and justice, integrity and morality go hand in hand.

In referring to Johnny Appleseed Culpepper told how Johnny carried two things with him—appleseeds and the Bible.

For Johnny Appleseed's real name was Rev. John Chapman and as he carried and planted appleseeds in new territory he also carried a religious faith to the frontier people. These are a symbol what we can do for freedom—

Increased Student Enrollment May Offset Proposed 3% State Cutback

Ah, there was "good news tonight" when Highlands County School Board members met Tuesday. After more than a year of financial cutbacks and major disappointments, things seem to be going their way lately.

There will be no increase in school lunch prices on the horizon, and commodities received recently include formerly scarce butter and some meat that is not... repeat, not... turkey.

Item: Where the board had to beg for bidders on food services only a short time ago, there were 11... count them... 11 bidders on food products this school year.

More, overall prices on the canned vegetables, fruit and some meats are cheaper than last year, according to Mrs. Zorétha Blending, director of Food Services.

Item: An ominous entry on the agenda... "Adoption of corrected salary schedule of administrative and instructional personnel" turned out to be a simple category correction and involved no change in monies expended.

Item: The Week Evolution program "locked in" thanks to Mrs. Jean Douglass, who was able through the Department of Corrections to purchase special equipment from the Avon Park Correctional Institute.

But the most important news of the evening was delivered by Aubrey Morris in his report on the recently-completed FTE (Full Time Equivalent) student count.

Larded with "ifs" and pending confirmation by auditors and the state, Morris' report showed the unweighted count as almost twice that of

last year. In weighted count, about 119 students have been added.

It was the first of two annual counts which made Highlands County come a-cropper last fiscal year. Taken at the beginning of the term when most migrant children were

still absent, it cost the school system in state funds.

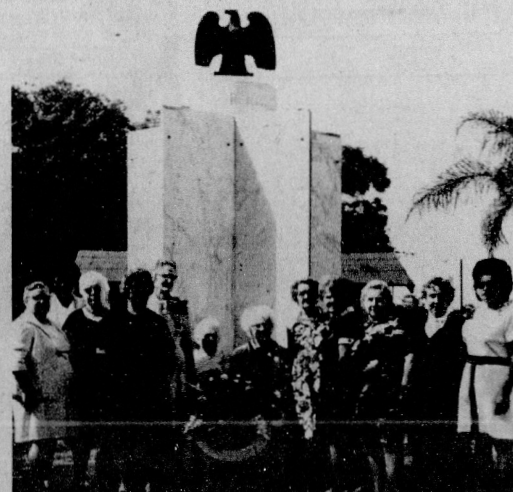

From there it was downhill, as the board was forced into stringent measures to take up the slack financially.

If the count is as stated, then the additional revenue might counteract or outweigh a

proposed state cutback of 3 percent, which is hanging over state schools like a guillotine.

Another survey will be made during the second week in December and the two combined give the total count

State Investigator To Check Gift Program

Merchandise Gift Check program is dead but the ghosts are still hovering over Highlands County, kept lively by investigations of the program's promoter, Mutual Advertising Agency.

Florida Secretary of State's Dade County office has assigned an investigator to check into charges that the agency violated Florida's charitable funds act.

During a short stay in Highlands County the agency had arranged with merchants in Sebring, Avon Park and Lake Placid to contribute gifts and services worth approximately \$300. The gift certificates had been found into books sold for \$19.95 each.

The certificates bore the name, address and symbol of the Cystic Fibrosis Foundation. A portion of the profits from the sale of books had been promised to the local cystic fibrosis drive. Sales were ended Nov. 3 and the Sebring office closed.

Robert Green, field agent supervisor for Florida secretary of state, said the state law required that organizations raising funds for charities must show that at least 75 percent of the money raised goes to the designated charity.

Green said the act also provides for the soliciting organization to be registered and certified by the secretary of state.

Green said failure to comply with the law could result in criminal charges against the solicitors. First conviction is a misdemeanor and a second conviction is a felony.

He said an investigator has been assigned to check into whether the Mutual Advertising Agency efforts in Highlands County do fall under the provisions of the state law.

He said his office has no record of complaints or

convictions against Mutual.

An official of Cystic Fibrosis Foundation, Mrs. Claudia Kling, had announced plans to visit in Highlands County Wednesday to make an investigation.

Also on the schedule for Wednesday is a hearing in circuit court. Mutual Advertising Agency is seeking

a court order to strike a large portion of the charges leveled against the agency by Irma McCullough, operator of the Family Store.

The agency and store are involved in a legal hassle over the terms of a \$5 coupon from the store included in the Merchant Gift Check books. Mutual sued Mrs.

McCullough and she in turn accused the agency with failure to comply with the charitable funds law, and with failure to register under the state's fictitious name requirements.

Mutual attorney James McCollum said he would seek

Council Told Mini-Park Possible At Housing Project

Reports on mini-park location and sewer improvement work progress highlighted the old business discussion by the Avon Park City Council during their regular Monday night meeting.

Director of Housing Authority Richard Peavy told the council that one possible site for a mini-park would be the Housing Authority land adjacent to Lake Tulane varying in width from 30 to 90 feet. In a meeting Monday the Bi-Racial Committee had seen and approved the land as a site for a park.

However, the city cannot buy the property as this would affect the bonds on the property; neither can the land be leased. Peavy had talked with Walt Satterfield of the housing office and Mayor

Marshall Davis and City Clerk Malcolm Crews had talked with a Mr. Adams of the Community Block Development Grant (CDBG), both of which are under the Housing and Urban Development administration.

There appears to be two ways the park can be built on the housing property—but it is a question as to which way is better—the city build the park or the city grant money to the Housing Authority and they build the park. Buildings cannot be built on the housing project park site nor can a lease be given on the property.

In other old business—the council heard a letter from the Dept. of Safety and Motor Vehicles, which stated that inspection of newly located trailers, in parks, is required

with a permit to be issued. The inspection to cover blocking, tie-downs, and connections. A proposed \$28 fee for a normal trailer was opposed as being too high by Edgar Johnson of Sunny Ridge Trailer Park. It was agreed by Johnson and Building Inspector C. W. Elberse and a \$15 fee would be reasonable. Travel trailers would be exempt, many stayed only one night and had no arrangements for tie-downs.

—Mayor Davis reported that Mr. Grover of the Seaboard Coastline R.R. would contact their Richmond, Va. office about possible deeding the station to the city for use as a museum. Seaboard representatives will meet with city officials in Avon Park in the future.

Avon Park Residents

Urged To Check Solicitors

Residents of the city were urged to be more careful when solicitors come to their door, by members of the Avon Park Chamber of Commerce Solicitation Committee and city officials at a meeting Monday morning at the chamber offices.

The meeting and warning to residents came after a recent door to door solicitation for funds in the county. It is an effort of the city and the chamber to tighten up on organizations using outside-the-city representatives and screening these representatives.

All solicitors (and peddlers according to the city code) will be required to carry a card which can be obtained from city hall. This card must be shown upon request to any citizen. If the solicitor refuses to show their card the citizen is asked to report the matter to the police department for checking the solicitor. The fee for the card is \$5.00 to cover the cost of investigation.

Non-profit organizations in

the city such as school organizations, churches, civic clubs and others will be supplied cards for their members without the fee, but each member of the organization must carry a card to meet the requirements of the city ordinance.

The chamber expects to send information to the city and put out publicity to merchants and citizens on any future solicitation that comes through the chamber of commerce offices.

Santa To Appear In Parade Dec. 4

Santa Claus contacted the Chamber of Commerce Monday to confirm his personal appearance in Avon Park, Thursday night, Dec. 4, for the annual Christmas Parade. Santa talked via telephone.

Chamber of Commerce officials assured Santa they were working hard to make this the biggest parade in the history of the city. Five bands have indicated they will participate and civic organizations, business firms, churches and individuals are calling the chamber office (433-3330) to register their entry. Early registration is important to be assigned a position in the parade.

Several beauty queens have accepted invitations to ride in the parade.

to have the hearing set for Wednesday postponed to a later date. McCollum has argued that many of the charges leveled by McCullough attorney George Oujevik are not relevant to the case.

On the charge that Mutual had not prior to last week registered its fictitious name, he will point out that Mrs. McCullough has not registered the Family Store name.

The hearing was to be held before Circuit Judge Robert Stokes.

Meeting Set On City Courts

State Representative Wendell H. Watson (D-Lakeland) said today that the Select Committee on Municipal Courts will hold a public hearing Thursday, Nov. 13, in Orlando.

Watson said the hearing will be held to take testimony on the scheduled abolition of municipal courts, now scheduled to be phased out as of Jan. 1, 1977, under Article V of the Florida Constitution.

THE BAD NEWS

With the late mailing of the county's tax bills, expected during the first week of December, the board does not anticipate revenues in time to meet expenses, said Superintendent J. Ferrel Smith.

Therefore he recommended that the board extend its original loan for 60 days, until tax money becomes available. It was an echo from the past, as the original loan of \$270,000, was made necessary last year when the 1974 tax roll was delayed. The board approved.

In other business board members:

.....Authorized Solicitor James McCollum to take steps to purchase a house now occupying part of the site of the new Lake Placid High School. The purchase price will come from capital outlay, not the operating budget.

.....Approved a request from James Taveniere and James Bible to sponsor an ecology tour to the Great Smoky Mountains April 2-12.

.....Awarded bids on food products, rejecting one for

corned beef. The bidder had mistakenly bid on corned beef hash instead of the real thing.

.....Approved a comprehensive plan as submitted by Tom Johnson and agreed to his recommendation that a district comprehensive planning council be appointed.

It will be comprised of one curriculum assistant, one teacher and one parent from each of the county's nine schools and the exceptional student section, plus board member Bill Gene Smith.

.....Hear Mrs. Kathryn Crawford, newly-appointed language arts coordinator, report on committee meetings. She said the question of whether a student should have four years of high school English had created a controversy, with opposing viewpoints.

She named two more committee members, Phyllis Scarborough and Judy Rice, both of Lake Placid, and said the committee would meet for another two months before making its recommendations to the board.

.....Approved a request from Gerald Ingous, property records officer, to remove certain items from the

inventory and offer them to the public for sale. The merchandise Boggus classed as "fair to poor." Date of the sale will be announced later.

.....Approved Highlands County students again participating in the TV show "Quick on the Draw."

Farm-City Week Banquet Set For Nov. 24

"The interdependence of farm and city people cannot be overemphasized," according to Robert C. Lee, president of the Agribusiness Institute of Florida and member of a statewide committee coordinating Farm-City Week efforts in Florida.

Highlands County Farm City Committee has selected Monday, Nov. 24, as the date for the 1975 Farm City banquet.

The dinner, slated for Monday of Thanksgiving week, will be held at the Agri-Civic Center, 7:30 p.m.

Farm-City Week is commemorated the latter part of November each year, with exact dates varying from one community to another. In Highlands County it will be observed Nov. 24-29.

Observances in Florida are local in character with area agribusiness leaders making extra effort to encourage understanding and appreciation of agriculture by the non-farm community.

Honor Society Presents Check

To Band
The Gamma Epsilon chapter of Alpha Delta Kappa, an international honorary society of women educators recently presented the Avon Park High School band with a check for \$100.

The check was sent with a letter to the Band Parents' Association and the accompanying letter expressed the intended use for the money as aid for the band in traveling expenses to school functions, district or state contests, or the purchase of equipment, uniforms or music.

The Gamma Epsilon chapter is a countywide group comprised mostly of teachers.

The letter, signed by Mrs. Loretta Ellis, said, "We are aware of the tight budget all our county bands are operating under this year." The group gave the same amount to the bands at Sebring and Lake Wales.

Avon Park members of Alpha Delta Kappa are Mrs. Fuschia Anderson, Mrs. Emily Biggs, Mrs. Dixie Brooker, Mrs. Chris Brojek, Mrs. Virginia Crews, Mrs. Nancy Eberle, Mrs. Loretta Ellis, Mrs. Jimmie Garner, Mrs. Doris Gentry, Mrs. Olivia Todd, Mrs. Joyce McClelland, Mrs. Selma Murphy, Miss Mildred Myers, Miss Ruby Sweet and Mrs. Ione Watts.

Bands To Sell Christmas Candles

The Avon Park bands will be out on Nov. 14 and 15 to take orders for Christmas candles. These candles come in beautiful colors with designs on each one. The following designs are featured in this selection: Little Girl and the Apple Tree, Noel, Bicentennial in red, white and blue; Peace; Mushroom; and a Madonna.

Each candle is 9 inches tall and 2 1/2 inches in diameter. They are also battery or vanilla scented and filled with a translucent wax which enables the entire candle to glow and burn for a longer period of time.

Now is the time to decorate your home and office with a beautiful candle and at the same time help to support our bands. The candles sell for \$2.45 plus tax for each, and will be delivered in time for Christmas.

Marshall-Taylor To Wed In December

Mr. and Mrs. Walter Marshall, 310 N. Anoka Ave., Avon Park, are announcing the approaching marriage of their daughter, Linda Joan Marshall to James P. Taylor of Lake Wales.

Corwins Honored At Two 50th Anniversary Parties

Mr. and Mrs. M. S. Corwin celebrated their 50th wedding anniversary Friday, Nov. 7. Their son, Ed Corwin, and granddaughter, Julie, flew down from Denver for the weekend. A grandson, Keith Conroy, from Joliet, Ill., has been living with them and attending South Florida Junior College.

Friends and members of the Avon Park Chapter of the Nazarene Sunday morning presented the Corwins with a beautiful brass filigree fruit bowl.

Sunday evening, a group of friends surprised the Corwins with a party at their home in Avon Park Lakes. A three-tiered anniversary cake topped with a golden "50th" emblem highlighted the refreshments. The Corwins received gifts and many cards from their friends.

They also have three daughters, Mrs. Mabel Rock and Mrs. Jean Conroy, of Joliet, Ill., and Mrs. Jackie Schwab, Portland, Ore. They have eight grandsons and three granddaughters.

Hope Volunteers Honored At Luncheon Wednesday

Volunteers and friends of Project HOPE enjoyed a covered dish luncheon together Wednesday at the First United Methodist Church. Rev. B. A. Williamson opened with prayer. Following a delicious lunch, entertainment was provided by Chet and Daisy Wollanke and Harry and Ellen Hunt followed by a singalong.

Words of appreciation were given by Joyce Olivieri, Rosemary Deck and Ellen Lettig from the Lakeland office, for making this project the great success that it is. Without these wonderful people this program would not have been possible. Mr. Claude Chamberlain closed with prayer.

Garden Club To Hold Silver Tea At Jones Home

THE ON PARK Library's artist of the month, Mr. Rodgers, holds a 'just finished' canvas American Beauty roses in a milk glass slipper. With only the roses to work with Calvin painted the flowers and vase as he thought they should look. Photo—Miller.

Rodgers Displays Paintings At Avon Park Library

The just of the Month during December at the Avon Park Library is a multi-talented artist in various phases of art. As has come beautiful work on display at the local library.

Calvin Rodgers retired from federal government work in Washington, D.C. 10 years ago. He and his wife moved to Avon Park years ago and presently live in Sebring, Fla.

Since moving here, Rodgers has been employed part time in the physical therapy department at Walker Memorial Hospital.

His retirement has given him opportunity to spend more time in oil painting, one of his favorite hobbies.

Music is another interest for Rodgers. The saxophone is his principal instrument and while living in Washington, he played with a number of bands, symphony orchestras and also had a saxophone quartet that was much in demand.

He and his wife have also sung in church choirs during all their married life.

Rodgers started painting in 1925. He went to George Washington University for two years with an interest in entering medicine. He attended in a football scholarship.

It's Garden Club Christmas tea time again. This year the silver tea will be held at the lovely new home of Dr. and Mrs. Donald Jones on Lake Lota. Thursday, Dec. 11, from 3 till 6 o'clock.

Founders Circle will be hostess, assisted by Hibiscus Circle. Mrs. Mildred Head is Chairman. Mrs. Laura Newbauer, Co-Chairman. A Bicentennial theme will be carried out this year in all the decorations, red, white and blue colors will be used, interspersed with Christmas decorations in an attractive manner.

A musical program will be given throughout the afternoon. A plant mart and boutique will be held outdoors in the entrance garden.

Ten with sandwiches and cookies will be served in the beautifully decorated dining room.

The Garden Club, active in Avon Park civic affairs for many years, stresses the "Make Avon Park Beautiful" theme. They take an active interest in the mile-long Avon Park Mall, replacing many plants and trees through the years.

They sponsor a Garden of the Month program which creates interest in residential beautification.

The Club invites all residents to enjoy this delightful afternoon, Thursday, Dec. 11 from 3 to 6 p.m. at the home of Dr. and Mrs. Jones.

WHEN THE GARDEN Club holds their Christmas Silver Tea, Mrs. Evelyn Jones will be at the door ready to welcome guests to the annual Christmas event which will be held at her home this year. Photo—Miller.

Junior Women To Sponsor Christmas Float

The November meeting of the Avon Park Junior Woman's Club was held last Tuesday at the Woman's Clubhouse on South Verona Avenue. Guest speaker was Jackie Rawlings, director of the Foster Youth Home, located in Sebring.

Doris Gentry opened the business meeting with devotions and the flag salute. Everyone brought canned goods, cake mixes, jello, and other goods for the annual Thanksgiving basket for a needy family. Edie MacNeill was appointed chairman for this project.

The Club voted to sponsor a float in the Avon Park Christmas parade on Dec. 4. Theme to be the forthcoming "Folies Bergere" to be presented on Jan. 23 and 24, 1976. Donna Gumbert was appointed Chairman.

President Arline Tanner introduced a new member, Marge Burdette, and a guest, Martha Wozniak, to the Club. President Arline presented the trophy for "Best Decorated Club Float" that we received at the Halloween Parade.

Ellen Jordan gave a very informative report on District Tour held Oct. 14 in Lake Wales.

It was decided that to enhance the holiday season, the Club would have a progressive dinner. The date will be Dec. 13. Several people

Girl Scouts Tour Disney World

Most of the members of Girl Scout troop 248 had their long-awaited outing at Disney World on Saturday, Nov. 1. Those going were Stephanie and Yolande Ashe, Kristi Barker, Carol Chaney, Vidi Cribb, Denene Dasher, Felecia Hornsby, Althea Howard, Jessica Lewis, Ricki Price, Falcia Robb, Cindy Seider, Rhonda Simpson, Alicia Thomas and Kim Tietjen.

Carol's little sister, Michelle Chaney, and Vidi's big brother, Phil Cribb, also enjoyed this outing.

They enjoyed the ride through Space Mountain, the Jungle Cruise, the Haunted House, It's a Small World, the Enchanted Tiki Birds, the parade, and many other attractions. But the Grand Prix Raceway produced the most excitement.

The accompanying adults, Mrs. Wayne Cribb, Mrs. Ellis Chaney, Sgt. and Mrs. Willard Tietjen, and Mrs. Elsie Hall, had a hard time convincing the girls that there does come a time to leave for home even though two tickets are left in each book.

A tired but happy group arrived in Avon Park at a late hour.

Public Invited To Ziegenfuss Installation

The Rev. William Ziegenfuss will be installed as the pastor of United Congregational Church of the United Church of Christ at 11 North Forest Avenue the Sunday, Nov. 16 at 3 p.m.

The message at the afternoon service will be preached by the Rev. William G. Nix, associate conference minister of the Florida United Church of Christ.

The participants in the service will include the Rev. Herbert D. Graetz, pastor emeritus of Union Church, the Rev. John Pickens Sr., interim pastor; the Rev. Ernest Simon, chairman of Florida Conference Church and Ministry Committee; and the Rev. James A. Stewart, chairman of the Southwest Mission Council of Florida Conference.

The public is invited to attend the installation service.

Schools Facing Money Problems

The Superintendent of Public Instruction, James Ferrel Smith, was the speaker at the Kiwanis Club at their noon meeting on Nov. 6, 1975. He told of the many problems the schools are facing due to the reduction of state funds and inflation.

The reduction of state funds last year necessitated the borrowing of \$270,000 by the school board. Now the state says the anticipated tax revenue is down by three percent and some spending cuts will have to be made. Smith said if the state's budget cutters run true to form that the schools will have to bear a large portion of the reductions. This would necessitate the borrowing of more money or a shorter school term, say seven months.

He stated that in reducing the school budget that the teaching personnel had been reduced by twenty teachers, also the maintenance department had been reduced to the bare bone.

The superintendent said that to make a further reduction would bring about the cancellation of some highly important programs. The only solution seemed to be additional revenue. He thought the ad valorem tax had been milked for about as much as possible and that other sources of revenue will have to be found.

The Avon Park Kiwanis thanks Sept. Smith for bringing this most interesting and informative message.

Mackintosh To Present Recital

Sherwin Mackintosh, a senior in Music Education at the University of Florida, Gainesville will be presenting his senior recital Saturday evening, Nov. 15 at 8:15 p.m. in the J. Hillis Miller Medical Center Auditorium. The program will consist of works of Bach, Beethoven, Schumann and Norman Dello Joio.

The public is invited to attend the concert and a reception honoring him immediately after the recital at the Crossroads Church of Christ.

Local Policemen Attend Seminar In St. Pete

Avon Park city policemen continue upgrading education and skills with schooling designed to add to the proficiency on the job.

Patrolmen Gene Hancock and Donnie Singletary attended a four-day seminar at St. Petersburg Junior College on interviewing and interrogation dealing with technique and procedure.

The seminar, held Nov. 3-6, was sponsored by the Florida Institute For Law Enforcement.

Five local policemen are presently participating in a three-week course on supervisory work at South Florida Junior College under the state's incentive pay program.

WORKING WITH CERAMIC material artist Gene Brenner made and exhibited approximately 130 pieces of pottery at the Highlands County Art League Festival in Sebring, Saturday. Examples of work he is currently doing are functional items such as bowls, casseroles, mugs, cups, canisters, jewelry boxes, hanging baskets, etc. He also had sculptural items which are functional in a decorative sense. While Gene's work did not receive any prizes during the judging contest one ceramic piece was a purchase award chosen by a sponsor of the festival. Photo—Miller.

Air Force Uses Cable Tower To Align Base Equipment

"Someone complained that you were looking through telescopes and wondering how you could see in the dark," explained a Highlands County Deputy Sheriff as he stopped where 1st Sgt. James Baxley and Sgt. Richard Pool were taking survey readings on a geodimeter on S. Highlands Ave. or Memorial Blvd. between 11 p.m. and 2 a.m. recently.

The other half of this four man survey party S. Sgt. Mike Szykowski and Airman Charles Lemarie with a target and theodolite were stationed 1.2 miles down Memorial Highway across from the cable TV tower. Their objective was to determine the geodetic position in degrees of latitude and longitude of the TV tower and the dish or bowl on top of the tower as a calibration target for the Avon Park Bombing Range equipment and for radar alignment.

This four man team is a part of the Geodetic Survey Squadron based at Warren Air Force Base at Cheyenne, Wyo. and was on detached duty at Patrick Air Force Base, Cocoa Beach, Fla. They were on special assignment to work out of the Avon Park Bombing Range on a joint survey for the defense mapping agency.

Their main tools were the geodimeter and the theodolite. These four airmen work primarily at night as the geodimeter used the light of a 15 watt tungsten bulb to measure the distance to a target based on the velocity of light. In Florida's humid climate the distance measured is about four miles but in dry climates it can be used to measure approximately 10 miles.

The accuracy of the

geodimeter is one part in 1,000,000 parts or 1 centimeter (cm) in 1000 meters (m) as compared with the plus or minus .002 of a foot (elevation) with the land surveyors transit which can only measure a line of sight with accuracy for about 300 feet because of possible heat wave distortion and the distance must be measured by tape.

In explaining the capabilities of different surveying instruments Sgt. Baxley of Rome, Ga. said the electro-wave but is not quite as accurate as the geodimeter. He would like to have a helium range instrument which has a range of 15 miles and can be used in the daytime. But a laser beam unit is the most accurate of all and also the most costly.

The survey had started on the Bombing Range at a bench mark or known survey station near the Morgan Hole. In three nights of work they had measured over 50 miles and had gone as far as the Crewsville area. They must turn the loop on all sights. This double determination is a check on the accuracy of the mission, as the mission has a pre-determined accuracy.

Each distance is measured twice and a one meter offset point (measured by tape) is set up for comparison. The target down the road reflected the light of the geodimeter and appeared to be like a street light in the distance. As Sgt. Baxley adjusted the geodimeter and made the readings Sgt. Pool of Cheyenne, Wyo., recorded the readings in their field log book for future computations.

On the road to the cable TV tower car headlights were reflected by the target of luminous circles in a

triangular shape.

At the TV tower, S. Sgt. Mike Szykowski, St. Louis, Mo. using a theodolite, a first order surveying instrument costing \$6,000 and capable of measuring angles to the nearest one tenth second of a degree of arc, was taking readings on Polaris, the North Star.

As Sgt. Szykowski sighted the star he said "stand-by"—when light that had left Polaris some 300 years ago, crossed the cross-hairs in the theodolite he crisply stated, "Tip!" Airman Charles Lemarie would read the chronometer (or sidereal clock) for the exact space time that he heard the signal "Tip" and record the time in their mission log book.

The sidereal clock gains 3 minutes and 56 seconds a day over Greenwich time, Greenwich, England, on which Eastern Standard Time is based. Space time is based on the daily rotation of the earth on its axis and the annual orbital rotation about the sun.

To check the accuracy of the space clock the team kept a radio tuned to WWV, the Armed Forces Radio, at Ft. Collins, Colo. Every half hour the announcer would give the time at a signal and as also plus or minus correction in seconds if needed.

Sgt. Szykowski made readings on 16 different points—each time flipping the theodolite over for a reverse reading—with the readings 30 or more seconds apart for greater accuracy.

When the final computations are made of the mission a concrete survey marker would be placed near the TV tower with a brass plate attached giving the exact degrees of latitude and longitude, which could be used as a reference point for other surveying parties.

USING A THEODOLITE S. Sgt. Mike Szykowski gets the instrument in alignment to measure the angle between his location and Polaris the North Star. He is one of only a few men able to keep both eyes open while using the theodolite. Recording the readings and time is Airman Charles Lemarie who normally is seated in the lighted van where he can read the chronometer. Photo—Miller.

Iles Tells Rotary Club Of School Clinic On Island

Last week Rotary Club's program consisted of an update by Bill Iles, a member of the South Seminole Rotary Club, on the International Service Project being carried on now in Haiti.

The Rotary District in which the Avon Park Rotary Club belongs, is helping sponsor a new school and a medical clinic now being constructed on an island belonging to Haiti. These two facilities will serve approximately 50,000 people and are sorely needed. The island has no electricity, plumbing, or even any vehicles to speak of, and previously the inhabitants had to simply go without. The clinic that is being constructed is not much as far as what we think of for a medical clinic, but it is an

immense improvement over nothing at all. Services are now being solicited from professional people to donate some of their time to help man both facilities.

This is a fine example of the Rotary motto of, "service above self." Even though this is a time when most efforts should be directed toward some of our own problems "at home," we should be proud of the unselfish efforts shown by people, no matter who the beneficiary is. Thanks to John McChell who is this month's Program Chairman for a fine presentation by Bill Iles.

Outstanding Rotarian of the week is Arnon Cravens, recognized for his excellent work with Rotary information. Rotary Information is

responsible for informing members to the club as to the high ideals and responsibilities that come with being a member of the Rotary Club of Avon Park. He really appreciate your efforts. Remember to get your fruitcakes from your Rotarian and you certainly won't be disappointed, they are really delicious.

Cyclist Elwood D. Stroup, nearing 86 years of age and as he says "doing my own thing," retired from the Ohio Department of Natural Resources, having spent 30 years outdoors continually except for an occasional trip to the office "to get my mail." He then sold real estate for 10 years and retired again.

Health Fair Planned For Dec. 11

Representatives of the various agencies, institutions and civic clubs participating in the Highlands County Health Fair met recently to plan a Health Fair, which will be held at the Agri-Civic Center, Dec. 11 from 9 a.m. to 5 p.m.

The purpose of the Health Fair is to provide information regarding health services in the county and also testing for the detection of such diseases as diabetes, glaucoma, uterine cancer and high blood pressure.

These services are made available free to the Highlands County residents by the Highlands County Health Department, American Cancer Society, Tri-County Mental Health Association, Council for Community Dental Health, Walker Memorial Hospital, Highlands General Hospital, and the Avon Park, Sebring and Lakeland Kiwanis and Lions Clubs.

Boy Loses Foot In Gun Accident

Details of an accidental shooting are sketchy but a young boy (Ted Johnson) remained in Walker Memorial Hospital Tuesday afternoon after he lost a foot in the accident which occurred early last week.

Unconfirmed reports indicate the accident occurred in the employee housing area of APCI - Bombing Range Monday, Nov. 3.

According to reports another boy, a friend of Johnson's, was cleaning a shotgun when it accidentally went off striking the youth's foot which had to be amputated.

Parents of the boy is Sgt. and Mrs. Ted Johnson of the Avon Park Bombing Range.

Swan Toastmasters Club To Elect Officers

The Charles S. Swan Memorial Toastmasters will elect permanent officers to serve for one year at their meeting today (Thursday) at 6:30 p.m. at the Steak Out Restaurant. Officer slots to be filled include president, educational vice president, administrative vice president, secretary, treasurer, and two sergeant-at-arms.

Tonight's meeting will be the final opportunity to become a charter member of the group. All members will sign the form which goes to Toastmasters International during the meeting. Those interested in becoming a Toastmaster are urged to attend tonight's meeting.

A charter banquet and formal installation of officers will be held Friday, Dec. 5 with District 47 Governor Shirley Dunn of Jacksonville presenting the charter.

The local chapter of Toastmasters is an honored

group to carry the name of the late Charles S. Swan who is renowned throughout the Toastmasters International organization. He was a main force in establishing the Gavel Clubs, a program of Toastmasters for inmates in the penal institutions. He established Gavel Club 16 at APCI more than seven years ago. Members of Gavel Club 16 have been very instrumental in establishing the local chapter of Toastmasters.

Several local Toastmasters and Gavel Club members will go to Winter Haven Saturday evening for the Area 2 Advanced Speech Contest which will begin at 6:30 p.m. at Howard Johnsons. Dinner is \$6 per person and all interested persons are welcome.

Area includes Highlands and Polk Counties. Lou Funk of State Farm Toastmasters in Winter Haven is Area 2 governor.

CB'ers To Hold Seminar On Proper Use Of Radio

The Rinky Dink Citizens Band Radio Club will hold a seminar on the proper use of CB radios at the beginning of their meeting Monday which starts at 7:30 p.m. at the Avon Park Recreation Center on North Verona.

CB radios have become so popular that channels are crowded and many people are not using proper procedure, according to Bob Richards, treasurer of the newly formed CB club.

The Federal Communications Commission

(FCC) has specific rules on operation of CB radios and licenses operators. Due to the recent surge in popularity, the FCC has a nine-month backlog in applications for CB licenses.

It is estimated that 70 percent of those using CB radios in Highlands County are not licensed. There is a heavy time for operating the radios without a license.

The FCC monitors Channel 11, a national call channel, which is to be used only for short transmissions. Someone just wanting to chat should not

Reeder Takes Top Rung On Tennis Ladder

Evelyn Reeder captured the number one position on the women's "A" singles ladder in Highlands County Tennis Association competition last week with an 8-5 victory over V. Marrow in the only match played on that ladder. Janet McGee took over first place on the women's "B" singles ladder when Diane King failed to call in a challenge match score so dropped one place.

In other action on the women's ladders, Mary Sherertz moved up to the third rung on the "B" ladder with an 8-1 win over Anna Vilkaitis. Betsy McLean knocked off Margie O'Hern with an 8-3 score to take over the fifth rung on the "B" ladder. Cheri Lee and Jeanne Cox turned back a challenge by Tracy Jones and Melba Sims with a 6-0, 6-0 victory in women's doubles.

The only mixed doubles challenge match saw V. and Al Marrow take over the top spot with a 6-2, 6-2 win over Peggy Sizemore and Charles Jordan. Karl Riettsatt and Larry Johnson dropped off the mixed doubles ladder.

Kevin Roberts accepted a forfeit win from Robert Targiel to move up to the men's "A" ladder and Ken Haysley won a challenge match from Read McLean by a score of 6-0, 6-1. Richard Rucker won two matches on the "B" ladder last week. He topped Jerry Westberg 6-0, 6-2 and then won over Jim Hayes 6-3, 6-2. Larry Johnson moved up to the third rung with a 6-4, 6-4 victory over Danny DuBois.

Howard Teeple joined the men's "B" singles ladder and Dot Teeple joined the women's "B" ladder last week. Ken Haysley and Kevin Roberts won over Kris Delaney and Charles Jordan 6-0, 6-2 to win the number one position on the men's doubles ladder.

Current standings on the H.C.T.A. ladders are as follows:
Men's "A" - Eric Annett, Al

Marrow, Kris Delaney, Eugene Benton, Ken Haysley, Read McLean, Charles Jordan, Tom Hines, Grant Stallard, Kevin Roberts, Bob Baker, Robert Targiel, Jack Hancock, Paul Gentry and Billy Page.

Men's "B" - Larry Johnson, Bobby Brooks, Wesley Mercer, Charles Rafferty, Danny DuBois, Harold Licht, Richard Rucker, Jim Hayes, Jerry Westberg, Julio Sanguly and Howard Teeple.

Women's "A" - Evelyn Reeder, V. Marrow, Trudy Wyatt, Jeanne Cox, Pat Lagoni, Peggy Sizemore, Judy Lewis, Betty Carlisle, Mary Franze, Cheri Lee, Susie Franze and Sandy Beck.

Women's "B" - Janet McGee, Diane King, Mary Sherertz, Debra Cox, Betsy McLean, Anna Vilkaitis, Margie O'Hern, Judy Mercer, Melba Sims, Margaret Collins, Delores Cox, Yetta Bengtson, Elsa Kahn, Sharon Glisson, Mary Knight and Dot Teeple.

Mixed doubles - Marrow and Marrow, Sizemore and Jordan, Lee and Page, Haysley and Haysley, King and Delaney, Lloyd and Baker, McLean and McLean, Lagoni and Licht and James and James.

Men's doubles - Haysley and Roberts, Delaney and Jordan, Page and Johnson, Hines and Thomas, Annette and Bengtson, Gotz and McLean and Baker and Lloyd.

Women's doubles - Carlisle and Reeder, Lee and Cox, Sizemore and Derkman, Cox and Cox, Jones and Sims and James and Wyatt.

Bradley Speaks To Kiwanis On "Hinterland"
Don Bradley, of Orlando, will be the guest speaker at the Kiwanis Club today (Thursday) at noon at the Steak Out Restaurant. He was scheduled to speak to the Avon Park Rotary yesterday (Wednesday) at noon.

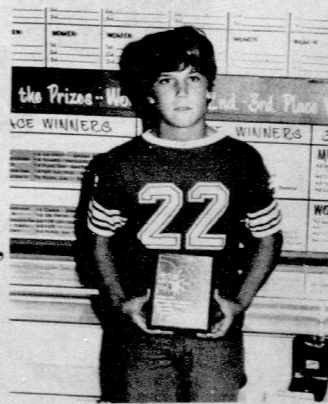

and is a member of the board of the Florida hospital in Orlando. He is president-elect of the East Central Florida Hospital Council.

The Bradley family recently toured Europe visiting Mrs. Bradley's relatives in the "Hinterland" of Czechoslovakia, Prague and other cities. They were permitted to remain in the country about one week.

Bradley will show pictures and tell something of life today in countries behind the Iron Curtain.

WINS 15TH PLACE - Winning 15th place might not sound like much until you consider that it was in statewide competition and it's not bad being 15th in the state. That's where Ricky Viets stands following bowling competition recently in which several Avon Park youngsters placed high in competition. Ricky won 15th in Class E singles.

KEITH DEBO RETIRED farmer, while pulling outgrass plants out of a flowerbed at the east end of the Mail takes another look at a marker bearing a Florida Forestry Service emblem stating "George Washington Memorial Tree, 1732, 1932" planted by Woman's Club of Avon Park. Thus far no one has been able to tell Keith when and why the marker was placed at this location.

Youth Injured In Accident

An Avon Park youth remained in a coma in poor condition Tuesday morning at Winter Haven Hospital following a motorcycle-van crash Saturday afternoon at West Main Street and Anoka Avenue.

Richard Wayne Arnold, 17,

was seriously injured at 3:45 p.m. Saturday when he was riding his motorcycle headed east on West Main Street in the right lane and a 1974 Dodge van, driven by Arthur Lee Wiggins, pulled out in front of him, according to Avon Park Police Department reports.

According to the report,

made by Capt. Presley Selph, the investigating officer, the roadway was damp from rain about one hour before the mishap. There was no visible skid marks made in the path of the motorcycle. Statements from witnesses and evidence at the scene led investigators to the conclusion that both vehicle

operators were negligent, according to the report. Wiggins was cited for careless driving resulting in involvement in an accident with injuries. Arnold will be charged with speed too great for conditions when released from the hospital, according to Selph.

CAR-CYCLE CRASH This was the scene Saturday afternoon following a crash involving a van and a motorcycle which sent the young cyclist to the hospital in serious condition. Richard Wayne Arnold, 17, was in a coma following the accident in which police reports indicated both vehicle operators were negligent. Photo by Patrolman Gene Hancock.

Pet Protection Program To Start

A new concept in pet protection begun in New York has been established in about 100 other cities and now in Highlands County.

The program provides for tattooing pets with a permanent registered identification number. Called "Ident-a-pet", the process is painless and takes only a few

minutes to perform. Several states now have pending legislation which if passed would require all pets to be tattooed.

Over one million pets are lost or stolen in this country every year. Some end up on a laboratory table, most are never returned to their owners. Ident-a-pet maintains a

national 24 hour, 7-day-a-week hotline so that lost and strayed pets can be located, identified and returned to their owners as quickly as possible.

Julie Moscov, founder of the system, says one of the major benefits of the program is that dogowners will be thwarted. A laboratory, under federal law, will not take a tattoo

pet. Therefore it will become an unlikely target for abduction. The red and white Ident-a-pet collar tag says "hands off . . . I can be identified."

"What we really hope to do is to relieve the minds of pet owners. They will know that the permanent painless tattoo will be a major step in preventing dogsnapping and a tremendous aid in recovering, pets to their owners."

Persons interested in more information about Ident-a-pet may contact the Humane Society of Highlands County, Airport Road, Sebring, 385-5313.

Lawmen Still Searching For Masked Terrorists

Lawmen's search for masked terrorists went on this week, both helped and hampered by citizen participation. In a press release issued last Tuesday, Sheriff O.L. Raulerson Jr. said,

"There have been no new developments or incidents in Highlands County since the Oct. 29 armed robbery at the

Smith residence in Avon Park."

The investigation involving two or three young men wearing ski masks, using similar rob-and-assault methods, is continuing.

"The latest robbery with similar connections occurred in Polk County on Thursday, Nov. 8," Sheriff Raulerson said.

The chain of similar

crimes leads through Highlands, Lake, Orange and more recently Polk counties.

Raulerson said his department is appreciative of cooperation citizens have given however, a flood of rumors has complicated lawmen's work, he added.

He said rumors "completely false and without foundation" are "alarmed the citizens of the county."

Throughout the investigation the sheriff has urged citizens to take "usual good precautions." He suggested that all windows and doors be fastened securely, drapes drawn, outside lights left on at night.

He pleaded for citizens to refrain from passing on rumors.

"The sheriff's department is doing all it possibly can and will continue to do so until these persons are apprehended," Raulerson said.

YOUNG AT HEART - Three and a half years ago the above four, with a combined age of 297 years, chartered a Cessna 172 at Avon

Park Flying Service and flew to Disney World. They are Paul Reese, Bill Zurgable, Park Ernberger (the pilot) and Stroup.

Labor Survey Scheduled For Highlands County

A labor force survey will be conducted in Highlands County during the week of Nov. 17-21 as part of the monthly review of employment conducted by the Bureau of Census for the U.

S. Department of Labor. Mrs. Christine Oates and Mrs. Elizabeth Swenson will be interviewing householders to learn the state of employment here.

The survey is a scientifically designed sample of households throughout the United States. Employment and unemployment statistics based on results are used to provide a

continuing measure of the economic health of the Nation.

For example, in September the survey indicated that of the 82.3 million men and women in the civilian labor force, 85.4 million were employed. The nation's unemployment rate was 8.3 percent, about the same as in July and August when it was 8.4 percent but substantially below the recession peak of 8.9 percent reached in the second quarter of 1975.

Information supplied by individuals participating in the survey is kept strictly confidential by law and the results are used only to compile statistical totals.

Residents Complain About Noise

Complaints about drunks making excessive noise are run-of-the-mill for law officers, but complaints from drunks about excessive noise from sober neighbors are not so common.

The Highlands County sheriff's department had more than its share of unusual calls last week. Friday night a call came from the Avon Park area about campers making so much disturbance the caller could not get any sleep.

Deputy Hugh Hines, dispatched to subdue the noisy ones, reported the campers did not seem rowdy and when he checked the area, neighbors said they had not been disturbed.

When the deputy reached the house from which the call had originated, he found "the complainant appeared very intoxicated."

READY FOR *New* CARGO

This ship has been emptied of its cargo, and now stands ready to take on fuel and more cargo for further service. If this ship were to remain empty, it would be of no value and would be failing in the one thing that it was built for.

Man was created to be a companion to God, and when he does not join in worship with God, he is failing in the reason for his creation. Make your life mean something for God...

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

ALL BEEF IS NOT CREATED EQUAL!

Sure, all stores have Government inspected beef... but that's required by law. A few stores have Heavy Western or Grain-fed or Brand Name Beef... but what grade of beef is it? Even fewer stores have U.S. Choice Beef... but only Winn-Dixie has W-D BRAND HEAVY WESTERN GRAIN FED U.S. CHOICE BEEF... and only Winn-Dixie takes the extra care in naturally aging & skillfully trimming U.S. CHOICE BEEF for the best flavor and value possible. Why? Because only Winn-Dixie is known as THE BEEF PEOPLE.

W-D BRAND BEEF IS ALWAYS U.S. CHOICE!

MS. TRUTH

TRUTH: All driving can be dangerous. Low speeds and short trips are potentially as hazardous as high speed and long trips. More than half of the accidents causing injury or death occur at speeds less than 40 mph. Fatalities involving non-belted occupants have been recorded as low as 12 mph. (That's about the speed you'd be driving in a parking lot.)

MR. MYTH

MYTH: I don't need a safety belt when I'm traveling at a low speed or going on a short trip.

Safety is a family affair.

Turkey
from a
Paperback

I have a fairly thick paper-
back book into a tantalizing
Turkey decoration.

Just fold each page, as shown.
Glue the corners together to get
the completed shape for the
body. For the turkey's tail, fold a
12" x 18" piece of brown
wrapping paper crosswise into 1"
folds. Then make two more layers
of (unfolded) colored paper: one
9" x 18" and one 6" x 18". While
folded, cut slits in a point at
one end. Fit all three layers of
folded paper together.

With a pointed tool, punch a
hole through the bottoms of all
three folded pieces. Insert w/
and tie together to hold. Glue
the tail to the body.

Cut the head and wattle, about
7" high, from stiff paper. Add
eyes. Glue the head between the
folded pages of the body. Arrange
your turkey on a cardboard base.
