Big Halloween Parade Planned

A proclamation by Avon Park Mayor Marshall Davis proclaims Saturday, Oct. 25 as a day of goblins, ghosts and witches and commands the young and young at heart to join the merriment and we're sure Mayor Davis will be right in the middle of the festivities taking his own advice.

The gigantic Halloween Parade is set to begin at 4 p.m. followed by the fun-filled Halloween Carnival at 5 p.m. Sponsored by the Avon Park Elementary Parent-Teachers Organization (PTO), proceeds from the carnival will be used to buy a film strip projector, playground equipment and a water cooler for the elementary school.

The mayor's proclamation, putting the official sanction on the festivities said:

"Whereas, one of the largest annual events in merrymaking in Avon Park is the PTO Halloween Carnival to be held this year on Oct. 25, and

Whereas, the fire siren will blow at 9 p.m. signaling an end to the festivities,

"Now therefore, be it resolved, that all citizens, young and young at heart take an active part in this annual celebration, and that all parents be urged to cooperate with the leaders and authorities in the observance that our children may have a safe and pleasant day."

Parents who wish their children's costumes judged or want their children to march in the parade must have the children in position no later than 3:25 p.m. in the fenced in paved area behind the Avon Park Recreation Center (the Old Armory) accessible via East Waycross Street.

Gates will be closed at 3:25 p.m. and judging will be from 3:30 to 3:45 p.m. at which time the ribbon will be awarded and the winner announced.

Children must be in position by 3:25 or they will be ineligible for the judging. Members of the PTO and judges will be on hand at 3:15 to start lining up the children. Children holding posters will indicate the group children should be lined up for judging.

Parents with very young children in the parade may take them out of the lineup in the vicinity of the theatre so that the young children may enjoy what comes after them in the parade. However, the PTO will be responsible for the safety of getting the children out of the line on North Verona between Bill Owens Ford and One Hour Cleaners as that street is closed for the parade and carnival. Just be sure to tell your child where you will meet him, parade sponsors say.

LITTLE JIMMY WISDOM is receiving the first checks for the 1975 Cystic Fibrosis Foundation Drive from Roger Taylor, (right) president of the Highlands County Bank of Avon Park and from Charles Hoke, president of the Avon Citrus Bank. Jimmy has Cystic Fibrosis and is helping the chairman of the Avon Park drive collect

funds. The checks and all other contributions will go to the South Florida Chapter Cystic Fibrosis Foundation in Miami. Jimmy goes several times a year to the University of Miami Hospital for tests and treatment, staying from three days to three weeks. His is the only known case in Avon Park. Photo — Miller.

Volunteers Will Collect For Cystic Fibrosis Fund

More than 35 volunteers for the 1975 Breath of Life Campaign will call on their neighbors this month, to ask their help in the fight for the millions of children across the nation who suffer from lung-damaging diseases.

The campaign's Door-to-Door drive will be conducted by the South Florida Chapter of the Cystic Fibrosis Foundation as part of its annual effort to raise funds for programs benefiting children with cystic fibrosis and other lung-damaging diseases.

"Our cause is a very important one. Lung diseases kill more children in this nation than any other disease except cancer," said Mrs. Lynn

Respress, chairman of the campaign. "Cystic fibrosis is the number one genetic killer of children."

According to Mrs. Respress, contributions to the annual Breath of Life Campaign will help support a national network of over 113 Cystic Fibrosis Centers, research projects around the world and various educational programs.

Cystic Fibrosis Centers, mostly located at teaching hospitals affiliated with leading medical schools and universities, provide diagnosis, treatment and referral to children suffering from cystic fibrosis, asthma, chronic bronchitis, bronchiectasis,

"childhood emphysema" and recurrent pneumonia.

Children with gastrointestinal disorders related to CF also receive similar services at these Centers. In Florida, Cystic Fibrosis Centers are located at The University of Miami Hospital, Miami; Baptist Memorial Hospital, Jacksonville; and All Children's Hospital, St. Petersburg. Additionally, there are clinics in Pensacola and Gainesville, and Research projects continuing at Florida State University, University of Florida and at the University of Miami.

"Through research, we hope to find a cure and control for cystic fibrosis," said Mrs. Respress. "Another goal of the research program is developing better methods of treating children with all lung-damaging diseases."

"Most of the funds that are raised in the Breath of Life Campaign go to these very important national programs," she said. "But, almost 50 per cent of the monies stay in this community to support services for local children with cystic fibrosis and other lung-damaging diseases."

Cystic fibrosis affects one out of every 1,500 infants born each year. Although incurable, cystic fibrosis can be effectively treated.

"Since the CF Foundation was established in 1955, remarkable progress has occurred in treating children with cystic fibrosis," the campaign chairman commented. "At that time, most children with this disease died early in life. Today, more than 50 per cent of children with cystic fibrosis live past their 18th birthdays, and that's a beautiful 29th anniversary, gift of life."

Christmas Cheer Calls Meeting

Work plans will be made at the annual meeting of Christmas Cheer, Inc., stated the Rev. Herbert D. Graetz, president of the group.

Besides making Christmas plans there will be an election of officers for the coming year. The meeting is scheduled for 4:30 p.m. Friday, Oct. 17 in the office of Mayor Marshall Davis at City Hall.

All participating organizations are requested to have representatives attend the meeting stated the Rev. Graetz.

Engineers Give Report On Sewer

A status report on the progress of the sewer improvement work was given to the Avon Park City Council by Engineer Tom Kelly of Dawkins and Associates.

On Project I, sewer treatment plant, very little progress is noted as the contractor, Johnson Engineering is bringing in equipment and gearing up for equipment fabrication. Plans are being made for a formal ground breaking ceremony with representatives from the Congressman's Office, Farmers Home Administration, city officials, engineers and contractors.

The Gator Utilities work on Project II and III, sewer lines and lift stations, is ahead of schedule according to Kelly. In some areas soil working conditions are better than expected while in other locations utilities are not in the locations expected.

Kelly stated coordination between utility companies and the contractor was excellent as the utilities appeared to be bending over backwards to help.

In his report on street blockage Kelly said that the sewer manholes were being placed routinely-dirt was stored, three used for backfill. There would be some street blockage at any given point for three to six weeks for backfilling. But keeping traffic moving at these points would aid in soil compaction with the resultant better stabilization of the street subgrade. The longer the wait, within reason before paving the street the more settling and cracking problems would be had on the new street surface.

Kelly questioned how long Highlands Ave. would be closed? Kelly replied it would be opened in about three weeks. But no paving would be done for about 45 days to allow for settling and compaction.

Councilman Robert Britt reported a 3-car accident on the detour route over Carolina Ave., primarily because of too high a rate of speed.

Kelly cautioned the council about children playing on the sharp edges of streets because of the danger of these edges breaking off.

A change order will be issued to the contractor authorizing

the use of clay as a base for city streets. This change is expected to save several thousand dollars. County and state routes through the city

will still utilized ironrock as a base material.

Some Projects Started I Would Like To See Finished- Mayor Davis

In seeking reelection to a second term, Mayor Marshall Davis stated the city has

Mayor Davis

projects started that I would like to see finished.

I have to agree with some statements some councilmen made that the city is in sound financial status at the present time because of the sewer improvement program, block

grant from the Housing and Urban Development program (HUD), revenue sharing and other sources including the budget recently passed. All of these will run between four and five million dollars.

I like to say, stated Davis, that I promise the people of Avon Park the same leadership that I have given the last two years.

We don't have everything done that I would like to see completed but we are working toward that end, for example, the rejuvenation of the Mall, removal of old junked cars around town, which involves equipment and legal procedures, general clean-up of the town of brush, weeds, junk and abandoned houses.

If elected I would like to see a continuation of the clean up of the city along with the completion of the present projects of sewer improvements and the HUD commitments. Another major item is the final of the beautification of the city's mile long Mall.

School Enrollment Up In County

Enrollment in Highlands County schools is up—about 152 students over the end of the first month of school totals for the same period in 1974, School Superintendent Ferrel Smith told the school board Tuesday.

"This is good news financially," he said, "because the administration is now predicting a possible increase of about 200 by the time the state Department of Education runs its first count, to figure the FTE (Full Time Equivalent) financial contribution."

"That count will be made the last week of this month, Smith told them, with a special tally—requested by the local school system—to be run for comparison the second week in December.

If the difference is significant that means five percent higher than the official count—the second figure he used, he said.

Some differences of student totals during the past fiscal year resulted in the county being short of estimated and budgeted funds anticipated leaving a deficit at the end of the fiscal year, Smith explained.

He had no explanation for the increase other than that a study would probably show it is due to rising costs in the kindergarten program.

While Smith read a resolution of commendation to

the late Superintendent George F. Douglass, Board Chairman Jack Wierck unveiled a handsome bronze plaque for erected on the new administration building assisted by Mrs. Douglass; Mrs. Ella Douglass, the superintendent's mother; and two of his daughters who were present for an open house and the presentation.

With a crowd of about 20 persons on hand, the school board:

—Voted to advertise for three-month bids on food items for county lunch rooms, adding fresh meats instead of canned meats for the first time.

Purchasing director Garland Boguss said a pre-bid conference with about six suppliers indicated prices may be in line with funds budgeted.

—Agreed to advertise for bids for three air conditioners for portables used under the Title I Migrant program, two at Avon Park Middle School and one at Avon Park Elementary.

—Endorsed an agreement with Gladys County, which will pay transportation costs of

APCI Employee Faces Marijuana Charge

An Avon Park Correctional Institution employee is free on bond following charges of selling marijuana to inmates and has been dismissed from his duties.

Willie T. Altman, 23 of Avon Park, was arrested in the early morning of Saturday, Oct. 4, by Detective Sgt. John Kendrick and Lt. Ed Dice of the Polk County Sheriff's Department and taken to Polk County Jail in Bartow.

The arrest followed an investigation conducted by Lt.

Paul Sheffield, an investigator at APCI, according to Kendrick.

Kendrick said the investigation was completely conducted by APCI employees and the sheriff's officers were on hand to make the arrest at the request of Sheffield.

The SUN was unable to learn further details when Sheffield was contacted. Sheffield reported the reporter to APCI personnel manager C.R. Hamm who only said Altman, a medical technician, was no longer employed at APCI.

Hamm Rescues Man After Boat Capsizes

An Avon Park swim and his wife came to the rescue when a sailboat capsized in Lake Bonnet Friday morning, Oct. 10.

Just before 11:30 a.m. people around the lake heard cries for help. Joe Hamm of Avon Park and James C. Corbett of Lakeland jumped into Hamm's johnboat and headed for the part of the lake where a sailboat had turned over.

By the time deputies from the sheriff's department had received and responded to the call, the rescuee had pulled Golden H. Smith and his sailboat to shore, all in good condition.

Hurner's Status And Salary Still Disputed

Acting County Extension Director Tim Hurner may get to see the \$2,670.25 pay raise county commissioners gave him after all.

In consideration of the additional responsibilities Hurner assumed after former extension director Bert Harris retired in December, 1974, commissioners had increased his salary by about \$200 per month.

However, effective with the Aug. 30 pay period, Dr. Joe N.

Busby, dean of the Florida Cooperative Extension Service, negated the raise granted Hurner by commissioners.

In his letter of Aug. 5, Busby informed the commissioners that he would reduce Hurner's salary by \$2,670.25 and would add that amount to the County Extension Director's position — a position he considers unfilled.

Busby said his action was "in keeping with the legislative intent of not providing pay raises to state employees in this fiscal year."

Dean Busby explained at the August meeting of county extension agents that counties could not increase their contribution to extension agents' salaries since the 1975 General Appropriations Act had stated that "no merit, cost of living, or any other salary adjustments, irrespective of the source of funding, will be permitted for State University System employees."

Busby had promised that

Free Blood Pressure Clinic Set

Another Avon Park Chamber of Commerce Service will be available Wednesday, Oct. 29th when the Free Blood Pressure Clinic will be held at the Avon Park Recreation Center, formerly known as the Armory.

James Crabtree, local chamber director, has worked on this project and the clinic will be held the last Wednesday of each month, at the Recreation Center.

The hours will be from 9 a.m. until 12 noon. Anyone wishing to take advantage of this free service is eligible. Qualified nurses and workers will be conducting the clinic. Telephone the local Chamber of Commerce office, 453-3350, for further information.

TELEPHONE INSTALLER-REPAIRMAN John Underwood started with the phone company 22 years ago in Sebring and is now working out of the Avon Park office. At this location he is connecting up 75 pairs of color coded wires to pins in a connecting block with each pin representing a place to put a wire to get to a phone. This is a three voltage system that has light identifications at each telephone station.

Grandview Terrace area. The Walker Memorial Hospital area would require a pump station near the lake and 1.6 miles of force main along U. S. 27. This extra area would have relatively little impact on the capacity of the sewer treatment plant but it will take time to prepare design and cost information because of the survey work required.

A discussion of employing a second inspector was held with Kelly stating they were already having interviews with applicants for this second inspection slot.

The easement for a force main has not been settled and Council President Wendell Williams stated he would try to set up a meeting with property owners to resolve the matter. The Environmental Pollution Department of Ft. Myers inspection report revealed that corrective action was needed on the present sewerage treatment plant because the plant did not operate as designed—there were no flow

meters and suspended solids accumulated.

In discussing the treatment plant condition Kelly explained that the primary thing was not being able to monitor sewerage flow. The flowing pond level was the same as the percolation pond with floating solids accumulating and giving off offensive odors. This was largely the result of running the plant for months without a sewer plant operator. As a result effluent was being discharged into the lake (Glenada) as there was no measure of treatment of the sewerage flow.

A letter is to be written to Paul Schouboe of the Environmental Pollution Control telling them of the sewer plant situation and changes during the new plant construction in an effort to bring it up to their requirements.

School Board Action

\$2.00 per school day for six students from the Tasmania area attending Highlands County schools in Lake Placid. Highlands collects FTE per student and other state remunerations. Smith explained.

—Approved superintendent's salary for Smith, effective Sept. 14, 1975 through June 30, 1976.

—Passed a resolution participating in the Polk County Film Library and Instructional Materials project, at a cost of 50 cents per student, using ADA (Average Daily Attendance) figures, after Smith and Lake Placid High Principal Malcolm Ross gave a brief, favorable report on the program.

—Voted to participate in the CETA (Comprehensive Employment Training Act) for 1975-76 after coordinator Sam Nixon explained that the system had been cut to 18 slots for the federally-funded Heartland Manpower Consortium administered grant, which hires low income

students at \$2.10 per hour. —Approved for the first time a list of substitute teachers used in area schools and agreed to circulate the list among principals.

—Agreed to allow Gideon International to distribute New Testaments to fifth graders in the county.

—Granted permission for building use for Avon Park Rotary Club, for the Avon Park Middle School auditorium, Oct. 28, 29 and Nov. 1, for a local talent night benefiting Ridge Area Association and the Hubert W. Coleman Fund, and waiving the use fee.

—Also granted a fee waiver to the Avon Park Bicentennial Committee to use the Avon Park Middle School auditorium for a community program, March 1, at the request of Mrs. T. H. Maxwell.

—Approved a \$300 supplement for a third assistant cheerleader sponsor at Lake Placid High School, for

the seventh through twelfth grade programs. —Approved requests for roof

repairs at Avon Park Middle School and a well at the Lorida School building.

Hurner Status

he would get an interpretation of the Act, hopefully, permitting counties to raise extension agents' salaries if they wished.

An Oct. 1 memorandum from J.T. McCown, one of the University of Florida's associate deans, informed county agents that university representatives, particularly Dr. K.R. Teferrell, had obtained Department of Administration authorization for counties to use their own funds to grant county agents salary increases if they so desired.

McCown's memorandum contained a possible "Catch 22" clause insofar as Tim Hurner is concerned. "Just to remind you, however," it said, "that salary increases for

county Extension Agents must still be approved by the District Agents and certified by Dean Busby."

Busby has already opposed Hurner's \$2,670.32 raise on grounds that it is inequitable.

"My salary administration is under federal audit and the annual rate presently paid Tim Hurner is more than \$2,900 above his top of the range of Extension Agents with comparable academic training and experience," Busby told commissioners.

County Attorney Robert Duntz Jr. was excused early from county commission meeting Tuesday so that he might discuss Hurner's position with members of the University of Florida's Board of Regents.

IN CELEBRATING THE Nation's Bicentennial year a 50 voice chorus directed by Evelyn Jones will perform Mendelssohn's sacred cantata "Hymn of Praise" at 3:30 p.m. Sunday, Oct. 19 at the Sebring Methodist Church. Photo — Miller.

Hymn of Praise To Be Presented At Sebring

"Hymn of Praise," a sacred cantata by Felix Mendelssohn, will be presented at 3:30 p.m. on Sunday, Oct. 19, at the Sebring First United Methodist Church.

The cantata will be performed by a full chorus made up of local musicians, The Young Highlanders, Inc., and a professional soloist and piano accompanist. Director of the Young Highlanders is Evelyn Jones of Avon Park.

The musical talent of this 50 voice chorus is made up of The Young Highlanders, Sweet Adelines, choral director, school teachers, pianist and organists, TV producer, secretary, retired Sunday School teacher, florist, electrician and several housewives.

The chorus is indebted to the guest artists and several Highlands County churches for helping with the program. Members of the chorus will appear in red, white and blue colored robes for the performance. A free will offering will be accepted to help defray expenses of the chorus.

Moody Chisholm, tenor soloist from Lakeland, is a professional choral director.

Dr. Virginia Davidson, soprano soloist, is professor of humanities at Polk Community College. She plays piano, organ and conducts, and her major instrument is her soprano voice. She has learned all of the Bach cantatas and has performed all but one. In 1971, she was awarded the Ruby Rose of Honor, which is an international community service award in the field of music. Dr. Davidson is a veteran performer in concert, for TV and oratorio.

Piano accompanists for the program will be Donald Meiser and Suzanne Arant.

Donald Meiser has been choir director at the First United Methodist Church in Sebring since 1969. He taught choral music at Sebring High School for 16 years, and he gives private piano lessons. He holds a Bachelor of Arts in music, and a Master of Fine Arts in music.

Suzanne Arant is the substitute organist at the First Baptist Church of Avon Park. She has served as church organist at the First Baptist Churches of West Palm Beach, Ft. Lauderdale, Daytona Beach, and Lake Worth. Mrs. Arant has served as accompanist for statewide conferences and has done concert work. She also has taught music at Palm Beach Junior College.

The public is invited to attend the Oct. 19 "Hymn of Praise" cantata, which will be a combination of community and professional musicians.

Hibiscus Circle Members Meet At Wayside Park

The Hibiscus Circle of the Avon Park Garden Club had its annual breakfast at the Wayside Park on Highway 27 Thursday. The variety of delicious food, was not exceeded by the appetites of the 15 members present. Scrambled eggs, sausage, grits with ham, grits and cheese, succulent flap, tomato juice, coffee cakes of several varieties, homemade jellies, hot buttered biscuits, and fried apples were some of the foods, for which the South is famous.

The setting by the side of the still, glassy lake was most appropriate for people who love the outdoors as the members of the Garden Club have demonstrated.

After the socializing, President Grace Boney called the group into the serious business of running an active organization. Mrs. Mildred Head, from the Founders' Circle, joined the group for planning the Christmas Tea, which is even more important than ever in this Bicentennial Year.

The following members are planning to attend the District Garden Club Conference in Winter Haven, Oct. 21: Mildred Myers, Mildred Logan, Gladys Smith, Ann Wilhite, Alice Sherman, Esie Caffee, Grace Boney, Laura Neubauer, Margaret Stewart, and Beanie Decker.

The Circle visited the APCI gardening group at 1:30 p.m., Wednesday.

The regular meeting was held at the home of Mildred Myers, Monday, 2:30 p.m. Mildred Logan was the co-hostess.

Postmaster Attends Annual Convention In Miami

Bob Young, Postmaster at Avon Park was a delegate at the 71st convention of the annual national Association of Postmasters of the United States, held last week at Miami Beach.

Postmaster Young served this past year as co-chairman of the National Convention Coordinating Committee. Nearly 3,500 Postmasters from the 50 states, Puerto Rico, and the Virgin Islands attended the annual event, according to the Host Postmaster E. Herbert Davis.

This represents over 10 per cent present of the nations Postmasters who, commented Postmaster General B. F. Ballar, are to be commended for their interest and concern for their profession and the Postal Service.

The annual convention, held in a different location each year, affords postmasters an opportunity to hold business sessions, educational meetings, seminars, panel discussions and consultation sessions with top officials of the United States Postal Service.

Postmaster General Ballar, the featured speaker at the Miami Beach gathering, was joined by several of his top aides to discuss policy and operational matters with the field managers of the postal service-the postmasters of the country.

Often called the nation's largest business, the postal service employs nearly 750,000 people, with a postmaster in

charge at each of the nation's 31,000 post offices. The offices vary in size from the largest at New York City, with more than 42,000 employees, to the small rural offices where the Postmaster often handles the entire business alone.

The National Association of Postmasters of the United States, with nearly 30,000 members, is headed by the Postmaster at Glendale, California, Hal L. Hemmingsen. O'Fallon, Illinois Postmaster John C. Goodman is the national Secretary-Treasurer.

The Association has a Chapter in each state in the nation and maintains a national office at Washington, D.C.

What Does The Lord Require

"What Does The Lord Require" is the theme of the programs for the year 1976-77 of the Women of the Union Congregational Church. They met for a coffee hour Wednesday Oct. 1 at 10 a.m. with Mrs. Helen Dickinson, the president, presiding. After a short devotional program led by Mrs. Grace Krenarick on the theme "What Does The Lord Require In This Present Time", Mrs. Lavina Radcliffe reviewed the coming programs.

Mrs. Dorothy James told about the books on the reading list giving a short resume of "God's Smuggler" by Brother Andrew. Mrs. Pearl Beach told

about the material aid program and the needs emphasizing the fact that all would be welcome at the fellowship and sewing each month on the third Wed. at 10 a.m.

The women were happy to have the new minister, the Rev. Mr. William Ziegenfuss, and his wife, present and welcomed them along with several other new folks.

After a short business meeting the meeting adjourned until Wednesday, Nov. 5 when they will meet again for a served luncheon, at 12:30 p.m. by a committee under the guidance of Mrs. Ann Robbins.

Sweet Adelines Plan Concert At Agr Center

Sweet Adelines, Inc. is an international organization with almost 30,000 women from all countries as members. The group is composed of women who like and want to sing.

The Highlands County Prospective Chapter of Sweet Adelines meets regularly at 7:30 p.m. every Thursday at the First United Methodist Church Fellowship Hall in Avon Park. One of their first major steps in obtaining a charter in the international organization was the election of officers, followed by the decision as to what type of government their organization would adopt.

Plans were also discussed to sponsor a program at the Agricultural Center in Sebring at 3 p.m. Sunday, Nov. 9. This will be a concert by the Citrus Capital Chorus, Polk County Chapter of the S.P.E.B.S.Q.S.A., Inc. This chorus placed first in the state competition this year.

The group will also present two quartets, the New Edition, and the Sunshine Association, both of whom have placed among the top singers in the state competition. Tickets will be available in the near future.

The Prospective Chapter of Sweet Adelines is directed by Evelyn Jones with membership being open to all women 18 and older. Since it is a singing organization, it is necessary that the members be able to carry their part, but musical knowledge is not a requirement. Most of the music is taught by rote and for this the only thing needed is a good ear.

Anyone enjoying singing the old type songs, please contact one of the officers or call the number below for any information. Any civic or other organization interested in having the chorus present a program please contact Shirley Gossick, president, at 433-0946.

Officers Tell Of Hunt Quota

Last week the Avon Park Rotary Club's program consisted of a very informative presentation by the Florida Fish & Game

Commission. Officer Fred Williams and Biologist David Austin spoke on the coming hunting season and the Lake Okechobee Fish Management Project.

The Avon Park Game Management Area, located at the bombing range, managed in cooperation with the Air Force. Because of this it is subject to being closed on weekends, even during the designated hunting season that runs from Nov. 8 through Jan. 4. All legal game may be hunted during this time, one exception being bear, which is considered illegal game in the management area.

Starting this year there is a quota on the number of hunters allowed into the area to help insure a quality hunt. During the first two weekends, permitted hunters only will be allowed into the management area, and the quota will be set at 2,000 hunters. Area Permits are required to enter the bombing range and hunters need their Area Stamp before they put in their application.

Hunters may apply at the Regional Office in Lakeland and the toll free number there is 1-800-222-8002. Mr. Austin indicates that prospects are very good for the coming season.

Concerning the Lake Okechobee Project, Fred Williams told the club that the lake has become overpopulated with fish, especially with

'trash' fish. There are so many fish in the lake that competition for space and food is limiting the size of game fish species.

The average size of specks is 34 inches smaller than last year. Because of this imbalance the Florida Fish & Game Commission plans to liberalize its regulations on commercial fishing. Sport fishing alone cannot do the job so commercial interests will be allowed to fish the open waters of Lake Okechobee to attempt to establish a more controlled situation.

The two representatives showed a short film on the subject to the Rotary Club which also mentioned the trouble the lake is experiencing with excessive nutrients that promote algae growth that is smothering the fish. Mark Nov. 1 on your calendar as Rotary Talent Night. This event will be held at the Avon Park Middle School Auditorium at 7:30 p.m. Donations are \$2.00 for adults and \$1.00 for children.

There will be \$200.00 worth of door prizes and to be eligible you must be in attendance with your ticket stub.

Entertainment will be a little of everything, from playing bones to duets. Come join us for a fun evening of family entertainment. Tickets are available from any Rotarian. All proceeds go to the handicapped.

Episcopal Women Plan Christmas Bonanza

The Episcopal Church Women of Avon Park held their first meeting of the 1975-1976 season Wednesday, Oct. 9 in the Parish House of the Church of the Redeemer. There was no communion on that day. The meeting started at 10:10 a.m.

After reading the minutes of the last meeting and the treasurer's report, Mrs. Alice Smith announced that no program had been arranged and Mrs. Anne Touchton would now be in charge of a work session. She had material for several projects to be offered for sale at the forthcoming Christmas Bonanza. This event is to be held on Saturday, Nov. 15 in the Parish House of the Church of the Redeemer.

Lovely hand made articles were being produced while members had a good time visiting and working with their hands.

Mrs. Touchton has had work meetings every Tuesday for the last month and will continue until Nov. 11 starting at 9:30 a.m. Members should bring a sandwich for lunch, coffee will be provided. There is nursery for pre-schoolers. All members are welcome.

The Bonanza will have several booths. A baked goods sale, white elephant, Christmas Decoration and a food bar. This will be in

operation when the Bonanza opens. All homemade goodies.

Come for breakfast, stay for lunch. It will be easier than

cooking at home. Please mark this date on your calendar and

plan to attend the Christmas Bonanza.

Avon Park Recreation Department Program Schedule

The Avon Park Recreation Department announced several programs to start shortly.

1) Sign-up for kids Arts and Crafts will begin Oct. 17 and run through Oct. 24. The class will be held each Tuesday at 4 p.m. for six weeks beginning Oct. 28. Simple crafts for kids ages 6-16 will be featured each week, with the finished product given to the child to take home. All participants must sign-up before Oct. 24.

There will be a "Halloween Happening" for all children 6-

10 years of age at the Recreation Center Thursday, Oct. 23 from 4-6 p.m. Lots of games, fun and refreshments for all who wish to wonder over. Parents please have kids wear Halloween costume. There will be a costume judging.

3) "Halloween Dance" will be held at the Recreation Center Oct. 25 from 9 to 12 p.m. The dance will feature a live band and will be open to all Avon Park kids 13-18 yrs. old. Make plans to be there.

South Florida Jr. College District Tournament Matches Begin

Sporting a field of 91 players, the South Florida Junior College Tennis Classic got underway Friday, Oct. 3. Players from Polk, Hardee and Highlands counties are playing in 45 first-round matches throughout the SFJC district. Winners of the first round

matches in all nine of the separate brackets will be moving on to subsequent rounds throughout the next three weeks. Finalists will be paired off at 9 a.m., Saturday, Nov. 1, at the SFJC tennis courts. Prizes from local merchants will be presented at that time, and the public is invited to attend.

Scores for the first round matches as of Oct. 10, include the following:

Men's Singles (A) - Bengtson over Whitehead, 6-1, 6-2; Baker over Graham, 7-6, 6-3; Whitaker over McLean, 6-3, 6-8.

Men's Singles (A) 35 and over - Jordan over Page, 6-1, 6-2; Hancock over Whitaker, 6-1, 6-1.

Men's Singles (B) - No Scores.

Men's Singles (B) 35 and over - Cotton over Hernandez, 6-1, 6-2.

Men's Doubles - Delaney and Jordan over Mercer and Regan, 6-1, 6-1; Shepard and French over Shumaker and Richardson, 6-3, 7-6; Page and Johnson over Senkark and Farless, 6-0, 6-0.

Ladies Singles (A) - Lloyd over Smith, 3-6, 6-2, 6-4; Marrow over Carlisle, 6-0, 6-0.

Ladies Singles (B) - No scores.

Ladies Doubles - No scores. Mixed Doubles - Bailey and Janszelo over McLean and McLean, 7-6, 6-3.

Mens Volleyball Gets Underway

The APRD's Men's Volleyball league got under way Oct. 7, with some exciting games. The league now consists of five full teams of men playing every Tuesday 7:30 and Thursday evening at 7:30 on and 8:30 All games are played on the Recreation Center court or the First Baptist court just 21-16. The 8:30 games had the next door. Even though there weren't as many teams involved the first week of play as there were last year, it is hoped several more teams will join in the second week.

Any group of men from 6 to 13 members may form a team to compete. The age range is from high school on up. If you have a group of men, or you are just an individual interested in

some exciting exercise and fun contact the Recreation Department at 453-6881 after 3 Last weeks games' results were as follows: Tuesday at 7:30 the First Baptist Blue team won by a forfeit, while on court two, Sebring defeated Wells Motor Company 21-9 and the First Baptist court just 21-16. The 8:30 games had the Seventh Day Adventist putting it all together to whip the First Baptist Red team 21-19, 19-21 as there were last year, it is hoped several more teams will join in the second week.

Company came back to defeat First Baptist - Red 21-11, 21-6. In the last game of the First week, First Baptist - Blue won its match against Sebring by the scores of 21-10 and 21-19.

Handy hints

Tools, screws and nails placed on the shelf of a stepladder is moved or climbed. To prevent this, fasten the lid of a toolbox to the stepladder shelf with thumb tacks. If you have a metal stepladder, use adhesive marking tape. The lid is easily removed when the job is finished.

A large screen door handle fastened to a stepladder makes the ladder easy to carry. Find the balance point and fasten handle there. Use sheet metal screws on a metal ladder.

Ghana Missionary To Speak At Womens Council November 13

The Women's Council of the First Christian Church met in the fellowship hall of the church Thursday evening with Mrs. Nell Hamilton as hostess assisted by Mrs. H. J. Rutherford.

During the business session reports of officers were given and plan made for future meetings.

Miss Dorothy Eunson, a missionary from Ghana, Africa will be the guest speaker at the next meeting Monday, Nov. 13.

A letter received from Mrs. Robert Miller telling of her work with the children in New Zealand and expressing gratitude for the visual aids and other material sent her by the council was read. Mrs.

Miller and her husband recently went to New Zealand from Lake Wales where he ministered to the church there for a few years.

A news item was read concerning the campaign by Cecil Todd, Joplin, Mo. based evangelist of the church seen on area television each Sunday morning in "Revival Fires," sponsored by the Independent Christian churches, against unsuitable television programs.

The lesson study was conducted by Mrs. Edward Simon.

After the meeting, refreshments were served from a table graced with pink hibiscus blossoms and sprigs of greenery.

FIRE PREVENTION WEEK was marked in Avon Park with various projects. The Avon Park Fire Department put on a demonstration Friday for students at Hopewell School showing how the nozzle on top of the pumper truck pumps 1,000 gallons of water per minute. Shown with a group of the students is, left to right, Fire Chief Mack Flowers, Larry Butler (atop the truck) and Jerry Snell. Photo—Gobbie.

Diane Murphy

Honored At Tea

A tea honoring Miss Diane Murphy, bride-elect of Ken Harrison, was held at the home of Mrs. Emily Biggs Saturday, Sept. 27. Co-hostesses were Mrs. Lealie Cress, Mrs. Bud Edge, Mrs. Harley Metheny, Mrs. Charles Moseley, Mrs. Fred Reddick and Miss Mildred Myers. Dainty sandwiches, cookies and cake were served with punch or tea. Arrangements of roses decorated the party room.

A large number of guests attended the event to honor the bride-to-be during the afternoon.

Minister Honors Board Members With Dinner

The Rev. and Mrs. Byron Schortinghouse honored their church board members and their wives with a dinner Saturday, Oct. 4 in their home.

The Rev. Schortinghouse has pastored the Avon Park Church of the Nazarene for more than a year. The occasion

marked the second dinner given by the Rev. and Mrs. Schortinghouse for the church board and their wives.

Mrs. Fuschia Anderson returned to Avon Park for the winter recently after visiting her home town of Greenville, Tenn. She also spent part of the summer with her son, Bill Anderson, a correspondent with the Chicago Tribune. Mrs. Anderson returned to Florida by car with her son who had just completed a trip through Europe with the Secretary of the Navy.

Mr. and Mrs. James H. Stutz have arrived in Avon Park to make their home here with their aunt, Mrs. Edna Jackson, 49 N. Highlands Ave. The Stutz', from Toledo, Ohio, say they are happy to be in Florida. They have visited here on numerous occasions and love the lakes and the climate.

Academy To Present Program

The Highlands Lakes Junior Academy band and choir, under the direction of Daniel McAlain, will present a special program Saturday at 8 p.m. in the Highlands Lakes Junior Academy Gym.

There will be no admission fee and everyone is cordially invited to attend.

Scout Troop 156 To Have "House Of Fright"

Once again plans are in the making for the opening of the Boy Scout Troop 156 Haunted House. Betsy Smith, chairman of the Festival of Fear said they are expecting the haunted house to be even better this year. Among some of the changes this year we are calling it the "House of Fright".

The "House of Fright" will run for three nights this year so the large crowds of people will find it easier to go through the frightful house. It will be open from 8 to 11 p.m. on Oct. 23 to 25.

To help fight inflation we are keeping our price of 50 cents, the same as last year, stated Betsy Smith. There will be a refreshment tent this year with juice, coffee, cupcakes, candied apples along with other Halloween goodies. Another service provided for patrons

will be someone to watch the small children who may be too afraid to go through the "House of Fright", while their parents go through the house.

Last year adults, young and old, raved about the haunted house so the "House of Fright" is not just for kids. If you like to be frightened out of your skin or if you think you can't be frightened, come go through the "House of Fright". We Dare You!

Hall Challenges

World Budding Champion

In answer to last week's article on budding championships and challenges, let's talk professionally. Hughton Foy Hall told The SUN.

Hall resides at 109 East Charles St., Avon Park, and guess what, he is a citrus budding contractor. His father-sub-contracted growing Ward's Nursery for some twenty years. It was here that Foy began following his dad's footsteps, and learning firsthand from a truly great citrus nurseryman.

Foy's dad, Huston M. Hall, passed away some three years back, but ole Foy even though he was just 20, went on struggling to build a business in a somewhat slow trade, now that the biggest part of citrus development in Florida had been finished. Well, he did it, now he makes a modest living budding when the season is in and planting citrus trees the other part of the year with a few pieces of updated equipment he managed to pick up.

Now let's tell you something wise that you probably don't know. First of all there were no speed-budding records kept until this fantastic feat of Lillian's, Foy said.

Foy started wrapping (the procedure of putting a strip of plastic around the bud or graft to protect it while healing takes place) when he was about 12 years old. He has been budding only four years to date, that's the procedure of making the incision and placing the graft in the seedling.

Now he has never tried to set any records but he has commonly budded in excess of 3,000 buds in work periods from five and one-half to six hours, which is all the time he had after cutting his own budding wood and wraps plus keeping his employees straight in the run of a day. What he always strived for was quality work and a good live of buds even if it cut his speed, you see he guarantees his work to a 95 per cent degree. "I might also add I have achieved this 95 per cent live of buds for Minute Maid the past three consecutive years without rebudding (the procedure of going back and budding a second time those buds you tossed up the first time) except on two occasions when he was training another budding and another time when he received some experimental

EXPLAINING THE PROCESS of citrus budding is Foy Hall who said quality is more important than speed. He said there is no accurate bummer for measuring speed

since percentage of trees that must be rebudded is a more important measure of success. Photo—Gobble.

CITRUS BUDDER BY Hall demonstrates the process of citrus budding. He said quality is what counts and guarantees a 95 per cent live although he actually "produces a

larger percentage of live." Hall said citrus budding for speed is bound to leave something to be desired in quality. Photo—Gobble.

wood that had gone bad in shipping," Foy said.

Now, the total of those three years at Minute Maid are approximately 4,000 seedlings. The number of seedlings to be rebudded on those two rare occasions was a mere seven or eight hundred seedlings. That's what you call meeting a guarantee, and it can be verified through Coca Cola Foods Division, owner of Minute Maid.

He also achieved a 96 per cent live when doing some topwork-grafting of some eight to twenty year old sour oranges last fall. In this procedure an average budder would have lived an approximate 75 to 80 but he delivered his guarantee again without rebudding. Verification again can be sought through Aphawa Groves, Clermont, Fla.

So you see he is not out to set any world records or even to challenge any, but he will sure do some quality work, because he knows what he's doing. Perhaps he should self-proclaim a record for lowest mortality rate of buds but he won't, he said.

As a last little fact, if he had been asked three years ago if citrus was grown in Louisiana, he would have said yes and added that it is also grown in Arizona, Texas, and as we all know California. It is also

growing rapidly in South America and Australia where incidentally, he has heard some budding put in 8,000 buds a day single-handedly, but still no mention of how good the buds lived.

Speed is only a matter of time, but quality should have no limits. So you see there is more to budding than just slipping a bud and claiming a record. It is a skill that has to be done right and budding for speed records will only induce the chances of error. Ask any citrusman.

Post Office To Upgrade Service

The U. S. Postal service has implemented a plan to upgrade first-class mail service so that it will receive service equal to or better than air mail.

This major service improvement became effective Oct. 11.

For the mailing public, the practical effect of the first-class improvement plan is that domestic first-class postage will purchase the level of service that previously only air mail could buy. Under the new program there no longer will be an advantage in purchasing air mail postage for domestic delivery.

Priority mail (now starting at 14 ounces), which includes air parcel service and international air mail, are unaffected and will continue in their present form.

Air mail stamps will still be sold for use on priority and international air mail. However, customers may exchange air mail postage, cards and envelopes, at full value for ordinary stamps, envelopes and cards.

To aid postal customers, maps showing the cities and areas targeted for next and second day delivery for mail from Sebring will be on display in the post office lobby.

Special Time To Register

There will be a special time for working residents of Avon Park to register for the upcoming city election on Dec. 1, 1975, stated Jimmy Whitehouse, Supervisor of Elections of Highlands County.

The special registration time arranged by Whitehouse is from 6 to 8 p.m. Thursday (tonight), Oct. 16, at the Avon Park City Hall.

Newcomers to Avon Park and others who have not registered to vote can either register at this time or they may register on Friday, Oct. 17 from 8 a.m. to 5 p.m. at the Avon Park City Hall.

Those non-voters of Avon Park who do not find it possible to register either of these two days can still register to vote on Saturday, Oct. 18 from 9

a.m. to 5 p.m. at the office of the Supervisors of Elections at the Commerce Ave. Courthouse annex in Sebring, said Whitehouse, who urged all non-voters to register and vote in the Avon Park City Elections on Dec. 2, 1975.

Once the books are closed, Whitehouse continued, no one can register to vote in that particular election, even if otherwise qualified.

Wildlife Agency Blasts CBS

The Game and Fresh Water Fish Commission has fired back at the Columbia Broadcasting System and the recent special presentation "Guns of Autumn". According to a resolution adopted by the Commission, CBS tried to paint all hunters with the same brush, and the brush used by the program producer was a dirty one.

The resolution registers firm objection to the program's failure to deal fairly with the subject of hunting in America, pointing out that the special show presented only a fragment of the total hunting scene and dwelled on opening days and the killing of big game animals.

Commission Director, O.E. Fry, said, "We agree that unethical hunters do exist but they do not represent the majority of sportsmen who take to the forest and marshes for love of the outdoors and the chance to harvest a portion of the annual crop of wild animals and birds."

Fry continued, "Show me a dedicated duck hunter and I will show you a guy with more concern for the well-being of waterfowl than the individuals who clamor for him to stop his hunting. Without the hunter, we would not have the wealth of wildlife that we have today, as precious few dollars, other than those contributed by the

hunter, are available for conservation and management of wildlife."

Copies of the resolution have been forwarded to CBS and the Federal Communications Commission.

Youth Services Staff

Attends Juvenile Justice Forum

Representatives of the Divisions of Youth Services staff in Highlands County attended the inaugural session of the Juvenile Justice Forum for Polk County.

Clifton M. Kelly, chief judge for the 10th judicial circuit, said his decision to establish the forum came "after study and consideration of the recommendations contained in

the Florida Bar's 1974 long range planning retreat report."

He said the primary purpose of the forum is identification of juvenile justice problems and consideration of workable solutions.

Judge Kelly had experimented with inter-agency forums in Highlands County for more than a year

prior to his launching similar groups in other parts of the 10th circuit.

Highlands County representatives who attended the Oct. 2 meeting in Bartow said they shared with the new group some of insights they have gained through the workings of the Highlands County Criminal Justice Forum.

"REMEMBER, GRANDPA, WHEN..."

How Grandpa loves to hear that young voice say those magic words that mean, "We had good times together! I appreciate all the wonderful things you did for me when you were younger and able." Old folks love attention. They need it. They deserve to have it. They've spent their lives helping us, many times at the expense of their own desires and plans.

God commands us in Leviticus 19:32: "Thou shalt rise up before the hoary head, and honour the face of the old man, and fear thy God. I am the Lord."

Honor the older ones, too, by attending church this week and taking them with you.

Calvin's Column

By CALVIN GIBBS

Hi Friends!

Although it was October 12, 1492, when Columbus first landed in America, October 13, was the official celebration day all over America. Columbus made three voyages to America, yet when he died, he did not know that he had visited a new continent. Columbus thought he had been to China and questioned previous reports of China as accounted for in books written by Marco Polo.

Columbus had three vessels on his first voyage. They were the Santa Maria and two smaller vessels, the Pinta and the Nina. The vessels in which Columbus sailed on all his voyages were made of wood and had no engines or motors, and very few comforts, as compared to the great ocean liners of today. The Santa Maria was manned by 40 men, the Pinta by 26 men, and the Nina by 24 men. There were boats for only a few of the officers. The cooking was done with wood in a firebox on deck. These ships had no log compasses, but no log to measure distance and no instrument for "shooting a star" except a crude quadrant that was not accurate when the ship rolled. Columbus navigated by dead reckoning. He knew just enough celestial navigation to measure latitude from the North Star.

Honored in bridal shower

and enjoys cooking, playing basketball and helping others.

Improvement Club for young people and enjoys traveling and meeting people.

Mrs. Bennett, whose love for children is evident said she has seen many changes in Special Ed, most of them good.

Citizens of the Week:

Special Programs:

The C-Lords-C of Miami will be presented in songs and music beginning Saturday night, Oct. 18 at the Church of God in Christ of Lake Placid; Sunday evening Oct. 19 at 3 p.m. at the Church of God in Christ in Avon Park and on Sunday night Oct. 19 at the Church of God in Christ of Sebring.

Humor of the Week:

"A speech is like a bad tooth: the longer it takes to draw it out, the more it hurts."

English Question for the Week:

Sentence: Stop!

Question: What is the subject?

Answer: In an imperative sentence if nothing or nobody is addressed the subject is "You."

Thought Conditioner for the Week:

If your mind is filled with defeat thoughts, fear thoughts, resentment thoughts, you are bound to be in a state of mental unrest, even turmoil, and of course there can be no inner peace.

This passage advises you to practice thinking about God, to keep your mind "steeped" or fixed, not upon your troubles but upon God.

Keep your mind on God for as many minutes during the day as possible. This may be difficult at first for you are unused to spiritual concentration. Practice will make it easier.

Thou wilt keep him in perfect peace, whose mind is stayed on Thee.

Isaiah 26:3

Special Programs:

The C-Lords-C of Miami will be presented in songs and music beginning Saturday night, Oct. 18 at the Church of God in Christ of Lake Placid; Sunday evening Oct. 19 at 3 p.m. at the Church of God in Christ in Avon Park and on Sunday night Oct. 19 at the Church of God in Christ of Sebring.

Humor of the Week:

"A speech is like a bad tooth: the longer it takes to draw it out, the more it hurts."

English Question for the Week:

Sentence: Stop!

Question: What is the subject?

Answer: In an imperative sentence if nothing or nobody is addressed the subject is "You."

Thought Conditioner for the Week:

If your mind is filled with defeat thoughts, fear thoughts, resentment thoughts, you are bound to be in a state of mental unrest, even turmoil, and of course there can be no inner peace.

This passage advises you to practice thinking about God, to keep your mind "steeped" or fixed, not upon your troubles but upon God.

Keep your mind on God for as many minutes during the day as possible. This may be difficult at first for you are unused to spiritual concentration. Practice will make it easier.

Thou wilt keep him in perfect peace, whose mind is stayed on Thee.

Isaiah 26:3

HOUSE OF FRIGHT

Betsy Smith, at left, and Dee Fish, chairman and co-chairman, show some of the masks that will be used in the "House of Fright," that is being sponsored by Boy Scout Troop 156 at the Scout House, 105 N. Butler Ave., in Avon Park. The spooky house will be

open from 8-11 p.m. Oct. 23-25. Tickets are 50 cents per person. Tickets are available from any troop member and also will be sold at the door. A refreshment stand will be set up on the grounds. The public is invited to attend.

Cooper Seeks Sheriff's Post, Raulerson To Run Again

Election year politics, revving up on the sidelines in recent weeks, rumbled onto campaign road Tuesday. Richard Cooper of Sebring formally announced his intention to seek the Democratic nomination for Highlands County sheriff.

Incumbent O. L. Raulerson Jr. has indicated he plans to run for his second full term in the sheriff's post. In 1972 Raulerson turned back a challenge from former deputy J. C. Murdock to take the Democratic nomination and election to a full term in the office he had filled since 1970.

Cooper, formerly a sheriff's department investigator, resigned from the department in July. This week he cited disagreements over the handling of the Whittington cattle rustling charges as part, but not all, of the reason for his resignation.

"We have some of the best men we could have in law enforcement now, but they don't have a leader," Cooper said. "My decision to resign and run is a result of the way the department is being run."

Both Cooper and Raulerson joined the sheriff's department staff during the administration of the late Joe Keene. Cooper said Tuesday he plans to follow Keene's person-to-person campaign style.

Cooper is a native of Highlands County, a graduate of Sebring High School, the

South Florida Junior College law enforcement course and several special courses in various phases of law enforcement.

He joined the department as inside dispatcher and jailer and worked up to the rank of lieutenant. He is now owner of R. and J. marine sales at Sebring.

Cooper is proud of a family tradition in law enforcement. His grandfather, Sam Pasco Cooper, was a deputy sheriff; his father, W. P. Cooper, is a member of the state fish and game staff; a brother George is an investigator for Sebring Police Department, and a brother, Kenneth is with the Florida Highway Patrol.

Merchants Gift Check

A clean bill of health from the Highlands County Sheriff's Department has lifted the suspicion which descended upon the Merchant Gift Check Program last week.

Despite the general satisfaction of merchants involved, many persons in the area still cannot believe they are "getting something for practically nothing."

One merchant, unhappy about participation, has sought to impose restrictions which were allegedly a part of the original agreement.

The restrictions, requiring a \$30 minimum purchase before a \$5 gift coupon will be honored, have resulted in Irma McCullough of the

Family Store being sued by Mutual Advertising Agency. The Merchant Gift Check Program developed by Mutual Advertising Agency solicits gifts of merchandise and/or service from area businesses. Gift certificates are bound together to form a coupon book sold to individual customers at a price well below market

Halloween Parade Slated

Time brings many changes but not to the Halloween celebration in Avon Park. For more than 40 years, Avon Park has celebrated the spooky season with its time honored customs to provide youngsters a "fun" and safe way to celebrate.

The traditional parade will get underway at 4 p.m. Saturday kicking off an evening of fun for the young and the young at heart.

The parade will abound with floats, decorated cars, lively bands and pretty girls but the highlight, as in years past, will be the little ones in their costumes parading along the

attending the carnival and have a barrel of spooky fun.

Floats in the parade will enter Verona from Bell Street. There will be no horses in the parade or in the downtown area during the parade and carnival by order of the Avon Park City Council.

The crowd will have a variety of thirst quenchers to choose from with shady rest areas available. Stands at the carnival will feature snow cones, colas, tea, and lemonade. The Lions will have barbecue chicken and there will be personalized cup cakes. The country store will be inside the Recreation Center

with browsing and buying encouraged. The popular gopher race will be beside the recreation center.

A carnival is never complete without an old-fashioned cake walk. Donations of cakes are welcome and should bring them to the gate from 3:15 to 3:45 p.m. Boxes will be provided.

The pickpocket balloon selling clown will be everywhere. There will be a grab bag, floating ducks, fish pond and the ever-popular "apples on a string." A ring toss will be available and if you have a good throwing arm, there will also be clown bean

bags, basketball, darts at balloons, wet sponges and the cane toss.

Have fun and support the PTO's efforts to provide needed equipment for the elementary school.

Don't forget to visit the Boy Scout Troop 156 Haunted House on North Butler Street. Cub

Scout Pack 156 will have caramel apples for sale and the Girl Scouts will have candy on sale.

So boys and girls do your trick or treating by 9 p.m., go to the DCT's Spook Show at the Hilans Theatre and get home before the Great Pumpkin arrives in Avon Park.

Theft At Service Station Under Investigation

Highlands County sheriff's department is continuing its investigation of a theft at the

Super Test service station on U. S. 27 at Avon Park.

Donald Hertz told investigators that a bank deposit bag which had been in the station desk drawer had been opened and bills inside the bag removed. He missed the money about 5:15 p.m. on Oct. 15.

He recalled that 30 minutes earlier that three men had driven up in a Cadillac with a 3W tag. The men asked him to check some things under the hood of the car while he was checking, two of the men went into the station.

He said the car had headed south from his station. Later the same evening three suspects were taken into custody at Dundee, but were released after investigation failed to establish evidence that these men had taken the money from the station.

Blood Pressure Clinic Changed

The time for the free blood pressure clinic has been changed from the last Wednesday of the month to the first Thursday of each month, beginning Nov. 6.

The free blood pressure clinic, sponsored by Walker Memorial Seventh-Day Adventist Church, is open to everyone. There will also be diabetic screening and those wishing to take advantage of that phase should bring a small urine sample in a clean bottle. The diabetic screening is a urine test which detects high sugar levels in the body.

The clinic will be held from 9 a.m. to 12 noon the first Thursday of each month beginning Thursday, Nov. 6 in the Avon Park Recreation Center (Old Armory). Walker Memorial Seventh-Day Adventist Church is assisted in the program by the Avon Park Chamber of Commerce.

Cystic Fibrosis Foundation. The Keyettes were paid by the hour for their services as telephone sales personnel, to deliver coupon books and collect the fees. The girls' salaries and a bonus of \$1 per book sold were to be paid to the club treasury.

The Highlands County books - involving gifts from 46 businesses and ranging from one tropical fish to a \$20 bottle of perfume, from an airplane ride to a haircut - are selling at \$13.95 each.

Program Given Clean Bill Of Health

Family Store being sued by Mutual Advertising Agency.

The program began in Highlands County two weeks ago, aiming at sale of 1,500 coupon books.

Sales of the gift coupon books had been suspended temporarily. Early Wednesday the advertising agency announced plans to resume

sales Thursday, Oct. 23. Approximately 20 employees would resume the calling and delivery work at 9 a.m.

When the program was started operating locally, members of Sebring High School Keyettes Club served as sales and delivery staff. A percentage of all profits have been promised to the local fund drive for the

Hospital Receives Fetal Monitor

The fetal monitor presented to Walker Memorial Hospital by the Highlands County Chapter March of Dimes will greatly reduce fetal deaths, stillbirths and newborn fatalities by enabling doctors to diagnose prebirth problems and anticipating difficulties which may arise.

Walker Memorial is one of the few hospitals of its size which has the unit which came into general use three to four years ago. Similar machines have been in the testing stages since 1972.

Income from the money-losing ob-gyn department of the hospital has not been sufficient to purchase such equipment and hospitals as small as the local one must depend on outside funds for such purchases.

The unit cost \$7,000. Funds were raised for the purchase through the March of Dimes walk-a-thons and Mothers Marches locally.

In addition to this recent purchase of the FETAL MONITOR, the Highlands County Chapter March of Dimes has over the last three years contributed \$14,700 to the birth defects research and treatment centers in Gainesville, Miami and the new center at Tampa General.

March of Dimes has also in the last three years sent in excess \$30,000 to the National Foundation March of Dimes for research, public education, grants, and other programs for

the fight against Birth Defects. In Highlands County, March of Dimes has rendered financial assistance to families with children afflicted with serious birth defect problems and has purchased special equipment for numerous other birth defect victims.

In an effort to promote public education we have supplied books on birth defect treatment and prevention to all libraries, high schools, junior college, hospitals, doctors of obstetrics and pediatrics, as well as our County Public Health

Department. Several trips were conducted to the birth defects Center in Gainesville for many High School Students.

This Chapter is now planning new programs for Highlands County and would appreciate all suggestions as to the needs of any individual or group for

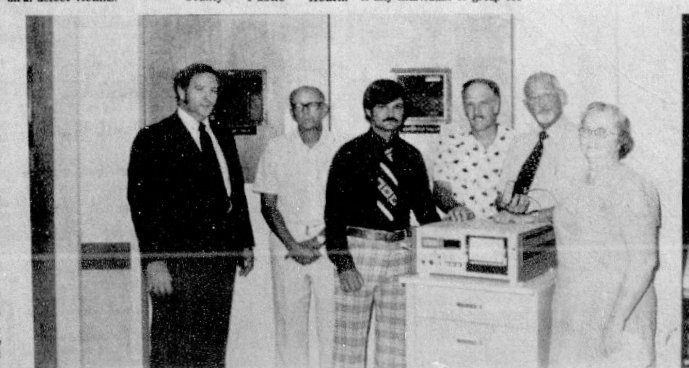

financial assistance, treatment or education related to birth defects.

The March of Dimes asks for your continued support in the battle against Birth Defects.

Lions Club To Offer Barbeque Dinners

The Lions Club will have a food booth at the Halloween Carnival in Donaldson Park from 4 to 7 p.m. Saturday featuring barbeque chicken. No advance tickets will be sold and serving will be on a "first come, first served" basis. The price is \$2.50 and includes one-half chicken, baked beans, roll, apple sauce, tea or coffee. Soft drinks are extra.

A spokesman for the Lions Club expressed appreciation for the community's support for the Lions' worthwhile projects and urged all to come to the Carnival, enjoy some good barbeque chicken and have a lot of fun with many attractions available.

THE FETAL MONITOR shown in this picture provides great advantages to doctors in preventing fetal fatalities, stillbirths and newborn mortality. Walker Memorial Hospital, being small and remotely located, is fortunate to have the valuable machine. The Fetal Monitor was presented to the hospital by the Highlands County March of Dimes with funds derived from walk-a-thons and the

Survivors include his wife, Hazel; four daughters, three sons, one sister, 30 grandchildren and 29 great-grandchildren.

Time To Set Clock Back Hour

Countians will have an extra hour to sleep Sunday when the nation goes off Daylight Saving Time.

Pursuing the old adage of "spring ahead, fall behind," clocks should be set back one hour before retiring Saturday night. Thus when you arise at 7 a.m. by the clock, it would have been 6 a.m. before the change. There will be no changes in Highlands County school hours. The only difference will be that students will have a longer period of morning daylight as days grow shorter.

PROBATION AND FINE
An Avon Park youth charged with possession of marijuana has been placed on probation for two years. Charles Henry Lanier was also ordered to pay a fine of \$150 within six months. Judgment was withheld on the felony charge.
