City Awards

\$2.8 Million In Sewer Bids

By LEW MILLER

The old business to come before the Avon Park City Council was a report of the progress made on the sewer improvement project by Tom Kelly Dawkins and Associates. Kelly stated they had completed the design changes previously suggested. Change orders had been discussed with the apparent low bidders but because of the time element they still did not have final prices. However, Kelly did not anticipate any problems.

An official letter of recommendation was presented by Kelly for awarding conditional contracts to Johnsen Engineering Company for the sewer plant (Part I) and Gator Utilities for a combined low bid on the sewer lines or Parts II and III. These are subject to all of the requirements of specifications and of the Farmers Home

Administration (FHA). Requesting a change in sewer locations on S. Verona Ave. between E. Camphor and E. Canfield St., former city president Clarence King told of an unrecorded five party private sewer line in an alley and that the proposed new sewer location in this area would be an economic hardship

for several of the families to tie into the new line.

Walter Reppas speaking for a group from Grandview Terrace and Fairview Terrace stated, they had a six foot easement through their property for sewer, water, etc. and would rather have it at that location than as proposed.

Tom Kelly explained that the contractors prices are good for 60 days and 30 have already passed. After the contract was signed, a notice to proceed would be given to the contractor. Then the contractor can be asked to hold up work on certain areas, or a change order issued for additions, deletions or changes in the work to take care of the problems such as the two requests that were made.

He could not give a price on the proposed changes in the Lake Isis area at this time. Kelly explained it probably would be after the start of construction before the most favorable price for this change could be obtained from the contractor.

In regard to easements City Attorney Jack Hancock stated he must certify the easements and that they are available. After having talked to Mr. Eldridge of FHA, he thought he could go ahead with the certification as only about 10 per cent are unsigned, mostly in the Lake Isis area.

Attorney Hancock said if the Lake Isis situation went into the courts the extra costs of making a change in the sewer lines would be a factor.

It was moved by the council to award the contract for the sewer plant (Part I) to Johnsen Engineering Co. for \$662,975 and to Gator Utilities, for sewer lines (Part II) \$1,241,196.79 and sewer lines (Part III) \$1,094,084.85, less \$60,000 for combined Part II and III contracts with the conditions as outlined by the engineers and with the Lake Isis work to be held in abeyance.

It was also moved that future problems and changes that are proposed be forwarded by City Clerk Malcolm Crews to the engineers for study and their recommendations back to the council.

When asked for comment Phil Wooten of Lake Isis said, "It appeared to be no alternatives and why beat around the bush — We want it squared away. We want what is best and leave the matter entirely up to the council."

NORTHERN DISTRICT MANAGER for the United Telephone Company, Charles Bryan (right) presented a five year proposed franchise to the Avon Park City Council with a standard one per cent franchise fee, as set

by the Public Service Commission of the State of Florida. To the left are Councilman Ed Touchton and Council Vice-president Milton Howard. Photo—Miller.

United Telephone Receives Five Year Franchise

Coming before the city council at their regular Monday night meeting, Charles Bryan, manager of the northern district of the United Telephone Company presented a proposed franchise for a five year time period. Bryan said the one per cent franchise fee was standard as set by the Public Service Commission. The Avon Park franchise is for five years, Arcadia, a two year period, and surrounding cities are for a 30 year period.

The franchise with Avon Park expires on October 1, 1975. The proposed renewal benefits gathered at City Hall in Avon Park Monday of last week surpassed any observers had seen in the past.

A check with the State Employment office in Winter Haven where the representatives processing

\$400,000 to beef up their facilities. With the increased activity and building on the Bombing Range another cable costing \$235,000 will be placed. During the past year the telephone company purchased five acres of land on Lake

Denton Road and hopefully will break ground in the near future for a new work center that will serve all of Highlands County. The county passed Ordinance No. 368 granting the United Telephone Co. a five year franchise.

Local Unemployment Picture Looking Darker

The record-breaking crowd seeking unemployment benefits gathered at City Hall in Avon Park Monday of last week surpassed any observers had seen in the past.

A check with the State Employment office in Winter Haven where the representatives processing

unemployment claims in Avon Park are based revealed there were 290 claimants interviewed by the unemployment people.

The figure is exactly double that of a year ago when only 100 claimants processed claims locally and 25 more than the claims processed two weeks before.

The figures show the sharp rise in unemployment compensation cannot entirely be attributed to stoppage of citrus processing.

The state operates an employment office in Sebring which lists available jobs and qualified applicants. In checking with that office a spokesman said there are various jobs available at different times but they fluctuate daily.

The spokesman said there are often very specialized jobs available such as medical technicians, dragline operators and others but "they are not in

Man Killed In Accident

Highlands County's 11th traffic fatality was recorded at 2:13 p.m. Tuesday, in an accident in which the victim never came into direct contact with a vehicle.

Larry William Sanders, 32, died instantly when catapulted from a telephone pole beside U.S. 27, 3.2 miles north of Lake Placid.

According to the report filed by Florida Highway Patrol investigators, Sanders was part of a crew from Black Industries, working to remove old telephone lines. He had climbed a pole and cut the guy wire, which allowed the pole to lean toward Highway 27.

As the pole leaned, the cables it supported dropped slack across the highway. The top of a tractor-trailer rig caught a sagging wire, the telephone pole broke and Sanders was thrown — about 15 yards, witnesses estimated.

The semi was operated by William Calvin Grimes of Tampa. He was not charged in the accident. Grimes was not injured and damage to the vehicle was listed at \$100.

Investigators for FHP were Trooper M. R. Dunn, Cpl. E. R. Woody and Trooper Joe Sheppard.

Charles Bryan, commercial manager for United Telephone Company in this district, said United has a contract with Black Industries to install and remove telephone cable. An old installation from Sebring to Lake Placid had been slated for removal, and a while back the overhead lines between Sebring and DeSoto City had been eliminated.

At the time of the accident Tuesday afternoon, the Black crew finishing the second phase of the project — removal of overhead lines between DeSoto City and Lake Placid.

Highlands County sheriff's ambulance service moved Sanders to Highlands General Hospital where he was pronounced dead on arrival. The body was taken to Lakeland, where the district medical examiner was to prepare the final report Wednesday.

Sanders is survived by his wife Ruby; two sons, Daryl, 11 and David, 9; a daughter Debra, 1 year; his parents, Mr. and Mrs. Vernon Sanders; a brother, Royce and a sister, Mrs. Carol Jenkins, all of Avon Park.

Funeral arrangements, still incomplete, will be handled by Stephenson-Smith Funeral Home, Avon Park.

Services will be held Friday at 2 p.m. in the Stephenson-Smith chapel, with the Rev. R. L. Quinn and the Rev. Edwin Tharpe officiating.

Interment will be in Bougainville Cemetery.

Forester

Reports No

Fire Calls

"It finally got wet enough that lightning strikes are not setting wild fires," a Florida Forest Service ranger reported this week. Thanks to the improved moisture conditions the forest service went through the first days of July without a single fire call.

The body of Larry Sanders of Avon Park lies by U.S. 27 after being struck by a telephone pole Tuesday afternoon. Jerry Pendavis, left and Jerry Fennell of the sheriff's ambulance service prepare to transport him to Highlands General Hospital. Photo by Sellers.

THE TELEPHONE POLE in the foreground is all that remained after a semi-trailer caught a cable hanging over U.S. 27, snapping the pole in half, hurling lineman Larry Sanders of Black Industries to his death. Photo—Liss.

SUN Under Fire For Coverage Of City Council

By NORMA GOBBLE

The Avon Park Sun has come under fire for its handling of news coverage of the Avon Park City Council and Competency Board meetings by some councilmen and some other people concerned with the hassle about contractors obtaining permits from the building department.

While the council and the Competency Board have apparently gotten together to pull as a team with the Building Department, charges of "slanted news" and "misquoting" are still being leveled at the SUN.

The SUN and the news staff has had far more compliments than complaints on news coverage of the City Council meetings and most of the compliments have come from people present at the meetings.

During Monday night's City Council meeting Councilman Ed Touchton, referring to the June 23 council meeting, said, "This thing got blown all out of proportion as far as the newspaper was concerned. I think there was several misquotations both ways."

Referring to the SUN article

covering the July 2 Competency Board meeting, Touchton said, "We weren't in a position of questioning the law to begin with as far as bending one way for one fellow, I think as Sol said the paper supposedly quoted."

And there Touchton made a classical misquote. What the article quoted about bending the law was when Competency Board chairman Ken Long said, "Certain members of the council wanted to bend laws to give this man a permit, which is wrong, completely wrong."

During the June 23 council meeting as Building Official C. W. Ellerbe was explaining his reason not to issue a certain permit, saying he would "issue permits to anyone qualified and registered in the class they want to work," Touchton responded with, "I wasn't talking about that at all. What I'm talking about is accommodating people in city hall."

Accommodating who? Those who comply with the law are accommodated because they meet the specifications required by law to get their permits. Only those who did not

meet requirements were complaining.

Charles Esposito, on the local radio's noon newscast Tuesday referred to "three erroneous articles in the local paper. These charges are without substantiation."

Esposito went on to say "I wish I had an answer to the poor press coverage by the paper for many of the local problems. One answer would be for more of you out there to attend these city meetings."

We agree wholeheartedly that more citizens should attend these meetings which so vitally concern all residents in the city.

Esposito said another answer would be for the radio station to record these meetings.

The SUN does tape the City Council meetings in their entirety and has been recording them since last October. The tapes are then carefully studied before the article is written to be certain of accuracy.

Councilman Larry Allettin said "The people here in this

Avoid Standing In Line-Whitehouse

PATTI CLARK POINTS to where car owners should place their 1976 license tag decal sticker on their present automobile license. Jimmy Whitehouse, Supervisor of Registration cautioned car owners to place the decal in the right place and on the right tag (for owners of more than one vehicle); as trying to take the decal off or move it will tear up the decal and drivers with the wrong

decal on their license tag may be in trouble should they have an accident. And it costs extra to replace a damaged or torn up decal. Whitehouse also urged drivers to get their license tag decals early to avoid waiting in long lines. In Avon Park the license tag decals can be purchased at the rear office of Wells Motor Company. Photo—Miller

Lucky is the man who has two cars. But not so lucky if he switches this year's decals and puts them on the wrong car. Jimmy Whitehouse, county tag agent, said that each decal is assigned to a particular car and by mixing them up both are worthless. At a cost of \$3.50 per decal that is an expensive mistake, he said.

Not only are decals being mismatched, but they are being attached to the wrong cars, affixed upside down, and some have even been placed on the windshield instead of the license plate.

"There is only one correct place for the decal," Whitehouse told the "Sun," in the upper right hand corner if it's a car and in the lower right hand corner if it's a motorcycle. Directions come with each decal, but people aren't reading them."

The tag agent said the decals are only one inch by one-and-a-half inches and easy to lose, so he advised caution by them as they are attached to the plates. Approximately 40,000 decals will be distributed through the county office to Highlands County. If only one per cent are lost, or incorrectly affixed, it will still add up to a sizeable amount Whitehouse said.

Ignorant In Economics

Two independent surveys — one by Opinion Research Corp. and the other by the Gallup Poll — provide conclusive evidence that our schools and colleges in America are turning out students whose ignorance in the field of economics is complete.

Unfortunately, the record also indicates that many adults tend to learn no more about what makes the wheels of industry turn than they did in high school — which was nothing. When we consider that the riches of America come specifically from our fantastic system of free enterprise, which has been unique in all history, and which has enabled America to surpass all other nations in material wealth, it is difficult to understand why many Americans should know so little about it.

An O.R.C. survey conducted in February and March of this year revealed that people guessed that the average manufacturer's profit, after taxes is 33 per cent. They were wrong by six times more than the actual.

Their estimate of oil companies' after-tax profit to be 61 per cent. The guess was eight times more than the actual.

When it came to automobile companies, people estimated the after tax profit to be 39 per cent; more than 20 times greater than the actual.

Famed pollster George Gallup found that "lack of knowledge and understanding of the free enterprise system is widespread. And it is really frightening."

Such ignorance is as unnecessary as it is unforfeitable. During this summer, public schools all over the nation will be planning curriculums for the coming year. And every public school should have at least one hard-hitting, fundamental course in the American free enterprise system — sometimes called "capitalism."

And no student should be allowed to graduate or be given a diploma without first having passed such a course of study. Maybe they would then have a little more pride in the great accomplishments of our country.

TWO CITY RESIDENTS, Walter Repress (left) and former city council president, Clarence King appeared before the city council, speaking of the sewer project problem in their respective areas. The lady in the foreground kept on knitting throughout the meeting. Photo—Miller.

Council And Board Agree On Procedure

By LEW MILLER

In the absence of Dawkins and Associate engineers Avon Park City Council president Wendell "Winkie" Williams started on the first matter of new business, the competency board report.

Realizing that a free for all discussion would not necessarily promote harmony between the various factions present council president Williams gave a resume of his thoughts and feelings on the matter. He conceded that he may have made mistakes but he didn't know of anyone that had a patent on being 100 per cent correct.

Winkie spoke of hearing rumors, destructive criticism, constructive criticism and accusations. But he felt that we as adults could reason together for logical explanations. While we may not always be 100 per cent correct we could work together for a better community and area in which to live.

Of the building official, C. W. Ellerbee, president Williams stated, "I believe he is doing a fair job and in doing it there may be some things some may

not like. There had been several complaints, he said but the council room is not the place for accusations.

Council president Williams suggested to the council that a tape recorder be purchased for the use of the building official. A motion was made to that effect but after discussion the matter was tabled.

Another suggestion by Williams, for the benefit of those who have complaints was that all complaints be made to the competency board formally and in writing. Then if the problem could not be worked out by the board or other legal means the council could review the matter and hopefully arrive at a decision and thus cause building to proceed as should in this area.

It was moved to approved these suggestions. In other statements Council president Williams said that a complaint could be heard if done in a civil manner. We should build on the things of the past — a better place to live, to insure everyone's rights.

Williams said he was not attending the competency board meeting

Williams said it was an oversight on his part and had he realized the necessity he would have been there.

When called upon for comments by president Williams, chairman of the competency board Ken Long stated "I am proud of the city council for their action tonight."

He stated that the competency board wanted the council to back the building official because they felt he (Ellerbee) was trying to do a good job.

In the discussion of a possible meeting between the council and the competency board, City Attorney Jack Hancock said notification of the meeting should be in the newspaper because the public has the right to know. While the meeting can be restricted to the board and council, the public may attend.

In summing up the action taken Winkie stated this was an indication of bigger and better things in the future. A five minute recess was declared during which time many of the contractors present left the council chambers.

Turkey Talk

By NORMA GOBBLE

The Supreme Court (or Extreme Court, as I often refer to it) Decisions of 1962 and 1963 banning voluntary prayer in public schools have been much greater effect than simply halting prayer in school.

This Extreme Court has bent over as far backward as it can to "guarantee" rights that they have taken away rights expressly given by the Constitution of the United States.

In leaning over backward (or leftward?) to guarantee that some child have the right not to participate in voluntary prayer in school, the Extreme Court took away my child's right to participate.

The main force behind the Court's decision, avowed atheist, Madelyn Murray O'Hair, had her right not to listen guaranteed at the expense of my right to listen. However, her right not to listen was never threatened anyway.

Too much emphasis is placed on the first clause of the First Amendment to the Constitution of the United States which states "Congress shall make no law respecting an establishment of religion," while too little emphasis is placed on the second clause, "Or prohibiting the free exercise thereof."

Eleven out of 13 judges ruled the New York City Board of Regents Prayer constitutional because it never reached the Supreme Court of the United States. It is that majority rule, the traditional basis of our free republic.

The school prayer ban has served as a springboard for other attacks on all other forms of public expression of reverence.

Attack on the astronauts prayer on the moon. "Attack on 'Under God' in the Pledge of Allegiance."

Efforts to remove "God" from the Army manual. "Banning of verses from patriotic songs such as 'God Bless America'."

Removal of Bibles from classrooms and school libraries.

Courting against major scenes in the National Chaucer celebration at the Lincoln Center.

Banning invocations and benedictions at graduation exercises.

Banning baccalaureate services altogether.

Removal of the 10 Commandments from a monument on a city's property.

Effort to force discontinuation of chaplain prayers at opening sessions of Congress.

Efforts to remove "In God We Trust" from coins.

"God Bless America" has been ruled unacceptable as a song used at opening ceremonies at some sports events.

Use of "A.D." in the year of our Lord — under attack.

Abolishment of the Judicial Oath: "So Help Me God" in our courts. This law is already in effect in Maryland.

Two basic freedoms on which our country was founded have been much greater effect than simply halting prayer in school. This is the freedom of religion and freedom of speech, and, sometimes freedom of assembly.

When the public school system was established, a Bible was placed in every classroom, but there was no law stating it must or must not be read. This is the freedom we have lost — the freedom to pray or not to pray — to read the Bible or not to do so.

Our government permits prayer on all adult levels and denies it only to our children in their classrooms. The Bible is the only book legally denied in our schools.

Special days for prayer have been proclaimed by all presidents, but our children are not allowed to pray together in response.

All polls, national and congressional, show massive majorities favor voluntary school prayer. State referendums on ballots in three states, Florida, Maryland and Massachusetts, resulted in pro-prayer majorities.

The restriction on such things should be left to local option. Only in this way can the needs of our pluralistic society be met. Tolerance is a two way street. The rights of the majority must be protected as well as the rights of the minority.

All this can be changed if enough Americans will support two identical bills which have been introduced in both houses of Congress by Sen. Jesse Helms and Rep. John Ashbrook.

Senate Bill No. 283 and HR Bill No. 2414 would accomplish the restoration of voluntary prayer in one step unlike the current complicated Constitutional Amendment process.

These bills would take away from the Supreme Court of the U. S. and the District Courts any jurisdiction over cases that have to do with voluntary prayer in our schools and other institutions. The final decision would then rest with the state supreme courts.

The wording of both bills is identical and reads in part: "A bill to limit the jurisdiction of the Supreme Court of the United States and of the District Courts to enter any judgment, decree or order denying or restricting as unconstitutional voluntary prayer in any public school."

Any concerned American should write to the Senate Office Bldg., Washington, D.C. 20515, and representatives at House Office Bldg., Washington, D.C. 20510, urge them to support Senate Bill No. 283 and HR Bill No. 2414.

The judges and officials appoint the first one to accept. The three are Haywood Davis, Andrew Jackson and former Frostproof Judge Crano, in the order they will be contacted.

Davis, a Lake Placid attorney, is a former state representative. Jackson, also an attorney in Lake Placid, is a former Highlands County commissioner.

Richards has pleaded no contest, was originally scheduled to be sentenced July 17. However, that hearing has been postponed until July 31. Lanier's hearing was continued until July 31. He has not entered a plea.

Ronnie K. Reid, advertising and circulation representative of the Avon Park Sun, told police Thursday that he had been representing collections from SUN news racks had been taken from his car about 3:30 p. m. Wednesday.

The incident was reported to Assistant State Attorney Ed Carter Thursday morning who then reported it to Avon Park Police.

Reid said he was delivering papers and collecting money from news racks when he parked at the Shop 'N Go on South Verona and went inside for about 15

HURBERT COLEMAN

ED TOUCHTON SR.

E. G. TODD

Coleman, Todd, Touchton Elected Honorary Members

The Board of Directors of the Avon Park Rotary Club has honored three outstanding men in Avon Park by electing them to honorary membership status during the 1973-74 Rotary year.

Dr. Hubert W. Coleman was honored for his long service and sacrifices to the Avon Park community as a medical doctor and for his years of

active participation in Rotary affairs.

Edward G. Todd was elected to honorary membership as the sole surviving charter member of the Avon Park Rotary Club, which was organized in 1924. He was long the club's historian and always active in efforts to improve the quality of life in Avon Park.

Edward Touchton Sr. was

selected for honorary membership for his interest and support of Rotary projects such as the annual Operation Santa Claus and in helping to obtain the Pinescent Rotary Club for the Rotary Club's 50th anniversary celebration, along with his efforts in the business community to keep downtown Avon Park economically healthy and active.

Winkie spoke of hearing rumors, destructive criticism, constructive criticism and accusations. But he felt that we as adults could reason together for logical explanations. While we may not always be 100 per cent correct we could work together for a better community and area in which to live.

Of the building official, C. W. Ellerbee, president Williams stated, "I believe he is doing a fair job and in doing it there may be some things some may

Letters To Editor

Williams Asks For People's Support

Dear Editor: In the first six months of service for the people of Avon Park, I believe that the city council has tried to act in the best interest of the people of Avon Park.

It has been extremely difficult as a new councilman to attempt to hear all the complaints that are brought up at the council meetings.

I have made a sincere effort to give courteous consideration to all the different complaints and problems at our meetings. Even though I have tried to conduct the meeting in a manner to where progress could be made, I have been criticized by some.

I realize I cannot satisfy everyone but I will continue to try to have the highest possible average. I hope that every citizen will become more involved in helping to make Avon Park a better place to live. I sincerely solicit your help.

I would like for the people to know that I do not run the city alone, no one can or ever will run a city. It takes a majority (3-2) vote to pass a motion, also I would like to say that I do not believe there has

been anyone who has been to a council meeting that has not been treated with respect and dignity. With all due respect to everyone, at the end of every meeting, I have or will have conducted, I will recognize any and all hands that are raised or

persons who wish to be heard. I appreciate the confidence that most people have in the council and with your continued support and help I believe we can do a better job.

Many Thanks, Wendell "Winkie" Williams

Handle Office Efficiently

Editor:

I have just read the July 3, 1973, issue of the Sun, particularly the articles about Mr. Ellerbee's controversy with the various contractors.

My feelings are that Mr. Ellerbee is rather high handed and arbitrary in the handling of his office. In the case of Frank Shaffer, it seems that no one questions his ability or workmanship. It appears that he is being penalized for lack of formal education. Some compassion and accommodation would be the proper solution.

In the case of Paul Herman and the other contractors I believe Mr. Ellerbee could handle his office with a little more efficiency and professionalism. This is the

service to which Avon Park is entitled.

Sincerely, C. B. Schildecker

BICENTENNIAL BOOK OF THE WEEK

Fawn Brodie's THOMAS JEFFERSON was chosen for our Bicentennial Book this week. Mrs. Brodie is professor of history at the University of California, Los Angeles. She has written a challenging, rich, three-dimensional, intimate portrait of Jefferson which illuminates the relationship between Jefferson's inner life and his public life. She states she has made new discoveries and settled ancient controversies about this man who stands out in the history of our country.

Though Jefferson left a legacy of 18,000 letters, he went to some pains to conceal his intimate life, much of which was tragic, and his heirs continued to hold back the publication of material which they felt might too much illuminate it. He himself destroyed his correspondence with his mother, and also his letters to his wife.

This biography looks at the impact of Jefferson's parents, especially his mother, on the life of a young revolutionary. It describes the impact of the deaths of his children during his traumatic period as war governor of Virginia. It describes the great Jefferson friendships with Adams and with Madison and Monroe, the difficult filial relationship with Washington complicated by the volatile rivalry with Hamilton, and his spectacular public life with Aaron Burr.

Continued From Page One

SUN Under Fire

room understood it but those 2,000 (the number is closer to 10,000) people out there who read the Avon Park Sun, they didn't understand it. They read what they read and they accepted that."

The SUN reported what happened and we have the tape recording for verification, if anyone is in doubt.

"He didn't stand alone," Councilman Robert Britt said of Ellerbee. "We was all standing with him." But was the first one of the councilmen to call on Ellerbee for his side in the controversy. He also asked City Attorney Jack Hancock his opinion of Ellerbee's sticking to the law.

Hancock voiced the opinion that Ellerbee was acting in accordance with the city ordinances and the laws of the state.

Councilman Milton Howard and Larry Albritton had little to say during the entire "discussion."

"I've read the code and I've talked to the people in Tallahassee and Gainesville and there's a few things in the code you're not telling these people," Bob Herman, one of the complainants in the controversy, hurled at Ellerbee during the June 23 meeting.

Council President Wendell W. "Winkie" Williams, looking at Herman, said "We certainly want to get to the bottom of this. I can appreciate your feelings. We do have problems. That's the reason we are all here trying to find out just why and give you an answer one way or another why you can't obtain a permit."

Hancock pointed out to the council that the proper body to hear the complaints was the Board of Adjustment, yet the council failed to direct the

complaints to file their complaints with that board.

"One of the main things we were concerned with is the attitude and approach some of these people seem to get," Williams said. "We try to live on the facts. Seems like we're not placed in an awkward position."

The council tabled the proposal pending further study. The council approved Williams' proposal that any future complaints be formally presented to the Competency Board and if not worked out there, upon recommendation of the Board be brought before the council for review.

Williams said "Any man has a right to be heard if it's done in a civil manner."

Williams expressed regret at his failure to attend the Competency Board meeting saying it was simply an oversight.

Williams said he was not attending the competency board meeting

Williams said it was an oversight on his part and had he realized the necessity he would have been there.

When called upon for comments by president Williams, chairman of the competency board Ken Long stated "I am proud of the city council for their action tonight."

He stated that the competency board wanted the council to back the building official because they felt he (Ellerbee) was trying to do a good job.

In the discussion of a possible meeting between the council and the competency board, City Attorney Jack Hancock said notification of the meeting should be in the newspaper because the public has the right to know. While the meeting can be restricted to the board and council, the public may attend.

In summing up the action taken Winkie stated this was an indication of bigger and better things in the future. A five minute recess was declared during which time many of the contractors present left the council chambers.

Substitute Judge To Hear Pot Case

By LEW MILLER

The Avon Park City Council, at the request of Municipal Judge David Lanier, considered substituting Judge Frostproof Judge Crano, in the order they will be contacted.

Davis, a Lake Placid attorney, is a former state representative. Jackson, also an attorney in Lake Placid, is a former Highlands County commissioner.

Richards has pleaded no contest, was originally scheduled to be sentenced July 17. However, that hearing has been postponed until July 31. Lanier's hearing was continued until July 31. He has not entered a plea.

Ronnie K. Reid, advertising and circulation representative of the Avon Park Sun, told police Thursday that he had been representing collections from SUN news racks had been taken from his car about 3:30 p. m. Wednesday.

The incident was reported to Assistant State Attorney Ed Carter Thursday morning who then reported it to Avon Park Police.

Reid said he was delivering papers and collecting money from news racks when he parked at the Shop 'N Go on South Verona and went inside for about 15

minutes leaving the money in a bag on his car seat. When he returned the money was gone, according to the report.

Needs Members

To Form Avon Park Group

Response to efforts in starting a Highlands County chapter of Toastrmasters International has been good according to Norma Goble of Avon Park who is spearheading the move to form the organization locally, but more potential members are needed.

Members of Toastrmasters in Winter Haven have assured Mrs. Goble they would come to Highlands County and give a presentation for prospective members if 10 to 20 people would attend such a meeting.

We live in a world of communication. In today's business and in the community the effectiveness of our communication depends upon how well we listen, think and speak.

Effective communication sets the leadership pace in facts of life. The level of communication and leadership development among managers and employees vitally affect an organization's success.

Effective communication is one's most important concern in their development toward their maximum potential.

Toastrmasters offers a communication and leadership program designed for today's fast paced society. A program that will show immediate results, yet allow one to develop more subtle qualities over a longer time period.

Toastrmasters International is a non-profit, non-partisan, educational organization. It is an organized group, meeting regularly, which offers its members a professionally designed program to improve their abilities in communication and to develop their leadership and executive potential.

The club meetings are conducted by the members themselves in an atmosphere of friendliness and self-improvement. Members have the opportunity to deliver prepared speeches and impromptu talks, learn conference and committee leadership and participation techniques, understand parliamentary procedure and then be evaluated in detail by fellow Toastrmasters.

This is an invitation for anyone, man or woman, in Highlands County to attend a presentation of Toastrmasters and learn more about the organization and to join more than one million people who have benefited from the Toastrmasters communication and leadership program over the past 50 years.

Toastrmasters will put you up front when communicating your thoughts and ideas to others. As you become a more effective communicator you will naturally be in demand as a leader. The program takes you step by step from being a person hesitant to speak before an audience to a person who can comfortably participate in any communication situation with confidence and assurance.

Toastrmasters clubs meet in the morning, noon, or evening, usually weekly and meeting days and times can be worked out by the local unit to best fit the schedules of members.

Toastrmasters training improves thinking and listening, an important part of communication. Voice variety, how to use word pictures, how to be

persuasive and how to clarify your meaning are but a few of the many communication techniques in which one gains experience.

With progress, the vocabulary is developed and one learns to make oral presentations more interesting. The program includes specialized aids that help improve use of humor.

Initial cost of the program, which rivals expensive self improvement programs, is less than \$25 including dues, cost of IRA

educational materials and initiation fee. Some similar programs offered on an individual basis which do not have many of Toastrmaster benefits run into hundreds of dollars.

Mrs. Goble said it is important to know how many people will attend a presentation meeting and asks that anyone who will attend a meeting without obligation please contact her at 453-4351, 453-4355, or 452-2935 or write P.O. Box 462, Avon Park.

TRAFFIC CONTINUED TO stop and move while workers put up the yellow caution and red stop signals at the intersection of the Bombing Range Road (SR-44) and the Truck

Route (SR-17A). The 4-way stop signs were taken down on SR-44 after the signals became operational. Photo—Miller.

Traffic Signals Placed On Bombing Range Road

Traffic signals have been installed and completed at the intersection of the Bombing Range Road (SR-44) and the Truck Route (SR-17A) after many accidents and several deaths from accidents at this location.

The \$150,000 contract for furnishing and installing the traffic signal equipment at the intersection was awarded to John T. Mapp Electric Co. of Vero Beach, Fla. Work started several weeks ago with the placing of support poles but was delayed when the signal equipment was not received from the factory.

When the Bombing Range Road was completed to the Air Base in the early 1940's it was a through road. When activity slowed down at the Bombing Range base the Truck Route

was designated as the through road. As activity increased at the Bombing Range and the Avon Park Correctional Institution, the Bombing Range Road was again declared the through road with the Truck Route having stop signs. This added to the confusion of those who had become accustomed to the

Truck Route as the through road, resulting in frequent accidents. The installation of traffic signals with a flashing yellow caution signal for the Bombing Range Road and a flashing red stop signal before proceeding on the Truck Route, has been requested several times by individuals and organizations.

House Vandalized

Vandalism of a residence at 202 W. Pleasant was reported Saturday by a neighbor, sprayed with silver paint according to reports at the Avon Park Police Department. The side of the house had been outlined the numeral 78.

U.S. DOWNFALL PLOTTED 50 YEARS AGO

(This article of timely significance that came to our attention should be pondered by every American.)

Just a Coincidence?

In May of 1919 at Duesseldorf, Germany, the Allied Forces obtained a copy of the "Communist Rules for Revolution." Nearly fifty years later, the Red are still following the rule. "As you read the list, stop after each item and think about the present day situation and where you live, and all around the nation. We quote from the Red Rules:

A. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial; destroy their ruggedness.

1. Get people's minds off their government by focusing their attention on athletics, sexy books and plays and other trivialities.

2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.

3. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule and obloquy.

4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.

5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.

6. Foment unnecessary strikes in vital industries, encourage civil disorders and foster a lenient and soft attitude on the part of the government toward such disorders.

7. By spacious argument cause the breakdown of the old moral virtues, honesty, sobriety, continued faith in the pledged word, integrity, ruggedness.

C. Cause the registration of all firearms on some pretext, with a view of confiscating them and leaving the population helpless.

That was quite a list, wasn't it? Now stop and think, how many of those rules are being carried out in this nation today? I don't see how any thinking person can truthfully say that the Communists do not have any part in the chaos that is upsetting our nation. Or is it just one big coincidence? We doubt it.

Elaine Brock Honored With Bridal Shower

Elaine Brock, bride-elect of David Hoke was honored with a miscellaneous shower, Friday, July 11, at the home of Mrs. Frances Leaphart, 804 Fairmont Drive, Sebring.

The centerpiece featuring the same colors as the bridesmaids dresses of blue, lavender and white accented the refreshment table.

Elaine was presented with a corsage of white carnations tied with white ribbon. Her mother, Mrs. Nell Brock was also presented a corsage of white carnations with pink ribbon.

Approximately 20 guests enjoyed cake, pink lady salad, punch, mints and nuts.

Hostesses helping Mrs. Leaphart were Mrs. Betty Lillyquist and Mrs. Becky Young, both of Sebring.

MRS. JOSEPH CHRISMAN MCCOUN

Tupperware Party Honors Elaine Brock

The home of Mrs. Judy Brock, 400 E. Tellico was the scene of a tupperware party for Elaine Brock, bride-elect of David Hoke on Monday, June 10th.

The bride-elect was presented with a corsage of small tupperware utensils tied with a white ribbon.

The refreshment table was accented by a two tier yellow and white cake featuring one large swan and ten small swans.

Approximately 20 guests shared the occasion with the bride-to-be. They enjoyed cake, punch, nuts and mints. Helping Mrs. Judy Brock serve the refreshments was Mary Stringer.

Bass-Michael

Wedding

Friday

Rebecca Lynn Bass and Steven McKinley Michael will be united in marriage this Friday at 8:00 p.m. at the First Baptist Church.

A reception will follow in the Church Social Hall. All friends and relatives are invited.

PATTI GOFF (CENTER), bride-elect of Bob Brown was honored with a Miscellaneous shower, July 7, at the First Baptist Church

Social Hall. Helping Patti open her many gifts is her mother (left) Mrs. P. O. Goff and Marion Saucier (right). Photo-Gobbie.

Patti Goff Honored With Miscellaneous Shower

Patti Goff, bride-elect of Bob Brown was honored with a miscellaneous shower last Monday evening, July 7, 1975 at the First Baptist Church Social Hall.

The hall was decorated with hibiscus and ferns. The refreshment tables were covered with drawn and cut work table cloths.

Approximately 80 guests stopped by between the hours of 7:30 and 9 p.m. to give Patti their best wishes.

Patti was presented a corsage of red roses and her mother Mrs. P. O. Goff a corsage of daisies.

The hostesses Ann Baker, Marion Saucier, Melba Rhmer, Cheryl Pearl, Pat

Landress, Marva Turner, Betty Camp, Sarah Reeves and Wilma Smith presented the bride-to-be with a crock pot.

Barbara Cornell Society Editor

Town Topics

Mr. and Mrs. Dale Landress and family have recently returned from a ten day vacation at Siesta Key, Fla.

James Davis and daughter Sallybeth of Philadelphia, Pa. are here visiting his parents Mr. and Mrs. Marshall Davis and his sister and family Mr. and Mrs. Virgil Tondoe Jr.

Mr. and Mrs. Rene Davis and sons Doug and John from Titusville, Fla. are visiting with Mr. and Mrs. Mervin Rehner and Laurie.

Mr. and Mrs. Jerome Shiltz arrived home Saturday from a trip north visiting relatives and friends in Ohio, West Virginia and South Carolina. While in Columbus, Ohio, Mr. and Mrs. Shiltz and Mr. and Mrs. Lee Wheelock of Columbus were speed boat riding on the Scioto River. Mr. Wheelock got in the wake of two other boats causing injury to Mrs. Wheelock and Mr. Shiltz.

Shiltz was in Riverside Hospital for X-rays and part of this week he is receiving therapy treatment for back injury.

Survey Of Homes To Gain Employment Information

Mrs. Christine Oates and Mrs. Elizabeth Swenson, local representatives of the Bureau of the Census, will interview a sample of households in this area during mid-July to obtain information on employment. The Bureau is part of the U.S. Department of Commerce's Social and Economic Statistics Administration.

Interviewers will visit homes also to obtain information about languages other than English spoken in the household and if more than one language is used.

This survey, which the bureau conducts each month for the U.S. Department of Labor, provides a continuous measure of employment and unemployment for the nation. For example, the May survey showed that employment rate rose to 9.2 percent, while total employment expanded for the second straight month.

Information supplied by individuals participating in the survey is kept confidential by law and results are used only to compile statistical totals.

Christian Church Women Given Review Of Book

The Women's Council of the First Christian Church met in the Fellowship Hall of the Church on Thursday evening, July 10.

The President, Mrs. H. J. Rutherford, presided at the business session. Mrs. Maurice Bush gave an interesting review of two chapters of the book

"Fragrance of Beauty" being studied by the group.

The hostesses Mrs. Walter Stutsman and Mrs. Byron Harwood decorated everything beautifully in a patriotic theme.

The August meeting will be omitted, the next one being, Sept. 11.

MRS. SARAH GRIFFIN (right) and Charles F. Marshall (left) were the guests of honor at the Delaney Heights Birthday Dinner last Wednesday, July 9, 1975. Photo-Cornell.

The Delaney Heights Birthday Dinner last Wednesday, July 9, 1975. Photo-Cornell.

Road To Armageddon To Be Presented At Church

"The Road To Armageddon," a full color film presentation depicting the last world war at Armageddon, will be shown at the First Assembly of God Church, 112 S. Central Ave., Avon Park, Friday at 7:30 p.m.

The film is narrated by the Rev. David Wilkerson, author of the multi million best seller, "The Cross and the Switchblade."

"The Road To Armageddon" is a frightening, almost unbelievable panorama of the last world war at Armageddon. The film looks deeply into satan worship and the occult world.

Violence and terrorism are only a portion of what is seen as the film deals with the truth concerning the end times. The film provides an unforgettable experience as predictions of soon to come

persecution, earthquakes and recession are seen. Shattering news events foreshadowing the end of the world and a very clear interpretation of the signs of our times are all a part of this exciting motion picture.

Marriage License

Robert Tillman Watson, 19, Sebring and JoBeth Holmes, 19, Thomas William Fleming, 41, Palm Beach and Taki Lawrence Haywood, 47, Avon Park.

Anton Eskant, 70 Sebring and Erma McGinley Wood, 61, Avon Park.

Steven McKinley Michael, 21, Avon Park and Rebecca Lynn Bass, 19, Avon Park.

Richard Allen Robinson, 11, 29, Sebring and Dona Marie Nelson, 18, Sebring.

William Robert Boyer, 33, Avon Park and Oris Trip Robinson, 38, Avon Park.

We wish a "Happy Birthday" to the following people who will be celebrating their birthdays this coming week:

July 17 - Margaret Kinsey, Gladys Walker, Nancy Beth Cook, Mrs. R. H. Lawhorn.

July 18 - Pat Smith, Rachel Castonia, Wendy Gaudreux, Jeff Simpson, Jerry Heiring, Debbie Taman, Herman Wurster.

July 19 - Nancy Lawhorn, Marcelle Kopta, Pauline Bigbie.

July 20 - Walt Carter, Mrs. Earl Dunavent, Dot Johnson, Annie Sadler, Arthur S. Turner.

July 21 - Mike Nolin, Jeffery Davis, Mark Albright, Linda B. Shure, Mrs. John Heiring, Mrs. Lowell Hill, Mrs. Ralph Graham, Rosemary Clark, Margaret Allen, Thomas H. Dailey, Betty Sheffield.

July 22 - Hazel Guerdit, Harley Metheny, Mary Peters, Lawrence Pate, J. T. Gibbs, Glynnda Thompson, Dotti Young.

July 23 - Mae Kreigh, Melville David Bass, Vol Wheelahan, Cindy Williams, Cynthia Robbins, Kenneth Smith.

This is your birthday list, we welcome additions to it. It is equally important that we be informed on a timely basis of any deletions which should be made because of death or other reasons. Your help in this will be greatly appreciated.

Stork Club

Mr. and Mrs. Domingo Vasquez of Avon Park are the proud parents of sons, Emanuel born 11:58 a.m. and Walter born 12:13 p.m. July 8, 1975. Each weighed 6 pounds.

Mr. and Mrs. Tommie Parker Jr. of Avon Park are proud to announce the arrival of a baby daughter, Julie Tonia, born July 1, 1975 in Lake Wales weighing 8 lbs. 1 oz.

When the bride was given in marriage by her father, she was wearing a candlelight gown designed with a high neckline that formed a yoke of chantilly lace. The sheer, accordion pleated sleeves were adorned with matching lace, and the empire styled waist was encircled with velvet ribbon over a skirt of double layer chiffon.

Miss Becky Russell of Ocala was maid of honor. She wore a long apricot gown of dotted Swiss organza. Bridesmaids

T. SGT. AND MRS. JAMES. ROTH

Susie Robinson And James Roth United In Marriage

Miss Lydia Ann "Susie" Robinson of 1217 Stenwache, Sebring, and T. Sgt. James J. Roth of Avon Park, were united in marriage July 6 at the First United Methodist Church in Sebring.

The Rev. Barry Lane officiated at the double-ring ceremony. He was assisted by the Rev. Joe Benson of the Church of the Nazarene, Van Skipper was the organist.

The bride is a daughter of Mrs. Chris Haage of Sebring, and Richard A. Robinson of Avon Park. The bridegroom is the son of Mr. and Mrs. Joseph J. Roth of Latrobe, Pa.

TRADITIONAL GOWN When the bride was given in marriage by her father, she was wearing a candlelight gown designed with a high neckline that formed a yoke of chantilly lace. The sheer, accordion pleated sleeves were adorned with matching lace, and the empire styled waist was encircled with velvet ribbon over a skirt of double layer chiffon.

Miss Becky Russell of Ocala was maid of honor. She wore a long apricot gown of dotted Swiss organza. Bridesmaids

dresses were in blue. Bridesmaids were Miss Tamara Robinson of Sebring, sister of the bride; and Miss Cindy Luke, step-sister of the bride from Avon Park.

Best man was Dwight Kennedy of Avon Park. Groomsmen were the bride's brother, Jeffery Robinson of Sebring; and her step-brother, Charles Luke of Avon Park.

RECEPTION

The wedding reception was held following the ceremony at the Sebring Elks Club. Miss Dona Nelson was in charge of the bride's book. Assisting with the reception were Mary Bowles, Suzanne Holmes, Barbara Young, Jeri Ohrt, and Kathy Whitmire.

Following a three-week wedding trip to Sarasota and Ohio, the bridal couple is in residence in Hampton, Va., where T. Sgt. Roth is stationed at Langley Field Air Force Base.

The bride, a 1974 Sebring High School graduate, attended Florida State University and Tallahassee Community College.

Residents With July Birthdays Gather

Friends of Mrs. Sarah Griffin and Charles Marshall gathered Wednesday noon (July 9) at the Delaney Heights Clubhouse to observe their birthdays which come in July.

Mrs. Sadie Whitehurst provided a beautifully decorated cake for which all were grateful.

Mrs. Onal Phlegar, Mrs.

Marshall, Mrs. Bessie Trude and Mrs. Carl Johnson helped serve the delicious dinner. A two hour session of visiting and fellowship followed.

The second Wednesday in August the group will meet to observe several birthdays, among them will be the 69th of Mrs. Lillie Winegard.

RESURRECTION LUTHERAN CHURCH

Women met at the home of Mrs. Mervin Rehner last Wednesday, July 9, for a covered dish luncheon and pool party. Those in attendance were: Back row (l-r), Mary Patten, Inez West, Mildred Gerson, Mildred

Abel and Dorothy Shrope. Middle row: (l-r) Irene Kleinhaus, Happy Weiss, Dorothy Gruber, Mildred Sparks and Barbara Henly. Cooing it in the pool (l-r) Edna Hodson, Katie Rehner and Nancy Macklin. Photo-Cornell.

Public Notices

IN THE CIRCUIT COURT
TENTH JUDICIAL CIRCUIT
OF FLORIDA IN AND FOR
HIGHLANDS COUNTY
File No. 75-19

IN RE: ESTATE OF
C. E. LANIER, JR.,
CHARLES E. LANIER,
Deceased

NOTICE TO CREDITORS
To all creditors and all persons
having claims or demands
against said estate,
You and each of you, are
hereby notified and required to
present any claims or demands
which you, or either of you,
may have against the
estate of C. E. LANIER, JR.,
CHARLES E. LANIER,
deceased, to the Judge of the
said Court, Courtroom
Highlands County, Florida,
within four months from the
date of the first publication of
this notice.

Each claim or demand must
be in writing and must state the
place of residence and post-
office address of the claimant
and must be sworn to by the
claimant, his agent, or his
attorney, or it will become void
according to law.

Each creditor shall deliver
sufficient copies of his claim to
enable the Court to mail one to
each personal representative.

Dated July 8, A.D. 1975.
(s) David P. Lanier
As Administrator of the
Estate of
C. E. LANIER, JR.
Deceased
July 17, 24, 1975

NOTICE UNDER
FICTITIOUS NAME
LAW

Notice is hereby given that
the undersigned, pursuant to
the "Fictitious Name Statute,"
under Section 865.09 of the
Florida Statutes, is filing
this notice with the Clerk of
Circuit Court, in and for
Highlands County, Florida,
under receipt of proof of the
publication of this notice in
the fictitious name to-wit: Riddina
Mig, under which name I am
engaged in business at 1809 W.
Le Grande in Avon Park, Florida,
and that the owner of said
business is: ISABEL
MEDINA.

Dated at Avon Park, Florida,
this 12th day of June, A.D., 1975.
(s) Isabel Medina
June 26, 27, 30, 1975

Maintenance helps. Clean
oil filters every 15,000 miles.
Replace spark plugs every
12,000 miles. This can add as
much as one mile for every
gallon of gas.

THE AVON PARK Federation of Garden Clubs placed the Florida Federation of Garden Club Emblems at the South and North entrances of Avon Park on US 27. The Emblem at the South entrance has been donated by the Hibiscus Circle Garden Club. This is one of their Bicentennial projects.

The decorating of the Band Stand on the Mall was also a project of the Hibiscus Circle. Standing left-right, Bessy Decker, Grace Boney, Ann Whitte, Eunice Haynie, Katie Davis, Eric Caffee, Alice Sherman, Bessy Filmore, Sybil Laye and Margaret Stewart. Photo—Cornell.

Marijuana Seeds Found

A Maxwell House coffee can containing about three grams of marijuana seeds and rolling papers was found in tall grass in a yard on West Townsend about 9:15 a.m. Friday.
The finder, who asked not to be identified, notified the Avon Park Police. Patrolman Frank Weems, who is investigating, said the seeds were sent to the State Crime Lab in Sanford for tests.

Bicentennial Committee Completes Exhibit Plans

The Avon Park Bicentennial Celebration committee with George Haynie acting as chairman met in Mayor Marshall Davis' office last Thursday night to complete final plans for the Avon Park visit of the American Bicentennial Florida Exhibition on Aug. 7-10.
The Bicentennial Exhibition contained in three 45 foot trailers opened in February, 1975 and was in Ocala on April 11 and has worked southeast across the state. The trailers will come to Avon Park from Lake Wales.

The trailers housing the exhibition will be located on the west parking lot of the Pantry Pride-Neisner shopping complex adjacent to Highway 27.
The exhibition is scheduled to open at 10:00 a.m. Thursday, Aug. 7 with the ceremonies including a welcoming talk by Dr. William Stallard, President of South Florida Junior College and musical entertainment. Entertainment is also scheduled for each night the exhibition is at Avon Park.

The Bicentennial celebration and its objectives, and to stimulate grassroots participation throughout Florida in the Bicentennial.
The Bicentennial committee has requested that all Avon Park merchants and businessmen start preparing for the exhibition by decorating their places of business with red, white and blue bunting and that during the exhibition visit they display either the American Flag or the Bicentennial Flag.

THIEF DUG IN
An energetic thief had dug under the wheels to be able to remove two tires from a loader belonging to the Stephens and Restina Fruit Co. the loader was parked in a grove at Avon Park on July 6. The morning of July 7 two tires, valued at \$25 were gone, and about 15 gallons of gasoline.

LOOKING LIKE A huge package on the lawn, this house was wrapped with tarpaulins prior to fumigating. The front door decoration is a warning sign. Photo—Miller.

Bass May Go To Trial In August

The driving while intoxicated case against Mel Bass may go to trial in August.
Bass had been scheduled for jury trial the morning of July 9, but turned up at court intoxicated. Judge Mark Richardson Jr. sent Bass to jail for 30 days for contempt of court.

The next session of jury trials in county court is scheduled for September. Circuit court will be calling venues in August, and Judge Richardson said he will seek to get a jury then.

He said county and circuit judges are "very cooperative" about "sharing juries" so getting a jury in August should present no problem.

When he does go to trial, Bass will be facing his fifth driving while intoxicated charge in 26 months. The current one originated with an arrest by Avon Park police in March. This would be his first jury trial.

GASOLINE STOLEN
The gasoline thief struck again on July 10 and in the latest theft stole about 10 gallons of gasoline from Department of Transportation vehicles. The vehicles were parked at the Blvd. at the time of theft on the night of July 10. This parking lot has been raided regularly for the past month.

BALLOON PILOT FRANK Rider, adjusts the propane gas burner during the balloon launching on the beach at Lake Verona during the Fourth of July Bicentennial Celebration, while his passenger Steve Roberts works with other instruments. Photo—Miller.

Rider Tells Rotarians About Ballooning

During their last Wednesday noon meeting the Avon Park Rotary Club voted to support the baseball program at South Florida Junior College by donating \$50 and thus becoming a participant in the South Florida Junior College Baseball Backers Club.

As a part of their regular noon program Steve Roberts, Program Chairman for July, introduced Frank Rider of Lake Placid to the Rotary Club.

Frank Rider flies hot air balloons and he brought along a slide presentation to show the club just what is involved. While the sport is limited, those who do take part do so with enthusiasm. Steve is a "most recent convert."

It takes about \$1000 worth of propane gas to heat the air inside the balloon, Frank told the club, to make it a take off and keep it in flight on an average run. A trail vehicle is

necessary because the balloon literally "goes with the wind". After a while one must pick a landing spot and hopefully the trail vehicle will find him!

Travel by balloon is not a practical means of transportation but is a hobby and something one does for pleasure. Balloons are expensive — between three to ten thousand dollars depending on your taste — and this limits the participants to perhaps five hundred around the country.

Balloonists get together at meets and present a very colorful sight as they float through the air. Nearly everyone who was in Avon Park on the Fourth of July saw Frank's balloon down at the Lake Verona beach where he and Steve launched it as part of the local Bicentennial Celebration.

Housekeeper

Gets Three Years

For Stealing

A housekeeper charged with stealing from the Avon Park woman who employed her, has been sentenced to three years in prison.

Doris Ackers Ash, 39, was arrested in Sarasota in early March. She and her husband, Henry Ash, had been co-defendants in a larceny case in 1971.

When Ash was sent to the Avon Park Correctional Institution his wife, who had won parole on her sentence, came to Avon Park and found work as a housekeeper.

Ash fled APCI, stopped by town and picked up his wife. When the two were arrested, he was jailed at Bartow to face escape charges.

Mrs. Ash was returned to face grand larceny charges growing out of theft reports made by her Avon Park employer.

Tape Player

Stolen

A tape player valued at \$65 has been reported stolen from Stewart's Garage at Avon Park. A back window at the garage was forced to gain entry the night of July 9. The sheriff's department is investigating.

Enjoy the Scotty's Do It Yourself Feeling and Save in the Bargain...

HERE'S AN ENERGY SAVING IMPROVEMENT YOU CAN DO IN ONE DAY!

Install a Leslie Locke roof ventilator and enjoy a cooler home all summer long. If your house is air conditioned, you'll have an added bonus in lower energy costs. Temperatures in a closed roof attic soar to unbearable highs under the Florida sun, but with a roof

ventilator installed, the slightest breeze pulls out the heat and reduces the under-roof temperature.

Invest \$20 and a couple of hours in a cooler home and save on energy costs. Come on by and find out how easy this installation can be.

With the helping hand of Scotty's You can Do It Yourself!

Johnston To Dig At Orendorf Village

John Johnston of Avon Park has been accepted by the University of Wisconsin to attend a special Archaeological Field School held in conjunction with the Upper Mississippi Valley Archaeological Research Foundation in Canton, Illinois. He left Tampa by plane and will spend three weeks in Canton.

At Canton John will attend classes and will also participate in digging at the Orendorf Village site near Canton with a team of students and professionals recovering scientific information. This area is threatened by strip mining and the excavation of the Village and Mounds is being pushed to recover and record historical data before the site is destroyed.

John, a 1975 graduate of Avon Park High School and employee of Winn-Dixie, has been interested in history and archaeology for several years and can be found in his free time scouting the numerous lakes of the area in search of evidence of our earliest residents. He has recovered numerous points, flakes and shards in Highlands County, but the strongest evidence of a large settlement that he has uncovered is near Frostproof.

John Johnston

John's most unusual object, which was found near Avon Park, was a punch unearthed at Trout Lake. A similar punch was pictured in Popular Archaeology at the same time John found this artifact and this was able to identify this primitive stone tool. "I probably took a bit ridiculous digging in the sand, says John, but this is how I locate artifacts when I find a likely area to search."

Student Financing Available From HEW

Students looking for ways to finance their education after high school may be able to receive up to \$1,400 a year in federal grants in time for the next school year.

Under the Basic Educational Opportunity Grants program sponsored by HEW's Office of Education, eligible students may be awarded anywhere from \$200 to \$1,400 a year to help meet their educational expenses. The U.S. Government does not require repayment.

Students who have begun their post high school education after April 1, 1973, and attend at least half-time can qualify. They may attend any one of over 5,000 eligible schools. These include not only colleges and universities, but also vocational, technical or business schools, and hospital schools of nursing.

To apply, a student must first submit an "Application for

Determination of Basic Grant Eligibility" for the 1975-76 academic year. Forms are available from high schools, colleges, libraries, or by writing Basic Grants, P. O. Box 84, Washington, D.C. 20044. When the report is received, it must be submitted to the financial aid officer at the school in which the student is interested in enrolling. The financial aid officer will then calculate the amount of the grant.

A grant may not cover more than one-half of the total cost of education. It can include tuition, fees, room and board, books, supplies, and miscellaneous.

A student may also be eligible to receive any one of four other financial aid programs sponsored by the Office of Education. The financial aid officer is the best source in checking out these other forms of aid.

Pastor A. W. Orfner
Rt. 2 Box X405
Avon Park, Florida
32825

Question: Why is meekness such an important Christian virtue?

Answer: Blessed are the meek: for they shall inherit the earth; Matthew 5:5. This scripture affirms that the new earth will be inherited by people who are meek. Meekness is the opposite of pride. Most of the trouble which afflicts the human race stems from pride.

Proud people are selfish people who disregard the rights of others. They seek only that which pleases self. Obviously such people could not fit into God's plan for the new earth. Only those who have demonstrated submissiveness to the will of God in this life, will inherit the earth.

Christ was the best example of true meekness. Take my yoke upon you, and learn of me; for I am meek and lowly of heart; and ye shall find rest unto your souls; Matthew 11:29. Christ is the creator and redeemer of the world. Yet, during his life on earth he was humble in all of his relationships.

Meekness is the condition which must be complied with to have fellowship with God. Such fellowship is vital in the Christian's experience. I dwell in the high and holy place, with him also that is of a contrite and humble spirit, to revive the spirit of the humble, and to revive the heart of the contrite ones; Isaiah 57:15.

God promises to guide those who are meek. The meek will be guided in judgment; and the meek will be taught His ways; Psalms 25:9. The opposite is true concerning those who are proud. For whosoever exalteth himself shall be abased; and he

that humbleth himself shall be exalted; Luke 14:11.

Christ illustrated true humility by pointing to a little child whom he had called, and Jesus called a little child unto Him, and set him in the midst of them and said, Whosoever therefore shall humble himself as this little child, the same is greatest in the kingdom of heaven; Matthew 18:24.

Thus Christ rebuked the pride of the disciples who were quarreling among themselves as to who would have the highest place in his coming kingdom.

Satan is the originator of pride and self-exaltation. He desired to be equal with God. For thou hast said in thine heart, I will ascend into the heights of the clouds; I will be like the most High; Isaiah 14:13,14.

The devil is the author of pride and self idolatry. He desires to influence human beings to be like he is. In this objective, he has succeeded to a great extent. Most people live self centered lives. They are interested only in that which contributes to their selfish desires.

Christ demonstrated a character which was opposite to that of Satan's. He was submissive to his Father's will, even unto the death on the cross.

Those who are true followers of Christ will display in their lives the same kind of meekness, and obedience to the principles of God's kingdom. Such will eventually inherit the earth.

Calvin's Column

By
CALVIN GIBBS

Hi Friends,
As we continue the celebration of the bicentennial, I consider it fitting and proper to bestow special recognition upon those who dedicated their lives toward the further realization of the rights to life, liberty and the pursuit of happiness for all mankind, regardless of race, creed, color, or previous conditions of servitude.
Born in July:

Walter White
Walter Francis White was born in the month of July in Atlanta, Georgia.
He served as Executive secretary of the NAACP for 24 years. Walter began his career with the organization under James Weldon Johnson, and was the leader in the fight for the rights of Blacks for 37 years.

"Lift every voice and sing", composed by James Weldon Johnson was taught as the "Negro National Anthem", throughout the south for decades.

As a pupil, I was assigned the lyrics for memory. At Fla. A and M University, Tallahassee, Florida, I was instructed to recognize "Lift Every Voice and Sing" for what it was worth (sentimental value) and to realize that there was one national anthem. "The Star Spangled Banner". (Social changes crystallized this philosophy.)

James Weldon Johnson and Walter White were great Americans whom I highly honor and respect.
Thou shalt not steal.

Church News:
Regular services at most churches. You are urged to attend the one of your choice. Who is Who among Local

College Students:
All three are children of Barbara McNeil who lives at 416 Lakeside Park.

Loretta McNeil
Loretta is a junior at Fla. A and M. (Journalism).

Catherine Wilson
Catherine is a sophomore at Bethune Cookman (Elem. Ed.).

Clayton McNeil
Clayton is a junior at Bethune Cookman (Bus. Adm.).

Memorial to Loved One:

Curtis Jackson
The mother and family of the late Curtis Jackson who departed his life on Saturday, June 19, 1971 wish to express the following memorial.

Now that you're gone for a little while, I'll try not grieve and shed wild tears, and hug my sorrow through the years. I'll never be afraid to die, for I know you're waiting up in the sky.

(signed) Mother and Family

Citizens of the week:

Mr. and Mrs. Charlie Coleman
The Citizens of the week are this "so dear to my heart" couple, Mr. and Mrs. Charlie Lee Coleman, who live at 415 W. Hood Street, for excellence in the upkeep of their home and surroundings which help make Westside Park beautiful.

The History of the Education of Blacks in Avon Park was made by a committee of (12) twelve, under the chairmanship of Mr. Ernest E. Sims.

Education of Blacks in Avon Park — Part I

The first School for Blacks in Avon Park was begun in 1919. The number of children to enroll was so small that it necessitated very little classroom space and only one teacher. The school term was very short — approximately three months.

Mr. Abraham was the first principal-teacher. He served here for one term. After completing that term, he taught three months at Hagins Still, a smaller community several miles away.

St. Mark Baptist Church became the designated place in which classes were held.

The following term, 1920-1921, Mrs. Francis Whitfield Wilson became principal-teacher. Like her predecessor, she was here for only one term. She taught four months at St. Mark Church and at her home.

Mrs. Emma Pettigrew was the next principal. Her services extended through part of two terms, 1921-1922. Working with her was Mrs. Lillian, the first year, and Miss Freeline Saxson the second year. They taught in St. Mark and Mt. Olive Churches, and the Knights of Pythias Hall. Mrs. Pettigrew left upon the death of her brother. This was before her second term ended. All of those who served from 1919-1922 inclusive received some of their remuneration from private contributions from parents. The county paid only thirty (\$30) dollars per month.

Mr. and Mrs. Jones of St. Petersburg, Florida taught at St. Mark Church in 1923-1924. Mr. Jones' tenure can be well remembered because of his stern discipline.

Mr. Zanders, became principal in 1924. Working with him was Mrs. Florence Wade. School was held at St. Mark Baptist Church and the Knights of Pythias Hall.

Mr. Linsey became principal in 1925. He taught at Bethune Baptist Church for one term. Associated with him were Mrs. Beatrice Gary and Mrs. Alice Freeman. By this time, the term had increased to six months.

Mr. Larry D. King was principal for two terms, 1926-1928. Working with him were Mrs. Idella Nottage, Miss Jeffie Holton, Miss Lucille

Nimmons, Miss Annie Mae Perkins and Joella C. Wilkerson.

During Mr. King's administration the school moved into its first school building, 1927-1928. It consisted of four large rooms, two rooms were divided by swinging doors which when opened would form the auditorium.

Miss Nimmons organized a quartet with which she worked very hard. In her fervent desire that it would do well, she named it the Hopewell quartet. The name stuck and "Hopewell" became the permanent name of the school. The quartet members did well. They went to boarding school together and one of them continued to sing. He is now singing with the internationally famous Ink Spots. The quartet was composed of Matthew McKinney, William J. McKee, Oscar Williams and Ernest E. Sims.

This was the first time the school had an organized basketball team. Some of the players were: Misses Mattie Austin, Iva Myles, Daisy Ingram, Beatrice Casey, Mozell Seaser, Dora Moore, Eartha L. Kitts, Minerva Crosby, Clara Ingram, Doretha Hamilton, Mary Houston, Rosa Bing, Virginia Foster, Bessie Boatright, Emma Hall and Estella Williams.

Continued next week:
Necrology:
The late Annie M. Crosby Jefferson was a resident of Avon Park for more than forty years. Her life expired on Saturday, July 12. She is survived by a son, Leo Jefferson and his family of New York City and a nephew, Elder Thomas Brown and his family of Avon Park, other relatives and many friends.

Humor of the week:
"A pedestrian is a person who needs automobile insurance."

Judge English lesson for the week:
Capitalization
Wrong: I live with my Father.
Right: I live with my father.

Explanation: Capitalize common nouns when treated like names or proper nouns.
Example: I live with Father.
Hospitalized at press time: Nathan Hicks, Edward McCloud, Joe Martin, Ida Shaw, Gwendolyn Sanders Hill and Martha Sims.

Deliber Sims is recuperating at home satisfactorily.

Thought Conditioner for the week:
Your present situation may not be to your liking. Perhaps you are dissatisfied and discouraged. Put the matter in God's hands. If he wants you elsewhere, He will lead you there, providing you are amenable to His will.

But perhaps He wants you where you are. In that case He will help you to adjust to the situation. He will make you content, even grateful for present opportunities. Learn the great art of doing the best you can, with what you have, where you are.

When you do this, you learn how to reach the better condition or how to make your present situation a better one.

I have learned, in what-soever task I am, overwork to be content. Philippians 4:11.

Yours truly,
Calvin C. Gibbs

Wigs Taken In Breakin Found Under Porch

Gary Dean Jenkins, 924 Pineland Ave., found some ladies wigs under his porch Friday and notified the police about 12:30 a.m. leading to discovery of a breaking and entering at Lou's House of Glamour, 909 Woodrow Ave.

Louvenia Gibbs, owner of Lou's estimated some \$200 in merchandise was missing. A screen had been cut and the window painted open to gain entrance, according to reports at the Avon Park Police Department.

Do not use electrical appliances of any kind when your hands or any part of your body is wet.

Air Conditioning Unit Stolen From Church

It was the fifth Sunday of the month (June) and St. Marks Missionary Baptist Church did

not have the usual Sunday services as the Rev. J. W. Daughtry and several of his

parishioners were at an out-of-town church meeting.

On the previous Friday, Willie T. Boone, custodian, walked around the church and other buildings and found everything in order. The following Tuesday, he noted that a 10 ton air conditioning unit, valued at about \$200, was gone, but T. Boone thought that it had been taken to the repair shop.

At a deacon's meeting on July 8th, when the air conditioning didn't work it was said that the unit had been taken to the shop for repairs. A check with Ken Long revealed that it was not in the shop.

When Ken Long saw the way that the copper tubing and the electrical connections had been sawed apart he stated it looked like professionals had stolen the air conditioning unit.

Department investigating the theft of the air conditioner stated that it would have taken several men to lift the heavy unit. The case is still under investigation.

as they would have to know what they were doing with the quantity of freon gas in the large unit.

Patrolman Frank Weems of the Avon Park Police

Saint Mark Baptist Church

In an act which has come to be called the Un-Godly Rip Off, first rate thieves sloped low enough to pick up an air conditioning unit from the Saint Mark Baptist Church. Maybe I'm just easily excited because this kind of behavior disturbs me to the utmost. I feel further convinced that nothing and nobody is free from intruders. In this case, I don't know what fast and pray, but I know we'd better watch and pray and yet not be too surprised about whatever happens when the matter involves high class animals like people.

ON A FAST play Gregory Mundell (Pittsburg, Pa.) Air Force team slides safely into third as Johnny Todd, third baseman stretches for the ball with Wayne Todd, short stop

(Avon Paint and Body) as backup and Jim Foster (Hamburg, N.Y.) lost his cap when signaling to slide. Final score: Air Force 13 - Avon Paint and Body 3. Photo—Miller.

IN A CLOSE play at third base Ira Lee Campbell (Jahna Concrete) was tagged out by third baseman Danny Robbins (Avon Paint and Body). Avon Paint and Body took the slow pitch softball game by a 11 to 4 score. Photo—Miller.

Slow Pitch

Women's Softball Starts Tuesday With Five Teams

The five-team Avon Park Women's Softball League will open the 1975 season at the Little League Field next Tuesday, July 22, with the first game set for 7 p.m. and a second game scheduled to follow. Games will be played

each Tuesday and Thursday nights. The City Recreation Department has called a meeting of all coaches and managers for tomorrow (Friday) at 3 p.m. at the Recreation Center to finalize plans for the season.

Schedules and rules will be discussed at the meeting and the \$10 league entry fee may be paid at that time. The five teams entered in the league this summer are: Soul Sisters, defending league champions; Jahna Concrete; Patriots; Cox Plumbing; and Beane's Sports Center.

The recreation department will be in charge of the program and will furnish umpires for the four games each week. Fans are invited to attend the games but only members of the teams on the official rosters will be allowed on the field.

Doors Damaged At High School

About \$500 damage was done to the glass doors at the Avon Park High School sometime over the weekend, according to a report at the Avon Park Police Department, by someone apparently trying to gain entrance.

One door was completely destroyed and several others were damaged.

Florida 12th Grade Test At SFJC

The Florida Twelfth Grade Test will be given Thursday, July 24, from 7 until 8:30 p.m. for persons planning to enroll at South Florida Junior College for the fall term and who have not had the test since 1967. This is a placement test and is one of the requirements for completion of the student personnel file.

Florida Twelfth Grade Test will be given in Lecture Center 102 and persons planning to take it are advised to be present a few minutes before 7, since this is a timed test and no one will be allowed entry after it begins.

Persons planning to take courses for audit only and persons who already have college degrees are not required to take the test.

Auditors List Improvements Needed In County Records

It took more than three hours Tuesday for the state auditor general's local representative, Carroll Lloyd, to enumerate recommendations for improving the county's record keeping and management practices.

With Eugene Best, the auditor general's acting area coordinator, looking on, Lloyd used his "field notes" to apprise county commissioners of numerous adverse findings disclosed by his audit of their fiscal year 1973-1974 records.

Lloyd explained that he had looked across a wide spectrum of county operations. His recommendations, therefore, dealt with matters of efficiency, effectiveness, good management and public policy.

Both Best and Lloyd stressed that Tuesday's preview of tentative findings is subject to numerous reviews and alterations before it is finally signed by the auditor general.

Even so, they said it was important to confront commissioners and county department heads with their findings so that any misunderstanding of specific recommendations for improvement could be avoided.

Although he found fault with record keeping and inventory control procedures used by the county, Lloyd specifically praised the efforts of county administrator Charles O'Brien, county engineer Gordon Hays Jr., deputy clerk James Pyle and purchasing agent Eugene Hamlin, for managing county affairs with minimum clerical assistance.

County commissioners came in for praise also. Lloyd complimented commissioners on the excellence of the county's financial condition at the end of 1974. He stated that county business had been "carefully and economically managed."

Best said the adverse

Fighting Hybrid Bass Released In Lakes

Gizzard shad and fishermen look out. There is a new fish in 19 Florida lakes that could mean a problem for the shad and a present for the fisherman.

Forrest Ware, fishery biologist for the Game and Fresh Water Fish Commission, said during March and April 175,000 crosses between a female white bass and a male striped bass were stocked in the lakes from one end of the state to the other.

The fish, currently referred to as a reciprocal hybrid, is especially fond of smaller fish and after stuffing itself for awhile, is expected to grow to approximately 20 pounds of

exciting fighting ability and good eating.

Ware said the lakes stocked this year included one in Northwest Florida, six in Northeast Florida, two in Central Florida, seven in South Florida and three in the Everglades Region.

The largest stocking was in the East Winter Haven Chain which received 38,000. Lake Parker in Central Florida received 20,000 and Cherry Lake in Northeast Florida got 10,000.

The new hybrid stocking is on a put and take basis with the fish not expected to reproduce in Florida lakes.

Raulerson's \$996,316 Budget Approved

Sheriff O. L. Raulerson Jr.'s 1975-'76 budget request of \$996,316 was tentatively approved Monday, by county commissioners.

Some areas of the sheriff's budget commissioners questioned with a view toward possible reduction. They involved 10 deputy's cars to be traded for new vehicles, three additional new cars to be purchased (without trade-in), seven new employees to be hired and a three per cent cost-of-living increase for all sheriff's department employees.

Raulerson defended his need for 10 replacement cars on the basis that the old cars being traded had been driven about 75,000 miles and were almost three years old.

Commissioners agreed that vehicles used for high speed pursuit of lawbreakers must be in good condition to preclude risking the lives of deputies who drive them.

The new cars would go to three civil deputies who would be hired to serve legal papers in the county.

Commissioner Ken Wilkinson questioned whether the anticipated workload for the civil deputies warranted hiring three persons. Raulerson promised to review the work assignment figures again and to report his findings.

In addition to the civil deputies, Raulerson said he must hire another radio dispatcher and two additional jailers. The new positions were recommended by a recent state law enforcement audit of the sheriff's department.

Raulerson told commissioners that a new state law requires him to pay retirement contributions that were formerly deducted from employee's pay.

Therefore, beginning Oct. 1, he said the take home pay of all his employees will jump 6.5 per cent because Highlands County will relieve them from paying that amount into their retirement fund.

Raulerson said that this 6.5 per cent increase coupled with

his proposed 3.0 per cent cost-of-living raise should just about equal the inflationary costs that all workers faced during the past year.

Discussing retirement contributions the county must assume, commissioners calculated that based on a \$2 million annual payroll, Highlands County taxpayers will have to contribute about \$100,000 to the state treasury to support the government employee retirement system.

According to Commissioner C. J. "Buddy" Wise, that level of retirement fund contribution equates to a one-quarter mill ad valorem tax increase that must be borne by taxpayers.

Commissioners Wise, Norman "Jug" Heston and Kelly Phillips gave their tentative consent to Raulerson's budget proposal. Wilkinson withheld approval. Robert Skipper was absent.

When the sheriff said he would look at the possibility of cutting one civil deputy position from his personal request, Wise pleaded "search your soul. We're all in this together."

Raulerson, with a look of resignation, nodded his assent and understanding.

Little League All-Stars

Play In Dade City Tourney

Next Monday night, July 21, the Avon Park Little League All-Stars will travel to Dade City to take part in the 1975 District IV Little League Tournament which leads to Williamsport, Pa. and the Little League World Series. The Avon Park team drew a bye for first round play which will start in Dade City on Saturday, July 19 with four games on tap.

The tournament schedule has the opening game set between Zephyrhills and Lake Wales to be played at 1:30 p.m. on July 19. Plant City National will take on Pinecraft at 3:30 p.m. Dover will clash with Plant City American at 5:30 p.m. and Hardee will go against Auburndale at 7:30 Saturday night.

On Monday, July 21, Avon Park will play the winner of the Zephyrhills vs. Lake Wales game at 6:00 o'clock and Frostproof will take on the winner of the Plant City National vs. Pinecraft game at 8:30 p.m.

Tuesday night, July 22, it will be Lake Alfred against Dover or Plant City American at 6:00 p.m. and Dade City against Hardee or Auburndale at 8:00 o'clock.

The two semi-finals games will be played Wednesday, July 23 at 6:00 p.m. and 8:00 p.m. If Avon Park advances to the semi-finals they will play the early game. The finals are set for July 24, Thursday, at 7:00 p.m.

The tournament is single elimination. A team is out of the tournament after the first loss. The winner of the District IV tourney will advance to the State Little League Tournament to be held in Plant City this year.

Avon Park's All-Star team is coached by Clark Jackson and managed by Jimmy Prevatt and includes the following eleven and twelve year old players: Ricky Johnson (Avon Citrus Bank); Ricky Derman, Jerry Jones, David Jackson and Alvin Conner (Bagwell Lumber); Bobby Williams, Jeff Caldwell and Darwin Ford (I. H. Ford Motor).

Tommy Higgs and Gerald Jones (Kiwanis); Ronnie Barnes and Steven Antley (Lions); Jeff Brock Johnson's; and Dennis Barefield, Tim Cribb and Dwayne Council (Rotary). Chris Collins (Baptist) and Tommy Turnbull (Kiwanis) are alternates. The Avon Park team and Dwayne Council are out of town and will not play this year.

THE SENIOR LEAGUE All-Stars have won two games in a double elimination tournament and will play the winner of the Auburndale - Dade City game Wednesday (tonight) at 8:15 p.m. Kneeling (left to right): David Jahna, Jeff Williams, Allen Roberts, Ronnie Brock, Jim Massey and Dale Sisemore. Standing: Jim Sisemore, manager; Joel Wright, Steve Arnold, Billy Young, Horace Moore, Eric Wilson, John Mickunas, Victor Roberts, Matt Edmondson and Luther Townsend, coach. Photo—Miller.

IN A GAME with Dover played at Lake Wales, Joel Wright hits a ground ball to the infield. Avon Park's Senior League All-Stars won the game with a 6 to 2 score, Sunday afternoon. Photo—Wright.

Big Leaguer's Open Lake Wales Tourney Saturday

Coach Ronnie Jackson's Avon Park Big League baseball team will open the 1975 District IV tournament in Lake Wales this Saturday night playing Frostproof at 6:30 p.m. Auburndale will play the Lake Wales All-Star team in the second game Saturday evening.

On Monday, July 21, the losers of the two Saturday games will play at 6:30 p.m. and the winners of Saturday's games will meet at 8:30 p.m. Tuesday, July 22, the lone game will start at 7:30 and will be in the losers bracket. On Thursday, July 23, the still undefeated team will take on the winner of the loser's bracket and if another game is necessary it will be played on July 24 at 7:30 p.m.

The Avon Park Big League team is sponsored by Highlands County Bank of Avon Park. Members of the team are: Mort Jackson, Jamie Tomlinson, Freddy Moore, Jim Johnson, Terry Lanzing, James Jackson, Ray LaPlam, Charlie Pugh, Reggie Baker, David Dunkum, Mike Minard, Charles Lake, Allen Tamen, John Ferguson, Gerald Barefield and Bradley Beumel.

CENTER FIELDER DALE Sisemore of the Senior League All-Stars heads for home plate during the 6 to 2 win over the Dover All-Stars in a tournament game played Sunday at Lake Wales. Photo—Wright.

Senior Leaguer's Win Two In Tourney-Play Tonight

Avon Park's Senior League All-Star team won its first two games in the District IV tournament being played in Auburndale this week. Avon Park is the defending champion of District IV. The winner of the double elimination tourney will go to Ft. Lauderdale for the next tournament in route to the national Senior League meet.

Saturday the games were all rained out in Auburndale so Avon Park took on Dover in the tourney opener in Lake Wales last Sunday afternoon at 1:00 p.m. when rain again prohibited play in Auburndale.

Both teams scored one run in the first inning and the score remained tied until the bottom of the fifth inning when Avon Park scored five runs on hits by Dale Sisemore, Steve Arnold, John Mickunas and Eric Wilson. Dover managed one more run in the top of the seventh inning to close out the score at 6-2.

Last Monday night Avon Park advanced to the finals of the winner's bracket with a 6-4 win over the Lake Wales All-Stars in Auburndale in a slight rain. Steve Arnold and John Mickunas both slammed over the home run to lead Avon Park to the plate and Billy Young struck out 15 Lake Wales batters as he pitched Avon Park to the win.

Avon Park scored three runs in the top of the first inning as Dale Sisemore, Steve Arnold, Horace Moore and Joel Wright all singled. Lake Wales pushed one run across in the bottom of the fifth inning. Carol Swanson, the first Avon Park scored again in the top of the third on the homerun by Steve Arnold with no one on base.

Lake Wales came back to score two runs in the bottom of the third to tie the score at 4-4 after three full innings. Then Lake Wales tied the game up in the bottom of the fifth inning scoring one run on an error and a single. But in the top of the seventh inning Billy Young, the pitcher for Avon Park, drew a walk and John Mickunas came up with two outs and slammed the ball over the fence to score the winning runs.

Horace Moore at shortstop and Eric Wilson at first teamed up to make an outstanding play for the first out of the seventh inning and then Billy Young reared back and struck out the next two batters to preserve the win for the Avon Park All-Stars.

Church Teams Battle For Lead

The Men's Church Softball Division played a full schedule, plus some make-up games in last week's dry spell. First, in the regularly scheduled games Monday night July 7th, it was the strong first Baptist No. 1 team downing the Presbyterian squad 20-5.

In the second game at 8:30, the First Baptist other entry, the No. 2 team rolled over the Episcopal 10-12, 6-4.

Monday's games out at the APCI Field, the Seventh Day Adventist continued their perfect record by romping over the APCI team 10-2. In late action that same night, the Nazarene team beat Fellowship Baptist 17-4.

In the two contests scheduled for Tuesday night out at the APCI, it was First Baptist trying to pull up in the top of the league standings by beating First Baptist No. 2, 9-2. At 8:30 the Episcopal team won easily 31-3 over the Presbyterian Squad.

In one make-up game last week, the Seventh Day Adventist suffered their first loss to First Baptist No. 2, 9-4. This loss puts several teams in a real battle for that first place finish. With only four more weeks of play, the race for the top two trophies should be exciting.

Girls Baton Lessons At Rec. Center

The Avon Park Recreation Department is sponsoring baton lessons, instructed by Selma Crowe, last years head majorette for head Avon Park High School Band.

Girls ages 5-8, will meet each Tuesday and Thursday, from 9:45-10:30 a.m.

The lessons will run from July 15 through August 21st. If your child needs to enter late, her fee will be adjusted. You may bring your child to the class to register or you may register in advance by calling the Center, any afternoon at 433-6881.

Department Thanks Helpers On Fish Fry

The Avon Park Recreation Department extends its appreciation to all volunteers and recreation committee members for working so hard to make the fish fry dinner held July 4 a success. Dennis Guenther, recreation director, said Friday.

Jim McWilliams, chairman, should be given special recognition for heading up all the work that had to be done. Guenther said. He noted the physical labor involved in the project.

Larry Albritton, Bill Rowland, Milton Giddens, Fred Hughes, John Allevary and McWilliams cut and cleaned the swamp cabbage. The Rev. Ben Williamson and Steve Maxwell helped prepare the cabbage. Carol Swanson, Cindy Bass, Orphelia Rihner, Tommy Bass, Mary Wright and Carol Hall worked the serving line. Jeff Tanner, Larry Middleton, Dan Davis, Donna Guenther, Dianne King and Vesta Hall worked throughout the entire dinner.

Guenther said all the other committee members and volunteers who sold tickets were greatly appreciated.

Basketball Clinic Starts Monday At Rec Center

The Free Sports Clinics sponsored by the Avon Park Recreation Department will get underway Monday with the basketball clinic at 9 a.m. each morning for one week.

Parents are urged to sign their children ages seven through 10 up for the clinics. Coach Ronnie Jackson, who will be the instructor for all the clinics, will teach the basic skills needed for these sports and try to point out the fundamental rules of the game.

After the basketball clinic ends on July 23, there will be a one week break and the foot ball clinic will be held Aug. 4-4.

Since there were not enough participants signed up for the baseball clinic, it was postponed until Aug. 12-15.

All clinics will be held in the Recreation Center or at Donaldson Park. Contact the Recreation Center at 433-6881 after 12 noon to register for the clinics.

Stolen Cycle

Abandoned

Henry Dennis, 601 S. Verona, reported to Avon Park Police Friday about 8 a.m. the attempted theft of a Yamaha 80 Endura motorcycle.

According to the police report, the cycle was in gear and the would-be thief didn't push the clutch in. The cycle was dragged to the corner of State and Lake and abandoned.

Dennis discovered the attempted theft when he almost ran over the cycle where it lay on its side in the street as he started to work, according to the report.

Radio Stolen From Parked Truck

A two-way radio was stolen from a truck belonging to Long's Air Conditioning while it was parked at the Lotia Park Apartments. The theft was reported to Avon Park Police by Bill Smith, 178 Lotia Park Apartments, at 10:15 a.m. Saturday.

Psychology Center

For People With Problems

A woman was having difficulty adjusting to life after the death of her husband. She found it hard to sleep, and she couldn't seem to control chronic crying spells. The recent widow was experiencing depression for days at a time. She didn't know where to turn for help.

A child was reacting poorly to a recent divorce. In just a few months, the young boy had changed from a pleasant, cooperative child to a person, who was lashing out violently against both parents. The distraught mother and father were at a loss to find counsel for their family problem.

A newly married couple was having trouble adjusting to their wedded state. In-laws on both sides were causing problems for them, and the sexual side of their marriage was falling far short of what they both had expected it to be. They felt uncomfortable talking about this private part of their lives, and yet both sensed a need for professional help.

Depression, anxiety, loss of sleep, extreme nervousness, difficulty in adjusting to change, unsatisfactory marriage and family relationships — where can persons experiencing such problems with everyday living turn for professional help?

The Highlands County Psychological (Mental Health) Center is available to offer professional help to persons having problems coping with everyday living conditions. According to Mrs. Marjorie Brewster, R.N., psychiatric nurse at the center, 75 per cent of the patient load deals with such problems.

Dr. Brian T. Jordan, director of the center and clinical psychologist, said, "People have problems with living, and during crisis periods, psychological help can assist one to cope more effectively with an upsetting situation."

One of the primary goals of the Highlands County Psychological Center, is to operate a mental health facility without the outmoded stigma of the "mental illness" or "mental disease" image.

The mental health center is in its fifth year of operation at 204 South Commerce St. in Sebring. It is a satellite of its sponsoring body, the Winter Haven Community Mental Health Center. The local facility has yearly contact with over 1,600 patients.

In addition to Dr. Jordan and Mrs. Brewster, other staff members of the local center include Miss Donna Rethemeyer, M.S.W., social worker; and Mrs. Mary Carolyn Brown, secretary-receptionist.

How to make contact

Anyone wishing to receive professional help in dealing with a personal problem may simply call 385-5179 and request an appointment.

Referrals also are made to the psychological center by physicians, clergy, schools, and other sources. A fee is charged but is on a sliding scale based on income. However, no one is denied services for lack of finances.

Adult services

The mental health center offers a full range of clinical services on an outpatient basis. This includes individual psychotherapy, marriage and family counseling, and group therapy.

In cases of serious emotional problems, referral for inpatient care is made to the Winter Haven Hospital.

Marriage counseling

Records show that marriage counseling is increasingly sought by local residents. Dr. Jordan indicated that initially, a husband or wife may be showing the symptoms of emotional problems, but usually the marriage relationship is directly involved. "The psychologist noted, 'Unfortunately, often it is the wife who will seek help alone, or a couple will wait until a divorce is in the process before coming in for help.'"

Help for children

The philosophy of the center

regarding children, is to work through parents and teachers to help the child. Through a modern and unique contract agreement with the Highlands County School Board, psychological consultation is extended to all children who present signs of maladjustment in the school setting.

Typically, Dr. Jordan or another staff professional will see a child in the school setting with parental consent.

When feasible, a plan of action is then offered to the teachers. In addition, a follow-up consultation is held with the parents to explore the home situation.

Reflecting on the success of this approach, Dr. Jordan commented, "By my working through the adults who spend 90 per cent of a child's waking life with him, progress is faster and more long-lasting."

Donna Rethemeyer's work in open school groups from primary through high school age, has as its emphasis teaching children how to get along with one another. Through interaction in the groups, children also have a "sounding board" for their thoughts and feelings.

Geriatric Group Counseling

Mrs. Barbara Roby comes from Winter Haven on the second and fourth Tuesday of every month to provide geriatric group counseling in Highlands County.

She holds group sessions at Sebring Manor and at the Sunny Haven Retirement Home in Desoto City. The groups are open to the public and deal with topics such as adjustment to retirement; facing changes in life patterns such as the death of a loved one, moving to a new area; or the removal of a loved one from the home.

Another dynamic part of the Highlands County

Psychological Center's program is ongoing case consultation with the courts, Division of Family Services, Division of Youth Services, Public Health Department, Florida Probation and Parole Commission, Division of Vocational Rehabilitation, ministers, and all other interested community agencies.

In addition, a 24 hour-a-day crisis intervention arrangement is maintained with the Highlands County Sheriff's Department. If an arrested person shows signs of being seriously disturbed, immediate emergency help and referral is offered by the psychological center.

The old stigma used to maintain that "anyone seeking help from a psychological center must be 'crazy.'"

It is high time this stereotyped thinking dies as people realize their local psychological or mental health center is a "port in a storm" for anyone experiencing difficulty in coping with everyday living.

Another dynamic part of the Highlands County

Dr. Brian Jordan and Marjorie Brewster, psychiatric nurse

Cooper, Failes complete course

Cooper, Failes Complete DC Course At Raiford

Avon Park Correctional Institution employees Robert M. Cooper and James L. Failes recently graduated from a four-week course taught at the Correctional Training Institute at Raiford.

Speaker at the June 27, 1975 graduation ceremony was Bob E. Thomas, chief, Bureau of Education and Career Development, Florida Division of Corrections. Thomas stated that the Division should be recognized for its efforts toward retraining career employees to update their skills to meet the needs of modern corrections.

He further complimented the Correctional Training Institute staff for the fine job they have done in implementing their unique staff training program over the past two years. "Its more than 850 graduates reflect a job well done."

The 160-hour resident course covers Florida Division of Corrections (DC) administration and operation and work in human relations. The

course, for all DC employees, is being taught to improve treatment, control and rehabilitation of inmates by increasing the effectiveness of employees.

The fulltime course earned credits from Lake City Community College. The course work includes use of a computer assisted training program developed by DC and taught in conjunction with the college.

Cooper, who lives at Lotelia Apartment in Avon Park with his wife and small daughter, is a two-year veteran of the Marine Corps. He is studying criminology at South Florida Junior College.

Failes is in the Florida National Guard and holds the rank of Specialist 4. He is single and lives at 414 W. Pleasant St. in Avon Park.

The graduates will continue their training with 160 hours more taught by regional instructors at the various correctional institutions across the state.

Patrol Car Damaged By Vehicle Freed From Sand

Florida Highway Patrol may be pondering whether a Highlands county deputy sheriff is blamed — at least a little — for damage to a highway patrol car.

Deputy Clark Jackson was trying to be helpful when he pulled a citizen's car out of the sand, but then the freed car shot across the roadway and hit a parked FHP car causing \$330 damage.

Officially no one is charged with responsibility for the freak accident which occurred at 3:05 p.m. on July 10 on Ward Road.

Gladstone Dailey, 31, Avon Park, was driving along Ward Road, a little more than a half mile south of Avon Pines Road, the accelerator stuck. Dailey worked at bringing the car under control, but on a curve ran off into the sand.

Deputy Jackson, off duty at the time, came on the scene and after determining that Dailey was not injured and notifying FHP of the accident, went to his own home and brought back his jeep to pull the car back onto the road.

Trooper J. C. Hart arrived, pulled off the road and parked. After the accident report was completed, the car checked out and freed from the sand, everyone prepared to drive away. The accelerator stuck again. Damage to the Dailey-driven car was estimated at \$15.

Cpl. Frank Williams, an area

supervisor out of the Arcadia office of the highway patrol, investigated the accident.

Youth Injured In Car-Cycle Crash

Perry Hillyard is listed in poor condition in Winter Haven Hospital with a concussion and back injuries following an automobile crash Monday about 8 a.m.

The accident occurred on Forest Avenue at the entrance to United Telephone Company's employee parking lot.

According to information at the Avon Park Police Department, a vehicle operated by Tal Star was backing out of the parking lot as the motorcycle operated by Hillyard was turning the corner and the two vehicles collided.

Hillyard was taken to Walker Memorial Hospital by a Highlands County ambulance and then transferred to the Winter Haven Hospital.

Charges are pending further investigation. The investigating officer was Patrolman Don Singletary.

COMMUNICATION

ATTEND CHURCH

Telephone lines spread across our nation, giving us immediate contact with loved ones. Vital business is rapidly contracted through this medium.

Our linkage to God is prayer. Through prayer we can express our love, our thanks, and seek God's help.

"Hearken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Attend church, join others in fellowship and prayer to God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.

Roth Elected To World Conference

Don A. Roth of Singapore, son of Mr. and Mrs. Daniel A. Roth of Avon Park, was elected an associate secretary of the General (World) Conference of Seventh-day Adventists.

For the past 10 years Roth has been assistant secretary and director of communications for the Far Eastern Division of the Church. His new duties will take Roth around the world to 193 countries where the Adventists have established missions.

Prior to his service in the Orient, Roth was for 12 years a director of Public Relations for the eight eastern state Columbia Union Conference of Adventists with headquarters in Takoma Park, Md.

Roth is a graduate of Columbia Union College, Takoma Park, Md. His first assignment for the church was in Pennsylvania as public relations secretary for the Pennsylvania Conference of Adventists.

His new assignment will be based in Washington, D.C. in the World headquarters offices of the church.

World Duties

DON ROTH (RIGHT) of Singapore has been elected an associate secretary of the General Conference of the Seventh-day Adventist Church. His administrative duties will take him around the world, representing the

church in 193 countries where it has missions. President Elmer Walde of the North Pacific Union of the church gives Roth some pointers in administration.

Zoning Board Ponders New Sign Ordinance

A lengthy discussion on signs which represents a lengthy portion of the proposed new zoning ordinance for the city occupied the major part of the meeting Tuesday afternoon of the Avon Park Zoning Board of Adjustment.

Chairman James Heim suggested the sign ordinance might possibly be more desirable as an entirely separate ordinance since enforcement of the sign ordinance is the responsibility of the mayor not the Building Official as with the rest of the zoning ordinance, according to the proposed ordinance.

The section covering signs comprise three and a half legal size pages. A decision on recommendations to be made by the Zoning Board regarding signs is expected at another work session on the proposed Ordinance Tuesday at 5 p.m.

Also under discussion was the recommendation that the Building Official should approve new applications for occupational licenses and transferrals of the licenses because in the past occupational licenses have tended to circumvent zoning ordinances.

Such a regulation would carry the right of objections to appeal the Building Official's decision to the Zoning Board.

In a previous meeting the Zoning Board approved a request for a variance of two feet in a front yard requirement of 15 feet on Lots 9 and 10 Asa Lewis Subdivision on Green Street.

The request was made by Arnold Goben on behalf of Ira Sams. Granting of the variance allows a conforming addition to a non-conforming building due to only 13 feet of front yard.

Steve Roberts of Ridge Florist brought plans for expansion of the business with a request for assistance and possibly a variance in the off street parking requirement for discussion with the board.

After a lengthy discussion it was decided that Building Official C. W. Ellerbee would

work with Roberts in trying to find a solution.

Mr. and Mrs. Robert Robinson requested permission to build an addition to a mobile home they are

living in on Leulah Street. The three-room mobile home houses a family of 15 but is non-conforming to the mobile home ordinance.

A lengthy discussion on the

problem failed to produce a solution with James Heim suggesting, "I don't think we can authorize an addition to the trailer," adding it would tend to legalize the trailer with

it in violation of city ordinance.

Board members suggested Robinson build a residential building directing Ellerbee to work with him for plans which will conform to regulations.

"We're asking," Martin replied. "We might not get it."

"Some people are reluctant and I don't blame them, Martin continued. "I tell them that if they don't want to fill it out, that's perfectly all right."

Martin said he recognized that profitability was often more closely related to management expertise than to property values.

"We are not looking strictly at this income information," Martin said. "We are using it, more or less, as a guide to correlate with the other approaches to value."

William Van Baalen, representing the Highlands County Property Owners Association, suggested that

State Bicentennial Exhibit To Open Here August 7

The Florida Bicentennial Van will be open to the public Thursday through Saturday, Aug. 7, 8 and 9 at the Pantry Pride-Neisner parking lot stated Leoma Maxwell, chairman of the Avon Park Bicentennial Committee.

Arriving from Lake Wales on three semi-trailers the Bicentennial Exhibit will be spotted on the parking lot and made ready for the 10:00 a.m. Thursday morning ceremonies opening the Bicentennial Florida Exhibit for the residents of Highlands County.

The Bicentennial Exhibition opening will be signalled by a bicycle parade on Main St. from the Band Stand to the parking lot. At the parking area an ensemble from the Avon Park High School Grenadier Band will play patriotic music. Following which Mistress of Ceremonies Leoma Maxwell, chairman of the Bicentennial Committee will present the Rev. H. D. Graetz, President of the Historical Society, for the Invocation.

Guest of honor at the opening

ceremonies will be the mayors of Avon Park, Lake Placid and Sebring and the officials of Chamber of Commerce of the three Highlands County cities. A special guest will be Miss Sally Taylor, who is wearing the crown of Miss Highlands County.

All the residents of Highlands County will be welcomed and urged to visit the Bicentennial Florida Exhibit by Dr. William Stallard, President of South Florida Junior College. Viewing time for the three semi-trailers of the exhibit is between 20 and 30 minutes.

Musical entertainment for the three day stay of the Bicentennial Florida Exhibition is under the director of Evelyn Jones, Program chairman.

The Young Highlanders and David Flower's musical group will be the featured entertainers from 7:00 to 8:00 p.m. Thursday evening, Aug. 7, on Friday night, Aug. 8, the musical entertainment will be by Don Smith and The Sun Country Ambrose from

One state governmental agency which provides a vital service especially in this time of high unemployment is the Florida State Employment Service with a main office in Sebring to serve the four counties of Highlands, Hardee, DeSoto and Okeechobee with branch offices located in Wauchula, Arcadia and Okeechobee.

The main office staff includes, in addition to manager Donald J. Orr, a secretary and two interviewers, a counselor and an employment specialist. Each branch office is staffed by a branch manager and an interviewer.

The counselor and employment specialist is under the Comprehensive Employment Training Act (CETA) to serve individuals that need special assistance and is funded by Heartland Manpower Resourcing covering the four counties listed above plus Polk County.

One of the main advantages of the Employment Service is the Job Bank which provides a daily listing of all job openings and opportunities listed with the Employment Service in the Central Florida area.

The Job Bank is updated and reproduced daily by automated methods. All personnel of the Employment Service and cooperating agencies have instant access to it for referring qualified workers to employers.

Job Bank is a statewide service bringing both people and jobs together.

When an employer calls Job Bank Control, trained order

takers record all the information needed to select workers for the particular opening. This information is fed into a computer that organizes and indexes it and prints the Job Bank Book.

The Job Bank Book is microfilmed and supplied to all personnel who can refer to it rapidly by means of viewers resembling television sets.

Interviewers select the most suitable workers from application files and walk-in applicants, and send them to the employer for an interview.

When the applicant is hired, the employer notifies the Employment Service and the order is dropped from the next day's Job Bank Book.

A microfilm, three and one-half inch card and one-half inch card resembling a photo negative which holds 1,200 job listings, of the Job Bank Book exclusive of the name and address is provided applicants. This service is known as the job information service which exposes job openings to a greater number of applicants.

If an applicant desires to relocate to a certain area of the

state, he can set up interviews through the Employment Service without the expense of making the trip until he is sure there are available jobs.

The service is free to both the employer and the applicant.

Orr said late last week that there are some 600 job listings daily in the Central Florida area which includes a large area with Orlando as the center.

All information given the Employment Service by either employers or applicants is held in the strictest confidence. An

employer is not obligated to hire an applicant sent for an interview by the Employment Service.

An applicant drawing unemployment compensation is obligated to take a job if the job is in his line of work and at the prevailing wage or risk losing unemployment benefits.

The Unemployment Compensation is a distinctly different agency and unemployment claims are handled for this area out of the Winter Haven Unemployment office but it is a sister bureau of the Employment Service.

Orr had some advice for job seekers. He said it was surprising how many job seekers overlook things which serve to make a good or bad impression on prospective employers.

"Remember to take your Social Security card, a pen or pencil, the names, addresses and telephone numbers of references, be careful of appearance, be neat and clean, show an interest in the place of business and be careful of the posture, don't slouch," Orr cautioned.

The Employment Service acts as a recruiter for Job Corps which is operated under the U.S. Department of Labor's Manpower Administration, for youth ages 18 through 21 who are out of school and need a decent job.

Those entering Job Corps can choose a trade, take two years to learn it and receive help in finding a job at completion. Job Corps teaches reading, writing and math needed for jobs and

Assessing Methods Criticized By Board

Property Appraiser J. W. "Billy" Martin ran headlong into a buzz saw Tuesday, when he appeared before the county commissioners to present a progress report on his reappraisal project.

Before Martin could get to the report, commissioners bombarded him with inquiries about a questionnaire his department is using to gather information on rental properties and business establishments in the county.

According to commissioners, Martin's reassessment team is asking county businessmen to reveal the income they derive from their commercial property.

Martin explained that an examination of the income produced by commercial establishments is but one of the approaches the law requires him to use in assessing "fair value." Other criteria he must consider involve examining cost and current market value, he said.

Commissioner Ken Wilkinson said he considered the questionnaire to be an invasion of a businessman's privacy.

"Billy, you're not going to everybody and ask what their income is on their property, are you?" Commissioner Robert Skipper wanted to know.

"We're asking," Martin replied. "We might not get it."

"Some people are reluctant and I don't blame them, Martin continued. "I tell them that if they don't want to fill it out, that's perfectly all right."

Martin said he recognized that profitability was often more closely related to management expertise than to property values.

"We are not looking strictly at this income information," Martin said. "We are using it, more or less, as a guide to correlate with the other approaches to value."

William Van Baalen, representing the Highlands County Property Owners Association, suggested that

only those businessmen who are losing money will respond to Martin's questionnaire.

Martin replied that such

responses might benefit the individuals submitting income

Barben Named To Committee

Robert Barben of Avon Park is the only Highlands County man named to the eight advisory committees and councils of the Florida Citrus Commission for 1975-76.

He will serve on the state test house extractor committee.

The appointments were made by Commission Chairman Danforth Richardson of Vero Beach, who announced he was informing appointees that if any miss three consecutive meetings, he will replace them.

Danforth explained that during the current season, absence of a quorum frequently delayed decisions, even though those present had travelled many miles to the commission headquarters in Lakeland.

Other committees and councils include by-products and canned juice quality council, marketing, Florida citrus research advisory council and trade advisory council.

chilled juice quality council, fruit classification and standards, institutional

Job Bank

Brings People And Jobs Together

By NORMA GOBBLE

One state governmental agency which provides a vital service especially in this time of high unemployment is the Florida State Employment Service with a main office in Sebring to serve the four counties of Highlands, Hardee, DeSoto and Okeechobee with branch offices located in Wauchula, Arcadia and Okeechobee.

The main office staff includes, in addition to manager Donald J. Orr, a secretary and two interviewers, a counselor and an employment specialist. Each branch office is staffed by a branch manager and an interviewer.

The counselor and employment specialist is under the Comprehensive Employment Training Act (CETA) to serve individuals that need special assistance and is funded by Heartland Manpower Resourcing covering the four counties listed above plus Polk County.

One of the main advantages of the Employment Service is the Job Bank which provides a daily listing of all job openings and opportunities listed with the Employment Service in the Central Florida area.

The Job Bank is updated and reproduced daily by automated methods. All personnel of the Employment Service and cooperating agencies have instant access to it for referring qualified workers to employers.

Job Bank is a statewide service bringing both people and jobs together.

When an employer calls Job Bank Control, trained order

takers record all the information needed to select workers for the particular opening. This information is fed into a computer that organizes and indexes it and prints the Job Bank Book.

The Job Bank Book is microfilmed and supplied to all personnel who can refer to it rapidly by means of viewers resembling television sets.

Interviewers select the most suitable workers from application files and walk-in applicants, and send them to the employer for an interview.

When the applicant is hired, the employer notifies the Employment Service and the order is dropped from the next day's Job Bank Book.

A microfilm, three and one-half inch card and one-half inch card resembling a photo negative which holds 1,200 job listings, of the Job Bank Book exclusive of the name and address is provided applicants. This service is known as the job information service which exposes job openings to a greater number of applicants.

If an applicant desires to relocate to a certain area of the

state, he can set up interviews through the Employment Service without the expense of making the trip until he is sure there are available jobs.

The service is free to both the employer and the applicant.

Orr said late last week that there are some 600 job listings daily in the Central Florida area which includes a large area with Orlando as the center.

All information given the Employment Service by either employers or applicants is held in the strictest confidence. An

employer is not obligated to hire an applicant sent for an interview by the Employment Service.

An applicant drawing unemployment compensation is obligated to take a job if the job is in his line of work and at the prevailing wage or risk losing unemployment benefits.

The Unemployment Compensation is a distinctly different agency and unemployment claims are handled for this area out of the Winter Haven Unemployment office but it is a sister bureau of the Employment Service.

Orr had some advice for job seekers. He said it was surprising how many job seekers overlook things which serve to make a good or bad impression on prospective employers.

"Remember to take your Social Security card, a pen or pencil, the names, addresses and telephone numbers of references, be careful of appearance, be neat and clean, show an interest in the place of business and be careful of the posture, don't slouch," Orr cautioned.

The Employment Service acts as a recruiter for Job Corps which is operated under the U.S. Department of Labor's Manpower Administration, for youth ages 18 through 21 who are out of school and need a decent job.

Those entering Job Corps can choose a trade, take two years to learn it and receive help in finding a job at completion. Job Corps teaches reading, writing and math needed for jobs and

Commissioners Seek To Reduce Budget

County commissioners have tentatively scheduled all county employees for a two percent cost-of-living (COL) pay increase, effective Oct. 1.

That two percent raise, when added to the four percent take-home pay increase each worker will realize when the county starts making retirement fund payments previously deducted from each pay check, will produce an effective six percent raise.

In addition, between 60 to 70 percent of all county employees will get merit pay increases amounting to \$20 per month or \$240 per year.

In approving the pay raises, commissioners made it clear that they wanted to give more. However, the imbalance that now exists between expected income and anticipated expenditures next year made it impossible.

Commissioner Ken Wilkinson opposed the percentage type of COL increase favored by the other commissioners.

Deputy Clerk James Pyle shocked commissioners Friday with his estimate that an ad valorem tax increase of about four mills over last year's 3.30 mills, would be required to raise revenues sufficiently to offset budget requests submitted by the county's various departments heads.

Since one mill equates to about \$450,000, Pyle's estimate of the new budget imbalance runs to about \$1.8 million.

Telephone Employees Get Wage Hike

An agreement has been reached on a new contract between United Telephone of Florida and the International Brotherhood of Electrical Workers (IBEW) Local 199 providing increased wages and benefits for some 1,500 employees represented by the union, according to a release Monday by the telephone company.

Negotiations on the new telephone and union representatives began on June 16. The previous contract expired July 7 and pay raises and new benefits are retroactive to that date.

The new agreement provides for immediate wage increases ranging from 20 to 45 cents per hour, plus improvements in life insurance and company contributions toward medical benefit costs.

Wages increases of 20 to 51 cents per hour will take effect July 7, 1976, along with additional medical cost coverage and a reduction from 18 to nine years employment requirement to be eligible for three-week vacations.

The agreement covers operators, installers, switchmen, cable splicers, some clerical workers and others employed throughout United's service area which includes all of nine counties and parts of four others.

Robert E. Overton, United's personnel director and the company's chief negotiator, said the new contract "contained several changes in language covering work rules and discipline that will permit greater operating efficiency and a

—without a fight.

During Thursday's budget session, commissioners reviewed requests submitted by the supervisor of elections, tag agent, Civil Defense and welfare department. They were able to find few areas for cuts.

Similarly, during Tuesday's workshop review of budgets, the motor vehicle inspection department, planning and zoning department, building department, purchasing department, health department, the county attorney and county administrator, few substantial cuts could be made.

Commissioners ordered a reduction in motor vehicle inspection (MVI) state operation— from 54 hours to 40 hours per week. That should reduce the amount of money the county loses each year through its MVI program. A review of inspection fees may be undertaken later.

The building department will be cut back, reducing its budget requirement from \$73,000 to \$56,000.

After Oct. 1, the number of employees authorized to drive county vehicles to and from their homes will be reduced from 17 to nine. Commissioners expect that some dollar savings will result from this cutback, too.

County contributions to Avon Park, Sebring and Lake Placid Chambers of Commerce will be reduced \$500 each, from \$2500 to \$2000.

All budgets reviewed are given "tentative" approval to the commissioners. They reserve the right to re-examine each budget request, cutting its component parts as required to find funds with which to support higher priority activities in the county.

Commissioners are frustrated by the fact that budgets submitted by the sheriff's department, property appraiser and tax collector are approved by state agencies in Tallahassee and are not subject to a reduction by them

reduction in costs."

Overton added that "the net total value of all provisions is consistent with other recent settlements negotiated within the industry."

Over the new contract rates minimum starting wages for operators and clerical employees will increase from the present \$2.48 per hour to \$2.88. Rates for the same employees having more than four years' experience will increase from \$3.80 to \$4.41 per hour.

Starting salary for cable splicers, switchmen, and testmen will go from the present \$2.80 per hour to \$3.20 this year increasing to \$3.45 next July. Top pay for such employees will be more than four and a half years' service will go from \$5.10 to \$4.81 per hour during the contract period.

Dial 3-6622

For Police

Police Department personnel reminded citizens of Avon Park that the telephone number for the police changed nearly a year ago although some people are still using the old number and fail to get the police quickly.

The proper telephone number for the police department is 3-6622 and is listed that way in the front of the latest telephone directory. The police department has several lines with a rotary dial and residents should be able to get the police quickly by dialing the correct number.

Job Bank

participants can obtain a high school certificate.

Another important service performed is the WIN program which helps provide incentive to find funds with which to support higher priority activities in the county.

The Employment Service

can even help applicants get bonding if they have been unable to obtain bonding through the usual sources. The Employment Service is in an enforcement position only in the case of crew leader registration, federal and state, in agricultural occupations. They work with immigration on work permits for aliens and help stem the flow of illegal aliens working in this country.

Billy Martin

data but, since other criteria were also considered in assessing property values, there could be no guarantee that low business income would result in a low appraisal.

"We're not going to penalize a good manager," Martin pledged.

Skinner assured Martin that commissioners "were not criticizing him."

"I'm criticizing the Revenue Department in general," Skinner said. "Whenever they ask... about your mortgage payments... that's none of their business."

Mobile home park owner Deniz Hunt balked at providing income information to the property appraiser.

"This information is not public information," Martin said. "This is private information that will be kept locked up."

"I want to know if all tax

records are public," Betty Bolin asked.

"The tax roll is public information," Martin replied. "However, backup data used to prepare tax roll valuations can be confidential. I don't have to show the file on that."

When commissioners finally permitted Martin to report on his reappraisal project, he advised that physical inspection of all buildings in the county had been completed but calculation of building values will not be completed until Aug. 8.

Land values have been set for 45,000 parcels. Values for the remaining 12,000 parcels will be fixed by July 31.

Agricultural values have been determined and are presently being calculated and posted.

Martin asked that property owners wait until they receive assessment notices in the mail before they contact his office regarding valuations.

When pressed for a figure to help commissioners with their budget reviews, Martin said overall property values might be up about five percent.

"That's purely a guess, if you want to know the truth about it," Martin admitted.

Wise appointed himself, Wilkinson and Commissioner Kelly Phillips as members of the Board of Tax Adjustment that rule on valuation complaints that cannot be settled between county property owners and the property appraiser's office.

The county school board will be asked to furnish two members to the tax adjustment board.

Bureaucrats Block Canal Cleaning

Because county commissioners' thin skins are unusually sensitive to all forms of regional, state and federal bureaucracy, they developed a collective case of the hives when county engineer Gordon Hays Jr. recounted Tuesday

what they must do to obtain state approval to clean a county canal and deepen two boat ramp channels.

The work they had earlier authorized Hays to do, involved cleaning Erin Park canal that empties into Little Lake Jackson and dredging water approaches to public boat ramps on Lake Letta and Lake Itoka.

Hays reported that he was now ready to go to work on all three projects except for a few minor matters.

He then recited the roadblocks that Tallahassee bureaucrats place in the path of counties which wish to improve such facilities for their citizens.

First, he must submit an application with supporting maps for each of the three projects to the combined permitting board, composed of members of the Internal Improvement Fund Board, the Department of Natural Resources, the Game and Fresh Water Fish Commission and the Pollution Control Board.

With each application, he must attach a \$25 permit fee. Then he must submit a performance bond in an amount equal to 50 cents for each cubic yard of material to be removed or dredged during

the cleanup operation.

That means, Hays said, submitting a \$75 check for the Lake Letta boat ramp work and \$95 for the Lake Itoka job.

Commissioner Ken Wilkinson stopped Hays. "A performance bond for a county?" he asked, unbelieving.

"It's ridiculous, I realize," Hays responded.

"That's the understatement of the year," Chairman C. J. "Buddy" Wise muttered.

Commissioners soon found that they had interrupted Hays too soon.

There was more.

The permitting agency in Tallahassee also requires a copy of the county commissioners' official minutes showing that they have approved the three projects; 2) authorization for the county engineer to sign the permit application; 3) an affidavit, signed by the chairman of the Board of County Commissioners, attesting to county ownership of the areas to be dredged.

With all of the bad news, Hays also brought good news. The 50 cents a yard (performance bond money) will be returned to us after the jobs are completed," Hays

Building Permits Go Up In June

Building permits issued by the Avon Park Building Department took an upward turn in June with a total valuation of \$234,386 in permits issued, according to the monthly report for June released by Building Official E. W. Ellerbe.

The figure almost tripled May's \$82,751, but was little more than a third of the April total of \$643,665 when major commercial construction permits were issued.

Eight new single family dwellings totaling \$176,735 in value accounted for the bulk of permits issued in June. There was one two-family dwelling permit issued valued at \$16,000.

This figure indicated an uptick in construction in light of only one one-family and one two-family dwelling permit issued in May.

There were 21 additions and alterations totaling \$41,651. There were no buildings condemned and none moved. One building was demolished.

The Building Department checked out two complaints and made four inspections.

In addition to the 30 building permits issued, 43 inspections were made on buildings under construction or with construction completed. A total of 50 electrical, plumbing, air conditioning, gas and other permits were issued and a total of 46 inspections made on those phases.

Total permit and inspection fees amounted to \$1,286.30.

In other actions, commissioners: — Instructed the clerk of courts to equalize the placement of legal advertisements among the county's three weekly newspapers.

— Received a letter from the Florida Department of Transportation stating that speed limits on U.S. 27, both north and south of SR-70 (Bair's Den) would be reduced from 55 miles per hour to 45 m.p.h.

— Agreed to support Eric Annett's application to the Interstate Commerce Commission for permission to operate a charter bus service out of Sebring.

Turkey Talk

By NORMA GOBBLE

I fully intended to change topics for this week's column because with many subjects I feel it's just as bad to say too much as to little. But on the subject of the "Extreme" Court's decision against voluntary prayer and Bible reading in school, I don't think too much can be said.

This decision has affected American tradition and way of life more than any other single decision.

I have charts showing the crime rate and rate of increase for the 10 years from 1960 to 1970 in this country. Two major factors have influenced the sharp rise of crime during the seven years from the time of the Supreme Court decision on prayer in 1962 and 1963 and the rate is still skyrocketing.

One of the major factors in the rising crime rate is the leniency of the courts and the failure of correctional institutions to reform offenders and the other is the Supreme Court ruling against prayer and Bible reading in school.

Statistics prove this. Crimes of violence were level with very little change from 1960 to 1963 and then began the sharp climb upward in 1964 and during the 10-year period the increase was 156 per cent!

In crimes of violence are included murder, forcible rape, robbery and aggravated assault. The rate per 100,000 inhabitants increased by 126 per cent.

In the case of murder, the rate actually dropped from 1960 to 1963 and then shot upward to an increase of 76 per cent in 1970 over 1960.

Robberies dropped in 1961 from 1960's rate slightly, rose slightly in 1962, went up some in 1963 and rose in 1964 and shot up in 1965 for an increase of 224 per cent during the 10-year period.

Forcible rape increased by 121 per cent during the 10 years but the sharp increase began in 1964. Aggravated assault showed a slight rise in 1962 and rose more in 1963 but began the sharp hike upward in 1964 for a total increase of 117 per cent in the 10 years.

Crimes against property, burglary, larceny and auto theft, increased in 1962 over 1961 but took a sharp upward turn in 1964 and rose to a total increase of 180 per cent.

The Supreme Court ruled against prayer in school in 1962.

The SUN welcomes reader's opinions on public issues. Letters normally may not exceed 500 words and only original letters written exclusively to the SUN will be considered. The letter must be signed with the writer's true name (pen or pencil) and street address. If specifically requested names will be withheld only initials will be used in publication.

Presentation Meeting

A mini-presentation of Toastmasters International will be given for prospective members Thursday, Aug. 7 from 7 to 9 p.m. at the Steakout Restaurant on U.S. Highway 27 in Avon Park under the direction of Toastmasters Area Governor Lou Funk and Dr. Mohammed Ismail, chairman of the Gavel Club Extension Committee.

It is stressed that anyone, men or women, interested in the Toastmasters program is urged to attend since the Toastmasters team demonstrating the program will be accompanied in all phases of the program and any questions can be answered at that time. There is no obligation to join the organization.

The meeting will include a Dutch treat dinner served cafeteria style and those attending will be free to order as much or as little as they choose.

An organizational meeting for a Ridge Toastmasters Chapter will be held a week or two later. Once membership reaches 40 persons, other chapters will be formed in Highlands County.

Among Toastmasters who have offered their aid in starting the new chapter are expected to be on hand for the mini-presentation are Frank Spangler of Lake Placid, a past international president of Toastmasters; M.C. "Mike" Burns, educational vice president of the APCI Gavel Club; George Knickerbocker, president of the APCI Gavel Club; and other accomplished Toastmasters.

Since its inception, more than a million persons have benefited from the communications and leadership programs of Toastmasters International. The organization continues to grow because it is helping men and women help themselves and apply their skills to help others.

The first club, formed in October, 1924, was founded by Dr. Ralph C. Smedley in Santa Ana, Calif. Toastmasters International, a non-profit, non-partisan educational organization now includes more than 3,000 clubs in 47 countries of the free world.

There are no occupational, educational, racial or religious barriers to membership in Toastmasters and both men and women are welcome.

Anyone interested in self improvement can make good use of the program which provides a source of knowledge about many subjects.

Toastmasters training can prepare persons for increased income, job advancement and recognition as an individual.

"on the move," at home, at work and in the community. Membership provides affiliation with an international educational association offering professionally prepared materials and program sources concerning listening, audiovisual techniques, discussion, parliamentary procedure, meeting-conference staging, experience in speaking, opportunities for personal and occupational recognition and the satisfaction of helping others improve their communication and leadership skills.

As the club progresses there are opportunities for members to provide community service through Toastmasters in the Speechcraft program for young people, Youth Leadership program, Speakers Bureau, Community Contact Team, and other programs that reach out beyond immediate Toastmasters membership.

Cost of the program which rivals expensive self-improvement courses through other sources amount to less than \$25 including initiation, dues and educational materials.

More information may be obtained by calling Mrs. Norma Goble at 452-2935, 453-3451 or 453-4355 in Avon Park.

Paul Turner At Guard Center

Paul G. Turner, son of Mr. and Mrs. Art Fanning, Route 2, Avon Park, Fla., is undergoing recruit training at the Coast Guard Training Center, Cape May, N.J.

Classes include instruction in seamanship, damage control, close order drill, first aid, marksmanship, Coast Guard history and military regulations.

A 1974 graduate of Middlebury Union High School, Middlebury, Vt., he joined the Coast Guard in February 1975.

Juveniles Caught With Pot

Acting on a tip, Avon Park Patrolman Don Singletary and Frank Weems stopped a vehicle carrying two juveniles, searched the vehicle and found a bag of marijuana amounting to less than five grams and paraphernalia as well as alcoholic beverages in the trunk.

The vehicle was apprehended on North Hart Avenue and the juveniles were turned over to juvenile authorities in Sebring. One of the juveniles was detained by juvenile authorities and the other was released to his parents.

The case is still under investigation, Singletary said Tuesday.

To Visit County

Senator Richard Stone will hold a town hall type meeting Aug. 5 in Sebring City Hall at 4:30 p.m., according to Jim Pyle, chairman of the Highlands County Democratic Executive Committee.

Pyle said this is part of the senator's campaign pledge to visit every Florida County each year. The meeting will allow Stone to listen to views and problems of voters and to answer questions they may have.

Pyle also said the senator will be remaining in Sebring overnight and will be guest speaker at a banquet that evening at the Kenilworth Lodge. The banquet is being sponsored by the Democratic Executive Committee.

Serving his first year as a U.S. Senator, Stone was formerly secretary of state for Florida and a state senator. He was noted for his open door policy as a State office holder and retained the same "no doors" policy in Washington. He has also spent most of his weekends in Florida visiting with the voters and getting their opinions on proposed and pending bills.

Pyle said, "I encourage all citizens to be at the town hall meeting and let the senator know their views. It is the only way we can adequately represent Floridians."

Pyle said tickets to the banquet are being handled by the Democratic Executive Committee and may be obtained from him or C. Wesley Ward, chairman.

Avon Park residents can obtain tickets to the banquet at 8:00 p.m. Tuesday evening, Aug. 6, by calling Mrs. Leoma Maxwell. Attendance at the banquet to hear Senator Stone will be by ticket only as the number of tickets is limited.

He's lifeless that's faultless.

EXPRESSION OF the future?? A water management specialist told a group he had some good news and some bad news and said, "By 1985 we may be drinking recycled sewerage water." At which a lady exclaimed, "Gee! how horrible!" and added "What is the good news?" "That was it," the speaker said, "The bad news is there may not be enough to go around." Photo—Miller.

Permits Required After February

February 1976 is the deadline to have a water use permit "grandfathered in" for the use of present sources of water, according to Tim Hurner, Acting Agricultural Extension Director of Highlands County. This includes water from wells and surface sources that exceeds 70 gallons per minute.

The conservative water use permits after February 1976 are required by the Central and Southern Flood Control District. However, wells in six townships in the northwest part of Highlands County are excluded as they are presently in a "no man's land" under the authority of the Department of Natural Resources, which has no rules for water use in this area.

When the boundary dispute between flood control districts in this area is settled the water users will be required to secure permits. The flood control district office will issue permits based on three criteria: Is it a reasonable and beneficial use in regards to the use and the resource; will it harm existing users and is it contrary to public use.

Permit application forms along with data and instructions for filling out the forms can be secured from the Highlands County Extension office by calling 385-5158 or writing R. J. Box 149-B, Sebring, Fla. 33850.

Council Accepts Bids

On Ballpark Irrigation Material

Low bids were accepted, by the Avon Park City Council at their regular Monday night meeting, on irrigation pipe and supplies for the new ball park complex off West State Street.

The bid specification required a two part bid to obtain lowest prices on pipe and on sprinklers and fittings. Bids received were:

LaGrow Irr. \$5,547.94
S.O.U.S. \$4,434.36
S. W. Pipe and Supply \$3,088.38
Southern Meter and Supply \$3,031.36

South West Pipe offered a two percent discount, making a net bid of \$4,986.61. Southern Meter and Supply was low on pipe prices while Southwest Pipe and Supply had the low bid on sprinklers and fittings.

In other council action a 30 day extension for airport planning was granted to Bristol, Childs and Crowder.

It was reported by City Attorney Jack Hancock that Mr. Starkey had appealed the quiet title suit on land near the airport.

— Attorney Hancock also

told the council that the city could lease an unmarked car for police use, however, the insurance company should be notified.

In a report on fruit and vegetable stands in a C-1 area Attorney Hancock told the council that C-1 does not include any business not housed in a building and only a court could determine if a fruit stand was a building. — Council President Wendell Williams said this matter should be taken to the building inspector and after his action, taken to the zoning board of adjustment. Building Inspector C. W. Ellerbee stated stand operators should be informed, as to what needed to be done to conform with the city regulations.

— Council heard a report of a minor accident of a water department pickup truck striking a guy wire resulting in damages of \$112.52 to the pickup of which \$61.52 were paid by insurance.

— Heard a report, from Dennis Guenther, Recreation Director, of an accident on the

Rec Center basketball floor when a barefoot boy ripped his foot on a loose nail sticking above the floor. The floor has been repaired. An inspection was made by an insurance adjuster who said they may have some recommendations.

No actions was taken by the council on a request by Councilman Larry Albrighton for the use of the Recreation Center two nights a week by Al Yarbrough for karate classes. There are 40 enrolled for the course at a fee of \$12.50 for lessons, with about 25 attending. Dennis Guenther said the facilities should be used to serve the most people and he did not believe the upstairs should be closed to the kids two nights a week. Guenther had suggested use of half of the upstairs, or a downstairs room or use on Saturday nights, but these were not suitable to Yarbrough.

Councilman Albrighton also told of a request for a permit to erect a fence on a corner lot, higher than permitted by the city fence code. The matter was referred to the zoning board of adjustment by Council President Williams.

Mayor Marshall Davis told the council that the Bicentennial Committee had requested the city place a public address system in the Band Stand for musical and other programs. Council President Williams recommended using the PA system from the Little League Ballpark.

In a response to a question by Jim McWilliams about his roofing situation, Council President Williams, referred him to the competency board. McWilliams said the law did not give the competency board the power to act. Whereupon, Inspector Ellerbee said the board has already taken action and McWilliams could read the minutes of the meeting.

Those who apply themselves too closely to little things become incapable of great things.

HAVING BEEN DISPLACED by a tractor these approximately 100 year old mule hames with the addition of mule shoes were made into a hat rack by Mayor Marshall

Devis on which he hangs his Bicentennial hat when he has it at the office. That's his wife's bonnet. Photo—Miller.

4-H's At Horsemanship Camp

Three Avon Park 4-H's entered the State Horse Show on July 11-12 at Ocala according to Tim Hurner, Acting County Extension Director. Janet Filippula, Angie and Cindy Gentry were among the 255 entries at the show with the Gentry girls qualifying to show their horses.

There were 14 entries from Highlands County with four 4-H's from Sebring becoming eligible to show their horses in the Regional Horse Show.

From the Ocala show the 4-H's went to the 4-H camp at Welaka, Fla. for the week of July 13-15. The new 4-H center is located on an old conservation preserve with the youngsters having their living quarters in the Civilian Conservation Corps (CCC) cabins.

The horses were sheltered in new stables and the 4-H's showing to work their horses.

The camp on horsemanship was under the direction of Dr. Ben Crawford, State Horse Specialist from the University of Florida, Gainesville. Assistant Dr. Crawford were Melinda Penny and Reid Baumann working with western style riders and Jane Crawford working with the English style riders.

An unfortunate happening prior to the horse show at Ocala was the slip and fall of Kenneth Filippula (Janet's father) at Silver Springs, resulting in a broken collar bone. It was raining while they were at Silver Springs and while moving across an uneven boardwalk Ken slipped and landed on his shoulder. He is recuperating at home.

Power Failure Hits Westside

A large area of Avon Park on the west side of U.S. Highway 27 was without electricity for about two hours Sunday evening. The area around Walker Memorial Hospital was affected but the hospital has emergency auxiliary power which kept hospital services and patient care going.

The power failure resulted from lightning striking an electric pole and knocking out a relay control, C. R. Watson, district manager of Florida Power, said.

This was the first major power failure in the immediate area during the season of heavy thunderstorms.

George Allen Abrams, 16, 318 S. Deusto St., was arrested and charged with shoplifting Monday about 4 p.m. following a complaint to the Avon Park Police by Bradley N. Smith, assistant manager of Eagle Family Discount, the only store yet open in Avon Park's new shopping center, Avon Square.

Smith told investigators that Abrams walked in the store, put on new brown socks and brown work boots and attempted to go out without paying for the merchandise, according to the police report. Value of the merchandise was \$6.92.

Phil Edgings and The Flaming Stars

Caseload Up At Police Department

The Avon Park Police Department's monthly report for June reveals an increase in traffic violations over May but a slight decrease in other offenses with 35 traffic citations issued compared to 24 in May and 31 other offenses to 24 in May.

David King

Enters Air

Force

Enlisting in the United States Air Force is David M. King, son of Mr. and Mrs. Paul Schroeder of Hewlett Road. Airman King entered the Air Force's Delayed Enlistment Program (DEP), which gave him the choice of departing any day within the next seven months. He selected July 11 as his entry date for active duty, although he is already accruing time in service for pay purposes as a member of the DEP.

The native of Avon Park successfully completed a series of tests which qualified him to enter the disbursement accounting specialist field of training. A 1974 graduate of Avon Park High School, Airman King was a member of the school's track team.

August 1

Deadline For

Air Academy

August 1 has been set as the deadline for applying for nomination to the U. S. Air Force Academy and all students in high school, who will be seniors this coming semester, should be counseled before that date.

Students in Highlands County should contact Major Carl P. Arant Jr., P. O. Box 1035, Sebring, Fla. 33870. Counseling will be given to both young women and men.

Bingo Set

The American Legion Auxiliary will sponsor bingo and a covered dish supper at the Legion Hall on West Hill St. tonight (Thursday) with the covered dish supper starting at 6:30 p.m. and bingo at 7:30.

Those attending are reminded to bring a covered dish and table service.

There were two cases of assault in June as compared to five cases in May and one case of murder to bring the violent crimes down. The June report reflects five cases of disorderly conduct, three cases each of disturbing the peace, contributing to the delinquency of a minor, shoplifting, grand larceny and possession of marijuana.

There were two breaking and enterings and one case each of child abuse, destroying private property, indecent exposure, disorderly intoxication, profanity, resisting arrest with violence and possession of narcotics paraphernalia.

In traffic cases, driving topped the list with 10 cases followed by six cases of unlawful speed and four cases of improper parking. There were three cases of no valid drivers license and three of no valid inspection certificates. There were two arrests for driving while intoxicated and one case each of no tag, allowing an unauthorized

person to drive, improper backing, improper change of lane or course, speed too fast for conditions, running a red light and operating an unsafe vehicle.

There were a total of 496 complaints and services rendered. Chief Grady Campbell said in the report, as compared to 569 the previous month. There was 13,473 miles put on all police cars compared to 13,779 in May.

There were 264 meals served in the jail during June, 114 more than May's 150. Total cost of groceries for the jail population in June was \$14.89 with an average cost per meal of 57 cents. Total cost of groceries in May for a larger jail population was \$117.42 at an average cost per meal of 45 cents, 17 cents less than the June per meal average pointing up the rising cost of food.

Fines during June amounted to \$3,356, \$811.56 more than May's \$2,444.45 total fines.

Police Reports Show

Several B And E's

Breaking and enterings and attempted breaking and enterings were prevalent in Avon Park during the past week, according to reports at the Avon Park Police Department.

Robert Dick reported to police at 6:45 a.m. Friday that someone had tried to force the rear door open sometime during the previous night at Highlands Building Supply but failed to gain entrance.

Michael R. Montano told police at 9:15 p.m. Friday that someone had broken into the residence of his grandfather, Alton Hadd, 301 W. Pleasant. Entrance gained through the back door and the culprits had left through the front door.

Hadd is on vacation and loss has not been determined, according to the report.

Mrs. Elsie Green, 217 Lakeside Park, reported a breaking and entering at her residence at 9:40 p.m. Friday but apparently nothing was missing.

An attempted breaking and entering at Long's Air Conditioning resulted in \$50 damage to fencing and crossbar when someone tried to pry off fence wire on the insulation storage shed attached to the northeast corner of the main building, Kenny Long reported to police Monday.

The culprits failed to gain entrance to the building.

Great Fabric Sale In Progress At Royal's

Women who make their own clothes can really sew up a beautiful new wardrobe with a beautiful selection of polyester doubleknit now on sale at Royal's Fabric Center at 912 W. Main St., Avon Park.

In this day of high prices, isn't it nice to find 20,000 yards of lovely high fashion material in lovely wide widths of 60-62 inches in one to five yard lengths at only \$1.44 per yard?

How can Royal's Fabric Center hold the line on prices and offer such terrific values? With their eight-store buying power enabling them to buy in very high volume and allowing them to pass quantity buying savings on to their local customers, Store Supervisor Jim Carly explained.

Royal's Fabric Center is a member of one of New York City's finest buying offices, Felis Lillenthal Buying Office, and has the services of George Dupere, merchandiser and fabric buyer who has 20 years experience with Royal's.

Headquarters for the eight-store firm is located in Belle Glade, Fla., and the company has been in the retail fabric business 44 years.

In the local store, Mrs. Nettie Harvey, store manager, and her staff, Lois Brumbaugh and Mildred Ferguson, all very capable and experienced

seamstresses, are on hand to aid in selection of fabrics, patterns and notions, and offer advice on your sewing problems.

The store has a great

Bridesmaid Luncheon Held

A luncheon in honor of the bridesmaids who attended Mrs. Howie Godwin in her wedding ceremony July 6 was recently held at Chalet Suzanne in Lake Wales. Mrs. Godwin is the former Miss Patti Connor.

Bridesmaids attending were Misses Lynn Houpe, Sue Childress and Julie Griffin. Miss Violet Singletary was unable to attend.

Hostesses for the luncheon were Mrs. Leon Delaney and Mrs. Thomas Bagwell. Special guests were the bride's mother, Mrs. Murrell Prescott, the groom's mother, Mrs. G. D. Godwin, and Mrs. Ben Hill Griffin, Jr.

The table was decorated with arrangements of yellow and blue flowers. The hostesses presented the bride with a Fenton Ware bon bon dish. The bride gave the bridesmaids gifts of picture frames for her wedding picture and presented the hostesses with satin pillow cases which she had made.

selection of Simplicity and McCall's patterns in all the season's latest styles. Many of these are designed for the beginning seamstress and there are excellent patterns in the more advanced designer fashions. Royal's also carries a complete line of thread, zippers and other notions.

In this fantastic fabric sale is included solid color crepes, solid color ribs, jacquard solids, screen print florals, yard dyed wovens, plain waffles and more.

Hurry down and grab up some of these hottest bargains in town on this fabulous polyester doubleknit which regularly sells for \$2.99 per yard.

HEARING TESTS SET FOR AVON PARK.

Free electronic hearing tests will be given at the Jacaranda Hotel, Friday, July 27, from 10 a.m. till Noon. Anyone who has trouble hearing or understanding is welcome to come in for a free test using the latest electronic equipment to determine his or her particular degree of hearing loss.

Ray Berwald, Hearing Aid Specialist for Beltona and serving this area since 1963, will be conducting the tests. Mr. Berwald can also give service on all aids and will have batteries for all aids.

Tests can also be given in the home by appointment. Call or write home office: Beltona Hearing Service, 207 E. Lemon St., Lakeland, Fla. Telephone 682-3450.

Library Has American Issues Forum Pamphlets

The Avon Park City Library now has copies of the Bicentennial Reading, Viewing, Listening pamphlets printed for use with the American Issues Forum, a 36-week program for individual investigation and group discussion of the fundamental issues and values of American life which will be aired on television beginning Aug. 31.

This guide to reading, viewing and listening invites each citizen to consider the major experiences and historical interpretation.

No attempt has been made to take sides on any issue. Rather the aim is to give the kind of information that will allow each citizen to develop his own thinking.

Many will be watching this television presentation and reading and studying along during the 36-week span. Some may want to participate in group discussions and take a course by newspaper.

A Leadership Guide for group discussion may be obtained by writing Courses by Newspaper, 4901 Morena Blvd., Suite 209, San Diego, Calif. 92117.

Still others might be interested in debating issues brought out in this forum. For information concerning how to develop a debating program visit Bicentennial Youth Debates, 1825 Massachusetts Ave., N.W., Washington, D.C. 22036.

Lathan Smith of Smith Upholstery, 507 S. Lake reported to the police at 10:25 Sunday that someone had put holes through the windows at his home.

Business with what was believed to be a small caliber gun. Damage amounted to about \$225.

Club News
We welcome back to Avon Park this week Ota and Harry Gibson. They have been living in Hillsville, Va. for some time but missed their Avon Park friends so have returned and will be living at the Jacaranda Hotel. We hope they will be happy here again.

The Kellie Larrews have their daughter and family, Mr. and Mrs. Jerry Finley from Windsor, Ill., with sons Jeff, Eric and Brian here for a visit. They were all at the club Saturday evening to watch Kellie win four game tournament. Sunday, son Duane Larrew and his wife

from Sullivan, Ill., came to join in a family visit. Alene and Burdette Howard had a very interesting weekend at West Palm Beach. Their grandson David Howard, who is a team member of the Cape Kennedy All Star team of the Babe Ruth League, was chosen to play in the All Stars tournament at West Palm Beach. Kellie's parents and grandparents spent the weekend with him. The Burdette Howards returned to Avon Park Sunday happy to have had the chance to see David play.

To all creditors and all persons having claims or demands against said estate.
You and each of you, are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of C. E. LANIER, a.k.a. CHARLES E. LANIER, deceased, to the Judge of the said Court, Courtroom Highlands County, Florida, within four months from the date of the first publication of this notice.
Each claim or demand must be in writing and must state the place of residence and post-office address of the claimant and must be sworn to by the claimant, his agent, or his attorney, or it will become void according to law.
Each creditor shall deliver sufficient copies of his claim to enable the Court to mail one to each personal representative.
Dated July 8, A.D. 1975.

Question: Have the apocrypha books inspired?
Answer: The word apocrypha means of spurious, unknown, or uncertain origin. These books were never considered part of the sacred canon, either by Jews or Protestants. The strongest evidence which attests this position, is the fact that no parts of any of the apocryphal books were quoted by Christ or the apostles. Excerpts from all the old testament books were quoted. Thus we can conclude that they were not part of the holy scriptures.

The vulgate, which is the Catholic version of the Bible does contain the apocryphal books. There are also some Protestant versions which contain them. Although considered non-canonical, these books have value as historical books. This is especially true of the books of Maccabees.

The apocryphal books came into existence after the old testament canon was completed. Since the scriptures are God's instruction book for his people, God has protected these scriptures throughout the centuries. Numerous efforts have been made to adulterate these sacred writings with the traditions of men, but they have been kept pure despite many attempts to add to or subtract from the word of God. The scriptures contain warnings against those who would make changes in the sacred canon. Paul gives such a warning in his epistle. But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed; Galatians 1:8. Christ gives similar warnings. In vain do they worship me, having for doctrines the commandments of men; Matthew 15:9.

God instructed the Jewish people not to alter the messages which were given to them by the prophets. Ye shall not add unto the word which I command you, neither shall ye diminish ought from it, that ye may keep the commandments of the Lord your God which I

command you; Deuteronomy 4:2. A similar warning is given in the last chapter of the Bible. For I testify unto every man that heareth the words of the prophecy of this book, if any man shall add unto these things, God shall add unto him the plagues that are written in this book: And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of the holy city, and from the things which are written in this book; Revelation 22:18, 19. God has paid an infinite price to insure the redemption of lost man. The Bible is God's instruction book concerning the plan of salvation. This book is the blueprint of God's method of saving man. For man or organization to tamper with this plan is a grievous sin against God. All should beware of injecting into the word of God that which does not belong there. Those who do so thereby indicate that they are above God. The sincere Christian will accept the Bible as the truth of God, and will conform his or her life in harmony with this truth.

John Long Graduates From Aircraft Mechanic Course

Airman First Class John D. Long, son of Mrs. Kathleen Hoover of 205 S. Lake Ave., Avon Park, Fla., has graduated at Sheppard AFB, Tex., from the U. S. Air Force aircraft mechanic course conducted by the Air Training Command. The airman, who learned to maintain and service turbo-prop aircraft, is being assigned to Little Rock AFB, Ark., for duty with a unit of the Military Airlift Command. Airman Long is a 1974 graduate of Avon Park High School.

The Avon Park Sun

Few Changes On HCTATennisLadder

Six challenge matches were reported last week in Highlands County Tennis Association men's singles ladder play moving Rodney Hollinger to the number two position below Grant Stallard and placing Al Miller on the third rung above fourth place Bill Page. There are sixteen men on the summer singles ladder which has open challenging from any position on the ladder.

VFW To Resume Car Washing

At the regular meeting held July 17, Thursday last week, a motion was made, seconded and carried to resume the V.F.W. car wash.

Saturday, Aug. 2, was set as the first day to start this summer and fall series of Saturday car washes. James Paul's Gulf Service at Highway 27 and West Bell St. is the location of this function.

The Post Home at 8 East Main St. will be open Saturday as announced in our summer schedule. This is a good time for local veterans to see the Post service officer concerning their qualifications for desired benefits or general information about the Veterans of Foreign Wars. Also a good time to pay their 1976 annual dues which are payable at this time.

Swimming Lessons Offered By Rec. Department

The Avon Park Recreation Department will again offer beginning swimming lessons for children and adults. They will be instructed by two qualified American Red Cross-WSI instructors, Mrs. Lue Green and Miss Susan Henthall.

The purpose of the lessons is to teach the child not to fear the water and to swim a basic stroke.

The lessons will be offered Monday through Friday for two weeks starting August 11. Times for the classes will depend on when it is convenient for those donating the pools. It is expected all classes will be in the morning hours, with the exception of the adult class. Fees for the lessons will be \$6 for the entire two weeks.

Fans are invited out to the Avon Park Little League Field on Tuesdays and Thursdays to watch the women and girls play softball. There will be no charge for admission.

Conner Pitches 4-Hitter In Tourney

Alvin Conner pitched a four-hitter as Avon Park shut out the Zephyrhills 11 and 12 year old All-Stars. Ricky Johnson led Avon Park at bat with a double and a single. Jerry Jones had a double and Alvin Conner, Gerald Jones and Darwin Ford all singled for the winners.

A fine defensive catch by Tim Cribb shut off a Zephyrhills rally in the bottom of the fourth inning when a Zephyrhills batter hit a flyball to short right field, with the bases loaded. Darwin Ford second baseman called for the glove — it bounced out of his catch — and was captured by Tim Cribb to shut off the rally.

The Chinese were the first known people to acquire more than one name. The Emperor Fuhsi decreed the use of family names, or surnames, about 2552 B.C., according to World Book Encyclopedia.

Bob Brooks is seventh, DuBoise is eighth, Red McLean is ninth, Brad Beumel is tenth, Chris Delaney is 11th and Bruce Wyse is 12th. Allan Duham is 13th, Paul Gentry is 14th, Ronnie Brock is 15th and Mike Eberle is 16th.

THE AVON PARK summer recreation basketball team participated in a best of seven game tournament with the Sebring Recreation team. They won their fourth game, 107-77. Monday night at the Rec Center. Front row, left to right: Otis Ford, Anyo Lanzing, Pernel Gibbs, Jeff Adams and Raymond Grant. Second row: Coach, Craig Pressley, Sammy Loyd, Melvin Collins, Alphons Williams, Bill Morland and Raney Burrough. Now shown: Jerry McKinsey, Mark Steedley, Ken Burley and Reggie Baker.

Rec Center Team Wins Basketball Tourney

The Avon Park Recreation Department Summer Sports Team took the final game to win the best-of-seven games Basketball Tournament against Sebring. The 15-man team, made up of boys in the eighth through the eleventh grades, trounced the Sebring team by the score of 107-77.

In a best 4-out-of-7 games series, Avon Park had to come from behind to win the final two contests to take the winners trophy. The series went as follows: First game, Avon Park 72-Sebring 66;

A GODFATHER INFIELD pop fly is trapped in John McClellan's (7th Day Adventist) glove as he came in from third base. Two teammates came forward to assist while Godfather runner holds up on second base. The Godfathers (Episcopal) took the game 4-3 in the church softball league game. Photo—Miller.

Bottom Teams Challenge Top Teams

In games played the week of July 14, the Church Division teams have really made a race for the Championship. Several of the trailing teams have recorded wins against the top runners and have challenged the leaders.

Monday night, in the only game played in town, it was a good First Baptist No. 1 team that beat one of the top teams. The Seventh Day Adventist. Now the Adventist and First Baptist No. 1 and the Nazarenes are vying for that First Place trophy. In more action Monday night out at the APCI field, the Nazarenes won their contest against the APCI team 13-4.

Some people believe that dropping a knife will bring on a gentleman caller.

Fish Dinner Nets \$400 For Recreation Equipment

The fish dinner served to about 340 people at the Recreation Center on the Fourth of July was a big special event as was the Rec Center, Dennis Guenther, Recreation Director, stated in his monthly report to the Avon Park City Council, during their regular Monday night meeting.

After all bills of the fish dinner were paid the recreation committee made about \$400, which will be used to purchase new equipment for the center. Despite the long wait most patrons thought the food was good. The food preparation experience gave the recreation committee an idea of what additional utensils were needed for the kitchen, what is needed to keep the kitchen cool during the cooking process and how to serve patrons more quickly.

The center was closed June 9-11 for repairs and installations of new equipment and opened for the summer on June 12 with average attendance for three days 62 persons.

During the week of June 16-21 attendance jumped to 541, or an average of 90 persons daily.

Members of the Sports team are: Alphons Williams, Randy Burrough, Melvin Collins, Ken Burley, Raymond Grant, Anyo Lanzing, Jeff Adams, Pernel Gibbs, Sammy Loyd, Jerry McKinsey, Otis Ford, Bill Morland, Mark Steedley, and Reggie Baker. The coach for the basketball team was Craig Pressley. The assistant scorer was Tracy Jones.

SENIOR LITTLE LEAGUE coaches and head umpire took time out from their volunteer ball duties for a group picture last week. (left to right): Jim Sisemore, Braves; Jimmy Hart, Mets; Johnny Elder, Cubs; Larry LaFlam and Luke Townsend, Reds and Ernie Prevatt, Senior League head umpire. Photo—Miller.

Air Conditioners Stolen

Guy Polk of Wauchula reported the Avon Park Police at 11:40 Saturday that two and a half ton air conditioning units had been stolen from two new and unoccupied house on the Old Sebring Road.

It has not been determined when the grand larceny occurred. Value of the two air conditioners is set at \$800.

THE ACTION SHIFTED quickly from the baselines to home plate as the runner started to slide but was tagged out before reaching home plate during a slow pitch softball game. Photo—Miller.

Trapped

HAPPINESS IS THE security of a steno pad — Chunky a brown and tan Dachshund was one of a litter of six and arrived at the office

where he felt completely at home on the desk top — but he is now happier with a family of children. Photo—Miller.

Inflation And "Fences"

Increases Theft And Vandalism In County

Skyrocketing inflation may top the list of reasons for the rising rate of theft and vandalism in citrus grove operations. Another reason given by the Citrus Theft and Vandalism Committee of Marvin Kahn, Ed Smoak, Charles Schumacher and Bob Barben was the easy access to opportunities to sell the stolen equipment to someone who will "fence it" or resell it.

Working with the committee are Deputies, Wayne Palmer and Keith Albritton of the Highlands County Sheriff's Department. Some of the thefts and vandalism include: Fuel oil, gasoline, tires, batteries, trees, irrigation equipment, heaters and parts of motors. Perhaps the wildest incidence was the theft of wind machine motor parts by a trusted employee — using the employer's truck and tools — and probably on the boss's time.

Theft and vandalism appears generally to go hand in hand for it appears that if they can't steal it, they will try to destroy or render it inoperative. Of course, some vandalism is merely intentional or mischievous and no theft is intended and vice-versa. Theft has become more lucrative due to more opportunities of fencing stolen goods. Junk yards, garages, service stations, etc., are easy targets for the sale of stolen goods. Many times the person with stolen property wants to borrow money and leaves the goods as collateral with the target individuals.

Sometimes the person who has stolen the property wants

to sell the goods outright at a bargain price to get enough money to buy groceries, "pay a hospital bill," get to Miami where a job is waiting, etc. Of course, the person borrowing the money or selling the goods, is never seen again. The junk dealer, mechanic or station owner are innocent because they have no reason to suspect the goods are stolen.

A complicating factor in dealing with theft and vandalism is the "rights of the accused" which seem at times to out-weigh the rights of the victim. In many cases the law enforcement and judicial agencies' hands are tied over minor technicalities.

Meeting with States Attorney Glen Darty the committee found a problem existed in obtaining convictions since it has become difficult to "make a case".

"To make a case" leading to an arrest, a trial and a conviction the owner needs to prove ownership through a definite recognizable identification; the owner must also prove the value of the item stolen, that is, the depreciated value, etc. and the owner must prove there was an intent to steal. Tim Hurner, Acting Extension Director of Highlands County, wrote in a newsletter, "I won't go further into this (intent to steal) for obvious reasons."

In a larceny case, if the owner cannot prove ownership, he cannot claim ownership of the property. This is a fact that obviously the thief is more aware of than most property owners. If the stolen property is identified by a coded

number, etc., the owner can identify his property.

Identification of property (equipment, parts, vehicles, etc.) can be accomplished by stamping, burning, engraving or otherwise imposing a code number on it. The number used could be your social security number, Florida Citrus Mutual number or other recognizable code number which is unique to

a person or company.

A good deterrent to theft is the awareness that the code number should be highlighted by a bright colored or luminous paint. The property should also be coded in an inconspicuous place in case the thief erases or alters an obvious identification number.

If the owner later wishes to sell the coded equipment, a law governs the alteration or erasure of an identifying code number on property. Thus an owner needs to develop a coded way to indicate he has sold this equipment. The second party can then identify the equipment with his code identification number.

From Our Advertisers

When it comes to cars, it's a buyers market on the larger cars. If you've always had a yen for a car of this size, you can walk into Wells Motor Co. and drive out a new full size 1975 Chrysler, plus getting \$300 cash back from the Chrysler Motor Co.

July is Produce Month at the groceries and supermarkets. Both Pantry Pride and Winn Dixie are advertising nectarines at 49 cents a pound. Georgia peaches are plentiful at each store at 29 cents per pound.

The Pantry Pride produce department is offering Florida avocados at three for a dollar. Unadvertised, are Florida mangoes at 39 and 49 cents each, also bananas at 12 cents per pound.

In the meat department PP offers fresh grade A fryer parts, legs, thighs, breasts and drumsticks at 89 cents per pound, along with fresh grade A fryer quarters at 64 cents per pound. While in frozen foods there is Sara Lee pound cake at

89 cents per pound.

In the bread department it's still four king size family loaves (20 oz.) for 99 cents. Pantry Pride has added the Bunty Bros. line of sweet rolls. Switching to groceries, there's a 44 oz. jar of Mott's applesauce for 79 cents and it's a reusable jar and cover. Sunsweet prune juice (48 oz.) is also at 79 cents with a 16 oz. can of Del Monte French and cut green beans at three for a dollar. Pantry Pride bleach is tagged at 49 cents per gallon container.

Back at Winn Dixie they are featuring California red plums at 49 cents per pound and California ling cherries at 59 cents per pound.

In the dairy department its superbrand ice cream, half-gallon packages at 58 cents. Large eggs are a best buy at two dozen for a dollar. Bottom round roast at \$1.39 per pound is available at the meat counter with bottom round steaks at \$1.49 per pound. A good buy is whole

frozen fryers at 49 cents per pound.

In the WD grocery department there are buys on Chek drinks at eight per dollar, while four 303 cans of Thrifty Maid tomatoes are \$1. Douglas whole chicken in a 30 oz. can is 99 cents, three pounds of the store brand rice is 88 cents and a quart (32 oz.) of Heinz catsup is priced at 79 cents. Have a good day shopping!

... Buford Jasper at piano

Allen Attends Reserve Officers Training

Cadet Jake J. Allen, 21, is attending the Reserve Officers' Training Corps camp in Ft. Bragg, N.C. He will participate in six weeks of practical field exercises based upon the theories learned in the classroom the past few years.

At the conclusion of the program, he will be commissioned a second lieutenant. Jake is the son of Mrs. Attelia A. Rigdon, 201 E. Canfield St. and is a student at Stetson University at Deland, Fla.

Buford Jasper

B. Jasper, SFJC began together

Buford G. Jasper, professor of music is a charter member of the South Florida Junior College faculty. He came to Highlands County in 1962, and taught English and drama at Sebring High School until 1966, when S.F.J.C. was completed. Jasper received his B.A. degree from New Mexico State College, and his M.A. one from Columbia University. He has done further graduate study at the Julliard School of Music in New York City. The music professor is president of the Highlands County Community Concert Association, and a member of the Messiah Society. His hobbies include singing and swimming. Jasper resides in Avon Park.

Darlene Bennett Makes Honor Roll

Darlene H. Bennett attending the University of South Florida has made the Honor Roll for the Spring Quarter recently completed. Darlene has a 4.0 grade point average.

A big bottom shoe and you... terrific!

Heavy fashion? You bet! But heavy bottoms? Never! Footworks' big bottom shoes have a happy way of feeling light on your feet... so you can stomp in them all day and still swing all night!

Avon Park

Many residents in the Highlands County area may be unaware of the instructional opportunities open to them through the music department at South Florida Junior College.

Professor of music, Buford G. Jasper, heads the music department at S.F.J.C. Courses in music are available to post high school students and to adults of all ages.

The college offers all of the courses in its A.A. degree curriculum that music majors in voice, piano, and organ would take in the freshman and sophomore years at a four-year university.

There are also general interest courses, offered for enrichment and enjoyment to adult members of the community. The department has courses for beginners, as well as for those who have had musical training.

Electronic pianos

The music department is equipped with some of the latest innovations in musical instruments and teaching aids, such as electronic pianos, that enable the instructor to give a group of students a piano lesson simultaneously.

The individual student, through earphones, hears only what he is playing. The instructor can tune in any of the pianos, individually or collectively, to listen and instruct, and can likewise, turn the pianos on for normal sound.

The class piano course, that emphasizes music reading and elementary techniques, is for beginning students, not piano majors. During the fall semester at S.F.J.C., it will be offered every Monday and Wednesday from 9:53 a.m. Fall semester begins on Aug. 21.

Guitar instruction

Last fall guitar was added to the music department's curriculum. The response to the course was so overwhelming that the dean of administration, has decided to offer it as an evening class during the fall semester.

The course is for beginning guitarists only, and will meet on Monday from 7-9 p.m. Students will learn to play the Chet Atkins FAME method, and Buford Jasper will use filmstrips, correlated with tape cassettes, as a supplement to his class instruction.

Students may use their own guitars, or they may rent one from the college. The cost of the 16 session, two-hour course to private guitar owners is \$21, and \$46 to those wishing to rent an instrument. Only standard (non-electric) guitars will be used.

Instrumental ensemble

Instrumental ensemble, that is held every Monday and Wednesday from 10-10:33 a.m., emphasizes standard music literature played solo and combo.

The course is for students who own their own instruments and know how to play them. (This requirement is waived, of course, for pianists and organists). Instrumental ensemble is especially recommended to former high school band members not planning to make the study of music their college major.

Choral ensemble

Choral ensemble is another cultural enrichment course set on Tuesday and Thursdays from 9:30-10:30 a.m. during the fall semester.

A person need not have any formal voice training to be a member of the chorus as it is not designed for voice music majors, although these students are encouraged to participate when their schedules permit.

The choral ensemble usually gives a Christmas concert, and at least one concert is planned for the fall semester.

Private lessons

Private piano and voice lessons also are given at S.F.J.C., and are an integral part of the music program.

Student taking private lessons, receive one hour of instruction each week. Jasper gives all the voice lessons, but the college has engaged two part-time teachers to assist him with private piano lessons.

Instruction is given in both voice and piano at the beginning, intermediate, and advanced levels at the cost of \$54 a semester for each.

Banjo lessons

Academic courses in music theory, history and appreciation are offered every semester. There are several other musical skills courses

that are made available periodically at S.F.J.C. Wilford Beumel, dean of administration, plans to incorporate class banjo into the program as soon as it is feasible.

Any of the music courses may be taken for college credit or for audit; however, when enrollment is limited, preference always is given to

students taking courses for credit.

In order to enroll in a music course, a person must be a S.F.J.C. student, a high school graduate, or a high school senior eligible for college early admission. Adults in the community also are urged to participate.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Early churches used steeples to make the building higher than all others in the city. People could see God's House from any direction, and could easily find their way to a place of worship. Today, with many office buildings towering into the sky, churches are not always the tallest buildings. However, churches still point the way to God, and provide a place of worship.
