

Editor's Viewpoint

BY RUSS DENNIS

Out of the seemingly endless streams of mail that cross an editor's desk, I recently received a questionnaire from the Florida House of Representatives that might be of interest to some readers.

The sheet of paper contains questions of vital importance to taxpayers and it would be interesting to get their opinions on them. Simply for the sake of starting an argument, I'll list my opinion along with the question.

Do you support a state income tax? Nope. I don't think there is a person anywhere who can afford to pay another tax.

Do you believe plea bargaining should be prohibited in felony cases? Yup. In fact, plea bargaining should be prohibited in all cases. Why should a criminal be allowed to plead guilty to a lesser charge, ending up with a lighter sentence in most cases simply to avoid a long, drawn out trial.

Do you believe political candidates should be prohibited from accepting contributions from public employee organizations? Uh-huh. I don't think that one needs much elaboration.

Do you support the Equal Rights Amendment to the U. S. Constitution? With all my heart. Women should have the same rights under the law as men. Why continue to hold to an unfair and outmoded attitude towards over 50 per cent of our population.

Thanks For Cooperating

Dear Postal Customers:

Now that Christmas is behind us, I would like to take the time to thank you for your cooperation in making Christmas, 1976, a success despite some very trying circumstances.

Figures on the national and local level indicate this mailing season was one of our most successful in years. The nationwide effect of a 15-state parcel strike that ran from mid-September to mid-December.

Despite the fact that 4th class mail volume for the Christmas mailing season rose to about 185 million compared to 134 million last Christmas, the tireless efforts of our employees enabled the Postal Service to handle the additional volume without undue delays.

Particularly important to us was your cooperation in mailing early this year.

Do you support increased taxes for public education funding? That's a tough one. Education is the backbone of our nation, however, we are all rapidly approaching the limit at which we can afford to support schools.

Do you favor compensation for victims of violent crimes? Yes, providing that the compensation comes from the criminal and not the state. As it stands now, the victim has fewer rights than the criminal.

Should public employees be allowed to strike? Hmmmm. I suppose employees (no matter what their jobs) feel they have a right to increase their earning power. Public service type jobs, however, are usually of vital importance. Circumstances will have to decide each case.

Do you believe a homeowner should be allowed to use deadly force to protect his property or his family? That's a loaded question, (pun intended) but my answer is a resounding yes!

Do you believe coastal development should be limited? Yes. It would be nice if all of us could enjoy the beauty of this area. Who can afford to invest \$50,000 in a condominium just to get a view of the ocean?

What do you believe should be the prime concerns of the 1977 Florida Legislature? Simple... all of the above.

We moved the mailing deadlines up a week for letters and parcels, and your compliance with these earlier mailing deadlines enabled us to efficiently handle both the Christmas mail and the overflow of packages from the UPS strike.

Locally, our volume was up compared to the last Christmas season.

Our successful Christmas season follows the announcement of a more positive trend for the Postal Service in the Transition Quarter when we achieved an operating surplus of \$15 million for the first time in October.

We hope our continued cost reduction efforts will contribute to further positive financial news as we move into 1977.

Again, thank you for your cooperation and understanding.

Sincerely,
R.D. Young,
Postmaster

Payrolls Named Top Priority By Chamber

The Avon Park Chamber of Commerce Board of Directors adopted as their Number One Priority for 1977 an all out effort to attract additional payrolls for the Avon Park area.

James Cravey, newly elected President, appointed Dr. Ronald Sevigny, Chairman of the Industrial-Commercial Development Committee with the following members: D. Robert Daubach, Bill Britt, Charles Williams,

Carlton Meier, Cecil Skipper, Charlie Hoke, Earl Jackson, Steve Roberts, Fred Jahna, Don Gossick, John Clark and Franklin Ward.

Dr. Sevigny stated one of the first functions of this committee would be to seek the assistance of Florida Development Council to help in updating and compiling a new Industrial Survey for Avon Park.

Ski Mask Bandit

firearm, and resisting arrest with violence.

Marshall spent much of 1976 in Highlands County jail, from early January to mid-July.

Marshall and Bass were described as being armed and are considered dangerous by state lawmen. Currently, deputies in Tavares are using trained bloodhounds in an effort to track the two fugitives.

Marshall is described as standing 5 foot, 10 inches tall, and weighing 170 pounds.

Top Stories

Of 1976 Are Listed

President-elect Jimmy Carter, the only Southerner elected to the White House in this century, dominated much of the news of 1976.

He entered all 30 state primaries and methodically eliminated a huge field of Republican Democrats before the party's mid-summer national convention. Meanwhile, President Ford had his hands more than full with Ronald Reagan, barely squeaking out a victory over the popular Californian at the GOP's Kansas City showdown. Although Ford erased most of Carter's huge early lead, the Georgian won the day.

The nation also had a glorious birthday party, celebrating 200 years of freedom and, in the process, giving itself a healthy shot in the arm of fresh confidence.

Also making news, roughly in this order, were the following:

1. Angola falls to the Russian and Cuban-backed factions after the U. S. Congress refuses to allow President Ford

to aid pro-western forces. The year ends with thousands of Cuban troops still in Angola.

2. Lebanon greets the start of 1976 virtually in total anarchy. After a long, bloody civil war, Syrian troops maintain order.

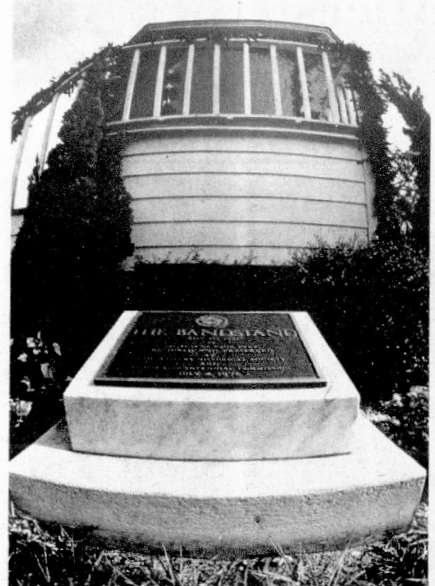

3. The CIA revises its estimate of Soviet defense spending from a previously believed 6-8 per cent to around 13 per cent of Gross National Product.

4. Harold Wilson quits as Britain's prime minister. Later Brian's pound drops to an historical low as its economy founders.

5. Italian Communists gain strength in national elections but fail to win a majority in a campaign that had the free world holding its breath.

6. Communist Chinese leader Mao Tse-tung dies at 82.

7. Rhodesian Prime Minister Ian Smith and black nationalist leader meet on transfer-of-power talks. Still deadlocked at year-end.

AVON PARK'S 45-year-old bandshell has been slated for some much needed renovation work by the town council. Estimates are being sought by Mayor Marshall Davis to repair leaks and replace damaged woodwork. As the dedication plaque states, the bandshell was built in 1912 by the citizens of Avon Park and is a prized attraction for the city's mile-long mall. (Sunphoto by Russ Dennis).

Stolen Goods Recovered

Avon Park police reported Monday, the recovery of items taken recently when thieves broke into Sides Auto Parts, 600 N. US 27.

Chief of Police Robert Brooks said that Franklin Delano Jenkins, 18, of 701 W. Oaklane St. has been taken into custody and charged with burglary and

grand larceny. Brooks indicated that Jenkins was arrested after police discovered some of the stolen items in the man's automobile. The break-in took place between Christmas and New Years. Jenkins is currently free on \$1,012 bond, pending his court appearance.

AFTER THE FASHION SHOW was over good time seeing all the pretty things, and almost everyone had left. Amy had a Sunphoto by Lew Miller.

Library Has Books

Avon Park has all the books to improve reading that the school could ask for; they also have the teachers with the qualifications to teach the students to read better, so why is the reading capability of not only our students, but students in general so poor?

One reason may be explained by the following examples. Students at an all black school on Chicago's West Side are reading above the national average, thanks largely to a campaign to involve parents. "We had all the books and teaching materials anyone can ask for," stated Donald Moran, principal at Grant Elementary School, "but we were failing because of home environment."

Parents were asked to sign a "contract" to encourage their children to read at home and to complement them on

their success. The staff prepared a pamphlet for parents and a series of "reading festivals" brought together by teachers, parents, and children. Free books and reading games were also given out. At year-end, independent evaluation showed that 400 Grant pupils whose parents were involved with the program, gained 1.1 years in reading. Those whose parents didn't participate gained only .5 months.

The results show that when the parents are involved in their child's reading progress and the students are encouraged to read and improve upon their reading, the results are great. This type of program may be something the schools of Avon Park and the parents should try. What do you think?

Lack of Bidding May Cost State Bundle

Failure to seek competitive bids for sale of used equipment may be costing the State of Florida a bundle of money.

A state audit report released within the past week is sharply critical of the Florida Alcoholism Treatment and Research Center for one transaction involving sale of one machine.

According to the audit, the Avon Park center accepted a \$100 credit for a duplicator used in the alcoholism education program. The credit was applied against the \$8,791 price for a new duplicator.

Bek Graphic Products, which won the bid for the new duplicator, sold the old machine to a man employed in the alcoholism center print shop. According to the audit report, the employee paid \$104 for the duplicator and the next day sold the machine to a private print shop for \$400.

In the formal reply to the audit, Florida Department of Health and Rehabilitative Services officers said, "The purchase of this equipment was handled in its entirety by the Division of Purchasing of the Department of General Services. The transaction relating to the trade-in was between an employee and a private company and did not involve the state. The person involved is no longer an HRS employee and we agree that the transaction described appears improper."

Joseph C. Zienheim, superintendent of the Avon Park center, wrote much of the formal reply but told The News he is not the author of that particular passage. He said the employee mentioned in the audit (never by name) was a "good employee." Zienheim said the printer left the state staff because of the HRS reorganization which resulted in termination of the print shop in Highlands County.

Zienheim said he was in Alaska at the time the sale and re-sale of the duplicator was going on. However, he is quick to add, it was the purchasing commission in Tallahassee which handled both the invitations to bid and awarded the contract. The Avon Park center's boss said he has been told that it is not unusual for state employees to buy trade-in equipment from the companies winning bids for supply of new equipment.

None of the local, district or state HRS staff interviewed by The Sun seemed to know of any policy for seeking bids to

determine whether the state would gain by private sale of used equipment rather than using the items for trade-ins.

One source said used duplicators were being advertised at prices even beyond the \$400 the Avon Park equipment fetched—some for \$1,200. However, the audit does report that the Avon Park machine was purchased in 1962 for \$2,888 and Zienheim noted, if depreciated over its lifetime was, on paper, worthless.

The state does have a procedure for equipment to be traded by Florida Department of General Services' rules, state agencies must obtain written approval to trade in equipment. As Zienheim explained, if any other state agency can make use of the item, the equipment is transferred rather than traded in.

According to the auditor, the Avon Park center did not request permission to trade the duplicator. Zienheim maintains that the decision to buy a new duplicator and the entire procedure for making the purchase was handled at state level.

The initial decision itself came in for at least implied criticism when the auditor noted that the Department of General Services' Division of Purchasing, on April 11, 1975, mailed an agency to bid. The audit does not show the date the bid was awarded, but the new duplicator was delivered on June 16.

Prior to that delivery, the 1975 session of the Legislature had made cuts in the state purchases. According to George Clarke, administrator of the alcoholism program, his staff "had absolutely no warning that this (public education program at Avon Park) would be deleted."

When the ax fell the contract to buy the new duplicator had been signed. So the new duplicator was delivered to the education office in Sebring (Sherwood Forest) and sat there uncrated until Nov. 24, 1975, when it was shipped to a private medical center at Tallahassee. Two other state-level policies resulted in the Avon Park center's drawing barbs from the auditor. An antiquated fee schedule and the state HRS policies on trucks loaded with the audit, the auditor and, at least to some extent, a sympathetic amen from the Avon Park center administration.

Landfill Fees

Only slightly behind schedule, the county will begin assessing garbage haulers for the privilege of dumping at county landfills on Feb. 1.

At Tuesday morning's meeting, the county commissioners unanimously endorsed a series of recommendations submitted by Administrative Assistant Charles Cullen for fees at the various sites.

At the DeSoto City landfill, soon to be the only county dump, municipal haulers and county franchised collectors will be charged varying rates, depending on how far they will be forced to drive to reach the site.

Haulers from the Sebring area will be charged \$2.90 per ton. Lake Placid haulers will pay \$2.86 per ton, and haulers from Avon Park will be assessed only \$1.45, as they have the longest distance to travel in reaching the landfill.

For city and county residents who wish to haul additional garbage to any of the dumps, 50 cents will be charged for a car load, or five trash bags. \$1 will be charged for pick-up trucks, and all others will be charged \$4 per ton.

All three county landfills will remain open for a time, but at Lake Placid only household garbage, with a five-bag maximum limit, may be dumped. At Avon Park, only half-ton pick-up loads and household garbage may be deposited.

At all sites, infectious and hazardous waste will be prohibited, as will sewage sludge and septic tank pumpings, and trees exceeding four feet in length.

Scavenging will be permitted only by franchise with the county.

Private citizens will be required to

make all transactions in cash, and municipal and franchised collectors will be billed monthly. In addition, the franchisees will have to post a \$200 disposal deposit.

All three county dumping sites will remain open seven days a week for ten hours a day. Christmas will be the only time they are closed.

The fees were originally to have been initiated at the beginning of January, but the county found that it was not prepared to undertake the responsibility at that time.

Commissioners expressed a desire to have all citizens made aware of the fact that the fees are being charged to make the landfill operation self-sustaining, rather than have to serve as a drain on the county's tax income. It was decided to take out an advertisement in the three county papers explaining the rationale behind the commission's action.

Having only one adopted recommendation, the county must still hold a public hearing on the ordinance before bringing it to a vote.

Following approval of the recommendations, commission Chairman "Jug" Heston asked if the county could not find a site to dump trees and shrubs which have been cleared away as lots are prepared for building.

"This would be a good," said Heston, "and some contractors are worried about the fees. At \$4 a ton, it would cost over 1 just to dump the stuff cleared off one lot."

The board agreed to attempt to obtain such a permit from the state Department of Environmental Regulations, and tentatively suggested the old Avon Park Clay pit as a possible site.

Sewer Hook-Up Notices

After 16 months of waiting, Avon Park residents will shortly be using the city's new sewer system. At Monday night's regular city council meeting, Mike McWeeny, consulting engineer from Dawson and Associates, reported that the \$3.5 million project was virtually completed.

Avon Park City Clerk Malcolm Crews indicated that hook-up notices would be sent to 25 per cent of the city's property owners this Friday. Crews stated that the first hook-ups to the sewer would take place in the southeast section of the city. He added, however, that residents without septic tanks or new construction would be placed in service on a priority basis.

"We are spacing the hook-up notices out over two week periods," Crews explained, "to allow local plumbers time to do the work. There just aren't enough of them (plumbers) to go around."

Crews added that each property owner has 90-days to hook into the new sewer line before they are charged for services under the new, increased sewer rate. "If they fail to hook-up within that time limit," he continued, "they (residents) will still have to pay for the services." The fee for the sewer hookups has been set at \$50 by the council.

McWeeny reported that the new sewerage treatment plant was now in full operation and that a crack in the grit collection screen will be patched and the problem eliminated.

Councilman Kelley Phillips voiced his concern over the type of grass being seeded in construction areas, claiming that the only type that was growing was millet grass, an annual. McWeeny agreed, but stressed that the contractor

for the job, Gator Utilities of Fort Myers, would have to return the construction sites to their original condition before the firm would receive final payment.

Finalization of the Farmers Home Administration funded loan is expected in the near future.

Apparent errors in the design of the new system also came to light Monday, as Phillips indicated that he knew of several residents who could not be served because the sewer line to their homes was not deep enough to carry away the effluent.

McWeeny stated that he knew there were several such locations, but said that engineers knew this when the original design for the system was approved. He added, however, that some of the property, including a home owned by Clarence Bray, 912 W. Bell St., could be served by making some modifications to the structures plumbing facilities.

January DAR Meeting Held At Agricultural Center

The January meeting of the Patriots' Chapter, Daughters of the American Revolution was held on Jan. 3 at the Agricultural Civic Center. Mrs. Paul V. Forest, Vice-Regent opened the meeting with the D.A.R. ritual, followed by a report from Mrs. Irving Titus which stated that the winners in the Good Citizens contest will be presented at the February meeting.

It was announced that there will be a party on February 2nd, 12:30 p.m. to 4 p.m. at the Ag-Center.

Mrs. Forest introduced Mrs. Ralph E. Kitchen, State Chairman of Press Book from Lakeland, who in turn presented the speaker on "conservation," Ms. Cynthia R. Stoertz, Senior Public Relations Advisor for the American Petroleum Institute, a Washington, D.C. based trade association that represents most of the major oil companies in the U.S.

A scientist by training, Ms. Stoertz has worked for the National Geographic Society and as a researcher for the Smithsonian Institute. She has visited the South Pole and also inspected the Northern slope of Alaska, as well as the route of the trans-Alaska pipeline. Ms. Stoertz stressed the necessity — using our valuable resources wisely.

There were many protests from the people of Alaska, environmental groups and conservationists, but after meeting with representatives of the oil companies, appropriate changes were made in the final location of the Alaska pipeline. Ways must be found in the next twenty-five years to supplement our present resources or our supplies of energy will have been depleted and it is necessary for every American to lend

cooperation whether it is in turning off electric lights, when not needed, in the home planning shopping trips or turning down the thermostat in home or office.

The Camellia arrangement on the refreshment table was furnished by Mrs. Harry Childress and the following served as hostesses: Mrs. A. T. Daigle, Mrs. Ida McElroy, Mrs. W. B. Fyke and Mrs. W. C. Schaeffer.

Superlatives, Notables

Honors For Avon Park Students

By Susan Dillon

The Super Seniors, Senior Superlatives and the Junior Notables for the 1976-77 school year of the Avon Park High School have been chosen.

The Senior superlatives are chosen by their fellow senior classmates. They are

as follows: Most Athletic—Mort Jackson and Sharon McRae; Most Likely to Succeed—Brian Murphy and Linda Klein; Most Dependable—Dale Sizemore and Pam Griffin; Most School Spirit—Melvin Collins and Margaret Turnbull; Most Talented—John Mickunas and Sue

Nunnallee and Best All Around—Mike Ryan and Brenda Cooper.

The Junior Notables are also chosen by their junior peers. They are as follows: Most Athletic—Rufus Wilson and Debra Cox; Scholarship—Charles Oliver and Babs Maness; Most Thoughtful—Arnold Wilson and Margaret Miracle; Most School Spirit—Butch Collier and Paula Sheffield; Most Talented—Joel Wright and Phyllis Johnson and Best All Around—Eddie Garner and Pam Williams.

The Super Seniors are selected by members of the faculty. This is the criteria that the teachers use: 1. No other honor (Senior Superlatives) 2. Teacher Recommendation, 3. Senior Cheerleaders automatically become Super Seniors, 4. Traits: Loyalty, Dependability, Leadership, Service to School and Community, School spirit, Thoughtfulness, Integrity and Citizenship.

The Super Seniors for 1976-77 are: Donna Langston, Jim Lanier, Louis Lee, John Dupriest, Susan Dillow, Henrietta Howard, Linda McRae, Reggie Baker, Armenia Collins, Alphonso Williams, Greg Germann, Anthony Conner, Cathy McCook, Joe Gallimore, Mike Ballentine, Cindy Aspinwall, Diane Edwards, Edna Vicente, Debbie Hamm, Tina Johnson, Ken Bigbie, and Debbie Miller.

Although the state agencies had been attempting to consolidate as much as

Five Persons Injured In Local Accident

Five persons, including three Avon Park teenagers were injured in a two-car accident in Avon Park Saturday night. According to Florida Highway Patrol reports, a car driven by Pamela Griffin of Avon Park was in the passing lane on U.S. 27 when a car driven by Hazel Short of New York tried to change lanes and struck Griffin's car on the left side.

Griffin's two passengers, Victoria Griffin and Walton Touchton and Mrs. Short's husband Albert, were also hurt in the accident. The injured were taken to Walker Memorial Hospital.

No charges were filed by Trooper Ralph Hough, who estimated total damage to the two cars at \$1000.

Scout Troop 156 Holds Court

In a Court of Honor ceremony Jerry Kelly, Jim Wedemeier and Chuck Smith received First Class rank; Todd Bennett, David Bennett achieved Second Class rank and Billy Adams, Scott Swanton, Mark Ekhill and Alan Bennett received Tenderfoot rank.

Merit badges were awarded as follows: Greg Batty-Photography; David Bennett, Todd Bennett and Chuck Smith-Citizenship in the Community; Harry Fish-Home Repairs; Marc Hooper-Communications; Kenny Shields-Fishing; Jim Wedemeier-First Aid.

Troop Officers were selected for the remainder of this year and are listed as: Sr. Patrol leader, Marc Hooper; Asst. Sr. Patrol leader, Mike Brantley; Patrol

One Site For Social Services

A single site for services, long a dream of social workers in Highlands County, is officially on the state Department of Health and Rehabilitative Services calendar.

Beginning this week the big state department is advertising for bids on office space for its agencies in Highlands County. The bids, due by Feb. 9, will be for approximately 9,800 square feet, an area roughly the size of The Sebring News building.

Specifications call for the first offices to be ready for occupancy on June 1 of this year. Additional offices are to be ready by July 1 and the last move is to be made Oct. 1, 1978.

Mrs. Sadie Salley, network manager for the Health and Rehabilitative Services (HRS) agencies in Highlands and Hardee counties, said the offices scheduled to move are those for Economic Services, Vocational Rehabilitation, Aging, Adult and General Services, Children and Youth, Retardation.

The Health Department, which is located in the older of the two courthouse annex buildings, and the alcoholism treatment center between Avon Park and Sebring are two HRS agencies which will not be moved.

Although the state agencies had been attempting to consolidate as much as

possible, the new offices will involve agencies now in four locations — on S. Commerce a block from the courthouse; on S. Commerce, a block from the Circle; an office on Fairmont Drive, and a series of offices on the second floor of a N. Ridgewood building.

None of the Sebring offices now in use appear to meet all state requirements or to have space for new additions.

The bids now being collected must include provision for a lease to cover five years and an option to renew the lease for five years.

Not all details of the state specifications had arrived in Mrs. Salley's office at 108 N. Ridgewood, before the invitation to bid was placed in the newspaper. However, these specifications are due, and additional information is available at the HRS district office in Fort Myers.

Mrs. Salley said she is sure that the new facilities, in addition to offices, must have space for a conference room and a large waiting room.

Social workers and clients have often complained about social service agencies being widely separated, so many stops have to be made by anyone seeking information and/or services. The law which mandated re-organization of HRS also mandated one-stop centers for each county.

When J.C. Penney opened its doors Monday night for a special fashion showing, a large turnout was expected. Little did anyone realize, however, that the attendance would be so enormous that two fashion shows were warranted instead of the planned single showing. It was estimated that 4700 tickets had been sold for the show. Woman Clubs from all surrounding areas, including Hardee County, modeled the J. C. Penney fashions before a wall-to-wall audience.

Claim Your Doorprizes

When J.C. Penney held a door prize drawing Dec. 18th, several people did not claim their prizes.

If you should possess one of the ticket numbers listed, go to the J. C. Penney personnel department and claim your prize.

Our winter guests who are Eastern Star members will be honored at this time.

FED. GARDEN CL. TO MEET AT CONGREGATIONAL CH.
The Federation Garden Clubs will meet on Thursday, Jan. 20, 9:30 a.m. Please note that the meeting will be hosted at the Congregational Ch. Social Hall on Forest Ave.

The speaker will be Pat Houghpaling. Her topic will be, "Flower arranging." Hostesses of the meeting will be the officers of the club.

REBEKAH LODGE MEETS 17 JAN
The Eleanor Seaverns Rebekah Lodge No. 65 meets on 1st and 3rd Mondays of each month in the Lions Club, W. Bell St., at 8 p.m.
All Rebekahs welcome.

CAMPBELL SOUP LABELS NEEDED NOW
The Avon Park Middle School needs your Campbell Soup labels. Valuable school equipment can be obtained if enough labels are collected.
Deadline for the drive is March 12.

HCCOA Will Discuss Home Nursing Care

Home nursing care will be the subject for discussion at the Highlands County Council on Aging (HCCOA) at the regular meeting to be held at 2 p.m. Thursday, Jan. 20, in the Sebring City Council Chamber at 368 South Commerce Avenue.

HCCOA meetings are open to all interested persons, and all residents of Highlands County are eligible for membership in the Council at a nominal fee. The Council needs your presence and

your support. You can learn from the Council and the Council can learn from you. It is a two-way street.

Betty Upchurch was scheduled to lead this discussion at the November meeting but was unable to fulfill that commitment because she had to have emergency surgery. Cautious about trying again, Betty can now look at the subject from the viewpoint of patient as well as registered nurse.

Jr. Women Will Compete In Arts Festival

The Avon Park Jr. Woman's Club held its monthly meeting, Jan. 4, 1977, at the clubhouse with president, Sue Moseley, presiding.

After roll call, minutes, and the treasurer's report were read, Sue told the club about the foster girl the club sponsored at Christmas. The Club presented her with several useful gifts to make her otherwise uneventful Christmas a joyous one.

Treasurer, Betty Hart, collected money and left over tickets for the J.C. Penny Fashion Show.

Judy Mundt reported on the Girl Scout Troop party the Club sponsored for them. The girls had a great time caroling

and enjoying good food.

On February 17, the Fine Arts Festival will be held in Barlow. The members voted that the Club's entry for the sewing contest be Mary Wells. She will enter a white evening dress at the Festival.

Linda H. Laye was runner-up with a two-piece skirt outfit which will be entered in the rack contest. Margaret Campbell was the only entry in a new contest featuring garments with special decorations. She will enter a western-style shirt with hand embroidered yokes.
Fine Arts chairman, Ellen Jordan, urged all members to bring any arts and crafts they have made in the past year to the Feb. meeting.

Engagements

Cooper And Weeks Reveal Wedding Plans

Miss Medrano

Skipper Medrano, Will Wed

Mrs. and Mr. Carlos Albert Medrano, of Hialeah, Fla., announce the engagement of their daughter, Yelina Victoria, to Stewart Allen Skipper, son of Mr. and Mrs. John Raab Skipper, Sr., of Sebring, Fla.

Miss Medrano was born in Managua, Nicaragua and was reared in Hialeah, Fla. After graduation from Dade Junior College she attended the University of South Florida. She is presently employed as secretary to the head of personnel at the Amtrak offices in Miami.

The future bridegroom graduated from Sebring High School and South Fla. Jr. College and received a B.A. in Microbiology from the Univ. of Fla. in Tampa. He will begin classes at the University of South Florida School of Medicine in July and is presently involved in the family cattle and citrus concerns.

The wedding is planned for March 12, at the First United Methodist Church in Sebring.

Mr. and Mrs. B. R. Cooper of Wauchula announce the engagement of their daughter, Deborah Kay, to David E. Weeks, son of Mr. and Mrs. Joseph W. Weeks.

Miss Cooper is a graduate of Hardee Senior High School, Wauchula, and a graduate of Lakeland General Hospital School of Radiology. She is presently employed as a registered X-ray technologist in Sebring at Highlands General Hospital.

Deborah Kay Cooper

The prospective groom is a graduate of Avon Park High School and is now in the United States Air Force for four years. He is presently the owner of Hilands' TV in Avon Park.

Plans are being made for a March 26 wedding.

Miss Skitka

Pamela And Charles Will Wed In June

Mr. and Mrs. Joe Skitka, of Wauchula, announce the engagement of their daughter, Pamela Debbie Mae to Charles R. Goodwin. He is the son of Mr. and Mrs. Charles M. Goodwin of Avon Park.

Pam is a 1973 graduate of Hardee High School and is presently attending South Florida Junior College in Avon Park.

Charles is a 1976 graduate of Avon Park High School. He is presently employed by Ross Backus, Inc. in Sebring. Plans are being made for a June wedding.

Miss Kirkland Is Engaged

Mr. and Mrs. Mannin Kirkland of Avon Park, announce the engagement of their daughter, Kathy K. Kirkland to Terry D. Bodenhorn, son of Mr. H. F. Bodenhorn of Daytona Beach.

Kathy is a graduate of Avon Park High School and the University of Florida and is presently employed by Children and Youth Services in Sebring. Terry is a graduate of Forest High School in Jacksonville, and attended Purdue University and the University of Florida. He is presently employed by Carla Enterprises in Sebring.

The wedding will be scheduled for February.

CAPRICORN

Birth Anniversaries

Jan. 13 - Rion Weber, Mort Jackson, Jr., Lillian Martindale, Karen Reeves, Marion Heiring, Edna Shaw, Johnny J. Johnston, Tracy Michelle Wicker.

Jan. 14 - Susan Sizemore, Janice Turnbull, Debbie Hamma, Alta Robinson, Odessa Mitchell, Frederica Evette Anderson.

Jan. 15 - R. R. King, Edwin Howard, Francis Anderson.

Jan. 16 - Douglas Fletcher, Lowell Ferguson, Sr., Edith L. Clark, Theresa Wade.

Jan. 17 - Lori Garner, Edward C. Sharpe, Jr., Joe Dalton, Virgil McInlave, Judy Heiring, Peggy Simson, Suzi Millard, Vanda Wells, Mildred Long, Patricia Dito.

Jan. 18 - Ray Giren, Mary L. Sanbury, James C. Chestnut, Jr., Gene Thomas, Karen O'Steen, Charles E. Overholt, Denise Quinn, Rhonda Landress, Darla Caraway.

Jan. 19 - Mary C. Carmichael, Dustin Lender, Dick Hamm, Deborah Vanderbilt, Brian Chestnut.

Skate-a-Thon To Aid Muscular Dystrophy

Roller-skating fans and others can have hours of skating fun, win valuable prizes and at the same time help the Muscular Dystrophy fund raising effort during the 12 hour Skate-a-thon on Saturday, Jan. 15.

Sponsored by the Muscular Dystrophy Foundation and Whitey and Marie's Skating Rink, the Skate-a-thon will be held for the benefit of the Muscular Dystrophy Foundation's work in research and with persons afflicted with this disease.

To enter the Skate-a-Thon skaters of any age can register, pick up their papers and an identification button at Whitey and Marie's Skating Rink on N. Hart Ave. behind the Fountain Funeral Home.

Skaters young and old can obtain sponsors who pledge so much money per hour of skating in the Skate-a-thon which starts at 10 a.m. and goes to 10 p.m.

There will be a five minute break every half hour with 30 minutes breaks for lunch and supper meals. Skaters are urged to bring their own food or have someone bring it for them.

Valuable prizes will be awarded to the skaters bringing in the most money from their sponsors. The prizes include: An RCA CB radio, given by: Backcock Furniture, Sterlings Auto Parts, Jackies Beauty Shoppe, Highlands Bike Center, Hart's Garage, Avon Tire Service, The Looking Glass Beauty Shoppe, Jerome Antley, Money's Grocery, Whitey's Place No. 2, Phillips East End Grocery and

McCann and Son Ford. A camera from Revel Crate Co.; \$10 gift certificate from the Avon Park Feed Store; basketball, Beane's Sporting goods; Precision Roller Skates, Whitey and Marie's Skating Rink and possibly other prizes.

District officers of the Muscular Dystrophy Foundation from Orlando and Lakeland will be at the Skate-a-thon. Sponsors and friends are invited to the roller skating to encourage the skaters.

Cradle Roll

Mr. and Mrs. Roger Raymond Young of Sebring are proud parents of Charles Wade Young, born on Dec. 30, at Walker Memorial Hospital, weighing 10 lbs.

Mr. and Mrs. William Asberry of Avon Park are delighted with Duane Devon, born on Dec. 31, at Walker Memorial Hospital, weighing 7 lbs.

Mr. and Mrs. William Darrell Gilliam of Avon Park are thrilled over Henry Jay Dee, born on Dec. 31, at Walker Memorial Hospital, weighing 7 lbs. 4 1/2 oz.

Mr. and Mrs. Jose Barajas, of Lake Placid are elated over Judy Alice Barajas, born on January 1, at Walker Memorial Hospital, weighing 7 lbs. 5 oz.

Mr. and Mrs. Gaudencia Tabares of Zolfo Springs are ecstatic over Marilu Tabares, born on January 2, at Walker Memorial Hospital, weighing 7 lbs. 14 oz.

Mr. and Mrs. Larry Jerome Scott of Sebring are happy over Larry Jerome Scott, born on January 2, at Walker Memorial Hospital, weighing 8 lbs. 4 oz.

Mr. and Mrs. Ernest Paul Vynocsky of Avon Park are proud of Amanda Sue Vynocsky, born on January 3, at Walker Memorial Hospital weighing 6 lbs. 4 oz.

Mr. and Mrs. Russell Thomas Lavender, of Venus, are delighted over Audrey Estelle Lavender, born on January 3, at Walker Memorial Hospital, weighing 7 lbs. 14 oz.

Mr. and Mrs. William Benjamin Snipes of Okeechobee are elated over Teddy Allen, born on January 3, at Walker Memorial Hospital, weighing 8 lbs. 13 1/2 oz.

Mr. and Mrs. Walton Nelson Crews, Jr., of Avon Park, are thrilled over David Nelson, born on January 4, at Walker Memorial Hospital, weighing 7 lbs. 10 oz.

Enroll For Prenatal Cl. At Walker Memorial Now

An "Early Bird" prenatal class will be given at Walker Memorial Hospital on Tuesday, Feb. 1, beginning at 7:30 p.m. This class will meet once only.

A six week prenatal class will begin on Feb. 8. Both classes will be presented in

the hospital cafeteria. For further information call Walker Memorial Hospital; 453-7511.

Skipper Accepted At Fla. College Of Medicine

Stewart Allen Skipper, son of Mr. and Mrs. John Raab Skipper, Sr., of Sebring, and grandson of the late Chesley Skipper of Avon Park, has been accepted to the University of South Florida College of Medicine. Classes will begin in the first week in July, 1977.

He received a B.A. in Microbiology from the University of South Florida in Tampa, and is the only graduate of Sebring High School beside Valerie Miller who has been accepted to the College of Medicine since 1967.

Fezzettes Finalize Plans For Luncheon

The Fezzettes will sponsor a luncheon-card party on Friday, Jan. 14th at the Highlands Shrine Club. Lunch will be served at 11:30. Tickets may be obtained from any member or by calling 385-5600 in Sebring, or 453-8186 in Avon Park.

There will be door and table prizes, and a donation charge of \$2. The public is invited to attend.

Miss Wicker Marries Sat.

Beverly Gail Wicker and Richard Therpe Heavy will be united in marriage on Saturday, the twenty-second of January, at eight o'clock in the evening at the First Baptist Church of Avon Park. All friends are invited to join in worship, witness their vows, and celebrate their union at a reception following in the Church Social Hall.

Hi-Dee Campers Will Camp At Alligator Park

The Hi-Dee Chapter of local Goum Clubs will hold its monthly campout and installation of officers on January 14 through 16, at the Alligator Trailer Park located five miles south of Punta Gorda on Rt. 6.

The park can be reached by driving south on U.S. 27 and turning right at Bair's Den (Hwy. 70), which will lead to Arcadia. Drive through Arcadia to Hwy 17 (turn left on 17 to Punta Gorda. Cross U.S. 41 N. one block to Taylor road (SR75A) and drive five miles to the camp.

If channel 19 is monitored, call letters of the camp are KDR 9201 on your CB.

THE LIONS CLUB Barbecue Dinner being planned for Jan. 15, will be similar to the one the Lions hosted at Donaldson Park this past Thanksgiving.

Lions Prepare For Another Barbecue

The Avon Park Lions Club will serve another of their famous chicken barbecue dinners on Saturday, January 15 from 11 a.m. to 7 p.m. at the Lions Clubhouse located 7 blocks west of U.S. 27 on West Bell St.

The dinner menu is 1/2 of a barbecued chicken, baked beans, cole slaw, roll and butter, tea or coffee, and will cost you only \$2.50 per person.

To be sure you will not miss out on this delicious dinner, it is advisable to buy your tickets ahead of time. You may obtain them from any Lion member, or Gibbs Office Supplies, or Albritton's Barber Shop. Some tickets will be

available at the door, but to be sure of being served, it's best to buy your tickets in advance.

The proceeds of the dinner will be used, as usual for the Sight Conservation Program. While the Lions Club is interested in, and contributes to various community programs, the Sight Conservation Program is their most important project. During the past years, several thousand dollars were spent locally for underprivileged children in the public schools, and also for Senior Citizens who needed some assistance with their sight problems.

Heart Attack: Know The Signals

Are you a candidate for a heart attack? Do you smoke cigarettes? A pack a day markedly increases heart attack risk.

Are you overweight? Excess fat increases not only the waistline but also atherosclerosis or hardening of the arteries.

Do you work under pressure and get little exercise? Emotional pressure may overtax the heart; lack of exercise prevents the heart muscle from strengthening itself.

If your answer to any of these questions is "yes," the Florida Affiliate of the American Heart Association says you are a statistically higher risk for heart attack than those who can say "no."

But even if you're in the "no" category, you should be constantly on the

lookout for the signals of heart attack. The pain or discomfort that almost always accompanies a heart attack and usually gives you time to call the Emergency Medical Service or get to a hospital emergency room. More than 350,000 Americans die of heart attack each year before they get to a hospital. Many of these — and that might include you, a family member, friend, or business associate — could probably be saved if they sought help promptly after the onset of these symptoms.

The first thing to keep in mind is that the heart is in the middle of the chest, "under the necktie," immediately behind the breastbone. The most frequent location of heart attack pain is the center of the chest. By contrast, pain in the region of the left breast is usually quite harmless and is almost always not due to the heart.

The next most frequent spot is the inside of the left arm. Pain may also occur in the neck, jaw, upper abdomen, or back right arm or shoulder, either by itself or in company with pain in the central chest area of arm.

What you may feel in the chest may be a sensation of pressure, fullness, squeezing or pain. This may be accompanied by sweating, shortness of breath, nausea or vomiting.

Call the Emergency Medical Service if you experience any of these signs. Medical authorities point out that you are your best first-line of defense against death due to heart attack.

So, even if you're not now a high-risk candidate for heart attack, learn the signals. The knowledge could save your life or the life of someone close to you.

Teaching Seminar Is Set For Local Baptists

THE REV. CHARLES ROGERS

This month PGBMFI will have a special three day teaching seminar. The Rev. Charles Rogers, president of Evangelism in Action of Fort Worth, Texas, will be the speaker.

The Rev. Rogers grew up in the Southern Baptist church in Texas. He pastored Southern Baptist churches in Dallas, Fort Worth, and Baptist churches throughout East Texas. The minister is presently engaged in evangelism throughout the world. His testimony has appeared in *Evangelism* magazine, entitled, "Rivers of Living Waters." He is the author of "Charismatic Handbook" and

editor of "Jesus Power and Light," the official publication of Evangelism in Action.

The Rev. Rogers just returned from Africa where he states "The Books of Acts has become alive, the days of miracles are not over — they have just begun."

The meetings will be held Friday and Saturday at the Sebring Utilities Building in the City Council chambers at 7:30 p.m. The Saturday meeting will be held at the usual place, Holiday Motel and Cafeteria. Dinner is at 7 p.m. and the meeting is at 8 p.m.

Class Series To Start

"Exploring Christian Discipleship" will be the theme of a series of classes beginning January 23 at the First Presbyterian Church of Avon Park. The classes will continue each Sunday night through April 3 at 6 o'clock.

The classes will have different facets for different people. For some people, there will be an interest in having for the first time an opportunity to study the basics of Christian discipleship and the Christian faith. For some who have not

made up their minds about Christian discipleship, it will be more like an "Inquirer's Class," perhaps a first attempt to look at the Christian faith. For others, the classes will serve as a "Refresher Course." The class will present for those who are interested in growing in Christian maturity the possibilities of growing in the daily discipleship. Some people have indicated a desire for Church Membership. They want to know the commitments one assumes as he or she

becomes a member of the church. There is a reluctance in the minds of some to take the classes as they feel they might be embarrassed because they do not know enough about discipleship. The classes are not for the purpose of embarrassing or discovering how much a person knows. The classes are to help those who are interested in Christian Discipleship.

The plan of the class is to have discussion, questions, lecture, and some filmstrips. The pastor of the church will teach the classes. There is a cordial invitation to attend.

Methodists Meet

The United Methodist Women held their first meeting of the new year, Tuesday morning, January 4th, in Wesley Hall.

The welcome was given by the president, Mrs. Harry Hunt.

Mrs. W. G. Webster had charge of the program and used as her subject, "Lord, what can I do?" The audience participated in a Litany, and by singing, "There's a World Out There."

A number of activities were listed on the blackboard in which the members had

participated the past year. Mrs. Webster pointed out on a map a number of places where United Methodist Women's money goes for mission projects.

Pledge Cards for the new year were filled out at the close of the program.

At the business meeting, which followed, it was announced that a soup sale would be held Saturday, February 5th, in Wesley Hall. Soup, beverage and dessert will be served beginning at 11:00 a.m. Soup to take out will also be available.

Baptist Youth Assembly

All of the youth departments of the First Baptist Church of Avon Park will meet in the Hall Sunday morning, Jan. 16, for a combined assembly program and refreshments.

At that time the schedule will be given. The best to be studied is "Certainties for God's New People." The

program will be divided into four sections with a different teacher for each section.

Time will be provided for recreation during the day. We are expecting a large number of youth to attend. The Adult department is invited to participate also. Please keep this date open.

Bonnie Brae Mobile Park News

By Margie Wells

About fifty of the Park residents gathered in the rec hall on Friday evening for a traveleque "Behind The Iron Curtain," by Emily and Frank Weir. The group was shown slides of West Germany, Czechoslovakia, Yugoslavia, and Italy and were told of incidents that occurred on the trip. Frank reported some of the difficulties which were experienced in crossing the borders between some of these countries, much time was lost in ministration of passports and visas on both sides to get permission to leave one country and enter the other. Trouble also occurred in exchanging money of one country for the next one including taking a 50 per cent loss on the old money, or a flat denial to accept exchange at all.

Facilities at border crossings were very limited and Emily told a number of amusing instances in using them. The evening closed with a view of the lightship, "Nantuxet," which had just been removed from its station on Nantuxet Shoals near where the recent tanker wreck and oil spill occurred. It will now be a floating museum in Nantuxet harbor.

Rev. and Mrs. J. Arthur Dahlstrand of Enfield, Connecticut, who are vacationing in Florida, spent the day with Dorothy Carroll last Tuesday. Mrs. Dahlstrand's father and brother live in Orlando and Largo, respectively.

Dr. and Mrs. Versale Bentley of St. Petersburg were dinner guests of Ellen Hunt and Geneva Lewis on Friday. All had been friends since college days and the Bentleys were

matron of honor and best man. Ellen and Harry's wedding 43 years ago in Michigan.

On Wednesday, Geneva and Geraldine Lewis spent the day at Cypress Gardens, and on Saturday, visited in the World. They will be leaving this week to do some sightseeing on the west coast and the Keys, and will then be returning to their homes in Fort Wayne, Indiana.

Dr. and Mrs. Thomas L. Hart and son, Chris, of Tallahassee, Florida, visited on Saturday evening and Sunday with his parents, Dorothy and Karl Hart. On Sunday, they all had lunch at the Jacaranda Hotel and had a hot game of shuffle at the Park's Shuffle court. Later, they went to Bok Tower where they enjoyed watching nine year old Chris feed the squirrels.

Ruth Smith's sister-in-law, Mildred Goodes of Adrian, Michigan, returned with Ruth for a visit after Ruth spent the holidays in Indiana and Michigan. Ruth tells us she is glad to be back in Florida as the temperature was 12 degrees below zero while she was there.

We are happy to report that Gene and Dan Bohland's granddaughter is out of the hospital and doing very well after a recent bout with pneumonia.

They tell us that they had a big crowd at bingo on Monday night and are hoping more people will attend on Monday and Thursday nights at 7 p.m. We are happy that so many of our winter travel trailer people ("strippers" for short) are taking part in all of our activities here at the park. We hope each of you will feel welcome while you are visiting days and the Bentleys were

Special Survey

Scheduled

Local representatives of the Bureau of the Census will conduct a survey of employment in this area during the work week of January 17-22, Thomas W. McWhirter, Director of the Bureau's Regional Office in Atlanta, announced today.

The survey is conducted for the U. S. Department of Labor in a scientifically designed sample of approximately 70,000 households throughout the United States. Employment and unemployment statistics based on results of this survey are used to provide a continuing measure of the economic health of the nation.

For example, in November the survey indicated that in the 50.9 million men and women in the civilian labor force, 88.1 million were employed. The Nation's unemployment rate was 8.1 per cent, up from 7.9 per cent reached in the second quarter of 1975.

Information supplied by individuals participating in the survey is kept strictly confidential by law and the results are used only to compile statistical totals.

Interviewers who will visit households in this area include: Mr. Hubert L. Horowitz and Mrs. Sue B. Secrist.

Lee's Trailer Village

By Mabel Stocker

Mr. and Mrs. Earl Whetstone have returned from a visit at Cherokee Village with his sister Eulala Bell. While there the family of the Whetstone's of Iowa also visited. Eulala returned with the Whetstone's for a visit here.

Mrs. Beatrice Proster of Chesley Ontario has returned to her home after a visit with Mr. and Mrs. Fred Graper. The Auda-Vin Social Club held a Tupperware party at the shelter on Wednesday afternoon with 23 persons present. Several prizes were awarded in some very interesting contests.

Mr. and Mrs. Merlin Derringer of Lima, Ohio and Mrs. Charles Goodwin of Elora, Ontario have returned to their respective homes after spending a couple of weeks in their homes in the village.

Mr. and Mrs. Don Litchfield of McComb, Illinois visited last week with her aunt and family, Mr. and Mrs. Harold Ayers and Tom. Mr. and Mrs. Harvey Howard spent Sunday with her sister in Lake Placid for the birthday of Harvey.

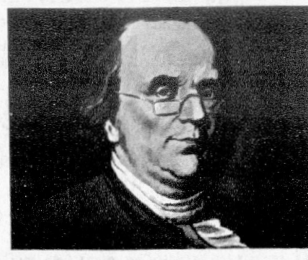

FAITH INSPIRED FRANKLIN'S ADVICE ON SENSIBLE LIVING

Benjamin Franklin, while officially known as an early American statesman, is more universally remembered as the source of some of the most common sense advice ever offered to mankind; timeless and just as pertinent today as it was when he first uttered it, no matter what part of the world you happen to live in. Let us honor him on the occasion of his birthday, by renewing his prescription for a long, happy and productive life; with the principal ingredients consisting of thrift, diligence, preservation of health and the wise conservation of time. Franklin was a religious man; and your own regular attendance at the Church of your choice will instill in you the same principles for which we remember him today.

"And every man that striveth for the mastery is temperate in all things."
—I Corinthians 9:25

Temperance puts wood on the fire, meal in the barrel, flour in the tub, money in the purse, credit in the country, contentment in the house, clothes on the back, and vigor in the body.
—Benjamin Franklin

WITH APPROXIMATELY 5000 people attending the pre-view Fashion Show at the J.C. Penney store at the Avon Square Shopping Center, Bill McCarthy (left) of the Tampa district office, lent a helping hand. Sunphoto by Lew Miller.

VISITORS TO THE Monday night Fashion Show at the Penney Store had the opportunity to see familiar and unusual potted plants and hanging basket plants. Sunphoto by Lew Miller.

CELEBRATING THEIR 50th Wedding Anniversary, these couples were honored during a special program at the Winter Guest Club Sunday afternoon. The couples were saluted by George Davis as he recited his poem "Ode to Our Life Together" - which with the change of names, places and events may have applied to many people. From the left, Jean and Ray Cartwright, Blenheim, Ontario; Margaret and Alva Derr, Urbana, Ohio; Marie and Delbert Husband, Goshen, Ind.; Rachel and Robert Kirby, Clayton, N. Y. and Ann and William Robbins, Avon Park, formerly from Pennsylvania. Absent, Lester and Marguerite Harriman, Norway, Mo. as Marguerite is in the Winter Haven Hospital. Sunphoto by Lew Miller.

Arms Show Scheduled For Saturday, Sunday

The Central Florida Arms show is scheduled for Saturday and Sunday, January 15 and 16. The Show will be held in the Lakeland Civic Center.

Held twice annually, winter and fall, this show has become the largest regularly held arms show in the southeastern United States.

The winter show will feature more than 400 tables displaying old and new firearms, knives, hunting and reloading accessories, leather goods and other related items. Exhibitors will be coming in from most areas of the United States, including California and New England.

The show, sponsored by the Lakeland Rifle and Pistol Club, Inc., is open to the public. There is no charge.

Show hours are: Saturday, January 15-9 a.m. til 7 p.m.; Sunday, January 16-9 a.m. til 5 p.m.

As an affiliate of the National Rifle Association, NRA books and other literature will be available at the show.

VTAE Spring Semester

SFJC Registration To Begin January 17

Registration for Vocational, Technical and Adult Education spring semester class begins at South Florida Junior College Jan. 17 at 1 p.m. and will continue through Jan. 28. All occupational classes begin Jan. 21. Adults interested in enrolling in one of the classes should contact Gene Stadler at the college for an appointment. All occupational classes are conducted on campus during the day, five days a week. Courses which require 540 hours or two semesters to complete are child care and guidance and general office clerk. All other occupational classes require 1080 hours of instruction or four semesters to complete. However, with the exception of drafting and general office clerk, a student may attend class six hours a day and complete a course in two semesters (one school year). These classes are air conditioning and refrigeration, auto mechanics, auto body repairs, carpent, child care and guidance (one semester), radio-TV electronics, and tractor and diesel mechanics. There are two class sessions daily for all other occupational programs from 8:30 to 11:30 a.m. and noon to 3 p.m. A student may attend one session daily and complete the program in two school years or both sessions and finish in one school year. Fee for a half-day session is \$30 and \$60 for a full day session, plus books.

The cost is \$30 plus books. Drafting: Classroom and drafting laboratory activities to prepare students for employment as draftsmen. The course enables graduates to translate ideas, sketches, specifications and calculations of engineers and designers into complete and accurate plans. The class meets 8:30 to 11:30 a.m. The cost is \$30 plus books and supplies.

Air Conditioning and Refrigeration: Graduates of this program should be capable of assuming employment as technicians or repairmen in the air conditioning and refrigeration trades.

Automotive Body Repairs: All phases of auto body repairs and painting will be taught in this course.

Automotive Mechanics: Designed to enable students to be gainfully employed in the automotive repair and servicing business.

Automotive Mechanics: Designed to enable students to be gainfully employed in the automotive repair and servicing business.

Carpentry: Includes instruction in blueprint sketching, blueprint reading, proper and safe use of tools, applied math for carpenters, and building code, along with instruction in carpentry.

Child Care and Guidance: This program develops the knowledge, skills and attitudes necessary for the student to obtain employment in places where groups of children are cared for. The class actually operates a child day care center on campus as part of the student training program.

Radio-TV Electronics: The techniques, practices, trade technology and mathematics for a sound foundation in electricity and electronics

Other facets of their advance public relations job is setting in motion the machinery for ticket sales for the program. Meals is another problem faced by the 80 members cast and supporting staff members. While the educational phase requires contacting high school seniors who might be interested in touring the nation while helping present the "Up With People."

The musical programs with singers and instrumentalists was described by Linda as a hodge-podge, that is, selections of songs and music to appeal to and please all age groups from the very young — to the elderly with memories of music they sang, played and loved.

In addition, Council President Robert Britt will serve on any board in the absence of one of the council members. Crews was asked to serve as the co-ordinator of all departments.

tried as an adult.

At the height of the ski-mask trials several waiver hearings had to be held for Larry Marshall and Cody Martin. Orlando Brinson had been waived to adult court, tried and convicted on a perjury charge.

While serving sentence on the perjury conviction, he was arrested for sexual battery and a new waiver hearing had to be held to determine whether Brinson should be tried as an adult.

Fletcher has said he is hopeful that the 1977 Legislature will enact a new law about juvenile court

The week of Dec. 14-22 all the suspects arrested were men, eight white and seven black. Only one listed an out-of-county address.

SFJC To Open Season On New Ball Diamond

The South Florida Junior College baseball team now has a home field on campus after many years of using Head Field in Avon Park. The college personnel are grateful for the use of the fine Head Field facility and are looking forward to being home on campus.

The campus field is completely enclosed by a 6' chain link fence measuring 320' down each foul line, 370' to each alley and 395' to straight away centerfield. A netted batting cage is located behind the rightfield fence.

The SFJC vocational carpentry class, under the professional instruction and supervision of Ken Maxwell, has constructed excellent dugouts along the first and third base areas of the field. The dugouts have been constructed with a professional style which adds the finishing touch to the field.

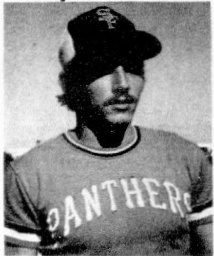

There are many people to thank for having such a fine facility on campus of which both the community and college can be proud. At the administrative level, Dr. William Stallard, President; Don Farnes, Dean of the Vocational Division and especially Wil Buechel, Vice-President, played active roles in the initiation, planning, and overseeing of the project. Royce Henry, SFJC maintenance engineer, installed the underground sprinkler system and prepared the outfield portion of the field during the summer.

College Work-Study students Ron Bolin, Leonard Cooper, Rick Harrison and Blaine McDonald, along with Coach Timothy Hill, have spent many hours in field preparation.

Ken Tate of Avon Park volunteered his services throughout the fall and spent many hours assisting Coach Hill and the Work-Study students in constructing one of the finer junior college baseball fields around.

The Panthers will inaugurate their new field by playing their first home game February 15 against Indian River Community College.

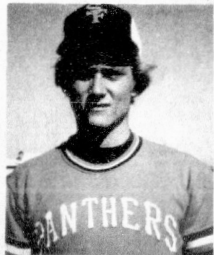

Panther Players

LARRY HATFIELD

Larry Hatfield, 6'1", 175 lb. catcher, returns for his second season with the Panthers. He saw limited action last year behind the plate while playing behind All-State Catcher Blaine McDonald.

Larry, from Pahokee, possesses a strong arm and is an excellent team player. In addition to his catching duties, he may see action at first base.

RICK HARRISON

Sophomore Rick Harrison, 6'0", 175 lb. right handed pitcher from Lakeland, heads up the Panther pitching staff this spring.

Ricky was named to the All-Division Team last spring by compiling a 9-5 win-loss record for South Florida Junior College.

In the State All-Star Game Ricky was the starting pitcher picking up the win by hurling three innings of no-hit, no-run baseball.

Red Devil Varsity

Win 72-55 Over Mulberry

TOP SCORER FOR the Avon Park varsity cagers was forward Melvin (Routman) Collins (44) as he released a side shot for another 2 of his 25 points. He also pulled down 16 rebounds as the Red Devils defeated the Panthers (72-55) last Friday night. Sunphoto by Lew Miller.

Coach Tom Lund's Avon Park Red Devil varsity basketball team started the 1977 portion of the schedule with a big 72-55 victory over the Mulberry Panthers here last Friday night to move to a 3-4 record for the season. Senior Melvin Collins scored 25 points and grabbed 16 rebounds to lead Avon Park to the district win.

Last Tuesday night, Jan. 11, the Red Devils were to have hosted the DeSoto High Bulldogs in a return match. The Arcadia team had slipped by Avon Park 73-70 in an earlier game. Tomorrow, Friday, Jan. 14, the Avon Park Squad will go to Lake Placid to take on the high-scoring Green Dragons in an important conference and district game.

Next Tuesday night, Jan. 18, the Red Devils will be back at home to play the Okeechobee Brahmins in a Heartland Conference match-up. That game will be the third in a triple-header which will start at 5:30 p.m. when the two boys junior varsity teams meet and will feature the girls teams from the two schools in the 7 p.m. game before the varsity squads tangle.

Against Mulberry last Friday night, the Red Devils jumped out to a 14-10 first quarter lead and were never topped as they eased on to the 72-55 final score. At halftime the Devils had a 34-23 advantage and were ahead 51-41 at the close of the third period.

Melvin Collins, playing his best game of the season, accounted for 25 of Avon Park's points and pulled down 16 rebounds in the hectic, fast-moving game. Senior guard Freddie Moore also had a good game scoring 12 points for the Devils.

Dale Sizemore hit 4 outside long shots for 8 points and Freddie Williams and Kenneth Burley both added 6 points to the Avon Park total. Larry Pough scored a field goal and 3 of 4 free shots for a 5 point total. David Williams and Mike Coleman scored 4 points each and Charlie Pough hit one field goal to close out the 72 point Avon Park effort.

Both teams drew 18 fouls. Avon Park hit 50 per cent at the foul line making 8 of 16 free shots. Mulberry made only 7 of 17 from the foul line and had a low percentage of hits from the floor.

GLIDING UNDER THE basket Red Devil guard Freddie Moore looks back to watch the ball settle through the hoop. Freddie was second high scorer with 12 points in the Red Devil win over the Mulberry Panthers, 72-55. Sunphoto by Lew Miller.

Red Devil Cagerettes Need Moral Support Of Fans

Lake Placid's Debbie McGahee scored 24 points last Thursday night to lead the Green Dragons ladies basketball team to a 38-14 victory over the Avon Park Red Devil girls' team down in Lake Placid. It was the fourth straight loss for the Avon Park girls and the third straight win for the Lake Placid team.

Tonight, Thursday, Jan. 13, the Red Devil girls team will travel to Sebring to take on the Blue Streak team at the high school gym starting at 7:30 p.m. It will be the first meeting between the two rival girls teams in sixteen years. Sebring lost its opening game last Thursday night and was scheduled to play last Tuesday night.

Next Tuesday night, Jan. 18, the Avon Park girls will take on Okeechobee in a return match here at the high school gym in the middle game of a triple-header. The Avon Park boys jayvee will open the session at 5:30 p.m. The girls will play around 7 p.m. and the varsity boys will play around 8:30 p.m.

Senior guard Margie Taylor scored 8 points to lead the Avon Park scoring effort down in Lake Placid last Thursday night. Bridgette Randolph and Delra Cox had 2 points each and Corrine Jackson and Tammy Ostling scored 1 point apiece for the Red Devils.

It was a rough, loosely-called game in which only 10 fouls were called against each team. Two Avon Park girls were injured during the game and had to sit out the remainder of the game.

"The girls just won't shoot enough," complained Coach Cherri Lee after last week's game. "They held the Lake Placid scoring pretty well until the fourth quarter. Debbie McGahee made 14 of her 24 points in the last quarter."

WRESTLING OR BASKETBALL? Things got a little rough in Lake Placid last Thursday night when referees let the game get out of hand as two Avon Park cagerettes scramble with a Lake Placid gal for a loose ball. Sunphoto by Lew Miller.

Recreation Center Offers Handball Volleyball

The Avon Park Recreation Department has openings in the class for handball lessons which will start Jan. 17. Anyone interested in learning to play handball, please call or come by the Recreation Center to register. The beginning lessons will be held from 5:30-6:30 p.m. each Monday and Wednesday for three weeks.

The classes will be held at the new four-wall courts directly behind the Recreation Center. There will be a \$3 fee to pay for the handballs used in the instruction.

This is a great opportunity to learn a sport which is great for building quick reactions, endurance, coordination and general body conditioning. Participants are asked to furnish their own gloves. There will be a limit of 12 in the class, so sign-up now.

The organizational meeting for the men's volleyball league will be at 8 p.m. Tuesday, Jan. 18, at the Recreation Center.

All new teams and ones that played in last year's league are asked to have a team representative at this important meeting. Rules, fees and times of play will be discussed, so be sure to be there.

Any group of men in the Avon Park area, that wish to play in this sixteen-team league is welcome to sign-up at this first meeting. There is no limitation on what type of group may join, so if you have at least six men that want to get some good exercise and clean fun, weather it be a church, business or private group, join in and help make the league bigger and better this year.

All games will probably start at around 7:30 p.m. on Tuesday's and Thursday's.

Ladies In Golf Tourney

Members of the Pinecrest Ladies Golf Association are competing in a three week Low Net Tournament by the Barnett Bank of Sebring.

Leaders in the three flights after the first week of play are as follows:

First flight: Barbara Sachsenmaier - 66; Fairy Rust - 71; Wally Ford - 71.

Second flight: Ruth Stevenson - 71; Ginny Hughes - 75; Avis Sasser - 77.

Third flight: Lenna Corn - 72; Markin Ostling - 74; Mariana King - 76.

Second round play will continue on Thursday, Jan. 13 and the final round of play on Thursday, Jan. 20.

SENIOR GUARD MARJORIE Taylor was high scorer with eight points for the Avon Park Red Devils last Thursday night at Lake Placid. The Avon Park girls basketball team could use more support from fans. They play tonight (Thursday) at the Sebring High school gym at 7:30 p.m. Sunphoto by Lew Miller.

For Discussing Range Programs

U. S. Air Force representatives have announced that they plan to hold a public meeting to discuss Natural Resource Management Programs at the Avon Park Air Force Base. The meeting will be held Tuesday Feb. 15 at the Highlands

County Agricultural Center in Sebring, starting at 7:30 p.m. The meeting will be open to questions on all programs managed under the multiple use concept including: recreation, management for pulpwood

and lumber products, cattle grazing leases and wildlife management. Representatives of the Florida Game and Fresh Water Fish Commission will be on hand to assist with discussion of the provisions of its cooperative agreement

with the Air Force.

The Avon Park Range is a popular area for outdoor recreation and is open to public use when the military mission permits. It is expected that most of the public comment and questions will concern that recreational use of the Range, and Air Force representatives will be prepared to discuss all aspects, including the use of Off Road Vehicle.

In order for the meeting to be as productive as possible, interested parties are encouraged to submit specific recommendations or requests for modification of the present regulations at least one week prior to the meeting.

Recommendations will be accepted from the floor; however, advance submission will allow for complete research of the facts, and it might then be possible to announce implementation of the proposal at the meeting.

Because the range is managed under the multiple use concept, conflicts between recreation and other range uses must be resolved when changes are made. Therefore change proposals from the floor will probably require research and may not receive complete answers at the meeting.

According to Lt. Col. Donald A. Griffing, commander of the 56th Combat Support Squadron at Avon Park, "The Air Force recognizes its responsibility for managing Natural Resources on federal lands for which it is responsible, and we welcome the opportunity to explain our programs to the public. We also welcome inputs from the public which will allow us to improve our programs. We hope that members of the public who are interested in the use of the Avon Park Air Force Range take the opportunity to voice their opinions at this meeting."

Persons desiring further information about the meeting may contact the Air Force Natural Resources Manager, Paul Ebersbach, at 482-4115.

AFTER ALMOST A year of talking the floor of the field building was poured last Saturday at the baseball complex (near the airport). Steve Walker (left) and Joe

Jackson used a water hose to drag off the excess water. The two story building will house the concession stands, press box for each field, rest room, electrical room,

storage and stairway. Also helping on the 23 yard pour were: Ronnie Jackson, Billy Jackson, Mort Jackson Sr. and Dennis Guenther. Sunphoto by Lew Miller.

Hunting In Northwest Florida

Deer, wild hog and turkey hunting came to a close one-half hour after sundown on January 9, except in 16 counties of northwest Florida where deer and hog hunting will continue through January 23.

Turkey hunting in northwest Florida is limited to gobblers only in Leon, Jefferson and Gadsden counties and will be allowed in these counties through January 23.

According to the Game and Fresh Water Fish Commission, there will be extended opportunities for deer and wild hog hunting in northwest Florida for bowhunters and black powder buffs starting January 29 and continuing through February 13.

The region-wide primitive weapons season will allow the taking of deer, wild hogs, squirrel, quail and rabbit by muzzle-loading guns and bow and arrows. The use of dogs for hunting deer

or wild hog is prohibited during this period.

The primitive weapons season for northwest Florida will include all open lands outside wildlife management areas as well as five specified wildlife areas with special primitive weapon seasons.

The wildlife management areas open for primitive weapons hunting include the following: Apalachicola in Leon, Liberty and Wakulla counties; Robert Brent in Liberty and Gadsden counties; Point Washington in Bay and Walton counties; Edward Hall in Gulf County; and the Blackwater in Okaloosa and Santa Rosa counties.

Primitive weapon hunters are reminded that a wildlife management area stamp, in addition to a regular hunting license will be required to hunt on one of the open wildlife areas.

Wildlife Management Chief Fred Stanberry said the special primitive weapons season will be closely monitored

to measure both the advantage of the hunting recreation and the harvest of wildlife during the extended season.

Jayvee Basketball Squad Takes 4th Win

The Red Devil jayvee cage squad racked up its fourth win of the season last Friday night with an impressive 69-47 victory over the Mulberry junior varsity here at home. Horace Moore, dropped down from the varsity to get more playing experience, led the Devil "Bees" with 17 points scoring 10 of those in a hot third quarter.

The Devil jayvees were scheduled to take on the DeSoto High "B" squad last Tuesday night in a home game. Avon Park had won in an earlier game in overtime by a score of 63-61. Tomorrow night, Jan. 14, Coach Duhm's charges will travel to Lake Placid to face against the Green Dragon junior varsity starting at 6:30 p.m. Next Tuesday, Jan. 18, the Okeechobee Brahman's jayvees will be at the Avon Park gym for an early starting 5:30 p.m. game. The girls will play Okeechobee at 7 p.m.

Against Mulberry last Friday night, the Avon Park squad trailed 13-11 after one quarter of play but scored better in the second period to go to the dressing room at halftime with a 33-24 lead. The Red Devils really had a good third quarter hitting for 22 points, while holding Mulberry to 9 points to go into the final quarter with a 55-38 advantage.

Horace Moore paced the Devil jayvees with his 17 points but Eric Wilson also had a good night scoring 13 points and pulling down 14 rebounds off the boards. George Loyd pumped in 9 points. Otis Ford and David Sisemore had 8 points each and Todd Packer hit for 7 points. Also scoring were Pernell Gibbs with 5 points and Decaris Jones with 2 counters. Jeff Adams, Anthony Stevens and Casey Stokes also saw action as Coach Duhm got all of his players into the game.

"We cut down on our turn-overs by almost 50 per cent this week," said Coach Allan Duhm. "That was the difference along with a good defense against the Panthers."

Yanney Appoints Staff

Tenth Judicial Circuit's Nancy State Attorney Quillian's Yancey has announced staff appointments, including the assignments for his office in Highlands County.

Terry Wolfe has been re-appointed as investigator with primary responsibilities for investigations in Highlands and Hardee Counties.

Bill Fletcher and David Langford were re-named as assistant state attorneys. Fletcher is to continue with felony cases while Langford devotes most of his time to prosecution of felony cases.

Middle School Cagers Take Two Wins

The two Middle School basketball teams jumped off to wins last Friday afternoon in Sebring with the varsity taking a 42-38 victory from the Sebring Middle School eighth grade first string and the Avon Park Middle School jayvees squeaking by the Sebring eighth grade "Bees" by a score of 19-17.

Tonight, Jan. 13, the two Middle School teams will play their only evening games of the season as they host the Lake Placid Green Dragon Middle School varsity and junior varsity here at the Middle School gym starting at 4:55 p.m. Admission to the game will be 25 cents for everyone. The junior varsity will open the double-header with the varsity game following.

Next Monday afternoon, Jan. 17, the two Avon Park Middle School teams will host Wauchula here at the Middle School gym with the varsity game starting at 1:30 p.m. and the jayvee game following. The Middle School student body will attend the game.

Coach Don Sisemore played all thirteen of his varsity players in the first game in Sebring last Friday afternoon

and the eighth grade boys thumped Sebring 42-28. Charlyon Weathers pumped in 8 field goals and 1 free shot to lead the Avon Park varsity with 17 points.

Gerald Jones swished the nets for 10 points and Alvin Connor scored 9 for the winners. Chris Collins had 3 points and 5 rebounds, Larry Jackson hit for 2 points and Henry Taylor scored 1 point. Gerald Jones also pulled down 5 rebounds for the Middle School Devils.

Also seeing action were Jeff Caldwell, Ricky Derksen, Kevin Caldwell, Eddie Loyd, Billy Bolden, Ricky Oates and Dwayne Council. Greg Stringer paced the Sebring scoring effort with 15 points. There were several girls on Coach Lucky Dixon's Sebring team.

In the second game played last Friday afternoon, Coach Sisemore's junior varsity won a 19-17 decision as Ricky Johnson hit for two points with just 10 seconds left on the clock. Johnson led the Devil scoring with 8 points. Thomas McAfee had 5 points, Terry Kelley scored 4 points and Bart Murphy hit for 2 points for the winning Devils.

Bombing Range Closed For Weekend Hunt

The Avon Park Bombing Range recreational area will be closed this weekend, Jan. 15 and 16 due to scheduled military activity.

The 1st Battalion, 116 Field Artillery unit of the Florida National Guard will be firing 155 mm howitzers until approximately 10 p.m. on Saturday, Jan. 15. There will also be some artillery firing on Sunday, Jan. 16.

As of this date, the only days available through the month of February that do have scheduled weekend military activities on the range are Jan. 29 and 30 and Feb. 26, 28 and 27.

At the request of the Air Force the Florida National Guard postponed all range activity in November and December to January and February to allow for the past two months' deer hunting season.

Range opening times can be obtained by calling 482-4195.

McDonald In First Draft

Biane McDonald, a catcher for the South Florida Junior College Panthers, was drafted on the first round of the Major League Baseball Winter Free Agent Draft by the Chicago Cubs. The draft took place Tuesday in New York.

Mother Coaches Team To Win

The boy's flag-football league played another full slate of games last week, with the Gold team winning another game. They still are undefeated, with only two more weeks to go.

In the first game of the week, an interested mother, Mrs. Betty Johnston, jumped in the coaching spot, when neither of the coaches for the team could make it, and saved a forfeit for the Blue team. She obviously did a good job because the Blue went on to down the Green squad, 7-0. Blue scored on a great interception and run back by Steve Baker.

A special thanks goes to Mrs. Johnston for her help. Many times, in the beginnings of any leagues or special programs started by a Recreation Department, it is the interested parents willing to volunteer their time, that makes them successful.

On Thursday, The Red team, coached by Tim Cobb, went up against the well-organized Gold squad. The Gold's fine defense and quick offense overpowered the Red team, 19-0.

It looks as if the Gold will have first place wrapped up, but there is still a battle for the second spot between Blue and Red.

Baker And Brojek Place In Lakeland Run

Two area runners did well in a Lakeland Runners Club race last Sunday at Lake Hollingsworth. Coach Joe Baker, Avon Park Middle School Physical Education Instructor, finished the tough 3.8 mile course in 22:28 which was good for fourth place in the 25-34 age group.

Coach Chet Brojek, Avon Park High School track coach, took second place honors in the same age group and picked up a trophy for his efforts. Brojek posted a 20:39 time only 13 seconds behind age group winner Jon Shelton of Lake Alfred. Both Brojek and Baker represented the Highlands Runners Club.

The next race for club members is a 4.0 mile race in Orlando on Jan. 23. The next Lakeland Run is set for Feb. 20 over a 9 kilometer distance. (5.58 miles.)

TOWARDS THE END of the jayvee game last Friday Avon Park's Pernell Gibbs (44) used a layup shot for two more points to contribute to the Red Devil (49) win over the Mulberry Jayvees (47). Sunphoto by Lew Miller.

CB Chatter by Confusion Control

"Hey, you new CB'ers, don't send any money with your license applications, please, buddy!"

The Federal Communications Commission issued that unusual plea in a reminder that it is halting the collection of all fees indefinitely because of a court order.

This fee cutoff applies not only to citizen band radio enthusiasts but to amateur radio operators, radio and television station applicants, telephone and telegraph companies, satellite systems, aviation, industrial, public safety and land transportation communications.

However, the FCC paid special attention to the CB'ers because license applications from them are still coming in at the rate of about 400,000 monthly. The CB explosion of the past two years has built up the total of licensed CB'ers to 7.8 million at the year's end.

The commission's reminder that it no longer is accepting the \$4 fee for CB licenses, stressed that it is still necessary to apply for a license. To go on the air without one violates the law, although a temporary license is included with most sets being sold.

The temporary license form and permanent license application must be included with the new 40-channel sets that went on sale for the first time on New Year's Day and probably will still have out-of-date instructions to pay the \$4 fee.

The commission noted that licenses still are required also to operate amateur, aircraft or ship radio stations and for all telecommunication services regulated by the FCC.

The reminder to CB'ers said that sending a fee will just delay processing the application.

Any checks received with CB license applications will not be cashed or returned but will be destroyed.

Money orders and cashier's checks will be returned to applicants regardless of who signs them.

Cash will be converted to a United States Treasury check and mailed to the applicant.

The commission said it is studying the question of whether fees from CB'ers and others paid before Jan. 1 will be refunded.

The commission voted 7-0 to suspend its fee collection because of a U. S. Appeals Court decision here that it was charging too much. The court directed the FCC to justify each fee assessment and calculate the cost basis for each fee.

Sort of throwing up its collective hands in frustration, the commission repeated its plea to Congress for guidance on how it should structure its fee schedule, indicating no more fees until Congress acts.

Let's go to a jamboree. If you've never been to a Jamboree of CB'ers, now is the time.

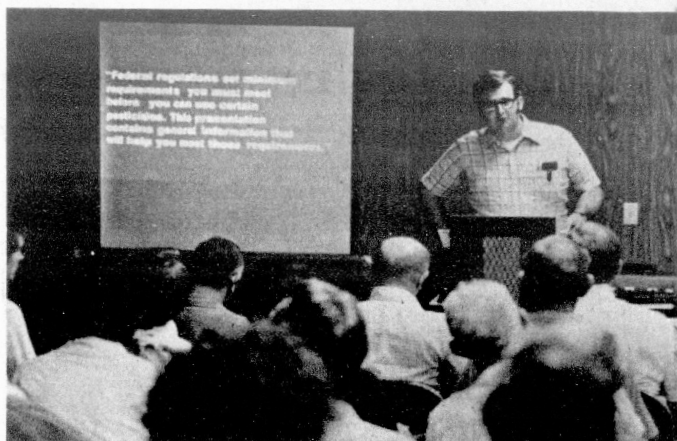

It's a great way to spend a day (or weekend if desired) and really get into CB.

There are three jamborees in the next four weeks, any or all promise fun, prizes, food, half and half and much, much more.

Saturday and Sunday, Jan. 15-16, Clewiston. The fifth annual jamboree is sponsored by "Voice of Everglades Club" at the Sugarland Auditorium just off Highway 27 South.

Saturday and Sunday, Jan. 22-23, There is a jamboree in Hollywood, Fla. On Saturday and Sunday, Feb. 24 there will be a big jamboree at Punta Gorda, Fla.

Many CB'ers from this area are planning to attend, one, two or all three. Come join us, it's all part of CB-land. More later. Catch you on the flip, CC.

A CAPACITY AUDIENCE last Monday night at the County Building in Avon

Park heard Acting Agricultural Extension director Tim Hurner, explain

why and who needed to have pesticide applicators license - Sunphoto by Lew Miller.

City To Annex Land West Of U.S. 27

There was good news and bad news for the Avon Park City Council at their regular meeting Monday evening. First the good news: the council was informed that after a six-month wait, the concrete floor of the recreation-concession building at the city's new baseball complex has been poured. Finishing work on the facility will now commence.

In a related matter, the council voted to annex 347 acres of land located on the southeast side of the city. Included in the parcel is the municipal airport, the baseball complex, city dump and the Bonnie Brae Trailer Park. The annexation was previously approved by the state boundary commission.

A traffic light on US 27, adjacent to the Avon Square Shopping Center was discussed, with City Clerk Malcolm Crews stressing that the city had never decided not

would not participate in funding the device a "lie."

DOT informed the city that Avon Park must agree to pick up 40 per cent of the installation costs and then agree to maintain and provide electricity to the light. The council agreed that they would be willing to do this and also voted to ask the state to lower the speed limit on US 27 inside the city limits from 35 to 40 miles per hour until a light could be installed.

In other business, Ora Mitchell of 204 E. Sixth St., was appointed to the city's Civil Service Board. He will fill out the unexpired term left vacant by the recent resignation of James Fountain.

The council voted to prohibit Highlands Aviation, Inc. from selling aviation fuel and related items, as the city had already signed a lease with Avon Park Flying service which prohibits duplication of services. The matter came up as the council reviewed a lease to Highlands Aviation.

The council opened bids for the proposed addition to the city library. A total of seven construction firms submitted bids for the work, with the apparent low bid of \$17,075 submitted by L. F. Martin Co. of Sebring. The awarding of the bids was postponed for two weeks, however, to give James A. Heim, architect, time to study them. At least \$10,000 towards the addition has already been secured through a bequest, left by Mrs. Dawson to the Library. The council agreed that they would ask the Friends of the Library to start a fund raising campaign to help secure additional construction monies.

A bid of \$1,045 from Sain Equipment Co for a power grass sweeper was accepted by the council. The sweeper will be used at the new baseball complex.

Group Attends Pesticide Training

With over 50 people attending the pesticide training session at the County Building in Avon Park, Acting Agricultural Extension Director Tim Hurner stated the purpose of the sessions was to prepare the agricultural users to use restricted pesticides.

Apparently homeowners have lost another freedom as they will not be able to get a permit to use restricted pesticides. Anyone who applies restricted pesticides to the property of another person for a fee has to have commercial training, Hurner told the group.

For the present time, caretakers, who take care of groves for others will need to written consent of the grove owners and take the private pesticide training said Hurner.

The five week training sessions would take up the common pests; pest control, labels and labeling; using pesticides, protecting soil and environment; equipment calibration and laws and regulations, which would constitute the core training for pesticide applicators. Hurner explained that FIFRA

(Federal Insecticide Fungicide Rotenecticide Act) passed by Congress in 1972 could get a person a 30 day prison sentence and or a \$1000 fine for violations. It was reported that the Environmental Administration has proposed that such pesticides as sevin and chlordane be placed on the restricted pesticide list to be used only by licensed pesticide users.

All restricted pesticide users in Florida are to be licensed therefore the need for training to be conscious of the pesticide labels and safe handling requirements.

Along with the course material received were permit application form, completion of training form and continued education form. The application and completion form would be forwarded to Agriculture Commissioner Doyle Conner's office, while each person attending the sessions would receive 18 units of continuing education credit for the extension service.

Self graded exams would be given each week on the subjects covered. The final exam papers would be forwarded to Commissioner Conner's office for

grading, following which the applicators permit would be mailed.

The alternative to the training sessions were for an individual to contact Commissioner Conner for home study materials and apply for the applicators permit.

Hurner noted that the people attending the first training session represented citrus growers, citrus grove owners and caretakers, cattle owners and handlers, golf course caretakers and others.

The second training session for the northern part of the county, will be held at 7:30 p. m. Monday, Jan. 17 at the County Building on Lake Ave. in Avon Park.

Keeping Out Of Mischief

photos, text, arrangement,

Vi Marrow

Favorites:

The tall doll (1879) belonged to Thomas' grandmother. Apple head dolls are on the lower right. The rest are wooden carvings by Evelyn's father.

Collectors' classics is what Thomas and Evelyn Chockley possess. Thomas collects toy trains. Evelyn loves vintage dolls, and they both take an intense interest in each other's hobbies.

Sixty years ago Thomas was given his first choo-choo and ever since he's loved them - collected them with a passion. He's not particular about types as long as they work, and all of his 93 locomotives work. But if you ask him which is his favorite, he carefully lifts a locomotive off one of the wall-to-wall train shelves, and exhibits a classic black locomotive about 15 inches long displaying excellent detail. Yet until you've held it, you cannot appreciate it. It is very heavy, almost 8 pounds worth. It has become his favorite because its weight enables it to pull any number of cars without falling off the track.

Unfortunately, Thomas has not been able to run his trains in the last ten years because his mobile home in Avon Park is too small to house the tracks.

At the other end of the mobile home is another room. It is Evelyn's doll room. Possibly 200 dolls comprise this

unique collection that includes bisque (china) dolls, apple head dolls, clothes pin dolls, corn-cob dolls, and wood carved dolls. The wood carved dolls display intricate detail and were carved for Evelyn by her father. Her oldest doll dates back to 1879. It had belonged to Thomas' grandmother. Another favorite is the 68 year old doll she has kept since her childhood. Evelyn also pointed out a pair of miniature eyeglasses that had once belonged to her mother's doll. An undistinguished "Tin head" became significant when she explained that it's construction indicated that it had been manufactured in the 1800's. Only a few of this kind are still to be found.

Evelyn began her collection about 20 years ago when she pulled the doll from Thomas' grandmother out of a trunk, and decided to repair it. Ever since she has been intrigued by them and seeks fervently after their histories.

When the Chockleys were asked why they had enjoyed collecting these items, Thomas at a loss for words, whispered, "It keeps us out of mischief."

Evelyn holds her childhood doll (68 yrs old). Thomas' favorite locomotive rests on the table.

This was not all!

Thomas and Evelyn show one portion of their individual collections.

Fifty-five years ago the Highlands County Pilot reported the following in its Jan. 13, 1922 edition:

HEADLINES: Town Council Transacted Much Business At The Regular Meeting. Members of the council included Mayor Sapp, E.E. Lanier, J.S. Francis, A.E. Conoley, and M.T. Whidden.

LOCAL AND PERSONAL: Monday morning E.W. Hartt presented us with a fine specimen of smooth cayenne pineapple, grown on the farm of S.Y. Hartt & Son on Lake Letta. The pineapple weighed 3 1/2 lbs. and was as delicious as any we have ever tasted.

ADVERTISEMENT: The Mighty Haag Shows . . . Thursday, Jan. 19 . . . Monster Den of Living Animals, Acrobats, Wire Walkers, Balancers, Gymnasts, Jugglers, Equilibrists, a Host of Funny Clowns . . . World's Greatest Grotesque Artist . . . The Three Gorges - 6 Somersaults in 60 seconds .

LOCAL AND PERSONAL: "Monster Navel Oranges Shipped to the President!" Richard H. Simonds . . . recently sent to President Harding a box of the finest navel oranges that ever left the state - none of the fruit weighing less than one pound.

12 Ways To Protect The Family From Deceptive Dealing

Doyle Conner, Commissioner of Agriculture, states, "... the best protection against fraud and deception is an alert and wary customer. Below are listed 12 ways to protect you and your family from deceptive dealings.

1. Never sign anything you have not read and understood. Take your time and read any document. Once you sign it, you may be stuck with a legal obligation, even though it was not a fair or honest deal. You signed it.
2. Refuse to sign a blank contract or any sales contract in which the blanks are not filled in.
3. Guarantees are valuable only when written. Oral promises are usually worthless. If a promise is good, it can be put in writing. Have the written guarantee explained in detail. Find out what is guaranteed, and who will back it up.
4. Turn off the high pressure salesman. Ask him to let you read the contract and make up your own mind without his incessant talking. Many purchases are forced by a salesman who doesn't give a customer time to think it

over. Suggest the salesman step aside for a few minutes.

5. Don't be fooled by phony price tags. If you see an item marked "regular \$50, now \$13," be careful. It may sell regularly for just \$20, and the price tag was inflated to promote the sale.

6. Buy what you can afford. It is easy, very easy to sign your name, and that's why it's easy credit. But making the payments may be very hard on the family budget. If you cannot make the monthly payments, the dealer can repossess the product, and you will lose the amount of money you have paid.

7. Ask questions about finance charges. Compare interest or carrying charges of various firms selling the same type merchandise. You may save considerable money.

8. Check the prices of door-to-door salesmen. Call and established concern in your community that sells the same type product and compare prices. The local merchant many times sells for less than the high-commission door-to-door peddler. Insist on a building permit for house improvements. And make sure the contractor is licensed.

If you as a consumer have been misled, deceived, or have questions you need clarified, call the Toll Free telephone number of the Florida Dept. of Agriculture, Consumer Services, Tallahassee: 1-800-3621176.

9. Refuse to deal with stores using "bait and switch" advertising gimmicks. Tell the manager why. If a brand name product is advertised as "bait" to get you to the store, but the salesman offers only higher priced goods, complain to the manufacturer of that line of products.

10. Don't buy in haste! Get comparative prices or bids. Reputable businessmen are happy to give you estimates.

11. Stop trading at the store that does not value customer goodwill by promptly and fairly adjusting complaints. Reputable merchants value their reputations, and retain their customers. The sharp operators will go out of business if they lose their customers.

12. Shop with established firms in your community. They want to stay in business. Ask your friends about these stores. Give your patronage to the good ones. Keep your hard-earned pay check away from the easy money artists.

This information was taken from the pamphlet of Office of Consumer Services, entitled, "What To Do."
