Get On Land-Line To Make Call

Did you know that your CB radio can be used to get a telephone call made for you?

It's called a "Land-Line" and the way it works is that you get on one of the channels, other than Channel 19 (the National Trucker Channel) or Channel 9 (The National Emergency Channel), and say, "Breaker Breaker for a local base station." The next thing you will probably hear will be a local base station or someone telling you what channel to go to get one.

After you have made contact with a base station, you simply request that a "Land-Line" be made for you and chances are it will. However, most base stations won't make long distance calls unless they are collect.

Businessmen have found this system of "Land-Lines" to be very helpful because they often are in the middle of a traffic jam and must immediately get a message through that they will be late for an important meeting.

You shouldn't feel as though you are causing an inconvenience by requesting that a telephone call be made for you because most of the time the person making the calls is more than happy to do so.

After the person has made the telephone call for you, he will usually come back and affirm the phone call. This is why you should give your call sign and handle after you have requested the "Land-Line."

Whether you request a "Land-Line" in a small town, city or on the highway, you might find your chances of getting through to a base station are better on Channel 10 or Channel 15 because these are the channels that many towns use for calling channels. These channels could also be used for information about the area you are in, including weather, time and traveling directions.

Some base stations are even supplied with special equipment that allows them to use a patch system, which means that you could talk to whomever you're calling on the phone over your CB radio.

However, when you are requesting or making a telephone call over your CB radio you should try to contact a base station that has a strong signal (which means it is close). Most of the time, these base stations confirm the making of the phone call and if you have driven out of the transmission reach of the base station, you may not receive the confirmation.

If the base station doesn't confirm your transmission on the call, you should request one, because sometimes the base station could have confused the number or the person requesting the call because the transmission was distorted with other signals.

Communities throughout the country have set up what they call "Community Services Channels" which are specifically designed for this type of activity, phone calls, weather, time, travel information, etc. Often these communities will have a sign that tells the channel used for this assistance.

Elsa Was Born In London

The TV Mailbag:

Q. Can you tell me when and where Elsa Lanchester was born? — F. M., Cherry Hill, N. J.

A. The grand lady of stage and screen was born Oct. 28, 1902 in London, England.

Q. My mom and I disagree. She says Robert Conrad of "Baa Baa Black Sheep" is old and has three daughters. I say he's 35. Please tell me how old Conrad is and maybe how old are his three daughters. — T. A., Mt. Ephraim, N.J.

A. Conrad was born March 1, 1935, which makes him 42 years of age. Conrad keeps his private life very private, so the ages of his daughters are not available.

Q. Can you please tell me what happened to the daytime series, "Somerset?" — P. H., Oroville, Calif.

A. According to NBC, "Somerset" was canceled because of poor ratings.

Q. Please settle an argument. Did Robert Blake of "Baretta" ever play in the series "Leave It To Beaver?" Wasn't he also one of the "Little Rascals?" — S. S., Milford, Conn.

A. The answer to both questions is no. At age 5, Blake played in "Our Gang." He was in the movie series for five years. He subsequently played the role of Little Beaver in the "Red Ryder" movies.

Q. "Starsky and Hutch" is one of the best shows I've ever seen on television. Please tell me their real names and their background? — M. M., Linn, Mo.

A. Paul Michael Glaser plays Dave Starsky and David Soul plays Ken Hutchinson. Glaser began his acting career at the tender age of 7 months in the daytime series "Love Is A Many Splendored Thing." As an adult, he has done segments on "Kojak" and "Streets of San Francisco." Soul began as a singer, was spotted by a television director and starred in his first role on "Here Comes The Bride."

Q. I would like to know what the late Bobby Darin died of. I say complications from heart surgery. My husband says brain tumor. Please clarify. — B., Milford, Conn.

A. Darin, plagued most of his life with heart problems, entered a hospital in late 1973 for heart surgery and died Dec. 20, 1973, from complications.

The 'Shadow' Knows How To Dramatize Photos

A shadow can be one of the best friends and most useful tools a photographer can have.

Most photographers spend a great deal of time and effort trying to eliminate shadows from pictures, using fill-in flash and bracketing the exposures.

The creative photographer, on the other hand, learns how to handle the shadow, making it enhance photographic efforts; he conquers the use of light and learns how to use it properly.

Photography can only recreate two dimensions, height and width. The third, depth, must be created by the photographer by using shadows.

If the photographer uses direct light, such as sunlight, or a flash unit on the camera, the light will be "flat." This term means that any shadows created by light will fall behind the subject and will not be readily seen by the camera.

Moving the light slightly to either side of the camera will eliminate this "flat" light. Shadows will appear.

Consider a person's face. With flat light, the nose, eyes, chin, and ears will all appear to be the same distance from the lens. With light to the side, shadows will be cast from the various features, and the face will take on a sense of depth.

This effect is also known as modeling.

Sidelighting creates contrast, since different areas of the subject are closer to the light. The subject is broken into light and dark areas.

If the sidelight is extreme, nearly striking the subject at a right angle, the surface texture will be emphasized.

Take a weathered board. With flat lighting it would look normal. But if the light is moved to the side, the higher areas will be lit, while the lower areas will be in shadow. The roughness of the board will stand out.

There is another important use of the shadow in photography. It is possible to make the shadow from a subject a part of the design or composition of the photograph itself.

While shooting pictures at a museum, photographer Larry Armstrong noticed the pattern created by the sun shining through an old covered wagon. The shadow on the ground formed a "reflection" of the top of the wagon. Using a wide-angle lens, he added a dash of distortion for a very effective picture.

Photographing stark concrete structures is a good way to use shadows as compositional elements. The white concrete with strong sidelighting will cast black shadows in various patterns.

Shadows can be useful in photography. However, if the shadows are too domineering, they can be unflattering to your subject.

Knowing when and how to use the shadow technique is one of the challenges of photography.

END OF THE trail. This old covered wagon has reached the end of its trail. It is now a museum piece. But, it makes a dramatic subject for photography using the pattern created by the sun shining through its framework. Wide-angle lens adds dash of distortion for effective mood shot. Oak Ridge Boys Sing Lots Of Good Upbeat Country

HOLLYWOOD — While The Oak Ridge Boys, originally a gospel group, have added country songs to their repertoire, they insist that their shows and concerts will always be high-toned.

"You won't hear any barroom, beer drinking, cheatin' songs from us," say they.

Much country music deals with seamy subject matter, they admit: gambling, drinking and infidelity.

But they blame that on the general public more than on the writers who crank out the ballads.

"Country music takes pride in expressing the feelings of the people," the Oaks explain, "and we've got a pretty distraught country right now."

So how are they going to find enough upbeat country music to accommodate their needs?

They don't precisely say, but they adamantly pledge that their concerts and shows will continue to be "positive family entertainment."

After The Oak Ridge Boys performed in Russia last year as part of a Roy Clark troupe, a trade journal gleefully cried that they'd brought gospel music to the Communists.

But that wasn't at all the thrust of their mission to Moscow.

According to the New York Times coverage of their trip, they went light on what their leader, Duane Allen, calls "heavy Jesus" numbers. Yet they didn't avoid all gospel songs.

And the Russians applauded the musical praise of Christ as enthusiastically as they applauded the down-home, country chanteys.

"I don't think they knew what the gospel songs were about," Allen reflects, "but I don't think they knew what the country songs were about either."

"We're not changing," he's quick to add. "We're just expanding. Like Tennessee Ernie Ford, we want to sing a little of everything.

"The love that you find in the gospel music is what's kept us together."

The Oak Ridge Boys describe themselves as "a high-energy group" dedicated to providing "happy entertainment."

While country songs about cheating and hurting and boozing may be honestly inspired by our "distraught society," The Oak Ridge Boys still find inspiration aplenty for the positive songs they prefer.

"A lot of families in the country still get along fine," they note. "And, while there's child-abusing going on, there's even more child-loving."

All three of Alan Arkin's sons are busy with acting now. Adam is star of "Busting Loose;" Matthew guests on "Kojak," and the youngest, Tony, is taking acting lessons from his grandmother.

Meanwhile Alan's wife, Barbara Dana, co-starred with her husband in 20th Century Fox's "Fire Sale."

Ann-Margret and Roger Smith were in the audience as proud as could be when Jordan, Roger's older son, starred in a high school production of "Annie, Get Your Gun."

But, no, Jordan doesn't want to be an actor.

"He wants to be a lawyer," says Roger.

Labeling Seen As Confusing

Despite the government's attempt to make food labeling more exact and more informative, there still exists much confusion among consumers.

An example are the letters RDA. In 1974, after five years of intensive study by the Committee on Dietary Allowances, appointed by the Food and Nutrition Board of the National Research Council, National Academy of Science, the 8th edition of the RDA was published.

To understand the significance of the letters it must be remembered that they stand for Recommended Dietary Allowance

Point Of View

Jackson Steals British TV

HOLLYWOOD — Several years ago, David Frost and a fellow graduate of Cambridge, an author named Antony Jay, collaborated on "The English attitudes toward politics, money, love, food, women, sin, automobiles and why an Englishman, a mad dog still, goes out in the midday sun." Mostly, however, the book dwells on a subject of persistent interest to the English, and that is class.

They are historically very involved with class structure, the English, and the authors delight, for example, in telling about the Duke of Marlborough, who was a guest in someone else's country home. The duke, it seems, had left his valet behind at Blenheim Palace. His hostess was surprised to hear the duke complain one morning that his toothbrush "did not foam properly" and would she be a dear and get him a new one?

"He had to be told, gently," the authors relate, with some glee, "that without the aid of tooth paste or tooth powder, usually applied for him each morning by his valet, even a new toothbrush would not foam properly."

Once, the authors tell us, an anxious hostess went to the College of Arms seeking its counsel over the seating arrangements for her dinner party. She was given the following advice: "The Aga Khan is held to be a direct descendant of God — an English duke takes precedence."

in this regard — is the performance of Gordon Jackson, a superbly understated actor, as Hudson, who serves as butler to the Bellamy household at 165 Eaton Place. He's no stereotype, this Hudson, no Jeeves, no creation out of P.G. Wodehouse. For the first time, in Hudson, we have seen an old family retainer who seems altogether human — at times painfully so.

I am thinking now of one episode wherein this incomparable reserve and dignity, the core of his being, are torn by unrequited love. There are moments of extraordinary poignance. And they are played by Gordon Jackson with surpassing brilliance, a thorough knowledge of the human condition.

In "Upstairs, Downstairs," we are given an illuminating inquiry into the delicate relationships of servant and master, and the insights are astonishingly perceptive. But only in part is the series a study of caste. An outgrowth of an idea hatched by Jean Marsh, who plays Rose the parlor maid, the series did begin in shallower waters, as a wryly amusing statement on manners in pre-World War I England.

But the Great War altered the tone and texture of the story line and of the characters. The war — and now the postwar years — brought on a deeper, more intense probing, a richer expanse of shared experience. There are fewer piccolos and more woodwinds. And what we have in this last year for "Upstairs, Downstairs" is truly a championship season.

Meanwhile, it's said that a woman of the English nobility recently wrote the producers of the series to congratulate them on a most appropriate title. "I watch the show upstairs," she wrote, "and my butler watches it downstairs."

The class system that the English adhere to is, say Frost and Jay, a perfect consolation for failure, to wit: "The failures in the upper class have the consequences cushioned by the fact that they remain in the upper class even if they are destitute. Institutions like The Distressed Gentlefolks' Aid Association show by their very existence that even if you are flat broke you still belong to the upper class.

"The system is a perfect let-out for failures in the lower class, too. Instead of being forced to try harder, they can tell themselves that their lack of success is due to the system.

"Card games have always been popular in England, whereas chess has not, for the simple reason that if you lose you can always say you were dealt a lousy hand. In short, the system is a powerful buttress to that great English quality, the uncompetitive spirit."

And there, in a well-turned phrase or two, you have the essence of "Upstairs, Downstairs," which is, quite simply, a high watermark of television in terms of both artistry and popularity. Now into its sixth and final year, the series, in contrast to most ventures that endure on the tube, has ascended a new and loftier plateau. The sense of reality has grown even stronger. There is a more penetrating truth in the characterizations, the narrative flow is crisper, the story-telling more engaging.

My own favorite of the lot — and perhaps I am not alone in this regard — is the performance of Gordon Jackson, a superbly understated actor, as Hudson, who serves as butler to the Bellamy household at 165 Eaton Place. He's no stereotype, this Hudson, no Jeeves, no creation out of P.G. Wodehouse. For the first time, in Hudson, we have seen an old family retainer who seems altogether human — at times painfully so.

The World Of Music

American Sound Not Punk Rock

HOLLYWOOD — Dan Peek, Dewey Bunnell and Gerry Beckley graduated from high school in London, but they are as American as American pie.

And it's nice to have a top rock group around that's native to the land and calls itself America.

America, with its precise, sharp harmonies and slick vocal work, is the antithesis of the punk rock movement as exemplified by the Ramones. Dan, Dewey and Gerry are perfectionists when it comes to making music, and the fans are applauding by rocketing America up to the top of the popularity charts.

The sons of U.S. military personnel stationed abroad, the trio got together eight years ago to form America.

"We are three people contributing equally," says Gerry. "I think it's great that we have three writers that are compatible and enjoy each other's material. It all becomes the sound of America."

Gerry, who started playing piano at age 4, now is America's only surviving bachelor. Dewey, 26, lives north of San Francisco with his wife. Dan, who lives in Los Angeles with his wife, currently is building a studio in his home.

America's latest album for Warner's is a pretty mellow affair called Harbor. It has drive and power — but muted. The LP has in it the quiet beauty and softness of the Hawaiian islands, where America recorded it. As America's song says, it's "God of the Sun" country.

Also in the musical spotlight:

JOHN COLTRANE — The Other Village Vanguard Tapes (ABC) — The jazz resurgence has sent music firms digging into the archives for long-forgotten tapes made by some of the giants of the past. This two-record album is based on performances by saxophonist Coltrane and multi-reed man Eric Dolphy at the Village Vanguard in the early 1960s. Here, you have the super-heated flights of fancy by Coltrane with impeccable jazz support from Dolphy, McCoy Tyner and Elvin Jones. It's jazz at the highest level.

JOHN TRAVOLTA — Can't Let You Go (Midland) — John has had the ladies sighing for a long time on television, but his voice is just as handsome as his face. It's interesting to speculate whether Travolta, if he had so desired, could have made it first to the top as a recording star before switching to TV. This record indicates he could have. He has a fine voice and a winsome way with a ballad. A real pro.

FARGO COUNTRY — (Warner) — Donna Fargo is as pretty as she is talented, which is saying a good deal for her looks. A relative newcomer to the country music scene (since 1972), the Mt. Airy, N.C., girl was a high school teacher until she learned how to play guitar and started singing. Now she's one of the best — and already another record company, ABC, has issued a "best of Donna Frago" album.

RUFUS, FEATURING CHAKA KHAN — Ask Rufus (ABC) — The incredibly flexible voice of Chaka Khan wraps this one up with a burst of pure soul pleasure. This is smoky, undulating music about the magic of life at midnight. It's so heavy it's like a new element.

JOHNNY MATHIS — Mathis is ... (Columbia) — A lot of people have tried to define Mathis over the years, but that peculiar, nasal voice that seems to vanish on the high notes has withstood analysis. There's some of the jazz singer in Mathis, but probably, basically, he's a very good crooner in the romantic "Poinciana" style. Which is the setting for this LP: lush, vibrant strings backing "Lullaby of Love"

How To Avoid IRA Tax

Q. What happens to my Investment Retirement Account (IRA) if I die? Will my wife have to pay taxes on the money?

A. If your beneficiary takes out all the money from your IRA in one lump sum, it will be subject to income taxes. If you will check with your tax adviser, however, you will find that if the money is distributed in periodic payments of at least 36 months from the date of your demise, your wife can avoid paying estate taxes on your IRA.

Q. I didn't earn as much money as I expected this past year, and I put too much money into my IRA. Will I be penalized?

A. If you mean for 1976, the IRS is reportedly readying a release which will allow you to withdraw your excess contribution without a penalty before you file your tax return. With the new tax laws being implemented, this will certainly hold true if excessive contributions are made in 1977. These provisions should be of particular interest to individuals such as you, who are not on a fixed salary, and won't know your actual yearly earnings until sometime after the new year begins.

Q. Are a lot of people eligible for an IRA?

A. According to the American Bankers Association, there are approximately 43 million people in the United States who are eligible to open IRA accounts.

Q. Do I have any choice in the type of IRA I can select as my retirement plan?

A. Yes, of course. You may establish an IRA through most banks, savings and loan associations or credit unions. You may have your money invested in stocks, either government or corporate bonds, an annuity, endowment insurance policies or a mutual fund.

Whatever avenue of investment you choose as your investment vehicle, make certain you look at all the types of investments available to you and that you are comfortable with the type of investment you finally select.

300 Rotarians Attend Meeting

DR. AND MRS. Leslie Wright were presented a beautiful silver coffee service at the Saturday evening banquet of Rotary District 695 at Sebring.

Dr. Wright, a personal representative of Rotary President Robert Manchester, spoke at the afternoon and evening session.

ROTARY ELECT PRESIDENT of the Avon Park Rotary Club for the 1977-78 year, Art Turner and Rotary Ann Marva were deeply interested in Past District Governor Mark Hollis' presentation of "The Increditable Bread Machine" at the District 695 conference in Sebring last Saturday. (Sunphoto by Lew Miller).

With over 300 Rotarians registered for the Rotary District 695 spring conference, Rotary Clubs from Sebring, Avon Park, Lake Placid, Wauchula and Arcadia served as hosts for the three day event at Harder Hall in Sebring last week.

Registration for the conference started Thursday morning, with Thursday afternoon held open for a golf tournament for both men and women. The evening dinner was in honor of the Paul Harris fellows.

The first plenary session Friday morning included a review of legislation to come before the Rotary International Convention in San Francisco in June. The ladies had their own party with a hand writing expert.

For the afternoon session the ladies had their choice of bridge, golf, tennis or an art tour. The Rotarians in their second plenary session engaged in discussions of "Matching Club Program," "the Rotary International Conf. Convention in San Francisco, the "Four way test program" and a presentation of the "Beverly Hillbillies" by the Haines City Interact Club.

A Chuck Wagon barbecue at the Agricultural Center in the evening was followed by square dancing to James Rodgers Blue Grass Band with George Hensley , Sebring, acting as master of ceremonies.

At the Saturday morning plenary session the topics of discussion were the Rotary Foundation and Group Study Exchange Program. The ladies had the opportunity to see a style show put on by the J. C. Penney store and an old hat show put on by Alice Morris, Margaret Collins and Nell Roberts of the Avon Park Inner Wheel Club with Anne Belle Wordon narrating the show.

At the noon luncheon meeting Zenon C. R. Hansen, former president and chairman of the board of Mack Truck Co. spoke of being "Tired" of Americans relinquishing all of their rights to the government by failure to use these rights. Hansen had spent 10 years in Germany before Hitler gained control and four months in Cuba before Castro took over the country. Hansen reported that the people literally gave their countries to the dictators.

During the fourth plenary session, Saturday afternoon, Mark C. Hollis, past district governor, told of "The Increditable Bread Machine" a free swinging unapollogetic film that tries to conteract the idea held by many graduates that big government will take care of all of their needs. Hollis asked the Rotarians, "How much freedom do you want?" "What is the role of big government?" and "Can big government solve social and economic problems better than individuals?"

The film was designed to get ones gears moving, Hollis told the listeners, sometimes it does it in a negative way and sometimes in a nasty way.

The film in places showed how big government actually hurt the people who it supposedly was trying to help. In the discussion that followed, Hollis told the group, we have to get up and do something about what big government is doing to us. One way to do this was by teaching students practical economics which would involve such things as doing the family grocery shopping and the reasons for making purchases.

In a report on Rotary International Dr. Leslie S. Wright, personal representative of President Robert Manchester, told of 803,000.

Rotarians in 150 countries with 17,179 clubs. He spoke of the interest in young people and urged each club's youth service program chairman to support all worthy youth programs, along with information on the international youth exchange program.

In concluding his report Dr. Wright quoted Paul Harris as saying, "The greatest use of life is to spend it on something that will outlast it."

In his evening address, Dr. Wright, president of Samford University, Birmingham, Ala. standing beneath the district slogan "New Horizons-Helping People Helping People Help Themselves," told the Rotarians that President Bob Manchester urged the recommittment of individuals and reddedication from each Rotarian to the four avenues of service. Each was urged to stand up for his convictions as there was always the opportunity to help others less fortunate.

A man's beliefs determine his character and his beliefs equipp him for acceptable service, Dr. Wright told the listeners. If a man really believes, he is faced with opportunities and responsibilities to be of service. Dr. Wright continued, he who profits most, serves best and only businesses that make a profit serve the community, the others are too busy trying to survive.

Are we doing enough in the way of service, Dr. Wright asked the group Who needs Rotary? To this Dr. Wright stated, "Ask the people who have benefitted." He closed with words from Emerson, "What a man has is a gift of God, What he does is his gift to God."

The conference ended Sunday morning with a meditation breakfeast, conducted by Rev. Bob Askren of Sebring.

Charged With Possession Of Stolen Property

Avon Park police arrested two men over the weekend, charging them with possession of stolen property.

According to Lt. Donnie Singletary, the pair, Billy B. Smith, 43, of Highpoint, South Carolina and David S. Heath Jr., 22, of Maryland, New York, were taken into custody while they were hitchiking on U.S. 27. Singletary said the men were arrested on charges of disorderly intoxication. A subsequent search revealed approximately $180 in Travelers Checks, reportedly stolen from a Rhode Island woman several weeks ago in Haines City.

Both men are being held in lieu of $1,000 bonds each in the Highlands County Jail.

Stolen Grove Vehicle Recovered

A grove vehicle was reported stolen from an Avon Park orange grove early Saturday morning, but was recovered by sheriff's deputies by late afternoon.

At approximately 8 a.m., Robert Crews, of Elton C. Crews Inc., reported to the Highlands County Sheriff's Department that a high-lift grove "goat" was missing from a grove near the Pinecrest Golf Course.

At the scene, deputies found bits of broken glass, apparently from the machine's front windshield and rear-view mirror.

A preliminary search of the area failed to find the machine, but at 4:30 p.m., deputies reported the goat had been located not far from the area from which it had been stolen.

The thieves had attempted to conceal the machine with shrubbery. Investigations are continuing.

First Try At Wheel Ends In Accident

An Avon Park woman who had never operated a motor vehicle before tried her hand at it April 15, with some disastrous results, causing $500 in damages.

The Florida Highway Patrol said Hilda DeAbreu, lost control while attempting to back up a car on private property, careening backwards 96 feet, and running over a hedge before colliding with a parked car owned by Linda Bates, also of Avon Park.

Trooper C. J. Hart charged DeAbreu with no valid drivers' license.

Historical Society To Hear Of Cow Calvary

During the Civil War when food was at a premium, the Florida Cow Cavalry swept through the southern part of the state gathering up cattle for the armies. The old Footman's Trail, just west of Highlands Hammock, is one of the paths taken by the company of Major William Footman in its quest for cattle.

The life and times of the cow cavalry will be the subject of an address by Dr. Frank G. Slaughter, when he speaks at the annual banquet of the Peace River Historical Society. Dr. Slaughter will also be presented with the 13th annual Florida History Award, won last year by Highlands County's Park DeVane.

Dr. Slaughter is not only a practicing physician in Jacksonville, but the prolific writer of medical and historical novels. He wiol be remembered for "Fort Everglades," "Battle Surgeon," In a Dark Garden," "The Golden Isle," "The Divine Mistress," "Storm Haven," "The Land and the Promise," "A Savage Place," and about 30 others.

DeVane, who is president of the Peace River Historical Society, feels that Dr. Slaughter's talk will be of interest to Highlands cattlemen, many of whose forefathers took part in the cow roundups of the Civil War.

The banquet will be held tomorrow night, Friday, at 8 in the Bartow Civic Center. Tickets are $8.50.

Gas Leak

flame was not present. At the pipe and ground level there was too much gas and a hundred or more feet in the air the gas and air mixture may have been right but there was no flame to ignite the mixture.

While waiting for the St. Pete repair crew, Fire Chief Gene Brenner of the Highlands Lakes Volunteer Fire and Rescue Association wet down the grass and brush in the area. Units from the Avon Park Police Department and the Highlands County Sheriff's Department re-routed traffic on the southbound lane of U. S. 27.

When the St. Pete repair crew arrived, a line valve between Pine Acres and Walker Memorial Hospital was closed. Repairmen Otto Burnett and Walter Hillard placed a 4 by 12 inch dresser gas tight clamp of stainless stell with a neoprene gasket over the pipeline hole.

In approximately 15 minutes time the gas valve was opened and testing of the temporary repair with an octagon soap mix revealed that it did not leak with the ordinary line pressure of 90 lbs. per square inch. The rolled seamless welded pipe factory wrapped with hot coaltar enamel will hold pressures up to 1500 lbs. per square inch. The temporary repair will hold pressures to 250 lbs. per square inch.

In the meantime, gas pressures on the Avon Park side at the regulator station had dropped from about 20 lbs. to 17 lbs. per square inch and could have dropped down to five lbs. or less without affecting customer usage. All large users of gas had been notified of a possible shutdown because of the break. However, only one gas user was cutoff, that being Pine Acres.

As the St. Pete repair crew and truck pulled away Armen expressed his relief with, "We've been down three hours without having to cut-off the system." When permanent repairs are made within the next thirty days all large users will be notified.

personal opinion and not that of the school."

The problem, as Batty states it, was with a unilaterial decision made by the principal of his school requiring the teachers to get prior approval from the principal for all information regarding school programs, etc. before releasing it to the public.

"I'm not tryino to glorify myself," Batty explained, "all I want to see are democratic principals in operation in this school system!"

Batty has taught at the middle school for seven years. He is a 17 year veteran to the teaching profession. "I felt that I had to demand my rights as a citizen," he concluded, "to speak out on any issue as is my right."

The controversy apparently stemmed from administrative questioning over several items which appeared in the Avon Park Sun in 1976.

"We have never said anything to Batty," said Kirkpatrick, "about his articles, however, I did indicate that I thought those stories should be cleared by my office to make sure there were no inadvertent errors."

Kirkpatrick added, that while he had agreed to review the policy in question, he had not agreed to make any changes in it. "I will review the matter at the end of the year," he said, "and if it needs changing, I will do so."

offered for rent at $150 per month.

In other council action this week, Clyde C. Fry of Avon Park was awarded the contract to paint the library, after the painter turned in the winning bid of $288 to do the job.

Mini parks on Castle and First Streets will receive additional lighting, after the council voted to refurbish the facilities.

The lights will be hooked to a timer and the council assured area residents that the city's 11 p.m. Curfew would be strictly enforced.

Council members agreed to make the city's $30,000 sewer cleaning machine available to surrounding cities on a rental basis. Council Larry Albritton suggested the idea, saying that it was a shame to let the equipment set idle so much of the time.

He said such a proposal may be made as an ammendment to the bill when it reaches the House floor.

One thing for certain, this type of legislation may become popular all over the state. How about Avon Park being designated the "Bass Fishing and Custom Pick-Up Truck Showplace of Florida"?

Brooks Attends Principal Convention

Principals who are interested in teacher evaluation should try to keep it out of collective bargaining agreements, warned education consultant George Redfern at the annual convention of the National Association of Elementary School Principals which was held in Las Vegas, Nevada last week.

Avon Park Elementary School principal Norris T. Brooks was among the 8,000 members who attended the event.

Redfern said if teacher evaluation agreement are already part of existing contracts, principals should try to get it out by trading for something else teachers want.

"When it is part of a collective bargaining agreement," Redfern said, "teacher evaluation has restraints put on it that keep it from being shaped to fit the needs of either teachers or schools." And, he predicted that teacher evaluation would become more of an issue in bargaining negotiations in the future, because, "as money gets tighter, bargaining representatives have to look for something to bargain about."

Redfern outlined six other problem areas in doing teacher evaluations that he said principals should watch out for: Using lack of time as an excuse for not doing them; keeping a prespective similar to the teacher you're evaluating; "true" communication so that a meaningful dialogue can be established; realizing apprehensions and coping with them; keeping teacher motivation high; and realistically evaluating those teachers you think are not quite as good as the rest.

"There is no evaluation procedure without its faults," Redfern said, "but although many of the common assumptions about evaluation are basically negative, it can be turned into a positive process.

At the first general session of the principal's meeting, Zacharie J. Clements, associate professor of education at the University of Vermont, told participants that the current emphasis on back-to-basics amounts to "cut, cut, cut...eliminate and reduce." "This is not the way to go about improving any educational program," he said.

"We need to move forward to basics, highlighting the theme of convention and good teaching, hope and love are some of the basics we need to move forward to."

The 8,000 convention participants-the largest number to attend an elementary principals' convention in several years-took part in workshops, labs and seminars on over 100 different subjects, including developing educational policy, mainstreaming students with special problems, meeting student as well as program needs and getting along better with various publics throughout the school community.

The NAESP delegate assembly discussed collective bargaining, the handicapped and minimum student achievement standards, among other topics. Proposed resoultions show elementary principals favoring state control over teacher bargaining and contract negotiation laws and a statement urging principals to participate in setting local school policies and programs to measure student achiement because "attempts to develop statewide standards are arbitrary and unfair to children."

Chamber Banquet Set For May 19

The Avon Park Chamber of Commerce's annual banquet will be held Thursday evening, May 19 at Camp Wingman, just north of Avon Park off U.S. 27.

Chamber President James Carvey appointed the following committee to head up the annual event: Betty Jordan, chairman; Mildred Head, entertainment; Clarice Ford, Favors; Nell Roberts, decorations; Marva Turner, Punch and Mary Lee King, tickets.

Carvey also announced the formation of a special government affairs committee composed of Les Burch and Anthony Accorsi. The committee was formed to provide taxpayers with a voice in state, local and national government.

Hearing Set For Lee

A preliminary hearing was scheduled to be held April 27 in the murder of an Avon Park man. James Lawrence, 57, was fatally stabbed in the yard at 912 S. Delaney Ave., Avon Park on March 26.

Four hours later Ruby Lee Love, 50, was arrested and charged with first degree murder. She has been held in Highlands County jail while investigation of the case has gone forward.

Last week Assistant State Attorney Bill Fletcher indicated he still had not reached a decision about whether a grand jury should be called to hear the case and consider an indictment of Mrs. Love.

Late last week the preliminry hearing, sought by defense counsel, was announced. Mrs. Love is being represented by Assistant Public Defender Nick Schommer.

Transactional Analysis

South Florida Junior College, as part of the Community Instructional Services Program, will offer an introduction to transactional analysis class on campus beginning May 3, and ending May 31. The class will meet each Tuesday night from 7 — 10. Jim Robertson, a certified T. A. instructor, will be the teacher.

Persons may register for the class in the Community Instructional Services office at SFJC or at the first class meeting if there are still vacancies. Further information may be obtained at the college or by calling Mrs. Harden at 453-6661, extension 115, in Avon Park.

Drunk Charge Turns Up Parole Violator

A disorderly intoxication charge was only the beginning of troubles for John Lynch, a Hendry County resident, Saturday night.

Lynch, 35, was arrested by sheriff's deputies after it was reported that he had been seen walking down SR 17, just outside of the Avon Park city limits.

When stopped by the law officers, Lynch was reportedly staggering down the highway.

Asked where he was going, Lynch told deputies that he lived "right down the road," but was having a tough time finding his house. He then told deputies that he was still in Hendry County.

He was arrested for disorderly intoxication and taken to the jail. A computer check revealed that Lynch was wanted in Broward County for violation of probation.

He was detained, without bond, until officers from Broward could arrive to take Lynch back.

Senate Authorizes Use Of Laetrile In State

A court ordered public hearing on the legal and scientific status of Laetrile, an alleged anti-cancer drug, was held in Kansas City on Monday and Tuesday this week. The hearing was to be conducted by the Food and Drug Administration.

The FDA has more than 5,000 pieces of written testimony and rebuttal on file. At least 20 persons, for and aginst the drug, had filed notice that they intended to present oral arguments.

An Avon Park resident, John E. Lamb, has advocated the drug as a treatment for cancer. Lamb, who sufferes from the disease himself, is part of a class action suit, filed in Oklahoma, that allows him to obtain the drug. The U.S. District Court in Kansas City ordered the FDA on Jan. 4 to show proof that Laetrile is a new drug which would fall under the FDA's jurisdiction. An Avon Park physician, Dr. C.A. Nicholas, has appeared before legislative committiees in Florida to testify about the drug.

Laetrile, also known as amygdalin and vitamin B17, occurs naturally in the pits of appricots, peaches and bitter - almonds. It has been promoted as a cancer "cure" or treatment for about 25 years. The FDA claims that promoters of the substance insist that the drug also can prevent cancer.

There are efforts underway in a number of states to have Laetrile legalized by state legislatures. Alaska recently legalized the use of the substance. And the Indiana legislature voted over the weekend to override Gov. Otis R. Bowen's veto of a bill that would legalize the use of Laetrile.

In Florida, a law that would allow doctors to administer the drug was passed by the House of Representatives - last week with a 109 to 8 vote. The bill is now before the Senate.

The FDA claimed, "Neither the U.S. Food and Drug Administration, the Canadian Food and Drug Directorate, - the National Cancer Institute, the American Cancer Society, nor any other reputable organization has found any evidence to substantiate the use of Laetrile in the treatment or prevention of cancer."

However, several independent researchers have made claims that the drug does produce results. One of the most vocal supporters of Laetrile, The Committee For Freedom Of Choice, - claims that the FDA is suppressing the substance, even in light of scientific evidence. Committee spokesmen in this - area say all they want is a chance to test the drug under controlled conditions. Something they say the FDA has not allowed.

Florida became the third state to permit the use of the drug, when the Senate approved the Laetrile bill Monday by a vote of 36 to 3.

Gov. Reubin Askew has already indicated that he would sign the law into effect.

The Senate vote came after just 15 minutes of debate. The bill prohibits hospitals or other health facilities from - restricting or forbidding the use of Laetrile when it is prescribed or administered by a licensed medical or - osteopathic physician.

The measure exempts any physician from diciplinary action by the State Board of Medical Examiners and Osteopathic Medical Examiners for prescribing the drug. It also stipulates patients must be informed of all alternative methods of treatment for cancer and their potential cure and then in requesting Laetrile, sign a written statement releasing the physician, hospital or health facility from any liability.

Indiana is the other state that has authorized the use of Laetrile.

It's Foot Stompin' Music

Good 'Ole Bluegrass Draws Crowd

With over 500 people present at one time during last Friday's night's square dancing and music event in the Avon Square Shopping Center in front of the J. C. Penney store, Earl Jackson, store manager declared the musical evening a success as several thousand people stopped to watch the square dancing and listen to the Blue Grass music of the Sunny Blue Grass Band of Fort Meade.

The square dance group going through sometimes intricate steps and sometimes easier routines, were the Ridge Rollaways from Sebring. They meet every Wednesday evening at the Sebring Civic Center.

The square dance caller for the evening was Lefty Tidd from Jackson, Mo., who came to this area in December of 1976. Lefty has been calling square dances for 25 years and is a member of the International Callers Association. Lefty said square dancing was one thing that a man and wife could do together, which is not the case in many sports.

The members of the Sunny Blue Grass Band who played during the evening were: Bill Kincaid, bass; Dan Ripple, rythm guitar; Claude Roberts, state champion with his fiddle in 1974; James Peirce, rythmn guitar and James Rodgers who has won four state awards with his banjo.

Not only was the musical evening a success from the number of people who listened to the music and watched the square dancing, but Jackson felt that the evening was a success from the standpoint of the number of people who came into the Penney store for shopping purposes during the 7 p.m. to 11: 30 p.m. store hours.

Graduation Is Held For 47 SFJC Students

Several hundred family, members relatives and friends gathered at the South Florida Junior College amphitheatre for the annual spring Commencement Exercises and the confering of degrees on a graduating class of 47 from the two year junior college, last Tuesday evening.

Graduating students, faculty and Board of Trustee members entered the amphitheatre to Beethoven's March-Op. 45. No. 1 with Terri Corban and Janann Wells as pianists. The Invocation was given by Dr. Perry B. James an adjunct faculty member. The Prayer of St. Francis of Assissi by Dungan was sang by soloist, Terri Corban.

Dr. William A. Stallard in his introduction of the Commencement speakers paid honor to Wendell Williams, a member of the Board of Trustees, who received his Associate in Arts Degree at the end of the Fall Term. Scott Gibson, math instructor since the junior College opened its doors (With exception of one year spent at Cape Canaveral) was honored on his retiring.

Julia Odell Lee of Wauchula, who was to receive her AA Degree, was cited for her perserverance in attending all night classes on the campus since 1968 and never having had a daytime campus class. The Florida State Presidents Scholarship was awarded to Mark Lovell who graduated from a Miami high school in 1975 and started his junior college studies at Miami Dade and transferred to SFJC.

Outstanding Student Scholarships presented by Blue Key were awarded to Janann Wells, Wauchula and Bill Senkarik of Sebring. Col. William Bentley of the United States Army awarded an appointment to West Point Military Academy to Michael Banks for a full four year scholarship for the West Point Class of 1981.

School Posts

Positions Are Vacant

School Superintendent Dr. Dan Davis has not yet named his choices for three school principal positions, but has assured at least one of the current office holders that he is still in contention for his old job.

At a special school board meeting, called to hear presentations from architects who wish to participate in the school building program, the board approved Davis' recommendations for county staff and principals, with the exception of the three vacant slots.

The positions still under considerations are principal and assistant principal at the Lake Placid Middle School, and assistant principal at the Avon Park High School.

Wednesday night, Max Dannels, currently assistant principal at Lake Placid Middle School, asked the board when a recommendation would be made.

"My position is still blank, and naturally, I'm concerned," said Dannels, "I don't know whether no news is good news or what. I would like to know when the position will be filled."

Dr. Davis told Dannels and the board that the recommendations on all three positions would be made at the regular May 10 meeting. "You are still being considered," said Davis.

Lee Maness is presently serving as Lake Placid Middle School principal, and James Robertson is currently assistant principal at Avon Park High.

The only other discussion over the staffing was raised by Betty Phillips, who was nominated for the assistant principal slot at the Lake Placid High School, contingent upon her finishing her administrative certification by Sept. 1, 1977.

She pointed out that William Bozeman, assistant principal at the Avon Park Middle School, was being given until June, 1978 to finish his administrative certification requirements.

Phillips said she was having problems getting the courses she needed to complete her certification, and "I don't see why I shouldn't be given the same time as Mr. Bozeman."

Dr. Davis said the time limits were basedon individual conferences with each person, "where we outlined the program, and how long it would take to complete it. My recommendations stand."

Charges Of Inactivity Leveled At County Commission By Residents

Various aquatic problems brought several residents to the Highlands County Commission Tuesday to complain of inaction on the part of state and federal agencies.

Ralph Golden, owner of a mobile home park and fishing camp on Lake Istokpoga, told the commission that the South Florida Water Management District (formerly known as the Central and South Florida Flood Control District) was allowing the lake level to drop too far down.

"I was under the impression that the public hearing for the Istokpoga level set the minimum at 37.8 feet before they cut off the outflow," said Golden. "Well, right now, the level is at 37.4, and the flood gates are still wide open."

Audrey Vickers, another Lake Istokpoga resident, said that the minimum level was set at 37 feet, and that "This happens every year at this time, and there's not much you can do about it."

Golden said he had complained to the District, but was treated rudely. "They told me I was just another small fish in a very big pond, and that they didn't want to hear my problems."

Golden said that "10 per cent of the landowners on Lake Istokpoga, the homeowners, are paying 90 per cent of the taxes from that area. We are paying for lakefront property, but it isn't lakefront any more."

Larry Davis, Spring Lake administrative assistant,, said he had argued with the District over various issues, "and I don't think there is anybody who can get them to do anything they don't want to."

Commission Chairman Norman "Jug" Heston told Golden, "All we can do in this case is offer you our sympathy. When it comes to dealing with those people, we are as powerless as you are."

Daniel Boone approached the board, saying he represented the Placid Lakes canal-front lot owners, who wished to register a complaint against the Corps of Engineers.

Boone claimed that when the engineers sprayed the Placid Lakes canals, they ignored several which were overgrown with aquatic grass, saying they were only equipped to fight hyacinths, a broad-leaf plant.

Boone said it would take a different chemical to kill the grass on the canals, "which are so overgrown, they don't even look like canals," and that the Corps would not change chemicals.

Boone asked the county to maintain the canals, using the county airboat and chemicals to kill the grass.

Larry Davis, who stated he was speaking as a private taxpayer, said that Spring Lake spends over $100,000 annually to maintain its canals, and wondered, "Why should the county be paying to clean anybody's canals?"

Boone said that most of the people in Placid Lakes "are retired, pay a great deal of taxes for having canal propertv, and all they want is a clean canal."

"Buddy" Wise said that while he did not know why the county did maintain

Bikers Earn $1200 For Ridge Area Assoc

Approximately 80 bikers earned $1,200 for the retarded when they pedaled their way over a 20-mile course Saturday.

The annual Hike Bike is sponsored here by Ridge Area Association for Retarded Citizens. Stephen Jones was chairman for the 1977 Hike Bike project.

Prior to Saturday's ride, the committee had sponsored a poster contest in the public schools.

Between now and May 20 the Hike Bike participants will be calling on their sponsors to collect on hike pledges. Jones urged the sponsors to insist that hikers present their certified pledge forms, explaining that these forms will show whether the hiker completed the whole route, and for those who covered less than 20 miles, the number of miles ridden will be shown.

After all pledges are collected and turned in, Ridge Area Association will present 10-speed bikes to the two top fund-raisers. The bicycles are being provided from funds contributed by the banks of the county, Jones said.

HIKE-BIKE RIDERS lined up at the Tropicana parking lot at Bill's Corner waiting for the signal to start their round-trip to Sebring in the annual event, for the benefit of the Ridge Association for the Retarded Citizens. (Sunphoto by Lew Miller).

Editor's Viewpoint

by Russ Dennis

Congressman Skip Bafalis, who represents Florida's 10th District, has made a good point. In a press handout received at the Sun office this week, Bafalis is warning countries to be careful when making loans of any type to communist nations.

Bafalis said a number of U.S. and Western European military and banking officials are growing concerned over the debts being piled up by Eastern European Communist countries.

Can't say as I blame them.

It is beyond me to understand how any government or financial institution could be willing to make any type of a loan to the USSR or its sattelites in view of their past record.

It is obvious that communist controlled lands do not particularly concern themselves over paying back these loans. While other nations would be embararrassed, communist block nations just don't care about world opinion.

More importantly, these nations can use these vast debts (which now total over $39 billion) as a lever to influence an entire nation.

The question that comes to mind is "Why bother to make any type of loan to a communist country?" While I don't intend to preach the "Red Menece" doctrine, I do point out that the communists still have only one goal in mind and that is world domination. Their progress towards this goal in the past 50 years has been frightening. Yet this country and our allies blithly continue to shell out desperately needed dollars (or products and tecnology) to communist controlled countries and get nothing in return. To me, this seems like little more than paying tribute to the wolf to keep it from our door. History has proved that never has worked.

I can find no justification in loaning Poland $2 million when many people in this country cannot afford to purchase a house or continue to make ends meet due to inflation.

While I realize that the entire $39 billion would not do a great deal towards solving these problems in our land, every little bit helps.

Unless there is some advantage for us to continue making these types of loans, they should be stopped. And what, pray tell, reasons can be given. Detente? Forgive my laughter.

The Soviet Union and its minions don't really have to fight a devistating war with the U.S. All they have to do is borrow us to death. Each day, we are bled a little more. It appears that this country is doomed to die the "Death Of 1,000 Cuts"...never realizing until too late that a thousand small nicks add up to a fatal wound.

I agree with Bafalis...why should we strain our economy to give money to a bloc of nations dedicated to our demise !

Why Fight An Outside View?

The proposed administrative study and review for the Highlands County School District has become an emotional issue among both school officials and some local residents. It shouldn't be.

The very fact that a majority of the school board members feel that such a survey, conducted by an outside organization, is needed, should settle the matter.

We, along with many taxpayers, are very aware that money is tight and that all funds should be spent wisely, however, a periodic check on every administration system is healthy.

To assume, as some appear to, that such a study conducted here, will automatically lead to the elimination of administrative positions and an immediate cash saving, is folly. The purpose of such a review is to determine if our school district is operating as efficiently as possible. There is nothing wrong with that.

Granted, the state has offered to conduct a similar type study free of charge (if there is such a thing) for Highlands County, but that reminds us of the old tale about the farmer asking the fox to watch the chicken coop. Especially since the state has previously approved the very administration it is supposed to study.

A critical appraisal of our situation must be made and, it has been our experience that the state bureaucracy tends to promulgate additional bureaucracy, always at the public's expense.

Perhaps positions can be eliminated, or at the least, shifted around, to make for a better run school system. If there are no monetary gains realized by reduced administrative positions, than perhaps this study will reveal ways to make existing positions more productive, thus insuring the taxpayers of some savings through restructured administration.

We will not jump on any bandwagon that carries unresearched administrative reductions as its theme, but we do advocate a thorough and searching look at the way the school district is run, if only for the sake of possible tax dollar savings.

We support and commend the members of the Highlands County School Board who recommended this independent study. Such action shows a true concern for students and taxpayers alike. That is a refreshing change from the normal run of things.

Bureaucracy Boost

President Carter's endorsement of an independent agency to lobby for consumers among other federal bodies fulfills a campaign pledge to consumer advocate Ralph Nader.

But the proposed new layer of bureaucracy is inconsistent with Mr. Carter's goal of reducing Washington red tape.

And no persuasive argument has yet been advanced to convince skeptics that another regulatory agency is necessary to "improve the way rules, regulations and decisions are made and carried out."

The concept of creating another "watchdog" to keep an eye on the already imposing list of watchdog agencies was spurred by the belief of some that the regulators were too friendly with the regulated. Creation of a federal unit with the implied power to sue other federal units, however, promises nothing more than increased confusion.

The plan is unnecessary and costly far beyond the $15 million price tag that it carries.

The Agency for Consumer Advocacy has been introduced in Congress periodically for the past decade. The last bill died in conference in 1975 in the face of a veto threat by former President Ford.

Current House and Senate legislation deserves no better fate.

Interviewpoint

The possibility of Highlands County purchasing Horse Hammock, just outside of Avon Park, drew mixed reactions from local residents this week.

This weeks' question: Would you approve if the Highlands County Commission purchased Horse Hammock?

T.G. Harrison, 906 Hill Street. "It would cost the county a lot of money. It would be nice to have, but it is serving its purpose as it is and the county should just leave the property alone."

Glena Tomblin, 129 North Butler Street. "No. People go there now and have a good time, but if the county purchased the property, they would probably charge admission and then no one would bother to go. I like it like it is."

Helen Eppolito, 1 East Orange Street. "Yes, the county should buy it. I think it would be an improvement for our area. If the county maintained it, then there - would be improvements made and this would make the area better for everyone."

Paul Taft, Garrett Road. "No, I don't see any reason for the county to buy Horse-Hammock. It would cost too much money. We already have Highlands Hammock for this type of thing and I think that Horse Hammock would be a waste of funds."

Letters To The Editor

Fine Library

Editor
Avon Park Sun
Avon Park, Fla. 33825

Dear Editor:

I wish to state publicly what a fine library this city has and what a talented and hardworking librarian Mrs. Carolyn Moore is.

Now that the new room has been completed, the children will have finer facilities and more activities and the main reading room will be more spacious.

I have used the library continuously to great avantage and I believe it is one of the finest small libraries I have ever seen. My thanks and congratulations to the city administration, the Library Board, and to Mrs. Moore and her aides, Mrs. Fischer and Mrs. Hise.

Sincerely,
Harry Panish

Uniform Code

Letters Editor:

Court judgments going international - with political union next! A major step toward making laws uniform, between both England and this Country, is now set for ratification as a model treaty. Entittled "Reciprocal Recognition and Enforcement of Judgements in Civil Matters," the treaty has been quietly initialled by delegations of both countries. And what's more, the text is substantially in conformity with the existing European Economic Community (Common Market) Judgments Treaty.

Financial judgments rendered in British Courts are to be enforced over here! It doesn't take a mental giant to see that enforcement would necessitate "adjustment" and "uniformity" of law — our laws — rewritten!

The foremost lobbyist for this treaty has been the multi-national corporations — the Rockefellers, etc., who see a good thing for themselves — but which hardly constitutes a favorable endorsement! This is not crying wolf on the loss of sovereignty. Get a descriptive pamphlet on Judgments from the Center for Federal Policy Review. 1509 - 16th St., N. W., Washington, D. C. 20036, at 26 cents each.

Your Senator, Lawton Chiles, a member of the Senate Foreign Relations Committee, will soon be voting on Committee aceptance, or rejection, of this proposal. He needs your advice and consent BEFORE we embark on this requiem of the sovereignty of this nation.

Sincerely,
Nelson A. Pryor

People Reached

Dear Editor: :

On behalf of the Highlands County Chapter — March of Dimes, it is indeed my pleasure to have this opportunity to thank you Mr. Dennis, for the great publicity you have given us throughout our entire campaign.

The newspaper is the one sure way to reach the people who so generously support the March of Dimes, to tell them about us and what we are doing.

Things My Way

BY ALICE SMITH

Ah, sweet, sweet Spring! The lovely season when a young man's fancy lightly turns.

Now there's an example of a widely accepted truism which has a hidden fallacy. True a young man's fancy lightly turns in spring but it also turns in summer, winter, fall and in-be-tween.

For a reliable sign of the season, study the clipped-wing, dun-colored housewife bird. These creatures do different things. Some rake lawns and collect old beer cans from under the hedges. Some wash windows and polish floors to the point of exhaustion. Others fly into closets and toss out a variety of strange items. Whatever form it takes, this is springtime behavior.

What I do — I clear out my desk. Now I am confronted by a large and untidy stack of clippings. Before they reach the waste basket, share with me some of the more delectable items.

1-A prominent New York doctor wants to tax people who smoke and drink. Money from that tax would be applied to paying medical costs of ill health.

2-In Washington, the American Horse Council is pressing Congress to authorize and fund a nation-wide census of horses which could costs as much as $10 million. The Council says this is vital information.

3-Should you journey to Quebec, Canada, this summer, and desire a hamburger, ask for a "hambourgeois". If it's a hot dog you crave, the word is "chienchaud" and "fromabourgeois" will get you a cheeseburger. This is official edict.

4-The National Parent-Teachers Association is pressuring television networks to reduce the number of violent programs. Only way to the network hearts is through the sponsors. Stop buying the products and you'll get "Rebecca of Sunnybrook Farm" next season.

5-The Ku Klux Klan is demanding equal time on television to present the other side to "Roots". This seems reasonable provided the Klan can come up with a literary talent comparable to Alex Haley, who is willing to spend ten years in research and writing, without pay, of course; on speculation, it's called.

6-The Supreme Court decided paddling students was not cruel and unusual punishment, therefore not unconstitutional. One writer commented that, since we try to teach the young that hitting and violence are not proper solutions, there should be a better way. Right on. A spank on the behind of a first grader may do a world of good, but why bother with a fourteen year old, toting a weapon, who disrupts the class? As Lady Macbeth said, "Out, damned spot!" For all time.

The desk is clear, the waste basket is full. Can summer be far behind?

Firm Claims Rip-Off

The United Growers and Shippers Association of Orlando has claimed that the state inspection and allied services department has not furnished accurate information for Florida citrus growers.

Wilson McGee, general manager of the company, said, "The producer appears to be getting damn little for his tax and assessment money."

The Orlando based operation claimed that the cost for citrus inspection and related research services reached almost $11 million last season.

Home Prices Up Again

The price of an existing single-family home in the western region of the United States increased at more than twice the rate of homes on a national basis last year, according to figures released by the National Association of Realtors.

The median sales price of a single-family home in that area reached $46,000, a 16.4 per cent increase over 1975.

On a national basis, last years' price advance for single-family homes was the lowest since 1973. The least expensive home market last year was in the north-central portion of the country. The median price in the south was $36,500 last year. In the north, the same house sold for $41,800.

Charged With Disorderly Conduct

A Georgia resident, Robert Lee Walthour, 23, was arrested on disorderly conduct charges Saturday night after sheriff's deputies were called to an Avon Park bar to quell a disturbance. Walthour allegedly attempted to pick a fight several times with other bar patrons, although he had been warned to desist by deputies.

Health And Social Services Directory

Climaxing literally years of effort, Highlands County Interagency Council has a directory of health and social resources available in the Highlands County area.

Copies of the 59-page book were distributed at the April meeting of the council. The loose-leaf style publication lists 54 different agencies offering services as varied as drug abuse prevention, Florida State Employment Service, Family Education Associates.

Each organization and agency affiliated with the Interagency Council has a page to give information about eligibility for services, fees charged (if any), hours, descriptions of services, address, telephone, name of the person to contact.

Soon after Interagency Council was formed members began to work on compiling a directory of services. Before the work was completed the state began the reorganization of Health and Rehabilitative Services (HRS). The directory project was laid aside until the new form of HRS was determined.

Southside Park Community News

By ALPHONSO WILLIAMS
AND
CALVIN GIBBS

Hi Friends,

Welcome to Southside Park Community news. The youths in the park are busily engaged in street and playground activities, while the upper teenagers and young adults are overwhelmed in their annual softball competition almost every afternoon. The little leaguers are by no means idle, but instead are battling it out almost every afternoon at one of the the various athletic fields in the city. There are numerous houses under construction, but housing remains a problem. Many fruit pickers are at work now, thereby relieving the rate of unemployment, at least, temporarily. The youths who accompanied the high school band on its recent trip to Atlanta seem to have been favorably impressed about everything except the food.

Open Letter

Dear Mr. Williams,

This is the first of a series of writings I intend to send you. I hope that some of these writings will bring a closer relationships between the young people and the older people.

And if you want to, you can publish my name and address, for those who want to reach me, to talk of my plans, and what they can do, if they are interesting.

Robert Lee Perskins

I hope to send you a variety of my writings, such as poetry, essays and some just plain talk concerning life problems. I hope this can be a weekly publication, so advise me to what you want of me.

Yours respectfully,
Robert Lee Perkins

To My People
By Robert Lee Perkins

Inward tears flood my heart
for the needs and wants of my people grow more intensive each day.

So sad it is, that those who appear to have climbed the ladder of success, so soon forget their fellow man, who is not doing so well.

If these people would stop, and look around them, they would see their fellow man, the ones that fail in some area of their lives, but are willing to try to do better, if they new of, or could find a way to better their condition.

I think it is a shame, that our prisons are being filled with young people, many of whom haven't reached the age of 21. What a loss.

But what is the cause of this waste of human lives? Maybe none of us can say, but these are our loved ones, so, why don't we try to find out?

So often, the problems of our communities are dealt with from the top, leaving the core of the problem still untouched, by some of our so-called community leaders, and dealt with in a manner to merely pacify.

After reading my resume many of you will know no more about me than before, who am I, and what do I want of you, and in return, what do I hope to offer you?

I am a product of this kind of a community, and I seek the solution to many of the unsolved problems, dwelling within the black community. The problems that rest on your doorsteps, also on mine. I hope and seek for the betterment of our community: is time I feel, for those who live in these communities, to realize the responsibility we owe to ourselves, and our young. It is time our young learn to deal with the reality of themselves, instead of an identity created for them. Not only is will power needed in this struggle, but every mind must be opened, and working towards a better means of communication, between young and old. It is time, that we realize, that we are a worthy race, and what better place to prove this point, than first, among ourselves. Unity brings about a far better force, when it comes to facing the many issues we now have before us.

I hope to work with you, and have you work with me, in dealing with any issue that may contribute to the value of our community. I stand no "higher or lower" — yet with you. Soon I hope, many of you will become aware of me, and of my purpose, and in return, make me aware of any issue you feel should be brought out. I feel, that if I can touch the hearts and minds of my people, for you have already touched mine — much can be accomplished in the days to come.

Respectfully,
Robert Perkins

WITH HIS MAN Charlie, Lester Tolar (left) entertained the members of the Avon Park Lakes Association during their last monthly meeting at the clubhouse. Charlie was trying to explain how he had acquired Eugene Cottrell's watch, but got trapped. Sunphoto by Lew Miller.

Association To Meet

In their last monthly meeting with entertainment the Avon Parks Lakes Association met fer a pot-luck supper at the club house. They will continue to meet regularly during the summer months on the last third Thursday of the month with suppers and dinners but will not have any entertainment scheduled because many of the members have returned to their northern homes.

The vice-president in charge of programs, Beatrice Cottrell, introduced Lester Tolar and his man Charlie to the club members. Charlie almost always a rascal, cut-up at the expense of anyone around, was finally subdued and was almost repentant before the program ended.

Plant Exchange Is Big Event

Off and on for over 30 years the Avon Park Federation of Garden Clubs has been holding plant exchanges, where people bring plants and get plants in return, all in an effort to beautify their homes and grounds and eventually the city.

According to Garden Club members at last Thursday morning plant exchange, on the Mall, was the best they have ever had, with a good response in the way of people bringing and selecting plants they could use in beautifying the interior and the exterior of their homes.

Club members stated they were pleased with the interest people showed in the plants they received and expressed the opinion that the plants would receive good care because of the concern for the plants by the new owners.

Club members and others brought in fresh and rooted cuttings and small potted flowers and shrubs, which included: Caladiums, gerber daisies, mint, fern, saltana, rooted carnations which were in bloom and lilies plus other flowers, shrubs and small fruit trees.

Homemakers Attend State Convention In Orlando

On April 27-30, Sandy Sauls, Donna Crews, Margret Miracle, Carolyn Nicholas, Traci Hill, and Paula Sheffield, all members of the Future Homemakers of America Hero Chapter at the High School, attended F. H. A. state convention which was held in Orlando. They were accompanied by Mrs. Vi Moseley and Mrs. Thedda Miracle, F. H. A. Hero advisers.

In order to attend the state convention the girls had to have the highest points by working at the car wash, bake sales attending meetings, planting flowers, and participating in F. H. A. week during which they gave a faculty tea and had doobies, students who helped make the week enjoyable for the teachers. Also, some programs which enabled them to get points were attending the child abuse meeting, attending metal retardation speech, watching a V. D film and a film on natural child birth shown at the Walker . Hospital.

Some of the activities at the state convention involved going to displays, and speeches put on by the girls who were running or were already state officers. In these displays, the girls present exactly what they have accomplished for that year. The convention delegates then vote for state office. For four years, Avon Park has been fortunately to have two state officers elected in a row. Paula Shefield was elected this year as Vice President of Achievements, and Margaret Miracle were elected last year as Treasurer.

The purposes of the F. H. A. Hero Chapter is to provde opportunities for self development preparation for family and community living and for employment. Another objective is the function of the family as a basic unit of society. To encourage democracy through cooperative action in the home and community while encouraging individual and group involvement in helping achieve world wide brotherhood.

The FFA tries to institute programs promoting greater understanding between youth and adults while providing opportunities for decision making and for assuming responsibility and becoming aware of the multiple roles of men and women in today's world.

One last important goal is to develop interest in home economics, home economics careers, and related occupations.

Margaret Miracle

Reviews Her Year As State FHA Officer

The past year has been one of fun, excitement, experience, and growth. It has been a year of serving as a State Officer for the Future Homemakers of America , stated Margaret Miracle in reviewing her year as a state F H A officer.

My experience all began over a year ago, with my preparation to run for a state office at the State convention held last June in Orlando. After completing my project and working very hard, I won the election and became the State Treasurer for FHA-Hero (Future Homemakers of America and Home Economic Related Occupations).

Since my election, my duties have included attending many functions. The first of which was to attend a council meeting held in Tallahassee. This was a meeting of all twelve state officers and their advisers along with our state consultant and adviser. The main purpose of this meeting was to plan for National Convention to be held the next month.

As July rolled around we were all on our way to St. Louis, Mo. where the National Convention was to be held. This meeting was attended by 49 states of the union. At this meeting we elected National Officers and met and shared ideas with other delegates from all over the U. S. Florida had a special treat as we toured St. Louis for three extra days after the convention had ended.

After September our state wide activities lessened as we began to plan for our own district meetings. It is at this meeting that District officers are elected and State Candidates are eliminated. We began preparation with a District planning meeting held in Arcadia attended by all schools in our area. Finally in November we were ready as Avon Park High School played host to over 450 FHA'ers.

It seems as our duties never ceased as we prepared for another executive council meeting in January. It was at this meeting that we planned for State Convention, the biggest responsibility we were to incur throughout our term.

Enjoying these special events were four delegates from Avon Park, Sandy Sauls, Donna Crews, Traci Hill, and Carolyn Nicholas, and our own candidate for state office, Paula Sheffield.

For the past school year, Paula has been completing her projects and working very hard to achieve her goal as state officer. Last Thursday night she was to find out the results of all her work. But it was all worthwhile, as Paula obtained her office and is now Vice-President, Chairman of Achievements.

All and all this past year has been one of growth and experiences that I will never forget. It is through vocational organizations such as FHA-HERO that women and men are able to obtain leadership and accept responsibility that otherwise they would not experience.

School Positions

Phillips replied her schedule had been based on being able to obtain the courses she required when she wanted them, and that is now uncertain.

Board member Margaret Turnbull asked if the board could not approve the recommendations with Phillips' deadline moved back to June of 1978, "in the interests of fairness."

Board Attorney James McCollum said that the board could only approve or disapprove of the recommendations as tendered by the superintendent, not make amendments.

Dr. Davis then volunteered to push back the date for Phillips until June.

Approved in their positions for the 1977-78 school year were principals Dr. Billy C. Cason, John Freeland, and William Blanding, Sebring High School; Wallace Cox and Orbia Hill, Sebring Middle School; Ellis Watson, Fred Wild Elementary; and Jack Ingle, Woodlawn Elementary.

Lester F. Watson, Avon Park High School; Dan Kirkpatrick and William Bozeman, Avon Park Middle School; Norris Brooks and Leon Garner, Avon Elementary School; Malcolm Ross and Betty Phillips, Lake Placid High School; and David Robinson, Lake Placid Elementary.

Charges Of Inactivity

anybody's canals, "It would be awfully hard to say 'no' to these people, while we maintain the watershed projects, and a number of other canals."

Other members pointed out to Boone that maintainance had been denied on several other subdivision canals, and that the best course of action for the subdivision would be to form a special taxing district to maintain the canals themselves, as several subdivisions do.

Boone said that while that was planned for the future, "We need help now."

The board finally agreed to spray the canals, providing the Placid Lakes residents will pay for the required chemicals.

In other matters, the board learned that the owner of Horse Hammock, a popular outing area, wanted $125,000 for the 30-acre tract.

The commission tabled action on purchase negotiations until the state Department of Natural Resources could be contacted to see if funding were available to turn the area into a county park.

Administrative Assistant Charles Cullens informed the board that progress is going smoothly on the installation of two Kissimmee River boat ramps. Cullens said the Water Management District had approved the ramps, and now the county requires permission from the Department of Environmental Regulations. The funds for the ramps have already been set aside by the Department of Natural Resources.

A request for a variance of subdivision regulations for a development south of the Harder Hall Golf Course was tabled until it could be investigated further.

Bob Stephens, representing Lane Realty, developers of the proposed Fairway Lake Estates, sought permission to construct two roads in a straight line, contrary to subdivision regulations.

The county requires that a road curve every so often, in order to cut down on speeding drivers. Stephens maintained that a paved road nearby was perfectly straight, and "if we were to curve our roads with that road there, we would be losing a lot of valuable property."

The commissioners agreed to consider the matter until next week.

Harry Werner, a Leisure Lakes residents, headed a delegation of citizens who asked the county to repave Peachtree Drive in the subdivision, which Werner said was in "terrible condition."

Heston said the board would consider the road at the next priority list meeting, but would not juggle the present list to accomodate the half-mile road.

On the recommendations of County Engineer Gordon Hays Jr., the county rejected maintenance of Grove Ave. in Redwater Lake Estates, and accepted maintenance of Maryland, Lakeview, and Fairway Drive in Avon Lakes.

FOLLOWING THE GRADUATION ceremonies at the South Florida Junior College amphitheatre last Tuesday evening, Dr. William Stallard, president, paused for a moment with honor students Kim Charleville and Larry Greene, who were Commencement Speakers. Sunphoto by Lew Miller.

SFJC Graduation

Dr. Stallard told the audience that six of the junior college's students made grades entitling them to graduate cumm laude or better. Chosen as Commencement speakers for the excellence of their work, Kim Charleville and Larry Greene, both 1975 graduates of Avon Park High School had earned honors in high school and were active in many organizations.

Kim is the daughter of Mr. and Mrs. Preston Charleville, while Larry's parents are Mr. and Mrs. Bernard Greene.

In her talk, Kim told the group, "Tonight is a happy occasion for me and I think all of the other graduates here feel this way, too." She thanked the staff of the college for helping them to learn, for being friends and lending a helping hand when needed.

To Kim, going to school at South Florida Junior College was a learning process in a positive atmosphere, where the students could live at home and attend a good school, (Dr. Stallard earlier stated that SFJC ranked second academically in the state), before going to a 4-year university. SFJC, she said, had prepared her for harder classes and it would make the transition between high school and college easier.

To students following her, Kim said, you'll find this college a fun place because you'll be surrounded by friends and neighbors from Highlands, Hardee and DeSoto Counties.

But most important you'll want to know if you really want to go to college. Often students are pressured by others into going to college, instead of making the decision themselves. This can result in a frustrating experience and the student should make the decision themselves. Education whether obtained here or elsewhere is something you will always have and should never be taken lightly, concluded Kim.

"Tonight marks the end of one more phase in our advancing lives, stated Larry Greene in his talk. Many of us will further our education and settle into work we hope will coincide with our studies. Others will look for work now. But Our education nevers ends. Books are to trap the mind into doing its own thinking for when you don't know something, you know where to find the it.

To Larry, the area is extremely lucky to have a school such as SFJC. It's small size is outweighed by a better teacher-student relationship. It is ranked as one of the top junior colleges in the state with tuition being far less than at any university. Larry found the teachers friendly, interested and willing to work with the student body. This was important as when one was comfortable with a teacher, the more one would be able to learn and understand.

In looking at the future, Larry thought it a good idea that the future comes only a day at a time and it should be handled as such. Man's inventions, ideas, life style and his faults will explode in greater things, better ways and what society terms "a better life."

Civilization is a movement, continued Larry, and not a condition, a voyage and not a harbor. Too much emphasis is put on wealth and many people waste a lifetime trying to find it. Money won't buy happiness'.

Larry concluded his talk with a solution by Bob Goddard, "We must resolve to the tender with the young, compassionate with the aged, sympathetic with the striving and tolerant with the weak and wrong, because sometime in life you will have been all of these."

College vice-president, Wilford J. Beumel presented 42 candidates to Dr. Stallard for conferring the Associate in Arts Degree. Beumel was given the rare privilge of presenting a diploma to his son Bradley. Vocational Dean Donald H. Farrens presented five candidates for the Associate in Science Degree. In the summer and fall terms of 1976, degrees were conferred on 39 graduating students.

After the Benediction by Dr. James, and the singing of the Alma Mater, the graduates filed out to recessional music.

Ruling Expected In Leader

A ruling is expected this week on whether the prosecution suppressed vital evidence during the murder trial of Daniel M. Thomas. The man regarded as chief of a group of terrorists called the Ski-Mask Gang is now under death sentence for the murder of Charles L. Anderson of Polk City.

Defense Counsel Dan Brawley contends that the state attorney for the case, Joel Fanning, withheld evidence which might have linked another member of the gang to the events at the Anderson home.

Anderson's widow had, during the early April trial, testified about the welts on the legs of the masked man who invaded the Andersons' home on Jan. 1, 1976. Thomas has such welts on his legs, but Brawley has asked whether similar scars are carried by another member of the gang.

Judge Edward F. Threadgill, who presided for the Thomas trial, is reviewing the evidence in the case and has indicated that he will make a ruling soon, possibly this week.

Police Investigating Stabbing

Avon Park police are investigating a knifing that reportedly occured late Friday night behind the Village Lounge on West Main Street.

According to Cpt. Ron Smith, James Elder, 19, of 200 North Lake Avenue was treated for injuries at Walker Memorial Hospital and released, after he was allegedly stabbed by Ernest Stack, 25, of South Palmer Avenue.

Smith said that an argument broke out between Stack and Elder at approximately 11 p.m. behind the tavern.

Stack told investigators that Elder struck him first. Smith reported that Stack then picked up a piece of board and started after Elder, who then pulled a knife. During the ensuing scuffle, both men fell to the ground and Stack was wounded. Smith said that Elder suffered about a 12-inch wound on his side.

A warrent charging Stack with aggravated assault will be issued by the State Attorney's office shortly, Smith reported.

Serviceman Injured In Accident Here

A member of the U.S. Air Force stationed in Avon Park suffered a serious brain concussion after his car ran off the road just south of Avon Park last Thursday night.

Trooper Jim Benton of the Florida Highway Patrol said Delmonte H. Rutter III was northbound on SR 17 at a speed in excess of 75 m.p.h., when his car ran off the east shoulder for 260 feet, then crossed to the west shoulder traveling 72 feet into some pine trees, plowing through 132 feet of trees before stopping.

Rutter was taken to Walker Memorial Hospital in Avon Park, after which he was transported to Winter Haven. His Corvette was listed as a total $4,000 loss, in the 3 a.m. incident.

Developer Assigns Lease

The developer of Avon Square shopping center has reached a partial solution to its troubles with a primary creditor. Intercoast Avon Park Association has assigned to Chase Manhattan Mortgage and Realty Trust the Intercoast lease with J. C. Penney.

The mortgage company has begun foreclosure proceedings on the shopping center, but Penney officials had indicated that company had been assured that its lease would not be jeopardized by that action.

The lease assignment recorded here April 27 was signed on Sept. 2, 1976.

Red Devils End Season With 4-3 10 Inning Win Over Palmetto High

Coach Ronnie Jackson's Red Devil varsity baseball team closed out the 1977 regular season schedule with an exciting 4-3 victory over the Palmetto Tigers in a ten-inning game played at Head Field last Friday night. The Avon Park team posted a 19-5 record for the season (including the Alumni game) with a loss to the Yellow Jackets in Bartow last week giving the Devils the fifth setback.

The Avon Park team will host the Class AA, District 13, baseball tournament here at Head Field this week. The Devils will meet the winner of last night's game between Lake Placid and Fort Meade at 7 p.m. tonight (Thursday). Santa Fe of Lakeland will take on the winner of the Mulberry vs. Frostproof in the second game played tonight.

Avon Park 4 Palmetto 3

It took ten full innings but the Avon Park Red Devils came out on top of Class AA power Palmetto by a score of 4-3 last Friday night at Head Field in the final regular season game of the year. The Red Devils trailed the Tigers most of the game until the last of the seventh inning when they tied the score up 3-3 to throw it into extra innings.

The Palmetto team jumped off to a two run lead in the top of the third frame when two singles and two walks were combined to send the two runs across the plate. Avon Park pushed across a run in the bottom of the fourth inning. Steve Arnold was safe on a fielding error. Dale Sisemore singled to move Arnold to second. Then Buddy Hunter walked and Charlie Pough drew a walk to send Arnold across with the first Red Devil run.

Red Devil catcher Mort Jackson tied the game up 2-2 in the bottom of the fifth frame when he led off the inning with a line-drive homerun over the left field fence.

In the top of the seventh inning, Palmetto score another run to go ahead 3-2. The Tigers rapped out two singles to drive in the go-ahead run. But in the bottom of the seventh, Avon Park second baseman, Jim Johnson led off with a single. Jeff Williams went in as a pinch runner for Johnson. Then Mort Jackson flied out to the centerfielder. Leftfielder John MicKunas came to bat and hit a single to drive in Williams with the game-tying run.

Palmetto left two men on base in the eighth inning and Avon Park left the bases loaded in the bottom of the eighth. The Tigers went down in order, in the ninth, but the Devils left two baserunners on the bags. Again in the top of the tenth inning, Avon Park put down the Tigers one, two, three.

Charlie Pough led off the last of the tenth frame and drew a walk. The speedy runner stole second and then Jim Johnson bunted him down to third. Mort Jackson and John MicKunas were given intentional walks to load the bases bring designated hitter Victor Roberts to the plate with one out. The RBI leader for the Devils came through again as he hit the ball down the thirdbase line on a high bouncer over the Tiger thirdsacker to send Charlie Pough home with the winning run.

Avon Park's Billy Young pitched nine full innings of ball giving up only five scattered hits to the Tigers. He struck out thirteen batters and issued only five walks — one intentional. But junior righthander Larry Jackson took credit for the Devil mound win as he came on in relief to pitch the tenth inning with the score tied. Jackson struck out the first batter. The second Tiger flied out to the rightfielder and the third and last Palmetto batter grounded out to the firstbaseman as Jackson faced only three men to post his fifth mound victory of the season.

The Red Devils pounded Palmetto pitcher Jon Jaudon for ten hits after he held them hitless for the first three innings. Victor Roberts and Dale Sisemore both rapped out two singles each. Mort Jackson collected his third homer of the season and Jim Johnson, John MicKunas, Steve Arnold, Freddie Moore and Buddy Hunter all added a single to the winning Devil cause.

Bartow 8 Avon Park 4

In Bartow Tuesday afternoon a week ago, the Red Devils had trouble with the Class AAA Yellow Jacket as they dropped an 8-4 game after jumping off to a three the Class AAA Yellow Jackets as they dropped an 8-4 game after jumping off to a three run lead in the first inning. The Yellow Jackets boomed out 12 hits off Devil pitchers Larry Jackson and Jimmy Massey as they defeated the listless Red Devils.

The Avon Park batters got three hits in the first inning before the Yellow Jackets changed pitchers. Mort Jackson, John MicKunas and Steve Arnold all hit early. Then the Devils were held hitless until the fifth frame when MicKunas got another single. Charlie Pough rapped out a single in the sixth and Dale Sisemore doubled in the seventh to drive in the other Avon Park run.

Red Devil Squad To Host Class AA Baseball Tourney

The Avon Park Red Devil varsity baseball team will host the Class AA, District 13 baseball tournament here at Head Field this week. The Red Devils earned the number one seed in the tourney with a perfect 12-0 record against Class AA competition. Santa Fe of Lakeland was seeded second and will draw a bye in the first round along with the Avon Park nine.

Play was scheduled to start at 7 p.m. Wednesday, May 4, with Lake Placid and Fort Meade meeting in the tourney opener. Immediately following that game, the Mulberry Panthers will play the Frostproof Bulldogs.

Thursday night (tonight) the Avon Park Red Devils will take on the winner of the Lake Placid-Fort Meade game in the first game of a double-header starting at 7 p.m. In the second game tonight, Santa Fe will play the winner of the Mulberry-Frostproof game immediately following the Red Devil game.

Tomorrow night (Friday) the two winners of the Thursday night games will meet at 7:30 p.m. to determine the district champion who will advance to a regional one-game play-off next Tuesday night at the field of this district winner.

The Avon Park team goes into the tourney heavy favorites to take the district crown and advance to the regional play-off against the district 14 champion next week. The winner of the regional play-off game will go on to a sectional one-game play-off. The sectional game is also scheduled to be played at the site of the winner of the district 13 and district 14 regional meeting.

Season tickets to Red Devil home games will not be honored at the District tourney games. Admission prices are set by the state athletic association. Umpires for the tourney will be Ken Tate, Marvin Brice and George Bretz. Coach Ronnie Jackson will be tournament director.

Avon Park fans are urged to come out to Head Field for the five games of the Class AA, District 13 baseball tournament which started last night (Wednesday) at 7 p.m.

The league is expected to get underway May 23, at the new Baseball Complex, with about ten teams playing. This is an important meeting, so please have your teams represented.

Track Team Sweeps Class AA District Meet

The Avon Park Red Devil track team won the Class AA, District 6 track championship last Friday in Fort Meade over four district opponents. The Red Devils qualified sixteen individuals for the Class AA Regional meet which will also be held in Fort Meade.

Pre-lims in the Regional meet are set for 4 p.m., tomorrow (Friday) and the finals will begin about 5:30 p.m. The Red Devils will try to outscore qualifiers from District 6 and also from District 7 in the important step toward the state championships. State finals are set for May 13 at Winter Park. The top two individuals in the Regional meet will advance to the state meet.

After the district victory, the Red Devil thin-clads' record stands at 34-3. This is the best track and field record in school history at Avon Park.

Only the top three finishers in the district meet are eligible for competition in the regional meet this week. Contesting for the regional crown with the Devils will be Fort Meade, Frostproof, Mulberry, Santa Fe, Melbourne Central Catholic, St. Cloud, Melbourne Palm Bay, and Fort Pierce John Carroll.

Several records were tied or fell to the Red Devils as they gained the district championship by a 60 point margin. Charles Anderson led team scoring as he tied his own school record in the 120-yard high hurdles in 14.9 and broke the school record in the 330-yard intermediate hurdles in 41.2. He also ran on the winning 880-yard relay team with Todd Packer, David Jahna, and Reggie Baker. The other school record came in the sprint-medley relay as Edward Dorsey, Jahna, David Williams and Baker tied the school mark with a 2:03.5 clocking.

Alphonso Williams won the mile and 880-yard runs as well as leading the mile relay team to a second place finish. Other members of the mile relay team were David Williams, Jerry McKenzie and Abe McMillian. Todd Packer provided the surprise of the meet with his first place in the 220-yard dash in 22.7 for a personal best timing. Abe McMillian, only a freshman, raced to victory in the 440-yard run with a time of 52.4.

Second place qualifying finishers for Avon Park were; James Hamilton in the mile and the 880-yard run, Jack Collins in the two-mile run, and David Williams in the 440-yard run. Third place ribbons and advancement to the regionals were won by Robert Packer in the shot put toss, Reggie Baker in the long jump, Ken Burley in the high hurdles and the high jump, Mike Ryan in the 440-yard run, David Jahna in the 100-yard dash, and Willie Mabins in the two-mile run.

Fourth place honors went to Dorsey in the shot, Jim Ervin in the 120-yard high hurdles (his 15.4 time is a sophmore school record), Anthony Conner in the discus, Mabins in the mile, and Ricky Stevenson in the 440-yard run.

Fifth place efforts were turned in by Dorsey in the 100-yard dash and the discus throw, Ryan in the pole vault event, Collins in the mile, Adams in the 220-yard dash, Alphonso Williams in the long jump and Moore in the high jump.

Sixth place points went to Conner in the shot, Packer in the 100-yard dash, Tim Starr in the pole vault, Alan Portis in the 880-yard run, Kenneth Burley in the 220-yard dash, and Charles Anderson in the long jump.

"We were very pleased with our district performances, but we hope to improve some more this week especially in the distance events," commented Coach Chet Brojek. "Coach Harry Williams deserves much of the credit for the fine relay team performances turned in all season long."

Devil Golfers Take Second In Tourney

Coach Fred Sandlin's Red Devil boys' golf team lost the district golf championship by just two strokes to Winter Haven and Avon Park's Pete DuPriest lost medalist honors to Lake Placid's Kevin Janiga by one stroke in the seventeen-team tourney held here at the Sun 'n Lakes course last Thursday, April 28.

The Red Devil golfers closed out a fine 15-8 regular season record by winning a runners-up trophy in the open-class district tourney. The favored Winter Haven Blue Devils copped first place with a team total of 328 edging the Avon Park team by two strokes as the Red Devils finished with a 330 team total. Three teams tied for third place at 333- Lakeland High, Sebring, and Kathleen. Hardee was sixth with 341 and Lake Placid seventh at 342.

Pete DuPriest's 35 was the best score on the back nine of any golfer in the meet. He had a 42 on the front nine for a 77 total on the par 72, 7,003-yard Sun 'n Lakes course. The sophomore was the first Avon Park golfer ever to break 80 in the district tournament play.

Pete just missed a 30-foot putt that lipped the cup on the eighteenth and would have tied Janiga for low score for the day. "They told me we could win if I shot a par on the final hole. But when I came up to the tee, I learned we were two down," said the young golfer. "It's tough to lose a shot at the state tournament by just one stroke, and for the team to miss out by two strokes; but maybe next year we'll make it."

John DuPriest shot an 80, Mark Palmer carried an 85, and Bill Tharp came in with an 88 for the Red Devils' 330-stroke team total. It was the second time in one week that the Avon Park golf team was forced to take second place honors. The Red Devils had come in second to Sebring on Monday in the Heartland Conference Tourney. The Devils out-shot the Blue Streaks by three strokes in the big district meet.

John DuPriest and Bill Tharp played their last match for Avon Park in the district meet last week. The two seniors have played on the Red Devils team that has won 32, lost 13 and tied 1 match in the last two years under Coach Fred Sandlin. Mark Palmer, a junior, and Pete DuPriest, a sophomore, will be joined by junior Craig Skipper and sophomore Mike Smithson on next year's squad. Seniors Bret Hoyer and Billy King also contributed to the 1977 Avon Park team record.

Girls Team Gets First Win

The Avon Park Red Devils girl's golf team made a good showing in the district golf tournament held at the local River Greens course last Wednesday, April 27. The Avon Park girls, playing their first season, finished sixth in the seven-team, all-size schools tourney with a team score of 471 for the eithteen holes.

Zephyrhills captured the district championship with a team score of 414 strokes. Lake Placid's ninth grader, Debbie Koch, took medalist honors with an 83 and will advance to the state meet in Sarasota this week-end along with the Zephyrhills team.

The Lakeland Dreadnaught girls finished second at 421. Winter Haven, the pre-tourney favorite, came in third with a 437 total followed by Kathleen in at 444, Frostproof at 451, Avon Park team its first victory since this is the first year Avon Park has had a girl's team.

Avon Park's lady golfers were led by Sharon Rigdon who shot a 115 for the par 72, 5,187-yard River Greens course. Tori Griffen finished second for the Red Devils with a 116, Robin Heckard shot a 119, and Ellen Macklin came in with a 121 for the 471 team total.

Coach Fred Sandlin praised the Red Devil girls who have only been working out on the links a little over two months. "In two year's time, our girls' team will be at the top," predicted Sandlin. "If they continue to work hard as hard as they have, they'll be hard to beat with a full year's experience."

Minor Changes In Racquetball Ladder Play

In the Recreation Department's Racquetball ladder tournament, there have only been several changes in the top positions in all four divisions.

In the Women's Singles, the number one spot is still held by Betty Amburn. She has not played any challenge matches for her position since she attained it.

The second rung is Pat Wood (Betty's doubles partner). Pat worked her way up the ladder and finally defeated Judy Rewis, 18-21, 21-14, 21-7, to grab that position. In the number 3 spot is Judy Rewis.

In women's doubles; Betty Amburn and Pat Wood remain No. 1, Sandra Jackson and Janice Turnbull are No. 2, with the following activity : The team of Sisemore and Derkman defeated the Jackson-Turnbull team on April 27, but then Sisemore had to change partners and drop to the bottom of the ladder, so Jackson-Turnbull jumped back into their second position. The third spot is now held by the team of Donna Guenther and Patty Jackson.

The boy's (17 and younger) division has had several changes in the top three positions in the last couple of weeks. The top spot is now held by Ken McLeod, after his defeat of Billy Barben, 21-4 and 21-7. Barben is in the second place and Tim Minard is no. 3.

The Men's Doubles and Singles divisions standings are as follows: Men's Doubles; all three positions have remained the same because no challenges have been played.

In Men's Singles The no. 1 spot is held, unchallenged, by Paul Wilson.

The second position is still John Best, after a successful defense of that spot at the hands of Dennis Guenther, 21-18, 14-21, and 21-17. The third position is held by Dennis Guenther.

The 1977 Avon Park Little League baseball season got underway last Saturday with a parade through downtown Avon Park and four games played at the Little League Field during the afternoon and evening. The defending champion Rotary team looked impressive with an 11-0 win over First Baptist in the third game of the day.

Perhaps the most promising team for this season was the newly sponsored Avon Tire Service squad coached by Donald Arnold. The Avon Tire boys romped to a 25-1 victory over the Lions in the second game of the afternoon.

Also looking like a contender for the 1977 title was Bagwell Lumber. With new coach Don Cooper at the helm, the Bagwell team outscored I. H. Ford 15-5 in the final game of the evening. Coach Tom Tataris' Kiwanis team opened the season with a 14-4 win over Avon Citrus Bank coached by

Driver Pulls Car Into Parade

Having driven a car since 1917, an 82 year old driver, cautiously pulled through a green light at the Lake Ave.-Main Street intersection into the Little League Parade route on West Main Street last Saturday.

Stopped by walking Patrolman Bob Oberther, the man, who had vacationed in Avon Park for several years before purchasing a home here, didn't actually realize what he had done was wrong, stated the Officer.

The driver had been watching the light, when it turned green, he drove his car into the space between two of the Little League marching units. He had seen the Police officer and didn't realize that an officer takes precedent over a traffic signal, as his driver's manual had not covered this type situation.

The driver was advised by Patrolman Oberther to pull into the Citrus Bank parking lot. In talking with the man after the parade was over, the Police Officer stated that a citation or trafic ticket was not given because of the man's long driving record, without accidents and because of the his good attitude during the explanation of traffic laws during parades.

Bass Tourney Set For December

The ancestor of today's bass boat is somewhat akin to a skeleton in the closet. Most bassin' men wouldn't even give an old cypress planked johnboat a second glace as they pilot their high speed bass buggies after the pot of gold at the end of the bass tournament rainbow.

Not Forrest Wood, who is known equally as well for his bass catching ability as his Ranger Bass Boat. Wood frankly acknowledges the heritage of his modern high performance fishing machine and says he can't pass one of the old johnboats without a feeling of nostalgia.

Wood is one of seven top professional bass anglers to appear at the Big Bass Seminar set for December 2-3-4 near Orlando. He is scheduled to discuss the evolution of the high performance bass boat and will highlight points for the care and maintenance as well as safety in operating the high speed fishing rigs.

Other professional anglers to appear at the Big Bass Seminar include Bill Dance, Jim Rogers, Johnny Morris, Tom Mann, Billy Westmorland, Jack Hains plus special guests R. V. "Gadabout" Gaddis and Roy Martin.

The Big Bass Seminar is being coordinated by the Game and Fresh Water Fish Commission in cooperation with the Florida Federation of Bass Chapters, American Bass Fishermen, National Bass Association, United Bass Fishermen and the Poor Boy Bass Association.

Information and registration may be obtained by writing Big Bass Seminar, P. O. Box 15602, Orlando, Florida 32808.

ue Season Starts With Parade Through Town

Gordon Marshall.

The parade around the Mall got underway about 2:10 p.m. It was led by the Avon Park Police Department, a fire truck from the Avon Park Fire Department and the Avon Park Middle School Band. The band was under the direction of drum major Tom Jones in the absence of quite a few members due to various reasons. Some of the Middle School band members were on a trip with the Avon Park High School band to Atlanta, Ga.

Joe Johnston, former member of the U.S. Air Corps Band, was in charge of the group in the absence of Director Vic MicKunas.

Members of the Avon Park City Council, the Mayor of the city, and the eight teams and their coaches followed the band in the parade around the Mall. Each of the eight teams has a roster of twelve players.

At 2 p.m. opening ceremonies for the 1977 season were held at the Little League Field with President Henry Dennis in charge. The mayor Marshall Davis gave some opening remarks, the Rev. W. O. Ragsdale gave the invocation and members of the defending champion Rotary team were introduced. After members of the Kiwanis and Avon Citrus Bank teams were introduced, the mayor threw out the first ball and play began between the first two teams.

Rotary 11
First Baptist 0

The defending champion Rotary team took an 11-0 victory from the First Baptist squad in the third game of the day. Rotary pitcher, Larry King, gave up only a double to Fred Manning and a single to Kenny Houpe in the six inning game.

Sailboat Buffs Discover Local Lakes Are Perfect

By TOM EWELL

Sailing is one of the supreme sports, yet it is more like a way of life than an athletic activity. Every aspect of sailing has its own facination.

To sail is to embark on an adventure and many Avon Park residents enjoy the sport right here on our own lakes.

Sailing never fails to isolate the spirit as it challenges the mind and body. The static grace of a moored sail boat is incidential, but with it's sails up and freed from the dock, a sail boat becomes a living thing, keeping up a passionate interplay between sails, wind, hull and water.

The essence of sailing is a knife-edge balance defying nature and yeilding to its forces. To participate in - maintaining this balance, or even to witness it, is an experience of the highest order.

It's little wonder that sailing fleets are growing rapidly all over central Florida. Lake Apopka, near Winter Haven, sports a fleet of over 200 craft, as compared to just 14 a few years ago. Area marinas report an increase in sail boat purchases of over 200 per cent over the same period last year.

On Lake Isis in Avon Park, at least 10 sail boats ply the waters on any given week end.

People, finding more leisure time on their hands, are discovering the sailboat as a safe, economical and thrilling - means to enjoying our abundance of sunshine and water, while at the same time discovering a means of testing their own ability to utilize one of nature's most powerful - forces...the wind...while developing their own skill into a modern-day art form.

Save On Drinks

Returnable Bottles Cheaper

Save up to a couple hundred bucks a year, on just one grocery store item?

Yes that much — and a lots more, just depending on how much soft drinks you and your family consume. Just myself — I guess I drink a couple of big bottles of Coke or Pepsi a day. Yes I know orange juice is better, but please let me have one vice! I did give up the beer a while back.

But for a guy who buys the '6 packs or dozen cartons' of canned beer, he could run up his cash savings to double the listed above.

For the guy or gal who buys the canned drink, instead of the deposit bottle container you are being 'taken' for just about twice the amount you should be paying when picking up your refreshment.

I checked just this past week in 3 of our bigger grocery chains and in one convenience store on the price of drinks in the bottle (returnable) against the price of the drinks in the throw away cans and throw away bottles.

The savings in all cases amounted from a good 25 per cent up to a whopping 50 per cent in favor of the deposit bottle against the little bottle and can. Another big savings is with the screw on cap, so if only ½ bottle is to be drunk at one time a cap can be put on it and then put back in the fridge for another time.

Another big 'prop' for the deposit bottle, is in the less likeyhood of the 'Slob' drinker to throw away his 10 or 15 cents deposit bottle, on some highway or on someones lawn.

Give it some thought the next time you buy some drinks, then too, note —

The National Wildlife Federation has urged President Carter to support a national beverage container law which would require mandatory deposits on soft drink and malt beverage containers.

Thomas L. Kimball, executive vice president of the NWF, said in a letter to the President that such a law could result in a significant reduction in litter, conservation of energy, a reduction in solid waste, creation of jobs, and an overall boost to the economy.

Delegates to the NWF's 41st Annual Meeting, which concluded recently in Washington, D.C., adopted a resolution urging national beverage container legislation, or, failing a national law, that every state legislature adopt a law. Deposits were adopted last November by voters in Maine and Michigan.

Kimball reminded the President that Douglas M. Costle, administrator of the U.S. Environmental Protection Agency, recently endorsed a national beverage container deposit law as a conservation tool.

EPA estimates that containers littering roadsides could be reduced by 60 to 70 per cent, total litter could be cut by 20 to 40 per cent, and nationwide municipal waste could be reduced by 7 million tons. Kimball said that "virgin raw material annual savings would amount to 5.2 million tons of glass, 1.5 million tons of steel, and 500,000 tons of aluminum."

Kimball said that, according to studies for the EPA and the Federal Energy Administration, oil consumption could be reduced by 80,000 barrels a day with a national container deposit law.

Kimball added: "Equally encouraging are the projections that a national deposit law would not disrupt our economy or cause extra expense to the consumer. In fact, savings to the consumer of $1.8 billion annually are estimated for a national measure phased in by 1982. Contrary to arguments raised by opponents, the FEA study estimates a net increase of 118,000 jobs and an annual labor income increase of $879 million resulting from a national deposit measure. All of this would accompany a 44 per cent decrease in the energy needs of the beverage industry."

Kimball noted that in Oregon, where a state-wide deposit law has been in effect since 1972, there has been an 88 per cent reduction in beverage containers being taken to solid waste disposal systems. "Annual savings equivalent to enough energy to satisfy the annual heating needs of 50,000 Oregonians have resulted, while both employment and labor income have increased," he said.

Kimball continued:

"You have asked the American people to make sacrifices in order to achieve conservation goals. This is a sacrifice they seem willing to make . . . . We view the beverage container deposit as an essential element of our national conservation program."

Lampreys Thwarted

If it weren't for a hardworking group of concerned researchers, our Great Lakes might be just that. Nothing but water. No fish.

In the 1950s a blood sucker from the sea, the lamprey, invaded the Great Lakes region in great numbers killing trout in epidemic proportions. The lamprey, an eel-like monster that looks like the short length of a black garden hose, would latch onto the side of the fish and literally suck the life out of it. If trout become scarce, the lamprey preys on other fish.

Government Offers Many Informative Publications

The U.S. Government Printing Office has just come out with a booklet noting in it some of their very recent publications. The booklet is free and is called the 'Selected U.S. Government Publications'. It lists just some of the recent books, the costs of them, number of pages and a summary of these certain books. For instance 1oQ is 'Folklore From Africa'. Cost is listed at $4.50, it has 161 pages and came out in 1976.

50Q is the number for 'Environment', 55 cents is the cost. It has 55 pages.

86Q is the number for 'Thunderstorms'. 8 page booklet. 35 cents is the cost.

The above are just a very few of the booklets now being printed and sold by the Federal Government. Most of the books are in paper back. Of course right here in our own area we have at least one good book store that sells paper backs at very low cost - so try them first. Its the book store next to the Chamber of Commerce in Avon Park.

Found out about a new sinker, for fishermen. Its called a 'wraparound', ribbon sinker. The Worth Company puts them out. Bob Worth tells me these ribbon sinkers, which are about 4 inches long by about ⅛th inch wide and about 'Playing Card' thickness, can be used totally or cut to any smaller size and weight, then wrapped around any sort of fishing line. If more lead is needed, 2 may be twisted around a line. Weight of each strip is approximately 1-32nd of an ounce. The strips come packed in a plastic look thru, tube and it looks to me like a handy 'tool' for most fishermen.

A good item for anyone who owns an 'outboard', is a new almost perfect motor lock, that is fitted over the screw nobs, that tighten the motor to a boat. With the season at hand for motor stealings, look into this lock at your better boat dealers. No snippers can cut thru this type of lock as per a chain.

New Act Difficult To Follow

Congress has passed a bundle of dubious laws over the years, but each bad one has had something in common with the very best legislation; they all meant well.

That is the case with the Marine Mammal Protection Act of 1972. It meant well. Its aim was to protect the porpoise population from being depleted by limiting the amount of tuna fishing that can be done in the presence of porpoise.

It all had its beginning in the sympathetic emotions of the marine mammal lobby whose aim is "zero mortality" among porpoises. The fact that the world porpoise population is growing, not shrinking, seems to have meant little.

The lobby wanted no porpoise loss, no porpoise injury from tuna fishing, and it managed to get an ironclad law out of Congress on the subject. Now it has court orders to boot, orders that have literally driven the U.S. tuna fleet off the ocean.

It is all the more ironic because the American tuna fishermen — certainly with self-preservation in mind — have evolved techniques, and at some considerable cost to themselves, that insure that between 95 and 98 per cent of the porpoise mixed in with their tuna catches are freed.

So the porpoise is not in real danger from U.S. fishermen. But he is still in danger, from a predator that has no responsibility to U.S. laws — the foreign flag tuna seiners.

There are some 60,000 tons of these ships, all now aggressively filling in the void created by the enforced idling of the U.S. fleet.

Harve's Best

Water temperatures right at about that best degree. And the fish really have been hitting really good. The only problem is to find a place out of the wind to fish. As I mentioned last week, for day time angling one must fish on the lea shore of the lakes or in the pick out a stream or cannal where the gusty winds do not have a high velosity. Don't get me wrong, I certainly do not condem these winds, in fact, I'm all for them, for some day soon I'm going to buy myself a wind charger, to help me in generating current to help keep down my electricity bill. More about that later, in the meantime, below are what I consider the peak hours in fishing, for the next week.

SFJC Team Places Third With 24-15 Win Loss Season Record

South Florida Junior College closed out its season last Thursday with a rescheduled game with Seminole CC. Seminols won the sloppily played slugfest, 11-8.

With final exam week completed for both schools, Seminole and SFJC excused many of their sophomores and experimented with freshmen at a variety of positions.

SFJC lost leads of 2-0, 4-3 and 8-5 until Seminole erupted for six runs in the seventh to end the game. Larry Hatfield replaced Blane McDonald behind the plate and had two doubles in four trips to the plate. Randy Schlosser also had a double and two hits as did Larry Glass.

Former Sebring High Star Gary Dicks had three hits for Seminole, including a double and home run.

SFJC ended its season with 24 wins and 15 losses for a third place finish. For the second straight year, SFJC finished one game out of going to the state tournament. The Panthers, ranked most of the season in the top 10, jumped off to a fine 19-7 record. However, a tough Easter week, in which SFJC dropped five of six division games, tumbled the Panthers into third place for the remainder of the season.

Final Division Standings: Hillsborough, 17-6; St. Petersburg, 15-9; South Florida, 14-10; Brevard, 11-13; Manatee, 10-12; Florida College, 8-15, and Polk, 7-15.

Tim Hill, SFJC coach, for the second straight year will handle the North Squad along with Bill Frazier from Gulf Coast Community College.

Last year, the North Squad won a convincing 10-0 victory.

SFJC's Rick Harrison, last year's starting all-star pitcher, and shortstop Dana Walstad have been named by Hill to the all-star squad.

McDonald And Glass In All-Star Game

Catcher Blane McDonald, second baseman Larry Glass and right fielder Charlie Faulconer were named to the Florida Junior College All-Division III Team.

Glass hit .353 with 37 runs batted in, while Faulconer hit .281 with 37 runs batted in.

Kynes To Speak At Scholarship Recognation Banquet In Sebring

Scholarship Recognition has succeeded in securing perhaps the most outstanding speaker in its fifteen years of existence.

It is with profound pride and pleasure that the Highlands County School Administration and the officers and directors of Scholarship Recognition announce that the principal speaker for the annual banquet to be held at the Agri-Civic Center Sebring, on May 20, 1977, 7:30 p.m., is one of the most recent recipents of a Rhodes Scholarship, Bill Kynes.

An outstanding scholar, athlete and leader, Bill Kynes, brings to Sebring, a young man who epitomizes a "very aware" type of youth that assures confidence in the future of this country.

Known to the public until recently for his football abilities as the number one quarterback for the 1977 Edition of the Florida Gators, his calm mature ways and awareness suddenly gave him a choice between football and Oxford, which was really no choice at all.

Highlands County is indeed privileged to have such a person among us and it is hoped that all who haven't as yet joined Scholarship Recognition will now join and see what is going on academically.

Ninety-four students will be honored this year. All will have maintained a grade average of "B" or better throughout their high school careers.

Of the ninety-three, 43 are from Sebring, 25 from Avon Park and 25 from Lake Placid.

Those being honored on May 20, from Avon Park high school are:

Linda Marguerite Klein; Pamela Griffin; Brian Murphy; Sherri Lynn Collier, Brenda Kay Cooper, Sue Nunnallee, Donna Lynn Langston, John Michael MicKunas, John DuPriest, Michael Thomas Ballentine, Edna Esther Vicente, Tina Marie Johnson, Cheryl Lynn Noack, Peter Anders Hansson, David Lynn Cloud, Elizabeth Marie Graham, Debra Kay Hamm, John Howard Hunter, Dale Martin Sisemore, Larry David Jackson, Kelly Jean Newsome, Tamela Lynn Cason, Susan Dillow, Eric Longshore, Debra Kaye Miller.

If you are not already a member, this can be remedied by calling Scholarship Recognition at 385-7048. Unfortunately, attendance at the banquet will be limited to honor students and members.

Fly-Up Ceremonies For Girl Scouts Set May 17

Tuesday, May 17, is the date set for the Fly-up ceremony of Girl Scouts. The Elementary School cafeteria is the place. The time is 7:30 p.m.

All Girl Scouts and their parents are urged to attend. Those who are not flying up this year, are needed to welcome those who are. In fact anyone interested in our girls will be very welcome.

Registrations for next fall will also be taken at this time, in hope that we may get an earlier start next fall.

It is hoped that there will be enough volunteer leaders so that every girl wishing to be a scout may be in a troop but, if we are short of leaders, those girls registering early will be considered first.

If you are a senior in high school or older (even senior citizens) and would like to join in this worthwhile, interesting, and enjoyable work, let us know.

There is a place for you in Girl Scouting; if not as a leader in some other capacity. Don't hesitate becuse you have never done it — there are training meetings, and there is always someone to answer questions you may have.

Get Ready To Cook Florida Vegetables

Turn to the vegetable recipes pages in your cookbook in May and make room in the freezer because Florida will have several vegetable crops in peak season and others in plentiful supply. This plentifulness is a result of replantings after the recent freezes killed the first plantings.

May will be the month to enjoy fresh sweet corn and to buy it in volume for freezing. To freeze corn on the cob, husk, remove the silk, wash, trim the tips and sort to package size. Blanch the ears in bubbling hot water for 4 to 6 minutes.

To freeze the kernels for creamed corn or other cut corn dishes, prepare as above, scald and cut the kernels off the cob. Reduce blanching time to 2½ to 4 minutes. Cool the kernels and pack in desired serving portions.

Green peppers are delicious in salads and stuffed with your favorite stuffing. Peppers can be frozen by removing the stem and seeds. You can leave them whole, cut them in half, slice or dice them according to your need; then blanch them for 2 to 3 minutes.

The tomato crop was annihilated by the freezes, but they will be in full production in May. Of course, what is a salad without the deliciousness of tomatoes or the decorative color addition of tomatoes.

tomatoes.

Tomatoes, too, can be frozen by cooking them say, like stewed tomatoes. You can save money by boiling the tomatoes down, draining them of excessive water and freezing them. You are now ready to use them as whole tomatoes in recipes, as tomato sauce by running a frozen package in a blender or as a puree by running them through a sieve.

The very diversifiable potato also will be in peak supply. Cooked a thousand ways, the potatoes can be fixed in dishes that the family likes or frozen for future use. This is an excellent time to combine the old-fashioned cooking style or making a stew with the use of the electronic oven to quickly warm a ready-made meal.

From the same growing areas will come other vegetables that will be in the "plentiful" period. Celery will be one which lends itself to many fresh-type fixings; however, it can be frozen for future use. Wash thoroughly, trim and cut stalks in 1-inch pieces, then blanch for three minutes. Package in recipe-size portions.

The versatile snap beans also are in the plentiful period. From a homemade salad to an exotic salad and the down-to-earth goodness of beans and salt pork, the snap beans lend themselves to many recipes. They can be frozen for any use in the future. Sort and wash them in cold water. Snip the ends and cut in 1-inch lengths. They can be left whole or sliced French style. Boil them in bubbling hot water for two or three minutes. Then pack them in desired amounts for the family.

The dieters will find plenty of escarole and endive for salads as well as for garnishes to decorate a pretty table setting.

Cabbage will be on the decline but still in the plentiful stage. Choose a slaw, throw a head into a New England dinner or revert to the old standbys of cabbage and salt pork or corned beef and cabbage.

Squash will be following the same trend as cabbage. Radishes will be taking this same path, too.

Saving the best for the last, watermelon will be plentiful and will be going into peak production. Sweet-toothers enjoy watermelons in fancy-fixing styles as well as in the ordinary slice style.

Tomatoe Facts -

To remove skins from tomatoes easily, dip whole tomato into boiling water for one minute. Cool and peel.

Raw or cooked tomatoes are valuable for Vitamin C, Vitamin A, and other vitamins and minerals.

Fully ripened tomatoes should be refrigerated and used as soon as possible. Green tomatoes should be ripened at room temperature for a few days.

Avon Park Grange Report

Seven Avon Park Grange members attended the Annual State Grange Picnic at the home of the State Grange Master and Secretary, Vincent and Madelin Andrews of Sarasota.

The State Grange Chaplain conducted Religious Services at 11 a.m. A pot-luck dinner was served at 12:30, followed by a Program by the State Grange Lecturer and Recreation by Florida Grange Youth.

In the Easter Parade Avon Park won two prizes.

Florence Mason made the Most Beautiful Hat of Nylon Net fashioned over a lamp-shade form.

Louise Clarke's creation was trimmed with a Cornucopia filled with fruit, and seed-corn, wheat and flowers.

The Parade was made up of men dressed as women with wigs, dresses and the Contest Hats.

To share some of the fun with the Avon Park Grange members, the prize-winning hats were modeled by Chester Seeger and Ralph Fullmer at the close of the April 26 Lecturer's Program by Edith Martensen.

The 1977 Theme for the Grange is "Say it with music". This was carried out with songs related to different Eras and localities of this country, with Lillian Seeger at the piano.

Hymns of the Pilgrims-Faith of Our Fathers; Campfire songs of settlers going West-Oh, Susanna; Civil War song-Battle Hymn of the Republic; Gay Nineties-Two Little Girls in Blue; Mountain section-On Top of Old Smoky; Cowboys of the Western Plains-Home on the Range; during World War I people sang to keep up their courage-There's a Long, Long Trail; and finishing with God Bless America.

Master Ralphy Fullmer reported on one of the Grange Projects-Teaching the little Cerebral Palsy patient to type. She now uses all of her fingers to type instead of only the first finger of each hand because she could not open them.

He also announced that the Planning Commission and the Zoning Board of Adjustment have been working for over a year in up-dating and revising the Zoning Code of Avon Park. This will be presented to the City Council for study and the regular procedure will be followed to bring it into current City Law.

Avon Park Grange will meet in the Womans' Club Hall on May 10 at 8 p.m.

Toastmasters Club To Meet In Sebring

Charles Swan Memorial Toastmasters Club will have a dinner meeting beginning at 6:15 p.m. on Thursday, May 5, at the banquet room of Howard Johnson's in Sebring. The meeting will follow at 7 p.m.

Dingdong Dinner

Seafood's A Winner

A diller-a dollar-a ten o'clock scholar! There won't be any dallying when dinner is ready if "Scholarly Scallops" or "Hopscotch Fillets" are on the menu. Promptness will be the daily rule-in fact, your family and guests will be ready and waiting eagerly for the bell.

Scallops rate an "A" in the three Rs because they are:

Right for good eating and good nutrition. Scallops are firm, lean, and high in well-balanced protein, calcium, phosphorus, minerals, and iodine.

Ready to use. Scallops are marketed only in the form of dressed meat and are available either fresh or frozen.

Reasonable. Scallops stretch dollars because there is no waste. When you buy a pound of versatile scallops, you get a pound of succulent eating enjoyment ready to be served in cocktails, appetizers, soups, salads, and main dishes with equally satisfying results.

Your guests will give you another "R" for raves when Scholarly Scallops are served. The scallops are cooked in white wine with thyme and a bay leaf, then baked and served in individual shells with a butter-parsley-garlic sauce and a topping of Parmesan cheese. Try Scholarly Scallops for that special luncheon or whenever you want real down-to-sea goodness.

Hop into the kitchen and fix thirfty Hopscotch Fillets-your guests will say you're bonny! The easy to do goodness of this recipe will save you time when minutes count. Tender, flaky fish is so quick to fix; all you need to do is baste with a lemony butter sauce and broil. The eager eaters will line up when this bell-ringer is on the menu. For special days, dress it up before serving with melted butter and toasted almonds for added elegance.

Scholarly Scallops

2 pounds scallops, fresh or frozen
2 cups water
1 cup dry white wine
1½ teaspoons salt
1 small bay leaf
Dash thyme

⅓ cup butter or margarine, melted
1 tablespoon chopped parsley
½ teaspoon garlic salt
2 tablespoons grated Parmesan Cheese

Thaw scallops if frozen. Rinse with cold water to remove any shell particles. Cut large scallops in half. Combine water, wine, salt, bay leaf, and thyme. Bring to a boil. Add scallops. Cover and simmer 2 to 3 minutes or until scallops are tender. Drain. Place scallops in 6 individual shells or 6 ounce custard cups. Combine butter, parsley, and garlic salt. Pour over scallops. Sprinkle with cheese. Bake in a hot oven, 400 degrees, for 15 to 20 minutes or until lightly browned. Makes 6 servings.

Hopscotch Fillets

2 pounds trout, snapper, or other fish fillets, fresh or frozen
2 tablespoons melted fat or oil
2 tablespoons lemon juice
1 teaspoon salt
½ teaspoon paprika
dash salt

Thaw fish if frozen. Cut fish into 6 portions. Place fish in a single layer, skin side down, on a well-greased baking pan, 15x10x1 inches. Combine remaining ingredients and mix well. Pour sauce over fish.

Broil about 4 inches from source of heat for 10 to 15 minutes or until fish flake easily when tested with a fork. Baste once during broiling with sauce in pan. Makes 6 servings. Garnish with toasted almonds.

A Dieter's Delight

Citrus Flounder

Are you floundering around on a diet and losing weight so slowly that you are about to give up? Dieting with fish and shellfish is rewarding in good eating weight loss, and improved health. These versatile products provide a powerhouse of valuable nutrients and are low in calories and fat.

Fish fillets are always a good buy because there is no waste, just good eating, and easy preparation. Another good buy now is oranges and grapefruit. Try combining a citrus fruit with delicately-flavored flounder or sole fillets and you will create a dieter's delight.

"Citrus Flounder" is so good you will probably forget that the calorie content is low. Chopped onion and wine top the fillets before baking and the grand finale is the addition of parsley and orange or grapefruit sections for the last baking minutes.

Citrus Flounder
2 pounds flounder or sole fillets, fresh or frozen
1 teaspoon salt

¼ cup finely chopped onion
¼ cup dry white wine
2 tablespoons margarine
2 tablespoons margarine
1 tablespoon chopped parsley
1 large orange or medium-size grapefruit, skin and membrane removed and sectioned
Lime wedges or slices

Thaw frozen fillets. Arrange fish in shallow 2-quart baking dish. Sprinkle with salt. Add onion and wine. Dot with margarine. Bake in moderate over. 350 degrees, about 25 minutes or until fish flakes easily when tested with a fork. Five minutes before end of baking time, sprinkle fish with parsley and arrange orange or grapefruit sections on top. Baste with pan juices. Garnish with lime wedges or slices Makes 6 servings.

Back Yard Gardening Cuts Grocery Bill

photos and text by Barbara Cornell

MR. AND MRS. Lindsey Peters have one of the prettiest gardens in Avon Park. They grow and can their own vegetables. In fact they only buy staple foods when they go to the grocery store, which really cuts their grocery bill in half.

With the price of groceries going higher and higher, more people are going to backyard gardening.

Mr. and Mrs. Lindsey Peters, who live on the corner of E. Bell St. and S. Lotela Ave., has grown two gardens a year for the past six years.

"We grow a garden for the fun of it. What we don't eat we usually give to neighbors and friends," said Peters.

Mrs. Peters added, "We buy very little when we go to the grocery store. We only purchase staple goods, such as coffee, flour, things like that, because we can so many things from the garden. We still have quite a bit of vegetables left from last years canning." Peters is retired from the Bartow Air Base, Bartow, Fla., where he worked for 11 years.

He stated that he works harder now than he ever has. He repairs lawnmowers for friends and around Christmas time he repairs old bicycles for groups to give to charity.

Peters came to Avon Park in 1911 with his father from Bartow to look at land around Sebring. They traveled by horse and buggy.

"Man, everything in Avon Park has really changed. When Mama and I bought this piece of property there were only three houses around this area," Peters stated with a wave of his hand and continued, "Now look at it, there is a house on every lot and an apartment complex where my son use to go squirrel hunting."

When the Peters moved to where they live now he planted all the fruit trees and grapes.

The Peters have five types of grapes, tarhell, silver cluster, skuppernon, hunt and lake emerald.

Peters stated he really did not know exactly all the different types of fruit trees he has planted through the years. But he did name a few, lechi nut, murcott, orlando tangelo, mineola tangelo, promagrate, honey murcott, donaldson sweet, Valenica, navel orange, Jaffa, key lime, macadamica nut, pecan, purple plum, avocado, mango, satsuma and peaches.

In their two gardens (spring and fall) they plant about the same things, turnips, corn, mustard, butter beans, squash, cucumbers, pumpkins, potatoes, broccoli, collards, cauliflower and rutabagas.

They spray the garden about twice a week with insecticides to keep the bugs from eating holes in the vegetables.

Peters said he used only organic fertilizer that he makes himself. He piles up all the oak leaves and clippings (he cuts off the trees). This type of mixture holds the moisture in the soil so it does not dry out quite as fast as it would normally.

As each vegetable comes in season Mr. and Mrs. Peters pick what they need, clean the vegetables and can them.

Mrs. Peters has put up 35 cans of green beans last week.

She uses a recipe from BALL Blue Book of canning and preserving recipes published by BALL Brothers Co., Muncie, Ind. She stated she had had the book for many years, but it had the best recipes.

The recipes for green beans is - wash, string, break or cut young tender, freshly gathered pods into two inch pieces. Boil five minutes. Pack into hot jars and add one teaspoon salt to each quart.

Cover with water in which beans are cooked. Process small, young pods 35 minutes and large ones 55 minutes at 10 pounds of pressure or three hours in hot water bath; then complete seal.

Peters made his wife a tool with which she can take the jars out of the pressure cooker without burning her hands. It is shaped like a pair of thongs and is made from one inch thick and ¾ inch wide flat iron.

At the ripe age of 71, Peters stated this would probably be his last garden and last year of canning, he was getting to old. But somehow this is hard to beleive if a person knows him.

"I work every single day. It keeps me going and I think if I quit working my health would not be as good," said Peters.

This is just one of the 35 jars of beans Mrs. Peters put up last week. In about two weeks she will be canning butter beans.

LINDSEY PETERS (right) is always having company drop by to visit or to pick vegetables. Max Baader (left) stops to see the Peterses often and they sit in the swing under the oak tree, where they talk over old times.

Aluminum Siding Salesman

Question: I have been approached by a slaesman to have my home used as a demonstration model for a line of aluminum siding that he sells. I understand that this is a common practice, but I wonder if I really come out as well as he suggests. Should I reguard his offer as suspect?

Answer: Aluminum siding salesmen have always worked the State of Florida either by direct contact or over the telephone. Like the seven year itch, they show up regularly, strike fast, and depart even faster.

The most common tactic in selling aluminum or steel siding is the advertising approach. You are told that you have been selected as a representative in your area to exhibit siding on your home.

The only requirements are that you write a letter to the company expressing your gratitude for the free siding, and allow your home to be used in television and news commercials.

The total cost of installation can exceed the fair market value of the siding, and the siding itself may turn out to be an inferior quality that will render your house in worse condition than before the job was done.

The other selling method is combined with a "mechanic's lien racket."

You sign a contract agreeing to pay for the aluminum siding on the basis of an estimate by the salesman. The siding is installed, and the final cost is five or six times the estimate.

Then you are told that if you do not pay the total price, a mechanic's lien will be placed on your house and foreclosed, in which events your house would be sold to pay for the aluminum siding.

Always make sure that the contract contains the total price. Deal with a reputable contractor. Taking the time to find out about a company or their sales representative can save you a lot of grief and money.

Any company or salesman worth their "salt" will not require you to sign any contract or agreement on the spot.

Mr. and Mrs. Lindsey Peters can their fresh vegetables each season. Peters made tool shaped like a thong out of 1 inch thick by ¾ wide flat iron, so they could take the jars out of the pressure cooker without burning their hands.

Balance Meals With Beans

Green beans supply generous amounts of Vitamins A, B and C, as well as calcium and iron, yet only contain 30 calories per cooked cupful. Since they blend so well with most meats and vegetables and even nuts and dairy products, green beans make a good casserole item for those many holiday meals coming up. Here are some suggestions from the Florida Department of Agriculture's Division of Marketing test kitchens.

PRIZE-WINNING GREEN BEAN CASSEROLE

1 10½ oz. can cream of mushroom soup
1 10½ oz. can cheese soup
1 small can evaporated milk
1 teaspoon salt
3 cups cut-up cooked chicken
3 cups partially-cooked Florida green beans
1 tablespoon chopped onion
1 small jar pimiento, chopped
1 cup chopped celery
½ cup Chinese noodles
½ cup slivered blanched almonds
1 3½ oz. can French-fried onions

Combine soups and milk, stir until well blended. Boil fresh green beans in salted water rapidly, until just tender. This should take about 20 minutes. Combine all ingredients except canned onions; turn mixture into oiled casserole. Bake in 350 degree oven until beans are tender. Top with French-fried onions and bake 10 minutes longer. Makes 8 servings.

Basic String Beans

½ lb. bacon, salt pork, or steak-of-lean
3 qts. (approx.) water
2 lbs. string beans
2 tsp. salt
Black pepper to taste
1 tsp. crushed red pepper

Cook meat 1½ hours. String the beans. Sprinkle with seasoning and cook, covered, about 30 to 40 minutes over low heat until beans are tender but not overcooked.

Ham hocks or smoked ribs and white potatoes cooked in the string beans make this a complete meal. 6 Servings.

Classes Offered At S F J C On CPR Training Program

Don Farrens, Dean of Vocational, Technical and Adult Education, announced a county wide Cardiopulmonary Resuscitation (CPR) training program will be co-sponsored in Highlands County during the month of May, by South Flroida Junior College, Highlands County Emergency Medical Service and the American Heart Association.

These classes will be offered to the public at no cost both in the day and evening in Avon Park, Sebring and Lake Placid.

The morning sessions at each location will meet from 9 a.m. to 12 noon and the evenings sessions will meet from 7-10 p.m.

Sebring class will be held at the Ag Civic Center Mondays, May 9, 16 and 23.

Avon Park classes will be held Tuesdays at the Florida Firemens Association Building,which is adjacent to the National Guard Armory and across the highway from S.F.J.C. on May 10, 17 and 24th.

Lake Placid classes will be held at the Creel Building in downtown Lake Placid, Thursdays, May 12, 29 and 26.

If you are a person who is interested in swimming, water skiing, have loved ones who work with electrical tools, or if any of your family or friends have a heart condition , you will be interested in learning the newest techniques , in this short period of time, that may save the life of any peron involved in accidents or illness mentioned above.

"CPR is very important. If we could teach every person in the United States this, we could save thousands of lives. CPR can even be taught to children," said Farrens. He continued, "If you only blow air in and out of a persons lungs that will only keep them alive for a couple of minutes, if they are having a cardiac arrest. No matter how much air you blow into the lungs if the blood does not circulate through the body and to the brain your efforts are waisted."

These classes are being taught by members of the Highlands County Emergency Medical Service, Support Squad and the local chapter of American Heart Association.

All persons interested in enrolling in these classes will be given instruction in the Basic Life Support unit as advocated by the American Heart Association and also see a demonstration of the Heimlich Manuver which is the newest method of assisting persons who are chocking.

Sebring residents may make reservations for this class by calling the Highlands County Medical Services 385-3484.

Avon Park residents may make reservations by calling S.F.J.C. 453-6661, C.I.S. office, ext. 115.

Lake Placid residents may call the Creel building and make reservations with the secretary there.

Persons do not need to come in person, but should call and give their name, addresses and section they wish to attend.

Residents may attend any class but must attend the same section once they are registered. All materials and equipment will be provided for by the sponsoring agencies.

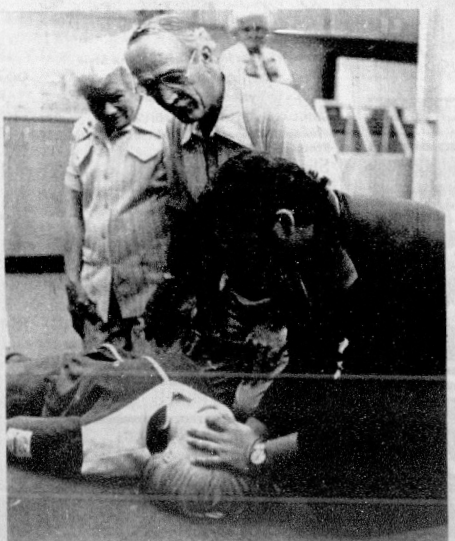
Any person with further questions should contact South Florida Junior College, 453-6661, ext. 115.

Two rescuers can perform CPR best when they are on opposite sides of the victim. They can then switch positions when necessary without any significant interruption in the rhythm. Shown from the left Suszanne Skipper, Elsie "Bunny" Scanlan (instructor), and Rose Lufanski. Sunphote by Barbara Cornell.

Infant Resusciation

Robin Snelgrove, CPR instructor, shows members of the Cardiopulmonary Resuscitation Class at South Florida Junior College the correct way to give a baby mouth to mouth resusciation (artificial ventilation). For infants and children the rescuer covers both the mouth and nose of the child with their mouth and uses small breaths with less volume to inflate the lungs once every three seconds. Pictured from the left, kneeling Laffie Golenbiowski, Robin Snelgrove, Suzanne Skipper. Standing, Geradine Deegan, Charles Deegan and Rose Lufanski. (Sunphoto Barbara Cornell.)

Explaining Procedure



The most important factor for successful resuscitation is immediate opening of the airway. This can be accomplished easily and quickly by tilting the victim's head backward as far as possible. Instructor Eddie Conklin, explains this procedure to Clementine Roundtree and Robert Paliver. Sunphoto by Barbara Cornell.

Lady Of Fatima

George O'Brien producer of the television program "THE SECRET OF FATIMA" will speak at the Blue Army Center of Our Lady of Fatima, in Inverness, on May 13th, the 60th Anniversary of the Apparition at Fatima.

The Celebration wil be held from 9 a.m., until midnight. O'Brien will explain about the Secret of Fatima and his main subject will be Sensible Attitudes Toward Fatima.

Why did Pop John XXIII, who opened the secret decide not to make it public?

George O'Brien, who is President of the Board of Trustees of the Blue Army, discusses the Pope's attitude publicly at the Catholic Church of Inverness during the all day celebration.

Lucy (the visionary of Fatima) was charged not only to transmit a secret to the Pope but also to make known to all the world a public message- which bears a solemn and divine assurance of a period of peace to mankind if this message is heard.

The official Apostolate of this message in the world is The Blue Army of Our Lady of Fatima, of which the Most Rev. John Venancio, who as Bishop of Fatima, welcomed Pope Paul in 1967, is the International President and visited Inverness on October 13, 1974.

The Blue Army has tried to bring this message to the attention of the world.

You are invited to hear this message at Our Lady of Fatima Church, Inverness Florida. Everyone is welcome.

Grants Offered To Good Students

Community college graduates who plan to attend The University of West Florida and who have demonstrated outstanding student leadership are urged to apply for undergraduate achievement grants for the fall quarter, 1977, according to Dr. Kenneth L. Curtis Jr., vice president for student affairs at UWF.

The new program will award the grant for a maximum of three quarters, with a renewal option for up to three additional quarters to those students who qualify. Grants will have a maximum of $200 per quarter.

Eligibility criteria are: graduation from a community college, admission to the university in good standing, demonstrated student leadership and achievement or leadership potential, recommendation by your community college and recommendation attesting to your character.

To be considered for the grant, students must complete the application form available from the office of student affairs at community colleges throughout the state, submit a list in chronological order of all student activities, leadership positions, etc., and two letters of recommendation — one from the applicant's current or previous community college and one from a character witness.

The completed forms should be returned to the student affairs office of the applicant's college for forwarding to the Office of Student Affairs, The University of West Florida, Pensacola, Fl., 32504.

Students are urged to apply as early as possible and not later than August 22, 1977.

Bonnie Brae News

By Margie Wells

We all wish to express our sympathy to Jane Rabideau whose son Kenneth was tragically killed in an accident this past week, while he was cutting trees for lumber in New York. Jane and her daughter flew to New York on Thursday. Funeral services were held on Tuesday and he was buried in Tupper Lake, New York.

Sallie and Steve Bohaychyk and Evelyn and Tom Chockley visited Lake Buena Vista this week where they had lunch and toured the ship "Empress Lilly."

Among the courtesies extended Mrs. Ruby Prail who, with her husband, Arnold, is visiting her sister and brother-in-law, Maude and Al Miller, was a luncheon party on Thursday at the Sun'n Lake Country Club Restaurant. The hostess was Lorraine Robertson. Those attending were Ruby Prail, Lulu Potter, Maude Wilson, and Alice Rosa.

Sally and Steve Bohaychyk and Ellen Hunt were dinner guests of Ruth Smith on Tuesday. On Wednesday, Ruth entertained Helen Dyce, Lorraine Robertson, and Lulu and Lewie Potter for dinner.

Mr. and Mrs. Orlaf Burk from Clearwater, Florida, were over-night guests this past week of Evelyn and Tom Chockley.

Congratulations to Helen Dyce who tells us she had a new great grandson born this week. This makes four great grandchildren for Helen!

Ellen Hunt and Ruth Smith drove to Lakeland on Sunday and had dinner at the Sea Wolf Restaurant.

We received word that Grace and Lee McFrederick and Dorothy and Karl Hart have arrived safely at their "summer" homes. It was good to hear that Lee was feeling better and we wish him the very best.

Hospital Board Luncheon Is Set

There will be a called luncheon meeting of the Highlands General Hospital Board of Commissioners on Friday, April 29, at 12:30 p.m. in the hospital Conference Room.

The purpose of this called meeting is for the purpose of considering an increase in rates with consideration beginning at 1 p.m.

He then completed five years of professional school education with concentration in the basic sciences, diagnostic special ties and therapeutic procedure. This included a nine month externship in the Chicago General Health Service one of four college clinics operated for professional training.

Dr. James Spiegel will be practicing with his father, Dr. O. A. Spiegel at 121 N. Franklin Street, Sebring, formerly the office of Dr. Henry E. Kost.

FLOWERS PROVIDE A YEARLY PROOF OF GOD'S LOVE

In May, by bringing forth the flowers,
God adorns this land of ours;
When each species beautifies
With fragrance, color, shape and size
The earth on mountainsides or plains
In floral grandeur, fed by rains;
Where petals, brilliant-hued, abound
On bushes, trees and on the ground.
In any Church you may attend,
This beauty helps you comprehend
The springtime lesson it will give:
God loves this world in which we live!

—Gloria Nowak

"I am the rose of Sharon and the lily of the valleys."
—Song of Solomon 11:1

He called the flowers, so blue and golden, Stars that in earth's firmament do shine.
—Henry Wadsworth Longfellow
