

School Board To Refinance Bonds

The school board's once-discussed \$300,000 savings on bond refinancing divided to an estimated \$125,000 this week, but the majority voted to pursue the matter through a court validation since all fees will be contingent on

successful resale.

Felicia Hyde, a Jacksonville bond broker, told the board it can take advantage of a steady bond market now and go as far as accepting bids for the proposed refinancing. Bond Attorney

John Kelly will have an enabling resolution ready by Sept. 23, she reported. Then he will seek a court date for the validation, to be followed by bid seeking. Consolidation of the board's general obligation bonds is hampered by present constitutional restraints, she said, but if the board is still interested it can seek a special legislative act and be ready to act again after July 1 if successful in revising the legal hangups.

She said refinancing fees would be included in the issue which will have to be offered above par since school boards are presently restricted from offering at or below par.

Assured it can still stop the entire effort, the board voted to continue. Mrs. Hyde said there would also be an obligation to pay the call premium fees of \$88,000 or 2.5 percent of the total issue.

A non-federal assistance grant is being sought for purchase of new freezers, coolers, delivery truck and forklift to use in the proposed central storage warehouse which the school administration plans to construct at the George Douglas Administrative Complex at 426 School Street.

Teachers-County

Agree On Good And Fair Contract

Forty hours of negotiating between the school administration and the Highlands County Education Association have produced a two-year agreement which is "good and fair", Tom Johnson, head of the school board's team reported Tuesday.

Dr. Dan Davis' recommendation that the board endorse the contract, which was ratified by a majority of the HCEA who represents 85 percent of the instructional personnel last week, was approved.

Johnson said only three items will be subject to reopening in June 1978 — one by the board, one by the teachers and a third mutually agreed upon.

Only 13 of the group's 336 members opposed the contract, Chief Brojek, chief HCEA negotiator said, and all of those felt more could have been obtained in the salary area.

Formal signing by the board chairman Mrs. Ruth K. Davis, and Brojek was set for 1 p.m. today (Wednesday).

Johnson said there were no "substantive" changes other than wording except for the salary and supplemental increases which he called "major".

In other action Tuesday, the school board:

Approved with no public discussion the new 50 page Student Code of Conduct, which was publicly advertised for hearing. It becomes effective in 20 days and copies will be distributed to all high school students; made available at middle schools and for parents at elementary schools.

Voted to endorse the District Comprehensive plan which sets goals for grade level termination achievement in math, science, language arts and social studies. Board member Ken Grady proposed a report on its progress at the end of the school term.

Approved a change order for chalk boards at the new Lake Placid High School, bringing the total of change orders on that \$3 million dollar plant to only \$100,588, a sum chairman Davis called "low" for the magnitude of the project.

Upped the premiums for group health insurance for both instructional and non-instructional employees about 48 cents per month for single employees and 81 cents for family coverage. Board cost per employee per year will be \$247.70 of the total \$661.20 premium for the 12 month policies.

Set a special session Monday at 7 p.m. to discuss in workshop the preliminary draft of a reorganization plan for the administration by a private consulting firm.

Announced a 10 a.m. Monday meeting of Hardee, Highlands and Okeechobee

school officials to begin planning an energy conservation program.

Agreed to allow citizens of Lake Placid to obtain preliminary drawings for a swimming pool at Lake Placid High School using funds collected by a local group.

Approved moving a portable classroom to Hopewell Elementary in Avon Park to take care of a kindergarten overflow.

Revised the school calendar to change student holidays which are teacher in-service days from Oct. 28 to Oct. 31 and from Jan. 20 to April 28.

Decided to join the state purchasing pool and save an estimated \$1,050 on three school buses to be ordered next year.

Awarded high bidder Pine Ridge Baptist Church in Lake Placid one 1964 Ford bus chassis for \$202 and a second to Jonas Vanderley of Sebring for \$151. Joe's Garage, Sebring, was high bidder at \$157 for a 1962 4-ton pickup truck.

Approved low bid of Watson Fence Co. for fencing the Sebring High School shop parking area, \$1,864.70; Reeves Fence, \$3,163 for an outdoor classroom at Fred Wild Elementary to be partly funded by an environmental grant, and \$15,945 for a fence at Lake Placid Elementary School, funded from Safety-to-Life monies.

Rejected a Spring Lake Services bid to remove an aerobic digestion sewage plant for \$1,950 and ordered Garland Boggs, purchasing agent, to dispose of it using the "best possible means" since two attempts to get bids on its sale have failed.

Tryouts For 'Harvey' Set

The highlight of the next general meeting of Highlands Little Theatre (HLT) will be tryouts for the well-known comedy, "Harvey".

HLT's general meeting, to which the public is invited, will be held at 7:30 p.m. on Thursday, Sept. 15, at the parish hall of St. Agnes Episcopal Church, 660 NW Lakeview Drive. A short business meeting will be held from 7:30 p.m., and tryouts will begin promptly at 8 p.m. "Harvey" calls for a cast of six men and six women, and will be directed by Delores Masonick of Spring Lake. Mrs. Masonick, a veteran actress and director, for HLT directed the Neil Simon Comedy, "Barefoot in the Park," and had a major comedy role in "Blithe Spirit." Anyone in the county interested in any feature of amateur play production is urged to be present for the general meeting tryouts.

Umberger Named Complaint Analyst

Conrad Umberger, 36-year-old graduate of Florida State University, has been named to the recently created post of consumer complaints analyst supervisor of the Division of Consumer Services. The announcement of Umberger's appointment was made this week by Doyle Conner, Commissioner of the Department of Agriculture and Consumer Services.

The Division of Consumer Services of the Florida Department of Agriculture and Consumer Services is the official state clearinghouse for consumer complaints. During the past 12 months its personnel handled more than 15,000 complaints.

Florida residents with consumer questions or complaints may write the Division of Consumer Services, Mayo Building, Tallahassee, Florida 32304, or call 800-342-2178.

Hockey Star Opens Burger Queen Here

By RICK MOYER

After more than 200 stitches in his face, two knees, an elbow and a jaw operation and eight lost teeth, Warren "Rocky" Godfrey retired from the National Hockey League in 1969 to go into the less physically demanding restaurant business.

He didn't know it then, but he was destined to wind up in Avon Park as the owner-operator of the new Burger Queen, which opened its doors in August.

Rocky was born in Toronto, Ontario, Canada, and grew up with the sport of hockey, much like a youngster in America grows up with Little League Baseball. Hockey is Canada's national sport, so it was only fitting that he played the game and played it well.

"The first thing I got for Christmas when I was three or four was a pair of ice skates," he said. "My father was a mailman and encouraged me to play the game. It was a way of getting out and making a name for myself."

He was so impressive playing junior hockey in Canada that the Boston Bruins signed him to a contract in 1950 when he was 19 years old. "The day I signed to become a pro was the biggest highlight of my career," Rocky said. "I signed after my junior year in high school and never did graduate, but I don't regret it because I was going to be a professional hockey player."

He was sent to Tacoma, Washington, for his lone year in the minor leagues. The Bruins called him up to the big time the following year and this was the start of a long and illustrious career in the NHL.

Rocky, a 6-1, 192-lb. defenseman, was paid \$3,000 to sign with Boston, a far cry from the astronomical sums demanded by players or their agents today. Even when he retired, he was making a modest income of \$22,500.

After playing with the Bruins for three years, he was traded to the Detroit Red Wings in exchange for Goalie Terry Sawchuk. "Sawchuk was the greatest goalie in the world," Rocky said. "After he retired, he died tragically. He was being operated on for an injured spleen suffered in a fight when he had a heart attack and died."

Rocky spent the next seven seasons with the Red Wings before being traded back to the Bruins for cash, an estimated \$30,000 to \$40,000. A year later he was shipped back to Detroit for two future prospects and he spent his final six seasons with the Red Wings.

Archery Hunt Postponed

Avon Park wildlife management area will be closed to archery hunting Saturday, September 17, due to Air Force maneuvers. However, there will be open Sunday, September 18.

Check station hours will be from 5 a.m. to 8 p.m. on Sunday. Hunters should check in at the Main gate and will be advised how to reach the hunting area by way of Smith Grade. A portion of

Weekend Softball Tourney

The Avon Park Softball Association will sponsor a tournament here at the Volunteer Ball Complex Saturday and Sunday, Sept. 17 and 18. The action will get underway Saturday morning at 9 a.m. according to Director Ronnie Jackson.

It will be a double elimination tournament with twelve teams expected to compete. From Avon Park, Jackson Masonry and Avon Paint and Body have already signed up for participation. Also tentatively agreeing to compete are two teams from Bradenton, the Bradenton

In the days when he played, a defenseman was exactly what the position indicates. "I was a defenseman's defenseman, scoring five to eight goals a year and getting between 25 and 40 assists each year. There were no defensemen like Bobby Orr in those days."

Rocky never played on a Stanley Cup championship team, but he came close many times. "I was in the playoffs every year I played except one. I never played on a championship team, but we made it into the finals seven times. I guess I was always a bridesmaid, but never a bride."

Injuries are a part of hockey and he had his share. "I had a lot of torn tendons, some torn ligaments and calcium deposits in my knees. These eventually led to my retirement. I've had two knee operations, one on my elbow and one on my jaw."

"My jaw was broken in two places when I was hit by a flying puck. The bones were shattered and it was weird dead shut. I had to eat and drink through a straw for weeks."

"I also lost eight teeth in my career. They just kept whacking away at me."

Most hockey players shoot a puck about 90 miles per hour, but a player like Bobby Orr can fire the puck 125 miles per hour. When it hits you, you know it. "You have the same amount of injuries in hockey as you do in football," Rocky added. "I've had a couple hundred stitches in my face, caused by being hit with a puck or with a hockey stick. Your forehead and eyebrows get cut a lot, but only a few of the injuries were intentional. Back in the days when I played you used to get involved in stick fights and would slash at each other, but they don't permit this today."

During his long career, he played with or against such all-time greats as Gordie Howe, Ted Lindsay, Red Kelly, Henri Richard, Bobby Orr, Jean Beliveau, Maurice Richard and Bernie "Boom-Boom" Geoffrion, as well as Bobby Hull. He considers Howe, as well as Bobby Hull, the age 50, the greatest.

"He was the greatest hockey player in the world. He was big and strong and he could do it all. He could do anything asked of him. He was exceptional at every sport he tried. He's still playing. I don't know how he does it."

After Rocky retired, he moved to Florida and opened restaurants in the Pompano Beach, Ft. Lauderdale and Ft. Myers areas. "A friend of mine opened up a string of restaurants in Michigan and asked me if I wanted to move with

Kissimmee Road will be posted off but range officials hope it will be open by 10 a.m.

Hunters wishing to confirm the September 24-25 weekend opening should call the Air Force Range at 813-453-3527 or 813-452-4195. Sportsmen may also contact the Game and Fresh Water Fish Commission by calling 1-800-282-8002, toll-free.

Herald and Paul Smith Masonry; a team from Fort Lauderdale; a team from Lakeland; and possibly Ben Hill Griffen from Frostproof. Birnbo's Bombers may also take part in the late, end of the season tourney.

In their approval of the late season all-sport softball tournament the Avon Park City Council, at their Monday night meeting, were informed that "no alcoholic beverages allowed" signs would be in place before the start of the tournament.

A men and women's single tournament is scheduled to be held the latter part of September. Details of the meet will be published as soon as possible.

New members are invited to join the association by mailing the \$5 dues to Joanne C. O'Neil, 756 Magnolia Street, Sebring, or calling her after school hours at 385-4554 concerning membership.

him to Florida. I had nothing else to do so I moved my family to Florida and opened up some more restaurants with him."

Earlier this summer an opportunity with Burger Queen came along and Rocky took it. He trained for two months in Wauchula and then opened up his own Burger Queen in Avon Park with his family.

His daughter, Michelle, is the manager and his son, Steve, a student at Avon Park High School, helps out during his free time. Another daughter, Tammy, is a freshman at South Florida Junior College and another son, Kirk, works for Long's Air Conditioning in Avon Park. "I like the area. I think it's great," he stated. "I want to work here and then retire here."

His hobbies include all sports, especially golf, a sport he has little time for these days.

During Rocky's days as a player, there were just six teams in the National Hockey League and only 106 professional hockey players. "Expansion has watered the system," he says. "The calibre of player is not the same today as it was 20 years ago. But expansion has given more jobs to many and it's great for the players."

He also doesn't mind seeing players get huge salaries. "Any pro sport is a business. If owners can afford to pay huge salaries, you know that team is making money."

Rocky's favorite cities during his playing days were Detroit and Toronto. "Detroit treated me first class. It was a first class place to be. The cleanest town of all was Toronto, a city with some three

million people. It was really a nice place to live."

But those days and those cities are now behind him. His future appears to be in Avon Park, another fine place in which to live.

Warren "Rocky" Godfrey

GOLF 'n TENNIS FOOD 'n FUN...

That's what you find at both Sun 'n Lake Clubs.

Our Sebring Club has an 18 hole championship course and our Lake Placid Club has a challenging 18 hole executive course.

Both have night-lighted tennis courts, fully equipped clubhouse, special parties, tournaments and events. The Sebring Club has sensational dining plus live entertainment nightly at its Black Forest Restaurant and Lounge. Both Clubs are open to the public.

Middle School Opens Football Season Against Lake Placid

The Avon Park Middle School football team will open its 1977 season next Tuesday night, Sept. 20, here at Memorial Field against the Lake Placid Middle School team starting at 7:30 p.m. Admission will be \$1 for adults and fifty cents for students according to Middle School Athletic Director John DuPriest.

Since the Middle School is now responsible for its own financial program, high school tickets will not be honored at Middle School games starting this year.

The Avon Park Middle School team will be coached this year by Cecil Walker and Ben Nelson. There are over forty boys out for the Middle School team. Most of these boys will dress out for the game next Tuesday night.

Eight graders working out for an end position are: Jeff Brock, Bryan Oliver, Edie Knight, Roosevelt Wyche, Michael Bent, Steve Smithson, Randy Hudson, James Henry and Joe Evans.

Trying for a starting tackle job are eighth graders: Dwayne Durrance, Stuart Yundt, John Hood, Ben Casey, Andy Sprites, Sam Jolly, and Wayne Whitaker.

The guard positions will be filled by a couple of eight graders from these boys: Lorenza Walker, Jeff Green, Walton Touchton, David Mercer, Tony Thompson, Robbie Kopp, or Robbie Kendrick. Seventh graders Desmond Albritton and Juan Sanchez are also working at the guard positions.

Bart Murphy and Terry Jackson are the two eighth graders trying out for the job of center on offense.

The backfield has quite a few hopefuls working hard to be ready Tuesday night

with an offense that can score some points. Joe May, Noel Jahna, and Warren Moreland are all working out at quarterback.

Halfbacks learning to run the ball from the T-formation will be Terry Fortis, David Bennett, Calvin Wingate, Warren Moreland, Ronnie Barnes and Courtney Weathers.

Trying out for fullback are Tony Moore and Leroy Stirling. Defensive backs will be Bobby Smith, Kerry Clait, Chester Daniels, and seventh graders Charles Dunn and Gerald Brister.

The Avon Park Middle School team has gone undefeated the past two years and Coach Walker will hope the team this year can keep the winning tradition going.

Scheduled for the 1977 season: Sept. 20, Lake Placid, home; Sept. 27, Sebring, away; Oct. 4, Wauchula, home; Oct. 11, Lake Placid, away; Oct. 18, Sebring, home; and Oct. 25, Wauchula, away. All games will start at 7:30 p.m. except the game in Wauchula which is scheduled to begin at 1:30 p.m.

Charges To Be Made For Middle School Football Games

The Avon Park Middle School football program will be under new management this year according to Athletic Director John DuPriest. Previously, the eighth grade football team has been financed by the high school athletic program.

Starting this year the Middle School Athletic Program will be on its own. This fall there will be a six game interscholastic football program and an interscholastic girls softball program with six scheduled games. Admission to the three home football games will be 50 cents for students and \$1 for adults.

High school season football passes will not be good for the Middle School games starting this year and DuPriest

hopes fans will pass the word around in order to avoid embarrassment at the gate next Tuesday night, Sept. 20, when the Middle School team will play Lake Placid here at Memorial Field.

The schedule for the football team is: Lake Placid, Sept. 20, home; Sebring, Sept. 27, away; Wauchula, Oct. 4, home; Lake Placid, Oct. 11, away; Sebring, Oct. 18, home; and Wauchula, Oct. 25, away (1:30 p.m.). All games except the game in Wauchula will start at 7:30 p.m.

Admission for the girls softball games has not yet been set. Their season will begin on Thursday, Sept. 22. DuPriest expects the home games will be played at the Little League Field.

COACH HOPPY REWIS rides the blocking sled and gives instructions to the Avon Park junior varsity linemen during

practice this week. The Devil Jayvees will open their eight game season tonight (Thursday) at 7:30 p.m. at Memorial

Field against the Fort Meade Miner junior varsity. Sunphoto by Lucy Derkman.

Junior Red Devils Kick Off '77 Football Season

The Red Devil junior varsity football team will open its eight game 1977 season here at Memorial Field tonight (Thursday) at 7:30 p.m. against the Fort Meade Miner Jayvees. Head coach Hoppy Rewis, in his second year with the Devil Jayvees, will be assisted this season by Don Sisemore, who helped coach the eighth grade team to a perfect record last season along with head coach Joe Barnes.

Last year's Red Devil junior varsity set a 6-2 record losing only twice to Sebring. However, only six sophomores return from last year's squad. Returning

Fisherman's Fancy Foiled By Photographers Fluke

A 9 pound black bass that broke Doyle Walker's bamboo cane pole but couldn't shake the hook, got away in a darkroom accident last week.

Walker, doing his favorite kind of fishing in Fox Lake, was wading in about three feet of water, using a 10 to 12 foot cane pole with about 20 feet of 20 lb. test line.

He had started fishing about 4 p.m. on Saturday of Labor Day weekend and caught about a half dozen nice pan size bass, including a 2 1/2 pounder. In the meantime a light rain had started to fall.

In a swirl of water, his yellow popper disappeared as a big one took the lure under. While attempting to bring the fish to the surface Walker saw the cane pole snap and then it was a battle to bring the fish up out of the four foot of water along the edge of a grass bed. Walker thought he might not have landed that 9 pounder if he had been using a lighter line.

After having had a picture taken of the big bass, Walker said that Mrs. Walker would bake the fish with seasonings. However, the darkroom was another matter.

are Greg Baldwin, inside tackle; Johnny Barnes, split end; Farris Jahna, guard; Andy Leach, center; Mark Steedley, guard; and Steven Cooper, end.

Other sophomores out this year trying to earn a starting position are: Lawrin Ellis, split end; Kelley Graham, outside tackle; David Hardy, fullback; Tim Minard, guard; and Steven Peters, tackle. Sophomore halfback Johnnie Wooden was injured off the field last week and may be out for the season.

The remainder of the squad are freshmen. In the backfield, under Coach Don Sisemore, will be quarterbacks Charlton Weathers and Alvin Conner, fullback Jeff Caldwell, running backs Gerald Jones, Carl Wingate, Billy Bolden, Greg Whidden, and Dwayne Council and defensive backs James Berry, Kirk Evans, and Larry Jackson.

Freshmen were working for a slot at tight end, split end, or defensive end are: Todd Bennett, Chris Collins, Ricky Derkman, Darwin Ford, Alvin Hardy, David Hicks, and Tommy Turnbull.

Ninth graders working for a starting tackle position are: Edwin Cooper, Kerry Cribb, Phil Cribb, David Houpe, Terry Kelley, Allan Liske, and James Simpkins.

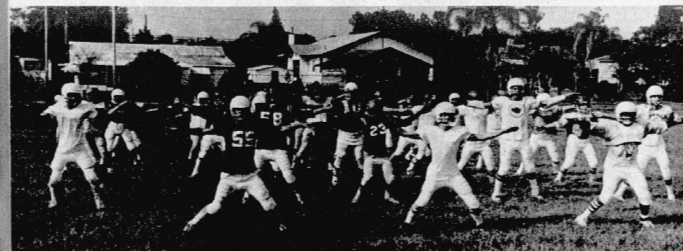

Hoping to take over a starting guard slot are freshmen Jody Dennis, Steven Godfrey, Darrell Kinpbrick, and Ricky Norris. Ricky Johnson will also work at the guard slot when he reports out after recovering from an operation on his big toe.

Freshman Chris Collins is working at back-up center to Andy Leach. He may also play linebacker on defense and end on offense. Alvin Conner is expected to see action at split end as well as serve as back-up quarterback to Weathers.

As of the first of this week, the Avon Park junior varsity had 40 players practicing for the opening game tonight. The Devil "Bees" should have a heavier line on both offense and defense this season. The backfield has shown promise the past weeks at practice with halfbacks Carl Wingate and Gerald Jones appearing to have the edge for starting positions.

The offensive line will probably be mostly sophomores with Andy Leach at center. Mark Steedley, Farris Jahna, and Tim Minard at guard, Greg Baldwin, Terry Kelley, and Kelley Graham at tackles, and Ricky Derkman at tight end. Johnny Barnes will alternate at split end along with Alvin Conner.

The Devil Jayvees will play five of the eight games at home this season. After the opening game here tonight against Fort Meade, the Devils will go to Frostproof next Thursday, Sept. 22. Sebring will come here on Sept. 23. Oct. 6 will be an open date. Oct. 13 will be in Lake Placid, Oct. 20 Mulberry will come here, Oct. 27, Frostproof will come here, Nov. 3 will be in Sebring, and on Nov. 10 it will be Okeechobee here in the final game.

MIDDLE SCHOOL FOOTBALL prospects limber up with some exercises during a practice session this week under

coaches Cecil Walker and Ben Nelson. Over forty eighth and seventh graders are out for the team which will play a six

game schedule this year starting next Tuesday night, Sept. 20, at 7:30 p.m. here at Memorial Field against Lake Placid. Sunphoto by Lucy Derkman.

SFJC Baseball Team Trims Down

IN THE BATTING cage at South Florida Junior College, Dale Sisemore took a turn at batting practice during the fall practice session. Sunphoto by Lew Miller.

The South Florida Junior College baseball team has been conducting fall practices for the past two weeks. Thirty-four players were present for the opening drills and thirty-two are still participating in daily workouts and intrasquad games. The squad will be trimmed to a more workable size by Friday to about 27 or 28 players.

These players will take part in daily practice sessions to include intra-squad and exhibition games against various junior college and universities in Florida. The fall season will be highlighted by weekend games with Florida State University, Stetson University and weekly games with Florida Southern College.

There has been a great amount of enthusiasm shown by the players for fall workouts. This is brought about by the large number of players on hand, the keen competition that is developing at every position, particularly in the infield; and the awareness of the players that they have the potential to develop into one of the top junior college teams come spring.

Although it is early for a detailed evaluation on the players, several have caught the eye of Coach Tim Hill. Switch-hitting infielder, Dan Pototsky, has looked sharp from both sides of the plate. All-Division outfielder, Charlie Faulconer, looks like he really came to play. Avon Park's Dale Sisemore looks like he could develop into a fine junior college player. "At this point, Dale would

be our third outfielder," said Coach Hill. "He is a hard worker with good aptitude and seems to be getting better every day."

Firstbaseman, Mark Lacy, has displayed some power and Toledo University transfer, Toby Cunn, looks smooth at third base and has shown a quick bat.

The Panthers, ranked eighth in last season's State Coaches Poll, will continue practice sessions into November in preparation to move even higher in the State rankings next spring.

SFJC Tennis Classic Set For Oct-Nov

Entries are now being accepted for the South Florida Junior College Tennis Classic to be held during the months of October and November. There will be nine different brackets to include singles, doubles, and mixed doubles for the beginners and advanced players.

All matches will be played at the participants' mutual convenience on any neutral court in the South Florida Junior College district. Scores may be phoned in following each match, and winners will then go on to the next round of play. The finals for the tournament will be held on the SFJC courts on November 4.

The cost for participants in the Classic will be a \$3 donation per event for each person. All participants will be required to provide a new can of tennis balls for the first match. The winner of the match will then inherit the unused can of balls and move on to the next round.

Entry blanks may be obtained in the SFJC student center, from any member of the South Florida Junior College tennis team, from Coach Al Marrow, or by phoning 433-6661.

All donations from the tournament will be used to provide tennis scholarships and equipment for the SFJC tennis team. Certificates will be awarded to all first and second place winners.

Fall-Winter Recreation Schedule

The Fall-Winter Recreation Schedule of activities and programs that will be available to the public, will be passed out to the schools, Public Library, City Hall and Recreation Center.

Included in these schedules will be all the upcoming special events, instructional programs and a listing of facilities. A weekly schedule will appear in the Sun as a reminder. Look for it.

Avon Park Team Wins Slowpitch Tournament

The Avon Park Nazarene Church slowpitch softball team hosted the First Annual Nazarene Invitational Slowpitch Softball tournament here at the Avon Park Volunteer Ball Complex last Saturday afternoon. Teams from Okeechobee and Sebring entered the meet this year, and tourney director Ken Filippula hopes to enlarge the tournament to include at least eight teams next year.

In the first game of the round robin

meet, Avon Park defeated Sebring. Then Avon Park won over Okeechobee. Sebring defeated Okeechobee in a nine inning affair, and then Avon Park beat Sebring again to win the tourney.

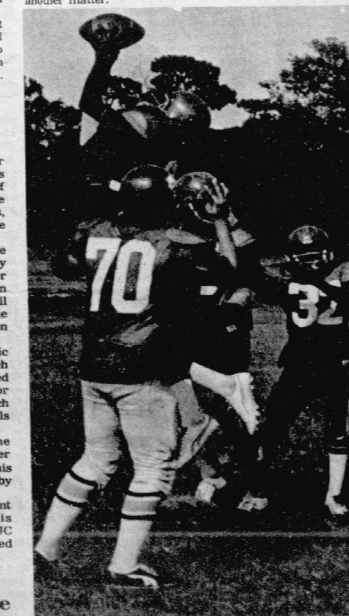

Filippula remarked that the Sebring team had played in league play in Sebring but was missing some of its regular players. However, Okeechobee had not played in an organized league this past summer.

Winter Volleyball League Meets

There will be an organizational meeting Sept. 29 at the Recreation Center, of all teams interested in playing in this fall's league. The league is sponsored by the Avon Park Recreation Department. Players are urged to start getting your team organized now! There will be 6-10 members allowed on each

team. This year's league will be lots of fun and plenty of good exercise.

All games will played on either a Tuesday or Thursday night, starting in October. Look for more information in the Sun or call Dennis Guenther at 433-6661.

Fired Up Red Devils

An aggressive, fired-up Red Devil football team whipped the Class AAA Lake Wales Highlanders on the field and on the scoreboard last Friday night at Memorial Field to take a 25-16 victory in the season opening game. Rufus Wilson, 190 pound senior fullback, scored three Avon Park touchdowns and rushed for 166 yards with 34 carries to lead the Devils on offense.

This Friday night, the Avon Park team will travel to Lake Placid to take on the Highland Conference and Class AA District opponent Green Dragons. The Dragons dropped their opener to Bishop Verot of Fort Myers by a score of 45-41. The Red Devil players will have to be careful that they don't look past the Dragons to their game with Arcadia next week. The Bulldogs upset Sebring in their season opener last week. Two former Avon Park Red Devils, Wade and Ricky Bush, are starters on the Lake Placid squad this season.

Against the Highlanders last Friday night, the Red Devils seemed to have found the right offensive combination and the execution was smooth as they drew only two offensive penalties. Two lost fumbles stopped two drives during the game.

Taking the opening kickoff, the Red Devils drove from their own thirty-six to the Lake Wales twenty-five before losing the ball on the first of the two fumbles. Penalties hampered the first Highlander drive and they were forced to punt after picking up only one first down. Both teams had short drives that ended with punts before the scoreless first quarter ended.

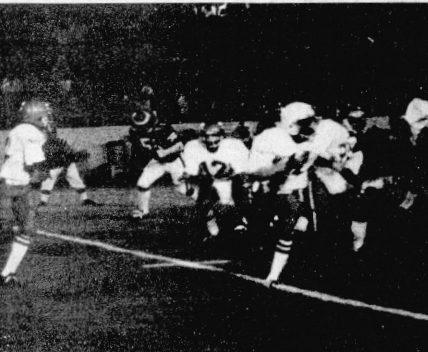

COACH JOHN HUNTER talks to Red Devil linebacker Mike Parker during a time out last Friday night at the Avon Park vs. Lake Wales football game at Memorial Field. Parker scored one of

Early in the second period, Avon Park took possession on its four yard line after a punt by Jeff Sikes for the Highlanders. With three bursts through the middle, Rufus Wilson moved the ball to the twenty-two. With the operating room, the Devils continued the drive on the ground and reached the 96 yards for the first TD of the game. A fifteen yard penalty against Lake Wales aided the drive, but Wilson bulled for 75 yards including a twenty-five yard run that put the ball inside the Highlander fifteen. The touchdown was scored by Wilson on a two yard run off right tackle. Jamie Dennis kicked the extra point with Decaris Jones holding for the place kick that put Avon Park out front 7-0 with a little over four minutes left in the first half.

The second Avon Park score came quickly. The Highlanders had taken the Devil kickoff and moved from their own twenty to their thirty-five for a first down. Then on a Lake Wales back fumbled the ball on the hand-off and Devil linebacker Mike Parker scooped the ball up on the 33-yard line and raced untouched into the end zone for a touchdown.

Parker, a 200 pound senior, had worked at halfback during spring practice but was changed to offensive tackle this fall. The kick for the extra point by Jamie Dennis was blocked but Avon Park had a 13-0 lead as the first half ended.

During the third half, the Red Devil defense held the Lake Wales ground game in check forcing three punts and taking advantage of a fumbled ball to stop another drive.

Golfettes Elect Officers

The River Greens Golfettes held their first meeting for the winter season on Tuesday, Sept. 6. Nine holes of golf were played, after which a delicious luncheon was served by Naomi Davis and Ruth Darden.

Following the luncheon, a business session was held at which time officers

were elected for the 1977-78 season. Those nominated and elected were as follows: President, Aida Willett; vice-president, Mary Ellen Kline; secretary, Adeline Prunty; and treasurer, Ethel Pulk.

The Golfettes will have a "Smokette" on Tuesday, Sept. 20, with 18 holes of golf starting at 12 noon. This will be followed by dinner.

The Red Devils scored again early in the second half. A fifteen yard penalty had put the Highlanders in trouble and they were forced to punt from their own 38-yard line. The punt went high and out of bounds for just a 4-yard gain giving Avon Park excellent field position at the Lake Wales forty-two.

Left halfback Anthony Carter raced around right end for a fifteen yard pickup. Rufus Wilson drove through the line for four consecutive gains. Carter picked up three more yards putting the ball on the five. A penalty against Lake Wales advanced the ball to the three. Wilson shot through for his second touchdown of the game. Again the kick for the extra point was no good leaving Avon Park out front 19-0.

Late in the third period, defensive back Ricky Bivens recovered another Highlander fumble but Avon Park fumbled it right back two plays later after the fourth quarter had started. Two plays later, Lake Wales fumbled again and Devil defensive halfback Decaris Jones picked it up for Avon Park.

Both teams were stopped offensively and punted. Then late in the fourth quarter, Avon Park was on its own thirty-five and had to punt again. A hard rush broke through and the punt went backwards over the kickers head for a fourteen yard loss giving Lake Wales the ball on the Avon Park twenty-yard line.

A pass and three running plays by the Highlander offense was enough for a TD with halfback James Clay going in from three yards out off right tackle. A penalty against Avon Park on the conversion attempt moved the ball to the 14 yard line. Lake Wales went for the two point and Grady Stoudemire ran it in to set the score at 19-8.

Avon Park scored again after an inside kick by Lake Wales. The Devils drove fifty three yards with the aid of two fifteen yard penalties against the Highlanders. Rufus Wilson carried the ball six times and went into the end zone from a yard out for the final Devil touchdown. A run by Jeff Adams was stopped just short of the goal line on a sweep around left end for the two point conversion attempt. The score stood 25-8.

With time running out, the Lake Wales offense went to the air and drove 60 yards for a quick TD. Jeff Sikes connected on passes of twenty-five, thirteen, and twenty-one yards to show the best offensive drive of the game for Lake Wales. Steve Farr caught the TD pass and then Sikes hit Gene Spiker with another pass for the two point conversion.

Avon Park tried to run out the clock with four plays, but Lake Wales got one more play before the game ended. Sikes scrambled and tossed a long pass to Steve Farr who was finally brought down on the Avon Park thirteen yard line after the final whistle had blown.

Statistics gave Lake Wales an edge in total yards gained with 186 yards on the ground and 110 yards through the air. However, most of the passing yardage came in the fourth quarter when Avon Park was leading 19-8 or 25-8. The Devils had 230 yards of rushing with Wilson gaining 166 yards. The Highlanders completed five of thirteen passes while Avon Park was 6 for 14 in the passing department. First downs had Avon Park ahead 15 to 12. The Devils lost 2 fumbles and Lake Wales lost the ball 3 times by fumbles.

Neither team had a very good punting average with Avon Park going 3 for 19 yard average and Lake Wales punting 6 times for a 28 yard average. The Highlanders drew 10 penalties for 127 yards while the Devils were penalized only 50 yards with 7 penalties.

Drawing praise for exceptional defensive play for the Red Devils were

Hunter-Aldrich Win Tourney

Arlene Hunter of the Sebring Country Club fired a low gross score of 87 to win the monthly Highlands County Golf Tournament, which was held at Pinecrest Country Club, Friday Sept. 9. Kay Aldrich of Placid Lakes Country Club, captured the low net trophy with a score of 73.

Winners of flights, were: A flight, low gross: Arlene Hunter, Ouida McAuley, and Louise Waltz. Low net: Kay Aldrich, Neil Redd and Helen Griffith.

B flight, low gross: Ruth Stevenson, Myrtice Derrance and Jean Kurpiec. Low net: Helen Eppolito, Judy Wagaman and Jerry Young.

C flight, low gross: Lena Wright, Edith Gowan and Margo Wood. Low net: Myrtle Johnson, Peg Michael and Clo Dumbough.

D flight, low gross: Ann DeYoung, Mary Meriatt, and Ester Olson. Low net: Bea McClary and Carolyn Stevenson.

Next month the Highlands County Women's Golf Tournament will be held at the Sebring Country Club on Oct. 7.

linebackers Mike Parker and Craig Williams, who spelled Wilson most of the game; defensive halfback Decaris Jones, and the entire front defensive line. Terry Massey harassed the Highlanders from his noseman slot, Victor Roberts and Claude Dennis alternated at left guard, and Keith Porter was tough in the right guard slot.

Keith Cobb looked impressive at right end and James Wilburn and Gary Roberts kept the pressure on the Highlanders from left end. Mander, Jimmy Brown was effective and Mike Torrey and Jeff Adams handled the right halfback defense. Ricky Bivens and Freddie Williams alternated at safety.

The running of fullback Rufus Wilson was devastating. Halfback Jeff Adams was praised by Coach Hunter for his fine leading blocking for Wilson. Adams had one fifteen yard gain early in the game. Both Adams and Anthony Carter were singled out by Hunter for their first varsity action.

Young sophomore David Sisemore showed poise and leadership as he directed the offense from his quarterback slot. The Devil field general, also, playing his first varsity game, operated the backfield effectively as it put four touchdowns on the board against a team that was heralded to be a

vastly improved unit this season. Also drawing praise from Hunter was center John Barben. Along with Victor Roberts and Mike Parker, he opened up the holes for Wilson all evening as the fullback powered off right tackle successfully for three touchdowns.

Devil coaches Hunter and Rommie Jackson cleared the bench in the final quarter giving all of the Red Devils some action in this first game of the season. The win should give the Devils confidence and enthusiasm since it was a case of inexperienced youngsters outgunning and outscoring the veteran Lake Wales squad.

TOUCHDOWN FOR THE Red Devils as big fullback Rufus Wilson falls across the

goal line for Avon Park's first score against Lake Wales last Friday night. Final score: Avon Park 25, Lake Wales 16. Sunphoto by Lew Miller.

Red Devils Cross Country Team To Host Meet Thursday

The Red Devil Cross Country team will host the first home meet of the season here today (Thursday) against Fort Meade and Clewiston. The Cross Country course starts and finishes east of the high school.

The Red Devil varsity runners run 3.0 miles this season in meet competition. Scott Sheffield, of Clewiston, will be going after his own course record which he set in last year's Rotary Invitational. The meet is slated to start at 6 p.m. Fans are encouraged to come to the parking lot east of the school to watch the start and the finish of the contest.

Last Friday, Sept. 9, the Devils opened on a good note as they outran Hardee while finishing second behind Arcadia in the three-team meet held in Arcadia. The Arcadia Bulldogs won the meet with 22 points (low score wins in Cross Country). Avon Park had a 49 point total, and Hardee of Wauchula finished with 61 points.

Individual winner of the meet was Ed Gruber of Arcadia with a time of 16:54 on the Bulldogs home course. Alan Portis, Red Devil captain for 1977, was the top Avon Park runner with a fourth place finish in 17:29. Mark Myers placed seventh with a time of 18:51. Jerry McKenzie (11), Tim Cribb (13), Bill Porter (14), and Jacques Thomas (15) closed out the Red Devil scoring.

The young Devil thinkalves have added two meets to their schedule. On October 4 they will run in Sebring against Hardee, Frostproof, and Sebring. Then on Oct. 20, they will host a meet in Avon Park against the Bulldogs of Frostproof.

Amburn-Wood Take Racquetball Tourney

The final results of the last match of the Women's doubles in the APRU "Summer Open" racquetball tournament, had the team of Betty Amburn and Pat Wood taking the first place honors by defeating the team of Judy Hewis and Peggy Sisemore.

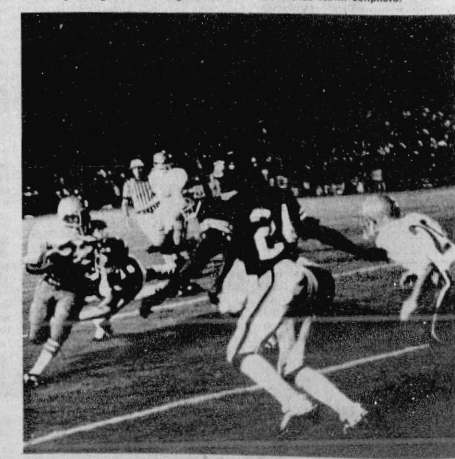

Revis and Sisemore made a good run for that first place trophy by jumping out to a demanding 19-11 lead in the first game, but Amburn and Wood came back and won that game 21-19 and the next game to retain their first place status.

Second place went, of course, to Revis-Sisemore and the third place went to the team of Baker-Brenner.

DEVIL HALFBACK JEFF Adams turns the corner on a sweep around left end for a short gain against the Highlanders.

Avon Park won the season opener last Friday night by a score of 25-16 over the Lake Wales team. Sunphoto.

HEADING FOR THE goal line is Avon Park's left halfback Anthony Carter. Two Lake Wales defenders stopped the speedy Red Devil inside the five yard line

but Avon Park went on to score and win the game by a score of 25-16 last Friday night here at Memorial Field. Sunphoto by Tom Fleming.

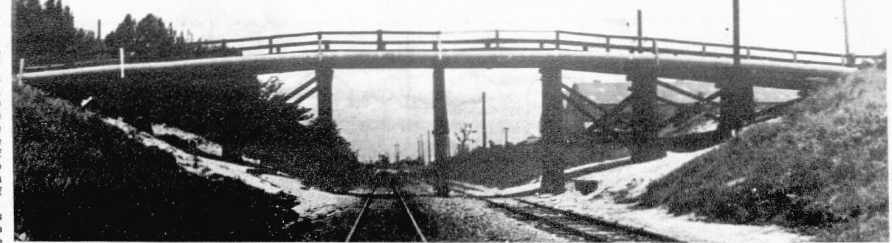

Palmetto Street Overpass Bridge To Be Repaired

Built in 1925 or 26 when the Seaboard Railroad tracks were laid, the humpbacked wooden Palmetto Street bridge over the Seaboard Coastline Railroad tracks is to be repaired according to Milton Howard, area maintenance superintendent, as he told of lumber and timber being unloaded near the railroad trestlehouse on Pleasant Street.

With the wooden bridge badly in need of repairs, the railroad wanted to tear down the structure. However, city officials stated there would be no crossing of the rail line between Pleasant Street and Lake Isis Ave. Mayor Marshall Davis reported that the city

proposed that a bridge be built over the tracks at Winthrop Street if the Palmetto Street bridge were torn down. Mayor Davis stated that former Mayor Ed Delaney had tried to obtain an overpass bridge over Winthrop Street when the Avon Elementary School was built. Several PTA groups had also asked for an overpass bridge at this location, particularly for the use of school children going to and from school.

In conversations with railroad officials, Mayor Davis said that J. E. Woodard, assistant engineer for Seaboard had written to City Clerk Malcolm Crews in December 1976 stating that "Funds were available for projects of this nature."

THE PALMETTO STREET wooden bridge has been in place since the 1920s. New lumber has been delivered for repairing the structure.

Three Avon Park Students On FTU Dean's List

Florida Technological University, Orlando, reported that three Avon Park students were named to the Dean's list for work completed during the summer quarter of this year.

Named on the Dean's list were: Mary Ann (Anderson) Bennett of Rt. 2, Box 222, who graduated from Avon Park High School in June 1973 and is now majoring in elementary education; Delton E. Delaney, 38 N. Highlands Ave.,

graduating from APHS in 1966 and is now majoring in sociology and Susan Gay (McAfee) Martin, P. O. Box 307 graduating from APHS in 1974, and is majoring in elementary education.

To be eligible for the honor of being on the Dean's list, a student must complete a grand point of 3.4 or better (of a possible 4.0) while enrolled for a minimum of 12 quarter hours of study.

Highlands County Water Use Applications Approved

Several Highlands County water use applications — including one for 300 million gallons per year from Spring Lake Improvement District — were approved at the Thursday and Friday meetings of the South Florida Water Management District in West Palm Beach.

The improvement district permit was to use groundwater from the Floridan

aquifer for a public water supply with an annual allocation of 380 million gallons. J. H. Hendrie Farms, Inc. received a permit for use of groundwater from the water table aquifer to serve 1200 acres with an annual allocation of 3,510 acre feet.

Applications for more than one permit were approved from Arrow B. Ranch of Highlands and Glades counties which

involved use of culverts and operation of a water management system serving 6,470 acres through discharges from Canal C-41A and a third for use of surface and groundwater from C-41A, shallow and Floridan aquifers for agricultural irrigation serving 6,740 acres with an annual allocation of 17,000 acre-feet.

Edna P. Lockett received three permits for her Highlands County

agricultural lands of 8,000 acres by canal discharges and 1,920 using surface and groundwater and the Floridan aquifer for 3,300 acre-feet.

A canal reservation release was granted William R. Cannon Jr., B. L. Goddrie and George Summerall for a 25.4 acre tract known as Bear Hollow Acres in Highlands County.

THE 56 some year old wooden humpbacked Palmetto Street bridge across the Seaboard Coastline Railroad tracks will be getting a new lease on life, as timbers for repairs have been unloaded at the Pleasant St. trestlehouse.

BPW To Hold Conference

A day-long conference to help women learn political skills will be sponsored by The National Federation of Business and Professional Women's Clubs, Inc., on Saturday, September 17 at the Dutch Inn in Lake Buena Vista, Florida.

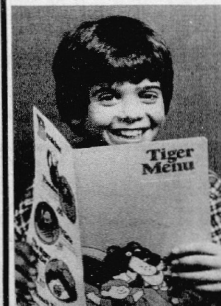

The session will concentrate on basic campaign skills, such as planning a campaign, raising funds for candidates, lobbying the legislature, seeking appointive office and becoming a candidate.

"Women comprise 53 percent of the voting public. As a national organization of working women, we feel that one of our roles is to help educate this powerful bloc in the business of politics," said National President Pillani Desha in announcing the conferences.

Clare Garrity, a New York City lawyer specializing in negligence defense, and Betty Wright, Executive Director of the National Women's Education Fund, will lead the session. Ms. Garrity won a landmark case concerned with discrimination against women in management. Her active political life has included involvement in many political campaigns. She is Legal Counsel for the BPW Federation of New York state, and serves on BPW's National Legislative Committee.

Ms. Wright is a member of the Board of Directors of the Women's Campaign Fund, and serves on the Advisory Board for the National Women's Political Caucus. She is currently involved in teaching campaign skills to women through National Women's Education Fund programs.

Sambo's. It's the restaurant your family ordered.

Sambo's new 35¢ hamburgers and hot dogs are just what you ordered for the kids.

Our new Tiger Menu is perfect for kids 12 and under. On it they'll find lots of their favorite foods and you'll find the prices are just what you ordered.

With Sambo's variety... dinner can be a family affair.

Dinner time is family time at Sambo's. While the kids order from our Tiger Menu you can order from our regular menu with over 100 good things to eat...real dinners at family prices.

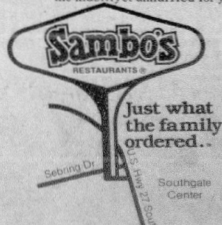

Sambo's service is made to order.

There's no lining up at the counter to order at Sambo's. Sit down and relax in our dining room. Let the waitress take your order. You'll find our service fast enough for the kids...yet unburied for you.

To kee soil, arcu generat on top of this is es plants w and neve out.

SEPTEMBER- Fall Garden Month

If you are considering planting a fall garden, the time to get started is right now. In obtaining advice for the novice — and not-so-novice — gardeners, the Sun interviewed one of our local experts, Guy Yeager, whose hefty, four pound sweet potato was featured in last week's Sun.

An 81 year old retired farmer from Eastern Pennsylvania and Ohio, Mr. Yeager now tills a postage-stamp-size parcel of land in comparison to what he once farmed, but his 60' wide by 10' deep garden has produced some very productive yields, including 10 pound cabbages.

Besides having a natural ability to relate to anything green, Mr. Yeager attributes much of his successful gardening to constantly up-grading his soil through the use of a compost pile. During the summer months when it is too hot for him to garden, Mr. Yeager uses this time to let his compost pile "brew." The pile becomes a melting pot for decaying grass, leaves, remnants of last season's garden and kitchen refuse (cooked foods should not be included — potato peelings, cabbage leaves, and fruit stems are acceptable, according to Mrs. Yeager).

The compost pile — one of Mr. Yeager's special garden secrets — becomes a melting pot during the summer months.

"When I first moved here four years ago, this was a poor field with very light sand. Since it takes time for the soil to get built up, every year I re-fill the soil with more compost. This adds humus to the soil which is what this soil needs," said Mr. Yeager.

Save those grass clippings.

To keep the moisture contained in the soil around his plants, Mr. Yeager generously spreads dry grass clippings on top of the planted area. He notes that this is especially beneficial for tomato plants which should always stay damp and never have the opportunity to dry out.

**Photos And Text
By Rita Kamper**

Working in his peanut patch, Mr. Yeager, 81, admits to having fantasies about the White House.

To keep insects out and to protect young plants from the still-high temperatures, Mr. Yeager covers his plants with a tentlike structure (see illustration) until they are sturdy

enough to be on their own. The most simple way to do this is to cut either the top or bottom off of a milk carton, leaving one of its four sides open. Another alternative is constructing a small three-sided box from light wood.

Although Mr. Yeager grows his vegetables from seed, he recommends that many young plants can and should be obtained from a nursery greenhouse and then transplanted outdoors.

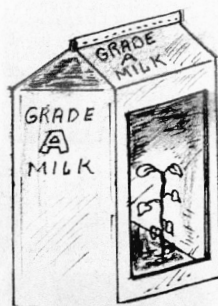

According to the Institute of Food and Agricultural Sciences (IFAS) in Gainesville, most vegetables are ready to set in the garden when they are 4-6 weeks old, selecting only the most hardy and disease-free plants. The IFAS also

IFAS recommends putting garden plans on paper.

notes that some plants — like corn, peas, squash, beans, cukes — do not transplant easily and therefore must be sown directly into the ground.

Before starting the actual planting of any garden, it is recommended that a master plan be prepared showing each crop's location and planting dates. Although plans will vary for each garden, the IFAS also suggests: planting low-growing vegetables along one side of the garden, the medium to tall vegetables in the middle, and the taller vegetables on the opposite side; allowing ample space between rows; not planting too much of

one crop at any one time, especially those which must be eaten fresh and cannot be stored; as well as planting two or more varieties of the same vegetable every 10-14 days for maximizing the use of those crops which have a shorter quality period (beans and peas, for example).

AN OLD MILK carton makes a handy cover for young plants, keeping out bugs and providing protection.

The illustrated chart defines planting dates for the Highlands County area.

HISTORICAL TIDBITS

In Avon Park's very early days, a cigar box in a country store was considered sufficient for mail service.

Lake Angelo was once the site of a race track used by early English settlers.

Pineapple was once a staple crop of this area.

Florida, so often thought of as a citrus and beef producing state, is also a natural honey-producing state as well primarily because of its short winters and high temperatures.

At a time when nutrition experts are telling us that sugar is the largest single ingredient in our diets and that it has little nutritional value, why not occasionally substitute honey, a wholesome, natural, unrefined food, which is also a quick energy source? Honey Fudge Squares make an excellent after-school or anytime snack.

Honey Fudge Squares
1/2 c. cocoa or 2 squares bitter chocolate
1/2 c. shortening
1/2 c. pecans
1/4 t. soda
pinch salt
1 t. baking powder
1/4 c. honey
1/2 c. brown sugar
1 c. chopped dates or candied orange peel

1 egg
2 c. flour
1/4 c. sour cream

Melt chocolate over hot water if squares of chocolate are used. Blend the melted chocolate or cocoa with honey, brown sugar and shortening. Add 1 egg, then sour cream. Add sifted ingredients. Then add the nuts and dates or peel. Spread batter to about 1/4 inch deep in flat pan and bake in moderate oven (350 degrees) for about 35 minutes. When cool, cut in squares.

A Few Honey Facts

— Because it absorbs moisture from the air, it granulates rapidly if cold. Therefore, it should be kept in a warm, dry place.

— It should not be kept in the refrigerator.

— Granulated honey is not spoiled. It can be rejuvenated into its original state by heating in a water bath (125-130 degrees) for about an hour.

— Properly kept, honey will not spoil.

On the Consumer's Side

If you as a consumer have been misled, deceived or have questions you need clarified, call the toll free telephone number of the Florida Department of Agriculture, Consumer Services, Tallahassee: 1-800-343-2176.

QUESTION:
We received some books in the mail which we did not order over a month ago. We kept them in the original carton but set them aside. We are now getting bills for the books. We don't want the books what can we do?

ANSWER:
There are only two kinds of merchandise that can be sent legally through the mails to a person without his consent or agreement:

+Free samples which are clearly and plainly marked as such.

+Merchandise mailed by a charitable organization asking for contributions. In either of the above cases you can consider the merchandise as a gift if you like. In all other instances, it is illegal to send merchandise to anyone unless he has previously requested it.

Should you receive unordered merchandise of any kind take it as a gift. You do not have to pay for it, and it is

Contact the Division of Consumer Services if you have further problems with the company.

QUESTION:
I am a retired school teacher and would like to earn some extra money. I am thinking about taking a job as a distributor for a new line of home care products. Do you have any information that I should know before signing a contract?

The most magical promise of "Easy Work," "Large Profits," and "Small Investment" captures the imagination of many consumers and lures them into investing in a product distributorship of one sort or another. These consumers then very often find out that the only magical thing that happens is that much of their own money disappears.

Distributorships need to be investigated before investing. Here's what to look for:

+Is the product you are going to distribute in demand? Are enough people going to need it or want it so that it is sale will be profitable?

+What has been the success and failure record of those who have already invested in the company? Ask for a list of

previous investors and then contact them to see if they have found the investment profitable.

+Where is the territory that you are being offered? Is it one where people will be likely to buy the product or are locations provided by the company? If you are provided with locations, are they near population centers or are they in out-of-the-way places?

+So you have sole rights to the territory or will the company you are dealing with or others similar to it sell distributorships to others against whom you will then have to compete for sales?

+Have you seen an attorney? You should do this to get advice about the investment itself and to have him look over any contracts, agreements, or other documents you are required to sign.

+Is the company offering the distributorship a stable one that has been in business for a number of years? Does it actually have an established place of business or does it only work out of motel rooms as its representatives go from town to town?

One of Mr. Yeager's crop yields — a 10 lb. cabbage.

Substitute Honey -- It's a Natural Treat

Winter Guest Club News

By Ilene Lull

For Lorene Weber

The September shuffleboard tournament had three and one-half courts in play with no four-game winners. The September 10 tournament had five courts playing with three four-game winners: Kellie Larrew, Frank Fread and Bernice Long.

The September 2 pinocle tournament high scorer was Allene Howard, 597 points to George Tissot's second place of 595; on September 5, it was Mabel Cabezas with 883 and William Benson with 728; and on September 9, Mable Starnes had 881 points with George Tissot at 661.

Ruth and Harold Wolcott write of their summer in Rolling Prairie, Indiana. On August 19 they celebrated their 63rd wedding anniversary with a family dinner and gathering with 20 persons. On August 10, they attended the Avon Mobile Home Park get-together which is held at Bourbon, Indiana. Fifty four park residents, many who are Guest Club members, were present. All sent greetings to our club.

The Levern Staleys write that they have done the usual visiting with family and friends and that they enjoyed a camping trip with friends in the Poconos. Grace is looking forward to her job as membership chairman since dues will become payable October 1. Allene Howard will handle this until she arrives.

Grace Romilly received an interesting letter from Doug and David Lewis of Cuyahoga Falls, Ohio, who are nephews

of the Howard Longs. They have a collection of 750 different beer cans. Grace brought them several cans from her recent trip to England.

This week we welcome back from their northern homes or trips: Duke and Allen Christensen; Alton and Hallie

Wetmore; Louis and Lorene Weber; Keith and Miriam Debo; Robert and Martha McBeth; and Sarah Spindler. Fred Hughes is now out of the hospital. Merrill Murphy and Frank Mills are still hospitalized.

Since your regular reporter is back, this is my last report

and I want to thank all of you for your news and to Allene Howard a big thank YOU for your help.

"Success makes us intolerant of failure, and failure makes us intolerant of success." William Feather

Southside Community Park News

BY CALVIN GIBBS

Hi Friends,
Welcome to Southside Park Community News. The major discussion is the unusually hot weather. We still have a lot of illness confined at home and some hospitalized. School is about in high gear. However, many pupils and some teachers seemingly could have stood a little longer vacation period. Many have already left to attend various colleges and universities while others are preparing to leave next week. Best wishes for success to the many co-eds.

Church News:
The Apostolic Church of Jesus had Sunday School 10:30 a.m., Deacon Stanley Smith, Superintendent presiding. Morning service 11:30 a.m., Deacon Clyde Dudley and Deacon Stanley Smith in charge of devotional service. Had testimony and song services. Our Youth Choir gave us the gospel in songs and was very inspiring. The message was brought by minister Louis Nance, text "Pray". Service was enjoyable.

Evening Service 6:30 p.m., the named two deacons presided. The message brought by Elder Spencer Sanders, Scripture Genesis 1:1-16 verses talking for a subject "God Works a Wonder" was enjoyed by all. Closing remarks from our pastor, Elder T. J. Brown and dismissal.
Sister Virginia McRae, Reporter

Saint Mark:
In the absence of the regular pastor, Rev. Alfonso was in charge of services at Saint Mark all day.
Appreciation:
Mrs. Josephine Hardy and the family of the Late Arthur Hardy wish to express their sincere appreciation for all courtesies extended to them in their hour of bereavement. To Leave for the Armed Services:

Greg Hawk
Greg Hawk, graduate of the class of '77' at Avon Park High School, and the son of Mr. Willie Lee Hawk is scheduled to leave on September 26, for Fort Jackson South Carolina where he will be inducted into the United States army.

Hometown Lad Returns Home:

Leo Jefferson
Mr. and Mrs. Leo Jefferson were here for one week visiting Elder and Mrs. Thomas Brown, Mr. and Mrs. Robert Britt, Mr. and Mrs. Robert Wilson and other relatives and friends. Leo is formerly of Avon Park and currently resides with his family in New York City. Leo presently carries the title of Detective Lieutenant. Leo is another successful product of the local school system prior to his collegiate and graduate study in New York.

Man's Relationship To God Is Topic At Meet

The United Methodist Women held their first fall meeting on September 6 at Wesley Hall, with Mrs. Hubert Bussard presiding in the absence of Mrs. H. Hunt, president.

In charge of the program was Mrs. T. H. Maxwell, who sang "My God and I" with Mrs. G. A. Kelsey, accompanied by

Mrs. George Mills on the piano. Mrs. J. Thorpe read a scripture from St. John, followed by Mrs. Otto Kreiger's prayer.

Mrs. Maxwell's presentation for this meeting was "Man's Relationship to God," which highlighted the following topics—love is the force that holds the world

together; practice in the absence of God; "worship is communication with and baring of one's self to God." It was announced at this meeting that a paper shower for the Eloise Day Care Center will be held at the October 4 meeting and that this year's Christmas Bazaar will be held on December 3.

Women Of The First Christian Church Meet

The Women's Council of the First Christian Church met on September 8 at the Church's Fellowship Hall. Hostesses were Mrs. Walter Stutsman and Mrs. Byron Harwood with Mrs. Walter Haughe conducting the devotions. Mrs. Mary Stutsman, vice-

president, presided over the meeting in the absence of Mrs. H. J. Rutherford who was unable to attend because of an accident.

In addition to the officers' reports and other business matters it was recognized that Mrs. Neil Hamilton had

packaged and sent teaching material to the Millers in New Zealand.

Refreshments were served by the hostesses on tables decorated in an autumn theme with colored leaves, nuts and flowers.

Don't judge a speaker by the way it looks, Judge it by the way it sounds. Some of the best speakers on the market are designed with one purpose in mind—to duplicate live sound in the most efficient way.

Catholic Women To Meet

The Ladies Guild of Our Lady of Grace Catholic church will hold its first meeting of the year on Thursday, September 15 at 12:30 in the church hall. A

salad bar luncheon will be served. All members are urged to attend and guests are welcome.

Obituaries

Mrs. Jessie Lee Rowland, Mrs. Jessie Lee Rowland, age 74, passed away Sept. 9, 1977 at Walker Memorial Hospital following a long illness.

Mrs. Rowland was born in Waverly and was a pioneer resident of Highlands County, living in Avon Park for over 40 years, as a wife, mother and grandmother. She was of the Baptist Faith, joining the First Baptist Church when it was located on the Kissimmee River.

She was the eldest daughter of the late J. D. and Julie Ann Thomas, former residents of Ft. Kissimmee and Okechoe.

Mrs. Rowland is survived by her husband, William James (Bill) Rowland, one daughter, Mrs. Ann R. Carter, Avon Park; two sons, Charles Rowland of Avon Park and William P. Thomas of Okechoe; seven grandchildren and three great-grandchildren; three brothers, Harris, Horace and Hugh Thomas all of Okechoe and one sister Mrs. Eliza Waldron of Ft. Meade.

Visitation hours were held

Sunday afternoon and Sunday evening. Funeral services were held at 10 a.m. Monday, Sept. 12 in the chapel of Stephens, Nelson and Smith Funeral Home with the Rev. Aden Childress officiating. Mrs. Rowland was laid to rest in Bougainvillea Cemetery with the Stephens, Nelson and Smith Funeral Home in charge of arrangements.

Pallbearers were: Larry Albritton, Kenny Wayne Elder, Milton Giddens, Milton Howard, Thomas Jenkins, Buddy Kels, Lewis Miller and L. T. Sellers.

Frank J. Harrington, 68, of 1466 The Manors died September 6, in the Florida Hospital in Orlando. A native of Hentstead, Long Island, N. Y., he had been a resident of Avon Park for the past three years, coming here from Long Island. He was a retired lumberman, an army World War II veteran and a member of the Our Lady of Grace Catholic Church.

Survivors include his widow, Muriel Harrington, one

daughter, Mrs. Jill Abramovitch, one son, Glen Harrington one sister Mrs. Lillian VanRiper all of Long Island, N. Y. and four grandchildren.

Rosary services were held September 8, in the Stephens Nelson-Smith Chapel. Mass services were held Friday September 9 in the Our Lady of Grace Catholic Church with the Rev. George Fraser officiating with cremation following. Stephens-Nelson-Smith is in charge of the arrangements.

daughter, Mrs. Jill Abramovitch, one son, Glen Harrington one sister Mrs. Lillian VanRiper all of Long Island, N. Y. and four grandchildren.

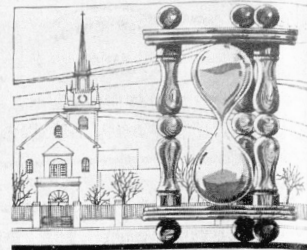

Rosary services were held September 8, in the Stephens Nelson-Smith Chapel. Mass services were held Friday September 9 in the Our Lady of Grace Catholic Church with the Rev. George Fraser officiating with cremation following. Stephens-Nelson-Smith is in charge of the arrangements.

LIVE YOUR LIFE AS YOU WOULD IN ITS LAST HOUR

We should always endeavor to do what is right, With the rules of good conduct forever in sight; For we're taught that the Bible will show us the light, From the very first moment of birth.

But although we're determined to do the right way, In the face of temptation it's easy to stray; So the words in this message are meant to convey If you'll go to your Church, it will help you to see That your words and your actions in every degree Are conducted the way you would want them to be In your very last hour on earth!

"Watch therefore: for ye know not what hour your Lord doth come."
—Matthew 24:42

Resolved, never to do anything which I should be afraid to do if it were the last hour of my life.
—Jonathan Edwards

Bonnie Brae Mobile Home

By Margie Wells
Rozzie and Lester Parkhurst
arrived back in Bonnie Brae

this week after a six-week's
vacation in Indianapolis,
Indiana. While there, they

visited with many of their
relatives and Lester attended
the Indiana State Fair. They
report that they had a
wonderful time but that it was
good to be home and it's good
to have you back again,
neighbors. We missed you! We
understand that several of our
residents will be coming back
from "up north" within the
next few weeks and it's going to
be so very nice to have them
here.

Thelma Miller spent Sunday
afternoon with Mr. and Mrs.
Stanley Leja at Lake Jackson
where they had a swimming
party and cook-out. Also
invited were Mr. and Mrs.
Edward Breske of Lake
Josephine in Sebring.

Jane Rabideau gave us the
good news that her mother,
Pauline Pelkey, will be home
from the hospital this week.
Pauline has been a patient in
the hospital for the past two
months. We know how happy
she will be to get home and we
will be happy to see her again.
Margie and P. D. Wells spent
last Friday afternoon in Winter
Haven. While there, they also
visited with Margie's parents,
Rev. and Mrs. C. D. Hirsch.

The hot weather this past
week has kept all of us in
Bonnie Brae very quiet and
inactive. So, there isn't much
news to report this week. We
hope there will be more going
on next week for us to report.

Card Of Thanks

The Family of Mrs. Jessi
Lee Rowland express their
sincere thanks to the many
long years of faithfulness to
the family as a Doctor and Friend.
Thanks to the Nurses at Walker
Memorial Hospital, Rev. Harry
Bennett, and Rev. Aden
Childers for their kindness
and understanding.

Public Notices

NOTICE UNDER FICTITIOUS NAME LAW

Notice is hereby given that the
undersigned, pursuant to the
"Fictitious Name Statute", under
Section 865.09 of the Florida
Statutes as amended, will register
with the Clerk of Circuit Court, in
and for Highlands County, Florida,
upon receipt of this notice the
fictitious name to-wit: THE
BAKER'S DELI under which name
I am engaged in business at 915 W.
Main St. in Avon Park, Florida, and
that the owner of said business is
Linda Courtwright.
Dated at 8-18-77, Highlands
County, Florida, this 18th day of
August, A.D. 1977.

(s) Linda Courtwright
August 22, 1977, 1, 5, 15, 1977

NOTICE OF PUBLIC HEARING

The Board of County Commissioners of Highlands County, will hold a Public Hearing on Tuesday, October 18, 1977 commencing at 9:00 A.M., or as soon thereafter as possible, at the County Commissioner's Room, Courthouse, Sebring, Florida, to consider a change in Zoning Classification on the lands described as follows:

LEGAL DESCRIPTION: Begins at the northeast corner of Section 2, Twp. 38S, Rgn. 38E, Highlands County, Florida, P.O.B. 1; thence S 59 degrees 37' 17" E, along the north line of said section 2, 789.44'; thence S 30 degrees 42' 36" W, 1,407.11'; thence N 30 degrees 18' 42" W, 431.44'; thence N 29 degrees 45' 44" E, 875.50' to the west line of said Section 2; thence N 3 degrees 48' 22" W, along said west line, 1,407.11' to the P.O.B. Containing 1.566 acres more or less.

An application has been received from DeBetta Alderman Lander and after due Public Hearing before the Planning and Zoning Commission, request a change in District Zoning Classification (L) from AU, AGRICULTURAL and M-1, MOBILE HOME PARK to M-1-S, MOBILE HOME and RESIDENTIAL SUBDIVISION. All parties interested or affected by this change are requested to attend the Public Hearing.

Highlands County Board of County Commissioners, Sebring, Florida.

IN THE CIRCUIT COURT OF THE TENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR HIGHLANDS COUNTY, FLORIDA

CASE NO. 77-318-F

IN RE: The Marriage of EDNA JEAN HODGE, Wife, and JAMES EDWARD HODGE, Husband.

NOTICE OF SUIT - NO PROPERTY

TO: JAMES EDWARD HODGE, ADDRESS UNKNOWN, RESIDENCE UNKNOWN

YOU ARE HEREBY NOTIFIED that an action for Dissolution of Marriage has been filed against you and you are required to serve a copy of your written defenses, if any, to the Plaintiff's attorney, on or before September 15, 1977, otherwise a judgment may be entered against you for the relief demanded in the Complaint.

WITNESS my hand and the seal of said Court on Sept. 8, 1977.

(Seal) EARL RICH, Clerk of said Circuit Court.

(s) Robert W. Germaine, Deputy Clerk

Sept. 15, 22, 29; Oct. 6, 1977

NOTICE OF PUBLIC HEARING

The City Council of the City of Avon Park intends to pass the following Ordinances:

ORDINANCE NO. 621 - AN ORDINANCE SATIFYING, ADOPTING, ACCEPTING AND APPROVING THE ESTIMATES FOR THE OPERATION EXPENSES, DEBT SERVICE AND ALL OTHER EXPENSES FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 1977 AND ENDING SEPTEMBER 30, 1978.

ORDINANCE NO. 622 - AN ORDINANCE LEVYING AND ASSESSING TAXES FOR AND BY THE CITY OF AVON PARK, FLORIDA FOR THE YEAR 1977.

ORDINANCE NO. 623 - AN ORDINANCE CLOSING WALNUT STREET BETWEEN LOT 4, BLOCK 8, AND LOT 1, BLOCK 6, SUNSET HILL REPLAT.

A public hearing on the proposed new ordinances will be held at City Hall, Monday, September 19, 1977 at 7:30 p.m. Those desiring to speak for or against any or all will be heard.

Malcolm K. Crews
City Clerk

Hospital Purchases Most Modern Nuclear Equipment

Walker Memorial Hospital has recently purchased a PHO Gamma V Scintillation camera system. The PHO Gamma V system, a spin-off of space age technology, is a product of Scie Radiographics, Inc. and is an ultra modern system for imaging the organs of the body through the use of gamma rays emitted from radionuclides.

The cost of this new equipment is \$75,000 and is an effort to upgrade the present equipment in the Nuclear Medicine Department. The hospital has been doing nuclear medicine for over four years with a Rectilinear Scanner which is much slower and less versatile than the new PHO Gamma V Scintillation camera system.

Nuclear Medicine studies are a means of diagnosing conditions of the bones, brain, thyroid, spleen, kidney, heart, etc. This is accomplished by injecting radioisotopes into a vein in an arm and getting pictures as this materials flows into an organ. In this manner much diagnostic information can be obtained as to the size, shape, position, or other abnormalities of the organ.

The Rectilinear Scanner, which has been used for the past four years, required from one to two hours to complete the study of only one organ of the body. It took about 15 minutes to complete one picture as this is the time required for the scanner to complete the cycle. These studies were referred to as static studies in that they required a period of time for one picture. Since the radioisotopes stay active for several hours after injection several pictures can be taken of the same organ, but this does become quite time consuming.

The new PHO Gamma V Scintillation camera requires only 15 to 20 minutes to study one organ or most of the organs of the body with one injection of radioisotopes. This camera system can take up to 80 pictures in approximately five minutes. The fast sequence of pictures is referred to as dynamic studies. A static study is also possible to do as with the Rectilinear Scanner. According to Dr. Roberto Caso, Pathologist, at Walker Memorial Hospital the combination of the static study and the dynamic study will render valuable patient information for the referring physician.

Elmer Nelson, Nuclear Medicine Technologist, has been doing Nuclear Medicine work at Walker Memorial Hospital for the past two years. Recently he spent one week at Loma Linda Medical Center in Loma Linda, Calif. training in the use of the newly acquired equipment.

Nelson is especially pleased with the short period of time required for procedures on the new equipment as compared to the equipment used for the past four years. Many of the patients are very sick or are old and a much shorter examination will be easier for them and

more comfortable. The most frequent procedure done is an examination of the brain. It took two hours to complete a study; but with the new equipment it will take only 15 minutes.

Some studies, such as a thyroid study

are more effective in most cases when done with the Rectilinear Scanner. For this reason the older piece of equipment will continue to be used.

Even though this new PHO Gamma V Scintillation Camera cost \$75,000, the

charges for nuclear medicine procedures will not be increased at Walker Memorial Hospital. It is felt that shorter period of time required for each procedure will

Zoning Violations Sent To Committee

When building inspector C. W. Ellerbee presented a list of zoning violations to the city council during last regular meeting it appeared as though he had opened a can of worms, as he asked for their opinions in correcting the violations, some of them described as ages old.

In discussing the situation, Ellerbee stated that most of the violations concerned fruit contractors bringing their harvesting equipment home and parking it on their property, adjoining property or the city right of way. Some of them have been doing it for years while others for only a short time. Most of this was in areas zoned as residential.

Councilman David Barefield told the council that it is our job to enforce the violations, or change the laws or the zoning to clean up the city. The complaints that we are getting, C. W. can't overlook and it was the council's obligation to fulfill the law, change it or whatever.

Council president Robert Britt thought it would be better to leave the problem along as the contractors employed over 500 people during the fruit harvesting season. It would be interfering with the people's livelihood as about 90 percent of the people work in fruit harvesting during the season. He felt that most contractors try to get off the street when parking their equipment.

City Attorney Jack Hancock asked the council if there were any city property where the contractors could park their harvesting equipment, but received the reply that many of them would have gasoline and other things stolen off the vehicles.

Hancock stated it was not a unique situation, where zoning restricts the use of property and that if C. W. sees a violation he should correct it. Hancock suggested that a neighborhood meeting on the problem might help solve it.

Councilman Kelly Phillips saw the problem as one the council couldn't back away from. While Mayor Marshall Davis suggested that the people meet with the zoning committee and request a change, Ellerbee reported that every time he attempted to correct a violation the people told him about the same condition down the street, and if those people will correct their problem, they will straighten out theirs.

Dick Peavy of the Housing Authority

Davis Spearheads Tri-County Effort To Save Energy At Schools

A unique, tri-county effort to conserve energy by one group of the biggest users — the school systems — was kicked off Sept. 19 as the brainchild of Highlands School Superintendent Dr. Dan A. Davis. Joined for the first time in such a three-pronged effort were Davis, Hardee school Superintendent John Terrell and Okeechobee Superintendent Bill Gardner.

On hand to advise the new, 12-member committee was Palm Beach County's School Energy Manager Don Chenick. His efforts in the first seven months in that county are credited with saving \$25,000 or about eight percent of the total school budget.

The group that met here Monday immediately planned a workshop for transferring its enthusiasm to the individual school principals, maintenance department officials and food service people.

Using the resources of the Tri-County Teacher Education Center and its director, Wayne Duncan, the new committee also plans to have a team from the State Department of Education visit each area for an in-depth study of the effectiveness and efficiency of plant maintenance and operation.

Duncan heads for Tallahassee Friday to begin working with that state team and also seek out two Florida State

University students who have a federal grant for studying the same topic.

Before the state team arrives in each of the three counties, the group hopes to have held its workshops with the other affected officials. It also plans to gather input from teachers and students, Duncan said Monday.

Committee members include the three superintendents, Duncan, John Kinsaul, Okeechobee's assistant superintendent; Dr. Ferrell Smith, Highland's assistant superintendent; Steve Roberts and Ruth Davis, Highlands board members; Les Watson, Avon Park high principal; Walt Shirey, Highlands finance officer; Howard Thomas, Highlands public relations man and Walt Belcher.

SAVING ENERGY How it starts and where it ends is in conserving energy and saving tax dollars, says Dr. Dan Davis, third from left,

as he briefs Don Chenick, left, Palm Beach County School Utility Manager; Hardee Superintendent John Terrell and Okeechobee Superintendent Bill Gardner

School People Want More Emphasis On Academics

Although there is wide divergence of opinion about such matters as student discipline and the importance of academic progress, Highlands County generally believe their school system is as "good on better" than most.

This is one of the findings of a private management study commissioned by Highlands County School Board. Results of the study, reviewed in a special school board work session on Sept. 19, showed that slightly more than half (52 percent) of the school people interviewed

spontaneously mentioned more emphasis on basic academic progress as necessary.

The study found that stricter school discipline received a whopping 63 percent of the community concern but only 37 percent of the teachers' concern.

Even in discussion of the study the work group — four school board members, Superintendent Dr. Dan Davis, several administrators, two principals and two teachers — there were differing views. The one consensus is the community is interested enough in its school system to want to help improve it.

Dr. Davis still has to "sell" his own restructuring ideas. He said it is a task he has worked on since assuming the superintendency in January, using parts of the private study, made by MGT of America Inc. of Tallahassee. However, he is also using a state Department of Education management study and mixing in ideas gleaned from the local school board, parents, teachers and community leaders.

Monday he pointed out the MGT study endorses filling two administrative posts he had left vacant since his election. Filling these will not entail additional positions to the schools' total staff, Davis said.

One position recommended, and which Dr. Davis may request from the board at its Oct. 11 meeting, is a personnel director. Davis said he would see the personnel director acting to screen applicants, then passing along to the school principals the names of the best. The superintendent said he "strongly favors" leaving final choices

scope on the top and to the right is the head (circular) which contains the crystal and is placed near the patient for the examination procedure. Sunphoto by Lew Miller.

to teachers to the individual school principals. Dr. Davis said there will be "no vast reorganization" offered in his own restructuring plan, though the study suggests redefining of many job responsibilities and delegating much of the authority now handled by the superintendent.

Mrs. Ruth Handley, Sebring High teacher who attended the work session Monday, pressed for a "more radical approach" to reorganization. "If you are doing it, do it radically... allow our leaders to lead."

Another teacher at the session, Richard Farmer, said many of his math students are lacking in basic skills when

Mack Flowers Appointed To Advisory Board

A 21 year veteran of the Avon Park Fire Department, Fire Chief Mack Flowers was appointed to the Fire Advisory Committee of the municipal Firemen's Pension Trust Fund, by Insurance Commissioner Bill Gunter, Tallahassee.

Flowers is currently secretary-treasurer of the Florida State Firemen's Association and has served as an officer of the state organization for the past seven years.

In making the appointment, Gunter said that Flowers' long career in the fire services highly qualifies him to serve on the advisory committee.

The six member committee advises the insurance commissioner on any pension plan problems, including proposed legislation. Last year the committee supervised the disposition of over \$4,750,000 in pension funds.

The insurance commissioner administers the Firemen's Pension Trust Fund, which is partially funded by a portion of the state estate tax on fire insurance premiums. There are 144 participating cities receiving these funds under the state-coordinated retirement program. The advisory committee normally meets three times a year to check on whether the various cities are using the proper procedures in the handling of the Firemen's Pension funds.

Chamber Of Commerce Extends Hours

Beginning this month the Avon Park Chamber of Commerce has extended their office hours by remaining open through the noon hour.

In past years the Chamber Office closed from 12 until 1 p.m. Executive Manager, Anna Belle Worden pointed out this additional hour will better serve the local people and visitors of this city.

Mrs. Worden explained that there has been a noticeable number of people taking advantage of the chamber's remaining open during the noon hour, to come in for information.

Civil Service Welfare

It never ceases to amaze us how the U.S. Senate will flout and fret over how presidential appointees came by their personal wealth, as the problems of Budget Director Bert Lance show.

But when it comes to double dipping, forget it. That hits too close to home. The senators, who like the members of the House got a fat \$13,700 annual raise this year, include many who are getting retirement checks from the military. Some, like Sen. Barry Goldwater, are even reserve generals.

In July, the Senate refused to correct one of the great inequities going on in the country — the double dipping whereby a federal retiree is collecting pension at the ripe old age of 45 or so and also is on the payroll of another federal agency.

The bill the Senate rejected would have exempted most enlisted men's retirement — those getting less than \$6,000 a year. But the retired brass would have felt the sting. Right now there are some 150,000 military retirees working for the federal government. Their total pensions are about \$1 billion a year and their salaries are \$2 billion more.

Some cases of disability pay don't seem fair either.

It's hard to blame a welfare mother for concealing some meager income while collecting subsistence from welfare, when you have cases of so-called disabled federal workers getting both a disability pension and a full paycheck. There are thousands who supposedly are 100

per cent "disabled," but are holding a full-time job.

A recent Associated Press report noted one federal civil "servant" getting disability retirement was holding a job that paid him \$117,560 in two years. Another on disability was paid \$100,943 in two years. Meanwhile, their disability checks from Ma Guvmint kept coming in, at a range up to \$1,793 a month.

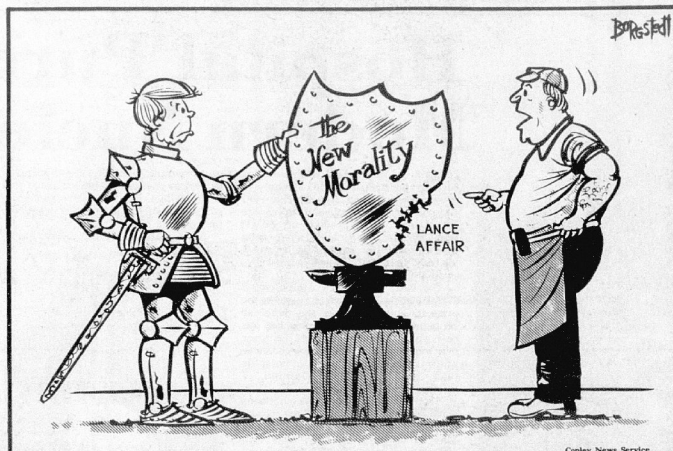

It seems to us no person retired from federal service should receive a full-time salary in federal service. If they are doing so, then they are not retired. No person on 100 per cent disability should be receiving a full-time government paycheck. A person is either disabled or he is not.

There are a total of 279,000 disability pensioners drawing more than \$1.5 billion a year. The truth is the definition of disability is so broad and vague that virtually any ailment, including those relatively easy to fake, are grounds for a government pension. Nearly 98 per cent of those who apply for federal disability retirement get it.

By contrast, the Social Security disability system and most disability programs in private industry pay only when a person actually is unable to work.

U.S. Sen. Frank Lautenberg said it

likes this way. We are not surprised. Next time someone kicks about welfare, be sure to ask what type of "welfare" they are talking about.

"Sorry, mister—it can't be repaired"

Veterans Have Until October 4 To Apply For Discharge Review

The Department of Defense is reminding veteran's who received a general or dishonorable discharge during the Viet Nam era and deserters still at large from the same era that they have less than 30 days to apply for a review of their cases under the present special discharge review program originally announced last April. The program is scheduled to end October 4, 1977.

As of August 30, 1977 55,918 inquiries have been received. Of these, 34,372 or 61 per cent were found eligible for review under the program. Of the eligible cases, 23,358 had received undesirable discharges, 11,014 were recipients of

clemency discharges. As of the 1st of August, a total of 14,377 administrative discharges have been reviewed and upgraded to honorable or general. About 11,673 or 81 per cent of these had been undesirable discharges.

Individuals interested in initiating a review of their discharges are encouraged to call the Joint Liaison Office in St. Louis, Mo., to determine their eligibility. Veterans should call the toll free number, 800-325-4400 from all locations in the United States except Missouri, Alaska, Puerto Rico and Hawaii, where the collect number is (314) 423-9120.

Deserter inquiries as of August 31, 1977 numbered 955 with 824 determined eligible to participate. Of those eligible, 655 have returned to military control, been separated and eligible to have their discharges reviewed for possible upgrading. Those still at large may inquire about their status and eligibility by calling collect: Army (317) 542-3354, Air Force (800) 531-7500, Navy (202) 694-2386, Marine Corps (202) 694-2110 and Coast Guard (202) 425-1317.

The special discharge review boards established by the military departments will insure cases of eligible participants for this program will be reviewed.

Things Out My Way

BY ALICE SMITH

"Sleepy southern town, drowsing in the hot spring sun of 1925? Perish the thought!"

The town was vibrant, alive, on the move. The jacaranda blossoms cast a faint blue haze over the Mall and the workmen moved steadily about their jobs. The outer walls of the new Jacaranda Hotel began to take shape.

Two young men stood on the curb, hands in pockets, and watched.

Charley Lanier said, "Ed we've been too busy to pay much attention to this project. Did you realize how big the hotel was going to be?"

Ed Todd grinned. "Just look what Bill Heim hath wrought!"

Of course it probably never happened. This is known as literary license. Actually, in 1970, I talked to Charles Lanier about the electric wires of the booming twenties. All the bright young men were riding high; they were into real estate, citrus and an expanding community. Lanier, E. G. Todd and C. A. Skipper were part of the local group who promoted the Jacaranda Hotel. When I asked why they built a 100 room hotel in tiny Avon Park, he explained that they put the project in the hands of architect W. J. Heim and were all too busy to take note until construction was under way.

The old hotel has had an interesting career. I find it fascinating and today, for some unknown reason, I stopped to look at the garden on the east side. There's a "No Trespassing" sign but I trod lightly and touched nothing.

It's like stepping into a cool, green, grotto. There are towering trees and lush, encircling shrubbery. At the far end, stands a high, round wall of stone, with a niche at its center. Sometime in the past, water poured from the niche into a half-circle pool below.

I came away bemused. Could it be that sometime in the future this might be a tiny, hidden mini-park; a cool refuge in the heart of town, for a few minutes rest and relaxation?

Perhaps there's a kindly ear listening somewhere and a few enthusiastic clubwomen with an eye for beauty.

Views Of OUR Readers

An Open Letter To The People Of Avon Park

During this past week the following letter was circulated among students, teachers and parents of the Avon Park High School. The results after just one week are running 100 to 1 against the moving of the band out of their home team seats.

A small group of two or three individuals are trying to force this unwanted decision on the students, band and concerned parents of Avon Park. Even now, as the people of Avon Park are voicing their opinion in an overwhelming manner, this group of two or three are planning on having a concrete base poured to make the area east of the goalpost a permanent seating arrangement for the band.

We, the concerned parents and fans of Avon Park students, ask these questions:

1. Why the big rush to spend more money on an area that is opposed by a ratio of 100 to 1?

2. Is the east goal post area safe for students or instruments with footballs being kicked into the area?

3. The additional reserved seat section is not where the band had their seating so why can't the band be returned to their original concrete seats at no cost whatsoever and still have the additional reserved seats? Why all this talk about money?

Football with the band is the only sport that pays its own way and has monies left to help other sports.

This is a football game of High School Football Players, playing for High School Students, led by High School Cheerleaders and backed by the High School Band, Flag Corps and Majorettes. It is Their Game! We adults are not entitled to take over the home team stands and force the students into second rate seats.

Stand up and be heard. Tear out the following letter, fill it in and mail it to:

P. O. Box 339, Avon Park, Florida 33825.

What am I doing for the students OR what I'm doing to the students?

Richard A. Longshore

The Letter

TO THE FRIENDS OF OUR AVON PARK HIGH SCHOOL STUDENTS:

A new policy has been put into effect which concerns each of our students. At each of the home games of our Red Devil Football Team the Grenadier Band has been removed from the home team concrete stands and placed in an area beyond the east goalpost. This move has brought a great deal of controversy and discussion among students, faculty and parents.

The decision to move the band members was for two reasons:

1. Money — The reserved seat section was increased by about 66 seats which will bring in approximately \$700.00 more per season.

2. Instrument security — a separate area, less enclosed, provides less opportunity for an instrument to be stolen.

Some of the reasons students and parents are against moving the band are:

1. The band members cannot see the game.

2. The band, the students and the cheerleaders are separated.

3. Poor instrument security. Band parents have to actively police the area to keep out strangers.

4. Cheerleaders give of their own free time and effort to study and practice how to instill spirit into a crowd, but since the band and its supporting groups make up a large portion of the students, their job is almost impossible.

5. The band members have given us pride in our Marching Grenadier heritage by always giving that extra effort that made them the best. Can we possibly continue to ask for that extra effort when they are rewarded with a second class seat where they cannot enjoy the event they trained so hard for?

6. The drive, the determination, the will to win, by our Red Devil team needs to be encouraged by a live rooting section of students and band backed by concerned parents.

To properly evaluate this new policy we are asking you to give us your thoughts and reasons why you are for or against moving our band members out of home team concrete stands.

I am a Fan — Concerned Parent — Student —

I am For — Against — The moving of our band out of their home team stands.

U.S. Rep. Lou Frey, Jr.

Budget Termed Good News-Bad News

U.S. Rep. Lou Frey, Jr. (R-Fla.) termed the budget resolution accepted by the House last night a "good news-bad news" situation.

"The bad news," Frey said, "is that the Congress has saddled the taxpayers with a \$80 billion deficit. The good news, from my perspective, is that we are finally able to fund two programs I've worked on since coming to Congress."

Frey was referring to two amendments adding \$700 million and \$175 million to the budget resolution. Both amendments were accepted by the House on Thursday.

Gunter Warns Against Dropping Insurance

Insurance Commission Bill Gunter today warned Florida drivers against dropping automobile liability insurance coverages and retaining only the compulsory \$5,000 personal injury protection (PIP) now allowed by law.

Gunter said that residents of Florida with only the PIP covering who drive in another state are subject to that state's laws.

"If they have an accident in Georgia, for example, they could be sued from first dollar," the Commissioner said.

The 1977 Legislature amended Florida's automobile insurance law to allow drivers to comply with the law by buying only the \$5,000 PIP coverage.

"Most, if not all states require minimum insurance to pay for injuries to others and damages to their property," Gunter said. "And having just the personal injury protection will not satisfy those states' laws."

"I would not recommend anyone drive without liability insurance," said Gunter. "Driving in Florida with only PIP would meet Florida's compulsory insurance law, but driving in other states with just that type of coverage can create problems for the driver."

The first will provide \$700 million for pensions for the 600,000 remaining World War One veterans in the United States. The original legislation, H. R. 4028, was written by Frey after veterans group brought the plight of the World War One veteran to his attention during the 92nd Congress.

Guaranteed pensions for World War One veterans — who did not benefit from special mortgage, insurance, education or health programs — has been supported by the American Legion, the VFW, and the Disabled American Veterans, but resisted by the Veterans Affairs Committee. Frey said the action marked the beginning of the end of the pension fight. "The Committee is going to have to have a pretty compelling reason to deny these men their pensions after the Congress has gone on record favoring them," he said.

The second amendment provides a \$175 million fund to offset lost revenues from tax credits for college and vocational school tuition. Tax credits for higher education have been approved by

the Senate five times, but the House has never had the opportunity to debate the proposal.

Frey has repeatedly cosponsored the enabling legislation, H. R. 3642, and viewed the 300 to 76 vote as a major victory.

"As the cost of post-secondary education has risen, the legislation has become more important. Specifically directed at the middle and lower income families who bear the greatest tax burden, it will allow them to obtain tax deductions for tuition paid to colleges

and vocational training schools. The \$175 million will not cover the cost of the proposal, obviously, but it will provide a start — something we can take to the Committee as an approach to tax reform."

While it is gratifying to finally see money allocated, Frey said, "both amendments represent ideas whose time has come. Let's hope we can complete the legislative process while we still have World War One veterans, and before too many students have to forego their education."

Chamber Awards Certificate To Burger Queen

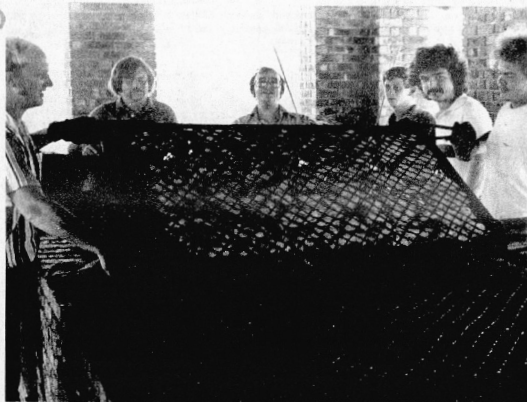

A certificate of appreciation for selecting Avon Park as a business location is being presented by the Avon Park Chamber of Commerce to all new business establishments that have opened in Avon Park this past year.

The giving of a certificate of appreciation by the chamber was inaugurated this past week with Burger Queen receiving the first certificate as being the most recent business to open in Avon Park. Rella's Interiors, 105 West Main will have their opening soon.

Also receiving the certificate of appreciation this week for opening during the past year were: Outlook Enterprises, Central Florida Surveyors, J. C. Penney Co., Inc., Pizza Hut and Cottage Crafts.

HOCKEY PLAYER, Warren 'Rocky' Godfrey, owner-operator of Burger Queen, watches as his daughter Shelly, manager and Josie Caldwell assistant to Avon Park from Chamber of Commerce president, James Cravey, present a certificate of appreciation for Burger Queen's coming. Photo by Lew Miller.

Jaycees Barbeque At Donaldson Park

Jaycee Barbeque Raises Funds For Projects

The Avon Park Jaycees barbeque held last Saturday at Donaldson Park was a tremendous success and the members of the club wish to thank all of the people of Avon Park who turned out and contributed to making the Jaycees' first fund raising project the success it was. Originally the club planned to sell 500 barbeque chicken dinners, however 540 people came to be served. Special thanks should be given to the City, Jim McWilliams, Steve Roberts, Milton Bass and the Avon Park Chamber

of Commerce for services rendered above and beyond what was asked.

The Jaycees currently have several projects in the planning stages that they think will both beautify and benefit Avon Park. They hope as a club they can help the community and it's citizens as much as the people have helped the club.

Anyone interested in becoming a member of the Jaycee Club can contact Bill Phillips at 453-3058 or 452-2581 or any other Jaycee Club member.

The first president to be married while in office was John Tyler, our 10th president, on June 25, 1844!

That "Something Different"

What happens to our local high school graduates when they are unable to find employment in Avon Park? They look elsewhere, of course. That's just what Joan Johnston did and she found that "something different" she had been hoping for.

Joan is the daughter of Mr. and Mrs. Johnny Johnston and a 1976 graduate of Avon Park High School, where she was active with the band. After spending a year at South Florida Junior College, she applied for work at various business places in Avon Park but was not successful.

"I really wanted to do something different — something more exciting than sitting behind a desk," said Joan, and when I read where some of the thoroughbred horse farms were hiring girls to exercise horses, I applied."

Joan admits she had no previous experience with horses, but was willing to learn and her scant weight (100 pounds) was just right. She was invited to visit the Hobeau Farm (pronounced "ho-be") located northwest of Ocala and was hired. What's more, she thoroughly enjoys her work.

Joan shares a room in the dorm with a girl from Iowa. Many of the girls on the farm are college students earning credits in animal-related fields.

The day for the exercise girls begins shortly before 6 a.m. Horses are fed, tack cleaned and stalls mucked. Sometime between 7 and 8:30 breakfast is served in the barns. Joan feels the food is adequate and she has gained eight pounds since joining the crew in July. Lunch and dinner is served in the mess hall. The cost of the meals is deducted from the pay, but most of it is served at cost and below. Before quitting at 4 or 4:30 the horses will have been exercised, shed walked, washed down, groomed and fed.

Joan will assist the blacksmith or veterinarian, if needed or fill in at other barns if necessary. Presently she has been assigned a colt to break to the saddle.

Hobeau boasts 2,000 acres. There are 12 barns, office, superintendent's residence, a dormitory, mess hall, a saw mill for keeping fences in good repair, cattle, houses for employees with families, as well

as a race course complete with starting gates to which the horses must be trained before they can compete at tracks all over the country. An exercise girl can accompany a horse that goes to the track which is an experience Joan looks forward to with anticipation. Most of their basic needs, with exception of laundry facilities, are available on the farm and security of the dorm is maintained especially at night. Drugs and alcoholic beverages are forbidden in the dormitory.

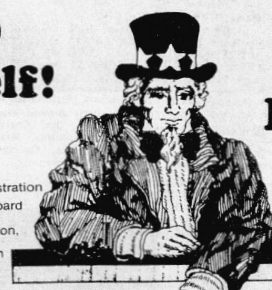

Joan has a sister, LuAnne, 30 miles away in Gainesville who plans to enter the School of Pharmacy and two brothers in the service. Tom, studying electrical repairs in Augusta, Georgia and John studying photography at Lowry AFB in Denver.

JOAN JOHNSTON, RIGHT, Bonny, a filly being readied for holds the reins for Watch Belmont.

BRENDA LADWIG, NOW Mrs. James Randall Ward, center, was honored at a bridal shower at Florida Power Lounge earlier this month. Pictured with her is her

mother, Mrs. Lorraine Ladwig, left, and her new mother-in-law, Mrs. Frances Ward, right.

Brenda Ward Bridal Shower

Brenda (Ladwig) Ward (bride of James Randall Ward) was honored with a miscellaneous bridal shower at the Florida Power Lounge on September 1.

Covering the refreshment table was a white lace tablecloth with a crystal punch bowl, surrounded by greenery and pink roses with green

candles on either side. Approximately 25 guests were served a variety of finger sandwiches, cookies, coconut balls and cheese crackers. Hostesses for the occasion were: Mrs. Belinda Ezel; Mrs. Lee Sizemore; Mrs. Sue Townsend; Mrs. Violet Mosley; Mrs. Patti Godwin; and Mrs. Glenda Hart. In

addition to presenting Brenda with a corsage of white carnations, the hostesses also gave her a sugar bowl in her china pattern.

Mrs. Sue Townsend and Mrs. Violet Mosley were in charge of the guest book. Brenda was also assisted in opening and recording of gifts by Mrs. Lee Sizemore.

AS PART OF the Cystic Fibrosis "Breath of Life" Campaign which will be held from September 19-24, Mrs. Margaret Collins presents the Avon Park City Library with a

copy of her sister-in-law's book, "If I Die At Thirty." The book is written for and about Mrs. Collins' niece, Peggie, who discovered, at 13, that she had the hereditary disease.

Cystic Fibrosis Book Donated

Cystic Fibrosis is no stranger to Mrs. Margaret Collins whose niece, Peggie Baker, learned, at age 13, that she had this hereditary disease, with its limited life expectancy. Peggie's mother, under the pen name of Meg Woodson, wrote a heartwarming, unique book, "If I Die At Thirty." The book explores and looks honestly at every aspect of encroaching death - including self-denial, guilt, isolation and finally acceptance.

Mrs. Collins' brother, Clinton Baker, a Presbyterian minister, lives with his wife and Peggie in Cleveland. The Bakers also had a son, who died from pneumonia at age 11. He, too, had Cystic Fibrosis and his mother is currently writing another book about him, entitled "Beloved Son."

Marjorie Holmes, in the preface of "If I Die At Thirty," writes that "this is the most moving and effective book I have ever read about human affliction."

The Cystic Fibrosis "Breath of Life Campaign" will be held from September 19-24 with 11 area chapters totally covering all of Avon Park, according to Mrs. Doris Brown, local campaign chairman.

"Lost" 1958

Graduates

The 1958 graduating class of Avon Park High School is making advance plans for its 20 years reunion and needs assistance in locating the following persons: Mae Ann Hunter; Hierman Ventress; Edna Deering; and Preston Strength. If anyone has any information which would be helping in locating these graduates, please contact the Avon Park Sun at 453-4355.

July 1-2, 1978 are the scheduled dates for the reunion with a formal dinner-dance and family bar-b-que planned for the festivities.

Protection Speech, Bird Show Highlight Meeting

The Avon Park Junior Woman's Club met Sept. 13 at the Woman's Club House for their first meeting of the year, with president, Sue Mosley calling the meeting to order.

Vice-president, Judy Mundt, introduced the guest speaker, Monica Sauls, Juvenile Investigator of the Highlands County Sheriff's Office. Her speech on "Home and Personal Protection" was informative and well received by the club and was followed by a question and answer period.

The membership committee of Ellen Jordan, chairman; Phyllis Williams, Judy Angel and Cindy Turner presented a show featuring exotic birds, which they portrayed. These birds represented the six different fields in which the Juniors worked last year. They were Conservation, Education, Home Life, Fine Arts, Public Affairs and International Affairs. This

year a new field will be opened

Child Abuse, the Junior Woman's Clubs state project.

President Mosley regrettably read two letters of resignation from Linda Laye, publicity and historian and Ann McDaniels, parliamentarian. These posts were filled by the appointment of Barbara Cornell and Cindy Turner, respectively.

The Muscular Dystrophy road book held at the red lights, downtown, Sept. 4 was a success, collecting a total of \$54.83, while the bake sale, held the same day, in front of the Avon Citrus Bank raised \$29.55. (Not bad girls!)

Four girls attended Junior Fun Night in Lakeland Sept. 6, where the Avon Park club received a plaque in recognition for club fellowship due to "Who Am I" in "Sue's News and Views," the club

newsletter.

Cindy Turner and Barbara Cornell attended a "Reporting Workshop" and Presidents' council meeting Sept. 9 and came back with helpful information about writing next year's federation project reports.

Refreshments were served by the board and the meeting was adjourned.

Fazzettes Will Meet Sept. 28

The usual covered dish supper will precede the regular Fazzettes meeting on Wednesday, Sept. 28, at 6 p.m. at the clubhouse. All Fazzettes are urged to attend as there will be election of officers.

Woman's Club

Board Meet

The executive board of the Woman's Club of Avon Park will meet on Friday, September 30 at 9:30 a.m. at the Woman's Club House. Mrs. George Couch, president would like all department heads and committee chairmen to attend this meeting since it will be the first of the new season.

Garden Club

The Highlands Garden Club held its September 1st meeting at Mrs. Ruth Gahn's home.

After the president, Mrs. Clara Queen, called the meeting to order, there was a general discussion of the club's plans for the coming year.

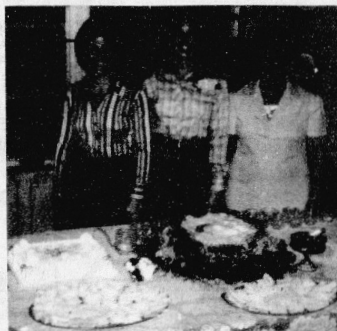

The next meeting will be held at the Agricultural Building at 1:30 p.m. on October 6, Donna Meyer and Rose Pfanning as co-hostesses. The program for this meeting will be "Highlights of Camping Slides" courtesy of the Girl Scout Council.

Mr. and Mrs. Frank Sanders, Jr. of Sebring announce the birth of a son, Alexander Eligh, born September 12 at Walker Memorial Hospital, weighing 8 lbs., 1 oz.

Mr. and Mrs. Ernest Sapp of Avon Park announce the birth of a son, Ernest Sapp, Jr., born September 12 at Walker Memorial Hospital, weighing 7 lbs., 13 1/4 oz.

Mr. and Mrs. Hector Trevino of Wauchula announce the birth of a daughter, Mary Lily, born September 12, at Walker Memorial Hospital, weighing 6 lbs., 10 oz.

Mr. and Mrs. Michael Paul Morse of Avon Park announce the birth of a son, Michael Paul, Jr., born September 10 at Walker Memorial Hospital, weighing 7 lbs., 4 1/2 oz.

BETH FERGUSON, CENTER, bride-elect of Ricky Helms was honored with a kitchen shower on September 14 at the home of

Mrs. H. M. Flowers. Pictured also are Beth's sister, Sarah, left and her mother, Mildred Ferguson.

Kitchen Shower For Beth Ferguson

Beth Ferguson, bride-elect of Ricky Helms, was honored with a kitchen shower on Sept. 14 at the home of Mrs. H. M. Flowers.

Decorations for the occasion were in the brides colors of brown and orange.

The punch table was laden with a variety of goodies,

including sandwiches, nuts, dips, chips and a beautiful cake.

The hostesses for the shower were Debby Flowers, Barbie Walker and Nelda Flowers, who presented Beth with a selection of useful kitchen items.

People On The Go

Mrs. Fletcher Celebrates Birthday

Mrs. Leola Fletcher celebrated her birthday at the home of Mr. and Mrs. Jerry Coulliette near Horse Hammock with a birthday dinner on September 15. Mrs. Fletcher, (known as Granny Fletcher to the Coulliette children, Jason and John) has

helped care for the boys ever since they were infants. Helping her celebrate the occasion were her son and his wife, Mr. and Mrs. R. L. Fletcher; Mr. and Mrs. Jerry Coulliette; Jason and John. They enjoyed shrimp, baked potato, salad, birthday cake, and ice cream.

Mrs. Fletcher has four children, R. L. Fletcher of Avon Park; Alton Fletcher of Deland; W. E. Fletcher of

Blackshear, Ga.; and Helen Grossman of Sandy Creek, N.Y. She has ten grandchildren and five great-grandchildren.

Anniversary Celebration For Helms

Mr. and Mrs. T. P. Helms will be honored with a special 50th wedding anniversary celebration on Sunday, October 2 at 2 p.m. at the Florida Power Lounge. All friends and relatives are cordially invited to attend.

Avon Park Grange The Avon Park Grange will meet on September 27 at 8 p.m. at the Woman's Club.

JANICE TURNBULL, BRIDE-elect of Steve Walker, was

honored at coffee on Saturday, September 17 at the home of

Mrs. Jimmie Garner, left, with about 100 guests attending.

Daisies Accent Bridal Coffee

Janice Turnbull, bride-elect of Steve Walker, was honored at a coffee on September 17 at the home of Mrs. Jimmie Garner.

Yellow and white daisies adorned the beautifully decorated refreshment tables from which guests were served fruit cream tassies, finger sandwiches, sausage balls,

punch, coffee, cookies and other assorted home-made goodies.

Hostesses for the event were: Mrs. Margaret Collins; Mrs. Connie Talbott; Mrs. Carol Owens; Mrs. Myrtis Guernodi; and Mrs. Jimmie Garner. The hostesses presented the bride-to-be with an electric percolator.

Over 100 guests attended the event. Greeting guests individually at the door were Mrs. Garner, Janice and her mother, Margaret Turnbull. Assisting in serving were Janice's sisters, Nancy Turnbull and Patti Jackson as well as Karl Long. In charge of the guest book were Carol Ann Owens, Vicki Cribb, and Mark Garner.

Lt. Singletary Speaker

The monthly birthday luncheon was held at the Delaney Heights Club House on September 14 with eight persons attending. There was the usual abundance of delicious food including a birthday cake baked by Mrs. Sallie Whitehurst. After the luncheon, Lt.

Donald Singletary spoke to the assembled group on "Crime Prevention and Public Relations" including different phases of crime prevention.

Recently visiting Mrs. Bessie Trude were Mr. and Mrs. Roy Miller from Niles, Michigan and Mr. and Mrs. George Wanko from Arcadia.

Culpepper Pins Pink Ladies in Ceremony

THESE PINK LADIES of the Walker Memorial Auxiliary recently received service pins from James Culpepper, Assistant Administrator. From left to right: Marge Sloum;

Pauline Tondoe, Auxiliary Director; Virginia Cobb; Alice Mengel; Marion Dick; Betty Calathes; and James Culpepper.

The following 18 Pink Ladies of the Walker Memorial Hospital Auxiliary recently attended the regular monthly meeting: Marian Dick, Virginia Cobb, Helen McConn, Alice Mengel, Allene Howard, Valda Hisey, Marge Sloum, Josie McDaniel, Pauline Tondoe, Betty Fitzhugh, Ruth B. Walker, Errol M. Bennett, Phoebe Chase, Gladys Brown, Lottie Sargent, Virginia Church, Betty Calathes and Ruth Davidson.

James Culpepper, Assistant Administrator at Walker Memorial, offered the opening prayer and presented the following ladies with caps and pins: Virginia Cobb and Alice Mengel received both caps and a 100-hour pin; Betty Calathes, 500-hour pin; Marian Dick, 11,000-hour pin; and Marge Sloum with a very impressive 15,000-hour pin.

The 12 Candy Strippers who worked with the hospital this summer were recognized for their 572 hours of volunteer work.

Marian Whalen, president, submitted a letter of resignation because of ill health.

Mrs. Louise Osborn, Administrator of Nursing, demonstrated five new special chairs. The motion was made by Virginia Church and seconded by Ruth Walker that the auxiliary donate the money for the purchase of these

hospital chairs. November 21 is the date set for the yearly banquet. Members are reminded to remember their gift for the gift shop with a price tag on it.

Mr. Culpepper remarked with appreciation the many hours of service given by those of the auxiliary.

It was noted that the hospital is awaiting approval of a forty-foot addition along the east side of the hospital. A new gift shop is also being considered in future plans.

A moment of silent prayer was offered in the memory of Ruby Hein.

Regular meetings will be held on the third Monday of each month from 3-4 p.m.

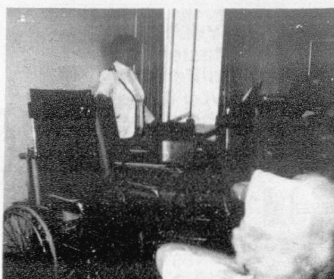

Pauline Tondoe will open a new class on October 24. Members are encouraged to boost interest.

Virginia Cobb will now be in charge of the bulletin board each Tuesday.

A state convention, including a Halloween party will be held October 31-November 1 at Disney World. If interested, plan on wearing a costume and contact Pauline.

Selected for the nominating committee were Betty Fitzhugh, Chairman, Gladys Brown and Lottie Sargent.

The meeting was closed with Auxiliary prayers were read by Virginia Church.

MRS. LOUISE OSBORN, in this group were two table Administrator of Nursing, combination chairs, two adult demonstrates five new, special chairs, and one physical wheel chairs, donated by the therapy chair for a total cost of Pink Ladies of the Walker almost \$1700. Memorial Auxiliary. Included

Six Pot Arrests

A 28-year-old woman arrested for possession of marijuana was the older among the half dozen suspects arrested by Highlands County sheriff's deputies the second week of September.

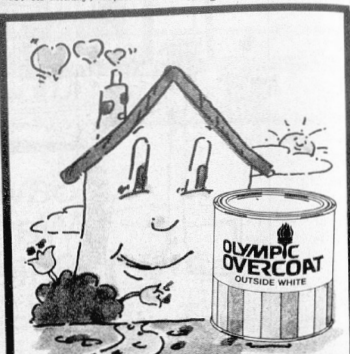

The other suspects, all male, were teenagers.

The 14-year-old and a 16-year-old were arrested on larceny charges. All the other arrests were for possession of marijuana. The woman was from outside Highlands County. The male suspects are from this county.

Average age of persons arrested last week was 18.

Pilot Program For Asthmatic Children

The Mid-State District Gulf Coast Lung Association announces an unusual new program for children with Asthma. This pilot program begins Saturday, September 24, 10 a.m. to 12 noon and runs for eight consecutive Saturday sessions concluding November 12. The program will be held at the new Southeast Winter Haven complex, Highway 17 and Cypress Gardens Road. This new venture has been planned as a pilot program with a limited enrollment. At the conclusion of these eight sessions there will be a careful evaluation by the participants, the staff and the Mid-State Lung Association Asthma Committee.

Mrs. Helene Warren, R. N. and professor at the Polk Community College of Nursing is Director of this program. Wylen Carson, wife of Pediatrician John Carson of Winter Haven is Director of the children's unique Therapy sessions. Dr. William F. Hill serves as Chairman of the Mid-State Asthma Committee.

The parent sessions will be taught by a variety of

specialists: a Pediatrician, a Psychiatrist, Psychologist, Nutritionist, Respiratory Therapist, Respiratory Nurse, and an experienced parent team and others.

The children will receive similar instruction geared to their age level. There will be swimming sessions at which the children will be supervised and taught proper breath control. There will be sessions at which the recorder, the beginners musical instrument will be taught as a means of developing better breathing and breath control techniques. Other play therapy activities are scheduled to round out the program.

The program is designed for the people who face daily the devastating problems of being either the child who has Asthma or the parent who must cope with all the varied problems that follow in the wake of this disease. For further information call Bartow 533-3851.

"The Christmas Seal People"

Two Charged In Child Abuse Cases

Two Sebring men have been charged with harming children in information filed Sept. 16 by Assistant State Attorney Bill Fletcher.

In one information Danny Grimaldi is formally charged on two counts of aggravated child abuse. He was arrested in mid-July.

Joseph Wayne Welsh, 18, is to go to trial on one count of sexual battery. He was arrested Aug. 30 on the grounds of Sebring High School. He is accused of raping a 13-year-old girl.

It will soon be haunted house time again!!! Boy Scout Troop 196 is again sponsoring the

Haunted House during the Halloween season. This year's house will be bigger and

spookier than ever. Starting today the Scouts will be coming door-to-door selling tickets to the Haunted House.

The price is 50 cents for advance sales and 75 cents at the door. The event will take place on Oct. 28, 29 and 30 at the Boy Scout House at 105 North Butler Ave. behind the Congregational Church.

This is the only project that the Boy Scouts are involved in each year in which they ask the people of Avon Park for a contribution. So if a Scout knocks on your door, please buy a ticket and then come to the Haunted House, if you dare.

In Switzerland, the temperature falls one degree for every 300-foot rise in altitude.

Highlands County Deputies, G. the Thompson's boat brought Hartsfield and James Jones in Auty Hill and G. C. Vaughn, Sebring, to shore in another boat along side, when their boat overturned they were while fishing.

Two Rescued After Boating Mishap On Lake

A Monday morning boating accident on Lake Lotela, covered by both the Highlands County Sheriff's Department and the Avon Park Police Department resulted in two Sebring fishermen getting safely to shore.

Reports indicated that an unbalanced load in the 14 foot aluminum boat caused it to overturn, throwing the occupants, Auty Hill and G. C. Vaughn, both of Sebring, into the lake, where they managed to hang on to the overturned craft.

Investigating officer G. Hartsfield of the Sheriff's Department heard the call when on S. R. 17 and met Ralph Thompson, Sebring, near the boat ramp north of the Florida Power generating plant. Thompson and his brother Charles, Washington, D. C. replaced their boat in the lake. The Thompsons with

Deputies Harsh Hartsfield and James Jones crossed the lake to a point near the Elmer Greg and Bill Hood residences picking up the two men and returning them to shore at the boat landing on the south side of Lake Lotela, where Patrolman Ron Hartsfield of the Avon Park Police Department obtained a report of the mishap.

Men from the Avon Park Fire Department using the rescue boat retrieved the overturned boat.

USDA Wants Comments On Grade Standards

The U.S. Department of Agriculture (USDA) has invited comments on proposed revisions of the U.S. grade standards for canned tomato juice and puree. The proposals would allow the use of colorimeters (electric color meters) in evaluating the color of these products. Color is a major factor in determining the grades of manufactured tomato products.

Under the proposals, any carefully calibrated and standardized electronic color meter system can be used if it has been approved by USDA. Officials of USDA's Food Safety and Quality Service (FSQS) said color may also still be evaluated visually.

Comments on the proposals will be accepted until Dec. 31. Written comments should be sent in duplicate to the Hearing Clerk, USDA, Washington, D.C. 20250.

The Canners League of California requested the changes in the grade standards for the two products to permit the use of colorimeters. Colorimeters help minimize visual error caused by eye fatigue and eliminate the need for the precise lighting conditions that are essential for accurate visual evaluation of color.

The proposals appear in the Sept. 13 Federal Register. Copies of the proposed revisions may be obtained from the Fruit and Vegetable Quality Division, FSQS, USDA, Washington, D.C. 20250.

FSQS established grade standards and provides official grading services for many food products. Use of the grade standards or grading services is voluntary.

METROPOLITAN MAKES APPOINTMENT HERE IN AVON PARK

Metropolitan Life Insurance Company has announced that Mr. Allen Durn has been appointed a Sales Representative here in Avon Park. In his new position, Mr. Durn will be pleased to serve you in every phase of insurance planning, including Mortgage, Hospitalization, Education, Life and Employee Benefit plans. Villarreal Family Grateful

The family of Little Joe and Didcioro Villarreal Jr. wishes to express their heartfelt appreciation to all of the wonderful people in Avon Park who were kind to them during the deaths of their two sons.

Your many gifts of furniture, bedding, clothing, food and money all were needed so badly. We would like to thank Thriftway stores for their contribution of food which was needed to feed our six other children. The Villarreal Family said, "God bless you wonderful people."

The Villarreal family came from Texas about a year ago, coming to Frostproof in early August of this year. The father

was ill at times and was unable to get work, while the mother did some farm work at Ft. Meade.

While the family was swimming and wading in Lake Clinch, Frostproof, the two boys, both swimmers, apparently stepped off into a dredged hole and did not return to the surface.

Divers searching the muddy waters of the hole found them about twenty minutes later. The boys were taken to the Lake Wales Hospital, where Little Joe died Saturday, Sept. 3 and Didcioro died Monday, Sept. 5. Funeral Services and burial, for both, were held on Thursday, Sept. 8.

A compassionate community other organizations and individuals contributed furniture, clothing, food and money, in their time of need, church groups, civic clubs,

Reluctant Reader Workshop Set

The Tri-County Teacher Education Center will conduct a workshop on Friday, October 7 at Hardee Junior High School from 9 a.m.-noon and from 1-3:30 p.m. The subject for this workshop is the "Reluctant Reader" with instructor, Dr.

Jean V. Marani, Consultant, Right-to-Head, Department of Education. Teachers and other interested personnel should notify Mrs. Sarah Thompson at 382-1121 at the TEC office by September 26.

Cypress Garden Expert Speaks To Garden Club

Robert Kuntz, Vice-president and Director of Horticulture at Cypress Gardens, was the guest speaker at breakfast meeting of the Avon Park Federated Garden Club (a member of the Florida Federation of Garden Clubs, Inc.).
"Flowers from all over the world" was the topic of Mr. Kuntz's lecture-slide program. He has collected many

September 17 at Walker Memorial Hospital. Many of his friends attended services Sunday afternoon at 3 p.m. in Stephenson Funeral Home. He was then taken back to Grossman Funeral Home in Argos, Ind. where services were held Wednesday in the old home church near Argos.

varieties of flowers, bringing them to Cypress Gardens. Originally from Miami, Mr. Kuntz was instrumental in making that City the "Bedding Plant Center of U. S. A.", an award which was presented by the Queen of England. Mr. Kuntz gives much credit to not only the garden clubs of Miami for their beautification efforts, but to garden clubs across the country.

Teacher-School Board Negotiations Net Changes

As a result of the negotiations between Highlands County School Board and the teachers' association a number of changes have been made in the 1977-78 school calendar. Howard Thomas public information officer for the schools, issued a revised schedule which includes two shifts in student days off but makes no changes in school vacation periods. The first major change is an in-service training day for teachers. Originally set for Oct. 28, this has been changed to Friday, Oct. 21.
An in-service training day for teachers and vacation for students, set for Jan. 20, has been moved to Friday, April 28. Most of the other changes involve

shifting grading period endings from Fridays to Thursdays.
Days off for students for the rest of the current school year will be as shown below.
Oct. 21 — teacher training, holiday for students.
Nov. 24 and 25 — Thanksgiving holiday for teachers and students.
Dec. 19 to Jan. 1 — Christmas and New Year holidays.
March 20-24 — Spring vacation.
April 28 — teacher training, holiday for students.
June 2 — last day for students and June 7 — last day for teachers.

Mr. Harry Smith
Funeral services for the late Harry Smith, will be held Saturday, September 24, at 2 o'clock p.m. at Saint Mark Missionary Baptist Church. The Rev. Arthur Ousley will preside.

By Calvin Gibbs
Hi Friends,
Welcome to Southside Park Community News. A group of citizens in Southside Park has decided and is suggesting that the week of September 26 through October 3, is called clean-up week. The group is asking that everyone puts forth a special effort to clean up his immediate surroundings of litter, garbage, yards and lawns which need attention. This group is soliciting the help of the city in doing so. There are many vacant lots and unoccupied buildings which need cleaning and abolishing. The group feels that this will rid the community of many sites which breed mosquitos and other insects and help make Southside a more attractive community in which to live.
The Apostolic Church of Jesus, had Sunday school beginning 10 a.m. Superintendent Stanley Smith

Linda McRae
Fla. A and M

in charge.
Morning service conducted by Deacon Adolph Williams and Deacon Fred Corner. Testimony Service by all, and the adult choir sang. Elder Thomas J. Brown, preached the sermon from Acts 2:1-16 verses, taking for a text "The Heavenly Sound That Shook the Whole World". Preached with power.
Evening service the same two deacons in charge. Elder Spencer Sanders brought the sermon. Preaching from Exodus 14:27-28 verses, the spirit filled the house.
Services were enjoyed all day.
Coming soon, watch the paper. Our former home town girl, maiden name Theresa Wilson will be giving a concert next month. Probably at The Apostolic Church. The public is invited.
Sis. Virginia McRae, Reporter

a new way to make your life easier

United Telephone of Florida
UNITED TELEPHONE SYSTEM

Imagine how difficult your life would be without the telephone to run your errands, keep you in touch with friends and summon help in emergencies. Now United Telephone offers the TeleDialer 32 to make your telephone even more convenient.
The TeleDialer 32 remembers up to 32 numbers you call frequently, and can dial any of them at the touch of a single button. And four "HELP" numbers (fire, police, ambulance — whatever you select) are identified by brightly colored over-size buttons, so a child, baby-sitter or elderly person can call for assistance (ast if the need arises).
Also, the TeleDialer lets you make all your calls by push-button dialing even if your regular phone has a conventional dial. If the number you call is busy, don't worry about forgetting the number before you call again. Just touch the "last number called" button, and presto — the TeleDialer re-dials for you.
Best of all, the TeleDialer 32 costs less than you might believe. It's only \$8.10 per month, plus a one-time installation charge of \$21. for a home or \$25. for a business. And the installation charge is lower if the TeleDialer is connected at the same time other equipment is installed.
Call your United Telephone Business Office to learn how easy it is to make your life easier.
Look to United for the latest in communications.
