Balance is the key word in audio investment, the experts at the Electronic Industries Association point out. If record playing is important to you, listen carefully to a wide range of record playing equipment on different speakers.

We should always endeavor to do what is right. With the rules of good conduct forever in sight. For we're taught that the Bible will show us the light. From the very first moment of birth. But although we're determined to go the right way, In the face of temptation it's easy to stray; So the words in this message are meant to convey Some advice, for whatever it's worth: If you'll go to your Church, it will help you to see That your words and your actions in every degree Are conducted the way you would want them to be In your very last hour on earth!

Resolved, never to do anything which I should be afraid to do if it were the last hour of my life.

—Gloria Nowak

By MARGIE WELLS
Evie and Tom Chockley returned on Saturday after a visit in Michigan. When there, there was a big party for Evie and Tom who were celebrating their 50th wedding anniversary, for Dorothy and Robert Furry who were celebrating their 50th wedding anniversary, and for Doralee and Thomas Chockley, Jr., who were celebrating their 25th wedding anniversary. The Furrys are the parents of Doralee. Bonnie Braes who attended the party were Mr. and Mrs. Orin (Bud) Leonard, Mr. and Mrs. Harry Young, and Mr. and Mrs. Steve Bohaychuk. While in Michigan, Evie and Tom had a good time visiting with friends and relatives. They also saw the new Renaissance Center in downtown Detroit, going up to the 72nd floor to view the city and Windsor, Ontario, Canada.

Jane and Charlie Paris also arrived back home this past week after a vacation in Pennsylvania. Jane had a birthday this week and Gert and Dan Bohland helped her celebrate by taking her and Charlie to the Black Forest Restaurant for dinner. The last Monday morning, Ann Lockwood and friends, Dorothy DeLay and Gertrude Rand, from Lakeland left for Fort Lauderdale anticipating a ride on the Jungle Queen on Tuesday evening. Due to gales and squalls, the tour was cancelled. However, this didn't dampen the spirit of our "tugged travelers" who made the best of their stay by touring the city and browsing in shops. Arriving in Avon Park on Wednesday afternoon, they had dinner at Sun and Lakes Black Forest Restaurant and they said the food was "super." Plans are already in the making for a repeat performance.

Margie Wells spent last Thursday afternoon and

Thursday night visiting with her parents, the Rev. and Mrs. C. Dennis Harsh, of Winter Haven.

Mr. and Mrs. Earl Holbrook of Marysville, Ohio, visited Thelma Miller this past week. They were en route to Homestead where they plan to make their home. The Holbrooks have been traveling

all over the United States since April in their new motor home, covering about 13,000 miles. Howard Flashbeck was very happy this week when his children paid him a visit. They arrived on Monday and stayed until Thursday. The visitors were his son, Glen Flashbeck and his son, Tommy, from Tacoma Park, Maryland; and

his two daughters, Doris H. Smith from Birmingham, Michigan, and Sarah Shoemaker from Charleston, South Carolina.

Maude and Al Wilson have moved into their new home at 710 Hall Street, Avon Park. We certainly hope to see them leave our park but we wish them lots of happiness in their

new home. Weekend visitors at the home of Pauline Colborne were Harriett Riley and Jack Boylan of Miami, Florida.

We are glad to report that Pauline Pelkey is doing much better. Jane tells us that she is sitting up now and has even walked a few steps. We hope it won't be long until she will be

home again. Daisy and Mark Brown had a letter from Catherine and George Curry this week and they said that George had been in the hospital twice this summer with pneumonia. We hope he will be better soon so that they can return to Bonnie Brae. The sunshine will do you good, George!

Ellen Hunt sent us a card this week and she said that 18 of their family had been together for a long weekend. It sounds as if Ellen is having lots of fun and we hope she will take lots of pictures to show at our Friday night movies.

Margie and P. D. Wells spent Labor Day weekend visiting with their son and daughter-in-law, Bob and Carol Wells, of

Pompano Beach. Believe it or not, the train stopped long enough on Saturday for them to get in 18 holes of golf! The Bonnie Brae Mermaids wish to announce that from now on the group will be going swimming every day at 1 p.m. They invite anyone (male or female) who would like to join them to be ready to leave promptly at this time.

Hays Optimistic On Road Priorities

Road priorities were set Tuesday by county commissioners who optimistically added to both leveling and resurfacing lists in hopes of obtaining some extra monies during the coming fiscal year.

County Engineer Gordon Hays said 14.4 miles on the leveling list is above the 10 miles committed in the last budget, but if the county is able to qualify for Community Development Grant funds—as proposed by planner Serafini—there could be monies to reallocate in low and middle income areas.

In addition, the board added 3.6 miles of Graham Drive from Commissioner C. J. Buddy Wise said 30 to 40 families live in a nearly impassable access situation during rainy weather. The 20 priority projects start in the south end of the county, where the current year's program ended and the leveling begins in the north end of the county. Hays explained, Zion Street in Lake Placid will be Project One because of a drainage problem near the Shell Station in Highway Park.

Stated for resurfacing during

the coming year are 3.06 miles of Virginia Ave. in Lake Placid to Child's Fish Camp; .06 miles of LaGrow Road; Lake Francis Drive, .41 miles; and 2.38 miles of Boat Ramp Road near the Klansman River. Lorida's Bluff Hammock Road, from U.S. 98 to Hicks Road, at a 2.6 mile stretch, is fifth on the priority list, and .33 miles of Lake Josephine Shores Road, near U.S. 27 is sixth.

In the Sebring area, 21 miles of Queen Palm and 11 miles of DeSoto City area; .05 miles of Erin Drive near Schlosser; Lafayette Ave. for .87 miles from 13th Ave. to N. Huckleberry Lane Drive; 13 miles of Broadway St. from Whately Blvd. to Sparrow Ave. and .16 miles of Longview Drive from Sunset Drive to Lake Sebring Blvd.

Three Lakemont Roads, Red Road for .04 miles, Hudson Road, .06 miles and Lakeshore Road for .21 miles are included.

In Avon Park, Dressel Road will be paved for .83 miles from SR 64 to Old Bombing Range Road; Tarsus Road from Venita Road .25 miles to Olivia Drive and Perry Road,

.35 from Olivia to Hartman Road and Perry Road, from Olivia .25 miles to Hartman. Also in Avon Park, Highlands Road will be paved .35 miles from Skyler Road north; Larramore Road from Rita Road, 10 miles south; Larramore Road from Rita Road, 10 miles south; Charlene Road, 10 miles from Bass Road south; Osceola Road, 2 miles from Mimosa Road north; Fairway Drive .24 miles from Twin Lakes Drive to Lake Trout Drive. Maryland Drive will be paved 21 miles from Lake Dammit Drive to Hillcrest Drive. The total miles is 13.49 without the Graham Drive project which totals an additional 3.49 miles.

Leveling projects include Oleander Drive, Palm Circle, E. Lake Lotela Drive in Avon Park; Valerie Blvd., Dolphin Drive, King Drive, Pompano Drive, Snapper Drive, Red Ave., Broom Ave., Perch Ave., Trout Ave., Bass Ave., Crane St., Eagle Ave., Egret St., Corvette Ave., Hawk St., Citronen Drive, Kite Ave., Heron St., Limpkin, Sparrow Ave., all in Sebring and Sebring Hills areas.

Arbuckle Creek Road from U.S. 98 to Arbuckle Creek Bridge is included for Lorida; and back in Sebring, School St., Medina Way, 9th Ave., Harder St., Lewis St., 13th St., Hall St., 10 Ave., and Hall St., Virginia Ave., Lake Josephine Drive, Golfview, Peachtree Drive, Highland Lake Drive, Washington Blvd., and Jefferson Ave., Lake Placid.

That 14.4 miles won't be started until April 1978, Hays said because last year's February start run into cold weather problems in mixing materials. Each mile of leveling costs about \$7,500, he added.

Commissioner Norman

Heston praised Hays work in refining the desires of the five districts and the set up of the work schedules.

Wise, in pressing for relief on Graham Drive Road, pointed

to the fact that it is a county maintained stretch which is costly to keep passable because of the 10 miles round trip in hauling materials for repairs.

SFJC Offers Basic Life Support Class

South Florida Junior College, in cooperation with the Highlands County Emergency Medical Services and the American Heart Association, will offer a basic life support class in Lake Placid as part of the Community Instructional Services Program.

Floridians Paid For Recycling Aluminum

—During the first six months of 1977, Floridians recycled nearly 11 million pounds of aluminum through Reynolds Aluminum Recycling Company, according to Dave Vardell, Reynolds District Manager.

The equivalent one-fourth billion all-aluminum beverage cans meant Floridians were paid over \$1,800,000.

Reynolds Aluminum Recycling Company for their recycling efforts.

Nationwide, Reynolds announced record collections for the consumer recycling program for the first six months of this year.

In making the announcement, Richard N. Bolling, general manager, said almost 60 million pounds of aluminum were received through the company's more than 800 collection points. This is equivalent to nearly 1.4 billion all-aluminum beverage cans or more than 50 per cent of the cans the company manufactures.

Consumers received over \$10 million for their efforts.

As America becomes more concerned about its energy and materials resources, recycling has taken on an additional benefit because each time aluminum is recycled, it saves 95 per cent of the energy required to make primary aluminum.

"The almost 60 million pounds Reynolds recycled in the first six months of 1977 saved at least 300 million kilowatt hours of electrical energy. It saved mining and importing about 280 million pounds of bauxite," Mr. Bolling said.

The company pays 17 cents a pound for aluminum cans and other clean household aluminum products. Certain other items including aluminum siding, gutters, aluminum storm door and window frames and lawn furniture tubing are also worth 17 cents, if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with aluminum cans.

Since Reynolds began its

recycling program ten years ago, it has recycled over 400 million pounds of aluminum or nearly nine billion all-aluminum beverage cans, and paid consumers \$56 million. It operates 72 permanent recycling facilities and approximately 150 mobile units covering over 800 collection points in 45 states and the District of Columbia.

Consumers may locate their nearest Reynolds recycling facility by calling toll free 800-245-6000.

Mr. Bolling said that as the country places more emphasis on conservation of both energy and natural resources, more and more consumers have become involved in aluminum recycling. Individual consumers as well as scouting, church, school and social organizations are using the Reynolds program not only as a money maker but also as a responsible way to help the environment and conserve natural resources.

The shuffleboard tournament on August 29 with three and a half courts playing there were no four game winners.

In Walker Memorial Hospital this week are Merrill Murphy and Fred Hughes. Blaine Kerr will leave Monday for Youngstown, Ohio for treatments at the hospital there. Frank Mills is still in A. G. Policeman Not Charged In Accident

An Avon Park policeman was not charged following a three-car accident he was involved in near Avon Park.

The Florida Highway Patrol said Patrolman Robert L. Oberth attempted to turn left from Verona Ave. onto E. Main St. when he swung too wide and struck a car driven by Louise M. Birt of Avon Park. The Birt vehicle then struck a parked car owned by Lorine Phillips, also of Avon Park.
