

More Hunting Land In Cypress Big Game Area

Sportmen who hunt south Florida this fall will find additional acres available to them in the Big Cypress Wildlife Management Area.

"The increased acreage will provide sportmen with additional public hunting opportunities for deer and hog hunting," said Fred Stanberry, director of the Game and Fresh Water Fish Commission's wildlife division.

The Big Cypress North Wildlife Management Area (WMA), in Collier County, is bordered on the south by Alligator Alley and on the north by the Hendry County line which is posted. The area's eastern boundary is posted and the western boundary line is bordered by a mile-wide posted strip of private land lying parallel to and immediately east of S. R. 29. This WMA now contains 37,000 acres, 15,360 more than it did during the 1976-77 hunting season.

Big Cypress South WMA, the second area, is broken into two units. The first is bordered on the north by Alligator Alley, on the east by Turner River Road; on the south by S. R. 837 and on the west by a posted, mile-wide strip of private land lying parallel to and immediately adjacent to S. R. 29 on the east side of the road. There are about 30,000 acres in this part of the area.

The second portion of Big Cypress South is bordered on the north by Tamiami Trail and on the east by loop Road. The southern and western boundaries are posted. This area contains approximately 35,000 acres.

A quota of 250 hunters has been established for the first nine days (Nov. 12-20) of the 1977-78 hunting season in the Big Cypress North WMA. Sportmen wishing to hunt the area must submit a written application—available from any tax collector's office or their subagents—to the Game and Fresh Water Fish Commission's Tallahassee office. The quota will be filled on a first-come, first-

serve basis as applications are received by mail in the Tallahassee office. The quota permit is required of all persons. In addition, the WMA permit stamp and a regular hunting license is also required unless the individual is exempt by law.

No quota permits are required to hunt the Big Cypress South area, but a WMA permit stamp and a regular hunting license—unless exempt by law—are required of all hunters.

Hunters are reminded of several regulations which apply to Big Cypress North WMA. Dogs other than bird dogs are prohibited on the area. During hunting season, camping is permitted only at designated campsites. Use of or possession of airboats and tracked or two- or three-wheeled vehicles is prohibited. No vehicles shall be operated off graded or paved roads unless equipped with tires having a width of nine inches or more.

Persons may enter and exit the wildlife management area only through designated entry points. Guns may be taken into the area between 8 a.m. November 11 and must be removed by 5

p.m. February 27, 1978. The removal of any plants including air plants and orchids is prohibited. All persons not hunting from a vehicle must wear orange headgear.

In the Big Cypress South WMA, guns or dogs are allowed only during the open season established for the area except under permit by the Game Commission. Guns may be taken into the area between 8 a.m. November 11 and must be removed by 6 p.m. February 27, 1978. The removal of any plants, including orchids and air plants is prohibited.

Sponsors Needed For Girls Villa Golf Classic

Patron Sponsors for the Bartow Girls Villa Classic commencing August 22 are needed. The cost for sponsorship is \$250, which is tax deductible and goes towards the Florida Sheriffs Girls Villa Building Fund. James Byrd and Frank Rouse are co-chairmen of the Sponsor Committee.

The two week long Classic, which culminates with golf and tennis championships over Labor Day Weekend, has raised \$74,000 for the Peace River Park Complex for underprivileged girls.

Sponsors will receive tickets to the various social functions, including the Saturday Night Extravaganza featuring the Van Dells, private parking and club room privileges, plus an honorary membership in Florida Sheriffs Association.

For more information contact James Byrd at 533-2061 or Frank Rouse at 533-6247.

A little bored with it all is this youngster as he yawns away in his daddy's arms at the Avon Park Volunteer Ball Complex last weekend in the make-shift concession stand.

Outboard Stolen

A 15-horsepower outboard motor was reported stolen from the boat of James M. Doerr Jr., of Sebring, last week.

Doerr said the motor, valued at over \$2300, was taken from the rear of his boat, which was parked near his home in Sebring Ridge. Investigations are continuing.

The Zodiacs won the 1977 Avon Park Women's Slowpitch Softball League championship with a 7-0 record last week. Kneeling from left to right: Estelle Shaw, Maxine Blake, Johnny Mae Griffin, Velma Waldron, Sabrina Blake, Cathy Oliver, and Geneva Hayes. Standing from left: Linda Rowe, Sharon McRae, Coach Jimmy Levenson, Joyce Smith, Sylvia Blake, Eartha Mae Smith, Cherry Levenson, and Coach Linda Hicks.

Shaw, Maxine Blake, Johnny Mae Griffin, Velma Waldron, Sabrina Blake, Cathy Oliver, and Geneva Hayes. Standing from left: Linda Rowe, Sharon McRae, Coach Jimmy Levenson, Joyce Smith, Sylvia Blake, Eartha Mae Smith, Cherry Levenson, and Coach Linda Hicks.

McRae, Coach Jimmy Levenson, Joyce Smith, Sylvia Blake, Eartha Mae Smith, Cherry Levenson, and Coach Linda Hicks.

Zodiacs Win By Default

The Lady Foxes defeated every team in the Women's Slowpitch Softball League except the W. R. Grace team (they didn't show up for that match-up and took a forfeit loss), but because there were ineligible players on the Lady Foxes' roster, the team was forced to forfeit all the wins and finished in last place in the eight team league with a 9-7 record for the 1977 season.

The Zodiacs walked off with the championship trophy with a 7-0 record although Coach Arnold Davis' Lady Foxes had beaten them 17-7 before being

forced to forfeit the win. Jahna Concrete slipped into second place to pick up the runner-up trophy with a 6-1 record.

Cox Plumbing finished third with a 5-2 mark, and W. R. Grace and Texgas finished tied for fourth place with records of 3 wins and 4 losses each. The Super Blacks and Scotty's Furniture Barn tied for sixth place with 2-5 records for the season.

There were two forfeits during the final two nights of play in the league. On Tuesday night of last week, the Super

Blacks didn't have enough players to field a team giving Scotty's a 7-0 forfeit win. A forfeit score is always 1 run per inning for the team taking the forfeit and seven innings is official in the league here. The Lady Foxes also forfeited on last Thursday night to W. R. Grace because of the ruling by league officials earlier in the week.

Jahna Concrete overwhelmed Cox Plumbing Tuesday night a week ago by taking a 16-1 three and a half inning victory over the error-prone Cox team. The game was over quickly as Jahna turned in perhaps its best performance of the season to squelch the third place finishers.

The final game of the season also became a forfeit win for the Zodiacs when Coach Don Arnold pulled his Texgas team off the field because of what he termed "too rough play" by his opponents. The Zodiacs were leading at the time but the score became 7-0 because of the forfeit.

Trophies were presented to the champion Zodiac team which is coached by Jimmy Levenson and Linda Hicks, and the Jahna Concrete team as runners-up. Jahna is coached by George Wilkes and Buddy Skinner.

Because of the controversial ending of the season for the Avon Park Women's Slowpitch Softball League, there will be some changes in the organization of the league for next season.

FIRST BAPTIST NO. 1 finished first in the seven team Avon Park Slow-Pitch Softball Church League with an exciting 10-1 win over the Nazarenes in a play-off

game last Monday night. Front row from left: Jerry Wicker, Eric Longshore, Neal McCullough, Raymond Hall, Chad Branninger, David Metheny, and Dale

Poff. Back row: Bill Farless, Tom Beane, Dick Peavy, Allan Duhm, Walter Roberts, Blake Longshore, and John McKunas. Not pictured: Jim Woods.

RUNNER-UP IN THE Avon Park Church Slow-Pitch Softball League was the Church of the Nazarene team which finished the season with a 10-3 record after tying First Baptist No. 1 at the close

of the 12 regular season games. Front row from left: Greg Germani, John Liffy, Ken Filgula, Marvin Gerstenberger, Kent Filgula, and the Rev. Byron Schortinghouse. Back row:

Keith Conroy, Gary Germani, Jim Johnson, Bob Germani, Charles Coffman, Joe Gallimore, Mike Johnson and Clyde Hicks. Sunphoto by Derkman.

Park Camping Fees To Increase

An increase in camping fees at Florida's state parks from \$3.50 to \$4 a night will go into effect Oct. 1, Harmon Shields, executive director of the Department of Natural Resources, announced today. Shields said fees will be increased to \$5 for parks in the Florida Keys.

The executive director said higher operating costs and a legislative mandate that state parks increase

charges in order to be more self-sustaining make the higher fees necessary. He noted, however, that the \$1 charge for use of electricity at the campsites will remain the same for the present.

Explaining the \$5 charge for the three parks in the Florida Keys, Shields said operating costs are much higher in the south Florida area. He said parks affected are John Pennekamp Coral Reef

State Park, Key Largo; Long Key State Recreation Area, Long Key; and Bahia Honda State Recreation Area, south of Marathon.

An annual camping permit available only to Florida citizens also will be increased, going from \$75 to \$100 starting Jan. 1, according to Shields. He said the permits are sold annually at the first of each year and are effective from Jan. 1 to Dec. 31.

TAKING THIRD PLACE in league standings for the second straight year, Cox Plumbing turned in a 5-2 record in the Avon Park Women's Slow-Pitch Softball League. Front row from left: Mary Linda Derkman, Cindy DeWitt, Rhonda Landress, Jeannie Cox, Debra Cox, Judy Revis, and Deloris Cox. Back row: Coach Mort Jackson, Ellen

Macklin, Sherri Collier, Margaret Miracle, Lee Ann Cason, Jerilyn

Brannan, Susie Skipper, and Manager Lucy Derkman.

Jackson, APCI, Air Force Top Finishers In Commercial League

Jackson Masonry captured the 1977 Avon Park Men's Commercial Slowpitch Softball League title again this year with a perfect 12-0 record.

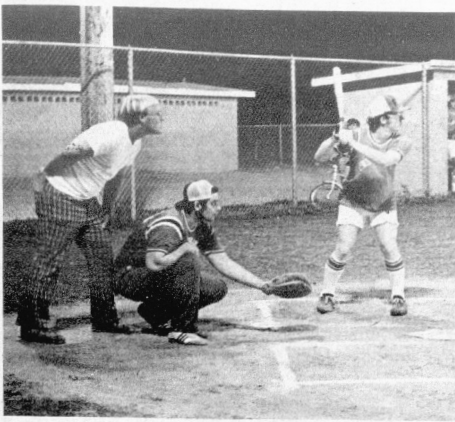

APCI finished in second place with a 9-3 mark and Air Force came in third with a 6-5 record. Avon Paint and

Body was fourth with a 5-6 record but A. P. & B. and Air Force had a game postponed and never made up. The two teams could have tied for third place had A. P. & B. won the unplayed game.

Tied for fifth place were Coca Cola and Agra Chem with 4-8 records. The

Avon Park Eagles came in seventh with a 1-11 record winning the last game of the season by a score of 14-1 over Agra Chem.

During the last week of play Jackson's beat Coca Cola, Air Force defeated the Eagles and APCI, APCI

AVON PARK CHURCH Slow Pitch Softball umpire John DuPriest looks over the shoulder of Nazarene catcher Charles Coffman as First Baptist No. 1 batter David Metheny awaits the pitch in a play-

off game for the regular season championship last Monday night. First Baptist No. 1 won the game 10-9 for the title. Sunphoto by Derkman.

DuPriest Brothers Take Honors In Golf

Pete DuPriest won the Northport Country Club junior golf tournament held in Sarasota last Monday and John DuPriest came in fourth in his age group. Pete shot a 71 to take over-all honors in the meet and also win his age group flight.

This week-end, August 19 through 20, the two DuPriest brothers will compete with 178 other young golfers in the sixth annual Crutchfield Junior Citrus Championship at the Sebring Golf and Country Club. Tee off times Friday are from 8 a.m. to 10:43 a.m. The two day event will be 36 holes for all divisions except for the 12 and under bracket which will play 18 holes.

Range Open

All three recreational areas will be available for camping beginning at 8 p.m. Friday, Aug. 19, and closing at 8 p.m., Sunday, Aug. 21.

As always, all personnel wishing to utilize the Air Force Recreational Area will be required to check in and out with the Air Force Security Police located in Building 425 approximately 1/4 mile past the main entrance of the Range on State Road 64.

All interested persons are urged to confirm these times prior to arriving at the Range by calling 452-4195.

Football Physicals

All Avon Park high school boys planning to play varsity or junior varsity football this fall should report to Dr. Donald Jones' office Thursday, August 18, (today) at 3 p.m., for a physical examination.

Junior varsity prospects are to report to the two daily practices at 4 a.m. and 2 p.m. at the football field along with the varsity candidates to work out with coaches John Hunter, Ronnie Jackson, Hoppy Rewis, and Don Sisemore.

Invitational Softball Tourney Draws 20 Teams

Jackson Masonry came out of the loser's bracket and defeated Please-U Cleaners of Auburndale twice last Sunday afternoon to win the Avon Park

Senior League Invitational Slowpitch Softball Tournament sponsored by McCann & Son Ford, Highlands County Bank, and Tom Sutor Trophies.

The sixteen team double elimination tourney, directed by Senior League President Ronnie Jackson, was held at the Avon Park Volunteer Ball Complex last Friday night, Saturday, and Sunday afternoon. All proceeds from the tourney will go to the Avon Park Senior League.

The Jackson Masonry team, coached by Denzby Jackson and sponsored by Mort Jackson, Sr., won the championship with victories over McKenzie Raiders (13-6), Coca Cola (12-5), Lee & Hilyer of Royal Palm Beach (8-7), A & J Harvesters of Frostproof (9-3), and Please-U Cleaners in the finals (12-5), and (4-3). The lone loss by the Jackson team came from Please-U Cleaners in the finals of the winners bracket. Please U won the Sunday noon game by a score of 9-8 coming from behind in the last inning to drop Jackson's into the loser's bracket.

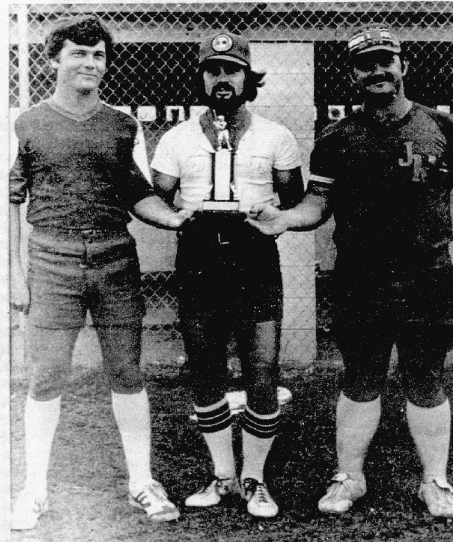

Please U, the runner-up team, advanced to the final two games by defeating A & J 7-5, Ben. Hill Griffin of Frostproof 14-7, Swede's of Haines City 10-9, and Jackson's 9-8. Then came the two losses to the Jackson team. A & J Harvesters came in third and Lakeport finished in fourth place in the week-end tournament. There were six Avon Park teams participating in the meet. The First Baptist No. 1 team, playing its first big tourney, lost out in the first two rounds. Agra Chem also entered for the first time and dropped the first two games. Avon Paint & Body and Coca Cola won one game each and the Avon Park Eagles won two games in the loser's bracket before being eliminated by Lakeport.

Jackson leftfielder Don Sisemore was voted the most valuable player in the tournament and was presented the trophy for that accomplishment. Sisemore's defensive and offensive sparked the Jackson squad to the title. Three players shared the home run trophy. Jackson third baseman Larry Kelly, A & J third baseman Larry Kelly, and Lakeport's Chuck Henniger all hit seven home runs and will all get trophies for their efforts.

The concession stand was run by David and Pat Johnson with helpers from parents of the Senior League ball players and others. Coach Jackson expressed his appreciation to all who donated food and supplies to the concession stand and to all volunteers who gave their time working at the week-end affair. Scorekeepers, announcers, groundsmen, coke stand workers, and equipment managers were too numerous to name, but all who contributed helped make this second tournament benefiting Senior League successful and profitable.

TOURNEY DIRECTOR Ronnie Jackson presents the "most valuable player" trophy to Don Sisemore, leftfielder for Jackson's Masonry, the tourney champs.

SEVEN HOME RUNS each earned these three players a trophy for most home runs of the tournament last week-end. From left: Larry Kelly, Chuck Henniger, and Ira Campbell.

Jackson firstsacker Billy Jackson frots just hit a home run, follows at his heels. toward third as Ira Campbell, who has

WHILE SHOPPING AT a local store Debra Chancey (left) shows how customers, if they wish, could place their TV stamps in a collection can for use by the Lions Club in their Sight Conservation program. To the right is cashier Burley Revels, while Lions Club member Lou Nickoley looks on. (Sunphoto by Lew Miller).

For Sight Conservation

Thriftway Customers May Donate Stamps

The Avon Park Lions Club announces a new activity whereby the residents of our community can assist the Lions in their Sight Conservation program.

Those shopping for groceries at the Thriftway Grocery and Market in Avon Park will notice at the check-out counter a new container where they may, if they wish, place their TV Stamps as a donation to the Avon Park Lions Club sight conservation program. The stamps accumulated in this way will be converted into cash by the Lions Club and will be added to their Sight Conservation fund.

Residents of the TV Stamps may seem a very small thing but they count up and every little bit helps a very worthwhile cause.

The Lions Club wishes to thank the Thriftway Store and all those who contribute stamps.

Church Holds Bible School

An exciting program has been prepared by Avon Park Church of God for Vacation Bible School to be held Aug. 22 through Aug. 26.

"Lord Jesus, Teach Me" is the theme for the school, to be held each weekday from 9 a.m. to 11:30 a.m.

Classes will be offered for ages from 3-14 years of age.

The central goal of Vacation Bible School is this: That souls be won to Christ and grow in Christ.

Bible-based lessons will be taught with excitement and variety through the use of many advanced teaching methods. Students will be challenged and involved through such activities as these: song time, Bible study, interesting visual demonstrations, classroom interaction, craft making, and many other innovative methods in keeping with the theme, "Lord Jesus, Teach Me."

All children in this age group are cordially invited to attend.

New Goodwill Box Placed At Grocery

One of the new sparkling "Smiling G" Goodwill boxes was placed in Avon Park recently to assist the handicapped at Goodwill-Lake.

This semi-gloss white collection box with blue racing stripes and blue "Smiling G" logo is located at C & H Grocery, Hwy. 27 in Avon Park.

The new image box is a part of Goodwill's community beautification program. Goodwill cautions that leaving items outside the boxes is in violation of state and anti-litter laws and urges you to place cartons and bags inside the box.

Goodwill provides rehabilitation and employment for handicapped persons in Highland and Polk Counties.

GOD'S WONDERS ARE REVEALED, NOT HIDDEN, BY AN ECLIPSE

An eclipse of the sun or moon, be it partial, total or whatever, is an exciting celestial event to most people in the part of the world where it will be visible. No matter how many of them we have already seen, they always promise a spectacular new behind-the-scenes look at the mechanics of the universe, right from our terrestrial vantage point, free and available to all. Much of our knowledge of the heavens has come as a result of these alignments of the sun, moon and earth, and they provide an even greater insight into the magnitude of God's creation. So look to the sky, enjoy the show, and on your return to earth go to the Church of your choice, where you will learn how you and this magnificent world you live in came into being.

The shadow of our travelling earth Hung on the silver moon.
—Charles Tennyson-Turner

"For the invisible things of him from the creation of the world are clearly seen..."

Southside Park Community News

By CALVIN GIBBS

Hi Friends,
Welcome to Southside Park Community news. Everything is moving along about normal. We still have plenty of rain and hot weather. The teachers are getting ready to begin a new school year on Monday, August 22, and classes will begin on August 29. Regular church services were held at most of the churches with good attendance and a number of out-of-town visitors at many of the churches.
Please Help

Lawanda Sanders
A walk-a-thon will be held on Saturday, August 27, 1977 for Miss Lawanda Sanders who has leukemia. She is the daughter of Joe and Elora Sanders of 58 West Castle Street, Avon Park.
The walk will start at 8 a.m. at the Lutheran Church on Main Street and Highlands Avenue in Avon Park. The

destination will be the dead-end of South Highlands Avenue and return to the Lutheran Church. If you would like to walk, sponsor someone or give a donation, please call 452-3905 after 5 p.m.

Know Your NAACP
Hello, Avon Park Citizens! Each week the NAACP will run articles in the paper explaining its function, history, accomplishments and goals. We will also try to acquaint you with the officers and chairmen of all standing committees.

What is the NAACP?
The National Association for the Advancement of Color People is that large and powerful body of citizens about which a few people dreamed more than 60 years ago. It is young and old, white and colored, Protestant, Catholic and Jewish people banded together to improve the political, educational, social and economic status of minority groups, to eliminate racial prejudice; to keep the public aware of the adverse effects of racial discrimination; and to take all lawful action to secure its elimination consistent with the efforts of the National Organization and in conformity with the Articles of Incorporation of the Association, its Constitution and By-Laws, Article I Section

3 and as directed by the National Board of Directors. It is in cities and towns and on the countryside. It is all over the United States, North and South, East and West.
Home On Leave

Graduates of Hopewell.

Mrs. Geraldine Moss Adams

Mrs. Jacquelyn C. Jackson

Py-2 Lorenzo Nelson
Py-2 Lorenzo Nelson is home for a 14 day leave after 13 weeks of basic combat training at Ft. Sill and AIT. (Advance Individual Training) Oklahoma. After his 14 day leave, he will be going to Fort Lewis Washington. While he was at Fort Sill, he was awarded the Driver of the Year Cycle for best driving performance in his battery. He received a letter of recommendation to his next station. His M.P.S. is a field artilleryman, 138, 9th division infantry.

Hospitalized at Press Time:
Willie Goodson, Ms. Bertha Henderson, Ms. Dorothy Westmore, Arthur Hardy and Jerry Johnson.

Some Graduates
Mrs. Annie L. Patterson-Dennis - Teacher; Mrs. Mozell Seuser-Jones - Teacher; Mrs. Emma Hall-King - Teacher; Mrs. Eloise P. Blackshear - Teacher; William J. McRae - Teacher; Calvin C. Gibbs - Teacher; Miss Catherine Palm - Teacher; Mrs. Wanda S. Wilson-Teacher; Mrs. Mercedes Maddox - Teacher; Paul L. Sims - Teacher; Miss Annie M. Boatright-Teacher; Mrs. Helen Millings - Designer; Miss Doris McRae-Teacher; and Mrs. Geraldine Moss Adams - Model.

Also Mrs. Gloria Lyons - Teacher; Carl Brigety - Doctor; Miss Patricia A. Watson - Teacher; and Miss

Jacquelyn C. Jackson

Jacquelyn C. Jackson

Wanda Wilson

Mercedes McRae
This week begins a series of graduates of Hopewell and their chosen careers, occupations and professions. If you are a graduate of Hopewell and your name does not appear within the next five weeks, please notify Mr. Ernest Sims; 262 Green Street; phone, 453-6294 or Calvin Gibbs; 268 Green Street, phone 453-4900.

Roy Jackson
Navy Fire Control Technician Seaman Apprentice Roy L. Jackson, son of Mr. and Mrs. Walter E. Jackson Sr. of 706 W. Winifred St., Avon Park, was graduated from Fire Control Technician School.

During the 23-week course at the Naval Training Center, Great Lakes, Ill., he received instruction on the electronic weapons systems installed aboard current U.S. Warships. He studied the operating principles and procedures of radar, digital computers and related shipboard equipment used to control the firing of guns, missiles and torpedoes. A 1973 graduate of Avon Park High School, he joined the Navy in December 1976.

Sgt. Wilkinson
Is Stationed
In Japan

U. S. Air Force Staff Sergeant Ronald J. Wilkinson, son of retired U. S. Air Force Master Sergeant and Mrs. Havis J. Wilkinson of Rt. 1, Milledgeville, Ga., has arrived for duty at Yokota AB, Japan. Sergeant Wilkinson, a construction equipment operator with a unit of the Pacific Air Force, previously served at Lowry AFB, Colo. The sergeant is a 1969 graduate of Baldwin County High School. His wife, Delra, is the daughter of Juanita Crawford of 109 S. Central, Avon Park.

Hospital Board
Meets Wednesday

There will be a called meeting of the Hospital Board of Commissioners on Wednesday, August 17, 1977 for the purpose of considering the budget draft for the fiscal year beginning 10-1-77 and ending 9-30-78.

Commissioners will be served the Commissioners at 12:30 p.m., and the business session will begin at 1 p.m.

This ad got your attention! It goes to show you that space really works! To buy a space spot in The Avon Park Sun, Call 453-4255

Imagine how difficult your life would be without the telephone to run your errands, keep you in touch with friends and summon help in emergencies. Now United Telephone offers the TeleDialer 32 to make your telephone even more convenient.

The TeleDialer 32 remembers up to 32 numbers you call frequently, and can dial any of them at the touch of a single button. And four "HELP" numbers (fire, police, ambulance - whatever you select) are identified by brightly colored over-size buttons, so a child, baby-sitter or elderly person can call for assistance fast if the need arises.

Also, the TeleDialer lets you make all your calls by push-button dialing even if your regular phone has a conventional dial. If the number you call is busy, don't worry about forgetting the number before you call again. Just touch the "last number called" button, and presto - the TeleDialer re-dials for you.

Best of all, the TeleDialer 32 costs less than you might believe. It's only \$9.10 per month, plus a one-time installation charge of \$21, for a home or \$25 for a business. And the installation charge is lower if the TeleDialer is connected at the same time other equipment is installed.

Call your United Telephone Business Office to learn how easy it is to make your life easier.

Look to United for the latest in communications.

100 resale homes in all sections of Highlands County, priced from \$12,500 to \$125,000. The following are just a few examples of what we have on the market.

INDIAN SECTION-SECTION

4 BEDROOMS: This is an ideal family home, located in the Indian section of Sebring, CB, 2 baths, central air heat, family room, wall to wall carpet, drapes, range, refrigerator all include for the best home buy in Highlands County. SACRIFICE \$24,000.

3 BEDROOMS, almost new, 4 Car garage, 2 bath, family room, DR, and everything you'd expect in a home with 2600' of space and a 100x150 lot, \$47,000.

\$18,000 will buy this neat spanish stucco home with hardwood floors, fireplace, DR, 2BR, 1 bath.

SEBRING HILLS

We've sold three homes in Sebring Hills within the past week, so we're kinda short of homes in this section, but we still have a few excellent buys.

18,900 will buy a 2BR, 1 bath CBS home on Eagle Ave., cement tile roof, a few gallons of paint will make this property worth \$25,000.

DOVE AVE: 1 year old, large 2BR, 2 bath, 2 car garage, everything \$34,800.

LAKE HAVEN ESTATES

BRICK, 3BR, 2 bath, 2 car garage, wall to wall carpet, central air heat, and much more in an area of fine new homes, price reduced to \$37,500.

LAKE JOSEPHINE AREA

\$24,500 will buy you a home that is only three years old, 2BR, 1 bath with central air heat, let us show you where this one is.

GOT \$2,500?

Want a new home, come talk to us and chances are we can work out a deal for you with one of our builder friends who has a surplus of new homes.

AVON PARK

ONLY \$18,000 will buy you a 3BR, 1 bath home, needs some paint, but what can you expect for \$18,000, good investment.

LAKE PLACID

See our branch office for golf course or lakefront property or beautiful homes in every price range from 2 bedrooms to five bedrooms.

CLOSE IN Walk to eat house from this double insulated brick and block home, 3 spacious bedrooms, 2 full baths, family room, central air heat, sprinkler system for a beautiful green lawn, city water, all of this for only \$41,500.

EXECUTIVE HOME ON LAKE JUNE: Near golf course and country club, this is a large home with extra you would expect a contractor to put in his personal home, priced near a \$100,000 but worth every hundred dollars of it.

LAKEFRONT HOMES

DINNER LAKE: Large wooded lot, 2BR, 1 bath home, much home and property here for only \$32,500.

RED BEACH LAKE: We've been trying to find someone that wants lots of grounds with big trees, has a mother in law they need a cottage for, likes to fish, has a boat to keep in the boat house, wants a paved road in front and needs only a 2BR, 1 bath CB home with central air heat, you can steal this with both homes for only \$37,900.

HOME BUY OF WEEK

This is a horticulturist and gardener's dream and a great place to spend your retirement, almost an acre, fertile soil with every kind of citrus and ornamental tree you can think of, plus a large 3BR, brick colonial with fireplace, family room, 2 car garage, screened porch, central air heat, carpeted and much more. This home is within a half mile of Southgate shopping center on a dead end street for additional privacy, priced in the 50s and worth more.

RENTALS

2BR Duplex for rent, \$173 mo.

3 or 4BR house for rent, Istokpaga area \$300 month.

CROSS BREEDING OF commercial cattle takes advantage of hybrid vigor in the resulting calf drop at the Mel Smith Ranch on the Wauchula Road.

Mel Smith, Pioneer Lumberman Turned To Ranching

by Lew Miller.

Coming to Central Florida during the boomtimes of the early and mid-twenties, Mel Smith purchased timber land between Avon Park and Wauchula in November, 1924. The following spring, May of 1925, the first lumber was sawed at small mills located in the woods and finished at a finishing mill in the Georgia quarters.

Smith was born in Macon, Bibb County Georgia in 1891. Before coming to Florida, he operated sawmills in Georgia and North Florida. With good timber becoming scarce in those areas, he and other timbermen looked to the virgin forests of the Central Florida area.

The first mills that Smith brought to the area were small and were used chiefly to cut lumber for houses. But when the Florida land boom busted that ended the house building in Florida, Smith recalled those lean times by telling how seven schooner loads of lumber from the Pacific west coast were unloaded at Miami, but it took 15 years to sell the lumber because no one had any money to build houses.

With the boom ended in Florida, Smith changed his lumbering operations, from several small saw mills, to a central mill, near the finishing mill with the site still there.

The sawlogs were brought to the mill on tram log trains. Some of the old tram roadbeds are still visible, in the undisturbed woodlands. Timber cutting operations extended from near Frostproof to the head Fishcating Creek. Timber was also cut on Atlantic Coastline lands.

With the housing lumber business at a

land is owned by the pulp people.

In commenting about today's lumbering operations, Smith said, "Today's lumbering equipment requires better trained men than back in the 20's and 30's and standstill, Smith sought and found other outlets for the sawmill's output. Where the lumber for house building was cut in relatively short lengths, with the central mill they were able to cut timbers up to 30 feet in length and longer. Much of this timber, cut to specifications, was exported to South America, Spain, Panama and the Leeward Islands.

Other demands came from the railroads for crossties and for railroad ties, for the elevated railroads in some of the larger cities in the north. Railroad switchties, also were sold as sets. Ship decking and dock planks were cut to the customer's specifications.

The lumber mill had its own sizing mills, planing mills and kiln drying equipment. With this machiner machinery they were able to cut heavy flooring for cotton mills. The heavy wooden flooring was some-what elastic and was used to support the cotton mill machinery. It also provided an excellent working floor for the workers.

There was a special demand for flooring from the Leeward Islands. The heart of the virgin pine trees produced hard faced floors and was virtually termite proof in these tropical islands. The mill also supplied the Seaboard Railroad with lumber for citrus packing houses.

This was regarded as 'frontier' country when Smith first came to the Avon Park area. The original growth

timber produced sawlogs that were up to three feet or more in diameter, with most being in the 15 to 24 inch size and they didn't cut anything less than 12 inches in diameter. "It was good land and produced large timber, of good height, suitable for 12 by 12's and up," Smith recalled. This original timber had a hard solid heart and there was a good demand for certain purposes.

The central sawmill had a capacity of 30,000 board feet per day. The burning of shavings furnish steam power to operate the mill. A nearby slab pit never cooled down during the operation of the mill, and as much wood was burned in slabs as was sawed into lumber. There were no environment rules in those days, stated Smith.

In today's lumber operations, many mills burn only the bark and sawdust. The top part of the tree goes into the chipper and the recovery from the log by-products sometimes brings more than the lumber. We sold price-wise lumber was high during World War I, and during the Florida Boom, said Smith, otherwise it was very cheap.

The central Florida Timberlands were largely owned by lumbermen from Georgia, Mississippi, North Florida and a few from northern Wisconsin. In 20 to 30 years most of the central Florida timber was cut and some of these timbermen moved their mills to the Pacific Coast. Most of the lumbering operations were centered about mills in Ft. Myers, Wimmua, Lake Wales, Hicoria, Holopaw, Bartow and Avon Park. Today most of the Florida timber

Besides lumber, Smith's sawmill furnished materials for the Highlands Co-op Packing House. Later he bought and operated the Mutual Crate Company, supplying citrus boxes to independent citrus packers. He later sold the crate company to Highlands Crate Co-op for the purpose of installing wire-bound box equipment.

In operating the Big Indian Lumber Company, Smith obtained most of the lumber workers from Georgia, as there were not sufficient workers of that type in Avon Park. Two-man teams with a cross-cut saw would cut the timber, trim it into sawlogs, while mules were used to pull the logs to the tram railroad. Special rail crews did nothing but build new tram roads and tear up the tram tracks in a logged out area.

Wages in that day and time, were between \$2.50 and \$3 per day. Food was plentiful and cheap. Very few people had automobiles, with the most popular car being the Model T, as it could be easily cranked. For getting around in the woods, mules were used.

To say that hurricanes, "Played hell with it (lumbering)," was an understatement," Smith recalled, as he told how the 1986 and 1928 hurricanes blew over thousands of trees. Much of

this timber was lost because it was out of reach of the tram railroads. Most of the logs that were salvaged were cut into crossties. The 20 inch rainfall in '28 did a lot of water damage as Avon Park was in the eye of the storm.

While times were tough, Smith told how the people of Avon Park put on big celebrations in 1927 to "Bury Old Man Gloom." They put the old man in a coffin and carried the box from downtown to the cemetery. Afterwards they celebrated with a big barbecue cooked by the Big Indian Lumber Company employees and other workers.

At the time Smith came to Avon Park there was some citrus planted on the higher elevations. The Pittsburg Florida Company was planting large tracts of land to citrus and selling it in 10 acre blocks. In 1961 Smith sold a large tract, along State Road 64, to the Holly Hill Development organization, which was planted to citrus.

Smith felt that the cutting of the timber helped ranchers and cattlemen, by opening up large tracts of land for the planting of improved pastures in the 1940's and 50's.

Smith finished his lumbering operations in 1932 and following the disposal of his sawmill, he moved to

Orlando in 1933. In 1935 he bought the Jacaranda Hotel, with Mr. Crabtree operating it. In 1945 he sold the hotel to the Kings.

In 1940, Smith started cattle ranching from headquarters on the Wauchula Road. There had been between 25 and 30 original owners in the township, but now there are about a half dozen. Many of these owners were unable to make a living on their small tracts, so they sold their land and left, said Smith.

When Smith started ranching, there were no fences, it was all open range. With Fuller Warren as governor of Florida, a fencing law was passed. The first fences were built by the Civilian Conservation Corp on the Hardee-Highlands County line, to control the movement of cattle infested with the cattle fever tick, with the inspections stations located on the fence line.

At 85 years young, Mel Smith, returns to the ranch occasionally from his Orlando home, as he rides in his jeep and sees the improvements made on the land, the better grasses and the higher quality beef cattle, he wonders what the future holds for the Florida rancher and cattlemen with the increasing costs of production and the lower prices for beef.

BELLY DEEP in lush pasture, these fat cattle on the Mel Smith Ranch continued their grazing during a sudden afternoon shower.

On The Consumer's Side

If you as a consumer have been misled, deceived, or have questions you need clarified, call the toll free telephone number of the Florida Department of Agriculture, Consumer Services,

Tallahassee: 1-800-343-2176.

Or write, Mrs. Lee F. Rumbley, Consumer Services Coordinator, The Department of Agriculture and Consumer Services, The Division of

Consumer Services, Mayo Building, Tallahassee, Florida 32304.

Question: Can you tell me where I may get information on how to qualify for some of the federal programs designed to help the elderly?

Answer: If you are over sixty and having trouble making ends meet? Lots of people who could take advantage of federal benefits like income supplements, jobs for older Americans, food programs, or Medicare and Medicaid just don't know how to go about qualifying.

A free fact sheet from the Administration on Aging is now available.

It tells you all about the various federal agencies that provide services, what you need to do to qualify for these services, and who to contact to get more information.

The free fact sheet, Federal Program to Assist the Elderly, is available by sending a postcard to the Consumer Information Center, Dept. 671E, Pueblo, Colo. 81009.

Here are some of the federal programs.

Income Supplements - If you've worked long enough in a job covered by Social Security, you are, of course, eligible for monthly cash benefits. If you're 65 or older, or blind or disabled with limited income, you may qualify for monthly payments under a new Supplemental Security Income program. You can apply for either of these programs at the local Social Security office listed in the telephone book under U.S. Government.

Food-Low cost meals for people 60 years of age and over are available in many schools, churches, community centers, or public housing projects.

The Administration on Aging, Washington, D.C. 20201, can provide you with more information. And many people with incomes can qualify for food stamps. You don't have to be getting income assistance to qualify.

Contact your local department of social services, human resources, or welfare to get more information on food

Backward Glance

by Barbara

55 Years Ago

Teaches for the year: Fort Kissimmee-Gladys Griggs. Avon Park-L. C. M. Ellenberger, principal; Mrs. Ethel Jenks, first principal; H. J. Mummau, high school; Mrs. Estelle G. Toole, eighth grade; Mrs. H. J. Mummau, seventh grade; Miss Sadie Myers, fifth grade; Miss Mary B. Ware, fourth grade; Mrs. James Waller, second grade; Mrs. Lucy Crumley, first grade; Miss Alice Dutton, first grade.

Miss Myrtle Jack was the pretty hostess to the Bridge Club last week. Club members present were: Mesdames C. E. Lanier, T. H. Lander, H. E. Godwin, C. A. Skipper, Neil Trent, Herbert Reck and Miss Ethel Sawyer.

25 Years Ago

Dr. Herbert A. Baughman will open his dental office on Aug. 20, in the building with Dr. Stuart J. Ward.

Under Youth Center Talk-Ours ping-pong champion is still Harry Hood. He should be challenged before he leaves for school next month. Beating him will be another thing.

10 Years Ago

Candy Strippers of Walker Memorial Hospital who have just completed their Candy Strippers course are: Diane Murphy, Bonnie Rowland, Susan Fells, Glenda Childers, Susie Briggs, Jeanie Du Bose, Becky Tornek, Janie Barben, Jane Giddens, Janet James, Vicky Rowland, Fran Thompson and Sara Turnbull.

Mayor E. A. Delaney will retire from public office on September 30 after a long and illustrious career of public service to Avon Park.

Cooking Corner

Mrs. Ronnie (Linda K.) Lave is a housewife and the mother of three children.

She is a member of the First Methodist Church and secretary of the Junior Women's Club.

Her hobbies are macrame and needlepoint.

Mrs. Lave is sharing a recipe devised for a cheese ball.

Linda's Cheeseball

- 2 (3 oz.) package cream cheese
- 8 oz. cheddar cheese
- 8 oz. mild cheddar cheese
- 3 Tbs. chili powder (or to taste)
- 1 Tbs. garlic salt
- 3 or 4 Tbs. worcestershire sauce
- 1 cup pecans (reserve 1/4 cup for top)

Cream all cheeses together. Add other ingredients, blend well. Chill 2 hours so you can form into ball. Top with reserved pecans. Serve with bacon flavored crackers.

Avon Park Winter Guest Club News

By Ilseon Kull
For Lorene Weber

Shuffleboard tournaments were held on Aug. 8 and 10 with no four game winners. The shuffleboard on Aug. 8 were Wm. Benson, 738 and Allene Howard with 642, and on Aug. 10 Allene Howard scored 390 and Herman Wurster was second with 349.

Club News

Wylie and Lillian Shmel have returned from a vacation and visit with their son Wylie Jr., family in Illinois.

Ethel Kime a former member, is in Walker Memorial Hospital with a broken hip.

Last week Ernest and Mary Thomas had as their guests their son and wife, Mr. and Mrs. R. V. Bobb from Richmond, Va., also their grandson and wife, Mr. and Mrs. Joe Bobb and son from Stuttgart, West Germany. The grandson and his wife are missionaries in an organization called the Navigators who work in connection with colleges.

A letter from Everett and Bessie Paxton telling us of their summer in Indiana. They spent some time in Ft. Wayne with son Chuck's wife and little daughter June. In July they went to Lafayette to celebrate Everett's birthday. Now they have plans to drive to Noblesville, Ind., to see a restored village that the Lilly family has purchased. This settlement dates back to 1836. The company is raking the country to locate things that were originally in that community. They send greetings.

Miriam and Keith Debo write of a very busy summer. They say that their garden and fruits have been abundant and keeps Miriam busy canning things for family and friends. They also have had five weddings in their family this summer. They expect to attend the Michigan picnic in Palmyra and visit with many friends. Grace Warner and Ada Hires will go with them. She says that Ada who has not been in Avon Park for two years is now hoping to purchase a trailer in the Avon Mobile Home Park and be with us again.

Avon Park New York

The tenth annual Avon Park picnic was held in Mayville, N. Y. at the Grange Hall on Aug. 3, 1977 with 57 members

Food For Thought

Jane Nickerson

The person who almost stole the show the other week at the National Chicken Cooking Contest in Jackson, Miss., was a slight, 46-year-old operator of an Atlanta cooking school named Ursula Knaeusel.

She had arrived as a judge but that function was obscured when it became known, as it did very early, that she had taught Rosalynn Carter when President Carter had been governor of Georgia.

So else among the contestants, judges and food editors could have claimed the distinction of having instructed a First Lady in the kitchen art.

The honor sat lightly on the German-born teacher's shoulders, clad for the judging session in a red-and-white checked blouse that she wore with a floor-length blue-denim skirt.

Into her silver hair, cut in a 1950's bob, she had tucked a pin in the design of a magnolia blossom that other women would have found impossible to wear. On her it had style and verve.

Verve was, I decided, Ursula's dominant quality, the key to a life that could not have held much more, as she herself agreed when she sketched it in for me.

At 19, she stepped over the border from East to West Germany, an escape which she made the clothes on her back. She was to remain there and in England and France for the next dozen years, working in restaurants, guest houses and clubs.

In 1964, Ursula almost never uses her last name, incidentally came to New York to work in the kitchen of the Waldorf-Astoria Hotel.

She was there only a few months when she accepted an invitation to manage a club in Miami. That, too, was a brief stint. There followed five years in Central America, teaching cooking and arranging party buffets. She traveled in Panama, Costa Rica, Honduras and Nicaragua.

What had made her settle in Atlanta?

"It seemed to be the one major city in the country without a cooking school," Ursula replied. "I opened in 1971."

The first six months were slow but after that classes started to fill to the point where they now are overbooked.

Cooking schools throughout the country, especially in larger centers, Ursula agreed, have become increasingly numerous, offering both seems a chance to develop skills that they often turn into rewarding hobbies.

Fine cooking has become, in fact, as fashionable a hobby as macramé and backgammon. Ursula's cosmopolitanism had suggested to me that her curriculum might consist solely of elegant, elaborate dishes. Some, in fact, are, she said, citing as an example a demonstration she does on boning a whole chicken.

But there is much that, though delicious and unusual, is also simple and speedy. Ursula emphasized. She mentioned the shrimp mousse that had caught Mrs. Carter's fancy and some of the other things she had liked—spinach crepes, spinach loaf and flaming bananas.

The fee is only \$49 for six

three-hour sessions. Students — Ursula will be able to accommodate 24 in her newly enlarged quarters — sit on chairs resting on an elevated floor that lets them watch their teacher go through a four-course dinner and even pause into the pots she is using.

Afterwards, she takes the meal she has prepared, consisting of a cocktail, soup, salad, meat (or poultry or fish) with two vegetables and a dessert.

"I think demonstration works better than class participation," Ursula said, "because it gives a chance to observe all the procedures."

As she fixes the food, Ursula dictates the ingredients in the appropriate amounts and indicates the procedures.

"By having the students write down the recipes," Ursula said, "I'm sure they are paying heed and noting what is particularly important."

Ursula thinks her method far superior to handing out recipes in printed form.

Obviously, the skill of the teacher is not the only factor. Ursula is a performer, full of showmanship and wit. She told me that as she cooks, she asks each student to tell what he/she has prepared during the preceding week. And like a psychiatrist, she is there when support is needed.

"Phone me any time you have a problem in your kitchen," she tells her pupils. "And I'll try to help you." If the food has burned? "Well, burned may be beautiful," Ursula shrugs. "Try to turn a failure into a success."

To "what favorite German dishes do you teach?" comes the reply, "I'm not limited to German cookery. I improvise, borrow and modify recipes from around the world."

And because the electric food processor is the hottest piece of equipment in the food world today, the next question was, "What processor do you like the best?"

"I don't use one," Ursula explained that though her morning classes are often composed of affluent women, the evening sessions are made up of nurses, office secretaries and young couples who are not rich.

"I try to use equipment and food supplies within their reach," she said. Until recently, the food processor has cost more than a hundred dollars.

Floridians planning a trip to Atlanta will find Ursula at 1764 Cheshire Bridge Road Northeast. Those who cannot get there may look forward to the cookbook she is writing, with the working title, "You're The Boss In The Kitchen."

The author's thrust? Self-confidence and self-reliance can carry a cook as far as recipes. Certainly if her own life is an indication, they have been Ursula's trusty assistants.

Some of Ursula's recipes follow:

Shrimp Mousse
(A favorite of the Carter family)
1 package (6-ounce) frozen, cooked and peeled, baby shrimp, thawed
½ cup sour cream
4 ounces cream cheese, at room temperature, cut in chunks
¼ cup mayonnaise

2 tablespoons chili sauce
2 tablespoons lemon juice
1 tablespoon chopped pimiento
2 teaspoons dry onion flakes
¼ teaspoon Worcestershire sauce
¼ teaspoon hot pepper sauce
1-3 cup finely minced celery
Dash salt
1 envelope unflavored gelatin
¼ cup water

1. Into a blender container put the shrimp, sour cream, cream cheese, mayonnaise, chili sauce, lemon juice and pimiento. Cover and blend until smooth.
2. Stir in onion flakes, Worcestershire, Tabasco, salt and celery.

3. Sprinkle gelatin over the fourth-cup of cold water. Heat, stirring, over moderate heat till thoroughly dissolved. Add to shrimp mixture.
4. Turn into a 3-cup mold and

chill until firm. Unmold and serve with crackers, Melba toast and/or rye-bread rounds. Garnish mold with additional shrimp or sliced cucumber, parsley or water cross.

Yield: 16 or more appetizer portions.
Ursula's Favorite Dip
¼ cup catsup
2 tablespoons chili sauce
2 tablespoons prepared horseradish
2 tablespoons mayonnaise
2 tablespoons sour cream
1 tablespoon dried parsley flakes
1 teaspoon dry onion flakes
¼ teaspoon dry garlic flakes
¼ teaspoon lemon pepper
Few drops hot pepper sauce
Mix all the ingredients. Chill.

Serve with seafood, cold meat, in avocado shells or as a dip for chips and raw vegetables.
Yield: Approximately ¼ cup.
Potato Salad
6 medium potatoes
2 cups sour cream flavored with prepared horseradish to taste
2 minced onions
2 cups minced parsley

IN RE: ESTATE OF HELEN LYTELL, Deceased.
NOTICE OF ADMINISTRATION TO ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST THE ABOVE ESTATE AND ALL OTHER PERSONS INTERESTED IN THE ESTATE:

YOU ARE HEREBY NOTIFIED that the ancillary administration of the estate of HELEN LYTELL, deceased, File Number 77-178, in the Circuit Court for Highlands County, Florida, Probate Division, the address of which is P. O. Box 1267, Sebring, Florida 33870, is being administered by the ancillary representative of the estate is Marvin Behrer, whose address is 120 South Andalus Avenue, Avon Park, Florida 33825. The name and address of the personal representative's attorney are set forth below.

ALL CLAIMS, DEMANDS, AND OBJECTIONS NOT SO FILED WILL BE FORFEITED BARRED. Date of the first publication of this Notice of Administration: August 11, 1977.

(s) Marvin Behrer, As Ancillary Personal Representative of the Estate of HELEN LYTELL, Deceased. 120 South Andalus Avenue, Avon Park, Florida 33825 August 11, 1977.

NOTICE SERVICES TO PERSONS UNABLE TO PAY THEREFOR
The Bureau of Community Medical Facilities, Department of Health and Rehabilitative Services, State of Florida, has established the sum of \$55,771 as the level of uncompensated services to be made available to Walker Memorial Hospital in the period of October 1, 1976 to September 30, 1977.

This determination has been made pursuant to the requirements of the regulations of the Public Health Service, Department of Health, Education, and Welfare, (42 C.F.R. 131.11) and the administrative provisions of Florida Medical Facilities Construction Plan.

"Uncompensated services" means services available in the facility which are made available to persons unable to pay therefor without charge, and the charge is less than the reasonable cost of such services. The level of such services is measured by the difference between the amount paid by such persons for the service and the reasonable cost thereof.

The level set out above meets the presumptive compliance guidelines of the federal regulations and is 3 per cent of operating costs. Walker Memorial Hospital has the right to determine how, when and to whom hospital services will be provided.

There are no guidelines which positively identify a person or family as eligible to receive full or partial uncompensated services. Each case must be evaluated on its own merits.

During the period of October 1, 1976 to September 30, 1976, Walker Memorial Hospital actually provided \$1,700.00 of uncompensated services to those of this community who could not afford to pay for the services received. August 18, 1977.

SENIOR CITIZENS

We are pleased to continue a memorial estate program especially designed to provide substantial savings for senior citizens. This approach will be of particular interest to retired residents with fixed income budgets considering that if you do not own cemetery property locally, it could prove advantageous to know details of this unusual new program. Complete information will be delivered at your request.

Work To Start On Old Avon Park Sewer Plant

In a report to the Avon Park City Council last Monday night, Mike McWeeny told the council that a pre-construction conference was held Monday, with sewer department heads, representatives of the construction company and himself. It was decided that work on the reconditioning of the old sewer plant would start on the first Tuesday in September.

A change order for \$14,000 has been issued to keep the cost of the repairs

within the budgeted funds. McWeeny told the council that LaGrow Irrigation Company is now repairing the grit chamber of the structure. Plans and specifications for the Lake Isis sewer extension are 95 percent completed and they will be bid-ready in time for the council's first meeting in September. Two full sets of plans and two reduced sized plans of the city's sewer system as built have been submitted to the city.

Councilman David Barefield recommended that a committee be appointed to consider purchasing and clearing a site for future housing projects.

It was reported that sewer hook-up permits has almost stopped, with Inspector Ellerbe estimating that between 1000 and 1200 more homes need to be connected to the city sewer lines. It was pointed out to the council that

the state requires that all home houses be connected to the sewer lines within 180 days after notification. Jim Brooks of the Highlands County Health Department said that the department could help in enforcing this if the department had a list of people who had not tied their homes into the city sewer lines.

An application for a fixed base operators license at the Avon Park Municipal Airport was filed by Highlands

Aviation, Inc., with James R. Renfro as president. The application listed services and equipment available.

The application was referred to the Airport Committee by Council President Robert Britt.

Brewster Completes JC Penney Workshop

Sebring resident Harold Brewster recently completed a stockroom supervisor workshop at the JCPenney Regional Training Center in Atlanta, Ga. The course is designed to improve organization skills, shrinkage control, training and office procedures.

Participating in the three-day course, Brewster worked with JCPenney associates from throughout the eastern United States and Puerto Rico. The Atlanta Training Center is one of three which Penneys operates in the U. S. The other two are located in Chicago, Ill., and Buena Park, Calif.

Brewster lives at 205 Cleveland Rd., Sebring, and has been with the company since last December. He is a stockroom supervisor at the Avon Square JCPenney store in Avon Park.

Avon Park Mobile Park News

By Hazel Weldon

The twelfth annual Avon Mobile Park picnic was held Wednesday, Aug. 10, at the Mobile Park, 10000 Highway 1, Avon Park, Ind. Community Park on a beautiful day. There were 34 seated for a bountiful dinner, after Paul Thomas from Battle Creek, Mich. gave the noon prayer.

The president, Vigil Weldon, conducted a short business meeting in which he decided to hold a picnic next year at the same place, on the second Wednesday in August at 12 noon.

We had a moment of silent meditation and prayer in memory of our members who

had passed away this past year, namely: James Kelly, Fred Wiedeman, Harry Burnett, Hubert Smith, and Herman Young.

Ham and Nita Byer favored us by singing several songs accompanied by his guitar. Uli Miller gave us several humorous readings.

The secretary, Hazel Weldon, read last year's report which was approved, and then read excerpts from ten letters received from friends unable to attend the picnic.

The election of officers resulted in John Wiedeman,

president; Delores Wiedeman, secretary; Bob Lowry, vice-president. The remainder of the afternoon was spent in visiting. Those from Florida attending were: Mr. and Mrs. Helt, Mr. and Mrs. Murphy, Mr. and Mrs. Myers, From New York were: Mr. and Mrs. Limbaugh, From Ohio Mr. and Mrs. Ringler, Mr. and Mrs. Monroe, and Mr. and Mrs. Mishey. From Illinois Mr. and Mrs. Lofland. From Michigan Mr. and Mrs. Thomas, Mr. and Mrs. Vande Forder, and Mrs.

Bergfeld, and Mrs. Jean Barrett. From Indiana Mr. and Mrs. Byer, Mr. and Mrs. Wiedeman, Mr. and Mrs. Beasars, Mr. and Mrs. Bridge, Mr. and Mrs. Martin, Mr. and Mrs. Belcher, Mr. and Mrs. Fashburn, Mr. and Mrs. Krantz, Mr. and Mrs. Wolcott, Mr. and Mrs. Lowry, Mrs. Miller, Mrs. Thompson, Mrs. Savage, Mr. and Mrs. Fashburn, Mr. and Mrs. Tarman, Mr. and Mrs. Husband, Mr. and Mrs. Elliott, Mrs. Listefield, Mr. and Mrs. Weldon.

Postmaster Claims Service Has Best Performance Record

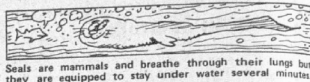

The U. S. Postal Service has a better performance record than any Federal government activity and most service organizations in the private sector, according to Avon Park's Postmaster Bob Young.

When compared worldwide, the Service's comparatively low rates and high performance put it at the top of the list of international postal systems. For less than 60 seconds worth of a postal

employee's time, a letter will be delivered anywhere in the United States. The cost is only 13 cents, making first-class postage one of the nation's best buys for the money.

During the past six years, the Postal Service has attained many of the goals set by the Postal Reorganization Act of 1970.

Major achievements of postal reform include the following: (1) the quality of mail service recently reached its highest point since postal reorganization (2) new post offices have been built, (3) many postal facilities have been modernized with emphasis placed on increased mechanization of mail processing techniques. Working conditions of postal employees have been greatly improved. Additionally, the management structure of the Postal Service is composed of experienced and capable postal professionals. Since reorganization, more than 16,000 postmasters have been appointed on the basis of merit and numerous key management positions have been filled by career postal employees.

Public Notices

IN THE CIRCUIT COURT, IN AND FOR HIGHLANDS COUNTY, FLORIDA. CASE NO. 77-181

In RE: ESTATE OF FRANK S. GRUBER, Deceased.

NOTICE OF ADMINISTRATION TO ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST THE ABOVE ESTATE AND ALL OTHER PERSONS INTERESTED IN SAID ESTATE: YOU ARE HEREBY NOTIFIED that the administration of the estate of FRANK S. GRUBER, deceased, is pending in the Circuit Court for Highlands County, Florida, the address of which is Highlands County Courthouse, Sebring, Fla. 33870. The personal representative is JOHN J. GRUBER, whose address is shown below. The name and address of the attorney for the personal representative are set forth below.

All persons having claims or demands against the estate are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file a written statement of any claim or demand they may have. Each claim must be in writing and must indicate the basis for the claim, the name and address of the creditor or his agent or attorney, and the date when the claim is not yet due, the date when it will become due shall be stated. If the claim is contingent or unliquidated, the nature of the claim must be stated. If the claim is secured, the security shall be described. The claimant shall deliver sufficient copies of the claim to the Clerk to enable the Clerk to mail one copy to each person interested in the estate to whom a copy of this Notice of Administration has been mailed.

All persons interested in the estate to whom a copy of this Notice of Administration has been mailed are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file any objections they may have, that challenge the validity of the decedent's will, the qualifications of the personal representative, or the venue or jurisdiction of the court.

ALL CLAIMS, DEMANDS, AND OBJECTIONS NOT SO FILED WILL BE FOREVER BARRED. Date of first publication: August 18, 1977.

DeLaney Heights News

by Mrs. Charles F. Marshall

The monthly Birthday Luncheon was held at the club on August 10, with 11 people in attendance to enjoy a delicious meal.

Mrs. Maria Erickson of Sebring was a guest.

Mrs. Lillie Winegard celebrated her birthday and Mrs. Sadie Whitehurst baked a cake for the occasion.

Mr. and Mrs. Conrad Huff from Lawrenceville, Ga., were recent guests of Mrs. Bessie Trude.

Mrs. Stella Pickett returned from visiting family members in Arkansas and Oklahoma. A niece, Mrs. Winnie Fairbanks, of Paris, Ark., returned with Mrs. Pickett and will visit here and with other relatives.

TURNING ACROSS SOUTHBOUND traffic on U. S. 27, this Datsun pickup

was struck and spun around with the driver being thrown out of the vehicle.

Police and Medical technicians attend to an injured passenger. Sunphoto by

Lew Miller.

Two Killed In Rash Of County Auto Accidents

A three car accident at the stoplight on U. S. 27 and State Road 64 resulted in four persons being injured and taken to Walker Memorial Hospital, at 12:30 p.m. last Monday.

The driver of a 1976 Datsun pickup truck, with a top, 61 year old Lenora Gibson of Bowling Green, Fla. was charged with violation of the right of way, as the truck made a left turn across the southbound lane of traffic on U. S. 27.

Gibson was thrown from the pickup and received incapacitating injuries and her condition listed as critical.

A passenger, Mrs. Gibson's daughter, Rosalie Peavy, age 43, Bowling Green was also injured and taken to the hospital.

In making the left turn the Datsun truck was struck by a 1977 Buick Century driven by Peter Sinagra, age 71, of Cape Coral, Fla. His passenger, Miss Alba Ennoble, age 63 of St. Elena, Calif. was pinned between the seat and the dash. Sinagra, suffered head injuries from striking the windshield. Both were hospitalized.

The third car, a 1977 Buick Electra was stopped on S. R. 64 for the red light and was struck by the rear end of the Buick Century after it overtook off the Datsun pickup and hit head-on the signal light control box on the curb.

The driver of the Buick Electra, Kenneth Kramer, age 76 of Northfield, Minn. and his passenger Marion Cavitt, age 70 of Punta Gorda, Fla. received no apparent injuries and proceeded on their way. Cavitt was the only one wearing a seat belt.

Damage to the Datsun pickup was extensive with the top being torn off. The Buick Century was declared totaled, while the Buick Electra was estimated as having approximately \$300 damage.

In coming to the site of the accident a Highlands County Emergency Medical vehicle was forced to the curb on U. S. 27 by a vehicle turning in front of it and did not stop. Two tires of the emergency vehicle were ruptured. The emergency medical men grabbed their first aid kits and ran on foot to the three car accident and another emergency vehicle was called.

Avon Park City Council

To Give FBO Answer Thursday

Chairman of the Airport Committee, Don Serdyski, reported to the Avon Park City Council, Monday night, that the committee had met last week to review the two applications for fixed base operators at the Avon Park Airport.

The two applicants, Avon Park Flying Service and Highlands Aviation Service were determined to each have the basic qualifications for which they were applying. However, the committee asked that the city determine the insurance, financial responsibility, buildings, ramp areas, land availability and other matters of each applicant.

A point of discussion was the size of the ramp space needed at the gas pumps for both applicants. The Federal Aeronautics Administration suggested a possible ideal size of 15,000 square feet.

but the airport committee had suggested a 10,000 square foot size area. City Clerk Malcolm Crews told the council they needed to express themselves as to what was included in ramp space, such as approaches, building entrances etc.

Don Gossick of Avon Park Flying

Service reported the size of his gas pump ramp depend on whether the hangar door is open and the size of the plane entering the hangar. The gas pump ramp at Jimmy Renfro's Highlands Aviation location also depends on whether approaches and other areas are included

in the size of the ramp.

Committee member, Steve Roberts, stated that if the gas pumps were to be in the center of the ramp, then Avon Park Flying Service could not pave around the

Please see p. 6

City Council Delays Decision On Low Income Housing Projects

In a discussion of Section 8 housing by the Avon Park City Council last Monday night, a letter from the Housing and

residents or if the city should try to house its own low income residents.

Peavy asked the council if the families living in condemned houses would be given up priority in the low cost housing units. Both contractors were willing to do this but there was no criteria for the future.

It was noted that there was a shortcoming in the mix of families that HUD had decided on. There were usually more than four persons in most low income families. It was recommended that contractors should check with local sources as to size of family units needed before planning of housing size.

Councilman David Barefield spoke of

the need of upgrading the city's existing neighborhoods instead of putting money elsewhere.

Another problem presented by Peavy included housing for families who were displaced by the building project. Council President Robert Britt spoke of the need of more land areas for the building of low cost housing units.

City attorney Jack Hancock stated that HUD appeared to want a specific response to their proposal. The proposed 47 unit site was on Edgewood while the proposed 49 unit development was to be located on Central Ave. and Palmetto St. Any reply to HUD's letter was tabled for two weeks.

Avon Park Gets \$186,000 HUD Grant

Avon Park has been selected by the Housing and Urban Development Administration for a community block grant for \$186,000 for the coming year the city council was told during the regular Monday night meeting. The first year's grant was \$186,000, the second was for \$155,000.

Word was also received that Avon Park was to receive a grant of \$196,132 for sanitary sewer work and was one of seven grants in the state of Florida.

These grants are to help build public facilities and create jobs in areas of high unemployment. Funds for the projects are being made available under the Public Works Employment Act of 1977.

In element of President Carter's economic stimulus package. While the program's goal is to provide an immediate economic stimulus through the construction of capital facilities, most of the projects will provide additional long-term benefits in support of economic and community development, stated Robert T. Hall, Assistant Secretary of Commerce for Economic Development.

Richard Peavy

Urban Development administration was read in reply to a city letter rejecting a proposal to build either a 47- or 49-family Section 8 housing units on two proposed sites in the City.

Housing Director Richard Peavy was called upon for comments on the housing. He had written letters to HUD and talked with both contractors of the proposed housing sites. Some of the questions Peavy raised concerned space for an office on the property, storage and maintenance. He was wondering if the city was trying to attract low income

When Avon Park High School opens its doors on Monday, August 29, returning students will find a change in their reporting time. First period classes will now begin at 8:20 a.m., replacing the 8 a.m. reporting time of previous years. This additional time provides an early morning planning period for teachers

before classes begin.

After 4 p.m. on Friday, August 26, the high school will post first period schedules on the north side of the high school. This schedule advises students where to report on Monday morning, when they will be given their full day's schedule.

Current enrollment figures are approximately 805 students, according to Mrs. Helen Britt, assistant principal. "We are still continuing to enroll students daily and the projected enrollment figure for this year is 830 students," said Mrs. Britt.

At the end of the last year, 781

students were enrolled. This year will see several new teachers at the high school: Guadalupe Fernandez, Spanish; Kathy Kiang, Special Education; Ted Lynn, Agriculture; Donald Sismore, science and math; and Scott Whittemore, band director. Charles Carter, who transferred from the middle school, will teach physical education. Fred Rhodes has been assigned to teach at both the high school and middle school, working with ED children. Hugh Ward has replaced Mrs. Britt as the school's media specialist. According to Mrs. Britt, her promotion to assistant principal was the only administrative change.

Astronomy and Human Physiology courses are the only actual new courses being offered this year, but there will be variations on previously offered courses. A Lifetime Sports program has become part of the physical education department, offering sports like tennis, badminton, which students can continue to enjoy and participate in throughout their lives.

An additional Humanities class entitled "Art in Our Environment" will be offered for the first time this year. The original and still-offered Humanities class emphasizes the classics while this course will have a more contemporary emphasis.

The Black History Course, which was offered for the first time last year, will be offered both semesters this year.

In addition to basic courses in math, science, history, english and business subjects, high school students, particularly juniors and seniors have a wide range of alternate courses to choose from including stagecraft, journalism, agriculture, art, industrial materials, engineering drawing, architectural drawing, and circus production.

To receive a high school diploma, students must complete a minimum of 20 credits.

Six instructors have been added to the staff of the Avon Park area schools for the 1977-78 school year. They are, from left to right, Fred Rhodes, E. McLendon, middle school; N. Kay Harrington, middle school; Kathy A. Kiang, high school; middle school; photo by Wadlow

Garbage-Sewer Rate Increase

During their regular Monday night meeting the Avon Park City Council passed ordinances that will eventually cost most citizens more money in water rates, tap fees, sewer fees and garbage pickup fees.

The first of the ordinances passed was Ordinance No. 617 on Mobile Home Regulations. During the public hearing, Grady Porter of Porter's Trailer Park asked if the ordinance applied to new, old or to all trailer parks, with the answer being "no" it applied only to new trailer parks to be built.

The ordinance was written primarily to protect land use and the value patterns of the area where built. The districts where parks are permitted will be zoned MH-1. All mobile homes within a park are to have individual connections of all

public utilities with electrical service being underground.

Ordinance No. 618 on water rates according to City Clerk Malcolm Crews was written to save water, not to raise money.

Ordinance No. 619 on Sewer rates had a change in tap fees and connection fees along with a change in some commercial users rates.

The Ordinance No. 620 on an increase in garbage rates was explained as being necessary because of the 35 mile round trip to the DeSoto land fill and the \$10,000 landfill fees.

After a public hearing, a second reading by title and a third reading in full, all of the ordinances were passed approved. Most of the ordinances will be effective Sept. 30, 1977.

Mandatory Retirement Hurts Productivity

YOU MUST RETIRE when you are 65! Whether it is a cruel yardstick depends on whether the individual is ready, willing and wanting to retire.

The mandatory retirement at age 65 was spawned in the depression years of the 1930's, when emphasis was on finding more jobs for the younger unemployed, many with growing families.

Another measure passed in this same time frame, the Social Security Act, had a side effect, that was also aimed, purposely or inadvertently, at reducing the number of older employed citizens, to have their jobs taken by younger people and thus reducing the number of unemployed.

However, the most insulting blow to skilled, capable and willing to work individuals, who were forced to retire, was the stipulation by the Social Security Act that they could only earn \$1200 during the year or else they would lose Social Security benefits.

Many highly skilled older working citizens on Social Security, bitterly resented this \$1200 earnings ceiling, as it meant they could only obtain mediocre jobs for a limited time. Then each January hunt for another insipid job. With the earnings ceiling raised several times it was somewhat better. Currently the ceiling is \$3000 per year.

Exploitation of older retired workers on Social Security was also common in some areas. A case in point, was a retired railroad employee in Ft. Lauderdale in the mid-1950's. He was on a Railroad Brotherhood pension. But he quickly became tired of nothing more to do than take care of his lawn and yard.

Going to a local nursery in the neighborhood he took a job repotting plants in larger containers. When he became more skilled he asked for a raise and was promptly told that his pay would be increased from \$12 to \$15 per

week. Undoubtedly there are many other examples of this shoddy treatment of retired individuals wanting and needing something to do.

Recently Senator Richard Stone (Fla.) and Senator Jacob Javits (NY) co-sponsored S. 1471 to abolish forced retirement at age 65 for federal and private employees.

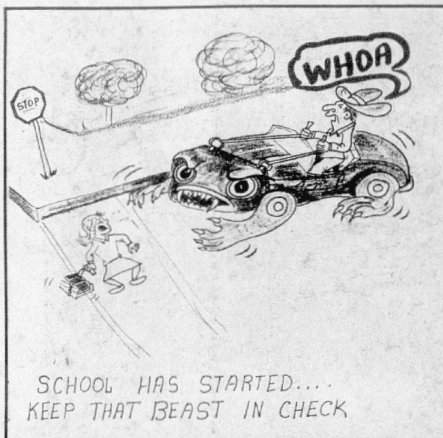

The bill would prohibit employers from requiring workers to retire before age 68, starting Jan. 1, 1978 and would gradually push the retirement age upward until mandatory retirement is eliminated altogether on Jan. 1, 1985. By this date the bill would abolish forced retirement provisions in pension and other employee benefit plans as well.

The House Education and Labor Committee has already passed a bill that would delay mandatory retirement in private business until age 70 and eliminate it completely for federal employees.

In the words of Sen. Stone, "It would be better for older people, for the country and for businesses to allow experienced, competent individuals to continue working if they wish, instead of forcing them out of their jobs because of an arbitrary factor like age."

Attempting to remove other roadblocks that prevent the elderly from working, Sen. Stone, previously introduced a bill to change Social Security rules. It would allow the person on Social Security earn \$1600 per year before benefits would be reduced.

Many people feel that the earnings ceiling should be abolished altogether and allow the person on Social Security to earn as much or as little as they wish. Their reasoning, the person on Social Security would spend most of their earnings, if not for their own needs, then for the needs of their children and grandchildren.

The Beast Is On The Prowl

Prowling our city streets is a vicious animal, lurking around corners waiting to pounce upon our children enroute to and from school.

This animal, although supportively controlled by man, has a mind of its own and is fearfully capable of devising new ways to attack our children.

If you haven't already guessed, this animal is the common garden variety automobile.

This clever machine is capable of hurling an average of 4000 pounds of unyielding metal against the brittle bodies of an unsuspecting child with devastating results.

Although man, in his own mind, is in control, he, man, may not see a child

darting from behind a parked car, but the alert automobile will not, and in a fraction of a second, another lifeless form lies in a city street.

This beast can and must be controlled. We can best control it by strictly obeying our laws, and reporting those who do not.

We must make maximum use of common sense and above all, drive as if you are expecting a child to leap in front of your vehicle each time you are in an area used by children, either at school, play grounds or routes traveled to reach these places, and, oh yes, the next time you see a policeman guarding a school zone, crosswalk or simply patrolling these areas, take time to thank him.

Viewpoint Community Helps Boost Muscular Dystrophy Fund

By MARK ALBRIGHT

The Battle of the Highlands, a fund raising event for the Muscular Dystrophy Association which was held on August sixth, raised \$1,347 for the national health agency.

Jeff Lis, County Coordinator for the event, reported that Lake Placid, with a total of \$680, was the largest contributor of the three cities. Sebring brought up second in the financial standings with \$510, and Avon Park donated \$406.

The event raised a total of \$1,595, and after the expense bill of \$248 was subtracted, the remainder was sent to the Association. In addition to the cash donations, many area businesses donated materials for the event.

Dennis Gunther, Avon Park Recreation Director, said the Avon Park team came in second in all of the five

events, except for the Perfect Putt game which the team won. In this game, players attempted to putt a golf ball while blindfolded, with the team coaches verbal commands to aid them. The baker, physical education instructor at the Avon Park Middle School, came the closest by putting the ball only four feet from the cup.

In the scoring for the battle of the Highlands, Lake Placid came out on top with a total of 25 points for the five events. Avon Park brought up second place with a 19-point total, and Sebring followed with 13.

Gunther said there were about 200 spectators for the event, with 35 to 40 coming from Avon Park.

"The contest was well thought out, and it was fun. They had good equipment and facilities," Gunther stated.

Things Out My Way

By ALICE SMITH

From the summer of '76 to now, I've attended four reunions of various kinds.

A reunion is a coming together of things which have been separated. When people are involved, reunions occur with increasing frequency as those people reach maturity — a pleasant euphemism for middle-aged or elderly.

It occurs to me that it would be a sort of public service to alert those in the twentysix or thirtysix bracket to the approaching reunion syndrome. If I'm not an expert, at least I have a sizable collection of memorable moments culled from four reunions in one year.

There was the lady of sixty-five or so who traveled 3,000 miles for a high school class reunion and brought along her young daughter. Called upon for a few words, she explained that she had not married until the age of forty and had produced this lovely child as soon as it was legitimately possible.

The class member charged with speaking briefly of the deceased members (no drippy stuff, please) did just that. She mentioned a certain Francis X. who had a well-known penchant for whispering snappy remarks in the ear of the nearest girl. This broke up the crowd and the master of ceremonies commented loudly, "How else were you dumb girls going to learn anything?"

The foot-in-mouth piece goes to the woman, with the carrying voice, inquiring after the health and

whereabouts of a long-ago friend. Said she, "C was such a darling girl, so beautiful and vivacious. She used to bring me gifts — costume jewelry and such — and I knew they were stolen, of course. Everyone knew she picked up things."

There was the gentleman who embraced the lady with delicately tinted hair, saying "I liked you much better with that pretty silver hair." Even as he spoke, she was regarding the monstrous dead brown toupee covering his bald cranium. To her credit, she kissed his cheek and murmured, "It's good to see you."

One committee had spent good money and time acquiring "gag awards" for selected former classmates. To the best cheer leader the old alma mater ever had "went a trick fork and spoon with large holes. These guaranteed that food would fall through instead of being conveyed to the mouth. The dear girl, still a pretty blonde, had gained 100 pounds in the intervening years. She, being a good sport, laughed loudly along with all the rest.

About reunions in general. All eyes ask a single question, "How has time dealt with you?" The witty, amusing and kind people remain pretty much the same. So do the dull and mean ones.

So try a reunion. It's a bitter-sweet experience and you may like it.

Social Security Questions-Answers For Women

By STACY THOMPSON
SOCIAL INSURANCE
REPRESENTATIVE

Q. Is there any special publication for women that I can use for my sorority?
A. There certainly is. "A Woman's Guide to Social Security" explains the protection a working woman and her family has if she becomes disabled or dies, and the protection she has when she retires. It also includes information pertaining to a woman who is widowed or divorced.

Q. I get Social Security student's benefits and I'm transferring from South Florida Junior College to the University of Florida, Gainesville, in the fall. Do I

have to report this change to Social Security? I'll still be going to school full-time.

A. Yes, you do have to report the transfer. In some instances, the type of school you attend could affect your monthly benefits. You should also notify Social Security if you leave school, start attending on a part-time basis, get married, or expect a change in your earnings.

Q. I'm getting the minimum Social Security retirement amount on my own record. Can I get an additional benefit on my wife's record when she retires from Consolidated next year?

A. If half of her full benefit is larger

than what you are getting, you may be able to get an additional amount on her record. Ask Social Security about your situation when your wife applies for benefits.

Q. I get both Social Security and Supplemental Security Income checks and recently rented out a room in my home for \$80 a month; how will this affect my benefits?

A. It will not affect your Social Security payments, as only earnings from work can affect them. Rental income may affect your Supplemental Security Income, however. You should report it promptly to Social Security.

Q. My acute arthritis is getting

progressively worse and I can now work only part-time. Do I have to be bedridden to get Social Security disability benefits?

A. No, but you must be expected to be unable to do any substantial work for at least a year. If you apply for Social Security disability benefits, your medical conditions will be evaluated and then your age, education, work experience, and current work activity is considered.

If you have questions or need information about social security, Medicare, or Supplemental Security Income, call the number listed in your telephone directory or write:

SSA-Info, P.O. Box 1329
Sebring, Fla. 33870

Childhood

Heroes Don't Measure Up

By Rep. Bafalis

Remember when you were a youngster? You wanted to grow up and be a fireman. Sure, you also thought about being a policeman or a cowboy. But there was something special about firemen.

Armed just with their brains and their courage, they'd tackle any burning building to save lives. They were special. In most cities in America, children still want to be firemen; children still consider them heroes. And they are.

In Dayton, firemen aren't heroes. They don't dash into burning buildings to save women and children. Dayton firemen stand around in a circle, burn down. And, should firemen from some other jurisdiction show up, Dayton firemen will deliberately get in their way and even threaten to harm them.

Heroes don't let your house burn down because they're on strike for higher pay and shorter hours. Heroes don't stand around and gawk while you struggle futilely with a fire hose to save the things you've struggled and worked for all your adult life.

But members of Firefighters Local 136 do. And, to join your faith in childhood heroes a little more, more than 100 of Dayton's policemen called in sick in support of the firemen's strike.

Firemen walked out in Terre Haute, Ind. and University City, Mo. Policemen have dropped their badges and grabbed picket signs in still other cities, most notably in San Francisco where ruggers and rapists had a field day while the guardians of the people pointed for more pay.

In Dayton, the firemen won a 30 cents an hour pay hike and a work week of 50 hours instead of 52.

But it cost at least 29 buildings and

heaven only knows how many hopes and dreams. One can only hope the public resentment and outrage generated by this sickening display of greed on the part of a union will bring a change of heart to those political leaders who now obey every whim of the union bosses.

It matters not whether the public employees are firemen, policemen, prison guards, teachers of sanitation workers. They have no right to strike. They can organize. They can bargain collectively. But they cannot go on strikes.

A city without fire protection, police protection or trash collection has ceased to be a city. It has reverted to the jungle, where disease, crime, and the survival of the fittest is the only law.

Americans traditionally place a great deal of faith and trust in their policemen, firemen and teachers. They hope these people will be worthy of that trust, that they will be truly public servants.

Unfortunately, we are now learning that there are some public employees who feel no loyalty toward their employer, be it a city, state or nation — public employees who only allegiance is to a union.

And we are learning that many union bosses are only too willing to sacrifice anything and everything — including the safety and well-being of the people — to satisfy the demands of their members.

It is high time we impressed upon these unions that the rights of their members cease when their tactics trample on the rights of the public.

If we cannot do that — if we cannot impress upon them the need for responsible behavior — then we will be forced to take steps toward the right of public employees to join together in a union.

U.S. REP. L.A. "SKIP" BAFALIS, R Fla., receives 1977 Civil Libertarian Award from the Conservative Caucus. Making the presentation which cited the 10th District Congressman for his defense

of the U.S. Constitution is Col. Charles E. Thomann (U.S. Army retired), administrative vice chairman of the Conservative Caucus.

The Tall And The Short - Cathy Barbaree 4'9" Tall
Looks Up At 6'8" Walter Cochran

Walter Cochran

Joins Police Department

Walter Cochran, a 6 feet 8 inch, 22 year old graduate of Lake Placid High School, is the newest member of the Avon Park Police Department.

Cochrane was born in Monks Corner, S.C. and moved to

Lake Placid six years ago. He attended Florida State University in Tallahassee for three years, receiving his Associate in Arts Degree in accounting.

How did he become employed with the Avon Park

Police Department? "One of my friends who is an officer talked me into joining the force and I really like it so far," stated Cochrane.

Cochrane who is single enjoys water skiing, sailing, hunting and horseback riding.

ACT Assessment

Offered To
Students

... Making decisions... the big ones and the little day-to-day ones... is not always easy. One of the best ways to make good decisions is to gather as much relevant information as possible before you decide anything. That's where the American College Testing Program (ACT) can help.

About one million college-bound high school students take the ACT Assessment each year. These results are used by more than 2500 colleges and universities. Whether students are almost sure about a specific college or are still looking over the whole range of post-high school alternatives, the ACT Assessment can give much of the information needed to make better decisions.

The ACT report sent to the student contains organized information about educational planning and a description of the colleges of his or her choice. It also includes information about the student's special educational interests and the ways those interests relate to career planning.

The ACT Assessment will be offered on October 8, 1977 (first test date for the 1977-78 academic year). The registration deadline for this test date is September 12. Registration forms can be obtained from high school guidance offices.

Mr. and Mrs. Alfred Christensen at Their 50th Anniversary Celebration August 21

Christensens Celebrate Fiftieth Anniversary

Mr. and Mrs. Alfred Christensen of Lake Lillian celebrated their 50th wedding anniversary on Sunday afternoon, August 21. A reception was given in their honor by daughter, Mrs. Royce Thompson of Singapore, and son, Dr. Cecil Christensen of Houston, in the Florida Power Lounge.

The couple were married in Arcadia, Florida in 1927. Mrs. Christensen, formerly Beulah Lavender, is a fifth generation Floridian. Mr. Christensen was from Michigan, and they met there while attending college. They have spent many years in school and hospital work for the seventh-day Adventist denomination in Haiti, Cuba, Dominican Republic and Puerto Rico. In 1966 they joined the personnel of Walker Memorial Hospital and have continued living in Avon Park. They have traveled extensively, often visiting their son Cecil in Houston, and twice they have visited their daughter Elaine and her family in the Far East, once in Bangkok and later in Singapore, returning home through Europe.

For the occasion, the Florida Power Lounge was beautifully decorated in gold and white. A lovely centerpiece of Tallman roses and carnation graced the table. The three-tiered white and yellow cake was also topped with a smaller bouquet of the same. Lighted candles in tall brass candlesticks and soft stereo music lent atmosphere. Many albums of photographs taken throughout the lives of the Christensens were on display.

Approximately 100 guests attended the reception, many of whom came from out of town. Among them were: Mrs. Royce Thompson and her daughter Cherie from Singapore, Dr. and Mrs. Cecil Christensen and daughter Tammy from Houston, Mr. and

Mrs. Leslie Smith of Hendersonville, N.C., Mr. and Mrs. George Hazard of Vienna, Va., Mr. and Mrs. Gilbert Lavender of Bradenton, Mr. and Mrs. Bernard Thompson of Athens, Ga., Mr. and Mrs. George Christensen of Ft. Myers, Mr. and Mrs. Donald Von Pohle, of Orlando, Mr. and

Mrs. Lamar Hollingsworth of Arcadia, Mr. Harlan Hollingsworth of Bradenton, Mr. and Mrs. Don Miller and Mrs. Linden Prince and Mr. and Mrs. Robert P. Brown, Jr., of Bradenton, and Mr. and Mrs. Lee Higgins of Dunelton, and Mrs. and Mrs. Charles Evers and Family of Orlando.

Avon Park Range News

by Pat Wood
Avon Park Recreational Center held their Racquetball Tournament this past weekend. There were seven people to enter the tournament from the Bombing Range, Dominican Republic and Puerto Rico. In 1966 they joined the personnel of Walker Memorial Hospital and have continued living in Avon Park.

In the Ladies singles Betty Amburn from the Bombing Range took 1st place with no problems. Pat Wood and Sharon Moody did not place in the finals.

In the Men's singles Curt

Harden defeated John Best for 1st place. John took second. Henry Wood and John Lamona did not place in the finals. Henry Wood did win the Ekelon Bag when his ticket number was drawn by William Amburn for the door prize.

Congratulations to all of the Air Force personnel and the dependents who participated in this tournament. Hope to see all again this weekend in the doubles starting 7th and 28th of August.

Junior Women Meet At Lynette Shepherd's

The Junior Women's Club of Avon Park held a Board Meeting at the home of Lynette Shepherd last Wednesday evening.

September will be a busy month for the Juniors with plans being made for the Muscular Dystrophy road block at the red lights down town on September 3, from 9 a.m. to 12 noon. There will also be a bake sale in front of the Avon Citrus Bank at the same time.

Juniors are asked to have all baked goods to Pat Smith either Friday afternoon (at her home 1112 W. Prairie) or bring them by the bank a little before 9 a.m. Saturday.

Five of the girls are planning to attend Junior Fun Night in

Lakeland on Sept. 8. The Presidents Council Meeting and Workshop for District 9 will be held Sept. 10, in Lakeland at Florida Federation of Women's Clubs. It is hoped that quite a few of the juniors members will attend.

Junior's Fall Board will be held in Orlando Sept. 23-25, at the Sheraton Towers.

Juniors should keep all these dates in mind and especially the first meeting of the new year, Sept. 13. The date has been moved back one week because of Labor Day.

Recipe

STRUFOLI

6 eggs
3 cups flour
3/4 tsp. salt
1 1/2 cups honey
6 tbsp. sugar
3 ounces toasted almonds, chopped
3 ounces chopped citron
1 tsp. grated orange rind
1 tsp. cinnamon

Beat eggs, 1/2 of flour, and salt until smooth. Beat in 1 cup flour more and turn out onto floured board. Knead in remaining flour until dough is smooth and elastic. Set dough in a greased bowl. Cover. Let rest 2 hours. Roll dough into long ropes, 1/2-inch in diameter. Cut in 1/2-inch lengths. Cover with a cloth and let rest 5 minutes. Deep-fry in moderately-hot oil (375°F.), turning once, until golden brown. Drain on absorbent paper. In a large Dutch oven simmer honey and sugar 15 minutes. Remove from heat. Stir in almonds, citron, orange rind, cinnamon, and strufole. Pat into 12 x 9-inch pan. Serve by spooning onto plates. Makes about 15 servings.

People On The Go

Crews Visit New Orleans
Malcom Crews and son Keith spent a week in New Orleans. Malcom was attending Course 8 American Institute of Real Estate Appraisers. He stated he liked what he saw in New Orleans and especially the good food.

Cradle Roll

Mr. and Mrs. Willie James Lakes of Avon Park, announce the birth of their daughter, Angelina Michelle, born August 12, at Walker Memorial Hospital, weighing 8 lbs., 14 oz. Mr. and Mrs. Wayne Allen Newman Sr. of Wauchula, announce the birth of their son, Donald Joseph, born August 12, at Walker Memorial Hospital, weighing 8 lbs., 15 oz.

Mr. and Mrs. James Alfred Woods of Lake Placid, announce the birth of a son, Eric Andrew, born Aug. 15 at Walker Memorial Hospital, weighing 9 lbs., 2 1/2 oz.

Mr. and Mrs. Perry Lee Waldron Sr. of Avon Park, announce the birth of a daughter, Katrina Shell, born Aug. 15, at Walker Memorial Hospital, weighing 7 lbs., 12 oz. Mr. and Mrs. Michael Francis James McNamara of Sebring, announce the birth of a daughter, Megan Teresa, born Aug. 16 at Walker Memorial Hospital, weighing 9 lbs., 10 oz.

Mr. and Mrs. Robert William Brown of Avon Park, announce the birth of a son, Tavares William, born Aug. 16, at Walker Memorial Hospital, weighing 7 lbs., 10 1/2 oz. Correction in last week's cradle roll: Kari Dayle Gurganus was misspelled.

Mr. and Mrs. Frederic W. Johns Jr. of Avon Park, announce the birth of their daughter, Erin Marie, born August 2, at Lakeland General Hospital, weighing 6 lbs., 1 1/2 oz.

The proud grandparents are Mr. and Mrs. Fredrick Johns Sr. of Avon Park and Mr. and Mrs. Robert Ray Smith of Wauchula.

It's Time To Say Happy BIRTHDAY

We wish the following people celebrating their birthday's this week a big "Happy Birthday."

August 25 - Victor McKinnas Sr., Stephen Ford, Majorie Davis, Mrs. Ethel Childress, Mrs. Bertha Skipper.

August 26 - Virginia Henderson, Ruth Flemming, Frances Ziegler, Matt Cloud, Lillie (Granny) Winegard, Carol Child, Roy Heckard, Diane McEwen.

August 27 - Michael Birt, Joy Traverse, Mrs. Leroy Brock, Louise Jackson, Mrs. LaRue Longenecker, Kathleen Smith, Pete Simpson.

August 28 - Vicky Gore, Milton Howard Sr., Diane Palsgrove, Mrs. Carrie Williams.

August 29 - Mrs. W. A. Stallard, Nina Runner, Denaby Jackson, Robbie Kendrick, Tracy Jones.

August 30 - Alice M. Tuten, James Jackson, Bessie Hyde Fay Light.

August 31 - Mrs. Donald Ford, Mrs. Edgar Smoot, Sacra Albritton, Mrs. Mary Jones, Larry LaFam, Michele Coleman, Sonny Heckard, William Doyle Roland, Jason Wayne Martin, Larry Donnell Altkorn, Cornelia Delice Fleming, Amy Nichelle Willia.

If you have a friend or loved one who is having a birthday soon, please call us so we may add them to our birthday list.

Dunn Reunion Set
The Thad Dunn reunion will be held in the same place as last year on Sunday, Sept. 4, at the home of Mr. and Mrs. Herman Gaster, on Gaster Road, Avon Park. All friends and relatives are invited to bring a covered dish and join in the family get together.

Ward Returns From Camp
Robbie Ward has recently returned from a two week stay at Christian Church Conference and Camp in Silver Springs, Fla.

The camp was run by the Florida Association for Retarded Citizens. Robbie was very excited about the visit from the Cherokee Indians who performed at Six Gun Territory. They visited the camp one day during his stay.

Senator Stone To Visit
United States Senator Richard Stone will visit the Avon Park Post Office on September 1, at 2 p.m. The public is invited to stop by and welcome him to the area and to him any questions they would like answered.

Free Blood Pressure Checkup
The Seventh-Day Adventist Community Service will be stationed at the Pantry Pride Parking Lot this Monday, Aug. 28, from 10 a.m.-4 p.m. for the public to have their blood pressure taken free. This is free and a chance you might have to save your health.

Garden Club News
The Highlands Garden Club will hold the first meeting of the 1977-78 season, Thursday, September 1st, at 1:30 p.m. Mrs. Ruth Gahn will serve as hostess at her home in Sebring and Mrs. Marge Johnson as co-hostess.

A business meeting will be the program for the day. New Year books, will also be presented to each member. The clubs coming events for the new season, will be reviewed by the members present.

Band Association Meeting Monday

The Avon Park Band Association begins a new school year with its first monthly meeting, on Monday, August 29, at 7:30 p.m. in the High School Band Room.

This is a change of usual date, due to the Labor Day Holiday week-end.

The Executive Board will host a "Get Acquainted" social hour, serving punch, coffee and cookies, following the school business meeting.

This social time will allow parents a time to get acquainted with the new band director, Scott Whittemore, who will be in charge of both the High School and Middle School Bands.

All parents are urged to make a special effort to attend this meeting, as there are items of business that must be acted upon if the students open the new season of activities.

Highlands County Extension Homemakers Council members attended the 53rd Annual Meeting of the Florida Extension Homemakers Council, which was held at the

University of Florida Aug. 19-19. Members are from the left: Back row-Trena Ray, Jackie Jenkins, Shirley Pryor, Linda Gaye, Heidi Joensuu, Norma Ramsey, Connie England.

Lillian Nelson, Betty Judson, and Anne Bertelsen. Front row-Kate Smith, Ruby Mielke, Millie Chandler and Cora Edwards.

Highlands County Homemakers Attend 53rd Annual Council

"Florida's Gateway To New Frontiers" was the theme of the 53rd Annual Meeting of the Florida Extension Homemakers Council held at the University of Florida, Aug. 19-19, with 225 women attending.

Highlands County was represented by their state president of Highlands County, Mrs. Betty Bolin, Council President of Highlands County, Mrs. Trena Ray and Delegate Anne Bertelsen, all three of Sebring Club.

Other members from Sebring Club, Mrs. Kate Smith, President, Norma Ramsey, Vice President, Betty Judson and Cora Edwards.

Lake Placid Club, Corie England, President, Ruby Mielke, Delegate, Shirley Pryor, and Millie Chandler, Caladoun Club, Linda Gaye, President, Lillian Nelson, Delegate Heidi Joensuu, Vice President and Jackie Jenkins.

Dr. Ann Bromley, the keynote speaker opened the conference emphasizing the "Dual Career Family".

Emphasis of workshops centered on "Safety of the Home", International interest, and public information. Energy Conversations drew a lot of

Stolen Property

A motorcycle trailer, a motorcycle helmet and a chain saw were reported stolen from behind the Skipper Road home of Emerson last week. The police are investigating sheriff's deputies that the property was valued at approximately \$370. It is believed the trailer may have been stolen Saturday night while Emerson was holding a party.

Everyone was presented with a corsage before all were seated. A tuna salad plate, strawberry ice cream, tea and coffee was enjoyed by everyone. The bride's colors of

attention with the presence of the mobile solar water energy unit.

Members learned much about our changing world with their tour of the Florida State Museum. All was not work, as talents were demonstrated through skits, songs, poetry, shadowbox displays and etc.

Millie Chandler, Lake Placid Club, wrote words to the "Hello Dolly", centered around Betty Bolin as state President, from Highlands County.

The 53rd convention closed by learning their new dean of Extension Services, Dr. W. J. Woesty at their banquet on

Thursday night. The entertainment of the evening was "The Korn Kob Klan" of all ages from Jacksonville. They were hilarious.

The new officers for 1977-78 were installed in a lovely ceremony. Florida residents will benefit as their busy homemakers return to their counties, to present volunteer programs on subjects learned there. Watch this paper for schedule of these programs.

Contact our cooperative extension office for more information on educational programs and membership to our clubs.

Brenda Dick Honored

At Bridal Luncheon

Miss Brenda Dick, bride-elect of Dennis Retherford will be honored with a Bridal Luncheon at the Florida Power Hospitality Lounge on Saturday, August 20.

Upon arrival, the hostesses greeted the honoree, her attendants, the mothers, Mrs. Robert G. Dick, and Mrs. W. H. Retherford, mother of the bridegroom-elect and Mrs. O. L. Kytte, grandmother of the bride-elect.

Everyone was presented with a corsage before all were seated. A tuna salad plate, strawberry ice cream, tea and coffee was enjoyed by everyone. The bride's colors of

pink and green carried out the color scheme in the Lounge.

Brenda and Dennis will wed on Saturday, August 27, 8 p.m., at the Florida Avenue Baptist Church.

Wedding Saturday

The wedding of Brenda Dick, bride-elect of Dennis Retherford will be solemnized this Saturday, August 27 at 8 p.m. at the Florida Avenue Baptist Church.

The Rev. Aden Childress will perform the double ring ceremony. All friends and relatives are invited to attend the wedding and reception which will immediately follow in the church social hall.

August 26 - September 9 rates For SFJC Vocational Registration

Registration for Vocational, Technical & Adult Education fall semester classes begins at South Florida Junior College Aug. 26 and will continue through Sept. 9. All occupational classes begin Aug. 26. Any adult interested in enrolling in one of the classes will need to contact Gene Stalter at the college for an appointment. All occupational classes are conducted on campus during the day, five days a week. Courses which require 540 hours or two semesters to complete are child care & guidance and general office clerk. All other occupational classes require 1080 hours of instruction or four semesters to complete; however, with the exception of drafting, a student may attend class six hours a day and complete a course in two semesters (one semester year). These classes are air conditioning & refrigeration, auto mechanics, auto body repairs, carpentry, child care & guidance, radio & TV electronics, and tractor & diesel mechanics.

GENERAL OFFICE CLERK

Prepares the student for office employment. Typing, filing, record keeping, business machines and spelling are covered in the course. The class meets 10 noon until 3 each afternoon.

DRAFTING

Classroom and drafting laboratory activities will enable students to develop skills and technical knowledge for employment as draftsmen. The course is designed to enable graduates to translate

ideas, sketches, specifications and calculations of engineers and designers into complete and accurate plans. The class meets from 8:30 to 11:30 each morning. There are two class sessions daily for all other occupational programs - from 8:30 to 11:30 p.m. and 12 to 3 p.m. A student may attend one session daily and complete the program in two school years or both sessions and finish in one school year.

AIR CONDITION & REFRIGERATION

Graduates of this program should be capable of assuming employment as a technician or repairman in the air conditioning and refrigeration trades. A new program designed to provide students the opportunity to acquire the knowledge and skills necessary to be gainfully employed in the auto body repair and painting business.

AUTOMOTIVE MECHANICS

This program is designed to provide opportunity for students to acquire the knowledge and skills necessary to be gainfully employed in the automotive repair and servicing business.

This course includes instruction in blueprint sketching, blueprint reading, proper and safe use of tools, applied math for carpenters, and building code along with the instruction in the

carpentry skills. Upon completion, students should have the necessary knowledge and skills to become gainfully employed in the carpentry trades.

CHILD CARE & GUIDANCE

This program develops the knowledge, skills and attitudes necessary for the student to obtain employment in places where groups of children are cared for. The class will operate a child day care center on campus.

RADIO-TV ELECTRONICS

Students will learn the techniques, practices, trade technology and mathematics required to provide a sound foundation in electricity and electronics needed for employment in the radio and television service industry.

TRACTOR & DIESEL MECHANICS

Upon completion, students should have the knowledge and skills required to be an apprentice mechanic in the agricultural machinery industry. Theory, assembly, adjustment, maintenance and repair of all types of agricultural machinery are taught.

In addition to the occupational programs, the VTAIE Division offers many adult education classes at night in Sebring, Lake Placid, Wauchusa and on campus. Schedules of all classes are available at the college. Anyone desiring further information should contact Gene Stalter at the college or call 453-6661, extension 137, in Avon Park.

Farmers To Pay Unemployment Taxes For Laborers Beginning January 1

Beginning January 1, many Florida farmers will be required to pay unemployment compensation taxes on behalf of their agricultural workers. Federal and state law will require participation in the UC program by farm labor employers. State legislation enacted this year basically makes the same requirement on employers of farm labor that was mandated by federal law last year.

Many smaller, family-operated farms will be exempt from UC coverage. However, the nature of the program, commercial agriculture indicates that a large number of farm workers will be covered by unemployment compensation for the first time.

Dr. Leo Polopoulos, chairman of the Food and Resource Economics

Department at the University of Florida, says that the trails only California and Texas in the employment of farm labor, mainly because of the preponderance of larger farms and the necessity for hand labor versus the use of machinery in many agricultural enterprises.

Basically, the federal unemployment compensation act will include those who have a cash payroll for farm labor of \$20,000 or more during any calendar quarter of the calendar year or the preceding calendar year, or those employers who hired 10 or more workers for at least one day of work in each two weeks during 1977. Farms which are operated by corporations (family corporations included) must include family members as employees of the

corporation if they perform services for the corporation.

Agricultural employers of seasonal or migrant workers must participate in the UC program if they are covered employers under the law. However, if a farmer employs migrant workers through a written agreement with a registered farm labor contractor, the federal law says the contractor shall pay the unemployment compensation tax on behalf of those workers, if the workers use or operate the contractor's equipment.

The inclusion of farm workers in the unemployment compensation program has the same basic purpose as other laws enacted as early as 1935 affecting industrial workers — income protection during periods of involuntary unemployment.

Public Notice

ORDINANCE NO. 617
AN ORDINANCE AMENDING THE ZONING LAWS OF THE CITY OF AVON PARK, FLORIDA, CONCERNING THE CITY OF AVON PARK DISTRICT.

WHEREAS, the use of mobile homes has become widespread in the United States, and WHEREAS, the City of Avon Park wishes to maintain and promote its traditional, conventional single family land use pattern and to prevent the undesirable effects of permitting mobile homes to mix in areas of residential development, and WHEREAS, the City of Avon Park desires to make provisions to permit mobile home development at locations and according to standards that will be consistent with the City as a whole.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AVON PARK, FLORIDA, AS FOLLOWS:

Section 1. Establishment. Mobile home rental parks may be established within the City of Avon Park, Florida, according to the standards hereinafter set forth, which parks shall be located within the districts designated as MH-1.

Section 2. Definitions. The definitions with reference to this ordinance shall be the same as those used by the Division of Health of the State of Florida with reference to its regulation of mobile homes and similar units and establishments containing such units.

Section 3. Facilities. (a) Mobile homes shall be located within the City of Avon Park unless installed in approved mobile home rental parks. No mobile home having floor area of less than 400 square feet may be installed.

(b) Campers, travel trailers, motor homes and similar recreational vehicles shall be prohibited for use as a dwelling in an MH-1 district.

Section 4. Applications for Zoning and Permits. (a) Establishment of Zone. An MH-1 zone may be established whenever the City Council desires to establish a mobile home rental park in a certain area of the City, subject to the applicant meeting all of the requirements for installation of a mobile home park as set forth herein.

(b) Application — Form and Fee. Application for a mobile home rental park and permit shall first be submitted to the Planning and Zoning Commission. For consideration, with a non-refundable fee of \$100.00, such application shall show:

(1) The legal description of the land to be used, owner's name and address, and an owner's signature.

(2) A drawing of the site made to scale, showing the perimeter setback and screening of existing characterizations, easements, drives, drainage, utilities, and locations of individual mobile home sites and accessory buildings.

(3) That all provisions of the ordinance are complied with.

(4) Preliminary approval by the Division of Health of the State of Florida for the proposed mobile home park.

(5) Application — Approval or Denial. The Planning and Zoning Commission shall recommend approval or denial of such application, and may recommend approval conditioned on other actions to conform to specific

development requirements of City land use objectives as established in the Comprehensive Zoning Ordinance, the City Council shall approve or deny such application for a mobile home park permit.

Section 5. Requirements of MH-1 District. (a) Land area. shall have a minimum of at least five acres or more, and not less than twenty feet between any part of any structure and the adjacent right-of-way or property line.

(b) Every mobile home park shall provide a perimeter yard area of not less than twenty feet between any part of any structure and the adjacent right-of-way or property line.

(c) A masonry, wood or decorative chain link fence, or a planting shield shall be provided and maintained between any mobile home park and any adjacent residential or public right-of-way. Any required fence or planting shield shall be at least five feet high, and no planting shield shall be permitted to grow to a height of more than eight feet and shall be of such density as to materially break off direct horizontal view through it.

(d) Accessory buildings in approved mobile home parks shall be limited to:

(1) Recreational facilities for the primary use of park residents.

(2) Utility facilities (laundry, storage, etc.) for the primary use of park residents.

(3) Office and/or one single family residence for the use of the park owner or manager. No accessory building shall be more than one story in height. All accessory buildings shall conform to all city regulations for buildings of their type and use. There shall be no separate accessory building on an individual mobile home site.

(4) Mobile home additions, such as covered patios, rooms, carports, or other roofed space, shall be limited to one story in height, not longer than the mobile home, constructed structurally to the building code, and contain no kitchen facilities.

(5) Improvements, when added together, shall not cover more than 50 per cent of the mobile home site or lot, and the improvements are located within the boundaries of the mobile home site.

(6) No part, including the roof, of any mobile home or addition thereto shall be placed within fifteen feet of any part, including the roof, of any other mobile home or addition thereto. Every mobile home site shall provide an unobstructed front and rear yard of ten feet minimum. No part of this required yard shall be composed of any required street or drive or any other required parking area.

(7) No part, including the roof, of any accessory building shall be placed within fifteen feet of any part, including the roof, of any mobile home or addition thereto or any other accessory building.

(8) The mobile home park owner shall be responsible for the provision of all utilities. Each mobile home site shall be provided with an individual connection to all utilities and shall be metered individually for all metered utilities.

(9) Each mobile home site shall be provided with connections to the city water system and the city sewer system. All accessory buildings requiring plumbing shall be connected to the city water and sewer system. All plumbing shall

Gunter Concerned With Peavy Busy With Rotary And Sold In Florida Local Housing Authority

The growing volume of stolen vehicles being brought in from other states and registered in Florida has become an increasing problem, stated Bill Gunter, Florida Insurance Commissioner. This was emphasized just recently when a South Florida man, with a valid Florida title, had his car confiscated. Investigation revealed that the car had been stolen in Providence, R.I., brought to Florida, and unwittingly titled here because the Division of Motor Vehicles has no way of checking out-of-state stolen car records.

Because the Rhode Island man who originally owned the car had been paid for the theft by his insurance company, the insurance company has now taken possession of the auto, and the South Florida man who innocently purchased the car is minus both the car and the money he paid for it.

Gunter is doubly concerned with this situation, first as a law enforcement problem, and also because stolen cars usually mean insurance claims and result in higher insurance rates.

This particular problem arises because the State Division of Motor Vehicles, as a "regulatory" agency, lacks access to federal records on stolen cars. At the same time, however, the Florida Department of Law Enforcement does have access to these records.

This problem has been discussed with officials of both these agencies and they have indicated a willingness to work together in the future to thoroughly check all vehicles from out-of-state before Florida titles are issued on them.

This is one example where cooperation between governmental agencies can greatly benefit the public, not only in reducing the number of stolen vehicles but also in helping fight rising costs of automobile insurance.

Secretary of the Avon Park Rotary Club, Richard Peavy, stays busy keeping up with all of the affairs of the active Rotary club. Richard is 26 years of age and married to Beverly Gail. They just married this past January. Dick was born in Fort Lauderdale, Fla., and received his Bachelor of Science degree from the University of Florida, majoring in management in the field of business administration.

Dick spends most of his time being the Executive Director of the Avon Park Housing Authority. His main concern is maintenance and development of decent housing and his latest goal is neighborhood development and improvement.

Besides being secretary of

Richard Peavy

the Avon Park Rotary Club, he is also on the Board of Directors and is also a member of the HOPE advisory board. Dick likes sports and plays church league slowpitch softball, racquetball and virtually all sports. In college he ran on the track team. Several weeks ago Dick was on the team that represented Avon Park in the Muscular Dystrophy "Battle of the Highlands" at Lake Placid.

FBO At Airport

pumps as they were against the buildings and to relocate the pumps with additional piping would be considerably expensive for the city. He wondered if the economics of the situation would be justified in requiring the gas pumps be in the center of the ramps.

On the matter of safety, Serdynski said the committee did not feel that it was a critical point at this time, it was more important as to how the aircraft was handled on the ramp and approaches.

Another matter brought up was that Highlands Aviation should have one lease franchise with the state dates for operations and land leases as they had already run one year of their lease with only four years to go. However, there was a renewal option for another five years. City Attorney Jack Hancock stated this was no problem in correcting his situation.

Councilman David Barefield suggested that a standard lease rate for a two acre tract should be adopted.

Another opinion was that the rental rate be in relationship to the location on the airport. However, some airports have rental of space on a percentage of the fixed operator's gross business.

Council President Robert Britt appointed building inspector C. W. Ellerbee and City Clerk Malcolm Crews to measure the gas ramps, buildings, etc. of both applicants and report back to the council at their special budget meeting on Thursday night.

The airport committee also had chairman Don Serdynski to bring up the following matters on the airport: The matter of vehicles using the runways and taxiways at the airport, the chief offenders being city vehicles taking shortcuts from the ball complex to the city barn and a bad chuck hole at the junction of runway 22 and the taxiway.

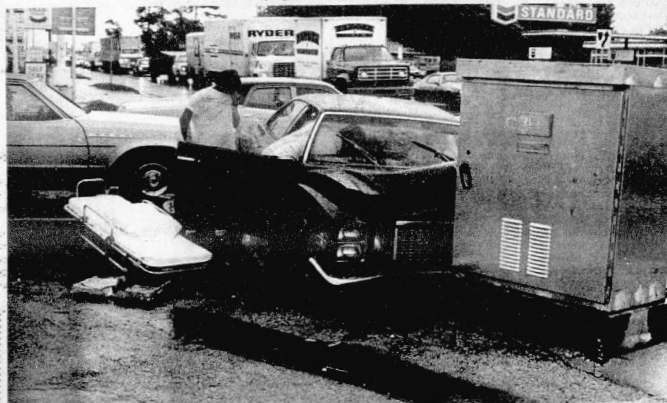

Other matters included: the paving of the taxiway north of the T-hangers; but this will be finished. The matter of new T-hangers, there is money in the budget for this he was informed. There were runway lights out on the east side with 12

to 15 lights off. Fire Chief Mack Flowers was instructed to replace these.

The committees suggested that something be done about the radio tower of Stephens-Restina Fruit Company, because it was almost directly in line with one of the approaches to an airport runway and take-off strip. It was moved by the council to install a warning light on the radio tower with Stephens and Restina to assume operation, maintenance and liability for the signal.

In their meeting the committee also talked about the city placing warning lights on several of the tall light poles at the ball park complex as a warning for approaching aircraft. However it was not brought up at the council meeting.

On the matter of vehicles passing around a cable on the east side of the airport, Joe Willis was instructed to secure enough cable to tie in with the Highlands Aviation fence to prevent vehicles from entering the airport from this area because of the hazard to aircraft using the runways and the taxi strips.

AFTER STRIKING a Datsun pickup this 1977 Buick Century slammed into the traffic signal control box with the rear end and sliding into a 1977 Buick Electra stopped on State Road 64 for the red light. Sunphoto BBY Lew Miller.

THE DATSUN PICKUP in making a left turn on U. S. 27 was struck by a southbound Buick which then hit the traffic signal box with the rear end striking a stopped Buick on State Road 64. Sunphoto by Lew Miller.

Calls For Support Of Amendments

GAINESVILLE — The president of Florida's largest agricultural organization today called for an all-out effort by Florida farmers and consumers to support amendments to the nation's current federal pesticide law.

"The frequent arbitrary interpretations of regulations by the Environmental Protection Agency (EPA) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) are in direct contradiction to the expressed intent of Congress," said Walter Kautz, president of the 73,000 member Florida Farm Bureau Federation.

It's time for farmers, ranchers, pest control operators, public health officials and the consuming public to speak out on this vital issue," Kautz said.

Incentive for development of needed new pesticides will be destroyed.

"This nation's farmers and ranchers cannot continue to meet the increased food production needs of a growing U. S. and world population if their production tools are continuously removed. Pesticides are one of the most important tools we have."

Kautz stated that the price, quality, variety and quantity of food for the consumer would be directly affected by pesticides available to the farmer.

"This is not just a farmer vs. EPA issue," Kautz said. "It's a food production issue that directly affects every American consumer."

Kautz called for both farmers and those concerned about food prices and food supply to write their Congressmen expressing support for amendments to FIFRA that make the law more fair to all concerned.

Among the specific amendments supported by Farm Bureau are:

+ Provisions for a comprehensive benefit-risk assessment of a pesticide before considering cancellation of its use.

+ A review of EPA decisions by a qualified scientific committee.

+ Additional U.S. Department of Agriculture input into agricultural

pesticide regulations.

+ Provisions for the registration by states of pesticides for use on minor specialty crops.

Heat May Be Reflected In Higher Electric Bills

Many Florida Power Corporation customers are likely to receive higher electric bills this month, reflecting increased power consumption during July, a company official said today.

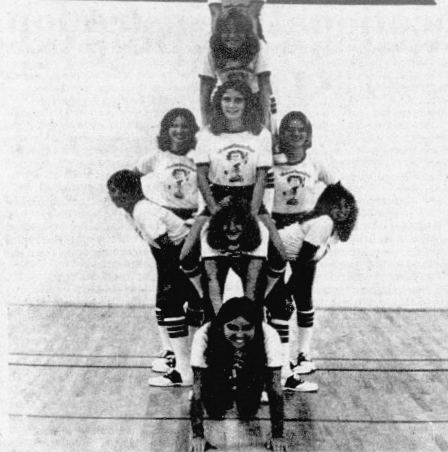

John S. Crothwaite, Jr., director of consumer services said, "Power consumption by residential customers has increased by more than thirty-four percent in July over June. That represents a total kilowatt-hour increase in excess of 150-million."

Customers who were using air conditioning in June will find that their units worked harder in July, resulting in more power usage and an increased monthly electric bill.

Even those who do not use air conditioning could notice some upward change in their bills as more power was used to operate refrigerators, freezers and fans.

"If customers use their home appliances, including air conditioning, in their most efficient manner," Crothwaite noted, "they can better control the size of their electric bill. Just taking a few steps, such as changing or cleaning air conditioner filters regularly; setting thermostats at the highest comfortable temperature, recommended at 78 degrees or higher; installing weatherstripping and insulation; and others, can hold down electric costs."

Three Bids Opened For Cleaning Plant Ruins

Three bids were received and opened during the Monday night City council meeting for cleaning up the ruins of the old Coca Cola plant owned by Robert Young, Avon Park postmaster.

Bids were received from Phillips Septic Tank Service, \$490; Spring Lake Services, \$995 and Richard Jordan, \$1060. It was moved and seconded that the low bidder, Phillips Septic Tank be awarded the contract to demolish the burnt out building. A lengthy discussion followed, as Robert Young had threatened the city with a lawsuit if a basement would be filled, as he claimed it had valuable electrical switches.

Don Greenhall of Spring Lake Services told the council he was ready to do the work when he was the low bidder the first time the invitation to bid was advertised. At which time City Attorney Jack Hancock had pointed out that the invitation to bid did not mention filling the basement or the other structures on the property. At that time he had recommended rebuilding the work with filling the basement included.

Following further discussion as to whom the bid should be awarded and on

what basis, Building Inspector C. W. Ellerbee stated we have complied with the law and raised the question "Do we want to fill the basement?" In a three to one vote, Council President Robert Britt announced we do not fill the basement. Councilman Phillips did not vote. Britt recommended securing an opinion from the city attorney and any action be postponed until the next meeting.

Who pays for demolishing the building and cleaning up the debris? A councilman said the city would pay for the demolishing and a lien would be placed on the property and added to the tax rolls.

In other action on citations by the building department inspector, Ellerbee reported that Mr. Blair at S. Lake Ave. and W. Bell St. had cleaned up his place. Stokes had been given to Sept. 6 to vacate and clean up his place to which he had agreed. Willie Jenkins had locked his gate and had done nothing else and was given seven days notice to vacate the property and clean up. The building inspector will take the county health inspector along on the next visit.

Inspector Ellerbee reported that a

Cheerleaders Practice For Jamboree

With the first varsity football game slightly more than two weeks away, Avon Park High School cheerleaders have already returned to campus putting into practice what they learned while attending the National Cheerleader's Association camp at Rollins College in June.

Both varsity and junior varsity students attended this week-long camp at which they learned new cheers, chants, stunts, and pep rally ideas. The highlight of the week was winning a spirit stick, representing the spirit and enthusiasm of the squad. The girls were evaluated at 9 p.m. after a day-long session which began at 7 a.m. Each squad was judged on their cheers, techniques, appearances, pep and incorporation of stunts and formations.

Both the varsity and junior varsity cheerleaders received ribbons for their outstanding, excellent, superior and super-star performances (both teams won two superior awards). During the camp session both teams elected their captains and co-captains for the coming school term. Paula Sheffield will be the captain for the varsity team. Co-captain is Traci Hill. The junior varsity team selected Terri Landrum as captain with Pam Todd as co-captain.

The first varsity football game is scheduled for September 9, at home against Lake Wales with the first junior varsity game against Ft. Meade, also at home.

man had built a fence without a permit, on S. Delaney Ave. Approximately five feet over on the property of St. John's Church. A citation had been issued to the man.

Councilman Larry Albritton asked about fencing requirements about a swimming pool as the owner wanted to put up a solid board fence. Inspector Ellerbee reported that a wall or fence should be a minimum of five feet high and not over eight feet high. Normally the contractor is responsible for building the wall or fence, but in this case the owner wanted to do the work himself.

The owner in wanting to put up a solid board fence would be in violation of the city code, which states that the fence or wall have 25 percent openings for ventilation. The swimming pool owner was advised that he could make a request for a variance from the Board of Adjustment at their next meeting.

LAP

Over Hospital Beds

Dual Requests Expected To Generate Debate

Proposals for dramatic increases in health care facilities in Highlands County will be aired at a public hearing Tuesday night, Aug. 30.

Overlapping requests for increasing the number of hospital beds — submitted by Highlands General and Walker Memorial — could become the most controversial part of a four-item agenda.

The hearing, set for 7 p.m. at the county Agri-Civic Center, is to open with Highlands County Health Department's proposal to establish a home health care service. The second item is Walker Memorial's request for permission to add treatment and office space — no new beds — to its facilities north of Avon Park. Walker Administrator John McClelland believes this is a non-controversial proposal.

However, Walker's proposal to build a 45-bed satellite at Lake Placid and Highlands General's bid for a 32-bed addition appear to be mutually exclusive. Both are on Tuesday's agenda.

Each of the four requests slated to be discussed at the public hearing is aimed at obtaining a Certificate of Need, which is a step toward being authorized to receive Medicare and Medicaid money, the lifeblood in modern health care.

According to Florida's master plan for hospital care, Highlands County needs to provide 16 additional beds, a provision which is 30 per cent under the total being asked by the county's two hospitals.

According to Administrator Vernon Bielefeld, Highlands General wishes to add 32 beds by constructing a second floor for the south wing of the hospital. The addition would be for medical and surgical patients and would follow the "nursing-in-the-room" concept employed in the hospital's newest section.

All of the new addition would be for what in modern medical jargon is called, "acute care." It would not include any new laboratory or operating space, Bielefeld said.

He supplements his request for additional beds by pointing out that in winter months almost 70 per cent of Highlands County population is over 65 years of age. He said hospital records show that the average hospital stay for persons under 65 is six days and for those over 65, 10 to 11 days. Therefore, Highlands needs more hospital beds than a county with younger residents.

Bielefeld said the number of physicians practicing at Highlands General has increased 72 per cent in the past three years and demand for hospital care rises as the number of doctors climbs.

Administrators at Highlands and Walker admit that maintaining an adequate number of nurses, particularly Registered Nurses (RN) is a problem. McClelland says vacations had been scheduled before it became apparent that patient population would be unusually high this summer. At Highlands a 17-bed unit has been closed until additional nurses can be hired.

Both administrators are quick to point out that obtaining a Certificate of Need now does not add up to immediate availability of space. Bielefeld says that if all permissions can be obtained and construction proceed without hitches, the new addition could be ready in about 18 months.

Cost is now estimated at \$750,000 and would be funded from county taxes without any increase in the millage being levied by the hospital district, Bielefeld said.

If Walker receives permission to build at Lake Placid, a 45-bed unit would be ready there about the beginning of 1980. Documents prepared by Walker Memorial's parent corporation, Southern Adventist Health and Hospital System, Inc., proposes launching a fund drive late this year, possibly in December. Construction would begin in the spring of 1978 and would need a year and a half to two years for completion.

Projected cost is \$1,800,000. McClelland said Walker has about \$500,000 set aside for an expansion

program. The rest of the cost would come from donations and a loan. He has obtained written promises of cooperation from local banking institutions.

McClelland said offers of sites have been made and the advisory board based in Lake Placid has expressed a preference for a site within the Lake Placid city limits.

The advisory board and Walker board of directors have received a sheaf of written endorsements including the official blessing of Highlands County Board of County Commissioners.

McClelland said the concept of satellite hospitals is not a new one to the Adventist hospital system. In Orlando, for example, the church operates a 700-bed facility, two satellites, and negotiations are now under way for a third.

The Walker satellite proposed for Lake Placid would not, McClelland emphasized, duplicate the facilities and procedures of the base hospital at Avon Park. All major surgery, complex laboratory procedures, nuclear medicine would be limited to the base hospital. Neither does Walker anticipate opening any obstetrical facilities in Lake Placid. The emergency room would be staffed by on-call doctors.

According to the Walker Memorial application for Certificate of Need, "Statistics provided by the University of Florida indicate that by 1980, Highlands County will have a population of 81,000 persons. The significant growth history of the county is also evident in the Lake Placid area which is expected to contain one-third of the county's population by 1980."

Although the growth pattern appears to be to the south, Walker seems to have been the more popular hospital in the past year. In March 1977 Walker admitted 562 persons, Highlands 248. By May seasonal population had declined; however Walker reported 421 admissions that month and Highlands 278.

These admission figures include the obstetrical cases of about 40 per month — which are admitted only at Walker.

Large Water Users Need Permit

Large water users in that portion of Highlands County in the Southwest Florida Water Management District, are now required to apply for a permit to pump water from wells, lakes, streams or rivers.

A small portion of the county in the immediate vicinity of Avon Park, Sebring and DeSoto City was added to the Peace River Basin of Southwest Florida Water Management District (SWFWMD) on Jan. 1, 1977. Large users of water whose facilities were in operation on or before Aug. 3, 1977 may continue to use their facilities while

applications for permits are pending. However, these users must file permit applications before Aug. 4, 1979 if they are to be considered under "existing use" criteria. The district has begun urging users to file for permits immediately.

New users, whose withdrawal facilities were not in operation on Aug. 3 of this year, must receive a permit before they may commence pumping water.

Use permits are required for those who pump an average of more than 100,000 gallons of water daily or those who have a pump with capacity to pump more than 1 million gallons a day or who have a well

which has an inside diameter of 6 inches or more.

The rules also require a construction permit be issued for all wells 2 or more inches in diameter. These permits are obtained by the well contractor.

Not only are permits required to withdraw water but permits are required to discharge into or build anything in or across any lake, stream, other watercourse or water control structure or other facility owned or controlled by the water district.

Information about the water permits and applications may be obtained at the district office in Brooksville.

Mississippi Gas Field Confirmed

Florida Gas Exploration Company, the oil and gas subsidiary of Florida Gas Company, announced today the successful completion of a significant field confirmation well at its Oakvale Prospect in Southern Mississippi.

The new producer, the No. 1 Smith, was drilled to a total depth of 16,800 feet. On an initial six-hour test through a 16-44 inch choke, the well flowed at a rate of 6.5 million cubic feet of gas and 70 barrels of condensate per day. Flowing tubing pressure was 5,071 pounds per square inch.

The Oakvale Prospect discovery well, the No. 1 Davis, was completed last March, finding gas in the prolific Houston formation, presently the target of extensive drilling activity in a seven county area of the state. The prospect is located about 50 miles southeast of Jackson in Jefferson Davis County. The Davis well flowed on initial test at a daily rate of 6.8 million cubic feet of gas and 68 barrels of condensate through a 16-44 inch choke.

Flower's Boat Trailer Stolen

A boat trailer stolen last month from Lake Byrd was recovered by grove workers in the Avon Park area last week.

The trailer, located on property owned by Ben Hill Griffin Inc., was missing its tires and axle. Sheriff's deputies turned the trailer over to its owner, David Flowers, of Avon Park.

The unit is valued at \$200.

Richardson Receives Certificate

Mark H. Richardson, Jr., County Judge for Highlands County has received a certificate of completion of a three year course in legal training from Supreme Court Justice James C. Atkins in ceremonies in Gainesville, Fla. on July 30, 1977.

Judge Richardson attended the program conducted by the Division of Continuing Education and the College of

Law of the University of Florida from 1974 until June of this year and received 600 hours of instruction from law school professors in a wide variety of courses covering all major areas of law study.

The program was created by Justice Atkins for the purpose of training the judges attending for a substantial increase in the scope of their judicial duties.

Justice Atkins And Judge Richardson

Legislature Topic For Gallen's Speech

Florida Sen. Tom Gallen (D-Bradenton) will review the 1977 legislative session and look ahead to the 1978 session when he talks to more than 100 top Florida agricultural leaders meeting in Gainesville.

These leaders are members of Florida Farm Bureau Federation's (FFBF) 14 advisory committees who will be meeting at FFBF's state office building to discuss issues of concern to agriculture and to formulate a policy recommendations for FFBF.

Gallen is chairman of the influential Senate Rules and Calendar Committee, vice-chairman of the Transportation Committee and a member of the Senate Commerce Committee, Governmental Operations Committee, Joint Legislative Management Committee and the Select Joint Committee on Regulatory Reform.

The 44-year-old attorney helped to get several agricultural-sponsored bills to the Senate floor during the 1977 session, including a bill requiring compulsory vaccination against brucellosis, a bill prohibiting employment of unauthorized aliens and a bill requiring a claimant for unemployment compensation to report in person to qualify.

Besides reviewing the 1977 session, Gallen will discuss what he thinks will be the

critical agricultural issues facing the legislature next year.

Following his talk, FFBF's advisory committees will meet to discuss issues in their areas such as: the agricultural assessment fund, agricultural backpumping, water quality in the Kissimmee River and Lake Okechobee, labor, St. Johns River restoration, wetlands regulation, energy, federal fiscal policies, land use planning, promotion of agricultural commodities, transportation and water quality.

The advisory committees cover citrus, dairy, honey, labor, livestock, natural resources, ornamental horticulture, peanut, poultry, swine, tax, tobacco, transportation and vegetables.

Policy recommendations from the advisory committees will be sent to FFBF President Walter J. Kautz and the State Board of Directors for their consideration. Oct. 12 FFBF's state resolutions committee, composed of all 64 county Farm Bureau presidents, will meet in Gainesville to discuss the recommendations. In turn, the certified voting delegates will vote on the policies at the FFBF annual convention at the Orlando Hyatt House, Kissimmee, Nov. 6-8.

Property Owners File Complaints

Two Avon Park Lakes' property owners have filed complaints with the sheriff's department about vandalism on their property.

Leon Schlehuber told deputies that some time last month vandals caused considerable damage to a home under construction in the Avon

Park Lakes area, and this weekend, a vandal used nails and tar to spell an obscene word on an interior wall.

Ray Schlehuber informed the law officers that an unknown person has been dumping garbage on two lots owned by him in the same subdivision.

Rep. Gene Ready

Attends First Council Meeting

In a visit, unexpected by The Avon Park City Council, Gene Ready, Lakeland, Representative from the 15th District, attended the council meeting last Monday night.

In his first visit to a council meeting, Ready told the 25 to 30 people attending the meeting of his plans to attend the city council meetings of all of the cities in the district.

Rep. Ready stressed that if there were any problems to call his office in Lakeland, before October. There would be more time to meet and discuss these problems now, as committee meetings started in October.

On leaving Rep. Ready told the Sun that he planned to return in November to attend another council meeting. He feels that he meets more people and this has worked successfully for him.

In the next session, Rep. Ready expects the legislature to review the insurance bill. In the matter of taxes, he

does not anticipate any new revenues or new tax sources. The mood of the legislature, he felt, was to hold the line on expenses, with economy in government, but people are demanding more services because we are living in what he termed a "soft society." And in demanding extra services people are leaving it to the legislators to find the resources to pay for the services. Thus Rep. Ready expects the legislature to take a strong look at ad valorem taxes.

In regard to the government welfare program, Rep. Ready paraphrased President Jimmy Carter's position of putting freeloaders to work and stopping the third and fourth welfare generation from going on to the fifth and sixth welfare generation.

In suggesting how to make the welfare recipients into more productive workers, Rep. Ready referred back to a matter of city council business where the airport was reported as being overgrown with

grass between the runways and taxi-strips. Rep. Ready suggested that those able-bodied persons receiving welfare checks earn the money by cutting the grass at the airport not by using high priced machinery, but using relatively simple tools.

Rep. Ready cited examples of welfare recipients who had refused employment because it was not their line of work. For these, Rep. Ready suggested stopping their welfare checks on the basis they are getting paid, let them earn it, as there are many places around the city, county and state that can be cleaned up and beautified.

In the Florida legislature, Rep. Ready is a member of the Agricultural Co-Committee and on the Citrus sub-committee. Other committees include Retirement Personnel and Collective Bargaining and he has been appointed to the Tourism and Economic Development committee.

At the end of the past legislative session, Rep. Ready was rated by the Jacksonville Times as one of the top 100 freshman representatives for the coming year. Rep. Ready can be reached at his office on 904 South Missouri Ave., P. O. Box 1481, Lakeland 33802 or by phone 813-667-3957.

Long Probation Set For Dunway

A longer-than-usual term of probation has been set for Max E. Dunway. He had pleaded guilty to grand larceny. When he appeared for sentencing Judge Clifton M. Kelly ordered Dunway to make

restitution and to be on probation for five years.

Dunway is now in jail in Volusia County where he is facing charges similar to the charge here.

Samuels Fined On Two Counts

Joseph Samuels was fined \$75 on each of two misdemeanor counts when he appeared in circuit court for sentencing. Samuels had originally been charged with affray and resisting arrest with

violence. He pleaded guilty to affray and the resisting arrest charge was dropped from a felony count to a misdemeanor, resisting arrest without violence.

Shafers Visit Hunter Kittrell

On their way back to Avon Park from Indiana, Mr. and Mrs. Joseph R. Shafer stopped by the Jewish Hospital at Louisville, Ky., to see Hunter Kittrell and his mother.

Mrs. Shafer reported that Hunter had reentered the hospital for a skin graft from the abdomen to his right arm, which was performed on Aug. 5. The arm was fastened in place on the abdomen to allow skin to heal to the arm, a process that takes about three weeks to heal. A skin patch had also been taken off of Hunter's left leg for grafting on to the right arm.

The Shafers reported that Hunter was cheerful, alert and feels that he is making good progress. He will be in the hospital for three weeks and is most grateful for the interest of the people of

Avon Park. His mother is staying with him at the hospital and he was expecting his grandparents to visit him from their home at Wartrace, Tenn. Hunter's father has gone to his parents home in Tennessee and is working in that town. An avid TV watcher, Hunter, says he is not old enough for the soapbox operas and prefers baseball games and other sports programs. However, he is quite worried about his grandfather's crops as there has been no rain in the area for quite sometime.

"It will be two or two and a half years before Hunter will know the results of his arm operation," Mrs. Shafer stated. "But Hunter is determined to get feeling in his fingers for fishing."

MacDill To Hold Open House

Oct. 29, 1977 — that's the day MacDill Air Force Base will conduct its annual Open House.

This year's event promises to be the biggest and best to date. Featured will be the United States Air Force demonstration flying team, the "Thunderbirds".

The day's events will include aircraft static displays, military patrol dog demonstrations, band concerts and a host of other activities.

The base gates will open to the public at 9:30 a.m. and activities will continue until 4:30 p.m.

Deputies Arrest Lakeland Man

A Lakeland man was arrested by county sheriff's deputies Sunday afternoon for possession of a stolen motorcycle.

Allen Guy Davis, 18, was first spotted by Deputy William Wise at approximately 5 a.m. Sunday, while the officer was patrolling an area near Cemetery Hill Road, in Avon Park. The deputy stopped the suspect, who reportedly gave his name as Guy Duncan. The officer ran a check on the motorcycle, as he resumed regular patrol. Twenty minutes later, the check

revealed that the motorcycle had been stolen from Lakeland.

Wise returned to the area, but could not locate the motorcycle or its rider. Deputies then conducted a search of the general area, and discovered the motorcycle at 9 a.m. that morning. Later in the afternoon, the suspect was taken into custody at a Kendall St. residence by Deputy Howard Godwin. Davis was then booked into Highlands County Jail, charged with possession of a stolen motor vehicle.

Hardee-Highlands Steer Sale

The 19th Annual Hardee-Highlands Feeder Steer Sale was held Thursday, August 18th at the Hardee Livestock Market in Wauchula.

The statistics of the sale are as follows:

Number of head - 304; Average weight - 478 lbs.; Average Price - \$36.19; Average Head \$172.62; Gross Sales - \$161,229.96.

Top sellers at the sale were: (1) Everett Boney, Lorida, with \$48.50-cwt.

(2) Allen Waldron, Wauchula, with \$48.00-cwt., (3) Jack Cleitt, Wauchula, with \$46.25-cwt.

Top buyers at the sale were: (1) H. G. Darroch of Sebring, (2) Southern Livestock Co. of Lakeland.

Those cattlemen consigning from Highlands County were: Andrew Jackson, Clifford Tompkins, Westby Corporation, Everett Boney, C. M. Payne, and Rafter T. Cattle Co.

Local Minister Remembers Elvis

BY MARK ALBRIGHT

The King of Rock 'n' Roll, who wiggled his way into the hearts of millions all over the world, is dead. He came from obscurity, rose to fame almost overnight, and for the last 20 years, has been a virtual recluse.

Elvis Presley reaped millions from his records and played a part in 31 films during his career that ended last Tuesday. But, even though he gained more popularity on television than President Eisenhower's acceptance speech, he never lost his great generosity and humanitarianism.

One of Avon Park's local ministers, who was a grade school principal for a number of years, taught Elvis' children at the Graceland School. The minister said he used to talk to "Elvis" every once in a while, and the singing-star would come to the school to shoot basketball. "Elvis was a humanitarian. He donated money and gifts to the school. He once donated \$50 to kick-off a school raffle. He also donated a teddy bear to be raffled off, it brought a lot of money," the minister said, "He was a very likeable and religious man."

The world mourns the death of this great humanitarian the King of Rock 'n' Roll. But, this passing cannot bring a halt to the music he brought to the world and the memory of Elvis will be carried on for generations to come.

Aug. 25, 1977 18

"BULL IN THE RING" is a tough drill used by the Red Devil varsity coaches to get the linemen prepared to break through the offensive line. At a morning session this week the linemen ended

hit hard getting ready for the coming season.

ONE ON ONE pass defense drills were supervised by line coach Ronnie Jackson at a morning Red Devil varsity football

practice session this week as the Avon Park team prepared for the Heartland

Conference Jamboree to be played in Wauchula Friday night.

Red Devils Play Ft. Meade And Arcadia In Jamboree

Coach John Hunter's Avon Park Red Devils will close out just four days in pads at twice a day practices by participating in the Heartland Conference Football Jamboree to be held in Wauchula tomorrow (Friday) night. The young Red Devil squad will meet Fort Meade in the third quarter of play and then go against DeSoto High in the fifth period of the jamboree.

The Heartland Jamboree will begin at 6:30 p.m. with Fort Meade playing Okeshobee. In the second period, Okeshobee will face the Sebring Blue Streaks. Sebring will play Lake Placid in the fourth quarter. The host Hardee High Wildcats will face Lake Placid in the sixth period and close out the evening against DeSoto High in the seventh quarter of play. Avon Park fans are asked to sit in the east stands along with Hardee and Sebring.

The Red Devils will field a young, inexperienced team this season after losing 16 seniors off last year's squad.

Sophomore David Sizemore and junior Decaris Jones will be working at quarterback for Coach Hunter's multiple offense with veteran fullback Rufus Wilson and halfback David Jahna the only returning lettermen in the backfield.

Up from the junior varsity will be halfbacks Anthony Carter and Jeff Adams and fullback Jimmy Brown. Newcomer Ricky Bivins, a junior from Homestead, will also run from the halfback slot.

Coach Hunter will go with two or three split ends again this season using them to send in plays. Working out at that position this fall are Decaris Jones, Jeff Williams, Wendell Frazier, and Freddie Williams.

Eric Wilson, a senior, and Wendell Frazier, also a senior, will play the tight end position this season with Claude Dennis and Jimmy Casey alternating at the outside tackle slot. At inside tackle will be Mike Parker, who joined the team last spring from Miami Norland, and Earl

Abbott.

Gary Roberts and Fred Hart are working out at the left guard position and Victor Roberts and Robbie Dennis are in the right guard action. John Barben will handle the center job this season.

Working to get the starting punter job are newcomer Keith Alwood from Hawaii, John Barben, and Keith Cobb. Victor Roberts and Jeff Adams are doing the kick-off chores and a kicker for extra points has not been found as yet.

Defensive plays who will see action in the jamboree will be defensive end Keith Cobb, defensive tackle Keith Porter, middle guard James Wilburn, defensive back Keith Alwood, split end Jamie Dennis, monster back Ralph Hart and linebackers Craig Williams and Alvin Hinson.

Dorman And Aldrich Win Golf Tourney

A tie of score of 85 and a match of score cards made Birdie Dorman low gross winner and Kay Aldrich low net winner of the Highlands County Women's Golf Association Tourney held at the Placid Lakes Country Club last Friday.

The winners by flights were: A Flight; low gross: Birdie Dorman, Guida McAuley and Ruth Stevenson. Low net: Kay Aldrich, Mildred Ford and Jean Kurpek.

B Flight, low gross: Jerry Young, Lena Wright and Edie Martin; low net: Helen Eppolito, Cletaria Evans and Myrtle Johnson.

C Flight, low gross: Margo Wood, Kay Johnston and Dot Long; low net: Lois Amerman, Ted Trombino and Emily Aud.

D Flight, low gross: Ann DeYoung, Mary Merillat and Mae Pichnick; low net: Ben McCleary, Carolyn Stephenson and Helen Kuhnert.

Athletics Boosters Club Will Hold Election Of Officers At 7:30 p.m. Monday Night At The High School

Coach John Hunter said that Mike Torres, a transfer from Statesboro Ga., reported for practice last Monday morning but will probably not be eligible for play in the jamboree. Torres is about

5' 10" in height and weighs around 175 pounds.

As of last Monday morning there were 30 varsity candidates out for the first day in pads after a week of workouts in shorts

and helmets. The junior varsity hopefuls reported to Coach Hoppy Rewis and Assistant Coach Don Sizemore last Monday afternoon at 4 p.m. for one day practices each afternoon.

RED DEVIL COUNTRY

The junior varsity game against Ft. Meade will give these young ladies an opportunity to lead their team to victory.

Harden And Amburn Win

The singles division of the "Summer Open Racquetball Tournament", sponsored by the Avon Park Recreation Department, was won by Curt Harden (in the men's division) and Betty Amburn (in the women's division).

Thirteen men and ten women competed for the two trophies given in each division. The competition started at 8 a.m. Saturday and finished up with the finals being played Sunday afternoon. The door prizes were won by Steve Smithson (racquet) and Henry Wood (tote bag).

John Best was Curt Harden's opponent in the finals. John got to that point by drawing a bye in the first round and then defeating Dennis Guenther in the quarter-finals 21-15, 15-21 and 21-20.

Curt won his match over Mike Smithson, and Paul Wilson, then took a forfeit from Ronnie Jackson when Jackson was injured. He then went on to defeat Best in the finals 21-10 and 21-8.

Best took home the 2nd place trophy and Jackson had to be satisfied with third.

In the Women's division, Betty Amburn and Judy Rewis were matched up in the finals. Judy won her matches over Pat Wood and Donna Guenther to

advance to the finals. Betty beat Janie Tobias and Mary Baker to win her spot in Sunday's Finals.

Amburn defeated Rewis by the scores of 21-6 and 21-8 to take top honors in this tournament, while Rewis captured the respectable second place trophy. Mary Baker defeated Donna Guenther to win Third in the Women's Division.

Mother-Daughter Game Friday

The Mother-Daughter Softball Game will be played this Friday at 8:00 p.m. at the little league field in town. The event, which is sponsored by the Avon Park Recreation Department, will be a seven inning game, which will match up the Mothers against their daughters or "adopted" Daughters.

The winners of the game will receive a plaque with each member's name on it. Spectators are invited to come out and watch this fun event. It has always been a very good game and a lot of excitement for everyone.

\$5.5 Million For State Parks

A capital outlay of \$5.5 million for construction at 30 state parks was approved by the Governor and Cabinet, Harmon Shields, executive director of the Department of Natural Resources, reported. Shields said funds for park development during the 1977-78 fiscal year will be used from the Land Acquisition Trust Fund as the money becomes available.

Construction is planned at nine undeveloped state sites. Dr. Julian G. Bruce St. George Island State Park, located off the north Florida coast from Apalachicola, is scheduled for major development. Included will be facilities for swimming, picnicking and camping.

Lake Kissimmee State Park, located east of Lake Wales and scheduled for opening Friday (Aug. 5), is slated for a camping area and also a picnic shelter. Palm Beach Pines State Recreation Area, an 812-acre tract located off the Florida Turnpike in Palm Beach County, is scheduled for roads, picnic and parking areas and an entrance station in addition to other facilities.

Paynes Creek State Historic Site, located near Wauchula at the junction of Peace River and Paynes Creek, is set to have planning and designing developed by park personnel. The 340-acre tract is the scene of an 1849 massacre of two white men by a small band of Seminole Indians.

A visitors' center is being designed for Paynes Prairie State Preserve, located south of Gainesville.

Among projects planned at St. Lucie Inlet State Park, located at the northern end of Jupiter Island, are a boat basin, boardwalks and service road. The park consists of 818 acres on the south shore of St. Lucie Inlet.

Tallahassee Cascades State Historic Site, the park being developed south of the Capitol, is slated for major site improvements.

Additional rest rooms and major landscaping is planned for The Barnacle, the historic house built in 1896 by Comor. Ralph Monroe on Biscayne Bay at Coconut Grove.

Major development is planned at Weeden Island, State Historic Site, located in the northeastern corner of St. Petersburg just south of Gandy Bridge. Facilities scheduled include picnic and parking areas, nature trails, an entrance

station, gates and roads. Landscaping and interpretive improvements are planned for Ybor City State Museum, the former Ferlita Bakery located within the Ybor City National Historic District.

Baptist Win Church League Play Tourney

The First Baptist No. 1 Church League Slowpitch Softball team won three straight games last week to win the Church League four-team play-off tournament at the Avon Park Volunteer Ball Complex.

On Tuesday night of last week, First Baptist No. 1 knocked off the Episcopals by a score of 5-4. The Seventh Day Adventists shut-out the Nazarenes 12-0 in first round action that night in the early game.

In the late games played on Tuesday night, First Baptist No. 1 slipped by the Seventh Day Adventists by a 7-6 score and the Nazarenes won over the Episcopals to eliminate them from the tourney.

Last Thursday night the Seventh Day

Adventists took a 9-6 win over the Nazarenes to advance to the finals of the double-elimination tournament. Then First Baptist No. 1 wrapped up the championship with a 12-7 win over the Seventh Day Adventists in the final game.

The First Baptist No. 1 team won both the regular league title and also the play-off championship this season. Members of the championship team are: Jerry Wicker, Eric Longshore, Neal McCullough, Raymond Hall, Chad Brammer, David Metheny, Dale Poff, Bill Farless, Tom Beane, Dick Peavy, Allan Duhm, Walter Roberts, Blake Longshore, John McKinzie and Jim Woods.

Cross-Country Team Opens Against Arcadia

The Red Devil Cross-Country team is hard at work preparing for the season opening contest against Arcadia on September 12. Coach Chet Brojek reports that some twenty young men are "hitting the road" from seven to eight miles each day.

Team captain for the 1977 squad will be returning letterman Alan Portia. The junior speedster put in over 300 miles in

summer running according to Coach Brojek.

The Red Devils are coming off an outstanding 1976 season when they won 90 per cent of their meets. The Devils lost four of the top five men off last year's team so Coach Brojek expects this to be a building year with the most noticeable progress coming towards the season end.

A NEW ENTRY in the Avon Park Women's Slow-Pitch Softball League this year was the W. R. Grace team. They finished the seven-game league season

with a 3-4 record to tie for fourth place. From front, front row: Eileen Youngblood, Janice Turnbull, Sandra Kay Jackson, Patty Jackson, Florida Bennett, and

Barbara Cornelli. Back row: Nan Jackson, Coach Gary Davenport, Pat Landress, Cynthia Lawrence, Donnie Hulon, Lisa Hulon, Coach Lew Mundt, and Debbie Tillman.

Castle Team

Wins Basketball Tourney

In a best of seven games play-off for the basketball championship at the Lakeside Mini-Park, the Castle team won the title over the Lakeside Park team by

taking four of five games. Castle won the first and second games, lost the third and then wrapped up the championship with victories in the fourth and fifth games.

Castle defeated Lakeside Park by score of 31-27 in the first game with Curtis Taylor scoring 22 points, and Patrick Meemies hitting for 10 points. Ronald Carney scored 11 points.

In the second game Curtis Taylor again led his Castle team to a 40-39 win. Taylor scored 17 points and Eddie Roper added 17 points.

Lakeside Park won the third game of the series by a score of 63-57. Tommy Hooker scored 23 points and Ronald Carney pumped in 18 points for the winners.

In game four, Curtis Taylor had the hot scoring hands again pumping in 34 points to lead Castle to the 51-46 victory for the third win in four games. Taylor scored 34 points during the whole season posting an average per game of 18.5 points.

In game five, Castle won the game to take the championship. Curtis Taylor had 25 points and Chester McRae hit for 10 points. The Castle team was coached by Jimmy Williams.

Curtis Taylor won the most valuable player in the league. Ronald Carney was the most valuable player. Dwight Hardy was the most improved player. Tommy Hooker had the best free throw average. Troy Knight was the best defensive player, and Charlie Ismael won the best rebounder award.

Recreation Area Closed

The Avon Park Bombing Range Recreational Area will be closed the weekend of August 28-29 due to the University of Tampa ROTC utilizing the

range during that time.

For further information on the Bombing Range call 432-4196.

THE CHAMPION CASTLE basketball team defeated the Lakeside Park squad in a four out of seven game play-off for the first place trophy in the summer Mini-Park basketball league. Front row from left: Ronald Matthews, Meain Holmes, Shea Williams, and Stacy Pough. Second row: Dwight Hardy (most

improved player), Troy Knight (best defense), Darryl Chandler, Charlie Ismael (best rebounder), Ronald Carney (most valuable), Chester McRae, Coach Archibald, and Coach Jimmy Williams. Missing from picture: Todd Hooke, Curtis Taylor, and Quintin Williams.

These pretty majorettes will lead the Avon Park High School Grenadier Band under the direction of Scott Whittemore, on the field September 9, when the Red

Devils open their 1977 football season against Lake Wales. Pictured from the left: Front row: Cheryl Jordan and Cathy Barber. Center: Cyndee Greenway. Back row: Leah

Ryan (assistant head majorette) and Ellen Macklin. Not pictured: Pam Williams (Head Majorette). (Sunphoto by Barbara Cornell.)

Reserve Seat Tickets Go On Sale

Reserved seat tickets for the five home Avon Park Red Devil football games at Memorial Field will go on sale to those on a waiting list and the general public next Monday morning at the Avon Park High School office according to athletic director Joe Franz.

This week, Aug. 22 through Aug. 26, those who have already purchased their

1977 reserved seat tickets may exchange them for others available in the expanded reserved seat section in the south stands at Memorial Field. Then any seats remaining unpurchased will go on sale Monday, along with 66 new seats in a section just west of the old reserved section, will be available to persons

wishing to buy reserved seats for the first time. A call to Peggy Sisemore or Joe Franz at the high school will put anyone who wishes on a waiting list for the tickets.

Each reserved seat ticket holder must pay \$3 per ticket and must also buy a season ticket for each reserved ticket.

Adult season tickets this year are \$8 for the five home games and student season tickets are \$4.

The Red Devil varsity will play Lake Wales, Sept. 9; Frostproof, Oct. 14; Clewiston, Oct. 21; Fort Meade, Oct. 28; and Hardee High, Nov. 4 at home this season.

Takes Softball Tournament

The young Cox Plumbing women's slowpitch softball team won five out of six games to win the nine-team Avon Auto Parts Highlands County Bank Invitational Women's Slowpitch Softball tournament held here at the Avon Park Volunteer Ball Complex last weekend. Moving into the finals of the double-elimination tourney undefeated, Cox Plumbing lost the first of two games with Jahna Concrete by a score of 4-3

last Sunday afternoon but came back to win the second game 3-1 to capture the first place trophy.

Jahna Concrete walked off with the second place trophy after playing four consecutive games Sunday afternoon. Doris Wilkes pitched Jahna to three straight wins over Sebring's Elegant Lady, Arcadia's Busy Bees and Cox Plumbing before losing the final game of the meet by the 3-1 score. The Jahna

team started play Sunday afternoon at 12:30 and played continuously until 6:30 p.m., falling just short of the championship.

Arcadia's Busy Bee Beauty Shop team came in third to take home a trophy. The Busy Bees have been together for about five years. A former Avon Park resident, Nikki Hancock, played shortfielder for the Arcadia team which defeated Frostproof 18-3 and

Jahna 10-6 before losing to Cox Plumbing 10-7. Jahna Concrete in the loser's bracket by a score of 4-3.

Other teams in the tournament were the Elegant Lady Beauty Shop of Sebring which finished fourth, Sebring's Cracker's Angles, Tanager of Avon Park, Record Rack of Sebring, W. R. Grace of Avon Park, and a team from Frostproof.

Avon Park Senior League resident Ronnie Jackson was tournament director and all profits from the meet went to benefit the Senior League. Avon Auto Parts and Highlands County Bank shared the sponsorship of the women's tournament.

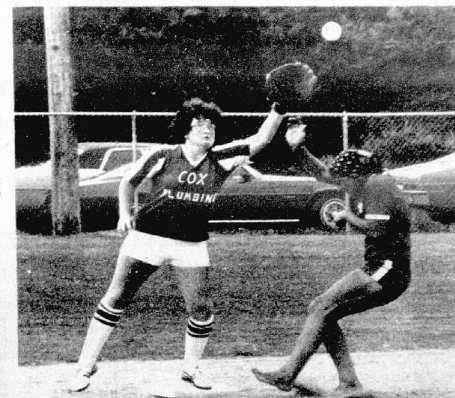

The Cox Plumbing team, managed by Lucy Derkman and coached by Mort Jackson Jr., John McKunas, and Buddy Hunter, won the tournament on the strong pitching of Sherri Collier and Pam Williams and the batting of Susie Skipper, Delories Cox, Debra Cox, Rhonda Landress, and Lee Anne Cason. Firstbaseman Susie Skipper had a .249 batting average for the six games played to lead Cox at the plate.

In the opening game of the tournament last Friday night, Cox Plumbing knocked off league opponent W. R. Grace by a score of 9-2. Saturday morning Cox took a 9-3 win over Record Rack and Saturday afternoon they won over Elegant Lady by a 9-3 score. In the last game played on Saturday night, the Cox team outscored Arcadia's Busy Bees 10-7 to move into the finals undefeated.

The two Sunday afternoon final games were both close with Jahna coming from behind in the bottom of the seventh inning to win the first game 4-3 and then Cox Plumbing taking the lead early in the second game and holding on for the 3-1 win over Jahna Concrete for the championship. The Cox Plumbing team was the visiting team in five of the six games played losing the toss for home team all but the first game.

LEADING BATTER ON the Champion Cox Plumbing softball team in last weekend's tournament was firstsacker Susie Skipper with a .249 batting average for the six games.

A CLOSE CALL at second base as Delories Cox reaches for the ball to force out Jahna runner Connie Arnold.

FORMER AVON PARK resident Nikki Hancock, shortfielder for Arcadia's Busy Bee team, slammed out a base hit against Jahna Concrete last Sunday afternoon.

UBULANT COX PLUMBING players spent all the way, lifting Coach Lucy Derkman up and carrying her off the field after winning first place in the Avon

COX PLUMBING WON the Women's Slow-Pitch Softball tournament held at the City Ball Complex last weekend, defeating Jahna Concrete 3-1 in the final game. From left, front row: Cindy DeWitt, Gerilyn Brannan, Kim

Douberley, and Rhonda Landress. Second row: Judy Lewis, Sherri Collier, Debra Cox, Mary Linda Derkman, Lisa Clifford, and Ellen Macklin. Back row: coach Buddy Hunter, Manager Lucy

Derkman, Pam Williams, Margaret Miracle, Delories Cox, Jeannie Cox, Lee Anne Cason, Susie Skipper and Coach Mort Jackson. Missing from picture: Coach John McKunas.

JAHNA CONCRETE WON the runner-up trophy at the Women's Slowpitch Softball tournament held at the City Ball Complex last weekend. The tourney was sponsored by Avon Auto Parts and

Highlands County Bank to benefit the Avon Park Senior League. From left, front row: Rose Skinner, Betty Hart, Connie Arnold, batboy Chris Jones, and Anita Mooney. Second row: Kay Skinner,

Jessie Goins, Sarah Wilkes, Debbie Black, and Barbara Greenwell. Back row: Coach Buddy Skinner, Nancy Jones, Nancy Mitchell, Clara Mae Durrance, Phyllis Skinner, Doris Wilkes, and Manager George Wilkes.

"WE'VE WON IT" yell shortfielder Barbara Greenwell and catcher Betty Hart after defeating Cox Plumbing in the first game of the finals of the Women's Slow-Pitch Softball Tournament.

TOO MANY FIELDERS drop the ball is proven true as W. R. Grace players Cynthia Lawrence and secondbaseman Janice Turnbull ran together and the ball fell to the ground.

GOOD DEFENSE HELPED Cox Plumbing win the Women's Softball Tourney last weekend with plays like this as Lee Anne Cason (left) backs up left fielder Lisa Clifford on a ball hit to left-center field during a game with Jahna Concrete.

MOST OUTSTANDING CATCHER in the Women's Softball Tourney last weekend was Jahna's Betty Hart shown here catching one of seven pop ups during the meet as Umpire John Zeigler watches the play.

Intern Mark Albright Returns To College

BY-MARK ALBRIGHT

When you are away from home, in a strange town, attending a college that is over a thousand miles from everything you are used to, it is very easy to get homesick. Getting that home town newspaper in the mail every week made all the difference in the world for me.

Henderson, Tennessee, were I attended college my freshman year, is approximately 665 miles from Avon Park, and that's as the crow flies! When you that far away from home and homesickness strikes, those few cards and letters from friends and relatives, and that Avon Park Sun with its wealth of home town news can make all the difference between passing and failing one of those classes that has really got you down.

This year, I will be attending Harding College, in Searcy, Arkansas and receiving that weekly sun will be just as crucial as ever in driving away that dreaded disease that is common to all away-from-home students, and eliminates thousands yearly.

A "For Me" Look on Mark Albright face expressed his surprise and appreciation for a farewell cake on his last day at The Avon Park Sun before returning to College.

Teresa Johnson

Fund At Avon Citrus Bank

About 6:30 p.m. Wednesday, May 25, 1977, Teresa Johnson 508 South Highlands Ave. left home with Greg Downey who was going on a car buying trip to Bradenton. Near Bass Brothers' Grocery on State Road 64, Teresa's whole world was turned around as Greg's car was involved in an accident with an uninsured car driven by Willie Taylor, 20 Short St., Avon Park.

Although Teresa carried two telephone numbers in case of an emergency the family was not called and Teresa was taken to the Wauchula's Hardee General Hospital and later transferred to Walker Memorial Hospital, Avon Park. Around midnight an Avon Park policeman, who recognized Teresa in the emergency room, went to the Johnson's residence to tell them of the accident.

But for the policeman's efforts, Teresa might not be alive. Mrs. Ann Johnson stated. He told of Teresa's condition and suggested getting her to a specialist immediately. Not knowing the policeman's name, Mrs. Johnson would like to thank the policeman personally.

Arriving at the Lakeland General Hospital about 1:10 a.m., May 26, Teresa went to an operating room for seven and one-half hours of orthopedic surgery. The extent of injuries included: Compound fractures of the lower mandible (jaw); left foot, left leg below the knee and the left upper arm and elbow. There were fractures of the right foot and ankle and the lower right leg had compound fractures of the tibia and fibula bones along with the thigh bone broken. Both clavicals (collar bones) were broken.

Later it was learned that the mandible or fractured jaw had damaged the left carotid artery and contributed to the paralysis of Teresa's right side and loss of speech.

From surgery, Teresa was taken to an intensive care unit in a comatose or unconscious condition and was kept alive by machinery according to her mother, with respirators, heart monitors, 100 percent oxygen, intravenous feeding and blood transfusions being used.

The orthopedic surgeon in charge of Teresa's case, Dr. Glenn Barden, wrote into the orders that due to the mental and physical state that the mother be allowed to stay with the patient 24 hours a day, something never done in hospital intensive care units.

Ann Johnson, who had received her nurse's training at St. Anthony's Hospital, Oklahoma City, fed Teresa every two hours, gave her baths, changed bed linens and everything except eye medications. And as a result missed two months work at the telephone company.

On June 2, Teresa was taken back to surgery for another six hours for the repair (wiring) of 16 fractures of the lower right side, two of the frontal bone and one of the left side of the lower jaw.

On July 24, Teresa was taken from intensive care back to surgery for another six hours, for rewiring and a modular cap (pulled tooth).

The body had rejected the original wiring plus a staph infection of the worst kind had started. The infection (kidney stones) came from lying too long in one position of one of the casts weighed 65 pounds.

On Aug. 2 the casts were removed from the left leg and arm and from the right leg, with a new brace cast placed on the right leg from the hip to the foot with a flexible brace at the knee. This cast is to remain in place for six and one-half weeks or longer.

Teresa's complete loss of speech was noticed when she came out of the unconscious state about three weeks after the accident. Teresa couldn't form words (aphasia). She would say a word but it came out something else.

The doctors' team of Dr. Barden; neuro-surgeon, Dr. James R. Jackson; ear, nose and throat specialist, Dr. Hutchinson and neurologist, Dr. B. W. Jones, in their first prognosis of the loss of speech and the use of limbs, stated that the first step in Teresa's recovery was "She was to be treated as an individual not as a single problem but as a whole series of problems and part of the problem was the failure of those around her to realize what a tremendous handicap a person has who can read and understand but, in attempting to say a word has another word come out." That is scrambled communications.

Dr. Jackson, who has written papers on aphasia at Duke University stated, according to Mrs. Johnson, "That with this type of accident no patient has ever been known to fully recover speech and the use of limbs."

Speech therapy started July 25 with hour-long sessions two days per week with a therapist coming from the Central Florida Speech and Hearing Center in Lakeland. Teresa is

beginning to recover pronounced sound. She had to start all over relearning and the complete recall of what she had already learned. She is now able to make sentences and is slowly regaining the use of her speech, through wired-together jaws.

During the last week of July, Teresa was started on physical therapy on her arms and legs, wriggling toes and the muscles behind her right knee. It took a conscious effort to lift her paralyzed right arm. She cannot open her right hand as the fingers remained clenched, as those of a stroke victim.

A special order was written for Teresa's brother Edwin to visit her in the intensive care unit (which is something never done in hospital intensive care units). This was the first time that Teresa laughed and doctors noticed an immediate improvement in her condition. Earlier Mrs. Johnson had been cautioned never to enter or be in the room crying or emotionally upset for even when Teresa was unconscious there would be an effect on her subconscious. Part of the recovery effort was to make her room as normal as her room at home.

Mrs. Johnson had words of thanks for the Avon Park Ministerial Association and churches for their special prayer for Teresa, for without them we would be without Teresa and their continued prayers will be appreciated.

Teresa came home Saturday, Aug. 26, she cannot walk and must use a hospital bed and wheel chair as the tibia bone is still pinned. Her physical therapy will continue at Walker Memorial Hospital three times weekly. A speech therapist from the Lakeland Center will come to Teresa's home twice a week.

On a liquid diet with her broken jaw, Teresa has had no solid food since she left home on May 25. For 32 days she received her meals by the use of a nose tube.

Hospital expenses have been adding up at the rate of \$1200 per week over what insurance covers. Thus employees at the United Telephone Company, Avon Park, where Ann Johnson has worked five and one-half years as a trainee operator, have set up a Teresa Johnson fund at the Avon Citrus Bank.

The fund committee of Mrs. Catherine Mitchell (phone No. 453-4807), Mrs. M. G. Colten Henderson (773-4459), Christine Sauls (453-3735) and Gayle Baas (453-4573), stated that anyone can contribute to the fund by contacting the committee or going directly to the Avon Citrus Bank for their contribution; or the Teresa Johnson fund to help return Teresa's world to something like it was.

OUR PRAYERS ARE ALWAYS SUBJECT TO GOD'S WISDOM

Beginning with childhood, most of us have had the disturbing experience of praying for some specific object or occurrence, only to be keenly disappointed when our prayers were not answered. In the course of our lives, the repetition of such incidents can result in a gradual erosion of faith; and yet in each case the fault lies with us, because of our erroneous assumption that we always know what is best for us and therefore that our judgment is superior to that of the Almighty. On the other hand, we should not attempt to inform God of our genuine needs and problems, for He is already aware of them. At the Church of your choice you will learn that the right way to pray is to thank God for your many blessings and affirm your faith in His infinite wisdom.

When praying, don't give God instructions; just report for duty.

AVON PARK CORRECT. Training Institute at Raiford. From the left, front row: Dennis J. Kelley and Alan Chancey. Back: Henry N. Whitten and William H. Swanton. Sunphoto by APCI.

APCI Employees Attend Training Program

The Department of Offender Rehabilitation has announced that Avon Park Correctional Institution employees, Alan Chancey, Dennis James Kelley, William H. Swanton and Henry N. Whitten, recently participated in the Correctional Training Institute at Raiford, Fla.

This is the fifteenth CTI group to enroll in the minimum standards curricula, which is required by law. The Training Institute program is taught in conjunction with Lake City Community College, and the graduates earn nine semester credits for successfully completing the full time, 160-hour course.

The program includes instruction in the Criminal Justice System, Legal Aspects of Corrections, Operational Procedures, Principles of Supervision, Human Relations and Technical Training Skills which include Firearms, First Aid and Fire Fighting Techniques.

The Correctional Training Institute was certified by the Florida Correctional Standards Council (CSC) in May, 1976, as a training center for correctional personnel. The Council was empowered by the Legislature in 1974 to establish minimum standards for the certification of correctional officers and training centers. The curriculum of training is designed to intensify the exposure of the officer and to develop him professionally. It is anticipated that the training

program will help materialize the promise of a modern correctional system. The participants will continue their training with additional 160 hours taught by regional instructors on an in-service basis, at the various correctional facilities located throughout Florida.

Education Center Awarded Grants

The Tri-County Teacher Education Center in Sebring has been notified by Secretary of State Bruce A. Snodgrass that they have been awarded a grant for the purpose of supporting fine arts in education.

The grant will be used to provide an expert in poetry who will participate with teachers in actual classroom activities. The understanding, reading and interpretation of poetry will be provided by this consultant and will supplement regular classroom curricula.

The Tri-County Teacher Education Center serves Highlands, Hardee and Okeechobee counties, and will distribute the time of the expert among the various schools in the three counties. "The Center does serve the teacher primarily," said Wayne Duncan, director of the Center, "and we intend for the teacher to learn and benefit."

"Basic skills of reading, writing and expressing oneself are a vital part of fine arts and

specifically, poetry. The Council's purpose is to support and strengthen the teaching of the basics so important in education today. We are doubly pleased that this particular program has direct classroom benefits for the students."

The program, to be called "Artist in the Schools," was made possible through a grant from the Fine Arts Council of Florida, Division of Cultural Affairs, an agency of the department of State and the National Endowment for the Arts, a Federal Agency.

Army Specialist Four Steven R. Kreger, 20, son of Mrs. E. Lucille Nichols, 1629 Fletcher St., Anderson, Ind., recently was named Soldier of the Quarter for Miesau Army Depot in Germany.

He was selected for his soldierly appearance, knowledge and performance of his duties and military courtesy. Spec. Kreger is a military policeman at the depot and entered the Army in May 1975. Spec. Kreger is a 1975 graduate of Anderson High School.

His father, Alfred L. Kreger, lives at 106 S. Central, Avon Park, Fla.

Raymond Speech... "Death In America"

BY EARL JACKSON
"Death in America" was the topic of Jim Raymond who was introduced as the speaker at last Wednesday's Rotary Club meeting by Phil Weber, club vice-president.

Raymond, director of dietary services at Walker Memorial Hospital in speaking of "Death in America" told the Rotarians that the No. 1 killer in our country is heart disease. He added that many things contribute to the possibility of heart trouble and the fact that you are a man would not be in your favor. Heredity is another big risk factor.

Beside these two he listed other major risk factors which contribute toward

heart problems. The No. 1 and the worst is smoking. Your chances are 50 to 100 percent greater if you smoke; others were stress and tension; insufficient sleep and rest; too much office; insufficient exercise and over weight is a bad problem.

Jim said a good diet is recommended to assist anyone to avoid heart trouble. He went on to say that the average man should have 2000 to 2400 calories per day.

He also recommended the use of corn oil for cooking or liquid seed oil. He also thinks corn oil margarine is better for you.

"DEATH IN AMERICA" was explained by James Raymond head of dietary services at Walker Memorial Hospital, last Wednesday at the Avon Park Rotary Club meeting.

Mayor Davis Named Mental Health Chairman

Mayor J. Marshall Davis of Avon Park was named Mental Health Bellinger chairman for the October-77 campaign, announced Jim Sprigg, President of the Mental Health Association in Florida.

"The Mental Health Association is the largest citizens' voluntary advocacy organization in the United States fighting mental illness and promoting mental health," said Sprigg.

Since the organization is non-governmental, its entire support must come from contributions, such as those collected in October.

The original and continuing purposes of the association are to: improve attitudes toward mental illness and the mentally ill; improve services for the mentally ill; and work for the prevention of mental and emotional illness and promotion of mental health.

Through social action the association sees that governmental agencies are accountable. One example is seen in the results of an impoundment suit brought by the Mental Health Association which forced the release of over \$2 million in federal funds in Florida for research, alcoholism and manpower.

Obituaries

Mrs. Elizabeth A. Conrad, 56, of Avon Park, died Tuesday evening, Aug. 16.

An native of Decatur, Illinois, she had lived in this area 21 months, moving here from Miami, where she had lived for 31 years. She was a Catholic.

She is survived by her husband, Edward Conrad, Avon Park; four daughters, Mrs. Carol Leveritt, Arkansas, Mrs. Susan Rowe, Avon Park, Mrs. Patricia Campbell, and Mrs. Ellen Mary Nugent, both of Miami; 5 grandchildren; her mother, Mrs. Ellen Mary French and an aunt, Mrs. Ethel McKay, both of White Plains, N.Y.

Funeral services were held Friday afternoon, Aug. 19, at 2 p.m. at the Fountain Funeral Home Chapel with Father Joseph O'Brien, officiating. Interment will follow in Bougainville Cemetery. Arrangements by Fountain Funeral Home, Avon Park.

MARY TILTON
Mary Tilton, age 85, of Avon Park Lakes, died at her residence last Saturday, Aug. 20.

She was a native of Summerville, Mass. and has been a resident of Avon Park since 1961, coming here from Winchendon, Mass. She was a retired teacher and a member of the Catholic Church.

Survivors include three daughters, Mrs. Park A. Hentnik of Avon Park, Mrs. Leo J. Dodier of Laconia, N. H. and Mrs. Joseph B. Clement of Ketchikan, Idaho; one son, Howard A. Tilton of Westboro, Mass.; one brother, Charles Edmunds of Winchendon, Mass.; two sisters, Mrs. Grace Edmunds and Mrs. Frank E. Dowsett both of Andoverdale, Mass. Also 24 grandchildren and 2 great grandchildren.

Rosary services were held at 7:30 p.m. Tuesday evening in the Stephenson-Nelson-Smith Chapel and Mass services were held at 9 a.m. Wednesday morning in the Our Lady of Grace Catholic Church with Father George Frazer officiating.

Interment will be in the Lake Wales Cemetery, Lake Wales, Fla. Stephenson-Nelson-Smith Funeral Home in Charge of arrangements.

A boat trailer stolen last month from Lake Byrd was recovered by grove workers in the Avon Park area last week. The trailer, located on property owned by Ben Hill Griffin Inc., was missing its tires and axle. Sheriff's deputies turned the trailer over to its owner, David Flowers, of Avon Park. The unit is valued at \$200.

Excellent Rating For Howey Academy

Howey Academy has again achieved the highest possible accreditation rating of the prestigious Southern Association of Colleges and Schools following a regular evaluation by the ten-state accrediting body.

The excellent rating achieved by this co-educational preparatory school in central Florida was based upon the Association's annual academic program, and the evaluation of Howey's professional staff and facilities.

Howey's rating, termed "Accredited, All Clear" with no deficiencies, was the best of five categories possible to obtain as a result of an SAC evaluation.

Specific areas of Howey Academy which were evaluated by SACS included professional qualifications of both teachers and administrators, quality of the academic program, and the effective use of educational and campus living facilities. Accreditation, the heart of a

prominent school, is the measuring stick used by the public and by college admissions officials in determining the quality of the school.

1102 West Walnut Street
Bill Owens - Owner

Annual income levels shown are the maximum amounts a family may make and still be eligible for free and reduced price lunch or breakfast.

The Highlands County School Board has announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the National School Lunch and School Breakfast programs.

Children from families whose income is at or below the levels shown are eligible for free or reduced meals. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes and additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

The application forms contain a statement above the space for signature certifying that all information furnished in the application is true and correct, that the application is being made in connection with the receipt of federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution.

In certain cases foster children are eligible. If a family has foster children living with them and wishes to apply, they should contact the school.

The principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may discuss the decision with the determining

official on an informal basis. If he wishes to make a formal appeal, he may make a request either orally or in writing to Samuel Nixon, 426 School St. Sebring 33870. 382-1121

Setrin; 33870; 382-1121.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new application. Such changes may make the children of the family eligible for reduced price meals, or for additional benefits such as free meals if the family income falls at or

IA ORGANS YAMAH

WAS THE NAVY ever like this? When a man could have his arm around his wife while his lieutenant bars were pinned on his shirt. From the left: Leslie and Lt. Larry King and CDR K. A. Dickerson.

Following graduation from high school King attended South Florida Junior College. In 1969 he received his appointment to the Naval Academy at Annapolis, Md. Majoring in Business Management, King received a Bachelor of Science Degree during graduation ceremonies in June 1973. As an Ensign, he was stationed at the Naval Air Station.

In flight school King earned his wings as an aviator in jet fighter planes in May 1975 at the Beeville, Tex. Naval Air Station. Aboard the Carrier Oriskany he spent six months in the Philippines out of Manila. In the Mediterranean area out of Naples, Italy, he aboard ship when it collided with another ship during maneuvers in high seas. Both carriers are now in the mothball fleet.

In June of 1977, he was transferred to the Lemoore, Calif. Naval Air Station as a flight instructor in the A-7E fighter planes. Married to Leslie Breen of Hanford, Calif. Lt. King will be stationed at the Lemoore Station for the next three years.

TODAY AND EVER

Bonnie Brae Mobile Home Park News

By Margie Wells
A most pleasant vacation was spent in Wisconsin for over four weeks by Thelma Miller. While there she toured the General Motors Assembly Plant where Chevrolets are made. She also visited the Tallman House where Lincoln stayed while visiting Jamesville. She attended the 4-H Fair and went to a Cheese Factory in Brodhead. On the last Sunday morning of her vacation she arose BEFORE 6 a.m. (not our Thelma Miller!) to see a horse show in Madison.

Thelma wants to say thank you to all the kind friends she visited in Wisconsin.
Recent visitors of Gert and Dan Bohlund were Gert's cousin, Bernadine and John Price, and their daughter, Pammy. They certainly were busy the few days they were here because they visited the Kapok Tree Restaurant, Disney World, and Cypress Gardens. The Prices have a mobile home park in St. Anne, Illinois.
Joseph Tyne, one of our oldest residents, died this past

week after a long illness. He was 83 at the time of his death. In a letter from Jean McDougall this week she reported that she hadn't been well for about a month and it was later than usual when they arrived at their cottage.

Torn and Evelyn Chockley also wrote this week and said they had a wonderful anniversary party. The Bohaychys, the Leonards and the Youngs (all from Bonnie Brae) also attended the party. Thelma Miller was more

than surprised when her friends, Margie and Jim Saydam, of Fort Lauderdale stopped on Friday afternoon enroute from their summer home on Long Island. During the evening, a pleasant game of pinchle was played at the home of Helen Dye.

Ellen Hunt reports that the secondary roads in Kentucky are all on Indian trails and very winding but she finally made it to the home of Rene and Joe Asher and found them feeling fine and looking forward to moving into their

new home.
The Drakes have returned from their northern vacation, arriving on Friday. Their daughter-in-law, Connie, and granddaughter, Jennifer, came back with them for a week's vacation in Florida. On their return they stopped at Buena Vista Village which they found to be very nice. Ella says it is nice to be back home and again enjoying the old swimming hole.

Alice Pidley writes that she and Cecil met with Mildred and Frank Schwager and Lucille and Art Smalley and they all visited Margaret and Gene Brown who lived in a travel trailer park near Grand Rapids. Of course, they had to eat and they dined at a place called the Golden Onion.
Margie and P. D. Wells have had a lot of company this week.

On Wednesday, Margie's parents, Rev. and Mrs. C. D. Harsh, from Winter Haven were here for a visit. On Sunday, her brother, Leonard Harsh, of Fort Myers stopped for a visit. At the present time, they are entertaining Anna Lucille Goral from Ashland, Kentucky, who arrived on Sunday night for a stay of several days. Anna Lucille was a neighbor when they resided in Kentucky.

A 50th wedding anniversary dinner for Mark and Daisy Brown was given by their daughters, Mrs. Marjell Yarbrough and Martha Truitt of Lakeland. Sixteen were present for the very beautiful dinner. A beautiful white cake with gold touches and a beautiful gift from their six children highlighted the day. Two daughters were unable to

be present.
Mr. and Mrs. Lawrence Irvin of Fenton, Michigan, were guests of Helen Dye from Tuesday until Thursday of last week. They are long-time friends and Helen is very happy that they have bought a mobile home in our new section. We welcome the Irvins as residents and hope it won't be long until the new section will be completely filled with mobile homes.

The family of OVEDA BULLARD would like to express appreciation to friends and relatives for prayers, food, flowers and other acts of kindness shown during the recent illness and death of our loved one. Special thanks to Dr. King and staff at Walker Memorial.

NOTICE OF TAX INCREASE

The City Council Of The City Of Avon Park Proposes To Increase Your Property Taxes.

A Public Hearing On The Increase Will Be Held Thursday, September 1, 1977, 7:30 P.M. At The City Council Room, City Hall

VAPayments Advice

The Veterans Administration cautions GI Bill students that advance payment of educational allowances, which can amount to as much as two month's benefits at the start of a school term, are just that — an advance on future allowances.

If a student requests advance payment, and the school agrees to process it, the normal interval until the first recurring monthly VA check is received will be 80 - 85 days. For example, if a veteran accepts advance payment upon registering Sept. 12, it will represent allowances for classroom attendance during September and October. No additional benefits will be paid until Dec. 1, covering class attendance for November. Subsequent checks will follow each additional month of enrollment.

Anticipated financial requirements during the first

three months of the new school term should be considered now, the VA urges.

Additional VA money help is available to eligible GI Bill students. Education loans, which provide up to \$1,500 per academic year, may be granted to students needing assistance beyond regular VA allowances. In some cases, applications may be filed for a VA loan before classes begin. School financial aid officers can provide complete information.

Participation in VA's work-study program is another source of financial assistance. Eligible students can be advanced \$250 toward a maximum \$625 that can be earned in work-study projects during a school semester.

Complete information on all educational assistance programs can be obtained from the veterans representative on campus or the local VA office.

Lauderdale Firm Wins Corp Bid

Renel Construction, Inc., of Ft. Lauderdale, was the apparent low bidder at a bid opening in the Jacksonville District Office of the Corps of Engineers, on a contract to convert Hurricane Gate Structure No. 2 into Lock Structure 310. Renel's bid of \$2,877,390 was the only bid submitted on this contract. The government had estimated the cost of the contract at \$2,619,000.

Hurricane Gate Structure No. 2 is located on the southeast side of Lake Okeechobee in Clewiston. Work will consist of adding a reinforced concrete structure and steel sector gates, installing timber guidewalls, driving sheet pile wingwalls, and installing operating

machinery. Paving, and grading are also included in the contract.

The project is in cooperation with the South Florida Water Management District, originally the Central and Southern Florida Flood Control District.

A Lady In The Field Of Architecture

photo and text by Barbara Cornell

Susie Skipper a graduate of Avon Park High School and the University of Florida, is now employed by J. Clyde Parlier-Architect. Susie is shown inspecting one of the buildings the firm is in the process of having built in Frostproof. She stops by the building each morning to make sure the contractor is building it according to the clients and their specifications.

Pretty, single, intelligent, athletic, 24 years old and an architect.

This describes Susie Skipper, the daughter of Mr. and Mrs. Cecil Skipper, Avon Park.

Susie graduated from Avon Park High School in 1971 and in June of 1975 she graduated from University of Florida in Gainesville, with a degree in Bachelor of Design in Architecture.

She is planning to return to the university in September of 1978 to obtain her masters degree.

"... A lot of people go straight through college and then after they have received their masters, they go under an internship. But I figured I would work a while (as an intern) then go back to college. This way it (architecture) would mean more to me and I would know more about what I'm going to be studying," stated Susie.

When she started at the university in 1971, she wanted to major in physics, but after the first fall quarter ended, and as she put it "battling" chemistry, she decided to study architecture.

"I think the reason I chose this field was that it's a nice blend of an applied science and art, and I enjoy both," Susie explained.

Three months before she was to graduate from the university, Susie made an appointment to see J. Clyde Parlier, an architect in Lake Wales. "He was very encouraging and gave me good advice about the field of architecture, but he was not sure at that time if he would need someone in June," said Susie.

After graduation she decided to go to several other architects in Lakeland and Winter Haven (she wanted to stay in this area) to see if they had any openings.

"This was when I found out this business has a lot of ups and downs. Construction was going 'down hill' and they (architects) were laying people off rather than hiring," she stated. "So I went back to see Mr. Parlier and it just happened he needed someone and here I am."

In the office Susie discusses with clients their work requirements and specifications for their buildings, helps draw plans, presents the plans to clients and builds models which some clients require. Before the drawings are completed each architect in the office has participated and contributed in some way to the final plans.

She says, "One of the most difficult things for any woman in the construction field is being accepted on the construction site. It's hard to get respect, when they (men) baby you, wanting to hold the ladder for you, and things like that."

Susie added, "It's hard to walk up to a 6 foot 4 inch tall block mason and tell him

he's done something wrong. I've found it's easier to say, 'oh, in that way such and such goes. I thought it was this way,' then explain it to him. They seem to except this better than criticism."

Her advice to women who are planning to go into the architectural field, is to work in an architects office a few months, even if it's just sharpening his pencils. This way you will be there to see what goes on before you decide if it's the right field for you.

Susie has served on the Zoning Board of Adjustment for the City of Avon Park since April of this year.

"It's been good experience for me and has made me more aware of city government. Now I'm familiar with the

building and zoning regulations of Avon Park," said Susie. "I've also gained experience from the members because they have all served on the board a long time."

Susie's hobbies are, as she puts it "playing at" the guitar, racketball and softball. She is basically an outdoor person and stated "If it's outdoors, I'll play it."

As for marriage, there are no plans in the immediate future. She laughingly stated, "I can't support myself, how can I support a husband?"

She says there are a lot of things she wants to do before she gets married. She would like to get her masters degree and visit Europe to see all the architectural designs.

One of Susie's favorite sports is softball. She plays first base for Cox Plumbing team. (Sunphoto by Lew Miller)

Backward Glance

by Barbara

55 Years Ago

Norton T. Smith has been formally appointed park commissioner to take over the job of co-ordinating the city beautiful drive and supervise the task of making the Main street park, four blocks long, a center of Florida semitropical beauty. The council, accepting the suggestion of its president, C. E. Lanier, and the Booster Club, unanimously elected the popular booster as city beautifier, as the job is commonly known here.

Just installed, new "Sunkist" Fruit Juice Extractor, Serves Lemon, Lime and Orange, nature's greatest drinks. Avon Park Drug Co.

25 Years Ago

A group of volunteers met Tuesday night at Florida Power's lounge room to form Avon Park's Air-Filter Observation Post, which will be part of Highlands County's civil defense program. Don Hansen, county director of civil defense spoke on the potential seriousness of the need for airplane observers, pointing out that any part of the world is now within reach of the airforce of any attacking nation.

The Rev. and Mrs. John E. Pickens will leave Friday to drive to Franklinton Center, North Carolina, where they will attend a youth conference to be held all of next week.

On The Consumer's Side

If you as a consumer have been misled, deceived, or have questions you need clarified, call the toll free telephone number of the Florida Department of Agriculture, Consumer Services, Tallahassee: 1-800-342-2176.

Answer: The leasing of automobiles and other personal property such as furniture has recently become a popular way of having the use of goods without having to make an expensive purchase.

Like buying on credit, leasing involves regular payments over an extended period of time. Unlike buying on credit, however, leasing usually

doesn't lead to eventual ownership of the property.

The federal government has enacted a law that protects consumers who lease goods for longer than 4 months. Here are the important provisions of that law:

All leasing contracts must contain the following:

+ a description of the leased property;

+ the amount of any payment required at the beginning of the lease;

+ the amount of the fees for registration; the amount for certificate

of title, license, or taxes that you must pay; the amount of other charges not included in the regular periodic payment;

+ a statement of the amount or the method for determining the amount of any charges that will be imposed at the end of the leasing period;

+ a statement disclosing what warranties cover the property and who is responsible for maintaining and servicing the leased item;

+ a statement concerning insurance for the property and who is responsible for paying the premiums;

+ the number, amounts, and due dates of payments and the total amount of payments;

+ a statement of the conditions under which you or the business can end the lease before the contract time is up.

This section is to include the way in which any fees for late payments, failure to pay or terminating the lease early are calculated.

The law also includes provisions to protect you from excessive charges when you return the item at the end of the leasing period, as well as providing that any penalty charges be reasonably related to the actual harm caused.

Cooking Corner

Mrs. Richard (Cindy) Turner of 506 Canfield Street, has lived in Avon Park for eight years, coming here from Orlando.

She is the mother of one son, Justin, and is employed by Clerk of Courts, Highlands County.

Her hobbies include macramé, cooking, needle point and Enviro Texting.

Banana Split Cake

Layer 1:

2 cups graham crackers, crushed

1 stick margarine

Let margarine get until soft, then mix with graham crackers. Spread in bottom of pan.

Layer 2:

2 eggs

2 cups confectioner's sugar

2 sticks margarine (soft)

Beat about 15 Minutes.

Layer 3:

5 Bananas, cut up in slices

1 No. 2 can crushed pineapple, drained

Add 1 large "Cool Whip" over above

and sprinkle topping with pecans and cherries. Place in refrigerator for one hour before serving.

Susie built this model for one of their clients in Frostproof. When the building is completed it will be used for a medical center.

Avon Park Winter Guest Club News

By Helen Kull
For Lorene Weber

Four game winners of Shuffleboard tournaments on Aug. 15, Ernest Thomas, Aug. 17, Clay Kull and Aug. 20, Etha and Kellie Larrew. Pinchle high scores on Aug. 15, Mazie Sarnes, 419 and Fred Hughes, 371. On Aug. 19, Fred Hughes was high with 750 and Wyn Benson came in second with 539.

Club News
Etha and Kellie Larrew have returned from their summer vacation after attending the 25th Wedding Anniversary of their son in Champaign, Ill. Then on to Atlanta Ga. for the wedding of a granddaughter, and finally to attend a family reunion at Danville, Ill. Sheila and Herman Wurster wish to announce that their 53rd wedding anniversary was celebrated Sat. Aug. 20. Congratulations.

Mabel and Chris Cabezaz have their son Roger and grandsons from Maryland as their guests for a week. Mildred and Glenn long have returned from a two months visit with relatives and friends in Conn. While there they attended a garden wedding of one of their granddaughters. The bride is a registered technologist in the Waterbury hospital.

Mildred says "We left Conn. on Sat. Aug. 13, which was a cloudy and drizzly day. We stopped at Warrenton, Va. and found that what we had paid for a motel room in 1971 and 72 had risen in price from \$12. to \$30. Quite a jump! The next day ugly looking clouds kept appearing and we drove through five terrible showers with great difficulty.

The next morning we had three more showers and we were glad when we reached Florida and her sunshine.

While in Conn. we had nine consecutive days of 90 to 100 degrees which broke the record for Conn. We were able to see our friends."

Michigan-Avon Park Annual Picnic as reported by Miriam Debo

The picnic was held Aug. 13 with 58 attending. This year Mich. was joined by Ohio and Indiana. Attending from Ohio 13, from Ind. 2, from Florida and Mich., 42. Fern Haas was there, this being her 28th consecutive picnic. She really

enjoyed seeing all the Avon Park members.

Many of these people can not come south any more but enjoy hearing of the club activities. A short business meeting elected Fred Frye as President, Howard Robertson, Vice Pres. and Miriam Debo Sec. Treas.

It was decided to return to Palmyra the second Sun. in Aug., 1978 for the next picnic. A

silent prayer was given for the families of those who had died this past year.

The entertainment was by the Adrian Kitchen Band. E a m e r i c a n d H e n r i e t t a, the chickens who danced with their masters have been added to the group this year. There were 18 Guest Club members who had not attended a Mich. picnic before.

Word was received this week of the serious illness of Hazel Thompson. She is now reported as recovering nicely.

We also have news from Alice Holsapple regarding Kim. He is in intensive care unit of the Effingham, Ill. Hospital. He needs all our prayers. I'm sure Alice would appreciate hearing from club members.

Frank Mills is to enter the Holly Hospital in Lantana, Florida on Wednesday. He will send us his address later and let us know his condition. We all hope for good reports.

George Parker, a member of our club for many years passed away Aug. 15, in Sherman, N.Y. We send the sympathy of the club to Ethel and her family.

That familiar directive in recipes is nothing to be sneezed at. Freshly ground black pepper, aromatic and pungent, takes on new value at a time when salt is being "degraded." The Dean of American gastronomies, James Beard, devoted one of his recent newspaper columns on how to make salt-free diets appetizing; he has been on one himself, he said, for more than a year. Nutritionists applaud those who delete salt from their food, warning that processed products like canned soups are particularly high in it.

Many seasonings can compensate, I have found, in several months of experiments in my own cooking without the fine white grains I once added freely to everything, including cake batters. Garlic, lemon, herbs, vinegar, mustard — all impart zest to dishes. But none, I think, exceeds that given by just-pulverized Piper nigrum, the tiny fruits of a tropical vine, originating in monsoon Asia, that has become over the centuries the world's most widely used spice.

To provide black peppers, the berries are picked before ripening into their characteristic orange-red hue, and then dried. For white pepper, the outer layer of ripe berries is removed; then they, too, are dried. We Floridians, indeed Americans generally, use mostly black pepper; a few of us on occasion reserve the white for dishes in which black specks might be obtrusive — mashed potatoes, for example, or cream sauce. But Europeans prefer white pepper, less aromatic than black.

A generation after the first appearance of pepper mills in posh restaurants, does anyone still wonder if the device is a necessity or an affectation? Pepper's tantalizing aroma — part of its flavor, because scent ranks with taste in the flavor experience — drifts off into thin air almost as soon as peppercorns are ground. A mill insures that the bouquet will be reserved for a consumer's full appreciation, right under his nose. It is, therefore, as much a table as a kitchen requisite.

In buying a mill, choose one that can be adjusted from coarse to fine grind. It need not be so tall as the mills in fine restaurants, generously designed, I've been told, to discourage pilfering.

Whole peppercorns often are used in stocks, marinades, pot roasts and other concoctions requiring time. Because they are not ground, their pungency lasts longer; they impart their grace more slowly than pulverized pepper. A relatively new wrinkle on gourmet counters is green peppercorns — whole berries that are not dried, as for black pepper, but rather preserved in vinegar. They crush readily, with simple pressure from a spoon, and add spark to dressings and sauces. They also endow them with what one epicure calls "a beautiful bouquet."

Indonesia, Brazil and Malaysia are our principal sources for black (and green and white) peppercorns. The Piper nigrum plant from which they are plucked is no botanical relation to Capsicum frutescens, which furnishes us with green bell peppers, cayenne, jalapeno and all those other potted seasonings so important in Tex-Mex cookery.

In the trade, black-pepper imports frequently go by the names of the ports from which they are shipped. The labels ring off like a Kipling poem — Tellicherry and Malabar, Lampong, Pandjeng, Kuching, Sarawak, Terrieherry and Malabar peppers, from India, are rated highly. The "Bold" Tellicherry peppers, as they are described, frequently are added whole to sausages and other sausages. Malabar pepper is particularly "fruity," so it's said.

So many recipes use pepper to advantage that, in listing them, you may tailor them to the season. Were this winter, I might remind you of pepperfennel, the German Christmas cookies in which pepper lends its pungency, or suggest you make sauerbraten, the pot roast that is soaked for three days in a peppery marinade before being slowly cooked. You might also like to try your hand at Philadelphia pepper pot, the soup that, originating in the Colonial period, uses tripe and veal knuckle.

But this is summer, a hot

Florida summer, in which air-conditioning has become a costly home extravagance. So quickly prepared and cold dishes are in order. Some of those that would be particularly lacking without black pepper follow. So quickly prepared and cold dishes are in order. Some of those that would be particularly lacking without black pepper follow.

black pepper follow.

Steak With Pepper
This is the famous steak au poivre of French cuisine. It is a simple yet dressy dish. James Beard, the table pundit, says it is incorrectly prepared if precrushed peppercorns are used. The cook must crush them at the start of operations. 2 tablespoons peppercorns.

2½ pounds steak, cut ¼ to 1 inch thick, no thicker.
3 tablespoons fat, half butter or margarine and half oil.
Salt.
4 tablespoons butter or margarine.
2 tablespoons chopped spring onions.
½ cup canned beef bouillon.
1-3 cup brandy.

1. Crush the peppercorns with a pestle or the base of a heavy glass or jar. Rub them into the meat on both sides, using your fingers and the palms of your hands. Cover the meat loosely with paper or foil and leave at room temperature for 2 to 3 hours.
2. Heat the fat in one or two frying pans; the pans should be

of a size to accommodate the steak(s) in a single layer, with very little of the pan not covered by the beef. When the fat is hot but not smoking, add the meat and cook about 3 minutes; turn, add salt to taste, lower heat slightly and cook about the same length of time. The meat is medium rare, desirable for this recipe.

when you see a tinge of red juice on the surface. Remove to a heated platter.
3. Wipe out the pan. Add a tablespoon of the butter or margarine. Heat and cook onions in it slowly for a minute or two. Stir in the bouillon. Boil rapidly. Add the brandy; continue to boil briskly a minute or two to evaporate the

alcohol.
4. Remove the pan from the heat. Add the remaining butter in sixths, a half-spoon at a time, swirling the pan to incorporate the butter bits into the sauce. Pour the sauce over the steak and serve immediately.
Yield: 6 portions.
