

Federal Discount Opens New Store In Avon Park

Federal Discount opened its first store in Highland County at 1011 U.S. 27 South in the Avon Investment Plaza, across the highway just south of the Avon Square Shopping Center.

One of a group of stores, Federal Discount opened its first store in Miami in 1962. Also operating under the name of Fedco it opened a store in Miami Beach in the same year.

The company now has nine stores located in Dade and Broward Counties and two stores in the Central Florida area, Lake Wales and Avon Park.

In their first expansion into Central Florida, the company opened a small pilot store in Lake Wales in March, 1978. According to Frank Clisky, vice-president and district supervisor of the Central Florida operation, the reception of this type of discount operation in Central

Florida has exceeded all of the company's expectations.

In the day to day operations every item in the store is reported as being sold at a discount price, with their slogan being "Every day low prices no limit." They are more complete (in stock) on ethical vitamins, laxatives, antacids, pain relief, cold remedies and allergy items than most drug operations in Central Florida. They also sell natural vitamins and carry all popular brands of cigarettes.

Store manager, Ed Curry came to Federal Discount from convenience stores in Mt. Dora. Ed was born in Bradenton and at an early age with his parents moved to Haines City where he graduated from Haines City High School.

An eight year veteran of the United States Air Force, Ed has seen service in Southern Greenland, Europe and other

foreign countries. His specialty was in communications. Back from the Service he tried his hand in the broadcasting field with radio stations in Florida before joining a convenience store company.

Ed is married to Ginger Ferrell of Lake Wales, they have two children, Sean, age five and Shanna, their infant daughter. They have already moved to Avon Park. For hobbies, when he has time, Ed likes camera equipment.

Head cashier Nancy Nicholas was born in Avon Park and graduated from Avon Park High School in 1977. She also lives in Avon Park.

Residing in Lake Wales, Frank Clisky, vice-president and district supervisor of the Central Florida operation, was born in Leesburg, Fla. and graduated from Leesburg High School.

routine with head cashier, Nancy Nicholas. Synphoto by Lew Miller

Kids Write The Darndest Things

Kids write the darndest things and those who attended the summer Environmental Education Centers with the Florida Division of Forestry most surely were no exception.

Asked to write what he liked most about his one week last summer studying nature outdoors, one youngster wrote, "Throwing ice water on Phyllis."

Then he got serious and added that he liked the new friends he made at Withlacoochee State Forest near Tampa, and learned a lot about trees and plants and animals and the whole environment and that he especially liked the one-day canoe trip that goes with the session, and the free time for recreation at night.

The purpose of the program is to teach them environmental education. But their letters also show there was plenty of time for fun and recreation. Nearly 500 students interested in learning about their Florida environment attended the two Environmental Education Centers operated each summer by the Division of Forestry.

Another Environment Center with an identical summer program is located in Blackwater River State Forest in northwestern Florida about 50 miles from Pensacola.

With both facilities ready for operation, there will be room this summer for more than 1,000 students during the 10, one week sessions. The first begins June 18 after schools are out for summer, and the final session ends August 26.

At both centers, the woods of the state forests are the outdoor classrooms. The point of the program is to give students a better understanding the role played by trees, soil, water and animals, including man, in protecting or harming the environment.

Professional foresters direct both centers. The field leaders include not only foresters and other Division of Forestry personnel but also specially trained college students and young teachers.

Cost for one week is \$60. A few highly interested students, for another \$60, may stay an additional week for advanced camping to apply some of the lessons learned in the basic course. But this is limited to no more than 10 per week.

DOT Speakers Available

Speakers from the Florida Department of Transportation and the private transportation industry will be available to civic organizations or school groups during National Transportation Week, May 14-26.

Anyone wishing to schedule a speaker during National Transportation Week should contact: A.L. Tidwell, Florida Department of Transportation, P.O. Box 1249-801 North Broadway Street, Bartow, Florida 33830. Telephone (813) 531-6161.

This program should not affect private applicators of pesticides.

"Playing It Cool" At Howey

Howey Academy's eight-week summer session means "playing it cool" for boys and girls studying or vacationing in air-conditioned comfort.

All regular school year facilities at college preparatory Howey in central Florida, will be available to summer students, including recently remodeled boys' dormitory and modern double rooms and suites for girls in their separate dormitory.

Vacationing students may attend the summer session by the week (minimum two weeks), while those seeking academic credit may attend for four or eight weeks.

Early enrollment is urged for the June 18-August 11 session due to the popularity of Howey's two-phase program which provides full-time recreation or a combination of academics and recreation for students entering grades 4-12. Limited classroom enrollment is an all-year feature at Howey, as are indoor

sports and recreation in the massive gymnasium - arts center.

Unique outdoor activities, for students enjoying the Florida sun, include horseback riding, skiing and water sports on the

Academy's private lakefront, as well as off-campus excursions to popular tourist attractions and recreational parks; and also tennis, golf and all team sports.

Gill Totals Pick-Up Truck

Clinton L. Gill of Avon Park, 45, escaped injury but totaled his pick-up truck when he lost control of it while trying to pick an eight-track tape off the floor of the truck April 11.

Trooper Jim Benton reported that Gill was southbound on

River Ridge Road when he reached down to get the tape and lost control. His truck ran off the road, hit soft sand and overturned. It was a total \$2,000 loss.

Gill was not charged in the mishap.

THE JUNIOR WOMAN'S Club recruit and follow-up chairman, Stephanie Godwin (left) talks with Avon Park Elementary

"Breath Of Spring Bike-A-Thon" For Cystic Fibrosis April 29

"Our goals are simple, to find a cure or control for the inherited disease Cystic Fibrosis, while improving the diagnosis and treatment of children suffering with serious lung-damaging disease," said Mrs. Sue Moseley, chairman of the Highlands County "Breath of Spring Bike-A-Thon."

"We have dedicated volunteers, a national organization, renowned scientists and researchers with 110 diagnostic and treatment centers," said Mrs. Moseley. "What we don't have is enough money. That is why the Cystic Fibrosis Foundation, is appealing for support to expand research and care programs, through the Breath of Spring Bike-A-Thon."

She continued, "Every dollar raised for the Breath of Spring Bike-A-Thon means better health and a brighter future for youngsters struggling for the breath of life."

Highlands County's Breath of Spring Bike-A-Thon will be held a Saturday April 29, from 8 a.m., with the starting and finishing point at the Recreation Center, 101 North Verona Ave., Avon Park.

The course this year, will be four miles long, but bikers may ride it as many times as they wish, up to 100 miles. Stephanie Godwin, recruit and follow up chairman for the Jr. Woman's

students, Kathy Heins, Stephanie Dressel, Michelle Brooks and Elizabeth Touchton, about riding in the

Cystic Fibrosis Bike-A-Thon on Saturday, April 29. The four girls plan to ride. Synphoto by Lew Miller.

Club reported that the following are distributing information and application and pledge forms: Judy Angelo, in Avon Park; Linda K. Lave in Lake Placid and Lynette Shepard in Sebring. Anyone wishing to participate in the Bike-A-Thon may register and pick up pledge forms at the Avon Park, Lake Placid and Sebring Junior Woman's Clubs.

Grove Accident Claims One Life

A grove accident in Hardee County has claimed the life of former Highlands County resident, Jack Batts. The 44-year-old Batts spent most of his life in Highlands County. Six years ago he moved to Wauchula. At the time of his death he was employed by Republic Groves Inc. as a truck driver and mechanic.

Batts was injured in mid-March when a shaft, connected to a power take-off unit on a tractor, wrenched loose and struck Batts on the right temple. Batts had started to disconnect the tractor to take it in for repairs when the shaft came off.

The injured man was taken to Manatee Memorial Hospital at Bradenton and later to Hardee Memorial Hospital

where he died April 5. Funeral services were conducted at Lake Dale Baptist Church April 8.

Batts is survived by his wife, a son, two daughters, all of Wauchula; his mother, Mrs. Mary A. Batts of Wauchula. He also leaves five brothers, including Jerry Batts of Sebring; four sisters, including Mrs. Nina Runner of Avon Park.

Commercial Pesticide Training

A training program for commercial pesticide applicators scheduled for May 30 and June 1, 1978 was announced by Tim Harner, Highlands County Agricultural Extension Director.

The training program to be held at the Reitz Union on the University of Florida campus, Gainesville, is for commercial applicators who desire certification to apply to pesticides on the Environmental Pollution Agency or the Florida Restricted use lists.

For additional information applicators may contact Dr. Richard L. Lipsey, Pesticide Chemical Coordinator, 204 Newell Hall, University of Florida, IFAS, Gainesville, Fla. 32611.

This program should not affect private applicators of pesticides.

Five Teams Vie For Loop Golf Title At Sun 'N Lakes

Five Heartland Conference golf teams, headed by the defending champion Sebring High team are battling it out today (Thursday) over the Harder Hall golf course to determine the 1978 loop title holder.

The Blue Streak golfers, who beat out Avon Park for the title last year, are favorites to repeat. Avon Park copped first place in the conference meet in 1976.

Other teams in the one day 18 hole event include Lake Placid, Okeechobee and Wauchula. The Green Dragons team is led by Kevin Janiga, last year's district medalist and reportedly headed for the University of South Florida in Tampa next fall on a golfing scholarship. Arcadia and Fort Meade, the two other high schools in the loop, do not have golf teams.

The Avon Park Red Devils, who dropped two matches last week to wind a regular play with an 18-13 record, are favored second to Sebring on the pre-tournament done sheet.

DuPriest Sets New Record
The local team is headed by Pete DuPriest who averaged 36.4 strokes per round in all matches played this season. Pete's lowest score was a 31 against Sebring. His 36 plus average is a new Avon Park High School record.

Mark Palmer, the Devil's No. 2 player, finished the regular season with a 46.4 stroke average. He shot his best round against Bartow, turning in a two under par 33.

John Barben, with a 46 average, nosed out Darwin Ford for the third spot. Ford shot an average score of 46.64 for the matches he played in this year. The season's low for both Barben and Ford was a 46. Steve Coe and Mike Smithson came up with identical averages of 47.2 strokes per round during the season. Coe shot a 38 against Father Lopez in a match here for his lowest round of the year. Smithson's best effort was a 39 in the same match.

Coach Sandlin loses two of his squad by graduation with Palmer and Barben being seniors. Smithson and DuPriest each have one more year to play while both Coe and Ford are freshmen with three more years of high school eligibility.

Lake Wales Hands Red Devils Third Loss Of Season

After winning three games in a row last week, the Red Devil varsity baseball team lost its third game of the season last Monday night up in Lake Wales when the Highlanders took a 5-4 win. The loss gave the Avon Park High School team a record of 14 wins and 3 losses for the season.

Last Tuesday night the Devil varsity was to have played DeSoto High here at Head Field in an important Heartland Conference game. Tomorrow night (Friday) the Devils will host the Fort Meade Miners in another conference and district game, and next Tuesday afternoon they will travel to Arcadia for a return bout with the DeSoto High Bulldogs in a game that could decide the Heartland Conference title.

Before losing to Lake Wales last Monday night, the Devils had knocked off Sebring 7-1, Santa Fe 7-1 and Frostproof 14-1 in the three games played last week. Larry Jackson pitched the Sebring win, fanning fifteen batters; Don Wildish hurled the Santa Fe victory for his fifth win, and Jimmy Massey moved to a 3-1 mound record with his win over Frostproof.

Lake Wales - 5, Avon Park - 4
Last Monday night in Lake Wales, the Red Devils jumped out to a three run lead in the top of the first inning on singles by David Sisemore and Larry Jackson and a double by Victor Roberts, but the Highlanders came back to take a 5-4 win in the seventh inning game.

David Sisemore, sophomore left hander, started on the mound for Avon Park and hurled three innings of hitless ball although the Highlanders scored two runs in the bottom of the second on two walks and two errors. The young pitcher went five full innings giving up only three hits before Larry Jackson came on in the sixth to finish the game. All five runs were credited to Sisemore but five errors by the Devil infield were responsible for most of the Lake Wales scores.

The Red Devil batters got five hits off two Highlander hurlers. Larry Jackson had a great night at the plate as he slammed out two doubles and a single in his three times at bat. Victor Roberts added a double and David Sisemore singled in the first inning.

THE RED DEVIL boys golf team is competing in the Heartland Conference Tournament at Harder Hall in Sebring today (Thursday) and will host the district meet at Sebring Sun 'N Lakes on Thursday, April 27. From left: Mike

Smithson, Steve Coe, Pete DuPriest, Mark Palmer, Darwin Ford and John Barben. Sunphoto by Lew Miller.

Tina Lake Gets Into Act

Devil Golfers Drop Two

Coach Fred Sandlin's Red Devil golf team lost two matches last week to ring down the curtain on regular season play. The local high school team wound up with an 18 win 13 loss record.

Avon Park-100, Sebring-141
It started out as a dual golf match between Avon Park High School and the Blue Streaks of nearby Sebring on April 11 at River Greens Golf Club. It ended up as a tri-match when Tina Lake, which skirts the entire length of the fairway on hole No. 1, got into the competition.

The Sebring golfers won the match, shooting a one over par total of 141. Avon Park finished second with 160, while the lake came off with at least three new golf balls and added five strokes to the combined total of the two teams.

First the water frustrated Pete DuPriest, the Red Devil's premier golfer. Pete, heading for a three under par 32 after three birdies on the first six holes, dumped his tee shot into the lake to end up with a double bogey seven on the hole and a 34 total.

Next it was Mark Palmer's turn. Mark was in a good position to shoot better than his usual 39, the score he has posted in five of the last seven golf

meets, when he too plopped one in the drink. The result was a bogey six on the hole and another 39.

Vance Wood of Sebring followed Palmer in using the big ball washer. His second shot on the hole hit the lake and he added a double bogey seven to his total for a round of 38.

Wes Fisher and John Whitehead both birdied the hole enroute to one under par scores of 34 to tie Pete DuPriest for medalist honors, while Mark Barnhurst also got a birdie four on the hole to end up with an even par round of 35.

The Red Devil's two other team members, Steve Coe who shot a 41 and John Barben who turned in a 46, managed to keep their shots on dry ground.

"It's a good thing it hasn't been raining, or that lake would be high enough to really tear us up," was Coach Fred Sandlin's only comment as Sebring beat the team for the second time this season. The Streaks took Avon Park 144 to 156 in an earlier match.

The Red Devils tagged Streak starter Kelly Sanders for a double and three singles in the first frame to jump off to a 4-0 lead. Designated hitter Bubba Starling singled to left, David Sisemore and Victor Roberts drew walks. Then Larry Jackson ripped a single up the middle, Charles Oliver lined a double to left center, and Tim Cribb singled past the shortstop.

A line drive home run over the left field wall by sophomore David Sisemore accounted for the two Devil runs in the bottom of the third frame. Bubba Starling had led off with a double off reliever Tim Gill. Then Sisemore hit his first homer of the year to collect the two runs batted in.

Sebring scored a run in the top of the sixth. A couple of Devil errors coupled with back to back singles gave the Streaks the lone score. Jackson fanned a pinch hitter for the third out in the sixth to leave the bases loaded with Blue Streaks.

The seventh Avon Park run scored in the last of the sixth inning. Tim Cribb, the other sophomore starter, drew a walk, went to second on a passed ball and scored on a wild throw by the Sebring catcher trying to catch him going to third base.

Avon Park batters got 13 hits off the three different Sebring pitchers. Sisemore went one for one with his homer, raising his batting average to .371 for fourteen games. Starling, Jackson and Oliver all hit a double and a single and Charlie Pough, Victor Roberts and pinch hitter Andy Lanzing all connected for a single.

Avon Park-7, Santa Fe-1

Scoring seven runs in the fifth and sixth innings, Avon Park coasted to its thirteenth win of the year last Wednesday night at Lakeland's Henley Field against the Santa Fe Crimson Hawks.

Don Wildish tossed a two-hitter at the Hawks as he posted his fifth mound win against one loss for the season. Wildish fanned nine Santa Fe batters and gave up only two walks during the seven inning game.

The Red Devils got only six hits off two hawk hurlers. Tim Cribb singled in the second and the fourth innings. Larry Jackson drove in two runs in the fifth with a sharp single to left field. Bubba Starling, Victor Roberts and Wildish all hit singles in the bottom of the sixth when the Devils pushed four big runs across the plate.

Avon Park-7, Sebring-1

Red Devil senior right hander Larry

The two teams will be battling it out again today (Thursday) as golfers from five of the seven Heartland Conference schools vie for the loop title at Harder Hall.

Avon Park-176, Kathleen-167
Kathleen High School, still smarting from the six stroke beating they took when they played the Red Devil golf team here early in the season, turned the tables last Friday, shooting a 167 to beat Avon Park by nine strokes. The local team came in with a 176 total.

Pete DuPriest managed to walk off with individual honors for Avon Park however, touring the Lakeland Carpenter Hall course in a two over par 38. Mark Palmer, shooting one of his poorest scores of the season, came in with a 43. The Devils' two other team members were John Barben, who shot a 45, and Mike Smithson, who took an even 50.

Beginning Tennis Offered

Beginning Tennis lessons for adults will be offered by the City Recreation Department starting May 1. The classes will be open to any interested persons over the age of 16. They will be held at the City courts on N. Verona Ave., each Monday and Thursday from 5:30 - 6:30 p.m.

Walt Reid, former Supt. of Recreation for Miami Beach and present local pro, will be instructing the classes. The fee will be \$10 per person for the five week course.

There will be a class limit of 12, so sign up now! Call the Rec. Center at 453-8881 to register. More beginning classes will be offered for adults and kids this summer.

Jayvee Team Wins 8 Games In Row

Victories over Sebring and Arcadia last week gave the Avon Park Red Devil Jayvee baseball team a 12-2 record with eight straight wins going into the final week of play for the 1978 season.

The Red Devil "Bees" knocked off Sebring 8-2 down on the Blue Streak Jayvee field last Thursday afternoon and then outscored DeSoto High's "B" team 11-4 here at Head Field last Friday afternoon.

Last Tuesday afternoon the Devil Jayvees were to have gone down to Moore Haven for a return game with the Terriers and today (Thursday) they will host the Hardee High Wildcat Jayvee varsity in the final home game of the season. A make-up game with Arcadia is in the works for early next week to close out the season for Coach Hopy Hewis' Jayvee team.

Avon Park-8, Sebring-2
Designated hitter Alvin Conner rapped out a double and two singles to lead the Avon Park Jayvee batters to an 8-2 win over Sebring last Thursday afternoon down at Fireman's Field.

Dennis Barefield added another double and a single for the Devils and Ricky Johnson hit a double over the center fielder's head and scored as the Streak outfielder threw the ball away when it slipped from his hand.

Gerald Jones, the winning pitcher, connected for a double to left field in the top of the seventh to drive in a run for Avon Park. Tim Minard beat out a couple

DevilTrack Team Wins Third Title

The Red Devil track won the Heartland Conference track meet for the third consecutive year last Friday on the DeSoto High track in Arcadia. The Avon Park thin-clads topped Arcadia, Wauchula, Sebring, Fort Meade and Okeechobee to capture the trophy.

The Red Devils racked up 115 1/2 points for first place. Arcadia finished second with 77 points. Wauchula was third with 69 1/2, Sebring was fourth with 57, Fort Meade came in fifth with 40, and Okeechobee was sixth with 14 points. Lake Placid did not enter the meet.

Leading the Avon Park team was Jim Ervin who won first place in the 120-yard high hurdles (15.1), first in the 330-yard intermediate hurdles (41.3), and ran on the winning Devil mile relay team. Jim's 41.3 time in the 330 hurdles set a new loop record.

Others winning first place for Avon Park were Rufus Wilson with a distance of 46'11" in the shot put and David Jahna with a conference record setting time of 22.8 in the 220-yard dash.

The mile relay team, which posted a season's best and one of the best times in the state for Class AA schools, consisted of James Wilburn, Clint Anderson, Jim Ervin and David Williams. The Devil foursome teamed up for a 3:31.8 timing for the first place finish.

The Red Devil mile medley relay team also set a conference record with a time of 3:41.6, which also broke an APHS record.

Donkey Ball Game Here

It will be the Avon Park High faculty plus members of the local Jayvees against the APHS students in a Student Council sponsored donkey basketball game at the high school gym next Tuesday, April 25th.

The two teams will "saddle up" at 8:00 p.m. to raise money to help carry on council activities at the school. Regular prices are \$1.50 for advance sale tickets and \$2.00 at the door. Student prices are \$1.25 and \$1.75.

The public is invited.

record and was one of the best times recorded in the state for that event. Running the mile medley for the Red Devils were Anthony Carter, Kevin Caldwell, David Williams and Jerry McKenzie. The mile medley team closed out the first place finishes for Avon Park.

David Williams' 50.4 time for his 440-yard split was another superb effort by this fine runner. Williams placed second in the 440-yard dash. Also taking a second place was the 440-yard relay team of Carter, Caldwell, Horace Moore and Jahna with a school record setting time of 44.2.

Other second place finishes were posted by Moore (high jump), Jahna (100 yard dash), Portis (mile in 4:32.5 and 880 run in 2:03.1 for two personal bests) and Mark Myers (two mile in 19:29.5 for a personal best time).

Two Red Devils won third place honors with Clinton Anderson taking the number three spot in the 440-yard dash and Ricky Jones tossing the discus 123' for a personal best distance in that event.

Other Red Devils to score were Wilburn (shot put), Charlton Weathers (high jump), Casey Stokes (high jump), Jerry McKenzie (mile), Wilburn and Weathers (440-yard dash), Jahna (long jump), Wilburn (discus), Henry Taylor (880-yard run in 2:13 for a personal best timing), Weathers (220-yard dash) and Alan Portis (2 mile).

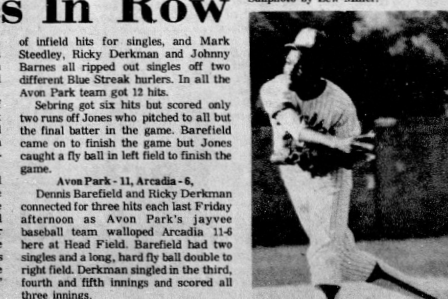

Other Red Devils to score were Wilburn (shot put), Charlton Weathers (high jump), Casey Stokes (high jump), Jerry McKenzie (mile), Wilburn and Weathers (440-yard dash), Jahna (long jump), Wilburn (discus), Henry Taylor (880-yard run in 2:13 for a personal best timing), Weathers (220-yard dash) and Alan Portis (2 mile).

To date, the high school faculty is the only group to turn in a list of players for the big game. Those included on the roster are Nan Dressel, Fred Paranthia, Bryan Howard and Al Lovelace. Other teachers "who are daring to be different" are Holly Reddick, Jean and Tom Lund, Donald Sisemore, Bruce Wyse and Harry Williams. Madie Landress has volunteered to represent the guidance department.

The public is invited.

LEADING JAYVEE BATTER Dennis Barefield blasts out a double to go with two singles he hit during the game played here last Friday afternoon against the Arcadia Bulldog Jayvees. Barefield, leftfielder and pitcher, is hitting above .500 for the 14 games played by the Avon Park Junior Varsity so far this season. Sunphoto by Lew Miller.

Avon Park-11, Arcadia-6
Dennis Barefield and Ricky Derkman connected for three hits each last Friday afternoon as Avon Park's Jayvee baseball team wallowed Arcadia 11-4 here at Head Field. Barefield had two singles and a long, hard fly ball double to right field. Derkman singled in the third, fourth and fifth innings and scored all three innings.

Also hitting for Avon Park in the fourteen hit barrage on two Arcadia pitchers were Alvin Conner with a double and a single, Tim Minard with a double, and Mark Steley, Tim Salter, Gerald Jones, Ricky Johnson, and Johnny Barnes with a single each.

Alvin Conner picked up the mound win for the Red Devil Jayvees as he held the junior Bulldogs to five hits in the six innings he pitched. All six runs were credited to Conner although Gerald Jones came on with two men on in the top of the seventh to finish out the game. Jones allowed two singles to the Arcadia batters.

DEVIL JAYVEE PITCHER Alvin Conner follows through after a pitch to an Arcadia batter during last Friday's game at Head Field. Conner picked up another mound win as the Devil "Bees" defeated the bulldog junior varsity by a score of 11-4. Sunphoto by Lew Miller.

GOLF - TENNIS

by

Les Burch

River Greens Golf Notes

When any golfer, including the "biggies," shoots a golf score that is equal to his age, it is headline making news. So when some ordinary guy like octogenarian Lou Vedder shoots an 18 hole score that is six under his age, it must be some kind of a record.

Lou, a winter member at River Greens from Traverse City, Michigan, fired an actual 75, an even six strokes less than the 81 candles on his last birthday cake, a week ago Saturday in the regular men's low net tourney.

Knocking off his ten stroke handicap, he wound up with a net 65. This capped first prize and was two strokes under the net 67½ turned in by Miles Morgan and Will Cross, both of whom are a lot younger and have a lot higher handicaps.

Tuesday, April 11, was low-net day for the River Green's ladies, with Gert Flunker nabbing first place. Mary Walsh was second and Marian Rouillier was third in the 18 hole event.

A lot of the regular winter players have headed north, but the men's Wednesday Pro-Am is still a big thing. Last week it was Ed Pfahning, Jim Timberlake, Walt Kline and Ken Parnell who won the top spot with a plus 9½ points.

Maurie Jones came in with a plus 3 to lead the A golfers, while Karl Swanson topped the B division with a plus 6½. Harry Penney was the winner in the C section and Jack Osborne topped the D class players.

Louis Pfeffer, Bertha Beiber, Hallie Penney and Naomi Davis teamed up for a plus ten points and the first place prize in the women's Pro-Am last Thursday. Division winners included Marge Osborne in A, Bertha Beiber in B, Edith Morgan in C and Ann Jack in the D group.

Winner's in last Saturday's low net event for men were Walt Kline in first place and Maurie Jones coming in second.

Fifty men and women played in last Sunday's mixed scramble. Miles and Edith Morgan paired with Mark Bell and Naomi Davis to take first place with a 62. Don and Barb Johnson teamed with Merv and Katie Rehner for second spot with a 63.

Don Sisemore Places Second In Tourney

Donald Sisemore, Avon Park High football coach, shot a pair of 79's to wind up second in the Championship division of the Heartland Invitational Tournament at Little Cypress Golf and Country Club. Pete DuPrest, local high school golfer, had a 73-77 to finish sixth in the two day event at Zolfo Springs.

Bud Wester was the only Avon Park entrant to win a first place trophy, turning in an 89-77 to cop the fourth flight. Bobby Barben had a 79-75 to take third spot in the first flight, while Tubby Dean shot an 86-81 to finish number three in the third flight.

Try Fish Facts For New Seafoods

Tired of the same old tried and true seafoods? Then try stuffed squid for an interesting, exotic, nutritional change of pace.

If you don't know how to prepare it, the Marine Advisory Program, Florida Cooperative Extension Service, recently has published "Fish Facts for Florida Consumers," a series of four brochures providing information on how to select, buy and prepare seafood. In addition to "squid" the series includes "Blue Crab," and "Shrimp."

Although squid as a foodstuff generally been limited to people of Oriental and Mediterranean descent, it is caught off shores of Florida and is becoming more popular as people learn preparation techniques.

High in protein and phosphorous,

DEVILLETTE GOLFER TORI GRIFFIN shows the form she used last week when she shot a 49 at River Greens to become the first Avon Park High School girl to break 50 during team play. Sunphoto by Lew Miller.

Tennis Team Takes Sixth

Avon Park High's girls tennis team, the Heartland Conference Champions, scored a total of five points in the district tournament at Lakeland last week to wind up tied for sixth place. It was the final meet of the season for the Devillette squad.

Lakeland High upset favored Santa Fe, also of Lakeland, to win the tourney and will be trying for the state title in Gainesville this week-end. Debra Cox and Rhonda Landress were the big guns for the local netters, with Debra collecting two points in singles and then teaming with Rhonda to win a third point in doubles. Rhonda also added a counter by taking her first round singles match. Deloris Cox picked up point number five for Avon Park winning her initial singles bout. One point is given for each match won in district play.

None of the local girls, who were competing against state and nationally ranked tennis players from the large Lakeland area schools, could advance past the quarter final round. However, they did tie Bartow, a Class AAA school, and topped more than half of the sixteen teams entered in the meet.

"Regardless of our showing in the district, the Avon Park girls had their most successful season ever," Coach Jeannie Cox said after the tournament. "They won the conference title primarily on determination and desire, and the whole season, which included a finish with six straight regular season wins, was truly a team effort."

"Only two members, twin team leaders Deloris and Debra Cox, will be graduated," Cox added. "And they have left a record and a challenge for next year."

The "Blue Crab," "Finfish" and "Squid" publications offer step-by-step preparation procedures and information on how to estimate the amount to purchase for an expected yield. "Squid" includes recipes, and "Shrimp" focuses on the conversion factors related to yields from purchase to table.

The authors, Dr. James C. Cato and Don E. Sweet, are representatives of the Florida Sea Grant Marine Advisor Program.

Copies of all four brochures, individually or as a group, can be obtained free from the Marine Advisory Program, 602 McCarty Hall, University of Florida, Gainesville, FL 32611, or from local County Extension Officers.

Pinecrest Golf Notes

Low scores were in style in last Wednesday's Pro-Am at Pinecrest, with the team of Joe Papp, Earl Griffith, Chuck McCormick and Jim Eeles turning in a plus 14 to tie Ron Wernick, Bill Revebaugh, Floyd Hines and Bob Dennis for first place.

Joe Craig topped the A division players and Bill Revebaugh won the B section. Chuck McCormick was the leader among the C players which Bob Dennis and Jake Wagner ended up with identical scores to tie for the D division prize.

In the women's Pro-Am on Thursday, the threesome of Mariana King, Eide Martin, and Margaret Papp walked off with the first prize turning in a plus 3½ point total.

The team of Helen Griffith, Ina Hines, and Claire Irwin ended up in the number two spot.

Next Sunday the men and women will pair up for an 18 hole scramble tourney starting at 10:00 A.M. A buffet luncheon will be held after play is completed.

A blind bogey tournament and a penny putt event were on tap for the ladies last Thursday, April 13, with Mildred Ford coming up with an 85 to win the blind bogey prize. Claire Irwin and Marie Eeles shared the top spot in the putting contest taking 30 each for the round.

Helen Griffith, president of the women's group is urging all members to sign up for the Invitational Tournament slated at Pinecrest on Thursday, April 27th.

Rec Dept. Offers Exercise Class

The Avon Park Recreation Department will offer a Women's Slimnastics class which will be open to any interested women in the area. The class will meet each Tuesday, for organized exercises led by Donna Quenzer and will meet one other night during the week for individual exercising.

These classes will meet in the new weight and exercise facility directly behind the Recreation Center. They will start Tuesday, April 25 at 8:15 p.m. The classes will be utilizing the exercise equipment along with doing simple exercises to trim and tone the body.

Sign up now by calling 63-4881 after 3 p.m. The fee will be only \$3 per person for the six week course.

Boys Are Ninth In District

David Epstein, Avon Park High's No. 1 singles player, picked up two individual points and then teamed with Mike Behal for a third point as the local team wound up tied for ninth in district play at Lakeland last week.

Santa Fe High of Lakeland won the District Championship and moves on to the state finals in Gainesville this week-end. Santa Fe also won the 1977 District Tourney.

The Red Devil squad picked up a total of four points against central Florida's leading high school players from 16 district schools to tie the Frostproof net team. A point is awarded for each match won.

Joel Wright and Eddie Garner won the fourth point for Avon Park, taking their first round doubles match from Nguyen and Kahn of Haines City in straight sets, 7-5, 6-2. They lost to the Winter Haven duo of Hamm and Shaffer 6-1, 6-2 in the quarter finals.

Epstein Wines Two Singles Epstein, entered in the No. 4 singles bracket, took his first round match from Gregory Connelley of Land O Lakes High 6-3, 6-0, and worked his way to the semi-finals with a 7-5, 6-3 win over Donald Danos of Pasco High. He lost to Auburndale's Keith Johnson in semis.

Behal and Epstein won their first match in the No. 2 doubles section, beating Bouchard and Higley of Lake Wales 6-1, 7-6. The Land O Lakes doubles team of Connelley and Miller knocked them out of the tournament 6-4, 6-4 in the quarter final round.

The four points the Red Devil team scored enabled them to finish ahead of Bartow, Haines City, Kathleen High of Lakeland, Mulberry, Sebring and Pasco High.

"Even if we didn't get too far in the district, it was a real good season," Devil Coach Bruce Wyse commented after the tourney. "We did win our own conference title and even four points is quite an accomplishment in a district where we ran up against players from the biggest high schools in central Florida."

HEADED FOR DISTRICT Tournament play next Tuesday at the Cypresswood Golf Club are these five members of the

Avon Park High School girls golf team. From left: Robyn Heckard, Ellen Macklin, Tori Griffin, Andrea Petrovich

and Danny Elliott. Sunphoto by Lew Miller.

Devillette Golfers End Season Play

The Avon Park High school girls' golf team ended regular season play last week dropping their final two matches to wind up the season with a 1-6 record. Next Tuesday they will compete in the district girls' tourney at Cypresswood Golf Club near Winter Haven.

Avon Park-277, Zephyrhills-255 Tori Griffin fired a 49, the lowest competitive score ever for a Devillette golfer, but it wasn't enough as the golfing

girls from Zephyrhills High shot a team score of 255 over the River Greens Course Tuesday, April 11. The Avon Park team wound up with a 277.

Danny Elliott with a 63, Ellen Macklin with a 69, and Andrea Petrovich with a 74 completed the Avon Park team scoring.

Avon Park-251, Kathleen-214 Kathleen High of Lakeland handled the Avon Park girls' golfers their sixth loss

of the season last Friday, shooting a team score of 214 over the Carpenter's Hall Course in Lakeland. The Devillette team finished with 251 strokes.

Danny Elliott led the local girls shooting a 61. Tori Griffin was one stroke behind, while Robyn Heckard and Ellen Macklin each turned in 64's for Avon Park. Marion Walker, runner up in last year's district girls' play, and Kathleen's No. 1 golfer, was medalist with a 44.

Co-Educational Tennis Offered

Two tennis classes will be offered at South Florida Junior College during the Summer "A" Term which begins May 4 and ends June 14. One class will meet daily, Monday through Friday, from 1 to 2:10 p.m. beginning May 4.

The other will meet on Mondays and

Wednesdays from 7 to 9:50 p.m., beginning May 8. Coach Dunning Terrell will teach the day class and Tom Knowles the night class.

The tennis classes are co-educational and may be taken for one hour of college credit or for audit. Persons planning to

enroll must register at the college during Summer "A" Term registration period May 3, 4, and 5.

Further information may be obtained from the Admissions Office at South Florida Junior College or by calling 453-6661, extension 136, in Avon Park.

Service Agencies Matching Volunteers To Tasts

A group of Highlands County's social service agencies are launching a clearinghouse to help match volunteers to the tasks needing to be done. The information and referral section of HOPE of Highlands County will be operating the clearinghouse, utilizing its offices and telephones in Sebring, Lake Placid and Avon Park.

At the end of March a volunteers workshop was held at the Agri-Civic Center, and as an outgrowth, several Highlands County agencies met to plan for the clearinghouse.

The agencies adopted the motto, "We can do better together." A second meeting is scheduled for May 10 at the Health and Rehabilitative Services building.

Agencies which have already filed volunteer job descriptions with the clearinghouse are the Highlands County chapter of American Cancer Society, Hillcrest Nursing Home, Highlands County schools' G.I.V.E. program, both the HOPE and Highlands County Nutrition Program of Services over Sixty, and three HRS agencies—Children and Youth Services, Vocational Rehabilitation and Aging, and Adult Care.

Rosemary deck, project director for HOPE, said the initial job descriptions filed with the clearinghouse are for educators, friendly visitors, clerical workers, clinic

workers, entertainers, social service, arts and crafts instructors, letter writers, counselors, handymen, board members, tutors, fund raisers and telephone answerers.

It is expected the list will grow as additional organizations join the clearinghouse files.

The agencies now affiliated with the clearinghouse expect to continue carrying out their respective recruitment programs, but persons who wish to contribute time and talent but are not sure where they are most needed, may call the clearinghouse to inquire about the place (or places) they are needed. The number in Sebring is 383-2134, in Avon Park 453-2718, in Lake Placid 465-0204. The Sebring and Avon Park telephones are in offices open from 8 a.m. to 5 p.m. each weekday. The hours in Lake Placid are 10 a.m. to 2 p.m.

The cooperating agencies explained that their aim is not to ask present volunteers for more hours of work, but to provide an easier way for volunteers to find the jobs they would enjoy most. Newcomers to the community sometimes are uncertain how to get in touch with the agency needing a volunteer at the hours the would-be volunteer has available.

Entertainment was pointed out as one area where volunteers can now perform several times an act prepared for presentation to one group,

Management Budget Reduced To '2.1 Million

If the Legislature and Governor go along with agreements worked out among the state's five water management districts, Highlands County property owners will see little change in the millage assessed for the operations.

The Southwest Florida Water Management District—where Sebring and Avon Park lie—has asked for \$2,010,000 or about a half-million less than was appropriated to the district in the current year.

The South Florida Water Management District—which includes Lake Placid and most of southern Highlands County—has asked \$2,127,000 or a quarter-million more than it is

receiving now.

The districts' combined budget in the current year is \$6,462,000. Their initial askings range from \$2,181,215 to \$2,127,000. The Governor proposed holding the districts' expenditures to the same level as this year and the districts among themselves proposed adjustments, which for most part, consisted of shifting funds away from the Southwest district and adding small amounts to the smaller districts.

After the Legislature and the Governor have approved the budgets, the district boards set the assessments needed to come up with the required funds.

Girls Rack Up 1 Point Win Over Holy Name Academy

Coach Kathy Kling's Avon Park High School girls track team racked up its first win of the season last Thursday afternoon here at the high school track when it edged out Tampa's Academy of Holy Names by one point, 58-57.

Senior Meg Schuler captured first place in three individual events and anchored the winning 880-yard medley relay team. Meg won the high jump with a 4'6" leap, finished first in the long jump with a 15'3 1/4" jump, and took the 440-yard run with a time of 1:07.8.

Sophomore Terri Landress brought home two firsts with a 20.0 running of the 110-yard low hurdles and a winning time in the 330-yard low hurdles.

NUMBERS DON'T COUNT according to the eight girl Avon Park High School track team. This small squad defeated the Academy of Holy Names of Tampa last week by a score of 58-57 with just seven of them entered in the meet. From left, front row: Annie Rushing, Tammy Welch, Tammy Davis and Teresa McKenzie. Back row: Meg Schuler, Gloria Williams, Margaret Miracle and Terri Landress. Sunphoto by Lew Miller.

The Avon Park 880-yard medley relay team was the only one of four relay teams to win over the Academy of Holy Names. Tammy Davis, Annie Rushing, Tammy Welch and Meg Schuler teamed up to finish with a time of 2:16.75 for first place and five points.

The 880-yard Devilette relay team was made up of Miracle, Tammy Davis, Annie Rushing and Tammy Welch. The Avon Park mile relay was run by Meg Schuler, Teresa McKenzie, Terri Landress and Margaret Miracle.

Tammy Welch picked up an important point for Avon Park with a third place finish in the discus throw and Teresa McKenzie added a point with a third place finish in the grueling mile run.

Anne Rushing was second in the shot throw with a 27'5" toss. Tammy Davis took second in the discus throw with a 60'7" sling. Margaret Miracle came in second in the 880-yard run with a time of 2:51.9. Margaret also ran on both the 880-yard relay and the mile relay teams both of which came in second for no points against the Tampa girls.

New Girls Track Records Set In Heartland Conference Meet

BREAKING THE TAPE just ahead of her Academy of Holy Names opponent is Devilette Anne Rushing with a time of 12.3 in the 100-yard dash. Anne won both the 100 and the discus throw to help Avon Park rack up its first win of the year by a score of 58-57 over the Tampa school. Sunphoto by Lew Miller.

The Sebring girls track team won the 1978 Heartland Conference championship last week in Fort Meade, but two Avon Park girls and a Devilette relay team set new school records as the Devilette tracksters captured sixth place in the meet standings.

Terri Landress skimmed over the 330-yard low hurdles in a 54.17 time to break the old Avon Park High School record of 56.14. Meg Schuler set a new school record in the 440-yard dash with a time of 1:07.8, beating the old record by .4 seconds.

The mile relay team of Schuler, Teresa McKenzie, Landress and Margaret Miracle also set a new school record with a time of 4:50.7. The old school record for the mile relay was 5:08.76.

Also scoring points for Avon Park at the conference meet on Tuesday a week ago were: Anne Rushing with a fourth place finish in the discus toss with a distance of 88'10", Ethel Pough with a fourth in the long jump with a 15'2 1/4" leap and a sixth place in the 100-yard dash with a timing of 12.82 seconds, and Margaret Miracle with a fifth place finish in the 880-yard run in 2:46.83.

Meg Schuler won the only first place for Avon Park in the meet as she jumped 4'10" for top honors in the high jump event. Meg also came in fourth in the 440-yard dash.

Terri Landress was third in the 330-yard low hurdles with her APHS record breaking time of 54.17. The Devilette 880-yard relay team of Linda Rowe, Tammy Davis, Ethel Pough and Bernice Taylor came in sixth with a time of 1:50.56 and the 880-yard medley relay team of Rowe, Davis, Pough and Schuler also won sixth place with a time of 2:11.41.

The mile relay team which set a new school record managed a fifth place for Avon Park as the young team continued to improve.

RUNNING A RELAY leg for the Avon Park High School girls track team is Tammy Davis during a meet held here last Thursday afternoon. The Devilettes defeated Tampa's Academy of Holy Names 58-57. Sunphoto by Lew Miller.

Red Devils Tracksters Take Third Title

Taking a 76-56 victory over Hardee High last Tuesday a week ago and the Heartland Conference title for the third straight year last Friday, the Avon Park High School boys track team moved to a 10-2 record for the season.

Last Tuesday, the Devil boys were to have run in Fort Meade against the Miners, the Frostproof Bulldogs and the Mulberry Panthers starting at 4 p.m. Then the Devils will be idle until Thursday, April 27, when they will compete in the Fort Meade Invitational. On May 5, the Avon Park boys team will participate in the Class AA District meet which will also be held in Fort Meade.

Avon Park - 76, Hardee - 56
The Red Devil boys track team captured 11 of 16 first place finishes last Tuesday a week ago over on Hardee High's track to beat the Wauchula boys by 20 points.

Two Avon Park High School records fell as Jim Ervin skinned the 330-yard intermediate hurdle course with a time of 40.9 to knock off the old record time of 41.2, and the mile medley team of Carter, Weathers, D. Williams and Portis sped to a 3:47.2 victory in the mile medley relay race.

Jim Ervin won both the high and intermediate hurdles and also ran the third leg on the winning mile relay team along with James Wilburn, Jerry McKelzie and David Williams. Rufus Wilson won the shot put and James Wilburn came in first in the discus toss.

Alan Portis won both the mile and the two mile runs and anchored the winning mile medley relay team. David Jahnha captured first place in the 100-yard relay race along with Anthony Carter, David Williams and Rufus Wilson.

Jerry McKelzie took first in the 880-yard run and Clinton Anderson won the 440-yard run for the Red Devils.

Avon Park took five individual second place finishes along with the 440-yard relay team. Wilburn was runner up to Wilson in the shot put, Ricky Jones finished behind Wilburn in the discus throw, Anthony Carter was runner up to Jahnha in the 100-yard dash, Jahnha finished second in the 220-yard dash, and Horace Moore jumped 5'8" for second in the high jump event.

Winning third place points for Avon Park were Jahnha (broad jump), Pernel Gibbs (132-yard high hurdles), Mark Myers (mile run), Wilburn (440-yard run), Charlton Weathers (high jump), and Jimmie Brown (pole vault).

All anglers and fishermen in the area will have even more reasons to bait their hooks and cast their lines in the next few weeks as they stand to win prizes in the Avon Park Sun Bass Fishing Contest.

This week, contestants must bring their bass catches to the Sun office before Monday evening to qualify for the contest. The winner will be announced in the next week's issue of the Sun. After the first week, competition will begin on Tuesday morning after the Monday

39 Drafted For Little Leagues

The coaches and managers of the eight Avon Park Little League teams drafted 39 players from the twelve Minor League rosters last Wednesday night a week ago to fill out their twelve member squads.

The Kiwanis team, coached by Tom Tataris and Bill Britt, picked the most newcomers as there were only four returning players on that team. They chose Randall Austin, Steven Britt, Charles Garner, Darren Helvey, Lorenzo Johnson, Wendall Moore, Stacy Pough and Mike Shawver. Returning to the Kiwanis team will be Eugene Taylor, Bruce Sapp, Wayne Elder, and Terry Britt.

Avon Tire Service, the number two team last season, had to pick up seven players. Coach Donald Arnold chose Ole K. Brown, Joey Crane, Willie Dendard, Bradley Graf, Tommy Johnson, Junior Lee and Vernon Simpson. Returning are Chris Fortner, Duane Young, Bryan Arnold, Bobby Lewis and Ben Johnston.

First Baptist, which will be coached by John Russ this year, added five players. They are Andy Hornack, Raymond Hornack, Jerome Ishmael, Dean Richardson and Raymond Walls. Returning members of First Baptist are: Jon Marcum, Rusty Carter, Fred Manning, Kenneth Barfield, James Benjamin, Louis Burby, and Steven Burby.

Coach Gordon Marshall's Avon Citrus Bank team needed four players to fill out its roster. They were Charles Devlin, Tim Devlin, Steve Eversbach and Stacy Landress. Returning ACB players are: Daryl Williams, Ronnie Higginbotham, Bobby Lee Caldwell, and Doug Singletary.

S. H. H. Motor Co. will be coached again this year by Jim Turnbull. Ford

Motor picked up Horace Butler, John Herman, Conley Jahnha and Edmund Swearingen. Already on the Ford Motor team are: Mark Elshill, Robert Turnbull, Clay Hips, Allan Irvin, Ken Warner, Clint Collins, Greg Cramer, and Albert Jahnha.

Bagwell Lumber, the defending champion team, needed only three players and Coach Don Cooper picked up Anthony Gordon, Billy Smith, and Anthony Wiggins. Returning to the Bagwell team are: James Beck, Fred Lewis, Greg Jackson, Robert Daubach, Johnny Rewis, Alan Barnhart, Mike Baldwin, Thomas Gordon, Jr. and Ronald Matthews.

Coach David Brooker's Rotary Club picked up Emanuel Jackson, Johnny Perry, Tommy Lewis and Steve Rewis to join returning members Bill Brooker, Charles Collins, Billy Houpe, Jamie Cousiney, Dwight Hardy, Frankie Muller, Cecil Perry, Jr. and Sammy Rowe.

The Lions, coached by Buddy Skinner, added Willie Ervin, Erven Harris, Robin Harris and Perry Lee Waldron to their roster. Returning were Jeff Andley, Laurence Spay, Bobby Barnes, John Fields, Eric Wick, Bryan Hodge, Mike Antley, and Terrance Jahnha.

This season the Little League will have just two games each playing night. Each game will start at 6:30 p.m. at the two different fields. That way the players will get through earlier than last season when the games were played at the same field one after the other.

The teams will be practicing from now until Saturday, April 29, when all eight teams will see action in the four season opening games to be played at the Little League Field 1.

Thriftway, APCI Jaycees And Young's Gulf Lose 1

At the close of the regular season of Minor League baseball Tuesday night a week ago the standings were as follows: Thriftway Food Stores 8-1, A.P.C.I. Jaycees Unit II 8-1, Young's Gulf Service 7-1, Kopta and Bennett Builders 7-2, Wells Motor Co., 5-4, Pia Luigi's Restaurant 4-4-1, Maryland Fried Chicken 4-4, Borders Service Station 4-4, Avon Auto Parts 3-6, Highlands Building Supplies 2-6-1, First Home Federal 0-8, and Borders Dairy Products 0-9.

Last Thursday and Friday nights the top four teams played the winners of Thursday night's games meeting Friday night in the late game and the losers of Thursday night's games playing each

other in the early Friday night game.

Thriftway beat Kopta and Bennett 4-2 in the first game on Thursday and APCI defeated Young's Gulf 10-9 in the late game. On Friday Young's won over Kopta and Bennett 6-4, and APCI outscored Thriftway 4-3.

Results of the Monday, April 10, games are: Young's 4, Thriftway 3; APCI 13, Borders 3; Wells 17, Maryland Fried 0; Pia Luigi's 9, Kopta and Bennett 4.

Results of the Tuesday, April 11, games are: APCI 14, Kopta and Bennett 4; Thriftway 7, Borders 3; Wells 9, Borders 6; and Highlands Building Supplies 8, Pia Luigi's 8.

Barbecue To Benefit Little Leaguers

The Avon Park Little League Association will sponsor a chicken barbecue at the Little League Field on Saturday, April 29, from 11 a.m. to 6 p.m. The annual bar-b-que will benefit the baseball program for Avon Park youths in the Little League program which will open with a parade and four games that day.

President Henry Dennis and Bar-B-Que Chairman Gordon Marshall urge all parents and baseball fans to purchase tickets for the meal early from any coach of a Little League team or at Thriftway Food Stores from Henry Dennis. A ticket is necessary to get a meal this year. Tickets will sell for \$2.50 each and will be well worth the price according to Dennis and Marshall.

Bass Buster Contest

deadline for the contest. Fisherman will have 3 weeks to try their luck in hooking the largest bass for the contest.

Each winner will receive three prizes ranging from fishing equipment to fishing apparel.

first week, competition will begin on Tuesday morning after the Monday

Red Devil

Players Lose Strong Booster

Avon Park High School's football and baseball teams lost one of their best fans and staunchest supporters last week when Robert Dick was buried.

For over a decade, something had to be wrong if the Red Devils were playing a baseball or a football game anywhere and big Robert wasn't there, hauling players, helping run the press box, or working in some capacity. Rumor has it, that at times, he even did a bit of unofficial coaching.

As a matter of fact, he did some official but unsalaried coaching back in the 1960's period, when he and Wendell Smith, another strong APHS athletic booster, took over the eighth grade football team—the team that was known as the "skeeter squad." They guided this team for three years and produced a lot of players who later made headlines with the "Big Red" eleven.

Many of the boys that Robert and Wendell started going as eighth graders were the key players on the Avon Park High School district championship team of '69, which compiled an 8-2-1 record, including a sectional play-off defeat by Carver High School of Delray Beach that knocked them out of the state finals.

Among the boys he helped coach were his own two sons, Ricky and Ronnie.

They moved on up to the senior high teams and played a lot of varsity football for both Coach Joe Franz and Coach Ralph Hill.

Robert moved from coaching to heading up the Avon Park High School Athletic Association, a group of local citizens who through the years have done much to provide facilities, equipment, etc. for Avon Park High's athletic programs.

He was president of the group for three years during which time the existing Memorial Field was re-sodded and the complete lighting system was revamped. The association was also instrumental in improving the practice facilities next to the field and contributing to the expansion of the track facilities as well as making many additions to the baseball team's playing grounds at Head Field during his terms.

Most Saturdays during football season, Robert would lead a group of players in his car and head for some college stadium to give the local youths a taste of big time football, and many a Red Devil athlete has put on some extra pounds at the "feeds" which Robert provided for the teams during the years.

"Robert will be sorely missed by all of us," commented Avon Park High School athletic director and former football coach Joe Franz, "But we will always

be thankful for the many things he did to make our athletic program as successful as it is today."

sacker Mark Lacy is in the back ground. Sunphoto by Lew Miller.

SFJC Panthers End Season With 23-12 Game Record

The South Florida Junior College Panther baseball team will close out the 1978 regular season this Saturday afternoon with a double header starting at 1 p.m. here at Panther Park with the St. Petersburg Junior College team. The Panthers won two and lost two games last week to set a 23-12 over-all record for the season.

The first and second place finishers in the division advance to the State Tournament. Hillsborough with 4 losses is assured of one berth. Manatee has 7 losses with 3 games to play, one with Hillsborough, and two with Florida College. St. Pete has 8 losses with only a double header left at Panther Park this Saturday with SFJC.

The Panthers now have 9 losses with only this Saturday' double header remaining with St. Pete. SFJC must sweep the double header and Manatee must lose all three games for the Panthers to gain a State play-off berth. A sweep by SFJC Saturday and 2 Manatee losses would force a best of three series with Manatee-the winners advancing to the State.

SFJC - 26, Warner Southern - 1. The Panthers upped their record to 23-12 by trouncing Warren Southern College 20-1 in a game called after 5 innings of play last Monday afternoon. Dave Shepherd went the distance and picked up his sixth win against only 3 losses. Butch

Reichert banged our 3 hits, 2 doubles and a single, and Toby Cuzt hit a line drive home run over left field. Bobby Pierce added two doubles and Rick Kyzer, Charlie Faulconer, Randy Schlosser and Dan Pototsky all collected two hits as the Panthers rapped out 18 hits for the day.

SFJC - 8, HCC - 9

Saturday at Lopez Stadium in Tampa, SFJC jumped out to an 8-2 lead after 5 innings over home team Hillsborough CC. However, HCC came storming back with a run in the sixth, 3 unearned runs in the seventh, 1 in the eighth and 2 in the ninth to give the Panthers a heart-breaking 9-8 loss and dampen their State Play-Off hopes.

The Panther pitchers gave up 6 walks in the last 4 innings after leading 8-2 which, combined with 2 Panther errors that led to 4 unearned runs, proved to be their downfall.

Mark Lacy and Randy Schlosser had 2 RBIs with Lacy also collecting 2 hits, one a double. SFJC scored 2 in the first, in the second, 2 in the third and 3 in the fifth to take what appeared to be a comfortable 8-2 lead. However, the Panther bats were quieted and the Hawks rallied to apparently clinch a State Play - Off spot.

SFJC - 3, HCC - 9.

The No. 1 ranked junior college baseball team in Florida, Hillsborough CC, erupted for 6 runs in the eighth inning

to break up what otherwise was a close battle and defeated SFJC 9-3.

Dave Shepherd kept HCC hitters in check until the eighth when he was touched for 4 hits and the Panther committed 3 errors to open the door for HCC. Prior to the Hawk's big inning, Shepherd had retired 12 in a row.

SFJC tied the game 3-3 in the fourth when Rick Kyzer singled after two were out. Toby Cuzt reached first on an error. Kyzer scored on Al Jensen's single to left and Cuzt tied the score when the Hawk's leftfielder overthrew home trying to gun down Kyzer.

SFJC - 6, MJC - 3.

SFJC downed Manatee J.C. again 6-3 at Panther Park last Wednesday a week ago. On Monday, SFJC had crushed the Lancers 12-1 in Bradenton. The Panthers held a 6-1 lead going into the ninth on the superb pitching of sophomore, Kirk Scheerhorn. Kirk fired in the ninth and was relieved by Gary Parker. Bobby Pierce and Dave Shepherd to halt the Lancer rally and preserve the 6-3 win.

SFJC banged out 9 hits, including a double by Rick Kyzer, triples by Bobby Pierce and Toby Cuzt and a towering two-run homer by second baseman Dan Pototsky. The home run was Pototsky's third of the season and his 24th. R.B.I. Mark Lacy leads the club in runs batted in with 27. Pierce and Rick Kyzer had 2 hits each.

A JUNIOR HIGH Red Devil football team coached by the late Robert Dick and Wendell Smith before supplements were provided for Junior High teams in Avon Park. From left, front row: Howard Stenmore, Roy Lamb, Bruce Peterson, Tom Nunnallee, Winston Smith and Winkie Hall. Second row: Freddie

Jahna, Mike Talley, Randy Johnson, Mike Rihner, Greg Albritton, Tim Williams, Joe Franz, and Donnie Delaney. Back row: Coach Robert Dick, Ricky Dick, Randy Ward, Clark Jackson, Dennis Hart, Steve Hart and Danny Albritton.

ACCEPTING THE CHAMPIONSHIP trophy for the first annual Southwest Conference Track and Field Day held at

Ft. Myers are Darrel Peer, headmaster, and Dan Frodge, administrator, of Sebring Academy.

Sebring Academy Wins Southwest Track And Field

Enthusiasm was running high as approximately 80 students from Sebring Academy participated in the first annual Southwest Conference Track and Field Day on April 7 in Fort Myers. With seven other Christian schools participating and over 600 in attendance, the campus of the host school, Sunshine Christian Academy in Fort Myers, was bustling with activity.

Competition was divided into four levels with even the Junior Kindergarten through 11 grade participating. Elementary competition was keen with students in grades 2-4 and 4-6 competing in track, table tennis, sword drill, and softball throw. Sebring Academy High School students were in top form as they participated in track field events, weightlifting, checkers, chess, table tennis, Bible Bowl, spelling, and volleyball.

By the end of the day, Sebring Academy Students had placed first in 10 events, and had accumulated a total score of 88 points, winning the conference title by more than 20 points.

Sebring Academy High School students will be travelling to Shelton College at Cape Canaveral on May 4-6 to participate in the Accelerated Christian Education State Convention. Events at the state competition will be broadened

to include vocal and instrumental music, PACE Bowl academic competition, arts and crafts, needlework, and persuasive speaking, as well as the track and field events.

HALF MILE RUNNER MARK Hoke, Sebring Academy ninth grader from Avon Park (second from right) prepares to run in the 880-yard competition during the Southwest Conference Field Day held at Sunshine Christian Academy in Fort Myers early this month.

The families of Nancy, Matthew and Jennifer Singletary wish to express our heartfelt appreciation for the great honor bestowed on our loved ones by the law enforcement agencies from Highlands, Polk, Hillsborough, DeSoto, Hardee and Duval Counties. A very sincere thank you to the Honorable Mark Richardson, Mayor Marshall Davis, Chief Robert Brooks and to the Highlands County Sheriff's Department. Our words cannot express our gratitude for the love and support that our relatives, friends and community have shown to us at this tragic time.

Buckhalter Promoted By Fish And Game Commission Board

The Game and Fresh Water Fish Commission, South Florida Region, announced today the promotion of Lt. Floyd Buckhalter to Regional Law Enforcement Supervisor.

Captain Buckhalter has worked with the Commission's Division of Law Enforcement since hiring on in August, 1965, except for two years spent as a training officer for the U.S. Army.

"Buck", as he is referred to by his colleagues, returned to the Commission as a Wildlife Officer in 1968 and in 1971 became Sergeant and Area Patrol

Leader responsible for supervising seven wildlife officers.

It wasn't Sgt. Buckhalter for long, however. Just 14 months after assuming his new duties, Sgt. Buckhalter was promoted to Lieutenant as Area Supervisor. "Buck" was now in charge of coordinating Law Enforcement activities of two sergeants and 15 wildlife officers in the six counties making up the northern half of the region, Hernando, Pasco, Pinellas, Hillsborough, Polk and Hardee.

Lt. Buckhalter's promotion to Captain of Law Enforcement came this past

Thursday when he was called to the Commission's office in Tallahassee and briefed on his new position.

Buckhalter is taking over the position from Captain Grady W. Phelps who was promoted to the Tallahassee office as Investigations Supervisor.

"Buck's" qualifications and experience received in the field coupled with the dedication he has to his work make him an excellent choice as Regional Law Enforcement Supervisor," said Major J.O. Brown, South Florida Regional Manager.

Hunting Is From Nov. 11, To Jan. 7

Nelson A. Italiano of Tampa was sworn into office as a member of the Game and Fresh Water Fish Commission at its meeting Friday, April 7, in Tallahassee.

Italiano, formerly chairman of the Tampa Sports Authority, was administered the oath of office by Circuit Court Judge Charles Miner of Tallahassee. He assumes the post occupied during the past five years by E.P. "Sonny" Burnett also of Tampa, whose term in office expired.

After welcoming the newly appointed Commissioner, the wildlife board got down to the business at hand and approved a rule establishing a statewide nuisance alligator control program. Under the approved guidelines, private trappers will be contracted to handle nuisance alligators.

"We have already interviewed prospective trappers," Colonel Robert M. Brantly told the Commissioners, "and the program should be operational by the time the alligators begin to move."

Brantly, executive director of the Commissioner, reminded the board that along with the trapping program, research will continue on other ways to handle the growing number of conflicts between alligators and people.

The November 11 starting date for general hunting season was confirmed when the Commission adopted 1978-79 hunting and fishing regulations. The General season will close January 7, except in the Northwest Region where it will continue until January 21. Small game season will run through February 25.

Six new fish management areas were approved for Duval County when fish management area regulations were adopted for the 1978-79. Wildlife codebook changes and regulations for Type I and

Type II wildlife management areas were approved in principle with final adoption slated for the May Commission meeting.

The staff presented a report on four parcels of land which have been offered to the Commission for consideration for purchase as wildlife management areas. After considering the size, cost and desirability of the various areas, the Commission decided to concentrate on the purchase of an 18,284 acre tract in Indian River County. Negotiations with the landowner of this property were approved with the subject to be brought

before the Commission at its May meeting.

Reports were also presented on the 1977-78 bobcat and other pelt tagging program and the deer and hog relocation program.

The next Commission meeting has been set for May 5 at Tallahassee. Members of the Commission are: Dr. Donald G. Rhodes of West Eau Gallie; R. Bernard Parrish Jr., of Tallahassee; George G. Matthews of Palm Beach; Randolph R. Thomas of Jacksonville and Nelson A. Italiano of Tampa.

Castnet Fishing Illegal

If you're thinking of fishing Lake Okechobee with a castnet, check the regulations, or you might be in for a rude awakening.

Although commercial fishing is allowed on Lake Okechobee, the castnet may not be used to take any fresh water fish except non-game minnows and shiners.

"We have received a number of reports and wide-spread rumors that some people plan to use castnets for taking blue gill and redear sunfish while they're on the beds," said Lethian Ager,

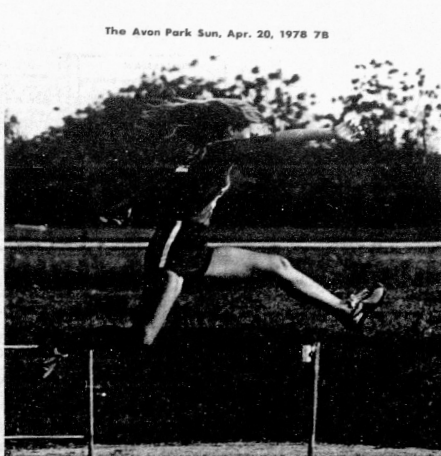

biologist with the Game and Fresh Water Fish Commission.

Ager is Project Leader for the Okechobee Fisheries Utilization and Management Program. OFUMP monitors and controls commercial fishing on the lake.

"Using a castnet to catch these fish is illegal, regardless if they're taken for personal or commercial use," Ager said.

Ager asked that anyone observing someone using a castnet for this purpose to please report it to the nearest Commission office.

Month Long Big Bass Buster Contest. Enter That Big Bass, You Might Be A Winner

SKIMMING THE HURDLE is Avon Park's Terri Landress during a track meet here last Thursday afternoon against Tampa's Academy of Holy

Names. Terri won both the 110-yard and the 330-yard low hurdle events and Avon Park won the meet 58 - 57 for its first victory. Sunphoto by Lew Miller.

Bill Filed For Free Camping Over 65

State Representative Ander Crenshaw (R-Jacksonville) today, filed a bill in the Florida House of Representatives allowing residents of the state who are 65 years of age or older to camp free of charge in Florida's state parks.

"Senior citizens can obtain a 'Golden Age Permit' from the National Park Service allowing them to camp free of charge in our national parks," Crenshaw said. "I think it's a valid privilege, one which should be offered by our state parks to our Florida senior citizens."

Crenshaw said that the bill further instructs the state parks to allow 3 or fewer guests accompanying the qualified person in a camping vehicle and using the same camping site to camp free of charge.

"Camping is a relaxing recreation which our senior citizens should be able to enjoy. Many of these folks are no limited incomes and shouldn't be denied recreation because of high permit prices."

ADULT GOLF SCHOOL

ADULT

4th Year

HERE'S THE VACATION TO END ALL VACATIONS... AND START A LIFETIME OF REWARDING GOLF.

Monday thru Saturday
36 Hours of Instruction

\$225.00

Starts May 1, 8, 15th

Your Own Pro for Each Foursome

Doug Ford Jr., Head Professional, who has been teaching at the Harder Hall Golf School for the past 4 years will give you the same program that guests now pay \$660.

As part of our program, you will learn... or relearn all the basics of golf. The grip that's best for you. How to stand. The set-up. How to move. What you should "feel." How to hit your irons. The finesse shots. Putting. Chipping. The wedge. How to think golf. How to play to score the best with your capabilities. How to practice and keep on improving.

Your swing will be personally analyzed by Doug. Then you will be one of four golfers to one pro who will give you foursome full, individual instruction for an entire week. You'll have supervised practice, supervised play. You'll be analyzed with instant video replay. You'll see movies, demonstrations, all focused on your game. For one full week, you will be the center of attention of your own pro. You can take home 2 series of 8 sequential, stop-action Polaroid photographs of your swing, with a complete analysis by Doug Ford which you can use for future reference.

Doug's entire program has been pretested. And the results are phenomenal. No matter how inexperienced or advanced you are, one week at the Harder Hall Complete Golf School will achieve excellent results for you.

You will have a total experience, and enjoy the satisfaction and pleasure that comes in knowing each time you play, you're getting better. Getting more out of your game.

Take home a much improved golf game. The Harder Hall complete Golf School is the place where you can do it all.

Includes 6 day, 36 hours of superior instruction, Daily Playing Lesson, Instant Replay TV and Graph-Check Camera. Free unlimited golf, practice balls and golf cart for 18 holes daily. Special movies and demonstration.

A KINGSBERRY HOME AT GOLF HAMMOCK IS MUCH MORE THAN A ROOF OVER YOUR HEAD
IT'S A NEW AND EXCITING ENERGY SAVING EXPERIENCE
 The Roxboro shown above was one of the first award-winning energy saving homes in Highlands County. And, when it comes to buying a new home why shouldn't you get the most for your investment?
 Golf Hammock Estates is the ideal place for comfortable family living, just minutes away from schools, churches, and shopping centers. Drive out to Highlands Hammock State Park and 1/2 mile before you get there, turn right into Golf Hammock Estates. Drive in to Eagle Court and look it over. (V.A. FINANCING AVAILABLE)

Lively Living by Betty Amburn Society Editor

The Avon Park Sun, Apr. 20, 1978 1C

A Tribute To Joseph A. Franza

Joseph A. Franza was born on December 23, 1924 to Mr. and Mrs. Joseph B. Franza of Murphysboro, Ill. He graduated from Murphysboro High School, served three years in the Marine Corps, went one year at the University of South Florida and transferred to Erskine College in South Carolina where he finished his schooling with a B.S. degree.

Joe came to Avon Park the school year of 1949-50, and was employed as a high physical educational teacher and also the football, basketball and assistant baseball coach, at the old Avon Park High School.

Although Coach Franza's football teams did not win a state championship they did hold a very good win-loss record. His teams throughout his coaching career, won a total of 146 games, lost 53 and tied 8. They went to the state playoffs four times and in 1966 were the state runner-up.

Many of his players went on to have successful football careers in college and elsewhere. Bobby Coleman, played defensive end for the University of Florida Gators for two years, Wolfgang Halbig has just recently been given the position as head coach for the Lake Weir team; Bill Rouse played backfield for the University of Tampa and is now superintendent of a correctional institute in Clermont; Carl Holden is an officer in the Army; Billy Miracle played lineman for Newberry College and is now Dean of Students in Michigan. These are just a few of the many students that Joe was involved with throughout his coaching career.

Joe had another successful activity, other than sports that he was involved with, this was a circus that he put together at the old Avon Park High School now known as middle school, in the year of 1952.

He became interested when during a physical fitness test, the boys legs proved to be strong, but for their age and time, their shoulders and arms were not as strong as they should be. So as a football coach he wanted them to build their muscles in the upper torso.

The guys were not that interested in weight lifting and so on, so Joe knew a fella by the name of Bill Rutland, in Sarasota that had a high school circus, called the Sailors Circus. And, one of the reasons that their school liked the circus acts so much was the fact that it was such a good upper body builder. Those participating had to do a lot of lifting, climbing, work out on the trampoline, rings and things of that sort, which in turns, develops the arms, shoulders, therefore, making better physically fit football players.

"The circus began on a small scale," said Joe. It really all began when the Parents Teachers Association (P.T.A.) had a carnival and asked him to furnish an act. He was already interested so he took physical educational boys that showed to have a little talent in this area, and worked up an act with aerobics and tumbling.

The following year the P.T.A. again held another carnival and it was decided that the physical educational team would do the floor work while a team of performers from the Sarasota Sailors Circus performed on the trampoline.

This started the traditional circus performance and the following year students from the Avon Park High School did the complete show. Lucy Derkman, the Sun's Sports Editor, and at that time the Avon Park High School's physical educational teacher went with Coach Franza to Sarasota to watch the Sailors Circus perform so they could pick up some tips from them on the different acts. Franza also went to Florida State University for a couple of days to watch their circus performers and to take note of the different routines they went through and bring his ideas back to Avon Park. Both the Sailors Circus and Florida State University gave the school some equipment and costumes. The students mothers then took the costumes and tailored them to fit and added sequins if necessary. The girls also took bathing suits and decorated them up with sequins to make them look professional, and which they serve a dual purpose also. The boys would wear black trousers, which a colored stripe had been sewn down the sides, and performed with a bare torso.

"In the beginning most of the routines were ballet style," he said, and "the performers received a lot of their ideas from pictures and circus programs." At that time there was a circus program on TV each Saturday morning and the students would watch it and took some of their acts from these programs. Joe stated that they were doing some of the very same stuff that the professionals were doing.

On some of their acts, nets were used such as the flying trapeze and cradle act. He went on to say that the higher in the air the students got, the more careful they were. While learning they used safety rigs, and spotters to catch their heads just in case one of them let loose with both hands and fell.

Joe said, "It looks like they took a lot of chances, but it's really not as

dangerous as it looks after you learn how to do it... but then, learning how to do it and getting over the fright of being up there and things like that. Most of the time, if you watch carefully they never let go with both hands at the same time."

The group never had any really serious injuries although, he said there were broken arms, legs and one time, Eddie Delaney broke both wrist at the same time.

The circus grew bigger and better each year with new and more daring acts. In 1958-1959 the school purchased a flying trapeze from someone in Texas. A professional flying trapeze catcher, featured in the movie, "Flying Trapeze" starring Tony Curtis, taught the participants how to perform on the trapeze and was their catcher. He was at that time residing in Sebring, and very interested in their circus.

The circus groups traveled to Leesburg, Fort Meade, Wauchula, and Frostproof to perform. They were also telecasted on a Tampa television network. The equipment was transported by semi-truck and it took on the average two days to set it, two days performance and another two days to tear down. It became a very involved activity which brought a great deal of support from the community. Monies raised from these shows enabled them to purchase costumes, more circus equipment, do repairs, and buy other type of school equipment that otherwise they would not have been able to get. Here in Avon Park the show would perform the last of April, for three nights to a packed house or rather football field as this is where the performance took place.

It was a profitable activity for the school as each classroom participated in some way. Such as selling cotton candy, candied apples, hot dogs, and other circus related items.

Joe decided to stop and call a halt to the circus in 1960 it had gotten so big and the spectators expected each year to be bigger and better than the year before. He also stated that he had run out of ideas, but mainly it was time to stop before someone got seriously hurt.

So all in all it was quite a spectacular thing for Avon Park High School and all participants.

Joe is now Dean of Students at Avon Park High School.

Franza has now taken up another pastime. He is a member of the newly formed Highlands County Bluegrass

THE HIGHLANDS COUNTY Bluegrass Band plays for different functions throughout the county and for pleasure

as one can well see on the faces of these men. Pictured L. to R. Joe Franza, Don

Farrens, Jim Robertson, Gary Dressel, and Jim Sizemore.

Band. The group consist of local men who have an interest in that type of music and they meet in each others home to practice.

The group has five members, Don Farrens who is dean of vocational subjects at South Florida Junior College; Jim Sizemore, a retired Air Force of-

ficer; Jim Robertson, an instructor at S.F.J.C.; Gary Dressel of Dressel Dairies, and Joe. The Band has played for the Rotary Club Talent Show, J.C. Penney's Moonlight Sale, and for the Cancer Barbecue at Horse Hammock.

We play mainly for fun," said Joe. He also pointed out that he would like to thank P.O. Goff, who has his own professional band, and taught Joe all he knows about the rhythm guitar.

Joe and his wife Shirley were married on April 7, 1946. They have three children, George Ann, Joe, and Susie. George Ann is married to Gayle Murdock, manager of Crews Equipment and she is employed with youth services. The Murdocks have two children, Heather and Heath.

Joe is employed at the Avon Park Correctional Institute and is married to a local girl, Laura Debose, and they have two children Joey and Brian. Laura works for the company formerly known as Florida Home Juice.

Susie, the Franza's youngest child was married last summer to Dave Buelow of Sebring. Dave is employed by the city of Sebring and Susie works as a receptionist at the new complex of the

Department of Health and Rehabilitation Services of Sebring.

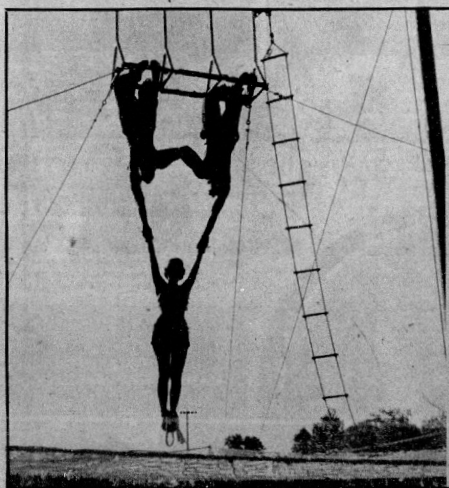

Joe's hobbies are hunting, fishing, and camping. He is a member of Poinciana Lodge No. 227, the Athletic Association, and a member of Union Congregational Church.

Shirley is employed by attorney, David Lamer and her hobbies are sewing, fishing, hunting, camping, "the same as Joe's," she said, "except for the sewing of course."

Shirley stated that Joe loves to work with Kids and to hunt and fish.

A lot of good has come from Joe's association with the young people of this community and this is a tribute to him and all he has done to help make this community a little better place to live in.

Leroy Farless displayed daring skills on the Double Trapeze.

4-H Fashion Revue "The Road To Fashion" Winners Announced

The 1978 4-H Fashion Revue, "The Road to Fashion" was held Thursday, April 19, at the Agricultural-Civic Center.

Garments which had been made as a 4-H project were modeled by 15 4-H members from throughout the county.

The garments were judged on construction by Mrs. Ellen Smith and on fit and appearance by Mrs. Charlotte Clark and Mr. Bob Butts.

Fashion commentator was Mrs. Jeanne Lanier. Entertainment was provided by 4-H members from the DeSoto City Club under the leadership of Mike Sawyer. Sawyer introduced Kim Duerr and Tammy Waggoner who played a clarinet duet, and Bert and Roxanne Tish who did a square dance.

Volunteer 4-H leaders were introduced. Those leaders with 4-H members participating in fashion revue were: Mrs. Beth Brooks, Mrs. Aida Schumacher, Mr. and Mrs. Tom Gay, Mr. Mike Sawyer. Ribbons for achievement were presented by Miguel Rubio, 4-H Coordinator and Beki Brock, Extension Home Economics Agent.

Blue Ribbons on construction went to: James David Kirk, Cheryl Campbell, Tina Marie Lowery, Linda Shriver, Michele Campbell, Susan Sawyer.

Blue ribbons on fit and appearance were presented to: Deah Dove, Roxanne Tish, Kimberly Wentworth, Michelle McAdams, Carrie Sue Nugent, James David Kirk, Cheryl Campbell, Tina Marie Lowery, Michele Campbell, Susan Sawyer and Stacey Anne Gay.

Red ribbons for fit and appearance were awarded to: Laurie Hurner, Linda Schriver, Kelly Serdynski, and Hollie Harris.

The two top scoring models were Deah Dove, daughter of Mr. and Mrs. Roger Dove, and Roxanne Tish, daughter of Mr. and Mrs. Hubert Tish, who will represent Highlands County at 4-H District Events competition at Camp Cloverleaf in Lake Placid, April 21-22.

Winter Guest Club News

Pinochle
On April 7, with seven tables playing, Lena Vanzo took first place with 777 and Fanny Klenk placed second with 768.

On April 10 with seven tables playing, Grace Stanley led all players with a 818. Theresa Jank finished second with a 765.

Shuffleboard
On Saturday April 8, with 12 courts playing, four game winners were Helen Stanley and Willis Spohr.

On April 12, with 13 1/2 courts, four game winners were Twylla Whurster, Al Wilson, Helen Berlow, Bill Olson and Jake Turfner.

Potluck Supper
On April 8, 44 persons were present for the Potluck Supper. George and Lucy MacDonald were host and hostess. The program consisted of vocal solo by George MacDonald, and duet by Lucy MacDonald and Eula Gunning. Also Lucy played a piano solo. The program closed with the singing of God Bless America.

Bridge
On April 11, with five tables playing, M. Brevort and Ben Prescott scored 5,010 and 4,500 respectively.

Duplicate Bridge
On April 13, with eight tables, in the North-South category Emma Carlson and Sarah Spindler placed first. Ada Johnson and Ethel Harden were second while Ardow and Ida Allen were third.

In the East-West category, School Menus

What are some major concepts in buying food with relative economy? A Florida housewife asks that question by concept about inflation but bored by the minutiae of grocery budgets—comparing, for example, as the cost of delicate delicacies slaw with that made at home. He seeks larger suggestions that she dollars, say pennies, off supermarket bills.

So, wishfully, do the rest of us. But buying the bread and beef, milk and mustard, and the cost of delicate delicacies food order is not like choosing one lawn mower over another and thereby saving \$11.96. So much dramatic economy offers little comfort to week's marketing. Savings have to effect some is the topic of this column—are in pennies on individual grocery items. And it is a penny saved is a penny gained consistently that they mount in a twelvemonth to a significant sum.

Buying food with greater economy, you might start off by selecting more of it at the supermarket. Paradoxical! Eating away from home, particularly at fast-food restaurants, takes 20 percent of our food dollars; one out of every three meals consumed by Americans is at such establishments. If we were to be part of that trend and by preparing at home the meals you might eat out, you reduce total food bills.

Lizette L. Luby, associate professor of food buying, the University of Florida, made these comparisons recently:

At a fast food chain, a hamburger, french fries, called quarter-pounder), a small order of French fries and a small soft drink cost \$1.20. The same meal readily at home costs \$1.80.

A chicken macro box, again chosen at a fast food chain, totaled \$1.65, and offered two pieces of chicken, a roll and a fruit cup, plus french potatoes and gravy. At home Mrs. Murphy turned out the same assortment for 43 cents with instant potatoes and 4¢ with vegetables.

Finally, the family bucket of 15 chicken pieces and seven rolls that cost \$7.23 figured out at home cost \$4.25. That's making more chicken and less bread than did the restaurant.

Time—the objection will be raised—is valuable too, and the cents saved by dining at home must be related to the minutes expended in cooking.

In householders' management circles, Kay Walker points out considerations of time may indeed rank with money; both may be in less than an abundance. To save time, she suggests that family menus be planned for a week in advance. Dr. Walker is a family-resources specialist in the Florida State Extension Service.

"Planning week ahead may seem impossible at first," this economist admits. But her promises, "Advance menu planning can save time, reduce the use of leftovers, and save time in the long run."

The planner, she says, should keep such considerations as these in mind:

Who will be at home for which meals, their likes and dislikes, the money available to the shopper, the time available to the day.

On particular week, supermarket sales and supplies on hand. Perhaps the cook may have to call on other family members at times during the day.

How many days there may be advance cooking will have to be done over a weekend.

After making your menu plans, a Florida housewife, "prepare a grocery list and stick to it, allowing reasonable substitutions but no impulse buying. Consider transportation costs, plan how many stores you will visit in your marketing. Two is usually the best number if you count both time and travel costs."

Once at the market, what then? Unit—pricing is obviously among the most inflation-fighter's biggest boons. In a neighborhood store, a manager told me recently shocked me by saying he did not think that shoppers in general took notice

You may not choose the cheapest brand or size, but at least you know when you don't — and where your money is

Not all the largest sizes, as some of us were taught in home economics classes, are necessarily the cheapest. Mrs. Murphy would certainly be advised scrutinizing "the baggies" before automatically dropping them into the shopping basket.

And pay heed, too, she said, to multiple pricing, a growing practice. Is "3 for W cents" cheaper than the 3 cents you've been paying for a single item? Similarly on coupons, and this is my suggestion, not Mrs. Murphy's reflect whether by using them you obtain a product cheaper, dried corn, or thrifty utilize, No point in saving 10 cents on a 65-cent item that is essentially an extravagance.

Some three-fold (or admitted, three-fold) tips fit in here:

Because meat is the most expensive food, besides dairy products, look in terms of actual servings (boneless cuts yield four portions a pound, bone-in may give only two), and buy less of poultry, cottage cheese, dried beans and peas and peanut butter are among the cheaper alternates.

You may not choose the cheapest brand or size, but at least you know when you don't — and where your money is going.

Not all the largest sizes, as some of us were taught in home economics classes, are necessarily the cheapest. Mrs. Murphy's secret, she advised scrutinizing "the biggies" before automatically dropping them into the shopping cart.

And, my head, too, she said, to multiple pricing, a growing practice. Is "3 for 90 cents" cheaper than the 33 cents you're really paying for a single item? Similarly on coupons, and this is my suggestion, not Mrs. Murphy's reflect whether by using them you obtain a price better than for a single item. No point in saving 10 cents on a 68-cents item that is essentially an extravagance.

The judge (who admittedly, three-to-five tips fit in here):

Because meat is the most expensive food, estimate its cost in terms of actual savings (boneless cut, bone-four portions a pound, yield-in may give only two), and buy less of it. For poultry, cottage cheese, dried beans and peas and peanut butter are among the cheaper alternates.

(s) Don M. Childers
(s) Mark C. Allen

April 13, 20, 27

needed whole wheat that requires only a minute's simmering follows out to 35 cents a serving. Compare that with your favorite prepared cereal. Its cost may be twice that, and its nutrition not the equal.

Look to the package; packaging can cost more than the food contained. Scrutinize convenience foods, and figure out on those bought regularly whether the same thing might not be done at home for scratch or less. Frozen packages cost two to four times those prepared at home. The latter are quick, and require little culinary skill.

Waste not, want not. A study by Cornell University found that the average household discards 7 to 10 percent of food purchases and that a two-person menage throws away \$100 worth of food supplies annually. Total food wastes in the United States came to about \$31 billion in a recent year, with more than half that at the consumer level. To inflation-fighters, the moral is obvious: Rule out discards in the kitchen.

In the thrifter management of food, the final word is in the form of a point blank question: Are you overweight? According to Dr. Jean Mayer, the nutritionist who also is president of Tufts University,

the majority of adult Americans are at least 10 percent in excess of desirable weight by the time they reach middle age. By eating less, such individuals save on food dollars — and simultaneously may enjoy two desirable side effects: improved health and a comelier appearance.

Physical Fitness Course Starts May 4

During the South Florida Junior College Summer "A" Term, Tom Ray will teach a basic conditioning course on Tuesdays and Thursdays from 7 to 9:30 p.m. The class begins on May 4 and ends June 12. The objectives of this general interest physical education course are the attainment of a high degree of physical fitness and the improvement of the cardio-vascular and respiratory systems. The basic conditioning class is co-educational and may be taken for one hour of college credit or for audit.

Anyone planning to take the basic conditioning course must register at the college May 3, or 5. Details may be obtained from the Admissions Office or by calling 453-6661, extension 135, in Avon Park.

Picture Of C

A just-completed survey of customers by Florida Power Corporation has painted a graphic picture of how Florida lifestyles have changed over the past decade and of how that change has affected the electrical use of the families surveyed.

Complete every two years after being initiated in 1967, the Appliance Saturation Survey was sent, last year, to nearly 38,000 Florida Power customers. The survey is a part of the company's planning program by which it projects electrical needs of customers in the years ahead but it is based around appliance ownership today. The questionnaire, returned by 31.8 percent of the contacted, showed that appliance ownership had increased substantially in almost every category.

Some of the increases were dramatic.

For instance, in 1967, only 13.3 percent of those customers responding to the survey owned dishwashers. In 1977, that number had almost tripled to 36 percent. Similarly, garbage disposal ownership rose from 11 percent to 33.4 percent. Color television is now present in 51.3 percent of the homes as opposed to 11.8 percent 10 years ago.

The electric bills found comparable residents that number in 1967 far as electric home is that 51.8, swerving that electric principle as opposed to a decade ago, whereas the use of household electric period, senior

showed that the average household in the service area tract to half as much as 14.8 percent of the average household in the same area. The average annual residential billing was for 6,739 kilowatt hours. Last year, that figure had burgeoned to 10,604 KWH.

Scott noted that the cost of the kilowatt-hour had increased, in keeping with inflation, during the decade from 2.59 cents per KWH to 4.51 an "undoubtedly is responsible for a part of today's higher bills. But," he added, "the fact the customers are using half again as much power as they were when the survey was first conducted is too often overlooked when a discussion comparing the 'good old hazy days' with the present takes place."

Just-completed survey of customers by Florida Power Corporation has painted a graphic picture of how Florida lifestyles have changed over the past decade and of how that change has affected the electrical use of the families surveyed.

Complete every two years since after being initiated in 1967, the Appliance Saturation Survey was sent, last year, to nearly 38,000 Florida Power customers. The survey is a part of the company's planning program by which it projects electrical needs of customers in the years ahead but it is based around appliance ownership today. The questionnaire, returned by 37.8 percent, those contacted, showed that appliance ownership had increased substantially in almost every category.

Some of the increases were dramatic.

For instance, in 1967, only 13.3 percent of those customers responding to the survey owned dishwashers. In 1977, that number had almost tripled to 36 percent. Similarly, garbage disposal ownership rose from 11 percent to 33.4 percent. Color television is now present in 51.3 percent of the homes as opposed to 11.8 percent 10 years ago.

The survey showed that electric clothes dryers can now be found in 43 percent of the company's service area residences in contrast to half that number — 22.5 percent — in 1967. Most significant as far as the expanded use of electricity in the "average" home is concerned is the fact that 51.3 percent of those answering the questionnaire said that electric heat was the principal source of home heat as opposed to only 14.8 percent a decade ago.

"The significance of this increased electrical appliance ownership is readily evidenced in the corresponding electrical use by the 'average' household over the 10-year period," said Lee H. Scott, senior vice president,

operations. "During that time household use has increased by 57.4 percent. In 1967, on average annual residential billing was for 6,739 kilowatt hours. Last year that figure had burgeoned to 10,604 KWH."

Scott noted that the cost of the kilowatt-hour had increased, in keeping with inflation, during the decade from 2.59 cents per KWH to 4.31 an "undoubtedly responsible for a part of today's higher bills. But," he added, "the fact that customers are using half again as much power as they were when the survey was first conducted is too often overlooked when a discussion comparing the good old billing days with the present takes place."

NOTICE OF PUBLIC HEARING

Notice is hereby given that the City Council of the City of Avon Park will consider passage of Ordinance No. 31.

AN ORDINANCE DEFINING ALL DEPARTMENT HEADS OF CITY DEPARTMENTS PLACING THEM UNDER THE DIRECT SUPERVISION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF AVON PARK, FLORIDA, AND CLARIFYING THE PROCEDURE FOR THEIR ELECTION AND DISCHARGE.

April 24, 1978 at City Council Room, City Hall on this ordinance. All those desiring to speak for or against it will be heard.

Question And Answer Interview With Father William Harris

Continued From Page 8A

segment of our society saw God as dead at least in the way He had always been envisioned, Mr. Harris said. Theologically, it's important to keep in mind that the only way we can characterize God is from a human standpoint. We're limited and He's not.

But we were certainly in a time of unrest in the early to mid-sixties. Some theological questions, which had been in the closet for a long time came out. But I didn't see anything particularly ironic about it since I didn't particularly subscribe to the death - of God in the sense that God is dead because He died and is no longer available to us. That's not really what they were saying.

Q. In the mid-sixties there seemed to be a falling off in church attendance, where as now some people say there's an increase in religious activity. Is that an accurate view?

A. Actually it's been up and down since then. It was on the way down then. There was a lot of dissatisfaction. Then it did go up. We had a lot more church attendance. Maybe even more personal commitment. I doubt it, personally. Really now we're in kind of a down cycle.

"I think in Christendom in the United States and in the world there's a decline in church membership except in the Evangelical sects," groups or in the Evangelical factions within the major denominations.

Q. How do you account for that, that the fundamentalist evangelist groups are growing.

A. Well you have to make a distinction between fundamentalists and evangelicals. Many evangelicals are not fundamentalists at all. Here you have to define your terms.

Fundamentalists really have been marked by a belief in the literal interpretation of the Bible. If the Bible says it, then that's it. The ethical, moral expressions of the Bible are immutable and unchangeable. They haven't anything to do with the fact they were written in pre-Christian times and in the early post-Christian era. And that they weren't written in a context. Well they were.

Now if that is fundamental, you can't say all evangelicals are fundamentalists. Many are but many religious liberals are. Evangelical really means carrying the message, preaching it, converting the world and so forth. An evangelical person is going to be concerned with his neighbor next door, not that he become a Christian, but that in some sense he is aware of, in the evangelical, in the kind of life of the person who understands his relationship to God lives and the peculiar joy that it brings having yourself properly placed in the scheme of things.

"Seek ye the Truth, Come whence it may. Cost what it will . . . That seems to me to characterize the stance which a Christian must always take.

Q. But many people are concerned whether you accept their faith, whether you become a Christian. Such as, people rushing up to you asking, "Have you been saved?"

A. That exhibits to me a very very thin and anemic understanding of the meaning of salvation. I've been asked that, "Have you been saved?" "Yes." "When?"

Well the best answer is somewhat of a facetious one, apocryphal and probably not real. Someone was supposed to have been asked that and said, "Oh, yes, I have been saved?" "When?" "Oh, I think it was around 2,000 years ago on Calvary."

Well, that's when the salvation took place. Now when I became aware of that, and appropriate to myself and begin to live that way with an understanding of my being made redeemed, whole. Not by my goodness, or by my fine living or by the amount I give to the church but by the action of God through Christ Jesus, who took the sins of the world upon himself. That kind of understanding of salvation.

Then I will go further personally, although there are many in the church who will not. I believe personally in universal salvation. I think when we say Jesus died for the sins of the whole world, it means exactly that. That every person is "saved." Whether he knows it or not, whether he professes it or not. Or whether he denies it. The worst and the best. I think God will gather up his whole creation and say, "I'm not going to lose them." Now I don't know why he does that exactly but I guess it's in his nature. It's his.

If we believe God created nothing that was not good, then the abuses of man simply represent the failure of man through his immaturity and his childishness and his perversity and absurdity to take what he is and what he can and put those two things in some proximity to one another.

Q. Many ministers would object rather strenuously to your view of salvation?

A. I know. I'm sure a lot would. That's okay. I have to . . . stand here with Martin Luther "This I Believe." I can't say anything else because that is what I think.

"I believe there's something rather egocentric, self-centered and a little bit prideful in thinking because I have received the Grace and gift of the knowledge of my salvation and of my awareness of the great benefits of His Passion, that's that is something which I have and something this guy down the street who's an atheist doesn't."

Q. Is our society becoming more and more secularized. Some critics have said we no longer placed God first, or science or philosophy or humanism, we place ourselves first. Tom Wolfe's "The Me Generation" is an example. Are we coming to that?

A. No more than it has historically before . . . That's a cyclical kind of thinking that ebbs and flows. The culture or age we're in is an example. Are we coming to that?

secular age. It's not the first time it's happened and it's probably not the last time it'll happen. Assuming the people who believe the end is near are not correct, maybe they are.

Actually my personal view is we are like children who have gone to college and found out we're bright and are tremendously satisfied with ourselves. We have made tremendous strides in technology and scientific discoveries, even in the humanistic sense. We don't tolerate the type of oppressors

cruelties which we did 100 years ago or even 50 years ago. So there has been some progress.

"There's temptation to say we're on the right track. It looks like education is the answer, science is the answer, humanism is the answer and cultural progress is the answer. Finally, the society is finding and will continue to find that they're not the answer at all. There's always an underlying urge, attraction and magnetism toward the Supreme Being, God in my terms. That is part of

our instinct, part of our self. It's not just part of our history. It's part of who we are. That's what affirms to me the validity and the truth of the believing community in its statement "God is our Father."

Q. Presently the charismatic movement, termed the charismatic reawakening by some, is cutting across denominational lines hitting Episcopal, Catholics, Methodists, Baptists, etc. Do you see the charismatic movement as a positive influence for the church?

A. I certainly don't see it as a negative one. I think it's been a positive influence for some people, there's no question about that. The fruits of it are mixed. That's because charismatics are human. Some of them are just as proud as traditional prayer book Christians. This-is-the-way-it-is fundamentalists, 1928 prayer-book people. Some are way out on the fringes.

There are benefits and there are things about the charismatic movement which are not so good. But it has cer-

tainly many many heritage, and lives. charism question

YOUR CHOICE! EACH

Rector In Charge Of Episcopal Church Of The Redeemer

tainly meant the re-identification of many people with their religious heritage, their religious understanding and lives. Lives have been changed to the charismatic movement. There's no question about that.

Q. If we could switch from the religious to the secular for a moment...

A. You realize I can't make that distinction.

Q. Right. Actually I was going to ask about the Florida House and Senate which is about as secular as you can get.

A. Not entirely.

Q. You've had a chance, as most people do not, to see those legislative bodies first hand and observed them quite closely. Generally what is your opinion of the Senate and House?

A. One, the Florida House of Representatives does not represent, in any strict sense, the people. It's not representative in the sense that we don't sent people who are representative of the community to the state house. We send a quality of person who is a cut above the

average. Now that may not be in the moral sense. He may be an absolutely amoral person although that happens very seldom.

They're mostly folks like the rest of us. They have some qualities which are not average or they wouldn't be there because it's a tough job, and it's a thankless job in a lot of ways.

It can be very rewarding in a lot of ways. But when I say they're not representative, if they are when they get there they soon become overly impressed

with their own importance. I don't say that in a unkindly way. I think it's like Bishops. They have to fight constantly against the temptation to become proud where they are.

They are no better or worse than we are. We send them up there and make tremendous demands upon them to straighten up this problem or alleviate that situation over there. Interest groups are up there.

As a result, we get more and more laws, more and more regulation. At the

same time any interest group are bawling the government is running their business, or trying to, they're right there to get their special interest regulation passed.

The House of Representatives and the Senate in Tallahassee are just as human a place to be as the mind of man could conceive. They have all the failures and faults and all the good too.

The only difference is they are in the spotlight, they're always under public scrutiny and they do become a little

puffed with their own importance.

The situation they're in is bringing out the best and worst in men. Because whatever they do not only affects them but will effect people around the state.

Q. Do you notice any changes since you were a lobbyist in Tallahassee?

A. Well, what happened to the legislature is that it's grown in size, there's a certain impersonality, and loss in the bureaucracy which has now been built up.

Everybody has staff people and staff people. And the committees have their own staff. So, theoretically, somebody on their staff is looking at every bill.

It reminded me of when my father was in the Legislature in 1941-43 and I was visiting him. He didn't have an office or a staff. They were voting one day on a bill involving citrus, a rather complicated bill.

I said, "Dad, you don't know very much about citrus. Did you read that bill?" He said no and I asked him how, in good conscience he could vote on a bill he hadn't read.

He said, "Well, I don't vote on that without knowing anything. I'm on the Judiciary Committee but when it comes to citrus matters I consult with Perry Murray." (Murray was a citrusman from Frostproof.) "He knows what's in that bill and he knows whether it's for the good of the industry and the state and whether its reasonable legislation."

"If he tells me it is, I know him to be a honorable and knowledgeable man. If he tells me it is, I'll vote with him. By the same token when it comes to some law in the judiciary sense, Perry Murray will come to me and ask me my opinion. I'll tell him and he believes me to be honorable and trustworthy and he'll vote my way."

That's the way the legislature worked in those days. And I'm not sure it wasn't as good as system as we have now.

It has been said long ago instead of meeting 90 days every year, the Legislature should meet two days every 90 years.

That really does characterize, to some extent, the way I feel about the law today. It's one of the reasons I'm not practicing law today.

"The body of the law and the regulations, the tightness of controls, the intrusion of the government into the daily affairs of the lives of every citizen has come to the point where the law may very well topple of its own weight."

Q. You could like you would like to do away with some laws instead of passing new ones?

A. I'm not sure it's possible but it would be a way to simply our lives in one sense and "absorb" the responsibility for themselves which we have not only allowed, but encouraged, the government to take over.

I don't blame the government. Anyone who thinks a bureaucrat is not going to go up there and build his own empire has no concept of human nature. We, the people, have voted time after time for the people who go up there and built the empires and then demand things. Give us a new agency. Give us this. Give us that.

Every time we ask the government to solve this problem or give us this service, we get what we ask for. Government is not going to do unless it also takes the power to control what we do.

Q. Do you think we could draw that line now since citizens are so accustomed to government benefits?

A. In one sense no. In one sense we are headed for a socialized society. The frightening thing to me is that we can't go back to the 1920's or the 1850's. We can't do that.

But if the tax structure continues to demand more and more of us, unless we are going to realize lose our individuality. If the taxes get high enough and the regulations become so intrusive, burdensome and intolerable, which they are, then we stand the chance of some type of violent reordering of things.

We stand the chance of electing a strong dictatorial leader and putting it all in his hands. And say, oh you be a benevolent dictator. The problem is, as we know, "benevolent" and "dictator" are mutually exclusive terms in the long run.

It's difficult to imagine a revolt when people are as self-satisfied and as materially well off as they are today in this country. It's hard to mount a violent revolution when people are fat and happy. Dumb is another word which sometimes goes in there.

I don't mean dumb there as stupid. I mean dumb as being silent. And that's what we're becoming. The about the silent majority, the problem with the silent majority is it stays silent, if it indeed exists in the Goldwater sense, but I expect it does.

Q. Turning back to a more religious matter, there is the argument today that science and reason has removed the need or basis for any faith. Do you see reason and faith as opposites?

A. No. One is not possible without the other. There is no faith without reason. There is no reason that precludes faith. And there is no possibility of actually exercising reason without being driven to the point of faith. Because there are some things which appear that are not reasonable in the sense we use that word. They cannot be found solely in reason.

I think that faith and reason exist interrelated in an inseparable way. I don't think they can be separated. And the faith which is not based on reason is empty. And the reason which does not rely on faith is equally empty.

EAT OUT AT HOME TONIGHT

Nobody Makes Fried Chicken Better Than You Can.

NEW COUNTRY FRIED CHICKEN

- 1 frying chicken (2 1/2 to 3 pounds) cut-up, or use chicken pieces
- Crisco Shortening
- 1/2 cup milk
- 1 egg
- 1 cup flour
- 2 teaspoons garlic salt
- 2 teaspoons MSG
- 1 teaspoon paprika
- 1/2 teaspoon poultry seasoning
- 1 teaspoon black pepper

For Extra Spicy Chicken: Increase poultry seasoning to 1/2 teaspoon, and black pepper to 2 teaspoons.

To Prepare: Blend milk and egg. Combine flour and seasonings in plastic or

paper bag. Shake chicken in seasoned flour. Dip chicken pieces in milk/egg mixture. Shake chicken a second time in seasoning mixture to coat thoroughly and evenly.

To Pan Fry: Melt Crisco in skillet to about 1/2 to 1 inch deep and heat to 365°. Brown chicken on all sides. Reduce heat (275°) and continue cooking until chicken is tender, about 30-40 minutes. Do not cover. Turn chicken several times during cooking. Drain on paper towels.

To Deep Fry: Prepare as above and cook in deep Crisco heated to 365° for 15 to 18 minutes. Drain on paper towels. SERVES 4

HELPFUL HINTS BY DR. QUACK IDENTIFYING THE GRASS EATERS

During the hot summer months in Florida, the major lawn spoilers are insects. Here are a few hints to help you identify these pests.

Cinch Bugs damage St. Augustine lawns only. They thrive during the hottest, driest part of the year. First evidence is small brown spots, but they enlarge fast.

Sod Webworms spend the winter several inches deep in the soil, and will damage any grass. Upon inspection, grass blades are cut off just above the thatch line.

Grubs will eat off the grass roots. After the roots are gone, grass can be picked up like carpet.

Male Crickets are especially damaging to Bahia grass. They also feed on grass roots, but can be distinguished from grubs by their meandering tunnels under the grass.

INQUIRIES TO DR. QUACK SHOULD BE MAILED TO:
 P. O. BOX 673, SEBRING, FLA. 33870
