Class Of '78 To Graduate To 'Pomp And Circumstance'

The music of Elgar's processional march, "Pomp and Circumstance" will signal the entrance of 174 Avon Park High School seniors filing into the First Baptist Church auditorium for Baccalaureate Services at 8 p.m. Sunday June 4, and onto Memorial Field for graduation Ceremonies at 8 p.m., Monday, June 5, 1978, for the largest Avon Park High School graduating class.

Music for the Baccalaureate Service will have Daphne Carol Wall at the piano for the processional and playing "Largo" by Handel as the recessional march. Phyllis Johnson will sing Millotte's "Lord's Prayer" while the Avon Park High School Girls Chorus under director Kenneth Eberle will sing Elgar's "I'll Always Remember."

The spiritual portion of the service will be handled by The Reverend Father William C. Harris, giving the invocation: Rev. Carter Columbus, reading the scripture; Father George Fraser, giving the class sermon and Rev. J.B. Fields rendering the benediction.

During the Monday night Commencement Program, Barbara Elaine Maness will give the salutatory address with Charles Kenneth Oliver Jr., making the valedictory address.

The invocation will be by graduating senior Eric Wilson with graduate Linda J. Wyche giving the benediction. The class history will be given by senior class president Pamela Marie Williams. Other class officers are: Darryl Scott, vice-president; Mike Behal, secretary and Barbara Maness treasurer.

Highlands County School Board member, Steve W. Roberts Jr. will present special awards to graduating seniors. . . The Class of '78 will be

recognized by Mrs. Robert Britt, assistant principal, with Edward F. Culbertson, senior class sponsor, presenting the class to principal Lester

F. Watson and Highlands County Superintendent of Schools Dr. Dan A. Davis for the awarding of diplomas. Special music during the Com-

mencement Program, with the senior band members participating, will be played by the Avon Park High School Grenadier Band under director Scott Whitmore. Band member, graduate Edwin Leon Garner Jr., will lead the class of '78 in the singing of the school "Alma Mater" for their last time.

The processional and Ployhar's recessional march "Fanfare and Recessional" will be played by the freshman, sophomore and junior band members.

Marshalls for the Baccalaureate Services and the Graduation Ceremonies are Paul Ballentine and Catherine Barbaree. Honor student ushers for both evenings are: Tim Behal, Michele Epstein, Walter Roberts, Lucinda Evers, Maureen Murphy, James Casey, Tammy Welch, Cyndee Greenway, Willie Keith Porter, Katrina Conner and Alan Lee Roberts.

Others are: John Oliver, Ellen Macklin, Gail Cook, Barbara Nosker, Gail Andress, Rhonda Landress, Andrew Lanzing, Stephen Anderson, Eugene Cox, Danielle Elliott, Marcus Hooper, Cheryl Hamm, Joseph Crews, Alice Blackman, Leah Ryan, John Boudreaux, Robert Hentrik and Mary Jane Meadows.

In case of rain Monday evening the graduation exercises will be held at the Avon Park Middle School. A reception in honor of the members of this largest graduating class, from Avon Park High School, will be held at the Andrew W. Miracle Pavilion at the high school immediately following the graduation exercises.

President Carter Sends Greetings To Class Of '78

It's not every graduating class which gets a letter of congratulations from the President of the United States. In Florida there's only one; the Avon Park 1978 Graduates.

In a special letter to the Avon Park Senior Class, President Jimmy Carter has sent his congratulations and best wishes to all members of the current graduating class.

The letter, which is reprinted in the Sun's tabloid section on graduation, was sent as a response to a request from Mrs. Ann Carter of the Sun.

In the letter, which is a personal response and not a form letter, President Carter states, "I am pleased that I have been asked to join your friends and relatives in offering my congratulations as you commence a new stage of life as responsible members of the adult community."

Mrs. Ann Carter spoke to the White House several weeks ago in order for the letter to be prepared, mailed and arrive in time for the graduating ceremonies.

President Carter summed up his remarks by telling seniors, "America needs your full involvement; your youthful energy, your bright optimism, your

talents and your commitment to a better world. I am confident that you can be counted on to do your part.

"My prayers and best wishes go with you for lives of happiness and fulfillment."

President Carter

Patio Dedication Sunday Afternoon

The Andrew W. Miracle Memorial Patio at Avon Park High School will be formally dedicated on Sunday, June 4, at 4 p.m. Students, school officials, faculty and the general public are invited to attend the ceremonies which will take place at the newly completed patio, located adjacent to the south side of the school gymnasium.

Dedication of the 600 square foot sunken garden patio culminates a four year effort by the schools and communities of Highlands County to establish a suitable tribute for the many contributions Miracle made to education during 19 years of service in the county school system.

"Andy" as he was known, was a science instructor at Avon Park high school from 1955 to 1960, leaving that post to become Highlands County Superintendent of Schools. After four years as the county's chief school administrator,

he moved back to Avon Park High School, teaching biology there until his death in 1974. He was also coach of the Red Devil golf team and the faculty sponsor for many of the school's junior and senior classes.

Designed For Students

Designed primarily as a convenient place for students to get together, the patio can also be used for outdoor concerts, pep rallies, musicales, etc; with its center stage and a second conventional stage. It was designed by Danny Powers, a 1963 Avon Park High School graduate, who earned his architectural degree at the University of Florida. Powers, who was a classmate of Andrew Miracle, Jr., is now living in Tampa.

Financing and construction was the result of a combined effort of students, faculty, administration and a great many local and area business firms and in-

dividuals, all of whom contributed either money, time, materials or special skills to complete the project.

Untold hours of voluntary effort spent in planning, block-laying, landscaping, sponsoring dances, club bake sales, student organization car washes, etc; plus many donations of plants and materials tell the story of friends and former students who wanted to say "Thank You," Andy Miracle.

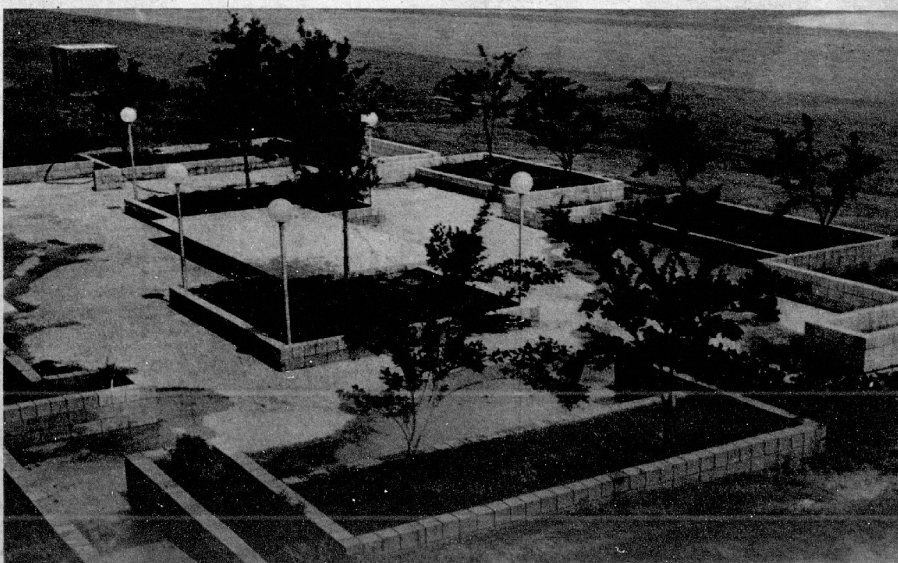

Senior Reception to be Held

Officially, the patio will be used for the first time next Monday, June 5 for the Senior Reception following graduating exercises. Though not completed, it was used for last year's after-graduation get-together and also for a very successful spaghetti dinner to raise funds to complete the project.

Mrs. Miracle, a home economics in-

structor at Avon Park High School is hoping that all of the Miracle children will be home for the dedication. Andrew Jr., and Avon Park High and University of Florida graduate, is now an instructor at Texas Christian University in Ft. Worth, Texas. Bill, a local high school and University of Georgia graduate is presently Dean of Students at Suomi College in Hancock, Mich. Margaret, a member of the Red Devil class of '78, will be graduated next Monday evening.

The Patio committee, since its inception four years ago, has been headed by Mrs. Virginia Crews. Membership has changed as new representatives from each high school class have been chosen to serve. Lester Watson, principal of Avon Park high has also been very much involved in the project since he assumed his post here three years ago.

Designed for student use by Danny Powers, a 1963 Avon Park High School Graduate The Andrew W. Miracle Memorial Patio at the high school will be dedicated at 4 p.m. Sunday

Residents Unhappy With Living Conditions

Seventy of 150 households located between E. Cornell Street and Rainbow Park expressed dissatisfaction with their present housing conditions during a survey being conducted by the Housing Authority of Avon Park, Executive Director Dick Peavy said.

Peavy said 2,500 of the city's residences are being surveyed by a crew of six surveyors, divided into teams of two, to determine the conditions of present housing in Avon Park.

This is the first survey of its kind to be conducted in the city since the national census in 1970. He stated that all cities who receive Housing Assistance Grants must conduct a survey of this type.

The two main purposes of the survey are to assist in the rewriting of the Housing Assistance Plan, and to show the present housing conditions to city officials.

"I want the city to get involved in this," Peavy said of the survey. Although the survey began in

December and is scheduled to end in June, Peavy has requested an extension until September.

The surveyors have finished with the section of town South of Main Street and, although all figures for the area have not been compiled yet, it was found that in the main target area of lower income, minority families, 70 of 150 were dissatisfied with their present housing conditions, but could not afford better.

Twenty-eight of the families surveyed said they were under-housed. One hundred-thirty-five of the houses were sub-standard, meaning that the dwellings were devoid of either heating, a bathroom, locks on doors and windows, a refrigerator, tub, or any combination of these.

It was also found that the average rent of 78 of the dwellings is \$138.22 per month including utilities.

Fifty-two percent of the households make less than \$3,000 a year, while 10 percent are elderly.

No Decision In Avon Park Sunshine Law Controversy

Assistant State Attorney Tom Gallagher said Tuesday he was still investigating the possible violation of the state sunshine law by Avon Park officials.

Gallagher said the investigation was still pending and declined any further comment.

The case centered around the suspension of Police Chief Robert Brooks by Mayor J. Marshall Davis. Brooks was later reinstated after the mayor with-

drew the charges.

Attorneys for Chief Brooks had complained to the assistant state attorney that Mayor Davis had violated the sunshine law.

Brooks' attorneys met with Gallagher several days after Brooks was suspended by the mayor. The attorney's claimed Davis' statements that councilmen would back his decision to remove Brooks was an indication of the violation.

Schools Will Close Early On Friday Afternoon

Dr. Dan A. Davis, Superintendent of Highlands County Schools, has announced that, on Friday, June 2, the last day of school, all county schools will be dismissed two (2) hours early, and all bus schedules will be advanced two (2) hours.

Hopewell School will dismiss at 12:15 p.m., while the elementary, middle and high schools, will dismiss at 12:45 p.m. with school buses scheduled to leave at

that time.

Dr. Davis extends a "Happy Vacation" greeting to all of the students of Highlands County and his voice of appreciation for their devoted efforts and performance in this school year 1977-78.

"It has been a very good year, and thanks to all. I extend my congratulations to all our graduating seniors," said Davis.

'Gong Show' Act At Highlands General

It's about time for citizens to swing the mallet and bring to a close the Highland General Hospital Commissioners' local rendition of television's 'The Gong Show'.

Hospital commissioners have been disconcerting in several of their recent actions, the latest of which is refusing to disclose the salary of the new administrator unless presented with a written, legal request.

This is not the first time the board has attempted to circumvent the state sunshine law but it's the latest in a series of events which leads to serious questioning of commissioners' ability to govern the hospital.

Since the former administrator of Highlands General resigned last month, commissioners have been playing 'each commissioner taking a turn at the head spot at the hospital.'

Although one commissioner was previously an interim administrator the four other HGH board members have had no experience whatsoever in hospital administration.

Hopefully, this action will not set a precedent for other governing bodies. Otherwise we might see city councilmen become police chiefs for a day or fire chiefs for a week or similar ludicrous actions.

Although Avon Park is served by Walker Memorial Hospital, the action by the HGH commissioners also affects citizens of the city for two very important reasons.

One, it is entirely conceivable some Avon Park residents will spend time in the county hospital and two, county taxpayers kick in approximately half a million dollars a year to help fund Highlands General.

In short, although Highlands General may not serve the entire county, it taxes the entire county. So when board members get together, they conduct the public business, which makes them fall under the sunshine law and public records law. Although this is a fact which Chairman Hazel Scarborough and colleagues would like to ignore.

Earlier this year, when the hospital audit was completed board members claimed the management letter which accompanied the audit was not public record. Only after some discussion in the press did the board hold a special meeting to discuss the letter.

Last week, board members refused to reveal the salary of the new administrator. Hospital Attorney James Livingston suggested a written, legal request be made for the information, which the board would then consider at its next meeting.

It is apparently too much to ask that Mrs. Scarborough and other board members simply tell taxpayers how much of their money will be paid to a new

Editorial

administrator. Taxpayers, who are already subsidizing the hospital, must file a written, legal request which the board, with kindly benevolence, will consider at its next meeting.

The key to the arrogance and disdain which members used in treating the public lies in the method board members are chosen; they are appointed by the governor rather than elected or appointed locally.

This means board members Mrs. Scarborough, Joe Stiles, Mannin Kirkland, Audrey Vickers and Frank Walker obtained their posts via political loyalty, not proven experience.

The five officials are in the unique, and enviable position of having the authority to tax citizens without the burden of direct responsibility to those citizens it is taxing.

Ironically at the same meeting where hospital officials refused to disclose the new administrator's salary, it was suggested the board ask the Highlands County Commission for a part of revenue sharing funds to build a sewer line from Sebring to the hospital.

First of all, until the board members are more candid and open with the public, not one more cent of taxpayer's money should be donated to them. If hospital officials don't wish to know the financial and management details of the hospital, officials don't have to accept the public's money.

Secondly, the method of selection should be changed from appointment to either direct election or appointment by the county commission.

It's time for the taxpayers to sound the gong on this act.

Jack Eckerd Lou Frey Wayne Mixon

Following The Candidates

(To help familiarize readers with the background and opinions of the candidates for governor this year, the Sun is beginning a candidate forum this issue where both Republican and Democratic contenders can state their opinions on the issues.)

Republican Candidate Jack Eckerd, Eckerd, in a move which many political writers said would benefit his campaign, announced Public Service Chairman Paula Hawkins as his choice for Lieutenant Governor last week.

Eckerd and Hawkins then embarked on a three day tour of the state, complete with 13 press conferences.

Eckerd introduced Hawkins as "the first lady of Florida consumerism," a role he says she will continue as lieutenant governor. Hawkins, the chairman of the U.C., depicted the ticket as an ideal combination of Eckerd's business sense and Hawkins, consumer advocacy.

Eckerd, widely recognized as a fiscal conservative and successful businessman, said that "The choice of a lieutenant governor candidate is the most important decision that I'll make in the entire course of the campaign. Naturally, I thought in terms of experience and proven ability in statewide office. Integrity was essential. I like the possibility of someone who would be closely attuned to the consumer needs, and we really need a woman's viewpoint in the highest posts."

"Not surprisingly, as I juggled and juggled the list of possibilities, one name always came out on top... that name was Paula Hawkins."

Hawkins role in Eckerd's administration will be varied, but will center on all consumer-oriented functions of state government.

"I will be a right arm, eyes and ears for Jack," said Hawkins.

"In our talks over the past weeks," continued Hawkins, "I've found that our philosophies of government and free enterprise are very much the same. This is very important to me, and weighed heavily on my decision to form

an Eckerd-Hawkins team."

the general public, but well known among his colleagues, is his wide range of interest, knowledge, and accomplishment in other fields."

"He has been a strong advocate for improved housing for low and middle income families. As a rural legislator, he joined his urban colleagues and helped pass a far reaching urban renewal reform law."

Mixon's duties as lieutenant governor will be to serve as Graham's chief spokesman for economic policy and development and be the liaison between the governor's office and local government.

Richard Stone, Frey conceded the addition of Mrs. Hawkins, made during her primary campaign, which had severe criticisms of Eckerd in them.

Frey said his campaign workers were conducting a door-to-door campaign which would eventually reach close to 400,000 Republicans.

Democratic Candidate Bob Graham, a state senator, also produced headlines this month with his announcement of a running mate.

Graham chose State Representative Wayne Mixon, a farmer and veteran legislator who has served for the past seven years as chairman of the House Agriculture Committee.

In choosing Mixon, Graham balanced his ticket (the senator is from Dade County and Mixon is from North Florida) and produced the first newspaper endorsement of the campaign. After the announcement, Mixon's hometown paper The Jackson County Floridian, endorsed the ticket.

In making the announcement of his choice, Graham said, "Mixon's high standards of personal conduct and integrity are unsurpassed. His competence as a businessman, farmer and legislator are well recognized."

Graham further stated that "Wayne Mixon has consistently been recognized as one of the strongest advocates for Florida agriculture. His record in that area speaks for itself. Less well appreciated by

First of all let me say that, in Avon Park, I have been on very cordial terms with the city banks so this column is not meant to imply hostile feelings toward local institutions.

However, there were times when feelings were not so cordial. An incident happened the other day which brought to mind the time I angrily called up a bank officer.

"Yes sir," he answered, "I understand you have a complaint."

"That's right," I replied, "It so happens you bounced one of my checks when I had made a deposit to cover it."

"Ah, yes," he said, with the unctuous tone you hear in the executive ranks of bankers, lawyers, insurance agents and the like. "I'm afraid your deposit did not cover the check."

"What do you mean? I deposited more than enough."

"Yes, but the deposit wasn't on time sir," he said.

"I have the files right before me. The check came into our bookkeeping department at precisely 1:05 p.m. You deposit cleared at 1:07 p.m. So, you obviously see, you were late."

"A lousy two minutes!" I yelled. "That's dumb."

"No, that's policy sir."

"Policy? Are you nuts?" I asked. "This is a matter of plain common sense."

"No, sir. This is a matter of banking. Common sense has nothing to do with it."

"Listen, dummy, I stood in a line for 20 minutes waiting to make my deposit."

"Well, sir. As company policy states, and I quote, 'If circumstances force a delay in any type of transfer, this is considered unfortunate but the stringent rules of the corporation must be adhered to and are not flexible even when ill fortune or perhaps catastrophe strike consumers.'"

"Oh, What does that mean?" I asked. "Roughly translated it's 'Tough Luck'."

"Are you telling me that's in the bank policy?"

"No sir. That particular paragraph is from the book 'How To Make Money By Screwing Customers and Getting Away With It.' We've rather adopted the book as a guideline in the company."

"Obviously written by a former banker," I noted.

"How did you guess?"

"It just came to me."

"So will your bill. You owe us five dollars for your check."

"How come? You didn't pay it."

"Right, sir. But we had to send it back. Which means someone had to address an envelope and put on a stamp."

"That costs five dollars!"

"I direct you to company policy, or chapter two in the book 'How To Make Money, etc. etc.'"

"Forget it," I said.

Middle School Staff Regrets

Loss Of Administrators

Dear Editor:

The entire faculty and staff at the Avon Park Middle School would like to express our deep appreciation for the fine job that William J. Bozeman has done as acting principal, and Richard L. Rucker has done as assistant principal since they have been appointed to these positions. We express appreciation also to John R. DuPriest for his effective work

as director of student activities this year.

We deeply regret that we will not be fortunate enough to have these three men as our administrators next year. These men have instilled trust and confidence in those who have worked under them. Teacher morale has been high. The attitude and behavior of students have greatly improved.

It is with reluctance that we see these men leave their positions at Avon Park Middle School. We feel that the loss of these men is really a loss for our students, faculty, and community.

Unanimously,
Faculty and staff, A.P.M.S.

Chief's Friends Influence Felt

Editor:

It was quite evident Police Chief Brooks had his friends turn out for the last council meeting.

It's a sorry state of affairs when the mayor of a community can't discharge a department head who he thinks is lax in his duties. I don't think the mayor would have made charges without some substance. I don't think the job pays enough to take that humiliation.

If I was Mayor Davis I think I would resign, he is mayor in name only.

Yours truly
Charles E. Griggs.

Promise To Sing At First Baptist Church

Promise is coming to Avon Park on Wednesday, June 7. This exciting Christian music group will be singing under the sponsorship of First Baptist Church at 7:30 p.m.

Promise has been singing together for four years and in their service they strive to create an atmosphere of worship. They achieve this by the use of a wide variety of contemporary Christian songs combined with their own personal testimonies.

The nine talented members of Promise give a year or more of their lives to this evangelistic ministry. They

travel on a full time basis sharing their witness for Christ through song in churches, colleges, high schools, civic clubs, and other organizations while appearing and being heard on various television and radio programs.

While Promise is in your area they would like to share with you at First Baptist Church on Wednesday, June 7, at 7:30 p.m.

A free will offering will be taken to cover their expenses as they travel on this "faith" venture.

Everyone is welcome.

Second Graders Present Musical Program

As a climax following a study of the West, Mrs. Mary Ellen Brooks and Mrs. Metheny's second graders presented a musical program ALONG THE OREGON TRAIL to the Avon Elementary PTO on Monday evening, May 22. The program included many songs, poems, skits and dances about the West. The stage was attractively decorated by Faye Cook with hand painted western scenery. A covered wagon, and other relics of the old west were used. The children were dressed in western attire.

Disque - Fletcher Take Vows

Anita Marie Disque, daughter of Mr. and Mrs. George Disque of Cincinnati, Ohio, became the bride of Douglas Fletcher, son of Mr. and Mrs. Robert L. Fletcher of Avon Park, Friday, May 5, at Cumberland Falls in Corbin, Ky. Rev. Robert Trent officiated the ceremony. The couple took their nuptial vows in an outdoor garden with the natural beauty of Cumberland Falls as the background.

The bride given in marriage by her father, wore a white satin floor length gown, with a ruffled tiered skirt, with long sleeves gathered at the waist and she wore tabbies breath blue in her hair in the place of a veil. She carried a bouquet of spring colored daisies, babies breath and imported ivy.

Debbie Holcomb of Hazard, Ky. served as maid of honor. She was attired in an emerald green satin gown with a floral cape overlay, and carried a bouquet of white and yellow daisies and ivy.

Brenda Fletcher, sister of the groom, and Annette Disque, sister of the bridegroom, served as bridesmaids. They wore gowns identical to that of the maid of honor with matching bouquets.

James Stevenson of Elkhart, Ind., served as best man. Groomsman was Mike Bergett of Corbin, Ky.

The bride's mother chose for this occasion a floor length pastel gown and wore a corsage of white daisies.

The bridegroom's mother wore a floor length pink double knit gown with matching jacket, and corsage of white daisies.

A reception followed the wedding ceremony at the Falls. The bride's table held a two tiered white cake with the traditional bride and groom, and was trimmed in yellow and green. Punch, finger sandwiches and chips-n-dip were served at another table.

After their wedding trip at Cumberland Falls the couple will reside in Tampa.

The bride has two years of schooling at Cumberland College in Williamsburg, Ky., and plans to further her education at the University of South Florida in Tampa, majoring in elementary education.

The bridegroom is a 1976 graduate of Avon Park High School and attend two years at Cumberland College where he majored in marketing and advertisement. He also plans to continue his education at the University of South Florida in Tampa.

Robin Tharpe Becomes The Bride Of Ronald Ferrell

Mr. and Mrs. Ronald S. Ferrell

Friday, May 12, the Florida Ave. Baptist Church was the scene of a most impressive candlelight ceremony, uniting in marriage Robin Lynn Tharpe and Ronald S. Ferrell. The bride is the daughter of Rev. and Mrs. Edwin L. Tharpe of Avon Park and the bridegroom is the son of Mr. and Mrs. Herbert Ferrell, Jr. of Huntersville, N.C. Rev. Tharpe, the bride's father, officiated the double ring ceremony.

Accompanied by Karen Riley organist, Ellen M. Best sang selections of "We've Only Just Begun," "There Is Love" and sang the "Lord's Prayer" as the couple knelt on a white satin covered kneeling bench.

The Chancel of the church was banked with three massed arrangements of greenery, and centered with a large bouquet of white gladioli's, lavender mums, daisies and greenery in a white urn. To either side were twin brass spiraling candelabras, each holding 14 burning white tapers which cast a soft glow for the ceremony. Greenery, centered with a white candle glowed in each window of the church.

Bride
Given in marriage by her father, who also performed the ceremony, the petite bride was a picture of charm and elegance in her long flowing gown of white silk organza and lace. It featured an empire waistline with bodice of overlaid Chantilly lace with a Princess Ann neckline encrusted with rhinestones and seed pearls. The long fitted sleeves were of lace fastened at the wrists with six tiny satin buttons. Each of the three tiers of the skirt was bordered with a wide band of Chantilly lace. The tiers continued to the back of the gown, forming the chapel train. Her fingertip veil and blusher of silk bridal illusion was also edged in Chantilly lace. She carried a cascade bouquet of white sweetheart roses, miniature carnations, and static and greenery.

As the new Mr. and Mrs. Ferrell were leaving the front of the church, after being pronounced "man and wife," they paused at the pews of their mothers, the bride kissing the mother of the bridegroom and the bridegroom kissing the mother of the bride.

Attendants
Stacey Sharpe attended as the bride's maid of honor and she wore a formal gown of blue

quiana. The sleeveless gown was topped with a sheer dacton cape enriched in a floral display of various shades of lavender and blue. She wore fresh flowers in her hair and carried a nosegay of daisies, carnations, and static in shades of lavender and blue, interspersed with white babies breath.

Terri Ferrell, sister of the bridegroom served as the bridesmaid. She wore a gown identical to the maid of honor, with flowers in her hair and a bouquet to match.

Tyce Betts, daughter of Mr. and Mrs. Larry Betts, Sr. of Myakka City and cousin of the bride attended as flower girl. She wore a long blue gown and cape identical to the honor attendant. In her hair was a halo wreath of babies breath and she carried a dainty white basket of rose petals which she scattered in the path of the bride.

Herbert Ferrell, Jr. served as his son's best man. Scott Baker, Frank Godwin, Curt Harden, Lance Filiger and Tony Pinkins, all of Avon Park, served as ushers. Lance also served as groomsman, and Scott and Tony lit the candles before the ceremony.

Spreading the white runner was Frank and Scott. Dwayne Tharpe, son of Mr. and Mrs. William J. Tharpe of Bradenton, and a cousin of the bride, served as ring bearer.

For this occasion the bride's mother chose a pink A-line style gown with shirred front bodice and matching long sleeve jacket. She wore white accessories and a corsage of pink carnations with an orchid.

For her son's wedding, Mrs. Ferrell chose a blue sleeveless gown of knit with a sheer wide flounce in front forming a cape in back. Her accessories were white, and she wore an orchid corsage with blue carnations.

Mrs. Ruby Osteen, the bride's maternal grandmother, of Bradenton wore a blue formal ensemble with beige accessories and a white carnation corsage.

Reception
A reception was held in the church fellowship hall immediately following the ceremony. Palms and fern were placed at vantage points

throughout the reception hall. The bride's table was covered with a white lace bordered cloth and centered with a three-tiered white wedding cake with accents of green, blue and lavender roses. White wedding bells adorned the center between each tier. The cake was topped with the traditional miniature bridal couple in an alcove of lace.

A silver candelabra arrangement with five white candles accented with daisies and babies breath adorned this table along with the bride's and her attendants' bouquets. The punch table was covered with a blue and centered with a large silver punch bowl encircled with fern. A pair of three branched silver candelabras also graced the table. Crystal and silver compotes held nuts and mints. A frosty lime punch was served by Wanda Kopta and Marie Howell, aunt of the bride.

For their honeymoon trip to parts of Central Florida and both East and West Coasts of Florida, the bride chose for traveling, a blue dress with ruffles and a corsage of white roses. After their wedding trip the couple will reside in Avon Park.

The bride is employed by Walker Memorial Hospital and the bridegroom is in the U.S. Air Force, stationed at the Avon Park Bombing and Gunnery Range.

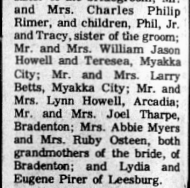

Rehearsal Dinner
Members of the wedding party of the Tharpe-Ferrell nuptials, gathered at the

Florida Ave. Baptist Church at 7 p.m. on Thursday, May 11 for rehearsal.

Following rehearsal, the group of 35 met in the Fellowship Hall of the church where a most bountiful buffet dinner was served to guests. The guest sat at tables overlaid with white, with greenery and spring flowers decorating the hall. Keith Riley returned thanks before the meal, and a special toast was made to Robin and Ron.

Robin presented gifts to her maid of honor Stacey Sharpe, her bridesmaid, Terri Ferrell, her flower girl, Tycee Betts and the ringbearer, Dwayne Tharpe.

Out of town guests attending the Tharpe-Ferrell wedding on May 12 were: Mr. and Mrs. Herbert Eugene Ferrell, Jr. and daughter, Terri Ann of Huntersville, N.C., parents and sister of the bridegroom; Mr. and Mrs. Charles Philip Rimer, and children, Phil, Jr. and Tracy, sister of the groom; Mr. and Mrs. William Jason Howell and Teressa, Myakka City; Mr. and Mrs. Larry Betts, Myakka City; Mr. and Mrs. Lynn Howell, Arcadia; Mr. and Mrs. Joel Tharpe, Bradenton; Mrs. Abbie Myers and Mrs. Ruby Osteen, both grandmothers of the bride, of Bradenton; and Lydia and Eugene Pirer of Leesburg.

Crossroads Singers Perform At Grand Ole Opry House

For most singing groups, performing at the Grand Ole Opry is still a dream. But for the Crossroads Singers and Avon Park native, Sherwin Mackintosh, that dream became a reality.

On March 21, 1978, The Crossroads Singers performed for over 4200 people at the Grand Ole Opry House in Nashville. The program consisted of popular and spiritual music, and lasted about 2 1/2 hours. The concert was part of a semi-annual tour which included concerts in Knoxville, Tenn., Raleigh, Columbia, Athens, and Atlanta, Ga.

The group recorded a live album at the Opry concert which will be released later this summer. They have recorded five albums to date, and have given concerts all over the Eastern United States. They recently recorded the sound track for a religious television special which will appear on nation-wide, prime-time television this fall. The program is being sponsored by

the Herald of Truth. Sherwin Mackintosh, director of the group, wrote several original compositions for the special and arranged all of the music.

Sherwin started his music training here in Avon Park, studying piano with Lillian Johnson and the late Charles E. Overholt. While in high school, Sherwin was very active in the Band, Key Club, and the Young Highlanders. In June, 1977, he graduated with honors from the University of Florida with a degree in Music Education. Sherwin has been directing the Singers for about 1 1/2 years, but can remember their first rehearsal about five years ago.

Soon after Sherwin entered the University of Florida in 1972, he was baptized at the Crossroads Church of Christ. The church is one of the fastest growing churches of Christ in the world, baptizing about three hundred persons each year. In 1973, the Crossroads Singers were organized to sing at weddings and other special

events at the Crossroads Church. Soon the demand for the group increased to the point where reconstruction was needed, and the 1976, Sherwin was appointed as their director.

"I have always been taught that perfection is the limit," Sherwin says, "and that is what we continue to strive for, not only in the Singers but also in our lives as well. I'm deeply indebted to the leaders of the Crossroads Church, (especially the minister, Chuck Lucas), who have really challenged me to make the group the very best."

Sherwin's plans for the future are to continue to work with the Crossroads Singers, to compose and teach privately. Sherwin is the son of Mrs. Elizabeth Mackintosh of 1103 West Circle Street. She and Sherwin's sister, Ila Goggans, were able to attend the Crossroads Singers' concert at the Opry House in Nashville.

Sherwin Mackintosh dream became a reality, when as a member of the Crossroads Singers they performed at the Grand Ole Opry House in Nashville, Tenn.

Rev. Gregg Retires From Active Ministry

The Reverend Elmer J. Gregg, Pastor of Resurrection Lutheran Church in Avon Park, will retire from active ministry after the regular 9:30 a.m. Communion Service, Sunday June 4. He has served congregations of the United Lutheran Church and Lutheran Church in America Synods for over 46 years.

A native of Ohio, he graduated from Whittsburg University and Hamma Divinity School in Springfield. He first served Bethel Lutheran Church in Springfield, then continued serving Ohio congregations in Bolivar, Zorville, Steuvenville and Franklin before coming to Highlands County in June, 1968.

Mrs. Gregg also is a graduate of Whittsburg University and has done graduate work at Miami University in Oxford, Ohio. She taught elementary school children for 20 years, four of them being in Avon Park with the Public School and Park Academy.

When Pastor Gregg began conducting worship services in our area, it was under the dual pastorate plan. Each Sunday he served both Atonement Lutheran Church in Sebring and Resurrection Lutheran in Avon Park. This continued until July 1, 1973. Since then he has devoted his entire ministry to the Avon Park congregation.

During the time of his leadership Resurrection Lutheran membership has more than doubled in number, but Pastor Gregg doesn't consider the numerical increase as the greatest accomplishment of these years. He states that the change from a strictly retirement church, to the now family type church, brings him great happiness. Pastor Gregg has seen a period, especially during the

World War II era, when there was an awareness of the needs of the organized church, then during the 1960's, there was a definite decline in the feeling of need towards this. Now again there is a new interest served church and experiencing the swing back again to the organized church. He feels a great concern and regrettable feeling towards the springing up of new sects, such as the group being led by Moon.

Both the Greggs enjoy lawn and garden work, golfing and swimming, and will continue to reside in their Lake Lotela home. A vacation to Ohio is planned for the near future but they do not see traveling as being a big thing in their retirement.

The Greggs are the parents of two daughters, Rachel Ellen Stolarik of University Park, Maryland, and Allegra Ann Caldwell of Honolulu, Hawaii, and ten grandchildren.

An Open House reception will be hosted by members of the Church Choir, Sunday, afternoon from 2-4 at the Lake Broadwood home of Mr. and Mrs. Richard Rider. Access is through Broadwood Mobilhome Court on Truck Route - St. Rd. 17 North. All friends are invited to attend.

Local Heart Fund Honors Volunteers

Highlands County Heart Fund honored several of its volunteer workers for their fund raising efforts, during a party Thursday at the Sebring home of Dr. and Mrs. Sanford Booley.

Mrs. W. J. Atkinson received a pin in honor of her 12 years of serving as memorial chairman for the county.

Certificates went to Mrs. Michael Swaine and Mrs. Albert Bajor, who served as ticket sales chairman; Ken Haysley, who handled the tennis tournament; Malcolm Waters, who directed citrus industry donation efforts; Andrew Jackson; Charles Cullen; Mrs. Gary Dressel, Avon Park Keyettes dance chairman; Mrs. Mel Peathers; Mrs. Sol Moseley, coordinated the Avon Park Junior Women's Club fashion show; Bunny Scanlon.

Pins were awarded to Wayne Harris, Steve Whitehurst and Walt Belcher, who served on the Heart Fund committee.

Also receiving pins were Miss Ida Dorman, Lake Placid co-chairman; Mrs. Henry Dennis and Buddy McKenzie, Avon Park co-chairmen; James Ridley, fund treasurer; Mrs. Richard Hill, door-to-door campaign chairman; and Dr. Booley, Sebring co-chairman.

President Carter To Speak At Fla. Baptist Convention

A large group of Florida Baptists will participate in the National Conference of Baptist Men June 16 in Atlanta where President Jimmy Carter will deliver the major address.

The Florida Baptist will take part in 19 vocational breakfasts in Atlanta hotels two hours before President Carter speaks at 8 a.m. in the 16,500 seat Omni Coliseum. The rally starts at 9:30 a.m.

The 95-member Atlanta Symphony Orchestra will open the rally with a 30-minute concert under the direction of Robert Shaw.

Glendon McCullough, executive director of the Southern Baptist Brotherhood Commission, conference sponsor, said he invited the President to speak in hopes of motivating more lay people to become involved in religious activities, including the Southern Baptist Conventions, which closes a three-day run in Atlanta on June 15.

President Carter served on the Commission for six years as the representative of Georgia Baptist before his election to the presidency. The rally also will include a parade of flags, an awards ceremony and brief reports from 19 breakfast representatives.

Baptist who are regionally and nationally known in their vocations will make up the programs at the 19 vocational breakfasts.

The vocational breakfast are for Baptist in agriculture, arts, business and professional positions, church-related vocations, communications, education, engineering, government, health services, law enforcement, legal professions, management, military, retirement, sales, technical skills, sports, transportation, and for young adults in search of a vocation.

Breakfast program personalities from Florida include Irvin L. Griffin, deputy director of police services, and Charles Ragland, director, of the Brotherhood Department, Florida Baptist Convention, both of Jacksonville; Adon Taft, religion editor of the Miami Herald, and U. S. Representative Claude Pepper.

Episcopal Church To Hold Supper

Members of the Episcopal Church of the Redeemer corner E. Pleasant and North Verona Streets, Avon Park will hold their regular monthly covered dish supper after evening prayer on Wednesday, June 7.

Congregational Church Honors Nine Seniors

At the regular May Family Night Supper, the Congregational Church honored nine members of the graduating class of 1978. Following the presentation of Good News Bible from the American Bible Society, by the Women's Fellowship, the Rev. George Fournival, psychotherapist at the Alcoholic Treatment Center in Bowling Green, addressed the group. The essence of his message was what he would like to have been able to say to his patients when they had graduated from High School. The main points of his remarks were: (1) Be bold, speak out, risk being hurt,

show your true self. (2) Hold on to the values you've been raised with - don't expect them to correspond to the world's. (3) Don't take yourself too seriously. "Stop to smell the flowers and enjoy life as you live it every day."

Graduating church members honored were John Barben, Thomas Delk, David Jahnn, Margaret Lynn Miracle, Craig Skipper, James Stevens and Parke Sutherland. Also honored were two friends of the congregation who have regularly shared their musical talents with the congregation: Phyllis Johnson and George Ratzmann.

Citrus Queens To Perform At Methodist Church

The Citrus Queens of Winter Haven, Fla. visit our Heart of Highlands Chapter Of Sweet Adelines Inc. Thursday, June 7, at the Methodist Church Social Hall.

Our local chapter is looking forward to entertaining and being entertained by this fine group. The Sweet Adelines sing, as a group, Barbershop Style Harmony. This type harmony is produced by four voices, unaccompanied, called lead, tenor, baritone, and bass.

The lead, middle range voices, usually carry the melody. The tenors, the highest voices, harmonize just above the lead, complementing, but not overpowering the lead voices. The baritones sing in about the same range as the lead voices, but harmonize, sometimes singing above, and sometimes below the leads.

Bass singers are of course the lower range voices, reaching sometimes to an E below middle C.

We hope anyone who is interested in Barbershop Harmony will contact our membership chairman, Nancy Summelle or call our chapter president, Daisey Wellang ... 453-5141.

The Sweet Adelines' motto is "Harmonize The World." Wouldn't it be great if we could?

Church Women To Meet

The regular meeting of W.M.W. of Florida Avenue Baptist Church will be held on Monday, June 5 at 7:30 p.m. All members of the church are invited to come.

FAITH TEACHES US THAT ALL OF LIFE IS LEARNING

At graduation time, whether high school, college or a specialized institution of learning, we are reminded that education in the skills of life is an infinite thing; that you can always add to the knowledge you need for your chosen career, and that there is always something new for you to learn. Likewise, your religious training is concerned with the development of your character, and this process should continue for the rest of your life on earth. By attending the Church of your choice you will learn the nature of this divine curriculum from which there is no graduation, but for which you will receive a degree of happiness and serenity obtainable from no other source of learning.

The very spring and root of honesty and virtue lie in the felicity of lighting on good education.
— Plutarch

"Wisdom is the principal thing; therefore get wisdom; and with all thy getting get understanding."
— Proverbs 4:7

1957, and now completed. She was one of the first on the committee that originally started the project.

The Lawrence Robinsons visited with Ora and Ruby Myers on Sunday afternoon to return a call from the Myers last week to their home. Ruby's brother, Cliff Young is now home from the hospital and recuperating nicely.

Hopefully, next week we will have more and happier news to report from our park.

The Avon Park Sun, June 1, 1978 18

TWO ON ONE drills can be tough on the defensive player trying to get through the line, but these spring football drills are designed to improve the defense for the

Avon Park Red Devil football program next fall. Tonight (Thursday) the Avon Park football hopefuls will go against each other in a Red and White scrim-

mage at Memorial Field to close out twelve days of spring practice. Kick-off time is 7:30 p.m. Sunphoto by Lew Miller.

Intersquad Football Game Ends Spring Practice Here

The Avon Park High School Red Devil spring football practice will close out tonight (Thursday) with an intersquad Red vs White game starting at 7:30 p.m. at Memorial Field.

Fans are invited to attend the scrimmage for the admission price of a bar of soap or a clean, used towel. The varsity and junior varsity candidates will be divided into two squads with David Sisemore and Tim Cribb or Decaris Jones handling the quarterback duties.

The Red team, with Sisemore calling the signals, will have the following players on the roster: Anthony Carter, Jeff Adams, David Hardy, Gerald Jones, Johnny Barnes, Kirk Evans, Jim Casey, Boyer, Phil Cribb, Joel Lynn, Mark Davis, Daryl McKenzie, Robbie Dennis, Jimmy Dean, Bill Mison, Andy Leach, Tim Minard, Ricky Johnson, James Wilburn, Mark Bachman, Terry Kelley, Billy Bolden, and Earnest Crawford.

The White squad, which will be quarterbacked by Tim Cribb or Decaris Jones, will have the following players:

Carl Wingle, Ricky Bivins, Jimmy Brown, Lawrin Ellis, Thomas Perry, Craig Williams, Chris Collins, Tommy Turnbull, Greg Baldwin, Reggie Moore,

Farris Jahna, James Simpkins, Darryl Evans, Keith Porter, Steve Godfrey, Gary Roberts, Alan Liskey, Ricky Derkman, Keith Cobb and Raymond Claitt.

St. Cloud Baseball Coach

To Be Recommended For SFJC Job

Subject to the approval of the Board of Directors of South Florida Junior College at their regular meeting, Monday June 12, H. Clay Gooch, baseball coach at St. Cloud High School will officially become

Cloud team was the state runner-up, while the 1977 they won the Class AA State Baseball Championship. They outscored the Avon Park High School Red Devil baseball nine in the regional playoff here at Head Field.

Gooch was voted the north coach for the State High School baseball team in 1977 and again in 1978. While at the Class AAA Bishop Kenny High School he was picked as the High School Coach of the year in 1973 and at St. Cloud he received the same honor in 1977.

He was one of the coaches to go with

the All-Star Baseball team to Australia last summer. In 1976 Gooch was voted the teacher of the year at St. Cloud.

Gooch at 34 years of age was described by SFJC Dean Wilford Beumel as a family man. He and his wife, Theresa have four daughters. Gooch's coaching plus his class room teaching abilities should help him to recruit the best baseball players possible. Beumel commented, adding that his coming would not only be an asset to SFJC but also to the community.

H. Clay Gooch

the new baseball coach at the Junior College.

On approval of the board of directors, Gooch will replace Coach Timothy Hill, who after three successful years with the Panthers baseball teams has resigned to accept a baseball coaching and teaching position at Manatee Junior College, Bradenton.

Clay Gooch was born in St. Augustine, Fla. Majoring in physical education, he received his Bachelor of Science Degree from Florida State University, Tallahassee, where he played on the Seminole baseball team for three years. At Appalachia State College, Boone, N.C. his field of study included physical education and junior college education for which he received his Master of Science Degree.

Teaching and Coaching the baseball team at Bishop Kenny High School in Jacksonville, his teams compiled a record of 67 wins against 29 losses.

At St. Cloud High School, St. Cloud, Fla., the Gooch coached baseball teams amassed 106 wins against 56 losses during a five year period. In 1976 the St.

Recreation Area To Be Closed

The Avon Park Bombing Range Recreational Area will be closed the weekend of June 3 and 4, 1978, due to the utilization by the 1st BN, 116th Field Artillery, 3rd BN, 11th Special Forces and 3rd BN, 20th Special Forces of Sarasota and Tampa, respectively.

Individuals wishing advanced information concerning Opening-Closing of the range to the public may do so by calling our Automatic Answering Service Number, 813-425-1223.

Quota Hunt Applications Available

Hunters who have been enjoying Florida's wildlife management areas for the past three years know the significance of June 1.

But for the newcomer, the Game and Fresh Water Fish Commission would like to point out that June 1 is the day that quota hunt applications become available.

"In order to hunt or possess a gun on any wildlife management area during

the first nine days of hunting season (Nov. 11-Nov. 19), a sportsman must have a quota hunt permit," explained Fred Stanberry, director of the Commission's Division of Wildlife.

"We are going into the fourth year of the quota permit system," he said, "and from all indication, it is going very successfully."

Hunters may pick up an application at county tax collector's offices on June 1,

the same day wildlife management area permit stamps go on sale. Then, after filling out the form, indicating the areas the hunter wishes to hunt in during the first nine days, the form is mailed to the Tallahassee office of the Commission.

"The quota for any area is filled on a first-come, first-served basis as applications are received in Tallahassee and some of the most popular areas fill up fast," he added. "That is why we urge

all applicants to be sure and indicate more than one choice of areas."

Stanberry also encouraged sportsmen to get applications in early to insure they receive their choice. Quotas on most areas remain the same as last year although three areas, Hudson, Nassau and Tenoka had modifications in their quotas because of changes in the amount of land available.

Larry Jackson, Fastball Pitcher, Signs Baseball Scholarship With South Florida Junior College

Larry Jackson, Avon Park High School fastball pitcher, signed a baseball scholarship with South Florida Junior College last Friday afternoon. Coach Tim Hill, who has resigned as head coach at SFJC, linked in the 6'2 1/2" Red Devil athlete who set an 11-1 mound record this season.

Coach Hill, who will be leaving for Manatee Junior College in August, has not signed anyone for the Panther squad except Jackson. Just last Friday Coach H. Clay Gooch of St. Cloud High School was chosen to be recommended to the SFJC Board of Directors as the new baseball coach at the South Florida.

Larry is the son of Mr. and Mrs. Denby Jackson and has attended Avon Park Schools most of his school years. Last year, Larry had a 5-3 pitching record for the Red Devil varsity, hurling 43 innings and posting 47 strike outs.

This season the lanky right-hander doubled at firstbase when not on the mound and finished the 36 game season with a respectable 320 batting average. He pitched 94 1/3 innings and struck out 147 batters this spring.

Young Jackson is a four year letterman on the varsity Red Devil squad. He was voted the most valuable player on the 1978 team, was chosen the outstanding Highlands County baseball player for the year, and was a member of the Heartland Conference All-Star team. His only mound loss this year came in the sectional game against South Sumter

after he had pitched 11 innings of one hit ball. Larry will join his cousin Mort

Jackson, Jr. at South Florida next fall on the Panther squad which will be under the leadership of a new head coach.

Larry's uncle, Ronnie Jackson, also attended South Florida Junior College on a baseball scholarship.

Red Devil Athletes Honored At Banquet

Twenty-seven Avon Park High School Red Devil athletes were singled out for awards at the annual Avon Park Athletic Association's Winter and Spring Sports Banquet held at the high school last Friday night. Charlie Pough walked off with the coveted Outstanding Senior Athlete of the year trophy.

Charlie had outstanding high school careers in both basketball and baseball. He was chosen by a majority of the head coaches at APHS as the senior athlete who was most outstanding in contributing to more than one major sport during his high school years.

The annual sports awards program was held last Friday night with the banquet taking place in the high school cafeteria and the awards program being presented in the auditorium. Lew Mundt, president of the Avon Park Athletic Boosters Association, opened the program with a few words on the success of the Red Devil Athletic teams this year.

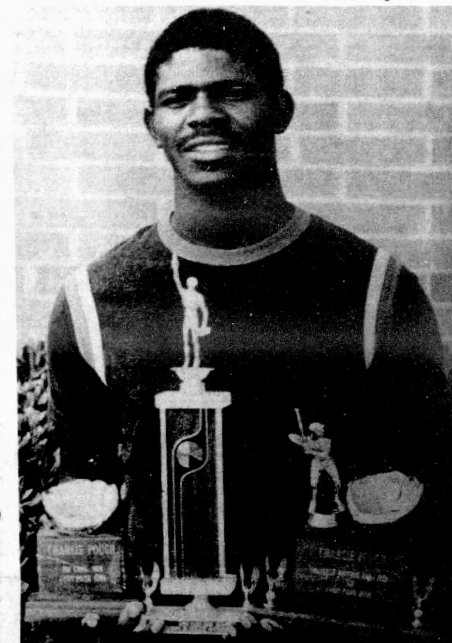

Coach Tom Land presented awards to the Class AA State Runner-Up Red Devil basketball players. Larry Pough won the most valuable player award and Freddie Williams was chosen as the most improved player on the 1977-78 squad. Coach Land also announced that George Loyd won the best free throw average trophy with an 83 percent effort at the foul line and David Williams had been picked as the best defensive player on the team that set an 18-11 record and was the first Avon Park cage team to ever advance to state competition.

Charlton Weather was chosen as the

most valuable player on the junior varsity boys basketball team. The Devil jayvee cagers set a 19-1 record which Coach Don Sisemore said was the best

record ever set by an Avon Park junior varsity basketball team. Weathers was the leading scorer and leading rebounder for Avon Park's jayvees this season.

GOLF - TENNIS by Les Burch

River Greens Golf Notes

Naomi Davis and Mark Bell tied with Harry and Hal Penny for top prize in last Sunday's Scotch two-ball tournament at River Greens. Both teams shot 63's in the man-woman alternate shot event. Twenty-five teams were entered.

Jim and Alva Timberlake finished in second spot with a 66, while four teams turned in 68's to wind up tied for third. These teams were Bob and Velma Lee, Warren and Berta Lou Holley, Sharon and Alida Willett, and George and Louise Pepper.

Evelyn Schmidt claimed honors for having to drive the most times claiming she hit the team's tee shot on 16 of the 18 holes played.

Congratulations to Bea Hansel, Irene McCormick and Norma Stoeker who came home with prizes in last week's Highlands County tournament. (See story elsewhere)

Golf Tips to improve your game can have side effects if taken literally. One golfer we heard of spent a lot of time in his living room practicing his grip after reading that "a club should be held with about the same amount of pressure used in holding a tube of toothpaste." We don't have a report on his golf score, but his wife wants to know "how to get green mint colgate out of a chocolate brown shag rug."

120 Expected In Bagwell Tourney

Seventy of Florida's top young golfers have already entered the eighth annual Bagwell Youth Golf tourney, scheduled for River Greens Golf Club on June 16, 17, and 18, and judging from the handicaps of the entries, there promises to be a real shoot-out for the championship trophy.

Twenty-two of the 12 through 18 year old golfers entered have handicaps of 5 or better and there are five players in the group who are one handicappers — about as low as you can get on the scoring tables.

Heading this top handicap group is 17 year old Kevin Janiga of Lake Placid, last year's runner-up to Pete DuPris for the Bagwell Trophy. Janiga recently signed a golf scholarship to attend school at the University of Tennessee next Fall.

Youngest is 16
Youngest of the one handicap group is 16 year old Gregg Morely from Winter

Aaron Cravens, Leon Delaney, P.D. Wells and Jack Osborne wound up with a plus 3 points to win last Wednesday's River Greens Pro-Am. The team of John Carr, Walt Kline, Russell Brown and Harold Kline came in second with a plus one.

Karl Swanson won the A division. Leo Promey topped the B class players, P.D. Wells was top man in the C group Jack Osborne won the D section prize.

Georgia Brown was the high points winner in the May 23 Ladies Day tourney. She scored a total of 9 plus points in the 18 hole match. Marge Hostutler was second with 7½ points and Ethel Polk wound up in third place with 7 plus points.

The Kines rather took over last Saturday's Men's Association low net tourney. Walt Kline shot a net 60 to win first place honors while Harold Kline took second spot with a net 63.

Volunteers who want to work in various capacities during the upcoming Bagwell Youth Tourney at River Greens can now sign up on the worksheet in the club house. Tournament dates are Friday, Saturday and Sunday, June 17, 18.

Spring. Brother Jeff, at 18, also plays to a one handicap as do J.D. Murchinson of Stuart and Ron Ferrara of Kissimmee, both 18. Ferrara was one of the leading contenders in last year's tournament.

Curt Danley of Winter Park, though only 15, is one of three players entered who carry a two handicap. It's not a bad handicap when you realize that a two is low enough to make a player eligible to enter the United States Open.

To date, six girls have sent in entries for the newly added girl's division of the tourney. Joan Ellis, age 16, from Tampa heads the girl golfers with a six handicap. Amy Benz of Clearwater, who entered with an eight handicap, is also 16.

The 54 hole event, spread over three days, is sponsored by the Bagwell Lumber Co., with the cooperation of River Greens. Players will be divided into flights on Saturday, based on their scores after the first 27 holes are completed. Trophies and awards will be given in the various age groups.

Tournament officials are expecting more than 100 boys and at least 20 girls to be on hand come tee off time on Friday, June 16. Thursday, the 15th, has been set aside as practice day.

Loan Association. The first 18 holes were played on Thursday at Harder Hall with the final round being played at Golf Hammock on Friday.

Three Avon Park ladies, playing out of River Greens Golf Club, were among the prize winners in the tourney. Bea Hansel placed third in the second flight, Norma Stoeker finished second in the third flight, and Irene McCormick took third place in the fifth flight.

Trophies and awards were presented by Henry Crutchfield and Mrs. Sarah Holofield, representing the sponsoring organization. Mrs. Alice Tiempero headed up the tournament committee.

take their end of the year frustrations out on the golf course."

All faculty and staff members employed in the school system and - or their spouses are eligible to enter the tourney. Additional information can be obtained by contacting Mr. Sandlin at 384-4312. No advance registration is required, but persons planning on playing are requested to be at the Harder Hall Club House no later than 8:30 p.m. Pairings and foursomes will be arranged then.

Pinecrest Golf Notes

Ed Touchton Sr., Bob King, Chuck McCormick and Frank Moore teamed up for a plus 18 points to win last Wednesday's Pro-Am tournament at Pinecrest.

George Variano with a plus 3 points won the individual prize in the A division. Bob King had a plus nine to take honors among the B players and C McCormick with a plus 5 took the C class prize. Buford Long had a plus 8 to win the D section.

In the weekly women's Pro-Am, the threesome of H. Melear, J. Backus, and M. Eeles shot a plus four to take top honors. Other ladies events of the week were cancelled because of the Highlands County tourney.

GOLF TIP OF THE WEEK: Since playing golf in Florida often means playing in the wind, here is a tip for battling the elements.

Instead of trying to overswing to compensate for the wind, just swing easy and make good contact with the ball. With iron shots into the wind, it is a good idea to choke up on the club and shorten your swing. This will keep the ball lower and out of the wind.

Avon Park Ladies Place In County Golf Tourney

Birdie Dorman of Sebring defeated Martha Lamp, also of Sebring, in a playoff at Golf Hammock last Friday to win the third annual Highlands County Women's golf tournament. Both ladies shot gross scores of 175 over the regular 36 holes.

The net division of the tourney also ended in a tie with Cletta Evans of Sebring and Lucille Plear of Sun N' Lakes North both coming up with net scores of 139. Cletta won the play-off to cop the low net title for 1978.

One hundred women from the many golf clubs in Highlands County participated in the two day affair sponsored by the First Home Federal Savings and

by Jim Sismore and will be playing in the East Area District 4 competition. Avon Park joins seven other teams in the newly divided east area of District 4. Sebring will have two teams, the VFW team and K.D. Grubb team. Lake Wales will also field two teams - Sun Bank and Wales Cooling and Heating. Other teams in the area are Frostproof, Lake Placid and Wauchula.

Tomorrow night (Friday) the HCB team of Avon Park will host the Frostproof team here at Head Field at 7:30 p.m. Then the local nine will play again on Thursday, June 8, in Sebring against the K.D. Grubb team. The remainder of the schedule is in this week's Sun.

Sebring VFW-3, HCB-8. Two Sebring VFW pitchers teamed up to hold the Avon Park HCB batters to just three hits while the Sebring batters rapped off four hits to take a 3-0 victory in the Big League season opener here at Head Field.

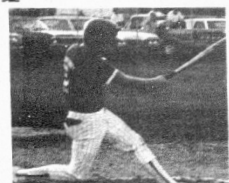

Larry Jackson started on the mound for Avon Park and set down the first five Sebring batters in a row with strike outs. Then he developed arm problems and gave up two runs and three hits before he was relieved by Steve Arnold in the third frame. Arnold finished the seven inning game allowing another run on a single and an error.

Athletes Awards Banquet

Continued From Page 1B

Coach Cherri Lee presented the most valuable player plaque for girls basketball to Meg Schuler who led the Avon Park Devillets to a 14-8 record and the district championship in their second year of varsity competition. Schuler was the leading scorer and the leading rebounder and according to Coach Lee she was also the leader of the team which won only two games and lost eleven in its initial season. Freshman Laurie Welch won the most improved player award.

The Cross Country most valuable player plaque went to Alan Portis and the most improved award was presented to Mark Myers by Joe Franzia for the absent Coach Chet Brojek. This year's cross country squad set a 38-13 record. Franzia also made the awards to the Red Devil track winner for Coach Brock. Jim Ervin and David Jahna were co-winners of the most valuable player award and James Wilburn was picked for the most improved player plaque. The

Devil track team had a 26-2 record and finished sixth in Class AA state competition.

Coach Kathy Klang awarded the most valuable player award in girls track to senior Meg Schuler who was the only Avon Park team member to qualify for state this year. Teresa McKenzie won the most improved player award. Only eight girls finished out the year with the girls' track team, but Coach Klang praised those girls for their dedication and accomplishments during the season.

Coach Jennie Cox, whose girls tennis team won the Heartland Conference championship this year, presented the most valuable and the most improved player awards to senior Delorides and Debra Cox to share equally. Coach Cox told the group of athletes and friends that the twins had been the mainstay of the Devillete net team for the past four years.

Mike Behal won the award for the

most valuable member of the boys tennis team for 1978. David Epstein won the most improved player tennis award. Coach Bruce Wyse reviewed the records of the top five players on the team. He said that in the past three years the boys had won two conference championships and had won 31 matches while losing only 6.

Red Devil senior rightlander Larry Jackson was awarded the most valuable player award in baseball by Coach Ronnie Jackson. Larry set an 11-1 mound record this season pitching 94 1/3 innings and striking out 147 batters. The Avon Park team posted a 20-6 record as they won the conference, district, and regional championships. Larry also batted an impressive .320. Charles Oliver won the most improved player award.

Coach Jackson also presented trophies to sophomore David Sismore for winning the best defensive player award and to Charlie Pough for having the highest batting average for the second straight year. Pough had a .342 average at the plate this season. The Red Devils won 41 and lost 12 games over the last two years. Tri - captains were also given awards. This year the Devil baseball team chose Larry Jackson, Charlie Pough and Victor Roberts for that honor.

Dennis Barefield was awarded the most valuable player plaque for junior varsity baseball by Coach Hoppy Lewis. Barefield had a .531 batting average and led the team in offensive points with 100 as the Devil "Bees" set a 14-2 record this season.

Pete DuPriest, who holds every Avon Park High School golf record, won the most valuable golfer plaque which was presented by Bruce Wyse in the absence of Coach Fred Sandlin. Mike Smithson was chosen as the most improved player on the Devil golf team which won 18 matches this year. Teri Griffen was presented the most valuable player award for girls golf. Teri was the first girl to break 80 on the Avon Park team.

Coach Jean Lund made the award presentations to the Red Devil cheerleaders. Traci Hill was chosen the best all round cheerleader and Rhonda Landress won the most spirited cheerleader plaque for the varsity squad. Terri Landress was chosen for the best all round award on the jayvee squad this season.

The cheerleaders presented a gift to Mr. and Mrs. Dan Evers for furnishing a van for the out-of-town trips this year and Mrs. Lund expressed her appreciation for all the support the fans had given the Red Devil teams this year. Coach Kathy Klang assisted Mrs. Lund with the junior varsity cheerleaders and both Mrs. Lund and Mrs. Klang were given a corsage by the cheerleaders at the award program.

Coach Joe Franzia closed out the program with the word of praise for the fine season records set by all of the Avon Park teams this year. He expressed the school's appreciation for all the help given by parents and fans during the year commenting that a program like the athletic program at APHS could not survive without all the contributions from the community.

Night Tennis Classes Set For SFJC "B" Term

Two night tennis classes are scheduled to be taught at South Florida Junior College during the summer "B" term which begins June 16 and ends July 23.

The tennis class will meet on Tuesdays and Thursdays from 7 to 9:40 p.m., and is for the novice and those who want to improve their games. The basic fundamentals, rules, strategy and etiquette of the game will be taught. The first class meets June 20.

Advanced tennis will meet on Mondays and Wednesdays from 7 to 9:40 p.m. This class is designed to improve the students' game by developing techniques

of the game and refining skills. A person must have successfully completed the tennis class in order to enroll in the advanced tennis class. The first class meets on June 19.

Both tennis classes are co-educational and may be taken for one hour of college credit or for audit. Anyone planning to enroll must register at the college during the summer "B" term registration period, June 15, 16, 19.

Further information may be obtained from the Admissions Office at South Florida Junior College or by calling 453-6661, extension 135, in Avon Park.

McCann Ford Holds League Lead

The McCann & Son Ford Mets won two more games last week to stay undefeated and hold on to the Avon Park Senior League lead with a 4-0 record. The Mets knocked off Avon Paint & Body 9-3 on Tuesday and then shut out Kopta and Bennett by a score of 5-0 on Wednesday.

The Kopta and Bennett Reds took over second place with a win over Avon Citrus Bank on Monday and the loss to McCann on Wednesday to set a 2-2 mark for the young season. ACB and AP & B were tied with 1-3 records after the two weeks of play.

Last Tuesday night McCann was to take on ACB in the six o'clock game and Avon Paint and Body was to meet Kopta and Bennett in the second game of the evening. Tonight (Thursday) the two scheduled games have been postponed until tomorrow (Friday) night because of the Red Devil football intersquad game being played at Memorial Field.

Tomorrow night it will be Avon Paint and Body against McCann at six o'clock and Kopta and Bennett vs Avon Citrus Bank at 8:15 p.m. Next Tuesday, June 6, AP&B will take on ACB in the early game and Kopta and Bennett will host McCann in the nightcap game.

Kopta and Bennett - 6 Avon Citrus Bank - 5

The Kopta and Bennett Reds scored two runs in the first inning and added four more in the fourth frame to take a 6-5 win from the Avon Citrus Bank Cubs last Monday night a week ago.

The Cubs scored three runs in the third inning and almost tied the game up in the bottom of the fifth when they scored two more runs and apparently scored the tying run only to have the

baserunner called out on an appeal play at third base. The runner had missed the base.

The Reds got four hits off Gerald Jones and David Jackson. Tommy Hips hit a double in the fifth inning and Alvin Conner, Ronnie Barnes and Sam Barnes contributed a single each to the winning cause.

The Cubs got five hits off starter Alvin Conner and Ronnie Barnes. David Jackson hit a double and Gerald Jones, Dwayne Council, Eddie Roper and Jacques Thomas all added a single for the Cubs in the close game.

McCann & Son Ford - 9, Avon Paint & Body - 3

Scoring six big runs in the bottom of the third inning, the McCann Mets came from a 3-1 deficit and went on to take a 9-3 victory from the Avon Paint and Body Braves last Tuesday night a week ago.

David Roberts and Jim Marcum teamed up to pitch the two hitter against the Braves. Jerry Jones slammed a homerun over the right field fence in the third inning and Kevin Caldwell followed with a single to right center field for the only two hits by the Braves. Marcum came on in relief of Roberts in the third inning with one out and finished the five inning game, striking out five batters during his two and two thirds innings on

COACH JOHN HUNTER (right) watches as the White team practices offensive plays with this hand-off from quar-

terback.

The McCann Mets got their nine runs on just four hits, but one of them was a home run by Tim Cribb over the left field fence. It was Cribb's second homer of the season. Catcher Chris Collins sliced a double down the right field line and Ricky Derkman and Tim Cribb had a single each for the four Mets hits off three different Brave pitchers.

McCann-5, Kopta and Bennett-0
McCann pitcher Ricky Derkman pitched five and two thirds innings of hitless and scoreless ball against the Reds last Wednesday night a week ago before Tony Moore bounced a single over the mound to break up the no-hitter. The McCann Mets shut-out the Reds 5-0 however, on four hits, six walks and five errors by the Reds. Tim Cribb came on in relief to face the last Red batter in the six inning game.

McCann scored one run in the bottom of the third when Joe May drew a walk and Ricky Derkman singled to drive him across the plate. Another run scored in the fourth when Cribb was safe on an error and Ricky Norris lined a double to right center field to drive him home.

In the fifth frame, the Mets added two more runs as Jody Johnston walked,

Ricky Derkman was safe on a fielding error and both scored on a single by Mike Shorkey followed by two bases on balls. The final Met run came in the sixth inning. Johnston reached first on an error, and David Hodge came in to pinch run. Derkman drew a walk and then Shorkey hit his second single of the game to drive in Hodge with the fifth run.

Avon Paint & Body - 2, Avon Citrus Bank - 0

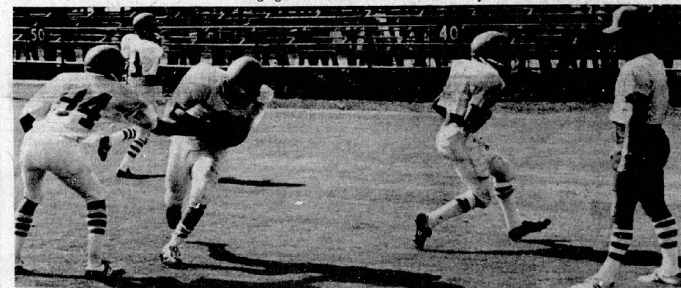

Avon Paint & Body pitcher Ricky Johnson threw seven innings of hitless ball at the Avon Citrus Bank batters to lead his team to a 2-0 victory over the Cubs last Thursday night. The fifteen year old righthander struck out ten batters in the seven inning game to give AP&B its first win of the season with the no-hitter.

The Braves scored a run in the first inning when Bart Murphy drew a walk and was driven home by Warren Moreland's single. The second Brave run came in the second inning. Terry Daniels walked, stole second, stole third and scored on a passed ball. The single by Moreland was the only hit by the Avon Paint & Body batters of starter Jeff Caldwell and relief hurler David Jackson in the seven inning game.

ACB Takes Over Little League Lead

Coach Gordon Marshall's Avon Citrus Bank Little League team knocked Avon Tire from the undefeated ranks last Friday night to take sole possession of first place in the eight team league with an 8-0 record. Avon Tire dropped to second place in the standings with a 7-1 mark. The top two teams still have a make-up game with each other which is tentatively set for the end of the season.

Bagwell Lumber held on third place with a 6-3 record and Rotary dropped to fourth place with a 5-4 mark after play last week. First Baptist and Lions were tied for fifth place with 3-6 marks, I.H.

Ford Motor Co. was in seventh place with a 2-7 record and Kiwanis was alone at the bottom with a 1-8 record. All teams but the two top teams have only five games left on their schedule.

Tonight (Thursday) Bagwell plays Rotary on Field I and Bank plays Ford on Field II. Tomorrow night it will be Lions vs Kiwanis on Field I and Baptist vs Avon Tire on Field II. Next Monday, June 5, Rotary is scheduled to play Avon Tire on Field I and Ford will play Kiwanis on Field II. Next Tuesday it will be Lions vs Bank on Field I and Bagwell vs Baptist

on Field II.

Avon Tire-11, Lions-1.

Duane Young, Avon Tire pitcher, blasted out a homerun and a double and pitched a one hitter last Monday a week ago to lead his team to an 11-1 win over Lions. The winning pitcher also scored four runs in the five and a half inning game.

Lions shortstop Bobby Barnes got the only hit off Young and also scored the only run for the Lions as nine batters went down with strike outs. Avon Tire batters got a total of 8 hits off Lion pitcher Lawrence Spry. In addition to Young's homer and double, Vernon Simpson and Otis Kelly had two singles each and Bobby Lewis and Joey Crane had one single apiece.

Avon Citrus Bank-11, Kiwanis-5.

Avon Citrus Bank continued to knock off all opponents as the Bankers took an 11-5 win from Kiwanis last Monday night a week ago.

Although Kiwanis pitcher Geno Taylor struck out 11 Bank batters, the winners got 14 hits. It was almost a case of every batter either striking out or getting a hit. John Tolar and Tim Devlin both went four for four at the plate. Tolar got three triples and a single while Tim Devlin hit a double and three singles. Mike Dozier also had a triple. Daryl Williams hit a double and a single, Jimmy Bennett and Randy Wright both hit a double and Doug Singletary added a single for ACB.

Kiwanis batters got six hits off Dozier and Tolar. Geno Taylor connected for a double and a single. Bruce Sapp hit two singles and Darren Halvey and Charles Garner had a single each in the losing effort.

Bagwell hurler faced only 20 batters. He walked only two and one was safe on an outfield error.

Bagwell batters sliced out 9 hits but could score only the one run as Kiwanis pitcher Darren Helvey fanned 9 at the plate and his team mates threw out three runners at home plate.

In addition to Beck's round tripper, Greg Jackson hit a double and two singles and Gordon, Fred Lewis, Johnny Rewis, Anthony Gordon and Mike Baldwin all hit one single each for the winners.

Avon Citrus Bank-10, Avon Tire-5.

The two undefeated Avon Park Little League teams met last Friday night and Avon Citrus Bank long the cellar dweller of the league, came out on top to grab undisputed first place with a 10-5 win over Avon Tire.

over Avon Tire.

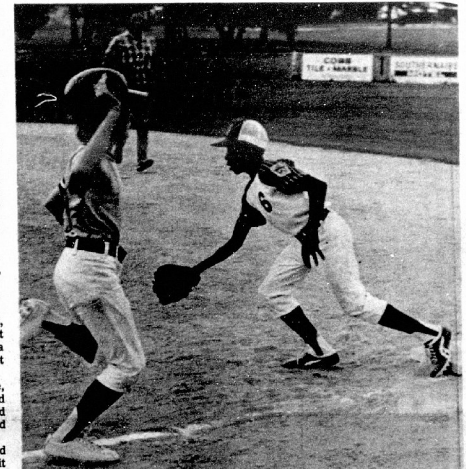

Tim Devlin pitched the six inning game for Bank giving up two doubles and three singles to Avon Tire batters but striking out 10 of them. Avon Tire scored three big runs in the third on three hits and then added a run in both the fourth and fifth innings on one hit each inning.

The Bank batters jumped on Avon Tire pitcher Tommy Johnson and Junior Lee for seven hits. Duane Young pitched to one batter for Avon Tire, striking him out.

John Tolar led the Bank at the plate with a home run over the left field fence and a double and a single as he went three for three and scored three runs. Tim Devlin aided his own cause with a double and a single and Mike Dozier hit two singles to help put Avon Citrus Bank at the top of the standings.

THE WHITE HOUSE
WASHINGTON

May 17, 1978

TO THE 1978 GRADUATES OF
AVON PARK HIGH SCHOOL

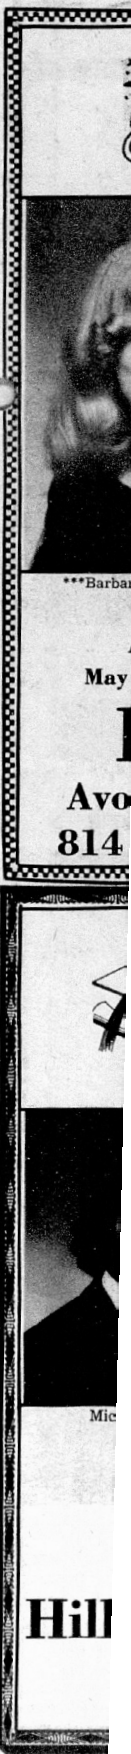

I am pleased that I have been asked to join your friends and relatives in offering my congratulations as you commence a new stage of life as responsible members of the adult community.

I encourage you to explore the many choices open to you and to ask how you can contribute to our successful meeting of the challenges of the present and future.

America needs your full involvement: your youthful energy, your bright optimism, your talents and your commitment to a better world. I am confident that you can be counted on to do your part.

My prayers and best wishes go with you for lives of happiness and fulfillment.

Valedictorian

***Charles Kenneth Oliver, Jr.

Avon Park High School proudly announces that the Valedictorian for the graduating class of 1978 is Charles Kenneth Oliver, Jr., and the Salutatorian is Babs Maness.

Charles is the son of Mr. and Mrs. Charles K. Oliver, 706 Ruth St., Avon Park.

He has accepted an appointment to the United States Military Academy at West Point. He plans to major in some field of engineering.

Charles lettered two years in Varsity Baseball and was All Conference in his senior year. He is Vice-president of the Key Club, President of the National Honor Society, and Parliamentarian of the Student Council.

Bowling is Charles' favorite hobby and he will be competing in the State Tournament for the Tri City Senior League.

Salutatorian

***Barbara Elaine Maness

Babs Maness, Salutatorian, is the daughter of Mrs. Gladys Maness, 832 S. Highlands Ave., Avon Park.

She has been awarded the Dode Phillips Scholastic Scholarship for the four years of college by Erskine College. At this time she plans to major in journalism.

Babs is Editor of the 1978 High School Annual and in the 10th grade was on the newspaper staff. She is also Vice-President of Keyettes, Vice-President of Latin Club, Secretary of Senior Class, Rifle Corps Captain, a member of the National Honor Society and received the honor of going to Girl's State.

ASSISTANT PRINCIPAL

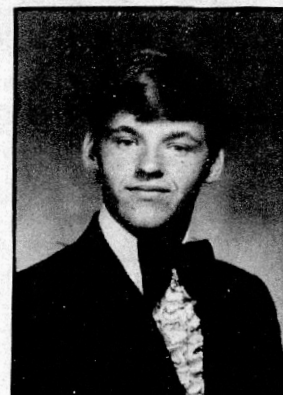

In the four years that the young men and women of the Class of 1978 have been at Avon Park High School, we have found them to be active and concerned. Their enthusiasm in all areas of school life has taken them far. Each graduating class seems to have a personality of its own and each is missed by faculty, staff, and other students. The Class of 1978 leaves with a wish from all of us for health, prosperity, and happiness.

APCI To Be Fourth Largest Prison Complex In State

Addition growth in both construction and personnel have made the Avon Park Correctional Institute the fourth largest prison in the state. The growth has also pushed the institution's payroll to over \$4 million.

The budget for fiscal year 1978-79, which begins July 1, is \$4.3 million, a jump of \$600,000 from one year ago and an increase of \$1.8 million from the 1976-77 budget.

The number of inmates at what is now the medium security prison is approximately 1,300, making the institution the largest in this district of Florida and the fourth largest in the state.

In addition to payroll funds, another \$1.3 million will be spent building an vocational center and an academic

center on the prison site. Superintendent Sid Fortner said the buildings should be completed by the end of October and should be ready for use by the prison staff and inmates by the first of the year.

The \$1.3 million used for construction was provided by federal funds. Construction is also planned for a tire recycling plant and a furniture factory. According to assistant superintendent M.K. Sawyer, the factory will be manned by inmates who will make furniture for state offices and institutions, thus saving any state funds which would have gone to purchase the furniture.

The tire recycling plant will also be used for state vehicles, but will not be used to compete with any private business in the state.

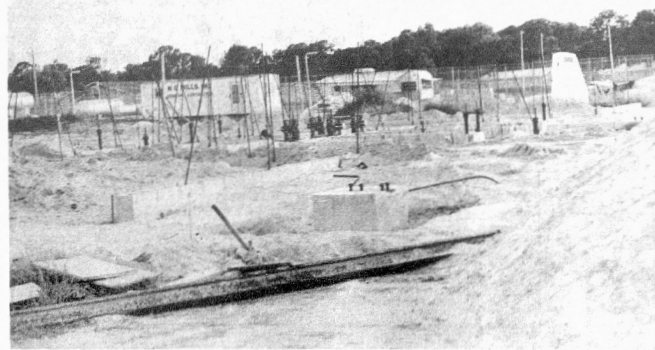

Although inmates are paid if they

participate in a work-release program at the prison, they are not paid for any work in such on-site plants as the furniture or tire-capping complex.

Sawyer said there were only about 10 men presently on the work-release program. To participate in the program, inmates had to be in their last 20 months of their sentence, and have a good record. They could also be recommended for the program by a parole committee.

The prison limited the number allowed on the program so as to not compete with jobs with local citizens, Sawyer said.

"The ones on a work-release program pay a pro-rated amount towards rent, transportation and the support of their family," he said.

DR. A. ROBERT MASSAM (left) orthopedic surgeon accepts delivery of a Aerostar 600 A, from Pilot Ron VonLanen

of Melbourne, for use as an air ambulance to transport critically injured patients to a major treatment center with

Air Ambulance Service

By Local Medical Group

In the matter of two or three months Avon Park will rank right up with such metropolitan centers as Miami, Ft. Lauderdale, Vero Beach and Orlando in the ability to move critically injured patients, via air ambulance, to major medical centers for specialized medical, surgical or neurological treatments.

The idea of an air ambulance for Avon Park and the Highlands County area was born in the frustration Dr. A. Robert Massam experienced, while trying to find suitable transportation to take a patient Kittrell to the Jewish Hospital at Louisville, Ky. to have the boy's practically severed right arm reattached to his body, last summer.

It took Dr. Massam about two and a

half hours to raise an air ambulance owned and piloted by Dr. in Orlando, another 45 minutes for the plane to get to Avon Park. The flight to Louisville took another four hours, with Dr. Massam, who holds a commercial pilot's license, relieving the pilot during the flight.

Since that time there have been a few bad accidents in the area, in which an air ambulance could have been utilized, stated Dr. Massam. In looking deeply into the matter Dr. Massam found that the plane could be used as a charter plane or haul cargo and generally pay for itself.

To avoid conflict of interest Dr. Massam and several others in

association with Highlands Aviation, Inc., decided to form a corporation to operate the air ambulance. The service eventually will be in conjunction with other Air Ambulances in the state. For complete medical coverage. The plane will be based at the Highlands Aviation Inc., hangar.

The plane selected for the air ambulance service is the twin engine, Aerostar 600A, built by Ted Smith Aerostar at Santa Monica, Calif., and is known as the world's fastest production

Workers In Top 25 Percent Pay Scale

Highlands County government is slowly developing a personnel system that can be used as a tool to provide a more rational approach to handling employees.

As with any new tool, Highlands County Commissioners are learning how to use the system, which is being developed where none existed before. One aspect of the plan is a means of helping keep the lid on ever-increasing labor costs.

Although an across the board average increase of 10.1 percent in all general fund and road and bridge department employees' salaries was recently approved by the board, it is possible that once the new personnel plan goes into full effect, salary costs can be more closely controlled.

The pay increase for this year represents a cut from the average increase of 12 percent for the 1977-78 fiscal year.

A 7.5 percent cost of living increase, which is to take effect beginning Oct. 1, when the new fiscal year starts, was approved. Along with this increase, an average increase of 2.6 percent beginning April 1, 1979, was also approved.

This second increase represents the first phase of the salary controls provided by the new personnel plan. Under the plan, employees would receive a step increase annually of about 3 percent. This amount could be lower, if the board uses the step increase feature as a means of reducing labor costs.

David Norris, personnel aide, said use of the step increase has several advantages.

One, is that the use of a controlled step increase can allow for budgetary projection, something that has been difficult in the past using the former hodgepodge of pay grades and merit salary increases.

In the past there have been a series of dates salary increases were given, making for cash flow problems early in

the fiscal year.

The step increase of 2.6 percent won't take effect until April 1, midway through the fiscal year.

Because Highlands employees are in a relatively good pay position compared to other county and state workers in Florida, the amount of pay increases may be less next year.

Norris said the county's employees are in the upper 25 percent of state and county employees as far as pay goes.

Another aspect of the new system that has gained board approval is use of a series of 14 pay grades replacing the 62 grades used before. Jobs have been grouped according to description and the nature of the work.

This change was made to eliminate some of the differences in pay and advancement that occurred under the previous system.

In each pay grade there are a series of salary steps.

Norris stated in an initial report on the plan that any employee is worth more to an employer once the worker is at peak performance. This generally takes some time.

"Trade skill" jobs usually take an employee about 2.5 years to reach a peak, while some of the administrative positions require several years of work before the employee is at a high level of performance.

The step increase is a means of rewarding this increased performance level.

Merit increases are eliminated because the system didn't work as intended, Norris said. Performance evaluations were often based more on personality than work output.

While merit increases have been eliminated, rewards for longevity are being retained. A 2 percent increase for each five years of service is the basis for the longevity pay increase.

Norris said there are only two employees with 20 to 24 years service with the county, six with 15 to 19 years,

nine with 10 to 14 years and 37 with five to nine years. There are a total of 168 non-supervisory positions covered by the new personnel system.

Another area of personnel system development is to be a disciplinary plan to provide a grievance procedure in handling employee-supervisor disputes.

This phase of the plan is being worked on by Norris, who has spent the past several months developing other aspects of the personnel system.

Hospital Administrator's Salary Revealed

When Brian Bogert takes over as administrator of the Highlands General Hospital, his salary will be approximately \$38,000.

When the matter first came up, hospital commissioners were reluctant to comment about the figure and refused to disclose the salary of the new administrator.

Board Attorney James Livingston said a legal request for the information would have to be made to the board.

The hospital has been without an administrator since former administrator Vernon Bielefeld resigned March 10. Board officials have been taking turns as acting administrator since Bielefeld left. Bielefeld is presently at the Good Samaritan Hospital in Tampa in an executive position. He had been with Highlands General Hospital since 1974, when he was hired for approximately \$21,000.

Bogert will take over the post of administrator sometime this month. He has a master's degree in hospital administration from Trinity University in San Antonio Texas and served as administrator of Mercy Medical Center in Durango, Colorado for four years.

Hearing For APCI Employee

A pre-trial hearing in Circuit Court has been set June 19 in a case involving a former Avon Park Correctional Institute (APCI) employee charged with grand theft in a complex case of theft of a calf and illegal hunting.

Stan Reed, a former APCI correctional officer, has been charged with grand theft following an incident March 20 that apparently involved illegal hunting and cattle theft.

Two other former APCI employees were also charged in that incident. Bobby Spurlock and Wes Odum were each charged with hunting with a light. The two pled guilty to the charges and each paid a \$150 fine.

According to Highlands County sheriff's investigator Sgt. Bob Hopton, Spurlock and Odum have agreed to turn state's evidence and testify in the Reed case.

All three men were employed at APCI at the time of the incident.

G. S. Fortner, APCI superintendent, said Reed, who

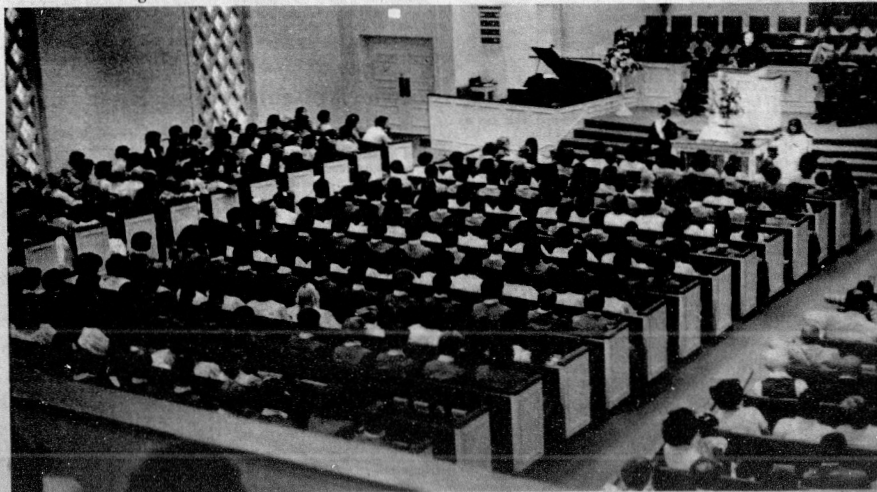

had worked at APCI for 25 months, was terminated after the March incident. Spurlock, the prison's farm manager had worked a total of 18 years at APCI, and Odum, who worked 13 months as a corrections officer were to be transferred to another correctional facility in Glades County.

Both Spurlock and Odum resigned rather than be transferred.

The case stems from the March 20 theft of a calf owned by Sam Elder of Avon Park and illegal hunting.

Sheriff's deputies reported then that Game Warden Frank Valentik of the Florida Fish and Game Commission saw Reed's truck on Bombing Range Road and a spotlight was shining from the truck. Valentik attempted to stop the truck, but the truck sped up and a high-speed chase ensued.

After a six-mile chase, Valentik said Reed's truck was found abandoned and hair and blood were reportedly found in the truck. A dead calf was discovered close by.

Irony In Smathers' Speech

Kurt Vonnegut would have appreciated the irony of it. Vonnegut is the novelist who can spin tales of black humor and sign off with the phrase "So it goes."

The phrase would have been apt last week when Secretary of State Bruce Smathers addressed the Highlands County Property Owners Association.

Smathers, a gubernatorial candidate, told association members that his family should not be considered in his candidacy.

The irony is that Secretary Smathers received his chance to speak to the association precisely because of his family. His father is the ex-Senator George Smathers, darling of the industrial elite.

Bruce, and every other person who has a minute amount of political knowledge, realizes he won his election as secretary of state because of name recognition, not because of any intrinsic merit of his own.

The same factor, name recognition, is the reason Smathers rates second in polls among the Democratic candidates for governor. It is also the reason Smathers can make, incredibly silly statements with no facts to back him up.

Addressing the Highlands County group Smathers said he was "bringing more state government experience than any other candidate."

Which must be news to men like Attorney General Robert Shevin, Lt. Governor Jim Williams and State Senator Bob Graham, also candidates for the state's highest political office.

Smathers was elected to the state senate from Jacksonville and served two years. He then resigned to run for Secretary of State. Now, giving Smathers credit for his full term of office, his total

experience in state government, is six years.

Shevin has more years than that in his present office. He has already served seven years as the state's attorney general.

Williams has served four as Lt.

Editorial

Governor. Add to that a few more years in the state legislature, six actually, which makes a total of ten.

Graham has served a total of 12 years in state government, six in the state house and six in the state senate. Now, it does not take a mathematical genius to see three other contenders' experience dwarf that of Secretary Smathers.

Now, there is one other important difference between Smathers and the other three contenders. Shevin, Williams and Graham possess what conservatives would say is the nobility of the political vocation.

They understand the great responsibilities of their office and have shown leadership in areas like education, tax reform, or administrative talent.

However, none of the above three had fathers who were United States Senators and can run for governor on paternal laurels. Still, according to the most recent public opinion polls, Smathers comes in second with about 20 percent backing.

As Kurt Vonnegut might say, "So it goes."

The World Is Still Round

A gruff Chicago-based editor of the 1890's, known best by the single name Duffy, once noted that "Socially, reporters are on the level of bartenders and prostitutes but, spiritually, they rank with Galileo. They know the world is round."

This weekend in Daytona Beach the heirs of Duffy will meet for the annual Florida Press Association Convention. Only the 19th-century editor would probably be surprised, and dismayed, at the new social status of colleagues. In addition to the \$20 or so cost for registration and the \$15 or so per diem for dinner, there's golf, tennis and deep sea fishing offered!

Strangely enough, the press association's gala event comes just at a time when members of the press are not in gala moods.

Nationally, the Supreme Court decision allowing police to search newsrooms for possible evidence has editors and reporters frowning over how much an effect the ruling will have on journalism, particularly investigative reporting.

Closer to home a reporter for the Okeechobee News was hit with contempt proceedings because he refused to answer questions at a change of venue hearing.

The Okeechobee case concerned David Delap, convicted in 1975 of murdering school teacher Paula Etheridge. Because the transcripts of the trial were lost, the state Supreme Court ordered a new trial for Delap.

In his attempt to obtain a change of venue, which the judge ordered, Defense Attorney Russ Ferraro used a shotgun approach, asking Robinson a wide range of questions even ranging to libel and copyright law.

Robinson, instead of answering questions, asked to be given time to consult an attorney. His concern was, if the action was a precedent, reporters would avoid controversial court and criminal matters in the future, thus chilling the idea of a free press. Thus Robinson, whether he was justified or

mistaken in refusing to answer questions, now faces jail time and a fine for sticking to journalistic beliefs.

Yet the possible loss of one man's freedom is not the worst aspect of this case. The subpoena, which was handed Robinson, other reporters and other citizens, could have been challenged legally. If so, then this debacle probably never would have happened.

Yet General Manager Bill Ball of the News and Publisher Dave Fleming, who will probably be up in Daytona Beach this weekend, enjoying the golf courses and the deep-sea fishing, refused to hire an attorney for their reporter.

If Duffy would have been surprised at the new social style of editors and publishers, he would have been appalled at what is nothing less than an obligation of a publisher's responsibility. A responsibility not only to his reporter but to the community and the public at large. No one is served if any press freedom is curtailed.

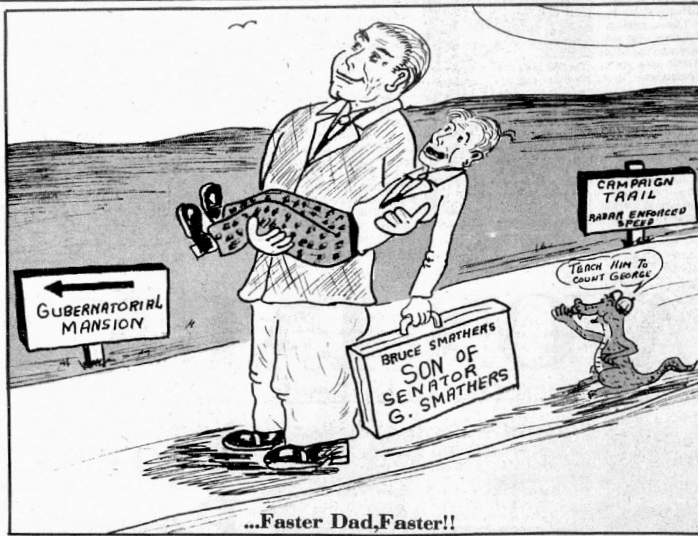

An editorial in the Okeechobee paper expressed the issue quite well. "Facing the threat of courtroom questioning about news after it is written, reporters will shy away from telling the truth if they believe doing so could land them in the witness stand."

If that sounds a little farfetched, remember two company men, supposedly dedicated to journalism, refused to bother to hire a lawyer when one of their reporters needed him.

Now Robinson and perhaps a few friends will be borrowing money, to pay for legal and other expenses.

The reason for this is not because they will be out trying to catch a marlin off Daytona Beach this weekend. Or because they're drinking cocktails at the local country club. Nor because they are possessed of any special virtue, any special intelligence or any special gifts which other people are not.

It just so happens the world is round.

Navy Appreciates Help In Recruiting Volunteers

Dear Sirs:

As the Director of Public Service Advertising, I have been reviewing our various public service advertising supporters. I am very impressed with your excellent support of the Ad-A-Month Program and would like to extend my personal thanks for your advertising assistance.

Yours efforts to publish our recruiting

ads as a public service mean a great deal to all of us here at the Navy Recruiting Command. You're not only helping your readers become better aware of the many Navy opportunities available, but you're also making our job of recruiting

an All Volunteer Navy much easier.

I certainly look forward to working with you in the coming months! Please call me if I can be of assistance.

The Issue-Control Of School Not Safety Of Children

Dear Sir:

The real issue between Sebring Academy and the Department of Health and Rehabilitative Services (HRS) is not the health and safety of children, but the control of the Christian school.

The issue in the courts is one that we are facing nationally and individually, that is, will the United States stand for that which is right, or will it sacrifice principle for convenience? Individually, the question is the same: will we stand upon Christian convictions and principles based upon the Constitution, or will we yield for the sake of convenience? The Holy Bible is very clear concerning our course of action when Christian conviction is in direct conflict with governmental regulations. In Luke 20:25 Jesus states, "Render therefore unto Caesar

the things which be Caesar's, and unto God the things which be God's."

It is self-evident that the Christian school does not belong to the state any more than does the Christian church; therefore, the decision made by Sebring Academy officials to not yield immunization records to state officials was made out of religious conviction even if it requires going to jail. Again, the real issue between Sebring Academy and HRS is not the health and safety of children, but the control of the Christian church in other phases of its ministry.

Immunization records for all first grade children at Sebring Academy are complete and their importance stressed. The question is whether Academy officials will permit the school to be the tool

of the state. Traditionally, health officials have used the public schools as the primary vehicle for the supervision of immunization records. But the Christian school is not designed for this function any more than was the Christian church. Alternate methods are available to health officials in supervising immunization records without violating constitutional rights.

Currently this entire matter is before the appellate court on an emergency basis. The school will be open for the five-week summer school session starting June 19, 1978.

Graduation Issue To Be Treasured Memento

Dear Sir:

As a mother of one of the graduating seniors I would like to commend you and your staff on the outstanding job you have done on the graduating issue of our paper.

Only through the dedication of you and your staff throughout the year have the scholastic and sports achievements of our young people been made known. You have brought many hours of enjoyable reading to them throughout their

school years and I know you'll continue to do so.

The Graduation Issue will be kept in our home as a memento and will become treasured as the years go by.

Florida Appeals Postal Rate Hike

Florida is one of six states that have recently appealed to the First Circuit Court of Appeals in Boston, the Postal Rate Commission's decision to authorize the 13 cent to 15 cent first-class rate increase.

The other five states included in the appeal are Indiana, Rhode Island, Washington, Arkansas and Maine, where the opposition to the rate increase originated.

"Postal rates are discriminatory against first-class users, of which the state is a major one," Marty Friedman of the State Attorney General's Office said.

But, it may be awhile before any decision is made. "We appealed the 10 cents to 13 cents rate increase, but it is still under consideration in the District of Columbia Court of Appeals," Friedman said.

The postal service's rate increase to 15 cents, effective last Monday, has come less than two years after the last increase, from 10 cents to 13 cents.

The across-the-board rate increases break down as follows:

For first-class mail up to one ounce is 15 cent with each additional ounce, up to 12, costing 13 cent. Over 12 ounces is priority mail.

Second-class mail is 10 cents for up to

two oz. and six cents for each additional oz.

For one piece of third-class mail up to two oz. is 20 cents, two-four oz. is 40 cents, four-six oz. is 53 cents, six-eight oz. is 66 cents, eight-ten oz. is 79 cents, 10-12 oz. is 92 cents, 12-14 oz. is \$1.05 and 14-16 oz. is \$1.18.

Fourth and fifth class mail is rated according to the zone to which it is mailed and the weight.

After finding a number of Avon Park residents' opinions of the rate increase, it was found that the majority are dissatisfied with it.

Debbie Novelli of Avon Park said, "I hate spending more. Everything is going up and there's not too much we can do about it."

Charlie Collins of Avon Park said, "Like everything else, it's too high. The government in Washington either decides to raise or lower the rate of inflation. It looks like they decided to raise it again."

"They are just digging the people; as soon as they raise Social Security, they raise taxes," said Ann McDonald of Avon Park.

But, some residents are satisfied with the increase.

Linwood Breckenridge of Avon Park said, "I am satisfied with it as long as the guys are getting more money."

Rocking The Boat

By George Duncan

Morality, according to the New York Times Book Review, is In. That's In with a capital 'I'. Always ready to find a good news story I called up an old friend Dr. J. Everett Right, Ph. D., LL.D. and TH.C., to discuss the matter.

"Dr. Right," I asked, "Since when has morality been in?"

"Well, first of all we need to determine if the morality mentioned is In-In or In-Out," he said.

"What's the difference?"

"Well anything which is In-Out is 'In' only a very limited time, therefore we do not really have to consider it seriously. It's merely a passing fad."

"You mean like hula hoops and frisbees," I said.

"Right."

"It's a little too In-In or In-Out?"

"What's that?"

"After-watergate Morality."

"I see. You mean morality began to be in again after the Watergate episode?"

"Precisely. We do know that the AWM is substantially different from the BWM, which is Before - Watergate Morality, which was not really significant since it was 'Out'."

"I mused over that thought a minute. 'Wait a minute. I don't particularly feel any different about blackmail, extortion, abuse of power, illegal entry and so forth now than I did before Watergate.'"

"Ah-huh! That means you're out!"

"It does?"

"Yes. Do you wish to be 'In'."

"It's not really a burning issue with me."

"That proves it. You're definitely 'Out.'"

"I shrugged. 'That's life. But what about those people who felt morality was 'In' even when it was officially 'Out'.' Are they 'Out'."

"Definitely. You see the morality of today would have been 'Out' a decade ago, just as the decade ago morality, although 'In' for its time, would be 'Out' today. We see a constant flux which we must stay attuned to."

"How can you tell which morality is 'In' and which is 'Out'?"

"I usually check the Times Book Review, the New York Review of Books, The New Republic, Psychology Today, recent writings from the Union Theological Seminary and the largest speeches of several well-known opinion makers."

"Really?"

"Or read a Mad magazine. Which ever comes first."

"Sounds like a long process."

"And difficult. What's 'In' today may be 'Out' tomorrow. What's 'Out' may be 'In'. You got my meaning?"

"Yes. But what happens if you can't decide?"

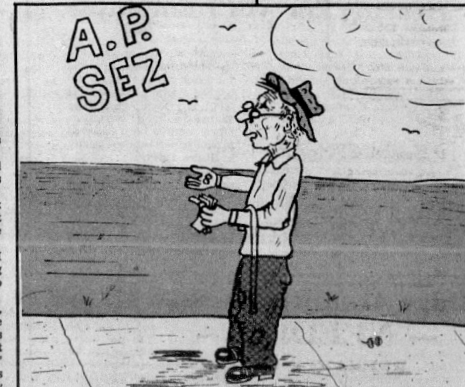

"I flip a coin. Heads are in, tails are out."

"That's not out," I asked.

"That's always been in," he told me.

Heart Disease Ranks As Nation's Biggest Killer

More Americans die from heart disease than from any other disease today. Physicians, hospitals and researchers all continually challenged to find new ways to treat patients with cardiac problems.

Walker Memorial Hospital recently purchased a 24 Hour Ambulatory Cardiac - Event Recorder in an effort to provide better care for the patient with cardiac problems. Many times patients suffer some sort of cardiac discomfort or distress but by the time they reach the doctor's office or the hospital it has disappeared. Often, even after a few days in the hospital, nothing happens and the patient is discharged.

The Ambulatory Cardiac - Event Recorder is something like an Electrocardiograph machine except it is about the size of a portable tape recorder and weighs only 2 pounds. One cannot be deceived by the size of this unit however, as it contains a built-in computer-like logic circuit to monitor and continuously analyze the patient's heart action. This equipment costs slightly more than a portable tape recorder—around \$14,000.00.

The importance of ambulatory monitoring in the diagnosis and treatment of cardiac (and suspected cardiac) patients cannot be overstated. This equipment checks the effectiveness of drug therapy; it confirms

patient's descriptions of indistinct or intermittent symptoms; it evaluates post-coronary patients for return to limited or normal activity. In addition, 24 hour monitoring can identify elusive or suspected cardiac conditions that occur during sleep.

The equipment can be programmed to eliminate known problems and thus to record on tape only those problems not known. Only irregularities are recorded and are identified by a built-in digital clock. When an irregularity occurs an "Instant Replay" technique in the recorder backtracks seven seconds on each episode it records. Thus each 15 second tracing contains seven seconds to the start of the recording and eight seconds after. The recording can be activated manually by the patient.

Patients are required to keep a accurate diary during the time they have the recorder to assist the physician in evaluating the results of the 24 hour monitoring.

When the patient returns to the hospital with the recorder the tape is put into a machine which prints out an EKG-type strip of paper which is interpreted at the hospital by a physician who has been trained to do this work.

This equipment has been used by several patients already and is proving to be a great asset in the diagnosing of conditions of the heart.

Dairy Fun Day Planned

June is Dairy Month and a Dairy Fun Day has been scheduled for any school-aged youngster on Wednesday, June 21. The program will begin at 9 a.m. at the Home Economics lab at the Agricultural-Civic Center and will conclude at 2 p.m.

"The program will begin with a tour of a dairy, while dairy foods and dairy experiments will be prepared at the Agricultural Center,"

according to Miss Beki Brock, County Extension Home Economics agent.

Lunch will be served. There is no charge for this program but students must pre-register to attend as a member will be limited to the first thirty. In order to register, call the County Extension Office at 453-7533, ext. 270.

All Extension programs are available to anyone, free of charge, without regard to race, color, sex, or national origin.

Lorida To Hold Community Picnic

The Lorida Community Club plans to hold its Community Picnic and School Reunion Saturday, June 24 from 11 a.m. at the Old Schoolhouse on U.S. 98 at Oak St.

Plans were discussed at a meeting last week with Everett Boney named program chairman; I. B. Ward and Mrs. Boney, refreshments; Mrs. Bobbie Parr, food setup; Mrs. Nell Prescott and Mrs. Gerda Ingle, invitations and registration.

The affair will be a covered dish luncheon with the club providing the beverage and bread. The picnic will be open to the public with special recognition given former students of the Lorida School.

Also featured will be tours of the new Lorida Park, now under construction on Oak Street, said Mrs. Dora Turnbull, club vice president. The land, purchased by the club through a community fund drive, was donated to the county for use as a recreational center and future site of a courthouse annex building.

John Dexter Ostling

J.D. Ostling Graduates

John Dexter Ostling, son of Dr. and Mrs. Burton C. Ostling, Avon Park is graduating from P. K. Yonge Laboratory School, Gainesville, on Wednesday, June 7.

Dexter attended Montverde Academy for three years before transferring to this University of Florida school where he had many unusual academic experiences. He served as President of his class, 2 years, President of the Letterman's Club, was selected for membership in the National Beta Club and maintained a 3.50 scholastic average. He was included in the 1976-1977 Who's Who Among American High School Students.

As a distance runner, Dexter has completed several mini-marathons (13.1 miles) as well as representing his school in the State high school track meet and the State high school cross-country meet. At P.K. Yonge, he received the award for the most valuable cross-country performance and the coaches award in track.

Tenative plans include continuing his education at the University of Florida in Chemical Engineering. His many interests include "illustrative design, graphic design and photography which he intends to continue in addition to his running.

Deborah Ann Flowers graduated from Avon Park High School in 1974 and obtained her Associate of Arts Degree from South Florida Junior College in 1976. Debby did her practice teaching at the Union Park Middle School, Orlando.

Marcia Collins of Avon Park received a Bachelor of Arts degree from Warner Southern College, Lake Wales, Florida, on May 22, 1978. Miss Collins is the daughter of Mr. and Mrs. Jack Collins. She is a 1974 graduate of Avon Park High School.

Miss Collins majored in elementary education while at Warner Southern College. Her future plans are to teach elementary school in the Avon Park area.

Warner Southern is a four-year Christian college with an evangelical commitment. The college is fully accredited by the Southern Association of Colleges and Schools.

Middle School Home Economics At Work

The Middle School Pre-Vocational Home Economics classes under the direction of Lynn Cloud have been busy putting learning to use for practical experience. Students who desire to do so, turned the Home Economics Department into a mini restaurant, as four separate groups on four different days prepared and served full course meals to some 24-28 faculty members who purchased tickets for non-profit.

The menus were as follows: 1st group, green beans, mashed potatoes and gravy, chocolate cake with icing, and ice tea; 2nd group, Spaghetti with Parmesan Cheese, garlic toast, tossed salad and ice tea; 3rd group, roast beef, mashed potatoes, English peas, cherry jello parfait and ice tea; 4th group, turkey, cornbread dressing, with giblet gravy, Broccoli casserole, cranberry sauce, hot rolls, ice tea and napolitan shерб.

All meals were prepared by the 7th and 8th grade students right down to basting their own cornbread for the dressing.

Students enjoyed this project and experienced many learning, processes, even customer complaints.

Students Receive Awards

Kathleen McConnell, Lakeland, and Victor Mickunas, St. Petersburg, were honored with the Algonquin Sydney Sullivan Award presented annually to two graduating seniors of Stetson University.

The awards were made to the two seniors by Dr. Pope A. Duncan, president of the university at the awards assembly May 10.

The Algonquin Sydney Sullivan Award is presented annually by the New York Southern Society and Stetson University to the students whose personal example and influence throughout the campus best exemplifies the finest spiritual qualities of humanity and high character.

McConnell was recognized for her service on the Judiciary Council, the Stetson Union Board, the residence hall staff, Honor Society Phi Chi Theta, Mortar Board and Delta Delta Delta, a social sorority.

Mickunas is a member of the Honors Program, Phi Society, Scroll and Key, ODK, Who's Who in American Colleges and Universities and the residence hall staff as head resident of Honors House.

He is also a member of two physical science honor societies, Gamma Sigma Epsilon in chemistry and Beta Beta Beta in biology, of which he is president. He has also done volunteer service at the Duval Home in Glenwood.

MEMBERS OF THE Hibiscus Garden Circle gathered at the

ranch home of Sybil Laye Tuesday May 30, to bid

farewell to their president,

Jamie Sawyer.

Hibiscus Circle Holds Farewell Luncheon

A much enjoyed and long to be remembered farewell luncheon was held at the ranch home of Sybil Laye on Tuesday, May 30, honoring Jamie Sawyer who will be leaving shortly for Brevard County where her husband has accepted a new assignment. The co-hostess for this occasion was Grace Boney.

The tables were decorated with purple passion blossoms, an arrangement of red pentas clusters interspersed with baby's breath, and a large tray of Apricot Madam Chasing Hibiscus blooms.

A covered dish luncheon was served, beginning with sliced ham, hot rolls, and several delectable desserts, an array

of salads, casseroles and relishes with tea and coffee furnished by the hostesses completed the buffet luncheon. There were 18 Hibiscus Circle members present, a new one welcomed by all, Mrs. Lynda Daubach, Sybil's house guest, her mother, Mrs. Braxton and Betty Amburn, well known to the Circle.

There was a brief outdoor ceremony transferring the gavel to Laura Neubauer, former vice-president. This was followed by a presentation of a president's pin to Jamie who served so capably for the past year. She was also the recipient of a marble paper weight with the club seal, and a guest book to be used for this and other occasions to follow.

The afternoon was spent in an informal manner discussing plans for the coming year, exchange of plants and home grown vegetables and recipes - literally something for everyone - and rather sad farewells from Jamie's loyal friends.

It is to be hoped Jamie will quickly find her niche in her new surroundings in Brevard County. There are dedicated gardeners there also.

Governor's Emissary To Visit Highlands County

In an effort to arouse area business interests in the Employment Services youth summer job program, Highlands County is to be visited next week by a special emissary from the governor, a three-day visit to Highlands by Miss Kelley Corrigan is designed to provide information about the program. She will be meeting with area business groups and merchants.

According to Dave Jorgenson, youth employment coordinator for Employment Services in Highlands, DeSoto, Hardee and Okechobee counties, there are more than 1,000 youth currently signed up to participate in the summer program.

The program is designed to match students with jobs. The problem now is to find a sufficient number of employers to provide jobs for the young people.

In order to match jobs and workers, the Employment Services office has developed a "Help Line" that enables someone who has a job to be done, such as lawn work, household chores or employment in a business, to locate a youth who has qualifications and is willing to do the work.

Jorgenson said the office has used a computer to match the job to the right young worker. Miss Corrigan, who has served as Jacksonville Junior Achievement Association president and regional

coordinator for Junior Achievement in the Southeast, is making her first official visit due to the high rate of unemployment.

Her schedule runs as follows, Jorgenson said: June 12 - 7 p.m. dinner with the Lake Placid Chamber of Commerce at Holiday Inn in Lake Placid.

June 13 - Breakfast with Sebring Chamber of Commerce at Holiday Cafeteria; 10 a.m. radio station interview; noon guest speaker at the Avon Park Kiwanis Club; 2 p.m. radio station interview; 7 p.m. meeting with Sebring Chamber of Commerce and Sebring Jaycee directors at P.J.'s Beef & Reef.

June 14 - 10 a.m. radio station interview; noon, guest speaker at Sebring Kiwanis Club luncheon; afternoon, meetings with Sebring and Squiguate Merchants associations; 7 p.m. speaker at Highlands County Council meeting.

Jorgenson said that other groups wishing to meet Miss Corrigan to discuss the employment program may be able to schedule a meeting if time permits. Those interested can call Jorgenson at 365-0121.

Working with Jorgenson on the summer employment program are Carol Boyd, youth employment services intake worker, and Bridget Rouiller, employment interviewer.

Those interested in obtaining help through "Help Line" can call 365-0121 and ask for any of the three program workers.

Rebekahs Hear Reports On State Assembly

The first June meeting of the Eleanor Seavers Rebekah Lodge No. 65 was held Monday night at the Lions Hall, with Noble Grand Nancy Shay presiding.

Report of members attending the state Rebekah Assembly in Daytona Beach

was enjoyed by all. The official representative, Ethel Harrison Lodge, will give her report at the next meeting.

Elizabeth Mizelle thanked the Lodge for selecting her for the Decoration of Chivalry award. The medal was presented to Elizabeth by the Florida Patriarchs Militant IOOF, at the Florida State Assembly in Daytona Beach. This honor is given by the Lodge to deserving members who have given outstanding service, not only to be Lodge but to the community.

Elizabeth has been a Rebekah for at least 30 years, and is well known in Avon Park. She is a member of the Methodist Church, and the Avon Park Business Women's Club, but best known for being a good friend to all who know her.

Louise Clarke who was installed as District Deputy President at the Rebekah State Assembly was escorted to the front by Conductor Bertha Barker, and was given the courtesy of the Lodge. She was presented her D.D.P. pin by outgoing D.D.P. Betty Cooper from Sebring Lodge No. 28.

Louise then addressed the Lodge bringing them greetings from the new State Assembly President. She was presented with several lovely gifts from the members of the Lodge.

MRS. JAMES 'ALTHA' SATTERWHITE proudly displays the certificate she received from the Florida House of Representatives and

Florida Senate commending her upon being chosen Florida's Mother of the Year for 1978.

Satterwhite Receives State Recognition

Mrs. James 'Altha' Satterwhite was presented to the Florida House of Representatives and Florida Senate, Wednesday, May 31, as Florida's Mother of the Year. House Concurrent Resolution No. 1715 adopted on May 31, 1978 by the House of Representatives and Florida Senate commending Altha on receiving this award. The Resolution was introduced by Representative Beverly Burned of the 50th District and others.

Altha drove to Gainesville where her daughter joined her in the trip to Tallahassee. An interne in Rep. Burned's office became their official escort while they were in the capitol building and presented Mrs. Satterwhite with an orchid corsage. "We spent about 20 minutes in the public viewing section of the House while a bill was being debated,

which was quite an interesting experience," said Altha. Shortly after 2:00 p.m. Mrs. Satterwhite was escorted to the platform by Representative Fred Jones of the 52nd District. Representative Burned, and several other representatives, and introduced to House Speaker, Donald Tucker, who read the resolution and called for a vote of its adoption.

From the House she was escorted to the Senate chamber and introduced to that body by Senator Tom Gallen of District 24. The resolution was read and President Lew Brantley called for a vote on its adoption. Both votes were unanimous.

"The entire procedure was a thrilling experience and I am truly grateful for it," said Altha. Mrs. Satterwhite was born May 21, at Walker Memorial Hospital weighing 9 lbs. 12 oz.

Recipe Of The Week

RICE REIGNS AT BRIDAL SHOWERS

If you want to give a truly memorable engagement or bridal shower, don't plan to toss all the rice at the wedding pair. Save some for delicious yet economical dishes that will make the bride-to-be, as well as guests, ask for the recipes.

While this newest homemaker is showing interest in home-cooked meals, you might point out to her that a good way to start rice is to select the variety of rice on the basis of dishes planned. (For example, long grain rice may be preferred for salads, curries, chicken or meat dishes because when cooked the grains tend to separate and are light and fluffy.)

Short or medium grain rice has short, plump grains which cook tender and moist, with particles tending to cling. It's favored by many for puddings and rice rings which require a tender rice that is easily molded. Here are examples of long grain rice dishes to brighten the bridal shower (and for easy cooking at home since you use cold cooked rice which can be prepared up to several days in advance, cover and refrigerate).

RICE SALAD - Cold cooked rice mixed with chopped celery, minced onion, chopped pimiento, stuffed olives and mayonnaise. Serve with sliced chicken or turkey breast with rolls of thinly sliced baked ham.

RICE SALAD ENTRÉE - Cold cooked rice, mixed with seasoned mayonnaise, and diced cooked chicken or turkey breast, spooned into tomato cups or tulip tomatoes.

Two dishes using medium grain rice that will pretty up a shower are the showy RICE RING MOLD and a colorful RICE PUDDING.

RICE RING MOLD - Spoon a hot cooked rice mixture into a buttered mold, pressing firmly. Unmold on serving dish. Fill center with a hot rosemary-veal and mushroom stew.

HIGHLIGHT OF A SHOWER BUFFET - Curried Shrimp and Bananas on Rice has the good taste and elegance every bride-to-be deserves. Serve it with coconut, dishes of nuts and chutney.

RICE PUDDING - Combine equal amounts of cooked rice and milk. Add two tablespoons sugar for each cup of rice and a dash of salt and vanilla. Cook, stirring occasionally, until thick and creamy - about 30 minutes. Layer creamy rice in parfait glasses with sugared fresh berries or fruit to help carry out a color scheme - blueberries, raspberries, strawberries, peaches. Top with whipped cream for added elegance.

Other ideas for cooking rice that will enhance the flavor and make it into party fare:

• When serving chicken, use chicken broth in place of water to cook rice. Add a dash of soy sauce.

• Mix equal parts orange juice with water to cook rice. Add 1/2 cup raisins. Serve with cold baked sliced ham.

• Cook rice in half tomato to juice/half water. Add additional 5 minutes cooking time. Mix sliced green onion and toss with rice. Serve with veal scallopine.

For simple elegance and delicious taste nothing is more successful at showers than CURRIED SHRIMP AND BANANAS ON RICE.

CURRIED SHRIMP AND BANANAS ON RICE
2 cloves garlic, halved
2/3 cup butter or margarine
2/3 cup flour
2 tablespoons curry powder
1 tablespoon salt
1/4 teaspoon pepper
1/4 teaspoon ginger
1/4 cup cream, and 9 pounds raw shrimp, peeled and deveined
1 tablespoon onion juice
2 tablespoons lemon juice
1/2 cup light cream
12 bananas
1/4 teaspoon paprika
6 cups hot cooked rice
Cook garlic slowly in butter until lightly browned; remove garlic. Stir in flour, curry, salt, pepper, and ginger. Add chicken broth and cook, stirring, until thickened and smooth. Add shrimp and onion juice. Cover and simmer about 8 to 10 minutes, or until shrimp are tender. Stir in lemon juice, cream, and 9 bananas, sliced. Cut remaining bananas in half crosswise. Arrange in spoke fashion over mixture. Cover and cook over medium heat until bananas are heated through. Sprinkle with paprika. Spoon over beds of fluffy rice. Serve with accompaniments. Makes 12 servings.

Sawyer Honored At Going Away Party

Mrs. M.K. "Jamie" Sawyer was the guest of honor last Wednesday evening at a going away party given at the home of Mrs. Ann Fortner.

The hostesses presented Mrs. Sawyer a corsage of yellow roses, babies breathe, and yellow ribbon, designed and made by Clara Jo Pitkin. The guests were served green punch, mints and sheet cake, decorated with pastel colored rosebuds, saying "Farewell Jamie". The center piece of yellow and white roses was designed by Mrs. Fortner.

The hostesses gave Mrs. Sawyer a gold stick pin with tiny seed pearls and a heart shape ring holder containing a scented candle.

Hostesses for the evening were: Ann Fortner, Barbara Cornell, Maddie Landress, Mary Collinsworth, Louise Hamm, Marian Meadows, Dottie Freeman and Sue Prevatt.

The Sawyers left Monday for Cocoa Beach, where Mr. Sawyer is superintendent of the Brevard Correctional Institution.

Interest Up At Heartland Federal

Savers at Heartland Federal Savings and Loan will be able to earn a compounded interest rate of 8.33 per cent on long term deposits, starting June 1, Association President Doyle Spears announced today.

To earn the full rate, savers must be left on deposit for terms of eight, nine or ten years, and interest left to accumulate.

The new certificates are being sold in denominations of \$5,000 or more. The certificates are federally insured up to \$40,000.

A second new type of savings certificate, also federally insured to \$40,000, is being offered in denominations of \$10,000 or more for terms of six months. This certificate will earn interest at one-quarter per cent above the average auction rate paid on six month U.S. Government Treasury Bills. Spears said the new savings account interest rates were authorized by Federal Home Loan Bank Board on May 11.

The eight to ten year certificates will carry an eight per

cent stated interest rate, but with (daily) compounding the effective annual yield is 8.33 per cent, if interest is left in the account.

"Until now, the highest compounded interest rate savers could earn under federal regulations was 8.5 per cent on six-year certificates," said Spears. "But with the new authority just granted, we will be able to help our long term savers accumulate an even better return."

Spears added that the longer term certificates will also be

helpful to home buyers because they will enable the association to stretch the terms of some savings capital, matching more closely the long terms of most mortgage loans.

He said certificate holders may withdraw earnings without penalty at any time. Deposits can also be withdrawn before maturity, but subject to an interest penalty required by federal regulations. The withdrawn deposits would earn interest at 5 1/2 per cent, less 90 days interest.

Pre-Schoolers Graduation Program Held

Tuesday evening, May 30, the final Parent Involvement Council meeting held a mini graduation for the four-year old pupils in the Migrant Early Childhood Learning Program at Hopewell Elementary site. These children will enter public kindergarten in September.

The classroom teachers are Edna Joyce Jackson, assisted by aide, Joan Gholston, and Terry Brooks assisted by aide Alfreda Brown.

Lorraine Howard, with the assistance of her aide, Sandra Alexander head the three year olds in special entertainment. Both four year old classes

showed the audience some of what they had learned this year.

The cafeteria was decorated with palms, ferns and large colorful hand made flowers.

To the music of "Pomp and Circumstance," the 28 four year old students marched slowly and proudly to the

stage. A large group of proud families and friends looked on.

Leon Garner, assistant principal, gave each four year old a certificate of completion. Following the benediction by Aubrey Morris, Supervisor of Federal Programs, the guest enjoyed refreshments.

Associates To Manage J.C. Penney Store

On "A" Day, Friday, June 9 the associates take over the management and operation of the J.C. Penney Store at the Avon Square Shopping Center with top management personnel performing in the associate's work areas.

For this annual "A" Day spectacular, store elected associates hold down the top management spots. The newly elected management team wrote to the store's New York buyers requesting super specials for their day, stated Earl Jackson, store manager.

According to Jackson the buyers responded with some items priced so low it is unbelievable and the associates will award a plaque to the buyer with the best sales item.

In the election, associate John Beasley of the catalog department will take over the top spot of store manager from Earl Jackson, who will get behind the counter and push catalog sales for the day.

General merchandise manager, John Johnson, will be replaced for the day by Sue Martin, credit and catalog

supervisor. But Johnson will miss out on the fun of "A" Day as he will be attending a store management school in Atlanta, Ga.

Dorothy Lukken was elected to merchandise manager in sports, men's wear and the home furnishings departments replacing Mike Elston who will take Dorothy's place in the stockroom.

From the shoe department, Lois Bailey will be stepping up to merchandising manager of the shoe department, children's shoes and the patio

departments while Mac Byron will trot the aisles of the shoe department.

Onetia Jones in women's fashions will take over Carol Corriere's spot of merchandise manager in women's fashions and accessories. Carol will serve as a saleslady for the day.

Elected as management trainee for the day in the patio, men's wear and toy department was Donna Ferguson who will be replaced in the children's department by J. Ronald Beasley.

Boney Wins In Winn-Dixie's Bingo Odd Card

After the three weeks of accumulating numbers, Mrs. Judy Boney, took a double look at the bingo card she was working on.

Judy said she was afraid to believe what she saw, but there they were. All of the numbers needed for the \$1001 on the double bingo odd card.

Manager of the local Winn Dixie store at the Avon Square Shopping Center, Leonard Waters, appeared almost as delighted to present the \$1001 check as Judy was to receive it.

While her three year old son Joseph "Joe" didn't appear to be much interested in the check, Judy said her route was from here (store), home, bank and the store to buy some clothes for Joe.

Head Field Receives New Lights

New lights for Head Field in Avon Park should be ready within approximately 90 days. The Highlands County School Board will approve a company to install the lights at its next Tuesday meeting, according to School Superintendent Dr. Dan Davis.

Dr. Davis received bids, from only two companies, this week and said he would present them to the board. The estimated cost of the lights will be about \$25,000.

The company will furnish and install all new poles around the ballpark and will remove all the old poles.

"I don't see any difficulty in the board accepting one of the two bids," Dr. Davis said. "The board has already gone on record as supporting the renovation. This is one area I'm not worried about."

Bids call for work to commence within 45 days from the time the bids were officially approved and stated work should be substantially completed 45 days after that.

While the school board installs a new lighting system, work will also be commencing on regrading the field and installing an irrigation system.

The city of Avon Park will furnish the manpower to reseed and irrigate the field while the city booster club will help defray the expenses.

"The city owns the field. The main thing we use it for is high school baseball," said Dr. Davis.

He said the school board will need to sign a lease with the city in order to put up the lights.

"I've already called a lawyer to arrange a time to talk about the lease," he said.

The 3rd and 4th grade class will be discovering the many ways God shows His Love. The course also is planned to encourage us to enjoy with others God's love for us. The lessons will help us meet that God shown His love in specific ways: by sending His Son, Jesus: that all who believe in the Lord Jesus Christ become a member of God's forever family; and God gave His word, the Bible, that we might know Him through Jesus Christ and Grow as a member of His family. They will also have crafts, games and a workbook for each student. Mrs. Eugene Swearingen and Mrs. Leroy Roth are the teachers.

The 5th and 6th grades will have a Bible lands "Study Tour" of the Holy Land. The purpose of this study is to help young people know that the Bible tells us about real people who actually lived in the land God promised: that these people are a significant part of human history; and that God worked through them to work out His purposes. There are three different craft projects planned for this class. The teachers are Mrs. Alvin Hagewood and Mrs. Fred Doty With Le Nita Hagewood as helper.

On Friday night, June 16 at 7:00 p.m., there will be the closing exercises after which refreshments will be served. All friends are invited as well as the families of children in the school.

Boys and girls in the community who are not attending another V.B.S. are welcome to enroll, as well as the boys and girls who are members of the First Presbyterian Church. Enrollment blanks can be secured at the Church office, 215 East Circle Street.

Avon Park Woman Charged With Arson In House Fire Last Week

Mrs. Patricia Ann Allen, of 1508 S. Delaney Ave., signed a written confession stating that she had started the fire that occurred at 12:22 a.m. last Wednesday at the 1508 S. Woodrow St. residence of B.L. Jones, Avon Park Police Chief Robert Brooks said.

Mrs. Allen was charged with first-degree arson for setting fire to the house which was occupied by Jones, Ruby Griffin and Harry Lee Polefield.

Neighbors called the Avon Park Fire Department to report that the house was on fire.

The occupants of the house, owned by Edmond Jones, escaped without injury.

"When we arrived the roof had already fallen in, so about all we could do was protect the neighboring houses," Avon Park Fire Chief Mack Flowers said.

Two pumps and 10 men were used to extinguish the flames which did an

estimated \$5,000 damage to the house and two automobiles that were parked in the yard at the time of the fire.

After an investigation of the incident was begun, Mrs. Allen was taken into custody for questioning as a possible arson suspect.

Further information is pending completion of investigation.

Graduation For Class Of '78

The Avon Park High School Class of '78 is now a class of alumni, following their Baccalaureate Service Sunday evening at the First Baptist Church and the Graduation Exercises Monday night at the Avon Park Middle School.

In his brief message to the graduating seniors Father George Fraser spoke of the many problems they might face in the adult world of today, but told how many of these problems were similar to those they faced in the home, class room and on the playing fields. In concluding he spoke of the Apostle Paul writing, "I can do all things in Him who strengthens me."

While much needed rain caused the graduation ceremonies to be held at the Avon Park Middle School, the program was delayed somewhat to allow working parents and family, time to attend the commencement exercises.

To the processional march "Pomp and Circumstance" by Elgar, played by the Avon Park High School Grenadier Band, under the direction of Scott Whittemore, the graduating seniors filed in to the auditorium to take their seats.

In the student oriented program, graduating senior Eric Wilson gave the invocation, followed by Barbara "Babs" man Maness giving the salutatory address. Beginning her address with a poem written for graduation night, Babs, spoke of the influence of parents, teachers, governmental officials and friends.

Senior Class president Pamela Williams gave the class history. A few minutes earlier while the seniors were filing into the auditorium her father, Wendell "Winkie" Williams who has received his Bachelor of Science Degree from Stetson University a few days

before, recalled how he had received his high school diploma about 20 years earlier at the same stage.

Pam recalled the class beginning as freshmen and as they advanced in class rank how they accepted more leadership responsibilities. She told of the many projects they took part in, homecoming, magazine sales, junior - senior prom, their classroom work and studies along with the fun times.

Highlands County School Board member Steve Roberts presented a two year South Florida Junior College Trustee Scholarship to Angela Porter and a one year SFJC Trustee Scholarship award to Debra Cox. David Epstein was called forward as the recipient of the Freshman Honors Scholarship award to the University of South Florida.

Roberts made special reference to the fact that two students Claude Dennis and Ronald Brock had completed 12 years of schooling without missing a day of classes.

In summarizing their four years of high school, class valedictorian, Charles Oliver Jr. stressed that parents and teachers gave them a solid foundation upon which to base their future. Each graduate has taken and used something which has a special value to help each one to meet the challenges of life.

Life challenges to make decisions, accept responsibility and generally to mature into adults, he continued. Through the examples set by both parents and teachers they learned to grow into mature adults. And because of all of these things gained from parents and teachers we will forever be in debt.

The Class of '78 recognized by Mrs. Robert Britt, assistant principal, was presented by Edward Culbertson, sponsor, and received their diplomas from Lester Watson, principal and Dr. Dan Davis, Highlands County School Superintendent.

The benediction was given by Linda Wyche after which Eddie Garner Jr. led the class in the singing of the school Alma Mater.

OUTGOING ROTARY CLUB President Art Turner, who with his wife Marva, attended the Rotary International Convention in Tokyo, Japan.

They are wearing reported on the convention robes given to them while at the convention.

McDaniel Speaks To Rotary

June Rotary program chairman Dr. David Owens presented Joe McDaniel, head of the medical laboratory at Walker Memorial Hospital at last Wednesday's noon meeting.

McDaniel spoke of the need for "blood" and emphasized the need for blood donors in our area, largely because blood will keep for only 21 days. He

encouraged all Rotarians between the ages of 17 and 66 years to sign up to donate blood, as all types are needed.

However, he did not limit donating blood to any one organization as anyone can donate their blood and were encouraged that Joe McDaniel at Walker Memorial Hospital will keep up to be a blood donor.

A CUSTOMER LOOKS through the selection of albums at the new expansion of Joe's Music Shop at 103 and 105 W. Main Street. The shop, owned by Joe's and Eric Townsell, was recently expanded from the 101 W. Main St. location because of increased inventory and sales. Snapshot by Mark Albright.

Music Shop Expands Store Facilities

Joe's Music Shop, owned by Joe and Eric Townsell, found a larger home May 12. The store has expanded to include 103 and 105 W. Main Street, in addition to the 101 W. Main Street address.

Mrs. Townsell said the need for more space because of increased inventory and sales was the reason for the expansion.

Court Upholds Dismissal

Second District Court of Appeal has upheld Circuit Judge John Dewell's ruling which dismissed a malpractice suit against Walker Memorial Hospital.

The opinion was signed by Judge Edward Boardman with Judges Stephen Grimes and Herbert S. Ryder concurring. Judge Dewell had ruled there is "no factual basis for holding the hospital (Walker Memorial) liable" in any of the charges made by Joe Prescott Jr. and Evelyn Prescott of Avon Park.

The 45-year-old painter and his wife had asked \$1 million damages from the hospital and orthopedic surgeon Dr. J. T. Kim of Sebring. They blamed the hospital and surgeon for complications arising from a discogram performed by Dr. Kim in February 1975.

A jury trial ended in a mistrial Jan. 1977. In late summer Dr. Kim and his insurance company negotiated a settlement with the Prescotts and, in September the hospital and the Prescotts agreed for Judge Dewell, who was scheduled to preside for the second trial, to render a decision without presentation of additional testimony and without a jury. It was from this decision that the Prescotts sought appeal.

The store itself is now located at 103 and 105 W. Main Street, while the old location at 101 W. Main Street, is used as a repair shop.

With the aid of Joe McKay, technician, Joe Townsell repairs such items as record players, portable tape players and stereos, in addition to installing them.

Items sold in the store include records, both 45 and long-playing, tapes, FM antenna boosters and portable eight-track and cassette tape players.

Along with their expansion come some new lines including Superscope, Panasonic, Marantz, Jensen car speakers and console stereos.

The history of Joe's Music Shop goes back to Jan. 1, 1975 when the store first opened at 29 N. Butler Avenue.

"Joe used to play with a band, and music has always been his main interest," Mrs. Townsell said, adding, "We both enjoy music."

The rapid growth of the business led to the moving of

the shop to 101 W. Main Street, on May 30, 1975.

And from there it was only a matter of time until the shop was expanded to include 103 and 105 W. Main Street, on this past May 12.

To commemorate the occasion, Joe's recently held an expansion sale with savings up to 25 percent.

"Watch for our Grand Opening sale within the next couple weeks," Mrs. Townsell said.

Station WAPR To Be Sold

Radio Station WAPR in Avon Park will become the property of an Naples businessman and 17-year broadcast veteran if the Federal Communication Commission approves the transaction.

Robert Stoehr confirmed last week that a contract had been negotiated between him and station owner Chuck Shane and the final settlement awaited FCC approval.

"We hope to begin broadcasting

September 1," said Stoehr, who formerly owned a station in New York state, but added everything depends on the FCC. Stoehr and an assistant, Don Hansen, have been interviewing civic and business leaders in the community for the mandated FCC broadcast survey for the station. However, Stoehr said, they have gone far beyond the needed FCC guidelines.

"We've interviewed about 70 com-

mercial leaders and 70 members of the general public, which is much more than asked for by the FCC. We've gotten involved in the Avon Park area and like it here," he said.

Although Avon Park officials and citizens were the main object of the study, which will be compiled and presented to federal officials, county officials were also interviewed.

"We tried to talk with people from all walks of life and find out what they were thinking. The result will help us better serve the community," Stoehr.

Stoehr, who has been a broadcaster for several major stations across the nation, said he had been looking for a station to purchase for some time.

"I've lived in Naples for the past seven years but, lately, have been searching for a Florida radio property. I feel I've found the right property. I like the area and the town. I don't like big cities any more," Stoehr remarked.

Since 1965, he has worked in Philadelphia, Detroit, San Francisco, Toronto, Boston and Miami.

In Miami, he was a broadcaster under the name of "Duke Roberts" on the popular 100,000 watt station WQBS.

Stoehr said he could not comment about any broadcasting changes, or changes in format, until the sale was officially approved by the FCC.

No objections by the federal agency were foreseen but Stoehr noted he could not predict when the final approval would be clear.

Stoehr said the business transaction with Shane was on a cash basis but asked the purchase price be withheld until he is the clear owner.

Air Ambulance

pliston twin engine plane. It has a Lycoming 10-540, 290 horsepower six cylinder engine. It will cruise at 250 miles per hour with a 2000 feet per minute rate of climb. It's top altitude is 16,000 feet, however the best performance is at 10,000 feet. With a load capacity of 1600 pounds the plane has a range of 1200 miles which puts Avon Park within easy reach of many major treatment centers.

The six place plane can be quickly and easily converted to an air ambulance in about 15 minutes with the removal of four seats and the placing of a support for a patient. Complete life support equipment can be loaded aboard the plane and includes: Portable respirator, oxygen, emergency drug kit, emergency cardiac equipment for monitoring and printout, defibrillator paddles in case of cardiac arrest, intravenous fluids, traction equipment and materials for neurological problems.

The group has already secured the services of a full time pilot with several other pilots on a part time basis. A nurses registry will be available for nurses desiring to fly on these air ambulance missions. There will be in service training for the nurses to enable them to handle emergencies in the sky, which includes cardiacs, burns, neurological and traction cases.

Summer Program For Students

Avon Park High School students who failed certain phases of the state required proficiency tests in Math and English will have a chance to "bone up" on these subjects during a four week summer program.

Special classes in these subjects will start next Monday, June 12 at Avon Park High and will run through July 11. Class hours are 8 a.m. to 11 a.m. Monday through Friday during the four week period.

This program, designed for 1977-78 sophomores and juniors, will stress basic skills in Mathematics and English as required on the state assessment testing program. Under the new state law, students must make satisfactory grades on these "basics" before they can earn a regular high school diploma.

L.W. Watson, Avon Park High principal, in announcing the summer classes, stressed the need for all students who were found deficient in four or more of these basic skills to attend the program. He also urged parents who have questions regarding their children's status to call the high school for more information. 453-6604.

The role of the flight nurse on the air ambulance, if a doctor is not along, on the flight, is to take full responsibility for the total care of the patient, to coordinate the flight altitude and other variables that affect the patient, with the pilot.

While the pilot is in command of the plane, the nurse with her medical knowledge will be the person to use the sky-phone to keep in contact with a doctor at the home hospital or the medical center to which the patient is enroute. Her role in this intensive care unit in the sky is similar to that of the nurse in the intensive care unit in the hospital.

The Massam's hope that the in-service training for flight nurses will be held at South Florida Junior College as a central location. Specialists in each field of medicine and surgery are to be secured to train the in-service nurses for the problems they may encounter while on a flight with a critical patient.

In the meantime they are in the process of writing a procedures manual as required by the Federal Aviation Administration regulation 135, listing the criteria for nurses for the good running of an air ambulance to provide the best possible care of the patient.

The plane has a built in oxygen system capable of supplying six people with oxygen for four hours, while the portable unit carried aboard the plane

will take care of a patient's needs for three to four hours.

There is full instrumentation in the cockpit with radar to be installed. Along with radio, the plane will have a sky-phone to keep in constant contact, if necessary with a doctor at a treatment center, should the patient have emergency symptoms during the flight.

While on an emergency flight with a patient (Life guard Flight) the air ambulance will receive priority treatment with other people and planes being moved out of their way. It will have clearance and not be vectored through an airport while enroute to its destination.

The group has applied for a Federal Aviation Administration regulation 135 permit to use the plane as an air ambulance along with charter flights and cargo handling. Where time is important they expect to be competitive with the regular commercial airlines. Once in operation they will be complying with all FAA regulations.

Dr. Massam explained that when the group has all of the necessary FAA permits, the additional equipment installed on the plane along with the training of personnel, they plan to hold an open house for the public to become acquainted with the only way to move stretcher cases anywhere in North America quickly and safely, 24 hours a day.

Harris Receives DAR Award

Patricia, a member of the graduating class of '78, will matriculate at the University of Florida, School of Nursing, this year. The award was presented to Patricia by Mrs. Andrew G. Daigle, Chapter Regent.

Memorial Patio Dedicated In Ceremony

In a brief but moving ceremony last Sunday afternoon the Andrew W. Miracle Memorial Patio was dedicated for the use of students at Avon Park High School before a gathering of relatives, friends, students and school staff members.

Senior high school student Brett Atkins welcomed all of the guests and introduced Mrs. Andrew Miracle and her children, Margaret, a student at APHS; William, teaching at Texas Christian University and Andrew Jr., Dean of Students at Saurin College, who was absent due to the birth of a daughter and Daniel Powers, patio designer.

President of the APHS Student Council, Eddie Garner spoke of how a little patio grew to be a big patio designed by architect and former APHS graduate, Dan Powers and the contributions of many people of their time, labor, plants and money and even cement blocks, with

the final contribution of the Highlands County School Board.

A musical interlude was provided by the Sweet Adelaide quartet of Evelyn Deik, Chris Brojek, Sarah Talbert and Maureen Welch singing "Somewhere over the rainbow" and "Thank you dear Lord for music."

In his dedicatory prayer, Rev. H.T. Graetz included a word of thanks for what Andrew W. Miracle was and for what he left behind for students.

A memorial plaque was unveiled by Mrs. Miracle and accepted by Les Watson, principal of Avon Park High School. The program ended with the benediction by Rev. Graetz.

Vandals Deface School

"The Class of '78 Rules" and "78 is Number One" are just two of the phrases that were written on the brick hallways of Avon Park High School by vandals last Thursday night, according to Lester F. Watson, Principal of the school.

Watson said as well as writing on the walls with red enamel spray paint, the vandals also broke the glass windows in the door of the media center last Friday afternoon and entered, scattering circulation cards, overturning chairs and tearing up the student council suggestion box.

"I think something frightened them or they would have done far more damage," Watson said.

Watson also said, "The cost of the repair to the library was minimal, but getting the paint off, if we ever do, will be much more. Four men have been working on the walls for six hours each, and the job isn't half finished yet. We are waiting on some special chemicals to help remove it."

"But, there were no profanities, which I think says something about the caliber of person who did this," Watson commented.

He also used the term "prank" several times in referring to the possible reason for the vandals' actions.

"I really don't think they meant to do any damage," Watson said.

EMS Reports

The Highlands County Emergency Medical Service reports there were 11 emergency runs and eight in-county transfers in Sebring during the week of May 21-27. During the same period there were 18 emergency runs in Avon Park and nine in-county transfer in Lake Placid.

When Mrs. C.M. Parnell Sr. arrived at her home on Thomas Road, Friday afternoon after work, she found the place a bit torn up by what was later reported by grove workers as a small twister.

Part of the sheet metal roofing of a shed had been stripped off the roof and blown into an adjoining pasture. Her husband on Monday hadn't found all of the roofing. A creosoted fence post was snapped in two by a flying piece of metal roofing.

A best and best trailer had been completely turned around and a half inch nylon tie down rope snapped, while the tongue of the trailer was bent from the force of being buried in the ground. A tall tree on a neighbor's property was completely uprooted.

But to make matters worse, the wind or twister loosened and torn off roofing from the Parnell's home causing the roof to leak following the rain and hail that followed.

THE AVON PARK MERCHANTS were a tired but happy group after winning the Highlands County Bank of Avon Park Invitational Slow-pitch Softball Tournament held at the Avon Park Ball Complex last week-end. The Merchants played nine games, losing only one, to cap the championship trophy last Sunday

evening. They played five consecutive games from 1:15 p.m. on Sunday until about 9:15 p.m. Seated or kneeling from left: Don Sisemore, Densby Jackson, Charlie Polk, Donnie Sisemore (waving), Bud Wester, Ronnie Jackson, Billy Jackson and Hoppy Rewis. Standing from left: Dick Peavy, Ira Campbell,

AP Merchants Take Softball Tournament

The Avon Park Merchants' slow-pitch softball team won the Highlands County Bank of Avon Park Invitational Softball Tournament held here at the City Ball Complex last week-end, but they had to win it the hard way as they lost the second game and were forced to come out of the loser's bracket playing five consecutive games Sunday afternoon.

Mann-Webb Ins. of Ft. Myers walked off with the second place trophy after the Merchants defeated them twice in the finals by scores of 15-11 and 11-5 late Sunday afternoon.

M&M Sports from Clearwater finished third in the 18-team tourney which was held to benefit the Avon Park High School baseball program. The tourney was organized and directed by Ronnie Jackson.

Avon Park Merchant third baseman Larry Kelly won the home run trophy by lofting 13 round-trippers over the fences during the nine games played by his team. Billy Jackson hit eight homers for the local team and second baseman Hoppy Rewis boomed out six home runs during the meet.

Also entered in the tourney from Avon Park was the Avon Paint & Body team. The APABs players lost in the opening round to Weatherly and then dropped out of the tourney when Lee & Hillyer

knocked them out of the loser's bracket with a 15-10 defeat.

The Avon Park Merchants won their opening game Friday night by a score of 12-1 over Duffy's Tavern of Holmes Beach but lost the second game Saturday afternoon by a close 12-10 score to the Cypress Gardens team.

Saturday night the Merchants rallied and clobbered Belleview 13-1 and knocked Mace Sod out of the meet with an 18-9 beating.

Sunday afternoon the Merchants came back and went to work to move through the loser's bracket winning over Weatherly 13-9, Cypress Gardens 28-21 (in a come from behind victory), and M&M Sports of Clearwater by an 18-11 score.

Then the Merchants took on the undefeated Mann-Webb Ins. team from Ft. Myers. In the first game, the Merchants rapped out seventeen hits, including three home runs, to take a 15-11 win. Larry Kelly hit a three run home in the first frame and Billy Jackson had a three run round-tripper in the fourth frame and a one run home in the sixth inning. Don Sisemore went three for four with a double and two singles and Hoppy Rewis had three singles for the local team.

In the final game of the tourney, which started at 8 p.m. Sunday night, the Avon

Park Merchants continued to play heads-up ball and captured the championship trophy with an 11-4 win over the Mann-Webb Ins. team.

Larry Kelly hit a three run homer over in the top of the seventh inning and also had two singles for the Merchants. Hoppy Rewis started off the scoring for the locals with a homerun in the first inning and also had two singles. Ira Campbell was strong at the plate in the final game rapping out four singles. In all, the Merchants had 18 hits to score the 11 runs and take the big win.

Seeing action with the Merchants this week-end were: Don Sisemore, in left field, Hoppy Rewis at second base, Larry Kelly at third base, Billy Jackson at first base, Charlie Polk at shortstop, Ira Campbell and Joe Baker catching, Ronnie Jackson and Sam Elder pitching, Dick Peavy in right field and Mort Jackson in left field.

Ronnie Jackson announced another big week-end of men and women's slow-pitch softball tourneys to be held here at the Complex on June 16, 17 and 18 to benefit the Avon Park Athletic Association. Proceeds will help finance the new grass being planted at the football practice field and Head Field this summer. Also on tap for that week-end will be the beginning of the Senior League Area Strong Team Tourney.

Big Boys To Play Sebring

The Highlands County Bank of Avon Park Big League baseball team shut out the Frostproof team by a score of 12-0 in Frostproof last Friday night. The game was originally scheduled to be played here at Head Field but was moved to Frostproof due to work on the infield here.

Tonight (Thursday) the HCB Big Boys team is scheduled to go to Sebring to play Sebring's K.D. Grubbs team at Fireman's Field. Tomorrow night, June 9, the Avon Park team will travel to Lake Wales for a game with the Sun Bank team there. Next Monday night, June 12,

Lake Wales Cooling and Heating is scheduled to come here to Head Field for a 7:30 p.m. encounter, and next Tuesday, June 13, the HCB boys will go to Lake Wales for an away game in area play. On Wednesday, June 14, the local team will play Sebring VFW a return game at Fireman's Field.

HCB - 12, Frostproof - 0
Dale Sisemore pitched a one hitter at the Frostproof Big Boys baseball team last Friday night to lead the Highlands County Bank of Avon Park team to a 12-0 victory. The win evened out the HCB

team's record at 1-1 for the summer season.

The Avon Park team rapped out nine hits off the Frostproof pitcher in the 4th inning game. Avon Park was the home team since the game had been moved to Frostproof at the last minute.

Left fielder Horace Moore led the Avon Park team at the plate with a triple, a double and a single in the three trips to the plate. Dale Sisemore and Bubba Starling had two singles each. Steve Arnold hit a double and David Sisemore added a single for the nine HCB hits.

White Team Wins Grid Scrimmage

The White team scored three touchdowns and three two point conversions with junior quarterback Decaris Jones at the helm to take a 24-8 win from the Red squad at the Avon Park High School spring football inter-squad game played at Memorial Field last Thursday night. The Red-White game closed out three weeks of spring football practice for the Red Devil junior, sophomores and freshmen in preparation for next fall's grid season.

There were forty players dressed out for the scrimmage game which was played before a small crowd of parents and Red Devil fans. The four Red Devil coaches were not divided for the Red and White competition as team coaches, but head varsity coach Hoppy Rewis and varsity assistant Ronnie Jackson coached the offense for both teams while head jaycee coach Hoppy Rewis and assistant Don Sisemore were in charge of the defense for both teams.

White fullback Jimmy Brown, a junior, scored two of his team's touchdowns going in from 19 yards out in the second quarter and then powering up the

middle from one yard out in the fourth quarter.

White halfback Ricky Bivens, also a junior, scored the first TD of the game as he broke loose on an off left tackle counter play early in the second quarter to score from the Red twenty-five yard line. Carl Wingate, freshman halfback, swept right end for the two point conversion.

Brown's TD came shortly after Bivens' score. The Whites recovered a Red fumble and drove in for the second touchdown from the Red thirty-three yard line with just seven running plays. White quarterback Decaris Jones soaked over from the two point conversion to make the score 16-0 at halftime.

Red starting quarterback David Sisemore went out of the game late in the first quarter when he and Jimmy Brown collided head-on and David was knocked out for a short period of time. After checking in at the hospital, David was released but saw no more action. Tim Cribb, a back-up White quarterback,

changed jerseys and took over the offense for the Reds.

The third quarter was scoreless although Cribb completed a couple passes to back Anthony Carter and Jeff Adams. Most of the action took place in the middle of the field during that period. The defenses were tough and stopped the running plays very effectively.

The Whites controlled the ball most of the fourth quarter with a long drive on the ground from their own 38-yard line to score their third touchdown. The Reds got control of the ball once but fumbled it away on the first offensive play. After Brown plowed over for his second TD of the game, Decaris Jones went in through the middle for the two point conversion.

Late in the game, the Reds took possession on their own forty yard line and scored their lone TD on a 60-yard play from Tim Cribb to Jeff Adams. Adams took the quick pass in the flats and outran the White defense for the exciting touchdown. Red HALFBACK Billy Bolden ran around right end for the extra two points to set the final score at 24-8 in favor of the White team.

Avon Citrus Bank Hangs On To Lead

Standings remained about the same in Avon Park Little League play last week as Avon Citrus Bank held on to the lead with a perfect 10-0 record and Avon Tire won two games to move to a 9-1 mark which was good enough for second place. Bagwell Lumber won a game and lost a game to drop to a 7-4 record but stayed in third place. Rotary lost two games but held on to fourth place with a 5-6 mark. First Baptist and Lions were tied for fifth place with 4-7 records. L.H. Ford Motor Co. was seventh with a 3-8 mark and Kiwanis clung to last place with a record of one win and ten losses.

Tonight (Thursday) it will be Kiwanis vs Rotary at Field 1 and Avon Tire vs L.H. Ford at Field 2. Tomorrow night, June 9, Bank will take on First Baptist at Field 1 and Lions will play Bagwell at Field 2. Next Monday night, June 12, Avon Tire will play Kiwanis on Field 1 and L.H. Ford Motor will take on Rotary on Field 2. Next Tuesday night the regular season will end with First Baptist playing Lions and Bagwell meeting Avon Citrus Bank. Any makeup games necessary will be played later on next week.

ACB - 4, Rotary - 2.
The Avon Citrus Bank Little League team came from behind to take a 4-2 win from Rotary last Monday night a week ago. Rotary led 3-1 going into the top of the sixth inning when ACB scored three runs on two walks and two errors. Rotary pitcher Dwight Hardy held the Bank batters to just two singles as he went the distance for his team on the mound. Ronnie Higginbotham and Bobby Lee Caldwell both singled for Bank's hits. Rotary was also held to just two hits off starter Mike Doster and reliever John Tolar who started the fourth inning for Bank on the mound. Cecil Perry, Rotary shortstop, got a double and a single for the losing team.

L.H. Ford - 10, Lions - 7.
Two Lion pitchers had control problems last Monday night a week ago as they walked a total of 14 L.H. Ford Motor Co. batters to give Ford a 10-7 win in Little League play. Ford got only two hits in the 5th inning game. Marvin Elkhill with a triple in the fourth inning and Robert Turnbull with a single in the second frame were the only Ford batters to get a hit. Ford pitcher Clay Hipps allowed five hits to the Lion batters. Lawrence Spry

had a double and a single, Bobby Barnes had two singles and Eric Wick hit a single for the Lions.

First Baptist - 6, Kiwanis - 1.
First Baptist won its fourth game of the season last Tuesday night a week ago as pitcher Jon Marcum hit a home run and a double to lead his team to a 6-1 victory over Kiwanis.

The First Baptist batters got a total of nine hits off two Kiwanis pitchers. Along with Marcum's two hits, Fred Manning had a double and a single and Ricky Littles, Raymond Horneck, Ken Barefield, Dean Richardson and Steve Burby had a single apiece.

Kiwanis came up with six hits off winning pitcher Jon Marcum. Geno Taylor hit a double and two singles, Bruce Sapp hit two singles and Stacy Pugh added a single for his team.

Avon Tire - 5, Bagwell - 1.
Avon Tire hurtier Duane Young held Bagwell to three hits last Tuesday night a week ago as his team defeated Bagwell Lumber 5-1.

Avon Tire scored four runs on singles by Bobby Lewis, Vernon Simpson, Duane Young and Tommy Johnson in the first inning and added another run in the third on two walks and a single by Joey Crain. The five hits were all Bagwell pitcher Greg Jackson gave up during the 5th inning game.

Bagwell's lone run came in the fourth inning when James Beck drew a walk, Greg Jackson doubled and Johnny Lewis singled. Thomas Gordon got the other Bagwell hit in the first inning.

Bagwell - 7, Rotary - 6.
Last Thursday night Rotary threw a score into Bagwell but the Bagwell boys came out on top by a score of 7-6 in a 5th inning game.

Rotary scored three runs in the top of the sixth and had the bases loaded when the final out was made. The Rotary batters got six hits off Bagwell pitcher Thomas Gordon. Billy Houpe, Dwight Hardy and Emanuel Jackson all had a double, John Perry hit two singles, and Charles Collins had a single for the Rotary team.

Cecil Perry and Charles Collins teamed up to toss a five-hitter at Bagwell. Greg Jackson, the leading home run hitter in the league, blasted a homer over the fence in the third and also had a double. Thomas Gordon hit a

double and James Beck and Ronald Matthews both hit one single each.

ACB - 11, L.H. Ford - 3.
Avon Citrus Bank clobbered L.H. Ford by a score of 11-3 last Thursday night as the Bank batters rapped out 15 hits.

Tim Devlin, the winning pitcher, hit two doubles and a single for ACB while tossing a five hitter at Ford. Also hitting for the Bank team were John Tolar with a double and two singles; Charles Devlin, Randy Wright and Stacy Landress with two singles each; and Ronnie Higginbotham, Daryl Williams and Mike Doster with one single apiece.

Ford's five hits were all singles. They were hit by Robert Turnbull, Clay Hipps, Mark Elkhill, Ken Warner and Edmund Swearingen. Elkhill pitched for Ford.

Lions - 9, Kiwanis - 5.
The Lions took a 9-5 win from Kiwanis but there was a home run hit by both teams last Friday night. Geno Taylor boomed one over for Kiwanis and Bobby Barnes got his homer for Lions in the fourth inning.

Lawrence Spry and Willie Charles Ervin both pitched for the Lions giving up only five hits. Taylor had a single to go with his homer, and Wayne Elder, Darren Helvy and Stacy Pugh all hit one single each for Kiwanis.

Darren Helvy pitched the whole game for Kiwanis. Barnes had a single to go with his round-tripper, Terrance James hit a triple, Ervin had a double and a single, and Eric Wick and Lawrence Spry both hit two singles each. John Fields and Michael Antley hit a single each.

Avon Tire - 5, First Baptist - 0.
Bryan Arnold shut-out First Baptist allowing just two hits in his first mound appearance of the year for Avon Tire as his team took a 5-0 win last Friday night.

Arnold struck out 12 batters in the six inning game and gave up six scattered walks to the First Baptist batters. Fred Manning got a double and Chip Burby hit a single for the only two First Baptist hits of the game.

The Avon Tire batters rapped out seven hits off losing pitcher Fred Manning. Tommy Johnson had a triple, Bobby Lewis and Chris Fortner hit a double each and Duane Young and Arnold hit two singles apiece for the winners.

Firecracker 500 Pace Car To Go To Spectator

For the third consecutive year, the actual Pontiac Grand Prix Firecracker 400 pace car will be awarded by a lucky spectator at Daytona International Speedway.

In a joint promotion including Pontiac, Pepsi-Cola, Daytona International Speedway and Florida radio stations WMO, WNDL, WPCV and WTAI, the car winner will be drawn during pre-race ceremonies for the July 2nd Pepsi 6 Hours World Challenge For Endurance Drivers Race.

After being driven during the July 4th Firecracker 400, the keys to the \$8,000 pace car will be turned over to the winner.

Those wishing to enter the Pepsi Pontiac Firecracker 400 Sweepstakes are being asked to send their name, address and phone number to one of the radio stations or to pick up an official entry form at the participating Central Florida Pontiac dealerships. Replicas Firecracker 400 pace cars will be on display at their showrooms.

In addition to the Pontiac Grand Prix, number of other prizes will be awarded daily by the radio stations including newly designed Pepsi 6 Hours tee shirts, stop watches provided by Champion Spark Plug Co., 8-packs of Pepsi-Cola and tickets to the Pepsi 6 Hours and Firecracker 400 pole position qualifying.

Mets Set 6-0 Record

The McCann & Son Ford Senior League baseball team, the Mets, remained undefeated last week to hold on to first place in the four team league with a 6-0 record. Kopta & Bennett stayed close behind the Mets with a 4-2 mark as the Reds chalked up two more victories. Avon Paint & Body and Avon Citrus Bank remained tied for third place in league standings with 1-5 records although both teams came close to victories last Friday night in games with the top two teams.

Tonight (Thursday) Avon Paint & Body will play Kopta and Bennett in the six o'clock game and Avon Citrus Bank will go against McCann & Son Ford at 8:15 p.m. at the Senior League Field at the Complex.

Next Tuesday night, June 13, it will be Avon Citrus Bank against Kopta & Bennett in the first game and McCann vs AP&B in the second game.

McCann-6, AP&B-4.
After three innings of no hit, no run ball last Friday night, the Avon Paint & Body Braves took a one run lead in the bottom of the sixth only to eventually lose to the league-leading McCann Mets by a score of 6-4.

Met hurler Jim Marcum and Brave pitcher Ricky Johnson turned in fine performances on the mound for both teams. Johnson gave up five hits in the six inning game while Marcum held the Braves to a double by Johnson and singles by Jerry Jones and Walton Touchton.

The Mets came to life at the plate in the fifth frame scoring two runs on a single by Mike Shorey, a walk, and a fielding error. Then in the sixth inning, Ricky Derkman, Jim Marcum and David Roberts all singled to take advantage of three walks to score four runs and put the game out of reach of the Braves. Chris Collins had singled in the fourth inning to break up Johnson's no hitter.

Kopta & Bennett-6.
Avon Citrus Bank-5.
In a tight game between the Reds and the Cubs last Friday night, the Kopta & Bennett Reds won by a score of 6-5, scoring the tie breaking run in the bottom of the seventh inning on an error and two passed balls.

The Reds had jumped off to a 5-2 lead after two innings of play, but the ACB Cubs came back in the third to tie the game up as they scored three runs on a walk, two singles and an error. The next four innings were scoreless as Ronnie Barnes held the Cubs hitless and Dwayne

Council and Gerald Jones teamed up to hold down the Red Batters. Alvin Conner came on in relief of Ronnie Barnes in the top of the seventh when Barnes had used up the nine innings on the mound that a Senior League pitcher is allowed in one week.

The ACB Cubs loaded the bases in the top of the seventh but were unable to score. Then with two men out, the Reds scored the winning run when a pitched ball got away from the Cub catcher allowing Dennis Barefield to score from third base.

The Bank batters got five hits off Ronnie Barnes. David Jackson had two singles and Dwayne Council, Eddie Roper and Jacques Thomas had a single each in the losing effort.

The Reds got only three hits but took advantage of bases on balls, errors, and passed balls to score the six runs. Dennis Barefield, Ricky Oates and Alvin Conner all singled for the winners.

McCann-10, ACB-6.
The McCann Mets spotted the ACB Cubs a six run lead in the first inning and then came back to take a 10-6 win last Tuesday, night a week ago. The win was McCann's fifth straight with no losses.

McCann relief pitcher Tim Cribb took over for starter Jim Marcum in the first frame with no one out, three runs scored and two runners on base. Cribb finished the six inning game to post the mound win striking out nine batters and holding his opponents hitless.

Avon Citrus Bank scored its six runs in the top of the first frame on three singles by Gerald Jones, Dwayne Council and Jeff Caldwell. Steve Antley, David Jackson and Jeff Heckard also scored after they drew walks.

The McCann batters came to life after the first inning. Tim Cribb started things off for McCann when he left a home run over the center field fence in the second inning. Then Ricky Derkman, Jim Marcum, Cribb and David Roberts all scored in the third frame as Derkman and Cribb walked, Marcum doubled and Roberts singled.

The Mets went ahead in the fourth inning scoring four more runs off relief hurler Gerald Jones. Marcum and Roberts both got hits again to drive in the runs. The final Met run came in the bottom of the sixth frame. Marcum singled, went to second on an error and scored on a sacrifice fly to center field by David Roberts.

McCann batters got a total of eight hits with Marcum going three for four

with a double and two singles, Roberts getting two singles, Cribb hitting his third home run of the season and Ricky Norris and Chris Collins getting a single each off Cub starter Dwayne Council or Gerald Jones.

Kopta and Bennett-10.
Avon Paint and Body-5.
The Kopta and Bennett Reds broke loose for eight big runs in the bottom of the third inning to over come a four run lead by Avon Paint and Body and then scored two more runs in the bottom of the fourth to post their third league victory by a score of 10-5 last Tuesday night a week ago.

Three Avon Paint and Body pitchers gave up a total of nine hits to the Red batters. Dennis Barefield and Alvin Conner hit back to back home runs in the big third inning. Barefield's roundtripper came with two runners on base and Conner slammed his over the fence with no one on base. It was the second homer for both Red batters this season. Conner also hit a double. Ronnie Barnes rapped out a double and a single, Alan Liskey went three for three with three singles and Ricky Oates hit a double to right field as the Reds shelled the Brave pitchers.

The Avon Paint & Body batters connected for four hits off Barnes and Conner who shared the mound duties for the Reds. Ricky Johnson hit two singles, Jerry Jones had a single in the first inning and Walton Touchton singled to right field in the second inning.

Bombing Range To Be Closed Over Week-end

The Avon Park Bombing Range Recreational Area will be closed the weekend of June 10 and 11, due to the utilization by the 2nd BN, 116th Field Artillery, Florida National Guard of Lakeland, FL.

At the present time, it is anticipated that the Recreational Area will be open for camping on the weekend of June 17 and 18.

Individuals wishing advance information concerning the Opening/Closing of the range to the public may do so by calling the Automatic Answering Service Number, 813-452-4223.

Women's Softball Opens

The 1978 Avon Park Women's Slowpitch Softball League season opened with six games played at the northwest field of the City Ball Complex last Saturday. All twelve teams in the league saw action with six of them coming out winners and six falling to 0-1 records.

The remainder of sixty - six game schedule will resume next Monday, June 12, with Avon Citrus Bank playing the AP Kids at seven o'clock and Cox Plumbing taking on Jackie's Beauty Shop at 8:30 p.m.

Next Tuesday, June 13, it will be the Fox Ladies against Jahna Concrete at 7 p.m. and Gammage's Angels vs Peoples Choice at 8:30 p.m. Next Thursday night, June 15, Cable TV will take on Ridge Florist in the early game and Texas will play Scotty's following that game.

There is a one hour and a half time limit on each game. That means no inning may start after the 1 1/2 hour time limit expires but an inning in progress may be finished. Teams are urged to be at the field a half hour early to take infield practice so the game may start on time. If a team does not have a full number of players ready within fifteen minutes after the scheduled game time, that team must forfeit the game.

In the opening game of the season last Saturday at 9 a.m., Jackie's Beauty Shop outscored Avon Citrus Bank by a score of 25-10 as two of the new teams in the league got initiated into the excitement of league play early.

The second game played on Saturday was between Jahna Concrete and the AP Kids. Jahna, an experienced team which is always either at the top of league standings or near the top, clobbered the new AP Kids by a score of 13-0 in a game shortened by the 10-run lead rule after five innings.

At 1 p.m. Cox Plumbing played another new team, Peoples Choice. The Cox team built up an 11-0 lead only to have Peoples Choice come back and score seven runs in the last inning to set the final score at 11-7, giving the experienced Cox team quite an opening day scare.

The classy Foxy Ladies outscored Ridge Florist, formerly the W.R. Grace team, by a score of 15-1, a mis-match. The Foxy Ladies have dominated league

play for several years.

In the 5 p.m. game, Gammage's Angels, mostly members from the former Zodiac team, showed their power at the plate by swamping Scotty's 33-3.

The final game of the day started around 7 p.m. and it was also a run away as Texas clobbered Highlands Cable TV by a score of 22-3. Cable TV is also a new team in the league this season.

Scores should level off in the coming weeks as the new teams gain experience and confidence. Fans are invited to come out to the Ball Complex, which is located two blocks behind the Southernaire Motel

off Highway 27, to watch the two games each Monday, Tuesday and Thursday nights.

Also being played at the Complex every Monday Tuesday and Thursday nights are Church League Slowpitch softball games on the southeast field. Two Senior League baseball games are played on the southwest field every Tuesday and Thursday nights starting at 6 p.m. and 8:15 p.m. So there is plenty of action for softball or baseball fans at the Complex and there is no admission charge for the entertainment.

Schlosser Signs With Miss. State

Randy Schlosser, an eagle-eyed outfielder from South Florida Junior College in Avon Park, is Mississippi State's third baseball signer for the 1979 campaign.

Coached by Tim Hill at SFJC, the 5-11, 170-pound junior-to-be walked 94 times in 66 career games while chalking up a career batting average of .310.

He first distinguished himself in the youth programs of his hometown, Seagertown, Pa., where he was later a High School All-American at Seagertown High.

A team captain there for two years, he maintained a career average above the .400 level at SHS.

In junior college he gained even more of a reputation as a base stealer as he made 62 career thefts in 68 attempts for a .912 per cent success average. Schlosser also averaged better than one run scored for every game played as he tallied 76 times in his 66 junior college contests.

"We are very much impressed with Randy Schlosser as a person and as a quality college baseball player," MSU Head Coach Ron Polk said.

"Offensively, he made things happen in high school and junior college," Polk added, "and he'll be a valuable addition to our outfield corps next year."

Schlosser joins infielder Pete White of Acworth (Ga.), North Cobb High School and pitcher John Shreve of Palm Beach (Fla.) Community College as the first three inkings by MSU for the next season.

HEADED FOR HOME is Ridge Florist center fielder Pat Landress as Juanita Jackson, Lady Fox pitcher, kneels to make the tag at home plate for an out during the fourth of six Avon Park Women's Softball League games played last Saturday at the City Ball Complex. International Bass Clinic June 16-18

It is turning out to be a meeting of the clan... the fishing clan... the first International Big Bass Clinic to be held at the Sheraton Twin Towers June 16-18, Orlando, Florida... with reservations coming in from throughout the United States and mid-Canada.

The main drawing card is the famous Buck Perry fishing classes followed closely by the promised appearance of some of the nation's leading bassmasters including Gene Howard, Bob Forrester, Ed Chancy and Jake Adkins.

Over one hundred and fifty exhibitors of fishing and other outdoor gear will be

displaying their wares in the Towers large exhibit hall during the three days, with many clinic specials.

Other highlights include a Hawaiian Luau and Show at Seaworld on the night of the seventeenth, a fishing contest for the fifteen and unders on Sunday with a total rig-boat, trailer and motor going to the winner, plus a grand deer prize, a Bass King 1720 Bass Boat, for some lucky adult.

The whole affair will be helping the Bass Research Foundation, the Young Anglers of America and the Central Florida Boy Scouts. (AFNS)

Some might say that Richard Petty could be in a hurry to return to Daytona International Speedway for the July 4th Firecracker 400, the best of his win on the NASCAR circuit.

As a matter of fact, those thoughts could be backed up by the fact the first entry for this year's Independence Day classic comes from none other than "The King" himself.

Experiencing a longer than wanted dry spell, Petty has not visited victory lane since the 1977 Firecracker 400 when he edged out Darrell Waltrip to score his 185th career victory in Grand National.

Petty has won two of the last three Firecracker 400 races at Daytona Speedway and leads in total number of wins on the 2.5-mile superspeedway with seven wins.

During the last visit to Daytona Speedway by the NASCAR Winston Cup stars, Petty led 39 of the first 60 laps before a three-car wreck put him out of the race for the day in the Daytona 500.

The Avon Park Sun, June 8, 1978 1C

Neubauer A Generation Of Teaching

Laura Neubauer is known among her friends in Avon Park as a go getter. In other words, if a job needs to be done and you want it done correctly and timely, Laura is the person to call upon.

Laura is very active in her garden club activities, her church and the Retired Teachers Association, which brings us to the essence of this article. I talked with several retired teachers in Avon Park and received their views and opinions of today's school system, curriculum, and activities compared with yesteryears.

Laura was able to sum up the thoughts and ideas quite well. Later on in the year however, other interviews with active and retired teachers may be printed in this section of the Avon Park Sun.

Laura never received a high school diploma.

Laura attended High School in Hagstown, Md. for two years and Avon Park High for one year. She never graduated or received a diploma; however, since she had enough credits without graduating, she was allowed to attend college. Laura received her B.S. degree from the University of Florida in Business Administration and later received her Masters Degree in Education from the same university.

She began her teaching career in Wauhatchie County and retired in Leon County. Her first ten years was in the Business Administrative field, after she received her masters in education she taught the six grade level. She continued her education throughout her teaching career by taking refresher courses in teaching methods, Spanish, Math, and Science.

In talking of contrast and comparisons, Laura stated that considering her own career, many changes took place during the 31 year period, remembering 30 years is considered a generation.

Laura commented that there were differences in the following areas and anyone she could expound upon and take up the full interview, so she only touched on the basic. Teaching methods—"It's hard to beat that old cliché, 'They Learn By Doing'." It was employed then, and is today to a greater or lesser degree, and

in a somewhat different fashion; child centered, not as much teacher centered," she said.

On the subject of equipment, Laura stated that the library, better known today as the Media Center, was the major part in her teaching days. "Used properly," she said, "these teaching aids, are possibly the most valuable assets to our schools today and played a big part in the schools of yesterday."

The physical plant, which is the school building itself, Laura commented that here is where the big transformation has taken place, with the advent of modern technology, schools today have heat, air conditioning, wall to wall carpeting, special conference rooms, band rooms, chorus rooms, gym showers, gracious finishing schools. However, she said, "We learned and took part in almost as many activities, we just didn't have quite the facilities that are available today."

Air conditioning and filing cabinets were the highlight of her desires.

Laura made a special point to say that air conditioning and filing cabinets were the highlight of her desires during her teaching career.

On the subject of buses, Laura stated that they had some, but not so many, nor so fine as ours today. "Lunchrooms?" "Perhaps after the depression, ours were better than yours, etc.," and added, (if I flood of advertising that almost smother us all, the above mentioned are all influences and are a part of the changing life styles," she said.

"In stating any kind of opinion on today's school, I would proceed with caution," Laura said. She affirmed this by saying, "Because an idea is new, doesn't mean it is good; because an idea is old, doesn't mean it is bad; does it work? That is what counts."

"We are in a very defined transition period," she said, and "I truly believe we will pull out of it, not unscathed, as education will never be perfected, the pendulum will constantly swing as it does with so many facts of society, and so many institutions. Education has always

said, "and is a healthy change. My age was the automated age, this one is the computer age, and heaven spare me from the bionic age!"

Laura went on to say that today's schools have progress and have expanded more and that there is more help for the handicapped, disadvantaged; with added and improved activities such as band, chorus, lunchrooms, sports and counselors.

Self-discipline is the best type she stated.

On the subject of discipline, she stated that like the pun, "Discipline, will always be with us", and that self-discipline was the best kind. But how to inspire it? How to develop it? How to achieve it? There is no one answer, no one person responsible, the teacher, parent administration, fellow classmates, and the key person, the pupil himself. However, self-discipline is the answer, if it can be achieved.

"There is a noticeable difference in children of today compared with those in her days," she said. "They are more sophisticated in some ways, and much more outspoken." Much is good, she commented, especially the knowledge of what goes on in the world today. For instance, from Middle School on up through High School, the children have opinions on everything from "Twinkies" to the "Panama Canal Treaty." "Radio, T.V., Social Studies discussions, science experiences, rock groups, travel and the flood of advertising that almost smother us all, the above mentioned are all influences and are a part of the changing life styles," she said.

"In stating any kind of opinion on today's school, I would proceed with caution," Laura said. She affirmed this by saying, "Because an idea is new, doesn't mean it is good; because an idea is old, doesn't mean it is bad; does it work? That is what counts."

"We are in a very defined transition period," she said, and "I truly believe we will pull out of it, not unscathed, as education will never be perfected, the pendulum will constantly swing as it does with so many facts of society, and so many institutions. Education has always

been a challenge, this is what makes it so fascinating. One would have to be blind not to notice the tremendous strides education is making our current transitional stage." "I'm not here to give answers, for today's problems, to make predictions, or to criticize, not even to sum up in any final way," she said, "but in closing I would like to end on a less formal note." "These five expressions guided me and all those whose lives touch mine: 1. Don't promise something you can't deliver. 2. Be sure you have a meeting of minds at the outset-get the 'ground rules' established. 3. Waste not, want not. 4. They learn by doing. 5. In order to be loved, you must loveable be."

Laura retired from the teaching profession in 1972. During the time span of her 31 teaching years, she took time off to travel with her husband, Gerhardt William Frederic, better known as Nick. While her husband was still living they visited Europe and Scandinavia.

Laura has one child, Mary Susan Clower, whose married to a psychologist in Asheville, N.C., and two grandchildren, Laurie, is attending Brown University and Robert B. graduates from high school this year and plans to attend college in western Massachusetts next fall. She has a brother Charles S. Pardee "Buck" who resides in Avon Park and was also a teacher and principal in Highlands County now retired. And, a sister, Margaret Stewart, who taught Home Economics, some years ago," Laura said.

Her hobbies are crafts of all kinds, such as knitting, crocheting, egg shells and etc. She is very involved with the Hibiscus Garden Circle, and the Federated Garden Club. She has a reading program going and you will always find a book with her. She dearly loves her animals of which she has many, most are strays that she has fed and loved.

In concluding, I must say that working on this article with Laura has been a pleasure. She is a very cordial and able to keep up with the ever changing times of our society.

Laura is busy with one of her favorite hobbies, knitting. Here she is making a poncho for a friend.

She helped other members of the Hibiscus Garden Circle sell goodies during the April Sidewalk Sale.

On The Consumer's Side

QUESTION:

I am interested in keeping up with what Florida's Legislature is doing during the session this year. Sometimes it is difficult to read the newspaper reports each day concerning the bills passed or defeated. Does the legislature run any kind of service on the status of bills?

ANSWER:

If you are interested in keeping up with the status of bills being considered by Florida's Legislature, your best bet is to use the legislative toll-free telephone number which is 1 (800) 343-3827. Personnel handling the telephone line will be able to provide information and answer questions concerning any legislation being considered. The line will be available for use Monday through Friday between 8 a.m. and 5 p.m. The office will also mail you information upon request.

QUESTION:

A dear friend of mine recently developed cancer and has turned to me for emotional support in dealing with the disease. I feel I should learn as much as possible about cancer so I can be more responsive to her. Can you tell me where to find general information about the disease?

ANSWER:

There is a free booklet, "Treating Cancer," available from the Consumer Information Center. It was developed by the National Cancer Institute of the Department of Health, Education and Welfare to answer questions about cancer. "Treating Cancer" will tell you about the most effective treatments for the disease, the side effects of different treatments, new developments in chemotherapy which is treatment with drugs and the chances for a cure.

For your free copy send a postcard to the Consumer Information Center, Department 662F, Pueblo, Colorado 81009.

You may get information about cancer by calling the Cancer Information Service at its toll-free telephone number 1 (800) 432-5953. The service is handled by the University of Miami's School of Medicine which includes one of only twenty comprehensive cancer centers in the United States.

The Cancer Information Service answers questions about cancer. When you call you will talk with a professionally trained health educator or counselor. Your question will be answered on the telephone and at your

request free literature concerning cancer will be sent to you. You do not have to have cancer yourself to use the toll-free line. Residents of Dade County should call the Center at the local telephone number, 547-6220.

QUESTION:

My neighbor just moved to Florida from another state where she belonged to a food buying cooperative. She says it is a great way to save money and would like to get me and some of our other neighbors to start one here. If possible I would like to know more about how food cooperatives work before I join.

ANSWER:

Food buying cooperatives are growing in popularity as food prices at the grocery stores soar.

Basically, a food buying cooperative is a group of people who buy food together in large quantities and then sell it in family-size portions to each member of the group. It is a good idea because when food is bought in bulk, the price is much cheaper.

Basically, there are two types of cooperatives. A formal cooperative is run much like a grocery store. Members may pay a fee to join and buy food at lower prices than retail outlets can sell it,

or each member volunteers several hours a week to stock shelves and run the check-out counter instead of paying a fee.

In an informal cooperative several people band together and name one person as the buying agent. Every week or so each group member tells the buying agent how many pounds of potatoes, beans or whatever he or she wants to buy. The agent totals all orders, buys the produce in bulk (usually from a farmer), and then gives the right amount of food to each member. Since the food is bought in bulk directly from the farmer there is no overhead like store facilities or salaries to pay and each group member can save money on the purchase.

So your neighbor's suggestion to form a food buying cooperative can be a great idea. If you do form a cooperative or you already know someone who belongs to one, please contact the Division of Marketing of the Florida Department of Agriculture and Consumer Services. The Division of Marketing is interested in learning more about the food buying cooperative already established in Florida in order to put farmers in touch with the groups.

Those who belong to a food buying cooperative should send the name of the person to contact and information about the cooperative to the Division of Marketing, Room 415, Mayo Building, Tallahassee, Florida 32304.

QUESTION:

Can a store keep holding a "going out of business sale" as a sale gimmick when it really has no intention of closing? This seems unethical to me.

ANSWER:

Not only is it unethical, but it is illegal in Florida for a store to hold such a sale as a gimmick to bring in customers.

A going out of business sale is when a store sells off its remaining stock and closes down. It includes sales due to bankruptcy, the building being demolished, the store forced out of business, fire, expired store lease and certain other conditions.

To hold a going out business sale, the store must get a permit from the local sheriff. All advertisements for the sale must contain the permit number and the permit itself must be displayed near the entrance of the store. A written application must be filed with the Office of the Comptroller of Florida containing an itemized list of the merchandise which will be on sale. This protects the consumer from stores who would hold continuous going out of business sales to lure customers.

If you think a store in your area is holding illegal going out of business sales, you should contact the sheriff or the Division of Consumer Services at 1-800-343-2176.

Cooking Corner

Turn Meat Loaf Into a Double Delight

Two meat loaves are a double delight. Cap one with hot mushroom sauce; serve up its twin with a cold olive topping.

—Meat loaf is one of those old family standbys that appears in every good cook's collection of favorite recipes. But (admit it) meat loaf does get boring. There's a sameness to it—and a pervasive aura of budget-

consciousness that just doesn't do justice to its potential for savory goodness.

One way to make meat loaf more than "just meat loaf" is to make more than one. Meat loaf twins offer a choice of sauces that change everyday flavor into something special. As a matter of fact, meat loaf twins would be ideal fare for a buffet party. Cook it now and serve it later—to the accompaniment of assorted antipasto, made up of Italian specialties like artichoke hearts, mushroom salad, olives, roasted peppers and eggplant caponata. All are available (no preparation needed) in the ethnic section of the supermarket.

MEAT LOAF OREGANO

- 2 1/2 lbs. ground beef, veal and pork
- 2 eggs
- 2 Tbsp. chopped parsley
- 1 Tbsp. olive oil
- 1/2 cup Italian flavored bread crumbs
- 2 tps. lemon juice
- salt and pepper
- 1 tsp. oregano
- 1 clove garlic, minced

1 jar (16 oz.) Progresso Spaghetti Sauce with Mushroom

Pre-heat oven to 350°. Combine all ingredients except spaghetti sauce, working them together with your hands. Shape into two oval loaves. Place in lightly greased shallow pan. Pour half of spaghetti sauce over loaves. Bake 1 hour, basting at intervals with remainder of sauce. Serve one loaf with hot mushroom sauce and the other with cold olive topping. Each loaf serves 4.

HOT MUSHROOM SAUCE

1 can (4 oz.) Progresso Mushroom Stems and Pieces, drained

1/4 cup chopped onion

1 Tbsp. hot mustard

Stir all ingredients to blend completely. Heat and serve.

COLD OLIVE TOPPING

1 jar (12 oz.) Progresso Olive Confit

1 Tbsp. Italian capers

1 Tbsp. prepared horseradish

Mix all ingredients thoroughly in blender. Refrigerate at least 1 hour in covered container. Serve.

Local AAMA Chapter Given Charter At Banquet

The Highlands County Chapter of the American Association of Medical Assistants (A.A.M.A.) was presented their charter at the Florida State Society House of Delegates meeting, May 19, 20, and 21, at the Diplomat Hotel, Hollywood. Representing Highlands County were Anna Harner delegate, and Louise Hardy alternate.

During the Banquet celebrating the 25th year for the Florida State Society, Anna Harner, President of the Highlands County Chapter was presented the newest of the 27 Chapters in the State of Florida. Anna Harner will be serving as a state board member, representing Highlands County.

Some of the Objectives of the A.A.M.A. are to inspire its members to render honest, loyal and more efficient service to the profession and to the public which they serve. To strive at all times to cooperate with the medical profession in improving public relation. To render educational service to the self-improvement of its members and stimulate a feeling of fellowship and cooperation among its members.

Membership is open to receptionists, secretaries, bookkeepers, nurses, technicians and assistants, employed under the supervision of a doctor of medicine who is a member of the County Medical Society and to similar employees of a hospital.

The elected officers for Highlands County Chapter are: Anna Harner president; Louise Hardy, vice president; Nell Brock, secretary; Kathy Jahna, treasurer; Barbara Epstein, education committee chairman. Those Physicians who have been appointed by the

Highlands County Medical Society to serve the chapter as advisors, are: Dr. H.C. Braces, Dr. D.B. Geldart, and Dr. D.F. Jones.

Everyone meeting the membership qualification are welcome to attend the meetings. The next meeting will be June 8, at 7:30 p.m. in the lobby of the Medical Complex on Beach Drive, across from Walker Memorial Hospital. Programs of interest are presented at each meeting.

Patrick Quinn Departs For Assignment

Navy Aviation Structural Mechanic Third Class Patrick Quinn, son of Mr. and Mrs. Michael P. Quinn of 1009 E. Cornell, Avon Park, has departed for an extended deployment in the Mediterranean Sea.

He is assigned to Helicopter Antisubmarine Squadron Three (HS-3), based at Naval Air Station, Jacksonville.

Bonnie Brae Mobile Home Park News

By Margie Wells

It is with deep sorrow that we report the death of Mrs. Desae Jones on Thursday, June 1. Her funeral was held in Malvern, Ohio on Saturday, June 3. Desae was loved by everyone who knew her and her friendly smile and warm nature will be missed by all of us. We extend our sincere sympathy to her husband, Ray, and other members of her family.

Thelma Miller was invited on Sunday to a surprise party for Vonna and Art Gorsuch at their home on Lake Letta. It was a get-together of active and inactive square dancers who used to dance at Art's garage with Art as caller. After a lovely covered-dish dinner, Irene Pelzer presented them with a beautiful sheet cake decorated with square dancers and musical notes which was

made by her daughter, Mrs. Marcia Gebhardt of Winter Haven, and Matt Pelzer brought out a freezer of home-made strawberry ice cream. Those attending from Avon Park were Elso Cornu, Ethel Kime, Thelma Miller, Ilon and Clay Kull, Grace and George Kloba, and Vonna and Art Gorsuch. Those attending from Sebring were Fern Seelig, Kay Lothen, Ida Gordon, Vi and

Charlie Vignere, Florence and Ed Gray, and Irene and Matt Pelzer. Everyone agreed it was so good to meet again with old friends. Ella Drake, Ellen Hunt, Verda Miller, and Norma Gerbig made a most interesting trip last week. They first went to Key Largo where they took the boat trip from John Pennycamp State Park out to the Great Coral Reef.

They next visited Everglades National Park where they walked on several of the trails and took an air boat ride which they enjoyed very much. They told us that the flowers and trees were usually beautiful at this time of year.

We are sorry to report that Tom Chockley had to return to the hospital this past week. We hope his stay will be a short one and that he will be home again soon. His room is No. 117 at Sebring Highlands General Hospital.

News from our friends in the north: Agnes and Charles Davis are busy with their garden and have been doing some fishing. Helen and Norton Worster arrived home safely but reported that it was bumper-to-bumper traffic all the way.

They say everyone is sup- pose to slow up when they retire but P.D. Wells is proving that to be untrue as he had a 77 at River Greens Golf Course last week - the best score he has had since retiring five years ago. Congratulations to my better half!!

Highlands County EMS Reports

Highlands County Emergency Medical Service reports there were 17 emergency runs, eight in-county transfers and four out-county transfers in Sebring during the week of May 28 through June 3.

In the same period there were three emergency runs in Avon Park and eight emergency runs and one in-county transfer in Lake Placid.

SFJC 'B' Term Registration June 15-19

Registration for the 1978 Summer "B" Term will begin at South Florida Junior College on Thursday, June 15. Hours for registration that day are 8:30 a.m. to 4:30 p.m. and from 7 to 9 p.m. Persons may register during regular office hours on June 18 and 19, and also from 6:30 to 9 p.m. on June 19. Classes begin June 16.

Persons planning to attend South Florida Junior College for the first time should file their applications as soon as possible and returning students should check at the Admissions Office to see if their files are in order.

Applications for admission and class schedules are available at the Admissions Office or by calling 453-6661, extension 135, in Avon Park.

SFJC To Offer Course In Psychology

A course in General Psychology will be offered at South Florida Junior College during the upcoming summer "B" term. The class will meet on Monday, Tuesday and Thursday evenings from 7 to 9:30 beginning June 19 and ending July 27. The class may be taken for three hours of college credit or for audit.

General Psychology is an introduction to the scientific study of human behavior. Emphasis will be placed on the processes of thinking and learning as the basis for individual adjustment to the physical social environment. Anyone planning to take the General Psychology course must register at the college during the summer "B" term registration period June 15, 16, 18, 19. Further information may be obtained from the college or by calling 453-6661, extension 135, in Avon Park.

SFJC Summer Vocational Classes June 14

Summer Vocational, Technical and Adult Education (VTAE) Division classes begin at South Florida Junior College on June 13 and end on July 25. All classes meet on campus. Occupational courses being offered during the summer term are Air Conditioning and Refrigeration, Auto Body Mechanics, Automotive Mechanics, Tractor and Diesel Mechanics, Carpentry and General Office Clerk. Classes meet six hours a day, Monday through Friday, from 8 a.m. to 12 Noon and 1 to 3 p.m. Registration fee is \$15.

A High School Review course will be offered during this time period. The class may be taken for adult high school credit or to prepare the student to take the G.E.D. (high school equivalency) Tests. Persons weighing high school credit in English and mathematics must make arrangements with Gene Statler, Director of Vocational and Adult Guidance, before registering. The class meets from 8 a.m. until noon and 1 to 3 p.m., Monday through Friday. The fee is \$15.

For persons with less than an eighth grade education, two adult basic education classes will be offered. The day class will meet Monday through Friday from 8-12 and 1-3. The other class will meet from 7 to 10 p.m. on Mondays and Wednesdays. There is no charge for the adult basic education classes.

Registration for VTAE Division summer classes will be on June 12 from 9 a.m. until 4 p.m. and 7 to 9 p.m. at the Admissions Office, South Florida Junior College. Further information may be obtained from the college or by calling 453-6661, extension 119, in Avon Park.

Winter Guest Club News

By Illean Kull

Shuffleboard on May 27, 32 players filled eight courts on a beautiful Saturday night, with Bill Olson, Henry Berlew, Earl Dunavent and Al Wilson winning three games. May 31, there were eight courts in play with three game winners being Kellie Larrew and Charles Bidstrup.

Pinchle - May 26, Four tables with the high scorer Richard Benson and second Fanny Klenk. On May 29 there were three tables with Mazie Sarnes high and Evelyn Masuch second.

This reporter is back on the job for the summer and hopes to receive news from all of you to help keep this column alive. Everyone is interested in knowing what you are doing so please help.

Our hospital report this week has Harry Gibson in Walker Memorial.

The sympathy of the club goes to Jean Ladington in the death of her husband, Everett, last week. Jean was the Duplicate Bridge Director for many years.

Earl Brevort, who is the father of Howard and Maurice, is reported to have fallen and suffered broken ribs. But he says he is going to be able to help celebrate his 100th. Birthday this summer in Sinclairville, N.Y.

Dorothy Gruber wishes to announce that she has a new grand - daughter, born to her daughter Jeanie and David Goslin.

Louise Reimer writes from Bellows Falls, Vt. that she has been home since April 12, and that she is not warm yet. She is happy tho, as a daughter has just purchased a home in Ozona. She says that if she comes to Avon Park next fall she will come earlier and stay longer.

Juanita and Wesley Bruce write that they had a lovely trip home with no detours and little traffic. They have been busy getting their homes in order for the summer. Juanita says that she is enjoying watching the doves in the cedar trees and that the orioles are making nests in the same tree they have used for years. The flowers are real pretty now especially the wood violets. We would exchange some heat for some of their rain.

They wish to be remembered to all their Avon Park friends and say they think of us with all our heart and they have to have their furnace on.

A letter from Miriam Debo from Clyde, Ohio, telling that at last it is warming up there. Now they are busy with garden and flowers. The peach crop was damaged by the late spring but the apple trees are in full bloom. They are both well and say "Hi." to all.

George and Lockie Getzler had an interesting trip and are now busy with their gardens and lawn. They also want their friends here to know that they send their best wishes to all.

We at the club welcome three new members this past month. They are: Ernie, Ella Schones and Allen Benson.

Avon Mobile Home Park News

Ruth E. Robinson
Roberta Allwood and son Warren with Nancy Allwood

were proud and happy to attend the graduation services and Graduation from High School of grandson and son Warren Keith Allwood on this past week-end. Mr. and Mrs. Lawrence Robinson offered their good wishes to Keith, a promising and meaningful future in Jacksonville, where he will be living after next week, with his parents. He plans to attend College there, also.

The Lawrence Robinsons are now driving a Buick Apollo-6, anticipating many years of satisfactory service and safe trips north, each year hopefully, and thankful.

Mr. and Mrs. Robert McBeth, Mr. and Mrs. Lawrence Robinson were entertained at Mr. and Mrs. Oya Myers home last Thursday with cards and entertaining jokes.

Mr. and Mrs. Ralph Helt will be getting ready to go back to Rochester, Ind. with their daughter, Sandy and Greg, who are arriving this week, for a vacation.

Mrs. Albert Keyes reports that her father is improving nicely and eventually will be returning to Florida.

SFJC Basic Conditioning

Class June 19

A Basic Conditioning class will be offered at South Florida Junior College on Monday, and Wednesday nights during the summer "B" term. The objectives of this general interest physical education course are the attainment of a high degree of physical fitness and the improvement of the cardiovascular and respiratory systems.

Persons completing the Basic Conditioning course will not only feel better physically but will look better as well. The class may be taken for one hour of college credit or for audit.

The Basic Conditioning class will meet on Mondays and Wednesdays from 7 until 9:40 p.m., beginning June 19 and ending July 26. Persons intending to enroll in the class must register at the college during the summer "B" term registration period June 15, 16, 19.

Further information may be obtained from the Admissions Office at South Florida Junior College or by calling 455-6661, extension 135, in Avon Park.

IFAS Field Day June 9

A short field day will be held June 9 at the Institute of Food and Agricultural Science (IFAS) Ona Agricultural Research Center (ARC), to discuss corn forage production. "We introduced a triple cropping program in Ona about three years ago," said Dr. Paul Miley, IFAS Extension agronomist. "Research, Extension and industry people have all been working together on it, hand in hand."

The research and demonstration studies initiated at the ARC, which involve the utilization and economic of the three crops (corn, soybean, and oats) per year, will be discussed at the field day.

"The information presented will provide an opportunity to observe some of the problems which may be encountered in growth and storing corn silage in south - central Florida," Miley said.

Miley added that this is the third field day to be held at the research station, and that it was being repeated due to the many requests from interested persons.

Participants of the field day which begins at 9 a.m., first will tour the on-site corn variety testing studies, before hearing discussions of such topics as the corn herbicide and insecticide programs, water control and the economics of triple cropping.
