Distressed Avon Park Will Compete For \$100 Million

George Duncan

Because a federal agency has classified Avon Park as a "distressed" city, it will be one of 33 municipalities in Florida competing for \$100 million in funds from the Department of Housing and Urban Development.

Cities, according to state officials, were judged eligible to participate if they had "high levels of poverty, an old or poor housing stock, low gains in per capita income, and low or negative growth rates."

City Councilmen may question some of Avon Park's alleged qualifications but they did not quarrel with the possible funding. The council voted to have City Clerk Malcolm Crews ask a state or federal representative to attend the next council meeting and further explain the program.

The \$100 million is attached the small cities program of the Urban Development Action Grant. The program is administered in Florida by the Department of Community Affairs.

The UDAG program is a new source of funds for cities. Applications for portions

of the \$100 million will not be taken until the first of July.

In a letter to the city John Sidor, director of the department of community affairs, said the UDAG funds provide an opportunity to "make important improvements in the physical, residential and economic conditions in your city."

Sidor further stated that, in the application for funds, three elements should be emphasized; the project should create the highest number of permanent jobs for low and moderate income persons as possible; the project should leverage as many dollars in private investment as

possible and the program should leverage as many public dollars from other federal, state and local sources as possible.

"I like it," said Councilman Robert Britt after hearing City Clerk Malcolm Crews read Sidor's letter. Other councilmen also expressed their approval and told the city clerk to reply to Sidor and say the city was definitely interested in the program.

Crews told councilmen that other cities nearby which had also picked as eligible in the program were Ft. Meade, Haines City and Mulberry.

\$400 Request For Attorney Fees Tabled

Police Chief Robert Brooks' request for a \$400 payment for his attorneys' fees, expenses incurred when Mayor J. Marshall Davis suspended him last month, was tabled by the Avon Park City Council.

In addition to the possible \$400 payment to Chief Brooks, City Attorney Jack Hancock billed the city \$240 for his work during the controversy.

"I make a motion that we table this until we have a full council, then bring it up. There are some questions I'd like to ask when all the council is here," said Councilman Robert Britt.

Four councilmen were present but Council President Larry Albritton was on vacation and not at the meeting. After Chief Brooks was suspended by the mayor last month, he hired attorneys Anthony Accorsi and James Kelly to represent him at the scheduled council hearing. City Council members had to vote to either sustain Davis' action and oust Brooks or override the mayor.

The controversy cooled off when Mayor Davis announced he and the police chief had settled all differences. However, the matter of Brooks' attorney fees remains to be settled.

Councilmen readily accepted Councilman Britt's request that the matter be continued to the next meeting.

The only question was directly to Hancock as Councilman David Barefield asked the attorney if his expenses were entirely for rewriting the eight charges directed by the mayor against Brooks.

Hancock replied he had conferred with the mayor several times, and also with the circuit judge, the sheriff, the assistant state attorney, the city clerk, Councilmen Henry Dennis and Larry Albritton and the press "which was widely reported."

Brooks said his expenses in the matter were \$400 and "I'm not asking for anything more. I'm not asking for \$401, just my expenses."

In a similar situation earlier this year with Building Official C.W. Ellerbee, council members did not vote to pay all of Ellerbee's expenses. They did approve a \$150 payment which was the amount City Attorney Jack Hancock said Ellerbee's attorney saved the city by doing research which Hancock would have had to do.

However, Chief Brooks said previously that a councilman told him the city would probably pay his expenses.

Antley Charged With House Fire

Linda Antley, 18, has been charged with first-degree arson and is being held by the Avon Park Police Department in connection with the burning of her apartment - apartment number one of the three-unit apartment house at 34 S. Prospect Avenue, late Sunday night, Lt. Walt Bellinger of the Avon Park Police Department said.

Lt. Bellinger said the fire began in the bathroom and the adjoining bedroom. He stated that the hamper in the bathroom was on fire and the baseboards were burned in two places.

A four-year-old baby which was in the bedroom asleep at the time of the fire

escaped without harm. "One of our sargents wives who lives across the street from the apartment, Mrs. Leroy Prevatt, called to report the fire," Lt. Bellinger said.

Milton Wedemeier, owner of the apartment house, said the burned apartment was the only one of the three units that was either occupied or damaged.

The baseboards, two walls, a mattress, a couple of rugs and the floor were burned, he said.

Wedemeier also said one window was broken and there was smoke damage throughout the apartment.

State Officials: City Jail Is Dilapidated

George Duncan

Saying the city jail was dilapidated and police did not have the equipment to "break up a fight between two tom cats", state officials told city councilmen the jail would have to be completely renovated or changed to provide only holding cells until prisoners could be

transferred to Sebring. Percy Folson and Paul Sheffield, both with the state Department of Corrections, said the present facility in no way meet state standards and was definitely not in compliance with state laws.

Their statements were based on a state Continued on Page 8A

Monthly Report Request Angers Some Councilmen

A request by councilman David Barefield for monthly reports by city department heads may prompt a legal challenge from another councilman.

Barefield, who was acting Council President at the Monday meeting of the council, said it was within his authority as council president to call such reports. Barefield said it was a reasonable request and did not need a vote of the council.

"You can't make a decision by yourself," declared Britt.

Barefield said he had talked to City Attorney Jack Hancock about the matter briefly and Hancock said he saw nothing wrong with the request.

Both Britt and Dennis said a recommendation should be made through the council.

"Well, I'm making the recommendation," Barefield said.

"I'll challenge you if you do," replied Phillips. "And I'll bring with me at the next meeting an attorney."

"The president can rescind it at the next meeting or it can be challenged at the next meeting," Barefield replied.

pretty steady. I'm the only one who can answer that."

Barefield told councilmen he "would like to try this (the report) for a while and see how it works out."

"You got to get that in the form of a motion," said Britt.

Barefield, in a statement which was interrupted several times by Britt, said he felt the council president had the authority to make such a request.

"You can't make a decision by yourself," declared Britt.

Barefield said he had talked to City

Attorney Jack Hancock about the matter briefly and Hancock said he saw nothing wrong with the request.

Both Britt and Dennis said a recommendation should be made through the council.

"Well, I'm making the recommendation," Barefield said.

"I'll challenge you if you do," replied Phillips. "And I'll bring with me at the next meeting an attorney."

"The president can rescind it at the next meeting or it can be challenged at the next meeting," Barefield replied.

Eisele Enters Vow Of Poverty In Tax Case

While the rest of the nation discusses California's Proposition 13, a Highlands County man is carrying his tax revolt a step further. Robert C. Eisele of Bombing Range Road was in circuit court June 8 to explain why he refuses to pay personal property taxes to the county.

For the past two years Eisele has refused to make tax returns, filling in the official forms with a mixture of religious and Constitutional claims.

He lists as owner of the property, Jesus Christ, address, Heaven. Other parts of the tax form are filled in "amendment 5" or "amendment 4."

The staff of the county property appraiser used other records - for example an officially-recorded loan for purchase of a new farm tractor - to work out a tax bill. The bill for 1977 tax plus delinquent tax penalty and costs of advertising comes to \$103.50.

In accordance with a recent Florida law, the county tax collector must file a suit in circuit court seeking permission to seize and sell property to raise the money.

Owners of the property are notified, by registered mail, when a case will be brought to court. Highlands Tax Collector J. T. Landress has filed suit a few times but has never actually seized and sold any personal property.

The owners always seem to find ways to come up with the necessary cash. In court June 8, Circuit Judge Oliver L. Green Jr. refused to set aside the claims made against Eisele and unless a new order is entered by the court, Collector Landress will have to take steps to make collection. "The law requires me to pick

up enough personal property to get the taxes," Landress explains.

The current controversy is over personal property taxes. Eisele has paid the 1977 taxes on his home and 2.75 acres of north Highlands County land which he uses in a beekeeping business.

Eisele's resistance to taxes is not limited, however, to some forms of county taxes. The federal Internal Revenue Service, in late April, recorded here a notice of a federal tax lien in which it claimed Eisele and his former wife owe a total of \$18,391 for federal income taxes. Time covered by this claim is listed as Dec. 31, 1973 to Jan. 5, 1978.

A short time before the federal tax lien notice was recorded Eisele entered, in the county's official records, a Vow of Poverty. In this notarized statement Eisele declares that he has given to the church "all possessions of every description now owned or hereafter acquired by me."

He specifies that this "irrevocable gift" is for all possessions "real, personal property . . . and all of my income whatsoever, regardless of the form of the income . . . I understand that employment remuneration earned when working among the general public is not my personal income, but rather is income by gift, received as agent of the Church. . . ."

Eisele believed that he is acting within "natural rights" as they are proclaimed in the "Declaration of Independence, The Peace Treaty with Great Britain of 1783, Thomas Jefferson's Statute of Religious Freedom

AVON PARK SUN

2A The Avon Park Sun, June 15, 1978

Open City Records

Let's assume an Avon Park citizen named, say, John Smith walked into city hall one day and asked to see records which pertain to the city's financial or governmental structure.

The chances are about fifty-fifty he would be told to get lost.

If he had entered city hall last month and had asked to see a copy of the charges directed against Chief Robert Brooks by the mayor, he most certainly would have been told to get lost.

Now the language used would have been slightly more tactful. Such catch-all phrases as 'confidential,' 'attorney-client relationship' and 'private records' would have been used.

The meaning, though, would have been the same.

Now if our hypothetical John Smith had had the audacity to attempt to find out what was going on in his city government, surely the height of arrogance, he probably would have first encountered secretaries in the mayor and city clerk's office.

When Mr. Smith inquired about the charges he would probably have been asked if City Clerk Malcolm Crews had given Mr. Smith permission to look at the records.

Now it is not exactly clear what preemptive jurisdiction the city clerk has above and beyond state law. Certainly he has none the Sun is aware of. Perhaps there is a loophole in the law we've overlooked.

Now if Mr. Smith had actually made his way into the city clerk's office, he would have been told by Mr. Crews such records were privileged and not available to the general public.

This viewpoint was held, and given as an opinion, by City Attorney Jack Hancock. Our theoretical Mr. Smith is contributing to the \$30 an hour fee of Mr. Hancock, for which money he is receiving opinions, but no reasons, on why he cannot know what his governmental officials are doing with the rest of his tax money.

In expressing his opinion on this matter, Attorney Hancock never stated what state law he allegedly based his opinion on, if any.

He may have picked his opinion out of thin air since it conflicts with several

Florida Laws such as the Sunshine Law and Public Records Law.

One is tempted to say Mr. Hancock is merely telling the council what they want to hear and hoping no one challenges his views. The fact that, he told a reporter to 'Go to Hell' after he was challenged, does not back up the view his opinion was based on hard legal evidence.

Editorial

Nor does the fact that, after his brief conversation with the reporter, he scurried over to Avon Park from Wausau for a brief conference with Mr. Crews.

If the Sun had not uncovered the charges against Chief Brooks and published them the citizens would be wondering to this day just what the controversy was all about.

Although the one matter concerning the dispute between the mayor and police chief has been settled for the moment, there is still a question regarding any similar situations which are bound to arise in the future.

Which is the reason Avon Park City Councilmen should demand clarification from their attorney as to what does and what does not fall under the sunshine law and public records law.

By deliberately withholding the charges against Brooks, it is our opinion the council was breaking the law and rather blatantly so. One only has to check with the attorney general's office, which this newspaper did, to find out what falls within the realm of the public records law.

Since Mr. Hancock was paid \$240 for his part in this matter, it is not too much to ask what part of that money he spent on a phone call to Tallahassee. When challenged, it is only prudent to double-check your opinion. When dealing with public officials and taxpayers money, it would seem to be a moral obligation.

Before the council becomes entrapped in another controversy they should ask for a clear delineation of the sunshine law from Mr. Hancock.

That's part of what our Mr. Smith is paying them for.

Senate Law Program?

With all due respect to Judge Clifton M. Kelly, we are somewhat skeptical of his support for a law education program in the Florida public schools. Which, admittedly, is somewhat akin to being against motherhood and apple pie.

Judge Kelly believes respect for law and order can be taught in the state's classrooms and the legislature this year approved such a law education course.

In the statute which the legislature passed it states the course will have "particular emphasis on the consequences to the individual and society of disobedience to the law."

That's fine. Until some smart junior or senior demolishes the course with a few shrewd questions.

For example, the same senate which approved the law education course because presumably it had deep respect for law and order is the same senate which voted 33-5 to reinstate Sheriff Jack Taylor of Franklin County. Sheriff Taylor had been suspended by Governor Reuben Askew.

A few of the charges against Sheriff Taylor which witnesses testified to were: the sheriff's fondling a woman tourist serving time for armed robbery; allowing prisoners to drink alcohol and smoke marijuana; letting inmates go home unsupervised; one was arrested for drunk driving; using prisoners for personal services such as mowing his yard.

And, wouldn't you know it, records documenting the sheriff's whereabouts last year suddenly disappeared from the jail during the investigation of Sheriff Taylor.

However, due largely to the influence of Senator Dempsey Barron the senate voted to lift Governor Askew's suspension. Franklin County is in Senator Barron's district and the good senator knows that Paragardle justice is sometimes different than what is justice in the rest of Florida.

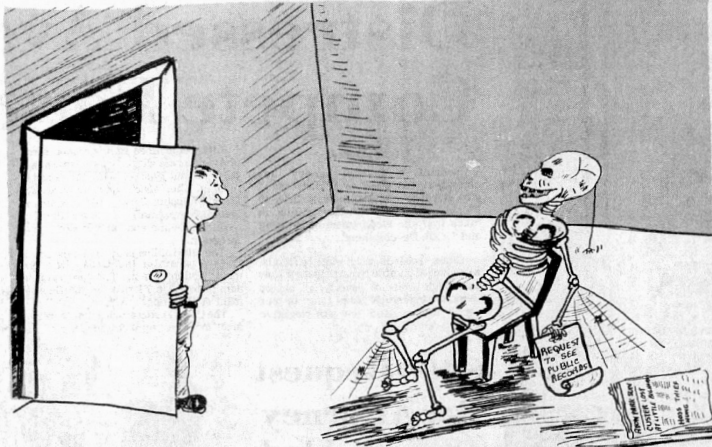

Senator Jack Gordon of Miami, who probably backed the law education course, also voted to put Sheriff Taylor back in office.

"I have always been a strong advocate of pilot programs. I think the state deserves at least one jolly jail," Senator Gordon told his colleagues.

Judge Kelly hoped the law education program would instill respect for the law in students. However, morality, as columnist Sydney Harris has pointed out, does not filter from the bottom up, from the grades schools to the high schools to governmental officers, but from the government and society at large down to every level of the culture.

The Sheriff Taylor episode reveals more than years in a classroom would about "the consequences to the individual and society of disobedience to the law."

For some people, there are no consequences at all.

You Can See Those Records Now Sir!

Our Readers Opinions

Should Elderly Be Forced To Live In Nursing Home

Dear Sir:

I am writing this letter in hopes that something can be done to change this ruling. Since the Adult Congregate Living Facility became law, it has had an effect on lots of boarding homes, as well as the elderly citizens.

Maybe I can explain this: I have had Hazel for five years, and several strokes later, she can now walk with leg braces and walker. We love Hazel, and she is like family. We charge \$450 per month for her care, yet if she should have another stroke and not be able to walk, I'm supposed to put her in a nursing home. Yet a nursing home cannot do any more for her than I'm doing, plus their cost is three times as much as mine.

I have Oscar, a veteran, also a stroke patient, for three years. He prefers my home to a V.A. Hospital or any other place else, yet the same rule applies for him.

We have Marie, age 60 an M.D. patient, she has been with us four years. We also love her and there is not cure for M.D. Placing her in a nursing home would break her heart as well as her husbands. She is too young for medicare, which

costs the taxpayers.

I also have a couple I've taken care of and love very much, the wife has arthritis, and the husband is 85 years of age. He cannot take care of her in their own home, so they live with us. Yet if she gets worse and cannot walk they will have to be separated and she would have to be placed in a nursing home under medicare or medicare and their savings would be affected. I can continue taking care of both of them.

Why should the taxpayers have to pay for their care? These people want to pay their own way. They have not asked the federal government for any aid and all pay their own way. What about their rights? Don't they have a right to live where they choose, as long as they receive good care? I'll match my place to any anywhere. We have a lovely home and give good care and my people don't want to go elsewhere.

We have several with hardening of the arteries, yet they cannot walk we're supposed to move them to nursing homes. Yet there is no cure for this. Terminal cancer also and the same thing applies.

Please, for God's sake, help these people. They are people with feelings, older people with dignity. Please help us to help them. We invite anyone to come to our home. Visit with us and see for themselves.

Why should the federal government pay \$1500 per month to nursing homes when they can live in Adult Congregate Living Facilities in the state of Florida for \$450 per month.

I realize some have to be in nursing homes and some in state hospitals, but for these happy people in homes like mine, just because they lose the ability to walk, they shouldn't be forced to go to nursing homes.

Please help us do something about this, so that these people can continue to live with dignity among their friends, they don't wish to be a burden on anyone and wish to pay their own way.

Any thing you can do to help these people will be deeply appreciated by all and you will have a group of happy people at my home.

Yours very truly,
Ina J. Perry
Ina's Boarding Home

Fine People Practice What They Preach

Dear Editor:

For many years now, the First Baptist Church of Avon Park has been allowing our high school to use their building for the annual Baccalaureate services. It has annually been given without charge for the building use, custodial services, utilities, etc. Our Baccalaureate replaces the Baptist congregation's regular Sunday night services. Though we have attempted during practice and the Baccalaureate ceremony itself to keep the buildings in good order, I am sure our presence has created extra for the church members, and custodial staff. We have never received a complaint or an

unkind word from Reverend Childress, his staff, or congregation regarding our students and the Baccalaureate practice and services.

Without the help of the First Baptist Church, I am afraid that Avon Park High School would sadly follow the pattern of over fifty percent of the schools in the United States today by not having religious services in connection with graduation exercises. Though many parents, students, and the general public may not realize our debt to this church and its members, we do indeed owe a large one to them. These fine people and

their minister certainly do "practice what they preach" and demonstrate a sincere interest in the part played by religion in importantly, this interest extends itself to all our seniors, not just those who are members of the First Baptist Church. Many thanks to Reverend Childress and his congregation.

Sincerely,
Lester F. Watson
Principal

Faith In Fellowman Restored

Dear Editor:

It was a hot day last Friday at the Avon Park Flying Service, so I thought I'd borrow Jim Sisemore's (a local pilot) bicycle to run an errand at Penney's.

As I rode off I realized that the bicycle didn't have a lock. "What the heck, I'd only be a minute," when I arrived at Penney's I put the bicycle behind a bench and remarked to a fellow that, "I hope this will discourage a thief."

After 10 minutes in the store I came out to find the bike stolen. My confidence in mankind and my day were both shot. I looked around the parking lot for a while

then headed back to the airport thinking how much this 10 speed, I didn't even own, was going to cost.

Then around the corner came the hero - with the bike in his trunk. The same fellow who I had talked to before entering the store had seen a boy jump on the bike and take off. He gave chase and retrieved the bicycle.

My faith in mankind and my day had both been rejuvenated.

Some folks are still concerned. One of those folks is Craig Skipper.

Rocking The Boat

By George Duncan

Possible Ads For Dentists

Before the state legislature performed their greatest service to the citizens of the state which was, of course, adjourning, our representatives did manage to pass some rather interesting laws.

One was a senate bill which allows dentists to advertise in a "dignified and professional manner." Now I have no idea what the legislators mean by a dignified and professional manner, perhaps the same manner they run their campaigns, but I can envision a day when we might see a television commercial like this.

The television screen is dark. You hear the sound of a drill. Then the scene comes into view. A patient is strapped in a dentist's chair. The dentist, who is standing with the drill, suddenly jabs it into the patient's mouth, where upon a ungodly, piercing yell comes from the man, who is now bleeding profusely from the mouth.

The dentist still holds the drill and turns to the camera. "Is that the way you feel most dentists operate? Completely uncaring for the feeling of their patients. Well, no more!" He throws away the drill.

"Let's be serious. Haven't you wondered why such screams of agony come from your local dentist's office? And, even though you don't like to admit it, you have heard those rumors about his office being nicknamed the 'chamber of horrors,' haven't you? Also, has your dentist secretly expressed an admiration for the Marquis de Sade, just about the time he's going to yank out your wisdom tooth."

Really irritates you, doesn't it?" Gesturing wildly, he picks up the drill and jabs the patient once again. "Actually, that's kinda fun."

Scene switches to lavish office with shapely blonde assistant in the picture. The dentist points toward the camera.

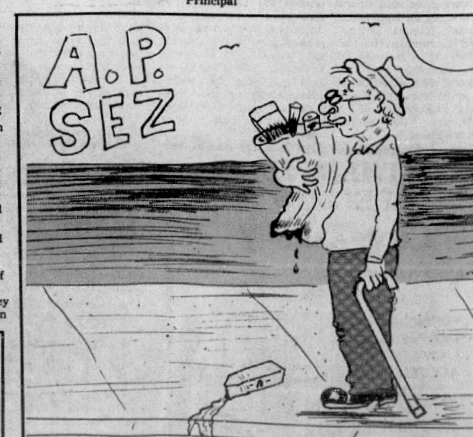

"Obviously you need a dentist who cares. That's what we do here at Tranquility Clinic. We care about you. Are you afraid of pain? Don't worry about it. Our pain killers came in three strengths. Moderate, heavy and Alcupolc Gold. When we promised tranquility, we mean it."

"Now, do you have those jitters before going to a dentist. Do you get nervous worried about what he will do. We have a solution for that too. Take a look at our waiting room."

Scene switches to patient being passionately embraced by shapely blonde assistant with several buttons of her blouse unhooked. Scene switches back to dentist.

"If that doesn't relax you, nothing will! I know, you have one last question. What is the price for all of this. The answer is, a lot of money, after 15 minutes with us, you won't mind the charge. "Ah, but you say, what if I can't pay. Don't worry about that. Either you will pay or your mouth will self-destruct. Our generosity extends only so far."

"So drop by and see us at Tranquility Clinic. You'll be glad you did."

June will also see the start of the media phase of the Jim Williams campaign. Television commercials will start appearing in various parts of the state on June 3, and the Jim Williams billboards will be put up on June 10.

Eckerd's Views

Help is on the way for North Florida's ailing economy, in the form of new jet service connecting Pensacola, Panama City, Tallahassee, Tampa, and Miami.

The good news came in the form of a temporary authorization for Air Florida to establish the new routes, granted last week by the Public Service Commission. The new service begins on June 29th.

PSC Chairman and Lieutenant Governor candidate Paula Hawkins said she was "glad to see" the new air service established, because "I have to travel to cities in North Florida frequently, and I know how difficult it can be to get there from here." Air Florida's new routes sure do look like the answer to the problem.

The new service was also applauded by Governor candidate Jack Eckerd, who said that "few businessmen would want to spend three hours laying over in New Orleans just to get to Pensacola... that area needs new business badly, and competitive air service is an excellent way to start attracting those new jobs."

Eckerd is on record as favoring competition in the private sector to solve many of Florida's economic ills.

Some three dozen witnesses appeared at public hearings held on the case in Tampa last week, telling PSC Chairman Paula Hawkins and her colleagues the same tale of long delays, cancelled flights, and lost customers due to poor air service to North Florida.

Present were several members of South Florida's travel industry, as well as representatives from Jacksonville and the East Coast of the state, who said they believed more of their "pleasure travel" customers would visit North Florida if the new Air Florida routes were approved.

Also testifying was Pensacola Chamber of Commerce Business Development Director Rick Dye, who said that "enhanced air service could mean millions of dollars in new business and a stronger economy for all of us in North Florida, especially Pensacola." And according to Pensacola Mayor Pro-tem Albert Klein, Jr., "more competition would benefit everyone. It will help the businessman as well as the consumer, both of whom need low-cost air service."

Klein's comments were echoed by representatives from the Panama City government and Chamber of Commerce, who felt that the popular resort city could increase its share of vacation travelers with the new Air Florida routes.

PSC Chairman Hawkins pointed out that Panhandle Airways, who currently serves the region, will continue their present routes. "Pensacola and Panama City, like other locales in North Florida, are growing by leaps and bounds... they absolutely must have reliable and convenient transportation, both by road and air."

The Ocalaans will pay their own way on the Cavalcade, many using their summer vacation to participate.

The Jim Williams Birthday Party June 17 is a novel fund-raising venture aimed at providing most of the funds needed for a prime-time television blitz by the candidate during the summer and an opportunity for hundreds of Williams' friends to get together at a minimal cost (\$25 couple) for a fun night of dining, dancing, and entertainment with refreshments being served from 8 to 11 p.m. The party is scheduled at the Tupperware Convention Center in Kissimmee.

Mr. and Mrs. Roger Howard

Ft. Lauderdale Couple Weds At Apostolic Church Richardson

Consyella Martin and Roger Howard both of Ft. Lauderdale, were joined together in holy matrimony Saturday, May 20 at the Apostolic Church of Jesus at 6:00 p.m. with the Rev. T.J. Brown officiating the ceremony. The bride is the daughter of Mr. and Mrs. Frank Martin of Avon Park.

The church's altar was beautifully decorated with spring flowers intertwined on a wedding arch with candles and greenery.

The bride given in marriage by her father wore a ice blue gown trimmed with chantilly lace and cathedral train. Blue and white carnations held her veil in place.

Renee Hankerson of Ft. Lauderdale, served as maid of honor, and was attired in a green gingham checked gown with an overlay of blue and green flowered chiffon, she carried a nose gay of white and hot blue carnations.

Henrietta Howard, Willie Mae Collins, Eloise Tate, of Avon Park and cousins of the bride wore gowns identical to that of the maid of honor and carried similar nosegays.

The brides mother chose for this occasion a mauve floor length gown with stand up ruffle around the neckline and a pleated skirt. She wore a corsage of blue tip red carnations.

The bride's grandmother chose a pink flowered gown of

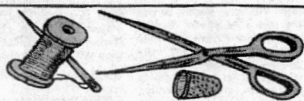

polyester knit and she wore a corsage of pink tipped carnations.

Jerome Hankerson of Ft. Lauderdale served as best man. Frank Martin of Michigan and brother of the bride served as usher. James Teasdale of Ft. Lauderdale and Bob Howard, brother of the groom, also of Ft. Lauderdale served as groomsmen.

Shoshanna Howard, of Avon Park daughter of the bride served as her mother's wedding train bearer and wore a white gown trimmed in blue.

A reception was held immediately following the wedding ceremony at the Hopewell School. The reception area was decorated with a background of greenery and a bouquet of flowers graced the serving table. The beautiful wedding cake was topped with wedding bells.

Leomy Snell assisted in serving. The couple plan to reside in Ft. Lauderdale where the bride is currently employed as a medical assistant for Dr. L.C. Bass and the groom is presently employed with the Broward County Library.

Sewing Tips For The Modern Homemaker

The loudest complaint about the new styles is "all those gathers are so hard to do."

I think anything is easier when we understand the mechanics. So let's talk about gathers and the machine stitch. The under thread comes from the bobbin, and the top thread from the spool. You can see this as you slowly turn the machine wheel by hand. Open the plate and watch the needle take the upper thread down and around the bobbin thread and then, as the needle goes up, the thread is pulled up to form a loop.

Tensions are adjusted so that both upper and bobbin threads pull equal amounts of thread for each stitch. As we think about this we see that the top thread is wrapped around the bobbin thread, therefore, if pulled, it would tend to tighten itself around the other thread. I took time to make this experiment and decided that anytime I need to pull threads - pull the bobbin thread.

Now we have the principle worked out to make gathering easier.

To proceed, divide gather section into equal parts. Loosen top tension and set stitch length to long. Begin each section by first tacking the first two stitches. Now stitch first section. At end of section, leave length of thread. This is very important: Cut top thread shorter than bobbin thread. Now stitch next section, repeating the process, each time leaving bobbin

thread longer than the top thread. As you gather, pull long thread. Leaving it longer lets you easily choose the right one to pull. Gather each section as you proceed with your garment.

I will explain this technique again. Back tacking secures threads so that they will not pull thru as you gather. The long end is easy to find for gathering. Work in equal sections makes it so easy to gather evenly.

Now you can go ahead with all the new styles and really enjoy your work.

EMS Report

Highlands County Emergency Medical Service reports that there were 18 emergency runs, five in-county transfers and two out-of-county transfers in Sebring during the week of June 4 through 10.

In the same period there were 10 emergency runs in Avon Park and 11 emergency runs in Lake Placid.

A CHANGE FOR WORST John Matson, 56, of Sebring, was injured June 2 in a two-car accident on U.S. 27.

According to the Florida Highway Patrol, Matson was northbound in the outside lane when he changed lanes into the path of a car driven by Roland Hodge, 32, of Avon Park. Hodge, who was not injured, left 140 feet of skid marks before striking the Matson vehicle.

Studio One Dancers Holds Recital

"Dancing Through the Season," dance recital climaxed a season of dancing instructions for the students of Studio One last Saturday night at the Avon Park High School auditorium, under the direction of Laurie Rehner and Lisa Tillman.

The program opened with Mark Garner singing a medley of songs of the season. The youthful dancers performed to old spring favorites, such as April Showers, Singing in the Rain, Over the Rainbow, Weather for Ducks and others.

Among the summer topics were the July 4th celebration and baseball antics. The fall season had the vacations ended, back to school and falling leaves.

The winter season was merry with the feelings of Christmas, Christmas elves, surprise packages and the first snowfall, with all taking part in the finale. The presentation of awards was made at the halfway mark of the program.

STUDIO ONE DANCE Arts winners were given trophies for various achievements at a recital Saturday, June 16, at the Avon Park High School Auditorium. Pictured back row

left to right: Genny Sutter, Trudy Wade, and Missy Jackson. Front row left to right: Tammy Lawson, Lauri Valentik, and Heather Hall. Sunphoto by Lew Miller.

Mrs. Ealie Blaine, Jr.

Tate-Blaine Wed In Double Ring Ceremony

Velma L. Tate of Fort Lauderdale became the bride of Ealie Blaine, Jr. of Pompano Beach on Saturday, June 10 at 7 p.m. at the National Guard Armory. Elder Thomas Brown officiated the double ring ceremony. Nuptial music was provided by Pat Lyons of Avon Park.

The bride is the daughter of Mr. and Mrs. Thad Tate, Sr. of Avon Park.

The bridegroom is the son of the late Ealie Blaine, Sr. and Mrs. Annie Blaine of Pompano Beach.

Given in marriage by her father, the bride wore a formal quiana wedding gown. The A-line gown featured a square neck-line with french lace flowing cape sleeves. The head was adorned with a shoulder length french lace veil. Her train was accented with two V-shaped french lace layers.

Elios Tate, sister of the bride, served as Maid of Honor. She wore a floor length yellow princess styled gown featuring a double flounce to form

the sleeves. The bride's dresses were in green.

Bridemaids were Linda Hicks of Avon Park and Clara Benjamin of Fort Lauderdale. They carried a cascade of spring flowers. Tomicka Robinson was the flower girl, dressed in yellow.

Dennis Smith of Fort Lauderdale, a nephew of the groom, served as best man. Ushers were James Earl Collins of Avon Park, uncle of the bride, and Walter Roberts of Pompano Beach, a nephew of the groom. Henry Gammage served as the ringbearer.

RECEPTION

The wedding reception was held immediately following the ceremony. Maxine Tate was in charge of the Guest Book. A host of friends rendered their assistance.

After a wedding trip to Freeport, Bahamas, the couple will make their home in North Lauderdale.

The bride is a former resident of Avon Park.

It's Time To Say

Happy Birthday

We would like to wish the people celebrating birthdays this week a "Happy Birthday."

June 15 — Tom Sharpe, June Smith, Mary Bass, Steve Weisner, and Eva Cantrell.
June 16 — Kathy Mickunas, Martin Dick, Pat Starling, Joey Martin, Debra Clark, Mrs. R.I. Harrison, Mrs. William Ziegler, and Roy Amburn.

June 17 — Randy Rick, Teresa Heiring, Thomas M. Austin, Lisa Myers, and Joel Wright.

June 18 — Daryl Bennett, Ricky Sanders, and Louis Lagani.

June 19 — Mrs. Chester Seeger, Chuck Smith, Beth Lynn Snider, Hazel Morrill, Jerry McKenzie, Mrs. Carl Carrigan, Mrs. Hallie Haskin, and Judy Amburn.

June 20 — Mrs. Paul Sheffield, L.J. Williams, Bill McDaniel, Demetrius Williams, and David Flowers.

June 21 — Laurie Peterson Alicia Laurie, Mrs. Bryce Martin, Earnest Kopta, Gloria Ann Clark, and Cheryl Seymour.

If you have a friend or loved one that will be celebrating a birthday soon, please call us so that we may add their name to our birthday list.

Cradle Roll

Mr. and Mrs. David Wayne Soles of Wauchula announce the birth of a daughter, Amanda Denise, born June 4, at Walker Memorial Hospital weighing 6 lbs. 12 oz.

Mr. and Mrs. Michael Bill Hassell, Sr. of Wauchula, announce the birth of a son, Michael Bill, Jr. born June 4, at Walker Memorial Hospital weighing 7 lbs. 4 oz.

Mr. and Mrs. Dale Bruce Elbertson, of Wauchula, announce the birth of a daughter, Michelle Denise, born June 4, at Walker Memorial Hospital weighing 8 lbs. 12 oz.

Mr. and Mrs. Arthur Mack Williams of Avon Park announce the birth of a son, Hiram Idris LaPreau, born June 7, at Walker Memorial Hospital weighing 9 lbs.

Mr. and Mrs. Cristobal Arreola of Bowling Green announce the birth of a son, Claudia, born June 7, at Walker Memorial Hospital weighing 6 lbs. 10 oz.

Mr. and Mrs. Clifford Taylor of Avon Park announce the birth of a daughter, Natasha Janice, born June 8, at Walker Memorial Hospital weighing 6 lbs. 14 oz.

It's A Girl

Dr. and Mrs. William D. Miracle of Houghton, Mich. announce the birth of their first child, Molly Dunavent Miracle. Molly arrived on Saturday, June 3, weighing 9 lbs. 14 oz.

She is the granddaughter of Mrs. Andrew W. Miracle and the late Mr. Miracle of Avon Park. Her great grandfather is Earl Dunavent.

The maternal grandparents are Mr. and Mrs. Gus Poletis of Holland, Mich.

OOPS!

We Goofed

In last week's issue of the SUN the date of Trail Blazing Scout Troop 156 Eagle Court of Honor was inadvertently listed in error.

The correct date was Wednesday June 14, at 8 p.m. at the Congregational Church Fellowship Hall with Bob Graham, candidate for governor as the principal speaker. Graham will arrive by plane earlier in the evening at the Avon Park Airport. A reception in honor of the scouts receiving awards will follow immediately afterwards, to which the public is invited.

Cheryl Lynn Noaker - Dennis Mark Crews Wed In Sacred Candlelight Ceremony

Candles cast a soft glow at the First Baptist Church on Saturday, May 27 when Cheryl Lynn Noaker and Dennis Mark Crews were united in marriage in a candlelight ceremony. The Rev. Aden D. Childress officiated the double-ring ceremony.

Parents of the bride couple are Mr. and Mrs. Wayne R. Noaker and Mr. and Mrs. Malcolm K. Crews, all of Avon Park.

Nuptial music was presented by organist, Van Skipper from Sebring, with soloist Janice Porter of Avon Park. Selections beautifully sung by Janice were: "The One and Only", "You Light Up My Life", "The Wedding Song", and "The Lord's Prayer".

The Chancel of the magnificent church was all aglow with candlelight from an array of brass candelabras with a background of ficus, fern and palms. Centering the chancel was a large white pedestal urn with an artful arrangement of white daisies, gladioli, full mums and greenery, which was accented on either side by twin silver candelabras with 15 burning tapers. Directly behind was a large cross shaped candelabra with 20 candles, flanked on either side by twin seven-branch candelabras.

A garland of fern and white bows also graced the chancel. Large white bows marked the family pews.

Keith Crews, brother of the bridegroom, and Mike Spears, cousin of the bridegroom were in charge of lighting the candles and placing the white carpet for the bride.

The Bride

As the radiant bride entered on the arm of her father, who along with the mother, gave her in marriage, she paused at her mother's side and gave her a kiss and a rose, which was repeated following the ceremony at the pew of the bridegroom's mother.

The lovely bride chose a formal silk organza gown with a long chapel train, which was turned into a garden of greenery with ferns, and palms at focal points throughout. Serving as hostess was Mrs. Aden D. Childress. In charge of the bride's book was Pat Spears, cousin of the bridegroom from Wauchula.

Centering the reception hall was the bride's table with a beige and white lace tablecloth entwined with fern and yellow bows, featuring an archway filled with a large fern. The bride's table, as was the punch table, was covered with a tablecloth of sheer white lace-trimmed organza over yellow. The floor-length cloth on both tables was caught-up with yellow satin bows forming a draping effect each corner.

Festoons of roses and sweetpeas in the bride's colors of blue, yellow and green adorned the four-tier cake which stood majestically tall with a green flowing fountain underneath the first tier. The cake was topped with three green satin wedding bells.

Serving the cake, after the bride's part cut and ate traditional first piece, was Terri Bell. Gracing the table was a three-branched silver candelabra (an aunt's gift) to the bride with yellow candles and floral arrangement of blue daisies, spider mums with yellow candles and floral arrangement of blue daisies, spider mums and baby's breath.

The bride's and groom's breath. Dainty white napkins were inscribed in gold with the names of the bride couple, "Cheryl and Dennis", and their wedding date, "May 27, 1978". The bride's and groom's bouquets also adorned this table.

The bridegroom's cake centered a round table overlaid with a floor-length lace cloth over yellow. The large two-tier caramel-out-caramel cake was topped by a horse drawn carriage and miniature bridegroom with the inscription "Gee Me To The Church On Time". This masterpiece was encircled with bunches of glazed grapes. Cutting and serving the groom's cake was Patricia Cobb and Sylvia Marino, both cousins of the bridegroom.

Green wedding punch was served by Margaret Jane Turnbull from a crystal punch bowl encircled with fern. On the opposite end of the punch table was a silver coffee service presided over by Linda

Dolores Gwynn and cousin of the bridegroom from Wimauma.

The bridegroom and his attendants all wore white formal attire. The attendants' ruffled shirts and boutonnieres were in a shade of blue, yellow or green to match the bride's attendants' gowns.

For her daughter's wedding, Mrs. Noaker wore a mint green gown of Silesta polyester. The long sleeved gown featured a full skirt with a draped bodice.

She wore silver accessories and a corsage of yellow roses and white daisies.

Mrs. Crews wore for her son's wedding, a gown of peach pique knit with bodice and long sleeve jacket of matching lace. Her accessories were silver, and she wore a corsage of peach roses and white daisies.

The bride's paternal grandmother, Mrs. Florence Noaker from Titusville, was an escort. The bridegroom's maternal grandmother from Wauchula chose a long sleeve formal gown of beige knit. The softly pleated skirt was topped by a bodice highlighted by the richness of gold metallic. She wore accessories to match, with a corsage of roses and daisies.

Immediately following the ceremony, the receiving line, consisting of the newlyweds, their parents and the wedding party, formed in the vestibule of the church, with Ophelia Rihner in charge.

RECEPTION

Mr. and Mrs. Noaker entertained at a buffet reception in the church social hall which was turned into a garden of greenery with ferns, and palms at focal points throughout.

Serving as hostess was Mrs. Aden D. Childress. In charge of the bride's book was Pat Spears, cousin of the bridegroom from Wauchula.

Centering the reception hall was the bride's table with a beige and white lace tablecloth entwined with fern and yellow bows, featuring an archway filled with a large fern. The bride's table, as was the punch table, was covered with a tablecloth of sheer white lace-trimmed organza over yellow. The floor-length cloth on both tables was caught-up with yellow satin bows forming a draping effect each corner.

Festoons of roses and sweetpeas in the bride's colors of blue, yellow and green adorned the four-tier cake which stood majestically tall with a green flowing fountain underneath the first tier. The cake was topped with three green satin wedding bells.

Serving the cake, after the bride's part cut and ate traditional first piece, was Terri Bell. Gracing the table was a three-branched silver candelabra (an aunt's gift) to the bride with yellow candles and floral arrangement of blue daisies, spider mums with yellow candles and floral arrangement of blue daisies, spider mums and baby's breath.

The bride's and groom's breath. Dainty white napkins were inscribed in gold with the names of the bride couple, "Cheryl and Dennis", and their wedding date, "May 27, 1978". The bride's and groom's bouquets also adorned this table.

The bridegroom's cake centered a round table overlaid with a floor-length lace cloth over yellow. The large two-tier caramel-out-caramel cake was topped by a horse drawn carriage and miniature bridegroom with the inscription "Gee Me To The Church On Time". This masterpiece was encircled with bunches of glazed grapes. Cutting and serving the groom's cake was Patricia Cobb and Sylvia Marino, both cousins of the bridegroom.

Green wedding punch was served by Margaret Jane Turnbull from a crystal punch bowl encircled with fern. On the opposite end of the punch table was a silver coffee service presided over by Linda

Mr. and Mrs. Dennis Mark Crews

O'Donnel

Crystal appointments were used on the long buffet table covered with a floor-length lace tablecloth over yellow. The table was bountiful with tasteful food featuring ham, roast beef, assorted breads, cole slaw, an assortment of jelly salads, relish trays, etc. Bedecking this table was an exquisite silver candelabra arrangement of vari-colored flowers. Bouquets of elegant roses in various shades were artfully arranged on each table seating the guests.

Caroline and Chris Noaker, cousins of the bride passed out tulle rice bags tied in blue, yellow and green ribbon, to shower on the bride and groom as they left the reception hall, a tradition to bring them "good luck".

When the new Mr. and Mrs. Crews left for their honeymoon to Daytona and Long Boat Key, the bride chose for travelling, a pink polyester ensemble with short sleeves and full wrap-around skirt. She wore a corsage of deep pink roses and white daisies.

The bride is employed by Walker Memorial Hospital, and the bridegroom is employed by Florida Power Corporation. They will reside in Avon Park.

After the wedding rehearsal for the Noaker-Crews wedding on Friday, May 26, the bridegroom's parents, Mr. and

Mrs. Malcolm K. Crews, entertained the wedding party of 30 with a bountiful buffet dinner featuring ham and roast beef and all the trimmings, at the Ranch Buffeteria Restaurant.

The tables were covered in white with a large crystal bowl of pastel roses, baby's breath and greenery centering the

head table. Vases of exquisite roses in various shades adorned each of the guest tables. The head table held place cards for the bride and groom, their parents and the Reverend and Mrs. Aden D. Childress. Reverend Childress returned thanks preceding the meal.

Cheryl and Dennis presented gifts to their attendants.

Girl Scout Troops Holds Fly-up Ceremonies

Girl Scouts ended their year with an activity for all scouts. It started with a fly-up on Tuesday, May 16. After the three Brownie troops had presented an interesting skit showing the meaning of the three "Bs" the Brownies about to enter fourth grade were presented wings by their leaders and crossed the bridge where a Girl Scout met them with a Girl Scout handshake, welcome, and placed a girl scout pin on their uniform.

Those advancing to Junior Scout were Allison Albritton, Marsha Cook, Heather Bozeman, Dawn Parker, Kimberly Akseleson, Lori Valentini, Laura Heiring, Betty Shields, Melissa Wells, Chassie Wilkin, Deborah Smith, Lisa Hicks, Julia Fountain, Candida Harris, Nicole Flemming, Maritza Sanchez, Stacie Sheffield, Charlene Rich, Kerri Tatkovsky, and Lori Peavy.

Girls advancing to cadets crossed the bridge and received a council emblem from their new leader. The ones advancing were Kristi Barker, Jennifer Bozeman, Regina Crews, Tonia Dean, Melissa Henly, Lucy Lovelless, Carol Padgett, Jean O'Quinn, Laura Sanchez, Tracy Swanton, Tisa Carper, Vivian Fish, Teresa Quinn, Tonya Simpkins, and Kim Tietjen.

The weekend of May 20, Junior Troop No. 49 enjoyed a campout at Disney World. Also on May 20, Brownie Troop No. 143 had a pleasant picnic at Highlands Hammock. Brownie Troop No. 140 held a pizza picnic at Donaldson Park

on May 25 and Junior Troop No. 249 journeyed to Vero Beach on June 3, where they had a picnic lunch, bathed in the salt water, and returned home well sunburned.

Brownie troop No. 362 traveled to Lakeland on June 6, where they toured the Girl Scout Council Center. They returned to Avon Park for a picnic at Donaldson Park.

Ridge Area Needs Volunteers

The Ridge Area Association for Retarded Citizens serves preschool age children and adults with developmental disabilities.

During the day, volunteers are needed to help in the resale stores and to work with clients at the work center in Sebring.

Those who have free time on evenings and weekends can help by becoming Citizen Advocates to retarded individuals.

Boat Registration Deadline Set For July 1

Highlands County Tax Collector J. T. Landress has mailed registration notices to approximately 4,000 boat owners in Highlands County.

According to an announcement from Harmon Shields, executive director of Florida's Department of Natural Resources, July 1 is the deadline for registering boats.

Highlands is one of the counties where owners may register their water craft by mail. Those who choose to make the registration in person should do so at the tax collector's office in the county courthouse's Commerce Street Annex.

Whether by mail or in person, the registration process requires that the owner present his old registration certificate and proof of ownership, such as a title.

Resources. New commercial boat owners may obtain applications from many of the district offices of the Florida Marine Patrol officer, Shields said.

Landress pointed out that the July 1 deadline is not far away and he urged boat owners to act promptly to complete the annual registration procedures.

O.L. MITCHELL, President of the Avon Park Chapter of the NAACP presented a plaque to Shirley Furr at a salad luncheon last Wednesday commending her upon her help and involvement in the Black Community over the years. At

this luncheon Mrs. Furr was also given an engraved pen set, in the shape of an old-fashioned school desk and other items upon her retirements as a school teacher. Synphoto by Mark Albright.

Furr Honored With Retirement Party

On Wednesday, June 7, Mrs. Shirley Furr was honored at a salad luncheon at Avon Elementary. Mrs. Furr is retiring this year.

Norris Brooks, principal at Avon Elementary, opened the program with a summary of Mrs. Furr's teaching career. He spoke of her exemplary teaching skills, her dedication and professionalism, and her active participation in community affairs. He noted that she will be greatly missed at Avon Elementary, and expressed hope that she will be available as a resource person to the schools in the coming years. He then presented her with an engraved pen set, in the shape of an old-fashioned school desk, and a photo album, filled with letters of appreciation and pictures of students and personnel of Avon Elementary.

Alphonso Battle, a teacher at Avon Elementary, then sang, "You Light Up My Life," representing the students who have been lifted and enlightened by Mrs. Furr.

After this, O. L. Mitchell, president of the Avon Park chapter of the NAACP, presented Mrs. Furr with a plaque. The plaque was bestowed by the Avon Park Black Community as a special thanks to Mrs. Furr for her

help and involvement over the years. She has strived diligently to improve race relations, and to provide economic and educational opportunities for minorities.

Expressions of appreciation were then given by Dr. Dan Davis, Superintendent of Schools, Aubrey Morris, Supervisor of Federal Programs, and Ernest Sims, retired principal of Hopewell Elementary.

The program was closed by a special musical tribute. Loretta Ellis, Jamie Edge, Pat Simon and Edith Clark sang "A Teacher," a song written expressly for Mrs. Furr by Ernestine Johnson, teacher at Avon Elementary.

Mrs. Furr taught for many years in Virginia before coming to Avon Park in 1962. She taught 4th Grade at Avon Elementary until 1966, then transferred to Hopewell Elementary, teaching grades 5-8. She later returned to Avon Elementary, and for the past five years has been the migrant tutorial teacher for all the schools in Avon Park.

Mrs. Furr has touched the lives of many people in Avon Park through her school and community work. Fortunately, she will continue to be active in school and civic affairs.

CARL MCWILLIAMS at his retirement dinner on May 26 sponsored by the Avon Park Plant Coke Fund, revealed the many aspects of his twenty years with the Florida Power

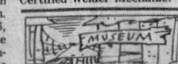

Corporation. Here he is shown with his first tool kit which his family had an engraved brass plaque attached, permanently recording his services as a Certified Welder Mechanic.

Carl McWilliams Honored With Retirement Party

Like a first grader's "Show and Tell," Carl McWilliams' retirement dinner, sponsored by the Avon Park Plant Coke Fund, revealed good and bad, funny and sad aspects of his twenty seven years with Florida Power Corporation. The dinner was held May 26, in the Avon Park Club House with present and retired employees wishing Carl and his wife, Reba, happy and leisure years ahead, particularly in their travel trailer.

One of Carl's prime concerns

was the "misplacement" of his "First job" tool kit. The family had borrowed it temporarily and attached an engraved, brass plaque permanently recording his services as a Certified Welder Mechanic.

The oldest museum in the world is the Ashmolean Museum in Oxford, England, built in 1679!

Avon Travel Agency Opens New Office

With the opening of the Avon Travel Agency on March 13 Avon Park residents no longer needed to call out of town to arrange travel accommodations to anywhere in the world, said Dixie Dixon, manager.

In the travel agency business for 10 years, Dixie, along with the owners Alice and John Morris specialize in arranging all transportation, domestic or international via airline, steamship or chartered bus along with hotel-motel accommodations and car rental, but do not map out trips.

Having lived most of her life in Highlands County, Dixie graduated from Sebring High School. She started making travel arrangements, as a civilian employee at Hendricks Field, during World War II, for military personnel. During her ten years in the business, Dixie has attended airline travel seminars that have covered every phase of the business.

The travel business is never monotonous, stated Dixie, it may get hectic as you jump from one thing to another in trying to dial through from one airline to another in arranging transportation and ticket confirmation.

The changes in the travel agency business have been great, during the last four years, said Dixie. People are using travel agencies more and travelling longer distances with more people going abroad, for two weeks to 22 days.

There have been numerous changes in fares of all types, from the cheapest way,

referred to as chicken feed with no frills, to the first class fare.

Why a travel agency in Avon Park? Dixie replied she thought there was a need for the business in Avon Park as Highlands County was large enough to support it. A travel agency, Dixie said, is an asset to any community for its convenience and service at no extra charge for the tickets, as the agency is paid by the transportation company.

The service includes the picking up of tickets for the customer and the handling of refunds. The agency takes all of the responsibility and worry out of making the travel arrangements, she added, continuing that when you buy a ticket from a travel agent, you can get a lot more than just an airline ticket.

Dixie's most usual booking was an 89 day around the world cruise on the SS Rotterdam for four people. At the present time dinner theatre tours are popular with the patron picking up their ticket at the agency and boarding a chartered bus for the tour.

Both Dixie and Alice emphasized that anyone wishing to travel on or near a holiday should arrange for their tickets two or three months in advance. Some bookings are already being made for next Christmas holiday season.

WITH TRAVEL BROCHURES on all of the walls, Dixie Dixon, (seated) manager and Alice Morris, owner of the Avon

Travel Agency are ready to arrange accommodations around the world for anyone. Sunphoto by Lew Miller.

Matt Joseph Participates In Naval Exercise

Navy Machinist's Mate Fireman Apprentice Matthew M. Joseph, son of Paul S. Joseph Avon Park, Fla., recently participated in the major allied exercise "Rimpac 78".

He is assigned to the frigate USS Harold E. Holt, homeported in Pearl Harbor, Hawaii.

Conducted in the mid-Pacific Ocean area adjacent to Hawaii, "Rimpac 78" involved approximately 22,000 men, 42 ships and 25 aircraft from the United States, Canada, Australia and New Zealand. This marked the sixth annual, joint maneuvers conducted by naval forces from "rim of the Pacific" nations.

"Rimpac 78" tested and evaluated the combat readiness of participating units. Areas covered included antisubmarine warfare, air defense and carrier operations, at-sea refueling and replenishment, plus missile firings at Pacific Missile Range Facility, Barking Sands, Hawaii.

Overall commander for "Rimpac 78" was Vice Admiral Samuel L. Gravely Jr., USN, commander of the U.S. Third Fleet.

A 1977 graduate of Avon Park High School, Joseph joined the Navy in April 1977.

NEWLY INSTALLED Avon Park Rotary Club President, Phil Weber told Rotarians and their Rotary-Anns that the use

of chopsticks to eat a meal during their Rotary Ladies Night program last Friday. Sunphoto by Lew Miller.

Land Bought By Construction Company

Approximately 21 acres of land, including 1,300 ft. of highway frontage, located at the corner of Stratford Road and U.S. 27 north of Avon Park was purchased June first from Mr. and Mrs. Thomas Bagwell and Mr. and Mrs. Eugene Al Flint, co-owners of the property, by the Sebring-based Borgemister Brothers Construction, Inc. according to the Recording Department of the Highlands County Clerk of Courts Office Sebring.

"We bought it for future development purposes," the brothers said of the track of land which is presently groves. The brothers, who said they are always looking at tracks of land with development possibilities in mind, realized the growth of business on U.S. 27 and purchased the property.

The property's close proximity to the hospital was also mentioned as a factor.

Cancer Crusade Surpasses Goal

Highlands County's 1978 Cancer Crusade has ended with its goal surpassed by more than 28 per cent, it was reported by the Rev. Eugene Fernsler, president of the county unit, American Cancer Society.

The total collected in the county this year for the fight to find a cancer cure and help cancer patients was \$18,000. The goal for 1978, set last fall, was \$14,000.

A large part of the total came from the major population center—Sebring. Avon Park's total was \$3,643, and Lake Placid residents contributed \$3,384. Other funds came from such special sources as golf tournaments a barbecue, shuffleboard tournament, garage sale, bridge parties, and a major source—memorials.

Mary Keyes, who served as Crusade chairman, said she was more than pleased with the results of the fund drive and extended her appreciation to all county residents who responded to the need for financial aid. She added that Highlands County was one of the first in the state to exceed its goal this year.

Ardis Stief was chairman of the Lake Placid phase of the campaign, and the Avon Park Crusade was headed by Louise Gregg.

The results of the Crusade were announced at a board of directors meeting at the home of Mr. and Mrs. Marvin Kahn, Sebring, who hosted a potluck dinner party.

Spring Ladies Night At Avon Park Rotary Club

Spring Ladies Night of the Avon Park Rotary Club started off to the music of the Highlands County Bluegrass group, playing before the 7:30 dinner hour at the

congregational Church Fellowship Hall last Friday night.

Rotarians, their Rotary-Anns and guests helped themselves at an enticing salad bar and

were served barbecued chicken with all the trimmings by members and helpers of Trail Blazing Scout Troop 156. As master of ceremonies for the evening, Charles Collins

introduced George Hensley of the Sebring Rotary Club as the Rotary District 686 Governor's Representative, to be the installing officer for the 1978-79 Rotary Club Officers.

Hensley told the gathering that he was supposed to inspire the Rotary Club, but with the club's largest membership (84) since their chartering in 1954, they didn't need that. He also expressed his appreciation for the club's help during the Rotary District Conference held last year at Sebring.

As a way of getting the wives involved with Rotary activities the Rotary-Anns formed the Inner Wheel, organization, Hensley told the group, as he called out the officers: Margaret Collins, president; Alice Morris, vice - president; Clara Kerkhoff, secretary and Toni Brooks, treasurer.

Part of the responsibility of belonging to the Rotary Club is attendance at meetings and Hensley recognized the following for their perfect attendance during the past year: Jim Brooks, Joe Johnston, Eno Kerkhoff, S. Colquitt "Corky" Pardee, Richard Peavy and William Ziegenfuss.

New officers installed for the coming year were Phil Weber, president; Joe Johnston, vice-president; Richard Peavy, secretary; James Brooks, treasurer and Steve Maxwell sergeant-at-arms. New members of the board of directors introduced were: Gene Biggie and Stanley Wells.

In his comments to the group, Phil Weber spoke of the four avenues of service in the Rotary Club. Having attended

the Rotary International Convention in Tokyo, Japan in May, Phil brought a set of chopsticks for everyone at the Ladies Night meeting.

Phil told the Rotarians to have your Rotary-Anns cook a

meal and use the chopsticks to eat that meal. This experience will go a long way for better international understanding, he added. He continued that it was a rewarding experience to see how people live in other

countries. In closing the Ladies Night program, Charles said it was a wonderful night and year and the Rotarians were looking for bigger and better things to come.

District Court Rejects Appeal

The judges of Second District Court of Appeal have rejected, without comment, an appeal in the first of the series of trials held for the Ski Mask Bandits.

Larry Marshall had sought an appeal from his conviction for burglary and grand larceny at the Leslie Smith home at Avon Park. The trial, moved from Sebring to Sarasota, was held in May 1976. Marshall, then 16, was tried along with Daniel Morris Thomas, then 27, and Lee Otis Martin, then 19. Marshall, convicted of burglary and grand larceny, was acquitted of charges of robbery and sexual battery — the two life felony charges linked to events at the Smith home Oct. 25, 1975.

During the trial Marshall and two members of his family testified that Marshall was at a birthday party in Winter Haven during the time the Smith home was being invaded. During the pre-trial investigation Marshall had made statements implicating himself and other persons who

came to be known as the Ski Mask Bandits.

Marshall's court-appointed defense counsel, Frank Oberhausen, told the Sarasota jury, "The only thing the state has to put Larry (Marshall) at the scene is his confession. There is no testimony that my client's fingerprints were found on any of the stolen items. 'You don't go around planning armed robberies, rapes and burglaries when there are birthday parties at your house,' Oberhausen said. 'Larry probably would have confessed to the Lindbergh kidnapping after being questioned for three days.'

The appeal, prepared by another court-appointed lawyer Thomas Gerard, had claimed that Judge Thomas Langston erred in permitting the Marshall confession to be presented to the jury.

Since the Marshall-Thomas-Martin trial in Sarasota these three, plus Martin's younger brother, Cody Lee Martin, have been tried many times for

crimes linked to almost a year of terrorist activities in Highlands, Polk, Volusia, Lake and Hillsborough counties. The 10th circuit public defender's office said appeal work has been divided.

Hicks Completes Training

Airman Leroy Hicks Jr., whose mother is Mrs. Elizabeth Williams of 308 E. Second Street, Avon Park, has been assigned to Keesler AFB, Miss., after completing Air Force basic training.

During the six weeks at Keesler AFB, Tex., the airman studied the Air Force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Hicks will now receive specialized training in the administrative field. The airman is a 1973 graduate of Avon Park High School.

Internal Revenue Enrollment Examination

The Internal Revenue Service has selected September 25 and 26, 1978, as the test dates for the 1978 Special Enrollment Examination.

The examination, given annually to qualify persons who are neither CPAs nor attorneys to represent clients before the IRS, will be held in Ft. Lauderdale, Jacksonville, Miami, Orlando and Tampa for Florida applicants.

To qualify for the examination, applicants must submit Form 2567, Application for the 1978 Special Enrollment Examination, to the Director, Audit Division, Internal Revenue Service, Washington, D.C., 20224, no later than August 15, 1978. No extensions to file will be granted beyond that date, the IRS said.

The application must be accompanied by a recent photo of the applicant, which will be used for identification purposes only, and a check or money order for the \$25 examination fee, made payable to the Internal Revenue Service. The fee is not refundable, but a \$25 credit may be granted to applicants on the next year's application fee as provided on the instructions on the back of Form 2567.

Tally Wins

Sales Award

Toni Tally of Avon Park has been awarded the Retailer Award of The W.T. Rawleigh Company for outstanding sales development.

Toni, as an independent Rawleigh Distributor, is part of an international organization which has been serving family needs since 1889. As a Rawleigh Distributor, Toni supplies home medicines, spices, extracts, food supplements, cosmetics and cleaning aids to homes throughout this area.

REV. H.C. GRAETZ (left) at the Avon Park Rotary Club Ladies Night program told how Mrs. Elizabeth Zack's first husband J. Paul Garber had worked with the youth as a past president of the early Rotary Club. Phil Weber (right) is the newly installed Rotary Club president. Snapshot by Lew Miller.

Vow Of Poverty

of 1786, the Constitution of the United States and the Sacred Bible."

The church to which Eisele has given his property and income is the Basic Bible Church of America, the Order of Almighty God, a religious order chapter No. 8023. Jerome Daly, D.D., is listed as president and archbishop of the church. No address is given for Dr. Daly or for

the church council which he heads.

The current tax controversy is not the first skirmish Eisele has had with county authority. The county building department attempted to prosecute him for building an addition to his barn without obtaining a permit. The state attorney's office noted that Eisele had, in

the past, obtained a permit which did not carry an expiration date and the attorneys elected to let the case drop.

The Sun has not been able to reach Eisele to learn whether he will appeal Judge Green's ruling, which has paved the way for the county to proceed with tax collection.

City Jail

report which was filed and sent to the city after an inspection of the city jail.

"This one (the report) is lax compared to what it could be," said Sheffield. "You are not in any kind of acceptable standards whatsoever. Bob (Chief Brooks) is working under a handicap with such conditions."

"There are 1,400 bad dudes sitting out there at APCL. You haven't had a bad incident in Avon Park where you are going to need this man and his people to put down some type of situation. But other than a cap pistol and a .38 they wear on their side, that's all they've got."

If two prisoners started fighting with one another, potentially a very dangerous situation, Sheffield said, the police did not have equipment to break it up. They would have to separate the two men manually.

Although no cost estimate was given by state officials, Folsom said, because the jail was in such poor condition, a

renovation would cost almost as much as a new jail.

"A maximum security jail is the most expensive institution in the market. Even an hospital isn't as expensive," Folsom said.

Although state officials said they were surprised by the state action.

"I don't have a copy of it yet. I'm unaware of what's going on," said Councilman Henry Dennis.

Folsom said the report was sent to City Clerk Malcolm Crews and it was his job to see all councilmen received a copy.

However, councilmen were told an immediate decision was not necessary on the matter.

Sheriff Sheppard said he did not charge the city of Avon Park for any prisoners sent to the county jail from the city. He said he had also removed a booking fee which was in effect when he took office.

"To me it (the charge) was double taxation so I cut it out," he told councilmen.

State officials pointed out the county jail had to accept any prisoners the city sent them if county laws were broken. However, as any prisoner had broken a city ordinance, which was not backed up by a county law, the county did not have to accept the prisoner.

Officials said, though, any city ordinance could be resolved by a summons and a fine and not by any jail time.

Councilman David Barefield, in what seemed to be the general view of the council, suggested city officials meet with both Sheriff Sheppard and county commissioners before making a decision on the matter.

DER Reports Need For Waste Water Treatment Plant Operators

Five Florida Department of Offender Rehabilitation inmates have become the first in Florida and possibly the first in the nation to earn state certification as water treatment plant operators while incarcerated.

All have earned Class C Operator licenses following on-the-job training and instruction at their respective institutions and water plants. The first to pass the stiff Florida Department of Environmental Regulation examination was

Glenn T. Treece, 37, an inmate at Avon Park Correctional Institution, who passed last November. More recently, four inmates at Marion Correctional Institution in Lowell, were certified. They were Lewis Bergman, 21, Billy Langworthy, 37, B.G. Secor, 48, and Mitchell Hope, 34. The Department of Environmental Regulation believes they are the first inmates in the nation to earn this achievement.

Department of Offender Rehabilitation Secretary Louis L. Wainwright reports that more than 80 inmates are involved in vocational training or work programs at the Department of Rehabilitation's 21 water treatment and 25 waste treatment plants. This group includes three females at Broward Correctional Institution in Pembroke Pines, and one who is assigned to the Lantana Women's Adjustment Center in Lantana.

The women's adjustment center is a work release center. The inmate, Mabel Berry, 48, is employed by a private utility company in Palm Beach County which hired her based on her experience received while she was incarcerated at

Broward Correctional Institution. When Ms. Berry is paroled she plans to complete a community college course in water treatment, plant operation prior to taking the state exam. All treatment plant operators in Florida must be certified.

The Department of Environmental Regulation reports there is a statewide need for 1,000 waste treatment operators and therefore has been supportive of the Department of Offender Rehabilitation training opportunities. Inmates involved in vocational training programs take a correspondence course from Sacramento State College of California. The course, "Field Study in the Operation of Waste Water Treatment Plants," is accredited by the Department of Environmental Regulation.

The Department of Offender Rehabilitation has nearly 19,700 inmates incarcerated in 24 major institutions, 11 road prisons, 4 vocational centers, 24 community Correctional centers, 8 women's adjustment centers and 5 probation and restitution centers.

Matthews Gets 10 Years

An Avon Park man is headed for 10 years in prison for taking a shot at his former wife and her friend.

In circuit court June 5 Judge Clifton M. Kelly sentenced Tony R. Matthews, 36, of 1202 S. Verona St., to two five-year sentences in state prison, the first to be served consecutively. Matthews was adjudicated guilty of two counts of attempted second degree murder.

Matthews was jailed the last week of January, a short time after his former wife, Edna

Ray Davis, and a friend, Jimmie Brunson, both of Lake Wales, had been wounded. Sgt. Bob Hopkin of Highlands County Sheriff's Department, said Matthews apparently followed Mrs. Davis' car and signaled it to stop along the highway, U.S. 27, just north of Walker Memorial Hospital.

At Walker Memorial Mrs. Davis was treated for a wound in her left hand and on the left side of her head. Brunson, who was in the car with Mrs. Davis, suffered a wound in the upper portion of his lip.

Friedman Gets New Post At Food Fair Stores

Seymour I. Friedman has been named to the new post of vice president-public affairs, it was announced by Jack Friedland, president and chief executive officer, Food Fair, Inc.

In announcing the appointment, Friedland said that corporations like individuals have a public responsibility to be constructively involved in the broad range of social, economic and political issues that affect industrial growth and development. The public affairs function is regarded as an essential tool in attaining this objective, Friedland said.

Before his new appointment, Friedman had been vice president for Food Fair's Pantry Pride Supermarket Division.

He joined the retail food and discount department store

chain in 1970 as assistant to the treasurer of Food Fair. Prior to that, he had been with the federal government for 22 years, serving as a staff supervisor in the U.S. General Accounting Office, as assistant regional commissioner for the U.S. Treasury Dept. and as a District Director of the Internal Revenue Service.

Friedman is a graduate of the City College of New York.

Eckerd Passes Through Airport

It was wheels down for Jack Eckerd's plane at 10:30 a.m. Monday, as the republican candidate for governor landed at the Avon Park Airport and was immediately taken by car to Wauchula.

The welcoming group at touchdown included Travis and Peg Crowder, Sebring, Dr. Elver Hodges, Wauchula and Joseph Mancini, Zoila Springs.

Eckerd's visit to Wauchula included a Flag Day dedication at the Wauchula Elks Club, a barbecue and a tour of the Hardwood Country Courthouse before returning to the airport for a 2:00 p.m. takeoff for Brooksville.

In a news release Eckerd stated that passage of the "Jarvis Initiative" in California should be a signal to leaders in Florida that the taxpayers revolt is turning into a full scale revolution.

In his travels around Florida, Eckerd said that he found taxpayers just as upset about government waste and rising taxes as they are in California. There is abundant evidence that Florida's government is fast with waste and inefficiency and further evidence that the taxpayers would tolerate it much longer. As co-chairman of the Governor's

Management and Efficiency Study Commission, Eckerd said that a handful of businessmen were able to identify nearly \$100 million in waste in Tallahassee. "If that doesn't tell the politicians we need a more businesslike approach to state government, then the voters should," Eckerd said.

The voters of Florida, by their choice of candidates this year, need to send out a similar signal, that the tax resources sent to Tallahassee are from the people, for the people and belong to the people," he said.

Glisson Makes Quick Visit To City

State Senator Jim Glisson, D. Eustis, running for Lieutenant Governor on the Robert Shivers ticket made a whirl wind visit to Avon Park Tuesday morning to meet with local business leaders.

Arriving by car from Eustis, Glisson, accompanied by traveling aid David Sigmond and a representative of the United Telephone Company offices by Charles Bryant and Carole Bohley of Sebring. Stopping for a brief visit at the Chamber of Commerce, city hall and several local business establishments, the group moved on to Sebring to attend the Highlands County Commission meeting.

In a prepared statement, Glisson, 39, a second-term senator and former state representative, said the 1978 session of the Florida Legislature "has failed to meet the needs of the average citizen," by not enacting a proposed law which would have provided eyeglasses, dentures and hearing aids for Florida's senior citizens who cannot afford them.

"Florida remains one of only three states that doesn't provide these services, in spite of the fact that more older Americans are making their home here," said Glisson.

Glisson had proposed a bill in the Senate which would have matched state and federal funds to provide these needed services to many older Floridians unable to meet the rising costs of basic health care necessities. However, the measure

was held up in committee.

The legislature failed, Glisson said, to address one of the most important consumer concerns, high utility bills. The Senate was far as taking off 10 percent of the cost of electricity for 50 kilowatt hours of electrical consumption. Glisson's proposed amendment to double the tax allowance to the first 100 kilowatts was shouted down by the senators.

As a central Florida businessman, Glisson, also expressed disappointment that a bill, introduced by him and approved by the Senate to help small businesses cut bureaucratic red tape final action.

"Each year small businessmen have to send thousands of reports to the Florida Department of Revenue, often to say that they have collected only a few dollars during the reporting period," Glisson noted. "When you combine the cost to the businessman to prepare and file the reports with what it costs the state to process all those forms, the total figure is more than what is generated to the state in actual tax revenues from the entire process."

Under Glisson's proposal, small businesses would be allowed to file the tax reports once or twice a year, rather than monthly or quarterly. As a result, Glisson estimated, about \$1-

million would be saved annually in the expense of preparing, filing and processing the reports.

Glisson said he was pleased that a bill was adopted by both houses of the legislature to reduce the power of the state government to dictate the implementation of certain programs by municipalities.

Under that measure, the state will not be able to order cities and counties to spend local tax revenues unless the state either provides the money to implement the mandated program, or finds a way to handle the financing at the local level. "If you tell local governments they have to do something, then the state has to either provide the dollars or tell them where those dollars can be found," Glisson explained.

Rehrer On Law Committees

Mervin Rehrer, Avon Park Attorney and former Highlands County Judge, has been advised that he has been reappointed to the Florida Bar Judicial Administration, Selection and Tentative Committee for the 1979 term. This is the fourth year he has served on this committee.

Mr. Rehrer has also been appointed to the Florida Bar Probate Law Committee for the coming year.

Tax Breaks

To Encourage Forest Tree Planting

Future growth of the South's valuable forests will be directly influenced by decisions made in the next few weeks by the Ways and Means Committee of the U.S. House of Representatives.

The committee is considering tax proposals that could make reforestation and timber management ventures more appealing to the South's 2.5 million private forest landowners, a forest industry spokesman said.

Bill Ganser, executive vice president of Southern Forest Products Association (SFPA), explained that the committee's agenda includes President Carter's tax package, which will include a new 10-year bill introduced by House members. One of the most important alternate proposals, according to Ganser, is a roll-back of capital gains taxation rates to pre-1969 levels of 25 per cent for both individuals and corporations.

This proposal, by Rep. William Steiger of Wisconsin, one of hundreds submitted to the House committee, but it caught on. Ganser explained, "Improvements in the rate of capital gains will probably be the most significant incentive for people to make better use of their forestland. They will have assurances that a 25-to-35-year risky period of timber growth will not be lost to the Internal Revenue Service."

"It's something forest products industry people are very concerned about. Sixty-three per cent of the timber for lumber and plywood and 75 per cent of the pulpwood used in paper in the South come from Southern private nonindustrial forest landowners."

years following enactment of capital gains, volume of standing Southern pine sawtimber — the trees large enough to cut into lumber — increased by 50 per cent.

"This is particularly important in light of U.S. Forest Service predictions that the demand for wood will double by the Year 2000, which means the private landowners will have to improve their management of forestlands in order to help meet expected needs of the public," Ganser said.

Improvements in taxation policies are also being considered in the areas of investment tax credits and reform of the estate tax regulations, Ganser continued.

The investment credits would encourage landowners to reforest and manage their lands for higher timber yields, and the estate tax revisions under consideration would reduce the number of instances where an heir is forced to sell off timber on inherited land in order to pay taxes. Sales may be forced at times when the market is poor or before the timber is mature, according to Ganser.

Remedial School Classes Larger Than Expected

This year's summer school program which began Monday at Avon Park High School and Avon Park Middle School had had such high enrollments that some officials are wondering whether or not to 'run' the buses.

Williams Boseman, III, Principal of Avon Park Middle School, said, "They aren't running the buses at this time, but I don't know if the county had made a decision."

The classes at the high school are taught from 8:00 a.m. until 11:00 a.m., with a five minute break every hour, Monday through Friday.

The largest of the high school classes are the remedial ones in mathematics and communication skills, designed to help those students who failed some section of the Florida Statewide Assessment Test, and prepare them for taking the test again this fall.

Mrs. Robert Britt, Assistant Principal at the high school, said out of the 119 letters sent out notifying students of the need for remedial work 112 have shown up.

She also said one-half credit can be earned towards graduation by taking summer school course for the four-week session which ends July 11 and including a two-day holiday on July third and fourth for Independence Day.

Bruce Wyse is teaching the

remedial communication skills including reading and writing with DeWayne Lemler and Ralph Hill. They are teaching remedial mathematics. With the resignation of Scott Whittemore becoming effective at the end of the 1977-78 school year, the summer band program is under the direction of a new band director.

Fred Sandlin has 26 students enrolled in his driver's education program, while Les Burch is in charge of 32 students enrolled in job entry.

Boseman said the middle school's summer school day begins at 8:30 a.m. and ends at 11:30 a.m. with the fifth grade remedial sessions lasting one and a half hour each with a ten minute break in between, and three the seventh and eighth grade sessions lasting one-hour each with two five minute breaks.

The middle school has a summer school program strictly for those students in the fifth, seventh and eighth grades, who failed the Florida Statewide Assessment Test on the fifth or eighth grade level. These test are made up of the one given to eleventh graders in that they also have mathematics and a communication skills section, but they are on the fifth or eighth grade levels, depending on which test is taken.

APHS Athletic Association

To Hold Big Softball Weekend At Complex

The Avon Park High School Athletic Association will sponsor a twelve team women's slow-pitch softball tournament and an eighteen team men's tournament here at the City Ball Complex starting this Friday night and continuing through Sunday evening.

In connection with the two slow-pitch softball tournaments, the APHS Athletic Association will hold a chicken bar-b-que at the Complex on Saturday. The Association will also run the concession stand throughout the week-end with proceeds going into the treasury to help defray the expenses involved in renovating the practice football field at the Memorial Field facilities and Head Field this summer. The practice field has already been prepared for re-planning and Head Field work will get underway next week.

Ronnie Jackson, who is in charge of the two tournaments, said early this week that in addition to the softball

games there will be two Senior League Strong Team Baseball Tournament games played on Saturday evening starting at 6 p.m. Hardee County will meet Frostproof at 6 p.m. and Sebring will go against Lake Wales at 8 p.m. The Avon Park strong team, McCann & Son Ford, will play the winner of the Sebring-Lake Wales game on Monday night at six o'clock.

Ed Touchton, Jr., over-all chairman of the week-end events at the Complex, reported that donations for the bar-b-que and concession stand were very generous. Heartland Federal of Hardee will furnish the trophies for the men's tournament and the Southern Motel will donate the trophies for the women's tournament.

Phillips Grocery, Maryland Fried Chicken and B & W Frozen Foods have donated 600 halves of chicken for the bar-b-que. Thriftway Food Stores will furnish food supplies for the concession stand and for the bar-b-que.

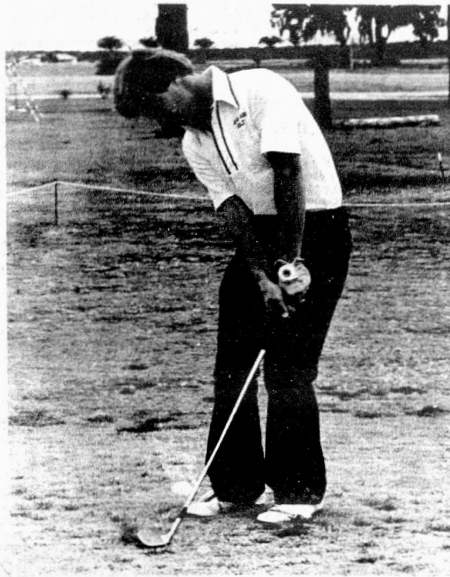

Balls for the two tournaments, which will cost in the area of \$300 will be furnished by donations from Avon Tire Service, Ridge Fuel, Green's Surplus, Rich Hardware, Avon Citrus Bank and Highlands Cable TV.

Francis Dennis will be in charge of the concession stand for the Athletic Association and Jack Eider will head up the group that will do the cooking of the chicken. Bill Revels will be in charge of field maintenance.

Several of the men's slow-pitch softball teams that played in the tournament held here two week-ends ago will return for this one according to Jackson. The Avon Park Merchants will enter and also the Bradenton Herald team, the Gaudin Industries team from Ocala and Cypress Gardens.

Some of the women's teams already entered are Rowan-Walker Ford of Winter Haven, the Indians of Brighton, and two Arcadia teams. Several local teams are also expected to enter the twelve team meet for women.

Avon Park ball fans are invited to come out to the facilities at the City Ball Complex just two blocks west of the Southern Motel tomorrow night (Friday) and enjoy a week-end of softball and baseball. Bring a lawn chair and an umbrella for shade from the sun. The food will be good and the action as hot as the weather.

GOLFER PETE DUPRIEST, 17 year old Avon Park ace, copped first place in the 17-18 age bracket of the Sarasota Bobby Jones Classic last Monday. Pete will be defending his 1977 Bagwell Youth

Tournament title this week-end at River Greens. Last year he set a net scoring record in the rapidly growing Bagwell event. Sunphoto by Lew Miller.

Pete DuPriest Takes Second In Jones Classic

Pete DuPriest, 17 year old Avon Park golfer, parred the third extra hole at Sarasota last Monday to cop first place in the 17-18 age bracket of the gulf coast city's Bobby Jones Classic.

A half hour earlier, DuPriest had birdied the last hole of the scheduled eighteen holes to the Mike Domaleki of Sarasota and forced a sudden death playoff. Both golfers completed the regulation route in even par 72.

Pete's bracket winning total also earned him a tie for second place over all in the one day tournament, a single stroke behind 16 year old Scott Dunlap of Sarasota. Dunlap's one under par 71 was the day's lowest score.

All three of these players will be battling it out again this week-end in the ninth annual Bagwell Youth tournament at River Greens. DuPriest is defending champion having set a new scoring record in last year's event.

Bagwell Tourney

Record Field Tees Off Friday

One hundred and twenty-five golfers, including the top young players in Florida, will tee it up tomorrow (Friday) at River Greens Golf Club, kicking off the ninth annual Bagwell Youth tournament. The 94 hole event for golfers in the 12-18 age bracket winds up Sunday.

The 1978 entry total is the largest in the meet's history and lists ten female golfers, making this the first Bagwell since the inaugural 1970 to have girls participating. They will play in a separate division. In the initial event nine years ago, there were 42 entries including two Avon Park high school girls, Susan Lee and Laurie Burch, who finished one-two in the fourth flight competing against the boys.

This year's entry list is not only the largest but undoubtedly the best with 35 of the more than 110 boys entered having handicaps of four or less. One player, Rick Stallings of Sarasota plays from scratch (zero handicap) while ten of the entrants recorded a one handicap rating. There are six players with a two handicap indicating a real "shoot-out" for the championship trophy.

The high calibre of the youthful golfers makes it tough to pick a favorite according to tournament officials, but they do predict it will take a score of less than par over the 54 holes to cop the title. Previous best total was last year's one over par 211 shot by Pete DuPriest of Avon Park. Pete, who will be a high school senior next fall, is back to defend his championship.

DuPriest, along with Kevin Janiga of Lake Placid, runner-up in 1977, are among the top contenders. Both played in the State Amateur at Palm Beach Gardens last week-end, and on Monday, June 12, DuPriest won the 17-18 year old division in the Bobby Jones Golf Classic at Sarasota.

Also returning for a second crack at the title are John Pollard of Coral Gables who wound up in third place last year, and Ron Ferrara of Kissimmee, one of Florida's best 18 year olds. Ferrara was among the top 10 finishers in the 1978 State Amateur tournament played last year.

Joan Ellis, a 16 year old girl from Tampa with a low six handicap, heads the list in the girl's division. Close behind are Amy Benz of Clearwater and 17 year

old Maria Secunda of Pompano Beach. Both Amy and Maria play to an eight handicap. Youngest girl entered is 12 year old Nancy Macagnone of Clearwater whose 19 handicap would put her up near the top in most golf club rosters.

—Other Avon Park Golfers— In addition to DuPriest, the Avon Park contingent in the tourney includes Mark Palmer, Steve Coe and Darwin Ford, all members of the 1978 Red Devil golf team. Ben Norris of Wauchula, recent winner of the Golf Hammock Memorial Day tourney is also back for another try.

Golfers from Sebring include Wes Fisher, Vance Wood, Mike Mays and John Whitehead, all of whom played on the 1978 Heartland Conference Championship Sebring high golf team.

Players from Lake Placid, in addition to Janiga, include Jeff Howell and Tim Howell, both members of the 1978 Green Dragon golf team. Greg Knowles, a 14 year old golfer from Lake Wales is listed as a top contender in his age group, and 12 year old Matt Sullivan of Frostproof is coming back again for his second Bagwell. Sullivan was the youngest player in last year's tourney.

Two outstanding golfers from Southeast Florida entered are Mark Bradford of Miami, and Kirk Jones of Hollywood. Both of these young stars are one handicappers. Curt Danley, with a two rating, heads up the entry list from Winter Park.

—Flights to be Set— Boys entered will be divided into flights following Saturday morning's first nine holes. However, Tommy Bagwell, the head man at the sponsoring lumber company, pointed out that the over-all championship is wide open and can be won by any player entered regardless of age or the flights he plays in.

Starting times will begin at 8 a.m. and 12 noon daily. Trophies will be awarded to the low three golfers in each flight while the Hugh Dowling trophy will go to the player judged as showing the best sportsmanship. In addition a trophy will be presented to the player hitting the longest tee shot during the three days of play.

A dinner for players and guests is slated for Saturday evening, June 17.

Secundas Make Bagwell A Family Affair

The Bagwell Youth tourney which starts tomorrow (Friday) at River Greens promises to be a family affair for the golfing Secundas from Pompano Beach.

Four members of the family, two boys and two girls, are entered in the three day meet, and judging from handicaps turned in by the quartette of young golfers, some of the trophies will have the same handprint as Maria.

probably be heading Pompano Beach when the shooting stops on Sunday.

Maria Secunda, a 17 year old, heads the family contingent and with an eight handicap (one most men would like to be able to play to) has to be one of the favorites in the girl's division of the meet. Fifteen year old sister Michelle isn't far behind in the pre-tourney rankings. Vito, the oldest of the two Secundas boys participating, is 16 and has the same handicap as Maria.

—Rule Waived For John—

A tournament rule, placing the minimum age for entrants at 12, was waived for 10 year old John Secunda, the youngest member of the clan. John, in spite of his age, carries a 12 handicap and is rated a strong contender among the younger players in the tourney.

The Morely family from Winter Springs near Orlando rate second in the family entry class with three boys playing. Both 16 year old Jeff Morley and

his 15 year old brother Brad were trophy winners in the 1977 Bagwell tourney while 16 year old Greg has vowed to make it his turn this year. The Morley

family also has a 10 year old girl Cheryl who, according to reports, can keep right up with her older brothers in the scoring department.

Cox Plumbing Girls

Win Third Place Trophy

Three Avon Park girls' slow-pitch softball teams entered the Frostproof Women's Invitational tournament last week-end and the local Cox Plumbing team came home with the third place trophy from the eleven team meet.

Fifteen year old sister Michelle isn't far behind in the pre-tourney rankings. Vito, the oldest of the two Secundas boys participating, is 16 and has the same handicap as Maria.

Three Avon Park girls' slow-pitch softball teams entered the Frostproof Women's Invitational tournament last week-end and the local Cox Plumbing team came home with the third place trophy from the eleven team meet.

opening round of the tourney so didn't have to play until 9:15 a.m. on Saturday. The Cox girls took on Orange Co., a newly formed team from the Haines City area, and after jumping off to a 6-0 lead, found themselves tied up 7-7 after they came to bat in the bottom of the seventh inning.

Mary Linda Derkman led off with a single for Cox, Lee Ann Cason followed with a walk and Debra Cox fielded out to the short fielder. Then Lisa Davis dropped in a single over the third basegill's head to load the bases. Ellen Macklin flied out to

the left fielder and Mary Linda scooped home on the throw in for the winning run.

The Saturday night game with Texas was another close one with Texas scoring seven big runs in the top of the fourth inning to take a 7-4 lead. Then the Texas pitcher ran out of gas after having pitched the full games Friday night and Saturday morning. Cox Plumbing took advantage of seven bases

on balls in the bottom of the fifth frame to score four runs and take an 8-7 lead. Texas fought back and tied it up 8-8 in the top of the sixth, but Cox Plumbing went ahead again in the bottom of the sixth scoring on three walks and a fielder's choice. Texas went down one, two, three in the top of the seventh inning to give Cox the 8-8 win and assured them of a third place trophy.

It was a different story for Cox Plumbing on Sunday. In the finals of the winner's bracket a tough Playmates team from Bartow out played the local team to take a 10-3 win and drop Cox into the loser's bracket. Cox players committed ten errors during the six and a half inning game.

In the finals of the loser's bracket, Cox met Polk Sand of Winter Haven in 103 degrees weather about ten minutes after losing to the Playmates. It was simply no contest as the experienced Winter Haven team blasted out three triples and three singles and took advantage of five Cox fielding errors to chalk up a 10-4 win and move into the finals against the Playmates who had knocked them into the loser's bracket in the mud Saturday night.

Polk Sand went on to play two more games as the weather cooled, clobbering the Playmates two straight games to win the championship trophy.

Ladies Slimnastics Class Starts June 26

The Avon Park Recreation Department will offer another class in slimnastics for women, beginning Monday, June 26 at 7 p.m. The class will meet on Mondays and one other night per week

for six weeks. If you are interested in trimming up and toning your body for the "Swim 'n' season", call the Recreation Department. The fee is only \$4.00 per person.

Cox Coach Mort Jackson Accepts Trophy From Al Milton

...in Frostproof Women's Invitational Softball Tournament This Past Week-end

GOLF - TENNIS by Les Burch

River Greens Golf Notes

Members of River Greens Golf club are brushing up on the golf rules and on their scoring math in preparation for the Bagwell Youth tourney which starts tomorrow (Friday). Volunteers from the club will be acting as marshalls and scorers for the annual three day event. One hundred and twenty of Florida's top young golfers will be participating.

Louise Pfeffer, Connie Clifford, Petie Wolven and Naomi Davis teamed up for a plus 4 points to win the ladies' Pro-Am on June 8. Bea Hansel won individual honors in the A division with 1 1/2 plus points. Clifford won the B section with a plus 1/2 point score, while Wolven had a plus 1/2 points to take the C group prize. Adeline Promey won the D division with 1 1/2 points.

They are starting to call the men's Saturday low net tourney "The Ed Rowell Benefit." After taking first prize in three out of the last four weekly events, Rowell dropped to second place last Saturday, shooting a net 67, but still came up with some loot. First place went to Mac Hostetler with a net 64 with Carl Swanson taking third spot with a net 70.

Today, June 15, should be a great day for golfers born under the sign of Gemini according to "Golf Horoscope" printed in the June issue of Sun Sport Golf and Leisure magazine. The horoscope advice: "Keep your eye on the backswing. Aces, eagles, and birds should start popping around the 15th."

Persons born under the Cancer dates (June 21 to July 20) are advised to play an aggressive style of golf and heed the old slogan "never up, never in."

Winning foursome in last Wednesday's men's Pro-Am was made up of Joe Stoecker, P.D. Wells, Len Daniel and Elmer Gregg. Twenty-two players were entered. Individual winners included Carl Swanson in the A group with 8 1/2 points, Cletus Ream with a plus four in the B section, Ed Rowell with a plus 8 in the C division, and Jim McCormack with 3 1/2 points in the D class.

Next Tuesday, June 20th, the River Greens ladies, group has a "golfette smoker" on tap with the entries divided into teams for the day's play. A couple's scramble tourney and pot luck supper is scheduled for Sunday, June 25.

Maynor Takes APCI Golf Meet

Keith Maynor shot a net 68 to take top honors in the APCI golf association's tournament held at Sun N' Lakes golf club last Saturday, June 10. Brian Hendrickson and Merle Landress, both with net 70's, tied for second spot in the bi-monthly event.

Danny Albritton won the long drive contest hitting one a "country mile" on hole number 12. Bill Coghill took the prize in the "closest to the pin" contest. The association is currently making plans for its annual golfing trek to Disney World. Tentative date for the trip has been set for July 8 according to Brian Hendrickson, head of the group.

AF Sponsors Golf Tourney

Larry Sunday, of Kathleen High of Lakeland, fired an even par 72 to win the AAF sponsored schoolboys' golf tourney at the Sebring Sun N' Lake Golf and Country Club on Saturday, June 10th. The prize for high score was won by R.B. Brown of Fort Meade High with a gross 115.

The tournament was put on by the area Air Force recruiting office to say "thanks" to Heartland school personnel for help given in the AAF recruitment program during the 1977-78 school year. Don Herndon of Haines City and Dennis Jones of Lakeland tied for first in the low net division with 71's. Les Burch, Avon Park, had a net 72 to tie for second place. The foursome of Herndon, Tom Atwell of Winter Haven High, and H.E. Beynonn and Tom Tiller, both of Fort Meade won the team trophy in the 18 hole event.

Pinecrest Golf Notes

Bobby Barben, Jim Fann, Ed Burnette and Charlie Jordan set a new team record in last Wednesday's Pro-Am at Pinecrest coming in with a plus 24 points to easily win the weekly 18 hole event. Carl Utz, George Fraser, Dick Martin and Joe O'Brian teamed up for a plus 14 to take second place.

Barben, with an individual plus 9 score won the A section prize, and Burnette, who had an plus 10 total, took C division honors. Arlie Clark was the winner in the B group shooting a plus 7, while O'Brian turned in a plus 4 to take the D section.

Ever wonder about where to drop after hitting a shot into a lateral water hazard? The rule book says that a player can drop another ball on either side of the hazard. However, the ball must be dropped within two club-lengths of a point opposite where the ball last crossed hazard boundary. Penalty is one stroke.

The Highlands County Ladies' Association held an 18 hole tourney at Pinecrest on June 9. Fto Cushman won the A division with a gross score of 90. Gert Clark came in second with a 91, and Ouida McAuley finished in third place with a 97.

Ida Varianti won the A group low net prize, followed by Mildred Ford in second place and Al Linville in third. Lena Wright shot a 99 to take B section low gross honors. Ruby Schuckman was first in the B low net group with Marie Eeles coming in second.

The C-flight gross prize was won by E. Olsen with a 106. Mary Merillatt had a 110 to take second spot while Edith Goodwin finished third with a gross score of 111.

Tip of the week: Ending up in the rough on many Florida golf courses also means you are apt to wind up with a sandy lie. To get maximum distance under such conditions, make sure you hit the ball first. Hit the sand first and you get "minimum distance."

Lynn Lee and his committee are all set for a big crowd at the Member-Guest tourney and B-B-Q slated for next Saturday, June 17. Players will tee off at 1 p.m., with prizes being awarded to the three teams with the lowest net scores. Dinner is set for 6 p.m.

Kissimmee Silver Spurs Rodeo Set For July 2-3-4

Rodeo thrills, parades, country western music — all will be part of Independence Day Silver Spurs Rodeo to be held in Kissimmee July 2, 3 and 4 reports Andy Chisholm, Big Boss of the sponsoring club. More than 200 professional cowboy and cowgirl entrants are expected stated Chisholm.

Performances will be held Sunday, July 2, and Tuesday, July 4, at 2:30 p.m. and Monday, July 3, at 8:30 p.m. Fireworks, sponsored by the Kissimmee-Ocoola County Chamber of Commerce, will highlight rodeo festivities July 4, at the Kissimmee Lakefront at dark.

This will be 62nd Silver Spurs Rodeo since the wartime first in a local cow pasture on July 4, 1944. Winter shows were added in 1952.

The Rodeo events, bull riding, saddle, and bareback bronc riding, steer wrestling, team and calf roping, feature top-notch stock in excellent condition, all owned or rented by the Spurs. Several of the rental broncs and bulls have been used in national finals rodeos. In addition, for the cowgirls, there will be the barrel race. Yearling rides for boys aged 8 to 12 will also keep the spectators alert.

The Silver Spurs Quadrille, or square

dance on horseback, is always popular and youthful riders (16 years and up) will show off their expert horsemanship in the intricate and dangerous routine, featuring the Figure 8.

Parades are slated on Monday, July 3, in Kissimmee at 2:30 and in St. Cloud on Tuesday, July 4, at 10:30 a.m.

The stadium, with 12,000 covered

grandstand seats, all reserved, is located on US 192-441 between Kissimmee and St. Cloud, near Turnpike Exit 65. Tickets are \$2, \$3, \$4, and \$5.

The rodeo bears the Winston endorsement in a Class A Rodeo, with winners points counting toward semi-annual prize money the tobacco company offers.

FSU Grid Coach TV Show On 10 Stations Next Season

Football fans throughout Florida will have an opportunity this season to follow on television, the Florida State Seminoles, the state's hottest college football team last year at 10-2 and, according to preseason predictions, sure to be top rated again in 1978.

A 10-station statewide network has been put together to carry the 30-minute Coach Bobby Bowden Show, in every case but one, on the Sunday following each Saturday's game. The stations are located in Pensacola, Panama City, Tallahassee, Jacksonville, Gainesville, Orlando, Tampa, Ft. Myers, West Palm Beach and Miami. Last year's Bowden show was carried by only four stations, commercial stations in Tallahassee, Panama City and Pensacola and an educational station in Miami.

The expanded network is the direct result of last year's astounding performance by a team that was considered preseason, as probably little better than mediocre. Instead, the Seminoles rolled to nine victories and only two losses in the regular season, then tore apart Texas Tech in the televised Tangerine Bowl.

The result was national ranking, 11th by UP and 14th by AP, for a young team that matured rapidly during a rugged season. Losing only a handful of players off the 1977 squad, Bowden has great expectations for his 1978 team. The Seminoles open the season Sept 9 away against Syracuse, then Oklahoma State at home Sept. 16. Following the Miami game in Miami Sept. 23, there are two home games, Houston on Sept. 30 and Cincinnati Oct. 7. Three straight road games are against Mississippi Oct. 14, Pittsburgh Oct. 21 and Southern Mississippi Oct. 28. After an open date, the Seminoles resume with three final home games, Virginia Tech Nov. 11.

Top Bagwell Tourney Entrants

JOHN PALLIOT of Miami is the 1977 Florida Junior Golfer of the year is also the 1978 high school district champion in his area.

RONNIE FARRARD of Kissimmee is the Gasparilla Junior Champion.

JEFF MORLEY of Orlando is the Florida State Junior Champion and the Florida State Jaycees Champ.

RICK STALLINGS of Sarasota was the 1978 high school district high school champion from this district, won the Crutchfield Junior Championship and is a Future Masters Champ.

PETER DUPRIEST of Avon Park is defending Bagwell Youth Golf champion and the Foxfire and Northport Invitational Champ.

SCOTT DUNLOP of Sarasota won the Bobby Jones Junior Invitational at Sarasota last Monday.

MIKE KEYMONT of Orlando is a 1978 high school district champion and also a Florida Junior Invitational Champion.

SEJC Tennis Classes Set

Persons interested in summer tennis instruction can sign up starting today at South Florida Junior College. Registration for two net classes, one for beginners and the second for advanced players, will continue through next Monday, June 19.

The novice class, starting on Tuesday, June 20, will stress basic fundamentals of tennis including the rules and etiquette of the game. The advanced class, open only to those who have previously completed the beginning class, is designed to improve the player's game by developing techniques and refining skills.

The first class for advanced players will be held on Monday, June 19.

All classes will run from 7 p.m. to 9:40 p.m., with the advanced class meeting on Monday and Wednesday nights. Novice instruction will be given on Tuesdays and Thursdays. One hour of college credit can be earned or the course may be audited.

The courses are co-educational. Persons desiring further information are invited to call the college admissions office at 453-6661, extension 135.

Rec. Dept.

Offers Tennis

Beginning tennis classes for both children and adults opened last Monday at the city tennis courts. Sponsored by the recreation department, the classes will run for five weeks.

Instruction for adults is being given on Mondays and Wednesdays from 9:30 - 6:30 p.m. The classes for children, age 9-15, are being held on Mondays and Wednesdays from 9:30 to 10:30 a.m.

Allison Brothers Make Small Car Debut At Daytona Speedway

Brother! What a brother act is going to be racing in the July 2nd Pepsi 6 Hours Challenge race at Daytona International

Speedway. Stock car racing's leading brotherly duo, Bobby and Donnie Allison, will be

making their debut in the sub-compact sedans which race in IMSA's Champion Spark Plug Challenge series. They will be with road racing's leading brother racers Irv and Scott Hoerr in a pair of matched Datsun 510's. The entry of the Allison in the Pepsi 6 Hours stems from its listing as round 6 in the \$100,000 World Challenge For Endurance Drivers.

The team, managed by Rudy Hoerr the father of Irv and Scott, becomes one of the outstanding favorites to win the inaugural running of the Pepsi 6 Hours as Irv and Scott are currently in the top ten in the season standings. A number of top flight international road racers are also expected to enter with the field being determined after the running of the 24 Hours of LeMans.

July 2nd will be a busy day for the Allison as both will also attempt to qualify their Winston Cup Grand National cars that morning for the 4th Firecracker 400. Bobby's February's Daytona 500 in his Norris Industries Thunderbird, but has never won a Firecracker race. Donnie won the 1970 Firecracker 400. Then, at 1 p.m., both are expected to begin their 9-hour shifts behind the wheel of their Datsuns.

When accepting the offer to drive from Rudy Hoerr, Donnie said, "Hey, this is going to be fun. I've always wanted to drive these cars as they remind me of stock cars ten years ago with all that sliding and bumping." "I just want to be certain I have a better car than Bobby," he said with a laugh.

Manager Hoerr let it be known their word was no favorites on the team. "Both cars will be just as identical as I can get them. We want to finish this race one, two and we have the drivers to do it."

THIS TEN POUNDER was caught by Virgil Sizemore last Friday morning in the Kissimmee River on a Jim Bagley Bushwhacker. Wife Pete says that Virgil had just put the Bushwhacker on his line

and tossed it out when the big bass grabbed it for his last meal. It was the only fish the Sizemore's caught that morning.

ACB Wins League Champion

The Avon Citrus Bank Little League team defeated First Baptist and Avon Tire and took a forfeit win from Lions to move to a 13-0 record last week and win the 1978 Avon Park Little League championship.

The ACB team, coached by Gordon Marshall, chalked up the 6-0 forfeit from

the Lions on Tuesday night when the Lions were unable to field a team. Then on Friday night the Bank boys shut out First Baptist 5-0 on a no-hitter by Michael Dozier. Saturday morning, in a make-up game with Avon Tire, the Bank team assured themselves of the league title with a 3-2 win over the second place

team. Other records were not up to date as several games were rained out last week. Avon Tire finished the week with a 10-2 mark with games against Rotary and Kiwanis still on the schedule. Bagwell Lumber was 9-4 last Saturday with only a game against Avon Citrus Bank left to

be played. Rotary remained 5-4 with games to be played against Avon Tire, Kiwanis and I.H. Ford Motor. First Baptist and Lions were both 4-4 with Baptist due to meet the Lions in their final game last Tuesday.

I.H. Ford Motor Co. was 3-4 with games to be played with Kiwanis and Rotary. Kiwanis was 1-10 and needed to still play Ford, Rotary, and Avon Tire. However, the nine and ten year area tournament started in Lake Wales last Monday night with Avon Park's team meeting Sebring. Therefore, games scheduled this week in league play may have to be postponed until after the tourney. Each team will probably set make-up dates as soon as possible so team members should check with coaches for dates and times. Hopefully all scheduled games will be played within the next week and the Avon Park Little League All Star team will be picked for the area tourney which will be held here starting July 17.

Bagwell Lumber - 6, First Baptist - 5

Bagwell pitchers Fred Lewis and Anthony Gordon teamed up to toss a one hitter at First Baptist and strike out a total of 15 batters last Tuesday night to lead their team to a close 6-5 victory. Jon Marcum got the only hit off Fred Lewis for First Baptist. However, Marcum and Fred Manning shared pitching duties for Baptist and allowed only four hits to the Bagwell batters. James Beck got a double and a triple and Thomas Gordon hit a double and a single for the winners.

Avon Tire - 12, I.H. Ford Motor - 9

Bryan Arnold pitched a one hit shut-out over I.H. Ford Motor Co. last Friday night in a make-up game for earlier in the week. The Avon Tire team took a 12-0 win in the three and a half inning game.

Only Mark Elkhill got a single off Arnold in the game which was shortened due to the 10 - run lead rule. The Avon Tire batters rapped out 11 hits off Ford pitcher Clay Hips. Duane Young had three singles. Ben Johnston and Chris Fortener had two singles each and Bobby Lewis had a double. Bryan Arnold, Tommy Johnson and Vernon Simpson added a single each for the Avon Tire team.

Avon Citrus Bank - 5, First Baptist - 0

Young Michael Dozier pitched a no hit, no run ball game against First Baptist to lead his Avon Citrus Bank team to a 5-0 win last Friday night. Dozier struck out thirteen batters in the six inning game.

The Bank batters got only four hits off

starter James Benjamin and reliever Fred Manning. Doug Singletary hit a double in the third frame and John Tolar, Tim Devlin and Daryl Williams had a single each for the winners.

Bagwell Lumber - 10, Lions - 1, Bagwell Lumber scored 10 runs on eight hits to take a 10-1 win from the Lions last Friday night. Thomas Gordon led the Bagwell batters at the plate with two triples and a single.

Other Bagwell players getting a hit off Lion pitcher Lawrence Spry were Greg Jackson with a double and a triple, Fred Lewis with two singles and Mike Baldwin with a single.

Gordon was the winning pitcher going the full six innings for Bagwell. He struck out ten Lions batters and allowed only three hits. Terrance James had a double and Willie Charles Ervin and Lawrence Spry hit a single each for the Lions.

Avon Citrus Bank - 3, Avon Tire - 2

The Avon Park Little League championship was up for grabs last Saturday morning when the two league leaders met for the second time in a

make-up game. Avon Tire lost its first year old Special night in Sebring.

Both teams had a double in the third inning when Duane Young got a homerun and Ben Johnston getting a hit off Tim Devlin and John Tolar.

pitching duties for Bank. Devlin, and tossed the first four frames pitches for Bank.

Tim Devlin and John Tolar shared, pitching duties for Bank. Devlin started and tossed the first four frames allowing two runs and three hits. Tolar came on to start the fifth and gave up only one hit as he held the Avon Tire boys scoreless in the final two innings.

Duane Young went the distance for Avon Tire fanning nine Bank batters and allowing only the four hits. John Tolar had two singles and Jimmy Bennett and Tim Devlin had one single each in the exciting game.

1978 AVON PARK Little League champions are the Avon Citrus Bank players. The Bank team has won 13 straight games with one left to be played but are out of reach by any other of the seven teams in the league. From left, front row, Doug Singletary, Bobby Lee Caldwell, Stacy Landress, Steve Everslack, Charles Devlin, and Jimmy Bennett. Back row: Daryl Williams, John Tolar, Randy Wright, Tim Devlin, Ronnie Higginbotham, and Michael Dozier. Coaches in rear from left: Asst. Coach Roger Garganus, Asst. Coach Dan Bennett and Coach Gordon Marshall. Absent: Asst. Coach Jerry Wright. Sunphoto by Lew Miller.

Sisemores Lead Highlands Bank Big Boy Team In Twin Victories

The Highlands County Bank of Avon Park Big League baseball team won two games last Friday and Monday nights to move to a 3-1 record with games to have been played in Lake Placid last Tuesday and in Sebring against the VFW team last night (Wednesday).

The Avon Park Big League team knocked off Lake Wales Sun Bank up in Lake Wales last Friday night by a 3-1 score and then skinned by Lake Wales Cooling and Heating here at Head Field last Monday night.

Next Monday night the local Big League team is scheduled to play Wauchula here at Head Field but negotiations are in process to possibly play a double-header here at Head Field next Sunday, June 18. Next Tuesday June 20, Avon park will play in Frost-proof and next Thursday, June 22, the HCB team is scheduled to host Sebring K. D. Grubbs.

HCB-3, Lake Wales Sun Bank-1

Last Friday night in Lake Wales the Highlands County Bank Big League team scored three runs in the top of the seventh inning to take a 3-1 win over the Sun Bank team.

Sun Bank had scored a lone run in the third inning on a single and two wild pitches. The H C B Team, which has been held scoreless, came back strong in the top of the seventh inning to take the win. Dale Sisemore led off with a triple. Bubba Starling followed with a double and then David Sisemore singled. A triple by Horace Moore drove in the last two runs to give Avon Park the two run advantage.

Dale Sisemore, who had come on in relief on the mound in the fifth inning, finished out the game holding the Sun Bank batters scoreless in the last frame. As a matter of fact, the Sun Bank team got no hits and no runs off Dale during his full three innings of hurling and he fanned five batters.

David Sisemore had started pitching for Avon Park but was pulled for the last out in the first inning when Dale came on for the one out. Steve Arnold relieved Dale Sisemore in the second with one out and pitched two and two thirds innings giving up three singles and on run. Dale Sisemore posted the mound win.

The HCB boys got a total of eight hits Bubba Starling and David Sisemore were both three for four at the plate and Starling's hits included a double. Dale Sisemore and Horace Moore both tripled for the winners. Bill Ball went the distance for Lake Wales Sun Bank posting ten strike outs during the seven inning game.

HCB-4, Lake Wales Cooling-5

In another come from behind squeaker last Monday night, the Highlands County Bank of Avon Park Baseball team scored a 6-5 victory over Lake Wales Cooling and Heating here at Head Field. The Lake Wales team scored two in the first, added one in both the third, fifth and seventh innings to hold a 5-2 advantage when Avon Park came to bat in the last of the seventh inning.

Avon Park had scored one run in the fifth inning when Charles Oliver singled and came home on a single by David Sisemore. The local team scored another run in the bottom of the sixth when Mark Steedley walked, went to second on an error and was walked home.

In the pressure inning, David Sisemore led off with a double followed by four consecutive walks to Moore, Steve Arnold, Mark Steedley and Jeff Williams. Oliver and Leslie Marjoe struck out for two outs, but Dale Sisemore singled to drive the winning run across the plate and give Avon Park the 6-5 victory.

David Sisemore pitched the first five innings for Avon Park with Steve Arnold hurling the final two frames to take credit for the mound victory.

The H C B batters got a total of eight hits off three different Wales Cooling and

Heating pitchers. David Sisemore had a double and two singles. Dale Sisemore had one double and one single. Horace Moore hit a double and Joel Wright and Charles Oliver added a single each for the Avon Park team.

AVON CITRUS BANK pitcher Michael Dozier (3) runs behind First Baptist infielder Chip Burby on his way to third base as the ball speeds toward Burby's glove. Avon Citrus Bank won the game which was played last Friday night by a score of 5-0 as Dozier hurled a no-hit, no-run game striking out 13 Baptist batters in the six inning game.

THIRD PLACE WINNERS in the Frostproof Women's Slow-pitch Softball Tournament last week-end were the Cox Plumbing girls from Avon Park. Playing in 100 degree to 103 degree weather Sunday afternoon, Cox came in behind

Polk Sand and the Playmates from Winter Haven and Bartow and posted here where the temperature had dropped slightly. From left, front row: Rhonda Landress, Cindy DeWitt, Kim Dabberley, Judy Lewis and Mary Linda Derkman.

Kneeling on second row: Lisa Davis, Delories Cox, Susie Skipper and Lee Ann Cason. Back row: Asst. Coach Buddy Hunter, Ellen Macklin, Margaret Miracle, Faye Dance, Pam Williams, Lacy Derkman and Coach Mort Jackson.

A PERFECT THROW from an infielder is snatched by first baserunner Susie Skipper during one of the four games the Cox Plumbing girls' softball team played last week-end in Frostproof in an invitational

tournament. The local girls finished third in the eleven team meet bringing home a big trophy for their efforts in the rain, mud and 100 degree weather. Sunphoto by Lew Miller.

TEXGAS FIRST BASEGIRL Maureen Murphy snags the ball for an out at first base during a game played in the Frostproof Women's Softball Tour-

naement last week-end. The Texas team from Avon Park won two and lost two games in the eleven team tourney. Sunphoto by Lew Miller.

BATTER DEBRA COX, Cox Plumbing shortstop, takes a low cut at a pitched ball during a game Sunday afternoon against the Playmates of Bartow in the

Frostproof Women's Softball Invitational Tourney. Debra rapped out a hit, but Cox lost to the Playmates and finished third in the eleven team tourney.

Senior League Games Tonight

There are two Senior League baseball games scheduled to be played tonight (Thursday) at the City Ball Complex. Avon Paint & Body is to meet Kopta & Bennett in the early game at 6 p.m. and McCann & Son Ford will take on Avon Citrus Bank in the second game at 8:15 p.m.

All four games were rained out last week. It is the policy of the Senior League to play each scheduled game in order rather than make-up rained out games at a later date, so the schedule was to resume last Tuesday night where it left off before the rains came last week. If the two games were rained out last Tuesday night, they were to have been rescheduled for last night (Wednesday) or the first night following when the field was available or playable. Players should check with their coaches each day for a possible rescheduled game this week.

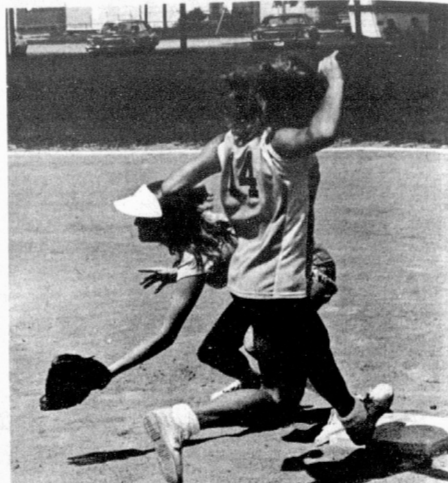

Saturday evening at 6 p.m. the Area East Strong Team Senior League Tournament will begin here at the Senior League Field with Hardee meeting Frostproof in the first game and Sebring going against Lake Wales in the second game scheduled for 8 p.m. The tournament will continue through each evening next week with the exception of Wednesday unless rain causes a postponement before Wednesday. Then a make-up game will be scheduled for Wednesday.

The final games of the regular Senior League season will be played as soon as the field is available after the tournament.

Racquetball Lessons Start

Racquetball lessons will be offered by the City Recreation Department starting Monday, June 19. The adult classes will meet each Monday, Wednesday and Thursday from 6-7 p.m. for three weeks. The youth (9-16) will meet on the same days from 3-4 p.m. The fees will be \$3 per person, to help defray the cost of supplies.

These classes will be structured to help the advanced beginner player and those players that have played some, but would like to improve their placement of shots, strategy and sharpen up on the rules. Register now by calling 453-4561 after 1 p.m. Only \$8 per class, so sign up soon.

RUNNER RHONDA LANDRESS, Cox Plumbing right fielder, stretches her foot for first base and Texas first baserunner Maureen Murphy awaits the ball on the infield hit. The Cox team defeated

Texas by one run in a game played in the rain and muddy clay at Frostproof last week-end in an invitational tourney. Sunphoto by Lew Miller.

LION CATCHER JOHN Fields is all ready for the tag at home on Bagwell base runner Fred Lewis during last Friday night's game played at Field II. Bagwell took a 10-1 win. Sunphoto by Lew Miller.

Weight Training Program Set For June 20

The next weight-training course offered by the Avon Park Recreation Department will begin Tuesday, June 20. Anyone interested in using the exercise facilities, must first take this introductory course.

Upon completion of the course, you will receive a card permitting you to use the room when it is available to the public. This course will be instructed by Coach Ronnie Jackson twice per week.

The adult class will meet on Tuesday and Thursday nights from 8:00-9:00, while the youth class will meet on the same days from 4:00-5:00 (ages 14-16). Call now to register.

McCann Hosts East Area Tournament

The East Area Senior League Team tournament will be held here at the City Ball Complex starting Saturday, June 17, with five teams competing in the week long affair. The opening game is set for 6 p.m., on Saturday with the second game to start at 8 p.m.

Avon Park will be represented by McCann & Son Ford which held a 6-0 record at the beginning of this week. McCann, the host team, will not play until Monday night at 6 p.m.

In the opening game Saturday, Hardee County will meet Frostproof. In the second game that night it will be Sebring's strong team against the league leading Lake Wales team. Then on Monday, Avon Park's McCann & Son team will start the winner of the Sebring-Lake Wales game at 6 p.m. and the two Saturday night losers will meet each other at 8 p.m.

There will also be two games on

Tuesday night, June 20. On Thursday, June 22, there will be one game in the loser's bracket and the finals will be played Friday night starting at 6 p.m. It is a double elimination tournament. Each team must lose twice before being eliminated.

The winner of the East Area tourney will advance to a district play-off which is also scheduled to be played here at the City Ball Complex starting Saturday, June 24. There are three areas in District 4.

The McCann & Son Ford team is coached by Jimmy Hart and John Sedlock. Members of the team are: Todd Bennett, Chris Collins, Tim Cribb, Ricky Derkman, Mike Shorkey, Jeff Brock, Jody Johnson, Jim Marcum, Joe May, Ricky Norris, David Roberts, Danny Elder, David Hodge, Quinn Moody and Michael Rowe.

Range Open This Weekend

The Avon Park Recreational areas will be available for camping and recreation beginning at 8 a.m. Saturday, June 17, and closing at 8 p.m., Sunday, June 18, 1978.

All personnel wishing to utilize the Air Force Recreational Areas will be

required to check in and out with the Air Force Security Police located in Building 425, approximately 1/2 mile past the main entrance of the Range on State Road 94.

Interested persons are urged to confirm these times prior to arriving at the Range by calling 813-452-4223.

THE AVON PARK Little League nine and ten year old all-star baseball team lost its first game in the East Area Special Games Tournament being held in Lake Wales this week by a score of 8-3 to

Sebring. They were scheduled to play in the loser's bracket last Tuesday evening. From left, front row: Steve Rewis, Mike Shawver, Willie Charles Ervin, Jimmy Bennett and Ronald Matthews. Second

row: Steve Burby, Anthony Gordon, Stacy Pough, Horace Butler and John Perry. Back row: Coach David Brooker, Wyndell Moore, Cecil Perry, Thomas Gordon, and Coach Don Cooper. Absent: Stacy Landress. Sunphoto by Lew Miller.

SENIOR LEAGUE LEADER McCann & Son Ford will represent Avon Park in the East Area Strong Team tournament which will start here at the City Ball Complex Saturday, June 17, with two games scheduled at six and eight o'clock. McCann will play Monday night at six

against the winner of the Sebring - Lake Wales game. From left, front row: Quinn Moody, Michael Rowe, Danny Elder, David Hodge and Ricky Norris. Second row: Todd Bennett, Joe May, David Roberts and Mike Shorkey. Back row: Jody Johnston, Tim Cribb, Chris Collins,

Ricky Derkman and Coach Jimmy Hart. Absent: Jim Marcum, Jeff Brock and Coach John Sedlock.

Sunshine Bass Stocked In Highlands Lakes

From fry to frying pan in less than a year is just one reason the sunshine bass is becoming a popular sportfish.

"The sunshine bass can reach a catchable size of one pound in just eight or nine months," said Regional Fisheries Biologist Fred Langford.

In addition to their rapid growth rates, the sunshine bass is a scrapper and a challenge to any fisherman. They are also an excellent table fish.

The sunshine bass is a cross between the striped bass and the white bass of North Florida. The hybrid sunshine was developed in 1972 by the Game and Fresh Water Fish Commission and has since been stocked in numerous lakes throughout the state. Stocking is limited to lakes that are open to the public.

"We stocked twelve lakes here in the South Florida Region this year and plan to extend this program in the years to come," Langford said.

Stocked lakes include Lake Francis, Bonnett and Red Beach Lake in Highlands County, the Winter Haven Chain, Saddle Creek Park, Lake Gibson and Scott Lake in Polk County, King Lake and Lake Weeks in Pasco county, Lake Thonotosassa in Hillsborough county, Lake Manatee in Manatee county, and in Pinellas county Lake Seminole.

A total of over 86,000 sunshine bass were released, almost half going into the Winter Haven Chain. The Chain was home of the current state record.

Trotting or still fishing with minnow-type lures, particularly those that imitate a shad, spoons, jigs and spinner-fly lures all produce excellent results. Fishing on the bottom with spinners or minnows during daylight or at night with a bright light is almost always productive.

Once you've hooked, landed and tasted one of these fighters, you'll be hooked yourself.

JOINT PUBLIC NOTICE. U.S. Environmental Protection Agency Region IV, Water Resources Division, 345 Courtland Street, Atlanta, Georgia 30308.

404-801-1000. In conjunction with the Environmental Regulation T-111, Towers Office Bldg., 2600 Blue Street, Road 11 Alabama, Florida 32301.

Public Notice No. 78FLO032. June 15, 1978. NOTICE OF PROPOSED ELIMINATION AND DISCHARGE OF POLLUTANTS FROM THE ELIMINATION SYSTEM PERMIT AND NOTICE OF CONSIDERATION FOR STATE CERTIFICATION.

The U.S. Environmental Protection Agency proposes to issue a National Pollutant Discharge Elimination System (NPDES) permit to the:

Saddle Creek Corporation (Formerly Florida Home Juice Corporation), Florida Road, Avon Park, Florida 33825. NPDES No. FLO033880. The applicant discloses one existing combined discharge of once-through non-contact cooling water and barometric condenser (contact) cooling water from the operation of a citrus cattle feedlot (Standard Industrial Classification (SIC) 2037). The discharge corrects Public Notice No. 78FLO032, January 12, 1978, which inadvertently failed to include the discharge of barometric condenser (contact) cooling water. The combined facility, noted above, enters an unnamed swamp thence Lake Livingston in Avon Park, Florida, Lake Livingston is classified as Class III water suitable for recreation and the propagation and management of fish and wildlife.

The proposed NPDES permit contains limitations on the amounts of pollutants allowed to be discharged and was drafted in accordance with the provisions of the 1972 Federal Water Pollution Control Act (P.L. 92-500) and other lawful standards and regulations. The pollutant limitations and other permit conditions are tentative and open to comment from the public.

Persons wishing to comment on this permit or object to its issuance or to the proposed permit limitations and conditions are invited to submit same in writing within thirty days of the date of this notice to the Enforcement Division, U.S. Environmental Protection Agency, 345 Courtland Street, Atlanta, Georgia 30308, ATTN: Mona Ellison. The application number and NPDES number should be indicated in the first page of comments.

All comments received within the 30-day period will be considered in the formulation of final determinations regarding the permit. Where there is significant degree of public concern, the EPA Regional Administrator will hold a public hearing. After consideration of all the requirements and the requirements of the Act and appropriate regulations, the EPA Regional Administrator will make determinations regarding the permit. The EPA Regional Administrator will issue a public notice indicating the revised determinations. Requests for adjudicatory hearing may be filed after the above-described determinations. Additional information regarding adjudicatory hearing is available in 40 CFR 125.30, or by writing to the Legal Support Branch at the address above or at 404-861-1000.

A fact sheet containing additional details about the discharge and additional information on hearing procedures is available by writing the EPA address above. A copy of the draft permit is also available from the EPA. The application, comments received, and other information are available for review and copying at 345 Courtland Street, Atlanta, Georgia, between the hours of 8:15 a.m. and 4:30 p.m. Monday through Friday. A copying machine is available for use at a charge of 20 cents per page.

The Florida Department of Environmental Regulation has been requested to certify the discharge in accordance with the provisions of Section 401 of the Federal Water Pollution Control Act, as amended (16 U.S.C. 862-500). Comments on issuance of certification including a request for public hearing, must be submitted to the Florida Department of Environmental Regulation, NPDES Permit Section, Florida Dept. of Environmental Regulation, State Agency address above, within thirty (30) days of the date of this public notice. If a public hearing is held, as described above, the agency will co-chair the hearing in order to receive comments on the discharge. Please bring the foregoing to the attention of the agency, who you know will be interested in this matter.

(c) Eugene P. Mullis, Chief, Management Services Branch June 15, 1978.

NOTICE OF PUBLIC HEARING. The City Council Proposes to pass the following two ordinances:

ORDINANCE NO. 634 - AN ORDINANCE REZONING THE EAST 84 FEET OF LOTS 7 THROUGH 19, INCLUSIVE, BLOCK 1, DEL MAR VA HEIGHTS SUBDIVISION, AMENDED AND REVISED, PLAT BOOK 12, PAGE 33.

This ordinance was previously passed as to zoning to change but an amending ordinance is needed to correct Plat Book and Page number in first ordinance.

ORDINANCE NO. 635 - AN ORDINANCE CLOSING CAMPHOR STREET BETWEEN VERONA AVENUE AND LAKE AVENUE.

This ordinance is required due to construction of a new Middle School at this location.

A PUBLIC HEARING will be held on these two proposed Ordinances at 7:30 P.M. on Monday, June 26, 1978 at City Council Room, City Hall. All those desiring to speak for or against either ordinance will be heard. A copy of the full ordinances may be inspected during normal work hours at the office of the City Clerk.

(s) Malcolm K. Crews, City Clerk, June 15, 1978.

Jack Collins, Jr. is one of these ultra-talented individuals. Born in West Palm Beach on Dec. 26, 1958, Jack, along with his sister, 22-year-old Marcia Collins, and his parents, Mr. and Mrs. Jack Collins, Sr., lived in Deerfield Beach for 10 and a half years and lived in Miami for six months before moving to Avon Park, the senior Collins' home town.

After living in Avon Park for five years the Collins family moved to their present residence at 1309 Lake Isis Dr. "I liked athletics and I liked running, so I joined," Jack said of his reasons for liking Avon Park High School's Cross Country team during his freshman year.

Jack said of his first cross country race, "The first race I ran qualified me for varsity," adding that it was his qualifying time which got him on the varsity squad.

He ran on the cross country team throughout his four years of high school and was a member of the track team for three of those years.

Jack Collins, Jr. is All Around Athlete

By Mark Albright

one of these ultra-talented individuals. Born in West Palm Beach on Dec. 26, 1958, Jack, along with his sister, 22-year-old Marcia Collins, and his parents, Mr. and Mrs. Jack Collins, Sr., lived in Deerfield Beach for 10 and a half years and lived in Miami for six months before moving to Avon Park, the senior Collins' home town.

After living in Avon Park for five years the Collins family moved to their present residence at 1309 Lake Isis Dr. "I liked athletics and I liked running, so I joined," Jack said of his reasons for liking Avon Park High School's Cross Country team during his freshman year.

Jack said of his first cross country race, "The first race I ran qualified me for varsity," adding that it was his qualifying time which got him on the varsity squad.

He ran on the cross country team throughout his four years of high school and was a member of the track team for three of those years.

The junior Collins plans to continue his career of running by joining the track or cross country team or joining the gymnastics squad at Florida State University in Tallahassee where he plans to attend school beginning in the fall of 1979.

Jack specialized in distance running during his high school years and won trophies as the most outstanding runner during 1974 and 1977.

In addition to his athletic achievements, Jack was a member of the Key Club for two years, and wrote for the school newspaper for one year.

During his senior year in high school, along with several of his classmates, Jack received the "I Dare You" award. This award is given to those students who have shown leadership qualities, above average character, and challenges young people to live up to their standards.

"I'm interested in clothing, and I felt I had a knack for it," Jack said, when asked why he had decided to take up the self-introduced profession of fashion-design.

He is presently attending South Florida Junior College from which he will graduate in May of 1979.

When asked why he decided to go to SFJC, Collins said simply, "It's a good school and it's close to home."

And speaking of his future objectives at SFJC, Jack said he ultimately wants to receive a Bachelor of Science degree in fashion design.

But, beyond school, Jack says he wants to be recognized as an individual fashion designer, although he has not yet decided where he would like to be located.

Jack has already had some valuable experience in his field by designing patterns for his own clothes and sewing for other people to make money.

He has a wide array of hobbies, including swimming, ceramics, sailing, water skiing, gymnastics, horseback riding and designing and constructing furniture.

Jack attends the First Baptist Church, and he says of all he has accomplished, "I attribute all my talents to God, and will use it to his glory."

Jack has been a friend of mine since we were in high school together and when I saw how upset he and his family were by all the radio, television and newspaper publicity that he and his sister have received because of what Jack said is actually only a slight visual ailment, I thought more should be said about Jack's accomplishments and aspirations, and less said about his visual ailment.

Avon Park Land Values Going Nowhere But Up

By Mark Albright

Land values in Avon Park have been increasing at the rate of 17 per cent to 50 per cent a year for the past ten years, and are expected to go even higher, according to Ray Crass, Realtor Associate to C. Wesley Ward, Real Estate Broker.

Crass went on to say that what usually has increased in price tenfold in the last 20 years.

He stated that the price of commercially zoned land in Avon Park is about triple of what it was 10 years ago.

A front foot of land on U.S. 27 was selling for \$65 a decade ago, but it is selling for \$320 a front foot now-a fivefold increase in 10 years.

Lake and road frontage is selling for \$200 per foot, while three years ago it was selling for \$65 per foot, Crass said.

Presently lots in the Lotella Terrace subdivision are selling for \$4,500 to \$6,500, while three to four years ago a lot of the same size sold for \$900 to \$1,500. And 30 years ago these lots were being sold for \$400 a piece.

But land is not the only thing on the increase, residential homes, because of increased building costs and housing demand, are increasing at the rate of 17 per cent a year.

Crass said the average three bedroom-two bath home is bringing in \$29,900 used, and \$43,000 new, he said.

Ten years ago the same house would have sold for \$9,000 used, and \$14,000 new, he said.

Crass added that the C. Wesley Ward office has had homes sell for an asking price of \$150,000 in the past year.

But, he said the average price of homes today are \$47,000 to \$53,000.

Crass said that the C. Wesley Ward office has had homes sell for an asking price of \$150,000 in the past year.

Man Wounded In Accidental Shooting

Leonard Evans, 45, of Oak Park Avenue, Avon Park, was wounded in his left leg when he was hit by a bullet from an accidental gunshot wound.

Evans was shot while he was working on a house in the Lotella Terrace subdivision. He was hit in the left leg while he was working on a house in the Lotella Terrace subdivision.

Arcadia Man Charged After Accident

A 21-year-old Arcadia man was charged after operating a vehicle with defective equipment, after faulty brakes on a wreck allegedly caused a crash on SR-64.

Gov. Highway Patrolman Jim Vann said that Kenneth Steve Gosa was westbound when he approached slowing moving traffic from the rear. Gosa was unable to stop and skidded 108 feet, and arrested partially on the north shoulder and struck a car driven by Gregory O. Daniels, 21, also of Arcadia.

Gosa's car traveled 62 feet after the collision and overturned on the north shoulder landing on its top. The vehicle's brakes were known by the driver to be in poor condition, Vann said.

Vann estimated damage at \$900.

Gosa was charged with operating a vehicle with defective equipment, after faulty brakes on a wreck allegedly caused a crash on SR-64.

Our Flag — A Symbol Of Freedom

Did you remember to fly the United States of America flag, more popular called the 'Stars and Stripes' on Flag Day, Wednesday, June 14? If perhaps you had forgotten there is another upcoming holiday that will give you the opportunity to proudly display the red, white, and blue flag which represents the United States of America. This legal holiday is the 4th of July, Independence Day, commemoration of the adoption of the Declaration of Independence in 1776.

Many people hesitate to purchase the flag because of the possibility of displaying it incorrectly. Hopefully within this article all questions pertaining to the normal use of the 'Stars and Stripes' and how to display it will be listed. If you have further questions, check your reference books, encyclopedias, or a book on flags from the Avon Park City Library.

First, let's have a little history of the United States Flag of America and how it came into existence.

In June of 1775, Congress appointed George Washington in charge of defense of American Liberty and in January of 1776 General Washington raised the first flag which consisted of seven red and six white stripes with a canton (a rectangular division or section sometimes referred to as the union) of blue and had a red cross outlined in white with a white saltire.

Grand Union, 1775

It has been written by some flag writers that Elizabeth (Betsy) Ross of Philadelphia, Pa. made and designed the first flag, however, official records that have been examined have not confirmed this contention. But, it is a known fact that Betsy Ross was paid for making flags for the government in May of 1777.

Stars and Stripes 1777

The Stars and Stripes, was the first official flag of the United States.

There is no record of why the first Continental Congress chose the colors red, white, and blue, but in 1782 the Congress of the Confederation chose the same colors for the Great Seal of the United States and listed the meanings of each color. Red stands for courage; white is for purity and innocence and blue for vigilance, perseverance, and justice.

Fort McHenry, 1795

By 1794 two more states had joined the union and two new stripes and stars were added to the original 13, and was flown after May of 1795. It was this 15 star and stripe flag flying over Fort McHenry that inspired Francis Scott Key in writing the poem 'Star Spangled Banner' which is also the United States' National Anthem.

By 1817 five more states had joined the Union. Fearing that too many stripes would spoil the true design of the flag, if it was changed as had been previously with additional stars and stripes, Samuel Chester Reid, a naval captain proposed that the flag return to the original 13 stripes with stars to represent each state. On April 4, 1818 Congress passed a law and the flag was changed back to the

original 13 stripes with 20 stars, which were formed into a five point star on a field of blue.

United States, 1818

It was never stated as to what order the stars should be placed so flag makers made various designs, such as the Great Star Flag of 1818.

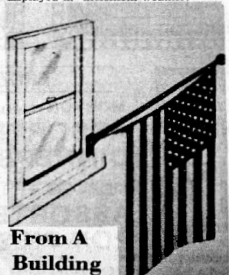

Congress also ordered a new star to be added to the flag on the 4th of July after the state had joined the Union.

Even during the Civil War Union troops fought under a full flag as President Abraham Lincoln refused to have the states that had succeeded from the Union stars removed from the flag. By the end of the war flag of United States of America had 35 states, and stars to represent them on the flag. More states joined the Union and in 1912 by presidential order the 48 stars were placed their positions 49 in 1959 and 50 in 1960. The last two territories to join the Union and become states were Alaska in 1959 and Hawaii in 1960. This leads us to our present flag which consist of 50 stars on a canton of blue with seven red and six white stripes.

June 14, was first observed as Flag Day in 1877 on the 100th anniversary of the original flag. However, emphasis was placed on the centennial rather than the day itself. Finally after many years of people and organizations trying to establish June 14 as National Flag Day, on August 3, 1949 Congress gave its final approval and President Harry S. Truman signed the measure into law on the same day.

The 'Stars and Stripes' may be displayed on all days weather permitting, especially on Flag Day, a day set aside especially to honor the flag; July 4, Independence Day; Labor Day, first day in September; Constitution Day, Sept. 17, Columbus Day, Oct. 11; Navy Day, Oct. 27; Armistice Day, Nov. 11 Thanksgiving Day, fourth Thursday in November Christmas Day, Dec. 25; New Year's Day, Jan. 1; Inauguration Day, Jan. 20; Lincoln's Birthday, Feb. 12; Washington's Birthday, Feb. 22; Army Day, April 6; Easter Sunday (variable); Mother's Day, second Sunday in May; Memorial Day (half-staff until noon), May 30; such days as may be proclaimed by the President of the United States; the birthday of the States (dates of admission), and on State holidays.

In displaying the National Flag it should always be raised and lowered by hand. It should be displayed from sunrise to sunset, or hours so designated by the proper authorities. When raising (hoisting) the flag it should be done so briskly, and lowered slowly and ceremoniously. The flag should not be displayed in inclement weather.

From A Building

If you plan to display the flag from a building you should hang the flag on a

staff or on a rope with its canton (stars with blue field, sometimes called the union) away from the building.

When the flags of states, cities and penents of different organizations are flown on the same halyard, the flag of the United States of America should always be at the peak (top). When flown from adjacent staffs the flag should be raised first and lowered last.

With Other Flags or Pennants

When the flag is displayed from a staff projecting horizontally or at any angle from a window sill, front of a building, balcony, the union of the flag would be raised to the peak of the staff - unless the flag is flying half - staff.

When the 'Stars and Stripes' is to be flown half-staff, the flag should be raised to the top of the staff and then lowered to the half-staff position; and at the close of the day, the flag should again be raised to the top of the staff and then lowered.

When you see a flag flying at half-staff it is a symbol of mourning.

If the flag is to be displayed over the middle of a street the flag should be suspended vertically with the union to the north in an east-west street, or to the east in a north-south street.

When the flag is to be displayed in a manner other than being flown from a staff, it should be displayed flat, both

indoors and out. If it is to be displayed either horizontally or vertically against a wall, or displayed in a window the union should be to the flags' own right, and to the observer's left. When festoons, bunting, or drappings are desired, bunting or red, white, and blue may be used, but never the flag.

If you plan to fly the United States of America flag along with that of other countries each flag should be flown from its own staff and the flags should be approximately the same size. International usage forbids the displaying of one nations flag above that of another, in peace time.

When the flag is used to cover a casket, which is done so in military funerals, it should be placed so that the union is at the head and over the left shoulder. The flag should never be lowered into the grave or allowed to touch the ground; instead it is folded in a triangle with a blue field and three stars showing which is in-turned given to the mother of the deceased or the nearest of kin.

When displayed with another flag from crossed staffs, the United States flag should be on the right the flag's own right and its staff should be in front of the staff of the other flag.

Every precaution should be taken to prevent the flag from becoming soiled. It should not be allowed to touch the ground or floor, nor be brushed against objects.

The flag should not be used as a portion of a costume or athletic uniform, nor should it be embrodered upon cushions, handkerchiefs, nor printed on paper napkins or boxes, and the flag should never be used for advertising purposes in any manner whatsoever.

The Stars and Stripes, or Old Glory, or the Flag of the United States of America, whichever you prefer to call it, when it is in such a condition that it is no longer a fitting emblem for display should be destroyed in a dignified manner, preferably by burning it.

The Pledge of Allegiance to the Flag was written by Francis Bellamy and was

the follow: "I pledge allegiance to my flag and to the Republic for which it stands, one Nation indivisible, with liberty and justice for all."

In 1923 and 1924 at the National Flag Conferences delegates from patriotic organizations made one change in the wording of the pledge. The phrase they changed was, "flag of the United States of America" was substituted for "My Flag" so that the meaning would be unmistakable, and on Dec. 28, 1945 Congress officially approved the pledge. On Flag Day, June 14, 1964 President Dwight Eisenhower signed a law adding the words "under God" and now the pledge reads: "I Pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Francis LaFlam, a clerk at the United Post Office in Avon Park has been an Honor Guard instructor at the Avon Park High School for the past 12 years.

On Memorial Day

LaFlam is also a member of the American Legion Post 69 and each year the post places flags on the graves at Bougainville Cemetery of all deceased veterans on Memorial Day. This past Memorial Day they placed 245 flags in the cemetery and furnished 60 flags for veterans buried in Lakeview Memorial.

"I Pledge Allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God indivisible with liberty and justice for all."

Francis Bellamy : 1892

Lions Club News

By Louis R. Nickoley
After a beautiful roast beef dinner last Tuesday evening, Lion President Fred B. Hughes called the meeting to order. This being the last meeting of the current term, some of our

prankster members took advantage of the occasion to toss a few compliments and other remarks at some of our retiring officers. All were taken graciously and good

naturally. After the frivolities, the meeting returned to a more serious attitude. Every one present agreed that the Avon Park Lions had a very successful year and all the officers

deserved a lot of credit and a big round of applause. Several of the members attended the Lion's State Convention at Orlando the previous week end. Our retiring President, Lion Fred B. Hughes, was one of those receiving the Award of the Golden Chain at the convention, for his 100 percent attendance and presiding at every meeting of our local club during his year in office, and

for attending every district and cabinet meeting of this district. Installation of new officers for the 1978-79 term will be the order of business at our next meeting on June 20. Lion James Greenfield, District Public Relations Chairman for Winter Haven, will be the guest speaker of the evening and installing officer. A banquet will precede the installation ceremonies. Lions bring your Ladies!

Bonnie Brae Mobile Park News

By Margie Wells
Carol Hart of Fort Lauderdale and Freda Mayotte of Hollywood spent two days this past week visiting Thelma Miller. While here, they shopped and had dinner at Winter Haven and Lake Wales. Congratulations to Guy Dietrich who had his 88th birthday, June 7. He celebrated the birthday with close neighbors and cake and ice cream

was served to all those present. Ella Drake left this week to join her son and his family on June 12 for three months in Seneca Falls, N.Y. She said she "plans to rejuvenate by living with the younger generation!" Gert and Dan Bohland are back after a vacation visiting with relatives and friends in Illinois, Wyoming, etc. They put over 4,000 miles on the speedometer of their car so

they were glad to get back home and settle down! We had a note from Art Smalley this week and he says he is feeling very good but just has to take it easy. He also told us that Ed Wehrs is home and is doing O.K. We're so happy to receive this good news. Don't forget this Sunday is Father's Day. Let's all honor the one who has made life so much more meaningful for us!

Winter Guest Club News

By Ileen Kull
The shuffleboard games of Saturday June 2, and Wednesday June 7, were both rained out, but most of the players enjoyed a friendly game of cards in our new card room. The pinocle players continue to have three tables each time they play. On June 2, Fanny Klenk and Allen Benson were the two high scorers. Mabel Cabeza and Allene Howard were the champions, on June 5.

NEWS
Mr. and Mrs. Richard Bonnett and their children, Brian, Amy and Jill visited their aunt, Mrs. Allene Howard this week. They were accompanied by Richard's father, Mr. Del J. Bonnett. Richard has recently been appointed head of the Marshall University Geology school at Huntington, W. Va.

Dorothy Gruber has just returned from a most pleasant trip to Knoxville, Tenn. where she visited her daughter Gene and family and was thrilled to see her new grand-daughter. A happy and interesting evening that she really enjoyed was one that included taking the baby out to dinner.

Aileen Christensen's mother, Mrs. Bertha McCauley, writes that she is much better now and is living in her own home and with the help of Aileen and Duke is getting along just fine.

Gorsuch Surprise Party
Sunday June 4, the Art Gorsuch Square Dance Group surprised Art and Yvonna with a picnic dinner. There were nineteen square dancers from Sebring and Avon Park, many who are or have been Winter Guest Club members. Those present from Sebring were Irene and Mathias Pelzer, Florence and Ed Gray, and Charles Vignere, Fern Seelig, Kay Lochen and Ida Gordon. Those from Avon Park were Ethel Kime, Thelma Miller, Grace and George Kloha, Mayme and Elmo Gorsuch and Ileen and Clay Kull. The piece de resistance was a beautifully decorated cake complete with square dancers, musical notes and an inscription "YOUNG GREAT-ART". The cake was made and decorated by Irene's daughter Marsha Gebhardt of Winter Haven. We were also treated to home made strawberry ice cream, made by Irene and Matt. Expressions of gratitude were given to the Pelzers for planning a most enjoyable afternoon and especially to Art and Yvonna for the many years of real fun they provided for us. For many years Art was the square dance director for the Sebring Tourist Club and the Winter Guest Club of Avon Park.

Hospital Report. We still find Harry Gibson in Walker Memorial Hospital but on a

visit to him to-day (June 8.) he says he hopes to be home real soon.

Gene Olson is reported to have been in Walker Memorial this week for tests.

Poultry Manure Can Be Very Valuable

Since Florida is a major poultry producing state, it is also a major producer of poultry wastes, which can be another source of income. "The state of Florida ranks 6th in egg production and 13th in broiler production in the U.S.," said L.W. Kalch,

Associate Professor with the University of Florida's Institute of Food and Agricultural Sciences (IFAS). This also means that Florida produces a lot of poultry waste — about 750,000 tons annually. "At a value of \$5 per ton, this waste is worth \$3,750,000,"

Kalch said. "Similarly, at \$10 per ton the waste has a value of \$7,500,000."

Kalch, who is with the IFAS poultry science department, said research at the University indicates that poultry waste as a fertilizer for corn is worth approximately \$16, and that

four tons of the waste per acre produce about the same amount of corn as did commercial fertilizer. Cost of the commercial fertilizer at the time of the study was \$65 per acre.

Interestingly, Kalch said, although poultry waste has

great potential as a fertilizer, especially on the infertile, sandy soils of Florida, it perhaps has even greater potential as a feed ingredient for ruminant animals.

"If poultry waste is to be used as a feed ingredient, however, a quality product is

required and extra waste management practices because a necessity," Kalch said.

To be used as a feed, poultry waste is mixed with silage and plant matter or grains and is about 15 to 20 percent protein. Kalch said the practice of

"rotovation" of cage waste is good. This is a stirring process which aerates the waste and dries it so that it has no odor and doesn't attract flies. In this way the waste is uniform in particle size and has a lot and uniform moisture level throughout the product.

However, sand can become mixed with the waste during this process, and causes problems in its use as a feed ingredient because it results in high ash levels.

"Therefore, it is important that during rotovation or removal of waste, the equipment is kept out of the sand area," Kalch continued.

Kalch said such articles as glass and aluminum should also be kept out of the poultry waste since this could have an "adverse effect" on animals consuming feed which includes processed waste.

Proposition 13 Subject For Democrats

Democratic leaders will meet here Saturday and the results could be a court suit challenging the recent action of the legislature making the Florida Public Service Commission elective, rather than appointive.

C. Wesley Ward, Chairman of the 10th Democratic Congressional District has called a meeting for 11 a.m. Saturday at the Sun N Lake Country Club here to discuss the appointive PSC and passage of proposition 13 in California last week.

Ward said he was astounded that the Legislators yielded to the arm twisting of Gov. Askew in passing the bill in a special session to do away with the three elected public service commissioners in favor of five appointees. "I feel the special session the Governor called on the pretense of passing a sovereign rights land bill was a farce," Ward said. "The real reason was to get this PSC bill passed and our Legislators fell for it. It just goes to show how far removed the Legislators are from the people."

Ward said he was astounded that the Legislators yielded to the arm twisting of Gov. Askew in passing the bill in a special session to do away with the three elected public service commissioners in favor of five appointees. "I feel the special session the Governor called on the pretense of passing a sovereign rights land bill was a farce," Ward said. "The real reason was to get this PSC bill passed and our Legislators fell for it. It just goes to show how far removed the Legislators are from the people."

Ward said this proposal was in the Constitutional Amendment that would have been on the ballot in November. "The Governor knew it had no chance of passing by the voters," Ward said.

"I have had many calls from Democrats in the 10th District who are really upset about this PSC bill," Ward said. "It is very possible that after the meeting Saturday, we will hire an attorney and seek court action to test the power of the legislature. I am sure that Other Democrats and organizations in Florida will join us in the suit."

"Another item that has gained much attention since the California election last week is the rapid rise in property taxes and the huge increases in Government spending," Ward said. "The government is supposed to be by the people, but it has become a government by the elected officials who want to spend more and more."

Ward blasted the Governor and the Legislature by saying they have increased the number of state employees by some 60,000 since Askew took office. He said the Legislature mandates certain programs such as saying when property will be reassessed and how much. "Local officials don't fight these proposals until they become law, then it's too late in most cases," Ward said.

Ward estimates that within two years, Florida taxpayers will unite against the property tax and government spending and will pass a law similar to California's via the petition route. He said a couple of feeble attempts have been made in Florida by the Legislature to limit state employees, but never got very far.

The 10th Congressional District includes all or parts of 15 counties in the South Central Florida area from Coast to Coast and reaches into Orange County.

Dad, God Made You To Stand Tall

To Dad:
When the good Lord was creating fathers he started with a tall frame.

And a female angel nearby said, "What kind of father is that? If you're going to make children so close to the ground, why have you put fathers up so high? He won't be able to stoop to kneel, tuck a child in bed without bending, or even kiss a child without a lot of stooping."

And God smiled and said, "Yes, but if I make him child-size, who would children have to look up to?"

And when God made a father's hand, it was large and sinewy.

And the angel shook her head sadly and said, "Do you know what you're doing? Large hands are clumsy. They can't manage diaper pins, small buttons, rubber bands and ponytails or even remove splinters caused by baseball bats."

And God smiled and said, "I know, but they're large enough to hold everything, a small boy empty from his pockets at the end of a day... yet small enough to cup a child's face in his hands."

And then God molded long, slim legs and broad shoulders.

And the angel nearly had a heart attack. "Boy, this is the end of the week alright," she chuckled. "Do you realize you just made a father without a lap?" How is he going to pull a child close to him without the kid falling between his legs?"

And God smiled and said, "A mother needs a lap. A father needs strong shoulders to pull a sled, balance a boy on a bicycle, or hold a sleepy head on the way home from the circus."

God was in the middle of creating two of the largest for anyone had ever seen when the angel could contain her no longer. "That's not fair. Do

You honestly think those large boys are going to dig out of bed early in the morning when the baby cries? Or walk through a small birthday party without crushing at least three of the guests?"

And God smiled and said, "They'll work. You'll see. They'll support a small child who wants to ride a horse to Banbury Cross or score off mice at the summer cabin, or display - shoes that will be a challenge to fill."

Women's Council Holds Meet With Salad Bar

The Women's Council of the First Christian Church met for a salad luncheon Thursday, June 8, at noon in the Fellowship Hall of the church.

Ed Simon and Mrs. Margaret Bush were the hostesses. The table decorations consisted of green sprays, bouquets of roses and a center arrangement of snapdragons and coleus.

After luncheon all adjourned to the church sanctuary for the program, which was conducted by Mrs. James Click. She read verses from First Timothy and First Peter, then led a study from the book "The Measure of a Woman."

The thought was that the mature Christian woman should show herself worthy of respect, for herself and also the respect of others.

At the business session, led by the president, Mr. H.J. Rutherford, officers' reports were read and approved.

A letter from the Mills in New Zealand was read. Cards were signed by those present to be sent to some who are ill. An announcement was made that Nell Hamilton is taking registrations for the Florida Christians Convention which will meet in St. Petersburg in October.

The meeting in July will again be a salad luncheon and will be held at noon.

God worked throughout the night giving the father few words, but a firm, authoritative voice, eyes that saw everything, but remained calm and tolerant.

Finally, almost as an afterthought, He added TEARS. Then He turned to the angel and said, "Now, are you satisfied that he can love as much as a mother?"

The angel shuttled up. By Erma Bombeck, reprinted from the UCC News.

Youth Choir To Present Program At United Methodist Church

On Wednesday, June 28, at 7 p.m. a youth choir "Sunlight" from Trinity Church in Gainesville will present a program in the Methodist Church of Avon Park.

This is an outstanding young choir group and everyone is welcome to come and hear them sing.

Dean Martin pastor of the Trinity Church is the son of Bell Martin of Avon Park.

crafts, games and puppet making will be included for each age group. The time is 9 a.m. until 11:30 a.m. and it will be a busy time for all children who wish to attend.

The Eloise Day Care Center will be the recipient of the offerings and various kinds of puppets for their use.

Avon Mobile Home Park News

Ruth E. Robinson and Mrs. Ralph Helt left on Saturday June 10, and will be visiting with their children; sons Charles in Columbus, Ind., Don in Marion, Ind.; and John in Rochester, Ind.; their daughters Delores in Holcomb, Wis., and Ilo in Waterbury, Conn. They expect to return in September after visiting also with Mrs. Helt's brother in Chicago Heights, Ill. and Mr. Helt's brothers and sisters in Scipio Ind. This was an enjoyable week for the Helt family leaving as their daughter-in-law, Sandy and grandson Greg took a few trips in Florida, to Circus World and Clearwater Beach; the Skyway Bridge over Tampa Bay was the first time for Greg.

The Joseph Bacons entertained dinner guests on Tuesday including: Mr. and Mrs. James Pace from Fairmount Estates, and Mrs. Katie Wycoff with Mrs. Eva Wade, of Avon Park.

Lucille Shoemaker arrived back home on last Thursday after visiting with many of her friends and family, in Indiana. A month away was just right, and an extra bonus was seeing one of her grandsons who was

home on furlough from Austin, Texas. He will be on his way to Rhode Island. Mr. and Mrs. Robert Wilder are experiencing Florida sunshine and storms for a week's vacation in his parents, Mr. and Mrs. Lehr (Bernice) Wilder's mobile home. We do hope they will return in the winter, to experience our wonderful weather, at that time, and they enjoy their week here, now.

Lawrence and Ruth Robinson visited Lake Wales United Methodist Church with Mr. and Mrs. Julius Converse on Sunday and enjoyed having dinner at Marliouisa Cove Restaurant on Lake Rosalie; following that with a good time of fellowship at the Converse home in Fedhaven.

It was like old times to see Floyd and Bonnie Stevens here visiting with Sue and Joe Bacon, and shuffling with friends, on Sunday evening, before the all night rains.

Evangelist Larry Kennedy will speak on Saturday, June 17 at the Sebring Full Gospel Business Men's Fellowship meeting. Held at the Holiday Motel cafeteria, dinner will be at 7 p.m. followed by the meeting at 8 p.m. The public is invited.

A Floridian for 24 years, Larry has a wife and a nine-year old son, Scott.

At the time of conversation Larry was a successful business failure. His business, he says, was prospering, but it had become his god. It has taken over his life and was destroying even his marriage and family.

The continuous prayers of a spirit-filled prayer group over a period of two years culminated in a "Road to Damascus," experience for Larry. In March, 1975, he was born - again, water-baptized, spirit-baptized and called to preach.

FAITH HELPS US APPRECIATE A FATHER'S WISDOM

Despite a variety of unflattering images depicting a father as either too stern or too spineless, the true picture is more likely that of a kindly, hard-working provider and protective shield for his family; the wise arbiter of right and wrong; the author of firm but loving discipline; and a tower of strength at all times. A father tries to conceal his anxieties while setting the example of character and courage for his children, and must provide the answer to any physical or moral crisis that may arise. The Bible is filled with passages in praise of a father's wisdom and guidance, and you should learn to honor and respect your father at the Church of your choice; not merely on special occasions, but every day of the year.

"Hear, ye children, the instruction of a father, and attend to know understanding."

—Proverbs 4:1

Be kind to thy father, for when thou wert young, Who loved thee so fondly as he? —Margaret Courtney

Vacation Bible School Set For June 19-28

First Baptist Church will hold Vacation Bible School, June 19-28 from 8:30 a.m. to 11:30 a.m. There will be classes for ages 3 years through just completed 6th grade. VBS offers a time of interesting activities, fellowship, refreshments and especially the study of God's Word. We want your children to join us for VBS.

Is VBS just for children? We usually think so, but at First Baptist Church this year there is a place in VBS for everyone from the youngest to the oldest! Our youth and adult VBS will be June 19-23, 7 - 9 p.m. The adult classes will be held in the social hall at First Baptist Church. They will be studying "Living in Covenant—God's Dealing with man through the ages."

The youth-grades 7 and 8 will be meeting at First Baptist Church for their classes. Some very interesting things are planned for grades 9 - college. For more information call the First Baptist Church office - 453-6681.

CHICKEN
When is chicken supreme?
When beef prices are rising,
as now, you might reply, the
bird reigns as a bargain, an
attractive alternate to that
costly meat.

When you bone and skin a
chicken breast, a French chef
might respond, you have what
is known in the vernacular of a
fine kitchen as a supreme.
But by boning the cut, you
object, you also cancel its
bargain aspects, for boneless
breasts cost more than \$2 a
pound. Obvious solution: Learn
to do the boning and skinning
yourself, the only necessary
implement being a knife with a
pointed tip, about 6 or 7 inches
in length, honed to razor
sharpness. Bone-in chicken
breasts cost about half those
that a butcher may have
boned. And even cheaper is
buying whole birds and boning
the breasts; remaining
chicken, if not wanted for
immediate service, may be
frozen.

Why, indeed? Its cooking — in
a hot Florida summer when
kitchens can be steamy — is so
short and simple. Its uses are
so many in a luscious salad
with chopped walnuts or
pecans, dressed with a
mayonnaise prepared with a
bit of tarragon, in a Chinese-
style dish with bean sprouts
and bamboo shoots and sliced
water chestnut, in a copy of
veal franchise, for which the
chicken, substituted for the
meat, is dipped in beaten egg
and crumbs, sautéed in butter
and served with lemon slices.
Short, simple cooking? More
than a year ago in this column,
I outlined a method developed
by my friend Irma Rhode, the
New York cookbook author,
who, to do away with dry
chicken breasts, originated
this procedure: Pour boiling,
well seasoned broth over the
raw supremes of chicken,
cover and let stand 10 minutes.
The meat should be done, moist
and tender at the end of that
interval, but if by any chance,
it is not quite cooked, then
simply repeat the procedure.
The chicken may be
refrigerated in the broth, to be
used in salads, sandwiches and
cooked dishes. Better to have
on hand — well, almost — than
money in the bank.

By consuming chicken,
Floridians often are
patronizing a home industry,
and a fairly recent one at that.
We yearly turn out about 74
million pounds, approximately
half of what we eat. The state
stands 13th in broiler-fryer
production (Arkansas and
Georgia are first and second,
respectively). Our production
belt runs along the northern
portion of the state, from
Jacksonville to DeFuniak
Springs, with the southern
limit at Starke.

About two decades ago, when
tobacco farmers in Lafayette,
Madison and Suwannee
counties turned to poultry as a
more promising revenue
source, initial output for 1959
was only 10 million pounds.
With high beef prices prompt-
ing consumers to seek sub-
stitutes, Florida poultry
production will continue to
grow, chicken farmers think. It
is, and has been, swelling
nationally, as shown by
American per capita con-
sumption — a half-pound an-
nually in 1955, more than 40
pounds now. For most of us,
familiarity has yet to breed
contempt; is there anything
superior to chicken drumsticks
fried Southern style?

Supremes to return to them-
are the meatiest portion of the
bird, in a three-pound chicken,
each boneless breast-half
yields about four ounces of
edible flesh. Boning a breast,
once you've done it a couple of
times, takes only five minutes.
How-to-steps are detailed in the
chart accompanying this
column.

Some like it hot; some like it
cold. We refer, of course, to
chicken breast. In the recipes
that follow, designed for
summer parties, the chicken
almond is served hot, the
chicken tomato cold.

thickly sliced
3 tablespoons Italian almond
liqueur
2 tablespoons lemon juice
Grated rind of 1 lemon
2 cups chicken broth
1 tablespoon cornstarch plus 1
teaspoon
6 commercial, frozen patty
shells, thawed and heated, or 1

cup raw rice, cooked according
to standard directions with
addition of few strands of
saffron
1. Combine flour, salt, white
pepper and garlic powder in a
paper bag. Add the chicken
strips, a few at a time, and
shake till coated with flour.
2. Heat butter over low to

medium heat in a 10-inch
frying pan; do not let butter
brown, which it will quickly if
heat becomes too high. Add
chicken; cook a few minutes on
each side, until flesh looks
opaque.
3. Add mushrooms, liqueur,
juice and rind; bring to a boil.
Immediately reduce heat.

cover pan and cook very gently
5 minutes.
4. Meanwhile combine broth
and cornstarch, stirring till
smooth. Add to chicken; cook,
stirring, till mixture bubbles
and thickens. Correct the
seasoning. Spoon into heated
patty shells or on saffron rice.
Yield: 6 portions.
