

Act Assessment Program Available For Students

The Avon Park Sun, Sept. 22, 1977 9A

Students at Avon Park High School who are considering attending college after graduation will have five opportunities during the 1977-78 school year to use the ACT Assessment Program, a guidance-oriented service that is used each year by students throughout the nation as part of their college and career planning.

The first of five national test dates on which the ACT Assessment tests will be offered is Saturday morning, Nov. 19.

Junior or senior students planning to take the exams on that date must have registered by Oct. 21, it was announced by Les Watson, Principal.

He said the full 1977-78 schedule of national test dates (with registration periods in parentheses) is: Oct. 8, 1977 (Aug. 8 - Sept. 12); Nov. 19, 1977 (Sept. 26 - Oct. 21); Feb. 11, 1978 (Nov. 14 - Jan. 13); April 1, 1978 (Feb. 6 - March 3); June 17, 1978 (March 27 - May 19).

At area test centers on those dates it takes students about three hours to complete four standardized exams (covering subject areas of English, math, social studies, and natural sciences) that make up the Test Section. The ACT Assessment's other important section is a two-part questionnaire that is completed by students at home as part of the registration process.

The test scores provide an assessment

of general educational development and the questionnaire section information focuses on academic and nonacademic accomplishments and interests, anticipated needs, as well as educational and career plans.

The resulting test scores and extensive questionnaire information are used by students and their counselors and families to assist in education and

career planning. The information is also used by colleges for academic advisement, admissions counseling, course sectioning and placement, student services, and institutional research.

The basic student fee is \$7.50 for the ACT Assessment Program, which is recommended or required for use by student applicants at more than 2,600 colleges and scholarship agencies.

The ACT Assessment Program is one

of several guidance-oriented educational services provided for students and educational institutions by ACT (The American College Testing Program). With its national headquarters in Iowa City, Iowa, the nonprofit organization also maintains 13 regional offices in other parts of the nation.

Hippos Charged With Falsely Obtaining Drugs

Two charges of fraudulent use of a prescription to obtain drugs have been filed against Patsy Hipps, 22, Avon Park, by Sebring City Police.

Hipps was arrested by Sgt. Mike Carr and Det. Bob Byers Sept. 16 after having allegedly obtained a prescription for Demerol at Gilbert Drugs in Sebring.

According to the police report, the Avon Park woman allegedly telephoned Gilbert Drugs, saying she was at a doctor's office in Avon Park and that she was going to pick up a prescription of Demerol for a patient. After obtaining the prescription from Roy Gilbert, the owner-pharmacist, she was arrested by city police. It was later learned by city police that the Avon Park doctor had not ordered such a prescription.

Three days earlier, Hipps had gone to the same drug store to pick up another prescription of Demerol, stating that she had called from a Sebring doctor's office and was picking up the prescription for a friend. The Sebring doctor also told city police that he hadn't ordered such a prescription.

Police believe that the subject is addicted to Demerol.

Sheriffs Boys Ranch Celebration Open To Public

Many local supporters of Florida Sheriffs Boys Ranch are expected to attend the ranch's 20th anniversary celebration Oct. 1 and 2.

Highlands County Sheriff Joe Sheppard said the celebration, open to the public, includes a horse show and free barbecue at noon on Oct. 1. Highlights for Oct. 2 include dedication of a new residence cottage and an outdoor worship service.

Governor Reubin Askew has proclaimed Oct. 24 as Florida Sheriffs Boys Ranch Week. Many Highlands County citizens have contributed to the support of the ranch located near Live Oak and to the newer projects, Girls Villa near Bartow and Sauls Youth Ranch near Clearwater.

Meetings Set For Water Users

-SWFWMD

According to Tim Hurner, Highlands County, Agricultural Extension Director, the Wednesday, Sept. 21 meeting scheduled for citrus growers, cattlemen and other large water users, to meet with officials of the South West Florida Water Management District (SWFWMD) has been cancelled.

However, another meeting has been scheduled for water users and the district officials to meet at 10 a.m. Oct. 10 at the Ag Center on U. S. 27 south of Sebring. The purpose of the meeting is instructions on filling out permits for water usage.

CETA Personnel Approved For County

Ten new positions have been approved for county agencies through federal funds provided in Comprehensive Employment Training Act (CETA).

The new positions' grant carries through the 1978 fiscal year, Charles Cullens, county administrative assistant, told the Highlands County Commissioners at their Sept. 20 meeting.

Cullens said he had a backlog of requests for CETA personnel. The positions now funded will be allocated to the road and bridge department, three; to the sheriff, one; clerk of the courts, one; disaster preparedness department, one; one each to Avon Park, Sebring and Lake Placid, and one to Sebring Airport Authority.

The commissioners authorized a resolution allowing the town of Lake Placid to file for comprehensive planning grant money through the county since the town does not meet minimum population requirements.

Cullens told the county board a \$192,337 grant — from the federal Economic Development Act — has been approved and a contract will be signed, pending review by County Attorney R. P. Dunty Jr.

Crawford Speaks To Rotary On Criminal Justice

Representative Bob Crawford

Two Women Honored By The Highlands County Farm Bureau

Two women—one a rancher and the other a citrus grower—along with a young Lake Placid caladium farmer were honored at the 37th annual meeting of the Highlands County Farm Bureau Tuesday night.

At the meeting, which was addressed by gubernatorial hopeful State Senator Bob Graham, the three received awards from the Florida Banker's Association.

Mark Richardson was named the outstanding farmer of the year. His father, George, was likewise honored a few years ago.

Lady rancher Mrs. Bee Anderson was honored for her achievements in ranching. She owns and manages a 1,000 acre spread southwest of Sebring.

Mrs. Helen Ramer of Sebring was cited for her work in citrus production. Much of her work has aided soil conservation and a water management.

The senator also challenged Farm Bureau members to "sell the importance of agriculture to persons over 65. Persons over 65 make up one out of every six people in the state," he said. "They are going to be the dominate political force in the future."

At the meeting, which was attended by several hundred persons, Steve Maxwell, Ed Smoak, Edgar Stokes and Steve Reynolds were elected to the board of directors for the upcoming year.

Presenting the awards for the Florida Banker's Association was Bob Daubach of the Highlands County Bank of Avon Park. Steve Maxwell of Avon Park, president of the Farm Bureau in Highlands acted as master of ceremonies. The meeting, which included a barbecue dinner, was held at the Agri-Civic Center.

Avon Park Rotary Club program chairman Gayle Murdock, introduced District 49 State Representative, Bob Crawford, who spoke on Florida's "Criminal Justice."

Representative Crawford, a graduate of the University of Miami is the owner of Bob Crawford and Associates, investment firm in Winter Haven. In the state legislature he is a member of the Criminal Justice Commission.

His first comments related to the execution of an inmate in one of Florida's prisons. It appeared that Representative Crawford was highly in favor of capital punishment. He said he has visited inmates on death row and most of these inmates are in favor of capital punishment but most of them feel for some particular reason they should never go to the electric chair.

He stated most of these inmates have a great fear to walk down death row. Representative Crawford continued on capital punishment and stated that a rapist or robber needs an incentive not to kill his victim. It would be his fear of possibly getting the electric chair when caught.

The average prisoner sent to a Florida prison, for 10 years, actually serves about one and a half years and continued Representative Crawford, statistics

prove that 70 percent of the prisoners released from Raiford prison will return to prison. He thinks prison life is too pleasant and thinks we should set up a "model" work camp for prisoners and have a hard work atmosphere. He advocates that prisons should create the type of atmosphere that if a prisoner is released he will make every effort to stay out of prison.

Representative Crawford said he had just been appointed to a "Commission to Investigate Organized Crime". He pointed out that organized crime is on the move to Florida, especially south Florida. These people control 70 percent of the pornographic theatres.

Although he is a member of the Florida House of Representatives, Representative Crawford, stated he sometimes feels he has trouble getting the rest of the house to listen to him.

In a question and answer session Representative Crawford was asked how he felt about one of the Ten Commandments which states, "Thou Shalt not Kill!" He replied with, really we care more about saving lives by using capital punishment. A Rotarian added that according to the Bible the law has this right (to take a killer's life) if deemed necessary.

In answering a question about more help from the local level to help stop crime, Representative Crawford agreed this was a real need and we need to do everything we can to stop crime before it happens.

A final question concerned, what are we doing for the VICTIMS of crime? He agreed this was a real need but does not feel the state should drain the taxpayers to pay this. Representative Crawford thought the real answer is to require the criminal to pay compensation to the victim.

Forestry Firefighters Answer Call

Florida Forest Service firefighters were called out for only one blaze in the past week. Sparks from a trash fire ignited the fire near Lakemont. Flames

were extinguished by the time the Forest Service truck arrived. Less than a tenth of an acre had been involved in the fire.

CROSSING THE TWENTY yard line is Red Devil halfback Anthony Carter after a run from the thirty-yard line. Almost

the entire Lake Placid defense (white jerseys) converge on Carter to stop the speedy back at the eighteen. Carter

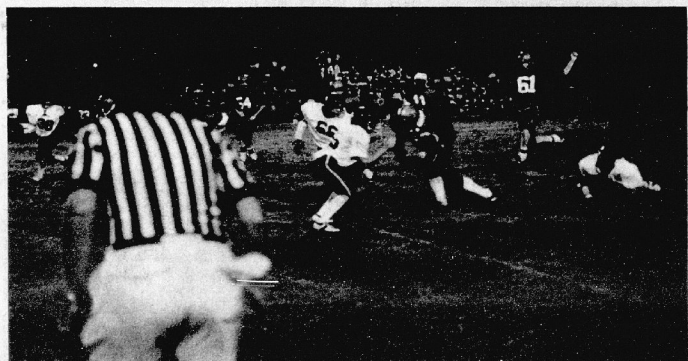

picked up 62 yards with 8 carries in the game last week in Lake Placid which the Devils won 39-0. Sunphoto by Lew Miller.

STOPPED JUST SHORT of the goal line, Rufus Wilson is surrounded by Green Dragons defenders in the first quarter of

play last Friday night in Lake Placid. Wilson went on to score the first of two first quarter TD's to lead Avon Park to

the 39-0 victory. Sunphoto by Tom Fleming.

DEVIL FULLBACK RUFUS Wilson lowers his head and charges into a Lake Placid defender after a long gain last

Friday night in Lake Placid. Wilson gained 274 yards on the ground against the Dragons to lead Avon Park to a 39-0

victory. Sunphoto by Lew Miller.

Cross Country Teams To Take On Sebring Today

The Red Devil Cross Country teams, both boys and girls, will compete against Sebring High's Blue Streaks today (Thursday) on the Sebring 3.0 mile circuit. The 4 p.m. contest will pit the 2-2 Devils against an experienced Sebring squad which opened its season last Tuesday against Arcadia. The female thin-clads will compete over a 1.5 mile course.

Last Thursday, the Devils were outdistanced on their home course by Clewiston and course record holder Scott Scheffer. The Devils were able to defeat a young Ft. Meade squad in the three-team meet. Team scores showed Clewiston with 20 points, Avon Park with 30, and Ft. Meade finishing with 64. The local thin-clads were without their number two runner Mark Myers who had to work.

Top finishers for the Red Devil varsity included Alan Portis who finished second in 17:30, Jerry McKenzie coming in ninth in 18:56, Tim Cribb taking eleventh place with a 19:16, Tim Salter finishing fourteenth and Jacques Thomas coming in fifteenth at 20:27 and 20:31 respectively.

Bill Porter finished seventh in 20:43 to round out the Red Devil scoring. Scott Scheffer, of Clewiston, was the individual

winner with a fine time of 16:13 over the 3.0 Avon Park course.

Avon Park won the Junior Varsity contest as Sam Finch won top honors with his first place finish in 19:50. The young Devils captured the third through twelfth positions as they showed great junior varsity team depth over a Clewiston junior varsity unit.

"I was very happy with the junior varsity result," stated Coach Brojek. "I'm hopeful we will be able to develop

our varsity runners along the same line of group running."

"We had great improvement over the times posted in our first meet," continued Brojek. "I feel Portis, McKenzie, and Cribb on the varsity deserve credit for their fine efforts. Sam Finch and Mike Knight (third in jayvees run) both had outstanding efforts in the junior varsity contest and will run on the varsity against Sebring."

Women Start 77-78 Year With 36 Hole Medal Tournament

The Pinecrest Women's Golf Association will start their 1977-78 season with a 36 hole medal play golf tournament at the Pinecrest Country Club Golf course on Saturday and Sunday, Sept. 24 and 25.

The tourney will be sponsored by the Barnett Bank of Sebring. Prizes will be awarded to the first and second gross and first and second low net of each flight. All members are urged to sign up by Thursday, Sept. 22.

The new officers, elected last May, for

the coming year are: Mrs. Burt (Mark) Ostling, president; Mrs. Earl (Joyce) Johnson, vice-president; Mrs. Richard (Edith) Martin, secretary; Mrs. Ed (Mary Jane) Touchton Sr.; Mrs. Earl (Helen) Griffith, tournament chairman and Mrs. Anthony (Helen) Eppolito, tournament chairman.

Winners of last weeks golf event (best ball threesome) were: Edith Godwin, Helen Eppolito and Edith Martin.

Red Devils Take 39-0 Win From Lake Placid

Red Devil fullback Rufus Wilson romped through the Lake Placid defense for 274 yards and scored two touchdowns last Friday night as Avon Park shut out the Green Dragons 39-0 down at Scarborough Field in a Heartland Conference and a Class AA District contest. It was the second straight win for the Red Devils and the second loss for Lake Placid.

This week the Avon Park varsity will get a tough test when it goes down to Arcadia to take on the DeSoto High Bulldogs in a conference tilt. The Arcadia team is also undefeated after two games. The Bulldogs defeated Sebring 20-6 and Riverdale 14-0. They showed a varied offense and a stingy defense in both games. The Red Devils will have to pull out all the stops to beat the Class AAA Arcadia squad on the DeSoto High home field.

Down in Lake Placid last Friday night, Coach John Hunter was able to clear his bench during the second half and give all of the Red Devils players some valuable playing time. Reserve fullback Jimmy Brown came in to score three touchdowns after Rufus Wilson crashed through for the first two TD's of the game in the first quarter.

Halfback Ricky Bivens scored the final touchdown after coming in in the fourth quarter for Jeff Adams. Halfback David Jahna had a TD called back after a fine run because of a holding penalty, and defensive reserve back Keith Alwood intercepted a pass and ran over thirty yards for a touchdown that was called back due to another holding penalty against a teammate.

The first Avon Park score came at the end of a 67-yard drive after the opening kickoff. Wilson carried the ball six times to cover the yardage needed and went into the end zone from three yards out. Jamie Dennis kicked the extra point with Decaris Jones holding.

The second Devil TD came midway in the first quarter on an eighty yard drive. It took just five plays to move into the end zone with Wilson powering through from the five yard line after Anthony Carter and Jeff Adams had contributed runs of fourteen and twelve yards near the end of the drive. Again Jamie Dennis kicked the point after to put Avon Park ahead 14-0.

Early in the second quarter the Devils mounted another drive from their own thirty. Wilson and Carter teamed up to march to the two yard line. Then Jimmy Brown came in to spell Wilson and scooted into the end zone for his first TD of the year. Once more Jamie Dennis' kick was good to set the score 21-0.

Late in the first half, Lake Placid had a golden opportunity to score when a Dragon blocked an Avon Park punt and ran it to the Devil seven yard line. However, a fumble by a Dragon back was recovered by Devil defensive back Mike Torrey at the ten to stop the threat.

Avon Park's fourth TD came late in the third period after a sustained drive of eighty-five yards. The drive consisted of twenty and thirty yard gains by Wilson, a thirteen yard pass from Sizemore to tight end Eric Wilson, and an eight yard gain by Anthony Carter. Those four plays put the ball on the Lake Placid seven. Jimmy Brown scampered through for the touchdown. The kick by Dennis for the point after was blocked by former Red Devil Ricky Bush.

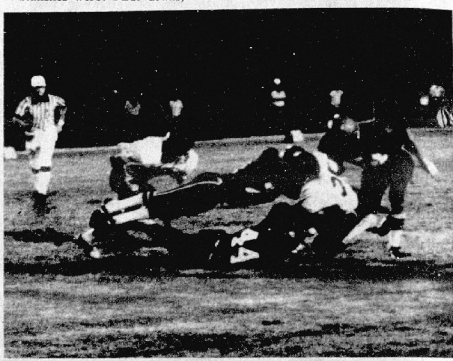

Lake Placid fumbled four times after the score hit 27-0 with Earl Abbott recovering one and then an unknown Devil recovering the ball at the four yard line early in the fourth period. Again it was Jimmy Brown who scored for Avon Park going in from four yards out this time. The kick for the conversion point was no good but Avon Park had a 33-0 lead.

Avon Park's final touchdown was scored by newcomer Ricky Bivens. The speedy junior halfback ran the ball in from seven yards out to climax a forty-five yard drive after Jimmy Brown recovered a Dragon fumble. A halfback run for the two point conversion was stopped short, leaving the final score 39-0 with Avon Park on top.

Statistics were: First downs, Avon

Park 23, Lake Placid 5. Rushing yardage for Devils 500, Dragons 39. Passing yardage for Avon Park 24, Lake Placid 7. Lake Placid lost 5 fumbles, Avon Park lost 1. Devils drew 130 yards in penalties.

Dragons were penalized 51 1/2 yards. Avon Park had one punt for 18 yards and one punt blocked. Lake Placid kicked 5 times for a 31.6 yard average.

RED DEVIL DEFENDERS Mike Torrey (44), Mike Parker (54) and an unidentified flying tackler crunch a Green Dragon runner during the Heartland Conference game in Lake

Placid last Friday night. The Devil defense shut out the Dragons 39-0 and gave up only 46 total yards during the game. Sunphoto by Tom Fleming.

Big John Hit By Lake Wales 'Big One'

Big John Ziegler never played football in high school in Pottstown, but he was laid low by a "big one" as he was backed against the fence trying to avoid the play Friday night, Sept. 9 at Memorial Field. The "big one" John referred to was a Lake Wales ball carrier who was tackled, when he was going out of bounds, by two Avon Park defensive players. With his knee cap hit by a shoulder pad, John felt his leg go numb and he couldn't move. Later he was told that the knee cap had been shattered and would have to be pinned together. Some torn ligaments would also have to be removed.

John started pulling the measuring chain and handling the yard marker when Coach Carter was still at Avon Park High School. He recalled getting a bruised ankle once at Fort Meade about 10 years ago while helping pull the chain

marker. But he had been spiked many times while umpiring baseball games, sometimes in every game. Growing up in Pottstown, Pa. in the heart of the Pennsylvania hard coal region, John signed a contract to play two games a week in the Black Diamond League, but it was not considered a professional league. He worked in a battery factory until he entered the Air Force.

During the war John was stationed at Hendricks Field, Sebring and after being discharged came to Avon Park in 1945. John started with the city street department in March of 1946 and played some semi-pro baseball in Avon Park. A temporary cast was taken off of his leg cast was put on. John went home late Saturday and expects to be tied up by the cast on his leg for about a month.

Rec Department Hopes To Complete Weight Room

The Avon Park Recreation Department is in the process of setting up a Weight and Exercise room at the Recreation Center. The department has purchased some weight and exercise equipment with Federal Revenue Sharing monies, which include a six station weight machine, benches, and ladies waist exercise machine.

In order to have a good program, the department is in great need of more loose weight equipment, and exercise devices, such as barbells, sets, dumbbells, bench-

press benches and loose weights, big exercise, etc.

If you have some weights that you no longer use, please donate them to the Recreation Department to be used in organized exercise programs. Your contributions will be greatly appreciated by the many who will benefit from this program.

Call the Recreation Department at 453-6881 after 3:00 p.m. for any information.

WITH THE RED Devils ahead 21-0, the Avon Park varsity cheerleaders relaxed at halftime last Friday night in Lake

Placid while the Green Dragon band performed. From left: Debbie Cushman, Cindy Evers, Barb Noaker, Paula

Sheffield, Traci Hill, Rhonda Landress, Margaret Miracle, and Carla Lunford. Sunphoto by Tom Fleming.

Now Is The Time For Camping

Now is the time for all campers who like privacy and adventures with wildlife to plan an outing to one of the wilderness areas in Florida's state parks.

Two parks with outstanding primitive camping areas are Mike Roes Gold Head Branch, located near Keystone Heights in north Florida, and Torreya, 13 miles northeast of Bristol in the Florida panhandle.

"I recommend both parks highly," said Maj. Jim Stevenson, chief naturalist for the Department of Natural Resources' Division of Recreation and Parks. "The Gold Head Branch site overlooks Lake Johnson, and Torreya's campground is on a high bluff from which backpackers have a marvelous view of the Apalachicola River."

Stevenson pointed out that days will be cooler and drier as fall approaches. "Autumn is one of the best times for camping out, with the threat of flooding or torrential rains lessened," he said.

In planning an outing, campers should remember that all gear and supplies, including drinking water, has to be taken into the area on their backs. Also, since the number of persons using primitive areas is limited to maximum capacity, they should telephone ahead for reservations. Both Gold Head Branch and Torreya have a limit of 12 persons.

Campers using primitive areas are charged 50 cents each a night. They are advised to register and obtain parking instructions from the superintendent before heading for the site. A map showing the area's location and access by nature trail is contained in a pamphlet they receive.

Chances for seeing wildlife at the parks increase during the fall, as visitors are less prevalent. Gold Head Branch is noted for its variety of mammals. Deer, foxes and even black bears are seen. Wading birds frequent the shore of Lake Johnson.

Beavers building dams on the Apalachicola River can be sighted at Torreya, as well as wading birds. Wild turkeys, deer and bobcats are common. The park also has many reptiles, amphibians and plants found nowhere else in the state. Among rare tree species are the Florida yew, including a world champion yew, and the Torreya, from which the park receives its name.

AVON PARK RED DEVILS junior varsity football team won its opening game last Thursday night by a score of 54 over Fort Meade. Tonight (Thursday) the jayvees will go to Frostproof to play the Midg junior varsity at 7:30 p.m. From left, seated out front: Ball boys Robert Turnbull and Bobby Barnes. Front row: Todd Bennett, Lauren Ellis, Kirk Evans, Greg Whidden, Gerald Jones, Dwayne Council, Tommy Turnbull, and Darwin Ford. Second row: Steven Godfrey, Jody Dennis, Phil Cribb, Mark Steedley, David Hardy, Alvin Conner, James Berry, Mgr. Billy Bolden and Mgr. Alvin Hardy. Third row: Coach Hoppy Rewis, Andy Leach, Kelley Graham, Tim Minard, Steven Cooper, Charlon Weathers, Carl Wingate, James Simpkins, Edwin Cooper, Allan Liskey, Ricky Norris, and Coach Don Sisemore. Back row: Greg Baldwin, Johnny Barnes, Chris Collins, Steven Peters, Terry Kelley, Jeff Caldwell, Kenny Cribb, Ricky Johnson, Farris Jahn, Ricky Derkman, and Darrell Kendrick. Sunphoto by Lew Miller.

Jr. Devils Edge Out Ft. Meade 8-6

A sixty yard touchdown scamper by Gerald Jones, and an end run for the two point conversion by quarterback Charlton Weathers gave the Avon Park Red Devil junior varsity football team the edge over Fort Meade last Thursday night here at Memorial Field as the Devil jayvees took an 8-6 victory in their season opener.

Tonight (Thursday) the Avon Park junior varsity will play the Building jayvees in Frostproof. With the 8-6 win over Fort Meade tucked under their belts, the Devils "Bees" will go to Frostproof hoping to put more points on the board.

In spite of gaining 206 yards rushing last week, four lost fumbles and a kick that was almost blocked and went for minus yardage, kept the Avon Park offense from scoring more than the one TD. The Devil jayvee will play Frostproof again late in October here at home but would like to stay in the win column this week with a victory tonight.

Last Thursday night, a big Fort Meade squad came to Memorial Field with a 20-6 win over Mulberry already posted. The Avon Park jayvee was playing its first game. All of the scoring came in the second quarter after the Red Devil "Bees" had stalled in the first period after driving over sixty yards.

Fort Meade scored first. Avon Park attempted to punt from its own eighteen yard line on fourth down. The punt hit a Ft. Meade defensive player and bounced back to the thirteen yard line. The junior Miners took over at that point and moved to a first down at the two yard line. Then Vince Clesney drove through for the touchdown. A penalty on the extra point attempt moved the ball to Avon Park's one and a half yard line but the Miner kicker never got a chance to kick the ball due to a bad snap from center. The Miners led 6-0 early in the second period.

The Avon Park jayvee offense scored on the next drive. Starting at the Red Devil fifteen, Carl Wingate picked up ten yards. Then Gerald Jones added ten more. Wingate went to the forty on a five yard plunge. From that point, Gerald Jones took a reverse hand-off from Quarterback Charlton Weathers and skirted left end to race 86 yards for a touchdown to tie the game up 6-6. Weathers rolled out to his left with a quarterback keeper and swept into the endzone for the two point conversion that gave Avon Park the margin of victory.

Before the second quarter ended, Gerald Jones intercepted a Miner pass and Dwayne Council recovered a Ft. Meade fumble, but the Devils couldn't score again. Late in the first half, the Devils drove to the Ft. Meade five yard line but fumbled away the ball.

Avon Park lost the ball three times in the second half on fumbles to hamper any offensive drive. Andy Leach recovered a Miner fumble for Avon Park early in the fourth period but the Devils fumbled right back five plays later. The game ended with Avon Park driving on the Ft. Meade sixteen yard line.

Penalties played the Ft. Meade offense which gained only 86 yards on the ground and picked up 10 yards through the air on one completion. The Devil jayvee defense did a good job of holding the Miners when it was necessary.

Playing defensive line for Avon Park was Terry Kelly at nose guard, Kelly Graham and Greg Baldwin at tackles with Allan Liskey alternating some of that slot and Mark Steedley and Andy Leach at the end positions.

Devil linebackers were Tim Minard, Dwayne Council, and Chris Collins who probably led in tackles for the Avon Park team. Weathers and Alvin Conner were the defensive halfbacks and Gerald Jones handled the safety back job of defense.

The offensive line for Avon Park which led the way for the backs to gain the two hundred plus yards had Andy Leach at center, Mark Steedley and Tim Minard at guards, Greg Baldwin at outside tackle and Kelley Graham at inside tackle. Ricky Derkman was the tight end and Alvin Conner and Johnny Barnes alternated at wide receiver.

Charlon Weathers did a fine job at quarterback with halfback Carl Wingate and Fullback David Hardy picking up over fifty yards each and halfback Gerald Jones gaining 114 yards for a 9.5 average per carry.

Fall Racquetball Tournament Starts Oct. 10

The Avon Park Recreation Department will be starting the Fall Racquetball Ladder Tournament Oct. 10. This time there will be an "A" and a "B" ladder in each Division to get more participation and more even competition. Participants will be required to stay in the "A" ladder once the tournament begins, but may advance from the "B" to the "A", (starting at the bottom) if they believe that they have improved enough to compete in that division.

The same rules will apply for this tournament that were in effect last. The main object will be the same also, to work your way to the top of the ladder by challenging teams either directly above you or two steps up the ladder. The teams that stay in the No. 1 and No. 2 spots the longest will receive an award.

The tournament will have the following divisions: Men's Doubles "A" and "B"; Men's Singles "A" and "B"; Women's Doubles "A" and "B"; Women's Singles "A" and "B"; Boy's Singles and Girls singles.

The tournament will end Dec. 12, with the awards being given to the top two spots on the ladder. All area players are urged to enter, no matter what your skill.

REGISTER NOW BY CALLING 438-6881 AFTER 3 p.m. The fee will be \$2 per person per event. Join in, just for the fun of it!!!

Range Open

The Avon Park Air Force Range will be open for archery hunting as well as all other recreational activities at 5 a.m., Saturday, Sept. 24, 1977.

All parties are reminded to check in and out of the Florida Game and Fresh Water Fish Commission Check Points located at the Main Gate of the Air Force Range.

The Check Point will be open 5 a.m. until 9 p.m. on Saturday and 5 a.m. until 8 p.m. on Sunday. Please confirm these times prior to arriving by calling 438-3327 or 432-4195.

Middle School Devils Get 16-0 Win

Ronnie Barnes scored two touchdowns and a two point conversion to lead the Avon Park Middle School Red Devil football squad to a 16 to 0 victory over the Lake Placid Green Dragon middle schoolers. At Memorial Field last Tuesday night.

See next week's SUN for Lucy's play by play write-up. Next Tuesday night the Middle School Devils play the Sebring Middle School team at Sebring, game time 7:30 p.m.

Middle Schoolers To Play Sebring Next Tuesday

The Avon Park Middle School football team will play the Sebring eighth graders at the Sebring field next Tuesday night at 7:30 p.m. The Devil eighth graders opened their seasons last Tuesday night here at Memorial Field against Lake Placid.

Cecil Walley and Ben Nelson are coaching the youngest of the Red Devil football squads this season. Over forty boys tried out for the team but the number has dropped due to eligibility and other reasons. The Middle School team is made up mostly of eighth graders but there a few seventh graders working out at practices with the squad.

Expected to start on offense for the Middle School team at quarterback will be Joe May with Ronnie Barnes and Terry Portis at left halfback and Calvin Wingate and Warren Moreland at right halfback. Tony Moore and Leroy Starling will see action at fullback.

On the line will probably be tackles John Hood, Stuart Yundt, and Wayne Whitaker; guards Walton Touchton, Robbie Kopp, or Robbie Kendrick. Jeff Brock and Bryan Oliver may start at end.

Others out for the line are Dwayne Durrance, Lorenzo Walker, Roosevelt Wyche, Steve Smithson, Michael Bent, Ben Casey, Tony Thompson, Sam Jolly, Andy Spores, Joe Evans, Charles Dunn, Desmond Albritton, Juan Sanchez, and Bart Murphy.

Other backs on the team are David Bennett, Bobby Smith, Chester Daniels, Courtney Weathers, Andy Spores, James Henry, Noel Jahn, and Gerald Bristow.

Three Boat Launching Sites Made Public

Three of five proposed boat launching sites to get a "public property" tag were approved by commissioners Tuesday in response to requests from the Bass Busters Club.

Launching sites on the west side of Lake Adelaide; the north side of Lake Damon and the south side of Lake Viola were approved for "public property" at your own risk signs, but similar areas on Lake Byrd and Lake Lillian were determined to be private property after a map search, Gordon Hays, county engineer, said.

The county has no liability, ruled County Attorney R. P. Dunt Jr., in simply identifying the property.

The request was made because fishermen have complained that adjoining property owners often begin maintaining fringe areas and often chase boaters away from land which is owned by the public.

LABORATORY STORAGE ROOM for radioactive raw materials for use with nuclear medicine equipment at Walker Memorial Hospital. Sunphoto by Lew Miller.

Nuclear Equipment

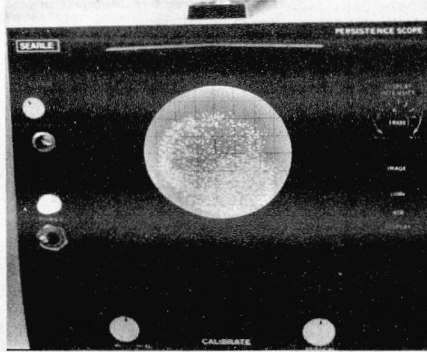

allow for the increased use in the future. During the past year it has been difficult keeping up with the volume of work by using the old equipment.

An added feature of the Scintillation camera system is that the raw materials can be secured from drug houses and stored at the hospital. With the old equipment the nuclear isotopes had to be secured elsewhere and if an isotope had a half-life of six hours, half of that time might be used up before the isotope arrived at Avon Park.

The hospital receives, from the drug company, a new generator every week for making the nucleides. The generator is used for a week and the old ones are returned to the drug company every five weeks.

The use of raw materials reduces the time lag in securing the isotopes and reduces waste as only the amount of isotope needed is made in the fission generator.

Walker Memorial Hospital officials stated they were pleased to offer to the Highlands Community such services as are ordinarily found only in larger communities. This decreases the necessity of sending patients out-of-town for health care.

THE VISUAL SCOPE of the PHO Gamma V Scintillation camera system shows the outline of the brain and skull of a patient.

Zoning Changes Made

A portion of a Lake Denton street was closed and five rezoning requests approved without objection at a series of public hearings held Tuesday by the Highlands County Commission.

Avon Park attorney Hue Nunnallee told the board his clients, Mr. and Mrs. Charles Shaw were acquiring a small parcel from the Seaboard Coastline Railroad to even out their Lake Denton property. There is no objection to any adjoining property owners, he said.

Approved without comment were: — Gordon and Rosie L. Hart's request for a zoning change from mobile home and residential subdivision to industrial heavy equipment for five lots near the Town of Avon Park.

— A request from Irvin G. and Edith S. Pervis to change a lot in Sun 'n Lake Estates Acres, Lake Placid, from agricultural to mobile subdivision.

— The request of Cavender Groves Inc.

to rezone 7.7 acres, with 1,135.15 feet on the east side of U.S. 27 from agricultural to general retail and wholesale.

— Fred and Ellen Crockett's request to change from agricultural to multiple-family-residential their land on SR 621, near Lake Huntley where Crockett's Lakeside Cottages are located.

— Glenn and Rachael Hunter's request to change land on the east side of US 27 near Lake Placid from agricultural to general retail and wholesale.

Merchant Interest Rising

The Avon Park Chamber of Commerce sponsored Sidewalk Sales is creating so much interest the event has been extended to two days Friday, October 7 and Saturday, October 8, from 10 a.m. until 6 p.m. each day.

This unique sales promotion is mushrooming to cover the entire city. Twenty seven business concerns have joined up in the planning of these sales days which are the first of this nature, in

the history of Avon Park.

According to Anna Belle Worden, Chamber Manager, all kinds of items will be featured from old cars to packaged doughnuts.

It will be a far reaching flea market type sale with bargains galore, designed to stimulate business and create interest in shopping in Avon Park. The merchandise will be displayed in front of

each business concern for the two designated days.

If you want to serve a different kind of hearty and delicious salad at your next barbecue, buffet, picnic or church bazaar, write for a free leaflet on "Rice Salads" to: Rice Council of America, Box 22802, Houston, Texas 77027.

School Energy Conservation

he gets them in high school classes. He asked how restructuring would affect the classroom effort.

"Restructuring is bound to have the ultimate classroom effect," agreed board and administrators. They said more definite responsibility assignments should relieve many present situations created by what board chairman Mrs. Ruth Davis called a "school system which grew because someone needed a job." She added that she hopes to "weed out personalities and produce a more than adequate school system."

She disagreed with board member Steve Roberts' observation that having an elected superintendent and an elected board tend to make people in the system uncertain. Mrs. Davis said with "the right plan and a top administrator" the "job goes on" despite electiontime changes.

One administrator, Tom Johnson, lamented, "I see a widening gap between the low achievers and the gifted students. Naturally parents and teachers alike respond to the bright or gifted student. The need is greater at the lower levels, but the rewards greater at the higher levels."

Mrs. Davis said she defines

underachievers as those "who have been turned off. I think parents are more vocal about their students' creativity being turned off in the lower grades," she noted.

Mrs. Handley had noted that the MGT study had no student input. She said Monday, "It is for our students that we in the schools need to create an 'attitude of learning' which puts the responsibility on the student. Everyone knows what they want for the student, but what does the student want for himself?"

Mrs. Margaret Turnbull, Avon Park board member who with Ken Grady of Sebring had pushed the hiring (for \$12,900) of MGT for the study as a private, not state, effort, said she likes

the results but is disappointed at the low teacher input. The MGT team interviewed "about 60 people" in the county, about the same sampling used in other counties of similar backgrounds and enrollments.

Dr. Boutwell of the MGT staff told the board the team's first efforts at interviewing from school rosters were "unyielding" so assistance was sought from principals. The team asked for interviews with one or two teachers per school, people with at least five years tenure he explained.

Boutwell praised the "positive feelings" the community has about the schools.

Hillcrest - "Old-Fashioned" Care

"It's like a drama. A real life family unit drama."

That's how Ruth Lewis, Administrator-in-Training, describes the day-to-day activities at Hillcrest Nursing Home.

Mrs. Lewis is concerned about one of the images that many people have about nursing homes—that the patients must spend their lives staring at four walls and not being engaged in any kind of activities. This is just not so says Mrs. Lewis. "The patients are actually participating in this little drama that we are putting on. They watch and observe everyone from the cleaning women to the other patients. We have constant activity, constant movement."

Because a patient is physically inactive does not mean that patient is mentally inactive as well. Patients often engage in what is best described as passive participation. Watching the constant flow of movement and activities is one example of this type of behavior. Listening to music is another.

Music, religious activities important for patients

"Our patients enjoy listening to music and singing. It's one thing that they can still enjoy as a group. They like the old-fashioned type of music, either hymns or waltzes—something that still means something to them, something that brings back memories for them."

According to Mrs. Lewis, something like music can reverse a patient's withdrawal. She recalled one patient who was withdrawn and who was really not responding to her surroundings until a group of ten-agers came to the nursing home for a song-fest. The patient started out by simply toe-tapping, but before long, was up and moving around, clapping her hands—"this is something the public doesn't see and it's really beautiful," said Mrs. Lewis.

Religious activities are part of the ongoing program at Hillcrest. The Avon Park Ministerial Association has worked out a schedule for visiting ministers.

"Our patients really enjoy old-time religion with singing of hymns. Some patients who never move a muscle all week will respond to these religious activities. Religion holds a great cord—for our patients," commented Mrs. Lewis.

Nellie Locke, 90, still enjoys giving mini-concerts for residents and visitors

Besides being involved in the daily activities of the nursing home, Mrs. Lewis feels that there is also a tremendous amount of security for the patient who is admitted to a nursing home. Therefore, she points out that it is important for relatives to learn to overcome any guilt feelings which they might have.

Mrs. Lewis notes candidly that sometimes the patient is resentful of having to come to the nursing home and in turn, transfers negative feelings to relatives or other visitors.

Despite having to overcome the personal and psychological feelings of both relatives and patients, Mrs. Lewis feels that there are other important advantages in obtaining nursing home care.

Photos And Text

By Rita Kamper

She notes that it is virtually impossible for an incontinent person to be cared for 24 hours a day, even if family members are retired and can devote a large amount of time. It is even more difficult when family members are in school or at work.

"When a person has to be home alone, there is always the apprehension of not knowing whether there will be someone there to watch out for you if anything should happen," said Mrs. Lewis.

Even though the nursing home can provide all of the state-required physical comforts for its patients like good medical care, nutritional food, sanitary facilities, Mrs. Lewis also sees a tremendous need to further enrich the emotional lives of the patients and is therefore seeking the assistance of community volunteers.

Volunteers can enrich lives of Hillcrest patients by talking, reminiscing, writing letters.

"We need volunteers to help talk to the patients and to reminisce with them. We unfortunately do not have time to say 'what did you do when you were young, what kind of work did you do?' Generally the patients are not interested in who the President is or what's happening in world affairs, but they love being asked about themselves," said Mrs. Lewis.

Volunteers can especially make mealtime a very pleasant experience for some of the patients. Ruby Ewing, Activities Director, notes that 60 years ago, it was natural for the family unit to gather around the dinner table to talk and to

discuss issues. This is what many patients remember.

Other activities with which volunteers can become involved include reading mail for the patients, writing letters, helping with games and other activities. Mrs. Ewing, a former teacher, who recently joined the Hillcrest staff, is developing an activities program for the patients, including crafts, bending-stretching and breathing exercises, and movies. Bingo games are conducted every Tuesday and Thursday afternoon by Mrs. Otto (Lois) Krieger, a volunteer, whose husband is also a patient.

An Adopt-a-Grandparent plan is being considered as an extended volunteer activity, said Mrs. Lewis.

To volunteer — contact Ruby Ewing, Activities Director.

Mrs. Lewis whose enthusiasm for her work is contagious, is quick to admit "I love my work." A registered nurse, she has completed three of the twelve months of required training as a nursing home administrator. At the end of 12 months she will take an examination under the auspices of the State Board of Licensing of Nursing Homes. When she passes this examination, she will be a licensed administrator.

After having worked in a doctor's office as a business manager for 20 years, she decided that it was time, for a change and she came to Hillcrest.

"I love the old-fashioned way of taking care of people. You don't get that in a general hospital any more. That's gone," said Mrs. Lewis.

"Love the old-fashioned way of taking care of people" — Mrs. Lewis.

Mrs. Lewis views her total work environment as that of one big home—"with its perfect and not so perfect days, just like the average home."

Hillcrest has its own beauty salon and twice-a-week visits by Joan Turnquist. Having her hair styled is Pearl Burleson. (Photo courtesy of Hillcrest Nursing Home).

Cooking Corner

This week's recipe is a special creation of Julia Green Hunter of Avon Park, vegetarian. Mrs. Hunter, who is also a nurse at Hillcrest Nursing Home, is a vegetarian for religious reasons, but encourages others to try an occasional meatless dish for several reasons — including its low cost, ease in preparation, and nutritional value.

Meatless Eggplant Casserole
One medium-size eggplant
1 tsp. minced garlic
1/2 tsp. paprika
1 tsp. oregano
1/2 tsp. basil or 1 bay leaf
1 tsp. celery salt
1/2 tsp. salt
1/2 tsp. lemon pepper, if desired
1 medium onion
1 medium green pepper
1/2 stick margarine
1/2 cup vegetable oil
1 can Worthington non-meat balls (can be purchased at health food stores)
1-3 cup grated Parmesan cheese
Small can mushrooms with butter
1 1/2 c. spaghetti sauce
Dice eggplant into squares. Saute in oil, add green pepper and onion. Cook until light brown, being careful to not let vegetables become well done. Add other seasonings. Pour this mixture into a deep baking dish. Slice meatless meat balls thinly. Combine meat balls and vegetables, pouring sauce over mixture. Add grated cheese on top. Bake one hour in a slow oven (250 degrees-gas; 225 degrees-electric). Serves 5-6 persons.

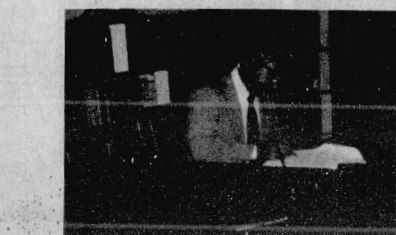

Madge Wolff, a 50-year resident of Avon Park, chats with Mrs. Lewis during her morning breakfast. Patients' meals are spread out five times during the day.

This is more healthful and nutritional for the patients, as well as providing a congenial, family gathering. Volunteers are especially needed to share mealtimes with the patients.

John and Ebbie Fortner celebrated their 67th wedding anniversary last week at Hillcrest with their daughter, Delores. Married in Frostproof and now residents of Hillcrest, the Fortners had seven children.

Leon Myrler is the administrator of the twelve-year-old nursing home, which

currently has a full capacity of patients — 90 — as well as a waiting list. (Photo courtesy of Hillcrest Nursing Home).

Enjoying the outdoor surroundings is Ed Dixon, a 34-year resident of Avon Park. With him is Ruth Lewis, Administrator-in-training and registered nurse.

Reflections...

By Rita Kamper

My grandmother lived the last three months of her life in a nursing home. That was three-and-a-half years ago and I'm now convinced that I must have then made a subconscious vow to keep my distance from nursing homes. Until last week when I visited Hillcrest Nursing Home, I had been quite successful in keeping that vow, but I now also realize that I was quite wrong.

I do not think that my feelings and fears were guilt based, as sometimes happens to many relatives who are placed in the untenable position of finding a nursing home for a loved one. The decision was made automatically after my dear, normally modest, two-hundred-pound-plus grandmother tried to slip unnoticed out of Okaloosa General Hospital, wearing only her handbag. It provided some comic relief after the agony of her suffering through a series of strokes, but it also brought home the reality that she needed constant, watchful care. There was no other choice. And so a nursing home was found, a short distance from where I lived at that time. I grew increasingly depressed since I kept seeing her mind become more fragmented, remembering better those times when she was a young child than what she had for lunch that day. But I never stopped going to see her until I could no longer.

I know that my grandmother was confused about her surroundings, but I am also certain that she wondered and became concerned when she did not see anyone for a few days. I think that this is probably true for virtually every patient at Hillcrest as well as in other nursing homes across the country. It is important to visit, to share experiences and love, even if you are not related to a single patient there. Most elderly persons are very touch-oriented. You hug them or hold their hands — and they respond. There is still a lot of love left. They just need others to share it with them.

Nellie Locke one of Hillcrest's 90-year-old patients, is a perfect example of a beautiful person, willing to share herself with another person. While I snapped a few pictures of her, she played the piano for me. After finishing, we both sat on the piano bench and hugged each other and chatted about lots of things — her professional life and the fact that we shared the same birthday which really delighted her.

Nellie Locke was one of the main reasons I realized that I had been wrong for these past few years. I am still not sure of the reasons behind my feelings, but she reminded me of how precious life is and how important it is to care about other people, even people we don't know. It just sometimes takes a little extra courage to take that first step inside the door.

Bombing Range News

By Betty Amburn
WELCOME BACK
MSGT COX

MSGT Eugene Cox Sr., 56, QSC Civil Engineering Branch, Electrical Power Production Superintendent, and CE's Quality Control Supervisor returned the first week of this month from 8 weeks temporary duty at Homestead AFB, Fla., providing technical and managerial assistance to 31 civil engineering squadron, electrical power production and generator maintenance section. MSGT Cox received personal praises from the Commander of 31 CES, and the Chief of Operation and Maintenance, on behalf of Homestead AFB Base Commander, for his outstanding managerial abilities, leadership, and expertise for aiding generator maintenance personnel in being more productive. Congratulations MSGT Cox and welcome back to Avon Park.

We also wish to extend a warm welcome to new member Sgt. Gilberto Quinones. He came to us from Iceland. We hope your tour here will be a rewarding and joyful experience.

We wish to say farewell to Lt. Michael Ellmberger. He and his family have been transferred to Eglin AFB, Fla. And, to Duane Tallage and Mark Lundquist, they both went back to civilian life. Good luck to all of you.

FISHING

The Bombing Range's ace fisherman, Conrad Moody, finally got his prize bass mounted. He caught it with an Ambassador reel and Mann's jelly worm at Kissimmee River. It officially weighed in at 11 lbs. and 12 oz. Conrad entered his catch in the Bass Buster's Combined Fisherman and won 2nd place. He was awarded a Johnson Centurion reel and 6 months supply of lures. Congratulations Conrad and continued good luck with your favorite pastime.

Not to be outdone, Dana, Conrad's daughter, in her own way came out a winner too. She was chosen to be one of the Middle School cheerleaders.

Student

Scholastic Tests

Set For Oct 22

Robert Watts, guidance director at Avon Park High School, has announced that sophomores, juniors and seniors will be able to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT-NMSQT) this fall. The test, cosponsored by the College Board and National Merit Scholarship Corporation, is an important step in making college plans.

Scheduled for Saturday Oct. 22, at Avon Park High School the PSAT-NMSQT assesses verbal and mathematical aptitude — two abilities important in doing college work. The test can also lead to other opportunities for high school students. For example, students can ask to participate in the College Board's Student Search Service which provides their names to colleges interested in students like them.

By taking the PSAT-NMSQT, they can enter the competition for scholarships administered by the National Merit Scholarship Corporation and can get a good idea of what the Scholastic Aptitude Test (SAT) is like.

Along with their score reports, students will receive copy of ABOUT YOUR PSAT-NMSQT SCORES, a booklet that contains valuable how-to information about:

estimating SAT scores; finding out where to get and how to use more detailed information about colleges and financial aid;

planning for financing a college education. Also, by using the 1977 edition of the College Board's College Handbook, students can compare their scores with those of enrolled students at more than 2,800 colleges and universities listed.

SOFTBALL
The softball season got underway here last Tuesday night with the Nads defeating the C.E. Bee's and the Bombers downed the Misfits. The Thursday night game was rained out. This Tuesday, Sept. 21, the Bulldogs will face the Bombers in the 1st game; Nads vs. Misfits, in the second game, and Bee's against the Bulldogs.

In the third, Thursday night's action will put the Misfits against the Bulldogs; Bombers vs. Bee's and following that game the Bombers will play the Nads.

Games will be played on Tuesday and Thursday nights starting at 6 p.m., weather permitting. Everyone is invited out to cheer their favorite team to victory.

Wright Gets PhD Degree

John W. Wright II, son of Mr. and Mrs. John W. Wright, 1081 E. Cornell St., and 1967 graduate of Avon Park High School, was awarded his Ph.D. degree in Communication from Ohio State University in Columbus on August 13.

Dr. Wright who served as instructor and administrative staff person at OSU, is currently a faculty member at Purdue University, Ft. Wayne, Indiana campus.

One of more than 200 doctoral candidates, Dr. Wright entered St. Petersburg Junior College, immediately after graduation from high school, but received his A.A. degree from South Florida Junior College, where he received his bachelor and master's degrees were earned at Florida Technological University where he graduated with honors.

In collaboration with two other OSU graduate students, Dr. Wright was a co-author of the book, "Introduction to Human Communications," a course workbook which has been accepted for basic studies at Texas Christian and New Mexico State Universities.

A native of Greenville, South

Carolina, Dr. Wright moved to Avon Park with his parents in 1962. As a high school student here, he lettered in football, basketball track and band.

Attending the graduation ceremony from Avon Park were Dr. Wright's father and his sister, Mary Elaine Wright.

Cub Scout Night Tuesday

Tuesday night, Sept. 20 at 7:30 p.m. has been designated School Night for Cub Scouts at Avon Elementary School by the Boy Scouts of America Gulf Ridge Council, Inc.

This School Night for Cub Scouts allows for boys age 8 to 10 to go to school with their parents or guardian and find

out from local Cub Scouts Leaders how he can join the Cub Scouts.

For parents, the Boy Scouts of America urges them to let their son get started in the Cub Scouts now. Have him join the Cub Scouts, Tuesday, Sept. 20 at 7:30 p.m. during the School Night for Cub Scouts.

Natalie Patton will serve as toastmaster. Jim Ziegler will be table topics master. Scheduled to give speeches are Ben Eastman, Peggy Polatty and Ruth Kaye.

Toastmasters To Meet

The Charles Swan Memorial Toastmasters Club of Highlands County will have course workbook which has been accepted for basic studies at Texas Christian and New Mexico State Universities.

portion will start at 7 p.m. The public is invited to attend. The club will meet at the

Obituaries

Horace Lee Bryant
Horace Lee Bryant, 73, 12 N. DeSoto St., Avon Park, passed away September 15 at his residence. A native of Manatee County, he had been a resident of Avon Park since 1952, coming here from Arcadia, Fla. He was a retired soft drink distributor and a member of the Church of God of Avon Park.

Survivors include his widow Mrs. Addie Lou Bryant; five daughters, Mrs. Helen Gutman of Arlington, Va., Mrs. Margaret Bachett of Woodbridge, Va., Mrs. Betty Cobb of Avon Park; Mrs. Peggy Pate of Branford, Fla., and Mrs. Glenda Yancey of Lake Wales; two sons, Dan Barefield and David Banta. He was both of Avon Park; five brothers, Charlie Bryant of Arcadia, Oliver Bryant of Bartow, Willard Bryant of Tampa, Addison Bryant of Gainesville, and Thomas Bryant of Daytona Beach; one sister, Mrs. Velma Linnick of Riverview; 21 grandchildren and one great-grandchild.

Funeral services were held at 11 a.m. Monday in the Church of God with the Rev. Paul Searcy officiating. Interment will follow in the Brougenville Cemetery, Stephenson - Nelson - Smith Funeral Home is charge of the arrangements.

Merrill R. Murphy
Merrill R. Murphy, 73, 1360 S. Lake Ave., Avon Park, passed away Saturday night at Walker Memorial Hospital after a short illness. Born in Indiana, Mr. Murphy had been a resident of Avon Park for the past five years, coming from Indiana. He was a member of the Jordan Baptist Church of Argos, Indiana.

He is survived by his widow Iva C. Murphy; three sons, Bill, Robert, and Harold Murphy, all of Indiana, 16 grandchildren and 11 great-grandchildren and two sisters.

Services were held at 3 p.m. Sunday afternoon at the Stephenson - Nelson - Smith Funeral Home in charge of the arrangements.

Grange To Purchase Typewriter
Sixteen members of the Avon Park Grange attended the September 13 meeting to discuss a community project for this year. Members voted that this project would be to purchase another typewriter for Lori Violette to take to school. Master of the Grange, Ralph Fullmer, has been teaching Lori to type this past year and it was reported that she is progressing very well and can now attend school in a wheelchair. The members voted to match their collective donations of \$85 with another \$50 from the treasury to give to the Violette family for the typewriter purchase.

STATION BURGLARIZED
A stereo amplifier, valued at \$49, was stolen in break-in at radio station WJCM. Sheriff's department investigators said the front door of the station, on Cemetery Road, was pushed in to gain entry the night of Sept. 14-15.

FAITH SEES THE LIFE-SUSTAINING BEAUTY OF AUTUMN

When nights draw even with the days, The air becomes a pungent haze That softens what the eye receives: The brilliant hues of autumn leaves In which the wind-blown trees abound. Until they flutter to the ground; The curtain on the final act, With just the branches left intact. In any Church you may attend, You'll learn that harvest time will blend Both food and beauty in the plan, In which God shows His love for man!

—Gloria Nowak

"The harvest of the earth is ripe."
—Revelation 14:15

Heap high the farmer's wintry hoard
Heap high the golden corn!
No richer gift has Autumn poured
From out her lavish horn!
—John Greenleaf Whittier

Bonnie Brae Mobile Home

By Margie Wells
Emily Webster is back after a vacation in New Jersey where she attended the wedding of her first grandchild, Martha E. Webster, who married Fernando A. Stuch September 10. The wedding took place in St. Paul's Church in Westfield, New Jersey. Frank stayed in Orlando with friends while Emily was gone. Since Emily lived in Westfield for 30 years, her friends entertained for her with luncheons, bridge parties and dinners. Emily enjoyed a family reunion when she was visited by her two sons and

their wives from Wisconsin and Massachusetts, her brother from Wakefield, Massachusetts, and her sister and husband from Connecticut. They all dined in New York last Sunday after the wedding. Helen and Norton Worster are back in Bonnie Brae after spending the summer up north. They said they had a quiet summer but got to visit all of their children and grandchildren. They both agreed it was very nice to "be back home again." Thelma Miller spent five days last week visiting with Colonel and Mrs. James

Suydam of Fort Lauderdale and Mrs. Charles Mayotte of Hollywood. She also visited with Lee Hoffman, a former resident of Bonnie Brae. Mark and Daisy Brown spent last Sunday in Lakeland and "Brownie" said he was lucky because they ran into a rain which washed all of the love-bugs off his car for him. Friday night, Mary and Cedric Weirman had Helen Dyce and Ann Lockwood over for pinocle. There was some pretty hot bidding and lively playing and Ann wound up "low man on the totem pole." Better luck next time, Ann!

Rozzie and Lester Parkhurst tell us that they visited with Dorothy and Karl Hart while they were in Indiana and that Dorothy and Karl are very busy with their gourd farm which attracts many visitors from all parts of the country. Margie and P. D. Wells spent the past week-end visiting with Margie's brother and sister-in-law, Leonard and Betty Harsh, who live in Fort Myers. They also visited with Margie's

niece, Linda Stratman, and her nephew and his wife, Ritchie and Bobbie Harsh. We had a letter from Dorothy Carroll this week and she is making plans to return to Bonnie Brae very soon. We understand that quite a few of our residents are returning earlier than usual this year and we certainly will be happy to see all of them back, along with some of our new residents who will be with us this year.

Council Approves Renfro As Fixed Base Operator

On the recommendation of City Attorney Jack Hancock the Avon Park City Council moved to rescind the existing lease with James Renfro and permit him to provisionally operate as a fixed base operator while a new lease was negotiated on the basis of current land values.

With this action the city council eased the suspense that has surrounded the case of James Renfro's application as a

fixed base operator at the local airport. According to the city attorney the Federal Aviation Administration had indicated they would take some kind of action against the city if Renfro was not permitted to operate at the airport as a fixed operator.

In his study of the airport lease with Renfro, Attorney Hancock reported that Renfro had requested that his original lease be extended for two five year

periods with the council approving. It was suggested that the lease be based on the value of surrounding properties, with Renfro adding that if this were done, some upper limit should be set.

It was further suggested by City Clerk Malcolm Crews that the lease be tied to the cost of living index, similarly to the lease with the Avon Park Flying Service and Weilercraft Marine. Attorney Hancock reported that the council had approved the lease extension as requested with a cost of living clause added for adjustment on renewal dates.

On the validity of the leases, Hancock stated it was his opinion that the original lease with Renfro was a valid lease, and he had the right to assign that lease to Highlands Aviation, Inc. However, it was his opinion that the present lease held by Renfro, prepared by attorney Tony Accorsi, was not valid as it had not been approved by the city council. Mayor Marshall Davis and City Clerk Crews in this case had not been directed to carry out the directions of the council.

In his recommendation that Renfro be allowed to operate while working out an agreeable lease, Hancock pointed out that Renfro had met the requirements for a fixed base operator. The first lease could be amended to extend the two five year periods; a franchise agreement could be separate from the lease and that Renfro had already agreed that his own property would be subject to city regulation if he were a fixed base operator.

The next question that may come up, is who and what determines is a fair market value of the surrounding properties in the negotiation of a new lease?

Ordinances
In other old business, public hearings were held on ordinances and the federal revenue sharing budget, with Jim McWilliams, chairman of the Recreation Committee asking for funds for the

DURING THE Avon Park High School Keyette Club's appeal for funds at

Thriftyway for the Cystic Fibrosis drive, Marshall Watson had to stand on

tiptoes to put his money into the jar as Keyettes Debbie Cushman, Susan Rice and Laura Crews watched.

Car Wash To Aid Cystic Fibrosis

The Key Club from the Avon Park High School will be holding a CAR WASH from 8 a.m. to 4 p.m. Saturday, Oct. 1 for the CYSTIC FIBROSIS FOUNDATION.

The Foundation is working to find a cure

for this deadly lung disease.

If you need those bugs cleaned off your car and would like to contribute to this fine cause at the same time, come by Border's 76 station on West Main Street

and let the Key Club boys give your car a good wash job.

The charge will be only \$1.50 per car or pickup truck and \$1 for any sports car. That's from 8 a.m.-4 p.m. this Saturday at Border's Service Station.

Arrest Made In Widely Publicized Jailbreak

Another arrest has been made in connection with a widely publicized jailbreak at Avon Park Correctional Institution in late 1976.

Elsie Kral of Miami was arrested by Florida Department of Criminal Law Enforcement (FDLE) agents Pete Lanier and Buck Buchanan, on charges of aiding prisoners to escape and being an accessory after the fact.

The charges are linked to the escape of Robert Williams and David Dawson. The two, who have been returned to custody, left the APCI grounds on Nov. 29, drove a prison vehicle to an Avon Park shopping center where they obtained a ride away from this area.

John Anthony Blair of Port St. Lucie is now awaiting trial on a charge that he picked up the two escapees and drove them to St. Lucie County.

FDLE agents Lanier and Buchanan say Mrs. Kral is being accused of providing the escape car and sheltering the escapees at her home, in St. Lucie County, for several days.

Blair is scheduled to go on trial here in October. Mrs. Kral is to be tried in St. Lucie County. Date for her trial cannot be projected at this time, since she is also

facing trial one a charge related to an armed robbery in Martin County. Lanier and Buchanan formally arrested Mrs. Kral at the Martin County Jail in Stuart. She lists herself as a resident of Miami.

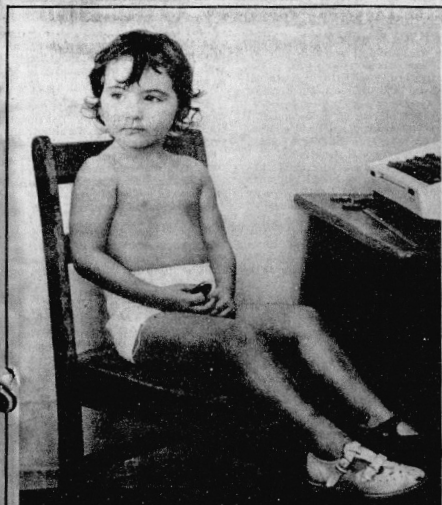

The escape of Dawson and Williams kicked off a furor among county residents. They protested assigning persons convicted of violent crimes to the APCI facility which had been built for minimum security. (More recently the rating of the prison has been changed to medium security and anti-escape measures strengthened.)

Both Williams and Dawson were serving life sentences for murder. Dawson had been sentenced to two life terms for two murders in the Tampa area, and Williams had been given life for the slaying of a prison guard in a prison break attempt in 1968.

Williams surrendered to law officers in Polk County on Jan. 4 of this year. Dawson was arrested at a West Palm Beach hotel on Jan. 25. Williams pleaded guilty to an escape charge, and Dawson, who elected to go to trial on the escape charge, was convicted.

Mrs. Kral's bond on the escape and accessory charges is set at \$100,000.

Please see page 14

It's Lonely At Home When Brother's In School

Michelle Humphrey wanted to see what her brother Michael was doing at the Avon Elementary School, so she carefully dressed herself and went off to find him at school last Monday morning. A teacher saw Michelle outside of the classroom window and went out to talk with her, asking Michelle if she knew that she was wearing a black shoe and a white shoe. Michelle replied "she knew it but she liked them that way."

At the school office Michelle was treated to cookies, while office personnel tried to learn her name and find her mother.

Vickie Humphrey came from across the street looking for Michelle, who when she saw her mother, smiled, kept her cookie and went to Vickie.

Vickie explained that Michelle had wanted to go to school with her older brother Michael and had dressed and gone to the school by herself.

After Michelle and her mother left, school personnel said it would be nice if some of the fearful first graders had the poise of three year old Michelle.

THREE YEAR OLD Michelle, enjoys a cookie at the Avon Elementary School, after she dressed herself and came

looking for her brother Michael. Sunphoto by Lew Miller.

Duggan Retires

After 27 years with Metropolitan Life Insurance Company as agent, Jack R. Duggan Jr. retired as of Sept. 2 to enjoy his leisure time with a retired agent's contract.

Jack started with Metropolitan in 1950 and worked the entire Highlands County area. With the increased growth of the county it was split in half in 1960 with Jack handling the Avon Park area.

Born in Lakeland, Jack came to Avon Park in June 1944 following his discharge, after two and one half years of service, from the United States Army Corps of Engineers. In July, 1944, he and Margaret, nee of F. J. Pearce were married. Their two sons, J. Robert III, is an attorney at Leesburgh and Michael F., is an aero-space engineer with Lockheed, Inc., at Palo Alto, Calif.

Active in the First United Methodist

Church, Jack has served as head usher for 20 years and is on the Board of Trustees and chairman of the Board of

Sebring Loses Most Colorful Resident

Sebring lost one of its best known and most colorful residents with the death of Gracey McCoy early Wednesday.

The widely known realtor and land developer had not been well for several months but her death surprised the community. Friends said she worked on Tuesday, but became ill during the night. Highlands Emergency Medical Service ambulance moved her to Highlands

Stewards.

In civic work Jack has served as president of the Avon Park Lions Club

General Hospital a little after 3 a.m. Wednesday and death occurred about four hours later.

At press time plans for final rites had not been made. Friends said Gracey (she almost never used the more formal "Miss McCoy") had often expressed a wish that her body be cremated and the ashes strewn over Lake Jackson.

On the matter of the 1000 residences that are not hooked on to the sewer lines, McWeeny stated that the contractor Gator Utilities is not legally responsible if some trouble should develop after his warranty period ends.

McWeeny told the council that Meaders expected to finish work on the old sewerage treatment plant in about three weeks. The tank has been cleaned out and sandblasted for painting and repairing.

More samples were taken last week by the Haines Testing Laboratory to determine the cause of dirty water from some of the city water lines with McWeeny expecting to have a report in the near future.

Joe Willis told the council that only one pump at the Lake Ida pump station is operational as the base support of one pump broke off allowing the pump to fail. McWeeny in reporting this to the contractor, said the pump was under warranty.

City Clerk Malcolm Crews reported to the council of receiving a letter from the Housing and Urban Development Administration, advising the city that the city owned HUD \$26,000 for plans made in 1965 when only the sewer treatment plant was built. Since the plans were not used to build a sewer collection system,

McWeeny was asked to see if this charge could be reduced or eliminated.

In appearing before the council, Milton Bass, stated that three houses in the 100 block of E. Charles St. were too low to connect with the sewer lines and McWeeny was asked to check this out.

Bass also told the council that a curb was needed on N. Delaney Ave. from Charles St. to Circle St., as the sewer construction work had changed the street from a flat surface to a street with a center crown, channeling the water to the curb and causing the erosion of soil along the street. The council will check this out along with the poor surface condition of Charles St.

The council moved to furnish water for a trailer park owned by Mr. Ursiny, with Ursiny to contract for the installation of pipe and fittings. The city is to furnish tap, valve and water meters at Ursiny's expense.

On other privately owned trailer parks, City Inspector C. W. Ellerbee was told that the city policy was for park owners to install and maintain pipe within the park for utilities. When the council was asked about fire protection for areas outside of the city having city water, they were told that the city could not extend fire protection to their area because they did not pay city taxes for these services and should look to the county for this protection. To

obtain city fire protection the areas would have to be annexed into the city, however, many residents of the area (Lacy Hill) did not want to pay city taxes and the area was not annexed.

In other business, bids were opened on employee insurance. Metropolitan and Time Insurance were the only bidders, with the city clerk being asked to compare the bids and report at the next meeting.

Accepted the bid of Gulf Oil Corporation to furnish gas and oil. The other bidder was Union 76.

Extended the period of bidding on the installation of runway lights at the airport when only one bid was received.

Moved to pay Candebur, Fleissig and Associates \$500 for work on Housing and Urban Development projects.

Heard a request for more light at the mini-parks and for street lights off S. Carolina Ave. and E. Third St.

Heard a complaint of no parking areas for fishermen at Lake Isis. Research showed that the city may own some property that could be used for parking.

Discouraged the use of a part of the airport strips for drag racing.

Appointed Arthur M. Williams to the unexpired term of Ernest Sims, who had resigned from the Recreation Council.

County Officials Hit Snag While Exploring Saving On Insurance

County officials are exploring ways to save money on workman's compensation premiums that cover 340 Highlands County employees but insurance companies seem reluctant to handle one group of employees under the proposed program.

The county had hoped to start a self-insurance program next week that would have meant putting premium rate savings into the treasury to cover employee claims against the county. Savings would result from the county handling of some administrative work normally done by insurance companies.

In addition to regular insurance coverage, the county also carries reinsurance policies to cover large claims that aren't met by regular policies.

According to Ford Heacock Jr., county commission insurance agent, no reinsurance firm would agree to cover CETA employees under the proposed self-insurance program. Heacock said the CETA workers are considered by the firm to be a higher risk group.

During the Sept. 20 commission meeting, Heacock said, "We had hoped to begin our self-insurance program on Oct. 1." However, Heacock asked the measure be tabled until a reinsurance agent can be located. "There's no way I'm going to recommend this without adequate safeguards."

The board directed Heacock and Charles Callens, commission administrative assistant, to study the

plan further and to contact other counties in the Heartland Manpower Consortium to see what means are used to cover CETA employees under self-insurance programs.

Heacock told The Sun the savings under the program would vary depending on the number of claims. For instance, if claims ran 40 percent of the normal amount, there would be a savings of about \$63,000 annually under the self-insurance program. Claims running 60 percent above normal would mean a savings of about \$24,500. These savings would be used to help cover claims.

"There's still a lot of study that needs to be done," Heacock said. While the study continues, the board agreed to renew current policies that were to expire Saturday.

In other activity, the board heard a report from Gordon Hays, engineer, on work done by Florida Department of Transportation crews near the Okeechobee County Line at SR 70 involving turnarounds. The turnarounds are being built because original plans for turnoffs were dropped.

Accepted an updated report from Veterans' Beach where Florida Department of Environmental Resources permits are pending. The project may be eligible for a Florida Department of Natural Resources grant. Approved applying for a similar grant for aid in constructing two boat ramps permitted DEH on the Kissimmee River and a third on the south side of Lake Toke near Avon Park.

Public Hearing On Vehicle Parking

Some residents of Avon Park are wondering if the city council and the Planning and Zoning Commission are opening a Pandora's box of evils when they proposed changing a city ordinance to allow the parking of vehicles over one and one-half tons in residential areas.

Triggering the proposed change in the ordinance was a series of complaints to city hall which culminated in a list of 11 violations, three of which were south of Cornell St. and eight north of the street, with only four being agricultural (fruit harvesting equipment).

Fruit harvesting men at the council meeting were in solid agreement that to leave equipment in the field or grove would result in the theft of batteries, tires, gas, starters or other parts, to which the council was sympathetic.

When at Monday night's

meeting the council was asked who had complained, it was explained that many of these violations had been going on for years, but the zoning laws were never enforced.

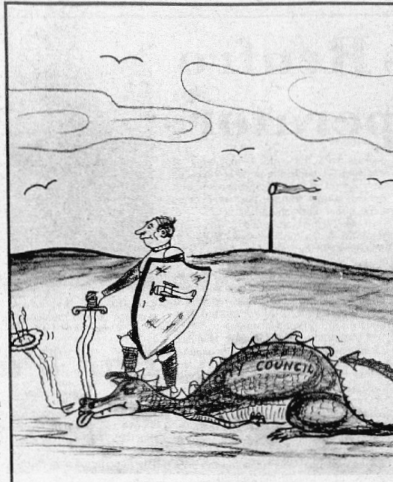

The complaints apparently brought the non-enforcement issue out into the open with several council members calling for the enforcement of the violations or change the city ordinance. Thus the matter was referred to the Planning and Zoning Commission.

The commission in their meeting last week reviewed the matter and included a provision for off street parking for two vehicles over one and one-half tons on each residential lot. Thus a vehicle owner or caretaker or user with a house and two extra lots could park six large vehicles in the area. There was no limit on the number of pickup trucks that could be parked. Would that area then be a residential

area or similar to a commercial truck stop?

Several citizens have expressed the fear that allowing two large vehicles, one and one-half tons or larger by the side of house may lead to the piling up of other equipment and debris thus making not only an eyesore of the area but a potential health hazard for the surrounding homes.

The old ordinance, sec. 14-67 by title stated "Accumulation and storage on property deemed nuisance; duty of vehicle and property owner to remove or house in enclosed building." Housing in an enclosed building may be an expensive undertaking. Perhaps enough interested people from both sides of the issue will attend the public hearing at 5 p.m. Thursday, Oct. 13 to work out an agreeable solution that the vehicle owners and nearby residents can live with.

Careful, The Dragon Is Down Not Out!

Insurance Questions

Quite often, Insurance Commissioner Bill Gunter's office receives calls from throughout the state on auto insurance problems. This week, he will answer some of the most often asked questions as clearly and concisely as possible. However, many Floridians are still unsure about automobile insurance coverage.

Q. WHAT TYPE OF INSURANCE COVERAGE IS REQUIRED UNDER THE LAW FOR MY PRIVATE PASSENGER AUTOMOBILE?

A. Personal Injury Protection commonly called "PIP," is the only type of coverage required for the private passenger automobile. I might add though, if you are in an accident or if you are convicted of certain driving offenses, you may also be required to purchase liability insurance or show proof of "financial responsibility" before you can continue to drive.

Q. WHAT IS PERSONAL INJURY PROTECTION?

A. This is what is better known as no-fault coverage. If you are in an accident, your own company will pay you for the first \$5,000 of your medical bills and lost wages, regardless of who was at fault. Under the law, however, PIP payments are limited to 80 percent of your medical expenses and 60 percent of lost wages.

Q. WHO DO PERSONAL INJURY PROTECTION (PIP) BENEFITS APPLY TO?

A. Personal Injury Protection benefits apply, regardless of who might be at fault in an accident, to all passengers in your car and to anyone who drives your car with your permission, provided they don't have other PIP coverage available to them.

Q. WHAT IF I OR A MEMBER OF MY FAMILY IS HIT BY A PRIVATE PASSENGER CAR WHILE WALKING?

A. The PIP coverage will apply for injuries to you, members of your immediate family and other relatives living with you.

Q. AM I STILL REQUIRED TO CARRY INSURANCE ON MY PRIVATE PASSENGER AUTOMOBILE?

A. Yes, but you are only required to carry PIP coverage. Until January 1, you will have to show proof of PIP coverage in order to get your automobile inspected. After January 1, the requirements to show proof of insurance at the auto inspection station will be discontinued and you will show it instead when you buy your license tags.

If you have any questions, please write to "Straight From Bill Gunter," Room 11-25, The Capitol, Tallahassee, Florida, 32303.

Scientist Search For Nitrogen Fixing Processes

The recycling of nitrogen by certain plants from air into soil ranks second only to photosynthesis as an important biochemical process and improvement on this process by man will be a key to cheaper and better food production.

That is the view of over 150 scientists who met here recently for the Sixth American Rhizobium Conference. Sponsored by the University of Florida's Institute of Food and Agricultural Sciences (IFAS) and private contributions, researchers from the United States and 15 foreign countries gathered to discuss the latest research on the bacterium called Rhizobium, which is responsible for nitrogen fixation in legumes.

Because nitrogen is vital to plant growth, scientists are making a worldwide effort to understand how Rhizobium works in legumes such as peanuts and soybeans.

IFAS Professors of Horticulture Dr. Walter Scudder said, "Until recently, growers have relied on chemical fertilizer to supply nitrogen to the soil for their crops. But with the high costs of

energy involved in the making of fertilizer and the concern over nitrate pollution, this practice is becoming increasingly expensive for both grower and consumer."

Scudder and others at the conference feel that scientists can improve the nitrogen fixing process begun by nature by learning exactly why the bacteria infect only certain plants and how they gain entry into the root system.

Scientists are also working to discover the most effective bacteria for individual plants and how best to put these bacteria into the soil.

During the conference, Scudder led a tour of visiting scientists through the Sanford Research Center where he has been conducting Rhizobium research for the past 10 years. Dr. E. B. Whitty, IFAS extension agronomist also invited in Rhizobium research, conducted tours of private Levy County peanut farms showing practical applications of research work.

As a sign of increasing government interest in the Rhizobium research, the research center in Sanford was given a \$45,000 grant this year by CSRS-USDA to continue work on the bacteria.

Views From Our Readers

Let Board Know Your Feelings

Last week we reported that a few individuals were trying to force the permanent seating of students beyond the end zone goalposts. This effort has been successfully stopped until the next county school board meeting.

You, the concerned parents and fans can now express your feelings to a group of officials that are willing to listen.

1. Get involved. We need a petition signed by each and every student, parent and fan.

2. Call your elected school board member. Tell them your feelings.

23. Attend the next school board meeting October 11th.

4. Mail your petition to Avon Park

post office box 339. We will turn them in to the county school board.

THE ISSUE—

Avon Park High School students are only asking to be treated fair. They deserve to have some of the best seats at their football games, played by their players, backed by their flag corps, majorettes and band.

Please, for the sake of a few dollars, don't make our students second rate citizens.

Once a student loses faith and respect for the adult leadership it takes years to overcome the damage done.

What are you doing for our students or what are you doing to our students?

Richard A. Longshore

Convert Waste Papers To Funds

Dear Editor:

Since I came to Florida and by the grace of God, made my residence in this beautiful, lovely and peaceful city of Avon Park, something has bothered and troubled my conscience; that is, the waste of newspapers and magazines.

In my former beloved city of Decatur in DeKalb County, Georgia schools were volunteers and responsible for collecting the newspapers from homes and business places and making bundles of them to be sold to the proper paper buying agents, with the money for the school's benefit.

Why can we not have in Avon Park a similar program in the schools or activities under the supervision of the parents-teachers organization and school teachers. Instead of destroying the newspapers and magazines. Good magazines (bad and filthy magazines should be burned and destroyed) — why

can we not make them a small source of income to the local schools. I hope that our good paper, the "Avon Park Sun" will promote the paper collection program, by the local schools, by its editorials.

It is a great privilege to live in America and especially to live in this peaceful city of Avon Park and enjoy the priceless and matchless freedoms of life.

I offer my thanks to God for the agents of peace — the firemen, policemen, counselors, mayors, commissioners, the civic organizations, churches, Walker Memorial Hospital and the "Avon Park Sun". God's richest blessings be upon them. I love America and I love Avon Park.

Signed by
Bedros M. Sharian

Watson Advises Parents Of Assessment Tests

In a letter to parents, Lester Watson, Avon Park High School principal advised the parents that all juniors in Florida, will be required to take a test on Oct. 12 and 13. This test will assess their knowledge and will determine their functional literacy in the areas of mathematics, reading and writing.

The state has not yet provided the schools with complete information pertaining to the test, but two points are certain. First, if a student fails either the assessment or the functional literacy portion of the test, he or she will not be able to graduate with a high school diploma but instead will graduate with a certificate of attendance. Second, a student who fails either part of the test will have an opportunity to

improve the skills which he or she missed and to retake the test at a later time.

Watson wrote we do not presently know how many times a student may retake the test or when the test will be administered again.

It is important to us at the high school that our students may have a chance to graduate as literate people with a high school diploma. Therefore, we are presently conducting an extensive review of mathematics and communications skills in the math and English classes in which juniors are enrolled.

Most of the students are showing a great deal of interest in the review and we hope that you, as a parent, will remind them again of the importance of this test, write Watson.

Things Out My Way

BY ALICE SMITH

It's been a long, hot summer. September, the absolute nadir, is almost over. Along with dear, old Henry Youngman, I say "Now, take September — Please."

Next week, lovely October will be with us. Hopefully, the air will move with zest, the sun's touch will be gentler, windows will be opened. Things will begin again.

Now is the time to tackle my horrendous accumulation of notes, clippings and articles which have been saved for weeks for future consideration.

So I've done it and found the welter of print could be reduced to a few paragraphs.

A certain Bill Falconer of McAlpin says there is not too little energy in the U.S. there is too much government. We have, according to the U.S. Geologic Survey, enough petroleum to last 500 years, enough natural gas for 300 years, and 1500 years' supply of coal; U-238, the fuel for nuclear breeder reactors is limitless and almost free.

In the furor over our kids' lack of ability to read and write, an advisory commission reports that the critical factor is that less thoughtful and critical

reading is being demanded and done and careful writing has about gone out of style."

A Gallup Poll Survey asked for opinions on the following: The proposed new treaty between the U.S. and Panama calls for the U. S. to turn over ownership of the canal to Panama in 2000. However, the United States will maintain control over the land and installations necessary to operate and defend the canal. "That is the clearest statement about the treaty's contents I've seen so far."

There were a few unanswered questions left over at summer's end.

How come a lady called Ruth Shack, a county commissioner, felt called upon to propose an ordinance protecting the rights of homosexuals in Dade County, when Federal law already protects the rights of minority groups?

How come the good doctor who took such care of Elvis Presley and claimed to act as father, brother and guiding spirit failed to teach him the simple and fundamental rules of proper diet and physical hygiene?

It would be kind, now, to stop beating on poor Anita Bryant and allow the Pelvis to rest in peace.

Come, October, halt the new season!

Grapefruit Order Stopped

A proposed marketing order prepared by the Florida Department of Citrus staff for the purpose of raising additional funds and promote grapefruit has been terminated by the Florida Citrus Commission.

The action, which concluded a public hearing conducted by the commission, removed any need for a referendum of grapefruit growers necessary to validate the order. The commission vote followed a staff recommendation by Executive Director Edward A. Taylor not to conduct the referendum.

"We of the staff have invested a great deal of time and effort to bring this proposal to its present position, but there is an evident lack of interest for an additional tax at this time," Taylor said. "We do not feel it has been time wasted."

but cannot, in good conscience, recommend that you proceed further."

The order had been proposed in an effort to expand present advertising and promotional programs for grapefruit in view of greatly increased crops forecast for the future. The greatly increased crops forecast for the future. The consensus of the staff and commission members was that inflation had seriously reduced the promotional impact of funds collected under present assessments and that the situation would worsen in the future.

In terminating the proposed marketing order, the Commission members advised that the matter will be considered at a later date.

Social Security Questions

Q. I want to file for my retirement soon; what should I take with me?

A. You should take your social security card, your birth or baptismal certificate, and your last W-2 Form or tax return, if you are self-employed. I will be retiring in December. I have a wife who is 49 and three children under age 18 and two children in college. Will we all get social security?

A. Yes; you and your wife need to take your social security cards, all birth certificates, and the social security numbers of your children. The children who are over age 18 may receive if they are full time students and not over age 23.

Q. My wife is receiving social security. I am age 63 but I do not have enough quarters to qualify for social security. Can I receive on my wife's social security?

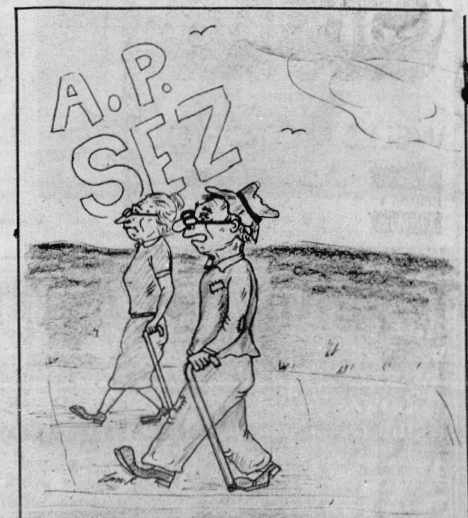

A. Yes, go to your nearest Social Security office and file immediately. Both you and your wife should go in, if possible.

Q. How long do you have to wait to receive your social security retirement checks after you have furnished all evidence requested?

A. From the date your claim has been completed, it usually takes 6 to 8 weeks. Q. What is the least amount an age 65, fully insured individual, can receive?

A. The monthly amount would be \$114.30.

If you have questions or need information about social security, Medicare or SSI, call the telephone number listed in your directory or write: SSA-INFO, P. O. Box 1329, Sebring, 33870.

I USED TO HAVE MONEY TO BURN
BUT I FINALLY MET MY MATCH!

Wedding Bells Claim PWP Members

Wedding bells rang, one went to Gainesville to resume her studies. A better job in another location took another one, and wedding bells rang again. Highlands County Parents Without Partners were proud of its members who joined the remarrieds. Showers were held. Going away parties were held. And the chapter became smaller and smaller. There were some new members, but not enough.

Highlands County Parents Without Partners is in danger of losing its charter due to low membership. The group needs new members or it will not be around when the newly divorced person or the newly widowed person needs the club. Not only is PWP a crutch to help through the readjustment period, it is an educational organization. There are attitude adjustment discussions, children's activities, socials for the adult members and family socials. Members may participate in all activities, or just the ones that fit their current need.

Highlands County Parents Without Partners has enjoyed many varied activities, some adult only and others for the whole family, such as swimming parties on Sunday afternoons for the family, or a moonlight swim party for adults only, a family trip to Vero Beach (carpooled) for a morning swim in the ocean, and the afternoon to watch the Dodgers play an exhibition

game, a family outing to Sea World with group rates, covered dish picnics at Highlands Hammock State Park, and other places, a moonlight Christmas caroling party for the whole family and a Christmas party with Santa for the children. Much can be done in a group that is almost impossible to accomplish alone.

There have been educational meetings for adults to help them cope with decision making, balancing a budget, stretching the dollar, traveling alone, better communication with children, book reviews, and programs put on by the Sheriff's Department on drugs and by the Sebring Police Department on personal protection.

There are quarterly regional meetings to learn what other chapters are doing, to meet the people from the other chapters and to have fun, usually a banquet and live band dance with planned children's activities. There is also a yearly international convention.

Parents Without Partners is an international non-profit, non-sectarian educational organization devoted to the welfare and interests of single parents and their children. Thus PWP is a tax deductible function, and the chapter carries an accident policy for all group activities.

Membership is open to all single parents, whether they

have custody of their children or not, or even if their children are grown and on their own.

The next reorganizational meeting will be held Friday night at First Home Federal Savings and Loan Bank just off the circle in Sebring at 8 p.m.

All single parents (all ages welcome) are invited. Come now or send your regrets, because we will not have a chapter left when you finally decide to attend. Refreshments will be served and babysitting can be arranged. For further information, contact Natalie Patton at 385-4794 in Sebring, or Marge Lacy in Avon Park at 432-2595.

Avon Park School Menus

ELEMENTARY SCHOOLS

Oct. 27

Monday — Beef Stew with potatoes, carrots, and onion rolls, apple sauce, orange juice bar, and milk.
Tuesday — Hot dog with catsup, tossed green salad, fruit cup, French bread, and milk.
Wednesday — Fried chicken, greens, flavored with bacon, buttered potatoes, corn bread, apple crisp, and milk.
Thursday — Beef goulash with noodles, tossed green salad, green peas, rolls, ice cream, and milk.
Friday — Breaded fish fillet, au gratin potatoes, mixed vegetables, rolls, chocolate cake with icing, and milk.

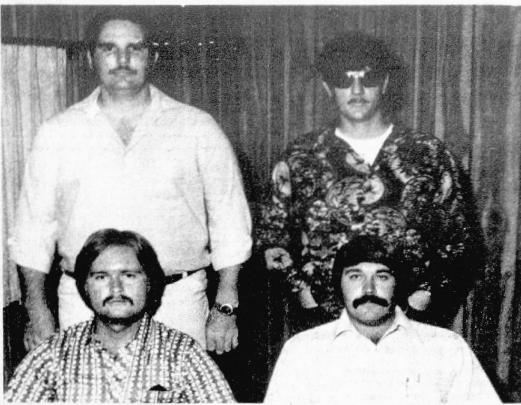

HIGH, MIDDLE SCHOOLS

Oct. 27

Monday — Barbecue beef on bun, potato tots, green beans, peanut butter bars, and milk.
Tuesday — Oven-baked chicken, yellow rice, broccoli with butter sauce, fruit pills, hot rolls, and milk.
Wednesday — Spanish ground beef on rice, turnips, buttered carrots, orange juice, corn bread, and milk.
Thursday — Roast beef with gravy, whipped potatoes, mixed vegetables, rolls, and milk.
Friday — Fish fillet with tartar sauce, french fries, tossed salad, choice dessert, rolls, and milk.

AVON PARK CORRECTIONAL Institution employees recently completed a training

institute at Raiford, Fla. Front row: James P. Hopson, and Claude Morris. Rear: Terry R. Page and James H. Baucom.

Four Employees Complete Correction Courses

The Department of Offender Rehabilitation has announced that Avon Park Correctional Institution employees, James H. Baucom, James P. Hopson, Claude Morris and Terry R. Page, recently participated in the Correctional Training Institute at Raiford, Florida.

This is the seventeenth CTI group to enroll in the minimum standards curricula, which is required by law. The Training Institute program is taught in conjunction with Lake City Community College, and the graduates earn nine semester credits for successfully completing the full time, 160 hour course.

The program includes instruction in the Criminal Justice System, Legal Aspects of Corrections, Operational Procedures, Principles of Supervision, Human Relations and Technical Training Skills which include Firearms. First

Aid and Fire Fighting Technique. The Correctional Training Institute was certified by the Florida Correctional Standard Council (CSC) in May, 1976, as a training center for correctional personnel. The Council was empowered by the Legislature in 1974 to establish minimum standards for the certification of correctional officers and training centers. The curriculum of training is designed to intensify the exposure of the officer and to develop him professionally. It is anticipated that the training program will help materialize the promise of a modern correctional system. The participants will continue their training with an additional 160 hours taught by regional instructors, on an in-service basis, at the various correctional facilities located throughout Florida.

Marriage Dissolutions

Merit Daugherty, Highlands County, petitioner — Ava Daugherty, Stevensville, Mich.; married July 1973.

Harry Dalton Shannon, Sebring — Lucinda Jane Shannon, Sebring, petitioner; married July 1972.

Bewell Edwin Cranfield, address unknown — Barbara Cranfield, Sebring, petitioner; married February 1974.

Edward L. Davidson, Sebring, petitioner — Bonnie R. Davidson, address unknown; married March 1959.

James A. Frazer, Lake Placid — Dorothy A. Harrell, Sebring, petitioner; married May 1977.

Charles C. Young, Avon Park, petitioner — Zana E. Young, Avon Park; married September 1973.

George Talley, Florida, petitioner — Charlene C. Talley, Avon Park; married April, 1977.

Thomas S. Griffin, Highlands County, petitioner — Elizabeth Griffin, Polk County; married January 1970.

Gary Broxton, Auburndale — Sandra Broxton, Auburndale,

petitioner; married November 1973.

David Odem, Colaj — Victoria Ann Odem, Lake Placid, petitioner; married December 1973.

United In Candlelight Ceremony

Mr. And Mrs. Randy Ward

Brenda Ludwig and James Randall (Randy) Ward were united in a candlelight ceremony at the Church of Christ on Saturday, September 10 at 8 p.m. with Minister Everett Beane of Jacksonville performing the double ring ceremony.

A trio of tall, graceful tree candelabras adorned the altar, surrounded by standing arrangements of greens and large urns of mums, gladioli, pompons, carnations and baby's breath.

At the entrance of the church were arrangements of mixed greens and palms, accented by two topiary trees. White satin bows marked the family sections.

A selection of the couple's favorite wedding songs were sung by an acappella chorus.

The Bride

Given in marriage by her father, the bride wore a traditional floor length wedding gown of tulle and polyester and organza. The fitted bodice featured an empire waistline, accented with a high neckline trimmed with Venice lace overlay. Her long fitted sheer sleeves were etched with sprays of silk Venice lace. The full A-line skirt was appliqued with sprays of silk Venice lace with scalloped Venice lace trimming the hemline and chapel train.

The two-tier finger-tipped veil was held in place by a silk Venice lace band, scattered with pearls and lace edging. Complementing her gown, the bride carried a traditional bouquet of white roses, ranunculus and foliage.

Education Course Offered

EDE 429, a five hour course in Early Childhood Education is open to qualified persons. The University of South Florida course will be offered at North Wauchula Elementary School Media Center from Tuesday, October 4 - Tuesday, December 6 from 5 p.m.-10 p.m.

Persons planning to attend should contact Mrs. Sarah Thompson at 382-1121, Ext. 231 before September 30.

bodice and matching accessories. She wore a waist corsage of roses and miniature carnations and baby's breath, fashioned from the bride's chosen colors.

For her son's wedding, Mrs. Ward chose a peach, chiffon gown, beaded at the neckline and on the cuffs of the long sheer sleeves. She wore a crescent style corsage of miniature apricot carnations and baby's breath.

Reception

Following the wedding ceremony, Mr. and Mrs. Ludwig entertained guests at a reception at the Ranch House Banquet Room.

Miss Debbie Ward, sister of the groom, was in charge of the guest book. Decorating the table was a lace cloth and wedding candle, which was a gift to the bride and groom.

Wedding palms, baskets of fern and decorated trellises filled the reception area.

A sheer overlay embellished cloth, imported from Spain, covered the skirted cake table, adorned by three silver candelabras.

The bride chose a carrot cake, featuring three tall tiers with four revolving arms. Taping each arm was an angel with a harp. Decorating the cake was a lattice lace trim, effect and apricot-colored roses, crowned with a miniature bride and groom, circled in lace.

Two punch tables were each centered with a silver punch bowl and decorated with silver candelabras, mixed flowers of the bride's colors, and silver compotes filled with assorted mints and nuts.

Centering a long, banquet style table was a large crystal bowl filled with colorful fresh fruits and floral arrangements in the bride's colors. Guests were served a delicious assortment of cold cuts, dairy and decorated finger sandwiches, deviled eggs, party slices with crab meat and shrimp salad, relish trays, cheese balls and miniature biscuits with sausage.

Assisting in serving were Mrs. Kathy Anderson, Miss Lynell Rogers, Mrs. Cindy Thomas, cousin of the bride, Mrs. Dot Childress, Mrs. Betty Jordan, Mrs. Glenda Hart, Mrs. Lucille Stone and Mrs. Anna Dee Shaw.

For her traveling outfit, the bride was wearing a three-piece green knit suit and a corsage of white roses.

After a trip to Gatlinburg, Tennessee, and the Smokey Mountains, the couple will live in Avon Park.

Our of Town Guests
Mr. and Mrs. Kenneth Miller and son, Ken, Tuscaloosa, Alabama (sister of the bride); Mr. and Mrs. Jason Green, Stanfield, North Carolina (aunt and uncle of the groom); Mr. and Mrs. John Morgan, Jacksonville, (aunt and uncle of the groom); Miss Glenda Childress, Lakeland; Mrs. Kathy Anderson, Bowling Green; Mr. and Mrs. Allen Hill, Sebring, Mrs. and Mrs. Bill Ward and Melanie, Wauchula (aunt and uncle of the bride); Mr. and Mrs. Blaine Ward, Wauchula (cousin of the bride); Mr. and Mrs. Everett Beane and Linda, Jacksonville; Mr. and Mrs. Ron Boatright, Sebring; and Mr. and Mrs. Bill Meriwether, Deerfield Beach.

Rehearsal Dinner

Mr. and Mrs. James Ward entertained the wedding party with a dinner at the Ranch House the Friday evening before the wedding.

DECORATED IN BEAUTIFUL fall colors, the Fellowship Hall of the United Methodist Church was the

setting for a bridal shower for Beth Ferguson, center. On her left is her sister, Sara Ann, her mother, Mrs. Mildred Ferguson is on the right.

Autumn Theme For Bridal Shower

Beth Ferguson, bride-elect of Ricky Helms, was honored at a bridal shower on September 22 at the Fellowship Hall of the United Methodist Church.

Assisting her sister in opening gifts was Sara Ann Ferguson. Decorating the long gift table was an attractive shower parasol. Beth's corsage, created by Sybil Laye, was made of cloth flowers in fall colors and gold-colored measuring spoons.

Pump, finger sandwiches, cookies, cheese ball, nuts,

mints and other assorted goodies lined the serving table, decorated in fall colors.

Hostesses for the occasion were: Catherine Mitchell, Ann Stevens, Linda Laye, Mary Jean Reddick, Vicki Gore, Lyn Laye, Betty Smith, Joy O'Steen, Mary Lee Kinde, Gert Craft, Roberta Flowers, Imogene Kelsey, Vivian Rich, and Sybil Laye.

The hostess gift was a platter from Beth's china selection.

Beverly Anderson Honored At Shower

Beverly Anderson, of Margate was honored with a miscellaneous shower at the Florida Power Lounge on September 24. Beverly and Question Atkins will be married October 22 at Highlands Hammock State Park.

Beautiful autumn colors of yellow, brown, orange and greens decorated the entire party room. Covering the gift tables was a beautiful polyester white cloth, edged with lace and centered with a pedestal stand arrangement of colorful wild flowers. The refreshment table was overlaid with yellow cloths and lace, highlighted by brown velvet bows. A silver candelabra held yellow candles and a bouquet of flowers.

The approximately 100 guests who attended the shower were served punch from an antique cut-glass bowl as well as assorted finger sandwiches, nuts, mints, sausage and coconut balls, cheese wafers and homemade cookies.

Hostesses were Mrs. Lou Baughan; Mrs. Evelyn Cook; Mrs. Katie Davis; Mrs. Mildred Gay; Mrs. Eunice Haynie; Mrs. Jewell McClure; Mrs. Lora McFarland; Mrs.

Opheila Rihner; Mrs. Barbara Wicker; and Mrs. Mary Lucile Worden. Corsages were presented the guest of honor as well as Mrs. Harmon Atkins, mother of the groom-to-be, and Kathy Carrick, bridesmaid. Mrs. Rihner designed and created the beautiful dried flower arrangements and corsages as well as the other room decorations. In addition to her corsage the hostesses presented Beverly with a Deluxe mixmaster.

Out-of-town guests included Mrs. R. T. Loner of Bartow; Barbara Ann Pulk of Highlands City; Mrs. Ivor Farnell and Mrs. William Oren of Tampa; Mrs. Nancy Benschter of Fairfield; and Kathy Carrick from Pompano Beach.

Son Born to Ricky Dicks

Mr. and Mrs. Ricky Dick of New Port Richey announce the birth of a son, Robert Travis, born September 22, weighing 7 lbs., 14 oz. Grandparents are Mrs. and Mrs. Robert Dick and Mr. and Mrs. Robert Lee.

Reflections...

By RITA KAMPER

My concept of a small, community newspaper has always been one of very heavy emphasis on local people and events. This may not come as a tremendous revelation to anyone who has had the privilege of spending a lifetime in a small town, but, for me, my theories of what a newspaper should and could be have finally turned into realities.

Although I have done a considerable amount of writing in the eight years since I graduated from college, I had not been in, much less worked for, a newspaper since my internship on the Gainesville Sun.

In the month that I have been with the Avon Park Sun, I now find myself performing just about every newspaper job from developing my own firm to feature writing to pasting up the newspaper. This is an exciting experience and certainly the best way to break into the newspaper business, but I have discovered (to my usual dismay) that I have limitations as to how much can be accomplished in any given time.

Therefore, I have made up a list of those items which will allow me to not only meet my printing deadlines, but also save time so that I can continue to learn more about my adopted community and to

continuously increase my coverage of local events.

— Wedding information, including pictures must be in by noon Monday of the week it is to appear in the paper.

— Copy submitted to the Sun office regarding club meetings, religious activities, etc. (any event which has already occurred) must be in by 5 p.m. Monday to ensure publication that week. Every effort will be made to include copy submitted after the deadline.

— Be sure to provide us with identification of any photographs which are submitted for publication. — Include your phone number on all copy.

— Copy does not have to be typed, but words which are difficult to spell and all names should be printed legibly.

If copy is typed, please double-space.

— If husband's names are used after "Mrs." (Mrs. George T. Smith, for example), please also give us a first name for Mrs. Smith (Mary Ellen Smith).

— When submitting copy, it may be easier to write if you follow five "w's" of journalism: who, what, when, where and why.

As in the past, submission of news of past, upcoming or special events is always encouraged. Please drop off by phone the Avon Park Sun office (453-4358).

It's Time To Say Happy BIRTHDAY

60th Anniversary Celebration

Celebrating their sixtieth wedding anniversary on September 30 were the Rev. and Mrs. C. Dennis Harsh of Winter Haven. They are the parents of Mrs. P. D.

(Marjorie) Wells of Avon Park and Leonard Harsh, Pt. Myers. They have three grandchildren and three great-grandchildren. The Rev. and Mrs. Harsh retired to Florida three years

ago. The above photo was taken on their 50th wedding anniversary.

June Cash Loans Popular Gospel Film To Community

The movie "Gospel Road" made by the Billy Graham people is booked up for showing for several years and by making her copy of the film available for showing, it seen by many as making a gift to this community by June Cash.

The movie, sponsored by the Seventh Day Adventist Youth Department will be shown at 9 p.m. Saturday, Oct. 1 at the Avon Park High School auditorium. Contributions will be received at the door for the Christmas benevolent fund of the Adventist Youth group.

"Cast thy bread upon the waters and it shall return to you after many days" appears

to apply in this case, when June Cater Cash came to Walker Memorial Hospital for treatment and in return she has loaned the Seventh Day Adventist Youth Department her personal copy of the movie "Gospel Road" for showing in this area.

"Gospel Road" was filmed on location about two years ago in the Holy Land with the authentic costumes and dress of the time of Christ. Johnny and June Cash supplied the music and narration for the film and were assisted by Chris Kristofferson, popular country-western singer and song writer.

The combination of music, narration and beautiful scenery has caused people to describe the film as a moving and inspiring message on the Life of Christ.

Hippocrates, the outstanding physician of ancient Greece, is credited with being the first to separate medicine from superstition.

Warm wishes to the following persons celebrating their birthdays this week.

September 29 — Randy Gobbie, Peggy Sizemore, Ginger Delaney, Lucy Jackson, Jim Culpepper, Aaron Amick, Lillie Ann Asberry, Travis LaFlom, Mrs. Lucy Prescott.

September 30 — Melvin Kangeter, Jr., Louise Prellip, Mamie Lee, Freddie Stricklin, Oslia Sellers, Ted Grissman, James Moore, Kim Saleman, Ernie Kirbock, Tina Johnson, Darbin Baucum, Traci Lyn Phillips.

Oct. 1 — Ellen Haynsworth, Ruth Robinson, Carolyn Pipkin, Dianna Louise Light, Terri Swanton.

October 2 — Stacey Sharpe, Doyle Perry, Frank Anderson, Jr., Ethel Swearingen.

October 3 — Molly Burrell, Harry Talley.

October 4 — Linda W. McBrown, Mrs. J. E. Laynsworth, Hugh Laynsworth, Linda Wood, Joy Lynn Clark, Anita Borhecho.

October 5 — Harold Worden, Norris Brooks, Jerry Traverser, Gloria Woolen, Tap Collier, Irene Limbaugh, Glenn Ray Bass.

Belated birthday wishes to those who celebrated their birthdays last week:

September 28 — James Ivey, Helen Albright.

September 27 — Stanley Trescott, Harry L. Frisk, Jr., Thelma Hatfield, Tommy Stricklin, Arnold Q. Davis.

September 26 — Darleem Baucum, William L. Clark, Jeremy Len Thomas.

September 25 — Ann Karkick, Annette Heller, Jackie Massey, Neosha Gay Robertson.

Sept. 24 — Karen Marie Timline, Bill Dowd, Linda Helmsberg, Charles E. Wesley.

September 23 — Barbara Stricklin, Carol Field, Etta Crews, Mary Alice Hulen and Henry D. Sanders.

Sept. 22 — Helen Arnsman, Myrtle Willis.

Helen Baker, Mrs. William Buren, Edward Botson, Bertrond A. Cox III, Mark Roan.

If you have a friend or loved one who is having a birthday soon, please call us so that we may add them to our birthday list.

Community Activities Calendar

Woman's Club Executive Board
The Executive Board of the Woman's Club will meet on Friday, September 30 at 9:30 a.m. at the Woman's Club House.

George Couch, president, would like all department heads and committee chairmen to attend this meeting since it will be the first of the new season.

Peace Ridge Scottish Rite Club
The Peace Ridge Scottish Rite Club will meet at the Ranch Buffetaria on October 5 at 7 p.m. All thirty-second degree Masons and their wives are cordially invited to attend. Please call the restaurant for reservations.

Sweet Adelines
The Sweet Adelines meet every Thursday at 7:30 p.m. at the United Methodist Church.

Daughters of the American Revolution
The Patriot's Chapter of the Daughters of the American Revolution will begin their fall schedule with a covered dish luncheon on October 3 at 12:30 p.m. at St. Catherine's Parish Hall, Hickory St., Sebring.

Highlighting the meeting will be a general review of the upcoming programs with Mrs. Paul V. Forest, Vice Regent, presiding.

Hostesses for the meeting will be: Mrs. Paul V. Forest; Mrs. James Haynes; Miss Margaret Jane Walker; Mrs. Sarah Cadieu; Mrs. G. W. Holman; Mrs. S. W. Gehrett and Mrs. William J. Post.

Each member is requested to bring their own table service.

Woman's Club
Friday, October 7 marks a new season of activity for the Woman's Club, starting at noon with a covered dish luncheon. Handling arrangements for this luncheon are members of the Home Life Department under the direction of Mrs. C. R. Mclear, chairman. Beverages will be provided but each person is requested to bring their own table service. After the luncheon, the various departments will meet in groups for discussion and planning sessions.

Materials will be provided to each member for creating an individual cover for her 1977-78 Year Book. This is an innovation for the club and some interested results are expected.

12th Annual 4-H Banquet October 3

The 12th Annual 4-H Awards Banquet will be held Oct. 3, 1977 at the Ag Center Auditorium in Sebring. The program will begin at 7 p.m.

4-Hers will be given awards on record books they have turned in for the 1976-77 4-H year. Some clubs will be given special awards to 4-H'ers excelling in specific areas.

There will be special leadership awards given to 4-H'ers achieving in the county and state levels.

The theme for the banquet will be "Freedom To Be".

Parents, club leaders and special guests have been invited to see 4-H'ers receive their awards.

The banquet is the kick off event for National 4-H Week, October 2-7. 4-H'ers will be attending church on Oct. 2, going before the county commissioners to make the annual 4-H report and making exhibits on 4-H during the week.

Any one interested in 4-H may call the extension office at 385-5158 in Sebring; from Lake Placid call 465-2464, ext. 270; from Avon Park call 453-3578 ext. 270.

All 4-H Extension programs are open to all boys and girls between the ages of 8 and 18 regardless of race, color or national origin.

Special Anniversary For Wells

On September 17, Jane and Ray Wells belatedly celebrated their 3rd wedding anniversary in a very special and exciting way.

Their actual anniversary date was September 4 and their three sons had intended to fly their parents and wives to a special restaurant in St. Petersburg on September 3. Inclement weather dashed plans for this first trip.

Two weeks later — on the 17 — the Wells' three sons chartered two planes and flew their wives and parents to St. Petersburg for dinner at the 94th Squadron Mess Hall.

The decor was most unusual, according to Mr. Wells. "It was a simulated bomb shelter, walled in with sandbags, airplane parts, empty bomb war pictures and background music."

"We had a beautiful view

across the water towards Tampa and St. Pete. A storm came up while we were eating and even though it was beautiful to see, it was also very frightening to think that our only way of getting home was for the weather to clear.

The Wells family was finally able to leave St. Petersburg at 11:15 after the storm had cleared, flying back across Tampa, St. Pete, Brandon and Wauchusa amidst the beautiful effect created by the ground lights.

Even though the midnight flying and unusual dining were treats for the Wells, "our thrill was in having such a wonderful family to do this for us. We deeply appreciated their love and thoughtfulness in planning such a celebration for us. We did miss our seven grandchildren for the evening."

On their wedding anniversary morning, Mr. Wells composed the following prayer:

My Anniversary Prayer.
Dear Lord, it hit me hard today.

It is our 43rd anniversary ... and suddenly it dawned on me.

She chose me. She gave her life to me.

She could have had her pick. And she picked me.

She might have married a wise man, or a strong man or handsome.

But she married me. I still marvel that she gave her life to me.

She follows me, soothes my nerves.

Cooks my meals, checks my

clothes, loves me when I am good.

And ... I think ... When I am not too kind to her.

She bore my three sons, and sometimes babies me more than them.

Somewhat, make up to her, Lord. For all she missed By choosing me rather than a real catch.

Years have made her sweeter ... I am the envy of all who know.

That she is mine. Only God could have brought us together.

So thank you Lord for such a blessing, and help me Lord, to

Be a good husband to her, a good father to three sons and their wives. And a good grandfather to seven wonderful grandchildren.

Amen.

Episcopal Women Make Plans For Rummage Sale-Bonanza

The Episcopal Church Women of Avon Park met for their regular monthly meeting on Wednesday, September 21, in the Parish House of the Church of the Redeemer, after mid-week communion.

After a short "coffee", Mrs. Barbara Klueberg called the meeting to order. Members joined together in singing the Church Women's Prayer.

After the minutes of the previous meeting and the

treasurer's report were approved, Mrs. Klueberg asked members to continue to turn in used postage stamps to be sent to Gray Inn. A receptacle will be provided in the Parish House.

Mrs. Sherman Francisco asked for volunteers to assist in sorting and pricing the material for the three-day Rummage Sale, which will begin on Thursday, October 6. Hours for the sale are as

follows: Thursday-noon to 5 p.m.; Friday-9 a.m. to 5 p.m.; and Saturday from 9 a.m. to noon.

Volunteers are needed at least three days before the sale. Mrs. Francisco will be at the Parish House at 9:30 a.m. on Monday, October 3, and welcomes all assistance.

The usual first Wednesday-of-the-month covered dish suppers will start again in October. However, because of the Rummage Sale, this month's supper will be postponed until October 12.

After the Evening Prayer Meeting, which begins at 6:30 p.m., members will adjourn to the Parish House for the supper. Members are asked to bring a dish to pass and table service. Coffee will be provided. Mrs. Franklin Ward will be the guest speaker at the short program after the meal.

The annual Christmas Bonanza will be held on Saturday, November 12. Members are requested to bring planning for this affair so that it will be an overwhelming success.

Mrs. Klueberg announced the nominating committee for new officers — Mrs. V. Kinvon, Mrs. A. Smith; and Mrs. C. Irwin, who will present the new slate in November. The new officers will assume office in January.

Hostesses for this meeting were E. Hise and Mrs. A. Irwin who were thanked by Mrs. Klueberg for their delicious refreshments.

The next meeting will be October 12 after mid-week communion.

Obituaries

Floyd W. Robinson, 71, Frostproof, passed away September 24 at his residence. He moved to Frostproof in 1971 from Perry, New York, after he retired from the Eastman Kodak Company as a tool and die maker.

He was a member of Sun Ray United Methodist Church and the Ethiopian Masonic Lodge No. 479 F & M, Spencerport, New York.

He is survived by his widow, Mrs. Doris Robinson, Frostproof; two sons, Don Robinson of Victor, New York and David Robinson of Hilton, New York; and five grandchildren.

Masonic services were held at 7 p.m. on Monday, September 26 at Shore's Funeral Home Chapel. The funeral service was held at 2 p.m. on September 27 at Sun Ray United Methodist Church with the Rev. J. Milton Ivey officiating.

Interment was in Silver Hill Cemetery, Frostproof. Arrangements by Shore's Funeral Home, Frostproof.

Crawford Receives Medal

Meritorious service at Lowry Air Force Base, Colo., has earned the U. S. Air Force Commendation Medal for Staff Sergeant Ronald J. Wilkinson.

Sgt. Wilkinson, a construction equipment operator, was presented the medal at Yokota AB, Japan, where he now serves with a unit of the Pacific Air Forces. His wife, Debra, is a daughter of Mrs. Juanita M. Crawford of 100 S. Central, Avon Park, Fla. Mrs. Wilkinson's father, Algie L. Crawford, resides at 107 S. Central, Avon Park.

United Methodist Women On October 5 and 7, the United Methodist Women will be sponsoring a Rummage Sale in Wesley Hall, beginning at 9 a.m.

Ladies Guild

Hold Meeting

The Ladies Guild of Our Lady of Grace Catholic Church held its first meeting of the new year on September 15. Guild President Teresa Greene called the meeting to order following a beautifully prepared salad bar luncheon.

The various officers and committee chairpersons gave their reports to the assembled ladies. Teresa announced there would be a Deacons Board meeting and seminar on Commissions September 22. Teresa Greene, Mary Ann Wade, Phyllis Williams, and Rev. George Prater attended. Beginning October 3, and throughout the month of October, each Monday, Tuesday, Thursday, and Friday morning a recitation of the Holy Rosary will be given immediately following the morning mass.

UMU The regular monthly meeting of WMU of Florida Avenue Baptist Church will be sponsoring a Rummage Sale in Wesley Hall, beginning at 9 a.m.

Sorority Meets

In Sebring

The Gamma Alpha Chapter of Delta Kappa Gamma International met Saturday, September 24 at Woodlawn Elementary School for a most interesting Fall Workshop. The business meeting was called to order by President V. Kinvon after everyone had enjoyed a delicious brunch provided by the Sebring group. Program plans and dates for the coming year were presented by the President, Jean Douglas, who was introduced as the new list vice president. Attendance requirements were presented for approval by Membership Chairman Joan Carlson. Mrs. Bernice Steinbach of Avon Park was welcomed as a new transfer member. The regular committees then met together to discuss and make plans for a variety of programs for the coming months.

The Gamma Alpha Chapter at this meeting went on record as highly approving the nomination of Miss Louise McMillan of Orlando, past President of Mu State for first Vice President of Delta Kappa Gamma International. It also recommended the nomination of Dorothy Oliver of Lake Wales and Treasurer of Mu State for many years, as a member of the International Financial Committee.

The next meeting of the Gamma Alpha Chapter will be held Thursday, October 27 at Avon Park High School Media Center at 7:30 p.m. The program will be in charge of the Committee on Personal Growth and Services with Nancy Wild as chairman.

FAITH SEES THE LIFE-SUSTAINING BEAUTY OF AUTUMN

When nights draw even with the days, The air becomes a pungent haze That softens what the eye receives: The brilliant hues of autumn leaves In which the wind-blown trees abound, Until they flutter to the ground; The curtain on the final act, With just the branches left intact. In any Church you may attend, You'll learn that harvest time will blend Both food and beauty in the plan, In which God shows His love for man!

—Gloria Nowak

"The harvest of the earth is ripe."
—Revelation 14:15

Heap high the farmer's wintry hoard!
Heap high the golden corn!
No richer gift has Autumn poured
From out her lavish horn!
—John Greenleaf Whittier

SENIOR CITIZENS

We are pleased to continue a memorial estate program especially designed to provide substantial savings for senior citizens. This approach will be of particular interest to retired residents with fixed income budget considerations. If you do not own cemetery property locally, it could prove advantageous to know details of this unusual new program. Complete information will be delivered at your request.

Ridge Area Association Sponsoring Advocacy Program

A new service program in the Ridge Area is seeking volunteers to work with retarded citizens.

Ward Opens Real Estate Office On Main St.

Realtor C. Wesley Ward has opened his third real estate office in Highlands County at 117 West Main St. in Avon Park.

"We have always sold a lot of real estate in the Avon Park area from our main office in Sebring," Ward said, "so I feel that with an office in Avon Park we should have more listings and more property to sell."

Ward said his entire sales force would continue to work out of the Avon Park property, but that his local branch office, Ward's daughter Monica will be working at the Avon Park branch office with the addition of two salesmen at a later date. Ward said he personally will spend much of his time in the Avon Park Branch office because he knows so many people in this area.

Monica, 24, is a former student at South Florida Junior College and has been licensed in real estate for four years. Ward also said he is looking for real estate salesmen who want to work full time in the profession. "One of the things that has always bothered me in the real estate profession is that there are too many part time salesmen," Ward said. "I feel that if you are going to be successful in any business, you must devote 100 per cent effort."

Ward said his new office will be open six days a week, possibly seven days a week at a later date.

Ward's main office is located in the West Building in Sebring with a branch office on U. S. 27 in Lake Placid.

Public Notices

NOTICE OF APPLICATION FOR TAX DEED

Notice is hereby given that Edward Walker, holder of Tax Certificate No. 184, issued the 30th day of May, A.D. 1977, has filed notice of application for a tax deed to the Clerk of the Circuit Court of Highlands County, Florida, in and for the County of Highlands, Florida, to sell the following described property in the County of Highlands, Florida, to wit: Lot 12, Block 47, Unit One of Lake Lillian Section of Highlands Lakes, according to the plat thereof recorded in Plat Book 2, page 77, of the Public Records of Highlands County, Florida. The Assessment of said property under said certificate issued was in the name of Frederick Headley et al. Unless the said certificate shall be redeemed according to law, the said property shall be sold to the highest bidder at the Courtroom door on the fourth Monday in the month of October, 1977, which is the 34th day of October, 1977, at the local hour of sale 11:00 A.M. Dated this 14th day of September, 1977.

sponsoring a Citizen Advocacy program to aid retarded persons of all ages in their personal development. The Citizen Advocacy concept involves an informal, one-to-one relationship between a community volunteer (the advocate) and a retarded individual (the protégé).

The main thing to remember," according to program coordinator Martha Wahl, "is that retarded people can enjoy the same activities

which most of us do if they are given the chance to try and to learn."

Volunteers in other Citizen Advocacy programs have found this rewarding, educational and personally fulfilling. Anyone wishing to become an advocate will be given training, and then will be matched with a protégé and supervised. To become an advocate, one need only have the time (a few hours a week) to spend in the relationship.

If you're interested in being a part of this program or know of a retarded person who might benefit from Citizen Advocacy, please call Martha Wahl at the Ridge Area Association, 385-4623, in Sebring.

High School pictures of Johnny Mixon of the Avon Square Penneys Store showed the "Fundamentals in Clothing" class of the Sebring School last week.

Johnny began his talk by giving a few facts about the retailing industry. There are more than 8,000,000 people employed in retailing, which is 11 times the employment of the automobile industry. The more than 1,800,000 retail stores have 70 percent of the nation's income passing through these stores. Therefore, it would be safe to conclude that retailing is a big business.

Retailing has many advantages, pointed out

Mixon Speaks To Class

Johnny and Susan Mixon, of the Avon Square Penneys Store at the Avon Square Shopping Plaza, spoke to the "Fundamentals in Clothing" class at the Sebring High School last week.

Johnny began his talk by giving a few facts about the retailing industry. There are more than 8,000,000 people employed in retailing, which is 11 times the employment of the automobile industry. The more than 1,800,000 retail stores have 70 percent of the nation's income passing through these stores. Therefore, it would be safe to conclude that retailing is a big business.

Retailing has many advantages, pointed out

Sometimes at the top level there are long hours; sometimes there are worries and the pressure to produce is usually great. To get started in retailing, Johnny told the class, takes a positive attitude and a willingness to work hard.

Pitiful Punting Cost Victory

"LET GO OF MY jersey", Anthony Carter No. 22 (dark) seems to be saying to a Bulldog tackle as he tries to sweep around the right end of the Avon line during the game in Arcadia last Friday night. Big Devil tackle Mike Parker (54) gets ready to knock Arcadia's number 58 out of the action. All to no avail, however, as the Bulldogs won the game 8-7. Sunphoto by Lew Miller.

Youngest Devil Team Keeps Tradition Alive

It was an exciting, first time ever moment for almost forty Avon Park Middle School boys on Tuesday night, Sept. 20, when the Red Devil Middle School football team hosted the Lake Placid squad here at Memorial Field in the opener of a six game schedule. The youngest of the Red Devil teams kept the winning tradition alive with a 15-0 win over the Green Dragon eighth graders.

Last Tuesday night, Sept. 27, the Middle School team was to have played its second game of the season in Sebring against the Blue Streak eighth graders. Next Tuesday night, Oct. 4, the Devil Middle Schoolers will host Wauchula here at Memorial Field.

Against Lake Placid Tuesday night a week ago, the visiting Green Dragons got the ball first and drove slowly down to the Avon Park 23-yard line. From that point the Avon Park defense threw them for an eight yard loss and as the second quarter started the Dragons drew a five yard penalty. They then punted from the Devil 35-yard line and the ball rolled dead at the Avon Park four yard line.

The Avon Park offense took over after a whole quarter on defense and started moving from their own four. Ronnie Barnes carried twice and moved the ball out thirty yards. Quarterback Joe May, halfback Warren Moreland, and fullback Leroy Stirling alternated with Ronnie

Barnes on the long drive down the field with the aid of a fifteen yard penalty against Lake Placid. From the first yard marker, Ronnie Barnes swept around right end to score the first touchdown. Barnes also ran the two point conversion to put Avon Park out front 8-0 with almost four minutes left in the first half.

The two teams traded fumble recoveries before the half and Lake Placid had control of the ball when the half ended.

The third quarter was also plagued with fumbles as Avon Park lost the ball twice by Barnes and Lake Placid turned it over once. On one play, an Avon Park back ran into a crowd with the ball and seconds later, a Lake Placid lineman came out of the group with the ball headed in the other direction as the ball had popped loose but never hit the ground. Neither team could keep a drive going in the third period.

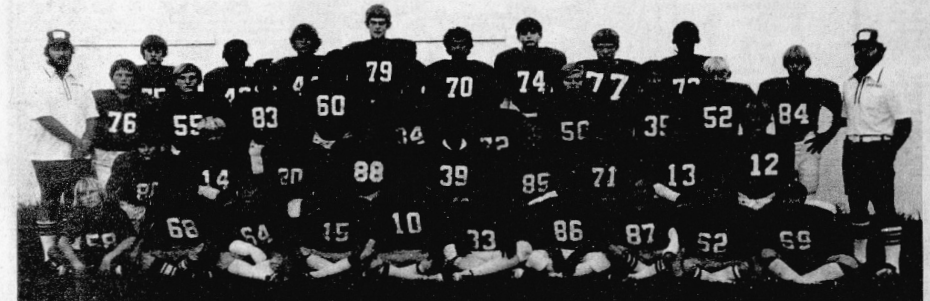

Early in the final quarter, Avon Park took over possession on its own 44-yard line and marched fifty-six yards to score again. Again all four backs gained yardage for the Devils as they held on to go to the Dragon eighty yard line. A five yard penalty put the ball on the Lake Placid three and Ronnie Barnes scampered around right end once more

to go in for the TD. Halfback Courtney Weathers ran the two point conversion to give Avon Park the 16-0 lead with just 50 seconds left in the game. The Devil defense held for two downs and the game ended with the Devil eighth graders victorious.

Defensive players for Avon Park were: Tony Thompson at nose guard, Stuart Yundt and Wayne Whitaker at tackles, Walton Touchton and Dwayne Durrance at ends, Calvin Wingate, Ronnie Barnes, and Steve Smithson at linebackers, Leroy Stirling and Warren Moreland at halfback and David Bennett at safety.

The Devil offensive line had Robbie Kopp at center, Touchton and Whitaker at guards, Yundt and John Hood at tackles, and Roosevelt Wyche and Jeff Brock or Steve Smithson at ends. Barnes, Moreland, Wingate, and Weathers all played at offensive halfback. Joe May went all the way at quarterback and Stirling ran from the fullback slot.

It was the twelfth straight win for the Middle School team. In 1975 the Avon Park team went 7-0 under Coaches Hoppy Rewis and Joe Baker. The 1976 team was 4-0 under Coaches Joe Baker and Don Sisemore. The 1977 team has now kept that record going with a 1-0 record under coaches Cecil Walley and Ben Nelson.

THE 1977 MIDDLE School football team defeated Lake Placid 16-0 in its opening game on Tuesday, Sept. 20. Next Tuesday, Oct. 4, they will play Wauchula here at Memorial Field at 7:30 p.m. From left, front row: Bart Murphy, Juan Sanchez,

Desmond Albritton, Bobby Smith, Chester Daniel, Tony Moore, Noel Jahana, Joe Evans, Oddie Knight, and Andy Spies. Second row: Steve Smithson (86), David Bennett, Calvin Wingate, Brian Oliver, Courtney Weathers,

Dwayne Durrance, James Henry, Leroy Stirling, and Joe May. Third row: Coach Cecil Walley, Tony Thompson, Robbie Kendrick, Roosevelt Wyche, Mike Ben, Gerald Bristol, Lorenzo Walker, Robby Kopp, Terry Portis, Sam Jolly, Jeff

Skin Diving Does Not Need Costly Equipment

LET'S GO DIVING
By Betty Beaumont

Skin divers can, do and see almost everything a SCUBA diver can. Why? Because, in clear water, you can see the marine life as well as enjoy the coral reefs. Other activities include spearfishing, shell collecting, lobstering and a great way to get some exercise.

Skin diving does not require costly equipment. All that is needed is a mask, a pair of fins and a breathing tube which is called a snorkel. Also, for your safety, a swim vest is desirable.

The diver's mask. Provides an air pocket between your eyes and the water which allows you to see under-water. The

mask can be any style you choose. The important thing is fit. When you hold the mask on your face (without the strap on your head) and inhale it should stay on for a short time.

The fins: Are designed for propulsion and power in the water and to avoid fatigue. There are two basic types: Open-heel, fins which are worn with a pair of rubber boots; and foot-pocket fins which come in all sizes. Fit is extremely important to avoid discomfort.

The snorkel: Allows breathing without lifting the head out of the water. Snorkels are "J"-shaped tubes with a mouthpiece on the short end of the "J". Breathing resistance and comfort are

the two important factors. Less recommended are those with a ping-pong ball in the tube.

Vest or Buoyancy Compensators allow you to float on the surface with minimum effort. The vest or B.C. will make skin-diving more enjoyable. There are three basic types: The safety vest, made of nylon-neoprene material has a hose on the front which provides for oral inflation. Some have a CO2 cartridge for fast inflation or emergencies (only use on surface). The second and third types are more advanced and come in many styles and sizes. They are only needed for advanced diving.

The mask, fins, and snorkel are cared

for by rinsing with clear, fresh water after use and stored away from the sun. For the vest or B.C., a rinse inside and out with fresh water will do. Let dry and inflate somewhat and store away from the sun.

Now all you need is to learn a few basic safety skills to enjoy skin diving. See you down at the beach soon!

Any questions on diving or for more information, write Betty Beaumont in care of the Avon Park Sun P.O. Box 1137, Avon Park 33825. A prompt reply is assured.

Editors Note: This article is the first of a series on this growing water activity.

extra point to put Avon Park ahead 7-0 as the first half ended.

Avon Park got in the hold from the beginning of the second half. A fifteen yard penalty on the kick-off return against Avon Park set the ball back to the Devil 20-yard line. Two running plays and an incomplete pass netted no yardage and the Devils were forced to try and punt out. The snap from center was low and the Avon Park punter finally fell on the ball at the one yard line. Arcadia took over and Harry Campbell sliced through on first down for the six points. The attempt to run for the two point conversion was stopped short and Avon Park still led 7-6.

A Devil fumble came on the next series of plays and Arcadia was held but

eft in the game. Four running plays ended just inches short of the goal line.

Arcadia was held for three downs and punted out to the thirty to give Avon Park one more shot at winning the game. The Bulldog defense rose to the occasion and held by intercepting a Devil pass at the four and then running out the clock to take the win.

It was a bitter defeat for Avon Park. The Devils won in almost every statistical department except lost fumbles and punts. Avon Park had 14 first downs; 177 yards of rushing; 27 passing yards; completed two of four passes and had the one intercepted; lost 3 fumbles of 5, punted once for 23 yards but never got two more off; and drew only 2

TACKLE CLAUDE DENNIS (41) signals a touchdown for Avon Park as fullback Rufus Wilson powers over the goal line from one yard out in the second quarter of the varsity game in Arcadia last Friday night. The Devils also kicked the

extra point, but lost the game by the one point as Arcadia took advantage of two muffed punts attempts to score a T and a safety for an 8-7 victory. Sunphoto by Lew Miller.

punted the ball which rolled dead on the Avon Park three yard line. The Devils could not pick a first down in spite of a five yard penalty against the Bulldogs and lost back to five on three running plays. Again, faced with a punting situation, the ball was fumbled by the punter and although he fell on the ball, it gave Arcadia a two point safety to put the Bulldogs ahead 8-7.

The fourth quarter started with Avon Park in possession at the Devil 20 thanks to another tough stand by the Devil defense. This time Avon Park put together a drive that went 7-3 yards ending just short of the goal line. A fourth down pass reception by Jeff Adams gave Avon Park a first and goal at the Bulldog seven yard line with over four minutes

penalties for 30 yards.

Arcadia had only 3 first downs; rushed for only 80 yards; passed for only 14 yards; completed 1 of 2 passes with none intercepted; lost only one fumble; punted 6 times for a 27.2 yards average; and drew 5 penalties for 22 1/2 yards.

Rufus Wilson was the games leading grounder gainer with 106 yards on 29 carries. Anthony Carter had 61 yards with 10 carries and Jeff Adams carried 10 times and picked up a net 29 yards. David Sisemore hid Adams and Eric Wilson for the two completed passes that came at crucial points in a drive.

Linebacker Mike Parker was chosen player of the week by the game statisticians for his defensive play.

Girls Play Softball

The Avon Park Middle School girls softball team will open the 1977 fall season today (Thursday) here at the Avon Park Little League Field against a Wauchula eighth grade team starting at 4:15 p.m.

This new interscholastic sport was added to the Middle School program this year to give an activity for girls while the boys are engaged in interscholastic football. The Avon Park girls will play a six game schedule, playing Wauchula, Sebring, and Lake Placid on a home and home basis each Thursday afternoon.

The coaches for the Avon Park team will be Norma Hawk and John Russ. There are seventeen girls who will be on the 1977 team. They are all eighth graders. A starting line-up had not been decided upon at press time. Girls out for the team are: Camille Culbreth, Vickie English, Ruth Rowe, Tracy Brown,

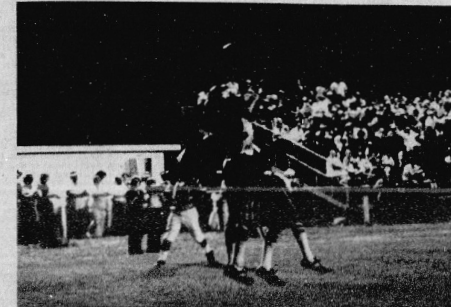

Linda Knight, Michelle Braswell, Patricia Start, Robbie Bass, Sandra Warren, Charlotte Hart, Princess Hayes, Vickie Knight, Nina Dennard, Gini Porter, Faye Martin, Sheri Johnson, and Linda Johnson. Team trainers are Carla Wilburn and Carol Chaney.

Fans who attend the game this afternoon will be asked to buy a 25 cent admission ribbon to help defray the expenses of uniforms and equipment. Larger donations will be accepted.

HCTA Tournament

The Highlands County Tennis Association is sponsoring a man's and women's singles tournament on Saturday, October 1.

If interested, contact Ken Haysley, 2001 Theodore St., Sebring or call 382-2757 by September 29. Tournament cost for adults is \$3 and \$1.50 for students.

PASS INTERFERENCE WAS called on the play to give Avon Park a first down at the Arcadia five yard line last Friday night in Arcadia. The Bulldog safety hit the Red Devil receiver before the ball

arrived and the referee in the background has his flag drawn and ready to throw as the two players come in the end zone. Sunphoto by Lew Miller.

THE 1977 CROSS-COUNTRY teams at Avon Park High School include varsity, junior varsity and girls varsity this year. From left, seated: Lonnie Abrams, Bill Porter, Tolita Gatlin, Roxanne Knost, and Alan Fortis, Captain. Second row: Doug Finch, Mike Knight, Greg Gray, Edward Doty, Billy Barben, Jacques Thomas, Harry Fish, Sam Finch, and Chris Finch. Third row: Jeff Henley, David Starr, Jerry McKenzie, Mark Myers, Art Garrett, John Lemay, Alan Hawkins, and Steve Brown. Back row: Tim Salter, John Johnston, Ron Minard, Tim Cribb, Craig Skipper, David Williams, and Coach Chet Brojek.

Red Devil Girls In Cross Country Meet Thursday

Cross country action between the boys and girls team of Avon Park, Lakeland Santa Fe, and Sebring will highlight a meet today (Thursday) at 4 p.m. on the Devils home course. The boys will run a 3.0 mile course, and the girls will run 1.5 mile in their first official contest of the 1977 season.

The Red Devil girls varsity is made up of sophomores Julie Gallimore and Mary Jane George, and juniors Roxanne Knost, Loretta George, Tolita Gatlin, and Anita Suarez. Coach Chet Brojek also expects some help from a couple of the young ladies out for basketball before the season ends.

Next Tuesday, Oct. 4, the Devils will compete against Hardee, Frostproof, and Sebring on the Blue Streak course in Sebring at 4 p.m. The Devils earlier in

the season won over Hardee at an Arcadia meet. The young Bulldogs of Frostproof are an unknown quality.

The Red Devil boys varsity ran away from Sebring last Thursday on the Sebring circuit to post its first meet victory of the young season by a score of 26-32. The win set the season mark at 3-2. The win was a most pleasing one to the Devils as their top seven finishers were all underclassmen.

Captain Alan Fortis led his teammates to the Sebring victory by posting a 16:48 winning time on the difficult 3.0 mile course in Sebring. It was the first time the junior captain had broken 17:00 for the three mile run.

Jerry McKenzie (a 440 man in track) showed excellent long distance promise as he raced to a personal best time of

17:41 which placed him fourth overall. Sophomore Mark Myers, placed sixth in 18:22. Tim Salter was seventh in 19:17. Both young men ran personal bests to aid the Devil line team effort.

Several jayvee runners (all ran in the varsity race at Sebring) had outstanding efforts as well. Mike Knight (19:50), Jeff Henley (20:34), Edward Doty (22:31), and John Johnston (20:01) drew praise from the Red Devil head coach.

"The 26-32 margin over Sebring was very satisfying today, especially since our number four man, Tim Cribb, finished well back because he had to stop and remove some cactus from his shoe," stated Brojek. "The guys just showed today that they will be a team to contend with by district meet time. I'm very proud of them."

Jr. Red Devils Score Win In Overtime

Red Devil freshman Carl Wingate scored a touchdown from the one yard line in an overtime period last Thursday night in Frostproof to give the Avon Park junior varsity a 6-0 victory over the Bulldogs jayvees. The Devil "Bees" moved the ball for a total of 151 yards during the regulation game but couldn't score while the Avon Park defense held Frostproof to a -9 net yardage by throwing the Bulldogs backs for losses time and time again.

Tonight (Thursday) the Red Devil jayvees will host the Sebring junior varsity here at Memorial Field starting at 7:30 p.m. The Avon Park team is undefeated with a 2-0 record with wins over Fort Meade and Frostproof. The Sebring game tonight will probably be the toughest test for the Red Devil jayvees.

The game scheduled to be played against Lake Placid on Oct. 13 has been cancelled. Wausau has been added to the Avon Park junior varsity schedule and the game will be played here at Memorial Field on Oct. 6 which was originally an open date for the Devil "Bees". Oct. 13 will now be the open date.

In Frostproof last Thursday night, the Avon Park jayvees took the opening kickoff and marched all the way down the field from their own twenty-six to the Bulldogs three yard line before the Frostproof defense stopped the Devils short of the goal line.

Halfbacks Carl Wingate and Gerald Jones teamed with fullback David Hardy to grind out the yardage down the field. A fifteen yard penalty against Frostproof aided the drive, but a

five yarder against Avon Park at the five was too much to overcome and the Bulldogs jayvees took over as the first period came to a close.

Frostproof put together its longest drive of the game in the second quarter with the aid of twenty yards of penalties marked off against the Devil defense. A ten yard loss on a screen pass ended that Bulldogs threat at the Avon Park thirty-five yard line in the first half.

Avon Park took over and it looked like a sure touchdown when quarterback Charlton Weathers hit Gerald Jones with a long pass and Jones scampered into the end zone on a 70-yard pass play. However, a penalty was called on the center for moving the ball before the snap and the TD was called back.

Neither team was able to mount a sustained drive in the third quarter. Avon Park had a punt blocked, and drew thirty-five yards in penalties at the close of the third period. A determined Devil defense threw the Frostproof backs for a minus 14 yards in the third quarter.

A serious Avon Park offensive threat was stopped by Frostproof in the fourth quarter when Bulldogs safety Willie Harper intercepted a pass at the Frostproof ten yard line. The regulation game ended with Avon Park in possession at the fifty yard line.

Frostproof won the toss for first possession in the overtime period. Each team gets the ball at the ten yard line of its opponent and has four downs to try and score in any legal manner. Avon Park held Frostproof for four downs intercepting a pass on fourth down.

The Devils took over and drove in the TD with three running plays. Carl

Wingate carried all three times. The ball was fumbled at the one yard line on the second down, but Gerald Jones recovered for Avon Park and Wingate went in for the winning points from the one. The game is over with the first points scored if the other team has had its four down shot at scoring. Therefore, Avon Park won the game by the score of 6-0.

Statistics were heavily in favor of Avon Park. Avon Park had 10 first downs, 135 yards rushing, 16 yards passing, completed 2 of 11 passes with one interception, punted twice and had one blocked, didn't lose any fumbles, and had 11 penalties called for 105 yards.

Frostproof got 3 first downs, had a 1 yard rushing total, passed 5 times completing one for a minus 10 yards and had one intercepted, lost no fumbles, punted three times for a 30 yard average, and drew only 5 penalties for 45 yards.

Carl Wingate gained 75 yards with 15 carries for a 5 yard average to lead the Devil runners. Gerald Jones recovered two Avon Park fumbles, rushed for 36 yards with 12 carries and had the one TD called back on a 70-yard pass play. David Hardy carried the ball 7 times for 28 yards.

The defense that held the Frostproof team to a minus yardage had Farris Jahna or Terry Kelley at noseguard; Greg Baldwin and Kelley Graham at tackles; Andy Leach and Mark Steedley at ends; Chris Collins, Dwayne Council, Tim Minard, and David Hardy all seeing action at linebackers; Alvin Conner and Charlton Weathers at halfback; and Gerald Jones at safety.

THE RED DEVIL junior varsity cheerleaders will cheer the Avon Park jayvee team to victory tonight when they play the Sebring Blue Streak junior varsity here at Memorial Field at 7:30 p.m. From the left, standing: Pam Todd (captain), Shellie Maxwell, Terri Landress (captain), Sheila Carter, and Angie Taylor. Up top: Sherrie Wells, Penny Padelford, and Teresa McKenzie. Not pictured: Lisa Newsome. Sunphoto by Lew Miller.

Time For Punt, Pass And Kick

There are just a few days remaining for youngsters in Avon Park to register for the local Punt, Pass & Kick Competitions.

McCann & Son, Ford Dealer sponsoring the youth activity in this area, said that registration would be taken through Friday, Sept. 30. The Avon Park PP&K Competition is scheduled for Saturday, Oct. 8 at Memorial football Stadium.

"Although time is growing short, any youngster 8 through 13 years of age can still compete," said Lew Mundt chairman of the event. "All a contestant need do is come into our showroom, accompanied by a parent or guardian, and fill out the PP&K registration form. There's no entry fee or charge of any kind, and that goes for all six levels of competition, up to and including the National Finals."

The Ford Dealer pointed out that trophies will be awarded for 1st, 2nd, and 3rd place in the local competition in each of the six age groups. Increasing the youngster's chances of winning one of the 18 trophies is the fact that each contestant competes only against others

of the same age. And since there is no body contact, an entrant's size is not as important as his ability to punt, pass and place-kick for distance with accuracy.

"Winners can continue on up through the Zone, District, Area and Division contests to the National Finals," the Ford Dealer said. "It's possible that one or more of our Local winners could wind up in the Finals."

When contestants register, each entrant gets a free PP&K Tips Book. It contains helpful pointers from the pros on punting, passing and kicking. In the

1977 edition are suggestions from NFL stars Marv Bateman, Ken Stabler and Tom Linhart. Complete PP&K rules and suggested conditioning exercises for contestants are also included.

This is the 17th anniversary year for PP&K. From its inception, the youth activity has been sponsored by the Ford Dealers of America in cooperation with the National Football League. In that time more than 14 million youngsters have taken part in PP&K, making it one of the largest activities of its kind in America.

DeLaney And Promey Win

The River Greens Golfettes held a "Smokette" Tuesday, Sept. 20 with Twenty-one girls present.

Eighteen holes of golf were played with prizes being awarded for low net for team play. The winners were Elaine DeLaney and Adaline Promey. There was a tie for second between the teams of Eleanor Tharp and Adaline Promey and Fran Peterson and Lou Minnie. Third place was won by Louise Peffer and

Mary Ellen Kline.

A "Bowling Prize" was presented to the team of Berta Lu Holley and Ethel Polk. Following golf, there was a social hour and a delicious dinner was served by Naomi Davis and Ruth Durden.

The Golfettes will play nine holes of golf on Tuesday, Oct. 4, starting at 9 a.m. This will be followed by a luncheon and a business meeting.

Tennis Class Opens

The Avon Park Recreation Department will offer an intermediate tennis class beginning the last part of October. If you have recently completed the beginner course and wish to continue your group lessons, please register now for this upcoming class.

The sessions will also be open to those players not in the previous class, but consider themselves to be intermediate players. The classes will be instructed by Walt Reid and assisted by Paul Wilson.

A beginner class will begin one week after the intermediate's start, so you may want to sign up for that class. To register for either session, please call the Recreation Department at 433-6881. Join in just for the fun of it.

Range Open Sunday

Due to military activities the Avon Park Air Force Range will not be open to the public until 5 a.m., Sunday, Oct. 2, 1977. It will close at 8 p.m., Sunday, Oct. 2. The 301st AFRES will be conducting SAREX Exercises Saturday, Oct. 1.

Please remember to check in and out with the Florida Game and Fresh Water Fish Commission Check Point located at the Main Gate of the Air Force Range. The Check Point will be open 5 a.m. until 8 p.m., on Sunday. Please confirm these times prior to arriving by calling 433-3537 or 432-4195.

GOLF 'n TENNIS FOOD 'n FUN...

That's what you find at both Sun 'n Lake Clubs.

Our Sebring Club has an 18 hole championship course and our Lake Placid Club has a challenging 18 hole executive course.

Both have night-lighted tennis courts, fully equipped Clubhouses, special parties, tournaments and events. The Sebring Club has sensational dining plus live entertainment nightly at its Black Forest Restaurant and Lounge. Both Clubs are open to the public.

New Teachers At SFJJC

ROBERT A. CARR

Robert A. Carr has joined the faculty at South Florida Junior College as Criminal Justice instructor. Carr, a native of Lansing, Mich., received his B. S. Degree in Criminal Justice from Michigan State University and his M. S. Degree from Nova University, also in Criminal Justice. He is a member of the National Law Enforcement Academy and the Florida Criminal Justice Educators' Association.

Carr comes to SFJJC from Tampa where he was employed for the past four years as a patrolman with the Tampa Police Department. While with the Tampa P.D., he attended the National Crime Prevention Institute and administered the federally funded Crime Prevention Program for the Detective Division. He also participated in a number of law enforcement workshops and seminars.

Carr will teach criminal justice courses in the College Parallel Division and law enforcement classes in the Vocational, Technical and Adult Education Division at South Florida Junior College. He will also coordinate the law enforcement program for the VTAZ Division.

Rob and his wife, Sharon, reside in Sun 'n Lakes Estates in Sebring.

CAROL EMERY

Mrs. Carol Emery began her duties as mathematics instructor at South Florida Junior College in August. Mrs. Emery received her B. A. and M. A. Degrees in mathematics from the University of Texas at Austin. She has completed the course work for her Ph. D. there and is currently working on the dissertation.

Mrs. Emery was a General Motors Scholar, a National Merit Honorary Scholar, received an Elks Club scholarship, and is a member of The Honor Society of Phi Kappa Phi. She is a member of the American Mathematical Society, Mathematical Association of America, National Council of Teachers of Mathematics, Florida Junior College Council of Teachers of Mathematics, and Florida Council of Teachers of Mathematics.

Mrs. Emery has previously taught at The University of Texas at Austin, Stillman College in Tuscaloosa, Alabama, and The Ridge School in Winter Haven. She comes to South Florida Junior College from Polk County where she was full-time mathematics teacher at Lake Wales High School, part-time mathematics instructor at Polk Community College, part-time science instructor at Webber college, and part-time English instructor in the Lake Wales Adult School.

Carol and her husband, Bob, reside at 10830 South Tower Lane in Lake Wales.

PATRICIA H. FORDHAM

Joining the South Florida Junior College faculty this fall is Mrs. Patricia H. Fordham. She is the Basic Skills instructor in the Vocational, Technical and Adult Education Division, a position she has held on a part-time basis since January.

Mrs. Fordham was graduated from Pennsylvania State University with a B. A. Degree in Sociology and is currently working for her M. A. Degree in Reading and English at the University of South Florida. She is a member of the Florida Education Association, National Education Association, and the Florida Adult Education Association.

Mrs. Fordham has previously worked in Washington, D. C., as a social worker and, prior to joining the SFJJC staff, taught in Sebring for six years. She will teach Adult Basic Education, English as a Second Language, and General Educational Development (high school equivalency) classes in the Vocational, Technical and Adult Education Division. The Fordhams — Pat, Irvin and two sons, Christopher and Blake — reside at 4717 Queen Palm Drive in Sebring.

GLORIA G. MERBITZ

Mrs. Gloria G. Merbitz has become a member of the South Florida Junior College faculty and will teach English and French in the College Parallel Division.

Mrs. Merbitz was graduated from Northern Illinois University with a B. A. Degree in French and English. Her M. A. Degree in English was earned at DePaul University, after which she studied French at The Sorbonne in Paris. She has been to France four times and once took a group of her students there. Mrs. Merbitz has also studied Spanish at the University of Florida.

Mrs. Merbitz has taught French and English at the high school level in Chicago and Gainesville and on a part-time basis at South Florida Junior College and Webber College. She was a teacher at the Lake Placid Middle School before coming to SFJJC. She is a member of the American Association of Teachers of French and the National English Honorary Society.

The Merbitzes — Gloria, Charles and young son, Benjamin — reside in Sebring.

BETTY L. CARLISLE

Miss Betty L. Carlisle became a member of the South Florida Junior College faculty in January as a guidance counselor in the Vocational, Technical and Adult Education Division.

She earned her Bachelor Degree in Nursing from the University of Florida and her Master Degree in Personnel Counseling from Miami of Ohio. Miss

Carlisle has previously been a Dean of Women at Huron College in Huron, South Dakota, and comes to SFJJC from Sebring where she was a counselor for the Division of Vocational Rehabilitation for six years.

Miss Carlisle is a member of the Florida Vocational Association, American Vocational Association, National Rehabilitation Association,

Epilepsy Foundation of America, and Central Speech and Hearing Association. She resides at 3145 Paradise Path in Sebring.

JUST ONE OF several ways that South Florida Junior College baseball players used to sharpen up their batting eye, with a teammate tossing up baseballs from the side. SFJJC plays Seminole Junior College on the home diamond this Saturday afternoon. Sunphoto by Lew Miller.

HCTA Sponsoring Tourney

The Highlands County Tennis Association is sponsoring a men and women's singles A & B tennis tournament on Saturday, Oct. 1, at the Harder Hall courts in Sebring. The entry fee is \$3 for adults and \$1.50 for students. Those interested in participating in the tournament are requested to contact Ken Haysley, 2001 Theodore Street, Sebring, by Thursday (today). Entrants

may call Ken at 832-2757 for further information.

The next HCTA meeting will be held Monday, Oct. 3, at 7:30 p.m. at the Council Chambers, City Hall in Sebring. Prospective members can bring their \$5 dues (\$2.50 for students) to the next meeting or mail it to Jeanne Cox, 756 Magnolia Street, Sebring.

Tennis Classic Starts Oct. 6

The South Florida Junior College Tennis Classic will be held from Oct. 6 through Nov. 5. There will be 10 different brackets to include singles and doubles competition. Brackets are arranged for both age groups and tennis ability. All matches will be played at the participants' mutual convenience on any neutral court in the South Florida Junior College College district.

The cost for participants in the Classic will be a \$3 donation per event for each person. All participants will be required to provide a new can of tennis balls for the

first match. The winner of the match will then inherit the unused can of balls and move on to the next round.

Entry blanks may be obtained in the SFJJC Student Center, from any member of the tennis team, from Coach Al Marrow or by phoning 433-6661. The entry deadline will be 3 p.m., Thursday, Oct. 6.

All donations from the tournament will be used to provide tennis scholarships and equipment for the SFJJC tennis team. Certificates will be awarded to all first and second place winners.

League To Organize

The Avon Park Men's Volleyball League will hold an organizational meeting, Thursday at 8 p.m. at the Recreation Center. This meeting will be for all teams interested in participating in a "FUN" league.

All teams organized in the past years or ones wanting to join this year, are urged to have a team representative at this important meeting. Hopefully, a league with at least 6 teams will be

formed and play started by Tuesday, Oct. 25.

Get together your winning 6-man team and join the league, "just for the fun of it!"

Trophies will be awarded to the top two teams and a post season tournament will be played among the top four finishers.

(Call 433-6685) after 3 p.m. for more information.

Golden Age

Olympics

At Sanford

The third annual Golden Age Olympics will be held in Sanford Nov. 3-12, 1977. The Olympic events will be open to all citizens 55 years of age and older.

There will be over twenty-five (25) competitive events throughout the week. Included will be tennis, field and track, bowling, golf, one on one basketball, shuffleboard and bicycle racing. Also, a hobby show — if it is your hobby — art, crafts, ceramics, potted plants, collectibles etc. — enter it in the Olympics.

"A participant may enter as many events as he or she wishes," said Jack Horner, executive manager of the Sanford Chamber of Commerce. "The Golden Age Olympics has enjoyed two successful years and we look forward to this third year," continued Horner.

All events are sponsored by civic clubs from the Sanford area. The business community is joining forces with the clubs and the chamber to make this a total area wide project.

Registration forms and complete schedule of events may be obtained by contacting the Sanford Chamber of Commerce. For information: P. O. Drawer CC, Sanford 32771, phone: 305-322-2212.

Racquetball

Lessons

Offered

The City Recreation Department will be starting Beginning and Intermediate Racquetball lessons Monday, Oct. 17, for kids 12-16 years. If you are interested in learning this great sport or are wanting to learn to play the game better, sign up now.

The lessons will be each Monday, Wednesday and Thursday at 4:30 p.m. Each session will be one hour with the entire class lasting three weeks. There will be room for only eight participants, so register now!

Racquetball is one of the fastest growing sports in America. It is a racket game played in a four-wall court. The sport builds an individual's coordination, agility and is a good conditioner of the over all cardio-respiratory system. It can be enjoyed by all members of the family, male or female, young or old.

The same instruction for adults will begin November 17, meeting on the same days, but from 5:30-6:30 p.m.

The fee for all participants is \$3.50 per person for the entire class. Register now by calling the Recreation Center at 433-6881 after 3 p.m.

Dannels Speaks At Rotary Club

September program chairman Gayle Murdock presented the Wednesday noon Rotary speaker, Mrs. Lynn Dannels who heads up the new "Volunteers in Service to America" (VISTA) program in the schools.

Mrs. Dannels explained to the Rotarians that she is the only paid

worker in the program, which is funded by the Federal Government. Her job is to organize an approach to obtaining volunteers to help in the public school system. She challenged all Rotarians to give service to some sort, from their family or from their business associates. She explained that all ages are considered for volunteers, for classroom

work in helping with children who have difficulty learning or for supervision in lunchrooms, playgrounds or other locations.

In concluding her talk, Mrs. Dannels told the Rotarians they and others could volunteer by calling 385-4343 or by stopping at her office 196 North Orange St., Sebring.

\$871,623 Allocated To Research

An estimated \$871,623 has been allocated to heart research this year by Florida chapters and Field Areas of the American Heart Association (AHA), according to St. Petersburg Heart Specialist,

James L. Mason, M.D., President.

The research funds covering the period July 1, 1977 through June 30, 1978 cover \$496,623 to support 45 Florida investigators, and an

additional \$375,000 allocated to the National Center's \$22,000,000 research program," Dr. Mason said.

All 45 investigators are located at the three medical schools in Gainesville, Tampa and Miami, as well as at Florida State University and the Papanicolaou Research Institute.

Sponsoring Heart Associations include the nine chapters and five field offices of the AHA, which are supported annually by public contributions to the Heart Fund.

Dr. Mason noted that while a majority of the projects have as their goal, a greater understanding of the causes and treatment for high blood pressure, many of the projects are also devoted to treatment and reduction of congenital and acquired heart diseases such as hardening of the arteries, heart attack, rheumatic fever,

stroke, congestive heart failure, and other cardiovascular disorders.

The Association places major emphasis on research, according to Dr. Mason, "because it serves as the foundation for new knowledge needed to further reduce premature death and disability."

Nationally long-term support of research has been expanded by 40 percent in recent years as federal government research support programs have been cut.

Council Approves Renfro Lease

Recreation Department. A lack of communications at budgeting time had resulted in the Rec Department not asking for federal funds for equipment and none was included in the budget.

It was pointed out to McWilliams that other departments had given up requests for equipment that cost thousands of dollars, but McWilliams counted with "if people demand services they have to pay for them." When Crews noted that the Rec Department had \$500 in their repair and maintenance budget from which new metal double doors could be purchased, McWilliams stated that one set of double metal doors cost \$491.20. Since there was \$1163 budgeted for city hall repairs, part of this was offered to the Recreation Department.

The council then moved to adopt Resolution No. 77-13, adopting the 1978 Federal Revenue Sharing budget.

Public hearings were held on Ordinances 621, 622 and 623 without anyone speaking for or against them. They were placed on second and third readings and adopted.

Ordinance No. 621 referred to the general budget for 1977-78. Ordinance No. 622 dealing with the levying of taxes; had a small increase in millage for operating expenses of the city and a slight decrease in millage for debt service. Ordinance 623 closed a portion of East Walnut St. east of Highlands Ave. City Clerk Malcolm Crews presented resolutions itemizing changes in the last year's general fund budget and in the water-sewer systems budget as the 1977-78 budget was approximately \$61,000 out of balance, increasing the budgeted figure from \$988,000 to \$1,054,000. From the audience, Ernest Fleming, asked, "What happened to the money?" He was shown a voluminous computer print-out

which he or anyone else could examine at any time during business hours.

Resolutions 77-11 and 77-12 approving these changes were passed unanimously.

Zoning Change

In new business, Ordinance No. 624 was placed on first reading and passed. This ordinance was a zoning change requested by Mrs. Wynant, on property located on E. Main St., at Lake Verona, changing it from R-1 to R-2 to permit the construction of an apartment building with off-street parking.

Public Hearing

The council set Monday, October 10, 7:30 p.m. as the date for a public hearing for Bob Young on the matter of cleaning up the burnt out Coca Cola plant. The cost of clearing up the debris was set at \$965.50 plus \$16.50 in legal fees. It appears that Young has the choice of paying the cost or having the cost added to his tax bill.

Graham Sweats In Plant

WORKING UP A SWEAT, Bob Graham, Democratic candidate for governor, helped move fertilizer materials at the Griffin Fertilizer plant in Frostproof last week.

Bob Graham, the Democratic candidate for governor brought his working campaign to nearby Polk County Sept. 21, when he worked a full shift carrying 55 pound bags at Ben Hill Griffin's Fertilizer Plant in Frostproof.

Graham, who has pledged to work at 100 different jobs throughout the state to better understand the needs and concerns of the people he would serve as governor, spent most of his day in a steaming hot box-car unloading bags of fertilizer material to be used in the plant.

Graham's supervisor for the day — Bob Sullivan — of Frostproof, said, "Bob is a hard worker and I think it's great that he's working at jobs around the state to understand what the working man does each day. I'd be happy to have Bob back here to work. I told him two or three times he could take a break but he kept on working."

Graham, who is a cattleman and builder, has so far worked at 22 jobs and plans to complete 100 by Sept. 12, 1978 — the day of the Democratic gubernatorial primary.

Graham started his day at the plant at 7:15 a.m. and within an hour he was sweating with his co-workers moving heavy bags of magnesium sulfate onto a platform that was fork lifted into the plant.

Graham, 46, who is married and the father of four daughters, has had extensive experience in the agriculture field. He has a dairy farm in Highlands County and as a state senator for the past seven years has served on the Senate Agriculture Committee.

"My work in Frostproof today further reinforces my belief in the importance of agriculture to the economy of Florida," Graham said. "For Florida to continue to grow it must support and must have a strong agricultural sector. And as governor I will do my best to make sure agriculture is top priority."

Graham's father Ernest served for eight years in the state Senate in the late 30's and early 40's and Bob, a native Floridian was raised in Pensacola, Fla.

Ratzmann Commended Student

Principal Les Watson, announced that one senior student at Avon Park High School has achieved Commended student status in the 23rd annual (1978) National Merit Scholarship Program. This honor is the result of the student's outstanding performance on the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT-NMQST) which was administered nationwide to high school juniors in October 1978. Letter of Commendation was presented to George Ratzmann.

A total of approximately 35,000 Commended students throughout the United States are being honored by the National Merit Scholarship Corporation (NMQC) which administers the yearly scholarship competition. Students in this

group represent less than two percent of the total of graduating U.S. secondary school seniors. Although these students scored slightly below the level required for Merit Program participants who were named Semifinalists and who will continue in the competition for Merit Scholarships to be awarded in 1979, each Commended student has demonstrated exceptional academic promise.

A spokesman for NMQC stated that the corporation believes "the high standard of Merit Program Commended students is an attainment that deserves their public recognition, because the nation as well as these students will be benefited by continued educational and personal development of their talents."

Commended students do not continue in the Merit Scholarship competition, but

to increase their opportunities for college admission and financial aid NMQC has offered each an opportunity to have identifying information sent by the corporation to two higher education institutions selected by the student. In addition, NMQC makes it possible for all regionally accredited U.S. colleges and universities to receive home addresses for Commended students, on a cost basis, so that an institution may contact any of these promising young men and women directly.

It is hoped that recognition of the Commended students in each year's Merit Program will serve as an encouragement to able youth and will assist them in obtaining whatever information assistance they may need to pursue their educational plans.

Floridians Win In Sweepstakes

Thirteen Floridians have won a thousand dollars each and 66 have won \$100 prizes since Eckerd's \$500,000 Sweepstakes began Sept. 8, in all 238 Eckerd Drug Stores in Florida. The contest ends Dec. 7.

The 13 thousand-dollar winners were William A. Curtis, Pinellas Park; Shirley Toler, Jacksonville Beach; Mrs. John Hoerber, Miami Shores; Mabel C. Brace, Palatka; Stanley Williams, Brinson; Norma Page, Altamonte Springs; G. M. Bruneau and Alice Anderson, Sarasota; Mrs. Janice McLean, St. Petersburg; Jeanne Walsh, New Port Richey; Lily Kremers, Tamarac; Lewis H. Macy, Jacksonville; and Alvin Albert, Sanford.

Every adult Eckerd shopper is eligible to receive one Sweepstakes ticket per store visit. No purchase is required.

In addition to the thousand-dollar and hundred-dollar winners during the past two weeks, thousands of Eckerd shoppers have won \$5 and \$2 cash prizes and 12-exposure color film.

Other shoppers have qualified for entry in the first Sweepstakes drawing on Oct. 15, when the grand prizes will be \$10,000. Second prize will be \$2,500, third prize \$1,000, plus seven \$100 prizes. All other finalists in the drawing will receive \$10 each.

A final drawing will take place Dec. 17, when the grand prize will be \$20,000.

Second prize will be \$10,000, third prize \$2,500, plus seven \$100 prizes. All other finalists in the drawing will receive \$10 each.

Lions Club To Offer Free Glaucoma Test Friday

We live in a world of marvelous technological progress, where continents and oceans can be spanned in mere hours. Through modern communications, we can contact people anywhere in the world in minutes. Men have walked upon the moon, yet, in all corners of the earth, poverty, sickness, loneliness and starvation are yet to be found — and millions still need understanding, compassion, love, and assistance.

It is toward this objective — service to the needy of the world — that more than 30,000 Lions Clubs, comprised of more than one million members, are at work in 149 nations and geographical territories around the globe. The one million men, unified by humanitarian service, have one objective: To bring to the needy and lonely the help and assistance they need to live with grace and dignity.

On Oct. 6, 1977 the 30,000 Clubs of the International Association of Lions Clubs will meet in their home communities to

Cockerham Charged With Lewd Assault On Child

Zeno Marion Cockerham, 42, of Avon Park, was formerly charged on two separate counts of lewd assault on a child in informations filed Wednesday by Bill Fletcher, assistant state attorney.

The information specifically charged

Cockerham, an ex-convict being held in Highlands County jail, with photographing children in lewd positions. No bond has been set because Cockerham was arrested while he was on parole from Avon Park Correctional Institution.

The charges Cockerham faces involves a girl and a boy, 9 and 10 years of age, the children of Cockerham's live-in girlfriend. The mother of the children has not been charged.

At the time of Cockerham's arrest on Aug. 6, the staff of the Highlands County Sheriff's Department said he had been sentenced to prison on a charge similar to the one he is now facing. Major Richard McLeod of the sheriff's department said Cockerham's records do not indicate that he has ever been found incompetent, nor placed under treatment for a criminal sex deviant.

Cockerham is expected to be tried on the two second degree felony charges sometime this fall.

Limousin Cattle Dispersal Sale

Barry M. Ottinger, Quincy, has announced the dispersion of his Limousin herd of cattle on Monday, Oct. 3 at the farm located just off Highway 90 midway between Tallahassee and Quincy. The company name is Florida Shade Agrie, Inc.

A total of 171 lots will sell including 33 bulls and 138 females. Ottinger reports there will be a number of 87 percent females and some 75 percent females along with both 87 and 75 percent bulls. The herd sizes selling represent some of the top lines of the breed.

The sale, slated to begin at 11 a.m. is being managed by HPH Sanders, Inc., of Laurel, Miss.

Police Department Emphasizes Safety

Early Childhood Education

It is generally agreed among educators that a child's learning experiences from birth to age six are critical for that child's total development.

Children may, for example, learn to color items on a page, using the primary colors. In this "exercise," the children are not simply learning to color, since there are other important learning and developmental processes taking place, which include:

—Development of eye, hand and muscle coordination. Learning to keep colors confined in an outlined area is a good example of this.

—Development of communications and language skills. Children are encouraged to verbally relate their experiences as they participate in the different programs.

—development of a positive self-concept. It is generally agreed that preschool children need to have positive experiences.

They are also learning word-recognition skills since, for example, printed words identify each item that the children color.

In learning word recognition, the children are also beginning to learn to sight-read. It is at this stage in the children's lives when books become important. Even through the most simple and basic books, children can begin to develop their ideas and their imaginations as well as grammar and vocabulary.

Historical Tidbits

On January 1, 1926, by a vote of 146 to 103, the Town of Avon Park was abolished and the City of Avon Park was created.

The population of Avon Park more than doubled from 1,500 residents in 1920 to 3,300 in 1930.

Emmitt Money

On the Consumer's Side

QUESTION:

What's the scoop on smoke detectors? Are there different types, and how should I choose one?

ANSWER:

Smoke detectors can lessen the loss of life and the destruction of property caused by fires. But smoke detectors vary in type and quality, and you need to have some awareness of these differences before buying.

Here are some brief guidelines:

There are 2 basic kinds of smoke detectors sold for home use: photoelectric detectors and ionization detectors. Either kind of device is suitable for warning of fire. Each contains a small leather-tongued contact on a small leather-tongued horn intended to rouse the soundest sleeper.

—A "photoelectric" detector has a tiny light inside that shines on a photo-sensitive cell. When smoke from a fire interferes with the light beam, the alarm is triggered.

—The "ionization" detector, relies on a small amount of a radioactive substance to "charge" the air around the detector head. When smoke comes in contact with the charged area, the electrical balance is upset and the alarm goes off.

Each of these types have their advantages and disadvantages. According to the U.S. Department of Commerce's National Fire Prevention and Control Administration these advantages and disadvantages are as follows:

—Photoelectric detectors — These devices use household current but have a tendency to become less sensitive with age and have a light source that burns out eventually, requiring replacement. Light source usually lasts 3 to 5 years.

—Ion detectors — These devices can use either household current or batteries. These, unlike photoelectric detectors, become more sensitive over time. They have a greater tendency than photoelectric detectors to false alarm, a tendency that increases with age.

Beyond these differences in type are the differences in quality. And determining which brands are best is not always easy.

—Check with your local fire department to find out which in their experience have been reliable. Knowledgeable salesmen at stores where smoke detectors are sold also can be a source of information.

—After making an informed decision on which makes and models have the qualities and reputability you desire, shop around for the best price.

—In making your decision on which one to buy, don't overlook ease and convenience of installation. Also consider the warranty you are getting with the detector — How long does the guarantee run? What does it cover?

—Make sure it is designed so that it can be tested from time to time to insure it is functioning properly.

—Make certain that the unit you are buying is labeled by one of the nationally recognized testing agencies. The UL or FM labels of the Underwriters Laboratories of Factory Mutual system should be displayed on the devices you purchase.

For their part in working with the safety of Avon Park school children, the Avon Park Police Department was awarded the National Child Safety Council plaque, last week by John Leaman, safety coordinator.

The National Child Safety Council, a federal tax-exempt national non-profit organization dedicated to the safety of children stated that more children die every year from preventable accidents, than from all the leading childhood diseases combined and lists the following accidents as causes of preventable deaths: Fire, 2400, water, 2200, pedestrians, 2000, falls, 700, guns, 600, bicycles, 500, poisons, 400 and others, 7200, for a total of 16,000 annual

tragic deaths.

This year John Leaman will be assisting the Avon Park Police Department in setting up a complete child safety program, drug abuse program and general safety program. Safety materials selected for use in the programs will be supplied by the National Child Safety Council.

Patrolman James Crabtree, safety officer for the Police Department, who was appointed last January stressed that considerable time and effort, at the schools, will be given to bicycle safety. There are 841 students in kindergarten and the elementary schools and 676 students enrolled at the Middle School. Safety programs will be given every

month at the schools including the high school.

Certificates are awarded to merchants and business for sponsoring the safety materials and programs that "were provided as a public service by people who care" and included: Avon Citrus Bank, Highlands County Bank of Avon Park, Hilltop Sales & Service, Inc., Avon Agency, Inc. Touchton Drugs, Wells Motor Co., L. Estelle Fann Insurance, Avon Auto Parts, Prescott Beverages, Inc. and Joe's Music Shop.

Also contributing were: I. H. Ford Motor Company, Massey's Auto Repair, Jimmy's Flower Shop, Wright's Package Store, The Mushroom, Gator Utilities Service, Inc., and Lane's Record's & T. V.

SPONSORED BY THE Avon Park Police Department under the direction of Patrolman James Crabtree, the Avon Park school children will be seeing safety posters such as these along with the National Child Safety Council plaque which was awarded to the Police Department. Sunphoto by Lew Miller.

Cranberry Yogurt Pie

Super Taste Sensation

Crimson cranberries in jellied sauce and cocktail juice team up with creamy yogurt for a piquant and pretty-as-a-picture pie. Its natural goodness will be appreciated by waistline watchers as well as those who simply relish a luscious, palate appealing dish. Serve it as a light luncheon entrée along with a salad of crisp greens, or as an eye dazzling dessert at dinner. Along with your pie, or for a refreshing and energizing pick up anytime, serve glasses brimming of Cranapple Health Drink which nutritionally combines the tasteful taste of cranberry apple drink with carrots and oranges. Another plus, it whips up in seconds in a blender.

- | | |
|---|---|
| 1½ cups graham cracker crumbs | 2 cups Ocean Spray cranberry juice cocktail, boiling |
| ½ cup sugar | 2 cups (1 pint) plain yogurt |
| ½ cup butter or margarine | 1 can (1 pound) Ocean Spray jellied cranberry sauce, cut into ½ inch pieces |
| 1 package (3 ounces) strawberry gelatin | |
| 1 package (3 ounces) lemon gelatin | |

In a bowl mix crumbs, ¼ cup of sugar and butter, with the fingers until well-blended and crumbly. Press mixture evenly into the bottom and sides of an ungreased 9 inch pie pan. Chill. Dissolve both gelatins in ¼ cup of sugar in hot cranberry juice. Chill until consistency of unbeaten egg whites. (About 40 minutes.) Beat gelatin with a rotary egg beater until thick. Fold in yogurt and half of the cranberry sauce. Chill mixture again until it mounds when dropped from spoon. Pie mixture into pie shell. Chill until firm. Garnish top of pie with remaining cranberry sauce. Chill until ready to serve. Can be made two or three days in advance.

Southside Community Park News

The Avon Park Sun, Sept. 29, 1977 38

By CALVIN GIBBS

Hi Friends,
Welcome to Southside Park Community News. Remember, Monday was the beginning of clean-up week. If you have not joined in the cleanup, please try and do so before or by the weekend that we may make this very needed and worthwhile effort a success. September has been a very rainy month and we have brought us a lot of hot weather, rain, love bugs and out-of-door work. If these are any indication that we're in for an extremely cold weather, maybe we'd better start pulling out our snow shoes and other regalia now. Southside Park is still plagued with a lot of illness at home and abundant unemployment. The hospitals are getting no cheaper and the unemployment lines are something wrong with the system and I think I know what some of it is. Calvin Gibbs Speaks:

Calvin Gibbs

I have never been to Russia nor to any foreign country for that matter. I believe in democracy and the democratic process, but I do not consider capitalism to be an essential thereof, when ninety percent of its wealth and resources are concentrated in the hands of ten percent of its populous (captains of industry etc.) while the remaining ten percent is dispersed unequally among the other ninety percent. I have so many friends on welfare, food stamps, unemployment compensation and other things who receive so many other social benefits, and all I can say is rightfully so, because there aren't enough jobs to go around. If you don't believe it, check the unemployment agency. There are so many who do not qualify for any job other than common labor and yes, there are those who refuse to work, but there are many others who are willing and want to work, but who find themselves in the wrong place at the wrong time. Unless I have been misinformed, I understand that there is no unemployment in Russia and

that soon, if not already, there will be no income tax. I further understand that after seventh grade, pupils are tested for certain aptitudes and are channeled into the fields for which they best qualify. I understand that the standard of living as a whole is slightly lower than that of the masses in the United States, but there is no poverty nor filthy rich. Now it is my belief that as a worker and tax payer even during those times when I don't feel like working, that our American system needs to be revamped so that the responsibilities and benefits may be shared more equally. I don't believe that any government is perfect but the riddance of the evils which exists in ours would make it closer to perfect than any other I've heard of. I'm tired of carrying so much weight (taxes) but what other choice do I have when there are no provisions made to eliminate certain conditions. The tax structure is ridiculous and usually it's no lie, that the rich gets richer and the poor gets poorer. I refuse to be brainwashed and further believe that our democracy is not aristocracy in disguise. We talk about crime, crime, crime. Yet at the highest

levels, its proven profitable but sometimes labeled conflict of interest. There are conflicts everywhere because usually those in charge are interested in "self". Don't misunderstand me, because my plight has not been the worst, so here the element of "self" again comes into focus. Also, from the surface I would not exchange systems with any other country I know, but some of the principles of others could be justly implemented. I believe in democracy and not so-called democracy. Note: I welcome responses or more information.

(s) Calvin Gibbs

RESOLUTION

Inasmuch as Lawanda Sanders was a member of Choir No. 3, Upper Board No. 2, Ward No. 9 (Deacon) and a member of this church:
Be it resolved that all of our hearts are saddened by the death of our beloved little sister. She joined this church a year ago and has been very active ever since. We shall miss her.
Our deepest sympathy goes to the family as we commend them to Him who is able and will heal all sorrow.
Be it further resolved that a

copy of this resolution be given to the family, a copy sent to the Press and a copy placed in our minutes for remembrance.

Respectfully submitted,
The Rev. J. W. Daughtry, Necrologist
Funeral services for the late Mr. Gus Jones were held on Monday, September 26 at 2 p.m. at Bethel Baptist Church. The Rev. Columbus Carter officiated.

We cannot say and we will not say, he's dead. He's just away.

Brother Gus Jones was born in Montgomery, Ala., and was a life-long resident of the City of Avon Park. Bro. Jones' health failed over a period of time and death came on the morning of September 19, 1977. The Master who knows best had prepared a better place for him. He passed at the age of 84 years.

Bro. Jones was the father of two daughters, Mrs. Ollie Mae Edwards who preceded him in death. She was the wife of Mr. Aron Edwards who passed in 1975.

He leaves to mourn his passing, one daughter, Mr. Mary Brown of Walahua, Fla., eleven grand children namely, Josephine of Orlando, Earnestine Edwards, Willie, Aaron, Johnny, Earl, Joe, Terry, Gayle, Christine and Cathy, and a host of sorrowing friends.

Obsequies

Obsequies for the late Mr. Harry Smith were held Saturday, Sept. 24, at 2 p.m. at Saint Mark Missionary Baptist Church. The Rev. A. Ousley presided.

Harry Smith, son of Mr. and Mrs. Bush Smith, was born Sept. 2, 1954 in Sylvestre, Ga.

Harry Smith

Harry was one of four children born to this union. He later moved to Avon Park where his mother became united in holy matrimony to Leroy Brown. Harry attended Avon Park High School from which he graduated in 1973 and from Polk Junior College in 1975. He was a member of Saint John Missionary Baptist Church.

He leaves to mourn his wife, Mrs. Diane Smith; three children, Donnie Nichiren and Lotoyle; mother, Mrs. Juanita Brown, father, Bush Smith; stepfather Leroy Brown; five brothers, six sisters, two grandmothers, one grandfather, mother-in-law; father-in-law, numerous uncles, aunts, other in-laws, nieces, nephews, cousins, other relatives, and friends.

Obsequies for the late Mr. Harry Smith were held Saturday, Sept. 24, at 2 p.m. at Saint Mark Missionary Baptist Church. The Rev. A. Ousley presided.

Harry Smith, son of Mr. and Mrs. Bush Smith, was born Sept. 2, 1954 in Sylvestre, Ga.

COME TO SAMBO'S GRAND OPENING.

It's just what the family ordered.
September 26 through October 2

Our adult menu has more than 100 items for breakfast, lunch, dinner and in-between, 24 hours a day.

Our children's menu features 35¢ hamburgers and hotdogs, and \$1.00 chicken and fish dinners for kids 12 and under.

Buy a large Coca-Cola and get a free Tiffany style glass (while supply lasts).

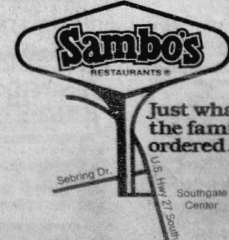

Bring the kids to meet Mr. Tiger Saturday and Sunday between 10-12 A.M. and 2-4 P.M. There's a free helium-filled balloon for every kid all week long.

You'll find attentive waitresses to serve you.

Come to our grand opening and you'll see that Sambo's is just what your family ordered. Our dining room is perfect for comfortable family dining. And when your check arrives you'll find that our prices are just what the family ordered, too.

3101 U. S. 27 South
Sebring

Open 24 hours.

ORDINANCE NO. 623

AN ORDINANCE CLOSING WALNUT STREET BETWEEN LOT 4, BLOCK B, and LOT 1, BLOCK C, SUNSET HILL REPLAT

WHEREAS, the City Council has been requested by the property owners in the area of the east end of Walnut Street to close a portion of said street, and

WHEREAS, the City Council has found that the reasoning of these applicants is sound, that the owners of the property bordering this street portion agree, and the vacation of this street portion would not deny anyone access and it is not otherwise needed in the City street system;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE City of Avon Park, that that certain street portion described as follows is hereby vacated, abandoned and closed:

That portion of Walnut Street lying between Lot 4, Block B, and Lot 1, Block C, of SUNSET HILL REPLAT, as recorded in Plat Book 3, page 65 of the public records of Highlands County, Florida.

PASSED, ADOPTED AND APPROVED BY THE CITY COUNCIL OF THE City of Avon Park, Florida this 26th day of September, 1977.

Food For Thought

Can you imagine not stopping by the conventional store when you're out of bread but rather tossing dough in an open fire, eating it out when the surface becomes, mmmmm, what? Well, bread cooked, returning the raw portion to the heat and repeating the process?

Or can you fancy improvising a fish trap by mending sticks in salt water, hoping when the appreciable 20-foot tide sweeps out that an edible specimen has been snared?

The Rev. Benno Mischie, who has been staying with his brother John in Clearwater, among Florida's most interesting visitors during the recent summer, sat down with me for a couple of hours the other day to talk about eating and cooking in Agate, an area of 25,000 square miles in Indonesia, formerly Dutch New Guinea.

There on the southern portion of the island the staff of life is a flour from the sago palm, cooked, as indicated, in an open fire. Fish are caught without, until recently, hooks, a prime delicacy is the white larvae of a worm that develops in the trunk of a sago palm that is felled and let rot by design, in hope of the larvae flourishing.

Added 26 years ago by a New Guinea bishop to visit Agate with the idea of establishing a mission by the Crocker Order, to which Father Mischie belongs, the priest asked American Express for help in getting there. When to answer came, he proceeded as best he could to the outpost, finding there were no roads, only waterways, fed by an annual rainfall of more than 300 inches and inhabited by menacing crocodiles.

Back in this country after a few months, turning over to his mind what help might be extended a people still in the Stone Age, Father Mischie received the express company's reply to his earlier inquiry. Sorry, it said, in effect, our agents have searched and searched; we cannot locate Agate and so cannot assist you.

A mission now has been established with a sizeable high school, a museum that preserves notable local hand parings, a hospital "of sorts, not much, but something." Father Mischie comments and an airstrip that took three years to build. Two hundred men and women constructed it by carrying hundreds of mud a quarter-mile to build up an area 1,700 by 30 feet.

To the fish, sago palm-tree flour, two root, wild bananas, spinach-like wild greens and occasional wild bear that have made up the natives' diet for thousands of years, the missionaries have added, or tried to, various items.

Seventeen cows introduced into the steaming tropics, are dead, and so did a number of the natives.

Winter Guest Club News
By Lorene Weber
Shuffle Court News

We were raised out on Wednesday, September 21, so we had four courts shuffling on Thursday. Geraldine Long and Kellie Larrew both won four games. This makes four times in a row that Kellie has been a four-game winner. How about that? Then, Saturday, we had six courts. Again, we had two four-game winners. They were Ed Edwards and Alton Wetmore.

Pinochle
On September 23 there were three tables playing pinochle. High score was 851 by Duke Christensen with William Benson following at 626.

Just a reminder from the membership people: the annual date for dues is soon — October 1.

Mr. and Mrs. LeRoy Schable of Lakeland were guests of Mildred and Glenn Long on Thursday. They were former Connecticut neighbors of the Longs.

But chickens have thrived and their eggs have become so important, as food and barter, that the hens are let live as long as they lay. The coconut palm, hitherto unknown, has done well, its fruits and oil vastly appealing to the Agatians. Green beans have responded to cultivation.

but corn so far has been struggling. Experiments with rice continue with some, though not all the success that had been hoped for.

"Our missionaries are trained in anthropology," Father Mischie said, "and their aim is social, an intent to obtain everything positive in the culture, trying to erase what is not."

Head-hunting — the people long have been cannibals — is disappearing under the influence of the Crookers. But not too much progress has been made in eradicating illness.

Malaria and cholera take a constant toll. The tropical yaws disease, afflicting skin and lower bones, is common. More

than half the children die before they reach school age. Doctors are lacking, and an added complication is the fact Indonesia has put an embargo on medicines from outside the country.

How do the missionaries themselves out? They make the sago flour derived from the pulp of that palm tree into flat unleavened cakes, baking

them on a griddle and carrying them on their boats when they go into the bush, where they spend half their time. A toaster on the aft of the boats holds charcoal over which, when they are traveling, they can cook fish.

Rain water, of which there is an overabundance, is caught at the mission for drinking and bathing. Because imports are

expensive, few foods are ordered from outside, the one exception being wheat flour, to amplify the native sago variety.

"Missionaries stay four years at Agate," Father Mischie told me. "I don't know which is the greater cultural shock-going there or coming back. You are struck on your return by the enormous variety

and amount of food of all kinds."

What do you most want to eat when you get home?

"Steak," came the quick reply. After 46 months of fish and two, wild bananas and sago biscuits, best known as the sago rice feast, delicious symbol of American generosity, than which there can be nothing more delectably satisfying.

Basic Life Support Classes Offered

The Avon Park Sun, Sept. 29, 1977 \$8

South Florida Junior College, in cooperation with the Highlands County Emergency Medical Services and the American Heart Association, will offer a Basic Life Support Class in Sebring as part of the Community Instructional Services Program. This class will be held at the Agri-Civic Center in Sebring, from 7-10 p.m. on Oct. 10, 17, 24, and 31. The only fee is \$2 for the text book. American Heart Association personnel and Emergency Medical Technicians will teach the Basic Life Support Class. The class will be limited to 15 students and persons interested in enrolling should call Mrs. Adair at South Florida Junior College, 453-6661, extension 115, or the Emergency Medical Services in Sebring, 355-3484, as soon as possible. Anyone desiring further information or any group, such as a church or business, interested in having the Basic Life Support Class taught at a special location should contact Mrs. Adair at the College.

Florida Junior College, 453-6661, extension 115, or the Emergency Medical Services in Sebring, 355-3484, as soon as possible. Anyone desiring further information or any group, such as a church or business, interested in having the Basic Life Support Class taught at a special location should contact Mrs. Adair at the College.

decal. Persons may register at the college beginning Oct. 3 from 9 a.m. to 4 p.m., or at the first evening of the class on a space available basis.

Phil Weber, clinical pharmacist for Walker Memorial Hospital is the instructor for this 40 hour course.

A twenty-hour E.M.T. Refresher course will be held on the campus of South Florida Junior College starting Tuesday October 11, 1977 at 6:30-10:30 p.m. for anyone already holding an Emergency Medical Technicians License about to expire. Persons successfully completing this class will have

their names sent to the State E.M.T. Services Division for recertification. Course fee is \$10 plus textbooks and \$1 parking decal. Paul Whitlock is the class instructor and this will be the only E.M.T. refresher class held on campus until Spring of 1978. For further information contact Dean Farrens, S.F.J.C.

453-6661 extension 123. South Florida Junior College, in cooperation with the Sebring Women's Club, will offer a Family Finance Class as part of the Community Instructional Services Program. This class will be held Oct. 18 through Nov. 22, five Tuesday evenings, from 7 to 9 at the Women's Club of Sebring, 220 SW Lakeview Drive. The fee for this class is \$3 per student. Tentative topics to be discussed include: investments, meal planning, will and probate, trust, insurance, etc. Persons interested in registering should see Mrs. Adair at South Florida Junior College or register the first night of class. Anyone desiring any further information should call the CIS office at South Florida Junior College 453-6661, extension 115.

Bonnie Brae Mobile Home Park News

By Margie Wells
We are happy to report that Tom Chockley is back home after being hospitalized this past week. We hope he continues to improve. Also, Pauline Pelkey is continuing to get stronger and is doing real well with the aid of a walker. Jane Rabideau spent the week-end visiting with her sister-in-law, Mrs. Lottie Poirier, who lives in Brooksville.

Maude and Al Wilson's home has been sold to Mr. Wells of Avon Park who we understand will be moving into our park very soon. Welcome to our park!

The regular Friday night pinocle game was held at the home of Mary and Cedric Weirman. Those attending were Helen Dyce, Ann Lockwood and Thelma Miller but they didn't tell us if Ann lost again this week!

Thelma Miller spent Sunday afternoon and had dinner with Mr. and Mrs. Ed Breshe who live at Lake Josephine in Sebring.

We hear that Roy Podewels has lost a lot of weight. A new car and a slim figure-watch out girls!

Margie and P. D. Wells attended an open house at the new home of Grace and Walt Kline on Wednesday night when they hosted the Wednesday Scramble Group from River Greens Golf Course.

Mr. and Mrs. Ernest Goodale from Fort Myers have been on "the strip" this past week in their travel trailer. We enjoyed having them here and hope they can find a new home in Bonnie Brae. Rev. and Mrs. C. Dennis Harsh of Winter Haven were Sunday dinner guests of Margie and P. D. Wells. They also attended services at the First United Methodist Church where a Bible was placed in their honor by their children, Margie, and Leonard Harsh of Fort Myers. Rev. and Mrs. Harsh will celebrate their sixtieth wedding anniversary on September 30th. Happy anniversary to a wonderful mother and father and God bless you!

Hygienists Offered Course

Former dental hygienists in Florida who have been out of the work force for five years or more and have graduated from an accredited institution are being offered an opportunity to take a refresher course that will permit them to return to their previous occupation.

The program is being offered by Miami-Dade Community College under a federal grant which will offer a living-expense stipend of \$50 per week for 15 weeks for those persons who enroll from outside of Dade County.

Miami-Dade's Medical Center campus is administering the program which starts Jan. 3 and ends April 19. Tuition is \$294. For information on how to apply, write Billie Burr, Miami-Dade Community College, Medical Center Campus, Department of Dental Hygiene, 500 N. W. 29th St., Miami, FL 33127.
