New Sewer Plant Nears Capacity

Citizens Threaten Suit Over Pollution

By John Burris
Although less than two years old, the new \$3.5-million sewage treatment plant is rapidly approaching its capacity of 800,000 gallons of waste daily.

According to Mike McWeeny, a consulting engineer with Dawkins and Associates of Tampa, the firm which

supervised the installation of the new treatment plant, the facility is already operating at nearly 700,000 gallons daily. This, among other things, has caused the city to make application for a new federal grant to expand the present sewer system.

In the period that the facility has been

in operation however, the fact that the treatment plant has almost reached its maximum operating capacity is the lesser of two evils.

In the words of Environmental Investigator, Roxane Dow, the sewage treatment plant has suddenly become the number one suspect in pollution of Lake

Glenada. Dow added that the pollution is believed to be emanating from a treatment plant holding pond, which is suspected of leaking high levels of nutrients into the lake. "If such is the case," Dow added, "it could result in a major fish kill."

Although high levels of nutrients have been discovered in the monitoring wells that have been installed between the holding ponds and the lake, Dow tended to be in disagreement with the idea that the pollution may be coming from over-fertilization of surrounding citrus groves, a fact initially suggested by McWeeny. Dow emphasized that one way of definitely ascertaining the source of the pollution would be through the use of a tracer chemical which should be placed in the holding ponds. "If such a tracer chemical makes its way into the lake, then we will know where the nutrients are coming from and we will put a stop to it."

City Clerk, Malcolm Crews disclosed that such a tracer chemical has not yet been introduced into the holding ponds, since Dawkins and Associates are presently conducting various tests to determine the most feasible chemical to be used. Crews added that a date for the chemical's introduction into the holding ponds has not been decided upon.

Although a number of non-resident facilities have been allowed to tie into the city sewage system, no accurate figures are available as to what costs and quantity of sewerage were involved.

With an estimated 3200 water meters currently being serviced by Avon Park, city officials have declined to speculate on exactly how much the per-capita increase would amount to when the proposed expansion program at the treatment plant gets underway.

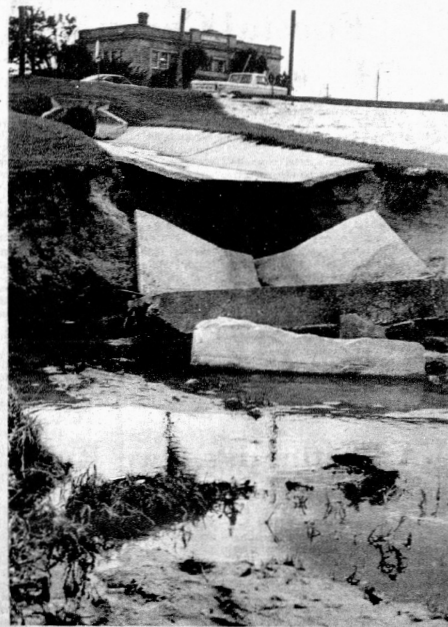

Even though no difficulty is anticipated in obtaining the necessary approval, the city has not yet been issued an operating permit for the new treatment plant by the state.

Commenting on that aspect, Dow noted, "Since the city is making all efforts to correct the pollution problems, they probably won't have any trouble getting the operating permit. After all, they don't want to spoil the lake any more than we do."

In addressing the city council on the issue of non-residents hooking into the system, McWeeny urged the officials to proceed with caution in allowing any more people outside the city limits to hook into the system, since this obviously is the sole contributing factor to the treatment plant already handling near-capacity gallonsage.

Dow had a word of praise for city officials for their cooperation with the DFR Agency, noting that when the monitoring wells were installed by order of the environmental agency as a safe-

Please See Page 7A

PRACTICALLY UNDER THE nose of city officials, this Main Street storm sewer spillway collapsed, when undermined by water because of faulty construction. Who will DER blame for

the pollution of Lake Verona? City sewer inspectors or the contractor? And who will clean out the lake? Sunphoto by Lew Miller.

RESCUERS REMOVED ONE victim of last Thursday afternoon's car-truck

accident on U. S. 27 south of Avon Park, while two others were still inside the

overturned vehicle. Sunphoto by John Burris.

Truck Rams Tourists' Car Injuring Four

With the increase in tourist traffic, U.S. 27 highway through Highlands County continues to be the scene of occasional death and destruction.

Although no one was killed, the mishap that occurred in mid-afternoon of Thursday, March 2, approximately 1 1/2 miles south of Avon Park, completely demolished the car of tourists visiting the "Sunshine State" from Virginia.

According to FHP Accident Investigator, J. E. Benton, a 1975 International tractor-trailer, operated by Peter L. Ramey, 52, of Tampa collided with the rear end of the 1976 Chevrolet which was being driven by James A. Benton, 76, from Virginia.

After allegedly falling asleep at the wheel, Ramey's truck collided with the rear of the Benton vehicle. Out of control, the Chevrolet then traveled more than 20 feet before finally rolling over 3 1/2 times, coming to rest upside down on the shoulder of the highway.

With both vehicles traveling north, the truck, according to officials, continued another 430 feet from the initial point for impact before finally coming to a stop a few feet from the edge of Lake Glenada. Damage to the truck was estimated to be about \$3000.00, while the passenger vehicle was total destroyed.

Although the drivers of both vehicles sustained only minor bruises and abrasions, and were treated at Walker Memorial Hospital and released, three passengers in the Benton automobile did not fare so well.

Gwendolyn Benton, 70, was admitted to the Intensive Care Unit of Walker Memorial Hospital in Avon Park in serious condition, with undetermined multiple injuries.

Eather Hivley, 60, was also admitted to Walker Memorial. She was believed to have also sustained serious multiple injuries.

William Hivley, 71, was listed as being in critical condition when he was first admitted to Walker Memorial with undetermined multiple injuries. He was later transferred by ambulance to the hospital in Winter Haven.

Efforts by various rescue units to reach the scene of the collision were considerably hampered by hundreds of spectators, who, in their haste to see what had occurred, parked their cars haphazardly not only in the median separating the north and south bound lanes of the highway, but on both shoulders of the road as well.

As a result of this apparent disregard for the safety of human lives, it was almost an hour after the accident occurred before rescue units finally

managed to free two of the passengers still trapped inside the overturned vehicle. Their freedom came only after extensive use of the "Jaws of Life", the mechanical equipment which is capable of ripping the side of a car open - in a

matter of minutes!

Units of the Avon Park Police Department and the Highlands County Sheriff's Office assisted FHP with the massive tie-up of all four lanes of the highway.

Plane Crashes At Bombing Range

Noting that he still considers it safer to be flying than to be on the ground, Keith Stevens, 48, of Ashland, Mont., said he and his passenger Troy French also of Ashland, were mighty glad to see members of the Avon Park Bombing Range rescue team late Tuesday afternoon.

The reasons for Stevens' comments had occurred just moments before when he crashed landed his Cessna 170 - D at the bombing range, after having developed air bubbles in the fuel line.

Although he knew the bombing range

was for use by military aircraft only, Stevens said the facility just happened to be the nearest one to him, and "when all you're doing is gliding," he added, "you really don't have too much choice as to where you're going to set the bird down."

Stevens emphasized that no structural damage occurred to the plane, and early Wednesday morning, he was able to get it airborne, at which time he flew the Cessna into the Avon Park Municipal Airport.

In talking with the Avon Park Sun, Stevens said he has been flying more than 10 years, and owns a fixed base

operation in Montana. He added that as soon as some minor repairs have been completed to the aircraft, he and his passenger plan to return to their home in the same plane.

Stevens had nothing but praise for the people of Avon Park with whom he has come into contact during his abbreviated visit here. "Everyone all over the place has displayed nothing but the warmest of friendship and hospitality," Stevens noted. "As a matter of fact," he added, "some Montanans could learn a valuable lesson from you folks here in Avon Park."

Career Banker Named

President Of Avon Citrus

Coming to the Avon Park Citrus Bank as president, Donald L. Bowden brings with him over 20 years of banking experience in both state and national banks in the state of Florida.

Bowden was born in the upper peninsula of Michigan at Crystal Falls and came to Florida with his parents when he was three years old. He graduated from Stuart High School in 1960 and started his banking career at the 1st National Bank of Stuart.

At three year hitch in the U. S. Marine Corps in the Korea theatre of operations interrupted his banking experience. However, at the end of his tour of duty he returned to the 1st National Bank, where he remained from 1954 to 1962, when he joined the Bank of Stuart.

In 1966 Bowden moved to the 1st National Bank of Lakeland as executive vice-president, which post he held until he moved to the American National Bank in Clearwater, as president, in 1972.

He remained at American National until 1975 when he took over the presidency of the 1st Prudential Bank at West Palm Beach. He is still helping

them out until they are able to secure a new president.

Although Bowden started work at the

Donald L. Bowden

Avon Citrus Bank as of March 1, his family will remain in West Palm Beach until the end of the school term in June.

For hobbies Bowden likes to play handball and racquetball. During his high school years he played on the football and basketball teams. He said he was the outdoors type and liked to do his own yardwork in landscaping around his home. Cooking is also one of his activities, particular French and Chinese foods.

As for banking Bowden said he expects to continue the down to earth home town banking, working with the local bank's board of directors which includes: C. Elton Crews, chairman of the board; Robert O. Barger, president, Highlands Computer Service; Thomas W. Bagwell, land, lumber and building supplies; Donald W. Gessick, Highlands Aviation, Inc.; Charles H. Hoke, cotton; Dr. Donald F. Jones, M. D., surgeon; Hue E. Nunnallee, attorney; Dr. B. C. Ostling, M. D. general practice; C. Wayne Taylor, Gulf Oil distributor; G. Franklyn Ward, nursery and citrus; Wendell W. Williams, nursery and citrus; and Donald L. Bowden, president of Avon Citrus Bank.

March Declared Eye Bank Month

The month of March was declared Lions Eyebank Month by Mayor Marshall Davis as he urged all citizens to consider the great gift they can give to other human beings becoming a donor in the Sight Restoration Program.

Statistics have proven people fear the loss of sight more than any other disabling condition. Yet, because of our longer life span, blindness is the world's leading cause of disability.

The Florida Lions Eye Bank sponsored by the Lions Club is dedicated to the restoring of sight in persons who have had the loss of vision because of corneal disease or injury.

Since the eye bank's beginning 3,500 eyes have furnished for corneal transplant surgery. Patients, who have this operation, young, old, rich, poor, professionals, laborers—all have experienced the disabling loss of sight.

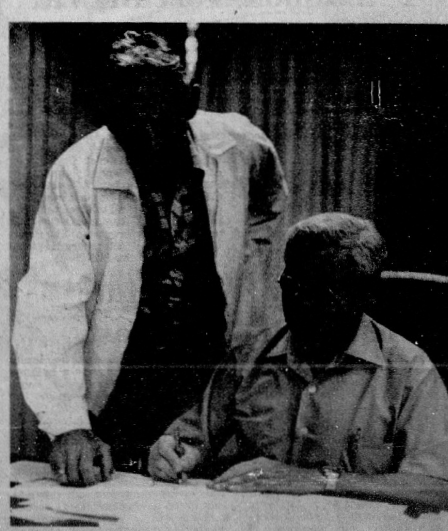

The demand for eye tissue has become so acute Governor Reuben Askew has proclaimed March '78 Lions Eye Bank

Month, urging all citizens to give the gift they can give to others by becoming a donor.

Everyone is eligible to take part in the donor program. The cornea, is the crystal clear covering over the iris. When it becomes diseased light cannot pass through and there is the loss of sight. With corneal transplant surgery, the diseased cornea can be replaced, thus restoring sight.

The Eye Bank's program has a threefold purpose. The first, it's corneal transplant service. Second, it supports an ocular pathology laboratory where eye specimens are processed for microscopic study and it serves as a research and teaching source.

For further information or a donor form contact your local Lions Club members or write to the Florida Lions Eye Bank, 1638 Northwest 10 Ave., Miami, Fla. 33136 or phone (305) 324-4340.

LIONS CLUB MEMBER Mark Brown watches as Mayor Davis signs a proclamation declaring March as Lions

Eye Bank Month urging all citizens to become donors. Sunphoto by Lew Miller.

Special Census Hopes Don't Fade

Hopes for a special census, like old soldiers, never die. But unlike old soldiers such hopes don't seem to fade away.

The possibility of a special census has been revived and is to be discussed by Highlands County Commissioners at next Tuesday's (March 14) regular meeting. The census issue, which was felled by a 3-2 vote against spending more than \$30,000 in county money at last week's session, was brought back to the floor Tuesday by Commissioner Carl Arant Jr. He voted against the special census last week.

Arant explained he has discussed funding of the census with people in Sebring and Lake Placid, Sebring City Council voted against going along with a pro-rated share of census expenses and Lake Placid City Council has tabled the measure.

In both cases, Arant said, the cities felt they didn't have the money for a special census. It's not because they

oppose the idea.

Even without the financial support, Arant said he considers an accurate population count important to the county because of the state revenue sharing money that could be lost due to a low population estimate by the University of Florida. Amount of the loss could run to \$50,000 a year until a new federal census is taken.

"Not doing it (taking a special census) is a little short-sighted," Arant said. "We're so underestimated that we're being short-changed."

The county estimates the population, using university formulas, at 43,946, while the university says the population is 41,113.

Commissioner Robert Skipper said, "If I'm going to gamble, I want to gamble with my own money and not the taxpayers. You have to be pretty sure that you're going to come up with a gain."

VA Writing it's Own Rules By-passing Congress

By Congressman Skip Bafalis

Last year, the Carter Administration made an attempt to deal with veterans with dishonorable discharges who secured upgraded papers under their "re-evaluation" program to receive full VA benefits.

This proposal met with the strong objection of the American public and was the subject of much heated debate in Congress. Finally, it was rejected - by overwhelming backing the Beard amendment - opposing the blanket granting of benefits to those with upgraded discharges.

But, if the Congress and the American public thought the matter was settled by the passage of this amendment, we were wrong - sorely wrong.

The VA and Defense Department have decided to take matters into their own hands by writing regulations "implementing" this law, that completely circumvent the will of the Congress. The "case by case" exception in the law has become the general rule.

The Defense Dept. reviews the dishonorable discharges of those who want to get their status changed. In the past, they have looked only to the actual service record of a soldier when reviewing the case. Not DOD wants to change the procedure so that non-service factors, such as "community service" after a person's discharge will be considered relevant in upgrading his status from dishonorable to honorable.

DOD also intends to allow people to challenge their ratings on the grounds that they never should have been accepted in the service. Thus, the military will be held responsible for not knowing in advance that a person would compile a "dishonorable" record.

The VA is also changing its rules on the interpretation of the term "AWOL". The law governing VA benefits states that absolutely no one who went AWOL for 180 days or more can get VA benefits.

unless there were "compelling circumstances".

The VA has now decided that if a person can show he went AWOL for reasons compelling to him, even if it is not deemed "compelling" by the officer reviewing the case, he can be eligible for VA benefits. Further, the regulations state that these reasons should be weighed against a person's "educational and cultural background."

And, finally, a person can simply sign a statement saying he went AWOL because he thought at the time he was entitled to an "early release" and did not understand what he was doing, that will be taken as proof by the VA that he was not AWOL. No corroboration will be required. He will then be allowed to claim VA benefits on the basis of his signed statement alone.

So, the Administration has gotten out of the bureaucracy what it could not get from the Congress or the public - approval of its awarding VA benefits to those with upgraded dishonorable discharges.

As frustrating as this is, it should not surprise anyone that regulations flagrantly disregard the will of the Congress. Unfortunately, this is not an isolated case.

The bureaucracy has the power to "interpret" the will of Congress right out of the law. This makes a mockery of hard-fought legislative battles like the upgraded discharges.

To correct these abuses, I have sponsored legislation to give the Congress the right to veto regulations proposed by the various agencies. Under this proposal, a simple majority vote by either the House or Senate could negate regulations which fly in the face of Congressional intent.

This remedial proposal is essential if we are to tighten up the accountability of bureaucrats who are not free to do as they choose.

VA Reminds Korean War Vets To Convert Or Lose

The Veterans Administration has issued a reminder to Florida Korean Conflict veterans covered by GI Insurance to convert their Veterans Special Life Insurance "WV" Term policies before their 50th birthdays - or lose them.

The average age of these veterans is now 45.5 years.

St. Petersburg VA Regional Office Director William R. Blackwell said that over half the 18,000 VSLI policies issued to Florida veterans are on the five-year limited convertible term ("WV") plan.

This policy carries a very low

premium rate but cannot be renewed after the veteran's 50th birthday. It can, however, be converted to one of eight permanent plans if the policyholder acts before the end of the last renewal period.

Director Blackwell said detailed information and cost figures for each of the permanent plans can be obtained from the VA Center administering the veteran's insurance policy or by calling toll-free to the St. Petersburg VA Regional Office. The toll free number from St. Petersburg to the St. Petersburg Regional Office is 1-800-282-8821.

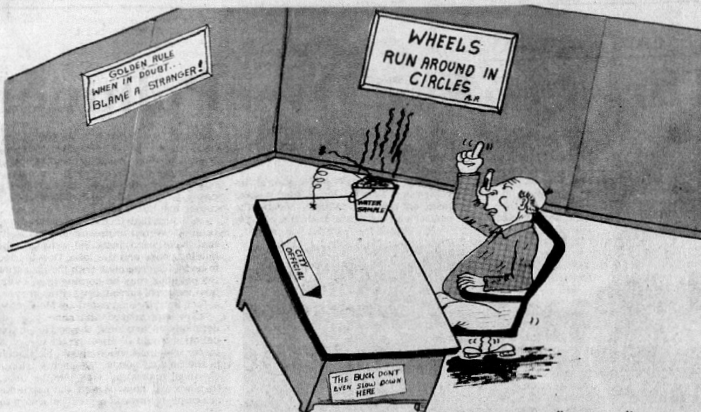

New Survey To Update Farm Production Costs

In 1976, U. S. farmers paid out over \$89 billion to produce crops, livestock and poultry. The report, issued by the U. S. Department of Agriculture and the Florida Crop and Livestock Reporting Service, noted that the expenditure averaged more than \$32,000 per farm, nationally.

The major expenditure was for feed, which accounted for over \$14 billion; next came rent \$4.1 billion; followed by wages at \$7.4 billion; fertilizer, lime and soil conditioners at \$7.2 billion; and purchases of livestock and poultry at \$7.1 billion. Richard P. Small of the Florida Crop and Livestock Reporting Service points out that farm

production outlays need to be closely watched if there is to be a reliable measure of farmers' well being compared with other groups in the Nation's economy.

Small's office will interview a cross section of Florida farmers during February and March as part of a nationwide survey to determine 1977 farm production expenditures. Along with questions concerning production for equipment and services and other production needs, other farmers will be asked about their marketing practices for selected items including cattle and eggs. Farmers' responses will be confidential and only State and national summaries will be published.

...AND IF I'M RE-ELECTED, I WILL SEE THAT "THEY" CLEAN UP THE POLLUTION IN LAKE GLENADA!

Speed Limits Changed On County Roads

Area motorists are reminded to use caution on several county roads and streets following changes in speed limits enacted Tuesday by Highlands County Commissioners.

A list of changes unanimously approved was prepared and reviewed by Gordon Hays Jr., county engineer.

Roadways affected and new speed limits are as follows: Huntley Drive, 30 mph; McCoy Drive, 30 mph; both streets are in the Lake Placid area; N. Lake Letia Drive, 40 mph; C. Hill Road, 45 mph; both streets are in the Avon Park area; Lake Letia Drive, 35 mph; the road in Lakemont. Speed limits of 35 mph have been set on the following streets in Sebring Country Estates, Gran Prix Drive, Corvette Ave., Aston-Martin Drive, Citroen Drive; on Thunderbird Drive the limit is 40 mph.

New speed limits on the following streets in the Avon Park area are Walnut St., 25 mph; Camden Road, 30 mph; Ithaca Road, 30 mph.

The limit on Spring Garden Road in Sebring shows was set at 30 mph.

Commissioners caught some complaints about loose dogs damaging property in Lake Jackson Heights, but Capt. Charles Snellgrove of the sheriff's department provided advice.

Residents were told by commissioners that although the county has dog licensing laws, there are no regulations about keeping dogs on a leash. Capt. Snellgrove said that if the victimized property owner

can prove the dog destroyed his property and ownership of the dog can be determined, the dog's owner can then be held responsible for damages.

"We've got to prove who owns the dog," he said.

Once this is determined, the property owner can come to the sheriff's office between the hours of 2 and 4 p.m. daily to fill out an affidavit.

A dispute between Vince Celentano and the county

building department has apparently been resolved.

Last week, Celentano, a builder, charged he had been harassed by the building department and said there was a double set of standards used in the county. One of his projects had been "red-tagged" at final inspection because no water was in the plumbing system at the time. Water could have been pumped into the plumbing

system, but apparently no temporary electrical service had been connected.

After a discussion between Celentano, commissioners and building inspector, Henry Eures, it was agreed there had been a misunderstanding in interpreting regulations on temporary electrical hookups. The board authorized hiring Richard Whidden as draftsman in the zoning department.

Highlands General Hospital May Have To Spend \$50,000

Although the hospital's own maintenance crews can handle 75 percent of the items, Highlands General Hospital may have to spend \$50,000 to comply with new safety requirements.

At a special board meeting March 7 BGH administrator Vernon H. Bielefeld presented

an item-by-item review of the state's life and safety survey.

Bielefeld said most of the 24 items recommended relate to new safety standards being applied to hospital ancillary units.

He recommended that hospital crews make 18 of the

changes and the others be contracted to private bidders.

The recommendations cover such things as changes in the sprinkler system, expansion of a smoke detector system, installation of a new guard rail on the landing in the stairway, replacing some paneling now in use in some offices with a more flame resistant paneling.

At the same meeting Bielefeld reported that inspectors for Medicare had declared the local hospital to be meeting all requirements in civil rights and utilization reviews.

The administrator said some difficulties had been encountered in placement of a \$5 million "umbrella" liability insurance policy. Elgin Bayless Jr., had, however, located a company willing to write the policy. The premium will be, Bielefeld reported, \$3,800 per year.

Graham To Work In Pit At Races

Gubernatorial candidate Bob Graham will be working in the "Pit" with the Lake Placid race team, at the Sebring Races, on March 18. Senator Graham has set a goal of working at 100 different jobs by the end of his campaign. He believes he will have a better understanding of, and be more sensitive to, the needs of the voters, after he

has worked side by side with them.

Floridians who would like to meet and talk with Graham are invited to have breakfast with him Saturday, March 18, at the Agriculture Center, on Highway 27, south of Sebring. Hours are to be from 7 a.m. to 9 a.m. and tickets are priced at \$2.25 each.

Reader's Opinions

Heart Transplants Not New

Editor:

The great Physician of men nearly 2000 years ago had people of our day in mind as he spoke these solemn words: "Men's hearts failing them for fear, and for looking after those things which are coming on the earth." Luke 21:26. We have to admit to the accuracy of His diagnosis.

Heart transplants are nothing new. Jesus says, "I will remove the stony heart, and will give you a new one." Ezekiel 36:26.

Follow his prescription for a new way of life. While all about us men's hearts are failing from fear of what is taking place we can be encouraged with the promise, "Let not your heart be troubled." John 14:27.

Appointed Officials Too Far From People - Kautz

"The voters aren't going to buy it," says a leading farm spokesman about the Constitutional Revision Committee's recommendation to scrap six elected Cabinet offices. "Our members have been firmly in favor of an elected cabinet," says Walter J. Kautz, president of Florida Farm Bureau Federation. "And I think most voters are not going to want to throw away their chance to elect their government officials."

Kautz says he believes the most responsive government is that composed of elected officials who must face the people at the polls and be accountable for their actions.

"Appointed bureaucrats become so far removed from the voters that they can all too easily get buried in their ivory towers and lose sight of what's happening in the real world," Kautz says.

He added that he was pleased that the commission had recommended single-member district representation for legislators.

"Legislators can be much more attuned to activities in their area, get to know their constituents better and do an all-around better job within single-member districts," Kautz said. "And, in turn, the voters find it easier in communicating with one legislator rather than a panel of them."

Declaring that the legislative process needs to be more open to the public, State Representative Bob Crawford has introduced legislation that will ensure, by statutory language, that the Florida Government in the Sunshine Law applies directly to the legislature.

"It's unfortunate that many legislative leaders have taken the position that the Sunshine Law and the Public Records Law does not apply to the Florida Legislature," Crawford said.

Crawford added, "While I already believe laws apply to the legislature as supported by opinions of the Attorney General, to ensure the legislature is operated in the Sunshine it is necessary to specifically provide for it in the statutes."

Crawford said, "It is hypocritical to require that all meetings of city or county commissions as well as state agencies meet in the Sunshine and then not require the same of the legislative branch."

"The current President of the Senate has gone on record, in the past, stating that the Sunshine Law and Public Records Law does not apply to the legislature."

"It is equally important," Crawford stated, "That the public not be denied access to any documents, reports, letters, etc. made or received in the course of legislative business."

Crawford said, "There's so many secret meetings going on during the legislative session that most legislators can't even keep up with what is happening."

State Senator Bob Graham has prefilled a companion bill in the Senate.

Mr. and Mrs. Ernesto Cisneros of Lake Placid announce the birth of a daughter, Loretta Lynn born Feb. 22 at Walker Memorial Hospital, weighing 8 lbs. 2 1/2 oz.

S.O.S. Holds Tournament

Services over Sixty (S.O.S.) is undertaking the putting together of a Scabble Tournament to be held on April 5. The tourney is being shaped up as a project for matching funds to help Meals on Wheels, and other parts of S.O.S. of Highlands County.

The scabble tournament will get underway at 2 p.m. in the Fellowship Hall of the First Christian Church of Sebring. At the same time a Craft Sale will be held as a secondary feature, mjnbed by S.O.S. members.

The First National Bank of Sebring is providing the high scores with a trophy and smaller favors. It is hoped the scabble game activity will become ever more popular, and that the tournament will blossom out into a yearly event. A one dollar donation will get you a place at a playing table.

It is hoped that many players will bring their own sets and or a dictionary to use for their play. S.O.S. has a few dictionaries and play boards, but not as many as will be needed for the tournament. For new players, there will be a practice session of about 15 minutes, previous to the 2 p.m. starting time.

Services over Sixty hopes that folks from all over the county will come and stay to play. Non-Players are invited to come and learn a new and educational pastime.

Spring Fashion Show

The Highlands County Agriculture Center of Sebring was the scene of the latest in spring fashions sponsored by the Highlands County Credit Women International on Thursday, March 2, 1978. Interpersed with drawings for fourteen fabulous door prizes throughout the evening.

Providing the background music for the evening was Don Meiser of Avon Park. Enlightening the ladies on the latest fashions was Nell Watson, formerly of Nell's Fashions and Bridals of Bartow and a professional fashion consultant. Refreshments of orange juice and home baked cookies were enjoyed during intermission.

Thanks to the following participating merchants: Bob's Menu Wear, the Colony Shop, the Kiddie Shop and Rosella's of Sebring and the Mushroom and Ozzie's Originals of Avon Park, the generous donors of door prizes, Barnett Bank Bob's Mens Wear, Colony Shop, First National Bank, Ida's Gift Shop and Rosella's of Sebring.

Thanks also to Avon Citrus Bank, Gibbs Gift Gallery, Avon Park, Jordan and Son, Touchton Drugs and Turner Furniture of Avon Park and Ridge Florist of both Avon Park and Sebring.

DOROTHY SIMPSON, TRAFFIC operator supervisor, presented a diamond necklace to Zarada Walford, a gift from United Telephone Company upon her retirement.

Zarada Walford Retires

Zarada Walford recently retired from the United Telephone Company, as a traffic operator. She started with the telephone company as a part-time operator in October 1959.

Zarada grew up in Avon Park and went to school here. She is married to Fraizer Walford and they have three children: Nancy Alwood, Faye Kempton, and Shirley Walford. She loves to collect depression glass and has plenty of house plants, of many different varieties.

Zarada was presented with many lovely gifts at her party, which was held in the trade department lounge. She also received a diamond necklace from the United Telephone Company.

Zarada stated she was overwhelmed by everything and appreciated all you have done," in references to her

Michigan Club To Meet

The Michigan Club of Highlands County will hold their monthly meeting at the Pier Building in Sebring, Wednesday March 15, at 1:30 p.m.

Mr. and Mrs. LaVerne Vaughn will show color slides of their freighter trip to South America. They Visited Panama, Columbia, Ecuador, Peru, and Chile.

Club Members will display Crafts, and guests are Welcome.

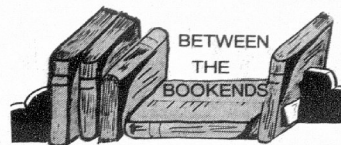

APHS Class

Of '68 Plans

Reunion

Members of the APHS class of 1968 are busy planning their 10-year reunion. Classmates, friends and relatives are urged to send addresses of graduates to:

Nancy (Mitchell) Ben-schoter, P. O. Box 775, Fairfield Florida 32634.
Marcia Ward: 6510 Newberry Road No. 406; Gainesville, Fla.

Friends of the Library Board met Monday afternoon in the Dawson room of the Library. Plans were made for the annual Fund Drive for the Support of the library program.

Friends under write the cost of the summer program for the children. Librarian, Mrs. Caroline Moore, has a full schedule of education and entertainment for the children when school is out. The attendance at some programs last summer sometimes exceeded a hundred children. She also has a pre-school program story hour, and mothers are invited to come to the library and enroll their children.

Mrs. Moore offered a special program during January and February for adults. Each Tuesday afternoon a film or travelogue was shown in the Dawson Room. Attendance was about fifty people each time. Also Mrs. Moore took these films to The Hillcrest Nursing Home each Tuesday evening for the benefit of the residents there.

The board commended Mrs. Moore for her excellent work in maintaining the library, along with her assistants, Mrs.

Car Stolen

Highlands County sheriff's deputies are continuing their investigation into the theft of an auto belonging to Mrs. A. W. Orner of Route 2 Avon Park. The auto was reported taken from the driveway of her home March 1, sometime after 9:15 p.m.

Estelle Fischer and Mrs. Billie Hise.

MR. AND MRS. WILLIAM R. Cleland where honored with a 50th wedding anniversary celebration at the Florida

Power lounge by their children, Saturday afternoon, Feb. 25. From the left: Dr. L. Lynn Cleland, Pleasanton,

Calif.; Edward L. Cleland, Royal Oak, Mich.; Carolyn Self, Hopkinsville, Ky.; Mr. and Mrs. Cleland, Avon Park;

Corinne Hurst, and William A. Cleland, Hicksville, Ohio. Sunphoto by Lew Miller.

Clelands Celebrate 50th Anniversary

When their five children walked into their home in the Manors, in Avon Park, Mr. and Mrs. William R. Cleland had a big surprise for their 50th wedding anniversary, which took place on Feb. 28.

The Golden Wedding Anniversary celebration at the Florida Power lounge, Saturday afternoon, Feb. 25 was planned and arranged by the Cleland children who live in

widely scattered states. Meeting at the Atlanta airport they flew into Orlando and surprised their parents Friday night by their homecoming.

On Feb. 23, 1928, Miss Audrey Peters and William R. Cleland were married by Rev. Hofer at Defiance, Ohio. They

lived in Hicksville, Ohio, where Cleland retired from farming and from part time real estate sales.

Taking part in the anniversary celebration planning were their children Corinne Hurst, real estate broker, Hicksville, Ohio; William A. Cleland, farmer and feed lot operator, Hicksville; Carolyn Self, psychiatric social worker, Hopkinsville, Ky.; Dr. L. Lynn Cleland, engineering research manager, Pleasanton, Calif.; and Edward L. Cleland, dental hygienist and lab technician, Royal Oak, Mich.

Since retiring to Avon Park Cleland takes part in singing in the church choir, Shufflers, Rotary Club, shuffleboard, cards, gardening and reading.

Mrs. Cleland like flowers, volunteer work, church activities and keeping a record of her husband's schedule.

Many relatives and friends called during the Saturday afternoon event to honor Mr. and Mrs. Cleland on their 50th anniversary.

Happy Birthday

We wish the following people celebrating their birthday this week a big "Happy Birthday".

March 9 - Annie Collier, Patricia F. Landress, Frances Dee Williams, Mrs. Dessie Rich, John Brown, Mrs. Suzanne Arant, Jane Eberle, W. H. Owens, and Brenda Hoges.

March 10 - Gayle Starling. March 11 - Betty Barker, Mrs. Edna Jackson, Patty Bass, Mrs. W. J. Coulter, Mrs. Lettie C. Witt, H. R. Baughan, Mrs. W. M. Dunn and Josephine Reynolds.

March 12 - George A. Kelsey, Windell M. Smith, Diane Lemler, Sue Allen, Vickie Lynn Smith, Mrs. Donald Farrens and Anne Allen.

March 13 - Linda Pearl Hall and Leon Young.

March 14 - Patricia Lagoni, Donna Sismore, Uris Jackson, James Fountain, Greg Owens, and John Burris.

March 15 - Emily Roland, Janice Barefield, Dee Dee Willis, Jason Coulllette, and Doretha Elyea.

For those of you that celebrated their birthdays the week of March 1 thru March 8, we wish you a belated "Happy Birthday".

March 1 - Mildred Waddell. March 2 - Lisbeth Shapre, and Orel Coterell.

March 3 - Elizabeth L. Winkler, and Lynn Houpe.

March 4 - Tolland Oberle, Verlie Brojek, Mrs. Willie Reddick, Rev. Paul D. Steiner, and Mrs. Jo Ann Strickler.

March 5 - Grace Barry Glean, Ruffner, Terry Tally, Jack Bennett, Mary Elizabeth Hall, and Thom s E. Leland.

March 6 - Eddie Gregory, Estelle Reynolds, Shirley Snider, Janet Willis and Rose Skinner.

March 7 - Lora McFarland, Ethel Donaldson, Rita Rich, Christine Snyder, Seth Vandenberg, Alan Carson, Ila Kay Guraedy, Robin Hubbard, and Mike Ryan.

March 8 - Allen Mann, Bette Chapel, Leo C. Wagner, Mark Clifford, Mrs. Jean McHenry, Melvin Bean, Mrs. Wendell Smith, Mary Neale, and Scott Swanton.

If you have a friend or loved one who is having a birthday soon, please call us so that we may add their name to our birthday list.

"Which Shall I Wear?," Jan Howard seems to be saying as she looks through the clothes rack to decide the outfit she will model at the Highlands County Legal Secretaries Fashion Show to be held at the Agri-Civic Center, March 13 at 7:30 p.m.

Legal Secretaries

Fashion Show March 13

The Highlands County Legal Secretaries will sponsor a fashion show on Monday, March 13, and will be held at the Highlands County Agri-Civic Center on Highway 27 South, at 7:30 p.m.

Fashions will be provided by the "Fashion Worlds" of Lake Placid and Sebring, and the

models will be: Roberta Bailey, Bernice Kimmel, Lindy Lehman, Verna Macbeth, Marsha O'Berry, Myrna O'Connell, Frances Ross, Victoria Ross, Nikki Smith.

Pat Strickland, Gladys Taylor and Shirley Vanwagen. Door Prizes will be awarded

and tickets may also be purchased at the door.

and refreshments will be provided at no additional cost to those attending. Tickets are on sale and may be purchased,

in Avon Park, from Pat Strickland at 453-6622 or Helen Young. Price of admission is \$2

CLOWNS PERFORMED AT the "circus" which was presented by Mrs. Lucy Loveless and Mrs. Dixie Brooker's classes on Feb. 28, at the Avon Elementary School cafeteria. Sunphoto by Betty Amburn.

Saturday 8-12 A.M.

Big Top Circus Presented

The "Big Top Circus" was presented at Avon Elementary School on Feb. 28, by Mrs. Lucy Loveless and Mrs. Dixie Brooker's classes. This play was used to emphasize the health unit the classes had been studying.

The circus began with the traditional circus parade led by the swinging circus band. Two outstanding ring masters announced each act. These acts featured the famous lion tamer and his ferocious muzzing animals four lively acrobats, two daring tight rope

walkers, the two strong men, the fat lady and the headed lady. It also had the world famous snake charmer, the elephant trainer and elephant, a monkey, the juggling brothers and a group of cowboys and Indians.

Laughter let loose as the lively clowns entered the center ring. These clowns helped point out some of the health rules the classes had learned. The surprise of the circus was the escape of a gorilla.

78 Florida Teenagers Pageant

ATLANTA — The 1978 Florida United Teenager Pageant originally set for April 7th - 9th, has been re-set for September 15th-17th. The event is to be held at the Ramada Inn, in Jacksonville Beach, Florida. The post-ponement is due to technical problems which the pageant had no control of.

The pageant is still seeking contestants and applicants are now being accepted for the September Pageant.

For further information call (404) 451-8225, or (404) 421-6408. The United Teenager Foundation is a non-profit, civic organization.

Hibiscus Garden Club To Meet

The hibiscus garden club will meet on March 9 at 9 a.m. at Tiger Creek. Mrs. Kenneth Morrison will be the guide and lecturer.

This will be a picnic with each member bringing a covered dish. Hostess will furnish the drinks. If it happens to be a rainy day, the club will meet in the near by church where Mrs. Morrison will show slides.

Children Announce Parents Engagement

The children of Vivian Kelley, and the children of Marvin Prime, are happy to announce the engagement and forthcoming marriage of their parents.

The wedding will take place Friday, March 17, at the Fellowship Baptist Church in Avon Park. All friends and relatives are invited to attend this occasion.

Students Services Week

Governor Reubin Askew has designated March 5-11 as Student Services Week, in a proclamation signed in the presence of Rusty Grunitz, President of the Florida Student Service Administration Association. Inform is the key word of the second annual Student Service Week.

In keeping with this the Guidance Departments of the Elementary, Middle School and High School, would like to publicize some of the services that are available to the students, parents, and teachers of these schools.

Mrs. Lillie M. Wynn student advisor, and Robert Watts Director of Guidance, at Avon Park High School duties are to coordinate special psychological, educational and health service for students. They also supervise the collection of data from professional sources for the student's cumulative records; consult with individual

teachers, teams of teachers, administrators, and other professionals involved with the students; supervise the registration of transferring students and the exchange of their cumulative records.

Wanda Wilson, occupational specialist, duties are to collect information about local job opportunities, and disseminate information to students and out-of-school youth; assist counselors in collecting data as to the occupational interests, needs, and abilities of all students; actively seeks job placement opportunities for all students.

Mr. Ed Sanders, Guidance Counselor, Avon Park Elementary School since 1974, has a varied and versatile background that makes him well qualified to serve in his present capacity. Since retiring from the U.S. Army in 1961 as Colonel, he has served as guidance counselor and teacher in Wauchula and Avon Park schools.

GENE LEWIS WAS honored with a surprise birthday party at the home of Mr. and Mrs. George Lewis on his 80th birthday. Many friends and

relatives were present to share with him this joyous occasion. He is pictured with one of his nieces.

Obituaries

Ida May Russell
Ida May Russell, age 92, of Avon Park passed away Monday, Mar. 6, at Walker Memorial Hospital. Mrs. Russell was born in Michigan, but has resided in this area for 18 years. She was a retired registered nurse.

She is survived by one sister, Ethel Davidson of Avon Park, and one niece, Carmen White of Avon Park.

Services were held Wednesday at 1 p.m., at the Stephenson - Nelson - Smith Chapel with the Rev. A. D. Childress officiating. Burial followed in the Bougainvillea Cemetery.

Stephenson - Nelson - Smith Funeral Home in charge of arrangements.

Rev Tyson

To Speak At Vesper

The Rev. Bill Tyson of Bartow will speak at the fourth Lenten Vesper Service, Sunday at 5 p.m. at the First Presbyterian Church. Pastor Tyson is one of the six out of town ministers who are guest preachers at the Lenten Vesper Services being held each Sunday through Palm Sunday.

The guest ministers are speaking on the general theme, "The Cross of Christ." Pastor Tyson will have as the topic of his message, "The Irony of the Cross."

The other guest ministers will be Dr. Norman B. Kellow of Lake Wales and Dr. Brad Sutherland of Tampa. Everyone is invited to these Vesper Services.

Following the Vesper Services there will be a BAFF Dinner for the Young Adults and their families. A feature of the BAFF Dinners is a question time, "Ask the Preacher." The Young Adults are requested to bring any questions raised in the Vesper sermon to be asked at this time.

There is no charge for the BAFF Dinners, but a donation of \$1 for each adult and 50 cents for each child is requested to help defray the cost of the food.

A nursery for children below the first grade is available for the Vesper Services and the BAFF Dinners.

Rummage Sale

The United Methodist Church will sponsor a Rummage Sale Friday, Mar. 17 starting at 9 a.m. The church is located at 200 South Lake Avenue in Avon Park.

Winter Band Concert Set For March 12

The Avon Park High School Grenadier Band will hold its third Winter Concert, at 3 p.m., Sunday, March 12 at the Avon Park Middle School Auditorium.

The band will perform the music that they will be playing at the District Concert Contest at Manatee Junior College, Bradenton on Saturday, March 18.

The public is invited to attend all of the winter concerts, with the last concert being scheduled for April 9. The first two concerts were well attended with over 350 people at each performance.

Eastern Star To Hold Installation

Leigh Chapter 85 Order of the Eastern Star will have installation of the 1978 officers on Friday, March 10 at 8 p.m. at the Masonic Temple. Members, their families, and friends are cordially invited to attend.

Wisconsin Club

To Meet

March 14

Members of the Ridge Wisconsin Club residing at Padhaven will host the St. Patrick's meeting of the club at Highlands Hammock Park Tuesday, March 14.

Activities will be under way at 12 o'clock noon with a pot luck meal. People are requested to take a covered dish, beverage and table service.

As always, present and former residents of Wisconsin and their guests are welcome to attend. Y'all come!

Memorial services were held March 6, and grave site services were held Tuesday, March 7, in Holland, Texas.

Dr. Kellow

Guest Of Presbyterians

Dr. Norman B. Kellow of Lake Wales will speak at the fifth Lenten Vesper Service, Sunday Mar. 13 at 5 p.m. at the First Presbyterian Church. Dr. Kellow is one of the six out of town ministers who are guest preachers at the Lenten Vesper Services being held each Sunday through Palm Sunday.

The guest ministers are speaking on the general theme, "The Cross of Christ." Dr. Kellow will have as the topic of his message, "Still Struggling."

Following the Vesper Services will be a BAFF Dinner for the Young Adults and their families. A feature of the BAFF Dinners is a question time, "Ask the Preacher." The Young Adults are requested to bring any questions raised in the Vesper sermon to be asked at this time.

There is no charge for the BAFF Dinners, but a donation of \$1 for each adult and 50 cents for each child is requested to help defray the cost of the food.

A nursery for children below the first grade is available for the Vesper Services and the BAFF Dinners.

Grange To Meet

The program at the meeting of Avon Park Grange March 14, will be on Fire Safety. A representative of the local Fire Department will be present at 7:30 to speak on the use of Smoke Detectors.

Come to the pot luck supper at 8:30 at the Woman's Club hall and attend the program and business meeting to follow.

James Jordon

Native Son To Hold Gospel Meeting

James W. Jordon will deliver a series of gospel messages March 19, through March 23 at the church of Christ located on South Forest Avenue.

The youngest son of the late Mr. and Mrs. F. S. Jordon, James was born shortly after his parents settled in Avon Park in 1920. He was a member of the A.P.S. class of 1939. After attending Freed Hardeman College, he earned his Master's degree from the University of Houston and has done graduate work at the University of Florida and Columbia University.

A career in education includes several years as Public Relations Director and teacher at Florida Christian College, Principal at Penola Jr. High School in Plant City and General Director of Secondary Education in Hillsborough County. Jim has served on various committees and professional organizations and was Chairman of the Florida Association of Secondary Principals and the South-eastern regional conference on Jr. High Education, among others. From 1973 to 1977 he was President of the Greater Jacksonville Christian School.

The Avon Park Church of Christ located on South Forest Avenue with Bob Barker as resident minister cordially invite your attendance at all services and particularly during this gospel meeting. Sunday services will be at 10 and 11 a.m. and 7 p.m. Monday through Thursday the time will be at 7:30 each evening.

FAITH MAKES GOOD NEIGHBORS OF GREAT NATIONS

The boundary line dividing two countries can become a barricade of mutual hostility; but in the case of Canada and the United States it has always served as a bridge of friendship between two peoples with such trust, respect and understanding as to make the celebration of Canada-U.S. Goodwill Week quite unnecessary. Nowhere along the three thousand-mile borderline that spans our continent have security measures ever been needed, and the citizens on both sides may enter and leave each other's land whenever they wish. This is a fine example of the spirit of brotherhood that has been taught by every religious faith, in every land. Wherever you live, you will learn this by attending the Church of your choice.

A living proof to all the world of faith in brotherhood.
—Guy Willis Biland

"Thou shalt love thy neighbor as thyself. Love worketh no ill to his neighbor: therefore love is the fulfilling of the law."
—Romans 13:9, 10

Sewer Treatment Plant

guard against pollution, the city was required to submit quarterly reports. "However," she concluded, "the city has been getting those reports to us on a monthly basis-and, you can't ask for any better cooperation than that."

Paralleling the apparent existing conditions between the sewage treatment plant and Lake Glenda is a similar situation involving Lake Verona.

Residents surrounding the latter lake are becoming more irate with the passing of each day-particularly those whose property abuts that body of water.

According to Bill Fletcher, a practicing attorney whose home is at the edge of Lake Verona, "There are approximately seven storm sewers which empty into the lake." Fletcher continued, "Those sewers service one entire section of the city." "Gratings affixed at street level to these sewers allow prevent biodegradable refuse from entering the lake," Fletcher noted, adding, "but, how about all such biodegradable material such as animal excretions, oil drippage from passing automobiles, etc., etc.?" In Fletcher's words, "Every conceivable particle of grit and grime that cannot be stopped by those grates enters the waters of Lake Verona."

Fletcher continued, "Immediately adjacent to my home at the end of Pleasant Street is a special kind of storm sewer, one which has absolutely no such protection as those street-level gratings provide." "Storm sewers, as I understand it," Fletcher added, "are supposed to be constructed in such a manner as to preclude erosion problems."

In this particular situation," in Fletcher's words, "there is a very large pipe measuring many, many feet in diameter which empties into an earthen ditch estimated to be about 100 to 150 feet from the lake itself." "And in fact, as happened," Fletcher said, "is that over a

period of probably several years, that earthen ditch has completely eroded—so much so that today, that ditch is probably all of ten feet deep or more."

"It's my hope that the city does not expect me to wait until that ditch actually begins eroding my property before they decide to do something about it," Fletcher added.

"Another extremely dangerous situation existing at Lake Verona," according to Fletcher, "is that the erosion has created a sort of sand-bar estimated to be about 50 feet out in the lake." Fletcher noted that a number of times when he walked around on that sand-bar, he would sink up to his knees in sand. "Think what would happen if a small child strayed away from its parents and got out on that sand-bar," Fletcher added, "that child would literally sink out of sight."

Fletcher voiced concern for water skiers at Lake Verona also. Noting that skiers normally perform around the edge of the lake in about 6 to 10 feet of water, Fletcher commented, "There's no question in my mind that if a water skier suddenly and without warning struck that protruding sand-bar, it would result in either serious injury or sudden death."

Voicing the feelings of other adjoining homeowners, Fletcher said the deteriorating conditions at Lake Verona are intolerable. "On a number of occasions last summer," Fletcher stated, "many residents of the area were swimming and complaining at the same

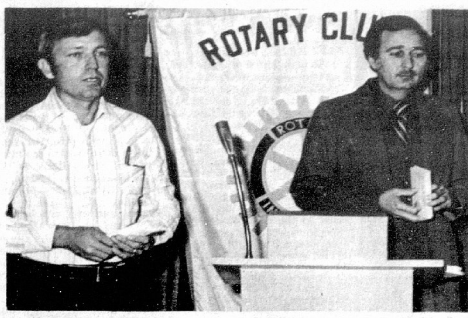

time that floating refuse around them made it difficult, if not impossible, for them to enjoy themselves."

"The situation is absolutely outrageous," continued Fletcher, "and last year the city contributed to the unbearable conditions by allowing the huge drainage ditch adjacent to my property to become clogged with undergrowth." "This in turn spawned the appearance of snakes and other forms of vermin," he continued, "which also could have resulted in death to some unsuspecting youngster."

Fletcher emphasized that his and some of the adjoining neighbor's beaches are, in his words, "absolutely atrocious in appearance, as a result of all the refuse, slime and other forms of garbage collecting there." "I'm simply not going to put up with it any longer," Fletcher added, "and I'm quite certain that my neighbors are not going to stand still for it either."

Although it is in the preliminary stages, Fletcher said that some type of legal action is planned against the city. However, he emphasized that he first plans to make an appearance before the city council in an effort to iron out these difficulties with city officials.

He noted that when he does go before that governing body, he would be representing his adjoining neighbors as well as himself. "Depending on what course of action the city chooses to follow," Fletcher concluded, "some type of legal remedial action will then be instituted against the city."

CHAMBER OF COMMERCE membership co-chairmen, Gene Bigbie (left) and Charles Bryant up - date members on progress of the drive to obtain a goal

of 250 members, at a dutch Dutch treat breakfast last Thursday. Sunphoto by Lew Miller.

Chamber Members To Get Involved

"What do you plan to do this year?" Bill Britt, president of the Avon Park Chamber of Commerce asked members at their breakfast meeting last Thursday morning, as he spoke about the membership drive and obtaining full membership of all the businesses in and about Avon Park.

"What would you like to see the Chamber of Commerce do this year?" he continued. "We need more input of ideas and suggestions from members and visitors," he added as lists of prospective members was handed out to those present.

Gene Bigbie and Charles Bryant, co-chairmen of the membership drive committee urged the chamber members to get new members and involve them more actively in the work of the community. We have 170 members now and with a list of 200 prospective members we should have no trouble in obtaining a goal of 250 members, they said.

Members reported that the most common complaint they received from prospective new members was, "What are you gonna do?"

In reply Britt told the members that he and Gene Bigbie, executive manager, would visit each member during the next 30 days.

In speaking from the floor John McCallan, Manager of Walker Memorial Hospital told of the need of working together as they have five new doctors in the area and they have a need of certain other specialists, thus eliminating the need of local people going out of town for treatment. He also spoke of the need for more diversified industry in the area.

In her report to the chamber, Mrs. Warden, told of the need of more visits, calls and letters from people interested in Avon Park, including a caller wanting to know, "What is there to do in a honeymoon in Avon Park?" Well, now!

In discussion of the different types of membership it was pointed out that non-business members of the community could become associate members of the chamber of commerce thereby, and their ideas, expertise and become involved with the improvement and growth of Avon Park.

Earl Jackson, co-chairman of the chamber of commerce banquet announced that the annual banquet would be held on April 11. Charles Bryant in charge of the banquet entertainment noted of having secured the services of a former Miss North Carolina and Miss America contestant, as the entertainer for the evening.

It was reported that the city maps are in the process of revision, with the correction of street names and the inclusion of all areas in the city limits, along with the addition of the area designated as an industrial park.

In closing the meeting the members were reminded to help their fellow members to obtain new members for the chamber of commerce.

Chamber Sets April 11 Date For Banquet

The Avon Park Chamber of Commerce Annual Membership Banquet evening has been scheduled for Tuesday evening, April 11.

Elaborate plans have been made for the most outstanding affair ever to be staged in the Chambers history of 39 years, according to Chamber Director and Banquet Co - Chairman Earl Jackson.

The banquet will be held at the Shrine Club with tickets and reservations being handled through the Chamber Office.

Mrs. Robertson is a humorous speaker and talented musician. Charles Bryant, Chairman of Entertainment and Master of ceremonies for the banquet, stated 6:22 Jeanne was the tallest contestant ever to compete in the Miss America Pageant and has made a career in the entertainment field.

Tickets are priced at \$8.50 which includes entertainment, banquet meal of steak & all the trimmings and top notch entertainment.

Jimmie Mills, Banquet Co - Chairman urged everyone to make their reservations early in view of limited seating only 225 tickets can be sold.

Rate Lowered On Bonds

In an effort to attract more bond buyers, Highlands County School Board has agreed to lower the premium rate on the \$2.9 million in bonds offered, and changed the bid date on the sale.

During a special meeting Monday morning, the board heard Mrs. Felicity Hyde, bond counselor, advise that the premium rate of 105 would draw buyers, but the 106 rate the board had specified wasn't

attracting interest.

A reduction in the premium to 105 and a change in the bid date from March 14 to March 16 was approved. The opening date change was needed because new ads calling for the lower premium rate would have been published.

The bond sale is designed to refinance the bond issues of 1970 at more favorable interest rates than were possible when the bonds were first issued.

Scouts' Good Turn Day

"The Scouts are coming!" That's the cry of 500 Scouts in the Calusa District, which includes Avon Park, Bowling Green, Lake Placid, Sebring, Wauchula and Zolfo Springs. Walt Saul, district executive urged all housewives to fill the Good Turn Day bag and have it on the porch. Scouts will start picking up the bags at 9 a.m. Saul also suggested that shoes be tied together with a rubber band.

Donations in the bags collected will be used by the handicapped at Goodwill for training in various skills. Goodwill is a non-profit agency providing rehabilitation services to the handicapped in Highlands and Polk Counties. Scouts collected 271 bags last year in Avon Park. Their goal this year is 300. Saul said, "The Scouts are ready. I anticipate the community will not let them down."

County To Repair Bridge

By John Burris
Rather than share the \$483,000 cost of a new bridge with the federal government, the Polk County commissioners agreed this past Tuesday to proceed with spending \$55,000 of the County's own funds on repairing the Arbuckle Creek Bridge.

Located on County Road S-64 at the Avon Park Bombing Range, the badly deteriorated span, in the words of Commissioner Brenda Taylor, "can be sufficiently repaired for \$35,000, and those repairs will add 10 years to the bridge's lifespan, with little or no maintenance."

Taylor added that the funds saved by pursuing this course of action, would save the county money which can be used in making much-needed repairs to still another bridge this one over the Alafia River on State Road 37-A south of

Mulberry. That span has been closed, resulting in traffic between the small communities of Bradley and Brewster having to detour.

In explaining the decision by the county to effect the needed repairs, unassisted, County Engineer, Gerald Townson informed the commissioners that in 1976, the county tentatively agreed to pay \$66,250 of the total of \$25,000, which was the estimated cost at that time for a new bridge across the Arbuckle Creek at the Air Base entrance. However, Townson concluded, when an updated estimate arrived, the over-all figure had soared to a staggering \$483,000, with the county's share being increased to \$237,912.

Although the Arbuckle bridge is still in use, it's present condition is rapidly deteriorating—necessitating considerably decreased speed and extreme caution while crossing it.

S.O.S. Holds Tournament

At Winter Guest Club

The Avon Park Winter Guest Club is sponsoring a two-day shuffleboard tournament to be held March 14 and 15 in conjunction with SOS (Services Over Sixty) Week in Avon Park. The tournament will be open to all and invitations have been sent to other winter guest clubs in Highlands County. There is a \$1 donation fee to enter.

Members of the Avon Park Winter Guest Club will keep score and supervise the tournament and the ladies will be serving refreshments. Trophies for the tournament are donated by the Knights of Columbus, Pope John XXIII, Council 541. All proceeds from the shuffleboard tournament will be donated to SOS, Inc. Services Over Sixty, Inc. is a non-profit organization which sponsors Highlands County Nutrition Program and Hope of Highlands County. Highlands County Nutrition Program serves a noonday meal providing 1-3 the daily

requirements plus a variety of social services to individuals who are over 60, who are lonely, isolated, in nutritional need, or individuals who are no longer able to cook and shop for themselves.

The sister agency, Hope of Highlands County, provides homemaker and home health services and homebound meals in Avon Park. SOS, Inc. is required to provide matching funds through local contributions and money-raising events. Both programs would welcome the opportunity to speak at club events or organizations to explain further their services for the elderly.

"We do more than just fill out tax forms. We can help save you money."

People don't come to H&R Block just to have their tax forms filled out. They come because Block can help them save money. We dig for every honest deduction and credit. That's Reason No. 1 why H&R Block should do your taxes.

Opportunity Knocking

By John Burris

Looking For A Job?

Last week, the Avon Park Sun listed just a few of the possibilities that jobs seekers of Highlands County could use in order to change their status from the UNEMPLOYED TO EMPLOYED. It was also pointed out that, beginning with this edition, we would be publishing condensed Job Demand Lists consisting of just a few of the many hundreds of positions available through the Florida State Employment Service.

Here's this week's job openings at FSES:

Executive Secretary with typing and shorthand. Jobs located in Avon Park and Sebring.

Carpenter, experienced, needed in the Sebring area. Salary is \$6.75 hourly.

Bricklayers-Masons for Lake Placid, Avon Park and Sebring areas.

General Electrician, experienced for the Sebring area. Salary is \$5.50 hourly.

Sales positions for Highlands County, experienced - salary and commission.

Welder, experienced - good pay - Avon Park area.

Registered Nurses - Avon Park - excellent salary.

Cocktail Waitresses, experienced - good salary and tips - Avon Park and Sebring.

Employers, this is of special importance to you!! The Florida State Employment Service emphasizes that job openings are needed in all fields, full and part-time, and especially for youth and

summer or after-school positions.

The youth programs for Highlands County is presently in full swing, with more than 100 youngsters, ranging in age from 16 to 22, already registered for work.

Those work areas include practically everything from baby-sitting, lawn care to clerical.

As was pointed out last week, services available from FSES are FREE! They cost you absolutely nothing but a few minutes of your time. So, when you look at the over-all picture realistically, you'll have to agree that you're getting nothing to lose-but everything to gain!

Located at 1408 Fairmont Drive in Sebring, Florida State Employment Services are open Mondays thru Friday, from 8 a.m. to 5 p.m., and should you want to call them, their phone number is 385-0121.

Remember the old adage, "The early bird gets the worm!!" If you hurry, that "early bird" could be YOU!! Looking for a job?

Retirees To Meet

Highlands County Chapter No. 222 A. R. P. will hold its regular meeting at Francis's No. 2 Meeting hall formerly Grayce's at 1 p.m., on Wednesday March 8, our Special guest's will be The Brothers and Sister's Quartet Members are expected Guests are welcome.

BILL PHILLIPS, owner of Phillips Corner presents a \$100

check to Warren (Chico) Frye, winner in the Big Deal

Frye Wins Big Deal Sweeps

Warren (Chico) Frye recently won \$100 in the Big Deal Sweepstakes promotion held at Phillips Corner. Chico received the winning ticket on Tuesday, Feb. 28.

Frye and his wife Elaine, has lived in Avon Park since 1967.

They first came to the area in 1955 when Chico was in the Air Force and stationed at the Bombing Range. He has since retired and returned to Avon Park to make his home at 158 N. Florida Ave.

Public Notice

NOTICE OF PUBLIC HEARING

The Highlands County Board of Adjustment will hold a PUBLIC HEARING on a SPECIAL EXCEPTION to the Agricultural Zoning Ordinance, to consider a Special Exception to the Agricultural Zoning Ordinance that would provide for a farm animal zoo and deer park.

DESCRIPTION:
EXHIBIT "A"
PARCEL NO. 1
Lot 1, of Wells Estates, as per Plat recorded in Plat Book 8, Page 62, of the Public Records of Highlands County, Florida, and a Parcel of land being described as follows:

John Burris

Veteran Newsman Joins Sun Staff

Continuing its upward swing toward even more prosperous endeavors, the Avon Park Sun again has increased its staff. The newest member of our growing family John Burris is a native Oklahoman. Active for the past several years in both radio and television news reporting, John and his wife, Janice, are residents of the Sebring area. Janice was born and reared most of her life in Wichita, Kansas.

The parents of two grown daughters and a son, John and Jan are life-long Baptists, and Jan has been active for many years, both in Kiwanis and Lion's Club activities.

As a former police officer, John feels he can work closely

Avon Park Mobile Home Park News

Ruth E. Robinson

We have had some beautiful spring days this week, and our residents are taking advantage of it with more cycle riding, and energetic strolls through the park and down the river.

Last Thursday, Mr. and Mrs. John Wiedeman, Mrs. Helen Andrews, Mrs. Audrey Near, Mrs. Thelma South, Mrs. Josephine Button and Mrs. Verna Fero traveled by bus to Fort Lauderdale. They took a ride on the Birch State Park Scenic railroad and enjoyed a short driving tour of the city of Fort Lauderdale. That evening they embarked on the Jungle

Queen and enjoyed a cruise up the New River, stopping at an island for a delicious dinner at the Jungle Queen Restaurant, followed by an entertaining vaudeville show on the island. They returned by boat to the Bahia Mar Hotel for the night.

They drove to Miami on Friday and visited Viscaya, an authentic Italian Palazzo on Biscayne Bay. It is a 70 room mansion with 10 acres of Italian gardens, which were very beautiful. They ate lunch in Hollywood and after a brief stop at Belle Glade for sweet corn, headed back for Avon Park, thankful that they were fortunate to have missed the rains at all stops.

Mr. and Mrs. Russell Alderfer from Plymouth, Ind. and Mr. and Mrs. Floyd Alderfer from Bourbon, Ind. called on Ula Miller Wednesday afternoon. Mrs. Russell is Wayne's niece. Guests, Mr. and Mrs. William Mills from Bass Lake, Ind. visited with Mr. and Mrs. William Belcher for a couple days.

Guests of Virgil and Hazel Weldy last week were their son and daughter-in-law, Virgil and Lana Weldy, and son Scott with daughter, Kristen, from Nappanee, Ind. Week-end guests of the Weldys were Mr. and Mrs. Milo Miller of Graham, Ind.

The Paul Thomases and the Bridges went to the Kapok Tree at Clearwater, on Friday. Mrs. Alma Gardner, Pauline's sister-in-law accompanied them there, but she stayed over to visit a nephew at Tampa.

There were 37 present at the Saturday night sing including the Weldy's family of four from Indiana. Mr. George Davis from the state of Maine delivered several selections of original poetry and told some funny jokes.

The very best wishes of our folks for a speedy recovery to

Farm Animal Zoo Requests Special Zoning

A farm animal zoo, a church and a water plant will be among the varied requests to be considered by the Highlands County Board of Adjustment, when it convenes March 28.

Roger and Jean Todd are requesting a special exception on property zoned agricultural, to create a farm animal zoo, and deer park on 31.41 acre. The land specified abuts Avon Park Lakes in sections.

Although the second applicant on the agenda is First Baptist Church of Avon Park, the request is for a special exception to build a church in Sebring Ridge. Now zoned single family residential, the land includes four lots on Bass Ave.

Spring Lake Village III is seeking a special exception in order to build a water plant facility on land presently zoned agricultural. Florida National Properties, Inc. will be represented by Jay Sargent.

Represented by Ernest Breed, Maussen Oil Co., Inc. is interested in a variance to install a sign on an existing

sign base which exceeds the 25-foot maximum height for signs. The sign is intended for a Shell service station (formerly Cito) across from Burger Queen, Sebring.

Frank A. Cratty, Lakeside Subdivision, Avon Park, needs a variance to construct a garage and concrete slab on an existing house that is non-conforming. Cratty has said he will remove a workshop that does not meet side setback requirements. He also hopes in the future to construct an apartment on the requested slab and enclose his carport and porch.

Dillon Ryan, represented by Doyle Sweeney, needs a variance to enclose a screened porch with glass, and drop the ceiling for insulation. Front and carport setbacks do not meet setback requirements.

Welton Mikell, of Mikell Industrial Center, U.S. 27, Sebring, wants a special exception to establish a mobile home on the property, for protection of businesses in the wake of recent auto thefts and break-ins.

Nutrition Program Expanding In Avon Park

Highlands County meets some of the nutritional needs of the elderly through the federally funded Title VII Program of the Older American Act. People over sixty who do not eat adequately for various reasons can receive 13 of the daily nutritional requirements at one of the four central dining sites throughout the county.

Social, rehabilitative and transportation services are also provided there. The nutrition program, nearing the end of its first year is now at capacity, serving 100 meals a day, five days a week. Services Over Sixty, Inc., sponsoring agency for the Highlands County Nutrition Program, hopes to expand its facilities through the county during the next project year.

An additional site is needed in Lake Placid and expansion to a larger site in Avon Park is anticipated. The importance of the nutrition for the elderly program was under-scored by the U. D. Commissioner on Aging, when he noted "this program is of enormous importance to the elderly of the nation and should go far to reduce malnutrition and isolation. It is as much needed today by the elderly as the School Lunch Program is for children."

Participants have indicated that they feel better and have more energy after they have been coming to the program daily. One lady, who lives alone stated "It's the only reason I have to get out of bed each day."

March 11 Band

Pick - Up Day

Saturday, March 11 will be the final pick-up day for the Avon Park High School Band Day and Auction, which is to be held on April 1 at Donaldson Park.

Trucks will be in all sections of Avon Park from 9 a.m. until 3 p.m. If you have any items to donate to the band, such as furniture, appliances, records, pictures, lamps, cameras TV's or other items, you may call any of the following: Ray Brown, 453-7897; Arden Sutherland, 453-3634 or Joe Johnston, 453-5712.

MOTOR MISSING

Bernhard Pabel of Route 2, Avon Park told Highlands County sheriff's deputies that a motor and starter were taken from his boat that was in Avon Park Lakes. Loss was set at \$390.

Joe Franz

Band Members Attend Contest In Ft. Myers

Members of the Avon Park High School Grendaider Band attended the Solo and Ensemble contest that was held at the North Fort Myers High School on Friday March 3.

Congratulations are in order for the following students who performed. Obtaining a superior rating were: Flute trio of Cathy Barbaree, Cindy DeWitt and Pam Smith baritone solo, Tom Delk; trombone solo, Mike Brown and French horn solo, Ricky Reid.

Band students receiving excellent ratings were: Brass sextet, Tom Delk, Eddie Garner, Ellen Macklin, Pam Williams, Linda Decker and Blake Longshore; French horn solo, LaDawn Long; trumpet solo, Jody Johnston and trombone solo, Jody Johnston. The soloists were beautifully accompanied by Mrs. Evelyn Delk and Miss Cathy Barbaree.

Following the contest, all of the students performers were treated to dinner by the Avon Park High School Band Parents Association.

Gene Bibbie finished his month as program chairman by having Dean of Students at Avon Park High School, Joe Franz speak to the Rotary Club last Wednesday. Franz is also in charge of the athletic program.

Joe stated that there are 13 coaches in the athletic program in the high school, which includes football, basketball, baseball, and track as the main program. Girls have the same opportunity in any of these sports to come out and play as do the boys, he added.

One of the big problems in the athletic program is how do you finance the tremendous program. He commented on how cooperative the people of Avon Park had been in the past in supporting the Avon Park High School athletic program.

The gate receipts is also a big support for the program he said. "I believe," he stated, "the coaches salaries are about the only thing that is paid by the school board and most of the other parts of the program is paid for by the support of the people and gate receipts."

Joe stated that recently a judge made a rule that if girls choose to play football, certain they can and he predicted that someday there would be girls playing football on the Avon Park High School team.

Joe went on to speak about the resident rule of parents or at least of children living with parents in order to play in the athletic program in the high school.

He thought it a good idea because it prevents high schools from going to other areas to recruit an outstanding football star. For example, having them come and live to just play football. He agrees with the resident rule.

Joe went on to state that practically all high schools in the state were members of the Florida High School Athletic Association and any schools with more than 140 students were considered in 4A classification; schools with 561 to 1440 students are 3A and schools between 221 and 561 students are classified as 2A and 1A schools have 221 students or less. Avon Park is in the 2A classification.

Most of the teams that AHSF plays are in the 3A class. However in tournament play they are only competing with Double A schools.

One of the questions Joe was asked, "Why Sports?" Joe thinks that 60 percent of all kids take part in some athletic program in the school and the other 40 percent usually take part in the band, glee club or some other activity.

His feeling was that with the athletic program a lot of the strict discipline is administered on the high school level. He remembered his high school coach made a tremendous impression on him with strict discipline. He is a man Joe still looks up to and when Joe visited the coach's home town, he never fails to visit him.

Joe thinks sports presents a competitive spirit and teachers students the sense of fair play. He said he owes much of his life to his high school coach. The Rotarians were sure Joe meant that because a coach can make that kind of impression on kids in school today it is

certainly great for our school system. Joe mentioned that this was his 26th year in the school system and he certainly has enjoyed working with Avon Park High School. One of his last statements, Joe said it is

hard for him to remember the class valedictorian but he could still remember the outstanding football star. He was not downgrading academics but the outstanding sports was important as it taught a sense of fair play.

Officer Jim Crabtree Speaks To Rotarians On Parents' Responsibilities

Bill Britt, Program Chairman for March, introduced Jim Crabtree, Community Services Officer for the Avon Park Police Department. Officer Crabtree spoke briefly to members on their responsibilities as parents and stressed that they should set a good example for their children to follow.

Parents need to communicate with their children and let them know someone loves them and is interested in their welfare. After they have grown up then it is too late to go back and live that part of their lives over.

After these brief remarks Officer Crabtree showed the club a film on "Adult Drug Awareness." This film demonstrates how young people get hooked on drugs and their parents aren't really aware of what is happening until it is too late. The film was very interesting and gave all of us some food for thought.

A report was made on "Talent Night" presented by the club this past Saturday night at the Avon Park Middle School Auditorium. The club

would like to thank everyone who had a part in making this project a success.

Jim Crabtree

Blair Guilty Of Helping Escapees

A Port St. Lucie man found guilty of helping two prisoners escape from Avon Park Correctional Institution (APCI) has been sentenced to 31 days in county jail.

In a circuit court Feb. 27 Judge Clifton M. Kelly sentenced John Anthony Blair, 50. He was adjudged guilty. The escapees — Robert Williams and David Dawson — were both back in custody before Blair was arrested late in '77.

At the sentencing Blair was given credit for time served — which was 31 days.

Harry Lee's Trailer Village News

Mabel Stocker The Auda-Vin Social Club held a Tupperware party on Wednesday afternoon at the

shelter with 19 members and guests in attendance. Jean Parker and Dorothy Harrold were the hostesses.

A progressive euchre party was held on Thursday night at the shelter with seven tables playing.

Mr. and Mrs. Oscar Carnes and Mr. and Mrs. Ewing Kleinknight were Wednesday afternoon and evening guests of Mr. and Mrs. Russell Corn. On Friday evening Rev. Steven Roberts of Stone Kentucky was supper guest of the Corns who are his grandparents.

Poe Indiana day was celebrated with a pot luck dinner at noon in Highlands Hammock State Park with the following attending from Ft. Wayne, Ind. Mr. and Mrs. Bruce Smith, Mr. and Mrs. Laurel Hilsner, Mr. and Mrs. John Snort, Mr. and Mrs. Kenny Confer, Mr. and Mrs. Dallas Ake, Mr. and Mrs. Herbert Jesse, Mr. and Mrs. Ewing Kleinknight, Mr. and Mrs. Oscar Carnes, Mr. and Mrs. Herman McAfee, Mr. and Mrs. Austin Bergdoll, Mr. and Mrs. Vick Clark of Taylor Michigan, Mr. and Mrs. Elap Givson of Ossian Indiana, Mrs. Goldie Shaw of Leo Indiana and Mr. and Mrs. Russell Corn of Avon Park.

Mr. Ruth Beck of Thomasville of North Carolina visited the past week with her sister Mr. and Mrs. Everett Tribbett. They all spent the week-end with Evelyn and wife Mr. and Mrs. John Ortel of Coca Beach and Ruth returned to her home on Sunday.

Burns Wins Toastmaster Speech Contest

The Toastmaster International Area 13 speech contest was held on Saturday, Feb. 25 at the Howard Johnson's Restaurant in Sebring, with Dan Claxton, Lt. Governor, Western Division and Natalie Patton, Area 13 governor, District 47, attending.

Toastmaster for the evening was Ben Bennett of the Swan Memorial Club with table topics presented by Joseph Garcia, Gravel Club of APCI and J. C. Prevatt of the Swan Club as chief judge.

Prior to the contest contestant had won their club contests having completed six or more of the projects in speech communication. Winner was: Mike Burns, Swan Club with his speech of "The gift of Life." Marguerite Carpenter of the Lakeland Club also completed.

The Charles S. Swan Memorial Toastmaster Club 2084 of Highlands County invites the citizens to attend the local club meetings on the first and third Thursday, at 7 p.m. at the Howard Johnson Restaurant in Sebring.

On Thursday, March 9, a special program will be presented to acquaint interested people on what Toastmasters is all about. Reservations are needed and there is no cost for attending. For further information please call Natalie Patton, secretary, (813) 382-4724.

By Joel Wright
Learn and Earn

The portable trailer behind the Avon Park High School is part of a career education program, Learn and Earn, which is taught by Paul Gentry.

This program is designed to familiarize students with the process of getting and keeping a job. It also helps them to develop the proper attitude towards employers.

Students are taught these skills by learning a certain trade in the classroom and then moving on to an on-the-job training situation.

There are numerous trades to learn, and there are 23 students in the program.

Some of these students work as janitors, check out clerks at car washes and secretaries.

The program is mainly for migrant workers, grades 9-12, who might have fallen behind in the regular school work.

The government funds the program and also supplies materials such as typewriters, adding machines and small engines. Other materials are donated by local residents.

Having taught the class for over two years, Gentry said that there is no set standard that Learn and Earn teachers must meet. However, he felt that the teacher should know what he is doing and teaching.

The work done by Gentry and his students in the Learn and Earn program is an important step in fulfilling many students' occupational needs.

The year's boys' basketball team is the first in Avon Park High School history to go to state. Therefore, it is only appropriate to feature a couple of the senior players.

The first senior, Larry Pough, is the high-jumping center for the Devils. He leads the team in points as well as rebounds.

Larry is also known for his ability to dunk even though his teammate, Fred Williams, leads the team in that particular category.

When the team defeated Miami Dade in the sectional championships, Larry showed

Larry Pough

one through to the delight of the on-numbered, but high-spirited Avon Park crowd. "That was the highlight of the game for me," Larry said.

"I'm glad I had the opportunity to dunk and I liked the reaction from the crowd. I hope I get a chance to dunk one for them when we get to state. Still, team work is the most important thing and that will come first."

Besides playing basketball, Larry likes to play football and racquetball. He also likes to swim and plans to run track this year. He likes to listen to music as well as his favorite groups are Bricks and the Commodores.

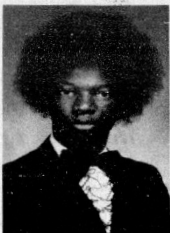

After graduation, Larry plans to join the Air Force and seek a career in administration.

Larry said that he likes Avon Park High School and he's glad that he and his teammates could make school history by going to state. "I've got a lot of friends here and it's gonna be hard to leave," Larry commented.

One of the key spark plugs in the third period rally was this week's other featured senior Mike Coleman.

Mike scored 14 points in the second half alone and was one of the key ball handlers, especially after jumpballs.

"We thought we had lost it since we were behind by 11 at

Mike Coleman

the half," Mike said. "After Coach Lund talked to us and told us what we had to do and what we weren't doing right, we started the third quarter psyched up to win." Mike also said that he was grateful to the Avon Park fans who made the trip to Miami to support the team.

Mike enjoys writing journalism stories, playing foot-

ball, racquetball and riding motorcycles. He will also run track this year. He enjoys music greatly, and his favorite groups are Parliament and Bricks.

Mike said that his past three years at Avon Park High School have been good. "It's a nice school with a lot of friendly people," Mike said.

"I'm glad I've got the chance to represent the school in the state tournament."

There has been much attention raised over the past several years about funding problems for schools. Most Americans are aware of the difficulty of collecting money through different methods of taxation.

program offerings.

Recent studies by the American Sports Education Institute, the National Federation of State High School Association and an independent study funded by the U. S. office of Education, indicate that students are not only satisfied with the quality of teaching methods in P. E. and sports, but want their programs expanded to include more opportunities.

There is considerable evidence showing that physical education departments are attempting to comply with these demands but there are certain problems.

First of all, there is a threat to eliminate interscholastic athletics. Less than one percent of most schools' budgets go to athletics. When schools are threatened by budget cuts, the first source of funds is athletics.

Another funding problem stems from the recent federal guidelines issued by the U. S. Department of Health,

Education and Welfare. These guidelines are in the form of what is known as the Title IX Amendment. It's purpose is to equalize the quality and quantity of girls' athletic programs to make them equal to those offered to the boys.

If a school failed to comply with these guidelines, all federal funds were cut off.

The most controversial section was the athletic clause which states that males and females must have equal access to sports, teams, and equipment. There was much confusion caused by disputes over contact and noncontact sports. This was not clarified until June, 1975.

For noncontact sports, a girl can join a boys team if a girls team is offered. With contact sports, schools are allowed to maintain separate teams.

Schools are not required to form a separate girls team unless there are enough interested girls. Girls may not join boys teams even if the school offers no girls team.

Girls are to have equal use of facilities, equipment,

scheduling of games, practice, coaching travel allowance and medical services.

Any school discriminating against sex is to be cut from federal funding.

Another problem athletics face is the rising cost of liability insurance. The rising cost of insurance will continue until the problem of liability is solved.

While there are no cut and dried solutions to these problems, there are several things that should be remembered if anyone suggests the elimination of interscholastic athletics.

It is possible that the elimination of sports in school would cause the health and physical fitness of America's youth to deteriorate.

The ending of interscholastic athletics would definitely lead to greater amounts of idle time which might end in increased rates of juvenile vandalism, drug addiction and other forms

of juvenile crime.

Also, without athletics, the general public might lose interest in schools. Lack of community involvement could lead to rejection of future bond issues.

To battle the problems facing interscholastic sports in America, the Athletic Institute has created the American Sports Education Institute.

The first priority of this organization is to develop an all-out ad campaign for newspapers, magazines, radio and television, outlining the problems in athletics to form a national front in favor of preserving quality athletics at all levels.

Along with the ad campaign, will be the creation of the National Boosters Clubs Association. Throughout the United States, millions of volunteers give their time and energy to raise money for the very existence of sports programs.

Winter Guest Club News

Shuffling

On Feb. 24 the B's had a make up game with 86 courts at play Ross VanPelt and Henry Berlew took first place in the main and George Tisot and Annie Cannon second. In consolation play it was Roy Higgs and Helen Berlew taking first place with Mildred Frye and Earl McLarty second.

Saturday Feb. 25 the B's had 104 courts at play. In the main division it was Al Wilson and Leo Vroman in first place and Ernie Paul and Dudley Bacon second. In consolation Frank Frend and Mildred Fry took first place with Ray Olson and Howard Robertson second.

In a competition there were 121 courts at play and in the main division Fred Frye and Wm. Bell took first with Ivan Goodard and Jake Turfner second. In consolation play it was Wm. Olson and Henry Barnett first with John Lasse and Ernest Thomas second place winners.

On March 1, the A's had 10 courts at play with Alton Wetmore and Don Mason first place in the main. Louise Bell and Howard Brevoort were second. In consolation play it was Kellie Larrew and Ed Healy first and Jake Turfner and Everett Paxton in second

place.

In the afternoon the B's had 10 courts also with Helen Brady and Henry Berlew taking first place in the main division and Harris Steward and Al Wilson second place. In consolation Helen Berlew and Earl McLarty came in first while Dorothy Barnett and Jack Smith were second.

Our congratulations to Helen Gant and Allan Brady for taking second place in consolation division at the Orange Blossom Tournament held on Feb. 21 and 22 at Sebring.

On Thursday, Mar. 2, the first day of the three day District Tournament was held at the Winter Guest Club. This is a tournament for Amateurs, State Amateurs and Pros. There were 55 teams of two players each registered to compete in what is known as a Double Tournament. They came from Auburndale, Lakeland, Winter Haven, Maitland, St. Cloud, Sebring, Haines City, Zephyrhills and Avon Park. A complete story of the tournament and the results will appear in next week's paper.

Pinochle

On Feb. 24 there were 12 tables for pinochle. High score went to Grace Staley with 819 and second to Tom Chace with 730. Monday, Feb. 27 there were 12 tables with Mable Crocker first with 805 and Eve Meyer next with 736.

Tuesday, Feb. 28 there were 11 tables for bridge. Eva Meyer was high with 4960 and Joe Nickerson next with 4900.

Pot Luck Dinner

On Saturday evening, Feb. 25 there were 92 percent for the Pot Luck Dinner. The hosts and hostesses were Mr. and Mrs. William Bayes and Mr. and Mrs. Jack Smith. Announcements were made by Lloyd Wyant.

Mr. and Mrs. William Cleland were recognized on their 50th Wedding anniversary, and several birthdays were announced. A quartet from the shuffletricks sang several selections. Those taking part were William Cleland, Lloyd Wyant, John Henderson and Jack Smith. Readings were given by Wm. Bayes, Thresa Bayes and Jack Smith.

Guests who attended were from Liverpool, N. Y., Mt. Vernon, Ill., Hicksville Ohio, Royal Oak, Mich., Pleasanton, Calif., and Hopkinton, Ky.

Mr. and Mrs. Lavern Layton and Mr. and Mrs. Winne Kinch with serve on the committee for the next time.

Crafts

On Feb. 27 there were sixty members present for the regular Crafts class.

Six projects were under way, mostly members finishing their projects for the Hobby Show which will be held on March 8 and 9. Hosiery flowers were being produced at one table and satin at another. There are arranged to be beautiful bouquets and will be demonstrated at the Show. Pine needles and Bargello workers are making some lovely articles while Milk Bottle purses are keeping others occupied.

Several new projects will be introduced after the Hobby Show. Classes will continue through the month of March and Halls hopes to have good attendance at these last classes.

Red Devils Open In State Meet Friday

Devils Top Fort Pierce In Regional

The Avon Park High School basketball team, scoring 28 points in the final period, captured the Class AA Region 7 Championship a week ago Tuesday, knocking off John Carroll High School of Fort Pierce 73-56.

The victory, in a game played on the gym's home floor, gave the Red Devils their first regional title in the school's history. Twice before, once in 1966 and again in 1974, Avon Park reached the final game of the regional play-offs, only to lose out.

For the first quarter in Tuesday night's game, it looked like history might be repeating itself as the Ram team, with Steve Paschal getting nine points, moved out to a 15 to 12 lead.

This time, however, the Red Devils were not to be denied. During the second quarter, they outscored the Fort Pierce-based team 16 to 10 to jump into a three point lead, and from there on, it was all Avon Park.

The Devil team moved out to a 45-50 third period lead, and in the last quarter, with the Pough brothers controlling the rebound department and 8 of Coach Tom Lund's 11 man squad, getting into the scoring act, they made it the "no sweat" way.

Including the 28 point last period scoring spree, the Red Devils hit for 45 points in the second half while holding the Rams to 31.

Charlie Pough, in addition to being the top rebounder with 19, also netted 15 points to lead the Avon Park attack. Freddie Williams, who scored in double figures in all three District play-off games, was right behind with 15.

Larry Pough, the season's rebound and scoring champ, poured in 12 points and came up with 17 rebounds. Mike Coleman was the fourth Red Devil to hit double figures in the game with 12 points, while Freddie Moore came in with 9.

David Williams hit for 5, Pernell Gibbs collected 4, and Casey Stokes came through with 3 to bolster the Avon Park winning total.

Red Devil Nine Beats Hawks

The Red Devil varsity baseball team won its opener against Santa Fe but was rained out in Kissimmee last Friday night.

The Devils were to have played Okeechobee here at Head Field last Tuesday, and they will be at home to Frostproof next Monday night at 7:30 p.m. Next Tuesday the Devil squad will play Hardee High in a night game at Wauchula.

Avon Park-12, Santa Fe-4

A ten hit barrage, led off by Tim Cribb's homer in the fourth inning, was too much for the Santa Fe Crimson Hawks last Tuesday night a week ago. The Avon Park High School Red Devil varsity baseball team boomed its way to a 12-4 victory over the Hawks in the season opener at Head Field.

For three innings it was a scoreless game as Devil hurler Kelly Jackson and Hawk pitcher George Delgado kept things under control. But in the top of the fourth frame Santa Fe broke loose to score two runs on a single and two Red Devil fielding errors.

The Devils evened things up 2-2 in the bottom of the fourth, however, as Cribb's homerun over the leftfield wall drove in Gary Roberts along with himself. That seemed to release the Devil's batting power. Second baseman Don Wildish went on from there to connect for a double and two singles, rightfielder Charles Oliver boomed out two doubles, designated hitter Kelly Cobb drilled a triple past the centerfielder while Larry Jackson and Gary Roberts sliced singles through the gaps to drive in the 12 runs.

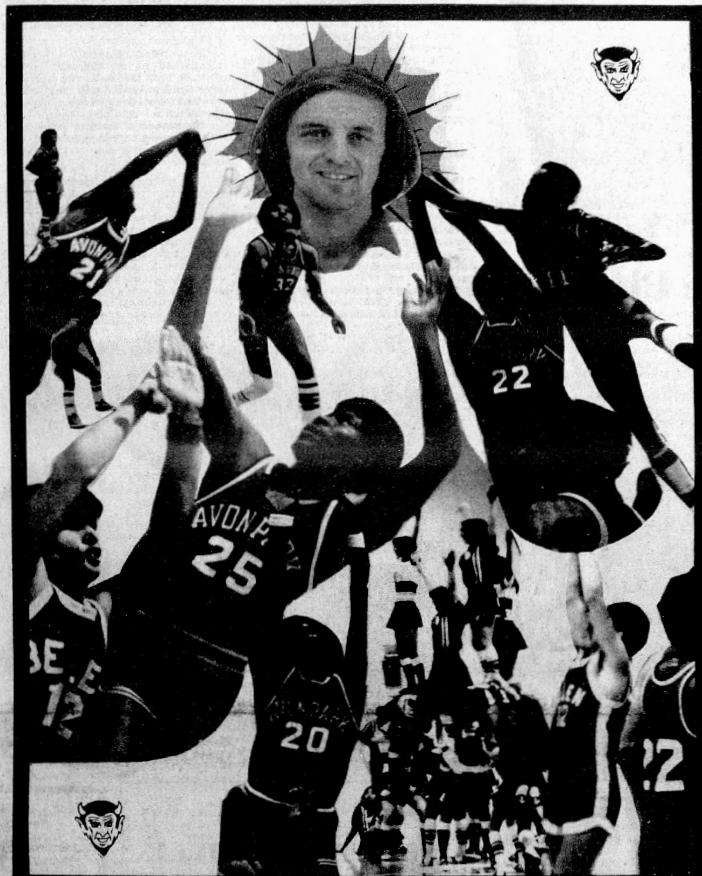

Cribb had lucked in a double over the centerfielder's head in the second inning to go two for three at the plate.

Oliver collected four rbi's, Wildish knocked in three runs, Cobb and Cribb were credited with two rbi's each and Gary Roberts drove in a run in the fifth inning when the home team scored six runs.

Jackson hurled 5 innings facing 23 batters, walking 4 and fanning 4 batters before he was relieved by Jimmy Massey who allowed two hits and one walk during his two innings on the mound. Jackson struck out ten batters.

Coach Ronnie Jackson cleared his bench in the seventh inning to give all members of the squad some early season game experience. The team was playing without shortstop Charlie Pough, Edward Irvin and Jeff Adams who were helping the Devil squad win the Region 7 championship in Ft. Pierce.

In Miami Last Saturday

Avon Park Upsets Belen For A A Sectional Title

Maybe 45 chanting and cheering Avon Park boosters, arriving late for the game on an errant bus, got things going.

Or maybe the Red Devils just needed the first half of the game to get warmed up and to get used to the big city.

More likely it was a combination of both plus a lot of burning desire that sparked the Avon Park basketball team to a 45 point second half scoring spree and a come - from behind 72-63 win over Belen Jesuit High in Miami last Saturday night.

The 45 points erased an 11 point first half deficit and gave the Red Devils, not only a victory over the state's sixth ranked 2-A team but the Section IV championship, the last hurdle on the road to the State Tournament.

For the first half, with the hot shooting Wolverine team hitting 16 of their first 20 shots to pile up a 36-27 lead, it looked like the Avon Park team wasn't going to clear that last obstacle.

Actually, the Red Devils gave were behind for nearly three fourths of the game and there were only 16 seconds left in the third period when Mike Coleman hit for a basket that finally knicked the score with Belen at 44. From there on, Avon Park took over.

The defense making effective use of a half court trap press, forced the normally well disciplined Wolverines to become somewhat "unguarded". Meanwhile, four Devil players moved into double scoring figures as the team out scored Belen by 20 last victory points to wind up with a nine point victory margin, the sectional title, a spot in the state tournament and a whole bunch of happy fans who had made the long trek from Highlands County to Southwest Miami.

"They had more talent than us" Belen Coach Eugenio Ferrero stated after the game. "We just couldn't stay with them in the second half. They beat our defense

when they started hitting from the outside and then we couldn't get through their trap press. I guess that is what beat us."

Belen takes Early Lead

Belen High, with Tony Fernandez hitting for six points in the first four minutes of play, started out fast, piling up a 16-12 lead during the first period.

They kept the fire going when play resumed displaying the type of control ball that earned them a pre-tourney 25-4 win - loss record, meanwhile, putting up a tight 21-2 defense that kept Avon Park from getting many inside chances.

Oscar Palacio, Wolverine center, tossed in 10 second quarter points and the Fernandez twins, Tony and Enrique, added a half dozen more apiece to make it Avon Park 27, Belen 38 at the midway break. The Jesuit team hit for a spectacular 80 percent field goal average in the first half, to move out to an 11 point margin.

Freddie Williams collected eight points for Avon Park in the first half, and two Pough brothers combined for 11, and Mike Coleman hit for a 40 footer just as the half ended to keep the Wolverines at least within posing range.

Avon Park Gets Going

The missing Avon Park bus load of rooters arrived as the third quarter started, and at about the same time, the Avon Park Cogers started to roll.

Mike Coleman got things underway with an opening two pointer. Freddie Williams and Horace Moore quickly follow suit to give the Devils six fast points cutting the Belen lead to five before the quarter was two minutes old.

In the next four minutes, Freddie Williams got two more points. Larry Pough added a couple, and Mike Coleman hit for seven big ones to finally tie the score at 41 apiece.

Fifteen seconds later, Oscar Palacio got the lead back for Belen, tossing in a lay-up, but that was the Wolverines last serious threat. David Williams came right back to retie the score, and then with 18 seconds of the period left Freddie Williams added two more points to put Avon Park ahead 46-46 for the first time in the game.

The Devils kept the hot hand throughout the final period.

On offense, David Williams with 8 points and Larry Pough with 7, led a 24 point devil scoring surge that all but blew the Wolverines right out of the gym.

On defense, Coach Lund finally got his half - court press working to order, and Belen couldn't handle it. Their field goal average dropped from 80 percent to 38 percent and their turnover volume really went up. The Jesuit team did, however, convert on 9 of 10 free throw attempts to come up with a total of 17 last quarter points.

William Leads Scorers

Freddie Williams led the Avon Park scorers collecting 17 points. He also came up with nine rebounds against the tough Belen ball hawks. Larry Pough collected the boards 13 times against Palacio and Co., meanwhile finishing second in the scoring department with 15.

Mike Coleman with 14, and David Williams with 12 put four Devils in double figures. Horace Moore added nine more points and Charlie Pough netted five to give Avon Park a well-balanced scoring attack. In the free throw department, the Devils fared badly, cashing in on only 6 of 19 shot.

Enrique Fernandez and Oscar Palacio each came up with 18 points for the Wolverines. While brother Tony Fernandez was right behind with 17.

Now, it's on the State tournament for Coach Lund and the Avon Park Red Devil basketball team. You all wish 'em luck.

Play Cross City in Class 2-A Semi-Final Tilt

By Les Burch

It's now narrowed down to a battle between four teams for the State High School 2-A basketball Championship.

And Avon Park, one of those four teams, makes its first ever bid for that coveted title next Friday afternoon, tangling with Cross City High School in the second 2-A semi-final game of the state play-offs.

Game time is 3:30 p.m. The place is the bit 7500 seat Civic Auditorium in Lakeland, scene of the Florida High State Tournament for the second straight year.

If the Red Devils pull this one out, they move into the championship finals on Saturday afternoon at 3:30 p.m. against either Havana High or Tavares High. These two sectional winners battle it out today (Thursday) for a spot in the Saturday title game.

"Getting to play in the state tournament for the first time is a real honor, and I feel our players earned every bit of it," commented Avon Park Coach Tom Lund, talking about the big shoot-out.

"They have played terrific basketball this past month, and I think we have a good chance to take it all."

Both the team and Lund have overcome tough obstacles on the road to the trail to the state tourney, losing some real heartbreakers, but coming through in the big ones when it really counted.

Now, it boils down to a case of where just two more wins are needed to become Florida's State Champs.

We're Number One!
We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

That chant started through Avon Park High last Wednesday morning after the Red Devil cage team knocked off John Carroll of Fort Pierce to win the Regional title.

It grew louder on Thursday and Friday as the basketball spirit took over APHS, and then reached its peak in Miami last Saturday night. In fact, the hectic chanting almost blew the roof off the Miami Gym as the Red Devils staged a spectacular second half comeback to cop the section IV Championship and earn a berth in the State Basketball Tournament.

To win the sectional, Avon Park beat Miami's Belen Jesuit High, 72-63. Prior to the game, Belen had been ranked as the number six 2-A team in the state.

The "We're number one" chant is a far cry from some heard around Avon Park a month ago. At that time, with the regular season 75 percent complete, the Red Devils record was 7-9 and it looked like a losing season.

Then the Avon Park cagers started to "put it all together". They won four of the five final scheduled games to wind up over the 500 mark. That was the warm-up for tournament play.

The next week - end the Lund coached team won three straight games at Mulberry to take the District Championship, eliminating highly favored Lake Placid in the process. Next came victory in the Regional and finally, the Sectional play - off win to run the Devil count to 16 - 10.

Now it's "all out" for the big one-the State 2-A Championship. Maybe this Saturday night, Avon Park boosters can truly chant "We're Number One."

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

We're number one! We're number one!

Lund Says Cross City Team Tall And Tough

"They grow them tall up in Cross City, and their team has a 19-4 season record, but I still think we have a real good chance of beating them."

Those were Coach Tom Lund's opening comments about the Dixie County High School Bears, the team his Avon Park cagers tangle with Friday afternoon in the State High School basketball tournament at Lakeland's Civic Auditorium.

"They have two big men, both 6'5", so with our two 6'3" players, Freddie Williams and Larry Pough each at 6'2", we're giving away a half foot under the basket," Lund reasons. However, he feels that Larry and Fred's "jumping ability" can offset some of what height advantage.

"Reports I've had," Lund says, "also indicate that one of the Cross City team's biggest weaknesses is their inability to cope with a press. The press, of course has been one of our big weapons, and if it will help, we'll put it in full gear. Our trap press was a big factor in beating Belen in the sectional last Saturday."

The Red Devil coach also says, "We play our best basketball on a big floor like the one in the Civic Auditorium. It gives us room to play our type of ball, so that should help."

Lund plans on taking his entire squad to watch Thursday afternoon's opening 2-

A game between Havana and Tavares. The Devils will play the winner of that game for the Championship if they get by Cross City.

"I'm not really looking ahead, we want to play it one game at a time," But Coach Lund does admit, "I have at least looked at the record of the other 2-A teams in the tourney. Tavares has only been beaten once all season and with a 28-1 record has been consistently ranked as No. 2 in the news polls."

"Havana, also with a good season record, seems to be a perennial state tourney entry," Lund states. "Either one will be tough teams to meet in the finals. However, we are hoping to get a crack at the winners."

"We've pulled some surprises during the season, and I believe we can do it again," Coach Lund concluded.

The Avon Park coach plans to go with his regular starting line up Friday, using Freddie Williams and Charlie Pough at forwards, Larry Pough at center, and Horace Moore and Mike Coleman at guards.

The rest of the squad Coach Lund will have available for state tourney play includes David Williams, Pernell Gibbs, Jeff Adams, Edward Irvin, Casey Stokes, George Loyd, and Wyndell Frazier.

CLASS AA STATE SCHEDULE

Thursday	3:30 p.m.	Tavares vs Havana
Friday	3:30 p.m.	Avon Park vs Cross City
Saturday	3:30 p.m.	Championship Finals

Work Day At Little League Field Scheduled For Saturday

There will be a Work Day for volunteers at the Avon Park Little League Field on Saturday, Mar. 11 from 9 a.m. to 1 p.m. according to League President Henry Dennis. Any parent or friend of a Minor League or Little League player is urged to come out and help get the facilities in shape for the 1978 season. Women softball players are also invited to come out and help at the field.

Last Saturday 156 youngsters signed up for the 1978 Minor League season which will get under way on Saturday, March 18, at the two fields on the west end of the Avon Elementary School property.

Plans for 12 minor League teams were finalized at a meeting last Monday night. The teams will play on Monday Tuesday, Thursday and Fridays of the next two weeks with the exception of Thursday and Friday, Mar. 23 and 24. Avon Park school children will be out of school for the Easter Holidays on those days so play

will continue on Monday Mar. 27. The schedule will be in next week's Avon Park Sun Sports Section.

Sponsors for the twelve teams this spring will be: Avon Auto Parts, Young's Gulf Service Station, Border's Service Station, Maryland Fried Chicken, Norden Dairy Services, Pita Luis Restaurant, Thifway, APCI Jayvies Unit, 2, First Home Federal of Highlands County, Highlands Building Supply, Wells Motor Company and Koyta and Bennett Builders.

Parents and fans are urged to contact Henry Dennis, Gordon Marshall or Don Carter for more information on umpires, workers in concession stand, or scorekeepers, at these Minor League games this spring.

Former Red Devil baseball players, recently graduated from high school, are urged to consider volunteering some time as an umpire at least one night a week.

Meet The S.F.J.C. Panthers

Rick Kyzer

Rick Kyzer from Auburndale, FL, is the starting shortstop on the South Florida Junior College baseball team this spring. The 6'0", 170 lb. Freshman had an outstanding fall at the plate and displayed the range and strong arm to strengthen the Panther infield at the shortstop position.

While at Auburndale High School, Rick led the baseball team in hitting with a .413 average and 24 runs batted in and was named All-County. Rick also excelled as a football quarterback defensive halfback and again captured All-County recognition.

Rick is the son of Mr. and Mrs. Bob Kyzer of Lake Alfred.

Griffin Golf Tourney To Open Friday

The 10th annual Ben Hill Griffin Invitational Golf Tournament will be played March 10, 11 and 12 at the Lake Wales Golf and Country Club at Lake Wales. Play begins Friday, March 10 with shot-gun starts at 8:30 a.m. and 1:30 p.m.

A classy field of 208 amateur golfers from Florida, Georgia, New York, and North Carolina will take part in the tourney. The following are entered from Avon Park: Former champion John Parsons, Lawrence Ford, Carlton Melear, Al Yarbrough Jr., Vernon Lanier, Ben Hill Griffin Jr., John Glidens, Rick Dressel, Don Slesmore, Bobby Barben, Rodney A. Davis, Robert R. King Jr., Lasse Padgett, R. L. Padgett Sr., Ed Touchton Sr., Charles R. Williams and Leon Delaney.

Five former champions of the event, Charlie Brown of Tampa; John Parsons, Avon Park; Bruce Scameroon, Winter Haven; Bruce Weeks, Lakes Wales and Steve Young, Ft. Myers, along with a number of low handicap entries are expected to battle for the title this year.

Entertainment and special events for players and guests on all three days make this tournament one of the outstanding amateur golfing contests held in Florida.

Admission is free and spectators are welcome to the tournament.

Panthers Beat Edison And Indian River

SFJC-6, ECC-1

Dave Shepherd, sophomore right-hander, pitched South Florida Junior College to a 6-1 victory over Edison Community College Monday at Panther Park. The 9'11", 185 lb., fireballer retired the first 12 Edison batters then allowed only 6 hits and 1 unearned run.

Shepherd walked only one and struck out 4 to even his record at 1-1. Ron Bolin came on in relief of the tiring Shepherd with one out in the 9th, and retired the next two hitters on a pop-up and a grounder to short.

SFJC opened with 3 runs their first turn at bat. Randy Schlosser led off with a single and second. Dan Pototsky singled Schlosser to third. Rick Kyzer hit a grounder to 3rd and Schlosser was out on the throw to the plate. Pototsky, who had stolen second, advanced to third on the play and Kyzer stole second base as Charlie Faulconer singled both runs home. Charlie Faulconer stole second and scored on Mark Lacy's single to put the Panthers in control 3-0. Three more runs were added later in the game to give the Panthers a 6-1 win and move their season's record to 5 and 3.

SFJC is in Fort Myers today to take on Edison again. Saturday the Panthers start Division play in Melbourne with a doubleheader against Brevard CC. Monday another Division game will be played in Temple Terrace against Florida College before the Panthers return home on Wednesday, March 15, against Florida College at 3 p.m.

SFJC-7, IRCC-4

South Florida Junior College banged out six hits and five runs in the first inning against Indian River Community College Saturday and held on to gain a 7-4 victory. The game played at Panther Park pushed SFJC's record to five wins against three losses.

John Sedlock went the distance for SFJC picking up his third win against no losses. The crafty left-hander limited IRCC to 6 hits, striking out 5 while walking 6.

Five runs in the first inning were all the Panthers needed as the first four hitters reached base safely. Centerfielder Randy Schlosser walked to lead off the inning. Dan Pototsky singled,

Charlie Faulconer doubled and Ricky Kyzer singled.

Fifth batter Mark Lacy hit behind Kyzer who had stolen second base and the next three Panther hitters followed with hits behind Kyzer who had stolen second base and the next three Panther hitters followed with hits. Robbie Freeland singled to drive in Kyzer, Toby Cuz singled and Bobby Pierce doubled to score Freeland and Cuz to give SFJC a 5-2 lead.

A single run was picked up in the third as Pierce singled home Freeland who was hit by a pitched ball. The Panthers added their final run in the fifth after Faulconer walked, went to third on Kyzer's single and scored on Lacy's fielder's choice.

SFJC opens Division play at Brevard Community College Saturday with a doubleheader in Melbourne. A trip to Florida College in Temple Terrace Monday for another Division game is followed by a single home Division game with Florida College at Panther Park Wednesday at 3 p.m.

SFJC-3, FSC-4

The South Florida Junior College baseball team faced right hander, John Nichols, of Florida Southern College JV on Wednesday for the second time this season and the results were similar to their first meeting with the slider throwing, control artist.

The Panthers lost an 11 inning thriller 4-3. Although Nichols only struck out three SFJC hitters, he walked only one and had the Panther hitters out of balance all afternoon. 24 of 33 Panther outs were made by the JV Moccasin infield. However, the Panthers had a 2-1 lead in the 10th until Florida Southern tied the score with an unearned run.

The 10th, inning was scoreless but the Panthers pushed the go ahead run across in the top of the 11th as Dan Pototsky singled and scored. Charlie Faulconer's double to lead 3-2. After two were out in the bottom of the 11th, Florida Southern got clutch hitting with three consecutive singles and two walks to edge the Panthers 4-3.

David Shepherd pitched superbly for SFJC going 10-23 innings and allowing only 7 singles while striking out 3 and walking but one batter. Pototsky had two of the Panther seven hits.

Red Devil Netters Win Four Straight

The Avon Park High School boys tennis team, in spite of dropping their first individual match of the year, came through with two team victories last week to remain undefeated and run its season win streak to four.

Ken Joyner, Frostproof High School net ace knocked off the Devils No. 1 player, Joel Wright, 6-0, 6-0, to spoil Avon Park's otherwise perfect record. Coach Bruce Wyse's netters won the other six events of the dual match to top the Bulldogs 6-1, a week ago Tuesday at Frostproof.

Avon Park came back on Thursday to beat DeSoto High School at Arcadia 7-4 for the team's third shut out in four matches. The return match with Fort Meade, slated here for last Friday, was postponed because of rain.

"Though we hate to see our perfect record go down the drain, the boys have

done great so far," Coach Wyse stated after the Arcadia match. "If we can get by Lake Placid next Monday, we should be on the way to a good record." The Avon Park coach rates Lake Placid as one of the toughest teams they will meet.

Against Frostproof, Eddie Garner, Mike Behal, David Epstein and Tom Fleming each won their singles matches. In doubles play, Wright and Garner got partial revenge for the singles loss, beating the Joyner-McNair Bulldog duo 8-6. Epstein and Behal teamed up to win the second doubles match 8-2 for Avon Park.

The Devils took all five singles matches against DeSoto with Wright, Behal, Garner, Epstein and Fleming all beating their opponents. Wright and Garner then teamed together for one doubles victory, while Epstein and Behal beat the DeSoto No. 2 Doubles team.

A BETWEEN INNING conference is held by Coach Hoppy Lewis and the Red Devil jayvees during a game played at

Head Field last Monday afternoon between Avon Park and Okeechobee. "Let's get it all together, team," says Coach

Rewis. The Devil "Bees" had a four run rally in the bottom of the seventh but lost the game 11-10. Sunphoto by Lew Miller.

Devil Jayvees Split With 'Chobee

The Avon Park Red Devil jayvee baseball team split a pair with the Okeechobee junior varsity as the season opened last week, winning 13-8 in Okeechobee on Wednesday, Mar. 1 and losing 11-10 here at Head Field last Monday afternoon.

Pitching control was a problem as Avon Park used four pitchers in both games issuing a total of 27 free trips to first in the junior Brahman and the Okeechobee hurlers put 24 Devils on base with walks in the two games.

The Red Devils showed some power at the plate, however, as they slammed out five doubles and a triple along with 12 singles in the two games.

Okeechobee-11, Avon Park-10. Last Monday afternoon, in a game postponed from last Friday, the Okeechobee jayvees jumped on the Red Devil "Bees" for 9 runs in the first three innings and then held off the Brahman in the first three frames but all had control problems. Okeechobee scored a run in the first, three in the second and five in the third. Avon Park finally scored a lone run in the second and added another in the third.

The junior Brahman added two more runs in the fifth off Johnny Barnes who came on with one man on base. Avon Park scored three runs in the fifth and another in the sixth to move to an 11-6 margin.

Barnes held the 'Chobee boys scoreless in the last two frames and the Devils went to work in the bottom of the seventh trailing five runs. Rightfielder Mark Steedley came off the bench to lead off with a double and Chris Collins and Johnny Barnes were safe on fielding errors. Jones struck out for the first out after Steedley and Collins had scored. Ricky Johnson, second baseman, was safe on a fielder's choice when Barnes was tossed out at second for the second out. Barefield and firstsacker Tim Salter drew walks to lead the bases. Catcher Ricky Derkman singled to left-center to drive in Barefield and Johnson putting the Devils just one run behind with runners on second and third. Dwayne Council came back into the game and went to a full count before he grounded out to the second baseman to end the game. The Baby Brahman had held on for the 11-10 win.

Leading hitters for Avon Park were Barefield with 3 singles, Johnny Barnes with 2 doubles, Tim Salter and Ricky

Derkman with a double and a single each, and Steedley with a double getting singles for Avon Park were Jones and Johnson.

Avon Park-13, Okeechobee-8. A total of 26 free trips to first base were issued by seven different pitchers in the season baseball opener for both Avon Park and Okeechobee High School's teams in Okeechobee on Wednesday afternoon, March 1, but the junior Red Devils came out on top of the five inning game by a score of 13-8.

Okeechobee got three hits off four Red Devil pitchers and drew 12 walks and had one hit batter. Dennis Barefield started for Avon Park on the mound and went two innings. David Hardy came on in relief in the third inning and pitched to four batters. Then Johnny Barnes took over on the mound and retired the side. Gerald Jones came on to start the fourth inning and he finished the five inning affair allowing only one run to score.

The Devils scored 9 runs in the first inning, 1 in the second, and three in the top of the fifth while Okeechobee had 1 in the second, 6 in the third, and 1 in the fourth for the 13-8 final score. The game was called after five innings due to darkness.

200 Bowlers In Heart Fund Tourney

Approximately 200 bowlers took part in the Bob Harden Memorial Heart Fund Bowling Tournament at the Ridge Bowling Alleys during the last week of February by contributing \$24 to the Highlands County Heart Fund with Margaret Mercure rolling a 664 and Bill White 741 to take the winners trophies.

The tournament is based on the score and handicap in the bowler's regular league bowling with the bowler turning in a score card and contributing a dollar to the Heart Fund. Many bowlers contributed in each they bowled, with some bowling in four leagues and contributing

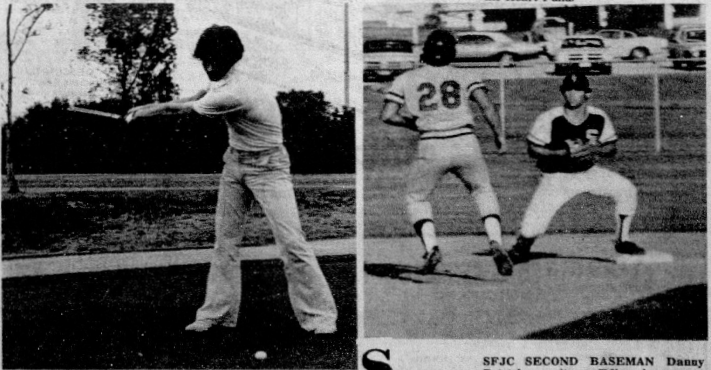

in each league. The Memorial tournament was started in 1974 with Roger McCartney rolling a 694 and Ann Carroll 684. In 1975 Donald Nicholson scored 722 and Carol Ranno 638. The tournament was not held in 1976. Winners names are engraved on a plaque at the bowling alley.

To take top honors in the men's division of the tourney, White rolled games of 210, 220 and 242 plus his handicap of 60, while Mercure put together games of 229, 164 and 163 with a handicap of 108.

Receiving Honorable mention in the Men's Division were, Robert Vickers

with a 685 score, David Simmons, 669; Leo Badyga, 636; and Elmer Akseles and Dale Jordan with 635's. Honorable mention in the Women's Division went to Barbara Bullard, with 663; Betty Martin, 646; Nadine Eason and Bette Stackland, 637 and Claudia Stevenson, 623.

In presenting the \$254 check, Sam Smith, president of the Highlands County's Bowling Association and in accepting the check, Evelyn Cullens, chairman of the Highlands County Heart Fund, both expressed their appreciation to the bowlers for their contribution to the Heart Fund.

MARK PALMER

SENIOR MARK PALMER led the Avon Park High School golf team to four victories last week as he shot a 39, 41, and a 42 to pace the Red Devil wins over Haines City, Okeechobee, Frostproof and Santa Fe. Palmer is playing his fourth year with the varsity Devil golf team.

His 39 against Haines City Tuesday a week ago was low score for the match. Palmer played the number one position on the Devil foursome against Haines City and Okeechobee last week.

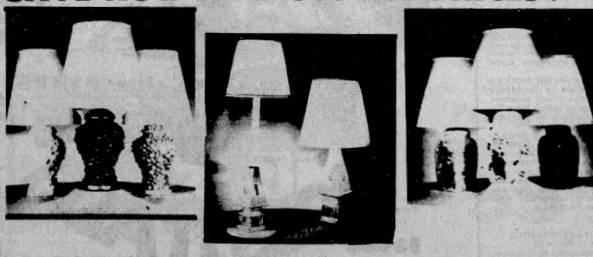

SFJC

SFJC SECOND BASEMAN Danny Pototsky awaits an Edison baserunner with the ball in his glove for the tag. As alert cut-off of a ball from centerfield to third base caught the runner off guard and Pototsky made the tag for the out during the SFJC-Edison game played at Panther Park last Monday afternoon. The Panthers won 6-1. Sunphoto by Lew Miller.

Central Florida Striders To Run In Lakeland

The Central Florida Striders Runners Club will be taking part in a 12 mile race in Lakeland Sunday March 12 at 9 a.m. The race sponsored by the Lakeland Runners Club will be a 12 mile race at Parker. There will be age group awards to the top three finishers.

Devils Meet Faculty

MIDDLE SCHOOL CAGER Gary Smith (44) gets off a shot in spite of Coach Hoppy Rewis trying to defend during a game between the boys basketball team and a faculty team played last Thursday afternoon. Sunphoto by Lew Miller.

Lake Drawdown Should Improve Fishing

In the tradition of sound fish management, Game and Fresh Water Fish Commission biologists have implemented another lake drawdown.

The lake, East Pioneer Park Lake near Zolfo Springs, is a seven acre man made impoundment constructed in 1966 to provide fresh water fishing for a lakeless Hardee County.

"In terms of fresh water fishing, the lake is critical to that part of Hardee County," said Commission Fisheries Biologist Dave Reece. "There just aren't many lakes in this area that are accessible to the public."

There are two lakes in Pioneer Park, East and West Lakes. East Lake was drawdown to expose 80 percent of the bottom. The water was then used to fill West Lake, which has had a bad seepage problem.

Lowering the lake's water and allowing the organic bottom sediments to dry should improve the vegetation which in turn will provide better habitat for the food and spawning of game fish.

In an effort to stop the seepage in West

Lake, The Commission and County are working together to find ways to stop leak. The use of soil sealers, a chemical substance that seals the soil particles together, is one of the alternatives.

Gobbler Hunting

The Wildlife Management Area at the Avon Park Air Force Range will be open for Spring Gobbler Hunting on Saturday and Sunday, March 11 and 12, 1978.

The Game and Fresh Water Fish Commission Check-in Station at the Main Entrance to the Range on State Highway 64 will be open at 8 a.m., March 11 and 12, and will close at 2 p.m. on each of the hunting days. All hunters must check out by 2 p.m.

For information concerning Spring Gobbler Hunting contact Game and Fresh Water Fish Commission at its toll-free number 1-800-362-6002 or 433-3577.

Individuals wishing advanced information concerning Opening-Closing of the range to the public may do so by calling our Automatic Answering Services Number, 813-425-4223.

Devil Golfers Down Haines City

The Avon Park High School Golf team beat Haines City 180 to 189 and Okeechobee High School 187 to 187 last week to run their record to 10-5 for the current season. Both matches were played away from home.

Thursday, March 9, the Red Devils play Bartow and on Friday they meet Lake Wales High School. Both games will be played at River Greens Golf Club here. Monday they tangle with Frostproof High School on the Frostproof course.

Mark Palmer fired a three over par 30, his best score of the year, to lead Coach Fred Sandlin's team to a one stroke win at Haines City. Pete Dupriest was one behind with a 40, followed by John Barben with a 48 and Darwin Ford with a 53.

Pete Dupriest was medalist in the win over Okeechobee, notching a one over

par 37 on the tough Okeechobee course. Palmer, came through with a 42, and John Barben and Darwin Ford, each had 44's as the Red Devils tied their lowest team total to date, outscoring the Brahman golfers by 20 strokes.

Track Team

To Run In

Lakeland Friday

The Red Devil track team had its season opening meet rained out last Friday. Because the basketball team will be playing in the State Tournament at the Civic Center in Lakeland this Friday, the meet set for that day will be rescheduled for a latter date so that team members can support the Red Devil Roundballers at State.

Card of Thanks

The family of Stanley D. Greenlee wish to express our deepest appreciation and sincere thanks to the relatives, friends, and neighbors for their helpfulness, gifts of flowers, food, and sympathy through the death of our beloved husband and father, Mr. Stanley D. Greenlee, who passed away on Monday, May 14, 1978, at his home in Sebring, Florida. May God bless and keep each and everyone of you.

Special Notices

We would like to thank all our relatives, friends, and neighbors for the cards, food, floral and memorial offerings given at the time of the death of "Douglas Robert Herring". We will always treasure the many acts of kindness shown our family at the time of our loss. Mr. and Mrs. Kenneth R. Herring, The Herring Family, Mr. and Mrs. Clyde Savage. 51P

Tommy Wester Rides In Astrodome

There is lively living and then there's living lively, but Tommy Wester's idea of lively living is just to live for me... He races moto-cross.

Motocross is a cross country form of motorcycle riding which test the endurance of both man and machine.

Tommy is the 21 year old son of Mr. and Mrs. A. C. Wester, Jr. of Avon Park. He was born and has lived here all of his life. He has an older brother, Bud Wester, and two older sisters, Judy Rewis and Linda Elder.

On March 19, Tommy will be one of 100 entries in the 250 Novice Class, at the International Moto-Cross Championship Finals, at the Astrodome in Houston, Texas.

He qualified for the finals by finishing number four in the 1977 Winter Amateur Series which were held at West Palm Beach, Pompano Beach, Clewiston, and Cocoa. The top six finishers, point wise, in the four qualifying races are eligible to compete at the International Championships.

Wester finished around tenth place in all four races to rack up the point total which ranked him fourth in the state. He explained that the tracks at these four places are about a mile in length with 40 some odd cycles on the track for each race. Most of the races, in the Winter Amateur, were 20 minutes long. There were over 100 motocross entries in the West Palm Beach 250 Novice race and the Pompano race, but only about 60 in both the Clewiston and Cocoa races.

Tommy graduated from South Florida Junior College and is now a junior at Florida Technological University in Orlando majoring in Accounting. He is a 1974 graduate of Avon Park High School but was not present at the graduation exercises as he was in the Manatee Memorial Hospital recovering from a motorcycle accident that resulted in four breaks in the upper (femur) leg. The accident had occurred on the Bradenton Moto-Cross Course in May of 1974, when he lost control of his bike and it flipped over on top of him. He spent 22 days in the hospital and two more months in a body cast. Judy, his sister, stated that while still in the body cast, Tommy would 'sit' or rather try to, on the bike while he was still in the body cast. He enjoys riding his bike very much. It was almost a year before he returned to cycle racing though. He also had broken his left arm in one place just above the wrist, in the fall of 1973, in a previous accident on his cycle.

Tommy's start in the motorcycle racing sport began when his father bought him a mini-bike (Honda 50cc) one year. He soon moved into a larger bike and started riding in the clay pits and on trails around Avon Park. When he was seventeen years old, he began entering motocross races in Orlando, West Palm Beach, and Gainesville. He explained that he is racing this year in the 250 Novice class because of the one year lay-off from the sport.

He plans to move into the expert class and change over to a 125 after this race at the Astrodome. When asked about his changing classes, Tommy stated that he actually prefers the 125 cc bikes because of their quicker handling characteristics and lightness of the machine.

He will be on his 250 Yamaha that he bought at Christmas, of last year. The initial cost of the cycle was approximately \$1400, and Tommy explained that with normal up-keep of the bike he had only put an additional \$40 on it. He has purchased a new tire and a little adjusting on the bike to 'speed' it up and that additional preparation of the cycle for the Internationals will be done by Avon-Sebring Yamaha. His number for the race in Houston will be 85 (different from the number currently on his bike).

Tommy said he had heard that motocross racing is the second most demanding sport in the world, with soccer being first on the list. Handling the bike on the course which varies from curves, jumps, mud holes, hills and every imaginable obstacle takes a lot of strength as well as nerve and concentration.

"One of my most exciting races", said Tommy, "was when I came in fifth place in the Florida State Championships in Orlando."

He was also pleased with his tenth place finish in the nine state Regional A.M.A. Winter Amateur Series in 1975-76.

Also participating in the Internationals at Houston will be Luther Elrod from Sebring. Elrod is going to

transport both of their bikes to Houston, by car and trailer and Tommy is to fly there Saturday, Mar. 18.

The racers will only get two trail laps on the Astrodome Course, which is man-made, before the official race. Tommy is excited about competing with racers from all over the country. He commented

that Florida courses are not always as difficult as those in California or other states because of the lack of hills, but

that there is a race almost every week, all year long, in Florida because of the weather. He prefers to race in the winter, because it is almost too hot in the summer, to hold up on the physically demanding courses.

His mother, Mrs. A.C. Wester, Jr. said that the family is behind Tommy 100 percent, but she is apprehensive about his racing. There is talk of perhaps some of the family going to Houston to watch him race, but final plans have not been made at the time of this writing.

Good Luck Tommy at the Astrodome in Houston, Texas and in the Motor-Cross races that you may enter in the future.

This race is sponsored by the National Motorcycle League rather than the American Motorcycle Association.

Tommy and the 250 Yamaha he will be riding in the International Motocross Championship Finals at the Astrodome in Houston, Texas, March 19.

He displays the art of speed versus sand in the vacant lot beside his parents, Mr. and Mrs. A.C. Wester's home.

On The Consumers Side

Ms. Kathy Leffew, Consumer Services Coordinator, Department of Agriculture and Consumer Services, Division of Consumer Services, Mayo Building, Tallahassee, Florida 32304.

QUESTION:

My mother wants to buy a microwave oven, but she is very concerned about the possibility of radiation exposure. Are there safety regulations that cover microwave ovens?

ANSWER:

Yes, the federal government has specific safety standards for all microwave ovens sold in Florida and in the nation. All must meet standards on leakage and all are required to have at least two interlocks that prevent the unit from operating if the door is open, plus a monitoring system that shuts off the oven in case of interlock failure.

To keep your microwave oven operating safely after the purchase, you should be sure to follow the manufacturer's operating instructions carefully.

QUESTION:

Does the Division of Consumer Services have guidelines on automobile repair?

ANSWER:

Having your car repaired can be less of a painful ordeal if you will follow these steps suggested by the Division of Consumer Services.

First, by Florida law you are entitled to a written estimate on your car's repair work. You must request the written estimate and if the repair shop refuses you might be wise to find another. Leaving your car for repair with no written

estimate allows the repair shop to charge any amount for the work. A verbal estimate is useless. The estimate must be written for you to have any legal rights.

The cost of the repair work done to your car may not exceed the written estimate by ten percent. If the repair shop tries to charge you more than the written estimate plus ten percent and refuses to give you your car until you pay, you should take the written estimate to the clerk of the circuit court at the county court house. You should be able to pay the clerk for the amount of the estimate and arrange for the release of the car from the repair shop.

You are also entitled to receive the parts replaced by the repair shop if those parts are not under warranty. But you must request the parts before the repair work begins. Also, ask for a written invoice of parts replaced.

All repair work is considered to be guaranteed unless otherwise stated on the estimate. If the repair shop fails to fix your car on the first try, it is obligated to try again. However, if the problem was misunderstood or more parts are needed, you may be charged for them. When you pay the repair bill, make sure it is dated and the car's mileage is noted.

QUESTION:

Can you give me more information on the chemicals in hair dyes thought to cause cancer?

ANSWER:

According to the Food and Drug Administration (FDA) there are two

chemicals thought to be cancer related found in some permanent hair dyes. Remember, a permanent hair dye is not the same thing as a hair rinse or a temporary dye.

Some permanent dyes contain either 4-methoxy-m-phenylenediamine or 4-methoxy-m-phenylenediamine sulfate, two different forms of the same chemical. These chemicals can enter the bloodstream after being absorbed through the scalp.

According to the FDA, the chemicals are predominantly found in blond, brown and black shades. Golden and red shades contain considerably less.

At this writing temporary rinses and dyes are thought to be safe for they do not contain either chemical.

You can determine if the dye you use contains the chemical by carefully reading the label.

QUESTION:

I am a working woman, recently divorced. All my charge accounts were set up in my former husband's name. I need to establish credit on my own. Will my past credit history on my husband's accounts help me?

ANSWER:

Under the Equal Credit Opportunity Act, a creditor must consider the credit history of any account held in your former husband's name which you can show

is an accurate reflection of your credit experience. If you have been working and have proof to show your income helped pay the family bills, you should be able to do so.

Flying through the air,
with dare and ease,
Tommy and his Yamaha
show how he will conquer
the tough terrain at the
Astrodome.

Cooking Corner

MUSHROOM STUFFED FISH ROLLS

1 pound fresh mushrooms
6 tablespoons butter, divided
2 pounds fish fillets
Salt and ground pepper to taste
1/2 cup dry white wine or water
2 tablespoons lemon juice
2 tablespoons flour
1/2 cup light cream or milk

Rinse, pat dry and slice half the mushrooms; chop remaining mushrooms. Heat 2 tablespoons butter in a skillet; add sliced mushrooms; saute until golden; remove and reserve. Heat 2 tablespoons butter in same skillet; add chopped mushrooms; saute until golden. Sprinkle fish with salt, pepper and chopped mushrooms; roll up, jelly-roll fashion; arrange in a greased casserole. Pour wine and lemon juice over fish; dot with 2 tablespoons butter. Cover with foil. Bake in preheated moderate oven (350°F.) 45 minutes. Pour off fish stock from casserole; set aside. In small saucepan blend flour with 1 tablespoon fish stock. Gradually stir in remaining stock; cook and stir until thickened. Remove from heat; stir in cream and reserved sliced mushrooms; heat, but do not boil. Pour sauce over fish. Sprinkle with parsley if desired. Yields 6 portions.

Here he pops a wheelie on the downstretch. This fete takes the right amount of speed and balance to accomplish.

Also, any accounts you and your husband opened after June 1977 which both of you were entitled to use must be reported by creditors in both names. So, you may have credit established in your name now.

If you apply for credit you should know that a creditor may not discourage you on the basis of sex or marital status. If for some reason you are refused credit, you have the right to request from the creditor, the specific reasons credit was denied you.

Food For Thought

A year ago he hardly knew a bread pan from a stethoscope. Today he is a master of the staff of life, turning out four loaves weekly for the consumption of his wife, his sons aged 13 and 14, and himself.

Dr. Frank H. Wilkerson, Jr., immediate past president of the Marion County Medical Society, a physician in family practice here, was leading a good life that included jogging daily when last spring he suffered a heart attack. During the six weeks that followed "I was," he said, "very sedentary. I stayed at home, away from the hospital and my office."

The friendly doctor, of medium height, blond and vigorous looking, is not quite sure how he happened on bread-baking during his convalescence. A recipe for pain de mie, a heavier French loaf than the traditional crusty one, appearing in the local paper, caught his eye. He confesses he had been wondering on what he would break-fast. The typical low-sodium diet of the heart patient ruled out all those good things to which he had become accustomed when he had been growing up in Kentucky.

"Country ham and sausage and bacon were all suddenly forbidden," Dr. Wilkerson told me. "Tom high in sodium, and so, I discovered, were most of the packaged cereals. What was I to eat? Perhaps that when homemade bread became so attractive."

The physician made his first leaves so early after his heart attack that he had to tell Wilkerson, fearful her husband would overexert himself, restrained him from kneading the dough. She did it herself, though she, too, had never tried her hand at bread before. "In other areas she's a great cook," her husband commented.

Bread proved so fascinating to the doctor that "on my first trip outside the house," he said, "I went to a book store and bought a paperback entitled 'The Complete Book of Home Baking.'"

Choosing somewhat at random, the doctor made a lucky selection. And Serenne, the author, is an accomplished cook, with a long career in food. She has been an editor on Gourmet Magazine and a New York food consultant who many years ago employed Craig Claiborne as an assistant before he became The New York Times food writer. She also has been associated with James A. Beard, the professional gastronome and cooking teacher.

"I tried the 100 percent whole wheat bread recipe from the home baking book," Dr. Wilkerson said. "And I've been using it ever since. It produces two loaves and with the two loaves of the French bread I also prepare we have enough for a week."

The doctor's baking equipment is the simplest and, he says, he intends keeping it that way. He now does the kneading himself, and not with the dough-hook attachment on an electric mixer. He baked the white bread on darkened cookie sheets and the whole wheat in cast iron pans he picked up at a hardware store.

"My son gave me some porcelain bowls in which to mix the dough," Dr. Wilkerson said. "We really didn't have anything big enough."

The one unusual note in the doctor's kitchen procedure: He buys fresh yeast from the bakery of a local supermarket, preferring it to the dry packaged yeast most of us use.

"The dough seems to rise faster," the physician told me. "And it gives off a better smell with the fresh yeast."

Asked to enlarge on how he had modified his diet following his heart attack, Dr. Wilkerson replied, "Well, not that it has much to do with diet, but I no longer smoke 15 cigars a day. I don't eat hot dogs because of their high sodium content, about 500 milligrams in each one. Similarly, I avoid canned and prepared products to which manufacturers add salt liberally."

"We eat more fresh vegetables than we used to, and more fish, also. And, of course, I don't add salt at the table."

Dr. Wilkerson came to the interview with loaves of his delicious white and whole wheat breads for me to sample. Later I had the pleasure of trying the recipe for the latter. It follows.

100 PERCENT WHOLE WHEAT BREAD
1/2 cup brown sugar

2-3 cup lukewarm water
40 grams fresh yeast or 2 envelopes dry yeast
2 teaspoons salt
2 cups scalded milk
6 1/2 cups unsifted whole wheat flour
2 tablespoons melted shortening

1. Stir a teaspoon of the sugar into the water. Add yeast; stir till dissolved. Let stand 10 minutes. For fresh yeast, water should be about 85 degrees, for dry yeast 120.

2. Add remaining sugar and salt to the hot milk. Cool to lukewarm (80 to 85 degrees, for dry yeast 120).

3. Stir a teaspoon of the sugar into the water. Add yeast; stir till dissolved. Let stand 10 minutes. For fresh yeast, water should be about 85 degrees, for dry yeast 120.

4. Add remaining sugar and salt to the hot milk. Cool to lukewarm (80 to 85 degrees).

5. Place dough in a greased bowl, grease top lightly, cover with a clean cloth and let dough rise in a warm place until doubled. Punch down.

6. Place dough on a floured surface and divide in half. Cover lightly and let rest 10 minutes. Shape into 2 loaves.

7. Place loaves in greased bread pans, about 9x5x3 inches. Grease tops of loaves. Cover and let rise in a warm place until doubled, about an hour. Bake in a preheated 400-degree oven for 10 minutes. Reduce temperature to 375 and

bake another 35 minutes. Cool on racks.

Yield: 2 loaves.

This is another way of preparing the same bread, using dry packaged yeast. It is a modification of Dr. Wilkerson's procedure, which bread connoisseurs like him will argue does not produce so delicious a result. It is, however, simpler.

6 1/2 cups unsifted whole wheat flour, stir with a fork to aerate

before measuring

2 packages dry yeast

2 cups milk

2 1/2 cup water

1/2 cup brown sugar

2 teaspoons salt

2 tablespoons oil

1. Combine 2 cups of the flour and the yeast.

2. Heat milk, water, sugar, salt and oil over low heat, stirring till sugar is dissolved. Heat to about 120 degrees, which will be just a little before

than lukewarm.

3. Add the liquid ingredients to the flour-yeast mixture.

Beat 2 minutes on medium speed of electric mixer, or 300 strokes by hand. Add 1 cup flour and beat 1 minute on medium speed, or 150 strokes by hand.

4. Stir in enough additional flour to make a moderately stiff dough.

Follow foregoing procedure, starting with step No. 4.

Bonnie Brae Mobile Home Park News

By Margie Wells
The coffee hour was well attended last week with Rina Asher and Ruth Allen acting as hostesses. Guests attending were Mr. and Mrs. Zwayner, who have purchased Faye and Leland Darling's home, and Doris and Ed Onk from Ellenton, who were visiting Margaret and Harry Young. Florence Boyer gave us the good news that Ron was coming home from the hospital and was getting along well after his recent operation (his 35th one). We wish you the best, Ron, and hope this will be the last one. Plans were discussed for our pot-luck supper on Tuesday, and it was announced that the men would cook another pancake breakfast on Saturday, Mar. 11. Also, tentative plans were made for a St. Patrick's Day and Easter Sunday dinners. Ellen Hunt gave a humorous reading

concerning a spelling bee. Don't forget that coffee hour will be from 9-10 a.m. each Wednesday, instead of starting at 9:30 as has been in the past. Bernice and Argus Sheridan visited some old friends, Ethel and Ross McComb, at Hobe Sound recently. These people were Argus' friends before they went to high school back in Buffalo, N. Y. Needless to say, it was quite a reunion! Jimmie and Forrest Kinney,

Ruth Smith, Olive Bechtel, and Mr. and Mrs. George Ulrey of Winter Haven attended the Strawberry Festival at Plant City last Wednesday. Lu and Luis Potter entertained, with a tea, at their home last Tuesday in honor of Mary Hamiller, a former resident of Bonnie Brae. Those attending were Ruth Burgess (Mary's sister), Hazel Lasse, Sadie Heth, Ruth Smith,

Catherine Curry, Ethel Putman, Lorraine Robertson, Maude Wilson, and Thelma Miller. Mr. and Mrs. Clem Dugas of Orchard Lake, Mich. visited last week with her brothers and sister-in-laws, Irene and Charlie Carroll and Merle and Sherman Carroll. Last week, it was reported that Mr. and Mrs. Bert Dunlop had visited with Merle and Sherman. This was in error as they visited with

Irene and Charlie. Mrs. Dunlop is Irene's sister. Sunday visitors at the home of Rozzie and Lester Parkhurst were Mr. and Mrs. Roland Webb of Anderson, Ind., Mr. and Mrs. Bill Curt from Alexandria, Ind., and Mr. and Mrs. Walter Schmidt also from Alexandria. Bill Curt and Lester formerly worked together. Thelma Miller and her two grandchildren, Renee and

Tammy Chalmers of Duxbury, Mass., were guests of Mr. and Mrs. Edward Breake of Sebring on Wednesday when they all attended the Strawberry Festival at Plant City. They all remarked, "Oh those shortcakes." Leila and Winnie Kinch's son, George, and daughter-in-law, Terry, came down from New York state and surprised Winnie on his birthday with a free coffee and donut

"coffee hour" for all in Bonnie Brae. While Terry and George were here to drive for the "old folks", which included Ann and Ford Griffin (hub?), they visited Bush Gardens, the Strawberry Festival, and Sunken Gardens and Weeki Wachee. They ate in places like a Wolf, Red Lobster, Kapok Inn, and even had an early breakfast at Wauchoia. Terry and George left on Friday, March 3, leaving their much of Florida and perhaps a few pounds heavier than they were when they arrived!

Mary Lou Robbins for Forest City, Iowa, visited with her parents, Louise and Louis Bob, last week. Rose and Bob Siroky of Chicago, Ill., have been visiting with Gert and Dan Bohland. Sunday was Gert's birthday and they all went to Anna Maria Island and had dinner. Frank Webster is taking his first out-of-town trip in eight months. He and Emily are visiting Mrs. Frank Hrusa in St. Petersburg. Emily will have her annual high school reunion-Wakefield, Mass., class of 1920. This will be a Clearwater Beach, but probably without swimming this year. Helen Dyce, Ethel and Max Putman, and Evelyn and Lawrence Irvin enjoyed the Saturday pinocle game at Thelma Miller's home. Leila and Winnie Kinch and Ann and Ford Griffin attended the New York State Picnic on March 3 which was held at the Agriculture Building. There were 176 in attendance. Mildred and James Ray from Indianapolis, who are visiting Rozzie and Lester Parkhurst, drove to the west coast last week and just missed getting caught in the tornadoes which hit there. James is Rozzie's brother and he and Mildred are enjoying our weather even though we don't call it good weather. Don't forget to get some of the good sausage and pancakes on Saturday, served as only the men of Bonnie Brae can serve them!

Program Held At Hillcrest

On Tuesday, Feb. 21, forty-three people associated with the health care field, attended an Inservice Program held at Hillcrest Nursing Home. The first thirty minutes of the program consisted of a film, "Treatment of Psychoses in the Elderly", and was shown by Mr. Richard Greaser, representative of the Rorger-Flizer pharmaceutical company. Following the film, Dr. Brian Jordan, Clinical Psychologist and Director of the Highlands Mental Health Center in Sebring, gave a very interesting lecture on the same subject.

In his lecture Dr. Jordan stressed the fact that excellent nursing care along with proper medications is extremely important in the treatment of mental illness in the elderly patient. Human contact, first of all, will do a great deal in reducing the alienation felt by these patients, and then a concentrated program of medication and rehabilitation may begin. A well-rounded program of treatment for the aged patient will consist of sincere concern, simple activities, routine schedules, and judicious use of medications. Finally, Dr. Jordan stressed the fact that not only is Florida's population getting older, but that the entire population of the United States is getting older. This greatly increasing proportion of elderly citizens has already put great pressure on the health care fields which deal with services to the elderly. The State and Federal governments already are putting huge sums of money into programs of medical aid to the elderly, and this need will continue to grow very rapidly.

Ridge
Pomona
Grange

Ridge Pomona Grange No. 10 will meet Saturday evening March 11 at 8 p.m. at the Woman's Club, corner of Verona and Pine Streets. Lake Placid Grange will be the host and the program will be presented by the Lecturer Miriam Debo.

Evelyn Delk's Flower Arrangement Wins Sweepstakes At Show

"Showtime On The Mall" the 1978 Flower Show sponsored by the Federated Garden Clubs of Avon Park was a very successful and beautiful presentation. The Recreation Center was transformed into a very lovely garden for several days, Feb. 23 and 24.

The Tri-color ribbon and a milk glass copote were awarded to Mrs. Evelyn Delk, Founder's Circle for the best in the Artistic Division. Her entry "Swing Your Partner" was a graceful arrangement using bottle brush, ruffled petunias, and baby breath. This entry scored 46 points or above.

The Horticulture Excellence Award and silver tray were won by Mrs. Fuschia Anderson, Hibiscus Circle. Her Staghorn Fern scored a rating of 45 or above.

Mrs. Vera Davis, Hibiscus Circle won the Sweepstakes Award for carrying the most Blue Ribbons. She was also presented with the silver bowl.

Mrs. Gladys Smith, chairman of the awards committee, made these three presentations.

Pink ribbons were awarded to Washington Nursery, Jimmy's Flower Shop, Ridge Florist, A. P. C. I., Tiger Creek

and Forestry exhibitions for their part in adding beauty and excellence to the Flower Show. Mrs. Sybil Laye, chairman of the Flower Show expressed her sincere thanks to the Recreation Director, Dennis Guenther and Mayor Davis for providing help to set up the show. She also wishes to thank the news media for their wide coverage of "Showtime On The Mall". Sybil also expressed her appreciation to Washington Nursery for the beautifully designed landscaping at the approach to the Recreation Center; Ridge Florist and Jimmy's Flower Shop for their

flower displays in the entrance hall; to Mrs. John Wood's exhibit of Tiger Creek, and to Mr. Ebersbach's Forestry exhibition, to Long's Air Conditioning, Mosely Building, and Rich Hardware for their contribution toward making the flower show a success. "The manpower and talents furnished by A.P.C.I. and non-members of the Garden Clubs were greatly appreciated". said Sybil. She added, "The task of presenting the Flower Show was too great for us alone. Thanks all of you who helped to make it a success. Many thanks are also extended

to all who came to view our Garden Spring Show".

Judges for the show were 12 National Council Accredited Amateur Flower Show judges. They were Mrs. Charles Trimmer, Mrs. W. L. Haynes, Mr. William Lemons, Artistic Design Division; Mrs. M. C. Kayton, Mrs. L. R. Isbell and Mrs. Uln. Roth, Jr., Exhibit Division; Mrs. F. Akins, Mrs. Raymond Glenn and Mrs. Howard Green, Horticulture Specimen; Mrs. John Wood, Mrs. John Price, Mrs. George Huckabay, Horticulture Container Group.

At the complete list of ribbon winners was much too long to be printed, congratulations goes to all of those that did receive a ribbon for their efforts in the "Showtime On The Mall" Spring Flower Show.

Flower Show Judges Meet For Luncheon

The air was charged with excitement Thursday, Feb. 23 at 11 a.m. at the Florida Power Lounge. The occasion was the luncheon for the Flower Show judges, officers of the Founders and Hibiscus Circles and the Federation of Garden Clubs, chairman of the Show and the hostesses of the luncheon.

The buffet luncheon with its menu of fresh fruit, hot chicken salad, broccoli casserole, macaroni salad, cranberry jellied salad, large relish tray, brand muffins and generous slices of orange pound cake, all graciously served with iced tea and hot coffee, was very delightful.

The tables, placed on the diagonal were covered with party cloths and decorated with leather fern and pink and red carnations. Each guest received a favor, a colorful decorated cup containing a hand decorated place card, and a plant ready to be placed in the flowerbed.

Each judge was presented with an inspirational book entitled "A Very Special Person."

The guest list consisted of the out-of-town judges for the artistic arrangements as well as the horticulture exhibits at the Flower Show, "Showtime On The Mall". There were 12 judges and they were as follows: Mrs. J. F. Akin, Mrs. Charles Trimmer, Mrs. Howard Green, Mrs. Raymond Green, Mrs. W. L. Haynes, Mrs. Peg Davis, Mrs. W. R. Hatfield, Mrs. George Huckabay, Mrs. John Isbell, Mrs. William. Also included were two formal judges from Avon Park, Vivian Hart and Dorothy James.

Evelyn Delk was awarded the exhibit in the Artistic Division Tri-Color Ribbon for the best Spring Flower Show. Sunphoto by Betty Amburn.

VERA DAVIS WON THE Sweepstakes ribbon for carrying the most blue ribbons in the Garden Clubs Spring Flower Show. Mrs. Gladys Smith is presenting her with the ribbon and a silver bowl. Sunphoto by Lew Miller.

FUSCHIA ANDERSON WAS awarded the Horticulture Excellence Award and a silver tray, by Gladys Smith, chairman of the awards committee, at last week's Garden Flower Show. Sunphoto by Lew Miller.

Holiday Ranch

By Barbara Ehmeyer
The Monday morning coffee hours are well attended these days. Gordon Willnow took over as wagonmaster from Les Clute this week. The Saturday night potlucks also bring a full house. Everyone is glad to have the sun shining again.

Karl and Ida Walter have been doing some traveling. The spent Saturday and Sunday Feb. 25 and 26, visiting Mr. and Mrs. Claude Albright of Pinellas Park. The next two days they spent with Mr. and Mrs. Lyle Jeffery of Brooksville. They went to Weeki Wachee Springs on Tuesday.

Dick and Doris Somers, Bill and Leona Lynn, and Bob and Mary Walterhouse went to see the Lippizan horses at Myacka Saturday, Feb. 25. Rev. and Mrs. William Tretway and three sons were guests of the Walterhouses Monday night. He is their pastor in Bremen, Ind. The Walterhouses visited Mr. and Mrs. Emmert Weaver Tuesday evening.

Mrs. Charlene Whitenack and Mr. and Mrs. Rick Landress from Winchester, Ind. visited the Willis Lehmanns Monday and Tuesday, Feb. 20 and 21. Mrs. Whitenack is their daughter, and Mrs. Landress is their granddaughter. Another daughter, Mrs. Gary Wittwer, her husband and children, Christi and Cary from Decatur, Ind. also visited the Lehmanns, Thursday thru Saturday, Feb.

23 and 25.
Dinner guests of Mr. and Mrs. Clair Reno on Tuesday, Feb. 28 were Mr. and Mrs. Charles Travis of Jackson, MI, and Mr. and Mrs. Ray Robertson.

A day at the flea market in Zephyrhills was enjoyed this week by the Bill Bergstroms, the Dudley Bacons and the Bill Seales. Thursday March 2, the Bergstroms went to Deltona to visit the Robert K. Olivers of Middleton, N. H. They winter in Deltona.

Mr. and Mrs. Elmer Compton, of Leisure Acres at Lake Placid called on the Ted Lees Monday Feb. 27. They all went to Winter Haven Friday to shop and lunch at Duffs. Mr. and Mrs. John Deer were guests of the Lees Wednesday March 1.

Al and Mariam Petteys had ten guests Sunday Feb. 26 for a picnic and tour of Highlands Hammock. They were all Mariam's cousins, Brown Ward of Clearwater, MI, and Mrs. Charles Gay of Schenectady, N. Y. and children.

On Wednesday, March 1, the Petteys visited the Peltons in Lake Wales, then went to Lakeland shopping and had lunch at the cafeteria in Seastown. They then stopped to see the Whitmore's and Phillip's, friends from New York State. Thursday evening they visited Gedic and Mary Weerman for dinner in Avon Park.

Southlands Court News

By Frank White

Friday, Feb. 24 was a nice day and the men enjoyed shuffling the regular number of games. Leo Breister and Nick Trompkins were the team that won three games.

The following Friday, Mar. 3, a rain, as hard as any you ever want to see, fell about noon and lasted long enough the courts couldn't be dried for any afternoon shuffling.

The other guests from the Federation were Sybil Laye, Jane Barben, Laura Neubauer, Evelyn Delk, Lou Grose, Bessie Fillmore, Bessie Decker, Wilma Heiring, Emma Bussard, and the hostesses Enice Haynie, Katie Davis, and Jamie Sawyer.

It was an occasion worth remembering, a gathering of those with common interests and appreciations. After exchanging mutual "thanks" the guests signed the guest book and proceeded to the Recreation Center for the final judging and opening of "Showtime On The Mall."

At Bingo Friday evening, Feb. 24 attendance was good. There were 27 present, with Gilbert Longbons winner of the coverall.

Coffee Hour Tuesday Feb. 28, had 24 adults and 2 children present. Hated to miss that one, but I had an early out-of-town match. Several others also failed to attend because they went out of town on some last minute hobby show business. Might have established an attendance record for this season.

Games night Tuesday, Feb. 28, brought out only 8 people, who played euchre and 500.

Nancy Dugan is back home. George and Clara Davis's son Dick, came from Maine by plane recently to stay with his parents for awhile. This includes playing golf pretty often, of course. He also was able to see his father play in the district shuffleboard tournament at the Winter Guest Club Thursday, Mar. 2.

Horton and Grace Rowsome, who are square dancers and our next door neighbors, had some visitors last week. Mrs. Rowsome's brother, Alvin

Pettum with wife Bernice and their small son Cory were here a few days in their camper, from Odessa, Ontario. They came here after enjoying the thrills of the "Daytona 500" auto race.

There was no women's shuffleboard on Thursday, Mar. 2, because of our court hobby and craft show, but the chairman is still looking for all those who have earlier promised to play, to get to the courts on Thursday.

The annual court Craft and Hobby Show, with some items for sale, plus white elephant items for sale, is now history. The show was held here Thursday, Mar. 2 after many past Tuesday afternoons spent working on items for the big day. These ranged from crocheted, ceramic, pine needle items through knitted, needlepoint, woven basket, Christmas tree ornaments, etc. Why go on. I don't have to name them all. A lot of hours were spent on these, plus a lot of hard work setting up displays, serving refreshments, clearing the hall later.

There's milk. And there's guaranteed fresh milk.

When you buy Pet® Fresh Milk you get fresh milk — guaranteed.

We can guarantee Pet Fresh Milk because Pet's as fresh as you can get. It comes from a Pet Dairy near you. And it's delivered fresh as you can get.

If, for any reason, you are not totally satisfied with Pet Milk, just call 453-3104. We'll deliver a fresh, free replacement to your door within the day.

And, if you can't find Pet, call 453-3104 and we'll tell you where you can buy it.

Pet Fresh Milk. Fresh As You Can Get.

The Deli at Publix

For the Cook's Night Off.

Give yourself a break tonight and let the Deli cook up something your family will love — fried chicken, barbecue, tangy baked beans, tasty salads, hot pie. The cook's night off is a treat for everybody when the Deli does the cooking.

for the good times

No two people have exactly the same driving needs. That's why Ford has created a lineup of Better Ideas big enough to give every American driver freedom of choice. There are family cars, sporty cars, luxury cars, high mileage cars, roomy vans and wagons. From Ford Fairmont, the best-selling new car nameplate ever introduced in America (for the first four months Oct. 1977 thru Jan. 1978) ... to Ford Fiesta, which in its first twelve months (Sept. 1976 thru Aug. 1977) became Europe's best-selling new car nameplate in history. ... to Ford Trucks, the best-selling truck line in U.S. history, based on 1977 calendar year retail deliveries. So stop in at your local Ford Dealer and find the better idea that's just right for you.

More about mileage ratings. All ratings quoted are based on EPA estimates. Your actual mileage may vary depending on your vehicle's condition, optional equipment and how and where you drive.

One of your Ford Dealer's best ideas is to make car buying easier—he offers:

- Full financing on all cars and trucks.
- Complete service at over 5,400 dealers nationwide.
- The option to buy or lease any vehicle at most dealers.
- Personal test drives at your convenience.

Product Changes. Ford Division reserves the right to change specifications any time without incurring obligations.

The new high m

Tough new 4-W

The Cruising V

The Futura.

Here is a car designed for the automotive future. With dynamic styling inside and out. Comfort for five passengers, yet fuel and cost efficiency for the years ahead. A car realistically priced for today. The new Ford Fairmont Futura. A dramatic combination of styling and technology for 1978... and beyond.

EPA Ratings: 33 mpg hwy., 23 mpg city (see inside front cover)
Engine 2.3 litre OHC, manual transmission

"Finally—looks, room
and high mileage numbers."

"Futura. A perfect name for it."

Fairmont Futura in Silver and Grey Metallic Tu-Tone with Russet vinyl interior.

Frankly, the biggest surprise
was Futura's sticker price.

"It's right down to earth, where we needed it.
And our Ford Dealer even handled the financing."

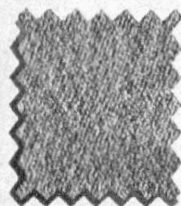

The Fairmonts.

Ford Fairmont has become the best-selling new car nameplate ever introduced in America (for the first four months Oct. 1977 thru Jan. 1978). Here's why. Fairmont has the highest mileage rating of any mid-size car... the most room for the money of any car... and the lowest sticker price of any mid-size car, based on comparison of U.S. Government's EPA index and sticker prices. Could it be the car in your family's future?

EPA Ratings: 33 mpg hwy., 23 mpg city (See inside front cover)
Engine: 2.3 litre OHC, manual transmission

"Well, Fairmont's got the highest mileage ratings in its class... the most room for the money of any car, what else do we need?"

"The low scheduled maintenance requirements are what surprised me."

Fairmont 4-Door shown in Dark Brown Metallic with Chamois vinyl roof and Chamois Shannon cloth and vinyl interior.

and you can buy or lease your new Fairmont

Hey that's something I hadn't thought of. Tell me more.

T

The Fairmonts.

The test drive is what sold us.

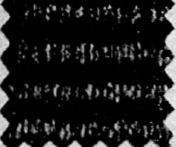

"You might buy it for mileage... I bought it for the sporty lines."

Fairmont ES option in Silver Metallic with Chamois and Black Corinthian vinyl bucket seats.

"It has 84% of the cargo room of full-size wagons."

"That's more than enough for us."

Fairmont Squire Wagon shown in Light Chamois with matching Chamois Castala cloth and vinyl interior.

"Plenty of room for a family of three."

"... or four... or five."

Fairmont 2-Door in Creme with Chamois Logan cloth and vinyl bucket seats.

The Pintos.

Since Ford Pinto's introduction there have been more Pintos sold than any other subcompact in America. The reasons for Pinto's success include... sporty styling, good gas mileage ratings and a low sticker price. Now Pinto has more standard features than ever offered before. Pinto is a great little idea that just keeps getting better and better.

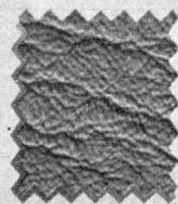

EPA Ratings: 34 mpg hwy., 25 mpg city

(See inside front cover.)
Engine: 2.3 litre OHC, manual transmission.

"This'll make shopping a lot easier."

"Come on, admit it, it's the sunroof you really like."

Pinto 3-Door in Polar White with accent tape stripe and Tangerine vinyl interior.

"Like it? Love it!"

"He says he bought it for its practical roominess."

"Right. Room for all my sports gear."

The Cruising Wagon in Silver Metallic with three-color paint/tape and Black cloth and vinyl interior.

Pinto Squire Wagon

The Fiesta

In its first year, 1976 through 1977, the Fiesta became the best-selling new car in America. And by Ford in America, the Fiesta features front-wheel drive, a 100-hp engine, and a 5-speed manual transmission. It's the most powerful, most roomy, and most economical car in its class. One test driver said, "It's the best-selling car in America."

EPA Rating: 46 mpg hwy., 34 mpg city

"Sporty styling... inside too."

Pinto 2-Door with Rallye Appearance Package in Dark Blue Metallic with Blue Alpine cloth and vinyl interior.

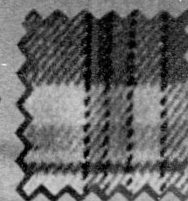

"There's plenty of room for the kids
and pets... and groceries..."

"And you sure won't have
any trouble parking it."

Pinto Squire Wagon in Tangerine with Tangerine Alpine cloth and vinyl interior.

The Fiestas.

In its first twelve months (Sept 1976 thru Aug. 1977) Ford Fiesta became Europe's best-selling new car nameplate in history. And now Fiesta is an American success. Assembled by Ford in Germany, Ford Fiesta features the exceptional traction and solid cornering of front wheel drive, surprising interior room, easy maintenance and the highest mileage ratings offered by any American manufacturer. One test drive can show you why Fiesta is Europe's best-selling new car in history.

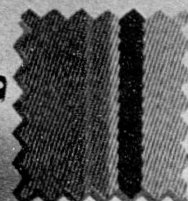

EPA Ratings:
46 mpg hwy., 34 mpg city

(based on 1977 model year)
Engine: 1.6 litre, mechanical transmission

"Front wheel drive... now you're talkin' Fiesta."

Fiesta Sport shown in Orange with flip-up sunroof and unique Coral cloth and vinyl interior.

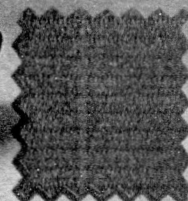

"How do you like
those mileage
ratings?"

"How do you like this interior?"

Fiesta Ghia in Oyster ClearCoat Metallic with Tan Velour cloth and vinyl interior.

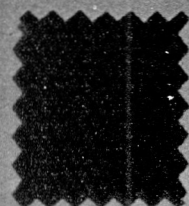

The Granadas.

Ford Granada offers great fuel efficiency without sacrificing style and comfort. Compare Ford Granada with cars costing four times as much. Then you'll know why it's one of the best-selling cars in America.

Special Value News: Right now, your Ford Dealer has specially equipped Granadas at lower sticker prices.

EPA Ratings: 26 mpg hwy., 18 mpg city (see inside front cover). Engine: 4.1 litre (250 CID) Six, manual transmission with overdrive.

"It does look like a Mercedes-Benz."

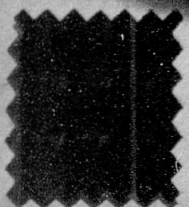

"Now look at the sticker price."

Granada ESS in Champagne Metallic with Cordovan Chainmail vinyl bucket seats.

The Thunderbirds.

A legend in its own time. And now Thunderbird is a more affordable legend with an impressive list of standard features that complement its unique styling and luxurious appointments. Yet Thunderbird still answers today's need for efficient engineering. Don't just drive an automobile. Drive a legend.

EPA Ratings: 22 mpg hwy., 15 mpg city (see inside front cover). Engine: 5.0 litre (302 CID) V-8, automatic transmission.

"I've waited long enough. This is my year for a T-Bird."

The stunning new Thunderbird in Pastel Beige/Brown Tu-Tone with Brown vinyl roof and Saddle Ardmore cloth and vinyl interior.

Fairmont SE

Fairmont 2

The LTD's.

There is no substitute for the room of a big car. If that's what you need, Ford offers you a choice: the luxurious, traditional, full-size Ford LTD, and the sportier trimmer Ford LTD II.

Special Value News: Right now your Ford Dealer has specially equipped full-size Ford LTD's at lower sticker prices.

EPA Ratings: 22 mpg hwy., 15 mpg city (see inside front cover). Engine 5.0 liter 302 CC V-8 automatic transmission.

"I wanted a sporty car...
you wanted a family car..."

"We both found what we wanted!"

FORD LTD II

LTD II—2-Door with Sports Touring Package in Light Chamois and Dark Brown Metallic, Saddle Lamar vinyl bucket seats.

"It's sure got the
room we need."

"And the luxury we've
been promising ourselves."

FORD LTD

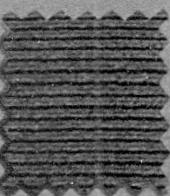

LTD 4-Door in Dove Grey with Red vinyl roof, inside plush split bench seats in Red Ardmore cloth and vinyl.

The Mustangs.

Who's in a name? Plenty. When it comes to the name that has been placed on some of the most exciting cars in American automotive history. From the First Mustang II to the Mustang II King Cobra, this latest model of Mustang II offers a package of standard features no other car in its class can match. No long lead-in or waiting period. Available 4-cylinder or V-8 engine, staggered shocks and rear stabilizer bar.

Special Value News: Your First Dealer's choice of reduced Mustang II's at lower sticker prices.

EPA Ratings: 33 mpg hwy - 23 mpg city (see in government circles). Engine: 2.0 ltr. OHV manual transmission.

"I've wanted a Mustang II since I learned that you can have good looks and good mileage, too."

Mustang II Ghia in Medium Chestnut Metallic with Chamois vinyl roof, inside contoured bucket seats covered in Chamois Wilshire cloth and vinyl.

"Four-on-the-floor, tachometer and T-Top. This I've got to drive."

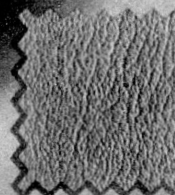

"I just happen to have the keys."

The sporty T-Top Mustang II in Tangerine with White vinyl interior.

"Wow! A 5.0 litre V-8, power steering, adjustable shocks, the works!"

Mustang II King Cobra in full dress Dark Midnight Blue, including Chamois vinyl buckets.

Vans, Trucks and 4-wheelers.

Here they are, tough Ford Trucks™—America's best-selling truck line. Better deals make them the best-selling truck line in U.S. history, based on 1977 calendar year retail deliveries. Ideas like building tough trucks with winning gas mileage ratings:

- Best V-8 pickup*—26 mpg hwy., 17 mpg city. 302 CID V-8 manual transmission.
- Best Six-cylinder mileage ratings in a conventional pickup—28 mpg hwy., 19 mpg city. 491 cid 300 CID Six manual transmission.
- Courier. Best gas mileage ratings of four top-selling compacts—38 mpg hwy., 29 mpg city. 1.8 liter manual transmission.

*Comparisons exclude cab truck and diesel engines.

See us before you cover.

"5-speed overdrive,
7-foot box, Free Wheelin' looks...
Courier is some combination!"

The new high mileage Courier.

"Twin-I-Beam suspension up front—
you're gonna need that where we're goin', Flareside."

Tough-built, tough-looking F-150 Flareside.

"Since when did 4-wheel drive
get so... comfortable inside."

"Since Bronco."

Tough new 4-Wheelin' Bronco.

"This is one tough truck! No wonder Ford's
number one in pickups."

The F-100 Styleside Ranger.

"Comes already customized.
Ford doesn't miss a trick."

The Cruising Van. Inside, Tan vinyl "Captain's Chairs."

"Hey, 20 inches longer
loadspace inside."

"That'll make our job a lot easier."

New Super Van E-250.
