

Avon Park Jaycees Receive Charter At Banquet

It was Charter Night as the newly formed Avon Park Jaycees installed officers and received their Charter following their charter night banquet at the Rendezvous Room at the Sun'n Lakes Country Club off U. S. 27 South, last Friday night, Jan. 13.

The keynote for the installation of officers and the charter presentation, was given by Bill Odum, Regional Director of the Florida Jaycees, Clearwater. Odum told the Jaycees that help should be given the individual Jaycee member, which in turn helps the community.

Officers installed during the charter meeting were: Bill Phillips president; Verno Wells, external vice-president; Dennis Jacobs, internal vice-president; Doug Sever, membership vice-president; Bruce Strenth, secretary; Wesley Turner, treasurer; Gary Bennett, Frank Davis and Gary Dressel as director.

The Jaycees held their first organizational meeting last August at the Sebring Jaycees Club building on SR 17A. With 38 members in September they added their membership to 55 by their Charter presentation on Friday, Jan. 13.

A recout of the projects the young club has completed and is now working on includes: A chicken barbecue in September to raise working capital; installing the sewer connections for the Theresa Johnson family; participating in a Christmas party for the underprivileged children of Highlands County; sending Christmas gifts to the Rodeheaver Boys Ranch of Florida; gifts were also sent to the new extended Jaycee Chapter in Espinal, Columbia.

A recent project was the restoring of the sign for clubs and civic organizations on U. S. 27 north of Avon Park. Presently they are

working with the Ridge Area Association for Retarded Citizens in building a playground for pre-school children at the Avon Elementary School.

The club is also selling advertising for the Jaycee Rodeo coming up during the first part of February to be held at Florida. The proceeds from the Rodeo are to go to the Muscular Dystrophy cause.

During the evening meeting an award of appreciation was presented to the Florida State Firemen's Association for permitting the Jaycees to use the association's building for their Jaycee meetings. A live band furnished entertainment during the banquet.

Guest for the evening, besides Odum, were the members wives; Mayor and Mrs. Marshall Davis; Daryl Williams, District Jaycee vice-president and his wife; Jim McCullough, president Sebring Jaycees and his wife. Mrs. Carr was instrumental in helping the Avon Park Jaycees to start their club organization.

Any young man age 18-35 is eligible to join the Avon Park Jaycees Club, which meets the first and third Thursday every month at the Florida State Firemen's Association building on U. S. 27 South.

American Legion 'Roadblock' February 11

The late J. A. Wise, past Commander of Highlands County Post No. 69 of the

American Legion, originated the "Road Block" in 1956 as a means of

secure voluntary contributions for the Ridge Area Association for the Retarded.

Since that time, the members of Highlands Post No. 69 have actively participated in the solicitation of contributions by operating a "Road Block" at various locations in Avon Park.

The 1978 "Road Block" will be held on Saturday, Feb. 11. All money con-

tributed will be turned over to the Ridge Area Association, whose school teaches those who are not as fortunate as those being asked to contribute.

Highlands Post No. 69 has appointed Mrs. Ann Wise Boyd, daughter of the late Past Commander a committee chairman. Others committee members are: Ralph Caraway, Post Commander; William Hart, Vice-commander; J.

Paxton Hill, Judge Advocate and Joseph P. Marullo, Past Commander of Post No. 29, Greenwich, Conn. who is now a resident of Avon Park.

On Saturday Feb. 11, Legionnaires will be stationed in the Avon Park area with buckets, into which you may place your highly appreciated contributions for a truly noble program for the handicapped.

Registration To Begin Today At SEJC

Registration for Vocational, Technical & Adult Education Division spring semester classes begins at South Florida Junior College Jan. 19 and continues through Jan. 27. All occupational classes begin January 23. Any adult interested in enrolling in one of the classes should contact Gene Statler at the college for an appointment.

All occupational classes are conducted on campus during the day, five days a week. Courses which require 540 hours or two semesters to complete are child care & guidance and general office clerk. All other occupational classes require 1080 hours of instruction or four semesters to complete; however, with the exception of drafting, a student may attend class six hours a day and complete a course in two semesters (one school year).

These classes are air conditioning & refrigeration, auto mechanics, auto body repairs, carpentry, child care & guidance, radio-TV electronics, and tractor & diesel mechanics.

GENERAL OFFICE CLERK: To prepare the student for office employment. Typing, filing, record keeping, business machines and spelling are some of the office procedures covered. The class meets noon until 3 each afternoon.

DRAFTING: Classroom and drafting laboratory activities to develop skills and technical knowledge for employment as draftsmen. Enables graduates to translate ideas, sketches, specifications and calculations of engineers and designers into complete and accurate plans. The class meets 8:30 — 11:30 each morning.

There are two class sessions daily for all other occupational programs — from 8:30 — 11:30 a.m. and noon — 3 p.m. A student may attend one session daily and complete the program in two school years, or both sessions and finish in one school year.

AIR CONDITIONING & REFRIGERATION: A complete study of home and commercial air conditioning and refrigeration. Graduates should be capable of assuming employment as a technician or repairman in the trade.

AUTOMOTIVE BODY REPAIRS: Designed to impart the knowledge and skills

GRASS IS ALWAYS GREENER...

necessary to be gainfully employed in the auto body repair and painting business. All phases will be taught in the course.

AUTOMOTIVE MECHANICS: Provide the opportunity for students to acquire the knowledge and skills necessary to be gainfully employed in the automotive repair and servicing business. Students will learn the techniques, practices, trade technology and mathematics required to provide a sound foundation in electricity and electronics.

TRACTOR & DIESEL MECHANICS: Teaches the knowledge and skills required to be an apprentice mechanic in the agricultural machinery industry. Theory, assembly, adjustment, maintenance and repair of all types of agricultural machinery are taught.

AVON PARK WINTER Guest Club members took part in the Sebring Cancer Shuffleboard Tournament, Jan. 10-11 and brought home the following trophies: From the left:

Foster Jolliff, Kenton, Ohio and Alton Wetmore, Keat, Ohio, first place; Fred Frye, Palmira, Mich., second; and George Geisler, Detroit, Mich., fourth, all in the Main

event, with George Davis, Farmington, Maine taking second in the Consolation bracket. Partners were by drawing. Sunphoto by Lew Miller.

Bacon And Jolliff Shuffleboard Winners

On Monday, Jan. 9, the Winter Guest Club B shuffleboard players held their make-up tournament. There were nine courts of play with the Main division winners being Dudley Bacon and Foster Jolliff in first place and Lorene Weber and George Davis taking second.

In the Consolation games Earl Chandler and Jack Smith captured

first place, while Mildred Frye and Juanita Bruce were second.

On Jan. 1 Tuesday and Wednesday, Jan. 10 and 11, a large number of the Guest Club shuffleboarders braved the cold weather going to Sebring to participate in the Cancer Society Tournament. There were nearly 150 entries with the proceeds going to support the Cancer Drive.

The club members were both happy and proud to know that there were five winners from the Avon Park Winter Guest Club. In the Main division, Alton Wetmore and Foster Jolliff took first place; Fred Frye, second place and George Geisler, fourth place. In the Consolation division play George Davis took second place. Our congratulations to all of these winners.

Woman's Council Of First Christian Church Met

Women's Council of First Christian Church met Thursday, Jan. 12. Mrs. James Click gave an inspiring devotion on "The Body of Christ". She used as her scripture, 1 Cor. 12:12-27. She urged all members of the body of Christ to do all we can to serve Him. She closed her devotion with a prayer.

The business meeting was conducted by President, Mrs. H. J. Rutherford after which Mrs. C. F. Dance led in prayer. The meeting adjourned to the fellowship hall for delicious refreshments served by Mrs. Ralph Heit and Mrs. S. M. Mishay, and The tables were beautifully decorated with a large candle, flowers and ivy.

Ford receives Gold card from John Porter on retirement.

DuBose - Wild Retire From Florida Power Corporation

"Friday the 13th is a good day for many things, including starting one's retirement," Lowell DuBose, switchboard operator, told Florida Power Corporation employees at a luncheon in honor of retiring employees Lawrence Ford and William Wild.

Approximately 25 fellow workers gathered at the power company employees lodge for a barbecue chicken lunch, following which DuBose acting as master of ceremonies introduced John Porter, plant superintendent.

Porter read a letter from Company president Andrew J. Heinz expressing his and the company's appreciation for their long years of service to the company and its customers. Porter then presented a gold retirement card to Lawrence Ford.

However, William Wild was unable to attend the lunch gathering, which was prepared by Helen Tuten and other employees.

DuBose, Bob Woodruff, plant operations supervisor

and other employees told some of the humorous and serious highlights of the retiring men's work, such as working when hurricane

William "Bill" Wild

winds tore off part of the roof and they hid under stairs and other places for protection from falling roof parts which eventually plunged the plant into darkness and a time when an oil feed line broke, but they kept the generators running.

Lawrence Ford, started at the Florida Power Corporation steam generating plant on Oct. 18, 1944, as a laborer and retired, (effective Jan. 31, 1978) as chief operator.

Plant Superintendent John Porter said he worked his way up through the ranks, advancing through all classifications to the top.

Ford was born in July, 1913 at Sanborn, Ind. and came with his parents to Avon Park in August, 1925 as his parents and relatives owned property here. He worked at Touchette's Drug

store for five or six years and in 1941 he started work with Lodwick Training School at what is now the Avon Park Airport. He and Mildred Groover were married in January, 1938.

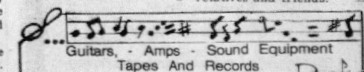

With retirement ahead of him, what plans has Ford made for his extra time? He said, that as a middle handicapper, he plans to play a little golf, garden a little and fish a little.

William "Bill" Wild chose early retirement. His tenure at Florida Power would have been 27 years on June 11, as he started at a diesel generating plant owned by Florida Power and Light Co. at Monticello, Fla. This plant was sold to Florida Power Corporation and Wild was transferred to Avon Park in March, 1953.

Bill Wild was born in Monticello, April 24, 1917. He spent our early years overseas in the European theatre of military operations. On Jan. 4, 1947 he and Betty Brown of Monticello were married. Their son Bill Jr., is now in Atlanta, Ga.

Wild had worked for Gulf Oil and several other employers but it was the tailend of the lumbering business in the Monticello area, that caused Bill a foreman of a small sawmill operated by the Glover Lumber Co., to change to the Florida Power and Light Company.

At the Avon Park Florida Power steam generating plant, Bill worked his way up to senior shift operator. With time on his hands, what plans has Bill Wild made for this unexpected amount of time? "For the present," he said, "not much of anything." Later probably some golf and fishing. Maybe a little travelling, particularly back to Monticello to see relatives and friends.

PECANS AND POPCORN purchased from Kiwanis Club members helped place Digitizer learning arithmetic module in Mrs. Jimmie Garner's Learning Disabilities Class at Avon Park High School, with Ted

Ward, Avon Park Kiwanis Club's first president and special projects chairman making the presentation for the club. Sunphoto by Lew Miller.

Kiwanis Clubs Interested In Students With Learning Disabilities

The Kiwanis Clubs internationally are interested and supporting students with learning disabilities. The Avon Park Kiwanis Club has actively supported the Learning Disabilities Class at the Avon Park High School by supplying pencils and other materials.

When the Avon Park Kiwanis Club solicits their friends and neighbors to buy pecans and popcorn all of the proceeds must be used for worthy projects selected by the club. So it was with a great deal of pleasure the club chose to purchase the "Digitizer" for the use of Mrs. Jimmie Garner's Learning Disabilities Class. For two years the club has considered this one of their outstanding projects in helping others.

At a recent meeting of the Kiwanis Club, Mrs. Garner, who is certified to teach Learning Disabilities Classes, told the club the

place of the Digitizer, learning arithmetic module or computer in the classroom.

A continuing problem, she said, in dealing with students with learning disabilities is to motivate them to commit to perfect memory the basic computational tables in adding, subtraction, multiplication and division. Students with learning disabilities have to "overlearn" a fact to be able to retain it.

Learning number facts has involved much time-consuming, dull drill practice of the computation tables. Much student and teacher time has been required and even the students frequently lack adequate proficiency in these required skills.

The Digitizer, learning arithmetic module, is a computerized learning system, not a calculator. It is complete and simple for students to understand and operate.

The machine presents basic operational problems on four levels of difficulty in a completely random manner. Students can never learn the sequence and therefore must always mentally compute the answer as each problem is presented.

The Digitizer is self-reinforcing and self-pacing. Progress is based solely on the student's individual proficiency.

Boredom is eliminated because the student is so highly motivated to "beat the machine." Embarrassment is non-existent since the student can make errors and is instantly given the opportunity to correct them, while learning in the process.

With a calculator, a student asks the device a question, which then is answered by the device. The Digitizer instead, asks the student an arithmetic question and the student

must then mentally calculate the answer and respond. The result is: Highly motivated mental calculation skill training. As a learning and testing system the students trouble spots are determined by a simple test in a pre-selected number level and then drill repeatedly in the trouble level until the student achieves 100 percent rote memorization proficiency. The students and Mrs. Garner are excited about their new "member" in the classroom. After two days of using the machine, students made the following comments: "I would like to thank the Kiwanis Club for the machine. It is a great machine!"

"It's alright and it will help a lot." "It looks like a Martian." "I think this great machine will help a lot of people with their mathematics." "The machine is good for the students who need it."

Heavy Work Reduces Heart Strain

According to a recent study conducted by the American Heart Association, stress and strain can lead to heart conditions, but rigorous activities may not necessarily cause stress and strain. Furthermore, heavy work may reduce the influence of high risk factors of coronary heart diseases, such as high blood pressure, increased blood fats, and others.

Also recognized in the report is that sudden death is frequently a result of an abnormal heart rhythm, as a result of myocardial infarction (heart attack). Such abnormal rhythms may occur at any time and though frequently yielding to immediate therapy, some may prove fatal and may be induced in susceptible individuals by physical effort or by emotional stress.

Experience in exercise testing centers has shown that many individuals who have recovered from myocardial infarction can undertake rather high levels of physical activity without ill effects. The local chapter of the American Heart Association which covers the entire Highlands County area, takes part in funding these studies and tests. This year's chairman for Highlands County is Evelyn Cullen. The American Heart Association

committee consists of six citizens from within the county. Two of these members are residents of Avon Park, Francis Dennis and Buddy McKenzie (last year's chairman). The committee also has a doctor among its members, Dr. Booley of Sebring.

Meetings for the Highlands County American Heart Association is planned to be held at least once every month if not more often at the Barnett Bank in Sebring. This year's goal for fund raising has been set at \$10,000. All of the money received will be donated to the nation-wide American Heart Association for research.

The local chapter conducts many fund raising activities including the Annual Heart Fund Dance, various barbecues, fashion show, and the door to door fund raising campaigns. Currently the association is preparing for their door to door fund raising efforts. According to Mrs. Cullen, the association is in need of an Avon Park Chairman for this drive.

The door to door program starts Feb. 26. If anyone is interested in becoming involved in this or any of the American Heart Association's efforts, please contact Evelyn Cullen at the Sebring Middle School.

Baptist Men's Day will begin at First Baptist Church with a Brotherhood Breakfast, Sunday, January 22, 7:45 a.m. Guests will be men from APCA who will sing and give testimonies.

Congratulations to Dr. and Mrs. Carl Arant, Sr., on

their 50th Wedding Anniversary.

There were 65 Keenagers who enjoyed Friday the 13th at First Baptist Church with a luncheon. Special thanks to Paul Steiner for his presentation of Friday the 13th kit and to Syble Watson for the enjoyable music.

Sara Wins Microwave

One evening in December when Mrs. Sara Harrison of Avon Park was visiting her daughter, Sallie, in Hollywood, they decided to eat out. Being in a new shopping center, a bit of window shopping was in order. In a newly opened place, MICROWAVE COOKING, ETC., the owner asked them to fill out cards from which prize winners would be drawn

later on. Then Sara and Sallie promptly forgot it.

This month Sara received a telephone call informing her she had won a Litton Microwave oven, and a series of lessons on Microwave cooking. Four ovens were given, and won by persons in Hollywood, Ft. Lauderdale, Oshim and Avon Park.

APCI SUPERINTENDENT G. S. Fortner (left) thanks the Appropriations Committee members for visiting the Avon Park facility.

Appropriation Committee Tours Local APCI Facilities

Members of the Florida House of Representatives Appropriations Committee toured the Avon Park Correctional Institution, last Wednesday afternoon but because of time limitations were unable to stop at the Florida Alcoholism Treatment Center known as ARC. In their fact finding tour to see how state monies are used the committee had visited the HRS headquarters, the G. Pierce Wood hospital and the DeSoto Correctional Institution.

At APCI, G. S. Fortner, superintendent gave members of the committee an overview of the operations of the facility which included the quota of prisoners allowed and the count, along with the staff and positions. Coming needs in the way of capital improvements and staff were also discussed.

On a tour of the grounds a dormitory of the old unit was inspected, with some members of the committee going to the prison library. In the new unit they toured one of the typical housing units, medical facilities, disciplinary and administrative confinement areas. They also inspected the central services building which contains the control room, security offices with the adjoining visiting park.

Late in the afternoon the committee left APCI for the Polk County Correctional Institution. Members of the Appropriations Committee making the tour were: Earl Dixon, Chairman, Jacksonville; Gus Craig, rules committee, St. Augustine; Billy Joe Rich, judiciary committee, Port St. Joe; Jerry Melvin, tourism and economic development, Ft. Walton Beach; Elaine Gordon, Health and rehabilitative services, Miami; Carl Ogden, Jacksonville; Sam Bell, Daytona Beach; Lee Moffitt, Tampa; Beverly Burned, Lakeland and Tom Lewis, West Palm Beach.

In summarizing what was most needed at APCI, Fortner stated, "If the prison was to continue with 1300 inmates, they will have to replace the old physical plant with something better. The buildings were built in the 40's for the Air Corps and they are constantly having to repair the old structures. The kind of buildings will depend on the type of inmates sent to the facility. Dormitories can be used to house minimum security inmates, however, if close security inmates are sent to APCI, room type housing would work best."

Fortner stressed that this was a fact finding mission by the committee and they had come with an open mind to see the grounds what the needs were.

Efficient Police Work Leads To Two Arrests

The Avon Park Police Department was successful in preventing a serious crime from occurring, Friday afternoon, Jan. 13. Avon Park police Lieutenant Walt Bellenger apprehended two would be criminals just before they were about to rob a store somewhere in Avon Park using a sawed-off shotgun.

According to Bellenger, a source called into the police station and said that he had overheard a conversation dealing with a possible robbery involving Ortiz Fernandez Candida, 45, and Tony Yazzie Leonard, 42. The crime was to involve a sawed-off shotgun.

Bellenger went to the Stephens and Restina Fruit Company in Avon Park where the two Puerto Rican migrants were to live at the present. The police officer found the two sitting inside Candida's 1967 Ford station wagon. The car was loaded with a personal belonging which led Bellenger to believe that the two men were leaving town.

Bellenger proceeded to ask the two men questions about the reported robbery attempt. Candida denied having planned any crime and denied owning a sawed-off shotgun. Bellenger was not satisfied with the results of his interrogation and began an inventory check of the car.

Nothing was found at the fruit company site, but Bellenger still wasn't satisfied. He had the car taken to the police station for further inventory checking. According to Bellenger a short-barreled shotgun was found under the floor panel, where the spare tire was stored in the station wagon. The gun was wrapped in a pillow case. Both Candida and Leonard were charged with conspiracy to commit robbery and Candida was charged with possession of a short-barreled weapon. Since having a sawed-off shotgun is a federal offense, the Federal Bureau of Investigation has been called in to deal with the charges.

Although police officials do not know what store was planned to be robbed, Bellenger says that he believes that the two were going to commit the crime sometime that evening, Jan. 13. Both Candida and Leonard are being held on bond, in the county jail. It looks like Friday the 13 was rather lucky for some unsuspecting store clerk.

WORKERS FOR THE Mothers March Of Dimes, Jan. 25-28 had a luncheon at the Ranch Buffet, last Saturday, for instructions and work materials. From the left, seated: Steve Roberts, county committee; Sue Moseley, Junior Woman's Club; Neil Roberts, County Chairman; and Donna Guenther, City Chairman. Standing: Alice Felkner, Arlette Sims, Myrtice Guerdnd, Judy Mundi, Arlene Tanner, Willie Mae Seigler, Sandra Jackson, Lee Sizemore, Becky Davidson, Olivia Hood and Elizabeth Greene.

Mother's March Off To A Good Start

"Getting off to a good start is important in everything, especially in life," stated Donna Guenther, Avon Park chairman of the Mothers March Of Dimes. "Each year thousands of American infants are born too soon, too small, or critically ill, she continued. Many of these infants do not survive. Some do, but it is a struggle. Very often they have problems with breathing, heart action, and control of temperature and blood sugar. In order to make it, they need prolonged hospital care from specially trained medical teams using sophisticated equipment. Everyone is pulling for these babies...parents, relatives, and friends. The Mothers March Of Dimes is pulling for them too. The annual Avon Park Mothers March Of Dimes is co-sponsored by the Avon Park Junior Woman's Club during the week of Jan. 22-28. Funds raised from it will be used to continue the battle against birth defects! Please support the March Of Dimes. You'll be giving to the children of tomorrow, said Donna and Neil Roberts, Highlands County Chairman. We all have a stake in tomorrow."

Officer Struck By Assailant

Avon Park police officer Rod Souther was struck across the face early Wednesday morning, Jan. 11, in back of City Hall, by an unknown assailant. According to Souther, he was checking stores around town and at about 5 a.m. decided to recheck the City Hall parking lot and saw a white man emerging from the rear steps of the City building. Souther said he called to the man and when he received no response, he got out of his patrol car to investigate. As Souther approached the building, someone jumped from behind a tree struck him across the face with a heavy object, possibly a tire iron.

his car and radio for help. The two suspects apparently made their escape on foot, while Souther was attempting to return to his patrol car.

Souther was taken to Walker Memorial Hospital where it was originally believed that he suffered a cracked cartilage. Souther was re-examined at Highlands General Hospital after reporting several nose bleeds after the incident.

Doctors then found that the bone in his nose had collapsed. Surgery was performed on Monday, Jan. 16. According to doctors, Souther should stay in bed for about three days after the operation and then be extra careful not to re-injure it. Souther was reported to be in a lot of pain.

According to Souther, Avon Park Police Chief Robert Brooks has "gone over-board" in trying to apprehend the suspects in this case. Chief Brooks has questioned a number of people in connection with the assault, who fit the description given by officer Souther, but no one has been charged as of yet.

This was the second attempt in the last few months to rob City Hall. The first attempt which occurred in Oct., has yet to be solved, with over \$600 in a water bill payments being still missing.

Highlands health officials referred the problem to HRS for legal action.
HRS had asked for an injunction to restrain school officials from keeping inspectors out of the school, which is housed in the former Pinecrest Hotel and Country Club near Avon Park.
Carlin said the trial would be based on the factual interests in the case. Despite the controversy Dan Frodge, Sebring Academy administrator, said enrollment in the school has increased by six. There are now 113 attending the school.
Frodge said that numerous calls from parents of Sebring Academy students to the judge's office apparently forced the change from a closed to a public hearing. Mrs. Helen Young, Judge Green's secretary, said callers were not told the hearing would be closed.
Such hearings are routinely held in the judge's office. It depends on schedules for large courthouse meetings rooms as to whether or not hearings are held in the judge's office.
And Anthony Castro of Sebring and Jack Bennett of Avon Park.
The other suspects were accused of selling contraband, but Renfro was booked on a single misdemeanor count of possession of paraphernalia.
Assistant State Attorney David Langford said a decision about whether Renfro will be prosecuted at all is being delayed until reports from state crime labs are received. Renfro is free on bond.

Decision Delayed For State Reports
No information has been filed yet in the case of Samuel Renfro. The 22-year-old Avon Park man was caught up in a major "pot bust" staged by Sebring and Avon Park Police Departments, Highlands and Polk County Sheriffs' Departments.
Renfro told arresting officers he had "just stopped by" and was "watching television" when officers raided a home and arrested Charles Thomas Hughes

Spears Charged With Assault
Highlands County sheriff's deputies have arrested Russell Spears, 24, of Avon Park, and charged him with aggravated battery in connection with an altercation early Saturday morning at Lake View Inn in Avon Park.
Deputies report that Spears allegedly struck another Avon Park man with an iron table leg. The man was hitting a third man with a beer can, Spears told deputies.
The man Spears allegedly hit was treated and released at Walker Memorial Hospital.
The man was not charged in the incident.

Lost
A female, three years old beagle dog was lost Sunday, Jan. 8th on the north side of town near Kenny Long's home. Her tag has the number 626-379. Anyone seeing this dog which answers to the name, Sally, please phone 455-3532, Avon Park.

Eugene A. Flint Recalls (The Old Warrior) Humphrey's Earlier Days

Jan. 19, 1978 9A

To a seventh grader, a graduating senior was just another one of the big boys. That was Eugene A. Flint's recollection of the late Senator Humphrey's graduation from Doland, S. Dak. High School in 1929.

Doland, population 450 people, on U. S. Highway 212 to the Blackhills, has a Main Street one block long, that was Hubert Humphrey's home since his parents had moved from Wallace, when he was two years old. Going on to college, at Huron, S. Dak. "Pinky" as Humphrey's friends called him, told Flint that he learned more about economics in one day than he did in all of his

college courses, when the massive dust storms across the western plains and the Dakotas tore the dry soil from the earth and left soil drifts similar to those of snow. Eugene Flint finished high school and joined the U. S. Air Force. He recalled that his father and grandfather had drove ox teams from Wisconsin to Doland. In 1952 as Doland was celebrating its 75th anniversary, Flint, an Air Force Captain now, drove his brother's convertible (the only one in town) in the Homecoming Parade with United States Senator Hubert Humphrey as his passenger.

Flint had been stationed at Rapid City, S. Dak., Air Force Base and

was moving to Ramey Air Force Base in Porto Rico, when he and Senator Humphrey met at the Homecoming event.

When Senator Humphrey came to Tampa several years ago, Flint told of talking with him. "You could always talk to him," he said. Just call, "Hey Pinky" and he would stop and talk with you or anyone.

Last June 12-14, Doland High School held an all school classes reunion, former students came from all over the United States and some from foreign countries. One lady was 87 years old. Flint then recalled how he had rode to school on horseback until he was in the eighth grade.

The big event of the reunion was the dedication of the school's new auditorium. They named it after alumni United States Senator Hubert Humphrey.

Reliving some of those days in memory, Flint recalled that some of the others who had left Doland to hammer out a name for themselves were: Twin Air Force Generals, Melvin and Marvin McNichols; theologian, Julian Hart; Dr. Henry of Hollywood; Gordon Kittman of the Flying Tigers; seven Navy and Air Force pilots and the two brothers who went down with the Arizona.

Monday afternoon, while watching the memorial services on TV,

Eugene Flint told his wife, "I haven't seen Frances or Fern" (Humphrey's two sisters). Later he told that they were seated in the

second row. Frances was wearing a blue suit, while Fern was dressed in brown.

Defeat DeSoto Bulldogs

Red Devils Split Pair

Lose To Dragons In Overtime

By Les Burch

A tough overtime loss to Lake Placid High, and a relatively easy win over DeSoto High of Arcadia netted the Avon Park High boys basketball team a split in last week's two game schedule. This left them with a current record of four wins and three losses.

Last Friday's game against Lake Placid, currently tied as the number two team in Florida's 2-A ranks, was a thriller all the way, with the Dragons pulling out a 81 to 78 win in the overtime. Regular playing time ended with the score knotted at 74-74.

Earlier in the week, the Red Devil varsity team avenged a pre-Christmas loss to Arcadia, winning by a 72-60 margin. Tonight the varsity plays Fort Meade here and tomorrow night the locals meet Frostproof at Frostproof. Next Monday they tangle with arch-rival Sebring here.

Lake Placid 81 Avon Park 78

Sometimes you can give it all you have, but it just isn't quite enough. That seemed the case Friday night when the Avon Park team, playing its best game of the season, got nipped 81 to 78 in overtime play by Lake Placid's Green Dragons.

Played before a near capacity crowd, the game was as close as the score indicates. Lake Placid led 22 to 20 at the end of the first period, and was ahead by four points at half time. However, Avon Park came back in the third period to outscore the Dragons 22 to 13 and held a 57 to 52 margin when the last quarter started.

The Devils moved out to a 66-62 lead midway in the final period before Larry Pough, who had been battling Lake Placid's 6 foot, 10 inch Bill Ross on even terms, went out on fouls. Ross proceeded to sink the two resulting free throws, and followed those with two point dunk to cut the margin to two.

Freddie Williams retaliated with a basket and David Williams added two more points for the Devils before another Ross dunk shot and two quick lay-ups, one by Lake Placid's Marvin Haynes and a second by the Dragon's Lennard Ryals, tied the score at 72-72 with but 30 seconds left.

Freddie Williams came right back with another bucket to put the Devils out front, but Bill Ross quickly scored again for the Dragons to tie up the game at 74-74 and send it into overtime.

The Dragon's big center then sank two quick buckets as the extra period started and Ryals added a free throw before Freddie Williams got the Devils on the scoreboard. Another basket by Anthony Robinson made it 81-76 for Lake Placid. Pernel Gibbs hit for two for the Devils to boost their total to 78 as time ran out.

Freddie Williams with 23 points and Charlie Pough with 20 were leading scorers for Avon Park. Bill Ross and Marvin Haynes each netted 26 points for the winners. Even the free throw attempts were even, but Lake Placid outscored Avon Park from the foul line, making 13 of 21 while the Devils, shooting under 50 percent, caged only 10 out of 21.

Avon Park-72, Arcadia-60
Led by Mike Coleman's 22 points.

The Avon Park basketball team turned the tables on DeSoto High of Arcadia here Tuesday, Jan. 10 for an easy 72-60 victory. Earlier in the season, the Arcadia team beat Avon Park 64-58 at Arcadia.

The Red Devils, though giving away height at every position, played with a hustle not seen lately, and had things their own way most of the game. All told, five members of Coach Lund's squad scored in double figures and the team committed only 14 turnovers, their low for the season.

In addition to Coleman with 22 points, Freddie Williams garnered 14, and Larry Pough, David Williams and Jeff Adams each came up with 10. Incidentally, Coleman hit on 10 of 12 shots from the field for a nifty 83 percent shooting average.

The two teams battled even for the first quarter ending up at 14-14. Things changed in quarter two and with all five Avon Park players chipping in, the Devils netted 22 points while holding the Bulldogs to just 11. The locals ran their lead to 16 in the third period and part way through the final quarter were out in front by 19.

Then both coaches cleared their benches and Casey Stokes, Pernel Gibbs, and Wyndell Fraizer also got into the scoring act for the Devils. Mike White, Bulldog forward led the DeSoto scoring with 27 and Paul Jones added 15 more for the visitors.

Avon Park Golfers To Play In Invitational Meet

Coach Fred Sandlin's 1978 edition of the Avon Park High boys golf team opens its season tomorrow against top area golf teams in the Lakeland Invitational meet at Golf Hammock Country Club in Sebring.

The tournament, to which golfers from 15 Florida high schools have been invited, is sponsored by the Lake Placid High School golf team. Each school will enter a four man team with play scheduled to get underway at 11 a.m. Trophies will be awarded to first and second place teams, and to the individual low scorer and runner-up.

The Red Devil golfers have been getting kinks out of their swings for

the past three weeks and Coach Sandlin is holding try-outs this week to select the four players to represent Avon Park.

Local students fighting for places on the team include Pete DuPriest,

last year's number one Devil golfer and two other returnees, Mark Palmer and Mike Smithson. Newcomers trying out are seniors John Barben, Parks Sutherland, and Mike Brown.

Tenth graders competing are John Delaney, Ted McAfee, Ed Doty, Tommy Turnbull, and Billy Barben. Darwin Ford and Steve Coe, both freshmen, are also vying for spots on the team.

Middle School Boys Defeat Hardee

Coach Cecil Walley's Avon Park Middle School boys basketball team blew the Hardee Middle School Wildcats off the court last Monday afternoon here at the Middle School gym winning by a score of 49-28. The Middle School boys lost to Sebring on

Thursday, though, to set a 2-1 record halfway through the season.

Today, Thursday, the Devil Middlers will go to Lake Placid to take on the Green Dragons again in a 1:30 p.m. tip-off. Next Tuesday afternoon the Avon Park squad will play Hardee in Wauchula.

Avon Park-49 Hardee-28
Playing reserves the entire fourth quarter, Avon Park coasted to a 49-28 win over Hardee Middle School here last Monday afternoon. The Middle School Red Devils

jumped off to a 13-0 first quarter shut-out and held a 33-4 halftime advantage. In the second half, Coach Walley subbed freely, clearing his bench, but the Avon Park boys still managed 16 points while Hardee scored 24 counters in the final two periods.

Charles Dunn led the Devils with 10 points followed by Doug Cook and Gary Smith who scored 9 points each. Charles Ismael hit two field goals and 3 of 5 free shots for 7 points. Andrew Giles scored 6 points, and Curtis Taylor and Larry Collins made 4 points each for Avon Park.

Sebring-48 Avon Park-37
The Sebring Middle School boys, led by Darrell Love's 22 points, handed Avon Park its first loss of the season last Thursday afternoon down in Sebring. The Blue Streak Middlers won by a score of 48-37.

The lead changed hands several times in the game. At halftime the Middle School Blue Streaks led 20-18 and the score was 30-29 in favor of Sebring after three quarters of play. But Sebring hit for 18 to Avon Park's 6 points in the final quarter to take the game going away.

For Avon Park it was Doug Cook with 11 and Gary Smith with 10 points followed by Charles Dunn with 8, Curtis Taylor with 6 and Larry Collins with 2 points. The win gave Sebring a 3-0 record while Avon Park fell to 1-1.

Runners Club Hosts Meet Sunday Jan. 22

The Central Florida Striders Runners Club will be hosting a 5.2 mile run at Avon Park High School at 9 a.m., Sunday, Jan. 22.

An "over the hill" 100 yard dash will also be run during the Striders first local contest. The runs will be in age divisions and awards will include trophies and ribbons. Entry fee is \$1.

Last Sunday Coach Chet Brojek won the Lakeland Runners Club 3.0 mile in 17:14 in bitter cold weather. Other Central Florida Striders members also did well. Tim Salter was third in 19:00, Bill Porter third in 19:52, and Lonnie Abrams ninth in 20:28. All four runners earned certificates from Runner's World Magazine for their efforts.

Jayvees Win Two For A Six-One Record

By Les Burch

The Avon Park Junior Varsity, garnering a pair of big basketball wins last week, boosted its season record to six victories against one loss. Tomorrow night, the JV team hopes to improve that record when they play Frostproof at Frostproof. Next Monday, they play the Junior Sebring Blue Streaks here. They beat Sebring 58 to 30 in early December.

Last Friday, with Alvin Conner leading the way, the local JV's had little trouble with the Lake Placid JV team winning 61 to 37. The previous Tuesday, with Conner and David Sisemore each getting 15 points, the Avon Park team beat the DeSoto Bulldogs 56 to 49.

Avon Park-61 Lake Placid-37
Playing with a home floor advantage, the Avon Park team jumped out to a 19-8 first quarter lead against Lake Placid and from then on, were never behind. They led 30 to 21 at half time, and were in front 47 to 23 at the end of three quarters, holding Lake Placid to but six points during the entire third period. The final was Avon Park 61, Lake Placid 37.

Alvin Conner with 18 points was the big scorer for Avon Park followed by Charlton Weathers with 14. J.D. Taylor, in his first starting role for the Junior Devils had eight points and a host of rebounds. Irving Hurburt, with nine points, and Bernard Callahan with four, were high scorers for Lake Placid.

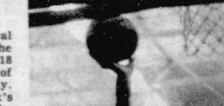

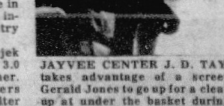

Avon Park-56 DeSoto-49
It was revenge time for the Avon Park High Junior Varsity basketball team here Tuesday, Jan. 10 and they came through to beat the DeSoto High Bulldogs 56-49. In December, the Arcadia based DeSoto team handed Avon Park its lone season loss 56-49.

Like this earlier game, the rematch was a battle right down to the final quarter. Avon Park moved out to a 11-7 first quarter lead but DeSoto led 26 to 25 at the half. The teams were tied up at 39 all when the third period ended.

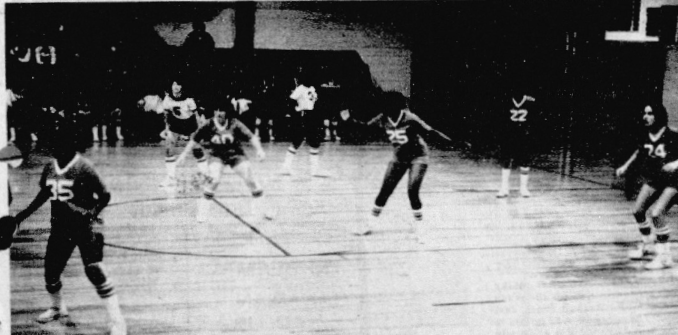

From then on, it was fouls and foul shots that made the difference. Two DeSoto forwards, H. Smart and D. Cook went out of the game via the foul route, and Avon Park converted on nine of 14 last period tries from the free throw line. These included seven out of eight free tosses by Alvin Conner, JV forward, to help push the final count to 56-49, Avon Park.

David Sisemore hitting for six field goals — making four out of five tosses at one stretch — had his best shooting night of the season and ended up with 15 points for the locals. Alvin Conner also netted 15 for the Junior Devils, while Charlton Weathers, in addition to being the game's leading rebounder, added 12 points to the Avon Park total.

Smart had collected 18 points for DeSoto before pulling his fifth foul, while Cook, who also incurred five fouls, scored 15 for the Bulldogs. Avon Park cashed in on 12 of 18 free throws, while Arcadia could only score on 9 of 17.

A TIGHT ZONE defense is used by the reserve Devilettes late in the game in Arcadia last Friday night against the DeSoto High girls team. Point guard Tanya Jones (35), guard

Delorice Cox (40), center Sally Braithwaite (25), forward Linda Rowe (25), and Forward Tammy Ostling (24), all saw action as Coach Cherri Lee cleared the bench in the

fourth quarter. Final score, Avon Park 48, Arcadia 38. Sunphoto by Lew Miller.

Girl Cagers Challenge Frostproof

The Avon Park girls basketball team moved to a 6-3 record last week with a two-point loss to Okeechobee and a win over Arcadia. The Devilettes were to have played Okeechobee again on the Brahman's home court last Tuesday night.

Tonight, Thursday, Jan. 19, the Avon Park girls will travel to Frostproof to take on the Bulldog ladies in a district match-up starting at 7 p.m. Next Monday afternoon the Devilettes will go to Wauchula for a return game with the Hardee High girls. It will be a 1 p.m. tip-off.

Next Wednesday afternoon the Avon Park girls will take part in the Heartland Conference Cage Tournament to be held in Lake Placid's new gymnasium. There will be three games played on Wednesday afternoon starting at 1 p.m. The teams will be seeded on the basis of the standings of each team's first ten games this season.

Last Friday night the Avon Park girls jumped off to a 19-0 lead against the DeSoto High girls down in Arcadia and were never topped as they rolled to a 48-30 victory. The Devilettes outscored Arcadia in every quarter except the second period when they hit for only 7 points while the Bulldog girls scored 12 points.

The Devilettes opened the game with a halfcourt press and a tight zone defense that kept the DeSoto girls off balance. In the final quarter of the game the Devilettes played such good defense that the Arcadia team didn't score a point until the last 4 minutes.

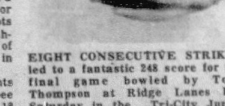

Meg Schuler and Thelma Wessel shared high scoring honors from Avon Park with 12 points each. Katrina Conner hit for 9 counters, Laurie Welch scored 5, Bernice Taylor added 6 points, and Ellen Macklin and Sally Braithwaite had 2

points each for the Devilettes. Avon Park hit only 2 of 7 free shots while Arcadia made 6 of 13 at the foul line.

Okeechobee-39 Avon Park-37
After leading most of the game, the Avon Park girls team lost out by 2 points to the Okeechobee girls in a Heartland Conference game played here last Thursday night.

The Devilettes had trouble finding the basket and ended up with a poor shot percentage from the floor and also made only one of four shots from the foul line against the Brahmanettes. Okeechobee's girls hit 13 of 4 free shots to make the difference in the final score.

Thelma Wessel scored 14 points to lead Avon Park but Okeechobee had two players who hit for 19 and 18 points respectively. Meg Schuler added 11 points to Avon Park total with Katrina Conner hitting for 6, and Laurie Welch, Debra Cox, and Annette Blake scoring 2 points each.

EIGHT CONSECUTIVE STRIKES led to a fantastic 248 score for the final game bowled by Tony Thompson at Ridge Lakes last Saturday in the Tri-City Junior Bowling League. The thirteen year old eighth grader, bowling on the Badcock Furniture team, bowled 148, 161, and 239 for his line series. Sunphoto by Lew Miller.

Middle School

Girl Cagers 1-2 Record

With a win over Sebring and a loss to Wauchula, the Avon Park Middle School girls basketball team moved to a 1-2 record this week. The Middle School girls defeated Sebring 24-20 in Sebring last Thursday afternoon but dropped a 35-22 decision to Wauchula here last Monday.

This afternoon, Thursday, the Middle School girls will travel to Lake Placid for a return game with the Green Dragon girls. Lake Placid won the first game between the two teams by a score of 21-10. Next Tuesday the Avon Park girls will go to Wauchula for a 1:30 p.m. game.

Wauchula 26, Avon Park 22
The Avon Park Middle School girls cagers stayed close but could never get ahead of the Wauchula team last Monday afternoon here and lost by four points to the experienced Hardee SQUAD. Final score was Wauchula 26, Avon Park 22.

Tracy Brown led the Avon Park scoring with 8 points. Linda Knight and Sandra Warren had 4 points each and Linda Johnson, Millie Oates, and Charlotte Hart added 2 points apiece. Wauchula's Elene Revel was high scorer for the game with 12 points. Avon Park is now 1-2 for the season. Wauchula is 2-1.

Avon Park 24 Sebring 20
Last Thursday afternoon the Avon Park Middle School girls picked up their first win of the season downing Sebring 24-20. The Avon Park girls were never behind although Sebring closed the gap in the final quarter.

Sandra Warren scored 8 points for the local team to lead them but A. Holdman scored 14 for Sebring to take high scoring honors for the game. Also scoring for Avon Park were Linda Johnson with 6, Tracy Brown with 4, and Ruth Rowe, Millie Oates, and Charlotte Hart with 2 points each.

Blue Bombers Win Championship Trophy In Flag Football League

The Blue "Bombers", coached by John Russ, came out in the No. 1 spot in the Boy's Flag-football League. They ended the season with a 9-1 record, losing their only game to the Gold "Getters", 19-12. Because forfeits played an important role in the Blue's success, it could be seen that enthusiasm, on the part of the players and the coach was the main ingredient needed for a winning effort.

All the teams seemed to be fairly evenly matched, as was demonstrated by the close scores of most of the games. Several games ended in a tie and had to be determined by either first downs, or if those numbers were the same also, a

playoff series was held.

The first place team will receive a trophy for the team, with each member name on it and also each player will receive an individual trophy. The second place team will receive a team trophy with team members names on it. All equipment and awards were furnished by the Recreation Department.

The second place team, which will be determined by Tuesday's game, (either Gold or Green) will receive a team trophy. The Gold team had a 3-2 record going into the final game and should they win, they will post a 4-2 record and have second place. But if the Green "Machine" wins the game, they will

tie with gold with a 3-3 record and a playoff game will be in order.

The boys league was for ages 9-12. It ran pretty smoothly thru-out the season, with the exception of several forfeits during the Christmas season. For this reason, the games next year will be scheduled around the vacation.

Thanks should be given to the volunteer coaches. They did a fine job teaching these young boys the fundamentals of football. They were: Blue "Bombers" John Russ, Gold "Getters" Sam Sasher, Green "Machine" Arnold Davis and Red "Raiders" Jim Wedemeier.

City Sponsors Bike Hike For Kids Saturday Morning

The Avon Park Recreation Department will be sponsoring a Kids Bike Hike Saturday, Jan. 25 for all young people 9-16 years of age.

The hike will begin from the Rec. Center on N. Verona Ave. at 10 a.m., head out Highlands Ave., then cut over to the Sun-n-Lakes Property for a picnic lunch coupled with some games.

The sheriff's Department will assist the riders in crossing U.S. 27, going and returning. After the lunch and games, the kids will return via

the same route and will be at the Rec. Center around 2:30 p.m.

The hike is approximately 10 miles and will be a fun ride for all. There will be several adult chaperones riding with the group, plus a car will follow warning upcoming traffic of the riders. The kids are asked to bring a bag lunch and the Rec. Dept. will furnish the drinks, games and supervision.

Sign up now! A minimum of eight riders will be required, for the hike to be held.

COVERING ALL RED Devil basketball games is quite a task for the two Avon Park cheerleader squads. These three jayvee girls went to Arcadia last Friday night for the girls game while the others

stayed home to cheer at the boys games against Lake Placid. From left: Terri Landress, Penny RPadelford, and Teresa McKenzie. Sunphoto by Lew Miller.

Women Compete In Pinecrest Team Golf Meet

The Pinecrest Women's Golf Association had a best ball team event for their day of play held at 12:30 p.m., Thursday, Jan. 9.

Twenty seven golfers participated with the winning team of Helen Griffith, Henrietta Melear and Edith Godwin scoring a 61. Two teams carded a 63, their members were: Mary J. Touchton, Betty Fulton and Pat Smith; members of the second team were: Kathy Herty,

Ginny Hughes and Lena Conn.

The blind-bogey winners for the day of play were: Kathy Herty, Clair Irwin, Ida Varino, Goldie Lee and Helen Griffith.

Next weeks day of play event will be half of the handicapp.

A Pro-Am tourney for all of the lady members and handicapped guests of the Pinecrest Country Club is held at 12:30 p.m. every Tuesday.

Range Open For Camping

*The Avon Park Recreational areas will be available for camping and recreation beginning at 8 p.m., Friday, Jan. 20, and closing at 8 p.m. Sunday, Jan. 22.

All personnel wishing to utilize the Air Force Recreational Areas will be required to check in and out with the Air Force Security Police

located in Building 425, approximately 1/4 mile past the main entrance of the Range on State Road 64.

All interested persons are urged to confirm these times prior to arriving at the Range by calling 813-452-4223.

Panthers Open Tennis Season Tuesday

With high expectations for a successful season, the South Florida Junior College tennis team opens its fourth year of tennis action on Tuesday, Jan. 24, against Palm Beach Atlantic College. This year's season includes fifteen matches with some of the leading two and four year colleges in the area.

Leading the 1978 squad is team captain, Eric Dove, a leading junior player from Auburndale and currently the number one ranked player on the team. Behind Dove in descending order are Robert Campbell, a sophomore from Sebring; Jerry Nichols, a sophomore from Sebring; Peter Ascutto, a freshman from Sebring; Ron Neely, a sophomore from Plant City; Kevin Metheny, a sophomore from Wauchula; and Jeff Brendlinger, a sophomore from Sebring.

The Palm Beach Atlantic match begins at 2 p.m. at the SFJC tennis

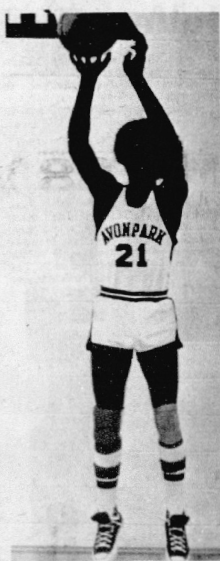

courts. The public is invited to come out and enjoy the competition.

The 1978 SFJC season includes the following matches:

Two SFJC Panthers Picked By Indians In Agent Draft

BY RICK MOYER

If the Cleveland Indians guessed right in their evaluation of two South Florida Junior College baseball players, then the Panther products, someday in the future, may get a chance to hold a pow-wow in the Tribe's teepee on the shores of Lake Erie.

At Major League Baseball's Free Agent Draft, the regular phase, Jan. 11, Cleveland picked South Florida's Tom Anderson in the First Round and Keith Hendry in the Fifth Round.

Anderson, 18, and a freshman at the

Avon Park Junior college, is a native of Brandon, having played quarterback for Brandon High School in football and the baseball team.

The 6-2, 205-lb. Anderson was the ninth player selected in the draft, quite an honor. Needless to say, he was surprised.

"I never expected something like this. I thought I'd go in the fifth or sixth round," he said. "I was really surprised."

Anderson was 4-1 as a pitcher for Brandon last season, with an earned run

average of less than two a game. He hit a modest .267, but knocked 10 home runs out of the park and that's what really impressed the Indians.

"I've already met with Indian Scout Leon Hamilton and he made me an offer of \$6,000 to sign. I told him I didn't think it was enough and that I'd like to get \$15,000 or better. He kinda hinted around that I might be able to get it and I'd probably sign with Cleveland if I do."

If Anderson does ink a pact, he will report to the Indians' spring training camp in Tucson, Ariz., on March 8.

"He's a power hitter who can hit the long ball," Panther Coach Tim Hill stated. "I think he has got great potential. He has good size and he's left-handed. He picks up things real well, he's very coachable and he has adapted well at the plate."

This is the second straight year that South Florida Junior College has had a player selected on the first round. Last year, Catcher Blaine McDonald was taken by the Chicago Cubs. McDonald didn't sign and is now playing for Florida State University.

Hendry's selection was somewhat of a surprise, especially to Hendry himself.

"I was totally surprised. I had talked with Cleveland and I thought there was a chance I'd be drafted, but I thought it would be in the late rounds," the happy youngster said.

Hendry, a sophomore at SFJC, was 1-1 for the Panthers in 1977, with an earned run average of about 3.80. He's not a strikeout hurler, but rather a pitcher who relies on throwing a slider and getting hitters to hit the ball on the ground.

A right-hander who's 6-3 and 200-lb., Hendry graduated from Tampa King High School, but now lives in Tallahassee.

"They drafted Keith for his potential," Hill said. "He's big, has excellent slider and he'll be a big winner if he learns to control his slider. He's a consistent pitcher who throws low balls. He makes hitters hit the ball on the ground when he keeps his pitches down."

"If I can get a decent offer, I believe I'll go. My old high school coach in Tampa thinks this is my best

opportunity. I'd like to get enough in a bonus to pay for my final two and one-half years of school."

Since Hill became head coach of the Panthers, four of his players have been tabbed by Major League teams. Besides Anderson, Hendry and McDonald, Buddy DeWitt of Avon Park was also taken, ironically by Cleveland. DeWitt didn't sign an In-Jam contract and is now playing baseball for Florida Tech University in Orlando.

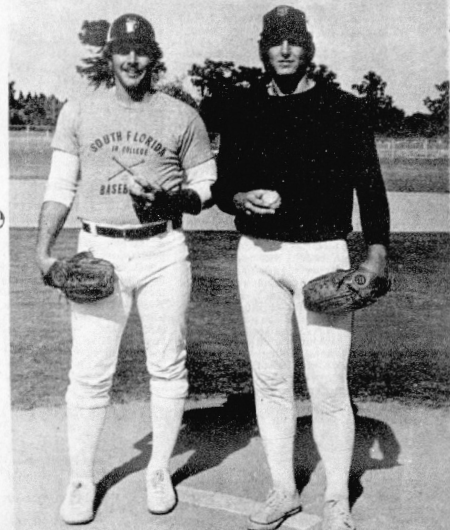

"Having players drafted by Major League teams is a big plus to our

program here," Hill added. "It makes others aware of South Florida Junior College and really helps our recruiting."

Keith Hendry will sign with the Cleveland Indians Thursday in Tampa.

"I'm happy with what I got and I'm going to go from there," Hendry said Monday morning. "This is my big chance and I'm going to take it."

Hendry will report to the Indians' spring training camp in Tucson, Ariz., in March and will be assigned to either Eastern of the New York-Penn League or Waterloo of the Midwest League.

SOUTH FLORIDA JUNIOR College hurlers southpaw Tom Anderson and righthander Keith Hendry were drafted by the Cleveland Indians. Hendry, drafted in the fifth round, is

expecting to sign today, Thursday, in Tampa. Anderson, a first round choice, is negotiating. Sunphoto by Lew Miller.

Meet The S.F.J.C. Panthers

BILLY CARY

Billy displayed a "live" arm in the fall season and pitched well enough to earn a spot on The Panthers spring roster. He is 5'10", 165 lbs., and compiled a 7-2 won-loss record at Ft. Meade High School under Coach Gary Cagliano. He played shortstop when not pitching at Ft. Meade and batted .315. Billy is a freshman and will only pitch for the Panthers.

RON BOLIN

Ron Bolin, 6'1", 160 lbs., sidesteaming righthanded pitcher returns for his second season on the mound for the Panthers. Ron was used only in relief last season and was 1-0.

He will be counted upon again this spring in short relief situations to take advantage of his good side-arming sinker. Ron played his high school baseball at Auburndale and now resides in Polk City.

Winners Of River Greens Pro-Am Golf Tourney

Will Cross, Harry Buhron, Charlie Leagans, and Usher Cobb teamed up for a best ball total of 184 points to win last week's Pro-Am golf tournament at River Greens Golf Club.

Second place went to the team of Harry Penney, Lou Vedder, Walt Kline and John Woolridge. Ten teams participated in the Wednesday event.

Individual honors went to Harry Penney and Maurice Jones in the "A" division, Stan Ficker was low in the "B" division, and Charlie Leagans was the low "C" player. Usher Cobb, just in from the cold north country, won the low "D" section prize.

Avon Mobile Home Park News

Ruth E. Robinson
Mr. and Mrs. Charles Mishey report that Charles and Ellen Mishey arrived from their farm at Mansfield, Ohio on Dec. 28, with their travel trailer. Their parents went with them to Sarasota for a visit with friends, then toured the Ringling Art Gallery, the home and the Circus Museum. Their next trip was to Fort Myers arriving back here to enjoy the New Years Eve party. The next day, Sunday, they all went to church in Tampa to visit long time friends, Mr. and Mrs. George Mayer, who was instrumental in founding the N. W. Christian Church, on Dale Mabry. The next few days they went to the Florida Keys, enjoying the sights. Citrus Tower was the next attraction after setting

Furr's Tutorial Class

Recently students in Shirley Furr's Language Arts Tutorial class at Avon Park Middle School are given an assignment of writing summaries to an article that was in their weekly paper, "Know Your World".

The article was about a young boy who was caught shoplifting and put in jail. Below are two stories picked at random.

Shoplifting
By Chester Daniels
This story takes place in New York. It is about a boy named Harry. He is only 18. Harry walked into the store, his hands were shaking in fear. He walked over to the record counter, and he waited until the holiday shoppers were gone. Then Harry made his move. He put a new hit record under his coat. He walked toward the door. Harry never had a chance. T. V. cameras followed his every move. Harry wanted a record and now he has one. Harry is in a police record! Shoplifting is a crime.

Harry's Experience
By Regina Bernham
Harry walked into the store, his hands shaking with fear. He went over to the counter where the records were. He said to himself, "calm down, one record won't matter". He waited until everyone had gone to another part of the store, then he made his move. He took a record and hid it under his coat. He started for the door with fright in his heart. Before he had gotten to the door the police saw him. They were dressed like normal people. He wanted a record and he got one: a police record!

Champus Claims In Florida

There will be a change in payment offices for all CHAMPUS claims in Florida, effective Feb. 1, stated Sgt. Jimmy Lundford, medic at the Bombing Range Dispensary. After this date, all claims are to be sent to Blue Shield of California, P. O. Box 85022, San Diego, Calif. 92138.

CHAMPUS forms may be obtained from the dispensary at the Avon Park Bombing Range, and the deductible amount of \$100 per family, and \$50 a individual remains the same, according to Sgt. Lundford.

V. F. W. Meeting
The Veterans of Foreign Wars will be holding an open meeting at the Count Building on So. Lake Ave. at Bell Street Thursday Jan. 26, at 7:30 p.m.

It is important that eligible veterans be there to help 4th Dist. Command H. O. Gaudin and his staff determine the count of our Avon Park Post 7872 to take to safeguard 11 charter.

A buffet is also planned for the evening.

back here to rest up and leave on Saturday the 7th of January in cold weather. "Mom" and "Dad" Mishey say they enjoyed their visit, but it is mighty quiet now.

Thursday game night was well attended with 29 there. Games played were Uno, Euchre, and Racco. Glad to see some new faces in with the usual ones all having an enjoyable time. Mr. and Mrs. Warren Couter spent an enjoyable three weeks from Dec. 17, 1977 to Jan. 7, 1978 with their daughter, Dorothea Berjay, son in law Gene Berjay, and four grand children, who live in Wilmington, Del. After Christmas they visited relatives and friends in Pennsylvania on three different days. New Years Day was spent at the home of their son-in-laws parents, Mr. and Ad Mrs. Walter Berjay. In the late afternoon, it started to snow with an accumulation of about 2 inches. They enjoyed their airplane flight both ways. On departing Florida, the pilot told the passengers to look out the windows; we were flying through a snow storm. Beatrice and Warren are glad to be back in the warmer weather!

Mr. and Mrs. Arden Stoffer from Zanesville, Ohio and Sebring, visited with Mrs. Ula Miller on Saturday afternoon.

The attendance at Bible Study on Friday was 35 interested persons. The Women's Club on Friday afternoon had 30 attending with Street No. 1 acting Hostesses. Next Thurs. will be our monthly Pot Luck. Bring your covered dish and enjoy the fellowship.

Mr. and Mrs. Warren Byrer, Mr. and Mrs. Basil Krontz and Mr. and Mrs. Lawrence Robinson spent Thursday afternoon in Winter Haven, with Lunch at Duff's and thankful for a safe trip in heavy rain. We celebrated Rosa Krontz's birthday, too!

Saturday guests surprised Lawrence and Ruth Robinson for about one hour. They were Ruth's Uncle and Aunt, Mr. and Mrs. Louis Weiss from Lutze, and their daughter and husband, Mr. and Mrs. Eugene Jaeger from Plantation, who were taking their parents home after a 4 week vacation with them near Fort Lauderdale. This was the first time Ruth ever seen her cousin, Diane Jaeger, the youngest child of Lois and Eugene. The visit wasn't long enough for the Robinsons.

Mrs. Joseph Bacon (Susan) has answered the call for school volunteers here in Avon Park, working 2 hours a week at the Elementary School Library. She will work wherever they need her.

The members of our Park are praying that Mr. A. E. Adams will have a speedy recovery from his operation. He is presently at Walker Memorial Hospital in Intensive Care. The reports are Good.

Mr. and Mrs. Mike Listenfelt from Mexico, Ind. stopped for the night at Mr. and Mrs.

Mr. and Mrs. Listenfelt from Mexico, Ind. stopped for the night at Mr. and Mrs. Lee Listenfelt last Saturday.

We welcome Mr. and Mrs. Art Elliott back to our park and do wish they will have some pleasant weather while they are here!

Mr. and Mrs. Delbert Husband visited with former Goshen, Ind. friends, Mr. and Mrs. Jake Grabill at Sarasota on Sunday; enjoying their dinner together at "Tin Pan Alley" restaurant.

The morning coffee hour was well attended by 73 residents; the "Happy Birthday" song by everyone, for 7 folks was sung and discussions of various problems led to a nomination committee to elect a Park Steering Committee, at the Pot Luck Dinner on Thursday. Let us have a very good turnout for this delicious meal!

By Joel Wright
It seems like the senior year is a year of testing, most students, and sometimes it is easy to forget the test locations and dates.

The guidance department would like to remind the registered students of testing areas and times. First, the SAT (Scholastic Aptitude Test) will be given at Sebring High School on Saturday, Jan. 28. Testing will begin at 8 a.m.

Next, there is the ACT (American College Testing Program) given here at Avon Park High School on Saturday, Feb. 11. This test also begins at 8 a.m.

Knowing these dates and locations is extremely important especially if you are a college-bound senior. Any further information needed can be acquired through the guidance department.

Student of Week
Out of 177 Juniors that took the Florida State-wide Assessment test 27 passed all sections of the test. Passing all sections is quite an achievement, but this week's featured Junior Paul Ballentine passed all sections without missing a single problem.

Paul, the fourth oldest of 3 brothers and 2 sisters, is the son of Louie and Jean Ballentine. Ballentine is the Classification Supervisor at P. C. I. while Mrs.

Ballentine is employed by Highlands County Bank. Paul also works for Highlands County Bank. He was born in Berea,

Paul Ballentine

Fla., and has lived in Ecuador, Columbia; Charleston, South Carolina, and Frostproof, Fla. Most of his schooling was in Frostproof. He came to Avon Park in the 8th grade. Having held an "A" average since he was in the 7th grade, Paul is a member of the Student Council, President of the Junior Class, and a recipient of the Math Award in Algebra I and Geometry. His favorite line of study is science.

Paul said that he would like to attend the University of Florida and major in either oceanography or architecture, but no definite plans have been made as yet.

Paul gives credit to his family when his educational achievements are mentioned. "I've got some very understanding brothers and sisters," Paul said. "Also, my parents give me proper advice when I need it. I owe everything to them."

Senior of the Week
Honors just seem to come naturally to this week's featured senior, Rufus Wilson, 196 pound fullback for Avon Park High School, has earned enough awards to open his own trophy shop.

In his history as an Avon Park football player he has been Junior of the year, team captain for a year, and All-Conference team member for three years. He has recently been voted to the Prep All-America team and is also a third team All-State team member. His most recent achievement was receiving the Student Council's "Outstanding Achievers" award for rushing for 1,537 yards this season.

Receiving honors such as the Student Council's "Outstanding Achievers" award for rushing for 1,537 yards this season. Receiving honors such as the Student Council's "Outstanding Achievers" award for rushing for 1,537 yards this season.

Bethune Cookman, and Alabama to name a few.

Rufus said that he will select the school that gives

Rufus Wilson

him the best offer, and he hopes that it's a school that is notable for producing pro-material.

This statement leads us to believe that Rufus intends to become a professional. Why not? Avon Park has already turned out an outstanding professional baseball player in Hal McKrae sm a professional football player from Avon Park would be a pleasant balance to the scale.

Gamma Alpha Chapter Meets At High School Media Center

Gamma Alpha Chapter of Delta Kappa Gamma International met Tuesday, Jan. 10, at Avon Park High School Media Center. Jean Douglass introduced Zorotha Blanding, Chairman of the Committee on Professional Affairs who was in charge of the program for the evening. A five member panel consisting of Barbara Heilig, Jean Douglass, Jamie Edge, Shirley Furr, and Marvonne Reddick each discussed a phase of the topic "Women in education and their influence."

After the panel discussion the membership gathered in groups with the group leader and further discussed the various topics presented having to do with the role of women in education, past present and future. The conclusion reached by the various groups was that women are recognized for their abilities and qualifications and can succeed in positions of leadership and authority. It was further stated that the purpose of Delta Kappa Gamma has always been to improve and further the status of women in education. As women in education are interested in educational systems let us strive for excellence and aim through education to

Tax Shows Increase In 1977

Sales tax receipts in Highlands County during the last months of 1977 continue to show increases over 1976 tallies.

According to a report issued by Florida Department of Revenue, collections totaled \$300,206 in November, 1977, up 15 percent from the same month in 1976. The 1976 total was \$261,814.

The November amount is higher than the October, 1977, total, which was \$306,440.

Receipts also rose in many neighboring counties the report shows.

However, Glades County posted a 38 percent decline in November, 1977 totals compared to the November, 1976 amount.

Collections in Glades County went from \$55,691 in October,

1976, to \$21,935 for November, 1977, over October's \$16,673.

Other counties' November, 1977, collections, with November, 1976, amounts in parentheses, include: Hardee, \$124,595 (\$107,202), up 16 percent; Okeechobee, \$145,802 (\$121,341), up 20 percent; Polk, \$442,118 (\$370,552), up 19 percent.

collections made in November, 1977, over October's \$116,673.

A large gain in receipts was seen in DeSoto County totals the report indicates.

November, 1977 totals were \$130,109, compared to November, 1976, totals of \$97,790. Gains were also seen in

applications were presented by Joan Carlton. These will be voted on next meeting.

The President announced the District III workshop for January 28 to be held at Winter Haven. This meeting is both inspirational and helpful and all were urged to attend. Refreshments were

served by the Avon Park members. All agreed it was a most interesting meeting.

The next meeting will be held February 25, 1978 at Lake Placid, Steak and Such for brunch at 11 a.m. The program, Committee to Leadership will be in charge of the Research Committee with Connie Ranking, Chairman.

JIM WOOD AND Bill Rackley, Florida Gas Company, worked to stop the gas leakage Wednesday morning, Jan. 11. The leaking lines were located next to the tennis courts in Avon Park. Sunphoto by Mitch Banks.

Gas Pipe Leak

The Florida Gas Company's crew had its hand full last Tuesday night, Jan. 10. One of the company's natural gas lines sprung a leak next to the Avon Park tennis courts on Verona Avenue. At about 11 p.m., Tuesday night workers had to service the line and turn off the gas shutting down the gas service for a small section of buildings around the tennis courts, for the following 12 hours.

The line was repaired the next morning. Repairs had to cut the broken piece out of the pipe and replace it with a new section of piping. The entire operation

look about five hours Wednesday morning. The gas was turned on shortly after the repairs had been finished, which was about 1 p.m., Wednesday.

According to A. J. Longo, District Supervisor for the Florida Gas Company, although the Avon Park Fire Department was on the scene of the gas leakage, there was no real danger from the gases. The fire department was there merely as a precautionary action. The line was containing natural gas.

Holiday Ranch News

By Barbara Ehmeyer

As in most of Central Florida the main topic of conversation at Holiday Ranch this week was the weather. Only the brave used the shuffleboard courts or went out fishing. One bingo night was cancelled, there were frequent trips to the propane gas suppliers, and the Walkers, walked to keep warm instead of for exercise. But the residents still took trips.

Tuesday, Bill and Irene Bergstrom and Bob and Mildred Savage went shopping in Winter Haven and Ft. Meade.

Thursday the Savages had dinner with Mr. and Mrs. Fred Halleck of Camden, Md. who are wintering at Ft. Meade. Friday they had visitors from Jasper, Md., and Toledo, Ohio. They were Mr. and Mrs. James Wagner, who are down here for two weeks, and Mr. Wagner's brother-in-law and sister, Mr. and Mrs. Lyle Sebring, who are wintering at Oak Garden Trailer Park. They also called on the Clair Renos and Ray Robertson.

Tuesday the Renos went to Lakeland shopping and visited Clair's brother, Seibor Reno and his wife at Auburndale.

Visitors of Mr. and Mrs. Harley Kimmerer Wednesday, were Mr. and Mrs. Ferdinand Engler of Brinkley, Ark. Al and Marian Pettys spent Wednesday and Thursday at Disney World with the Pete Mechanics. The Pettys guests, Art and Eve Jones, left for Tampa Friday but will return later.

Harold and Betty Wayman of Stuart visited the Pettys and Harold and Dot Manges Friday. They are former park residents. Thursday Bob and Mary Waltherhouse drove to Tampa International Airport to meet Bill and Leona Lynn, who flew in from Avon, N.Y., where they had been for nine days visiting their family. They all crashed at the Kapok Tree Inn.

On Friday evening Augie Tessmer showed some more of his colored slides which he and Anna had taken during the eight years they wintered in Arizona. It was in 1969 that the Tessmers, who are from Minnesota, met the Ted Lees of Ohio, who also wintered there. For the last two seasons, however, the Lees have been here at the park, and convinced the Tessmers to also come here with them this year.

Levie and Annie Adams of Gainesville, Ga. have bought Bud Wilson's trailer and will move in after a short trip, home.

New people in the park are the George Crisps of Goetzville, Md., who plan on staying for a month.

At Monday mornings coffee hour there was a discussion of first-aid and the need of having someone available who is trained. It was decided to look into the possibility of having someone come in to demonstrate artificial resuscitation and other basic skills.

Bingo will be held on Monday and Friday evenings starting this week as several of the regular players go to town Thursdays to play.

Mr. and Mrs. John Marks of Ixonia, Wis. arrived in Florida Tuesday, and had dinner with Dot and Harold Manges. Mr. and Mrs. Frank Metzger of Three Rivers, Md., and Naples spent Thursday and Friday with the Manges.

High School Review Offered At S.F.J.C.

Donald H. Farrens, Dean of the Vocational, Technical & Adult Education Division of South Florida Junior College, has announced that applications are being offered on campus during the day.

The morning class meets from 8:30 to 11:30 o'clock and the afternoon class from 12 noon to 3 p.m.,

Monday through Friday. Persons may register for one or both sessions. The registration fee is \$35 for one-half day or \$70 for the full day.

The high school review (General Educational Development) course consists of individualized instruction in reading, English, mathematics,

science, social studies and literature. Students proceed at their own pace through a carefully selected program of study and may take the General Educational Development tests for a high school equivalency diploma if they wish to.

Persons may register for this class at the College

Admissions Office from 9 a.m. to 4 p.m. from Jan. 19 through Jan. 27. Additional information may be obtained from Gene Statier or Miss Betty Carlisle at South Florida Junior College or by calling 453-6661, extension 119, in Avon Park.

Special Miracle Service To Be Held In Sebring January 21

Richard Shakarian, sent by Oral Roberts to minister healing in 26 nations, will be at the Sebring City Pier Auditorium, Saturday, Jan. 21, at 7:30 p.m. Brother Shakarian has been special guest on national television shows, including "The 700 Clubs" and "The Praise The Lord Club." Families are reunited, and there are powerful physical healings.

Brother Shakarian has ministered to as many as 16,000 people in great arenas, to reach this generation for Christ. He has conducted crusades in 32 American cities with half a million young families in attendance. Tens of thousands answer the altar call and find Christ each year.

In addition to the tremendous healings, over 10,000 persons received Jesus on his crusade to 26 nations. His father, Demos, founder of the Full Gospel Businessmen's Fellowship, recognized that Richard had, from an early age, a special touch upon his life from God.

Young Adults Plan BAFF Dinner

The Young Adults of the First Presbyterian Church are planning BAFF Dinner at the church six Sunday nights before Easter. These Dinners will be after the Special Lenten Vespers being held at the church at 5 p.m.

Planning toward the Dinners started several months ago after a Sunday Morning Worship Service. The young adults of the church met and decided they would like to think about having something in the weeks before Easter. A committee volunteered and began looking into the matter.

A committee meeting was held last Thursday night at the home of Bill and Kathy Warner to make plans for the six Lenten Dinners beginning February 12 and continuing through March 19. The BAFF Dinners will be held with all the young adults, their families and friends invited. The dinners will begin at 6 p.m.

The committee decided that one couple would be in charge of cooking the dinner and getting their friends to help. A donation of \$1 for adults and \$0 for children will be asked to help with the expense.

After the meeting in the Warner home, refreshments were served.

You too can receive a miracle just as these people have:

Ervin S. Prien-Associate Professor at the University of Florida, testified, "I stood in the prayer line in place of my brother-in-law, Frank, while you prayed for his healing from cancer. Two days later, he came home, a completely well man."

Bob and Nancy: "My husband was saved and our broken home was reunited at the altar!" Nancy says, "Thank you, Jesus, you do care about our families and you do answer prayer."

Jerry Hurst-Suffering a broken back in a head-on collision, Jerry's spine was fused rigid by doctors, rendering him paralyzed in his upper body. At 29 years of age, he was totally

disabled. After prayer, a ball of fire started in his back, that subsided to a warm glow. Instantly healed and given a new back, he can now lift his children, play basketball, work and do all the normal things as you.

Jack McCarthy-World War II Veteran, says, "Since the war, 31 years ago, I have not been able to breathe through my nose. Doctors could do nothing. Suddenly in the middle of your message, I realized I was breathing through my nose!"

Admission to Richard Shakarian's message, Saturday night is free, and men and women of the general public are invited to attend. You too can receive the miraculous glories of God.

Members of Avon Park Grange received information on the proposed playground for the Ridge Area. A Pre-School Developmental Training School, when Sharon Yarnell spoke at the Jan. 10th meeting. As an instructor at the school Sharon explained the need for proper exercise equipment. The Grange, being interested in Community Service, voted to purchase a special tube for this school.

Avon Park Grange received a \$255 Bonds and certificate of achievement as third place award in the State Grange Community Service program for 1977. Individual awards received were: Florence Mason, a first on embroidery; Ralph Fuller, a first on needlepoint; and on his cane in the Palm Craft, also a second on crewel work. Lorie Fuller received third on a color animal photo.

Part of the lecturer's program was given by delegates to the State Grange which they attended the previous week at Daytona Beach. Lorena Wyant reported that all three resolutions sent in by Avon Park Grange were approved, and she spoke on several others that were of interest to the members. She told of the Woman's Activities program and projects as outlined for 1978. The sewing contest, stuffed toys and needlework are open to non-members who are sponsored by a Grange member.

Lloyd Wyant reported on the Grange banquet and awards presented by the National Grange Lecturer Mrs. Charles F. Marshall.

The monthly birthday luncheon was held at the Club House on Jan. 11 fifteen people were present. Two ladies were present who have January birthdays, they were Mrs. Anka Westberry and Mrs. Nora Yarborough. An abundance of food was enjoyed after "Thanks" was offered by Rev. J. S. Slick.

Rev. and Mrs. Slick were guests of Mrs. Westberry. A get well card was signed by all present to be sent to Mrs. Lillie Winegard, she is recovering from a fall in which she suffered broken ribs.

Mrs. Carl Johnson read poems by Edgar A. Guest and other Writers.

Mrs. Bessie Trude spent Christmas with Mr. and Mrs. George Wanko in Arcadia. They brought her home and spent a day with her.

Mrs. Ruby Caulfield of Spring, Ohio visited Mrs. Opal Phlegar.

Recent visitors of Mr. and Mrs. Charles Marshall were Mr. and Mrs. Larry Marshall and two children of Manassas, Va., Mrs. Janice Moore of Rual Valley, Pa. and Mrs. Nancy Moore of Clearwater, Fla.

GOD'S WONDERS ARE REVEALED, NOT HIDDEN, BY AN ECLIPSE

An eclipse of the sun or moon, be it partial, total or whatever, is an exciting celestial event to most people in the part of the world where it will be visible. No matter how many of them we have already seen, they always promise a spectacular new behind-the-scenes look at the mechanics of the universe, right from our terrestrial vantage point, free and available to all. Much of our knowledge of the heavens has come as a result of these alignments of the sun, moon and earth, and they provide an even greater insight into the magnitude of God's creation. So look to the sky, enjoy the show, and on your return to earth go to the Church of your choice, where you will learn how you and this magnificent world you live in came into being.

Southside Park Community News

By Calvin Gibbs

Hi Friends, I consider it coincidental that on the very day that most of the nation was observing the birthday of the late Dr. Martin Luther King, the nation was also mourning the death of one of its beloved Senators and Vice presidents, Senator Hubert Humphrey.

These two statements were symbolic of love and the principles which are spelled out so vividly in the Declaration of Independence and our own American Constitution. Now that the two have been laid to rest, may the principles for which they lived and died still survive that these two great Americans will not have died in vain and that a government of the people,

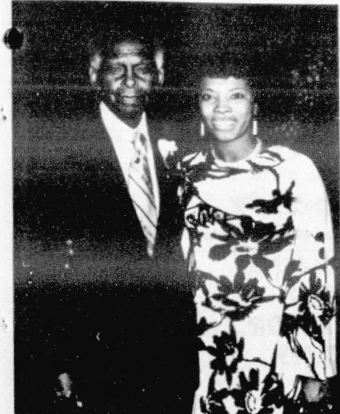

by the people, and for the people will not perish from the earth.

Church News: James Cleveland's Workshop will give a concert in Avon Park, at The Apostolic Church of Jesus, corner of Washington and Carolina, Saturday, February 4, 1978. Time 8 p.m. Come let's enjoy them together.

Special Church Announcements: The General Overseer of the Church of God by Faith who comes from Liberia (Africa) will be the guest speaker at The Church of God by Faith on Sunday evening, Jan. 22, at 7 p.m. The public is cordially invited to attend and share his message.

We Shall Overcome:

Dr. Benjamin Mays and Geraldine Adams

Geraldine Adams, daughter of Mrs. Lois Catlin is shown with Dr. Benjamin Mays in California. Geraldine currently is a senatorial secretary and director. Dr. Mays is President Emeritus of Morehouse College, Atlanta Ga. It was he who delivered the eulogy at Dr. King's funeral. He expressed that he wished that it would have been just the other way around.

Obituaries

Mary A. Stutsman, 73, of Sebring, died Tuesday morning, Jan. 3, in a Clearwater Hospital. A native of South Bend, Indiana, she had lived in the area since 1973, moving here from Lake Worth, where she had lived for 11 years, coming from Rockford, Illinois. She was a member of the First Christian Church of Avon Park.

She is survived by one son, William Lewis Stutsman, Rockford, Ill.; one daughter, Mrs. Mary Ellen Bergstrom, Clearwater; one sister, Mrs. Hazel C. Freeland, Sebring; six grandchildren and one great granddaughter.

Funeral services were held Friday, Jan. 6, at 10 a.m. at the Fountain Funeral Home Chapel with Rev. Clifford D. Click, Jr., officiating. Interment followed in Lakeview Memorial Gardens. Arrangements by POUNTAIN FUNERAL HOME, AVON PARK.

Raymond D. Rupprecht, 55, of Eight West Wolf St., Avon Park, died Sunday, January 15, at Walker Memorial Hospital. He was a veteran of WW II serving with the Air Force and retired in 1972 from General Motors.

He is survived by his wife, Phyllis Rupprecht, one daughter, Carol Vanitvel, and was preceded in death by two sons, Randall and Kevin. He also leaves three brothers, Otto, William, and Carl of Minnesota, and two sisters, Helen Russell and Irene Iverson both of Minnesota.

He was a member of the Lutheran Church of Avon Park, and a member of the Eagles and American Legion.

Services will be held at Rochester Michigan with burial at the Perry Mount Park in Pontiac.

Stephen-Nelson-Smith Funeral Home in charge of local arrangements.

Alberta Morrison, Mrs. Alberta Morrison, age 58, of 1106 W. Prairie, Avon Park, died Jan. 14, at Walker Memorial Hospital. She was a member of the Methodist Church and served with the Ladies Auxiliary of the gales.

She was preceded in death by her husband, Walter Morrison, in October of 1977.

She is survived by her husband, Frank Junn, and four sisters, Mrs. Ellen Kosco, Mrs. Francis Morgan, Mrs. Laura Kowalski, and Mrs. Martha Lusher.

Services were held Tuesday, Jan. 17, at 11 a.m. at the Stephenson-Nelson-Smith Chapel with Rev. V. J. Ragsdale officiating. Burial followed in the Lakeview Cemetery.

Stephenson-Nelson-Smith Funeral Home in charge of arrangements.

Lola C. Burgher, Mrs. Lola C. Burgher, 79, of Coatesville, Missouri and a winter resident of Avon Park, died Friday morning, Jan. 13. A native of Brown Co., Ohio. She had been a winter resident of Avon Park for the past 34 years, and was a member of the Holiness Church.

She is survived by her husband, Mr. John C. Burgher, Coatesville, two daughters, Mrs. Doris Beeler, Coatesville, Mo., and Mrs. Betty Swan, Kansas City, Kansas; one sister, Mrs. Edna Burgher, Kansas City, three grandchildren and seven great grandchildren. Visitation for friends was held Friday, Jan. 13 at the Fountain Funeral Home Chapel from 7 p.m. til 9 p.m. and Saturday Jan. 14 from 9 a.m. til 12 noon.

Funeral services were held Saturday Jan. 14, 2:30 p.m. at the Avon Park Camp Tabernacle with Reverend Joe Benson, Reverend Byron Schorthinghouse and Doctor Don Morris, officiating.

Mrs. Burgher was sent after the services to the Norman Funeral Home in Lancaster, Mo. for final services and interment in Coatesville, Mo.

Arrangements by POUNTAIN FUNERAL HOME, AVON PARK.

Kerckhoff A Master Watchmaker

Enno Kerckhoff was born in Neuwied, West Germany to Mr. and Mrs. Enno Kerckhoff on June 20, 1919. His family has a history of watchmaking, dating back to the early 1800's, he is the last of generations to be a master watchmaker.

He began his apprenticeship for master watchmaker with Ph. C. Shindler at the age of 14. He was an apprentice for four years, two of that his mother had to pay the master watchmaker 45 marks a month (equal to about \$5 in US currency) for him to learn the trade. "The first couple of weeks all I did was clean the floors and wash the windows," stated Kerckhoff. The apprentice had to pay for all tools used, although Enno had most of his, as he used his father's tools.

He was gradually allowed to work on the clocks, then he went to pocket watches and only in his last year was he allowed to work on wrist watches.

After being an apprentice for two years, Enno was paid the sum of five marks a week, which at that time was about 'a buck' said Kerckhoff. The work was not done on a production scale. He went on to say that, he remembered working on a clock for as long as three months. The company he worked for didn't make any money from the project, but Kerckhoff learned in depth the trade of watchmaking. "Nowadays things are just rushed through and you don't get the training that was received years ago," he said.

He passed his apprenticeship exam, in 1938 and went to work for the master watchmaker that had taught him, Ph. C. Shindler.

During the war he served in the German Air Force in the electromechanical field. However, he returned to his hometown of Neuwied to work in his mother's jewelry store.

In 1948 he applied for and received his master's degree in

watchmaking. In order to apply for this degree you had to have at least 8 years in the trade, take a master's exam, sign up for a certain amount of work, and make a watch. In making the watch you did not have to make the face, hands, main spring or hairspring.

All parts could not be purchased as a part of the watch, they had to be altered in some way. "You had to make drawings of everything that you made, and submit them to a board of trade," said Enno. He went on to say that you had three months, to make the masterpiece, and three days for the examination. He had to face a board which consisted of 15 members, answer questions about the trade orally, work one day under supervision to make the small parts for the demo watch. Enno also said that the first day was mechanical, second theoretical, and the third day was developmental, insurance and the art of running a store.

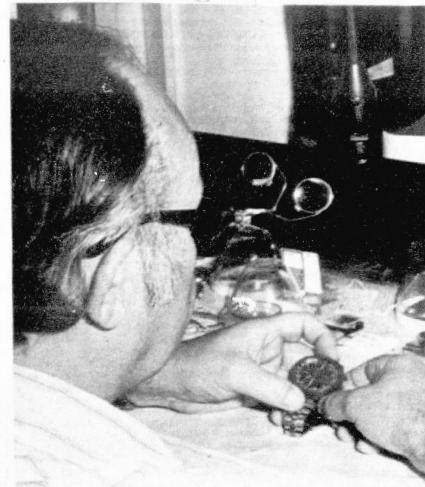

He worked in his mother store

from 1945 until 1953 at which time he and his family immigrated to Canada. In Toronto, he was employed as a watch repairman, and later store manager.

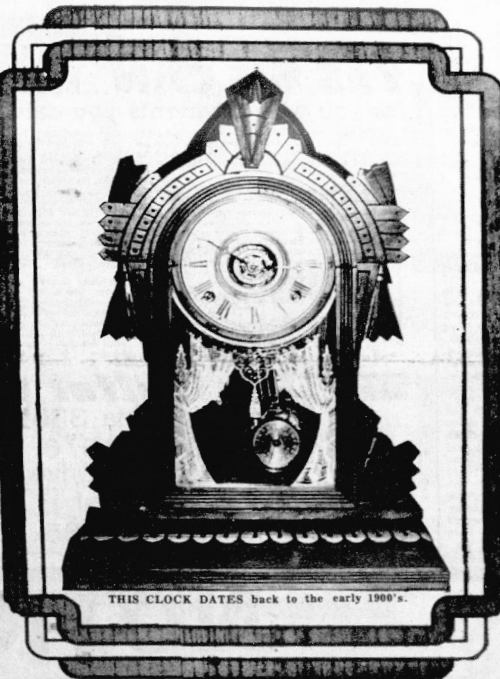

In 1963 until 1970 he went back into the electro-mechanical field, as wages for watchmakers in Canada was very poor at that time. He worked as a mechanical technician I and later as a Q. C. Inspector with the Litton Systems of Canada.

In 1970 he returned to his watchmaking career as Canada had cut back in her defense spending which eliminated Enno's position.

His last job in Canada was watch repair manager of Henry Birks and sons, Limited, for the Ontario operation for 15 stores. At that time, there were 12 watchmakers and one clockmaker under Enno's supervision, and their daily output in repairs was approximately 65 watches.

HERE HE IS examining a watch that a customer has brought in for him to fix.

THIS CLOCK DATES back to the early 1900's.

An old clock Mr. Kerckhoff worked on in Germany.

ENNO'S HOME IN Germany. Notice the watch making shop located below their home.

When asked what made him and his wife come to the Avon Park area, Kerckhoff replied, "We saw a small advertisement in a jewelry magazine, advertising a small jewelry business for sale. We inquired about it, and on our vacation came down to see it, like the town, and decided to buy."

Coming to the United States to live and open a business was not an easy one for the Kerckhoffs. It took them ten months before they could get a Visa to the United States from Canada. Although Enno had been a resident of Canada for 23 years and a possessed Canadian passport,

he had to get a security clearance from Germany from 1933 until he left there. Also, they had to prove that in coming to the United States to live, that they were not taking over a job or position for an American. Therefore, the previous owners of the store had to get an affidavit

stating that they had advertised in the United States and that they could not and anyone that would take over the store. The Kerckhoffs also had to purchase an existing store, they could not and were not allowed to come and start a new business.

The Kerckhoffs, Enno and Claire have been in Avon Park for three years. They own and operate the Kerckhoff Jewelry and Watchmaking shop on 902 W. Main St. They have two children, Enno III, and a daughter Edith. They both are married and residents of Canada. Edith and her husband, Paul, have a son, Martin. Enno III and wife Lynda, are expecting a baby this spring.

Enno, restores old clocks and watches, designs jewelry, repairs stone settings, and does machine engraving.

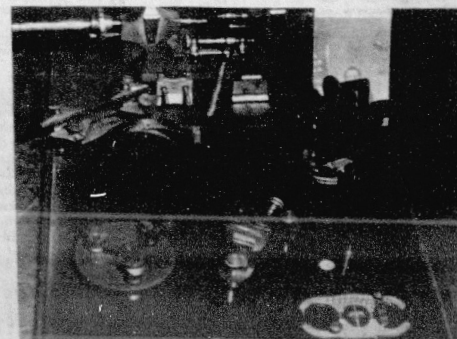

Mr. Kerckhoff has renovated his shop this past year, had a new store front added, along with a new display case.

Enno has been in watchmaking business for 45 years. Photography is his hobby. He got his first camera at the age of 10 and his interest has increased since that time. At the present he does not develop his own film, but he did when he was in Canada and Germany. He is at the present interested in taking aerial photos of Avon Park for his collection. His son, has carried this part of his father's history as he has developed a technique of his own and has taken some superb photos.

Kerckhoff is now serving as Vice-president of Central Florida Watchmakers Guild and is a member of the Avon Park Rotary Club. Claire is presently serving as secretary of the Rotary Inner Wheel and is a member of the Avon Park Woman's Club.

The Avon Park City Library is continuing the FREE FILMS FOR RETIRED CITIZENS. Every Tuesday at 2 p.m. there is an hour of films presented in the Dawson Room of the library and there is no charge. Films to be shown for the next several weeks include:

THE LOUVRE — a film essay which not only presents the Louvre as the architectural phenomenon it is but also illustrates the growth of its art collection and historic highlights of this historic French museum, with its collection of more than 300,000 art masterpieces, right into the library.

AMERICAN WILDERNESS — Man needs space to reflect, and in contact with an unspoiled nature. Our technological society exerts great pressure on wild areas in terms of development and raw materials, and also in terms of recreational use. This film, photographed in the remaining wilderness areas of the western U. S. shows that they must be

reserved in spite of these pressures. Once destroyed they cannot be legislated back into existence. An NBC special.

IN SEARCH OF ANCIENT ASTRONAUTS — Man's pre-history and past history still remains shrouded in mystery to a great degree. Countless discoveries of archeological value have generally raised more questions rather than answering the ones we have. The most penetrating question that still remains is the origin of man. To answer that question Erich Von Daniken wrote a book, *Chariots of the Gods*. This film, narrated by Rod Serling is a graphic explanation of the ideas contained in that book. This was an ABC special.

JAMES DICKNEY — A poetry experience in film that does not "teach" history. The words of the poet and the people he talks to and the camera that follows him for three weeks on a Disney barn-storming tour for poetry project, an experience in which both students and teachers and audiences share. The film is to help you break through to involve you in the actual thoughts and feelings of a

man who happens to write poetry.

THE OLYMPIC ELK — The spectacular story of the majestic and magnificent elk who annually complete a thrilling trek through Washington wilderness. This film presents scenery and creatures of nature seldom seen by most.

THE GODS OF JAPAN — The often subtle and complex developments of the dominant Japanese religions — Shinto and Buddhism — are traced through the centuries and into the present day. You will see a colorful Shinto harvest, hear an explanation of Buddhism by a prominent professor of philosophy and visit Japanese rural and urban families.

JOURNEY TO THE HIGH ARCTIC — A National Geographic film which explores the barrens of the Far North glaciers, tundra and ice-choked seas in search of wildlife. Zoologist Albert Oeming seeks to capture not to kill, but to study and to preserve the species by breeding them on his 1500 acre Alberta Game Farm. You will visit a nursery of white arctic hares that hop like kangaroos. See a caribou round-up where 2 day old fawns outrun a man. Watch Indians tag white whales for migration tracing, then fun ride them bareback through the shallows of Hudson Bay.

EASTER ISLAND, PUZZLE OF THE PACIFIC — Easter Island is a tiny volcanic speck — fourteen miles long and seven miles wide — one of the most remote and isolated inhabited islands in the world. Easter Island produced a culture which has astounded all who have come in contact with it. Who were these people? Where did they originate? How did primitive people, without metal tools and knowledge of the wheel, carve and transport for many miles huge stone statues — some of which were over 30 feet tall and weighed 80 tons? What was the cause of the total destruction of the astounding culture? This film provides a fascinating theory based on intensive research to solve this puzzle.

Audubon Nature Film Series To Be Presented

On Jan. 27 the first of the 78 Audubon Nature Film Series will be presented by Burdette White, lecturer

Burdette White

and photographer. The film will be shown at 8 p.m. Friday, Jan. 27 at the Lake Wales High School Auditorium. Regular admission is \$2, students single admission fifty cents. A native Californian, Burdette White has made his love of nature the focus of his life. Mr. White earned his Bachelor's and Master's degrees from University of California, concentrating on zoology, entomology and botany. His career in public education began with a teaching post in high school biology, then administrative work, and eventually a fourteen year stint as Superintendent of a Southern California high school district. In 1967, alarmed by the accelerating deterioration of the environment, he turned his lifelong avocation of wildlife filming and conservation into a new, full-time career. Three years previously, the Photographic Society of America had paid recognition to Mr. White's outstanding record in the field of nature photography by awarding him an Honorary Fellowship. He has served for many years as a Director of Defenders of Wildlife and of the Desert Protective Audubon Wildlife Film producer and speaker since 1970.

There are approximately 104 species of fauna in the United States listed as endangered. Over the years, Burdette White has become increasingly concerned about the depletion of these species, and his concern prompted him and his wife to invest a great deal of time, travel, and energy in producing a program which would feature threatened U. S. wildlife, explain some of the reasons for the predicament of these species, and offer

suggestions for their preservation. This collection of film studies also includes California's Owens River pupfish (miraculously saved from extinction), the desert slender salamander, Alaska's grizzly bear, the persecuted grey wolf, Kirtland's Warbler, Florida manatees, Florida Everglades Kite, the whooping crane, and many more. The filming of Vanishing American Wildlife demanded considerable effort, and because Burdette White is a superior photographer and filmmaker, the result is a unified, engrossing work. Says Burdette: "If this film helps to encourage the public support needed to save our precious vanishing American wildlife, we shall consider the effort it took well worth the giving."

Fewer Average Income Families Able to Afford a Home

In a report entitled "The Nation's Housing, 1975 to 1985" released in early March, 1977 by the Joint Center for Urban Studies of Harvard University and the Massachusetts Institute of Technology, (families of average income are increasingly becoming less able to afford a home. The report

charges that, "despite half a century of government support to help American families realize the traditional dream of home ownership, families of average income are now less able to afford a home than 10 or even five years ago." If the trend of the last five years is projected into the future, a typical new

house will cost \$78,000 by 1981. If this happens, not only will the poor be priced out of home ownership, but so will the middle class. Then only the most prosperous will be able to afford new homes.

YES WE CAN ...build a new home for you with payments you can afford.

It's true! New home prices are higher this year than last... and, if the experts are right, they'll be even higher next year. However, in spite of rising costs, Jim Walter continues to custom build homes that most families CAN afford.

Don't wait! Take advantage of this year's savings. Build now and avoid the rising cost of material and labor. Build now! A new, permanent home built on

your property, is STILL today's best investment... an investment that will grow in value year after year. Build now! Jim Walter has a plan to save you hundreds and hundreds of dollars. Here's how it works: We'll custom build your new home to almost any stage... from the "shell," up to 90% complete. We'll finish the outside from the foundation up, including two coats of quality paint. Then, on the inside, you tell us how much to finish. Where we stop is pretty much up to you, but the more of the inside finishing you and your family do, the less your cost will be. YES WE CAN build together... and you'll have a home you can afford.

To make it even easier for you to buy your new home, Jim Walter offers one-stop INSTANT mortgage financing to qualified property owners. There's no red tape and no "third party" delays because your Jim Walter representative handles all the details for you. He'll also tell you exactly what your monthly payment will be, before construction begins.

Bonnie Brae Mobile Park News

By Margie Wells

It was standing room only again at coffee hour last Wednesday as this still popular get-together at the park. Catherine Curry and Lena Sinatra were the hostesses. Della and Raymond Spores from Bluefield, W. V., were introduced as new residents. They are residing in the home formerly owned by the Johnsons. Howard Mallinger gave a reading, "A Tourist's Prayer" and Joe Asher told one of his jokes which entertained everyone. Dan Bohland, our manager, received much applause when he announced that the city council had approved the placement of travel trailers in the new section. Come on out next Wednesday and enjoy the fun, good coffee and doughnuts!

We all wish to extend our sincere sympathy to Bea Kossack on the sudden death of her sister, Hazel. Many of us knew Hazel who ran the fruit stand on U. S. 27 and she will be missed by all of us.

Ann Griffin would like to thank her many friends for a very surprise birthday party which was held at the home of Ruth Smith. She would also like to thank all those who sent cards. One of the cards which she received was from Ella Drake who is visiting her brother in California. Ella said to tell everyone "hello", the weather was fine and she was going to see the whales that are there at this time.

We would like to welcome Evelyn and Lawrence Irvin from Fenton, Mich., to our park and hope they will join in all the activities. They have purchased one of the double-wides in the new section and are friends of Helen Dyce.

Emily and Frank Webster entertained visitors on two different occasions this past week. Judy and George Veale arrived early enough in the morning to observe the "can-can" exercise by the exercise girls. Then, Frank's brother-in-law, Dr. Lawrence Carlton from Hartford, Conn., came over from Englewood. He is here on a week's vacation to open his parents' winter home in Englewood.

Visitors at the home of Ellen Hunt this past week were her son and his wife, Bryce and Carol Hunt, and their children, Becky and John, from Wisconsin Dells, Wis. Mildred Fuchs of Columbus, Texas, is also visiting with Ellen.

Cecil and Gerda Messenger from Cory, Penn., are visiting with Dorothy Carroll for a week. The Messengers plan to be in Florida for six weeks visiting relatives and friends.

Week-end visitors at the home of Dorothy and Karl Hart were their son and his wife, Dr. Thomas L. and Sherry Hart, and their son, Christopher, from Tallahassee.

Margie and P. D. Wells entertained Margie's brother and his wife, Leonard and Betty Harsh, from Fort Myers over the week-end. On Saturday night they had a combination birthday-anniversary celebration. Both Betty and Leonard had birthdays during the week and Margie and P. D. had a wedding anniversary. The nicest part of the

celebration came when Leonard and Betty's son, Richie, called to them they had a new 9-lb. 7-oz. granddaughter.

We understand the slides shown on Friday night the past two weeks have really been "super." Steve Bohaychuk and Rev. Bryce Hunt showed the slides and

everyone who attended enjoyed them very much. Also, the game night on Saturday night is being very well attended and everyone is having lots of fun. How about joining us on Friday and Saturday nights?

Don't forget the pot-luck dinner which will be held

this Saturday, Jan. 21, at the rec. hall at 5 p.m. It promises to be different as no plans have been made, so bring your favorite dish and come on out for a lot of fun.

Public Hearing On Added Grapefruit Promotion Tax

The stage was set by the Florida Citrus Commission for a public hearing on Tuesday Jan. 24 to consider a marketing order that would put to a vote by grapefruit growers the matter of additional taxes to increase promotional support of Florida fresh and processed grapefruit.

The Commission voted to schedule the hearing following a Florida Department of Citrus staff recommendation and after listening to an outline of plans for boosting advertising and promotional efforts for a rapidly expanding grapefruit crop.

As proposed by the staff, the projected programs for processed grapefruit would call for borrowing a half-million dollars during the current season from processed orange accounts

and repaying the loan in a subsequent season. The Department of Citrus proposal would place an assessment of three cents on each box of grapefruit for processing and five cents on every box for fresh shipment over a period of three years, beginning August 1. The additional five cents for fresh fruit would be split with three cents to generic advertising-promotion activities and two cents to brand advertising rebates. The three cents for processed grapefruit would be applied to generic advertising-promotion activities. The marketing order, then a referendum of growers would begin on February 9 and continue for one month, with results to be announced during the March meeting of the Commission.

Winter Guest Club News

Pinochle

On Jan. 9 there were 11 tables for pinochle with the high going to Mabel Crocker with 782 and Cleon Wells in second place with 746.

Bridge

On Jan. 10 there were 6 tables for bridge. William Porter was high with 4440 and Marjorie Sherman was next with 4130.

Jan. 12 there were seven tables for duplicate bridge. North-South saw first place going to Marge Flesher and Carlo Scaravilla, second to Clyde Getchell and Meredith Reany, third to Gil Beane and Tom Chase. For East-West it was Jean and Mac McDougall in first place, William Porter and Maurice Brevoort second, Ada Johnson and Ethyl

Hardin third.

On Thursday evening Jan. 12 about seventy-five members enjoyed one of the special programs scheduled for those times. Evelyn Jones and the Junior Highlanders presented a very entertaining and enjoyable program. The reaction of the crowd by their applause was indication indeed of their approval. It was truly a treat and enjoyed by all those present. Each member of the Junior Highlanders and the director surely deserve a lot of credit and our compliments.

Robert Myers Completes Recruit Training

Marine Private Robert F. Myers, son of A. Leach of P. O. Box 432, Avon Park, Fla., has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S. C.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle. A 1977 graduate of Avon Park High School, he joined the Marine Corps in September 1977.

Wife Of S/Sgt Rabew Enlists In Air Force

Enlisting in the United States Air Force is Debra L. Ranew, wife of S/Sgt. Larry J. Ranew Sr. of 255 Lotella Park Apts., Avon Park, Florida.

Airman Ranew entered the Air Force's Delayed Enlistment Program (DEP), which permitted her to depart on a selected date within the next nine months. She selected July 1978 as her entry date for active duty, although she is already accruing time in service for pay purposes as a member of the DEP.

Airman Ranew successfully completed a series of tests which qualified her to enter the Law Enforcement Specialist field of training, after completing six weeks of basic military training at Lackland AFB, Texas.

A 1974 graduate of Lake Weir High School, Airman Ranew was enlisted into the Air Force by Sergeant Ray J. Gutzler of the Lakeland Recruiting Office.

Sharon Williams Enlists In Air Force

Enlisting in the United States Air Force is Sharon L. Williams, daughter of Mr. and Mrs. Willie L. Hawk of 213 Beulah, Avon Park, Florida.

Airman Williams entered the Air Force's Delayed Enlistment Program (DEP), which permitted her to depart on a selected date within the next nine months. She selected August 1978 as her entry date for active duty, although she is already accruing time in service for pay purposes as a member of the DEP.

Southlands Court News

By Frank White

There was an art in last week's column. Instead of eleven ladies attending for ceramics painting at craft class it was real. I visited the class in the last few minutes, saw eleven, reported it. Two had already finished and departed. It pays to ask. While there I found that Mr. Waters is an alumnus of the same university from which I graduated, neither of us ever having worked in the specialties for which we prepared. More later about craft class, and keep coming girls!

Women's shuffleboard Thursday, Jan. 3 was a happy surprise for the chairman, as nine appeared without anyone going out to recruit players. Martha Long and Clara Davis were the team that won three games.

Friday bingo Jan. 6 had a good turnout of 23 players. The coverall was shared by Dot Lavery and Stella Mott. George and Clara Davis who reside in Maine when not here in Southland Court, had as guests on Jan. 4, Mr. and Mrs. Arthur Bullen of New Sharon, Maine and Mr. and Mrs. Herbert Bullen of Chesterville, Maine.

Men's shuffleboard Jan. 6 had both our courts filled with the team of Leo Breister and Gilbert Longbons winning three games. This Breister is some chairman. He not only pays close attention to the courts, he gets out enough players on time, and then he shows them how the game is really played. His winning streak is pretty lengthy.

Tuesday morning coffee hour had 19 in attendance, with the overnight temperature dip a chief item of conversation to start, branched off into other topics for about an hour.

Mrs. Nickerson has sold her mobile home at N.O. 150 to Lloyd and Madeline Clark who had been living in their large travel trailer at N.O. 131. Lloyd was confined for a while with a heavy cold but finally recovered sufficiently to move from one end of the court to the other.

A court pot luck dinner will be held at the Rec. Hall Thursday Jan. 19, at 5 p.m. This one should be the best attended of this season, as we are all here now. Surely all are familiar with the rules regarding what is to be brought to the dinner. A very important item is yourself. Come out and see the people you don't see at other affairs. Now if Bessie Paxton intends to bring the

pieces pudding - Tuesday afternoon's craft class on Jan. 10 continued painting ceramic items under the direction of Mr. Waters. The next instructional project proposed for craft class is raffia basket weaving. Tuesday evening's Game Night set a record with 23 attending. They spent an

enjoyable evening with two tables playing aggregation, three tables of five hundred, one table of euchre. The chairman was gratified with the good attendance and is open to suggestions if you have any other games in mind. Edith Oelschlager has been confined to indoors and little activity the last

few days, ordered by the doctor to take it easy and do little or nothing. Arent and Majorie Flint live next to the shuffle courts, but don't get out to many functions, as Mr. Flint is not able to get around as well as some of us. But, their relatives visit, as witness the number who got in from distant places

over the holidays and even later. First, Mr. and Mrs. James Werlinger, Wendy and Alecia from Colorado Springs, Colo. also Mr. and Mrs. Forrest Flint of Pierre, S. D. and Janet Flint of the University of South Dakota and Vermillion, S. D. Some of these departed, but Mr. Flint's birthday

was Jan. 10, so Mrs. Mike Zvolena and daughter of Loyal, Wis., also Frances Flint of Corpus Cristi, Texas, Janet Flint, mentioned above, and Mrs. Candace Payton and son Nicholas with Eugene Flint, the latter three from Avon Park all helped celebrate at Flint's mobile home. Eleven people from five

states, four of them distant states. Wonder if they have any relatives in that well known city in Michigan? All for now. Health and happiness to all.
