

Avon Park Winter Guest Club News

By Illeen Kull Shuffleboard

On September 9, with five courts at play three game winners were Twylla Wuzster, Kellie Larrew and Clay Kull. On Sept. 13 with five courts playing, the three game winners were Clay Kull and Alton Wetmore.

Pinochle
On September 8, with three tables the high scorer was Theresa Jank, 770 and second, Grace Rommily 715. Sept. 11, saw three tables with scorer being Fanny Klenk, 586 and second high Mazie Sarnes.
New Members
Sam and Reva Lewis were

introduced to the shuffleboard players by Howard Long. The Lewis's have moved here from Findley, Ohio.
News From Our Northern Members
Juanita Bruce writes that her daughter Doris accompanied them on a trip to Denver to visit her son but on

account of illness returned to Michigan. Now she and Wesley are planning to leave for Avon Park soon after Oct. 3.
A letter to Sarah Spindler from Jean and Mac McDougall tells of an interesting summer at their college on Georgian Bay, which will come to an end after Labor Day and they will

return to their farm and then to Avon Park in November. Jean says that Erwin and Ada Johnson have had a sad summer. Ada lost a sister, and has a brother - in I.C.U. and another brother-in-law to have a lung removed soon. Ada's sister and her family are staying with them so Erwin

and Ada will be busy for some time. Regards from the club and a speedy recovery.
Welcome Home
Mildred and George Tissot vacationed in Cincinnati, Ohio visiting their two sons and families and welcomed a new granddaughter. Then on to St. Louis, Missouri to visit

Mildred's mother. They have just moved into their new home at 28 W. Orange, Avon Park. Many happy years there.
Paul Swearingen is back in Avon Park after an interesting summer. He says "I spent some time in Seattle, Wash. where I enjoyed cruising on Puget Sound on my son-in-

law's boat. Then on back to Michigan where I had a nice visit with my wife and Charlie. In Detroit I met Agness Dendler, Bernice Brown and Alice Shader and had a nice lunch and visit. They also Ethelyn Hoard. I did have a conversation with Howard Robertson while in Detroit. It is so nice to come back to Avon Park where the people are concerned about you. They become folks and it is so nice, just like coming home."

Dorothy and Henry Barnett are glad to be home, but wish that they could have brought back some cool weather. On their way home they stopped for a short visit with Dorothy's cousin who lives on a large farm in Illinois. While there they enjoyed going out into the pasture to see sixteen small calves. Then another sight which they enjoyed was seeing the Moarch butterflies that stop there every year on their migration. Seeing hundreds of in the trees will be long remembered.

Hospital Report
Richard Meyer is seriously ill in Walker Memorial Hospital. Charles Butrup is now recovering from surgery and is looking forward to the day he will be on the shuffleboard courts again.

Death Notice
We have the sad news to report the death of Elsie Dickerson of Columbus, Ohio who was killed in an automobile accident Tuesday, Sept. 12, in Columbus. Her husband David was injured but we do not have the details, so do not know how badly he was hurt. Elsie will be remembered by many members of the craft class as she was a faithful member.

Welcome home Aileen and Duke Christensen who have spent the summer at their home in Northern Michigan on Brevoort Lake.

Avon Mobile Home Park News

Ruth E. Robinson
The Lawrence Robinsons spent a few hours last Sunday with Mr. and Mrs. Tom Basin, formerly of our park, enjoying reminiscing for a while and several games of dominoes. Helen and Tom want to be remembered to all their friends and say they miss them a great deal. "Doc" and Pat Fields were home, and Pat is recovering from her fall and broken hip, using a walker to walk outside and suggest garden culture, etc. to Doc while he follows through; Doc has been painting some lovely pictures, and one a very good Clown with all the paths of the real person.

Delaney Heights News
By Mrs. Charles F. Marshall
The monthly birthday luncheon was held at the Delaney Heights on Wednesday, Sept. 13, and there were no birthday celebrants present.

Get well cards were signed for Mrs. Lillie Winegard and Charles F. Marshall. Mrs. Bessie Trude visited Callaway Gardens and other areas in Georgia.

Miss Sandra Schnell of Seattle, Wash., visited her grandmother Mrs. Esther Boward, also her uncle and aunt the R.J. Bowards of Sebring.

Mr. Luis Madrell has been enjoying the overseas trip of her son George and wife Norma, via their itinerary which was sent to Lu including the flight from Chicago to London a seven hour flight. The following cities were visited and explored: Netherlands-Amsterdam, Germany (Cologne, 75 Karlsruhe), Lucerne, Switzerland; Innsbruck, Austria; Venice Italy, San Marino, Italy, Rome, Italy and Nice, France; Grenoble, France, France; then landing in Chicago on Sept. 22. The enjoyment of "traveling with them" has been most interesting to Lu. She is also expecting her first grandchild in October. Another thrill for Lu was the announcement of her oldest grandson who is a registered Pharmacist, attending the University of Chicago, made the Dean's List and received a scholarship for this next year, planning to study Administration.

The sympathy of friends here is extended to Mrs. Harold Patten and family Mr. and Mrs. Joseph Maslah from

Timberlake, Ohio and children at this time of sorrow. Mr. Harold Patten passed away on Saturday evening while in the Winter Haven hospital. Mrs. Patten will remain in Avon Park and Stephen - Nelson - Smith funeral home arranged the interment after a memorial service at the Lutheran Church in Avon Park.

College Night Program Planned

Dr. Dan Davis, Superintendent of Schools for Highlands County, announced plans recently for the annual College Night Program. Over forty colleges and the armed services are expected to send representatives to the Highlands Agri-Center, Wednesday evening, September 27, 7 - 9 p.m. Bands from Avon Park, Sebring and Lake Placid High Schools will be providing music throughout the evening.

Junior and senior students and their parents are strongly encouraged to attend. Students and parents will be provided an opportunity to explore the various options for further education beyond high school. Parents of younger children are also encouraged to attend in order to plan ahead. College costs are averaging from \$400 to \$4,500 per year. A student planning to attend South Florida Junior College and living at home could expect to pay approximately \$400 for tuition, fees and books. At a state university the costs for tuition, books, fees, room, board and minimal personal expenses average \$3,500. Private school expenses average \$4,500. All of these schools offer some form of financial assistance, including scholarships and grants. Often students need to start planning their courses as early as the ninth grade in order to be prepared to enter a specific program.

A variety of information will be made available during the evening. Private colleges, state universities, junior colleges, vocational schools and out-of-state schools will be represented and will have their catalogs and bulletins.

The Army, Navy, Air Force, and Marines will have representatives to explain programs, benefits and enlistment procedures. The representatives will also have information concerning the academies and other military educational opportunities.

For more information call Don Francis, Director of Student Services, 382-1121, ext. 216.

Mays Speaks To Kiwanis Club

Harley Mays, instructor in accounting and economics at South Florida Junior College, spoke to the Kiwanis Club last Tuesday, Sept. 19, at the Kiwanis Club in Jacksonville, also some old time friends there.

Mr. and Mrs. Conrad Hall of Lawrenceville, Ga., were guests of Mrs. Bessie Trude.

The October luncheon is scheduled for Wednesday, Oct. 11.

College SAT Tests Offered

The College Board is asking students who plan to take the Scholastic Aptitude Test (SAT) on October 14 to send in their registration forms as soon as possible.

College Board officials caution that a possible interruption in mail service could affect the normal test registration process. Students whose registrations are received prior to a strike will be assured a place at a test center.

The College Boards - the Scholastic Aptitude Test and the Test of Standard Written English, and the Achievement Tests - are required or recommended by the admissions policies of many of the nation's colleges and universities.

Obituaries
Harold Bernard Patten, age 78, of 150 N. Lake Ave., Avon Park, passed away Saturday at Winter Haven Hospital after an extended illness. He had retired from the Electric Auto Light Corp. in 1963 as a Shipping Foreman and has been in this area since that time. He was a member of the Resurrection Lutheran Church in Avon Park, and served in World War I.

He is survived by his wife, Mary Tuttle Patten, one daughter, Mary Lynne March, one brother, Lavon Patten, two sons, one Lee Sheahan and Marjorie Patten, and two grandchildren. He was preceded in death by a son, Robert J. Patten.

Services will be held Tuesday, Sept. 19, at 11 a.m. at the Resurrection Lutheran Church with Rev. Elmer Gregg officiating. Interment followed in the Bougainville Cemetery.

Visiting hours were from 7 p.m. till 9 p.m. Monday evening.

Stephenson - Nelson - Smith Funeral Home in charge arrangements.

Mrs. Leira Ellen Borden, 49, of Avon Park died Friday morning Sept. 15. A native of Hopeston, Illinois, she had lived in Avon Park for 24 years moving here from Indiana. She was a member of the First Christian Church. She was a member of the Wives Club at the Avon Park Bombing Range.

She is survived by her husband, Mr. Rue H. Borden, Avon Park; three sons, Rue A. Borden, U.S. Army, Korea; Lloyd Ray Borden, Indiana and Glen Borden, Tenn.; one daughter, Miss Lyndi Dawn Borden, Avon Park; four grandchildren.

Visitation for friends was held Saturday evening Sept. 16 at the Fountain Funeral Home Chapel from 7 till 9 p.m., after which Mrs. Borden was sent to the Alexander Funeral Home in Gallatin, Tenn., for service and burial in the Crestview Memorial Park Cemetery, Gallatin, Tenn. Arrangements by Fountain Funeral Home, Avon Park.

Parents Urged To Attend Meeting At School

Parents of pre-school and elementary children are invited to be part of a discussion group beginning Tuesday evening, September 26. The group, led by Maryanne Reddick, will meet from 7 to 9 p.m. at the Hopewell Elementary School library. The sessions will continue weekly for approximately 8 weeks.

The following questions will be topics for discussion: How can you be a better parent? How can you understand your child better? How can you get your child ready for school? How can you help your child be successful in school? What are

some activities that will help your child?

The group is sponsored by the Highlands County School Board in cooperation with the South Florida Junior College Community Instructional Services Department. There will be no registration fees charged for the classes.

Children will be bringing home additional information about the group's meetings. All parents - both of pre-school and elementary students - who are interested in talking about ways to help their children are encouraged to attend.

Smoko Says:

Gentlemen Prefer Bonds.

So do ladies. And there's good reason. You see, United States Savings Bonds are one of the best ways to save. They're easy. And safe. They're easy when you buy them automatically at work, through the Payroll Savings Plan. And they're safe because they're guaranteed to pay off every time. So whether you wear a white collar, blue collar, lace collar or no collar at all, buy Bonds. They're a great way to save. And that, ladies and gentlemen, is something you'll find quite preferable.

Series E Bonds pay 6% interest when held to maturity (45 years (41% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Howard Takes One More Shot At Council

Milton Howard, long time resident of Avon Park and a 10-year veteran in city government, has become the first candidate to qualify for election to the Avon Park City Council.

Howard, who served as a councilman from 1966 to 1976, also holds the record as the highest vote-getter in a city election. He won 815 votes one year, more than any other candidate has ever received in a city election.

One of the basic platforms in his campaigns would be his experience in city government, he said.

"I'm an experienced city councilman. Nothing beats experience," he said.

"I enjoy doing things for people. I like people and enjoy doing things for them. I

want to see more progress in the city," he said.

The ex-city councilman said he felt the poor housing in the city and the junk cars were a big priority, and a big eyesore, for the city.

"One of the main things the city needs to do is to do away with bad housing and junk cars. We need to improve the housing conditions."

Howard said that, while on the council, he had been a supporter of the recreation department, the city baseball complex and the library.

"I pushed for all those things," he said.

In 1976, though, Howard was one of the councilmen who advocated removing

Recreation Director Dennis Guenther from his post. In January of 1976, Howard nominated Kenneth Tate for the post of Recreation Director.

Later, council members reappointed Guenther unanimously after citizens filled the council chamber to standing room only capacity to protest the possible termination of Guenther.

This year Howard remarked the recreation director was a "mighty fine fellow."

In regards to the city council, Howard said "There's a whole lot of disagreements. They shouldn't go there and argue. They should be like gentlemen and discuss the issues of the city

and do what they can for the people in the city," Howard said.

Howard, who lost his last election bid in December of 1976, fell short by just 17 votes.

"I got more votes than anyone else who had ever gotten beat," he joked.

However, this year he said he expects to pick up those 17 votes and more in the election.

"I will appreciate people who vote for me. I'll do the best I can to make a good city councilman," he said.

Howard, a maintenance foreman with the Seaboard Coastline Railroad for 37 years, has lived in Avon Park for 28 years. He is married and he and his wife have seven children.

No Felony Charges In Police Wreck

BY BRUCE HENDERSON

A Frostproof man accused of ramming Avon Park Police Captain Frank Cratty's patrol car during a high-speed chase could get off with little more than a traffic fine as a result of a mixup between the state attorney's office and local police agencies.

Assistant State Attorney Tom Gallagher last week dropped a felony assault charge against Kenneth Claude Dunn, the 28-year-old Frostproof man accused of smashing into the rear of Cratty's police cruiser at 85 m.p.h.

Instead, Dunn has been charged with reckless driving and fleeing to elude a police officer, according to Jim Say, an assistant state attorney under Gallagher. Gallagher himself could not be reached for comment.

Dunn also has been charged with misdemeanor battery—another charge reduced from felony status by Gallagher—for allegedly beating up his estranged wife outside a local attorney's office. This incident touched off the police chase which ended near the overpass at Sun Ray in Polk County.

According to Say, Gallagher dropped the felony charge stemming from the accident because it occurred in Polk County and should have been filed in Polk County, not Highlands.

This was reiterated by State Attorney Quillian Yancey, in Bartow, who said the charge should have been filed in the county where the offense occurred. Charges still could be brought against Dunn, he said, if Capt. Cratty were to file an affidavit complaint with the Polk County Sheriff's Department or with his office.

Highlands County law enforcement officials, however, said they are very unhappy with the way Gallagher has handled the case. The state attorney's office, they said, should have made certain felony charges were properly filed against Dunn in view of the serious nature of the incident.

"It's got us so disgusted you will wonder if its worth making arrests anymore, but of course we still have an obligation to the public," commented Avon Park Police Chief Robert Brooks.

who was in hot pursuit of the Dunn van when the crash occurred.

"We're going to keep on enforcing the law, but it seems they keep turning them loose as fast as we enforce it," he said, adding that Dunn and his brother, who was a passenger in the van, are both "walking the streets" after their release from Walker Memorial Hospital.

"I was disappointed, but then nothing surprises me anymore," said Highlands County Sheriff Joe Sheppard, whose deputies assisted in the chase.

"We did what we thought was proper and just, and the state attorney's office apparently did what they thought was proper and just."

Dunn is free on \$502 bond, he said. Brooks and Highlands County Sheriff Joe Sheppard also said Gallagher's office gave them an entirely different story to explain why the felony charges lodged by their departments were dropped.

The two police officials said they were told Dunn couldn't be charged with felony assault because his van didn't actually touch Capt. Cratty himself—only his vehicle.

For this reason, no attempt was made to refile the charges. Brooks said no one had informed him the charges could be filed in Polk County, or, if so, what procedure should be followed.

He expressed surprise Cratty might have to file a complaint himself, since a felony was involved. Brooks added Cratty is still under a doctor's care for neck and back injuries sustained in the crash and is in no condition to travel to Bartow to file an affidavit.

Police officials here pointed out that although the actual crash occurred in Polk County, Dunn's van ran eight cars off the road—including one driven by County Commissioner C. J. "Buddy" Wise—and nearly caused some of the police cars in pursuit to crash by weaving back and forth across the highway to block the road.

"It hadn't been for the expert handling on the part of our deputies, there would have been vehicular contact," said Sheriff Sheppard. "He caused them to leave the road on several occasions."

453-4444 Is New Lakes Fire Number

Residents served by the Highlands Lakes Fire Department located on U.S. 27 north of Avon Park, must call a new telephone number for fire emergencies.

The new emergency number is 453-4444, which replaces 453-4111. The change over took place Monday.

Chief Gene Brenner said the new phone number was made necessary by a newly installed phone system which rings at each volunteer fireman's home whenever a fire call comes in.

Routine business calls still should be directed to the department's regular office phone number, 453-5002.

Brenner said if the old fire number is called, a recorded message will give the caller the new number, but he added, a minute to a minute and a half would be lost.

THIS DRAINAGE DITCH at Lake Isia has prompted charges that it is polluting the lake and endangering the quality of one of the city's better lakes. Councilmen

Tempers Flare Over Lake Issue

BY GEORGE DUNCAN

A complaint by a citizen that the city was polluting Lake Isia and endangering the quality of the lake prompted a bitter exchange between Councilman Henry Dennis and the complainant, Phillip Wooten.

Wooten told councilmen the last clear lake in the region was being polluted, and possibly, destroyed because of the pollution. As Wooten got up to leave, some councilmen were laughing about the matter.

"Thank you gentlemen for your time, as insignificant as it seemed to be to some of you," said Wooten.

"If you had a solution I'd sure listen to it if you're interesting anybody," said Councilman Dennis.

"Sir, I'm not an engineer. I just say there's got to be..."

Dennis cut him off saying, "Does anybody have a certificate of engineering. If so, we'll send Roger (Gurganus) and let him do it."

"That doesn't even require an answer," Wooten said, as he walked out of the council meeting.

"Then call names then!" replied Dennis.

Wooten first addressed the council about what was basically a storm drain placed on N. Florida Avenue and running into Lake Isia.

"I'm not here as a personal grudge to anybody. I'm just here in the interest of what I think is important and I am referring to the drain recently placed on Florida Avenue in order to alleviate a bad situation. But, I maintain it could have been corrected another way," Wooten said.

The drain allowed water to run

Henry Dennis

directly into the lake creating a pollution hazard. The water, in addition to carrying bits of asphalt into the water, was digging out the soil where it entered the lake.

Councilmen protested the water was already going into the lake before the drain was installed but Wooten said the process of seepage (water going into the ground, then into the lake,) limited the amount of damage.

"This is our last clear lake and where most people in the community swim," said Wooten, adding the damage which the drain could inflict could destroy the lake.

Roger Gurganus said a member of his family had probably called city hall because of the drainage problem in the area before the storm drain was put in and asked that (Street Superintendent) John Ziegler take care of it.

"In my opinion, the way it was done was fine. There might still be a little bit

City Protests "Double Taxation"

In a letter to the Highlands County Commission, members of the Avon Park City Council have called for either "more services from the county or a reduction in the tax millage."

Councilmen, who have felt for some time the city is being shortchanged in its tax relationship with the county, have sent a letter to the county commissioners protesting "double taxation" and asking for a joint meeting so the matter "can be worked out by mutual cooperation."

Councilmen have said in the past they felt Sebring was getting the largest share of county funds but have never officially questioned the county commission on matter of tax expenditures.

The letter, which was drafted by city

Clerk Malcolm Crews, was signed by all five councilmen and by Mayor J. Marshall Davis.

In part the letter read:

"City dwellers are being taxed double for some services which are rendered to them exclusively by the city. There are several departments of the county such as the building department, planning and zoning, purchasing, engineering department and others which render no service to city taxpayers."

"Based on a valuation of \$7,734,179 on non-exempt property within the city on the 1977 tax rolls the return to Highlands County would amount to some \$38,560 (less normal discounts) for the past year. In addition for this there would be taxes

in the amount of \$19,062 for Water Management and taxes of \$52,538 for Highlands General Hospital. receive little benefit from either."

"The total taxes paid for county operations, water management and Highlands General Hospital amount to \$411,150 or \$56.74 per capita on each city resident based on population estimates of 7,247 as of 7-1-77."

"For many years it was customary for the county to assist in paving or resurfacing city streets. The only prerequisite was that these streets feed into the county road system. None of this paving has been done in the past five years under the former extensive program. In fact a recent list compiled

by County Administrator Charles Cullen surprised us when we made a study of road work done by the county within the municipal limits and discovered that very little was within the city. Most of the road work in this area has been shifted to Avon Park Lakes where property owners pay a voluntary assessment on each lot annually for road maintenance by the county."

In conclusion councilmen said they felt city taxpayers were entitled to more services from the county or a reduction in tax millage.

"The general trend in many areas has been for counties to set up tax districts and set millages in keeping with the actual service rendered," they stated.

FHP Report Recommends No Charges Be Filed Against Hentnik For Accident Fatality

There will be no criminal charges filed in the aftermath of an accident which took the lives of three Avon Park boys and a Frostproof teenager.

Florida Highway Patrol James Rhodes Investigator recommended that no criminal prosecution against Robert Hentnik, 17, of Avon Park, who was previously charged with careless driving in the accident.

Hentnik was the driver of a 1968 Chrysler stationwagon which slammed into a Chevrolet truck August 6th. Killed

in the accident were Tony Riggs, 14, James Albert Henry, 14, and John Andrew Henry, 11, all of Avon Park. Lisa Williams, 17, of Frostproof died several days later as a result of injuries sustained in the crash.

The boys were passengers, along with Eugene Riggs, of Hentnik's. Miss Williams was a passenger in the Chevrolet truck which was being driven by Bobby Eldridge, 26, of Avon Park.

Although the FHP report said Hentnik was driving at speeds of 80 to 85 miles per

hour when the accident occurred, Rhodes stated Hentnik was "not grossly negligent" and that he recommended no criminal prosecution.

The report also stated Hentnik had two previous hazardous moving violations. At first, FHP officers allowed a Sun reporter to look at the report then, after calling Bradenton to their district office, denied further access to the accident report.

Trooper Rhodes said in order for criminal procedures to be brought "gross

negligence has to be proved, which is extremely difficult. Negligence is not enough. My investigation did not warrant enough evidence for gross negligence."

State Attorney Tom Gallagher said it was not unusual for no criminal charges to be filed even when an accident results in deaths of citizens.

"It's not usual at all, unfortunately," Gallagher said. "It happens every day."

Hokum Award

The envelope please. The award for the most flowery, transcendental hokum goes to the Florida Capital of the Age of Enlightenment and its practitioners of transcendental meditation.

The award for the greatest con man of the mid-seventies goes to his holiness (lower caps) Maharishi Mahesh Yogi with, of course, a close second place plaque going to the Rev. Moon and his followers.

This is the only age in history when a pseudo-Maharishi can live in his headquarters in Zurich, Switzerland and use Madison Avenue techniques to sell the age-old practice of meditation.

To devote followers of TM, the preceding paragraphs only demonstrate we have not hit that divine stage of higher consciousness yet when all things merge with the universe and your money merges with the already booming coffers of the Maharishi and his followers.

Newspapers are not usually noted for being endowed with higher consciousness. However, they are usually credited with being able to sniff out hucksters with just the normal five senses, not needing a sixth.

Hucksterism was raised to level of higher duplicity Sunday night at the old Pinercrest Hotel and the now-present home of the TM advocates or, as they call it, the Florida Capital of the Age of Enlightenment.

The awards given out were examples of great salesmanship, designed by those who have a knack for obtaining favorable publicity. But the gracious words and the flowery language was superficial.

Beneath the ceremony was the aura of phyness.

Really, can anyone take a group seriously when a man who calls himself a "minister" presents a award called the Cultural Integrity, Invisibility and World Harmony Award?

TM advocates would like to gain favor in the community so they can spread their message of meditation to the populace and convince them that TM really does usher in a new and better personality with lower blood pressure and higher creativity.

However their claims for TM are just as phony as the titles of the people who presented them.

Of the studies presented in the booklets handed out by the TM advocates, many of the favorable charts and graphs were produced by organizations linked to the

TM people. Like the studies conducted by the Department of Sociology of the Centre of the Study of Higher States of Consciousness. The studies were all favorable to TM. The Centre also happens to be in the Maharishi European Research University run by, you guessed it, TM people.

In the trade, that could be called a conflict of interest.

Now there have been studies, con-

EDITORIALS

ducted by various universities on the benefits of meditation. Preliminary research shows that periods of meditation does improve the body mentally and physically. Even such popular periodicals such as Psychology Today have had stories noting such studies.

But no real scientific study shows the TM method of meditation to be any better than any other method. It is on this point that the "ministers" of the TM palace were remarkably vague; the specifics of the TM techniques.

However such is to be expected from the followers of such a man as the Maharishi who once came forth in the world to proclaim, "Ours is an age of materialism, not faith." That incisive thought apparently were him out so much he went back and rested for three months before making another public utterance.

TM claims that without changing your life, it can calm your nerves, lower your blood pressure, increase your intelligence and creativity and, in general, make you an all around great human being. The Sun thinks Ralph Nader should look into the group for false advertising.

Any crowd or belief which does not demand you be better than you were before, will inevitably make you worse. TM claims to reduce the stresses and strains of modern existence, reduce anxieties and ease neuroses which will culminate in an ideal society.

Yet there is an older, yet still more effective guarantee. The 2,000 year old promise to "Come unto me all ye who are heavy laden, and I will give you rest."

Blind Justice

The latest episode involving Assistant State Attorney Tom Gallagher shows justice in Highlands County is not only blind, it is also dead and dumb.

Gallagher dropped all felony charges against Kenneth Claude Dunn, a Frostproof man who led Avon Park Police and Highlands County Deputies on a high-speed chase this month.

Dunn, driving at 85 miles per hour, crashed into Avon Park Captain Frank Cratty's patrol car, injuring Cratty who is still in Walker Memorial Hospital.

Gallagher also dropped an aggravated battery charge against Dunn who was accused of beating up his wife. The charge, a felony, was reduced to simple battery, a misdemeanor. The only other charges Dunn now faces are traffic citations for reckless driving and attempting to elude a police officer.

While Dunn was attempting to elude a police officer he forced eight other vehicles off the road.

After Gallagher dropped the charges, he apparently circulated two different stories as to why he did so.

Avon Park Police Chief Robert Brooks and Highlands County Sheriff Joe Sheppard say Gallagher told them Dunn Couldn't be charged with felony assault because his van didn't actually hit Captain Cratty himself — only Cratty's police car. This was the reason police officials say they made no attempt to refile the charges against Dunn.

Gallagher, through his assistant Jim Say, said the felony charges were dropped because they could have been filed in Polk County, where the accident actually occurred.

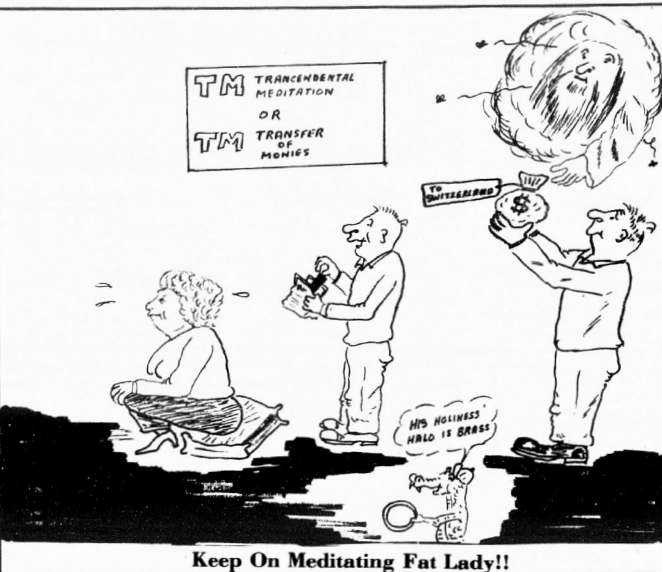

State Attorney Quillian Yancey, when asked if this did not show some lack of communication between his office and law enforcement agencies, replied no, he didn't think so.

Perhaps not. Perhaps it merely shows outright incompetence.

Our Readers Opinions

Gambling Will Effect State Future

Dear Sir:

No single issue will more affect Florida's future than that of legalizing casino gambling. Any business on our Gold Coast is blind reasoning. So long as there exist human frailties like drinking, prostitution and gambling, there will be panders ever eager to fulfill these desires.

Tragically, those who can least afford

it — family providers, retirees, minorities — will be trying to get rich quick with just one more pass at the crap tables, one more pull at the slots.

The casino gambling issue belongs on the ballot.

The only ones to stop the cancer before it is spawned are the people and the referendum vote is the purest distillation of the "voice of the people" —

no political hacks, no committees, just we the voters, addressing an issue, casting a ballot and ensuring that we — and our families — must live with the consequences.

Sincerely yours,

New Housing Director Is Named

Avon Park has a new executive director to lead its Housing Authority. Its former maintenance director, Solomon Whidden.

Whidden was appointed by the Housing Authority board of directors Aug. 15 to replace Richard Peavy, who left to head a regional housing authority in South Carolina after three years in Avon Park.

The new director said his immediate concern will be to improve the appearance of the authority's 130 units in Delaney Heights and Lakeside Park.

"I'm going to try to shape it up more than it is," he said. "Of course, it takes tenant cooperation to get it cleaned up and to keep it that way. If they take an interest, we can get something done."

Many of the tenants already are doing a good job of keeping up their places, he added.

The authority maintains 50 housing units in Delaney Heights for the elderly and 80 in Lakeside Park, on the south side of Lake Tulane, for other low income families. The authority employs two maintenance men and a CETA office aide, in addition to Whidden.

"It's a needed place for low-income families," Whidden commented. He pointed out that since the Housing Authority is financed with federal funds, low-income families can come to Avon Park from outside the area, even other states, and still be eligible for housing. Rents are charged according to a

sliding scale determined by family size and income levels. In the Lakeside Park development, he said, there are families drawing incomes from various types of jobs, from grove work to the phone company to the police department.

He said a study is being conducted to

determine the city's housing needs, and federal funds may be available in the future to expand the low-income housing available through the authority.

He commented that the authority recently added a recreational facility to its Lakeside Park development, with a

"mini-park" along the lakeshore, equipped with slides, swings and a basketball court.

Whidden and his wife, Mary, have lived in Avon Park since his retirement from the Air Force after 26 years of service. He is a native of LaBelle and attended school in Pahokee and Miami.

Day Of The Computer

We are, of course, in the age of the computer. I did not realize just how dominate computers are until a rather impressive looking man came up to me in my favorite lounge. I couldn't help but notice he was wearing about a \$500 suit compared to my \$5 jacket.

"Mr. Duncan?" he asked, putting his briefcase on the bar.

"Yes. What can I do for you?"

"I'm from the main office. I have some forms I need you to fill out. I need each of the 56 forms in triplicate, then our key-punch operators can feed them into the computer and..."

"Wait a minute! Why do I have to fill out forms?"

He whisked out a notebook from his pocket and leafed through it. "You did win some awards didn't you?"

"Yes," I said. "At the Florida Press Club."

"Well, you see. That was a change in the regular procedure. We need to explain any abnormal occurrence to our computer to ensure the efficiency of the operation."

"Efficiency, Mr. Duncan. Planning, reports, files, so forth, so the computer can maintain the effectiveness of the corporation. We have just finished processing the five-year reports."

"Yeah. No wonder the publisher was shoulder deep in these tatty sheets. You really want detail don't you?"

"Wait until you see our Centennial plan. Those forms are being taken over here by Beakins." He hauled them back by train. "Now we need to know such stuff as why you wrote the story that won the award."

"Huh? That's what I do. I write stories. I'm a reporter."

"Oh, really. I wondered what you people in the field do. I work in the computer room myself." He opened his briefcase and lifted a huge amount of papers and placed them on the counter with a thud. I looked at one.

"These things are even in English," I said.

"It's coded for the computer. Our computer, which art plugged in. May your electrical circuits be sound. The computer cards come, the data processing goes, in Florida as it is in New York. Give us your computer printout sheets. And overlook our types. As we correct these who add wrong. And lead us not into false programming, but continue the daily readouts. For we shall forsake folding, spinning and mutilating forever." He smiled. "A little ritual as computer specialists go through before we begin programming."

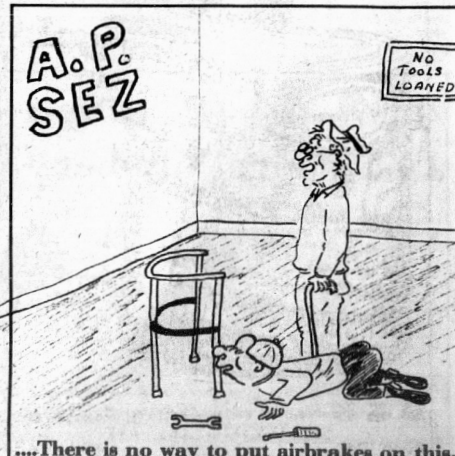

Actually I prefer the original version. You realize you're making a god out of this computer?"

"Nonsense," he snapped. "That's ridiculous. However in our computer room we do have a place for silent meditation."

"Lord help us."

"Not unless He knows our computer code."

I sighed and signaled the bartender for another drink.

Democrats Support Kelly's Proposals

The Florida Democratic Party has adopted a resolution supporting Judge Clifton Kelly's proposal to teach law and order in Florida schools, according to C. Wesley Ward, of Sebring one of the 30 elected members of the state Central committee.

At a meeting of the Democratic Central Committee in Orlando, Ward guided through a resolution that was adopted by his 10th Democratic Congressional Committee of which he is also chairman. The resolution was adopted by the 10th District several months ago and sent to all Florida Legislators and to the state Democratic Party. It calls for public

schools to teach respect for law and order, a knowledge of our constitution, and to let the youngsters know at a very early age that if they violate the law, there will be penalties.

Ward said his resolution ran into some opposition at the Orlando meeting, from teachers, and educators on the state committee. "They simply don't like to be told what or how to teach," Ward said, "which is understandable, but I'm realistic enough to know unless the Legislature mandates such teachings in our schools that it isn't going to happen."

Ward said his resolution picked up support from State Education Com-

missioner Ralph Turlington who was attending the meeting, Turlington, when called upon by Ward said he could see nothing wrong with adoption of the resolution as written, but he didn't like the word "mandate" that was used in the discussions. The resolution passed unanimously.

During the discussion, Ward deplored the lack of teaching of law and order in our schools and said many youngsters graduating are not really aware that if they break any law that they will probably be punished. He said that youngsters from Kindergarten on up should be taught respect for law and

order, for our flag and our nation. He pointed out that few schools anymore have special programs or any recognition of our National Holidays such as Memorial Day, Fourth of July, Veteran's Day and others.

Ward said the resolution would be pushed in the next legislative session and he hoped to get a stronger bill than what was presented at this year's legislative meeting. "The support of the Florida Democratic Party for such a bill will certainly go a long way toward passing a satisfactory bill," Ward added.

County DWI Cases

The following cases involving persons charged in Highlands County with driving while intoxicated have been disposed of recently in county court:

Calvin Coolidge Roark, fined \$90 and \$12 in court costs, driver's license suspended for three months on a charge of violation of restrictions. Assessed \$100 penalty and \$12 in court costs.

Arthur Freeman, fined \$300 and \$12 in court costs, driver's license suspended for three months on one year's probation with

APCI Employees Completes Training

The Department of Corrections has announced that Avon Park Correctional Institution employees Robert Wade Campbell, Robert M. Milam and John R. Rhoades recently participated in the Correctional Training Institute at Raiford, Florida.

This is the thirty-third CTI group to enroll in the minimum standards curriculum, which is required by law. The Training Institute program is taught in conjunction with Lake City Community College, and the graduates earn nine semester credits for successfully completing the full time, 160 hour course.

The program includes instruction in the Criminal Justice System, Legal Aspects of Corrections, Operational Procedures, principles of Supervision, Human Relations and Technical Training Skills which include Firearms, First

Aid and Fire Fighting Techniques. The Correctional Training Institute was certified by the Florida Correctional Standard Council (CSC) in May, 1976, as a training center for correctional personnel. The Council was empowered by the Legislature in 1974 to establish minimum standards for the certification of correctional officers and training centers. The curriculum of training is designed to intensify the exposure of the officer and to develop him professionally. It is anticipated that the training program will help materialize the promise of a modern correctional system.

The participants will continue their training with an additional 160 hours taught by regional instructors, on an in-service basis, at the various correctional facilities located throughout Florida.

KEITH DEBO AND Sam Dasher clean and rake around the handstand on the Mall last week. Plans for seeding new flowers are in the making.

Debo Provides Scenic Improvement On Mall

Keith Debo is a well known figure around Avon Park, with his dedicated work in the Grange and the beautification of the Mile Long Mall. Mr. Debo said that he started working on the Mall about six years ago as a project for the Grange, and has stayed with it every since. Through his efforts, the first year the local Grange received National recognition from the National Grange on their beautification project. Mr. Debo stated that the Grange is still involved with the beautification program but on a smaller scale. He went on to say that different organizations and clubs rent the blocks on the Mall, such as the Garden Clubs, Business Womens Club, and etc., and they ask his help with the planting of flowers and shrubs.

Mr. Debo with the help of Sam Dasher, city employee, keep the Mall area a picture of beauty for all to see and enjoy. Together the two men decide which flowers and shrubs will be planted where.

Debo stated that he had hoped that more citizens would become involved, however much is left up to his decision. He added by saying that John Ziegler was in charge of the Mall, so he checks with him before starting a new project. Mr. Debo usually begins seedlings in his northern home of Ohio during the summer and transports them in his car to Avon Park in early September.

However, quite a few of this year's crop was damaged due to the hot weather conditions encountered on their return trip. Mr. Debo has already replanted seeds to take the place of the plants that were lost. He informed the Sun that he uses flower seed from the Burpee Company which he orders and they are usually all of the better hybrids. He is always experimenting and trying new ideas.

The spry 70 year old Debo has farmed all his life, and still does. Each April, he and wife, Miriam pack up and head

toward Ohio where he begins planting the fall vegetable garden, which is sold at his daughter and her husbands' vegetable market. Last year the family entered one of Debo's pumpkins and won 1st place. He had grown two pumpkins that weighed over 200 pounds each. Now, that's a lot of pumpkin!

Sam does all the watering on the Mall, along with clearing away dead flowers and resetting of new ones. When asked what he enjoyed most about working on the Mall, he said, "Just being out here, you get to meet a lot of people. And, you find a lot of people really care about the flowers outside." "I wouldn't trade for any other job in the city," he added.

Mr. Debo and Sam will begin to plant new seedlings soon, after the first cool spell. Right now it would be too hot for the young tender plants, stated Mr. Debo. "If anyone has any suggestions on the beautification of the Mall their comments are invited."

Holmes Beautifies Avon Elementary With Flowers

Thomas H. Holmes, age 61, has been employed as plant supervisor for Avon Elementary and Hopewell schools since April 1969. He is responsible for the building maintenance and custodiam of Avon Elementary school grounds. He enjoys working on the grounds at the Elementary School taking pride in the fact that the addition of flowers add beauty and perhaps an aid to education to the students, in teaching them to take care of the plants.

When he first came to Avon Elementary all that was planted were shrubs at the corners of each building and in focal point locations, he stated. An idea for coverage along the walk way and a gift of Wondering Jew from an Avon Park resident began the every increasing number of plants. Holmes was to add to the school grounds. He has gathered cuttings from other residents in the area as they trimmed their shrubs and planted them, so the school would have more and better flowering shrubs, such as azaleas.

In the years he has been at the school, with the help of Willie Davis, who also works on the grounds at Avon Elementary, they put in a completely new sprinkler system which enables them to water the plants and shrubs, thereby producing a better flower garden.

Mr. Holmes commented that Norris Brooks, Avon Elementary Principal was very proud of the school and had given him a lot of cooperation on the beautification project. He went on to say that the teachers have also helped in this regard, and seem to enjoy the beauty of the flowers and trained the children to take care of them instead of running and jumping on them. The end result is a school community watching out for and taking pride in the flowers and shrubs that surround their walkways and buildings.

Holmes added that there was no budget for flowers or plants so if anyone or club would be interested in doing some work, or just give advice, he is available for suggestions. He continued by saying

that he would appreciate it if some of the ladies clubs or garden clubs would come down and give a hand, those who would like to do some work, at no cost to the taxpayer. The outlay and design of the planting of flowers also seems to be in need of help. Mr. Holmes stated that he loved flowers but had no training other than planting and hoping for good results. His chrysanthemums that will be blooming soon are a beautiful sight, with the mixture of bronze, yellow and white flowers.

Holmes is married to Ollie May Holmes and they have four children, Georgia of Utah, Monti Nell of Oklahoma, Thomas, Jr. of Charleston, S.C., and Willie Franklin of Newberry, S.C.

Mr. Holmes is also a Reverend, having served in that capacity for the past 24 years. He founded the Freedom Assembly Church located at South Anoka and Center Streets. He has since turned over the pulpit and pastoral duties to Rev. Arnold Smith.

THOMAS HOLMES custodian of Avon Park Elementary School points to a Ginger Plant that he planted and described the beautiful white blooms produced by the plant.

Carlisle Barber For 53 Years

Plato Carlisle came to Avon Park on July 7, 1919. He has owned and operated a barbershop on West Main Street for the past 53 years. The shop was recently sold to Cliff Thomas and son, Tommy.

Although ownership of the barbershop has changed hands, Mr. Carlisle is still very active and cutting mens hair. When asked if he planned to slow down any now that he has the opportunity, he stated that he plans to stay active in the barbershop, adding "I've got another 20 years to go". Slow down you say, if anything I've "picked up a little bit."

For his hobbies he enjoys working in his and wife, Evelyns yard and garden, which is a pretty big job he stated.

Mr. Carlisle has been a member of the First Baptist Church of Avon Park for the past 18 years.

He is a very quiet and private individual and a pleasure to talk with.

FRIDAY, SEPTEMBER 22, Plato Carlisle expertly snipped and clipped Jerry Fridemoore's hair. Carlisle has been a barber since 1925.

Pollution In Lake Isis?—Continued From Page 1A—

of an erosion problem but nothing like it was," said Gurganus.

"Where do you think that spillway right out here in Lake Verona comes from. It doesn't come from nobody's kitchen sink," said Councilman Dennis.

"I know where it comes from and I think it's wrong," replied Wooten.

"Can you present us a drainage plan for the city of Avon Park so it can be alleviated and if so I'll damn sure vote for it," Councilman Dennis.

Councilman David Barefield agreed the problem caused by the drain needed to be corrected.

"It's going to ruin the lake. We corrected one situation and created another. But what makes erosion is the force and speed of water, it's not the amount of water you have on an area. Your yard can be flooded with water and nothing will be eroded."

Gurganus protested that after it had been looked at "Robert went over with John and he (John) did the best job he knew how and all we're doing is criticizing."

Ziegler protested that many other drainage projects had been run directly into lakes "I go out there and do the same thing and I get the heck for it. I don't know why."

"No body complained before," said Gurganus.

"I can get you 200 people down here to complain," answered Wooten.

Ziegler still protested the method had been used before by both local and state contractors.

Wooten, raising his voice slightly for the first time of the evening, turned back to look at Ziegler.

"Yes, it's been going on for years and years. And people have been dumping

chemicals into lakes for years and years. Now the federal government has required people to spend millions of dollars to clean them up. I wonder why?"

"I don't know why," replied Ziegler.

"Was there something suddenly wrong with it?" asked Wooten.

"What's the matter with the situation at Verona?" asked Ziegler.

"If I go down and throw oil in that lake I'm polluting that lake. If you run water down in a lake when there is another solution then you are polluting that lake," Wooten said.

Council President Larry Abritton suggested Council Robert Britt and Ziegler go down and look at the lake and come up with a solution.

"We'll build a dam across there," said Councilman Kelly Phillips, prompting laughter from some councilmen.

The statement led to the exchange between Wooten and Dennis.

Obscenity Laws Change Oct. 1.

The 1978 Florida Legislature took a hard look at obscenity and apparently did not like what it saw, because three laws were passed having to do with obscene movies and magazines. Two of them take effect October 1, 1978.

Chapter 78-326 (Senate Bill 250) makes it unlawful for anyone to bring into or send out of the state any photograph, motion picture, show or other presentation which depicts sexual conduct, sexual excitement or sadomasochistic abuse involving a minor.

Sheriff Joe C. Sheppard said it was already illegal for anyone to bring into or send out of their possession, but this law adds a provision that possession of three or more photographs or movies in evidence of an intent to sell or otherwise distribute such material. The penalty is increased from a felony of the third degree to a second degree felony.

Charges Reduced—Continued From Page 1A—

When asked if he thought the case might exhibit a lack of cooperation between his office in Sebring and local law enforcement agencies, Yancey said he did not believe so, adding that "officers don't always have time to talk to one of our lawyers before they make an arrest. This was one of those instances." He also said it is not the state attorney's responsibility to file initial charges in a case, only to look over the evidence presented and make sure the proper charges are filed in court.

The incident occurred Sept. 11, when

the van driven by Dunn was chased by city police and sheriff's deputies for nine miles along S.R. 17A and U.S. 27 north of Avon Park. Police said the van was clocked at speeds reaching at least 100 m.p.h. during the pursuit, which began after Dunn's wife rushed into city police headquarters with head and arm wounds from an alleged beating by her husband.

Capt. Cratty was headed toward Tampa with his wife to deliver film evidence to a photo lab when he heard a call for assistance over his radio.

He let his wife out at the side of the

road and parked in the median strip parallel to the highway, according to the Florida Highway Patrol report.

When the speeding van approached, he returned to the highway in an effort to head it off and force it to a stop. According to Brooks, who was following the van close behind, Dunn made no attempt to slow down or brake and plowed directly into Cratty's right rear fender.

According to the FHP report, there was another civilian vehicle in the north-bound lanes, and the van attempted to "go in between" the two.

Penny Reports Faulty Bikes

The J.C. Penny Company Inc., in cooperation with the U.S. Consumer Product Safety Commission (CPA), today rewarded bike riders that about 33,500 bicycles marketed under the "J.C. Penny" brand name have a defective pedal crank that could break, possibly resulting in serious injury to the rider.

The bicycles with the possibly faulty cranks are derailleur-type, 24, 26, and 27-inch, 10-speed, lightweight vehicles in light-tan and dark grey color, manufactured in 1977 and 1978 by the Huff Corp., Dayton, Ohio.

J. C. Penny marketed the bicycles in their retail and catalog stores in all 50 states and Puerto Rico. One bike sold under the Penny's name was associated with a laceration injury that occurred when the pedal crank broke.

Consumers can tell if they have one of the bicycles by looking for the numbers 2131A2, 2141A2, 2150A1 or 2181A1 on the outside of the left rear, metal axle plate where the wheel is attached. Also appearing with each number is a J.C. Penny catalog number. The light tan bike imprinted with catalog numbers 927-3525, 927-3533, 927-7070, 927-7088, 927-7096, 927-7104 or 927-7112. Dark grey bicycles bear catalog number 927-7120.

Penny's and CPSC strongly urge consumers who own one of the possibly defective bikes to contact a J.C. Penny store or catalog center for free inspection, and if necessary, replacement of the pedal crank.

A recall that included the J.C. Penny bicycle was first announced by the Huff Corp. and CPSC on May 31, 1978.

Defense Shuts Out Arcadia 7-0

Defense Closes In On Bulldog

ARCADIA RUNNING BACKS saw very little green but a great deal of red last Friday night. Whenever they came close to the Avon Park goal line the Bulldogs backs would meet a host of defenders who never allowed Arcadia to score.

BY GEORGE DUNCAN

The Red Devil defense bent but never broke and when time had run out it was the Arcadia Bulldogs who had collapsed as Avon Park won a 7-0 upset victory.

The larger, stronger Bulldogs team had four chances to score but were never able to penetrate the Devils' defensive thin red line for a touchdown.

The Red Devils, who had pursued strictly a rushing game in their win against Lake Placid last week, gained their touchdown by a 35-yard pass from quarterback Charlton Weathers to end Keith Cobb. The pass capped a 62-yard drive by the Red Devils.

The Bulldogs were able to mount several sustained drives of their own with running back Mike Gilchrist picking up 170 yards rushing alone against the Red Devils.

However, when the Bulldogs came close to the goal line, Gilchrist and other runners were smothered by red-shirted defenders.

The Red Devils started their fourth-quarter scoring drive after defenders had blunted a Bulldog offensive strike.

Gilchrist had broken through the Red Devil line at midfield and threatened to score when the last man who had a chance for the stop, defender Jimmy Brown, brought runner to the ground with a shoestring tackle.

Then, like they had all night, the Red Devils stopped the Bulldog drive and took possession of the ball.

A pass to Carl Wingate, who eluded one Bulldog tackler, put the ball on the Bull Dog 40-yard line.

Two plays later, Mathews went back deep and threw the long pass to Cobb who grabbed the ball while in the middle of two Bulldog defenders.

Until the start of the fourth quarter Arcadia had outplayed the Red Devils, gaining more yardage and never being in serious difficulty.

But even when the Bulldogs were within the Red Devils five yard line, any attempt to cross the goal line was met with a swarm of red shirts and all Arcadian drives were stopped.

With the Red Devil touchdown, some of the spirit seemed to go out of the Bulldog team.

On the following kickoff, receiver

fumbled the ball, letting it go into the end zone. Rather than down the ball, he chose to run it out and was promptly tackled by Red Devil-Craig Williams on the Bulldog four-yard line.

The final Bulldog attempt to get on the scoreboard was stopped by Red Devil Jeffrey Adams who intercepted Quarterback Johnny Lee's pass and ended any possible threat to the Red Devil victory.

The first half was scoreless with both teams relying on their defense. The Red Devils wavered when in the middle of field, allowing the Bulldogs inside their 20-yard line three times.

The closest the Bulldogs came was, the Red Devil two-yard line but on the next play their back was hit by defenders Robbie Dennis and Ricky Johnson which ended the touchdown threat.

When the Red Devils could not move the ball and kicked Jeffrey Adams recovered a Bulldog fumble which kept the Red Devils out of further trouble.

The Red Devil record now stands at 2-1, with the loss coming in a non-conference game. Arcadia also stands at 2-1.

No Grumbling In This Corner

Monday morning is the traditional time for grumbling and complaining about going back to work after a weekend. Avon Park Football Coach John Hunter was the definite exception to the tradition as he felt "great" as he reflected on the Red Devils 7-0 victory over the Arcadia Bulldogs.

"I thought we played pretty well. The offense is improving, we played a big, strong offensive halfback. We bent a little but never broke. When we had to we played superb defense," Hunter said.

Should the victory be considered an upset?

"Not by me," Hunter said.

"In a close ball game mistakes will

decide the winner, particularly when both teams are playing pretty even. Their mistake was deciding we couldn't throw the football. They just didn't believe we could throw the ball that deep."

The winning play in the game came on a 35-yard pass to end Keith Cobb from Quarterback Charlton Weathers.

"Until we got Weathers we did not have a great passing quarterback. Ssemore is a good runner and helps our blocking. He and Bevis complement each other very well. It also helps our pass protection to have a big fullback in there."

Hunter said he felt the offense had

improved "about 70 percent" since the first game against Lake Wales but "we still have some way to go." The defense, he said, he played consistently well throughout the first three games.

"I thought we could have moved the ball a little better than we did but they only outgained us by about 30 yards. We had some trouble rushing because it's hard to rush when against 11 people. Their secondary was up on the line most of the night."

"But anytime you shut out an undefeated team you've played a tremendous game."

This Friday the Red Devils will face undefeated Mulberry.

Penalty Shot

AN OVEREAGER RED Devil back tackled a Bulldog split end while the ball was still in the air, drawing a penalty. Although the ball was placed inside the Red Devil 20-yard line, no real harm was done as Arcadia failed to score. (Sunphoto by Bruce Henderson)

"Bees" Outclass Dragons

The Red Devil junior varsity football team outclassed the Lake Placid Green Dragon JV squad last Thursday night here at Memorial Field to take a 52-4 victory and set a 2-0 record for the young season.

Tonight, Thursday, the Avon Park "Bees," coached by Hoppy Rewis and Joe Baker, will travel to Sebring to take on the baby Blue Streaks in a first of two game series with the Highlands County foes. The Blue Streak JV's are 0-2 with losses to Bartow and Lake Wales this season, and they undoubtedly will be keyed up for the game this week with the Devil junior varsity.

Game time for the Thursday night game at Fireman's Field is set for 7:30 p.m.

Seven different Avon Park junior varsity players got into the scoring act last Thursday night as the Devil "Bees" clubbed the Green Dragons 52-4. Devil freshman halfback Ronnie Barnes scored the first two Avon Park touchdowns going 55 yards on the opening play from scrimmage for the Devils and then scoring in from six yards at the close of the first quarter.

Sophomore quarterback Dwayne Council accounted for 18 points for the young Devils.

The husky signal caller skirted left end on a keeper play early in the second quarter for the third TD of the game and then ran in two-point conversions twice. Council also passed for two more two-point conversions, hitting end Chris Collins in the first period then connecting with end Kirk Evans in the final quarter. Devil freshman fullback Raymond Claitt took credit for the fourth Avon Park touchdown, driving through the middle from one yard out, but the score was set up by a fumble recovery on the Dragon eight-yard line by defensive end Tommy Turnbull.

There was no scoring in the third quarter, although Avon Park drove to the one-yard line. The ball changed ends of the field and tailback Ricky Derkman, moved from offensive end at the last minute for the regular tailback, wedged through from one yard out for the fifth Avon Park TD. Derkman and Barnes had both scored earlier touchdowns only to have them called back because of penalties.

The final two Avon Park touchdowns came on pass interceptions in the fourth quarter when the desperate Lake Placid offense was forced to go to the air.

Reserve defensive tackle James Simpkins hauled in a Dragon pass at the 35-yard line and raced into the end zone for his first TD of his career.

Moments later, sophomore linebacker Chris Collins intercepted a pass at the Dragon 45-yard line and outran the Lake Placid defender over the goal line. Raymond Claitt ran the ball over for the two-point conversion to set the score at 52-0.

Lake Placid scored a time run out in the final period. The Dragons had a good runback of the kick-off to their own 45-yard marker. Dragon back Gator Smith galloped for a 28-yard pick-up and then added 20 more yards on two good runs. Smith scored the TD on a pass from Tom Howell, the Dragon quarterback, from 15 yards out. The pass attempt for the extra points failed, and the game ended with the Devil JV's ahead 52-0.

Again the Avon Park junior varsity defense was tough as it held the Green See JAVVEES, Page 28

Target Tennis Clinic Oct. 7.

The Avon Park Recreation Department, along with the Mr. Peanut Company will sponsor the first annual "Mr. Peanut Target Tennis Competition," Saturday, Oct. 7, at the City Tennis Courts. The contest is open to all area youngsters age 15 years or younger. There will be two clinics run the next two Wednesdays (Sept. 27 and Oct. 4), to acquaint the competitors on the rules and let them practice the skills needed for the contest.

The competition is really pretty simple. It will operate in the following manner: Each contestant is presented ten easy balls for each of the four basic tennis shots (forehand - backhand stroke, forehand - backhand volley, overhead, and the serve). Out of these ten, the competitor may choose five to hit back. All five of the shots are scored, when he or she tries to hit it into the targeted areas.

All kids participating in the com-

petition will receive a certificate and the top scorers in each of the three age groups will receive and award (12 and under, 14 and under and 16 and under).

Anyone interested in participating in this fine event may stop by the office of your school or the Recreation Center to pick up an entry form and a release form that must be signed by a parent or guardian. For more information call the Recreation Department at 453-6881.

Harriers Finish Fourth, Ready For Sebring Meet

The Red Devil boys varsity cross-country team finished a surprising fourth in the Cypress Gardens Invitation held in Winter Haven last Saturday.

The class AA Devils outdid many of the AAA teams in the field and all of the AA competition. The 12 team race had Titusville astronaut first with 22, Titusville High second with 66 followed by Bishop More 77 and Avon Park 129, then Tallahassee Leon, Hernando, St. Pete Catholic, Ovedio, Luther, North Florida, Trinity Prep and Bartow.

Jerry McKenzie led the Devils with an excellent personal best of 16:10 for the difficult three-mile sand-covered course. Co-captain Alan Portis did his part with a 16:36 clocking for the 20th spot medal.

McKenzie, the top Devil finisher in the first two contests this season, won the 11th place medal with his effort.

Mark Myers, a rapidly improving junior, broke the 17:00 barrier with his 16:56 time, good for 27th position.

David Rhodes also posted a personal best as he ran 17:38 to finish 31st in the 110 man field. A third personal best performance went to young sophomore Jeff Henly as he clocked 17:36 to edge teammates Jody Johnston (17:50) and Ricky Taylor (17:48) to round out the Devil varsity finishes.

The Devil junior varsity, led by Sam Finch, finished eighth in a large field of AAAA and AAA teams. Finch ran to his fastest 3-mile ever as he posted a 18:20 performance. Teammates Steve Brown (18:37), Billy Barben (18:50), Jacques Thomas (19:40), Mike Flemming (19:41), Doug Finch (20:29), and John Oliver (20:46) were the six other finishers in the junior varsity race for Avon Park.

Top Devil Runner

Avon Park High's cross-country teams will travel to Sebring today (Thursday) at 4 p.m. to take on the Arcadia Bulldogs and the Sebring Blue Streaks. The contest between the three Heartland Conference foes will showcase a varsity boys, JV boys and varsity girls race. The young men will run three miles and the girls will run a two-mile distance.

Tuesday, Sept. 19 the Devils opened their 1978 season on the right foot with a four team meet win against Clewiston, Sebring and Hardee. The Red Devils compiled 28 (low score wins) to 51 for Clewiston, 74 for Sebring and 78 for Hardee.

Jerry McKenzie was the top Devil finisher with an excellent 16:13 for the Avon Park home course. It was McKenzie's personal best on the home course.

Alan Portis (16:27), Ricky Taylor (16:53), Mark Myers (17:10), David Rhodes (17:47), Jody Johnston (18:10), and Jeff Henly (18:15) battled the wind and high temperatures to support McKenzie in the Devils' first season win. In the Devils' first season win.

The junior varsity swept the first 12 positions as it won its section of the meet opposing the same three schools defeated by the varsity.

Sam Finch paced the Devil shutout with a 18:44 effort. Billy Barben, Steve Brown, Jacques Thomas, Mike Flemming, Doug Finch, John Oliver and a host of other Devil JV runners made it one long red line of Avon Park finishers.

Finished 20th

The girls varsity team finished second to Clewiston in their contest but defeated the girls from Sebring and Hardee to set their season mark at 2-1. Laurie Welch and Nancy Turnbull led the Devillette effort with support from Patti Belcher, Tammy Ostling, Sherri Johnson, Jackie Jackson, Jackie Ervin and Brenda Brooker.

Friday Is Deadline For PP&K Contest

Friday, Sept. 29, is the deadline for registering youngsters in the 1978 Punt, Pass and Kick Competition sponsored locally by McCain & Sons Ford-Mercury Inc.

Any boy or girl eight through 13 years old who can punt, pass and kick a football — or who would like to try — may compete. There is no entry fee. Participating youngsters compete only against others in their own age group, and there is no body contact.

The local contest will be held Saturday, Sept. 30, at Memorial Field, beginning at 10 a.m. Youngsters can register at McCain Ford.

Following the Avon Park contest, winners will be eligible to compete for zone awards and the right to go on to district, area, divisional and national competitions.

Nationally, over a million youngsters are expected to take part in this year's program, sponsored by the Ford Dealers of America in cooperation with the National Football League.

Scoring in the contest is based on distance and accuracy in punting,

passing and place-kicking. No special equipment is needed, and participation does not impair a youngster's amateur standing.

Judges score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the

right or left of the center tape.

The National Finals this year will be held at the NFL championship game in January.

Each entrant will receive a free PP&K Tips Book. In the 1978 edition, there are competition tips from NFL stars Ray Guy, Bob Griese, and Errol Mann. The Tips Book also includes complete PP&K rules and helpful conditioning exercise contestants.

Racquetball Tourney

The Avon Park Recreation Department will sponsor a Racquetball Ladder Tournament for men and women beginning Saturday, October 14. All area enthusiasts are welcome to enter this two month event. There will be "A" and "B" divisions for both men and women singles. The fee is only \$2.00 per person. The purpose of the event is to play and meet a number of different players in the area.

The tournament will work as follows: There will be a draw for position on the original ladder in each division. Each

participant may then challenge either the person one step up the ladder or the person two steps up the ladder but no more. If the challenger wins the match, then he changes places on the ladder with the one he challenged. The object is to work your way up the ladder and hold on to the top spot the longest.

There will be awards given to the top two spots on the ladder in each division.

Call the Recreation Department for more information or to get your name on the ladder. (435-5881) Join in the event, "Just For The Fun Of It!"

Dragon offense to a minus 29 yards of rushing in the first half.

The defensive line for Avon Park had Steve Godfrey at nose guard, Allen Liskey and Kenny Cribb at tackles, and Ricky Derkman and Kirk Evans or Tommy Turnbull at ends.

Ricky Oates, Raymond Claitt and Chris Collins were at the defensive linebacker slots; Ronnie Barnes and Todd Bennett were the starting defensive halfbacks and Dwayne Council was at the safety slot.

The two Avon Park coaches used all twenty-eight members of the squad in the second half. However, the starting offensive line-up had put 30 points on the board in the first half.

Members of the offensive team were: Chris Collins and Kirk Evans at ends, Kenny Cribb and Allen Liskey at tackles, Ricky Oates and Turnbull or Bennett at guards, Council at quarterback, Claitt at fullback, Barnes at halfback and Derk-

man at tailback.

Ronnie Barnes was again the leading ground gainer with 155 yards on 13 carries for an 11.9 average carry. Dwayne Council picked up 35 yards with six carries, using the roll out keeper effectively several times. Ricky Derkman picked up 25 yards with 9 totes from the tailback slot and Raymond Claitt

Bass Buster Contest

Fishermen will have a chance to win up to a \$15 prize from Highlands Building Supply for participating in their favorite sport.

For the next two weeks Highlands Building Supply will be sponsoring the Avon Park Sun Bass Fishing Contest. Contestants should bring their bass catches to the Sun office before Monday evening to qualify for the contest. The

carried five times for 12 yards.

Council had another good night, completing three of three passes for a total of 30 yards. Chris Collins caught all three passes. The Red Devils rushed for a total of 217 yards while holding Lake Placid to a net 27 yards of rushing. However, the Dragons picked up 49 yards through the air to Avon Park's 30.

winner will be announced in the next week's issue of the Sun. After the first week, competition will begin on Tuesday morning after the Monday deadline for the contest.

Fishermen will have four weeks to try their luck in hooking the largest bass for the contest. Prizes will be given all four weeks of the contest.

Golf Notes

By Bob Elgin

Since the D.O.T. has installed the electric traffic signal at the Seaboard Railway where it crosses the road entering River Greens, just one little traffic hazard remains. That is a small but wide citrus tree on the corner to the east. If every one would stay on their own side of the road it wouldn't be much of a threat, but when a driver takes their half in the middle you can't see until it's too late. River Greensers, golfers, and this column would give a lot of thanks if this tree was moved to a safe place.

New excuses for old golfers — 'I was outcounted. Those guys are 19th hole lawyers.'

A River Green Welcome to — Al and Ida Allen. They were living in New York when they retired. As a lot of people do, and as they had planned they retired to Florida. They intended to settle in Stuart, where they had friends. The climate and the town were beautiful, the golf course was lousy. Two minds had a single thought "We didn't come to Florida to play in a sand trap." Sandra looked promising, so they spent a year there. Visiting their friends in Stuart, they found a new golf course had been built, so they moved to Stuart. After nine years they found the town had doubled in size and they had to get a starting time two days in advance. 'We came to Florida to play golf' they decided and moved to Avon Park. Shortly after getting settled in their new home at 2008 Woodruff, Ida contracted very serious eye trouble. Many doctors, and many treatments were tried, some good, some bad, all painful and expensive. It's only recently Ida can play nine holes with Al. So be very nice to two fine people.

Eileen Willemsen's funeral was last Thursday. As we look back on her gallant fight against cancer we cannot help but marvel at her great courage. After she lost Andy there were only two supports for her courage — her very close friendship with the River Greens girls, and the love between her and her little dog 'Kim,' who was always waiting for her when she got home. They were powerful supports and gave Eileen many months of life, and many months of happiness to her friends and to Kim.

Ladies Day, September 19th, 18 players. Twelve holes. Elective. Two thirds handicap. First — Alva Timberlake 35; second — Connie Clifford 38; third — Tie Edith Morgan and Petie Wolvan 40.

Ladies Pro Am — Canceled for Willemsen's Funeral.

Men's Pro Am Saturday Sept. 20th, first team — 4½ players — Lowell Schmitt, Walt Kline, Whitey Ream, Rowdy Williams. Low A player, Miles Morgan +2. Low B player, Walt Kline. Low C, Harold Kline. Low D, W. Holley.

Men's Day, Saturday Sept. 23rd, Low net winner Mark Bell 62, Jack Osborne, Warren Holley, Walt Kline, tied at 86. Couples Scramble, Saturday, Sept. 23. First team, Harold and Mary Kline; Tom and Lois Bagwell.

Rodney had the right remedy for River Greens greens. They put true and fairly fast. Now, us three putters will have to find a new alibi. Perhaps we can claim the holes are too small. Every miss needs an alibi.

Dove Season Opens Oct. 7

Want to see how really good a wing-shooter you are this season? Try getting your daily limit of Florida's streamlined speedsters, the mourning dove.

The first of the state's three-phase mourning dove season opens October 7 and goes through November 5. The second phase runs November 11 through November 26 and the final phase is December 16 through January 7.

Hunters are reminded during the October 7 — November 5 phase, the fields of Franklin County in northwest Florida are closed to dove hunting. Closed is that portion of the county lying east and south of U.S. 90 from Linton Landing (public boat ramp at Alligator Harbor), INCLUDING Alligator Point.

Legal shooting hours are noon to sunset. The daily bag limit is 12 birds with a possession limit of 24.

The Commission will operate four public dove fields this year: the T.G. Lee Field in Orange County and fields on the Citrus, Point Washington and Gasikin wildlife management areas.

Hunters may contact their nearest office of the Game and Fresh Water Fish Commission for additional information on the mourning dove season along with other general hunting and fishing regulations or write Game and Fresh Water Fish Commission, Bryant Building, Tallahassee, Florida 32304.

manufacturer from Chicago used to fly down to Orlando during the winter season. He played with us at Dubadread when we only had three. He was a nice guy and played fair golf. He had one habit that made us hold our breath as we watched him hit off the tee. When it was his turn to drive — he took off his hat and carefully placed it beside his bag, took out his driver, walked up to the ball, took his stance, looked down the fairway, started his swing and recited this verse during the swing "Keep your bald head down. Look at the ball, you stupid clown" As he said 'clown' he hit the ball. It worked.

Fall must be just around the corner, the near corner we hope. The days are getting cooler and shorter and the nites are getting cooler and longer. The citizens who spend the summer in the north and the rest of the year in Avon Park, are drifting back. Golf will become more comfortable and more interesting from now on. Let's hope it will be a fine winter season. May you hit them straight and your putts drop.

New alibis for old golfers. "The two aspirin that my doctor prescribed didn't help my slice a bit."

Hunting for quarters? If you've just arrived in our fair city and are having some trouble finding a place to park for you and your car, visit the Chamber of Commerce on Main St. Many people having apartments, houses and rooms to rent list them with the Chamber. Bob Barben was elected president of Pinecrest for the coming year by the directors. It is hard to see how they could

have found a better man for the job. Bob will be remembered as Avon Park's recent mayor. He ran City Hall with a firm but fair hand, and is expected he will run Pinecrest the same way. Bob loves Pinecrest and believes in it's future, and his enthusiasm is contagious. Here are some of his thoughts about the job facing him. "You have to crawl before you walk, we found ourselves starting from scratch with a wrecked clubhouse and a neglected golf course. Our members worked like 'dogs' and restored the clubhouse. It's not fancy, but it's adequate, in four months Ross Henderick has put the course in as good shape as I ever knew it to be, and it will be still better. So now we want members. Primarily, members who will buy a share of stock and share in the ownership. We think Pinecrest will increase in value in the future and so will the shares. We also want regular members, winter members, and green fee players. Our dues are only slightly higher than some

courses, and a lot less than courses that compare with Pinecrest. We invite you to come out and look us over, or call the clubhouse (453-7555)."

SFJC Fine Arts Complex Delayed

Minor repairs and alternations have delayed the opening of South Florida Junior College's new Community Auditorium and Fine Arts Complex until mid-October or early November, according to college President William C. Stallard.

College officials had hoped, however, to have the classroom wing of the building ready for use when fall classes began Aug. 21. An air-conditioning unit in that part of the structure isn't working and will have to be repaired or replaced before the fine arts section of the auditorium complex can be used, Stallard said.

SFJC To Offer Tennis

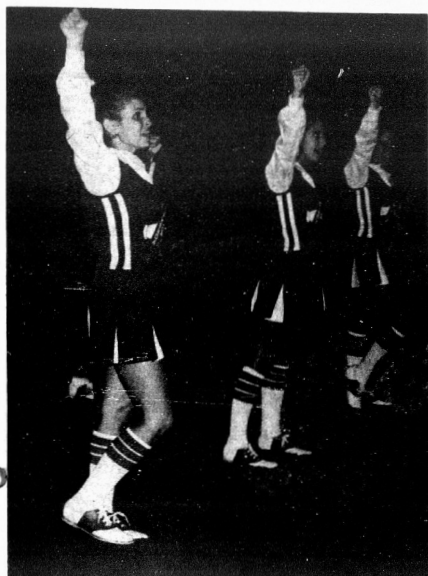

Entries are now being accepted for the South Florida Junior College Tennis Classic to be held during the month of October. There will be nine different brackets to include singles, doubles, and mixed doubles for the beginners and advanced players. All matches will be played at the participants' mutual convenience on any neutral court in the South Florida Junior College district. Scores may be phoned in following each match, and the winners will then go on to the next round of play. The finals for the tournament will be held on the SFJC courts on Saturday, October 28.

The cost for participants in the Classic

will be a \$3.00 donation per event for each person. All participants will be required to provide a new can of tennis balls for the first match. The winner of the match will then inherit the unused can of balls and move on to the next round.

Entry blanks may be obtained in the SFJC student center, from any member of the South Florida Junior College tennis team, from Coach Al Marrow, or by phoning 453-6661.

All donations from the tournament will be used to provide tennis scholarships and equipment for the SFJC tennis team. Trophies will be awarded to all first and second place winners.

Leaders Receive Awards

Three local leaders in agriculture have received the Conservation Farmers Bankers awards for 1978 presented by the First National Bank of Sebring and the Highlands Soil and Water Conservation District.

Jeri Clenney of Avon Park received the Citrus Award, David Harrison received the Farmer Award and Jerry Darroh received the Rancher Award.

Representatives from the two organizations which gave the awards said that agriculture is the backbone of Highlands County economy.

In regard to Clenney, he was praised as operating the type of family farm operation which has been fast losing its identity as a way of life in American agriculture.

Rodney Walker, of the Sebring First National Bank, said, "This citrus grower has been very successful in carrying out a soil and water conservation program on a long term basis which is paying off in high crop yields. They not only act as a team in operating and managing the farm, they successfully constructed, with their own hands, the family home."

"This family teamwork has been truly outstanding in Highlands County for many years."

Harrison, who received the Farmer Award, grew up in Lake Placid where he became involved with the farming industry of vegetables and commercial flowers and later went into the business of growing caladiums.

"This type of land required to grow this crop is unique to say the least and requires special knowledge and experience to attain the high yields necessary to make it profitable with today's farming costs," said Walker.

Walker added that Harrison had developed special techniques, especially in soil and water management that have truly made him outstanding.

In the ranching category, it was noted that ranching is the second largest industry in the county and occupies about 75 percent of the land.

The award recipient had, during the last 11 years, "actively followed a long range soil and water conservation program for his ranch improvement and operation."

WINNERS OF THE Conservation Farmers Bankers awards for 1978 are, from left to right, are Rodney Walker, David Harrison, Jerry Darroh, and Jeri Clenney. The awards were presented by the First National Bank of Sebring and the Highlands Soil and Water Conservation District.

Weight Training Course Sponsored By Rec. Dept.

The Weight Training course for men, sponsored by the Avon Park Recreation Department, will begin the first week of October at the Avon Park Recreation Center. The classes will be held each Tuesday and Thursday evenings for a three week period. At the completion of the introductory course, a card will be

presented to each participant which will entitle them to use the weight and exercise facilities at the Center. This course is a requirement for all those wishing to use the equipment. The fee for the entire course is only \$3 per person.

Howard Godwin, the instructor for this course, will be emphasizing the correct techniques for all types of lifts. Special instruction will be given on the use of the Universal Gym equipment along with the different exercises that can be done using the loose weights and the other equipment in the facility. Godwin will also advise the participants on the different training methods and what exercises would be best to build the different parts of the body.

If you are interested in taking this course contact the Recreation Department at 453-6881.

Remember When You Were A Teenager?

By Baki Brock
Extension Home Economics Agent

Remember when you were a teenager? The risks you took? The confusion you felt? Having a child reach adolescence often reminds parents of their own teenage years. And, naturally, parents become anxious about their own teenagers no matter how much confidence they have in them.

According to Bill Burk, human development specialist with the University of Florida's Institute of Food and Agricultural Sciences (IFAS), parents sometimes feel twinges of jealousy for the freedom, opportunities and choices available to today's teenagers. Watching a teenager turn to friends and activities outside the family can create a sense of loss. Conflicts with the younger generation over values may be upsetting to some parents because their views previously have been accepted without question by their children.

As a parent, you can help ease inner conflicts and smooth parent-teenager relationships by reexamining yourself. Look back to your own adolescence from a mature perspective. This will allow you to be objective in a beneficial way some long

standing inner conflicts which may have developed during your own adolescent years.

The challenge of your teenager's behavior and attitudes may force you to reexamine your own views. Sometimes parents discover they have taught their children values which they do not fully believe themselves. For example, one recent study showed that while only 13 percent of parents firmly believe that "people in authority know best," 69 percent wanted their children to hold this view.

You should be aware that this experience offers tremendous potential for your own personal development. While it is painful to give up a familiar role of earlier years, the teen years can provide an opportunity for you to develop a new self-identity which reflects other emerging skills and interests. The gradual movement of teenagers toward independence frees you emotionally for deeper commitment to others, especially your own marriage partner.

So take advantage of your children's teenage years. Develop a new awareness of your own inner feelings, values and convictions. Both you and your teenager will benefit.

Father Fekete To Speak To Knights Of Columbus

Grand Knight Charles Deegan announced today that Father Eugene A. Fekete, eminent psychologist and counselor from the DeSoto Correctional Institution, Arcadia, will be guest speaker at the Sebring Council's Oct. 24 meeting. This will be an open meeting, in the public is invited to attend. The Sebring Council Hall is located on Highway 27, North, just opposite Sebring Hills. Over 50 Knights of Columbus and their families attended Council meetings at St. James Catholic Church, Lake Placid, 9:30 a.m., Mass, on Sunday, September 24. The occasion commemorated the 10th Anniversary of the

founding of the Diocese of Orlando. Concelebrants were Father Eugene A. Fekete and Father Charles A. Schneider. A pastoral letter from Bishop Thomas Grady was read by Father Schneider, calling for a deeper concern for Catholic principles.

Fourth Degree K of C members, with their color guard were led by Brother Charles Cody. Procession into the church in order. The pioneers, descendants of early St. James parish founders, The Columbianes, Third Degree K's, Fourth Degree K's with their Color Guard. Girl Scouts were Mass Servers for the occasion.

Rev. John Lambert New Pastor Of Lutheran Church

The congregation of Resurrection Lutheran Church, Avon Park, Florida has called the Rev. John D. Lambert to serve as their parish pastor. The call was extended Sunday, Sept. 17, and accepted on the same day. Rev. Lambert is fulfilling pastoral duties on Monday, Sept. 18. He will be installed officially at a later date to be announced.

Pastor Lambert served the second oldest Lutheran congregation in the Western Hemisphere, Frederick

Lutheran Church, Charlotte Amalie, St. Thomas, in the Virgin Islands.

The newly called clergyman is a graduate of Newberry College, Newberry, South Carolina and Lutheran Theological Seminary, Columbia, South Carolina. He is presently residing with his wife, Beckie, and daughters Carol and Hillary 204 E. Main Street, Avon Park while seeking a permanent residence.

Finals to be held next March. Last year more than 250,000 students competed for five \$750 National Scholarships totaling \$3,750. They also shared in over \$25,000 in bonds, scholarships and awards which were distributed on the local, district, and state levels. This year, the first place winner will receive a \$10,000 scholarship. Any sophomore, junior or senior interested in this program should contact Mr. Bruce Wyse, the speech and drama teacher at the high school.

Physician New Head Of National Wildlife

Dr. Fred Scroggins the new president of National Wildlife addressed the annual meeting and governors award banquet held in Orlando last Friday, Saturday and Sunday.

David Batty, local environmentalist representing the Highlands County Environmental Council, said that the doctor's speech hailed the sport hunter and fisherman as important tools for wildlife management. Batty said Dr. Scroggins speech included the current status of the environment citing several improvements along with continuing problems in the areas of dwindling resources and pollution of our air, water and soil.

The annual gathering of scientists and environmentalists is sponsored by the Florida Wildlife Federation for the purpose of lacking Florida's serious environmental problems.

Speakers at the meeting included the Honorable Richard A. Pettigrew, White House Assistant; Ralph Turling on, Florida's Commissioner of Wildlife; Harmon Shultz, Director of Department

of Natural Resources; Colonel James W.R. Adams, U.S. Army Corps of Engineers and Lynn Greenwald, Director of U.S. Fish and Wildlife Service.

Colonel James W.R. Adams, U.S. Army Corps of Engineers stated the Corps would not sit on the planning for a restored Kissimmee River and that the preliminary study could be made in about nine months if and when the appropriation from Congress is approved for the study. Those of you who would like to see these appropriations made for getting restoration plans underway can write your Congressmen and encourage them to help in the matter.

Several of the speakers praised Floridians for taking a stand on environmental issues and working to rectify the mistakes of our past.

Lynn Greenwald, Director of the U.S. Fish and Wildlife Service, referring to diminishing wildlife habitat, stated that, "If losing laws are not used and enforced in the next two decades, saving wildlife will just be academic."

Junior - Senior Assessment

On October 10, the junior class will take the first part of the Statewide Assessment test, the basic skills portion. The Functional Literacy test, now called Part II, will be given to juniors on Thursday, 12. Only 27 seniors passed both portions of the test last year. In addition to the juniors, there are 24 seniors who need to take the math half

of Part II and 24 who need to communicate half of Part II. This does not include drop outs and new students, but is the figure for last year.

For these seniors who need the skills portion of the test, it will be given sometime in October, but no final date has been set.

Adult Christian Fellowship Hold Planning Session

The Adult Christian Fellowship of the Church of the Nazarene met Thursday, Sept. 21, for a planning session. A covered-dish supper was enjoyed by all, after which Earl Spurlock, Chairman pro-tem called the meeting to order. The following officers were then elected for the coming year. Earl Spurlock, Chairman; Secretary Treasurer —

Eleanor Trescott; Social Committee — Maxine Spurlock, Chairman; Program Committee — Mae Rice, Chairman; Crafts and Projects — Stan Rice and Josie Lyons; Co-Chairman: Doris Hall and Frank Orchard; Asst. Chairmen. Many projects were then discussed by the group, as plans were made for the year. Some of these included the float for

the Christmas parade, an Old-Fashioned day, a shopping trip, a picnic at Highlands Hammock, visit to places of interest by the group, and various craft projects for service to the church. The next meeting was set for Tuesday, October 24, when many of our northern friends will be with us.

Evangelist Ellis To Speak At Church

VEP ELLIS is Pastor, Evangelist, Composer, Soloist and Instrumentalist. Former Minister of Music and Soloist with Oral Roberts, Brother Ellis is Composer of "My God Can Do Anything", "Let Me Touch Him," "All

That I Have," and more than 300 other Gospel songs. He is now Pastor of Harvest Temple in Largo, Florida, one of the fastest growing churches in America. Under his ministry, Harvest Temple has recently built a two thousand seat sanctuary and the Pastor's Bible Class alone has over 1400 weekly in Sunday School.

Reverend Ellis will be guest speaker at the Placid Temple Church of God, Monday at 7:30 p.m., Oct. 2. You are invited to plan now to attend this special meeting in which Reverend Ellis will present several musical selections and a Message from the Word of God.

Episcopal Women To Hold Annual Rummage Sale

The Episcopal Church of Women of Avon Park will sponsor a three day Rummage sale, to be held in the Parish House of the Church of the Redeemer, corner of N. Verona and E. Pleasant Streets, Oct. 5 thru 7. The event will begin Thursday, Oct. 5 at noon until 5 p.m.; Friday from 9 a.m. to 5 p.m. and Saturday, 9 a.m. till noon.

Mrs. Sherman Francisco has a large store of good material, and has been sorting and pricing the variety of goods brought in. Some are beautiful dresses in a number of sizes. China, books, and some furniture will be on sale. All materials offered is in good condition and priced at bargain prices. Come early and have the best choice!

Plans are going ahead for the Christmas bonanza to be held on Saturday, Nov. 4. Bring your Christmas list as this is the best place to get started on the Christmas presents. Doors open at 10 a.m. Hope to see you all sometime during the day.

"Even a child is known by his doings, whether his work is pure, and whether it is right." — Proverbs 20:11

Mayor Honored By Florida Capital Age Of Enlightenment

A drizzling rain put a damper on the first awards ceremony held by the Florida Capital of the Age of Enlightenment as only three of the 10 recipients showed up to receive their awards.

The Pines Hotel, renamed by advocates of Transcendental Meditation after they purchased the hotel, was the site of the awards which were given to honor "those who have used more intelligence and more creativity" than other citizens, according to Minister Scott Smith.

In between giving the awards Smith and other ministers of the TM technique said the practice of transcendental meditation would eliminate suffering and usher in a time peace in the world.

TM ministers said scientific studies had proven the effectiveness of the TM technique on improving bodily states and alleviating stress, allowing a individual to use more of his "innate intelligence and creativity."

The awards, which were given partly to celebrate the "Autumn Festival of the Age of Enlightenment," were awarded to several local individuals and one nationally known one; President Jimmy Carter.

The different awards and recipients were:

The Development of Consciousness Award for the outstanding citizen of the community embodying the highest levels of creativity, intelligence and success in all areas of life; presented to Dr. William Stallard.

Natural Law and Order Awards:

FAITH REVEALS THE GOOD THINGS ABOUT OUR YOUTH

Our most unfairly maligned age group is the one consisting of older children and teenagers. Because of the spectacular, headline-making antics of a very small minority, our young people are routinely suspected of everything from noisy, insolent behavior and drug addiction to school vandalism and a willingness to knock an elderly woman to the ground for the few dollars in her handbag. In truth, the vast majority of our youth are friendly, respectful, enthusiastic, law-abiding, hardworking students; intent only on learning to make their way in the world and perhaps improving it in the process. If your training and influence have been reinforced by family attendance at the Church of your choice, then YOUR children undoubtedly belong to this praiseworthy majority.

The church is located just off Hwy. 27 north of Lake Placid on Lake June Road which turns right.

present to the public servant most highly dedicated to preserving the values of justice and law and order in the community to Sid Fortner.

Cultural Integrity, Inevitability and World Harmony Award: to the outstanding individual whose activity strengthens the community through dedication to the public well-being; presented to President Jimmy Carter.

Education and Enlightenment Award: to the outstanding educator or school administrator in the community whose life and teaching reflect the highest values of knowledge and wisdom; to the Highland's County Public School System.

Celebrations and Fulfillment Award: to the outstanding creative artist in the community whose works are a source of joyfulness, celebration and inspiration; Evelyn Jones.

Progress and Prosperity: to the most successful member of the business community who has displayed broad awareness of all values of life, individual, social and environmental; to Ben Hill Griffin.

Inspiration and Information Award: to the person in the communications field whose observations reflect the highest value in the community; Avon Park Sun.

All Possibilities, Research and Development Award: to the scientist whose vision expands the horizon of the community to Keith Debo.

Capitals of the Age of Enlightenment Award: to honor the outstanding public leader in the community; Mayor J. Marshall Davis.

MAYOR J. MARSHALL DAVIS received the Capitals of the Age of Enlightenment Award, honoring him as an outstanding public leader in the community, at the

Autumn Festival of the Age of Enlightenment held Sunday, Sept. 24, at 11 p.m. Snapshot by Bruce Henderson.

Health and Immortality Award: to the citizen who is the most shining example of health, vitality and wisdom and strength in the community; to Dr. Burton C. Ostling.

Only Evelyn Jones, Keith Debo and Mayor J. Marshall Davis were on hand to receive the certificates.

NAACP To Hold Meeting

The Avon Park Branch NAACP will be having a Mass Church Meeting, Sunday, Oct. 1, at 2 p.m., St. Mark Baptist Church.

The purpose of the Mass Meeting is to kick-off our "Fall Membership Drive," also to acquaint the community with the purposes and goals of the NAACP in our community.

The guest speaker for this event will be Mr. T.H. Poole, State Political Action Chairman.

All City and County elected officials have been invited, also other dignitaries from around the County and State. The public is cordially invited.

ON BEHALF OF the Avon Park Rotarians, Mr. Jim Brooks presented a donation of three local Brownie troops. Mrs. Elsie Hall organizer of the Avon Park Girl Scouts proudly accepts for the Brownies.

Rotarians Supports Troops

At the weekly noon meeting of the Avon Park Rotary Club, Mr. Tim Humer, County Agent, presented a program on Agriculture. He stressed the importance of agriculture to America in general, and to Highlands County in particular.

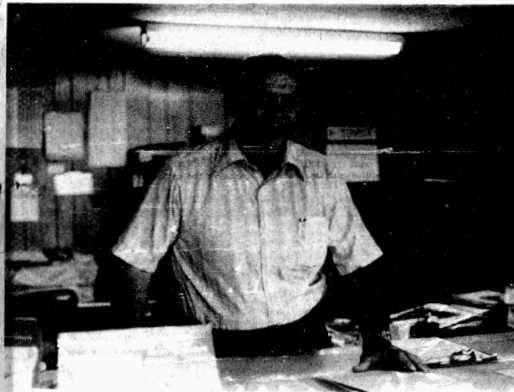

Today's farmer feeds himself and seven others. In the 1700's he fed himself and only three others. In the United States, one out of every five jobs is agriculture related, and there are three million producers of farm products. The cost of food in America is the lowest of the world's major powers. The average American spends 16 percent of his disposable income for food, compared to 26 percent in England and 50 percent in Russia. Although the cost of

food is up 45 percent over the past twenty years, the cost of supplies and services to the farmer is up 70 percent.

In Highlands County there are 573 farms which average 764 acres. The value of agricultural products produced in Highlands County last year was \$35,266,000.

On behalf of the Avon Park Rotarians, Jim Brooks presented a donation to the three local Brownie Troops. Ms. Elsie Hall, organizer of Avon Park Girl Scouts, accepted for the Brownies.

The membership welcomed Ray Wells back, and Jim Brooks solicited assistance in lining up talent for the Club's annual Talent Night next February.

Ed Tomek, New Owner Of Badcock Furniture Store

The Badcock Furniture store located on 100 E. Main St., Avon Park changed ownership on July 20, with the manager Edward J. Tomek being the proud new owner. Tomek came to Avon Park in 1950 as a serviceman stationed at the Avon Park Bombing Range. He got out of the service and married a local girl, Ruth Elder. The Tomeks have four children, Becky, Sylvia, Steve and George, a freshman at Avon Park High School. Tomek stated that the

purchasing of the store he had been associated with for the past 25 years and manager of for the last 15, was not a hasty one. He had considered the idea for quite some time. He also stated that he anticipates no change in merchandise, as they will continue to carry a full line of Badcock Merchandise. Name brands such as Bassett, Broyhill, Maytag, Hotpoint, Westinghouse, Eureka, Bigelow, Coronet, and Armstrong are just a few of the many that can be found at Badcocks. They offer com-

plete home furnishings from the furniture to floor coverings. If there isn't an item you want in the store that Badcocks carries, it can be ordered with a small delay, usually a week. And, free delivery and set up is available for Highlands County residents. Employees working with Tomek are Jeanette Thompson, Kathy Lane and Steve Tomek. The motto of the store is "We bend over backwards to satisfy our customers", said Tomek.

ELECT Robert (Bob) Fitzgerald School Board District 3

This is my son Robby. He entered the public schools of Highlands County this year. I believe that Robby and all of the school children of Highlands County are deserving of meaningful educational programs. That emphasize the learning of basic academic skills. Please help me in this endeavor.

Hillcrest Nursing Home Administrator Attacks State's Support For Elderly

The administrator of Hillcrest Nursing Home in Avon Park asserted his "acquired citizenship rights" to attack the state's failure to provide adequate support for nursing care for the elderly in an address to a senior citizen group.

Jean Marlier, was the guest speaker at the first fall session of Highlands County Chapter, National Association of Retired Federal Employees (NARFE) held in the recreation hall of Francis Mobile Estates, No. 2.

Born and educated in Mons, Belgium, Marlier was advisor to Congolese tribes in the Belgian Congo (now Zaire) from 1955-1960. From 1960-1968 he was stationed in Kinshasa.

Through contacts with American missionaries he was motivated to migrate to the United States, where his experience could be put to good use. A little more than two years ago he came to the administrative post at Hillcrest.

Marlier is a member of the political action committee for the Health Care Association of Florida and a member of the task force for long-term care research.

Marlier opened his remarks by recalling how in earlier times families cared for their aging parents at home. Now the younger generations often live far from their place of origin, or the older generations have taken refuge in areas with mild climates.

Florida is one of these havens and attracts more retired persons every year. Many of these elderly persons need medical or

surgical care in varying degree. To meet this need there are hospitals and registered nursing homes for major medical and nursing care; nothing much at all on a modest scale.

Marlier characterized hospitals as institutions where the patient is a "case" for the doctor, the administrator, and for the nursing staff, whereas the nursing home deals with

the patient as a person, taking into account his life and environment. He used statistics from an Atlanta hospital to make comparison of costs with a nursing home. In that hospital, the cost of feeding a patient was \$13.95 per day, and the cost of nursing care \$18 per day. At Hillcrest, the cost of food, until recently, has been held to \$3 per day.

Skilled care in a nursing home costs the provider \$750 a month — about a dollar an hour. The charge for full care is \$900. This does not include doctor's fees, medication, or personal laundry. The government sets a ceiling for reimbursement of the provider to pay for care of indigent patients at \$680. Licensing of nursing homes is based on inspection of the quality of

services, building safety, diet, etc. Most nursing home organizations are stock corporations. In order to attract capital for expansion of services, there must be reasonable expectation of a satisfactory return on invested money. Who are these investors? "Doctors," replied Marlier.

Hillcrest has 90 beds, all

occupied. Marlier said he could fill 200 beds if he could obtain a certificate of need and if he could raise the necessary capital. Ideally, the nursing home should be a rehabilitation center. Many patients do not need all of the skilled services "provided by a licensed nursing home."

Marlier is proud of his

acquired American citizenship. Two daughters have American husbands, and his son is "chasing an American girl." He said it is in the spirit of good citizenship that he asserts the right to deplore the failure of the state to provide support for care of the elderly in need.

After the Marlier's presentation, the following guests were introduced to the

chapter: Dorothy Morgan, of Lake Placid and Ida Ostrowski, Tillie Munson's daughter. In the business meeting conducted by President Florence Schroeder, details were worked out for lending shop at the NARFE table at the Sebring Lions Club flea market. Wilfred Munson is in charge of the NARFE undertaking.

Bonnie Brae Mobile Home Park News

By Margie Wells
We were sorry to get the news this week that Roy Podewels had a slight stroke and is in the hospital. However, he is doing very well and expects to go home soon. We hope you will feel better soon, Roy, and will be back with us in the very near future!

Emily and Frank Webster arrived home Thursday after a vacation in Nantucket with relatives and friends. They had a very good time and Frank's health stayed good for the trip. They both said they were very glad to be back in Bonnie Brae.

Evie Chockley, Ella Drake, and Ellen Hunt had dinner in Babson Park on Sunday and toured the college there.

A card from Agnes and Charles Davies this week reported that they were having a wonderful time in England. They said they were having beautiful weather, the scenery was just beautiful, and the castles were really something.

They plan to return here in November.

A telephone call was received this week from Ray Jones and he states that he is getting along very well. He has been staying with Dessie's twin sister in Memphis. He has sold his house and plans to be back with us around the middle of October.

Don't forget! We are having our first coffee hour next Wednesday morning, October 4th, at 9 a.m. in the club house. Let's all try to get out for this opening event in our winter schedule.

South Florida Junior College Adult Education Classes Open For Registration

Registration is still open for fall semester adult education classes offered by the Vocational, Technical and Adult Education Division of South Florida Junior College. Classes for high school completion and for persons preparing to take the GED Tests for Florida High School

Diplomas are offered on campus, as well as, Lake Placid High School, Sebring High School and Sebring Middle School. Individuals desiring to complete high school or take the GED Tests for equivalency diplomas should contact Mr. Statter or Miss Carlisle at SFJC or call

453-6661, extension 119.

Also, there are Adult Basic Education classes being offered on campus and at Sebring Middle School on Tuesday and Thursday evenings. These classes are for individuals whose basic skills are not above the eighth grade level and there is no charge for

the classes.

Further information about fall semester VTAE classes may be obtained from SFJC or by calling 453-6661, extension 123, in Avon Park. REAL ESTATE POST LICENSE REGISTRATION CLASSES AT SFJC The Vocational, Technical

and Adult Education Division of South Florida Junior College will sponsor several Post License classes for real estate salespersons and brokers during October, November and December. Classes will be held in October and November on Wednesday evenings and in December on Saturdays. The

Post Registration class is required for all real estate sales people and brokers, active and inactive, for license renewal. The first class is scheduled for October 11, 18, 25, and November 1. The second will meet November 8, 15, 22, and 29. Classes will be held in Room

133, Science Building, on campus from 7 to 10:30. The December class will be held Saturdays, December 9 and 16, in the Police Training Building on campus. These sessions will be held from 9 a.m. to 4 p.m. Individuals may register for the Post License courses at the college during regular office

hours beginning October 3, or they may register at the first class meeting on a space available basis. The cost for each course is \$15, which includes materials.

Individuals with questions about license requirements should contact the Florida Real Estate Commission at (305) 423-6089. Persons desiring further information about the college classes should contact Dean Farrent at SFJC or call 453-6661, extension 123.

SFJC Offers Basic Life Support Class

South Florida Junior College, in cooperation with the Highlands County Emergency Medical Services and the American Heart Association, will offer a Basic Life Support Class in Sebring as part of the Community Instructional Services Program. This class will be held at the Agricultural and Civic Center in Sebring, from 7 until 10 p.m., on October 17, 19, 24, and 26. The fee is \$5. American Heart Association personnel and Emergency Medical Technicians will teach the Basic Life Support Class.

The class will be limited to 15 students and persons interested in enrolling should call Mrs. Adair at South Florida Junior College, 453-6661, extension 115, or the Emergency Medical Service in Sebring, 355-3484, as soon as possible.

Anyone desiring further information or any group, such as a Church or business, interested in having a Basic Life Support Class taught at a special location should contact Mrs. Adair at the College.

Ruth E. Robinson Florence Beck is confined to Walker Memorial Hospital with a broken hip, which was treated with surgery on Sunday morning. Florence's brother, Mr. Raymond Beck from Long Beach, California is here to cheer her and help when he can. We welcome back Mrs. Gladys Gehl from Betty Coy, daughter of Mr. and Mrs. Hugh Coy from Canton, Ohio, we wish Betty a pleasant vacation here.

Mrs. Harold Patten appreciated her daughter Mary Lynn Maslach staying with her this week, and the present of a beautiful green Parakeet bird. Mary's goal now is to teach "English" how to speak as well as previous parakeets that she trained. Mary Lynn left here Sunday evening for the Tampa airport. She arrived in Columbus, Ohio to pick up her car, then will drive into Timberlake, Ohio near Cleveland.

Meeting with dear friends at the Black Forest Buffet on Sunday noon was great for Lawrence and Ruth Robinson. Mr. and Mrs. Raymond Reese from Aurora, Ohio are with Mr. and Mrs. Julius Converse at Fedhaven for the week to look over this area.

Airman Godwin Now Serving In Germany

Now serving at Heidelberg, Germany, with a Military Airift Command unit is Air Force Airman First Class James F. Godwin II, son of Mr. and Mrs. James F. Godwin of Hilliard, Fla.

Airman Godwin, a weather specialist, was previously assigned at Avon Park Glinery Range.

The airman, a 1976 graduate of Hilliard High School, attended South Florida Junior College at Avon Park. His wife, Judith, is the daughter of Mr. and Mrs. Robert Allmon of 129 N. Butler Ave., Avon Park.

Greenland which is 840,000 sq. miles is the world's largest island!

MILE HIGH CHEESEBURGERS
 Our special sauce makes them so good you may never want to eat out again!
 (Serves 5)

Double Deckers 1 1/2 cup tartar sauce
 Crisco Shortening 2 tablespoons Thousand Island dressing
 1 pound of ground beef 1/4 to 1/2 cup finely diced onion
 5 sesame seed hamburger buns 2 tablespoons sweet pickle relish
 5 slices American cheese
 10 thin slices of sweet pickles
 10 tablespoons shredded lettuce
Special Sauce:
 1/2 cup tartar sauce
 2 tablespoons Thousand Island dressing
 1/4 to 1/2 cup finely diced onion
 2 tablespoons sweet pickle relish
 Directions for sauce preparation:
 Stir ingredients in jar or dish and refrigerate until needed.

Roll out ground beef between two pieces of waxed paper or plastic wrap. Roll from center outward into a circle about 9 inches wide, about 1/4 inch thick. Cut out 10 patties into 2 1/2 to 3 inch circles with a dinner cutter or water glass. Distribute remaining ground beef among patties. Put middle patty flat until it is 4 to 5 inches in diameter, about 1/4 inch thick. Grease skillet or griddle with Crisco Shortening. Fry patties at low heat for 1 to 2 minutes on each side. Be careful not to burn. Drain on paper towel.
 Cut hamburger buns into 3 sections. If pre-cut, cut top half to provide middle bun portion. Toast each section lightly.
 On bottom bun, put 1 tablespoon shredded lettuce, 1/2 slice of cheese, 1/2 slice of tomato, 1/2 slice of onion, 1/2 slice of pickle, 1/2 slice of relish, 1/2 slice of cheese, and first burger patty. Top with middle section of bun, second tablespoon of shredded lettuce, second slice of tomato, second slice of onion, second slice of pickle, second slice of relish, second slice of cheese, and second burger patty.
