

SOCIAL and Personal News

Moonbeam Party At McKalip's Home.

Mrs. H. W. McKalip entertained her summer bridge club at her home, 402 No. 14 Lake avenue, on Thursday night of last week. Those present were: Mrs. G. P. Thayer, Mrs. C. H. Pardee, Mrs. S. C. Pardee, Mrs. M. A. Smith, Mrs. Paul Rumpsa, Mrs. M. E. Covington, Mrs. W. H. Yates, Mrs. Ferd de Anguera, Mrs. L. W. Swearingen, Miss Elizabeth Ewing, Mrs. deAnguera, Sr., and Mrs. C. D. Wharton, of Philadelphia, her house guest.

After playing five hands of bridge the guests were invited to the piazza to look at the moon. A representation of the moon at the quarter was suspended from the ceiling and was filled with surprise packages, one for each guest. To each package was attached a different colored ribbon leading to different parts of the rooms. Those represented moonbeams.

Each guest selected a ribbon and followed it to the moon and received her package. Much merriment ensued after guests had retired to the dining room and opened their packages. Following inspection of the packages a light refreshment was served.

After adding the scores it was found that Mrs. Ferd deAnguera had won high prize, and she received a lovely hand-embroidered apron. A round-ribbon letter was written to Mrs. John D. Raab, who had gone to Grand Rapids, Mich. Mr. and Mrs. McKalip are leaving about May 15 for their summer home in Wilkensburg, Pa., and expect to return in the fall.

Missionary Speaks at Girls Auxiliary.

The Intermediate G. A. of the First Baptist church held their monthly meeting Wednesday at the church. After singing the G. A. song, Miss Mabel Lee, a returned missionary on furlough from China, gave some interesting stories about her work in China. She told of her escape during the recent revolution and of her love for the Chinese people.

After the program was concluded a business meeting was held. The next monthly meeting will be held at the home of Louise Helms.

The monthly social of the Girl's Auxiliary was held at the Scout Dock on Lake Lotela Saturday afternoon. Swimming and games were enjoyed and entered into with much spirit. After the sports came the picnic spread in which "good digestion waits on appetite." Those at the picnic were: Reba West, Mildred Lee, Lucile Langford, Louise Helms, Evelyn Clements, Lucile Saggus, Hazel Mercer, Frances Lane, Marie McFarland, Cornelius Reynolds, Genevieve McClelland, Mrs. J. M. Lee, Mrs. C. W. Pabor, Master Jemmie Lee and Master Earl Pabor.

Jacaranda Palm Room Scene of Social Event.

A pleasant party was given last Monday evening in the Jacaranda Palm Room to a number of friends by Misses Millie Pearson and Wilma Lear, Avon Park high school instructors.

Vases containing flame vine and purple and white petunias, formed the decoration. After five progressions of bridge prizes were awarded as follows: High prize to Mrs. C. R. Ginn, Jr., consolation prize to Miss Letha Crews. Mrs. Raymond Dilley was lucky in the cut prize.

Among those present were: Mesdames E. F. Carmichael, Raymond Dilley, Press Masset, L. E. Hagood, C. R. Ginn, Jr., W. W. McFarland, W. J. Heim, D. G. Skipper, and Misses Eura Lee Durranse, Hettie Hundertmark, Clausselle Whaley, Verta Bradley, Letha Crews, Wilda Marsh, Pearl McWhorter, Mattie and Kate Tompkins, Mable Seybert, Margaret Pardee, and the hostesses, Misses Millie Pearson and Wilma Lear.

Refreshments were small cakes and blackberry sundae with whipped cream.

Wednesday Bridge Club Meets at Pine Crest.

The loggia of Pine Crest Lakes Country Club was the scene of a delightful special party of the Wednesday Bridge club, the affair being held last Friday evening. The hostesses were Mrs. Ferd de Anguera and Mrs. H. E. Godwin. Several progressions of bridge were played. The husbands of the club members were guests. Prizes were won as follows: High prize, Mr. and Mrs. P. L. Rumpsa, second, Mr. and Mrs. Earl W. Hartt, consolation, Mr. and Mrs. T. A. McNicholas.

Besides these were present: Mr. and Mrs. E. P. Loomis, Mr. and Mrs. H. F. R. Reck, Mr. and Mrs. C. E. Skipper, Mrs. M. E. Covington, Mrs. Philip deAnguera, and the hostesses Mrs. H. E. Godwin and Mrs. Ferd deAnguera. Refreshments were served.

Carolians Guests of Ables On Lotela.

Louis S. Peoples, wife and son, of Asheville, N. C., and J. J. Able, wife and son, of Leesburg, S. C., are spending some time with the family of Dr. A. H. Able at their home on Lake Lotela. Mrs. Peoples is the daughter of Dr. and Mrs. Able, and J. J. Able is a cousin. Both gentlemen enjoyed the hospitality of the Avon Club at its fish fry last Monday night, and though coming from the states whose respective governors are said to be noted for having made a certain well-remembered historical remark, neither gentleman suggested to Commodore Perry the inquiry as to what he would have for drink. Coffee and the water of Lake Lotela were the only fluids in evidence, hence the remarks of the famous governors would have been superfluous.

Reception By Stars To Grand Matron.

Leigh Chapter, Order of the Eastern Star held last night a reception to Mrs. Mamie Lander, recently elected worthy grand matron of the Grand Chapter of the Order of the Eastern Star. The reception was held at the Jacaranda hotel. Mrs. Herbert Reck has been honored by the worthy grand matron by appointment to office in the grand chapter.

Elaborate preparations were made for the entertainment of Mrs. Lander, the particulars of which were received too late for publication in this issue of The Times.

Wednesday Club Not Woman's Club.

The party held at Pine Crest Lakes last Friday evening and reported last week in The Times as a picnic supper and bridge party of the Woman's Club, should have been credited to the Wednesday Club, a very different matter. While it is quite possible that all Wednesday Club members belong to the Woman's Club, the party mentioned was not a function of the Woman's Club.

B. & P. W. C. Social.

The Business and Professional Women's Club will hold a social at the Jacaranda this Friday night at 8 o'clock. The social will be held in the Palm Room. Mrs. Katherine Bristol and Mrs. C. A. Clark will be hostesses. Admission 25 cents, covering cards and refreshments.

Mrs. A. W. Hammond, of Washington, D. C., who has been spending several weeks with her sisters, Misses Kate and Mattie Tompkins at Highland Lakes, returned to her home by rail last Sunday.

C. Parke Anderson and wife spent the week-end at Bradenton as guests of Joe Lander and wife.

E. F. Carmichael and wife and W. D. Dorniney and wife motored to Lakeland Sunday.

J. J. Justice, of the Florida Electric Refrigeration company, St. Petersburg, handling the General Electric refrigerator, was in the city Wednesday in the interest of the sales department of his company.

H. W. McKalip and wife, who have occupied their winter residence here the entire season, will return to their summer home in Wilkensburg, Pa., about May 15.

Theo. Mix, winter resident, will shortly motor to New Jersey, where he will spend the summer at his home in Bloomfield, in the northern part of the state.

Mrs. C. D. Wharton, Mrs. L. W. Dorman and children, Mrs. H. W. McKalip and George Spaulding motored to St. Petersburg last Sunday.

Lawrence N. Smith and wife, who have been spending some time in Jacksonville, have returned to their home in Avon Park.

J. M. Luxton and family will spend the summer at Dart, Herkimer county, N. Y., leaving for that place in a few days.

James W. Geary and Joseph Rawsthorne, of Sebring, were in Avon Park on business last Wednesday.

Horace Garner and wife of Winter Haven were guests of Mrs. Garner's father, T. J. McGinnis, last Sunday.

Mrs. E. M. Durden, of Lakeland, was the guest of Mrs. R. C. Epperson last Monday and Tuesday.

Mrs. A. R. Pringle, of the Mid-State hotel, is occupying her home at Highland Lakes for the summer.

City Hall Reports Collections Better

Miss Louise Browne, city clerk, states that tax receipts for the week have been fairly good. Some local folks are helping the cause along, while quite a number of winter residents "settled up" here before "settling down" in their summer homes further north. Some other taxpayers residing elsewhere have sent in their taxes.

Building permits for the month totaled only \$1275, these being for additions and improvements.

City Engineer's Maps Nearing Completion

City Engineer E. P. Lacey has nearly completed his work in preparing up to date section maps of the city. This work had really been completed, but during the time he was employed on the work, some changes had been made by returning "lots" to "acreage," and that part of the work must be done over again.

When completed, these maps will be of great service to the city for its assessment board, to fire insurance concerns and to real estate dealers.

Penny-in-Slot Radio Now.

Radios in a London hotel may be used through a new penny-in-slot device. A receiving set and a meter is placed in each room. By dropping a coin in the meter the guest may listen in for five minutes. Quality of reception is controlled in the hotel office.

Very Pleasant, Says U. S. Observer Lance

Mark W. Lance, U. S. Observer, tenders the following weather record for the month of April, which shows folks on the outside what they have missed by not living in Florida:

Mean maximum temperature, 87.16.
Mean minimum temperature, 61.90.
Mean 74.53.
Maximum 93 on 29th.
Minimum 51 on 17th.
Precipitation 2.78.

Chinese Flapper a la Paris. Paris fashions in women's clothes are all the rage in Pekin, China, this season, and the Chinese flapper contends that individuality of dress is a sign of progress. Native dress has given way to silks, close-fitting hats and light stockings. But the ideas of her ancestors have made her feet unsuited to the modern high-heeled shoe.

Whales Stranded On Coast. Washed into shallow water by a severe storm off the coast of South Africa recently, a large school of whales were stranded on the shore and died before they could swim back from the shoals. Carcasses were strewn along the sand for a long distance, and emergency workers were recruited to remove them.

One thousand competitors filled four halls at Swindon, England, in a recent musical festival.

Unquenchable optimism seems to be one of God's gifts to fools.

Your Letter on His Desk

Is your personal representative. You want it to get the respect and attention that you would receive.

If you were calling yourself you would not wear the same suit you wear when you are tinkering with your car or mending the garden fence.

You would "dress up," therefore why not dress up your letter. Remember your stationery is the dress suit of your correspondence.

If you let us print your stationery you will be proud to send it calling on your most critical acquaintance or client.

The Avon Park Times

No. 5 South Forrest Avenue

Avon Park Boy To Reform School

Verne Hodge, a young boy of Avon Park, who was up before County Judge M. C. Whitehurst last week, was taken to the reform school at Marianna Saturday by Deputy Sheriff Walter Ivings, having been sentenced to that institution for four years for dependency and delinquency.

Since being sentenced, the boy has been in the custody of Probation Officer Sam Dimberline who bought new clothes for him to wear to travel in. If he behaves himself he can get out in one year, Mr. Dimberline says.

A Correction

Last week The Times contained a news item regarding the establishment of a new bank, which contained some unintentional misstatement of facts. One of these was that a charter had been granted, when, as the matter of fact, the charter had been applied for.

The other misstatements were contained in a brief business biography of J. A. Caldwell. The information regarding Mr. Caldwell was received by us late Thursday night, too late for verification, Mr. Caldwell's home being in Lake Wales. The Times regrets this part of the biography referred to, and also regrets the embarrassment caused Mr. Caldwell, a man whom we are proud to know as a friend. It is now, and always will be, a pleasure to correct any misstatement found in our columns.

A letter from Mr. Caldwell follows:

April 27th, 1929.

Editor, Avon Park Times.

Dear Sir: In your story of the new bank under process of organization, you credit me with past performances that are highly exaggerated, and which I wish you would correct.

In the first place, I was never a Commissioner of the Panama Canal—the nearest approach to such a position, was a friendly visit to one of my life-long friends at Culebra, Jackson Smith, now deceased.

I was never receiver of the "Wauchula Development Co." and therefore, could not have paid the creditors ninety-eight cents (98c) on the dollar.

I was, however, receiver and trustee in bankruptcy for the Wauchula Manufacturing and Timber company for about four (4) years and sold that property on February 10th, 1917. The unsecured creditors of that corporation received only a small dividend, as it required all I could earn from the operation of the plant, to pay the litigation fees.

In view of the fifty-seven (57) varieties of troubles, we are having at the moment, I hope the newspapers of this town will confine themselves to absolute facts, insofar as I am concerned.

I am mailing Gilbert Freeman a copy of this letter with the request that he publish same.

What I am endeavoring to do is to help, in my own way, to restore confidence. Unless the community settles down to a sane basis, property values here will seek a lower level.

Yours very truly,
J. A. CALDWELL.

SUNDAY SCHOOL LESSON

FOR MAY 5, 1929.

SUBJECT: What Hilkiah found in the Temple.

GOLDEN TEXT: "Thy word is a lamp unto my feet, and a light unto my path." Psal. 119:105.

LESSON TEXT: 2 Chron. 34:14-16; 29-33.

CENTRAL THOUGHT OF LESSON: Effect of the Bible in National Life.

In those days there were few copies of the Bible, and only a few of the people had the privilege of reading it.

After the death of the good king Hezekiah of whom we studied a few weeks ago, his son and grandson, Manasseh and Amon, reigned over Judah for 55 and 2 years respectively. They were both bad kings. They destroyed the worship of Jehovah and set up idols and idol worship throughout the land. The temple of Solomon was neglected throughout the land. The temple of Solomon was neglected, robbed of its treasures and closed to worship. There was no public worship of God. At the death of Amon his eight year old son, Josiah, became king of Judah, and reigned thirty years. In 2 Chron. 34, we are told, "He did that which was right in the sight of the Lord." * * * and declined neither to the right hand, nor to the left. * * * In the eighth year of his reign * * * he began to seek after the God of David * * * and in the twelfth year began to purge Judah and Jerusalem from the high places * * * carved images, and the molten images. * * * And cleansed Judah and Jerusalem * * * and the Cities of Manasseh and Ephraim and Simeon, even unto Naphtali * * * and * * * returned to Jerusalem."

It seems that while on this campaign of destroying the heathen idols and breaking up idol worship, Josiah collected large amounts of gold, silver, etc., to repair the temple at Jerusalem. On his return all this money and material were turned over to Hilkiah the high priest. He and other officials were directed to repair the temple.

The work was done, and our today's lesson begins, "And * * * Hilkiah the priest found a book of the law of the Lord given by Moses," and delivered it to Shaphan the scribe, who was secretary to the King. "And Shaphan carried the book to the King * * * and Shaphan read it before the King."

Then the King selected messengers, "saying, go enquire of the Lord for me, and for them that are left in Israel and in Judah, concerning the words of the book that is found: for great is the wrath of the Lord * * * because our fathers have not kept the word of the Lord." These messengers "Went to Hulda the prophetess * * * and she answered * * * Thus saith the Lord, behold I will bring evil upon this place, and upon the inhabitants thereof, even all the curses that are written in the book * * * because they have forsaken me."

It is thought this "book of the law" that Hilkiah found in the temple was a part or all of the book of Deuteronomy; others think it was all the five books written by Moses. If you will read the 28th Chapter of Deuteronomy, you will see the promises and the threats which were read to the King out of this book that Hilkiah found.

Why did the King's messengers go to a woman to learn of the meaning of the "book of the law" instead of to one of the prophets of that time? Several such instances are mentioned in the Scriptures. If you will read Exodus 15:20; Judges 4:4; 2 Kings 22:14 and Luke 2:36 and Acts 21:8-9, you will find other statements as to prophetesses.

But Hulda also sent word to Josiah the King, "Thus saith the Lord God of Israel * * * Because thine heart was tender and thou didst humble thyself before God * * * I have heard thee * * * I will gather thee to thy fathers and thou shalt be gathered to thy grave in peace." Then the King gathered the people, great and small, "And went up into the house of the Lord * * * and made a covenant before the Lord * * * And he caused all to stand to it. * * * And all his days they departed not from following the Lord."

Josiah made a covenant with the Lord and caused the people "to

GIRLS BEING FITTED FOR HEALTH CONTEST

Will Compete For Honor Of
Being the Healthiest
In State

For many years farm animals have been fitted for exhibition, but it is only in recent years that it has been thought worthwhile to exhibit boys and girls.

Times are changing, however, and when the short course is held in June at the State College for Women, at Tallahassee, club girls from all over the state will compete for the honor of being declared the healthiest girl in Florida.

The girls will be selected from each county by county contests and they are now being prepared to look their best. Home demonstration agents have charge of the work in the counties and Miss Mary Stennis, food and nutrition specialist, has charge of the state program.

Suggestions for fitting the county health champions for the state contest have been sent out by Miss Stennis. Points emphasized are correct diet, exercise and rest, and proper posture. Defects such as bad teeth or tonsils are being corrected.

Bright color in the cheeks and lips should be brought out by rouge and lipstick, says Miss Stennis, but by eating food rich in iron. Good complexion naturally follows good digestion and elimination. Girls who are not proper weight are being brought nearer to normal by regulation of the diet, exercise and rest.

Posture will be an important factor in determining the winner, and for that reason the girls are being instructed in this detail. Correct exercises plus diligence work wonders with many of the girls, it is stated by Miss Stennis.

Several farmers of Union county have entered the five-acre corn contest and this has stimulated quite a bit of interest in growing corn, reports L. T. Dyer, county agent.

stand to it." But the individual citizens were neither well instructed as to God's word nor changed in spiritual nature. When Josiah died and wicked kings reigned the "people" fell back into the old idolatry. Each individual must be informed as to God and he regenerated within himself. Each, for himself, must find the Scriptures and the Lord. Have you found THE BOOK as did Hilkiah?

BANDITS ROB TRUCK DRIVER AND ESCAPE

Held Up Near Lake Wales and Relieved Of Cash

While the colored truck driver carrying the cash receipts of the Associated 5 and 10c Store of Avon Park to headquarters at Winter Haven was en route he was held up near and to the south of Lake Wales and relieved of the cash.

This happened Monday afternoon about 1:45. The driver of the truck had stopped to fix his horn when he was accosted by one of three men who had been following him in a Chrysler bearing an Illinois license. This man asked the truck-driver for a match and when the latter reached for the match a revolver was pointed at him and he was requested to hand over the funds, which was promptly done. The truck driver reported that the fire-arm pointed at him was "the largest he had ever seen in his life." So far there seems to be no clue to the bandits.

Sousa and His Band To Broadcast For Chevrolet Cars

John Philip Sousa and his world famous band will be heard over the radio for the first time on Monday evening, May 6th, in an hour broadcast, sponsored by Chevrolet Motor company to signalize the placing on the road over a half million new six cylinder cars in four months time.

The radio debut of the famous "March King" will come through the National Broadcasting company coast to coast chain during the regular General Motors "Family Hour," starting at 8:30 p. m.

According to Avon Motors company, local Chevrolet dealer, Chevrolet was particularly fortunate in seeking an attraction to emphasize its latest record to secure the first radio performance of this famous director-composer who has been an American institution for the past two decades.

"Naturally, we Chevrolet dealers are proud that our company has been instrumental in introducing Sousa and his band to the microphone," Mr. H. E. Keller, said. "We are equally proud, however, of the occasion marked by Sousa's first broadcast. By putting on the road over 500,000 new Chevrolet sixes since January 1, we have established a record never before duplicated by any dealer organization distributing six cylinder automobiles. In fact, no other dealer organization in the history of six cylinder manufacture has ever equalled this record in the course of a full year."

Worth Repeating.

You know the model of your car. You know just what its powers are. You treat it with a deal of care. Nor tax it more than it will bear. But as to Self—that's different; Your mechanism may be bent, Your carburetor gone to grass, Your engine just a rusty mass. Your wheels may wobble and your cogs

Be handed over to the dogs. And you skip and skid and slide Without a thought of things inside. What fools, indeed, we mortals are, To lavish care upon a car, With ne'er a bit of time to see About our own machinery.

—John Kendrick Bangs.

Tinted Glass Aids Plants.

Seeds grow better under greenish-yellow glass than when under plain panes. So declare workers in a greenhouse in Germany that have been experimenting with the tinted glass. Seeds planted under the tinted glass were five times as productive as those under the plain glass, and also remained green longer.

Grave 3,000 Years Old Found. Believed to be more than 3,000 years old, a early Bronze Age grave was found recently on a farm near Edinburgh, Scotland. It contained a small food urn in which, archaeologists say, a child had been buried, the sandy soil having eaten away the entire body.

SERMON FROM AN AVON PARK PULPIT

By T. O. BALDWIN
Minister of First Baptist Church.

SUBJECT: "VITALIZING THE BODY."

CONTEXT EZEKIEL 37:1-14. TEXT PS. 51:10b. "RENEW A RIGHT SPIRIT WITHIN ME."

Introduction.

This is a restless age, a period of unrest seems to be everywhere and in every organization. No one seems to know the exact cause. We are like a lost man trying to find his way out of the woods and he has no roads to guide him, or like a drowning man catching all straws that float by him. Cities, states, churches, schools, lodges, etc., everywhere are affected by this condition. My desire is to discuss this condition of mind and soul as it affects our religion and particularly our churches.

We have two types of Christians in all our denominations. One is the extreme radical and the other the extreme conservative. The radical thinks you always need a change and would very often destroy what is already built rather than remodel and remake what is in existence. Sometimes ready to destroy without offering any solution for life. They may be likened to a foolish boy who plants a bush and uproots it each day to see if it is growing and replant it to see if it will grow better. They pick up all the notes and magnify them. All flies to them are the "Mediterranean Flies." I do not mean to say that constructive criticism is not invited and profitable. When offered in the right spirit with a solution it strengthens the cause.

Now there is an extreme conservative element that would never change. They believe a change would always ruin things. They are not modern enough to take on new life or scarcely maintain the life they have. In this growing age churches have to change in methods not principle, to keep abreast with the moving tide of humanity. There is a happy medium between these two extremes. No change should ever be made in our organizations without a good reason. If changes in personnel or organization will improve conditions we should always invite it. Sometimes pruning a tree will improve its health and fruitfulness. We should welcome the surgeon who has mercy in his heart to save rather than destroy. We will all do well to remember that there is no life in an organization. Just a medium of expression.

The solution to our problem is symbolized or portrayed in Ezekiel's vision of the valley of dry bones. Read it. The spirit of the Lord led this prophet to the valley filled with dry bones and death. The Lord asked him if these bones could live again. He said: "Lord Thou Knowest." The Lord then told him to preach unto them life. As he preached the bones came together, flesh and skin covered them and they had breathed into them life. They stood upright like a mighty army. Hope was restored, despair fled away and they took their place and were no longer cut off. This was a vision of Israel corresponding to the church of today. The church of today is not so dead as Israel but all will perhaps admit that its supreme need is more spiritual life, renewed life, a vitalized soul. The church today vitalized by the spirit of the Lord will serve with great joy and will bear a testimony of life. This comes with individual contact with life as revealed in Christ. Even as the little white corpuscles of the blood clean the cells of the body from all disease germs and as the red corpuscles bathe the cells with oxygen and nourishment even so must our individual souls be cleansed from sin by the blood of Christ and our lives continually nourished and sustained by his spirit. Each day we need the renewal of the right spirit within us. The right spirit is the Christ spirit. The individuals thus filled and joined together will make the church of today a vital and effective force. The holy spirit will give divine wisdom, guidance and eternal life during these restless days. If the church will put on the whole armor of God using the sword of the spirit and praying always it will be the invincible foe of sin and death. Restlessness will be

turned into peace, despair into hope and criticism and death into service and eternal life.

SERVICES AT THE CHURCHES

BAPTIST CHURCH

Rev. T. O. Baldwin, Minister.
Morning:
Sunday school at 9:45, Supt. J. H. McClelland. Pianist, Mrs. Tim Collins.
Men's Bible Class at same hour.

A Remarkable Washing Preparation

BEAUTY GRAINS

created by

Helena Rubinstein

This gently penetrative creation reaches down beneath the skin's surface, dissolving dirt and impurities, blackheads, whiteheads and all pore-clogging matter. Use Beauty Grains instead of soap whenever the skin shows black-heads or roughness.

1.00

Helena Rubinstein's Li- quidine effectually removes "shine" from oily skins. A remarkable preparation, cleanser and powder base in one.
